AGENDA

May 19, 2021

CITY COUNCIL
HOUSING AUTHORITY
HOUSING AUTHORITY SUCCESSOR AGENCY
6:00 p.m.
Council Chambers
311 Vernon Street
Roseville, California
www.roseville.ca.us/CORTV

The meeting will be open to limited in-person attendance. To remain in compliance with the state's public health guidance, attendance will be limited to 25% of the room's capacity (15 seats) and will require 6 feet of social distancing inside and outside the council chambers. Face coverings are required and will be provided to those who don't have a mask.

Due to the limited capacity in the chambers, the public is highly encouraged to participate virtually. The meeting may be viewed on Comcast channel 14, Consolidated Communications channel 73, and AT&T U-Verse. City Council meetings are also video streamed live and are available on the City's website and YouTube channel.

Members of the public may offer public comment by phone:

Dial in Phone Number: 916-774-5353

If you need disability-related modification or accommodation to participate in this meeting, please contact: Voice: 916-774-5200, TDD: 916-774-5220. Requests must be made as early as possible.

THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

Public Comment - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

Consent Calendar - If applicable, the Consent Calendar consists of routine items that may be

approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

Agenda Items - Speakers have five minutes to address items that are listed on the agenda.

Americans with Disabilities Act - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

Audio/Visual Presentations - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Security procedures are in place to attend Roseville City Council meetings. All attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be allowed entry. Prohibited items include, but are not limited to: firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/ any weapons and/or dangerous devices of any kind, illegal drugs and alcohol.

Roseville City Clerk 311 Vernon Street, Roseville, CA 916-774-5200 TDD 916-774-5220

6. PUBLIC COMMENTS

7. CONSENT CALENDAR

BEGINNING OF CONSENT CALENDAR

Bids / Purchases / Services

7.1. Building Plan Check and Inspection Services - On-Call Professional Services Agreement

Memo from Management Analyst Brandy LeBeau and Development Services

Director Mike Isom recommending the City Council adopt RESOLUTION NO. 21-205 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND TRB AND ASSOCIATES, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; adopt RESOLUTION NO. 21-206 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND 4LEAF, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-207 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND BUREAU VERITAS NORTH AMERICA, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-208 APPROVING AN ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND INTERWEST CONSULTING GROUP, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests approval of agreements with TRB + Associates, Inc., 4Leaf, Inc., Bureau Veritas North America, Inc., and Interwest Consulting Group Inc. for building plan check and inspection services. Each contract shall not exceed $350,000 in any one fiscal year, unless approved by the City Council via contract amendment. Funding of these agreements is provided through pass-through funds at building permit issuance. These agreements will not have an impact on the General Fund.

7.2. Tree Pruning and Maintenance - Service Agreement Amendment

Memo from Urban Forester Michael Neumann and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 21-232 APPROVING A FIRST AMENDMENT TO SERVICE AGREEMENT FOR TREE PRUNING AND TREE MAINTENANCE SERVICES, BY AND BETWEEN THE CITY OF ROSEVILLE AND WEST COAST ARBORISTS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. A service agreement for tree pruning and tree maintenance services was approved by Council on June 2, 2016. The approval included a five-year base contract with an optional five-year renewal. The base agreement period expires June 2021, and it is staff's recommendation to exercise the five-year renewal option. West Coast Arborists, Inc. annually prunes over 5,000 City trees through routine grid pruning cycles and has successfully maintained Roseville's urban forest for the last five years through this contract. The total financial impact for the City of Roseville over the next five (5) years will be a not-to-exceed amount of $4,840,555.05. Funding of this contract combines allocations between the General Fund, Golf Course Fund, Preserve Fund, Native- and Non-Native Tree Mitigation Funds, and Community Facilities Districts and Lighting & Landscape Districts approved through the

annual budget process.

7.3. Vegetation Management & Firebreak Services - Contract Purchase Agreement

Memo from Parks, Recreation & Libraries Superintendent Eric Dexter and Parks, Recreation and Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 21-237 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND CAGWIN & DORWARD, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends Council authorize the award of a contract purchase agreement to Cagwin & Dorward landscape contractors that includes a one (1) year base term with the option of four (4) additional one (1) year extensions, not to exceed the annual budgeted amounts. The amount of the service agreement for FY2021-22 is $160,000 and will not exceed $849,461 over the five-year period. Funding will come from General Fund budgets from the Parks, Recreation & Libraries Department and the Public Works Department

7.4. Lateral Launch Camera for Sewer Inspection - Sole Source Purchase Order

Memo from Environmental Utilities Process Engineer Todd Jordon and Environmental Utilities Director Richard Plecker recommending the City Council approve the award of a sole source purchase order with Weco Industries for a lateral launch sewer inspection camera. The only lateral launch camera compatible with the City's equipment is from Cues. Weco Industries is the sole licensed Cues vendor for the sales territory in which Roseville is located. The total cost of the camera package is $152,225. Funding is included in the Wastewater and Recycled Water Reliability Project in the Wastewater Rehabilitation Fund.

7.5. Vehicle – Purchase Orders

Memo from Fleet Manager Brian Craighead and Public Works Director Jason Shykowski recommending the City Council approve a purchase order to Napa Valley Ford Lincoln Mercury, Inc. dba Napa Ford for two Ford F250 utility body trucks utilizing RFQ 10-3299 in the amount of $94,208; and approve a sole source purchase order to Altec Industries, Inc. for one Altec TA60 articulating telescopic aerial device in the amount of $361,838. Funding for these vehicles is included in the FY2020-21 Fleet Replacement budget.

Resolutions

7.6. Fire Station 5 Fuel Convault Project - Notice of Completion

Memo from Administrative Technician Tisha Chinn and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-227 ACCEPTING THE PUBLIC WORK KNOWN AS THE FIRE STATION 5 FUEL CONVAULT PROJECT, APPROVING THE "NOTICE OF COMPLETION", AND AUTHORIZING THE PUBLIC WORKS DIRECTOR TO EXECUTE SAID NOTICE ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends Council accept the Fire Station 5 Fuel Convault project as complete. The fuel tank project included the design, tank placement, permits and paint. The fuel tank is now operational. The total cost of this project was $101,699. The Fire Station 5 Fuel Convault project was budgeted in the Building Fund and Facility Rehabilitation Fund.

7.7. 505 Royer Street Demolition Project - Notice of Completion

Memo from Administrative Technician Tisha Chinn and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-204 ACCEPTING THE PUBLIC WORK KNOWN AS THE 505 ROYER STREET DEMOLITION PROJECT, APPROVING THE "NOTICE OF COMPLETION", AND AUTHORIZING THE PUBLIC WORKS DIRECTOR TO EXECUTE SAID NOTICE ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends the City Council accept the 505 Royer Street Demolition project as complete. The total cost of the project was $69,477 with no contingency and was paid for out of the FY2020-21 General Fund Rental Facilities - Renovation and Restoration project budget.

CC #: 1461

File #: 0900-01

7.8. 5480 Phillip Road Demolition - Notice of Completion

Memo from Administrative Technician Tisha Chinn and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-203 ACCEPTING THE PUBLIC WORK KNOWN AS THE 5480 PHILLIP ROAD DEMOLITION PROJECT, APPROVING THE "NOTICE OF COMPLETION", AND AUTHORIZING THE PUBLIC WORKS DIRECTOR TO EXECUTE SAID NOTICE ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends the City Council accept the 5480 Phillip Road Demolition project as complete. The total cost of the project was $119,892. Change orders were authorized on an as-needed basis for up to 10% or $11,989.20, as a construction contingency, but were not needed. The project was funded out of the approved FY2020-21 General Fund Rental Facilities - Renovation and Restoration project budget.

CONTACT: Tisha Chinn 916-774-5702 tchinn@roseville.ca.us

7.9. Wastewater Treatment Plant Capacity Analysis (RFP 08-081) - Professional Services Agreement

Memo from Environmental Utilities Process Engineer Todd Jordan and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 21-233 APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WOODARD & CURRAN INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. This item requests approval of a professional services agreement with Woodard & Curran Inc. for the Dry Creek and Pleasant Grove Wastewater Treatment Plant Capacity Evaluation project. The total cost of the agreement is $1,034,334. The Dry Creek and Pleasant Grove Wastewater Treatment Plant Capacity Evaluation Project is funded by the South Placer Wastewater Authority.

CC #: 1476

File #: 0800-02

CONTACT: Todd Jordan 916-746-1829 tjordan@roseville.ca.us

7.10. Electric Interconnection - Contract Amendment

Memo from Power Engineering Manager Chris Porter and Electric Utility Director Michelle Bertolino recommending the City Council adopt RESOLUTION NO. 21-209 APPROVING REVISION 1 TO EXHIBIT F TO WESTERN AREA POWER ADMINISTRATION AGREEMENT 04-SNR-00850, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends Council approve Revision 1 to Exhibit F of Contract 04-SNR-00850 to enable the Western Area Power Administration to continue to perform required work in support of the installation of a second transformer at Fiddyment Substation in the amount of $200,000. Funds are included in the Electric Department FY2020-21 budget.

CC #: 1464

7.11. Bus Shelters #99, #101 and #147 - Transit Bus Shelter Construction Fee Agreements and Satisfaction and Release

Memo from Alternative Transportation Analyst Alison Winter and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-228 APPROVING A TRANSIT BUS SHELTER CONSTRUCTION FEE AGREEMENT BETWEEN CITY OF ROSEVILLE AND ELLIOT HOMES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-229 APPROVING A TRANSIT BUS SHELTER

CONSTRUCTION FEE AGREEMENT BETWEEN CITY OF ROSEVILLE AND ELLIOT HOMES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-230 APPROVING A TRANSIT BUS SHELTER CONSTRUCTION FEE AGREEMENT BETWEEN CITY OF ROSEVILLE AND ELLIOT HOMES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-231 APPROVING A SATISFACTION AND RELEASE WITH RESPECT TO THE DEFERRED IMPROVEMENT AGREEMENT – STONERIDGE EAST VILLAGE 3, BETWEEN THE CITY OF ROSEVILLE AND ELLIOT HOMES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff recommends Council approve Transit Bus Shelter Construction Fee Agreements for the construction of Bus Shelter #99, #101, #147. The construction fee agreements allow the developer to pay the City the current cost of constructing a bus shelter, which the City will complete when the shelter is needed, in exchange for terminating the deferred improvement agreements and releasing their associated bonds. The construction fee of $10,000 per shelter, totaling $30,000 for the three (3) agreements, provides security for Bus Shelters #99, #101, #147 to be installed in the future with no fiscal impact to the City's General fund or the Alternative Transportation Division's Transportation Development Act funds.

CONTACT: Alison Winter 916-774-5365 awinter@roseville.ca.us

7.12. HOUSING AUTHORITY - Administrative Plan Amendment

Memo from Housing Supervisor Suzi Cook-Turner and Economic Development Director Laura Matteoli recommending the City Council adopt RESOLUTION NO. 5-21 APPROVING THE UPDATED ROSEVILLE HOUSING AUTHORITY ADMINISTRATIVE PLAN. Staff requests Council receive an update to Roseville Housing Authority's Housing Choice Voucher Administration Plan. This report requests approval of the proposed updates to the plan amending and streamlining the background check process. This will increase costs by $1,500 per year which will be absorbed by Roseville Housing Authority's Housing Choice Voucher Administrative Fees. These actions have no impact on the City's General Fund.

7.13. Retiree Health Benefits Plan - Trust Agreement Amendment, Revised Investment Policy Statement, and Trust Investment Portfolio Performance Update

Memo from Accounting Manager Nick Rosas and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-235 APPROVING AMENDMENT NO. 3 TO THE

POST-EMPLOYMENT WELFARE BENEFITS PROGRAM TRUST, BY AND BETWEEN U.S. BANK NATIONAL ASSOCIATION, AS SUCCESSOR TRUSTEE TO UNION BANK, N.A., PFM ASSET MANAGEMENT LLC AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 21-2 3 6 APPROVING THE REVISED OTHER POST-EMPLOYMENT BENEFITS TRUST (OPEB) INVESTMENT POLICY STATEMENT. Staff recommends Council approve the 3rd amendment to the Post-Employment Welfare Benefits Program Trust agreement to accept lower fees from PFM Asset Management LLC (PFM) for managing the investment portfolio. PFM offered to amend the agreement to lower fees because the portfolio has grown significantly due to City contributions and their fees are based on the size of the portfolio. Staff also recommends approving the revised Other Post-Employment Benefits (OPEB) Trust Investment Policy Statement, an exhibit to the Trust agreement, to incorporate expanded definitions and clarifying language recommended by PFM, as well as to provide a clear limit on other alternate investment asset classes. Staff also recommends City Council accept the summary of FY2020-21 OPEB Trust Fund portfolio investment performance results through December 31, 2020. The fiscal impact of this item is to lower the costs of investment management charged to the investment trust by approximately $122,500 per year, thereby reducing future City contributions to the trust fund to finance retiree health benefits.

Ordinances (for introduction and adoption - appropriation/urgency measures)

7.14. Emergency Medical Services Program - Capital Asset Donation and Budget Adjustment

Memo from Assistant Fire Chief Brian Diemer and Fire Chief Rick Bartee recommending the City Council adopt ORDINANCE NO. 6365 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2020-21 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve the FY2020-21 budget adjustment for $9,548 in reimbursable maintenance and accept a donation of $27,666 in capital assets from the EMS Fund managed by the Sierra-Sacramento Valley EMS Agency. The Fire Department has received two LUCAS chest compression system devices for the Emergency Medical Services (EMS) program through the EMS Fund managed by the Sierra-Sacramento Valley (S-SV) EMS Agency, a Placer County government agency responsible for regulating EMS services in the county. The devices improve the quality and consistency of chest compressions, increase End-tidal CO2 levels as well as being able to sustain life-saving circulation during prolonged resuscitation attempts. The capital asset donation and reimbursable maintenance is provided through S-SV with

no impact to the General Fund.

7.15. Fiddyment Ranch Phase 3 Trail Project - City/Developer Reimbursement Agreement Amendment and Budget Adjustment

Memo from Alternative Transportation Analyst Jeannie Gandler and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 21-210 APPROVING A FIRST AMENDMENT TO CITY/DEVELOPER REIMBURSEMENT AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND JEN CALIFORNIA 15, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6364 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2020-21 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. The proposed action would approve a budget adjustment in the amount of $318,886, and amend the reimbursement agreement between the City and JEN California 15, LLC by the same amount to allow for construction of two additional trail segments within the West Roseville Specific Plan (WRSP) open space parcels F-84 and F-85, between Fiddyment Road and Blue Oaks Boulevard. Funding for the project is from the Neighborhood Park - WRSP Fund. General Fund resources will not be used for this project.

7.19. Staffing Changes

Memo from Human Resources Manager Linda Hampton and Human Resources Director Stacey Peterson recommending the City Council approve the citywide allocation schedule reflecting staffing changes in the Environmental Utilities Department, the Electric Department, and the City Attorney's Office. These changes are part of an ongoing assessment of the appropriate staffing levels and structure to provide a high level of service to the community. The impact to the General Fund for the remainder of FY2020-21 is a savings of $3,222. The impact to the Environmental Utilities funds is a savings of $5,924 for the rest of FY2020-21. The impact to the City's Electric Fund is additional costs totaling $5,394 for the remainder of FY2020-21. The ongoing costs and savings associated with these recommended allocation adjustments will be incorporated into the FY2021-22 budget.

8. ORDINANCES

8.1. HOUSING SUCESSOR AGENCY/CITY COUNCIL - Homeless Prevention and Rapid Rehousing - Funding Allocations and Budget Adjustment

Memo from Housing Analyst Suzanne Acrell and Economic Development Director Laura Matteoli recommending the City Council adopt RESOLUTION NO. 21-234 APPROVING FUNDING RECOMMENDATIONS AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO EXECUTE GRANT AGREEMENTS ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6366 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2020-21 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests approval of funding recommendations for the 2021 Homeless Prevention and Rapid Rehousing Program and a budget adjustment totaling $2,280,020 from the Low/Moderate and Permanent Local Housing Allocation funds. The Homeless Prevention and Rapid Rehousing grant program significantly reduces instances and durations of homelessness in Roseville and has reduced costs both to the City of Roseville and to the community as a whole. For many years, the General Fund previously funded commitments for the hotel voucher program. The recommended actions do not result in any cost to the General Fund.

NOTICE TO THE PUBLIC

City Council, when considering the matter scheduled for hearing, will take the following actions:

1. Open the Public Hearing
2. Presentation by Staff
3. Presentation by applicant or Appellant
4. Accept Public Testimony
5. Appellant or Applicant Rebuttal Period
6. Close the Public Hearing
7. City Council Comments and Questions
8. City Council Action

In the future, if you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues, which you, or someone else raised orally at the Public Hearing or in written correspondence received by the City or before the hearing

Public Hearings listed for continuance will be continued as noted and posting of this

agenda serves as notice of continuation.

10.1. 2021/2022 Landscaping and Lighting District Assessments - Engineer's Annual Levy Report, Ordering the Levy and Collection of Assessments

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 21-211 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-212 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-213 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-214 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-215 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-216 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-217 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-218 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-219 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-220 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-221 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S

ANNUAL LEVY REPORT FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-222 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-223 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-224 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-225 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022; and adopt RESOLUTION NO. 21-226 OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022. The City currently has eight active Landscaping and Lighting Districts (LLDs). These districts were formed within the City to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code, and Article XIIID of the California Constitution. All charges are needed to fully fund landscape services in each LLD. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels. There is no impact to the General Fund.

10.2. Resolution Ordering Abatement of All Weeds, Rubbish, and Rank Growths

Memo from Fire Division Chief Jason Rizzi and Fire Chief Rick Bartee recommending the City Council adopt RESOLUTION NO. 21-202 ORDERING THE DESTRUCTION OR REMOVAL OF ALL WEEDS, DIRT, RUBBISH AND RANK GROWTHS IN THE CITY OF ROSEVILLE, AND OVERRULING ANY AND ALL OBJECTIONS THERETO. This item is the second and final step necessary to initiate the 2021 Weed Abatement Program. Owners of private parcels that are abated by the City are responsible for the costs associated with providing abatement services. A bill is sent to each property owner detailing the abatement costs, as well as an administrative fee. If the property owner fails to pay the bill, the City places a lien on the subject property and the monies owed are reimbursed through the property tax collection process.

Retirement Resolution - Bob Schmitt

Resolution

WHEREAS, Bob interned for the City Attorney's Office while in law school as the office's first law clerk; and

WHEREAS, Bob was hired on February 3, 1999 as an Associate City Attorney, was subsequently promoted to Deputy City Attorney I, Deputy City Attorney II, and Senior Deputy City Attorney, was promoted to Assistant City Attorney on March 17, 2007, and was promoted to City Attorney on February 21, 2015; and

WHEREAS, as a Deputy City Attorney, Bob created the first utility attorney position and successfully resolved many legal issues and disputes arising out of the permitting and construction of the Roseville Energy Park; and

WHEREAS, as Assistant City Attorney, Bob oversaw the complex process involved in dissolving the Redevelopment Agency of the City of Roseville and negotiated and drafted numerous development agreements, including the Sierra Vista Specific Plan; and

WHEREAS, due to Bob's aggressive defense and handling of lawsuits, close coordination with Risk Management, and working closely with City staff across all City departments to optimize the City's legal position and avoid unnecessary risk, as City Attorney Bob reduced the City's number of active lawsuits from an average of 22 to 25 cases per year to 9 to 12 cases per year; and

WHEREAS, due to these litigation and claim strategies, Bob and Risk Management achieved one of the best loss ratios among the members of the California Joint Powers Risk Management Authority and reduced the City's general fund expenditures on liabilities by over $2.5M over the past five years when compared to the previous five years; and

WHEREAS, during his tenure as City Attorney, the City Attorney's Office resolved a total of 54 lawsuits, with only 17 requiring a financial settlement and with no nuisance settlements paid; and

WHEREAS, Bob successfully managed more than a tripling of requests for legal services while City Attorney with no additional staffing, with the City Attorney's Office resolving an incredible 95,800 requests for legal services from 2015 through 2020; and

WHEREAS, after Governor Newsom issued an Executive Order ordering all of California to stay at home on March 19, 2020, Bob successfully transitioned staff to working from home without a reduction in services as evidenced by the City Attorney's Office's successful handling of a record number of 20,920 requests for legal services in fiscal year 2020; and

WHEREAS, due to Bob's leadership and guidance during the stay at home order, the City Attorney's Office provided effective and timely COVID-19 responses including preparing and advising on the Proclamation of Emergency, preparing 16 Executive Orders, advising on contracting and budgeting processes to assure CARES Act financing assistance and reimbursement, developing a code enforcement strategy, interpreting and advising on a myriad of labor and employment laws newly enacted due to the pandemic, assisting Economic Development with small business loans and grants, and assisting the City's utilities with various rate relief programs and with account delinquencies; and

WHEREAS, Bob's staff is grateful for his philosophy on succession planning and training which included a comprehensive approach to management and personnel development within the City Attorney's Office; and

WHEREAS, Bob's staff will sorely miss his leadership, his extensive legal knowledge, his creative problem solving skills, his calm demeanor, and his quirky humor.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, that **BOB SCHMITT** be commended for his 22 years of outstanding service and dedication to the City of Roseville, congratulated for his accomplishments and wished a long, healthy, and enjoyable retirement.

SIGNED AND APPROVED this 19th day of May, 2021.

Description

LGBTQ Pride Month June 2021 - Proclamation

Proclamation

LGBTQ PRIDE MONTH

JUNE 2021

WHEREAS, the City of Roseville has a diverse LGBTQ community and is committed to supporting dignity and equity for all people in the community; and

WHEREAS, the residents, students, city employees and business owners within the City of Roseville who contribute to the enrichment of our City are a part of the LGBTQ community; and

WHEREAS, communities that support diversity and inclusion efforts help reduce rates of hate crime and youth suicides; and

WHEREAS, our nation was founded on the principle of equal rights for all people but that promise is still a work in progress; and

WHEREAS, 52 years ago, on June 28, 1969, at the Stonewall Inn in New York City, a courageous group of citizens rose up against harassment and mistreatment, setting in motion a chain of events that would become known as the Stonewall Riots and the birth of the modern LGBTQ civil rights movement; and

WHEREAS, LGBTQ Pride celebrations have taken place around the country every June to commemorate this historic turning point in our civil rights history when citizens fought against discriminatory criminal law that have since been declared unconstitutional; and

WHEREAS, advancements have been made with respect to equitable treatment of LGBTQ persons throughout the nation, but people from this community continue to struggle for inclusion making it important for cities like Roseville to stand up and show support for our residents who are affected; and

WHEREAS, the City of Roseville has stated diversity as one of its core values and benefits from that designation as cited in the money.com survey of 2020 listing Roseville one of the best places to live in the United States, partially based on its diversity; and

WHEREAS, the City Council has added a strategy to its four-year strategic plan to "Strengthen anti-racism and inclusion efforts in partnership with the community" to its "Safe and Healthy Community" priority, with a pledge to strengthen inclusiveness, equality, and justice efforts in partnership with the community for all.

NOW THEREFORE, I, KRISTA BERNASCONI, MAYOR OF THE CITY OF ROSEVILLE, CALIFORNIA do hereby proclaim the month of June as **LGBTQ PRIDE MONTH** in the City of Roseville, and invite everyone to reflect on ways we all can live and work together with a commitment to mutual respect and understanding.

Title:	Building Plan Check and Inspection Services - On-Call Professional Services Agreement
Contact:	Brandy LeBeau 916-774-5278 blebeau@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.1.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt resolutions to approve four (4) professional service agreements for building plan check and inspection services with 4Leaf, Inc., Bureau Veritas North America, Inc., Interwest Consulting Group Inc., and TRB + Associates, Inc., and authorize the City Manager to execute them.

BACKGROUND

The Development Services Department is required to perform plan review and inspection of all residential and commercial building construction within the City. During periods of significant development activity, the Department outsources much of its building plan review to qualified consulting firms in order to maintain targeted turnaround times. The Department also relies on contract inspectors from time to time when experiencing prolonged vacancies or responding to peak demand. In addition to assisting with peak workloads, these firms also provide specialty plan check and inspection services sometimes required for more complex development projects, or where specialized licenses are required. The use of consultants strengthens the Development Services Department's ability to handle large peak workloads while maintaining a high level of customer service to its customers.

Consistent with the City's contracting requirements, staff issued a Request for Proposals (RFP) for building plan review and inspection services on November 13, 2020. Ten firms submitted proposals in response to the RFP. Bureau Veritas North America, Inc., 4LEAF, Inc., Interwest Consulting Group, Inc., and TRB + Associates, Inc. ranked highest in terms of experience and qualification of firm and proposed staff, understanding of the services requested and proposed costs. Consistent with best practices, four separate firms will be engaged to eliminate any possible conflicts of interest that may arise as a result of one or more firms' existing or future contracts with other private entities. For consistency and to ensure the City's customer service expectations are met, staff will train and meet with the consultant firms on a quarterly basis throughout the duration of the contracts.

If approved, the term of the four contracts would commence on July 1, 2021 and expire on June 30, 2022. The contracts authorize the City Manager to extend each agreement in one-year increments for up to an additional four years.

FISCAL IMPACT

There is no General Fund impact associated with this request. Each contract shall not exceed $350,000 in any one fiscal year, unless approved by the City Council via contract amendment. The Building Division accounts for these professional services as part of the annual budget process. Budget adjustments are proposed as-needed to reflect any increase or decrease in workload and corresponding costs. The full cost of these services is paid by the applicant via administrative and building permit fees paid at the time services are rendered.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CC #: 1474
File #: 0203-10

Title:	Tree Pruning and Maintenance - Service Agreement Amendment
Contact:	Michael G. Neumann 916-774-5579 mneumann@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.2.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution to approve the first amendment to service agreement for the extension of tree pruning and tree maintenance services with West Coast Arborists, Inc., and authorize the City Manager to execute the Agreement.

BACKGROUND

The City's Parks, Recreation & Libraries Department maintains over 44,000 City trees in parks, landscapes, streetscapes, and municipal golf courses and approximately 80,000-120,000 in preserves and open space areas throughout the City.

On March 14, 2016 a Request for Proposals was released for citywide tree pruning and tree maintenance services. Additional on-call services included citywide tree planting, tree removal, stump grinding, emergency response, storm & debris clean up, plant healthcare applications, specialty pruning, arborist services and 24/7 emergency response for downed trees, broken branches and assists during storm events.

A service agreement was approved by Council on June 2, 2016. The approval included a five-year base contract with an optional five-year renewal. The base agreement period expires June 2021.

West Coast Arborists, Inc. annually prunes over 5,000 City trees through routine grid pruning cycles and has successfully maintained Roseville's Urban Forest through this contract.

WCA provided three alternative proposals that provided various inflation factors. Note that the initial five-year base agreement did not include inflation so the unit pricing held steady since 2016. After careful review of the three options, staff believes the attached rate schedule is a fair proposal that allows for reasonable cost adjustments spread over the next five years.

Based on the successful performance and execution of the base agreement, staff recommends approval of the five-year extension.

FISCAL IMPACT

The total financial impact over the next five (5) years will be a not-to-exceed amount of $4,840,555.05.

Funding of this contract combines allocations between the General Fund, Golf Course Fund, Preserve Fund, Native- and Non-Native Tree Mitigation Funds, and Community Facilities Districts and Lighting & Landscape Districts approved through the annual budget process.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of a first amendment to a service agreement for tree pruning and tree maintenance services meets the above criteria and is not subject to CEQA. No additional environmental review is required.

FIRST AMENDMENT TO

TREE PRUNING AND TREE MAINTENANCE SERVICES

SERVICE AGREEMENT

THIS FIRST AMENDMENT TO AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and West Coast Arborists, Inc., a California corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into a Services Agreement dated July 6, 2016 ("Agreement") regarding tree pruning and tree maintenance services ("Project"); and

WHEREAS, CITY desires to exercise its option to extend the Agreement for an additional five (5) years; and

WHEREAS, CONSULTANT is willing and able to provide such additional services.

NOW, THEREFORE, the parties agree as follows:

1. Section 1 of the Agreement is amended by adding an additional paragraph to read as follows:

"CITY is exercising its option to extend the term of the Agreement for an additional five (5) year period commencing July 1, 2021 and ending on June 30, 2026".

2. Section 3 of the Agreement is amended by adding an additional paragraph to read

as follows:

"For its services provided hereunder to this First Amendment to Agreement, CONTRACTOR shall be compensated in accordance with the cost proposal as described in EXHIBIT "A" and incorporated herein by this reference. Total compensation for the term of this First Amendment to Agreement shall not exceed four million, eight hundred forty thousand, five hundred fifty-five dollars and five cents ($4,840,555.05). This brings the total not to exceed contract amount to nine million, one hundred forty-three thousand, two hundred seventy dollars and sixty-five cents ($9,143,270.65)."

3. Section 9 of the Agreement is hereby replaced in its entirety and shall read as follows:

"9. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations."

4. Section 10 of the Agreement is hereby replaced in its entirety and shall read as follows:

"10. Prevailing Wages. When applicable, for purposes of this Agreement, CONSULTANT and its subcontractors shall comply with all applicable prevailing wage laws, e.g., but not limited to, California Labor Code Sections 1770 et seq. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred

dollars ($200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address:

http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal, and will

not under any circumstances be considered as the basis of a claim against CITY or the Agreement."

5. Section 15 of the Agreement is hereby amended by adding an additional paragraph to read as follows:

"CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY."

6. Section 23 of the Agreement is hereby amended by adding an additional paragraph to read as follows:

"CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and

location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement."

7. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this First Amendment to Agreement to be executed.

COUNCIL COMMUNICATION

CC #: 1483
File #: 0704

Title:	Vegetation Management & Firebreak Services - Contract Purchase Agreement
Contact:	Eric Dexter 916-746-1769 edexter@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.3.

RECOMMENDATION TO COUNCIL

Staff recommends Council adopt a resolution authorizing the City Manager to execute the contract purchase agreement with Cagwin & Dorward Landscape Contractors allowing for installation of fire breaks and reduction of vegetation on City owned properties. Additionally, authorize the City Manager to execute the remaining renewal years without further Council approval, contingent upon approval of the PRL budget in each subsequent year as well as approval of bonds by the City Attorney's office.

BACKGROUND

The City of Roseville is required by Title 14 California Code of Regulation, per California Department of Forestry and Fire protection to install firebreaks on City property prior to July 1st of each year. A minimum 30-foot firebreak is installed between residential structures and City-owned open space. The City has utilized a combination of City staff and contract staff to complete the task of firebreak installation. We install roughly 200 acres of firebreaks throughout the City, which consist of 125 locations. There are an additional 102 locations that include vegetation reduction and management for clearance, asset protection and other regulatory measures that will also be conducted as part of the project. Services in this contract may be utilized by Park Operations, the Public Works Department and the Environmental Utilities Department.

In March 2021 a Request for Proposals (RFP-13-097) was issued for vegetation management and firebreak services. Four companies submitted proposals. The companies were evaluated by staff from the Parks Division. Cagwin & Dorward Landscape Contractors was selected based on experience, understanding and ability to complete the project in a timely manner.

FISCAL IMPACT

The one (1) year base term of this agreement, with the option of four (4) additional one (1) year extensions, will not exceed annual budgeted amounts. The amount of the service agreement for FY2021-22 is $160,000; FY2022-23, $164,800; FY2023-24, $169,744; FY2024-25, $174,836;

and FY2025-26, $180,081.

ENVIRONMENTAL REVIEW

The proposed project involves minor alteration in the condition of the land, water, and or vegetation which will not remove healthy, mature scenic trees. This activity is categorically exempt from CEQA as a Class 4 Exemption (State CEQA Guidelines Section 15304). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Respectfully Submitted,

Eric Dexter, Parks, Recreation & Libraries Superintendent

Resolution 21-237

Contract Purchase Agreement Vegetation Management & Firebreak

RESOLUTION NO. 21-237

APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND CAGWIN & DORWARD, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a contract purchase agreement (3001155) for vegetation management and firebreak services, between the City of Roseville and Cagwin & Dorward, has been reviewed by the Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute four (4) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2021, by the following vote on roll call:

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.

3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.

4. Time is of the essence of this Agreement.

5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.

6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.

7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.

8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.

9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over $25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm.

10. Contractor agrees to the below insurance requirements:

    a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.

b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:

(1) the minimum coverage and limits specified in this Agreement; or
(2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

d. Cancellation/Modification. Contractor shall provide ten (10) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.

e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.

f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General

Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.

13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.

18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

19. Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

20. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

    CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.
21. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.

22. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

COUNCIL COMMUNICATION

CC #: 1473
File #: 0203-09

Title: Lateral Launch Camera for Sewer Inspection - Sole Source Purchase Order
Contact: Todd Jordan 916-746-1829 tjordan@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.4.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council approve the award of a sole source purchase order with Weco Industries to purchase a lateral launch sewer inspection camera.

BACKGROUND

A lateral launch camera allows for a closed-circuit television (CCTV) assessment of pipes, including mainline and lateral pipelines. During the inspection process, the pipelines are visually inspected for root intrusion, pipe defects, and pipe structural issues.

This camera would increase workload efficiency by over 60 percent for Wastewater Collection Division programs such as cleanout installations, condition assessment, and Underground Service Alerts (USA). A higher number of cleanouts can be located with less staff and with higher precision. USA's labor would be reduced significantly for projects such as the Verizon 5G. Lastly, traffic exposure during condition assessments would be reduced because this camera allows staff to inspect longer sections of main and almost eliminates the need to enter residential properties to probe around yards and landscapes in attempt to locate cleanouts.

Adding the lateral launch camera to our CCTV system will save approximately 4,260 man-hours of labor so staff can be redeployed to other division efforts. This reduction in man-hours equates to a savings of approximately $157,000 to these programs. The cost of the camera is $152,225 resulting in a payback after just one year.

Wastewater Collection Closed Circuit Television Vans each have Cues equipment installed. The only lateral launch camera compatible with this equipment is one from Cues. Cues allows one designated vendor per local sales territory. Weco Industries is the sole licensed Cues vendor for the sales territory in which Roseville is located.

The purchase of the camera will be funded by the Wastewater and Recycled Water Reliability Project (400146). This project was established to develop new wastewater technologies to increase system reliability.

FISCAL IMPACT

The cost of the lateral launch sewer inspection camera is $152,225 and will be funded by available resources in the Wastewater and Recycled Water Reliability Project (400146) in the Wastewater Rehabilitation Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA Guidelines §15061(c)(3) and §15378.

Approval of a purchase order for a lateral launch sewer inspection camera meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Title: Vehicle – Purchase Orders
Contact: Brian Craighead 916-774-5731 bcraighead@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.5.

RECOMMENDATION TO COUNCIL

RFQ 10-3299
Staff recommends Council approve a purchase order to Napa Valley Ford Lincoln Mercury, Inc. dba Napa Ford for two Ford F250 utility body trucks utilizing RFQ 10-3299 as a replacement for Fleet ID 06-287 and one fleet addition approved in the FY2020-21 Fleet Replacement budget. The total cost including options and sales tax is $94,208.

Sole Source
Staff recommends Council approve a sole source purchase order to Altec Industries, Inc. for one Altec TA60 articulating telescopic aerial device as a fleet addition approved in the FY2020-21 Fleet Replacement budget. The total cost including options and sales tax is $361,838.

BACKGROUND

RFQ 10-3299
The Environmental Utilities Department's Water Distribution division is purchasing one Ford F250 utility body truck as a fleet addition. This truck is used by staff to support the advanced metering infrastructure (AMI) implementation project which includes meter accuracy testing, large meter change out, and small meter retrofit. The truck will also be available for emergency response for fire hydrant repairs and finance work orders for both residential and commercial customers.

The Public Works Department's Building Maintenance division is purchasing one Ford F250 utility body truck as a replacement for Fleet ID 06-287. This truck is assigned to a building maintenance technician to carry tools or materials needed to perform maintenance and repair on City buildings. In addition, this truck will be used to haul equipment trailers and respond to after-hours emergencies.

RFQ 10-3299 included vehicle options which were not selected so the PO price will be lower than the total bid price.

A formal bid was issued with the following vendor responses:

Vendor Total price (with all potential options)
Towne Ford $107,720.00
Redwood City, CA

Napa Ford Lincoln $98,119.00
Napa, CA

Sole Source
Roseville Electric is purchasing one Altec TA60 articulating telescopic aerial device as a fleet addition. A sole source is needed to purchase the Altec TA60 since Altec is the exclusive factory authorized manufacturer and distributor of Altec bodies, parts and services. This truck will be used daily to perform work on the overhead electrical distribution system. This smaller size of this truck is necessary to perform work in alleys and narrow roadways. The smaller footprint of the vehicle will also be less impactful to traffic when working in the roadway.

The Altec TA60 will be equipped with a Jobsite Energy Management System (JEMS) hybrid electric system. The City is going to utilize California's hybrid and zero-emission truck and bus voucher incentive project (HVIP) to receive a $30,000 credit towards the purchase of the JEMS electric hybrid components. JEMS is an integrated plug-in system that uses stored electrical energy to power the aerial device, tools and exportable power, and provides cab comfort. The energy storage system is recharged by plugging into shore power or by the truck's internal combustion engine.

Vehicle replacements are based on the Fleet Scoring System which considers factors such as age, mileage, reliability, prior maintenance and repair costs, and current condition. Below are the vehicle replacement scores. A score of 23 or more indicates the vehicle is eligible for replacement.

Vehicle ID	Replacement Score	Vehicle Condition
06-287	31	Meets City replacement criteria

FISCAL IMPACT

RFQ 10-3299
The total cost of two Ford F250 utility body trucks including options and sales tax is $94,208. Funding is included in the FY2020-21 Fleet Replacement budget.

Sole Source
The total cost of one Altec TA60 articulating telescopic aerial device including options and sales tax is $361,838. Funding is included in the FY2020-21 Fleet Replacement budget.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The purchase of vehicles meets the above criteria and is not subject to

CEQA. No additional environmental review is required.

Title: Fire Station 5 Fuel Convault Project - Notice of Completion
Contact: Tisha Chinn 916-774-5702 tchinn@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.6.

RECOMMENDATION TO COUNCIL

Staff recommends Council accept the Fire Station 5 Fuel Convault Project as complete and adopt a resolution to authorize the Public Works Director to execute the attached Notice of Completion.

BACKGROUND

In 2018, with the sale of 401 Oak Street, an unleaded fuel tank was removed and relocated to Fire Station 5 at 1565 Pleasant Grove Blvd to provide a backup fueling location for emergency services. The fuel tank project included the design, tank placement, permits and paint. The fuel tank is now operational. Staff has inspected the work and found it complete.

FISCAL IMPACT

The total cost of this project was $101,699. The Fire Station 5 Fuel Convault Project was budgeted in the Building Fund and Facility Rehabilitation Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval for a Notice of Completion meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Title: 505 Royer Street Demolition Project - Notice of Completion
Contact: Tisha Chinn 916-774-5702 tchinn@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.7.

RECOMMENDATION TO COUNCIL

Recommend Council accept the 505 Royer Street Demolition project as complete, and adopt a resolution authorizing the Public Works Director to execute the Notice of Completion on behalf of the City.

BACKGROUND

Located at 505 Royer Street, on the corner of Royer Street and Taylor Street, the project site is comprised of three parcels totaling 1.17 acres and included a 7,800 square foot building and 54 space parking lot. The City purchased the existing building from the County in June of 2014. The building's last use was as the Placer County Superior Court offices. To help incentivize development of the subject property, the City recently demolished the empty building to provide a vacant site for redevelopment. The property is zoned Commercial/Special Area – Downtown (CM/SA-DT), which allows for a variety of use types including mixed-use, retail, restaurants, public/quasi-public, offices, multifamily residential, live/workspace, and public markets. The demolition has been finished and City staff found the work complete per the contract documents.

FISCAL IMPACT

The total cost of the project was $69,477 with no contingency and was paid for out of the FY2020-21 General Fund Rental Facilities - Renovation and Restoration project budget.

ENVIRONMENTAL REVIEW

The proposed project was previously evaluated in the Downtown Specific Plan EIR (certified in 2007, SCH No.2007102090), and identified in the associated Downtown Specific Plan. Demolition of the building at 505 Royer Street is within the scope of the project covered by the Downtown Specific Plan Final EIR. As discussed in the Specific Plan EIR, the EIR provides environmental analyses of planned community infrastructure and facilities, including removal of

existing structures with the intent to replace those structures, to the extent applicable. Because the project is consistent with the Downtown Specific Plan Final EIR and Specific Plan, no new effects would be expected to occur and all applicable mitigation measures from the Downtown Specific Plan EIR will be implemented during the 505 Royer Street Demolition Project. Because the proposed project meets the requirements identified in Section 15183 of the State CEQA Guidelines, no additional CEQA review is required.

Title: 5480 Phillip Road Demolition - Notice of Completion
Contact: Tisha Chinn 916-774-5702 tchinn@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.8.

RECOMMENDATION TO COUNCIL

Recommend Council accept the 5480 Phillip Road Demolition project as complete, and adopt a resolution authorizing the Public Works Director to execute the Notice of Completion on behalf of the City.

BACKGROUND

In 2005, the property located at 5480 Phillip Road was purchased by the City from Archie and Willa O'Brien. Shortly after closing on the property, the City entered into a Lease and Operating Agreement with the O'Briens. Since 2005, the O'Briens have operated a dog kennel on the property. In December of 2019, the last of ten lease amendments extended the lease through January of 2021. The tenant has since vacated the property. The City envisioned that the kennel would be relocated as development in Northwest Roseville progressed. Today, the 2.38 acre site, zoned Community Commercial, is a critical entry point to the Creekview development. Given the condition of the buildings and site vacancy, staff recently demolished and graded the site to prepare for future commercial development in the best interests of the City. Staff has reviewed the work and found it in compliance with the demolition contract.

FISCAL IMPACT

The total cost of the project was $119,892. Change orders were authorized on an as-needed basis for up to 10% or $11,989.20, as a construction contingency, but were not needed. The project was paid for out of the approved FY2020-21 General Fund Rental Facilities - Renovation and Restoration project budget.

ENVIRONMENTAL REVIEW

The proposed project involves the demolition and removal of an existing structure. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section

15301). The Exemption has been prepared and no further CEQA action is required.

Title:	Wastewater Treatment Plant Capacity Analysis (RFP 08-081) - Professional Services Agreement
Contact:	Todd Jordan 916-746-1829 tjordan@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.9.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve a professional services agreement with Woodard & Curran Inc. for the Wastewater Treatment Plant Capacity Analysis and authorize the City Manager to execute the agreement.

BACKGROUND

The South Placer Regional Wastewater 2020 Systems Evaluation was recently completed for the South Placer Wastewater Authority (SPWA). This evaluation identified the projected system flows, loading, and capital improvement needs.

The preliminary treatment plant assessments conducted under the SPWA evaluation identified significantly higher wastewater loading to the Dry Creek and Pleasant Grove wastewater treatment plants compared to design criteria and loading assessments developed in the previous evaluation conducted in 2009. Based on the documented flows and loading, the 2020 evaluation recommended, prior to any further improvements, the City should perform process-specific sampling, process modeling, and stress-testing to determine the actual plant capacity, the limiting process, and corresponding process improvements needed at each plant. This analysis will provide a sound basis for the planning of new facilities and is integral in determining required future capital improvement projects during phased expansions.

On March 3, 2021, Woodard and Curran was the sole proposer for RFP 08-081 - Wastewater Treatment Plant Capacity Analysis. Environmental Utilities staff evaluated the proposal based on the criteria specified in RFP 08-081. Staff determined that the Woodard and Curran proposal met the requirements of the RFP.

FISCAL IMPACT

The professional services agreement ($1,034,334) will be funded with available resources in the Dry Creek and Pleasant Grove Wastewater Treatment Plant Capacity Evaluation Project by the

SPWA.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

PROFESSIONAL SERVICES AGREEMENT

Wastewater Treatment Plant Capacity Analysis Consulting Services

THIS AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and Woodard & Curran Inc., a Maine corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY desires professional services consisting of consulting services for wastewater treatment plant capacity analysis; and

WHEREAS, CONSULTANT has prepared a proposal dated March 3, 2021, which describes the scope of work to be performed by CONSULTANT, the budget for the work, and the schedule for performance of the work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional services.

NOW, THEREFORE, the parties agree as follows:

1. Services. CONSULTANT shall perform, at the direction of CITY, the scope of services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference.

2. Compensation. For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the budget estimate as described in

EXHIBIT "B," attached hereto and incorporated herein by this reference. Total compensation shall not exceed one million, thirty-four thousand, three hundred thirty-four dollars ($1,034,334).

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

3. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that

CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

4. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE	LIMITS OF LIABILITY
Workers' Compensation	Statutory
Commercial General Liability	$1,000,000 each occurrence $2,000,000 aggregate Personal Injury: $1,000,000 each occurrence $2,000,000 aggregate
Automobile Liability	$1,000,000 combined single limit
Professional Liability (errors and omissions)	$1,000,000 per claim $2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the

additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or material modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all worked performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall

have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder, and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provisions in its contracts with all subcontractors.

6. Time is of the Essence. Time is of the essence of this Agreement.

7. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

8. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

9. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

10. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

11. Independent Contractor. CONSULTANT shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the

control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

12. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

13. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

14. Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

15. Termination of Agreement. The City may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the

release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any Material, notwithstanding any termination or any dispute regarding the amount to be paid.

16. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

17. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

18. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

19. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	CONSULTANT
Todd Jordan, Process Engineer 2005 Hilltop Circle Roseville, CA 95747	Jim Graydon, Project Manager 800 T Street Sacramento, CA 95811

Either party may amend its address for notice by giving notice to the other party in writing.

20. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ___ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

Re: Proposal for Professional Consulting Services
City of Roseville Wastewater Treatment Plant Capacity Analysis

Dear City Clerk:

With reinvigorated growth in the service area and a need to address plant capacity and aging infrastructure, the City of Roseville is proactively planning the long-term expansion and upgrade of wastewater treatment facilities serving the communities of western Placer County. To support this goal, Woodard & Curran is pleased to offer the City a dedicated team of wastewater process experts to address the needs of your Wastewater Treatment Plant Capacity Analysis. We understand the challenges you face with aging plant facilities, increasing plant loadings, increasingly stringent regulations, and the need to support and accommodate community growth. Fortunately, Woodard & Curran brings a wealth of experience in assisting other California communities in addressing these challenges. We are pleased to offer the City a dedicated team with expertise in dynamic process modeling, capital improvements planning, plant operations, and operator training.

Woodard & Curran is fully committed to working with the City in a responsive manner and understands the importance of making sure our key personnel are available for this project. Our Project Manager, Jim Graydon, will be responsible for overall management of the project, including communication with the City's Project Manager and project team, and will be accountable for keeping the project within budget and on schedule. Paul Dombrowski, Chief Technologist and Process Engineer with Woodard & Curran will lead the capacity analysis and process modeling tasks, as well as provide operator training. Jon Himlan will lead the Facilities Planning tasks and develop recommendations for phased plant upgrades and expansion. This commitment is back by our Principal-in-Charge, Dave Richardson, who has worked with the City on planning projects over the past decade.

The primary contact for this work will be:

Jim Graydon, P.E.
Project Manager
Phone: 530.518.5223
Fax: 916.999.8701
jgraydon@woodardcurran.com
Woodard & Curran
801 T Street
Sacramento, California 95811

Woodard & Curran will perform the proposed services and adhere to the requirements described in the City's Request for Proposal dated February 17, 2021 including any addenda.

We invite your careful review of the enclosed proposal an encourage you to contact our client references to hear more about the performance of this extraordinary team. The Wastewater Treatment Plant Capacity Analysis is a very exciting opportunity for us to expand our work with the City and assist in mapping out the treatment facility needs for the future. Please reach out to either of the undersigned with any questions about our proposal or our team.

Sincerely,

Woodard & Curran

Jim Graydon, P.E.
Project Manager

Dave Richardson, P.E.

PROJECT PLAN

Proposal for Wastewater Treatment Plant Capacity Analysis

TAB E

Project Plan

Woodard & Curran's Approach is Practical and Operations Focused

The effectiveness of any utility planning document is only as good as the actionable items that are developed and can be put into effect. We believe the best way to develop an actionable plan is to integrate our work with utility staff who know the functionality of the unit processes and equipment, how the improvements will be funded and will, ultimately, be the end users of any improvements made to the facilities. In addition, development of a dynamic process model for each plant presents an opportunity to both capture the historical experiences of utility staff into development and calibration of the model, but also to provide a platform that will allow them to use the models prepared to understand the benefits of specific improvements, additional plant loading or impacts of process control changes. As a result, our project plan for the capacity analysis and facilities planning will incorporate a series of steps, including training sessions and workshops, to provide connections between our work, the current and future operation of the facilities, and the City staff who manage operations and capital projects.

An overview of the recommended project plan is shown on the figure below and detailed in the proposed scope of services provided at the end of this section. The overall scope we envision for this project includes a number of tasks that are "value-added", optional work that is in addition to the scope identified in the RFP. The focus of these additional tasks to improve the accuracy of the dynamic models developed and to include a comprehensive workshop and training program to fully integrate City staff into the capacity evaluation and facility planning process. Additionally, we have identified an optional task to convert the GPS-X models built for each plant into SimuWorks OpTool operator interface platforms to provide a means for operations staff to utilize the plant models for operational decision-making and troubleshooting. The Optional Value Add tasks proposed will provide enhanced capabilities that can be used by City staff to augment operational staff understanding of the system and engineering staff relative to capacity and impact of capital projects.

We propose adding the following Optional Scope tasks to the capacity analysis to enhance the effectiveness of the dynamic modeling and to further integrate use of the models for use by the City's utility staff:

- Increase the duration and extent of the sampling and analysis of the wastewater characterization effort by adding an additional 7 days of sampling for each WWTP and adding specific parameters to refine the modeling and calibration effort.
- Provide process fundamentals training early in the project to bring the City operations and engineering staff up to a common knowledge basis to better engage the group through the capacity evaluation and facility planning process.
- Develop a SimuWorks OpsTool training simulator for each WWTP and provide training to City staff. Provide 1-year renewable licenses for each WWTP.
- Provide a 1-year renewable GPS-X license and deliver training to use the software to so that the model layouts developed for the capacity analysis can be used by City staff for subsequent investigations.
- Perform stress testing of unit processes identified under the Base scope for the capacity analysis where the "true" capacity of that unit is unclear or well outside standard published norms.

Our proposed approach includes a stepwise process to determine the capacity of existing facilities and capital improvements or operational changes that can be implemented to provide the capacity and level of performance targets required. As is often the case and is apparent from the existing facility flows and pollutant loadings to the Dry Creek plant, the "true" capacity of any WWTP is often not equal to the rated or permitted capacity. As there are a number of factors that change over time that impact capacity, the "true" capacity of any WWTP needs to consider multiple steady state operating states, or better yet, dynamic simulation to capture the various scenarios to be considered. In this way, a range of variables can be easily considered and, most importantly, how changes in performance to each unit process impacts the capacity of the adjacent systems and the WWTP in its entirety.

The following factors can play a role in both the capacity of an existing facility as well as the needed improvements to be implemented in a Capital Improvements Plan (CIP):

- Quantity and variability of wastewater flow
- Wastewater characteristics
- Level of treatment required
- Effluent discharge requirements
- Facility configuration
- Type and capacity of individual equipment units
- Condition and reliability of equipment
- Process control strategy and response variables

Each of these factors will be considered in some manner through our capacity analysis, dynamic modeling and facility planning approach.

City of Roseville CIP

1. Data Review and Validation

The Data Review Task involves quantifying the operating data such as flows, loads and operating data (control and response variables) to determine the magnitude and variability of these parameters as well as the relationships these impart on adjacent unit processes and effluent quality. The data sources needed to quantify this include the extensive HachWIMS database that exists for both WWTPs as well as downloaded SCADA monitoring output and conversations with WWTP staff. Once fully compiled, this data will be reviewed using both statistical analysis as well as examination by experienced staff and follow up with WWTP operations as warranted. The output of the data analysis will set the key design and operational values to be used in subsequent tasks. The initial review and relationships derived from this effort will also help to identify relationships that will then be examined more closely through the desktop capacity analysis.

2. Desktop Capacity Analysis

The desktop capacity analysis will utilize the WWTP analytical and operating data to evaluate the capacity of each unit process under daily and peak steady state conditions relative to typical capacity criteria. Further, key processes, such as clarifiers and reactors, will also be evaluated using spreadsheet-based models and calibrated/validated using WWTP data. This analysis will define the capacity of each unit process and identify the bottlenecks in capacity from the most limiting up to the least limiting. In the situations where data indicates unit process capacities are notably outside typical process performance, the potential for stress testing of specific individual systems will be considered to determine limitations or to document an increase in capacity above typical criteria.

3. Dynamic Process Modeling

In order to further refine the WWTP capacity analysis, dynamic, whole-plant modelling will be performed to assess how the WWTP operates as a system and how flow and load variations impact performance. The key to effective model development that minimizes error is an accurate wastewater characterization and calibration. The typical characterization effort measures numerous pollutant fractions of the influent wastewater and in various steps within the process to determine both stoichiometric and estimated kinetic parameters of the wastewater. Dynamic modeling will allow estimates of how influent and process variations as well as how intermittent operations such as in-plant recycles impact individual unit process and overall WWTP capacity.

In addition to the engineering analysis benefits offered by dynamic modeling, it also provides the opportunity to construct an OpsTool overlay that can give operations staff a way to use the model for process assessment and training to improve plant operations. The OpsTool overlay is included as a value-add option that can be used by both experienced operators and training of new hires to improve their understanding of how changing operational setpoints and units in service can impact both capacity and performance.

4. Facilities Planning

The culmination of the capacity analysis, growth projection, potential future regulatory drivers, and the condition assessments (provided by the City) is the development of a facilities plan that maps the future needs of the facility. The facilities plan will take these input factors to develop upgrade requirements that are needed to provide capacity and improved treatment performance. Once the generalized improvements are identified, the approach would be to develop and evaluate alternatives for system and plant improvements, prepare capital, O&M and life-cycle costs and facilitate the City's development of a capital improvements plan (CIP) with cost estimates and schedule of implementation.

Detailed Scope of Work

Woodard & Curran proposes the following scope of work to accomplish the project objectives, consisting of four phases of work:

Phase 1: Desktop Capacity Analysis.
Phase 2: Dynamic Process Model Development.
Phase 3: Facilities Planning for Dry Creek WWTP.
Phase 4: Facilities Planning for Dry Creek WWTP.

Woodard & Curran's Project Plan addresses all of the elements of the City's scope of work in the Base Services described below and identifies Optional Value Add services that we believe will further advance the City's goals of maintaining cost-effective and sustainable facilities and building workforce capabilities. The Facilities Planning for DC (Phase 3) is anticipated to proceed before PG due to the greater urgency of resolving apparent capacity limitations at the DC plant.

All draft Woodard & Curran deliverables indicated below will be submitted in electronic format to City for review. The Final Technical Memorandum (TM) submittal(s) will include electronic format as well as 10 hard copies for City.

Phase 1: Desktop Capacity Analysis

Task 1.1: Data Compilation and Review

Woodard & Curran will develop a request for information (RFI), and compile and review data related to recent plant performance (e.g., for the prior 3-5 years) and condition, including the following:

- Plant flow and laboratory data (including influent, primary effluent for DC, effluent, and any intermediate process measurements).
- Plant drawings
- Utility data (including electrical, potable water, natural gas).
- Chemical consumption/billing (including CEPT, disinfection, polymer)
- Plant operations & maintenance (O&M) manuals and other operating information (e.g., SOPs).
- Prior condition assessment reports.

After compilation and review of the data, Woodard & Curran will tour both plants to observe operating conditions and talk with operations staff. The plant tours are proposed to occur on two consecutive days. After the tour at each plant, Woodard & Curran will hold a 2-hour virtual workshop with City staff to confirm and reconcile the available data, discuss initial observations, and determine the need for additional data at each plant.

Task 1.1 Assumptions:

- City will provide export files from Hach WIMS database in excel format for all data for both plants from January 2016 through present.
- City will arrange for virtual tours of both plants with local Woodard & Curran staff attending in person.
- Plant tours will be conducted on two consecutive days with a duration of 3 hours for the tours and 2 hours for the Data Reconciliation Workshops.
- Woodard & Curran will provide and configure communications platform for virtual tours.

Task 1.1 Deliverables:

- Data request for information
- Notes from plant tours.
- Agenda and notes from Data Reconciliation Workshop.

Task 1.2: Process Fundamentals Training (Optional Value Add)

Woodard & Curran will prepare and deliver three process fundamentals training sessions to selected City operations and engineering staff. This training will be customized to address the processes, conditions, and operational issues most relevant to the City of Roseville plants. The training will provide a common foundation for understanding the factors impacting plant performance and demonstrate the utility of the process simulation tools. The training will cover activated sludge/secondary clarification, biological nutrient removal, and anaerobic digestion in three, 4-hour sessions.

The generalized process simulation software (not plant-specific) will be pre-loaded onto 10 laptop computers that will be shipped to the City in advance of the training.

Task 1.2 Assumptions:

- Training sessions will be held virtually using Microsoft Teams.
- Training sessions will consist of three 4-hour sessions conducted over a 2-3 week period.
- Woodard & Curran will loan the City 10 laptops with the simulation software loaded.
- City staff will arrange for videotaping or other recording of the training sessions.

Task 1.2 Deliverables:

- Course content and presentation materials (pdf format).

Task 1.3: Desktop Capacity Analysis

Woodard & Curran will prepare a desktop capacity analysis by unit process for each plant to preliminarily identify which process(es) may be limiting the overall plant liquid and solids capacity. The hydraulic and treatment capacity assessments will be conducted using a combination of textbook and design values, engineer's spreadsheets for hydraulic and treatment capacity, and considerations for current physical and operational conditions. The assessment of current process performance will use existing plant data to the extent possible. If additional data or stress testing parameters are required, they will be identified for incorporation into the waste characterization plan in Phase 2.

Steady-state spreadsheet-based models will be developed and calibrated to existing plant data for the following targeted unit processes:

- Primary clarification (PG analysis will rely on 2016 Basis of Design Report and literature values)
- Nitrification.
- Denitrification/Internal Mixed Liquor Return (IMLR) pumping.
- Secondary clarification/Return Activated Sludge (RAS) pumping.

For other unit processes, Woodard & Curran will develop static spreadsheets based on industry literature and manufacturer data to determine capacity:

- Grit removal
- Aeration
- Filtration
- Disinfection
- Solids thickening (PG analysis will rely on 2016 Basis of Design Report and literature values).
- Digestion
- Solids dewatering (PG analysis will rely on 2016 Basis of Design Report and literature values).

Task 1.3 Assumptions:

- Available data will be sufficient to develop calibrated spreadsheet-based models for primary clarification, nitrification, denitrification, and secondary clarification.

- Woodard & Curran will prepare for and lead one 2-hr workshop to go over the desktop analysis for the DC plant.
- Woodard & Curran will prepare for and lead one 2-hr workshop to go over the desktop analysis for the PG plant.

Task 1.3 Deliverables:

- Draft and Final Desktop Capacity Analysis Technical Memorandum (TM) for the DC plant.
- Draft and Final Desktop Capacity Analysis TM for the PG plant.
- Agenda, presentation materials and notes from the Desktop Analysis workshop for DC.
- Agenda, presentation materials and notes from the Desktop Analysis workshop for PG.

Task 1.3 Deliverables (Optional Value Add):

- Spreadsheet models and supporting documentation.
- Woodard & Curran will provide one 2-hour training session for operations and engineering staff on the spreadsheet tools that will be applicable to both plants.
- Recommendations for additional sampling and/or stress testing to be conducted in Phase 2.

Task 1.4: Wet Weather Process Sampling Campaign

Based on the compilation and review of plant data, early findings of the desktop evaluation, and discussions with City staff, Woodard & Curran will recommend a wet weather sampling program to collect additional process-specific information during the 2020-2021 wet weather season. It is anticipated that the recommendations will be submitted in a brief sampling plan for implementation by City staff.

Task 1.4 Assumptions:

- Woodard & Curran will prepare a brief sampling and analysis plan for implementation by City staff.
- Dry weather sampling will be conducted under Phase 2, Task 2.1
- The sampling programs will proceed concurrently at both DC and PG.
- City staff will conduct all field sampling and data collection.
- City laboratories will be used for standard analytical work.
- Woodard & Curran will contract for outside laboratory services as needed to augment the capacity of the City's laboratory for this additional workload.
- A wet weather data summary will be prepared under this Task 1.4 but the full Waste Characterization Tech Memo encompassing both wet weather and dry weather results will be prepared under Phase 2, Task 2.1.
- Results will be incorporated, as applicable, into the Desktop Analysis TMs.

Task 1.4 Deliverables:

- Draft and Final Wet Weather Sampling Plan.
- Draft and Final Wet Weather Data Summary.

Task 1.5: Summarize Desktop Analysis Findings and Recommendations

Woodard & Curran will summarize findings and recommendations for next steps in a presentation to be delivered in a workshop setting. The presentation will focus on the following aspects:

- Plant performance compared to operating parameters.
- Initial unit process calculations vs. historical data
- Preliminary updated plant capacity ranges and areas of focus for detailed evaluation
- Recommendations for additional waste characterization or stress testing data needed to support development of detailed process models.

Task 1.5 Assumptions:

- Woodard & Curran will prepare and lead one 2-hr workshop to go over the findings and recommendations of Phase 1.

Task 1.5 Deliverables:

- Draft and Final Agenda and Presentation Materials.
- Workshop notes.
- Refined scope of work for Phase 2.

Task 1.6: Phase 1 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that five 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 1.6 Assumptions:

- Phase 1 duration will be 5 months.

Task 1.6 Deliverables:

- Monthly meeting agenda, meeting materials, and meeting notes.
- Monthly progress reports and invoices.

Phase 2: Dynamic Process Model Development

Task 2.1: Focused Wastewater Characterization

Woodard & Curran will develop a Wastewater Characterization Plan and QA/QC plan to develop the various fractions of pollutants within the influent, primary effluent, secondary effluent and within the liquid and treatment trains to perform the process modeling. The sampling will be conducted by Roseville staff with an outside laboratory performing the analyses. For the "Base" project campaign, we are anticipating two 7-day "sampling campaign" periods. One sampling campaign will develop representative data for dry weather conditions and the other will develop representative data for wet weather conditions. However, we recommend that if the City agrees with our proposed optional plan to incorporate the SimuWorks OpTool as a "living" model for regular use by WWTP staff, a more robust sampling campaign of 14-days be performed to improve the wastewater characterization and subsequent model calibration.

As part of developing the draft Wastewater Characterization Plan, Woodard & Curran will meet with City staff (including laboratory personnel) at the plants to go over sampling and analytical approach.

During the wastewater characterization process, Woodard & Curran will review analytical reports as they become available to look for trends, gaps, and inconsistencies. After the waste characterization is complete, Woodard & Curran will prepare Waste Characterization TM summarizing the findings and recommendations for the data to be used for model calibration at each plant. After the draft TM is submitted, Woodard & Curran will lead a 2-hr Data Reconciliation Workshop to present the findings and recommendations.

The minimum effective sampling campaign would be performed using 7 days of sampling over a 10-14 day period. However, as an Optional Task, we recommend expanding that sampling to 14 days of sampling to increase the database with the goal of improving model accuracy.

Task 2.1 Assumptions:

- The sampling campaigns will endeavor to capture seasonal variability but will not be representative of diurnal variability.

- Wet weather sampling and analysis will be conducted under Phase 1, Task 1.4
- The sampling programs will proceed concurrently at both DC and PG.
- City staff will conduct all field sampling and data collection.
- City laboratories will be used for standard analytical work.
- Woodard & Curran will contract for outside laboratory services as needed to augment the capacity of the City's laboratory for this additional workload.
- City will arrange for Woodard & Curran visits to both plants for purposes of discussing and finalizing sampling locations, analytical parameters, and frequency.

Task 2.1 Deliverables:

- Draft and Final Waste Characterization Plan for DC.
- Draft and Final Waste Characterization Plan for PG
- Draft and Final Waste Characterization TM for DC.
- Draft and Final Waste Characterization TM for DC.
- Agenda and notes from Data Reconciliation Workshop.

Task 2.2: Update Effluent Limitations

Woodard & Curran will review current plant NPDES permits, regulations, and regulatory trends applicable to wastewater treatment, reuse, and discharge within the Central Valley Regional Water Quality Control Board (RWQCB) jurisdiction. Findings from this regulatory review will be used to estimate future effluent limits to be used in modeling scenarios and will be incorporated into the Facilities Plan in Phase 3.

Task 2.2 Assumptions:

- Evaluation of regulations and regulatory trends will be limited to effluent discharge and recycled water regulations. This scope does not include evaluation of biosolids management, air permitting, health & safety, or other regulated activities at the plants.

Task 2.2 Deliverables:

- Draft and Final Effluent Limitations Technical Memorandum.

Task 2.3: Model Functionality Workshop

Woodard & Curran will facilitate a workshop describing and demonstrating the potential modeling options. Key considerations will include:

- Desired model accuracy.
- Determination of the most effective model configuration - a single whole plant model for each plant or separate liquid stream and solids streams models that will be coupled.
- The number of trains to be modeled for each unit process.
- Determination of whether City staff will be trained on the model or on a simulation package that provides a training platform.
- Software licensing fees and training requirements.

Task 2.3 Assumptions:

- It is assumed that the City will select the GPS-X software (Hydromantis) for this project and the approach, level of effort, for the subsequent tasks are based on this assumption.
- Woodard & Curran will perform hydraulic modeling using its industry-leading proprietary modeling tool SteadyFlow.

Task 2.3 Deliverable:

Agenda, presentation materials, and notes from the Model Selection Workshop.

Task 2.4: Model Development and Calibration/Analysis of Treatment Capacity – Dry Creek

Woodard & Curran will develop and calibrate appropriate modeling tools for detailed analysis of hydraulic profile and liquid and solids treatment capacity. For the purposes of this proposal, it is assumed Woodard & Curran will construct a dynamic, electronic treatment process model of the existing DC plant using GPS-X software. The hydraulic profile will be generated using the SteadyFlow model.

Hydraulic Model. Woodard & Curran will develop a preliminary model using available record drawings. During this process, Woodard & Curran will develop a list of key locations to be verified by survey, such as weir crests, top of concrete channels, and pipe/manhole inverts. Woodard & Curran will also identify any datum conversion needs. It is anticipated that the model will be created using NAVD88. Woodard & Curran will also identify receiving water elevations to use based on consultation with the City, USGS stream gauging data, flood maps or studies, or other readily available information. Woodard & Curran will retain the services of a local surveyor for one day to verify elevations identified during preliminary modeling.

The preliminary average and peak flow results will be discussed with plant staff in relation to their experience plant hydraulics and bottlenecks. This discussion will be during one remote meeting via Teams of up to 2 hours. Plant staff may be asked to take follow up measurements or photographs of certain locations. Based on these results and the discussion, additional points requiring further field verification will be identified.

Woodard & Curran will conduct one site visit, preferably during a relatively high-flow period if scheduling permits, to take calibration measurements and observe/photograph flow regimes, control points, and condition of channels. Measurements will be made with a tape measure down to water surface from top of concrete. Measurements and observations will only be at locations that can be accessed safely from walkways without harnesses or confined space entry. The City shall provide one experienced staff member knowledgeable in plant operations to accompany us on the site visit for 2 to 4 hours.

The model will be updated and run for average and peak flow conditions.

Process Model. The model will be calibrated using available plant data and the wastewater and plant characterization data collected in Tasks 1.4 and 2.1. Woodard & Curran will develop GPS-X simulator layouts, configure input files, calibrate model, and validate using plant data. After model calibration and validation, Woodard & Curran will model 4 to 8 scenarios addressing the expected range of flows, loads, number of units in service, and addition of new processes. Woodard & Curran will lead a 2-hr Dry Creek Scenario Planning Workshop with City staff to select the specific scenarios to be included in the modeling analysis. The results of the modeling will be presented and discussed in a 2-hr Dry Creek Capacity Analysis Workshop. As an Optional Task, the GPS-X model will be used to build a SimuWorks OpTool Operator Interface Layout for the Dry Creek WWTP (refer to Task 2.8).

Task 2.4 Assumptions:

- Liquids and solids streams will be modeled as a whole-plant model or separately and coupled by input/output files.
- DC plant will be modeled with two parallel trains for the secondary aeration process – one representing the fine bubble aeration tanks and one for the mechanical surface aeration tanks.
- An accuracy or 1 to 2 mg/L of nitrate and 1 to 2 mg/L ammonia is sufficient.
- Process modeling will be conducted using the GPS-X software.
- Hydraulic modeling will be conducted using SteadyFlow.
- The modeling tasks proceed sequentially with DC first and PG second.

Task 2.4 Deliverables:

- Draft and Final Hydraulic Modeling TM with representative hydraulic profiles.
- Draft and Final GPS-X process simulator layouts.

- Agenda, presentation materials and notes from the Dry Creek Scenario Planning Workshop
- Agenda, presentation materials and notes from the Dry Creek Capacity Analysis Workshop

Task 2.5: Model Development and Calibration/Analysis of Treatment Capacity – Pleasant Grove

Woodard & Curran will develop and calibrate appropriate modeling tools for detailed analysis of hydraulic profile and liquid and solids treatment capacity. For the purposes of this proposal, it is assumed Woodard & Curran will construct a dynamic, electronic treatment process model of the existing PG plant using GPS-X software. The hydraulic profile will be generated using the SteadyFlow model.

Hydraulic Model. Woodard & Curran will develop a preliminary model using available record drawings. During this process, Woodard & Curran will develop a list of key locations to be verified by survey, such as weir crests, top of concrete channels, and pipe/manhole inverts. Woodard & Curran will also identify any datum conversion needs. It is anticipated that the model will be created using NAVD88. Woodard & Curran will also identify receiving water elevations to use based on consultation with the City, USGS stream gauging data, flood maps or studies, or other readily available information. Woodard & Curran will retain the services of a local surveyor for one day to verify elevations identified during preliminary modeling.

The preliminary average and peak flow results will be discussed with plant staff in relation to their experience plant hydraulics and bottlenecks. This discussion will be during one remote meeting via Teams of up to 2 hours. Plant staff may be asked to take follow up measurements or photographs of certain locations. Based on these results and the discussion, additional points requiring further field verification will be identified.

Woodard & Curran will conduct one site visit, preferably during a relatively high-flow period if scheduling permits, to take calibration measurements and observe/photograph flow regimes, control points, and condition of channels. Measurements will be made with a tape measure down to water surface from top of concrete. Measurements and observations will only be at locations that can be accessed safely from walkways without harnesses or confined space entry. The City shall provide one experienced staff member knowledgeable in plant operations to accompany us on the site visit for 2 to 4 hours.

The model will be updated and run for average and peak flow conditions and up to two additional scenarios as the City's request.

Process Model. The model will be calibrated using available plant data and the wastewater and plant characterization data collected in Tasks 1.4 and 2.1. Woodard & Curran will develop GPS-X simulator layouts, configure input files, calibrate model, and validate using plant data. After model calibration and validation, Woodard & Curran will model 4 to 8 scenarios addressing the expected range of flows, loads, number of units in service, and addition of new processes. Woodard & Curran will lead a 2-hr Pleasant Grove Scenario Planning Workshop with City staff to select the specific scenarios to be included in the modeling analysis. The results of the modeling will be presented and discussed in a 2-hr Pleasant Grove Capacity Analysis Workshop. As an Optional Task, the GPS-X model will be used to build a SimuWorks OpTool Operator Interface Layout for the Pleasant Grove WWTP (refer to Task 2.8).

Task 2.5 Assumptions:

- Liquids and solids streams will be modeled as a whole-plant model or separately and coupled by input/output files.
- PG plant will be modeled with one treatment train.
- An accuracy or 1 to 2 mg/L of nitrate and 1 to 2 mg/L ammonia is sufficient.
- Process modeling will be conducted using the GPS-X software.
- Hydraulic modeling will be conducted using SteadyFlow.
- The modeling tasks proceed sequentially with DC first and PG second.

Task 2.5 Deliverables:

- Draft and Final Hydraulic Modeling TM with representative hydraulic profiles.
- Draft and Final GPS-X process simulator layouts.
- Agenda, presentation materials and notes from the Pleasant Grove Scenario Planning Workshop.
- Agenda, presentation materials and notes from the Pleasant Grove Capacity Analysis Workshop.

Task 2.6: Stress Testing of Critical Unit Processes (Optional Value Add)

Woodard & Curran will develop and implement stress-testing plan for critical processes or where other forms of modeling/analysis are not suited to efficiently and definitively determine unit process capacity. After submittal of the draft stress testing plans, Woodard & Curran will lead a 2-hr workshop to go over the draft plans and received comments from City staff.

Task 2.6 Assumptions:

- Primary clarification and secondary clarification processes at DC and the secondary clarification process at PG will be stress tested.
- Stress testing plans will be developed in consultation with operations and engineering staff at both plants.
- Stress testing process modifications and sampling will be completed by City staff.
- Stress testing will require 7 consecutive days for each process tested. Daily samples will be collected for process influent, MLSS, process effluent, and recycle streams. For two days, diurnal samples will be collected every hour.

Task 2.6 Deliverables:

- Draft and Final Stress Testing Plan.
- Agenda, presentation materials and notes from the Stress Testing Workshop.
- Draft and Final Stress Testing TM.

Task 2.7: Prepare Capacity Analysis Technical Memorandum

Woodard & Curran will summarize the capacity analysis findings and recommendations for both DC and PG in TM. The TM will include an analysis of process capacity developed from the modeling effort compared to current and project flows and loads from the Systems Evaluation Update (TM7). The draft findings and recommendations will be presented in a workshop setting prior to submitting the Draft TM.

Task 2.7 Assumptions:

- The Capacity Analysis TM will incorporate both DC and PG in one document.

Task 2.7 Deliverables:

- Draft and Final Capacity Analysis TM.
- Agenda, presentation materials and notes from the Capacity Analysis Workshop.

Task 2.8: Model/Simulator Training (Optional Value Add)

Woodard & Curran will provide training in both the GPS-X Simulator and the Ops Tool operator training interface. The GPS-X Simulator training will be based on instructing engineering and operations staff on changing flows, loads, and operating parameters on the model layouts provided.

The Ops Tool training will be based on instructing operations staff in process fundamentals using the models developed for each plant.

Task 2.8 Assumptions:

- The GPS-X Simulator Training will be conducted in 3 modules (software introduction, DC, and PG) that will be 3-hrs each.

- The OpsTool Training will be conducted for DC and for PG separately and will consist of a 4-hr training session for each plant with the OpsTool loaded onto individual laptop computers.

Task 2.8 Deliverables:

- Draft and Final SimuWorks OpTool operations-based simulator layouts Agenda, presentation materials, operator's manual. and notes from the Simulator Training.
- Agenda, presentation materials, operator's manual. and notes from the DC OpsTool Training.
- Agenda, presentation materials, operator's manual. and notes from the PG OpsTool Training.
- One copy of each OpsTool training simulator for DC and the PG. These simulators will include a 1-year license for each that can be renewed.
- One copy of GPS-X for use by City staff.

Task 2.9: Phase 2 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that nine 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 2.9 Assumptions:

- Phase 2 duration will be 9 months.

Task 2.9 Deliverables:

- Monthly meeting agenda, meeting materials, and meeting notes.
- Monthly progress reports and invoices.

Phase 3: Dry Creek Wastewater Treatment Plant Facilities Plan

Based on the outcomes and recommendations of the Systems Evaluation Update (August 2020) and Capacity Analysis (Phases 1 and 2 described above), review of previously completed condition assessments, and review of regulatory requirements and trends, Woodard & Curran will prepare Facilities Plans for both DC and PG plants. The Facilities Plans will identify necessary process expansions and upgrades, phasing of improvements, capital and life-cycle cost estimates, and funding options. The plans will also identify near-term operational improvements and rehabilitation projects to extend the useful life of the existing facilities. The planning horizon for the facilities plan is 20-years covering the period of 2020 through 2040.

For purposes of this scope, it is assumed that Facilities Plans will be developed sequentially with DC first (under Phase 3) followed by PG (under Phase 4). Common elements to both Facilities Plan, such as regulatory requirements and trends, capital and life-cycle cost estimating parameters, funding and financing options, and, as appropriate, identification of permitting requirements, will be shared.

Task 3.1: Update Regulatory Framework

Woodard & Curran will review current plant NPDES permits, regulations, and regulatory trends applicable to wastewater treatment, reuse, discharge, and biosolids and residuals management within the Central Valley Regional Water Quality Control Board (RWQCB) jurisdiction. This will build on the findings from Phase 2/Task 2.3 and will be used to estimate future effluent limits, biosolids management options, air emissions requirements, code compliance issues, and life safety upgrades.

Task 3.1 Assumptions:

- Review of regulations and regulatory trends for off-site biosolids management alternatives will be general in nature and not site-specific. Site-specific regulatory requirements are not included in this scope but can be added as an amendment once the alternatives for detailed analysis are selected.

Task 3.1 Deliverables:

- Draft Regulatory Requirements and Trends Report Section summarizing applicable regulatory requirements and trends.

Task 3.2: Condition Assessment and Rehabilitation/Replacement Needs

Woodard & Curran will review relevant condition assessment and asset evaluation documents provided by the City for the DC plant. Woodard & Curran will compile a table of rehabilitation/replacement (R&R) projects recommended from these prior documents and will also note when there are significant gaps in the condition assessment data. Woodard & Curran's scope and budget are based on our assumption that we can rely on the evaluations and recommendations in the prior documents as they relate to the following unit processes: preliminary treatment and screening, primary treatment, anaerobic digestion, cooling, filtration, and disinfection.

Task 3.2: Condition Assessment and Rehabilitation/Replacement Needs (Optional Value Add)

Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. The R&R projects and risk ranking will be discussed and prioritized in a Risk Reduction Workshop with City staff. Woodard & Curran will prepare a draft Risk Reduction TM based on the risk reduction workshop. Draft TM will provide recommendations for additional condition assessment work needed to fill gaps in the current program. Woodard & Curran will prepare a final Risk Reduction TM incorporating City comments.

Task 3.2 Assumptions:

- The R&R projects will be based on prior reports provided by the City.
- The Risk Reduction Workshop will be held at the DC plant and will be a 4-hr workshop.

Task 3.2 Deliverables:

- Table of identified R&R projects.

Task 3.2 Deliverables (Optional Value Add):

- Table of identified R&R projects with POF x COF ratings.
- Agenda, presentation materials and notes from the Risk Reduction Workshop.
- Draft and Final Risk Reduction TM.

Task 3.3: Evaluation of WPCF Upgrade Alternatives

Based on the identified capacity needs, R&R project needs, and future regulatory compliance requirements, Woodard & Curran will identify expansion and upgrade needs and alternatives for the DC Plant.

Identify Expansion and Upgrade Needs. Woodard & Curran will develop design criteria for the plant at the 2040 planning horizon. These design criteria will form the basis of the evaluation of alternative treatment processes, sizing and configurations. Expansion and upgrade projects will be identified based on capacity needs (both hydraulic and process capacity), rehabilitation or replacement of equipment or facilities nearing the end of their useful life, regulatory requirements, and life safety requirements. Woodard & Curran will present the design criteria and listing of expansion and upgrade needs in a Design Criteria Workshop with City staff.

Alternatives Assessment. Woodard & Curran will identify alternative unit process upgrade projects that incorporate capacity, condition, and effluent discharge and reuse goals. Woodard & Curran will lead an Alternatives Screening Workshop to present and discuss alternative upgrade projects and evaluation criteria. Develop feasible process configurations for the WWTP upgrades that Woodard & Curran and the City jointly determine have strong potential to achieve the established design criteria. Woodard & Curran assumes that the field of potential process configurations can be narrowed down to three (3) alternatives based on a planning level evaluation. The short-listed alternatives will be assessed in greater detail during subsequent tasks.

Conceptual Layout. Develop conceptual level layout and sizing of the three (3) alternatives short-listed as part of the desktop evaluation to serve as the basis for estimating the capital and operational cost of each alternative.

Support Systems. Determine the requirements for modification to existing support systems for each of the three alternatives. Support systems include biosolids processing, building footprint requirements, electrical distribution, plumbing, HVAC, instrumentation & controls, SCADA, pumping, piping, and chemical feed.

Cost Estimate. Prepare a total life cycle/present-worth cost estimate including capital and 20-year O&M cost for each of the three short-listed alternatives. The total project cost will include design, permitting, construction, construction administration, SCADA integration, startup and training, and operations and maintenance.

Alternatives Assessment Workshop. Woodard & Curran will present the conceptual layouts, support systems, and cost estimates for the three shortlisted set of alternatives in an Alternatives Assessment Workshop. It is anticipated that City staff will select a preferred alternative at the Workshop.

Task 3.3 Assumptions:

- Each of the three workshops under this task will be held at City facilities and are anticipated to be 4-hour workshops.
- Expansion and upgrade needs will be organized into sets of projects grouped as alternatives. In consultation with the City, up to 6 alternatives will be developed and subsequently screened down to 3 alternatives for detailed analysis.
- Cost estimates will be developed at the AACE Class 4 (feasibility level) level of accuracy.

Task 3.3 Deliverables:

- Draft and Final Design Criteria TM.
- Agenda, presentation materials and notes from the Design Criteria Workshop.
- Agenda, presentation materials and notes from the Alternatives Screening Workshop.
- Agenda, presentation materials and notes from the Alternatives Assessment Workshop.

Task 3.4: Facilities Plan

Based on the preferred alternative selected under Task 3.3, Woodard & Curran will develop a draft Facilities Plan documenting the projected flows and loadings, capacity analysis, condition assessment, regulatory review, design criteria, alternatives assessment, and recommended set of improvements for each process at the DC Plant. The Facilities Plan will incorporate a detailed implementation schedule with emphasis on critical needs, while providing the City with higher level budgetary costs for longer term needs. The Plan will identify triggers for initiating further process improvements and R&R projects. The Plan will include a preliminary financing and funding plan that identifies the magnitude of rate impacts and the potential grant and low-interest loan programs available. After submittal of the draft Facilities Plan, Woodard & Curran will facilitate and Facilities Plan Review Workshop. After receipt of City comments, Woodard & Curran will prepare a Final Facilities Plan and presentation materials for meetings with City Council and/or SPWA partners.

Task 3.4 Assumptions:

- The Facilities Plan Review Workshop will be held at City offices and will be a 2-hr workshop.
- Woodard & Curran will provide technical support to 2 presentations of the Final Facilities Plan.

Task 3.4 Deliverables:

- Draft and Final Facilities Plan.
- Agenda, presentation materials and notes from the draft Facilities Plan Review.
- Presentation materials for the final Facilities Plan Presentation.

Task 3.5: Phase 3 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that seven 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 3.5 Assumptions:

- Phase 3 duration will be 7 months.

Task 3.5 Deliverables:

- Monthly meeting agenda, meeting materials, and meeting notes.
- Monthly progress reports and invoices

Phase 4: Pleasant Grove Wastewater Treatment Plant Facilities Plan

Based on the outcomes and recommendations of the Systems Evaluation Update (August 2020) and Capacity Analysis (Phases 1 and 2 described above), review of previously completed condition assessments, and review of regulatory requirements and trends, Woodard & Curran will prepare Facilities Plans for both DC and PG plants. The Facilities Plans will identify necessary process expansions and upgrades, phasing of improvements, capital and life-cycle cost estimates, and funding options. The plans will also identify near-term operational improvements and rehabilitation projects to extend the useful life of the existing facilities. The planning horizon for the facilities plan is 20-years covering the period of 2020 through 2040.

For purposes of this scope, it is assumed that Facilities Plans will be developed sequentially with DC first (under Phase 3) followed by PG (under Phase 4). Common elements to both Facilities Plans, such as regulatory requirements and trends, capital and life-cycle cost estimating parameters, funding and financing options, and, as appropriate, identification of permitting requirements, will be shared.

Task 4.1: Update Regulatory Framework

Woodard & Curran will revise the Draft Regulatory Requirements and Trends Report Section prepared for DC and incorporate any additional considerations for the PG Plant. This will build on the findings from Phase 2, Task 2.3 and Phase 3, Task 3.1 to estimate future effluent limits, biosolids management options, air emissions requirements, code compliance issues, and life safety upgrades.

Task 4.1 Assumptions:

Review of regulations and regulatory trends for off-site biosolids management alternatives will be general in nature and not site-specific. Site-specific regulatory requirements are not included in this scope but can be added as an amendment once the alternatives for detailed analysis are selected.

Task 4.1 Deliverables:

- Draft Regulatory Requirements and Trends Report Section summarizing applicable regulatory requirements and trends.

Task 4.2: Condition Assessment and Rehabilitation/Replacement Needs

Woodard & Curran will review relevant condition assessment and asset evaluation documents provided by the City for the PG plant. Woodard & Curran will compile a table of rehabilitation/replacement (R&R) projects recommended from these prior documents and will also note when there are significant gaps in the condition assessment data. Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. Woodard & Curran's scope and budget are based on our assumption that we can rely on the evaluations and recommendations in the prior documents as they relate to the following unit processes: preliminary treatment and screening, grit removal, primary treatment, anaerobic digestion, cooling, filtration, and disinfection.

Task 4.2: Condition Assessment and Rehabilitation/Replacement Needs (Optional Value Add)

Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. The R&R projects and risk ranking will be discussed and prioritized in a Risk Reduction Workshop with City staff. Woodard & Curran will prepare a draft Risk Reduction TM based on the risk reduction workshop. Draft TM will provide recommendations for additional condition assessment work needed to fill gaps in the current program. Woodard & Curran will prepare a final Risk Reduction TM incorporating City comments.

Task 4.2 Assumptions:

- The R&R projects will be based on prior reports provided by the City.
- The Risk Reduction Workshop will be held at the PG plant and will be a 4-hr workshop.

Task 4.2 Deliverables:

- Table of identified R&R projects.

Task 4.2 Deliverables (Optional Value Add):

- Table of identified R&R projects with POF x COF ratings.
- Agenda, presentation materials and notes from the Risk Reduction Workshop.
- Draft and Final Risk Reduction TM.

Task 4.3: Evaluation of WPCF Upgrade Alternatives

Based on the identified capacity needs, R&R project needs, and future regulatory compliance requirements, Woodard & Curran will identify expansion and upgrade needs and alternatives for the PG Plant.

Identify Expansion and Upgrade Needs. Woodard & Curran will develop design criteria for the plant at the 2040 planning horizon. These design criteria will form the basis of the evaluation of alternative treatment processes, sizing and configurations. Expansion and upgrade projects will be identified based on capacity needs (both hydraulic and process capacity), rehabilitation or replacement of equipment or facilities nearing the end of their useful life, regulatory requirements, and life safety requirements. Woodard & Curran will present the design criteria and listing of expansion and upgrade needs in a Design Criteria Workshop with City staff.

Alternatives Assessment. Woodard & Curran will identify alternative unit process upgrade projects that incorporate capacity, condition, and effluent discharge and reuse goals. Woodard & Curran will lead an Alternatives Screening Workshop to present and discuss alternative upgrade projects and evaluation criteria. Develop feasible process configurations for the WWTP upgrades that Woodard & Curran and the City jointly determine have strong potential to achieve the established design criteria. Woodard & Curran assumes that the field of potential process configurations can be narrowed down to three (3) alternatives based on a planning level evaluation. The short-listed alternatives will be assessed in greater detail during subsequent tasks.

Conceptual Layout. Develop conceptual level layout and sizing of the three (3) alternatives short-listed as part of the desktop evaluation to serve as the basis for estimating the capital and operational cost of each alternative.

Support Systems. Determine the requirements for modification to existing support systems for each of the three alternatives. Support systems include biosolids processing, building footprint requirements, electrical distribution, plumbing, HVAC, instrumentation & controls, SCADA, pumping, piping, and chemical feed.

Cost Estimate. Prepare a total life cycle/present-worth cost estimate including capital and 20-year O&M cost for each of the three short-listed alternatives. The total project cost will include design, permitting, construction, construction administration, SCADA integration, startup and training, and operations and maintenance.

Alternatives Assessment Workshop. Woodard & Curran will present the conceptual layouts, support systems, and cost estimates for the three shortlisted set of alternatives in an Alternatives Assessment Workshop. It is anticipated that City staff will select a preferred alternative at the Workshop.

Task 4.3 Assumptions:

- Each of the three workshops under this task will be held at City facilities and are anticipated to be 4-hour workshops.
- Expansion and upgrade needs will be organized into sets of projects grouped as alternatives. In consultation with the City, up to 6 alternatives will be developed and subsequently screened down to 3 alternatives for detailed analysis.
- Evaluation criteria will be jointly developed with City staff.
- Cost estimates will be developed at the AACE Class 4 (feasibility level) level of accuracy.

Task 4.3 Deliverables:

- Draft and Final Design Criteria TM.
- Agenda, presentation materials and notes from the Design Criteria Workshop.
- Agenda, presentation materials and notes from the Alternatives Screening Workshop.
- Agenda, presentation materials and notes from the Alternatives Assessment Workshop.

Task 4.4: Facilities Plan

Based on the preferred alternative selected under Task 3.3, Woodard & Curran will develop a draft Facilities Plan documenting the projected flows and loadings, capacity analysis, condition assessment, regulatory review, design criteria, alternatives assessment, and recommended set of improvements for each process at the PG Plant. The Facilities Plan will incorporate a detailed implementation schedule with emphasis on critical needs, while providing the City with higher level budgetary costs for longer term needs. The Plan will identify triggers for initiating further process improvements and R&R projects. The Plan will include a preliminary financing and funding plan that identifies the magnitude of rate impacts and the potential grant and low-interest loan programs available. After submittal of the draft Facilities Plan, Woodard & Curran will facilitate and Facilities Plan Review Workshop. After receipt of City comments, Woodard & Curran will prepare a Final Facilities Plan and presentation materials for meetings with City Council and/or SPWA partners.

Task 4.4 Assumptions:

- The Facilities Plan Review Workshop will be held at City offices and will be a 2-hr workshop.
- Woodard & Curran will provide technical support to 2 presentations of the Final Facilities Plan.

Task 4.4 Deliverables:

- Draft and Final Facilities Plan.
- Agenda, presentation materials and notes from the draft Facilities Plan Review.
- Presentation materials for the final Facilities Plan Presentation.

Task 4.5: Phase 3 Project Management

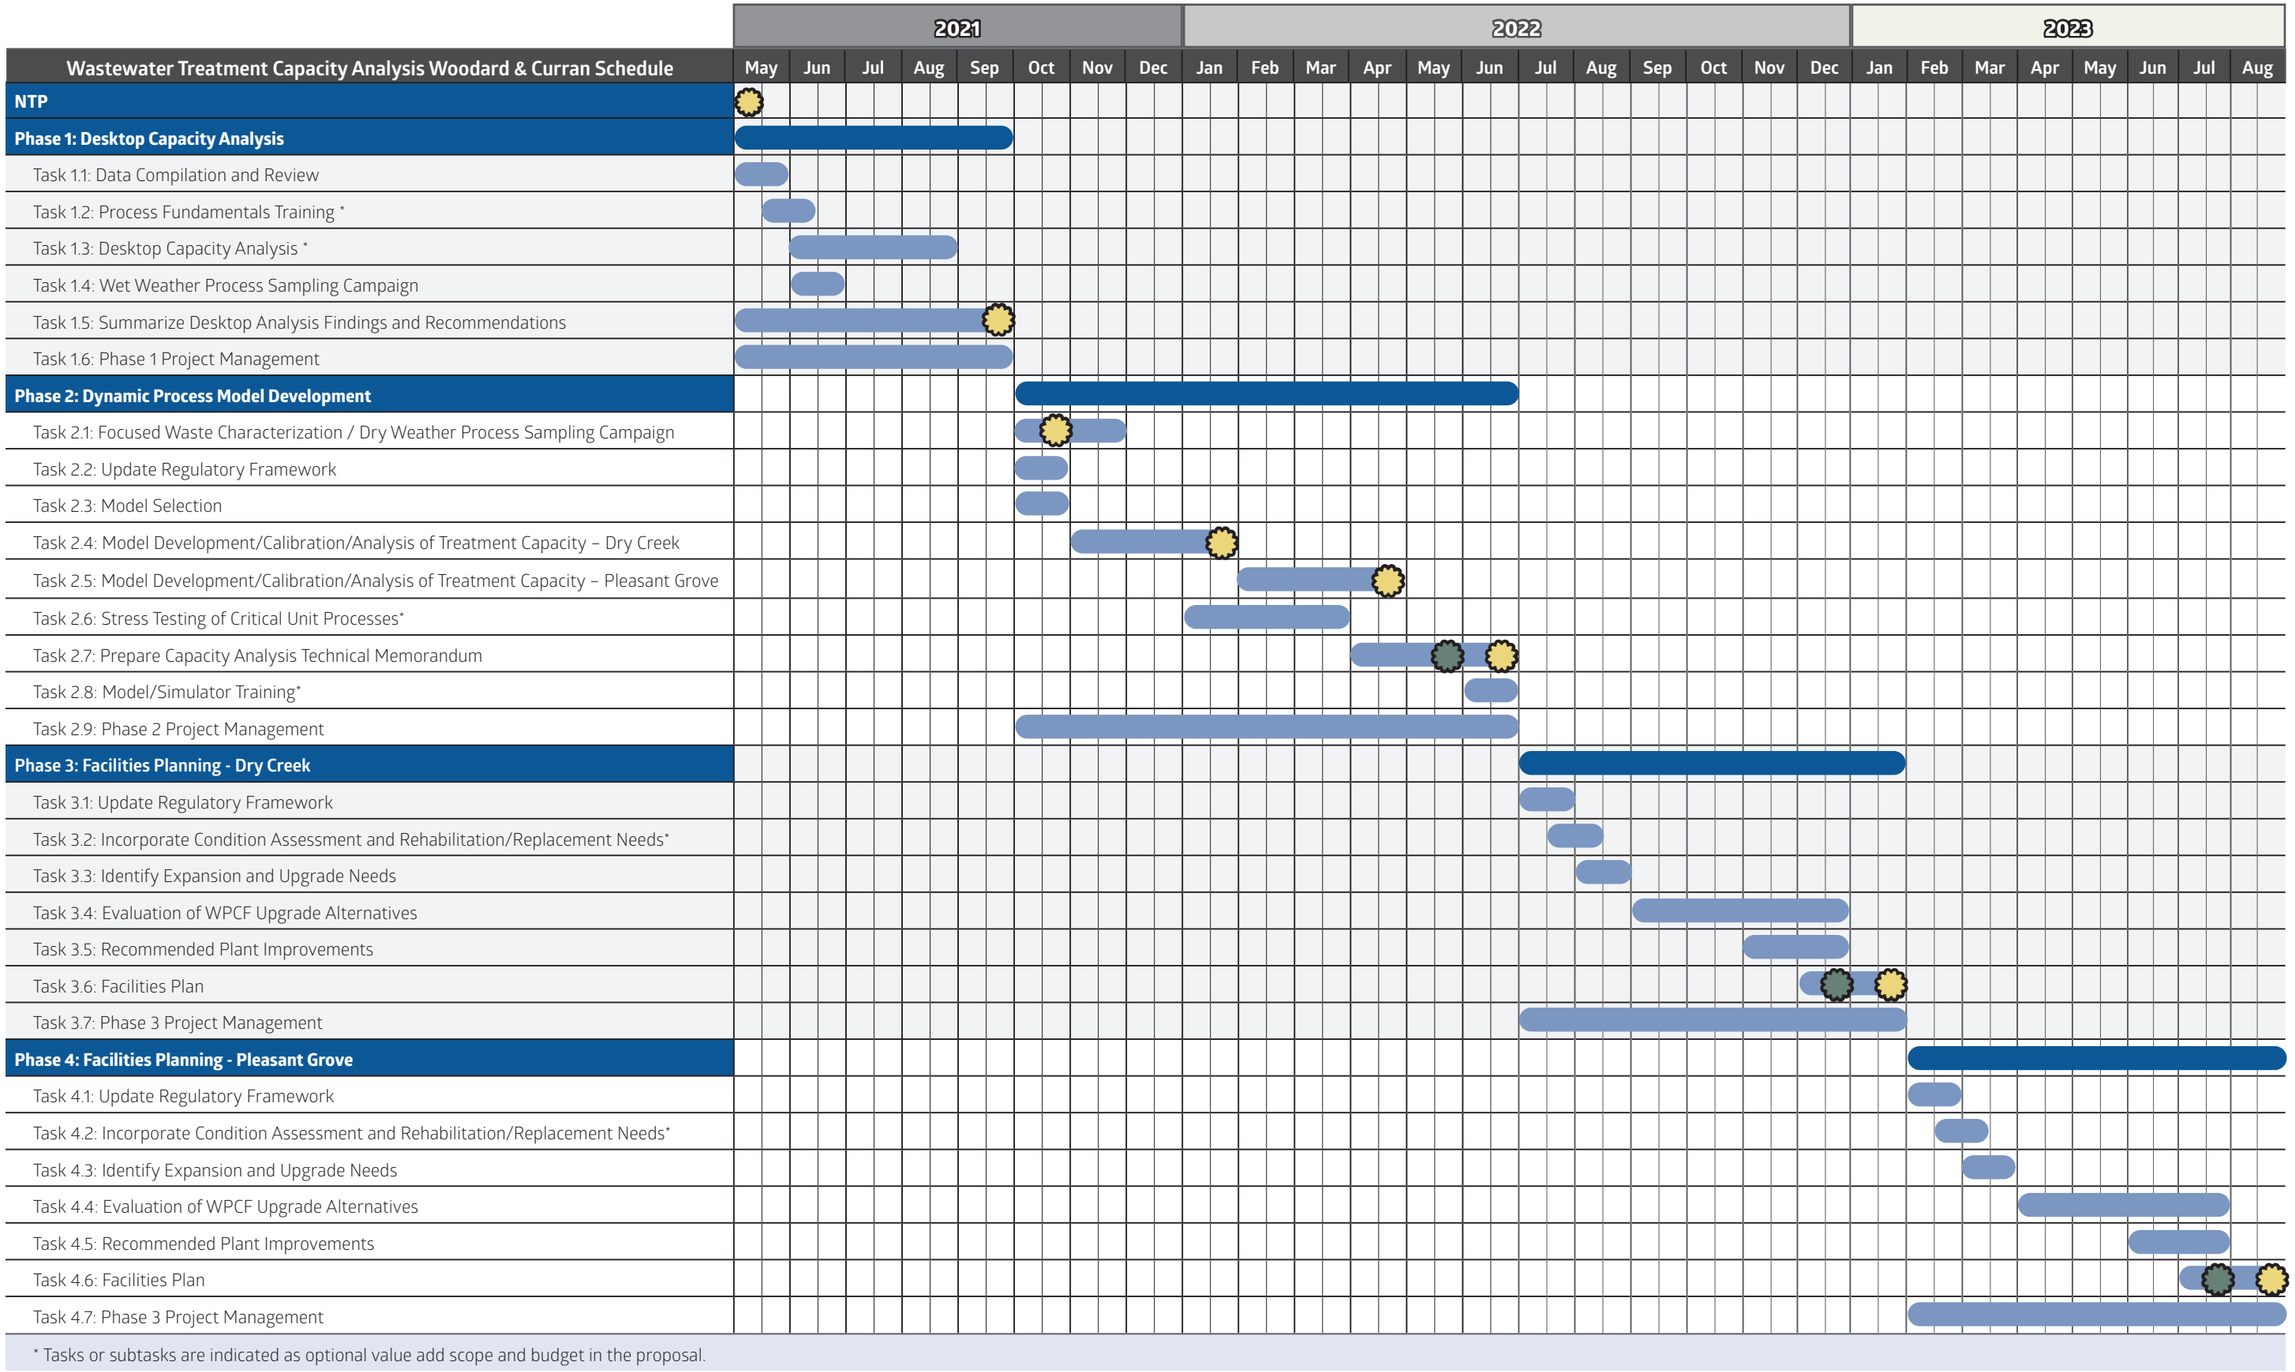
Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that seven 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 4.5 Assumptions:

- Phase 3 duration will be 7 months.

Task 4.5 Deliverables:

- Monthly meeting agenda, meeting materials, and meeting notes.
- Monthly progress reports and invoices.



* Tasks or subtasks are indicated as optional value add scope and budget in the proposal.

FEE PROPOSAL

Woodard & Curran's scope of work addresses all of the elements of the City's scope of work in the Base Services described below and identifies Optional Value Add services that we believe will further advance the City's goals of maintaining cost-effective and sustainable facilities and building workforce capabilities. Our fee proposal is based on the detailed scope of services, deliverables and assumptions described below. A Fee Proposal for Basic Services is attached along with a Fee Proposal for Base Services plus Optional Services.

The Facilities Planning for DC (Phase 3) is anticipated to proceed before PG due to the greater urgency of resolving apparent capacity limitations at the DC plant.

All draft Woodard & Curran deliverables indicated below will be submitted in electronic format to City for review. The Final Technical Memorandum (TM) submittal(s) will include electronic format as well as 10 hard copies for City.

Phase 1: Desktop Capacity Analysis

Task 1.1: Data Compilation and Review

Woodard & Curran will develop a request for information (RFI), and compile and review data related to recent plant performance (e.g., for the prior 3-5 years) and condition, including the following:

- Plant flow and laboratory data (including influent, primary effluent for DC, effluent, and any intermediate process measurements).
- Plant drawings.
- Utility data (including electrical, potable water, natural gas).
- Chemical consumption/billing (including CEPT, disinfection, polymer).
- Plant operations & maintenance (O&M) manuals and other operating information (e.g., SOPs).
- Prior condition assessment reports.

After compilation and review of the data, Woodard & Curran will tour both plants to observe operating conditions and talk with operations staff. The plant tours are proposed to occur on two consecutive days. After the tour at each plant, Woodard & Curran will hold a 2-hour virtual workshop with City staff to confirm and reconcile the available data, discuss initial observations, and determine the need for additional data at each plant.

Task 1.1 Assumptions:

- *City will provide export files from Hach WIMS database in excel format for all data for both plants from January 2016 through present.*
- *City will arrange for virtual tours of both plants with local Woodard & Curran staff attending in person.*
- *Plant tours will be conducted on two consecutive days with a duration of 3 hours for the tours and 2 hours for the Data Reconciliation Workshops.*
- *Woodard & Curran will provide and configure communications platform for virtual tours.*

Task 1.1 Deliverables:

- *Data request for information*
- *Notes from plant tours.*

- *Agenda and notes from Data Reconciliation Workshop.*

Task 1.2: Process Fundamentals Training (*Optional Value Add)*

Woodard & Curran will prepare and deliver three process fundamentals training sessions to selected City operations and engineering staff. This training will be customized to address the processes, conditions, and operational issues most relevant to the City of Roseville plants. The training will provide a common foundation for understanding the factors impacting plant performance and demonstrate the utility of the process simulation tools. The training will cover activated sludge/secondary clarification, biological nutrient removal, and anaerobic digestion in three, 4-hour sessions.

The generalized process simulation software (not plant-specific) will be pre-loaded onto 10 laptop computers that will be shipped to the City in advance of the training.

Task 1.2 Assumptions:

- *Training sessions will be held virtually using Microsoft Teams.*
- *Training sessions will consist of three 4-hour sessions conducted over a 2-3 week period.*
- *Woodard & Curran will loan the City 10 laptops with the simulation software loaded.*
- *City staff will arrange for videotaping or other recording of the training sessions.*

Task 1.2 Deliverables:

- *Course content and presentation materials (pdf format)*

Task 1.3: Desktop Capacity Analysis

Woodard & Curran will prepare a desktop capacity analysis by unit process for each plant to preliminarily identify which process(es) may be limiting the overall plant liquid and solids capacity. The hydraulic and treatment capacity assessments will be conducted using a combination of textbook and design values, engineer's spreadsheets for hydraulic and treatment capacity, and considerations for current physical and operational conditions. The assessment of current process performance will use existing plant data to the extent possible. If additional data or stress testing parameters are required, they will be identified for incorporation into the waste characterization plan in Phase 2.

Steady-state spreadsheet-based models will be developed and calibrated to existing plant data for the following targeted unit processes:

- Primary clarification (PG analysis will rely on 2016 Basis of Design Report and literature values).
- Nitrification.
- Denitrification/Internal Mixed Liquor Return (IMLR) pumping.
- Secondary clarification/Return Activated Sludge (RAS) pumping.

For other unit processes, Woodard & Curran will develop static spreadsheets based on industry literature and manufacturer data to determine capacity:

- Grit removal
- Aeration
- Filtration
- Disinfection
- Solids thickening (PG analysis will rely on 2016 Basis of Design Report and literature values).
- Digestion
- Solids dewatering (PG analysis will rely on 2016 Basis of Design Report and literature values).

Task 1.3 Assumptions:

- *Available data will be sufficient to develop calibrated spreadsheet-based models for primary clarification, nitrification, denitrification, and secondary clarification.*
- *Woodard & Curran will prepare for and lead one 2-hr workshop to go over the desktop analysis for the DC plant.*
- *Woodard & Curran will prepare for and lead one 2-hr workshop to go over the desktop analysis for the PG plant.*

Task 1.3 Deliverables:

- *Draft and Final Desktop Capacity Analysis Technical Memorandum (TM) for the DC plant*
- *Draft and Final Desktop Capacity Analysis TM for the PG plant*
- *Agenda, presentation materials and notes from the Desktop Analysis workshop for DC.*
- *Agenda, presentation materials and notes from the Desktop Analysis workshop for PG.*

Task 1.3 Deliverables (Optional Value Add):

- *Spreadsheet models and supporting documentation.*
- *Woodard & Curran will provide one 2-hour training session for operations and engineering staff on the spreadsheet tools that will be applicable to both plants.*
- *Recommendations for additional sampling and/or stress testing to be conducted in Phase 2.*

Task 1.4: Wet Weather Process Sampling Campaign

Based on the compilation and review of plant data, early findings of the desktop evaluation, and discussions with City staff, Woodard & Curran will recommend a wet weather sampling program to collect additional process-specific information during the 2020-2021 wet weather season. It is anticipated that the recommendations will be submitted in a brief sampling plan for implementation by City staff.

Task 1.4 Assumptions:

- *Woodard & Curran will prepare a brief sampling and analysis plan for implementation by City staff.*
- *Dry weather sampling will be conducted under Phase 2, Task 2.1.*
- *The sampling programs will proceed concurrently at both DC and PG.*
- *City staff will conduct all field sampling and data collection.*
- *City laboratories will be used for standard analytical work.*
- *Woodard & Curran will contract for outside laboratory services as needed to augment the capacity of the City's laboratory for this additional workload.*
- *A wet weather data summary will be prepared under this Task 1.4 but the full Waste Characterization Tech Memo encompassing both wet weather and dry weather results will be prepared under Phase 2, Task 2.1.*
- *Results will be incorporated, as applicable, into the Desktop Analysis TMs.*

Task 1.4 Deliverables:

- *Draft and Final Wet Weather Sampling Plan*

- *Draft and Final Wet Weather Data Summary*

Task 1.5: Summarize Desktop Analysis Findings and Recommendations

Woodard & Curran will summarize findings and recommendations for next steps in a presentation to be delivered in a workshop setting. The presentation will focus on the following aspects:

- Plant performance compared to operating parameters.
- Initial unit process calculations vs. historical data
- Preliminary updated plant capacity ranges and areas of focus for detailed evaluation
- Recommendations for additional waste characterization or stress testing data needed to support development of detailed process models.

Task 1.5 Assumptions:

- *Woodard & Curran will prepare and lead one 2-hr workshop to go over the findings and recommendations of Phase 1.*

Task 1.5 Deliverables:

- *Draft and Final Agenda and Presentation Materials.*
- *Workshop notes.*
- *Refined scope of work for Phase 2.*

Task 1.6: Phase 1 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that five 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 1.6 Assumptions:

- *Phase 1 duration will be 5 months.*

Task 1.6 Deliverables:

- *Monthly meeting agenda, meeting materials, and meeting notes.*
- *Monthly progress reports and invoices*

Phase 2: Dynamic Process Model Development

Task 2.1: Focused Wastewater Characterization

Woodard & Curran will develop a Wastewater Characterization Plan and QA/QC plan to develop the various fractions of pollutants within the influent, primary effluent, secondary effluent and within the liquid and treatment trains to perform the process modeling. The sampling will be conducted by Roseville staff with an outside laboratory performing the analyses. For the "Base" project campaign, we are anticipating two 7-day "sampling campaign" periods. One sampling campaign will develop representative data for dry weather conditions and the other will develop representative data for wet weather conditions. However, we recommend that if the City agrees with our proposed optional plan to incorporate the SimuWorks OpTool as a "living" model for regular use by WWTP staff, a more robust sampling campaign of 14-days be performed to improve the wastewater characterization and subsequent model calibration.

As part of developing the draft Wastewater Characterization Plan, Woodard & Curran will meet with City staff (including laboratory personnel) at the plants to go over sampling and analytical approach.

During the wastewater characterization process, Woodard & Curran will review analytical reports as they become available to look for trends, gaps, and inconsistencies. After the waste characterization is complete, Woodard & Curran will prepare Waste Characterization TM summarizing the findings and recommendations for the data to be used for model calibration at each plant. After the draft TM is submitted, Woodard & Curran will lead a 2-hr Data Reconciliation Workshop to present the findings and recommendations.

The minimum effective sampling campaign would be performed using 7 days of sampling over a 10-14 day period. However, as an Optional Task, we recommend expanding that sampling to 14 days of sampling to increase the database with the goal of improving model accuracy.

Task 2.1 Assumptions:

- *The sampling campaigns will endeavor to capture seasonal variability but will not be representative of diurnal variability.*
- *Wet weather sampling and analysis will be conducted under Phase 1, Task 1.4.*
- *The sampling programs will proceed concurrently at both DC and PG.*
- *City staff will conduct all field sampling and data collection.*
- *City laboratories will be used for standard analytical work.*
- *Woodard & Curran will contract for outside laboratory services as needed to augment the capacity of the City's laboratory for this additional workload.*
- *City will arrange for Woodard & Curran visits to both plants for purposes of discussing and finalizing sampling locations, analytical parameters, and frequency.*

Task 2.1 Deliverables:

- *Draft and Final Waste Characterization Plan for DC.*
- *Draft and Final Waste Characterization Plan for PG*
- *Draft and Final Waste Characterization TM for DC.*
- *Draft and Final Waste Characterization TM for DC.*
- *Agenda and notes from Data Reconciliation Workshop.*

Task 2.2: Update Effluent Limitations

Woodard & Curran will review current plant NPDES permits, regulations, and regulatory trends applicable to wastewater treatment, reuse, and discharge within the Central Valley Regional Water Quality Control Board (RWQCB) jurisdiction. Findings from this regulatory review will be used to estimate future effluent limits to be used in modeling scenarios and will be incorporated into the Facilities Plan in Phase 3.

Task 2.2 Assumptions:

- *Evaluation of regulations and regulatory trends will be limited to effluent discharge and recycled water regulations. This scope does not include evaluation of biosolids management, air permitting, health & safety, or other regulated activities at the plants.*

- ***Task 2.2 Deliverables:***

Draft and Final Effluent Limitations Technical Memorandum.

Task 2.3: Model Functionality Workshop

Woodard & Curran will facilitate a workshop describing and demonstrating the potential modeling options. Key considerations will include:

- Desired model accuracy.
- Determination of the most effective model configuration - a single whole plant model for each plant or separate liquid stream and solids streams models that will be coupled.
- The number of trains to be modeled for each unit process.
- Determination of whether City staff will be trained on the model or on a simulation package that provides a training platform.
- Software licensing fees and training requirements

Task 2.3 Assumptions:

- *It is assumed that the City will select the GPS-X software (Hydromantis) for this project and the approach, level of effort, for the subsequent tasks are based on this assumption.*
- *Woodard & Curran will perform hydraulic modeling using its industry-leading proprietary modeling tool SteadyFlow.*

Task 2.3 Deliverable:

- *Agenda, presentation materials, and notes from the Model Selection Workshop.*

Task 2.4: Model Development and Calibration / Analysis of Treatment Capacity – Dry Creek

Woodard & Curran will develop and calibrate appropriate modeling tools for detailed analysis of hydraulic profile and liquid and solids treatment capacity. For the purposes of this proposal, it is assumed Woodard & Curran will construct a dynamic, electronic treatment process model of the existing DC plant using GPS-X software. The hydraulic profile will be generated using the SteadyFlow model.

Hydraulic Model. Woodard & Curran will develop a preliminary model using available record drawings. During this process, Woodard & Curran will develop a list of key locations to be verified by survey, such as weir crests, top of concrete channels, and pipe/manhole inverts. Woodard & Curran will also identify any datum conversion needs. It is anticipated that the model will be created using NAVD88. Woodard & Curran will also identify receiving water elevations to use based on consultation with the City, USGS stream gauging data, flood maps or studies, or other readily available information. Woodard & Curran will retain the services of a local surveyor for one day to verify elevations identified during preliminary modeling.

The preliminary average and peak flow results will be discussed with plant staff in relation to their experience plant hydraulics and bottlenecks. This discussion will be during one remote meeting via Teams of up to 2 hours. Plant staff may be asked to take follow up measurements or photographs of certain locations. Based on these results and the discussion, additional points requiring further field verification will be identified.

Woodard & Curran will conduct one site visit, preferably during a relatively high-flow period if scheduling permits, to take calibration measurements and observe/photograph flow regimes, control points, and condition of channels. Measurements will be made with a tape measure down to water surface from top of concrete. Measurements and observations will only be at locations that can be accessed safely from

walkways without harnesses or confined space entry. The City shall provide one experienced staff member knowledgeable in plant operations to accompany us on the site visit for 2 to 4 hours.

The model will be updated and run for average and peak flow conditions.

Process Model The model will be calibrated using available plant data and the wastewater and plant characterization data collected in Tasks 1.4 and 2.1. Woodard & Curran will develop GPS-X simulator layouts, configure input files, calibrate model, and validate using plant data. After model calibration and validation, Woodard & Curran will model 4 to 8 scenarios addressing the expected range of flows, loads, number of units in service, and addition of new processes. Woodard & Curran will lead a 2-hr Dry Creek Scenario Planning Workshop with City staff to select the specific scenarios to be included in the modeling analysis. The results of the modeling will be presented and discussed in a 2-hr Dry Creek Capacity Analysis Workshop. As an Optional Task, the GPS-X model will be used to build a SimuWorks OpTool Operator Interface Layout for the Dry Creek WWTP (refer to Task 2.8).

Task 2.4 Assumptions:

- *Liquids and solids streams will be modeled as a whole-plant model or separately and coupled by input/output files.*
- *DC plant will be modeled with two parallel trains for the secondary aeration process – one representing the fine bubble aeration tanks and one for the mechanical surface aeration tanks.*
- *An accuracy or 1 to 2 mg/L of nitrate and 1 to 2 mg/L ammonia is sufficient.*
- *Process modeling will be conducted using the GPS-X software.*
- *Hydraulic modeling will be conducted using SteadyFlow.*
- *The modeling tasks proceed sequentially with DC first and PG second.*

Task 2.4 Deliverables:

- *Draft and Final Hydraulic Modeling TM with representative hydraulic profiles.*
- *Draft and Final GPS-X process simulator layouts.*
- *Agenda, presentation materials and notes from the Dry Creek Scenario Planning Workshop.*
- *Agenda, presentation materials and notes from the Dry Creek Capacity Analysis Workshop.*

Task 2.5: Model Development and Calibration / Analysis of Treatment Capacity – Pleasant Grove

Woodard & Curran will develop and calibrate appropriate modeling tools for detailed analysis of hydraulic profile and liquid and solids treatment capacity. For the purposes of this proposal, it is assumed Woodard & Curran will construct a dynamic, electronic treatment process model of the existing PG plant using GPS-X software. The hydraulic profile will be generated using the SteadyFlow model.

Hydraulic Model. Woodard & Curran will develop a preliminary model using available record drawings. During this process, Woodard & Curran will develop a list of key locations to be verified by survey, such as weir crests, top of concrete channels, and pipe/manhole inverts. Woodard & Curran will also identify any datum conversion needs. It is anticipated that the model will be created using NAVD88. Woodard & Curran will also identify receiving water elevations to use based on consultation with the City, USGS stream gauging data, flood maps or studies, or other readily available information. Woodard & Curran will retain the services of a local surveyor for one day to verify elevations identified during preliminary modeling.

The preliminary average and peak flow results will be discussed with plant staff in relation to their experience plant hydraulics and bottlenecks. This discussion will be during one remote meeting via Teams of up to 2 hours. Plant staff may be asked to take follow up measurements or photographs of

certain locations. Based on these results and the discussion, additional points requiring further field verification will be identified.

Woodard & Curran will conduct one site visit, preferably during a relatively high-flow period if scheduling permits, to take calibration measurements and observe/photograph flow regimes, control points, and condition of channels. Measurements will be made with a tape measure down to water surface from top of concrete. Measurements and observations will only be at locations that can be accessed safely from walkways without harnesses or confined space entry. The City shall provide one experienced staff member knowledgeable in plant operations to accompany us on the site visit for 2 to 4 hours.

The model will be updated and run for average and peak flow conditions and up to two additional scenarios as the City's request.

Process Model. The model will be calibrated using available plant data and the wastewater and plant characterization data collected in Tasks 1.4 and 2.1. Woodard & Curran will develop GPS-X simulator layouts, configure input files, calibrate model, and validate using plant data. After model calibration and validation, Woodard & Curran will model 4 to 8 scenarios addressing the expected range of flows, loads, number of units in service, and addition of new processes. Woodard & Curran will lead a 2-hr Pleasant Grove Scenario Planning Workshop with City staff to select the specific scenarios to be included in the modeling analysis. The results of the modeling will be presented and discussed in a 2-hr Pleasant Grove Capacity Analysis Workshop. As an Optional Task, the GPS-X model will be used to build a SimuWorks OpTool Operator Interface Layout for the Pleasant Grove WWTP (refer to Task 2.8).

Task 2.5 Assumptions:

- *Liquids and solids streams will be modeled as a whole-plant model or separately and coupled by input/output files.*
- *PG plant will be modeled with one treatment train.*
- *An accuracy or 1 to 2 mg/L of nitrate and 1 to 2 mg/L ammonia is sufficient.*
- *Process modeling will be conducted using the GPS-X software.*
- *Hydraulic modeling will be conducted using SteadyFlow.*
- *The modeling tasks proceed sequentially with DC first and PG second.*

Task 2.5 Deliverables:

- *Draft and Final Hydraulic Modeling TM with representative hydraulic profiles*
- *Draft and Final GPS-X process simulator layouts.*
- *Agenda, presentation materials and notes from the Pleasant Grove Scenario Planning Workshop.*
- *Agenda, presentation materials and notes from the Pleasant Grove Capacity Analysis Workshop.*

Task 2.6: Stress Testing of Critical Unit Processes (*Optional Value Add*)

Woodard & Curran will develop and implement stress-testing plan for critical processes or where other forms of modeling/analysis are not suited to efficiently and definitively determine unit process capacity. After submittal of the draft stress testing plans, Woodard & Curran will lead a 2-hr workshop to go over the draft plans and received comments from City staff.

Task 2.6 Assumptions:

- Primary clarification and secondary clarification processes at DC and the secondary clarification process at PG will be stress tested.
- Stress testing plans will be developed in consultation with operations and engineering staff at both plants.
- Stress testing process modifications and sampling will be completed by City staff.
- Stress testing will require 7 consecutive days for each process tested. Daily samples will be collected for process influent, MLSS, process effluent, and recycle streams. For two days, diurnal samples will be collected every hour.

Task 2.6 Deliverables:

- *Draft and Final Stress Testing Plan.*
- *Agenda, presentation materials and notes from the Stress Testing Workshop.*
- *Draft and Final Stress Testing TM.*

Task 2.7: Prepare Capacity Analysis Technical Memorandum

Woodard & Curran will summarize the capacity analysis findings and recommendations for both DC and PG in TM. The TM will include an analysis of process capacity developed from the modeling effort compared to current and project flows and loads from the Systems Evaluation Update (TM7). The draft findings and recommendations will be presented in a workshop setting prior to submitting the Draft TM.

Task 2.7 Assumptions:

- *The Capacity Analysis TM will incorporate both DC and PG in one document.*

Task 2.7 Deliverables:

- *Draft and Final Capacity Analysis TM.*
- *Agenda, presentation materials and notes from the Capacity Analysis Workshop.*

Task 2.8: Model/Simulator Training (*Optional Value Add*)

Woodard & Curran will provide training in both the GPS-X Simulator and the Ops Tool operator training interface. The GPS-X Simulator training will be based on instructing engineering and operations staff on changing flows, loads, and operating parameters on the model layouts provided.

The Ops Tool training will be based on instructing operations staff in process fundamentals using the models developed for each plant.

Task 2.8 Assumptions:

- *The GPS-X Simulator Training will be conducted in 3 modules (software introduction, DC, and PG) that will be 3-hrs each.*
- *The OpsTool Training will be conducted for DC and for PG separately and will consist of a 4-hr training session for each plant with the OpsTool loaded onto individual laptop computers.*

Task 2.8 Deliverables:

- *Draft and Final SimuWorks OpTool operations-based simulator layouts Agenda, presentation materials, operator's manual. and notes from the Simulator Training.*
- *Agenda, presentation materials, operator's manual. and notes from the DC OpsTool Training*
- *Agenda, presentation materials, operator's manual. and notes from the PG OpsTool Training*
- *One copy of each OpsTool training simulator for DC and the PG. These simulators will include a 1-year license for each that can be renewed.*
- *One copy of GPS-X for use by City staff*

Task 2.9: Phase 2 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that nine 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 2.9 Assumptions:

- *Phase 2 duration will be 9 months.*

Task 2.9 Deliverables:

- *Monthly meeting agenda, meeting materials, and meeting notes.*
- *Monthly progress reports and invoices.*

Phase 3: Dry Creek Wastewater Treatment Plant Facilities Plan

Based on the outcomes and recommendations of the Systems Evaluation Update (August 2020) and Capacity Analysis (Phases 1 and 2 described above), review of previously completed condition assessments, and review of regulatory requirements and trends, Woodard & Curran will prepare Facilities Plans for both DC and PG plants. The Facilities Plans will identify necessary process expansions and upgrades, phasing of improvements, capital and life-cycle cost estimates, and funding options. The plans will also identify near-term operational improvements and rehabilitation projects to extend the useful life of the existing facilities. The planning horizon for the facilities plan is 20-years covering the period of 2020 through 2040.

For purposes of this scope, it is assumed that Facilities Plans will be developed sequentially with DC first (under Phase 3) followed by PG (under Phase 4). Common elements to both Facilities Plan, such as regulatory requirements and trends, capital and life-cycle cost estimating parameters, funding, and financing options, and, as appropriate, identification of permitting requirements, will be shared.

Task 3.1: Update Regulatory Framework

Woodard & Curran will review current plant NPDES permits, regulations, and regulatory trends applicable to wastewater treatment, reuse, discharge, and biosolids and residuals management within the Central Valley Regional Water Quality Control Board (RWQCB) jurisdiction. This will build on the findings from Phase 2/Task 2.3 and will be used to estimate future effluent limits, biosolids management options, air emissions requirements, code compliance issues, and life safety upgrades.

Task 3.1 Assumptions:

- *Review of regulations and regulatory trends for off-site biosolids management alternatives will be general in nature and not site-specific. Site-specific regulatory requirements are not included in this scope but can be added as an amendment once the alternatives for detailed analysis are selected.*

Task 3.1 Deliverables:

- *Draft Regulatory Requirements and Trends Report Section summarizing applicable regulatory requirements and trends.*

Task 3.2: Condition Assessment and Rehabilitation/Replacement Needs

Woodard & Curran will review relevant condition assessment and asset evaluation documents provided by the City for the DC plant. Woodard & Curran will compile a table of rehabilitation/replacement (R&R) projects recommended from these prior documents and will also note when there are significant gaps in the condition assessment data. Woodard & Curran's scope and budget are based on our assumption that we can rely on the evaluations and recommendations in the prior documents as they relate to the following unit processes: preliminary treatment and screening, primary treatment, anaerobic digestion, cooling, filtration, and disinfection.

Task 3.2: Condition Assessment and Rehabilitation/Replacement Needs (*Optional Value Add*)

Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. The R&R projects and risk ranking will be discussed and prioritized in a Risk Reduction Workshop with City staff. Woodard & Curran will prepare a draft Risk Reduction TM based on the risk reduction workshop. Draft TM will provide recommendations for additional condition assessment work needed to fill gaps in the current program. Woodard & Curran will prepare a final Risk Reduction TM incorporating City comments.

Task 3.2 Assumptions:

- *The R&R projects will be based on prior reports provided by the City.*
- *The Risk Reduction Workshop will be held at the DC plant and will be a 4-hr workshop.*

Task 3.2 Deliverables:

- *Table of identified R&R projects.*

Task 3.2 Deliverables (Optional Value Add):

- *Table of identified R&R projects with POF x COF ratings.*
- *Agenda, presentation materials and notes from the Risk Reduction Workshop.*
- *Draft and Final Risk Reduction TM.*

Task 3.3: Evaluation of WPCF Upgrade Alternatives

Based on the identified capacity needs, R&R project needs, and future regulatory compliance requirements, Woodard & Curran will identify expansion and upgrade needs and alternatives for the DC Plant.

Identify Expansion and Upgrade Needs. Woodard & Curran will develop design criteria for the plant at the 2040 planning horizon. These design criteria will form the basis of the evaluation of alternative treatment processes, sizing, and configurations. Expansion and upgrade projects will be identified based on capacity needs (both hydraulic and process capacity), rehabilitation or replacement of equipment or facilities nearing the end of their useful life, regulatory requirements, and life safety requirements. Woodard & Curran will present the design criteria and listing of expansion and upgrade needs in a Design Criteria Workshop with City staff.

Alternatives Assessment. Woodard & Curran will identify alternative unit process upgrade projects that incorporate capacity, condition, and effluent discharge and reuse goals. Woodard & Curran will lead an Alternatives Screening Workshop to present and discuss alternative upgrade projects and evaluation criteria. Develop feasible process configurations for the WWTP upgrades that Woodard & Curran and the City jointly determine have strong potential to achieve the established design criteria. Woodard & Curran assumes that the field of potential process configurations can be narrowed down to three (3) alternatives based on a planning level evaluation. The short-listed alternatives will be assessed in greater detail during subsequent tasks.

Conceptual Layout. Develop conceptual level layout and sizing of the three (3) alternatives short-listed as part of the desktop evaluation to serve as the basis for estimating the capital and operational cost of each alternative.

Support Systems. Determine the requirements for modification to existing support systems for each of the three alternatives. Support systems include biosolids processing, building footprint requirements, electrical distribution, plumbing, HVAC, instrumentation & controls, SCADA, pumping, piping, and chemical feed.

Cost Estimate. Prepare a total life cycle / present-worth cost estimate including capital and 20-year O&M cost for each of the three short-listed alternatives. The total project cost will include design, permitting, construction, construction administration, SCADA integration, startup and training, and operations and maintenance.

Alternatives Assessment Workshop. Woodard & Curran will present the conceptual layouts, support systems, and cost estimates for the three shortlisted set of alternatives in an Alternatives Assessment Workshop. It is anticipated that City staff will select a preferred alternative at the Workshop.

Task 3.3 Assumptions:

- *Each of the three workshops under this task will be held at City facilities and are anticipated to be 4-hour workshops.*
- *Expansion and upgrade needs will be organized into sets of projects grouped as alternatives. In consultation with the City, up to 6 alternatives will be developed and subsequently screened down to 3 alternatives for detailed analysis.*
- *Cost estimates will be developed at the AACE Class 4 (feasibility level) level of accuracy.*

Task 3.3 Deliverables:

- *Draft and Final Design Criteria TM.*
- *Agenda, presentation materials and notes from the Design Criteria Workshop.*
- *Agenda, presentation materials and notes from the Alternatives Screening Workshop.*
- *Agenda, presentation materials and notes from the Alternatives Assessment Workshop.*

Task 3.4: Facilities Plan

Based on the preferred alternative selected under Task 3.3, Woodard & Curran will develop a draft Facilities Plan documenting the projected flows and loadings, capacity analysis, condition assessment, regulatory review, design criteria, alternatives assessment, and recommended set of improvements for each process at the DC Plant. The Facilities Plan will incorporate a detailed implementation schedule with emphasis on critical needs, while providing the City with higher level budgetary costs for longer term needs. The Plan will identify triggers for initiating further process improvements and R&R projects. The Plan will include a preliminary financing and funding plan that identifies the magnitude of rate impacts and the potential grant and low-interest loan programs available. After submittal of the draft Facilities Plan, Woodard & Curran will facilitate and Facilities Plan Review Workshop. After receipt of City comments, Woodard & Curran will prepare a Final Facilities Plan and presentation materials for meetings with City Council and/or SPWA partners.

Task 3.4 Assumptions:

- *The Facilities Plan Review Workshop will be held at City offices and will be a 2-hr workshop.*
- *Woodard & Curran will provide technical support to 2 presentations of the Final Facilities Plan.*

Task 3.4 Deliverables:

- *Draft and Final Facilities Plan.*
- *Agenda, presentation materials and notes from the draft Facilities Plan Review.*
- *Presentation materials for the final Facilities Plan Presentation.*

Task 3.5: Phase 3 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that seven 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 3.5 Assumptions:

- *Phase 3 duration will be 7 months.*
- ***Task 3.5 Deliverables:***

Monthly meeting agenda, meeting materials, and meeting notes.

Monthly progress reports and invoices.

Phase 4: Pleasant Grove Wastewater Treatment Plant Facilities Plan

Based on the outcomes and recommendations of the Systems Evaluation Update (August 2020) and Capacity Analysis (Phases 1 and 2 described above), review of previously completed condition assessments, and review of regulatory requirements and trends, Woodard & Curran will prepare Facilities Plans for both DC and PG plants. The Facilities Plans will identify necessary process expansions and upgrades, phasing of improvements, capital and life-cycle cost estimates, and funding options. The plans will also identify near-term operational improvements and rehabilitation projects to extend the useful life of the existing facilities. The planning horizon for the facilities plan is 20-years covering the period of 2020 through 2040.

For purposes of this scope, it is assumed that Facilities Plans will be developed sequentially with DC first (under Phase 3) followed by PG (under Phase 4). Common elements to both Facilities Plans, such as regulatory requirements and trends, capital and life-cycle cost estimating parameters, funding, and financing options, and, as appropriate, identification of permitting requirements, will be shared.

Task 4.1: Update Regulatory Framework

Woodard & Curran will revise the Draft Regulatory Requirements and Trends Report Section prepared for DC and incorporate any additional considerations for the PG Plant. This will build on the findings from Phase 2, Task 2.3 and Phase 3, Task 3.1 to estimate future effluent limits, biosolids management options, air emissions requirements, code compliance issues, and life safety upgrades.

Task 4.1 Assumptions:

- *Review of regulations and regulatory trends for off-site biosolids management alternatives will be general in nature and not site-specific. Site-specific regulatory requirements are not included in this scope but can be added as an amendment once the alternatives for detailed analysis are selected.*

Task 4.1 Deliverables:

- *Draft Regulatory Requirements and Trends Report Section summarizing applicable regulatory requirements and trends.*

Task 4.2: Condition Assessment and Rehabilitation/Replacement Needs

Woodard & Curran will review relevant condition assessment and asset evaluation documents provided by the City for the PG plant. Woodard & Curran will compile a table of rehabilitation/replacement (R&R) projects recommended from these prior documents and will also note when there are significant gaps in the condition assessment data. Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. Woodard & Curran's scope and budget are based on our assumption that we can rely on the evaluations and recommendations in the prior documents as they relate to the following unit processes: preliminary treatment and screening, grit removal, primary treatment, anaerobic digestion, cooling, filtration, and disinfection.

Task 4.2: Condition Assessment and Rehabilitation/Replacement Needs (*Optional Value Add*)

Based on the available information, discussions with plant staff, and Woodard & Curran experience, the R&R projects will be rated based on probability of failure and consequence of failure. The R&R projects and risk ranking will be discussed and prioritized in a Risk Reduction Workshop with City staff. Woodard & Curran will prepare a draft Risk Reduction TM based on the risk reduction workshop. Draft TM will provide recommendations for additional condition assessment work needed to fill gaps in the current program. Woodard & Curran will prepare a final Risk Reduction TM incorporating City comments.

Task 4.2 Assumptions:

- *The R&R projects will be based on prior reports provided by the City.*
- *The Risk Reduction Workshop will be held at the PG plant and will be a 4-hr workshop.*

Task 4.2 Deliverables:

- *Table of identified R&R projects.*

Task 4.2 Deliverables (Optional Value Add):

- *Table of identified R&R projects with POF x COF ratings.*
- *Agenda, presentation materials and notes from the Risk Reduction Workshop.*
- *Draft and Final Risk Reduction TM.*

Task 4.3: Evaluation of WPCF Upgrade Alternatives

Based on the identified capacity needs, R&R project needs, and future regulatory compliance requirements, Woodard & Curran will identify expansion and upgrade needs and alternatives for the PG Plant.

Identify Expansion and Upgrade Needs. Woodard & Curran will develop design criteria for the plant at the 2040 planning horizon. These design criteria will form the basis of the evaluation of alternative treatment processes, sizing and configurations. Expansion and upgrade projects will be identified based on capacity needs (both hydraulic and process capacity), rehabilitation or replacement of equipment or facilities nearing the end of their useful life, regulatory requirements, and life safety requirements. Woodard & Curran will present the design criteria and listing of expansion and upgrade needs in a Design Criteria Workshop with City staff.

Alternatives Assessment. Woodard & Curran will identify alternative unit process upgrade projects that incorporate capacity, condition, and effluent discharge and reuse goals. Woodard & Curran will lead an Alternatives Screening Workshop to present and discuss alternative upgrade projects and evaluation criteria. Develop feasible process configurations for the WWTP upgrades that Woodard & Curran and the City jointly determine have strong potential to achieve the established design criteria. Woodard & Curran assumes that the field of potential process configurations can be narrowed down to three (3) alternatives based on a planning level evaluation. The short-listed alternatives will be assessed in greater detail during subsequent tasks.

Conceptual Layout. Develop conceptual level layout and sizing of the three (3) alternatives short-listed as part of the desktop evaluation to serve as the basis for estimating the capital and operational cost of each alternative.

Support Systems. Determine the requirements for modification to existing support systems for each of the three alternatives. Support systems include biosolids processing, building footprint requirements, electrical distribution, plumbing, HVAC, instrumentation & controls, SCADA, pumping, piping, and chemical feed.

Cost Estimate. Prepare a total life cycle / present-worth cost estimate including capital and 20-year O&M cost for each of the three short-listed alternatives. The total project cost will include design, permitting, construction, construction administration, SCADA integration, startup and training, and operations and maintenance.

Alternatives Assessment Workshop. Woodard & Curran will present the conceptual layouts, support systems, and cost estimates for the three shortlisted set of alternatives in an Alternatives Assessment Workshop. It is anticipated that City staff will select a preferred alternative at the Workshop.

Task 4.3 Assumptions:

- *Each of the three workshops under this task will be held at City facilities and are anticipated to be 4-hour workshops.*
- *Expansion and upgrade needs will be organized into sets of projects grouped as alternatives. In consultation with the City, up to 6 alternatives will be developed and subsequently screened down to 3 alternatives for detailed analysis.*
- *Evaluation criteria will be jointly developed with City staff.*
- *Cost estimates will be developed at the AACE Class 4 (feasibility level) level of accuracy.*

Task 4.3 Deliverables:

- *Draft and Final Design Criteria TM.*
- *Agenda, presentation materials and notes from the Design Criteria Workshop.*
- *Agenda, presentation materials and notes from the Alternatives Screening Workshop.*
- *Agenda, presentation materials and notes from the Alternatives Assessment Workshop.*

Task 4.4: Facilities Plan

Based on the preferred alternative selected under Task 3.3, Woodard & Curran will develop a draft Facilities Plan documenting the projected flows and loadings, capacity analysis, condition assessment, regulatory review, design criteria, alternatives assessment, and recommended set of improvements for each process at the PG Plant. The Facilities Plan will incorporate a detailed implementation schedule with emphasis on critical needs, while providing the City with higher level budgetary costs for longer term needs. The Plan will identify triggers for initiating further process improvements and R&R projects. The Plan will include a preliminary financing and funding plan that identifies the magnitude of rate impacts and the potential grant and low-interest loan programs available. After submittal of the draft Facilities Plan, Woodard & Curran will facilitate and Facilities Plan Review Workshop. After receipt of City comments, Woodard & Curran will prepare a Final Facilities Plan and presentation materials for meetings with City Council and/or SPWA partners.

Task 4.4 Assumptions:

- *The Facilities Plan Review Workshop will be held at City offices and will be a 2-hr workshop.*
- *Woodard & Curran will provide technical support to 2 presentations of the Final Facilities Plan.*

Task 4.4 Deliverables:

- *Draft and Final Facilities Plan.*
- *Agenda, presentation materials and notes from the draft Facilities Plan Review.*
- *Presentation materials for the final Facilities Plan Presentation.*

Task 4.5: Phase 4 Project Management

Woodard & Curran will provide monthly progress reports, budget tracking, client meetings and communications, schedule coordination, and quality assurance/quality control for this phase of work. For budgetary purposes, it is assumed that seven 1-hr monthly virtual progress meetings will be held with the City Project Manager. Technical workshops are included under the individual task budgets.

Task 4.5 Assumptions:

- *Phase 3 duration will be 7 months.*

Task 4.5 Deliverables:

- *Monthly meeting agenda, meeting materials, and meeting notes.*
- *Monthly progress reports and invoices.*

COUNCIL COMMUNICATION

CC #: 1464
File #: 0900-03

Title: Electric Interconnection - Contract Amendment
Contact: Chris Porter 916-774-5615 cporter@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.10.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution authorizing the City Manager to execute the attached Revision 1 to Exhibit F of Contract 04-SNR-00850 with the Western Area Power Administration for the purpose of performing work in support of the installation of a second transformer at the Fiddyment Substation.

BACKGROUND

In 1997, Roseville Electric built the Fiddyment 230/60kV Substation. This substation is one of two substations used by Roseville Electric to deliver power purchased external to the City to customers. Recently, the Electric Engineering staff determined it necessary to add a second 230/60kV transformer to the Fiddyment substation in order to increase system redundancy and reliability.

City Council approved the project to add the second transformer to Fiddyment substation as part of the Electric Department annual FY2018-19 capital budget. In order to accommodate the addition of the second transformer, work needs to be performed on the 230kV portion of the substation by the Western Area Power Administration (WAPA). Via contract 04-SNR-00850, operation and maintenance control of the 230kV portion of the substation has been delegated to WAPA.

Amendment 2 to Contract 04-SNR-00850 details the work required to be performed by WAPA in order to support the addition of the second 230/60kV transformer and was approved by Council on January 9, 2019. At the time, the preliminary estimated cost of work to be performed by WAPA was $321,400. Since that time, more detailed design has been done and the scope of work to be performed by WAPA has increased as well as additional equipment necessary to the project will be procured by WAPA. This Revision 1 to Exhibit F will add an additional $200,000, increasing the total amount of the work to be performed by WAPA to $521,400.

FISCAL IMPACT

The fiscal impact of Revision 1 to Exhibit F of Contract 04-SNR-00850 with the Western Area Power Administration is $200,000, bringing the total cost of the work to be performed by WAPA to $521,400. Funds are included in the Electric Department FY2020-21 budget.

ENVIRONMENTAL REVIEW

Environmental impacts associated with implementation of Revision 1 to Exhibit F of Contract 04-SNR-00850 with the Western Area Power Administration were previously evaluated in the Fiddyment Substation 230/60-kV Circuit Breaker Project Initial Study/Negative Declaration (IS/ND) (November 2002) (adopted by the City Council January 8, 2003). The additional work to be performed that are included in Revision 1 to Exhibit F of Contract 04-SNR-00850 are consistent with the project evaluated in the adopted IS/ND and consequently no additional CEQA action is required for contract approval.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Description

Resolution 21-209

Exhibit F Revision 1

RESOLUTION NO. 21-209

APPROVING REVISION 1 TO EXHIBIT F TO WESTERN AREA POWER ADMINISTRATION AGREEMENT 04-SNR-00850, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, in 1997, Roseville Electric built the Fiddyment 230/60kV Substation to deliver power purchased external to the City to customers; and

WHEREAS, the Electric Engineering staff determined it necessary to add a second 230/60kV transformer to the Fiddyment substation in order to increase system redundancy and reliability; and

WHEREAS, in order to accommodate the addition of the second transformer, work needs to be performed on the 230kV portion of the substation by the Western Area Power Administration (WAPA); and

WHEREAS, operation and maintenance control of the 230kV portion of the substation has been delegated to WAPA via Contract 04-SNR-00850; and

WHEREAS, Amendment 2 to Contract 04-SNR-00850 details the work required to be performed by WAPA in order to support the addition of the second 230/60kV transformer and was approved by Council on January 9, 2019; and

WHEREAS, the preliminary estimated cost of work to be performed by WAPA was $321,400, but since that time, more detailed design has been done and the scope of work to be performed by WAPA has increased as well as additional equipment necessary to the project will be procured by WAPA; and

WHEREAS, Revision 1 to Exhibit F will add an additional $200,000, increasing the total amount of the work to be performed by WAPA to $521,400; and

WHEREAS, Revision 1 to Exhibit F of Contract 04-SNR-00850 to the WAPA Agreement, has been reviewed by City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said Revision 1 to Exhibit F of Contract 04-SNR-00850 to the WAPA Agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this____day of _____, 2021, by the following vote on roll call:

Exhibit F
(Estimated Cost of WAPA's Assistance with Second Phase)

1. This Exhibit F, Revision 1, to be effective under and as a part of Amendment 2 to Contract 04-SNR-00850, (Contract); shall supersede the previous Exhibit F and shall remain in effect until superseded by another Exhibit F or termination of Amendment 2 to the Contract.

2. Exhibit F, Revision 1, includes updated costs in the amount of $200,000 for additional work and equipment requested by Roseville, in Section 3 below.

3. WAPA will perform the list of work below at the estimated cost for each task listed, as follows:

3.1 Perform project management and coordination.	$20,280
3.2 Design the 230-kV control and protection modifications, including the 230-kV outdoor equipment. (Added $40,000)	$79,000
3.3 Approve the manufacturer's drawings of equipment ordered by Roseville and review Roseville's civil construction activities for the 230-kV yard.	$56,160
3.4 Modify control panels in the Fiddyment 230/60-kV Substation, including the revenue meter cabinet. (Added $40,000)	$86,800
3.5 Produce a quarterly progress report during construction.	$0
3.6 Perform all protection and control relay system tests associated with the 230-kV equipment. (Added $25,000)	$118,600
3.7 Design, construct and test changes at the Elverta and Roseville Substations necessary for system compatibility.	$0
3.8 Upon final commissioning of the second phase of the Fiddyment 230/60-kV Substation by Roseville, perform an operational checkout of the 230-kV portion of the Fiddyment 230/60-kV Substation. (Added $20,000)	$51,200
3.9 Complete and coordinate the Federal environmental planning and impact evaluation work as delineated in Section 27 of the Contract.	$7,800

3.10 Plan, design, modify, and test the Remote Terminal Units (RTU) in the Fiddyment 230/60-kV Substation control building necessary for the integration of the second phase of the Fiddyment 230/60-kV Substation into WAPA's system. (Added $10,000)	$25,600
3.11 Complete and coordinate the Federal environmental planning and impact evaluation work as necessary under the Department of Energy regulations.	$9,400
3.12 As necessary, WAPA will assist Roseville with implementing necessary Endangered Species Act protection measures as set forth in Section 24.4.	$1,560
3.13 Procurement of equipment (Relays, Meters, Revenue Meter, RTU Cards, and Ancillary Equipment) and two 5,000-feet reels of control cables. The cost of any unused control cable returned to WAPA will be credited back to Roseville.	$65,000
Total Estimated WAPA Costs:	$521,400

4. Roseville's estimated Second Phase Completion Date is June 30, 2021.

5. This Exhibit F, Revision 1 may be executed in any number of counterparts and, upon execution and delivery by each Party, the executed and delivered counterparts together shall have the same force and effect as an original instrument as if all Parties had signed the same instrument. Any signature page of this Exhibit F, Revision 1 may be detached by any counterpart of this Exhibit F, Revision 1 without impairing the legal effect of any signatures thereon and may be attached to another counterpart of this Exhibit F identical in form hereto, by having attached to it one or more signature pages.

6. The Parties agree that this Exhibit F, Revision 1 may be executed by handwritten signature or digitally signed using Adobe Sign or Adobe E-Signature. An electronic or digital signature is the same as a handwritten signature and shall be considered valid and acceptable.

COUNCIL COMMUNICATION

CC #: 1472
File #: 0721

Title:	Bus Shelters #99, #101 and #147 - Transit Bus Shelter Construction Fee Agreements and Satisfaction and Release
Contact:	Alison Winter 916-774-5365 awinter@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.11.

RECOMMENDATION TO COUNCIL

Staff recommends:

1. Council adopt resolutions approving three (3) Transit Bus Shelter Construction Fee Agreements between the City of Roseville and Elliott Homes, Inc, for the construction of Bus Shelters #99, #101, #147, and authorizing the City Manager to execute them on behalf of the City of Roseville.

2. Council adopt a resolution authorizing the City Manager to execute the Satisfaction and Release for Stoneridge East Village 3.

BACKGROUND

The City and developer previously entered into four (4) deferred improvements agreements to construct bus shelters on a deferred basis along Secret Ravine Parkway adjacent to the Stoneridge subdivision developments. The deferred improvement agreements are secured by faithful performance bonds for the following shelters: Shelter #99 for Stoneridge East Village One, Shelter #100 for Stoneridge East Village Three, Shelter #101 for Stoneridge East Village Four, and Shelter #147 for Stoneridge East Village Eight.

Elliott homes recently requested relief from the performance bonds. Pursuant to this request, Elliott Homes has agreed to enter into Transit Bus Shelter Construction Fee Agreements for Shelters #99, #101, #147. The construction fee agreements allow the developer to pay the City the current cost of constructing a bus shelter, which the City will complete when the shelter is needed, in exchange for terminating the deferred improvement agreements and releasing their associated bonds.

A satisfaction and release agreement will go into effect with respect to the fourth deferred improvement agreement for Stoneridge East Village Three (Shelter #100) since there is not a feasible opportunity for a shelter at that location.

FISCAL IMPACT

The construction fee of $10,000 per shelter, totaling $30,000 for the three (3) agreements, to be paid by the developer, provides security for Bus Shelters #99, #101, #147 to be installed in the future with no fiscal impact to the City's General fund or the Alternative Transportation Division's Transportation Development Act (TDA) funds.

ENVIRONMENTAL REVIEW

Construction of the bus shelters was approved by City Council in March 2016, and was determined to be categorically exempt from CEQA as a Class 3 Exemption (CEQA Guidelines §15303). CEQA only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)). The proposed fee agreements meet the above criteria, and no additional environmental review is required.

TRANSIT BUS SHELTER
CONSTRUCTION FEE AGREEMENT

Project Name: Stoneridge East Village One

Shelter Number: 99

THIS AGREEMENT is made and entered into this _____ day of _____, 20___, by and between the CITY OF ROSEVILLE, a municipal corporation, ("CITY") and Elliott Homes, Inc., an Arizona corporation ("DEVELOPER").

W I T N E S S E T H:

A. DEVELOPER was the owner of a parcel of real property located in Roseville, Placer County, California, formerly known as APN 46-080-004 ("the Subject Property"). As a condition of such development, or as provided for per the Development Agreement between DEVELOPER and CITY, the terms of which are fully incorporated herein by this reference, CITY required that DEVELOPER construct or finance the construction of a bus shelter on the Subject Property, on real property dedicated to CITY as part of landscape corridor and/or public right-of-way.

B. On October 11, 2000, DEVELOPER and CITY entered into that certain Deferred Improvement Agreement for Stoneridge East Village One, approved by Council Resolution No. 00-473, wherein DEVELOPER agreed to construct a bus shelter on a deferred basis. The Deferred Improvement Agreement was recorded as document 2000-0081440 with the County of Placer Recorder's Office on October 30, 2000. The Deferred Improvement Agreement was secured by Faithful Performance Bond No. 929127284 in the amount of fifteen thousand dollars ($15,000), executed July 27, 2000 by DEVELOPER as Principal and American Casualty Company of Reading, Pennsylvania as Surety.

C. Following the execution of the Deferred Improvement Agreement and Faithful Performance Bond, the Subject Property was dedicated to CITY as right-of-way. As of the date of this Agreement, the bus shelter has not been constructed.

D. In order to satisfy such condition(s) set forth in Paragraph A, DEVELOPER hereby desires to pay CITY the full present cost of constructing such bus shelter, in exchange for termination of the Deferred Improvement Agreement and release of the Faithful Performance Bond. Such funds shall be deposited into CITY account 00440-2011/683505-70.

E. CITY is willing to accept and deems such payment and easement as in full compliance with the aforementioned condition(s) of the project permit for the Subject Property, with the understanding that the funds may be used as determined by CITY for the placement of any transit related improvement within the transit service area in which the Subject Property is located.

NOW, THEREFORE, the parties agree as follows:

1. Payment. Concurrent with the execution of this Agreement, DEVELOPER shall pay to CITY the sum of ten thousand dollars ($10,000.00), which represents the full current cost of constructing a bus shelter, or other transit related facility.

2. Termination of Deferred Improvement Agreement and Release of Faithful Performance Bond. Upon full execution of this Agreement, CITY acknowledges that DEVELOPER's obligations pursuant to the Deferred Improvement Agreement shall be deemed fully satisfied, and the Deferred Improvement Agreement shall be deemed terminated. CITY shall release the Faithful Performance Bond within thirty (30) days of receipt of the payment identified in Section 1.

3. Location. CITY, in its sole discretion, may choose to construct, install, operate, and/or maintain a bus shelter upon the Subject Property, or may choose to use the funds in whole or in part to construct, install, operate, and/or maintain any other transit related facilities in the transit service area in which the Subject Property is located.

4. Right of Entry. Permission to enter onto the Subject Property or other property of DEVELOPER is hereby granted to CITY, or its designated agents, as may be necessary to construct, install, operate, or maintain such bus shelter or other transit related facilities.

5. Compliance with Conditions. Upon full execution of this Agreement, DEVELOPER shall be deemed to have fully complied with and satisfied the condition of the Project Permit for the Subject Property for the financing and construction of the required bus shelter.

6. Integration. This is an integrated agreement, and contains the complete understanding of the parties. It shall be read as a whole.

7. Amendments. This Agreement and each provision contained herein may be waived, amended, supplemented, or terminated only by mutual written agreement of CITY and DEVELOPER.

8. Notices. Any notices required by this Agreement shall be personally delivered or mailed, U.S. Mail first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	DEVELOPER
City of Roseville 316 Vernon Street Roseville, CA 95678 Attn: Alternative Transportation Division	Elliott Homes, Inc. 340 Palladio Parkway, Suite 521 Folsom, CA 95630-8832 Attn: Price Walker

Either party may amend its address for notice by notifying the other party in writing.

9. Venue. Any action arising out of this Agreement shall be brought in Placer County, regardless of where else it might otherwise be venued.

10. Attorney's Fees. In any action brought by either party to enforce the terms of this Agreement, the prevailing party shall be entitled to recover its reasonable attorney's fees.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested to by its City Clerk under

TRANSIT BUS SHELTER
CONSTRUCTION FEE AGREEMENT

Project Name: Stoneridge East Village Four

Shelter Number: 101

THIS AGREEMENT is made and entered into this _____ day of _____, 20___, by and between the CITY OF ROSEVILLE, a municipal corporation, ("CITY") and Elliott Homes, Inc., an Arizona corporation ("DEVELOPER").

W I T N E S S E T H:

A. DEVELOPER was the owner of a parcel of real property located in Roseville, Placer County, California, located on the south side of Secret Ravine Parkway at station 63+20 ("the Subject Property"). As a condition of such development, or as provided for per the Development Agreement between DEVELOPER and CITY, the terms of which are fully incorporated herein by this reference, CITY required that DEVELOPER construct or finance the construction of a bus shelter on the Subject Property, on real property dedicated to CITY as part of landscape corridor and/or public right-of-way.

B. On June 6, 2001, DEVELOPER and CITY entered into that certain Deferred Improvement Agreement for Stoneridge East Village Four, approved by Council Resolution No. 01-217, wherein DEVELOPER agreed to construct a bus shelter on a deferred basis. The Deferred Improvement Agreement was recorded as document 2001-0074178 with the County of Placer Recorder's Office on July 24, 2001. The Deferred Improvement Agreement was secured by Faithful Performance Bond No. 929173592 in the amount of fifteen thousand dollars ($15,000), executed June 11, 2013 by DEVELOPER as Principal and American Casualty Company of Reading, Pennsylvania as Surety.

C. Following the execution of the Deferred Improvement Agreement and Faithful Performance Bond, the Subject Property was dedicated to CITY as right-of-way. As of the date of this Agreement, the bus shelter has not been constructed.

D. In order to satisfy such condition(s) set forth in Paragraph A, DEVELOPER hereby desires to pay CITY the full present cost of constructing such bus shelter, in exchange for termination of the Deferred Improvement Agreement and release of the Faithful Performance Bond. Such funds shall be deposited into CITY account 00440-2011/683505-70.

E. CITY is willing to accept and deems such payment and easement as in full compliance with the aforementioned condition(s) of the project permit for the Subject Property, with the understanding that the funds may be used as determined by CITY for the placement of any transit related improvement within the transit service area in which the Subject Property is located.

NOW, THEREFORE, the parties agree as follows:

1. Payment. Concurrent with the execution of this Agreement, DEVELOPER shall pay to CITY the sum of ten thousand dollars ($10,000.00), which represents the full current cost of constructing a bus shelter, or other transit related facility.

2. Termination of Deferred Improvement Agreement and Release of Faithful Performance Bond. Upon full execution of this Agreement, CITY acknowledges that DEVELOPER's obligations pursuant to the Deferred Improvement Agreement shall be deemed fully satisfied, and the Deferred Improvement Agreement shall be deemed terminated. CITY shall release the Faithful Performance Bond within thirty (30) days of receipt of the payment identified in Section 1.

3. Location. CITY, in its sole discretion, may choose to construct, install, operate, and/or maintain a bus shelter upon the Subject Property, or may choose to use the funds in whole or in part to construct, install, operate, and/or maintain any other transit related facilities in the transit service area in which the Subject Property is located.

4. Right of Entry. Permission to enter onto the Subject Property or other property of DEVELOPER is hereby granted to CITY, or its designated agents, as may be necessary to construct, install, operate, or maintain such bus shelter or other transit related facilities.

5. Compliance with Conditions. Upon full execution of this Agreement, DEVELOPER shall be deemed to have fully complied with and satisfied the condition of the Project Permit for the Subject Property for the financing and construction of the required bus shelter.

6. Integration. This is an integrated agreement, and contains the complete understanding of the parties. It shall be read as a whole.

7. Amendments. This Agreement and each provision contained herein may be waived, amended, supplemented, or terminated only by mutual written agreement of CITY and DEVELOPER.

8. Notices. Any notices required by this Agreement shall be personally delivered or mailed, U.S. Mail first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	DEVELOPER
City of Roseville 316 Vernon Street Roseville, CA 95678 Attn: Alternative Transportation Division	Elliott Homes, Inc. 340 Palladio Parkway, Suite 521 Folsom, CA 95630-8832 Attn: Price Walker

Either party may amend its address for notice by notifying the other party in writing.

9. Venue. Any action arising out of this Agreement shall be brought in Placer County, regardless of where else it might otherwise be venued.

10. Attorney's Fees. In any action brought by either party to enforce the terms of this Agreement, the prevailing party shall be entitled to recover its reasonable attorney's fees.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested to by its City Clerk under

the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 20___, and DEVELOPER has caused this Agreement to be executed.

TRANSIT BUS SHELTER
CONSTRUCTION FEE AGREEMENT

Project Name: Stoneridge East Village Eight

Shelter Number: 147

THIS AGREEMENT is made and entered into this _____ day of _____, 20___, by and between the CITY OF ROSEVILLE, a municipal corporation, ("CITY") and Elliott Homes, Inc., an Arizona corporation ("DEVELOPER").

W I T N E S S E T H:

A. DEVELOPER was the owner of a parcel of real property located in Roseville, Placer County, California, formerly known as Lots 3 and 4 of the Final Map of Stoneridge East, recorded in Book W Of Maps, at Page 66, Placer County Records ("the Subject Property"). As a condition of such development, or as provided for per the Development Agreement between DEVELOPER and CITY, the terms of which are fully incorporated herein by this reference, CITY required that DEVELOPER construct or finance the construction of a bus shelter on the Subject Property, on real property dedicated to CITY as part of landscape corridor and/or public right-of-way.

B. On July 23, 2003, DEVELOPER and CITY entered into that certain Deferred Improvement Agreement for Stoneridge East Village 8 Bus Shelter #02-147, approved by Council Resolution No. 03-371, wherein DEVELOPER agreed to construct a bus shelter on a deferred basis. The Deferred Improvement Agreement was recorded as document 2003-0134357 with the County of Placer Recorder's Office on August 11, 2003. The Deferred Improvement Agreement was secured by Faithful Performance Bond No. 929269093 in the amount of fifteen thousand dollars ($15,000), executed June 5, 2003, by DEVELOPER as Principal and The Continental Insurance Company as Surety.

C. Following the execution of the Deferred Improvement Agreement and Faithful Performance Bond, the Subject Property was dedicated to CITY as right-of-way. As of the date of this Agreement, the bus shelter has not been constructed.

D. In order to satisfy such condition(s) set forth in Paragraph A, DEVELOPER hereby desires to pay CITY the full present cost of constructing such bus shelter, in exchange for termination of the Deferred Improvement Agreement and release of the Faithful Performance Bond. Such funds shall be deposited into CITY account 00440-2011/683505-70.

E. CITY is willing to accept and deems such payment and easement as in full compliance with the aforementioned condition(s) of the project permit for the Subject Property, with the understanding that the funds may be used as determined by CITY for the placement of any transit related improvement within the transit service area in which the Subject Property is located.

NOW, THEREFORE, the parties agree as follows:

1. Payment. Concurrent with the execution of this Agreement, DEVELOPER shall pay to CITY the sum of ten thousand dollars ($10,000.00), which represents the full current cost of constructing a bus shelter, or other transit related facility.

2. Termination of Deferred Improvement Agreement and Release of Faithful Performance Bond. Upon full execution of this Agreement, CITY acknowledges that DEVELOPER's obligations pursuant to the Deferred Improvement Agreement shall be deemed fully satisfied, and the Deferred Improvement Agreement shall be deemed terminated. CITY shall release the Faithful Performance Bond within thirty (30) days of receipt of the payment identified in Section 1.

3. Location. CITY, in its sole discretion, may choose to construct, install, operate, and/or maintain a bus shelter upon the Subject Property, or may choose to use the funds in whole or in part to construct, install, operate, and/or maintain any other transit related facilities in the transit service area in which the Subject Property is located.

4. Right of Entry. Permission to enter onto the Subject Property or other property of DEVELOPER is hereby granted to CITY, or its designated agents, as may be necessary to construct, install, operate, or maintain such bus shelter or other transit related facilities.

5. Compliance with Conditions. Upon full execution of this Agreement, DEVELOPER shall be deemed to have fully complied with and satisfied the condition of the Project Permit for the Subject Property for the financing and construction of the required bus shelter.

6. Integration. This is an integrated agreement, and contains the complete understanding of the parties. It shall be read as a whole.

7. Amendments. This Agreement and each provision contained herein may be waived, amended, supplemented, or terminated only by mutual written agreement of CITY and DEVELOPER.

8. Notices. Any notices required by this Agreement shall be personally delivered or mailed, U.S. Mail first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE	DEVELOPER
City of Roseville 316 Vernon Street Roseville, CA 95678 Attn: Alternative Transportation Division	Elliott Homes, Inc. 340 Palladio Parkway, Suite 521 Folsom, CA 95630-8832 Attn: Price Walker

Either party may amend its address for notice by notifying the other party in writing.

9. Venue. Any action arising out of this Agreement shall be brought in Placer County, regardless of where else it might otherwise be venued.

10. Attorney's Fees. In any action brought by either party to enforce the terms of this Agreement, the prevailing party shall be entitled to recover its reasonable attorney's fees.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested to by its City Clerk under

the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 20___, and DEVELOPER has caused this Agreement to be executed.

COUNCIL COMMUNICATION

CC #: 1480
File #: 0709-01 & 0103-03-02

Title:	HOUSING AUTHORITY - Administrative Plan Amendment
Contact:	Suzi Cook-Turner 916-774-5414 smcook-turner@roseville.ca.us Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.12.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council, acting as the Roseville Housing Authority Board, adopt the attached resolution approving the proposed updates to the Housing Authority Administrative Plan amending the background check process.

BACKGROUND

The U.S. Department of Housing and Urban Development (HUD) requires each Housing Authority to adopt a written Administrative Plan that establishes local policies for administering the Housing Choice Voucher (HCV) Rental Assistance Program. The Roseville Housing Authority (RHA) is required to revise its Administrative Plan, as necessary, to comply with HUD regulations as well as include revisions to the Housing Authority's discretionary policies. Revisions to the plan must be formally adopted.

The proposed revisions to RHA's Administrative Plan will amend the current background screening process to a more streamlined process. It is a Public Housing Agencies' (PHAs) statutory- and regulatory-based responsibility to prohibit admission to individuals subject to a lifetime registration requirement under a state sex offender registration program. RHA also screens adult applicants for violent criminal offenses and drug related offenses committed in the last five years of date when eligibility is being determined.

FISCAL IMPACT

Adopting the new streamlined background check process will increase costs by $1,500 per year which will be absorbed by Roseville Housing Authority's Housing Choice Voucher Administrative Fees. There is no impact on the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in

a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Roseville Housing Authority Administrative Plan Update meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal E - Deliver exceptional city services

HOUSING AUTHORITY OF THE CITY OF ROSEVILLE
RESOLUTION NO. 5-21

APPROVING THE UPDATED ROSEVILLE HOUSING AUTHORITY ADMINISTRATIVE PLAN

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) requires each housing authority to adopt a written administrative plan that establishes local policies for administering the Housing Choice Voucher Rental Assistance Program; and

WHEREAS, staff has proposed revisions to RHA's Administrative Plan which will amend the current background screening process to a more streamlined process; and

WHEREAS, the Housing Authority has reviewed the proposed changes to the Roseville Housing Authority Administrative Plan;

NOW, THEREFORE, BE IT RESOLVED by the Housing Authority of the City of Roseville that it hereby approves the updated Roseville Housing Authority Administrative Plan.

PASSED AND ADOPTED by the Housing Authority of the City of Roseville this ____ day of_____, 20_, by the following vote on roll call:

Criminal Records

Pursuant to California Penal Code Section 11105.03, local law enforcement agencies are authorized to provide state criminal summary history information obtained through CLETS (California Law Enforcement Telecommunications System) to the PHA for purposes of screening prospective participants. The PHA may only disclose the criminal conviction records which the PHA receives from a law enforcement agency to officers or employees of the PHA, or to authorized representatives of the PHA who have a job-related need to have access to the information [24 CFR 5.903(e)].

The PHA must establish and implement a system of records management that ensures that any criminal record received by the PHA from a law enforcement agency is maintained confidentially, not misused or improperly disseminated, and destroyed, once the purpose for which the record was requested has been accomplished, including expiration of the period for filing a challenge to the PHA action without institution of a challenge or final disposition of any such litigation [24 CFR 5.903(g)].

The PHA must establish and implement a system of records management that ensures that any sex offender registration information received by the PHA from a State or local agency is maintained confidentially, not misused or improperly disseminated, and destroyed, once the purpose for which the record was requested has been accomplished, including expiration of the period for filing a challenge to the PHA action without institution of a challenge or final disposition of any such litigation. However, a record of the screening, including the type of screening and the date performed must be retained [Notice PIH 2012-28].This requirement does not apply to information that is public information, or is obtained by a PHA other than under 24 CFR 5.905.

Roseville Housing Authority (RHA) Policy

Criminal background checks are conducted on all adult household members at new admission and adult additions (age 18 or older) to the household. RHA will provide Roseville Police Department (PD) the names of applicants for HCV rental assistance (this includes adults requesting to be added to an assisted household). Roseville PD will identify if any applicant has been arrested and convicted for violent criminal or drug related activity, other criminal activity that may threaten the health, safety, or right to peaceful enjoyment of the premises by other residents or persons residing in the immediate vicinity, for manufacturing methamphetamine, or if they are a registered sex offender.

For applicants that have been identified as having been convicted of the above criminal activity, RHA will require the applicant to be fingerprinted which will be submitted to an agency that obtains detailed criminal records from the FBI. All confidential criminal history information received will be maintained in secure areas not accessible to the general public. This information will only be available to the Housing Supervisor, RHA Housing Analyst, Senior Housing Technician and Housing Technicians.

The summary criminal history information in the possession of RHA, and all copies made from it, shall be destroyed not more than 30 days after RHA's final decision

whether to act on the housing status of the individual to whom the information relates. The records will be destroyed by a commercial shredding service.

Medical/Disability Records

PHAs are not permitted to inquire about the nature or extent of a person's disability. The PHA may not inquire about a person's diagnosis or details of treatment for a disability or medical condition. If the PHA receives a verification document that provides more information than is necessary to verify a requested accommodation, the PHA will not place this information in the tenant file. The PHA will either destroy the document or redact confidential information that is not required.

Documentation of Domestic Violence, Dating Violence, Sexual Assault or Stalking

For requirements and PHA policies related to management of documentation obtained from victims of domestic violence, dating violence, sexual assault or stalking, see section 16-IX.E..

PART VII: REPORTING AND RECORD KEEPING FOR CHILDREN WITH ENVIRONMENTAL INTERVENTION BLOOD LEAD LEVEL

16-VII.A. OVERVIEW

The PHA has certain responsibilities relative to children with environmental intervention blood lead levels that are receiving HCV assistance. The notification, verification, and hazard reduction requirements are discussed in Chapter 8. This part deals with the reporting requirements, and data collection and record keeping responsibilities that the PHA is subject to.

16-VII.A. OVERVIEW

The PHA has certain responsibilities relative to children with environmental intervention blood lead levels that are receiving HCV assistance. The notification, verification, and hazard reduction requirements are discussed in Chapter 8. This part deals with the reporting requirements, and data collection and record keeping responsibilities that the PHA is subject to.

16-VII.B. REPORTING REQUIREMENT [24 CFR 35.1225(e)]

The PHA must report the name and address of a child identified as having an environmental intervention blood lead level to the public health department within 5 business days of being so notified by any other medical health care professional.

Roseville Housing Authority (RHA) Policy

RHA will provide the Placer County Public Health Department written notice of the name and address of any child identified as having an environmental intervention blood lead level.

Criminal Records

Pursuant to California Penal Code Section 11105.03, local law enforcement agencies are authorized to provide state criminal summary history information obtained through CLETS (California Law Enforcement Telecommunications System) to the PHA for purposes of screening prospective participants. The PHA may only disclose the criminal conviction records which the PHA receives from a law enforcement agency to officers or employees of the PHA, or to authorized representatives of the PHA who have a job-related need to have access to the information [24 CFR 5.903(e)].

The PHA must establish and implement a system of records management that ensures that any criminal record received by the PHA from a law enforcement agency is maintained confidentially, not misused or improperly disseminated, and destroyed, once the purpose for which the record was requested has been accomplished, including expiration of the period for filing a challenge to the PHA action without institution of a challenge or final disposition of any such litigation [24 CFR 5.903(g)].

The PHA must establish and implement a system of records management that ensures that any sex offender registration information received by the PHA from a State or local agency is maintained confidentially, not misused or improperly disseminated, and destroyed, once the purpose for which the record was requested has been accomplished, including expiration of the period for filing a challenge to the PHA action without institution of a challenge or final disposition of any such litigation. However, a record of the screening, including the type of screening and the date performed must be retained [Notice PIH 2012-28].This requirement does not apply to information that is public information, or is obtained by a PHA other than under 24 CFR 5.905.

Roseville Housing Authority (RHA) Policy

Criminal background checks are conducted on all adult household members at new admission and adult additions (age 18 or older) to the household. RHA will use third party database(s) to screen an applicant's criminal background for HCV rental assistance (this includes adults requesting to be added to an assisted household). The database search is to identify if any applicant has been arrested and convicted for violent criminal or drug related activity, other criminal activity that may threaten the health, safety, or right to peaceful enjoyment of the premises by other residents or persons residing in the immediate vicinity, for manufacturing methamphetamine, or if they are a registered sex offender.

All confidential criminal history information received will be maintained in secure areas not accessible to the general public. This information will only be available to the Housing Supervisor, RHA Housing Analyst, Senior Housing Technician and Housing Technicians.

The summary criminal history information in the possession of RHA, and all copies made from it, shall be destroyed not more than 30 days after RHA's final decision whether to act on the housing status of the individual to whom the information relates. The records will be destroyed by a commercial shredding service.

Medical/Disability Records

PHAs are not permitted to inquire about the nature or extent of a person's disability. The PHA may not inquire about a person's diagnosis or details of treatment for a disability or medical condition. If the PHA receives a verification document that provides more information than is necessary to verify a requested accommodation, the PHA will not place this information in the tenant file. The PHA will either destroy the document or redact confidential information that is not required.

Documentation of Domestic Violence, Dating Violence, Sexual Assault or Stalking

For requirements and PHA policies related to management of documentation obtained from victims of domestic violence, dating violence, sexual assault or stalking, see section 16-IX.E..

PART VII: REPORTING AND RECORD KEEPING FOR CHILDREN WITH ENVIRONMENTAL INTERVENTION BLOOD LEAD LEVEL

16-VII.A. OVERVIEW

The PHA has certain responsibilities relative to children with environmental intervention blood lead levels that are receiving HCV assistance. The notification, verification, and hazard reduction requirements are discussed in Chapter 8. This part deals with the reporting requirements, and data collection and record keeping responsibilities that the PHA is subject to.

16-VII.A. OVERVIEW

The PHA has certain responsibilities relative to children with environmental intervention blood lead levels that are receiving HCV assistance. The notification, verification, and hazard reduction requirements are discussed in Chapter 8. This part deals with the reporting requirements, and data collection and record keeping responsibilities that the PHA is subject to.

16-VII.B. REPORTING REQUIREMENT [24 CFR 35.1225(e)]

The PHA must report the name and address of a child identified as having an environmental intervention blood lead level to the public health department within 5 business days of being so notified by any other medical health care professional.

Roseville Housing Authority (RHA) Policy

RHA will provide the Placer County Public Health Department written notice of the name and address of any child identified as having an environmental intervention blood lead level.

Title:	Retiree Health Benefits Plan - Trust Agreement Amendment, Revised Investment Policy Statement, and Trust Investment Portfolio Performance Update
Contact:	Nick Rosas 916-774-5314 nrosas@roseville.ca.us Dennis Kauffman 916-774-5313 dkauffman@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.13.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution approving the third amendment to the Post-Employment Welfare Benefits Program Trust agreement to accept lower fees from PFM Asset Management LLC (PFM) for managing the other post-employment benefits (OPEB) trust investment portfolio, and authorize the City Manager to execute it.

Staff also recommends City Council adopt a resolution to approve the revised OPEB Trust Investment Policy Statement, which is an exhibit to the Trust agreement, to incorporate expanded definitions and clarifying language recommended by PFM, as well as to provide a clear 15 percent limit on alternate investment asset classes, as defined in the policy.

Staff also recommends City Council accept the attached summary of FY2020-21 OPEB Trust Fund investment portfolio performance results through December 31, 2020.

BACKGROUND

The City Council approved Resolution 11-38 in January 2011 to approve the City's OPEB Trust and engage PFM as the Trust Administrator to manage the investment portfolio pursuant to a Council-approved OPEB Trust Investment Policy Statement. The Trust agreement was amended in December 2011 to add language about how the trust may be amended, merged, transferred or terminated. The agreement was amended again in February 2017 with updates to the Investment Policy Statement.

The third amendment of the trust agreement is recommended for approval to lower fees charged by PFM to administer the trust investment portfolio because the portfolio has grown significantly due to City contributions and their fees are based on the size of the portfolio. PFM also recommended revisions to the OPEB Trust Investment Policy Statement, an exhibit to the Trust agreement, to incorporate expanded definitions and clarifying language. Staff reviewed and accepted the changes recommended by PFM, and staff also recommend, with PFM's

concurrence, adding a limit of 15 percent on the total portfolio that may be invested in other alternative investment asset classes, as defined in the policy. PFM has historically not invested more than 15 percent of the portfolio in alternative asset classes, however the policy did not previously include a clear maximum limit on investing in alternative asset classes.

OPEB Trust Portfolio Performance

The City's OPEB Trust Review committee meets at least semi-annually with PFM (Investment Advisor) to review the performance and asset allocation of the Trust. The OPEB Trust Review Committee confirms that PFM is making reasonable investment decisions that are consistent with the Investment Policy Statement. The attached report, FY2020-21 OPEB Trust Fund Portfolio Investment Performance, summarizes the portfolio growth, performance and asset allocation ending December 31, 2020.

FISCAL IMPACT

The fiscal impact of this item is to lower the costs of investment management charged to the investment trust by approximately $122,500 per year, based on a total portfolio of $130 million, thereby reducing future City contributions to the trust fund to finance retiree health benefits.

An OPEB Trust allows the City to invest funds to pay for retiree health costs in a manner not afforded under the City's investment restrictions. This is expected to lead to higher long-term returns than the City can receive without a trust, resulting in lower costs to the City to meet its obligations to fund retiree health premium costs.

The OPEB Trust portfolio performance ending December 31, 2020 is as follows:

	Past Quarter	Fiscal Year to Date	Past 5 Years	Since Inception
Portfolio	10.14%	16.02%	10.33%	8.70%
Benchmark	9.51%	15.17%	9.93%	7.86%

The investment earnings and discount rate assumption for the City's OPEB plan is currently 6.25%.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of an amendment of the OPEB trust agreement and the OPEB Investment Policy Statement meets the above criteria and is not subject to CEQA. No additional environmental review is required.

AMENDMENT NO. 3
to the
POST-EMPLOYMENT WELFARE BENEFITS PROGRAM TRUST
By and among
City of Roseville, California, as Settlor and Employer,
PFM Asset Management LLC, as Trust Administrator,
And
U.S. Bank National Association, as Trustee

THIS AMENDMENT NO. 3 TO THE POST-EMPLOYMENT WELFARE BENEFITS PROGRAM TRUST, effective as of January 1, 2021 ("Amendment No. 3"), is entered into among the CITY OF ROSEVILLE, CALIFORNIA, as settlor and employer (hereinafter the "Employer"), U.S. BANK NATIONAL ASSOCIATION, as successor trustee to Union Bank, N.A. (hereinafter the "Trustee") and PFM ASSET MANAGEMENT LLC, as trust administrator (hereinafter the "Trust Administrator").

WHEREAS, the Employer, Union Bank and the Trust Administrator entered into a Post-Employment Welfare Benefits Program, dated as of February 11, 2011 (the "Original Agreement") for the creation of a trust to fund retiree health benefits and other post-employment benefits other than pension benefits; and

WHEREAS, pursuant to an Amendment No. 1 to the Post-Employment Welfare Benefits Program Trust, dated as of December 22, 2011 ("Amendment No. 1"), the Employer, Union Bank and the Trust Administrator amended the Original Agreement to clarify provisions regarding amendments to the Original Agreement; and

WHEREAS, pursuant to an Amendment No. 2 to the Post-Employment Welfare Benefits Program Trust, effective as of July 1, 2016 ("Amendment No. 2," and with the Original Agreement and Amendment No. 1, the "Existing Agreement"), the parties agreed to amend Exhibit C to the Original Agreement, to reflect revisions to the Employer's Investment Policy Statement ("IPS"); and

WHEREAS, the Employer and the Trust Administrator have agreed, effective January 1, 2021, to adjust the Trust Administrator's fee schedule contained in the Existing Agreement, as set forth herein.

NOW, THEREFORE, the Employer, the Trustee and the Trust Administrator, in consideration of the premises and mutual covenants herein contained, and intending to be legally bound, hereby agree as follows:

1. Exhibit C to the Original Agreement, as replaced as provided in Amendment No. 2, is further replaced, effective January 1, 2021, by Exhibit C attached hereto and incorporated herein.

2. Effective January 1, 2021, the last grammatical paragraph of subsection (e)(2) of Section V of the Original Agreement is hereby amended and restated to provide as follows:

For purposes of this Agreement, the Applicable Basis Point Level is as follows:

First $25 million in Net Assets under Management	0.30%
Next $75 million	0.15%
Next $150 million	0.10%
Next $250 million	0.05%
Thereafter	0.02%
Minimum Annual Fee $25,000	

3. Except as provided herein, all provisions of the Existing Agreement shall remain in full force and effect.

[*Remainder of Page Intentionally Left Blank*]

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Amendment No. 3 in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No._____, adopted by the Council of the City of Roseville on the ____ day of _____, 2021, and Trust Administrator and Trustee have caused this Amendment No. 3 to be executed.

Preamble

The City of Roseville, California (the "City"), has established the City of Roseville Other Post-employment Benefits Trust (the "Trust"). The Trust is intended to provide for funding of non-pension post-employment benefits ("OPEB") for employees who meet the age and service requirements outlined in the City's plan documents. The ~~Trustees of the Trust~~ City hereby adopts this Investment Policy Statement ("Policy Statement") for the following purposes.

I. Purpose

The purpose of this Policy Statement is to achieve the following:

1. Document investment objectives, performance expectations and investment guidelines for Trust assets.
2. Establish an appropriate investment strategy for managing all Trust assets, including an investment time horizon, risk tolerance ranges and asset allocation to provide sufficient diversification and overall return over the long-term time horizon of the Trust.
3. Establish investment guidelines to control overall risk and liquidity.
4. Establish periodic performance reporting requirements to report investment results and confirm that the investment policy is being followed.
5. Comply with all fiduciary, prudence, due diligence and legal requirements for Trust assets.

II. Roles and Responsibilities

In addition to specific duties set forth throughout this Policy, the parties listed below have the following general responsibilities. ~~The~~ ose responsibilities of those for overseeing the management of the Trust's investments which include, but are not limited to, the following: ~~: In addition to specific duties set forth throughout this Policy, the parties have the following general responsibilities.~~

The City Council

The City Council may delegate to staff, but is ultimately ~~is~~ responsible for:

- Hiring the Investment Advisor.
- Retaining other investment and legal counsel, as necessary.
- Establishing and maintain the Investment Policy Statement.
- Monitoring the Investment Advisor.
- Directing communications with participants concerning investment results.

The OPEB Trust Investment Review Committee ("Trust Review Committee")

Formatted: Justified

The Trust Review Committee is responsible for monitoring the Investment Advisor, as set forth in the Charter establishing the Trust Review Committee in City Council Resolution No. 11-40.

The Investment Advisor

The Investment Advisor ("Advisor") is responsible for assisting the Trust Review Committee with the investment governance of the Trust and for making reasonable investment decisions compliant with this Investment Policy, the Investment Advisory Agreement, including the specific Investment Guidelines set forth therein, or as requested in writing by the Trust fiduciaries. The Advisor may select investment managers, mutual funds, or other common investment vehicles as provided for in this Policy. The Advisor may also select Investments with discretion to purchase, sell, or hold specific securities that will be used to meet the Trust's investment objectives. Neither the Advisor nor any Manager shall ever take possession of any securities, cash or other assets of the Trust, all of which shall be held by the custodian. The Advisor must be registered with the Securities and Exchange Commission. The Investment Manager shall allocate Trust assets consistent with this Policy and the specific Investment Guidelines, and deliver reports as described in the "Control Procedures" section below.

The City has contracted with PFM Asset Management LLC to serve as the Investment Advisor for the Trust ("Advisor"), to oversee certain policies and procedures related to the operation and administration of the Trust. The Advisor will have authority to implement the investment policy and guidelines in the best interest of the Trust to best satisfy the purposes of the Trust.

In implementing this Policy Statement, the City delegates certain functions to:

1. A custodian to maintain possession of physical securities and records of street name securities owned by the Trust, collect dividend and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales, among other duties. The custodian may also perform regular accounting of all assets owned, purchased, or sold, as well as movement of assets into and out of the Trust.
2. A trustee, such as a bank trust department, if the Trust does not have its own individual Trustees, to assume fiduciary responsibility for the administration of Trust assets; provided, however, that if the Trust Review Committee shall have appointed an investment advisor, then any trustee appointed under this paragraph shall have no authority with respect to selection of investments.
3. Additional specialists such as attorneys, auditors, actuaries, retirement plan consultants, and others to assist the Trust Review Committee in meeting its responsibilities and obligations to administer Trust assets prudently.

Formatted: Justified

III. Statement of Investment Objectives

The investment objectives of the Trust are as follows:

1. To invest assets of the Trust in a manner consistent with the following fiduciary standards: (a) all transactions undertaken must be for the sole interest of Trust beneficiaries, and (b) assets are to be diversified in order to minimize the impact of large losses from individual investments.
2. Liquidity. To provide for funding and anticipated withdrawals on a continuing basis for payment of benefits and reasonable expenses of operation of the Trust.
3. Growth. To conserve and enhance the value of Trust assets in real terms through asset appreciation and income generation, while maintaining a reasonable investment risk profile.
4. Low volatility. To minimize principal fluctuations over the Time Horizon (as defined below).
5. Performance. To achieve a long-term level of return commensurate with contemporary economic conditions and equal to or exceeding the investment objective set forth in this Policy Statement under the section labeled "Performance Expectations".

IV. Investment Guidelines

Within this section of the Policy Statement, several terms will be used to articulate various investment concepts. The descriptions are meant to be general and may share investments otherwise considered to be in the same asset class. They are:

"Growth Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on capital appreciation. Investments within the Growth Assets category can include income and risk mitigating characteristics, so long as the predominant investment risk and return characteristic is capital appreciation. Examples of such investments or asset classes are: domestic and international equities or equity funds, private or leveraged equity, certain real estate investments, and hedge funds focused on equity risk mitigation or equity-like returns.

"Income Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on income generation. Investments within the Income Assets category can include capital appreciation and risk mitigating characteristics, so long as the primary investment risk and return characteristic is income generation. Examples of such investments or asset classes are: fixed income securities, guaranteed investment contracts, private debt, certain real estate investments, and hedge funds focused on interest rate risk mitigation or income investment-like returns.

Formatted: Justified

"Real Return Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on real returns after inflation. Investments within the Real Return category can include inflation protected securities, commodities, certain real estate investments and hedge funds.

A. Time Horizon

The Trust's investment objectives are based on a 20-year or more investment horizon ("Time Horizon"). Interim fluctuations should be viewed with appropriate perspective. The Trust Review Committee will adopt a long-term investment horizon such that the risks and duration of investment losses are carefully weighed against the long-term potential for appreciation of assets.

B. Liquidity and Diversification

In general, the Trust will hold up to six months of cash, cash equivalent, and/or money market funds (collectively, "Liquidity Assets") for near term Trust benefits and expenses (the "Trust Distributions"). The City's expectation is that it will continue to pay benefits from operations, but reserves the right to change that procedure at any time with reasonable notice to the Advisor. All remaining assets will be invested in longer-term securities and shall be diversified with the intent to minimize the risk of long- term investment losses. Consequently, the total portfolio will be constructed and maintained to provide diversification with regard to the concentration of holdings in individual issues, issuers, countries, governments or industries.

C. Asset Allocation

The Trust Review Committee and the Advisor believe that to achieve the greatest likelihood of meeting the Trust's investment objectives and the best balance between risk and return for optimal diversification, assets will be invested in accordance with the targets for each asset class as follows to attempt to achieve a long-term average total annual rate of return that is equal to or greater than the Trust's actuarial discount rate as described in the section titled "Performance Expectations".

Asset Classes	**Asset Weightings**	
	Range	**Target**
Growth Assets		
Domestic Equity	19% - 59%	39%
International Equity	1% - 41%	21%
Other	0% - ~~20~~15%	0%
Income Assets		
Fixed Income	20% - 60%	40%
Other	0% - ~~20~~15%	0%
Real Return Assets	0% - ~~20~~15%	0%
Cash Equivalents	0% - 20%	0%

Formatted: Justified

D. Rebalancing Philosophy

The asset allocation range established by this Policy Statement represents a long-term perspective. As such, rapid unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside Policy Statement ranges. When these divergences occur, the Advisor will rebalance, and cause the Managers to rebalance, the assets within the specified ranges.

E. Risk Tolerance

The Trust will be managed in a style that seeks to minimize principal fluctuations over the established ~~. T~~time ~~Horizon~~ horizon and that is consistent with the Trust's investment objectives.

F. Performance Expectations

Over the long-term, a rolling five-year period, the performance objective for the Trust will be to achieve an average total annual rate of return that is equal to or greater than the Trust's actuarial discount rate, which is expected to be 6.25%. Additionally, it is expected that the annual rate of return on Trust assets will be commensurate with the then- -prevailing investment environment. Measurement of this return expectation will be judged by reviewing returns in the context of industry standard benchmarks, peer universe comparisons for individual Trust Investments and blended benchmark comparisons for the Trust in its entirety.

V. Selection of Investment Managers

The Advisor shall prudently select appropriate Managers to invest the assets of the Trust. Managers must meet the following criteria:

1. The Manager must provide historical quarterly performance data compliant with Global Investment Performance Standards (GIPS®), Securities & Exchange Commission ("SEC"), Financial Industry Regulatory Agency ("FINRA") or industry recognized standards, as appropriate.
2. The Manager must provide detailed information on the history of the firm, key personnel, support personnel, key clients, and fee schedule (including most favored nation clauses). This information can be a copy of a recent Request for Proposal ("RFP") completed by the Manager or regulatory disclosure.
3. The Manager must clearly articulate the investment strategy that will be followed and document that the strategy has been successfully adhered to over time.
4. The investment professionals making the investment decisions must have a minimum of three (3) years of experience managing similar strategies either at their current firm or at previous firms.
5. The Manager must confirm receipt, understanding and adherence to this Policy Statement and any investment specific policies by signing a consent form provided to the Manager prior to investment of Trust assets.

Formatted: Not Highlight
Formatted: Not Highlight
Formatted: Not Highlight
Formatted: Justified

VI. Guidelines for Portfolio Holdings

A. Direct Investments by Advisor

Every effort shall be made, to the extent practical, prudent and appropriate, to select Investments that have investment objectives and policies that are consistent with this Policy Statement (as outlined in following sub-sections of the "Guidelines for Portfolio Holdings"). However, given the nature of the Investments, it is recognized that there may be deviations between this Policy Statement and the objectives of these Investments.

B. Limitations on Managers' Portfolios

EQUITIES

No more than 5% of the total equity portfolio valued at market may be invested in the common equity of any one corporation, ownership of the shares of one company shall not exceed 5% of those outstanding, and not more than 40% of equity valued at market may be held in any one sector, as defined by the Global Industry Classification Standard (GICS).

Domestic Equities. Other than the above constraints, there are no quantitative guidelines as to issues, industry or individual security diversification. However, prudent diversification standards should be developed and maintained by the Manager.

International Equities. The overall non-U.S. equity allocation should include a diverse global mix that is comprised of the equity of companies from multiple regions and sectors.

FIXED INCOME

Fixed income securities of any one issuer shall not exceed 5% of a total bond portfolio at time of purchase. The 5% limitation does not apply to issues of the U.S. Treasury or other Federal Agencies. The overall rating of the fixed income assets shall be investment grade, based on the rating of one of the SEC's Nationally Recognized Statistical Rating Organizations ("NRSROs").

OTHER ASSETS (ALTERNATIVES)

Alternatives may consist of non-traditional asset classes such as hedge funds, private equity, real estate and commodities, when deemed appropriate. The total allocation to this category may not exceed ~~30~~15% of the overall portfolio.

Diversifying (e.g. Hedge Funds & Liquid Alternatives): Primary objective shall be to enhance the return-risk profile of the overall portfolio. This can be accomplished by using a combination of hedge fund strategies that enhance returns at a reasonable level of risk or reduce volatility while providing a reasonable level of return. These asset classes ~~strategies~~ may differ from traditional

Formatted: Justified

public market asset classes due to the use of certain strategies ~~and tools~~ including short-selling, leverage, and derivatives. Hedge funds may also invest across asset classes. The use of direct hedge funds and fund-of-hedge funds are allowed. For purposes of asset allocation targets and limitations, single strategy hedge funds and liquid alternatives funds will be categorized under the specific asset class of the fund. For example, a long/short U.S. equity fund will be categorized as "Other" in the Growth Assets category while a long/short credit fund will be categorized as "Other" in the Income Assets category. Multi-strategy hedge funds and multi-strategy liquid alternatives funds that cannot be easily categorized under one asset class will be included in "Other" under either the Growth Assets or Income Assets category depending on the risk-return profile of the strategy.

Private Equity: Private equity is less liquid than publicly traded equity securities and can provide returns that are greater than what is available in publicly traded markets. The private equity portfolio may i~~I~~nclude~~s~~ investments in a variety of commingled/partnership and direct investment vehicles including, but not limited to, venture capital, buyout, turnaround, mezzanine, distressed security, and special situation funds. The private equity portfolio ~~It~~ is recognized to be long-term in nature and highly illiquid. Due to their ~~Because o~~higher risk, private equity investments are expected to provide substantially higher returns than publicly traded equity securities. For purposes of asset allocation targets and limitations, these funds will be categorized as "Other" under the Growth Assets category.

Private Debt: Private debt is less liquid than publicly traded debt and can provide returns that are greater than what is available in publicly traded markets. The private debt portfolio may include investments in a variety of commingled/partnership and direct investment vehicles including, but not limited to, direct lending, distressed debt, multi-asset credit, structured credit, mezzanine debt, real estate debt, and special situations. Due to their higher risk, private debt investments are expected to provide higher long-term returns than publicly traded debt securities. For purposes of asset allocation targets and limitations, these funds will be categorized as "Other" under the Income Assets category.

Real Assets~~Estate~~: Real assets are typically physical assets that have intrinsic worth due to their substance and properties. Real assets are primarily used for their lower correlation to traditional assets (i.e. stocks and bonds) and their inflation hedging properties. Categories of real asset investments include, but are not limited to, real estate, infrastructure, land, farmland, timberland, precious metals, and commodities. Real assets include securities and assets with varying levels of liquidity. Real estate c~~C~~onsists of publicly traded, liquid, REIT securities and/or non-publicly traded, illiquid, private real estate and shall be diversified across a broad array of property types and geographic locations. ~~It is~~Real estate is designed to provide a stable level of income combined with potential for price appreciation, particularly in periods of unexpected inflation. ~~or private real estate, the illiquid, long-term nature should be considered.~~ . The benefit of lower correlation investments is that, when implemented correctly, these investments can potentially improve a

Formatted: Justified

portfolio's expected risk-adjusted return over the long-term. The real assets category can be extended to include other forms of assets that offer similar inflation hedging properties such as pooled vehicles holding commodities contracts,

~~*Inflation Hedge:* Shall consist of pooled vehicles holding among other assets:~~ Treasury Inflation Protected Securities ("TIPS"), ~~commodities or commodity contracts,~~ index-linked derivative contracts, certain forms of intellectual property, ~~-~~and the equity of companies in businesses thought to hedge inflation. For purposes of asset allocation targets and limitations, real assets may be categorized as "Other" under either the Growth Assets or Income Assets category or in the Real Return Assets category, depending on the nature and risk/return profile of the investment.

C. Cash Equivalents

Cash equivalents shall be held in funds complying with Rule 2(a)-7 of the Investment Company Act of 1940.

D. Portfolio Risk Hedging

Portfolio investments designed to hedge various risks including volatility risk, interest rate risk, etc. are allowed to the extent that the Investments do not create direct portfolio leverage. One example of a hedge vehicle is an exchange traded fund ("ETF") which takes short positions.

E. Prohibited Investments

Except for purchase within authorized Investments, securities having the following characteristics, are not authorized and shall not be purchased: letter stock and other unregistered securities, commodities or commodity contracts where the Trust is a counterparty, short sales, margin transactions, private placements (with the exception of Rule 144A securities). Further, derivatives, options, futures, or any other investment for the sole purpose of direct portfolio leveraging are prohibited. Direct ownership of real estate, natural resource properties such as oil, gas or timber and the purchase of collectibles is also prohibited.

F. Safekeeping

All assets of the Trust shall be held by a custodian approved by the Trust Review Committee and in consultation with the Advisor for safekeeping of Trust assets. The custodian shall produce statements on a monthly basis, listing the name and value of all assets held, and the dates and nature of all transactions in accordance with the terms in the Trust Agreement. Investments of the Trust not held as Liquidity Assets or Investment Assets shall, at all times, be invested in interest-bearing accounts. Investments and portfolio securities may not be loaned.

Formatted: Justified

VII. Control Procedures

A. Review of Investment Objectives

The Advisor shall review annually and report to the Trust Review Committee the appropriateness of this Policy Statement for achieving the Trust's stated objectives. It is not expected that this Policy Statement will change frequently. In particular, short-term changes in the financial markets should not require an adjustment in this Policy Statement.

B. Review of Investment Performance

The Advisor shall report on a quarterly basis to the Trust Review Committee to review the investment performance of the Trust. In addition, the Advisor will be responsible for keeping the Trust Review Committee advised of any material change in investment strategy, Managers, and other pertinent information potentially affecting performance of the Trust.

The Advisor shall compare the investment results on a quarterly basis to appropriate peer universe benchmarks, as well as market indices in both equity and fixed income markets. Examples of benchmarks and indexes that will be used include the Russell 3000 Index for broad U.S. equity strategies, S&P 500 Index for large cap U.S. equities, Russell 2000 Index for small cap U.S. equities, MSCI ACWI ex.-U.S. for broad based non-U.S. equity strategies, Europe, Australasia, and Far East (EAFE) Index for developed markets international equities, –Barclays Capital Aggregate Bond Index for fixed income securities, and the U.S. 91 Day T-bill for cash equivalents. The category "Other" will be benchmarked against appropriate indices depending on the specific characteristics of the strategies and funds used.

The benchmark for the plan will be a blend of the Russell 3000 Index, the MSCI AWCI ex US Index and the Barclays Aggregate Index based upon the target asset allocation of the Trust.

C. Voting of Proxies

The Advisor will vote the shares of the Investments, and Managers will vote securities in the respective portfolio managed by such Managers, consistently with its proxy policy, and in the best interest of the Trust.

Preamble

The City of Roseville, California (the "City"), has established the City of Roseville Other Post-employment Benefits Trust (the "Trust"). The Trust is intended to provide for funding of non-pension post-employment benefits ("OPEB") for employees who meet the age and service requirements outlined in the City's plan documents. The City hereby adopts this Investment Policy Statement ("Policy Statement") for the following purposes.

I. Purpose

The purpose of this Policy Statement is to achieve the following:

1. Document investment objectives, performance expectations and investment guidelines for Trust assets.
2. Establish an appropriate investment strategy for managing all Trust assets, including an investment time horizon, risk tolerance ranges and asset allocation to provide sufficient diversification and overall return over the long-term time horizon of the Trust.
3. Establish investment guidelines to control overall risk and liquidity.
4. Establish periodic performance reporting requirements to report investment results and confirm that the investment policy is being followed.
5. Comply with all fiduciary, prudence, due diligence and legal requirements for Trust assets.

II. Roles and Responsibilities

In addition to specific duties set forth throughout this Policy, the parties listed below have the following general responsibilities for overseeing the management of the Trust's investments which include, but are not limited to, the following:

The City Council

The City Council may delegate to staff, but is ultimately responsible for:

- Hiring the Investment Advisor.
- Retaining other investment and legal counsel, as necessary.
- Establishing and maintain the Investment Policy Statement.
- Monitoring the Investment Advisor.
- Directing communications with participants concerning investment results.

The OPEB Trust Investment Review Committee ("Trust Review Committee")

The Trust Review Committee is responsible for monitoring the Investment Advisor, as set forth in the Charter establishing the Trust Review Committee in City Council Resolution No. 11-40.

The Investment Advisor

The Investment Advisor ("Advisor") is responsible for assisting the Trust Review Committee with the investment governance of the Trust and for making reasonable investment decisions compliant with this Investment Policy, the Investment Advisory Agreement, including the specific Investment Guidelines set forth therein, or as requested in writing by the Trust fiduciaries. The Advisor may select investment managers, mutual funds, or other common investment vehicles as provided for in this Policy. The Advisor may also select Investments with discretion to purchase, sell, or hold specific securities that will be used to meet the Trust's investment objectives. Neither the Advisor nor any Manager shall ever take possession of any securities, cash or other assets of the Trust, all of which shall be held by the custodian. The Advisor must be registered with the Securities and Exchange Commission. The Investment Manager shall allocate Trust assets consistent with this Policy and the specific Investment Guidelines, and deliver reports as described in the "Control Procedures" section below.

The City has contracted with PFM Asset Management LLC to serve as the Investment Advisor for the Trust ("Advisor"), to oversee certain policies and procedures related to the operation and administration of the Trust. The Advisor will have authority to implement the investment policy and guidelines in the best interest of the Trust to best satisfy the purposes of the Trust.

In implementing this Policy Statement, the City delegates certain functions to:

1. A custodian to maintain possession of physical securities and records of street name securities owned by the Trust, collect dividend and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales, among other duties. The custodian may also perform regular accounting of all assets owned, purchased, or sold, as well as movement of assets into and out of the Trust.
2. A trustee, such as a bank trust department, if the Trust does not have its own individual Trustees, to assume fiduciary responsibility for the administration of Trust assets; provided, however, that if the Trust Review Committee shall have appointed an investment advisor, then any trustee appointed under this paragraph shall have no authority with respect to selection of investments.
3. Additional specialists such as attorneys, auditors, actuaries, retirement plan consultants, and others to assist the Trust Review Committee in meeting its responsibilities and obligations to administer Trust assets prudently.

III. Statement of Investment Objectives

The investment objectives of the Trust are as follows:

1. To invest assets of the Trust in a manner consistent with the following fiduciary standards: (a) all transactions undertaken must be for the sole interest of Trust beneficiaries, and (b) assets are to be diversified in order to minimize the impact of large losses from individual investments.
2. Liquidity. To provide for funding and anticipated withdrawals on a continuing basis for payment of benefits and reasonable expenses of operation of the Trust.
3. Growth. To conserve and enhance the value of Trust assets in real terms through asset appreciation and income generation, while maintaining a reasonable investment risk profile.
4. Low volatility. To minimize principal fluctuations over the Time Horizon (as defined below).
5. Performance. To achieve a long-term level of return commensurate with contemporary economic conditions and equal to or exceeding the investment objective set forth in this Policy Statement under the section labeled “Performance Expectations”.

IV. Investment Guidelines

Within this section of the Policy Statement, several terms will be used to articulate various investment concepts. The descriptions are meant to be general and may share investments otherwise considered to be in the same asset class. They are:

"Growth Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on capital appreciation. Investments within the Growth Assets category can include income and risk mitigating characteristics, so long as the predominant investment risk and return characteristic is capital appreciation. Examples of such investments or asset classes are: domestic and international equities or equity funds, private or leveraged equity, certain real estate investments, and hedge funds focused on equity risk mitigation or equity-like returns.

"Income Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on income generation. Investments within the Income Assets category can include capital appreciation and risk mitigating characteristics, so long as the primary investment risk and return characteristic is income generation. Examples of such investments or asset classes are: fixed income securities, guaranteed investment contracts, private debt, certain real estate investments, and hedge funds focused on interest rate risk mitigation or income investment-like returns.

"Real Return Assets" - a collection of investments and/or asset classes whose primary risk and return characteristics are focused on real returns after inflation. Investments within the Real Return category can include inflation protected securities, commodities, certain real estate investments and hedge funds.

A. Time Horizon

The Trust's investment objectives are based on a 20-year or more investment horizon ("Time Horizon"). Interim fluctuations should be viewed with appropriate perspective. The Trust Review Committee will adopt a long-term investment horizon such that the risks and duration of investment losses are carefully weighed against the long-term potential for appreciation of assets.

B. Liquidity and Diversification

In general, the Trust will hold up to six months of cash, cash equivalent, and/or money market funds (collectively, "Liquidity Assets") for near term Trust benefits and expenses (the "Trust Distributions"). The City's expectation is that it will continue to pay benefits from operations, but reserves the right to change that procedure at any time with reasonable notice to the Advisor. All remaining assets will be invested in longer-term securities and shall be diversified with the intent to minimize the risk of long- term investment losses. Consequently, the total portfolio will be constructed and maintained to provide diversification with regard to the concentration of holdings in individual issues, issuers, countries, governments or industries.

C. Asset Allocation

The Trust Review Committee and the Advisor believe that to achieve the greatest likelihood of meeting the Trust's investment objectives and the best balance between risk and return for optimal diversification, assets will be invested in accordance with the targets for each asset class as follows to attempt to achieve a long-term average total annual rate of return that is equal to or greater than the Trust's actuarial discount rate as described in the section titled "Performance Expectations".

Asset Classes	**Asset Weightings**	
	Range	**Target**
Growth Assets		
Domestic Equity	19% - 59%	39%
International Equity	1% - 41%	21%
Other	0% - 15%	0%
Income Assets		
Fixed Income	20% - 60%	40%
Other	0% - 15%	0%
Real Return Assets	0% - 15%	0%
Cash Equivalents	0% - 20%	0%

D. Rebalancing Philosophy

The asset allocation range established by this Policy Statement represents a long-term perspective. As such, rapid unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside Policy Statement ranges. When these divergences occur, the Advisor will rebalance, and cause the Managers to rebalance, the assets within the specified ranges.

E. Risk Tolerance

The Trust will be managed in a style that seeks to minimize principal fluctuations over the established time horizon and that is consistent with the Trust's investment objectives.

F. Performance Expectations

Over the long-term, a rolling five-year period, the performance objective for the Trust will be to achieve an average total annual rate of return that is equal to or greater than the Trust's actuarial discount rate, which is expected to be 6.25%. Additionally, it is expected that the annual rate of return on Trust assets will be commensurate with the then-prevailing investment environment. Measurement of this return expectation will be judged by reviewing returns in the context of industry standard benchmarks, peer universe comparisons for individual Trust Investments and blended benchmark comparisons for the Trust in its entirety.

V. Selection of Investment Managers

The Advisor shall prudently select appropriate Managers to invest the assets of the Trust. Managers must meet the following criteria:

1. The Manager must provide historical quarterly performance data compliant with Global Investment Performance Standards (GIPS®), Securities & Exchange Commission ("SEC"), Financial Industry Regulatory Agency ("FINRA") or industry recognized standards, as appropriate.
2. The Manager must provide detailed information on the history of the firm, key personnel, support personnel, key clients, and fee schedule (including most favored nation clauses). This information can be a copy of a recent Request for Proposal ("RFP") completed by the Manager or regulatory disclosure.
3. The Manager must clearly articulate the investment strategy that will be followed and document that the strategy has been successfully adhered to over time.
4. The investment professionals making the investment decisions must have a minimum of three (3) years of experience managing similar strategies either at their current firm or at previous firms.
5. The Manager must confirm receipt, understanding and adherence to this Policy Statement and any investment specific policies by signing a consent form provided to the Manager prior to investment of Trust assets.

VI. Guidelines for Portfolio Holdings

A. Direct Investments by Advisor

Every effort shall be made, to the extent practical, prudent and appropriate, to select Investments that have investment objectives and policies that are consistent with this Policy Statement (as outlined in following sub-sections of the "Guidelines for Portfolio Holdings"). However, given the nature of the Investments, it is recognized that there may be deviations between this Policy Statement and the objectives of these Investments.

B. Limitations on Managers' Portfolios

EQUITIES

No more than 5% of the total equity portfolio valued at market may be invested in the common equity of any one corporation, ownership of the shares of one company shall not exceed 5% of those outstanding, and not more than 40% of equity valued at market may be held in any one sector, as defined by the Global Industry Classification Standard (GICS).

Domestic Equities. Other than the above constraints, there are no quantitative guidelines as to issues, industry or individual security diversification. However, prudent diversification standards should be developed and maintained by the Manager.

International Equities. The overall non-U.S. equity allocation should include a diverse global mix that is comprised of the equity of companies from multiple regions and sectors.

FIXED INCOME

Fixed income securities of any one issuer shall not exceed 5% of a total bond portfolio at time of purchase. The 5% limitation does not apply to issues of the U.S. Treasury or other Federal Agencies. The overall rating of the fixed income assets shall be investment grade, based on the rating of one of the SEC's Nationally Recognized Statistical Rating Organizations ("NRSROs").

OTHER ASSETS (ALTERNATIVES)

Alternatives may consist of non-traditional asset classes such as hedge funds, private equity, real estate and commodities, when deemed appropriate. The total allocation to this category may not exceed 15% of the overall portfolio.

Diversifying (e.g. Hedge Funds & Liquid Alternatives): Primary objective shall be to enhance the return-risk profile of the overall portfolio. This can be accomplished by using a combination of hedge fund strategies that enhance returns at a reasonable level of risk or reduce volatility while providing a reasonable level of return. These asset classes may differ from traditional public

market asset classes due to the use of certain strategies including short-selling, leverage, and derivatives. Hedge funds may also invest across asset classes. The use of direct hedge funds and fund-of-hedge funds are allowed. For purposes of asset allocation targets and limitations, single strategy hedge funds and liquid alternatives funds will be categorized under the specific asset class of the fund. For example, a long/short U.S. equity fund will be categorized as "Other" in the Growth Assets category while a long/short credit fund will be categorized as "Other" in the Income Assets category. Multi-strategy hedge funds and multi-strategy liquid alternatives funds that cannot be easily categorized under one asset class will be included in "Other" under either the Growth Assets or Income Assets category depending on the risk-return profile of the strategy.

Private Equity: Private equity is less liquid than publicly traded equity securities and can provide returns that are greater than what is available in publicly traded markets. The private equity portfolio may include investments in a variety of commingled/partnership and direct investment vehicles including, but not limited to, venture capital, buyout, turnaround, mezzanine, distressed security, and special situation funds. The private equity portfolio is recognized to be long-term in nature and highly illiquid. Due to their higher risk, private equity investments are expected to provide substantially higher returns than publicly traded equity securities. For purposes of asset allocation targets and limitations, these funds will be categorized as "Other" under the Growth Assets category.

Private Debt: Private debt is less liquid than publicly traded debt and can provide returns that are greater than what is available in publicly traded markets. The private debt portfolio may include investments in a variety of commingled/partnership and direct investment vehicles including, but not limited to, direct lending, distressed debt, multi-asset credit, structured credit, mezzanine debt, real estate debt, and special situations. Due to their higher risk, private debt investments are expected to provide higher long-term returns than publicly traded debt securities. For purposes of asset allocation targets and limitations, these funds will be categorized as "Other" under the Income Assets category.

Real Assets: Real assets are typically physical assets that have intrinsic worth due to their substance and properties. Real assets are primarily used for their lower correlation to traditional assets (i.e. stocks and bonds) and their inflation hedging properties. Categories of real asset investments include, but are not limited to, real estate, infrastructure, land, farmland, timberland, precious metals, and commodities. Real assets include securities and assets with varying levels of liquidity. Real estate consists of publicly traded, liquid, REIT securities and/or non-publicly traded, illiquid, private real estate and shall be diversified across a broad array of property types and geographic locations. Real estate is designed to provide a stable level of income combined with potential for price appreciation, particularly in periods of unexpected inflation. . The benefit of lower correlation investments is that, when implemented correctly, these investments can potentially improve a portfolio's expected risk-adjusted return over the long-term. The real assets

category can be extended to include other forms of assets that offer similar inflation hedging properties such as pooled vehicles holding commodities contracts, Treasury Inflation Protected Securities ("TIPS"), index-linked derivative contracts, certain forms of intellectual property, and the equity of companies in businesses thought to hedge inflation. For purposes of asset allocation targets and limitations, real assets may be categorized as "Other" under either the Growth Assets or Income Assets category or in the Real Return Assets category, depending on the nature and risk/return profile of the investment.

C. Cash Equivalents

Cash equivalents shall be held in funds complying with Rule 2(a)-7 of the Investment Company Act of 1940.

D. Portfolio Risk Hedging

Portfolio investments designed to hedge various risks including volatility risk, interest rate risk, etc. are allowed to the extent that the Investments do not create direct portfolio leverage. One example of a hedge vehicle is an exchange traded fund ("ETF") which takes short positions.

E. Prohibited Investments

Except for purchase within authorized Investments, securities having the following characteristics, are not authorized and shall not be purchased: letter stock and other unregistered securities, commodities or commodity contracts where the Trust is a counterparty, short sales, margin transactions, private placements (with the exception of Rule 144A securities). Further, derivatives, options, futures, or any other investment for the sole purpose of direct portfolio leveraging are prohibited. Direct ownership of real estate, natural resource properties such as oil, gas or timber and the purchase of collectibles is also prohibited.

F. Safekeeping

All assets of the Trust shall be held by a custodian approved by the Trust Review Committee and in consultation with the Advisor for safekeeping of Trust assets. The custodian shall produce statements on a monthly basis, listing the name and value of all assets held, and the dates and nature of all transactions in accordance with the terms in the Trust Agreement. Investments of the Trust not held as Liquidity Assets or Investment Assets shall, at all times, be invested in interest-bearing accounts. Investments and portfolio securities may not be loaned.

VII. Control Procedures

A. Review of Investment Objectives

The Advisor shall review annually and report to the Trust Review Committee the appropriateness of this Policy Statement for achieving the Trust's stated objectives. It is not expected that this Policy Statement will change frequently. In particular, short-term changes in the financial markets should not require an adjustment in this Policy Statement.

B. Review of Investment Performance

The Advisor shall report on a quarterly basis to the Trust Review Committee to review the investment performance of the Trust. In addition, the Advisor will be responsible for keeping the Trust Review Committee advised of any material change in investment strategy, Managers, and other pertinent information potentially affecting performance of the Trust.

The Advisor shall compare the investment results on a quarterly basis to appropriate peer universe benchmarks, as well as market indices in both equity and fixed income markets. Examples of benchmarks and indexes that will be used include the Russell 3000 Index for broad U.S. equity strategies, S&P 500 Index for large cap U.S. equities, Russell 2000 Index for small cap U.S. equities, MSCI ACWI ex.-U.S. for broad based non-U.S. equity strategies, Europe, Australasia, and Far East (EAFE) Index for developed markets international equities, Barclays Capital Aggregate Bond Index for fixed income securities, and the U.S. 91 Day T-bill for cash equivalents. The category "Other" will be benchmarked against appropriate indices depending on the specific characteristics of the strategies and funds used.

The benchmark for the plan will be a blend of the Russell 3000 Index, the MSCI AWCI ex US Index and the Barclays Aggregate Index based upon the target asset allocation of the Trust.

C. Voting of Proxies

The Advisor will vote the shares of the Investments, and Managers will vote securities in the respective portfolio managed by such Managers, consistently with its proxy policy, and in the best interest of the Trust.

City of Roseville OPEB Trust

Economic Overview

The pandemic took a turn for the worse over the quarter. New infection rates rose significantly in Europe and the U.S., topping the previous highs. Fourth-quarter GDP is likely to be impacted by coronavirus infections coupled with increases in first-time jobless claims due to a fresh wave of shutdowns across the country. In December, the U.S. economy shed jobs for the first time in eight months as the country buckled under an attack of COVID-19 infections, suggesting a significant loss of momentum that could temporarily stall the recovery from the pandemic.

While the fourth quarter started with renewed stock market volatility, equities rolled higher following the November U.S. elections, finishing the year with new record highs. Stocks briefly dipped ahead of the election but then rallied strongly as COVID-19 vaccines began to roll out.

In its baseline forecast, the World Bank projects the global economy to grow by 4.0% in 2021, after a 4.3% contraction in 2020. This is contingent on an effective vaccine rollout and widespread inoculation throughout the year while policymakers support the economy and help sustain a fragile economy. However, new variants of the virus threaten to make matters worse if more people are hospitalized due to its spread.

Domestic Equity: Domestic equity markets, as represented by the S&P 500 Index, returned 12.2% for the quarter. Within the S&P 500 Index, all eleven sectors produced positive returns. Energy (+23.2%) led the way, aided by positive vaccine news rebounded off its lows. Value stocks, as represented by the Russell 1000 Value Index, returned 16.3%, outperformed growth stocks, as represented by the Russell 1000 Growth Index, which returned 11.4%.

International Equity: Markets outside of the U.S., as measured by the MSCI ACWI ex U.S. Index, outperformed their U.S. counterparts, returning 17.0% for the quarter. Small-cap performed well within the international equity markets, returning 18.6% for the quarter, as represented by the MSCI ACWI ex-U.S. Small cap Index. Emerging markets, as represented by the MSCI Emerging Market Index, outperformed developed ex-U.S. markets.

Fixed Income: The Bloomberg Barclays U.S. Aggregate Index returned 0.7% in the fourth quarter. Corporate credit had another strong quarter on the back of liquidity support and bond-buying programs from the Federal Reserve. The Bloomberg Barclays U.S. Corporate High Yield Index gained 6.5% while the Bloomberg Barclays U.S. Corporate Index rose 3.1%.

Title:	Emergency Medical Services Program - Capital Asset Donation and Budget Adjustment
Contact:	Brian Diemer 916-746-1392 bdiemer@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.14.

RECOMMENDATION TO COUNCIL

Staff recommends that Council adopt an ordinance approving the attached FY2020-21 budget adjustment for $9,548 in reimbursable maintenance and accept a donation of $27,666 in capital assets from the EMS Fund managed by the Sierra-Sacramento Valley EMS Agency.

BACKGROUND

The Roseville Fire Department provides advanced life support services for medical response calls for the community. Various pieces of equipment and supplies are used to treat any person in need of medical aid, supporting the projected 18,000 calls for service and meeting the approved fire apparatus minimum medical equipment local EMS agency requirements for the advanced life support program.

In March 2021, the Department received two LUCAS chest compression system devices for the Emergency Medical Services (EMS) program through the EMS Fund managed by the Sierra-Sacramento (S-SV) Valley EMS Agency, a Placer County government agency responsible for regulating EMS services in the county. The devices improve the quality and consistency of chest compressions, increase ETCO2 (End-tidal CO2) levels, as well as being able to sustain life-saving circulation during prolonged resuscitation attempts. The Department would like to accept the two capital assets valued at $27,666. Additionally, the Department will purchase a $9,548 four year extended maintenance agreement for the devices which will be fully reimbursed from the EMS Fund.

FISCAL IMPACT

The capital asset donation is provided through S-SV with no impact to the General Fund. Maintenance costs will be prepaid through the extended maintenance agreement and will also be reimbursed through the EMS Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Capital Asset Donation and Budget Adjustment - Emergency Medical Services Program meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Ordinance 6365

Budget Adjustment

ORDINANCE NO. 6365

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2020-21 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2020-21, is hereby amended as listed on the attached budget adjustment for the Emergency Medical Services Program.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

Justification for Budget Adjustment:

In 2021 the Fire Department received two medical devices for the Emergency Medical Services program through the EMS Fund managed by the Sierra-Sacramento (S-SV) EMS, a Placer County government agency responsible for regulating EMS services in the county. The department would like to recognize $27,666 for two capital assets. Additionally the Fire Department will purchase a $9,548 extended maintenance agreement for the devices and be fully reimbursed through the same program.

Title:	Fiddyment Ranch Phase 3 Trail Project - City/Developer Reimbursement Agreement Amendment and Budget Adjustment
Contact:	Jeannie Gandler 916-746-1289 jgandler@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.15.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council take the following actions:

1. Adopt a resolution approving the attached First Amendment to City/Developer Reimbursement Agreement between the City of Roseville and JEN California 15, LLC, and authorizing the City Manager to execute it on behalf of the City of Roseville; and
2. Adopt an ordinance approving the attached budget adjustment to cover the cost to construct a multi-use trail within Parcels F-84 and F-85 of the West Roseville Specific Plan.

BACKGROUND

JEN California 15, LLC (aka Taylor Builders) proposes to construct a 1.25 mile long multi-use trail within the West Roseville Specific Plan (WRSP) open space parcels F-84 and F-85. The trail is comprised of four distinct segments between Fiddyment Road and the Creekview Specific Plan area. In October of 2020, the City Council approved a reimbursement agreement with JEN California, LLC, to design all four segments of the project, but to construct only segments 1 and 2 (Fiddyment Road to Hayden Parkway) based upon funding limitations at the time.

JEN completed the design of all four segments and put the project out to bid. Bids were received for all four trail segments, and they came in under the engineer's estimate, but $318,886 over the original approved Reimbursement Agreement amount. Additional resources are now available in the Neighborhood Park - WRSP Fund to pay for the previously excluded segments 3 and 4.

The addition of segments 3 and 4 will complete the entire trail between Fiddyment Road and Blue Oaks Boulevard, including the much-needed neighborhood connections to Hayden Parkway and a connection to the 1-mile long Creekview Specific Plan trail that Anthem United plans to construct during the summer of 2021.

If segments 3 and 4 are not constructed at this time:

- The safe undercrossing of, and connections to, Hayden Parkway will not be provided;
- A gap in the trail system will be created when the Creekview trail is constructed; and
- Taylor Homes may not be able to manage the future construction of Segments 3 and 4. These segments would become a City project increasing the demand on limited City staff time and resources, and potentially result in higher project costs due to reduced economies of scale.

When taken together with the Creekview trail, construction of all four segments of the WRSP Phase 3 trail would result in a seamless 2.25 mile extension of the Pleasant Grove Creek Trail. With this extension, the overall length of the the Pleasant Grove Creek Trail would be 5 miles.

FISCAL IMPACT

The recommended budget adjustment is needed to fund the construction of Segments 3 & 4 and will increase the total project budget by $318,886 to $2,699,937. Sufficient funds are available in the Neighborhood Park - West Roseville SP Fund to reimburse JEN California 15, LLC for trail construction costs. There will be no impact to the General Fund.

ENVIRONMENTAL REVIEW

The City Council certified an Environmental Impact Report (EIR) and adopted Findings of Fact, Statements of Overriding Considerations, and a Mitigation Monitoring Plan for the West Roseville Specific Plan on February 2, 2004, State Clearinghouse Number 2002082057. The WRSP EIR provides environmental analysis of community infrastructure and facilities, including parks, pedestrian bridges, and bike trails. Construction of the project is within the scope of the WRSP EIR, no new environmental effects are expected to occur, and the project will comply with all applicable mitigation of the WRSP EIR. Because the project meets the requirements identified in Section 15183 of the State CEQA Guidelines, no additional CEQA review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal D - Enhance economic vitality
Goal F - Invest in well-planned infrastructure and growth

FIRST AMENDMENT TO

CITY/DEVELOPER REIMBURSEMENT AGREEMENT

Fiddyment Ranch Phase 3 Trail Project

THIS FIRST AMENDMENT TO AGREEMENT is made and entered into this ___ day of _____, 20__, by and between the City of Roseville, a municipal corporation ("CITY"), and JEN California 15, LLC, a California limited liability company ("DEVELOPER"); and

W I T N E S S E T H:

WHEREAS, CITY and DEVELOPER previously entered into a Reimbursement Agreement dated October 7, 2020 ("Agreement") regarding the Fiddyment Ranch Phase 3 Trail Project ("Project"); and

WHEREAS, the parties design to amend the Agreement to include updated cost and reimbursement amounts.

NOW, THEREFORE, the parties agree as follows:

1. Paragraph D of the Agreement is replaced to read as follows:

"D. The total cost of designing and constructing the Public Improvements as estimated using current prevailing wages and in accordance with the conceptual plans and preliminary cost estimates is estimated as approximately two million, seven hundred thousand, three hundred eighty-seven dollars ($2,700,387) ("Improvement Costs"), as more particularly set out in the breakdown of costs

("Breakdown of Costs"), Exhibit "B," attached and incorporated by this reference."

2. Paragraph E of the Agreement is replaced to read as follows:

"E. Pursuant to the Breakdown of Costs, the parties have determined that the obligation of Improvement Costs will be allocated between CITY, and DEVELOPER as follows:

DEVELOPER	$_____
CITY	$2,700,387
TOTAL	**$2,700,387"**

3. Exhibit "B" of the Agreement is hereby replaced with Exhibit "B" of the First Amendment to Agreement, attached hereto and incorporated by reference, to reflect updated project costs.

4. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 2021 and DEVELOPER has caused this Agreement to be executed.

ORDINANCE NO. 6364

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2020-21 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2020-21, is hereby amended by transferring appropriations as listed on the attached budget adjustment for the Fiddyment Ranch Phase 3 Trail Project.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

Description

Ordinance 6367

ORDINANCE NO. 6367

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING SECTION 9.12.100 OF CHAPTER 9.12 OF TITLE 9 REGARDING GARBAGE, AMENDING SECTIONS 14.08.090 AND 14.08.100 OF CHAPTER 14.08, AMENDING SECTIONS 14.16.200, 14.16.201, 14.16.220 AND 14.16.230 OF CHAPTER 14.16, AND AMENDING SECTION 14.17.080 OF CHAPTER 14.17 OF TITLE 14 OF THE ROSEVILLE MUNICIPAL CODE REGARDING PUBLIC UTILITY FEES, CHARGES AND RATES

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. Section 9.12.100 of Chapter 9.12 of Title 9 of the Roseville Municipal Code is hereby amended to read as follows:

9.12.100 Charges for collection.

A. Residential.

1. Each and every householder or tenant occupying any dwelling, house, or residence, shall pay to the city, or its authorized agent, a fixed minimum charge as set forth in this section as a refuse rate. Such fixed minimum is based upon service of one call per week, irrespective of whether there is any refuse to remove from any premises.

2. Automated Container Service. Each premises shall be assigned city-owned containers (one for household garbage and one for yard clippings and green waste). Containers will be serviced by automated collection. All garbage and green waste for collection must be contained within the appropriate container(s) with the lid closed and must fall freely from container when dumped. Each such premises shall be provided weekly collection for trash; green waste will be collected every other week.

3. Refuse service may be discontinued upon request for a period of no less than two months when a dwelling, house, or residence will be unoccupied. A service fee will be charged to the utility user for the removal of the assigned automated container(s) when service has been temporarily discontinued. This service fee will be paid at the time service is discontinued. Upon occupancy of a dwelling, house or residence, the utility user must contact the city to restart service and will be charged an associated restart fee. If the occupant of a dwelling, house, or residence does not contact the city to restart service, the city may bill back to the discontinuance of service all monthly charges.

4. For collection of additional containers beyond those covered by the fixed minimum rates established in this chapter, the collection charge shall be that identified in this section.

5. An additional or "extra" pickup may be requested beyond the minimum service required by this chapter. Each such additional or extra pickup shall be subject to a fixed fee. Return service for containers placed out late may be requested. Each "out late" pickup shall be subject to a fixed fee.

6. Rates for Residential Collection. Effective July 1, 2021, and July 1, 2022, the residential rates on billings shall be as follows:

Residential Refuse Service	**Effective**	**Effective**

	7/1/2021	7/1/2022
Fixed refuse monthly charge (one trash container and one green waste container as identified in Section 9.12.100(A)(2))	$31.06	$36.05
Each additional trash container	$21.24	$24.65
Each additional green waste container	$11.28	$13.10
Additional pickup of a trash container (also “out late” fee)	$20.30	$23.56
Additional pickup of a green waste container (also “out late” fee)	$14.92	$17.32
Fixed fee for the return of a confiscated green waste container due to contamination	$145.00	$168.27
Temporary removal of a residential service	$62.08	$72.05
Move in box pick-up	$109.77	$127.39
Temporary dumpster delivery and removal (6 yards only)	$152.19	$176.65
Restart service (per occurrence)	$30.36	$35.24
Green waste contamination fee (applied to account after third notification)	$30.36	$35.24
Residential return trip fee (applied when service is requested but container is inaccessible)	$30.36	$35.24
Container exchange (customer requested in excess of 1x/12 months)	$30.36	$35.24
Container exchange (due to misuse—melted or damaged beyond reuse)	$90.70	$105.26

B. Commercial.

1. A landlord, property owner, property manager or management company of each and every store, shop, apartment, house, rooming house, factory or other nonresidential use that has a commercial dumpster shall pay to the city, or its authorized agent, a fixed charge as set forth by the city council as a refuse rate. Monthly charges will be applied to a single account per service. Such rates and fees are based upon a minimum service of one call per week, irrespective of whether there is any refuse to remove from any premises.

A landlord, property owner, property manager or management company with multiple tenants who must share a commercial dumpster shall be responsible for the refuse utility bill of the tenants.

2. Commercial Frontloader, Rearloader, Roll-Off, and Automated Container Services are provided by the City.

An additional or extra pick up may be requested beyond the minimum service required by this chapter. Each such additional or extra pick up shall be subject to a fixed fee.

Temporary commercial services must be charged to a City of Roseville customer utility account. A “garbage only” account may be requested for temporary services. See Chapter 14.04 Utility Customer Billing, Accounting and Collections for information about establishing a new account.

Timeframe for Temporary Customer Service. Temporary dumpsters for commercial use must be serviced weekly and removed within a 90 day period. It is the customer’s responsibility to schedule services. If a temporary dumpster is not emptied within seven consecutive days of its delivery or last collection, the account shall be assessed a weekly rental fee per subsection (B)(7), Rates for Commercial Collection.

3. Commercial customers that fall into the following categories are required by state law to subscribe to organics recycling services.

a. On and after April 1, 2016, a business that generates eight cubic yards or more of organic waste per week shall arrange for recycling services specifically for organic waste.

b. On and after January 1, 2017, a business that generates four cubic yards or more of organic waste per week shall arrange for recycling services specifically for organic waste.

c. On and after January 1, 2019, a business that generates four cubic yards or more of commercial solid waste, as defined in Section 42649.1, per week, shall arrange for recycling services specifically for organic waste.

4. On or after January 1, 2020, if the department determines that statewide disposal of organic waste has not been reduced to 50 percent of the level of disposal during 2014, a business that generates two cubic yards or more per week of commercial solid waste shall arrange for the organic waste recycling services specified in subsection (B)(3), unless the department determines that this requirement will not result in significant additional reductions of organics disposal.

5. Multifamily dwellings will not be required to recycle food waste, but will need to provide proof to the city that other organics such as green waste are being recycled or diverted from the landfill in an appropriate manner. The city can also provide green waste services, if necessary.

The city will be the primary collector of all organic waste materials, unless a business had services in place before September 28, 2014, the date AB 1826 was approved. Any business with a collection contract before this date can continue with providers until the contract expires. Once the contract expires the business will default to city service.

6. An additional or special pickup may be requested beyond the minimum service required by this chapter. Each such additional or special pickup shall be subject to a fixed fee.

7. Rates for Commercial Collection. Effective July 1, 2021, and July 1, 2022, the commercial rates on billings shall be as follows:

Frontloader and Rearloader Commercial Services*	**Effective 7/1/2021**	**Effective 7/1/2022**
Waste service minimum monthly charge	$34.83	$40.42
Automated container commercial service (per container, where available; green waste service not available)	$31.06	$36.05
Streetscape and LLD containers*	$8.20	$9.52
Hand pickup service* (up to three 30-gallon cans or six bags per week, where available)	$34.83	$40.42

Frontloader and rearloader* trash dumpster per yard charge	$12.74	$14.79
Frontloader and rearloader* trash compactor per yard charge	$22.96	$26.65
Frontloader cardboard dumpster and compactor per yard charge	$3.91	$4.54
Commercial bin assistance (per occurrence)	$54.86	$63.67
Recyclable material contamination fee (applied after third notification)	$30.36	$35.24
Lock delivery or replacement (per occurrence)	$18.22	$21.15
Lock service – (per container, per month)	$12.15	$14.10
Push/pull charges (per container, per month)	$18.22	$21.15
Extra pickup charge (percentage of monthly base rate plus return trip charge)	25%	25%
Exchange bin (for dirty bin in excess of 1x per 12 months)	$91.08	$105.70
Commercial return trip fee (applied when service is requested but container is inaccessible; also used to calculate commercial extra pickups)	$30.36	$35.24
Emergency after-hours service fee (per service)	$196.06	$227.53
Commercial standby fee (per 15 minutes when asked by onsite customer to wait)	$72.86	$84.56

*A premium of 25% will be added to all rearloader services.

Roll-Off Commercial Open Top and Compactor Services	**Effective 7/1/2021**	**Effective 7/1/2022**
Minimum charge per haul (base rate) without tonnage* (all sizes and material)	$379.39	$440.28
Pleasant Grove Wastewater Treatment Plant sludge-hauling fee (per bin)	$267.12	$309.99
Roll-Off tonnage fees (tipping fees)	Pass-through rates apply*	
Compactor cleaning service (hauling charges also apply)	$512.68	$594.96
Return trip fee (scheduled bin not ready for haul, customer requests return later on same day – per occurrence)	$36.43	$42.28
Roll-Off relocation fee (no haul – per occurrence)	$60.72	$70.47

* Tonnage charges (tipping fees) vary by material type, and are determined by the Western Placer Waste Management Authority. With city department head approval, some entities may pay tonnage charges directly to Western Placer Waste Management Authority.

Temporary Frontloader and Roll-Off Fees	**Effective 7/1/2021**	**Effective 7/1/2022**
Frontloader and rearloader temporary dumpster delivery	$75.75	$87.91

and removal fee		
Frontloader and rearloader temporary dumpster per yard fee (plus trip fee for extra pickups)	$12.74	$14.79
Frontloader and rearloader temporary dumpster rental fee per week	$72.11	$83.69
Roll-Off temporary dumpster hauling fee*	$379.39	$440.28
Roll-Off temporary dumpster rental fee per week	$130.94	$151.96

* Tonnage charges (tipping fees) vary by material type, and are determined by the Western Placer Waste Management Authority. With city department head approval, some entities may pay tonnage charges directly to Western Placer Waste Management Authority.

C. Shared Compactor Rates. Shared compactor rates are applicable to the City of Roseville downtown specific plan area. Exact rates are determined on a site-specific basis based on the following criteria:

	Cost per 1,000 square feet of building area or per dwelling unit **Effective 7/1/2021**	**Cost per 1,000 square feet of building area or per dwelling unit** **Effective 7/1/2022**	
Below are the square footage rates for shared compactors. If a customer's site-specific charge does not exceed the fixed minimum charge, they will be subject to the monthly fixed minimum charge.			
Monthly Minimum (Fixed)	$34.83	$40.42	
Tier 1: Cost per 1,000 square feet of building area or per dwelling unit	$7.28	$8.45	Tier 1 includes business types that are determined low use by the environmental utilities director. Typical examples of low use are retail and office establishments and small apartment units.
Tier 2: Cost per 1,000 square feet of building area	$29.34	$34.05	Tier 2 includes business types that are determined medium use by the environmental utilities director. Typical examples of medium use are relatively smaller establishments such as bars and grills, coffee shops and delis; selling or

			serving food but not considered a full-service restaurant.
Tier 3: Cost per 1,000 square feet of building area	$61.98	$71.93	Tier 3 includes business types that are determined high use by the environmental utilities director. A typical example of high use is full-service restaurants, restaurant/ bakeries, and similar establishments. Full-service restaurants are defined as primarily dine-in establishments with established menus, and a minimum of two meals per day (e.g., lunch and dinner).

D. Shared Compactor Organic Tiers. Organics tiers are applicable to some shared compactor units depending on compactor tier and usage type. Exact rates are determined on a site-specific basis based on the following criteria:

Commercial Shared Compactor Organic Tiers	**Effective 7/1/2021**	**Effective 7/1/2022**
Tier 1	$0.00	$0.00
Tier 2	$99.50	$115.47
Tier 3	$198.92	$230.85

E. Rates for Commercial Organic Waste Collection. Effective July 1, 2021 and July 1, 2022, the commercial organic waste collection rates on billings shall be as follows:

Organic Waste Collection Rates	**Minimum Monthly Charge (Effective 7/1/2021)**	**Minimum Monthly Charge (Effective 7/1/2022)**
0-2 yards	$99.50	$115.47
0-4 yards	$198.92	$230.85
5 yards	$248.66	$288.57
6 yards	$298.34	$346.22
7 yards	$348.22	$404.10
8 yards	$397.83	$461.68
9 yards	$447.52	$519.34
10 yards	$497.24	$577.04

11 yards	$547.12	$634.92
12 yards	$596.68	$692.44
Additional empty of organics container	$74.62	$86.60
Empty of contaminated organics container	$99.50	$115.47

SECTON 2. Section 14.08.090 of Chapter 14.08 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.08.090 Service charges for metered service.

There shall be due and payable the following monthly charges, upon submission of the bill by the city to the owner of the property supplied with service, for all treated water measured by meters for residential, commercial, industrial and manufacturing or other purposes:

A. Monthly Quantity Rates. Effective July 1,2021 and July 1, 2022, the monthly quantity rates on billings shall be as follows:

	Effective 7/1/2021	**Effective 7/1/2022**
Potable water usage (per cubic foot)	$0.0140	$0.0145
Recycled water usage (per cubic foot)	$0.0084	$0.0102

B. Monthly Service Charges. Effective July 1, 2021 and July 1, 2022, the monthly service charges on billings shall be as follows:

Meter Size (inches)	**Peak Flow Rate (gallons per minute)**	**Effective 7/1/2021**	**Effective 7/1/2022**
Up to 3/4	30	$28.63	$29.49
1	50	$44.20	$45.53
1-1/2	100	$83.14	$85.64
2	160	$129.86	$133.76
3	350	$277.83	$286.17
4	630	$495.88	$510.76
6	1300	$1,017.64	$1,048.17
8	2800	$2,185.76	$2,251.34
10	4200	$3,276.01	$3,374.30

C. The total amount due and payable shall be the sum of the monthly service charge plus the quantity rate. The monthly service charge is due and payable regardless of whether water has been consumed. The service charge shall be the greater of the charge based on the meter size or flow rate, with the following exceptions:

1. No service charge shall be made for fire service that has backflow prevention with detector check devices approved by the environmental utilities director.

2. No service charge shall be made for recycled water utility back-up systems that are required for reliability only and have backflow prevention and metering approved by the environmental utilities director. This exclusion does not extend to systems that are regularly

required as part of normal operation. The recycled water operation shall be responsible for water volumetric charges for these services and any costs associated with meter maintenance.

D. For purposes of charging for treated water measured by meters:

1. A residential account is defined as a single metered water service which serves three or less dwelling units.

2. A nonresidential account is defined as a single metered water service which serves more than three dwelling units, or serves commercial, industrial, manufacturing, irrigation or other nonresidential land uses.

E. For single-family residential services that require automatic fire protection systems pursuant to Section 16.16.120, the increased meter size will not be assessed an additional charge associated with the fire protection system requirement. Service charges shall be based on the required service size as determined by the Uniform Plumbing Code without consideration for any fire protection system required by Section 16.16.120.

SECTION 3. Section 14.08.100 of Chapter 14.08 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.08.100 Flat water rates.

The following service charges shall apply to flat rate consumers that the environmental utilities director determines are not cost effective to assign metered rates. The environmental utilities director shall conduct a water use study for consumers whom he or she determines may not be reasonably metered, and the director shall assign such consumers to an appropriate service rate level as set forth in this section. Water service rates for flat rate residential consumers shall be due and payable on a monthly basis according to the appropriate grouping set out in this section.

Effective July 1, 2021, and July 1, 2022, the flat rates on billings shall be as follows:

Nonmetered or Flat Service Charges	**Effective 7/1/2021**	**Effective 7/1/2022**
Single-family lots under 4,900 square feet; each mobile home unit not within a park maintaining its own distribution system and service; each dwelling unit of duplexes, triplexes, fourplexes, unmetered apartments and other multiple living units; other detached living units; and offices and stores with less than peak use of 250 gallons per day	$45.28	$46.64
Single-family lots 4,901 to 8,900 square feet	$48.70	$50.17
Single-family lots 8,901 to 12,000 square feet	$54.77	$56.42
Single-family lots 12,001 to 15,000 square feet	$59.98	$61.78
Mobile home parks, per living unit	$36.90	38.01
All those single-family lots over 15,000 square feet, created on or after July 1, 1977, shall be metered pursuant to Section 14.08.105		

SECTION 4. Section 14.16.200 of Chapter 14.16 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.16.200 Monthly unit sewer service charge established.

Except as otherwise provided in this chapter, a monthly unit sewer service charge shall be paid by each user connected to the city-owned public sewer. The monthly unit sewer service charge on billings shall be:

A. The monthly sewer charge shall be $44.86 per sewer unit, effective on billings as of July 1, 2021, and $47.56 per sewer unit, effective on billings as of July 1, 2022.

B. Commercial customers without a sewer meter that are not subject to a flat rate per Section 14.16.220 and are associated to their potable water usage (metered consumption) shall have a monthly per sewer unit charge (the same as in Section 14.16.200 (A)) and a quantity rate as follows:

	Effective 7/1/2021	Effective 7/1/2022
Monthly per sewer unit charge	$44.86	$47.56
Associated sewer consumption charge above 560 cubic feet of potable water usage	$0.0417 per cubic foot	$0.0443 per cubic foot

C. Commercial customers with a cubic-foot sewer meter shall have a monthly per sewer unit charge (the same as in Section 14.16.200(A)) and a quantity rate as follows:

	Effective 7/1/2021	Effective 7/1/2022
Monthly per sewer unit charge	$44.86	$47.56
Sewer consumption charge above 560 cubic feet	$0.0417 per cubic foot	$0.0443 per cubic foot

D. For commercial customers with a gallon sewer meter, the consumption rate will be based on the per cubic foot rate in Section 14.16.200 (B) and converted to a per gallon rate as follows:

- Effective 7/1/2021: $0.0417 / 7.48 = $0.00557 per gallon
- Effective 7/1/2022: $0.0443 / 7.48 = $0.00592 per gallon

Some industrial customers may require an additional surcharge per Section 14.16.220.

SECTION 5. Section 14.16.201 of Article II of Chapter 14.16 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.16.201 Rates for commercial customers within the Sacramento Regional County Sanitation District.

The City of Roseville acts as the billing agent for commercial customers who are located in the City of Roseville but receive sewer services from the Sacramento Regional County Sanitation District (Regional San). These customers pay the Regional San rates to the City of Roseville who then passes those payments on to Regional San.

SECTION 6. Section 14.16.220 of Article II of Chapter 14.16 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.16.220 Determination of low-strength metered commercial or industrial monthly sewer units.

For purposes of this article, low strength commercial or industrial users monthly sewer units shall be one sewer unit per 560 cubic feet of discharge. Users such as schools with a widely varying use pattern due to water use not related to sewer use may be charged in accordance with a study by the environmental utilities director in his or her discretion.

SECTION 7. Section 14.16.230 of Article II of Chapter 14.16 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.16.230 Determination of high-strength metered commercial or industrial monthly sewer units.

For purposes of this article, monthly sewer units for high-strength metered commercial or industrial users shall be determined as follows:

Sewer units = (monthly discharge volume c.f./1000) x (0.34 + (BOD/200) x 0.33 + (TSS/200) x 0.33)

In addition, special treatment and/or handling costs may be added as determined by the environmental utilities director.

SECTION 8. Section 14.17.080 of Chapter 14.17 of Title 14 of the Roseville Municipal Code is hereby amended to read as follows:

14.17.080 Fees and charges—Delinquency—Disconnection or termination.

A. All fees, charges, deposits or penalties provided for in this chapter, including recycled water charges, shall be in the amount set forth in Chapter 14.08 or as established by resolution adopted by the city council, as amended from time to time.

B. Payment by a customer for recycled water service shall be due and payable as specified in Chapter 14.04 for water service. If payment is not received in accordance with Chapter 14.04, then the recycled water service may be disconnected or terminated. In the event the city disconnects or terminates recycled water service pursuant to this section, then in addition to the payment due for recycled water, the customer shall pay any and all delinquent and reconnection charges for recycled water service as specified in Chapter 14.04 for water service.

C. Price of Recycled Water. Effective July 1, 2021, the price for recycled water sold, supplied, distributed or transported to customers of the city shall be at a rate or charge equal to 60 percent of the rate or charge which the city council may establish from time to time as set forth in Chapter 14.08 for potable water and which is in effect on the date of delivery of recycled water by the city to such customer. Such charge or rate shall be the sum of the customer charge,

commodity charge and adjustments as detailed in this chapter and specified in Chapter 14.08. Effective July 1, 2022, the price for recycled water will increase to 70 percent of the rate or charge for potable water.

SECTION 9. This ordinance shall be effective July 1, 2021.

SECTION 10. The City Clerk is hereby directed to cause this ordinance to be published in full at least once within fourteen (14) days after it is adopted in a newspaper of general circulation in the City, or shall within fourteen (14) days after its adoption cause this ordinance to be posted in full in at least three (3) public places in the City and enter in the Ordinance Book a certificate stating the time and place of said publication by posting.

COUNCIL COMMUNICATION

CC #: 1463
File #: 0202-01

Title: Financial Reports for Fiscal Year Ended June 30, 2020
Contact: Nick Rosas 916-774-5314 nrosas@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.17.

RECOMMENDATION TO COUNCIL

Staff recommends City Council receive three financial reports for the year ended June 30, 2020. This item requires no Council action and is for information only.

BACKGROUND

The following informational reports are included with this communication:

- Single Audit Report
- Environmental Utilities Enterprise Funds Report
- Auditors Letter to City Council

The City Charter requires that the City Council engage an independent certified public accounting firm to conduct the annual financial audit. Eide Bailly LLP, a certified public accounting firm, conducted the audits of the City's financial statements for the fiscal year ended June 30, 2020. The City Council accepted the City's Comprehensive Annual Financial Report, along with other financial audit reports, on January 20, 2021.

A Single Audit is required for any non-federal entity that expends $750,000 or more of federal awards during the non-federal entity's fiscal year. The Single Audit Report includes the Schedule of Expenditures of Federal Awards, which reports that the City expended $8,754,653 of federal funding in FY 2019-20. The report includes two compliance findings related to the Housing Choice Voucher program, for which staff procedures have been updated to address.

Separately issued financial statements are completed for the Environmental Utilities enterprise funds, the Water, Wastewater, and Solid Waste funds, that detail activity in the current year and fiscal year-end balances specific to the those funds. Also presented in the report is sub-fund activity and balances that make up the Water, Wastewater, and Solid Waste funds as it is presented in the City's Comprehensive Annual Financial Report. There were no financial statement or compliance findings included in this year's report.

The auditor's letter to the City Council is additional communication required by audit standards

which conveys that there were no difficulties encountered performing the audit or disagreements between the auditors and City staff. The letter also includes information about significant estimates and footnote disclosures included in the financial statements and any misstatements noted. Included in the letter are two misstatements noted by the auditors that have been corrected by staff in the respective financial statements.

FISCAL IMPACT

There is no fiscal impact as a result of these informational reports.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The financial reports meet the above criteria and are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Respectfully Submitted,

Nick Rosas, Accounting Manager

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the City Council
City of Roseville, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 30, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

2151 River Plaza Dr., Ste. 308 | Sacramento, CA 95833-4133 | T 916.570.1880 | F 916.570.1875 | EOE

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

To the City Council
City of Roseville, California

Report on Compliance for Each Major Federal Program

We have audited the City of Roseville, California's (City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of City's major federal programs for the year ended June 30, 2020. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program
In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Other Matters
The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2020-01 and 2020-02 and in a separate corrective action plan. Our opinion on each major federal program is not modified with respect to these matters.

The City's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance
Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2020-01 and 2020-02 that we consider to be significant deficiencies.

The City's response to the internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City 's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, , each major fund, and the aggregate remaining fund information of the City as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 30, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the City of Roseville, California (City) under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting for the governmental funds and the accrual basis of accounting for the proprietary funds, except for subrecipient expenditures, which are recorded on the cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in the prior year.

Note 3 - Indirect Cost Rate

The City has not elected to use the 10-percent de minimis indirect cost rate.

Section I – Summary of Auditor's Results

FINANCIAL STATEMENTS

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None reported
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major program:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	Yes
Type of auditor's report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516:	Yes

Identification of major programs:

Name of Federal Program or Cluster	Federal Financial Assistance Listing / CFDA Number
Housing Voucher Cluster	14.871/14.879
HOME Investment Partnerships Program	14.239

Dollar threshold used to distinguish between type A and type B programs:	$750,000
Auditee qualified as low-risk auditee?	Yes

Section II – Financial Statement Findings

None noted.

Section III – Federal Award Findings and Questioned Costs

2020-001

Program: Housing Voucher Cluster
CFDA Number: 14.871/14.879
Federal Agency: U.S. Department of Housing and Urban Development
Pass-through: N/A
Award Year: 2019/20
Compliance Requirement: Reporting – Special Reporting, Special Tests and Provisions – Housing Assistance Payment
Type of Finding: *Significant Deficiency, Instance of Noncompliance*

Criteria:

Per 24 CFR part 908, 24 CFR part 982.158, 24 CFR par 982, subpart K, and as stated in 2 CFR 200 4-14.871 compliance requirements which govern when a PHA is required to submit a HUD-50058, *Family Report*, each time the Housing Authority completes an admission, annual reexamination, interim reexamination, portability move-in, or other change of unit for a family. Additionally, the amount of the Housing Assistance Payment must correspond with the amount on line 12u of the HUD-50058.

Condition:

We found one instance in which documentation where a HUD-50058 for a revised annual determination was not sent to the U.S. Department of Housing and Urban Development (HUD) or maintained within the file, although the correct amount was updated within the Voucher Management System (VMS).

Cause:

Internal controls were not sufficient to ensure that all HUD-50058 reports are maintained within the file.

Effect:

Not submitting the HUD-50058, *Family Report,* at qualifying events could result in the incorrect HAP payments being made through the VMS.

Questioned Costs:

No questioned costs have been identified.

Context/Sampling:

A nonstatistical sample of 40 of 7,810 HAP payments were selected to test Reporting compliance with Special Reports to ensure a HUD 50058 was filed. Management could not provide evidence of submission of the HUD-50058 form to HUD.

Repeat Finding from Prior Year(s):

No

Recommendation:

We recommend that the City strengthen its procedures related to the submissions of HUD-50058 forms as well as reconciliation procedures to ensure that HAP payment amounts agree with HAP amounts submitted through the HUD 50058.

Views of Responsible Officials and Plan Correction Action:

Management's Response:
We concur.

The City will prepare and submit an annual reexamination 50058 effective April 1, 2020 to match the correct backup documentation of the $1,074 HAP and issue a back HAP of $78 for VMS month April 2020. The City will ensure all revised annual determinations are sent to HUD and will maintain evidence of that submission.

Name of Responsible Individual:
Suzi Cook-Turner, Housing Supervisor

Anticipated Implementation Date:
April 30, 2021

See separate corrective action plan.

2020-002

Program: Housing Voucher Cluster
CFDA Number: 14.871/14.879
Federal Agency: U.S. Department of Housing and Urban Development
Pass-through: N/A
Award Year: 2019/20
Compliance Requirement: Special Tests and Provisions – Housing Quality Standards Inspection
Type of Finding: *Significant Deficiency, Instance of Noncompliance*

Criteria:

24 CFR 982.405(b) states that the Public Housing Authority (PHA) must inspect the unit leased to a family prior to the initial term of the lease, at least biennially during assisted occupancy, and at other times as needed, to determine if the unit meets Housing Quality Standards (HQS)

Condition:

We found one instance in which support for the HQS inspection could not be produced.

Cause:

The documentation to evidence the HQS at an initial leasing was not retained by the PHA.

Effect:

The City has not complied with the requirements 24 CFR 982.405(b) and the special tests and provisions – Housing Quality Standards.

Questioned Costs:

No questioned costs have been identified.

Context/Sampling:

A nonstatistical sample of 40 of 7,810 HAP payments were selected to test compliance over special tests and provisions – Housing Quality Standards (HQS).

Repeat Finding from Prior Year(s):

No

Recommendation:
We recommend that the City strengthen its procedures to ensure that documentation of Housing Quality Standard Inspections are retained.

Views of Responsible Officials and Plan Correction Action:

Management's Response:
We concur.

The City completed an inspection, but the completed checklist was not scanned into iDIA. The City will update its procedures to add a requirement that the HQS inspection checklist is scanned and retained.

Name of Responsible Individual:
Suzi Cook, Turner, Housing Supervisor

Anticipated Implementation Date:
April 30, 2021

See separate corrective action plan

None reported.

Independent Auditor's Report

Public Utilities Commission
Environmental Utilities Department
City of Roseville, California

Report on Financial Statements
We have audited the accompanying financial statements of Environmental Utilities Enterprise Funds (Funds) of the City of Roseville, California (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Funds, as of June 30, 2020, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Fund Financial Statements
As discussed in note 1, the financial statements present only the Environmental Utilities Enterprise Funds of the City and do not purport to, and do not present fairly the financial position of the City as of June 30, 2020, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the schedule of the Environmental Utilities enterprise fund's proportionate share of the City's miscellaneous plan net pension liability, schedule of pension contributions, the schedule of the Environmental Utilities enterprise fund's proportionate share of the City's net OPEB liability, and the schedule of OPEB contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information
Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Funds' basic financial statements. The combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 26, 2021, on our consideration of the Funds' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Funds' internal control over financial reporting and compliance.

Note 1 - Summary of Significant Accounting Policies

A. General

The City of Roseville – Environmental Utilities Enterprise Funds (Funds) are enterprise funds of the City of Roseville (City) that own and operate the water, wastewater, and waste services and provide these services to the businesses and residents of the City. The Funds are under the policy control of the City Council. The accompanying financial statements only reflect the activity of the Funds. The Funds are an integral part of the City and the Funds' financial statements are included in the basic financial statements of the City.

The financial statements are intended to reflect the financial position and changes in financial position and cash flows of the Funds only. Accordingly, the financial statements do not purport to, and do not, present fairly the financial position of the City and changes in financial position, or, its cash flows thereof for the year then ended in conformity with generally accepted accounting principles in the United States of America.

B. Basis of Presentation

The financial statements of the Funds are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

The Funds include the following funds:

Water Funds – These funds account for all financial transactions relating to the City's Water service. Services are on a user charge basis to residents and business owners located in Roseville. The Water Funds include the Water Operations, Water Construction, Water Rehabilitation, Water Meter Retrofit, Water Rate Stabilization, Water Technical Services, and Utility Exploration Center Funds.

Wastewater Funds – These funds account for all financial transactions relating to the City's Wastewater Collection and Treatment. Services are on a user charge basis to residents and business owners located in Roseville. The Wastewater Funds include the Wastewater Operations, Wastewater Construction, Wastewater Rehabilitation and Wastewater Rate Stabilization Funds.

Waste Services Funds – These funds account for all financial transactions relating to the City's waste services. Services are on a user charge basis to residents and business owners located in Roseville. The Waste Services Funds include the Waste Services Operations, Waste Services Capital Purchases, Waste Services Rehabilitation and Waste Services Rate Stabilization Funds.

C. Basis of Accounting

The Funds are accounted for as enterprise funds (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those of the private sector in which the purpose is to conserve and add to economic resources. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from user charges.

The financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

When both restricted and unrestricted resources are available for use, it is the Fund's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Cash and Investments

Cash and investments with original maturities of three months or less are treated as cash and equivalents for purpose of preparing the statements of cash flows. Also, each Fund's portion of the City's overall cash and investment pool is treated as cash and equivalents since these amounts are in substance demand deposits. Further information related to the City's cash and investment pool can be found in the City's Comprehensive Annual Financial Report.

E. Inventories

Inventories are valued at cost, using the weighted-average method and consist primarily of merchandise held for internal consumption.

F. Deposits from Customers

Deposits from Customers may be required by the Funds from commercial and residential customers when they establish their account as specified in section 14.04.030 of the City's Municipal Code.

G. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Funds have three items that qualify for reporting in this category. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows related to pensions are described in note 6. The deferred outflows related to OPEB are described in note 7.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Funds have two items that qualify for reporting in this category. The deferred inflows related to pensions are described in note 6. The deferred inflows related to OPEB are described in note 7.

H. Revenue Recognition and Classification of Revenues

Revenues are recognized when earned based on cycle billings rendered to customers. All residential and commercial utility customers are billed once per month. There are twenty-two billing cycles per month which include all types of customers, based on their location within the City. Revenues for services provided but not billed at the end of a fiscal year are accrued.

Contributions of cash or assets to proprietary funds from state and federal agencies, developers and others are recorded as revenue when earned.

Operating revenues consist mainly of charges for services. Operating revenues are used to finance the cost of operations, including the cost of delivering and providing services, maintenance and recurring capital replacement. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

I. Compensated Absences

Compensated Absences including accumulated unpaid vacation, sick pay and other employee benefits are accounted for as expenses in the year earned.

Changes in compensated absences payable in the Funds consist of the following:

Beginning Balance	$ 4,365,518
Additions	1,876,684
Payments	(1,576,797)
Ending Balance	$ 4,665,405
Current Portion	$ 2,104,685

J. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

K. Fair Value Measurement

The funds categorize the fair value measurements of their investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis are they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Other postemployment benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City of Roseville Retiree Healthcare Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated acquisition value on the date contributed. The City has recorded all its public domain (infrastructure) capital assets, which include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems.

Capital assets with limited useful lives are depreciated over their estimated useful lives. The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

Depreciation is calculated using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The City has assigned the useful lives and capitalization thresholds listed below to capital assets:

	Useful Lives	Capitalization Thresholds
Buildings	40 years	$20,000
Improvements	20-75 years	no threshold
Machinery and equipment	6-20 years	5,000
Plants and substations:		
Sewer	50 years	5,000
Water	50 years	5,000
Distribution systems:		
Sewer	75 years	no threshold
Water	75 years	no threshold

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

O. Net Position

Net Position is the excess of a fund's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources. Net Position is divided into three categories described below:

*Net investment in capital asset*s describes the portion of Net Position which is represented by the current net book value of the capital assets, less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of Net Position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. Restricted for debt service represents the portion of net position held in reserve in the event other resources of the Authority are not adequate to make required debt service payments.

Unrestricted describes the portion of Net Position which is not restricted as to use.

P. New Accounting Pronouncements

Effective in Fiscal Year

Governmental Accounting Standards Board (GASB) Statement No. 95 – In May 2020, the GASB issued Statement No. 95, *Postponement of the Effective Dates of Certain Authority Guidance*. The objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The requirements of this Statement are effective immediately as they delayed the effective dates of several GASB Statements. The effective dates listed in the Future Governmental Accounting Standards Board (GASB) Pronouncement section have been updated to reflect the postponed effective dates.

Effective in Future Fiscal Years

GASB Statement No. 84 – In January 2017, GASB issued Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement is effective for reporting periods beginning after December 15, 2019. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases; enhancing the comparability of financial statements between governments; and also enhancing the relevance, reliability (representational faithfulness), and consistency of information about the leasing activities of governments. This Statement is effective for reporting periods beginning after June 15, 2021. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 89 – In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. The objectives of this Statement are (a) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (b) to simplify accounting for certain interest costs. This Statement is effective for reporting periods beginning after December 15, 2020. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 90 – In September 2018, the GASB issues Statement No. 90, *Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61*. The objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Statement is effective for reporting periods beginning after December 15, 2019. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 91 – In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement are to provide a single method for reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Statement is effective for reporting periods beginning after December 15, 2021. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 92 – In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting to improve the consistency of authoritative literature by addressing practices issues that have been identified during implementation and application of certain GASB Statements. The Statement is effective for reporting periods beginning after June 15, 2021. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 93 – In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address the accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR). The Statement is effective for reporting periods beginning after June 15, 2021. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 94– In March 2020, the GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The objective of this Statement is improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The Statement is effective for reporting periods beginning after June 15, 2022. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 96– In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for reporting periods beginning after June 15, 2022. The City has not determined the effect on the Fund's financial statements.

GASB Statement No. 97– In June 2020, the GASB issued Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting For Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statement No.14 and No.84 and A Supersession of GASB Statement No.32. The objective of this Statement is (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The Statement is effective for reporting periods beginning after June 15, 2021. The City has not determined the effect on the Fund's financial statements.

Note 2 - Cash and Investments

The City pools cash from all sources and all funds, except certain specific investments within funds and cash with fiscal agents, so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time.

The City and its fiscal agents invest in individual investments and in investment pools. Individual investments are evidenced by an electronic entry registering the owner in the records of the institution issuing the security, called the book entry system. Individual investments are generally made by the City's fiscal agents as required under its debt issues. In order to maximize security, the City employs the trust department of a bank as the custodian of all City managed investments, regardless of their form.

The City's investments are carried at fair value, as required by generally accepted accounting principles. The City adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

Cash and investments in City Treasury	$ 221,437,821
Restricted cash and investments with fiscal agent	9,058,848
Total cash and investments	$ 230,496,669

A. Classification

Cash and investments of the Funds are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of City debt instruments or agreements.

Cash and investments as of June 30, 2020, consist of the following:

Cash on hand	$ 600
City pooled cash and investments	221,437,221
Investments	9,058,848
Total cash and investments	$ 230,496,669

B. Investments Authorized by the California Government Code and the City's Investment Policy

The City's Investment Policy and the California Government Code allow the City to invest in the following, provided the credit ratings of the issuers are acceptable to the City; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code or the City's Investment Policy where it is more restrictive:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality at Time of Purchase	Maximum Percentage Allowed	Maximum Investment In One Issuer
U.S. Treasury Obligations (A)	5 Years	None	None	None
U.S. Agency Securities(A)	5 Years	None	None	None
Mortgage Pass-Through Securities	5 Years	AA	20%	None
Forward Delivery Agreements	N/A	A	None	None
Local Agency Bonds	5 Years	None	None	None
Repurchase Agreements	1 Year	None	None	None
Bankers' Acceptances	180 days	None	40%	30%
Commercial Paper	270 days	A-1	25%	10% (B)
Medium-Term Notes	5 Years	A	30%	None
Collateralized Time Deposits	5 Years	None	30%	None
Negotiable Certificates of Deposit	5 Years	A	30%	None
Local Agency Investment Fund (LAIF)	N/A	None	None	$75 million/account
Insured Saving Accounts	N/A	None	None	None
Money Market Mutual Funds	N/A	None	20%	10%
Shares in a California Common Law Trust	N/A	None	None	None
Interest Rate Swaps (C)	N/A	None	None	None
Supranationals	5 Years	AA	30%	None

(A) In specified fund accounts where liquidity is not the primary investment objective, the maximum maturity can be up to ten years with granted express authority by the City Council. Such investments cannot be made less than three months following the approval of extended investment terms. All longer-term investments must be Federal Treasury or Agency securities.

(B) Eligible Commercial Paper may not represent more than 10% of the outstanding paper of an issuing corporation.

(C) Interest rate swaps may only be used in conjunction with enterprise fund debt or investments, not the General Fund.

C. Investments Authorized by Debt Agreements

The City must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City resolutions, bond indentures or State statutes. The table below identifies the investment types that are authorized for investments held by fiscal agents. The table also identifies certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quantity
U.S. Treasury Obligations (A)	N/A	None
U.S. Agency Securities (A)	N/A	None
Money Market Funds	N/A	AAAm-G
Certificates of Deposit	360 days	None to A-1
Savings Accounts, Deposit Accounts (fully insured)	N/A	None
Investment Agreements	N/A	A+ to AA
State or Municipality Bonds/Notes	N/A	One of two highest rating categories
Federal Funds or Bankers' Acceptances	270 days	None to A-1
Commercial Paper (B)	270 days	A-1 to AA
Local Agency Investment Fund (LAIF)	N/A	None
California Asset Management Program	N/A	None

(A) Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by the Agency, provided they are backed by the full faith and credit of the United States of America, as follows:
   a. Certificates of beneficial ownership of the Farmers Home Administration
   b. Federal Housing Administration debentures
   c. Participations certificates of the General Services Administration
   d. Guaranteed mortgage-backed bonds or guaranteed pass-through obligations of the Government National Mortgage Association
   e. Guaranteed Title XI financings of the U.S. Maritime Administration
   f. Project notes, local authority bonds, new communities debentures and U.S. public housing notes and bonds of the U.S. Department of Housing and Urban Development

(B) Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following non-full faith and credit of the U.S. government agencies:
   a. Senior debt obligations of the Federal Home Loan Bank System
   b. Participation certificates and senior debt obligations of the Federal Home Loan Mortgage Corporation
   c. Mortgage-backed securities and senior debt obligations of the Federal National Mortgage Association
   d. Senior debt obligations of the Student Loan Marketing Association
   e. Obligations of the Resolution Funding Corporation
   f. Consolidated system-wide bonds and notes of the Farm Credit System

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City also manages its interest rate risk by holding most investments to maturity.

Information about the sensitivity of the fair values of the investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the investments by maturity or earliest call date:

	Remaining Maturity (in Months)			
	12 Months or Less	1 year to 3 years	More than 5 years	Total
Cash held in City's investment pool	$ 221,437,221	$ -	$ -	$ 221,437,221
Investments held with fiscal agent:				
Federal Farm Credit Bank	-	901,350	-	901,350
Guaranteed Investment Contract	-	-	3,918,125	3,918,125
Money Market Mutual Funds	4,239,373	-	-	4,239,373
Total Investments	$ 225,676,594	$ 901,350	$ 3,918,125	$ 230,496,069

E. Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

All of the City's investments in securities are held in the name of the City and held at the location of the City's third party custodian. Therefore, the City is not exposed to custodial credit risk.

F. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2020, for each investment type as provided by Standard and Poor's investment rating system:

	AA+/AA/AA-	AAA/AAAm	Total
Investments:			
Federal Farm Credit Bank	$ 901,350	$ -	$ 901,350
Money Market Mutual Funds	-	4,239,373	4,239,373
Totals	$ 901,350	$ 4,239,373	5,140,723
Not Rated:			
Cash held in City's investment pool			221,437,221
Guaranteed Investment Contract			3,918,125
Total investments			$ 230,496,069

G. Fair Value Measurements

The Funds categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The City's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The cash and investments held by the City are not categorized.

The Funds have the following recurring fair value measurements as of June 30, 2020:

	Level 1	Level 2	Total
Money Market Mutual Funds	$ 4,239,373	$ -	$ -
Federal Farm Credit Bank	-	901,350	901,350
Total investments at fair value	$ 4,239,373	$ 901,350	901,350
Investments with uncategorized inputs			
Cash held in City's investment pool			221,437,221
Guaranteed Investment Contract			3,918,125
			225,355,346
Total Investments			$ 226,256,696

Pooled cash and investments

The Funds' cash balance was pooled with various other City funds for deposit and investment purposes. The City's treasury is responsible for the cash management of the Fund's cash balance, which pools available cash for investment purposes. Each City fund owns a share of pooled cash and investments, which are separately maintained, and interest income was apportioned based on its average month-end cash balances to the total of the pooled cash and investments.

The Funds' pooled cash and investments balance at June 30, 2020 is $221,437,221. The deposit and investment disclosures required by GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, are reported in the annual report of the City. The Fund recognizes its position in the City investment pool at fair value based on information provided by the City. Deposits and withdrawals to the pool are made on the basis of $1 and not fair value. Accordingly, the inputs used to measure fair value are uncategorized and not defined as Level 1, Level 2 or Level 3. Additional information regarding interest rate risk, concentration of credit risk, custodial credit risk and fair value measurements of the City's pooled cash and investments is presented in the City's Comprehensive Annual Financial Report.

Note 3 - Interfund Transactions

A. Transfers Among Funds and with Other City Funds

With City Council approval, resources may be transferred from one fund to another. Transfers between funds during the fiscal year ended June 30, 2020, were as follows:

Fund Receiving Transfers	Fund Making Transfers	Amount Transferred	
Water Operations	Waste Services Operations	$ 213,409	(A)
	Wastewater Operations	960,339	(A)
Water Construction	Water Operations	58,350	(G)
Water Rehabilitation	Water Operations	4,456,451	(B)
Water Rate Stabilization	Water Operations	250,000	(D)
Water Technical Services	Water Operations	2,150,753	(F)
Utility Exploration Center	Water Operations	21,325	(F)
Wastewater Operations	Waste Services Operations	40,625	(E)
	Water Operations	5,386	(E)
Wastewater Rehabilitation	Wastewater Operations	8,386,003	(B)
Wastewater Rate Stabilization	Wastewater Operations	1,250,000	(D)
Waste Services Rehabilitation	Waste Services Operations	365,712	(B)
Waste Services Rate Stabilization	Waste Services Operations	103,000	(D)
	Gross Transfers In	18,261,353	
	Intrafund Eliminations	(17,041,594)	
	Total Transfers In	$ 1,219,759	

Fund Receiving Transfers	Fund Making Transfers	Amount Transferred	
City of Roseville Non-Major Governmental Funds	Water Operations	$ 1,114,052	(C)
	Water Rehabilitation	304,868	(C)
	Wastewater Operations	725,542	(C)
	Wastewater Rehabilitation	296,422	(C)
	Waste Services Operations	445,740	(C)
	Waste Services Rehabilitation	193,428	(C)
	Gross Transfers Out to the City	$ 3,080,052	
	Total net transfers out	$ 4,299,811	

(A) Transfers to pay for shared project costs
(B) Transfers to fund future rehabilitation costs
(C) Transfers to fund utility impact reimbursement, debt service, and/or shared project costs
(D) Transfers within utility to support rates
(E) Transfers of capital assets
(F) Transfers to close out funds
(G) Transfers to fund project

B. Current Interfund Balances

Current interfund balances arise in the normal course of business and are expected to be repaid shortly after the end of the fiscal year. At June 30, 2020, interfund balances comprised the following:

Due from Other Funds	Due to Other Funds	Amount
Water Construction	Water Operations	$ 385,000
	Water Rehabilitation	267,770
		652,770
	Intrafund Eliminations	(652,770)
	Total	$ -

Long-Term Interfund Advances

At June 30, 2020, the funds below had made advances which were not expected to be repaid within the next year.

Fund Making Advance	Fund Receiving Advance	Amount
Water Construction	Water Operations	$ 3,460,000
	Water Rehabilitation	555,440
		4,015,440
	Intrafund Eliminations	(4,015,440)
	Total	$ -

Water operations advance bears interest from 3 to 5 percent. It will be repaid over a period of 13 years ending in 2030.

Water Rehabilitation advance bears interest of 2.42 percent. It will be repaid over a period of 20 years ending in 2023.

Note 4 - Capital Assets

A. Capital Asset Additions, Retirements, and Transfers

Capital assets at June 30, 2020 comprise of the following:

	Balance at June 30, 2019	Adjustments	Additions	Retirements	Transfers	Balance at June 30, 2020
Capital assets, not being depreciated:						
Land	$ 5,784,164	$ -	$ -	$ -	$ 4,874,649	$ 10,658,813
Easements	-	-	-	-	19,000	19,000
Construction in progress	38,651,312	-	18,881,517	-	(30,664,751)	26,868,078
Total capial assets not being depreciated	44,435,476	-	18,881,517	-	(25,771,102)	37,545,891
Capial assets, being depreciated:						
Builidngs	4,501,670	-	-	(40,877)	-	4,460,793
Improvements	13,014,390	-	96,667	(28,719)	23,649,761	36,732,099
Machinery and equipment	10,487,286	-	-	-	2,162,808	12,650,094
Plants and substations	297,556,232	-	-	(11,612)	-	297,544,620

Total accumulated depreciation	(394,919,304)	1,574,745	(24,511,549)	72,597	-	(417,783,511)
Net Capital Assets Being Depreciated	1,067,498,677	1,574,745	17,359,098	(48,446)	25,857,292	1,112,241,366
Environmental Utilties Enterprise Funds Capital Assets, net	$ 1,111,934,153	$ 1,574,745	$ 36,240,615	$ (48,446)	$ 86,190	$ 1,149,787,257

During the fiscal year, the City updated its depreciation policy to consolidate the number of years assets are depreciated to ensure consistency across all assets by type. This resulted in a cumulative adjustment in the amount of $1,574,745 in depreciation.

Net transfers of $86,190 represent transfers to funds of the City of Roseville not presented in this report.

B. Depreciation Allocation

Depreciation expense is charged to individual enterprise funds based on their usage of the related assets. The amount allocated to each individual fund is as follows:

Water Operations	$ 5,071,449
Water Construction	5,895,090
Water Rehabilitation	387,155
Water Meter Retrofit	496,347
Wastewater Operations	5,005,085
Wastewater Construction	4,501,745
Wastewater Rehabilitation	884,516
Waste Services Operations	471,814
Waste Services Capital Purchases	41,262
Waste Services Rehabilitation	182,341
Total Environmental Utilities Enterprise Funds	$ 22,936,804

Note 5 - Long-Term Debt

The Funds generally incur long-term debt to finance projects or purchase assets, which will have useful lives equal to or greater than the related debt.

A. Current Year Transactions and Balances

	Original Issue Amount	Balance June 30, 2019	Additions	Retirements	Balance June 30, 2020	Current Portion

B. 2015 Water Utility Revenue Refunding Certificates of Participation

On August 20, 2015, the Roseville Finance Authority issued the Water Revenue Certificates of Participation, Series 2015, in the principal amount of $42,565,000 to refund the 2007 Water Utility Certificates of Participation. The certificates bear interest at 2.00 percent to 5.00 percent and are due semi-annually on December 1 and June 1 of each year. The certificates are repayable by a pledge of net revenue from the Water Utility System. Principal payments are due annually on December 1 through 2030.

As of June 30, 2020, the total principal and interest remaining to be paid on the certificates was $37,684,775. As disclosed in the official statement, all net revenues of the Water Utility System are expected to provide coverage over debt service of 120 percent over the life of the certificates. For fiscal year 2020, net revenues amounted to $28,101,331 which represented coverage of 682 percent over the $4,119,783 in debt service. The balance outstanding as of June 30, 2020, was $30,335,000.

C. 2011 South Placer Wastewater Authority Refunding Revenue Bonds, Series A, B, C, and D

On April 7, 2011, the South Placer Wastewater Authority (Authority) issued Variable Rate Demand Refunding Wastewater Revenue Bonds Series 2011A and 2011B in the original principal amounts of $30,165,000 and $30,160,000, respectively, and Revenue Refunding Bonds Series 2011C and 2011D (SIFMA Index Bonds) in the original principal amount of $67,040,000 and $30,000,000, respectively. The City's share of this obligation was determined to be 54.17 percent when the bonds were issued. The Authority amended the Funding Agreement and the members entered into a Reallocation and Repayment Agreement during fiscal year 2012 which changed the proportionate share of the member obligations prospectively effective October 1, 2012. The Authority once again amended the funding agreement in January 2019 to update the percentage allocations. As a result, the City's share of the obligation increased to 64.57 percent and the liability for the 2011C Bonds were increased by $430,680.

The 2011C Bonds bear interest at 1.00 percent-5.25 percent and are due semi-annually on May 1 and November 1 of each year. The bonds are repayable solely from the Authority Revenues. Principal payments are due annually November 1 through 2020. The balance outstanding for the City's share of the bonds as of June 30, 2020 was $3,412,525.

D. 2013 South Placer Wastewater Authority Refunding Revenue Bonds

On April 1, 2013, the Authority entered into a direct placement agreement with U.S. Bank for the purchase of the 2013 Bonds. The bonds were secured by a pledge of a portion revenue from the Authority's connection and impact fees paid by each of the Authority participants as a result of real estate development that is sufficient to pay the principal and interest on the debt. The revenues could not be used for any other purpose while any of the bonds remain outstanding. The continuing covenant agreement for the bonds included a provision that in an event of default, the repayment of the outstanding principal plus any accrued interest becomes immediately due. The terms of this agreement expired on April 1, 2020, at which time, the Authority paid off the outstanding balance of the debt. As described in more detail in Note 9, effective January 31, 2019, the City's proportionate share of the obligation increased to 64.57 percent. As a result, the City's share of the 2013 obligation increased by $1,726,503. The City's share of the balance outstanding was paid off as of June 30, 2020.

The 2013 Bonds were issued as variable rate securities with interest calculated monthly equal to the LIBOR Index Rate. The LIBOR Index Rate is defined in the Indenture to mean the per annum rate of interest established on each Computation Date (monthly) and effective on each related LIBOR Index Reset Date equal to the sum of the Applicable Spread (initially 0.625 percent, but adjustable based on the credit rating of the Roseville Finance Authority's long-term unenhanced debt secured or evidenced by a parity obligation) plus the product of the LIBOR Index multiplied by the Applicable Factor (initially 70.5 percent). The interest rate of the Bonds cannot exceed 12 percent per year and may be converted by the Authority into a Daily Rate, a Weekly Rate, a Long-Term Rate, a Commercial Paper Rate, or a subsequent Index Rate, subject to certain conditions defined in the Indenture.

The Authority originally entered into a 19 year interest rate swap agreement for the entire amount of the 2008 B Bonds, and as part of the issuance of the 2011 ABCD Bonds, the swap agreement was amended and remained in effect, but the notional amount of the swap was based on the notional amount of the 2008 B Bonds. The interest rate swap was again amended in September 2017 to reduce the notional amount. The combination of the variable rate bonds and the floating rate swap creates a synthetic fixed-rate debt for the Authority. The swap was terminated when the bonds were paid off.

E. South Placer Wastewater Authority Refunding Wastewater Revenue Bonds, Series 2017

On September 28, 2017, the South Placer Wastewater Authority issued Revenue Bonds, Series 2017 in the amount of $74,780,000 to partially refund the Authority's Wastewater Revenue Refunding Bonds, Series 2011C, fully refund the Authority's Wastewater Revenue Refunding Bonds, Series 2014 and partially finance the 2017 Project, Pleasant Grove Plant improvements. The City's share of this obligation was determined to be 61.66 percent or $46,109,348. As described in more detail in Note 9, effective January 31, 2019 the City's proportionate share of the obligation increased to 64.57 percent. As a result, the City's share of the 2017 obligation increased by $2,176,098. The Revenue Bonds bear interest at 5.00 percent and are due semi-annually on May 1 and November 1 of each year. Principal payments are due annually on November 1 beginning 2021 through 2037. The City's share of the balance outstanding as of June 30, 2020 is $48,285,446.

F. South Placer Wastewater Authority Refunding Wastewater Revenue Bonds, Series 2020

On April 28, 2020, the South Placer Wastewater Authority issued Revenue Bonds, Series 2020 in the amount of $46,920,000 to redeem the Authority's Wastewater Revenue Refunding Bonds, Series 2013 outstanding. The City's share of this obligation was determined to be 64.57 percent or $30,296,244. The Revenue Bonds bear interest at 5.00 percent and are due semi-annually on May 1 and November 1 of each year. Principal payments are due annually on November 1 beginning 2029 through 2035. The City's share of the balance outstanding as of June 30, 2020 is $30,296,244. The refunding resulted in an economic loss of $981,489.

G. Wastewater Bonds Net Revenue Summary

As of June 30, 2020, the total principal and interest remaining to be paid on the 2011 Series C, the 2017 Bonds and the 2020 Bonds was $127,970,508. As disclosed in the Indenture, net revenues of the respective systems of the members are expected to provide coverage over debt service of 110 percent over the lives of the Bonds, however the Funding Agreement established a Rate Stabilization Account to be used for the payment of debt service on the Bonds and other costs of the Authority. As discussed in Note 9, the members' monthly contributions of regional connection fees are deposited into the Rate Stabilization Account, and the Authority pays the debt service and other costs from the Account, based on each member's proportionate share. For fiscal year 2020, $7,485,879 in debt service was paid from the Rate Stabilization Account.

Annual debt service requirements are shown below for all long-term debt of the Funds:

	Certificates of Participation and Revenue Bonds	
For the Year Ending June 30,	Principal	Interest
2021	$ 6,107,525	$ 5,466,096
2022	6,311,780	5,142,990
2023	6,713,603	4,817,355
2024	7,125,112	4,471,387
2025	7,574,219	4,103,904
2026-2036	37,979,301	14,530,461
2031-2035	22,176,566	7,516,675
2036-2038	18,341,109	1,432,728
Totals	112,329,215	$ 47,481,596
Reconciliation of long-term debt		
Add deferred bond premium	24,524,535	
Net long-term debt	$ 136,853,750	

H. Original Issue Discounts and Premiums

Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

Note 6 - Pension Plan

Plan Description – The Funds participate and contribute to the City's Miscellaneous Plan (Plan), an agent multiple-employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plan is established by State statute and may be amended by City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. For financial reporting purposes, the Funds report a proportionate share of the City's net pension liability. Accordingly, the disclosures and required supplementary information (RSI) has been reported for the Funds as a cost-sharing participant.

Benefits Provided – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

The Plan's provisions and benefits in effect at June 30, 2020, are summarized as follows:

	Miscellaneous	
Hire date	Prior to January 1, 2013	After January 1, 2013
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 55	52 - 67
Monthly benefits, as a % of annual salary	2.0% - 2.7%	1.0% - 2.5%
Required employee contribution rates	8.00%	6.25%
Required employer contribution rates	10.85%	6.25%

Contributions – Section 20814(c) of the California Public Employees' Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Funds are required to contribute the difference between the actuarially determined rate and the contribution rates of employees.

Employee contribution rates for the fiscal year ended June 30, 2020, were 8.0 percent for the Classic Plan Members and 6.25 percent for the PEPRA Plan members. The Funds' proportionate share of the City's contributions to the miscellaneous plan is $5,489,807 for the year ended June 30, 2020.

As of June 30, 2020, the Funds reported a combined net pension liability of $59,010,067 for its proportionate share of the Plan's net pension liability.

The net pension liability of the Plan was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019. The Funds' proportion of the Plan's net pension liability was based on the Funds' fiscal year 2020 contributions to the Plan relative to the total contributions of the City has a whole. The Funds' proportionate share of the City's miscellaneous pension plan net pension liability, measured as of June 30, 2019 was 23.84 percent, which is a 0.54 percent decrease from the prior year.

For the year ended June 30, 2020, the Funds recognized pension expense of $3,476,544. At June 30, 2020, the Funds reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to the measurement date	$ 5,489,807	$ -
Changes of assumptions	2,005,994	696,686
Differences between expected and actual experience	2,620,183	195,061
Changes in proportions	5,341,917	4,724,708
Net differences between projected and actual earnings on pension plan investments	-	694,964
Total	$ 15,457,901	$ 6,311,419

The amount of $5,489,807 reported as pension contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts will be recognized as a reduction to pension expense as follows:

Year ended June 30	
2021	$ 3,498,373
2022	(184,047)
2023	249,939
2024	92,410
Total	$ 3,656,675

Actuarial Assumptions – The Funds' proportion of the City's total pension liabilities in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions.

	Miscellaneous
Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Payroll Growth	3.0%
Projected Salary Increase	3.3% - 14.2% (1)
Investment Rate of Return	7.375%
Mortality	Derived using CalPERS membership data

(1) Depending on age, service and type of employment

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2018 valuation were based on the results of a December 2017 actuarial experience study for the period of 1997 to 2015. Further details of the experience study can be found on the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return on pension plan investments, CalPERS took into account both short and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	Target Allocation	Real Return Years 1 - 10[1]	Real Return Years 11+[2]
Global equity	50%	4.80%	5.98%
Fixed income	28%	1.00%	2.62%
Inflation assets	0%	0.77%	1.81%
Private equity	8%	6.30%	7.23%
Real assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
Total	100%		

1 – An expected inflation of 2.0% used for this period
2 – An expected inflation of 2.92% used for this period

Discount Rate – The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the Funds contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Funds' proportionate share of the City's Miscellaneous Plan Net Pension Liability to Changes in the Discount Rate – The following presents the Funds' proportionate share of the net pension liability of the Plan, calculated using the discount rate for the Plan, as well as what the Funds' proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous
1% Decrease	6.15%
Net Pension Liability	$ 82,197,397
Current Discount Rate	7.15%
Net Pension Liability	$ 59,010,067
1% Increase	8.15%
Net Pension Liability	$ 39,863,300

Pension Plan Fiduciary Net Position – Detailed information regarding the City's collective net pension liability is available in the City's separately issued Comprehensive Annual Financial Report (CAFR). The City's financial statements may be obtained by contacting the City of Roseville's Finance Department. That report may also be obtained on the internet at www.roseville.ca.us.

Note 7 - Postemployment Health Care Benefits

Plan Description

The City provides medical benefits to substantially all retirees under the City of Roseville Other Postemployment Benefit Plan (Plan), a single employer defined benefit healthcare plan administered by the Trust Investment Review Committee. The City is responsible for establishing and amending the funding policy of the Plan. The Plan financial statements can be obtained at www.roseville.ca.us or by contacting the City of Roseville Finance Department at 311 Vernon Street, Roseville, California 95678. For financial reporting purposes, the Funds reports a proportionate share of the City's net OPEB liability. Accordingly, the disclosures and required supplementary information (RSI) has been reported for the Funds as a cost-sharing participant.

Benefits Provided – The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the Plan. Benefit provisions are established an may be amended by City labor agreements, which are approved by the City Council.

Contributions – The contribution requirements of plan members and the City are established and may be amended by the City Council. The City Council establishes rates based on actuarially determined rates. For the year ended June 30, 2020, the Funds contributed $3,106,000 to the Plan.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2020, the Funds reported a liability of $22,076,000 for its proportionate share of the City's net OPEB liability.

The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2019, rolled forward to June 30, 2020. The Funds' proportion of the net OPEB liability was based on the Fund's fiscal year 2020 contributions to the Plan relative to the total contributions of the City as a whole. At June 30, 2020, the Funds' proportion was 18.84 percent, which is a decrease of .03 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2020, the Funds recognized an OPEB credit of $2,147,000. At June 30, 2020, the Funds reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,183,000	$ 6,158,000
Changes in proportion	3,707,000	2,219,000
Changes in assumptions	-	923,000
Net differences between projected and actual earnings on pension plan investments	-	141,000
Total	$ 4,890,000	$ 9,441,000

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as a reduction to OPEB expense as follows:

Year ended June 30	
2021	$ 962,000
2022	962,000
2023	924,000
2024	753,000
2025	364,000
Thereafter	586,000
Total	$ 4,551,000

Actuarial Assumptions - The total OPEB liability in the June 30, 2017, actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Contribution Policy	Pre-funded with pay-go plus a percent of pay which varies by employee group.
Discount Rate	6.25%
Expected Long-Term Rate of Return	6.25%
Inflation	2.75%
Mortality, Retirement, Disability, Termination	CalPERS 1997-2015 Experience Study
Mortality Improvement	Mortality projected fully generalational with Scale MP-2019
Salary Increases	3%
Medical Trend	Non-Medicare - 7.5% for 2020, decreasing to an ultimate rate of 4.0% in 2076 Medicare - 6.5% for 2020, decreasing to an ultimate rate of 4.0% in 2076
Healthcare participation	Tier 1: 100% Tier 2 & Tier 3 RFF: 80% at 50% of cap to 100% of cap Tier 3 Non-RFF & Tier 4: 60%
Mortality	Derived using CalPERS membership data

(1) Depending on age, service and type of employment

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Real Return[1]
Domestic Equity	39%	4.80%
International Equity	21%	4.80%
Fixed Income	40%	1.50%
Total	100%	

1 – An expected inflation of 2.75% used

Discount rate. The discount rate used to measure the total OPEB liability was 6.25 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Environmental Funds' proportionate share of the net OPEB liability to changes in the discount rate

The following presents the Funds' proportionate share of the net OPEB liability, as well as what the Funds' proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.25 percent) or 1-percentage-point higher than the current discount rate:

	1% Decrease (5.25%)	Discount Rate (6.25%)	1% Increase (7.25%)
Net OPEB Liability	$ 28,288,000	$ 22,076,000	$ 17,037,000

Sensitivity of the Environmental Funds' proportionate share of the net OPEB liability to changes in the healthcare cost trend rate

The following presents the Funds' proportionate share of the net OPEB liability, as well as what the Funds' proportionate share of the net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease (Non-Medicare - 6.5% decreasing to 3%) (Medicare - 5.5% decreasing to 3%)	Discount Rate (Non-Medicare - 7.5% decreasing to 4%) (Medicare - 6.5% decreasing to 4%)	1% Increase (Non-Medicare - 8.5% decreasing to 5%) (Medicare - 7.5% decreasing to 5%)
Net OPEB Liability	$ 176,280,000	$ 22,076,000	$ 26,472,000

OPEB plan fiduciary net position – Detailed information about the Plan's fiduciary net position is available in the separately issued City of Roseville Other Postemployment Benefits Trust financial report.

Note 8 - Risk Management

The Funds are included in the City's risk management program. The City is exposed to various risks of loss related to worker's compensation, torts, theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City self-insures and/or carries commercial insurance. Earthquake damage is not included in the property insurance coverage carried by the City. All funds of the City participate in the program and make payments to the Risk Management Internal Service Fund based on estimates of the amounts needed to pay operating costs, insurance premiums, and prior and current year claims.

Note 9 - South Placer Wastewater Authority

The City is a member of the South Placer Wastewater Authority (SPWA), a joint powers agency which operates under a joint powers agreement among three public agencies, the City of Roseville, South Placer Municipal Utility District and Placer County. The purpose of SPWA is to provide for the planning, financing, acquisition, construction and operation of the Regional Wastewater Facilities. Under the terms of the amended and restated funding agreement, effective January 31, 2019, the City will own and operate the Regional Wastewater Facilities and the member agencies will share the operating costs of the Facilities after construction is complete. The Regional Wastewater Facilities include the Dry Creek Plant and the Pleasant Grove Plant.

Under the terms of the Reallocation and Repayment Agreement, effective January 31, 2019, the three agencies are responsible for the repayment of all the revenue bonds. The City's share of this obligation was 61.66%, but with amendment to the funding agreement, the City's obligation is now 64.57%. This portion of the debt was recorded on the City's financial statements, as discussed in Note 5.

During the year ended June 30, 2020, the City paid $12,137,511 to SPWA based on connection fees collected during the fiscal year.

The City records its share of income and expenses from SPWA in the Wastewater Enterprise Fund and these changes are reflected in the Statement of Revenues, Expenses and Changes in Net Position. The City's investment in SPWA Reserves at June 30, 2020, was $94,570,144, which includes the City's rate stabilization balance of $67,285,326.

SPWA's financial statements can be obtained from the City of Roseville, 311 Vernon Street, Roseville, California, 95678.

Note 10 - Municipal Solid Waste Landfill Closure and Post Closure Care Costs

State and federal laws and regulations require that the City perform certain maintenance and monitoring functions at the Roseville sanitary landfill site, which is closed, through the year 2024. Accordingly, the City has recorded a liability and expense in the Waste Services Enterprise Fund for the estimated postclosure care cost. The recorded amount is based on applicable state and local laws and regulations concerning closure and postclosure care. If additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may result in increased charges to future landfill users or the usage of future tax revenues. During fiscal year 2020, the changes of landfill closure liabilities were as follows:

Beginning Balance	$ 1,404,323
Deductions	(319,690)
Ending Balance	$ 1,084,633

Supplementary Information
June 30, 2020

Environmental Utilities Enterprise Funds
City of Roseville, California

Water Enterprise Fund:

Water Operations Fund – accounts for all revenues and expenses related to the operations of the City owned and operated water utility. This is funded primarily by customer user charges.

Water Construction Fund – accounts for water utility capital projects funded primarily by development fees and grants.

Water Rehabilitation Fund – accounts for water utility rehabilitation projects funded by customer user charges.

Water Meter Retrofit Fund – accounts for all revenues and expenses related to installing water meters.

Water Rate Stabilization Fun – accounts for all revenues and expenses related to maintaining the short-term and long-term financial health of the water utility and mitigating risks associated with financial exposures. This is funded primarily by customer user charges.

Water Technical Services Fund – accounts for all revenues and expenses related to providing engineering and technical services to the development community, water funds, wastewater funds, waste services funds, and other City departments. This fund was closed during the year.

Utility Exploration Center Fund – accounts for the operations of the state-of-the-art Utilities Exploration Center. This fund was closed during the year.

Wastewater Enterprise Fund:

Wastewater Operations Fund – accounts for all revenues and expenses related to the operations of the City owned and operated wastewater utility. This is funded primarily by customer user charges.

Wastewater Construction Fund – accounts for regional development fees and deferred development fees.

Wastewater Rehabilitation Fund – accounts for wastewater utility rehabilitation projects funded by customer user charges and local development fees.

Wastewater Rate Stabilization Fund – accounts for all revenues and expenses related to maintaining the short-term and long-term financial health of the wastewater utility and mitigating risks associated with financial exposures. This is funded primarily by customer user charges.

Waste Services Enterprise Fund:

Waste Services Operations Fund – accounts for all revenues and expenses related to the operations of the City owned and operated solid waste utility. This is funded primarily by customer user charges.

Waste Services Capital Purchase Fund – accounts for waste services utility capital projects funded by development fees.

Waste Services Rehabilitation Fund – accounts for waste services utility rehabilitation projects funded by customer user charges.

Waste Services Rate Stabilization Fund – accounts for all revenues and expenses related to maintaining the short-term and long-term financial health of the waste services utility and mitigating risks associated with financial exposures. This is funded primarily by customer user charges.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Governmental Auditing Standards*

Public Utilities Commission
Environmental Utilities Department
City of Roseville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Environmental Utilities Enterprise Funds (Funds) of the City of Roseville, California (City), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Funds' basic financial statements, and have issued our report thereon dated February 26, 2021. Our report included an emphasis of matter paragraph stating the Funds' financial statements do not purport to and do not, present fairly the financial position of the City as of June 30, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Funds' internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control. Accordingly, we do not express an opinion on the effectiveness of the Funds' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Funds' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CPAs & BUSINESS ADVISORS

March 5, 2021

To the Members of the City Council
City of Roseville, California

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (City) as of and for the year ended June 30, 2020 and have issued our report thereon dated as indicated below:

Reporting Entity	Audit Report Date
Comprehensive Annual Financial Report	December 30, 2020
Roseville Natural Gas Financing Authority	December 30, 2020
Environmental Utilities Enterprise Fund	February 26, 2021
Other Post-Employment Benefits Plan Report	December 30, 2020
School-Age Child Care Program Enterprise Fund	November 24, 2020
Electric Fund	March 5, 2021

We are currently performing the audit of the City's Single Audit Report and plan to issue our report prior to March 31, 2021, respectively.

Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards*

As communicated in our letter dated April 20, 2020, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements and major program compliance does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the City solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process.

However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our report regarding internal controls during our audit in our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* dated December 30, 2020.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the City's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the City is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the fiscal year 2019/20. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements were:

Management's estimate of the allowance for doubtful accounts is based on the time period between earning the revenue and the financial statement date. Management's estimate of the depreciation of capital assets is based on use. Management's estimates of establishing self-insurance reserves, the net pension liability and related deferred inflows and outflows of resources, and the net other post-employment benefits (OPEB) liability and related deferred inflows and outflows of resources are based on actuarial valuations. We evaluated the key factors and assumptions used to develop the estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the City's financial statements relate to:

Note 12 to the City's financial statements regarding the City's disclosure of the defined benefit pension plans, net pension liability and related deferred inflows of resources and deferred outflows of resources. As disclosed in Note 12, a 1% increase or decrease in the discount rate has a material effect on the City's net pension liability. Note 13 to the City's financial statements regarding the City's disclosure of the defined benefit OPEB plan, net OPEB liability and related deferred inflows of resources and deferred outflows of resources. As disclosed in Note 13, a 1% increase or decrease in the discount rate or the healthcare cost trend rate have a material effect on the City's net OPEB liability.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

The following misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management:

School-Age Child Care Fund	
Receivables	$25,862
Revenues	($25,862)
**To record revenues due to SACC as of June 30, 2020.*	
Roseville Natural Gas Financing Authority	
Accumulated increase in fair value hedging derivatives	$1,018,596
Derivative instruments – Fair Value	($1,018,596)
**To correct the balance of the derivative instrument per valuation.*	

There were no uncorrected misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management which are included in the management representation letters dated:

Reporting Entity	Audit Report Date
Comprehensive Annual Financial Report	December 30, 2020
Roseville Natural Gas Financing Authority	December 30, 2020
Environmental Utilities Enterprise Fund	February 26, 2021
Other Post-Employment Benefits Plan Report	December 30, 2020
School-Age Child Care Program Enterprise Fund	November 24, 2020
Electric Fund	March 5, 2021

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the City, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating conditions affecting the City, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the City's auditors.

The financial statements include the financial statements of the Roseville Community Development Corporation (Corporation), a nonprofit organization and nonmajor special revenue fund of the City. For the purposes of our audit, we consider the City to be a significant component of the consolidated financial statements; however, we do not consider the Corporation. to be a significant component of the consolidated financial statements. Consistent with the audit of the consolidated financial statements as a whole, our audit included obtaining an understanding of Corporation and their environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements of Corporation and completion of further audit procedures.

This report is intended solely for the information and use of the Mayor, Members of the City Council, and management of the City and is not intended to be, and should not be, used by anyone other than these specified parties.

COUNCIL COMMUNICATION

CC #: 1468
File #: 0600-02

Title:	Out-of-State Travel - Environmental Utilities Department
Contact:	Todd Jordan 916-746-1829 tjordan@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.18.

RECOMMENDATION TO COUNCIL

Approve travel for five Environmental Utilities staff members to visit two filter technology installation sites in Texas in June of 2021.

BACKGROUND

The design of the Pleasant Grove Wastewater Treatment Plant Filter Replacement Project is currently underway. The treatment plant filter improves effluent water quality prior to discharging to local waterways or into the recycled water distribution system. Meeting effluent water quality standards is very challenging with the existing system because the filters are reaching the end of their useful life and need to be replaced.

Staff is evaluating multiple technologies to replace the existing filters. Part of the evaluation includes visiting plants that have these alternative technologies installed to identify the facility's experience with treatment efficacy and the operational and maintenance characteristics. City staff has toured filtration facilities in California that represent each of the filter alternatives; however, the disc filter installation we visited was going through significant rehabilitation and was not representative of a typical system.

City staff identified two additional disc filtration installations; one that represents the unit size that would match our facility and the other that was retrofitted into continuous backwash filters, which is similar to our project. The two facilities are located in Texas within about three hours of each other- one in South Austin and the other in Houston. These facilities represent a typical installation.

FISCAL IMPACT

Funding for travel and lodging costs for five Environmental Utilities staff members is estimated to be $4,750 and is included in the Pleasant Grove Wastewater Treatment Plant Filter Replacement Project in the Wastewater Rehabilitation Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment (CEQA Guidelines §15061(b)(3). This request for out-of-state travel does not include the potential for a significant environmental effect, and therefore is not subject to CEQA.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

COUNCIL COMMUNICATION

CC #: 1471
File #: 0600-01

Title: Staffing Changes
Contact: Linda Hampton 916-774-5215 lhampton@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 7.19.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council approve the attached citywide allocation schedule reflecting staffing changes in the Environmental Utilities Department, the Electric Department, and the City Attorney's Office effective May 22, 2021.

BACKGROUND

As part of the Municipal Code, the Human Resources Department is charged with maintaining the City's classification plan. The Human Resources staff is continually evaluating staffing levels and structure necessary to provide high service levels to the community. Staff reviews department workload and the allocation's impact on meeting the city's goals. Additionally, the level at which each of these positions would have to be staffed was analyzed. Based on the analysis, staff is requesting the following staffing changes:

Environmental Utilities Department:
Staff is recommending that the vacant Industrial Waste Specialist position be reclassified to a Senior Wastewater Utility Worker. The City's fats, oils and grease program was moved under the Wastewater Collection Division's Maintenance section and the Senior Wastewater Utility Worker will provide oversight and inspection for projects under construction with the division. In addition, staff is requesting that a vacant Senior Engineering Technician I/II be reclassified to a Wastewater Utility Maintenance Worker I/II to better reflect the field work duties required to operate and maintain the system. Staff is also requesting that a vacant Marketing and Communications Analyst I/II position be reclassified to an Interpretive Services Specialist I/II position in the Utility Exploration Center. The marketing and communications work is being moved to other staff in the utility. The recommended Interpretive Services Specialist I/II will focus on programmatic support to keep utility education programs fresh and engaging for Roseville residents. The fiscal impact for the remainder of the fiscal year (FY) is a savings of $5,924.

From	To	Current Salary & Benefits	Proposed Salary & Benefits	Annual Impact *	Impact for remaining

					FY 2020-21
Industrial Waste Specialist	Senior Wastewater Utility Maintenance Worker	$132,520	$126,919	-$5,601	-$646
Senior Engineering Technician	Wastewater Utility Maintenance Worker I/II	$123,206	$115,169	-$8,037	-$927
Marketing and Communications Analyst I/II	Interpretive Services Specialist I/II	$153,043	$115,338	-$37,705	-$4,351

*This amount includes the estimated annual pension savings of $3,715.

Electric Department

After careful review and consideration of current and future staffing requirements, the Electric Department proposes to reclassify a vacant Electric Drafting Technician I/II position and a vacant Administrative Technician position to Assistant/Associate Electric Analyst positions. One Assistant/Associate Electric Analyst will support all hedging decisions, as well as prepare, track, and manage the Power Supply budget. The current staffing level is insufficient to maintain and evergreen the infrastructure, maintain compliance, perform monthly financial and budget forecasts, and support reporting on Power Supply activities. The second Assistant/Associate Electric Analyst position is essential in the department's efforts in preparing the integrated resource plans (IRP), engaging and influencing regulatory rule making and compliance, procuring renewable and other power contracts to maintain compliance, implementing IRP recommendations, and maintaining relationships with partner agencies. The department has adequate resources available to absorb the impact of $5,394 for the remainder of FY 2020-21.

From	To	Current Salary & Benefits	Proposed Salary & Benefits	Annual Impact *	Impact for remaining FY 2020-21
Electric Drafting Technician I/II	Associate/Assistant Electric Analyst	$155,375	$157,711	$2,336	$269
Administrative Technician	Associate/Assistant Electric Analyst	$113,297	$157,711	$44,414	$5,125

*This amount includes the estimated annual pension cost of $3,383

City Attorney's Office

With the recent appointment of the Assistant City Attorney to the City Attorney position, further department succession planning warrants a promotional process with the Senior Deputy City Attorney incumbents to fill the Assistant City Attorney vacancy. Through this promotional process, a Senior Deputy City Attorney will be appointed to the Assistant City Attorney position resulting in a Senior Deputy City Attorney vacancy. Staff is requesting to reclassify this future Senior Deputy City Attorney vacancy to a Deputy City Attorney I/II position. Adding an entry level attorney

position will allow for the reallocation of less complex legal work and will contribute to the long-term succession planning efforts by adding an entry level position to the City Attorney's Office. If authorized by City Council, staff will administratively update the City allocation schedule once a Senior Deputy City Attorney position is vacated. This will result in a savings of $3,222 for the remainder of FY2020-21.

From	To	Current Salary & Benefits	Proposed Salary & Benefits	Annual Impact *	Impact for remaining FY 2020-21
Senior Deputy City Attorney	Deputy City Attorney I/II	$307,200	$279,273	-$27,927	-$3,222

*This amount includes the estimated annual pension savings of $2,021

FISCAL IMPACT

The recommended position allocation adjustments will result in FY2020-21 budgetary savings in the Environmental Utilities Department and City Attorney's Office. The Electric Department has adequate budgetary resources available in their FY2020-21 budgets to absorb the cost increases associated with the recommended position allocation adjustments. The impact to the General Fund for the remainder of FY2020-21 is a savings of $3,222. The impact to the Environmental Utilities funds is a savings of $5,924 for the rest of FY2020-21. The impact to the City's Electric Fund is additional costs totaling $5,394 for the remainder of FY2020-21. The ongoing costs and savings associated with these recommended allocation adjustments will be incorporated into the FY2021-22 budget.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The proposed staffing changes meet the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Deliver exceptional City services
Maintain a safe and healthy community
Support community engagement and advocacy

Respectfully Submitted,

Linda Hampton, Human Resources Manager

Stacey Peterson, Human Resources Director

COUNCIL COMMUNICATION

CC #: 1479
File #: 0709-05 & 0214 & 0201-01

Title:	HOUSING SUCESSOR AGENCY/CITY COUNCIL - Homeless Prevention and Rapid Rehousing - Funding Allocations and Budget Adjustment
Contact:	Suzanne Acrell 916-774-5469 sacrell@roseville.ca.us Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 8.1.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council adopt:

1. A resolution to approve funding recommendations for the 2021 Homeless Prevention and Rapid Rehousing Program and authorize the City Manager, or his designee, to execute all related grant agreements; and
2. An ordinance to approve the necessary budget adjustment in the amount of $2,280,020 to fund a five-year Homeless Prevention and Rapid Rehousing Grant Project.

BACKGROUND

In 2013, Senate Bill 341 was adopted, which amended Section 34176.1 of the Health and Safety Code and allowed for the use of up to $250,000 in Low and Moderate Income Housing Asset Fund resources (Low/Mod funds) being held by the City as the Housing Successor for homeless prevention programs. In 2017, City of Roseville partnered with Sutter Health to create Roseville's Homeless Prevention and Rapid Rehousing program (HPRR). Sutter Health committed $500,000 to the program over 3 years and their funding commitment ended in 2019. During an unprecedented year of need, the Citizen's Benefit Fund donated $365,000 in one time monies to help fully fund the FY2020-21 HPRR applications.

In July of 2020, City Council approved an application to the State of California for Permanent Local Housing Allocation (PLHA) funding for the Cities of Roseville and Rocklin. The Roseville Housing Division subsequently received awards for both applications. Going forward, Roseville's HPRR program will be funded with Low/Mod and City of Roseville and Rocklin PLHA funds. The attached budget adjustment establishes a new project to expend the PLHA funds. This year, we are adjusting the HPRR funding to run from July 1, 2021 through June 30, 2022 to align the program with the City's fiscal year. The new project begins in Fiscal Year 2021-22 and will span 5 years.

PLHA funding for FY2021-22 consists of Roseville's award for $313,366 and Rocklin's award for $134,638. Combining these funds with the allowable $250,000 in Low/Mod funds allows for a total of $698,004 this round. The Roseville Housing Division received five applications from eight agencies in response to the HPRR Notice of Funding Availability (NOFA). Applications were reviewed using criteria from prior years as well as City Council's direction to place the greatest weight on measurable outcomes from prior awards. The review panel consisted of staff from City of Roseville Housing, City of Rocklin Housing, Roseville PD Social Services Unit and an affordable housing consultant. The panel made the following funding recommendations:

Applicant	**Recommendation**
ASK (AMIH, Saint Vincent de Paul, Kids First)	$ 285,585.80
Stand Up Placer & Lighthouse Counseling	$ 125,000.00
The Gathering Inn	$ 150,000.00
Salvation Army	$ 90,000.00
Volunteers of America	$ 25,000.00
City Administration	$ 22,418.20
Total	**$ 698,004.00**

The goals of Roseville's HPRR program are to provide temporary assistance to prevent an individual or family from losing permanent housing and to provide temporary assistance to homeless individuals and families in obtaining permanent housing. Eligible services for this grant funding include temporary rental assistance, short-term hotel vouchers, housing relocation and stabilization services, housing navigation services, mediation and outreach to property owners, credit repair, security deposits, utility payments, and case management related to these activities. Supportive case management services allow people to obtain and retain housing. These services are extremely effective in reducing the financial burden and trauma of homelessness.

Grantees are required to submit reporting every six months on specific program outcomes including total residents served and leveraging of funds to ensure efficient delivery of services. The City continues to work to improve collaboration, efficiency, and outcomes by managing grants with performance-based measurements. As a result of these local policies, staff continues to see increased collaboration that reaches beyond city grant contracts.

FISCAL IMPACT

The Homeless Prevention and Rapid Rehousing grant program significantly reduces instances and durations of homelessness in Roseville and has reduced costs both to the City of Roseville and to the community as a whole. The recommended budget adjustment appropriates $2,280,020 to fund a five-year Homeless Prevention and Rapid Rehousing Grant Project in the Grants Fund. For many years, the General Fund previously funded commitments for the hotel voucher program. The recommended actions do not result in any cost to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Homeless Prevention and Rapid Rehousing program grants and a budget adjustment do not include the potential for a significant environmental effect, and therefore are not subject to CEQA.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal B - Support community engagement and advocacy
Goal C - Maintain a safe and healthy community .
Goal D - Enhance economic vitality

Ordinance 6366

Budget Adjustment

RESOLUTION NO. 21-234

APPROVING FUNDING RECOMMENDATIONS AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO EXECUTE GRANT AGREEMENTS ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, under Senate Bill 341, Housing Successors, after meeting certain obligations, can use up to $250,000.00 per year for the purposes of Homeless Prevention and Rapid Rehousing Services; and

WHEREAS, in 2017, City of Roseville partnered with Sutter Health to create Roseville's Homeless Prevention and Rapid Rehousing program (HPRR), at which time Sutter Health committed $500,000 to the program over 3 years, but their funding commitment ended in 2019; and

WHREAS, during an unprecedented year of need, the Citizen's Benefit Fund donated $365,000 in one time monies to help fully fund the FY2020-21 HPRR applications; and

WHEREAS, in July of 2020, City Council approved an application to the State of California for Permanent Local Housing Allocation (PLHA) funding for the Cities of Roseville and Rocklin; and

WHEREAS, the Roseville Housing Division subsequently received awards for both applications and future funding of Roseville's HPRR program will be funded with Low/Mod and City of Roseville and Rocklin PLHA funds; and

WHEREAS, PLHA funding for FY2021-22 consists of Roseville's award for $313,366 and Rocklin's award for $134,638 along with the allowable $250,000 in Low/Mod funds allows for a total of $698,004 this round; and

WHEREAS, the City recently issued a Notice of Funding Availability (NOFA) regarding the availability of these funds as grants, for which five applications were received; and

WHEREAS, a review panel of staff from both the City of Roseville and the City of Rocklin Housing departments, Roseville Police Department Social Services Unit and an affordable housing consultant met to review applications and submitted funding recommendations for $698,004; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that the funding recommendations for $698,004 as identified in the staff report are hereby approved and that the City Manager or his designee is authorized to execute all related grant agreements on behalf of the City of Roseville.

RECOMMENDATION TO COUNCIL

It is requested that City Council adopt the following resolutions (attached):

1. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Historic District Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Historic District Landscaping and Lighting District, for Fiscal Year 2021/2022.

2. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Infill Area Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Infill Area Landscaping and Lighting District, for Fiscal Year 2021/2022.

3. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for Johnson Ranch Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Johnson Ranch Landscaping and Lighting District, for Fiscal Year 2021/2022.

4. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the North Central Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the North Central Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2021/2022.

5. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for Northwest Roseville Specific Plan Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Northwest Roseville Specific Plan Landscaping and Lighting District, for Fiscal Year 2021/2022.

6. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for Olympus Pointe Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy And Collection of Assessments within the Olympus Pointe Landscaping and Lighting District, for Fiscal Year 2021/2022.

7. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Riverside Avenue Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Riverside Avenue Landscaping and Lighting District, for Fiscal Year 2021/2022.

8. Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Vernon Street Landscaping and Lighting District, Fiscal Year 2021/2022.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Vernon Street Landscaping and Lighting District, for Fiscal Year 2021/2022.

BACKGROUND

The City of Roseville currently has eight active Landscaping and Lighting Districts (LLDs). These districts were formed within the City of Roseville to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code (the Act), and Article XIIID of the California Constitution.

The Historic District Landscaping and Lighting District was formed in 2006 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels. The District is located in the Historic Old Town area in Downtown Roseville.

The Infill Area Landscaping and Lighting District was formed in 1995 to levy and collect assessments for the maintenance of certain public improvements that benefit parcels within the District. The District is located in the Infill Plan area.

The Johnson Ranch Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public landscape, open space, floodway and stream courses located within the Southeast Roseville Specific Plan area.

The North Central Roseville Specific Plan Landscaping and Lighting District was formed in 1990 to levy and collect assessments for the maintenance of certain public improvements within the North Central Roseville Specific Plan area. In 2004, the property owners in the district approved, through a mailed ballot, an assessment increase and the addition of an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Northwest Roseville Specific Plan Landscaping and Lighting District was formed in 1989 to levy and collect assessments for maintenance of certain public landscape medians and corridors, vernal pool preserves, bike trails, and park improvements. In 2004, the Dunmore Junction subdivision was annexed into the LLD as Zone A and the Legacy subdivision was annexed into Zone B. In 2006 the property owners voted against an assessment increase as well as the addition of an annual escalation factor. In 2011 the property owners voted against an overlay LLD for the Northwest Specific Plan. There was a plan originally scheduled for May 2020 to give the property owners the opportunity to vote for or against an increase to their annual assessment and the addition of an escalation factor in order to restore the landscaping in their neighborhood to proper levels, but due to the unprecedented times that the community was facing due to the COVID-19 pandemic, the City decided to put the ballot on hold. City staff plan to revisit giving the property owners the opportunity to vote for an increase during fiscal year 2021/22.

The Olympus Pointe Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public improvements within the Northeast Roseville Specific Plan Area. In 2005, the property owners in the district approved, through a mailed ballot, an assessment increase and an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Riverside Avenue Landscaping and Lighting District was formed in 2007 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels.

The Vernon Street Landscaping and Lighting District was formed in 2001 to levy and collect assessments for maintenance of improvements installed by the Vernon Streetscape. The cost of maintaining the streetscape improvements is spread equally to the subject properties on their percentage of the total front footage of all affected parcels.

Assessment Statistics

District	Proposed FY 2021-22 Levy	Maximum Annual Assessment	Levied Parcels	% Change from FY 2020-21		Prior year FY 2020-21Levy
Historic District LLD	$45,928.50	$45,928.97	56	3%		$44,590.84
Infill Area LLD	$22,825.92	$44,132.80	222	-25%	*	$30,458.72
Johnson Ranch LLD	$47,642.24	$53,915.62	1,044	-2%		$48,530.60
North Central LLD	$726,718.30	$727,612.38	3,496	3%		$706,145.00
Northwest LLD	$481,336.00	$481,336.00	4,752	0%		$481,336.00
Olympus Pointe LLD	$140,764.06	$416,144.88	826	-29%	*	$199,163.14
Riverside Avenue LLD	$44,902.04	$44,902.99	76	2.00%		$44,021.58
Vernon Street LLD	$40,564.60	$40,564.77	60	2.00%		$39,769.26
Totals	**$1,550,681.66**	**$1,854,538.41**	**10,532**			**$1,594,015.14**

** Infill district decrease due to surplus funds in Zone B which reduced the levy amount for that Zone.*

** Olympus Pointe District decrease due to surplus funds in Zone A which reduced the levy amount for that Zone.*

Source: Willdan Financial Services

FISCAL IMPACT

All charges are needed to fund landscape services in each LLD. There is no impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the resolutions meet the above criteria and are not subject to CEQA. No additional environmental review is required.

RESOLUTION NO. 21-211

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Historic District Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-212

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Historic District Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: the improvements within the District include: maintenance, servicing, administration and operation of landscape, lighting and streetscape improvements, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX A – DISTRICT BOUNDARY MAP 21

APPENDIX B — 2021/22 ASSESSMENT ROLL 24

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Historic District Landscaping and Lighting District ("District"). The District was formed on April 5, 2006 and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

The City Council, pursuant to the provisions of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the "1972 Act"); Article XIIID of the Constitution of the State of California ("Article XIIID"); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the "Implementation Act") (the 1972 Act, Article XIIID and the Implementation Act are referred to collectively as the "Assessment Law") initiated proceedings for the formation of the District on February 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2006/07. On April 5, 2006, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District's maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled "Boundary Map of Historic District Landscaping and Lighting District" as referenced in Appendix A-1 of this Report.

The District is located within the City's Historic Old Town, west of Highway 80, south of Pleasant Street, north and east of Washington Boulevard, and north and west of the Union Pacific Railroad. The District consists of mostly commercial parcels in a concentrated area of the Downtown primarily fronting the following streets: Church Street northeast of Washington Boulevard, Main Street between Washington Boulevard and Lincoln Street, Pacific Street and Lincoln Street where the improvements end approximately one block south of Pleasant Street.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance

or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of

the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, provides funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements.
Maintenance services will be provided by City personnel and/or private contractors. The proposed improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, trash receptacles, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, recreational facilities and associated appurtenances located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Parkway landscaping and hardscape improvements within the public right of ways of the streets with in the district including, but not limited to, Lincoln Street, Main Street, Church Street, Pacific Street and the northeast side of Washington Boulevard estimated at 14,450 square feet of landscaping;
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or are funded by other sources available to the City, including those portions of the median and parkway landscaping on Washington Boulevard (southwest side of the street) that are outside the District boundaries.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing,

maintaining and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District.

Specifically excluded from the assessment are the street light energy costs. These costs will continue to be paid for by the City from other revenue sources.

Detailed maps of the locations and descriptions of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs to provide illumination.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public

improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of

landscaping and lighting Improvements and associated appurtenances located within the District's public rights-of-way and dedicated easements. The annual assessment is based on the historical and estimated costs to maintain the Improvements that provide a benefit to properties within these Districts. The Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.

- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.
- Enhanced quality of life through well-maintained landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

To establish the special benefit to the individual parcels within the District a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and the following formula has been established to apportion the maintenance costs based on benefit.

For purposes of the Assessment Methodology, the terms hereinafter set forth have been the following meanings:

Acreage means the land area of an Assessor's Parcel as shown on an Assessor's Parcel map-, or if the land area is not shown on an Assessor's parcel map, the land area shown on the applicable final map, parcel map, condominium plan, record of survey or other recorded document creating and describing such area of land.

Multi-Family Residential means a residence for which building permits have been issued for attached residential units for rental purposes.

Single-Family Residential Unit means a single residential home. This land use includes detached or attached for sale units intended for single-family occupancy.

Commercial means property being used or zoned for either commercial or industrial use.

Three components were used in the methodology to determine each parcels assessment; 1) Front footage of parcels along the proposed street improvements; 2) acreage of benefiting parcels; and 3) Current land use of parcels. Based on these three components the assessments were determined as follows:

First, the parcels Front Footage was determined based on Assessor's Parcel maps or other sources. Only Front footage on streets that will be improved was used. For parcels with Front Footage on more than one side (corner lots), the total Front Footage was divided by two to provide an average Front Footage. It was determined that twenty percent (20%) of the total budget was reasonably attributed to Front Footage; therefore twenty percent (20%) of the budget was spread to Front Footage.

Second, each parcel's Acreage was calculated based on Assessors Parcels map. It was determined that eighty percent (80%) of the budget was reasonably attributed to Acreage; therefore eighty (80%) of the budget was spread on Acreage. In the event that common area parcels are created subsequent to the formation of the District, the acreage of any such common area parcels shall be apportioned to the remaining assessable parcels of the subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Third, the current land use of the parcel was determined using the County's secured roll. Parcel's currently used as a Single-Family Residence or Multi-Family Residences were determined to receive twenty-five (25%) of the benefit in relation to commercial parcels. Additionally, it was determined that single Family Residential Parcels benefit equally from the improvements, therefore the total assessment calculated based on the formula was averaged between the five Single Family Residential parcels to determine a Single-Family Residential rate per Unit.

The base year maximum assessment rates approved to be levied in FY 2006/07 are provided in the table below.

Base Year (FY 2006/07) Maximum Assessment Rates			
Land Use	Front Footage	Acreage Rate	Flat Rate
Commercial	$1.99 per Front Foot	$2,582.41 per Acre	N/A
Multi-Family Residential	$0.50 per Front Foot	$645.60 per Acre	N/A
Single-Family Residential	N/A	N/A	$132.00 per Unit

The following formula is used to calculate each parcel's assessment (proportional benefit) for those parcels that are not Single-Family Residential parcels.

Front Footage Rate x Parcel's Adjusted Front Footage = Parcel Front Footage Levy

Acreage Rate x Parcel's Adjusted Acreage = Parcel Acreage Levy

Proposed Levy per Parcel = Parcel Front Footage Levy + Parcel Acreage Levy

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2007/08. Generally, if the proposed annual assessment for the current fiscal year is less than or equal to the calculated Maximum Assessment, then the Assessment is equal to the initial Assessment (approved by property owners within the District) adjusted annually by three percent (3%).

Beginning in the second fiscal year (Fiscal Year 2007/08) and each fiscal year thereafter, the Maximum Assessment would be recalculated and a new Maximum Assessment established within the District.

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment will increase each year, the actual assessment may remain unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjustment maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment, the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater

than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

D. ANNUAL INFLATIONARY ADJUSTMENT

If the proposed assessment rates increase over the prior fiscal year's maximum assessment rates by a percentage no greater than the 3%, then the proposed assessment rates are not considered an increase.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	AMOUNTS
DIRECT COSTS	
Contract Maintenance - Landscaping	$12,669.00
Repair & Maintenance - Landscaping	7,000.00
Repair & Maintenance - Lighting	2,000.00
Repair and Maintenance - Streetscape and Signage	1,000.00
Repair and Maintenance - Tree Work	3,000.00
Utilities	11,550.00
Rehab Reserve Project Expenditures	17,000.00
Total Direct Costs	**$54,219.00**
ADMINISTRATION COSTS	
City Administration	$892.00
Contract Administration - Park's Dept	2,200.00
County Auditor Fees	459.29
Consulting & Professional Services	3,667.00
Consultant Incidental Expenses	15.00
Public Hearing Publishing Costs	1,000.00
Total Administrative Costs	**$8,233.29**
Total Direct and Administration Costs	**$62,452.29**
BUDGET ADJUSTMENTS	
Replenishment/(Use) of Operating Reserve	$476.68
Contribution for /(Use of) Rehab Reserve	(17,000.00)
Rounding Adjustment	(0.47)
Total Adjustments	**($16,523.79)**
BALANCE TO LEVY	**$45,928.50**

Fund balance information is reported in Section C on the following page.

B. FY 2021/22 ASSESSMENT RATES

DESCRIPTION	AMOUNTS
FY 2021/22 ASSESSMENT RATES TO BE APPLIED	
Number of Assessable Parcels	56
Total Front Footage - Commercial	2,859.87
Total Front Footage - MFR	140.00
Total Assessable Acreage - Commercial	8.8087
Total Assessable Acreage - MFR	0.4821
Total Single Family Residences	5
Applied Assessment Rate per Front Foot - Commercial	$3.1004
Applied Assessment Rate per Front Foot - MFR	$0.7790
Applied Assessment Rate per Acre - Commercial	$4,023.3106
Applied Assessment Rate per Acre - MFR	$1,005.8238
Applied Assessment Rate per SF Residence	$205.6517
Maximum Assessment Rate per Front Foot - Commercial	$3.1004
Maximum Assessment Rate per Front Foot - MFR	$0.7790
Maximum Assessment Rate per Acre - Commercial	$4,023.3106
Maximum Assessment Rate per Acre - MFR	$1,005.8238
Maximum Assessment Rate per SF Residence	$205.6517
Potential Maximum Assessment	**$45,929**

C. FY 2021/22 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNTS
OPERATING RESERVE	
Beginning Operating Reserve Balance 7-1-2021 (est.)	**$49,792.66**
add: Replenish from FY 21/22 Levy	476.68
less: Use for FY 21/22 Expenses	
Transfer from/(to) the Rehab Reserve	(23,159.84)
Ending Operating Reserve Balance 6-30-2022 (est.)	**$27,109.50**
REHABILITATION RESERVE	
Beginning Rehab Reserve Balance 7-1-2021 (est.)	**$53,633.01**
add: Collect from FY 21/22 Levy	
less: Use for FY 21/22 Rehab Projects	(17,000.00)
Transfer from/(to) the Operating Reserve	23,159.84
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$59,792.85**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, required to properly maintain and ensure the satisfactory condition of all landscaping, irrigation and drainage systems and appurtenant facilities.

Repair and Maintenance - Landscaping - This item includes landscape improvement repair and maintenance costs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included. Costs could include the renovation of improvements such as irrigation systems.

Repair and Maintenance - Lighting - This item includes lighting improvement repair and maintenance costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included.

Repair and Maintenance - **Streetscape and Signage** - This item includes repair and maintenance costs of streetscape and sign improvements. Streetscape improvements include street furniture, sidewalks, curbs, gutters, parking stripes, brick pavers, benches, bike racks, and trash receptacles. This may include repair of damaged amenities due to vandalism, storms, etc. May include planned replacements or upgrades not listed below that provide a direct benefit to the District.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be

conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATE

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage – the total number of Front Feet within the District, adjusted for corner parcels, Multi-Family Residential and Single-Family Residential Parcels will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Assessable Acreage – the total Acreage within the District, adjusted for Multi-Family Residential and Single-Family Residential Parcels that will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Single-Family Residential Parcels – the total number of parcels currently being used as Single-Family Residences.

Applied Assessment Rates – The applied assessment rates for each of the District's land use types.

Maximum Assessment Rates per Front Foot – The maximum dollar amount that can be assessed per Adjusted Front Foot for the District's land use type for the current fiscal year.

Maximum Assessment Rates per Acre – The maximum dollar amount that can be assessed per Adjusted Acreage Foot for the District's land use type for the current fiscal year.

Maximum Assessment Rate per SF Residential Unit – The maximum dollar amount that can be assessed per Single Family Unit within the District for the current fiscal year.

Potential Maximum Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing

maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

A five-year Capital Improvement Plan showing projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs, is shown below.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Repair, replace and/or refurbish street furniture		$3,500			$5,000	$8,500
Repair, replace streetscape and hardscape			2,000		2,000	4,000
Replace, repair, renovate and/or refurbish plants, landscape & related materials	10,000	7,000	10,000	6,000	5,600	28,600
Replace, repair lighting fixtures	5,000		5,000		5,000	10,000
Tree grid pruning	2,000	2,100	2,200	2,200	2,200	8,700
Total Projected Expenditures	**$17,000**	**$12,600**	**$19,200**	**$8,200**	**$19,800**	**$59,800**

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-213

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Infill Area Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-213

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-214

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Infill Area Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: maintenance, servicing, administration and operation of the landscape adjacent to privately owned property within the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

RESOLUTION NO. 21-214

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

_____,
Mayor
City of Roseville

_____,
City Clerk
City of Roseville

STATE OF CALIFORNIA)

COUNTY OF PLACER) ss.

CITY OF ROSEVILLE)

I, Sonia Orozco, City Clerk of the City of Roseville, County of Placer, State of California do hereby certify that the foregoing Resolution No. 21-214 was adopted by the City Council of said City of Roseville at a regular meeting of said council held on the 19th day of May, 2021, by the following vote:

AYES COUNCILMEMBERS: Houdesheldt, Alvord, Roccucci, Mendonsa, Bernasconi

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Infill Area
Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2021/22 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 30th day of MARCH, 2021

APPENDIX A – DISTRICT BOUNDARY MAPS 16

APPENDIX B — 2021/22 ASSESSMENT ROLL 20

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the City's existing Infill Area Landscaping and Lighting District ("District"). The District was formed and levies annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022 (hereafter "Fiscal Year" or "FY 2021/22"). The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of three (3) zones of benefit, Zones A, B and C (individually the "Zone" and collectively the "Zones"). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the County of Placer ("County") Assessor. The County Auditor-Controller ("Auditor-Controller") uses Assessor's Parcel Numbers and specific tax code accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the Roseville City Council (the "City Council") will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report, as approved or modified by the City Council, defines the assessments to be applied to each parcel within the District and respective Zones for FY 2021/22. The assessments as approved will be submitted to the Placer County Auditor-Controller to be included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor-Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the Auditor-Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

Pursuant to the California Constitution Article XIIID Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, & C identified in this Report) are exempt from the procedural requirements Article XIIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The three Zones within the District are comprised of three non-contiguous residential subdivisions, namely Pheasant Run, Cirby Oaks II and Reuter Ranch, are located in the southern portion of the City and are within the boundaries of the City's "Infill Planning Area". A general depiction of the boundaries of each Zone can be found in Appendix A of this Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.

- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND BENEFITS

This District, by special benefit assessments, provides funding for the maintenance and operation of certain landscaping improvements located within the public right-of-ways and dedicated easements:

The District provides all services necessary to maintain the landscaped corridors adjacent to the privately-owned parcels comprising the three subdivisions. Improvements include shrubs, trees and other landscaping vegetation, as well as irrigation controllers, automatic valves and irrigation systems. Services provided include all necessary services, operations, and maintenance required in keeping the improvements in a healthy, vigorous condition and in proper working order.

The District encompasses three subdivisions, each of which is located in a separate Zone. The Zones have specific improvements and costs associated with those improvements that benefit the parcels within each respective Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels within the Zone and only parcels that receive a Special Benefit from the improvements are assessed.

The specific locations of the improvements within each Zone of the District are described as follows:

Zone A – Pheasant Run

Maintenance of 6,880 square feet of landscaping and related improvements within the Pheasant Run subdivision.

Zone B – Cirby Oaks

Maintenance of 7,447 square feet of landscaping and related improvements within the Cirby Oaks II subdivision.

Zone C – Reuter Ranch

Maintenance of 24,700 square feet of landscaping and related improvements within the Reuter Ranch subdivision. A larger amount of landscaping benefits the properties within Reuter Ranch and typically results in a larger per parcel assessment for these properties as compared to Zones A and B.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a Special Benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special Benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "Special Benefit."

Article XIIID Section 4a defines proportional Special Benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a Special Benefit conferred upon them and upon which an assessment

will be imposed. The proportionate Special Benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional Special Benefit conferred on that parcel."

These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

Each of the proposed improvements; the associated costs and assessments have been reviewed, identified and allocated based on Special Benefit pursuant to the Act. All improvements associated with the Zones were necessary and required through the conditions of property development. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and Special Benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within each Zone receives a Special Benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the Special Benefit, enhancement and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large.

C. RATE AND METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and Special Benefit from the improvements in the Zone. This direct and Special Benefit was determined to be equal for all dwelling units within each Zone; costs for each Zone shall be calculated separately within each respective Zone. Each single-family residence is equal to one dwelling unit (unit) and the formula used to arrive at each parcel's annual assessment is described below. Public parcels lying within the landscape corridors are considered to receive no benefit from the improvements and are therefore not assessed.

Costs associated with each Zone are to be charged only to assessable parcels within the respective Zone as follows:

$$\frac{\textit{Balance to Levy in Zone}}{\textit{Total Units in Zone}} = \textit{Assessment Per Unit in Zone}$$

The Maximum Annual Assessment Rates are not to exceed $193.32 per unit for Zone A and $200.00 per unit for Zones B and C.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
DIRECT COSTS			
Contract Maintenance - Landscaping	$1,341.00	$1,956.00	$3,875.00
Repair & Maintenance - Landscaping	$2,120.00	$3,000.00	$2,500.00
Repair & Maintenance - Tree Work	$500.00	$500.00	$0.00
Utilities	2,100.00	1,575.00	2,426.00
Rehab Reserve Project Expenditures	4,421.00	13,608.00	5,000.00
Total Direct Costs	**$10,482.00**	**$20,639.00**	**$13,801.00**
ADMINISTRATION COSTS			
City Administration	$301.00	$3.00	$306.00
Contract Administration - Park's Dept	1,150.00	1,213.00	1,954.00
County Auditor Fees	77.33	18.93	132.00
Consulting & Professional Services	2,045.00	17.00	2,079.00
Consultant Incidental Expenses	8.17	16.08	10.75
Public Hearing Publishing Costs	300.00	280.00	295.00
Total Administrative Costs	**$3,881.50**	**$1,548.01**	**$4,776.75**
Total Direct and Administration Costs	**$14,363.50**	**$22,187.01**	**$18,577.75**
BUDGET ADJUSTMENTS			
Replenishment/(Use) of Operating Reserve	($2,209.70)	($6,685.19)	($377.75)
Contribution for /(Use of) Rehab Reserve	(4,421.00)	(13,608.00)	(5,000.00)
Rounding Adjustment	0.00	(0.70)	0.00
Total Adjustments	**($6,630.70)**	**($20,293.89)**	**($5,377.75)**
BALANCE TO LEVY	**$7,732.80**	**$1,893.12**	**$13,200.00**

Fund balance information of each Zone is reported in Section C on the following page.

B. FY 2021/22 ASSESSMENT RATES

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
ASSESSMENT RATES TO APPLY			
Number of Assessable Units	40	116	66
Applied Assessment Rate Per Unit	**$193.32**	**$16.32**	**$200.00**
Maximum Assessment Rate Per Unit	$193.32	$200.00	$200.00
Potential Maximum Assessment Per Zone	**$7,732.80**	**$23,200.00**	**$13,200.00**

C. FY 2021/22 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
OPERATING RESERVE			
Beginning Operating Reserve Balance 7-1-2021 (est.)	**$2,907.12**	**$17,085.69**	**$2,213.34**
add: Replenishment from FY 21/22 Levy			
less: Use for FY 21/22 Expenses	(2,209.70)	(6,685.19)	(377.75)

less: Use for FY 21/22 Rehab Projects	(4,421.00)	(13,608.00)	(5,000.00)
Transfer from/(to) the Operating Reserve	(4,466.25)	81.00	(5,064.91)
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$7,318.23**	**$9,419.61**	**$16,470.03**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors,

street medians, entryways, irrigation and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City’s Finance Department and other Departments in preparing the annual budget for the Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park’s Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department’s estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current Fiscal Year for each Zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATES

Number of Assessable Units - The total number of residential units that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public

right-of-ways or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Applied Assessment Rate per Unit - The per unit assessment rates to be applied to the non-exempt parcels within the District for the current Fiscal Year.

Maximum Assessment Rate per Unit - The per unit maximum assessment rates for current Fiscal Year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current Fiscal Year based upon the expected number of units to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's Fiscal Year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve moneys to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same

Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve moneys expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve moneys to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations

or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

For each Zone showing a projected ending Rehabilitation Reserve balance or projected FY 2021/22 expenditures for Rehabilitation Reserve Project, a five-year Capital Improvement Plan showing the projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements and other allowable costs, is shown below.

Zone A.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related materials	$4,000	$2,500	$2,500	$2,800	$2,500	$10,300
Grid tree pruning, removal and replacement of declining trees	421	400	400	400	400	1,600
Total Zone A Expenditures	**$4,421**	**$2,900**	**$2,900**	**$3,200**	**$2,900**	**$11,900**

Zone B.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related materials	$13,000	$2,000	$2,000	$2,000	$1,100	$7,100
Grid tree pruning, removal and replacement of declining trees	608	580	580	580	580	2,320
Total Zone B Expenditures	**$13,608**	**$2,580**	**$2,580**	**$2,580**	**$1,680**	**$9,420**

Zone C.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related materials	$5,000	$10,000	$6,000	$3,000	$2,600	$21,600
Total Zone C Expenditures	**$5,000**	**$10,000**	**$6,000**	**$3,000**	**$2,600**	**$21,600**

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAPS

The Assessment Diagrams for the District have previously been submitted to the City Clerk in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District and Zone Boundaries are presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways, including public greenbelts and parkways; utility rights-of-ways; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-215

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. For the Zone subject to annual rate increases, those property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, for the Zones not subject to annual rate increases, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased.

WHEREAS, for the Zone subject to annual rate increase, the maximum assessment rate for Fiscal Year 2021/22 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increase allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-215

RESOLUTION NO. 21-216

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as certain landscaping and open space areas, including floodway and stream course areas as well as any the maintenance of bike trails and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Johnson Ranch
Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2021/22 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Dated this 30th day of MARCH 2021

APPENDIX B — 2021/22 ASSESSMENT ROLL 18

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements in the southeast section of the City of Roseville, known as Johnson Ranch Landscaping and Lighting District ("District"). The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of five (5) zones of benefit, Zones A, B, C, D and E (individually the "Zone" and collectively the "Zones"). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

Pursuant to the California Constitution Article XIIID, Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, C & D identified in this Report) are exempt from the procedural requirements of Article XIIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

In Fiscal Year 1999/00, the City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID for Zone E in order to increase the assessment to cover additional costs for services. The proposed assessment increase presented to property owners included an annual inflationary factor of 3%. In Fiscal Year 1999/00 the maximum assessment rate was $623.10 per acre. At the conclusion of the Public Hearing, all property owner ballots returned were tabulated and the City determine that a majority protest did not exist. The City Council then approved the increased assessment and the inflationary factor for maintaining the improvements within the District.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DISTRICT BOUNDARIES

The District lies within a portion of the Southeast Roseville Specific Plan, which is located in the southeast section of the City of Roseville. The District is generally located east of I-80 on the south side of Douglas Boulevard. See Appendix A for a rendering of the District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;

- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND BENEFITS

Zones A, B and C

Zones A, B and C of the District, by special benefit assessments, provide annual funding for the continual maintenance of certain landscaping, open space areas; including floodway and stream course areas as well as any the maintenance of bike trails. The specific locations of the floodways, stream courses and areas adjacent thereto to be maintained are described below:

- Parcel 70 - Floodway that feeds Cirby Creek and is located between Douglas Boulevard and Eureka Road. (7.76 acres) - Zone C

- Parcel 71 - Strap Ravine floodway between Douglas Boulevard and East Roseville Parkway. (3.38 acres) - Zone A

- Parcel 72 - Floodway between Roseville Parkway east to commercial development. (8.98 acres) - Zone C

- Parcel 73 - Recreational floodway in Strap Ravine between East Roseville Parkway and Sierra College Boulevard. (16.11 acres) - Zone A

- Parcels 74 & 75 - Recreational floodway that eventually feeds Linda Creek, beginning at Sierra College Boulevard then east to the Roseville City limits. (6.2 acres and 10.8 acres, respectively) - Zone B

Zone D

Zone D of the District, by special benefit assessments, provides annual funding for the costs of mitigation monitoring and costs to maintain landscaped open space areas within certain wetland / riparian area(s) to comply with a Section 404 Permit. The issuance of this Section 404 permit was a condition of the development of the Johnson Ranch East Project, which represents the parcels comprising Zone D.

Zone E

Zone E of the District, by special benefit assessments, provides annual funding for the maintenance of certain landscaping, bike trails and open space areas that include floodway and stream course areas and the costs of mitigation monitoring to comply with both a Section 404 Permit (Federal) and a 1603 Permit (State). The issuance of these permits was a condition of the development of Parcel 9. The specific locations of the floodway and stream courses to be maintained are described as:

- Parcel 76 - Streambed and floodway area located at Cirby Creek from the southwest side of Eureka Boulevard to the end of the Coker Development. (2.79 acres)

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments regarding Zone E, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public

improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

C. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and special benefit from the improvements in the District. The formula used to arrive at each parcel's annual levy amount in each zone is as follows:

Zones A and B

Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). The remaining Seventy percent (70%) of costs are then allocated equally on a per acre basis to all assessable parcels within these Zones. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Zones C, D and E

The budgeted costs of Zones C, D and E are to be allocated equally on a per acre basis to all assessable parcels within each respective Zone. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

D. INFLATIONARY ADJUSTMENT FACTOR

For Zone E only, if the proposed assessment rate increases over the prior fiscal year's maximum assessment rate by a percentage no greater than the 3%, then the proposed assessment rate is not considered an increase.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	ZONE A [1] Fund 2001	ZONE B [1] Fund 2002	ZONE C Fund 2003	ZONE D Fund 2004	ZONE E Fund 2005
DIRECT COSTS					
Contract Maintenance - Open Space (2521-4801-10001)	$12,530.00	$6,880.00	$4,329.00	$126.00	$7,196.00
Repair & Maintenance - Landscaping					
Utilities	525.00				
Maintenance - Bike Trails (3380-4801-10001)	n/a	3,090.00	2,575.00	n/a	1,171.00
Rehab Reserve Project Expenditures	-	-	-	-	-
Total Direct Costs	**$13,055.00**	**$9,970.00**	**$6,904.00**	**$126.00**	**$8,367.00**
ADMINISTRATION COSTS					
City Administration	$354.00	$244.00	$191.00	$7.00	$177.00

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Open Space – Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition of all open space landscaping, irrigation, drainage systems, lighting, floodplain improvements and appurtenant facilities (the "improvements").

Mitigation Monitoring – Costs associated with monitoring certain impacts to riparian areas in or near the District under the terms of a Section 404 or 1603 permit. If zero, this line item will not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements. If zero, this line item will not be shown in the budget.

Maintenance - Bike Trails - Costs associated with the resurfacing of the Bike trail. If zero, this line item will not be shown in the budget.

Water Hyacinth Eradication – Costs associated with the eradication of the Water Hyacinth plant in the creek beds. If zero, this line item will not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

Contract Administration – Open Space – Estimated costs of City staff to coordinate and oversee the maintenance contracts and non-contract maintenance of the open space areas of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the total District costs together with applicable adjustments related to the Reserve Fund replenishments or reductions and/or Capital Improvement Fund activity.

Parcel 82 Levy Recap – A recap of the cost breakdown between certain parcels. Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATES

Number of Assessable Parcels - The total number of parcels within each Unit that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements due possibly to development restrictions.

Total Assessable Acres – Non-Parcel 82 Properties - The total number of acres within the Zones A and B that are to be assessed on an acreage basis for the current fiscal year; this acreage excludes Parcel 82.

Applied Assessment Rates - The assessment rates to be applied to the non-exempt parcels within the District for the current fiscal year.

Maximum Assessment Rates - The maximum assessment rates for current fiscal year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

For each Zone showing a projected ending Rehabilitation Reserve balance or projected FY 2021/22 expenditures for Rehabilitation Reserve Project, a five-year Capital Improvement Plan showing the projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements and other allowable costs, is shown below.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
General open space, creek rehab - Zone A	$0	$0	$0	$0	$0	$0
General open space, creek rehab - Zone B	0	50	100	100	100	350
General open space, creek rehab - Zone C	0	0	0	0	0	0
General open space, creek rehab - Zone D	0	128	0	0	0	128
General open space, creek rehab - Zone E	0	25	0	0	0	25
Total Projected Expenditures	**$0**	**$203**	**$100**	**$100**	**$100**	**$503**

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the District or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The Assessment Diagrams for the District have previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a one-page rendering of the District's Boundaries is presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways, including public greenbelts and parkways; utility rights-of-ways; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-217

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **North Central Roseville Specific Plan Landscaping and Lighting District** (hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula for each respective Zone which provide for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-217

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-218

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **North Central Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: the maintenance and operation of and the furnishing of services, materials or improvements for certain landscaped areas including open space areas, parkways, slopes and medians, park facilities, bike paths, pedestrian trails, walls and fences, and other public improvements within the street right of way areas, including, but not limited to trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, and other appurtenant facilities. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX B — 2021/22 ASSESSMENT ROLL 25

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the existing North Central Roseville Specific Plan Landscaping and Lighting District ("District") within the City. The District was formed in 1990. The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "Act").

This Engineer's Annual Levy Report for Fiscal Year 2021/22 ("Report") describes the District, any annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The maintenance, operation and servicing of the improvements associated with specific areas of the City that provide a special benefit to the properties in that area are identified as Zones. The costs of the improvements and services are identified and budgeted separately for each Zone and each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the Zone. The budgets and assessments are based on the estimated cost (considering historical costs) to maintain the District improvements that provide a direct and special benefit to properties within the District.

The District consists of four landscaping benefit Zones:

- District Wide Benefit Zone
- Local Benefit Zone
- Zone F
- Zone G

In 2003, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, for the territory now known as Zones F & G. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the annexation of Zones F and G, the maximum assessment rates and annual inflationary adjustment factor.

In 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, to reengineer Zones A, B, C, D & E and approve the maximum assessment rates and annual inflationary adjustment factor. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the Engineer's Annual Levy Report for FY 2004/05, which reconstituted the reengineered zones into the respective District Wide Benefit Zone or Local Benefit Zone.

Zones A, B, C, D and E were reengineered in order to more accurately identify the Zones and areas of special benefit within this portion of the District. These zones were combined into two new Zones based primarily on level of service, similarity of improvement types, and the proximity to improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Articles XIIIC and XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

In compliance with the provisions of Proposition 218, property owner ballot proceedings have been conducted for all Zones within the District; such proceedings approved and confirmed the Maximum Assessments and the Inflationary Adjustment Factor as described in this Report.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept

property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located north of downtown Roseville between Interstate 80 and Washington Boulevard and generally encompasses the area within the North Central Roseville Specific Plan ("NCRSP") and two small residential developments in close proximity to the NCRSP near the corner of Diamond Oaks Road and Washington Boulevard. See Appendix A for District boundary map.

District Wide Zone This Zone includes all assessable property within the District with the exception of Zone F and Zone G.

Local Benefit Zone This Zone includes all single family residential property within the District with the exception of Zone F and Zone G.

Zone F This Zone, which comprises the Diamond Oaks Unit No. 10 development, was created on January 8, 2003 through Resolution 03-2 and was first levied in FY 2003/04. Zone F was comprised of Assessor Parcel Number ("APN") 015-020-040 prior to being subdivided into 39 residential lots.

Zone G This Zone, which comprises the Diamond Oaks Unit No. 14 development, was created on May 28, 2003 through Resolution 03-220 and was first levied in FY 2003/04. Zone G was comprised of APNs 017-041-034 & 015-020-006 prior to being subdivided into 76 residential lots and 1 non-residential parcel.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District provides and ensures the continued maintenance, servicing, administration and operation of various landscaping and lighting improvements, and associated appurtenances that benefit parcels within the District. Services provided include all necessary service, operations, administration and maintenance required to keep the improvements in a healthy, vigorous, and satisfactory condition.

Specific improvements include all ground cover, turf, shrubs, trees, gardens, play areas and play equipment, picnic areas, bike paths, pedestrian trails, walls and fences, park maintenance facilities, irrigation and drainage systems, graffiti removal, and associated appurtenances. Improvements in each Zone include:

District Wide Zone This Zone provides for the maintenance of landscaping, fences, sound walls and other improvements within the arterial parkway right of ways, also described as scenic corridors, including but not limited to Roseville Parkway, Pleasant Grove Boulevard, Harding Boulevard and the east side of Washington Boulevard, pedestrian and bike pathways.

Local Benefit Zone This Zone provides for the maintenance of landscaping and other improvements within the local street right of ways. This Zone is primarily a combination of the old Zone C and Zone D, which provided similar maintenance.

Zone F This Zone provides for the maintenance of parkway and perimeter landscaping and block wall adjacent to the development on the west side of Diamond Oaks Road; Parkway and perimeter landscaping, bike trails, block wall and wood fence adjacent to the development on the east side of Washington Boulevard; Open Space designated as Lot “B”, and; Landscaping within Lot “C”, “E” and “F” within the Diamond Oaks Unit No. 10 project.

Zone G This Zone provides for the maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the south side of Pleasant Grove Boulevard; maintenance of parkway and perimeter

landscaping, bike path and masonry sound wall adjacent to the development on the west side of Washington Boulevard from Pleasant Grove Boulevard to Emerald Oak Road; maintenance of the masonry sound wall on the western perimeter of the development; installation and maintenance of perimeter landscaping on the west side of the development located on Open Space Parcel C between Emerald Oak Road and the masonry sound wall adjacent to the railroad right of way; and maintenance of Open Space, cobble swale (Lot "B") and post and cable fencing for Lots "A", "B", and "C" within the Diamond Oaks Unit No. 14 project.

All assessable parcels identified as being within each Zone, share in both the cost and the benefits of the improvements. The costs associated with the improvements are equitably spread among all benefiting parcels within each Zone. Only parcels that receive direct and special benefit from the improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected are to be dispersed and used for only the services and operation provided each Zone of the District.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2(d) defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2(i) defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4(a) defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The City has initiated and conducted property owner protest ballot proceedings in accordance with the Act and Proposition 218 for all Zones within the District. Each of the proposed improvements; the associated costs and assessments have been carefully reviewed, identified and allocated based on special benefit pursuant to the provisions of Article XIIID and the Act. All improvements associated with the Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within these Zones receives special benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the Zone in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for each Zone should reflect the composition of the parcels, and the improvements and services provided, to fairly proportion the Zone's costs based on estimated special benefit to each parcel within the Zone. All assessable parcels within each Zone shall receive a direct special benefit from the services and improvements provided by the Zone.

Considering the composition of the parcels within the Zone, each parcel is assigned an Equivalent Dwelling Unit ("EDU"), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within the Zone. Because all assessable parcels within each Zone are considered to benefit from the Zone improvements on an EDU basis, the amounts to levy to each Zone is then spread to each assessable parcel within the Zone on an EDU method as shown in the table below. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

The following formulas are used to calculate the assessment for each parcel:

ASSIGNED EDU	PROPERTY CLASS
1.0 per unit	Single-Family Residential Parcels
0.6 per unit	Multi-Family Residential Parcels
7.0 per acre	Non-Residential Parcels

For each Zone, the Applied Assessment Rate per Equivalent Dwelling Unit for each parcel in the Zone is the result of dividing the total Balance to Levy for each Zone, by the sum of the Zone EDU's for the fiscal year. This Applied Assessment Rate is multiplied by each parcel's individual EDU to determine the parcel's levy amount. The assessment cannot be greater than the current maximum assessment rate, as adjusted for the inflation factor.

Total Balance to Levy / Total EDU = Rate per EDU

Parcel EDU x Rate per EDU = Parcel Levy Amount

D. INFLATIONARY ADJUSTMENT FACTOR

Any new or increase in assessments require certain noticing and meeting requirements by law. Prior to the passage of Proposition 218, legislative changes in the Ralph M. Brown Act (the "Brown Act") defined a new or increased assessment to exclude certain conditions. These conditions included any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed. This definition and conditions were later confirmed through Senate Bill 919 (the implementing legislation for Proposition 218).

The purpose of establishing an assessment range formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which could add to the District costs and assessments. As part of the District formation, balloting of property owners is required, pursuant to Proposition 218. The property owner ballots included an Assessment to be approved, as well as the approval of an assessment range formula.

The assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment (levy per unit or rate) for the current fiscal year is less than or equals to the "Maximum Assessment" (or "Adjusted Maximum Assessment"), then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment is equal to the initial Assessment approved by property owners adjusted annually by the following criteria:

1. Beginning in the second fiscal year and each fiscal year thereafter, the Maximum Assessment will be calculated.
2. The new Adjusted Maximum Assessment for the year represents the prior year's approved Maximum Assessment increased by three percent (3.0%).

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment less than or equal to this Maximum Assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

The approved base year maximum assessment rates and annual inflationary adjustment factors for all Zones are shown in the table below:

Zone	Year of Approved Maximum Rate and Annual Inflator (Base Year)	Maximum Assessment Rate per EDU (Base Year)	Annual Inflationary Adjustment Factor
District-Wide Benefit Zone	FY 2004/05	$40.82	3.00%
Local Benefit Zone	FY 2004/05	$43.92	3.00%
Zone F	FY 2003/04	$481.35	3.00%
Zone G	FY 2003/04	$264.22	3.00%

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation and related drainage systems, as well as maintenance of appurtenant facilities (the "improvements").

Repair & Maintenance - Landscaping/Parks - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance - Lighting - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Maintenance – Bike Trails – Costs to perform the necessary maintenance of the bike trails within the District. If zero, this line item may not be shown in the budget.

Maintenance – Open Space – Costs to perform the necessary maintenance of the open space areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from

available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected in the District through assessments for the current fiscal year. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATES

Total Assessable Single-Family Units - The total number of assessable single-family units within the District for the current fiscal year. Since each single family residential parcel is in both the District-Wide Benefit Zone and the Local Benefit Zone, the single-family EDUs are only added once to arrive at the "Total Equivalent Dwelling Units"

Total Assessable Multi-Family Units - The total number of assessable multi-family units within the District for the current fiscal year.

Total Assessable Non-Residential Acres - The total assessable non-residential acres within the District for the current fiscal year.

Total Equivalent Dwelling Units (“EDUs”) - Total assessable EDUs within the District for the current fiscal year.

Applied Assessment Rates per EDU - The assessment rates per EDU to be applied to the non-exempt parcels within the applicable Zone for the current fiscal year.

Maximum Assessment Rates per EDU - The maximum assessment rates per EDU to for the parcels of within the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of parcels to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 - The District's anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances shall be used to fund the District's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects — The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 — The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

For each Zone showing a projected ending Rehabilitation Reserve balance or projected FY 2021/22 expenditures for Rehabilitation Reserve Project, a five-year Capital Improvement Plan showing the projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements and other allowable costs, is shown below.

District Wide Zone

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total

Zone G

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape, irrigation and related materials	$8,200	$15,700	$7,500	$5,500	$8,200	$36,900
Repair, replace and/or refurbish sound wall improvements		2,000		2,000	2,000	6,000
Grid tree pruning, removal and replacement of declining trees	670	1,140	1,140	1,140	1,140	4,560
Total Zone G Expenditures	**$8,870**	**$18,840**	**$8,640**	**$8,640**	**$11,340**	**$47,460**

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways, including public greenbelts and parkways; utility rights-of-ways; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-219

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIIC and XIIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation and final approval of the Report.

RESOLUTION NO. 21-219

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-220

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: turf, ground cover, shrubs and trees, irrigation systems, drainage systems, medians, landscaped corridors, natural areas, wetlands, open space areas, public pedestrian and bike paths, entry monuments, walls, fencing, signs, lighting systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX B — 2021/22 ASSESSMENT ROLL 21

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to provide and maintain the improvements within the Northwest Roseville Specific Plan Area, known as Northwest Roseville Specific Plan Landscaping and Lighting District ("District") within the City. The District was formed and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the "1972 Act" or the "Act").

This Engineer's Levy Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The assessments are based on historical and estimated costs to maintain the improvements that provide a direct and special benefit to properties within the District. The District consists of two (2) benefit zones ("Zones"). The improvements that benefit properties within each Zone and the costs of those improvements are identified and budgeted separately. Each parcel is assessed proportionately for the estimated costs of the parcel's respective Zone.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number by the Placer County Assessor's Office. The Placer County Auditor/Controller ("County Auditor/Controller") uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following consideration of public comments at a public hearing, and a final review of the Report, the City Council may order amendments to the Report or confirm the Report as submitted. After final approval of the Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller. The County Auditor/Controller will include the assessments on the property tax roll for fiscal year 2021/22.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIIID* (Proposition 218). Pursuant to the *California Constitution Article XIIID ("Article XIIID") Section 5*, certain existing assessments are exempt from the substantive and procedural requirements of *Article XIIID Section 4* and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments established for the original District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to *Article XIIID Section 5(b),* the property owners approved these existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). The assessments applied to the District's parcels at the time of passage of Proposition 2018 of $100 to each single-family residential parcel within Zone A and $147.20 to each single family residential parcel within Zone B continue to be exempt from the procedural requirements *Article XIIID Section 4*.

The District and all Zones therein have been formed pursuant to the *1972 Act.* Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments and to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act.

In November 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIIID, to annex into Zone A, and approve the maximum assessment of $100 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer's Report, through the adoption of Resolution No. 04-507, which annexed the Dunmore Junction territory to Zone A. Dunmore Junction was first assessed by the District in FY 2005/06.

In April 2005, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIIID, to annex into Zones B, and approve the maximum assessment of $147.20 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer's Report, through the adoption of Resolution No. 05-165, which annexed the Legacy subdivision territory to Zone B. The Legacy subdivision was first assessed by the District in FY 2005/06.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The Northwest Roseville Specific Plan Landscaping and Lighting District lies west of the existing urban area of the City of Roseville. The District is generally bounded by Baseline Road to the north, Fiddyment Road to the west and Washington Boulevard to the east. The City annexed in Dunmore Junction, which is generally located on the east side of Porter Drive, south of Junction Boulevard and north of Lawton Avenue. The City also annexed in Legacy Subdivision, which is generally located on the northwest corner of Washington Boulevard and Junction Boulevard. For general reference purposes, renderings of the District's Boundaries are presented in Appendix A of the Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section

22662.5.

- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND SERVICES

Zone A

Zone A of the District, by special benefit assessments, is to provide funding for the maintenance of the following improvements: landscaped street medians and landscaped corridors adjacent to property within the District including but not limited to, plantings, sound walls, and project identification signs; the maintenance of the vernal pool preserves identified in the Northwest Roseville Specific Plan; the installation and maintenance of bike trails within the Northwest Roseville Specific Plan Area; and the installation of park improvements and/or the payment of debt service related to the installation of bike trails and/or park improvements within the Northwest Roseville Specific Plan Area.

Zone B

Zone B of the District, by special benefit assessments, is to provide funding for the following:

- The maintenance of the landscaped street buffers or medians, certain natural areas within the subdivision and landscape corridors adjacent to the property within the Zone (including, but not limited to, planting, screen walls, project identification signs, and drainage and wetlands areas within the property).

- The perpetual maintenance of the landscape strips adjacent to the Sierra Crossing subdivision contiguous to Foothills Boulevard and Booth Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.

- The maintenance of the natural border adjoining and contiguous to the westerly border of Sierra Crossing.

- The maintenance of the wetland preserve area.

- The on-going maintenance of the landscape strips adjacent to the Legacy subdivision contiguous to Junction Boulevard, Washington Boulevard and Sawtell Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.

- The maintenance of natural border adjoining and contiguous to the westerly border of the Legacy subdivision.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The formula used for calculating assessments reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for any special benefit assessment should reflect the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated special benefit to each parcel. All assessable parcels in each Zone receive a direct special benefit from the services and improvements provided by the District.

Each parcel within this District has been assigned an Equivalent Benefit Unit (EBU), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within each Zone of the District. The levy amount is spread evenly to each assessable parcel in the District, on a per benefit unit (per parcel) method.

For each Zone, the total eligible special benefit expenses ("Balance to Levy"), is divided by the total EBUs of all parcels. The result of this calculation establishes an assessment rate per EBU ("Levy per EBU" or "Assessment Rate") to be applied to each Zone.

The following formulas shall be applied to each Zone to calculate the assessment for each parcel:

Zone A

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone A.

Zone B

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone B.

The Maximum Annual Assessment is not to exceed $100.00 per parcel for Zone A and $147.20 per parcel for Zone B.

C. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments regarding the Dunmore Junction subdivision Legacy subdivision annexations to the District, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified and allocated based on special benefit pursuant to the provisions of the Constitution and 1972 Act. All improvements associated with this District have been identified as necessary, required and/or desired for the orderly development of the properties within the District to their full potential, consistent with the proposed development plans and applicable portions of the City General Plan and the Northwest Roseville Specific Plan. As such, the improvements for which each property shall be assessed would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within the District receives benefit from the improvements. Well-maintained landscaping and recreational facilities in close proximity to those properties enhances the desirability of those properties.

The special benefits associated with the landscape improvements and associated appurtenants are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts, landscaped areas and recreational facilities.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

The improvements are for the special benefit, enhancement and use of properties within the District and the Northwest Roseville Specific Plan Area. Although the improvements include public easements, rights-of-way and other amenities available or visible to the public at large, it has been determined that the additional improvements installed in connection with this development and those installed as part of the overall Northwest Roseville Specific Plan, are only necessary for the development of properties within the specific plan area and were not required nor necessarily desired by any properties or developments outside the Northwest Roseville Specific Plan Area. Therefore, this District being part of that plan, receives similar and proportional special benefits from both the improvements installed in connection with developing properties in this District as well as existing and future shared amenities within the District. Any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the specific plan area or to the public at large.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	Zone A [1] Fund 2008	Zone B [2] Fund 2009
DIRECT COSTS		
Contract Maintenance - Landscaping	$203,775.00	$10,984.00
Repair & Maintenance - Landscaping/Parks	47,000.00	1,000.00
Repair & Maintenance - Tree Work	10,000.00	3,500.00
Utilities	168,000.00	5,145.00
Stormwater Management/Drainage (1130-4801-10001)	0.00	1,317.00
Rehab Reserve Project - Landscape Rehab	30,000.00	0.00
Total Direct Costs	**$458,775.00**	**$21,946.00**
ADMINISTRATION COSTS		
City Administration	$9,242.00	$386.00
Contract Administration - Park's Dept	33,000.00	1,500.00
County Auditor Fees	4,622.00	191.36
Consulting & Professional Services	8,962.00	374.00
Consultant Incidental Expenses	763.48	36.52
Public Hearing Publishing Costs	695.00	400.00
Total Administrative Costs	**$57,284.48**	**$2,887.88**
Total Direct and Administration Costs	**$516,059.48**	**$24,833.88**
BUDGET ADJUSTMENTS		
Replenishment/(Use) of Operating Reserve	($23,859.48)	($5,697.88)
Contribution for /(Use of) Rehab Reserve	(30,000.00)	0.00
Rounding Adjustment		
Total Adjustments	**($53,859.48)**	**($5,697.88)**
BALANCE TO LEVY	**$462,200.00**	**$19,136.00**

(1) The Dunmore Junction Subdivision was annexed into Zone A.
(2) The Legacy Subdivision was annexed into Zone B.

Fund balance information of each Zone is reported in Section C on the following page.

B. FY 2021/22 ASSESSMENT RATES

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
FY 2021/22 ASSESSMENT RATES TO APPLY		
Total Assessable Parcels	4,622	130
Total Assessable EBUs	4,622	130
Applied Assessment Rates per EBU	$100.00	$147.20
Maximum Assessment Rates per EBU	$100.00	$147.20
Potential Maximum Assessment Per Zone	**$462,200**	**$19,136**

C. FY 2021/22 FUND BALANCE INFORMATION

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
OPERATING RESERVE		
Beginning Operating Reserve Balance 7-1-2021 (est.)	**$276,897.37**	**$8,353.00**
add: Replenish from FY 21/22 Levy		
less: Use for FY 21/22 Expenses	(23,859.48)	(5,697.88)
Transfer from/(to) the Rehab Reserve	(23,650.39)	5.46
Ending Operating Reserve Balance 6-30-2022 (est.)	**$229,387.50**	**$2,660.58**
REHABILITATION RESERVE		
Beginning Rehab Reserve Balance 7-1-2021 (est.)	**$165,206.81**	**$5.46**
add: Collect from FY 21/22 Levy		
less: Use for FY 21/22 Rehab Projects	(30,000.00)	0.00
Transfer from/(to) the Operating Reserve	23,650.39	(5.46)
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$158,857.20**	**$0.00**

D. DESCRIPTION OF BUDGET ITEMS

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping / Parks - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance

contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Stormwater Management / Drainage - This line item includes costs to properly maintain certain drainage and / or wetlands areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's' Report and incidental expenses of consultant.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Parcels - The total number of expected parcels to be assessed in each of the District's Zones.

Total Assessable EBUs - The total number of expected Equivalent Benefit Units in each of the District's Zones.

Applied Assessment Rates per EBU - The assessment rates to be applied to the parcels lying within the respective Zone of the District for the fiscal year shown.

Maximum Assessment Rates per EBU - The maximum assessment rates for the parcels lying within the respective Zone of the District for the fiscal year shown.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of EBUs to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

For each Zone showing a projected ending Rehabilitation Reserve balance or projected FY 2021/22 expenditures for Rehabilitation Reserve Project, a five-year Capital Improvement Plan showing the projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements and other allowable costs, is shown below.

Zone A.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Repair, replace and/or refurbish fencing improvements	$0	$10,000	$12,900	$10,000	$10,000	**$42,900**
Replace, repair, renovate and/or refurbish plants, landscape & related materials	10,000	15,000	20,000	10,000	11,000	**56,000**
Grid tree pruning, removal and replacement of declining trees	20,000	20,000	20,000	10,000	10,000	**60,000**
Total Zone A Expenditures	**$30,000**	**$45,000**	**$52,900**	**$30,000**	**$31,000**	**$158,900**

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and / or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map of the District and Zones have previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, hereby made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is represented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-221

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula, which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2021/2022 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-221

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-222

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements and appurtenant facilities shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: project identification signs and surrounding landscape and hardscape, special street materials, sculpture and sculpture park, special lighting for the project identification signs, sculpture and sculpture park, landscape street medians, special street signs, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX B — 2021/22 ASSESSMENT ROLL 23

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the certain public improvements within the Olympus Pointe Landscaping and Lighting District ("District") within the City. The District, which was formed in 1989, is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act").

The Engineer's Report ("Report") describes the District boundaries, any new annexations, improvements maintained by the District and the proposed assessments for the period of July 1, 2021 through June 30, 2022.

The District consists of two (2) benefit Zones ("Zones"). The improvements that benefit properties within each Zone and the costs associated with those improvements are identified and budgeted separately. Each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the respective Zone. The assessments are based on the historical and estimated cost to maintain the improvements that provide a direct and special benefit to properties within the District.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID ("Article XIIIC" and "Article XIIID") and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the "Implementation Act"). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as "Proposition 218".

The District's Maximum Assessment Rates for all Zones and the Inflationary Adjustment Factor were previously approved and confirmed through property owner ballot proceedings and as such, comply with the provisions of Proposition 218.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. CLARIFICATION OF ZONE DESIGNATIONS

In order to increase consistency with the City's other districts and to facilitate presentation within the Engineer's Report, the names of both Zones were redesignated, commencing with FY 2007/2008, as follows:

- The "Non-Residential/Multi-Family Residential Zone" was redesignated to "Zone A". (1)
- The "Residential Zone" was redesignated to "Zone D". (2)

(1) Prior to FY 2005/2006, this territory was known as "Zone A". In FY 2005/2006, Zone A was redesignated to the "Non-Residential/Multi-Family Residential Zone".

(2) Prior to FY 2005/2006, this territory was known as "Zones B & C". In FY 2005/2006, Zones B & C were combined and redesignated to the "Residential Zone".

D. GENERAL DESCRIPTION OF DISTRICT

The Olympus Pointe Landscaping and Lighting District is located in the City of Roseville at the southerly edge of Placer County, northeast of the intersection of Interstate 80 and Douglas Boulevard. The site is generally bounded by Interstate 80 on the west, East Roseville Parkway and Olympus Drive to the north, Douglas Boulevard to the south and Sierra College Boulevard to the east. See Appendix A for a rendering of the District boundary map.

The District consists of two zones as described below. These zones were established by the City through a District reengineering commencing with the FY 2005/2006 levy. Additional information regarding the reengineering is provided in Section III of the Report.

Zone A

Zone A includes land zoned for non-residential and multi-family residential uses. The Zone comprises the majority of the District and is primarily west and south of East Roseville Parkway, east of Interstate 80 north of Douglas Boulevard. This Zone contains 581.78 acres of assessable land that was originally designated as "Zone A". The area was then redesignated as the "Non-Residential/Multi-Family Zone" commencing with the FY 2005/06 and then redesignated back to "Zone A" commencing with the FY 2007/08 levy.

Zone D

Zone D includes two single-family residential developments on the eastern side of the District. The Zone is bisected by Olympus Drive and Sierra College Boulevard on the District's eastern boundary and includes 468 developed single-family residences. Originally, each residential development was designated as separate zone (Zones B and C). The area was redesignated as the "Residential Zone" commencing with the FY 2005/2006 levy and then redesignated to the "Zone D" commencing with the FY 2007/2008 levy.

E. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.

- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.

- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

F. DESCRIPTION AND LOCATION OF IMPROVEMENTS

This District, through the levy special assessments, provides funding for the maintenance and operation of the following improvements located within the public rights-of-way and dedicated easements: project identification signs, including surrounding landscape and hardscape; special street materials; sculptures and sculpture park; special street signs; special lighting for the project identification signs and special illuminated street signs; and landscaped street medians (the "Improvements"). The specific locations of the improvements within the district are described as follows:

1. Zone A

a. Landscaped Median Islands:

- Eureka Road from Douglas Boulevard to Taylor Road Connector
- Sunrise Avenue from southern boundary of the Northeast Roseville Specific Plan (the "NERSP") to East Roseville Parkway
- East Roseville Parkway from Douglas Boulevard to Rocky Ridge Drive
- Douglas Boulevard from eastern boundary of NERSP to Rocky Ridge Drive

b. Project identification signs (granite entryways) and special paving materials:

- Eureka Road at Douglas Boulevard
- East Roseville Parkway at Douglas Boulevard
- Eureka Road at Taylor Road

c. Sculpture and Sculpture Park:

- Aris Demetrio's original sculpture located on Parcel 14
- Sculpture park (0.85 acres located on Parcel 14)

d. Special street signs:

- Eureka Road at Sunrise Avenue, Rocky Ridge Drive, Lead Hill Drive and Douglas Boulevard
- Lead Hill Drive at Rocky Ridge Drive

- Sunrise Avenue at Auto Mall entrance
- East Roseville Parkway at Taylor Road, Lead Hill Drive, Olympus Drive and Douglas Boulevard
- Olympus Drive at Sierra College Boulevard:

2. Zone D

a. Landscaped Frontage:

- Southern side of Olympus Drive from East Roseville Parkway to Sierra College Boulevard, excluding any landscaping not within or adjacent to the Zone
- Northern side of Olympus Drive from the Zone boundary (the former Zone C boundary), which is 175 feet southwest of Corniche Lane, to Sierra College Boulevard, western side of Sierra College Boulevard from Olympus Drive to the Zone boundary (the former Zone C boundary), which is approximately 600 feet.

b. Project identification signs and special paving materials:

- Sierra College Boulevard at Olympus Drive

G. DESCRIPTION OF MAINTENANCE AND SERVICES

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the Improvements and appurtenant facilities, including repair, removal or replacement of all or part of any of Improvements or appurtenant facilities; providing for the life, growth, health and beauty of the Improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste.

Servicing means the furnishing of water and electricity for the Improvements including any decorative lighting and the furnishing of electric current or energy, gas or other illuminating agent for the special street signs.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by public agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of street lights, traffic signals and landscaping facilities. Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In addition, Article XIIID and the Implementation Act require that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIIID and the Implementation Act further provide that only special benefits are assessable and the City must separate the general benefits from the special benefits. They also require that publicly owned properties, which specifically benefit from the improvements, be assessed.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID and the Implementation Act for both the Non-Residential/Multi-Family Zone (Zone A) and the Residential Zone (Zone D). Each Zone's Improvements, the associated costs and assessments had been reviewed, identified and allocated based on special benefit pursuant to the provisions of the Constitution and Act.

All Improvements associated with these Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these Improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these Improvements would be the financial obligation of those properties. Therefore, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each of the assessed parcels within these Zones receives special benefit from the Improvements maintained and financed by the assessments. Specifically, the assessments associated with the Zones are for the maintenance of the Improvements installed as part of the original development of the parcels within the Zones. The desirability and security of properties within each Zone is enhanced by the close proximity of these amenities to those properties.

The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep the Zone Improvements in a healthy, vigorous, and satisfactory condition.

The special benefits associated with these improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties within the Zones providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.

- Environmental enhancement through improved erosion resistance, and dust and debris control.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels within the Zones by moderating temperatures, providing oxygenation and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to an ongoing specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets and other amenities available or visible to the public at large, the construction and installation of these Improvements were only necessary for the development of properties within the Zones and were not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the Improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual lots and parcels within the District an Equivalent Benefit Unit ("EBU") system is used. The EBU method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the Act, as the benefit to each parcel from the Improvements are apportioned as a function of land use type, size and development. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

EBU Application Table

Land Use	EBU per Unit/Acre
Single Family Residential	1.00 per Unit
Multi-Family Residential	1.00 per Acre
Non-Residential	1.00 per Acre
Exempt	0.00 per Acre

1. Definitions and Formulas Related to the Product Type EBU Method

Single-Family Residential — This land use is defined as a fully subdivided residential parcel that is part of a final tract map.

Multi-Family Residential — This land use is defined as a residential parcel anticipated to have or has more than one residential unit.

Non-Residential — Parcels that are not considered Single Family Residential, Multi- Family Residential or Exempt.

Exempt Parcels — This land use identifies properties that are not assessed and are assigned 0.0 EBU per acre. This land use classification may include, but is not limited, to lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, greenbelts, parkways, park properties and other publicly owned properties that are part of the District Improvements. These types of parcels are considered to receive little or no benefit from the Improvements and are therefore exempted from assessment.

2. Zone Benefit Formula

The benefit formula applied to parcels within each Zone is based on the preceding Equivalent Benefit Unit (EBU) Application Table. Each parcel's EBU correlates the parcel’s special benefit received as compared to all other parcels benefiting from the Improvements.

The following formula is used to calculate the EBU for each parcel (proportional benefit).

Parcel Type EBU x Units/Acres = Parcel EBU

The total number of Equivalent Benefit Units (EBUs) is the sum of all individual EBUs applied to parcels within each Zone that receive a special benefit from the

Improvements. An assessment amount per EBU (Assessment Rate) for each Zone is established by taking the total costs associated with the Zone's Improvements and dividing that amount by the total number of EBUs within each Zone of all parcels benefiting from those Improvements. This Rate is then applied back to each individual parcel based on their assigned EBUs to determine the parcel's proportionate special benefit and assessment obligation from those Improvements.

Zone Budget/ Total EBU = Assessment per EBU

Assessment per EBU x Parcel EBU = Maximum Parcel Assessment Amount

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessments rather than initiating protest ballot proceedings to approve small increases in annual costs. This District provides for an annual adjustment to the Maximum Assessment Rate in an amount equal to three percent (3%).

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment rate (less than or equal to this Maximum Assessment Rate) is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may go up and down as compared to the previous year(s). The Maximum Assessment Rate adjustment is designed to allow for the adjustment of the annual assessment for inflation in order to maintain the original purchasing power of the District budget. The Maximum Assessment Rate calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment Rate, then the assessment is considered an increased assessment and would be subject to Proposition 218 balloting requirements.

E. BASE MAXIMUM ASSESSMENT RATES

The base assessment rates and the annual inflationary adjustment to each Zone are listed in the table below:

Zone	Base Year	Base Year Maximum Assessment Rate per EBU	Annual Inflationary Adjustment (1)
Zone A	FY 2005/06	$296.65	3.00%
Zone D	FY 2005/06	$99.76	3.00%

(1) The Annual Inflationary Adjustment commences with the Fiscal Year 2006/2007 assessments.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
DIRECT COSTS		
Contract Maintenance - Landscaping	$23,518.00	$31,218.00
Contract Maintenance - Parks	4,822.00	n/a
Repair & Maintenance - Landscaping/Parks	28,200.00	11,000.00
Repair & Maintenance - Tree Work	1,800.00	2,000.00
Utilities	37,800.00	22,050.00
Maintenance - Parks City Staff	14,314.00	0.00
Rehab Reserve Project Expenditures	34,823.00	10,382.00
Total Direct Costs	**$145,277.00**	**$76,650.00**
ADMINISTRATION COSTS		
City Administration	$3,554.00	$431.00
Contract Administration - Park's Dept	13,000.00	3,000.00
County Auditor Fees	658.48	749.20
Consulting & Professional Services	4,242.00	514.00
Consultant Incidental Expenses	98.19	51.81
Public Hearing Publishing Costs	820.00	110.00
Total Administrative Costs	**$22,372.68**	**$4,856.01**
Total Direct and Administration Costs	**$167,649.68**	**$81,506.01**
BUDGET ADJUSTMENTS (1)		
Replenishment/(Use) of Operating Reserve	($66,977.50)	$3,796.00
Contribution for /(Use of) Rehab Reserve	(34,823.00)	(10,382.00)
Rounding Adjustment	(2.56)	(2.57)
Total Adjustments	**($101,803.06)**	**($6,588.57)**
BALANCE TO LEVY	**$65,846.62**	**$74,917.44**

(1) Table C. 2021/22 FUND BALANCE INFORMATION provides additional budget information.

B. FY 2021/22 ASSESSMENT RATES

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
FY 2021/22 ASSESSMENT RATES		
Total Assessable Acreage	530.8045	n/a
Total Assessable Units	186	468
Total Equivalent Benefit Units (EBUs)	**716.8045**	**468**
Assessment Rates per Equivalent Benefit Unit (EBU)		
Assessment Rates to be Applied per EBU	$91.8613	$160.0800
Maximum Assessment Rates per EBU	$476.0362	$160.0855
Potential Maximum Assessment Per Zone	**$341,224.87**	**$74,920.01**

C. FY 2021/22 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
OPERATING RESERVE		
Beginning Operating Reserve Balance 7-1-2021 (est.)	**$172,847.19**	**$67,734.71**
add: Replenish from FY 21/22 Levy		3,796.00
less: Use for FY 21/22 Expenses	(66,977.50)	
Transfer from/(to) the Rehab Reserve	(33,231.19)	(33,205.71)
Ending Operating Reserve Balance 6-30-2022 (est.)	**$72,638.50**	**$38,325.00**
REHABILITATION RESERVE		
Beginning Rehab Reserve Balance 7-1-2021 (est.)	**$129,811.81**	**$47,258.88**
add: Collect from FY 21/22 Levy		
less: Use for FY 21/22 Rehab Projects	(34,823.00)	(10,382.00)
Transfer from/(to) the Operating Reserve	33,231.19	33,205.71
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$128,220.00**	**$70,082.59**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping – Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”). Cost to maintain improvements within the District’s entryway areas are not included in this amount.

Contract Maintenance - Parks - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of park improvements, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance - Landscaping/Parks - This line item includes repairs or maintenance items that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Maintenance - Parks City Staff - This line item includes maintenance items that are performed by the Parks staff.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATES

Total Assessable Acreage - The total acreage within each zone expected to be assessed in the current fiscal year.

Total Assessable Units - The total number of assessable single-family units within each zone expected to be assessed in the current fiscal year.

Total Equivalent Benefit Units ("EBUs") - Total assessable EBUs within the District for the current fiscal year. Each assessable parcel is assigned EBUs as follows:

Land Use	EBU per Unit/Acre
Single Family Residential	1.00 per Unit
Multi-Family Residential	1.00 per Acre
Non-Residential	1.00 per Acre
Exempt	0.00 per Acre

Applied Assessment Rate per Equivalent Benefit Unit (EBU) - The assessment rate per EBU to be applied to the applicable Zone for the current fiscal year.

Maximum Assessment Rate per Equivalent Benefit Unit (EBU) - The maximum assessment rate per EBU that can be applied to the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable units and acres.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for

current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically,

funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

For each Zone showing a projected ending Rehabilitation Reserve balance or projected FY 2021/22 expenditures for Rehabilitation Reserve Project, a five-year Capital Improvement Plan showing the projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements and other allowable costs, is shown below.

Zone A

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Stone wall repair and medians			$5,000			$5,000
Rehabilitate, renovate and/or replace median improvements	30,000	$0	$0	$0	$0	$0
Repaint Cosmos Statue			40,000			40,000
Grid pruning	2,823	2,680	2,680	2,680	2,680	10,720
Replace irrigation controller(s)			40,000			40,000
Replace, repair, renovate and/or refurbish plants, landscapes & related materials	2,000		2,500		5,000	7,500
Insurance deductible to repair/replace 1 of 3 granite monument signs if demolished	0	25,000	0	0	0	25,000
Total Zone A Expenditures	**$34,823**	**$27,680**	**$90,180**	**$2,680**	**$7,680**	**$128,220**

Zone D

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Rehabilitate, renovate and/or replace project entryway improvements	$5,000	$9,450	$8,200	$5,000	$10,000	**$32,650**
Grid pruning	5,382	5,110	5,110	5,110	5,110	**20,440**
Replace, repair, renovate and/or refurbish plants, landscape & related materials	0	5,000	5,000	2,000	5,000	**17,000**
Total Zone D Expenditures	**$10,382**	**$19,560**	**$18,310**	**$12,110**	**$20,110**	**$70,090**

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways, including public greenbelts and parkways; utility rights-of-ways; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-223

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and,

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an assessment range formula for the District which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2021/2022 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increases allowed by the assessment range formula; and,

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-223

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-224

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: the improvements within the District include: maintenance, servicing, administration and operation of landscape, lighting and streetscape improvements, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX A – DISTRICT BOUNDARY MAP 19

APPENDIX B — 2021/22 ASSESSMENT ROLL 21

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Riverside Avenue Landscaping and Lighting District ("District"). The District was formed in January of 2007 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

The City Council, pursuant to the provisions of the "Landscaping and Lighting Act of 1972", being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the "1972 Act"); Article XIIID of the Constitution of the State of California ("Article XIIID"); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the "Implementation Act") (the 1972 Act, Article XIIID and the Implementation Act are referred to collectively as the "Assessment Law") initiated proceedings for the formation of the District on November 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2007/08. On January 17, 2007, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District's maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The proposed territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled "Boundary Map of Riverside Avenue Landscaping and Lighting District" contained within this report in Appendix A-1.

The District is bounded by Douglas Boulevard to the north, Darling Way to the south and includes parcels that front Riverside Avenue. It is centrally located between Interstate 80 and Downtown Roseville and is east of the Union Pacific Railroad.

The District currently has a mix of different types of land uses including automotive related retail and car lots, community/neighborhood retail, offices, services, and residential units.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.

- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.

- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, is to provide funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. The improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The general landscaping improvements in the District are to be consistent with the improvements on Vernon Street located north of the District, which intersects Riverside Avenue. As a gateway to downtown Roseville, Riverside Avenue's compatibility with Vernon Street links the downtown area and Riverside Gateway area together.

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, mid-block bulbs, bulb-outs, and associated appurtenant located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Landscaping and hardscape improvements within the public rights-of-way of the streets within the District including, but not limited to, Riverside Avenue including the corners of Riverside Avenue and Second Street, Third Street, Fourth Street, Fifth Street, Sixth Street, Darling Way, Fern Street, Cherry Street, and Bonita Street.
- Decorative banners along Riverside Avenue.
- Transit facilities including bus stop seating and decorative shelters.
- Roundabout improvements including plantings, paving, and landmark feature located at the intersection of Vernon St., Douglas Blvd., and Riverside Ave.
- A Gateway feature located at the intersection of Darling Way and Riverside Avenue.

- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or area funded by other sources available to the City.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing, maintaining and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District. Specifically excluded from the assessment are the street light energy costs. These costs are to be paid for by the City from other revenue sources.

Detailed maps and descriptions of the location and extent of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs of the streetlights.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Implementation Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of landscaping improvements, streetlights and traffic signals.

Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

In addition, Article XIIID and the Implementation Act require that a parcel's assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIIID and the Implementation Act further provides that only special benefits are assessable, and the City must separate the general benefits from the special benefits. They also require that publicly owned properties that specifically benefit from the improvements be assessed.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

Proper maintenance and operation of parkway landscaping and streetlights provides special benefit to adjacent properties by providing community character, security, safety and vitality. In addition, these improvements will enhance the ability of property owners to attract and maintain customers as well as increase the viability of commercial development.

Landscaping Special Benefit

Landscaping and appurtenant facilities, if well maintained, provide beautification, shade and enhancement of the desirability of the surroundings, and therefore increase property value. Specifically, they provide a sense of ownership and a common theme in the community providing aesthetic appeal and increased desirability of properties.

Landscaping provides special benefit to those developments that are directly adjacent to the public streets.

Landscaping General Benefit

The Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with the landscaping improvements.

Lighting Special Benefit

The operation, maintenance and servicing of lighting along local streets and arterial streets of a development provide the following special benefits:

- Improved security of lots and parcels along the perimeter of the development;
- Improved nighttime visibility for the local access of emergency vehicles; and
- Improved safety and traffic circulation to and from parcels.

Street Lights General Benefit

Similar to the landscaping improvements described above, the Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with lighting improvements.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual parcels within the District, a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and a formula has been established to apportion the maintenance costs based on benefit.

The method of assessment is based on the front footage of each parcel located within the District. The parcel's Front Footage was determined based on Assessor Parcel maps or other sources. Only Front Footage on Riverside Avenue was used.

Based on the above formula, the FY 2007/08 maximum assessment rate approved on January 17, 2007 through a property owner balloting (the "Initial

Assessment Rate" or the "Base Year Maximum Assessment Rate") is $6.45 per each foot of frontage.

The following formulas were used to first calculate the District's Initial Assessment Rate and then each parcel's FY 2007/08 assessment (proportional benefit):

Step 1:

Balance to Levy ÷ Total Front Footage =
Maximum Front Footage Rate

Step 2:

Parcel Front Footage x Maximum Front Footage Rate =
Maximum Assessment

The Total Front Footage was the sum of all the Front Feet within the District. The Initial Assessment Rate per Front Foot was established by taking the total cost of improvements (Balance to Levy) and dividing that amount by the Total Front Footage within the District. The Initial Assessment Rate per Front Foot, which is also the FY 2007/08 Maximum Front Footage Rate, is then applied back to each individual parcel's Front Footage to determine the parcel's proportionate special benefit and assessment obligation (The FY 2007/08 Maximum Assessment).

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessment rates without requiring the District to go through the requirements of Proposition 218 in order to get a small increase in assessments. This District provides for an annual adjustment to the Maximum Assessment Rate of the lesser of the percentage change in the area's Local Consumer Price Index for All Urban Consumers, which is currently the San Francisco-Oakland-Hayward Consumer Price Index for All Urban Consumers (the "CPI") or three percent (3%) (the "Escalation Percentage"). The CPI in this adjustment shall be determined through CPI data from the Bureau of Labor Statistics from December to December, beginning with the period from December 2006 to December 2007.

In applying this year's inflationary adjustment, the Escalation Percentage will increase the FY 2021/22 maximum assessment rate by 2% over that of the prior year.

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2008/09. Generally, if the proposed annual assessment rate for the current fiscal year is less than or equal to the calculated Maximum Assessment Rate, then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment Rate is equal to the FY 2007/08 Maximum Assessment Rate, which was approved on January 17, 2007 through a property owner balloting (the “Initial Assessment Rate” or “Base Year Assessment Rate”) and adjusted annually by the Escalation Percentage.

Beginning in the second fiscal year (Fiscal Year 2008/09) and each fiscal year thereafter, the Maximum Assessment Rate would be recalculated, and a new Maximum Assessment Rate established within the District.

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District’s annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may remain unchanged. The Maximum Assessment Rate adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment Rate calculated each year does not require or facilitate an increase to the annual assessment rate and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	AMOUNTS
DIRECT COSTS	
Contract Maintenance - Landscaping	$7,417.00

Transfer from/(to) the Operating Reserve	16,307.74
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$116,558.06**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation and related drainage systems, as well as maintenance of appurtenant facilities (the "improvements").

Repair & Maintenance - Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from

available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATE

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total amount of assessable Front Footage within the District in accordance with the Method of Assessment Section of this Report.

Applied Assessment Rate - The assessment rate to be applied to the front footage of each non-exempt parcel within the District for the current fiscal year.

Maximum Assessment Rate - The Maximum Assessment Rate per front foot for the current fiscal year.

Potential Maximum Assessment – The total amount that can be assessed against all non-exempt District parcels for the current fiscal year based upon the expected assessable front footage within the District.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone’s expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve

is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to

fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

A five-year Capital Improvement Plan showing projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs, is shown below.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Improve hardscapes, monuments, landmarks, gateway features			$5,000	$5,000	$5,000	**$15,000**
Grid tree pruning, removal and replacement of declining trees	2,800	2,800	2,800	2,800	2,800	**11,200**
Improve street furniture, trash receptacles, bike racks, bus stop shelters	2,000	2,000	2,000	2,000	2,000	**8,000**
Replace plants, landscaping, irrigation and/or drainage systems	5,000	20,000	1,500	1,500	1,500	**24,500**
Replace public street lights, lighting fixtures, poles/meters, safety, security, ornamental lights	8,000	7,000	7,000	7,000	7,000	**28,000**
Replace entry signs and decorative banners & hardware	2,000	2,000	8,032	2,000	2,000	**14,032**
Insurance deductible to repair/replace train monument if demolished		25,000				**25,000**
Total Projected Expenditures	**$19,800**	**$58,800**	**$26,332**	**$20,300**	**$20,300**	**$125,732**

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the District's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 21-225

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Vernon Street Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California*, *beginning with Section 22500* (hereinafter referred to as the "Act"), and,

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2021/2022 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increase allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 21-225

PASSED, APPROVED, AND ADOPTED THIS 19th day of May, 2021.

RESOLUTION NO. 21-226

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer's Annual Levy Report (hereinafter referred to as the "Report") that describes the assessments against parcels of land within the **Vernon Street Landscaping and Lighting District** hereinafter referred to as the "District") for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code*, *commencing with Section 22500* (hereinafter referred to as the "Act") to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, a Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2021, and ending June 30, 2022, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIC and XIIID of the California State Constitution

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,

ii) the District includes all of the lands receiving such special benefit; and,

iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the improvements to be made, which improvements are briefly described as follows: the improvements within the District include: maintenance, servicing, administration and operation of landscape, lighting and streetscape improvements, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Report describes all new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Report.

Section 8 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2021 and ending June 30, 2022.

Section 9 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via either e-mail to mashley@willdan.com or U.S. Mail to: Willdan Financial Services, 27368 Via Industria, Suite 200, Temecula, CA 92590 Attn: Mickey Ashley.

APPENDIX B — 2021/22 ASSESSMENT ROLL 21

I. OVERVIEW

A. INTRODUCTION

The City of Roseville ("City") annually levies and collects special assessments in order to maintain the improvements within the Vernon Street Landscaping and Lighting District ("District"). The District was formed in January of 2001 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* ("1972 Act").

The Engineer's Report ("Report") describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2021 through June 30, 2022. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Placer County Assessor's Office. The Placer County Auditor/Controller uses Assessor's Parcel Numbers and specific Tax Code Accounts, to identify on the County's tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council defines the assessments to be applied to each parcel within the District for Fiscal Year ("FY") 2021/22. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the California Constitution Article XIIID (Proposition 218).

The District has been formed pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

Prior to FY 2001/02, the City initiated (Resolution 00-523) and conducted property owner protest ballot proceedings (Resolution 01-22) in accordance with Article XIIID of the California Constitution ("Article XIIID") for the parcels within the District. An annual rate escalator was also included in the ballot that allows for an annual inflationary increase equal to the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward Area (the "CPI") of each succeeding year (the "Escalation Percentage"). At the conclusion of the Public Hearing held on January 17, 2001, all property owner ballots returned were tabulated to determine if majority protest existed. The result of the protest proceeding was an approval of the assessment rate and the annual inflationary increase for maintaining the improvements within the District.

Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located in downtown Roseville and includes all parcels that front along Vernon Street between Folsom Road and the Riverside/Douglas Boulevard. See Appendix A for District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District ensures the continued maintenance, servicing, administration and operation of various landscape, lighting and streetscape improvements and associated appurtenances that are required to keep the improvements in a healthy, vigorous, and satisfactory condition. The assessable parcels receive benefit from the above improvements within the District.

Specific improvements include installation, maintenance and servicing of public facilities, including, but not limited to street trees, sidewalks, curbs, gutters, parking stripes, turf, brick pavers, planters, gateways, benches, bike racks, signage, trash receptacles, and lighting throughout the boundaries of the District (the "Improvements').

As applied herein, "installation" means the construction of public Improvements, including, but not limited to, land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks and drainage, lights, equipment, turf, brick pavers, planters, gateways, benches, bike racks and signage.

"Maintenance" means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any Improvement, including repair, removal or replacement of all or any part of any Improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimmings, rubbish, debris, and other solid waste, and the cleaning, sandblasting, and painting of Improvements to remove or cover graffiti.

"Servicing" means the furnishing of electric current, or energy, gas or other illuminating agent for any public lighting facilities or for the lighting or operation of any other Improvements; or water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other Improvements.

Plans and specification for the Improvements to be maintained are on file in the office of the Economic and Community Services Director at 311 Vernon Street, Roseville, CA 95678.

All assessable parcels identified as being within the District share in both the cost and the benefits of the improvements. The costs associated with the Improvements are equitably spread among all benefiting parcels within the District. Only parcels that receive direct benefit from the Improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds

collected are dispersed and used for only the services and operation provided to the District.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

> *"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIIID Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIIID Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel

shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit". The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of

landscaping and lighting Improvements and associated appurtenances located within the District's public rights-of-way and dedicated easements. The annual assessment is based on the historical and estimated cost to maintain the Improvements that provide a benefit to properties within these Districts. The Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.

- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.
- Enhanced quality of life through well-maintained landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the 1972 Act, the costs of the District may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the District in proportion to the estimated special benefits to be received by each such parcel from the Improvements. The special benefit formula used should reflect the composition of the parcels, the Improvements and services provided to fairly proportion the costs based on estimated special benefit to each parcel within the District. All assessable parcels within the District shall receive a direct special benefit from the services and Improvements provided by the District.

Article XIIID of the California Constitution specifies that only special benefits are assessable and that the City must separate the general benefits from the special benefits conferred on any parcel. Since the District is a downtown business area

and the Improvements that affront each District parcel primarily attract and retain an increased customer base, these benefits enhance the District parcels and there is no measurable benefit to the public at large. Therefore, 100% of the Improvements are considered special benefit to the District parcels. The cost of maintaining the Improvements is therefore identified as special benefit and has been allocated to the special assessments.

It was determined that a uniform assessment rate per foot of frontage upon Vernon Street would fairly distribute the net amount to be assessed due to the following reasons:

1. The assessments are based upon a specific property owner's special benefit received from the Improvements.
2. The special benefits should be directly related to the extent at which a property fronts the improvements, relative to other properties in the District.

The base assessment rate for the District was $4.59 per linear foot in FY 2001/02 and was determined using the formula below.

$$\textit{Assessment Rate Per Foot} = \frac{\textit{Balance to Levy}}{\textit{Total Feet of Frontage}}$$

The annual assessment amount for each parcel was then determined using the formula below:

Parcel Front Footage x Rate per Linear Foot = Parcel Assessment Amount

D. ANNUAL INFLATIONARY ADJUSTMENT

Commencing with FY 2002/03, the maximum assessment rate is to increase annually by the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward ("CPI") as of January of each succeeding year (the "Escalation Percentage"). Since the Department of Labor, Bureau of Labor Statistics does not publish a CPI for January; the CPI for preceding month shall be used since this is the CPI *available* in the month of January. The District's starting CPI Index of 184.1, December of 2000., is hereby established as the base CPI (the "Base Year CPI Index").

In applying this year's CPI increase, the Escalation Percentage will increase the FY 2021/22 maximum assessment rate by 2% over that of the prior year.

If the proposed assessment increases over the prior fiscal year by a percentage no greater than the Escalation Percentage as defined above, then the proposed assessment is not considered an increase. This assessment range formula shall

be applied to all future assessments within the District. Generally, if the proposed annual assessment rate for the Current Fiscal Year is less than or equal to the calculated maximum assessment rate, then the proposed annual assessment is not considered an increased assessment.

E. APPEALS AND INTERPRETATION

Any property owner, who believes that the assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment, may file a written appeal with the Finance Director of the City of Roseville or his or her designee. Any such appeal is limited to correction of an assessment during the then Current Fiscal Year. Upon the filing of any such appeal, the Director of Housing and Redevelopment or his or her designee will promptly review the appeal and any information provided by the property owner. If the Director of Housing and Redevelopment or his or her designee finds that the assessment should be modified, the appropriate changes shall be made to the assessment roll. However, if any such changes are approved after the County of Placer's deadline for adjustments to the tax roll, the Director of Housing and Redevelopment or his or her designee is authorized to approve a refund of the reduction amount to the property owner. Any dispute over the decision of the Director of Housing and Redevelopment or his or her designee, shall be referred to the City Council of the City of Roseville and the decision of the City Council of the City of Roseville shall be final.

F. DETERMINATION OF FRONT FOOTAGE

The front footage of each assessable parcel is subject to revision and/or correction using measurements of front footage found on the then current Placer County Assessor's Parcel Maps or through direct measurement by City personnel. Any such correction that increases a Parcel Assessment shall not be considered an increased assessment subject to the procedural provisions of Article XIIID.

III. DISTRICT BUDGET

A. FY 2021/22 BUDGET

DESCRIPTION	AMOUNTS
DIRECT COSTS	
Contract Maintenance - Landscaping	$4,871.00
Repair & Maintenance - Landscaping	8,400.00
Repair & Maintenance - Lighting	2,000.00
Repair and Maintenance - Streetscape and Signage	2,500.00
Repair and Maintenance - Tree Work	2,250.00
Utilities	10,080.00

Maximum Assessment Rates per each Foot of Frontage	$7.5529
Potential Maximum Assessment	**$40,565**

C. FY 2021/22 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNTS
OPERATING RESERVE	
Beginning Operating Reserve Balance 7-1-2021 (est.)	**$32,841.07**
add: Replenish from FY 21/22 Levy	2,265.12
less: Use for FY 21/22 Expenses	
Transfer from/(to) the Rehab Reserve	(16,422.19)
Ending Operating Reserve Balance 6-30-2022 (est.)	**$18,684.00**
REHABILITATION RESERVE	
Beginning Rehab Reserve Balance 7-1-2021 (est.)	**31,624.62**
add: Collect from FY 21/22 Levy	
less: Use for FY 21/22 Rehab Projects	(7,267.00)
Transfer from/(to) the Operating Reserve	16,422.19
Ending Rehab Reserve Balance 6-30-2022 (est.)	**$40,779.81**

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street

medians, entryways, irrigation and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer’s Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park’s Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department’s estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Consultant Incidental Expenses - Includes out of pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for the possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

APPLIED ASSESSMENT RATE

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total linear footage of that portion of each assessable parcel's boundary that is contiguous with Vernon Street.

Applied Assessment Rate per Front Foot - This amount represents the rate being applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Assessment Rate per Front Foot - This amount represents the maximum rate that can be being applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2021 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2021 to December 31, 2021, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 21/22 Levy – This amount is added to the levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Expenses – The amount of the Operating Reserve to be used to fund FY 21/22 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve

Balance to an amount no greater than the expected District costs for the period of July 1, 2021 (the beginning of the Fiscal Year) through December 31, 2021. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2022 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2022. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2021 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2021. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 21/22 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 21/22 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically,

funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2022 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2022. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.
.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

A five-year Capital Improvement Plan showing projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs, is shown below.

Description	FY 2021/22	FY 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	4 Year Total
Repair, replace and/or refurbish street furniture			$3,000		$3,000	$6,000
Grid pruning, removal and replacement of declining trees	2,667	2,800	2,800	2,800	2,800	11,200
Repair, replace and/or refurbish irrigation meter						0
Replace, repair, renovate and/or refurbish plants, landscaping & related materials	2,600	3,000	2,600	3,000	2,500	11,100
Replace, repair, and/or refurbish light standard		3,000		3,000		6,000
Replace, repair electrical outlets	2,000	2,000	1,500	1,000	2,000	6,500
Total Projected Expenditures	**$7,267**	**$10,800**	**$9,900**	**$9,800**	**$10,300**	**$40,800**

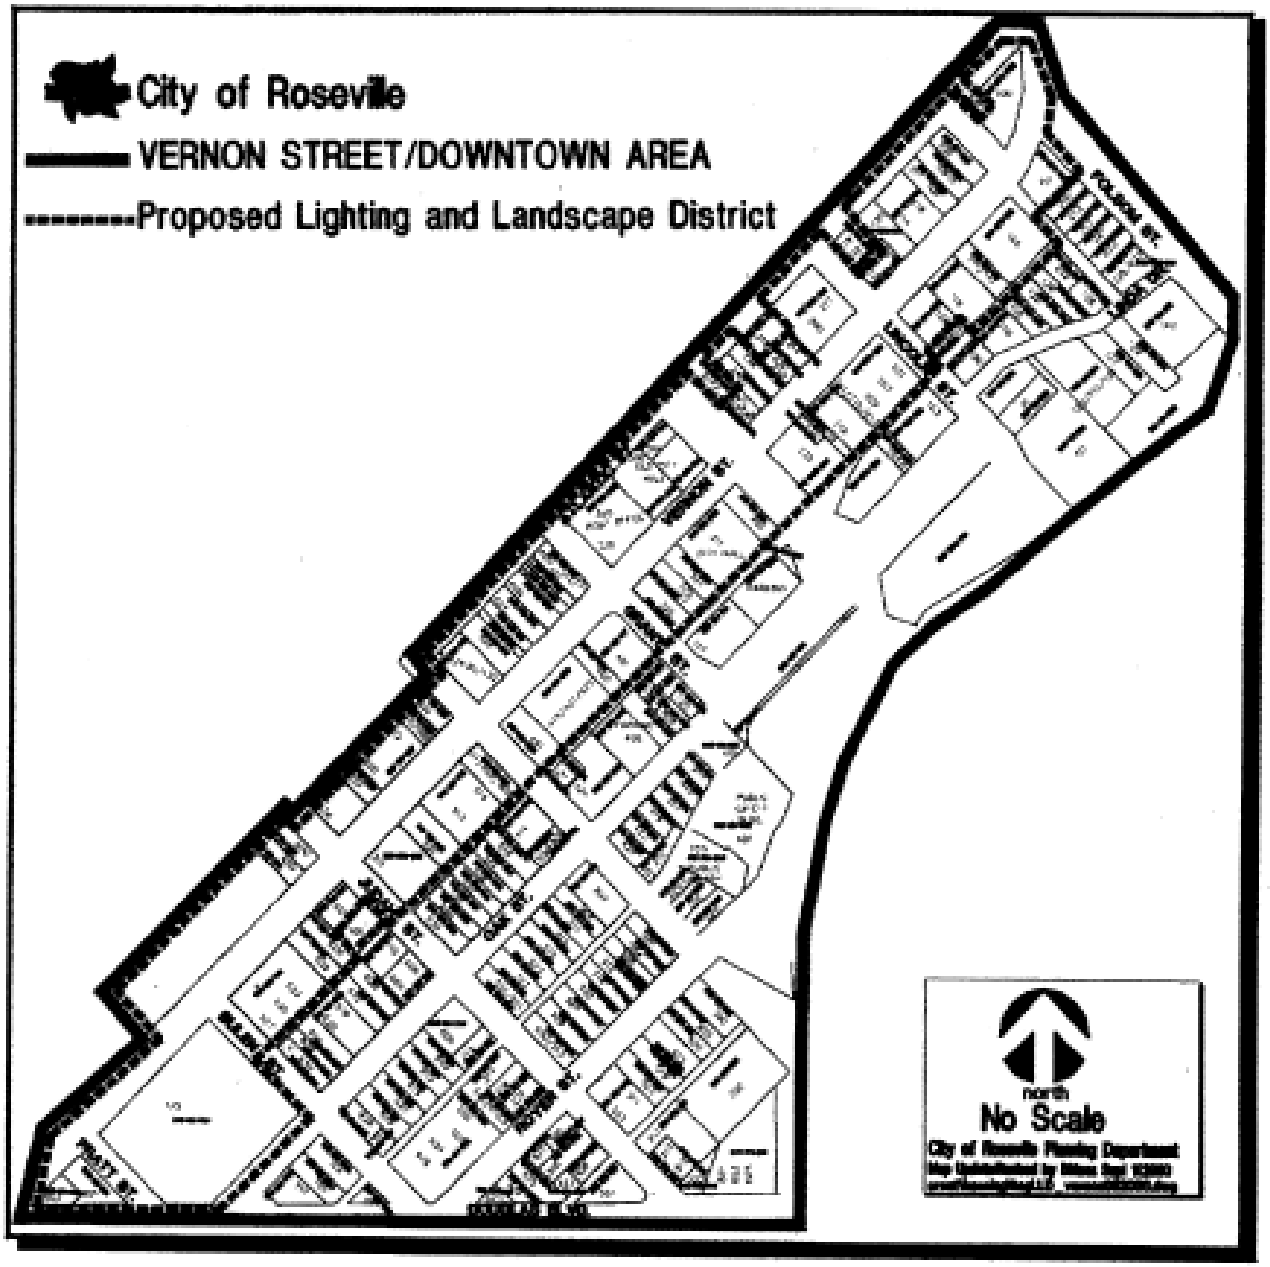
From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

Assessment diagram



APPENDIX B — 2021/22 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2021/22. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2021/22 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

NOTICE OF PUBLIC HEARING
RESOLUTION NO. 21-159
LEGAL NOTICE

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Historic District Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2021/2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The improvements within the District include: landscape, lighting and streetscape improvements, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Engineer's Report describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

"Historic District Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, May 19, 2021 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 21st day of April 2021.

RESOLUTION NO. 21-162
LEGAL NOTICE

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Infill Area Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2021/2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: : The improvements within the District include: maintenance, servicing, administration and operation of the landscape corridors adjacent to property within the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions, other public improvements within the street right of way areas and all appurtenant facilities related thereto within the District. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District includes the parcels within the areas known as the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions. The District is known and designated as:

"Infill Area Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, May 19, 2021 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 21st day of April 2021.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2021/2022

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Johnson Ranch Landscaping and Lighting District (hereafter referred to as the "District"), and initiated proceedings for Fiscal Year 2021/2022, pursuant to the provisions of the *Landscaping and Lighting Act of 1972*, *Part 2 of Division 15 of the Streets and Highways Code of California*, *beginning with Section 22500* (hereafter referred to as the "Act") that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO *CHAPTER 3, SECTION 22624* OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The improvements within the District include: certain landscaping and open space areas, including floodway and stream course areas within the open space and all appurtenant facilities related thereto within the District. The Engineer's Report describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District generally includes the parcels within the area known as the Southeast Roseville Specific Plan. The District is known and designated as

"Johnson Ranch Landscaping and Lighting District"

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer's Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and applicable annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, May 19, 2021 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

COUNCIL COMMUNICATION

CC #: 1459
File #: 0320-01

Title: Resolution Ordering Abatement of All Weeds, Rubbish, and Rank Growths
Contact: Jason Rizzi 916-774-5802 jrizzi@roseville.ca.us

Meeting Date: 5/19/2021
Item #: 10.2.

RECOMMENDATION TO COUNCIL

To initiate the 2021 Weed Abatement Program staff recommends Council adopt the attached resolution overruling all objections to the proposed abatement of all weeds, rubbish, dirt and/or rank growth, as well as ordering the Fire Chief to abate or cause to be abated, the subject nuisances within the City of Roseville in accordance with the law.

BACKGROUND

On April 21, 2021, the City Council approved Resolution No. 21-143 declaring all weeds, rubbish, dirt and/or rank growths a public nuisance. It also set the date, time and place for the required public hearing. The attached resolution is the second and final step necessary to initiate the 2021 Weed Abatement Program.

FISCAL IMPACT

Owners of private parcels that are abated by the City are responsible for the costs associated with providing abatement services. A bill is sent to each property owner detailing the abatement costs, as well as an administrative fee. If the property owner fails to pay the bill, the City places a lien on the subject property and the monies owed are reimbursed through the property tax collection process.

ENVIRONMENTAL REVIEW

The Weed Abatement Program involves minor alteration in the condition of the land, water, and or vegetation which will not remove healthy, mature scenic trees. This activity is categorically exempt from CEQA as a Class 4 Exemption (State CEQA Guidelines Section 15304). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

RESOLUTION NO. 21-202

ORDERING THE DESTRUCTION OR REMOVAL OF ALL WEEDS, DIRT, RUBBISH AND RANK GROWTHS IN THE CITY OF ROSEVILLE, AND OVERRULING ANY AND ALL OBJECTIONS THERETO

WHEREAS, on April 21, 2021, the Council of the City of Roseville, adopted Resolution No. 21-143, declaring all weeds, dirt, rubbish and rank growths within the City of Roseville to be a public nuisance and setting a time and place for hearing any objections to the proposed destruction or removal of such weeds, dirt, rubbish and rank growths; and

WHEREAS, said public hearing was held on May 19, 2021, at which time all property owners having objections to the proposed abatement of the nuisance were given an opportunity to be heard;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Roseville as follows:

1. Any and all objections to the proposed abatement of the nuisance in Resolution No. 21-143 Adopted April 21, 2021, are hereby overruled.

2. The Fire Chief is hereby ordered to abate, or cause to be abated, the nuisance by having all weeds, dirt, rubbish and rank growths within the City of Roseville removed in accordance with the law.

Fire Department
316 Vernon St, Suite 480
Roseville, CA 95678-2618

May 21, 2021

NOTICE TO ABATE FIRE HAZARD

This letter is intended for parcels that are undeveloped.

If the property has been developed or sold, please disregard the following and complete the information on the following page(s) and return it to the Roseville Fire Department, 316 Vernon Street, Suite 480, Roseville, CA 95678.

This letter is to notify you that a fire hazard may exist on the undeveloped parcel(s) listed on the following page(s). The law requires that all cut or uncut weeds, grass, vines, vegetation, or other combustible materials be removed when determined to be a fire hazard. Roseville Fire Code (RFC) 304.1.3; H&S Code, Division 12, Part 5.

*If applicable, all necessary work shall be completed no later than **June 21, 2021**. If the property owner does not comply with this notice, the required firebreaks will be made by the City of Roseville. All costs incurred by the City, including a $**321.00** per parcel administration fee, shall be billed directly to the property owner.*

WEED ABATEMENT GUIDELINES

A clear firebreak of a minimum 30-foot width shall be created and maintained in all areas designated by the City of Roseville. Clear firebreaks shall be provided around all combustible buildings, fences, vehicles, structures, or storage on this parcel or on adjacent properties. We ask that you adhere to the following abatement requirements:

1. *The preferred method of weed abatement shall be accomplished by discing and completed so that all weeds, grass, other vegetation or organic material which can be expected to burn are completely removed or turned under so there is insufficient fuel to sustain or allow the spread of fire.*
    - *Discing does not negate the requirement for weed removal up to the structure.*
2. *Where discing is not practical, mowing is permitted where the material is mulched and the remaining weeds do not exceed two inches in height.*
3. *Spark arrestors shall be installed on all outdoor equipment with internal combustion engines.*
4. *Parcels that are one acre or less shall be completely abated.*

Prior to abating weeds, seasonal rains should be considered. Late rains will produce late growing weeds. Weeds once mowed, may require additional mowing. The weed abatement program's intent is to reduce the fire hazard during fire season.
