

AGENDA

September 20, 2022

TRANSPORTATION COMMISSION MEETING

6:00 p.m.

COUNCIL CHAMBERS

311 VERNON STREET

Roseville, California

THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

Public Comment - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

Consent Calendar - If applicable, the Consent Calendar consists of routine items that may be approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

Agenda Items - Speakers have five minutes to address items that are listed on the agenda.

Americans with Disabilities Act - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

Audio/Visual Presentations - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Roseville City Clerk 311 Vernon Street, Roseville, CA 916-774-5200 TDD 916-774-5220

1. **CALL TO ORDER**
2. **ROLL CALL**
3. **PLEDGE OF ALLEGIANCE**
4. **PUBLIC COMMENTS**
5. **Approval of the July 19, 2022 Meeting Minutes**
 - 5.1. Approval of the July 19, 2022 Minutes
6. **REQUESTS/PRESENTATIONS**
 - 6.1. Measure C Informational Presentation

Megan Scheid, Deputy City Manager, will make a brief presentation on Measure C.

6.2. City of Roseville Title VI Program, Public Participation Plan and Language Assistance Plan

Receive public comment and recommend adoption by City Council of the City of Roseville Title VI Program, Public Participation Plan and Language Assistance Plan for 2022 through 2025. Prior to opening public comment, staff will provide an overview of the Title VI Program and key program updates.

6.3. Alternative Transportation Program Update

This informational item is provided to update the Transportation Commission on Bikefest and Walk to School Day.

7. BOARD MEMBER / COMMISSIONER / STAFF REPORT

7.1. Staff Report

Staff will give updates on the following:

- Low No Grant Award

8. ADJOURNMENT

TRANSPORTATION COMMISSION COMMUNICATION

Title: City of Roseville Title VI Program, Public Participation Plan and Language Assistance Plan

Contact: Alison Winter, awinter@roseville.ca.us, (916) 774-5365

Meeting Date: 9/20/2022

Item #: 6.2.

RECOMMENDATION

Staff recommends that the Transportation Commission open the public hearing, accept public comment, close the public hearing and make a recommendation to the City Council to adopt the City of Roseville Title VI Program, Public Participation Plan (PPP), and Language Assistance Plan (LAP).

BACKGROUND

The Federal Transit Administration (FTA) is responsible for ensuring that its funding recipients fully comply with Title VI of the Civil Rights Act of 1964. The City of Roseville, which operates Roseville Transit, is a recipient through FTA of federal funds. As a recipient of federal funds, Roseville Transit is required to prepare a Title VI Program in accordance with the current FTA Circular (Circular 4702.1B).

Title VI of the Civil Rights Act of 1964 states the following:

“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

The Title VI Program is required by FTA to be reviewed and approved by the City Council and submitted to FTA every three years. In order to adopt a document that meets the objectives of the Title VI program, agencies also prepare Public Participation and Language Assistance Plans as part of the update. Although these are separate plans, they are typically included in the Title VI Program document.

Roseville Transit's current Title VI Program was adopted in 2019. FTA provided a letter of concurrence in 2020 along with an assessment of the program. The proposed program incorporates updates to meet FTA requirements, updated census and language assistance data, and updated program elements.

The Title VI program provides that Roseville Transit grants all citizens equal access to its programs, projects and activities. Roseville Transit is also committed to ensuring that no person is excluded from participation in or denied the benefits of its programs, projects and activities on the basis of race, color or national origin. Furthermore, Roseville Transit shall continuously strive to ensure that equal opportunities are afforded to all individuals in its service area.

The objectives of the City of Roseville Title VI Program are:

- Ensure that the level and quality of public transportation service is provided in a non-discriminatory manner;
- Promote full and fair participation in public transportation decision-making without regard to race, color, or national origin; and
- Ensure meaningful access to transit-related programs and activities by persons with limited English proficiency.

Key updates provided in the attached redline/strikeout version of the revised Title VI Program include the following updates:

- There are no ongoing Title VI complaints, lawsuits, or inquiries.
- No transit facilities were constructed with federal funds in the last 3 years.
- A Vehicle Assignment Policy that describes the process in which transit vehicles are placed into service and on routes. Roseville Transit assigns vehicles based on the type of service, capacity, and vehicle mileage. The policy describes the type of vehicles typically used for each type of service and addresses vehicle assignment for future deployment of zero-emission buses.
- Updated Language Assistance Plan to include a notice to Limited English Proficiency (LEP) populations of language assistance for persons that have difficulty understanding English.
- Updated Public Participation Plan to include that virtual meetings may be used with call-in numbers.

Notification of this public hearing was provided as follows:

- Publication of the public hearing notice in the Roseville Press-Tribune (English and Spanish)
- Posting of the public hearing notice at the three City of Roseville libraries and Alternative Transportation offices (English and Spanish)
- City of Roseville website (available in multiple languages)
- Roseville Transit E-notify
- City of Roseville Social media

Public comments received in writing as well as provided at the Transportation Commission public hearing will be included in Appendix G and forwarded to the City Council as part of their approval of the Title VI Program, Public Participation Plan, and Language Assistance Plan. Once approved, the attached Title VI Program will remain in effect through 2025.

Respectfully Submitted,

Alison Winter, Alternative Transportation Analyst

Jason Shykowski, Public Works Director

Description

Title VI presentation

Draft Title VI Roseville 2022

Title VI Program

Alison Winter, Alternative Transportation Analyst II

What is Title VI?

Section 601 of Title VI of the Civil Rights Act of 1964 that states:

“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

Applicability

- The Federal Transit Administration (FTA) is responsible for ensuring that its funding recipients fully comply with Title VI of the Civil Rights Act of 1964.
- The City of Roseville, which operates Roseville Transit, is a recipient of federal funds.
- FTA requires agencies to update their Title VI programs every 3 years.

Title VI Plan Requirements

- Notice to the Public
- Complaint procedures & form
- Status of any Title VI inquiries, complaints, or investigations
- Public Participation Plan
- Language Assistance Plan
- Review of Subrecipient Compliance
- Construction Equity Analysis
- Service Standards and Policies
- Public Involvement Plan & Board Approval

≡ Title VI of the Civil Rights Act

Roseville Transit operates its programs and services without regard to race, color, and national origin in accordance with Title VI of the Civil Rights Act of 1964. Any person who believes she or he has been aggrieved by any unlawful discriminatory practice under Title VI may file a complaint with Roseville Transit.

"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

(42 U.S.C. Section 2000d)

[Title VI Plan \(Adopted July 17, 2019\)](#)

- Alternative Transportation office

Title VI Notice to the Public

Complaint Procedures

- Complaints may be made by completing and submitting Roseville Transit's Title VI Complaint Form to:

<u>City of Roseville</u>		<u>Federal Transit Administration</u>
Public Works - Alternative Transportation Civil Rights Officer 316 Vernon Street, Suite 150 Roseville, CA 95678 Phone: (916) 774-5293 TDD: (916) 774-5220 Email: transportation@roseville.ca.us	or	Office of Civil Rights Attention: Complaint Team East Building, 5th Floor – TCR 1200 New Jersey Ave., SE Washington, D.C. 20590 Phone: 1-888-446-4511 Email: FTACivilRightsCommunications@dot.gov

- The Title VI Program describes the internal review process and documentation of any investigations, lawsuits or complaints

Status of any Title VI inquiries, complaints, or investigations

- *Roseville Transit does not have any ongoing Title VI complaints or lawsuits.*
- 2016 and 2019 Title VI Program - 2-3 customer service inquiries
- 2022 Title VI Program update – no inquiries

Public Participation Plan (PPP)

- Public Involvement Plans (PIP) for applicable transit plans, projects or activities.
- Goals:
 - Equal access
 - Seek diverse viewpoints
 - Involve public in identification of impacts of proposed decisions;
 - Raise the level of community participation.
- Public Participation Strategies
 - 2022 PPP Update: added virtual meetings with call-in numbers

Language Assistance Plan (LAP)

- Includes a Four-Factor Analysis that looks at:
 1. number and proportion of Limited English Proficiency (LEP) persons in the transit service area,
 2. the frequency of interaction with LEP populations,
 3. the nature of services,
 4. and resources available.
- The analysis determined that Spanish speakers continue to make up the highest percentage of the LEP population in Roseville.
- Roseville Transit will continue to provide materials and notices in Spanish
- Adding a notice to LEP persons of the availability of language assistance

Subrecipient Compliance

On behalf of the City of Lincoln, the City of Roseville secured FTA grant for construction of a bus barn.

Alternative Transportation staff:

- Conducts periodic desk review of materials and Lincoln's website;
- Receives updates of Lincoln program modifications through Transportation Operators Working Group (TOWG) meetings; and,
- Conducts a triennial site visit.

Construction Equity Analysis

FTA requirement when FTA funds used to construct or expand a facility.

Guiding principles of the analysis are:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

During the past three years, Roseville Transit has not constructed a facility with FTA funds.

Service Standards and Policies

- Identified in Short Range Transit Plan and Roseville Transit Service Policies
- Developed through an inclusive public participation process designed to ensure that service design and operations *do not result in discrimination on the basis of race, color, or national origin*.
- Short Range Transit Plan, adopted in 2019, included a series of outreach strategies designed to ensure equal and equitable opportunity to participate.
- New Vehicle Assignment Policy

Vehicle Assignment Policy

- Roseville Transit assigns vehicles based on the type of service, capacity, and vehicle mileage.
 - Local fixed routes: 30-foot or 35-foot buses
 - Commuter routes: 40-foot buses
 - Paratransit service and DAR service: 26-foot cut-a-way vehicles
- Vehicle types may be assigned to an alternate service, if feasible, due to maintenance needs
- Zero-Emission Buses (ZEB's) will be assigned based on the operating characteristics of the route (battery state of charge and route need).

Title VI Program Public Involvement Plan (PIP)

Public Involvement Strategies:

- Transportation Commission Public Hearing
- City Council Meeting

Public Notifications:

- City Website (translations available for multiple languages)
- Roseville Transit email and text message notifications (eNotify)
- Social media
- Notice of Public Hearing (in English and Spanish)
- Post Meeting Agendas for Transportation Commission and City Council
- Post notices:
 - Roseville Alternative Transportation Division office
 - On-board bus kiosk

City of Roseville

Roseville Transit

The following information is being submitted as part of the City of Roseville, which operates Roseville Transit in compliance with the Title VI of the 1964 Civil Rights Act per FTA Circular 4702.1B, dated October 1, 2012.

General Reporting Requirements:

1. City of Roseville has electronically attested to the required FTA certifications and assurances.
2. City of Roseville has developed Title VI Complaint Procedures and Complaint Form that is available at the City of Roseville Alternative Transportation Division office, located on all of the Roseville Transit buses and is posted on the City of Roseville website at roseville.ca.us/titlevi. Title VI Complaint Procedures can also be found in the Local and Commuter Services Guides.
3. City of Roseville maintains a Complaint log for Title VI Investigations, Complaints and Lawsuits. To date, there are no Title VI complaints that the City of Roseville is aware of.
4. City of Roseville has developed a Language Assistance Plan (LAP) which is included in this document.
5. City of Roseville has developed a Public Participation Plan which is included in this document.
6. City of Roseville will continue to make information available regarding Title VI obligations and apprise members of the public of the protections afforded to them.
7. City of Roseville has attached the required documents and is submitting the Title VI Program.
8. City of Roseville will provide any information that is requested by FTA.

I. Overview

The Federal Transit Administration (FTA) is responsible for ensuring that its funding recipients fully comply with Title VI of the Civil Rights Act of 1964. The City of Roseville which operates Roseville Transit (hereafter referred to as Roseville Transit), is a recipient of federal funds. As a recipient of federal funds, Roseville Transit has prepared an update to its Title VI Program in accordance with FTA Circular 4702.1B, dated October 1, 2012. The City of Roseville Title VI Program is adopted by the Roseville City Council (see Appendix A).

Section 601 of Title VI of the Civil Rights Act of 1964 states the following:

“No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

Roseville Transit grants all citizens equal access to its transportation services and is committed to ensuring that no person is excluded from participation in, or denied the benefits of its services on the basis of race, color, or national origin. Furthermore, Roseville Transit shall continuously strive to ensure that equal opportunities are afforded to all individuals in its service area.

Roseville's population as of January 1, 2022 was 151,034. Roseville Transit operates local fixed route, commuter service, Game Day Express, ADA Paratransit, and general public dial-a-ride with a total fleet of 40 buses.

II. Notice to the Public

To ensure Roseville Transit riders are aware of its commitment to Title VI compliance, and of their right to file a civil rights complaint, Roseville Transit posts the following notification, in both English and Spanish, at the City of Roseville Alternative Transportation Division office, on the buses, in the Bus Service Guides and on the City's website: roseville.ca.us/titlevi. A sample of Title VI notice is in Appendix B.

III. Complaint Procedures

Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by Roseville Transit may file a Title VI complaint by completing

and submitting Roseville Transit's Title VI Complaint Form with the Roseville Transit, Civil Rights Officer or with the Federal Transit Administration (FTA).

The Title VI complaint form is available in both English and Spanish and is available in the City of Roseville Alternative Transportation Division office, and on the City's website: roseville.ca.us/titlevi. The Title VI complaint procedures are also included in the Bus Service Guides. See Appendix B for a sample of the Title VI notice to the public and complaint procedures posted on Roseville Transit's website. The information posted on the City's website may be viewed online in multiple languages. A sample Title VI complaint form is in Appendix C.

A person may also file a complaint directly with the Federal Transit Administration, at:

Federal Transit Administration
Office of Civil Rights
Complaint Team
1200 New Jersey Avenue SE
Washington, DC 20590
Phone: 1-888-446-4511
Email: FTACivilRightsCommunications@dot.gov

The complaint form may be downloaded from FTA's website, go to: transit.dot.gov/regulations-and-guidance/civil-rights-ada/fta-civil-rights-complaint-form for more information.

A. Internal Review Process

Roseville Transit investigates complaints received no more than 180 days after the alleged incident. Roseville Transit will process complaints that are complete. Once the complaint is received, Roseville Transit Civil Rights Officer will review the complaint to determine if Roseville Transit has jurisdiction and will send the complainant an acknowledgment letter informing her/him whether the complaint will be investigated by Roseville Transit.

Roseville Transit has up to sixty (60) calendar days to investigate the complaint. If more information is needed to resolve the case, Roseville Transit may contact the complainant. The complainant has thirty (30) calendar days from the date of the letter to send requested information to the investigator assigned to the case; if within thirty (30)

calendar days from the date of the letter the investigator is not contacted by the complainant and the investigator does not receive the additional information requested in the letter, Roseville Transit can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, Roseville Transit will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed.

An LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member or other action will occur. If the complainant wishes to appeal the decision, she/he has ten (10) business days after the date of the letter or the LOF to file an appeal with the City of Roseville Public Works Director.

B. Documentation

Roseville Transit maintains a list of active investigations conducted by FTA and entities other than FTA, including lawsuits and complaints naming Roseville Transit that allege discrimination on the basis of race, color or national origin. This list includes the date that the transit-related Title VI investigation, lawsuit or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit or complaint; and actions taken by Roseville Transit in response, or final findings related to the investigation, lawsuit, or complaint.

IV. Investigations, Complaints or Inquiries

Currently, Roseville Transit does not have any ongoing Title VI complaints or lawsuits. Roseville Transit has not had any customer service inquiries related to Title VI since the date of the last Title VI Program update in 2019.

File #	Incident Date	Summary of Complaint	Status	Action(s) Taken
N/A				

V. Public Participation Plan

As a recipient of federal transportation funding from the Federal Transit Administration (FTA), the City of Roseville (COR) is required to develop a Public Participation Plan (PPP) that implements the goals and objectives of Title VI of the Civil Rights Act of 1964. The PPP is intended to provide guidance for public involvement activities to be conducted by COR in the expenditure of FTA funds in compliance with Title VI of the Civil Rights Act of 1964 and FTA Circular 4702.1B (“Title VI Requirements and Guidelines for Federal Transit Administration Recipients”). The PPP is provided as Appendix D.

A Public Involvement Plan was prepared for the review and adoption of the Title VI Plan, including the Public Participation Plan and the Language Assistance Plan. A copy of the Public Involvement Plan is provided as Appendix H and a copy of comments received during the public outreach process is provided as Appendix I.

A. Public Participation Activities

The City of Roseville utilizes a range of public engagement strategies. These strategies are tailored to specific activities and include, but are not limited to, the following:

- Printed collateral – available onboard, in the transit administration office and/or at community facilities.
- Signage- onboard and at bus stops or transfer stations
- Website announcements
- Email and text message notifications
- Social media posts
- Public hearing notices
- Connecting with community groups
- Participation at special events
- Presentations at public meetings
- Transit Ambassadors and Mobility Trainers
- Information on board buses and at public counters
- Direct mailings
- Paid advertising

In addition to ongoing public outreach efforts, the following table shows activities undertaken in the last three years with major public engagement efforts.

Activity	Summary of Public Engagement Strategies
Roseville Short Range Transit Plan 2018-2025	On-line survey; On-board bus surveys; virtual community workshop; In-person public workshops; public hearing notice; public hearing; and information posted on the City's website, accessible in multiple languages.
Transit Standards and Conduct Ordinance	Public hearing notice; public hearing; and information posted on the City's website, accessible in multiple languages.
Overall Disadvantaged Business Enterprise Goal for Federal Fiscal Year (FFY) 2021-2023	Emails to list of interested parties, including local businesses; public hearing notices in English and Spanish posted in local print media and at civic locations; social media posts; public hearing; and information posted on the City's website in English and Spanish, and accessible in multiple languages.
Roseville Transit Service Change	Brochures in Spanish and English indicating the proposed Local and Commuter Service changes and soliciting public input were available on Roseville Transit buses, transit customer service outlets, and at community facilities; community engagement through City of Roseville's newsletters, website, and social media channels; and public hearing notices were published in English and Spanish and displayed on all Roseville Transit buses.

VI. Language Assistance Plan

In order to ensure meaningful access to transit programs, services, information and activities for people with Limited English Proficiency (LEP), Roseville Transit uses the information obtained in a Four Factor Analysis to determine the specific language services that are appropriate. This analysis helps Roseville Transit to determine if it communicates effectively with LEP persons and informs language access planning.

The complete Four Factor Analysis used to develop the Language Assistance Plan (LAP) is provided in Appendix E. The LAP includes the results of the Four Factor Analysis which is a local assessment and consideration of the following:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by Roseville Transit;

2. The frequency with which LEP persons come into contact with Roseville Transit services and programs;
3. The nature and importance of Roseville Transit services and programs in people's lives;
4. The resources available to Roseville Transit for LEP outreach, as well as the costs associated with that outreach.

The results of conducting the Four Factor Analysis using the latest data from the U.S. Census Bureau American Community Survey (ACS) relating to use of Roseville Transit services and programs indicate that LEP persons make up 4.7% of the population in Roseville, or 6,203 people over 5 years of age. The language used by the highest percentage of the LEP population Spanish (1.6%). While there are other languages spoken in the city by LEP population, it is 3.1% combined for all other languages as shown in the following table. . A detailed table from the 2020 ACS of languages spoken at home by Roseville residents is available in Appendix F: Demographic Data.

Roseville Limited English Proficiency Population

Total Population (ages 5 and over)		130,636
Language	LEP Population	% of Total Population
Spanish	2,058	1.6%
French, Haitian, or Cajun	9	0.0%
German or other West		
Germanic languages	44	0.0%
Russian, Polish, or other Slavic language	760	0.6%
Other Indo-European languages	1,245	1.0%
Korean	268	0.2%
Chinese (incl. Mandarin, Cantonese)	441	0.3%
Tagalog (incl. Filipino)	719	0.6%
Other Asian and Pacific Island languages	496	0.4%
Arabic	122	0.1%
Other and unspecified languages	41	0.0%
Total	6,203	4.7%

Source: American Community Survey 2020, 5-year estimates

Moreover, employees of the City of Roseville and MV Transportation who come into contact with the general public and passengers of Roseville Transit have not reported that English is a barrier to understanding the programs and services offered by Roseville Transit, other than Spanish speaking individuals. This information is also confirmed by review of the Language Line Translation requests and a log kept at the Alternative Transportation Division office documenting the number of customers at the front counter requiring language assistance.

To minimize language barriers and to better communicate information important to using Roseville Transit services and programs a number of steps were identified that Roseville Transit has implemented. The following resources provided by Roseville Transit to all persons who speak other languages include:

- Language Card – Bus Drivers equipped with language card to assist passenger ability to indicate language needs
- Language Translation Line –Telephone service to assist in translation for employees to assist customers
- Online translation on the City’s website – service to assist customers in translating written information

In addition, the following materials are provided in Spanish, since Spanish is the highest percentage of speaking population which reports speaking English less than well in Roseville. Employees are trained in how to make use of tools provided to assist in communicating transit services. Available resources provided by Roseville Transit include:

- Civil Rights Complaint Form – translated into Spanish and provided on board buses, on website, and in administrative office lobby
- ADA Eligibility Application – translated into Spanish
- Spanish Speaking Customer Service Representatives – provided both in the administrative office and in the operations office for Dispatch and Demand Response phone calls and emails
- ADA Service Information – translated into Spanish and provided in the Service Guide(s) and on website
- Notices placed on-board buses – translated into Spanish

- Local Transit Service Information – translated into Spanish and provided in the Service Guide(s) and on website
- Spanish phrase book – provided to all bus drivers to assist in providing on board information to Spanish speaking passengers

VII. Decision Making Committees and Councils

The City of Roseville is committed to providing an open and visible decision-making process to which the public has equal access. The City Council makes the decisions regarding policy, service changes, fares, capital programming and facility locations for Roseville Transit. The City Council members are elected officials, and therefore, are not subject to Title VI requirement.

The City of Roseville has established 13 boards and commissions for the specific purpose of soliciting and involving public input as part of any decision-making process. Of these, the City of Roseville Transportation Commission reviews and makes recommendations to the City Council regarding transportation items that receive Federal funding. The Transportation Commission is composed of seven members who are residents of the City of Roseville. Appointments are made by the City Council for overlapping four-year terms. No member of the Transportation Commission shall serve more than two consecutive terms. In addition, the City Council may annually appoint a high school student that is a resident of Roseville to serve as an 8th voting member of the Transportation Commission.

To encourage a diverse range of public participation, the City of Roseville sends notices of commission vacancies to the Chamber of Commerce, the Roseville Coalition of Neighborhoods Association (RCNA), and publishes advertisements in the Roseville Press Tribune and on the City website.

A. Commission Racial Breakdown

The City of Roseville current Transportation Commission is comprised of the following members representing the following races.

Transportation Commission	White	Black or African American	American Indian and Alaska Native	Asian	Native Hawaiian and Other Pacific Islander	Other	Two or more races	Did not Respond
Commissioners	42.9%	0%	0%	0%	0%	0%	0%	57.1%

VIII. Subrecipient Compliance

As a primary recipient of FTA funds with subrecipients Roseville Transit shall undertake the following activities:

- Document the process for ensuring that all subrecipients are complying with the general reporting requirement, as well as other requirements that apply to the subrecipient based on the type of entity and the number of fixed route vehicles it operates in peak service.
- Collect Title VI Programs from subrecipients and review programs for compliance.

On behalf of the City of Lincoln the City of Roseville secured Section 5309 for their construction of a bus barn via FTA grant CA 03-0772 (closed 9/23/13). Construction of the bus barn was completed in 2010, with final FTA disbursement in 2011. The City of Lincoln has since partnered with Placer County Transit to operate three (3) local fixed routes and one dial-a-ride paratransit service within its jurisdictional boundaries. Placer County Transit and Roseville Transit are both members of the Placer County Transportation Planning Agency (PCTPA). As a member of the PCTPA Transit Operators Working Group (TOWG), Placer County Transit along with other transit operators, receives updates and participates in discussions of revised Title VI obligations.

City of Roseville staff:

- Conducts periodic desk review of materials and Lincoln's website;
- Receives updates of Lincoln program modifications through TOWG meetings; and,
- Conducts a triennial site visit to discuss Title VI and other obligations required of sub-recipients of federal funding and to confirm and document the City of Lincoln's compliance with applicable obligations.

Material collected includes Lincoln Transit’s statement of their commitment to “ensuring no person is excluded from participation in, or denied the benefits of its transit services or programs on the basis of race color or national origin as afforded under Title VI of the Civil Rights Act of 1964.” The statement of commitment is included as part of the Lincoln Transit service guide distributed to passengers on board buses and is also available online. Instructions are also included for any person(s) who feels they have been discriminated against on how they may file a complaint with Placer County Department of Public Works or with the Federal Transportation Administration. Copies of both notifications are provided in Appendix G.

IX. Construction Equity Analysis

When Roseville Transit plans to construct or expand a facility, such as a vehicle storage facility, maintenance facility, transit hub or operation center, Roseville Transit will include a copy of the Title VI Equity Analysis conducted during the planning stage with regard to the location of the facility. The following principles will be applied in the analysis:

1. To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
2. To ensure the full and fair participation by all potentially affected communities in the transportation decision- making process.
3. To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

Roseville Transit will follow federal guidance provided in FTA Circular 4703.1 (August 2012).

During the past three years, Roseville Transit has not constructed a vehicle storage, transit hub, operations center or maintenance facility.

X. Service Standards and Policies

Roseville Transit has developed a set of quantifiable service standards and policies. These service standards and policies are developed through public involvement programs designed to ensure that all persons wishing to participate in its services are given equal and equitable opportunity to participate.

Service standards are identified in Roseville's Short Range Transit Plan, adopted by the Roseville City Council in 2019. The public involvement program for this process included a series of outreach strategies designed to ensure equal and equitable opportunity to participate, including providing communications in formats to meet the needs of the public and offering meetings and outreach materials in convenient locations and formats for equitable access.

Both Roseville Transit's Service Policies and the Short Range Transit Plan are adopted by the Roseville City Council through a public involvement program that includes public notices, opportunities to comment, and a minimum of one (1) public hearing. This process is designed to ensure that service design and operations do not result in discrimination on the basis of race, color, or national origin.

The Short Range Transit Plan includes a demographic analysis that informed public engagement strategies designed to engage a diverse community (see Appendix F for demographic data). Public participation included an onboard rider survey, a community survey, public workshops, public notices, and a minimum of one public hearing.

Additionally, each year, Placer County Transportation Planning Agency (PCTPA) works with transit providers, including the City of Roseville, and the public to identify any transit needs that are not currently being met and makes a determination as to what needs are reasonable to meet. PCTPA solicits testimony through an inclusive public outreach process that includes, but is not limited to, the following: advertisements in the local newspapers, press releases and public service announcements, flyers in buses, and notices to social service agencies.

The City of Roseville Transportation Commission reviews the quarterly reports and an annual year-end report that documents how well Roseville Transit meets the standards. Service standards are used as key performance indicators to help gauge different areas of performance for the entire Roseville Transit system. As such, these standards are used to identify trends and/or issues which should be addressed to improve overall system performance and to measurably identify successes. These service standards and policies include, but are not limited to those presented below.

A. Vehicle Loads and Passengers Per Hour Standards

Vehicle load is expressed as the ratio of passengers to the total number of seats on a vehicle at any moment. Vehicle load will also vary by route, time of day, and by season.

Service Type	Vehicle Type (year)	Capacity (Seated/ Standing/ Wheelchair)	Total Capacity	Preferred Capacity	Average Load	Maximum Load
<u>Commuter</u>	Gillig- 40-ft (2020)	39/32/3	74	1	.51	2
Commuter	Gillig Phantom 40-ft (2000)	45/14/2	61	1	.44	2
<u>Commuter</u>	LF 40-ft (2009)	39/32/2	73	1	.51	2
<u>Dial-A-Ride</u>	Champion-LF-26-ft (2020)	17/8/3	28	1	NA	NA
<u>Dial-A-Ride</u>	Arboc 26-ft (2014)	17/8/3	28	1	NA	NA
<u>Fixed Route</u>	Gillig LF-35-ft (2020)	32/24/3	59	1	.21	2
<u>Fixed Route</u>	Gillig LF 35-ft (2017, 2014)	32/24/2	58	1	.28	2
Fixed Route	Gillig LF 29-ft (2009)	26/18/2	46	1	.28	2

For passenger safety and comfort, vehicles should be sized and the transit service operated to limit typical peak loads to the seating capacity. Local fixed route and commuter services should generally limit standing loads to a maximum of 20 percent of daily runs on a single route.

Passengers per revenue hour is also a useful measure of vehicle use over the course of each hour of service. Below are general standards which are used to help gauge the average use of each service.

Local Services - The average number of passengers per revenue hour should be greater than or equal to 7 passengers per vehicle revenue hour.

Commuter Services - The average number of passengers per revenue hour should be greater than or equal to 20 passengers per vehicle revenue hour.

Dial-A-Ride Services - The average number of passengers per revenue hour should be greater than or equal to 2.5 passengers per vehicle revenue hour.

These standards are considered targets. In general, the number of passengers per revenue hours will exceed the average in peak travel periods and will be less than the average during the first and last hour of service. Also, mid-week days tend to show higher averages than other days. The average number of passengers per revenue hour tends to be below the system average during the first year of any new route, but generally improves to meet or exceed the system average within a few years.

B. Vehicle Headway (Frequency) Standards

Local Services - Vehicle headway for local fixed route service is generally provided in 30 or 60 minute increments, and may vary depending upon demand.

Commuter Services - Vehicle headway for commuter services range from 0-40 minutes, depending upon demand and the specific routing of each commuter bus during peak hours.

C. Service Span Standards

Local and Dial-A-Ride Services - Generally, the span of service each weekday is 5:45 a.m. to 6 p.m. for all local routes, and reduced service levels continue until 10 p.m. The span of service on Saturdays is from 8 a.m. to 5 p.m., and no local route service exists on Sundays. General public Dial-A-Ride (DAR) services are also available by reservation during these times. General public DAR services are also generally available on Sundays from 8 a.m. to 5 p.m.

The hours and days of Local and DAR services are continuously adjusted to reflect demands while striving to attain other performance standards.

Commuter Services - The general service span for Commuter service is weekdays during peak travel times.

While the hours of peak travel do not vary greatly, the frequency of Commuter services from Roseville to Downtown Sacramento or other job centers will generally be determined by demand and an ability to meet other performance standards.

D. On-time Performance Standards

The standard for average on-time performance for all services is greater than or equal to **95%**.

E. Fare Recovery and Average Subsidy Per Trip Standards

Fare Recovery - The standard for average fare recovery for all services is greater than or equal to 15% of all transit operating expenses. The average subsidy per trip by type of service and by route is measured quarterly and/or annually to help evaluate the cost of services.

Fare Recovery for New Services - These standards should not be strictly applied to new routes for the first two years of service. A 60 percent fare recovery of standard could be considered successful after one year, but a favorable trend thereafter should be maintained. Conversely, Roseville Transit should not simply keep a service if revenues cannot support the continued operation of a route, or if a different and more successful route could replace the less successful route.

F. Bus Stops and Passenger Amenity Standards

Bus Stop Location and Spacing - Bus stops are generally encouraged to be spaced a maximum of ½ mile apart along both arterial and collector streets in both directions, and/or at each leg of an intersection between arterial/arterial and arterial/collector streets, depending upon road patterns, adjacent land uses and densities and other factors which may influence the accessibility and use of a stop.

Shelters and Seats - Shelters should be provided at all bus stops expected to serve 15 or more passengers per day, and passenger seating should be provided at all bus stops expected to serve five or more passengers per day. Further refinement of stops, passenger amenities and timed stop designations will occur after a route has begun service.

Amenity Removal - When the annual maintenance or repair cost of an amenity is excessive or greater than the value of the structure or amenity, or presents a safety risk, then Roseville Transit reserves the right to remove the amenity.

Route Travel Time - Bus routes are generally designed so that the travel time will not exceed 3 times the equivalent automobile trip during peak travel hours, and should be designed to function as efficiently as possible.

G. Service Availability and Connectivity Standards

Service Routes - Generally, Roseville Transit provides general public Dial-A-Ride services within its entire corporate boundaries. Also, Roseville Transit attempts to provide fixed route services within ½ mile walking distance of 90% of the daytime population within City boundaries. As new development is added, new local fixed route and commuter services will be added based upon demand and as funding permits.

Connecting Adjacent Land Uses - Adjacent uses should provide direct pedestrian access to planned and existing bus stop locations to facilitate use of public transit. New projects that would generate DAR trips, such as medical office buildings, should also consider site designs that would accommodate the DAR bus picking up and dropping off ADA passengers at or near front door locations with ADA accessibility to the front door.

Reciprocal Transfer Agreements and Regional Fare Cards -- Reciprocal transfer arrangements should continue to be implemented between all connecting service providers. Regional fare cards, such as Connect Card, should continue to be implemented by Roseville Transit to improve regional connectivity and passenger mobility.

Regional Transfer Points - Local service should be provided within one block of all regional transit transfer locations and intercity bus/rail stops. Also, passenger facilities at regional transit transfer locations should be improved to enhance regional public transportation connections.

H. Safety, Maintenance and Replacement Standards

Accident Rates – The average preventable accident rate standard for all services is less than or equal to 1 preventable accident for every 50,000 service miles travelled. The average accident rate standard for all accidents for all services is less than or equal to 1 accident (preventable and non-preventable) for 25,000 service miles travelled.

Road Calls – The average road call standard is less or equal to 1 road call for every 10,000 service miles travelled.

Programmed Vehicle Maintenance – The standard for vehicle maintenance is for 90% percent of all programmed maintenance to occur within scheduled parameters.

Vehicle Replacement – Vehicles should be replaced at the end of their useful lives according to FTA guidelines and industry accepted practices for public fleet operators. The average fleet age should not exceed six (6) years.

I. Customer Service Standards

Employee Training – All employees should receive annual customer service training to ensure courteous, safe and respectful behavior, and that employees are sensitive to the needs of passengers.

Local and Commuter Services – The standard for the average number of passenger complaints for Local and Commuter services is less than or equal to 1 validated complaint for every 5,000 passenger trips.

Dial-A-Ride (DAR) – The standard for the average number of passenger complaints for DAR services is less than or equal to 1 validated complaint for every 3,000 passenger trips.

J. Vehicle Assignment Policy

Roseville Transit assigns vehicles based on the type of service, capacity, and vehicle mileage. Local fixed routes are assigned 30-foot or 35-foot buses. Commuter routes are assigned 40-foot buses. Paratransit service and DAR service requiring tight turns on driveways are operated with 26-foot cut-a-way vehicles. Occasionally, when necessary due to vehicle maintenance, vehicle types may be assigned to an alternate service, if feasible.

Once Roseville Transit begins operating Zero-Emission buses (ZEB), ZEBs will be assigned based on the operating characteristics of the route. Assignments for ZEBs will take into consideration the state of charge of the battery and charge needed to complete the route(s).

All vehicles are equipped with air conditioning.

XI. Requirements for Fixed Route Transit Providers

Chapter 4 of FTA Circular 4702.1B discusses the additional reporting requirements for recipients of FTA funding (including their sub-recipients) that operate fixed route transit services, in order to ensure that the agency complies with DOT Title VI regulations. The

requirements only apply to fixed route service, not demand response service. Per Circular 4702.1B definitions, “Fixed route refers to public transportation service provided in vehicles operated along pre- determined routes according to a fixed schedule”. As of January 1, 2019, Roseville Transit has a fixed-route fleet of 40 buses. Therefore, Roseville Transit qualifies for a reduced level of Chapter 4 reporting and is only required to set system-wide standards and policies (see Section X).

What is a Title VI complaint?

Roseville Transit operates its programs and services without regard to race, color, and national origin in accordance with Title VI of the Civil Rights Act of 1964. Any person who believes she or he has been aggrieved by any unlawful discriminatory practice under Title VI may file a complaint with Roseville Transit.

Federal law requires Title VI complaints be filed within 180 calendar days of the last alleged incident.

How do I file a complaint?

1. **Complete the form (Español)** and return it to the City of Roseville Alternative Transportation office.

or

2. File a complaint with the Federal Transit Administration (FTA). Visit transit.dot.gov for more information.

Submit a signed written statement to the FTA that contains the following information:

- a. Complainant's name, address, and telephone number.
- b. If you are filing on behalf of another person, include their name, address, telephone number, your relationship to the person, and if you have their permission to file the complaint.
- c. Name of the public transit provider the complaint is against.
- d. Describe the complaint. Include specific details such as names, dates, times, route numbers/letters, witnesses, and any other information that would assist in the investigation of your allegation.

Where do I submit a complaint?

What happens after I submit a complaint to the City of Roseville?

A written notice of receipt shall be sent to the complainant within five days of receipt of the complaint.

If further information is required to investigate the case, the Civil Rights Officer will contact the complainant in writing. The complainant has 30 business days to submit the requested information. Once all requested information is received, the Civil Rights Officer has 60 days to make a determination. If the requested information is not received within 30 business days from the date of the request, the Civil Rights Officer can administratively close the case.

If the complainant wishes to appeal the Civil Rights Officer's decision, the complainant shall make an appeal request in writing within 10 business days of receipt of the Civil Rights Officer's decision. An appeal of the Civil Rights Officer's decision will be heard by the decision-making body as per the Roseville Municipal Code at the next available scheduled meeting.

¿Qué sucede después de presentar una queja ante la Ciudad de Roseville?

Se enviará una notificación por escrito de recibo al denunciante dentro de los cinco días posteriores a la recepción de la denuncia.

Si se requiere más información para investigar el caso, el Oficial de Derechos Civiles se comunicará con el denunciante por escrito. El denunciante tiene 30 días hábiles para presentar la información solicitada. Una vez que se recibe toda la información solicitada, el Oficial de Derechos Civiles tiene 60 días para tomar una determinación. Si la información solicitada no se recibe dentro de los 30 días hábiles a partir de la fecha de la solicitud, el Oficial de Derechos Civiles puede cerrar el caso administrativamente.

Si el denunciante desea apelar la decisión del Oficial de Derechos Civiles, deberá presentar una solicitud de apelación por escrito dentro de los 10 días hábiles posteriores a la recepción de la decisión del Oficial de Derechos Civiles. Una apelación de la decisión del Oficial de Derechos Civiles será escuchada por el organismo de toma de decisiones según el Código Municipal de Roseville en la próxima reunión programada disponible.

I. Purpose & Goals

Purpose

As a recipient of federal transportation funding from the Federal Transit Administration (FTA), the City of Roseville (COR) is required to develop a Public Participation Plan (PPP) that implements the goals and objectives of Title VI of the Civil Rights Act of 1964, which states:

No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

This PPP is intended to provide guidance for public involvement activities to be conducted by COR in the expenditure of FTA funds in compliance with Title VI of the Civil Rights Act of 1964 and FTA Circular 4702.1B ("Title VI Requirements and Guidelines for Federal Transit Administration Recipients").

Goals

The procedures, strategies and techniques contained in this PPP support the purpose stated above and the following goals:

- Provide an open and visible decision-making process to which all members of the public have equal access;
- Seek out and consider the viewpoints of minorities, low income persons, persons with limited English proficiency, and other community groups;
- Offer early and continuous opportunities for the public to be involved in the identification of social, economic, physical and environmental impacts of proposed decisions; and,
- Raise the level of community participation by citizens for the purpose of improving and maintaining the quality of life within the City of Roseville.

II. Background

Public Participation in Roseville

The City of Roseville has a long-standing commitment to providing open and visible decision-making processes that provide equal access to all. Two in-person methods Roseville uses to promote public involvement are:

1. **Boards and Commissions** – The City of Roseville has established 13 boards and commissions for the specific purpose of soliciting and involving public input

as part of any decision-making process. Of these, the Transportation Commission typically has responsibility for oversight of FTA-funded transportation projects, plans and services.

2. **Roseville Coalition of Neighborhood Associations** - The City of Roseville established the Roseville Coalition of Neighborhoods Association (RCONA) in 1993. RCONA is a not-for-profit, non-partisan umbrella organization comprised of representatives of Roseville's individual "Neighborhood Associations". There are currently 39 Neighborhood Associations, each of which geographically represents a defined area of the City's entire corporate boundaries, as shown at the RCONA web site: rcona.org. Two clearly stated purposes of the mission of the RCONA are:
 - To raise the level of community participation by citizens for the purpose of improving and maintaining the quality of life within the City of Roseville; and,
 - To work with neighborhood associations in resolving social, physical and economic problems within neighborhood, and deal with other important neighborhood issues

The City of Roseville will incorporate the use of these existing engagement resources into this PPP. This PPP will also consider other measures to solicit the involvement of citizens in the public decision-making process.

Public Participation for the Metropolitan Transportation Plan - Any transportation project in the six-county region using federal and state funding must be incorporated into the Sacramento Area Council of Governments (SACOG) Metropolitan Transportation Plan/Sustainable Communities Strategy (MTP/SCS). The MTP/SCS is updated once every four years. For each update, SACOG develops a Public Participation Plan to assist SACOG staff in implementing an effective public review process of the MTP and the projects contained therein. This is another opportunity for the public to participate in transportation planning efforts in Roseville and the six-county region. For more information on the MTP/SCS and the SACOG Public Participation Plan, see this website: sacog.org/2035.

III. Public Involvement Plan

The primary means of implementing the goals of the PPP shall be the development and execution of a Public Involvement Plan (PIP) for applicable transit plans, projects or activities. The PIP shall be developed at the outset of the project planning process and shall be modified as needed during the planning process. The PIP shall be designed in accordance with the following principles:

1. The PIP shall be tailored to the scope of the proposed plan, project or activity, the population of the planning or project impact area, and the resources available for outreach.
2. The PIP will be designed to eliminate barriers to active participation and shall seek out the viewpoints of minority, low-income, LEP and other populations consistent with Title VI Program Executive Order 13166 and U.S. Department of Transportation (DOT) LEP Guidance.
3. The PIP will be developed at the beginning of each planning process to provide early opportunities for public involvement in the identification of project, plan and activity goals and community needs, benefits and impacts.
4. Public notification will be provided throughout the planning process, including at key decision points and for public meetings.

The PIP for each transit plan, project and activity shall including public involvement strategies tailored to the scope of the proposed plan, project or activity and methods of public notification appropriate to the particular plan, project or activity.

A. Applicability of Public Involvement Plans

A PIP shall be prepared for the following activities undertaken by the COR:

1. Adoption or substantial modification of transit plans
2. Approval of FTA-funded capital improvement projects
3. Fare changes
4. Major service changes as defined below:
 - The elimination or addition of a transit line or service
 - A route change that impacts 25% or more of a route's miles or bus stops
 - A reduction or increase of service or frequency of service that affects 25% or more of the total transit system revenue miles
 - Proposed changes that are reasonably anticipated to be controversial with or substantially affect an identified stakeholder, neighborhood or community group or population

Service changes not falling under the definition of a major service change are considered minor changes that may be approved by the Alternative Transportation Manager without the implementation of a PIP.

B. Public Involvement Strategies

During development of the PIP, the following **public involvement strategies** may be used as appropriate to the activity being undertaken to identify public needs, concerns and comments:

- ☐ Email/text message notifications
- ☐ Social media
- ☐ Website
- ☐ News media
- ☐ Collateral materials
- ☐ Signage
- ☐ Advertisements
- ☐ Informal Meetings with community groups
- ☐ Formal presentations to community groups
- ☐ Interactive Public Workshops (Visioning, Scenario Planning, etc.)
- ☐ Project Open Houses
- ☐ Special Advisory Committees
- ☐ Focus Groups
- ☐ Public Surveys
- ☐ Public Hearings

The above list is considered a menu of strategies to obtain public input. The PIP for each particular activity subject to this PPP will be tailored to use the most appropriate strategies for achieving public involvement for the given activity. The PIP for a particular activity may incorporate some or all of the above strategies.

As appropriate to the particular activity, the PIP may incorporate **supplemental outreach strategies** to seek out the viewpoints of minority, low-income, and Limited English Proficient (LEP) populations;

- ☐ Partner with community organizations to engage members of the public who are less likely to attend traditional public meetings (including LEP populations) through means such as surveys and focus groups.
- ☐ Attend community events.
- ☐ Attend meetings and activities organized by faith-based organizations, advocacy groups, or other community partners that will help solicit feedback from diverse members of the public.
- ☐ Develop and maintain a “Community Partner List”, which identifies community partners and organizations that may be targeted for public outreach based upon the scope of the particular project, plan or activity. The community partner list may include the following types of groups and organizations:
 - Lower Income Individuals/Households

- Minorities
- Limited English Proficient Individuals/Groups
- Persons with Disabilities and Limited Mobility
- Native American Organizations and Tribal Councils
- Senior Citizens
- RCONA and Neighborhood Associations
- Community Service Organizations
- Faith-based Organizations
- Affordable Housing Advocates
- Environmental Advocates
- Home Builder Organizations
- Business Organizations
- Commercial Property Interests
- Landowners
- Other Public Agencies

C. Public Hearings

A minimum of one (1) public hearing shall be required for fare changes and major service changes and may be required for other plans, projects and activities as required by local, state and federal law, such as the California Environmental Quality Act.

Public hearings will be scheduled as part of a regular Transportation Commission or City Council meeting. Notification of public hearings shall, at a minimum, be as required by the applicable local, state or federal law. In addition, public hearings should be more broadly through other means as identified in the PIP.

D. Logistics for Public Meetings

The following should be considered when planning public workshops and meetings:

- Public meetings, workshops and hearings should be held at convenient and accessible locations, with consideration of access to transit and ease of access for target audience. When local transit does not provide service due to the meeting location or time, the City of Roseville advertises the availability of free Dial-A-Ride service to the meeting.
- Meeting rooms should be large enough for the anticipated audience
- Meeting locations should be accessible to persons with disabilities
- Meeting times should consider the work schedules, school schedules, rush hours, meal hours, religious worship hours and other characteristics of target audience
- Virtual meetings may used with call-in numbers

- If needed, a specific employee shall be designated to accommodate the needs of persons who are linguistically or culturally isolated, as well as persons with disabilities

E. Documentation of Public Comments

Public comments received during the public outreach and involvement process will be compiled in writing in either meeting notes, minutes or as otherwise appropriate. The comments will be forwarded to the applicable advisory committee, commission or City Council for review and consideration in the decision-making process. A summary of the public comments received will be provided as part of a staff report submitted to the Transportation Commission and/or City Council. Per FTA Circular 4702.1B (IV-10); the staff report to the Transportation Commission and/or City Council shall include an evaluation of whether or not the proposed fare change or major service change will have a discriminatory impact based on race, color, or national origin.

F. Public Notification

The PIP shall identify the appropriate methods of public notification for transit plans, projects and activities covered by this PPP. In all instances, information materials shall be made available and distributed in English and Spanish.

For all projects, notifications methods may include as appropriate to the project:

- ☐ City website
- ☐ Email and text message notifications to subscriber lists and/or groups/individuals
- ☐ Social media
- ☐ Local news media (including ethnic media, as appropriate)
- ☐ Advertisement(s) (including ethnic media, as appropriate)
- ☐ Legal Notice(s) as required by local, state and federal agencies
- ☐ Direct mail
- ☐ Post meeting agendas for advisory committee(s), Transportation Commission, City Council
- ☐ Post fliers/signage at community facilities (libraries, senior centers, human service organizations, schools, etc.) and transit facilities (e.g. transit centers, bus shelters, on board buses, and Roseville Transit offices)

All fliers and other collateral materials shall specify that any interested individual is invited to make comments. The public notification shall also specify the methods for submittal of comments, with appropriate contact information included. Typically, public comments may be submitted in the following manners:

- Email
- Direct mail

- In person at locations specified in the notice/flier
- At public hearings, informational meetings, open houses and workshops
- By telephone to City representatives

V. Periodic Review of Public Participation Plan

Every 3 years or more frequently as determined necessary by the COR, the COR will review the effectiveness of the public engagement process and the procedures and strategies contained in this PPP. The goal of this review will be to ensure a full and open participation process. The PPP will be revised as appropriate based upon this periodic review.

Appendix E: Language Assistance Plan

Roseville Transit Language Assistance Plan – 2022

Background

This Language Assistance Plan (LAP) is provided to address the City of Roseville Alternative Transportation Division's obligation as a recipient of Federal funds to meet the needs of individuals that have been identified as Limited English Proficient (LEP) within the City of Roseville's boundaries. This plan includes responsibilities of the Alternative Transportation staff and Roseville Transit staff. The City of Roseville contracts with MV Transportation (MV) to oversee the operation of Roseville Transit.

Limited English Proficiency Defined

A Limited English Proficiency (LEP) person as defined by the FTA is as a person for whom English is not their primary language and who have a limited ability to speak, understand, read, or write English. It includes people who reported to the U.S. Census that they do not speak English well or do not speak English at all.

Four Factor Analyses

Factor 1: The number or proportion of LEP persons in the service area who may be served or are likely to encounter an Alternative Transportation or Roseville Transit program, activity or service.

Alternative Transportation staff reviewed the most recent U.S. Census American Community Survey to identify LEP language groups that constitute 5% of the population or 1,000 (whichever is less) of the persons eligible to be served or likely to be affected or encountered in the Roseville Transit service area. Data shows that Spanish speaking persons constitute the only language group that numbers 5% of the population or 1,000 (whichever is less) of the persons eligible to be served or likely to be affected or encountered in the Roseville Transit service area. Of the population in the City of Roseville 5 years of age and over, there are approximately 2,058 people who speak Spanish and English not very well as reported in the American Communities Survey 2020 5-year estimates.

Language services that are needed by current programs and services primarily involve Spanish speaking individuals.

Factor 2: The frequency with which LEP person come in contact with an Alternative Transportation or Roseville Transit program, activity or service.

In August of 2022, Alternative Transportation staff conducted an informal survey showing the following figures:

Alternative Transportation staff comes into contact with approximately one (1) individual or less per month that require an interpreter.

Roseville Transit reservationist/dispatchers come into contact with approximately four (4) callers per month that require an interpreter.

Roseville Transit drivers come into contact with approximately fifty (50) customers per month that require an interpreter.

Factor 3: The nature and importance of transit programs, activities or services provided by Alternative Transportation and Roseville Transit to the LEP populations.

Alternative Transportation front counter staff may assist LEP customers with trip planning, pass sales, discount photo identification cards, ADA inquiries, and general information about Roseville Transit.

Roseville Transit dispatchers may assist LEP customers with Dial-A-Ride reservations and trip planning.

Roseville Transit drivers may assist LEP passengers with fare questions and trip planning.

Factor 4: The resources available to Alternative Transportation and Roseville Transit and overall costs to provided LEP assistance.

The Alternative Transportation staff has access to City employees that are approved translators in Spanish, American Sign Language, Romanian, Tagalog, and Punjabi. Translators are available in various departments throughout the City.

The City of Roseville employees also have access to an AT & T Language Line. The language line allows employees and customers to speak to each other through an interpreter by speaker phone. The Language Line offers translation in many languages. Alternative Transportation staff uses this service as necessary. Alternative Transportation staff has access to “iSpeak cards” in 38 different languages to help LEP visitors in the office.

The City of Roseville website has an option to select written translation into many languages. Both the customer and Alternative Transportation staff can use this service as necessary.

MV Transit employs Spanish speaking dispatchers and drivers. In addition to employing Spanish speaking drivers, MV Transit currently employs a driver that speaks Tagalog.

Notice to LEP Populations of Language Assistance

The following statement is included in Roseville Transit Service Guides, Title VI Brochures, and Title VI webpage.

Limited English Proficiency

If you have difficulty understanding English, you may request language assistance phone services free of charge. Please contact us for more information.

Alternative Transportation
316 Vernon Street, Suite 150
Roseville, CA 95678
Phone: (916) 774-5293

Spanish Materials and Services Currently Offered

Alternative Transportation offers many of its materials in Spanish (initial year provided in Spanish):

- Roseville Transit Local, Dial-A-Ride, and Commuter Bus Services Guides (2000)
- ADA complementary Paratransit Services Guide (2016)
- On-board information notifying passengers of promotions and service notices (2008)
- Bus stop closures notices (2009)
- ADA application and letters (2002)
- Civil Rights and Compliant Procedure (2010)

Alternative Transportation staff will continue to produce transit materials in Spanish as the need arises.

The City of Roseville website offers optional online translation. By a push of a button any website page is translated into the desired language. (2008)

Alternative Transportation front counter staff and Roseville Transit dispatchers and drivers received the training booklet *“Basic Spanish for Transit Employees”*. This booklet contains basic Spanish words and phrases. (2005)

The Roseville Transit customer service line (916 or 530 745-7560) offers callers the option to hear menus in Spanish.

A Spanish-speaking dispatcher is available Monday – Friday in the morning. If an interpreter is not available, callers are instructed to call back during the above listed time. Regular customers are aware of the days and hours a translator is available. A majority of Spanish speaking callers make their Dial-A-Ride reservations during this time.

Roseville Transit contracts driver/operator services; some contracted employees (i.e. drivers) are fluent in Spanish. The City’s contractor makes efforts to assign these drivers to routes that predominantly encounter the Spanish speaking population. If a

driver is not Spanish speaking and the passenger requires an interpreter, the driver will either contact dispatch or another Spanish speaking driver for assistance.

Alternative Transportation Training

- Staff has been trained of the formalized LAP
- Staff are reminded of the available translator services
- Staff are instructed to document language assistance requests

Roseville Transit Training

- MV Management staff are informed of the LAP
- MV Management staff are instructed to document language assistance requests
- Alternative Transportation staff provides MV Transit with the form(s) to track requests

Monitoring and Updating the LAP

Staff will continue to monitor usage of services and use of translated documents to review the data and update the plan as necessary.

Alternative Transportation staff will periodically perform an informal survey of Roseville transit drivers and dispatchers to see if additional language services are necessary. Staff will also review the language assistance requests provided by Alternative Transportation and Roseville Transit staff.

Appendix F: Demographic Data

LANGUAGE SPOKEN AT HOME FOR THE POPULATION 5 YEARS AND OVER

Label	Roseville city, California	
	Estimate	Margin of Error
Total:	130,636	±633
Speak only English	107,216	±1,758

The City contracts with Placer County to provide transit services to our residents. Services provided through this agreement include Commuter Express, Dial-A-Ride, and School Tripper services. Placer County's transit site can be accessed by clicking the image below.

Title VI of the Civil Rights Act of 1964

The City of Lincoln, Lincoln Transit System is committed to ensuring no person is excluded from participation in, or denied the benefits of its transit services or programs on the basis of race, color, or national origin as afforded under Title VI of the Civil Rights Act of 1964.

The City of Lincoln Department of Public Works is responsible for providing leadership, direction, and policy to ensure compliance with Title VI of the Civil Rights Act of 1964 in respect to its transit services. Any person(s) who feels they have been discriminated against is encouraged to report such violations in writing to:

Placer County Department of Public Works

City of Roseville Title VI Plan
Adopted: July 17, 2019, Revised August 23, 2022

Appendix H: Public Involvement Plan

Public Involvement Plan for the City of Roseville Program for Title VI of the Civil Rights Act of 1964, Public Participation Plan, and Language Assistance Plan

Project Description: As a recipient of federal transportation funding from the Federal Transit Administration (FTA), the City of Roseville (COR) is required to develop a Program for implementation of Title VI of the Civil Rights Act of 1964, including a Public Participation Plan (PPP) and a Language Assistance Plan (LAP). The Title VI Program documents the City of Roseville's efforts to grant all citizens equal access to transit service, and also confirms that the City of Roseville is committed to ensuring that no person is excluded from participation in, or denied the benefits of its services on the basis of race, color, or national origin. The PPP is intended to provide guidance for public involvement activities to be conducted by COR in the expenditure of FTA funds. The PPP requires that all FTA-funded programs, plans or undertakings prepare a Public Involvement Plan that plans for and documents public outreach efforts. The LAP demonstrates that the City of Roseville, as a recipient of FTA funds, takes responsible steps to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for individuals who are Limited English Proficient (LEP).

Public Involvement Plan Purpose: This PIP is being developed at the outset of the Title VI project to seek out the viewpoint of the general public as well as minority, low income, and LEP populations as it relates to the above-described project.

Public Involvement Strategies: The following public involvement strategies will be used to engage the public in the review of the above-described project:

- Transportation Commission Public hearing
- City Council Meeting

Public Notification: The following public notification methods will be used to engage the public in the review of the above-described project:

- ☐ COR Website (translations available for multiple languages)
- ☐ Roseville Transit email and text message notifications
- ☐ Social media
- ☐ Notice of Public Hearing
- ☐ Post Meeting Agendas for Transportation Commission and City Council
- ☐ Post notices:
 - Roseville Alternative Transportation Division office
 - On-board bus kiosks

Appendix I: Public Comments

Public Comments Received during Public Review of the City of Roseville Program for Title VI of the Civil Rights Act of 1964, Public Participation Plan, and Language Assistance Plan

[Public comments received from the Transportation Commission public hearing held on September 20, 2022 will be included here.]

TRANSPORTATION COMMISSION COMMUNICATION

Title: Alternative Transportation Program Update
Contact: Suzanne Engelke, sengelke@roseville.ca.us, 916-746-1289

Meeting Date: 9/20/2022

Item #: 6.3.

RECOMMENDATION

This informational item is provided to update the Transportation Commission on two Active Transportation programs led by the Alternative Transportation Division. No action is needed.

BACKGROUND

The City of Roseville's PedalSafe Committee is finalizing details for Bikefest, its 29th bicycle safety event. The PedalSafe Committee is led by Alternative Transportation (AT) staff members Tricia Litts and Rebecca Espenshade who organize this event year round. Members of the committee include community leaders, bike store owners, additional AT staff, and representatives from the Engineering, Fire and Police departments.

Roseville Bikefest 2022 will be **Saturday, October 8** in Downtown Roseville. Bikefest is geared towards children but all ages are welcome. Over 130 community volunteers bring this annual program to 500 participants in the greater Roseville area.

During the past year, Alternative Transportation staff and the PedalSafe Committee have been seeking sponsorships and donations to purchase hundreds of helmets. Currently the committee is seeking volunteers and bike mechanics to continue the tradition of fitting helmets, inspecting bikes, and providing bicycle safety instruction.

Bikefest 2022 includes:

- Bicycle and helmet safety inspections
- Bicycle safety instruction
- Testing on skill and obstacle courses
- Entertainment
- Free bicycle-related gifts
- Free helmets to children and adults who need them.

Since 1994, the generous support of the local business community has enabled PedalSafe to donate more than 4,625 helmets and 105 bicycles to children. The committee is especially

grateful to local bicycle shops who wholeheartedly support this event with in-kind donations and advertising. Bicycle safety events like Bikefest help the City of Roseville maintain its status of a Bicycle Friendly Community.

The Alternative Transportation (AT) Division is picking up the pace for national **Walk to School Day**. The official Walk & Roll to School Day will be October 12, a week later than usual due to Yom Kippur falling on the traditional Walk to School date of October 5. AT promotes this annual event because studies have found walking or rolling to school improves the overall health of students, improves students' academic achievement and focus during school, reduces traffic congestion around schools, and improves street safety around schools.

AT is coordinating with local elementary and middle school principals to promote this special day. Roseville schools participate annually in Walk to School Day by encouraging their students to walk or roll to school. Some schools highlight the day with promotional items provided by AT. Other schools take it a step further and organize planned walking routes and celebrate with an assembly complete with music and giveaways supplied by AT. Additionally, AT staff attend as many school events that morning as possible. If commissioners would like to help by walking a route or distributing goodies, please contact Rebecca Espenshade at respenshade@roseville.ca.us by September 30.

Walk to School Day is sponsored by the national Safe Routes to School (SRTS) program. The City of Roseville's Alternative Transportation Division is a partner in the SRTS program. SRTS is an approach that promotes walking and bicycling to school through infrastructure improvement, enforcement, tools, safety education, and incentives to encourage walking and bicycling to school.

Respectfully Submitted,

Suzanne Engelke, Alternative Transportation Analyst

Jason Shykowski, Public Works Director
