CITY OF ROSEVILLE CALIFORNIA

AGENDA

December 15, 2021

CITY COUNCIL
HOUSING SUCCESSOR
6:00 p.m.
Council Chambers
311 Vernon Street
Roseville, California

The meeting may be viewed on Comcast channel 14, Consolidated Communications channel 73, and AT&T U-Verse. City Council meetings are also video streamed live on the City's website at roseville.ca.us/watch and roseville.ca.us/agenda, and the City's YouTube channel at youtube.com/CityofRosevilleCa.

If you need a disability-related modification or accommodation to participate in this meeting, please contact Voice: 916-774-5200, TDD: 916-774-5220. Requests must be made as early as possible.

THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

Public Comment - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

Consent Calendar - If applicable, the Consent Calendar consists of routine items that may be approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

Agenda Items - Speakers have five minutes to address items that are listed on the agenda.

Americans with Disabilities Act - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

Audio/Visual Presentations - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Security procedures are in place to attend Roseville City Council meetings. All attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be

allowed entry. Prohibited items include, but are not limited to: firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/ any weapons and/or dangerous devices of any kind, illegal drugs and alcohol.

Bids / Purchases / Services

7.2. Advanced Life Support and Basic Life Support Medical Supplies - Purchase Order

Memo from Fire Chief Rick Bartee and Assistant Fire Chief Brian Diemer recommending that City Council adopt RESOLUTION NO. 21-4 7 5 APPROVING A PURCHASE ORDER FOR ADVANCED LIFE SUPPORT AND BASIC LIFE SUPPORT MEDICAL SUPPLIES, AND ADVANCED LIFE SUPPORT DRUGS. Staff requests approval of a purchase order to obtain both advanced life support (ALS) and basic life support medical supplies, as well as ALS drugs. These purchases would be made on an as-needed basis by the Fire Department through Life Assist, Inc., utilizing the League of Oregon Cities contract through National Purchasing Partners, Inc. Staff also requests that Council authorize the City Manager to sign the associated Participating Agency Endorsement Authorization. This is a competitively bid contract with an initial three-year contract period. The total estimated cost for Fire Department supplies will be $300,000 for the remaining initial term from December 1, 2021 thru May 28, 2023 of the contract. Funding is included in the Fire Department's FY2021-22 budget in the General Fund, and will be recommended in future fiscal year budgets.

7.3. Fire Safety Equipment and Supplies - Purchase Order

Memo from Fire Chief Rick Bartee and Assistant Chief Brian Diemer recommending the City Council adopt RESOLUTION NO. 21-479 APPROVING A PURCHASE ORDER FOR FIRE SAFETY EQUIPMENT AND SUPPLIES. Staff requests approval of a purchase order for fire safety equipment and supplies, for purchases made on an as-needed basis by the Fire Department through R. S. Hughes Co., Inc., utilizing the League of Oregon Cities contract through National Purchasing Partners (NPPGov) contract number PS21075. Staff also recommends that Council authorize the City Manager to sign the associated Participating Agency Endorsement Authorization. This is a competitively bid contract with an initial three-year contract period and three optional one-year renewals. The total estimated cost for Fire Department supplies will be $400,000 for the remaining initial term of the cooperative agreement (December 15, 2021 to February 22, 2024). Funding is included in the Fire Department's FY2021-22 budget in the General Fund, and will also be recommended in future fiscal year budgets. The estimated total for the remaining three one-year renewal terms is $200,000 for February 23, 2024 to February 22, 2025; $200,000 for February 23, 2025 to February 22, 2026; and $200,000 for February 23, 2026 to February 22, 2027. The contract will be encumbered annually, upon verification of the approval of the renewal of the piggyback contract, pending Council approval of the budget for each fiscal year.

7.4. Print Management Solution - Service Agreement Amendment

Memo from Information Technology Client Services Supervisor Traci Bringgold and Chief Information Officer Hong Sae recommending the City Council adopt RESOLUTION NO. 21-491 APPROVING SERVICE AGREEMENT AMENDMENT NO. 1, BY AND BETWEEN THE CITY OF ROSEVILLE AND J.J.R. ENTERPRISES, INC. DBA CALTRONICS BUSINESS SYSTEMS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests approval of a service agreement amendment for the Multi-Function Printer (MFP) service contract. The estimated cost increase for the service agreement amendment is to cover property taxes on the leased MFPs, additional MFPs added to the fleet, and higher end MFPs purchased as replacements. The remaining two years of the five-year contract is $350,000. Funding is provided by the approved operating budgets for all City departments in the General Fund and Enterprise Funds.

7.5. Vehicles – Purchase Order and Reject All Bids (RFQ 10-3311)

Memo from Fleet Manager Brian Craighead and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-481 REJECTING ALL BIDS FOR THE PURCHASE OF FORD F150 TRUCKS (RFQ 10-3311). The low bids received were non-responsive and did not include the required addendum. There is no fiscal impact related to this item since there is no contract award. Additionally, as a separate item, staff requests approval of a purchase order to Golden State Fire Apparatus, Inc. for one Skeeter type 5 brush truck utilizing HGAC contract# FS12-19 in the amount of $264,529 and authorization for the City Manager or his designee to approve change order requests in an amount not to exceed 4% of the contract price or the remaining portion of the approved budget. Funding for this vehicle is included in the FY2021-22 Fleet Replacement budget.

7.6. Vehicle Purchase, Budget Adjustment, and Out-of-State Travel Request

Memo from Fleet Manager Brian Craighead and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-503 APPROVING A SUBAWARD AGREEMENT, BY AND BETWEEN THE CITY OF SACRAMENTO AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6437 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests authorization for the City Manager, or his designee, to execute the City of Sacramento Sub-Award Agreement and any addenda or documents necessary to fulfill its purpose, and accept the Fiscal Year (FY) 2020 Homeland

Security Grant Program - Urban Area Security Initiative sub-award in the amount of $245,000. Staff also requests a purchase order to LDV, Inc. for one Mobile Command Vehicle utilizing Huston-Galveston Area Council contract #AM10-20 in the amount of $493,187. Staff also requests approval of a budget adjustment amending the FY2021-22 Grant Fund budget by $245,000 for the purpose of securing the Sacramento Urban Areas Security Initiative grant funding to cover costs associated with the purchase of the Mobile Command Vehicle, and transfer $273,610 from the Fleet Replacement budget to the Fleet Replacement Project budget for a combined total budget of $518,610. Staff also requests City Council approval for out-of-state travel for three staff members, two from the Police Department and one from Fleet Services, to attend a final factory inspection for the Mobile Command Vehicle, built by LDV in Burlington, Wisconsin. The estimated schedule for the final inspection is December 2022. Costs related to travel, including airfare and lodging, are covered by LDV as part of the purchase price.

Resolutions

7.7. HOUSING SUCCESSOR/CITY COUNCIL - Fiscal Year 2020-21 Annual Report of the Low and Moderate Income Housing Asset Fund

Memo from Housing Manager Trisha Isom and Economic Development Director Melissa Anguiano recommending the City Council, acting as the Housing Successor, adopt RESOLUTION NO. 21-486 APPROVING THE ANNUAL REPORT FOR THE LOW AND MODERATE INCOME HOUSING ASSET FUND FOR FISCAL YEAR 2020-21. Staff requests approval of the Annual Report for the Low and Moderate Income Housing Asset Fund for fiscal year 2020-21. The Housing Successor Agencies must produce an annual report of housing activities, due by December 31st of each year. The ending fund balance of the Housing Successor Fund at the end of FY2020-21 was $1,791,545. The fund ended with an excess surplus amount of $332,657. Use of these funds for the development and programming of local affordable housing units and homeless prevention and services reduces impacts on the General Fund.

7.8. Recovered Organic Waste Product Procurement Policy

Memo from Compliance Administrator Michelle White and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-488 APPROVING THE RECOVERED ORGANIC WASTE PROCUREMENT PRODUCT POLICY. Staff requests Council approval of the Recovered Organic Waste Product Procurement Policy effective January 1, 2022, to comply with requirements set forth in Senate Bill

1383, Short-lived Climate Pollutants: Organic Waste Reductions (California Code of Regulations, Title 14, Division 7, Chapter 12, Article 12). The Policy helps the City meet the required annual procurement target for the following recovered organic waste products: compost, mulch, biomass derived electricity, and/or renewable gas, as well as the requirements for recycled-content paper procurement. While approval of the Policy has no direct impact to City finances, procurement of various items subject to this Policy may involve additional costs. Costs are being analyzed as the City will be required to procure materials derived from recovered organic wastes.

7.9. Urban Water Management Plan and Water Management Plan Updates - Professional Services Agreement Amendment

Memo from Senior Engineer Jason Marks and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-483 APPROVING A FIRST AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WATER WORKS ENGINEERS, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a first amendment to the Professional Services Agreement with Waterworks Engineers, LLC. in the amount of $68,225 for the Urban Water Management Plan (UWMP) and Water Management Plan Updates project. As part of this amendment, the City's demand tracking tool needs updating to include new information and projections from the 2020 UWMP. A task was also included to provide engineering support to complete the first year of the Annual Water Supply and Demand Assessment which is required to be completed by July 1, 2022. Funding for this agreement is budgeted in the Water Operations Fund.

7.10. Landfill Water Quality and Gas Monitoring Services - Professional Services Agreement

Memo from Compliance Administrator Michelle White and Environmental Utilities Director Rich Plecker recommending the City Council adopt RESOLUTION NO. 21-484 APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND JACOBS ENGINEERING GROUP INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of a professional services agreement to Jacobs Engineering Group, Inc. for 2022 Water Quality and Landfill Gas Monitoring and Reporting Services and other Regulatory-Required Technical Assistance. The agreement requires multiple ground and surface water samplings and landfill gas emissions monitoring to ensure the levels of emissions do not pose a public health hazard. These services are needed to

remain in compliance with state and federal requirements for closed landfills. The cost of $267,900 is budgeted in FY2021-22 in the Waste Services Operation Fund.

7.11. Construction Resident Engineer and Inspection Services - On-Call Professional Services Agreements

Memo from Assistant Engineer Beth Taylor and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-492 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WSP USA, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-493 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PSOMAS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-494 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND MARK THOMAS & COMPANY, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-495 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND HDR CONSTRUCTION CONTROL CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-496 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT BY AND BETWEEN THE CITY OF ROSEVILLE AND GHIRARDELLI ASSOCIATES, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests approval of five On-Call Professional Service Agreements for construction resident engineer and inspection services. The term of the agreements is three years with the option of two additional one-year extensions. The not-to-exceed fees for each agreement is a total of $3,000,000 over their three-year term. These contracts will be funded through various approved Capital Improvement Program budgets. No General Fund resources will be used. These contract services allow City staff to complete more projects using existing City resources.

7.12. Federal Transit Administration - Grant Authorization for Transit Fleet Replacement

Memo from Transit Operations Analyst Ed Scofield and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-490 AUTHORIZING THE CITY MANAGER TO SUBMIT A 5339(B) GRANT APPLICATION AND TO EXECUTE THE RELATED GRANT

APPLICATION, FORMS AND AGREEMENTS. Staff requests Council approve a request to submit a Federal Transit Administration Fiscal Year 2021 5339(b) Buses and Bus Facilities Infrastructure Investment Program grant for $5,320,000 for the purchase of up to seven zero-emission electric transit buses, and to execute the related forms and agreements necessary for implementation of the grant and for use of the funds should the grant funds be awarded. If successful, the 5339(b) Buses and Bus Infrastructure Program grant would provide $5,320,000. The remaining $1,330,000 would be paid by local transit funds. Staff will continue to seek other grant opportunities, such as the State of California's Hybrid and Zero-Emission Truck and Bus Voucher Incentive Program (HVIP), to help fund the balance of this bus purchase. In the event that FTA awards a lesser grant amount, the local funds will be reduced proportionally to meet the required 80/20 match requirement. Staff will present a final funding plan for the project to the City Council at a future meeting. No General Fund resources will be used for this project.

7.14. West Roseville Specific Plan Parcel F-81 - Maintenance Agreement

Memo from the Park Planning & Development Superintendent Tara Gee and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 21-482 APPROVING A MAINTENANCE AGREEMENT FOR PARCEL F-81, BY AND BETWEEN THE CITY OF ROSEVILLE AND DHILLON AND SON ENTERPRISES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. On September 26, 2019, a design review permit was approved for the F-81 parcel. The proposed development is a mixed-use commercial project that includes a gas station and fueling canopy, an 8,802 square-foot commercial building, a 2,887 square-foot convenience store and associated site improvements such as parking, lighting and landscaping. New landscaping will include improvements on the City's property and will create

impacts to and increase the necessary maintenance of the existing improvements on City property. Because of this, a Condition of Approval requires that prior to the issuance of building permits, the Developer of F-81 enter into a maintenance agreement with the City which includes a right of entry onto City property to maintain new improvements as well as reimburses the City for any increased costs for maintenance due to removal of trash, weeds and maintenance of the drainage improvements. The maintenance agreement ensures that added and increased costs related to this F-81 development is not an obligation of the General Fund. No General Fund impacts are anticipated.

Ordinances (for introduction and first reading)

7.20. 2021 Speed Limit Ordinance Update

Memo from Senior Engineer Jana Cervantes and Public Works Director Jason Shykowski recommending the City Council introduce for first reading ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING SECTION 11.28.010 OF CHAPTER 11.28 OF TITLE 11 OF THE ROSEVILLE MUNICIPAL CODE REGARDING SPEED LIMITS. Staff is requesting Council approve the speed limits on certain roads in the City. Staff also requests the City Council approve the speed limit ordinance. Staff is required to justify a posted speed limit other than 65 mph that is radar enforceable. Local jurisdictions are required to conduct and approve an engineering and traffic survey every five to ten years, or when there is a major change to a roadway. The cost of changing the speed limit signs is included in existing operating budgets.

Ordinances (for introduction and adoption - appropriation/urgency measures)

7.21. Northwest Specific Plan Area Fencing - Budget Adjustment

Memo from Parks, Recreation & Libraries Superintendent Eric Dexter and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt ORDINANCE NO. 6431 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approval of a budget adjustment in the Northwest Specific Plan Area for $200,000. The recommended budget adjustment will provide resources for fencing replacement and repairs. The fund balance from a community facilities district bond refunding is sufficient to cover this request. There is no impact to the General Fund.

CC #: 1855

File #: 0206-0-01 & 0201-01

CONTACT: Eric Dexter 916-746-1769 edexter@roseville.ca.us

7.22. Community Facilities Districts and Lighting and Landscape Districts - Budget Adjustment

Memo from Parks, Recreation & Libraries Superintendent Eric Dexter and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt ORDINANCE NO. 6430 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND

DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approval of a budget adjustment in two Community Facilities Districts (CFD) and two Lighting and Landscape Districts (LLD) for a total of $142,000. The recommended budget adjustment will provide resources for structural repairs, landscape repairs and improvements within Vernon Street LLD in the amount of $60,000, Riverside Avenue LLD in the amount of $25,000, Fiddyment Ranch CFD No. 2 in the amount of $20,000 and Westpark CFD No. 2 in the amount of $37,000. Fund balances in the LLDs and CFDs are sufficient to accommodate this request. There is no impact to the General Fund.

7.23. Waste Collection Vehicle Fuel Capacity Increase - Budget Adjustment

Memo from Refuse and Stormwater Manager Devin Whittington and Environmental Utilities Director Richard Plecker recommending the City Council adopt ORDINANCE NO. 6429 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff is requesting a budget adjustment in the amount of $86,000 to increase the fuel capacity on seven waste collection vehicles currently in production. With the City's first compressed natural gas (CNG) waste collection trucks, it was discovered that the CNG pressure was low on longer route days, resulting in trucks needing to break off route early to refuel. Collection trucks typically fuel once per day to save time and be more efficient at collecting material. Funding will come from the available resources in the Solid Waste Operations Fund.

8. RESOLUTIONS

8.1. Street Name Change - Sierra Glen Drive to Nicole Gee Drive

Memo from GIS Analyst Scott Miller and Development Services Director Mike Isom recommending the City Council adopt RESOLUTION NO. 21-487 APPROVING THE RENAMING OF SIERRA GLEN DRIVE TO NICOLE GEE DRIVE. Staff received a request from landowners Westpark Communities and Mourier Land Investment Corporation to change the name of Sierra Glen Drive to Nicole Gee Drive within the Sierra Vista Specific Plan area. Nicole Gee was a Sergeant in the United States Marine Corps and a former resident of Roseville. She was killed while helping with evacuation efforts at Kabul International Airport in Afghanistan. Westpark Communities and Mourier Land Investment Corporation would like to honor her service and life by renaming this shared roadway through their respective neighborhoods. This item has no impact to the City's General Fund.

CONTACT: Scott Miller 916-774-5491 smiller@roseville.ca.us

8.2. Local Road Safety Plan

Memo from Senior Engineer Jana Cervantes and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-485 ADOPTING THE LOCAL ROAD SAFETY PLAN. Staff requests Council approval of the Local Road Safety Plan (LRSP). The LRSP identifies goals and strategies that focus on reducing fatalities and serious injury collisions by providing emphasis areas for further evaluation of safety within the City’s transportation network. The process and analysis performed in the LRSP includes establishing goals with a multidisciplinary stakeholder group, analyzing crash history and roadway network data, and identification of recommended engineering safety countermeasures. The implementation of the LRSP will consist of continued collaboration with stakeholders to identify funding and grant opportunities to accelerate the implementation of the plan's proposed safety improvements. In addition, the City will routinely update the LRSP, continue to monitor safety and collision trends on City roads, and will evaluate the effectiveness of implemented transportation safety programs and improvements with the goal of continuously improving the safety of Roseville's transportation network. The cost of the City's Local Road Safety Plan was $151,000 including staff time and professional services and was funded by $119,700 in Caltrans grant funding, and $31,300 in Highway

User Tax funding. No General Fund resources were used for the project.

9. ORDINANCES

9.1. International Union of Operating Engineers, Stationary Engineers, Local 39 - Memorandum of Understanding and Salary Schedule Update

Memo from Human Resources Director Stacey Peterson recommending the City Council adopt RESOLUTION NO. 21-500 APPROVING A MASTER MEMORANDUM OF UNDERSTANDING FOR EMPLOYEES REPRESENTED BY THE INTERNATIONAL UNION OF OPERATING ENGINEERS, STATIONARY ENGINEERS, LOCAL 39, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6433 AMENDING ORDINANCE NO. 6420, THE SALARY ORDINANCE FOR EMPLOYEES REPRESENTED BY THE INTERNATIONAL UNION OF OPERATING ENGINEERS, STATIONARY ENGINEERS, LOCAL 39, AS AMENDED BY APPENDIX "A" TO BE EFFECTIVE JANUARY 1, 2022, AS AN URGENCY MEASURE. Staff requests Council approve a Memorandum of Understanding (MOU) with the International Union of Operating Engineers, Stationary Engineers, Local 39 for a term beginning January 1, 2022 to December 31, 2023. The cost to the FY2021-22 budget will be $958,740, of which $413,626 is a cost to the General Fund. These costs will be covered by existing appropriations. The overall ongoing projected costs of salary and benefit increases over the MOU term is $42,513,343 of which $18,167,146 is a cost to the General Fund. This total contract cost does not account for the labor market adjustments in the second calendar year of the contract to maintain salaries at the 55th percentile of the market that will be presented to the City Council in December 2022.

CC #: 1862

File #: 0600-01

9.2. Management and Confidential Employees - Terms, Conditions and Understandings and Salary Schedule Updates

Memo from Human Resources Director Stacey Peterson recommending the City Council adopt RESOLUTION NO. 21-501 APPROVING THE TERMS, CONDITIONS, AND UNDERSTANDINGS BETWEEN THE CITY OF ROSEVILLE AND MANAGEMENT AND CONFIDENTIAL EMPLOYEES, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE and adopt ORDINANCE NO. 6434 AMENDING ORDINANCE NO. 6422, THE SALARY ORDINANCE FOR MANAGEMENT EMPLOYEES, AS AMENDED BY APPENDIX "A" TO BE EFFECTIVE JANUARY 1, 2022, AS AN URGENCY MEASURE; and adopt ORDINANCE NO. 6435 AMENDING ORDINANCE NO. 6309, THE SALARY ORDINANCE FOR CONFIDENTIAL EMPLOYEES, AS

AMENDED BY APPENDIX "A" TO BE EFFECTIVE JANUARY 1, 2022, AS AN URGENCY MEASURE. Staff requests Council establish a successor Terms, Conditions, and Understandings for Management and Confidential employees for a 2-year term beginning January 1, 2022 to December 31, 2023. The cost to the FY2021-22 budget will be $862,152, of which $446,468 is a cost to the General Fund. The overall ongoing projected costs of salary and benefit increases in the 2-year Memorandum of Understanding is $2,064,087, not accounting for the cost in year 2 of labor market adjustments to maintain salaries at the 55th percentile of the market that will be presented to the City Council in December 2022.

CC #: 1853

File #: 0600-01

CONTACT: Stacey Peterson 916-774-5374 slpeterson@roseville.ca.us

9.3. Roseville Police Association - Memorandum of Understanding and Salary Schedule Update

Memo from Human Resources Director Stacey Peterson recommending the City Council adopt RESOLUTION NO. 21-499 APPROVING A MEMORANDUM OF UNDERSTANDING FOR NON-SWORN EMPLOYEES REPRESENTED BY THE ROSEVILLE POLICE ASSOCIATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6432 OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING ORDINANCE NO. 6305, THE SALARY ORDINANCE FOR NON-SWORN EMPLOYEES REPRESENTED BY THE ROSEVILLE POLICE ASSOCIATION, AS AMENDED BY APPENDIX "A" TO BE EFFECTIVE JANUARY 1, 2022 AS AN URGENCY MEASURE. Staff requests Council approve a Memorandum of Understanding with the Roseville Police Association for a two (2) year term beginning January 1, 2022 to December 31, 2023. The cost to the General Fund of the successor Roseville Police Association salary and benefit adjustments for the FY2021-22 is $120,321. The overall ongoing projected costs of salary and benefit increases in the two (2) year MOU is $284,900, not accounting for the cost in year 2 of the labor market adjustments to maintain salaries at the 55th percentile of the market that will be presented to the City Council in December 2022.

10. SPECIAL REQUESTS/REPORTS/PRESENTATION

10.1. Travel and Expense Reimbursement Policy Update

Memo from Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-480 ADOPTING AN UPDATED TRAVEL AND EXPENSE REIMBURSEMENT POLICY. Staff requests approval of an updated Travel and Expense Reimbursement Policy. The policy was originally based on a template provided by the League of California Cities and is consistent with existing City regulations

and policies. The updated policy will apply to elected and appointed Council members and members of a City legislative body, i.e., board and commission members. The policy has been updated to include modern modes of transportation (e.g. ride-sharing) and clarification of terminology. Because the revised policy is substantially consistent with current City policies and practices, approval of the updated policy is anticipated to have no significant fiscal impact.

CC #: 1835

File #: 0600

CONTACT: Dennis Kauffman 916-774-5313 dkauffman@roseville.ca.us

10.2. Waste Disposal and Organic Processing - Negotiations Authorization

Memo from Refuse and Stormwater Manager Devin Whittington and Environmental Utilities Director Richard Plecker recommending the City Council receive for informational purposes a Term Sheet from Recology Inc., related to waste disposal, recyclables, and/or organics processing options to assist Roseville in complying with CA Senate Bill 1383. Staff is also seeking Council direction on further negotiations with Recology Inc., regarding detailed pricing terms, conditions, and contracts associated therewith. The fiscal impacts associated with the recommended action are contemplated in the FY2021-22 budget and are adequately resourced. Fiscal impacts associated with any future actions will be evaluated at the time of any forthcoming recommendations.

11. PUBLIC HEARING

NOTICE TO THE PUBLIC

City Council, when considering the matter scheduled for hearing, will take the following actions:

1. Open the Public Hearing
2. Presentation by Staff
3. Presentation by applicant or Appellant
4. Accept Public Testimony
5. Appellant or Applicant Rebuttal Period
6. Close the Public Hearing
7. City Council Comments and Questions
8. City Council Action

In the future, if you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues, which you, or someone else raised orally at the Public Hearing or in written correspondence received by the City or before the hearing

Public Hearings listed for continuance will be continued as noted and posting of this agenda serves as notice of continuation.

11.1. Groundwater Sustainability Plan - Adoption and Memorandum of Agreement

Memo from Hydrogeologist Trevor Joseph and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-497 ADOPTION OF THE GROUNDWATER SUSTAINABILITY PLAN (GSP) FOR THE NORTH AMERICAN GROUNDWATER SUBBASIN (NASB) AND AUTHORIZING SUBMITTAL OF THE GSP TO THE CALIFORNIA DEPARTMENT OF WATER RESOURCES ON BEHALF OF THE CITY OF ROSEVILLE AS A PARTICIPATING MEMBER OF THE WESTERN PLACER GROUNDWATER SUSTAINABILITY AGENCY (WPGSA); and adopt RESOLUTION NO. 21-498 APPROVING A MEMORANDUM OF AGREEMENT REGARDING COORDINATION BETWEEN GROUNDWATER SUSTAINABILITY AGENCIES AND IMPLEMENTATION OF THE GROUNDWATER SUSTAINABILITY PLAN FOR THE NORTH AMERICAN SUBBASIN, BY AND BETWEEN THE CITY OF LINCOLN, THE CITY OF ROSEVILLE, THE COUNTY OF PLACER, THE COUNTY OF SUTTER, THE NATOMAS CENTRAL MUTUAL WATER COMPANY, THE PLACER COUNTY WATER AGENCY, THE RECLAMATION DISTRICT 1001, THE SACRAMENTO GROUNDWATER AUTHORITY AND THE SOUTH SUTTER WATER DISTRICT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends that the City, as a participating member of the Western Placer Groundwater Sustainability Agency, join with four additional Groundwater Sustainability Agencies (GSAs) to adopt and begin to implement the North American Groundwater Subbasin (NASb) Groundwater Sustainability Plan (GSP) required under the State of California's Sustainable Groundwater Management Act. The NASb GSAs estimate a budget of $1.055 million over the next five years for monitoring, reporting, GSP assessment and update, data management, coordination, outreach, and management actions. The budget includes a 20 percent contingency for unanticipated expenses. The estimated annual cost for the City to participate in this effort is $25,000, which is budgeted in the Water Operations Fund.

Description

Proclamation - Tamil Heritage Month January 2022

Proclamation

TAMIL HERITAGE MONTH
JANUARY 2022

WHEREAS, the Tamil community of the State of California has made a significant contribution to our city and state's diverse culture and population, including preserving and promoting the rich heritage of the Tamil language; and

WHEREAS, members of the State of California's Tamil community are dedicated to preserving Tamil culture, in part through language schools designed to educate young people and Tamil language for generations to come; and

WHEREAS, the Tamil language is widely spoken in India, Singapore, Sri Lanka, and many communities throughout our nation and world, this language is central to Tamil identity; and

WHEREAS, the Tamil language is recognized as one of oldest and longest-surviving written and spoken languages in the world, with a traceable history exceeding 2,600 years; and

WHEREAS, The Tamil Community of Roseville is constantly contributing to the economic development of the City and has contributed significantly to bilingual literacy; and

WHEREAS, during January, members of the Tamil community celebrate Thai Pongal, a four-day harvest festival that coincides with the first day of the month Thai in the Tamil calendar; and

WHEREAS, Sacramento Tamil Mandrum welcomes and encourages all people across the City of Roseville to participate in this celebration and experience their rich and inclusive heritage; and

WHEREAS, the City of Roseville is committed to encouraging and preserving native cultures and heritage within our incredibly diverse community.

NOW, THEREFORE, I, KRISTA BERNASCONI, MAYOR OF THE CITY OF ROSEVILLE, CALIFORNIA, do hereby proclaim **JANUARY 2022** as **TAMIL HERITAGE MONTH** and encourage the community to join this special observance.

SIGNED this 15th day of December 2021.

Description

Resolution - Kathy Barsotti

Resolution

WHEREAS, Kathy Barsotti began her distinguished career with the City of Roseville on May 18, 1982 and has chosen to retire after 39 years of dedicated service to the City of Roseville Parks, Recreation & Libraries department; and

WHEREAS, Kathy began her career at the City while still in high school as a part-time Aquatics Recreation Aide, and between 1982 and 1991 she served in the roles of Lifeguard, Swim Instructor, Assistant Pool Manager and Pool Manager; and

WHEREAS, in 1991, Kathy joined the City full-time as a Recreation Supervisor and was instrumental in the opening of the Roseville Aquatics Complex in 1994; and

WHEREAS, upon her promotion to Parks & Recreation Manager in 1999 overseeing recreation facilities, programs, and Adventure Clubs, the Roseville Sports Center opened in 2000 under Kathy's leadership; and

WHEREAS, anticipating the soon-to-open Vernon Street Town Square in 2013, Kathy was tasked with putting together a team to create a vision for events in this space and has since made this vision a reality; and

WHEREAS, for the past two years Kathy added overseeing the City's Libraries and Maidu Museum to her wide range of responsibilities; and

WHEREAS, for more than 39 years, Kathy provided outstanding leadership and professionalism, served as a mentor to her staff, and provided exceptional experiences to thousands of Roseville residents.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, that **KATHY BARSOTTI** be commended for her 39 years of outstanding service and dedication to the City of Roseville, congratulated for her many accomplishments, and wished a long, healthy, and enjoyable retirement.

Description

Resolution - Sonia Orozco

Resolution

WHEREAS, Sonia Orozco began her distinguished career with the City of Roseville on March 3, 1999 as Assistant City Clerk and on August 14, 2003, she was promoted to City Clerk; and

WHEREAS, Sonia has chosen to retire after 22 years of dedicated service; and

WHEREAS, Sonia began her career in public service as Register of Vital Statistics for San Miguel County in Colorado while working concurrently for over ten years as a City Clerk in her hometown; and

WHEREAS, Sonia received her Certified Municipal Clerk designation in 1997 issued by the International Institute of Municipal Clerks; and

WHEREAS, Sonia received an award of distinction in 2007 from the City Clerk's Association of California for her service and accomplishments, and received her Master Municipal Clerk designation in 2017 from the International Institute of Municipal Clerks, of which only 4,700 certifications are issued world-wide; and

WHEREAS, Sonia received a nomination for City Clerk of the Year in 2020 while assisting in an 13 month, once-a-decade review of the City Charter with a 9 member citizen commission while navigating controversial, high-visibility topics including council compensation and benefits, election of mayor and vice mayor, and managed unexpected challenges along the way; and

WHEREAS, for the first time in Roseville history, voters approved all charter amendments on the 2020 ballot when Sonia assisted in educating voters on critical issues regarding the 2020 election and raised awareness among City Council members and staff as the city transitioned to by-district elections; and

WHEREAS, Sonia opened a stand-alone passport, notary, and live scan processing center in a busy downtown thoroughfare in October 2019 with six new employees that provide capacity to process 1,200 passport applications per month even during the pandemic, all while staffing the Roseville Independent Redistricting Commission, and continuing to process over 500 Public Records Act requests during the Governor's stay at-home orders; and

WHEREAS, Sonia assisted the City Council in filling a mayoral vacancy when the outgoing mayor was sworn in as a supervisor in Placer County, which at the time, the Charter didn't provide a clear process for determining the event of such a vacancy; and

WHEREAS, Sonia promoted engagement and transparency during the pandemic shutdown by assisting in transitioning many City Council meetings to all-virtual format due to health guidelines, and always ensured access for the public to view these meetings; and

WHEREAS, Sonia has been an outstanding example of leadership, customer service and professionalism, always showing her dedication to quality work and loyalty to the City of Roseville, with exceptional feedback from the Department Heads, staff in the City Clerk's Department, and all other departments of the City and members of the public.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, that **SONIA OROZCO** be commended for her 22 years of outstanding service and dedication to the City of Roseville, congratulated for her accomplishments and wished a long, healthy, and enjoyable retirement.

Assistant City Clerk Helen Dreyer announced the procedures for addressing the City Council.

5. PRESENTATIONS

5.1. Proclamation - National Nurse Practitioner Week

Proclaim November 7–13, 2021, as Nurse Practitioner Week, in recognition of the countless contributions that nurse practitioners have made over the past half

century and will continue to make to the health and well-being of residents in our state.

CONTACT: Blair Hutchison 916-774-5266 bmhutchison@roseville.ca.us

Councilmember Pauline Roccucci presented the proclamation to Sutter Nurse Practitioner Patti Gurney, who responded and introduced specialists and team members who provide nursing services.

6. PUBLIC COMMENTS

Nicole Young - Chapter Chair of Mom's for Liberty - Spoke on COVID-19 and requested the City Council pass a resolution against mandating vaccinations for students and requested the City join Citrus Heights as they recently approved a resolution regarding citizen choice.

Placer County Freedom Foundation - Spoke in opposition to vaccination mandates and in support of citizen choice.

Robert Elster - Placer County Stand Down Event Coordinator - Spoke on event to support veterans with medical care, dental care, eye clinics, pet services, and clothing services, and spoke on the recent Gold Star celebration at the Roseville Cemetery.

7. CONSENT CALENDAR

BEGINNING OF CONSENT CALENDAR

Motion by Bruce Houdesheldt, seconded by Tracy Mendonsa, to adopt the Consent Calendar as recommended. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

Bids / Purchases / Services

7.1. Historical Data Repository Licensing and Support - Purchase Order

Memo from Preventative Maintenance Coordinator Blaine Wiegel and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-448 APPROVING A PURCHASE ORDER FOR ORACLE LICENSING AND SUPPORT SERVICES. Staff requests Council authorize a purchase order with Mythics, Inc. utilizing Omnia partner agreement 180233-002 for Oracle licensing and support services in the amount of $110,000. Funding is provided from the Environmental Utilities approved FY2021-22 operation budget. This agreement would allow two optional renewal years at one-year intervals. Staff also requests authorization to utilize the optional renewal years of the contract without further Council approvals until the contract expires or until City staff determines that continuing with the same vendor is not in the City's best interest.

7.2. Time and Attendance System - Contract Purchase Agreement Amendment

Memo from Enterprise Resource Planning Project Manager Nafees Coleman and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-449 APPROVING A CONTRACT PURCHASE AGREEMENT AMENDMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WORKFORCE SOFTWARE, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3000521). Staff requests Council approval of an amendment to an existing agreement with Workforce Software, LLC that reduces the agreement not-to-exceed amount to $590,348 because the City did not implement the Advanced Scheduler and One Touch Callout Extension modules. The original total not-to-exceed cost for this contract was $1,084,456. This amount included $499,456 for implementation consulting services and $585,000 for five years of software license fees. The amended contract amount is $590,348, a negotiated cost reduction of $493,898. Staff will return funding from unspent Workforce and Enterprise Resource Planning Project (ERP) appropriations to the funds that contributed to the ERP capital improvement project when the project is closed later this fiscal year.

7.3. 401 Oak Street Asbestos Abatement (RFQ 10-3309) – Contract Purchase Agreement

Memo from Buyer Tiffany Valdez and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-439 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WCE INC. DBA WEST COAST ENVIRONMENTAL, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3001678). Staff requests Council approval of a contract purchase agreement with WCE, Inc. dba West Coast Environmental for the materials and labor to complete asbestos abatement at 401 Oak Street. The cost of the agreement is $119,485. Staff also requests authorization for the Public Works Director or designee to approve change order requests for this project up to 10% or $11,948.50 as a construction contingency, for a grand total of $131,433.50. Funding is included in the General Fund Rental Facilities – Renovation and Restoration capital improvement project.

7.4. Roseville Aquatics Complex Slide, Recreation Pool Replaster and Water Play Structure Replacement Project - Award of Contracts and Budget Adjustment

Memo from Park Development Project Manager Heather Buck and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 21-451 APPROVING AN AGREEMENT, BY AND BETWEEN WATERWORKS INDUSTRIES, INC. AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-452 APPROVING AN AGREEMENT, BY AND BETWEEN WESTERN WATER FEATURES, INC. AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6414 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council award agreements to Waterworks Industries, Inc. in the amount of $1,563,000 for the Roseville Aquatics Complex (RAC) Slide and Water Play Structure Replacement project and Western Water Features, Inc. for the RAC Slide Procurement and Installation project in the amount of $421,400, and requests authorization to approve change order requests in an amount not to exceed 10% of the contracted amount for each contract award. Staff also requests approval of a budget adjustment for $350,000 from the Parks, Recreation & Libraries Capital Projects Fund. Combined with $300,000 from the General Fund contingency budget, the recommended budget adjustment will bring the total project budget for the Roseville Aquatics Slide and Play Pool Replacement Project, including soft costs, to $2,522,292. The total cost includes the design and engineering, construction, permits, inspections, construction administration, and contingency. Maintenance of the existing aquatics complex is budgeted in the General Fund and will remain unchanged.

7.5. Security Guard Services - Contract Purchase Agreement Amendment and Budget Adjustment

Memo from Buyer Becky Philipp and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-447 APPROVING A CONTRACT PURCHASE AGREEMENT AMENDMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND AMERICAN GUARD SERVICES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3001601); and adopt ORDINANCE NO. 6411 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests approval of a contract purchase agreement amendment with American Guard Services, Inc. for security guard services. The Pleasant Grove Wastewater Treatment Plant, Dry Creek Wastewater Treatment Plant, Downtown Library, Corporation Yard,

and the Electric Department Yard have an ongoing requirement for security guard staffing. These services are necessary to protect and safeguard assets and property, and report potential safety hazards and suspicious activities of unknown individuals when City staff is not on duty. Staff requests authorization to renew the recommended contract without further Council approval, contingent upon budget approval each year until the contract expires or City staff determines that continuing with the same vendor is not in the City's best interest. The estimated cost for the first year of security guard services is $448,000. A budget adjustment of $45,000 from the Facility Services Fund is recommended to ensure that adequate budgeted resources are available to fund the security services for the remainder of FY2021-22. Projected spending for the optional renewal years are as follows: FY2022-23 $462,000 and FY2023-24 $40,000. The future cost of this agreement will be incorporated into the FY2022-23 and FY2023-24 budgets.

Resolutions

7.6. Roseville Transit Comprehensive Operational Analysis - Sustainable Communities Strategies Grant Authorization

Memo from Transit Operations Analyst Ed Scofield and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-446 AUTHORIZING THE CITY MANAGER OR HIS DESIGNEE TO SUBMIT A SUSTAINABLE COMMUNITIES COMPETITVE GRANT APPLICATION FOR THE ROSEVILLE TRANSIT COMPREHENSIVE OPERATIONAL ANALYSIS. Staff requests Council approve the request to submit a Sustainable Communities Competitive grant application to the California Department of Transportation for a Roseville Transit Comprehensive Operational Analysis (COA). The total cost of the COA is estimated to be $350,000. The grant application requests $310,000 in state grant funds. The required local match of $40,145, or 11.47% of the total cost, will come from a combination of Local Transportation Fund revenue in the City's Transportation Fund or in-kind match of staff time spent on the project. No General Fund resources will be used for this project.

7.7. American River Basin Study Adaptation Portfolios Evaluation - Memorandum of Agreement

Memo from Assistant Environmental Utilities Director Sean Bigley and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-440 APPROVING THE MEMORANDUM OF AGREEMENT FOR THE AMERICAN RIVER BASIN STUDY ADAPTATION PORTFOLIOS EVALUATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the Memorandum of Agreement for

the American River Basin Study (ARBS) Adaptation Portfolio Evaluation that was part of the ARBS conducted by the Bureau of Reclamation in partnership with the Cities of Roseville, Sacramento and Folsom, Placer County Water Agency, El Dorado County Water Agency and the Regional Water Authority. Approval of this proposed reimbursement agreement would allow the City to reimburse the El Dorado County Water Agency up to $40,000 for work performed to complete the optional ARBS Adaptation Portfolio Evaluation. The $40,000 for this optional element of the ARBS project is included in the FY2021-22 Water Administration budget in the Water Operations Fund that receives revenue from water utility sales.

7.8. After School Education and Safety Program - Memorandum of Understanding

Memo from Parks, Recreation, and Libraries Superintendent Kristi LaRoche and Parks, Recreation, and Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 21-438 APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF ROSEVILLE AND ROSEVILLE CITY SCHOOL DISTRICT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the Memorandum of Understanding between the City and the Roseville City School District to operate the After School Education and Safety (ASES) program. The ASES program provides after school homework assistance and enrichment opportunities for up to 120 students at Cirby Elementary and 100 students at Woodbridge Elementary schools at no cost to participating families. The City is reimbursed a maximum of $250,700 to offset direct expenses to operate the after school program. This Memorandum of Understanding outlines partnership and financial reimbursement terms to operate the ASES program. There is no General Fund impact as the program is funded in the Youth Development fund.

Ordinances (for introduction and adoption - appropriation/urgency measures)

7.9. Self-Contained Breathing Apparatus Canisters - Budget Adjustment

Memo from Fire Chief Rick Bartee and Division Chief Jason Rizzi recommending the City Council adopt ORDINANCE NO. 6412 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff recommends approval of a budget adjustment to recognize $13,000 in revenue from the sale of surplus items and $13,000 in expenditures related to the purchase of Self Contained Breathing Apparatus (SCBA) canisters. In Fiscal Year 2019-20, the Fire Department received a grant to upgrade the SCBA canisters department wide. The surplus SCBA canisters were sold to another fire agency because they

no longer met the current department specification. The Fire Department will be using the $13,000 of revenue to purchase new SCBA canisters that meet current department specification, so there will be no impact to the General Fund.

7.10. Specialized Hazardous Materials Training - Agreement and Budget Adjustment

Memo from Division Chief Jason Rizzi and Fire Chief Rick Bartee recommending the City Council adopt RESOLUTION NO. 21-450 APPROVING AN AGREEMENT, BY AND BETWEEN THE CALIFORNIA GOVERNOR'S OFFICE OF EMERGENCY SERVICES AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6413 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2021-22 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests approval of an agreement with the California Governor's Office of Emergency Services for specialized hazardous materials training. In FY2021-22, the Fire Department budgeted $126,000 for the services. The revised estimate of revenue and expenses has increased and will require additional funds from the Fire Department budget. Staff requests approval of a budget adjustment for revenue in the amount of $63,000, which will offset the expenses directly related to teaching the specialized hazardous materials classes, instructor costs, creating/maintaining props and replenishing disposable supplies. The recommended budget adjustment will result in no net impact to the General Fund.

8.1. Creekview Community Facilities District No. 1 Series 2021 - Bond Issuance

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-441 AUTHORIZING THE ISSUANCE OF SPECIAL TAX BONDS FOR AND ON BEHALF OF THE CITY OF ROSEVILLE CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), IMPROVEMENT AREA NO. 1, APPROVING AND DIRECTING THE EXECUTION OF A SUPPLEMENTAL AGREEMENT TO FISCAL AGENT AGREEMENT AND A BOND PURCHASE AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH BONDS, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS. The 2021 bonds are being issued at the developer's request, in an amount not to exceed $13,750,000 to construct and/or acquire certain authorized public facilities, provide for a deposit to a debt service reserve account for the 2021 Bonds, and pay costs of issuance of the 2021 Bonds. The 2021 bonds are the second series of bonds being issued for Improvement Area No. 1. The Community Facility District (CFD) will generate special taxes that will be paid by the property owners sufficient to pay the costs of the debt service, CFD administration, and any authorized pay-as-you-go facilities, as well as provide funding in the future for maintenance/replacement of constructed facilities. The issuance of these bonds will not impact the City's General Fund.

9.1. Formation of Torrente at Sierra Vista Community Facilities District No. 1

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-442 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE TO FORM A COMMUNITY FACILITIES DISTRICT AND TO AUTHORIZE THE LEVY OF A SPECIAL TAX THEREIN TO FINANCE PUBLIC FACILITIES AND PUBLIC SERVICES IN AND FOR SUCH COMMUNITY FACILITIES DISTRICT; and adopt RESOLUTION NO. 21-443 DETERMINING NECESSITY TO INCUR BONDED INDEBTEDNESS OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE FOR THE CITY OF ROSEVILLE TORRENTE AT SIERRA VISTA COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 21-444 CALLING SPECIAL ELECTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE REGARDING THE CITY OF ROSEVILLE TORRENTE AT SIERRA VISTA COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 21-445 DECLARING RESULTS OF SPECIAL ELECTION AND DIRECTING RECORDING OF NOTICE OF SPECIAL TAX LIEN REGARDING CITY OF ROSEVILLE TORRENTE AT SIERRA VISTA COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt ORDINANCE NO. 6410 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE LEVYING SPECIAL TAXES WITHIN CITY OF ROSEVILLE TORRENTE AT SIERRA VISTA COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES). On September 15, 2021, the City Council adopted Resolution 21-401, Intent to Form a Community Facilities District and Levy a Special Tax in Torrente at Sierra Vista Community Facilities District No. 1

(Public Facilities), and set November 3, 2021 at 6:00 p.m., as the time and place to conduct a public hearing. The objective of establishing a Community Facilities District (CFD) is to create a land-secured financing mechanism to be used to fund the acquisition and construction of authorized facilities of the CFD. The project is composed of 159 residential units, with plans for 115 low density and 44 medium density units. The CFD will generate special taxes that will be paid by the property owners sufficient to pay the costs of the debt service, CFD administration, and any authorized pay-as-you-go facilities, as well as provide funding in the future for maintenance/replacement of constructed facilities. The formation of the District will not impact the City's General Fund.

COUNCIL COMMUNICATION

CC #: 1828
File #: 0203-12

Title: Advanced Life Support and Basic Life Support Medical Supplies - Purchase Order
Contact: Brian Diemer 916-746-1392 bdiemer@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.2.

RECOMMENDATION TO COUNCIL

Staff recommends Council adopt a resolution to approve a purchase order to obtain both advanced life support (ALS) and basic life support (BLS) medical supplies, as well as ALS drugs. Staff also requests that Council authorize the City Manager to sign the associated Participating Agency Endorsement Authorization.

Staff requests authorization to continue renewing the contract agreement without further Council approval, upon verification of the approved optional renewal years on the piggyback contract until that contract expires or until staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The Fire Department has an annual requirement for various ALS and BLS medical supplies and medications to be stocked on the fire engines for use in emergency medical responses. These supplies are used to treat any person in need of medical aid, supporting the 18,000 projected calls for service and meeting the S-SV EMS Agency's (SSV) requirements for approved fire apparatus minimum medical equipment for the advanced life support program.

The City will be utilizing a League of Oregon Cities contract (PS20180) as a qualified government member of National Purchasing Partners, Inc. This is a competitively bid contract with an initial three-year contract period and three optional one-year renewals.

FISCAL IMPACT

The total estimated cost for Fire Department ALS and BLS supplies is $300,000 for the remaining initial term of the contract from December 1, 2021 to May 28, 2023. Funding is included in the Fire Department's FY2021-22 budget in the General Fund, and will be recommended in future year budgets.

The estimated total for the open purchase order will be $150,000 for FY2021-22 and $150,000 for FY2022-23 ending May 28, 2023 for the initial term of the contract. The estimated total for the remaining three one-year renewal terms is $150,000 for May 29, 2023 to May 28, 2024, $150,000 for May 29, 2024 to May 28, 2025, and $150,000 for May 29, 2025 to May 28, 2026. The contract will be encumbered one fiscal year at a time pending Council approval of the budget for each year and verification of the approved optional renewal on the piggyback contract.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The medical supplies purchase order award meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Resolution 21-475

Master Purchase Agreement

RESOLUTION NO. 21-475

APPROVING A PURCHASE ORDER FOR ADVANCED LIFE SUPPORT AND BASIC LIFE SUPPORT MEDICAL SUPPLIES, AND ADVANCED LIFE SUPPORT DRUGS

WHEREAS, a purchase order for advanced life support and basic life support medical supplies, and advanced life support drugs, between the City of Roseville and Life Assist, Inc., has been reviewed by the Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said purchase order is hereby approved and the City Manager or his designee is additionally authorized to continue renewing the Purchase Order without further contract Council approval, upon verification of the approved optional renewal years on the piggyback contract until that contract expires or until staff determines that continuing with the same vendor is not in the City's best interest.

BE IT FURTHER RESOLVED, that the City Manager is authorized to execute the associated Participating Agency Endorsement Authorization.

PASSED AND ADOPTED by the Council of the City of Roseville this ___ day of _____, 2021, by the following vote on roll call:

LEAGUE OF OREGON CITIES

MASTER PRICE AGREEMENT

This Master Price Agreement is effective as of the date of the last signature below (the "Effective Date") by and between the LEAGUE OF OREGON CITIES, an Oregon public corporation under ORS Chapter 190 ("LOC" or "Purchaser") and LIFE-ASSIST, INC. ("Vendor").

RECITALS

WHEREAS, the Vendor is in the business of selling certain PUBLIC SAFETY MEDICAL SUPPLIES, EQUIPMENT & MONITORS, as further described herein; and

WHEREAS, the Vendor desires to sell and the Purchaser desires to purchase certain products and related services all upon and subject to the terms and conditions set forth herein; and

WHEREAS, through a solicitation for PUBLIC SAFETY MEDICAL SUPPLIES, EQUIPMENT & MONITORS the Vendor was awarded the opportunity to complete a Master Price Agreement with the LEAGUE OF OREGON CITIES as a result of its response to Request for Proposal No. 1935 for PUBLIC SAFETY MEDICAL SUPPLIES, EQUIPMENT & MONITORS; and

WHEREAS, the LEAGUE OF OREGON CITIES asserts that the solicitation and Request for Proposal meet Oregon public contracting requirements (ORS 279, 279A, 279B and 279C et. seq.); and

WHEREAS, Purchaser and Vendor desire to extend the terms of this Master Price Agreement to benefit other qualified government members of National Purchasing Partners, LLC dba Public Safety GPO, dba First Responder GPO, dba Law Enforcement GPO and dba NPPGov;

NOW, THEREFORE, Vendor and Purchaser, intending to be legally bound, hereby agree as follows:

ARTICLE 1 – CERTAIN DEFINITIONS

1.1 "Agreement" shall mean this Master Price Agreement, including the main body of this Agreement and Attachments A-F attached hereto and by this reference incorporated herein, including Purchaser's Request for Proposal No. 1935 (herein "RFP") and Vendor's Proposal submitted in response to the RFP (herein "Vendor's Proposal") as referenced and incorporated herein as though fully set forth (sometimes referred to collectively as the "Contract Documents").

1.2 "Applicable Law(s)" shall mean all applicable federal, state and local laws, statutes, ordinances, codes, rules, regulations, standards, orders and other governmental requirements of any kind.

1.3 "Employee Taxes" shall mean all taxes, assessments, charges and other amounts whatsoever payable in respect of, and measured by the wages of, the Vendor's employees (or subcontractors), as required by the Federal Social Security Act and all amendments thereto and/or any other applicable federal, state or local law.

1.4 "Purchaser's Destination" shall mean such delivery location(s) or destination(s) as Purchaser may prescribe from time to time.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

1.5 “Products and Services” shall mean the products and/or services to be sold by Vendor hereunder as identified and described on Attachment A hereto and incorporated herein, as may be updated from time to time by Vendor to reflect products and/or services offered by Vendor generally to its customers.

1.6 “Purchase Order” shall mean any authorized written order for Products and Services sent by Purchaser to Vendor via mail, courier, overnight delivery service, email, fax and/or other mode of transmission as Purchaser and Vendor may from time to time agree.

1.7 “Unemployment Insurance” shall mean the contribution required of Vendor, as an employer, in respect of, and measured by, the wages of its employees (or subcontractors) as required by any applicable federal, state or local unemployment insurance law or regulation.

1.8 “National Purchasing Partners” or “(NPP)” is a subsidiary of two nonprofit health care systems. The Government Division of NPP, hereinafter referred to as “NPPGov”, provides group purchasing marketing and administrative support for governmental entities within the membership. NPPGov’s membership includes participating public entities across North America.

1.9 “Lead Contracting Agency” shall mean the LEAGUE OF OREGON CITIES, which is the governmental entity that issued the Request for Proposal and awarded this resulting Master Price Agreement.

1.10 “Participating Agencies” shall mean members of National Purchasing Partners for which Vendor has agreed to extend the terms of this Master Price Agreement pursuant to Article 2.6 and Attachment C herein. For purposes of cooperative procurement, “Participating Agency” shall be considered “Purchaser” under the terms of this Agreement.

1.11 “Party” and “Parties” shall mean the Purchaser and Vendor individually and collectively as applicable.

ARTICLE 2 – AGREEMENT TO SELL

2.1 Vendor hereby agrees to sell to Purchaser such Products and Services as Purchaser may order from time to time by Purchase Order, all in accordance with and subject to the terms, covenants and conditions of this Agreement. Purchaser agrees to purchase those Products and Services ordered by Purchaser by Purchase Order in accordance with and subject to the terms, covenants and conditions of this Agreement.

2.2 Vendor may add additional products and services to the contract provided that any additions reasonably fall within the intent of the original RFP specifications. Pricing on additions shall be equivalent to the percentage discount for other similar products. Vendor may provide a web-link with current product listings, which may be updated periodically, as allowed by the terms of the resulting Master Price Agreement. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products may be added to avoid competitive procurement requirements. LOC may reject any additions without cause.

2.3 All Purchase Orders issued by Purchaser to Vendor for Products during the term (as hereinafter defined) of this Agreement are subject to the provisions of this Agreement as though fully set forth in such Purchase Order. The Vendor retains authority to negotiate above and beyond the terms of this Agreement to meet the Purchaser or Vendor contract requirements. In the event that the provisions of this Agreement conflict with any Purchase Order issued by Purchaser to Vendor, the provisions of this Agreement shall

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

govern. No other terms and conditions, including, but not limited to, those contained in Vendor's standard printed terms and conditions, on Vendor's order acknowledgment, invoices or otherwise, shall have any application to or effect upon or be deemed to constitute an amendment to or to be incorporated into this Agreement, any Purchase Order, or any transactions occurring pursuant hereto or thereto, unless this Agreement shall be specifically amended to adopt such other terms and conditions in writing by the Parties.

2.4 Notwithstanding any other provision of this Agreement to the contrary, the Lead Contracting Agency shall have no obligation to order or purchase any Products and Services hereunder and the placement of any Purchase Order shall be in the sole discretion of the Participating Agencies. This Agreement is not exclusive. Vendor expressly acknowledges and agrees that Purchaser may purchase at its sole discretion, Products and Services that are identical or similar to the Products and Services described in this Agreement from any third party.

2.5 In case of any conflict or inconsistency between any of the Contract Documents, the documents shall prevail and apply in the following order of priority:

(i) This Agreement;
(ii) The RFP;
(iii) Vendor's Proposal;

2.6 Extension of contract terms to Participating Agencies:

2.6.1 Vendor agrees to extend the same terms, covenants and conditions available to Purchaser under this Agreement to Participating Agencies, that have executed an Intergovernmental Cooperative Purchasing Agreement ("IGA") as may be required by each Participating Agency's local laws and regulations, in accordance with Attachment C. Each Participating Agency will be exclusively responsible for and deal directly with Vendor on matters relating to ordering, delivery, inspection, acceptance, invoicing, and payment for Products and Services in accordance with the terms and conditions of this Agreement as if it were "Purchaser" hereunder. Any disputes between a Participating Agency and Vendor will be resolved directly between them under and in accordance with the laws of the State in which the Participating Agency exists. Pursuant to the IGA, the Lead Contracting Agency shall not incur any liability as a result of the access and utilization of this Agreement by other Participating Agencies.

2.6.2 *This Solicitation meets the public contracting requirements of the Lead Contracting Agency and may not be appropriate under or meet Participating Agencies' procurement laws. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.*

2.6.3 Vendor acknowledges execution of a Vendor Administration Fee Agreement with NPPGov, pursuant to the terms of the RFP.

2.7 Oregon Public Agencies are prohibited from use of Products and Services offered under this Agreement that are already provided by qualified nonprofit agencies for disabled individuals as listed on the Department of Administrative Service's Procurement List ("Procurement List") pursuant to ORS 279.835-.855. See www.OregonRehabilitation.org/qrf for more information. Vendor shall not sell products and services identified on the Procurement List (e.g., reconditioned toner cartridges) to Purchaser or Participating Agencies within the state of Oregon.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

ARTICLE 3 – TERM AND TERMINATION

3.1 The initial contract term shall be for three (3) calendar years from the Effective Date of this Agreement ("Initial Term"). Upon termination of the original three (3) year term, this Agreement shall automatically extend for up to three (3) successive one (1) year periods; (each a "Renewal Term"); provided, however, that the Lead Contracting Agency and/or the Vendor may opt to decline extension of the MPA by providing notification in writing at least thirty (30) calendar days prior to the annual automatic extension anniversary of the Initial Term.

3.2 Either Vendor or the Lead Contracting Agency may terminate this Agreement by written notice to the other party if the other Party breaches any of its obligations hereunder and fails to remedy the breach within thirty (30) days after receiving written notice of such breach from the non-breaching party.

ARTICLE 4 – PRICING, INVOICES, PAYMENT AND DELIVERY

4.1 Purchaser shall pay Vendor for all Products and Services ordered and delivered in compliance with the terms and conditions of this Agreement at the pricing specified for each such Product and Service on Attachment A, including shipping. Unless Attachment A expressly provides otherwise, the pricing schedule set forth on Attachment A hereto shall remain fixed for the Initial Term of this Agreement; provided that manufacturer pricing is not guaranteed and may be adjusted based on the next manufacturer price increase. Pricing contained in Attachment A shall be extended to all NPPGov, Public Safety GPO, First Responder GPO and Law Enforcement GPO members upon execution of the IGA.

4.2 Vendor shall submit original invoices to Purchaser in form and substance and format reasonably acceptable to Purchaser. All invoices must reference the Purchaser's Purchase Order number, contain an itemization of amounts for Products and Services purchased during the applicable invoice period and any other information reasonably requested by Purchaser, and must otherwise comply with the provisions of this Agreement. Invoices shall be addressed as directed by Purchaser.

4.3 Unless otherwise specified, Purchaser is responsible for any and all applicable sales taxes. Attachment A or Vendor's Proposal (Attachment D) shall specify any and all other taxes and duties of any kind which Purchaser is required to pay with respect to the sale of Products and Services covered by this Agreement and all charges for packing, packaging and loading.

4.4 Except as specifically set forth on Attachments A and F, Purchaser shall not be responsible for any additional costs or expenses of any nature incurred by Vendor in connection with the Products and Services, including without limitation travel expenses, clerical or administrative personnel, long distance telephone charges, etc. ("Incidental Expenses").

4.5 Price reductions or discount increases may be offered at any time during the contract term and shall become effective upon notice of acceptance from Purchaser.

4.6 Notwithstanding any other agreement of the Parties as to the payment of shipping/delivery costs, and subject to Attachments A, D, and F herein, Vendor shall offer delivery and/or shipping costs prepaid FOB Destination. If there are handling fees, these also shall be included in the pricing.

4.7 Unless otherwise directed by Purchaser for expedited orders, Vendor shall utilize such common carrier for the delivery of Products and Services as Vendor may select; provided, however, that for expedited orders Vendor shall obtain delivery services hereunder at rates and terms not less favorable than those paid by Vendor for its own account or for the account of any other similarly situated customer of Vendor.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

4.8 Vendor shall have the risk of loss of or damage to any Products until delivery to Purchaser. Purchaser shall have the risk of loss of or damage to the Products after delivery to Purchaser. Title to Products shall not transfer until the Products have been delivered to and accepted by Purchaser at Purchaser's Destination.

ARTICLE 5 – INSURANCE

5.1 During the term of this Agreement, Vendor shall maintain at its own cost and expense (and shall cause any subcontractor to maintain) insurance policies providing insurance of the kind and in the amounts generally carried by reasonably prudent manufacturers in the industry, with one or more reputable insurance companies licensed to do business in Oregon and any other state or jurisdiction where Products and Services are sold hereunder. Such certificates of insurance shall be made available to the Lead Contracting Agency upon 48 hours' notice. BY SIGNING THE AGREEMENT PAGE THE VENDOR AGREES TO THIS REQUIREMENT AND FAILURE TO MEET THIS REQUIREMENT WILL RESULT IN CANCELLATION OF THIS MASTER PRICE AGREEMENT.

5.2 All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of this Agreement is satisfactorily completed and formally accepted. Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect coverage afforded under the insurance policies to protect the Lead Contracting Agency. The insurance policies may provide coverage that contains deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to the Lead Contracting Agency under such policies. Vendor shall be solely responsible for the deductible and/or self-insured retention and the Lead Contracting Agency, at its option, may require Vendor to secure payment of such deductibles or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.

5.3 Vendor shall carry Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction over Vendor's employees engaged in the performance of the work or services, as well as Employer's Liability insurance. Vendor waives all rights against the Lead Contracting Agency and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the Workers' Compensation and Employer's Liability or commercial umbrella liability insurance obtained by Vendor pursuant to this Agreement.

5.4 Insurance required herein shall not be permitted to expire, be canceled, or materially changed without thirty days (30 days) prior written notice to the Lead Contracting Agency.

ARTICLE 6 – INDEMNIFICATION AND HOLD HARMLESS

6.1 Vendor agrees that it shall indemnify, defend and hold harmless Lead Contracting Agency, its respective officials, directors, employees, members and agents (collectively, the "Indemnitees"), from and against any and all damages, claims, losses, expenses, costs, obligations and liabilities (including, without limitation, reasonable attorney's fees), suffered directly or indirectly by any of the Indemnitees to the extent of, or arising out of, (i) any breach of any covenant, representation or warranty made by Vendor in this Agreement, (ii) any failure by Vendor to perform or fulfill any of its obligations, covenants or agreements set forth in this Agreement, (iii) the negligence or intentional misconduct of Vendor, any subcontractor of Vendor, or any of their respective employees or agents, (iv) any failure of Vendor, its subcontractors, or their respective employees to comply with any Applicable Law, (v) any litigation, proceeding or claim by any third party relating in any way to the obligations of Vendor under this Agreement or Vendor's performance under this Agreement, (vi) any Employee Taxes or Unemployment Insurance, or (vii) any claim alleging that the

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

Products and Services or any part thereof infringe any third party's U.S. patent, copyright, trademark, trade secret or other intellectual property interest. Such obligation to indemnify shall not apply where the damage, claim, loss, expense, cost, obligation or liability is due to the breach of this Agreement by, or negligence or willful misconduct of, Lead Contracting Agency or its officials, directors, employees, agents or contractors. The amount and type of insurance coverage requirements set forth herein will in no way be construed as limiting the scope of the indemnity in this paragraph. The indemnity obligations of Vendor under this Article shall survive the expiration or termination of this Agreement for two years.

6.2 LIMITATION OF LIABILITY: IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR INJURIES TO PERSONS OR TO PROPERTY OR LOSS OF PROFITS OR LOSS OF FUTURE BUSINESS OR REPUTATION, WHETHER BASED ON TORT OR BREACH OF CONTRACT OR OTHER BASIS, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6.3 The same terms, conditions and pricing of this Agreement may be extended to government members of National Purchasing Partners, LLC. In the event the terms of this Agreement are extended to other government members, each government member (procuring party) shall be solely responsible for the ordering of Products and Services under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a procuring party, and the procuring party shall hold non-procuring parties or unrelated purchasing parties harmless from any liability that may arise from action or inaction of the procuring party.

ARTICLE 7 – WARRANTIES

Purchaser shall refer to Vendor's Proposal for all Vendor and manufacturer express warranties, as well as those warranties provided under Attachment B herein.

ARTICLE 8 - INSPECTION AND REJECTION

8.1 Purchaser shall have the right to inspect and test Products at any time prior to shipment, and within a reasonable time after delivery to the Purchaser's Destination. Products not inspected within a reasonable time after delivery shall be deemed accepted by Purchaser. The payment for Products shall in no way impair the right of Purchaser to reject nonconforming Products, or to avail itself of any other remedies to which it may be entitled.

8.2 If any of the Products are found at any time to be defective in material or workmanship, damaged, or otherwise not in conformity with the requirements of this Agreement or any applicable Purchase Order, as its exclusive remedy, Purchaser may at its option and at Vendor's sole cost and expense, elect either to (i) return any damaged, non-conforming or defective Products to Vendor for correction or replacement, or (ii) require Vendor to inspect the Products and remove or replace damaged, non-conforming or defective Products with conforming Products. If Purchaser elects option (ii) in the preceding sentence and Vendor fails promptly to make the necessary inspection, removal and replacement, Purchaser, at its option, may inspect the Products and Vendor shall bear the cost thereof. Payment by Purchaser of any invoice shall not constitute acceptance of the Products covered by such invoice, and acceptance by Purchaser shall not relieve Vendor of its warranties or other obligations under this Agreement.

8.3 The provisions of this Article shall survive the expiration or termination of this Agreement.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

ARTICLE 9 – SUBSTITUTIONS

Except as otherwise permitted hereunder, Vendor may not make any substitutions of Products, or any portion thereof, of any kind without the prior written consent of Purchaser.

ARTICLE 10 - COMPLIANCE WITH LAWS

10.1 Vendor agrees to comply with all Applicable Laws and at Vendor's expense, secure and maintain in full force during the term of this Agreement, all licenses, permits, approvals, authorizations, registrations and certificates, if any, required by Applicable Laws in connection with the performance of its obligations hereunder. At Purchaser's request, Vendor shall provide to Purchaser copies of any or all such licenses, permits, approvals, authorizations, registrations and certificates.

10.2 Purchaser has taken all required governmental action to authorize its execution of this Agreement and there is no governmental or legal impediment against Purchaser's execution of this Agreement or performance of its obligations hereunder.

ARTICLE 11 – PUBLICITY / CONFIDENTIALITY

11.1 No news releases, public announcements, advertising materials, or confirmation of same, concerning any part of this Agreement or any Purchase Order issued hereunder shall be issued or made without the prior written approval of the Parties. Neither Party shall in any advertising, sales materials or in any other way use any of the names or logos of the other Party without the prior written approval of the other Party.

11.2 Any knowledge or information which Vendor or any of its affiliates shall have disclosed or may hereafter disclose to Purchaser, and which in any way relates to the Products and Services covered by this Agreement shall not, unless otherwise designated by Vendor, be deemed to be confidential or proprietary information, and shall be acquired by Purchaser, free from any restrictions, as part of the consideration for this Agreement.

ARTICLE 12 - RIGHT TO AUDIT

Subject to Vendor's reasonable security and confidentiality procedures, Purchaser, or any third party retained by Purchaser, may at any time upon prior reasonable notice to Vendor, during normal business hours, audit the books, records and accounts of Vendor to the extent that such books, records and accounts pertain to sale of any Products and Services hereunder or otherwise relate to the performance of this Agreement by Vendor. Vendor shall maintain all such books, records and accounts for a period of at least three (3) years after the date of expiration or termination of this Agreement. The Purchaser's right to audit under this Article 12 and Purchaser's rights hereunder shall survive the expiration or termination of this Agreement for a period of three (3) years after the date of such expiration or termination.

ARTICLE 13 - REMEDIES

Except as otherwise provided herein, any right or remedy of Vendor or Purchaser set forth in this Agreement shall not be exclusive, and, in addition thereto, Vendor and Purchaser shall have all rights and remedies under Applicable Law, including without limitation, equitable relief. The provisions of this Article shall survive the expiration or termination of this Agreement.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

ARTICLE 14 - RELATIONSHIP OF PARTIES

Vendor is an independent contractor and is not an agent, servant, employee, legal representative, partner or joint venture of Purchaser. Nothing herein shall be deemed or construed as creating a joint venture or partnership between Vendor and Purchaser. Neither Party has the power or authority to bind or commit the other.

ARTICLE 15 - NOTICES

All notices required or permitted to be given or made in this Agreement shall be in writing. Such notice(s) shall be deemed to be duly given or made if delivered by hand, by certified or registered mail or by nationally recognized overnight courier to the address specified below:

If to Lead Contracting Agency:

LEAGUE OF OREGON CITIES
1201 Court St. NE
Suite 200
Salem OR 97301
ATTN: Jamie Johnson-Davis
Email: rfp@ORCities.org

If to Vendor:

LIFE-ASSIST, INC.
11277 Sunrise Park Drive
Rancho Cordova, CA 95742
ATTN: Bryan Holliday
Email: bryan.holliday@life-assist.com

Either Party may change its notice address by giving the other Party written notice of such change in the manner specified above.

ARTICLE 16 - FORCE MAJEURE

Except for Purchaser's obligation to pay for Products and Services delivered, delay in performance or non-performance of any obligation contained herein shall be excused to the extent such failure or non-performance is ca

used by force majeure. For purposes of this Agreement, "force majeure" shall mean any cause or agency preventing performance of an obligation which is beyond the reasonable control of either Party hereto, including without limitation, fire, flood, sabotage, shipwreck, embargo, strike, explosion, labor trouble, accident, riot, acts of governmental authority (including, without limitation, acts based on laws or regulations now in existence as well as those enacted in the future), acts of nature, and delays or failure in obtaining raw materials, supplies or transportation. A Party affected by force majeure shall promptly provide notice to the other, explaining the nature and expected duration thereof, and shall act diligently to remedy the interruption or delay if it is reasonably capable of being remedied. In the event of a force majeure situation, deliveries or acceptance of deliveries that have been suspended shall not be required to be made upon the resumption of performance.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

ARTICLE 17 - WAIVER

No delay or failure by either Party to exercise any right, remedy or power herein shall impair such Party's right to exercise such right, remedy or power or be construed to be a waiver of any default or an acquiescence therein; and any single or partial exercise of any such right, remedy or power shall not preclude any other or further exercise thereof or the exercise of any other right, remedy or power. No waiver hereunder shall be valid unless set forth in writing executed by the waiving Party and then only to the extent expressly set forth in such writing.

ARTICLE 18 - PARTIES BOUND; ASSIGNMENT

This Agreement shall inure to the benefit of and shall be binding upon the respective successors and assigns of the Parties hereto, but it may not be assigned in whole or in part by Vendor without prior written notice to Purchaser which shall not be unreasonably withheld or delayed.

ARTICLE 19 - SEVERABILITY

To the extent possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under Applicable Law. If any provision of this Agreement is declared invalid or unenforceable, by judicial determination or otherwise, such provision shall not invalidate or render unenforceable the entire Agreement, but rather the entire Agreement shall be construed as if not containing the particular invalid or unenforceable provision or provisions and the rights and obligations of the Parties shall be construed and enforced accordingly.

ARTICLE 20 - INCORPORATION; ENTIRE AGREEMENT

20.1 All the provisions of the Attachments hereto are hereby incorporated herein and made a part of this Agreement. In the event of any apparent conflict between any provision set forth in the main body of this Agreement and any provision set forth in the Attachments, including the RFP and/or Vendor's Proposal, the provisions shall be interpreted, to the extent possible, as if they do not conflict. If such an interpretation is not possible, the provisions set forth in the main body of this Agreement shall control.

20.2 This Agreement (including Attachments and Contract Documents hereto) constitutes the entire Agreement of the Parties relating to the subject matter hereof and supersedes any and all prior written and oral agreements or understandings relating to such subject matter.

ARTICLE 21 - HEADINGS

Headings used in this Agreement are for convenience of reference only and shall in no way be used to construe or limit the provisions set forth in this Agreement.

ARTICLE 22 - MODIFICATIONS

This Agreement may be modified or amended only in writing executed by Vendor and the Lead Contracting Agency. The Lead Contracting Agency and each Participating Agency contracting hereunder acknowledge and agree that any agreement entered into in connection with any Purchase Order hereunder shall constitute a modification of this Agreement as between the Vendor and the Participating Agency. Any modification of this Agreement as between Vendor and any Participating Agency shall not be deemed a modification of this Agreement for the benefit of the Lead Contracting Agency or any other Participating Agency.

DocuSign Envelope ID: 9A96B9D4-FCF2-4FFF-8120-2FFDB55FE2AD

ARTICLE 23 - GOVERNING LAW

This Agreement shall be governed by and interpreted in accordance with the laws of the State of Oregon or in the case of a Participating Agency's use of this Agreement, the laws of the State in which the Participating Agency exists, without regard to its choice of law provisions.

ARTICLE 24 - COUNTERPARTS

This Agreement may be executed in counterparts all of which together shall constitute one and the same Agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year last written below.

PARTICIPATING AGENCIES

The Lead Contracting Agency in cooperation with National Purchasing Partners (NPPGov) entered into this Agreement on behalf of other government agencies that desire to access this Agreement to purchase Products and Services. Vendor must work directly with any Participating Agency concerning the placement of orders, issuance of the purchase orders, contractual disputes, invoicing, and payment. The Lead Contracting Agency shall not be held liable for any costs, damages, etc., incurred by any Participating Agency.

Any subsequent contract entered into between Vendor and any Participating Agency shall be construed to be in accordance with and governed by the laws of the State in which the Participating Agency exists. Each Participating Agency is directed to execute an Intergovernmental Cooperative Purchasing Agreement ("IGA"), as set forth on the NPPGov web site, www.nppgov.com. The IGA allows the Participating Agency to purchase Products and Services from the Vendor in accordance with each Participating Agency's legal requirements as if it were the "Purchaser" hereunder.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, National Purchasing Partners (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact National Purchasing Partners:
You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: bruce.busch@mynpp.com

To advise National Purchasing Partners of your new e-mail address
To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at bruce.busch@mynpp.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..
In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from National Purchasing Partners
To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to bruce.busch@mynpp.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with National Purchasing Partners
To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
ii. send us an e-mail to bruce.busch@mynpp.com and in the body of such request you must state your e-mail, full name, IS Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	•Allow per session cookies •Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection

** These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.

Acknowledging your access and consent to receive materials electronically
To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.
By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and

- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and

- Until or unless I notify National Purchasing Partners as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by National Purchasing Partners during the course of my relationship with you.

COUNCIL COMMUNICATION

CC #: 1834
File #: 0203-12

Title: Fire Safety Equipment and Supplies - Purchase Order
Contact: Brian Diemer 916-746-1392 bdiemer@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.3.

RECOMMENDATION TO COUNCIL

Staff recommends Council adopt a resolution to approve a purchase order for fire safety equipment and supplies, for purchases made on an as-needed basis by the Fire Department through R. S. Hughes Co., Inc., utilizing the League of Oregon Cities contract through National Purchasing Partners (NPPGov) contract number PS21075. Staff also recommends that Council authorize the City Manager to sign the associated Participating Agency Endorsement Authorization.

Staff requests authorization to continue renewing the contract without further Council approval, upon verification of the approved optional renewal years on the piggyback contract, until the contract expires or until staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

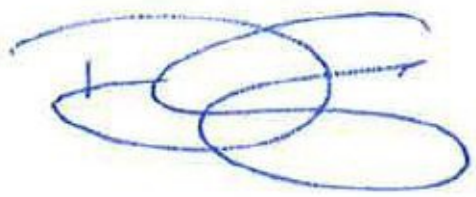
The Fire Department has an annual requirement for various safety equipment, supplies and parts for use in the over 20,000 emergency responses annually. The City will be utilizing a League of Oregon Cities contract (PS21075) as a qualified government member of NPPGov. This is a competitively bid contract with an initial three-year contract period and three optional one-year renewals.

FISCAL IMPACT

The total estimated cost for Fire Department supplies will be $400,000 for the remaining initial term of the cooperative agreement (December 15, 2021 to February 22, 2024). Funding is included in the Fire Department's FY2021-22 budget in the General Fund, and will also be recommended in future fiscal year budgets. The estimated total for the remaining three one-year renewal terms is $200,000 for February 23, 2024 to February 22, 2025; $200,000 for February 23, 2025 to February 22, 2026; and $200,000 for February 23, 2026 to February 22, 2027. The contract will be encumbered annually, upon verification of the approval of the renewal of the piggyback contract, pending Council approval of the budget for each year.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The fire safety equipment and supplies - purchase order meets the above criteria and is not subject to CEQA. No additional environmental review is required.



CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain Fiscally Responsible in a Changing World
Goal C - Maintain a Safe & Healthy Community

Respectfully Submitted,

Brian Diemer, Assistant Fire Chief

Rick Bartee, Fire Chief

Resolution 21-479

RS Hughes NPP MPA

Participating Agency Endorsement Authorization

RESOLUTION NO. 21-479

APPROVING A PURCHASE ORDER FOR FIRE SAFETY EQUIPMENT AND SUPPLIES

WHEREAS, a purchase order for fire safety equipment and supplies, between the City of Roseville and R.S. Hughes Company, Inc., has been reviewed by the Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said purchase order is hereby approved and the City Manager or his designee is additionally authorized to continue renewing the Purchase Order without further contract Council approval, upon verification of the approved optional renewal years on the piggyback contract until that contract expires or until staff determines that continuing with the same vendor is not in the City's best interest.

BE IT FURTHER RESOLVED, that the City Manager is authorized to execute the associated Participating Agency Endorsement Authorization.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 2021, by the following vote on roll call:

LEAGUE OF OREGON CITIES

MASTER PRICE AGREEMENT

This Master Price Agreement is effective as of the date of the last signature below (the "Effective Date") by and between the LEAGUE OF OREGON CITIES, an Oregon public corporation under ORS Chapter 190 ("LOC" or "Purchaser") and R.S. Hughes Co., Inc. ("Vendor").

RECITALS

WHEREAS, the Vendor is in the business of selling certain MUNICIPAL SAFETY EQUIPMENT AND SUPPLIES FOR GOVERNMENT, as further described herein; and

WHEREAS, the Vendor desires to sell and the Purchaser desires to purchase certain products and related services all upon and subject to the terms and conditions set forth herein; and

WHEREAS, through a solicitation for MUNICIPAL SAFETY EQUIPMENT AND SUPPLIES FOR GOVERNMENT the Vendor was awarded the opportunity to complete a Master Price Agreement with the LEAGUE OF OREGON CITIES as a result of its response to Request for Proposal No. 2050 for MUNICIPAL SAFETY EQUIPMENT AND SUPPLIES FOR GOVERNMENT; and

WHEREAS, the LEAGUE OF OREGON CITIES asserts that the solicitation and Request for Proposal meet Oregon public contracting requirements (ORS 279, 279A, 279B and 279C et. seq.); and

WHEREAS, Purchaser and Vendor desire to extend the terms of this Master Price Agreement to benefit other qualified government members of National Purchasing Partners, LLC dba Public Safety GPO, dba First Responder GPO, dba Law Enforcement GPO and dba NPPGov;

NOW, THEREFORE, Vendor and Purchaser, intending to be legally bound, hereby agree as follows:

ARTICLE 1 – CERTAIN DEFINITIONS

1.1 "Agreement" shall mean this Master Price Agreement, including the main body of this Agreement and Attachments A-F attached hereto and by this reference incorporated herein, including Purchaser's Request for Proposal No. 2050 (herein "RFP") and Vendor's Proposal submitted in response to the RFP (herein "Vendor's Proposal") as referenced and incorporated herein as though fully set forth (sometimes referred to collectively as the "Contract Documents").

1.2 "Applicable Law(s)" shall mean all applicable federal, state and local laws, statutes, ordinances, codes, rules, regulations, standards, orders and other governmental requirements of any kind.

1.3 "Employee Taxes" shall mean all taxes, assessments, charges and other amounts whatsoever payable in respect of, and measured by the wages of, the Vendor's employees (or subcontractors), as required by the Federal Social Security Act and all amendments thereto and/or any other applicable federal, state or local law.

1.4 "Purchaser's Destination" shall mean such delivery location(s) or destination(s) as Purchaser may prescribe from time to time.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

1.5 "Products and Services" shall mean the products and/or services to be sold by Vendor hereunder as identified and described on Attachment A hereto and incorporated herein, as may be updated from time to time by Vendor to reflect products and/or services offered by Vendor generally to its customers.

1.6 "Purchase Order" shall mean any authorized written order for Products and Services sent by Purchaser to Vendor via mail, courier, overnight delivery service, email, fax and/or other mode of transmission as Purchaser and Vendor may from time to time agree.

1.7 "Unemployment Insurance" shall mean the contribution required of Vendor, as an employer, in respect of, and measured by, the wages of its employees (or subcontractors) as required by any applicable federal, state or local unemployment insurance law or regulation.

1.8 "National Purchasing Partners" or "(NPP)" is a subsidiary of two nonprofit health care systems. The Government Division of NPP, hereinafter referred to as "NPPGov", provides group purchasing marketing and administrative support for governmental entities within the membership. NPPGov's membership includes participating public entities across North America.

1.9 "Lead Contracting Agency" shall mean the LEAGUE OF OREGON CITIES, which is the governmental entity that issued the Request for Proposal and awarded this resulting Master Price Agreement.

1.10 "Participating Agencies" shall mean members of National Purchasing Partners for which Vendor has agreed to extend the terms of this Master Price Agreement pursuant to Article 2.6 and Attachment C herein. For purposes of cooperative procurement, "Participating Agency" shall be considered "Purchaser" under the terms of this Agreement.

1.11 "Party" and "Parties" shall mean the Purchaser and Vendor individually and collectively as applicable.

ARTICLE 2 – AGREEMENT TO SELL

2.1 Vendor hereby agrees to sell to Purchaser such Products and Services as Purchaser may order from time to time by Purchase Order, all in accordance with and subject to the terms, covenants and conditions of this Agreement. Purchaser agrees to purchase those Products and Services ordered by Purchaser by Purchase Order in accordance with and subject to the terms, covenants and conditions of this Agreement.

2.2 Vendor may add additional products and services to the contract provided that any additions reasonably fall within the intent of the original RFP specifications. Pricing on additions shall be equivalent to the percentage discount for other similar products. Vendor may provide a web-link with current product listings, which may be updated periodically, as allowed by the terms of the resulting Master Price Agreement. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. No products may be added to avoid competitive procurement requirements. LOC may reject any additions without cause.

2.3 All Purchase Orders issued by Purchaser to Vendor for Products during the term (as hereinafter defined) of this Agreement are subject to the provisions of this Agreement as though fully set forth in such Purchase Order. The Vendor retains authority to negotiate above and beyond the terms of this Agreement to meet the Purchaser or Vendor contract requirements. In the event that the provisions of this Agreement conflict with any Purchase Order issued by Purchaser to Vendor, the provisions of this Agreement shall govern. No other terms and conditions, including, but not limited to, those contained in Vendor's standard

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

printed terms and conditions, on Vendor's order acknowledgment, invoices or otherwise, shall have any application to or effect upon or be deemed to constitute an amendment to or to be incorporated into this Agreement, any Purchase Order, or any transactions occurring pursuant hereto or thereto, unless this Agreement shall be specifically amended to adopt such other terms and conditions in writing by the Parties.

2.4 Notwithstanding any other provision of this Agreement to the contrary, the Lead Contracting Agency shall have no obligation to order or purchase any Products and Services hereunder and the placement of any Purchase Order shall be in the sole discretion of the Participating Agencies. This Agreement is not exclusive. Vendor expressly acknowledges and agrees that Purchaser may purchase at its sole discretion, Products and Services that are identical or similar to the Products and Services described in this Agreement from any third party.

2.5 In case of any conflict or inconsistency between any of the Contract Documents, the documents shall prevail and apply in the following order of priority:

(i) This Agreement;
(ii) The RFP;
(iii) Vendor's Proposal;

2.6 Extension of contract terms to Participating Agencies:

2.6.1 Vendor agrees to extend the same terms, covenants and conditions available to Purchaser under this Agreement to Participating Agencies, that have executed an Intergovernmental Cooperative Purchasing Agreement ("IGA") as may be required by each Participating Agency's local laws and regulations, in accordance with Attachment C. Each Participating Agency will be exclusively responsible for and deal directly with Vendor on matters relating to ordering, delivery, inspection, acceptance, invoicing, and payment for Products and Services in accordance with the terms and conditions of this Agreement as if it were "Purchaser" hereunder. Any disputes between a Participating Agency and Vendor will be resolved directly between them under and in accordance with the laws of the State in which the Participating Agency exists. Pursuant to the IGA, the Lead Contracting Agency shall not incur any liability as a result of the access and utilization of this Agreement by other Participating Agencies.

2.6.2 *This Solicitation meets the public contracting requirements of the Lead Contracting Agency and may not be appropriate under or meet Participating Agencies' procurement laws. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.*

2.6.3 Vendor acknowledges execution of the Vendor Administration Fee Agreement, Contract Number PS21075, with NPPGov, pursuant to the terms of the RFP.

2.7 Oregon Public Agencies are prohibited from use of Products and Services offered under this Agreement that are already provided by qualified nonprofit agencies for disabled individuals as listed on the Department of Administrative Service's Procurement List ("Procurement List") pursuant to ORS 279.835-.855. See www.OregonRehabilitation.org/qrf for more information. Vendor shall not sell products and services identified on the Procurement List (e.g., reconditioned toner cartridges) to Purchaser or Participating Agencies within the state of Oregon.

ARTICLE 3 – TERM AND TERMINATION

3.1 The initial contract term shall be for three (3) calendar years from the Effective Date of this Agreement ("Initial Term"). Upon termination of the original three (3) year term, this Agreement shall automatically extend for up to three (3) successive one (1) year periods; (each a "Renewal Term"); provided, however, that the Lead Contracting Agency and/or the Vendor may opt to decline extension of the MPA by

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

providing notification in writing at least thirty (30) calendar days prior to the annual automatic extension anniversary of the Initial Term.

3.2 Either Vendor or the Lead Contracting Agency may terminate this Agreement by written notice to the other party if the other Party breaches any of its obligations hereunder and fails to remedy the breach within thirty (30) days after receiving written notice of such breach from the non-breaching party.

ARTICLE 4 – PRICING, INVOICES, PAYMENT AND DELIVERY

4.1 Purchaser shall pay Vendor for all Products and Services ordered and delivered in compliance with the terms and conditions of this Agreement at the pricing specified for each such Product and Service on Attachment A, including shipping. Unless Attachment A expressly provides otherwise, the pricing schedule set forth on Attachment A hereto shall remain fixed for the Initial Term of this Agreement; provided that manufacturer pricing is not guaranteed and may be adjusted based on the next manufacturer price increase. Pricing contained in Attachment A shall be extended to all NPPGov, Public Safety GPO, First Responder GPO and Law Enforcement GPO members upon execution of the IGA.

4.2 Vendor shall submit original invoices to Purchaser in form and substance and format reasonably acceptable to Purchaser. All invoices must reference the Purchaser's Purchase Order number, contain an itemization of amounts for Products and Services purchased during the applicable invoice period and any other information reasonably requested by Purchaser, and must otherwise comply with the provisions of this Agreement. Invoices shall be addressed as directed by Purchaser.

4.3 Unless otherwise specified, Purchaser is responsible for any and all applicable sales taxes. Attachment A or Vendor's Proposal (Attachment D) shall specify any and all other taxes and duties of any kind which Purchaser is required to pay with respect to the sale of Products and Services covered by this Agreement and all charges for packing, packaging and loading.

4.4 Except as specifically set forth on Attachments A and F, Purchaser shall not be responsible for any additional costs or expenses of any nature incurred by Vendor in connection with the Products and Services, including without limitation travel expenses, clerical or administrative personnel, long distance telephone charges, etc. ("Incidental Expenses").

4.5 Price reductions or discount increases may be offered at any time during the contract term and shall become effective upon notice of acceptance from Purchaser.

4.6 Notwithstanding any other agreement of the Parties as to the payment of shipping/delivery costs, and subject to Attachments A, D, and F herein, Vendor shall offer delivery and/or shipping costs prepaid FOB Destination. If there are handling fees, these also shall be included in the pricing.

4.7 Unless otherwise directed by Purchaser for expedited orders, Vendor shall utilize such common carrier for the delivery of Products and Services as Vendor may select; provided, however, that for expedited orders Vendor shall obtain delivery services hereunder at rates and terms not less favorable than those paid by Vendor for its own account or for the account of any other similarly situated customer of Vendor.

4.8 Vendor shall have the risk of loss of or damage to any Products until delivery to Purchaser. Purchaser shall have the risk of loss of or damage to the Products after delivery to Purchaser. Title to Products shall not transfer until the Products have been delivered to and accepted by Purchaser at Purchaser's Destination.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

ARTICLE 5 – INSURANCE

5.1 During the term of this Agreement, Vendor shall maintain at its own cost and expense (and shall cause any subcontractor to maintain) insurance policies providing insurance of the kind and in the amounts generally carried by reasonably prudent manufacturers in the industry, with one or more reputable insurance companies licensed to do business in Oregon and any other state or jurisdiction where Products and Services are sold hereunder. Such certificates of insurance shall be made available to the Lead Contracting Agency upon 48 hours' notice. BY SIGNING THE AGREEMENT PAGE THE VENDOR AGREES TO THIS REQUIREMENT AND FAILURE TO MEET THIS REQUIREMENT WILL RESULT IN CANCELLATION OF THIS MASTER PRICE AGREEMENT.

5.2 All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of this Agreement is satisfactorily completed and formally accepted. Any failure to comply with the claim reporting provisions of the insurance policies or any breach of an insurance policy warranty shall not affect coverage afforded under the insurance policies to protect the Lead Contracting Agency. The insurance policies may provide coverage that contains deductibles or self-insured retentions. Such deductible and/or self-insured retentions shall not be applicable with respect to the coverage provided to the Lead Contracting Agency under such policies. Vendor shall be solely responsible for the deductible and/or self-insured retention and the Lead Contracting Agency, at its option, may require Vendor to secure payment of such deductibles or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.

5.3 Vendor shall carry Workers' Compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction over Vendor's employees engaged in the performance of the work or services, as well as Employer's Liability insurance. Vendor waives all rights against the Lead Contracting Agency and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the Workers' Compensation and Employer's Liability or commercial umbrella liability insurance obtained by Vendor pursuant to this Agreement.

5.4 Insurance required herein shall not be permitted to expire, be canceled, or materially changed without thirty days (30 days) prior written notice to the Lead Contracting Agency.

ARTICLE 6 – INDEMNIFICATION AND HOLD HARMLESS

6.1 Vendor agrees that it shall indemnify, defend and hold harmless Lead Contracting Agency, its respective officials, directors, employees, members and agents (collectively, the "Indemnitees"), from and against any and all damages, claims, losses, expenses, costs, obligations and liabilities (including, without limitation, reasonable attorney's fees), suffered directly or indirectly by any of the Indemnitees to the extent of, or arising out of, (i) any breach of any covenant, representation or warranty made by Vendor in this Agreement, (ii) any failure by Vendor to perform or fulfill any of its obligations, covenants or agreements set forth in this Agreement, (iii) the negligence or intentional misconduct of Vendor, any subcontractor of Vendor, or any of their respective employees or agents, (iv) any failure of Vendor, its subcontractors, or their respective employees to comply with any Applicable Law, (v) any litigation, proceeding or claim by any third party relating in any way to the obligations of Vendor under this Agreement or Vendor's performance under this Agreement, (vi) any Employee Taxes or Unemployment Insurance, or (vii) any claim alleging that the Products and Services or any part thereof infringe any third party's U.S. patent, copyright, trademark, trade secret or other intellectual property interest. Such obligation to indemnify shall not apply where the damage, claim, loss, expense, cost, obligation or liability is due to the breach of this Agreement by, or negligence or willful misconduct of, Lead Contracting Agency or its officials, directors, employees, agents or contractors. The amount and type of insurance coverage requirements set forth herein will in no way be construed as

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

limiting the scope of the indemnity in this paragraph. The indemnity obligations of Vendor under this Article shall survive the expiration or termination of this Agreement for two years.

6.2 LIMITATION OF LIABILITY: IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES IN CONNECTION WITH OR ARISING OUT OF THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR INJURIES TO PERSONS OR TO PROPERTY OR LOSS OF PROFITS OR LOSS OF FUTURE BUSINESS OR REPUTATION, WHETHER BASED ON TORT OR BREACH OF CONTRACT OR OTHER BASIS, EVEN IF IT HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

6.3 The same terms, conditions and pricing of this Agreement may be extended to government members of National Purchasing Partners, LLC. In the event the terms of this Agreement are extended to other government members, each government member (procuring party) shall be solely responsible for the ordering of Products and Services under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a procuring party, and the procuring party shall hold non-procuring parties or unrelated purchasing parties harmless from any liability that may arise from action or inaction of the procuring party.

ARTICLE 7 – WARRANTIES

Purchaser shall refer to Vendor's Proposal for all Vendor and manufacturer express warranties, as well as those warranties provided under Attachment B herein.

ARTICLE 8 - INSPECTION AND REJECTION

8.1 Purchaser shall have the right to inspect and test Products at any time prior to shipment, and within a reasonable time after delivery to the Purchaser's Destination. Products not inspected within a reasonable time after delivery shall be deemed accepted by Purchaser. The payment for Products shall in no way impair the right of Purchaser to reject nonconforming Products, or to avail itself of any other remedies to which it may be entitled.

8.2 If any of the Products are found at any time to be defective in material or workmanship, damaged, or otherwise not in conformity with the requirements of this Agreement or any applicable Purchase Order, as its exclusive remedy, Purchaser may at its option and at Vendor's sole cost and expense, elect either to (i) return any damaged, non-conforming or defective Products to Vendor for correction or replacement, or (ii) require Vendor to inspect the Products and remove or replace damaged, non-conforming or defective Products with conforming Products. If Purchaser elects option (ii) in the preceding sentence and Vendor fails promptly to make the necessary inspection, removal and replacement, Purchaser, at its option, may inspect the Products and Vendor shall bear the cost thereof. Payment by Purchaser of any invoice shall not constitute acceptance of the Products covered by such invoice, and acceptance by Purchaser shall not relieve Vendor of its warranties or other obligations under this Agreement.

8.3 The provisions of this Article shall survive the expiration or termination of this Agreement.

ARTICLE 9 – SUBSTITUTIONS

Except as otherwise permitted hereunder, Vendor may not make any substitutions of Products, or any portion thereof, of any kind without the prior written consent of Purchaser.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

ARTICLE 10 - COMPLIANCE WITH LAWS

10.1 Vendor agrees to comply with all Applicable Laws and at Vendor's expense, secure and maintain in full force during the term of this Agreement, all licenses, permits, approvals, authorizations, registrations and certificates, if any, required by Applicable Laws in connection with the performance of its obligations hereunder. At Purchaser's request, Vendor shall provide to Purchaser copies of any or all such licenses, permits, approvals, authorizations, registrations and certificates.

10.2 Purchaser has taken all required governmental action to authorize its execution of this Agreement and there is no governmental or legal impediment against Purchaser's execution of this Agreement or performance of its obligations hereunder.

ARTICLE 11 – PUBLICITY / CONFIDENTIALITY

11.1 No news releases, public announcements, advertising materials, or confirmation of same, concerning any part of this Agreement or any Purchase Order issued hereunder shall be issued or made without the prior written approval of the Parties. Neither Party shall in any advertising, sales materials or in any other way use any of the names or logos of the other Party without the prior written approval of the other Party.

11.2 Any knowledge or information which Vendor or any of its affiliates shall have disclosed or may hereafter disclose to Purchaser, and which in any way relates to the Products and Services covered by this Agreement shall not, unless otherwise designated by Vendor, be deemed to be confidential or proprietary information, and shall be acquired by Purchaser, free from any restrictions, as part of the consideration for this Agreement.

ARTICLE 12 - RIGHT TO AUDIT

Subject to Vendor's reasonable security and confidentiality procedures, Purchaser, or any third party retained by Purchaser, may at any time upon prior reasonable notice to Vendor, during normal business hours, audit the books, records and accounts of Vendor to the extent that such books, records and accounts pertain to sale of any Products and Services hereunder or otherwise relate to the performance of this Agreement by Vendor. Vendor shall maintain all such books, records and accounts for a period of at least three (3) years after the date of expiration or termination of this Agreement. The Purchaser's right to audit under this Article 12 and Purchaser's rights hereunder shall survive the expiration or termination of this Agreement for a period of three (3) years after the date of such expiration or termination.

ARTICLE 13 - REMEDIES

Except as otherwise provided herein, any right or remedy of Vendor or Purchaser set forth in this Agreement shall not be exclusive, and, in addition thereto, Vendor and Purchaser shall have all rights and remedies under Applicable Law, including without limitation, equitable relief. The provisions of this Article shall survive the expiration or termination of this Agreement.

ARTICLE 14 - RELATIONSHIP OF PARTIES

Vendor is an independent contractor and is not an agent, servant, employee, legal representative, partner or joint venture of Purchaser. Nothing herein shall be deemed or construed as creating a joint venture or partnership between Vendor and Purchaser. Neither Party has the power or authority to bind or commit the other.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

ARTICLE 15 - NOTICES

All notices required or permitted to be given or made in this Agreement shall be in writing. Such notice(s) shall be deemed to be duly given or made if delivered by hand, by certified or registered mail or by nationally recognized overnight courier to the address specified below:

If to Lead Contracting Agency:

LEAGUE OF OREGON CITIES
1201 Court St. NE
Suite 200
Salem OR 97301
ATTN: Jamie Johnson-Davis
Email: rfp@ORCities.org

If to Vendor:

R.S. Hughes Co., Inc.
5916 NE 112th Avenue
Portland, OR 97220
ATTN: Alan Alexander
Email: npporderalert@rshughes.com

Either Party may change its notice address by giving the other Party written notice of such change in the manner specified above.

ARTICLE 16 - FORCE MAJEURE

Except for Purchaser's obligation to pay for Products and Services delivered, delay in performance or non-performance of any obligation contained herein shall be excused to the extent such failure or non-performance is caused by force majeure. For purposes of this Agreement, "force majeure" shall mean any cause or agency preventing performance of an obligation which is beyond the reasonable control of either Party hereto, including without limitation, fire, flood, sabotage, shipwreck, embargo, strike, explosion, labor trouble, accident, riot, acts of governmental authority (including, without limitation, acts based on laws or regulations now in existence as well as those enacted in the future), acts of nature, and delays or failure in obtaining raw materials, supplies or transportation. A Party affected by force majeure shall promptly provide notice to the other, explaining the nature and expected duration thereof, and shall act diligently to remedy the interruption or delay if it is reasonably capable of being remedied. In the event of a force majeure situation, deliveries or acceptance of deliveries that have been suspended shall not be required to be made upon the resumption of performance.

ARTICLE 17 - WAIVER

No delay or failure by either Party to exercise any right, remedy or power herein shall impair such Party's right to exercise such right, remedy or power or be construed to be a waiver of any default or an acquiescence therein; and any single or partial exercise of any such right, remedy or power shall not preclude any other or further exercise thereof or the exercise of any other right, remedy or power. No waiver hereunder shall be valid unless set forth in writing executed by the waiving Party and then only to the extent expressly set forth in such writing.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

ARTICLE 18 - PARTIES BOUND; ASSIGNMENT

This Agreement shall inure to the benefit of and shall be binding upon the respective successors and assigns of the Parties hereto, but it may not be assigned in whole or in part by Vendor without prior written notice to Purchaser which shall not be unreasonably withheld or delayed.

ARTICLE 19 - SEVERABILITY

To the extent possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under Applicable Law. If any provision of this Agreement is declared invalid or unenforceable, by judicial determination or otherwise, such provision shall not invalidate or render unenforceable the entire Agreement, but rather the entire Agreement shall be construed as if not containing the particular invalid or unenforceable provision or provisions and the rights and obligations of the Parties shall be construed and enforced accordingly.

ARTICLE 20 - INCORPORATION; ENTIRE AGREEMENT

20.1 All the provisions of the Attachments hereto are hereby incorporated herein and made a part of this Agreement. In the event of any apparent conflict between any provision set forth in the main body of this Agreement and any provision set forth in the Attachments, including the RFP and/or Vendor's Proposal, the provisions shall be interpreted, to the extent possible, as if they do not conflict. If such an interpretation is not possible, the provisions set forth in the main body of this Agreement shall control.

20.2 This Agreement (including Attachments and Contract Documents hereto) constitutes the entire Agreement of the Parties relating to the subject matter hereof and supersedes any and all prior written and oral agreements or understandings relating to such subject matter.

ARTICLE 21 - HEADINGS

Headings used in this Agreement are for convenience of reference only and shall in no way be used to construe or limit the provisions set forth in this Agreement.

ARTICLE 22 - MODIFICATIONS

This Agreement may be modified or amended only in writing executed by Vendor and the Lead Contracting Agency. The Lead Contracting Agency and each Participating Agency contracting hereunder acknowledge and agree that any agreement entered into in connection with any Purchase Order hereunder shall constitute a modification of this Agreement as between the Vendor and the Participating Agency. Any modification of this Agreement as between Vendor and any Participating Agency shall not be deemed a modification of this Agreement for the benefit of the Lead Contracting Agency or any other Participating Agency.

ARTICLE 23 - GOVERNING LAW

This Agreement shall be governed by and interpreted in accordance with the laws of the State of Oregon or in the case of a Participating Agency's use of this Agreement, the laws of the State in which the Participating Agency exists, without regard to its choice of law provisions.

DocuSign Envelope ID: 188AFDA8-693E-4D90-940C-855630B5D3FE

ARTICLE 24 - COUNTERPARTS

This Agreement may be executed in counterparts all of which together shall constitute one and the same Agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year last written below.

PARTICIPATING AGENCIES

The Lead Contracting Agency in cooperation with National Purchasing Partners (NPPGov) entered into this Agreement on behalf of other government agencies that desire to access this Agreement to purchase Products and Services. Vendor must work directly with any Participating Agency concerning the placement of orders, issuance of the purchase orders, contractual disputes, invoicing, and payment. The Lead Contracting Agency shall not be held liable for any costs, damages, etc., incurred by any Participating Agency.

Any subsequent contract entered into between Vendor and any Participating Agency shall be construed to be in accordance with and governed by the laws of the State in which the Participating Agency exists. Each Participating Agency is directed to execute an Intergovernmental Cooperative Purchasing Agreement ("IGA"), as set forth on the NPPGov web site, www.nppgov.com. The IGA allows the Participating Agency to purchase Products and Services from the Vendor in accordance with each Participating Agency's legal requirements as if it were the "Purchaser" hereunder.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, National Purchasing Partners (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact National Purchasing Partners:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:
To contact us by email send messages to: marshall.stiles@mynpp.com

To advise National Purchasing Partners of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at bruce.busch@mynpp.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from National Purchasing Partners

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to marshall.stiles@mynpp.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with National Purchasing Partners

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to marshall.stiles@mynpp.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: https://support.docusign.com/guides/signer-guide-signing-system-requirements.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify National Purchasing Partners as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by National Purchasing Partners during the course of your relationship with National Purchasing Partners.

Intergovernmental Cooperative Purchasing Agreement

This Intergovernmental Agreement (Agreement) is by and between the "Lead Contracting Agency" and participating government entities ("Participating Agencies"), that are members of National Purchasing Partners ("NPPGov"), including members of Public Safety GPO, First Responder GPO, Law Enforcement GPO, Education GPO and EMS GPO that agree to the terms and conditions of this Agreement. The Lead Contracting Agency and all Participating Agencies shall be considered as "parties" to this agreement.

WHEREAS, upon completion of a formal competitive solicitation and selection process, the Lead Contracting Agency has entered into Master Price Agreements with one or more Vendors to provide goods and services, often based on national sales volume projections;

WHEREAS, NPPGov provides group purchasing, marketing and administrative support for governmental entities. NPPGov's marketing and administrative services are free to its membership, which includes participating public entities and nonprofit institutions throughout North America.

WHEREAS, NPPGov has instituted a cooperative purchasing program under which member Participating Agencies may reciprocally utilize competitively solicited Master Price Agreements awarded by the Lead Contracting Agency;

WHEREAS, the Master Price Agreements provide that all qualified government members of NPPGov may purchase goods and services on the same terms, conditions and pricing as the Lead Contracting Agency, subject to applicable local and state laws of the Participating Agencies;

WHEREAS, the parties agree to comply with the requirements of the Intergovernmental Cooperation Act as may be applicable to the local and state laws of the Participating Agencies;

WHEREAS, the parties desire to conserve and leverage resources, and to improve the efficiency and economy of the procurement process while reducing solicitation and procurement costs;

WHEREAS, the parties are authorized and eligible to contract with governmental bodies and Vendors to perform governmental functions and services, including the purchase of goods and services; and

WHEREAS, the parties desire to contract with Vendors under the terms of the Master Price Agreements;

DocuSign Envelope ID: D3B4CAB0-871 C-4962-802D-06ECC64C7B3A

NOW, THEREFORE, the parties agree as follows:

ARTICLE 1: LEGAL AUTHORITY

Each party represents and warrants that it is eligible to participate in this Agreement because it is a local government created and operated to provide one or more governmental functions and possesses adequate legal authority to enter into this Agreement.

ARTICLE 2: APPLICABLE LAWS

The procurement of goods and services subject to this Agreement shall be conducted in accordance with and subject to the relevant statutes, ordinances, rules, and regulations that govern each party's procurement policies. Competitive Solicitations are intended to meet the public contracting requirements of the Lead Contracting Agency and may not be appropriate under, or satisfy Participating Agencies' procurement laws. It is the responsibility of each party to ensure it has met all applicable solicitation and procurement requirements. Participating Agencies are urged to seek independent review by their legal counsel to ensure compliance with all local and state solicitation requirements.

ARTICLE 3: USE OF BID, PROPOSAL OR PRICE AGREEMENT

a. A "procuring party" is defined as the Lead Contracting Agency or any Participating Agency that desires to purchase from the Master Price Agreements awarded by the Lead Contracting Agency.

b. Each procuring party shall be solely responsible for their own purchase of goods and services under this Agreement. A non-procuring party shall not be liable in any fashion for any violation of law or contract by a procuring party, and the procuring party shall hold non-procuring parties and all unrelated procuring parties harmless from any liability that may arise from action or inaction of the procuring party.

c. The procuring party shall not use this agreement as a method for obtaining additional concessions or reduced prices for similar goods and services outside the scope of the Master Price Agreement.

d. The exercise of any rights or remedies by the procuring party shall be the exclusive obligation of such procuring party.

e. The cooperative use of bids, proposals or price agreements obtained by a party to this Agreement shall be in accordance with the terms and conditions of the bid, proposal or price agreement, except as modified where otherwise allowed or required by applicable law, and does not relieve the party of its other solicitation requirements under state law or local policies.

DocuSign Envelope ID: D3B4CAB0-871 C-4962-802D-06ECC64C7B3A

ARTICLE 4: PAYMENT OBLIGATIONS

The procuring party will make timely payments to Vendors for goods and services received in accordance with the terms and conditions of the procurement. Payment for goods and services, inspections and acceptance of goods and services ordered by the procuring party shall be the exclusive obligation of such procuring party. Disputes between procuring party and Vendor shall be resolved in accordance with the law and venue rules of the state of the procuring party.

ARTICLE 5: COMMENCEMENT DATE

This Agreement shall take effect after execution of the "Lead Contracting Agency Endorsement and Authorization" or "Participating Agency Endorsement and Authorization," as applicable.

ARTICLE 6: TERMINATION OF AGREEMENT

This Agreement shall remain in effect until terminated by a party giving 30 days written notice to "Lead Contracting Agency"

ARTICLE 7: ENTIRE AGREEMENT

This Agreement and any attachments, as provided herein, constitute the complete Agreement between the parties hereto, and supersede any and all oral and written agreements between the parties relating to matters herein.

ARTICLE 8: CHANGES AND AMENDMENTS

This Agreement may be amended only by a written amendment executed by all parties, except that any alterations, additions, or deletions of this Agreement which are required by changes in Federal and State law or regulations are automatically incorporated into this Agreement without written amendment hereto and shall become effective on the date designated by such law or regulation.

ARTICLE 9: SEVERABILITY

All parties agree that should any provision of this Agreement be determined to be invalid or unenforceable, such determination shall not affect any other term of this Agreement, which shall continue in full force and effect.

THIS INSTRUMENT HAS BEEN EXECUTED IN TWO OR MORE ORIGINALS BY EXECUTION AND ATTACHMENT OF "THE LEAD CONTRACTING AGENCY ENDORSEMENT AND AUTHORIZATION" OR "PARTICIPATING AGENCY ENDORSEMENT AND AUTHORIZATION," AS APPLICABLE. ONCE EXECUTED, IT IS THE RESPONSIBILITY OF EACH PARTY TO FILE THIS AGREEMENT WITH THE PROPER AGENCY IF REQUIRED BY LOCAL OR STATE LAW.

LEAGUE OF OREGON CITIES
ENDORSEMENT AND AUTHORIZATION

The undersigned acknowledges, on behalf of the League of Oregon Cities ("Lead Contracting Agency") that he/she has read and agrees to the general terms and conditions set forth in the enclosed Intergovernmental Cooperative Purchasing Agreement regulating use of the Master Price Agreements and purchase of goods and services that from time to time are made available by the League of Oregon Cities to Participating Agencies locally, regionally, and nationally through NPPGov. Copies of Master Price Agreements and any amendments thereto made available by the League of Oregon Cities will be provided to Participating Agencies and NPPGov to facilitate use by Participating Agencies.

The undersigned understands that the purchase of goods and services under the provisions of the Intergovernmental Cooperative Purchasing Agreement is at the absolute discretion of the Participating Agencies.

The undersigned affirms that he/she is an agent of the League of Oregon Cities and is duly authorized to sign this League of Oregon Cities Endorsement and Authorization.

PARTICIPATING AGENCY
ENDORSEMENT AND AUTHORIZATION

The undersigned acknowledges, on behalf of City of Roseville ("Participating Agency") that he/she has read and agrees to the general terms and conditions set forth in the enclosed Intergovernmental Cooperative Purchasing Agreement regulating use of the Master Price Agreements and purchase of goods and services that from time to time are made available by the Lead Contracting Agency to Participating Agencies locally, regionally, and nationally through NPPGov.

The undersigned further acknowledges that the purchase of goods and services under the provisions of the Intergovernmental Cooperative Purchasing Agreement is at the absolute discretion of the Participating Agency and that neither the Lead Contracting Agency nor NPPGov shall be held liable for any costs or damages incurred by or as a result of the actions of the Vendor or any other Participating Agency. Upon award of contract, the Vendor shall deal directly with the Participating Agency concerning the placement of orders, disputes, invoicing and payment.

The undersigned affirms that he/she is an agent of City of Roseville and is duly authorized to sign this Participating Agency Endorsement and Authorization.

COUNCIL COMMUNICATION

CC #: 1851
File #: 0203-04

Title: Print Management Solution - Service Agreement Amendment
Contact: Traci Bringgold at 916-774-5159 tbringgold@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.4.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution to approve Service Agreement (#S1904069) Amendment No. 1 with J.J.R. Enterprises, Inc. dba Caltronics Business Systems, and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

The City's printing contract with Caltronics Business Systems ends in September 2023. The contract includes monthly service fees based on print volume and set pricing for Multi-function Printers (MFP) and HP Desktop LaserJet printers. Estimates were used to calculate the total cost of the five-year contract. One year of monthly print volumes at the new page per print rate was used to calculate the total service cost of the five-year contract. At the beginning of the contract, only a small percentage of the departments' existing MFPs were replaced or no indication that additional MFPs or LaserJet printers would be needed beyond the current fleet. Assuming the same caliber of MFPs would be used as replacement, an estimate was used to calculate the remaining fleet replacement cost of the five-year contract. The assumptions used to calculate estimates did not happen as predicted. A majority of MFPs were leased instead of purchased, creating annual property taxes; old MFPs were replaced with more robust, higher cost MFPs; and the MFP fleet increased slightly resulting in a higher MFP replacement cost.

FISCAL IMPACT

The cost increase for the contract amendment is estimated at $350,000 for the remaining two years. Funding is provided by the approved operating budgets for all City departments in the General Fund and enterprise funds.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not

considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378.

The Service Agreement Amendment meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Meeting Date: 12/15/2021
Item #: 7.5.

RECOMMENDATION TO COUNCIL

HGAC
Staff recommends Council approve a purchase order to Golden State Fire Apparatus, Inc. for one Skeeter type 5 brush truck utilizing Helping Governments Across The Country (HGAC) Buy contract# FS12-19 as a replacement for Fleet ID 05-419 approved in the FY2021-22 Fleet Replacement budget. Additionally, authorize the City Manager or his designee to approve change order requests in an amount not to exceed 4% of the contract price or the remaining portion of the approved budget. The total cost including options and sales tax is $264,529.

RFQ 10-3311
Staff recommends Council adopt a resolution rejecting all bids received for RFQ 10-3311 Ford F150 trucks. The low bids received were non-responsive and did not include the required addendum.

BACKGROUND

HGAC
The Fire Department is purchasing one Skeeter type 5 brush truck as a replacement for Fleet ID 05-419. The truck is used to access narrow areas such as creek beds and bike trails where other fire fighting vehicles are unable to travel with height and weight restrictions. The City has two of these brush trucks in the fleet with one stationed on the east and the other on the west side of the City.

During the production of fire apparatus, it is common to encounter unanticipated or changed conditions which necessitate additions or other modifications to the project and the contract. Due to the complexity of this build, the Fleet Manager requests authorization for the City Manager or his designee to approve change order requests in an amount not to exceed 4% of the contract price or the remaining portion of the approved budget.

RFQ 10-3311
Six departments in the City have a need for the purchase of Ford F150 trucks. The low bidder did not turn in the required addendum and withdrew their bid. The second lowest bidder did not price

options correctly and their new grand total pricing of $441,673.33 became the third lowest bidder. The next lowest bidder did not include the required addendum with their bid. A new bid with an updated specification to include the addendum will be issued after the rejection of all bids is approved.

A formal bid was issued with the following vendor responses:

Vendor Unit Price (with all potential options)
Future Ford $299,557.93
Roseville, CA

Tracy Ford $415,169.93
Tracy, CA

Napa Ford Lincoln $437,545.50
Napa, CA

Oroville Ford $446,666.85
Oroville, CA

Vehicle replacements are based on the Fleet Scoring System which considers factors such as age, mileage, reliability, prior maintenance and repair costs, and current condition. Below is the vehicle replacement score. A score of 23 or more indicates the vehicle is eligible for replacement.

Vehicle ID	Replacement Score	Vehicle Condition
05-419	28	Meets City replacement criteria

FISCAL IMPACT

HGAC
The total cost of one Skeeter type 5 brush truck, including options and sales tax, is $264,529. Funding is included in the FY2021-22 Fleet Replacement budget.

RFQ 10-3311
There is no fiscal impact at this time since there is no contract award.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The purchase of a vehicle and rejection of bids meet the above criteria and are not subject to CEQA. No additional environmental review is required.

Meeting Date: 12/15/2021
Item #: 7.6.

RECOMMENDATION TO COUNCIL

Staff recommends the City Council adopt a resolution authorizing the City Manager, or his designee, to execute the "City of Sacramento Sub-Award Agreement" and any addenda or documents necessary to fulfill its purpose, and accept the "Fiscal Year (FY) 2020 Homeland Security Grant Program - Urban Area Security Initiative" ("UASI") sub-award in the amount of $245,000; and to approve a purchase order to LDV, Inc. for one Mobile Command Vehicle utilizing Huston-Galveston Area Council (HGAC) contract# AM10-20 as a replacement for Fleet ID 00-511 approved in the FY2021-22 Fleet Replacement budget. The total cost including options and sales tax is $493,187. In addition, authorize the City Manager or his designee to approve change order requests in an amount not to exceed 5% of the contract price or the remaining portion of the approved budget.

Additionally, staff recommends Council adopt an ordinance amending the FY2021-22 Grant Fund budget by $245,000 to secure the Sacramento Urban Areas Security Initiative UASI grant funding and transfer $273,610 from the Fleet Replacement budget to the Fleet Replacement Project budget for a combined total budget of $518,610.

Staff also requests City Council approval for out-of-state travel for three staff members, two from the Police Department and one from Fleet Services to attend a final factory inspection for the Mobile Command vehicle, built by LDV in Burlington, Wisconsin. The estimated schedule for the final inspection is December 2022.

BACKGROUND

Urban Area Security Initiative (UASI) grant

The UASI Program assists high-threat, high-density urban areas in efforts to build and sustain the capabilities necessary to prevent, protect against, mitigate, respond to, and recover from acts of terrorism. The UASI program is intended to provide financial assistance to address the unique multi-discipline planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and to assist these areas in building and sustaining capabilities to prevent, protect against, mitigate, respond to, and recover from threats or acts of terrorism using the whole

community approach.

Activities implemented with UASI funds must support terrorism preparedness by building or enhancing capabilities that relate to the prevention of, protection from, mitigation of, response to, or recovery from terrorism to be considered eligible. However, many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate the dual-use quality for any activities implemented that are not explicitly focused on terrorism preparedness. Urban Areas must use UASI funds to employ regional approaches to overall preparedness and are encouraged to adopt regional response structures whenever appropriate.

In developing applications for UASI, recipients are encouraged to consider national areas identified for improvement including: (1) Projects that address emerging threats, including cybersecurity; and (2) Projects that enable continuous operation of critical business and government functions – including those essential to human health, safety, and/or economic security.

In California, funds are administered by the California Governor's Office of Emergency Services (Cal OES). This agency is responsible for managing the financial and reporting aspects of the grant programs in accordance with established federal guidelines and allocating funds to local, regional, and other state government agencies.

UASI allows expenditures on general-purpose equipment ONLY if it has a nexus to terrorism preparedness. Examples of such general-purpose equipment may include:
• Law enforcement vehicles;
• Emergency medical services (EMS) equipment and vehicles;
• Fire service equipment and vehicles, to include hose, pump accessories, and foam concentrate for specialized chemical, biological, radiological, nuclear, and explosives.

HGAC

The Police Department is purchasing a LDV Mobile Command Vehicle as a replacement for Fleet ID 00-511. The Mobile Command Vehicle has capabilities that allow for response in any kind of critical incident. The Mobile Command Vehicle will allow for incident command in the field, a deployable communications center and the ability to establish better command and control during critical incidents. The Mobile Command vehicle would be deployable anywhere needed across our City and region.

LDV specializes in building Mobile Command Vehicles, and has built similar vehicles for other agencies in our region. This Mobile Command vehicle has been designed to meet City specifications for emergency response. The project has completed the internal department design and funding has been secured through Fleet Replacement funds, Traffic Safety funds, and a grant from the Sacramento Urban Area Security Initiative (UASI). The current and anticipated time for the build and delivery is 13 months.

On August 11, 2021 a mobile command vehicle working group was established. The working group was comprised of police, fire, fleet, and IT personnel to ensure the vehicle met the specifications required to establish a Mobile Command Vehicle for unified command. The Mobile Command Vehicle will be utilized by the Roseville Police Department and the Roseville Fire Department for deployment during critical incidents that impact the City of Roseville and our region. Our departments work in close collaboration to establish a unified command during critical

incidents that impact our city and region. During these incidents, unified command between law enforcement and fire personnel is a necessity to manage an incident efficiently and successfully. Incidents that require efficient and successful command and control include active shooter incidents, high-level fire incidents, wildland fires, hazmat incidents, major accident investigations, major criminal investigations, SWAT Operations, law enforcement funeral services, and community events. In addition, the Roseville Police Department and Roseville Fire Department have trained personnel that respond to regional incidents during mutual aid requests. The Mobile Command Vehicle will enhance our response and ability to establish unified command during any major critical incident. The Mobile Command Vehicle will have enhanced communication systems for both police and fire which will improve communication between police and fire incident commanders during incidents that impact our city and region.

During the production of a Mobile Command Vehicle, it is common to encounter unanticipated or change conditions which necessitate additions or other modifications to the project and the contract. Due to the complexity of this build, the Fleet Manager requests authorization for the City Manager or his designee to approve change order requests in an amount not to exceed 5% of the contract price or the remaining portion of the approved budget.

Purchasing a Mobile Command Vehicle is a significant financial investment and final factory inspections are essential for quality control. Therefore, three staff members, two from the Police Department and one from Fleet Services, will attend a final inspection trip that is scheduled at times mutually agreed upon between the manufacturer and City representatives. In this case, the final inspection is estimated to occur in December 2022.

Vehicle replacements are based on the Fleet Scoring System which considers factors such as age, mileage, reliability, prior maintenance and repair costs, and current condition. Below is the vehicle replacement score. A score of 23 or more indicates the vehicle is eligible for replacement.

Vehicle ID	Replacement Score	Vehicle Condition
00-511	34	Meets City replacement criteria

FISCAL IMPACT

The total cost of one LDV Mobile Command Vehicle, including options and sales tax, is $493,187. Additional potential costs include a 5 percent contingency of $25,423 to cover any change orders. The total cost of this purchase, including contingency, will not exceed $518,610.

Staff recommends funding this purchase with $273,610 in Vehicle Replacement Funds appropriated in the Fiscal Year (FY) 2021-22 budget for this purchase and $245,000 in federal Sacramento Area Security Initiative (UASI) grant funding.

The recommended budget adjustment will authorize the City Manager to establish a multi-year grant project for this purchase, move the $273,610 in appropriated Vehicle Replacement Funds into this project and establish a revenue and expenditure budget of $245,000 in the Grants Fund for the UASI grant. This recommendation does not require additional General Fund resources.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The purchase of a vehicle meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Title:	HOUSING SUCCESSOR/CITY COUNCIL - Fiscal Year 2020-21 Annual Report of the Low and Moderate Income Housing Asset Fund
Contact:	Trisha Isom 916-746-1239 tisom@roseville.ca.us Claudia Carreno 916-774-5476 ccarreno@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.7.

RECOMMENDATION TO COUNCIL

Staff requests that the City Council, acting as the Housing Successor, adopt a resolution approving the Fiscal Year 2020-21 Annual Report for the Low and Moderate Income Housing Asset Fund.

BACKGROUND

State of California legislation dissolved all California Redevelopment Agencies in 2012. As part of the dissolution process of City of Roseville's Redevelopment Agency, the City elected to become the Housing Successor. State law requires the Housing Successor to maintain any funds transferred to it, together with any funds generated from housing assets in a separate Low and Moderate Income Housing Asset Fund to be used in accordance with applicable affordable housing-related provisions of the Community Redevelopment Law. These statutes require the Housing Successor to expend funds for specified administrative and monitoring costs related to ensuring the long-term affordability of deed-restricted affordable units.

Beginning in 2014, Housing Successors were required to produce an annual report of their housing activities, required by SB 341. The annual report, known as the Report of Required Information, is due to the Housing Successor's governing body by December 31st of each year and must include an independent financial audit of the Low and Moderate Income Housing Asset Fund ("Fund"), for the most recent fiscal year. The audit may be separate or included in the host jurisdiction's annual audit. The Report of Required Information must be included as part of the Annual Progress Report for the Housing Element which is reported to the State of California Department of Housing and Community Development and must also be posted on the Housing Successor's website by the end of the calendar year.

The Report of Required Information, per Health and Safety Code 34171.1 (f), is mandated to include the following information from the prior year:

1. The amount deposited into the Low and Moderate Income Housing Asset Fund;

2. A statement of the fund balance as of the close of the last fiscal year;
3. A description of expenditures from the fund by category;
4. The statutory value of real property owned by the Housing Successor, the value of loans and grants receivable, and the sum of these two amounts;
5. A description of any transfers made;
6. A description and status of any project for which the Housing Successor receives or holds property tax revenue pursuant to the Recognized Obligation Payment Schedule;
7. For interests in real property acquired by the former Redevelopment Agency prior to February 1, 2012, a status update on compliance with Section 33334.16. For interests in real property acquired on or after February 1, 2012, a status update on the project;
8. A description of any outstanding obligations pursuant to Section 33413 that remained to transfer to the Housing Successor on February 1, 2012, of the Housing Successor's progress in meeting those obligations, and of the Housing Successor's plans to meet unmet obligations.
9. Reporting on income targeting requirements;
10. The percentage of units of deed-restricted rental housing restricted to seniors and assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted individually or jointly by the Housing Successor, its former redevelopment agency, and its host jurisdiction within the same time period;
11. The amount of any excess surplus, the amount of time that the Housing Successor has had excess surplus, and the Housing Successor's plan for eliminating the excess surplus. The completed Report of Required Information for the City of Roseville Housing Successor Agency is included as Attachment A of Attachment 1.
12. An inventory of homeownership units assisted by the former redevelopment agency or the Housing Successor that are subject to covenants or restrictions or to an adopted program that protects the former redevelopment agency's investment of moneys from the Low and Moderate Income Housing Fund pursuant to subdivision (f) of Section 33334.3.

For FY2020-21, the total deposits made into the Housing Successor fund totaled $603,561 which is an increase from the preceding year. A total of $176,000 was received as program income from loan payoff proceeds which resulted in an increase in total deposits. The total expenditures from the Housing Successor fund equaled $99,383, a decreased from the preceding year of $202,941. The decrease in expenditures was due to use of a new source of funding for the Homeless Prevention & Rapid Rehousing program which is typically funded by the Housing Successor. The ending balance of the Housing Successor fund for FY2020-21 equaled $1,791,545. The fund ended with an excess surplus amount of $332,657. The City of Roseville Housing Division is working with developers on several affordable housing projects which will benefit from use of these funds in the near future.

Since the audit of Low and Moderate Income Asset Fund (Fund 2841) is included in the City of Roseville's Comprehensive Annual Financial Report (CAFR), as allowed by SB 341, that information will be provided to the State of California. The City's CAFR for FY2020-21 will be presented to the City Council in early 2022 and will be available on the City's website at www.roseville.ca.us under Departments & Divisions, Finance, Financial Transparency, or by searching for CAFR.

FISCAL IMPACT

Activities of the Low and Moderate Income Housing Asset Fund are separate and are not

dependent upon the General Fund. Use of these funds for the development and programming of local affordable housing units and homeless prevention and services reduces impacts on the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Fiscal Year 2020-21 Housing Successor Annual Report meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Report of Required Information per Health and Safety Code 34176.1 (f)
City of Roseville Housing Successor
Fiscal Year 2020-21

1. **Any amounts deposited into the Fund, with segregation of amounts deposited from payments pursuant to a Recognized Obligation Payment Schedule ("ROPS") from other sources.**

Amount	*Source*	*Purpose*
$21,886	Interest on Investments Earned	Fund Balance-Reserved
$3,779	Interest on Notes/Loans	Fund Balance-Reserved
$40,595	Monitoring Fees	Fund Balance-Reserved
$335,740	20% Deposit from City Loan Payoff	Fund Balance-Reserved
$201,561	Loan Payoffs-Program Income	Fund Balance-Reserved
$603,561	**Total Deposits**	

2. **The balance in the Fund at the fiscal year end, with segregation of amounts held to meet obligations on a ROPS from other amounts.**

Amount	Description
$1,789,344	Ending Cash
2,201	Interest Receivable
0	Reserved for ROPS
$1,791,545	**Fund Balance 6/30/21**

3. **A description of expenditures from the Fund by category for:**
   a. **Monitoring and preserving the long-term affordability of units subject to affordability restrictions or covenants entered into by the redevelopment agency or the housing successor and administering permitted affordable housing activities.** ***The amount that can be spent on monitoring and administration is capped at 2% of the value of the assets in the Fund or $200,000 whichever is greater.***
   b. **Homeless prevention and rapid rehousing services.** ***This amount is limited to $250,000 annually.***
   c. **Development of housing affordable to households at or below 80% of area median income ("AMI").**

Amount	*Description*
$39,779	a. Staff charges for Monitoring
$19,604	a. Misc. Office Charges
$40,000	b. Homeless Prevention
$0	c. Development of housing
$99,383	**Total Expenditures**

4. **The statutory value of real property owned by the housing successor, the value of loans and grants receivable, and the sum of these two amounts. *"Statutory value of real property" means the value of properties formerly held by the former redevelopment agency as listed on the housing asset transfer form approved by the Department of Finance ("DOF") and the purchase price of properties purchased by the housing successor.***

Amount	*Description*
$875,000	Land - Note Receivable
$5,760,000	Mercy Housing - Deferred Receivables
$3,295,190	FTHB/commercial Deferred Receivables
$1,041,715	Residential
$10,971,905	**Total Value of Land & A/R**

5. A description of any inter-jurisdictional transfers of monies from the Fund in the previous fiscal year as well as any transfer from prior fiscal years if the funds are still unencumbered and a description of and status update on any project for which transferred funds have been or will be expended if that project has not yet been placed in service.

None

6. A description of any project for which the housing successor receives or holds real property tax revenue pursuant to the ROPS and the status of that project.

None

7. For interests in real property acquired by the former redevelopment agency prior to February 1, 2012, a status update on compliance with the development of the property within five (5) years after the DOF approved the property as a housing asset, which would typically be the date of approval of the housing asset transfer list. For interests in real property acquired on or after February 1, 2012, a status update on the project.

Mercy Housing secured a loan from the Housing Successor for $5,760,000 for the development of a 58-unit mixed-use affordable housing development at 623 Vernon Street, Roseville. The loan was approved by the City Council, acting as the Housing Successor, on November 16, 2016. The project was completed in November 2018.

In 2016, the Housing Successor committed $600,000 of funding from the low/moderate affordable housing funds towards the Junction Crossing affordable rental housing development at 120 Pacific Street. This project will include 80 affordable units available for low and very low income households. The loan was approved by the City Council, acting as the Housing Successor, on October 20, 2021. These funds will be in the form of a low-interest deferred loan.

8. A description of any outstanding replacement housing and housing production obligations that transferred to the housing successor on February 1, 2012, the housing successor's progress in meeting those obligations, and the housing successor's plans to meet the unmet obligations.

The Agency will continue to work with 2-3 affordable housing developers. Going forward the Agency is hopeful that loan portfolio payoffs and 20% set-aside deposits from City loan payments will provide additional assistance for affordable housing developments. The value of the 20% loan receivable from the Successor Agency at June 30, 2021 is $3,079,431 providing the California Department of Finance approves the payment of the City loans by the Successor Agency.

9. **Reporting on income targeting requirements does not need to be included until December 31, 2019 for the period from January 1, 2014 through the end of the fiscal year covered by the report (June 30, 2019 for most housing successors), and every five years thereafter. However, it may be useful for housing successors to track this information on an annual basis to ensure the requirement is met every five years.** ***The required income targeting expenditures are that, over a five year period, the funds remaining after expenditures for monitoring and administration and rapid rehousing services, if any, must be expended for the development of housing affordable to and occupied by households earning 80% or less of the AMI, with at least 30% of the funds expended on the development of housing affordable to and occupied by households earning 30% or less of the AMI and not more than 20% of the funds expended on the development of housing affordable to and occupied by households earning between 60% and 80% of the AMI.***

$0.00

10. **The percentage of units of deed-restricted rental housing restricted to seniors and assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the previous 10 years in relation to the total number of units of deed-restricted rental housing assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the same time period.** ***If the percentage of assisted senior rental housing is more than 50 percent of the total of all assisted rental housing, no additional senior rental housing can be assisted until the percentage falls to 50 percent or less.***

# of Units	*Description*
287	Senior Restricted Rental Housing Units
558	Non-Senior Restricted Rental Housing Units
845	**Total Units**
34%	% of Senior Restricted Rental Housing Units

In last 10 years:

# of Units	*Description*
0	Senior Restricted Rental Housing Units
58	Non-Senior Restricted Rental Housing Units
58	**Total Units**
0%	% of Senior Restricted Rental Housing Units

11. **The amount of any excess surplus, the amount of time that the successor agency has had the excess surplus, and the housing successor's plan for eliminating the excess surplus.** ***The definition of excess surplus has been modified so that an "excess surplus" exists to the extent a housing successor holds unencumbered funds in its Fund in an amount that exceeds the greater of $1,000,000 or the total amount of deposits into the Fund for the preceding four fiscal years. The housing successor is required to spend the excess surplus amount or transfer that amount to another jurisdiction as provided in Health and Safety Code Section 34176.1(c)(2) within three fiscal years. If not, the excess surplus amount must be transferred to HCD to use pursuant to the Multifamily Housing Program or the Joe Serna, Jr. Farmworker Housing Grant Program.***

Fiscal Year	Amount Deposited
FY2019-20	$419,559
FY2018-19	$361,081
FY2017-18	$433,400
FY2016-17	$244,548
TOTAL	**$1,458,588**

Fund Balance – 6/30/21	**$1,791,545**

Excess Surplus Amount - Balance exceeds the sum of deposits in prior four years.	**$332,957**

The fund ended with an excess surplus amount of $332,657. The City of Roseville is working on various affordable housing development projects. The housing successor excess will be used to fund these projects in the near future.

12. Inventory of Home Ownership Units: This section provides an inventory of homeownership units assisted by the former Agency or FVHA as Housing Successor that are subject to covenants or restrictions or to an adopted program that protects the former Agency's investment of moneys from the Low and Moderate Income Fund per Section 33334.3 (f).

Title: Recovered Organic Waste Product Procurement Policy
Contact: Michelle White 916-774-5774 mjwhite@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.8.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution approving the City of Roseville Recovered Organic Waste Product Procurement Policy (Policy) effective January 1, 2022, to comply with requirements set forth in Senate Bill (SB) 1383.

BACKGROUND

SB 1383 passed in 2016 as part of the State's larger strategy to combat climate change and established statewide methane emissions reductions targets. Specifically, to reduce methane emissions potential from decomposing landfilled organics, SB 1383 requires a 50% reduction in the statewide disposal of organic waste (from 2014 rates) by 2022 and a 75% reduction by 2025. To achieve state goals, the regulation requires a broad array of elements: adoption of organics-related ordinances, public and commercial education and outreach, waste collection route auditing and contamination monitoring, municipal procurement of recovered organic waste products, edible food recovery programs, compliance monitoring and reporting, and new or enhanced organics recovery and recycling infrastructure.

This Policy addresses the annual recovered organic waste product procurement target, as well as the recycled-content paper procurement requirements described in SB 1383 regulations (California Code of Regulations, Title 14, Division 7, Chapter 12, Article 12). Beginning January 1, 2022, the City must annually procure a minimum amount of recovered organic waste product based on the jurisdiction's population (0.08 x population = tons of organic waste). CalRecycle recently notified the City that our procurement target is 11,750 tons, which can be achieved through a mix of options, per the regulation, including: compost, mulch, biomass derived electricity, and/or renewable gas. In addition to the City meeting this requirement directly, the procurement target can be fulfilled via contracts or agreements with Direct Service Providers for procurement of recovered organic waste products on behalf of the jurisdiction.

For the recycled-content paper procurement component, the regulations require that all departments within the City purchase, and vendors supply, recycled-content paper products instead of non-recycled products whenever recycled products are available at the same or lesser total cost than non-recycled items, if fitness and quality are equal. In addition to printing and writing

paper, SB 1383 defines paper products as paper janitorial supplies, cartons, wrapping, packaging, file folders, hanging files, corrugated boxes, tissue, and toweling.

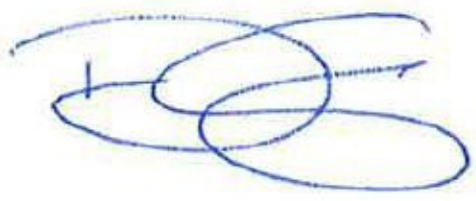
The Policy also contains a tracking component since SB 1383 requires that the City maintain records to show how we met the organic waste procurement target and the paper products recycled-content standards.

FISCAL IMPACT

While approval of the Policy has no direct impact to City finances, procurement of various items subject to this Policy may involve additional costs. Costs are being analyzed as the City will be required to procure materials derived from recovered organic wastes.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the Recovered Organic Waste Product Procurement Policy meets the above criteria and is not subject to CEQA. No additional environmental review is required.



CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E: Deliver exceptional City services

Respectfully Submitted,

Michelle White, Compliance Administrator

Description

Resolution 21-488

RESOLUTION NO. 21-488

APPROVING THE RECOVERED ORGANIC WASTE
PROCUREMENT PRODUCT POLICY

WHEREAS, Senate Bill (SB) 1383 passed in 2016 as part of the State's larger strategy to combat climate change and established statewide methane emissions reductions targets; and

WHEREAS, to achieve state goals, the regulation requires a broad array of elements: adoption of organics-related ordinances, public and commercial education and outreach, waste collection route auditing and contamination monitoring, municipal procurement of recovered organic waste products, edible food recovery programs, compliance monitoring and reporting, and new or enhanced organics recovery and recycling infrastructure; and

WHEREAS, the City of Roseville's Recovered Organic Waste Procurement Product Policy addresses the annual recovered organic waste product procurement target, as well as the recycled-content paper procurement requirements described in SB 1383 regulations (14 California Code of Regulations, Division 7, Chapter 12, Article 12); and

WHEREAS, the Recovered Organic Waste Procurement Product Policy of the City of Roseville has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said Recovered Organic Waste Procurement Product Policy is hereby approved.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 20_, by the following vote on roll call:

RECOVERED ORGANIC WASTE PRODUCT PROCUREMENT POLICY

SECTION 1. PURPOSE

A. It is the policy of the City of Roseville (City), applicable to all departments and divisions, to incorporate environmental considerations, including recycled-content and recovered Organic Waste product use, into purchasing practices and procurement. This Recovered Organic Waste Product Procurement Policy (Policy) will help the City to:

1. Protect and conserve natural resources, water, and energy;

2. Minimize the City's contribution to climate change, pollution, and solid waste disposal; and

3. Comply with State requirements as contained in 14 CCR Division 7, Chapter 12, Article 12 (SB 1383 procurement regulations) to procure a specified amount of Recovered Organic Waste Products to support Organic Waste disposal reduction targets and markets for products made from recycled and recovered Organic Waste materials, and to purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper.

SECTION 2. DEFINITIONS

A. "Annual Recovered Organic Waste Product Procurement Target" means the amount of Organic Waste in the form of a Recovered Organic Waste Product that City is required to procure annually under 14 CCR Section 18993.1. This target shall be calculated by multiplying the per capita procurement target, which shall be 0.08 tons of Organic Waste per California resident per year, times City's residential population using the most recent annual data reported by the California Department of Finance. Annually, CalRecycle will provide notice to each City of its Annual Recovered Organic Waste Product Procurement Target by posting such information on CalRecycle's website and providing written notice directly to City.

B. "Compost" means the product resulting from the controlled biological decomposition of organic solid wastes that are source separated from the

municipal solid waste stream or which are separated at a centralized facility or as otherwise defined in 14 CCR Section 17896.2(a)(4).

Compost eligible for meeting the Annual Recovered Organic Waste Product Procurement Target must be produced at a compostable material handling operation or facility permitted or authorized under 14 CCR Chapter 3.1 of Division 7 or produced at a large volume in-vessel digestion facility that composts on-site as defined and permitted under 14 CCR Chapter 3.2 of Division 7. Compost shall meet the State's composting operations regulatory requirements.

C. "Direct Service Provider" means a person, company, agency, district, or other entity that provides a service or services to City pursuant to a contract or other written agreement or as otherwise defined in 14 CCR Section 18982(a)(17).

D. "Electricity Procured from Biomass Conversion" means electricity generated from biomass facilities that convert recovered Organic Waste, such as wood and prunings from the municipal stream, into electricity. Electricity procured from a biomass conversion facility may only count toward City's Annual Recovered Organic Waste Product Procurement Target if the facility receives feedstock directly from certain permitted or authorized compostable material handling operations or facilities, transfer/processing operations or facilities, or landfills, as described in 14 CCR Section 18993.1(i).

E. "City" means the City of Roseville.

F. "Organic Waste" means solid wastes containing material originated from living organisms and their metabolic waste products including, but not limited to, food, yard trimmings, organic textiles and carpets, lumber, wood, Paper Products, Printing And Writing Paper, manure, biosolids, digestate, and sludges, or as otherwise defined in 14 CCR Section 18982(a)(46). Biosolids and digestate are as defined in 14 CCR Section 18982(a)(4) and 14 CCR Section 18982(a)(16.5), respectively.

G. "Paper Products" include, but are not limited to, paper janitorial supplies, cartons, wrapping, packaging, file folders, hanging files, corrugated boxes, tissue, and toweling; or as otherwise defined in 14 CCR Section 18982(a)(51).

H. "Printing and Writing Papers" include, but are not limited to, copy, xerographic, watermark, cotton fiber, offset, forms, computer printout paper, white wove envelopes, manila envelopes, book paper, note pads, writing tablets, newsprint, and other uncoated writing papers, posters, index cards, calendars, brochures, reports, magazines, and publications; or as otherwise defined in 14 CCR Section 18982(a)(54).

I. "Procurement of Recovered Organic Waste Products" shall mean purchase or acquisition (e.g., free delivery or free distribution from a hauler or other entity via a written agreement or contract), and end use by City or others. City's Annual Recovered Organic Waste Product Procurement Target can be fulfilled directly by

City or by Direct Service Providers through written contracts or agreements for Procurement of Recovered Organic Waste Products at City's behest.

J. "Publicly-Owned Treatment Works" or "POTW" has the same meaning as in Section 403.3(r) of Title 40 of the Code of Federal Regulations. For the purposes of this Policy, the POTW shall be the Pleasant Grove Wastewater Treatment Plant 5051 Westpark Drive, Roseville, CA 95747) and the Dry Creek Wastewater Treatment Plant (1800 Booth Road, Roseville, CA 95747).

K. "Recovered Organic Waste Products" means products made from California, landfill-diverted recovered Organic Waste processed at a permitted or otherwise authorized operation or facility, or as otherwise defined in 14 CCR Section 18982(a)(60). Products that can be used to meet the Annual Recovered Organic Waste Product Procurement Target shall include Compost, SB 1383 Eligible Mulch, Renewable Gas from an in-vessel digestion facility, and Electricity Procured from Biomass Conversion as described herein and provided that such products meet requirements of 14 CCR, Division 7, Chapter 12, Article 12.

L. "Recyclability" means that the Paper Products and Printing and Writing Paper offered or sold to City are eligible to be labeled with an unqualified recyclable label as defined in 16 Code of Federal Regulations Section 260.12 (2013).

M. "Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper" means such products that consist of at least thirty percent (30%), by fiber weight, postconsumer fiber, consistent with the requirements of Sections 22150 to 22154 and Sections 12200 and 12209 of the Public Contract Code, and as amended.

N. "Renewable Gas" means gas derived from Organic Waste that has been diverted from a landfill and processed at an in-vessel digestion facility that is permitted or otherwise authorized by 14 CCR to recover Organic Waste, or as otherwise defined in 14 CCR Section 18982(a)(62).

O. "SB 1383" means Senate Bill 1383 of 2016 approved by the Governor on September 19, 2016, which added Sections 39730.5, 39730.6, 39730.7, and 39730.8 to the Health and Safety Code, and added Chapter 13.1 (commencing with Section 42652) to Part 3 of Division 30 of the Public Resources Code, establishing methane emissions reduction targets in a statewide effort to reduce emissions of short-lived climate pollutants, as amended, supplemented, superseded, and replaced from time to time.

P. "SB 1383 Regulations" or "SB 1383 Regulatory" means or refers to, for the purposes of this policy, the Short-Lived Climate Pollutants (SLCP): Organic Waste Reductions regulations developed by CalRecycle and adopted in 2020 that created Chapter 12 of 14 CCR, Division 7 and amended portions of regulations of 14 CCR and 27 CCR.

Q. "SB 1383 Eligible Mulch" means mulch eligible to meet the Annual Recovered Organic Waste Product Procurement Target, pursuant to 14 CCR Chapter 12 of Division 7. This SB 1383 Eligible Mulch shall meet the following conditions for the duration of the applicable procurement compliance year, as specified by 14 CCR Section 18993.1(f)(4):

1. Produced at one of the following facilities:

   i. A compostable material handling operation or facility as defined in 14 CCR Section 17852(a)(12), that is permitted or authorized under 14 CCR Division 7, other than a chipping and grinding operation or facility as defined in 14 CCR Section 17852(a)(10);

   ii. A transfer/processing facility or transfer/processing operation as defined in 14 CCR Sections 17402(a)(30) and (31), respectively, that is permitted or authorized under 14 CCR Division 7; or,

   iii. A solid waste landfill as defined in Public Resources Code Section 40195.1 that is permitted under 27 CCR Division 2.

2. Meet or exceed the physical contamination, maximum metal concentration, and pathogen density standards for land application specified in 14 CCR: Sections 17852(a)(24.5)(A)1 through 3, as enforced by Chapter 14.18 of City's Municipal Code.

R. "State" means the State of California.

SECTION 3. RECOVERED ORGANIC WASTE PRODUCT PROCUREMENT

3.1 Procurement Target

A. City will annually procure for use or giveaway a quantity of Recovered Organic Waste Products that meets or exceeds its Annual Recovered Organic Waste Product Procurement Target through the implementation of Sections 3 through 5 of this Policy.

B. To be eligible to meet the Annual Recovered Organic Waste Product Procurement Target, products that may be procured include the following (provided that each product meets the criteria included in their respective definition in Section 2 of this Policy):

1. SB 1383 eligible Compost (as defined in Section 2.B).

2. SB 1383 Eligible Mulch (as defined in Section 2.Q).

3. Renewable Gas (in the form of transportation fuel, electricity, or heat) (as defined in Section 2.N).

4. Electricity Procured from Biomass Conversion (as defined in Section 2.D).

3.2 Requirements for City Departments

A. Compost and SB 1383 Eligible Mulch procurement. Divisions and departments responsible for landscaping maintenance, renovation, or construction shall:

1. Use Compost and SB 1383 Eligible Mulch produced from recovered Organic Waste, as defined in Section 2.B and 2.R of this Policy, for landscaping maintenance, renovation, or construction, as practicable, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

2. When City uses Compost and SB 1383 Eligible Mulch and the applications are subject to City's Water Efficient Landscaping Ordinance (WELO), set forth in Chapter 14.18 of City's Municipal Code, City shall comply with one of the following, whichever is more stringent, (i) City's WELO, or (ii) Sections 492.6 (a)(3)(B), (C), (D), and (G) of the State's Model Water Efficient Landscape Ordinance, Title 23, Division 2, Chapter 2.7 of the CCR, as amended September 15, 2015, which requires the submittal of a landscape design plan with a "Soil Preparation, Mulch, and Amendments Section" to include the following:

   a. For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.

   b. Apply a minimum three (3) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.

   c. Procure organic mulch materials made from recycled or post-consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.

   d. For all mulch that is land applied, procure SB 1383 Eligible Mulch

that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

3. Keep records, including invoices or proof of Recovered Organic Waste Product procurement (either through purchase or acquisition), and submit records timely to City's Waste Services Compliance Administrator.

   Records to be submitted shall include:

   a. General procurement records, including:

      (i) General description of how and where the product was used and applied, if applicable;

      (ii) Source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were procured;

      (iii) Type of product;

      (iv) Quantity of each product; and,

      (v) Invoice or other record demonstrating purchase or procurement.

   b. For Compost and SB 1383 Eligible Mulch provided to residents through giveaway events or other types of distribution methods, keep records of the Compost and SB 1383 Eligible Mulch provided to residents. Records shall be maintained and submitted to City's Waste Services Compliance Administrator in accordance with the requirements specified in Section 3.2.A.3.

   c. For procurement of SB 1383 Eligible Mulch, maintain an updated copy of the ordinance or enforceable mechanism(s) requiring that the mulch procured by City or Direct Service Provider meets the land application standards specified in 14 CCR Section 18993.1, as it may be amended from time to time, as currently reflected in Chapter 14.18 of City's Municipal Code.

4. When Procurement of Recovered Organic Waste Products occurs through a Direct Service Provider, enter into a written contract or agreement or execute a purchase order with enforceable provisions that includes: (i) definitions and specifications for SB 1383 Eligible Mulch, Compost, Renewable Gas, and/or Electricity Procured from Biomass Conversion; and, (ii) an enforcement mechanism (e.g., termination, liquidated damages) in the event the Direct Service Provider is not compliant with the

requirements.

B. Renewable Gas procurement (used for fuel for transportation, electricity, or heating applications). For Renewable Gas procurement, City shall:

1. Procure Renewable Gas made from recovered Organic Waste for transportation fuel, electricity, and heating applications to the degree that it is appropriate and available for City and to help meet the Annual Recovered Organic Waste Product Procurement Target, which requires compliance with criteria specified in 14 CCR Section 18993.1.

2. Keep records in the same manner indicated in Section 3.2.A.3 for the amount of Renewable Gas procured and used by City, including the general procurement record information specified in Section 3.2.A.3.a, and submit records to the Waste Services Compliance Administrator on a quarterly schedule. City shall additionally obtain the documentation and submit records specified in Section 3.2.B.3 below, if applicable.

3. If City procures Renewable Gas from a POTW,

   a. Annually verify that the Renewable Gas from the POTW complies with the requirements specified in 14 CCR Section 18993.1(h), including, but not limited to the exclusion in 14 CCR Section 17896.6(a)(1) and the items listed in this Section 3.2.B.3.

   b. Annually receive a record from the POTW documenting the tons of Organic Waste received by the POTW from: (i) a compostable material handling operation or facility as defined in 14 CCR Section 17852(a)(12), other than a chipping and grinding operation or facility as defined in 14 CCR Section 17852(a)(10), that is permitted or authorized under 14 CCR Division 7; (ii) transfer/processing facility or transfer/processing operation as defined in 14 CCR Sections 17402(a)(30) and (31), respectively, that is permitted or authorized under 14 CCR Division 7; or (iii) a solid waste landfill as defined in Public Resources Code Section 40195.1 that is permitted under 27 CCR Division 2.

   c. Annually receive documentation from the POTW of the percentage of biosolids that the POTW produced and transported to activities that constitute landfill disposal in order to demonstrate that the POTW transported less than twenty-five percent (25%) of the biosolids it produced to activities that constitute landfill disposal. For the purposes of this Policy, landfill disposal is defined pursuant to 14 CCR Section 18983.1(a) and includes final disposition at a landfill; use of material as alternative daily cover or alternative intermediate cover at a landfill, and other dispositions not listed in 14 CCR Section 18983.1(b). Alternative daily cover or alternative intermediate cover

are defined in 27 CCR Sections 20690 and 20700, respectively.

d. Annually receive documentation that the POTW receives vehicle-transported solid waste that is an anaerobically digestible material for the purpose of anaerobic co-digestion with POTW treatment plant wastewater to demonstrate that the POTW meets the requirement of 14 CCR Section 18993.1(h)(2).

e. City shall submit these records to City's Waste Services Compliance Administrator on an annual basis, not to exceed ten (10) days from receipt of notification from the POTW.

C. Electricity Procured from Biomass Conversion. For Electricity Procured from Biomass Conversion, City shall:

1. Procure electricity from a biomass conversion facility that receives feedstock from a composting facility, transfer/processing facility, a solid waste landfill, and/or receives feedstock from the generator or employees on behalf of the generator of the Organic Waste and to the degree that it is available and practicable for City and to help meet the Annual Recovered Organic Waste Product Procurement Target, which requires compliance with criteria specified in 14 CCR Section 18993.1.

2. Maintain records and conduct the following recordkeeping activities:

a. Keep records in the same manner indicated in Section 3.2.A.3 of this Policy for the amount of Electricity Procured from Biomass Conversion facilities, including the general procurement record information specified in Section 3.2.A.3.a.

b. Receive written notification by an authorized representative of the biomass conversion facility certifying that biomass feedstock was received from a permitted solid waste facility identified in 14 CCR Section 18993.1(i).

c. Provide these records to City's Waste Services Compliance Administrator.

3.3 Requirements for Direct Service Providers

A. Direct Service Providers of landscaping maintenance, renovation, and construction shall:

1. Use Compost and SB 1383 Eligible Mulch, as practicable, produced from recovered Organic Waste, as defined in Section 2.B and 2.Q of this Policy, for all landscaping renovations, construction, or maintenance performed for City, whenever available, and capable of meeting quality standards and criteria specified. SB 1383 Eligible Mulch used for land application shall

comply with 14 CCR, Division 7, Chapter 12, Article 12 and must meet or exceed the physical contamination, maximum metal concentration and pathogen density standards specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

2. If Direct Service Provider is subject to City's WELO pursuant to Chapter 14.18 of City's Municipal Code, comply with one of the following, whichever is more stringent: (i) the locally-adopted WELO that is more stringent than the State's MWELO, or (ii) Sections 492.6 (a)(3)(B), (C), (D), and (G) of the State's MWELO, Title 23, Division 2, Chapter 2.7 of the CCR, as amended September 15, 2015, which requires the submittal of a landscape design plan with a "Soil Preparation, Mulch, and Amendments Section" to include the following:

    a. For landscape installations, Compost at a rate of a minimum of 4 cubic yards per 1,000 square feet of permeable area shall be incorporated to a depth of six (6) inches into the soil. Soils with greater than six percent (6%) organic matter in the top six (6) inches of soil are exempt from adding Compost and tilling.

    b. Apply a minimum three (3) inch layer of mulch on all exposed soil surfaces of planting areas except in turf areas, creeping or rooting groundcovers, or direct seeding applications where mulch is contraindicated. To provide habitat for beneficial insects and other wildlife, leave up to five percent (5%) of the landscape area without mulch. Designated insect habitat must be included in the landscape design plan as such.

    c. Procure organic mulch materials made from recycled or post-consumer materials rather than inorganic materials or virgin forest products unless the recycled post-consumer organic products are not locally available. Organic mulches are not required where prohibited by local Fuel Modification Plan Guidelines or other applicable local ordinances.

    d. For all mulch that is land applied, procure SB 1383 Eligible Mulch that meets or exceeds the physical contamination, maximum metal concentration, and pathogen density standards for land applications specified in 14 CCR Section 17852(a)(24.5)(A)(1) through (3).

3. Keep and provide records of Procurement of Recovered Organic Waste Products (either through purchase or acquisition) to City's Waste Services Compliance Administrator, upon completion of projects. Information to be provided shall include:

    a. General description of how and where the product was used and if applicable, applied;

b. Source of product, including name, physical location, and contact information for each entity, operation, or facility from whom the Recovered Organic Waste Products were procured;

c. Type of product;

d. Quantity of each product; and,

e. Invoice or other record demonstrating purchase or procurement.

B. Direct Service Provider of Organic Waste collection services shall:

1. Provide a specified quantity of Compost or SB 1383 Eligible Mulch to City and its customers via periodic "giveaways" as specified in a franchise agreement or other agreement.

2. Keep and provide records to City including the following:

a. Dates provided

b. Source of product including name, physical location and contact information for each entity, operation or facility from whom the Recovered Organic Waste Products were procured;

c. Type of product;

d. Quantity provided; and,

e. Invoice or other record or documentation demonstrating purchase, procurement, or transfer of material to giveaway location.

SECTION 4. RECYCLED-CONTENT PAPER PROCUREMENT

4.1 Requirements for City Departments

A. Comparable or more favorable pricing: If fitness and quality of Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper are equal to that of non-recycled items, all departments and divisions of City shall purchase Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, whenever available at the same or a lesser total cost than non-recycled items, consistent with the requirements of the Public Contracts Code, Sections 22150 through 22154 and Sections 12200 and 12209, as amended.

B. All Paper Products and Printing and Writing Paper shall be eligible to be labeled with an unqualified recyclable label as defined in Title 16 Code of Federal Regulations Section 260.12 (2013).

C. Each City department shall provide records, at least quarterly, to City's Waste Services Compliance Administrator of all Paper Products and Printing and Writing Paper purchases (both recycled-content and non-recycled content, if any is purchased) made by a division or department or employee of City. Records shall include a copy of the invoice or other documentation of purchase, written certifications as required in Section 4.2.A.3-4 for recycled-content purchases, vendor name, purchaser name, quantity purchased, date purchased, and recycled content (including products that contain none), and if non-Recycled-Content Paper Products and/or non-Recycled-Content Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

4.2 Requirements for Vendors

A. All vendors that provide Paper Products (including janitorial Paper Products) and Printing and Writing Paper to City shall:

1. Provide Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, if fitness and quality are equal to that of non-recycled item, and available at equal or lesser price.

2. Only provide Paper Products and Printing and Writing Papers that meet Federal Trade Commission Recyclability standard as defined in Title 16 Code of Federal Regulations Section 260.12 (2013).

3. Certify in writing, under penalty of perjury, the minimum percentage of postconsumer material in the Paper Products and Printing and Writing Paper offered or sold to City. This certification requirement may be waived if the percentage of postconsumer material in the Paper Products, Printing and Writing Paper, or both can be verified by a product label, catalog, invoice, or a manufacturer or vendor internet website.

4. Certify in writing, under penalty of perjury, that the Paper Products and Printing and Writing Paper offered or sold to City is eligible to be labeled with an unqualified recyclable label as defined in Title 16 Code of Federal Regulations Section 260.12 (2013).

5. Provide records on a quarterly basis to City's Waste Services Compliance Administrator for all Paper Products and Printing and Writing Paper purchased from the vendor (both recycled-content and non-recycled content, if any is purchased) made by a division or department or employee of City. Records shall include a copy of the invoice or other documentation of purchase, written certifications as required in Section 4.2.A.3-4 for recycled-content purchases, purchaser name, quantity purchased, date purchased, and recycled content (including products that contain none), and if non-Recycled-Content Paper Products and/or non- Recycled-Content

Printing and Writing Paper are provided, include a description of why Recycled-Content Paper Products and/or Recycled-Content Printing and Writing Paper were not provided.

B. All vendors providing printing services to City via a printing contract or written agreement, shall use Printing and Writing Paper that consists of at least thirty percent (30%), by fiber weight, postconsumer fiber, or as amended by Public Contract Code Section 12209.

SECTION 5. RECORDKEEPING RESPONSIBILITIES

A. The City's Environmental Utilities Waste Services department, through its Compliance Administrator, will be responsible for obtaining records pertaining to Procurement of Recovered Organic Waste Products and Recycled-Content Paper Products and Recycled-Content Printing and Writing Paper.

B. City's Waste Services Compliance Administrator will track Procurement of Recovered Organic Waste Products, Recycled-Content Paper Products, and Recycled-Content Printing and Writing Paper as specified in previous sections of this policy.

SECTION 6. EFFECTIVE DATE OF POLICY

This Policy shall go into effect January 1, 2022.

Title:	Urban Water Management Plan and Water Management Plan Updates - Professional Services Agreement Amendment
Contact:	Jason Marks 916-342-9573 jtmarks@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.9.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council approve the first amendment to the Professional Services Agreement with Waterworks Engineers, LLC for the Urban Water Management Plan and Water Management Plan Updates Project and adopt a resolution authorizing the City Manager to execute it on behalf of the City.

BACKGROUND

The Urban Water Management Planning Act was originally established by Assembly Bill 797 on September 21, 1983. Passage of the Urban Water Management Planning Act was recognition by state legislators that water is a limited resource, and a declaration that efficient water use and conservation would be actively pursued throughout the state. The primary objective of the Urban Water Management Planning Act is to direct urban water suppliers to develop an Urban Water Management Plan (UWMP) which provides a framework for long-term water supply planning, and documents how urban water suppliers are carrying out their long-term resource planning responsibilities to ensure adequate water supplies are available to meet existing and future water demands. UWMPs are required to be updated every five years and must be submitted to the California Department of Water Resources (DWR). The most recent two versions of the City of Roseville's UWMPs were adopted by City Council on May 18, 2016, and June 16, 2021.

Additionally, the Central Valley Improvement Act of 1992 and Section 210(b) of the Reclamation Reform Act of 1982 require certain entities that enter into a water service or repayment contract with the Bureau of Reclamation (Reclamation) to prepare and submit to Reclamation a Water Management Plan (WMP). This WMP is required to be updated every five years and Roseville's City Council last approved the plan on October 4, 2017.

The City executed a professional services agreement with Waterworks on December 2, 2020, for the Urban Water Management Plan and Water Management Plan Updates Project. During the drafting of the most recent UWMP, a cost overrun was encountered due to DWR making late and unforeseen changes to the UWMP guidance documents during spring of 2021. Additional time

was necessary to evaluate how these changes would impact the preparation of the City's UWMP and extra time required for data collection.

Another task added as part of this amendment includes updating the City's demand tracking tool to include new information and projections from the 2020 UWMP. Finally, a task was included to provide engineering support to complete the first year of the Annual Water Supply and Demand Assessment which is required to be completed by July 1, 2022.

FISCAL IMPACT

The first amendment to the Professional Services Agreement for the Urban Water Management Plan and Water Management Plan Updates Project with Waterworks is for a not-to-exceed amount of $68,225, which increases the total not-to-exceed amount for the agreement to $189,909. Adequate funding is available in the Water Operations Fund budget.

ENVIRONMENTAL REVIEW

In accordance with California Code, Water Code Section 10652, approval of the proposed Urban Water Management Plan and Water Management Plan Updates Project is statutorily exempt from the California Environmental Quality Act (CEQA, [Division 13, commencing with Section 21000] of the Public Resources Code). No additional environmental review is required.

FIRST AMENDMENT TO

PROFESSIONAL SERVICES AGREEMENT

Project: Urban Water Management Plan and Water Management Plan Updates

THIS FIRST AMENDMENT TO AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and Water Works Engineers, LLC, an Arizona limited liability company ("CONSULTANT");

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into a Professional Services Agreement dated December 2, 2020 ("Agreement") regarding professional services for the Urban Water Management Plan and Water Management Plan Updates ("Project"); and

WHEREAS, CITY desires to amend the Agreement to include additional services as described in CONSULTANT's letter/proposal dated August 2, 2021, which is attached hereto as Exhibit "A" and incorporated herein by reference; and

WHEREAS, CONSULTANT is willing and able to provide such additional services.

NOW, THEREFORE, the parties agree as follows:

1. CONSULTANT shall provide additional services as described in Exhibit "A" of this First Amendment to Agreement.

2. Section 2 of the Agreement is amended by adding an additional paragraph to read as follows:

"CITY shall pay sixty-eight thousand, two hundred twenty-five dollars ($68,225), in consideration of the additional services as set forth in Exhibit "A" to the First Amendment to Agreement. This brings the total not to exceed contract amount to one hundred eighty-nine thousand, nine hundred nine dollars ($189,909)."

3. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this First Amendment to Agreement to be executed.

RE: Amendment 1 - Urban Water Management Plan and Water Management Plan Updates Project

Mr. Marks:

Water Works Engineers (WWE) is pleased to submit the following proposed scope and fee for Amendment 1 to the City's **Urban Water Management Plan (UWMP) and Water Management Plan (WMP) Updates Project.**

This proposed amendment encompasses the following items as requested by City of Roseville staff:

1. Adjustments to the following task budgets under the existing contract due to the timing and scope of guidance issued by the Department of Water Resources (DWR):

   - ✓ Task 1 - Project Management
   - ✓ Task 2 - Data Collection and Review

2. Update to the City's Water Demand Tracking tool to include new information and projections from the 2020 Urban Water Management Plan and Water Shortage Contingency Plan (WSCP) Update processes as well as ongoing support for development updates as needed

3. Engineering support for the City's first year to complete the Water Supply and Demand Assessment procedures and reporting as outlined in the current Water Shortage Contingency Plan

Our team has worked closely with City staff through the Urban Water Management Plan and Water Shortage Contingency Plan Update processes over the last 8 months and looks forward to the opportunity to continue work with this adjustment and additional related scope as part of that project. The following attached scope and fee proposals represent our understanding of the City's desired support for the items listed above.

If you have any questions or would like any additional information, please contact Colleen or Mike. We look forward to working with the City to deliver this project smoothly and efficient.

Very Truly Yours,
WATER WORKS ENGINEERS, LLC

Colleen Boak, P.E.
Project Manager

Michael J. Fisher, P.E.
Principal-in-Charge

SCOPE

The following services will be provided by ENGINEER as part of Amendment 1.

1. **Adjustments to Existing Project Task Budgets - $17,638**

Subtask 1 – Project Management - $9,392

The addition of scope requested in items 2 and 3 outlined below requires additional Project Management effort as follows:

- ✓ Project Communication and Control
  - Coordination of all project team activities
  - Communication of project progress and issues to CITY staff
  - Project schedule maintenance and control of project tasks to keep project schedule on track
  - Cost tracking of all engineering activities and active cost control of fees.
- ✓ Quality Assurance/Quality Control
  - Plan and implement Quality Assurance/ Quality Control Policy with the entire project team
  - Ensure QA/QC procedures are being followed at each step in the design process

This level of effort is estimated at 40 hours for an E3, and 8 hours for an E5.

Meetings	Biweekly check in calls
Deliverables	Monthly Progress Reports and Invoicing

Subtask 2 – Data Collection and Review - $8,246

During the course of work on the Urban Water Management Plan Update, the Department of Water Resources departed from its published and projected schedule for issuance of one final version of the UWMP Guidebook in the Fall of 2020. An additional Draft of the Guidebook was issued in March of 2021, with the Final issued in April 2021. Final training was not published until June 9, 2021 while the deadline for UWMP and WSCP submission remained at July 1, 2021. Due to this timing as well as additional changes made to the document requirements, extra effort was needed to collect and process data for inclusion in the Draft UWMP for City and public review. These efforts expended some budget capacity planned for Data Collection and review process to support the upcoming Water Management Plan in Spring 2022, within this same task. To correct this task budget, an addition not to exceed $8,006 is proposed.

This level of effort is estimated at 30 hours for an E1, 16 hours for an E3, and 4 hours for an E5.

Meetings	✓ Data review meetings (2, remote)
Deliverables	✓ Utility data analyses and summaries as necessary to complete the WMP update (Excel)

2. (NEW TASK) Update to the City's Water Demand Tracking Tool and Ongoing Support

WWE will provide engineering support for Water Utility Staff in an update to the City's Water Demand Tracking Tool and well as ongoing updates coordinated with Development Services. This will require the update of existing development projections for each specific plan to conform with the City's most recently published Planning Element within the General Plan (published August 2020). Updates to calculations for the Utility's planning for groundwater and surface supply usages under a variety of operational conditions, the updates to planned demand projections will be compared to updated supply projections in summary tables and graphs.

Schedule for this task will be as agreed to by City and WWE staff. This level of effort is estimated at 100 hours for an E1, 32 hours for an E3, and 4 hours for an E5.

Meetings	✓ Demand Tracker review meetings (3, remote)
Deliverables	✓ Updated Demand Tracking Tool (Excel)

3. (NEW TASK) Engineering Support for the City's first year compliance (2022) with Water Supply and Demand Assessment Procedures and Reporting

WWE will assist the City in completing their Water Supply and Demand Assessment procedures according to the outline in the Water Shortage Contingency Plan. WWE will assist with the preparation of numeric assessments to assist with Steps 4, 6, 8, and 11 of the WSCP "Annual Water Supply and Demand Assessment Procedures" as attached in Appendix A, by means of Excel spreadsheet update or development for 2022-year data, to support decision making by City staff. WWE staff will not replace City staff in their specific roles outlined in the WSCP.

WWE will prepare a technical memorandum outlining the supply and demand assessment procedures undertaken by the City in early 2022 to be submitted to DWR by July 1st of 2022 in accordance with the Procedures as outlined. It is assumed that City procedures will be concluded by April 15th of 2022, and a draft of this Technical Memo prepared and submitted to the City for review by June 1st, 2022 to accommodate submission to DWR by July 1, 2022 or two weeks following the receipt of final Bureau of Reclamation water allocations, whichever is later in compliance with DWR requirements.

DWR has not yet announced the specific requirements, format of this report, or submission mechanism. The assumption made at this time is for a Technical Memorandum and email or electronic submission. If guidance issued at a later date by DWR exceeds the estimated level of effort contained herein, WWE will

notify the City and provide an estimate of additional effort required for the City's consideration and/or approval.

This level of effort is estimated at 120 hours for an E1, 60 hours for an E3, and 8 hours for an E5.

Meetings	✓ Procedural Planning Meeting (1, remote) ✓ Review Meetings for Assessment Data (3, remote) ✓ Review Meetings for Technical Memo (2, remote)
Deliverables	✓ Supply and Demand Assessment Projections(Excel) ✓ Technical Memo – City of Roseville Supply and Demand Management Procedures and Results (.pdf) ✓ Electronic submission of Technical Memo

File #: 0800-02

Title:	Landfill Water Quality and Gas Monitoring Services - Professional Services Agreement
Contact:	Michelle White 916-774-5774 mjwhite@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.10.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council adopt a resolution to approve a professional services agreement with Jacobs Engineering Group, Inc. for 2022 Water Quality and Landfill Gas Monitoring and Reporting Services and other Regulatory-Required Technical Assistance and authorize the City Manager to execute the agreement on behalf of the City.

BACKGROUND

The closure of the Roseville Sanitary Landfill was completed in late 1995 in accordance with Waste Discharge Requirements (WDR) Order No.94-015 and the California Code of Regulations Article 5, Title 23. From these regulations came state-mandated post-closure requirements to establish a groundwater and landfill gas-monitoring program for the site.

Since 1994, the City has conducted groundwater monitoring at the landfill and has hired the engineering firm Jacobs Engineering Group, Inc. (Jacobs) to review data and report on the nature of any release from the landfill to the groundwater. Jacobs' annual water quality report has established baseline water quality parameters and evaluates the effectiveness of the landfill closure. Generally, it takes a number of years of groundwater monitoring and analysis to determine if a landfill closure has been effective. At this time, further monitoring and reporting is required.

Also for Council consideration is the preparation of the Year 2022 Reports and regulatory assistance including:

- Data compilation and analysis for all data collected between January 2022 and December 2022 for water quality and landfill gas monitoring.
- Semi-annual and annual report preparation and submission to the Regional Water Quality Control Board (RWQCB) for approval.
- Regulatory assistance for the Saugstad Park in the amount of $14,750 is also included in the overall agreement budget.

Staff believes that award of this sole source agreement is in the best interest of the City for the following reasons:

- Jacobs has developed an excellent working relationship with representatives of the Department of Resource Recycling and Recovery (CalRecycle), the RWQCB, and Placer County Environmental Health (local enforcement agency). Representatives from these three agencies have developed a trust in Jacobs's abilities, performance, and recommendations as to the best course of action to take when dealing with issues from the site.
- Their work to date has been excellent. Staff is confident the firm's comprehensive understanding of Roseville's landfill gas and water issues will ensure the City a successful, state-approved landfill closure.

FISCAL IMPACT

The 2022 contract amount of $267,900 is budgeted in the Waste Services Operation Fund. Funding for the water quality and landfill gas monitoring and reporting services are included in the solid waste service rates.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

PROFESSIONAL SERVICES AGREEMENT

Project: 2022 Water Quality and Landfill Gas Monitoring and Reporting Services and Regulatory-Required Technical Assistance for the Closed City of Roseville Sanitary Landfill and Related Solid Waste Services Technical and Regulatory Assistance

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and Jacobs Engineering Group Inc., a Delaware corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY desires professional services for regulatory-required water quality and landfill gas monitoring and reporting services during 2022 and additional regulatory-required technical support for compliance at the closed Roseville Landfill located at Galleria Boulevard and Berry Street; and

WHEREAS, CONSULTANT has prepared a proposal dated September 3, 2021, which describes the scope of work to be performed by CONSULTANT, the budget for the work, and the schedule for performance of the work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional services.

NOW, THEREFORE, the parties agree as follows:

1. Services. CONSULTANT shall perform, at the direction of CITY, the scope of services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference.

2. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the budget estimate as described in EXHIBIT "A". Total compensation shall not exceed two hundred sixty-seven thousand, nine hundred dollars ($267,900).

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

3. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

4. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory
Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be

primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall

have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

6. Time is of the Essence. Time is of the essence of this Agreement.

7. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

8. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement. The standard of care applicable to CONSULTANT's services will be the degree of skill and diligence normally employed by professional engineers or consultants performing the same or similar services at the time said services are performed. CONSULTANT will reperform any services not meeting this standard without additional compensation.

9. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

10. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

11. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

12. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or

making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

13. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

14. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

15. Termination of Agreement. The City may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any Material, notwithstanding any termination or any dispute regarding the amount to be paid.

16. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

17. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

18. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

19. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Devin Whittington 2005 Hilltop Circle Roseville, CA 95678	Josh Lawson, Manager of Projects 2485 Natomas Park Drive, Ste. 600 Sacramento, CA 95833

Either party may amend its address for notice by giving notice to the other party in writing.

20. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

Subject: Proposal for 2022 Water Quality and Landfill Gas Monitoring and Reporting Services and Other Regulatory-Required Technical Assistance for the Closed City of Roseville Sanitary Landfill and Related Solid Waste Services Technical and Regulatory Assistance

Dear Mr. Whittington,

Jacobs Engineering Group Inc. (Jacobs) is pleased to provide this proposal to the City of Roseville (City) for regulatory-required water quality and landfill gas monitoring and reporting services during 2022 and additional regulatory-required technical support for compliance at the closed Roseville Landfill located at Galleria Boulevard and Berry Street. This letter presents the proposed scope of work and fees for Jacobs to provide these services in accordance with the following documents:

- The *Post-Closure Maintenance Plan* (PCMP), initially approved for the landfill closure in 1994/1995, and revised in November 2020
- Waste Discharge Requirements (WDRs) and Monitoring and Reporting Program (MRP), Order Number R5-2019-0054, revised June 7, 2019 (Revised MRP)

For cost efficiency, Jacobs proposes to continue using the following subcontractors for recurring scope in 2022: Blaine Tech for groundwater sampling and Pace Analytical for laboratory services. Blaine Tech has been performing the same work for this site under Jacobs since 2013 and is screened and approved through our health and safety program. Pace Analytical has provided laboratory analytical services since 2020.

We appreciate the opportunity to continue to provide the City with consulting services for the landfill. As we have for more than two decades, Jacobs will continue to perform water quality and landfill gas services work to meet regulatory deadlines with continuous efforts toward cost efficiencies. This proposal assumes that contract terms will be mutually agreed to as in previous years.

As requested by the City, Jacobs has included budget for additional technical and regulatory support for other related solid waste services, as directed by the City, separated into two separate tasks: Regulatory Assistance for the Roseville Landfill and Regulatory Assistance for Saugstad Park. The tasks for this work are summarized separately from the 2022 water quality and landfill gas monitoring and reporting services.

JACOBS

Scope of Work

Task A.1: Regulatory Assistance

Jacobs will continue to provide regulatory interface and support to the City, as directed by the City's project manager. This work will primarily consist of communicating with regulatory agencies regarding the status of the landfill gas and water quality monitoring and reporting programs, and coordinating and participating in meetings with the regulatory agencies and the City to discuss program status and concerns. As in previous years, this general regulatory assistance will be performed on a time-and-materials basis within the allowable budget as directed by the City. For this level of effort, Jacobs has assumed a total of 1 hour per month for 12 months (duration of this scope of work) for the project manager or senior technical consultant to interface with both Placer County Environmental Health as the Local Enforcement Agency (LEA) on issues related to landfill gas and public health and the Regional Water Quality Control Board, Central Valley Region (CVRWQCB) regarding groundwater, surface water, and storm water runoff quality. Additionally, Jacobs has assumed that up to two meetings would be held at the City office or landfill with the Jacobs project manager and one senior technical consultant attending. Meeting topics may include general landfill concerns, water quality issues, or regulatory issues affecting the landfill or reporting. For these two meetings, 24 total hours are budgeted for the project team for making preparations, attending strategy discussions with the City, attending meetings, providing summary-level action item notes, and providing as-needed follow-up documentation.

Task A.2: Groundwater and Surface Water Monitoring and Landfill Annual Facility Inspection

Subtask A.2.1: Groundwater and Surface Water Quality Sampling and Analyses

Jacobs will continue to subcontract Blaine Tech to provide labor, materials, equipment, and consumable supplies in order to conduct groundwater and surface water monitoring and sampling. Pace Analytical will conduct laboratory sample analysis in accordance with the Revised MRP dated June 7, 2019. Attachment A includes the analyte list, analytical method, and the sampling event. Prior to field sampling, Jacobs will coordinate sample bottles and chains of custody with the laboratory for delivery with proper sample containers, required preservatives, labels, and collection and submission requirements. One week prior to field sampling activities, Jacobs will notify CVRWQCB of the sampling date. Groundwater and surface water sampling activities will be conducted semiannually in the first and third quarters of 2022 for the 13 groundwater monitoring wells and three surface water locations. Each of the two sampling events is assumed to be completed within 3 days. Table B-1 of Attachment B provides a list of groundwater and surface water monitoring locations and their sampling frequencies. The sampling team will measure depth to groundwater, perform groundwater sampling, obtain field parameters, fill the required sample containers, maintain field notes in accordance with the Revised MRP, and ship the samples daily to the laboratory for analysis. The sampling team will obtain field water quality parameters, perform surface water sampling, and fill the required sample containers at surface water locations. At the completion of the sampling event, field notes, calibration logs, inspection notes, and chain-of-custody forms will be compiled. Laboratory data will be validated as part of Jacobs's quality assurance/quality control program for incorporation into the Semiannual and Annual Monitoring Reports discussed in Subtasks A.3.1 and A.3.2, respectively.

Jacobs will attempt to perform the groundwater and surface water monitoring Subtask A.2.1 to coincide with the landfill gas sampling described in Task A.4. However, scheduling or weather conditions may prevent the work for these tasks from being conducted concurrently. As a contingency, additional hours and separate mobilization costs are included for each of these tasks.

Subtask A.2.2: Annual Facility Inspection, Annual Facility Inspection Completion Report, and Landfill Standard Observations

Jacobs will perform one annual facility inspection of the landfill during third quarter 2022. The Revised MRP requires that the City conduct an annual facility inspection by September 30 each year and complete repairs by October 31 of each year. The annual facility inspection will include the City and two Jacobs staff, and will be up to 4 hours in duration. The City is responsible for completing the repairs

identified during the inspection by October 31. This scope assumes that the City will send photos of the completed repairs to Jacobs to complete the Annual Facility Inspection Report.

The City will remain responsible for conducting landfill standard observations (the Revised MRP indicates a frequency of quarterly, but the City historically performs monthly observations) and significant storm event (2 inches or more precipitation within a 24-hour period) inspections in accordance with the Revised MRP. Jacobs will assist the City in monitoring the precipitation throughout the rainy season and will notify the City if a significant storm event occurs. The City will provide the landfill standard observations to Jacobs for review and inclusion in the First Semiannual and Second Semiannual/Annual Monitoring Reports (Subtasks A.3.1 and A.3.2, respectively), consistent with their current observation forms and processes.

Deliverables

Jacobs will provide the City with an e-mail documenting applicable observations and recommendations from the annual facility inspection for the City's review. After receiving photos of the completed repairs from the City, Jacobs will provide the City with an electronic draft of the Annual Facility Inspection Completion Report for review. The City will provide comments on the Annual Facility Inspection Completion Report within 1 week. Jacobs will incorporate comments received from the City and will finalize the Annual Facility Inspection Report. For additional cost efficiency, Jacobs will distribute on behalf of the City an electronic version of the final report to the City, CVRWQCB, and the LEA on or before the November 15, 2022 deadline. The Annual Facility Inspection Completion Report also will be included as an appendix in the Annual Monitoring Report as described in Subtask A.3.2.

Task A.3: Groundwater and Surface Water Quality Reporting

The groundwater and surface water quality reporting for 2022 consists of preparing and submitting the First Semiannual Monitoring Report to CVRWQCB by August 1, 2022 (Subtask A.3.1) and the Second Semiannual/Annual Monitoring Report by February 1, 2023 (Subtask A.3.2).

Subtask A.3.1: 2022 First Semiannual Monitoring Report

The 2022 First Semiannual Report will be prepared in accordance with Revised MRP, Reporting Section B.3.a. The report will present a summary of groundwater, surface water, and landfill gas monitoring data, as well as an evaluation of the effectiveness of the corrective action program. The report will include the following:

- Compliance summary
- Summary of standard observations and facility monitoring results
- Landfill gas monitoring results and discussion
- Groundwater and surface water monitoring results
- Updated figures, tables, and text from the previous annual report to reflect the most recent data
- Contour maps of groundwater elevations, total volatile organic compounds (VOCs), total dissolved solids, and stiff diagrams
- Evaluation of the corrective action progress and effectiveness

Deliverables

Jacobs will provide the City with an electronic version of the draft report and cover letter (to be signed by the City's designated official) for review. The cover letter will be addressed to the CVRWQCB. The City will provide Jacobs with comments on the report within 2 weeks, with a PDF of the signed cover letter for distribution with the report to the regulatory agencies. Jacobs will incorporate comments received from the City and will finalize the report for distribution to the CVRWQCB and the LEA. Jacobs will notify the

CVRWQCB that the final report and data have been uploaded into the CVRWQCB's GeoTracker system, as required. For additional cost efficiency, Jacobs will distribute on behalf of the City an electronic version of the final report to the City and the LEA. Jacobs assumes that the City will not need hard copies, but only electronic copies. The final version of the First Semiannual Report will be submitted to the CVRWQCB on or before the August 1, 2022 deadline, assuming receipt of comments from the City on the draft report within 2 weeks of delivery from Jacobs.

Subtask A.3.2: 2022 Second Semiannual/Annual Monitoring Report

The 2022 Second Semiannual/Annual Monitoring Report will be prepared in accordance with the Revised MRP, Reporting Section B.3.b. The report will include the elements required in the semiannual report and the following:

- Summary of standard observations and facility monitoring results
- Year-end summary showing groundwater, surface water, and landfill gas monitoring results for the year indicating changes made or observed since the previous annual report
- Tabular and graphical summaries of the monitoring results, including representative time-series plots
- Hydrographs of each well showing the elevation of groundwater, top and bottom of the screened interval, and pump intake
- Historical monitoring data
- Updated statistical analysis along with new concentration limits
- Annual Facilities Inspection Completion Report (formerly called the Winterization Report, Section A.2.2)

Deliverables

Jacobs will provide the City with an electronic version of the draft report and cover letter (to be signed by the City's designated official) to review. The cover letter will be addressed to the CVRWQCB. The City will provide Jacobs with comments on the report within 2 weeks, with a PDF of the signed cover letter for distribution with the report to the regulatory agencies. Jacobs will incorporate comments received from the City and will finalize the report for distribution to the CVRWQCB and the LEA. Jacobs will notify the CVRWQCB that the final report and data have been uploaded into the CVRWQCB's GeoTracker system as required. For additional cost efficiency, Jacobs will distribute on behalf of the City an electronic version of the final report to the City, CVRWQCB, and LEA. The final version of the Second Semiannual/Annual Monitoring Report will be submitted to CVRWQCB on or before the February 1, 2023 deadline assuming receipt of comments from the City on the draft report within 2 weeks of delivery from Jacobs.

Task A.4: Landfill Gas Monitoring and Reporting

Landfill gas monitoring will be performed using the approved procedures and methods described in the PCMP semiannually for 15 permanent landfill gas monitoring wells and annually for 18 utility locations. Table B-2 of Attachment B provides a list of landfill gas monitoring locations and their sampling frequencies.

One Jacobs staff member will monitor the landfill gas monitoring locations listed in Table B-2 for methane, carbon dioxide, oxygen, and soil gas pressure using a LandTEC GEM 5000 or equivalent and VOCs using a MiniRae 3000 or equivalent. The instruments will arrive calibrated and will be checked in the field before monitoring begins. Landfill gas sampling activities are assumed to be completed in 1 day. A summary of the field activities and results will be provided semiannually in accordance with California Code of Regulations (CCR) Title 27, Section 20934, and will include the following:

- The concentrations of methane and VOCs as measured at each monitoring well/probe and within each on-site structure
- The documentation of date, time, barometric pressure, atmospheric temperatures, general weather conditions, and probe pressures at the time the sample was taken or the probe was monitored

- The names of the sampling personnel, apparatus utilized, and brief description of the methods used
- Summary of visual inspections and repairs
- Figure showing gas monitoring locations

The report will be submitted to the LEA within 90 days of each monitoring event as required by CCR Title 27, Section 20934. Jacobs will perform gas monitoring and sampling during the first and third quarters 2022.

Deliverables

Jacobs will provide the City with an electronic draft version of each landfill gas monitoring report to review within 45 days of completion of a monitoring event. The City will provide comments on the report within 2 weeks. Jacobs will incorporate comments received from the City and will finalize the report. Jacobs will submit an electronic copy of the report to the City, LEA, and CVRWQCB. Additionally, a copy will be included as an appendix in the First Semiannual and Second Semiannual/Annual Water Quality Monitoring Reports described in Task A.3.

If applicable for the monitoring events, Jacobs will submit notification of detected exceedances of the reporting limit to the LEA and City by e-mail, followed by written notification along with the barometric pressure data corresponding to the exceedance. Note that exceedances are not anticipated; therefore, this scope and budget do not include confirmation sampling and analyses responding to any exceedances beyond the notification immediately following the detection. Should additional actions be required attributable to an exceedance, this activity could be addressed under Task A.7 (Contingency) or separately, as directed by the City.

Task A.5: Area B and Antelope Creek Evaluation

During the 2012 iso-settlement survey, it was first noted that the eastern edge of Area B may potentially be affected by erosion from Antelope Creek. This area has been monitored during the annual facility inspection/winterization inspection. During the 2020 annual facility inspection, there did not appear to be major changes in creek bank conditions since the 2019 inspection.

Jacobs will perform several tasks to evaluate changes to the creek bank and Area B, and will include the following actions:

- Review the 2012, 2017, and 2022 iso-settlement contours for changes to the creek bank and potential impacts to Area B.
- Collect measurements from the edge of the creek bank to fixed locations before and after the rainy season to evaluate the amount of erosion.
- Review the flow analysis from the Antelope Creek Flood Control Project.

Deliverables

Jacobs will provide the City with a technical memorandum with an evaluation of the current condition of the creek bank near Area B. It is assumed that this document will not require regulatory review or approval.

Task A.6: Financial Assurance

CCR Title 27, Sections 22212 and 22222 require that the City set aside funds to be used for post-closure maintenance and for corrective action in the case of a release. This requirement is reflected in Section F of the WDR, which states that the financial assurances report is due to the CVRWQCB by June 2 annually.

At the request of the City, Jacobs will prepare financial assurance support, including:

- Updated costs for post-closure maintenance and corrective actions.
- An addendum to the PCMP, if estimated costs or activities change and are required by regulatory agencies.

Task A.7: Landfill Contingency

A contingency budget has been included for the 2022 water quality and landfill gas work, as in previous years, to be used as directed by the City to address additional landfill environmental concerns should they arise. For example, if there is an exceedance of perimeter landfill gas monitoring well action levels, this task can be activated by the City to address the exceedance as required by regulations. Alternatively, for example, this task may be used to evaluate a failed pump in a groundwater monitoring well or to optimize the parameters list found in Table C.3 of the Revised MRP according to ongoing field conditions.

The budget for this task consists of up to 50 hours of labor and approximately $2,500 to cover expenses such as travel to meetings and to the landfill site, as well as renting or repairing field equipment. This task will be billed on a time-and-materials basis, as directed by the City project manager, up to the task budget limit.

Task A.8: 5-Year Iso-Settlement Analysis

CCR Title 27 Section 21090 requires at least every five years after completing closure of the landfill, the owner shall produce and submit to the RWQCB an iso-settlement map accurately depicting the estimated total change in elevation of each portion of the final cover's low-hydraulic-conductivity layer. In addition, each five-yearly iteration of the iso-settlement map shall show all areas where differential settlement has been noted since the previous map and analysis submittal (last map and analysis were performed in 2017 for the Roseville Landfill) and shall highlight area of repeated or severe differential settlement.

The analysis includes overlaying the most recent topographical map from the aerial survey on the original topographical map at closure and the previous map submittal (2017) to calculate settlement that has occurred. Digital Terrain Model (DTM) data will be used from the topographic maps to develop isopach contours detailing the settlement. The map shall be drawn to the same scale and contour intervals as the topographic map at closure.

The City will complete a topographic aerial survey that includes the landfill property by June 30, 2022 and provide the survey information to Jacobs for this analysis. This proposal assumes that the topographic aerial survey files that will be prepared by others are usable and meet these specifications:

- Aerial triangulation of the site will be performed to provide additional ground control.
- Topographic map will be provided in NAD 83 SPCS Zone 2 for horizontal control and NAVD 88 for vertical datum.
- Stereo digitizing of the DTM data and digital collection of planimetric features at the scale of 1" = 50' will be complete for the site and adjacent areas.
- Planimetric features provided will depict the locations of wetlands, floodplains, water features, drainage patterns, tanks, buildings, utilities, paved areas, easements, right-of-ways, and other pertinent features.
- DTM data provided will be processed, plotted at a 1" = 100' scale with 1' contour interval, edited for quality control, translated to MicroStation files and ASCII data for each site, and an electronic copy will be provided to the City. The digital version of the photographs shall also be included via electronic copy.

Jacobs will prepare a report detailing the analysis and providing the isopach maps for submittal to the regulatory agencies. This report will be stamped by a California Registered Civil Engineer overseeing the work.

Deliverables

Jacobs will provide the City with an electronic version of the draft report and cover letter (to be signed by the City's designated official) to review. The cover letter will be addressed to the RWQCB. The City will provide a signed electronic copy of the cover letter to Jacobs to distribute to the regulatory agencies. Jacobs will incorporate comments received from the City and finalize the report for distribution to the RWQCB, LEA, and CalRecycle. Jacobs will provide a final electronic version of the report to the City for distribution to RWQCB, LEA, and CalRecycle.

Task B.1: Saugstad Park Regulatory Assistance

The City may require regulatory assistance with ongoing discussions regarding Saugstad Park. Jacobs will provide regulatory interface and support to the City, as directed by the City's project manager. This work will primarily consist of communicating with regulatory agencies regarding Saugstad Park activities and coordinating and participating in meetings with the regulatory agencies and the City to discuss status and concerns. Similar to Task A.1, this general regulatory assistance will be performed on a time-and-materials basis within the allowable budget as directed by the City. For this level of effort, Jacobs has assumed a total of 1 hour per month for 12 months (duration of this scope of work) for the project manager or senior technical consultant to interface with Placer County Environmental Health as the LEA and the CVRWQCB. Additionally, Jacobs included a budget up to 50 hours of labor and $2,500 to cover expenses for other regulatory requirements, such as landfill gas monitoring or preparation of technical memoranda.

Project Team

This project will be managed by Mr. Dan Chern, an Environmental/Civil Engineer, with support from Ms. Janet Goodrich, a registered Civil Engineer in California, both of whom are based out of our Sacramento office. Dan has more than 15 years of experience in environmental remediation, hydrogeology, surface water and groundwater monitoring, water quality sampling and analysis, and compliance reporting. Janet has more than 30 years of experience in the landfill and solid waste industries, and she has supported the Roseville Landfill environmental monitoring program for 27 years.

Key staff members for this project include previous project team members experienced in landfill regulations, engineering, water quality and landfill gas monitoring, closed landfill maintenance, and compliance reporting. Involvement of these dedicated staff will maintain a high level of project continuity and work efficiency. Jacobs proposes to use the following core project team members for 2022:

- Project Manager – Dan Chern
- Water Quality Senior Review – Brian Schroth, PhD, PG, CH
- Landfill Gas and Landfill Cap System Senior Review – Janet Goodrich, PE
- Solid Waste Senior Technical Consultant – Jordan Norris, PMP and Josh Mooneyham, PE
- Water Quality Sampling Lead – Lindsey Xayachack

COVID-19

In response to the Coronavirus (COVID-19) outbreak, Jacobs has taken appropriate steps to ensure the health and well-being of our people as well as the continuity of our business operations around the globe. Jacobs has adopted mitigation strategies and protocols based on recognized world standards and guidelines, applying appropriate travel restrictions and abiding by state and municipal proclamations/ declarations regarding shelter in place and/or business closures. Based on the foregoing, this proposal,

including the schedule of activities, is contingent on being able to appropriately and safely staff and perform (including travel), in light of the Coronavirus outbreak.

Cost Proposal

Jacobs proposes to complete this work on a time-and-materials basis according to the budget for this work as presented in Table 1, assuming the same terms and conditions as Resolution 21-051, Professional Services Agreement, dated February 17, 2021. Jacobs' billing and expense rates for 2022 and 2023 are presented in Attachment C. Because of the COVID-19 outbreak, Jacobs is offering to hold the labor rates steady at the 2021 rates for 2022. Jacobs is proposing a 3 percent increase from 2022 labor rates to the 2023 labor rates as per Resolution 20-056. The proposed total project costs this year include a project contingency budget to address unplanned regulatory compliance activities, water quality or landfill gas management concerns, or additional monitoring requirements, and will only be activated at the direction of the City. The period of performance is from contract award, assumed to begin on February 1, 2022.

The proposed task and subtask structure and budget are summarized as follows:

Table 1. City of Roseville 2022 Water Quality and Landfill Gas Monitoring, Reporting Service, and Saugstad Park Waste Regulatory Assistance

Roseville Landfill, Roseville, California

Task	Cost
Task A – Roseville Landfill 2022 Water Quality and Landfill Gas Services	
Task A.1 – Regulatory Assistance	**$7,671**
Task A.2 – MRP Required Sampling and Inspections	**$60,586**
Subtask A.2.1 – Water Quality Sampling and Analysis	$54,212
Subtask A.2.2 – Annual Facility Inspection and Report	$6,374
Task A.3 – Water Quality Reports	**$118,902**
Subtask A.3.1 – First Semiannual Report	$45,444
Subtask A.3.2 – Second Semiannual/Annual Report	$73,458
Task A.4 – Landfill Gas Services	**$9,226**
Task A.5 – Area B and Antelope Creek Evaluation	**$18,053**
Task A.6 – Financial Assurance	**$14,888**
Task A.7 – Contingency	**$11,752**
Task A.8 – 5-Year Iso-Settlement Analysis	**$12,072**
Task A Subtotal	***$253,150***
Task B – Saugstad Park	
Task B.1 – Regulatory Assistance	**$14,750**
Task B Subtotal	***$14,750***
Total All Tasks	**$267,900**

Note:

Budget developed on a time-and-materials basis.

Jacobs appreciates the opportunity to continue to serve the City of Roseville. Please contact Dan Chern at (916) 286-0339 if you have questions regarding this proposal.

Sincerely,

Jacobs Engineering Group Inc.

Josh Lawson
Manager of Projects

COUNCIL COMMUNICATION

CC #: 1853
File #: 0800-04

Title:	Construction Resident Engineer and Inspection Services - On-Call Professional Services Agreements
Contact:	Beth Taylor 916-746-1300 bftaylor@roseville.ca.us

Meeting Date: 12/15/2021
Item #: 7.11.

RECOMMENDATION TO COUNCIL

Staff recommends the City Council

• Adopt five resolutions to approve On-Call Professional Services Agreements for construction resident engineer and inspection services with: HDR Construction Control Corporation; PSOMAS; Mark Thomas; WSP, Inc.; and Ghirardelli Associates; and authorize the City Manager to execute them for a term of three years, with the option of two additional one-year extensions.

• Authorize the City Manager to execute a fee schedule adjustment amendment, if needed.

• Authorize the City Manager to execute the two one-year extensions to each Agreement, as needed.

BACKGROUND

The Public Works Department's Engineering Division is responsible for constructing and repairing Capital Improvement Program (CIP) infrastructure projects such as roads, bridges, drainage facilities, traffic signals, and municipal buildings. Staff recently released a Request for Proposals (RFP) for on-call construction resident engineer and inspection services. Eight firms submitted proposals in response to the RFP. After evaluation of the eight proposals, a selection committee composed of three staff members selected HDR Construction Control Corporation; PSOMAS; Mark Thomas; WSP, Inc.; and Ghirardelli Associates to provide the requested services. The selection of these five firms was based on their extensive experience with providing the requested services for projects similar to those Public Works anticipates constructing over the next three to five years.

The Engineering Division anticipates constructing multiple CIP projects over the next year at an estimated cost of $15 million. For these projects to be successful, cost efficient, and safe, they must be managed by a team of engineers and inspectors. Some of these projects will be managed by City staff, but additional consultant resources are necessary to supplement City staff

and manage the rest. These contract services allow staff to complete more projects while using current City resources. Projects requiring contract construction management that are anticipated to be constructed in 2022 include Washington All America City Blvd Roundabout, Zero Emissions Bus Depot, Bridge Preventative Maintenance Project, and Residential Resurfacing Projects. The most cost effective and time efficient method of obtaining these additional resources is through multiple on-call Professional Service Agreements.

The On-Call Professional Service Agreements will be funded by various CIP project budgets which may be constructed using federal and state funding. In order to ensure these consultants are eligible for reimbursement through the use of federal and state funds, Caltrans reviews and approves the consultants' rates. Currently several of the consultants' rates are under review by Caltrans. In the event Caltrans requires modifications to the consultant rates, a fee schedule amendment to the attached agreements may be required.

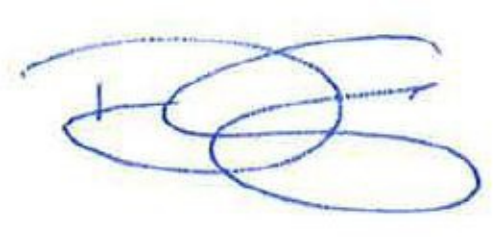
FISCAL IMPACT

The not-to-exceed fees for the requested services is $1,000,000 per year per consultant. There is no guaranteed minimum amount of work provided in the agreements and payment will only be made for actual work performed.

The Agreements will be funded by various Council approved CIP project budgets. No General Fund resources will be used.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).



CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world
Goal F - Invest in well-planned infrastructure and growth

APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WSP USA, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an on-call professional services agreement to provide Construction Resident Engineer and Inspection Services, by and between the City of Roseville and WSP USA, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said on-call professional services agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute amendments to the on-call professional services agreement as needed to update the rates of compensation as provided in Exhibit "B" of the agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

ON-CALL PROFESSIONAL SERVICES AGREEMENT

Construction Resident Engineer and Inspection Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and WSP USA, Inc., a New York corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal # 15-94 for professional services consisting of on-call resident engineer and inspection services; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated May 21, 2021, which describes the scope of services to be performed by CONSULTANT, and the hourly rates for performance of such services; and

WHEREAS, CONSULTANT is qualified and experienced to provide professional construction resident engineer and inspection services on an on-call basis.

NOW, THEREFORE, the parties agree as follows:

1. Term. The term of this Agreement shall commence upon execution and expire on December 31, 2024. The City Manager may, in his or her discretion, elect to extend the Agreement in one (1) year increments for up to an additional two (2) years by giving CONSULTANT thirty (30) days advance written notice of each optional one (1) year renewal. Such extensions shall be memorialized by a written amendment to this Agreement.

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY.

3. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT "B," attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million dollars per year ($1,000,000) for an overall total compensation for the initial term not to exceed three million dollars ($3,000,000). Total compensation for optional renewal years of this Agreement shall not exceed one million dollars per year ($1,000,000). Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

5. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory

Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

6. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

7. Prevailing Wages. CONSULTANT shall comply with all applicable prevailing wage laws, including, but not limited to, any and all applicable federal prevailing wage requirements for task agreements that utilize federal funds. Additionally, CONSULTANT shall require its subcontractors, if any, to comply with all applicable prevailing wage laws for services performed under this Agreement. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the

contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Fiscal and Federal Provisions. CONSULTANT shall abide by all fiscal and federal provisions as contained in Exhibit 10-R, A&E Boilerplate Agreement Language, and included in the Request for Proposal (RFP) as Attachment B.

10. Time is of the Essence. Time is of the essence of this Agreement.

11. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

12. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

13. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

14. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY.

CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

15. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

16. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any

company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

17. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

18. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this

Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

19. Termination of Agreement. CITY may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. CONSULTANT understands that continuation of this Agreement past June 30th of any given year is contingent upon appropriation of funds for such purpose in the budget of the City of Roseville in the sole discretion of the City Council. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any MATERIAL, notwithstanding any termination or any dispute regarding the amount to be paid.

20. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

21. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

22. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

23. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Jason Shykowski Public Works Director 311 Vernon Street Roseville, CA 95678	Bart Little Principal in Charge 1000 Enterprise Way, Ste. 190 Roseville, CA 95678

Either party may amend its address for notice by giving notice to the other party in writing.

24. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

RE: On-Call Construction Resident Engineer and Inspection Services

Dear Evaluation Committee:

The City of Roseville (City) is soliciting proposals for On-Call Construction Resident Engineer and Inspection Services, including everything from pavement maintenance and road and bridge widenings to drainage improvements and building projects. The most critical component of an on-call contract such as this is finding a responsive consultant who offers flexible staffing and a deep pool with a broad range of services. For the past 25 years, WSP USA Inc. (WSP) has provided these exact benefits to a variety of public clients throughout Northern California. From this experience, our team understands that:

- Public agencies often find themselves in need of services outside of the scope of the RFP, requiring the support of a consultant who can readily tap into a **variety of technical resources**
- The number of ongoing tasks and the extent of the work can vary, so we need to be **flexible** — to be able to staff up and staff down — to accommodate your requests
- When unexpected needs arise, we need to be able to **respond quickly**

It's this type of nimble staffing that has resulted in **multiple, repeat CM selections for contracts** with clients like the City of Sacramento, City of Elk Grove, City of Galt, City Stockton, El Dorado County and others.

Proven Leadership: Eric Lilly, PE, CCM, QSD will be your project manager and primary point of contact. Eric has 15 years of experience providing construction management (CM) services for on-call and project specific contracts throughout Northern California, and has been a **leader for on-call contracts for clients like Contra Costa County and Caltrans**. Through this experience, he has built a sound and proven methodology for providing the flexible and responsive services the City requires. His **professionalism**, **transparent communication philosophy with the City, its staff and stakeholders, and local residents**, as well as his proactive planning mentality make him the perfect resource for the City.

Local Team: In addition to **WSP's Roseville and Sacramento offices and staff**, we have partnered with **local firms** to provide an additional level of depth and local expertise. Most importantly, we have committed to meeting the City's 12% DBE goal. Our team includes:

FIRM	SERVICES	LOCATION
(Exclusive to WSP) Knight CM Group (DBE)	Resident Engineer & Inspection Support	Sacramento
ACE Quality Control	Special Inspection	Roseville
Blackburn Consulting	Special Inspection	Auburn
Kleinfelder, Inc.	Special Inspection	Sacramento

WSP USA Inc.
1000 Enterprise Way #190
Roseville, CA 95678
wsp.com

Cost Effective Services: WSP has a field service-based overhead rate calculated on a national basis. This translates into lower costs by minimizing the impacts of California's high cost of living. Our low overhead, coupled with a flexible staffing approach based on your needs, provides you with the most **effective use of your available funding**.

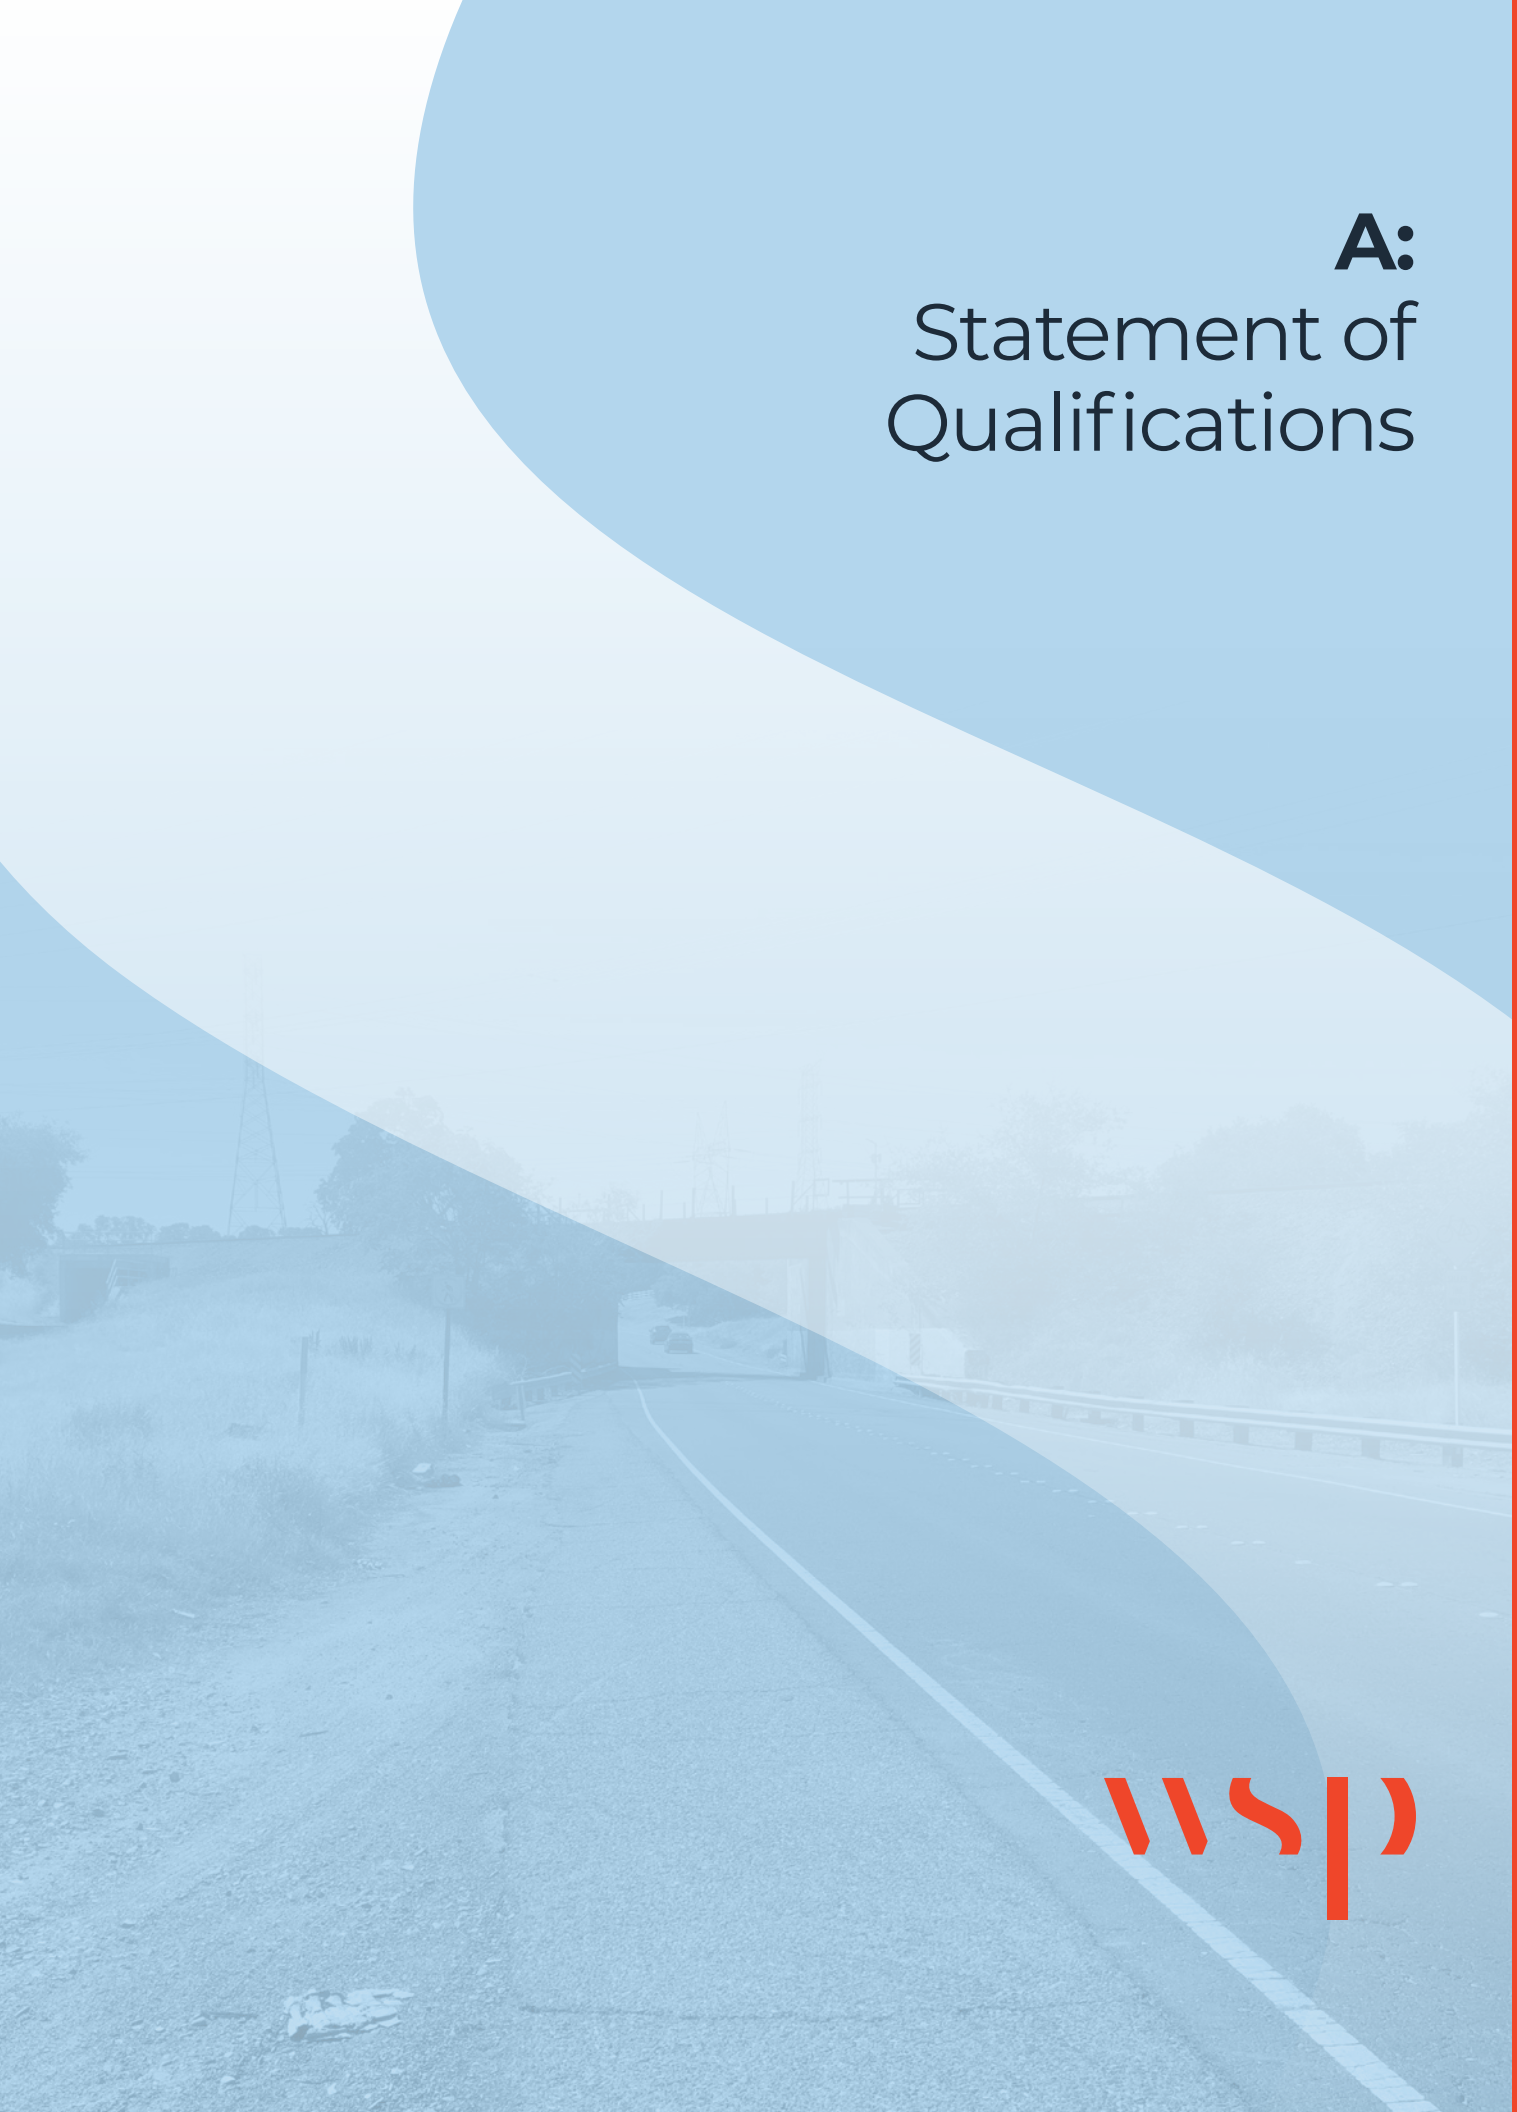
Proven Track Record on Similar Projects: We fully understand our role for general construction inspection and resident engineer duties, and we are prepared to meet your specific project needs. Our team has significant experience with projects similar to your anticipated projects including but not limited to Union Pacific Railroad (UPRR/UP) grade separations and bridge widenings, retaining walls, roadway and trail construction, earthwork, traffic signals, Americans with Disabilities Act (ADA) facilities, utilities, and parks. Our **on-call contract with the City of Davis** has included similar task orders with projects like the Pavement Rehabilitation and Slurry Seal (CIP 8250) project, Russell Boulevard Bicycle Path (CIP 8286), and the Sanitary Sewer Slip Lining (CIP 8166). Similarly, on the **City of Elk Grove's On-Call** contract, we have completed task orders like the Citywide Curb Ramps project, Big Horn / Laguna Bus Stop and Sidewalk Repair, and Lower Laguna Creek Open Space Preserve Trail.

UP Experience: Our team is thoroughly familiar with UP requirements for overhead and grade separation projects, including the "Guidelines for Railroad Grade Separation Projects" published by UP and Federal Railroad Administration (FRA) Regulations. To reiterate, WSP has extensive experience and a proven track record of successfully managing UP grade separation projects in Northern California and we have never had a construction delay caused by UP. This speaks to our team's understanding of UP requirements, our relationships with UP staff, and the proactive methodologies of our team, demonstrated on projects like Sperry Road Extension, Atlas Road Extension, West B Street Undercrossing, Hammer Lane Grade Separation, and March Lane Grade Separation — several of which are explored later in this proposal.

Federal / State Funding Experience: Eric and our team are well-versed in federal funding requirements. In fact, **Eric has completed seven federally funded projects**, most recently on the **$75M SB I-680 HOV Lane Completion and Express Lanes project for CCTA**. Our team is familiar with both federal guidelines for contract administration and the Caltrans Local Agency Procedures Manual for federally funded projects.

WSP hereby acknowledge that we have reviewed the RFP and will perform and adhere to the requirements described in the RFP, including Addendum No. 1, dated 5/12/2021 and Addendum No. 2, dated 5/17/2021.

As signatory of this letter, I affirm that I am duly authorized to bind the firm contractually to the terms of this proposal and that all information submitted is true and correct. Should you have any questions or require additional information, please do not hesitate to contact me at . I will be WSP's point of contact during the selection process and our proposal will remain valid for 90 days from the proposal due date.



WSP is very excited about your projects and I am joined by our team members in our commitment in making your projects a success for you and the residents of Roseville. We will exceed your expectations.

Sincerely,
WSP USA Inc.

Statement of Qualifications

A: Statement of Qualifications

We bring together 10,000 employees in 150 offices across the United States to provide engineering and multidisciplinary services in a vast array of industry sectors, with a focus on technical excellence and client service. WSP provides the local perspective and responsiveness of a small/local firm due to our Roseville office and experience in the greater Sacramento area. Thus, WSP provides the best of both: the responsiveness and commitment of a small firm (i.e. WSP's Roseville office) backed by the vast resources of WSP. Our firm has a wide range of abilities, which includes CM, civil engineering, geotechnical engineering, structural engineering, urban planning and development, water resources engineering, mechanical engineering, electrical engineering, traffic engineering, architecture, and environmental sciences.

WSP'S EXPERIENCE PERFORMING REQUESTED SERVICES

WSP and our team is knowledgeable and experienced with providing on-call construction resident engineer and inspection services for projects in Northern California for over 25 years. We have delivered successful on-call projects for cities, counties, transportation authorities, and Caltrans by implementing proven project management policies and procedures to provide for successful project delivery, while controlling costs and avoiding claims. Our proactive approach, the selection of highly qualified personnel (fitting the right staff for the assignment), a project-specific Project Management Plan (PMP), and a comprehensive scope of services are key factors for the successful delivery of your projects.

Our team offers excellent and experienced staff that have successfully completed a variety of infrastructure projects, including the construction of roadways and bike trails, traffic signals, traffic signings and striping, drainage facilities, grading, erosion and sediment control, and structural features such as bridges, retaining walls, and buildings, inspection of sewer, water, and reclaimed water utilities with a variety of clients in the greater Sacramento area as detailed in Tab B – Experience and References. In summary, the WSP team offers:

- Familiarity with City procedures, standards, and personnel
- Highly qualified local staff
- Thorough understanding of the unique challenges of your anticipated projects and services
- Proven track record of performance on public works projects

WSP has an exemplary track record of completing similar on-call construction resident engineer and inspection services of this nature to various cities, counties, transportation authorities, and Caltrans.

Based on the requirements of your RFP, we have selected a sampling of key members for a typical roadway and bridge project to demonstrate the qualifications and experience of our team. Please see Tab C – Qualifications of Team for the outstanding qualifications of each key member. However, once we receive a project specific RFP, your on-call project manager Eric Lilly, will hand select a team that will exceed the City's expectations and requirements for your consideration. Upon selection, our resident engineer will report directly to your project manager for any given project. Eric will continue to be available to provide quality assurance of the services that WSP and our team will provide you and deliver technical assistance to the team on an as needed basis. Eric will also coordinate any additional resources such as schedule and/or claims mitigation as needed.

RELEVANT CAPABILITIES OF KEY STAFF

KEY STAFF	Roadways	Bike Trails	Traffic Signs and Striping	Drainage Facilities	Grading	Erosion and Sediment Control	Bridges	Retaining Walls	Buildings	Sewer	Water	Reclaimed Water	Caltrans Standards/Specifications	Federal/State Funding	Project Documentation	Public Relations	Labor Compliance	Submittal and RFI Management	Agency and Permit Coordination

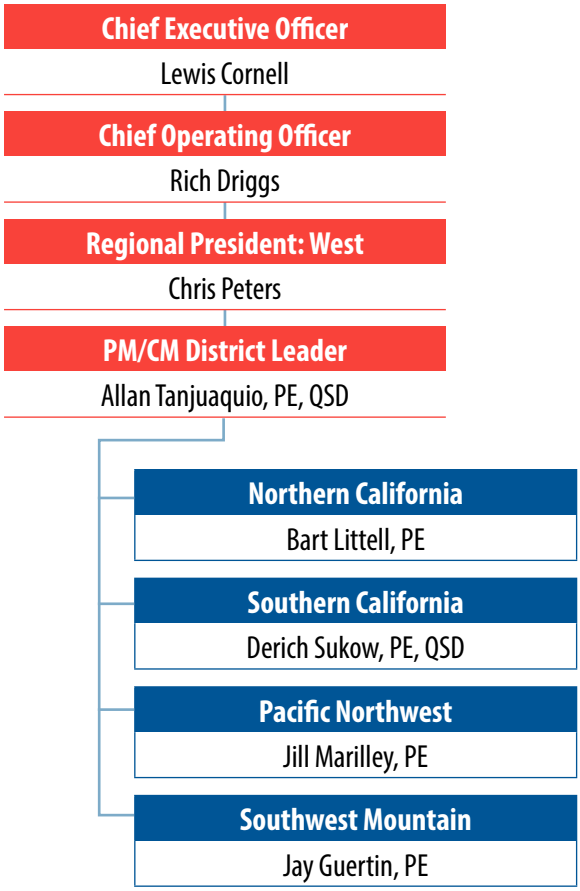
SUBCONSULTANTS

As the prime consultant, WSP will be responsible for the overall on-call construction resident engineer and inspection services. We have specifically selected experienced, local subconsultants to supplement WSP for all your required project tasks. The table shown below is a list of our subconsultant team and their role, please see Tab C – Qualifications of Team, Subconsultants for a list of projects for each firm.

FIRM	SERVICES	LOCATION
Knight CM Group (DBE) (Exclusive to WSP)	Resident Engineer & Inspection Support	Sacramento
ACE Quality Control	Special Inspection	Roseville
Blackburn Consulting	Special Inspection	Auburn
Kleinfelder, Inc.	Special Inspection	Sacramento

FAMILIARITY WITH CITY PROCEDURES AND STANDARDS

WSP first began working for the City in the early 1990's during the initial North Central Roseville Specific Plan Development of the Galleria Mall and Richland areas. In fact, our team has been **involved in over 60 projects within 10 years in Roseville** and has worked closely with the City on a variety of projects and are thoroughly familiar with the following:



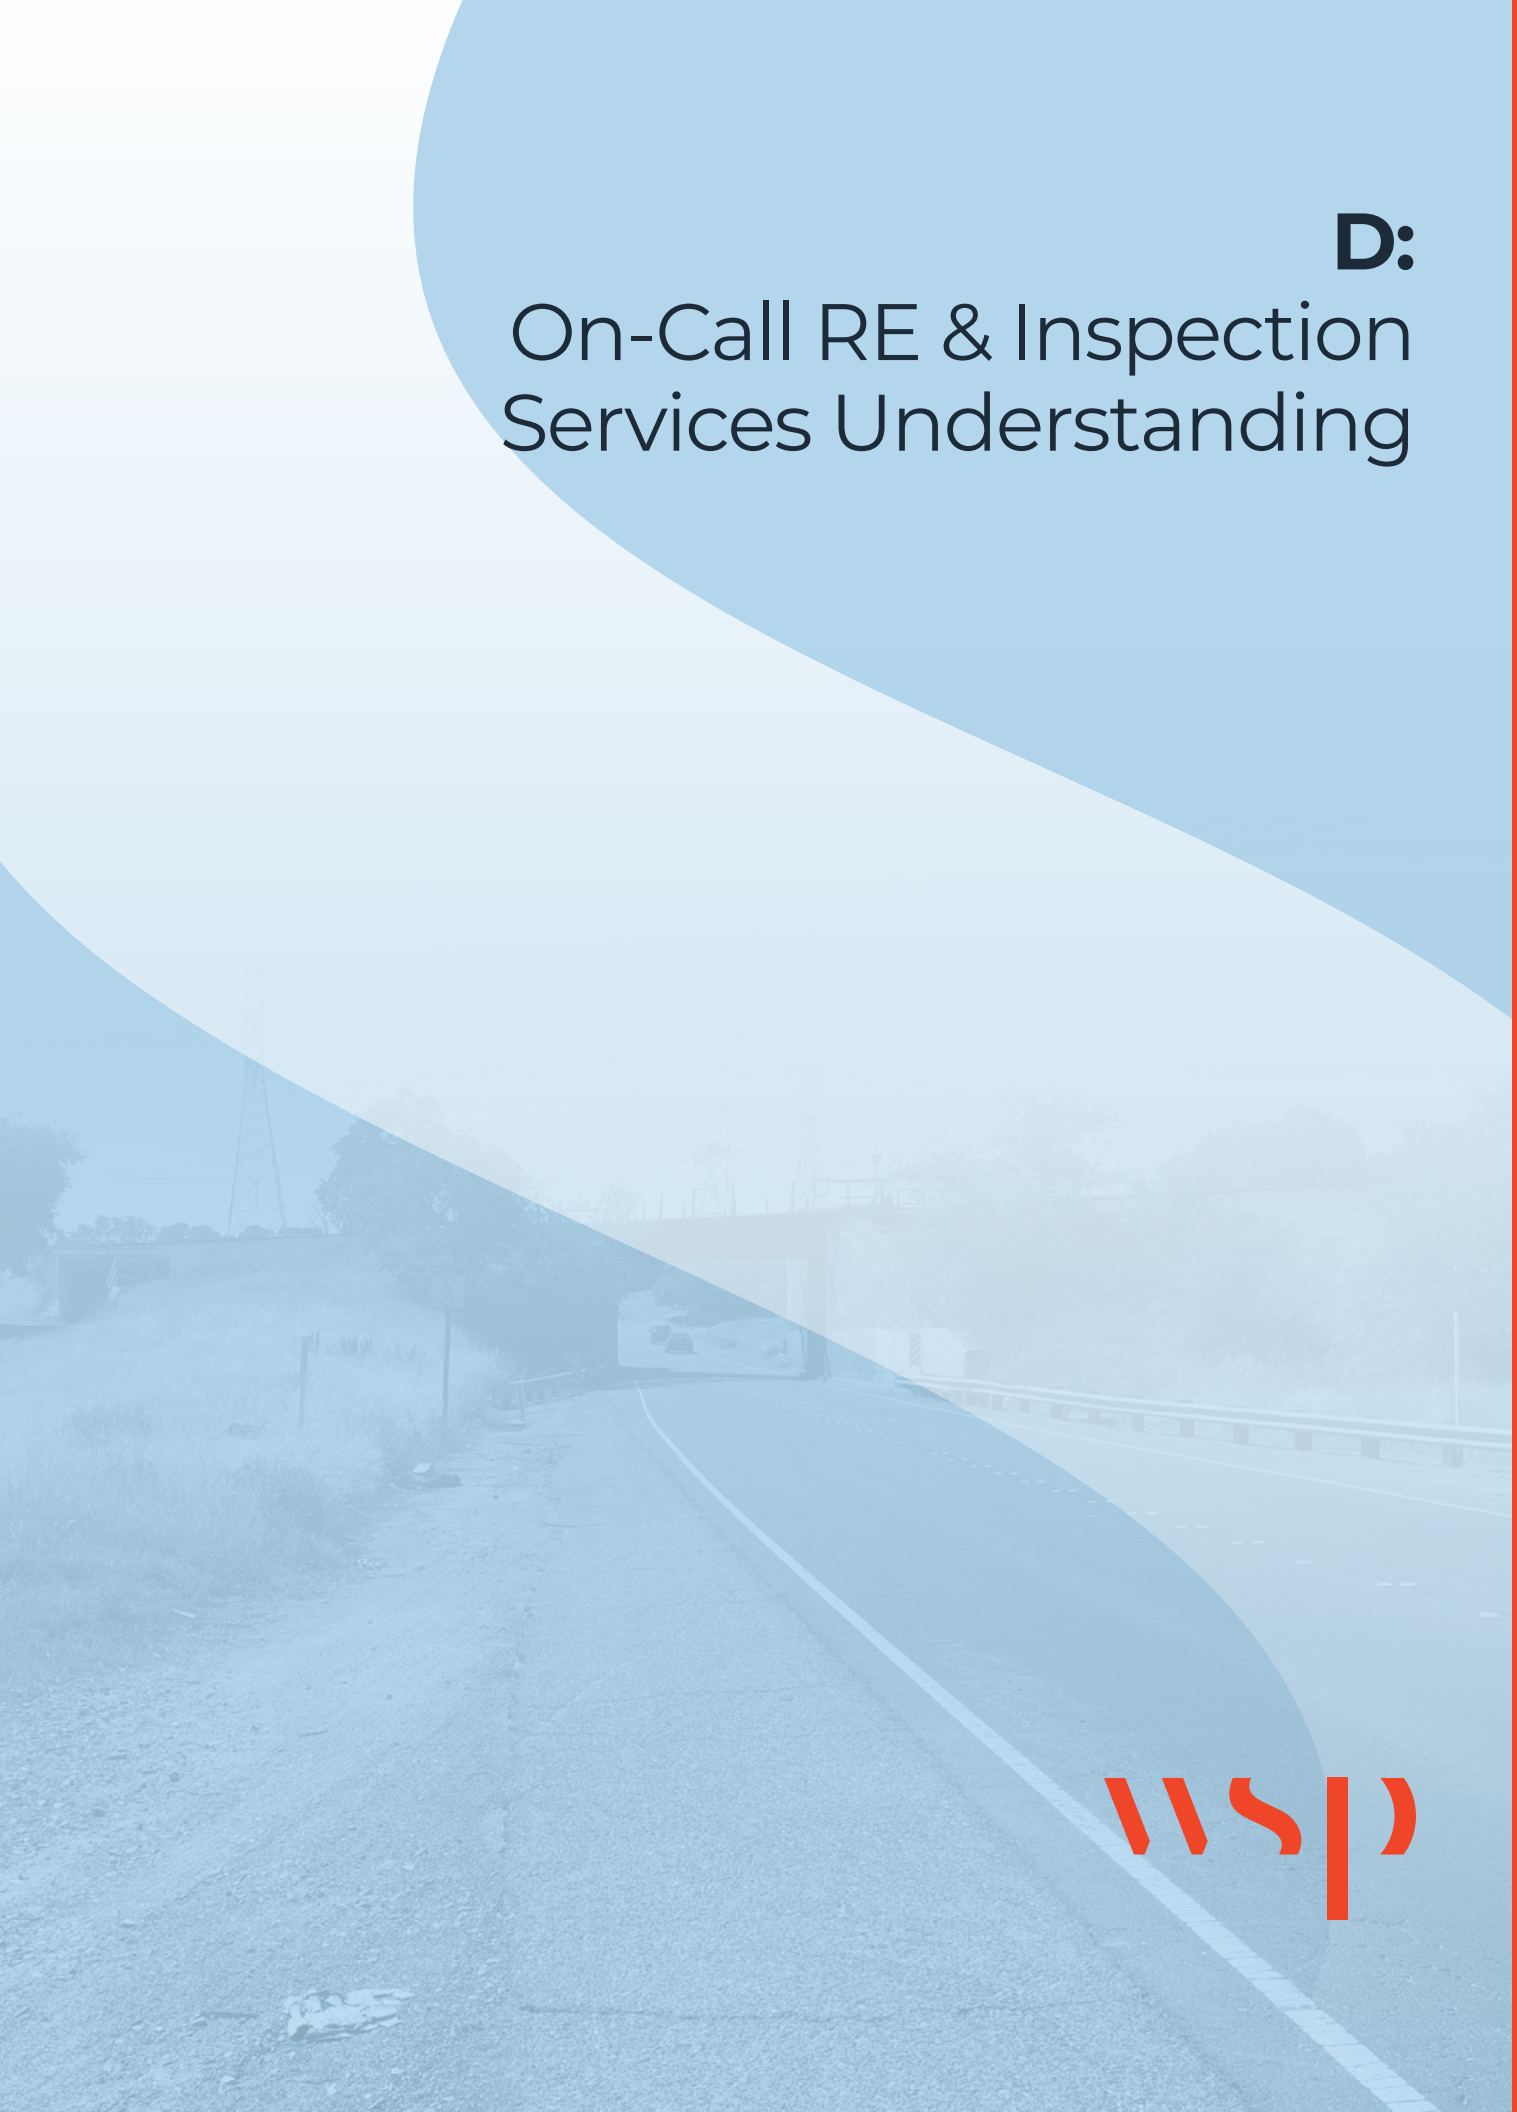
- City of Roseville Construction Standards (2020) and Amendments (2021)
- Stormwater Quality BMP Guidance Manual for Construction
- FHWA ADA Transition Plan
- Caltrans Standard Plans and Specifications
- Caltrans Local Assistance Procedures Manual
- Caltrans Bridge Construction Records and Procedures Manual and Highway Design Manual
- California MUTCD 2014 Revision 6
- Division V Surfacings and Pavement (Section 36 to Section 42)

We fully understand that our team is an extension of your staff. We will strengthen the City's reputation with local contractors that their work will always adhere to the contract documents.

WSP will implement inspection guidelines for monitoring the quality of the contractor's work. Performing quality inspections requires both technical experience and judgment, which will be carried out by a highly qualified, competent team of construction resident engineers and inspectors with specific disciplinary expertise and familiarity with your procedures and standards. Our team will perform timely, thorough inspections to guard against defects and deficiencies in the work of the contractor and verify compliance with contract documents. Each member of the inspection staff will become familiar with the contract documents, as well as your construction standards and amendments. In addition, our team will be required to be familiar with a variety of other information, including permit and license terms and conditions, funding sources, applicable provisions of environmental mitigation / protection plans and procedures, as well as the project schedule.

WSP'S ORGANIZATIONAL STRUCTURE

The graphic shown below represents WSP's West Region including the Program Management and Construction Management (PM/CM) Business Line organization including its constituent parts. Bart Littell is the PM/CM District Leader in Northern California.



WSP'S SIZE VARIATION OF STAFFING LEVELS IN THE PAST FIVE (5) YEARS

The following table describes the size variation of staffing levels in the United States of America for WSP's PM/CM National Business Line in the past five years.

YEAR	NUMBER OF EMPLOYEES
2020	946
2019	829
2018	741
2017	679
2016	699

D: On-Call RE & Inspection Services Understanding

WSP'S CONTRACT APPROACH PERFORMING REQUESTED SERVICES

To build our team organization chart, Eric carefully assessed and evaluated information from multiple sources for your on-call contract to create a comprehensive and exceptionally qualified team with the diverse skillset required to efficiently deliver on a multitude of possible task-order requirements and deliverables. First, Eric and his team performed an in-depth review of the requested core and specialized services in the RFP for your on-call contract as well as the anticipated projects included in the City's construction projects and timeline. WSP is aware that your on-call contract may have an emphasis on roadway widenings and extensions, roadway maintenance, bridge construction and widenings, UP grade separations, bike trails, and parks projects.

WSP understands that each project is unique and requires a specific set of skills and experience to deliver with the ideal level of care. Complex projects may require more experienced senior and associate-level involvement, whereas smaller, less complex projects may be best led by emerging resident engineers with a cross disciplinary inspection team. In addition, work within UP right of way and other sensitive areas may require a completely different specialty. Our knowledgeable and connected team can mobilize rapidly and work independently, with minimal supervisory oversight.

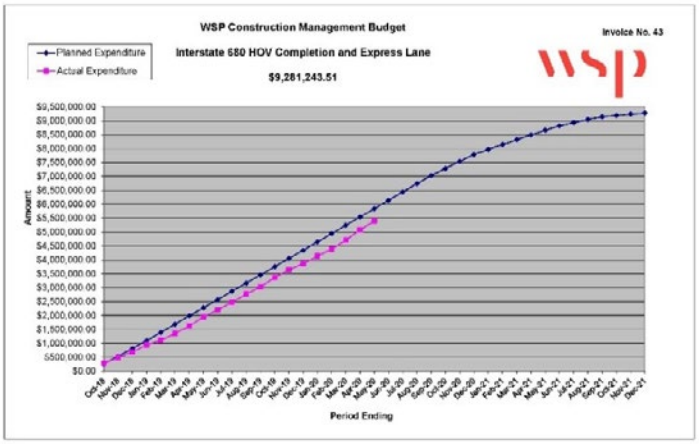
FEDERAL AID / CALTRANS LOCAL ASSISTANCE PROCEDURES MANUAL EXPERIENCE

Your projects may receive federal funding and therefore must meet the Federal requirements for Federal-Aid construction projects. All project records are subject to audit to demonstrate conformance with Federal procedures. Such records can include Prevailing Wage verification, participation by DBEs in subcontracting and apprentice/trainee programs, to name just a few. Our proposed staff are familiar with both Federal Guidelines for Contract Administration and the Caltrans Local Agency Procedures Manual for federally funded local transportation projects. WSP's record keeping on such projects is exemplary and project records that are subject to audit are logged, tabularized and summarized making for pain-free auditing. WSP affirms that adequate records will be kept, and these records will be accessible to State auditors/reviewers. WSP has been audited by Caltrans numerous times.

PRE-AWARD AUDIT

WSP works almost exclusively for public clients, therefore our accounting records are in compliance with Federal and State requirements. In fact, WSP has worked directly for Caltrans on many construction contracts and Caltrans has reviewed/approved WSP's overhead calculations on those projects. On all WSP's Northern California projects within the last five years, Caltrans has waived the pre-award audit requirement (and reserved their right to perform a post-award audit) due to their familiarity with WSP. **This saved months on the project schedule and can possibly do the same for your projects.**

COST CONTROL



Cost control is critical for any of your projects. WSP will pursue and implement the most cost-effective solutions that meets the design requirements and do it in an expeditious manner as we understand that time is money for everyone. Thus, WSP will practice extremely tight cost control for your projects. Our team members are experts in construction costs and determining the appropriate payment for change orders. No matter what the payment approach will be, the contractor will be made whole – but they will not earn a windfall. Our team also has been successful in pursuing credit change orders – which are preferred over a Value Engineering Change Proposal (VECP) since the City realizes all the savings instead of splitting the savings with the contractor. We have been very successful during constructability reviews, recommending where modifications can be made and potentially lower construction costs.

WSP is committed to finishing each project within a reasonable cost. Our philosophy is that if we can perform an additional service at no additional cost, then we will.

A good example of WSP performing proactive cost control is ACTC's Mission Boulevard Project. WSP noticed that the CIDH piles for the retaining walls appeared to be extremely deep. WSP questioned this with the designer and the result was a change order to shorten the CIDH piles that was a **$240,000 savings for ACTC**!

In terms of the on-call budget, WSP will efficiently move personnel on and off your prjects as demand dictates or as the City requires. WSP has several other large projects in the area within 60 minutes, which will allow for efficient use of resources. Eric will monitor costs on

a monthly basis and provide detailed reports with cost performance curves to the City on the status of our contract expenditures – including all our team members. Should costs begin to look awry, Eric will inform the City immediately and take appropriate action to mitigate.

Cost performance curves will be updated monthly by WSP to monitor costs.

QUALITY MANAGEMENT

WSP was one of the first engineering firms in the U.S. to achieve ISO-9000 Quality certification. As such, we have a corporate mandate that sets strict rules that govern our Quality Control/Quality Assurance (QC/QA) process. The first line of responsibility for quality management lies with Eric, who will oversee the QC/QA process and team. Eric will work with our resident engineers to plan and perform regular audits of personnel performance and fulfillment of contractual responsibilities.

Our team will work with City to develop a Quality Management Plan (QMP) specifically tailored to meet the project needs for each task order. The QMP will identify the QC and the QA elements of the plan including, but not limited to the following: training, documentation and document control process, audits/reviews, client feedback, management reviews, personnel responsibilities, communication protocol, process and procedures for all regular reports (daily, weekly and monthly reports), RFI and submittal processes, as-built drawing process and requirements, inspection and checklists, systems testing and startup plans.

Eric will provide a thorough pre-assignment orientation for each team member to clearly identify their roles and responsibilities in the QMP before our team can become active on a given project. For each task order we establish thoughtful and realistic schedules at the onset of the process with input from you and our team.

We establish milestones for reviews and QC/QA, communicate these with the team and monitor production at regular check-in meetings. Audits will be conducted from contract administration to daily inspection activities. For the administrative activities, the project files will be audited via a checklist and flagged accordingly if nonconformance items are identified. Non-conformance items will be timely rectified. Other items include, but are not limited to change orders, correspondence, progress payments, monthly progress reports, materials acceptance, stormwater and environmental compliance, task order staff expenditures and project schedule. Inspection audits will cover daily QA duties, daily diary reporting, review of overall QA and safety procedures. As audits are conducted by our audit team, Eric will receive all audits to ensure the processes and procedures are being adhered to.

Our team will meet quarterly to review projects and discuss lessons learned unless urgency dictates differently. The findings of our audits and mitigative measures will be shared with our active teams to ensure that all are informed and provided the opportunity to benefit from a lesson learned session. If there are any new City processes or procedures that require dissemination, these will be shared with our team.

INSPECTION QC/QA

WSP will implement inspection guidelines for monitoring the quality of the contractor's work and to guard against defects and deficiencies in the work so that provisions of the contract documents are met. Performing quality assurance inspections requires both technical experience and judgment, which will be carried out by a highly qualified, competent team of construction resident engineers and inspectors with specific disciplinary expertise and familiarity with the City Standards and Procedures, contract plans, special provisions, specifications, and Caltrans standards, as applicable.

COVID-19

WSP has developed a comprehensive COVID-19 protocol and a mobile app, WorkTogether, to help keep our employees, contractors, and clients safe. Before a team member reports to a project site or office, they must certify they are not showing any CDC identified symptoms and report the results to their supervisor to obtain approval before reporting for work. If a team member tests positive for COVID-19, fast action will

be taken by WSP to notify all applicable parties of potential exposure and appropriate measures taken, while maintaining anonymity of the person who tested positive to comply with privacy laws and regulations. Eric will provide QA for this effort and report weekly on our team's status.

CONSTRUCTABILITY REVIEW

WSP has "raised the bar" by providing extremely thorough reviews that have resulted in thousands of upgrades to contract documents over the past 25 years. We focus not only on constructability (plan sheets, construction details, traffic staging, physical improvements), but also on biddability which entails a detailed review of the contract documents from a "worst case bidder / contractor" perspective. Items to be reviewed include the special provisions, plans, engineer's estimate, bid book, permits and informational handouts. Most claims originate with the special provisions, which WSP tightens by recommending modifications that would further protect the City by transferring your risk to the contractor. WSP has conducted reviews for many local cities including Stockton, Elk Grove, Modesto, Manteca, Galt, and many others. In fact, we have performed repeat constructability reviews for most of our clients which is an indication of their satisfaction with our reviews and construction management services. Our top constructability reviewers in Northern California are also proposed for your contract.

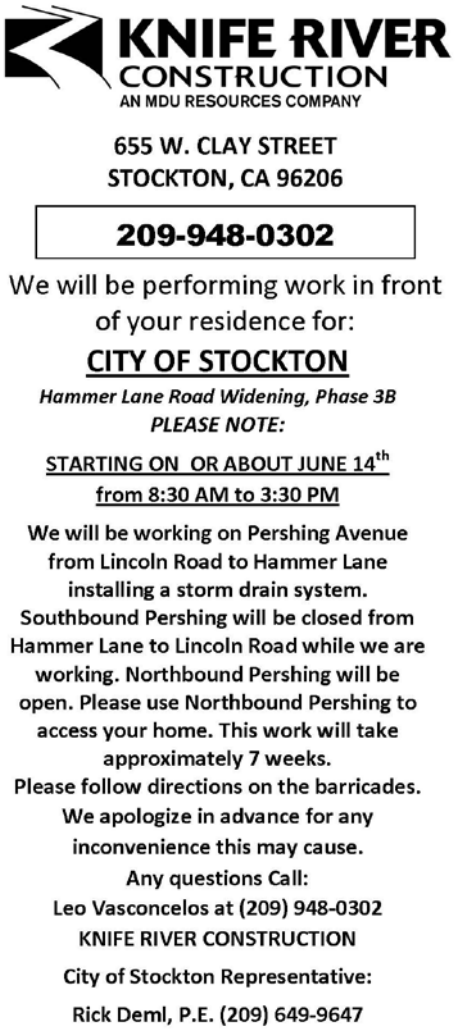
Working with the designer as part of the review process greatly enhances the quality of the contract documents, decreases your risk, and saves you money. For example, the City of Stockton's I-5 / French Camp Road Interchange and Sperry Road Extension Project consisted of five (5) separate bridges – three (3) of which were over railroad right-of-way. WSP provided many comments primarily focused on construction staging, environmental permit compliance, utility coordination, railroad coordination, and special provision language to protect the City from claims. Meetings with the designer were very productive and the result was that the project finished ahead of schedule and contract change orders were 2.8% of the construction cost. Industry standard for these types of projects is 10% and higher if major delays were encountered.

Segment 1			
Item Description	Cost Savings	Item Description	Cost Savings
Retaining Wall Elimination	$500,000	Packaging Laurel Rd. with Package 2	$1,000,000
Recalculate Earthwork Package 1	$50,000	Constructing west abutment for Low Expansion under Package 2	$600,000
Drainage System #11 Mods.	$20,000	Revising special provisions for Low Expansion Materials (LEW)	$1,000,000
Underdrain Detention	$15,000	Delete Freeway Service Patrol	$120,000
CCWD Lateral 7.3 Changes	$250,000	Early construction of Storm drain adjacent to DWD Blending Facility	$82,000
Allowing Hillcreast as a return Haul Route	$250,000	Revising Nelson Ranch Grading	$60,000
Placing Lone Tree UC Fills during Package 1	$200,000	A.C. Oil Index	$650,000
Segment 3			
Item Description	Cost Savings	Item Description	Cost Savings
Marsh Creek Road Staging	$3,000,000	Revising Special Provision for LEM	$150,000
Earthwork Reduction	$4,300,000	Delete Freeway Service Patrol	$60,000
		Total	$12,307,000

WSP's Constructability Review on SR4 Bypass resulted in savings of $12.3M – plus many avoided claims.

"…the entire $230M State Route 4 Bypass Program, which consisted of eight separate projects, was constructed with a cumulative total of 3% change orders. There is no doubt that WSP's detailed constructability and biddability reviews were a large contributor to the change order costs being well below industry standards. It is quite possible that WSP actually paid for them themselves via avoided change orders and claims."

Dale Dennis, Program Manager
SR4 Bypass Program



PUBLIC OUTREACH / PUBLIC RELATIONS

Our team understands the local accountability of the City. Residents and businesses will most likely be the most impacted by any of your anticipated projects. Once the CPM baseline schedule has been accepted, the resident engineer, in conjunction with the City, will organize public meetings and flyers as needed to discuss the schedule with residents and businesses to inform them of what to expect during each phase of construction. Most residents and businesses will be concerned with dust, noise, access restrictions, and traffic associated with construction however our team will alleviate these concerns by maintaining front line communication with residents and businesses.

We will work with the contractor to develop and implement a plan that allows for contractor access to the work site and at the same time effectively preserves safe access for the residents and businesses. If requested by the City, our resident engineer will be established as the primary contact for the public. WSP has many examples where we recently excelled at performing public outreach to the residents, businesses, and emergency services for the construction of the Hammer Lane Widening, Phase 3B in Stockton. Our inspectors will have flyers with them on site so that when they are approached by the public, it contains the contact information of the resident engineer and a description of the work. Led by our resident engineers, we are committed to working hard to make the public supportive of your anticipated projects by providing them with timely and useful information.

ENVIRONMENTAL PROTECTION AND PERMIT COMPLIANCE

Another potential challenge for your projects is environmental impact and environmental agency coordination. WSP fully understands that environmental issues and work windows can significantly impact the success of a construction project and will utilize the Golder, now a member of WSP, for biological monitoring if needed. The City needs a resident engineer with the detailed strategy and experience to effectively manage these processes. Our team understands the environmental requirements for your anticipated projects and has a proven track record of success in delivering projects with similar environmental challenges. If not handled and managed properly, the likelihood of delays, additional costs, and schedule disruption increases significantly. Furthermore, the actual start of construction could be delayed. **Noise restrictions and air quality requirements will be strictly enforced.**

KNIFE RIVER CONSTRUCTION
AN MDU RESOURCES COMPANY

655 W. CLAY STREET
STOCKTON, CA 96206

209-948-0302

We will be performing work in front of your residence for:

CITY OF STOCKTON

Hammer Lane Road Widening, Phase 3B

PLEASE NOTE:

STARTING ON OR ABOUT JUNE 14th
from 8:30 AM to 3:30 PM

We will be working on Pershing Avenue from Lincoln Road to Hammer Lane installing a storm drain system. Southbound Pershing will be closed from Hammer Lane to Lincoln Road while we are working. Northbound Pershing will be open. Please use Northbound Pershing to access your home. This work will take approximately 7 weeks.
Please follow directions on the barricades.
We apologize in advance for any inconvenience this may cause.
Any questions Call:
Leo Vasconcelos at (209) 948-0302
KNIFE RIVER CONSTRUCTION

City of Stockton Representative:

Rick Deml, P.E. (209) 649-9647

WSP coordinated with the contractor on the Hammer Lane Widening, Phase 3B for public outreach where our resident engineer was shown as the City contact. The same methods can be utilized on your projects as well.

SUPPLEMENTAL TASKS

WSP is considered an industry leader when it comes to collaboration and innovation in construction management and our team is very experienced executing paperless construction administration (eConstruction) for local agencies with Caltrans Local Assistance Oversight and Federal-aid funding. To increase efficiency, lower costs, and reduce the City's carbon footprint, WSP can implement the items listed below for your projects.

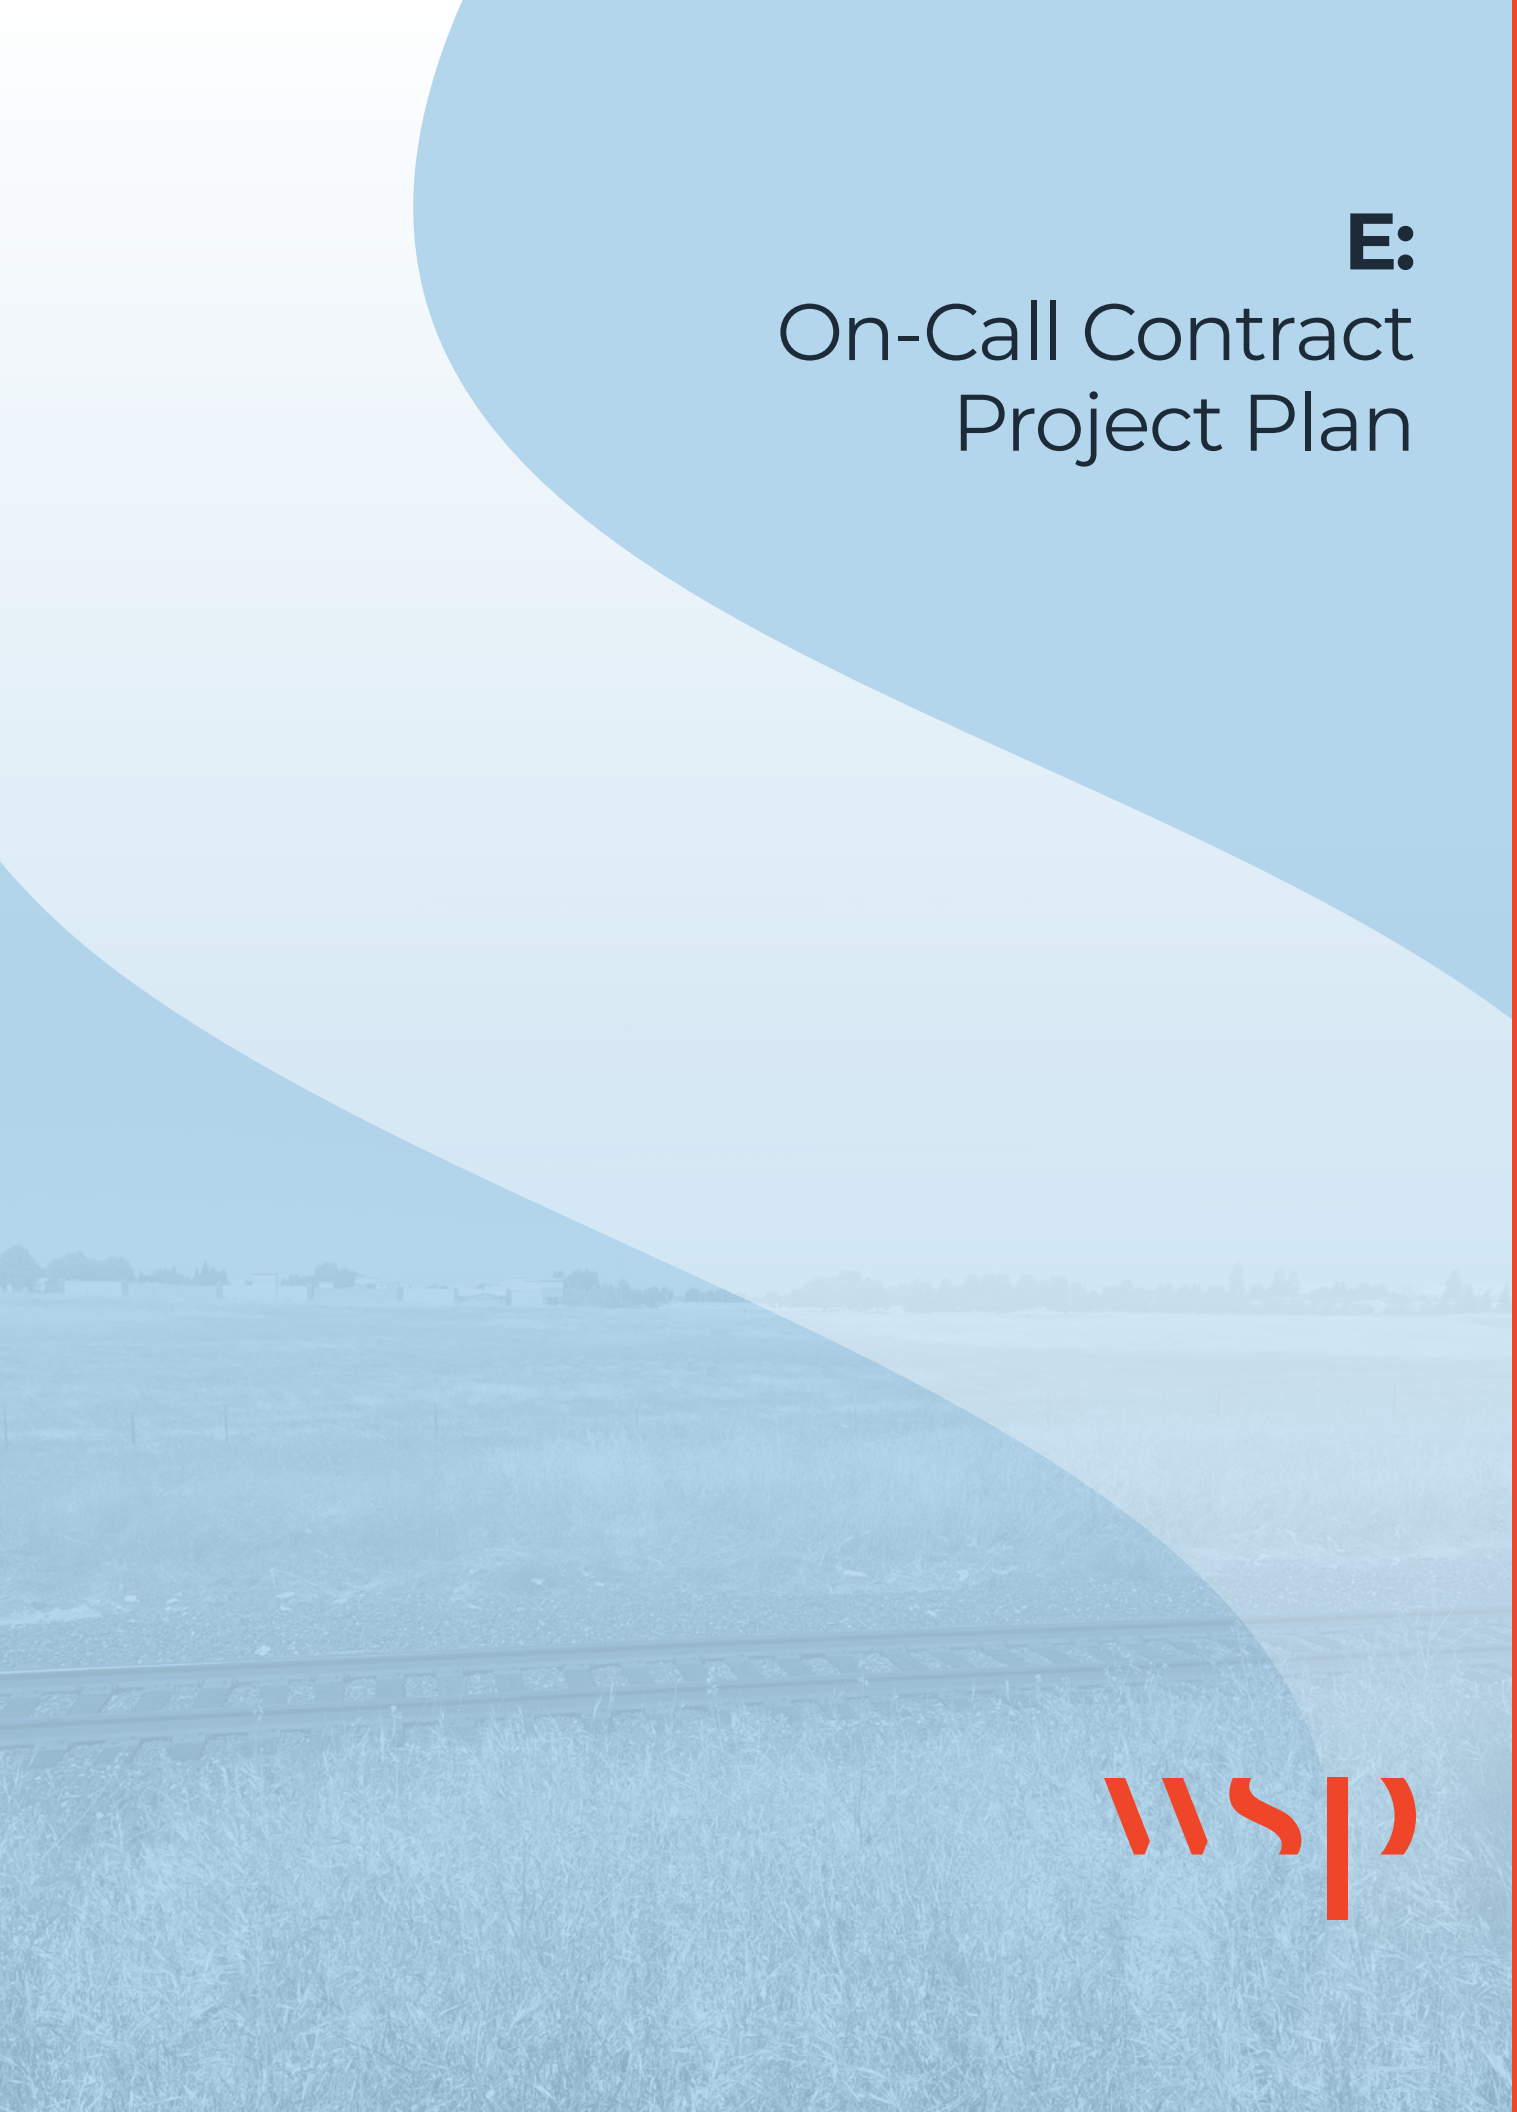
DOCUMENT CONTROL

A substantial amount of documentation is required for the administration of a project. File management with a paper-based document control system typically includes walls of binders stuffed with three holed punched documents that include construction submittals, plans and specifications revisions, contract change orders, and daily reports just to name a few. Depending on the nature of the document, it is often copied multiple times to ensure it was correctly placed in each file location per the file index. To maintain these files takes an incredible amount of time and money, as well as the consumption of precious natural resources. As technology is further introduced and implemented into our daily lives, the need for information to be easily accessible from any location with any device is well within reach. Electronic file management can improve the productivity, efficiency, quality, and accessibility of your document control while reducing overall costs and increasing sustainability.

WSP will utilize Microsoft SharePoint, a cloud-based document control system, **at no cost to the City**. This will allow the transfer of data between project stakeholders and construction personnel from anywhere and on any device including mobile phones and tablets. Furthermore, if written into the contract documents, workflows can be implemented for the submission of submittals, RFI's, and other contract requirements to keep your projects truly paperless. The result will be quicker approvals, improved accuracy, and superior document tracking, all while increasing transparency.

WORKFLOWS

If requested, WSP can employ Adobe Sign for digital signatures for executing contract change orders, **at no cost to the City**. This allows the resident engineer to track and manage signed documents for quicker approvals.



CONTRACT DOCUMENTS MANAGEMENT

WSP will also utilize PlanGrid, **at no cost to the City**, to deliver real-time project information by ensuring that the project team is using the most current set of contract documents without losing access to the project history, no matter where they are. The contract documents will be cloud based which allows any plan sheet revisions to be instantly distributed to all the project team's devices. PlanGrid allows the resident engineer and inspectors to communicate through the application and not person to person by:

- Marking up plans with notes and photos from the field and sharing with the team in real-time.
- Marking up any issues seen directly on the plans to resolve punchlists faster.
- Hyperlinking and tapping into any contract document, including RFIs or CCOs, from their plans.
- Making the handover to the City easy by generating comprehensive as-builts and reports with the click of a button.

On-Call Contract Project Plan

E: On-Call Contract Project Plan

WSP'S PROJECT APPROACH PERFORMING REQUESTED SERVICES

Our approach to your projects is to fast track completion of the project, practice tight cost control, maintain public support, and build a quality product for the City. To accomplish this approach, our team must be proactive and totally committed to your projects.

FAST TRACK CONSTRUCTION

We understand the importance of your projects, so our team will be pushing for project completion ahead of schedule and under budget in order to reduce costs and minimize inconvenience to the public. However, in order for your projects to be delivered on time, it is critical to have a CM team that has the foresight and work ethic to resolve issues that could delay construction. There are a myriad of issues that could delay your projects if they are not handled including coordination with unforeseen utility relocations/identification, permit compliance, submittal review by outside agencies, design errors and omissions, differing site conditions, weather, schedule control, and staging inefficiencies.

We have proposed a CM team with extensive experience in roadway and bridge construction, roadway and bridge maintenance, earthwork, UP construction requirements, parks, bike trails, utilities, ADA facilities, and Caltrans procedures and specifications within environmentally sensitive areas to deliver your projects on schedule. Our team has the Roseville knowledge and experience, drive, and determination needed to exceed your expectations. Our resident engineers have the experience, commitment, and energy to perform the many coordination and administrative tasks that will be required. Moreover, our resident engineers will be backed by seasoned inspectors, in both the civil and structure areas. Our inspectors will be on the lookout for civil and structures issues that could potentially delay your projects.

We believe that a strong management team is needed for your projects. We have many techniques for making up time if a delay is experienced. This type of fast track CM, led by our resident engineer, is a win-win scenario for both the City and your contractors. Also, contractors in the area that are familiar with our proactive management style bid accordingly, because they know that they are going to get a CM team that will expedite construction with professionalism, sincerity, and a desire for your projects to succeed.

Here is how our team intends to fast track your projects:

Provide Experienced, Highly Qualified Staff

WSP has created a team that meets or exceeds the personnel availability requirements, the expertise requirements, and the contractual requirements of the RFP. We have carefully selected subconsultants who are readily able to provide qualified staff. Our team will provide the skilled staff that City requires to deliver your projects. If needed, all field staff have completed the UP required Contractor Orientation training on prior projects and can easily renew their certification before your projects begin.

Dual Role Resident Engineer / Structures Representative

Our resident engineers are also very experienced structure representatives and can perform a dual role on your anticipated projects with bridge work. In fact, WSP prefers this dual role on projects where there are only a few bridges because it is the most cost-effective staffing solution to the City. Instead of adding a short term structure representative to manage the bridge construction, the resident engineer who is already the most familiar with the project, can perform this work within their budged hours and the City does not need to pay for additional staff.

Communication

For your projects to proceed in an efficient manner, all team members need to be well informed. WSP will utilize phone conversations, emails, weekly meetings, monthly reports, and other communication methods to keep the City and key stakeholders in the loop. These methods of communication are discussed throughout our Work Plan.

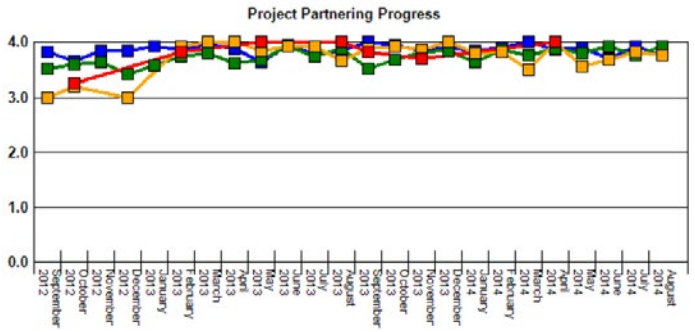
Contingency Planning

Working with the City, our team will develop contingency plans for issues that could potentially come up and stall your projects. Some potential issues include utilities, hazardous materials, permit/environmental impacts, and subsurface conditions. Should any of these issues surface, our team will be able to implement an action plan immediately.

Schedule Management

WSP is very experienced in schedule management. It is essential that a detailed and accurate CPM schedule be utilized. The controlling item of work will always be known. Our team will have the foresight to eliminate potential impacts to the controlling item, by proactively pursuing early resolution. One of the keys to schedule management is building "owner float". This not only protects the City, but it keeps the contractors from attempting to artificially create delays which would affect the ultimate completion date of your projects. Our resident engineer and scheduler will constantly be monitoring the CPM schedule and determine the current critical operations, both in the office and in the field.

In the field, the resident engineer will see to it that the contractor is diligently pursuing the controlling activity and if not, days not spent on the critical path will be documented. In the office, the resident engineer will aggressively work with the agencies and the designer to ensure that we respond to critical submittals and RFIs quickly and efficiently. The graphic below demonstrates past WSP projects where "owner float" was accrued:



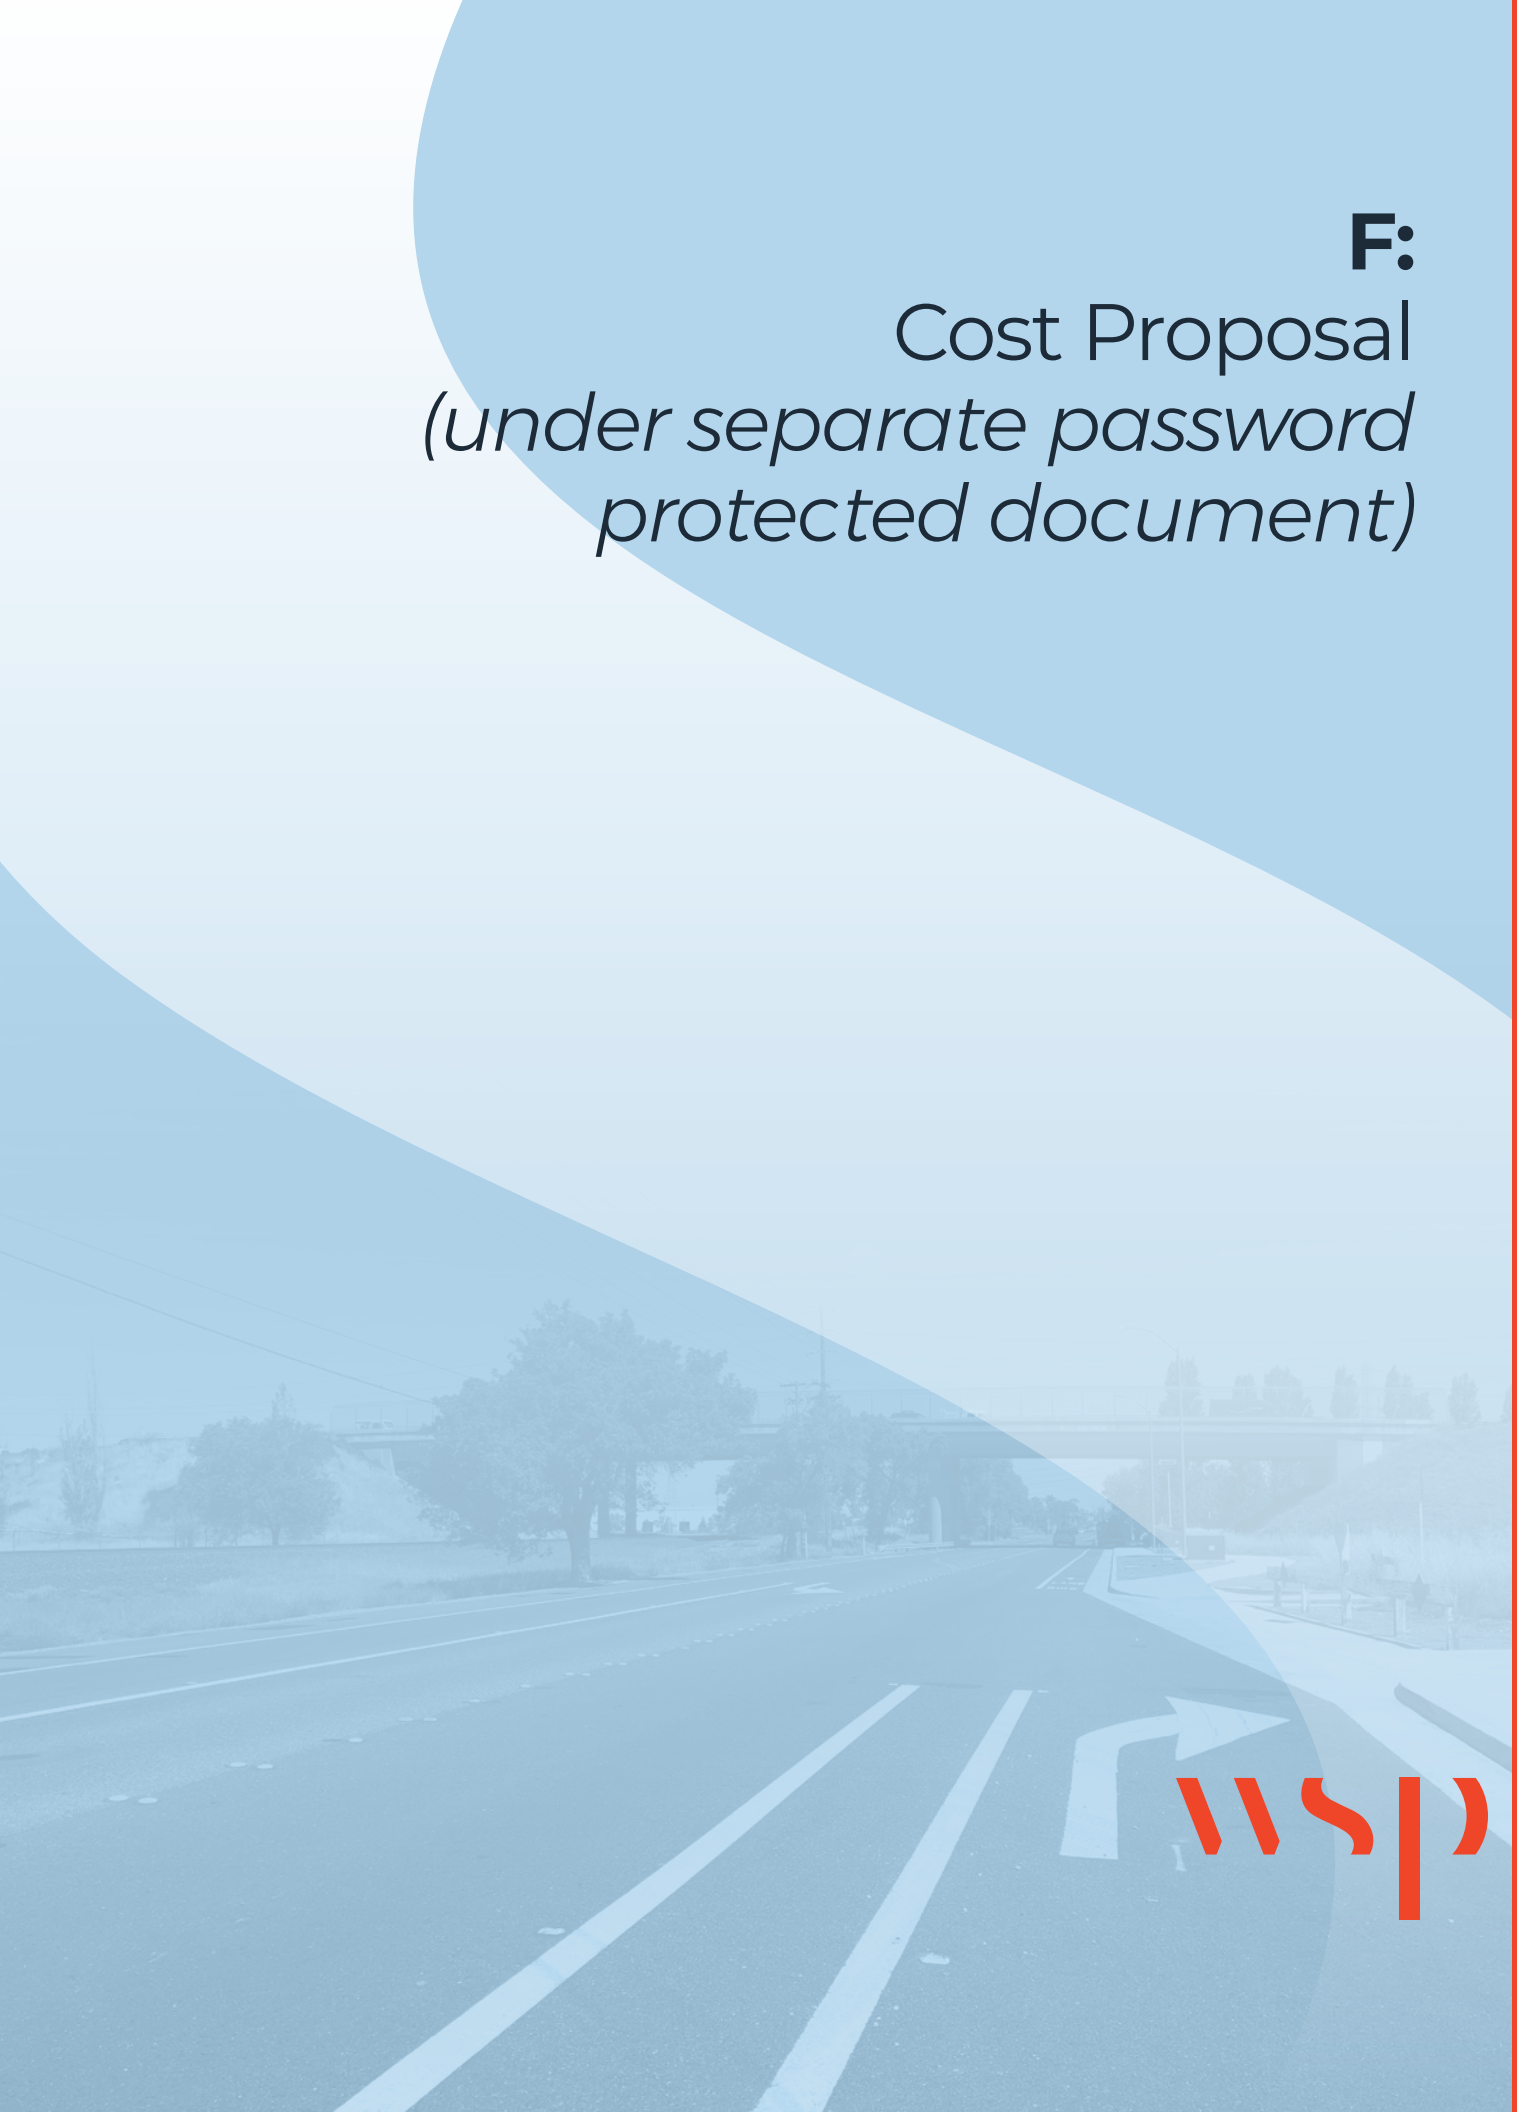
PROJECT	OWNER FLOAT (Working Days)
I-80/I-680 Interchange Program	90
Cypress Avenue Bridge Replacement	25
SR-99/Sheldon Road Interchange	43
SR-99/Central Galt Interchange	100
March Lane Grade Separations	40
SR-4 Gap	56
SR-4 Bypass - Segment 1, Package 1	22
SR-4 Bypass - Segment 1, Package 2	96
Napa Bridge Replacement Program	56
SR-238 Mission Boulevard	40
SR-4/Sand Creek Interchange	13

Timely UP Coordination

Our experience has shown that to effectively achieve progress in this area, a proactive and dedicated resident engineer is the best approach. Our team is very experienced in this arena and will be responsible for spearheading this effort. We will work proactively together with UP to keep them in the loop on schedule, timeframes, and any changes to the current plan.

Partnering

There is no doubt that a partnered project is much more likely to be completed on or ahead of schedule as compared to a non-partnered project. WSP is a huge proponent of partnering. However, some contractors try to use partnering to their advantage versus using it as an approach/mindset. Whatever the relationship is, our team is prepared to administer the contract with a "Partnering" Approach. Our team projects receive very high Partnering ratings from contractors which is a good indicator of working with the contractors not against them.



Partnering scores for the WSP managed Sand Creek Project were some of the highest ever recorded.

WSP'S WORK PLAN

Eric and our team are committed to the scope of work and timely completion of the identified deliverables. We have extensive local experience, particularly in the specialized area of constructing roadways, bridges, trails, utilities, parks, and much more for local agencies with Caltrans Local Assistance Oversight and Federal-aid funding. Shown in the graphic on the next page is a detailed work plan that our team will use for the successful implementation of your projects. We have used this same work plan to provide construction resident engineer and inspection services on numerous projects.

Activity/Description	Deliverable	Performed By
PRECONSTRUCTION PHASE		
Project Kick-off Meeting: Meet with City to review project goals, schedule, budget and services. Update project stakeholder list. Provide deliverable samples for review.	• Meeting agenda and minutes • Actions items with responsible person	Bart Littell, Eric Lilly, Resident Engineer
Constructability Review: Review the entire PS&E package with a focus on constructability and biddability. See Tab D for additional information.	• Comments log with a placeholder for designer responses.	Bart Littell, Eric Lilly, Resident Engineer, Scheduler
Project-Specific Project Management Plan (PMP): Includes Quality Plan, Safety Plan, review and sign the Code of Safe Practices. Prepare the WSP project specific Safety Plan to include, City requirements.	• Project team acknowledgement and signature sheet • Project Specific Safety Plan and Project Management Plan (PMP)	Eric Lilly, Resident Engineer
Utility Coordination: Engage early with utility companies to review the utility log and update all activities. Establish lines of communication. Perform preconstruction relocation and verification, if needed.	• Establish main utility contact(s) • Meeting agenda and minutes	Resident Engineer
Preconstruction Documentation: Capture field photos and video, including drone flights of existing conditions within the project limits. Emphasis will be on properties adjacent to planned work, ESAs, and haul routes.	• Photo and video logs with clearly identified properties • Baseline condition for each parcel	Resident Engineer
Risk Register: Conference with the City and key stakeholders to review risks.	• Create / update risk register	Eric Lilly, Resident Engineer
Preconstruction Conference: Arrange preconstruction meeting; invite project stakeholders. Address concerns, review contract items/issues per City and contract requirements.	• Meeting agenda / minutes	Resident Engineer
Monthly Progress Reports: Provide monthly detailed progress reports to the City to document services provided, budget tracking, and job progress.	• Monthly progress report	Eric Lilly
Preconstruction Scheduling Conference: Begin review of the contractor's CPM baseline schedule due within 20 days of contract approval.	• Contractor's CPM baseline • Letter to contractor with comments and deficiencies	Resident Engineer, Scheduler
Preconstruction Operational Status Checks: Perform field checks of electrical, landscaping and drainage systems within the project limits.	• Status log of systems checks with City confirmation	Resident Engineer, Inspector(s)
Stormwater Pollution Prevention Plan (SWPPP): Review/approve contractor's SWPPP due within 15 days of contract approval.	• Approved SWPPP	Resident Engineer, QSD
CONSTRUCTION PHASE		
Weekly Progress Meetings: Conduct weekly meetings to discuss schedule, change orders, new issues, submittal status, RFIs, safety, public relations, and project goals. Ensure project goals are met and safety issues are addressed and resolved.	• Meeting agenda/minutes • Action Items	Resident Engineer, Structures Representative, Office Engineer
Correspondence/Contract Administration: Review and respond to correspondence from contractor, stakeholders and third parties. Draft notices to contractor as necessary due to project situations.	• Response letter ready for RE review and signature and discuss incoming letters with RE	Resident Engineer, Office Engineer
Traffic Management Plan: Weekly team traffic meetings with City to develop and distribute a road closure schedule to key stakeholders, emergency personal and interested members of the public.	• Meeting minutes with action items • Communication plan	Resident Engineer
Process and/or Review Submittals and Shop Drawings: Review submittals and shop drawings for completeness and constructability. Forward those that require approval by others as necessary. Track status of submittals and shop drawings. Review and approve technical submittals.	• Submittal and shop drawing tracking log • Approved submittals and shop drawings	Resident Engineer, Structures Representative, Office Engineer
Review and Process RFIs: Review the RFI and provide the designer with recommended solutions. Verify final answer from designer to the contractor's RFIs.	• RFI Log • RFI Response	Resident Engineer
Review Change Orders and Resolve Disputes: Review contractor requested change orders and make recommendations. Write change order and obtain concurrences. Work to resolve any outstanding disputes.	• Logs of potential/ issued COs, and potential claims. • Partnering with contractor to reduce disputes	Resident Engineer
Weekly Statement of Working Days (WSWDs): Draft WSWDs, showing days remaining, rain days, CCO days, etc. Use Caltrans Form CEM-2701.	• Weekly Statement of Working Days	Resident Engineer
Environmental Compliance: Monitor compliance w/ environmental regulations and contract requirements, such as NPDES/Biological/Archeological/HazMat. Assist with reporting on SMARTS database.	• Documentation of environmental compliance • Update project ECR for final approval	Resident Engineer, Golder
Labor Compliance: Monitor for compliance with applicable labor laws and contract requirements, such as prevailing wage, insurance requirements. Conduct on-site interviews with contractor personnel.	• Verified certified payrolls, employee wage interviews, current liability insurance	Office Engineer, Inspector(s)
Progress Payments: Track quantities of completed work for payment. Track and verify extra work bills for force account work. Prepare progress pay estimates and quantity sheets monthly for accepted work, approve certified payment request. Review and approve materials on hand.	• Certified payment request • Quantity calculation sheets for contractor progress payments • Review/sign contractor extra work bills	Resident Engineer, Office Engineer, Inspector(s)
Project Documents and Caltrans Local Assistance Audit: Maintain Caltrans 63-Category filing system to organize/track project documentation: correspondence, RFIs, submittals, etc. Assist with Caltrans audit.	• Complete project files/logs following the Caltrans Construction Manual and City Procedures and Standards.	Resident Engineer, Office Engineer
Contractor CPM Schedule Review: Review monthly updates, "3-week look ahead" submittals, and review of TIAs. Notify all parties of deviations from schedule.	• Progress schedules and schedule correspondence	Resident Engineer, Scheduler

Secretary of State
Certificate of Status

I, SHIRLEY N. WEBER, Ph.D., Secretary of State of the State of California, hereby certify:

Entity Name:	WSP USA INC.
File Number:	C0900655
Registration Date:	10/19/1978
Entity Type:	FOREIGN STOCK CORPORATION
Jurisdiction:	NEW YORK
Status:	ACTIVE (GOOD STANDING)

As of February 24, 2021 (Certification Date), the entity is qualified to transact intrastate business in California.

This certificate relates to the status of the entity on the Secretary of State's records as of the Certification Date and does not reflect documents that are pending review or other events that may affect status.

No information is available from this office regarding the financial condition, status of licenses, if any, business activities or practices of the entity.

IN WITNESS WHEREOF, I execute this certificate and affix the Great Seal of the State of California this day of February 25, 2021.

SHIRLEY N. WEBER, Ph.D.
Secretary of State

Certificate Verification Number: YK37G4Y

To verify the issuance of this Certificate, use the Certificate Verification Number above with the Secretary of State Certification Verification Search available at *bebizfile.sos.ca.gov/certification/index*.

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the Vice President of WSP USA Inc., the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 5/21/2021 [date], at Roseville [city], California [state].

(Signature of Declarant)

EXHIBIT 15-H: PROPOSER/CONTRACTOR GOOD FAITH EFFORTS

Cost Proposal Due Date N/E PE/CE

Federal-aid Project No(s). N/A Bid Opening Date 5/21/2021 CON

The City of Roseville established a Disadvantaged Business Enterprise (DBE) goal of 12.00% for this contract. The information provided herein shows the required good faith efforts to meet or exceed the DBE contract goal.

Proposers or bidders submit the following information to document their good faith efforts within five (5) calendar days from cost proposal due date or bid opening. Proposers and bidders are recommended to submit the following information even if the Exhibit 10-O1: Consultant Proposal DBE Commitments or Exhibit 15-G: Construction Contract DBE Commitment indicate that the proposer or bidder has met the DBE goal. This form protects the proposer's or bidder's eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

The following items are listed in the Section entitled "Submission of DBE Commitment" of the Special Provisions, **please attach additional sheets as needed**:

A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications	Dates of Advertisement
WSP USA Inc. did not publish a solicitation for this project. Given the limited subcontracting opportunities and that the type of work to be performed is not typically solicited through trade publications, no advertisement was placed. Direct solicitations were made to firms with expertise required for this project.	

B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

Names of DBEs Solicited	Date of Initial Solicitation	Follow Up Methods and Dates
Knight CM Group	April 30, 2021	Throughout proposal preparation.

C. The items of work made available to DBE firms including those unbundled contract work items into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation in order to meet or exceed the DBE contract goal.

Items of Work	Proposer or Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount ($)	Percentage Of Contract
Resident Engineer & Inspection Support	Y	N/A	TBD	12.00%
	Pick			0.00%
	Pick			0.00%
	Pick			0.00%

D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

No DBEs were rejected for this project.

Names, addresses and phone numbers of firms selected for the work above:

Knight CM Group 2023 Blackridge Ave., Sacramento, CA 95835
(916) 870-9070

E. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining information related to the plans, specifications and requirements for the work which was provided to DBEs:

The full RFP was sent to each DBE firm to allow them to determine if they would like to team with WSP on this project. Additionally, our Project Manager discussed the anticipated role for each DBE firm so that they could make an informed teaming decision.

F. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining bonding, lines of credit or insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

WSP makes efforts to reduce barriers which prevent DBEs and small businesses from working with us in support of public clients. We have a standard subcontracting process and publicly post Subcontract Terms and Conditions Quality Manual to our Supplier Registration website (http://plus.wsp-pb.com/supplier_registration/) so that firms understand these expectations before tehy commit to teaming with WSP. During the subcontract negotiation, we will consider waiver of insurance coverage. We will also work with DBEs to further break down the scope of work when possible to facilitate their participation, such as breaking down site work into multiple contracts or acquiring supplies and services from different subconsultants so that each can participate.

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

Name of Agency/Organization	Method/Date of Contact	Results

WSP did not request assistance from communit agencies, organizations or groups for assistance in recruiting DBE firms for this contract. Given the limited number of teaming opportunities and already identified DBE resources to support our team, WSP did not believe there was opportunity for further engagement regarding this project. WSP is committed to working with such organizations, such as Procrement Technical Assistance Centers (PTACs) to further support our outreach efforts when opportunities are available.

H. Any additional data to support a demonstration of good faith efforts:

In addition to project-specific good faith efforts, WSP USA Inc. continually engages DBEs and the Small Business community thorugh its Small Business Program, which is memorialized online (http://plus.wsp-pb.com/supplier_registration/). The program is overseen by the Small Business Liaison Officer, Laura Unger, who assists our project teams with outreach opportunities, ensures that small business concerns are afforded the maximum practicable opportunity to work with the organization, oversees the organization's participation in mentor/protege programs, and serves as a resource to small business concerns. This program extends to all small and disadvantaged businesses including MBE, WBE, and SDVOB. Laura also coordinates WSP USA's Inclusion & DIversity (I&D) sub-committee for Supplier Diversity.

At WSP USA Inc., we foster a work environment of equal opportunity where all employees experience a true sense of belonging, recognition, value, and purpose. In 2019, WSP USA launched an I&D Council tasked with ensuring that our leadership team, employees, work environment and strategies continue to inspire a diverse and inclusive culture across the organization. Our I&D Council oversees our overall strategic plan for increasing equity and equality with sub-committees dedicated to specific topics actively producing resources and content to fulfill this mission.

Our Supplier Diversity sub-committee is focused on creating toolkits to supplement our existing Small Business Program. They are distilling best practices on topics such as hosting outreach events and mentoring small and disadvantaged businesses so that our organization can expand these activities and increase efforts to work with diverse suppliers. The toolkits are formatted to demonstrate the benefits of these efforts, consideration sofr teams looking to engage diverse suppliers, step-by-step guides for engagement, and internal contacts who have successfully wokred with diverse suppliers.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: _____

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate _____ % **OR**

Home Office Rate 131 % and Field Office Rate (if applicable) 92 %

Facilities Capital Cost of Money _____ % (if applicable)

Fiscal period * Projected 1/1/21 - 12/31/21

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts:

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 1,008,540,779 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 50.
- Years of consultant's experience with 48 CFR Part 31 is 30+.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☑ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☑ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 650,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.
- Years of consultant's experience with 48 CFR Part 31 is 7.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☒ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

Name**: Joe Reyes Title**: President

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable): Not Applicable

PROJECT NAME (and FPN, if applicable)[2]: City Roseville, On-Call Construction Resident Engineer and Inspection Services

APPLICABILITY: To be filled out by local agency consultants in management support role.

☒ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☒ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☒ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☒ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☒ I have read and fully understand all of the above.

Exceptions

WSP USA Inc. has no exceptions, alterations, or amendments to the Scope of Services or other requirements of the RFP, including the Sample Contract (Attachment B) and is willing to sign as is. We do see opportunities for improvement for both parties that can be further discussed if selected.

I:
Competency of Proposers

WSP USA Inc. has not had any contract terminated for breach in the past 7 years.

The following list reflects commercial disputes in a formal proceeding over the performance of transportation projects in the United States in which the claimant sought judgment from WSP USA Inc. f/k/a Parsons Brinckerhoff, Inc. in the last 7 years.

No.	Case Name	Project Name	Location and Index/Docket No.	Date Filed	Status	Brief Description
1	Utah Department of Transportation, Pltf. v. Parsons, Brinckerhoff, Quade & Douglas, Inc.	US-189 in Provo Canyon	Fourth Judicial District Court, Utah County, Provo Department, UT Case No. 120400731	5/16/2012	Settled 7/2014	The construction contractor for the Utah Department of Transportation (UDOT) encountered Manning Canyon Shale during construction of the project and failed to follow protocol for addressing the highly reactive materials. UDOT has challenged WSP's work as contributing to the contractor's problems. The matter has been settled.
2	Allan A. Myers, LP v. New Castle County & PB Americas Inc.	Governor Printz Interceptor	U.S. District Court for the District of Delaware Civil Action No. 12-cv-01038	8/15/2012 (New Castle) 4/8/2013 (WSP)	Settled 10/2015	New Castle County's (NCC) contractor for the installation of a sewer sanitary sewer system failed to meet contract criteria for soil settlement and brought suit for delays and additional costs. NCC sought indemnity from WSP in the unlikely event that the contractor prevailed.
3	NY Metropolitan Transportation Authority (MTA) ats. General Engineering Consultant, a JV of Parsons Brinckerhoff, STV, and Parsons	East Side Access	Contract Mandated Arbitration	7/6/2012	Settled 6/2017	In response to requests for contract modifications by the GEC, the NY Metropolitan Transportation Authority tendered claims that allegedly sought increased construction costs which it contends arise out of the GEC's design of a portion of the East Side Access project.
4	Montgomery County Maryland and Washington Metropolitan Area Transit Authority v. Parsons Brinckerhoff, Inc., Foulger-Pratt Contracting, L.L.C. and The Robert B. Balter Company	Silver Spring Transit Center	Circuit Court for Montgomery County, Maryland	8/24/2015	Settled 6/2017	Montgomery County contracted separately with defendants for the design, construction and construction inspection of a transit center to be transferred to WMATA upon completion. Among other things, the suit alleges design errors or omissions and attributes to them additional costs for construction and delay-related damages. The matter has been settled.

The following list reflects commercial disputes in a formal proceeding over the performance of transportation projects in the United States in which the claimant sought judgment from WSP USA Inc. f/k/a Parsons Brinckerhoff, Inc. in the last 7 years.

No.	Case Name	Project Name	Location and Index/Docket No.	Date Filed	Status	Brief Description
5	Quality Control Services LLC v. Ohio Department of Transportation; Trumbull-Great Lakes-Ruhlin, a Joint Venture; WSP USA Inc., f/k/a Parsons Brinckerhoff, Inc.	Cleveland - I-90 Bridge	Court of Common Pleas, Cuyahoga County, Ohio	3/2/2018	Dismissed 3/26/2018	On March 2, 2018, Quality Control Services LL (QCS) served a complaint for breach of contract against WSP, seeking payment in the amount of $473,900.64. WSP served as a subcontractor to Trumbell-Great Lakes-Ruhlin and QCS served as a subcontractor to WSP. The matter was dismissed.
6	North Texas Tollway Authority v. Zachry Construction Corporation, n/k/a Zachry Industrial, Inc.; Mario Sinacola & Sons Excavating, Inc.; Parsons Brinckerhoff Quade & Douglas, Inc., n/k/a Parsons Brinckerhoff, Inc.; Halff Associates, Inc.; Carter & Burgess, Inc., n/k/a Jacobs Engineering Group, Inc.; KBR, Inc.; and HNTB Corp.	Dallas North Tollway	District Court, Collin County, TX No. 429-01326-2017	3/20/2017	Settled 10/2018	The North Texas Tollway Authority claimed construction and design issues concerning various MSE walls in the Dallas North Tollway, and sued numerous designers, contractors, and consultants that it had hired. The matter has been settled.
7	Seattle Tunnel Partners v. Shannon & Wilson, Inc., & Parsons Brinckerhoff, Inc.	Alaska Way Viaduct	Superior Court for King County, Washington No. 17-2-01815-5 SEA	1/17/2017	Settled 6/2019	Contractors for the Alaska Way Viaduct claim that testing wells placed by a subconsultant to WSP damaged a tunnel boring machine. The matter has been settled.
8	Anna Ave. Assoc., LLC and John Smith Earthworks, Inc. v. SANDAG, et. al	SANDAG Drainage Study	San Diego County Superior Court, Case No. 37201800000231CUEICTL	1/3/2018	Dismissed 6/2019 against WSP	Anna Ave. Associates claim WSP was negligent in its preparation of a drainage study for SANDAG and that the drainage system it recommended caused damage to the plaintiff's property. WSP denies the allegations.
9	WW Clyde Co.	I-15 South David Design-Build	Mediation	2018	Settled 7/2019	WW Clyde claims quantity overruns from its bid on this design-build project and asserts WSP shares responsibility for those quantities bid. WSP denies liability.

The following list reflects commercial disputes in a formal proceeding over the performance of transportation projects in the United States in which the claimant sought judgment from WSP USA Inc. f/k/a Parsons Brinckerhoff, Inc. in the last 7 years.

No.	Case Name	Project Name	Location and Index/Docket No.	Date Filed	Status	Brief Description
10	City of Bellevue v. WSP USA Inc. et al	120th Avenue NE Widening Project, Phase 2	Superior Court, King County, No. 18-2-13554-1SEA	3/31/2018	Settled and Dismissed 12/2019	City of Bellevue seeks costs incurred in replacing retaining walls that moved during construction of adjacent ground improvements. WSP designed the retaining walls.
11	BDB, JV v. KlingStubbins	Utah Data Center	Arbitration	2/12/2019	Settled 4/2021	This was a design/build project for the Federal Government in Provo, Utah. BDB, JV was the design/builder and WSP USA was a subconsultant to KlingStubbins, the prime consultant and overall project engineer of record. WSP performed site civil design. BDB, JV asserted various claims for increased costs due to changes in design or alleged design deficiencies, which WSP denied liability for. BDB, JV filed a Demand for Arbitration against KlingStubbins, and KlingStubbins attempted to join WSP to that arbitration, but WSP was dismissed from the arbitration because WSP did not have an arbitration clause in its subcontract. As BDB, JV and KlingStubbins were about to begin their hearins in their arbitration, they settled, with WSP likewise settling for a small amount, without admitting to liability and to avoid the cost and expense of follow-on actions by KlingStubbins.
12	315 East 70th Street Apartment Corp., Pltf. v. S3 Tunnel Constructors, J.V.	Second Avenue Subway	New York County Supreme Court, NY Case No. 1523552012	5/2/2012	Pending	Building owner has asserted claims for property damage arising out of blasting performed by a contractor working for the MTA.

The following list reflects commercial disputes in a formal proceeding over the performance of transportation projects in the United States in which the claimant sought judgment from WSP USA Inc. f/k/a Parsons Brinckerhoff, Inc. in the last 7 years.

No.	Case Name	Project Name	Location and Index/Docket No.	Date Filed	Status	Brief Description
13	Tarheel Enterprises, Inc. v. New Jersey Transit Corporation	69th Street Bridge (Hudson Bergen Light Rail)	Superior Court of New Jersey Law Division Docket No. ESX-L-3279-19	8/8/2019	Pending	Plaintiff alleges NJ TRANSIT breach of contract; NJ TRANSIT seeks indemnification, defense and contribution from WSP in a third party claim.
14	Travelers Property Casualty Company of America, et al v. Allied Painting, Inc. et al	New Jersey Turnpike Authority Delaware River Bridge Painting	Philadelphia County PA Court of Common Pleas No. 01563	5/20/2020	Pending	The case involves a beam fracture of an existing bridge. Plaintiff sued Allied Painting for breach of contract and negligent misrepresentation. Allied Painting then joined WSP for negligently and carelessly performing its services.
15	Kiewit Infrastructure Co. ats. WSP USA Inc.	Central 70	Contract Mandated Arbitration	6/3/2019	Pending	Kiewit has asserted claims of alleged breach of contract and/or negligence relating to WSP and its subconsultants' professional services on the Central 70 design/build project in Denver, CO. WSP denies liability and is vigorously defending.

The following list reflects commercial disputes in a formal proceeding over the performance of transportation projects in the United States in which the claimant sought judgment from WSP USA Inc. f/k/a Parsons Brinckerhoff, Inc. in the last 7 years.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

NOTES:

1. Key personnel **must** be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.

2. The cost proposal format shall not be amended.

3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.

4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

[(a)] 2.0% annual escalation applies for each optional year the contract is extended.

SCHEDULE OF OTHER DIRECT COST ITEMS (Add additional pages as necessary)

Description of Item	Quantity	Unit	Unit Cost	Total
Laboratory Analysis		tests	Rate schedule attached	$ -
Mileage		miles	Rate schedule attached	$ -
Nuclear Density Testing		tests	Rate schedule attached	$ -
Concrete Cylinders		tests	Rate schedule attached	$ -
Specialty Vendors		each	Rate schedule attached	$ -
Equipment Rentals		each	Rate schedule attached	$ -
Description of Item				$ -
Subconsultant 1:				
Subconsultant 2:				
Subconsultant 3:				
Subconsultant 4:				
Subconsultant 5:				

Note: Add additional pages if necessary.

NOTES:

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

2021 LABORATORY FEE SCHEDULE

Geotechnical ▪ Geo-Environmental ▪ Construction Services ▪ Forensics

SOIL CLASSIFICATION		
#200 Sieve Wash	ASTM D1140	$127
Sieve Analysis to #200	ASTM D6913, CAL 202	$196
Standard Hydrometer with Sieve Analysis	ASTM D422	$385
Plasticity Index	ASTM D4318	$279
Specific Gravity - Soils	AASHTO T100	$122
MOISTURE / DENSITY		
Moisture Content	ASTM D2216, CAL 226	$46
Moisture/Density		$86
SOIL COMPACTION		
Standard Proctor (*4" or 6" mold*)	ASTM D698	$350
Modified Proctor (*4" or 6" mold*)	ASTM D1557	$350
California Impact	CAL 216	$350
Check Point (*Standard or Modified*)		$162
VOLUME CHANGE		
One-Dimensional Consolidation	ASTM D2435	$553
(6 load increments, includes 2 time rate curves and 2 rebound decrements)		
Additional Load or Rebound Decrement		$39 / ea
Additional Time Rate Curves		$120 / ea
Expansion Index	ASTM D4829	$279
One-Dimensional Settlement Swell	ASTM D4546	$248
STRENGTH		
Unconfined Compression	ASTM D2166	$162
Compression, Rock *Prep & Photos included*	ASTM D7012	$188
Rock Point Load	ASTM D5731	$76
California Bearing Ratio (CBR), with curve	ASTM D1883	$862
California Bearing Ratio (CBR), without curve	ASTM D1883	$517
Resistance Value	CAL 301	$380
Direct Shear: *(per point)*		
Undisturbed	ASTM D3080	$218
Remolded	ASTM D3080	$279
Triaxial Compression: *(per point) Photos of failure upon request*		
Undrained, Unconsolidated w/out Pore Pressure	ASTM D2850	$198
Consolidated, Undrained w/ Pore Pressure Measurements	ASTM D4767	$573
Consolidated, Drained		$821
Consolidated, Undrained, no Pore Pressure Measurements		$324
Specimen Remolding		$127

** Client requests for rush testing require pre-approval and 20% surcharge.*

CORROSIVITY ANALYSIS		
Corrosion Analysis Package	CAL 643, 417, 422	$355
Includes Soil Resistivity, Soil pH, Sulfates / Chlorides. Minimum size is 1,000 grams		
pH	CTM643	$46
Resistivity	CTM643	$149
PERMEABILITY		
Flex-wall Permeability	ASTM D5084	
Either Constant head or Falling Head / rising Tail Water. Method depends on soil type		$507
Each Additional Effective Stress		$127
Specimen Remolding		$125
TREATED SOIL TESTS		
% Lime for Stabilization - per point (%)	ASTM D6276	$142
pH of Soil	CTM643	$46
Modified Proctor	ASTM D1557	$416
Unconfined Compression Test	ASTM D5102	$233
One Dimensional Swell	ASTM D4546	$233
AGGREGATES		
Bulk Specific Gravity - Course & Fine Aggregate	ASTM C127 & 128, CAL 206, 207	$122
Coarse Durability	CAL 229	$208
Fine Durability	CAL 229	$208
Sand Equivalent	CAL 217, ASTM D2419	$145
Cleanness Value	CAL 227	$196
Moisture Content	CAL 226/370	$112
Percent of Crushed Particles (per size fraction)	CAL 205	$183
Fine Aggregate Angularity	AASHTO T304, Method A	$183
Flat and Elongated Particles (per size)	AASHTO D 4791	$183
Combined Grading 1" through no. 200	CAL 201/202	$195
Bin Grading (First 2 Bins)	CAL 201/202	$195
Each Bin Thereafter		$76
LP-9 (RAP) Burn	LP-9, CT382	$122
ASPHALT		
Bulk Specific Gravity - Compacted Hot Mix Asphalt	CAL 308	$61
Theoretical Max Specific Gravity (Rice)	CAL 309	$213
LTMD (Set of 5)	CAL 375	$421
Binder Content		
Ignition Oven Correction Factor	CAL 382	$360
Ignition Oven	CAL 382	$213
Solvent	AASHTO T164	$269
Stability (Set of 3)	CAL 366	$375
Void Content		
With Stability and Rice	CAL 367	$41
CONCRETE & MASONRY		
Concrete Compression Test 6" x 12" or 4" x 8"	ASTM C39	$41
Masonry or Grout Compression		$59
Compression Test of Cored Concrete Spec. (per core)		$132
Compression Test of Shotcrete Cores (per core)		$166

Other Tests Quoted Upon Request

** Client requests for rush testing require pre-approval and 20% surcharge.*

2.0% annual escalation applies for each optional year the contract is extended.

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.
5. Rates Shown for PW are Average Hourly Rates. Billing Rates per DIR Determination NC-63-3-9-2020-2. Billing rates for Second Shift Work shall be increased 12% to reflect increase in prevailing wage rate associated with Second Shift Work.

EXHIBIT 10-H2 COST PROPOSAL

SPECIFIC RATE OF COMPENSATION (USE FOR ON-CALL OR AS-NEEDED CONTRACTS)
(CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Note: Mark-ups are Not Allowed

Consultant Kleinfelder Prime Consultant x Subconsultant

□ Prime Consultant □ 2nd Tier Subconsultant

Project No. _____ Contract No. _____ Date 5/14/2021

SCHEDULE OF OTHER DIRECT COST ITEMS

Description of Item		Quantity	Unit	Unit Cost	Total
Mileage Costs			EA	$ 0.56	$
Equipment & Supplies			EA	See Schedule	$
Permit Fees				$	$
Plan Sheets				$	$
Laboratory Test			EA	Per Schedule	$
Vehicle				$	$
Subconsultant 1:					$
Subconsultant 2:					$
Subconsultant 3:					$
Subconsultant 4:					$
Subconsultant 5:					$

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
6. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Name: Jeremy Mason Title *: Vice President

Signature :  Date of Certification (mm/dd/yyyy): 5/17/2021

Email: jmason@kleinfelder.com Phone Number: 916-366-1701

Address: 2882 Prospect Park Drive, Suite 200, Rancho Cordova, CA 95670

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

Materials Testing and Inspection

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL / MATERIALS TESTING EQUIPMENT

EQUIPMENT CHARGES

MATERIALS TESTING EQUIPMENT			
Equipment	**Invoice Name**	**Test Method†**	**Price**
Anchor Bolt Testing Device	ANCHOR BOLT TST/DAY		$150.00 / day
Brinell Hardness Tester	BRINELL HARDNESS/DAY	E10	$20.00 /day
Concrete Rebound (Schmidt) Hammer	SCHMIDT HAMMER/DAY	C805	$55.00 / day
Coring Machine	CORING MACHINE /DAY		$85.00 /day
Coring Machine with Generator	CORING MCH W/GEN DAY		$165.00 / day
Cylinder Mold	CYLINDER MOLDS		$3.00 each
Diamond Bit Core Barrel Charge			
3" Diameter	CORING, 3” DIAM./IN		$3.30 / inch
4" Diameter	CORING, 4” DIAM./IN		$4.40 / inch
6" Diameter	CORING, 6” DIAM./IN		$6.60 / inch
Digital Thickness Gauge	THICKNESS GAUGE /DAY		$50.00 /day
Hand Auger and Soil Sampler	HAND AUGER/DAY		$75.00 /day
Magnetic Particle Testing Device	MAGNETIC PARTICLE	ASNT, AWS B1.1	$45.00 /day
Nuclear Soil Density/Moisture Gauge	NUCLEAR DENS GAUGE	D6938	$75.00 / day
Skidmore Bolt Tension Calibrator	SKID WILH BOLT/DAY	A325, A490	$55.00 / day
Torque Wrench, up to 1,000 foot-pounds	TORQUE WRENCH/DAY	A325, A490	$50.00 / day
Ultrasonic Testing Device	UT TESTING EQUIP/DAY	ASNT, AWS B1.1	$75.00 /day

†Examples of common test methods. Other methods may exist.

Revised 8/2018

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

SOIL TESTS

SOIL DENSITY TESTS

Test	Standard Test Method†	Fee		
Standard Proctor	D698, T99	$	245	each
Modified Proctor	D1557, T180	$	245	each
Proctor Check Point	T272	$	140	each
Proctor Oversize Correction	D4718	$	75	each
Treated Soil Proctor	D558	$	320	each
Minimum and Maximum Relative Density	D4254, D4253	$	425	each
Maximum Density by Vibratory Hammer	D7382	$	550	each
Moisture/Density, TEX 113-E	TEX113-E	$	275	each
Moisture/Density, TEX 114-E	TEX114-E	$	275	each
California Impact, CT 216, Dry Method	CT216	$	225	each
California Impact, CT 216, Wet Method	CT216	$	225	each

SOIL CLASSIFICATION AND INDEX TESTS

Test	Standard Test Method†	Fee		
Visual Classification	D2488	$	30	each
Sieve Analysis, % Finer than 200 Sieve	D1140	$	90	each
Sieve Analysis, Fine	D422, D6913, T88	$	130	each
Sieve Analysis, Coarse	D422, D6913, T88	$	130	each
Sieve Analysis, Coarse and Fine	D422, D6913, T88	$	165	each
Hydrometer Analysis (***Requires a Sieve Analysis, not included)***	D422, D7928	$	185	each
Water Content	D2216, D4363, T265	$	25	each
Water Content and Dry Unit Weight	D2216, D2937, D7263	$	45	each
Atterberg Limits, Single Point	D4318-B, T89, T90	$	120	each
Atterberg Limits, Multiple Point	D4318-A, T89, T90	$	185	each
Atterberg Limits, Liquid Limit Only	D4318, T90	$	115	each
Soil Specific Gravity	D854, T100	$	225	each
Soil Organic Content	D2974-C	$	125	each
Fiber Content of Peat Soils	D1997	$	270	each
Pinhole Dispersion Classification	D4647	$	525	each
Soil pH	D4972, G51	$	60	each
Double Hydrometer for Dispersive Soils	D4221	$	275	each
Soil Resistivity	G187	$	160	each
Chloride Content		$	70	each
Sulfate Content		$	60	each
Thermal Resistivity, Per Point	D5334, IEEE 422	$	325	each
Thermal Resistivity, Dry-Out Curve	D5334, IEEE 422	$	950	each

SOIL BEARING PRESSURE TESTS

Test	Standard Test Method†	Fee		
California Bearing Ratio, Single Point ***(proctor not included)***	D1883, T193	$	350	each
California Bearing Ratio, 3 Points ***(proctor not included)***	D1883, T193	$	650	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

Revised 12/2019

SOIL TESTS (continued)

SOIL BEARING PRESSURE TESTS (continued)				
Test	**Standard Test Method†**	**Fee**		
Resistance R-Value	D2844	$	325	each
Resistance R-Value of Treated Material	D2844	$	375	each
Rock Correction for R-Value	D2844	$	85	each
Stabilized Soil UC Strength, 1 Point ***(proctor not included)***	D1633, D5102	$	175	each
Stabilized Soil UC Strength, Set of 3	D1633, D5102	$	950	each
CT373, 1 Lime Content, w/o Opt. Moist.	CT373	$	175	each
CT373, 1 Lime Content	CT373	$	370	each
CT373, 3 Lime Contents	CT373	$	1,100	each
Eades and Grim Test (Opt. Lime Content)	C977	$	195	each
Resilient Modulus	T307	$	475	each
CTB Strength, Individual Specimen		$	185	each
CTB Strength, Set of 3, Without Design		$	420	each
CTB Complete Mix Design		$	6,500	each

SOIL STRENGTH AND PERMEABILITY TESTS				
Test	**Standard Test Method†**	**Fee**		
Pocket Penetration Value		$	30	each
Unconfined Compressive Strength	D2166, T208	$	140	each
Direct Shear, 1 Point	D3080, T236	$	150	each
Direct Shear, 3 Points	D3080, T236	$	390	each
Direct Shear, Residual Strength, Each Pt	D3080-Modified	$	250	each
Consolidation without Time Rate Plots	D2435-Modified	$	345	each
Consolidation with 2 Time Rate Plots	D2435-A, T216-A	$	450	each
Consolidation, All Loads with Time Rates	D2435-B, T216-B	$	630	each
Collapse Potential	D5333	$	250	each
One Dimensional Swell – Wetting After Loading, Series	D4546-A	$	300	each
One Dimensional Swell – Wetting After Loading	D4546-B	$	175	each
One Dimensional Swell – Loading After Wetting	D4546-C	$	475	each
Expansion Index	D4829	$	195	each
Denver Swell Test		$	125	each
Permeability, Rigid Wall	D2434	$	450	each
Permeability, Flexible Wall	D5084-C	$	390	each
Triaxial Compression, CU, 1 Point	D4767, T297	$	500	each
Triaxial Compression, CU, 3 Points	D4767, T297	$	1,350	each
Triaxial Compression, UU, 1 Point	D2850, T296	$	210	each
Triaxial Compression, UU, 3 Points	D2850, T296	$	630	each
Triaxial Compression, UU Saturated, 1 Point	D2850-Modified	$	300	each
Triaxial Test, TEX117E, Part I	TEX117E	$	1,950	each
Triaxial Test, TEX117E, Part II	TEX117E	$	1,950	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

AGGREGATE TESTS

Test	Standard Test Method†	Fee		
Acid Solubility		$	185	each
ASR Reactivity, Long Method	C227, C1293	$	1,850	each
ASR Reactivity, Short Method	C1260, C1567	$	950	each
Cleanness Value	CT227	$	165	each
Clay Lumps and Friable Particles, per size ****(see note below)***	C142, T112	$	105	each
Coarse Specific Gravity & Absorption	C127, T85	$	85	each
Fine Specific Gravity & Absorption	C128, T84	$	145	each
Coarse Durability	D3744, T210	$	150	each
Fine Durability	D3744, T210	$	150	each
Flat and Elongated Particles, per size ****(see note below)***	D4791	$	95	each
Fractured Faces, per size ****(see note below)***	D5821, T335	$	105	each
Lightweight Pieces ***(Per specific gravity of heavy liquid)***	C123, T113	$	330	each
Los Angeles Abrasion, Large Aggregate	C535	$	200	each
Los Angeles Abrasion, Small Aggregate	C131, T96	$	200	each
Mortar Sand Strength	C87, CT515	$	650	each
Organic Impurities	C40, T21	$	75	each
Sand Equivalent, 1 point	D2419, T176	$	100	each
Sand Equivalent, 3 points	D2419, T176	$	150	each
Sieve Analysis, % Finer than 200 Sieve	C117, T11	$	90	each
Sieve Analysis, Fine	C136, T27	$	130	each
Sieve Analysis, Coarse	C136, T27	$	130	each
Sieve Analysis, Coarse and Fine	C136, T27	$	165	each
Soundness of Aggregate, per size ****(see note below)***	C88, T104	$	150	each
Unit Weight	C29, T19	$	65	each
Water Content	D2216, C566, T255	$	25	each
Texas Wet Ball Mill	TEX116E	$	300	each
Decantation Wash	TEX406A	$	90	each
Uncompacted Void Content of Fine Aggregate	C1252, T304	$	140	each
Tests are billed by each size fraction tested. The quantity of fractions tested is dependent on the sample gradation and test method.				

FILTER MEDIA TESTS

Test	Standard Test Method†	Fee		
Filter Media, Sieve Analysis ***(includes d10, d60, es, cu)***	AWWA B100	$	185	each
Filter Media, Mohs Hardness	AWWA B100	$	185	each
Filter Media, Percent Silica		$	200	each
Acid Solubility	AWWA B100	$	185	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

CONCRETE TESTS

Test	Standard Test Method†	Fee		
Concrete Compression	C39	$	32	each
Concrete Core Compression	C42	$	85	each
Concrete Flexural Strength	C78	$	105	each
Hydraulic Cement Mortar Compression	C109 (field cast)	$	32	each
Concrete Drying Shrinkage, set of 3	C157	$	510	Each
Concrete Core Thickness	C174	$	45	each
Concrete Laboratory Trial Batch*	C192	$	1,350	each
Concrete Time of Set by Penetration Resistance	C403, C191	$	2,400	each
Concrete Modulus of Elasticity	C469	$	350	each
Concrete Splitting Tensile Strength	C496	$	105	each
Concrete Absorption	C497, C642	$	160	each
Concrete Cylinder Unit Weight	C567	$	160	each
Non-Shrink Grout Compression	C1107, C579	$	32	each
Shotcrete Compression	C1140, C1604	$	85	each
Concrete Chloride Ion Penetration	C1202	$	750	each
Concrete Paving Slab Modulus of Rupture	C1782	$	750	each
Concrete Direct Tensile	D2936, CRD C164	$	500	each
CLSM Compression	D4832	$	45	each
Includes 6 cylinders (4x8 or 6x12) or 6 flex beams, additional cylinders, beams, or shrinkage prisms charged at individual unit rates				

ROLLER COMPACTED CONCRETE TESTS

Test	Standard Test Method†	Fee		
RCC Compression	C1435/C39	$	65	each
RCC Air Content	C1849	$	50	each
RCC Unit Weight	C1849	$	50	each
RCC Consistency and Density (VeBe)	C1170	$	1,600	each
RCC Accelerated Cure	C1768 - modified	$	750	each
RCC Trial Batch	ACI 211.1	$	4,800	each
RCC Aggregate Mixing	ACI 211.1	$	2,000	each

MASONRY TESTS

Test	Standard Test Method†	Fee		
Masonry Grout Compression	C1019, C942	$	32	each
Masonry Mortar Compression	C270, C780	$	32	each
Masonry Core Compression and Shear	CA DSA	$	170	each
Masonry Prism Compression	C1314	$	125	each
CMU Absorption and Received Moisture	C140	$	100	each
CMU Compression	C140	$	105	each
CMU Dimension Verification	C140	$	45	each
CMU Lineal Shrinkage	C426	$	250	each
CMU/Seg. Retaining Wall Unit Freeze-Thaw	C1262	$	1,750	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

ROCK TESTS

Test	Standard Test Method†	Fee		
Rock Sample Preparation	D4543	$	100	each
Rock Direct Shear, 1 Point	D5607	$	350	each
Rock Mohs Hardness	IRSM	$	45	each
Rock Point Load Index, per Point*	D5731	$	55	each
Rock Slake Durability	D4644	$	200	each
Rock Splitting Tensile/Brazilian, per Point*	D3967	$	100	each
Rock Direct Tensile	D2936	$	250	each
Rock Triaxial Compression	D7012-A	$	420	each
Rock Triaxial Compression w/Modulus of Rupture	D7012-B	$	560	each
Rock Unconfined Compression	D7012-C	$	250	each
Rock Unconfined Compression w/Modulus of Rupture	D7012-D	$	500	each

Above testing fees include routine sample preparation (end grinding) and sample photographs
****Point load and splitting tensile test fees are per break, not per set of 10.***

ASPHALT TESTS

BINDER TESTS

Test	Standard Test Method†	Fee		
Absolute Viscosity	D2171	$	220	each
Bitumen Penetration	D5	$	85	each
Kinematic Viscosity	D2170	$	200	each
Recovery by Roto-Vapor	D5404	$	365	each
Softening Point, Ring & Ball	D36	$	105	each
Bitumen Recovery by Abson Method	D5404	$	375	each
Ductility of Bitumen	D113	$	130	each
Resilience of AR Binders	D5329	$	80	each

EMULSION TESTS

Test	Standard Test Method†	Fee		
Emulsion Elastic Recovery	D6084, T301	$	260	each
Emulsion Settlement	D6930, T59	$	235	each
Emulsion Sieve Test	D6933, T59	$	105	each
Emulsion Storage Stability	D6930, T59	$	185	each
Emulsion Torsional Recovery	CT332	$	160	each
Particle Charge	D7402, T59	$	105	each
Residue by Evaporation	D6934, T59	$	115	each
Saybolt Viscosity	D7946, T59	$	160	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

ASPHALT TESTS (continued)

MIX PROPERTY TESTS				
Test	**Standard Test Method†**	**Fee**		
Air Voids Determination ***(calculation only)***	D3203, AI-MS-2	$	60	each
VMA Determination ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
VFA Determination ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
Volumetric Properties ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
AC Moisture Content	T329	$	60	each
Gradation of Extracted Aggregate	D5444	$	125	each
AC Content by Extraction	D2172	$	220	each
AC Content by Ignition Oven	D6307, T308	$	160	each
AC Ignition Oven Calibration ***(determination of mix correction)***	D6307	$	350	each
Hveem Stability	D1560	$	350	each
Hveem Stability without Compaction	D1560	$	185	each
Marshall Stability and Flow ***(does not include compaction)***	D6927	$	175	each
AC Swell	CT305	$	500	each
Slurry Seal Wet Track Abrasion	D3910, ISSA TB100	$	350	each

DESIGN AND DENSITY TESTS				
Test	**Standard Test Method†**	**Fee**		
AC Core Thickness	D3549	$	15	each
AC Core Unit Weight & Thickness	D1188, D2726, D3549	$	55	each
Unit Weight, Gyratory Method	T312	$	325	each
Unit Weight, Hveem Method	D1561	$	310	each
Unit Weight, Marshall Method	D6926	$	225	each
Maximum Theoretical Specific Gravity	D2041	$	165	each
Moisture Induced Damage	T283	$	1,470	each
Moisture Vapor Susceptibility	CT307	$	600	each
Hamburg Wheel Track, Set of 2	T324	$	1,100	each
Index of Retained Strength	D1075	$	1,250	each
Indirect Tensile Strength ***(does not include compaction)***	D6931	$	1,050	set/3
Indirect Tensile Strength of Cored Specimen	D6931	$	350	each
Caltrans Tensile Strength Ratio	CT371	$	2,000	each
Caltrans Opt Bitumen Content OGFC	CT368	$	1,850	each
Centrifuge Kerosene Equivalent	CT303	$	300	each
Film Stripping	CT302	$	150	each
Mix Design, Hveem Method w/RAP	CT367	$	7,800	each
Mix Design, Hveem Method	CT367	$	6,000	each
Mix Design, Marshall Method	AI-MS-2	$	3,250	each
Mix Design, Superpave Method	AI-MS-2	$	7,500	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

METAL TESTS

BOLT TESTS				
Test	**Standard Test Method†**	**Fee**		
Bolt Assembly Suite (Bolt, Nut, Washer) *	F606	$	225	each
Bolt Hardness	E18	$	30	each
Bolt Proof Load	F606	$	45	each
Bolt Wedge Tensile	F606	$	45	each
Nut Hardness	E18	$	30	each
Nut Proof Load	F606	$	45	each
Washer Hardness	E18	$	30	each
An 'assembly' is one bolt, one nut and one washer. The suite consists of a bolt wedge tensile test, bolt and nut proof load tests, and hardness tests on all three pieces.				

REINFORCING BAR TESTS				
Test	**Standard Test Method†**	**Fee**		
Bend	A370, E290	$	45	each
Rebar Tensile, up to No. 11	A370, E8	$	95	each
Rebar Tensile, No. 14 and No. 18	A370, E8	$	200	each
Rebar Coupler Slip	A370, A1034, CT670	$	150	each
Rebar Coupler Tensile, up to No. 11	A370, A1034, CT670	$	90	each
Rebar Coupler Tensile, No. 14 and No. 18	A370, A1034, CT670	$	200	each
CT670 Strain (Elongation)	CT670	$	20	each
Headed Rebar Tensile, up to No. 11	A370, A970	$	90	each

Revised 12/2019

RESOLUTION NO. 21-493

APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PSOMAS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an on-call professional services agreement to provide Construction Resident Engineer and Inspection Services, by and between the City of Roseville and Psomas, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said on-call professional services agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute amendments to the on-call professional services agreement as needed to update the rates of compensation as provided in Exhibit "B" of the agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 20___, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

ON-CALL PROFESSIONAL SERVICES AGREEMENT

Construction Resident Engineer and Inspection Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and Psomas, a California corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal # 15-94 for professional services consisting of on-call resident engineer and inspection services; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated May 21, 2021, which describes the scope of services to be performed by CONSULTANT, and the hourly rates for performance of such services; and

WHEREAS, CONSULTANT is qualified and experienced to provide professional construction resident engineer and inspection services on an on-call basis.

NOW, THEREFORE, the parties agree as follows:

1. Term. The term of this Agreement shall commence upon execution and expire on December 31, 2024. The City Manager may, in his or her discretion, elect to extend the Agreement in one (1) year increments for up to an additional two (2) years by giving CONSULTANT thirty (30) days advance written notice of each optional one (1) year renewal. Such extensions shall be memorialized by a written amendment to this Agreement.

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY.

3. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT "B," attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million dollars per year ($1,000,000) for an overall total compensation for the initial term not to exceed three million dollars ($3,000,000). Total compensation for optional renewal years of this Agreement shall not exceed one million dollars per year ($1,000,000). Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

5. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory

Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

6. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

7. Prevailing Wages. CONSULTANT shall comply with all applicable prevailing wage laws, including, but not limited to, any and all applicable federal prevailing wage requirements for task agreements that utilize federal funds. Additionally, CONSULTANT shall require its subcontractors, if any, to comply with all applicable prevailing wage laws for services performed under this Agreement. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the

contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Fiscal and Federal Provisions. CONSULTANT shall abide by all fiscal and federal provisions as contained in Exhibit 10-R, A&E Boilerplate Agreement Language, and included in the Request for Proposal (RFP) as Attachment B.

10. Time is of the Essence. Time is of the essence of this Agreement.

11. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

12. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

13. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

14. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY.

CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

15. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

16. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any

company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

17. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

18. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this

Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

19. Termination of Agreement. CITY may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. CONSULTANT understands that continuation of this Agreement past June 30th of any given year is contingent upon appropriation of funds for such purpose in the budget of the City of Roseville in the sole discretion of the City Council. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any MATERIAL, notwithstanding any termination or any dispute regarding the amount to be paid.

20. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

21. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

22. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

23. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Jason Shykowski Public Works Director 311 Vernon Street Roseville, CA 95678	Brian Fragiao Project Manager 1075 Creekside Ridge Drive, Ste. 200 Roseville, CA 95678

Either party may amend its address for notice by giving notice to the other party in writing.

24. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

Roseville, CA 95678

Subject: **City of Roseville On-Call Construction Resident Engineer and Inspection Services**

Dear Ms. Taylor,

As has been the City of Roseville's process since we moved our Northern California HQ to Roseville in 2002, the City of Roseville is seeking consultants to continue to provide as-needed construction inspection and construction contract administration services to augment existing City construction staff as necessary for Capital Improvement Program (CIP) projects. To accomplish this work successfully, you will need a consultant who has an exceptional understanding of CIP projects and a proven track record of providing these services. Psomas has created a team of Roseville-experienced companies that know this work and can exceed the City's expectations. Our team understands that the range of services to be provided will be for a variety of project types including, but not limited to, new roadway, roadway widening, ADA compliant work, resurfacing, stripping, marking & signage, new and existing water, sewer & drainage infrastructure, new & upgrades to traffic operating systems, bike & pedestrian pathway, bridge, pedestrian safety and street lighting.

Psomas and our subconsultant partners from Unico Engineering, NV5, Albat, Twining, Argonaut Ecological Consulting, Inc. and Youngdahl Geotechnical are very familiar with the scope of work, the interaction with City Public Works personnel, as well as City invoicing and change order policies. Our approach is to provide the right core group of "key" individuals who will be committed to each specific project. This provides continuity, consistency, and the flexibility to respond to construction demands.

For the last 20 years, Psomas has been there for the City when needed, providing management and/or inspection on the Oak Street Roundabout, Roseville Road Widening, Eureka Bikepath, and other smaller projects. We've provided services on ADA ramp replacements and annual resurfacing projects. We've also been immediately available to provide a second set of eyes on other Roseville projects, or as-needed survey support, or expert inspection of items like placing methacrylate on the new City parking structure. With our office in Roseville, we take great pride in being involved in Roseville projects at any level and hope to continue to serve in whatever capacity is needed.

Services & Addendum Acknowledgment

Psomas will perform the services and adhere to the requirements described in the RFP & Addenda. We acknowledge receipt of Addendum No. 1 on May 12, 2021 and Addendum No. 2 on May 13, 2021.

Authorized to Bind Statement

I, Frank Martin, a Principal of Psomas, am authorized to execute legal documents and the Master Services Agreement on behalf of Psomas. I have reviewed the Sample Contract and Professional Services Agreement and found it generally acceptable.

A Statement of Qualifications

STATEMENT OF QUALIFICATIONS

Firm Overview

Dedicated to balancing the natural and built environment, Psomas provides sustainably-engineered solutions to public and private clients worldwide. As a full-service consulting firm, we help our clients create value and deliver complex projects. Sustainable practices are incorporated into all of our services. From designing ISI (Institute for Sustainable Infrastructure) certified projects such as removing pollutants from urban stormwater runoff to site design for LEED™-certified projects and our renewable energy practice, Psomas is in the forefront of the sustainable projects movement.

The cornerstone of our business approach is to focus on our clients' long-term needs and then guide our strategic growth to meet those needs. Our core strength is our multi-disciplined teams of experts—top-notch staff who produce award-winning projects for our clients through innovation, creativity and cutting-edge technical expertise.

Founded in 1946, Psomas provides services from offices throughout California, Arizona, and Utah.

Qualifications

Psomas has provided Construction Management services in Northern California since 1999. We are currently engaged in the business of the Construction Management and Inspection services involving public improvement projects, and use the Caltrans LAPM on a daily basis. From the Roseville office, we have delivered services on over 50 projects that are state, federally, and/or locally funded for local agencies within the past year.

Understanding of the City's Needs

The Psomas team understands it is the City's desire to establish an on-call Construction Inspection Services contract in order to meet fluctuating inspection needs. With the City providing general construction oversight, the on-call contract will provide for construction inspection services for project compliance and acceptance with all applicable laws, codes, and City Standards on a project specific, as-needed basis. Construction inspection services will be needed for a variety of project types including new and existing ADA compliance work, annual resurfacing projects, bike and pedestrian pathways, bridge construction, signal improvements, underground infrastructure, and pedestrian safety projects. Psomas understands that the work assigned will vary and there is no commitment by the City to assign any particular amount of work or number of projects within the on-call contract. Our deep bench of inspectors have the knowledge, skills, abilities, and qualifications to perform inspection services for the City.

Providing on-call services to many jurisdictions in the Sacramento region, Psomas is aware that the consultant firm(s) selected for this contract will need to understand the fluctuations of Capital Improvement Program (CIP) work with respect to staffing and resources, and can quickly ramp up or cancel services on short notice based on the actual work schedule and needs.

Psomas has the depth of resources and experience to provide qualified inspectors and project managers who can cover the requested duties, but not limited to:

- Documentation of pre-construction site conditions
- Conducting weekly meeting with the contractor and the sub-contractors to ensure project's goals are met and safety issues are addressed and resolved

- Verification of construction staking by the contractor
- Monitoring of contractor's daily activities to assure compliance with the approved contract documents
- Review of submittals and shop drawings, change orders and progress schedule
- Preparation of progress pay estimates, review of certified payrolls, as well as preparation of Record Drawings
- Photo and video documentation of the site
- Monitoring of the SWPPP/BMPs within the project site
- Monitor/facilitate calibrations
- Constructability review
- Other tasks as necessary

Subconsultants

Unico Engineering

Construction Management and Inspection

UNICO Engineering is a certified DBE firm that is fully committed to providing high quality construction management, land surveying, program management and systems integration services to public and private clients. UNICO serves clients throughout California with a current staff of over 60 from their corporate office located in Folsom, with branch offices in Sacramento, Elk Grove, Woodland and Oakland.

UNICO offers a lengthy history of working in Roseville and partnering with Psomas. UNICO is a subconsultant to Psomas on the current City of Roseville and City of Chico on-calls, as well as the Caltrans District 3 contract. Psomas is a subconsultant to UNICO on the City of Elk Grove's Kammerer Road Widening Project. UNICO offers construction management, bridge, roadway, wet and dry utilities, electrical inspection, office engineering, labor compliance, construction staking and verification, and drone surveying.

Argonaut Ecological Consulting

Biological Mitigation and Monitoring/ Stormwater Compliance

Argonaut is a California-certified DBE (CA# 36268) and has a successful history of working throughout the Central Valley since 1993 and on all Psomas projects since 2001. Argonaut provides regulatory and compliance support services to municipalities, construction management teams, and traditional land developers. Their services focus on biological resources, stormwater/water quality compliance, and cultural resources.

NV5

Materials Testing

NV5 is a leading provider of engineering and consulting services to public and private sectors with over 2,500 professional engineers and technical support staff in 100 offices worldwide. NV5 plans, designs, tests, constructs, certifies, and operates projects that improve the communities where they live and work.

Their local offices have provided specialized geotechnical engineering, environmental engineering and construction quality assurance (CQA), including materials testing and special inspection, for hundreds of projects in and adjacent to the City of Roseville. Currently, NV5 is under a three-year contract with the City of Roseville to provide on-call materials testing services as needed for Capital Improvement projects.

As part of the Psomas team, NV5 has provided materials testing and inspection services in the local area for over 20 years completing numerous projects for public agencies. Notable projects completed locally as part of the Psomas team include Highway 65 interchange, Roseville Road, Cook Riolo Bridge, and the Antelope Creek Flood Control Project - Upper Weir.

Albat

Construction Management

Albat is a newly-formed DBE/SBE firm providing Project Management, Construction Management, and Inspection services to the greater Sacramento region. Dedicated to providing clients with quality services, Albat supports projects by understanding client issues, collaborating on effective solutions, and moving projects forward. Their professional engineers, inspectors, and administrative support staff come from a diverse background and a wide range of disciplines having supported projects for federal, state, and local agencies for roadway and bridge projects, program management support, materials engineering, and quality management. Albat currently provides construction management and office engineering services on several local agency, federally-funded contracts and projects, including the Humboldt and Placer County On-Call contracts for Construction Management and Inspection services.

Twining

Material Testing

Twining's legacy dates back more than 120 years and has served the City of Roseville for nearly seven years. Twining has been a central part of Northern California's public works landscape, providing testing and inspection services to more than 25 Northern California agencies. Twining has worked with Psomas on more than 20 projects in the last four years alone.

Select City projects on which Twining has worked include; RSTP Microsurfacing, Westbrook Boulevard and Payson Avenue/Octave Avenue Improvements, 2020 Residential Resurfacing Project, 2019 Curb Ramps and Concrete Project, and Blue Oaks Boulevard and Highway 65. Their familiarity with the City means they will enter into this contract needing minimal acclimation to City requirements and procedures.

Youngdahl

Geotechnical

Youngdahl Consulting Group, Inc. is a full-service geotechnical engineering, geoscience, environmental compliance, stormwater management and construction observation and materials testing firm working throughout northern and central California.

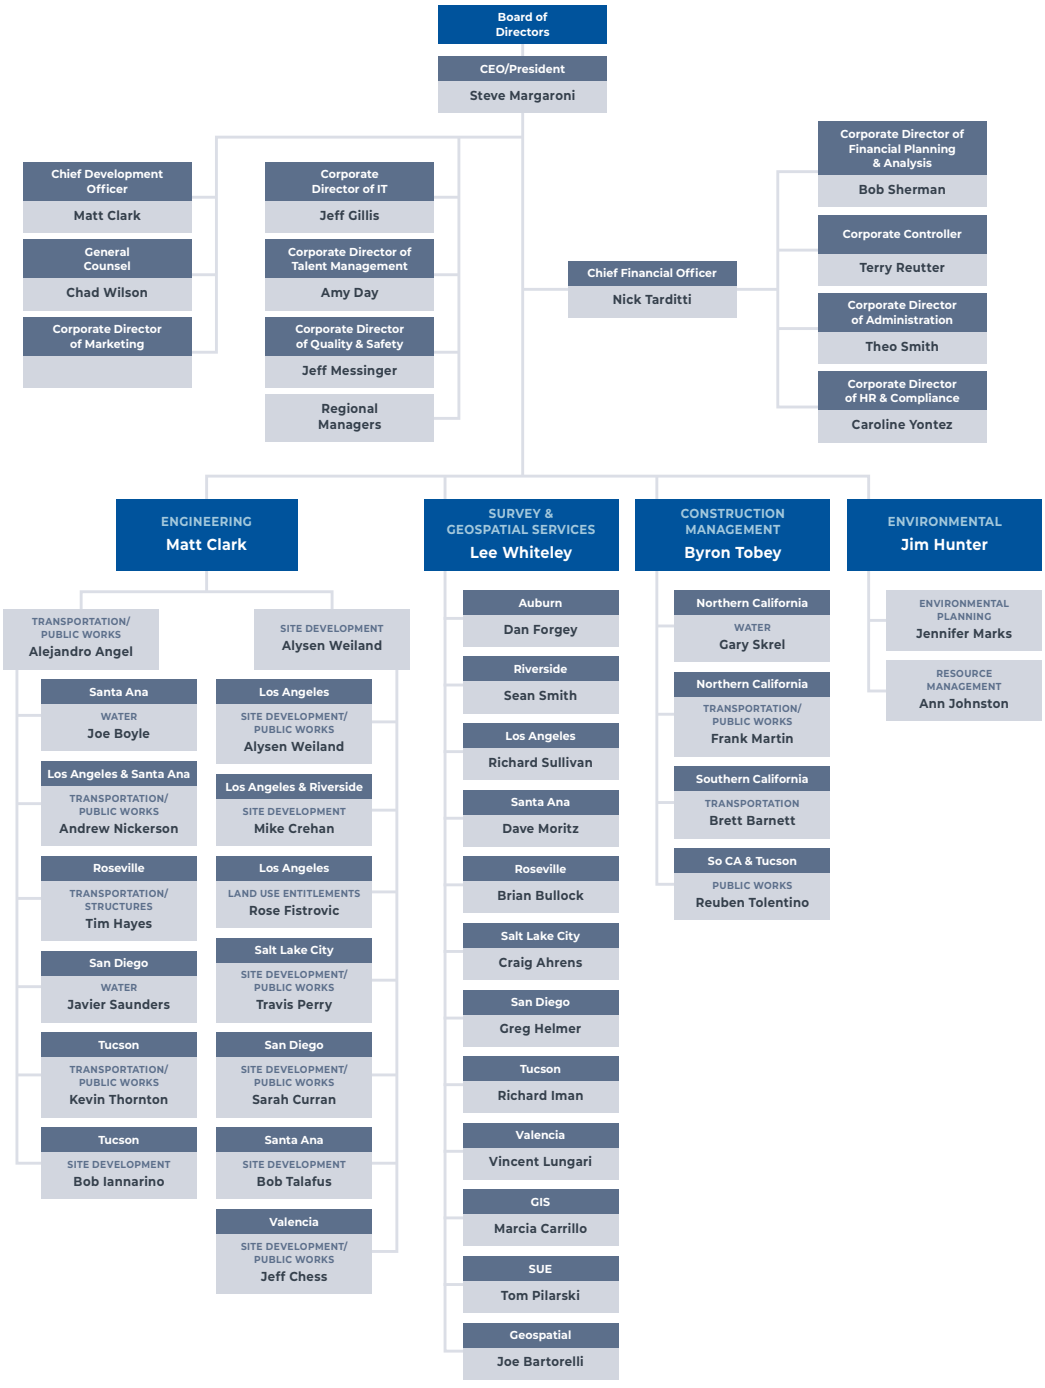
Founded in 1984, Youngdahl provides innovative engineering solutions to complex project problems. Whether collaborating with other design consultants or working independently, Youngdahl's team of experienced and trusted advisors work closely with each client. They provide a broad range of integrated services which are cost effective and adeptly combine client interests, peer scrutiny, and regulatory requirements. Their value-engineered and timely solutions minimize both cost and risks for public works, commercial, and residential projects large and small.

Youngdahl works closely with cities, counties, municipal agencies, school districts, universities, colleges, developers and federal agencies, and has been an integral part of the expansion and revitalization efforts throughout the region.

Psomas' Construction Inspection Services

Psomas has provided construction inspection services to many municipalities over the last 20 years from our Roseville office under an On-Call/ As-Needed contractor relationship. We have completed contract task orders ranging from $1,000 ADA improvements to $10 million Highway Bridge Program (HBP) replacement projects. In addition, we have provided full construction management services on Capital Improvement Projects including a $60 million interchange project and a $240 million accelerated water meter program. **This mix of assignments has enabled us to develop effective project teams that respond in a timely manner, with a track record for meeting and exceeding client expectations.**

Replacing curb ramps for the City's 2017 Pedestrian Improvements



With many of our long term on-call clients, we have become more than a consultant providing requested services; **we have become extensions of the agencies' staff and have built a deep understanding of expectations and trust.** We pride ourselves in continuously communicating with our on-call agency partners to improve our services and reduce both construction inspection and project costs, allowing agencies to do more with the funding source monies they have. This "personal touch" and desire by our personnel to become extensions of the agencies they work for has resulted in repeat on-call business throughout the region.

Currently, we have on-call contracts and are providing task order support for the following regional agencies:

- City of Roseville (10+ task orders completed under two separate contracts with the City)
- City of Sacramento (two CIP task orders and 25+ development/utility task orders completed during current contract)
- Placer County (one federally-funded bridge replacement project completed last year, and lift station and force main improvements)
- El Dorado County (three federally-funded emergency storm damage projects completed during current contract)
- City of Elk Grove (two encroachment permit task orders under way and a roadway widening and extension project)
- Tuolumne County (one federally-funded roadway improvement project completed during this contract and one due to start immediately)
- Calaveras County (four task orders completed during this contract)
- City of Chico (New contract - five CIP task orders in construction with state, federal and local funding and four completed last year)
- Caltrans (22 task orders completed or underway this year in District 3 (local)
- City of Folsom (three CIP task orders and one stormwater task order completed during this contract)
- City of Davis (New Contract - one CIP bridge project)
- Nevada County (New Contract - three task orders completed during the contract)

Staff to be Assigned and Firm Size Variation

Psomas is a 100% employee-owned firm that, in addition to construction management, provides civil engineering, survey and mapping, and environmental consulting. Over the past five years, our staff resources have steadily grown from 560 to 624 current employees in 15 offices throughout California, Arizona, and Utah. As shown in our corporate organization chart below, Psomas is managed by its Board of Directors, CEO/President, Chief Financial Officer, and Service Group Leaders, all Principals of the firm. Frank Martin is the Construction Management Team Leader for the Northern California region.

D Services Understanding

SERVICES UNDERSTANDING

The City needs a Construction Management team that understands the City's needs and goals on projects similar to those included in the City's current and future Capital Projects Program, is experienced in delivering federal-, state-, and locally-funded projects; and knows how to interface with all stakeholders (especially affected residents and overall community), working with public agencies, utility companies, and has the resources to staff any and all projects when directed to.

The Psomas team will need to provide a variety of services including construction management, construction engineering, office engineering, contract management, civil inspection services, special inspection, contract claims, and material testing and sampling. All services will be prepared under a City task order which will include a specific scope of work covering the services required for the specific project. The Psomas team is familiar with the overall City standards and those of other local and regional agencies.

Psomas understands what it takes to provide services under an on-call contract. Improvements ranging from small sidewalk projects to significant bicycle and pedestrian pathway projects are anticipated. Psomas must be ready to take on one project or multiple projects at any time and be aware of the effects of seasonal change, school schedules, events, etc. Public outreach will be a high priority on all projects. Various types of funding sources (local, state and/or federal) can occur and each source will have its own process and documentation to follow. Psomas is well versed in the various funding processes and has been audited successfully by Caltrans repeatedly.

Our construction management administration and documentation procedures are based on the Caltrans Construction Manual requirements. These procedures can be applied to any capital improvement project and are easily adapted to meet the specific needs of our clients. Quality management is an ongoing process that Psomas takes seriously enough to have a dedicated QA Manager.

As a result of continual contract document review, CPM project scheduling and management, and quality control inspection, our staff anticipates potential problem areas and provides resolution before it can adversely impact the project. Through discussions with the contractor, engineer, client/owner, etc., a consensus can be reached which minimizes costly conflicts. A constant proactive approach is the only way to ensure our clients receive a quality project every time.

Staffing projects with a professional and dedicated team of individuals is one of the key steps in providing strong service. Having the resources available and ready to go when the City desires the services is our objective. Our staff will work under the direction and supervision of the City's Project Manager and will not hesitate to provide additional or new staff resources if requested by the City.

Our approach to managing this contract was developed to achieve client satisfaction. These steps include:

- Complete all projects to the satisfaction of the City of Roseville
- Deliver quality projects that meet the requirements of the contract documents
- Verify that projects are completed within the allotted budget and specified scheduled tasks
- Positive public perception for the projects as well as for the City
- Safely constructed projects, with a "No Injury" goal
- Be flexible and responsive to the City and other stakeholders for issue resolution
- Foster an atmosphere of trust and fairness among all project participants

Because of our experience in providing construction management and inspection services, Psomas has a clear understanding of the needs of the public agencies. In general, our clients expect:

- Responsiveness
- Experienced managers
- Quality inspection staff
- Accurate cost accounting
- Experience working in and with urban and rural communities
- Effective communication with City staff
- The Contractor kept on schedule and on task without disrupting operations

The community's input and involvement during construction of a project is crucial. Public outreach to the affected stakeholders, special groups, and overall community is critical and must be kept up to date. Contractors must adhere to schedules and construction times to minimize inconveniencing the public.

Being aware of cost and keeping budgets on track is essential, as it allows more improvements to be built if revisions and change orders can be kept to a minimum and resolved early in the construction process.

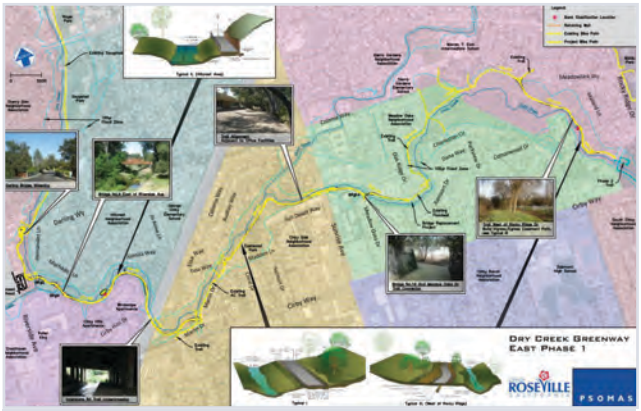
Traffic circulation and congestion in the City will always be top priorities to improve, and roadway construction projects typically do not help the situation. Psomas must be proactive in keeping traffic circulation safe and as convenient as possible for the public. Psomas must verify that the City's Project Manager, Public Relations Department and Traffic Engineer are aware included in discussions when dealing with traffic control.

Understanding of Upcoming Work

Washington Boulevard Bikeway and Pedestrian Pathways Project

Under the current on-call, Psomas is ready to start services on the Washington Boulevard Bikeway and Pedestrian Pathways Project. This project will extend existing bikeway and pedestrian paths north and south of the Washington/Andora Bridge. The project will include new pedestrian pathways, ADA ramps, and roadway improvements on Washington Boulevard to tie in to the future UPRR bridge replacement project. Psomas will be providing a full team to manage and inspect the project this summer.

Washington and All America City Roundabout



Within the same area (but not connected) to the above-mentioned project, the City of Roseville will be constructing a complex roundabout that will connect Washington Boulevard, All America City Boulevard, and Lincoln Street. The project will be adjacent to the All American Speedway, Woodbridge Elementary School, UPRR tracks, and a complex that includes a church and gym.

All America City Boulevard Roundabout

Dry Creek Greenway East Multi-Use Trail, Phase 1

Designed by Psomas, the trail runs along Cirby and Linda Creek, and under Interstate 80, connecting several existing sections of trail. Funded through grant money, segments of the trail can be completed as money becomes available. The project includes bridge construction and work in, and adjacent to, both creeks.

Dry Creek Greenway East Multi-Use Trail

Other projects that could be completed during the course of this upcoming on-call could include a widening of Roseville Parkway from Galleria to Gibson, the Mahany Open Space Trail, annual roadway and bike trail resurfacing projects, continued curb, gutter, sidewalk, and pedestrian ramp repairs and upgrades, work on traffic signals, bus shelters with park and ride improvements, and other upgrades within the City. Psomas understands that for some of these projects, full management and inspection could be requested. For others, perhaps only inspection with management performed by City Engineers. Projects might be funded by CMAQ, TDA, FTA, HSIP, HBP, or other funding sources that Psomas is aware of funding and documentation requirements for City reimbursement.

Issues Requiring Special Understanding

With the varied projects previously mentioned, a list of potential challenges for these projects would be long. Below we have included some key challenges for the roundabout and trail projects.

Open Space/Tree Protection

Trail projects along creeks pose significant challenges. Contractor access, work in water (and when it can be done), dust control, walkers/riders using the existing tie-in locations, etc. all will present challenges to the contractors and construction management team as well.
Trail projects also have significant open space preserve, with transition areas between the residential and open space preserve uses. It will be important that all contractors on trail projects be made aware of the importance of protecting designated trees and other habitat.

Bike trail along Washington Boulevard

Our Psomas construction management team has spent significant time in the field with our engineering team, providing constructability comments and alternative ideas to some of the project's biggest challenges.

Traffic

Traffic in the general vicinity of the Washington/ All America project, or on Roseville Parkway, and on the major arterials throughout Roseville will be a major concern during construction projects. Psomas and our teaming partners have extensive experience working in Roseville, reviewing traffic control plans, and coordinating with Roseville's traffic management center. We are also familiar with performing services at night, when doing so in the retail areas of town will promote a much better product with less impact on the City's residents and motorists.

City traffic in retail areas presents a significant challenge

For the Washington/All America project, stage construction could, at times, be confusing. Similar to the work Psomas completed on the Oak Street Roundabout downtown, we will review stage traffic handling patterns, make recommendations to improve flow, and monitor (and adjust as necessary) new stage patterns as needed to reduce the chance of accidents or damage to the project.

Fire Protection

As stated above, protection of the natural habitat is an important part of the project. With a possible drought season ahead, habitat areas will become fire risks when outside influences are added. As construction activities begin, the risk of fire within the trail sites, and adjunct to residential areas, will be greatly increased. It will be critical that proper precaution is taken by all contractors on site, and that adequate protective measures, and water, are available if needed.

Public & Project Personnel Safety

With the type of work planned throughout the City, there will be numerous safety concerns that will need to be properly administered. Typical safety issues with this type of project include traffic control, heavy equipment operations, trench safety, railroad flagging, electrical requirements, fire protection, heat protection, and first aid programs.

Site safety is the responsibility of the contractor(s), however Psomas takes safety very seriously. With our employees recently refreshed with OSHA 10 training (over 30 employees completed within the last two months!), defensive driving, and our recent Psomas safety stand-down during Safety Week, we are always on the lookout for ways to make project sites safer for workers, inspection staff, and the public, going through or adjacent to the project sites.

Unique Approaches and Strengths

Psomas' strength is our people! Dating back to when we started providing survey services in 1946 (75 years ago!), our employee-owned company has stood the test of time because we prioritize our people and the projects they work on. By providing an enjoyable and reliable company culture to our employees, **we attract the best and our turnover rate is low, usually through retirement**.

Many of the names included on our organization chart are known by the City of Roseville and have been Psomas employees for years. Because of this, **we can offer cities, like Roseville, staff they know, and staff that knows Roseville (the City, the people, and the traffic patterns)**. Another benefit of long term employees and long-time clients is that many people are working closer to home, resulting in more time on the project with less concern about the length of the day.

The Balfour Road/State Route 4 Project was 100% paperless

Our GIS team can provide drone support

Psomas is committed to the City and its capital improvement plan

Psomas has several uncommon approaches (unique is too much of an absolute). First, **we try to engage in discussions early as to upcoming on-call needs**. In many cases, we discuss Spring staffing needs with clients Winter, or during Spring for Summer assignments. This way, our clients can "schedule" their favorite inspectors and we can make several clients get "the person they want".

Second, **as part of our commitment to the environment, we are transitioning into a fully paperless process**. Our Balfour Road/State Route 4 project was the first project with Caltrans oversight in Northern California to be 100% paperless, resulting in several regional and state awards.

A third uncommon approach is that **we are truly One Psomas. Our Construction Management, Engineering, Survey, and Environmental groups work closely together.** For Roseville, that means design consultation when we have an RFI in construction, or a constructability review for our design team, or as happened during the last on-call for the City, working with the City to provide part-time survey support for a project for which we neither designed nor completed the construction management. These three key approaches lead to successful projects or task orders, and in several cases throughout the region, repeated on-call service requests.

Supplemental Tasks

Psomas can support the City with design (bid support) and survey as detailed above. Our biologist, Kathy Kinsland, can also provide archaeologist or tribal support. Our GIS team can provide drone and underground mapping support. By selecting Psomas, with our office in Roseville, the City has access to all that we have to offer at a moment's notice.

During the last on-call, an example of this was when our Project Manager and Northern California Construction Management Team Lead, Frank Martin, was asked to provide comment and concurrence on a City approach to an underground project off of Douglas Boulevard. With no thought of "billable hours" or soliciting work, Frank went out to the site and provided a second set of eyes and thoughts. With this type of service, **we hope the City understands Psomas' commitment to the City and the advancement of your Capital Improvement Plan.**

E Project Plan

PROJECT PLAN

Firm's Approach to Successful On-Calls

With on-call contracts, the method of selecting and assigning staff for project assignments is essential. We recognize that our ability to do this effectively is what makes us stand apart from our competitors. After over 20 years of effectively managing multiple on-call contracts in this region, and for the City of Roseville specifically, **we have developed effective tools to make us the best at providing quality staff.** We summarize our approach in three primary areas, staffing, fluidity, and planning.

Maintaining High Quality Staff

Psomas has been able to maintain a significant number of our staff for numerous years, even through the economic downturn. **This is a result of our success as a company and the desire of our staff to stay**. Our ability to retain these high quality individuals is also a reflection of the fact that we continue to have multiple on-call contracts active, allowing us to keep this staff working for Psomas, and that we provide continued education and training to our personnel, letting them know that their continued growth is improvement to us as a firm.

Ability to Rapidly Adjust

We are able to rapidly adapt because of two capabilities. First, **we always maintain an active "bullpen" of individuals**, who are not currently assigned to any other work. We constantly manage this bullpen and make sure we have current information on who is available. In most cases, these individuals have worked for us before, so we have a good understanding of their capabilities and areas of expertise so that we can ensure they are the right person for the job. In other cases, we thoroughly interview and evaluate new potential hires to verify they have the needed skillset.

Secondly, **Psomas can tap into additional staff from other areas of the company.** Having offices in the Bay Area, Southern California, Utah and Arizona gives us additional depth (not shown on our organization chart), that we can draw from to respond to urgent needs. We have moved staff from other offices on numerous occasions to meet our client needs.

Lastly, **we include teaming partners to increase the size and strength of our resource pool**. For this contract, the engineers, inspectors, and office engineers from Unico, Albat, NV5, Argonaut, Twining, and Youngdahl will be available to the City of Roseville.

Proactive Planning

Possibly the most important skill we have developed for managing on-call contracts is our ability to plan ahead. In a world where things are in a constant state of change, we have to maintain a view to the future and make staffing decisions based on what we are anticipating. **We know that the better we are at predicting upcoming needs, the better we will be at responding to our clients.** This is especially important when it comes to CIP projects, where assigning the right Resident Engineer/Structure Representative can determine the success of the project.

We accomplish this by maintaining consistent contact with City staff and discussing upcoming assignments, projects schedules etc., rather than waiting for the call.

We also stay in close communication with our teaming partners, in this case Unico, to keep a spreadsheet of current assignments and key abilities. With this, when our Project Manager meets with the City of Roseville Project Managers, the most qualified teams can be constructed regardless of the firm for which the staff members work. An advantage of the typical winter cessation of work is that winter months can be used to give engineers a much needed break, as well as to "clean the slate" of assignments so that upcoming projects can be staffed and dedicated in advance of actual need.

Project Responsibilities

The overall responsibilities of each project team member are provided below.

Project Manager (Psomas)

- Contract Management/Negotiations with the City
- Construction Management (CM) Team Oversight/Personnel Selection
- Technical and Administrative Assistance/ Oversight
- CM Budget Control

Resident Engineer/Structure Representative (Psomas and Unico)

- Constructability Review
- Bid Support
- Communications/Coordination
- Interface with City, Contractor, Designer, Various Agencies
- Review Contractor Progress Pay Estimates
- Traffic Handling Plan Review
- Falsework/Shoring Bridge Demolition Review
- SWPPP Plan Review
- Contractor CPM Schedule Review
- Change Order Preparation
- Claims Avoidance/Documentation
- Material Testing and Sampling Control and Management
- Project Record Documentation Control
- Coordination of On-Site Construction Management Team

Assistant Resident Engineer/Office Engineer (Psomas, Unico, Albat)

- Constructability Review
- Communication/Coordination
- Conduct Community Outreach
- Document Control
- Logs for RFIs, Submittals, Correspondence, Test Results, Survey Information
- Change Order Files
- Labor Compliance/Payroll Records
- Progress Pay Estimates

Construction Inspectors (All firms)

- Field Inspection
- Quality Assurance
- Daily Inspection Reports
- Equipment Utilization Reports
- Labor Compliance Interviews
- Coordination of Material Testing
- Field Quantity Verification
- Conflict/Issue Identification
- Extra Work Documentation
- Safety and Traffic Control Monitoring
- As-Built Records
- Survey Coordination

Work can be performed from our local Roseville office

Construction Management team training session

Investing in our people results in expert service for our clients

Available Facilities

On projects that do not have a contractor-provided trailer as part of the construction contract, our office administrative duties would be performed from our office in Roseville. With all of our work for this contract near our office, our field staff still use hotspots, tablets, and laptop computers to conduct all necessary reporting duties, as well as to stay in contact with the Resident Engineer, Design Engineer, and other project stakeholders.

Performing inspection with specialty equipment

Equipment, Training, Or Installation Services

Psomas provides our staff with the tools and training to succeed. In addition to a vehicle, PPE, and reporting devices, several of our staff have specialty equipment for performing work on specific project items. Examples of this are measuring devices attached to vehicles for measuring striping quantities, or heat thermometers and T-squares for HMA paving.

Our engineers all attend the Caltrans Resident Engineer Academy, and our structures personnel attend the Caltrans Structures Construction Winter Training held for consultants every Spring in Sacramento.

In addition, we consistently have lunch-time training sessions held by staff “experts” on daily reporting techniques, new Caltrans bulletins and directives, and other items salient to their work. **By investing in our people, they feel trained, empowered, and important, which results in expert services for our clients.**

F Cost Proposal

Section F

COST PROPOSAL

Our cost proposal is provided as a separate document

G Required Statements/ Documents

REQUIRED STATEMENTS/DOCUMENTS

Non-Substitution of Designated Team Members

Psomas assures the City that designated key team members will be committed and available to the City throughout the duration of the project. We acknowledge that key team members shall not be removed or replaced without the prior written notice and approval of City staff.

Conflict of Interest

Neither Psomas nor any of its proposed subconsultants has any conflict of interest, nor are any anticipated in the future. Psomas warrants that no official or employee of the City of Roseville has an interest (other than as disclosed herein), has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed of such contract without immediate divulgence of such fact to the City of Roseville. Notwithstanding the foregoing, Psomas discloses that a principal of its outside PR consulting firm is currently the Mayor of the City of Roseville.

Indemnification & Insurance Requirements

Psomas will comply with the indemnification and insurance requirements contained in the sample contract in the City's RFP.

Proprietary Information

Nothing contained within our submitted proposal is proprietary information. Psomas understands that this submittal shall become the property of the City once it is submitted.

Required Documents

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

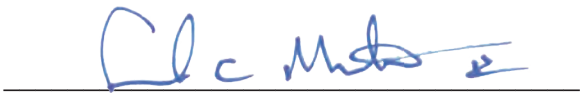
NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID



The undersigned declares:

I am the Vice President of Psomas, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 5/21/2021 [date], at Roseville [city], California [state].

(Signature of Declarant)

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Psomas

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 156.00 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money_____% (if applicable)

Fiscal period * 1/1/2019 - 12/31/2019

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 100,000,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 3.
- Years of consultant's experience with 48 CFR Part 31 is 18.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☒ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable):_____

PROJECT NAME (and FPN, if applicable)[2]: On-Call Construction Resident Engineer And Inspection Services

APPLICABILITY: To be filled out by local agency consultants in management support role.

☒ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☒ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☒ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☒ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☒ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☒ I have read and fully understand all of the above.

NOTES:

1) Construction (field) inspection staff will conform to prevailing wage requirements as posted by State of California - Department of Industrial Relations. Prevailng wage costs through June 30, 2021 when a new determination will be provided.

2) Overhead audited by independent certified public accountancy firm, Stoughton Davidson. Cognizant agency review & approval was completed by Caltrans w/o exception.

3) Exempt staff classifications applies to Project Manager and Resident Engineer. Overtime for Exempt Employees is charged at the Regular Hourly Rate.

4) For Non-Exempt staff, standard OT (1.5x) is charged at approximately 129% of the straight time hourly rate since health & welfare is covered in the first 40 hours.

5) For Non-Exempt staff preminum OT (2.0x) is charged at approximately 171% of the straight time hourly rate.

6) All billing rates include vehicles, gasoline, maintenance, personal equipment, laptop computers, cameras, etc. (See ODC Breakdown).

7) Increases to DIR determinations are unknown. Escalation of exempt staff will be at 3% per year starting January 1, 2022.

EXHIBIT 10-H2 COST PROPOSAL 3/3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual,reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7.Generally Accepted Accounting Principles (GAAP)
8.Terms and conditions of the contract
9.Title 23 United States Code Section 112 - Letting of Contracts
10.48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11.23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration ofEngineering and Design Related Service
12.48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

NOTES:

1. Key personnel **must** be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

Subconsultant 4:				$
Subconsultant 5:				$

Note: Add additional pages if necessary.

NOTES:

2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract

10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

1. Names and classifications of consultant (key staff) team members must be listed. Provide separate sheets for prime and all subconsultant firms.
2. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Agreed upon billing rates are not adjustable for the term of contract.
3. For named employees enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

NOTES:

- Denote all employees subject to prevailing wage with an asterisks (*)
- For "Other Direct Cost" listing, see page 7 of this Exhibit

PRIME TOTAL ODCs =			$0	SUBCONSULTANT #1 ODCs =			$0

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentations.
2. Proposed items should be consistently billed directly to all clients (Commercial entities, Federal Govt., State Govt., and Local Govt. Agency), and not just when the client will pay for them as a direct cost.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles purpose. that could be used for the same purpose.

			■	CTM 382	Asphalt Content by Ignition Method	$171
			■	CTM 382	Asphalt Content by Ignition Method Correction Factor Development	$526
			■	Caltrans LP 2, 3, 4	Aggregate Asphalt and Dust Proportion	$174

This is a partial list of the most common laboratory tests. ASTM/CTM Standards are used as guidelines.

EXHIBIT 10-H12COST PROPOSAL Page 8 of 8

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Proceedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management and Administration of Engineering and Design Related Service
6. 48 Ccode of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.
Local governments are responsible for applying only cognizant agency or Caltrans accepted Indirect Cost Rate(s).

Prime Consultant or Subconsultant Certifying:

Name:	Guillaume Gau	Title *:	Senior Vice President
Signature:		Date of Certification:	05/18/2021
Email:	Guillaume.Gau@NV5.com	Phone number:	(530) 478-1305
Address:	792 Searls Ave Nevada City, CA 95959		

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

NOTES:
1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.

7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

On-Call Construction Inspection Services

RESOLUTION NO. 21-494

APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND MARK THOMAS & COMPANY, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an on-call professional services agreement to provide Construction Resident Engineer and Inspection Services, by and between the City of Roseville and Mark Thomas & Company, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said on-call professional services agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute amendments to the on-call professional services agreement as needed to update the rates of compensation as provided in Exhibit "B" of the agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 20___, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

_____
MAYOR

ON-CALL PROFESSIONAL SERVICES AGREEMENT

Construction Resident Engineer and Inspection Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), Mark Thomas & Company, Inc. a California corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal # 15-94 for professional services consisting of on-call resident engineer and inspection services; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated May 21, 2021, which describes the scope of services to be performed by CONSULTANT, and the hourly rates for performance of such services; and

WHEREAS, CONSULTANT is qualified and experienced to provide professional construction resident engineer and inspection services on an on-call basis.

NOW, THEREFORE, the parties agree as follows:

1. Term. The term of this Agreement shall commence upon execution and expire on December 31, 2024. The City Manager may, in his or her discretion, elect to extend the Agreement in one (1) year increments for up to an additional two (2) years by giving CONSULTANT thirty (30) days advance written notice of each optional one (1) year renewal. Such extensions shall be memorialized by a written amendment to this Agreement.

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY.

3. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT "B," attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million dollars per year ($1,000,000) for an overall total compensation for the initial term not to exceed three million dollars ($3,000,000). Total compensation for optional renewal years of this Agreement shall not exceed one million dollars per year ($1,000,000). Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Notwithstanding any terms of this section, indemnification and defense obligations shall conform to California Civil Code Section 2782.8.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

5. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory

Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

6. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

7. Prevailing Wages. CONSULTANT shall comply with all applicable prevailing wage laws, including, but not limited to, any and all applicable federal prevailing wage requirements for task agreements that utilize federal funds. Additionally, CONSULTANT shall require its subcontractors, if any, to comply with all applicable prevailing wage laws for services performed under this Agreement. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the

contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Fiscal and Federal Provisions. CONSULTANT shall abide by all fiscal and federal provisions as contained in Exhibit 10-R, A&E Boilerplate Agreement Language, and included in the Request for Proposal (RFP) as Attachment B.

10. Time is of the Essence. Time is of the essence of this Agreement.

11. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

12. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

13. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

14. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY.

CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

15. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

16. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any

company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

17. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

18. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this

Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

19. Termination of Agreement. CITY may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. CONSULTANT understands that continuation of this Agreement past June 30th of any given year is contingent upon appropriation of funds for such purpose in the budget of the City of Roseville in the sole discretion of the City Council. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any MATERIAL, notwithstanding any termination or any dispute regarding the amount to be paid.

20. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

21. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

22. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

23. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Jason Shykowski, Public Works Director 311 Vernon Street Roseville, CA 95678	John Collins Project Manager 3741 Douglas Boulevard, Ste. 330 Roseville, CA 95661

Either party may amend its address for notice by giving notice to the other party in writing.

24. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

PROPOSAL

PROJECT

ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES

SUBMISSION DATE

MAY 21, 2021

PREPARED FOR

City of Roseville

MARK THOMAS

MARK THOMAS

May 21, 2021

City of Roseville
Attn: City Clerk
Civic Center, 311 Vernon Street
Roseville, CA 95678

Subject: **Statement of Qualifications (SOQ) for On-Call Construction Resident Engineer and Inspection Services**

Dear Ms. Taylor:

The City of Roseville (City) is seeking qualifications to establish an on-call list of qualified firms to provide construction resident engineer and inspection services. Projects delivered through this contract will be federal, state, and locally funded construction projects involving road and bridge widenings, bridge replacements, bike trails, drainage improvement, building, and annual resurfacing/reconstruction projects.

We understand the that the City intends to retain a consultant who will be available on an as-needed basis to provide a construction inspector or resident engineer to provide inspection services for a variety of tasks. Projects under this on-call can range from encroachment permit projects, roadway, park, trail, water/sewer/storm facilities, and building projects. The City seeks to hire a consultant who can complement the City's own in-house resources with flexible, reliable and diverse personnel.

> **Mark Thomas understands the City's vision and goals for this contract and our team brings the comprehensive areas of expertise that you will require. Our firm has extensive experience delivering similar construction management and engineering design services for federal and state funded projects. We have established a strong reputation for reliability and customer service. The Mark Thomas Team brings the local experience, exceptional management with a dedicated team, and the breadth of resources the City needs.**

Responsive Service: Mark Thomas has provided on-call services to public agencies throughout the state. In our experience, responsiveness is one of the key elements required by each agency. We quickly respond to requests for services, often within 24 hours. We will work with the City to meet timelines or challenges the City faces. Our team brings the following elements which will directly benefit the City, including:

Similar Project Experience: Mark Thomas has been providing construction management and inspection services since the 1950's in the Bay Area. In recent years we've expanded to provide these services for public works projects in the Sacramento and Central Valley. Our projects have included roadway reconstructions, pavement overlays, ADA-ramps, traffic signal design with intelligent transportation system technology, utilities, bridges, and Caltrans interchanges. We have knowledge of local agency and Caltrans construction requirements including the Local Assistance Procedures Manual and Construction Manual. We have the expertise required to support any City project through this contract.

Exceptional Project Manager and Dedicated Team: Our CM and inspection team is led by **Rick Kaufman, PE, QSD** who has significant experience with local agency capital improvement programs (CIPs). Our inspectors are knowledgeable of the City's Standards and Caltrans procedures and requirements. To this end, the Mark Thomas team is ready to respond to the full range of construction management and support tasks the City may require. We have the right combination of availability, responsiveness, and local/regulatory knowledge to make every project and on-call task order a success.

Our team will be supported by Argonaut for Stormwater Pollution Prevention Plan (SWPPP)/Best Management Practice (BMP) monitoring and environmental coordination; Contract Administrative Services, Inc. (CASI) for labor compliance, Sierra Geotechnical for materials testing; and Blackburn Consulting (Blackburn) for inspection services.

Breadth of Resources: Mark Thomas can provide construction management and inspection services for the types of projects anticipated through this agreement. We have provided services for roadway and bridge improvements, utility installations, and encroachment permit projects.

Local Project Experience: We bring significant experience delivering projects in the City and the greater Sacramento region. We are thoroughly familiar with the City's preferences, policies and procedures, through our work on more than 40 projects. Our staff are also well-versed in the state and federal procedures and funding sources that this contract will involve.

> ***Our team has successfully partnered with the City on numerous projects over the years, including the Westbrook Signal Construction completed through our on-call professional design services contract; 2018 Regional Surface Transportation Program Arterial Resurfacing; Washington/Andora Widening; Downtown Bridges and Trails, Industrial Avenue Bridge Replacement, Washington Boulevard/All American Drive Roundabout, and the Washington Boulevard/Oak Street Roundabout project.***

Mark Thomas is submitting our proposal as the prime consultant. Mark Thomas & Company, Inc. is a California Corporation, legally formed in the State of California. Rick will be the point of contact for the selection process and can be reached at the address and phone number noted on the letterhead below or via email at rkaufman@markthomas.com.

As Vice President of the firm, I am authorized to negotiate and bind our firm to the terms of the proposal and execute a contract with the City. I acknowledge that our proposal, including our submitted cost proposals, will remain valid for a period of 90 calendar days after the submission deadline. Our executed copy of Proposer's Certification is included under Tab G of our proposal. I affirm that we will perform the services and adhere to the requirements described in the City's RFP, including Addendum 1 from May 12, 2021 and Addendum 2 from May 13, 2021.

Thank you for this opportunity, and we look forward to continuing our successful partnership with the City. Mark Thomas is excited to submit our SOQ to provide construction management and inspection services for the City. All information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California.

Sincerely,

MARK THOMAS

Matt Brogan, PE
Principal + Vice President

STATEMENT OF QUALIFICATIONS

MARK THOMAS

CITY OF ROSEVILLE
On-Call Construction Resident Engineer and Inspection Services

STATEMENT OF QUALIFICATIONS

Mark Thomas provides construction management, surveying, civil and structural engineering, landscape architecture, and urban planning design services to clients throughout California. We have more than 260 employees strategically located in offices throughout the state. Mark Thomas is committed to working closely with the City, meeting all deadlines and being responsive to your needs. Mark Thomas has proven consistently we can deliver projects on schedule and within budget - we look forward to the opportunity to continue to build upon our relationship with you and your staff.

CONSTRUCTION MANAGEMENT EXPERTISE

Our growing construction management team is focused on providing high quality oversight of capital infrastructure and transportation improvement projects for local agencies. Our team is experienced with construction projects ranging from utility installation, roadway improvements and widenings, to structure construction. We are familiar with the City's Design and Construction Standards, Americans with Disabilities Act (ADA) Transition Plan, Highway Bridge Manual, State's Standard Specification - Section 37 Surfacings and Pavements, and Caltrans Standard Plans and Specifications. The relationships and knowledge gained through our design work is applied to our construction management services to provide for successful projects.

CALTRANS CONSTRUCTION PROCESS AND FEDERAL FUNDING PROCEDURES

Mark Thomas is knowledgeable of the Caltrans Local Assistance Procedures Manual (LAPM) and Caltrans Construction Manual. We are experienced administering construction projects following Chapters 15, 16, and 17 of the LAPM. Specifically, Chapter 16 "Administer Construction Contracts" provides the standard policies and procedures that are required for administering federally funded projects, including advertising & bidding, project supervision & inspection, document control, labor compliance, quality assurance testing, environmental compliance, and project closeout procedures. In addition to Caltrans funded projects, Mark Thomas is also experienced managing state and federally funded projects from EPA, State Parks, FEMA, CalOES, Department of Water Resources, and Department of Education. Mark Thomas is currently assisting the Town of Paradise with the rebuilding efforts following the Camp Fire, which includes providing plan check reviews, roadway and utility design, funding assistance, and construction management and inspection services.

The Caltrans LAPM requires a Quality Assurance Program (QAP) be implemented to ensure the project is constructed according to the project plans and specifications. The "Caltrans QAP Manual for Use by Local Agencies" identifies the minimum level of inspection and quality assurance testing required for each item of work. There are specified testing methods and intervals that need to be documented in the project files for acceptance of the work. Working directly with Mark Thomas during construction, our materials testing subconsultant would collect and test all materials in accordance with the LAPM. Any failed tests will immediately be communicated to the City, along with a list of correction items.

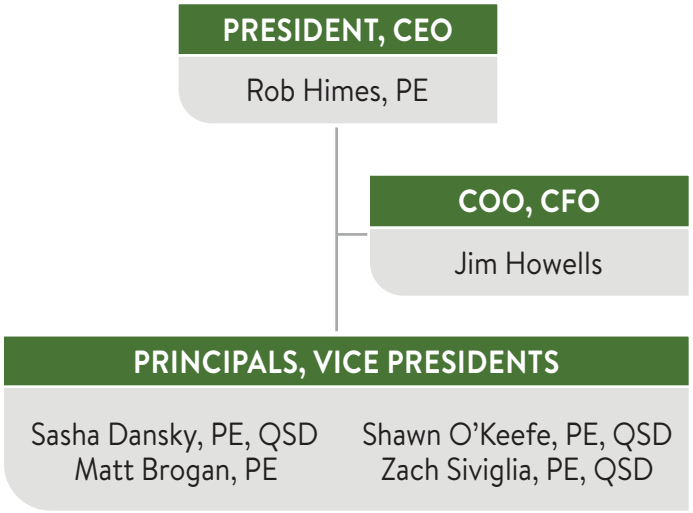
SERVICES PROVIDED

- Construction Management
- Construction Inspection
- Constructability Review
- RFI and Submittal Coordination
- Document Control
- Change Order Reviews
- Compliance with Agency Requirements
- Review of Storm Water Pollution Prevention Plan (SWPPP)
- Public Outreach Assistance
- Sanitary Inspections
- BMP Inspection
- Project Closeout
- Punch List Completion

ON-CALL EXPERIENCE

Our longevity and local experience show we know how to manage and deliver projects. We have earned a stellar reputation for being responsive to agency requests, providing qualified staff and subconsultants, clearly communicating project challenges and potential solutions, and verifying projects are constructed according to plans and specifications. We will implement our proven, project-tested management approach, and provide our depth of resources for the City's on-call services. We have worked with more than 50 other public agencies statewide to successfully service on-call contracts and bring public works projects to completion.



DISADVANTAGE BUSINESS ENTERPRISE PARTNERSHIPS

Mark Thomas provides opportunities for disadvantaged business enterprises (DBE), with the goal of developing long-term business relationships. We have been very successful in developing these teaming relationships over many projects (with and without DBE goals), and have successfully met or exceeded DBE goals on previous projects. For this contract we have included three DBE firms on our team: Argonaut Ecological Consulting to provide environmental monitoring, CASI to provide labor compliance, and Sierra Geotech providing and materials testing.

CORPORATE STRUCTURE

Mark Thomas is led by five principals who govern the firm through our Board of Directors. Rob Himes serves as President and Chairman of the Board, and has been with the firm for 34 years. Matt Brogan serves as Vice President and Secretary, and has been with the firm for 17 years. Sasha Dansky (with the firm for 24 years), Shawn O'Keefe (with the firm for 12 years), and Zach Siviglia (with the firm for 10 years) all serve as Vice Presidents.

Our abbreviated corporate organizational chart is shown on the right. All of our principals are active project managers, helping ensure that superior project execution and the satisfaction of our clients remain the top priority at every level of the organization.

Firm Size Variation of Staffing Levels (5 Years):

2016: 165 I 2017: 170 I 2018: 205 I 2019: 232 | 2020: 260

OUR PARTNERS QUALIFICATIONS

Mark Thomas has chosen a project team that provides comprehensive experience for construction management projects similar to the City's. Below we have included brief qualifications for our team of subconsultants specifically chosen to provide the specialized services and familiarity with the City.

Environmental Coordination and Monitoring | **ARGONAUT ECOLOGICAL CONSULTING, INC.** (Argonaut) is a DBE firm specializing in supporting projects from planning through construction. They provide technical and regulatory expertise with the objective being to minimize regulatory risks to their municipal clients. Their construction-related services include pre-construction biological surveys, preparing and conducting worker environmental awareness training, CEQA compliance reviews, reviewing contractor submittals, compliance tracking throughout construction, biological monitoring, and preparing construction notices required by the environmental permitting agencies.

Inspectors | **BLACKBURN CONSULTING** (Blackburn) formed in 1998 with a commitment to excellence. Blackburn provides geotechnical/geo-environmental consulting, materials testing, and construction inspection services and has provided geotechnical services in and for the City for over 19 years. They are a certified small business with offices in Auburn, West Sacramento, and Fresno. Blackburn specializes in public infrastructure, roadways, bridges, buildings, water/wastewater treatment plants, tanks, parks, landslide mitigation, levees, and dams.

Labor Compliance | **CONTRACT ADMINISTRATIVE SERVICES, INC.** (CASI), founded in 2016, is a DBE firm specializing in assisting local agencies, state agencies and consultants with verifying labor compliance requirements and providing construction administration support. CASI is currently working with the City on the 2018 Arterial Resurfacing Project. In addition to labor compliance verification throughout the project, CASI is providing contract administration support.

Materials Testing | **SIERRA GEOTECH** (Sierra) is a full-service geotechnical and materials testing DBE firm with headquarters in Rocklin. They have extensive experience in providing geotechnical consulting, materials testing and special inspections for new roadways, roadway widenings, full-depth reclamation of existing pavements, at-grade intersection improvements, roundabouts, bike paths, pedestrian enhancements, and grade-separated pedestrian crossings.

Our diverse team of experts have the relevant similar project experience, as shown in the next pages, to support the City during this on-call contract.

TAB D

ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES UNDERSTANDING

ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES UNDERSTANDING

Roseville is a close-knit community with a diverse, yet familiar small town feel with a strong economic climate, tree-lined streets, and comfortable, livable neighborhood residential areas. Mark Thomas can deliver a wide range of services including, but not limited to: resident engineers, project inspection, quality control, safety, environmental mitigation monitoring, claims mitigation, documents control and construction management.

CONSTRUCTION MANAGEMENT EXPERIENCE

Our growing construction management team is focused on providing high quality oversight of capital infrastructure and transportation improvement construction projects for local agencies. Several of our staff live in Placer County and the surrounding area and can easily serve the City. We are familiar with the City's Standard Plans and Specifications, and Caltrans plans and specifications, in addition to federal aid requirements and utility coordination. We are also knowledgeable of Cal-OSHA sheeting and shoring requirements and American Water Works Association (AWWA) and American Society for Testing and Materials (ASTM) requirements. The relationships and knowledge gained through our design work is applied to our construction management services to provide an added benefit for successful projects.

Our construction management project experience covers a broad range of surface transportation and utility infrastructure projects. These projects have included pavement rehabilitations, ADA curb ramps, curb and gutter, traffic signals and lighting, roundabouts, bridges and retaining walls, and sewer and storm drain lines. We understand the nuances of construction operations for these projects and how to work with local agencies, designers, and general contractors to proactively address project challenges.

Pre-Construction

The resident engineer (RE) and construction inspector (CI) will conduct a pre-construction meeting with the Contractor, City, and stakeholders to establish administrative procedures with the Contractor, and discuss labor compliance, public conveyance, and safety.

Staffing

At the City's request, we will staff with a RE and CI. Our RE and CI will review the plans, specifications, and other contract documents such as the engineer's estimate and project budget. Our RE will administer the contract and determine appropriate priorities for testing and inspection. Our CI will monitor the Contractor's performance and perform quality assurance reviews to verify the Contractor's work.

Schedule

Both the RE and Inspector will review the Contractor's schedule, monitor Contractor's progress against the schedule, and will notify the Contractor when corrective actions are needed. Mark Thomas will regularly prepare the Weekly Statement of Working Days report.

Progress Meetings

The RE will conduct regular weekly progress meetings and prepare the agenda and minutes. We will meet to discuss the status of work, outstanding items, and any issues that need to be resolved

Stormwater Pollution Prevention Plans

The inspector will monitor the Contractor's work for compliance with all BMP and SWPPP requirements. We will also monitor the Contractor's work for compliance with City's Construction Demolition and Recycling Ordinance.

Utility Coordination

The Inspector will monitor the Contractor's utility coordination to minimize utility conflict delays

and potential need for any utility relocations. Any potential conflicts with utilities will be reported to the utility company.

Document Control

To make document control as efficient and transparent as possible, Mark Thomas utilizes Virtual Project Manager (VPM) on our CM projects. This speeds the processing of submittals and RFI's, shows the responsible party for any outstanding items, and provides the City 24/7 access to real time project data. Mark Thomas bases our VPM file structure on our internal Construction Administration Management System (CAMS), which itself is based on the Caltrans Construction Manual as part of our Construction Management plan. Our CAMS manual provides for a complete project filing system and a cost accounting system for maintaining accurate records of contract work and for additional work. Our CAMS manual requires regular monitoring of actual costs for activities-in-progress and estimates for uncompleted tasks and proposed changes and will identify variances between actual and estimated costs and allow for variance reports that can be distributed to the City. Both the RE and Inspector will regularly update the project files.

Contract Documents

The RE will take the lead on all RFIs, submittals, shop drawings, and change orders. When necessary, we will coordinate with the City for interpretation/clarification of meaning and intent of the plans and specifications. All contract documents will be tracked. The RE will review all change orders for reasonableness, cost effectiveness and accuracy so that recommendations can be made to the City. All quantities of work will be tracked by the Inspector so we can assist the City with assessing progress payments. The RE and CI will review progress payment applications, based on measurements of work completed by the Contractor.

Daily Inspection

Inspection reports will be prepared daily by the Inspector to show all activities performed by the Contractor, site and weather conditions, traffic control measures taken by contractors, including labor, equipment and materials used, quantity of work performed, and major incidents/safety violations.

Coordination

Mark Thomas will function as the primary point of contact on the project for the City, the utility companies, and businesses/residents. This task will be shared by the RE and Inspector. We will also assist the City in coordinating services of other consultants. We will coordinate any Contractor's requests for interpretation or clarification of meaning and intent of project plans and specifications with the project designer.

Safety

The RE and Inspector will implement job safety procedures in compliance with CAL-OSHA requirements. The Inspector will monitor contractor's compliance, respond to deficiencies and hazards, and investigate and report on accidents. The Inspector will observe construction safety, public safety and convenience, and report discovered problems to City. Internally, all Mark Thomas staff assigned to the project will conduct bi-weekly staff safety meetings, track attendance at these meetings and discuss any safety issues observed in the field and ensure the issue is resolved.

Traffic Control/Public Conveyance

Mark Thomas will provide inspection of traffic control, channelization, and all other traffic-related work. The Inspector will ensure that the Contractor provides proper notice to businesses/residents.

Material Testing

Both the RE and Inspector will review soil compaction and materials testing certifications of compliance, and coordinate with City's Acceptance Testing (AT) and Independent Assurance Program (IAP) testing firms. Our CI will review the approved submittals to ensure that the Contractor does not install materials without approved material testing certifications.

QUALITY, BUDGET, AND COST CONTROL

We have a strong history of delivering projects within budget and on time. Our goal for each project is to produce a high quality product, while minimizing public inconvenience.

Controlling project budgets and avoiding unnecessary changes are critical to successful projects and client satisfaction. Our technical approach, with its logically arranged steps and procedures, is designed to minimize rework or scope creep so there are not unexpected delays or additional costs to our clients. Mark Thomas controls costs by communicating early and often with the contractor and the client. This is accomplished through look ahead meetings with the RE, field staff and the contractor to review the plans with an understanding of field conditions prior to beginning each phase of work. These meetings ensure each party is on the same page, sets expectations early and identifies key areas of potential confusion.

We utilize Microsoft Project to track project schedules. We overlay the contractor's critical path method (CPM) schedule with the schedule of bid items to track project costs and schedule side by side. This allows us to anticipate expenditures and compare those with the actual project expenses. When the actual expenses do not align with anticipated costs along the project timeline, we are able to identify potential issues early and work to take corrective action. We inform our clients of any potential or proposed changes that may affect the established budget or schedule, as soon as possible. Keeping all parties informed of any potential issues/changes - and resulting costs impacts - through timely, continuous communication is vital to managing and controlling cost and schedule.

We consistently monitor project budget, construction costs, and schedule adherence, while continuously seeking cost reductions through value engineering during project construction.

We bring the City the following benefits when delivering construction management services:

- Coordination with the City, Caltrans (when applicable), utility companies, and other agencies/stakeholders.
- Beginning public relations early.
- Administration of contracts in a timely manner; engagement of utility companies early in the process, responding quickly to RFI's and contractor submittals, and conducting timely inspection or testing.
- Reviewing contract documents to identify specialty items or long-lead items. Initiating discussions with the contractor and stakeholders ahead of when those items are needed.
- Hands-on approach with contractors and stakeholders. We are mindful of the details and the specified methods of performing the work. This is an essential attribute where public safety or public convenience is involved.

Labor Compliance

The RE will establish procedures and monitor the Contractor's compliance with federal and state prevailing wage requirements and conduct employee interviews with the Contractor's staff.

Quality Assurance

Regular inspection of the Contractor's work will be conducted by the CI. The Contractor will be notified in writing of non-complying work and be directed to correct such work upon discovery.

Closeout Documents

At the completion of the project, Both the RE and Inspector will evaluate the Contractor's status of work and make a recommendation to City when work is ready for final inspection. Where field changes or plan revisions were made during construction, these will be transferred to the Record Drawings and provided to the project design consultant and the City. The RE and Inspector will secure the closeout and other project documents from the Contractor and deliver them in a neat and orderly manner to the City.

TAB E

ON-CALL CONTRACT PROJECT PLAN

MARK THOMAS

CITY OF ROSEVILLE
On-Call Construction Resident Engineer and Inspection Services

ON-CALL CONTRACT PROJECT PLAN

Approach to Construction Management Services

Mark Thomas understands what is required to deliver projects that would potentially come out through this on-call. Our team's depth and breadth of experience is evidenced by our success in delivering recent projects with the City. Our team focuses our approach on identifying cost-saving opportunities and accelerating the delivery of the project. We proactively identify potential risks throughout the project to minimize potential delays and contract change orders. We use the following technical approach in completing any construction management project.

Management Approach

Strong project management is the key to successful project delivery. At Mark Thomas, we understand that your staff is busy. Our team will keep you informed of progress, decisions needed, and milestones that require City input. Instrumental to this process is maintaining a consistent core team throughout the life of the contract. This commitment creates a high level of familiarity, accessibility, and responsiveness to the City; creating a relationship where we function as an extension of your staff.

Project Communication

Technology has made communication and discussion of design issues easier and more frequent. As a result, it's important to be responsive and approach every project as team member. To facilitate a coordinated effort, we will continue our approach of interaction as a partner with the City that staff has come to appreciate from our group. Each task will be performed in concert with City staff. Staff feedback, comments, and suggestions will be communicated at the appropriate staff level to foster efficiency and teamwork.

Utility Coordination

Mark Thomas has a detailed understanding and experience with the federal aid requirements for utility coordination and right of way. We maintain strong working relationships with local utility companies including PG&E, AT&T, Comcast, and Frontier as well as the City Municipal Utilities Department. We follow the Caltrans ABC process for utility coordination. We will verify that utility coordination follows the Caltrans LAPM and Right of Way Manual to maintain compliance with federal funding.

CONSTRUCTION MANAGEMENT AND INSPECTION

We have a detailed understanding of the Caltrans LAPM and Caltrans Construction Manual that we apply to every project. Mark Thomas has provided CM and inspection services for a variety of federally-funded projects including:

- Roadway
- Bridge
- Safety
- Multimodal

Construction Management and Contract Administration

After the construction contract award and notice-to-proceed with the task order, our team will provide construction management and inspection services. Projects will be administered according to the Caltrans LAPM. Chapter 16 of the LAPM lists the detailed procedures for administering a federally funded construction project, including the tracking/document control, inspection, and material testing requirements.

Document control is important to compliance with the LAPM. We review the final plans, specifications, and bid submitted by the contractor. Any potential issues will be monitored during construction. We will review and track all submittals and RFI's required for the project and distribute to design staff and the City for review. Mark Thomas reviews the contractor's project schedule for compliance with contract requirements and determines if any activities are

either not identified with sufficient details and track progress will be monitored and reported on the weekly statement of working days. We review certified payroll for compliance with the DIR and federal requirements. We review DBE documentation to verify compliance with the LAPM and contract goals. We hold weekly progress meetings, review and vet contract change orders, and document changes to the design in record drawings.

Inspection and Materials Testing

During construction, our staff will inspect all construction activities for compliance with the project requirements, ensure that all materials meet the project specifications, and identify any deficiencies with the contractor's operations. Our inspectors will take photo documentation of construction activities and prepare daily inspection reports.

The Caltrans LAPM requires a Quality Assurance Program (QAP) be implemented to ensure the project is constructed according to the project plans and specifications. The "Caltrans QAP Manual for Use by Local Agencies" identifies the minimum level of inspection and quality assurance testing required for each item of work. There are specified testing methods and intervals that need to be documented in the project files for acceptance of the work. Our materials testing consultant would collect and test all materials in accordance with the LAPM. Any failed tests will immediately be communicated to the City, along with a list of correction items.

All paving materials will be tested at the intervals identified in the specifications and the Caltrans QAP and project specifications. ADA improvements will be measured and documented to ensure compliance with requirements. Stormwater BMPs will be inspected and reporting all inspections to the SMARTS system. We also provide signal and lighting inspection services.

Grant Funding Support

We are knowledgeable of grant funding program requirements and guidelines. We prepare application narratives, exhibits and maps, concept designs and cost estimates, and coordinate letters of support.

We also prepare cost benefit analyses as required by HSIP, SB 1, and federal discretionary grant applications. In addition to preparing grant applications and cost estimating, we also provide strategic funding services. This includes evaluating funding sources and positioning projects for funding and leading the development of and review of grant applications.

Management Approach

The Mark Thomas management approach provides a comprehensive road map for efficient management of construction activities. Our approach is designed to deliver projects in accordance with all contract requirements – meeting all the City's project goals. We will verify compliance with the project's plans, special provisions and permit requirements as well as the City's procedures and standards, including the City's QAP. We will also utilize the Mark Thomas Construction Administration Management System (CAMS). This approach is highlighted as follows:

Task Order Schedule Management

For on-call contracts, unexpected needs are always anticipated. Our staff is trained and experienced to provide timely responsive service. Mark Thomas has built a reputation for being able to provide personnel on short notice. Our team can assist with staffing unanticipated night work, substitute staffing, or provision for many non-routine services--quickly and efficiently.

Value Engineering

Mark Thomas is proactive in pursuing value engineering options. Based on our past experience, contractors are often familiar with, or have the equipment to perform alternate means of construction than those proposed. Often these alternatives are capable of producing the intended project's scope of work at a reduced cost. Our team will address value engineering options during the pre-construction conference, and if agreed upon by the City, will incentivize cost saving strategies suggested by the contractor. Our experienced project managers, REs, and inspectors use the lessons they have learned in the field to look for ways to save money, improve coordination, increase efficiencies, speed up the work, and provide for important safety considerations.

Constructability Review

A thorough constructability review provides for value engineering opportunities resulting in lower bids, reduced owner risks, fewer change orders, and fewer claims. For each task order through the City's on-call contract, Mark Thomas's resident engineer will review the project plans and specifications for consistency and completeness, identify potential construction conflicts, and determine whether the project can be constructed economically. The goal of our constructability review is to implement addenda in a timely manner so as not to delay bid openings and to capitalize on competitive bid prices. We will review the contract documents from the contractor's point of view and look for missing details, ambiguous or contradictory information, conflicts, and impractical constraints.

Construction Management Plan

When a task order is approved, our contract/project manager, **Rick Kaufman, PE, QSD,** will meet with the City to establish the project goals and objectives. We will identify project criteria and develop a Construction Management Plan that clearly outlines the responsibilities of the Mark Thomas team and the City and the lines of communications and authority for the project. This plan will address all requirements of the technical specifications and the funding source(s).

According to the size or complexity of the project, Rick will prepare an appropriately-scaled, project-specific procedures manual for the City's review and approval. He will distribute the manual to responsible parties to be used throughout the construction project.

TAB F

COST PROPOSAL

MARK THOMAS

COST PROPOSAL

Per the RFP, the Mark Thomas Team's cost proposals for FHWA federally-funded projects and city-funded projects are in a separate, password protected document.

10-K Forms and Safe Harbor Rates

Mark Thomas and our subconsultant's 10-K forms and Safe Harbor Rates are also located in the sealed cost proposal.

TAB G

REQUIRED STATEMENTS/ DOCUMENTS

REQUIRED STATEMENTS/DOCUMENTS

Designated Team Members

We are committed to bringing you our most experienced, hands-on managers and engineers. Each member identified on the organizational chart is qualified to perform all the services listed in the scope of services. Substitutions to the staff and/or subconsultants listed on the organizational chart will not be made without the City's expressed approval.

Each team member has the reputation of being responsive and works well with agency staff and we acknowledge the City of Roseville's Public Works Director, or its designated representative, have the authority to reject the responsible person in charge of the project in the event of unsatisfactory performance by said personnel in the opinion of the City.

Conflict of Interest

Mark Thomas has no conflicts of interest to disclose. We affirm that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City.

Mark Thomas affirms that we do not have any actual, apparent, direct, indirect, or potential conflicts of interest that may exist with respect to our firm or our management or employees relative to the services to be provided to the City.

Indemnification and Insurance Requirements

We agree to the indemnification and insurance requirements provided in the sample contract attached to the RFP and that the cost of complying with the insurance requirements is included in our pricing. A sample certificate of insurance is attached and we will provide insurance certificates upon award of the contract.

Proprietary Rights

Mark Thomas affirms that nothing contained in our submitted proposal will be proprietary.

Secretary of State
Certificate of Status

I, SHIRLEY N. WEBER, Ph.D., Secretary of State of the State of California, hereby certify:

Entity Name:	MARK THOMAS & COMPANY, INC.
File Number:	C0378336
Registration Date:	06/29/1959
Entity Type:	DOMESTIC STOCK CORPORATION
Jurisdiction:	CALIFORNIA
Status:	ACTIVE (GOOD STANDING)

As of May 17, 2021 (Certification Date), the entity is authorized to exercise all of its powers, rights and privileges in California.

This certificate relates to the status of the entity on the Secretary of State's records as of the Certification Date and does not reflect documents that are pending review or other events that may affect status.

No information is available from this office regarding the financial condition, status of licenses, if any, business activities or practices of the entity.

IN WITNESS WHEREOF, I execute this certificate and affix the Great Seal of the State of California this day of May 18, 2021.

SHIRLEY N. WEBER, Ph.D.
Secretary of State

Certificate Verification Number: Y6NBWNY

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the Principal/VP of Mark Thomas, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on May 21, 2021 [date], at Sacramento [city], California [state].

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable): N/A

PROJECT NAME (and FPN, if applicable)[2]: On-Call Construction Resident Engineer and Inspection Services

APPLICABILITY: To be filled out by local agency consultants in management support role.

☑ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☑ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☑ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☑ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☑ I have read and fully understand all of the above.

REVIEWED BY PUBLIC WORKS DIRECTOR OR AUTHORIZED LOCAL AGENCY REPRESENTATIVE

I have reviewed the foregoing "Conflict of Interest and Confidentiality Statement" and will ensure:

☐ That the foregoing named local agency consultant who is under contract and in a management support role with our local agency, abides by the foregoing terms and conditions;

☐ That should the foregoing named local agency consultant, who is under contract and in a management support role with our local agency, violate any of the foregoing terms and conditions, the Caltrans DLAE will be notified and such violation will be considered a breach of ethics and could be a basis for ineligibility of State or Federal project funds.

☐ The procedures followed to procure and execute the contract, between the local agency and the consulting firm of which I am employed, comply with all federal and state requirements. Also this contract has a specific date from _____ to _____.

TAB H

EXCEPTIONS

EXCEPTIONS

We have reviewed the City's sample contract agreement; we respectfully request the following exceptions to the original standard sample agreement. Requested modifications are noted in *red italic text* and deletions are shown in ~~strike-through.~~

Section 4 – Indemnification

- Request to revise language as follows:
  - To the fullest extent allowed by law, CONSULTANT shall ~~defend~~, indemnify, and save and hold harmless, but not defend, CITY, its officers, ~~agents~~, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, ~~resulting from or arising out~~ but only to the extent actually caused by the negligent acts or omissions of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Consultant has no obligation to pay for any of the indemnitees' defense related cost prior to a final determination of liability or to pay any amount that exceeds Consultant's finally determined percentage of liability based upon the comparative fault of Consultant.
  - CONSULTANT agrees to ~~defend and~~ indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.
  - CONSULTANT's responsibility for such ~~defense and~~ indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The ~~defense and~~ indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

Section 5 – Insurance

- Mark Thomas can meet all limits and requirements.

Section 19 – Attorney's Fees; Venue; Governing Law

- Request to revise language as follows:
  - ~~If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees.~~ Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

Exhibit 10-R: A&E Boilerplate Agreement Language

- Article IC – Request to revise language as follows:
  - CONSULTANT agrees to the fullest extent permitted by law, to indemnify, protect, ~~defend~~, and hold harmless, but not defend, LOCAL AGENCY, its officers, officials, ~~agents~~, employees and volunteers from and against any and all ~~claims~~, damages, demands, liability, costs, losses and expenses, ~~including without limitation, court costs and reasonable attorneys' and expert~~

~~witness fees, arising out of any failure to comply with applicable law,~~ any injury to or death of any person(s), damage to property, loss of use of property, economic loss or otherwise arising out of the performance of the work described herein, ~~to the extent~~ but only to the extent caused by a negligent act or negligent failure to act, errors, omissions, recklessness or willful misconduct incident to the performance of this AGREEMENT on the part of CONSULTANT, except such loss or damage which was caused by the sole negligence, or willful misconduct of LOCAL AGENCY, as determined by a Court of competent jurisdiction. The provisions of this section shall survive termination or suspension of this AGREEMENT.

COMPETENCY OF PROPOSERS

COMPETENCY OF PROPOSERS

Mark Thomas has no pending bankruptcies, liens, stop payment notices, or foreclosures filed or resolved in the past seven (7) years. No client has ever terminated a contract with Mark Thomas for breach. Mark Thomas operates throughout California and has had average annual billings over the last five years in excess of $35 million. There are no claims pending against the company that would impact its ability to discharge its contractual duties if awarded a contract. Below is a chart of judgments, lawsuits, arbitrations, and mediations from the last seven (7) years.

Project Name	Agency	Basis of Claim	Claim Amount	Name of Case	Date Filed	Court Filed	Current Status	Result/Settlement Amount	Date Closed
OPEN - LITIGATION									
Marin Sonoma Narrows B3	Marin, Transportation Authority of (TAM)	Suit for wrongful death due to a construction period traffic accident.	Unknown - under investigation	Tovar v. Ghilotti Construction Co.	11/7/2019	County of Contra Costa - Case #C1902334	open	na	
CLOSED - CLAIMS AND LITIGATION									
San Ramon- Crow Canyon Corridor	City of San Ramon	Lawsuit alleged that the improper placement and installment of the traffic signal caused the accident; therefore causing plaintiffs (bicyclist) injuries in the automoble versus bicyclist accident which occurred on February 11, 2013.	In excess of 1 millon in medical expenses	Lawsuit: Western Pacific Pulp & Paper v City of San Ramon	12/16/2013	Superior Court of Alameda - Case No. RG13680315	closed	$150,000 Mark Thomas & Co. Portion	4/28/2016
Gordon Ball - Porter Creek Road Bridge Replacement (PO #183-016) (C00028)	Gordon N. Ball, Inc.	Contractor claims design of pre-cast girders was incomplete. Complaint is due to the County's position that the Contractor constructed the bridge out of sequence, and directed the contractor to remove the interior diaphragms between the stage 1 and stage 2 structures in order to allow the pre-cast girders to properly deflect.	$100,000	Gordon N. Ball, Inc. vs Mark Thomas & Company, Inc.	8/8/2014	Superior Court of Santa Clara County - Case No. 114CV269159	closed	Settlement of $100,000, Dismissal dated 11/10/15	5/6/2016
SBCAG - Route 101/154 North Interchange Project	Santa Barbara County Assoc of Governments	Lawsuit filed against SBCAG, Caltrans, et al by cyclist who was injured in a solo bicycle accident on Hwy 154 near Zaca Station Road on May 16, 2012. Alleged that the Design, construction and maintenance of the roadway affected by the project.	In excess of 1 millon in medical expenses	Lawsuit: Martinelli v. State of California, et al.	4/8/2015	Superior Court of County of Santa Barbara - Case No. 1407847	closed	4 parties settlement in the amount of $250,000, Mark Thomas & Co. portion $75,000. State of California not settled yet.	11/3/2016
State College Blvd Railroad Grade Separation	City of Fullerton	The lawsuit is dealing with a car accident at the intersection of Kimberley Drive and Acacia Avenue.	$510,000	Deposition Subpoena for Productions of Business Records -Oliveros v Garcia, et. al.	5/31/2019	County of Orange - Case #30-2018-00981683-+CU-PO-CJC	closed	Settlement of $510,000 on 2/24/21	3/18/2021

1. Prevailing Wages specified are based on current DIR determination. Any future DIR escalation of prevailing wage rates will be reflected in the loaded rates
2. "NC" denotes No Charge for work more than 8 hours per day and for weekends and holidays for this contract only.
3. The billing rates shown in this cost proposal for field staff entitled for PW rates are calculated with estimated fringe benefits of the staff. The actual billing rates to be used in the invoices will be calculated by using the actual PW fringe benefits of the individual staff in accordance with the certified benefits statement submitted with each invoice.
4. The employees' actual hourly rates shown in this cost proposal are the rates that were effective on xx/xx/xx. Caltrans Contract Manager's pre-approval is required for addition of staff not previously listed on the cost proposal. The billing rates for these employees, including those that fall under general classifications, will be calculated and reimbursed based on their actual hourly rates on xx/xx/xx. Hourly rates for new employees hired after the date of this cost proposal will not exceed (or shall be in line with) the rates of similar personnel listed on this cost proposal having similar experience.
5. Travel Time Charges:
   For Managers: On weekdays up to a maximum of 8 hours will be charged for work time, travel time or any combination of travel and work time. Billing Rate = Loaded Rate Formula "C" above.
   For Exempt staff: During regular work day, actual travel time not to exceed 8 hours in any one day or one way travel will be billed as follow:
   Billing rate for travel time = Loaded Rate Formula "C" above.
   All travel time, outside of the regular work day, will be billed without the application of overhead rate as follow: Billing Rate = (Actual Hourly Rate) (1+ Fee) + (Delta Base + Delta Fringe)
   For Non-Exempt Employees: During regular work day, actual travel time not to exceed 8 hours in any one day or one way travel will be billed at full normal overhead rate (i.e. without the application of the 1.5X or 2.0X multiplier for overtime as follow:

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Mark Thomas & Company, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 151.93 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money_____% (if applicable)

Fiscal period * 01/01/2020 - 12/31/2020

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 112,424,227 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is one.
- Years of consultant's experience with 48 CFR Part 31 is 30+ years.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☑ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

1. Names and classifications of consultant (key staff) team members must be listed. Provide separate sheets for prime and all subconsultant firms.
2. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Agreed upon billing rates are not adjustable for the term of contract.
3. For named employees enter the actual hourly rate. For classifications only, enter the average hourly rate for that classification.

Note:

- Denote all employees subject to prevailing wage with an asterisks (*)
- For “Other Direct Cost” listing, see page 2 of this Exhibit

EXHIBIT 10-H2 COST PROPOSAL

Consultant: Argonaut Ecological, Inc. ☐ Prime Consultant ■ Subconsultant ☐ 2nd Tier Subconsultant

Project No. _____ Contract No. _____ Date: 5/13/2021

SCHEDULE OF OTHER DIRECT COST ITEMS (Add additional pages as necessary)				
Description of Item	**Quantity**	**Unit**	**Unit Cost**	**Total**
Mileage Costs			$ -	$ -
Equipment Rental and Supplies			$ -	$ -
Permit Fees			$ -	$ -
Plan Sheets			$ -	$ -
Test Vehicle			$ -	$ -
Subconsultant 1:			$ -	$ -
Subconsultant 1:				$ -
Subconsultant 2:				$ -
Subconsultant 3:				$ -
Subconsultant 4:				$ -
Subconsultant 5:				$ -

NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentations.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice)
5. Items listed above that would be considered "tools of the trade" are not reimburseable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Proceedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management and Administration of Engineering and Design Related Service
6. 48 Ccode of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement. Local governments are responsible for applying only cognizant agency or Caltrans accepted Indirect Cost Rate(s).

Title 23 CFR, Chapter 1, Part 172 - Procurement, Management, and Administration of Engineering and Design Related Services
American Association of State Highway and Transportation Officials (AASHTO) Uniform Audit & Accounting Guide (2016 Edition)

Definition of Terms:

Direct cost is any cost that is identified specifically with a particular cost objective. Direct costs are not limited to items that are incorporated in the end products as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified with other final cost objectives of the contractor are direct costs of those objectives. (48 CFR Part 31.202)
Indirect or overhead cost is any cost that is not directly identified with a single final cost objective, but is identified with two or more final cost objectives or with at least one intermediate cost objective. (48 CFR Part 31.203)

Has the Company developed an indirect cost rate in the past? Yes ☐ No ✓

If "Yes," you are not eligible to use the Safe Harbor Rate. Do not continue with this Questionnaire and please complete the AASHTO Appendix-B ICQ and provide an ICR Schedule.

Is the Company a Prime Consultant on a Caltrans' contract ≥ $3.5M OR Local Government contract ≥ $1M, regardless of the participation amount? Yes ☐ No ✓

If "Yes," you are not eligible to use the Safe Harbor Rate. Do not continue with this Questionnaire and please complete the AASHTO Appendix-B ICQ and provide an **Audited** ICR Report.

1. What form of business entity is the Company?

☐ Sole Proprietorship ☐ Partnership ☐ C Corporation ✓ S Corporation

Other _____

2. What types of services will the Company provide for this contract? (Select all that apply.)

☐ Architectural and Engineering services
☐ Program Management
☐ Preliminary Engineering
☐ Design Engineering
☐ Surveying
☐ Feasibility Studies
☐ Mapping or Architectural related services
✓ Other Regulatory compliance, permitting, stormwater inspections, biological surveys

3. Does the Company have prior government contracting experience? Yes ✓ No ☐

4. Does the general ledger contain separate direct and indirect accounts for the following?

- Labor Yes ✓ No ☐
- Non-Labor Yes ✓ No ☐

Note: This will support that all direct costs are accounted for and traceable from the job cost ledger to the general ledger.

5. Do you have written policies on the following cost categories?

- Accounting Yes ☐ No ✓
- Billing Yes ✓ No ☐
- Timesheet Preparation Yes ✓ No ☐
- Overtime Yes ☐ No ✓
- Direct/Indirect Expenses Yes ✓ No ☐
- Prevailing Wage Yes ✓ No ☐

6. What types of employee status will the Company provide for this contract?

☐ Non-exempt ☐ Exempt-salaried ☐ Exempt-hourly ☐ Contract Employee

Other Subcontractor

7. Premium Overtime. Does the Company pay overtime at a premium to any employees?

Yes ☐ No ✓

If yes, answer questions below. If no, continue to question 8.

- What premium rate is paid for Non-Exempt employees:

☐ Time-and-a-half and double-time ☐ Straight rate

Other (Please explain) _____

- What premium rate is paid for Exempt-Hourly employees:

☐ Time-and-a-half and double-time ☐ Straight rate

Other (Please explain) _____

- How is premium overtime accounted for and billed?

☐ As part of Direct Labor (overhead is applied)

☐ As an indirect labor cost (included in the indirect cost rate and not directly billed)

☐ As an Other Direct Cost (no overhead applied)

☐ Other _____ (Please explain)

8. Is indirect and direct labor separated by contract/project/cost objectives on employee timesheets with reporting codes?

Yes ✓ No ☐

9. Are contracts/projects assigned a unique identification/project number in your accounting system?

Yes ✓ No ☐

10. Besides labor, does the Company normally bill/invoice the following as direct contract/ project costs? (Select all that apply.)

- [ ] Vehicle
- [ ] Shipping
- [ ] Computer/CADD
- [ ] Lab
- [ ] Printing
- [x] Travel
- [ ] Specialty Equipment (List Below)

_____ _____

10a. Is Vehicle normally billed/invoiced as a direct contract/project costs? Yes ☐ No ✓

- Are mileage logs maintained for all vehicles? If "No," please explain below.

Explanation: Vehicle used is factored into loaded rate.

- What is the recovery/billing rate used for Company or personal vehicle mileage reimbursement?

$_____ per mile

I certify that to the best of my knowledge and belief the responses to this questionnaire are accurate.

2021 SCHEDULE OF FEES & SERVICES

Geotechnical ▪ Geo-Environmental ▪ Construction Services ▪ Forensics

PROFESSIONAL HOURLY RATES:

Project Engineer/Geologist I	$152	CAD/GIS	$147
Project Engineer/Geologist II	$162	Lab Aide	$101
Senior Engineer/Geologist	$177	Lab Manager	$152
Project Manager	$198	Field Services Manager	$167
Senior Project Manager	$223	Clerical	$91
Principal	$254	Project Assistant	$112
Senior Principal	$290	Administrative	$135
Expert Testimony & Deposition	$497	Senior Administrative	$152

SPECIAL INSPECTION PERSONNEL HOURLY RATES:

	Non-Prevailing Wage	Prevailing Wage
Group 1 *ASNT Level II-III, DSA Shotcrete, Lead Inspector, NICET Level IV*	$142	$195
Group 2 *AWS-CWI, ICC Certified Structural Inspector, NICET Level III, Building/Construction Inspector, Shear Wall/Floor System Inspector*	$142	$190
Group 3 *Soils/Asphalt, Earthwork Grading, Excavation and Backfill, NICET Level II*	$122	$175

MINIMUM BASIC CHARGES:

Outside Equipment & Services	Cost plus 20%
Vehicle Charge	$8.00 per hour or $0.90 per mile
Per Diem	Location specific, minimum $160 per night
Technician Services	Charge includes time from office and return to office, minimum charge - 4 hours
Overtime	Over 8 hours: 1.5 x Hourly Rate Before 7:00am or after 4:00pm: 1.5 x Hourly Rate Rush Charge (less than 24 hours notice): 1.5 x Hourly Rate Saturday: 1.5 x Hourly Rate (minimum: 4 hr. increments) Sunday & Holiday: 2.0 x Hourly Rate (minimum: 4 hr increments)
Report Copies	4 Report copies provided
Additional Report Copies	$100 for binding up to 50 pages, plus postage

EQUIPMENT: *(personnel not included)*

Hand Sampling Equipment	$284 / Day	Double Ring Infiltrometer Equipment	$314 / Day
Nuclear Moisture/Density Testing	$18 / Test	Level Survey Equipment	$269 / Day
6" Sand Cone Testing	$49 / Test	Pachometer	$137 / Day
12" Sand Cone Testing	$198 / Test	Rock Point Load Test Equipment	$137 / Day
Coring Bit Charge	$49 / Core	Roto Hammer	$132 / Day
Coring Machine	$274 / Day	Schmidt Hammer	$112 / Day
Dynamic Cone Penetrometer	$284 / Day	Torque Wrench	$76 / Day
Electrical Resistivity Equipment	$259 / Day	Seismic Refraction: 12 / 24 Channel	$487 / Day
Generator	$76 / Day	MASW Survey Equipment	$487 / Day
Groundwater Level Indicator	$71 / Day	Traffic Control/Safety	$314 / Day
Inclinometer Survey Equipment	$659 / Day	Concrete Vapor Emission Test Kit	$41 / Ea
pH Test Strip Package	$61 / Ea	Pull Testing Equipment	$165 / Day

2.0% annual escalation for each optional year extension.

2021 LABORATORY FEE SCHEDULE

Geotechnical ▪ Geo-Environmental ▪ Construction Services ▪ Forensics

SOIL CLASSIFICATION		
#200 Sieve Wash	ASTM D1140	$127
Sieve Analysis to #200	ASTM D6913, CAL 202	$196
Standard Hydrometer with Sieve Analysis	ASTM D422	$385
Plasticity Index	ASTM D4318	$279
Specific Gravity - Soils	AASHTO T100	$122
MOISTURE / DENSITY		
Moisture Content	ASTM D2216, CAL 226	$46
Moisture/Density		$86
SOIL COMPACTION		
Standard Proctor (*4" or 6" mold*)	ASTM D698	$350
Modified Proctor (*4" or 6" mold*)	ASTM D1557	$350
California Impact	CAL 216	$350
Check Point (*Standard or Modified*)		$162
VOLUME CHANGE		
One-Dimensional Consolidation	ASTM D2435	$553
(6 load increments, includes 2 time rate curves and 2 rebound decrements)		
Additional Load or Rebound Decrement		$39 / ea
Additional Time Rate Curves		$120 / ea
Expansion Index	ASTM D4829	$279
One-Dimensional Settlement Swell	ASTM D4546	$248
STRENGTH		
Unconfined Compression	ASTM D2166	$162
Compression, Rock *Prep & Photos included*	ASTM D7012	$188
Rock Point Load	ASTM D5731	$76
California Bearing Ratio (CBR), with curve	ASTM D1883	$862
California Bearing Ratio (CBR), without curve	ASTM D1883	$517
Resistance Value	CAL 301	$380
Direct Shear: *(per point)*		
Undisturbed	ASTM D3080	$218
Remolded	ASTM D3080	$279
Triaxial Compression: *(per point) Photos of failure upon request*		
Undrained, Unconsolidated w/out Pore Pressure	ASTM D2850	$198
Consolidated, Undrained w/ Pore Pressure Measurements	ASTM D4767	$573
Consolidated, Drained		$821
Consolidated, Undrained, no Pore Pressure Measurements		$324
Specimen Remolding		$127

** Client requests for rush testing require pre-approval and 20% surcharge.*

CORROSIVITY ANALYSIS		
Corrosion Analysis Package	CAL 643, 417, 422	$355
Includes Soil Resistivity, Soil pH, Sulfates / Chlorides. Minimum size is 1,000 grams		
pH	CTM643	$46
Resistivity	CTM643	$149
PERMEABILITY		
Flex-wall Permeability	ASTM D5084	
Either Constant head or Falling Head / rising Tail Water. Method depends on soil type		$507
Each Additional Effective Stress		$127
Specimen Remolding		$125
TREATED SOIL TESTS		
% Lime for Stabilization - per point (%)	ASTM D6276	$142
pH of Soil	CTM643	$46
Modified Proctor	ASTM D1557	$416
Unconfined Compression Test	ASTM D5102	$233
One Dimensional Swell	ASTM D4546	$233
AGGREGATES		
Bulk Specific Gravity - Course & Fine Aggregate	ASTM C127 & 128, CAL 206, 207	$122
Coarse Durability	CAL 229	$208
Fine Durability	CAL 229	$208
Sand Equivalent	CAL 217, ASTM D2419	$145
Cleanness Value	CAL 227	$196
Moisture Content	CAL 226/370	$112
Percent of Crushed Particles (per size fraction)	CAL 205	$183
Fine Aggregate Angularity	AASHTO T304, Method A	$183
Flat and Elongated Particles (per size)	AASHTO D 4791	$183
Combined Grading 1" through no. 200	CAL 201/202	$195
Bin Grading (First 2 Bins)	CAL 201/202	$195
Each Bin Thereafter		$76
LP-9 (RAP) Burn	LP-9, CT382	$122
ASPHALT		
Bulk Specific Gravity - Compacted Hot Mix Asphalt	CAL 308	$61
Theoretical Max Specific Gravity (Rice)	CAL 309	$213
LTMD (Set of 5)	CAL 375	$421
Binder Content		
Ignition Oven Correction Factor	CAL 382	$360
Ignition Oven	CAL 382	$213
Solvent	AASHTO T164	$269
Stability (Set of 3)	CAL 366	$375
Void Content		
With Stability and Rice	CAL 367	$41
CONCRETE & MASONRY		
Concrete Compression Test 6" x 12" or 4" x 8"	ASTM C39	$41
Masonry or Grout Compression		$59
Compression Test of Cored Concrete Spec. (per core)		$132
Compression Test of Shotcrete Cores (per core)		$166

Other Tests Quoted Upon Request

** Client requests for rush testing require pre-approval and 20% surcharge.*

2.0% annual escalation applies for each optional year extension.

NOTES:

1. Key personnel **must** be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

[(a)] 2.0% annual escalation applies for each optional year the contract is extended.

Subconsultant 1:				
Subconsultant 2:				
Subconsultant 3:				
Subconsultant 4:				
Subconsultant 5:				

Note: Add additional pages if necessary.

NOTES:

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Name: Wendy Supinger Title *: CFO

Signature : Wendy Supinger Date of Certification (mm/dd/yyyy): 05/19/2021

Email: wendys@blackburnconsulting.com Phone Number: (530) 887-1494

Address: Blackburn Consulting 11521 Blocker Dr., Ste. 110, Auburn CA 95603

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

CITY OF ROSEVILLE ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: BLACKBURN CONSULTING

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate _____ % **OR**

Home Office Rate 215.79 % and Field Office Rate (if applicable) 138.34 %

Facilities Capital Cost of Money _____ % (if applicable)

Fiscal period * 01/01/2019 - 12/31/2019

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 10.9M on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.
- Years of consultant's experience with 48 CFR Part 31 is 16.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☑ Local Gov't ICR Audit ☑ Caltrans ICR Audit
☐ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

casi
ADMIN SERVICES

Contract Administrative Services, Inc.

2021 STANDARD RATES

TITLE / JOB DESCRIPTION	HOURLY RATE*
LABOR COMPLIANCE MANAGER	$135
LABOR COMPLIANCE ASSISTANT	$105
OFFICE ENGINEER (10+ YEARS EXPERIENCE)	$125
FIELD OFFICE TECHNICIAN / ASSISTANT	$95
PROPOSAL WRITING MANAGER	$125
PROPOSAL WRITING ASSISTANT	$85
PUBLIC RELATIONS MANAGER	$110
PUBLIC RELATIONS ASSISTANT	$85

***Hourly rates are all inclusive**. They include all vehicle and vehicle expenses, cell phones, computers, printers, and other small incidentals. For multi-year contracts the standard annual escalation rate increase is 3%, beginning January 1 of the subsequent year.

Prevailing Wage: None of the listed personnel shown above are required to be paid prevailing wage. If inspection personnel are provided, then, at a minimum, the Base Hourly Rate and Total Hourly Rate of the General Determination made by the Director of Industrial Relations Pursuant to California Labor Code for Commercial, Building, Highway, Heavy Construction and Dredging Projects.

Overtime Rates: Overtime is paid per State requirements, which generally requires payment of overtime (1.5 times regular hourly rate) to non-exempt employees for any hours in excess of eight (8) hours per day or forty (40) hours per week, and double time for any hours in excess of twelve (12) hours per day or work on Sunday or holidays. Exempt employees (generally licensed professionals) who work on the job site are generally paid straight time hourly rates for overtime. This results in the following billable rates for overtime: RE and Structure Reps are the same rate, all other personnel are billed at the straight time billable hourly rate plus 25% (ie. Inspector - $145 x 1.25 = $181).

Note: All costs for field office space, field office equipment, and technical field equipment will be billed and reimbursed at the actual lease/rental rates, with no mark-up. Cost for materials such as prints, film, developing, extensive copying, (ie. items that will become property of the client at the end of the project) will be billed and reimbursed at the actual cost, with no mark-up.

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**). All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

Consultant: Contract Administrative Services, Inc. ☐ Prime Consultant ☒ Subconsultant

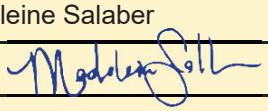
Project No.: Various Contract No.: _____ Date: 05/12/2021

SCHEDULE OF OTHER DIRECT COST ITEMS				
Description of Item	**Quantity**	**Unit**	**Unit Cost**	**Total**
Mileage Costs	Not Applicable			N/A
Equipment Rental and Supplies	Not Applicable			N/A
Permit Fees	Not Applicable			N/A
Plan Sheets	Not Applicable			N/A
Test	Not Applicable			N/A
Vehicle	Not Applicable			N/A
Subconsultant 1:				$ -
Subconsultant 2:				$ -
Subconsultant 3:				$ -
Subconsultant 4:				$ -
Subconsultant 5:				$ -

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current Sate Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL | Town of Paradise On-Call Construction Management and Inspection Services



Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Firm:	Contract Administrative Services, Inc.		
Name:	Madeleine Salaber	Title *:	President
Signature:		Date of Certification (mm/dd/yyyy):	5/12/2021
Email:	madeleine@conadservices.com	Phone Number:	(707) 761-2003
Address:	180 South First St., Ste. 10 Dixon, CA 95620		

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

Labor compliance services including the review of certified payroll to ensure required prevailing wage rates are met, labor compliance document control and regular on-site EEO interviews. In addition to labor compliance, CASI will provide office administration including but not limited to attending meetings and recording minutes, assisting with progress payments, and project document control according to the Caltrans LAPM.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Contract Administrative Services, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 129 % **OR**

Home Office Rate _____ % and Field Office Rate (if applicable) _____ %

Facilities Capital Cost of Money _____ % (if applicable)

Fiscal period * 1/1/20 - 12/31/20

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $350,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.
- Years of consultant's experience with 48 CFR Part 31 is 5.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☑ Caltrans ICR Audit
☐ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

(add pages as necessary)

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

SCHEDULE OF OTHER DIRECT COST ITEMS (Add additional pages as necessary)

Description of Item	Quantity	Unit	Unit Cost	Total
% Collapse (ASTM D5333m)	0	EA	$ 175.00	$0.00
Asphalt Binder Content (Caltrans 382)	0	EA	$ 455.00	$0.00
Atterberg Limits (ASTM D4318)	0	EA	$ 200.00	$0.00
Cal Impact (Caltrans 216)	0	EA	$ 350.00	$0.00
California Bearing Ratio (ASTM D1883)	0	EA	$ 500.00	$0.00
Caltrans Package (Min. Resistivity, pH, Chloride, Sulfate)	0	EA	$ 300.00	$0.00
Chloride (ASTM D4327, CT422m)	0	EA	$ 75.00	$0.00
Class II Aggregate Base Specification Suite (R-Value, Sieve, Durability, and SE)	0	EA	$ 800.00	$0.00
Compressive Strength - PCC (Caltrans 521)	600	EA	$ 75.00	$45,000.00
High Strength Reinforcing Steel Testing	15	EA	$ 300.00	$4,500.00
Reinforcing Steel Testing (Rebar, Hoops, Couplers, etc.) up to #8 bar	120	EA	$ 200.00	$24,000.00
Reinforcing Steel Testing (Rebar, Hoops, Couplers, etc.) #9 to #14 bar	20	EA	$ 350.00	$7,000.00
Direct Shear - CU [ASTM D3080m (Consolidated Undrained)]	0	EA	$ 100.00	$0.00
Bulk Spec. Gravity of Compacted Sample or Core: Paraffin Coated (CTM 308A & ASTM D1188)	2	EA	$ 100.00	$200.00
Lab Tested Maximum Density: Hveem, 3 briquettes (CTM 304, 308, ASTM D1561, D1188)		EA	$ 200.00	$0.00
Hveem Stabilometer Test, Premixed, 3 briquettes (CTM 304, 366, ASTM D1560, 1561)		EA	$ 200.00	$0.00
Maximum Theoretical Specific Gravity [RICE] (CTM 309, ASTM D2041)	2	EA	$ 150.00	$300.00
Aggregate Quality HMA	1	EA	$ 750.00	$750.00
Compaction Test (ASTM D698, D1557 Method A or B)	5	EA	$ 150.00	$750.00
Compaction Test (ASTM D1557 Method C)	5	EA	$ 150.00	$750.00
Compaction Test (CTM-216)	40	EA	$ 150.00	$6,000.00
LA Abrasion Test (ASTM C131)	1	EA	$ 185.00	$185.00
Cleanness Value (CTM-227)	10	EA	$ 190.00	$1,900.00
Crushed/Fractured Particles (CTM-205, ASTM D5821)	10	EA	$ 175.00	$1,750.00
Durability Index, Method A,B,C or D (CTM-229, ASTM D3744)	1	EA	$ 220.00	$220.00
R-Value Soil/Aggregate Base (CTM-301, ASTM D2844)	1	EA	$ 300.00	$300.00
Gradation Analysis (CTM-202, ASTM D6913)	15	EA	$ 200.00	$3,000.00
Atterberg Limits (CTM-204, ASTM D4318)	0	EA	$ 240.00	$0.00
Sand Equivalent (CTM-217)	10	EA	$ 140.00	$1,400.00
Consolidation - Rebound-Reload Loop per point [ASTM D2435 (with Time Rates)]	0	EA	$ 50.00	$0.00

Consolidation [ASTM D2435 (with Time Rates)]	0	EA	$ 300.00	$0.00
Direct Shear - CD [ASTM D3080 (Consolidated Drained)]	0	EA	$ 250.00	$0.00
Direct Shear - CU [ASTM D3080m (Consolidated Undrained)]	0	EA	$ 100.00	$0.00
Durability Index (Caltrans 229)	0	EA	$ 150.00	$0.00
Electrical Resistivity (As Received) (ASTM G57)	0	EA	$ 150.00	$0.00
Expansion Index (ASTM D4829)	0	EA	$ 400.00	$0.00
Expansion Pressure Curve [ASTM D3877m (Expansion Pressure Curve)]	0	EA	$ 175.00	$0.00
Flexural Strength of Concrete (Caltrans 523)	0	EA	$ 125.61	$0.00
Hydraulic Conductivity - CH [ASTM D2434 (Constant Head) <6" Diameter]	0	EA	$ 350.00	$0.00
Hydraulic Conductivity - FH - 4" Diameter, remolded add [ASTM D5084 Method C (Falling Head)]	0	EA	$ 600.00	$0.00
Hydraulic Conductivity - FH - 4" Diameter, undisturbed add [ASTM D5084 Method C (Falling Head)]	0	EA	$ 350.00	$0.00
Making Cylinders - PCC (Caltrans 540)	0	EA	$ 39.50	$0.00
Modified Proctor (Compaction) [ASTM D1557 (6" Mold)]	0	EA	$ 350.00	$0.00
Moisture and Density (ASTM D7263B)	0	EA	$ 50.00	$0.00
Moisture Content - Soils and Aggregate (Caltrans 226)	0	EA	$ 32.79	$0.00
Moisture Content (ASTM D2216)	0	EA	$ 40.00	$0.00
Organic Content (ASTM D2974)	0	EA	$ 125.00	$0.00
Particle Size Analysis (ASTM D422)	0	EA	$ 150.00	$0.00
pH (ASTM G51, CT643, and AASHTO T289)	0	EA	$ 50.00	$0.00
Pinhole Dispersion (ASTM D4647B)	0	EA	$ 450.00	$0.00
Relative Compaction (Caltrans 216)	0	EA	$ 99.55	$0.00
Cleanness Value (CT 227)	0	Test	$ 190.00	$0.00
R-Value (Caltrans 301)	0	EA	$ 325.00	$0.00
Sampling Fresh Concrete (Caltrans 539)	0	EA	$ 39.50	$0.00
Sand Equivalent (Caltrans 217)	0	EA	$ 125.00	$0.00
Shrink-Swell [ASTM D3877m (Shrink-Swell)]	0	EA	$ 175.00	$0.00
Sieve Analysis of Aggregate (Caltrans 202)	0	EA	$ 88.50	$0.00
Slump - PCC (Caltrans 556)	0	EA	$ 39.50	$0.00
Specific Gravity (ASTM D854)	0	EA	$ 100.00	$0.00
Specific Gravity for Rock Correction (ASTM C127)	0	EA	$ 175.00	$0.00
Standard Proctor (Compaction) [ASTM D698 (4" Mold)]	0	EA	$ 350.00	$0.00
Sulfate (ASTM D4327, CT417m)	0	EA	$ 75.00	$0.00
Theoretical Max. Sp. Gravity (Caltrans 309)	0	EA	$ 396.55	$0.00
Total Suspended Solids (ASTM D3977B)	0	EA	$ 50.00	$0.00
Triaxial - CD - 4" diameter remolded (per point) [ASTM D7181 (TXICD)]	0	EA	$ 575.00	$0.00
Triaxial - CD - 4" diameter undisturbed (per point) [ASTM D7181 (TXICD)]	0	EA	$ 375.00	$0.00
Triaxial - CD - Anisotropic (per point) [ASTM D7181 (TXICD)]	0	Test	$ 200.00	$0.00

Subconsultant:				

Note: Add additional pages if necessary.

NOTES:

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
6. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.
Local governments are responsible for applying only cognizant agency approved or Caltrans accepted Indirect Cost Rate(s).

Prime Consultant or Subconsultant Certifying:

CONSULTANT CERTIFICATION OF ELIGIBILITY; AND CONTRACT COSTS AND FINANCIAL MANAGEMENT SYSTEM

FOR FEDERAL-AID HIGHWAY PROJECTS

Consultant Firm Name: ____ Sierra Geotech DBE Inc _____

Local Agency (if applicable): _____

Contract # (if applicable): _____

Federal Project #: _____

Contract Total: $_____

For Subconsultants - estimated % of work to be performed:_____%

Safe Harbor Rate (Indirect Cost Rate): **110%**

Certification of Eligibility:

I, the undersigned, certify that I am eligible to use the safe harbor indirect cost rate as I:

1. Do not have relevant contract cost history to use as a base for developing a Federal Acquisition Regulations (FAR) of Title 48, Code of Federal Regulations (CFR), Part 31 compliant indirect cost rate (ICR).

OR

2. Do not have a previously accepted ICR by a cognizant agency, or with an audited/accepted actual ICR, and do not have an existing contract with a provisional rate.

Certification of Contract Costs:

I, the undersigned, certify that I have reviewed the proposal for the above contract and to the best of my knowledge and belief:

1. All costs included in this proposal are allowable in accordance with the Safe Harbor Rate requirements and cost principles of the FAR of 48 CFR Part 31.
2. This proposal does not include any costs which are expressly unallowable with the Safe Harbor Rate requirements and cost principles of the FAR of 48 CFR Part 31.
3. All direct costs (direct labor/billing rates and other direct costs) included in this proposal are reasonable, allowable, and allocable to the contract in accordance with the Safe Harbor Rate requirements and cost principles of the FAR of 48 CFR Part 31.

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files for 3 years after final voucher of federal reimbursement.

Certification of Financial Management System:

I, the undersigned, certify that our financial management system in place for this contract and moving forward meets the standards for the Safe Harbor Rate requirements and financial reporting, accounting records, internal and budget control as set forth in the FAR of Title 49,

Questionnaire for Evaluating Consultant's Financial Management System

Consultant Name: Sierra Geotech DBE, Inc
Headquarter Address: Rocklin, CA
Location of Accounting Records: Rocklin, CA
Company Contact for Accounting System Questions :
Name: Shaun Vemuri, PE
Title: Managing Principal
Phone Number: 916.917.6673
Email Address: shaun@sierrageotech.com
Mailing Address: 2250 Sierra Meadows, STE-A, Rocklin, CA 95677

Purpose:
This questionnaire is a tool for the Department of Transportation (Caltrans) to evaluate the adequacy of the Consultant's financial management system to accumulate and track direct labor and other direct costs by contract, segregate indirect costs, and remove unallowable costs.

Instructions:
1. This questionnaire should be completed by personnel (e.g. accounting staff) with working knowledge of the Consultant (Company)'s financial management system.
2. Answer all questions and provide an explanation and additional supporting documentation where requested.
3. For "No" responses, provide an explanation.
4. If additional space is required, please attach a separate sheet and refer to items being answered by number.

IT IS IMPORTANT TO BE AWARE THAT MANY REQUESTS FOR THE USE OF THE SAFE HARBOR INDIRECT COST RATE ARE DENIED DUE TO FAILURE TO PROPERLY COMPLETE THIS DOCUMENT.

Title 23 CFR, Chapter 1, Part 172 - Procurement, Management, and Administration of Engineering and Design Related Services
American Association of State Highway and Transportation Officials (AASHTO) Uniform Audit & Accounting Guide (2012 Edition)

Definition of Terms:

Cost objective *is an agreement/contract, function or organizational subdivision, or other work unit for which the costs of processes, products, jobs, or projects are accumulated and measured. An "intermediate cost objective" is a cost objective used to accumulate costs that are subsequently allocated to one or more indirect cost pools and/or final cost objectives.*

Direct cost *is any cost that is identified specifically with a particular cost objective. Direct costs are not limited to items that are incorporated in the end products as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified with other final cost objectives of the contractor are direct costs of those objectives. (48 CFR Part 31.202)*

Indirect or overhead cost *is any cost that is not directly identified with a single final cost objective, but is identified with two or more final cost objectives or with at least one intermediate cost objective. (48 CFR Part 31.203)*

Indirect cost pools are groupings of incurred costs identified with two or more cost objectives but not identified *specifically with any final cost objectives. (48 CFR Part 31.001)*

DocuSign Envelope ID: B988ACBF-E7D9-4D6B-AD7A-316BC581A3B1

1. What form of business entity is the Company?

☐ Sole Proprietorship ☐ Partnership ☐ C Corporation ☑ S Corporation
☐ Other _____

2. What types of services will the Company provide for this contract? (e.g., architectural and engineering services, program management, construction management, feasibility studies, preliminary engineering, design engineering, surveying, mapping or architectural related services with respect to a highway construction project)

Civil, geotechnical and environmental consulting services

3. Does the Company have prior government contracting experience? ☐ Yes ☑ No
If yes:
   a. Was the contract with a local agency, state agency, federal agency? ☐ Yes ☐ No
   If "Yes", please provide the performance period of the most recent contract.
   Beginning _____ Ending _____
   b. Was the contract(s) funded in whole or in part with Federal-aid highway funds? ☐ Yes ☐ No
   c. Did the company account for and bill costs in accordance with 48 CFR Part 31? ☐ Yes ☐ No
   If "No", please explain why not?

4. What is the company's fiscal reporting period? (Start Date January 1st End Date December 31st) _____

Has the company used the same fiscal reporting period for the past two years?

5. What kind of accounting software does the Company use?

☐ Internally-developed system ☑ Commercial System: Name of vendor Deltek Ajera
☐ Hybrid system: Please explain _____

6. What basis of accounting does the Company use to prepare general purpose financial statements?
☐ Cash ☑ Accrual ☐ Hybrid Please explain "Hybrid" _____

If response above is not "Accrual", are year end accrual adjustments made for compliance with generally accepted accounting principles? ☐ Yes ☐ No

If yes, please provide a listing of the accrual adjustments made.

7. Does the general ledger contain separate direct and indirect accounts for the following?
Note: Billable means labor, materials costs and other reimbursable costs and items that are stipulated in the contract and are in compliance with the Federal regulations.

a. Accounts for billable direct Labor costs	☑ Yes	☐ No
b. Accounts for non-billable direct Labors costs	☑ Yes	☐ No
c. Accounts for billable other direct costs (ODCs)	☑ Yes	☐ No
d. Accounts for non-billable ODCs	☑ Yes	☐ No
e. Accounts for allowable indirect costs	☑ Yes	☐ No
f. Accounts for unallowable costs per 48 CFR Part 31	☑ Yes	☐ No

Describe the accounting treatment for direct costs not billable to clients. (Where/how are these costs recorded?)
Unbillable costs are allocated to the client to whom it relates to, as a direct client cost. Recorded in Deltek Ajera.

Note: This will support that all direct costs are accounted for and traceable from the job cost ledger to the general ledger.

DocuSign Envelope ID: B988ACBF-E7D9-4D6B-AD7A-316BC581A3B1

If any responses are "Yes" to items **"a" through "f"**, please provide a copy of the Company's chart of accounts (account listings) and identify account numbers/names (i.e. account series/grouping, categories) for the cost items listed below.

a. Accounts for billable direct Labor costs
b. Accounts for non-billable direct Labors costs
c. Accounts for billable other direct costs (ODCs)
d. Accounts for non-billable ODCs
e. Accounts for allowable indirect costs
f. Accounts for unallowable costs per 48 CFR Part 31

Please see Attachment

8. Do you have written policies on the following cost categories?

a. Billable direct labor costs	☑ Yes	☐ No
b. Non-billable direct labors costs	☑ Yes	☐ No
c. Billable other direct costs (ODCs).	☑ Yes	☐ No
d. Non-billable ODCs.	☑ Yes	☐ No
e. Allowable indirect costs.	☑ Yes	☐ No
f. Unallowable costs per 48 CFR Part 31.	☑ Yes	☐ No

If "No", please explain: _____

9. Knowledge of requirements for an adequate financial management system.

a. Are appropriate personnel within the Company familiar with 48 CFR Part 31 -Federal Cost Principles?
Yes

b. How are appropriate personnel trained to distinguish between allowable and unallowable costs?
Experience and Consultation with a CPA

c. When does the review for allowability of costs occur? Is it at the time the transaction is recorded or later?
Sometimes when recorded, sometimes later

10. Is indirect and direct labor separated by contract/project/cost objectives on employee timesheets? ☑ Yes ☐ No

If "Yes", please provide a copy of an approved timesheet that shows indirect and direct labor separated by contract/project/cost objectives.

11. Are contracts/projects assigned a unique identification/project number in your accounting system? ☑ Yes ☐ No

If "Yes", please provide a complete list of current active contracts/projects with their respective identification number.

12. Do the Company's timesheets include reporting codes for both direct and indirect hours? ☑ Yes ☐ No

If "Yes", do all employees, including managers and principles, record all worked hours for both direct and indirect on their timesheets? ☑ Yes ☐ No

If "No", then please explain the method used to segregate direct and indirect labor hours.

DocuSign Envelope ID: B988ACBF-E7D9-4D6B-AD7A-316BC581A3B1

13. Does the Company record all hours worked by all employees, including managers and principals, regardless of whether the employees are exempt from overtime pay or whether all direct labor hours are billed to specific contracts/projects?
Please see AASHTO Audit Guide Chapter 5.4.F.2 for reference.

No. If "No", please explain. _____

☑ Yes. If "Yes", which of the following methods does the Company use to account for uncompensated overtime-the hours worked without additional compensation in excess of an average of 40 hours per week by direct-charge employee who are exempt from the Fair Labor Standards Act?

☐ Effective Rate Method. Please explain: _____

☐ Salary Variance Method (Effective or Standard Wage Rates). Please explain. (e.g., What was the total dollar amount of the salary/payroll variance for the year?): $ _____

☐ Other. Please explain: _____

14. How does the Company segregate costs incurred (work performed) under the original agreement/contract and costs incurred under contract changes/modifications/amendments?

Using Deltek AJERA Software

15. Besides labor, what other costs does the Company normally bill/invoice as direct contract/project costs?

Mileage, Per Diem, Regulatory Filing Fees, Sub-Contractor Expenses, Lab Testing, Field Testing, Equipment Usage, Aerial Imagery, Maps, Archives

Does your response include a complete list of all items you intend to bill/invoice for? ☑ Yes ☐ No

If "No", please provide a listing of all those ODC items to be charged to the contract/project.

16. Based on your answers above to questions 7-15, is your financial management system **capable of accumulating, allocating and summarizing costs including direct and indirect (including labor), unallowable**, and ODCs by contract/project in accordance with the Federal cost principles? ☑ Yes ☐ No

If "Yes", please provide a sample report from a currently active contract/project showing the accumulation, allocation and summarization of direct labor and ODCs by contract/project, **if applicable**.

17. Does the Company reconcile the financial accounting system to the job-cost system?

N/A (no job-cost ledger used)
No. Please explain. _____
Yes. If "Yes", how often? (Check all that applies.) ☐ Monthly ☐ Quarterly ☑ Semiannually ☐ Annually

18. As an attachment please describe (narrative or flow chart) your process for approving, recording, and invoicing contract costs to ensure compliance with applicable federal and State laws and regulations.

We use Deltek Ajera software and the process is described in the attachment. Deltek Ajera is a industry standard software and compliance with federal and state laws is handled by Deltek through various software features.

I certify that to the best of my knowledge and belief the responses to this questionnaire are accurate.

RESOLUTION NO. 21-495

APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND HDR CONSTRUCTION CONTROL CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an on-call professional services agreement to provide Construction Resident Engineer and Inspection Services, by and between the City of Roseville and HDR Construction Control Corporation, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said an on-call professional services agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute amendments to the an on-call professional services agreement as needed to update the rates of compensation as provided in Exhibit "B" of the agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 20___, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

_____
MAYOR

ATTEST:

ON-CALL PROFESSIONAL SERVICES AGREEMENT

Construction Resident Engineer and Inspection Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and HDR Construction Control Corporation, a Nebraska corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal # 15-94 for professional services consisting of on-call resident engineer and inspection services; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated May 21, 2021, which describes the scope of services to be performed by CONSULTANT, and the hourly rates for performance of such services; and

WHEREAS, CONSULTANT is qualified and experienced to provide professional construction resident engineer and inspection services on an on-call basis.

NOW, THEREFORE, the parties agree as follows:

1. Term. The term of this Agreement shall commence upon execution and expire on December 31, 2024. The City Manager may, in his or her discretion, elect to extend the Agreement in one (1) year increments for up to an additional two (2) years by giving CONSULTANT thirty (30) days advance written notice of each optional one (1) year renewal. Such extensions shall be memorialized by a written amendment to this Agreement.

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY. CONSULTANT shall perform all services with the care and skill ordinarily used by members of CONSULTANT's profession practicing under the same or similar circumstances at the same time and in the same locality.

3. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT "B," attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million dollars per year ($1,000,000) for an overall total compensation for the initial term not to exceed three million dollars ($3,000,000). Total compensation for optional renewal years of this Agreement shall not exceed one million dollars per year ($1,000,000). Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated

in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, to the extent resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence, active negligence or willful misconduct.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

5. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory
Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and

limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a redacted

copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

6. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or

expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

7. Prevailing Wages. CONSULTANT shall comply with all applicable prevailing wage laws, including, but not limited to, any and all applicable federal prevailing wage requirements for task agreements that utilize federal funds. Additionally, CONSULTANT shall require its subcontractors, if any, to comply with all applicable prevailing wage laws for services performed under this Agreement. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Fiscal and Federal Provisions. CONSULTANT shall abide by all fiscal and federal provisions as contained in Exhibit 10-R, A&E Boilerplate Agreement Language, and included in the Request for Proposal (RFP) as Attachment B.

10. Time is of the Essence. Time is of the essence of this Agreement.

11. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

12. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

13. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

14. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

15. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-

call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

16. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

17. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

18. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such

materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

19. Termination of Agreement. CITY may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. CONSULTANT understands that continuation of this Agreement past June 30th of any given year is contingent upon appropriation of funds for such purpose in the budget of the City of Roseville in the sole discretion of the City Council. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any MATERIAL, notwithstanding any termination or any dispute regarding the amount to be paid.

20. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California,

regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

21. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

22. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

23. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Jason Shykowski Public Works Director 311 Vernon Street Roseville, CA 95678	Greg Zeiss Project Manager 2365 Iron Point Way, Ste. 300 Folsom, CA 95630

Either party may amend its address for notice by giving notice to the other party in writing.

24. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

RE: On-call Construction Resident Engineer and Inspection Services

Dear Selection Panel:

The City of Roseville's Capital Improvement Program has several pavement maintenance and capital improvement projects anticipated over the next few years with local, state, and federal funding. HDR Construction Control Corporation (HDR) is prepared to augment your resources with qualified personnel and/or teams to manage your construction projects efficiently and safely. Our team members have served you on 14 previous Roseville projects. Our team brings a staff of leading construction professionals with the expertise and commitment to meet the technical and schedule challenges of this contract and help support your continued history of providing a safe, efficient, cost-effective roadway system to the public.

Greg Zeiss, PE, QSD, Project Manager will continue to work closely with you to make each project assignment a success. Since 1996, Greg has provided construction management (CM) services on City of Roseville infrastructure projects worth over $80M – including managing CM On-calls from 2013-2021. He takes a proactive management approach and personally tackles tough issues to minimize disruption to City staff involved in day-to-day project management.

Greg is supported by a highly qualified HDR team of resident engineers and inspectors. Our team includes CM staff resources from UNICO Engineering, Inc. and MGE Engineering, Inc.; labor compliance from DCM Group; and specialty inspection from ENGEO, CTS, NV5, and Sierra Geotech. We will utilize the DBE firms UNICO, MGE, Sierra Geotech, and DCM to achieve the 12% DBE goal. Our comprehensive team addresses all service areas identified in your RFP.

Key points regarding our team:

- **Recent, relevant City of Roseville construction expertise to successfully and efficiently complete construction assignments.** Our experience and proven solutions on past On-call CM contracts solidifies our understanding of the staffing and scheduling commitments needed to successfully complete your projects. Twenty-three of our team members have provided CM or inspection services on City of Roseville projects.
- **Committed and dedicated Project Manager.** Through his 25-year relationship with you, Greg Zeiss has a proven track record of following through on his commitments to the City and a continuous history of successful project delivery.

hdrinc.com

2365 Iron Point Road, Suite 300, Folsom, CA 95630
T 916.817.4700 **F** 916.817.4747

- **Highly qualified subconsultants with a commitment to quality.** We promote small-business success and subconsultant development. Thus, our team is strategically supported and complemented by four subconsultant firms including DBE's who have worked on numerous City of Roseville projects. Our team's success reflects high-quality staff working together.
- **Personnel depth to strengthen your project teams.** Locally, our team provides you with a resource pool of 26 qualified individuals with a broad range of experience and technical understanding. We have experience and knowledge of projects adhering to your construction processes and procedures.
- **Specialized knowledge of State and Federal Highway Administration (FHWA) funding compliance.** Led by Greg, our team is proficient in Caltrans Local Assistance Construction Administration Procedures. Greg served as an instructor for the 2014–2015 Caltrans Local Assistance Statewide Resident Engineers Academy and uses his federal compliance knowledge to teach the same administration procedures required for your publicly funded projects.
- **Federal Transit Administration (FTA) funded projects.** HDR has completed four FTA funded projects in the Sacramento Region the last 10 years, including the City's Louis Orlando Transfer Point project.
- **UPRR Coordination Expertise.** HDR has worked continuously with UPRR for over 40 years, including staff on this proposal that completed CM on the two Bowman Road Bridges over UPRR for Placer County. This is in addition to Greg's work over UPRR ROW on the City's Extension Roseville Parkway over UPRR/I-80 in 2000 and Pleasant Grove Boulevard over UPRR in 1996. Greg is one of the few Construction Managers in Northern California who has actually worked as a consultant to UPRR in reviewing bridge construction working drawings over UPRR tracks. Our deep understanding of UPRR will prevent schedule delays by getting deliverables right the first time.

We are committed to the success of the contracts we are assigned and we understand the significance of delivering high quality projects. We sincerely believe the HDR team brings the best possible people who will provide the ideal interface for the City of Roseville. We look forward to introducing our team and further discussing our knowledge and experience with you. HDR will perform the services and adhere to the requirements described in the RFP, including Addendum No. 1 dated May 12, 2021 and Addendum No. 2 dated May 13, 2021. We express interest in continuing to work with you through this contract. Should you have any questions, please do not hesitate to contact our Project Manager, Greg Zeiss:

Statement of Qualifications

TAB A

Statement of Qualifications

An engineering firm established in 1917, HDR is 100 percent owned by its employees. This ownership structure is the cornerstone of a culture that it is driven to provide positive results for our clients. We excel at completing complex projects and supporting clients with their infrastructure needs. We are a national leader in the planning, environmental, design, and construction of bridge, roadway, building, water, railroad, and wastewater projects. Our full-service Construction Management (CM) capabilities include constructability, value engineering, bid advertise and award, project controls, partnering, public relations, quality control, and funding support.

With a staff of over 970 people in California, HDR has the experience, personnel, and depth of resources to address the broad range of technical issues and challenges. We understand the technical challenges and issues that go along with providing CM services. We have been involved in the design and construction of billions of dollars of infrastructure projects nationwide. Through our experience, we developed well established procedures and tools which have been successfully applied to hundreds of projects. Our resident engineers, inspectors, testers, and field office personnel have construction management experience in bridges, roadway construction, MSE/retaining walls, bicycle lanes, HMA surfacing, striping drainage, SWPP, buildings, and both wet and dry utilities.

We have proven to be a trusted and reliable partner to the City through our track record of successful CM project delivery. Our Project Manager, Greg Zeiss, PE, has an established, 25-year relationship with the City providing comprehensive CM services.

Roseville Construction Standards, Procedures, and ADA Transition Plan

We have a proven CM track record with the City of Roseville. Twenty-three of our proposed staff previously provided CM services on your projects. We have managed 10 City of Roseville CM projects with HDR Resident Engineers/Inspectors during the last seven years. Through this experience we have developed a thorough understanding of your Construction Standards, Design Standards, ADA Standards, and City policies and procedures.

HDR is unique in our deep understanding of City policies and procedures and when and with whom to coordinate/consult within various City Departments. From our years of experience, we have coordinated City construction work with City Environmental Utilities, Traffic Operations, Development Services, and Parks Department as well as Roseville Electric. As recently as this last year on the City's Oak Ridge Bridge Replacement project, we coordinated with the Traffic Operations for the Oak Ridge Road Detour, the Environmental Utilities Department for sewer related work, and City Development Services on numerous roadway and ADA details. On the City's Woodcreek Oaks Widening project, HDR coordinated with City Traffic Operations for lane closures and signal loops and the Park Department for landscaping.

Oak Ridge Bridge Replacement Project

Bridge Construction

The Caltrans Structures Construction Department is the authority that sets the specifications, methods, and procedures for bridge construction management throughout the State. As a locally recognized leader in bridge construction, HDR has two on-call construction contracts with Caltrans to provide Bridge Resident Engineers/Structure Representatives and bridge inspectors on Caltrans bridges in Caltrans District 3 and 10 between Tracy and Marysville, and all nine Bay Area Counties in the San Francisco Bay Area. Our extensive experience in every aspect of bridge construction - such as concrete technology, drilled and driven piles, bridge superstructure, temporary bridges, shoring, falsework, foundations in poor soil conditions, high ground water tables, MSE Walls, and bridge stressing - will be of great benefit to the City. Our recent City of Roseville bridge CM experience includes the Eureka I-80 Widening Project, the Woodcreek Oaks Widening Project, and the Oak Ridge Road Bridge Replacement Project. In managing your bridge projects, HDR uses Caltrans Manuals for reference on technical procedures. These manuals, each which conform to the Caltrans Standard Plans and Specifications include:

- Bridge Record and Procedures Manuals
- Concrete Manual
- Falsework Manual
- Foundation Manual
- Bridge Deck Manual
- Shoring Manual
- Prestress Manual

Local Assistance Training
Caltrans ♦ Sacramento State

THE RESIDENT ENGINEERS ACADEMY

Core training in state and federal regulations for Local Agency Resident Engineers

The Resident Engineers Academy provides core training in state and federal regulations for Local Agency Resident Engineers. The Academy, partially subsidized by Caltrans, is ideal for both seasoned and newly-hired Resident Engineers.

This four-day course provides practical, hands-on training for Resident Engineers. The subject matter experts and instructors use a real-life approach to deliver information utilizing examples, problem-solving activities, and exercises. The Resident Engineers' Academy also provides a unique learning environment designed to promote networking.

Specifically, participants will learn how to efficiently manage a project from beginning to completion in compliance with state and federal regulations. Topics will include:

- Resident Engineer's Roles and Responsibilities
- Staffing/Consultants and Supervision
- Pre-Construction Preparation – Documents, Checklists and Files
- Process Reviews and Oversight
- Environmental and SWPPP/WPC
- Public Relations
- Control of Work
- Scope of Work, Safety/Traffic Control
- Contract Change Order
- Labor Compliance
- Control of Materials
- Project Completion and Invoicing
- Claims and Claims Avoidance
- Local Agency/RE Liability

Fees:
$360 State and Local Participants
$860 Other

The Resident Engineers Academy is intended for resident engineers, structure representatives, construction inspectors, field office engineers, material and plant inspectors, or any others that have direct involvement in a construction project.

Upcoming Trainings

October 27-30, 2014	8:00 a.m. - 5:00 p.m.	Best Western Plus Hacienda Hotel	San Diego, CA
February 9-12, 2015	8:00 a.m. - 5:00 p.m.	Caltrans District 3 Office	Marysville, CA
March 9-12, 2015	8:00 a.m. - 5:00 p.m.	Caltrans District 2 Office	Redding, CA
April 6-9, 2015	8:00 a.m. - 5:00 p.m.	Caltrans District 4 Office	Oakland, CA
May 4-7, 2015	8:00 a.m. - 5:00 p.m.	Caltrans District 8 Office	San Bernardino, CA

Due to limited seating in the Resident Engineers Academy, you must request admittance by sending an email to the Caltrans District Training Coordinator or DLAE in your area at *http://www.dot.ca.gov/hq/LocalPrograms/training/DTCs.htm*

Once the priority registration list has been compiled and approved by Caltrans, you will receive an email from our registrar with instructions on how to register online. For more information, visit *www.dot.ca.gov/hq/LocalAssistance*.

Greg Zeiss taught key Caltrans LAPM Chapters at the RE Academy

Chapter 15: Advertisement & Award Project

Chapter 16: Administer & Award Projects

Chapter 17: Project Completion

Roadway Construction

HDR staff have worked on hundreds of miles of roadway projects in Northern California in conformance with the Caltrans Standard Plans and Specifications. This includes major freeway, highway, local roads, system to system interchanges, sign, and sidewalk improvements, as well as asphalt and concrete pavements. HDR's recent successful City of Roseville roadway projects include Blue Oaks Widening Project, both the Annual Arterial and the Annual Residential Resurfacing Projects, and the award winning Woodcreek Oaks Widening Project.

HDR has a thorough technical understanding of roadway construction related items. We are intimately familiar with asphalt surfacing per Standard Specifications Section 37, Surfacing and Pavements. We are experienced in using both the Caltrans Standard Specifications and the City Construction Standards in placing embankment, drainage, aggregate base, asphalt concrete, signage, striping, and both wet and dry utilities. We are intimately familiar with the Manual of Uniform Traffic Control Devices (MUTCD) and the latest in roadway construction methods and procedures. In managing your roadway projects, HDR uses Caltrans Manuals for reference on technical procedures. These manuals, each which conform to the Caltrans Standard Plans and Specifications include:

- Construction Manual
- Local Assistance Procedures Manual
- Independent Assurance Program
- Standard Plans/ Specifications
- Quality Control Manual for HMA
- Standard Test Methods
- Survey Manual
- CA MUTC

Caltrans LAPM, Standard Specifications, and FHWA Funding

The Caltrans Local Assistance Procedures Manual (LAPM) was established by Caltrans to institute contract administration requirements for State and Federally FHWA funded roadway and bridge projects using Caltrans Standard Specifications. The Caltrans Local Assistance has established a Resident Engineer's Academy training program for local agencies and their consultants to guide them in construction administration using the Caltrans Standard Specifications in conformance with the LAPM. The Resident Engineer Academy has a team of trainers that travels throughout the State to teach the RE Academy's three and a half day classes. HDR is unique in that our Project Manager, Greg Zeiss, was an instructor for the Academy. Greg has expertise in construction administration on State and FHWA projects through this role teaching dozens of local agencies throughout the State.

As your Project Manager, Greg will perform project specific audits using the same Audit Forms that Caltrans Local Assistance uses on their audits. These forms found in Chapter 19 of the LAPM are:

- Exhibit 19-A, Pre-Construction Review Checklist
- Exhibit 19-B, Mid-Construction Review Checklist
- Exhibit 19-C, Post-Construction Review Checklist

Additionally, each of HDR's Resident Engineer staff attend the RE Academy as part of their skill set training in contract administration. Our staff use a contract administration system template that mimics the Caltrans administration system identified in the LAPM. With our LAPM understanding and contract administration procedures in place, the HDR team is ready to respond in accordance with State and Federal documentation requirements.

UPRR Coordination

Work on the City's upcoming Extension of Roseville Parkway will include a 300 foot long bridge directly over the live Union Pacific Railroad tracks. Coordination and submittal review with Union Pacific Railroad (UPRR) will be paramount for this project. This is one of many areas where HDR excels. HDR has one of the largest railroad design and construction management groups in the Nation. With headquarters in Omaha Nebraska, HDR regularly coordinates with UPRR staff in Omaha. Additionally, our project manager, Greg Zeiss worked as a consultant to UPRR reviewing bridge construction working drawings over UPRR tracks for all work in Northern California. His reviews included falsework, shoring, ROW access, and bridge removal plans. In this role, Greg reported directly to UPRR's Senior Manager of Bridge Structures Design. As recently as 2020, HDR completed two HBP bridge retrofit/widenings over UPRR for Placer County.

Through this experience, HDR has the unique experience in the process and procedures needed for rapid review of required submittals to UPRR per the "BNSF - UPRR Guidelines for Railroad Grade Separation Projects" and "BNSF - UPRR Guidelines for Temporary Shoring."

Louis Orlando Transfer Point Improvement Project

FTA Funded Projects

HDR has successfully helped FTA projects nationwide receive more than $8B in federal funds. We have been involved in FTA funded projects through planning, design, and construction administration. For the City of Roseville, HDR performed construction management on the FTA Funded Louis Orlando Transfer Point Improvement Project. HDR's local FTA funded projects include three Sacramento Regional Transit projects: the Downtown Riverfront Streetcar Project; the South Line Phase 2 Project (Blue Line to Consumnes River College); and the Downtown-Natomas-Airport (DNA Green Line) Light Rail Extension Project. We are knowledgeable in all facets of grant fund administration.

Environmental Monitoring and SWPP

HDR has a large local environmental staff with excellent experience in managing environmental compliance for construction projects, especially those requiring special permits for in-stream work. HDR has the expertise to cover all environmental commitments for the City's projects, ranging from pre-construction surveys for special-status species, fish rescues during stream diversion and dewatering activities, conformance to the Mitigation Monitoring and Reporting Program (MMRP), maintaining the Environmental Commitment Record (ECR), and resource agency reporting requirements through the life of the project. Recent City of Roseville experience includes Environmental Compliance Monitoring for the Oak Ridge Road Bridge over Linda Creek Project.

Building/Facility Projects

We have extensive building CM experience including facilities associated with water and wastewater treatment plants, transit stations, and architectural buildings for hospitals, corporation yards, and military facilities. Recent CM building experience includes the transit station at the City's Louis Orlando Transfer Point Project. We performed CM on numerous projects for Dignity Health at Mercy General Hospital in Sacramento which is the largest new $90M, 124,000 SF Alex G. Spanos Heart Center.

Project Team

For this on-call contract, we have assembled a team of highly qualified and experienced professionals whose skills meet these requirements, and whose qualifications and responsibilities are tailored to your on-call contract objectives. HDR will provide construction management, construction inspection services, resident engineer services, and constructability review services. We added depth to the HDR Team with the addition of seven subconsultants:

- **MGE Engineering, Inc.** - Inspection Support
- **UNICO Engineering, Inc.** - Inspection Support
- **ENGEO** - Materials Special Inspection
- **CTS** - Materials Special Inspection
- **NV5** - Materials Special Inspection
- **Sierra Geotech** - Materials Testing
- **DCM Group** - Labor Compliance

These subconsultants have a proven ability to deliver timely, cost-effective services, which complement our in-house capabilities. We have experience working with all of our proposed team members. This will provide the City with a seamless organization focused on the success of your projects.

Subconsultant Qualifications

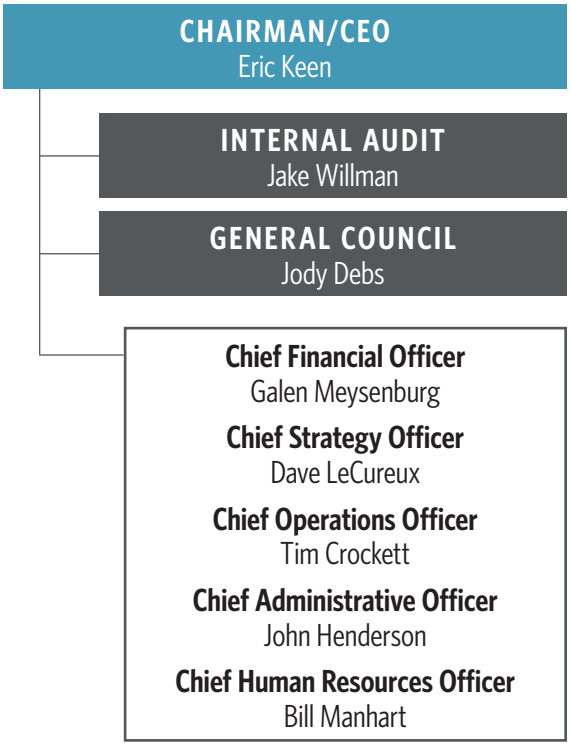
MGE Engineering, Inc. (MGE), a certified DBE, will provide additional inspection support as needed during peak periods of work. MGE has provided engineering design and/or construction support services on more than 200 Caltrans and local agency transportation infrastructure projects. They fully understand the process to complete federally funded projects. MGE has provided professional construction phase services on numerous bridge replacement and/or rehabilitation projects funded under the HBP as well as projects funded through other sources such as; the Highway Safety Improvement Program (HSIP), Congestion Mitigation and Air Quality Improvement (CMAQ) Program, Local Funding, and the Federal Lands Access Program (FLAP). HDR and MGE have successfully worked together on numerous bridge projects over the past 25 years. They are currently providing as-needed construction personnel to HDR on roadway and bridge projects for our current on-call contracts with Nevada County and Caltrans.

UNICO Engineering, Inc. will provide additional inspection support. UNICO Engineering is a certified DBE firm providing CM, civil, structural and electrical Inspection, office engineering, and construction staking. UNICO has a strong understanding of the Caltrans LAPM and local agency standards. UNICO's City of Roseville experience includes providing inspection services to HDR on the Oak Ridge Road Bridge Replacement Project.

ENGEO is one of Northern California's leading materials testing firms, they provide special inspections, earthwork observation and quality assurance/ compaction testing on projects throughout California and

Nevada. They assist in every phase of project development from the due diligence for land use acquisition and planning through entitlement, permitting, construction and project build-out. ENGEO is familiar with and understands the Caltrans LAPM and Construction Manual. ENGEO is currently providing on-call materials testing services for various CFD projects. ENGEO and HDR have worked together for more than a decade. Some of the projects include: Bowman Road Bridge Improvements over UPRR, Rio Linda Boulevard Bridge Replacement CM, and 2016 City of Roseville Residential Resurfacing Project. Engeo is a City prequalified special inspection, materials testing, and engineering firm.

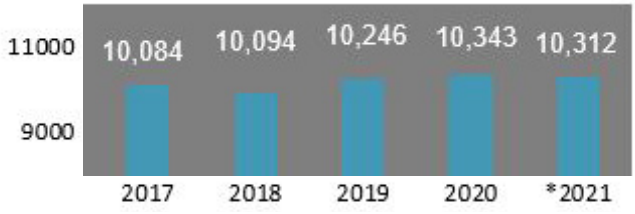
Construction Testing Services (CTS) will provide material testing services. CTS provides special inspections, material testing and geotechnical engineering services for construction projects throughout California and Nevada. CTS' laboratory goes through regular reviews and certification processes by: state and federal agencies including Caltrans and AASHTO. CTS is a City prequalified special inspection, materials testing, and engineering firm.



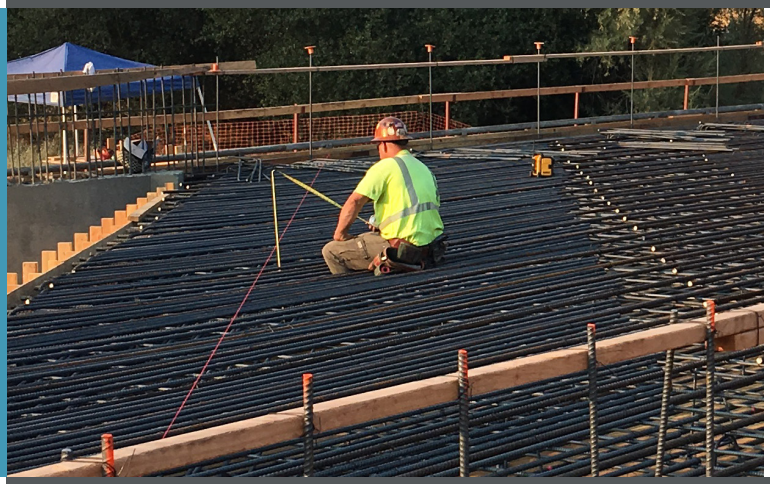
NV5 (formerly Holdrege & Kull) will provide materials testing support services. NV5 is familiar with the Local County, Caltrans, and Federal Highway Standards. Currently, NV5 is under a three year contract with the City of Roseville to provide on-call materials testing services as needed for Capital Improvement projects. Some of the projects include Hillcrest Drainage Improvements, Sunrise Avenue Waterline Replacement, and the current 2018 RSTP Arterial Resurfacing project. NV5 has partnered with HDR to provide materials testing and inspection services in the local area completing numerous projects for public agencies. Notable projects completed locally as part of the HDR team include the Combie Corridor Widening Phase 2, Garden Bar Railcar Bridge Replacement, and Purdon Road Bridge Replacement. NV5 is a City prequalified special inspection, materials testing, and engineering firm.

Sierra Geotech will provide material testing on aggregate base, concrete, HMA, and soils. Sierra Geotech is Sacramento region's first Disadvantaged Business Enterprise (DBE) specializing in geotechnical engineering, materials testing, special inspections, and environmental services. Their state-of-the-art soils and aggregate testing lab in Rocklin, California is accredited by Caltrans, AASHTO Materials Reference Laboratory (AMRL), and the US Army Corps of Engineers. Sierra Geotech has Caltrans, National Institute for Certification In Engineering Technologies (NICET), American Concrete Institute (ACI) certified soils, materials and concrete testing technicians.

DCM Group (DCM) will provide Labor Compliance services. DCM Group is a woman owned (LBE/SBE/DBE) firm that specializes in monitoring of Labor Compliance Programs. Their internally developed Labor Compliance Program meets the strict prevailing wage and labor compliance requirements imposed by the Department of Industrial Relations. DCM provided Labor Compliance services to HDR for the City of Sacramento's award winning Roseville Road over Arcade Creek Bridge Replacement HBP project and the City of Roseville Oak Ridge Road Bridge Replacement Project.



FIRM'S ORGANIZATION CHART



HDR is a global employee-owned firm providing architecture, engineering, consulting, construction, and related services through our various operating companies. The organization chart below depicts the management structure of HDR, Inc.

FIRM SIZE VARIATION

The below graph depicts HDR's size variation of employees in the past 5 years.

Tab D

On-Call Construction Resident Engineer and Inspection Services Understanding

TAB D

On-call Construction Resident Engineer and Inspection Services Understanding

The City of Roseville (City) desires to retain an on-call CM firm specializing in resident engineer and inspection services to manage pavement maintenance and Capital Improvement Program projects. The selected CM firm's primary responsibility will be to confirm all infrastructure improvements constructed within the City right-of-way and City easements meet City, state, federal, and specific project requirements. Typical infrastructure improvements include road construction, roadway resurfacing, bridge construction, bike trails, wet and dry utilities, traffic signals, drainage improvements, retaining walls, and buildings. The selected consultant must have a thorough understanding of the City of Roseville Construction Standards, the Manual of Uniform Traffic Control Devises (MUTCD), the Caltrans Local Assistance Procedures Manual (LAPM), the Caltrans Standard Specifications (with emphasis on Section 37), both FTA construction administration procedures and Storm Water Pollution Prevention.

We are committed to providing qualified, experienced staff to address specific project needs on short notice. In order to meet this need, our team has developed a pool of 26 resident engineers and inspectors including staff from our six subconsultant partners.

SERVING THE BEST INTEREST OF THE CITY

One of the keys to effective project management is clear communication between the HDR CM team, our Project Manager, and the City Project Management Team. During the project's startup phase, we will work with your staff to clearly define the anticipated scope of work, establish lines of communications, and reiterate project protocol. Through initial scope meetings with the City Project Manager, we will develop an understanding of the City's expectations for each project and any special reporting requirements for tracking budget and schedule. As Greg has done on previous City on-call assignments, he will track individual City project CM work order balances to confirm our project scope and budgets are being met. When the City requests services, we will provide a resume(s), an assignment scope, and a proposed budget.

Our Project Manager, Greg Zeiss, PE, is uniquely qualified to manage the City of Roseville CM On-call contract in that he has been working with your agency consistently for 25 years. As a result, HDR has a thorough understanding of the services requested by the City, an insightful approach to project challenges, and a vision of achieving the City's project goals. Based on HDR's understanding of future work that may be used on this contract, the following is a narrative of specific projects.

UNIQUE APPROACHES AND STRENGTHS

Roseville Parkway Extension

As a subconsultant to the designer, Mark Thomas and Associates, HDR just completed the 95% constructability review of Plans, Specifications, and Estimates of the $17.5M Roseville Parkway Extension Project. The project constructs a four-lane roadway between Washington and Foothills Boulevards, a three-span bridge over Industrial Avenue and Union Pacific Railroad tracks, landscaping, sidewalk, Class II bike lanes, and a multi-use path. Key elements of the project include fabrication and placement of 120 foot precast "super girders," working with the permitted UPRR right-of-way, and mechanically Stabilized Earth Retaining Walls (MSE Wall). Construction is expected to begin late summer 2021.

Our source inspection expert, Dave McClary, would provide source inspection on the super girders at the supplier's fabrication yard to confirm correct camber, reinforcement, girder pretension, and concrete strength. A key component of super girders will be the Resident Engineer working with the Mark Thomas Bridge designer and Dave McClary to establish the anticipated deflection of these long span girders. The MSE wall panels would also require source inspection by Dave as wells as detailed field inspection of the MSE wall panel base bedding, plumbness, strap placement, and compaction material.

A thorough understanding of UPRR submittal review process will be paramount to avoid schedule delays. Our anticipated Resident Engineer for this project, Greg Zeiss, will use his expertise as a past consultant submittal reviewer for UPRR to that expedite approval of UPRR submittals. Greg has a successful track record of completing two UPRR bridge projects for the City (Pleasant Grove over UPRR and Roseville Parkway over UPRR) that had no UPRR delays.

HDR would consult/coordinate with the City Traffic Operations Department for the girder placement detour, Environmental Utilities for water line relocation, Parks Department for landscaping, and Roseville Electric for work on 12KV and 60KV lines.

Washington/Andorra Widening

HDR is a subconsultant to Mark Thomas and Associates to perform the constructability review of the planned Phase 2 improvements. This $30M project will widen Washington Boulevard from two to four lanes between Kaseberg Drive and Diamond Oaks Road and replace and widen the Union Pacific Railroad Andora bridge.

Similar to the above Extension of Roseville Parkway but much larger in magnitude of UPRR involvement, a key challenge to the success of this project will include intensive UPRR coordination by the Resident Engineer due to a temporary shoofly bridge to allow continued rail operations during construction of a new railroad bridge. Both the shoefly and permanent bridge will require UPRR benchmark inspection and material approval, similar to what Greg performed as a consultant for UPRR. An HDR American Railway Engineering and Maintenance-of-Way Association (AREMA) trained track inspector would inspect the highly critical track alignment inspection.

The necessary funding is not yet available for Phase 2. Phase 1 improvements will begin this summer under the current City of Roseville CM on call contract.

Roundabout at Washington, All America City, and Lincoln Intersection

Designed by Kimley-Horn and Associates, this $4.5M project in anticipated to go to construction in the fall of 2021. The roundabout will be at the intersection of Washington Boulevard, All America City Boulevard, and Lincoln Street. Key elements include a multi-use path, new crosswalks, enhanced safety and accessibility for bicycles and pedestrians, landscaping, and Improved roadway aesthetics. Funding is split between the City and federal CMAQ.

Communicating with the City Traffic Department and managing traffic control within the staged roundabout construction will be a key element of the project. The Resident Engineer will need to coordinate outreach with the City Public Information Office regarding significant project schedule changes with nearby residential areas and Woodbridge Elementary. The Resident Engineer will also need to have a real-time understanding of Woodbridge Elementary' s schedule when scheduling traffic control. The nearby fairgrounds expanded in 2020 with a larger sports complex, which could add significant traffic during scheduled events. The project includes a new waterline on Washington Boulevard that will require coordination with the Environmental Utilities Department so that public water access is maintained.

Roseville Parkway Widening from Galleria to Gibson

The project will widen Roseville Parkway from six to eight lanes from Galleria Boulevard to Gibson Drive. Work limits are anticipated to be westbound from Creekside Ridge Drive to Gibson Drive, and eastbound from Reserve Drive to Creekside Ridge Drive. The project will also include creating a triple left turn lane from southwest Pleasant Grove (coming from Highway 65) to eastbound Roseville Parkway (towards the mall).

The RFP for preliminary design and environmental went out to RFP in February 2021. Construction is tentatively planned for 2022, but based on environmental constraints could get pushed to 2023. Project is funded by local City funds. There is an existing bridge near Gibson Drive, and design will determine final geometrics. There are no funds to widen the bridge. There are wetlands on the westbound side that would ideally not be impacted. Major concerns are maintaining the busy traffic through construction and substantial utility coordination along the roadway. With design just getting started, there is no engineer's estimate yet.

Roadway Resurfacing and ADA Upgrades

The City has yearly arterial and residential resurfacing projects that may be funded in part through the Federal Highway Infrastructure Program grant funds and the Regional Surface Transportation Program. These projects include mill and fills, overlays, dig outs, microsurfacing, traffic signal modifications, and restriping. The City of Roseville is also upgrading residential curb ramps to meet current ADA (Americans with Disabilities Act) standards, which is required by law when streets are resurfaced. Sun City has crack repair, residential resurfacing, and ADA ramp upgrades planned through 2024.

Paving and ADA projects are constantly changing locations. It is imperative the Resident Engineer be engaged with contractor's schedule to minimize public inconvenience. Lane closures will need to be coordinated with the City Traffic Department and the City Public Information Office. Pedestrian detours will be needed to re-route work areas. Understating of school routes and schedules must always be considered. Timely notice to residences of where not to park during anticipated paving is needed for good public relations. Understanding where unique items of work, such as dig outs, are located will be key to timely material and schedule control. The contractor's flagmen will need to be certified by the American Traffic Safety Services Association (ATSSA) in order to comply with the MUTCD and provide safe public passage.

Tab E

On-call Contract Project Plan

TAB E

On-call Contract Project Plan

Approach to Scope of Work

An example of our ability to develop, implement, and manage a project scope in conformance to the LAPM for a FHWA Funded and City Capital Improvement Projects is included below. FTA Funded Projects would be managed per the project specific Project Management Plan and the 2016 FTA Construction Project Management Handbook. Once a project is assigned to HDR, our Project Manager, Greg will modify this scope to meet the City's specific contract needs. The Resident Engineer will be the lead on all the below activities unless otherwise noted.

Preconstruction Phase

KICK-OFF MEETING

We will schedule a meeting with the City of Roseville and design consultant to discuss design features. The intent of this meeting is to review contract administration procedures, document control responsibilities, and meet key City staff. Specific topics may include, but not be limited to:

- Lines of communication
- Project features
- Submittal/RFI procedures
- Progress payment procedures
- Contract change order procedures

DOCUMENTATION OF PRECONSTRUCTION CONDITIONS

We will document the preconstruction condition of the entire project with notes through video taping and digital photography with date and time of the recording included in the imagery.

This documentation is necessary to confirm the project is restored to its pre-existing condition upon completion of the construction contract. It also protects the City against potential claims from the contractor, residents, utilities, or other outside agencies.

CONTRACTOR PRECONSTRUCTION MEETING

Our Resident Engineers facilitate preconstruction meetings with the contractor, the City, the designer, permit agencies, utility companies, the HDR team, and other stakeholders after contract approval and before the start of work. The meeting is used to establish managerial and administration efforts to verify efficient startup and project execution.

Construction of Woodcreek Oaks Bridge

Construction Phase

PROJECT COORDINATION

Our Resident Engineers serve as the focal point for coordination among the City, the contractor, the permit agencies, the utility companies, the public, and the HDR team. The RE has weekly meetings with the contractor and City and includes the parties who have a relevant interest in the work. Close communication is maintained with the City Project Manager. The RE's proactive project responsibilities include, but are not limited to:

- Clarification and interpretation of contract documents
- Review and response to submittals/shop drawings
- Design modifications/revisions as required
- Schedule management
- Testing and documentation
- Inspection and documentation
- Correction of defective work
- Preparation of record drawings
- Utility coordination

DOCUMENT CONTROL

We are responsible for the coordination and filing of the required contract documents. All documents are filed in accordance with the Caltrans LAPM for conformance with federal contract administration requirements. The City will be copied on all correspondence. Typical documents copied to the City during the contract include:

- RE diaries
- Contractor/RE correspondence
- Progress pay recommendations
- Requests for information
- Change order/claim recommendations
- Traffic control and safety issues
- Public relation issues
- Weekly statement of working days
- Project management reports

SUBMITTAL MANAGEMENT

The contract documents specify submittals to be provided by the contractor, which are subject to review by the RE. When the RE receives submittals from the contractor, the submittals will be stamped and logged in by the date of receipt. The submittals are then promptly reviewed and distributed to the designer, the City, and the HDR team as required for review and approval. Typical submittals reviewed include material submittals, shop plans, traffic control plans, working drawings, and CPM schedules.

REQUEST FOR INFORMATION (RFI)

We will manage contractor-requested RFIs during construction. RFIs are addressed by the HDR CM team, designer, City, or others as-needed. The RE will log and track the RFIs to confirm timely response, conduct meetings with the contractor and/or others as needed for RFI resolution, and prepare responses to the contractor.

TRAFFIC CONTROL

Traffic control plans are prepared by the contractor, reviewed by the RE, and submitted to the City for final approval.

Cirby Riverside Improvement Project Traffic Control

VIDEOTAPE AND DIGITAL PHOTOGRAPHY

We will document the contractor's progress through videotaping and digital photography with date and time of the recording included in the imagery. We will document all non-compliance issues and any other site condition requested by the City.

UTILITY COORDINATION

A utility coordination meeting is held prior to beginning work to establish relationships, protocol for coordinating the utility work, and confirming the utility company schedules.

WEEKLY PROGRESS MEETINGS

We will hold weekly progress meetings with City, the contractor, and other agencies, as required, to identify work completed, to plan and coordinate activities for the coming weeks, to discuss project issues and potential problems, and to facilitate solutions to construction issues.

SCHEDULE MANAGEMENT

The RE reviews both the construction base schedule and schedule updates to confirm adherence to the Project Specifications and progress of work. Submitted schedules are noted as acceptable or unapproved (for contractor resubmittal) with specifics for the rejection (if any). Change orders, contractor delay, and weather impacts are analyzed to determine schedule impact. Increases in contract time from owner-related clauses are evaluated and negotiated prior to placement on the on-going schedule. The RE requests two-week look-ahead schedules from the contractor. In addition, Weekly Statement of Working Days are developed by the RE and submitted to the contractor.

PROJECT PAYMENTS

The RE reviews the project pay estimate submitted by the contractor. Each contract pay item is verified with our field measurement and confirmed by the inspector diaries. Quantity justifications for each item of work are filed independently in the project files. Once the RE has found the payment acceptable, he submits it to the City for recommended payment.

CONTRACT CHANGE ORDERS (CCO)

CCOs are issued to the contractor on behalf of the City of Roseville. Our RE will evaluate, negotiate, and prepare all contract change orders as directed by the City. In reviewing potential change orders, our RE will:

- Maintain a log of proposed CCOs, indicating actions dates and status
- Identify source of potential CCO (owner-directed, unforeseen site conditions, etc.)
- Determine if the condition is actually a changed condition and document if valid
- Coordinate with City and the City's design team regarding impacts to the design
- Independently evaluate cost and schedule impacts of CCO, and document findings
- Determine if extra working days are warranted due to schedule critical path impacts
- Prepare CCO documentation for City and contractor signatures

CLAIMS MANAGEMENT

Our RE is responsible to evaluate, log, and prepare documents and supporting evidence in all claims during the construction period. Each claim and supporting document is assembled into a report and submitted to City for review and use.

INSPECTION & RESIDENT ENGINEER DAILY DIARIES

Our RE will prepare a daily RE diary of project events and conversations. Under direction of the RE, our inspector provides construction inspection to confirm the contract work complies with the project plans, specifications, and other applicable documents. The inspector develops daily inspection diaries for documentation of the project for extra work billings, contract disputes, differing site conditions, and "as-built" record. Primary inspection services will likely include the following:

- Provide day-to-day written inspection reports on all work performed by the contractor
- Document work performed, manpower, and extra work through daily diaries
- Confirm Quality Assurance material testing and coordinate corrective measures as required for failing materials
- Identify any potential flaws in the constructed product and provide feedback on proposed remedial action from the contractor
- Perform quantity calculations based on completed work for progress payments
- Take progress photos and field conditions
- Prepare punch list and update as-built records as the work progresses
- Record weather, work activities, problems encountered, solutions agreed upon
- Monitor traffic detours/lane closures and verify that they are opened in a timely manner

SAFETY

We understand safety is extremely important and we have an established Safety Program for our personnel. Additionally, the contractor is required under the contract specifications to comply with "Construction Safety Orders" of the California Division of Industrial Safety.

STORM WATER POLLUTION PREVENTION PLAN (SWPPP)

We take a proactive role in confirming the SWPPP is managed in accordance with the Regional Water Quality Control Board (RWQCB) General Permit.

MATERIAL CONTROL

Materials are either tested in the field or come in the form of manufactured materials. Materials are accepted for use in the work as follows:

Field Material Testing

The RE will review and log material test reports for final acceptance. Failed tests require additional work or replacement is documented in the log and filed, as are retests. Only work with passing materials tests are accepted.

Manufactured Materials

Manufactured materials are accepted on confirmation by the RE of the materials' conformance to the Project Plans and Specifications based on the manufacturer's data sheet, Certificate of Compliance, and visual verification.

LABOR COMPLIANCE

The RE reviews and coordinates all contractor and subcontractor certified payroll manpower utilization reports and compares them against the inspector's daily diaries.

Post-Construction

Post-construction services include project closeout after issuance of substantial completion by the construction contractor. This task consolidates punch lists of remaining work, compiles record drawing information, and provides one copy of marked-up red-lines of the project drawings to the design consultant.

Tab G

Required Statements/ Documents

TAB G

Required Statements/Documents

The following are statements of assurance as requested in the City's RFP:

- **Non-substitution:** HDR will not substitute designated members of the team including subconsultants without approval by City staff. Departure or reassignment of, or substitution for, any member of the HDR project team or our subconsultants will not be made without the prior written approval of the City.
- **Conflict of Interest:** HDR warrants that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City. HDR has no known actual, apparent, direct, indirect, or potential conflicts of interest that may exist with respect to the Consultant or the Consultant's management or employees relative to the services to be provided to the City.
- **Indemnification and Insurance Requirements:** HDR agrees to fulfill the indemnification and insurance requirements contained in the sample contract (Appendix B and RFP Section 9.7).
- **Proprietary:** Nothing contained in HDR's submitted proposal is proprietary.
- **California Secretary of State Registration:** Proof of HDR's registration with the California Secretary of State is included on the following page.
- **Proposer's Certification (RFP Attachment A):** An executed copy of Proposer's Certification (RFP Attachment A) is included on page 24.
- **Executed Copy of Non-collusion Declaration (Attachment C):** An executed copy of Non-collusion Declaration (Attachment C) is included on page 25.
- **Additional Forms:** The following completed forms and exhibits are included after the Executed Copy of Non-collusion Declaration (Attachment C):
  - Exhibit 10-I, Notice to Proposers DBE Information
  - Exhibit 10-O1, Consultant Proposal DBE Commitment
  - Exhibit 10-K, Consultant Certification of Contract Costs & Financial Management System
  - Exhibit 10-Q, Disclosure of Lobbying Activities
  - Exhibit 10-U, Consultant in Management Position Conflict of Interest and Confidentiality Statement

Exhibit 10-H2, Sample Cost Proposal, and Exhibit 10-O2, Consultant Contract DBE Information, have been included the Cost Proposal.

Proposer's Certification (Attachment A)

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

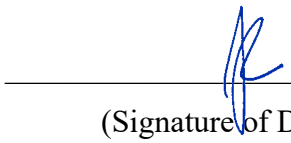
Non-collusion Declaration (Attachment C)

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID



The undersigned declares:

I am the Vice President of HDR Construction Control Corporation, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on May 21, 2021 [date], at Walnut Creek [city], California [state].

(Signature of Declarant)

Exhibit 10-I, Notice to Proposers DBE Information

EXHIBIT 10-I NOTICE TO PROPOSERS DBE INFORMATION

(Federally funded projects only)

The Agency has established a DBE goal for this Contract of 12.00%

1. TERMS AS USED IN THIS DOCUMENT

- The term "Disadvantaged Business Enterprise" or "DBE" means a for-profit small business concern owned and controlled by a socially and economically disadvantaged person(s) as defined in Title 49, Code of Federal Regulations (CFR), Part 26.5.
- The term "Agreement" also means "Contract."
- Agency also means the local entity entering into this contract with the Contractor or Consultant.
- The term "Small Business" or "SB" is as defined in 49 CFR 26.65.

2. AUTHORITY AND RESPONSIBILITY

A. DBEs and other small businesses are strongly encouraged to participate in the performance of Contracts financed in whole or in part with federal funds (See 49 CFR 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs"). The Consultant must ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The proposer must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.

B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, Exhibit 10-O1 *Consultant Proposal DBE Commitment* must be included in the Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation will be counted towards meeting the contract goal; therefore, all DBE participation shall be collected and reported.

Exhibit 10-O2 *Consultant Contract DBE Information* must be included in best qualified consultant's executed consultant contract. Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department's DBE program developed pursuant to the regulations. Particular attention is directed to the following:

A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

B. A certified DBE may participate as a prime consultant, subconsultant, joint venture partner, as a vendor of material or supplies, or as a trucking company.

C. A DBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:

1. The proposer is a DBE and will meet the goal by performing work with its own forces.
2. The proposer will meet the goal through work performed by DBE subconsultants, suppliers or trucking companies.
3. The proposer, prior to proposing, made adequate good faith efforts to meet the goal.

D. A DBE joint venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.

E. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.

F. The proposer shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the bid/cost proposal list of subconsultants.

G. A prime consultant who is a certified DBE is eligible to claim all of the work in the Contract toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.

5. RESOURCES

A. The CUCP database includes the certified DBEs from all certifying agencies participating in the CUCP. If you believe a firm is certified that cannot be located on the database, please contact the Caltrans Office of Certification toll free number 1-866-810-6346 for assistance.

B. Access the CUCP database from the Department of Transportation, Office of Civil Rights website

1. Click on the link titled Disadvantaged Business Enterprise;
2. Click on Search for a DBE Firm link;
3. Click on *Access to the DBE Query Form* located on the first line in the center of the page.

-

Searches can be performed by one or more criteria. Follow instructions on the screen.

6. MATERIALS OR SUPPLIES PURCHASED FROM DBES COUNT TOWARDS THE DBE GOAL UNDER THE FOLLOWING CONDITIONS:

A. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies. A DBE manufacturer is a firm that operates or maintains a factory, or establishment that produces on the premises the materials, supplies, articles, or equipment required under the Contract and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment shall be, by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

Exhibit 10-K, Consultant Certification of Contract Costs & Financial Management System

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: _____

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate _____ % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money_____% (if applicable)

Fiscal period *_____

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $_____ on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is_____.
- Years of consultant's experience with 48 CFR Part 31 is_____.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☐ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

Name**:_____ Title**: _____

Signature: _____ Date of Certification (mm/dd/yyyy): _____

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $10 million on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is One (1).
- Years of consultant's experience with 48 CFR Part 31 is 29.
- Audit history of the consultant's current and prior years (if applicable)

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: AE U.S. Operations of NV5 Global, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate _____ % **OR**

Home Office Rate 138.15 % and Field Office Rate (if applicable) 125.60 %

Facilities Capital Cost of Money .40 % (if applicable)

Fiscal period * 12/30/18 -12/28/19

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

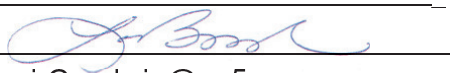
- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:



- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $143,068,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 26.
- Years of consultant's experience with 48 CFR Part 31 is 22.
- Audit history of the consultant's current and prior years (if applicable)

Exhibit 10-U, Consultant in Management Position Conflict of Interest and Confidentiality Statement

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable):_____

PROJECT NAME (and FPN, if applicable)[2]: _____

APPLICABILITY: To be filled out by local agency consultants in management support role.

☐ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☐ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

NOT APPLICABLE

☐ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☐ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

X ☐ I have read and fully understand all of the above.

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable):_____

PROJECT NAME (and FPN, if applicable)[2]: _____

APPLICABILITY: To be filled out by local agency consultants in management support role.

☐ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☐ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☐ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☐ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

NOT APPLICABLE

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

x ☐ I have read and fully understand all of the above.

We pride ourselves on our continuous effort and desire to completely understand our clients' needs and preferences and to provide them with professional services which not only meet, but hopefully exceed their expectations. One of the key initial steps in developing this level of understanding is the negotiation and development of a mutually acceptable agreement which properly reflects both parties obligations and expectations. We have carefully reviewed all of the documents and information you provided as a part of your RFP. One of the documents you provided was a Sample Contract (Attachment B of the RFP) should we be successful in our pursuit of your services.

The Attachment B, City On-Call "Professional Services Agreement," may have conflicts with Exhibit 10-R, "Boilerplate Agreement Language." HDR understands the Roseville Professional Services Agreement, and not the Boilerplate Agreement Language, will be used for the final contract.

HDR requests to reserve the right to address any conflicts between these two documents if the terms in the AE boilerplate are ultimately included.

We respectfully request the following changes to Attachment B, City On-Call "Professional Services Agreement.":

Page 2 (PDF Page 25 of 107)

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY. **CONSULTANT shall perform all services with the care and skill ordinarily used by members of CONSULTANT's profession practicing under the same or similar circumstances at the same time and in the same locality.**

Page 3 (Page 26 of 107)

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, **to the extent** resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence, **active negligence,** or willful misconduct. ~~The parties intend that this provision shall be broadly construed.~~

Pages 5 and 6 (PDF Pages 28 and 29)

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a ~~full certified~~ copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

Competency of Proposers

TAB I

Competency of Proposers

BANKRUPTCY OR INSOLVENCY PROCEEDING

In the last seven years, HDR Construction Control Corporation has not filed (or had filed against it) any bankruptcy or insolvency proceeding, voluntary or involuntary, or undergone the appointment of a receiver, trustee, or assignee for the benefit of creditors.

LITIGATION

In today's legal environment, claims and litigation are a reality for any large company in the industry, regardless of performance or merit. When claims do occur, we are proactive and cooperative in reaching a resolution that is fair and reasonable to all. We value the confidences of our clients as well as our contractual commitments to confidentiality, and do not discuss with third parties the circumstances involving ongoing projects. We would take the same position with information regarding our work on this project.

If necessary, we would be willing to meet in person with you to discuss the merits or background of past claims. There are no claims or litigation that could impede our ability to perform this project, and we have maintained professional liability insurance in force continually since 1958 for the protection of us and our clients.

CONTRACT TERMINATION

A client has never terminated a contract with HDR Construction Control Corporation for breach of contract.

FINANCIAL STABILITY

As an employee-owned firm, our assets are managed and invested with exceptional care. We have established strong risk controls and are committed to managing our company with an eye toward long-term financial health and stability. This commitment has enabled us to thrive for more than 100 years in every economic environment and allows us to be a reliable partner for our clients.

Our financial statements are prepared and audited annually by Ernst & Young LLC. We are financially sound with gross revenues of $2.7 billion, a current working capital ratio of 2.2, and stockholders' equity of $0.75 billion (2020).

ENGINEERING

2021 FEE SCHEDULE - *P19811 05/07/2021*
PERSONNEL FEES AND BASIS OF CHARGES
INSPECTIONS, ENGINEERING & SPECIAL SERVICES

		Standard Rate/Hour	Discounted Rate/Hour
*** FIELD INSPECTION AND LABORATORY SERVICE**			
Steel Visual		$225.00	
Nondestructive - UT, MT, PT		$230.00	
Steel Visual/UT Combination		$230.00	
Concrete ACI		$225.00	
Concrete ICC		$225.00	
Masonry		$225.00	
Fireproofing		$225.00	
Shear Wall Nailing/Framing/Hold Downs		$225.00	
Soil Technician w/Nuclear Gauge and/or Sand Cone *(portal-to-portal)*		$225.00	
Asphalt Technician *(portal-to-portal)*		$225.00	
Shoring/Soldier Piers		$225.00	
Roofing & Waterproofing		$225.00	
Multi-Disciplined Inspector		$225.00	
Inspector Requiring G1 Pay Grade		$275.00	
Inspector Requiring G2 Pay Grade		~~$225.00~~	$139.43
Inspector Requiring G3 Pay Grade		~~$215.00~~	$118.28
Specialty Inspector or Where Formal Certification is Required		$225.00	
Field Inspector with Special Enhancement		$225.00	
Safety Manager/Safety Inspector/Jobsite Safety Accountability Supervisor (JSAS)		$500.00	
Laboratory Technician		$225.00	
Technician Typist		$225.00	
****PROFESSIONAL ENGINEERING SERVICES**			
Principal Engineer (Civil/Structural)		$360.00	
Geotechnical Engineer		~~$315.00~~	$204.92
Professional Geologist		$300.00	
Consulting Engineer (Civil/Structural)		$295.00	
Associate Engineer, Licensed		$255.00	
Project Manager		$225.00	
Staff Engineer		$225.00	
Field Supervision		$225.00	
ASNT Level III		$275.00	
Drafting		$160.00	
Quality Control Manager		QOR	
SPECIAL SERVICES			
Portable and Mobile Laboratories, NDT and Soils		QOR	
* Epoxy Bolt/Expansion Anchor - Installation Observation		$225.00	
* Epoxy Bolt/Expansion Anchor Proof Load Testing *(portal-to-portal)*		$225.00	
* Coring, 1 Person (including equipment) *(portal-to-portal)*		$300.00	
* Coring, 2 Persons (including equipment) *(portal-to-portal)*		$455.00	
* Asphalt Coring *(portal-to-portal)*		$325.00	
Project Research		QOR	
Ultrasonic Testing for Non-Metallic Materials		QOR	
Pavement Rehabilitation Analysis Using Deflections		QOR	
Roof Moisture Survey		QOR	
Soil Drilling Equipment		QOR	
Geotechnical Site Investigations/Foundation Reports		QOR	
Pachometer, Schmidt Hammer, Windsor Probe, Skidmore - Equipment Fee $115/Day *(portal-to-portal)*		$300.00	
Ultrasonic Pulse Velocity Testing - Equipment Fee $250/Day *(portal-to-portal)*	ASTM C597	$650.00	
Floor Flatness Testing FF/FL - Equipment Fee $115/Day *(portal-to-portal)*		$300.00	
Measuring Moisture Vapor Emission Rate (Calcium Chloride) - $55/Kit *(portal-to-portal)*	ASTM F1869	$300.00	
Relative Humidity Testing - $75/Kit *(portal-to-portal)*	ASTM F2170	$300.00	
Ferroscan - Equipment Fee $115/day *(portal-to-portal)*		$300.00	
GPR - Equipment Fee $115/day *(portal-to-portal)*		$375.00	
Administration, Secretarial, Special Projects, Notary, Certified Payroll		$175.00	
Concrete/Grout/Mortar Mix Design Review (less than 48 hours notice - $500)		$350.00	
Welding Procedure Review (less than 48 hours notice - $500)		$350.00	
Procedure Qualification Record (PQR) - Standard Procedure (document fee)		$500.00	
Welding Procedure Specification (WPS) - Standard Procedure (document fee)		$500.00	
Welder Qualification Test Record (WQTR) - Standard Procedure (document fee)		$500.00	
DSA Interim Reports		$185.00	
Geotechnical Pad Letter (less than 48 hours notice - $550)		$350.00	
Final Letter (less than 48 hours notice - $550)		$350.00	
EXPERT WITNESS TESTIMONY			
Court appearance, per day		$2,500.00	
Court appearance, per half day		$1,500.00	

** Field inspection and laboratory technician services will be billed in accordance with minimums shown on Basis of Charges.*
***Professional engineering services will be billed in two hour increments.*

BASIS OF CHARGES

GENERAL

Fees for tests and inspection include cost of technician, normal equipment and regular reports. Engineering services will be charged at applicable rates and will require travel and mileage charges for equipment transport and storage per code (portal to portal) from the nearest CTS laboratory. Soils testing with nuclear gauge and/or sand cone equipment and inspections requiring equipment will require applicable travel and mileage charges for equipment transport and storage per code (portal-to-portal) from the nearest CTS laboratory. Fees for special projects, services overseas, or elsewhere in the United States, will be quoted on request. With prior notification to Client; charges are subject to change at any time. Construction Testing Services reserves the right to adjust the rates quoted in this contract based upon any Union or prevailing wage increases and/or changes in any industry requirements.

MINIMUM HOURLY CHARGES – INSPECTION

Technician personnel and the following minimum charges are contractual commitment:

One-half day or less	4 Hours
Over one-half day	8 Hours
Show-up time (less than 2 hours notice = 4 hour charge)	2 Hours

WORKING HOURS AND PREMIUM TIME

Regular workday is the first 8 hours between 6:00 am and 6:00 pm Monday through Friday. Premium time is as follows:

Overtime, Weekdays and Saturdays (first 8 hours)	1.5 x quoted hourly rate
Overtime Saturdays (over 8 hours) and Sundays (first 8 hours)	2 x quoted hourly rate
Overtime Sundays (over 8 hours) and Holidays	3 x quoted hourly rate
Shift differential, swing and graveyard - (Work performed between 2:00 pm and 4:00 am)	12.5%/hour additional to base or quoted rate.

MISCELLANEOUS CHARGES - *Only Where Applicable*

Notary Services Fee	$40.00/each	
Facsimile Charges. Plus $1.00/page (n/c for cover page)	$7.00/minimum	
Wireless Router/Data Card for Jobsite Internet	$135.00/day	
iPad Monthly Rental Fee	$100.00/month	
Electronic Reporting Fees/Subscriptions (PlanGrid, BIM, etc.)	At Cost	
Parking Fees	At Cost	
Air Travel	Cost Plus 10%	
Outside Services	Cost Plus 20%	
Subsistence (per union contract)	$130.00/day	
Mileage	Standard Federal Rate	
Sample Pickup	$30.00/each	
Weekend Sample Pickup	$110.00/each	
Project Administration	~~15% of Monthly Invoice~~	Included in Rates
Samples Made by Others: Concrete Cylinders	$130 + Test	
Samples Made by Others: All Other Tests	$55.00 + Test	
Laboratory Sample Witness Fee	$130.00	
Laboratory Sample Storage Fee (per sample)	$120.00	
EZ Cure Boxes (Thermostatically Controlled Curing Boxes)	QOR	
Returned Check Fee	$150.00	

TESTS

Testing fees shown include normal time for performing test. Samples requiring special preparation will be charged at the laboratory technician rate. Fees for tests not listed will be quoted upon request. There will be a minimum charge of $100.00 for any engineering report. Please note some tests maybe tested by subconsultants. Samples delivered to the laboratory after 3:00pm or samples needing results within 24 hours will incur a 50% mark-up.

INSURANCE

The liability of Construction Testing Services (CTS) is limited to CTS's contract value.

PAYMENT

Invoices will be submitted monthly or bimonthly for services performed during the preceding month and are payable on receipt. Interest of 1.5% per month (but not exceeding the maximum rate allowable by law) will be payable on any amounts not paid within 30 days, payment thereafter to be applied first to accrued interest and then to the principle unpaid amount. Attorney’s fees or other costs incurred in collecting any delinquent amount shall be paid by client. Visa, MasterCard and American Express payments are accepted however fees will apply. Visa and MasterCard payments require an additional 3% on top of the amount of the invoice being paid. American Express payments require an additional 4% on top of the amount of the invoice being paid.

CONCRETE AND MASONRY TESTS

		Standard Rate/Each
CONCRETE		
Compressive Strength of Cylindrical Concrete Specimens (6x12)	ASTM C39	$85.00
Compressive Strength of Cylindrical Concrete Specimens (4x8)	ASTM C39	$85.00
Compressive Strength of Cylindrical Concrete Specimens (Over 8000 PSI)	ASTM C39	$150.00
Cylinder molds. 6” x 12” and 4" x 8"	ASTM C470	$80.00
Compressive Strength of Lightweight Insulating Concrete	ASTM C495	$100.00
Obtaining and Testing Sawed Beams and Drilled Cores of Concrete (Cores)	ASTM C42	$125.00
Flexural Toughness of Fiber Reinforced Concrete (Round Panel)	ASTM C1550	$500.00
Flexural Strength of Concrete (Using Simple Beam with Third-Point Loading)	ASTM C78	$325.00
Flex Beams per Caltrans Test Methods	CT523 and CT524	$325.00
Length Change of Hardened Hydraulic-Cement Mortar and Concrete (Shrinkage, 1 Sample)	ASTM C157	$165.00
Shotcrete Nozzleman Qualification Letter (Per Nozzleman, Per Position)	ACI 506, ASTM C42 and C1140	$450.00
Shotcrete Pre-Qualification Cores (Compression and Visual)	ACI 506, ASTM C42 and C1140	$115.00
Shotcrete Production Cores	ASTM C1140	$115.00
Coefficient of Thermal Expansion	AASHTO T336	$540.00
Determining Density of Structural Lightweight Concrete (Cylinders)	ASTM C567	$425.00
Standard Specification for Concrete Made by Volumetric Batching and Mixing	ASTM C685	$975.00
Cement Quality Sampling	CBC 2010	$675.00
Physical Testing of Gypsum, Gypsum Plasters and Gypsum Concrete	ASTM C472	$60.00
Splitting Tensile Strength of Cylindrical Concrete Specimens	ASTM C496	$265.00
Static Modulus of Elasticity and Poisson's Ratio of Concrete in Compression	ASTM C469	$225.00
Grab Sample, Sealing and Storing in a Humidity and Temperature Controlled Room	CBC	$155.00
Density of Hydraulic Cement	ASTM C188	$200.00
Testing of Controlled Low Strength Material (CLSM) Test Cylinders	ASTM D4832	$160.00
GFRC Pull Test	PCI	$400.00
GFRC Flexural Test	PCI	$400.00
Foaming Agents for Use in Producing Cellular Concrete Using Preformed Foam (Cell-Crete)	ASTM C796	$550.00
MASONRY		
Compressive Testing of Grout (Masonry)	ASTM C1019	$130.00
Compressive Strength of Hydraulic Cement Mortars Using 2" Cube Specimens	ASTM C109	$130.00
Compressive Strength of Masonry Prisms	ASTM C1314	$200.00
Testing Concrete Masonry Units and Related Units (Core Compression)	CBC 2105A.4	$200.00
Compressive Strength of Molded Masonry Mortar Cylinders and Cubes (2" Sample)	ASTM C780 A7.6	$130.00
Testing Concrete Masonry Units (CMU) and Related Units (Full Unit)	ASTM C140	$200.00
Linear Drying Shrinkage of Concrete Masonry Units (Per Unit)	ASTM C426	$300.00
Masonry Core Shear Testing	CBC 2105A.4	$300.00
Testing Concrete Masonry Units (Absorption, Moisture Content, Unit Weight)	ASTM C140	$375.00
Brick and Clay Tile (modulus of rupture, compression, saturation coefficient, suction rate, efflorescence)*	ASTM C67	$1,000.00
Mortar Molds. 2” x 4”. Single Use		$130.00
Mortar or Grout, Stored and Cured, Not Tested (Including Mold)		$130.00
AGGREGATES (SOILS AND CONCRETE)		
Determining Sieve Analysis of Fine and Coarse Aggregates (Coarse Only)	CT202/ASTM C136	$235.00
Sieve Analysis of Fine and Coarse Aggregates (Fine Only)	CT202/ASTM C136	$305.00
Sieve Analysis of Fine and Coarse Aggregates (Wash Included)	CT202/ASTM C117	$385.00
Sieve Analysis of Fine and Coarse Aggregates (200 Wash Only)	ASTM C117/D1140	$235.00
Standard Test Methods for Particle-Size Distribution (Gradation) of Soils Using Sieve Analysis	ASTM D6913	$385.00
Evaluating Cleanness of Coarse Aggregate	CT227	$385.00
Soundness of Aggregates by Use of Sodium Sulfate or Magnesium Sulfate	ASTM C88/CT214	$300.00
Unit Weight of Aggregate	CT212	$200.00
Clay Lumps and Friable Particles in Aggregates	ASTM C142	$225.00
Flat Particles, Elongated Particles or Flat and Elongated Particles in Coarse Aggregate	ASTM D4791/CT235	$400.00
Organic Impurities in Fine Aggregates for Concrete	CT213/ASTM C40	$400.00
Density, Relative Density(Specific Gravity), and Absorption of Coarse Aggregate	ASTM C127/CT206	$400.00
Density, Relative Density(Specific Gravity), and Absorption of Fine Aggregate	ASTM C128/CT207	$400.00
Standard Test Methods for Specific Gravity of Soil Solids by Water Pycnometer	ASTM D854	$400.00
Resistance to Degradation of Small Size Coarse Aggregate by Abrasion and Impact in the Los Angeles Machine	ASTM C131(535) and C211	$550.00
Percentage of Crushed Particles/Standard Test Method for Determining the Percentage of Fractured Particles in Coarse Aggregate	ASTM D5821/CT205	$425.00
Uncompacted Void Content of Fine Aggregate (as Influenced by Particle Shape, Surface Texture, and Grading)	ASTM C1252/AASHTO T304A	$425.00
Sand Equivalent Value of Soils and Fine Aggregate	ASTM D2419/CT217	$300.00
Durability Index (Fine)	ASTM D3744/CT229	$425.00
Durability Index (Coarse)	ASTM D3744/CT229	$425.00
Durability Index (Fine and Coarse)	ASTM D 3744/CT229	$425.00
Lightweight Particles in Aggregate	ASTM C123/AASHTO T113	QOR
Resistance of Rock to Wetting and Drying	CRD-C169	$600.00
Aggregate Moisture Content	ASTM C566	$600.00

**Unusual sample preparation for brick specimen will be charged at the established hourly rate.*

SOILS, AGGREGATE, ASPHALTIC CONCRETE SERVICES & TESTS

		Standard Rate/Each
SOILS		
Direct Shear Test of Soils Under Consolidated Drained Conditions	ASTM D3080	$550.00
Consolidated Undrained Triaxial Compression Test for Cohesive Soils (per point)	ASTM D4767	$1,000.00
Consolidated Undrained Triaxial Compression Test for Cohesive Soils (added points)	ASTM D4767	$225.00
Consolidated Undrained Triaxial Compression Test for Cohesive Soils (single point)	ASTM D4767	$350.00
One-Dimensional Consolidation Properties of Soils Using Incremental Loading	ASTM D2435	$325.00
Caltrans Corrosivity Package		$525.00
Determining Field and Laboratory Resistivity and pH Measurements for Soil and Water	CT643	QOR
Soils and Waters for Sulfate Content	CT417	QOR
Soils and Waters for Chloride Content	CT422	QOR
Particle-Size Analysis of Soils (with Hydrometer)	ASTM D422	$600.00
Pore Water Extraction and Determination of the Soluble Salt Content of Soils by Refractometer	ASTM D4542	$650.00
Standard Test Method for Particle-Size Analysis of Soils (without Hydrometer)	ASTM D422	$550.00
Liquid Limit, Plastic Limit, and Plasticity Index of Soils	ASTM D4318/CT204	$550.00
Laboratory Compaction Characteristics of Soil Using Modified/Standard Effort	ASTM D1557/D698	$525.00
Hydrometer Only	ASTM D422	$550.00
pH of Soils	ASTM D4972	$500.00
Relative Compaction of Untreated and Treated Soils and Aggregates	CT216	$600.00
Determining the Resistance "R" Value of Treated and Untreated Bases, Subbases, and Basement Soils by the Stabiliometer	ASTM D2844/CT301	$600.00
Laboratory Determination of Water(*moisture) Content of Soil and Rock by Mass	ASTM D2216/CT226	$165.00
Density of Soil in Place by the Drive-Cylinder Method	D2937	$125.00
Expansion Index of Soils	ASTM D4829	$125.00
Hydraulic Conductivity of Saturated Porous Materials Using a Flexible Wall Permeameter (Permeability)	ASTM D5084/CT220	$575.00
Lab Compaction Characteristics of Soil 1 Point Proctor (Check Point)	ASTM D698/D1557	$350.00
Maximum Index Density and Unit Weight of Soils Using a Vibratory Table	ASTM D4253	$300.00
Minimum Index Density and Unit Weight of Soils and Calculation of Relative Density	ASTM D4254	$300.00
Density of Hydraulic Cement	ASTM C188	$375.00
Volatile Organic Content	EPA 8260B	QOR
Semi Volatile Organics by GC/Ms (Basic Target List)	EPA 8270C	QOR
Total Organic Carbon	ASTM 2974/EPA 5310Bm	QOR
ICP Metals Concentration	EPA 6020 - CAM/CCR 17	QOR
Total Extractable Petroleum Hydrocarbons: TPH, MTBE, Benzene,Toluene, Ethylbenzene, Zylenes, %SS	EPA 8015B	QOR
ICP Metals Concentration	EPA 6020	QOR
pH	EPA 9045D	$550.00
Sequential Batch Extraction of Waste with Acidic Extraction Fluid	ASTM D5284	QOR
Chromium Soluble	EPA 7196A	QOR
Moisture, Ash and Organic Matter of Peat and Other Organic Soils (Organic Content)	ASTM D2974	$300.00
Universal Soil Classification System (USCS) Test	ASTM D2487	$325.00
California Bearing Ratio Test	ASTM D1883	$385.00
Unconfined Compressive Strength of Cohesive Soil	ASTM D2166/CT221	$200.00
ASPHALT		
Quantitative Extraction of Bitumen from Bituminous Paving Mixtures (Solvent)	ASTM D2172/CT310	$750.00
Determining Low Temperature Performance Grade (PG) of Asphalt Binders	ASTM 6816	QOR
Thickness/Height of Compacted Bituminous Paving Mixture Specimens (Cores)	ASTM D3549/CT308	$285.00
Method of Prep of Bituminous Mixture Test Specimens	ASTM D6926/CT304	$285.00
Bulk Specific Gravity and Density of Compacted Bituminous Mixtures (LTMD)	ASTM D1188 and D2726/CT308	$995.00
Bulk Specific Gravity of Core	AASHTO T275	$175.00
Indirect Tensile (IDT) Strength of Bituminous Mixtures (TSR)	ASTM D6931/CT371	$3,200.00
Mechanical Size Analysis (Coarse and Fine) of Extracted Aggregate	ASTM D5444/CT202	$410.00
Marshall Stability and Flow of Bituminous Mixtures	ASTM D6927	$995.00
Theoretical Maximum Specific Gravity and Density (Rice)	ASTM D2041/CT309	$425.00
Measuring the Permeability of Bituminous Pavements and Seal Coats	CT341	QOR
Swell of Bituminous Mixtures	CT305	$400.00
Moisture Vapor Susceptibility of Bituminous Mixtures/Moisture or Volatile Distillates in Asphalt	ASTM D1461/CT307	$950.00
Stabilometer Value (1 sample)	CT366	$400.00
Determination of Asphalt Content of Bituminous Paving Mixtures by the Ignition Method	CT382/ASTM D6307	$425.00
Determination of Correction Factor of Bituminous Paving Mixtures by the Ignition Method	CT382/ASTM D6307	$425.00
Determination of Asphalt and Moisture Contents of Bituminous Mixtures by Microwave Oven	CT370	$425.00
Effect of Water on Compressive Strength of Compacted Bituminous Mixtures (Set of 6)	ASTM D1075	$3,500.00
Compressive Strength of Bituminous Mixtures	ASTM D1074	$300.00
Hamburg Wheel Track	AASHTO T324	$3,750.00
Moisture Susceptibility	AASHTO T283	$3,750.00
Air Voids		$500.00

** Unusual sample preparation (dried clays, saturated clays, etc.) and all other tests for treated or untreated soils, aggregate subbase and aggregate base will be charged at established rates for laboratory technician.*

*** Does not include sample preparation or sieve analysis*

CONSTRUCTION TESTING SERVICES

TESTING
ENGINEERING

MATERIALS MECHANICAL TESTS		Standard Rate/Each
Mechanical Testing of Steel Products (General Tensile)	ASTM A370	$500.00
Fillet Weld Break Test for Qualification (Welding)	AWS B4.0	$225.00
Tension Testing of Metallic Materials, Tension Testing Wrought and Cast Aluminum and Magnesium-Alloy Products, (Welding Coupon Tensile)	ASTM E8, B557 and AWS B4.0	$500.00
Mechanical Testing of Steel Products (Couplers)	ASTM A370	$500.00
Impact Testing of Miniaturized Charpy V-Notch Specimens, Notched Bar Impact Testing of Metallic Materials	ASTM E2248 and ASTM E23	QOR
Testing, Practices, and Terminology for Chemical Analysis of Steel Products	ASTM A751	$350.00
Mechanical Testing of Steel Products & Bend Testing of Material for Ductility; #3-#8	ASTM A370 and E290	$400.00
Mechanical Testing of Steel Products & Bend Testing of Material for Ductility; #9-#11	ASTM A370 and E290	$465.00
Mechanical Testing of Steel Products & Bend Testing of Material for Ductility; #14+	ASTM A370 and E290	QOR
Mechanical Testing of Steel Products, Standard Specification for Steel Wire, Plain, for Concrete Reinforcement	ASTM A370, A82 and A185	$465.00
Guided Bend Test for Ductility of Welds, Mechanical Testing of Welds	ASTM E190 and AWS B4.0	$300.00
Determining the Mechanical Properties of Externally and Internally Threaded Fasteners, Anchor Bolts Only (Tension and Yield)	ASTM F307, F1554 and F606	$550.00
Rockwell Hardness of Metallic Materials	ASTM E18	$165.00
Proof Test for Carbon and Alloy Steel (Nuts Only)	ASTM A194 or A563	$350.00
Radiographic Examination of Metallic Castings/Weldments	ASTM E94, E1030 and E1032	QOR
Macroetching Metals and Alloys	ASTM E340, E381 and AWS	$350.00
Determining the Mechanical Properties of Externally and Internally Threaded Fasteners, Washers, Direct Tension Indicators, and Rivets (HSB Assemblies)	ASTM F606	$400.00
Mechanical Testing of Steel Products (Terminators Tensile)	ASTM A370	$400.00
Strength for Sewn or Bonded Seams of Geotextiles	ASTM D4884	$350.00
Tearing Strength of Fabrics by the Tongue (Single Rip) Procedure	ASTM D2261	$350.00
Breaking Strength and Elongation of Textile Fabrics (Grab Test)	ASTM D5034	$300.00
Tensile Properties of Fiber Reinforced Polymer Matrix Composite Bars	ASTM D3039	$1,000.00
Steel Strand, Uncoated Seven-Wire for Prestressed Concrete (Set of 2)	ASTM A416 and A1061	$1,500.00

FIREPROOFING		
Thickness and Density of Sprayed Fire-Resistive Material (SFRM)	ASTM E605	$285.00
Cohesion/Adhesion of Sprayed Fire-Resistive Materials (Test Kit Only)	ASTM E736	$80.00

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**). All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

Subconsultant 5:				$ -

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current Sate Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentations.
2. Proposed items should be consistently billed directly to all clients (Commercial entities, Federal Govt., State Govt., and Local Govt. Agency), and not just when the client will pay for them as a direct cost.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles purpos that could be used for the same purpose.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Name: Mark Gilbert Title*: Principal

Signature: Digitally signed by Mark Gilbert DN: cn=Mark Gilbert, o=ENGEO, ou, email=mgilbert@engeo.com, c=US Date: 2021.05.20 11:20:29 -07'00' Date of Certification (mm/dd/yyyy): 05/20/2021

Email: mgilbert@engeo.com Phone Number: (916) 416-9002

Address: 2213 Plaza Drive, Rocklin, CA 95765

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

Geotechnical Engineering

SUMMARY OF LABORATORY FEES

Effective February 2021

Our Laboratories are accredited by AASHTO, Caltrans, DSA, and the US Army Corps of Engineers

LAB CODE	TEST SPECIFICATION	STANDARD TURNAROUND (BUSINESS DAYS) *	STANDARD PRICING*	RUSH TURNAROUND (BUSINESS DAYS)*	RUSH PRICING*
SOIL AND ROCK					
8800	Caltrans Relative Compaction, CT216	3	$350	Same Day	$700
9100	Clay Lumps and Friable Particles, ASTM C142	5	$100	Next Day	$200
9130	Cleanness Value, CT 227 each	5	$225	2	$450
8310	Compaction, ASTM D1557 (A-C)	4	$350	2	$700
8311	Compaction Point, AASHTO T272	4	$350	2	$700
8312	Compaction, ASTM-1557 (A-D) or ASTM-D698 with Correction	4	$405	2	$810
8313	Compaction, ASTM 1557 (A-D), Same Day Preliminary Results	1	$730	N/A	N/A
8314	Compaction, ASTM-1557 or ASTM-D698, Same Day with Correction	1	$840	N/A	N/A
8315	Compaction, Rock Correction, ASTM D4718	4	$85	Next Day	$170
8316	Compaction, ASTM D4253, Vibratory Table	4	$400	2	$800
8220	Consolidation – Incremental Loading ASTM D2435, Method A	32	$575	16	$1,150
8221	Consolidation – Incremental Loading ASTM D2435, Method B	32	$575	16	$1,150
8230	Consolidation, ASTM D2435 Unload – Reload Cycle	4	$75	2 Additional	$150
8410	Consolidation – CRS, ASTM D4186, Depths from 0 to 75 feet	5	$600	4	$1,200
8411	Consolidation – CRS, ASTM D4186, Depths from 75 feet and below and/or stiff clays	5	$725	4	$1,450
Additional Unload – Reload Cycle (for CRS, Lab Code 8410 and 8411 only)					
8412	Stress Range: 1 - 5 ksf	Variable	$160	N/A	N/A
8413	Stress Range: 5 - 10 ksf	Variable	$240	N/A	N/A
8414	Stress Range: 10 - 15 ksf	Variable	$320	N/A	N/A
8415	Stress Range: 15 - 20 ksf	Variable	$400	N/A	N/A
8184	Deep Soil Mix (DSM) Compression Test	5	$85	2	$170
8201	Direct Shear – CD, Additional Cycles (per point) ASTM D3080	2	$75	N/A	$150
8202	Direct Shear – CD, (2-points) ASTM D3080	8	$500	5	$1,000
8203	Direct Shear – CD, (3-points) ASTM D3080	12	$700	8	$1,400
8204	Direct Shear – CD, (4-points) ASTM D3080	16	$900	12	$1,800
8451	Direct Shear – CD, (Additional Point) ASTM D3080	5	$250	3	$500
8991	Cyclic Simple Shear Test (CSS), ASTM D8296	5	$2,100	5	$4,200
8992	Monotonic Simple Shear Test, ASTM D6528 - NOT AVAILABLE AT THIS TIME	5	$1,000	5	$2,000
8900	Durability Index, CT229	5	$250	Next Day	$500
8320	Expansion Index, ASTM D4829	8	$400	4	$800
8321	Expansion Index, ASTM D4829 - Lime Treated in Lab	Dependent on cure time	$450	Dependent on cure time	$900
9630	Fine Aggregate Angularity Percentage, CT 234, AASHTO T304, Method A	5	$150	Next Day	$300
8990	Laboratory Miniature Vane Shear (peak Value), ASTM D4648	5	$120	Next Day	$240
8160	Moisture Content & Unit Weight, ASTM D7263	5	$60	Next Day	$120
8140	Moisture Only, ASTM D2216, CT 226	5	$40	Next Day	$90
8150	Moisture Only, ASTM D4643, CT 370 (By Microwave oven)	5	$100	Same Day	$200
9590	Organic Content of Soil ASTM D2974	5	$160	Next Day	$320
9090	Organic Impurities, ASTM C40	5	$150	Next Day	$300
9120	Percent Crushed Particles, CT205	5	$175	Same Day	$350
9110	Percent Flat or Elongated Particles, ASTM D4791, CT 235	5	$200	Same Day	$400

SUMMARY OF LABORATORY FEES

Effective February 2021

Our Laboratories are accredited by AASHTO, Caltrans, DSA, and the US Army Corps of Engineers

LAB CODE	TEST SPECIFICATION	STANDARD TURNAROUND (BUSINESS DAYS) *	STANDARD PRICING*	RUSH TURNAROUND (BUSINESS DAYS)*	RUSH PRICING*
8980	Soil pH, percent Lime for Stabilization, ASTM D6276 (Eades and Grimm)	5	$400	Next Day	$800
8040	Permeability, Falling Head or Constant Head, ASTM D5084, D2434	8	$500	4	$1000
8870	Soil pH, ASTM D4972, CT 643	5	$100	Same Day	$200
8190	Plasticity Index, Dry Method - ASTM D4318	5	$270	Next Day	$540
8191	Plasticity Index, Wet Method - ASTM D4318 (ASTM Default method)	5	$270	Next Day	$540
8510	Rock Core Unconfined Compressive Strength, ASTM D7012	5	$300	Same Day	$600
8970	R-Value - Lime Treated, ASTM D2844 CT301	6	$500	3	$1,000
8290	R-Value, ASTM 2844, CT301	6	$430	3	$860
8280	Sand Equivalent, CT 217, ASTM D2419	5	$195	Next Day	$390
8261	Dry Sieve, ASTM D1140, C117	5	$150	Next Day	$300
8262	#200 Wash, ASTM D1140, C117	5	$105	Next Day	$210
8263	Sieve & #200 Wash, ASTM D422, D6913, C136, CT202	5	$170	Next Day	$340
8264	Sieve & Hydrometer, ASTM D422, D7928	5	$275	2	$550
8250	Specific Gravity, ASTM D854	5	$225	Next Day	$450
8251	Specific Gravity, ASTM C127 or C128	5	$125 Per Size Fraction	Next Day	$250 Per Size Fraction
8660	Specimen Remolding and/or Lab Mixing (per specimen)	Varies	$100	Dependent on type of remolding	$200
8240	California Bearing Ratio (CBR), ASTM D1883	4	$265	Next Day	$530
9070	Sulfate Soundness, CT 214, ASTM C88	6	$250/ Fraction	Dependent on number of fractions	$500/ Fraction
8111	Sulfate Testing in Soils ASTM C1580	5	$220	Next Day	$440
8490	Swell Test A, per point ASTM D4546 - 2004	5	$350	4	$700
8500	Swell Test B, per point ASTM D4546 - 2004	5	$350	4	$700
8501	Swell Test C, per point ASTM D4546 - 2004	5	$350	4	$700
8491	Swell/Collapse Test A, per point ASTM D4546	8	$375	4	$750
8503	Swell/Collapse Test B, per point ASTM D4546	5	$375	Dependent on material behavior	$750
8502	Swell/Collapse Test C, per point ASTM D4546	5	$400	Dependent on material behavior	$800
8170	Soil Cement – Wet/Dry Durability, ASTM D559	Varies	$1,150	N/A	N/A
8350	Isotropic Triaxial Compression – CU, Single Specimen, Multistage Test ASTM D4767 - Modified	Varies	$1,000/Stage	Dependent on number of stages and material type	$2,000/Stage
8340	Isotropic Triaxial Compression – CU (1- point) ASTM D4767, USACE	5	$550	4	$1,100
8341	Isotropic Triaxial Compression – CU (2 points) ASTM D4767, USACE	9	$1,100	8	$2,200
8342	Isotropic Triaxial Compression – CU (3 points) ASTM D4767, USACE	14	$1,650	12	$3,300
8343	Isotropic Triaxial Compression – CU (4 points) ASTM D4767, USACE	18	$2,200	15	$4,400
8330	Isotropic Triaxial Compression – UU (per point) ASTM D2850, USACE	5	$190	Next Day	$380
8180	Unconfined Compression - Soils, ASTM D2166	5	$125	Next Day	$250
8181	Unconfined Compression, Lime/Cement-Treated Soil ASTM D5102/D1633	18	$335	9	$670
8182	Unconfined Compression, Lime/Cement-Treated Soil CTM 373	18	$1000	9	$2,000
8183	Unconfined Compression, Lime/Cement -Treated Soil, Additional points	18	$55	9	$110

SUMMARY OF LABORATORY FEES

Effective February 2021

Our Laboratories are accredited by AASHTO, Caltrans, DSA, and the US Army Corps of Engineers

LAB CODE	TEST SPECIFICATION	STANDARD TURNAROUND (BUSINESS DAYS) *	STANDARD PRICING*	RUSH TURNAROUND (BUSINESS DAYS)*	RUSH PRICING*
CONCRETE					
9220	Absorption, ASTM C642	6	$460	Next Day	$920
9013	Shotcrete, Field cores (cored in the field), per core, ASTM C42	5	$100	2	$200
9014	Shotcrete, Lab cores (Cored from panels in the lab), per core, ASTM C42	5	$145	2	$290
9320	Compression Test, per 6” x 12” cylinder, ASTM C39	5	$40	Same Day	$80
9330	Compression Test, per 4” x 8” cylinder ASTM C39	5	$36	Same Day	$72
9941	Flexural Strength of Concrete Beams (4”x4”x14”) ASTM C78	5	$125	Same Day	$250
9940	Flexural Strength of Concrete Beams (6”x6”x20”) ASTM C78	5	$150	Same Day	$300
9340	Compressive Strength of Lightweight Insulating Concrete (ASTM C495)	5	$155	Same Day	$310
9020	Core Trimming, In Laboratory	5	$70	Same Day	$140
9950	Thickness of Drilled Concrete Cores, ASTM C174	5	$40	Same Day	$60
9060	Laboratory Trial Batch, ASTM C192, Including Test Cylinders	5	$1000	Same Day	$2000
9080	Length Change (3 bars, 4 readings, up to 90 days), ASTM C157 modified	28-90	$550	28-90	$830
9050	Slab Moisture Determination Test Kit	5	$40	Next Day	$60
9000	Unit Weight of Lightweight Concrete Cylinders (ASTM C495)	5	$55	Next Day	$110
CONCRETE MASONRY UNITS					
9160	Compression, ASTM C140	5	$120	Same Day	$240
9140	Moisture Content as Received, Absorption ASTM C140	5	$80	Next Day	$160
MASONRY PRISMS					
9190	Compression Test, Grouted Prisms, ASTM C1314	5	$325	Next Day	$650
9200	Trimming Grouted Prisms	5	$150	Next Day	$300
MORTAR & GROUT					
9250	Compression Test 2” Mortar Cubes, ASTM C109	5	$62	Next Day	$124
9240	Compression, Grout Prisms, ASTM C39	5	$62	Next Day	$124
9230	Compression, Mortar Cylinder, ASTM C39	5	$62	Next Day	$124
ASPHALTIC CONCRETE					
8010	AC Correction Factor, ASTM D6307, CT 382	N/A	N/A	N/A	$565
8020	RAP Aggregate Gradation Correlation Factor, Caltrans LP-9	N/A	N/A	N/A	$2,850
8070	AC Maximum Density (Avg. of 3 Briquettes) D1188, CT308	N/A	N/A	N/A	$565
8071	AC Maximum Density (Avg. of 3 Briquettes) D1188, CT 308 (S-Value is performed prior to LTMD)	N/A	N/A	N/A	$500
8090	AC Maximum Theoretical Unit Weight ASTM D2041, CT 309 (Rice Specific Gravity)	N/A	N/A	N/A	$425
9460	Asphalt Core Density (4” Core), ASTM D1188, ASTM 2726, CT308	N/A	N/A	N/A	$125
9461	Asphalt Core Density (6” Core), ASTM D1188, ASTM 2726, CT 308	N/A	N/A	N/A	$155
9462	Thickness of Asphalt Cores, CT 308	5	$40	2	$85
8532	Extraction by Centrifuge ASTM 2172	N/A	N/A	N/A	$500
8531	Extraction by Ignition Oven, ASTM D6307, CT 382	N/A	N/A	N/A	$375
8533	Extraction by Reflux Extractor, ASTM D2172 – Method B	N/A	N/A	N/A	$775
8050	Stability Test (Avg. of 3 Briquettes), ASTM D1560, CT 366, (w/o Max. Density test)	N/A	N/A	N/A	$775
8060	Marshall Stability and Flow of Bituminous Mixtures, ASTM D6927	5	$350	3	$700
VOLUMETRIC PROPERTIES OF HMA					
9660	Absorbed Asphalt Binder CT 367	N/A	N/A	N/A	$200
9600	Air Void Content	N/A	N/A	N/A	$200
9670	Bulk Specific Gravity – Admixture Blend CT 367	N/A	N/A	N/A	$200

SUMMARY OF LABORATORY FEES

Effective February 2021

Our Laboratories are accredited by AASHTO, Caltrans, DSA, and the US Army Corps of Engineers

LAB CODE	TEST SPECIFICATION	STANDARD TURNAROUND (BUSINESS DAYS) *	STANDARD PRICING*	RUSH TURNAROUND (BUSINESS DAYS)*	RUSH PRICING*
9640	Dust Proportions, CT 367, Caltrans LP-4	N/A	N/A	N/A	$200
9680	Effective Asphalt Binder of Volume, CT 367	N/A	N/A	N/A	$200
9690	Effective Binder Content, CT 367	N/A	N/A	N/A	$200
9580	Effective Specific Gravity of Aggregate-Admixture Blend, CT 367	N/A	N/A	N/A	$200
9620	Void Filled With Asphalt CT 367, LP-3	N/A	N/A	N/A	$200
9610	Voids in Mineral Aggregate CT 367, LP-2	N/A	N/A	N/A	$200
Note: Lab fees for volumetric properties of HMA per CT 367 are based on tests CT 202, CT 308, CT 309, and CT 382 have been completed.					
FIREPROOFING					
9990	Oven Dry Density, Fireproofing, per sample	5	$100	Next Day	$200

SUMMARY OF LABORATORY FEES

Effective February 2021

Our Laboratories are accredited by AASHTO, Caltrans, DSA, and the US Army Corps of Engineers

- *Rush turnaround times are calculated based on the average minimum time required to complete the test and remain compliant with the applicable test standard.
- *Rush turnaround time prioritizes rush testing over other requested testing and dedicates a technician to complete the rush testing as quickly as possible. Rush turnaround times are estimates only and do not guarantee test completion within the estimated rush testing timeframe.
- *Test turnaround time is the amount of time required to perform the test once started. Test start times are dependent on available labor and equipment. Please contact Lab Services at labservices@engeo.com to determine equipment capacity and availability. Turnaround times are estimates only and do not guarantee test completion within the estimated testing timeframe.
- *The testing fees and test durations listed reflect the standard business hours required to perform the test. Samples requiring premium handling will incur additional hourly personnel charges in accordance with the Laboratory Technician Rate presented on our Fee Schedule.
- Add three days to the estimated test duration for soil testing that requires remolded specimens.
- The above fees are reviewed annually and are subject to change. Additional tests are available upon request.
- Prices exclude field collection and transportation to the laboratory.
- Supplemental fees for laboratory preparation of specimens are charged on an hourly basis.
- Where tests are to be run on an immediate need basis (tests to be initiated out of order received and regardless of status of other previously received samples), the expediting fee is 100% of the listed unit rate.
- Sample storage is $100 per month per cubic yard of storage space.
- There is a 3:00 pm cut-off time for sample delivery/test start time.
- Turnaround times are based on samples delivered to the laboratory before 3:00 pm. Turnaround time on samples received after 3:00 pm will begin at 7:00 am the following business day.
- Concrete/masonry compression breaks requested prior to the scheduled break date and/or prior to 7:00 am will be considered rush testing requests and billed a rush fee.
- Witness testing is billed at $150.00/hour per individual witness.

NOTES:

1. Key personnel **must** be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

(CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Consultant MGE Engineering, Inc. ☐ Prime Consultant ☒ Subconsultant

Project No. _____ Contract No. _____ Date 5/7/2021

SCHEDULE OF OTHER DIRECT COST ITEMS (Add additional pages as necessary)				
Description ofItem	**Quantity**	**Unit**	**Unit Cost**	**Total**
Mileage Costs	1	Mile	0.56	$TBD
Per Diem	1	Day	CT Travel Guide	$TBD
Reproduction	1	Each	At Cost	$TBD
Delivery	1	Each	At Cost	$TBD
Subconsultant 1:				$TBD
Subconsultant 2:				$TBD
Subconsultant 3:				$TBD
Subconsultant 4:				$TBD
Subconsultant 5:				$TBD
Subconsultant 6:				$TBD
Subconsultant 7:				$TBD

Note: Add additional pages if necessary.

NOTES:

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of DirectCosts:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Name: H. Fred Huang Title *: President

Signature : H F Huang Date of Certification (mm/dd/yyyy): 5/7/2021

Email: fhuang@mgeeng.com Phone Number: 916-421-1000

Address: 7415 Greenhaven Drive, Suite 100, Sacramento, CA 95831

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

(CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Consultant or AE.U.S. Operations of NV5 Global, Inc Contract No. _____ Date 5/18/2021

SCHEDULE OF OTHER DIRECT COST ITEMS

PRIME CONSULTANT				SUBCONSULTANT #1			
DESCRIPTION OF ITEMS	UNIT	UNIT COST	TOTAL	DESCRIPTION OF ITEMS	UNIT	UNIT COST	TOTAL
Special Tooling				Special Tooling			
A.				A.			
B.				B.			
C.				C.			
Travel				Travel			
A.				A. Mileage	Mile	IRS Rate	
B.				B. Per Diem	Day	GSA Rate	
C.				C.			
				*See attached fee schedule for lab testing rates			
PRIME TOTAL ODCs =			$0	SUBCONSULTANT #1 ODCs =			$0

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentations.
2. Proposed items should be consistently billed directly to all clients (Commercial entities, Federal Govt., State Govt., and Local Govt. Agency), and not just when the client will pay for them as a direct cost.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles purpose. that could be used for the same purpose.

EXHIBIT 10-H12COST PROPOSAL Page 8 of 8

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Proceedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management and Administration of Engineering and Design Related Service
6. 48 Ccode of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.
Local governments are responsible for applying only cognizant agency or Caltrans accepted Indirect Cost Rate(s).

Prime Consultant or Subconsultant Certifying:

Name:	Guillaume Gau	Title *:	Senior Vice President
Signature:		Date of Certification:	5/18/2021
Email:	Guillaume.Gau@NV5.com	Phone number:	(530) 478-1305
Address:	792 Searls Ave Nevada City, CA 95959		

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

1. Names and classifications of consultant (key staff) team members must be listed. Provide separate sheets for prime and all subconsultant firms.
2. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Agreed upon billing rates are not adjustable for the term of contract.
3. For named employees enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

NOTES:

- Denote all employees subject to prevailing wage with an asterisks (*)
- For "Other Direct Cost" listing, see page 7 of this Exhibit

1. Names and classifications of consultant (key staff) team members must be listed. Provide separate sheets for prime and all subconsultant firms.
2. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Agreed upon billing rates are not adjustable for the term of contract.
3. For named employees enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

NOTES:

- Denote all employees subject to prevailing wage with an asterisks (*)
- For "Other Direct Cost" listing, see page 7 of this Exhibit

SPECIFIC RATE OF COMPENSATION (USE FOR ON-CALL OR AS-NEEDED CONTRACTS)

(CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Consultant or AE.U.S. Operations of NV5 Global, Inc Contract No. _____ Date 5/18/2021

SCHEDULE OF OTHER DIRECT COST ITEMS

PRIME CONSULTANT				SUBCONSULTANT #1			
DESCRIPTION OF ITEMS	UNIT	UNIT COST	TOTAL	DESCRIPTION OF ITEMS	UNIT	UNIT COST	TOTAL
Special Tooling				Special Tooling			
A.				A.			
B.				B.			
C.				C.			
Travel				Travel			
A.				A. Mileage	Mile	IRS Rate	
B.				B. Per Diem	Day	GSA Rate	
C.				C.			
				*See attached fee schedule for lab testing rates			
PRIME TOTAL ODCs =			$0	SUBCONSULTANT #1 ODCs =			$0

IMPORTANT NOTES:

1. List direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentations.
2. Proposed items should be consistently billed directly to all clients (Commercial entities, Federal Govt., State Govt., and Local Govt. Agency), and not just when the client will pay for them as a direct cost.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles purpose. that could be used for the same purpose.

EXHIBIT 10-H12COST PROPOSAL Page 8 of 8

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Proceedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management and Administration of Engineering and Design Related Service
6. 48 Ccode of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.
Local governments are responsible for applying only cognizant agency or Caltrans accepted Indirect Cost Rate(s).

Prime Consultant or Subconsultant Certifying:

Name:	Guillaume Gau	Title *:	Senior Vice President
Signature:		Date of Certification:	05/18/2021
Email:	Guillaume.Gau@NV5.com	Phone number:	(530) 478-1305
Address:	792 Searls Ave Nevada City, CA 95959		

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

2021 FEE SCHEDULE

PERSONNEL	HOURLY RATE
Project Assistant	$82
AutoCAD Operator	$105
Technical Editor	$88
Assistant Engineer/Geologist	$120
Staff Scientist	$140
Staff Engineer/Geologist	$140
Project Engineer/Geologist	$160
Senior Engineer/Geologist	$170
Associate Engineer/Geologist	$190
Principal	$240
Expert Testimony and Deposition (four-hour minimum)	$340
Laboratory Shop Rate	$87
Engineering Technician I	$95
Engineering Technician II	$102
Engineering Technician III	$107
Certified Welding Inspector (CWI/AWS)	$119
Non-Destructive Testing (NDT) Technician	$119
ASNT Level III	$173
Supervisory Technician	$128
Construction Services Manager I	$156
Construction Services Manager II	$172

PREVAILING WAGE SERVICES	HOURLY RATE
Field Soils and Materials Tester, Soils/Asphalt	$123
ACI Concrete Tester	$122
ICC Fireproofing	$120
Proofload/Torque Testing	$120
AWS/CWI Certified Welding Inspector	$130
ASNT Level II Non-Destructive Testing (NDT)	$136
ICC Certified Structural Inspector	$127
DSA Masonry/Shotcrete and Lead Inspector	$136
Travel Time – Tester/Inspector	$95

FIELD EQUIPMENT	UNIT RATE
All-Terrain Vehicle	$50/Day
Cone Penetrometer	$120 Half Day/$190 Full Day
Core Drill Machine	$161 Half Day/$263 Full Day
DAQ III/Seismic Refraction Survey	$360/Day
Ground Penetrating Radar/Profometer	$415/Day
Schmidt Hammer	$25/day
pH/Conductivity Meter	$55/Day
Photoionization Detector (PID)	$114/Day
Tension Ram	$32/Day
Simple Field Infiltrometer	$90/Day
Turbidity Meter	$55/Day
Water Quality Meter (pH, conductivity, temperature, DO)	$112/Day
1.5-Inch Pump and Controllers	$150/Day
4-Inch Pump with Trailer	$175/Day

Notes

- Mileage and hourly rates will be charged portal to portal. Mileage will be billed at $0.70 per mile.
- Outside services will be billed at our cost, plus 20 percent.
- Overtime rates for Saturday, Sunday, holiday, or over 8 hours/day: hourly rate plus $35/Hour.
- Double-time rates for Saturday, Sunday, holiday, or over 12 hours/day: hourly rate plus $70/Hour.
- Prevailing wage overtime rates for Saturday or over 8 hours/day: hourly rate plus $35/Hour.
- Prevailing wage double time rates for Sunday, holiday, or over 12 hours/day: hourly rate plus $70/Hour.
- Prevailing wage second shift rates: hourly rate plus $16/Hour.
- A minimum 2-hour fee will be charged for scheduled site visits not cancelled in advance of arrival.
- Per Diem will be billed at cost plus 20 percent unless other arrangements are made.

2021 LABORATORY TESTING SERVICES

Soil	Aggregate	Concrete	Asphalt	ASTM TEST METHODS		UNIT COST
		■		ASTM A615	Reinforcing Steel Bend & Tensile Test to #8	$122
		■		ASTM C39	Concrete Compressive Strength, 4x8	$32
		■		ASTM C39	Concrete Compressive Strength, 6x12	$40
		■		ASTM C40	Organic Impurities in Fine Aggregates for Concrete	$40
		■		ASTM C78	Flexural Strength of Concrete	$111
		■		ASTM C140	CMU Strength, Unit Weight, Absorption	$212
		■		ASTM C780, C109	Compressive Strength Mortar	$32
		■		ASTM C1019	Compressive Strength Grout	$32
		■		ASTM C1314	Compressive Strength Masonry Prisms	$120
■	■	■		ASTM C136	D422A Full Sieve Particle Size Analysis	$148

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

Consultant **SIERRA GEOTECH DBE, INC.** ☐ Prime Consultant ☒ Subconsultant ☐ 2nd Tier Subconsultant

Project No. _____ Contract No. _____ Participation Amount $ _____ Date 5/20/2021

NOTES:

1. Key personnel must be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

SCHEDULE OF OTHER DIRECT COST ITEMS (Add additional pages as necessary)

Description of Item	Quantity	Unit	Unit Cost	Total
% Collapse (ASTM D5333m)	0	EA	$ 175.00	$0.00
Asphalt Binder Content (Caltrans 382)	0	EA	$ 455.00	$0.00
Atterberg Limits (ASTM D4318)	0	EA	$ 200.00	$0.00
Cal Impact (Caltrans 216)	0	EA	$ 350.00	$0.00
California Bearing Ratio (ASTM D1883)	0	EA	$ 500.00	$0.00
Caltrans Package (Min. Resistivity, pH, Chloride, Sulfate)	0	EA	$ 300.00	$0.00
Chloride (ASTM D4327, CT422m)	0	EA	$ 75.00	$0.00
Class II Aggregate Base Specification Suite (R-Value, Sieve, Durability, and SE)	0	EA	$ 800.00	$0.00
Compressive Strength - PCC (Caltrans 521)	0	EA	$ 75.00	$0.00
High Strength Reinforcing Steel Testing	0	EA	$ 300.00	$0.00
Reinforcing Steel Testing (Rebar, Hoops, Couplers, etc.) up to #8 bar	0	EA	$ 200.00	$0.00
Reinforcing Steel Testing (Rebar, Hoops, Couplers, etc.) #9 to #14 bar	0	EA	$ 350.00	$0.00
Direct Shear - CU [ASTM D3080m (Consolidated Undrained)]	0	EA	$ 100.00	$0.00
Bulk Spec. Gravity of Compacted Sample or Core: Paraffin Coated (CTM 308A & ASTM D1188)	0	EA	$ 100.00	$0.00
Lab Tested Maximum Density: Hveem, 3 briquettes (CTM 304, 308, ASTM D1561, D1188)	0	EA	$ 200.00	$0.00
Hveem Stabilometer Test, Premixed, 3 briquettes (CTM 304, 366, ASTM D1560, 1561)	0	EA	$ 200.00	$0.00
Maximum Theoretical Specific Gravity [RICE] (CTM 309, ASTM D2041)	0	EA	$ 150.00	$0.00
Aggregate Quality HMA	0	EA	$ 750.00	$0.00
Compaction Test (ASTM D698, D1557 Method A or B)	0	EA	$ 150.00	$0.00
Compaction Test (ASTM D1557 Method C)	0	EA	$ 150.00	$0.00
Compaction Test (CTM-216)	0	EA	$ 150.00	$0.00
LA Abrasion Test (ASTM C131)	0	EA	$ 185.00	$0.00
Cleanness Value (CTM-227)	0	EA	$ 190.00	$0.00
Crushed/Fractured Particles (CTM-205, ASTM D5821)	0	EA	$ 175.00	$0.00
Durability Index, Method A,B,C or D (CTM-229, ASTM D3744)	0	EA	$ 220.00	$0.00
R-Value Soil/Aggregate Base (CTM-301, ASTM D2844)	0	EA	$ 300.00	$0.00
Gradation Analysis (CTM-202, ASTM D6913)	0	EA	$ 200.00	$0.00
Atterberg Limits (CTM-204, ASTM D4318)	0	EA	$ 240.00	$0.00
Sand Equivalent (CTM-217)	0	EA	$ 140.00	$0.00
Consolidation - Rebound-Reload Loop per point [ASTM D2435 (with Time Rates)]	0	EA	$ 50.00	$0.00
Consolidation [ASTM D2435 (with Time Rates)]	0	EA	$ 300.00	$0.00
Direct Shear - CD [ASTM D3080 (Consolidated Drained)]	0	EA	$ 250.00	$0.00

Direct Shear - CU [ASTM D3080m (Consolidated Undrained)]	0	EA	$ 100.00	$0.00
Durability Index (Caltrans 229)	0	EA	$ 150.00	$0.00
Electrical Resistivity (As Received) (ASTM G57)	0	EA	$ 150.00	$0.00
Expansion Index (ASTM D4829)	0	EA	$ 400.00	$0.00
Expansion Pressure Curve [ASTM D3877m (Expansion Pressure Curve)]	0	EA	$ 175.00	$0.00
Flexural Strength of Concrete (Caltrans 523)	0	EA	$ 125.61	$0.00
Hydraulic Conductivity - CH [ASTM D2434 (Constant Head) <6" Diameter]	0	EA	$ 350.00	$0.00
Hydraulic Conductivity - FH - 4" Diameter, remolded add [ASTM D5084 Method C (Falling Head)]	0	EA	$ 600.00	$0.00
Hydraulic Conductivity - FH - 4" Diameter, undisturbed add [ASTM D5084 Method C (Falling Head)]	0	EA	$ 350.00	$0.00
Making Cylinders - PCC (Caltrans 540)	0	EA	$ 39.50	$0.00
Modified Proctor (Compaction) [ASTM D1557 (6" Mold)]	0	EA	$ 350.00	$0.00
Moisture and Density (ASTM D7263B)	0	EA	$ 50.00	$0.00
Moisture Content - Soils and Aggregate (Caltrans 226)	0	EA	$ 32.79	$0.00
Moisture Content (ASTM D2216)	0	EA	$ 40.00	$0.00
Organic Content (ASTM D2974)	0	EA	$ 125.00	$0.00
Particle Size Analysis (ASTM D422)	0	EA	$ 150.00	$0.00
pH (ASTM G51, CT643, and AASHTO T289)	0	EA	$ 50.00	$0.00
Pinhole Dispersion (ASTM D4647B)	0	EA	$ 450.00	$0.00
Relative Compaction (Caltrans 216)	0	EA	$ 99.55	$0.00
Cleanness Value (CT 227)	0	Test	$ 190.00	$0.00
R-Value (Caltrans 301)	0	EA	$ 325.00	$0.00

Subconsultant:				

Note: Add additional pages if necessary.

NOTES:

1. List other direct cost items with estimated costs. These costs should be competitive in their respective industries and supported with appropriate documentation.

2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the same purpose.
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 3 of 3

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

1. Generally Accepted Accounting Principles (GAAP)
2. Terms and conditions of the contract
3. Title 23 United States Code Section 112 - Letting of Contracts
4. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
5. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
6. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.
Local governments are responsible for applying only cognizant agency approved or Caltrans accepted Indirect Cost Rate(s).

Prime Consultant or Subconsultant Certifying:

Name: Shaun Vemuri Title*: Managing Principal

Signature:  Date of Certification (mm/dd/yyyy): 5/20/2021

Email: shaun@sierrageotech.com Phone Number: 916-917-6673

Address: 4470 Yankee Hill Rd, Ste 110, Rocklin, CA 95677

*An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

NOTES:

1. Key personnel **must** be marked with an asterisk (*) and employees that are subject to prevailing wage requirements must be marked with two asterisks (**).All costs must comply with the Federal cost principles. Subconsultants will provide their own cost proposals.
2. The cost proposal format shall not be amended.
3. Billing rate = actual hourly rate * (1+ ICR) * (1+ Fee). Indirect cost rates shall be updated on an annual basis in accordance with the consultant's annual accounting period and established by a cognizant agency or accepted by Caltrans. All costs must comply with the Federal cost principles for reimbursement.
4. For named employees and key personnel enter the actual hourly rate. For classifications only, enter the Average Hourly Rate for that classification.

SPECIFIC RATE OF COMPENSATION (USE FOR ON-CALL OR AS-NEEDED CONTRACTS) (CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Consultant UNICO Engineering, INC ☐ Prime Consultant x Subconsultant

Project No. Roseville On-Call RE and Inspection Contract No. _____ Date 05/08/2021

Subconsultant 3:				$
Subconsultant 4:				$
Subconsultant 5:				$

Note: Add additional pages if necessary.

NOTES:

2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be pre-approved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by mileage logs.
8. If a consultant proposes rental costs for a vehicle, the company must demonstrate that this is its standard procedure for all of their contracts and that they do not own any vehicles that could be used for the
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principles.
10. Add additional pages if necessary.
11. Subconsultants must provide their own cost proposals.

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract

10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

RESOLUTION NO. 21-496

APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND GHIRARDELLI ASSOCIATES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an on-call professional services agreement to provide Construction Resident Engineer and Inspection Services, by and between the City of Roseville and Ghirardelli Associates, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said on-call professional services agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute amendments to the on-call professional services agreement as needed to update the rates of compensation as provided in Exhibit "B" of the agreement.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 20___, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

_____
MAYOR

ATTEST:

_____
City Clerk

ON-CALL PROFESSIONAL SERVICES AGREEMENT

Construction Resident Engineer and Inspection Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and Ghirardelli Associates, Inc., a California corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal # 15-94 for professional services consisting of on-call resident engineer and inspection services; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated May 21, 2021, which describes the scope of services to be performed by CONSULTANT, and the hourly rates for performance of such services; and

WHEREAS, CONSULTANT is qualified and experienced to provide professional construction resident engineer and inspection services on an on-call basis.

NOW, THEREFORE, the parties agree as follows:

1. Term. The term of this Agreement shall commence upon execution and expire on December 31, 2024. The City Manager may, in his or her discretion, elect to extend the Agreement in one (1) year increments for up to an additional two (2) years by giving CONSULTANT thirty (30) days advance written notice of each optional one (1) year renewal. Such extensions shall be memorialized by a written amendment to this Agreement.

2. Services. CONSULTANT shall perform, at the direction of CITY, the scope of the on-call services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. Individual tasks will be awarded by CITY on an as-needed basis. CITY may assign work to one, or more than one consultant from an approved qualified list. CITY reserves the right to unilaterally assign work to any consultant as it deems prudent or, if no services are required, no work. CITY makes no specific guarantee of a minimum or maximum number of hours or amount of tasks or services, which shall be required of any single consultant. In addition, the inclusion of any consultant on any qualified list, if so utilized by CITY, shall in no way be considered an exclusive agreement to provide service for CITY.

3. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT "B," attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million dollars per year ($1,000,000) for an overall total compensation for the initial term not to exceed three million dollars ($3,000,000). Total compensation for optional renewal years of this Agreement shall not exceed one million dollars per year ($1,000,000). Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

4. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

5. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory

Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

6. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

7. Prevailing Wages. CONSULTANT shall comply with all applicable prevailing wage laws, including, but not limited to, any and all applicable federal prevailing wage requirements for task agreements that utilize federal funds. Additionally, CONSULTANT shall require its subcontractors, if any, to comply with all applicable prevailing wage laws for services performed under this Agreement. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the

contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Fiscal and Federal Provisions. CONSULTANT shall abide by all fiscal and federal provisions as contained in Exhibit 10-R, A&E Boilerplate Agreement Language, and included in the Request for Proposal (RFP) as Attachment B.

10. Time is of the Essence. Time is of the essence of this Agreement.

11. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

12. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

13. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

14. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY.

CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

15. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

16. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any

company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

17. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

18. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this

Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

19. Termination of Agreement. CITY may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. CONSULTANT understands that continuation of this Agreement past June 30th of any given year is contingent upon appropriation of funds for such purpose in the budget of the City of Roseville in the sole discretion of the City Council. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any MATERIAL, notwithstanding any termination or any dispute regarding the amount to be paid.

20. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

21. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

22. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

23. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Jason Shykowski, Public Works Director 311 Vernon Street Roseville, CA 95678	Gina Prchlik Project Manager 2990 Lava Ridge Court, Ste. 120 Roseville, CA 95661

Either party may amend its address for notice by giving notice to the other party in writing.

24. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

RE: On-Call Construction Resident Engineer & Inspection Services

Ghirardelli Associates (Ghirardelli) is pleased to submit a qualified, experienced, locally based, and a readily available consulting team in response to City of Roseville's (City) **Request for Proposals for On-Call Construction Resident Engineer and Inspection Services.** This team will perform all services and adhere to the requirements described in the RFP. This also includes Addendum #1 dated May 12, 2021 and Addendum #2 dated May 13, 2021.

We founded our firm over 20 years ago to serve the construction management needs of local agencies like City of Roseville – this is our company's primary focus and core competency. Since inception, Ghirardelli has performed on more than 80 on-call construction management contracts for City and County public work agencies. Ghirardelli's office is in the City of Roseville and our employees live and work within the surrounding communities. We have the drive to perform work in our own backyard.

Why Ghirardelli?

Highly Skilled Team — It all boils down to experience. Our professional personnel and technical support staff have previously worked extensively on roadway and bridge construction projects with various funding requirements throughout northern California for local municipalities, as well as Caltrans. In addition, we have joined with **RFE Engineering, Webster Engineering, Albat**, and **Bennett Engineering** to provide an even deeper bench of services and meet any required DBE goals. We have also selected **BSK Associates, Kleinfelder Inc., and Terracon Consultants, Inc.** as our special inspection firms - all of which we have existing excellent working relationships.

Our team has the flexibility and skills required to provide experienced construction management services to the City. The entire team has excellent working knowledge of Caltrans Standard Specifications and Standard Plans, Caltrans Local Assistance Procedures Manual, and MUTCD Manual as well as many local and regional agencies standards such as City of Roseville Construction Standards.

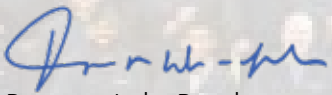
We have delivered services on many projects that were of an immediate nature and administered with no published project-specific plans or specifications with compensation to the Contractor on a time and materials basis. Our staff has the capability to deliver quality services with minimal guidance and supervision.

Highly Motivated and Qualified Project Manager — As a City of Roseville native, our Project Manager, **Gina Prchlik, PE, QSD** is personally invested in providing construction management services to the City. Upon our selection, Gina will meet with the City's project manager to review project scopes/timelines and will hand-select the correct team based on relevant experience and availability. She has a comprehensive understanding of the resource and staffing requirements necessary for successful construction administration and project delivery. She leads a team that regularly receives training in safety, inspection, control of materials, and contract administration.

Gina began her career working for Caltrans Structures Construction before coming to Ghirardelli to work as resident engineer with several local agencies throughout the Greater Sacramento Area. She most recently served as the resident engineer of the federally funded Mariposa Safe Routes to School Phase 3 Project for the City of Citrus Heights and is currently the resident engineer for the Federally Funded Sonoma County's Boyes Blvd Bridge Replacement Project. Gina's projects are regularly audited by the Caltrans Local Assistance office and so she has developed a long record of successful audits, in particular with District 3's oversight engineer Osama Abu-Markhieh.

Local Experience - Our team has local experience and knows the unique needs of the area. We have most recently worked locally with Placer County, City of Citrus Heights, City of Elk Grove, City of West Sacramento, and El Dorado County. Resident Engineer **Chuck Dory, PE** was personally requested for El Dorado County's Diamond Springs Parkway Phase 1A / SR-49 Realignment Project which included the heavy Caltrans interaction, traffic handling, and public relations. Resident Engineer **Gina Prchlik, PE, QSD** and construction inspector **Keith Hixson, CESSWI** successfully completed City of Citrus Heights Mariposa Ave Safe Routes to School Phase 3 project where 21 residential driveways were reconstructed, and new ADA compliant sidewalk was installed along a mile stretch of city street. **Thanh Dickerson, PE** recently served as lead inspector for various improvements on Hwy 49 as part of our Caltrans D3 On-Call Contract and is currently the structure representative on the Hwy 50 Corridor Enhancement and Rehabilitation Project. Resident Engineer **Justin Palmaymesa, PE, CWI, PCI III, NACE II** is currently the resident engineer for City of Elk Grove's Elk Grove Florin Road Sidewalk Infill Project and last season work as the electrical inspector for Placer County Community Development Agency's Penryn and Taylor Road Intersection Signalization project.

COVID-19 - Ghirardelli is committed to providing the support the City needs to adjust to the new world we live in during the COVID-19 pandemic. Our team will provide the resources and professionals to ensure the City can safely and effectively operate during these challenging times. For the safety of our employees and others that are on-site, we provide both face masks, hand sanitizer and continual training on CDC guidelines to our Associates. For any meetings that can be done remotely, we have integrated Microsoft Teams to seamlessly continue day-to-day business.



In Closing

Ghirardelli understands Attachment A shall be executed by an offical legally authorized to bind us which state that the proposal will be valid for ninety (90) days. A copy of the Proposer's Certification is under Tab G. We appreciate the opportunity to submit this proposal and look forward to meeting with you to further discuss our qualifications. In the meantime, if you have any immediate questions or comments, please contact Gina Prchlik, who will be our primary contact for this project. Gina can be reached at (510) 681-4275 or via email at gprchlik@ghirardelliassoc.com.

As a principal of the firm, I have the authority to bind the firm/team. Please contact me during the evaluation period by using the information below.

Sincerely,

Ghirardelli Associates, Inc.

STATEMENT OF QUALIFICATIONS

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

TAB A: STATEMENT OF QUALIFICATIONS

FIRM PROFILE

Founded in 1999, Ghirardelli Associates focuses 100% on our core business of construction management and inspection. We currently employ 140 Associates, all of whom are full-time construction management professionals. With a 20-year history of project delivery to agencies throughout California, Ghirardelli will provide the City of Roseville with the necessary professionals to manage projects from startup to closeout.

Ghirardelli has a local office in Roseville that will support the City. Our goal is to facilitate services from our available local staff to serve the City whenever and wherever we are asked. All staff proposed as key personnel to support this contract are local to the area and understand the region, its stakeholders, and needs unique to the area.

Ghirardelli's Mission Statement is to

- Create a Cohesive, Organized, Well-Managed, and Agile firm that believes in:
- Long Term Employee and Client Relationships
- Intentional, Steady Growth;
- Doing What We Say We're Going to Do;
- Delivering Quality Work and High Levels of Service at a Reasonable Profit;
- And Walking the Talk of our Core Values.

Ms. Prchlik and all our leaders are hands-on, collaborative managers. Her involvement does not end when a Resident Engineer or inspector is assigned. There is continuous communication and oversight of the day-to-day operations which allows her to keep a finger on the pulse of the ongoing projects. She will set up regular meetings with the City's contract manager to ensure that the quality of services delivered is exceeding expectations.

PRIMARY SERVICES & TECHNICAL EXPERTISE

We have performed work on more than 80 different on-call construction management contracts for city and county public works agencies. Our proposed staff can manage multiple concurrent construction projects and operations, and they can deliver quality services with minimal guidance and supervision.

Scope of Services

- Construction Management and Inspection
- Constructability/Biddability Review
- Contract Administration
- Office Engineering
- Scheduling/Schedule Control
- Cost Control and Estimating
- CCO Analysis/Negotiation

Specialized Expertise

- Roadway and Bridge Widening
- Bridge Construction
- Grade Separations
- Ped/Vehicular Overcrossing
- Intersection Improvements
- Pathways, Trails, and ADA Access
- Claims Avoidance/Resolution
- Signals, lighting, and signage
- Retaining walls
- Utility Relocation/ Replacements
- Drainage Systems and SWPPP
- Traffic and Pedestrian Control
- Community Relations
- Project Closeout

"ON-CALL" EXPERTISE

We specialize in on-call construction management and inspection. We have been involved with on-call construction support contracts for cities, counties, and utility agencies throughout California. We know that on-call contracts provide the owner with staffing flexibility and stop/start opportunities to suit specific project needs. We understand the need for precise communication, high-quality performance, and adaptability for dynamic project requirements and conditions. We are committed to tailoring our professional services to meet your most unique project challenges.

At Ghirardelli, we are always seeking out ways to improve all aspects of our operations continually. We have provided full-size, extended cab pickup trucks or SUVs to our staff to allow for year-round access to remote worksites during winter and wet weather conditions. Our staff is equipped with cellular phones, laptop computers, digital cameras, wireless connections, combination printer/copier/scanner/fax, safety equipment (PPE), measuring devices, and small tools. Our staff's vehicles are equipped to function as mobile offices, which allow members to operate in the field longer with increased efficiency. Each resident and office engineer is thoroughly trained and equipped before stepping foot on your project and will start immediately delivering the value you can count on with Ghirardelli.

FEDERALLY FUNDED HIGHWAY PROJECT EXPERIENCE

Through our experience with public agencies, we have demonstrated our ability to comply with all of the reporting requirements and to effectively manage projects that have included FEMA and Federal- HBP, HBRR, ER and STIP funding requirements. Additionally, all of our project managers, resident engineers, structures representatives, and inspection staff have extensive experience managing projects in accordance with the Caltrans Local Assistance Procedure Manual, Chapters 15, 16, and 17, which will allow them to successfully manage and administer the contract under the required funding and management guidelines.

CONSTRUCTION MANAGEMENT

From local communities to state agencies, we provide full-service construction management services, including program management, budgeting/funding, scheduling, estimating, contract document reviews, project controls, pre-construction, permitting, design and utility coordination, constructability and biddability reviews, claims negotiation, change order management, inspection, community outreach, training, and project closeout.

Ghirardelli believes there are three major contributors in providing quality construction management services. First, we have the right philosophy and a clear understanding of our purpose. Second, we have clear and consistent procedures and make sure they are used. Third, we have a solid core of hard working and devoted staff that understands the importance of getting the job done right. By following these principles, Ghirardelli will provide consistency and quality during our administration of a given project.

During construction Ghirardelli evaluates and recommend changes to the contractor's schedule that could improve job progress. We consistently monitor the contractors CPM and our resident engineers work with the contractor to identify areas that are behind schedule while assisting the contractor with suggestions to bring the project back on schedule.

SOURCE INSPECTION

Ghirardelli is uniquely positioned to support the City in meeting the quality assurance requirements imposed by federal regulations 23 CFR 637. Oftentimes, without the appropriate support, agencies are taken by surprise with the source inspection requirements Caltrans imposes on Local Assistance Projects. **Aaron Prchlik PE, QSD, CWI, PCI II** and **Justin Palmaymesa PE, QSD, CWI, PCI III, NACE II** represented Caltrans as Materials Engineers responsible for instituting the department's Quality Assurance and Source Inspection guidelines. Aaron and Justin both hold multiple certifications and have years of structural material inspection experience including precast concrete, structural steel welding, coatings and bolting which allows them to perform the actual inspections as well as development of the Source Inspection Quality Management Plan (SIQMP) required by Caltrans. Their experience, relationships within Caltrans, and overall knowledge of the source inspection process allows them to make sure procedural issues with fabricated materials never become unmanageable issues on their projects. Source inspection of electrical equipment is often overlooked, and our electrical inspectors are well versed in Caltrans electrical source inspection requirements. They are equipped to conduct any inspection required.

We have also added **Kleinfelder** to the team for non-destructive testing (NDT) requirements.

EXPERIENCE WITH DEISGN STANDARDS

Our team brings vast experience working with local city specifications and adapting and utilizing each agency's specifications. We will do the same with the City of Roseville's Construction Standards. We have most recently worked locally with City of Elk Grove, City of Citrus Heights, Placer County, and El Dorado County – each with their own specific set of standard and procedures and often referencing other agency standards. For example, recently **Gina Prchlik, PE, QSD** and **Keith Hixson, CESSWI** worked with the City of Citrus Heights to construct new ADA compliant sidewalk, curb ramps, and driveways. The project Specifications utilized City of Citrus Heights standard plans and ADA Transition Plan, Sacramento County Specifications, as well as Caltrans standard specifications to which our team upheld and enforced.

TAB A: STATEMENT OF QUALIFICATIONS

Our team brings an impressive background in both civil and structures experience. Ghirardelli has also been part of Caltrans on-call contracts for both civil and structures within District 3 for years. Our staff utilizes Caltrans Specifications and Standards on almost every job we perform. For civil pavement projects, Section 37 of the Caltrans Standard Specifications will be adhered to with any modifications the City has implements through the project's Special Provisions. Structures projects will utilize the Highway Bridge Manual and look to the several Caltrans structures manuals that are available. These include the Foundations Manual, Bridge Construction Records and Procedures Manuals, Falsework Manual, Foundations Manual, and Trenching and Shoring Manual.

TRUSTED SUBCONSULTANTS

Per the RFP, our three special inspection firms are BSK Associates, Kleinfelder, Inc., and Terracon Consultants, Inc.

BENNETT ENGINEERING (DBE - CONSTRUCTABILITY REVIEW)

Located in Roseville, Bennett Engineering Services (BEN|EN) takes pride in finding innovative and cost-effective engineering solutions to transportation, water, wastewater, drainage, site improvement, and other infrastructure projects. Through ownership transitions Bennett Engineering Services, as it is organized today, has been providing service since 1995. BEN|EN is a certified disadvantaged business enterprise (DBE #43459) and small business enterprise (SBE #52302). The office is located at 1082 Sunrise Ave., Suite 100, Roseville, CA 95661.

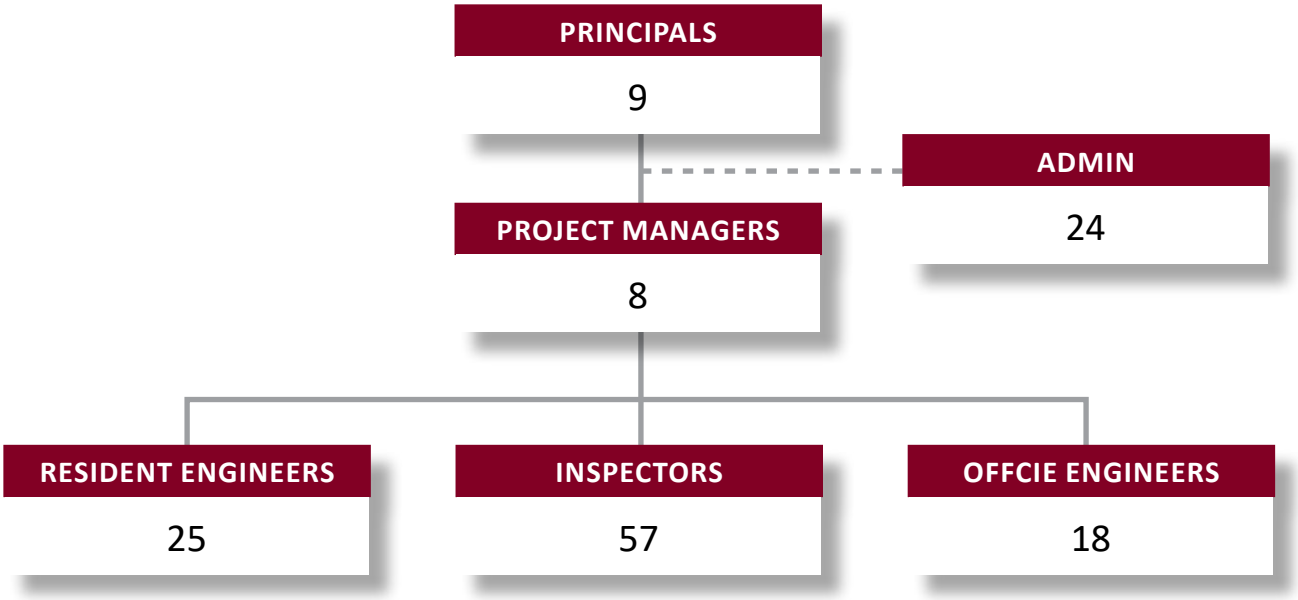
Bennett Engineering Services (BEN|EN) possesses a keen understanding of the City's standards and procedures. Our office is located within the City of Roseville so we will be just minutes away from any City project location. BEN|EN has successfully delivered the following transportation projects for the City:

- Roseville Parkway Extension
- Roller Compacted Concrete
- Dry Creek Greenway East Trail
- Woodcreek Oaks Blvd & McAnally Drive Parking Lot
- Roseville Rd. Realignment SWPPP Services
- Riverside Ave. Streetscape
- Blue Oaks Blvd. Widening Improvements

WEBSTER ENGINEERING (DBE - INSPECTION)

Founded by Katherine Webster, Webster Engineering, Inc. (WE) is a DBE certified civil engineering consulting firm. WE provides a wide variety of services in all phases from Preconstruction through Construction on highway and bridge related projects. Construction Management services include engineering support, field inspection, contract management, project cost control, scheduling, utility relocation coordination and project closeout. Katherine's experience stems from working for years in the construction industry building bridges, roads and buildings in California with recent experience working at the City of Placerville on federally funded projects. Her experience includes working with Caltrans Standards, federal funding programing, Local Assistance, utility coordination and Caltrans encroachment permits. Katherine's experience working for the City of Placerville gives her greater understanding and insight of local project requirements and needs. WE has extensive experience with Office Engineering on numerous Federally Funded projects working for a variety of agencies.

ALBAT (DBE - OFFICE ENGINEERING)



Albat is a newly formed DBE/SBE firm providing Project Management, Construction Management, and Inspection services to the greater Sacramento region. Dedicated to providing clients with quality services, Albat supports projects by understanding our client's issues, collaborating on effective solutions, and moving projects forward. Our professional engineers, inspectors, and administrative support staff come from diverse background and a wide range of disciplines having supported projects for federal, state, and local agencies for roadway and bridge projects, remediation program management support, materials engineering, and quality management. Albat currently provides construction management and office engineering services on several local agency, federally funded contracts and projects, including the Humboldt and Placer County On-Call contracts for Construction Management and Inspection services.

RFE ENGINEERING (DBE - CONSTRUCTION REVIEW & INSPECTION)

Since 2003, RFE has been providing full service civil engineering, planning, and survey services to the public and private sectors throughout California. RFE are a Certified Small Business with the California Department of General Services and certified MBE/DBE firm with Caltrans. RFE also are a certified Small Business Public Works contractor with the State of California.

RFE is a Roseville firm and over half of our staff are Roseville residents. RFE believe that being a Roseville firm is a key advantage for this contract as our staff frequently use City facilities and have a vested interest in the success of these projects. RFE have completed over 45 projects within the City of Roseville which has given us a wealth of experience in coordinating with City staff. Two of our projects are the design of Fiddyment Ranch Park and the bikeway from Darling Drive to Douglas Boulevard. As a result, RFE are experienced in using the City's Public Works Design & Construction Standards.

ON-CALL CONSTRUCTION RESIDENT ENGINEER & INSPECTION SERVICES UNDERSTANDING

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

TAB D: ON-CALL CONSTRUCTION RESIDENT ENGINEER & INSPECTION SERVICES UNDERSTANDING

Ghirardelli is well-qualified to assist the City of Roseville (City) in the delivery of construction projects with a scope similar to the ones listed in the City's Capital Improvement Projects. We have performed on more than 80 on-call construction management services contracts for local city and county public work agencies. We have delivered hundreds of comparable projects to the City's CIP list throughout the state including local municipalities such as City of Elk Grove, City of Citrus Heights, City of West Sacramento, City of Sacramento, Placer County and El Dorado County as well as Caltrans District 3.

Ghirardelli's resident engineers and construction inspectors shall be knowledgeable of the contract documents in order to perform in their role effectively. Our team bring years of experience and working construction knowledge therefore getting "up to speed" on project specifics is a quick process. The team is well versed in Caltrans Standards and Specifications, MUTCD Manual, Cal-Osha Safety Orders, NPDES General Permit, best management practices (BMP), and the Caltrans Local Assistance Procedures Manual (LAPM).

EXPERIENCE & UNDESTANDING OF POTENTIAL PROJECTS

We have reviewed the City's available information on upcoming Capital Improvement Projects and have chosen four sample projects to highlight our knowledge and experience. On the following pages are some key issues and challenges for the City to be aware of that the staff members of the Ghirardelli team have encountered on previous similar projects.

DRY CREEK GREENWAY PHASE 1

Construction Value: Unknown

Scope of Work: Construct 4.25 miles of Class I multi-use paved trail along Dry, Cirby, and Linda Creeks. Project begins near Darling Way/Riverside Avenue and continues east to the city limits passed the Old Auburn Road/South Cirby Way intersection and will include new bridges, retaining structures and utility relocation. Estimated

Funding Source: The project was awarded an "Active Transportation" grant which partially funds the project. The City anticipates obtaining additional transportation or recreation-related grant funds that should allow for trail construction from Darling Way to Rocky Ridge in approximately 2021.

Potential Issues/Challenges	Previous Projects Where Ghirardelli Associates Staff Mitigated Similar Issues
Trail weaves through several residential neighborhoods *-Include Public Relations aspect to alert local residents, nearby schools, etc. of major construction activities including detours, truck staging, loud operations such as pile driving, etc.* *-Work hours will be constricted to daytime work only for these cases.* *-Establish strong relationships with residents most impacted by the construction and ensure that they are aware of the operations and timeline*	**Elk Grove Florin Road and Elk Grove Park Sidewalk Infill Project for the City of Elk Grove** – Resident Engineer Justin Palmaymesa, PE; Construction Inspector Keith Hixson. CESSWI
Trail crosses existing roads which may result in pedestrian and bicycle safety concerns *-Special attention to traffic control plans will be needed at transitions from road to trail* *-Identify detour options for current path users in the case of full closure*	**San Francisco Bay Trail for The City of Hercules**– Resident Engineer Gina Prchlik, PE; Source Inspector Aaron Prchlik, PE and Justin Palmaymesa, PE
Prefabricated steel truss bridges will be used. Typically, the material will be tubular steel *-Check welding and which code is specified in the Contract Document.* *-Depending on year of adoption bridge welding code may not cover tubular steel* *-Provide review of QC plans by experienced and certified personnel and QA inspection if necessary*	**Gerle Creek Bridge Replacement for County of El Dorado** – Resident Engineer/Structures Representative Chuck Dory, PE;
Utility relocation *-Coordinate between utility owners early and often to provide pothole data and identify scheduling concerns* *-Identify impacts ahead of construction and relocate utilities prior to construction whenever possible* *-Mitigate impacts by reviewing plans to identify staging opportunities and reviewing the contractor's schedules*	**Washington District Infrastructure for the City of West Sacramento** – Resident Engineer Thanh Dickerson, PE; construction inspector Jay Ryan and John Schwartzler

ROSEVILLE PARKWAY EXTENSION

Construction Value: $17.5 ($18.75 M noted in City Video)

Scope of Work: This project consists of a three-quarter mile westerly extension of four lanes (two in each direction) between Washington Blvd. and Foothills Blvd. Work includes a new bridge over Industrial Avenue and UPRR tracks. Improvements at the intersection of Roseville Parkway and Washington Blvd as well as Roseville Parkway and Foothills Blvd. Other improvements include changes to the existing roundabout located west of Roseville Parkway, class II bike lanes and multi-use path, street lighting, sidewalk, landscaping and irrigation.

Funding Source: Developer-paid Traffic Mitigation Fees, No City General Fund or Measure B contributions.

Potential Issues/Challenges	Previous Projects Where Ghirardelli Associates Staff Mitigated Similar Issues
Impacts to adjacent businesses, working around existing driveways while maintaining access, coordination with business owners and public *-Review existing agreements with businesses.* *-Review notifications and coordinate directly with businesses.* *-Identify staging opportunities to maintain open driveways.*	**Mariposa Safe Route to School Phase 3 for the City of Citrus Heights** – Resident Engineer Gina Prchlik, PE; Construction Inspector Keith Hixson, CESSWI **Diamond Springs Parkway SR-49 Realignment Phase 1A Project for the County of El Dorado** – Resident Engineer Chuck Dory PE; Assistant Resident Engineer Gina Prchlik PE; Source Inspection Justin Palmaymesa, PE **San Francisco Bay Trail for The City of Hercules** – Resident Engineer Gina Prchlik, PE; Source Inspector Aaron Prchlik, PE and Justin Palmaymesa, PE **Veterans Blvd Grade Separation for the City of Fresno** – Construction Inspector Jay Ryan
Relocation of various wet and dry utilities along roadway alignment, possibility for conflicts *-Identify impacts ahead of construction and relocate utilities ahead of construction whenever possible* *-Mitigate impacts by reviewing plans to identify staging opportunities and reviewing the contractor's schedules* *-Coordinate with utility owners early and often to provide pothole data and identify scheduling concerns*	
Utility relocation and coordination (design approval, inspection, and acceptance) of existing high voltage electrical and telecom lines at proposed bridge location: Mitigation of utility relocation includes: *-Relocating utilities prior to construction whenever possible* *-Coordinate with design prior to construction to discuss issues, establish tentative construction scheduling and allow for turnover of communication between utilities during design* *-Establishing lines of communication by identifying key contacts, maintaining contacts and including them in pre-construction meetings* *-During construction it is imperative to communicate schedule updates and hold separate utilities meetings prior to relocation activities*	

Roseville Parkway Extension Continued...

Potential Issues/Challenges	Previous Projects Where Ghirardelli Associates Staff Mitigated Similar Issues
Right of way acquisitions and easement coordination must be in place, grant deed with exhibit filed with Recorder's Office *-If not secured prior to construction conduct regular meetings with the City to review what agreements are left, understand timeline, and coordinate with the contractor to adjust their schedule* *-Review ROW agreements prior to work and discuss at preconstruction and weekly meetings*	**Kato Road Grade Separation for Valley Transportation Authority** – Assistant Resident Engineer Gina Prclhik PE
Construction over UPRR *-Identify UPRR impacts, requirements for submittals and review perio* *-Coordinate Right of Entry (ROE) when working on UPRR ROW* *-Identify special safety considerations including UPRR inspectors, trainings, specific PPE requirements and working windows when working in UPRR ROW* *-Ensure that contractor coordinates UPRR flagging is in place whenever work is being done near the railroad, as required*	
Construction within active traffic (intersection improvements) *-Identify opportunities for construction scheduling to reduce impacts to the public and implement nightwork if necessary.* *-Review contractor traffic control plans for impacts to traffic, bicyclists and pedestrians.* *-Inspect operations to verify compliance and resolve issues observed in the field.*	

WASHINGTON ROUNDABOUT

Construction Value: $4.4 M

Scope of Work: This intersection change is a required environmental mitigation measure following the Placer County Fairgrounds expansion. This project will utilize a new roundabout to optimize traffic flow in and out of the facility. Improvements include a multi-use pathway, new crosswalks, enhanced safety and accessibility for bicyclists and pedestrians, landscaping, and improved roadway aesthetics.

Funding source: Paid for by Congestion Mitigation and Air Quality (CMAQ) and Transportation Development Act (TDA) Funding.

Potential Issues/Challenge	Previous Projects Where Ghirardelli Associates Staff Mitigated Similar Issues
Impacts to adjacent businesses and, working around existing driveways while maintaining access, coordination with business owners and public *-Review existing agreements including ROW access with businesses.* *-Ensure signage barricades are utilized to notify public of street parking restrictions* *-Review public notifications to businesses and residents in advance of paving operations* *-Maintain jobsite appearance & public relations throughout the project*	**Table Mountain Blvd Roundabout for City of Oroville** – Resident Engineer Chuck Dory, PE; Assistant Resident Engineer Gina Prchlik PE, Construction Inspector Brad McKeehan
Impacts to adjacent residents include work on residential streets and maintaining access *-Establish strong lines of communication with residents and ensure that they are aware of construction operations and timeline of events* *-Review existing agreements with residents including ROW access and closures* *-Review public notifications to businesses and residents in advance of paving operations* *-Reduce impacts to public by maintaining access with staging of operations or minimizing scheduled closures*	**Sheldon Road/Waterman Road Roundabout Intersection Improvements for the City of Elk Grove** – Resident Engineer Sherri Berexa, PE, QSP, ENV SP
Construction within active traffic (intersection improvements) resulting in heightened safety concerns *-Identify opportunities for construction scheduling/staging to reduce impacts to the public and implement nightwork if necessary* *-Review contractor traffic control plans for impacts to traffic, bicyclists and pedestrians* *-Inspect operations to verify compliance and resolve issues observed in the field*	**ADA Curb Ramp and Sidewalk Upgrade Project for Caltrans District 1** – Construction Inspector Gary Lambeth
Grade matching at conforms including curb/gutter elevations and pavement transitions. *-Utilize survey and verify line, grade, and functionality of proposed curb and gutter to ensure compliance with City standards as well as drainage performance.* *-Review superelevation to existing pavement conforms and verify smooth transitions in and out of the roundabout* *-Hold pre-pave conference to discuss paving approach with contractor prior to construction*	**Ralston Ave Pedestrian Improvement Project for City of Belmont** – Construction Inspector Teck Low
Ensuring ADA compliance at new sidewalk transitions and curb ramps *-Work with survey and contractor to verify transitions and curb ramps can meet slope, elevation and dimensional requirements and are compliant with current ADA standards*	

ANNUAL RESIDENTIAL & ARTERIAL ROADS RESURFACING

Construction Value: $8.3 M

Scope of Work: Pedestrian curb ramps will receive updates to meet current Americans with Disabilities Act (ADA) accessibility. The project will also include resurfacing at various locations on residential and arterial streets for a total of sixty-five lane miles through Fall of 2021.

Funding source: Federal Highway Infrastructure Program grant funds and Regional Surface Transportation Program.

Potential Issues/Challenges	Previous Projects Where Ghirardelli Associates Staff Mitigated Similar Issues
Impacts to adjacent businesses, working around existing driveways while maintaining access, coordination with business owners and public *-Review existing agreements with businesses to understand their needs and requirements and ensure that they are met by the Contractor* *-Ensure signage barricades are utilized to notify public of street parking restrictions* *-Review public notifications to businesses and residents in advance of paving operations* *-Establish continuous communication and relationship with business owners who are heavily impacted to ensure they are aware of construction operations and timeline*	**On-Call Roadway Projects for Caltrans District 1 and 3** –Construction Inspectors Donna James, Brad McKeehan, Gary Lambeth, Aaron Thomas, Helena Allison **Ferrari Ranch Road Improvements for the City of Lincoln** – Construction Inspector John Schwartzler **Bond Road Median Improvements and Resurfacing Project for the County of Sacramento** – Construction Inspector Dennis Miller **Street Saver Pavement Preservation Street for the County of Marin** – Construction Inspector Cesar Lara **Measure Q Pavement Maintenance Project for the City of Concord** – Construction **Inspector Mark Reuter** **Annual Pavement Rehabilitation for the City of Orinda** – Construction Inspector Donna James
Environmental conditions for resurfacing material *-Check weather forecast for optimal air and ambient temperatures during placement and within 24 hours of placement*	
Preparation and paving operations *-Ensure material compliance based on specifications for type of resurfacings (cape seal, slurry seal, microsurfacing, etc.)* *-Proper cleaning of existing pavement* *-If crack sealant is required, ensure proper material and coverage* *Monitor application and spread rates*	
Protecting existing facilities including manholes, utility covers, grates and survey monuments during operation *-Require the contractor to provide an inventory of all items that could be covered by paving operations and review with the contractor prior to paving activities*	
Residual material left behind from paving/resurfacing operations *-Inspect roadway prior to opening to traffic*	
Quality Control Testing *-Review QC plans for compliance with City specifications*

ON-CALL CONTRACT PROJECT PLAN

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

ON-CALL PROJECT PLAN

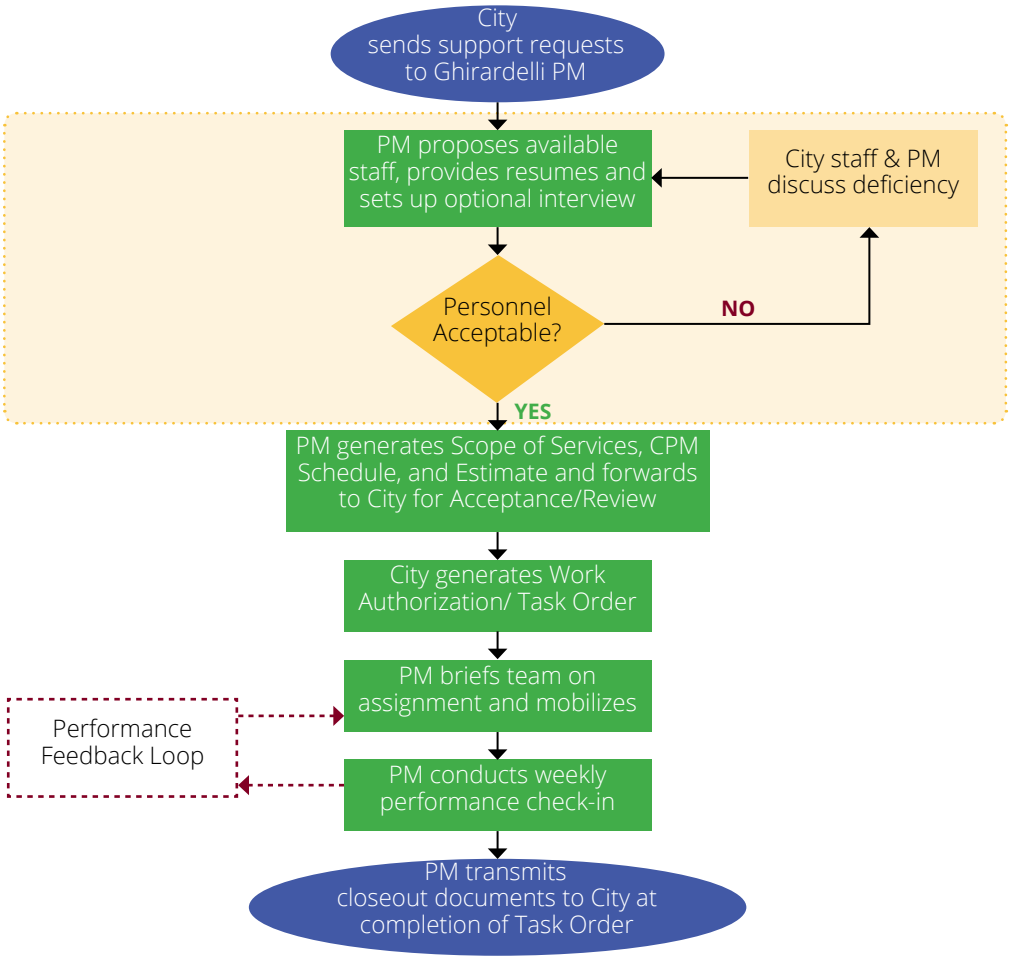
Ghirardelli's approach to the on-call resident engineer construction inspection services for the City of Roseville is two-fold: 1) The Project Manager's role of managing the on-call contract to provide the City the right staff, and 2) the assigned staff's role to perform the necessary services to successfully execute a project that meets the City's stated goals.

Our approach to each of these components is as follows:

1) Construction Management

Ghirardelli Associates will provide a quality staff when and where the City requests. Our project manager, **Gina Prchlik, PE, QSD**, will establish a communication protocol with the City to address staffing needs as a project from moves from design towards construction. This communication will be consistent through the life of our contract with the City. Gina will hand-select the construction management team based on the scope of project to help ensure the team is delivering a project that meets the City's wants—a project that is on-time, under budget, and within the specifications of the contract. Gina will monitor the level of staffing on a project to keep costs within budget. The monthly invoice will include a report describing the tasks performed and the status of the budget. Should there be indication of change in Ghirardelli's burn-rate, Gina will bring it to the City's attention as soon as possible.

Gina understands the fluid nature of the construction industry. Projects can be faced with lengthy delays then once they receive the green light, there is an urgency to begin work perhaps from eminent need, public perception, or funding agreement deadlines. We are often met with last-minute request and we successfully respond to them. For example, in recent years when California was struck with unprecedented rainfall resulting in major damage to the State's transportation infrastructure, Caltrans called on Ghirardelli to provide a significant number of qualified staff throughout the winter season on short notice. Ghirardelli stood and delivered to help ensure Caltrans had the necessary expertise and resources to meet this emergency head on.



It is our goal to provide staff members who are not only technically qualified, but also able to adapt to the specific needs of our clients and their agency culture. Once the City requests staff, Gina will hand select the construction inspection team based on the following parameters:

Project Scope

- Require Experience
- Project Location
- Work Hours (night or day shifts)
- Project Start Date & Duration
- Part-time vs. Full-time
- Hourly Rates
- Outdoor Agency Coordinator (Caltrans, Utility Companies, UPRR, etc)

From this we will present multiple resumes to the City for optional interviews. Once the preferred candidate is chosen, Gina will develop a task order which includes rates, schedule, and a scope of work.

Gina's oversite does not stop once the staff is deployed. She will maintain communication with the City to ensure that our team is delivering a project that meets the City's needs and she will regularly check in with the team to provide support they may need and ensure we are delivering on our contractual requirements. Gina will monitor the level of staffing on a project to keep costs within budget. Ghirardelli's monthly invoice will include a report describing the tasks performed and the status of the budget. Should there be indication of change in Ghirardelli's burn-rate, Gina will bring it to the City's attention as soon as possible.

2) Project Execution

We have qualified, professional, and flexible personnel that will provide the City with the full scope of services outlined in the RFP. Our resident engineers will manage the day-to-day administration of the project and will push the project to successful delivery by enforcing the contractual specifications while also controlling project time and cost. Our construction inspectors practice a daily regime of walking the project, documenting the contractor's activities in a daily diary, photographing the contractor's work and progress, and calculating daily quantities.

All staff is equipped with a pickup truck or SUV, cellular phones, laptop computers, digital cameras, wireless connections, combination printer / copier / scanner / fax, safety equipment (PPE), measuring devices, and small tools. We equip our vehicles to operate as mobile offices to allow inspectors to operate in the field longer with increased efficiency.

Ghirardelli staff is required to attend weekly virtual safety tailgate meetings, an annual 4 hour safety refresher, and annual 8-hour HAZWOPER. We continually invest in training our staff in the latest processes, policies, procedures, specifications, and methodologies needed to make projects successful. These include Caltrans Local Assistance Program Resident Engineer Academy attendance, Critical Path Method (CPM) of scheduling, training in the use of computer scheduling programs (such as Primavera P6), dispute review board administration, maintaining a QSP and QSD stormwater training and certification program, and construction office procedures training.

TAB E: ON-CALL CONTRACT PROJECT PLAN

We cross-train our personnel in a wide range of construction management skills (inspection, office engineering, claims analysis and CPM scheduling) to supply you with highly talented and efficient staff. This allows for the potential to reduce costs by deploying individuals with multiple skill sets. We also provide for any job related training our Associates may need such as fall protection, Certified Welding Inspector testing, or ACI Field Technician Methods.

Ghirardelli's approach to resident engineer and inspection services is built upon a comprehensive and well-proven roadmap for the efficient management of construction contracts compiled from lessons learned from 30+ years of construction management. This approach depicted below is specifically designed to deliver a high-quality project which both complies with the contract requirements and reflects and addresses the City's goals for their projects. Our team will employ a combination of proactive inspection, rigorous contract administration, and constant communication to verify that the work is completed in accordance with the project plans, specifications, and funding requirements.

In the pre-construction phase, we will tailor Ghirardelli's internal Construction Management Plan to the specific project, perform a constructability review to identify and mitigate potential issues, implement document and cost tracking systems to meet funding guidelines, establish lines of communication, understand the stakeholders' concerns, assist the City with the award process as necessary, schedule long-lead materials and equipment, and process early submittals, including the Storm Water Pollution Prevention Plan (SWPPP) and the critical path method (CPM) baseline schedule.

In the construction phase, we will provide continuous budget and schedule management, timely responses to all correspondence, submittals, and requests for information (RFIs); and to efficiently process all contract change orders (CCOs) and estimates. In the field, our construction inspector will prepare daily inspection reports that document all field conditions, work completed, and materials used.

In the post-construction phase, we will conduct a final walk-through with the City and will prepare a final punch list. Once complete, the final estimate will be issued, the project will be accepted, and the as- built drawings and audit ready project records will be delivered to the City.

e-Construction Phase

S&E, Constructibility & nvironmental Reviews
orm Thorough reviews of plans, cations, permits, agreements and environmental documents.

Initial Meeting
Schedule an initial meeting with the city staff and engineer of record to brief scope of work, PS&E requirements, anticipated constriction schedule, mitigation measures, project objectives, project constraints and project funding.

Document Control
Implement and maintain document control system tailored to the file category system that the city utilizes.

Document Existing Site Conditions
Digitally document the entire project area including surrounding properties to develop an "as-is" condition record prior to breaking ground.

Pre-Construction Confe
Organize and schedule pre-construction conference v parties to discuss the project ar involved and provide a forur addressing issues and answe questions before work comm

onstruction Phase

ntract Administration
ge and ensure documentation nstruction activities, including ety meetings, coordination etings, change orders, pay ates, and dispute resolutions and potential claims.

Submittals & RFIs
Utilize document control log to monitor the contractor's submittals and requests for information so that they are reviewed and responded to in a timely manner.

Schedule Control
Constantly review the contractor's schedule and prepare a "look ahead" schedule for specific project tasks to protect the City against defects and deficiencies.

Public Relations
Document contact information for all businesses and private property owners along the project limits. Log and address any public complaints in a timely manner.

Field Inspection
Daily oversight of contracto operations. Document findings i diary and record quantities

Labor Compliance
orce compliance with state vailing wage laws on public ks projects through regular views as required by DIR.

Traffic Management
Coordinate the traffic control and staging with City and other necessary entities and identify potential conflicts in the traffic management plan.

Environmental Monitoring & Compliance
Manage the environmental monitoring and support services during the construction phase of the project.

QA & Materials Testing Services
Coordinate certified material testing personnel and accredited laboratory to perform soils and materials sampling and testing services that can provide quality testing results within a timely manner.

SWPPP Analysis
Oversee the implementation of SWPPP and report all pertiner information daily regarding th contractor's SWPPP efforts.

ost-Construction Phase

Claims Management
Formulate recommendations and resolutions for issues that have resulted in claims.

As-Built Plans
Upon project completion, submit finalized set of as-built plans with annotated changes and as-built conditions.

Punchlist & Reports of Completion
Prepare and submit completion report to City staff, which includes completed final punch lists, record drawings, and shop drawings with review comments. Conduct final walkthrough with City.

Project Closeout & Contract Records
Verify project closeout is performed quickly, accurately, and consistently, in accordance with all pertinent policies and procedures and provide all contract records.

PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

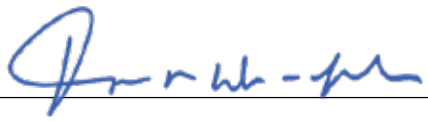
NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID



The undersigned declares:

I am the **No. Reg. Mgr.** of **BSK Associates**, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on **May 10, 2021** [date], at **Rancho Cordova** [city], **California** [state].

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the Vice President of Kleinfelder, Inc., the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on May 14, 2021 [date], at Sacramento [city], California [state].

EXCEPTIONS

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

TAB F: EXECEPTIONS

Ghirardelli acknowledges and agrees to perform the services and adhere to the requirements described in this RFP including Addendum 1 (dated May 12, 2021) and Addendum 2 (dated May 13, 2021). Also, after reviewing the RFP, Ghirardelli acknowledges and accepts all requirements of this RFP, including the Sample Contract (Attachment B) and take no exceptions.

TAB I

COMPETENCY OF PROPOSERS

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

Ghardelli Associates

Ghirardelli Associates provided construction inspection services on a California Department of Transportation project as a subconsultant to HNTB who was the Prime Consultant. Ghirardelli Associates was served with a summons on 8/26/19 naming Ghirardelli Associates as a cross-defendant in lawsuit related to an accident that occurred at one of the project locations on 10/9/15, wherein a contractor's employee was injured. At this point in time, Ghirardelli's legal counsel is investigating the role of all parties involved in this matter to determine what, if any, involvement Ghirardelli had. No other details are known at this time.

Bennett Engineering Services

Bennett Engineering Services (BEN|EN) is not now nor has ever been a party to any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, arbitrations, mediations, foreclosures, or any similar actions.

BSK Associates

Contact Name: Chen Resident, Milpitas, CA
Claim Date: First Action: Cross-Complaint Filed Against BSK on March 19, 2014. Second Action: BSK was named in a Cross-complaint by the property owner, Wesley Chen.
Claimant: BSK and others were named in a suit by Wesley Chen
Claim Summary: Pacheco et al. v. US SINO Investments, Inc. et al. – Heirs and coworkers of Raul Zapata are suing various defendants for wrongful death, negligence, and intentional infliction of emotional distress relating to Zapata's death on the property. Chen asserts that BSK should have known of the unsafe trench condition at the site, and BSK should have warned Zapata of the unsafe condition. Note that BSK's last date of service to the project was 1/19/2012 (approximately one week prior to the accident), and BSK was hired only to cast concrete cylinders. Wesley Chen v. US SINO Investments, Inc. et al. – Chen asserts that BSK acted negligently by not notifying Chen and Zapata of the unsafe trench.
Court Status: This claim was settled in mediation in October, 2015. None of the parties admitted to the validity or veracity of the claim.

Kleinfelder

Kleinfelder strives to satisfactorily fulfill and complete its contractual obligations. While disputes occasionally arise, Kleinfelder believes it has in such circumstances satisfactorily met its contractual obligations. In any case, there currently are no contract disputes involving the company which materially impact the financial well-being of the company or its ability to perform the services for which it is submitting this response.

RFE Engineering

RFE has never been involved in any bankruptcies, liens, stop payment notices, judgements, lawsuits, arbitrations, mediations, foreclosures, and any similar actions. We have never had a client terminate a contract for breach.

Terracon

Terracon is a large engineering firm specializing primarily in geotechnical, environmental, and construction materials testing and we perform tens of thousands of projects nationwide. Given the large volume of projects we perform annually, we are subject to periodic claims and litigation. The number of claims received annually is a very small percentage of the overall number of projects performed, well less than 0.5% of the total.

As a large firm performing many projects, on very rare occasions we have terminated services on our projects prior to project completion. These situations usually arise from a failure to pay for those services, or from decisions to reduce our scope of service to the point where we are no longer comfortable, from a professional perspective, with the continuation of our services on a project. Again, we would stress that we perform several thousand projects annually and these situations arise very rarely and only after thorough efforts to reasonably resolve these issues.

Terracon carries a robust program of insurance to protect us and our clients when applicable against claims arising out of our services. The majority of our reported claims are not ultimately pursued against Terracon. In the claims that are pursued, Terracon has been very successful in defending itself against claims and in many of these cases, has been able to be completely vindicated. None of our claims have in the past impacted or are estimated in the future to impact either the financial strength of our company or the ability to provide quality services to our clients.

Due to the confidentiality and sensitivity of claim information, Terracon does not provide specific information on individual claims or litigation. If you have any specific questions or concerns about this disclosure, feel free to contact us to discuss further.

COUNTY OF Placer

APPENDIX

Statement of Qualifications For On-Call Construction Resident Engineer & Inspection Services

Ghirardelli ASSOCIATES

Ghirardelli ASSOCIATES

EXPERIENCE 15 Years
TENURE W/GA 10 Years

EDUCATION
- B.S. Civil Engineering, Cal Poly, San Luis Obispo

REGISTRATIONS
- CA Professional Civil Engineer, #76517
- Qualified SWPPP Designer / Practitioner, #22744

Gina Prchlik, PE, QSD

Project Manager

Ms. Prchlik has extensive experience in construction management, inspection and contract administration for both structures and roadway projects. She has provided contract administration and documentation in accordance with Caltrans and Federal requirements. She has worked with several clients to ensure their project's successful completion and delivery.

Project Experience

Mariposa Avenue Safe Routes to School Phase 3
City of Citrus Heights; Citrus Heights, CA
Project Manager / Resident Engineer | Gina was responsible for administering the construction contract and managing the project's scope, cost, and schedule. She oversaw the construction inspection team and lead weekly meetings with the Contractor to review project issues, schedule, cost, and contract compliance. She reviewed and responded to contractor submittals and RFIs and coordinated with the project's designer when needed. She led coordination with impacted utility companies such as Citrus Heights Water District, SMUD, and PG&E. She prepared monthly pay estimates with backup quantity calculations for the City's processing. She performed all labor compliance such as checking Certified Payrolls and ensuring labor interviews were being conducted. She took a hands on approach with public relations to keep the project moving and mitigate issues. She kept all Project Files in accordance with the Local Assistance Procedures Manual and successfully completed project audits from the LAPM Construction Oversight Engineer.

Boyes Bridge Replacement
Sonoma County Public Works; Sonoma, CA
Project Manager / Resident Engineer | The new bridge is a 94'-6" long single-span precast girder bridge founded on 36" CIDH piles. Environmental permits have limited work within Sonoma Creek from June 15 – Oct 15 so the project is being constructed over two season with a winter suspension. Gina is providing Resident Engineer and Structures Representative duties. Her responsibilities include Submittal and RFI review, close coordination the designer, contractor utility companies, and environmental agencies, preparing, estimating, and negotiating change orders, preparing month pay estimates, and reviewing monthly schedule updates.

Diamond Springs Parkway SR-49 Realignment Phase 1A
County of El Dorado; Diamond Springs, CA
Assistant Resident Engineer / Office Engineer | Ms. Prchlik provided all office engineering services as well as support to the Resident Engineer to manage the project's performance, cost, and schedule for this El Dorado County job being constructed through Caltrans District 3 right of way. Diamond Springs Parkway was a four-lane divided roadway connecting Missouri Flat Road to State Route 49 (SR-49). The primary purpose of this project was to improve traffic safety and operations on portions of SR-49 in the vicinity of Diamond Springs.

Table Mountain Blvd. Roundabout Project
City of Oroville; Oroville, CA
Assistant Resident Engineer / Office Engineer | This project constructed a new roundabout and intersection improvements at Table Mountain Boulevard/Nelson Ave/Cherokee Rd to include a 90-foot diameter landscaped and irrigated center island with truck apron, 13 new streetlights and associated underground conduit, 4 new splitter island and crosswalks, 3,000 linear feet of new CGS and 7 pedestrian ramps. Ms. Prchlik responsibilities included providing construction inspection services, reviewing, and facilitating submittals and shop drawings. She also reviewed, responded and facilitated response to Request for Information, reviewed contractor's monthly payment request, reviewed certified payroll from contractor, as well as reviewed, negotiated and wrote contract change orders.

Chuck Dory, PE, QSD, LSIT

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 7 Years

EDUCATION
- B.S. Liberal Studies, University of State of New York, Regents College

REGISTRATIONS
- CA Professional Civil Engineer, #71249
- Qualified SWPPP Designer / Practitioner, #00631
- CA LSIT #8176

Mr. Dory has extensive experience with Caltrans, District 1, where he served as a resident engineer for 14 years. He also served as the chief engineer/project manager, for a heavy highway/bridge construction company in Northern California, for six years, before entering the consultant sector of the construction management industry. His responsibilities have included preparing correspondence, reports, change orders and estimates, reviewing submittals and plans to include analysis of false-work, shoring and post-tensioning systems, managing requests for information, preparing and reviewing CPM schedules.

Project Experience

Diamond Springs Parkway (Phase 1A) – SR-49 Realignment
County of El Dorado; Diamond Springs, CA

Resident Engineer | Diamond Springs Parkway is a future four-lane divided roadway connecting Missouri Flat Road to State Route 49. The primary purpose of this project is to improve traffic safety and operations on portions of SR-49 in the vicinity of Diamond Springs. The new road will provide parallel connection from SR-49 to US-50 that will relieve traffic congestion through the historic town of Diamond Springs. The project will also improve safety on Diamond Road/SR-49 by reducing residential driveway access with the provision of a new frontage road. SR-49/Diamond Road will be realigned to the west to create a frontage road for residences along the east. The realigned road will be improved with two 12-foot and 8-foot shoulders.

William Creek Bridge Replacement on Grizzly Bluff Road
County of Humboldt; Ferndale, CA

Resident Engineer | Federally funded project which provides for construction of a single span, 2-lane, cast-in-place, prestressed, voided concrete slab bridge with Type 80 PCC Barriers supported by PCC abutments founded on drive steel H-piles over Williams Creek to replace an existing obsolete, damaged structure. Cofferdams were constructed to provide shoring for the abutment footing excavations and control of water. A detour alignment was constructed including a temporary railroad flatcar bridge to facilitate removal of the existing bridge and construction of the new bridge at the same location. A temporary diversion pipe with geotextile and washed rock was constructed to allow work in the steam channel. The completed slopes below and around the stream channel will be lined with rock slope protection.

Table Mountain Blvd. Roundabout Project
City of Oroville; Oroville, CA

Assistant Resident Engineer | The project constructed a new roundabout and other roadway/civil improvements at intersection of Table Mountain Boulevard/Nelson Ave/Cherokee Rd to include a 90-foot diameter landscaped and irrigated center island with truck apron, 13 new street lights and associated underground conduit, four new splitter island and crosswalks, 3,000 linear feet of new curb, gutter and sidewalks and seven pedestrian ramps. Work included removal of existing curb, gutter and sidewalks, and roadway, installation of new and re-located/re-installed street signs, thermoplastic striping and markings, combination electric pedestal and irrigation controller and PG&E service drop, storm drain, water main, and sewer main improvements and construction of new roadway structural section consisting of approximately 44,000 square feet of HMA paving.

Green Valley Road at Weber Creek Bridge Replacement Project
County of El Dorado; Placerville, CA

Resident Engineer | This construction project constructed a new single span, 42-foot x 10-inch width, 165-foot, two-lane, cast-in-place prestressed concrete box girder bridge with abutments founded on spread concrete footings with pressure grouted dowel anchors. The bridge was constructed on a new alignment west of the existing bridge which provided for improved horizontal alignment with a larger radius curve, improved vertical alignment, wider lanes and shoulders facilitated by the construction of retaining walls. In order to accommodate the alignment shift, three major retaining walls were constructed.

Thanh Dickerson, PE, QSD

Resident Engineer

Mr. Dickerson has knowledge and experience in highway and bridge construction and design. In his 15+ years working in highway and bridge construction, he served as a Resident Engineer, Structures Representative, and Lead Field Engineer throughout northern California, doing everything from earthquake safety projects for the Bay Area Transit Authority (BART) to building/rehabbing highways, retaining walls, bridges, and interchanges for Caltrans.

Project Experience

Washington District Sustainable Community Infrastructure
City of West Sacramento; West Sacramento, CA
Resident Engineer / Project Manager | The project corrected infrastructure deficiencies along various roads in the Washington District of West Sacramento. Sidewalks were made more accessible, bike lanes added, and several roadways were re-evaluated for more efficient multi-modal traffic flow. Large street canopy trees were preserved, and new street trees were planted. Water, sewer, and storm lines were upsized and replaced, and overhead utilities were placed underground where feasible. The project was also designed to handle a future streetcar extension along the Third Street corridor, jogging west to 5th Street and then east on C Street and over the new bridge to connect to Railyards Boulevard in Sacramento. Mr. Dickerson remained oversight of the project throughout its life span while maintaining office space at the City of West Sacramento.

Marsh Road Retaining Wall Repair Project
Town of Atherton; Atherton, CA
Resident Engineer | This project repaired the existing Atherton Channel by replacing it with a new cast-in-place concrete "U" Channel within the footprint of the existing channel. Mr. Dickerson prepared daily reports, prepared weekly reports that summarized the work completed, work planned for the following week, contract time elapsed, work completed, and project budget status. He verified that all contract requirements are brought to the contractor's attention for compliance and attended project meetings and any meetings on-site to help ensure that project work is completed accurately. Additionally, he assisted with the review of contractor's working drawings and technical submittals, including demolition plans, traffic control plans, SWPPP, concrete and AC mix designs.

Old County Road Pedestrian and Bicycle Improvement Project
City of Belmont; Belmont, CA
Resident Engineer | The Old County Road Pedestrian and Bicycle Improvement Project consisted of the demolition and reconstruction of the existing curb, sidewalk, and driveway along the west side of the Old County Road, as well as the reconstruction of the sidewalk along the east side of Old County Road. Thanh was responsible for public outreach, keeping the local residents/business informed of the work schedule, making sure the Contractor was adequately accommodating the residents/business of the work on/to their driveway. He helped to ensure that the Contractor was providing adequate traffic control/detour/signs for pedestrians and motorists to move about the work area safely. Thanh also reviewed and approved submittals; prepared and processed monthly payment applications; and evaluated, negotiated, and processed Change Orders. He helped to ensure the contract was in compliance to the Local Assistance Procedures for funding reimbursement.

On-Call Task Orders (03A2437)
Caltrans District 3; Various, CA
Construction Inspector | Thanh has performed on task order 03-2F3403, Widen shoulders, add retaining walls, replace MBGR, curbs and electrical in Placer County in and near Auburn from 0.1 miles south of Route 49/80 separation to 0.1 miles north of Dry Creek Road. Thanh inspected the construction area signs installation, daily temporary traffic control and COZEEP coordination, SWPPP control installation, temporary striping, embankment cut/fill, roadway widening, paving, and storm water and sewer lines replacement. Thanh worked closely with the RE in providing him input regarding the redesign of a couple of the retaining wall as well as working as the main structural inspector in the construction of the retaining walls in this project.

Justin Palmaymesa, PE, QSD, CWI, PCI III, NACE II

Resident Engineer

Mr. Palmaymesa is a licensed civil engineer with 13 years of structures and roadway experience as a civil engineer with progressive responsibility in providing materials engineering, construction inspection, electrical inspection, and civil engineering services. He has worked as a Senior Engineer/Inspector for a structural materials engineering firm where he was intimately involved in projects spanning every Caltrans district.

Project Experience

Drainage Shed A Channel Landscaping Enhancement
City of Elk Grove, Elk Grove, CA
Resident Engineer / Construction Inspector | Justin provided construction management services as the Resident Engineer and Construction inspector on this project. Project included constructing a paved trail extension and adding irrigation and landscaping along Ehrhardt Channel between Elk Grove Boulevard and Spring Flower Drive. Work included clearing and grubbing, water pollution control, excavation, adding a reinforced concrete retaining wall, and construction of a roadway structural section complete with HMA and reinforced concrete pavement. Landscaping and irrigation improvements were made to add trees and shrubs and site furnishings included pedestrian barricade, park benches, precast concrete trash receptacles and pet waste stations.

Diamond Springs Parkway SR-49 Realignment Phase 1A
County of El Dorado, Diamond Springs, CA
Assistant Resident Engineer/Office Engineer/Materials Engineer | Justin provided materials engineering, source inspection and office engineering services as well as support to the Resident Engineer to manage the project's performance, cost, and schedule for this El Dorado County job being constructed through Caltrans District 3 right of way. Diamond Springs Parkway was a four-lane divided roadway connecting Missouri Flat Road to State Route 49. The new road provides a parallel connection from SR-49 to US-50 that relieves traffic congestion through the historic town of Diamond Springs. The project also improved safety on Diamond Road/SR-49 by reducing residential driveway access with the provision of a new frontage road. SR-49 / Diamond Road was realigned to the west to create a frontage road for residences along the east.

Penryn-Taylor Road Intersection
County of Placer, Penryn, CA
Assistant Resident Engineer/Electrical Inspector | Justin provided support to the Resident Engineer to manage the project's lighting and signal submittals. He provided electrical and construction inspection for the new signalized intersection. Duties included review of submittals for signal poles, foundations, service and controller cabinets, VDS, and LED's. Inspection activities including monitoring of electrical contractors work consisting of potholing for existing utilities, trenching and rock-saw operations, foundation construction, conduit placement, installation of utility boxes, equipment pad construction, setting of service and controller cabinets, pulling of wire and setting of signal poles for the 4-way intersection project.

Grant line Road Widening Phase 1
Mountain House CSD, Mountain House, CA
Assistant Resident Engineer/Office Engineer/Materials Engineer | Justin provided support to the Resident Engineer to manage the project's submittals and tracking for this one-mile section of roadway. The project consisted of widening from two lanes to four lanes with landscaped pedestrian access. Project improvements included new underground utilities in a joint trench, water, sewer, and storm drainage, paving and grading, five signalized intersections, sidewalks, curb and gutter, and landscaping.

Sherri Berexa, PE, QSP, ENV SP

Resident Engineer

Ms. Berexa has more than 24 years of experience providing project and construction management, planning, design, and contract administration services. Her experience includes full project management, construction management, review of contract documentation, federal funding authorization management, multiple agency coordination, right-of-way acquisition, CPM schedules, project controls and costs, quality control/quality assurance, analyzing claims, preparing reports, negotiating CCOs, training staff, multi-agency coordination, personnel safety, obtaining environmental clearance and permit management, and public outreach.

Project Experience

Accelerated Water Meter Program
City of Sacramento, Sacramento, CA
Project Manager/Resident Engineer | The $240 million Accelerated Water Meter Program includes the installation of approximately 41,000 water meters, the replacement of water service lines, and installation of approximately 100 miles of water main with associated appurtenances. The work has been divided into approximately two dozen construction contracts which have been released in phases. The five-year project requires extensive coordination with the City, property owners, multiple contractors, and underground utilities. Nearly all of the water meters are installed on private residential property. She is the point of contact between the multiple prime contractors involved in the program and the City. Ms. Berexa oversees a construction management team which provides full construction inspection and documentation services including responses to customer, response to RFIs, submittal review, schedule review, negotiation of change orders, claims management and review.

Sacramento City College Pedestrian and Bicycle Bridge Foundations
City of Sacramento, Sacramento, CA
Resident Engineer/ Structure Representative/ Inspector | This foundation project to prepare for a new pedestrian bridge spanning both Sacramento Regional Transit and Union Pacific Railroad tracks. The foundation project constructed 11 36-inch diameter and three 42-inch diameter cast-in-drilled hole concrete piles. Psomas provided construction management services, including material testing, under the Caltrans 2010 specifications. Sherri was responsible for all contract management, coordination with the City and the developer from Petrovich Development Company, and all construction inspection. Project records were kept in accordance with the Caltrans Construction Manual and the Bridge Construction Records and Procedures Manual.

Sheldon Road/Waterman Road Roundabout Intersection Improvements Project
City of Elk Grove; Elk Grove, CA
Resident Engineer | Resident Engineer on this $2.3 million Sheldon and Waterman Road Roundabout Project for the City of Elk Grove. Psomas provided construction management services, including resident engineering, construction inspection, coordination of material sampling and testing, public information outreach and management of the Stormwater Pollution Prevention Plan.

State Route 65/Whitney Ranch Parkway Interchange
City of Rocklin; Rocklin, CA
Resident Engineer | Resident Engineer for the $8 million interchange project for the City of Rocklin. The interchange provides much needed access to the significant development underway in Rocklin, as well as to Whitney High School and existing developments. The project included construction of a four-lane post-tensioned box girder overpass over SR 65, eventually to be widened to eight lanes. The project included slip on and off ramps, as well as a circular on-ramp for southbound freeway traffic. Sherri worked with consultant material testing firm, Caltrans oversight, and Caltrans METS to create a template that Caltrans was so satisfied with, they stated they would upload it to the METS server to be used as a starting point for future oversight projects.

Aaron Prchlik, PE, QSD, ACI I, CWI, PCI II

Resident Engineer / Source Inspection Lead

Mr. Prchlik is a Professional Engineer with over 14 years of experience in heavy transportation construction engineering. Ten of those years have been in service of the California Department of Transportation Office of Structures Construction and the Office of Structural Materials. Mr. Prchlik has served as a Caltrans Structures Representative and Structural Materials Representative and has performed the duties of a Task Order Manager. Through this experience, Mr. Prchlik has developed a deep understanding of how critical transportation projects get built.

Project Experience

I-205 Offramp Improvements
Phelan Development Construction Management Services; Tracy, CA
Resident Engineer | Ghirardelli Associates is providing construction management and inspection services related to required improvements to the I-205 WB MacArthur Ave Offramp. This project is necessary to increase the peak capacity of the offramp due to a new 981,000 square foot warehouse under construction. The scope of services includes, drainage, mass grading, signal and lighting, traffic control, striping, and paving. The project is in the Caltrans right of way and thus must meet all Caltrans Permit requirements. Mr. Prchlik's responsibilities include communication and coordination with Caltrans and ensuring conformance with Caltrans Standards.

Mountain House Community Services District On Call Construction Management
Mountain House CSD; Mountain House, CA
Project Manager | Ghirardelli Associates is providing construction management and inspection services related to several private development projects for the Mountain House Community Services District. Ghirardelli is currently providing these services to several projects including an approximately one mile widening of Grant Line Road in preparation for new residential and commercial developments. The scope of services includes extensive underground work for water, drainage, and sewer installation, mass grading, joint trench relocation, signal and lighting, traffic control, and paving. Mr. Prchlik's responsibilities include supervision and review of inspectors work products such as daily reports and general performance.

Exide Residential Cleanup Project Management Services
Department of Toxic Substances Control, Vernon, CA
Project Manager | Mr. Prchlik leads a team of 16 engineers and inspectors providing program management, contract development, construction management, and engineering services for residential cleanup of contaminated soil at over 3,000 residential properties in communities surrounding the former Exide lead acid battery recycling facility. He is responsible for providing the department with construction management expertise to help them adopt best practices for project management systems as well as quality control and quality management processes. His team is split between Sacramento, CA and Commerce, CA and works integrally to provide services to multiple contracts within the program.

Quality Assurance and Independent Quality Assurance Services
Caltrans Headquarters; Statewide, CA
Project Manager | Mr. Prchlik was responsible for the management of this statewide contract, which included more than 600 projects across California. He led the administration of the contract and oversaw the allocation of resources in order to meet the needs of the client as well as the requirements of the contract. He helped to ensure that prior to performing any task order work, the Caltrans contract management provided approved the proper EAs. During the course of the contract he worked to make certain that invoices were thoroughly reviewed and submitted in a timely manner.

Neil Hannan, PE, QSD, CPESC

Resident Engineer / Source Inspection Lead

Mr. Hannan is a detail-orientated Civil Engineer and California Professional Engineer with eight years of experience in heavy civil environment. He is a reliable and diligent Resident Engineer who enjoys working within teams to develop accurate and timely solutions. He has completed 11 $3 million+ projects within the public, private, and federal markets. He is Cal-OSHA-30 trained with knowledge and a keen eye for safety, as well as an environmental steward holding CPESC and QSD certifications.

Project Experience

eBART Program Antioch Station Expansion Parking Project and Miscellaneous Site Improvements
Bay Area Rapid Transit; Antioch, CA
Resident Engineer | Ghirardelli performed a constructability review of the design documents and Contract specifications, and coordinated with local agencies for funding. Our staff also coordinated with BART, local agencies and design engineers for IFB Plans and Specs, and provided support during the bidding period. Ghirardelli has provided a CM team to manage this project through contract closeout, including daily inspections, reviewing and responding to RFIs and submittals, processing monthly progress payments, schedule management, weekly progress meetings, preparation of change notices and change orders, coordination with outside agencies and other services as needed by BART. Neil's Resident Engineer duties include coordinating with Caltrans since portions of the project encroach upon Caltrans right of way.

Measure Q Pavement Maintenance Project #7 - Zones 1 & 2 (City Project No. 2378)
City of Concord; Concord, CA
Resident Engineer | This project included residential and utility notifications and coordination, traffic control, water pollution control, HMA skin-patches and dig-outs, Asphalt Rubberized Aggregate Membrane (ARAM), type II slurry seal, crack seal, concrete curb ramps, sidewalk, curb and gutter, valley gutter, adjusting utility covers to grade, striping and pavement markings, and installation of roadside signs.

Stevens Creek Bank & Access/Trail Repair
Santa Clara Valley Water District; Mountain View, CA
Resident Engineer / Construction Inspector |This project was situated in the City of Mountain View and reconstructed the slope adjacent to Stevens Creek downstream of El Camino Real. The project required a creek diversion, and geogrid was utilized to reconstruct the slope. The limited access, strict environmental permit restrictions and short schedule created significant challenges.

Various Projects
Granite Construction Company; Statewide, CA
Project Engineer / Estimator |Neil managed 11 projects in the public, private, and federal sectors with average budgets of $3 million. He identified design flaws in ongoing projects, alleviating constructability issues and providing best value solutions. He drafted concrete batch plant and SWPPP layout designs utilizing AutoCAD which optimized resources. He facilitated estimating efforts using HCSS HeavyBid and Bluebeam Revu on vertically integrated projects that ensured accurate, consistent, and timely estimates. He negotiated with vendors, analyzed alternative solutions and construction methods to increase bid competitiveness. Neil conveyed estimate/bid with sound logic in bid review/closing to ensure accuracy and evaluate project feasibility. He formulated construction drawings/calculations to support and facilitate construction work, load determinations, innovative plans, and changing work conditions.

Scott Fabel, PE, QSD

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 19 Years

EDUCATION
- B.S., Civil Engineering, California Polytechnic University, San Luis Obispo

REGISTRATIONS
- CA Professional Civil Engineer, #49032
- Qualified SWPPP Designer / Practitioner, #01209

Mr. Fabel has over 30 years of expertise and knowledge as a project manager, resident engineer, quality control/quality assurance manager, office engineer and inspector, positively impact his projects through value engineering design changes, managing successful claims negotiations, and partnering with the contractors and other agencies. He is familiar with the Caltrans Standard specifications, standard plans, construction manual, local assistance procedures manual and the "Green-book" standard specifications for public works construction.

Project Experience

Slope Stabilization Project
Orange County Transportation Authority; Orange County, CA
Project Manager / Resident Engineer | Ghirardelli Associates is providing construction management and inspection services related to required improvements to the I-205 WB MacArthur Ave Offramp. This project is necessary to increase the peak capacity of the offramp due to a new 981,000 square foot warehouse under construction. The scope of services includes, drainage, mass grading, signal and lighting, traffic control, striping, and paving. The project is in the Caltrans right of way and thus must meet all Caltrans Permit requirements. Mr. Prchlik's responsibilities include communication and coordination with Caltrans and ensuring conformance with Caltrans Standards.

Sound Wall No. 11 Construction
Los Angeles Metropolitan Transportation Authority (METRO); Los Angeles, CA
Project Manager | Sound Wall 11 is broken into two locations: Route 170 from Route 101 Separation to Sherman Way Overcrossing, and Route 405 from 0.2 miles North of Saticoy Street Undercrossing to 0.6 miles South-of Roscoe Blvd Undercrossing. SCOPE: 14-foot tall masonry block wall supported on CIDH pile foundations or occasionally on spread footing foundations, grade beams or K-rail concrete section. Associated bridge widening including precast concrete girders, concrete deck slab placement and paving. Other items in these projects typically include drainage systems, elevated signage poles, lighting poles, retaining walls, utility relocations, landscaping and associated irrigation systems, earth work, paving, freeway traffic controls, storm water drainage, and landscaping and associated irrigation systems during construction.

Northbound Widening on SR-57
Orange County Transportation Authority / Caltrans District 12; Orange County, CA
Resident Engineer / Project Manager |This project provided for increased capacity by adding one (1) additional mixed-flow lane and auxiliaries from Yorba Linda Boulevard to Lambert Road. Caltrans District 12 and OCTA initiated the SR-57 widening project in 2001 to address increasing congestion. Through cooperative efforts with Caltrans, Scott identified chronic freeway bottlenecks and developed projects resolve them. The project is split at the Yorba Linda Boulevard interchange. Scott prepared a master project budget and schedule, monitored and reviewed design consultants' progress, budget and schedule, reviewed plans and technical specifications for completeness, monitored and facilitated design consultants' plan, verifying with all pertinent agencies, prepared a master list for all plan-check comments and responses, and reviewed the engineer's estimate for accuracy.

Kraemer Blvd Railroad Grade Separation
Orange County Transportation Authority; Anaheim, CA
Project Manager |Ghirardelli provided inspection services and submittal reviews of shoring and false-work to Caltrans and BNSF standards and requirements, as well as provided calculations and comments, as required. Site work involved the construction of a 127-feet steel-girder railroad bridge to accommodate two existing railroad tracks and a future third track. The project required a shoofly during construction, improvements to adjoining streets, commercial driveways, traffic signals, storm drains, and the construction of a retaining wall to accommodate a new roadway under-crossing. There were seven retaining walls, ranging from 400-feet to 1,000- feet in length, set on CIDH piles.

Matt McKeon, PE

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 4 Years

EDUCATION
- B.S., Mechanical Engineering, University of California, Santa Barbara

REGISTRATIONS
- CA Professional Civil Engineer, #42566

Mr. McKeon has more than 30 years of transportation engineering service with California Department of Transportation, providing him with the experience, expertise, and industry contacts necessary to administer and manage complex public infrastructure contracts through to completion of award-winning projects. This includes: constructability review, safety, inspection, control surveys and construction management for new bridges (cast-in-place, conventional reinforced and pre-stressed, simple, multi-span, and multi-frame bridges, slab bridges, precast girder and steel girder bridges).

Project Experience

Fair Oaks Bridge
City of Sunnyvale; Sunnyvale, CA

Structures Representative | Located between Kifer Road and Evelyn Avenue, the Fair Oaks Bridge crosses over the Caltrain tracks and Hendy Avenue. The bridge was built in 1967, retrofitted in 1981 and 1993, and will undergo several improvements to address: evere deck cracking/spalling, Inadequate bike lane width, No sidewalk on bridge, Structural deficiencies with Sufficiency Rating of 47.7, Existing pedestrian overcrossing non-compliance with ADA. The City's goal is to maintain one travel lane and one bike lane in each direction during this time. However, some short-term lane closures may be required.

Veterans Blvd Grade Separation
City of Fresno; Fresno, CA

Resident Engineer | The City of Fresno, in collaboration with the CHSRA, mitigated the closure of the existing UPRR at-grade crossing at Carnegie Avenue by constructing a portion of the Veterans Boulevard Project. The construction work resulted in two lanes of Veterans Boulevard; a bridge structure over the existing UPRR and future High Speed Rail tracks, and a roadway connection from Veterans Boulevard to future Golden State Boulevard. The overhead bridge structure has two spans at a total length of 295 feet and a width of 133 feet. The structure was a cast-in-place post-tension concrete box girder, with all supports using 6 column bents on large diameter CIDH piles. MSE walls behind the abutments support the roadway embankment fills.

U.S. 101 Willits Bypass
Caltrans District 1; Mendocino County, CA

Assistant Resident Engineer | Caltrans District 1 constructed a 6-mile-long bypass around the City of Willits in Mendocino County, CA. As an Assistant Resident Engineer, duties included construction inspection and oversight of the highway lighting and electrical systems, drainage structures, and signs and delineation. Duties also included coordinating inspector and tester daily assignments, liaison with Designers and project development team, developing change orders to modify work or designs to resolve changed conditions and plans and specifications conflicts, working as part of the project's environmental compliance team, preparing project correspondence. Matt was the principal staff for analyzing construction delays, disputed costs, and negotiating resolution for $24 million of potential claims. Through his actions, Matt helped the on-time completion of the project without construction claims or further related costs.

Greenwood Creek Bridge Project
Caltrans District 1; Mendocino County, CA

Structures Representative | The Greenwood Creek Bridge project on Route 1 in Mendocino County replaced the existing obsolete and scour critical structure with a new cast-in-place post-tensioned PCC box girder bridge which includes 6-foot shoulders and a 5-foot wide pedestrian walkway as part of the California Coastal Trail. The foundation includes two piers with deep 4-foot cast-in-drilled-hole piles. During construction, Matt's responsibilities included oversight, review, approval and documentation of the contractor's structure submittals and bridge construction operations, reviewing CPM schedules, verifying and documenting materials and workmanship and compliance with contract plans.

Jaimie Azvedo, PE, QSD

Resident Engineer / Office Engineer / Inspector

Ms. Azvedo has ten years of experience and progressive responsibility in providing civil engineering services. Her background includes civil engineering tasks such as storm water management, drainage design, construction inspection and management, cost estimating and utility coordination. As an office engineer, she has experience processing bill payments, maintaining correspondence logs, creating and submitting purchase order requests, processing RFIs and performing categorical filing. As a Stormwater Field Inspector, Ms. Azvedo reviews site plans, and performs field reviews / inspections on new and existing stormwater infrastructure for conformance with specifications or maintenance/repair needs.

Project Experience

Washington District Infrastructure Project
City of West Sacramento; West Sacramento, CA
Office Engineer | The project corrected several inefficiencies in the neighborhood's infrastructure. Sidewalks were made more accessible, bike lanes added, and several roadways were re-evaluated for more efficient multi-modal traffic flow. Large street canopy trees were preserved, and new street trees were planted. The project was also designed to handle a future streetcar extension that will circulate along the Third Street corridor, jogging west to 5th Street and then east on C Street and over the new bridge to connect to Railyards Boulevard in Sacramento. Water, sewer, and storm lines were upsized and replaced, and overhead utilities were placed underground where feasible. Ms. Azvedo assisted in processing and reviewing of progress payments for contractors. She coordinated, reviewed and assessed contract and Extra Work submittals. She analyzed and recommended changes to submitted Extra Work invoices based on field verification and work product.

State Route 99 (SR-99)/Elkhorn Blvd Interchange Improvements
City of Sacramento; Sacramento, CA
Design Engineer | The project signalized the northbound off ramp at Elkhorn Boulevard and added a free right turn lane from the northbound off ramp to eastbound Elkhorn Boulevard. It widened Elkhorn Boulevard from the State Route 99 northbound off-ramp to approximately 1,100 feet east of East Commerce Way. Ms. Azvedo was responsible for the preparation of the SWPPP for this project to improve traffic circulation and relieve congestion at the interchange and associated roadway within Caltrans, City of Sacramento, and Sacramento County right-of-way (ROW).

Storm Damage Repairs / SWPPP Risk Level 2 Emergency Project
Caltrans District 1; Mendocino County, CA
SWPPP Assistant | Storm damage repairs roadway stabilization in Mendocino County near Willits from 2.0 miles south of Ridgewood Ranch Road to 0.9 miles north of Black Bart Drive. Duties included field visit with the RE prior to construction to provide recommendations on BMPs, Risk Level calculation to provide to RE for cost estimate purposes, evaluation of SWPPP documents for completeness and timeliness, and field visits when construction started to ensure correct implementation of BMPs.

Various Projects
Caltrans District 1; Lake, Mendocino, Humboldt, Del Norte Counties
SWPPP Assistant | Assist the SWPPP Inspector to provide technical expertise and advice, engineering support, plan and specification reviews, and constructive feedback to Resident Engineers, Designers, and Contractors with regard to water pollution prevention laws, regulations, and Best Management Practices for Caltrans District 1. Assist SWPPP Inspector with reviews of Contractor-submitted Storm Water Pollution Prevention Plans for conformance with NPDES and Caltrans Construction General Permit requirements. Visit construction sites with SWPPP Inspector to assess effectiveness of water pollution control measures and help advise REs of necessary changes to be implemented in order to maintain permit compliance.

Mr. Buckley has 30+ years of professional project, design, construction, and program management experience on transportation infrastructure projects throughout California. He is an innovative, passionate, and dynamic entrepreneur who utilizes creativity, leadership, and teamwork to develop solutions that provide customer value. He is an effective communicator with the ability to build and motivate teams to pursue, capture, and successfully deliver large complex infrastructure projects. Mr. Buckley is able to identify and implement strategies to reduce costs, increase revenue, and strengthen customer relationships.

Project Experience

Fair Oaks Bridge
City of Sunnyvale; Sunnyvale, CA
Resident Engineer | Located between Kifer Road and Evelyn Avenue, the Fair Oaks Bridge crosses over the Caltrain tracks and Hendy Avenue. The bridge was built in 1967, retrofitted in 1981 and 1993, and will undergo several improvements to address: evere deck cracking/spalling, Inadequate bike lane width, No sidewalk on bridge, Structural deficiencies with Sufficiency Rating of 47.7, Existing pedestrian overcrossing non-compliance with ADA. The City's goal is to maintain one travel lane and one bike lane in each direction during this time. However, some short-term lane closures may be required.

Castro Ranch Boulevard
City of Richmond, Richmond, CA
Resident Engineer | This project is the pavement rehabilitation of Castro Ranch Road from Olinda Road to the Richmond City Limit in Richmond, California. The work includes, traffic control, environmental protection, removal and replacement of concrete curbs, removal of sidewalk, removal and replacement of AC dike, cold milling of asphalt pavement, wedge and conform grinding, pavement repairs. Thermoplastic traffic striping and traffic markings for new bike lanes, traffic dividers, pedestrian push buttons, removing and placing of signs and signposts, median landscaping, and as shown on the project plans.

Concord Bridges
City of Concord, Concord, CA
Resident Engineer | This project rehabilitated 6 bridges throughout the City of Concord. Work included a polyester overlay, bridge deck spall repair, ground anchors, soil nails, shotcrete, excavation around bridge piers and rock slope protection placement around the same bridge piers. All of the bridges were located over creeks, and required a risk level 2 SWPPP with multiple types of BMPs including dewatering a 100 foot section of Walnut Creek. Temporary traffic control was consistently changing depending on the work being performed during the closure and required adaptation of the closuresperformed for the task.

3rd Street Bridge Rehabilitation Project
City of San Francisco; San Francisco, CA
Project Principal | Mr. Buckley was the Project Principal responsible for leading a team to perform a condition assessment and rehabilitation design for an historic bascule bridge that was designed and built by Strauss in 1936. His primary responsibility included deck structural system redesign.

Hugo Mejia, PE

Resident Engineer

EXPERIENCE 26 Years
TENURE W/GA 1 Years

EDUCATION
- B.S. Civil Engineering, California State University, Fresno

REGISTRATIONS
- CA Professional Civil Engineer, #58575

Mr. Mejia is a seasoned construction management professional who has led major transportation construction projects. Mr. Mejia has proven his skills as the first Design and Construction Manager for the California High-Speed Rail Authority on the billion-dollar Construction Package-1 project. Over the years, Mr. Mejia has successfully delivered major highway construction projects as Senior Construction Engineer and Resident Engineer for Caltrans District 6. His expertise includes infrastructure construction, contract administration, program management, claims avoidance and resolution, partnering, and supervision of personnel.

Project Experience

Freight Intelligent Transportation System
Oakland, CA

Resident Engineer/ Contract Administrator | As Resident Engineer, Mr. Mejia represented Alameda County Transportation Commission in the construction of the $15.6 million Freight Intelligent Transportation System project at the Port of Oakland. Project work included the installation of an Advanced Traffic Management System platform, traffic signal upgrades, closed circuit television, changeable message signs, queue detection, communication improvements, center-to-center communication, supplemental vehicle detection, train detection, and weigh-in-motion. He also managed the contractor, supervised field employees, and coordinated work with local agencies. As Contract Administrator, his duties included management of the advertisement and bidding of the FITS project. Mr. Mejia also assisted Alameda CTC with establishing construction management guidelines and policies for administering agency contracts.

Tulare County Transit Operations and Maintenance Facility
Tulare, CA

Construction Manager | Mr. Mejia was responsible for providing inspection services and overall management of the $10.2 million project. He worked with Tulare County's Resident Engineer as part of an integrated team to supervise inspectors in the inspection of the contractor's activities and ensured work was completed in accordance with Federal Transit Administration regulations and Tulare County requirements.

Jaye Street Bridge Widening
Porterville, CA

Resident Engineer | Mr. Mejia completed construction management for the $7 million Jaye Street Bridge widening in Porterville, CA. The Jaye Street Bridge Widening project expanded the current two-lane configuration to four lanes at 82-feet wide and 242-feet long with 5-feet wide sidewalks on both sides. The 6-span bridge over the Tule River consisted of a flat slab supported on 49 pile shafts. The pile shafts were driven 30" CISS piles. Mr. Mejia's responsibilities included leading the construction administration team and verifying that all aspects of the federally funded project were compliant with the Caltrans Local Assistance Procedures Manual. His other duties included quality assurance, supervision of field inspectors, control of project budget and schedule, and resolution of day-to-day issues. He managed and coordinated with permitting agencies and verified that all environmental monitoring and reporting took place in accordance with the approved monitoring plan. Mr. Mejia coordinated with the utility agencies, design team, City of Porterville, and public.

Fresno Bus Rapid Transit
Fresno, CA

Resident Engineer | Mr. Mejia was responsible for the construction management of the $33 million project in accordance with Federal Transit Administration regulations and City of Fresno requirements. He oversaw construction activities to ensure compliance with the project's cost, scope, and schedule and acted as the City's construction representative in dealing with the contractor, designers, and City staff. Mr. Mejia wrote, processed, and finalized change orders. He was also responsible for processing and reaching resolution on all claims.

Ghirardelli ASSOCIATES

Charlie Hayler, PE, QSD

Resident Engineer

EXPERIENCE 20 Years
TENURE W/GA 7 Years

EDUCATION
- M.S. Engineering, Humboldt State University, Humboldt, CA

REGISTRATIONS
- CA Professional Civil Engineer, #69131
- Qualified SWPPP Developer/ Practitioner #00703

Mr. Hayler has 19 years of experience in civil engineering and transportation projects in Northern California, including 12 years of experience as a resident engineer, part of which was spent as a Caltrans employee, where he worked for 10 years. His experience includes resident engineer services on roadway and bridge construction projects, construction inspection, traffic operations, traffic management plan development and review, traffic studies, and highway design. He is also experienced in reviewing and developing critical path schedules, interpreting contract plans and specification, developing contract change orders, estimating costs, reviewing traffic control plans, value engineering and constructability reviews.

Gina Prchlik, PE, QSD

Project Manager

Ms. Prchlik has extensive experience in construction management, inspection and contract administration for both structures and roadway projects. She has provided contract administration and documentation in accordance with Caltrans and Federal requirements. She has worked with several clients to ensure their project's successful completion and delivery.

Project Experience

Mariposa Avenue Safe Routes to School Phase 3
City of Citrus Heights; Citrus Heights, CA
Project Manager / Resident Engineer | Gina was responsible for administering the construction contract and managing the project's scope, cost, and schedule. She oversaw the construction inspection team and lead weekly meetings with the Contractor to review project issues, schedule, cost, and contract compliance. She reviewed and responded to contractor submittals and RFIs and coordinated with the project's designer when needed. She led coordination with impacted utility companies such as Citrus Heights Water District, SMUD, and PG&E. She prepared monthly pay estimates with backup quantity calculations for the City's processing. She performed all labor compliance such as checking Certified Payrolls and ensuring labor interviews were being conducted. She took a hands on approach with public relations to keep the project moving and mitigate issues. She kept all Project Files in accordance with the Local Assistance Procedures Manual and successfully completed project audits from the LAPM Construction Oversight Engineer.

Boyes Bridge Replacement
Sonoma County Public Works; Sonoma, CA
Project Manager / Resident Engineer | The new bridge is a 94'-6" long single-span precast girder bridge founded on 36" CIDH piles. Environmental permits have limited work within Sonoma Creek from June 15 – Oct 15 so the project is being constructed over two season with a winter suspension. Gina is providing Resident Engineer and Structures Representative duties. Her responsibilities include Submittal and RFI review, close coordination the designer, contractor utility companies, and environmental agencies, preparing, estimating, and negotiating change orders, preparing month pay estimates, and reviewing monthly schedule updates.

Diamond Springs Parkway SR-49 Realignment Phase 1A
County of El Dorado; Diamond Springs, CA
Assistant Resident Engineer / Office Engineer | Ms. Prchlik provided all office engineering services as well as support to the Resident Engineer to manage the project's performance, cost, and schedule for this El Dorado County job being constructed through Caltrans District 3 right of way. Diamond Springs Parkway was a four-lane divided roadway connecting Missouri Flat Road to State Route 49 (SR-49). The primary purpose of this project was to improve traffic safety and operations on portions of SR-49 in the vicinity of Diamond Springs.

Table Mountain Blvd. Roundabout Project
City of Oroville; Oroville, CA
Assistant Resident Engineer / Office Engineer | This project constructed a new roundabout and intersection improvements at Table Mountain Boulevard/Nelson Ave/Cherokee Rd to include a 90-foot diameter landscaped and irrigated center island with truck apron, 13 new streetlights and associated underground conduit, 4 new splitter island and crosswalks, 3,000 linear feet of new CGS and 7 pedestrian ramps. Ms. Prchlik responsibilities included providing construction inspection services, reviewing, and facilitating submittals and shop drawings. She also reviewed, responded and facilitated response to Request for Information, reviewed contractor's monthly payment request, reviewed certified payroll from contractor, as well as reviewed, negotiated and wrote contract change orders.

Ghirardelli ASSOCIATES

Chuck Dory, PE, QSD, LSIT

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 7 Years

EDUCATION
- B.S. Liberal Studies, University of State of New York, Regents College

REGISTRATIONS
- CA Professional Civil Engineer, #71249
- Qualified SWPPP Designer / Practitioner, #00631
- CA LSIT #8176

Mr. Dory has extensive experience with Caltrans, District 1, where he served as a resident engineer for 14 years. He also served as the chief engineer/project manager, for a heavy highway/bridge construction company in Northern California, for six years, before entering the consultant sector of the construction management industry. His responsibilities have included preparing correspondence, reports, change orders and estimates, reviewing submittals and plans to include analysis of false-work, shoring and post-tensioning systems, managing requests for information, preparing and reviewing CPM schedules.

Project Experience

Diamond Springs Parkway (Phase 1A) – SR-49 Realignment
County of El Dorado; Diamond Springs, CA

Resident Engineer | Diamond Springs Parkway is a future four-lane divided roadway connecting Missouri Flat Road to State Route 49. The primary purpose of this project is to improve traffic safety and operations on portions of SR-49 in the vicinity of Diamond Springs. The new road will provide parallel connection from SR-49 to US-50 that will relieve traffic congestion through the historic town of Diamond Springs. The project will also improve safety on Diamond Road/SR-49 by reducing residential driveway access with the provision of a new frontage road. SR-49/Diamond Road will be realigned to the west to create a frontage road for residences along the east. The realigned road will be improved with two 12-foot and 8-foot shoulders.

William Creek Bridge Replacement on Grizzly Bluff Road
County of Humboldt; Ferndale, CA

Resident Engineer | Federally funded project which provides for construction of a single span, 2-lane, cast-in-place, prestressed, voided concrete slab bridge with Type 80 PCC Barriers supported by PCC abutments founded on drive steel H-piles over Williams Creek to replace an existing obsolete, damaged structure. Cofferdams were constructed to provide shoring for the abutment footing excavations and control of water. A detour alignment was constructed including a temporary railroad flatcar bridge to facilitate removal of the existing bridge and construction of the new bridge at the same location. A temporary diversion pipe with geotextile and washed rock was constructed to allow work in the steam channel. The completed slopes below and around the stream channel will be lined with rock slope protection.

Table Mountain Blvd. Roundabout Project
City of Oroville; Oroville, CA

Assistant Resident Engineer | The project constructed a new roundabout and other roadway/civil improvements at intersection of Table Mountain Boulevard/Nelson Ave/Cherokee Rd to include a 90-foot diameter landscaped and irrigated center island with truck apron, 13 new street lights and associated underground conduit, four new splitter island and crosswalks, 3,000 linear feet of new curb, gutter and sidewalks and seven pedestrian ramps. Work included removal of existing curb, gutter and sidewalks, and roadway, installation of new and re-located/re-installed street signs, thermoplastic striping and markings, combination electric pedestal and irrigation controller and PG&E service drop, storm drain, water main, and sewer main improvements and construction of new roadway structural section consisting of approximately 44,000 square feet of HMA paving.

Green Valley Road at Weber Creek Bridge Replacement Project
County of El Dorado; Placerville, CA

Resident Engineer | This construction project constructed a new single span, 42-foot x 10-inch width, 165-foot, two-lane, cast-in-place prestressed concrete box girder bridge with abutments founded on spread concrete footings with pressure grouted dowel anchors. The bridge was constructed on a new alignment west of the existing bridge which provided for improved horizontal alignment with a larger radius curve, improved vertical alignment, wider lanes and shoulders facilitated by the construction of retaining walls. In order to accommodate the alignment shift, three major retaining walls were constructed.

Thanh Dickerson, PE, QSD

Resident Engineer

Mr. Dickerson has knowledge and experience in highway and bridge construction and design. In his 15+ years working in highway and bridge construction, he served as a Resident Engineer, Structures Representative, and Lead Field Engineer throughout northern California, doing everything from earthquake safety projects for the Bay Area Transit Authority (BART) to building/rehabbing highways, retaining walls, bridges, and interchanges for Caltrans.

Project Experience

Washington District Sustainable Community Infrastructure
City of West Sacramento; West Sacramento, CA
Resident Engineer / Project Manager | The project corrected infrastructure deficiencies along various roads in the Washington District of West Sacramento. Sidewalks were made more accessible, bike lanes added, and several roadways were re-evaluated for more efficient multi-modal traffic flow. Large street canopy trees were preserved, and new street trees were planted. Water, sewer, and storm lines were upsized and replaced, and overhead utilities were placed underground where feasible. The project was also designed to handle a future streetcar extension along the Third Street corridor, jogging west to 5th Street and then east on C Street and over the new bridge to connect to Railyards Boulevard in Sacramento. Mr. Dickerson remained oversight of the project throughout its life span while maintaining office space at the City of West Sacramento.

Marsh Road Retaining Wall Repair Project
Town of Atherton; Atherton, CA
Resident Engineer | This project repaired the existing Atherton Channel by replacing it with a new cast-in-place concrete "U" Channel within the footprint of the existing channel. Mr. Dickerson prepared daily reports, prepared weekly reports that summarized the work completed, work planned for the following week, contract time elapsed, work completed, and project budget status. He verified that all contract requirements are brought to the contractor's attention for compliance and attended project meetings and any meetings on-site to help ensure that project work is completed accurately. Additionally, he assisted with the review of contractor's working drawings and technical submittals, including demolition plans, traffic control plans, SWPPP, concrete and AC mix designs.

Old County Road Pedestrian and Bicycle Improvement Project
City of Belmont; Belmont, CA
Resident Engineer | The Old County Road Pedestrian and Bicycle Improvement Project consisted of the demolition and reconstruction of the existing curb, sidewalk, and driveway along the west side of the Old County Road, as well as the reconstruction of the sidewalk along the east side of Old County Road. Thanh was responsible for public outreach, keeping the local residents/business informed of the work schedule, making sure the Contractor was adequately accommodating the residents/business of the work on/to their driveway. He helped to ensure that the Contractor was providing adequate traffic control/detour/signs for pedestrians and motorists to move about the work area safely. Thanh also reviewed and approved submittals; prepared and processed monthly payment applications; and evaluated, negotiated, and processed Change Orders. He helped to ensure the contract was in compliance to the Local Assistance Procedures for funding reimbursement.

On-Call Task Orders (03A2437)
Caltrans District 3; Various, CA
Construction Inspector | Thanh has performed on task order 03-2F3403, Widen shoulders, add retaining walls, replace MBGR, curbs and electrical in Placer County in and near Auburn from 0.1 miles south of Route 49/80 separation to 0.1 miles north of Dry Creek Road. Thanh inspected the construction area signs installation, daily temporary traffic control and COZEEP coordination, SWPPP control installation, temporary striping, embankment cut/fill, roadway widening, paving, and storm water and sewer lines replacement. Thanh worked closely with the RE in providing him input regarding the redesign of a couple of the retaining wall as well as working as the main structural inspector in the construction of the retaining walls in this project.

Justin Palmaymesa, PE, QSD, CWI, PCI III, NACE II

Resident Engineer

Mr. Palmaymesa is a licensed civil engineer with 13 years of structures and roadway experience as a civil engineer with progressive responsibility in providing materials engineering, construction inspection, electrical inspection, and civil engineering services. He has worked as a Senior Engineer/Inspector for a structural materials engineering firm where he was intimately involved in projects spanning every Caltrans district.

Project Experience

Drainage Shed A Channel Landscaping Enhancement
City of Elk Grove, Elk Grove, CA
Resident Engineer / Construction Inspector | Justin provided construction management services as the Resident Engineer and Construction inspector on this project. Project included constructing a paved trail extension and adding irrigation and landscaping along Ehrhardt Channel between Elk Grove Boulevard and Spring Flower Drive. Work included clearing and grubbing, water pollution control, excavation, adding a reinforced concrete retaining wall, and construction of a roadway structural section complete with HMA and reinforced concrete pavement. Landscaping and irrigation improvements were made to add trees and shrubs and site furnishings included pedestrian barricade, park benches, precast concrete trash receptacles and pet waste stations.

Diamond Springs Parkway SR-49 Realignment Phase 1A
County of El Dorado, Diamond Springs, CA
Assistant Resident Engineer/Office Engineer/Materials Engineer | Justin provided materials engineering, source inspection and office engineering services as well as support to the Resident Engineer to manage the project's performance, cost, and schedule for this El Dorado County job being constructed through Caltrans District 3 right of way. Diamond Springs Parkway was a four-lane divided roadway connecting Missouri Flat Road to State Route 49. The new road provides a parallel connection from SR-49 to US-50 that relieves traffic congestion through the historic town of Diamond Springs. The project also improved safety on Diamond Road/SR-49 by reducing residential driveway access with the provision of a new frontage road. SR-49 / Diamond Road was realigned to the west to create a frontage road for residences along the east.

Penryn-Taylor Road Intersection
County of Placer, Penryn, CA
Assistant Resident Engineer/Electrical Inspector | Justin provided support to the Resident Engineer to manage the project's lighting and signal submittals. He provided electrical and construction inspection for the new signalized intersection. Duties included review of submittals for signal poles, foundations, service and controller cabinets, VDS, and LED's. Inspection activities including monitoring of electrical contractors work consisting of potholing for existing utilities, trenching and rock-saw operations, foundation construction, conduit placement, installation of utility boxes, equipment pad construction, setting of service and controller cabinets, pulling of wire and setting of signal poles for the 4-way intersection project.

Grant line Road Widening Phase 1
Mountain House CSD, Mountain House, CA
Assistant Resident Engineer/Office Engineer/Materials Engineer | Justin provided support to the Resident Engineer to manage the project's submittals and tracking for this one-mile section of roadway. The project consisted of widening from two lanes to four lanes with landscaped pedestrian access. Project improvements included new underground utilities in a joint trench, water, sewer, and storm drainage, paving and grading, five signalized intersections, sidewalks, curb and gutter, and landscaping.

Sherri Berexa, PE, QSP, ENV SP

Resident Engineer

Ms. Berexa has more than 24 years of experience providing project and construction management, planning, design, and contract administration services. Her experience includes full project management, construction management, review of contract documentation, federal funding authorization management, multiple agency coordination, right-of-way acquisition, CPM schedules, project controls and costs, quality control/quality assurance, analyzing claims, preparing reports, negotiating CCOs, training staff, multi-agency coordination, personnel safety, obtaining environmental clearance and permit management, and public outreach.

Project Experience

Accelerated Water Meter Program
City of Sacramento, Sacramento, CA
Project Manager/Resident Engineer | The $240 million Accelerated Water Meter Program includes the installation of approximately 41,000 water meters, the replacement of water service lines, and installation of approximately 100 miles of water main with associated appurtenances. The work has been divided into approximately two dozen construction contracts which have been released in phases. The five-year project requires extensive coordination with the City, property owners, multiple contractors, and underground utilities. Nearly all of the water meters are installed on private residential property. She is the point of contact between the multiple prime contractors involved in the program and the City. Ms. Berexa oversees a construction management team which provides full construction inspection and documentation services including responses to customer, response to RFIs, submittal review, schedule review, negotiation of change orders, claims management and review.

Sacramento City College Pedestrian and Bicycle Bridge Foundations
City of Sacramento, Sacramento, CA
Resident Engineer/ Structure Representative/ Inspector | This foundation project to prepare for a new pedestrian bridge spanning both Sacramento Regional Transit and Union Pacific Railroad tracks. The foundation project constructed 11 36-inch diameter and three 42-inch diameter cast-in-drilled hole concrete piles. Psomas provided construction management services, including material testing, under the Caltrans 2010 specifications. Sherri was responsible for all contract management, coordination with the City and the developer from Petrovich Development Company, and all construction inspection. Project records were kept in accordance with the Caltrans Construction Manual and the Bridge Construction Records and Procedures Manual.

Sheldon Road/Waterman Road Roundabout Intersection Improvements Project
City of Elk Grove; Elk Grove, CA
Resident Engineer | Resident Engineer on this $2.3 million Sheldon and Waterman Road Roundabout Project for the City of Elk Grove. Psomas provided construction management services, including resident engineering, construction inspection, coordination of material sampling and testing, public information outreach and management of the Stormwater Pollution Prevention Plan.

State Route 65/Whitney Ranch Parkway Interchange
City of Rocklin; Rocklin, CA
Resident Engineer | Resident Engineer for the $8 million interchange project for the City of Rocklin. The interchange provides much needed access to the significant development underway in Rocklin, as well as to Whitney High School and existing developments. The project included construction of a four-lane post-tensioned box girder overpass over SR 65, eventually to be widened to eight lanes. The project included slip on and off ramps, as well as a circular on-ramp for southbound freeway traffic. Sherri worked with consultant material testing firm, Caltrans oversight, and Caltrans METS to create a template that Caltrans was so satisfied with, they stated they would upload it to the METS server to be used as a starting point for future oversight projects.

Aaron Prchlik, PE, QSD, ACI I, CWI, PCI II

Resident Engineer / Source Inspection Lead

Mr. Prchlik is a Professional Engineer with over 14 years of experience in heavy transportation construction engineering. Ten of those years have been in service of the California Department of Transportation Office of Structures Construction and the Office of Structural Materials. Mr. Prchlik has served as a Caltrans Structures Representative and Structural Materials Representative and has performed the duties of a Task Order Manager. Through this experience, Mr. Prchlik has developed a deep understanding of how critical transportation projects get built.

Project Experience

I-205 Offramp Improvements
Phelan Development Construction Management Services; Tracy, CA
Resident Engineer | Ghirardelli Associates is providing construction management and inspection services related to required improvements to the I-205 WB MacArthur Ave Offramp. This project is necessary to increase the peak capacity of the offramp due to a new 981,000 square foot warehouse under construction. The scope of services includes, drainage, mass grading, signal and lighting, traffic control, striping, and paving. The project is in the Caltrans right of way and thus must meet all Caltrans Permit requirements. Mr. Prchlik's responsibilities include communication and coordination with Caltrans and ensuring conformance with Caltrans Standards.

Mountain House Community Services District On Call Construction Management
Mountain House CSD; Mountain House, CA
Project Manager | Ghirardelli Associates is providing construction management and inspection services related to several private development projects for the Mountain House Community Services District. Ghirardelli is currently providing these services to several projects including an approximately one mile widening of Grant Line Road in preparation for new residential and commercial developments. The scope of services includes extensive underground work for water, drainage, and sewer installation, mass grading, joint trench relocation, signal and lighting, traffic control, and paving. Mr. Prchlik's responsibilities include supervision and review of inspectors work products such as daily reports and general performance.

Exide Residential Cleanup Project Management Services
Department of Toxic Substances Control, Vernon, CA
Project Manager | Mr. Prchlik leads a team of 16 engineers and inspectors providing program management, contract development, construction management, and engineering services for residential cleanup of contaminated soil at over 3,000 residential properties in communities surrounding the former Exide lead acid battery recycling facility. He is responsible for providing the department with construction management expertise to help them adopt best practices for project management systems as well as quality control and quality management processes. His team is split between Sacramento, CA and Commerce, CA and works integrally to provide services to multiple contracts within the program.

Quality Assurance and Independent Quality Assurance Services
Caltrans Headquarters; Statewide, CA
Project Manager | Mr. Prchlik was responsible for the management of this statewide contract, which included more than 600 projects across California. He led the administration of the contract and oversaw the allocation of resources in order to meet the needs of the client as well as the requirements of the contract. He helped to ensure that prior to performing any task order work, the Caltrans contract management provided approved the proper EAs. During the course of the contract he worked to make certain that invoices were thoroughly reviewed and submitted in a timely manner.

Neil Hannan, PE, QSD, CPESC

Resident Engineer / Source Inspection Lead

Mr. Hannan is a detail-orientated Civil Engineer and California Professional Engineer with eight years of experience in heavy civil environment. He is a reliable and diligent Resident Engineer who enjoys working within teams to develop accurate and timely solutions. He has completed 11 $3 million+ projects within the public, private, and federal markets. He is Cal-OSHA-30 trained with knowledge and a keen eye for safety, as well as an environmental steward holding CPESC and QSD certifications.

Project Experience

eBART Program Antioch Station Expansion Parking Project and Miscellaneous Site Improvements
Bay Area Rapid Transit; Antioch, CA
Resident Engineer | Ghirardelli performed a constructability review of the design documents and Contract specifications, and coordinated with local agencies for funding. Our staff also coordinated with BART, local agencies and design engineers for IFB Plans and Specs, and provided support during the bidding period. Ghirardelli has provided a CM team to manage this project through contract closeout, including daily inspections, reviewing and responding to RFIs and submittals, processing monthly progress payments, schedule management, weekly progress meetings, preparation of change notices and change orders, coordination with outside agencies and other services as needed by BART. Neil's Resident Engineer duties include coordinating with Caltrans since portions of the project encroach upon Caltrans right of way.

Measure Q Pavement Maintenance Project #7 - Zones 1 & 2 (City Project No. 2378)
City of Concord; Concord, CA
Resident Engineer | This project included residential and utility notifications and coordination, traffic control, water pollution control, HMA skin-patches and dig-outs, Asphalt Rubberized Aggregate Membrane (ARAM), type II slurry seal, crack seal, concrete curb ramps, sidewalk, curb and gutter, valley gutter, adjusting utility covers to grade, striping and pavement markings, and installation of roadside signs.

Stevens Creek Bank & Access/Trail Repair
Santa Clara Valley Water District; Mountain View, CA
Resident Engineer / Construction Inspector |This project was situated in the City of Mountain View and reconstructed the slope adjacent to Stevens Creek downstream of El Camino Real. The project required a creek diversion, and geogrid was utilized to reconstruct the slope. The limited access, strict environmental permit restrictions and short schedule created significant challenges.

Various Projects
Granite Construction Company; Statewide, CA
Project Engineer / Estimator |Neil managed 11 projects in the public, private, and federal sectors with average budgets of $3 million. He identified design flaws in ongoing projects, alleviating constructability issues and providing best value solutions. He drafted concrete batch plant and SWPPP layout designs utilizing AutoCAD which optimized resources. He facilitated estimating efforts using HCSS HeavyBid and Bluebeam Revu on vertically integrated projects that ensured accurate, consistent, and timely estimates. He negotiated with vendors, analyzed alternative solutions and construction methods to increase bid competitiveness. Neil conveyed estimate/bid with sound logic in bid review/closing to ensure accuracy and evaluate project feasibility. He formulated construction drawings/calculations to support and facilitate construction work, load determinations, innovative plans, and changing work conditions.

Scott Fabel, PE, QSD

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 19 Years

EDUCATION
- B.S., Civil Engineering, California Polytechnic University, San Luis Obispo

REGISTRATIONS
- CA Professional Civil Engineer, #49032
- Qualified SWPPP Designer / Practitioner, #01209

Mr. Fabel has over 30 years of expertise and knowledge as a project manager, resident engineer, quality control/quality assurance manager, office engineer and inspector, positively impact his projects through value engineering design changes, managing successful claims negotiations, and partnering with the contractors and other agencies. He is familiar with the Caltrans Standard specifications, standard plans, construction manual, local assistance procedures manual and the "Green-book" standard specifications for public works construction.

Project Experience

Slope Stabilization Project
Orange County Transportation Authority; Orange County, CA
Project Manager / Resident Engineer | Ghirardelli Associates is providing construction management and inspection services related to required improvements to the I-205 WB MacArthur Ave Offramp. This project is necessary to increase the peak capacity of the offramp due to a new 981,000 square foot warehouse under construction. The scope of services includes, drainage, mass grading, signal and lighting, traffic control, striping, and paving. The project is in the Caltrans right of way and thus must meet all Caltrans Permit requirements. Mr. Prchlik's responsibilities include communication and coordination with Caltrans and ensuring conformance with Caltrans Standards.

Sound Wall No. 11 Construction
Los Angeles Metropolitan Transportation Authority (METRO); Los Angeles, CA
Project Manager | Sound Wall 11 is broken into two locations: Route 170 from Route 101 Separation to Sherman Way Overcrossing, and Route 405 from 0.2 miles North of Saticoy Street Undercrossing to 0.6 miles South-of Roscoe Blvd Undercrossing. SCOPE: 14-foot tall masonry block wall supported on CIDH pile foundations or occasionally on spread footing foundations, grade beams or K-rail concrete section. Associated bridge widening including precast concrete girders, concrete deck slab placement and paving. Other items in these projects typically include drainage systems, elevated signage poles, lighting poles, retaining walls, utility relocations, landscaping and associated irrigation systems, earth work, paving, freeway traffic controls, storm water drainage, and landscaping and associated irrigation systems during construction.

Northbound Widening on SR-57
Orange County Transportation Authority / Caltrans District 12; Orange County, CA
Resident Engineer / Project Manager |This project provided for increased capacity by adding one (1) additional mixed-flow lane and auxiliaries from Yorba Linda Boulevard to Lambert Road. Caltrans District 12 and OCTA initiated the SR-57 widening project in 2001 to address increasing congestion. Through cooperative efforts with Caltrans, Scott identified chronic freeway bottlenecks and developed projects resolve them. The project is split at the Yorba Linda Boulevard interchange. Scott prepared a master project budget and schedule, monitored and reviewed design consultants' progress, budget and schedule, reviewed plans and technical specifications for completeness, monitored and facilitated design consultants' plan, verifying with all pertinent agencies, prepared a master list for all plan-check comments and responses, and reviewed the engineer's estimate for accuracy.

Kraemer Blvd Railroad Grade Separation
Orange County Transportation Authority; Anaheim, CA
Project Manager |Ghirardelli provided inspection services and submittal reviews of shoring and false-work to Caltrans and BNSF standards and requirements, as well as provided calculations and comments, as required. Site work involved the construction of a 127-feet steel-girder railroad bridge to accommodate two existing railroad tracks and a future third track. The project required a shoofly during construction, improvements to adjoining streets, commercial driveways, traffic signals, storm drains, and the construction of a retaining wall to accommodate a new roadway under-crossing. There were seven retaining walls, ranging from 400-feet to 1,000- feet in length, set on CIDH piles.

Matt McKeon, PE

Resident Engineer

EXPERIENCE 30+ Years
TENURE W/GA 4 Years

EDUCATION
- B.S., Mechanical Engineering, University of California, Santa Barbara

REGISTRATIONS
- CA Professional Civil Engineer, #42566

Mr. McKeon has more than 30 years of transportation engineering service with California Department of Transportation, providing him with the experience, expertise, and industry contacts necessary to administer and manage complex public infrastructure contracts through to completion of award-winning projects. This includes: constructability review, safety, inspection, control surveys and construction management for new bridges (cast-in-place, conventional reinforced and pre-stressed, simple, multi-span, and multi-frame bridges, slab bridges, precast girder and steel girder bridges).

Project Experience

Fair Oaks Bridge
City of Sunnyvale; Sunnyvale, CA

Structures Representative | Located between Kifer Road and Evelyn Avenue, the Fair Oaks Bridge crosses over the Caltrain tracks and Hendy Avenue. The bridge was built in 1967, retrofitted in 1981 and 1993, and will undergo several improvements to address: evere deck cracking/spalling, Inadequate bike lane width, No sidewalk on bridge, Structural deficiencies with Sufficiency Rating of 47.7, Existing pedestrian overcrossing non-compliance with ADA. The City's goal is to maintain one travel lane and one bike lane in each direction during this time. However, some short-term lane closures may be required.

Veterans Blvd Grade Separation
City of Fresno; Fresno, CA

Resident Engineer | The City of Fresno, in collaboration with the CHSRA, mitigated the closure of the existing UPRR at-grade crossing at Carnegie Avenue by constructing a portion of the Veterans Boulevard Project. The construction work resulted in two lanes of Veterans Boulevard; a bridge structure over the existing UPRR and future High Speed Rail tracks, and a roadway connection from Veterans Boulevard to future Golden State Boulevard. The overhead bridge structure has two spans at a total length of 295 feet and a width of 133 feet. The structure was a cast-in-place post-tension concrete box girder, with all supports using 6 column bents on large diameter CIDH piles. MSE walls behind the abutments support the roadway embankment fills.

U.S. 101 Willits Bypass
Caltrans District 1; Mendocino County, CA

Assistant Resident Engineer | Caltrans District 1 constructed a 6-mile-long bypass around the City of Willits in Mendocino County, CA. As an Assistant Resident Engineer, duties included construction inspection and oversight of the highway lighting and electrical systems, drainage structures, and signs and delineation. Duties also included coordinating inspector and tester daily assignments, liaison with Designers and project development team, developing change orders to modify work or designs to resolve changed conditions and plans and specifications conflicts, working as part of the project's environmental compliance team, preparing project correspondence. Matt was the principal staff for analyzing construction delays, disputed costs, and negotiating resolution for $24 million of potential claims. Through his actions, Matt helped the on-time completion of the project without construction claims or further related costs.

Greenwood Creek Bridge Project
Caltrans District 1; Mendocino County, CA

Structures Representative | The Greenwood Creek Bridge project on Route 1 in Mendocino County replaced the existing obsolete and scour critical structure with a new cast-in-place post-tensioned PCC box girder bridge which includes 6-foot shoulders and a 5-foot wide pedestrian walkway as part of the California Coastal Trail. The foundation includes two piers with deep 4-foot cast-in-drilled-hole piles. During construction, Matt's responsibilities included oversight, review, approval and documentation of the contractor's structure submittals and bridge construction operations, reviewing CPM schedules, verifying and documenting materials and workmanship and compliance with contract plans.

Ghirardelli ASSOCIATES

EXPERIENCE 11 Years
TENURE W/GA 3 Years

EDUCATION
- B.S., Civil Environmental Engineering, California State University, Sacramento

REGISTRATIONS
- CA Professional Civil Engineer, #85523
- Qualified SWPPP Developer/ Practitioner #25980

Jaimie Azvedo, PE, QSD

Resident Engineer / Office Engineer / Inspector

Ms. Azvedo has ten years of experience and progressive responsibility in providing civil engineering services. Her background includes civil engineering tasks such as storm water management, drainage design, construction inspection and management, cost estimating and utility coordination. As an office engineer, she has experience processing bill payments, maintaining correspondence logs, creating and submitting purchase order requests, processing RFIs and performing categorical filing. As a Stormwater Field Inspector, Ms. Azvedo reviews site plans, and performs field reviews / inspections on new and existing stormwater infrastructure for conformance with specifications or maintenance/repair needs.

Project Experience

Washington District Infrastructure Project
City of West Sacramento; West Sacramento, CA
Office Engineer | The project corrected several inefficiencies in the neighborhood's infrastructure. Sidewalks were made more accessible, bike lanes added, and several roadways were re-evaluated for more efficient multi-modal traffic flow. Large street canopy trees were preserved, and new street trees were planted. The project was also designed to handle a future streetcar extension that will circulate along the Third Street corridor, jogging west to 5th Street and then east on C Street and over the new bridge to connect to Railyards Boulevard in Sacramento. Water, sewer, and storm lines were upsized and replaced, and overhead utilities were placed underground where feasible. Ms. Azvedo assisted in processing and reviewing of progress payments for contractors. She coordinated, reviewed and assessed contract and Extra Work submittals. She analyzed and recommended changes to submitted Extra Work invoices based on field verification and work product.

State Route 99 (SR-99)/Elkhorn Blvd Interchange Improvements
City of Sacramento; Sacramento, CA
Design Engineer | The project signalized the northbound off ramp at Elkhorn Boulevard and added a free right turn lane from the northbound off ramp to eastbound Elkhorn Boulevard. It widened Elkhorn Boulevard from the State Route 99 northbound off-ramp to approximately 1,100 feet east of East Commerce Way. Ms. Azvedo was responsible for the preparation of the SWPPP for this project to improve traffic circulation and relieve congestion at the interchange and associated roadway within Caltrans, City of Sacramento, and Sacramento County right-of-way (ROW).

Storm Damage Repairs / SWPPP Risk Level 2 Emergency Project
Caltrans District 1; Mendocino County, CA
SWPPP Assistant | Storm damage repairs roadway stabilization in Mendocino County near Willits from 2.0 miles south of Ridgewood Ranch Road to 0.9 miles north of Black Bart Drive. Duties included field visit with the RE prior to construction to provide recommendations on BMPs, Risk Level calculation to provide to RE for cost estimate purposes, evaluation of SWPPP documents for completeness and timeliness, and field visits when construction started to ensure correct implementation of BMPs.

Various Projects
Caltrans District 1; Lake, Mendocino, Humboldt, Del Norte Counties
SWPPP Assistant | Assist the SWPPP Inspector to provide technical expertise and advice, engineering support, plan and specification reviews, and constructive feedback to Resident Engineers, Designers, and Contractors with regard to water pollution prevention laws, regulations, and Best Management Practices for Caltrans District 1. Assist SWPPP Inspector with reviews of Contractor-submitted Storm Water Pollution Prevention Plans for conformance with NPDES and Caltrans Construction General Permit requirements. Visit construction sites with SWPPP Inspector to assess effectiveness of water pollution control measures and help advise REs of necessary changes to be implemented in order to maintain permit compliance.

Scott Buckley, PE, PMP

Resident Engineer

Mr. Buckley has 30+ years of professional project, design, construction, and program management experience on transportation infrastructure projects throughout California. He is an innovative, passionate, and dynamic entrepreneur who utilizes creativity, leadership, and teamwork to develop solutions that provide customer value. He is an effective communicator with the ability to build and motivate teams to pursue, capture, and successfully deliver large complex infrastructure projects. Mr. Buckley is able to identify and implement strategies to reduce costs, increase revenue, and strengthen customer relationships.

Project Experience

Fair Oaks Bridge
City of Sunnyvale; Sunnyvale, CA
Resident Engineer | Located between Kifer Road and Evelyn Avenue, the Fair Oaks Bridge crosses over the Caltrain tracks and Hendy Avenue. The bridge was built in 1967, retrofitted in 1981 and 1993, and will undergo several improvements to address: evere deck cracking/spalling, Inadequate bike lane width, No sidewalk on bridge, Structural deficiencies with Sufficiency Rating of 47.7, Existing pedestrian overcrossing non-compliance with ADA. The City's goal is to maintain one travel lane and one bike lane in each direction during this time. However, some short-term lane closures may be required.

Castro Ranch Boulevard
City of Richmond, Richmond, CA
Resident Engineer | This project is the pavement rehabilitation of Castro Ranch Road from Olinda Road to the Richmond City Limit in Richmond, California. The work includes, traffic control, environmental protection, removal and replacement of concrete curbs, removal of sidewalk, removal and replacement of AC dike, cold milling of asphalt pavement, wedge and conform grinding, pavement repairs. Thermoplastic traffic striping and traffic markings for new bike lanes, traffic dividers, pedestrian push buttons, removing and placing of signs and signposts, median landscaping, and as shown on the project plans.

Concord Bridges
City of Concord, Concord, CA
Resident Engineer | This project rehabilitated 6 bridges throughout the City of Concord. Work included a polyester overlay, bridge deck spall repair, ground anchors, soil nails, shotcrete, excavation around bridge piers and rock slope protection placement around the same bridge piers. All of the bridges were located over creeks, and required a risk level 2 SWPPP with multiple types of BMPs including dewatering a 100 foot section of Walnut Creek. Temporary traffic control was consistently changing depending on the work being performed during the closure and required adaptation of the closuresperformed for the task.

3rd Street Bridge Rehabilitation Project
City of San Francisco; San Francisco, CA
Project Principal | Mr. Buckley was the Project Principal responsible for leading a team to perform a condition assessment and rehabilitation design for an historic bascule bridge that was designed and built by Strauss in 1936. His primary responsibility included deck structural system redesign.

Hugo Mejia, PE

Resident Engineer

EXPERIENCE 26 Years
TENURE W/GA 1 Years

EDUCATION
- B.S. Civil Engineering, California State University, Fresno

REGISTRATIONS
- CA Professional Civil Engineer, #58575

Mr. Mejia is a seasoned construction management professional who has led major transportation construction projects. Mr. Mejia has proven his skills as the first Design and Construction Manager for the California High-Speed Rail Authority on the billion-dollar Construction Package-1 project. Over the years, Mr. Mejia has successfully delivered major highway construction projects as Senior Construction Engineer and Resident Engineer for Caltrans District 6. His expertise includes infrastructure construction, contract administration, program management, claims avoidance and resolution, partnering, and supervision of personnel.

Project Experience

Freight Intelligent Transportation System
Oakland, CA

Resident Engineer/ Contract Administrator | As Resident Engineer, Mr. Mejia represented Alameda County Transportation Commission in the construction of the $15.6 million Freight Intelligent Transportation System project at the Port of Oakland. Project work included the installation of an Advanced Traffic Management System platform, traffic signal upgrades, closed circuit television, changeable message signs, queue detection, communication improvements, center-to-center communication, supplemental vehicle detection, train detection, and weigh-in-motion. He also managed the contractor, supervised field employees, and coordinated work with local agencies. As Contract Administrator, his duties included management of the advertisement and bidding of the FITS project. Mr. Mejia also assisted Alameda CTC with establishing construction management guidelines and policies for administering agency contracts.

Tulare County Transit Operations and Maintenance Facility
Tulare, CA

Construction Manager | Mr. Mejia was responsible for providing inspection services and overall management of the $10.2 million project. He worked with Tulare County's Resident Engineer as part of an integrated team to supervise inspectors in the inspection of the contractor's activities and ensured work was completed in accordance with Federal Transit Administration regulations and Tulare County requirements.

Jaye Street Bridge Widening
Porterville, CA

Resident Engineer | Mr. Mejia completed construction management for the $7 million Jaye Street Bridge widening in Porterville, CA. The Jaye Street Bridge Widening project expanded the current two-lane configuration to four lanes at 82-feet wide and 242-feet long with 5-feet wide sidewalks on both sides. The 6-span bridge over the Tule River consisted of a flat slab supported on 49 pile shafts. The pile shafts were driven 30" CISS piles. Mr. Mejia's responsibilities included leading the construction administration team and verifying that all aspects of the federally funded project were compliant with the Caltrans Local Assistance Procedures Manual. His other duties included quality assurance, supervision of field inspectors, control of project budget and schedule, and resolution of day-to-day issues. He managed and coordinated with permitting agencies and verified that all environmental monitoring and reporting took place in accordance with the approved monitoring plan. Mr. Mejia coordinated with the utility agencies, design team, City of Porterville, and public.

Fresno Bus Rapid Transit
Fresno, CA

Resident Engineer | Mr. Mejia was responsible for the construction management of the $33 million project in accordance with Federal Transit Administration regulations and City of Fresno requirements. He oversaw construction activities to ensure compliance with the project's cost, scope, and schedule and acted as the City's construction representative in dealing with the contractor, designers, and City staff. Mr. Mejia wrote, processed, and finalized change orders. He was also responsible for processing and reaching resolution on all claims.

Mr. Mejia wrote, processed, and finalized change orders. He was also responsible for processing and reaching resolution on all claims.

Ghirardelli ASSOCIATES

Keith Hixson, CESSWI

Inspector

EXPERIENCE 30 Years
TENURE W/GA 6 Years

REGISTRATIONS
- Certified Erosion, Sediment, and Storm Water Inspector (CESSWI) #1850

Mr. Hixson has more than 30 years of extensive inspection experience on transportation and civil construction projects as a Senior Construction Inspector. He has a variety of experience including inspection of concrete drainage and pump station structures, PCC and hot mix asphalt paving, large boring and tunneling operations, mass grading, open cut piping, SWPPP, materials testing, environmental remediation, traffic operations, and safety. He also performed labor compliance interviews, maintained project records including daily job diaries, photo documentation, requests for information, quantity logs. progress payments, submittal review and processing, field instructions and contract change order prep for the Resident Engineer.

Project Experience

Drainage Shed A Channel Landscaping Enhancement
City of Elk Grove; Elk Grove, CA
Construction Inspector | Project included constructing a paved trail extension and adding irrigation and landscaping along Ehrhardt Channel between Elk Grove Boulevard and Spring Flower Drive. Work included clearing and grubbing, water pollution control, excavation, adding a reinforced concrete retaining wall, and construction of a roadway structural section complete with HMA and reinforced concrete pavement. Landscaping and irrigation improvements were made to add trees and shrubs and site furnishings included pedestrian barricade, park benches, precast concrete trash receptacles and pet waste stations. Justin was responsible for administration of the project, reviewing submittals and verifying contractor compliance in the field.

Mariposa Avenue Safe Routes to School Phase 3
City of Citrus Heights; Citrus Heights, CA
Construction Inspector | This Federally funded project continues the larger vision of continuous pedestrian/bicycle infrastructure between Greenback Lane and Madison Ave linking both Skycrest Elementary School and San Juan High School to each other and to the neighborhoods to the east. The project completes the bike/ped facility for a nearly one-mile segment between a high school and elementary school, and includes curb, gutter, sidewalk, bike lanes and curb access ramps on the east side of Mariposa between Northridge and Eastgate, and adds eight safety streetlights. Project scope also included MSE retaining walls, drainage improvements, removal, and replacement of roadway structures section.

On-Call Task Orders
Caltrans District 3; Various Locations, CA
Construction Inspector | As part of the Caltrans District 3/North Region Division of Construction on-call contract (03A2437) for Construction Engineering, Construction Inspection, and Construction Materials Sampling and Testing Services, Scheduling, and Claims Support Services, Keith has performed on the following task orders 03-1F9903, ADA compliance curb ramps, signal, in Butte Co. near Chico from Poplar Street to SR-99/32. 6/17 to 7/17; 03-3F7603, Realigned curves, and widened shoulders Butte Co. near Paradise North of Clear Creek Bridge to Airport Road. 7/17 to 10/17. 03-4F2603, Install traffic signal at Ivy in Butte Co. in Chico at SR 32 and Ivy Street. 7/17.

Construction Support Services for Various Subdivisions and Developer Driven Construction Projects
El Dorado County, CA
Construction Inspector | Keith performed on-site inspections to check the quality and quantity of the work performed by the developer's Construction Contractor and any subcontractors and any utility companies. The work included inspection for general development services, but also some specific projects for the County. Keith helps to ensure developer's Construction Contractor, subcontractors, and utility company compliance with all the construction documents. Items to be inspected include construction materials, methods, techniques, and sequences. The projects in support of the various subdivision permitting have included the construction of Carson Creek Unit 1 and 3, Carson Crossing Drive, West Valley Villages and Latrobe Road Bike Trail and Bridges.

Donna James, QSP, ACI I, NACE II

Inspector

EXPERIENCE 17 Years
TENURE W/GA 5 Years

EDUCATION
- Coursework, Truckee Meadows Community College

REGISTRATIONS
- Qualified SWPPP Practitioner #25149
- ACI #01079908
- NACE Coating Inspector Level II, #58630

Ms. James is a Construction Inspector, Materials Tester, and Office Engineer with more than 17 years of relevant experience. She is often requested for her diverse experience base and knowledge of both private and public sector projects. Her roles have been performed on roads, highways, bridges, retaining walls, occupied structures, and underground systems. This experience has benefited the general public, agencies, and her employer while working on city, county, regional, state and federal projects.

Project Experience

Hwy 80 Construction
Caltrans District 3
Construction Inspector/Assistant Resident Engineer | The project is in Nevada County near Truckee, CA at various locations between Soda Springs Overcrossing and Donner Lake Undercrossing. Project involved Replacement of 26,000 feet of PCC barrier rail including fiber optic conduits.

US Highway 50 Sawmill Undercrossing Bridge Replacement
Caltrans District 3; El Dorado County, CA
Construction Inspector | The project consisted of replacing the bridge on U.S. Highway 50 in El Dorado County at Ridgeway Drive (Sawmill Undercrossing), installing three lights on the eastbound off-ramp at this undercrossing and three additional lights at the Highway 50 Sly Park Undercrossing eastbound off-ramp. The work for the lighting of the Sly Park Undercrossing took place between postmile limits 30.17-31.30. The Sawmill Undercrossing will be renamed the Ridgeway Drive Undercrossing.

37th Street Bicycle and Pedestrian Improvements
City of Richmond; Richmond, CA
Construction Inspector | This project builds ADA-compliant curb ramps and installs bike lanes on 37th Street between Cerrito Ave and Center Ave. The work consists of replacing and reconfiguring existing striping, reconstructing curb ramps and making signal modifications. The scope includes, but is not limited to, removal of existing stripe, markers and markings; removal of existing curb ramps and sidewalks to construct new curb ramps, improvements to pedestrian push button and signals, and adjusting existing utility covers.

Overlay/Signs/ADA Highway Improvements
Caltrans District 1; Humboldt County, CA
Construction Inspector | Construction on state highway in Humboldt County in and near Orick from 0.3 miles north of Big Lagoon Bridge to 0.3 miles south of Prairie Creek Undercrossing. The project consisted of approximately 17 lane miles of 0.15' lift of rubberized hot mix asphalt and 0.10' lift of bonded wearing course, over 400 each new roadside sign installations, metal beam guard rail and Midwest guard rail reconstruct, vegetation control mat, HMA dike, rumble strip, utility adjustments, striping, pavement markings, and methyl methacrylate colored resin. Donna acted as lead inspector in charge of inspection of bid items such as: HMA paving, daily spread rates, roadside sign installation, vegetation control, HMA dike, rumble strip, utility adjustments, striping, pavement markings, and methyl methacrylate colored resin. She also turned in daily reports and assisted the resident engineer with extra work bills and monthly pay estimates.

Breuner Marsh Restoration and Enhancement Project
East Bay Regional Park District; Richmond, CA
Construction Inspector | The Breuner Marsh project restored tidal and seasonal wetland, coastal prairie, and transitional scrub habitats of San Francisco Bay by removing imported fill, hazardous material and non-native vegetation and replacing with restored native habitats. Donna inspected Pile Driving, installation of precast bent caps, placement of precast 40' long deck panels, concrete bent cap pour backs and joint seal installation. Inspect placement and grading of approx. ½ mile of class 2 AB and Type A HMA for the San Francisco Bay Trail.

Mike Lyons

Civil, Structures, Electrical Inspector

Mr. Lyons has over 30 years as a construction inspector on public infrastructure projects throughout California. His experience includes civil, electrical, and mechanical inspections on various construction projects including highways and freeways, light rail facilities, airports, and water and wastewater treatment facilities.

Project Experience

Grantline Road Widening Phase 1
Mountain House CSD; Mountain House, CA
Construction Inspector | The project consists of widening from two lanes to four lanes with landscaped pedestrian access. The project improvements included new underground utilities in a joint trench, water, sewer, and storm drainage, paving and grading, five signalized intersections, sidewalks, curb and gutter, and landscaping. Mr. Lyons duties included to prepare daily inspection reports that document all field conditions, work completed, materials used, and key conversations or observations. Daily field oversight, inspection, traffic management, safety, photographs, and videos of the entire, project including surrounding properties to develop an as-is condition.

State Route 132
City of Modesto; Modesto, CA
Construction Inspector | Mr. Lyons provided construction inspection on the $100 Million Dollar virgin freeway approximately 3 miles in length with 4 bridges and 3 undercrossings. All aspects of general freeway construction is being performed. Mr. Lyons was responsible for civil and electrical construction on site. The client for this project is the City of Modesto with funding provided by the Stanislaus County of Governments.

Truxton Avenue Operational Improvements
City of Bakersfield; Bakersfield, CA
Construction Inspector | Mr. Lyons provided construction inspection on the $7 million dollar Truxtun Operational Improvements project for the City Of Bakersfield. This was a city funded street widening project which impacted Kern County Irrigation, Calwater, City Stormwater, Bakersfield Police Shooting Range and Caltrans R/W. Highlights of the construction on site included widening of existing 4 lanes to 6 lanes, Storm drain systems, SWPPP, Electrical, Fiber Optics, Structural Steel Elliptical Culvert Extension, Barrier Walls, Retaining Walls, Soil Anchor Wall, Architectural Treatments, Earthwork, AC Paving, Striping, Fences, Irrigation Relocation, Demolition and reconstruction of Storage Facility Business with 6 bldgs.

Highway 99/Hoskings Avenue Interchange
City of Bakersfield; Bakersfield, CA
Construction Inspector | Mr. Lyons provided construction inspection on the $30 million dollar Hoskings Ave. Bridge Replacement project for the City Of Bakersfield. This was part of the "TRIP" Thomas Roads Improvement Program. Demolition of existing bridge, mass grading, construction of 6 new ramps, widening and reconstruction of new freeway lanes, Ramp Termini, JPCP paving, CRCP paving, AC paving, retaining wall, sanitary sewer trunk line, storm drain systems, electrical signalization, lighting, ramp metering, median barrier, signs, guard rail, and general freeway construction.

Sperry Road Extension
City of Stockton; Stockton, CA
Construction Inspector | The project consisted of new construction of 5 new bridges, mass grading operations with 40 ft. fills, approx. 1 mile of new roadway, pile driving, retaining walls, CRCP paving, AC paving, waterlines, sanitary sewers, storm drain systems, multiple utility coordination, electrical signalization, lighting, weigh in motion scales, ramp metering guardrail, sidewalks, curb & gutter, architectural conc., architectural pedestrian hand railing, signage, striping and general roadway freeway construction.

Ghirardelli ASSOCIATES

Dennis Miller

Civil Inspector

EXPERIENCE 14 Years
TENURE W/GA 1 Years

EDUCATION
- B.S. Fruit Science/Viticulture, California Polytechnic State University

Mr. Miller has worked in the construction industry for the past 14 years as a construction inspector, field technician, Quality Control manager, and materials laboratory manager. He is well versed in the construction practices of Caltrans and have good working knowledge of the agency's Standard Plans and Specifications, Construction Manual, SWPPP Manual, Materials Sampling and Testing, and Traffic Control Systems. His inspection experience includes asphalt placement (HMA, RHMA, CIR Paving); concrete paving (White paving, and Rapid Set); AB placement and grading; concrete barriers; metal beam guard rails; box culverts; curb, gutter, and sidewalks; drainage systems and earthwork.

Project Experience

On-Call Inspection
City of Lincoln
Construction Inspector | Many different projects including new home development infrastructure inspection, rehab projects for Sewer, Storm Drain and Water mainline pipe. Mr. Miller's responsibilities included ensuring contractor met city standards during construction, inspected pipe placement and testing, backfill, HMA placement, daily reports, monthly progress estimates and scheduling.

Sheldon Road Bike Lane and Left Turn Lane Project
City of Elk Grove
Construction Inspector | Inspection for City of Elk Grove widening Sheldon Rd to place new left hand turn lanes and bike lanes from Waterman Rd to Elk Grove Florin Rd. This project included road widening, culvert replacement, digouts, grinding/new HMA placement, road striping and erosion control. Mr. Miller ensured contractor followed city, county and Caltrans standards per project documents.

Bond Road Median Improvements and Resurfacing Project
City of Elk Grove
Construction Inspector | Inspection for City of Elk Grove adding curbed median to Bond Road and placed microsurfacing on Bond Road from E. Stockton Blvd to Elk Grove Florin Road. This project included ADA sidewalk ramp replacements, new traffic camera placement to replace loops, striping and green MMA placement for Bike lanes.

Rancho Murieta Housing Development
Rancho Murieta Community Services District
Construction Inspector | On call Inspection for Rancho Murieta Community Services District. Mr. Miller provided inspection of Infrastructure of new home developments including all Sewer, Storm Drain, Domestic Water and Reclaim Water mainline pipe installation and testing.

Malone Culvert Replacement Project
City of Wheatland
Construction Inspector | Inspection for City of Wheatland replacing a large steel culvert in the town of Wheatland. Previous culvert failed and was removed, new culvert was placed and HMA roadway was constructed on top of it. Worked together with PG&E as project was constructed on top of a high pressure transmission line.

Elk Grove Demolition Project
City of Elk Grove
Construction Inspector | Construction inspector for City of Elk Grove inspecting demolition of 6 Residential Homes and a communication tower on Kammerer Road. Worked with the Cosumnes Fire Dept as they used some of the homes as practice burns. Ensured contractor followed city Standards and completed demolition per plans.

Ghirardelli ASSOCIATES

Paul Olvera

Civil, Structures Inspector

EXPERIENCE 20 Years
TENURE W/GA 1 Years

EDUCATION
- A.S. Drafting & Design Technology ITT Technical Institute, Lathrop, CA

Mr. Olvera has 20 years of experience as a Construction Inspector for highway projects and Construction Project Manager/Estimator for building/facility/rail projects. He has experience in document control, RFI's, submittal reviews, progress payments, change order processing, lane closures, traffic control, compaction tests, concrete testing including batch plant, grade checking, AC paving, signal and lighting, signage, SWPPP, irrigation and landscaping, California Department of Transportation (Caltrans) procedures and specifications, CIDH piles and driven piles.

Project Experience

On-Call Inspection
City of Lincoln
Construction Inspector | Many different projects including new home development infrastructure inspection, rehab projects for Sewer, Storm Drain and Water mainline pipe. Mr. Miller's responsibilities included ensuring contractor met city standards during construction, inspected pipe placement and testing, backfill, HMA placement, daily reports, monthly progress estimates and scheduling.

Sheldon Road Bike Lane and Left Turn Lane Project
City of Elk Grove
Construction Inspector | Inspection for City of Elk Grove widening Sheldon Rd to place new left hand turn lanes and bike lanes from Waterman Rd to Elk Grove Florin Rd. This project included road widening, culvert replacement, digouts, grinding/new HMA placement, road striping and erosion control. Mr. Miller ensured contractor followed city, county and Caltrans standards per project documents.

Bond Road Median Improvements and Resurfacing Project
City of Elk Grove
Construction Inspector | Inspection for City of Elk Grove adding curbed median to Bond Road and placed microsurfacing on Bond Road from E. Stockton Blvd to Elk Grove Florin Road. This project included ADA sidewalk ramp replacements, new traffic camera placement to replace loops, striping and green MMA placement for Bike lanes.

Rancho Murieta Housing Development
Rancho Murieta Community Services District
Construction Inspector | On call Inspection for Rancho Murieta Community Services District. Mr. Miller provided inspection of Infrastructure of new home developments including all Sewer, Storm Drain, Domestic Water and Reclaim Water mainline pipe installation and testing.

Malone Culvert Replacement Project
City of Wheatland
Construction Inspector | Inspection for City of Wheatland replacing a large steel culvert in the town of Wheatland. Previous culvert failed and was removed, new culvert was placed and HMA roadway was constructed on top of it. Worked with the Cosumnes Fire Dept as they used some of the homes as practice burns. Ensured contractor followed city Standards and completed demolition per plans.

Ghirardelli ASSOCIATES

Mario Santos

Civil, Structures Inspector

EXPERIENCE 19 Years
TENURE W/GA 4 Years

EDUCATION
- A.S., Drafting & Design Technology, ITT Technical Institute, Lathrop, CA

Mr. Santos has more than 19 years of combined construction inspection and materials testing experience. Mario's experience includes roadway and bridge construction projects, levee improvement projects, development inspection, and linear pipe installation projects. Mario has performed construction inspection and testing services within the Caltrans right-of-way and on several City/County development projects. His duties have included material tracking and payment recommendations, daily reporting, RFI support, submittal review, and material testing and reporting.

Project Experience

West Park Phase 1 and 2

West Roseville Residential Development; Roseville, CA

Construction Inspector | Primary on call 3rd party inspector on the multi-million dollar 3,100-acre West Park residential community development off of Fiddyment Road in West Roseville. Performed the mass grading inspections and soils testing of all fills and cuts in the grade along with all deep sewer, storm drain and water line utilities along with all dry utilities being. Also performed all asphalt paving inspections, testing and sampling along with all lime and cement treatment sampling and quality control on site. Observed the placement and performed density tests of Aggregate Base placed under roadway sections, and observed the construction of all the streetscapes within the area assigned which included the concrete placement along with all the landscaping.

San Leandro Medical Center

Kaiser Permanente; San Leandro, CA

Lead Special Inspector | This project required all civil work which included site observations of mass grading earthwork, utility backfill, drainage improvements, excavations and foundation construction including underground placement of various utilities, construction of wall footings as well as rebar, concrete and asphalt. Provided soils, concrete, asphalt concrete (AC), testing services as the representative for my company and worked closely with multiple Office of Statewide Health Planning and Development (OSHPD) inspectors on site. Collected and prepared samples, performed various laboratory tests to monitor compliance with construction specifications including soil compaction, concrete and asphalt density testing using equipment instrumentation such as a nuclear gauge. Worked closely with the City of San Leandro to widen two streets that were surrounding the hospital. Very knowledgeable of the City's specs and practices. Observed deep excavation and the placement of multiple styles of shoring which includes sheet piles along with I-Beam using steel plates and also the placement of soldier piles in some instances.

State Route 108 Riverbank Sidehill

Caltrans D59, Riverbank, CA

Project Engineer | The project in Stanislaus County is near the City of Riverbank on State Route 108, adjacent to the Stanislaus River. It includes 24-inch drilled piles with rebar cages; poured bridge deck; and 42-inch concrete barrier poured in place with rebar. Mario is responsible for inspection of placement of asphalt; and cold planing of existing asphalt.

I-5 Boat Section Replacement and Sacramento Boat Section

Caltrans District 3 South and District 10 North; Sacramento, CA, Sacramento, CA

Assistant Resident Engineer / Construction Inspector | This project involved the replacement of laid new rebar and continuous poured polyester concrete for accelerated set-up/strength properties. Mario coordinated with the subcontractor, overseeing multiple crews, and coordinating traffic with the California Highway Patrol (CHP). He also coordinated multiple concrete pours and methacrylate overlays on completed sections, and overseeing groove grinding and skid testing.

Ghirardelli ASSOCIATES

David Corn, LSIT

Civil, Structures, Electrical Inspector

EXPERIENCE 29 Years
TENURE W/GA 1 Year

EDUCATION
- Associate Certificate Program- Civil Engineering Technology- San Joaquin Delta College
- CA, Land Surveyor in Training

Mr. Corn is a highly motivated and results-oriented construction manager and construction and structures inspector with 29 years of industry leadership. He has managed and inspected a wide range of facilities (commercial, educational, industrial, research, and residential), transportation, and rail transit projects with construction values of $1.5 to $100 million. His portfolio features bridge and highway work within the Caltrans right-of-way and BART safety retrofits and station upgrades. He is familiar with documenting and administering contracts in accordance with the Caltrans Construction Manual and Local Assistance Procedures Manual.

Project Experience

Highway 99/Mission Avenue Realignment
Caltrans District 10; Merced, CA
Lead Inspector | Mr. Corn was responsible for a broad range of construction management services for Caltrans on this $75 million project that involved the realignment of SR 99 in Merced County. Some of Mr. Corn's responsibilities included the overview and inspection of all earthwork activities which included one million yd3 of import/borrow, PCC paving of the north bound and south bound lanes including shoulder paving and all items associated with the approximate 6mi of AC paved frontage roads on this project. Mr. Corn's duties included assisting with contract administration and documentation, resolving quality compliance issues, tracking daily construction progress, managing the SWPPP Program for this project, and coordinating/directing Caltrans Field Surveys to eliminate potential delay claims on this fast tracked project for Caltrans.

Wildwings Development
City of Woodland; Woodland, CA
Inspector | This project consisted of constructing Phase I lots for 77 single family dwellings, an access roadway from State Highway 16 onto the site, 4.5 miles of off-site gas main, a water supply and distribution system, a sewage collection system and treatment plant, a raw water distribution system, curb, gutter, sidewalks, roadways, electric service, telephone service, street lighting, and complete community developments. Provided full construction management/administrative services and field inspections.

Woodland Subdivision Development
City of Woodland; Woodland, CA
Construction Inspector | Assigned to $1 Billion Subdivision Development in Woodland, CA. This subdivision includes a wastewater treatment plant, Domestic Water/Plant Water Supply Well Sites, an 18 Hole Golf Course, Club House, Caddy House, Tennis Court, and Swimming Pool Recreation Area. It also included individual runways to some of the developed parcels. Performed Full Construction Management Services. Performed overview, inspection, and liaison communications between on-site General Contractors performing contract packages on this project.

Grand Blvd. Project TCSP & OBAG Contracts
City of South San Francisco; San Francisco, CA
Assistant Resident Engineer and Lead Inspector | This work consists of traffic control; excavation; removals; hot mix asphalt paving; slurry seal; concrete curb and gutter, and paving: pervious concrete sidewalk, signina and striping, utility adjustments; storm drainage modifications; bioretention planting and irrigation; and signal and lighting modifications, located on El Camino Real at McLellan Drive to 300 feet south of Kaiser Way and at the Chestnut/Westborough Ave. intersection to 250 feet north of Arroyo Drive in South San Francisco, CA. Checked and validates field surveys. Mr. Corn performed assistant resident engineer and inspection services for this project. He tracked daily field production and quality and kept photo logs of progress of the work and any errors found in the work. The daily inspection reports were written incorporating material certs, contractor pour and placing checklists, and validated placed configurations for progress payments at the end of each month.

Ghirardelli ASSOCIATES

Pat Myers

Civil, Electrical Inspector

EXPERIENCE 30+ Years
TENURE W/GA 5 Years

Mr. Myers has over 30 years of experience in the construction industry. His career has been focused on electrical infrastructure construction of all types including traffic signals, ITS components and street lighting. Mr. Myers has a strong understanding of all aspects of roadway and electrical construction, from joint trench through project completion. His knowledge of the Caltrans Standards is excellent, and he has extensive experience with local agency standards and specifications as well.

Project Experience

I-80/Central Avenue Operational Improvements Project Phase I
Contra Costa Transportation Authority; Richmond, CA
Electrical Inspector | This project improves the traffic operations at the I-80/Central Avenue interchange and along Central Avenue between Rydin Road and San Pablo Avenue. The project will be completed in two phases. This phase redirects left turns from westbound Central Avenue onto I-80 WB to the adjacent I-580 eastbound on-ramp at Rydin Road during weekend peak hours; and installs traffic signals at the I-580 ramps. Oversaw traffic signal installation, BMS signs, ramp metering, safety lighting.

New Traffic Signal at Route 26
Caltrans District 10; Valley Springs, CA
Construction Inspector | Mr. Myers performed and assisted in performing the duties of a Construction Inspector, including, but not limited to, construction inspection, quantity calculations, checking grade and alignment, materials control, safeguarding, and assuring compliance with project plans and specifications. Identified actual and potential problems associated with the construction project and recommending sound engineering solutions. He maintained an awareness of safety and health requirements and assuring compliance with applicable regulations and construction contract provisions for the protection of the public and construction project personnel. Prepared, records, reports, and correspondence related to construction project activities. He assisted in the preparation of final As-Built plans at the completion of construction, assisted in all aspects of required office construction engineering work including setting up and maintaining project files, processing required documents and progress payments, as necessary. Mr. Myers performed the Electrical inspection and compliance monitoring of projects, verified compliance with safety procedures.

Route 132 Lighting and CCTV Elements
Caltrans District 10; Tracy and Vernalis, CA
Construction Inspector | This project included new Lighting, Fiber conduits, vaults, CCTV, and CMS elements. Mr. Myers performed and assisted in performing the duties of a Construction Inspector, including, but not limited to, construction inspection, quantity calculations, checking grade and alignment, materials control, safeguarding, and assuring compliance with project plans and specifications. He identified actual and potential problems associated with the construction project and recommending sound engineering solutions. Mr. Myers maintained an awareness of safety and health requirements and assuring compliance with applicable regulations and construction contract provisions for the protection of the public and construction project personnel.

12th Street Traffic Signal Improvements
City of Sacramento; Sacramento, CA
Civil and Electrical Inspector | This project had unique challenges working around extensive existing utilities, light rail trains and high volumes of pedestrian and vehicular traffic. Facility owners were the City of Sacramento and Regional Transit. The work performed included the installation of new conduit, rewired traffic signals and light rail displays at eight intersections on 12th street from Sproule to J St. As project manager for the prime contractor, Mr. Myers responsibilities included all scheduling, coordination with the City and RT staff, problem resolution and managing of subcontractors. This project was completed to the satisfaction of all involved, on-time and without safety incident.

Ghirardelli ASSOCIATES

Cliff Noble

Structures Inspector

EXPERIENCE 30+ Years
TENURE W/GA 1 Year

EDUCATION
- B.S., Civil Engineering, CSU Chico

Mr. Noble has 30 years of experience providing construction management services for bridges, roadways, and infrastructure projects designed and constructed to Caltrans' standards. He brings a strong working knowledge of Caltrans' procedures and the agency's construction manuals. Mr. Noble also brings in-depth experience with the construction of various types of structures, including box girder, precast concrete girder, steel girder, and concrete slab bridges for grade separations and interstates.

Project Experience

On-Call Construction Inspection Services
Caltrans District 10; Merced, Calaveras, Stanislaus, San Joaquin, Mariposa Counties, CA
Assistant Structures Representation | Cliff is providing construction inspection services for various projects including joint seals replacement, bridge decks treatment, approach slabs replacement, bridge repair and proposed sand shed.

Thomas Roads Improvement Program (TRIP) Beltway Operational Improvements
Caltrans District 6; Bakersfield, CA
Structures and Roadway Inspector | The project to improve safety and traffic operations along the State Route 58 corridor east of State Route 99 to Cottonwood Road, and at the State Route 99/Ming Avenue interchange. The project involves operational improvements to interchange ramps and construction of auxiliary lanes, retaining walls, and sound walls. Mr. Noble was responsible for documenting the contractor's daily progress; quantities and breakdown of man-hours and equipment; reviewing falsework and guying systems; surveying bridge construction; providing bridge deck, abutment, and column pour grades; inspecting all aspects of bridge work, including rebar, concrete, CIDH piling, and bridge falsework; verifying the bridge layout, line, and elevations; and assuring that bridge construction materials comply with the specifications; and coordinating with Caltrans Structure Design.

Arch Road/State Route 99 Widening
Caltrans District 59; Stockton, CA
Structures Inspector | The project involves bridge removal; construction of a 240-foot-long two-span cast-in place prestressed concrete box girder bridge; widening of a three-span cast-in-place reinforced concrete slab bridge; and construction of two 1,500-foot-long, 25-foot-high mechanical stabilized embankment walls. Mr. Noble was responsible for documenting the contractor's daily progress; quantities and breakdown of man-hours and equipment; reviewing falsework and guying systems; surveying bridge construction; providing bridge deck, abutment, and column pour grades; inspecting all aspects of bridge work, including rebar, concrete, CIDH piling, and bridge falsework; verifying the bridge layout, line, and elevations; and assuring that bridge construction materials comply with the specifications; and coordinating with Caltrans.

State Route 99/French Camp Widening, Phases 1 and 2
Caltrans D59; Manteca, CA
Structures Inspector | Widening of State Route 99/French Camp to six lanes. The project includes the construction of new loop on-ramps, auxiliary lanes and a 60-inch-diameter jack-and-bore tunnel. Mr. Noble reviewed several other structures submittals, including the bridge removal plan, falsework plan, and MSE shop drawings. He was responsible for pile placement plan review; rebar inspection; concrete inspection; pile driving inspection; calculation of excavation and layout grades for structures, including abutment, top of column, falsework, and rebar and bridge deck grades; coordination with Caltrans Structure Design; and verification of the bridge layout.

Ghirardelli ASSOCIATES

Brad McKeehan

Civil Inspector

EXPERIENCE 25 Years
TENURE W/GA 4 Years

EDUCATION
- Wilrick Institute of Technology, North Highlands, CA

REGISTRATIONS
- ICC: Reinforced Concrete Certificate # 877644-88,
- Structural Masonry Certificate No. 877644-84
- Structural Steel and Welding Certificate, # 877644-85
- ACI Field Testing Technician Grade 1

Mr. McKeehan has more than 25 years of experience in materials testing and inspection. He has significant experience as a project manager, estimator, senior engineering technician, radiation safety officer and special inspector. His experience encompassed performing and preparing quality control plans for Caltrans QC / QA paving projects, provide in-house training for field staff for accreditation to perform concrete testing, aggregate testing and soils testing. Brad is certified through the ICC to provide Special Inspection in the areas of reinforced concrete, structural masonry, high-strength bolting and structural steel welding.

Project Experience

Table Mountain Blvd Roundabout Project
City of Oroville; Oroville, CA
Construction Inspector | The project constructed new roundabout improvement at intersection of Table Mountain Blvd/Nelson Ave/Cherokee Rd to include a 90-foot diameter landscaped and irrigated center island with truck apron, 13 new street lights and associated underground conduit, 4 new splitter island and crosswalks, 3,000 linear feet of new curb, gutter, and sidewalks, and 7 pedestrian ramps. Work included removal of existing curb, gutter, sidewalk, and roadway, installation of new and re-located/re-installed street signs, thermoplastic striping and markings, combination electric pedestal and irrigation controller and PG&E service drop, storm drain, water main, and sewer main improvements and construction of new roadway structural section consisting of approximately 44,000 square feet of hot mix asphalt paving.

Traffic Signalization for Five-Legged Intersection: Orange Avenue, Acacia Avenue, and Oro Dam East
City of Oroville; Oroville, CA
Inspector / Field Engineer | The Project consisted of signalizing an intersection of five legs of traffic. In addition to the traffic signal, there were underground drainage improvements. All pedestrian ramps and sidewalks were replaced to current ADA standards. Brad was the Construction Inspector for the project. He reviewed and approved all traffic handling plans. He monitored traffic control during construction.

On-Call Task Orders (03A2437)
Caltrans District 3; Various Locations
Laboratory Manager, Construction Inspector, and Materials Tester | As part of the Caltrans District 3/ North Region Division of Construction on-call contract for Construction Engineering, Construction Inspection, and Construction Materials Sampling and Testing Services, Scheduling, and Claims Support Services, Brad has performed on the following task orders:
03-0F3703, Lower Roadway profile to improve in Glenn Co. near Orland at various locations from Co.

Road 16 overcrossing to Co. Road 3 overcrossing. 9/16

03-0F6903, Replace Bridge about 9.5 miles east of Oroville at Flag Canyon Creek Bridge. 9/16 to 10/16

03-1F4203, Shoulder widening on structure near Chico at the Rock Creek Bridge. 5/17; and 6/18

03-1F9903, ADA compliance curb ramps, signal, in Butte Co. near Chico from Poplar Street to SR-99/32. 9/16 to 10/16; and 5/17

Materials Testing Services
Caltrans District 3; Yuba City and Chico, CA
Materials Tester | Brad is coordinating materials testing between three field offices under the D3 contract. He is managing the materials testing lab for CT, and coordinating all things materials testing between Yuba City and Chico field construction offices.

Ghirardelli ASSOCIATES

Helena Allison

Civil Inspector / Office Engineer

EXPERIENCE 30+ Years
TENURE W/GA 4 Years

EDUCATION
- B.S.C.E., Civil Engineering, University of New Mexico

Ms. Allison has over 30 years of experience in capital improvement projects, including subdivision planning, design and construction. Her experience includes construction inspection, as well as design for residential housing developments, bridges, pedestrian overcrossings, and bike paths. She has experience in roadway improvements, roundabout, raised intersections, sound wall design and construction, bike path undercrossing and overcrossings, railroad crossings and safety. She has also performed labor compliance, maintained project records including daily job diaries, photo documentation, RFI's quality logs and reports.

Project Experience

Highway 99 Road Widening
Caltrans District 6; Merced, CA
Construction Inspector | Project consists of widening the concrete paved road highway into the median area. Scope of work includes temporary restripping, widening of additional lane, improvements and widening of overcrossing structures and bridges, building a soundwall of approximately two miles along a stretch of the roadway. Project also includes installation of fiber optics.

On-Call Task Orders (03A2437)
Caltrans District 3; Various Locations
Construction Inspector | As part of the Caltrans District 3/North Region Division of Construction on-call contract (03A2437) for Construction Engineering, Construction Inspection, and Construction Materials Sampling and Testing Services, Scheduling, and Claims Support Services, Ms. Allison has performed on the following task orders:

03-0G9303, Bonded concrete overlay in Yolo Co around Woodland on Hwy 113 from 5/113 separation overhead to Knights Landing Ridgecut Bridge. 10/18 to 9/19.

03-1F4203, Shoulder widening on structure near Chico at the Rock Creek Bridge. 9/17 to 11/17.

03-1F9903, ADA compliance curb ramps, signal, in Butte Co. near Chico from Poplar Street to SR-99/32. 7/17.

03-2H7503, Construct soldier pile wall in Butte Co. on SR-70. 9/17.

Road Resurfacing Project on Hwy I-5
Caltrans District 3; Glenn County, CA
Construction Inspector | This project included roadway rehabilitation, striping, rumble strip placement, new guard rail construction and minor concrete structures, utility adjustments -drainage inlet relocation and adjustment to finished grade. Full time field inspector on the project. Ms. Allison monitored, supervised construction and verified locations and dimensions, quantities, quality and safety of work during minor concrete structures erections, AC dike extrusions (type D and C), inspecting traffic control during work hours, lane closures on I-5, road closures on overpasses, moving closures, construction of new guard rails, paving operations, shoulder backing, striping and rumble strip placement. She prepared daily diaries and reports of quantities and materials used and collected delivery slips for concrete and HMA. She monitor equipment used by contractor and names and positions of workers.

Sewer Pressure Main Relocation
City of Pinole; Pinole, CA
Interim Public Works Director | This project included alignment of new 24" pressure main along 2 miles of roadway within the City of Pinole. As the interim Public Works Director, Ms. Allison reported project status to the City Council and stakeholders including: the funding agency, public, and businesses along the pipeline route.

Ghirardelli ASSOCIATES

Gary Lambeth

Civil, Electrical Inspector

EXPERIENCE 21 Years
TENURE W/GA 4 Years

Mr. Lambeth has more than 20 years of inspection and materials testing experience on interchange construction and improvements, roadway and school projects. His responsibilities have included lead inspection roles on projects within Caltrans District 1. He also has extensive experience utilizing California Test Methods to perform field sampling / testing and laboratory testing. He also has experience performing concrete observation, AC testing / sampling, sieve analysis and compaction tests, and has worked with concrete, concrete pavement, asphalt concrete, cold foam asphalt concrete pavement and soils.

Project Experience

Presidio Parkway Project
Presidio Trust; San Francisco, CA
Construction Quality Insurance Inspector | Gary was responsible for reviewing and enforcing plans and specifications during the construction phase for several prime contractors (Kiewit Pacific, Flatiron) and subcontractors. Other parties involved included Caltrans, Presidio utilities and the City of San Francisco. He inspected finish grading contours, underground utilities including water, sewer, storm drain, electrical conduit, all elements of finish grade man holes, water service boxes, pull boxes and preservation of existing facilities. He also oversaw road way construction including final review of road section, concrete ADA side-walks, right of way fencing, checking with quality control inspectors and managers, SWPPP reviews. He monitored safety concerns during pedestrian passage through construction zones, and tracked item list of incomplete systems during design build changes.

Highway 101 Peregrine Slides Repair
Caltrans District 1; Hopland, Mendocino County, CA
Construction Inspector / Tester | The new roadway is realigned across the landslide and is buttressed with a series of embankments, berms, rocks, netting, culverts, dust palliative, other stabilizing material. Working with Caltrans Structures representing the District, Gary provided side testing PCC and sampling lean concrete during Soldier Pile placement, inspecting SWPPP Risk Level 3 testing for Tribality and PH during rain events, laying out temporary striping, temp concrete barrier, channelizers, working with subcontractors installing right-of way (ROW) fence, monitoring daily extra work cost analysis, cone testing mortar during grout anchor backfill. He inspected temporary drainage system installation, and cut/fill operation.

Highway 29 Lake Port to Kelseyville, Cap-M Overlay Rubberized Hot Mix Graded Asphalt Gap
Caltrans District 1; Lake County, CA
Assistant Resident Engineer / Lead Inspector / Material Tester | Responsible for daily diaries, picture log, invoicing via source document for monthly pay estimate, interfacing and coordinating project related task with the sub and prime contractors. Cold plane, replace asphalt concrete, one lane reverse traffic control for project work during production.

SR-50 Subdivision South
Caltrans District 3; County of El Dorado Hills, CA
Inspector | Provided Inspection for underground construction, including sewer, storm drain and water mains.

ADA Curb Ramp and Sidewalk Upgrade Project
Caltrans District 1; Lucerne, Lake County, CA
Construction Inspector | Gary inspected concrete work, minor paving requirements, placement of signs on project, SWPPP inspections and maintaining daily diaries. Gary interfaced closely with local business owners, and water and sewer agencies during drainage Extra Work modified by the Resident Engineer. He tracked cost analysis for Extra Work, worked with Caltrans outside departments including maintenance and traffic safety.

TENURE W/GA 1 Year

Cesar Lara

Civil, Pavement Inspector

Mr. Lara has over 20 years of experience in the pavement industry. He has introduced and helped author specifications for bonded wearing course, TruPave, GlasPave Paving Mat, Evotherm WMA, Scrub Seal, Micro Surfacing and other products in Western US. He was responsible for the development and implementation of specifications in California, Oregon, Washington and Nevada for Telfer and Telfer Pavements for various maintenance processes, emulsions and specialty product lines. His experience includes consulting on multiple value engineering projects as the pavement preservation expert for the City of Santa Clara, City of Stockton, City of San Ramon, City of Danville, Mendocino County, Amador County and Placer County. Mr. Lara's experience includes providing street assessments and recommendation to cities, counties, and state agencies.

Project Experience

StreetSaver Pavement Preservation Streets for FY 2020-21, 2021-22, and 2022-23
County of Marin; Marin County, CA
Pavement Preservation Specialist | Mr. Lara provided value engineering services by reviewing all streets/ recommendations from the County's StreetSaver report. He chose specific locations for their pavement preservation program and marked all dig out locations.

FY 2015 Measure M Surface Seals
City of Berkeley; Berkeley, CA
Pavement Preservation Specialist | This was the City's first Asphalt Rubber Cape Seal (AR chip seal covered by a Type II Slurry) project that Mr. Lara presented to the City on Pavement Preservation. He assisted the City in choosing specific street locations that would benefit from this treatment. This treatment was eventually placed at various locations throughout the City.

Cold Plane AC Pavement & Overlay RMHA-G (BWC)
Caltrans District 4; Solano County, CA
Quality Control | This project was on Highway 505 between Vacaville and Winters from Post mile 0.0 – 10.6 North and South bound lanes (approx. 40 lane miles). Mr. Lara provided quality control on materials during the placement of 39,700 tons of RMHA-G BWC.

Bonded Wearing Course Highway 37
Caltrans District 4; Vallejo, CA
Quality Control | This project involved the placement of 2,100 tons of patch paving and 5,800 tons of rubberized BWC on 14 miles of Highway 37. The highway was closed during night paving and opened early on both nights safely to traffic. Mr. Lara provided quality control of materials during the placement of patch paving and rubberized BWC.

2013 Road Sealant Projects
County of Marin; Marin County, CA
Quality Control | The project covered 291,000 square yards of Chip Seal and 208,200 square yards of Micro Surfacing on various locations throughout the County. Mr. Lara provided quality control services for the emulsion and placement of Chip Seal and Micro Surfacing activities.

Teck Low, PCI II

Civil, Structures Inspector

EXPERIENCE 30+ Years
TENURE W/GA 5 Years

EDUCATION
- B.S., Civil Engineering, University of Louisiana, Lafayette

CERTIFICATIONS
- PCI, Level 2, No. 15179

Mr. Low's broad knowledge and vast field experience in various civil engineering construction works gives him an added advantage in the field of construction management. Many years of professional experience and skills at managerial level, enable him to perform work tasks more effectively as he understands the project needs as a whole. Mr. Low has strength in resource planning to manage projects in a cost-effective manner. His experience allows him to make decision based on sound engineering knowledge.

Project Experience

Seaplane Lagoon Ferry Terminal
City of Alameda; Alameda, CA
Construction Inspector | The project is a new construction ferry terminal which includes a passenger loading float, fixed pier, gangway connecting the two, public shoreline improvements a parking area and infrastructure improvements required to support the facility. It included 7.14 acres of landscaping, parking and bike/pedestrian pathways, and approximately 13,000 SF of ferry terminal building, gangway and float. Mr. Low was responsible for on-site presence representing project management by recording site activities, weather, personnel on site, contractor compliance with safety and environmental regulations, contract provisions, and plans and specifications. His responsibilities included quantity measurements, photographic documentation, coordinating special inspection and material testing appointments, and reporting unusual events or activities. Mr. Low participated in weekly project meetings, answers first line inquiries by contractor staff, provides input to decision making regarding contract changes and payment applications and makes recommendations regarding site safety and environmental compliance.

Ralston Avenue Pedestrian Improvement Project
City of Belmont; Belmont, CA
Construction Manager / Inspector | The project consisted of construction and completion of 980 FR of ADA compliance pedestrian sidewalk improvement at Ralston Avenue from South Road to Notre Dame University entrance. The work required traffic control for lane closure, construction area signs, construct retaining wall with CIDH piles, storm water pollution control and inspection, sidewalk, and concrete curb and gutter construction. Mr. Low inspected and checked all field construction to verify compliance with contract plans and specifications, special provisions, submittals, and other City of Belmont detail plans. He performed a constructability review on the plans and pay item quantities. He identified in advance plan discrepancies and constructability issues to the Contractor. He prepared inspector daily report, record of work activities and unusual occurrence, attended meetings, and managed and recorded project documentations. Records of existing were marked and unmarked utilities with location references were identified in the as-built plans. Mr. Low performed job site safety inspections for the travelling public from the lane closure.

Richmond Ferry Terminal
WETA; Richmond, CA
Construction Inspector | The facility is located at the southern point of the Ford Peninsula in Richmond, adjacent to the Ford Assembly Plant building. The project launched a new ferry service between Richmond and San Francisco. The service provides a critical expansion to regional ferry operations, help alleviate traffic congestion and increase WETA's emergency response capabilities. The project included the construction of an ADA-compliant gangway and ramping system, float and piles, passenger shelter, and development and reconfiguration of a 362-space paved parking lot. WETA also installed a new ADA-compliant kayak launch ramp. Mr. Low was responsible for quantity measurements, photographic documentation, coordinating special inspection and material testing appointments, and reporting unusual events or activities. He participated in weekly project

Ghirardelli ASSOCIATES

EXPERIENCE 26 Years
TENURE W/GA 3 Years

Greg Lochames

Civil, Electrical Inspector

Mr. Lochemes has more than 26 years of experience as an Engineering Technician, performing both as an inspector and materials tester. He has expertise in the field and laboratory testing soils, aggregates, asphalt concrete, soil-lime/cement mixtures as well as conventional structural products. His extensive experience includes highways and roads, pipelines, commercial and residential developments, industrial projects, cellular telephone relay towers, airports and educational facilities. He is experienced with ASTM, Caltrans and AASHTO test methods.

Project Experience

Hwy 80 Construction
Caltrans District 3 (EA # 03-4F6004), Truckee, CA
Lead Inspector | The project is in Nevada County near Truckee, CA at various locations between Soda Springs Overcrossing and Donner Lake Undercrossing. Project involved Replacement of 26,000 feet of PCC barrier rail including fiber optic conduits.

I-80 Soda Springs to Floriston Replace Polyester Concrete Overlay
Caltrans D59 / Caltrans D3; Truckee, CA
Structures Inspector | Construction and polyester concrete overlay on state highway in Nevada County at various locations on Route 80. Greg provided inspection services of the removal and replacement of polyester concrete on 25 miles of roadway between Soda Springs and Floriston.

Highways 20 and 29 Roundabout
Caltrans District 1; Lake County, CA
Assistant Resident Engineer, Lead Inspector | Greg inspected and oversaw construction of a Roundabout at the junction of highways 20 and 29. Duties included inspection of Earthwork (inspecting & checking grades over entire project site and formation of center island), methacrylate placement, Drainage Systems (inspecting construction of 21 drainage systems on project), concrete work (inspecting & checking grades for forms and pouring concrete for slope paving, truck apron, JPCP, traveled way, splitter islands ,sidewalks and curb and gutter), paving operations, striping operations, placement of signs on project, SWPPP inspections (including documentation and placement of BMPs) and maintaining daily diaries.

Highway 101, Emergency Highway Repair
Caltrans District 1; Eureka, CA
Roadway Inspector/Material Tester | Project included the repairing of highway 101 including the replacement of two drainage systems at each location, repairing banks, replacing guard railing, removing unstable soil in roadway and replacing with import borrow and Class 2 AB and repaving, restriping. Responsibilities included testing the material applications and compaction of soils and roadway inspector during installation of Drainage Systems, replacing unstable soil with import borrow material and class 2 AB and repaving.

Highway 50 Bridge Rehabilitation and Concrete Road Overlay
Caltrans District 3; Sacramento, CA
Material Tester/ Plant Inspector | Performed onsite testing including soil compaction testing of abutment areas on top of the bridge area and finished with lab testing at the Caltrans Lab. He also was plant inspector at the concrete batch plant for concrete pours on the bridge which included inspecting the plant facilities, Aggregates, Sand Cement, Admixtures, and percent of water used in concrete mix. Inspected trucks and equipment in control room making sure everything is certified and up to date. Maintained daily diaries.

Ghirardelli ASSOCIATES

Aaron Thomas

Civil Inspector

EXPERIENCE 22 Years
TENURE W/GA 4 Years

EDUCATION
- B.S., Geology, California State University, Sacramento

Mr. Thomas is a senior inspector and engineering technician set II with more than 22 years of construction management experience. He has performed materials testing, geotechnical and forensic investigations, construction observation and inspection for a variety of projects including bridges, freeway interchanges, utilities, pipelines, retaining walls, roadways, airports, dams, treatment plants and power plants. He has experience with surface, pit and underground mapping, technical writing, drilling and sampling, well installation, well development, aquifer testing and water sampling.

Project Experience

29 Expressway (EA 01-2982U4)
Caltrans District 1; Lake County, CA
Construction Inspector | This project is converting a two-lane highway into a four-lane highway with frontage roads, guard rails, asphalt concrete overlay, and traffic control.

On-Call Task Orders
Caltrans District 3; Various Locations
Construction Inspector | As part of the Caltrans District 3/North Region Division of Construction on-call contract (03A2437) for Construction Engineering, Construction Inspection, and Construction Materials Sampling and Testing Services, Scheduling, and Claims Support Services, Aaron performed on the following task orders: 03-3F7603, SR-191 Improvements "Taming the Curves" near Paradise North of Clear Creek Bridge to Airport Road. 6/17 to 7/17.

03-1E7603, Remove median lanes and install in Marysville on Route 20 from I Street to F Street and on Route 70 from 4th Street to 5th Street. 8/17 to 12/17.

03-1H3503, Improve existing parking lot at in Yuba County in Marysville at the District Office. 5/18 to 7/18.

Pleasant Valley Road (SR-49) and Patterson Drive - Intersection Improvements and Signalization
El Dorado County Division of Transportation with Caltrans District 3 Oversight; Diamond Springs, CA
Construction Inspector/Materials Testing | Aaron was responsible for inspection, materials testing, and coordinating with multiple utility agencies, the designer, surveying staff, and oversight personnel for the signalization of the intersection of SR-49 (County Arterial Route, Pleasant Valley Road) and Patterson Drive, El Dorado County CIP #73220 and Caltrans EA 03-3E9804 (03-ED-49-10.6/10.9).

SR-53 Highway Widening
Caltrans District 1; Clearlake, CA
Construction Inspector/Materials Tester | Responsible for grade checking and surveying, layout, traffic control, concrete invert paving, crack treatment, PCC wing walls for cattle crossings, grinding off old open grade, digouts and HMA paving. Night shift inspector for roadway excavation and geogrid placement for highway widening. Performed materials testing on HMA, PCC, soil, and aggregates as needed in addition to some HMA and PCC plant inspection. Assisted the resident engineer in the office with job books, reviewing QC plans, extra work bills, spread sheets, data compilation, reduction, and analysis related to grade changes with each round of grinding and / or paving, AB and chokers.

Smoot Sink Slide Repair
Caltrans District 1; Mendocino County, Boonville, CA
Lead inspector | Smoot Sink was a $4 million slide repair with ground anchors and RSP buttress. Aaron was responsible for all district work including traffic control, signs, earthworks, drainage facilities, well destruction, horizontal drain removal, AB, HMA paving, erosion control, RSP, pavement delineation, highway markers, SWPPP and safety reviews. Documentation was through daily reports, pictures, quantity sheets, extra work agreements and pictures.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Ghirardelli Associates, Inc

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 119.98 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money 0.06 % (if applicable)

Fiscal period * 01/01/2019 -12/31/2019

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $85,976,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.00.
- Years of consultant's experience with 48 CFR Part 31 is 21.00.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☑ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable): _____

PROJECT NAME (and FPN, if applicable)[2]: On-Call Construction Resident Engineer & Inspection Services

APPLICABILITY: To be filled out by local agency consultants in management support role.

☒ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☒ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☒ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☒ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☒ I have read and fully understand all of the above.

EXHIBIT 15-H: PROPOSER/CONTRACTOR GOOD FAITH EFFORTS

Cost Proposal Due Date 05/21/2021 PE/CE

Federal-aid Project No(s). _____ Bid Opening Date _____ CON

The City of Roseville established a Disadvantaged Business Enterprise (DBE) goal of 12.00% for this contract. The information provided herein shows the required good faith efforts to meet or exceed the DBE contract goal.

Proposers or bidders submit the following information to document their good faith efforts within five (5) calendar days from cost proposal due date or bid opening. Proposers and bidders are recommended to submit the following information even if the Exhibit 10-O1: Consultant Proposal DBE Commitments or Exhibit 15-G: Construction Contract DBE Commitment indicate that the proposer or bidder has met the DBE goal. This form protects the proposer's or bidder's eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

The following items are listed in the Section entitled "Submission of DBE Commitment" of the Special Provisions, **please attach additional sheets as needed**:

A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications	Dates of Advertisement
Not applicable.	

B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

Names of DBEs Solicited	Date of Initial Solicitation	Follow Up Methods and Dates	
RFE Engineering	05/04/2021	05/07/2021	Email
Bennett Engineering	05/04/2021	05/07/2021	Email
Albat	05/04/2021	05/07/2021	Email
Webster Engineering	05/04/2021	05/07/2021	Email

C. The items of work made available to DBE firms including those unbundled contract work items into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation in order to meet or exceed the DBE contract goal.

Items of Work	Proposer or Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount ($)	Percentage Of Contract
Inspection	Yes	Const. Insp.	TBD	TBD
Office Engineering	Yes	Office Engineering	TBD	TBD
Const. Review	Yes	Const. Review	TBD	TBD
	Pick			

D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

RFE, Bennett, Albat, and Webster all agreed to be on the Ghirardelli team. No other DBE firms were contacted.

Names, addresses and phone numbers of firms selected for the work above:

RFE Engineering, 2260 Douglas Boulevard, Ste. 160, Roseville, CA 95661, 916.772.7800
Bennett Engineering, 1082 Sunrise Avenue, Ste. 100, Roseville, CA 95661, 916.783.4100
Albat, 7317 Flowerwood Way, Sacramento, CA 95831, 323.459.7510
Webster Engineering, P.O. Box 2214, Placerville, CA, 95667, 916.521.6931

E. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining information related to the plans, specifications and requirements for the work which was provided to DBEs:

Ghirardelli provided the RFP and all related documents to each of the DBE firms that were contacted.

F. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining bonding, lines of credit or insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

All of the DBE firms selected to be on the Ghirardelli team do not need assistance in obtaining bonding, lines of credit or insurance, necessary equipment, supplies, materials, or related assistance or services.

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

Name of Agency/Organization	Method/Date of Contact	Results
Not Applicable.		

H. Any additional data to support a demonstration of good faith efforts:

Ghirardelli is a firm that graduated from the DBE program in early 2020. Ghirardelli values the use of DBE firms and continue to utilize DBE firms for most of our contracts. Ghirardelli is also mentoring several DBE firms through the Caltrans Calmentor Program.

California Safe Harbor Indirect Cost Rate Program

Consultant Firm Certification of Eligibility and Certification of Financial Management System

Consultant Firm Name Albat

Local Agency (if applicable) City of Roseville

Contract Number / Federal Project Number TBD

Contract Total $ TBD

For Subconsultant Firms – estimated % of work to be performed TBD %

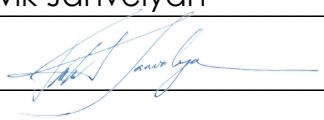
Safe Harbor Indirect Cost Rate (SHR): **Home: 120% and/or Field: 90%**
Field SHR will be utilized for contracts where the work deliverables are not completed from the consultant offices (i.e. Construction Inspection, Material Testing, Sources Inspection, others)**.**

Consultant Firm Certification of Eligibility

I, the undersigned, certify that I am eligible to use the Safe Harbor indirect cost rate as I:

1. Am not a Prime Consultant Firm on a Caltrans contract > $3.5M, or
   Local Government contract > $1M, regardless of the participation amount.
2. Have not used SHR for more than three (3) years since entering the program on a state or federally funded contract.

   AND



1. Do not have relevant contract cost history to use as a base for developing a Federal Acquisition Regulations (FAR) of Title 48, Code of Federal Regulations (CFR), Part 31 compliant ICR.
2. Do not have a previously accepted ICR by a cognizant agency, or with an audited/accepted actual ICR, and do not have an existing contract with a provisional rate.

Certification of Financial Management System

I, the undersigned, certify that our financial management system in place for this contract and moving forward meets the standards for the Safe Harbor indirect cost rate requirements and financial reporting, accounting records, internal and budget control as set forth in 2 CFR 200, Subpart D. These standards require consulting firms have an accounting system

adequate to accumulate, and track allowable, allocable, and reasonable direct labor and other direct costs by contract; segregate indirect costs and remove unallowable costs.

Print Name Tatevik Janvelyan

Signature 
(Electronic Signature Allowed)

Title President

Date Completed 5/17/2021

Note: The certification of this Safe Harbor Rate was made by, and are the responsibility of, the Company's management.

Definition of Terms

Direct Cost is any cost that is identified specifically with a particular cost objective. Direct costs are not limited to items that are incorporated in the end products as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified with other final cost objectives of the contractor are direct costs of those objectives, 48 CFR 31.202.

Indirect or overhead cost is any cost that is not directly identified with a single final cost objective but is identified with two or more final cost objectives or with at least one intermediate cost objective, 48 CFR 31. 203.

NOT APPLICABLE

INSTRUCTIONS FOR COMPLETING EXHIBIT 10-Q DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient at the initiation or receipt of covered federal action or a material change to previous filing pursuant to title 31 U.S.C. Section 1352. The filing of a form is required for such payment or agreement to make payment to lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress an officer or employee of Congress or an employee of a Member of Congress in connection with a covered federal action. Attach a continuation sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered federal action for which lobbying activity is or has been secured to influence, the outcome of a covered federal action.
2. Identify the status of the covered federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last, previously submitted report by this reporting entity for this covered federal action.
4. Enter the full name, address, city, state, and zip code of the reporting entity. Include Congressional District if known. Check the appropriate classification of the reporting entity that designates if it is or expects to be a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the first tier. Subawards include but are not limited to: subcontracts, subgrants, and contract awards under grants.
5. If the organization filing the report in Item 4 checks "Subawardee" then enter the full name, address, city, state, and zip code of the prime federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organization level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the federal program name or description for the covered federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.
8. Enter the most appropriate federal identifying number available for the federal action identification in item 1 (e.g., Request for Proposal (RFP) number, Invitation for Bid (IFB) number, grant announcement number, the contract grant. or loan award number, the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered federal action where there has been an award or loan commitment by the Federal agency, enter the federal amount of the award/loan commitments for the prime entity identified in item 4 or 5.
10. Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
11. Enter the full names of the individual(s) performing services and include full address if different from 10 (a). Enter Last Name, First Name and Middle Initial (MI).
12. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
13. Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
14. Check all boxes that apply. If other, specify nature.
15. Provide a specific and detailed description of the services that the lobbyist has performed or will be expected to perform and the date(s) of any services rendered. Include all preparatory and related activity not just time spent in actual contact with federal officials. Identify the federal officer(s) or employee(s) contacted or the officer(s) employee(s) or Member(s) of Congress that were contacted.
16. Check whether or not a continuation sheet(s) is attached.
17. The certifying official shall sign and date the form, and print his/her name title and telephone number.

Public reporting burden for this collection of information is estimated to average 30-minutes per response, including time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503. PROJECT NAME (and FPN, if applicable)[2]: Roseville On-Call

APPLICABILITY: To be filled out by local agency consultants in management support role.

☐ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☐ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☐ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☐ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☐ I have read and fully understand all of the above.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Bennett Engineering Services Inc

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 192.47 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money_____% (if applicable)

Fiscal period * 01/01/2019 - 12/31/2019

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 6,220,436 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.
- Years of consultant's experience with 48 CFR Part 31 is 12.
- Audit history of the consultant's current and prior years (if applicable)
  - ☐ Cognizant ICR Audit
  - ☐ Local Gov't ICR Audit
  - ☐ Caltrans ICR Audit
  - ☐ CPA ICR Audit
  - ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Kleinfelder, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 158.02 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money 0.27 % (if applicable)

Fiscal period *4/1/2019 - 3/31/2020

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $60,000,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 18.00.
- Years of consultant's experience with 48 CFR Part 31 is 22.00.
- Audit history of the consultant's current and prior years (if applicable)

☑ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☑ Caltrans ICR Audit
☑ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

INSTRUCTIONS FOR COMPLETING EXHIBIT 10-Q DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient at the initiation or receipt of covered federal action or a material change to previous filing pursuant to title 31 U.S.C. Section 1352. The filing of a form is required for such payment or agreement to make payment to lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress an officer or employee of Congress or an employee of a Member of Congress in connection with a covered federal action. Attach a continuation sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered federal action for which lobbying activity is or has been secured to influence, the outcome of a covered federal action.
2. Identify the status of the covered federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last, previously submitted report by this reporting entity for this covered federal action.
4. Enter the full name, address, city, state, and zip code of the reporting entity. Include Congressional District if known. Check the appropriate classification of the reporting entity that designates if it is or expects to be a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the first tier. Subawards include but are not limited to: subcontracts, subgrants, and contract awards under grants.
5. If the organization filing the report in Item 4 checks "Subawardee" then enter the full name, address, city, state, and zip code of the prime federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organization level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the federal program name or description for the covered federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.
8. Enter the most appropriate federal identifying number available for the federal action identification in item 1 (e.g., Request for Proposal (RFP) number, Invitation for Bid (IFB) number, grant announcement number, the contract grant. or loan award number, the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered federal action where there has been an award or loan commitment by the Federal agency, enter the federal amount of the award/loan commitments for the prime entity identified in item 4 or 5.
10. Enter the full name, address, city, state, and zip code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
11. Enter the full names of the individual(s) performing services and include full address if different from 10 (a). Enter Last Name, First Name and Middle Initial (Ml).
12. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
13. Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
14. Check all boxes that apply. If other, specify nature.
15. Provide a specific and detailed description of the services that the lobbyist has performed or will be expected to perform and the date(s) of any services rendered. Include all preparatory and related activity not just time spent in actual contact with federal officials. Identify the federal officer(s) or employee(s) contacted or the officer(s) employee(s) or Member(s) of Congress that were contacted.
16. Check whether or not a continuation sheet(s) is attached.
17. The certifying official shall sign and date the form, and print his/her name title and telephone number.

Public reporting burden for this collection of information is estimated to average 30-minutes per response, including time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503. EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable): 15-94

PROJECT NAME (and FPN, if applicable)[2]: City of Roseville On-Call Resident Engineering and In

APPLICABILITY: To be filled out by local agency consultants in management support role.

☐ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☑ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☑ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☑ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☑ I have read and fully understand all of the above.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: RFE Engineering, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate 119.19 % **OR**

Home Office Rate_____% and Field Office Rate (if applicable)_____%

Facilities Capital Cost of Money_____% (if applicable)

Fiscal period * January 2021-December 2021

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $ 250,000 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 1.00.
- Years of consultant's experience with 48 CFR Part 31 is 4.00.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☑ Caltrans ICR Audit
☐ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

EXHIBIT 10-K CONSULTANT ANNUAL CERTIFICATION OF INDIRECT COSTS AND FINANCIAL MANAGEMENT SYSTEM

(Note: If a Safe Harbor Indirect Cost Rate is approved, this form is not required.)

Consultant's Full Legal Name: Terracon Consultants, Inc.

Important: Consultant means the individual or consultant providing engineering and design related services as a party of a contract with a recipient or sub-recipient of Federal assistance. Therefore, the Indirect Cost Rate(s) shall not be combined with its parent company or subsidiaries.

Indirect Cost Rate:

Combined Rate _____ % **OR**

Home Office Rate 177.53 % and Field Office Rate (if applicable) 145.22 %

Facilities Capital Cost of Money 0.53 % (if applicable)

Fiscal period * 1/1/2020 - 12/31/2020

* Fiscal period is annual one year applicable accounting period that the Indirect Cost Rate was developed (not the contract period). The Indirect Cost Rate is based on the consultant's one-year applicable accounting period for which financial statements are regularly prepared by the consultant.

I have reviewed the proposal to establish an Indirect Cost Rate(s) for the **fiscal period** as specified above and have determined to the best of my knowledge and belief that:

- All costs included in the cost proposal to establish the indirect cost rate(s) are allowable in accordance with the cost principles of the Federal Acquisition Regulation (FAR) 48, Code of Federal Regulations (CFR), Chapter 1, Part 31 (48 CFR Part 31);
- The cost proposal does not include any costs which are expressly unallowable under the cost principles of 48 CFR Part 31;
- The accounting treatment and billing of prevailing wage delta costs are consistent with our prevailing wage policy as either direct labor, indirect costs, or other direct costs on all federally-funded A&E Consultant Contracts.
- All known material transactions or events that have occurred subsequent to year-end affecting the consultant's ownership, organization, and indirect cost rates have been disclosed as of the date of this certification.

I am providing the required and applicable documents as instructed on Exhibit 10-A.

Financial Management System:

Our labor charging, job costing, and accounting systems meet the standards for financial reporting, accounting records, and internal control adequate to demonstrate that costs claimed have been incurred, appropriately accounted for, are allocable to the contract, and comply with the federal requirements as set forth in Title 23 United States Code (U.S.C.) Section 112(b)(2); 48 CFR Part 31.201-2(d); 23 CFR, Chapter 1, Part 172.11(a)(2); and all applicable state and federal rules and regulations.

Our financial management system has the following attributes:

- Account numbers identifying allowable direct, indirect, and unallowable cost accounts;
- Ability to accumulate and segregate allowable direct, indirect, and unallowable costs into separate cost

accounts;

- Ability to accumulate and segregate allowable direct costs by project, contract and type of cost;
- Internal controls to maintain integrity of financial management system;
- Ability to account and record costs consistently and to ensure costs billed are in compliance with FAR;
- Ability to ensure and demonstrate costs billed reconcile to general ledgers and job costing system; and
- Ability to ensure costs are in compliance with contract terms and federal and state requirement

Cost Reimbursements on Contracts:

I also understand that failure to comply with 48 CFR Part 16.301-3 or knowingly charge unallowable costs to Federal-Aid Highway Program (FAHP) contracts may result in possible penalties and sanctions as provided by the following:

- Sanctions and Penalties - 23 CFR Part 172.11(c)(4)
- False Claims Act - Title 31 U.S.C. Sections 3729-3733
- Statements or entries generally - Title 18 U.S.C. Section 1001
- Major Fraud Act - Title 18 U.S.C. Section 1031

All A&E Contract Information:

- Total participation amount $440,000,000.00 on all State and FAHP contracts for Architectural & Engineering services that the consultant received in the last three fiscal periods.
- The number of states in which the consultant does business is 50.00.
- Years of consultant's experience with 48 CFR Part 31 is 55.00.
- Audit history of the consultant's current and prior years (if applicable)

☐ Cognizant ICR Audit ☐ Local Gov't ICR Audit ☐ Caltrans ICR Audit
☑ CPA ICR Audit ☐ Federal Gov't ICR Audit

I, the undersigned, certify all of the above to the best of my knowledge and belief and that I have reviewed the Indirect Cost Rate Schedule to determine that any costs which are expressly unallowable under the Federal cost principles have been removed and comply with Title 23 U.S.C. Section 112(b)(2), 48 CFR Part 31, 23 CFR Part 172, and all applicable state and federal rules and regulations. I also certify that I understand that all documentation of compliance must be retained by the consultant. I hereby acknowledge that costs that are noncompliant with the federal and state requirements are not eligible for reimbursement and must be returned to Caltrans.

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable):_____

PROJECT NAME (and FPN, if applicable)[2]: Roseville On-Call

APPLICABILITY: To be filled out by local agency consultants in management support role.

☐ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☑ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☑ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☑ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☑ I have read and fully understand all of the above.

California Safe Harbor Indirect Cost Rate Program

Consultant Firm Certification of Eligibility and Certification of Financial Management System

Consultant Firm Name: **Webster Engineering, Inc.** _____

Local Agency (if applicable): **City of Roseville** _____

Contract Number / Federal Project Number : **On Call CM Services** _____

Contract Total $ **TBD** _____

For Subconsultant Firms – estimated % of work to be performed **TBD** _____ %

Safe Harbor Indirect Cost Rate (SHR): **Home: 120% and/or Field: 90%**
Field SHR will be utilized for contracts where the work deliverables are not completed from the consultant offices (i.e. Construction Inspection, Material Testing, Sources Inspection, others)**.**

Consultant Firm Certification of Eligibility

I, the undersigned, certify that I am eligible to use the Safe Harbor indirect cost rate as I:

1. Am not a Prime Consultant Firm on a Caltrans contract > $3.5M, or
   Local Government contract > $1M, regardless of the participation amount.
2. Have not used SHR for more than three (3) years since entering the program on a state or federally funded contract.

   AND

1. Do not have relevant contract cost history to use as a base for developing a Federal Acquisition Regulations (FAR) of Title 48, Code of Federal Regulations (CFR), Part 31 compliant ICR.
2. Do not have a previously accepted ICR by a cognizant agency, or with an audited/accepted actual ICR, and do not have an existing contract with a provisional rate.

Certification of Financial Management System

I, the undersigned, certify that our financial management system in place for this contract and moving forward meets the standards for the Safe Harbor indirect cost rate requirements and financial reporting, accounting records, internal and budget control as set forth in 2 CFR 200, Subpart D. These standards require consulting firms have an accounting system

adequate to accumulate, and track allowable, allocable, and reasonable direct labor and other direct costs by contract; segregate indirect costs and remove unallowable costs.

Print Name Katherine Webster_____

Signature _____
(Electronic Signature Allowed)

Title President_____

Date Completed 5/17/2021 _____

Note: The certification of this Safe Harbor Rate was made by, and are the responsibility of, the Company's management.

Definition of Terms

Direct Cost is any cost that is identified specifically with a particular cost objective. Direct costs are not limited to items that are incorporated in the end products as material or labor. Costs identified specifically with a contract are direct costs of that contract. All costs identified with other final cost objectives of the contractor are direct costs of those objectives, 48 CFR 31.202.

Indirect or overhead cost is any cost that is not directly identified with a single final cost objective but is identified with two or more final cost objectives or with at least one intermediate cost objective, 48 CFR 31. 203.

INSTRUCTIONS FOR COMPLETING EXHIBIT 10-Q DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient at the initiation or receipt of covered federal action or a material change to previous filing pursuant to title 31 U.S.C. Section 1352. The filing of a form is required for such payment or agreement to make payment to lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress an officer or employee of Congress or an employee of a Member of Congress in connection with a covered federal action. Attach a continuation sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered federal action for which lobbying activity is or has been secured to influence, the outcome of a covered federal action.
2. Identify the status of the covered federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last, previously submitted report by this reporting entity for this covered federal action.
4. Enter the full name, address, city, state, and zip code of the reporting entity. Include Congressional District if known. Check the appropriate classification of the reporting entity that designates if it is or expects to be a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the first tier. Subawards include but are not limited to: subcontracts, subgrants, and contract awards under grants.
5. If the organization filing the report in Item 4 checks "Subawardee" then enter the full name, address, city, state, and zip code of the prime federal recipient. Include Congressional District, if known.
6. Enter the name of the federal agency making the award or loan commitment. Include at least one organization level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the federal program name or description for the covered federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.
8. Enter the most appropriate federal identifying number available for the federal action identification in item 1 (e.g., Request for Proposal (RFP) number, Invitation for Bid (IFB) number, grant announcement number, the contract grant. or loan award number, the application/proposal control number assigned by the federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered federal action where there has been an award or loan commitment by the Federal agency, enter the federal amount of the award/loan commitments for the prime entity identified in item 4 or 5.
10. Enter the full name, address, city, state, and zip code of the lobbying entity engaged by the reporting entity identified in Item 4 to influence the covered federal action.
11. Enter the full names of the individual(s) performing services and include full address if different from 10 (a). Enter Last Name, First Name and Middle Initial (Ml).
12. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (Item 4) to the lobbying entity (Item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
13. Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
14. Check all boxes that apply. If other, specify nature.
15. Provide a specific and detailed description of the services that the lobbyist has performed or will be expected to perform and the date(s) of any services rendered. Include all preparatory and related activity not just time spent in actual contact with federal officials. Identify the federal officer(s) or employee(s) contacted or the officer(s) employee(s) or Member(s) of Congress that were contacted.
16. Check whether or not a continuation sheet(s) is attached.
17. The certifying official shall sign and date the form, and print his/her name title and telephone number.

Public reporting burden for this collection of information is estimated to average 30-minutes per response, including time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503. SF-LLL-Instructions Rev. 06-04

EXHIBIT 10-U CONSULTANT IN MANAGEMENT SUPPORT ROLE CONFLICT OF INTEREST AND CONFIDENTIALITY STATEMENT[1]

RFP/RFQ PROCUREMENT NUMBERS (if applicable):_____

PROJECT NAME (and FPN, if applicable)[2]: City of Roseville, On-Call CM Services

APPLICABILITY: To be filled out by local agency consultants in management support role.

☑ I am an employee of a consultant under contract to the local agency that is responsible for the procuring and administering of one or more consultant contracts containing either Federal or State funds.

☐ I am in a management position with the local agency, my title is listed below and I have attached my duty statement and scope of work.

☑ I hereby certify as follows:

1. I recuse myself from all potential conflicts of interest.
2. I will not directly or indirectly participate in, manage, or oversee any consultant selection procurement process in which the consulting firm of which I am employed is competing as a consultant or subconsultant.
3. I will not directly or indirectly influence any employee, staff member, or other individual participating in any consultant selection procurement process in which the consulting firm of which I am employed is as a consultant or subconsultant.
4. I will not directly or indirectly participate in, manage, or oversee any local agency contract that is with the consulting firm of which I am employed, regardless of whether the involvement of my employer in the contract is as a consultant or subconsultant. Among other things, this includes my not being involved in approving changes in the schedule, scope, deliverables or invoices.
5. I understand that if I am involved in any local agency contract that is with the consulting firm of which I am employed, in violation of 1. or 2. above, that local agency contract will no longer be eligible for Federal or State reimbursement because of my involvement.

☑ I certify that I have read and understand my responsibilities per **23 CFR 172.7(b)(5)**

☑ I fully understand that it is unlawful for a person to utilize any organization name (i.e. local agency) or auxiliary organization information, which is not a matter of public record, for personal gain.

[1] Each consultant staff working in a management support role shall complete a separate form.
[2] For on-call contracts or contracts for multiple projects, indicate accordingly.

☑ I have read and fully understand all of the above.

Date: 05/20/2021 Signature: _____

Name: Katherine Webster

Title: President

Consultant Firm/Sole Proprietor: Webster Engineering, Inc.

REVIEWED BY PUBLIC WORKS DIRECTOR OR AUTHORIZED LOCAL AGENCY REPRESENTATIVE

I have reviewed the foregoing "Conflict of Interest and Confidentiality Statement" and will ensure:

☐ That the foregoing named local agency consultant who is under contract and in a management support role with our local agency, abides by the foregoing terms and conditions;

☐ That should the foregoing named local agency consultant, who is under contract and in a management support role with our local agency, violate any of the foregoing terms and conditions, the Caltrans DLAE will be notified and such violation will be considered a breach of ethics and could be a basis for ineligibility of State or Federal project funds.

☐ The procedures followed to procure and execute the contract, between the local agency and the consulting firm of which I am employed, comply with all federal and state requirements. Also this contract has a specific date from _____ to _____ .

Date: _____ Signature: _____

Name: _____

Title: _____

Department/Local Agency: _____

REVIEWED/CONCURRENCE BY FEDERAL HIGHWAYS

I have reviewed the foregoing "Conflict of Interest and Confidentiality Statement" and supervisor's statement.

☐ I concur that the consultant, who is under contract and in a management support role with the local agency, does not appear to present a conflict of interest. The local agency and the consultant should be considered eligible for federal reimbursement.

☐ I do not concur as I believe that the consultant, who is under contract and in a management support role with the local agency, does appear to present a conflict of interest.

Date: _____ Signature: _____

Name: _____

Position: _____

Distribution: 1) Copy to: DLAE for each Federal/State funded project
2) Copy to be returned to Local Agency by DLAE with FHWA approval

Administrative	$80

ADDITIONAL RATE INFORMATION

- Direct expenses (including, but not limited to, mileage, reproduction, postage, online assessor mapping fees, etc.) and subconsultant costs will be billed at cost plus fifteen percent (15%) for administration, coordination, and handling.
- Standard hourly rates do not apply to a demand to perform work during an overtime period. Work required to be performed during an overtime period (as mandated by California law) will be charged at a 50% premium. Work mandated by Prevailing Wage laws will be charged accordingly.
- Hourly rates include all compensation for wages, salary-related benefits, overhead, general office administration, and profit. Direct project administrative hours will be billed at the rate shown above.
- Classifications may be added or removed as-needed without notice.
- Changes in the requested scope of work or projected schedule may result in the revision of the proposed fees and amendment to the total contract amount.
- Rates are subject to change annually effective July 1, 2021.

RH Probe	$ 63.00
Calcium Chloride Kit	$ 42.00
Mixing Water (pH, elec. conductance, chloride, sulfate)	$ 108.00
Contact Soil (pH, elec. conductance, chloride, sulfate)	$ 130.00

MASONRY

Concrete Masonry Units Testing (ASTM C90)

Compression Test Pavers, Single	$ 84.00
Compression Test Composit CMU Prism	$ 180.00
Specific Gravity and Unit Weight	$ 125.00
Moisture Content	$ 58.00
Compression Test, Masonry Units (ASTM C140)	$ 113.00
Absorption / Moisture Content (ASTM C140)	$ 113.00
Linear Shrinkage (ASTM C426)	$ 438.00
Masonry Core Shear Test (Title 24)	$ 119.00
Masonry Core Compression/Shear Test (Title 24)	$ 204.00
Compression Test Brick, Each (ASTM C67)	$ 85.00
Absorption/ Unit Wt. of Brick (ASTM C67)	$ 85.00
Compression Test Grout (Set of 3 or 4)	$ 130.00
Compression Test Mortar (Set of 3 or 4)	$ 119.00

WELDING AND STRUCTURAL STEEL

Welder Qualification Testing

Welder / Procedure Welder Qualification Testing	QUOTE
Face Bend of Steel	$ 66.00
Root Bend of Weld Coupon	$ 66.00
Side Bend of Weld Coupon	$ 66.00
Tensile Test of Steel Coupon	$ 90.00
Bend Test of Steel Coupon	$ 78.00
Machining Charges (Per Coupon)	QUOTE
Brinell Hardness of Steel (ASTM E10)	$ 108.00
Rockwell Hardness of Steel (ASTM E18)	$ 108.00
Bolt Ultimate Load	$ 153.00
Bolt Hardness (set of 3)	$ 108.00
Nut Hardness (set of 3)	$ 108.00
Washer Hardness (set of 3	$ 108.00
Proof Loading, bolt or nut	$ 153.00

FIREPROOFING

Cohesion/Adhesion Fireproofing Materials	$ 137.00
Dry Density Fireproofing (ASTM E605)	$ 103.00

Escalation: The billing rates presented herein will be increased by 3% annually on January 1st of each year following the initiation of a services agreement.

BSK ASSOCIATES

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

SOIL TESTS

SOIL DENSITY TESTS

Test	Standard Test Method†	Fee		
Standard Proctor	D698, T99	$	245	each
Modified Proctor	D1557, T180	$	245	each
Proctor Check Point	T272	$	140	each
Proctor Oversize Correction	D4718	$	75	each
Treated Soil Proctor	D558	$	320	each
Minimum and Maximum Relative Density	D4254, D4253	$	425	each
Maximum Density by Vibratory Hammer	D7382	$	550	each
Moisture/Density, TEX 113-E	TEX113-E	$	275	each
Moisture/Density, TEX 114-E	TEX114-E	$	275	each
California Impact, CT 216, Dry Method	CT216	$	225	each
California Impact, CT 216, Wet Method	CT216	$	225	each

SOIL CLASSIFICATION AND INDEX TESTS

Test	Standard Test Method†	Fee		
Visual Classification	D2488	$	30	each
Sieve Analysis, % Finer than 200 Sieve	D1140	$	90	each
Sieve Analysis, Fine	D422, D6913, T88	$	130	each
Sieve Analysis, Coarse	D422, D6913, T88	$	130	each
Sieve Analysis, Coarse and Fine	D422, D6913, T88	$	165	each
Hydrometer Analysis (***Requires a Sieve Analysis, not included)***	D422, D7928	$	185	each
Water Content	D2216, D4363, T265	$	25	each
Water Content and Dry Unit Weight	D2216, D2937, D7263	$	45	each
Atterberg Limits, Single Point	D4318-B, T89, T90	$	120	each
Atterberg Limits, Multiple Point	D4318-A, T89, T90	$	185	each
Atterberg Limits, Liquid Limit Only	D4318, T90	$	115	each
Soil Specific Gravity	D854, T100	$	225	each
Soil Organic Content	D2974-C	$	125	each
Fiber Content of Peat Soils	D1997	$	270	each
Pinhole Dispersion Classification	D4647	$	525	each
Soil pH	D4972, G51	$	60	each
Double Hydrometer for Dispersive Soils	D4221	$	275	each
Soil Resistivity	G187	$	160	each
Chloride Content		$	70	each
Sulfate Content		$	60	each
Thermal Resistivity, Per Point	D5334, IEEE 422	$	325	each
Thermal Resistivity, Dry-Out Curve	D5334, IEEE 422	$	950	each

SOIL BEARING PRESSURE TESTS

Test	Standard Test Method†	Fee		
California Bearing Ratio, Single Point ***(proctor not included)***	D1883, T193	$	350	each
California Bearing Ratio, 3 Points ***(proctor not included)***	D1883, T193	$	650	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

Revised 12/2019

SOIL TESTS (continued)

SOIL BEARING PRESSURE TESTS (continued)				
Test	**Standard Test Method†**	**Fee**		
Resistance R-Value	D2844	$	325	each
Resistance R-Value of Treated Material	D2844	$	375	each
Rock Correction for R-Value	D2844	$	85	each
Stabilized Soil UC Strength, 1 Point ***(proctor not included)***	D1633, D5102	$	175	each
Stabilized Soil UC Strength, Set of 3	D1633, D5102	$	950	each
CT373, 1 Lime Content, w/o Opt. Moist.	CT373	$	175	each
CT373, 1 Lime Content	CT373	$	370	each
CT373, 3 Lime Contents	CT373	$	1,100	each
Eades and Grim Test (Opt. Lime Content)	C977	$	195	each
Resilient Modulus	T307	$	475	each
CTB Strength, Individual Specimen		$	185	each
CTB Strength, Set of 3, Without Design		$	420	each
CTB Complete Mix Design		$	6,500	each

SOIL STRENGTH AND PERMEABILITY TESTS				
Test	**Standard Test Method†**	**Fee**		
Pocket Penetration Value		$	30	each
Unconfined Compressive Strength	D2166, T208	$	140	each
Direct Shear, 1 Point	D3080, T236	$	150	each
Direct Shear, 3 Points	D3080, T236	$	390	each
Direct Shear, Residual Strength, Each Pt	D3080-Modified	$	250	each
Consolidation without Time Rate Plots	D2435-Modified	$	345	each
Consolidation with 2 Time Rate Plots	D2435-A, T216-A	$	450	each
Consolidation, All Loads with Time Rates	D2435-B, T216-B	$	630	each
Collapse Potential	D5333	$	250	each
One Dimensional Swell – Wetting After Loading, Series	D4546-A	$	300	each
One Dimensional Swell – Wetting After Loading	D4546-B	$	175	each
One Dimensional Swell – Loading After Wetting	D4546-C	$	475	each
Expansion Index	D4829	$	195	each
Denver Swell Test		$	125	each
Permeability, Rigid Wall	D2434	$	450	each
Permeability, Flexible Wall	D5084-C	$	390	each
Triaxial Compression, CU, 1 Point	D4767, T297	$	500	each
Triaxial Compression, CU, 3 Points	D4767, T297	$	1,350	each
Triaxial Compression, UU, 1 Point	D2850, T296	$	210	each
Triaxial Compression, UU, 3 Points	D2850, T296	$	630	each
Triaxial Compression, UU Saturated, 1 Point	D2850-Modified	$	300	each
Triaxial Test, TEX117E, Part I	TEX117E	$	1,950	each
Triaxial Test, TEX117E, Part II	TEX117E	$	1,950	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

AGGREGATE TESTS

Test	Standard Test Method†	Fee		
Acid Solubility		$	185	each
ASR Reactivity, Long Method	C227, C1293	$	1,850	each
ASR Reactivity, Short Method	C1260, C1567	$	950	each
Cleanness Value	CT227	$	165	each
Clay Lumps and Friable Particles, per size **(see note below)*	C142, T112	$	105	each
Coarse Specific Gravity & Absorption	C127, T85	$	85	each
Fine Specific Gravity & Absorption	C128, T84	$	145	each
Coarse Durability	D3744, T210	$	150	each
Fine Durability	D3744, T210	$	150	each
Flat and Elongated Particles, per size **(see note below)*	D4791	$	95	each
Fractured Faces, per size **(see note below)*	D5821, T335	$	105	each
Lightweight Pieces *(Per specific gravity of heavy liquid)*	C123, T113	$	330	each
Los Angeles Abrasion, Large Aggregate	C535	$	200	each
Los Angeles Abrasion, Small Aggregate	C131, T96	$	200	each
Mortar Sand Strength	C87, CT515	$	650	each
Organic Impurities	C40, T21	$	75	each
Sand Equivalent, 1 point	D2419, T176	$	100	each
Sand Equivalent, 3 points	D2419, T176	$	150	each
Sieve Analysis, % Finer than 200 Sieve	C117, T11	$	90	each
Sieve Analysis, Fine	C136, T27	$	130	each
Sieve Analysis, Coarse	C136, T27	$	130	each
Sieve Analysis, Coarse and Fine	C136, T27	$	165	each
Soundness of Aggregate, per size **(see note below)*	C88, T104	$	150	each
Unit Weight	C29, T19	$	65	each
Water Content	D2216, C566, T255	$	25	each
Texas Wet Ball Mill	TEX116E	$	300	each
Decantation Wash	TEX406A	$	90	each
Uncompacted Void Content of Fine Aggregate	C1252, T304	$	140	each

Tests are billed by each size fraction tested. The quantity of fractions tested is dependent on the sample gradation and test method.

FILTER MEDIA TESTS

Test	Standard Test Method†	Fee		
Filter Media, Sieve Analysis *(includes d10, d60, es, cu)*	AWWA B100	$	185	each
Filter Media, Mohs Hardness	AWWA B100	$	185	each
Filter Media, Percent Silica		$	200	each
Acid Solubility	AWWA B100	$	185	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

CONCRETE TESTS

Test	Standard Test Method†	Fee		
Concrete Compression	C39	$	32	each
Concrete Core Compression	C42	$	85	each
Concrete Flexural Strength	C78	$	105	each
Hydraulic Cement Mortar Compression	C109 (field cast)	$	32	each
Concrete Drying Shrinkage, set of 3	C157	$	510	Each
Concrete Core Thickness	C174	$	45	each
Concrete Laboratory Trial Batch*	C192	$	1,350	each
Concrete Time of Set by Penetration Resistance	C403, C191	$	2,400	each
Concrete Modulus of Elasticity	C469	$	350	each
Concrete Splitting Tensile Strength	C496	$	105	each
Concrete Absorption	C497, C642	$	160	each
Concrete Cylinder Unit Weight	C567	$	160	each
Non-Shrink Grout Compression	C1107, C579	$	32	each
Shotcrete Compression	C1140, C1604	$	85	each
Concrete Chloride Ion Penetration	C1202	$	750	each
Concrete Paving Slab Modulus of Rupture	C1782	$	750	each
Concrete Direct Tensile	D2936, CRD C164	$	500	each
CLSM Compression	D4832	$	45	each
Includes 6 cylinders (4x8 or 6x12) or 6 flex beams, additional cylinders, beams, or shrinkage prisms charged at individual unit rates				

ROLLER COMPACTED CONCRETE TESTS

Test	Standard Test Method†	Fee		
RCC Compression	C1435/C39	$	65	each
RCC Air Content	C1849	$	50	each
RCC Unit Weight	C1849	$	50	each
RCC Consistency and Density (VeBe)	C1170	$	1,600	each
RCC Accelerated Cure	C1768 - modified	$	750	each
RCC Trial Batch	ACI 211.1	$	4,800	each
RCC Aggregate Mixing	ACI 211.1	$	2,000	each

MASONRY TESTS

Test	Standard Test Method†	Fee		
Masonry Grout Compression	C1019, C942	$	32	each
Masonry Mortar Compression	C270, C780	$	32	each
Masonry Core Compression and Shear	CA DSA	$	170	each
Masonry Prism Compression	C1314	$	125	each
CMU Absorption and Received Moisture	C140	$	100	each
CMU Compression	C140	$	105	each
CMU Dimension Verification	C140	$	45	each
CMU Lineal Shrinkage	C426	$	250	each
CMU/Seg. Retaining Wall Unit Freeze-Thaw	C1262	$	1,750	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

ROCK TESTS

Test	Standard Test Method†	Fee		
Rock Sample Preparation	D4543	$	100	each
Rock Direct Shear, 1 Point	D5607	$	350	each
Rock Mohs Hardness	IRSM	$	45	each
Rock Point Load Index, per Point*	D5731	$	55	each
Rock Slake Durability	D4644	$	200	each
Rock Splitting Tensile/Brazilian, per Point*	D3967	$	100	each
Rock Direct Tensile	D2936	$	250	each
Rock Triaxial Compression	D7012-A	$	420	each
Rock Triaxial Compression w/Modulus of Rupture	D7012-B	$	560	each
Rock Unconfined Compression	D7012-C	$	250	each
Rock Unconfined Compression w/Modulus of Rupture	D7012-D	$	500	each
Above testing fees include routine sample preparation (end grinding) and sample photographs				
****Point load and splitting tensile test fees are per break, not per set of 10.***				

ASPHALT TESTS

BINDER TESTS

Test	Standard Test Method†	Fee		
Absolute Viscosity	D2171	$	220	each
Bitumen Penetration	D5	$	85	each
Kinematic Viscosity	D2170	$	200	each
Recovery by Roto-Vapor	D5404	$	365	each
Softening Point, Ring & Ball	D36	$	105	each
Bitumen Recovery by Abson Method	D5404	$	375	each
Ductility of Bitumen	D113	$	130	each
Resilience of AR Binders	D5329	$	80	each

EMULSION TESTS

Test	Standard Test Method†	Fee		
Emulsion Elastic Recovery	D6084, T301	$	260	each
Emulsion Settlement	D6930, T59	$	235	each
Emulsion Sieve Test	D6933, T59	$	105	each
Emulsion Storage Stability	D6930, T59	$	185	each
Emulsion Torsional Recovery	CT332	$	160	each
Particle Charge	D7402, T59	$	105	each
Residue by Evaporation	D6934, T59	$	115	each
Saybolt Viscosity	D7946, T59	$	160	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

ASPHALT TESTS (continued)

MIX PROPERTY TESTS				
Test	**Standard Test Method†**	**Fee**		
Air Voids Determination ***(calculation only)***	D3203, AI-MS-2	$	60	each
VMA Determination ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
VFA Determination ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
Volumetric Properties ***(calculation only)***	AI-MS-2, CT-LP-2	$	55	each
AC Moisture Content	T329	$	60	each
Gradation of Extracted Aggregate	D5444	$	125	each
AC Content by Extraction	D2172	$	220	each
AC Content by Ignition Oven	D6307, T308	$	160	each
AC Ignition Oven Calibration ***(determination of mix correction)***	D6307	$	350	each
Hveem Stability	D1560	$	350	each
Hveem Stability without Compaction	D1560	$	185	each
Marshall Stability and Flow ***(does not include compaction)***	D6927	$	175	each
AC Swell	CT305	$	500	each
Slurry Seal Wet Track Abrasion	D3910, ISSA TB100	$	350	each

DESIGN AND DENSITY TESTS				
Test	**Standard Test Method†**	**Fee**		
AC Core Thickness	D3549	$	15	each
AC Core Unit Weight & Thickness	D1188, D2726, D3549	$	55	each
Unit Weight, Gyratory Method	T312	$	325	each
Unit Weight, Hveem Method	D1561	$	310	each
Unit Weight, Marshall Method	D6926	$	225	each
Maximum Theoretical Specific Gravity	D2041	$	165	each
Moisture Induced Damage	T283	$	1,470	each
Moisture Vapor Susceptibility	CT307	$	600	each
Hamburg Wheel Track, Set of 2	T324	$	1,100	each
Index of Retained Strength	D1075	$	1,250	each
Indirect Tensile Strength ***(does not include compaction)***	D6931	$	1,050	set/3
Indirect Tensile Strength of Cored Specimen	D6931	$	350	each
Caltrans Tensile Strength Ratio	CT371	$	2,000	each
Caltrans Opt Bitumen Content OGFC	CT368	$	1,850	each
Centrifuge Kerosene Equivalent	CT303	$	300	each
Film Stripping	CT302	$	150	each
Mix Design, Hveem Method w/RAP	CT367	$	7,800	each
Mix Design, Hveem Method	CT367	$	6,000	each
Mix Design, Marshall Method	AI-MS-2	$	3,250	each
Mix Design, Superpave Method	AI-MS-2	$	7,500	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

METAL TESTS

BOLT TESTS				
Test	**Standard Test Method†**	**Fee**		
Bolt Assembly Suite (Bolt, Nut, Washer) *	F606	$	225	each
Bolt Hardness	E18	$	30	each
Bolt Proof Load	F606	$	45	each
Bolt Wedge Tensile	F606	$	45	each
Nut Hardness	E18	$	30	each
Nut Proof Load	F606	$	45	each
Washer Hardness	E18	$	30	each
An 'assembly' is one bolt, one nut and one washer. The suite consists of a bolt wedge tensile test, bolt and nut proof load tests, and hardness tests on all three pieces.				

REINFORCING BAR TESTS				
Test	**Standard Test Method†**	**Fee**		
Bend	A370, E290	$	45	each
Rebar Tensile, up to No. 11	A370, E8	$	95	each
Rebar Tensile, No. 14 and No. 18	A370, E8	$	200	each
Rebar Coupler Slip	A370, A1034, CT670	$	150	each
Rebar Coupler Tensile, up to No. 11	A370, A1034, CT670	$	90	each
Rebar Coupler Tensile, No. 14 and No. 18	A370, A1034, CT670	$	200	each
CT670 Strain (Elongation)	CT670	$	20	each
Headed Rebar Tensile, up to No. 11	A370, A970	$	90	each
Headed Rebar Tensile, No. 14 and No. 18	A370, A970	$	200	each
Modulus of Elasticity*	A370	$	125	Each
Epoxy Coating Thickness	A775, A934	$	100	each
Epoxy Coating Continuity – Holiday Test	A775, A934	$	100	each
Epoxy Flexibility - Bending	A775, A934	$	75	each
In addition to the testing fee.				

METAL TESTS				
Test	**Standard Test Method†**	**Fee**		
PT Strand Tensile	A370, A1061	$	165	each
Anchor Bolt Tensile, up to 1.5” dia.	F1554	$	150	each
Anchor Bolt Tensile, greater than 1.5” dia.	F1554	$	250	each
Reduced Section Tensile*	A370	$	125	each
Rockwell Hardness	E18	$	30	each
Macroetch	E381	$	250	each
Charpy Impact, Set of 3 **	A370, A673	$	375	each
Galvanization Thickness	B499, E376	$	25	each
Fireproofing Density	E605	$	75	each
Machining test specimens is not included. Additional fees for stress-strain diagram.				
****Machining test specimens is not included. Additional fees will be assessed for testing at temperatures other than 40°F.***				

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL and MATERIALS LABORATORY TESTING SERVICES

DIMENSION STONE AND ROOFING MATERIAL TESTS

DIMENSION STONE				
Test	**Standard Test Method†**	**Fee**		
Dimension Stone, Absorption/Specific Gravity	C97	$	220	set/5
Dimension Stone, Compressive Strength	C170	$	220	set/5
Dimension Stone, Flexural Strength	C880	$	220	set/5
Dimension Stone, Modulus of Rupture	C99	$	220	set/5

MISCELLANEOUS TESTS

MISCELLANEOUS TESTS				
Test	**Standard Test Method†**	**Fee**		
Hydraulic Ram Verification	E4	$	315	each
Tensile and Elastic Modulus Polymer Composite Materials	D3039	$	650	set/5

SAMPLE PREPARATION

SAMPLE PREPARATION				
Test	**Standard Test Method†**	**Fee**		
Rock Sample Preparation	D4543	$	100	each
Sample Crushing		$	150	each
Sample Cutting and Trimming		$	35	each
Sample Mixing and Processing		$	105	each
Sample Preparation		$	55	each
Sample Preparation, per hour		$	105	each
Sample Remolding		$	80	each
Contamination Fee		$	250	each
Sample Disposal Fee		$	10	each

†Common ASTM, AASHTO and DOT test methods.

- **Those beginning with A, B, C, D, E, F, or G are ASTM methods.**
- **Those beginning with T are AASHTO methods.**

Revised 12/2019

KLEINFELDER FEE SCHEDULE FOR GEOTECHNICAL / MATERIALS TESTING EQUIPMENT

EQUIPMENT CHARGES

MATERIALS TESTING EQUIPMENT			
Equipment	**Invoice Name**	**Test Method†**	**Price**
Anchor Bolt Testing Device	ANCHOR BOLT TST/DAY		$150.00 / day
Brinell Hardness Tester	BRINELL HARDNESS/DAY	E10	$20.00 /day
Concrete Rebound (Schmidt) Hammer	SCHMIDT HAMMER/DAY	C805	$55.00 / day
Coring Machine	CORING MACHINE /DAY		$85.00 /day
Coring Machine with Generator	CORING MCH W/GEN DAY		$165.00 / day
Cylinder Mold	CYLINDER MOLDS		$3.00 each
Diamond Bit Core Barrel Charge			
3" Diameter	CORING, 3” DIAM./IN		$3.30 / inch
4" Diameter	CORING, 4” DIAM./IN		$4.40 / inch
6" Diameter	CORING, 6” DIAM./IN		$6.60 / inch
Digital Thickness Gauge	THICKNESS GAUGE /DAY		$50.00 /day
Hand Auger and Soil Sampler	HAND AUGER/DAY		$75.00 /day
Magnetic Particle Testing Device	MAGNETIC PARTICLE	ASNT, AWS B1.1	$45.00 /day
Nuclear Soil Density/Moisture Gauge	NUCLEAR DENS GAUGE	D6938	$75.00 / day
Skidmore Bolt Tension Calibrator	SKID WILH BOLT/DAY	A325, A490	$55.00 / day
Torque Wrench, up to 1,000 foot-pounds	TORQUE WRENCH/DAY	A325, A490	$50.00 / day
Ultrasonic Testing Device	UT TESTING EQUIP/DAY	ASNT, AWS B1.1	$75.00 /day

†***Examples of common test methods. Other methods may exist.***

Revised 8/2018

RFE ENGINEERING, INC

Professional Services Hourly Rate and Expense Schedule

(Effective through December 31, 2021*)

Engineering

Principal	$170
Engineering Manager	$155
Project Manager	$155
Project Engineer	$140
Engineer-In-Training	$135

Surveying

Surveying Manager	$170
Licensed Land Surveyor	$165
Land Surveyor-In-Training	$135
One Man Field Crew (GPS and/or Robotic)	$220
Two Man Field Crew	$280
Three Man Field Crew	$345
Survey Travel Time	$85

Technical Support

Project Designer/Land Survey Technician	$130
Cadd Operator	$120

Administrative

Clerical	$70
Expert Witness (Depositions and Trial)	$325

Expense Rate Schedule

Auto Mileage ..... $0.575 per mile
(Mileage rate subject to change based on IRS guidelines)
Other Expenses ..... Cost Plus 10%
Outside Consultants, Reproduction, Travel and Expenses, Delivery Service
*Subject to increase beyond this date.

PROPOSED COMPENSATION HOURLY RATES

ENGINEERING SERVICES (RATES REFLECT PREVAILING WAGE)	
Principal Engineer/Geologist	205.00/hr
Project Engineer / Geologist/ Scientist	155.00/hr
Staff Engineer / Geologist / Scientist	125.00/hr
ICC Inspector (Reinforcing Steel, Masonry, Concrete, Structural Steel, Post Tension, Fireproofing)	130.00/hr
AC/Soils Inspector	125.00/hr
Certified Field/Shop Welding Inspector (AWS/CWI)	140.00/hr
Administrative Assistant	75.00/hr
LABORATORY	
HOT MIX ASPHALT (HMA)	
CTM 308 Bulk Spec Grav Bit Mix (Cores and Briquettes)	30.00/ea
CTM 309 Theo Spec Gav Bit Mix	165.00/ea
AGGREGATES	
Cal Trans Class II Aggregate Base Conformance Test (R-Value, Gradation, SE, Durability)	695.00/ea
SOILS	
Atterberg Limit D4318	125.00/ea
C136 Sieve Analysis Fine	115.00/ea
C136 Sieve Analysis Course	
Wash 200 D1140	80.00/ea
4" mold AASHTO T180, ASTM D1557	225.00/ea
6" mold AASHTO T180, ASTM D1557	235.00/ea
MASONRY BRICK/BLOCK/TILE	
Concrete Masonry Unit: (Same price for untested "hold" specimens)	
Compression Test Masonry Unit 8"x8"x16"	185.00/ea
Masonry Absorption Tests ASTM C140	105.00/ea
Masonry Shrinkage (Volume Change)	185.00/ea
Masonry Lineal Shrinkage with Absorption	260.00/ea
Masonry Shrinkage with Absorption and Compression	420.00/ea
CONCRETE	
Concrete Mix Design Review	200.00/ea
Floor Flatness Testing	155.00/hr
Unit Weight Fireproofing	50.00/ea
Compression Test Concrete Cylinders *(same price for untested "hold" specimens)*	28.00/ea
Compression Tests on Core Specimens (includes prep) ASTM C42	75.00/ea
Calcium Chloride Moisture Test Kit (includes calculations)	80.00/ea
STEEL AWS/ASTM/ASME/ANSI/API	
Structural Steel	
Tensile & Bend Tests:	
Reinforcement Steel Tensile & Bend <5	135.00/ea
Reinforcement Steel Tensile & Bend 6 to 9	165.00/ea
MISCELLANEOUS	
Automobile Mileage	0.75/mile
Subsistence and Lodging	cost + 15%
Equipment Rental	cost + 15%
PM/PE Review/Admin Support (per report)	90.00/each
Pad Certification Report	250.00/each
Final Letter (Testing/Inspections)	350.00/each

TERMS OF PAYMENT AND CHARGES

TERMS OF PAYMENT

Payment of invoices is due upon receipt. Invoices will be subject to a late payment charge of 1.5% per month after 30 days. After 60 days, past-due accounts may be submitted to a collection agency with incurred fees assessed to your account.

MISCELLANEOUS CHARGES

All testing is to be scheduled a minimum of 24 hours in advance and cancellation is to be by 4:00 pm the day prior to the scheduled testing or a trip fee will be charged (minimum 2 hours). These minimums are customary for our industry. Any inspection which is requested to be performed on the same day will be charged an additional $10.00 per hour to expedite.

HOURLY CHARGES

Time shall be charged in 2 hour increments for ACI certified field inspections and observation. ICC, structural steel, masonry, and welding inspections shall be charged in 4 hour increments. Weekends and holidays will be charged in 4 and 8 hour increments. All time shall be billed from portal to portal.

OVERTIME

Time worked in excess of 8 hours per day and Saturdays will be charged at one and one half times the hourly rate. Two times the hourly rate will be charged for Holidays, Sundays and for Saturdays after 8 hours. **Overtime and Double time rates will be applied per the California labor law.*

PREMIUM TIME

An additional rate of $10.00 per hour will be charged for work performed before 6am or after 5pm.

PREVAILING WAGE

A wage differential of $10.00 per hour may be charged for hours worked before 4 am and after 2 pm. These rates may vary depending on where and what type of work will be performed.

INSURANCE

Terracon carries coverage in excess of all insurance required by law. Additional costs for extra insurance certificates, co-insurance endorsements, or additional insurance or bonds will be charged to the client at cost plus 20%.

New clients may be subject to payment prior to receipt of report. All clients may be subject to a prepayment before initializing our work.

This fee schedule may be changed without notice.

SPECIFIC RATE OF COMPENSATION (USE FOR ON-CALL OR AS NEEDED CONTRACTS)

(CONSTRUCTION ENGINEERING AND INSPECTION CONTRACTS)

Consultant: Ghirardelli Associates, Inc. ■ Prime Consultant ☐ Subconsultant 4/23/2021

Project No.: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES Contract No.: TBD Date: 4/23/2021

SCHEDULE OF OTHER DIRECT COSTS ITEMS (Add additional pages as necessary)				
Description of Items	Quantity	Unit	Unit Cost	Total
Mileage Costs				N/A. Overhead Charge
General Printing				N/A. Overhead Charge
Permit Fees				N/A. Overhead Charge
Plan Sheets				N/A. Overhead Charge
Vehicle				N/A. Overhead Charge
Subconsultant 1:				
Subconsultant 2:				
Subconsultant 3:				
Subconsultant 4:				
Subconsultant 5:				

(Add Pages as necessary)

NOTES:

1. List direct cost items with estimated costs. These cost should be competitive in their respective industries and supported with appropriate documentation.
2. Proposed ODC items should be consistently billed regardless of client and contract type.
3. Items when incurred for the same purpose, in like circumstance, should not be included in any indirect cost pool or in the overhead rate.
4. Items such as special tooling, will be reimbursed at actual cost with supporting documentation (invoice).
5. Items listed above that would be considered "tools of the trade" are not reimbursable as other direct cost.
6. Travel related costs should be preapproved by the contracting agency and shall not exceed current State Department of Personnel Administration rules.
7. If mileage is claimed, the rate should be properly supported by the consultant's calculation of their actual costs for company vehicles. In addition, the miles claimed should be supported by
8. If a consultant proposes rental cost for a vehicle, the company must demonstrate that this is their standard procedure for all of their contracts and that they do not own any vehicles that
9. The cost proposal format shall not be amended. All costs must comply with the Federal cost principals.
10. Add pages if necessary.
11. Subconsultants must provide their own cost proposals.

EXHIBIT 10-H2 COST PROPOSAL Page 4 of 4

Certification of Direct Costs:

I, the undersigned, certify to the best of my knowledge and belief that all direct costs identified on the cost proposal(s) in this contract are actual, reasonable, allowable, and allocable to the contract in accordance with the contract terms and the following requirements:

7. Generally Accepted Accounting Principles (GAAP)
8. Terms and conditions of the contract
9. Title 23 United States Code Section 112 - Letting of Contracts
10. 48 Code of Federal Regulations Part 31 - Contract Cost Principles and Procedures
11. 23 Code of Federal Regulations Part 172 - Procurement, Management, and Administration of Engineering and Design Related Service
12. 48 Code of Federal Regulations Part 9904 - Cost Accounting Standards Board (when applicable)

All costs must be applied consistently and fairly to all contracts. All documentation of compliance must be retained in the project files and be in compliance with applicable federal and state requirements. Costs that are noncompliant with the federal and state requirements are not eligible for reimbursement.

Prime Consultant or Subconsultant Certifying:

Name: Alain Charles Title *: Corporate Controller

Signature : Alain Charles Date of Certification (mm/dd/yyyy): 05/18/2021

Email: acharles@ghirardelliassoc.com Phone Number: 408.435.5503 x2

Address: 2055 Gateway place, Suite 470, San Jose, CA 95110

* An individual executive or financial officer of the consultant's or subconsultant's organization at a level no lower than a Vice President or a Chief Financial Officer, or equivalent, who has authority to represent the financial information utilized to establish the cost proposal for the contract.

List services the consultant is providing under the proposed contract:

As detailed in City of Rosevilles RFP - ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES Dated April 23, 2021

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

COST PROPOSAL

ON-CALL CONTRACT - OH & FEE ON DELTAS, WITH PREDETERMINED INCREASE, **DIRECT LABOR METHOD OF ACCOUNTING**

ADM 2033 (Rev. 10/23/18)

NORTHERN CALIFORNIA
NC-63-3-9-2020-2

Participation Amount

Consultant/Subconsultant Name: Ghirardelli Associates, Inc.
Agreement Number: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES
RFQ No.: City of Roseville Release Date: April 23, 2021

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates
A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:
C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):
E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:
G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)

Tax ID No.: 94-3395064
Date Prepared: 5/18/2021
Page No.: x of xx

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates

A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]

B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:

C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]

D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):

E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]

F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:

G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]

H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

COST PROPOSAL

ON-CALL CONTRACT - OH & FEE ON DELTAS, WITH PREDETERMINED INCREASE, **DIRECT LABOR METHOD OF ACCOUNTING**

ADM 2033 (Rev. 10/23/18)

NORTHERN CALIFORNIA
NC-63-3-9-2020-2

Participation Amount

Consultant/Subconsultant Name: Ghirardelli Associates, Inc.
Agreement Number: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES
RFQ No.: City of Roseville Release Date: April 23, 2021
Attachment 2
Tax ID No.: 94-3395064
Date Prepared: 5/18/2021
Page No.: x of xx

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates
A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:
C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):
E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:
G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

COST PROPOSAL

ON-CALL CONTRACT - OH & FEE ON DELTAS, WITH PREDETERMINED INCREASE, **DIRECT LABOR METHOD OF ACCOUNTING**

ADM 2033 (Rev. 10/23/18)

NORTHERN CALIFORNIA
NC-63-3-9-2020-2

Participation Amount

Consultant/Subconsultant Name: Ghirardelli Associates, Inc.
Agreement Number: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES
RFQ No.: City of Roseville Release Date: April 23, 2021
Attachment 2
Tax ID No.: 94-3395064
Date Prepared: 5/18/2021
Page No.: x of xx

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates
A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:
C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):
E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:
G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

COST PROPOSAL

ON-CALL CONTRACT - OH & FEE ON DELTAS, WITH PREDETERMINED INCREASE, **DIRECT LABOR METHOD OF ACCOUNTING**

ADM 2033 (Rev. 10/23/18)

NORTHERN CALIFORNIA
NC-63-3-9-2020-2

Participation Amount

Consultant/Subconsultant Name: Ghirardelli Associates, Inc.
Agreement Number: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES
RFQ No.: City of Roseville Release Date: April 23, 2021
Attachment 2
Tax ID No.: 94-3395064
Date Prepared: 5/18/2021
Page No.: x of xx

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates
A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:
C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):
E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:
G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION

COST PROPOSAL

ON-CALL CONTRACT - OH & FEE ON DELTAS, WITH PREDETERMINED INCREASE, **DIRECT LABOR METHOD OF ACCOUNTING**

ADM 2033 (Rev. 10/23/18)

NORTHERN CALIFORNIA
NC-63-3-9-2020-2

Participation Amount

Consultant/Subconsultant Name: Ghirardelli Associates, Inc.
Agreement Number: ON-CALL CONSTRUCTION RESIDENT ENGINEER AND INSPECTION SERVICES
RFQ No.: City of Roseville Release Date: April 23, 2021
Attachment 2
Tax ID No.: 94-3395064
Date Prepared: 5/18/2021
Page No.: x of xx

Loaded Billing Rate Calculations:

Non Exempt Employee Loaded Billing Rates
A) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
B) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

Exempt Employee Loaded Billing Rates - Compensated for PW OT:
C) Straight Time (ST) Loaded Billing Rate = [Actual Hourly Rate + ST Delta Base + ST Delta Fringe] * [(1 + Field OH) * (1 + Fee)]
D) ST Loaded Billing Rate + (1.5 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)] **or** ST Loaded Billing Rate + (2.0 Base PW Rate - ST Base PW Rate) * [(1+Field OH) * (1+Fee)]

The PW Deltas (Base & Fringe) above for Loaded Billing Rates, are applicable for services covered under DIR determations. Includes Exempt employees who are normally not paid for OT worked, per company policy

Exempt Employee Loaded Billing Rates - Not Compensated for OT (Uncompensated OT):
E) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
F) No Overtime. (Columns are shaded out.)

Exempt Employee Loaded Billing Rates - Compensated for OT @ ST Rate:
G) ST Loaded Billing Rate = Actual Hourly Rate * [(1 + Home OH) * (1 + Fee)]
H) ST Loaded Billing Rate + (1.5 x 0) or ST Loaded Billing Rate + (2.0 x 0)
