

## **AGENDA**

June 26, 2019

CITY COUNCIL  
LAW & REGULATION COMMITTEE MEETING  
4:00 p.m.  
Council Chambers  
311 Vernon Street  
Roseville, California  
[www.roseville.ca.us](http://www.roseville.ca.us)

### **THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION**

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

**Public Comment** - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

**Consent Calendar** - If applicable, the Consent Calendar consists of routine items that may be approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

**Agenda Items** - Speakers have five minutes to address items that are listed on the agenda.

**Americans with Disabilities Act** - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

**Audio/Visual Presentations** - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Roseville City Clerk 311 Vernon Street, Roseville, CA 916-774-5200 TDD 916-774-5220

1. **CALL TO ORDER**
2. **ROLL CALL**
3. **PLEDGE OF ALLEGIANCE**
4. **PUBLIC COMMENTS**
5. **MINUTES**

5.1. Minutes of Prior Meetings

Memo from City Clerk Sonia Orozco recommending the Committee approve the minutes of the May 22, 2019 City Council Law & Regulation Committee meeting.

CC #: 0140

File #: 0103-32-01

CONTACT: Sonia Orozco 916-774-5263 sorozco@roseville.ca.us

**6. REPORTS/COMMENTS/COMMITTEE/STAFF**

6.1. Electric Department Priority Legislation - June 2019

Memo from Government Relations Supervisor Amber Blixt and Electric Utility Director Michelle Bertolino with an update on key energy-related legislation.

May 22, 2019

CITY COUNCIL  
LAW & REGULATION COMMITTEE MEETING  
5:30 p.m.  
Council Chambers  
311 Vernon Street  
Roseville, California  
[www.roseville.ca.us](http://www.roseville.ca.us)

### **1. CALL TO ORDER**

Vice Chair Krista Bernasconi called the May 22, 2019 City Council Law & Regulation Committee meeting to order at 5:30 p.m.

### **2. ROLL CALL**

Silent Roll Call  
Present: Bernasconi, Houdesheldt

### **3. PLEDGE OF ALLEGIANCE**

The Pledge of Allegiance was led by Acting Water Utility Manager Sean Bigley.

### **4. PUBLIC COMMENTS**

No public comment received.

### **5. MINUTES**

#### **5.1. Minutes of Prior Meetings**

Memo from City Clerk Sonia Orozco recommending the Committee approve the minutes of the March 27, 2019 and April 24, 2019 City Council Law & Regulation Committee meeting.

CC #: 0050

File #: 0103-32-01

CONTACT: Sonia Orozco 916-774-5269 [sorozco@roseville.ca.us](mailto:sorozco@roseville.ca.us)

The minutes of the March 27, 2019 and April 24, 2019 City Council Law & Regulation Committee meetings were approved by consensus.

## 6. REPORTS/COMMENTS/COMMITTEE/STAFF

### 6.1. Electric Department Priority Legislation - May 2019

Memo from Government Relations Supervisor Amber Blixt and Electric Utility Director Michelle Bertolino with a review of key energy-related legislation to determine potential impacts to the Electric Department.

CC #: 0048

File #: 0103-32-02

CONTACT: Amber Blixt 916-774-5693 aablixt@roseville.ca.us

Government Relations Administrator Amber Blixt made the presentation to the Committee.

General Overview of Legislative Landscape was presented:

- May/June: Deadlines
  - May 31: Last day for each house to pass bills introduced in their house of origin
  - June 15: Deadline to pass budget bill
- Key Energy Issues:
  - Self-Generation
    - SB 288 - Self-Generation and Storage - Oppose
  - Transportation Electrification
    - SB 676 - Electric Vehicle Grid Integration - Oppose unless Amended
  - Provider of Last Resort
    - SB 520 - Provider of Last Resort - Watch
  - Wildfire/Climate Change Fund
    - AB 740 - Climate Change
- Federal Update
  - Congressional letter to House Ways and Means Committee to keep tax-exempt municipal bonds
  - Congressional letters opposing proposal to privatize power market agencies
  - National Security concerns about 5g deployment

No public comment received.

For information only; no action required.

### 6.2. Environmental Utilities Department Priority Legislation – May 2019

Memo from Government Relations Supervisor Noelle Mattock and Environmental Utilities Director Richard Plecker with a staff report providing information on key legislation and regulatory activity that staff has initially identified as having a significant impact on the City's customers and the Environmental Utilities Department.

CC #: 0049

File #: 0103-32-02

CONTACT: Noelle Mattock 916-774-5504 ncmattock@roseville.ca.us  
Marisa Tricas 916-774-5553 mtricas@roseville.ca.us

Government Relations Supervisor Noelle Mattock made the presentation to the Committee.

#### General Overview of Water Tax Legislation

- Trailer Bill - Environmental Justice-Safe and Affordable Drinking Water - Oppose
- Legislative Budget Action - Safe and Affordable Drinking Water Fund - Support
- AB 2017 - Safe and Affordable Drinking Water Fund - Oppose unless Amended
- SB 200 - Safe and Affordable Drinking Water Fund - Watch
- SB 414 - Small System Water Authority Act of 2019 - Support
- SB 669 - Safe Water Trust - Support
  
- Key Dates:
  - Big Three - Governor, Senate Pro-Tem, Assembly Leader
  - April 29th - Governor Issued Executive Order directing State Agencies to Prepare Resilience Portfolio for California
  - May 9th - May Revise Released
  - May 17th - Fiscal Deadline
  - May 31st - House of Origin Deadline
  - June 15th - State Budget

Government Relations Supervisor Marisa Tricas continued the presentation to the Committee.

#### Legislative Updates

- Federal Updates - HR 2473 - Securing Access for the Central Valley and Enhancing (SAVE) Water Resources Act - Support
- State Updates - AB 129 - Microfiber Pollution - Watch

#### Other Advocacy Activities

- Organized and led regional trip to Washington D.C.
- Annual Mayors Trip to Washington D.C.
- Central Valley Clean Water Association Annual Conference
- California Association of Sanitation Agencies Legislative and Regulatory Monthly meeting

No public comment received.

For information only; no action required.

### 6.3. Priority Legislation - May 2019

Memo from Government Relations Administrator Mark Wolinski and Public Affairs

and Communications Director Megan MacPherson reporting on 10 bills reflecting the types of bills and issues being tracked for City departments.

CC #: 0047

File #: 0103-32-02

CONTACT: Mark Wolinski 916-774-5179 mwolinski@roseville.ca.us

Government Relations Administrator Mark Wolinski made the presentation to the Committee.

**Key Bills:**

- Housing
  - SB 4 - Housing - Watch
  - AB 11 - Community Development Law - Watch
  - S 923 - Homeless Housing Programs and Services - Support
- Sales Tax and Revenues
  - AB 485 - Local Government - Economic Development and Subsidies - Watch
  - AB 1296 - Tax Recovery in the Underground Economy - Watch
  - SB 43 Carbon Tax - Watch
- Other Areas
- AB 516 - Authority to Move Vehicles - Oppose
- AB 956 - Automatic Dialing/Announcing Devices - Support
- SB 389 - Mental Health Services Act - Support
- AB 1413 - Transportation - Local Transportation Authorities - Support - Passed out of Assembly and is now on to Senate

No public comment received.

For information only; no action required.

## **7. ADJOURNMENT**

Vice Chair Krista Bernasconi adjourned the meeting at 6:15 p.m.

## CITY COUNCIL Law & Regulation Committee

CC #: 0141

File #: 0103-32-02

**Title:** Electric Department Priority Legislation - June 2019

**Contact:** Amber Blixt 916-774-5693 aablixt@roseville.ca.us

Meeting Date: 6/26/2019

Item #: 6.1.

### RECOMMENDATION TO COUNCIL

Discuss and provide input on any state or federal legislation presented to the committee.

### BACKGROUND

Staff has been reviewing key energy-related legislation to determine potential impacts to the Electric Utility (REU) Department. Several energy-related bills could have ramifications on the operations of the City's electric department. Below is a list of key bills and related issues that staff has been monitoring:

#### **State Wildfire Activities**

**Report of the Commission on Catastrophic Wildfire Cost and Recovery.** The Commission on Catastrophic Wildfire Cost and Recovery, which was established to examine issues related to utility infrastructure and wildfire risk, recently released a report that will ultimately be submitted to the Legislature and the Governor. The report is focused on three pertinent recommendations which the Commission suggests should be considered in a coordinated fashion. The recommendations include: replacing inverse condemnation, which holds utilities strictly liable for any wildfire caused by their equipment, with a fault-based standard; establishing an Electric Utility Wildfire Board to consolidate governance of all utility wildfire prevention and mitigation efforts under a single entity; and, creating a Wildfire Victims Fund. *Roseville is closely monitoring the developments of this report to see what, if any, of the proposed recommendations may appear in legislation. The recommendations provided by the Commission will continue to influence the discussions regarding utility infrastructure and wildfires as this legislative session continues.*

#### **State Legislation**

**SB 676 (Bradford) Transportation Electrification: Electric Vehicles: Grid Integration (Oppose Unless Amended)** Requires the California Energy Commission (CEC), with the assistance of the Public Utilities Commission (CPUC), to establish electric-vehicle grid-integration strategies for publicly owned utilities. Roseville is concerned that the strategies may be similar to those required in this bill by the CPUC, which would shift, by 2030, at least 25% of the estimated electrical demand by customers for electric-vehicle charging from peak-demand periods to other periods. *Roseville currently has an oppose-unless-amended position on this bill. Roseville is*

*seeking amendments that will allow publicly owned utilities (POUs) the ability to consider electric-vehicle grid-integration more broadly, as part of our Integrated Resource Plans. This will give Roseville the flexibility to consider electric-vehicle grid-integration in a way that makes the most sense for our utility without imposing exclusive strategies or targets for charging electric vehicles during off-peak hours.*

### **Federal Legislation**

**STREAMLINE Small Cell Deployment Act.** Senate Commerce Committee Chairman John Thune and Senator Brian Schatz have reintroduced a broadband deployment bill, known as the STREAMLINE Small Cell Deployment Act. This proposed legislation would allow communication companies to use local government infrastructure for their communications equipment, without addressing safety issues and financial recovery for the municipalities. The bill effectively repeals the public-power exemption from federal pole-attachment regulations and gives the Federal Communications Commission (FCC) the authority to set the rates, terms, and conditions of public-power pole attachments. *The City is monitoring this bill and working with our coalition partners, the American Public Power Association (APPA), as they actively lobby against this bill.*

### **Two-Year Bills/Concepts for Discussion**

**SB 772 (Bradford) Long Duration Bulk Energy Storage: Procurement (Watch)** This bill would have required the California Independent System Operator (CAISO) to solicit up to 4,400 megawatts (MWs) of long-duration, bulk energy-storage projects and to pass those costs on to load-serving entities within the CAISO control grid. The bill was primarily tailored to the development of pumped hydroelectric energy-storage resources, with a specific focus on a project near Joshua Tree in Southern California. The actual need for this legislation was uncertain and would have set a bad precedent for how resources are procured. As a result, the bill ultimately stalled on the Senate floor and was moved to the inactive file. *The City continues to watch this topic as it could resurface at some point later this year in another legislative vehicle.*

**AB 56 (E. Garcia) Central Procurement Entity (Watch)** This bill would give the California Alternative Energy and Advanced Transportation Financing Authority, the ability to engage in backstop procurement of electricity to meet the state's clean energy and reliability needs that are not otherwise satisfied by load serving entities, that is, electrical corporations (IOUs), electric service providers (ESPs), and community choice aggregators (CCAs). *While this bill does not directly affect publicly owned utilities (POUs), the City is watching this bill to ensure that the applicability does not expand to POUs, which would adversely affect Roseville Electric's procurement authority.*

### **Conclusion**

Staff is aggressively advocating on key legislation with its coalition partners. Staff will continue to apprise the committee on these important legislative proposals and request any direction as needed.

### **FISCAL IMPACT**

The costs of these activities are contained within the City's current budget.

## ECONOMIC DEVELOPMENT / JOBS CREATED

The activities detailed in this report will not result in job development or creation.

## ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378.

The action of reviewing legislation meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Respectfully Submitted,

Amber Blixt, Government Relations Supervisor

Michelle Bertolino, Electric Utility Director

---

Dominick Casey, City Manager

## CITY COUNCIL Law & Regulation Committee

CC #: 0142

File #: 0103-32-02

**Title:** Update on Water Tax

**Contact:** Noelle Mattock 916-774-5504 ncmattock@roseville.ca.us

Meeting Date: 6/26/2019

Item #: 6.2.

### RECOMMENDATION TO COUNCIL

This staff report provides information to the Law and Regulation Committee on key legislation that staff has been actively working to avoid a significant impact on our customers and the Environmental Utilities Department (EU).

### BACKGROUND

#### **Water Tax:**

#### **AB 217 (Eduardo Garcia) Safe and Affordable Drinking Water Fund (Oppose Unless Amended)**

As amended on May 21, 2019, this measure would impose a monthly fifty cent (\$0.50) "system charge" per service connection on all public water systems as of July 1, 2020. As proposed, the Safe and Affordable Drinking Water "system charge" is still a tax under the California Constitution. [See Article XIII A.] Additionally, AB 217 expands the scope of assistance beyond the water systems previously identified by the SWRCB and is attempting to use public funds to address private wells and systems.

*Staff Comment: As an integrated-utility, our goal is to provide high-quality, reliable and low cost utility services. Staff has estimated the annual "system charge" that EU would have to submit to the SWRCB to be approximately \$257,000. Per proposition 218, this cost would have to be passed on to our customers. This new "system charge" would not be used to benefit our customers. In fact, this "system charge" will impact our ability to continue to meet the needs of customers in a cost effective manner. Ultimately, this "system charge" will have the greatest impact on the affordability of water on our lower income customers.*

#### **SB 200 (Bill Monning) Safe and Affordable Drinking Fund (Watch)**

As amended on May 7, 2019, SB 200 would create the Safe and Affordable Drinking Water Fund in the State Treasury. Additionally, the measure would set up the framework for the expenditure of the funds for fund grants, loans, contracts, or services to assist eligible recipients in delivering safe and affordable drinking water to Californians.

*Senator Monning was the author of the water tax legislation last year (SB 623). Governor Newsom modeled his Budget Trailer Bill upon SB 623 from last year. As amended May 7, 2019 the bill currently focuses on implementing the Safe and Affordable Drinking Water fund.*

**SB 414 (Anna Caballero) Small System Water Authority Act of 2019 (Support)**

The bill would establish criteria for the consolidation of water systems not meeting drinking water standards. Many of these systems lack the technical, managerial and financial abilities to deliver safe water. Consolidating these water systems that cannot consistently meet state and federal drinking water standards, will help to prevent the need to provide ongoing financial support to prop up these failing systems.

*Staff Comment: SB 414 made it out of its first two policy committees on unanimous votes and was placed on the Appropriations Suspense File and is expected to be taken up again on May 16th. We anticipate this measure moving forward as part of the discussion to provide a comprehensive solution to assure all Californians have access to safe and clean water. SB 414 provides an alternative method of consolidation. In return these new systems will have the benefit of a larger service (economies of scale) and access to funding they previously were unable to access. Roseville supports this legislation as it helps to provide a long-term solution to provide safe drinking water to thousands of Californians, in addition to reducing the overall funding needed through the proposed statewide water tax.*

**SB 669 (Caballero) Safe Drinking Water Trust (Support)**

The purpose of the Trust proposed in SB 669 would be to provide a durable funding source to help community water systems in disadvantaged communities provide their customers with access to safe drinking water. This is an alternative policy proposal to the various bills proposing a State Water Tax. The Trust would be funded using one-time funding during budget surplus years. As well, the Trust would also be able to receive funding from other sources like the federal government, non-profits and other donations.

*Staff Comment: SB 669 made it out of its first committee on a 7-1 vote and was up in Senate Appropriations Committee on May 13<sup>th</sup> where it was placed on the suspense file. Due to an alternative proposal, by Senate Pro-Tempore Tony Adkins, SB 669 is expected to be held in the Appropriations Committee. The Senate proposal, which was advanced during a recent Budget Hearing, continuously appropriates \$150 million from internet sales tax to deliver safe drinking water. The new Senate proposal and the Trust alternative are preferred over placing a water tax on our customers' bills. As the Governor's water tax would cost our customers approximately \$580,000 annually. The potential annual administrative costs to EU have been estimated to potentially exceed \$100,000 annually. This includes changes to our utility billing system and also staff time. As currently proposed, Roseville would have to pass on \$80,000-\$90,000 annually to our rate payers to cover our administrative costs.*

Attachment A: Current list of legislation being tracked by the Environmental Utilities Department, by position.

**FISCAL IMPACT**

The costs of these activities are contained within the City's current budget.

## ECONOMIC DEVELOPMENT / JOBS CREATED

The activities detained in this report will not result in job development or creation.

## ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The action of reviewing legislation meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Respectfully Submitted,

Noelle Mattock, Department Government Relations Supervisor

Richard D. Plecker, P.E., Environmental Utilities Director

A handwritten signature in blue ink, consisting of several overlapping loops and a final horizontal stroke.

**Summary:** Current law requires the State Water Resources Control Board, on or before December 31, 2023, to adopt uniform water recycling criteria for direct potable reuse through raw water augmentation, as specified. Current law defines “direct potable reuse” and “indirect potable reuse for groundwater recharge” for these purposes. This bill would eliminate the definition of “direct potable reuse” and instead would substitute the term “groundwater augmentation” for “indirect potable reuse for groundwater recharge” in these definitions. The bill would revise the definition of “treated drinking water augmentation.”

**Summary:** The California Safe Drinking Water Act requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. The act requires the state board to provide the local primacy agency, to the extent funds are available from the Safe Drinking Water Account, with an annual drinking water surveillance program grant to cover the costs of conducting inspection, monitoring, surveillance, and water quality evaluation activities specified in the local primacy agreement. The act requires the state board to adopt a schedule of fees and requires a public water system under the jurisdiction of a local primacy agency to pay these fees to the local primacy agency in lieu of the state board. This bill would include enforcement costs as costs covered by an annual drinking water surveillance program grant.

**Summary:** Would require the California Department of Tax and Fee Administration to collect the California tire fee and would repeal the provision authorizing the Department of Resources Recycling and Recovery to solicit and use the expertise of, and contract or cooperate with, other state agencies. The bill would increase the California tire fee by \$1.50. The bill would require the California Department of Tax and Fee Administration to transfer the additional moneys to the Stormwater Permit Compliance Fund, which would be established by the bill, and would make the moneys available to the State Water Resources Control Board. The bill would continuously appropriate moneys in the fund for competitive grants for projects and programs for municipal storm sewer system permit compliance requirements that would prevent or remediate pollutants, including zinc, caused by tires in the state and for an annual audit of the fund. Money in the fund would be available upon appropriation for the administrative expenses of the fund, not to exceed 5% of the overall revenue annually deposited in the fund, except as specified. The bill would also make conforming changes. This bill contains other related provisions and other existing laws.

**Summary:** Would authorize the State Water Resources Control Board to order a public water system to monitor for perfluoroalkyl substances and polyfluoroalkyl substances. The bill would require a community water system or a nontransient noncommunity water system, upon a detection of these substances, to report that detection, as specified. The bill would require a community water system or a nontransient noncommunity water system where a detected level of these substances exceeds the response level to take a water source where the detected levels exceed the response level out of use or provide a prescribed public notification.

**Summary:** Current law establishes in the Natural Resources Agency the Department of Water Resources, which is under the control of the Director of Water Resources. Current law requires specified plans and reports relating to water management to be provided to the department. This bill would require the department to impose a civil penalty on an entity that fails to file with the department a specified report or plan by the deadline required for that particular report or plan, as provided. The bill would authorize the department to reduce or waive the civil penalty under certain circumstances.

**Summary:** Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines "local agency" for these purposes as every city, county, city and county, and district, including school districts of any kind or class, empowered to acquire and hold real property. This bill would expand the definition of "local agency" to include sewer, water, utility, and local and regional park districts, joint powers authorities, successor agencies to former redevelopment agencies, housing authorities, and other political subdivisions of this state and any instrumentality thereof that is empowered to acquire and hold real property, thereby requiring these entities to comply with these requirements for the disposal of surplus land. The bill would specify that the term "district" includes all districts within the state, and that this change is declaratory of existing law.

**Summary:** Would require a local government by September 1, 2020, and annually thereafter, to submit a written report to the State Controller's office on how it plans to spend any of its budget reserves, as defined, on specified priorities over a 5-year fiscal period, including, among others, mental and behavioral health services and affordable housing. The bill would provide this reporting requirement only applies to a local government if the local government's budget reserve in the immediately preceding fiscal year was in excess of 30 percent of the total expenditures of the local government in that fiscal year.

**Summary:** Current state law regulates the discharge of air pollutants into the atmosphere. The Porter-Cologne Water Quality Control Act regulates the discharge of pollutants into the waters of the state. The California Safe Drinking Water Act establishes standards for drinking water and regulates drinking water systems. The California Endangered Species Act requires the Fish and Game Commission to establish a list of endangered species and a list of threatened species, and generally prohibits the taking of those species. This bill would require specified agencies to take prescribed actions regarding certain federal requirements and standards pertaining to air, water, and protected species, as specified.

**Summary:** Would declare, except in compliance with the bill's provisions, that the discharge of treated wastewater from ocean outfalls is a waste and unreasonable use of water. The bill would require each wastewater treatment facility that discharges through an ocean outfall and affiliated water suppliers to reduce the facility's annual flow as compared to the average annual wastewater discharge baseline volume, as prescribed, by at least 50% on or before January 1, 2030, and by at least 95% on or before January 1, 2040. The bill would subject the owner or operator of a wastewater treatment facility, as well as the affiliated water suppliers, to a civil penalty of \$2,000 per acre-foot of water above the required reduction in overall volume

discharge for the failure to meet these deadlines.

| 1st House |        |        |       | 2nd House |        |        |       |             |          |        |           |

**Summary:** Current law, for taxable years beginning on or after January 1, 2014, and before January 1, 2019, excludes from gross income under both laws any amount received as a rebate, voucher, or other financial incentive issued by a local water agency or supplier for participation in a turf removal water conservation program. Current law limits the collection and use of taxpayer information and provides that any unauthorized use of this information is punishable as a misdemeanor. This bill would extend the operative date of the provisions excluding from gross income specified amounts received in a turf removal water conservation program to taxable years beginning before January 1, 2024.

ACWA: Favor

CMUA: Support

RWA: Support

Bill Digest: Would provide tax exemptions for residential and business customers who receive rebates, vouchers or other financial incentives from us for water conservation or storm water capture projects.

**Summary/Background:** This bill would exclude any amount received as a rebate, voucher or other financial incentive issued by a local water agency or supplier for expenses incurred to participate in a water efficiency or storm water improvement program from gross income for individuals and corporations.

This continued incentive will encourage future participation in these programs with the end goal of increasing water efficiency and improving storm water management in California.

**Position Recommendation:** Support

Consumer rebate programs not only allow public utilities to save money while building resilience, they can also help to stimulate our local economy and have a profound collective impact upon environmental and energy sustainability. In record precipitation years, like this year, it is very difficult to maintain a compelling water efficiency message and garner support. The rebate program provides much needed incentive to conserve regardless of our water supply condition. Reducing that financial incentive by making rebates taxable income would be a major disincentive for customer participation and will undermine the success of our program.

**Summary:** Would establish the Lithium-Ion Battery Recycling Program in the Department of Resources Recycling and Recovery. The bill would require a covered entity, as defined, on or before March 1, 2021, to provide a list of covered products that it sells or offers for sale in the state to the department and the total number of each covered product it sold in the state during the prior year, and to update those lists annually. The bill would define "covered product" to mean a lithium-ion battery sold separately or sold with a product, or a product containing a lithium-ion battery or battery pack that is not designed to be removed from the product by a consumer.

Rethink Waste (Co-Sponsor)

Bill Digest: AB 1509 would prevent lithium-ion batteries from being improperly disposed of in the waste stream by creating a recycling program for both loose lithium-ion (Li-ion) batteries and ones embedded in products. Segregating them from our waste stream will significantly reduce the fire and safety risks these batteries impose.

Summary/Background: Li-ion batteries are lightweight, rechargeable batteries that store high levels of energy in relation to their size. Their high energy density allows them to power portable electronic devices, such as cell phones, tablets, laptops, toys and power tools.

While lithium's lightness and reactivity make it great for storing high levels of energy in small units, it also makes these batteries extremely dangerous when mishandled. When Li-ion batteries come into contact with metal, or are crushed, punctured, or dropped, the batteries can cause a fire or explosion.

Fire Rover reported in 2017 that more than 1,700 fire incidents occur annually from Li-ion batteries at US and Canadian MRFs. This estimate is likely low estimate, as many smaller fire incidents go unreported daily.

**Position Recommendation: Support**

Roseville supports AB 1509 because, when improperly disposed of, these batteries pose a serious fire, health, and safety hazard. In fact, several years ago, we experienced a truck fire that we believe was ignited by batteries. The increased rate of consumption has led to higher levels of batteries that improperly end up in the waste stream, resulting in fires in material recovery facilities (MRFs), transfer stations, waste collection trucks, and landfills. These fires can cause immense damage to a cities' waste collection and processing vehicles, equipment, and facilities while also endangering the lives of their workers.

CMUA-Eastern: Sponsors

ACWA: Support

RWA: Support

Bill Digest: SB 414 would create the Small System Water Authority Act of 2018. The bill would establish criteria for the consolidation of water of systems not meeting drinking water standards. In doing so, it would help to prevent propping up systems who cannot consistently meet state and federal drinking water standards.

Summary/Background: There are approximately 329 systems in the State of California chronically serving contaminated water or cannot provide reliable water service due to unsound infrastructure/operations. A majority are very small systems and that have small rate bases and lack the technical, financial, and managerial expertise to implement complex solutions. Additionally, many of these systems are in disadvantaged communities.

Position Recommendation: Support

SB 414 and SB 669 are considered to be a package that provides the State Water Board with a comprehensive solution to address the critical situation facing hundreds of thousands of Californians, without placing a tax on each one of our customer meters.

Approximately \$554,294 would be collected annually from our customers and our own connections and sent to the state. The proposed water tax would only allow us to keep from \$11,000 to \$22,000 in administrative fees. The potential annual costs to the City/EU have been estimated to potentially exceed \$100,000/annually.

**Summary:** The Lead-Acid Battery Recycling Act of 2016 requires, until March 31, 2022, a manufacturer battery fee of \$1 to be imposed on a manufacturer of lead-acid batteries for each lead-acid battery it sells at retail to a person in California, or that it sells to a dealer, wholesaler, distributor, or other person for retail sale in California. The act requires the manufacturer battery fee to be paid to the California Department of Tax and Fee Administration and requires dealers and manufacturers of lead-acid batteries to register with the department. The act defines "manufacturer" for these purposes. This bill would, on and after April 1, 2022, increase the amount of the manufacturer battery fee to \$2 and would provide that the fee would continue indefinitely.

**Summary:** The Used Mattress Recovery and Recycling Act, administered by the Department of Resources Recycling and Recovery, authorizes a mattress recycling organization to be established by a qualified industry association to develop, implement, and administer a mattress recycling program in the state. The act requires the organization to develop and submit to the department for approval a plan, including a budget to implement the plan, for the recovery and recycling of used mattresses. This bill would revise and recast provisions of the act, including requiring the organization to review the plan and determine whether amendments to the plan are necessary every 5 years.

**Summary:** Current law authorizes certain joint powers authorities, upon application by a local agency that owns and operates a publicly owned utility, defined to mean certain utilities furnishing water service to not less than 25,000 customers, to issue rate reduction bonds to finance utility projects, as defined, subject to certain requirements. Under current law, these rate reduction bonds are secured by a pledge of utility project property, and the joint powers authority issuing the bonds may impose on, and collect from, customers of the publicly owned utility a utility project charge to finance the bonds, as provided. Current law requires the California Pollution Control Financing Authority, among other things, to review each issuance of rate reduction bonds issued under these provisions and to submit an annual report to the Legislature containing specified information on its activities under these provisions for the preceding year. This bill would expand the definition of a publicly owned utility for these purposes to include certain utilities furnishing wastewater service to not less than 25,000 customers and would authorize an authority to issue rate reduction bonds to finance or refinance water or wastewater utility projects, as specified.

**Summary:** Current law requires the of Water Resources to adopt, by regulation, a schedule of fees to cover the department's reasonable regulatory costs in carrying out the supervision of dam safety, which may include, but is not limited to, the costs of reviewing an inundation map, the amounts necessary to repay budgetary loans, and a prudent reserve. Existing law requires that a penalty plus interest, as set forth in existing law, be imposed for fees received after July 1 in any year. This bill would instead authorize that a penalty plus interest may be imposed for fees received more than 30 days after the July 1 required date of payment in any year.

**Summary:** For certain flood control projects authorized on or after January 1, 2002, or for which specified findings have been made on or after that date, the act requires the state to pay 50% of specified nonfederal costs. Current law authorizes the state to pay up to 70% of nonfederal costs upon the recommendation of the Department of Water Resources or the Central Valley Flood Protection Board if either entity determines that the project will advance one of several objectives. Those objectives include developing or enhancing certain recreational opportunities. This bill would, for purposes of eligibility for increasing the state share of those nonfederal costs to 70%, include in those recreational opportunities outdoor recreational areas, sports complexes, and musical venues.

**Summary:** The California Safe Drinking Water Act requires the State Water Resources Control Board, before

ordering consolidation or extension of service, to, among other things, make a finding that consolidation of the receiving water system and subsumed water system or extension of service to the subsumed water system is appropriate and technically and economically feasible. This bill would modify the provision that authorizes consolidation or extension of service if a disadvantaged community is reliant on a domestic well described above to instead authorize consolidation or extension of service if a disadvantaged community, in whole or in part, is reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water.

**Summary:** Current law requires the Department of Water Resources to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as The California Water Plan. his bill would require the department, on or before

December 31, 2023, with updates every 5 years thereafter, to identify water storage facilities vulnerable to climate change impacts and the mitigation strategies for anticipated adverse impacts, as provided.

**Summary:** The Davis-Stirling Common Interest Development Act, governs the management and operation of common interest developments. Current law prohibits the governing document of a common interest development from prohibiting the rental or leasing of any separate interest in the common interest

development, unless that governing document was effective prior to the date the owner acquired title to their separate interest. This bill would make void and unenforceable any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development, and any provision of a governing document, that effectively prohibits or unreasonably restricts the construction or use of an accessory dwelling unit or junior accessory dwelling unit on a lot zoned for single-family residential use that meets the above-described minimum standards established for those units.

**Summary:** Current law requires the Department of Water Resources to adopt, by regulation, a schedule of fees to cover the department's costs in carrying out the supervision of dam safety. Existing law limits the total annual fee for a dam or reservoir located on a farm or ranch property or a privately owned dam with less than 100 acre-feet of storage capacity to no more than 20% of the fees assessed pursuant to the schedule of fees. This bill would limit the total annual fee for a dam operated by certain irrigation districts to no more than 20% of the fees assessed pursuant to the schedule of fees.

**Summary:** Current law requires the Department of Water Resources to adopt, by regulation, a schedule of fees to cover the department's costs in carrying out the supervision of dam safety. Current law excludes certain obstructions from being considered a dam, including a barrier not across a stream channel, watercourse, or natural drainage area and that has the principal purpose of impounding water for agricultural use. This bill would specify that a structure owned or operated by a public entity may have the principal purpose of impounding water for agricultural use for the purposes of an exclusion from being considered a dam, provided the structure is no greater than 20 feet in height.

**Summary:** The California Integrated Waste Management Act of 1989, defines “biomass conversion” to mean the production of heat, fuels, or electricity by the controlled combustion of, or the use of other noncombustion thermal conversion technologies on, specified materials when separated from other solid waste. This bill would revise that definition of “biomass conversion” and would define “biomass” for purposes of the act. The bill would also update cross references to those definitions.

**Summary:** Current law requires a city, county, or regional agency to submit an annual report to the Department of Resources Recycling and Recovery summarizing its progress in reducing solid and household hazardous waste. Current law requires the department to review a jurisdiction's compliance with the diversion requirements every 2 or 4 years, as specified, and requires the department to issue an order of compliance if the department finds, after considering specified factors, the jurisdiction failed to make a good faith effort to implement its source reduction and recycling element or household hazardous waste element. This bill would require the department to consider whether the jurisdiction has implemented a dual stream recycling program, as defined, when considering if the jurisdiction has made a good faith effort to implement its source reduction and recycling element or household hazardous waste element.

**Summary:** Current law requires the Natural Resources Agency to update every 3 years the state's climate adaptation strategy, known as the Safeguarding California Plan, to identify vulnerabilities to climate change by sectors and priority actions needed to reduce the risks in those sectors. This bill would require the Secretary of the Natural Resources Agency, on or before July 1, 2021, to review the plan and develop a strategic resiliency framework, as specified. The bill would require the secretary to coordinate with the Insurance Commissioner on developing policies for industry to provide reduced premiums for projects and development that improve resiliency, consistent with the framework.

**Summary:** The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. This bill would instead require a local agency to designate these areas based on

the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety.

**Summary:** Existing law prescribes the instruments and criteria by which a local agency, as defined, may invest and deposit its funds, including its surplus funds. This bill would, commencing January 1, 2020, authorize a local agency to invest and deposit the agency's surplus funds in deposits at specified types of financial institutions whether those investments are certificates of deposit or another form, and would increase the percentage of the local agency's funds that can be invested to 50%. The bill would make additional conforming changes.

**Summary:** Would require a water replenishment district to offer to conduct a needs assessment program for water systems serving disadvantaged communities within the district, as specified. The bill would make a water system's participation in the program voluntary. The bill would require the district, upon completion of the needs assessment, to develop and evaluate options to address the findings and recommendations in the needs assessment and prepare an implementation plan for recommendation to the water system.

**Summary:** Would require the Department of Food and Agriculture, upon appropriation by the Legislature of additional funds for the State Water Efficiency and Enhancement Program, to administer the program in accordance with specified requirements. The bill would require the secretary to adopt guidelines to be used in awarding funds under the program and to update those guidelines for each grant cycle. Before updating the guidelines, the bill would require the secretary to convene an advisory committee and the Scientific Advisory Panel to inform the development of the guidelines and application process in order to improve specified aspects of the program.

**Summary:** Current law, commencing January 1, 2018, authorizes every operator to supply an electronic positive response through the regional notification center before the legal excavation start date and time, and requires the regional notification center to make those responses available to the excavator. Current law defines "electronic positive response," for these purposes, to mean an electronic response from an operator to the regional notification center providing the status of an operator's statutorily required response to a ticket. This bill would, instead, on and after January 1, 2021, require every operator to supply an electronic positive response through the regional notification center before the legal excavation start date and time, and would require the board, on or before January 1, 2021, to adopt regulations to implement this requirement.

**Summary:** The California Safe Drinking Water Act requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. Current law requires, on or before January 1, 2020, the state board to adopt standards for backflow protection and cross-connection control through the adoption of a policy handbook, as specified. This bill would require that handbook to include provisions for the use of a swivel or changeover device to supply potable water to a dual-plumbed system during an interruption in recycled water service.

**Summary:** This bill would require the Strategic Growth Council, until July 31, 2025, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency to a disadvantaged community, as defined, and for other specified purposes, including the initiation of an action, as defined, that is limited to service providers serving a disadvantaged community and is based on determinations found in the study, as approved by the commission. The bill would specify application submission, reimbursement, and reporting requirements for a local agency formation commission to receive grants pursuant to the bill. The bill would require the council, after consulting with the California Association of Local Agency Formation Commissions, to develop and adopt guidelines, timelines, and application and reporting criteria for development and implementation of the program, as specified, and would exempt these guidelines, timelines, and criteria from the rulemaking provisions of the Administrative Procedure Act. The bill would make the grant program subject to an appropriation for the program in the annual Budget Act, and would repeal these provisions on January 1, 2026. This bill contains other existing laws.

**Summary:** The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the housing element to contain an inventory of land suitable for residential development, as defined, and requires that inventory to be used to identify sites that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction's share of the regional housing need for all income levels. This bill would also require the housing element to contain an inventory of land owned by the city or county that is in excess of its foreseeable needs.

**Summary:** Current law requires the owner or operator of certain aboveground storage tanks to file with the statewide information management system a tank facility statement that includes specified information. Current law provides that an owner or operator that submits a business plan to the statewide information management system and that complies with other specified law satisfies the requirement to file a tank facility statement. This bill would require a business with a facility that is not required to submit tier II information pursuant to a specified mentioned federal provision and is not subject to the provisions governing those aboveground storage tanks to submit its business plan once every three years, instead of annually.

**Summary:** Current law requires a person who operates a nonexempt wastewater treatment plant to possess a valid, unexpired wastewater certificate or water treatment operator certificate of the appropriate grade. This bill, when applying for certification by the board as a water treatment operator, distribution system operator, or wastewater operator, would require operators of complex industrial facilities, including members of the military and military service veterans, to receive appropriate equivalent experience credit and education credit for work and tasks performed that are directly related to the operation of water or wastewater facilities, as specified.

**Summary:** The federal Hazardous Waste Electronic Manifest Establishment Act requires the United States Environmental Protection Agency (EPA) to establish a national electronic manifest system. Under its regulatory authority under the federal act, the EPA has adopted regulations implementing the electronic manifest system and authorizes the use of an electronic manifest for the transportation of hazardous waste. The federal act requires states with authorized hazardous waste manifest programs to conform to those regulations implementing the electronic manifest system. This bill would make changes to the hazardous waste control law to conform the provisions of that law to the federal EPA regulations implementing the electronic manifest system, and would delete obsolete provisions.

**Summary:** Current law requires the Secretary for Environmental Protection, on or before January 1, 2002, to convene a Working Group on Environmental Justice composed of various representatives, as specified, to assist the California Environmental Protection Agency in developing by July 1, 2002, an agency wide environmental justice strategy. Current law requires the Office of Planning and Research to be the coordinating agency in state government for environmental justice programs. Current law requires the Director of State Planning and Research to consult with specified entities, including the Secretary for Environmental Protection. Current law defines "environmental justice" for these purposes. This bill would require the director to additionally consult with the Attorney General and the Bureau of Environmental Justice in the Environment Section of the Department of Justice.

**Summary:** Current law authorizes the State Water Resources Control Board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2019, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing consolidation with a public water system or state small water system, or to implement rates for the subsumed water system.

**Summary:** Current law requires the Division of Workers' Compensation to annually report to the Director of Industrial Relations the number of collective bargaining agreements received, the number of labor-management agreements received, and the number of employees covered by those agreements. Existing law also requires certain other related, but obsolete, reporting requirements, among other things, to biannually include updated loss experience with respect to aggregate data for employers participating in an alternative program established pursuant to these provisions, including, among other information, the projected incurred costs and actual costs of claims and the number of workers participating in vocational rehabilitation and light duty programs. This bill would make those reporting requirements to provide updated information apply to the collective bargaining agreements and labor management agreements described above, make the reporting requirements annual, rather than biannual, and delete obsolete provisions and cross-references.

**Summary:** Current law requires each wholesaler and retailer of treated wood and treated wood-like products to conspicuously post information that contains a specified message, including a certain internet website address at which more information can be found, at or near the point of display or customer selection of treated wood and treated wood-like products, as provided. Current law requires the wood preserving industry, as defined, to, jointly and in consultation with the Department of Toxic Substances Control, make information available to generators of treated wood waste that describes how to best handle, dispose of, and otherwise manage treated wood waste. Current law repeals these requirements on January 1, 2021. A violation of the hazardous waste control laws is a crime. This bill would delete the repeal provision, thereby extending the operation of those provisions indefinitely.

**Summary:** Current law requires the State Water Resources Control Board, no earlier than January 1, 2019, and no later than July 1, 2020, to adopt rules requiring urban retail water suppliers to meet performance standards for the volume of water losses. This bill would prohibit the board from issuing an information order, written notice, or conservation order to an urban retail water supplier that does not meet its urban water use objective if the board determines the urban retail water supplier is not meeting its urban water use objective solely because the volume of water loss exceeds the urban retail water supplier's standard for water loss and the board is taking enforcement action against the urban retail water supplier for not meeting the performance standards for the volume of water losses.

**Summary:** Current law requires the State Water Resources Control Board to establish uniform statewide recycling criteria for each varying type of use of recycled water where the use involves the protection of public health. Current law requires, on or before December 1, 2022, the state board, in consultation with specified state agencies, to adopt regulations for risk-based water quality standards for the onsite treatment and reuse of nonpotable water, as provided. This bill would require the state board, on or before December 1 2021, to convene a prescribed study group to advise the Legislature on policies regarding the onsite reuse of process water in breweries and wineries.

**Summary:** The Elder California Pipeline Safety Act of 1981 requires the State Fire Marshal to administer provisions regulating the inspection of intrastate pipelines that transport hazardous liquids. The act requires a pipeline operator to make available to the State Fire Marshal, or any officers or employees authorized by the State Fire Marshal, upon presentation of appropriate credentials, any records, maps, or written procedures that are required by the act to be kept by the pipeline operator and which concern accident reporting, design, construction, testing, or operation and maintenance. This bill would revise and recast specified provisions and would authorize the State Fire Marshal, for purposes of carrying out the requirements of state or federal law relating to hazardous liquid pipeline safety, to require the owner or operator of a pipeline to establish and maintain records, make reports, and provide any information that the State Fire Marshal reasonably requires, as provided.

**Summary:** Current law requires the State Air Resources Board, in consultation with the Bureau of Automotive Repair and a specified review committee, to adopt regulations requiring owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive emissions of smoke. Current law requires the state board, in consultation with the State Energy Resources Conservation and Development Commission, to adopt regulations requiring heavy-duty diesel motor vehicles to use emission control equipment and alternative fuels. This bill would require the state board, in consultation with the bureau and other specified entities, to implement a pilot program that develops and demonstrates technologies that show potential for readily bringing heavy-duty vehicles into an inspection and maintenance program.

**Summary:** Current law establishes the Carl Moyer Memorial Air Quality Standards Attainment Program, which is administered by the State Air Resources Board. The program authorizes the state board to provide grants to offset the incremental cost of eligible projects that reduce emissions from covered vehicular sources. The program also authorizes funding for a fueling infrastructure demonstration program and for technology development efforts that are expected to result in commercially available technologies in the near-term that would improve the ability of the program to achieve its goals. This bill, until January 1, 2025, would add as an eligible project under the program a used heavy-duty truck exchange, as specified.

**Summary:** Would, upon appropriation by the Legislature, require the National Resources Agency to develop and implement a watershed restoration grant program, as provided, for purposes of awarding grants to eligible counties, as defined, to assist them with watershed restoration on watersheds that have been affected by wildfire, as specified. The bill would require an eligible county receiving funds pursuant to the grant program to submit annually to the agency a report regarding projects funded by the grant program, as provided.

**Summary:** Current law prohibits the state or a regional or local public agency from denying a bona fide transferor of water from using a water conveyance facility that has unused capacity for the period of time for which that capacity is available, if fair compensation is paid for that use and other requirements are met. This bill would, notwithstanding that provision, prohibit a transferor of water from using a water conveyance facility that has unused capacity to transfer water from a groundwater basin underlying desert lands, as defined, that is in the vicinity of specified federal lands or state lands to outside of the groundwater basin unless the State Lands Commission, in consultation with the Department of Fish and Wildlife and the Department of Water Resources, finds that the transfer of the water will not adversely affect the natural or cultural resources of those federal or state lands, as provided.

**Summary:** The Housing Accountability Act requires a local agency that proposes to disapprove a housing development project that complies with applicable, objective general plan and zoning standards and criteria that were in effect at the time the application was deemed to be complete, or to approve it on the condition that it be developed at a lower density, to base its decision upon written findings supported by substantial evidence on the record that specified conditions exist, and places the burden of proof on the local agency to that effect. The act requires a court to impose a fine on a local agency under certain circumstances and requires that the fine be at least \$10,000 per housing unit in the housing development project on the date the application was deemed complete. This bill would, until January 1, 2025, specify that an application is deemed complete for these purposes if a preliminary application was submitted, as specified.

**Summary:** Current law creates the Transformative Climate Communities Program, which is administered by the Strategic Growth Council. Current law requires the council to award competitive grants to specified eligible entities for the development and implementation of neighborhood-level transformative climate community plans that include greenhouse gas emissions reduction projects that provide local economic, environmental, and health benefits to disadvantaged communities, as defined. This bill would require the council to consider applications for projects undertaken in unincorporated areas of a county.

**Summary:** Current law requires the Department of Toxic Substances Control to adopt regulations that establish a process for evaluating chemicals of concern in priority products, and their potential alternatives, to determine how best to limit exposure to or to reduce the level of hazard posed by chemicals of concern, as specified. Regulations adopted by the department require a responsible entity, defined to mean a manufacturer, importer, assembler, or retailer, for a priority product to conduct an analysis of alternatives for the priority product. Current law requires the department's regulations to specify the range of regulatory responses that the department may take following the completion of the analysis of alternatives. This bill would authorize the department, in lieu of requiring the analysis of alternatives, following public notice and an opportunity for all interested parties to comment, to instead rely on all or part of one or more publicly available analyses of alternatives to the chemical of concern under consideration, in existence at the time of consideration, and to proceed directly to a regulatory response, as provided.

**Summary:** Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including gas corporations. Existing law authorizes the commission to fix the rates and charges for every public utility and requires that those rates and charges be just and reasonable. Existing law requires the commission to adopt policies and programs that promote the in-state production and distribution of biomethane, as defined, and that facilitate the development of a variety of sources of in-state biomethane. This bill would require the Public Utilities Commission to extend the program until December 31, 2026. This bill contains other related provisions and other existing laws.

**Summary:** Would require, to the extent an appropriation is made for these purposes, the Department of Water Resources' California snow survey program to conduct aerial surveys of the snowpack in the Trinity Alps and Sierra Nevada Mountains, including hydrologic areas that drain or supply water to certain major reservoirs and lakes. The bill would require the department to collect the aerial survey data up to 10 times per year in each hydrologic area and to summarize and make publicly available the data obtained and digital products used to produce runoff forecasts, as specified.

**Summary:** Current law, until January 1, 2018, required the Attorney General to represent the Department of Finance and to succeed to all rights, claims, powers, and entitlements of the Electricity Oversight Board in any litigation or settlement to obtain ratepayer recovery for the effects of the 2000–02 energy crisis. Existing law, until January 1, 2018, additionally prohibited the Attorney General from expending the proceeds of any settlements of those claims, except as specified. This bill would require the Attorney General to represent the Department of Finance and to succeed to all rights, claims, powers, and entitlements of the Electricity Oversight Board in any litigation or settlement to obtain ratepayer recovery for the effects of the 2000–02 energy crisis.

**Summary:** Current law establishes the Underground Storage Tank Cleanup Fund and authorizes the State Water Resources Control Board to expend moneys in the fund for certain purposes, including for transfer to the Site Cleanup Subaccount, as provided. Current law authorizes the board to expend funds in the subaccount, upon appropriation by the Legislature, for certain purposes. This bill would additionally authorize the board to expend moneys in the subaccount to water replenishment districts for reasonable and necessary costs incurred to identify the source of surface or groundwater contamination, or to water replenishment districts, under the direction of the board, a regional board, a local agency, or another appropriate regulatory agency with authority over surface or groundwater cleanup oversight, for the specified remediation costs.

| 1st House |        |        |       | 2nd House |        |        |       |             |          |        |           |

**Summary:** The Mitigation Fee Act, among other things, requires fees for water or sewer connections, or capacity charges imposed by a local agency to not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the reasonable cost of providing the service or materials is submitted to and approved by 2/3 of the electors voting on the issue. The Mitigation Fee Act defines the term "fee" for these purposes. This bill would revise the definition of "fee" to mean a fee for the physical facilities necessary to make a water connection or sewer connection, and that the estimated reasonable cost of labor and materials for installation of those facilities bears a fair or reasonable relationship to the payer's burdens on, or benefits received from, the water connection or sewer connection.

## CITY COUNCIL Law & Regulation Committee

CC #: 0143

File #: 0103-32-02

**Title:** Priority Legislation - June 2019

**Contact:** Mark Wolinski 916-774-5179 mwolinski@roseville.ca.us

**Meeting Date:** 6/26/2019

**Item #:** 6.3.

### RECOMMENDATION TO COUNCIL

As the legislative session progresses, staff will continue to bring the full list of priority bills to the L&R Committee to provide updates and to receive the Committee's input on bills of particular importance.

### BACKGROUND

Staff continues to focus on identifying bills that would impact local control, would have implications to both land use and housing, and that would require the City to provide a service or benefit without appropriate and full funding. Unfunded mandates negatively impact City revenues including the General Fund, enterprise funds, and sales or property taxes.

The following bills represent several of the critical issues that are of specific concern to various City departments:

#### Housing

• **SB 50 (Weiner) – Housing (Watch)** - This bill would authorize a development proponent of a neighborhood multifamily project or eligible transit-oriented development (TOD) project located on an eligible parcel to submit an application for a streamlined, ministerial approval process that is not subject to a conditional-use permit.

*Staff Comment: SB 50 would have circumvented local land-use authority pertaining to mid-rise apartments around public transit. Staff has been very engaged on this bill and has provided comments and suggested amendment language on sections of the bill that were troubling. The last set of amendments taken on the bill removed counties with populations of 300,000 or less from needing to comply with the bill. Staff's initial reading of the amendments was that Roseville would no longer need to comply with the bill. However, after a more complete review of the bill staff understands that Roseville would still need to comply since cities with populations of 50,000 or greater, in a county with 300,000 people or less, would be required to comply with the new requirements proposed by the bill.*

*Earlier this month, this bill, along with other related bills, were placed on hold until 2020. In*

*essence, the bill has become a 2-year bill, which raises many questions for the governor who pledged to build 3.5 million new units of housing by 2025 to help ease the state's increasing rents and home prices. While the governor had not publicly supported SB 50, the bill was a key component of the governor's comprehensive housing package. Staff will continue to monitoring any new developments with the bill and any attempt to place language from SB 50 in a current bill or in budget trailer bills.*

#### Public Safety

• **AB 392 (Weber) Peace Officers: Deadly Force (Watch)** – This bill would redefine the circumstances under which a homicide by a peace officer is deemed justifiable to include when the officer reasonably believes, based on the totality of the circumstances, that deadly force is necessary to defend against an imminent threat of death or serious bodily injury to the officer or to another person, or to apprehend a fleeing person for a felony that threatened or resulted in death or serious bodily injury.

*Staff Comment: Staff has been monitoring both AB 392 and SB 230 very closely over the past several months to track amendments and testimony taken on the bills during committee hearings. Last month, a statewide coalition of law-enforcement organizations agreed to major amendments to AB 392. The amendments significantly altered the bill from its original form, allowing every major law enforcement association that has been involved in the negotiations to take a neutral position on the bill. The primary concern with the initial bill language was with the definition of “necessary” that required officers to exhaust all reasonable alternatives before using deadly force and eroded an officer's right to self-defense – this definition has been removed. As amended, AB 392 limits the use of deadly force to “only when the officer reasonably believes, based on the totality of the circumstances, that such force is necessary” and is defined by two very specific reasons within the bill. The defined reasons are consistent with current federal and state case law.*

*Although the law enforcement coalition were not able to get all amendments they were seeking into the bill, the coalition agreed the amendments safeguard a peace officers' ability to protect communities without facing potential criminal charges stemming from courts second-guessing fatal split-second decisions by officers. Throughout the negotiations, the Governor and his staff, along with Pro Tem Senator Toni Atkins and her staff, were essential to resolving this debate. Staff will continue to track AB 392 closely as it moves through committee and floor votes in the senate.*

• **SB 230 (Caballero) Law Enforcement: Use of Deadly Force: Training: Policies (Support)** - This bill will require each law-enforcement agency to maintain a policy that provides guidelines on the use of force and to make their use-of-force policy accessible to the public. Requires the Commission on Peace Officer Standards and Training to implement courses of instruction for the regular and periodic training of law enforcement officers in the use of force.

*Staff Comment: SB 230 takes a comprehensive approach in addressing law-enforcement officers' involvement in serious use-of-force incidents and defines measures to effectively implement the changes being proposed in AB 392. The bill would 1) require all law-enforcement agencies to maintain a use-of-force policy that provides guidelines on topics including, but not limited to utilizing de-escalation techniques, alternatives to deadly force when feasible, specific guidelines for the application of deadly force, rendering medical aid and dealing with vulnerable populations, among other things; 2) require each agency to make*

their use-of-force policy accessible to the public; and 3) standardize use-of-force training and education for officers across the state, through both coursework and uniform minimum guidelines on use-of-force developed by the Commission on Police Office Standards and Training. Staff will continue to stay engaged in this bill to understand the implications for the city's police department and if the bill identifies any funding sources to help implement the new training programs required if the bill is signed into law.

#### Transportation

• **AB 252 (Daly) Department of Transportation: Environmental Review Subsidies**

**(Support)** - This bill would indefinitely extend existing law which provides that the state consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of the responsibilities it assumed as a participant in the federal surface-transportation project-delivery program.

*Staff Comment: The City is supporting this bill because it would repeal the sunset date for the State of California's limited waiver of sovereign immunity, which is necessary to allow the California Department of Transportation (Caltrans) to continue its assumption of National Environmental Policy Act (NEPA) responsibilities. The NEPA assignment program has allowed Caltrans to achieve time savings in preparing and approving both routine environmental documents as well as full Environmental Impact Statements that require regulatory coordination with federal agencies. In addition to expediting state projects undertaken by Caltrans, these improvements facilitate the completion of local projects that include federal funding and require NEPA review.to understand how it would attempt to modernize and restructure the state's tax system and realign the state's current tax code with the State's 21st century economy.*

• **SB 137 (Dodd) Federal Transportation Funds: State Exchange Programs (Support)** -

This bill would authorize the Department of Transportation to allow federal transportation funds that are allocated as local assistance to be exchanged for Road Maintenance and Rehabilitation Program funds appropriated by the department.

*Staff Comment: The City is supporting this bill because it would reduce duplicative federal transportation permitting and environmental review by authorizing the expansion of the State's existing program to exchange federal surface-transportation revenues for state transportation revenues, referred to as the Match-Exchange Program.*

*SB 137 will allow the state, regions, cities and counties to reduce the cost of transportation projects and provide for more projects to be completed with the same amount of revenue by expanding the Match Exchange Program to regions over 200,000 in population and to other federal surface-transportation programs including, the Highway Safety Improvement Program, and local bridge projects.to understand how this new enforcement program would function, how local governments would interact with the process and the overall benefits that could be realized from the program.*

#### Other Areas

• **SB 12 (Beall) Mental Health Services: Youth (Support)** – This bill would require the Mental Health Services Oversight and Accountability Commission to administer an Integrated Youth Mental Health Program for purposes of establishing local centers to provide integrated youth mental-health services. Authorizes the Commission to establish the core components of the

program, subject to specified criteria and requires the commission to develop the selection criteria and process for awarding funding.

*Staff Comments: The City is supporting this bill for the benefits that would be derived by the establishment of Integrated Youth Mental Health Programs throughout the state. The programs would be carried out in centers that provide integrated mental health, substance use, physical health, social support, and other services for youths aged 12 to 25, and their families. With more than 75% of mental health issues developing before a person turns 25, early detection and treatment greatly improves the health of adolescents as they transition to adulthood. This bill takes proactive steps to reduce the number of underserved or unserved youth by bolstering the mental health/behavioral health treatment infrastructure for adolescents regardless of insurance or immigration status.*

• **SB 582 (Beall) Youth Mental Health and Substance Use Disorder (Support)** – This bill would require the Mental Health Services Oversight and Accountability Commission, when making grant funds available to allocate at least half of those funds to local education agency and mental health partnerships. Requires this funding to be made available to support prevention, early intervention, and direct services.

*Staff Comments: The City supports this bill as it would establishes the Investment in Mental Health Wellness Act of 2013 (IMHWA), which requires funds appropriated by the Legislature to be made available to specified entities to be used, among other things, for a complete continuum of crisis services for children and youth 21 years of age and under. In addition, the bill would require the Mental Health Services Oversight and Accountability Commission (MHSOAC) to allocate grant funds from the IMHWA for triage personnel, using specified criteria, to provide intensive case management and linkage to services, as specified, for individuals with mental health disorders at various access points, including schools. Both SB 12 and SB 582 are focused on providing much needed resources to address mental health issues in California's youth at a time in their lives that can have the greatest positive impact.*

• **SB 287 (Nielsen) Commission on State Mandates: Test Claims: (Support)** – This bill relates to the filing date on test claims for the Commission on State Mandates. Specifies that for purposes of filing a test claim based on the date of incurring increased costs, "within 12 months" means by June 30 of the fiscal year following the fiscal year in which increased costs were first incurred by the test claimant.

*Staff Comments: The City supports this bill as it would clarify the timeline for the submission of test claims to the Commission on State Mandates (COSM) to track with the fiscal year, thereby providing public agencies with sufficient time to adequately track associated costs and submit accurate test claims. In December 2017, the COSM approved amendments to California Code of Regulation, which reduced the filing period for test claims from the fiscal calendar year, ending June 30, to the calendar year, ending December 31. The COSM stated this change was necessary in order to align COSM regulations with the current government codes, which did not provide clear direction.*

*However, the revisions further narrowed the window of time for public agencies to submit a test claim to the COSM by six months, creating a substantial challenge for local agencies that intend to submit test claims to the COSM but did not have the resources to comply with such a strict timeline. SB 287 clarifies in the Government Code by plainly stating that the filing period deadline for mandate test claims is defined as June 30 of the fiscal year following the fiscal year in which increased costs were first incurred by the test claimant, thereby making it more*

*feasible for local agencies to consider and/or bring a test claim to the COSM.*

#### Conclusion

Government relations staff will continue to refine the active list of priority bills from the bills introduced this year. The priority list of bills establishes the City's legislative advocacy efforts and staff will continue to update the L&R Committee each month on the most critical bills on the list. Staff will also remain actively engaged in informing the City's state and federal representatives regarding the City's positions as the bills move through the legislative process.

#### FISCAL IMPACT

The costs of these activities are contained within the City's current budget.

#### ECONOMIC DEVELOPMENT / JOBS CREATED

The activities detailed in this report will not result in job development or creation.

#### ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The action of reviewing legislation meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Respectfully Submitted,

Mark Wolinski, Government Relations Administrator

Megan MacPherson, Public Affairs and Communications Director

| <b>Disposition:</b>      | Pending                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Location:</b>         | Senate Labor, Public Employment and Retirement Committee                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <b>Code Section:</b>     | An act to add Section 2750.3 to the Labor Code, relating to employment, and making an appropriation therefor.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <b>Summary:</b>          | States the intent of the Legislature to codify the decision in the case of Dynamex Operations West, Inc. v. Superior Court of Los Angeles and clarify its application. Provides that the factors of the ABC test be applied in order to determine the status of a worker as an employee or independent contractor for all provisions of the Labor Code and the Unemployment Insurance Code, unless another definition or specification of employee is provided.                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Digest:</b>           | This bill would state the intent of the Legislature to codify the decision in the Dynamex case and clarify its application. The bill would provide that the factors of the "ABC" test be applied in order to determine the status of a worker as an employee or independent contractor for all provisions of the Labor Code and the Unemployment Insurance Code, unless another definition or specification of "employee" is provided. The bill would exempt specified professions from these provisions and instead provide that the employment relationship test for those professions shall be governed by the test adopted in S. G. Borello & Sons, Inc. v. Department of Industrial Relations (1989) 48 Cal.3d 341 if certain requirements are met. These exempt professions would include licensed insurance agents, certain |

licensed health care professionals, registered securities broker-dealers or investment advisers, a direct sales salesperson, real estate licensees, workers providing hairstyling or barbering services, and those performing work under a contract for professional services. The bill would require the State Board of Barbering and Cosmetology to promulgate regulations for the development of a booth rental permit and a reasonable biennial fee upon workers providing specified hairstyling or barbering services, by no later than July 1, 2021.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Introduced:** 12/03/2018

**Last Amend:** 05/24/2019

**Status:** 06/13/2019 To SENATE Committee on LABOR, PUBLIC EMPLOYMENT AND RETIREMENT.

**Title:** [Income Taxes: Credits: Low Income Housing](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Housing Committee

**Code Section:** An act to amend Sections 12206, 17058, 17561, 23610.5, and 24692 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

**Summary:** Makes specified findings and declarations regarding the objectives, goals, and purposes of the expanded low income housing tax credit program. Requires the Legislative Analyst to review the effectiveness of this property tax assistance and authorizes the Legislative Analyst to collect specified data from the Franchise Tax Board and the California Tax Credit Allocation Committee.

**Digest:** This bill, under the law governing the taxation of insurers, the Personal Income Tax Law, and the Corporation Tax Law, for the 2020 to 2024

calendar years, inclusive, would increase the aggregate housing credit dollar amount that may be allocated among low-income housing projects by an additional \$500,000,000, as specified, and would allocate to farmworker housing projects \$25,000,000 per year of that amount. The bill, under those laws, would modify the definition of applicable percentage relating to qualified low-income buildings to depend on whether the building is a new or existing building and federally subsidized, or a building that is, among other things, at least 15 years old, serving households of very low income or extremely low income, and will complete substantial rehabilitation, as specified.

This bill, with respect to the allocation of a credit pursuant to the Personal Income Tax Law, on or after January 1, 2020, would require that the housing sponsor demonstrate that it will invest an amount in the project at least equal to the amount of credit allocated to it.

This bill, for each taxable year beginning on or after January 1, 2020, and before January 1, 2025, would provide that the dollar limitation for the offset for rental real estate activities does not apply to the low-income housing tax credit program.

**Title:** [Gun Violence: Restraining Orders](#)

**Fiscal Committee:** no

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Public Safety Committee

**Hearing:** 06/18/2019 8:30 am, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Sections ~~1524~~, 18120, 18160, 18170, 18175, 18180, 18185, 18190, and 18197 of the Penal Code, relating to firearms.

**Summary:** Changes the duration and renewal of the gun violence restraining order. Requires a court, in determining the duration of the gun violence restraining order, to consider the length of time that the threat of personal injury is likely

to continue, and to issue the order based on that determination. Authorizes a person subject to such order to submit a request for a hearing to terminate the restraining order.

**Digest:** This bill would change the duration of the gun violence restraining order and the renewal of the gun violence restraining order from one year to a period of time between one to 5 years, subject to earlier termination or renewal by the court. The bill would require a court, in determining the duration of the gun violence restraining order, to consider the length of time that the threat of personal injury is likely to continue, and to issue the order based on that determination.

This bill would instead authorize a person subject to a gun violence restraining order to submit one written request per year for a hearing to terminate the restraining order. The bill would make conforming changes and other technical changes.

**Committee:** Senate Business, Professions & Economic Development Committee

**Hearing:** 06/17/2019, Room 3191

**Code Section:** An act to amend Section 12098.1 of, and to add ~~Section~~ [Sections](#) 12098.8 and 12098.9 to, the Government Code, relating to economic development.

**Summary:** Establishes a Deputy of Business and Workforce Coordination in the Office of Small Business Advocate. Requires the Office to collaborate and coordinate with specified entities to determine the extent to which existing workforce development efforts and programs address the labor needs of small businesses across industry sectors and regions in the state and to engage industry and business on ways to better align programs with regional and local labor market demand.

**Digest:** This bill would establish a Deputy of Business and Workforce Coordination in the Office of Small Business Advocate, to be appointed by the Director of the Governor's Office of Business and Economic Development. The bill

would require the Office of Small Business Advocate to collaborate and coordinate with specified entities to determine the extent to which existing workforce development efforts and programs address the labor needs of small businesses across industry sectors and regions in the state and to engage industry and business on ways to better align career technical education courses, workforce training programs, and pre-apprenticeship and apprenticeship programs with regional and local labor market demand. The bill would require the office to collaborate and coordinate with those specified entities to identify and advocate for the needs of small businesses relative to that alignment. The bill would require the office to include in its annual report information about its activities pursuant to the bill. The bill would make related legislative findings and declarations.

**Author:** [Wood \(D\)](#)

**Title:** [Fire Safety: Low-cost Retrofits](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Natural Resources and Water Committee

**Hearing:** 06/25/2019 9:30 am, Room 112

**Code Section:** [An act to add Section 1102.19 to the Civil Code, ~~to add Article 4.3 \(commencing with Section 8580\) to Chapter 7 of Division 1 of Title 2 of the Government Code,~~ and to add Division 33 \(commencing with Section 55500\) to the Health and Safety Code, \[and to add Section 4123.7 to the Public Resources Code,\]\(#\) relating to fire safety.](#)

**Summary:** Requires the Natural Resources Agency, by July 1, 2021, and in consultation with the State Fire Marshal and the Forest Management Task Force, to review the regional capacity of each county that contains a very high fire hazard severity zone to improve forest health, fire resilience, and safety, as specified. Requires the Natural Resources Agency to make the review publicly available on its internet website.

**Digest:** This bill would require the Natural Resources Agency, by July 1, 2021, and in consultation with the State Fire Marshal and the Forest Management Task Force, to review the regional capacity of each county that contains a very

high fire hazard severity zone to improve forest health, fire resilience, and safety, as specified. The bill would require the Natural Resources Agency to make the review publicly available on its internet website.

This bill would, on or after July 1, 2025, require a seller of a building in a very high fire hazard severity zone to provide to the buyer a certificate certifying that low-cost retrofits developed and listed by the State Fire Marshal have been undertaken on the building. The bill would require the State Fire Marshal, by July 1, 2025, to submit to the Legislature for approval the list of low-cost retrofits.

This bill would establish the Fire Hardened Homes Revolving Loan and Rebate Fund in the State Treasury, as specified. Moneys in the fund would be available, upon appropriation by the Legislature, to the California Statewide Communities Development Authority to provide financial assistance and rebates to owners of eligible buildings to pay for eligible costs of fire hardening, as specified. The bill would provide that financing under this program, along with other liens on the subject property, could not exceed 80% of the appraised value of the property. The bill would define terms for its purposes.

## 6. CA AB 43

**Author:** [Gloria \(D\)](#)

**Title:** [Mental Health](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Health Committee

**Hearing:** 06/19/2019 1:30 pm, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Sections 5813.5, 5830, 5845, 5847, and 5848 of, and to add Sections 5845.2 and 5845.3 to, the Welfare and Institutions Code, relating to mental health.

**Summary:** Requires the Mental Health Services Oversight and Accountability Commission to develop a strategy for the collection, organization, and public reporting of information on mental health funding, programs, services, and strategies funded by the Mental Health Services Act. Requires county

mental health plans to include certification that the county has undertaken a rigorous community planning process with meaningful stakeholder involvement.

**Digest:**

This bill would clarify that the planning process for innovative programs is to be completed in collaboration with stakeholders and is to comply with open meetings laws.

This bill would require the commission, in consultation with specified state, local, and private entities, to develop a strategy for the collection, organization, and public reporting of information on mental health funding, mental health programs, services, and strategies, funded by the Mental Health Services Act or other sources, and mental health outcomes, as specified. By authorizing a new use of MHSA moneys, this bill would amend the act. By requiring additional actions from local agencies, this bill would impose a state-mandated local program. The bill would require the commission to make the information available as prescribed to the public and policymakers. The bill would authorize the commission, subject to available funding, to develop an innovation challenge and utilize one or more hackathons, open coding initiatives, or other approaches to an effective strategy to collect, display, and make publicly available relevant information to support the intent of these provisions.

This bill would require the State Department of Health Care Services, the Department of Finance, the Controller, and any other state agency, to provide the commission with the information necessary to support the implementation of the reporting requirements. The bill would require an agency that cannot provide information to the commission as needed, to provide a written explanation to the commission and the relevant policy committees of the Senate and the Assembly explaining why the information cannot be provided and what authority, resources, or policy and practice changes are needed to accomplish the reporting goals. The bill would require the commission to make recommendations to the Governor and the Legislature relating to the adequacy of various reporting requirements.

This bill would require the 3-year plans to include certification by the county behavioral health director that the county has undertaken a rigorous community planning process with meaningful stakeholder involvement and would clarify that every meeting at which planning activities are undertaken for those plans is required to comply with open meeting laws. The bill would define the term "meaningful stakeholder involvement" for these purposes to include stakeholder input at all stages of the planning process, stakeholder training, training of county employees in involving stakeholders in the planning process, and the provision of services and incentives to promote stakeholder involvement, including, but not limited to, payment for transportation, childcare, and other payments or processes to promote access to direct participation in the planning process. By requiring new duties of the county behavioral health director, this bill would impose a state-mandated local program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Disposition:** Pending

**Committee:** Senate Housing Committee  
**Hearing:** 06/18/2019 1:30 pm, John L. Burton Hearing Room (4203)  
**Code Section:** An act to amend Sections 65852.2 and 65852.22 of the Government Code, relating to land use.  
**Summary:** Deletes the provision authorizing the imposition of standards on lot coverage and would prohibit an ordinance from imposing requirements on minimum lot size. Prohibits the imposition of those limitations if they do not permit at least an 800 square foot accessory dwelling unit that is at least 16 feet in height with 4-foot side and rear yard setbacks.  
**Digest:** This bill would delete the provision authorizing the imposition of standards on lot coverage and would prohibit an ordinance from imposing requirements on minimum lot size.

This bill would instead require a local agency to ministerially approve or deny a permit application for the creation of an accessory dwelling unit or junior accessory dwelling unit within 60 days from the date the local agency receives a completed application if there is an existing single-family or multifamily dwelling on the lot, and would authorize the permitting agency to delay acting on the permit application if the permit application is submitted with a permit application to create a new single-family or multifamily dwelling on the lot, as specified.

This bill would instead prohibit the imposition of those limitations if they do not permit at least an 800 square foot accessory dwelling unit that is at least 16 feet in height with 4-foot side and rear yard setbacks. This bill would additionally prohibit the imposition of limits on lot coverage, floor area ratio, open space, and minimum lot size if they prohibit the construction of an accessory dwelling unit meeting those specifications.

This bill would instead require ministerial approval of an application for a building permit within a residential or mixed-use zone to create one or more accessory dwelling units or junior accessory dwelling units depending on, among other things, whether the proposed or existing structure on the lot is a single-family dwelling or multifamily dwelling, subject to specified conditions and requirements.

This bill would instead authorize the department to submit written findings to a local agency as to whether the local ordinance complies with state law, would require the local agency to consider the department's findings and to amend its ordinance to comply with state law or adopt a resolution with specified findings. The bill would require the department to notify the Attorney General that the local agency is in violation of state law if the local agency does not amend its ordinance or adopt a resolution with specified findings.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Safe Drinking Water Restoration](#)

**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Environmental Quality Committee  
**Code Section:** An act to add Chapter 8 (commencing with Section 117200) to Part 12 of Division 104 of the Health and Safety Code, relating to drinking water.

**Summary:** Requires each regional engineer to arrange for a prescribed comprehensive assessment of each failed water system in the region of the drinking water regional office to be completed. Requires the board, upon adoption of an assessment of funding need, to convey to each regional engineer a list of at-risk water systems in that region and additional information. Requires the board by a specified date of each year to review the assessment of funding need and to prioritize the public water systems.

**Digest:** This bill would require, by January 1, 2021, the board, in consultation with local health officers and other relevant stakeholders, to make available a map of aquifers that are used or likely to be used as a source of drinking water that are at high risk of containing contaminants. The bill would require the board to make available to each regional engineer a map of high-risk areas in that region. For purposes of the map, the bill would require local health officers and other relevant local agencies to provide all results of, and data associated with, water quality testing performed by certified laboratories to the board, as specified. By imposing additional duties on local health officers and local agencies, the bill would impose a state-mandated local program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

## 12. CA AB 139

**Author:** [Quirk-Silva \(D\)](#)  
**Title:** [Emergency and Transitional Housing Act of 2019](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Housing Committee  
**Code Section:** An act to amend Sections ~~65400~~, 65583, 65584.04, 65584.06, ~~65585~~, and 65588 of the Government Code, relating to housing.  
**Summary:** Defines sufficient capacity for provisions requiring specified zones to include sufficient capacity to accommodate the need for emergency shelter. Authorizes a local government to apply a written objective standard that provides sufficient parking to accommodate the staff working in the emergency shelter. Requires the need for emergency shelter to be assessed based on certain factors. Requires housing distribution to be based on certain factors.  
**Digest:** This bill would define "sufficient capacity" for these purposes.  
  
This bill would instead authorize a local government to apply a written objective standard that provides sufficient parking to accommodate the staff working in the emergency shelter.  
  
This bill would require the need for emergency shelter to be assessed based on the number of shelter beds available on a year-round and seasonal basis, the number of beds that go unused on an average monthly basis, and the percentage of those in emergency shelters that move to permanent housing.  
  
This bill would additionally require each local government to review the effectiveness of the housing element goals, policies, and related actions to meet the community's special housing needs. By increasing the duties of local officials, this bill would impose a state-mandated local program.  
  
This bill would require that these factors include the housing needs of individual and families experiencing homelessness. By increasing the duties of local officials, this bill would impose a state-mandated local program.  
  
This bill would additionally require the distribution of housing need to be based on the needs of individuals and families experiencing homelessness.

By increasing the duties of local officials, this bill would impose a state-mandated local program.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Judiciary Committee  
**Hearing:** 06/25/2019 1:30 pm, Room 112  
**Code Section:** An act to amend Section 1747.08 of the Civil Code, and to add Chapter 5.8 (commencing with Section 42359) to Part 3 of Division 30 of the Public Resources Code, relating to solid waste.  
**Summary:** Requires a business, defined as a company that accepts payment through credit or debit transactions, subject to certain exceptions, to provide a proof of purchase to a consumer only at the consumer's option. Prohibits a business from printing a paper proof of purchase if the consumer opts to not receive a proof of purchase, unless otherwise required by state or federal law. Requires the proof of purchase to be provided in electronic form or paper form after a certain date.  
**Digest:** This bill, on and after January 1, 2022, would require a business, defined as a company that accepts payment through credit or debit transactions, subject to certain exceptions, to provide a proof of purchase to a consumer only at the consumer's option and would prohibit a business from printing a paper proof of purchase if the consumer opts to not receive a proof of purchase, unless otherwise required by state or federal law. The bill, on and after January 1, 2024, if a consumer opts to receive a proof of purchase, would require the proof of purchase to be provided in electronic form or paper form, at the consumer's option, unless a prescribed form is otherwise required by state or federal law. The bill would specify that the first and 2nd violations of any of those provisions would result in a notice of

violation and any subsequent violation would be punishable by a civil penalty of \$25 for each day the business is in violation, but not to exceed an annual total of \$300. The bill would authorize the Attorney General, a district attorney, or a city attorney to enforce those provisions.

This bill would exempt from that requirement a person, firm, partnership, association, or corporation that is a business, as would be defined pursuant to the above provisions, is requesting personal identification information that is necessary to provide the cardholder with a receipt in electronic form pursuant to the above provisions, and does not use the personal identification information for marketing purposes.

**Disposition:** Pending  
**Committee:** Senate Public Safety Committee  
**Hearing:** 06/18/2019 8:30 am, John L. Burton Hearing Room (4203)  
**Code Section:** An act to amend Section 29825 of the Penal Code, relating to firearms.  
**Summary:** Expands the scope of the crime of a prohibited person owning or possessing a firearm to a person who is prohibited from purchasing or possessing a firearm in any jurisdiction by a valid order issued by an out-of-state jurisdiction that is similar or equivalent to a temporary restraining order, injunction, or protective order issued in this state, and which includes a prohibition from owning or possessing a firearm.  
**Digest:** This bill would expand the scope of this crime to a person who is prohibited from purchasing or possessing a firearm in any jurisdiction by a valid order issued by an out-of-state jurisdiction that is similar or equivalent to a

temporary restraining order, injunction, or protective order issued in this state, and which includes a prohibition from owning or possessing a firearm. The bill would require the Attorney General to undertake the actions necessary to implement this provision to the extent the Legislature appropriates funds for this purpose. Because this bill would expand the scope of an existing crime, it would impose a state-mandated local program.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Introduced:** 01/07/2019

**Title:** [Local Government Finance: Property Tax: Vehicle Fee](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Governance and Finance Committee

**Code Section:** An act to amend Section 97.70 of the Revenue and Taxation Code, relating to local government finance.

**Summary:** Requires, for purposes of determining property tax revenue allocations, the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year and the product of the amount as so described and the percentage change from the prior fiscal year in gross taxable assessed valuation within the jurisdiction of the entity.

**Digest:** This bill, for the 2019-20 fiscal year, would instead require the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount in the 2018-19 fiscal year, the product of that sum and the percentage change in gross taxable assessed valuation within the jurisdiction of that entity between the 2018-19 fiscal year to the 2018-19 fiscal year, and the product of the amount of specified motor vehicle license fee revenues that the Controller allocated to the applicable city in July 2010 and 1.17. This bill, for the 2020-21 fiscal year, and for each fiscal year thereafter, would require the vehicle license fee adjustment amount to be the sum of the vehicle license fee adjustment amount for the prior fiscal year and the product of the amount as so described and the percentage change from the prior fiscal year in gross taxable assessed valuation within the jurisdiction of the entity.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Author:** [Chu \(D\)](#)  
**Title:** [Hate Crime and Incident Reporting](#)

**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Public Safety Committee  
**Hearing:** 07/02/2019 8:30 am, John L. Burton Hearing Room (4203)  
**Code Section:** An act to add Section 13024 to the Penal Code, relating to hate crimes.  
**Summary:** Requires a law enforcement agency whose crime reporting systems meet applicable federal standards, including alignment with the NIBRS, to include in the agency's informational, incident, and crime reports a check box indicating whether the underlying incident in the report is a hate crime or hate incident and complete for each hate crime or hate incident, a supplemental hate crime or hate incident report form that indicates the type of bias motivation and any other identifying information.

**Digest:** This bill would require a law enforcement agency whose crime reporting systems meet applicable federal standards, including alignment with the NIBRS, to (1) include in the agency's informational, incident, and crime reports a check box indicating whether the underlying incident in the report is a hate crime or hate incident, as defined, and (2) complete for each hate crime or hate incident, a supplemental hate crime or hate incident report form that indicates the type of bias motivation and any other identifying information to assist in the prosecution of the hate crime or hate incident. By creating new reporting requirements for local law enforcement agencies, the bill would impose a state-mandated local program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Governance and Finance Committee  
**Hearing:** 06/19/2019 9:30 am, Room 112  
**Code Section:** An act to amend Sections 6585 and 6588.7 of the Government Code, relating to local government finance.  
**Summary:** Expands the definition of a publicly owned utility to include certain utilities furnishing wastewater service to a certain number of customers. Authorizes an authority to issue rate reduction bonds to finance or refinance water or wastewater utility projects. Eliminates specified duties of the Pollution Control Financing Authority under certain circumstances.  
**Digest:** This bill would expand the definition of a publicly owned utility for these purposes to include certain utilities furnishing wastewater service to not less than 25,000 customers and would authorize an authority to issue rate reduction bonds to finance or refinance water or wastewater utility projects, as specified. The bill would extend the requirement that the California Pollution Control Financing Authority submit an annual report to the Legislature indefinitely and the authority to issue rate reduction bonds under these provisions until December 31, 2026. The bill would eliminate specified duties of the California Pollution Control Financing Authority if the determinations of the local agency applying for financing or refinancing of a utility project are subject to review by a ratepayer advocate or similar entity.

**Title:** [New Beginnings California Program](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Appropriations Committee

**Code Section:** An act to add Chapter 7.5 (commencing with Section 8270) to Division 8 of the Welfare and Institutions Code, relating to public social services.

**Summary:** Establishes the New Beginnings California Program in the Department of Community Services and Development and creates the New Beginnings California Account for the purpose of providing matching grant funding to cities and local continuum of care programs to implement, expand, or continue employment programs for homeless individuals.

**Digest:** This bill would establish the New Beginnings California Program in the Department of Community Services and Development and create the New Beginnings California Account for the purpose of providing matching grant funding to cities and local continuum of care programs to implement, expand, or continue employment programs for homeless individuals, as specified. The bill would define city for purposes of the bill to include a city, county, or a city and county. The bill would require qualifying employment programs to, among other things, connect program participants with employment and pay them an hourly wage that is at or above minimum wage. The bill would direct the department to apportion funds in the account, upon appropriation, to cities and local continuum of care programs with eligible employment programs, not to exceed \$50,000 annually per city or continuum of care program. The bill would authorize a maximum of 50 grants to be awarded annually and would require cities and local continuum of care programs to match any funds received from the program, as specified. The bill would be operative only to the extent that funding is provided in the annual Budget Act for the purposes of the bill.

**Author:** [Quirk \(D\)](#)  
**Title:** [Water Resources Control Board: Local Primacy Delegation](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Environmental Quality Committee  
**Hearing:** 07/03/2019 9:30 am, Room 3191

**Code Section:** An act to amend Section 116330 of the Health and Safety Code, relating to drinking water.

**Summary:** Includes enforcement costs as costs covered by the annual Drinking Water Surveillance Program grant. Authorizes any local primacy agency, with the approval of the State Water Resources Control Board, to elect to participate in a funding stabilization program. Requires the State Board, during any fiscal year for which a local primacy agency participates in the program, to establish and collect all fees payable by public water systems for the local primacy agency activities.

**Digest:** This bill would include enforcement costs as costs covered by an annual drinking water surveillance program grant. The bill would authorize any local primacy agency, with approval of the state board, to elect to participate in a funding stabilization program effective for the 2020-21 fiscal year and fiscal years thereafter, as specified. The bill would require the state board, during any fiscal year for which a local primacy agency participates in the funding stabilization program, to establish and collect all fees payable by public water systems for the local primacy agency activities and to provide funding to the local primacy agency each year in accordance with an annual workscope, prepared as prescribed by the local primacy agency that is submitted to and approved by the state board. The bill would prohibit a participating local primacy agency from charging a public water system any fee in addition to the fees established and collected by the funding stabilization program for the activities in the local primacy agency and would require all fines and penalties collected by such a local primacy agency for the local primacy agency's activities to be remitted to the state board for deposit in the Safe Drinking Water account. The bill would require a participating local primacy agency to establish and maintain accurate accounting records of all costs it incurs and periodically to make these records available to the state board. By requiring new records for the purpose of complying with the act, this bill would expand the scope of a crime and thereby impose a state-mandated local program.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Code Section:** An act [to add Section 8875.45 to the Government Code](#), relating to state government.  
**Summary:** Requires the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings. Requires the third-party contractor, in conjunction with the commission, by a specified date, to develop a statewide inventory of potentially seismically vulnerable buildings in specified counties in the State using information developed by local jurisdictions.  
**Digest:** This bill would require the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined. The bill would require the third-party contractor, in conjunction with the commission, by July 1, 2022, to develop a statewide inventory of potentially seismically vulnerable buildings in 29 specified counties in California using information developed by local jurisdictions pursuant to the above-described provisions. The bill would require the commission to maintain the inventory and to report to the Legislature on the findings of the inventory. The bill would make the operation of these provisions contingent upon the commission obtaining sufficient funding, as provided.

## 29. CA AB 485

**Author:** [Medina \(D\)](#)  
**Title:** [Local Government: Economic Development Subsidies](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Governance and Finance Committee

**Code Section:** An act to add Section 53083.1 to the Government Code, relating to local government.

**Summary:** Requires each local agency to provide specified information to the public before approving an economic development subsidy for a warehouse distribution center, and to, among other things, hold hearings and report on those subsidies. Requires local agencies to submit a report to the Governor's Office of Business and Economic Development providing specified information and the office to make those reports available to the public through its internet website.

**Digest:** This bill, on and after January 1, 2020, would similarly require each local agency to provide specified information to the public before approving an economic development subsidy for a warehouse distribution center, as defined, and to, among things, hold hearings and report on those subsidies, as provided. The bill would require local agencies to submit a report to the Governor's Office of Business and Economic Development providing specified information and the office to make those reports available to the public through its internet website. The bill would require a warehouse distribution center to provide a local agency any information necessary to comply with these provisions.

The bill would prohibit a local agency from signing a nondisclosure agreement regarding a warehouse distribution center as part of negotiations or in the contract for any economic development subsidy.

The bill would declare that its provisions address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

This bill would make legislative findings to that effect.

**Title:** [Voter Education: High School Pupils](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Education Committee

**Hearing:** 06/19/2019 9:00 am, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Section 49040 of, and to add Section 49042 to, the Education Code, relating to voter education.

**Summary:** Declares certain months as high school voter education months. Requires the Secretary of State to develop educational programming to provide designated voter education information to pupils in grade 12 in high schools maintained by a school district, county office of education, or charter school. Requires a school district, county office of education, or charter school to implement the educational programming during a presentation or assembly at the high school campus.

**Digest:** This bill would instead make April, or January in a year with a presidential election, and September "high school voter education months."

This bill would require the Secretary of State, in coordination with the Superintendent of Public Instruction, to develop educational programming to provide designated voter education information to pupils in grade 12 in high schools maintained by a school district, county office of education, or charter school. The bill would require county elections officials to customize the educational programming to include information specific to that county's election system. The bill would require a school district, county office of education, or charter school to implement the educational programming during a presentation or assembly at the high school campus. To the extent the bill would create new duties for county elections officials, school districts, county offices of education, and charter schools, it would constitute a state-mandated local program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

| <b>Summary:</b>          | Requires the governing body of each local jurisdiction to adopt new district boundaries after each federal decennial census, with exceptions. Specifies redistricting criteria and deadlines for the adoption of new boundaries by the governing body. Specifies hearing procedures that would allow the public to provide input on the placement of boundaries and on proposed boundary maps.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| <b>Digest:</b>           | <p>This bill would revise and recast these provisions. The bill would require the governing body of each local jurisdiction described above to adopt new district boundaries after each federal decennial census, except as specified. The bill would specify redistricting criteria and deadlines for the adoption of new boundaries by the governing body. The bill would specify hearing procedures that would allow the public to provide input on the placement of boundaries and on proposed boundary maps. The bill would require the governing body to take specified steps to encourage the residents of the local jurisdiction to participate in the redistricting process. By increasing the duties of these local jurisdictions, the bill would impose a state-mandated local program.</p> <p>This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.</p> |
| <b>Introduced:</b>       | 02/20/2019                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

**Title:** [Accessory Dwelling Units](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Housing Committee  
**Hearing:** 06/18/2019 1:30 pm, John L. Burton Hearing Room (4203)  
**Code Section:** An act to ~~amend~~ [amend, repeal, and add](#) Section 65852.2 of the Government Code, relating to housing.  
**Summary:** Requires a local agency to designate areas where accessory dwelling units may be permitted based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. Deletes the provision authorizing a local agency to require owner occupancy as a condition of issuing a permit.  
**Digest:** This bill would instead require a local agency to designate these areas based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety.  
  
This bill would make that prohibition applicable if the accessory dwelling unit is located within 1/2 mile walking distance of public transit, and would define public transit for those purposes.  
  
This bill would instead require a local agency to ministerially approve an application for a building permit to create an accessory dwelling unit that is contained within an existing structure, including the primary residence or an accessory structure. The bill would define "accessory structure" for purposes of those provisions.  
  
This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Public Property: Safe Parking Program](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Governance and Finance Committee

**Hearing:** 06/19/2019 9:30 am, Room 112

**Code Section:** An act to add Article 13 (commencing with Section 50291) to Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, relating to local government.

**Summary:** Requires a city or a county with a population greater than a specified number, in coordination with cities and other entities, to establish a safe parking program that provides safe parking locations and options for individuals and families living in their vehicles. Requires a safe parking program to provide a bathroom facility and onsite security. Exempts a municipality that has a specified safe parking program administered by a nongovernmental entity operating in its jurisdiction from these requirements.

**Digest:** This bill would require a city or a county with a population greater than 330,000, in coordination with other entities, as specified, to establish a safe parking program that provides safe parking locations and options for individuals and families living in their vehicles. The bill would require a safe parking program to provide a bathroom facility and onsite security, among other requirements. The bill would exempt a city or a county that has a specified safe parking program administered by a nongovernmental entity operating in its jurisdiction from these requirements. The bill would require the safe parking programs be developed and implemented by June 1, 2022. The bill would encourage cities and counties to review the Department of General Services' internet website for the availability of surplus state property and the Department of Transportation's internet website for the availability of excess land that could be used for a safe parking program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

**Committee:** Senate Elections and Constitutional Amendments Committee  
**Hearing:** 06/18/2019 9:30 am, Room 112  
**Code Section:** An act to add Section 89517.6 to the Government Code, relating to the Political Reform Act of 1974.  
**Summary:** Authorizes the expenditure of campaign funds to pay for, or reimburse the state for, the installation and monitoring of hardware, software, and services related to the cybersecurity of the electronic devices of a candidate, elected officer, or campaign worker. Requires a candidate or elected officer to report any expenditure of campaign funds for these purposes to the Fair Political Practices Commission in the candidate or officer's campaign statements.  
**Digest:** This bill would authorize the expenditure of campaign funds to pay for, or reimburse the state for, the installation and monitoring of hardware, software, and services related to the cybersecurity of the electronic devices of a candidate, elected officer, or campaign worker. The bill would require a candidate or elected officer to report any expenditure of campaign funds for these purposes to the Fair Political Practices Commission in the candidate or elected officer's campaign statements. The bill would make related findings and declarations.  
  
This bill would declare that it furthers the purposes of the act.

**Hearing:** 06/24/2019 10:00 am, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Section 116407 of the Health and Safety Code, and to add Section 13521.2 to the Water Code, relating to water.

**Summary:** Requires the State Water Resources Control Board to administer provisions under the California Safe Drinking Water Act relating to the regulation of drinking water to protect the public health. Requires the state

board to adopt standards for the backflow protection and cross-connection control through the adoption of a policy handbook.

**Digest:** This bill would require that handbook to include provisions for the use of a swivel or changeover device to supply potable water to a dual-plumbed system during an interruption in recycled water service.

This bill would require the state board, on or before January 1, 2023, as specified, to update the uniform statewide criteria for nonpotable recycled water uses.

**Title:** [California Environmental Quality Act](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Senate Environmental Quality Committee  
**Hearing:** 06/19/2019 9:30 am, Room 3191  
**Code Section:** An act to add [and repeal](#) Section 21080.27 ~~to~~ [of](#) the Public Resources Code, relating to environmental quality.  
**Summary:** Relates to the California Environmental Quality Act. Excludes from the term project certain activities approved or carried out by the City of Los Angeles related to supportive housing and emergency shelters and thereby exempts those projects from CEQA. Requires the city, if it determines that an activity is not subject to CEQA and approves or carries out that activity, to file a notice with the Office of Planning and Research and the county clerk for the County of Los Angeles.  
**Digest:** This bill would, until January 1, 2025, exclude from the term "project" certain activities approved or carried out by the City of Los Angeles related to supportive housing and emergency shelters and would thereby exempt those projects from CEQA. The bill would require the city, if it determines that an activity is not subject to CEQA and approves or carries out that activity, to file a notice with the Office of Planning and Research and the county clerk for the County of Los Angeles. Because the bill would impose additional duties on the City of Los Angeles, this bill would impose a state-mandated local program.

This bill would make legislative findings and declarations as to the necessity of a special statute for City of Los Angeles.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Surplus Public Land: Database](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Housing Committee  
**Code Section:** An act to amend Section 65583 of, and to add Section 11011.9 to, the Government Code, relating to housing.  
**Summary:** Relates to the Planning and Zoning Law. Requires a municipal housing element to contain an inventory of land owned by the city or county that is in excess of its foreseeable needs. Requires the inventory to be prepared using standards, forms, and definitions adopted by the Department of Housing and Community Development. Requires the city or county identify those sites that qualify as infill or high density as defined.  
**Digest:** This bill would also require the housing element to contain an inventory of land owned by the city or county that is in excess of its foreseeable needs. The bill would require the city or county to separately identify those sites that qualify as infill or high density, as defined. The bill would require the inventory be prepared using standards, forms, and definitions adopted by the Department of Housing and Community Development. The bill would require each city or county to report those sites identified under these provisions to the Department of General Services by December 31 of each year.  
  
This bill would authorize the department to review, adopt, amend, and repeal standards, forms, and definitions to implement provisions regarding housing elements.  
  
This bill would require the Department of General Services to create a database of the information submitted under these provisions and make the database available and searchable through its internet website.  
  
This bill would provide that no reimbursement is required by this act for a specified reason.

**Author:** [Bloom \(D\)](#)  
**Title:** [Planning and Zoning: Housing Development](#)

**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Housing Committee

**Code Section:** An act to add Section 65913.6 to the Government Code, relating to housing.

**Summary:** Requires the Department of Housing and Community Development to designate areas in this state as high resource areas by January 1, 2021, and every 5 years thereafter.

**Digest:** This bill would require the department to designate areas in this state as high-resource areas, as provided, by January 1, 2021, and every 5 years thereafter. The bill would authorize a city or county to appeal the designation of an area within its jurisdiction as a high-resource area during that 5-year period. In any area designated as a high-resource area, the bill would require that a housing development project be a use by right, upon the request of a developer, in any high-resource area designated pursuant to a use by right in certain parts of the high-resource area if those projects meet specified requirements, including specified affordability requirements. For certain development projects where the initial sales price or initial rent exceeds the affordable housing cost or affordable rent to households with incomes equal to or less than 100% of the area median income, the bill would require the applicant agree to pay a fee equal to 10% of the difference between the actual initial sales price or initial rent and the sales price or rent that would be affordable, as provided. The bill would require the city or county to deposit the fee into a separate fund reserved for the construction or preservation of housing with an affordable housing cost or affordable rent to households with a household income less than 50% of the area median income.

This bill would require that the applicant agree to, and the city and county ensure, the continued affordability of units affordable to lower income and very low income households for 45 years, for rented units, or 55 years, for owner-occupied units. The bill would provide that a development housing is ineligible as a use by right under these provisions if it would require the demolition of rental housing that is currently occupied by tenants, or has been occupied by tenants within the past 10 years, or is located in certain areas. The bill would include findings that the changes proposed by this bill

address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

This bill, by requiring approval of certain development projects as a use by right, would expand the exemption for ministerial approval of projects under CEQA.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Transportation: Local Transportation Authorities](#)

**Fiscal Committee:** no

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Transportation Committee

**Hearing:** 06/25/2019 1:30 pm, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Sections 120480, 120481, 120483, 120485, 125480, 125481, 125483, 125485, 132301, 132307, 132322, 180201, 180206, and 180207 of the Public Utilities Code, relating to transportation.

**Summary:** Authorizes a local transportation authority to impose a tax applicable to only a portion of its county if two thirds of the voters voting on the measure within the portion of the county to which the tax would apply vote to approve the tax, as specified, and other requirements are met, including that the revenues derived from the tax be spent within, for the benefit of, the portion of the county to which the tax would apply.

**Digest:** This bill would authorize a local transportation authority to impose a tax applicable to only a portion of its county if 2/3 of the voters voting on the measure within the portion of the county to which the tax would apply vote to approve the tax, as specified, and other requirements are met, including that the revenues derived from the tax be spent within, or for the benefit of, the portion of the county to which the tax would apply. The bill would prohibit an authority from entering into a construction contract over \$1,000,000 that would be in part or wholly financed through a tax applicable to only a portion of the county with any entity unless the entity provides to each agency an enforceable commitment that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or a contract that falls within an apprenticeship occupation in the building and construction trades, except as specified. The bill would also make conforming changes.

This bill would enact similar provisions specifically applicable to the San Diego County Regional Transportation Commission, the San Diego Association of Governments, the San Diego Metropolitan Transit System, and the North County Transit District that would authorize each of those agencies to impose a transactions and use tax applicable to only a portion of each agency's territory.

**Title:** [Tenancy: Rent Caps](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Judiciary Committee

**Code Section:** An act to add [Section and repeal Sections](#) 1947.12 ~~to~~ [and 1947.13 of](#) the Civil Code, relating to tenancy.

**Summary:** Prohibits an owner of residential real property from increasing the rental rate for that property in an amount that is greater than 5% plus the percentage change in the cost of living, as defined, more than the lowest rental rate in effect for the immediately preceding 12 months, subject to specified conditions. Exempts from these provisions deed-restricted affordable housing, dormitories, housing that has been issued a certificate of occupancy within the previous 10 years.

**Digest:** This bill would, until January 1, 2030, prohibit an owner of residential real property from increasing the rental rate for that property in an amount that is greater than 5% plus the percentage change in the cost of living, as defined, more than the lowest rental rate in effect for the immediately preceding 12 months, subject to specified conditions. The bill would exempt from these provisions deed-restricted affordable housing, dormitories, housing that has been issued a certificate of occupancy within the previous 10 years, and housing subject to a local ordinance that imposes a more restrictive rent increase cap than these provisions. The bill would prohibit a landlord from terminating a tenancy for the purposes of avoiding these provisions and would create a rebuttable presumption that the termination of a tenancy is for the purposes of avoiding these provisions in the absence of a written statement showing cause for the termination. The bill would require the Department of Housing and Community Development to submit a report, on or before January 1, 2030, to the Legislature regarding the effectiveness of these provisions. The bill provides that these provisions apply to all rent increases occurring on or after March 15, 2019.

This bill would authorize an owner of an assisted housing development, who demonstrates under penalty of perjury compliance with the provisions described above with regard to the expiration of rental restrictions, to establish the initial unassisted rental rate for units without regard to the cap on rent increases discussed above, but would require the owner to comply with the above cap on rent increases for subsequent rent increases in the development. By requiring an owner of an assisted housing development to demonstrate compliance with specified provisions under penalty of perjury, this bill would expand the existing crime of perjury and thus would impose a state-mandated local program.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Introduced:** 02/22/2019

**Title:** [Housing Data: Collection and Reporting](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Senate Housing Committee  
**Code Section:** An act to amend Section 65400 of, and to add Sections 65940.1 and 65940.2 to, the Government Code, and to amend Section 50452 of, and to add Sections 50457.5, 50469, and 50515 to, the Health and Safety Code, relating to housing.  
**Summary:** Authorizes the Department of Housing and Community Development to require a planning agency to include specified information in certain reports. Requires the department, if requested, to provide technical assistance in providing this additional information to the local public entity that is required to include this additional information in the annual report.  
**Digest:** This bill would authorize the department to require a planning agency to include in that annual report specified additional information that this bill would require, as described below. The bill would require the department, if requested, to provide technical assistance in providing this additional information to the local public entity that is required to include this additional information in the annual report. The bill would also authorize the department to assess the accuracy of the information submitted as part of the annual report and, if it determines that any report submitted to it by a planning agency contains inaccurate information, require that the planning agency correct that inaccuracy.

This bill would authorize a metropolitan planning organization to request that the department require the planning agency for a county or a city located within its territorial boundaries to provide data regarding housing production within the county or city. The bill would require the department to grant this request if it determines that the metropolitan planning organization has complied with specified requirements and the request is justified on the basis of furthering the state's housing goals. The bill would require the metropolitan planning organization to provide, or enter into an agreement with the department to provide, technical assistance to the planning agency

of the county or city that was the subject of the request in order to fulfill that request.

This bill would require a city or county to maintain a current schedule of fees applicable to a proposed housing development project on its internet website. The bill would also require a city or county to make all zoning ordinances and development standards available on its internet website and to maintain and annually update an archive of those ordinances and standards. The bill would require each city or county to provide that information to the department and any applicable metropolitan planning organization. The bill would require the department to post the information submitted pursuant to these provisions on its internet website by January 1, 2022, and each year thereafter.

This bill would require each city and county to annually submit specified information concerning pending housing development projects with completed applications within the city or county, the number of applications deemed complete, and the number of discretionary permits, building permits, certificates of occupancy issued by the city or county, and specified information regarding each housing development project for which the city or county deemed an application to be complete or issued a building permit or certificate of occupancy to the department and any applicable metropolitan planning organization. The bill would require the department to post the information submitted pursuant to these provisions on its internet website by January 1, 2022, and each year thereafter.

This bill, for the next revision of the plan on or after January 1, 2020, and each subsequent revision thereafter, would require that revisions of the plan include a 10-year housing data strategy, as provided.

This bill would require the department to establish a statewide, publicly accessible, geographic information system database of parcel boundaries. The bill would also require the department to develop specified protocols relating to housing data and submit a report to the Legislature on those protocols by January 1, 2022. The bill would require a recipient of state funds through a grant or contract for research or a project relating to housing to adhere to these protocols as a condition of receiving state funds. The bill would require the department to coordinate and integrate existing housing data from local, state, and federal agencies and to develop, operate, and maintain a data portal for all nonpersonal housing data collected by the department.

This bill would provide that no reimbursement is required by this act for a specified reason.

## 54. CA AB 1486

**Author:** [Ting \(D\)](#)  
**Coauthor** [Skinner \(D\)](#), [Wicks \(D\)](#)

**Title:** [Surplus Land](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Governance and Finance Committee

**Code Section:** An act to amend Sections 11011, ~~11011.1~~, 54220, 54221, 54222, 54222.3, 54223, 54225, 54226, 54227, 54230, 54230.5, 54233, 65400, 65583.2, and 65585 of the Government Code, relating to ~~local government~~ [surplus land](#).

**Summary:** Expands the definition of local agency to include sewer, water, utility, and local and regional park districts, joint powers authorities, successor agencies to former redevelopment agencies, housing authorities, and other political subdivisions of this state, and any instrumentality thereof, that is empowered to acquire and hold real property, thereby requiring these entities to comply with requirements for the disposal of surplus land.

**Digest:** This bill would expand the definition of " local agency" to include sewer, water, utility, and local and regional park districts, joint powers authorities, successor agencies to former redevelopment agencies, housing authorities, and other political subdivisions of this state and any instrumentality thereof that is empowered to acquire and hold real property, thereby requiring these entities to comply with these requirements for the disposal of surplus land. The bill would specify that the term " district" includes all districts within the state, and that this change is declaratory of existing law. The bill would revise the definition of " surplus land" to mean land owned by any local agency that is not necessary for the agency' s governmental operations, except property being held by the agency expressly for the purpose of exchange for another property necessary for its governmental operations and would define " governmental operations" to mean land that is being used for the express purpose of agency work or operations, as specified. The bill would provide that land is presumed to be surplus land when a local agency initiates an action to dispose of it. The bill would provide that " surplus land" for these purposes includes land held in the Community Redevelopment Property Trust Fund and land that has been designated in the long-range property management plan, either for sale or for retention, for future development, as specified. The bill would also broaden the definition of " exempt surplus land" to include specified types of lands.

The bill would recast various provisions referring to the sale or lease of surplus land to instead refer to the disposal of surplus land. The bill would also delete certain obsolete references and make related conforming changes.

This bill would instead require the local agency disposing of surplus land to send, prior to disposing of that property or participating in any formal or informal negotiations to dispose of that property, a written notice of availability. The bill would make various related conforming changes. With

regards to a housing sponsor, the bill would require that the written notice of availability be sent if the housing sponsor has notified the applicable regional council of governments or, in the case of a local agency without a council of governments, the Department of Housing and Community Development of its interest in the land, rather than upon written request. With regards to surplus land to be used for the purpose of developing property located within an infill opportunity zone, as described above, the bill would instead require that the written notice of availability be sent to a successor agency to a former redevelopment agency. The bill would, with regard to disposing of surplus land for the purpose of developing low- and moderate-income housing, only require the local agency disposing of the surplus land to send a specified notice of availability if the land is located in an urbanized area.

This bill would limit negotiations to sales price and lease terms, including the amount and timing of any payments.

This bill would remove that priority.

This bill would define " priority" for these purposes as meaning that the local agency negotiates in good faith exclusively with the entity pursuant to specified requirements. In the event that more than one entity proposes the same number of units that meet the above-described affordable housing requirements, this bill would require that priority be given to the entity that proposes the deepest average level of affordability for the affordable units. The bill would authorize a local agency to negotiate concurrently with all entities that provide notice of interest to purchase or lease land for the purpose of developing affordable housing.

This bill would invalidate that transfer or conveyance unless the local agency makes an alternative site available that can accommodate an equal or greater number of housing units as the original site whose transfer or conveyance was effected.

This bill would revise this requirement to apply if the local agency does not agree to price and terms with an entity to which notice of availability of land was given, or if no entity to which a notice of availability was given responds to that notice, and 10 or more residential units are developed on the property.

The bill would permit residential uses on certain types of land that a local agency disposes of as surplus, if 100% of the residential units are sold or rented at an affordable housing cost, as specified.

This bill would, instead, require each state agency to review state lands over which it has jurisdiction to determine if any land is in excess of its foreseeable needs for governmental operations. The bill would require the department to request authorization to dispose of at least 10% of the land that the department has determined is not needed by any other state agency, as specified. The bill would require surplus land disposed of by the

department to be permitted for a residential use if 100% of the residential units are sold or rented at an affordable housing cost, as defined.

This bill, instead, would require a local agency to make a central inventory of specified surplus governmental property on or before December 31 of each year, and would require the local agency to make a description of each parcel and its present uses a matter of public record and to report this information to the Department of Housing and Community Development no later than April 1 of each year, beginning April 1, 2021. The bill would require a local agency, upon request, to provide a list of its surplus governmental properties to a citizen, limited dividend corporation, housing corporation, or nonprofit corporation without charge. The bill would require, by September 30, 2021, the Department of Housing and Community Development to create and maintain a searchable and downloadable public inventory of all publicly owned or controlled lands and their present uses.

This bill would require a city or county to include as a part of that report a listing of sites owned or leased by the city or county that have been sold, leased, or otherwise disposed of in the prior year, and sites with leases that expired in the prior year.

This bill would require the housing element to provide a description of nonvacant sites owned by the city or county and provide whether there are any plans to dispose of the property during the planning period and how the city or county will comply with specified provisions relating to the disposal of surplus land by a local agency.

This bill would also require the Department of Housing and Community Development to notify the city or county and authorizes notice to the Attorney General when the city or county has taken an action that violates these provisions relating to surplus property.

This bill would revise these findings.

This bill would express the intent of the Legislature to enact legislation that addresses the need for affordable housing by utilizing surplus land within the state, as specified.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Author:** [Chiu \(D\)](#)  
**Title:** [Planning and Zoning: Density Bonuses: Affordable Houses](#)  
**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Senate Housing Committee

**Hearing:** 06/18/2019 1:30 pm, John L. Burton Hearing Room (4203)

**Code Section:** An act to amend Section 65915 of the Government Code, relating to housing.

**Summary:** Requires a density bonus to be provided to a developer who agrees to construct a housing development in which all of the total units, exclusive of managers' units, are for lower income households. Requires that a housing development that meets this criteria receive four incentives or concessions under the Density Bonus Law.

**Digest:** This bill would additionally require a density bonus to be provided to a developer who agrees to construct a housing development in which 100% of the total units, exclusive of managers' units, are for lower income households, as defined. The bill would also require that a housing development that meets this criteria receive 4 incentives or concessions under the Density Bonus Law. The bill would generally require that the housing development receive a density bonus of 80%, but would exempt the housing development from any maximum controls on density if it is located within 1/2mile of a major transit stop or a high-quality transit corridor, as defined, and additionally require the city, county, or city and county to allow an increase in height and floor area ratio in specified amounts that vary depending on whether the development is located within 1/2mile of a major transit stop or a high-quality transit corridor. The bill would also make various nonsubstantive changes to the Density Bonus Law.

This bill, for units in the development, including both base density and density bonus units, in a housing development that qualifies for a density bonus under its provisions as described above, would instead require that the rent for at least 20% of the units in that development be set at an affordable rent, defined as described above, and that the rent for the remaining units be set at an amount consistent with the maximum rent levels for a housing development that receives an allocation of state or federal low-income housing tax credits from the California Tax Credit Allocation Committee.

This bill would provide that no reimbursement is required by this act for a specified reason.

## 57. CA AB 1819

**Author:** [Assembly Judiciary Committee](#)

**Title:** [Public Records Inspection: Use of Requester's Equipment](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Senate Judiciary Committee

**Code Section:** An act to amend Section 6253 of the Government Code, relating to public records.

**Summary:** Grants a requester of a public record the right to use the requester's equipment, without being charged any fees or costs, to photograph or otherwise copy or reproduce any record upon inspection and on the premises of the agency, unless the means of copy or reproduction would result in damage to the record, or unauthorized access to a computer system or secured network of the agency.

**Digest:** This bill would grant the requester the right to use the requester's equipment, without being charged any fees or costs, to photograph or otherwise copy or reproduce any record upon inspection and on the premises of the agency, unless the means of copy or reproduction would result in damage to the record, or unauthorized access to a computer system of the agency or secured network, as specified. The bill would authorize the agency to impose any reasonable limits on the use of the requester's equipment that are necessary to protect the safety of the records or to prevent the copying of records from being an unreasonable burden to the orderly function of the agency and its employees. The bill would authorize the agency to impose any limit that is necessary to maintain the integrity of, or ensure the long-term preservation of, historic or high-value records. By imposing additional duties and responsibilities upon local agencies in connection with requests for inspection of records, this bill constitutes a state-mandated local program.

This bill would make legislative findings to that effect.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Affordable Housing and Community Development Investment](#)

**Fiscal  
Committee:** yes

**Urgency  
Clause:** no

**Disposition:** Pending

**Location:** Assembly Housing and Community Development Committee

**Code  
Section:** An act to add Section 41202.6 to the Education Code, to add Part 4 (commencing with Section 55900) to Division 2 of Title 5 of, and to add Division 6 (commencing with Section 62300) to Title 6 of, the Government Code, and to add Section 97.68.1 to the Revenue and Taxation Code, relating to local government finance.

**Summary:** Establishes the Affordable Housing and Community Development Investment Program. Authorizes various agencies and special districts to apply for participation in the program. Provides that eligible projects shall include the predevelopment, development, acquisition, rehabilitation, and preservation of workforce and affordable housing, certain transit oriented development, and projects promoting strong neighborhoods. Provides for property tax revenue.

**Digest:** This bill would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. The bill would authorize a city, county, city and county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the

Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria. The bill would also authorize certain local agencies to establish an affordable housing and community development investment agency and authorize an agency to apply for funding under the program and issue bonds, as provided, to carry out a project under the program.

The bill would require the Affordable Housing and Community Development Investment Committee to adopt guidelines for plans. Subject to the Legislature enacting a budget bill for the applicable fiscal year that specifies the amount for the committee to allocate pursuant to the program, the bill would require the committee to approve no more than \$200,000,000 per year from July 1, 2021, to June 30, 2026, and \$250,000,000 per year from July 1, 2026, to June 30, 2030, in transfers from a county's ERAF for applicants for plans approved pursuant to this program. This bill would provide that eligible projects include, among other things, the predevelopment, development, acquisition, rehabilitation, and preservation of workforce and affordable housing, certain transit-oriented development, and projects promoting strong neighborhoods.

The bill would require the Affordable Housing and Community Development Investment Committee, upon approval of a plan and subject to specified conditions, to issue an order directing the county auditor to transfer ad valorem property tax revenue from the county's ERAF into the Affordable Housing and Community Development Investment Fund, which is created by this bill in the treasury of each county, and allocate moneys in that fund as directed by the committee, as specified. The bill would require the auditor, if the applicant is an enhanced infrastructure financing district, affordable housing authority, affordable housing and community development investment agency, transit village development district, or community revitalization investment authority, to transfer to the city or county that created the authority or district an amount of property tax revenue equal to the amount approved by the Affordable Housing and Community Development Investment Committee for that authority or district. The bill would require the city or county that created the district to, upon receipt, transfer those funds to the authority or district in an amount equal to the affordable housing and community development investment amount for that authority or district. By imposing additional duties on local officials, the bill would impose a state-mandated local program. The bill would authorize applicants to use approved amounts to incur debt or issue bonds or other financing to support an approved project.

The bill also would require each applicant that has received funding to submit annual reports, as specified, and would require the Affordable Housing and Community Development Investment Committee to provide a report to the Joint Legislative Budget Committee, if it approves funding under the program, that includes certain project information.

This bill would require the Director of Finance to adjust the percentage of General Fund revenues appropriated for school districts and community college districts for these purposes in a manner that ensures that the transfers from a county's ERAF pursuant to the Affordable Housing and Community Development Investment Program have no net fiscal impact upon the total amount of the General Fund revenue and local property tax revenue allocated to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution, as specified.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Introduced:** 12/03/2018

**Last Amend:** 05/24/2019

**Title:** Residential Development: Available Land

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Assembly Housing and Community Development Committee

**Hearing:** 06/19/2019 9:15 am, State Capitol, Room 126

**Code Section:** An act to [amend Sections 65583 and 65585 of, and to](#) add Section 11011.8 [to](#) [to](#), the Government Code, relating to residential development.

**Summary:** Requires the Department of Housing and Community Development to furnish the Department of General Services with a list of local lands suitable and available for residential development as identified by a local government as part of the housing element of its general plan. Requires the Department of General Services to create an internet database of that information and make it available and searchable by the public.

**Digest:** This bill would require the Department of Housing and Community Development to furnish the Department of General Services with a list of local lands suitable and available for residential development as identified by

a local government as part of the housing element of its general plan. The bill would require the Department of General Services to create a database of that information and information regarding state lands determined or declared excess and to make this database available and searchable by the public by means of a link on its internet website. The bill would require for any housing element adopted on or after January 1, 2021, that an electronic copy of the inventory of land suitable for residential development be submitted to the Department of Housing and Community Development. By requiring local governments to electronically submit the inventory of land suitable for residential development to the department, the bill would impose a state-mandated local program.

This bill would authorize the Department of Housing and Community Development to review, adopt, amend, and repeal the standards, forms, or definitions to implement provisions regarding the inventory of land suitable and available to residential development. The bill would require a local government to prepare the inventory pursuant to those standards, forms, and definitions.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Assembly Housing and Community Development Committee

**Code Section:** An act to amend Sections 12206, 17058, and 23610.5 of the Revenue and Taxation Code, relating to taxation.

**Summary:** Authorizes a taxpayer to make a one time revocation of the election to sell all or any portion of a low income housing tax credit at any time before the Tax

Credit Allocation Committee allocates a final credit amount for a project, at which point the election becomes irrevocable.

**Digest:** This bill would delete the January 1, 2020, date with respect to both of these provisions, thereby requiring the allocation of credits among partners in accordance with the partnership agreement and authorizing the sale of a credit, as described above, indefinitely.

This bill would instead authorize a taxpayer to make a one-time revocation of the election to sell all or any portion of a low-income housing tax credit at any time before CTCAC allocates a final credit amount for a project, at which point the election would become irrevocable. The bill would specifically prohibit a taxpayer from electing to sell all or any portion of a low-income housing tax credit if the taxpayer did not make that election in its application submitted to CTCAC. The bill would also delete the requirement that the unrelated party be a taxpayer that is allowed, or have previously been allowed, a state or federal low-income housing tax credit and the prohibition on the resale of a credit by the unrelated party.

**Title:** [Accessory Dwelling Units](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Assembly Housing and Community Development Committee

**Hearing:** 06/19/2019 9:15 am, State Capitol, Room 126

**Code Section:** An act to amend Sections 65585 and 65852.2 of the Government Code, and to add and repeal Section 17980.12 of the Health and Safety Code, relating to land use.

**Summary:** Amends the Planning and Zoning Law. Authorizes the creation of accessory dwelling units in areas zoned to allow single family or multifamily dwelling use. Prohibits a local agency from requiring the replacement of parking spaces if a garage, carport, or covered parking is demolished to construct an accessory dwelling unit. Prohibits a local agency from requiring occupancy of either the primary or the accessory dwelling unit.

**Digest:** This bill would, instead, authorize the creation of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling use. The bill would also revise the requirements for an accessory dwelling unit by providing that the accessory dwelling unit may be attached to, or located within, an

attached garage, storage area, or other structure, and that it does not exceed a specified amount of total floor area.

This bill would, instead, prohibit a local agency from requiring the replacement of parking spaces if a garage, carport, or covered parking is demolished to construct an accessory dwelling unit. The bill would also prohibit a local agency from imposing parking standards on an accessory dwelling unit that is located within a traversable distance of one-half mile of public transit, and would define the term "public transit" for those purposes.

This bill would prohibit a local agency from establishing a minimum square footage requirement for either an attached or detached accessory dwelling unit that prohibits an efficiency unit, as defined. The bill would also prohibit a local agency from establishing a maximum square footage requirement for either an attached or detached accessory dwelling unit that is less than 850 square feet, and 1000 square feet if the accessory dwelling unit contains more than one bedroom.

This bill would, instead, prohibit a local agency from requiring occupancy of either the primary or the accessory dwelling unit.

The bill would require a local agency, whether or not it has adopted an ordinance, to consider and approve an application, ministerially and without discretionary review, within 60 days after receiving the application. The bill would also provide that, if a local agency does not act on the application within that time period, the application shall be deemed approved.

This bill would prohibit a local agency, special district, or water corporation from imposing any impact fee upon the development of an accessory dwelling unit if that fee, in the aggregate, exceeds specified requirements depending on the size of the unit. The bill would revise the basis for calculating the connection fee or capacity charge specified above to either the accessory dwelling unit's square feet or the number of its drainage fixture unit values, as specified.

This bill would redefine "accessory structure" to mean a structure that is accessory and incidental to a dwelling located on the same lot.

This bill would instead authorize the department to submit written findings to the local agency as to whether the ordinance complies with the statute authorizing the creation of an accessory dwelling unit, and, if the department finds that the local agency's ordinance does not comply with those provisions, would require the department to notify the local agency and would authorize the department to notify the Attorney General that the local agency is in violation of state law. The bill would authorize the department to adopt guidelines to implement uniform standards or criteria to supplement or clarify the provisions authorizing accessory dwelling units.

This bill would state that a local agency may count an accessory dwelling unit for purposes of identifying adequate sites for housing in accordance with those provisions.

This bill would authorize the owner of an accessory dwelling unit that receives a notice to correct violations or abate nuisances to request that the enforcement of the violation be delayed for 5 years if correcting the violation is not necessary to protect health and safety, as determined by the enforcement agency, subject to specified requirements. The bill would make conforming and other changes relating to the creation of accessory dwelling units.

This bill would provide that no reimbursement is required by this act for a specified reason.

**Title:** [Enhanced Infrastructure Financing Districts: Bonds](#)  
**Fiscal Committee:** no  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Assembly Local Government Committee  
**Code Section:** An act to amend Sections 53398.58, 53398.63, [53398.66](#), 53398.69, 53398.77, and 53398.88 of, to amend and renumber Section 53398.80.5 of, and to repeal Sections [53398.67](#), 53398.78, 53398.79, 53398.80, 53398.81, and 53398.82 of, the Government Code, relating to local government.  
**Summary:** Authorizes the Public Financing Authority to issue bonds for purposes of enhanced infrastructure financing districts without submitting a proposal to the voters. Requires specified information related to the issuance of the bonds to be contained in the resolution. Requires the Authority to hold three public hearings on an enhanced infrastructure financing plan.

**Digest:** This bill would instead authorize the public financing authority to issue bonds for these purposes without submitting a proposal to the voters. The bill would require the resolution to issue bonds to contain specified information related to the issuance of the bonds. The bill would also require the public financing authority to hold three public hearings on an enhanced infrastructure financing plan, as specified. The bill would also make conforming changes.

**Title:** [Law Enforcement: Use of Deadly Force: Training: Policy](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Assembly Public Safety Committee

**Hearing:** 06/25/2019 9:00 am, State Capitol, Room 126

**Code Section:** An act to add Chapter 17.4 (commencing with Section 7286) to Division 7 of Title 1 of the Government Code, ~~and to amend Section 196 of,~~ and to add Section 13519.10 ~~to,~~ to the Penal Code, relating to law enforcement.

**Summary:** Requires each law enforcement agency to maintain a policy that provides guidelines on the use of force and to make their use of force policy accessible to the public. Requires the Commission on Peace Officer Standards and Training to implement courses of instruction for the regular and periodic training of law enforcement officers in the use of force.

**Digest:** This bill would require each law enforcement agency to maintain a policy that provides guidelines on the use of force, utilizing deescalation techniques and other alternatives to force when feasible, specific guidelines for the application of deadly force, and factors for evaluating and reviewing all use of force incidents, among other things. The bill would require each agency to make their use of force policy accessible to the public. By imposing additional duties on local agencies, this bill would create a state-mandated local program.

This bill would require the commission to implement a course or courses of instruction for the regular and periodic training of law enforcement officers in the use of force. The bill would require the commission to develop uniform, minimum guidelines for adoption and promulgation by California law enforcement agencies for the use of force, as specified. The bill would encourage law enforcement agencies to adopt and promulgate a use of force policy and would state the intent of the Legislature that each law enforcement agency adopt, promulgate, and require regular and periodic training consistent with the agency's policy that complies with the guidelines developed under this bill.

This bill would make findings and declarations regarding the intent of the bill, as it pertains to law enforcement agencies' use of force policies, including that those policies may be introduced in legal proceedings and may be considered as a factor in determining the reasonableness of an officer's actions, but do not impose a legal duty on an officer to act in accordance with the policy.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

**Introduced:** 02/07/2019

**Last Amend:** 04/30/2019

## 72. CA SB 266

**Author:** [Leyva \(D\)](#)  
**Title:** [Public Employees Retirement: Disallowed Compensation](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Assembly Public Employment and Retirement Committee

**Hearing:** 06/26/2019 9:00 am, Room 444

**Code Section:** An act to add Section 20164.5 to the Government Code, relating to public employees' retirement.

**Summary:** Establishes new procedures under the Public Employee Retirement Law for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on compensation that conflicts with the Public Employees Pension Reform Act, and other specified laws and thus impermissible under PERL. Applies procedures retroactively to determinations made on or after a certain date, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted specified remedies.

**Digest:** This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation. The bill would require that contributions made on the disallowed compensation, for active members, be credited against future contributions on behalf of the state, school employer, or contracting agency that reported the disallowed compensation and would require that the state, school employer, or contracting agency return to the member any contributions paid by the member or on the member's behalf.

The bill would authorize the state, a school employer, or a contracting agency, as applicable, to submit to the system an additional compensation item proposed for inclusion in a memorandum of understanding after January 1, 2020, that is intended to form the basis of a pension benefit calculation for determination of compliance with PEPRA and other laws, as specified, and would require PERS to respond within 90 days, as specified. The bill would require PERS to publish notices identifying items of allowable compensation derived from language submitted to the system for review. The bill would make related legislative findings and declarations.

## 76. CA SB 330

**Author:** [Skinner \(D\)](#)  
**Title:** [Housing Crisis Act](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Assembly Housing and Community Development Committee  
**Hearing:** 06/19/2019 9:15 am, State Capitol, Room 126  
**Code Section:** An act to amend Section 65589.5 of, to amend, repeal, and add Sections 65943 and 65950 of, to add and repeal Sections 65905.5, 65913.3, 65913.10, 65941.1, and 65950.2 of, and to add and repeal Chapter 12 (commencing with Section 66300) of Division 1 of Title 7 of, the Government Code, and to add and repeal Section 17980.12 of the Health and Safety Code, relating to housing.  
**Summary:** Requires a local agency that proposes to disapprove a housing development project that complies with applicable, objective general plan and zoning standards and criteria that were in effect at the time the application was deemed to be complete, or to approve it on the condition that it be developed at a lower density, to base its decision upon written findings supported by substantial evidence on the record that specified conditions exist, and places the burden of proof on the local agency to that effect.  
**Digest:** This bill, until January 1, 2025, would specify that an application is deemed complete for these purposes if a preliminary application was submitted, as described below.  
  
This bill, until January 1, 2025, would additionally require a court to issue the order or judgment previously described if the local agency required or attempted to require certain housing development projects to comply with an ordinance, policy, or standard not adopted and in effect when a preliminary application was submitted.  
  
This bill, until January 1, 2025, would, notwithstanding those provisions or any other law and with certain exceptions, require that a housing development project only be subject to the ordinances, policies, and

standards adopted and in effect when a preliminary application is submitted, except as specified.

This bill, until January 1, 2025, would prohibit a city or county from conducting more than 5 hearings, as defined, held pursuant to these provisions, or any other law, ordinance, or regulation requiring a public hearing, if a proposed housing development project complies with the applicable, objective general plan and zoning standards in effect at the time an application is deemed complete, as defined. The bill would require the city or county to consider and either approve or disapprove the housing development project at any of the 5 hearings consistent with the applicable timelines under the Permit Streamlining Act.

This bill, until January 1, 2025, with respect to land where housing is an allowable use on or after January 1, 2018, would prohibit a county or city in which specified conditions exist, determined by the Department of Housing and Community Development as provided, from imposing any new, increasing or enforcing any existing, requirement that a proposed housing development include parking in excess of specified amounts. If the city or county grants a conditional use permit approving a proposed housing development project and that project would have been eligible for a higher density under the city's or county's general plan land use designation and zoning ordinances as in effect on January 1, 2018, the bill would also require the city or county to allow the project at that higher density. The bill would require a project that requires the demolition of certain types of housing to comply with specified requirements, including the provision of relocation assistance and a right of first refusal in the new housing to displaced occupants. The bill would require that any units for which a developer provides relocation assistance or a right of first refusal be considered in determining whether the housing development project satisfies the requirements, if applicable, of an inclusionary housing ordinance of the county or city.

The bill would state that these provisions would prevail over any conflicting provision of the Planning and Zoning Law or other law regulating housing development in this state, except as specifically provided. The bill would also require that any exception to these provisions, including an exception for the health and safety of occupants of a housing development project, be construed narrowly.

The bill, until January 1, 2025, for purposes of any state or local law, ordinance, or regulation that requires a city or county to determine whether the site of a proposed housing development project is a historic site, would require the city or county to make that determination, which would remain valid for the pendency of the housing development, at the time the application is deemed complete, except as provided. The bill, until January 1, 2025, would also require that each local agency make copies of any above-described list with respect to information required from an applicant for a housing development project available both (A) in writing to those

persons to whom the agency is required to make information available and (B) publicly available on the internet website of the local agency.

This bill, until January 1, 2025, would provide that a housing development project, as defined, shall be deemed to have submitted a preliminary application upon providing specified information about the proposed project to the city or county from which approval for the project is being sought. The bill would require each local agency to compile a checklist and application form that applicants for housing development projects may use for that purpose and would require the Department of Housing and Community Development to adopt a standardized form for applicants seeking approval from a local agency that has not developed its own application form. After the submittal of a preliminary application, the bill would provide that a housing development project would not be deemed to have submitted a complete initial application under these provisions if the development proponent revises the project such that the number of residential units or square footage of construction changes by 20% or more until the development proponent resubmits the information required by the bill so that it reflects the revisions. The bill would require a development proponent to submit an application for a development project that includes all information necessary for the agency to review the application under the Permit Streamlining Act within 180 days of submitting the preliminary application.

The bill, until January 1, 2025, would require the lead agency, as defined, if the application is determined to be incomplete, to provide the applicant with an exhaustive list of items that were not complete, as specified.

The bill, until January 1, 2025, would also provide that all deadlines in the Permit Streamlining Act are mandatory.

This bill, until January 1, 2025, would reduce the time period in which a lead agency under these provisions is required to approve or disapprove a project from 120 days to 90 days, for a development project generally described above, and from 90 days to 60 days, for a development project that meets the above-described affordability conditions. The bill would recast the definition of "development project" for these purposes to mean a housing development project, as defined in the Housing Accountability Act.

This bill, until January 1, 2025, with respect to land where housing is an allowable use on or after January 1, 2018, except as specified, would prohibit a county or city, including the electorate exercising its local initiative or referendum power, in which specified conditions exist, determined by the Department of Housing and Community Development as provided, from enacting a development policy, standard, or condition, as defined, that would have the effect of (A) changing the land use designation or zoning of a parcel or parcels of property to a less intensive use or reducing the intensity of land use within an existing zoning district below what was allowed under the general plan or specific plan land use designation and zoning ordinances of the county or city as in effect on January 1, 2018; (B) imposing or enforcing a moratorium on housing development within all or a portion of the

jurisdiction of the county or city, except as provided; (C) imposing or enforcing new design standards established on or after January 1, 2018, that are not objective design standards, as defined; or (D) establishing or implementing certain limits on the number of permits issued by, or the population of, the county or city, unless the limit was approved prior to January 1, 2005, in a predominantly agricultural county, as defined. The bill would, notwithstanding these prohibitions, allow a city or county to prohibit the commercial use of land zoned for residential use consistent with the authority of the city or county conferred by other law. The bill would state that these prohibitions would apply to any zoning ordinance adopted or amended on or after January 1, 2018, and that any development policy, standard, or condition on or after that date that does not comply would be deemed void.

The bill would state that these prohibitions would prevail over any conflicting provision of the Planning and Zoning Law or other law regulating housing development in this state, except as specifically provided. The bill would also require that any exception to these provisions, including an exception for the health and safety of occupants of a housing development project, be construed narrowly. The bill would also declare any requirement to obtain local voter approval or supermajority approval of any body of the county or city for specified purposes related to housing development against public policy and void.

This bill would authorize the owner of an occupied substandard building or unit in a zone where residential use is a permitted use that receives a notice to correct a violation of a building standard under the State Housing Law or abate a nuisance to submit an application to the enforcement agency requesting that enforcement of the violation or nuisance be delayed for up to 7 years. The bill would authorize the enforcement agency to grant a request to delay enforcement if it determines that correcting the violation or abating the nuisance is not necessary to protect health and safety. The bill would repeal these provisions as of January 1, 2025.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

**Title:** [Emergency Medical Services: Dispatch](#)  
**Fiscal Committee:** no  
**Urgency Clause:** no  
**Disposition:** Pending  
**Location:** Assembly Local Government Committee

**Code Section:** An act to amend Section 53110 of, and to add Section 53100.5 to, the Government Code, and to add Section 1798.8 to the Health and Safety Code, relating to emergency services.

**Summary:** Prohibits a public agency from delegating, assigning, or contracting for 911 emergency call processing or notification duties regarding the dispatch of emergency response resources, unless the contract or agreement is with another public agency. Exempts from that prohibition a public agency that is a joint powers authority that contracted for emergency response resources on or before a specified date, under certain conditions.

**Digest:** This bill would prohibit a public agency from delegating, assigning, or contracting for "911" emergency call processing or notification duties regarding the dispatch of emergency response resources unless the delegation or assignment is to, or the contractor agreement is with, another public agency. The bill would further exempt from that prohibition a public agency that is a joint powers authority that contracted for emergency response resources on or before January 1, 2019, under certain conditions. The bill would state the Legislature's intent to affirm and clarify a public agency's duty and authority to develop emergency communication procedures and respond quickly to a person seeking emergency services through the "911" emergency telephone system.

This bill would provide that medical control or medical direction and management of an EMS system may not be construed to, among other things, limit the authority of a public safety agency to directly receive and administer "911" emergency requests originating within the agency's territorial jurisdiction or authorize a local EMS agency to reduce a public safety agency's response mode or deployment of emergency response resources within the agency's territorial jurisdiction. The bill would also clarify that a public safety agency does not transfer its authority to administer emergency medical services to a local EMS agency by consenting to conform its prehospital response to comply with an EMS dispatch protocol adopted by a local EMS agency.

**Code Section:** An act to add [and repeal](#) Section 21080.50 ~~to~~ [of](#) the Public Resources Code, relating to environmental quality.  
**Summary:** Exempts from the California Environmental Quality Act projects related to the conversion of a structure with a certificate of occupancy as a motel, hotel, apartment hotel, transient occupancy residential structure, or hostel to supportive housing or transitional housing that meet certain requirements.  
**Digest:** This bill would, until January 1, 2025, exempt from CEQA, projects related to the conversion of a structure with a certificate of occupancy as a motel, hotel, apartment hotel, transient occupancy residential structure, or hostel to supportive housing or transitional housing, as defined, that meet certain requirements. Because the lead agency would be required to determine the applicability of this exemption, this bill would impose a state-mandated local program.  
This bill would provide that no reimbursement is required by this act for a specified reason.  
**Introduced:** 02/21/2019  
**Last Amend:** 04/11/2019

**Title:** [Local Agencies: Retailers](#)  
**Fiscal Committee:** no  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Assembly Local Government Committee  
**Hearing:** 06/19/2019 1:30 pm, State Capitol, Room 447  
**Code Section:** An act to amend Section 53084.5 of the Government Code, relating to local government.  
**Summary:** Prohibits a local agency from entering into any form of agreement that would result in the payment, transfer, diversion, or rebate of Bradley Burns local tax revenues to any retailer in exchange for the retailer locating or continuing to

maintain a place of business that serves as the place of sale within the territorial jurisdiction of the local agency if that place of business generates revenue, from the sale of tangible property delivered to and received by the purchaser in another jurisdiction.

**Digest:** This bill would additionally prohibit, on or after January 1, 2020, a local agency from entering into any form of agreement that would result, directly or indirectly, in the payment, transfer, diversion, or rebate of Bradley-Burns local tax revenues to any retailer, as defined, in exchange for the retailer locating or continuing to maintain a place of business that serves as the place of sale, as defined, within the territorial jurisdiction of the local agency if that place of business would generate revenue, from the sale of tangible property delivered to and received by the purchaser in the territorial jurisdiction of another local agency, for the local agency under the Bradley-Burns Uniform Local Sales and Use Tax Law.

The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

**Introduced:** 02/21/2019

**Last Amend:** 04/29/2019

**Status:** 06/03/2019 To ASSEMBLY Committees on LOCAL GOVERNMENT and REVENUE AND TAXATION.

**Title:** [Redevelopment: Bond Proceeds: Affordable Housing](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Committee:** Assembly Housing and Community Development Committee

**Hearing:** 06/19/2019 9:15 am, State Capitol, Room 126

**Code Section:** An act to amend Section 34191.4 of the Health and Safety Code, relating to redevelopment.

**Summary:** Authorizes the successor agency in the City of Glendale to use the remaining bond proceeds for the purposes of predevelopment, development, acquisition, rehabilitation, and preservation of affordable housing. Requires the Last and Final Recognized Obligation Payment Schedule to be adjusted to allow for the allocation of revenues from the Redevelopment Property Tax Trust Fund to the successor agency for purposes of paying the remaining principal and interest on the bonds.

**Digest:** This bill, notwithstanding the requirement that the remaining bond proceeds be used to defease the bonds or to purchase those same outstanding bonds on the open market for cancellation, would authorize the successor agency in the City of Glendale to use the remaining bond proceeds for the purposes of predevelopment, development, acquisition, rehabilitation, and preservation of affordable housing, as defined. The bill, if the remaining bond proceeds are used for these purposes, would require the Last and Final Recognized Obligation Payment Schedule to be adjusted to allow for the allocation of revenues from the Redevelopment Property Tax Trust Fund to the successor agency for purposes of paying the remaining principal and interest on the bonds.

This bill would make legislative findings and declarations as to the necessity of a special statute for the City of Glendale.

**Title:** [Homeless Emergency Aid Program: Funding](#)

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Assembly Housing and Community Development Committee

**Code Section:** An act to amend Sections 50210, 50214, and 50215 of, and to add Sections 50213.5 and 50215.5 to, the Health and Safety Code, relating to [homelessness, and making an appropriation therefor. homelessness.](#)

**Summary:** Appropriates the sum of \$250,000,000 from the General Fund to be used to provide an allocation of funds to administrative entities under the Homeless Emergency Aid program. Specifies an allocation formula based on the homeless point-in-time count for each administrative entity and require administrative entities to apply for funding in a manner similar to existing provisions of the program.

**Digest:** This bill would, upon appropriation, make funding available to the agency to be used to provide an allocation of funds to administrative entities under the program. The bill would specify an allocation formula based on the homeless point-in-time count for each administrative entity and require administrative entities to apply for funding in a manner similar to existing provisions of the program. The bill would require that funds allocated pursuant to these provisions be used to fund programs and provide other assistance that prioritizes meeting the needs of veterans and homeless youth, as defined. The bill would require an administrative entity to report to the agency by January 1 of the year following the year in which it received an allocation pursuant to these provisions. The bill would authorize the agency to monitor expenditures and activities of an administrative entity that receives an allocation and to request the repayment of funds allocated from an administrative entity, or pursue any other remedies available to it by law for failure to comply with program requirements.

**Location:** Assembly Natural Resources Committee

**Code Section:** An act to add and repeal [Section 21168.10](#) [Sections 21168.10, 21176, and 21176.5](#) of the Public Resources Code, relating to environmental quality.

**Summary:** Requires the Judicial Council, in coordination with the Office of Planning and Research, on or before specified dates, to report specified information relating to actions or proceedings brought pursuant to CEQA.

**Digest:** This bill would require the Judicial Council, by July 1, 2020, to adopt a rule of court applicable to an action or proceeding brought to attack, review, set aside, void, or annul the certification of an environmental impact report for an affordable housing project, as defined, or the granting of an approval of an affordable housing project that requires the action or proceeding, including any potential appeals therefrom, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceeding with the court. The bill would provide that these provisions do not apply to an affordable housing project if it is in certain locations. The bill would repeal these provisions on January 1, 2025.

This bill would require the Judicial Council, in coordination with the Office of Planning and Research, on or before specified dates, to report to the Legislature specified information relating to actions or proceedings brought pursuant to CEQA. The bill would repeal these provisions on January 1, 2025.

This bill would state the intent of the Legislature to enact subsequent legislation that would provide additional funding to the courts to enable the courts to adjudicate, in an expeditious manner, actions or proceedings filed pursuant to CEQA.

**Committee:** Assembly Communications and Conveyance Committee

**Hearing:** 06/19/2019 1:30 pm, State Capitol, Room 437

**Code Section:** An act to add Section 53122 to the Government Code, relating to telecommunications.

**Summary:** Requires the Office of Emergency Services, on or before July 1, 2020, to adopt, by regulation, appropriate thresholds for a community isolation outage. Requires a provider of telecommunications services, as defined, that provides access to 911 service to notify the office, as provided, whenever a community isolation outage occurs limiting the provider's customers' ability to make 911 calls or receive emergency notifications.

**Digest:** This bill would require the Office of Emergency Services, on or before July 1, 2020, to adopt, by regulation, appropriate thresholds for a community isolation outage. The bill would, upon the adoption of those regulations, require a provider of telecommunications services, as defined, that provides access to 911 service to notify the office, as provided, whenever a community isolation outage occurs limiting the provider's customers' ability to make 911 calls or receive emergency notifications, within 60 minutes of discovering the outage. The bill would make the office responsible for notifying any applicable county office of emergency services and the sheriff of any county affected by the outage. The bill would require the community isolation outage notification to the office to include the telecommunications provider's contact name, a calling number to be staffed as specified, and a description of the estimated area affected and the number of customers affected by the outage. The bill would require the telecommunications services provider to notify the office of the estimated time to repair the outage and when service is restored. The bill would require the office, except as provided, to keep the community isolation outage notifications confidential.

This bill would make legislative findings to that effect.

**Author:** [Portantino \(D\)](#)

**Title:** Special Education: Individualized Education Programs

**Fiscal Committee:** yes

**Urgency Clause:** no

**Disposition:** Pending

**Location:** Assembly Rules Committee

**Code Section:** ~~An act to add Section 65584.8 to the Government Code, relating to land use planning. An act to amend Sections 56026.3, 56028, 56043, and 56341.5 of, and to add Section 56348 to, the Education Code, relating to special education.~~

**Summary:** Revises the definition of "parent" to specify that it also includes the educational rights holder and the conservator of a child. Requires that a person who meets the definition of "parent," including all categories of people included in that definition, be determined to be the "parent" for purposes of these provisions if there is a judicial decree or order identifying that person.

**Digest:** This bill would revise the definition of "parent" to specify that it also includes the educational rights holder and the conservator of a child. The bill would instead require that a person who meets the definition of "parent," including all categories of people included in that definition, be determined to be the "parent" for purposes of these provisions if there is a judicial decree or order identifying that person, as specified.

The bill would instead require a local educational agency to take any action necessary to ensure that the parent understands the proceedings during the planning process for the individualized education program, including during the individualized education program team meeting. The bill would require this action to include, as applicable, communicating in the parent's native language, or in another mode of communication used by the parent, arranging for an interpreter, providing translation services, and providing alternative communication services, as specified. The bill would require a local educational agency, upon request by a pupil's parent, to translate into the native language of the parent, or into another mode of communication used by the parent, the pupil's completed individualized education program, any revisions to the individualized education program, and certain documents discussed at an individualized education program team meeting. The bill would require, for a parent whose native language is one of the 8

most commonly spoken languages, as provided, excluding English, in a local educational agency, that the completed individualized education program and any revisions to the individualized education program be translated within 30 calendar days of that meeting or within 30 calendar days of a later request. The bill would require the documents to be translated by a qualified translator, as defined. The bill would require the State Department of Education to revise its notice of procedural safeguards, in English and in the primary languages for which the department has developed translated versions, to inform parents of their right to request the translation of these documents. By imposing additional duties on local educational agencies, the bill would impose a state-mandated local program.

The bill would revise the definition of "local educational agency" for purposes of special education programs to include, among others, a charter school participating as a member of a special education local plan area. To the extent that this revision would impose duties on additional charter schools, the bill would impose a state-mandated local program.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

## 88. CA SB 744

**Author:** [Caballero \(D\)](#)  
**Title:** [Planning and Zoning: California Environmental Quality](#)  
**Fiscal Committee:** yes  
**Urgency Clause:** no  
**Disposition:** Pending  
**Committee:** Assembly Housing and Community Development Committee  
**Hearing:** 07/03/2019 9:15 am, State Capitol, Room 126  
**Code Section:** An act to amend Sections 65650, 65651, and 65656 of the Government Code, and to add Chapter 5.5 (commencing with Section 21163) to Division 13 of the Public Resources Code, relating to housing.

**Summary:** Requires the lead agency to prepare concurrently the record of proceeding for a No Place Like Home project, with the performance of the environmental review of the project project if that project is not eligible for approval as a use by right, as described. Requires the lead agency to file and post a notice of determination within 2 working days of the approval of the project.

**Digest:** This bill, if a No Place Like Home project, as defined, is not eligible for approval as a use by right, as described below, would authorize the development applicant to request within a specified time period that the lead agency prepare concurrently the record of proceeding for the project with the performance of the environmental review of the program. Within 2 working days of approval, the bill would require the lead agency, if the project is subject to CEQA, to file and post a notice of determination or, if the project is not subject to CEQA, to file a notice of exemption with the county clerk in each county in which the project is located, in accordance with specified law. The bill would require a person filing an action or proceeding challenging the lead agency's action on the grounds of noncompliance with CEQA to file the action or proceeding within 30 days of the filing of the notice of determination or, in the case of a project that is eligible for approval as a use by right, as described below, the date of the public agency's decision to carry out or approve the project. The bill would apply the Rules of Court, which require an action or proceeding brought against certain projects or the granting of any approval for those projects, including any potential appeals therefrom, to be resolved, to the extent feasible, within 270 days of the filing of the certified record of proceedings with the court, to actions and proceedings against a No Place Like Home project.

This bill would specify that a decision of a public agency to seek funding from, or the department's awarding of funds pursuant to, the No Place Like Home Program is not a project for purposes of CEQA.

This bill would define the term "objective development standards and policies" for these purposes and require that a local government's review of a supportive housing development under these standards and policies be consistent with specified provisions of the Housing Accountability Act. The bill would require that a local government comply with specified requirements before adopting an ordinance providing that a project that qualifies as a use by right under these provisions is subject to design review. The bill would also provide that development of a policy to approve as a use by right a development with a limit higher than 50 units, as described above, is not a project for purposes of CEQA. The bill would specify that its provisions do not prohibit a local government from imposing fees and other exactions, as specified, but would prohibit a local government from adopting any requirement, including increased fees, that applies to a project solely or partially on the basis that the housing project constitutes a permanent supportive housing development or based on the development's eligibility for ministerial approval pursuant to these provisions. The bill would revise the above-described findings of statewide concern to specify that these changes apply to all cities, including charter cities.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.
