Obligation	City estimates that the ESL Project buildout will demand approximately 19.3 megavolt amperes ("MVA"). Projected electric demands for buildout of the ESL Project exceed the electric demand planned for Parcels KT-41A and KT-41B in the SVSP. To the extent that the ESL Project design exceeds the 19.3 MVA electric demand estimate, Landowner shall fund City's re-evaluation of the electric infrastructure necessary to provide electric service to the ESL Project, to the satisfaction of the Electric Utility Director. The electric infrastructure required to serve the ESL Project buildout consists of seven segments shown and listed in Exhibit "NN" and Exhibit "00". ■ None of the off-site infrastructure in Exhibits "NN" and "00" shall be required for the issuance of the final certificate of occupancy for the ESL Project Phase 1 "Marketing Center" listed in Exhibit "MM" as long as the panel size does not exceed 600 amps at 480 volts. ■ Segments 1 through 6 in Exhibits "NN" and "00" are required to serve the ESL Project not later than issuance of the final certificate of occupancy for the first ESL Project building (shown in Exhibit "MM"), excluding the Marketing Center, up to an ESL Project cumulative electric panel size of 11,500 amps at 480 volts ("Trigger 1"). To the extent that segments 1 through 6 have not been constructed by Trigger 1, Landowner, at Landowner's expense, shall construct segments 1 through 6. ■ Segment 7 in Exhibits "NN" and "00" is required to serve the ESL Project not later than the issuance of the final certificate of occupancy for the first building in the ESL Project that exceeds a cumulative electric panel size of 11,500 amps at 480 volts. ("Trigger 2"). To the extent that segment 7 has not been constructed by Trigger 2, Landowner, at Landowner's expense, shall construct segment 7. ■ If, at any time, ESL Project demand exceeds the cumulative electric panel size of 27,100 amps at 480 volts, re-evaluation of electric service will be required to serve the unbuilt portions of the ESL Project, at Landowner's expense, to the satisfaction of the Electric Utility Director. Any additional upgrades identified shall be the responsibility of the Landowner.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Landowner's construction of 12kV electric distribution facilities shall include boring, trenching, construction and installation of all underground conduits, concrete pads, pull boxes, junction boxes, switch vaults, capacitor pads, transformer pads, and appurtenances. Improvement plans for the facilities are subject to City review and approval in accordance with the Roseville Electric Specifications for Commercial Construction. When Landowner completes construction of the 12KV electric distribution facilities, City shall, at Landowner's expense, procure and install all electrical equipment, such as 12KV cable, pad-mount switchgear, transformers, and capacitor bank. Landowner shall fund City's work on the improvements prior to commencement of the work. The ESL Project Marketing Center constructed in ESL Project Phase 1 as shown on Exhibit "MM" shall be exempt from the electric infrastructure requirements for Trigger 1 and Trigger 2. City agrees that the Marketing Center improvements shall be fed by temporary electric facilities, if necessary. As listed in Exhibit "00", improvements constructed by Landowner for segments 1 through 5 shall be eligible for fee credits and/or reimbursements from the SVSP Fee Program, consistent with Section 4.2 of this Agreement. Improvements in segment 6 constructed by Landowner shall be entitled to reimbursement from the City's Traffic Mitigation Fee ("City TMF Fund") no earlier than ten years from the effective date of this Amendment. If insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available. Landowner shall not be entitled to any fee credits and/or reimbursements for any portion of the segment 7 electric improvements.
Department	Electric Department
Status	Ongoing Obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00 . The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation due \$1,761.65
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymment Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section,

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner' s Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner' s Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner
--	--

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFO or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.5

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing Obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner,

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner' s Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Not complete (Alt Trans) – Ongoing Obligation
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding

**Sierra Vista Specific Plan - Baseline P&R, LLC

	mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner's Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection:

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	East Leg: No change from Tier IA West Leg: No change from Tier IA North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N I A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound)

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division
Status	Ongoing Obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.5.20
Title	Alternative Transportation Marketing

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.5.21
Title	Park and Ride Lots
Obligation	Fifty (50) park and ride spaces shall each be provided by the respective Participating Owner on Parcels DF-40 and KT-41. Such park and ride spaces shall be included in addition to the parking required for the applicable underlying land use if required by City's Zoning Code. Landowner shall install the park and ride spaces at the time of development of the parcel on which the park and ride lot is located. Park and ride lots shall be located proximate to bus stop locations. Park and ride lots shall allow for exclusive daily weekday parking between the hours of 6:30am and 6:30pm. City may consider fewer park and ride spaces on Parcels DF-40 and KT-41 if a future analysis submitted by Landowner(s) of the respective parcels, on their own or jointly, is accepted by City indicating that fewer park and ride spaces than specified in this Section 3.5.21 suffice. Any such reduction in the number of park and ride spaces shall not require an amendment to this Agreement.
Department	Alternative Transportation
Status	Not completed yet – Ongoing Obligation
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Ongoing Obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.3
Title	Access to Manholes

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

Section	3.7.2
Title	Groundwater Wells
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations. The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.4
Title	Periodic Confirmation of Water Conservation Goal
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this section and the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system. In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities, which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	(iii) City shall impose a charge for recycled water of \$20sewer EDU month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV". The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing Obligation
Section	3.12
Title	Parks and Open Space
Obligation	Landowner shall dedicate to City a total of 11.8 acres of active park land and 22.2 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 11.8 acres of active neighborhood parkland and 22.2 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 4.2-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel KT-51; 2. A 7.6-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel KT-52; 3. A 17.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel KT-80B; and;

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	4. A 4.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel KT-81. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Not formed yet – Ongoing Obligation
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Not constructed yet – Ongoing Obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	No District formed yet – Ongoing Obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

Status	Ongoing Obligation
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner hall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.10
Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following three parcels: 1. A 17.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel KT-80B; and; 2. A 4.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fuel breaks), and preservation of wetland habitat and open space, shown as Parcel KT-81.
Department	Engineering Division and Parks Department
Status	Ongoing Obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Engineering Division, Open Space Division and Environmental Coordinator
Status	Ongoing Obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks,

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Ongoing Obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit , to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division and School Districts
Status	Ongoing Obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing Obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit , as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing Obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing Obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	District Formed – Ongoing Obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280 . The Public Benefit Fee for each high density residential unit shall be \$ 845 . Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	District Formed – Ongoing Obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing Obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing Obligation as construction occurs
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	the provision of library facilities.
Department	Library Department
Status	Ongoing Obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing Obligation
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing Obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still.
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still.
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation Amendment # 2 – Ord. #6486
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following:

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	(a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments}, shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) Bonds proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium or high density residential dwelling units: (1) City Wide Park Fee (Section 3.12.4) (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4.52); (3) Public Benefit Fee (Section 3.14.3)- City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amount for MDR or HDR units determined by City), per residential unit shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the SVSP. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above
--	--

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	subsections (1), (2), and (3) are required by City for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee being likewise deferred to payment from bond sale proceeds commencing in the year 31 timeframe, then such amount per residential unit deferred for the Tier II Traffic Fee shall reduce dollar for dollar the above referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17.1.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31 timeframe, City shall within the rate and method for Project CFD(s) provided for in Section 3.17 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City-Wide park improvements from the pay-as-you-go financing over a period starting in year 10 of the Project CFD(s), up to \$100 per residential unit per year for 5 years, provided, however, that City constructs City-Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31 timeframe shall be reduced by \$500 per unit to account for the additional pay-as-you-go revenues required by City. Each Participating Owner shall only be responsible for its pro-rata share of special taxes as set forth in the rate and method for the Project CFD(s). Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the SVSP desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2 (i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2 (i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless an SVSP property owner desires to pay such fees at the time of issuance of building permit(s). (j) For the Second Amendment Property, the previous fee deferral provisions of this subsection are hereby deemed null and void and the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be fifty percent (50%) of the SPRTA Tier II Traffic Fee pursuant to the terms and conditions of the Tier II Development Fee Deferral Program and one hundred percent (100%) of the City-Wide Park Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units. The amount of the SPRTA Tier II Traffic Fee deferral provided by this Section shall be adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted. The amount of the City-Wide Park Fee deferral provided by this Section shall be adjusted as the City-Wide Park Fee may be subsequently adjusted pursuant to Section 3.12.4 of the Development Agreement."
Department	Finance Department
Status	District formed with future annexation area to be annexed in still. Ongoing maintenance obligation funded by District's levy.
Section	3.17.1.3

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still.
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	Ongoing Obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing Obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non- residential land uses.
Department	Finance Department
Status	Annexed into Sierra Vista CFD No. 2
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	Annexed into Sierra Vista CFD No. 2
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created

Development Agreement Implementation Matrix**

	wetlands;
3.19.2.10	Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection;
3.19.2.11	Maintain fire breaks within open space areas;
3.19.2.12	Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and
3.19.2.13	Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	Ongoing maintenance obligation funded by District's levy
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Ongoing Obligation
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Parcels will be levied as they develop.
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing Obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing Obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing Obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable

Development Agreement Implementation Matrix**

	quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing Obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road.

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing Obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP")

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review
--	---

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final
--	---

Development Agreement Implementation Matrix**

	small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing Obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan

Sierra Vista Specific Plan - Baseline P&R, LLC Development Agreement Implementation Matrix

	Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing Obligation
Section	4.2.7.1
Title	Additional Reimbursement from Certain Urban Reserve Property
Obligation	In addition to reimbursement for planning and environmental review costs set forth in Section 4.2.7, Landowner is entitled to reimbursement for the portion of the Plan Area's planning and environmental costs incurred by the owner of a portion of APNs 017-150-001 and 017-150-011 (the "Placer 2780 Property") from the owner of APNs 017-150-002, 017-150-019, 017-150-023 and 017-150-025 (the "Richland Property"), prior to said latter owner's withdrawal from the Specific Plan, in the amount of \$241,708. The withdrawal of the Richland Property caused the Specific Plan to be modified in such a way as to require deletion of the Placer 2780 Property from the Specific Plan. Prior to deleting the Placer 2780 Property from the Specific Plan, the owner of the Placer 2780 Property incurred said \$241,708 in planning and environmental costs. City shall use its best efforts to require payment of such reimbursement by the owner of the Richland Property to Placer 2780, LLC, at the time the owner of the Richland Property files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of payment of such costs from the owner of the Richland Property, City shall pay the funds so received to Placer 2780, LLC. If for any reason City is not able to collect such reimbursement at the time that the owner of the Richland Property files an application for any land use entitlements on its property, then City shall use its best efforts to condition such reimbursement be paid upon the effective date of any such land use entitlements. Said reimbursement shall be personal to Placer 2780, LLC and shall not run with the land, unless Placer 2780, LLC notifies City in writing that it has assigned its right to such reimbursement.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing Obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering Division
Status	Ongoing Obligation
Section	4.8.2.1
Title	Infrastructure Fee Allocation Amendment # 2 – Ord. #6486
Obligation	The Second Amendment Property was previously subject to two separate development agreements and assessed two separate fees under the Sierra Vista Specific Plan Fee Program. In the interests of proportionally allocating the fee called for under the Sierra Vista Fee Program, the infrastructure fee shall be allocated as follows: 4.8.2.1.1 Commercial Development. The fee allocated to the commercial development of KT 40B and KT 40C shall be based upon the proportional share of remaining

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	infrastructure obligation determined by acreage and allocated per the following table: <table><tr><td>Parcel</td><td>Acreage</td><td>Percent Allocation</td></tr><tr><td>KT 40B</td><td>2.77/6.17</td><td>45%</td></tr><tr><td>KT 40C</td><td>2.77/6.17</td><td>55%</td></tr></table> The remaining infrastructure obligations called for under the Development Agreement multiplied by the above infrastructure fee percentage allocation table equals the parcel infrastructure fee obligation ("Parcel Infrastructure Fee Obligation"). The above fee allocation will be collected at building permit issuance as follows: 1. If the building permit is for total acreage of either KT- 40B or KT-40C, City will verify that there is no reduction in density, or calculate shortfall payment amount, as applicable. 2. If the building permit is for a portion of acreage of either parcel KT-40B or KT-40C, City will determine percent of land area applicable to application and apply percentage to Parcel Infrastructure Fee Obligation. If one or more structures on a single parcel have more than one building permit, the City may request Parcel Infrastructure Fee Obligation for the entire parcel with the first building permit within such parcel. At the City's discretion, the Parcel Infrastructure Fee Obligation could be allocated proportionally to all planned buildings on a parcel pro rata by building square footage to each building as compared to the building square footage from all buildings on a parcel. Landowner may transfer fee credits, as available and as directed by the Constructing Owner (as defined by Exhibit JJ hereto), to reduce the amount of fees payable. 4.8.2.1.1 Residential Development. The total fee allocated to the residential development on KT-40A, KT-40B, and KT-40C shall be paid proportionally across the first 163 building permits issued.	Parcel	Acreage	Percent Allocation	KT 40B	2.77/6.17	45%	KT 40C	2.77/6.17	55%
Parcel	Acreage	Percent Allocation								
KT 40B	2.77/6.17	45%								
KT 40C	2.77/6.17	55%								
Department	Finance/Building									
Status	Ongoing Obligation									
Section	5.2									
Title	Annual Review									
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement.									

**Sierra Vista Specific Plan - Baseline P&R, LLC
Development Agreement Implementation Matrix**

	In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.6
Title	Affordable Housing
Obligation	Landowner shall develop or cause ten percent (10%) of the total residential units which are actually constructed to be developed as affordable housing.
Department	Housing Department
Status	Affordable units not designated for this property. Units being developed in other areas of SVSP. No affordable housing obligations
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee , apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.
Department	Engineering Division, Open Space Division and Environmental Coordinator
Status	Obligation Complete – \$320.00 paid
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.
Department	Engineering Division
Status	Obligation Completed
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation. The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Department	Environmental Utilities Department
Status	Obligation complete – PCWA chose not to participate in Baseline or Santucci design.
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Engineering Division, Open Space Division, and Environmental Coordinator
Status	Obligation Complete

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.
Department	Planning Division
Status	Ongoing Obligation
Section	2.2

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Title	Vested Entitlements
Obligation	Low Density Residential: 62 units on 12.4 net acres Community Commercial/Commercial Mixed use: 5.2 net acres Park: 39.9 net acres Open Space: 17.9 net acres Other Public: .3 net acres Right of Way: 4.1 net acres
Department	Planning Division
Status	Ongoing Obligation
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division, Open Space Division and Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Department	Engineering Division, Open Space Division and Finance Department
Status	Finance: District formed. Ongoing Obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Planning Division, Open Space Division and Finance Department
Status	Finance: District formed. Ongoing Obligation
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing Obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City.
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	Engineering Division and City Attorney
Status	Attorney: Evaluation done at time of conveyance. Ongoing obligation.

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation.

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Improvement plans are being conditioned – Ongoing Obligation.
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Improvement plans and map are being conditioned – Ongoing Obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymment Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also
--	--

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on
--	---

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner' s Property, for all DUEs on Landowner' s Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing Obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing Obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing Obligation
Section	3.5.6.1

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing Obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner' s Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Department	Engineering Division and Public Works Department
Status	Ongoing Obligation
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map , apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.5.13
Title	City-County Fee
Obligation	3.5.13 City-County Fee. Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing Obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound)

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner's Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier IA West Leg: No change from Tier IA North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the
--	---

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N/A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	• Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division and Public Works Department
Status	Ongoing Obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Department	Environmental Utilities
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – ongoing Obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans are being conditioned – Ongoing Obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	third party.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.2
Title	Groundwater Wells
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations. The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.4
Title	Periodic Confirmation of Water Conservation Goal
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-wide water conservation goals, the SVSP Area shall not

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.5
Title	Public Utility Easements

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this section and the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system. In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities, which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows:

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	(i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.4

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Department
Status	Ongoing Obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.11.5
Title	Streetlights

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing Obligation
Section	3.12
Title	Parks and Open Space
Obligation	Landowner shall dedicate to City a total of 39.9 acres of active park land and 17.9 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation (Parks/Alt Trans)
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 39.9 acres of active Citywide Parkland, 17.9 acres open space. The following park parcel, open space paseo parcel, and three open space parcels shall be dedicated to City as described below: 1. A 39.9 acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel KT-50; and 2. A 17.9-acre, more or less, portion of the Property for the purpose of drainage, flood control, bike trails, fuel modifications (i.e. fire breaks) and preservation of wetland habitat and open space, shown as Parcel KT-80A. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing Obligation

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Not formed yet – Ongoing Obligation
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing Obligation

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Not constructed yet – Ongoing Obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing Obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1 bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.10

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following parcel: 1. A 17.9-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel KT-80A.
Department	Engineering Division and Parks Department
Status	Ongoing Obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Ongoing Obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering Division and School Districts
Status	Ongoing Obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing Obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	Tax at issuance of building permit , as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing Obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing Obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Finance: District formed. Ongoing Obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280 . The Public Benefit Fee for each high density residential unit shall be \$ 845 . Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Finance: District formed. Ongoing Obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing Obligation.
Section	3.14.5

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing Obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing Obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing Obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00 . The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Status	Obligation Due \$95.87
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing Obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed – Ongoing Obligation
Section	3.17.1.1

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed – Ongoing Obligation
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments}, shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds.

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	(i) Bonds proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium or high density residential dwelling units: (1) City-Wide Park Fee (Section 3.12.4) (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4.52); (3) Public Benefit Fee (Section 3.14.3). City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amount for MDR or HDR units determined by City), per residential unit shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the SVSP. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above subsections (1), (2), and (3) are required by City for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee being likewise deferred to payment from bond sale proceeds commencing in the year 31timeframe, then such amount per residential unit deferred for the Tier II Traffic Fee shall reduce dollar-for-dollar the above- referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17.1.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31timeframe, City shall within the rate and method for Project CFD(s) provided for in Section 3.17 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City-Wide park improvements from the pay-as-you-go financing over a period starting in year 10 of the Project CFD(s), up to \$100 per residential unit per year for 5 years, provided, however, that City constructs City-Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31timeframe shall be reduced by \$500 per unit to account for the additional pay-as-you-go revenues required by City. Each Participating Owner shall only be responsible for its pro-rata share of special taxes as set forth in the rate and method for the Project CFD(s). Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the SVSP desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2 (i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the
--	---

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2 (i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless an SVSP property owner desires to pay such fees at the time of issuance of building permit(s).
Department	Finance Department
Status	District formed Ongoing Obligation
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	Ongoing Obligation
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	District formed - Ongoing Obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing Obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	Ongoing Obligation
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	District formed Ongoing Obligation
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open

Development Agreement Implementation Matrix**

	Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created wetlands; 3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection; 3.19.2.11 Maintain fire breaks within open space areas; 3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	District formed - Ongoing Obligation
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Ongoing Obligation
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units,\$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	special taxes.
Department	Finance Department
Status	Land has not been annexed into CFD 3 yet - Ongoing Obligation
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing Obligation
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing Obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing Obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing Obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing Obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses.

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual
--	---

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

	single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric and Housing Department
Status	Ongoing Obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City.
--	---

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City

Sierra Vista Specific Plan - Baybrook Limited Partnership Development Agreement Implementation Matrix

	shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set- Aside Fund by segment.
Department	Engineering Division
Status	Ongoing Obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing Obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering Division
Status	Ongoing Obligation
Section	5.2

**Sierra Vista Specific Plan - Baybrook Limited Partnership
Development Agreement Implementation Matrix**

Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

Amendment #1	February 3, 2021	6322
--------------	------------------	------

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.6.2.2
Title	Required Agreement Amendment #1 - 6332
Obligation	Prior to recordation of the small lot tentative subdivision map for SVSP Large Lot Parcel DF-20, the parties shall enter into City's then current form Affordable Rental Housing Agreement (or other applicable City- approved form) for such residential rental units affordable to low income and very low income households, which shall identify the obligation to produce and deliver the applicable number of rental units affordable to very low or low income households to be provided by such Affordable Parcel. The term of the Agreement shall require the affordable units to be rented only to qualified affordable households for a period of fifty-five (55) years, commencing on the date of issuance of a certificate of occupancy for each affordable unit. Specific requirements of the agreement will be determined by the Economic Development Director or his/her designee.
Department	Housing Department
Status	Obligation Complete
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee , apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.
Department	Engineering Division and Environmental Coordinator
Status	Obligation Complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities Department
Status	Obligation Complete – PCWA chose not to participate in Baseline and Santucci design.
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation. The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement Shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created wetlands; 3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection; 3.19.2.11 Maintain fire breaks within open space areas; 3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including the structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops and bus signs
Department	Finance
Status	Obligation complete. Ongoing maintenance obligation funded by District's levy

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.
Department	Planning Division
Status	Ongoing Obligation
Section	2.2
Title	Vested Entitlements
Obligation	Low Density Residential: 117 units on 23.5 net acres Medium Density Residential: 113 units on 14.5 net acres Community Commercial: 82.1 net acres Park: 1.8 net acres Open Space: 26.3 net acres Open Space (paseo): 2.3 net acres Right of Way: 9.7 net acres
Department	Planning Division
Status	Ongoing Obligation

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Section	2.2.1
Title	Property Specific Development Standards Amendment # 1 – Ord. 6332
Obligation	At Landowner's option, either the Residential Single Family/Development Standards {RS/DS} attached hereto as Exhibit "E-1" or the RS/DS standards set forth in the Specific Plan shall apply to the Medium Density Residential designated parcels in the Property.
Department	Planning Division
Status	Ongoing Obligation
Section	2.6
Title	Affordable Housing Amendment # 1 – Ord. 6332
Obligation	Landowner shall develop or cause ten percent of the total residential units which are actually constructed to be developed as affordable housing. Landowner shall provide 5 units to middle income households. Consistent with the goals and policies contained in City's General Plan and the Specific Plan, and subject to the provision by Landowner of affordable housing elsewhere within the Specific Plan as described below and the other terms of this Agreement, Landowner shall develop or cause ten percent {10%} of the total residential units which are actually constructed within its Property to be developed as affordable housing. In accordance with the terms of this Section and subject to adjustment based on actual development, Landowner shall provide twenty-two (22) units affordable to very low, low, and middle-income households. The breakdown of percentage of the total number of affordable units to the different income levels shall be 40% for very low, 40% for low, and 20% for middle-income households. This includes nine (9) units affordable to very low-income households, nine {9} units affordable to low-income households, and four (4) units affordable to middle-income households. Any adjustment based on actual development shall be subject to the approval of the City Manager or his/her designee. The term "very low income" means households earning 50% or less of median income, "low income" means households earning 50% to 80% of median income, and "middle income" means households earning 80% to 100% of median income, as published annually by the U.S. Department of Housing & Urban Development {"HUD"}. Income eligibility and asset verification and calculation guidelines shall be determined in accordance with the HUD Handbook 4350.3 Chapter 5. For each of the household income ranges specified herein, household income at the upper limit of the specified ranges shall be used in determining qualifying sales prices for affordable purchase residential units. Qualifying rents for affordable rental residential units may be calculated at the upper range of the specified income levels, if no City subsidy is provided or other restrictions are placed on the properties due to the type of financing secured by the ultimate developer of the Parcel. Unless a City subsidy is provided, as set forth in Section 2.6.2.4 below, or other restrictions are placed on the Parcel due to the type of financing secured by the ultimate developer of the Parcel, qualifying rents for affordable rental residential units shall be based on the upper limit of specified income levels. However, subject to the requirements of Section 2.6.2.4 below, based on the amount and types of subsidies necessary to develop affordable housing, the qualifying rents may be calculated based on a mid-range or the lower-end of the income ranges cited herein. Locations of affordable housing sites, other than single-family affordable purchase residential units, are shown in the Specific Plan and Exhibits "F" and "F-1". Such locations may be modified pursuant to Section 2.6.1.4 of this Agreement.

Development Agreement Implementation Matrix**

Title	Multi Family Affordable Rental Units – Affordable Obligation Amendment # 1 – Ord. 6332
Obligation	In satisfaction to the property's obligation to provide housing to nine (9) low income and nine (9) very low income households, landowner agrees that for any residential purchase units constructed on Parcel DF-20 that include a carriage unit/expanded living area located over a residential purchase unit's garage, which carriage unit may be accessible through a walkway and gate or through an alley, landowner shall deed restrict such carriage units. Units shall be leased to either low income or very low income households to the following terms: (i) All residential purchase units on Parcel DF-20 constructed to include Carriage Units shall have a recorded deed restriction against any such residential purchase units regarding the allowance and restriction that any lease of the Carriage Units shall be to very low income households; (ii) The number of residential purchase units on Parcel DF-20 with such deed restriction shall be 2.5 times the number of affordable rental units assigned to Parcel DF-20 for which affordable housing on Parcel DG-20 is credited. By way of example, if credit for 10 affordable rental units is given to Parcel DF-20, then Parcel DF-20 would need to have a minimum of 25 residential purchase units with the deed restriction described herein; (iii) Separate electric meters shall be installed on Carriage Units which are to be given affordable housing credit; and (iv) No additional development impact fees shall be required of a residential purchase unit for a Carriage Unit above such fees normally collected for issuance of building permit for a residential purchase unit, though development impact fees based on square footage for the residential purchase unit shall include the square footage of such Carriage Unit. In satisfaction of the Property's obligation to provide housing to nine (9) low income and nine (9) very low income households, Landowner agrees that eighteen (18) affordable rental units will be provided within the Infill Area of the City, as further identified in Exhibit "F-1"
Department	Housing Department
Status	Ongoing Obligation
Section	2.6.2.3
Title	Transfer/Satisfaction of Obligation Amendment # 1 - 6332
Obligation	At the request of Landowner, the affordable rental housing obligation (or any portion thereof), including any excess affordable rental units committed to by Landowner above its allocated affordable rental housing obligation hereunder, may be transferred, with the consent of the City Manager or his/her designee, from one Parcel to another parcel within the Specific Plan or elsewhere in the Infill Area of the City's General Plan, as identified in Exhibit "F-1", subject to the approval of the owner(s) of both the transferring and receiving parcels. No such transfer shall require an amendment to this Agreement, but City and Landowner and the owner(s) of the receiving parcels shall execute an instrument memorializing such transfer of obligation that shall be recorded against the affected parcels, with reference to this Agreement.
Department	Housing Department

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Status	Ongoing Obligation
Section	2.6.2.4
Title	No City Subsidies Amendment # 1 - 6332
Obligation	Landowner agrees to provide all of the rental units without any subsidy from the City. Landowner hereby waives any claims, suits, or actions against the City on account of or arising from the Costa-Hawkins Rental Housing Act, California Civil Code Sections 1954.50 etseq. ("CHRHA"). Furthermore, the parties hereby acknowledge and agree that, without limitation, the Project entitlements, permits, or approvals have conferred upon the Landowner and/or the Project either a direct financial contribution or other form of assistance pursuant to Section 1954.52(b) of the CHRHA.
Department	Housing Department
Status	Ongoing Obligation
Section	2.6.2.5
Title	Community Facilities Districts Amendment # 1 – Ord. 6332
Obligation	The City Manager or his/her designee shall maintain a list of low and very low-income affordable rental units for each Parcel which is subject to a Regulatory Agreement (or applicable City-approved form) and, on or about May 1 of each calendar year, shall send a copy of such Regulatory Agreement(s) to the City Finance Director. In reliance thereon, the Finance Director shall, to the extent allowed by law, if and when a Community Facilities District is formed encompassing the Property, set the applicable special tax for such Parcel at a level described in the rate and method for said Community Facilities District.
Department	Housing Department
Status	Ongoing Obligation
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division, Opens Space Division and Environmental Coordinator
Status	Ongoing Obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Department	Engineering Division and Finance Department
Status	Finance: Ongoing Obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Planning Division, Open Space Division and Finance Department
Status	Finance: Ongoing Obligation
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing Obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City. Ongoing Obligation.
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney
Status	Attorney: Evaluation done at time of conveyance. Ongoing Obligation.

Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.
Department	Engineering Division
Status	Ongoing Obligation

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing Obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing Obligation

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Section	3.5.2
Title	Arterial Roadways Amendment # 1 – Ord. 6332
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement,

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner' s Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner' s Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymont Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymont Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymont Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymont Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymont Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymont Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymont Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymont Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. Fiddymont Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymont Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental
--	--

Development Agreement Implementation Matrix**

	permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in three phases in accordance with Revised Exhibit "H". Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive {excluding construction of Upland Drive itself). The northern segment of Fiddymment Road Frontage Improvements has already been constructed. The middle segment of Fiddymment Road Frontage Improvements adjacent to JM-85 and JM-21 will be triggered when JM-21 develops. As part of the middle segment, a traffic signal will be required at the intersection of Fiddymment Road and Westlake Drive in accordance with Revised Exhibit "K". The southern segment of Fiddymment Road Frontage Improvements adjacent to DF-42 will be triggered when DF-42 develops. If the southern section develops first, the developer of DF-42 must construct the signal at the San Fernando intersection, in addition to their Fiddymment Road Frontage Improvements. Additionally, within four (4) years of recordation of this First Amendment, the developer of the southern segment of Fiddymment Road Frontage Improvement shall enter into a Deferred Improvement Agreement (DIA) for the southern segment of Fiddymment Road Frontage Improvements. At five (5) years from the recordation of this First Amendment, the City in its sole discretion may require the developer of DF-42 to complete the southern segment of the Fiddymment Road Frontage Improvements. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional
--	--

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division

Development Agreement Implementation Matrix**

Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.3.1
Title	Upland Drive
Obligation	The design of Upland Drive adjacent to Parcels DF-41 and DF-42 shall be determined with the subsequent Major Project Permit for the development of those parcels. The potential locations for street improvements to control speed and/ or improve vehicle turning movements shall be determined at the time of approval of any Major Project Permit on those parcels. The costs to accommodate such improvements will be the responsibility of the Landowner.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.3.2
Title	Bus Transfer Station
Obligation	The design and location of the bus transfer station on Parcel DF-40 shall be determined with the subsequent Major Project Permit for that parcel (or another Major Project Permit including that parcel). The bus transfer station will include bus turnouts and shelters and bike lockers to accommodate the bus transfer center requirements as determined by the City at the time of approval of any Major Project Permit including Parcel DF-40. Landowner shall maintain the bus transfer station with reimbursement from the Public Services CFD as defined in Section 3.19 of this Agreement. The access road for the bus transfer station on Parcel DF-40 shall be a public street designed and constructed to City standards from Market Street to the intersection with Baseline Road. The LLM prepared for the entire Plan Area as discussed in Section 3.3.1 above shall include a roadway easement and necessary public utility easements/landscape easements (PUE/LSE) from Parcel CG-82 to connect Parcel DF-40 to Market Street.
Department	Alternative Transportation
Status	Preliminary design approved; bus transfer station has not been constructed yet (Alt Trans). Ongoing Obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	3.5.4.1 Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	<u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFO or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing Obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing Obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing Obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing Obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner' s Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.9

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.12
Title	Transit Master Plan Funding

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map , apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing Obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner' s Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier IA West Leg: No change from Tier IA North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	permit, City shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N I A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes
--	--

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division and Public Works Department
Status	Ongoing Obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.5.21
Title	Park and Ride Lots
Obligation	Fifty (50) park and ride spaces shall each be provided by the respective Participating Owner on Parcels DF-40 and KT-41. Such park and ride spaces shall be included in addition to the parking required for the applicable underlying land use if required by City's Zoning Code. Landowner shall install the park and ride spaces at the time of development of the parcel on which the park and ride lot is located. Park and ride lots shall be located proximate to bus stop locations. Park and ride lots shall allow for exclusive daily weekday parking between the hours of 6:30am and 6:30pm. City may consider fewer park and ride spaces on Parcels DF-40 and KT-41 if a future analysis submitted by Landowner(s) of the respective parcels, on their own or jointly, is accepted by City indicating that fewer park and ride spaces than specified in this Section 3.5.21 suffice. Any such reduction in the number of park and ride spaces shall not require an amendment to this Agreement.
Department	Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.6.1
Title	Master Wastewater Plan

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.6.6

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.2
Title	Groundwater Wells
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations. The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.4
Title	Periodic Confirmation of Water Conservation Goal
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing Obligation

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing Obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this section and the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system. In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities, which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing Obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.11
Title	Electric

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing Obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established:

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing Obligation
Section	3.12
Title	Parks, Open Space and Bike Trails

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	Landowner shall dedicate to City a total of 1.8 acres of active park land and 28.57 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation (Alt Trans), not constructed yet
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 1.8 acres of active neighborhood parkland, 2.27 acres open space paseo and 26.3 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 1.8-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel DF-50; 2. A 0.61-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel DF-70; 3. A 1.24-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel DF-71; 4. A 0.42-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel DF-72; 5. A 21.6-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel DF-80; and 6. A 5.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel DF-81. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2
Title	Financing for Parks

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Ongoing Obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing Obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing Obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1 bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing Obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing Obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.12.10
Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following three parcels: 1. A 12.6-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel DF-80; and; 5.5.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fuel breaks), and preservation of wetland habitat and open space, shown as Parcel DF-81.
Department	Engineering Division and Parks Department
Status	Not dedicated yet – Ongoing Obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Open Space Division, Engineering Division and Environmental Coordinator
Status	Not dedicated yet – Ongoing Obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Not constructed yet – Ongoing Obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Department	Engineering, Building Division and School Districts
Status	Ongoing Obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing Obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit, as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing Obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing Obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing Obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280. The Public Benefit Fee for each high density residential unit shall be \$ 845. Pursuant to

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Finance: Ongoing Obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing Obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing Obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing Obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing Obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$916.78
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing Obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	Ongoing Obligation. District formed with future annexation area still to be annexed in
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	Ongoing Obligation
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments), shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	(d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) Bonds proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium or high density residential dwelling units: (1) City-Wide Park Fee (Section 3.12.4) (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4.52); (3) Public Benefit Fee (Section 3.14.3). City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amount for MDR or HDR units determined by City), per residential unit shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the SVSP. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above subsections (1), (2), and (3) are required by City for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee being likewise deferred to payment from bond sale proceeds commencing in the year 31timeframe, then such amount per residential unit deferred for the Tier II Traffic Fee shall reduce dollar-for-dollar the above- referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17.1.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31timeframe, City shall within the rate and method for Project CFD(s) provided for in Section 3.17 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City-Wide park improvements from the pay-as-you-go financing over a period starting in year 10 of the Project CFD(s), up to \$100 per
--	--

Development Agreement Implementation Matrix**

	residential unit per year for 5 years, provided, however, that City constructs City-Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31 timeframe shall be reduced by \$500 per unit to account for the additional pay-as-you-go revenues required by City. Each Participating Owner shall only be responsible for its pro-rata share of special taxes as set forth in the rate and method for the Project CFD(s). Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the SVSP desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2 (i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2 (i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless an SVSP property owner desires to pay such fees at the time of issuance of building permit(s).
Department	Finance Department
Status	Ongoing Obligation District formed with future annexation area still to be annexed in
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	Ongoing Obligation
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	Ongoing Obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing Obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	Ongoing Obligation. Ongoing maintenance obligation funded by District's levy
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	Ongoing Obligation Annexed into Sierra Vista CFD No. 2
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Status	Ongoing Obligation
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units, \$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance Department
Status	Land not annexed into CFD No. 3 yet. Ongoing Obligation funded by District's levy
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing Obligation, will levy parcels as they are developed
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing Obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing Obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing Obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department

Development Agreement Implementation Matrix**

Status	Ongoing Obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement.

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing Obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing Obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be
--	--

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs
--	--

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

	allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing Obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing Obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division

**Sierra Vista Specific Plan - DF Properties, Inc.
Development Agreement Implementation Matrix**

Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing Obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering Division
Status	Ongoing Obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

**Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee, apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.
Department	Engineering Division and Environmental Coordinator
Status	Obligation Complete
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.
Department	Engineering Division
Status	Obligation Complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City.
Department	Engineering Division
Status	Obligation Complete
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities
Status	Obligation Complete – PCWA chose not to participate in the Baseline or Santucci design
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation. The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement Shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.
Department	Planning Division
Status	Ongoing obligation
Section	2.2
Title	Vested Entitlements Amendment #1 – Ord. #6196 Amendment #2 – Ord. #6335
Obligation	Low Density Residential: 225 units on 45.0 net acres Medium Density Residential: 359 units on 39.9 net acres Community Commercial/Commercial Mixed use: 40 units on 5.7 net acres Park: 2.3 net acres Open Space: 1.2 net acres Schools: 12.0 net acres Right of Way: 16.5 net acres Mourier Investments Amendment #1 Low Density Residential: 230 units on 45.0 net acres Medium Density Residential: 322 units on 39.9 net acres Community Commercial/Commercial Mixed use: 40 units on 5.7 net acres Park: 2.3 net acres Open Space: 1.2 net acres Schools: 12.0 net acres Right of Way: 16.5 net acres Amendment #2 Medium Density Residential: 35 units on 5.65 Net Acres Right of Way: 1.2 Net Acres
Department	Planning Division
Status	Ongoing obligation
Section	2.6

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Title	Affordable Housing
Obligation	Consistent with the goals and policies contained in City's General Plan and the Specific Plan, and subject to the provision by Participating Owners of affordable housing elsewhere within the Specific Plan, ten percent (10%) of the total residential units which are actually constructed within the Specific Plan are to be developed as affordable housing.
Department	Housing Department
Status	Obligation being developed in the Specific Plan.
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Open Space Division, Environmental Coordinator and Engineering Division
Status	Ongoing obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Finance: District formed – Ongoing obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Open Space Division, Planning Division and Finance Department
Status	Finance: District formed – Ongoing obligation
Section	2.7.5

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City.
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation:

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows:

**Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates
Development Agreement Implementation Matrix**

	(a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of
--	---

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of
--	---

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner' s Property, for all DUEs on Landowner' s Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	of subdivision improvement bonds, issuance and sale of bonds by the CFO or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation.
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City,

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymint Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner' s Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier IA West Leg: No change from Tier IA
--	---

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N I A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Groundwater Wells Amendment #2 – Ord. #6335
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations. The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well. Amendment #2 Last paragraph added: Notwithstanding the foregoing, if the City adopts a revised water connection fee which is uniformly applied on a City-wide basis and encompasses the costs of the Well Construction Requirements, Landowner shall be relieved of the Well Construction Requirements set forth in this Section 3.7.2 so long as Landowner pays the applicable fee.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.4
Title	Water Conservation Goal Amendment #2 – Ord. #6335
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project.

**Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates
Development Agreement Implementation Matrix**

	Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein. The City has determined, and Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of sources currently used throughout the City; namely, surface water contracts with federal and local agencies and the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water for the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. With the implementation of the City's Advanced Metering Infrastructure ("AMI") system, the City will have the ability to monitor potable water consumption on a near real term basis. If the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands. In the event that the City adopts a City-Wide requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymont Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymont Road to Santucci

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this Section, the Phasing Plan, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase,

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30-/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU /month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. Landowner shall construct recycled water system facilities as provided in this Section 3.9 and the Phasing Plan in Section 3.3, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other "landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water distribution system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the WRSP as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the WRSP recycled water system as part of the construction of the recycled water tank(s) and pump station expansion on City property in the WRSP. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU/month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City- shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. If City adopts a revised water connection fee (which is uniformly applied on a City-wide basis and encompasses the estimated \$5.3 million for the Recycled Water Facilities described in this Section 3.9), Landowner shall not be responsible for the payment of the estimated \$5.3 million pro-rata share of the cost of the Recycled Water Facilities, except through the payment of the City's recycled water connection fee, or City's revised water connection fee if a recycled water connection fee is embedded into City's revised water connection fee, or any special benefit fees as may be applicable to the Project to fund the Recycled Water Facilities.

Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device.

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing obligation
Section	3.12
Title	Parks, Open Space and Bike Trails
Obligation	Landowner shall dedicate to City a total of 2.3 acres of active park land and 1.18 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans) not constructed yet
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 2.3 acres of active neighborhood parkland and 1.18 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 2.3-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel MF-50 (partial); 2. A .26-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel JM-70; 3. A .32-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel JM-72;and; 4. A 0.6-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel JM-73 (partial). Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Status	Not constructed yet – Ongoing obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Not constructed yet – Ongoing obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1 bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%.

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the

Status	Not constructed yet – Ongoing obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit , to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division, City Attorney and School Districts
Status	Ongoing obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit, as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Fee for each low density and medium density residential unit shall be \$ 1,280. The Public Benefit Fee for each high density residential unit shall be \$ 845. Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Finance: District formed – Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51, JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51, KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$407.46
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed with future annexation area.
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation Amendment #1 – Ord. #6196
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments}, shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years.

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	(c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) For the First Amendment Property, the previous fee deferral provisions of this subsection are hereby deemed null and void and the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be fifty percent (50%) of the SPRTA Tier II Traffic Fee pursuant to the terms and conditions of the Tier II Development Fee Deferral Program and one hundred percent (100%) of the City-Wide Park Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units. The amount of the SPRTA Tier II Traffic Fee deferral provided by this Section shall be adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted. The amount of the City- Wide Park Fee deferral provided by this Section shall be adjusted as the City-Wide Park Fee may be subsequently adjusted pursuant to Section 3.12.4 of the Development Agreement.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	District formed – ongoing obligation
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	which the amount of assessment may vary.
Department	Finance Department
Status	District formed – ongoing obligation
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created wetlands; 3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection; 3.19.2.11 Maintain fire breaks within open space areas; 3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	District formed Ongoing obligation levied annually to cover cost of maintenance

Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units, \$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance Department
Status	Annexed into CFD 3
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing obligation-developed parcels will be levied
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities.

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.

Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for

**Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates
Development Agreement Implementation Matrix**

	reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E.

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such

Sierra Vista Specific Plan - Mourier Investments, LLC and Bagley & Associates Development Agreement Implementation Matrix

	benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under

Note: Map below indicates property governed by Landowners per the initial Development Agreements

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee , apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.

Department	Engineering Division and Environmental Coordinator
Status	Obligation Complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City
Department	Engineering Division
Status	Obligation Complete
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted. I do
Department	Engineering Division
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation Complete

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of-way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities Department
Status	Obligation Complete – PCWA chose not to participate in the Baseline or Santucci design
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation.

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete
Section	3.16
Title	Waiver
Obligation	In consideration of the benefits received pursuant to this Agreement, Landowner, on behalf of itself and its respective heirs, successors in interests and assigns, waives any and all causes of action which it might have under the ordinances of the City of Roseville or the laws of the State of California or the United States with regard to any otherwise uncompensated or under-compensated conveyance or dedication of land or easements over the Property or improvements that are specifically provided for in this Agreement that are required in conjunction with changes to this Agreement or the Specific Plan that are requested by Landowner, or that are logically implied by this Agreement. This waiver shall not apply to any conveyances or dedications of land or easements that are not specifically contained in this Agreement and are subsequently desired by the City.
Department	City Attorney
Status	This is not an obligation, but a contractual term. This can be removed from the list of obligations.

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.

Status	Ongoing obligation				
Section	2.6.1.5				
Title	In Lieu-Fee Affordable Housing				
Obligation	In the event City adopts a fee to be paid in lieu of constructing either rental or purchase housing affordable to middle, low or very low income households, landowner shall be eligible to pay such in lieu fee rather than construct affordable housing units.				
Department	Housing Department				

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Status	Ongoing obligation
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division, Environmental Coordinator and Open Space Division
Status	Ongoing obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Ongoing obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Open Space Division, Planning Division and Finance Department
Status	Ongoing obligation
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division/ Environmental Coordinator
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City. Ongoing obligation
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances not inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.
Department	Engineering Division
Status	Ongoing obligation
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in
--	---

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's
--	---

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFO or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.9

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.12
Title	Transit Master Plan Funding

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner' s Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier IA West Leg: No change from Tier IA North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building permit, City

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N I A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes

	One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Groundwater Wells
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations. The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well. Amendment #2 Final paragraph added: Notwithstanding the foregoing, if the City adopts a revised water connection fee which is uniformly applied on a City-wide basis and encompasses the costs of the Well Construction Requirements, Landowner shall be relieved of the Well Construction Requirements set forth in this Section 3.7.2 so long as Landowner pays the applicable fee.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.4
Title	Periodic Confirmation of Water Conservation Goal

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Amendment # 2 – Ord. #6336
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein. The City has determined, and Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of sources currently used throughout the City; namely, surface water contracts with federal and

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	local agencies and the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water for the Project are valid." However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. With the implementation of the City's Advanced Metering Infrastructure ("AMI") system, the City will have the ability to monitor potable water consumption on a near real term basis. If the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands. In the event that the City adopts a City-Wide requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9
Title	Recycled Water Facilities Amendment # 2 – Ord. # 6336

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	Landowner shall construct recycled water system facilities as provided in this Section, the Phasing Plan, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30 / sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20 / sewer EDU/ month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and
------------	--

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	(iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then C1.U Tent Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. Landowner shall construct recycled water system facilities as provided in this Section 3.9 and the Phasing Plan in Section 3.3, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water distribution system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the WRSP as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the WRSP recycled water system as part of the construction of the recycled water tank(s) and pump station expansion on City property in the WRSP. City costs, estimated-at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such
--	--

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU/month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. If City adopts a revised water connection fee (which is uniformly applied on a City-wide basis and encompasses the estimated \$5.3 million for the "Recycled Water Facilities" described in this Section 3.9), Landowner shall not be responsible for the payment of the estimated \$5.3 million pro-rata share of the cost of the Recycled Water Facilities, except through the payment of the City's recycled water connection fee, or City's revised water connection fee if a recycled water connection fee is embedded into City's revised water connection fee, or any special benefit fees as may be applicable to" the Project to fund the Recycled Water Facilities.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.

Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing obligation

Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing obligation
Section	3.12
Title	Parks, Open Space and Bike Trails
Obligation	Landowner shall dedicate to City a total of 8.3 acres of active park land and 16.88 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans/PRL)
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 8.3 acres of active neighborhood parkland, 0.88 acres open space paseo and 16.0 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 5.7-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel JMG-50 (partial); 2. A 2.6-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel JM-51; 3. A 0.88-acre, more or less, portion of the Property for the purposes of an open space paseo, shown as Parcel JM-71; 4. A 0.6-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-80; 5. A 6.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-81; 6. A 2.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-82;and 7. A 6.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-83. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.2
Title	Financing for Parks

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	(30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Not constructed yet – Ongoing obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department

Status	Ongoing obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non- reimbursable and non- creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.10

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following four parcels: 1. A 0.6-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-80; 2. A 6.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-81; 3. A 2.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-82; d 4. A 6.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-83.
Department	Engineering Division and Parks Department
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Engineering Division and Open Space Division
Status	No dedications as yet – ongoing obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Not constructed yet – ongoing obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division, City Attorney and School Districts
Status	Ongoing obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit, as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$1,280. The Public Benefit Fee for each high density residential unit shall be \$845. Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.10
Title	Ortho-photography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of ortho-photography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$173.77
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks,

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation Amendment #1 – Ord. 6195
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments}, shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) Bonds proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium or high density residential dwelling units: (1) City Wide Park Fee (Section 3.12.4) (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4.52); (3) Public Benefit Fee (Section 3.14.3). City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amount for MDR or HDR units determined by City), per residential unit shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the SVSP. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above subsections (1), (2), and (3) are required by City for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee being likewise deferred to payment from bond sale proceeds commencing in the year 31timeframe, then such amount per residential unit deferred for the Tier II Traffic Fee shall reduce dollar for dollar the above referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17.1.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31timeframe, City shall within the rate and method for Project CFD(s)
--	---

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	provided for in Section 3.17 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City-Wide park improvements from the pay-as-you-go financing over a period starting in year 10 of the Project CFD(s), up to \$100 per residential unit per year for 5 years, provided, however, that City constructs City-Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31 timeframe shall be reduced by \$500 per unit to account for the additional pay-as-you-go revenues required by City. Each Participating Owner shall only be responsible for its pro-rata share of special taxes as set forth in the rate and method for the Project CFD(s). Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the SVSP desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2 (i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2 (i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless an SVSP property owner desires to pay such fees at the time of issuance of building permit(s). Amendment #1 (i) For the First Amendment Property, the previous fee deferral provisions of this subsection are hereby deemed null and void and the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be fifty percent (50%) of the SPRTA Tier II Traffic Fee pursuant to the terms and conditions of the Tier II Development Fee Deferral Program and one hundred percent (100%) of the City-Wide Park Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units. The amount of the SPRTA Tier II Traffic Fee deferral provided by this Section shall be adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted. The amount of the City-Wide Park Fee deferral provided by this Section shall be adjusted as the City-Wide Park Fee may be subsequently adjusted pursuant to Section 3.12.4 of the Development Agreement.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still- Ongoing obligation
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still -Ongoing obligation
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	District formed with future annexation area to be annexed in still – Ongoing obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	District formed – Ongoing Obligation
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment phase O&M Plan and during Perpetual Monitoring per the Monitoring City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created wetlands; 3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection;

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	3.19.2.11 Maintain fire breaks within open space areas; 3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	District formed-Ongoing obligation of annual levy for ongoing maintenance costs.
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units, \$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance Department
Status	Annexed into CFD 3 – Ongoing obligation
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing obligation –developed parcels will be levied.
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing obligation

Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels.

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications.

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development
--	--

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

	agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set- Aside Fund by segment.
Department	Engineering Division
Status	Ongoing obligation
Section	4.2.7
Title	Specific Plan Fee

Sierra Vista Specific Plan - Mourier Investments and Computer Deductions Development Agreement Implementation Matrix

Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement.

**Sierra Vista Specific Plan - Mourier Investments and Computer Deductions
Development Agreement Implementation Matrix**

	In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

Note: Map below indicates property governed by Landowners per the initial Development Agreements

**Sierra Vista Specific Plan - Mourier Investments & Wealth Properties
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee, apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Department	Engineering Division and Environmental Coordinator
Status	Obligation Complete
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Department	Engineering Division
Status	Obligation Complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City.
Department	Engineering Division
Status	Obligation Complete
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation Complete

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of-way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities
Status	Obligation complete – PCWA chose not to participate in the Baseline or Santucci de
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation.

**Sierra Vista Specific Plan - Mourier Investments & Wealth Properties
Development Agreement Implementation Matrix**

	The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement Shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete
Section	3.20.2.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units, \$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance
Status	Annexed into CFD 3

Development Agreement Obligations Not Complete as of December 2023

Section	2.1
Title	Permitted Uses

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.
Department	Planning Division
Status	Ongoing obligation
Section	2.2
Title	Vested Entitlements Amendment #1 – Ord.6197
Obligation	Low Density Residential: 243 units on 47.8 net acres Park: 1.5 net acres Open Space: 25.6 net acres Open Space (paseo): 0.8 net acres Right of Way: 4.4 net acres
Department	Planning Division
Status	Ongoing obligation
Section	2.6
Title	Affordable Housing
Obligation	Consistent with the goals and policies contained in City's General Plan and the Specific Plan, and subject to the provision by Participating Owners of affordable housing elsewhere within the Specific Plan, ten percent (10%) of the total residential units which are actually constructed within the Specific Plan are to be developed as affordable housing.
Department	Housing Department
Status	Obligation to be developed in the Specific Plan
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division / Environmental Coordinator
Status	Ongoing obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division and Open Space Division
Status	Ongoing obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Finance: No District formed yet – Ongoing obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Open Space Division, Planning Division and Finance Department
Status	Finance: No District formed yet – Ongoing obligation
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division / Environmental Coordinator
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City. Ongoing obligation
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	• Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways Amendment #2 – Ord. 6323
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-foot of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of its the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases in accordance with Exhibit "H". Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also
--	---

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage improvements, that Participating Owner shall complete its Frontage improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in three phases in accordance with Revised Exhibit "H". Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself). The northern segment (Segment 1 as identified on Exhibit H) of the Fiddymment Road Frontage improvements has already been constructed. The middle segment (Segment 2 as identified on Exhibit H) of the Fiddymment Road Frontage Improvements adjacent to JM-85 and JM-21 will be triggered when JM-21 develops. As part of the middle segment, a traffic signal will be required at the intersection of Fiddymment Road and Westlake Drive in accordance with Revised Exhibit "K". Additionally, in the event the developer of JM-21 has not commenced construction of the middle segment by November 2021, the developer of JM-21 shall be required to enter into a Deferred improvement Agreement (DIA) with City for said segment no sooner than four (4) years after recordation of this Second Amendment. At five (5) years from the recordation of this Second Amendment, the City in its sole discretion may require the developer of JM-21 to complete the middle segment. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits
--	--

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	3.5.4.1 Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. 3.5.4.2 Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing obligation
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier 1A improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier 1A Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier 1A Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier 1A Improvements beyond Landowner' s Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier 1A Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier 1A Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier 1A West Leg: No change from Tier 1A North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier 1A All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier 1A Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier 1B Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier 1B Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier 1B Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N/A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier 1B Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier 1B Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound)
--	--

	North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
Department	Building and Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.1

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Groundwater Wells Amendment #2 – Ord. 6323
Obligation	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations shown on Exhibit "Q". The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring wells Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well. If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations shown in Exhibit "Q". The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below ("Well Construction Requirements"). To facilitate the drilling of the monitoring wells Landowner will provide City and its contractors access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1 000 feet of the well. Notwithstanding the foregoing, if the City adopts a revised water connection fee which is uniformly applied on a City-wide basis and encompasses the costs of the Well Construction Requirements, Landowner shall be relieved of the Well Construction Requirements set forth in this Section 3. 7 .2 so long as Landowner pays the applicable fee.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.4
Title	Periodic Confirmation of Water Conservation Goal Amendment #2 – Ord. 6323
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	Upon construction of the dwelling units in the Plan Area that cumulatively utilize 25% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein. The City has determined, and Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of sources currently used throughout the City; namely, surface water contracts with federal and local agencies and the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water for the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. With the implementation of the City's Advanced Metering Infrastructure ("AMI") system, the City will have the ability to monitor potable water consumption on a near real term basis. If the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands. In the event that the City adopts a City-Wide requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development
--	---

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.

Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9
Title	Recycled Water Facilities Amendment #2 – Ord. 6323
Obligation	Landowner shall construct recycled water system facilities as provided in this Section, the Phasing Plan, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30 / sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20 / sewer EDU/ month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then C.U.Tent Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. Landowner shall construct recycled water system facilities as provided in this Section 3.9 and the Phasing Plan in Section 3.3, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water distribution system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner

	and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. If City adopts a revised water connection fee (which is uniformly applied on a City-wide basis and encompasses the estimated \$5.3 million for the Recycled Water Facilities described in this Section 3.9), prior to the issuance of any building permits in the Project, Landowner shall not be responsible for the payment of the estimated \$5.3 million pro-rata share of the cost of the Recycled Water Facilities, except through the payment of the City's recycled water connection fee, or City's revised water connection fee if a recycled water connection fee is embedded into City's revised water connection fee, or any special benefit fees as may be applicable to the Project to fund the Recycled Water Facilities.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.

Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing obligation
Section	3.12
Title	Parks and Open Space
Obligation	Landowner shall dedicate to City a total of 1.5 acres of active park land and 26.4 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans/PRL)
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 1.5 acres of active neighborhood parkland, 0.8 acres open space paseo and 25.6 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 1.5-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel JM-52;

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	2. A 0.8-acre, more or less, portion of the Property for the purpose of an open space paseo shown as Parcel JM-73 (partial); 3. A 10.4-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-84; and 4. A 15.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-85. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels, i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Not formed yet – Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Not constructed yet – Ongoing obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non- reimbursable and non- creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.10
Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following two parcels: 1. A 10.4-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks and preservation of wetland habitat and open space, shown as Parcel JM-84; and 2. A 15.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel JM-85.
Department	Engineering Division and Parks Department
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Open Space Division, Engineering Division and Environmental Coordinator and
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.2

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division, City Attorney and School Districts
Status	Ongoing obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit, as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280. The Public Benefit Fee for each high density residential unit shall be \$ 845. Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.9
Title	Weed Abatement on P/QP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$371.50
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.16
Title	Waiver

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Obligation	In consideration of the benefits received pursuant to this Agreement, Landowner, on behalf of itself and its respective heirs, successors in interests and assigns, waives any and all causes of action which it might have under the ordinances of the City of Roseville or the laws of the State of California or the United States with regard to any otherwise uncompensated or under-compensated conveyance or dedication of land or easements over the Property or improvements that are specifically provided for in this Agreement that are required in conjunction with changes to this Agreement or the Specific Plan that are requested by Landowner, or that are logically implied by this Agreement. This waiver shall not apply to any conveyances or dedications of land or easements that are not specifically contained in this Agreement and are subsequently desired by the City.
Department	City Attorney
Status	This is not an obligation, but a contractual term. This can be removed from the list of obligations.
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Department	Finance Department
Status	District formed
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation Amendment #1 – Ord. #6197
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments), shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) For the First Amendment Property, the previous fee deferral provisions of this subsection are hereby deemed null and void and the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be fifty percent (50%) of the SPRTA Tier II Traffic Fee pursuant to the terms and conditions of the Tier II Development Fee Deferral Program and one hundred percent (100%) of the City-Wide Park Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units. The amount of the SPRTA Tier II Traffic Fee deferral provided by this Section shall be adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted. The amount of the City-Wide Park Fee deferral provided by this Section shall be adjusted as the City-Wide Park Fee may be subsequently adjusted pursuant to Section 3.12.4 of the Development Agreement.
Department	Finance Department
Status	District formed
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	District formed
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	Ongoing obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g.,

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	District formed and CC parcel annexed into Sierra Vista CFD No. 2
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	Areas all annexed into Sierra Vista CFD No. 2
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping);
	3.19.2.5 Maintain City and neighborhood entry features within the Property, Public rights-of-way and ancillary landscaping;
	3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR;
	3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan);
	3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters;
	3.19.2.9 Maintain flood control facilities including detention basins and created wetlands;
	3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection;
	3.19.2.11 Maintain fire breaks within open space areas;
	3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and
	3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	District formed-Ongoing levy obligation to collect for annual maintenance costs
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing obligation
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile.

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such
--	---

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

	infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing obligation

Sierra Vista Specific Plan - Mourier Investments & Wealth Properties Development Agreement Implementation Matrix

Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering Division
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs.

**Sierra Vista Specific Plan - Mourier Investments & Wealth Properties
Development Agreement Implementation Matrix**

	Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

Agreements

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee, apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Department	Engineering Division and Environmental Coordinator
Status	Obligation Complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City.
Department	Engineering Division
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities
Status	Obligation Complete – <u>PCWA chose not to participate in the Baseline or Santucci design</u>
Section	3.9.3

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Title	Recycled Water Engineering Report
	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation Complete
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation. The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement Shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

Status	Obligation Complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation Complete
Section	3.16
Title	Waiver
Obligation	In consideration of the benefits received pursuant to this Agreement, Landowner, on behalf of itself and its respective heirs, successors in interests and assigns, waives any and all causes of action which it might have under the ordinances of the City of Roseville or the laws of the State of California or the United States with regard to any otherwise uncompensated or under-compensated conveyance or dedication of land or easements over the Property or improvements that are specifically provided for in this Agreement that are required in conjunction with changes to this Agreement or the Specific Plan that are requested by Landowner, or that are logically implied by this Agreement. This waiver shall not apply to any conveyances or dedications of land or easements that are not specifically contained in this Agreement and are subsequently desired by the City.
Department	City Attorney
Status	This is not an obligation, but a contractual term. This can be removed from the list of obligations.

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.
Department	Planning Division
Status	Ongoing obligation
Section	2.2
Title	Vested Entitlements Amendment #2 – Ord. 6525
Obligation	Low Density Residential: 308 units on 61.8 net acres Medium Density Residential: 184 units on 22.0 net acres Community Commercial Park: 0.1 net acres Open Space: 1.0 net acres Open Space (paseo): 0.8 net acres

Department	Housing Department								
Status	Ongoing obligation - Not developed yet								
Section	2.6.1.1								
Title	Required Agreements								
Obligation	Prior to the approval of each final small lot residential subdivision map containing lots for affordable purchase units, the parties shall enter into an Affordable Housing Agreement for such residential purchase units affordable to middle income households.								
Department	Housing Department								
Status	Ongoing obligation - Not recorded yet								
Section	2.6.1.2								
Title	Content								
Obligation	The Affordable Housing Agreement shall, for each such residential lot subdivision, the distribution of the affordable housing units within the subdivision and includes specific requirements for marketing of affordable purchase units, inclusion or modification of amenities, exterior materials and finishes, alternate means of satisfying the affordable housing obligation.								
Department	Housing Department								
Status	Not recorded yet – Ongoing obligation								
Section	2.6.1.5								
Title	In Lieu-Fee Affordable Housing								

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Obligation	In the event City adopts a fee to be paid in lieu of constructing either rental or purchase housing affordable to middle, low or very low income households, landowner shall be eligible to pay such in lieu fee rather than construct affordable housing units.
Department	Housing Department
Status	Ongoing obligation
Section	2.6.1.6
Title	Community Facilities Districts
Obligation	City shall maintain a list of middle income affordable units that are conveyed pursuant to an Affordable Housing Agreement, on or about May 1 of each calendar year, shall send a copy of such agreement to the City's Finance Director. The Finance Director, once the CFD is formed encompassing the property, set the applicable tax for the middle-income affordable purchase units within each such parcel at a level described in the rate and method for said CFD.
Department	Finance Department
Status	Ongoing obligation
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division / Environmental Coordinator
Status	Ongoing obligation
Section	2.7.2.3
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the the preserve property remains under ownership of participating owners and adjacent build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s) and will depend in part on the ability of mitigation

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division and Development and Operations Department
Status	Ongoing obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Ongoing obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Development and Operations Department, Planning Division and Finance Department
Status	Ongoing obligation
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division / Environmental Coordinator
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City.
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s). C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Department	Engineering Division
Status	Ongoing obligation
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required.

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	• Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/ decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage Improvements. City shall pay the constructing Landowner the difference

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and south of open space Parcel JM-85 develop.
--	---

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	(c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane. City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such
--	---

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner' s Property, for all DUEs on Landowner' s Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	3.5.4.1 Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. 3.5.4.2 Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFO or other manner acceptable to the City, that adequate funds are available to finance the

	completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works
Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Public Works
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation.
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner' s Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier 1A improvements, and subsequent improvements (the "Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier 1A Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier 1A Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier 1A Improvements beyond Landowner's Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier 1A Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis. The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier 1A Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier 1A West Leg: No change from Tier 1A North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier 1A All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier 1A Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division

Status	Ongoing obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier 1B Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier 1B Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier 1B Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N/A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier 1B Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier 1B Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound

Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard) facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Groundwater Wells
Obligation	Groundwater Wells. If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations shown in Exhibit "Q". The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below ("Well Construction Requirements"). To facilitate the drilling of the monitoring wells Landowner will provide City and its contractors access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied.

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well. Notwithstanding the foregoing, if the City adopts a revised water connection fee which is uniformly applied on a City-wide basis and encompasses the costs of the Well Construction Requirements, Landowner shall be relieved of the Well Construction Requirements set forth in this Section 3. 7 .2 so long as Landowner pays the applicable fee.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.4
Title	Water Conservation Goal
Obligation	The City has determined, and Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of sources currently used throughout the City; namely, surface water contracts with federal and local agencies and the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water for the Project are valid. However, the Parties have- agreed to the following procedure to assure the continued validity of the underlying

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. With the implementation of the City's Advanced Metering Infrastructure ("AMI") system, the City will have the ability to monitor potable water consumption on a near real term basis. If the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands. In the event that the City adopts a City-Wide requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners.

	The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)

Section	3.9

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this Section 3.9 and the Phasing Plan in Section 3.3, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water distribution system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the WRSP as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the WRSP recycled water system as part of the construction of the recycled water tank(s) and pump station expansion on City property in the WRSP. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. City shall impose a charge for recycled water of \$20/sewer EDU/month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. City shall impose a charge for recycled water of \$20/sewer EDU/month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. If City adopts a revised water connection fee (which is uniformly applied on a City-wide basis and encompasses the estimated \$5.3 million for the "Recycled Water Facilities" described in this Section 3.9), Landowner shall not be responsible for the payment of the estimated \$5.3 million pro-rata share of the cost of the Recycled Water Facilities, except through the payment of the City's recycled water connection fee, or City's revised water connection fee if a recycled water connection fee is embedded into City's revised water connection fee, or any special benefit fees as may be applicable to the Project to fund the Recycled Water Facilities.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department

Development Agreement Implementation Matrix**

Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time).

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.

**Sierra Vista Specific Plan – Mourier Investments, LLC

Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.

Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing obligation
Section	3.12
Title	Parks and Open Space
Obligation	Landowner shall dedicate to City a total of 1.0 acres of active park land and 37.87 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans/PRL)
Section	3.12.1
Title	Park and Open Space Dedications
Obligation	Landowner shall dedicate to City a total of 1.0 acres of active neighborhood parkland, 0.77 acres open space paseo and 37.1 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 1.0-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel CO-50; 2. A .25-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel CO-70; 3. A .52-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel CO-71; 4. A 14.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel CO-80; and; 4. A 22.9-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel CO-81.

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Formed - Obligation complete
Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). In recognition of a current shortfall related to past and current rezones of parcels in the Property, Landowner agrees that prior to or concurrent with recordation of a final map for parcel CO-01, Landowner shall make a one-time payment to City in the amount of \$141,990, subject to annual adjustment, on July 1, based on the percentage change in the Construction Cost Index (CCI), for neighborhood and city-wide park fees. At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Ongoing obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1 bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In recognition of a current shortfall related to past and current rezones of parcels in the Property, Landowner agrees that Prior to or concurrent with recordation of a final map for parcel CO-01, Owner shall make a one-time payment to City in the amount of \$15,998, subject to annual adjustment, on July 1, based on the percentage change in the Construction Cost Index (CCI), for bike trail improvements. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.

Status	Ongoing obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.10
Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following three parcels:

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	1. A 17.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel KT-80B; and; 2. A 4.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fuel breaks), and preservation of wetland habitat and open space, shown as Parcel KT-81.
Department	Engineering Division and Parks Department
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Engineering Division and Open Space Division
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Ongoing obligation
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.

Status	Ongoing obligation
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit, as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$1,280.

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	The Public Benefit Fee for each high density residential unit shall be \$845. Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

Status	Ongoing obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$371.50
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the

Sierra Vista Specific Plan – Mourier Investments, LLC Development Agreement Implementation Matrix

	consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments}, shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non- overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) For the Second Amendment Property, the previous fee deferral provisions of this subsection are hereby deemed null and void and the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be fifty percent (50%) of the SPRTA Tier II Traffic Fee pursuant to the terms and conditions of the Tier II Development Fee Deferral Program and one hundred percent (100%) of the City-Wide Park Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units. The amount of the SPRTA Tier II Traffic Fee deferral provided by this Section shall be adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted. The amount of the City-Wide Park Fee deferral provided by this Section shall be adjusted as the City-Wide Park Fee may be subsequently adjusted pursuant to Section 3.12.4 of the Development Agreement.
Department	Finance Department
Status	District annexed into Sierra Vista CFD 2(annex 6)-ongoing maintenance will be

	levied annually.
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	District formed.
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	Ongoing obligation
Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.

Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material.

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing obligation
Section	3.23
Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymont Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities. 16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees,

Development Agreement Implementation Matrix**

	which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the

Sierra Vista Specific Plan – Mourier Investments, LLC

Development Agreement Implementation Matrix

	Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall
--	--

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the

	date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other

**Sierra Vista Specific Plan – Mourier Investments, LLC
Development Agreement Implementation Matrix**

	Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

Development Agreement Obligations <u>Complete</u> as of December 2023														
Section	2.6.1													
Title	Affordable Purchase Residential Units #1 Amendment – Ord. #5681													
Obligation	Landowner agrees that 41 units will be reserved as detached and/or single family residential units affordable to middle-income purchasers as follows: <table border="1"> <thead> <tr> <th>Parcel</th><th>Total Units in Parcel</th><th>Middle Income Purchase Units</th></tr> </thead> <tbody> <tr> <td>WB-20</td><td>162</td><td>29</td></tr> <tr> <td>WB-21</td><td>65</td><td>12</td></tr> <tr> <td>Total</td><td>227</td><td>41</td></tr> </tbody> </table> Amendment #1 Section 2.6.1 of the DA is deleted in its entirety, with Landowner's agreement, as set forth in Section 2.6.2, that the forty-one (41) middle income purchase unit obligation on PCL WB-20 and WB-21 is being transferred from PCL WB-20 and WB-21 to PCL WB-30 and WB-32 as rental unit obligation for forty-one (41) low income households.		Parcel	Total Units in Parcel	Middle Income Purchase Units	WB-20	162	29	WB-21	65	12	Total	227	41
Parcel	Total Units in Parcel	Middle Income Purchase Units												
WB-20	162	29												
WB-21	65	12												
Total	227	41												
Department	Housing Department													
Status	Obligation transferred - complete													
Section	2.6.1.1													
Title	Required Agreements													
Obligation	Prior to the approval of each final small lot residential subdivision map containing lots for affordable purchase units, the parties shall enter into an Affordable Housing Agreement for such residential purchase units affordable to middle income households.													
Department	Housing Department													
Status	Obligation complete													
Section	2.6.1.2													
Title	Content													
Obligation	The Affordable Housing Agreement shall, for each such residential lot subdivision, the distribution of the affordable housing units within the subdivision and includes specific requirements for marketing of affordable purchase units, inclusion or modification of amenities, exterior materials and finishes, alternate means of satisfying the affordable housing obligation.													
Department	Housing Department													
Status	Obligation complete													
Section	2.6.1.6													
Title	Community Facilities Districts													
Obligation	City shall maintain a list of middle income affordable units that are conveyed pursuant to an Affordable Housing Agreement, on or about May 1 of each calendar year, shall send a copy of such agreement to the City's Finance Director. The Finance Director, once the CFD is formed encompassing the property, set the applicable tax for the middle-income affordable purchase units within each such parcel at a level described in the rate and method for said CFD.													
Department	Finance Department													
Status	Obligation complete, not applicable													
Section	2.7.1													
Title	404 Permit													

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.2
Title	Westbrook Boulevard; Santucci Boulevard
Obligation	Among the public improvements to be constructed on the Property that will be covered by the 404 Perm.it is the portion of Westbrook Boulevard that crosses the Property between the West Roseville Specific Plan area and the Sierra Vista Specific Plan area. Landowner acknowledges that other property owners in the SVSP area are also seeking 404 permits that include the portion of Westbrook Boulevard that crosses the Property. If other SVSP landowners obtain their 404 permits that include the above referenced portion of Westbrook Boulevard, and those SVSP landowners seek to proceed to construct the referenced portion of Westbrook Boulevard ahead of Landowner, Landowner shall reimburse the constructing SVSP landowner(s) for actual costs of the required resource mitigation for the area to be graded for Westbrook Boulevard, but not including any costs of state and federal permitting. Additionally, Landowner shall, without compensation to Landowner, provide a right of entry, including a temporary construction easement to the SVSP landowner(s) seeking to construct the portion of Westbrook Boulevard referenced herein, subject to such constructing SVSP landowner(s) providing written indemnification acceptable to Landowner. Landowner shall not encumber with a conservation easement the future extension of Santucci Boulevard by others north of the northern property line of Parcel WB-30, which extension area shall reflect the ultimate right-of-way width plus fifty (50) feet.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee , apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

Department	Engineering Division and Environmental Coordinator
Status	Obligation complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One phased Large Lot Tentative Map ("LLM") shall be prepared for the entire Project, allowing phasing of the final map ("Large Lot Final Map"). Large Lot Final Maps can record independent of the others. Consistent with Section 3.5.4.2 below, security shall only be required for recordation of small lot subdivision maps. Future public lands for the well site, sewer lift station and parks shall be dedicated to the City on the face of each Large Lot Final Map as an irrevocable offer to dedicate ("IOD"). With the recordation of the first Final Map, the Landowner shall grant to City separate IODs for (1) rights-of-way ("RoW") for all arterial roadways and open space parcels within the Project, (2) public utility easements ("PUEs") consisting of twenty-five (25) feet adjacent to RoW dedications, and (3) temporary construction easements ("TCEs") covering the combined width of the RoW, PUEs, IODs and open space parcels (subject to any conditions in the 404 Permit). City shall have the right to accept TCEs on behalf of or for use by any third party developer(s), subject to such third parties executing a right of entry agreement, including indemnification provisions, acceptable to Landowner, which acceptance shall not be unreasonably withheld. At the time of recordation of any Final Map including properties west of Westbrook Boulevard, or at such time as properties east of Westbrook Boulevard are required to install the on-site drainage facilities located on Parcel WB-80, Landowner shall grant to City, either on the Final Map or as a separate instrument, an IOD for a separate easement and right to construct the outfall and storm water treatment swale on the east side of Parcel WB-31. The size and width of the easement shall be determined with the approved design of the drainage facilities as provided for in Section 3.10.2.1 below. City shall accept all RoW and PUE IOD's subject to improvement. IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Monitoring Phase monitoring is complete. Upon issuance of a Certificate of Completion ("COC") for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications. The City is not obligated to accept land dedications for future P I QP, Open Space, Park, or other public improvements until the frontage improvements to such land dedications are completed. Furthermore, Open Space Preserve Area acceptance shall take place as described in Section 3.12.11.1 and the City's Open Space Preserve Overarching Management Plan. Except as provided in Section 3.12.9 below, maintenance of these properties remains a Landowner obligation until accepted by City.
Department	Engineering Division
Status	Obligation complete
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Obligation complete
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map, apportioned to participating owners on a pro-rate basis based on acreage. Landowner's pro-rata share, based on 397.4 acres as the numerator and 2,024.0 acres as the denominator (397.4 + 1,626.6 for the SVSP) is 19.63%, or a total of \$7,852.
Department	Engineering Division and Alternative Transportation
Status	Obligation complete (Alt Trans)
Section	3.6.1
Title	Lift Station Site
Obligation	Landowner shall, at is expense, design and construct the sewer lift station (PCL WB-62). Construction of such sewer lift station shall be consistent with the Sanitary Sewer Master Plan.
Department	Environmental Utilities Department
Status	Obligation complete - the lift station on WB-62 has been constructed, is operational and was accepted by the City on March 4, 2020 (Res. 20-055)
Section	3.6.2
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Obligation complete – all backbone wastewater infrastructure has been constructed for the property.
Section	3.6.7
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Obligation complete – the SPWA expanded the service boundary to include the property. The City is issuing builder permits within Westbrook.
Section	3.7.2
Title	Groundwater Wells
Obligation	Landowner shall dedicate to City Parcel WB-61 for one (1) groundwater well at the approximate location shown on Exhibit "L". The City shall be responsible for the construction of a monitoring well for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below. To facilitate the drilling of the monitoring well Landowner will provide City and its contractor's access to and within the location of the well site to enable City to install the monitoring well to confirm

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well location identified within the Project shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate the well site within the Project until these objectives are satisfied. Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. The well shall be drilled prior to the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for the well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well.
Department	Environmental Utilities
Status	Obligation complete
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation complete – all backbone water infrastructure has been constructed for the property.
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities Department
Status	Obligation complete - The Property does not have any frontage on Baseline Road and section of Santucci Blvd from the southern property line of the Property to Pleasant Grove Blvd has been constructed and accepted by the City of Roseville.
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

Status	Obligation complete – all recycled water facilities have been constructed and all are within the public right-of-way.
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation complete – Title 22 report was prepared and approved by all parties.
Section	3.10.2.1
Title	Detention Basin; Water Quality Outfall Swale Amendment #1 – Ord. #5681
Obligation	In the event that construction of the most westerly permanent detention basin within Phase 4 of the Westpark portion of the West Roseville Specific Plan has been completed, Phase E of the Project can proceed to develop utilizing excess capacity within that detention basin. In the event that the most westerly permanent detention basin within Phase 4 of the Westpark portion of the West Roseville Specific Plan has not been constructed at the time that Landowner seeks to proceed with development of Phase E of the Project, Landowner shall construct the on-site detention facility located on Parcel WB-80 in order for development of Phase E to proceed. Prior to the development of any property west of Westbrook Boulevard, Landowner shall construct the water quality swale flowing north of Pleasant Grove Boulevard into Parcel WB-80, as identified in the Master Drainage Plan, as amended, for the Project. The final design and land dedication requirements of the water quality facility shall include the hydro modification detention requirements as defined in the amended Master Drainage Plan, and shall be determined based upon the then current City Standards and applicable 404 permits. The construction of the drainage outfall and water quality facility shall include the relocation of the existing outfall structure, and all appropriate fencing, an asphalt utility access road on the east side of the drainage swale, a utility vehicle turnaround, and two (2) concrete utility access ramps to access the bottom of the swale. The construction of the drainage outfall and relocation of the existing outfall structure shall take place at the time when Pleasant Grove Boulevard is improved along the frontage of Parcel WB-3A. To the extent that the access road to the water quality facility has not already been constructed by the adjacent landowner in the West Roseville Specific Plan, Landowner shall construct such access road, to the bottom of the swale, per City Standards, subject to reimbursement from the adjacent landowner in the West Roseville Specific Plan.
Department	Engineering Division and Environmental Utilities Department
Status	Obligation complete - the westerly most detention basin in Westpark Phase 4 has been constructed, and the water quality swale was constructed and accepted by the City.
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Department	Engineering Division
Status	Obligation complete - all drainage facilities have been constructed and are within the public right-of-way, or separate easements have been provided within the WB-80 parcel.
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications.
Department	Electric Department
Status	Obligation complete - all backbone electric infrastructure has been constructed and accepted by Roseville Electric.
Section	3.11.2.1
Title	Pleasant Grove Boulevard 12kV Circuits
Obligation	Twelve (12) kV circuits along Pleasant Grove Boulevard from east of the Property, and rework necessary to existing 12kV circuits on the north side of Pleasant Grove Boulevard, are needed to serve Phase 3 of the Westpark property in the West Roseville Specific Property (the "Westpark Phase 3 Property") and the Project. In the event that the developer of the Westpark Phase 3 Property has not already constructed the above referenced 12kV circuits, Landowner agrees that, concurrently with the construction of the first improvements in the Property, Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits along Pleasant Grove Boulevard from east of the Property and any rework necessary to the existing 12kV circuits on the north site of Pleasant Grove Boulevard needed to serve the Project.
Department	Electric Department
Status	Obligation complete
Section	3.11.3
Title	Electric Substation Amendment #1 – Ord. #5681
Obligation	Pursuant to development agreements in the SVSP, other landowners are required to dedicate to City, grade and provide access to a parcel in the SVSP-(designated Parcel FD-61 in the Specific Plan) for an electric substation to serve the SVSP (the "Substation Site"). Under the development agreements between other SVSP landowners and City, such Substation Site must be provided to City prior to issuance of the 500th residential building permit, or combination of building permits, in the SVSP, excluding the Property. Landowner is allowed 400 residential building permits within the Project (exclusive of the 500 residential building permits allocated to SVSP landowners), or any combination of residential and non-residential permit's that the City determines, at its sole discretion, is the equivalent electric capacity of 400 residential building permits, until such time as the substation located in the SVSP is constructed and 12kV underground circuits are extended to the Property. In the event that, at the time of issuance of the 400th residential building permit (or its equivalent) within the Project, the Substation Site has not been dedicated to the City, constructed, access road provided, and 12kV circuits extended to the Property, or has been dedicated to the City but less than two (2) years from dedication of the Substation Site to City have passed without completion of the substation, Landowner agrees that, in order to obtain an additional 640 residential building permits above the initial 400 residential building permits within the Project referenced in this Section 3.11.3,

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	either the extension of temporary 12kV electrical circuit(s) from the Westplan Substation to serve the initial phase of Phase 4 of the Westpark portion of the West Roseville Specific Plan shall be completed by others, or Landowner may fund the construction of temporary 12kV facilities to serve the Project. Possible temporary facilities may include, but are not limited to, one of the following: a. Construction of a new 12kV overhead pole line extending what is commonly referred to as Westplan Substation Circuit 9 from the existing underground stub point on Blue Oaks Boulevard to the Project; or b. Construction of a new 12kV overhead circuit extending what is commonly referred to as Westplan Substation Circuit 9 from the existing underground stub point on Blue Oaks Boulevard to the Project underbuilt on the existing 60kV poles if clearances are available. This option would include the necessary URD conduit system to extend the conduits from the existing stub point to the existing 60kV poles; or c. Construction of a new 12kV overhead pole line extending what is commonly referred to as Westplan Substation Circuit 8 from the existing underground stub point along Blue Oaks Boulevard to the existing stub point on Westpark Drive. This would include any conduit extension necessary. The temporary facilities will be used until such time as the Substation Site has been dedicated, constructed, and 12kV facilities extended to the Project from the Substation Site. The funding of the temporary facilities will include the materials and labor to construct the facilities, the removal of the temporary facilities, acquisition of any necessary easements, and mitigation of any wetlands. Once either the substation has been completed and the 12kV circuits extended to the Property, or the Substation Site has been dedicated to City and two (2) years after such dedication have passed without completion of the substation, City agrees that there will not be any restrictions on issuance of building permits in the Project due to electric capacity, nor shall there be any requirement for temporary facilities such as those indicated in a., b., or c. above to be extended to the Project. In addition, in the event that the Substation Site has been constructed by City, but 12kV circuits have not been extended to the Project from the substation, Landowner shall be required to extend 12kV circuits from the substation to the Project, which may be overhead lines using the existing poles and PUE from the Substation Site to the Project, until such time as the landowner(s) to the south of the Project install the underground 12kV lines to the southern Project boundary.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation complete - The Substation Site was granted to the City in May 2017, has been constructed and is operational.
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	CFD for Services had been formed – Obligation complete
Section	3.12.11
Title	Open Space Preserve Areas
Obligation	Landowner shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property, a condition that requires the

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following one parcel: 1. A 36.6-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel WB-80.
Department	Engineering Division and Parks Department
Status	Obligation complete
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements.
Department	Engineering and Building Division, City Attorney and School Districts
Status	Obligation complete - Landowner entered into agreements with the CJUSD (06/20/12), RCSD (12/05/12) and the RJUHS (08/14/13).
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Engineering Division
Status	Obligation complete - In 2018 a request to modify the common boundary between the Districts. Each board approved the modified line, to follow roadway's following the SVSP Amendment for Westbrook Phase 2. The boundary change was then forwarded to the Placer County and Sacramento County Boards of Education for approval. The County Boards of Education Approved the amended boundary line in summer of 2019 and is now been formally modified by the Districts and State Board of Equalization.
Section	3.14.9
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with other SVSP property owners and pay its fair share, in the amount of \$1,464.00, of cost of orthophotography of the Plan Area. The total cost for the Plan Area is \$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the Property
Department	IT Department and Engineering Division
Status	Obligation Complete
Section	3.14.10
Title	Additional Related Developer Dedication of Property to City

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	Amendment #2 – Ord. # 6451
Obligation	Developer shall cause a related entity, West Roseville, LLC, or any successors or assigns, to dedicate to the City a five (5) acre portion of Parcel W-60b in the West Roseville Specific Plan, immediately adjacent to the southern boundary of the City-owned Parcel W-60a in the West Roseville Specific Plan, on the later of thirty (30) days past the effective date of this Second Amendment, without any legal challenge having been filed against the City's approval of the Second Amendment, or (b) the City's written request to West Roseville, LLC, for the dedication of such five-acre parcel. It is the parties' intent that such dedication occur before June 30, 2022. The City's Guidelines for Conversion of Non-Residential Land Uses policy document provides that any change in non-residential land use to residential land use shall provide a specific public benefit. The dedication of this additional five (5) acres to City adjacent to the planned City sports field complex on Parcel W-60a will allow the City to expand the proposed facilities at the future sports field complex, and City hereby acknowledges that such dedication provides a specific public benefit in full satisfaction of that requirement set forth in City's Guidelines for Conversion of Non-Residential Land Uses policy document, as it relates to Parcel WB-41.
Department	Parks Department
Status	Obligation complete
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable,

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this Agreement.
Department	Finance Department
Status	District formed – Obligation complete
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	District formed-Obligation complete
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation #1 Amendment – Ord. #5681
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments), shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non-overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below. (f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) For Phase E of the Project only, bond proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units: (1) City-Wide Park Fee (Section 3.12.4); (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4:52); (3) Public Benefit Fee (Section 3.14.3). City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale for Phase E of the Project. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amounts for MDR or HDR units determined by City), per residential units shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the Project. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above subsections (1), (2), and (3) are required by city for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee for Phase E being likewise deferred to payment from bond sale proceeds commencing in the year 31 timeframe, then such amount per residential unit deferred forth Tier II Traffic Fee shall reduce dollar-for-dollar the above-referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17. i.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31 timeframe for Phase E of the Project, City shall within the rate and method for Project CFD(s) for Phase E of the Project provided for in Section 3.1.7 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City-Wide park improvements from pay-as-you-go financing over a period starting in year 10 of the Project CFD(s) for Phase E of the Project, up to \$100 per residential unit per year for 5 years, provided, however, that City constructs City-Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31 timeframe shall be reduced by \$500 per unit to account for the
--	---

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	additional pay-as-you-go revenues required by City. For Phases F and G of the Project, the only fee deferral eligible to be paid with bond proceeds from future bond sales commencing in the year 31 timeframe shall be, should SPRTA approve such deferral, up to fifty percent (50%) of the SPRTA Tier II Traffic Fee that would otherwise be paid at the time of issuance of building permits for low, medium, and high density residential dwelling units, and there, shall be no fee deferral of any City fees for such residential dwelling units in Phases F and G of the Project to bond proceeds from bond sales commencing in the year 31 timeframe. Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the Project desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2(i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2(i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless a Project property owner desires to pay such fees at the time of issuance of building permit(s).
Department	Finance Department
Status	Obligation complete - The Westbrook CFD No. 1 has been formed, and a subsequent bond issuance or the continuation of the Special Tax after pay-off of the first bonds has been provided for. Landowner obtained approval from SPRTA to defer one-half of the Tier II Traffic Fee, and in Phase E (area east of Westbrook Blvd), the City Public Benefit Fee and City-wide Park Fee are being deferred. In the area west of Westbrook Blvd only one-half of the Tier II Traffic Fee is eligible for deferral (DA Amendment #1).
Section	3.17.1.3
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Concurrent with any formation of a CFD, Landowner, Participating Owners, if applicable, and City shall enter into a shortfall agreement as defined in the Funding, Construction, and Acquisition Agreement, in form and substance acceptable to City, whereby Landowner and Participating Owners, if applicable, shall covenant to finance its fair share of the costs of the CFD Eligible Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements, subject to, reimbursement/acquisition by pay-as-you-go proceeds, to the extent available.
Department	Finance Department
Status	Acquisition Agreement approved by council 7/2/14 (Reso.14-292) (original Agreement approved 6/18/14 Reso. 14-269)
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non-residential land uses.
Department	Finance Department
Status	Service District formed 12/17/14 (Reso. 14-540). –Obligation complete - The Landowner has consented and formed the Westbrook CFD #2 (Services).
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	Obligation complete-District formed
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan); 3.19.2.8 Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters; 3.19.2.9 Maintain flood control facilities including detention basins and created wetlands;

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	3.19.2.10 Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection; 3.19.2.11 Maintain fire breaks within open space areas; 3.19.2.12 Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.19.2.13 Maintain the bus transfer station, bus shelters, bus stops the dedicated bus lanes on PCL WB-41, the park and ride lot and bus signs.
Department	Finance Department
Status	District formed- Obligation complete - CFD #2's list of authorized services is included in the formation documents and is consistent with the requirement of this section.
Section	3.19.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Obligation complete - The formation documents for CFD #2, as amended, reflect tax exempt status of all city and school district parcels.
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units,\$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance Department
Status	Land annexed into CFD 3 in 4/16/14 (Annex 18) (Reso. 14-135) – Obligation complete
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide, including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Obligation complete - The Property was annexed to CFD #3.

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Service CFD
Department	Finance Department
Status	Obligation Complete
Section	3.22.1
Title	Contour Grading Plan
Obligation	Landowner shall submit a contour grading plan (the "Preliminary Contour Grading Plan") for City review and acceptance for the overall Project concurrently with the application for the first residential small lot tentative subdivision map in the Project. The Preliminary Contour Grading Plan shall serve as an informational tool to demonstrate how the overall earth work for the Project will balance and coincide with future improvements. The Preliminary Contour Grading Plan shall consider the pipelines and facilities outlined in the Drainage and Sewer Master Plans in the development of street centerline grades. Edge conditions along the proposed developed areas and overland release points shall be delineated per City standards. The Preliminary Contour Grading Plan shall also identify cut and fill quantities for each Phase E through G and shall include a mass diagram for earthwork movement between phases and an identification of any import required to complete the Preliminary Contour Grading Plan. The Preliminary Contour Grading Plan Exhibit shall include existing topography and proposed finished grade contours in one foot (1') intervals along with depths of cut and fill in a grid pattern throughout the Project Area.
Department	Engineering Division
Status	Obligation complete
Section	3.23
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Westbrook Boulevard and Santucci Boulevard as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan, which may include such measures as Smart Timers. 6. 60kV overhead power line easement on Parcels WB-5, WB-24, and WB-25, and fronting Parcels WB-1, WB-2, WB-21, WB-41, and WB- 42.

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	7. Exclusive utility easement within Pleasant Grove Boulevard may be used for high-pressure natural gas lines through the area to serve the Roseville Energy Park. 8. Requirement for fifty percent (50%) reduction in construction waste stream. 9. Location of schools and parks within one mile. 10. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 11. Location of the well site. 12. Location of wastewater treatment plant and sewer lift station. 13. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 14. Masonry walls, including walls adjacent to landscape corridors and other public facilities are owned by the City, which is responsible for their maintenance, repair and replacement. 15. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 16. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 17. [For properties in the Center USD portion of the Project] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 17, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Obligation complete - As stated in the DA, Section 3.23 serves as notice to successor owners of this list of disclosure items. Further a set of CC&R's is in place for the entire property that include these disclosure items. The CC&R's were reviewed and approved by the City prior to recording.
Section	4.2.4
Title	Reimburseable Planning and Environmental Costs
	The SVSP Participating Landowners have paid the costs for the preparation of the City Feasibility Studies, other technical studies, the Specific Plan, including Design Guidelines, Development Standards, and the Specific Plan EIR, and delinquent

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	charges by Urban Reserve properties paid by such SVSP Participating Landowners. Such preparation has benefited property owned by third persons within the Annexation Area. The SVSP Participating Landowners are therefore entitled to receive reimbursement from such benefited property owners, including Landowner (and not the City), for the pro rata share of such benefited property owners. The pro rata share of each such benefited property owner, including Landowner, shall be based on the gross acreage owned by the benefited property owner compared to the total gross acreage within the SVSP and the Urban Reserve, as described in the EIR, and as set forth in Recital B. Landowner's share of the reimbursable planning and environmental costs due to the SVSP Participating Landowners is \$509,868, which amount has been verified by the City. At least one (1) business day prior to first reading of the ordinance approving this Agreement, Landowner shall deposit \$509,868 (plus the interest described below to the date of the deposit) with City, to be paid by City in separate checks directly to the SVSP Participating Landowners based on acreage in the previously approved Specific Plan according to the following schedule: (i) Fifty percent (50%), or \$254,934, to be paid by City one (1) business day after first reading of the ordinance approving this Agreement, and (ii) the remaining 50%, or \$254,934, within five (5) business days after the expiration of any legal challenge period(s) regarding the MND and this Agreement (except as provided below), provided that no legal challenges have been filed against either the MND or this Agreement, or both, during such legal challenge periods by or for or on behalf of SVSP Participating Landowners, and/ or their respective officers, employees, agents, officials, and/ or surrogates (here in after "SVSP Surrogates") including, but not limited to, provision by SVSP Participating Landowners of any financial, legal and/ or other assistance to SVSP Surrogates, as determined by the City in its sole and absolute discretion. If City, in its sole and absolute discretion, determines that no such litigation by SVSP Participating Landowners and / or SVSP Surrogates has been so filed, and no public comments were filed by SVSP Participating Landowners and/ or SVSP Surrogates challenging the MND or this Agreement prior to the City Council action on the second reading of the ordinance approving this Agreement, City shall pay the remaining 50% of these planning and environmental costs within five (5) business days after expiration of the hereinabove referenced legal challenge period(s) for CEQA claims against the MND and/ or this Agreement, i.e., thirty (30) days after filing of the NOD after each of the first and second reading of the ordinance approving this Agreement. If the City, in its sole and absolute discretion, determines that Participating SVSP Landowners and/ or SVSP Surrogates have filed or caused to be filed such litigation, then the obligation hereunder for release of the funds by City shall be deferred until successful resolution of such litigation upholding the MND or this Agreement or both. In any case, i.e., whether or not litigation is filed, Landowner, for reimbursements under this Section 4.2.4, shall be obligated to pay to City, to be reimbursed to SVSP Participating Landowners, interest at a rate of the prime interest rate charged by national banks as set forth in the Wall Street Journal, plus two percent (2%), up to a total of ten percent (10%) from January 12, 2012, the date that the annexation of the Property to the City was complete, to the date of reimbursement, as calculated on an annual basis on the anniversary date of the Agreement, all as set forth in Section 4.2.5 of the SVSP development agreements.
Department	Planning Division
Status	Obligation Complete
Section	4.2.8
Title	Landowner Reimbursement to Placer 2780
Obligation	Pursuant to Section 4.2.7.1 of the City's development agreement with Baseline P&R, LLC, City obligated the owner of the Property to reimburse a third party, Placer 2780,

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	LLC ("Placer 2780"), for Placer 2780's planning and environmental costs incurred on a portion of property owned by Placer 2780 while such property was part of the Specific Plan. Such costs were established in City's development agreement with Placer 2780 in the amount of \$241,708. Subject to City's receipt, review and approval of invoices for such planning and environmental review costs prior to release of funds to Placer 2780, at least one (1) business day prior to first reading of the ordinance approving this Agreement, Landowner shall deposit \$241,708 with City, to be paid by City directly to Placer 2780 as follows: (i) Fifty percent (50%), or \$120,854, to be paid by City one (1) business day after first reading of the ordinance approving this Agreement, and (ii) the remaining 50%, or \$120,854, to be paid one (1) business day after second reading of the ordinance approving this Agreement, in full satisfaction of Section 4.2.7.1 of the Baseline P&R, LLC development agreement with City.

Development Agreement Implementation Matrix**

Title	Community Facilities Districts
Obligation	City shall maintain a list of low and very low-income affordable rental units for each Parcel which is subject to a Regulatory Agreement (or applicable City approved form), and, on or about May 1 of each calendar year, shall send a copy of such agreement to the City's Finance Director. The Finance Director, once the CFD is formed encompassing the property, set the applicable tax for such parcel at a level described in the rate and method for said CFD.
Department	Finance Department
Status	Ongoing obligation
Section	2.7.2.2
Title	Preserve Area Establishment and Perpetual Monitoring Phases
Obligation	It is anticipated that the 404 Permit referenced in Section 2.7.1 of this Agreement and subsequent subsections will require preservation and/or creation or restoration of wetland resources within Preserve Areas to be established on the Property. City and Landowner shall cooperate with one another in the formation of a financing mechanism as provided for in Section 2.7.4, to fund the costs of monitoring and maintaining the Preserve Area in accordance with the 404 Permit. The financing mechanism may be established to address the two separate phases of on-site Preserve monitoring: the Establishment Monitoring Phase and / or Perpetual Monitoring Phase, as described below. The first phase, or the Establishment Monitoring Phase, would occur during the time that the Preserve property remains under ownership of Landowner and adjacent build-out is occurring in accordance with the Entitlements and 404 Permit(s). During the Establishment Monitoring Phase, created wetlands would be monitored for success in accordance with criteria identified in the 404 Permit and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, and utility lines. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit. City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permit.
Department	Engineering Division / Environmental Coordinator
Status	Ongoing obligation
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Ongoing obligation
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Open Space Division, Planning Division and Finance Department
Status	CFD formed-Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City.
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility / public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligations. Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Except as provided below in Section 3.5.2, Landowner's frontage obligation for arterial roadways shall consist of curb,

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	gutter, sidewalk., one-half of the median landscaping and median curbing, grading of 6- of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections and driveways to accommodate turn lanes and bus turnouts as may be required by the City Engineer (collectively "Frontage Improvements"). Auxiliary lanes, turn flares, accel / decel lines, tapers, transition lanes, widening at driveways and bus turnouts shall be constructed by Landowner in, and encroach into, the public utility easement /landscape easement corridors per the Specific Plan. The area within which such Frontage Improvements are to be located shall be referred to herein as Landowner's frontage. Unless specifically identified within this Agreement, Landowner shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required Frontage Improvements along arterial roadways, or for any residential and/ or collector roadway improvements. Except as set forth below, installation of median landscaping and median curbing shall be constructed concurrent with roadway construction. Landscaping and sidewalks adjacent to roadways may be constructed concurrent with the development of adjacent parcels. Paseo and Bike trail connections will be constructed consistent with Sections 3.12.7 and 3.12.9, respectively, of this Agreement.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways as set forth in Section 3.3.1 above. Arterial roadways wholly within and adjacent to the Project are Santucci Boulevard, Westbrook Boulevard, and Pleasant Grove Boulevard. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner pursuant to this Section 3.5.2 shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Project that are in excess of required Frontage Improvements by withholding 50% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Pleasant Grove Boulevard. Landowner shall construct the Frontage

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	improvements, as defined in Section 3.5.1, as well as the adjacent inside lane, i.e., the CIP Improvements, for the south side of Pleasant Grove Boulevard from the eastern property line of Parcel WB-6 to the eastern property line of Parcel WB-31, and the Frontage Improvements as well as the adjacent inside lane, i.e., the CIP Improvements, for the northern and southern side of Pleasant Grove Boulevard from the eastern property line of Parcel WB-31 to Santucci Boulevard. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional inside lane pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to the building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient 1MF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the 1MF applied to DUEs on Landowner's Property. Pleasant Grove Boulevard Frontage Improvements may be constructed in phases to form a continuous roadway from east to west. Each phase of such Pleasant Grove Boulevard Frontage Improvements shall be triggered upon on-site development of the specific parcels adjacent to the roadway. Limits of construction shall be determined by the Public Works Department at such time as Landowner submits sub-phasing plans as provided for in Section 3.3. (b) Westbrook Boulevard. Landowner shall construct both outside Frontage Improvements as defined in Section 3.5.1, as well as the adjacent inside lane, i.e., the CIP Improvements, on each side of Westbrook Boulevard. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Westbrook Boulevard Frontage Improvements may be constructed in phases to form a continuous roadway from north to the south. Each phase of such Westbrook Boulevard Frontage Improvements shall be triggered upon on-site development of the specific parcels adjacent to the roadway and shall include the full grading of the ultimate roadway section and the construction of a 4-lane road section of the ultimate 6-lane roadway, including 38-foot landscape median, and frontage improvements on both sides, or, at the discretion of the Public Works Director, a Deferred Improvements Agreement (DIA) for a portion of paved lanes and frontage improvements on the opposite side of the street. Limits of construction phases of Westbrook Boulevard shall be determined by the Public Works Department at such time as Landowner submits sub-phasing plans as provided for in Section 3.3. (c) Santucci Boulevard. Landowner shall be obligated to construct its easterly Frontage Improvements, as defined in Section 3.5.1, from the southern boundary of Phase F to the northern boundary of Parcel WB-30. Landowner shall construct the
--	--

Development Agreement Implementation Matrix**

	westerly Frontage Improvements from the southern boundary of Phase G to Mountain Glen Drive. North of the Mountain Glen Drive intersection, in lieu of Frontage Improvements on the west side of Santucci Boulevard, Landowner shall construct a transition to the east side and construct the first inside lane on the eastern side of Santucci Boulevard adjacent to the Frontage Improvements up to the northern boundary of Parcel WB-30. Payment by City to Landowner for Santucci Boulevard CIP improvements shall be limited to the cost of construction of the first inside lane on the eastern side of Santucci Boulevard adjacent to the Frontage Improvements north of the northern boundary of Parcel WB-62 to the northern boundary of Parcel WB-30. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional inside lane pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to the building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Santucci Boulevard Frontage Improvements may be constructed in phases to form a continuous roadway from north to south or south to north. Each phase of such Santucci Boulevard Frontage Improvements shall be triggered upon on-site development of the specific parcels adjacent to the roadway. Between the southerly boundaries of Phase F to Mountain Glen Drive, construction shall include the full grading of the ultimate roadway section and the construction of a 4-lane road section of the ultimate 6-lane roadway, including 38-foot landscape median and frontage improvements on both sides, or, at the discretion of the Public Works Director, a Deferred Improvement Agreement (DIA) for a portion of paved lanes and frontage improvements on the opposite side of the street. Construction north of Mountain Glen Drive shall include the full grading of one half of the ultimate roadway section within the Property, and the Frontage Improvements as described above. Limits of construction of phases of Santucci Boulevard will be determined by the Public Works Department at such time as Landowner submits sub-phasing plans as provided for in Section 3.3.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division and Public Works

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/ decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation.
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals as shown on Exhibit "I" and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals set forth in Exhibit "I", for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, as defined in Section 3.5.2 above. Landowner shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions set forth in this Section 3.5.7. City shall be responsible to install mast arms, signals and signal controllers when they are needed. If TMF Set-Aside Fund revenues are not available to fully pay

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Landowner for any traffic signal improvements constructed by Landowner under this Section 3.5.7, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Landowner shall be entitled to reimbursements and / or credits toward the appropriate City traffic mitigation fee for the design and construction of public traffic signals and/or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation until specific plan is fully developed. The interim fee obligation is complete, but the overarching obligation to pay the fee is still ongoing.
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation – Since the specific plan is not fully developed, there are still parcels subject to this obligation. The interim fee obligation is complete, but the overarching obligation to pay the fee is still ongoing.
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index ("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Santucci Boulevard and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Specific Plan boundary to Baseline Road. At the time of the adoption, Landowner does not waive its right to protest the amount of the fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.17
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.18
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.19
	Amendment # 2 – Ord. 6451
Title	Bus Transfer Station
Obligation	The location of the bus transfer station in the southwestern portion of Parcel WB-41 shall be consistent with the location shown in the Specific Plan. The design of the bus transfer station shall be determined in the subsequent entitlements for Parcel WB-41. The bus transfer station shall include bus turnouts, shelters, bike lockers, park and ride spaces for 35 vehicles, and utility stubs for electric and phone service to the bus shelter site, as well as water and sewer stubs to accommodate a drinking fountain only at the bus transfer station, as determined by City at the time of approval of subsequent entitlements for Parcel WB-41, provided, however, that such utility stubs shall exclude any public bathroom at the bus transfer station. Connection charges for such a drinking fountain shall be paid by City. City shall also pay the costs of the bus shelter(s) at the bus station site. Landowner shall provide to City a public access easement for the bus transfer station site and dedicated bus lanes on the southern portion of Parcel WB-41. The City shall be responsible to maintain the bus transfer station and the dedicated bus lanes with funds from the Public Services CFD as set forth in Section 3.19.
Department	Alternative Transportation

Development Agreement Implementation Matrix

Status	Section deleted in entirety with Amendment #2
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities as described in this Section, the Phasing Plan. In the event that the WRSP has not constructed sewer facilities necessary to serve the Property, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. Landowner shall, subject to the provisions of Section 2.8 of this Agreement, be solely responsible for obtaining easements and rights-of-way that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein and as shown on Exhibit "J", Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.6

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Title	Wastewater Facilities Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2. For properties outside of the Plan Area, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party /benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard} facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation – Water Conservation Plan was included as an exhibit to the DA has been approved by the City and issuing building permits. Even though the Water Conservation Plan has been approved, if the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and implement whatever measures are needed to assure that water supply will meet the Project's demands. The DA outlines in more detail what those additional obligations could be, which could include additional costs to be covered by the Landowner
Section	3.7.4

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

Title	Periodic Confirmation of Water Conservation Goal
Obligation	The City has determined, and the Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project which was based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water from the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. Upon construction of the dwelling units in the Plan Area that cumulatively utilize 50% of the projected potable water usage at buildout of the SVSP, and then every three years thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2 of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for the Project, all as set forth in the EIR. Water conserved by Landowner pursuant to measures implemented under Section 3.7.3 of this Agreement shall be factored into the review provided hereunder to the benefit of Landowner. If the City determines that the actual demand and sources differ materially from the assumptions in the EIR and that the difference(s) will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3.7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities as shown on Exhibit "N". In the event that the WRSP has not constructed water lines necessary to serve the Project, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the Project consistent with City standards, Landowner shall construct the necessary water lines

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs, water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	There are water facilities to be constructed in the SVSP for which Landowner has a construction obligation only if City determines the facilities are required to serve the Project, and if Landowner is not obligated to construct, Landowner is obligated to pay its pro-rata share of the costs of such water facilities, as provided in this Section 3.8.3. There are other water facilities which either Landowner or participating SVSP landowners may construct, the costs of which construction are subject to reimbursement to the constructing party, as set forth in Section 3.26 below (where reimbursement is by Landowner to constructing third parties), or in Section 4.2 below (where reimbursement is from third parties to Landowner). Finally, there are other water facilities to be constructed by Landowner which the City may in the future determine are eligible for reimbursement from third parties excluding other landowners in the SVSP (but not excluding the Urban Reserve). Reimbursement for water facilities under this Agreement shall be pro-rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 3.26 and Section 4.2 of this Agreement. Exhibit "0-1" sets forth reimbursements for infrastructure between Landowner and parties within the SVSP and the Urban Reserve assuming no other third parties benefit from water line segments W1 through W8 (Segment W14 is addressed in Section 3.26) shown thereon, with reimbursement from third parties excluding other landowners in the SVSP (but not excluding the Urban Reserve) to be determined by City for water line segments W11 through W13. Exhibit "0-2" sets forth reimbursement for certain water lines between Landowner, the SVSP, the Urban Reserve, and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect to or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymont Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Property, the Urban Reserve property, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymont Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B").

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, the Property, or the Urban Reserve, then SVSP landowners, but not including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments as set forth in Exhibit "H" to the SVSP development agreements provided that reimbursement to constructing landowners for costs of construction for such segments shall reflect the percentage shares in Exhibits "0-1". In the event SVSP landowners (other than Landowner) construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area, i.e., the PVSP or the RUSP, proposing to connect to the Baseline Road 24" Water Line unless City receives written certification from those participating SVSP landowners (other than Landowner) that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP, the Property and Urban Reserve set forth in Exhibit "0-1" shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Project proceeds with development prior to the SVSP, and the City determines that the Baseline Road 24" Water Line is required to serve the Project, Landowner shall construct all or a portion of the Baseline Road 24" Water Line, and the SVSP landowners (excluding Landowner) shall contribute the SVSP share of the costs of the Baseline Road 24" Water Line, as set forth in Exhibits "0-1" and "BB". If City determines that the Baseline Road 24" Water Line is not required to serve the Project, Landowner shall be required to connect to or construct the necessary water lines within the WRSP and will not be required to construct all or a portion of the Baseline Road 24", Waterline, and Landowner shall be responsible for Landowner's share of the costs of the applicable sections of the Baseline Road 24" water line, as set forth in Exhibits "0-1", "BB" and "CC," and in Section 3.26 below, based on estimates set forth in Exhibit "CC" to this Agreement, adjusted by the CCI from January 12, 2012, the Effective Date of SVSP development agreements, to the date of payments as set forth in Section 3.26, until such time as the Baseline Road 24" Water Line is constructed by others, after which time reimbursement by Landowner for Landowner's share of such costs for large lots (as provided for in Section 3.26) developed after the Baseline Road 24" Water Line is constructed shall be based on actual costs pursuant to submitted invoices approved by City. In the case where the Baseline Road 24" Water Line has not yet been constructed by others at the time Landowner proceeds to develop portions of the Property, payment by Landowner of its share of such water line costs for a particular large lot parcel (as provided in Section 3.26) based on estimates in Exhibit "CC" to this Agreement, adjusted by the CCI from January 12, 2012, the Effective Date of the SVSP development agreements, to the date of payments as set forth in Section 3.26 shall satisfy in full the share of the cost of the Baseline Road 24" Water Line allocated to the particular large lot parcel(s) prior to construction of such water line. If the PVSP or RUSP proceed with development prior to Landowner, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and Landowner shall contribute its share of the costs as determined by City, in consultation, with PCWA, of applicable segments of the Baseline Road 24" Water Line as set forth in Exhibit 0-2.
--	---

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party, as set forth in Section 3.26 or Section 4.2, depending on the reimbursing party or parties (i.e., Landowner or SVSP landowners). With respect to the 12" waterline to be installed in Pleasant Grove Boulevard between Westbrook Boulevard and the eastern edge of Parcel WB-31 (water line segment W13 as shown in Exhibit "0-1"), if the WRSP developer(s) constructs such waterline, third parties, including Landowner but excluding other SVSP landowners (but not excluding the Urban Reserve), benefiting from such waterline, as set forth in Exhibit "CC", shall reimburse the constructing WRSP developer(s), as provided for in Section 3.25 below.

Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers
Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities.

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.24)
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this Section, the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water line system as generally shown in Exhibit "P". In the event that the WRSP has not constructed recycled water facilities necessary to serve the Project, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the West Roseville Specific Plan as required for the Specific Plan. City shall be responsible to dismantle and eliminate each potable water charging station (2 total) as set forth in Section 3.3, and make the appropriate connections to the West Roseville Specific Plan recycled water system as part of the construction project of the recycled water tank(s) and pump station expansion on City property in the West Roseville Specific Plan. City costs, estimated at \$5.3 million, associated with the recycled water tank(s) pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Project, comprised of 2,029 residential units and 465,003 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU") /year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2011 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU / month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Project for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3.9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney

Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes, grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11
Title	Electric
Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the existing 60 kV easement areas and the future 60kV easement line on the south side of Pleasant Grove Boulevard between

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)

	Westbrook Boulevard and the western Project boundary that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established: 1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV"). The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3)

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.

Status	Ongoing obligation
Section	3.12
Title	Parks, Open Space and Bike Trails
Obligation	Landowner shall dedicate to City a total of 15.5 acres of active park land and 36.6 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.1
Title	Park and Open Space Dedications Amendment #1 – Ord. #5681 Amendment #3 –Ord #6719
Obligation	Landowner shall dedicate to City a total of 13.2 acres of active neighborhood parkland, and 36.6 acres of open space. The following two parcels, and one open space parcel, shall be dedicated to City as described below: 1. An 8.7-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel WB-50; 2. A 4.5-acre, more or less, portion of the Property, for the purpose of a public park, shown as Parcel WB-51 ; and 3. A 36.6-acre, more or less, portion of the Property, for the purposes, of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel WB-80; Landowner shall dedicate any park lands and open space Parcels within the Property provided that the Large Lot Final Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands and open

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, bike trail grading, open space perimeter fencing, as may be required by the 404 Permit, etc.) adjacent to the parcels, i.e., frontage along the parcel, are substantially complete. Dedication of Preserve parcels shall be in accordance with Section 3.12.1 1.1 and the City's Open Space Preserve Overarching Management Plan. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity."

Status	Not constructed yet – Ongoing obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1 for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee Amendment #1 – Ord. #5681
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee (the "Neighborhood Park Fee"), upon the issuance of each residential building permit within the Property, to fund neighborhood park construction. Such Neighborhood Park Fee shall be \$ 1,848 per Low Density Residential unit, \$1,307 per Low Density Residential-Active Adult unit, \$1,579 per Medium Density Residential unit, and \$1,309 per High Density Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Property for construction of Neighborhood Parks within the Property. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

	underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of development phases E, F and G (if Phase G precedes Phase F), City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, and according to the park financing plan for the Project, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the Project, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.

Development Agreement Implementation Matrix**

	the Property. Such bike trail fee shall be \$57 per Low Density Residential unit, \$51 per Low Density Residential-Active Adult unit, \$49 per Medium Density Residential unit, and \$40 per High Density Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Project for construction of the bike trails within the Project. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.9. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation
Section	3.12.9
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.8 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design and secure necessary permits for certain Class 1 bike trail improvements within the Property and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.9. Bike trails shall be constructed by City to City standards as and when Landowner develops Parcel WB-30 within the Property. The sections of bike trail to be installed upon development of such parcel are generally shown on Exhibit "X". Upon the development of any high density residential project adjacent to open space where the bike trail is adjacent to that high density residential project, the constructing Landowner will be responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the high density residential project. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.8 and this Section 3.12.9. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.12.10

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.11.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Parks Department
Status	No dedications as yet – Ongoing obligation
Section	3.12.11.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit , as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280. The Public Benefit Fee for each high density residential unit shall be \$ 845. Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner shall provide and install signage at the following public facility sites to alert residents of future facilities: well site (WB-61), sewer lift station site (WB-62), park sites (WB-50, WB-51, WB-52), bike trails where they will abut residential property, and the school site (WB-60), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities

Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix

Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.8
Title	Weed Abatement on P/QP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.17.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Landowner for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds. Credits or reimbursements owed to Landowner shall not be affected or reduced because improvements for which credits or reimbursements are due were financed with CFD special taxes or bond proceeds.
Department	Finance Department
Status	Ongoing obligation
Section	3.18
Title	Completion of Improvements

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department, Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Engineering Division
Status	Ongoing obligation
Section	3.24
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub- stations)and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/ her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.25
Title	Reimbursement to West Roseville Specific Plan #1 Amendment – Ord. #5681
Obligation	A. Landowner acknowledges that the West Roseville Specific Plan (WRSP) developer(s) have constructed and /or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements to the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.25, Landowner shall pay its pro-rata share based on the number of DUEs allocated at the date of Project approval, to Landowner's Property in a large lot parcel. Landowner's pro-rata share for a large lot parcel shall be based on the following ratio: Numerator: LDR/MDR residential units allocated to a large lot parcel at the date of Project approval (or DUEs for HDR projects/non-residential projects)

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	Denominator: Total number of DUEs in (1) the Plan Area, including the Property, (2) the WRSP, as may be amended from time-to- time, and (3) assumed for the Urban Reserve property in the EIR. When DUEs are assigned to the Urban Reserve property in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve property, the DUEs for the Urban Reserve property will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non- residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel, subject to the following considerations: • Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.25) shall be required until such time Landowner's pro- rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. • Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.25 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. • Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.25.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "Z" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. City has determined that Landowner's share of such planning and environmental review costs totals \$151,925. Landowner shall pay, large lot by large lot, its pro-rata share of such planning and environmental review costs sought to be
--	--

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	reimbursed by the WRSP based on the acreage in a particular large lot owned by Landowner compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined here in, as the denominator. Each such payment, large lot by large lot, shall be due and payable prior to the recordation of the first final small lot subdivision map for a particular large lot of Landowner's Property in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers." C. So as to not delay implementation of the Project, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Project due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the Project is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.25.A, and, as set forth in Section 3.25.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.25.A and yet to be invoiced or documented as set forth in this Section 3.25.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.25.A (and as set forth in Exhibit "AA"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "Z" to this Agreement, and as described in this Section 3.25.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Landowner, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.25.A, have been paid in full, with reimbursed funds paid by Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.25.E. E. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "Z" to this Agreement may not have been completed and accepted by City. In such case, Landowner shall have the option of making payment to City for such yet-to-be built WRSP improvements as set forth in Section 3.25.D, or posting security acceptable to City, which could include a security bond. Such reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on actual costs, as set forth in Section 3.25A, or (2) to Landowner or any other SVSP landowner(s) should such SVSP landowner(s) construct such improvements.
--	--

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	F. All P/ QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering Division
Status	Ongoing obligation
Section	3.26
Title	Reimbursements to Third Parties
Obligation	In the event that third parties in the SVSP construct sewer, water and/or recycled facilities in Westbrook Boulevard through the Property, the Baseline Road 24" Water Line, and/ or the SVSP fire station site, electric substation site, and solid waste recycling site, that are either required of or by Landowner or for which Landowner has responsibility for a pro-rata share, Landowner shall provide reimbursement to third parties for Landowner's share of the costs of such improvements as set forth in this Section 3.26. To effectuate reimbursement to third parties in the SVSP, Landowner shall pay to City a per DUE fee, to be paid large lot by large lot based on the ratio set forth below and the percentages set forth in Exhibit "BB", comprised of the following components, all as set forth in Exhibit "BB" to this Agreement: (i) Landowner's share of wet utilities in Westbrook Boulevard; (ii) Landowner's share of the Baseline Road 24" Water Line; and (iii) Landowner's share of the SVSP fire station site, electric substation site, and solid waste recycling site. References herein to payments on a "large lot by large lot basis" shall mean payments based on the number of DUEs planned for such large lot, as more fully described in the ratio set forth below, which payments shall be due upon the recordation of the first final small-lot map for LDR/MDR residential units or issuance of the first building permit for HDR projects or non-residential projects within such large lot. Payments by Landowner based on estimates set forth in Exhibit "BB" to this Agreement for the wet utilities in Westbrook Boulevard shall be annually adjusted by the CCI from the Effective Date of this Agreement to the date of payment. Payments by Landowner based on estimates set forth in Exhibit "BB" to this Agreement for the Baseline Road 24" Water Line and the SVSP fire station site (excluding land value), electric substation site (excluding land value), and solid waste recycling site (excluding land value), shall be adjusted annually by the CCI from January 12, 2012, the Effective Date of the SVSP development agreements, to the date of payments. Reimbursable costs shall include costs associated with design, engineering, construction management, staking, plan check and inspection fees, habitat mitigation (excluding any costs of state and federal permitting), and construction. Reimbursement for costs for design, engineering, construction management and staking shall equal twenty percent (20%) of identifiable costs of construction, as set forth in Section 4.2.3. (i) in the case of the on-site sewer, water' and recycled water facilities in Westbrook Boulevard, if third parties in the SVSP are required by City to construct such facilities, City shall pay to such third parties in the SVSP, as such construction costs are incurred by such third parties in the SVSP and approved by City, the fees described herein that have been paid, large lot by large lot, by Landowner, whicl1. Landowner shall continue to pay, large lot by large lot, until such time as City determines that such wet utilities would have otherwise have been required to support development of the Property, at which time Landowner shall pay, in one single payment, the unpaid balance of Landowner's share of the actual costs of construction of such facilities, adjusted

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	annually as set forth in Section 4.2.5 of this Agreement, after the fees previously paid by Landowner to City as described in this Section 3.26 have been paid to the third parties in the SVSP. All reimbursements to and from third parties for wet utilities shall be based on the percentages as set forth in Exhibit "CC". (ii) in the case of reimbursement from Landowner to third parties in the SVSP for the Baseline Road 24" Water Line (or to third parties in the PVSP or RUSP if they construct such water line) as set forth in Exhibits "0-1" and "0-2" to this Agreement, i.e., the segments W1 through W8 of the Baseline Road 24" Water Line defined in Section 3.8.3 above, Landowner, unless City determines all or a portion of such facility is required to serve the Project (in which case Landowner shall be required to construct all or a portion of such facility), shall pay to City, for payment to other SVSP landowners, as such construction costs are incurred by such other SVSP landowners and are approved by City, and via the fee described in this Section 3.26 to be paid large lot by large lot, its pro-rata share, based on the estimates in Exhibits "BB" and "CC" to this Agreement if the Baseline Road 24" Water Line has not been constructed, adjusted by the CCI from January 12, 2012, the Effective Date of the SVSP development agreements to the date of payment, or, once constructed, based on the actual cost of the Baseline Road 24" Water Line, adjusted annually by the CCI as set forth in Section 4.2.5 below. Landowner's pro-rata share of the Baseline Road 24" Water Line shall be based on the number of DUEs allocated at the date of the Project approval, as set forth in Exhibit "AA", to Landowner's Property in a large lot parcel. Landowner's pro-rata share for a large lot parcel shall be based on the following ratio: Numerator: LDR / MDR residential units allocated to a large lot Parcel at the date of Project approval (or DUEs for HDR projects / non-residential projects) Denominator: Total number of DUEs in the Plan Area, including the Property, and (2) assumed for the Urban Reserve Property in the EIR. The considerations applying to payment by Landowner of Landowner's pro-rata share of the Baseline Road 24" Water Line to the SVSP as set forth above shall be the same as set forth in Section 3.25 of this Agreement for reimbursements to the WRSP. (iii) For Landowner's pro-rata share of the SVSP fire station site, electric substation site and solid waste recycling center site, Landowner, via the fee described in this Section 3.26, shall pay to City, to be paid to the other SVSP landowners at the time of construction as construction costs are incurred by other SVSP landowners and approved by City, its pro-rata share, as set forth in Exhibit "BB", of the estimated costs for grading, any required access road, any frontage improvements as defined in Exhibit "BB", and any other improvements specified in Exhibit "BB", adjusted annually by the CCI (but excluding the land value of each site, whose costs shall not be adjusted annually by the CCI) from January 12, 2012, the Effective Date of the SVSP development agreements, to the date of payment, according to the pro-rata shares therefore set forth in Exhibit "BB" 1. After each of the SVSP fire station site, solid waste recycling site, and/ or electric substation site has been constructed by other SVSP landowners (or, in the case of the electric substation site, by Landowner, as set forth in Section 4.2.2.1 below), Landowner's payment, large lot by large lot, of
--	---

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	its pro-rata share of the SVSP electric substation site, fire station site and/ or solid waste recycling site to other SVSP landowners shall be based on actual costs of construction, adjusted annually as provided for in Section 4.2.5. Payment by Landowner for reimbursements due for the facilities set forth in Exhibit "BB" shall satisfy in full Landowner's obligation for payment of its pro-rata share of the costs of improvements due from Landowner to landowners in the balance of the SVSP. For all reimbursement payments by Landowner to third parties or to City to be paid to third parties provided for in this Section 3.26, once such payment by Landowner has been made for residential units or DUEs, as the case may be, for a large lot based on estimated costs of improvements, Landowner shall have no further obligation for those residential units or DUEs, as the case may be, should actual costs of construction for the improvements exceed the estimated costs. Likewise, if actual costs of construction are less than the estimated costs of improvements for which reimbursement has been made by Landowner for residential w1.its or DUEs, as the case may be, for a large lot, there shall be no repayment of the overpayment from the reimbursed party or parties to Landowner for those residential units or DUEs for which reimbursement payments were previously made based on estimated costs. In all cases of payment by Landowner for its pro-rata share of costs for improvements as provided in this Section 3.26, Landowner shall pay its pro-rata share of costs based on estimates set forth in Exhibits "BB" and "CC" to this Agreement until such time as actual costs of construction have been reviewed and confirmed by City.
Department	Engineering Division
Status	Ongoing obligation
Section	4.2.2.1
Title	SVSP/Project Reimbursements
Obligation	The foregoing provisions of this Section 4.2.2 notwithstanding, in the case of reimbursement from other SVSP landowners (excluding the Urban Reserve) to Landowner for improvements that Landowner is obligated to construct that benefit such other SVSP landowners, reimbursement to Landowner from these other SVSP landowners shall be made in the following manner: 1. For any portion of wet utilities constructed by Landowner in Westbrook Boulevard, as set forth in Sections 3.6.6, 3.8.3 and 3.9.2, and in Exhibits "K-1", "K-2", "O-1", "O-2", "Q", "BB", and "CC" to this Agreement, reimbursement of one hundred percent (100%) of the SVSP's share of the actual costs of such improvements shall be paid by other SVSP landowners to City, to be paid to Landowner, adjusted annually as provided for in Section 4.2.5 below, at the time that such other SVSP landowners would have otherwise been required by City to construct such improvements. City shall also pay to Landowner the share of Landowner's previous payments to City, made large lot by large lot, allocated to the wet utilities in Westbrook Boulevard, as provided for in Section 3.26 above. 2. For the Baseline Road 24" Water Line, if the City determines that all or a portion of such improvement is required to serve the Project and thus Landowner must construct such facility, other SVSP landowners shall reimburse Landowner, via payment to City for payment to Landowner, for one hundred percent (100%) of the SVSP's share of the actual costs of such constructed improvements, adjusted annually as provided for in Section 4.2.5 below, at the time that such other SVSP landowners would have otherwise been required by City to construct such improvements.

**Sierra Vista Specific Plan - Westbrook (Westpark S.V. 400, LLC)
Development Agreement Implementation Matrix**

	3. If Landowner is required to construct the SVSP electric substation site in order to continue development of the Project beyond the level provided for in Section 3.11.3 above, then, at the time that other SVSP landowners would have been required to construct the SVSP electric substation site under their development agreements with City, these other SVSP landowners shall reimburse Landowner for 100% of the SVSP's share of the actual cost of construction of the SVSP electric substation site, adjusted annually as provided in Section 4.2.5, less Landowner's share of the land cost for the electric substation site, and City shall pay to Landowner the share of Landowner's previous payments to City, made large lot by large lot, allocated to the electric substation site, as provided for in Section 3.26 above. Upon reimbursement by these other SVSP landowners to Landowner and City payment to Landowner of the share of previous payments made by Landowner to City allocated to the electric substation site, Landowner shall have no further obligation for any reimbursement payments, large lot by large lot or otherwise, for its share of the costs of the electric substation site.
Department	Environmental Utilities and Finance Department
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions of the Agreement.

**Sierra Vista Specific Plan - Westpark Federico
Development Agreement Implementation Matrix**

Development Agreement Obligations <u>Complete</u> as of December 2023	
Section	2.7.1
Title	404 Permit
Obligation	Landowner has obtained verification from the US Army Corps of Engineers of the presence of vernal pools and of wetland swales/channels on the property. Landowner shall obtain the 404 permit to fill specific wetland resources in conjunction with development of the property. The 404 permit shall be approved with conditions satisfactory to the City prior to commencement of construction of any improvements to the property.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.2
Title	404 Permitting Obligations
Obligation	404 permits will be processed in generally two categories: 404 permits for backbone infrastructure, including off-site public improvements and individual landowner 404 permits.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.2.1
Title	404 Permits for Backbone Infrastructure and Public Improvements
Obligation	These "Backbone Infrastructure" improvements include, but are not limited to, arterial and collector roadways, underground utility extensions for water, sewer, recycled water, and storm drains, electric facilities, wetland creation, flood control facilities, storm water treatment devices, bikeways, sewer lift station, site work (defined as rough grading and utilities stubbed to the site) for the water tank site, the electric substation site, the fire station, and the recycle center, open space crossings, and temporary construction activity disturbances, and include those certain segments of Backbone Infrastructure located off- site of the Plan Area, including the Urban Reserve area of the Annexation Area, and immediately south of and adjacent to Baseline Road, and the intersections of Baseline Road and Watt Avenue/Santucci Boulevard and Baseline Road and Fiddymment Road. In order to facilitate the orderly development of the Plan Area per the Phasing Plan and to allow Participating Owners the right to enter and construct on lands identified within the Backbone Infrastructure. All those lands identified within the Backbone Infrastructure and located on a Participating Owner'(s) property shall be dedicated as a single or group of lots on each final large lot map.
Department	Engineering Division / Environmental Coordinator

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Status	Obligation complete
Section	2.7.2.2
Title	404 Permits for Individual Landowner
Obligation	Separate 404 permits will be obtained for the purpose of fill to specific wetland resources in the Plan Area in conjunction with the development of individual large lots. The development of large lots includes, but is not limited to, the construction of roadways, underground utilities, storm water treatment devices, bikeways, landscaping, and temporary construction activity disturbances. In order to facilitate the orderly development of the Plan Area, and to allow individual Participating Owners the ability to develop their private holdings, each individual Participating Owner will be responsible for making application to the Army Corps for their individual landowner 404 Permit(s). The administration of, amendments to, any mitigation requirements of, and all modifications or supplements thereto, of the Individual Landowner 404 Permit(s), if required, will be the responsibility of the individual Participating Owner. Such Individual Landowner 404 Permit(s) shall be approved, with conditions satisfactory to the City, if such conditions or 404 Permit(s) will impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation complete
Section	2.7.3
Title	Maintenance by Landowner During the Establishment Monitoring Phase
Obligation	Participating Owners, including Landowner, shall be solely responsible for satisfying all mitigation, monitoring, reporting, and maintenance required for on-site Preserve Areas, including, but not limited to, development of any 404 Permit(s) required Establishment Monitoring Phase Operations and Management ("O&M") Plan, or any extended Establishment Monitoring Phase, as determined by the Army Corps, for the Preserve Area. Participating Owners, including Landowner, acknowledge responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Funds collected by the Public Services CFD or other financing mechanism for the purpose of maintenance of Preserve Area(s) on a particular Participating Owner's property located within the Plan Area will be made available to that particular Participating Owner for on-going maintenance, monitoring, and reporting for that particular Preserve Area or Areas up to and until such time as City assumes the obligation for Perpetual Monitoring for that particular Preserve Area or Areas.
Department	Engineering Division and Finance Department
Status	Obligation complete
Section	2.7.4
Title	Maintenance by City During the Perpetual Monitoring Phase
Obligation	A PAR Analysis shall be prepared and approved by the City to determine the amount of funding required to manage Preserve Areas during the Perpetual Monitoring Phase. The annual funding needs would be generated via establishment of a Public Services CFD. Following successful completion of the Establishment Monitoring Phase and transfer of applicable Preserve areas to the City, the City, at the expense of the Public Services CFD, shall have sole responsibility to manage the Preserve Area(s) according to the City's Open Space Preserve Overarching Management Plan and

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	any Perpetual Monitoring Phase or special management conditions identified in the applicable 404 Permit(s).
Department	Planning Division, Finance Department and Open Space Division
Status	Obligation Complete – A PAR analysis has been approved by the City and Public Services CFD has been formed.
Section	2.7.5
Title	Facilities Included in 404 Permits
Obligation	Landowner shall use its best efforts to ensure that the approval of its applicable 404 Permit(s) includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, bridges (foot, bike, and road), culverts, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of any Preserve Area(s).
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.6
Title	Preserve Area Operation and Management Plans
Obligation	Following successful completion of the Establishment Monitoring period as determined by the Army Corps, the City will assume Preserve Management responsibilities for the Perpetual Monitoring phase consistent with the City's soon to be approved Open Space Preserve Overarching Management Plan. Participating Owners (including Landowner) shall collectively pay the City a \$20,000 onetime fee , apportioned to Participating Owners on a pro-rata basis based on acreage, in exchange for appending to the City's Open Space Preserve Overarching Management Plan for Preserve area Perpetual Monitoring and reporting. Payment shall be made upon issuance by the Army Corps of the first 404 Permit applicable to the Project.
Department	Engineering Division and Environmental Coordinator
Status	Obligation complete
Section	3.3.1
Title	Recordation of Large Lot Maps
Obligation	One Large Lot Tentative Map shall be prepared for the entire Plan Area. The Large Lot Tentative Map shall depict areas that match the boundaries of the properties owned by each Participating Owner. Each of the Participating Owners can record a separate large lot final map on its respective property. Any one of such nine (9) Large Lot Final Maps can record independent of the others. Security shall only be required for recordation of small lot tentative subdivision maps. All future rights-of-ways for arterial and collector roadways including landscaped corridors adjacent to low and median density residential properties, open spaces, and future public lands for the electrical sub-station, fire station, water tanks, well sites and parks shall be identified. These lands shall be dedicated to the City on the face of each Large Lot Final Map as an Irrevocable Offer to Dedicate (IOD). Upon the recordation of any Large Lot Final Map, the City shall accept all IOD's subject to improvement. The IOD's shall remain in force until such time as all Landowner obligations for public improvements and/ or Preserve Area Establishment Phase monitoring is complete. Upon issuance of a Certificate of Completion for the completed improvements within the IOD's, and following the acceptance of those improvements by the City Council, the City shall accept the dedications of ROW, Open Spaces, and Public Utility and Access easements. The City is not obligated to accept land dedications for future P/QP, Park, or other public improvements until the frontage improvements to such land dedications are completed. Maintenance of these properties remains a Landowner obligation until accepted by City.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Department	Engineering Division
Status	Obligation complete
Section	3.5.12
Title	Transit Master Plan Funding
Obligation	Participating Owners, including Landowner, shall pay, as their fair share on a City-Wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bicycle Master Plan Update, the amounts of \$12,500, \$15,000, and \$12,500, respectively, prior to the recordation of any Large Lot Final Map , apportioned to participating owners on a pro-rate basis based on acreage.
Department	Engineering Division and Alternative Transportation
Status	Westpark Sierra Vista LLC paid their portion of the obligation on 5/24/17 \$5,003.71 Mourier Investments LLC paid their portion of the obligation on 5/24/17 \$5,003.71 Obligation complete.
Section	3.8.1
Title	Water Study
Obligation	Landowner has prepared a Water Study for its on- site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing.
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.8.8
Title	Coordination with PCWA
Obligation	Placer County Water Agency ("PCWA") has expressed interest in coordinating with the City and Landowner the future construction by PCWA or others of water facilities (including, but not limited to, a large diameter water line) within the Baseline Road and Santucci Boulevard right-of- way. In order to facilitate such cooperation with PCWA, Landowner shall, prior to the commencement of improvement plan design to Baseline Road or Santucci Boulevard, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination can be accomplished without cost and/ or delay to Landowner in the development of the Project, Landowner and City shall cooperate with PCWA in the construction of such water conveyance facilities.
Department	Environmental Utilities
Status	Obligation complete – PCWA chose not to participate in the Baseline or Santucci design
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Participating Owners, Landowner shall prepare a Title 22 Recycled Water Engineering Report for submittal to and review by the State Regional Water Quality Control Board and State Department of Public Health documenting the use of recycled water in the SVSP. Prior to submittal to the State Water Quality Control Board, Landowner shall obtain approval of the City's Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the Title 22 Recycled Water Engineering Report has received all required State approvals
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.10.3

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Landowner shall grant an IOD to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the Open Space Preserve Areas and the Specific Plan.
Department	Engineering Division
Status	Obligation complete
Section	3.11.3
Title	Electric Substation
Obligation	Landowner shall, prior to issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, dedicate to City a 0.86 buildable acre site net of easements, wetlands, riparian corridors and required setbacks for use as an electric substation at the location set forth in the Specific Plan. Landowner, prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP as set forth below, and at Landowner's expense, the substation site shall be graded and compacted to within 6" of final grade as approved by Electric Utility Director and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. The Landowner shall provide an access road capable of transporting a 200,000 pound distribution transformer and associated transportation trailer. The road shall be designed to meet the truck and trailer minimum turning radius, shall have a width of twelve feet (12') plus two foot (2') aggregate base shoulders on each side of the road, and shall have a structural section consisting of lime treated sub-grade with 2" asphalt concrete over 4" aggregate base. The final design of the access road shall be reviewed and approved by the Public Works Director after consultation with the Electric Department's Engineering Group before it is constructed. City shall construct the electric substation and all other tenant improvements on this site, at the time when needed to serve development of the Property; provided that the site is dedicated to City in sufficient time to allow for a reasonable time for City to construct the electric substation and that City has sufficient funds to construct the electric substation. The Landowner shall grant a temporary easement for the temporary electric substation access road and dedicate the substation site prior to the issuance of the 500th residential building permit or any combination of building permits within the SVSP that the City determines, in its sole discretion, has absorbed existing electrical system capacity. Additional building permits will not be issued by City unless and until the electric substation site has been dedicated and the temporary easement for the temporary access road has been granted to City. The temporary easement Shall, among other matters, specify when the easement shall be terminated.
Department	Public Works Department, Electric Department and Building Division
Status	Obligation complete
Section	3.11.7
Title	Impact of Proposed State Initiative
Obligation	An initiative entitled "New Two Thirds Requirement for Local Public Utility Providers" has qualified for the statewide ballot, should such initiative be approved by voters, Roseville Electric might not be the electricity provider for the SVSP. Should another electric utility provide electric service to the SVSP instead of Roseville Electric, the provisions of this Section 3.11, including, but not limited to, any requirement for

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	dedication of a substation site, shall be inapplicable to the SVSP, provided, however, that in such event of another electric utility providing electric service to the SVSP, City shall not be responsible for the costs of electricity for street lights and traffic signals in the Plan Area.
Department	Electric Department
Status	Obligation complete
Section	3.12.2.2
Title	Maintenance District Financing
Obligation	Pursuant to Section 3.19 below, Landowner shall support the formation of the Community Facilities District - Public Services District defined therein. Among other things, the Services CFD shall be authorized to levy special taxes or assessments on the Property and to provide maintenance of the parks.
Department	Parks Department
Status	Annexed into the SV CFD – Obligation complete
Section	3.12.10
Title	Open Space Preserve Areas
Obligation	Landowner, in conjunction with Participating Owners, shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property and the Plan, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following twelve parcels: 1. A 5.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-80; 2. A 5.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-81; 3. A 11.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-82A; 4. A 0.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-82B; 5. A 3.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-83; 6. A 25.3-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-84; 7. A 20.8-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-85; 8. A 1.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-86;

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	9. A 4.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-87A; 10. A 0.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-878; 11. A 13.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-SSA; and 12. A 20.9-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-SSB.
Department	Engineering Division and Parks Department
Status	Obtained 404 permit to fill wetlands on the property and create onsite preserve areas as described – Obligation complete.
Section	3.13
Title	School Fee Agreement
Obligation	Landowner has entered or will enter into separate written agreements with the Roseville City School District, Center Joint Unified School District, and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit , to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Landowner is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Landowner agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division, City Attorney and School Districts
Status	Obligation complete
Section	3.13.1
Title	Preservation of School District Boundaries
Obligation	City and Landowner acknowledge that the Center Unified School District, the Roseville Joint Union High School District and the Roseville City School District have established school district boundaries within the SVSP. City and Landowner also acknowledge that the aforementioned school districts base their financial planning and assumptions on, among other things, their current boundaries. Accordingly, City and Landowner will not initiate any school boundary changes unless and until the boards of trustees of all three school districts support any such boundary change(s) by adopted resolution. Moreover, City and Landowner agree that they shall not initiate or execute any petition in support of any boundary change between the respective school districts, unless and until the boards of trustees of all three school districts support any boundary change(s) by adopted resolution.
Department	Planning Division
Status	Obligation complete
Section	3.19.3
Title	Public Parcel Exclusion

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Public Services CFD.
Department	Finance Department
Status	Obligation complete
Section	3.24
Title	Disclosures to Subsequent Purchasers
Obligation	This Agreement shall constitute notice to all successors to Landowner hereunder, and to all subsequent purchasers of any lots and/ or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, Westbrook Boulevard and Baseline Road as truck routes. 2. The existence of a Development Agreement on the Property. However, this notice shall not extend to the purchaser of a completed individual single family residential unit. 3. The Project will be served by surface water supplies and by groundwater supplies. 4. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 5. Requirement to implement water conservation measures per the project Water Conservation Plan (Exhibit "R"), which may include such measures as Smart Timers. 6. Public utility easements may be used to construct 60kV overhead power lines on the west side of Fiddymment Road, on the east side of Westbrook Boulevard and south side of Pleasant Grove Boulevard. 7. 230kV and 60kV overhead power line easement on (Parcel Numbers). 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of schools and parks within one mile. 11. Parcels adjacent to Open Space may have a public bike trail and appurtenances adjacent to said parcels. 12. Location of well sites and water storage facilities. 13. Location of sewer lift station and wastewater treatment plant. 14. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 15. Location of recycled water tank site and pump station facilities.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	16. Location of solid waste recycling center. 17. Location of future high-pressure natural gas line in Fiddymment Road and Baseline Road. 18. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned by the City, which is responsible for their maintenance, repair and replacement. 19. Aircraft over flights and associated noise. 20. Demand cycle control units operated by Roseville Electric on residential air conditioner units. 21. Solar envelope impact: Landowner shall disclose to all residential and nonresidential buyers that certain properties, specifically those adjacent to major arterials and collector streets where City- maintained landscaping is installed, may impact the buyer's opportunity to install solar panels or structures or the efficiency or effectiveness of such solar panels or structures. And that this is primarily due to the trees within the street landscapes as being generally medium to large shade trees, which may cast shade, leaf litter, or other natural affects onto the adjacent property. 22. [For properties in the Center USD portion of the Specific Plan] The Property is located in the Center Unified School District. Should CC&Rs not be recorded against the Property as provided for herein, a separate notice of the Property's location in the Center Unified School District will be recorded against the Property by Landowner, including a separate recorded notice to the purchaser of all completed individual single family residential units located within the Property, notifying all such subsequent purchasers that their properties are located within the Center Unified School District. If Landowner records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval, with the exception of disclosure 22, which may not be omitted or deleted from CC&Rs.
Department	City Attorney
Status	Obligation complete - CC&R's have been prepared and recorded. They include the disclosures listed in this section. Said CC&R's were reviewed and approved by the City prior to recording.

Development Agreement Obligations <u>Not Complete</u> as of December 2023	
Section	2.1
Title	Permitted Uses
Obligation	The permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, provisions for reservation or dedication of land for public purposes, and location of public improvements, and other terms and conditions of development applicable to the Property shall be those set forth in the Entitlements.

FD-32B	116	81	19	19	43											
Department	Housing Department															
Status	Obligation current - Not developed yet															
Section	2.6.2.4															
Title	Community Facilities Districts															
Obligation	City shall maintain a list of low and very low-income affordable rental units for each Parcel which is subject to a Regulatory Agreement (or applicable City-approved form) and, on or about May 1 of each calendar year, shall send a copy of such agreement to the City's Finance Director. The Finance Director, once the CFD is formed encompassing the property, set the applicable tax for such parcel at a level described in the rate and method for said CFD.															
Department	Finance Department															
Status	No District formed yet-Ongoing obligation															
Section	2.7.2.3															
Title	Preserve Area Establishment and Perpetual Monitoring Phases															
Obligation	Required preservation and/or creation or restoration of wetland resources within preserve area. City and Landowner shall cooperate with one another in the formation of financing mechanism to fund the costs of monitoring and maintaining the preserve area in two separate phases. First phase (establishment monitoring phase): occurs during the time the preserve property remains under ownership of participating owners and adjacent build out is occurring in accordance with the specific plan and 404 permits. Wetlands would be monitored for success in accordance with criteria identified in the 404 Permit(s) and all other identified Preserve improvements would be constructed, including, but not limited to, perimeter fencing, outfalls, drainage swales, bridges, utility lines, and bike trails. The duration of the Establishment Monitoring Phase will be specified in the 404 Permit(s)															

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	and will depend in part on the ability of mitigation wetlands to meet success criteria identified in the 404 Permit(s). City and Landowner acknowledge and agree that City will take ownership of the Preserve and any Preserve referenced in this Agreement after the Establishment Monitoring Phase has demonstrated that all created habitat has met the required success criteria and all required Preserve improvements and/ or facilities have been completed to the satisfaction of the City and applicable Federal permitting agencies. Landowner shall use its commercially reasonable best efforts to obtain written verification from the Army Corps that success criteria for the on-site Preserve Area Establishment Monitoring Phase have been met. In lieu of obtaining written approval for the Army Corps, the Establishment Monitoring Phase can be deemed complete upon receipt of a letter from Landowner to the Army Corps with a copy provided to City on the same date notifying the Army Corps that the Establishment Monitoring Phase of the particular Preserve(s) is complete. Any such letter shall indicate that the Army Corps' concurrence with the Landowner's determination will be assumed unless the Army Corps responds to the contrary within thirty (30) days. If the Army Corps does not respond within thirty (30) days the Establishment Monitoring Phase will be considered complete. Preserve ownership and perpetual management responsibilities can then be transferred to the City in accordance with the process identified in the City of Roseville Open Space Preserve Overarching Management Plan. The second phase, or Perpetual Monitoring Phase, would begin immediately following the Establishment Monitoring Phase. At the outset of the Perpetual Monitoring Phase, on-site Preserve areas would be dedicated to and accepted by the City and then managed by City in accordance with the City's Open Space Preserve Overarching Management Plan and any Perpetual Monitoring Phase or special management conditions identified in the 404 Permits.
Department	Engineering Division and Open Space Division
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Any and all required payments of development, connection or mitigation fees by Landowner shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Landowner to design, construct or install any improvements, the cost thereof may be provided by Landowner, or by traditional assessment district, CPD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	All Development Departments
Status	Landowner to pay all required payments of development, connection or mitigation fees at the time and in the amount specified by the City. Ongoing obligation
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Landowner
Obligation	Landowner agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City, Landowner shall obtain and fulfill the terms of any state and federal permits needed for anticipated development (e.g., 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed) and complete said development if said development is a Landowner responsibility under this Agreement. All land dedications shall be free of environmental or other constraints or other encumbrances net inconsistent with the intended use of the Property (e.g., all wetlands shall be filled in accordance with applicable 404 Permits), unless expressly waived by the City. Title

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	shall be conveyed to City in fee simple and without restriction or limitation on use(s), unless approved otherwise by the City Attorney. Signage shall be installed in accordance with Section 3.25.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.2.1
Title	Landowners obligations for backbone Infrastructure
Obligation	The Backbone Infrastructure as defined in Section 2.7.2.1 above includes improvements that are required to provide access and public utilities to any part of the plan area in accordance with Section 3.3. The construction obligation of each phase or sub-phase of development may require construction of certain portions of Backbone Infrastructure, on the property of other Participating Landowner(s). This will require access for the purpose of construction. To assure that the Participating Landowners have confidence that they can access, construct, and offer to the City public improvements required of the phase or sub-phase of development, Landowner hereby agrees to provide all Participating Landowners, temporary construction and access easements to those Backbone Lands on which Backbone Infrastructure is to be constructed as described below. Easements for all Backbone Lands will be granted to all the Participating Landowners in a format acceptable to the City for purposes of access and construction of public improvements, and to the City as an irrevocable offer of dedication (IOD) for purposes of access and public utilities. These easements and IODs will be recorded at the County Recorder's Office and shall be for the benefit of each Participating Owner. The easement width for Backbone Lands shall be to the width of the road right of way plus 25' or, the back of the landscape corridor, whichever is less. All easements and IODs described above shall be recorded before the recordation of any Large Lot Final Map, but no later than 180 days after annexation of the Specific Plan area to City. A survey map exhibit of the easements will accompany the descriptions and plats and shall be recorded as a supplemental exhibit(s). Backbone Lands will be dedicated to the City as set forth above. Upon the satisfactory completion of the public improvements, and in the case of flood control improvements within the open space areas, the successful completion of the Establishment Period success criteria, the City will accept the dedication. Where the City approves a tentative map or development project that allows for the construction of utility lines absent the completion of roadways overlaying such infrastructure, the City shall accept that portion of the IOD, as described above, for the public utility easements acceptance of the utility lines, but prior to completion of upon roadways overlaying such infrastructure. As the Participating Landowners construct the Backbone Infrastructure associated within their phase or sub-phase of development they will: A) Assume full responsibility to manage the affairs of that portion of the Backbone Infrastructure and the execution of the Backbone Infrastructure 404 Permit(s) (as herein defined). B) Mitigate the impacts of all wetland fills for applicable segment(s) of Backbone Infrastructure identified in the Backbone Infrastructure 404 permit(s).

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	C) Prior to acceptance of all or any part of the Preserve Area by the City, the Participating Landowner(s) shall, through funds from the Public Services CFD as provided in Section 2.7.3, be solely responsible for Preserve Area maintenance and monitoring as further described in Section 2.7.4.
Department	Engineering Division
Status	Easement/IOD Recorded – Mitigations - Ongoing obligation
Section	3.3
Title	Project Phasing
Obligation	Landowner shall develop and construct the infrastructure necessary to serve the Project in Phases A through D substantially consistent with the Phasing Plan. Infrastructure may be constructed in sub-phases as approved at the discretion of the City, in consultation with all affected City departments. The following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Landowner and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility/public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. The sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection required, which may include a sanitary sewer lift station or interim lift station. • Recycled Water -One point of connection required. A looped system is not required. Potable water may be utilized on an interim basis until such time as the Environmental Utilities Director makes a determination that potable water service can no longer be allowed. At that point in time the system shall be switched over to recycled water by eliminating each potable water charging station and connecting to the West Roseville Specific Plan recycled system, as described in Section 3.9 herein (Recycled Water Facilities). At the time that a water charging station is abandoned, a fire hydrant shall be installed to separate the potable water and recycled water systems. Five temporary potable water charging station connections to the recycled water system shall be allowed among the 4 phases A-D, with two temporary potable water charging station connections anticipated for Phase A. The connection of the recycled water pipe to the potable water pipe shall consist of one gate valve and one backflow prevention device between the connections. The charging stations may be relocated within a phase or to another phase and multiple sub-phases can share a single station. Recycled water pipe lines shall be constructed concurrent with roadways construction and paving within a phase or sub-phase. Additional temporary potable water charging station

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	connections to the recycled water system may be utilized subject to the approval of the Environmental Utilities Director. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Landowner acknowledges that modifications to the Phasing Plan shall require additional City review. Special studies including but not limited to, water, recycled water, sewer, storm water systems, traffic, fire response, electric supply, and other environmental review may be required. The Landowner and/ or Participating Owners will be responsible for all costs associated with the preparation of special studies, and for the associated costs, of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation - Improvement plans being conditioned
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Landowner to City for the arterials, collectors and other local streets within the Property or within public easements granted by Landowner to City for such purposes. Upon approval of any final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Landowner agrees to grant an IOD to City for the rights-of-way, for any arterials, collectors, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Landowner shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility, bus shelter, or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Landowner, at its expense, shall provide the road improvements in this Agreement, the Phasing Plan, as may be modified as provided in Section 3.3, the Infrastructure Phasing and Reimbursement. 3.5.1 Landowner's Obligation: Landowner obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and pavement section. Landowner obligation for arterial roadways shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, grading of 1/2 of the full road section, drainage facilities, utilities, street lights, signal interconnect conduits, and

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer. Auxiliary lanes, turn flares, accel/decel lines, tapers, transition lanes and bus turnouts shall be constructed in, and encroach into, the public utility easement/ landscape easement corridors per the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways
Obligation	Landowner shall grant easements and dedicate all IODs for all arterial roadways. Arterial roadways wholly within and adjacent to the Specific Plan are Santucci Boulevard, Vista Grande Boulevard, Westbrook Boulevard, Fiddymont Road and Baseline Road. City and Landowner acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Specific Plan. Arterial roadway improvements in excess of required Landowner's Frontage Improvements constructed by Landowner shall be subject to a funding, construction and acquisition agreement (the "Funding, Construction and Acquisition Agreement") between Landowner and City. City shall establish a traffic mitigation fee set-aside fund dedicated to CIP improvements within the Plan Area that are in excess of required Frontage Improvements by withholding 52.5% (the "TMF Set-Aside Fund") of City traffic mitigation fee ("TMF" or "City TMF Fund") revenues paid by Landowner and other Participating Owners within the Plan Area, of which 5% will be allocated for Westbrook Boulevard Improvements through the Urban Reserve. Payments to Landowner for CIP improvements shall be on a first completed, first paid basis and shall be distributed from the TMF Set-Aside Fund as improvements are constructed and invoiced pursuant to the Funding, Construction and Acquisition Agreement, and shall be in no particular order of priority with the exception of Vista Grande Boulevard CIP improvements. Where Vista Grande Boulevard CIP Improvements are constructed, the costs of such improvements shall be constructed and paid for by the City TMF Fund and not from the TMF Set-Aside Fund, with payment to occur as such Vista Grande Boulevard CIP improvements are constructed and invoiced. Within thirty (30) days of City acceptance of improvement plans, City and Landowner shall enter into a Funding, Construction and Acquisition Agreement to provide for periodic progress payments to Landowner, based upon invoices for actual work constructed, for stages of the arterial roadway improvements described in this Section 3.5.2 that have been signed off by City inspectors. Landowner's specific construction obligations for the above referenced arterial roadways, where applicable to Landowner, are as follows: (a) Vista Grande Boulevard. Landowner shall construct the Frontage Improvements, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements as a condition of opening the roadway for public use. In this case, Landowner shall not be obligated to construct its one-half of the median landscaping and median curb in exchange for constructing the opposite Frontage

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Improvements. City shall pay the constructing Landowner the difference between the cost of the eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb. Prior to the recordation of the first small lot residential final map on the portion of its property abutting Vista Grande Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter, and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall reimburse Landowner for such cost difference relative to Frontage Improvements on another Landowner's Property for Vista Grande Boulevard out of the TMF Set-Aside Fund, but if insufficient funds are available to reimburse Landowner, City shall make payments to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all Dwelling Unit Equivalents ("DUEs") on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient City revenues are available to fully pay for such improvements, City shall pay Landowner such amount, less the amount of any payments made and credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. City may elect for Landowner to construct the additional two inside lanes of Vista Grande Boulevard, but only if City has sufficient funds in the City TMF Fund of the City's Road CIP to make progress payments to Landowner for the costs of construction of said inside lanes as set forth in the Funding, Construction and Acquisition Agreement. If such TMF Fund revenues are not available to so pay Landowner, City shall be obligated to construct said inside lanes through the City's CIP. (b) Fiddymment Road. Landowner shall construct the Frontage Improvements, as defined in Section 3.5.1, for the west side of Fiddymment Road. City has a CIP project to construct the 2 south bound lanes and the median curbs through the City's CIP in advance of the development of the Plan Area, including design, environmental permitting, and mitigation requirements related thereto. The CIP construction will also include the Landowner's obligation for 5-feet of pavement width, one median curb, utility stubs, and left turn pockets into the Plan Area. At the time when the adjacent Participating Owner proceeds to develop its property, on specific parcels east of Upland Drive referenced below, that will trigger Fiddymment Road Frontage Improvements, that Participating Owner shall complete its Frontage Improvements on the west side of Fiddymment Road and complete the landscaping of the median. That Participating Owner will be responsible to reimburse the City for the cost of its obligation set forth above in this Section 3.5.2 (b), less the cost of the eastern one-half of the median landscaping. In the event that Landowner's cost of the eastern one-half of median landscaping exceeds the City's cost of the portion of Landowner's Frontage Improvements obligation set forth above, City shall pay Landowner for such cost difference out of the City TMF Fund. Fiddymment Road Frontage Improvements may be constructed in two phases. Each phase of such Fiddymment Road Frontage Improvements shall be triggered upon on-site development of the specific parcels (excluding open space parcels) east of Upland Drive (excluding construction of Upland Drive itself), with the northern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive and north of open space Parcel JM-85 develop, and the southern segment of Fiddymment Road Frontage Improvements triggered when parcels east of Upland Drive
--	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	and south of open space Parcel JM-85 develop. (c) Westbrook Boulevard; Santucci Boulevard. Landowner shall construct both outside Frontage Improvements, as well as the adjacent inside lane on each side of Westbrook Boulevard and for Santucci Boulevard, respectively, if Landowner owns both sides of the Frontage. In the event Landowner owns only one side of the Frontage, Landowner shall be responsible to insure construction of the opposite Frontage Improvements, including the adjacent inside lane. In this case, Landowner shall not be obligated to construct one-half of the median landscaping and median curb in exchange for constructing the Frontage Improvements, including curb and gutter, on both sides of Westbrook Boulevard, and of Santucci Boulevard. City shall reimburse Landowner the difference between the cost of the eighteen feet (18') of pavement, grading and curb and gutter and the cost of one-half median landscaping and one median curb. For both Westbrook Boulevard and Santucci Boulevard, prior to the recordation of the first small lot residential final map on the portion of its property abutting either Westbrook Boulevard or Santucci Boulevard, the non-constructing Participating Owner shall reimburse the City for the cost difference of that Participating Owner's eighteen feet (18') of pavement, grading of half of the full road section, curb and gutter and the cost of one-half median landscaping and one median curb, and that non-constructing Participating Owner shall construct both halves of the median landscaping and both median curbs. City shall pay Landowner out of the TMF Set-Aside Fund for the cost of the additional two inside lanes and such Frontage Improvements constructed on another participating Owner's property pursuant to the terms of the Funding, Construction and Acquisition Agreement, but if insufficient funds are available for such payment, City shall make payment to the extent funds are available, then provide 50% credits against the TMF applied to building permits on Landowner's Property, for all DUEs on Landowner's Property, up to the amount of the payments due to Landowner, provided, however, that once sufficient TMF Set-Aside Fund revenues are available to pay for such improvements, City shall pay Landowner such amount, less the amount of any payments and credits previously extended to Landowner against the IMF applied to DUEs on Landowner's Property. When warranted with Phase D or as may be required by City, provided the 5% of TMF Set Aside Fund revenues allocated to Westbrook Boulevard are available to pay Landowner, Landowner(s) shall construct Westbrook Boulevard through the Urban Reserve, which shall consist of the interior two CIP lanes on each side of the center median, grading of the 100 foot right of way, and 56 feet of pavement. City payment to Landowner for the construction referenced herein shall be paid from the 5% of TMF Set-Aside Fund revenues allocated to Westbrook Boulevard. Landowner(s) shall not be required to construct frontage improvements along Westbrook Boulevard through the Urban Reserve; Landowner shall not be required to construct any median landscaping and improvements, sidewalk or adjacent landscape corridors for any portion of Westbrook Boulevard through the Urban Reserve portion of the Plan Area. (d) Baseline Road. Landowner shall be obligated to construct its Frontage improvements. Commercial properties shall also be required to construct one auxiliary lane improvement along their frontage. Landowner shall further be obligated to construct or overlay four additional lanes, comprised of a combination of new pavement and overlay of existing pavement on Baseline Road, to create a total of two westbound lanes, two eastbound lanes, and a two-way center turn lane.
--	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	City shall make progress payments to Landowner for all work beyond Landowner's Frontage Improvements for Baseline Road from the City-County traffic mitigation fee on a first completed, first paid basis. If revenues are insufficient to make such payment, City shall provide 100% credits against the City-County Traffic Mitigation Fee applied to building permits on Landowner' s Property, for all DUEs on Landowner' s Property, up to the amount of payments due Landowner, provided, however, that once sufficient City-County Traffic Mitigation Fee revenues are available to pay Landowner, City shall make additional progress payments to Landowner, less the amount of any credits extended to Landowner against the City-County Traffic Mitigation Fee applied to DUEs on landowner's Property, on a first completed, first paid basis. Baseline Road may be constructed in eight phases in accordance with Exhibit "H", provided, however, that such phased construction shall not leave any one segment gap between constructed segments of Baseline Road. For all the above-referenced Baseline Road Frontage Improvements where Landowner is required to construct Frontage Improvements on another landowner's property, when such benefiting landowner proceeds to develop its property, said benefiting landowner shall fully reimburse the City-County Traffic Mitigation Fee program at the time of recordation of any small lot final map on its property, or issuance of building permit in the case of non-residential uses, for the cost of its Frontage Improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Landowner shall construct curb, gutter, pavement, streetlights, utilities, and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. Collector roadways in the Specific Plan area are Upland Drive, Market Street, and Federico Drive. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore, i.e., based on the final design for such collectors and the final lot subdivisions for the Property. Landowner shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/ or construction of collector roadways. Parking lanes will be installed with the construction of the collector roadways adjacent to Parcels PR-6 and PQP-10. Sidewalk and diagonal parking along Market Street adjacent to the CMU sites will be the responsibility of Landowner at the time of development of those sites. Prior to the development of those sites, a temporary AC dike will be installed with the backbone roadway construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Rights-of-way for the arterial and collector roadways shown as Backbone Lands shall be dedicated as an IOD to the City, and with the recordation of the Large Lot Map. All other dedications of roadways to the City shall be made with subsequent final small lot subdivision maps and City acceptance of completed improvements.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	<u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Landowner shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets to serve the portion of the Property which is the subject of the small lot residential subdivision map; provided, however, Landowner shall not be required to post security for the portion of the work associated with Road CIP improvements.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Landowner shall comply with the City's development standards for public streets in effect as of the date of improvement plan approval unless modifications are otherwise mutually agreed to by Landowner and the Public Works Director. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/ or adjacent to the Property, Landowner shall establish the applicable landscape setbacks provided therefore by the Specific Plan and/ or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, auxiliary lanes, turn flares, accel/decel lanes, and tapers may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such setbacks shall not be included within rights-of-way adjacent to nonresidential uses as set forth in the Specific Plan.
Department	Planning and Engineering Division
Status	Ongoing obligation – conditioned with maps. Improvement plans being reviewed.
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Landowner shall ensure that if a residential property is improved with separated sidewalks, the residential property shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of all landscaping within the landscape planter, including, street trees located between the separated sidewalk and curb, except where a Homeowners Association maintains the landscaping within the landscape planter.
Department	City Attorney, Engineering Division
Status	Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Landowner shall be responsible for the costs of construction of traffic signals and described in the Phasing Plan through the payment of the TMF. Landowner shall construct the traffic signals, signals at the intersections of arterial roads and arterial roads, for which City shall make progress payments to Landowner for the cost of construction of such traffic signals from the City's TMF Set-Aside Fund, except as

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	provided below in the case of temporary traffic signals on Baseline Road, and the specific limitations therein. For the traffic signals other than signals at the intersections of arterial roads and arterial roads, Landowner, at the request of City, shall install underground conduit, loops, and poles for those signals, subject to the progress payment and credit provisions. For those such signals, City shall install mast arms, signals and signal controllers. If TMF Set-Aside Fund revenues are not available to fully pay Landowner for any traffic signal improvements constructed by Landowner, City shall provide 50% credits to Landowner against the TMF applied to building permits on Landowner's Property, up to the amount of the reimbursement then un-reimbursed by City to Landowner, provided, however, then once sufficient City revenues are available to fully pay Landowner, City shall so pay Landowner, less the amount of any credits previously extended to Landowner against the TMF applied to DUEs on Landowner's Property. Landowner shall be entitled to credits toward the appropriate City, or shared City/County traffic mitigation fee for the design and construction of public traffic signals and/ or signals warranted by City that are constructed in their ultimate location. Landowner shall not be entitled to any reimbursements or traffic mitigation fee credits for any portion of a traffic signal that serves a private driveway, unless the driveway is the fourth leg of a warranted three legged signal that serves public rights-of-way on three legs, at which time the public legs would be available for credits toward the City's traffic mitigation fee. Temporary traffic signals installed with phased improvements on Baseline Road in locations other than ultimate locations (Plan obligation of Baseline Road to construct 4 lanes with appropriate left turn lanes) shall be the responsibility of the constructing Landowner and will not be eligible for credits toward the City's and/or City-County Traffic Mitigation Fee, except as provided below. For the intersections of Fiddymont Road / Baseline Road, Santucci Boulevard /Watt Avenue/Baseline Road, Westbrook Boulevard / Baseline Road and Market Street/Baseline Road, the cost of improvements shall be subject to progress payments from the City and/ or City-County Traffic Mitigation Fee. In the case of temporary traffic signals on Baseline Road, if at the time of the construction of the ultimate improvements, the temporary signal was operational for a minimum of ten (10) years, the associated costs for the relocation and the costs for the construction of the ultimate signal shall be reimbursed to Landowner from the City-County Traffic Mitigation Fee and/ or TMF Set-Aside Fund.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.8
Title	Update of City Fee
Obligation	Landowner acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Landowner and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Landowner agrees to pay the fee rate then currently charged to the West Roseville Specific Plan Area. To the extent that the Traffic Mitigation Fee adopted for the SVSP is higher than that charged in the West Roseville Specific Plan Area, Landowner shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the SVSP. To the extent that the Traffic Mitigation Fee adopted for the SVSP is lower than that charged in the West Roseville Specific Plan Area, Landowner shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted.
Department	Engineering Division
Status	Ongoing obligation

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Landowner agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Landowner hereby consents to and waives any objection to such inclusion. Landowner agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Landowner shall pay the fee applicable to the West Roseville Specific Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Landowner pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation - The obligation is to pay the HWY 65 JPA fee. Since the specific plan is not fully developed, there are still parcels subject to this obligation. The interim fee obligation is complete, but the overarching obligation to pay the fee is still ongoing.
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Landowner agrees that the Property shall be subject to and pay the South Placer Regional Traffic ("SPRTA") Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Landowner hereby consents to such inclusion. Landowner agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the West Roseville Specific Plan Area shall apply to the Property and Landowner shall pay such fees ("Interim SPRTA Fee") in the amounts and at the times specified by the SPRTA Fee program. If Landowner pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis.
Department	Engineering Division
Status	Ongoing obligation - The obligation is to pay the SPARTA fee. Since the specific plan is not fully developed, there are still parcels subject to this obligation. The interim fee obligation is complete, but the overarching obligation to pay the fee is still ongoing.
Section	3.5.11
Title	Tier II Traffic Fee
Obligation	The SPRTA Tier II Fees are administered by the Placer County Transportation Planning Agency ("PCTPA"). Landowner acknowledges and agrees to pay the Tier II Traffic Fee, collected to pay for construction of the Placer Parkway and improvements to the I-80/SR65 interchange. The Tier II Traffic Fee program participants include the jurisdictions of Placer County, and the Cities of Roseville, Rocklin, and Lincoln. The current Tier II Traffic Fee is \$5,600 per DUE and will be allocated to the various land uses using a methodology approved by the SPRTA Board. The Tier II Fees shall be adjusted for inflation annually based on the Construction Cost Index

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	("CCI") shown in the Engineering and News Record in May of each year and based on the average of the 20 Cities average and San Francisco average.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.13
Title	City-County Fee
Obligation	Landowner acknowledges that City and Placer County have adopted a funding mechanism for improving certain roads in the vicinity of the SVSP, including Baseline Road and Walegra Road. Landowner agrees that the Property shall be subject to and pay the City- County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Watt Avenue and Vista Grande Boulevard Extension and Traffic Mitigation Fee
Obligation	If and when the City and County of Placer develop fee programs to mitigate regional traffic concerns, Landowner consents to and agrees that any then- undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a City-Wide funding mechanism. Such regional roadway extensions and improvements shall consist only of Santucci Boulevard between the Regional University Specific Plan and the future Placer Parkway and Vista Grande Boulevard west of the Project boundary to Baseline Road. At the time of the adoption, Participating Owners or any of them do not waive their right to protest the amount of the fee. A Plan Alignment for Santucci Boulevard indicates the future roadway alignment within the Urban Reserve land use designation. The portion of Santucci Boulevard will be constructed as part of the Regional University Specific Plan, or as conditioned for frontage improvements with future entitlements of the Urban Reserve land area. Other than the fair share costs for regional improvements as determined by the City's Capital Improvement Program and collected with Traffic Mitigation Fees, the SVSP will have no additional obligations for the construction of Santucci Boulevard through the Urban Reserve land area.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.15
Title	Placer County Traffic Mitigation Fee
Obligation	Landowner agrees to pay to City a fee of \$327 per DUE to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (but excluding Santucci Boulevard and the extension of Vista Grande Boulevard). Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.16
Title	Fee Credit/Reimbursement for Construction of CIP Improvements
Obligation	Landowner shall be entitled to credits against the City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program and identified in this Agreement, as more fully set forth in Sections 3.5.1 and 3.5.2 above and Section 4.2 below.
Department	Engineering Division and Public Works Department

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Status	Ongoing obligation
Section	3.5.17
Title	Fiddymment Road/Baseline Road Intersection
Obligation	Improvements to the Baseline Road/Fiddymment Road intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in incorporated Placer County. These Baseline/Fiddymment Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Fiddymment Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City (through the City TMF Fund), and the City and County together through the City-County Traffic Mitigation Fee. Baseline/Fiddymment Intersection Improvements are comprised of City CIP improvements, Tier IA improvements, and subsequent improvements (the "Baseline/ Fiddymment Sierra Vista Ultimate Intersection Improvements"). The City CIP Intersection Improvements are a City project whereby the City shall construct the following improvements beyond the existing improvements at the intersection: one additional southbound through lane and one additional northbound through (i.e., receiving) lane, resulting in a total of three (3) northbound lanes and, in the southbound direction, a left turn lane, right turn lane, and two (2) through lanes. As part of the City CIP Intersection Improvements, City shall also relocate the intersection's northwest signal to its ultimate location. Prior to the issuance of the first certificate of occupancy in the Plan Area, Landowner shall construct the following Baseline/ Fiddymment Tier IA Improvements subsequent to the construction of the City CIP Intersection Improvements, which Baseline/Fiddymment Tier IA Improvements shall consist of one additional eastbound and westbound left turn lane on Baseline Road, resulting in the following configuration for each leg of the intersection: East Leg: Two westbound through lanes Double left turn lane onto Walerga Road (southbound) One right turn lane onto Fiddymment Road (northbound) West Leg: One eastbound through lane One shared through (eastbound) and right turn lane onto Walerga Road (southbound) Double left turn lane onto Fiddymment Road (northbound) North Leg: Two southbound through lanes One left turn onto Baseline Road (eastbound) One right turn onto Baseline Road (westbound) South Leg: Two northbound through lanes One left turn onto Baseline Road (westbound) One right turn onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the cost of Baseline/ Fiddymment Tier IA Improvements beyond Landowner's Frontage Improvements, including the cost of design of such Baseline/ Fiddymment Tier IA Improvements, out of either the City-County Traffic Mitigation Fee or the City TMF Fund, or both, on a first completed, first paid basis.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	The Baseline/Fiddymment Sierra Vista Ultimate Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Fiddymment intersection subsequent to the construction of the Baseline/Fiddymment Tier IA Improvements. These Sierra Vista Ultimate Intersection Improvements shall consist of the Frontage Improvements on Fiddymment Road and Baseline Road, and the Baseline/Fiddymment intersection, including the auxiliary lane at the Baseline/Fiddymment intersection on Baseline Road. These Sierra Vista Ultimate Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: No change from Tier IA West Leg: No change from Tier IA North Leg: Widen to accommodate right turn lane to Baseline Road (westbound) at ultimate location with owner frontage South Leg: No change from Tier IA All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. For the Baseline/Fiddymment Tier IA Improvements, where Landowner constructs Frontage Improvements on an adjacent Participating Owner's frontage, City shall pay Landowner for such frontage improvements on an adjacent Participating Owner's frontage out of the City TMF Fund or City-County Traffic Mitigation Fee, or both, provided, however, that when the non-constructing Participating Owner proceeds to develop its property, that Participating Owner shall reimburse the City, or the City- County Traffic Mitigation Fee program, or both, as applicable, for the cost of its frontage constructed by Landowner.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.18
Title	Baseline Road/Watt Avenue/Santucci Boulevard Intersection
Obligation	Improvements to the Baseline Road/Watt Avenue/Santucci Boulevard Intersection provide a benefit to the Specific Plan, properties currently in the City, and to properties in unincorporated Placer County. These Baseline/Watt/Santucci Intersection Improvements are currently in the City Road CIP and the City-County Traffic Mitigation Fee program. Responsibility for funding of the Baseline/Watt /Santucci Intersection Improvements are a shared obligation between Landowner (for frontage improvements), the City Road CIP, and the City through the City-County Traffic Mitigation Fee. Baseline/Watt/Santucci Intersection Improvements are comprised of Tier IB Improvements and subsequent improvements. At the issuance of the 1000th residential building permit in the Plan Area, Landowner shall begin the design of the Tier IB Improvements. At the issuance of the 1500th residential building permit, City shall construct the following Baseline/Watt /Santucci Tier IB Improvements which shall consist of one additional thru lane in the eastbound direction, one additional right-turn lane in the northbound direction and one additional left-turn lane in the westbound direction, resulting in the following configuration for each leg of the intersection: East Leg: One westbound thru lane

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Double left-turn lane onto Watt Avenue (southbound) West Leg: Two eastbound thru lanes One right-turn lane onto Watt Avenue (southbound) North Leg: N I A South Leg: One left-turn onto Baseline Road (westbound) Two right-turns onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards. City shall make progress payments to Landowner for the design costs of Baseline/Watt/Santucci Tier IB Improvements, out of the City-County Traffic Mitigation Fee. The Baseline/Watt/Santucci Sierra Vista Project Intersection Improvements are the obligation for Frontage Improvements of the Participating Owner whose property abuts the Baseline/Watt/Santucci intersection subsequent to the construction of the Baseline/Watt /Santucci Tier IB Improvements. These Sierra Vista Project Intersection Improvements shall consist of the Frontage Improvements on Santucci Boulevard and Baseline Road, and shall include the following: • Add two left-turn lanes in the eastbound direction • Add two thru lanes and remove one right-turn lane in the northbound direction • Add one thru lane and one right-turn lane in the westbound direction • Add two thru lanes, two left-turn lanes, and one right-turn lane in the southbound direction These Sierra Vista Project Intersection Improvements shall result in the following configuration for each leg of the intersection: East Leg: Two westbound thru lanes Double left-turn onto Watt Avenue (southbound) One right-turn lane onto Santucci Boulevard (northbound) West Leg: Two eastbound thru lanes Double left-turn (northbound) One right-turn lane onto Watt Avenue (southbound) North Leg: Two southbound thru lanes Double left-turn onto Baseline Road (eastbound) One right-turn lane onto Baseline Road (westbound) South Leg: Two northbound thru lanes One left-turn onto Baseline Road (westbound) One right-turn lane onto Baseline Road (eastbound) All Legs: Include appropriate receiving lanes and tapers back to existing roadway per City standards.
--	---

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Department	Building and Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.19
Title	Transportation Systems Management
Obligation	Landowner shall comply with the City's Transportation Systems Management Ordinance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.20
Title	Alternative Transportation Marketing
Obligation	Landowner shall provide educational and marketing materials for alternative modes of transportation (e.g. Roseville Transit Services Guide, Bikeways Map and carpool/vanpool information) to each new homeowner and the first resident of each attached housing unit.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.6
Title	Sewer Facilities
Obligation	Landowner shall construct on-site sewer facilities. In the event that the WRSP has not constructed sewer facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site sewer facilities and obtain reimbursement from the WRSP. Landowner shall be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Landowner with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Landowner shall have no obligations to install or pay for the installation of any off site treatment facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Landowner shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Landowner shall maintain access for City sewer maintenance vehicles to access all selected manholes in the

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Specific Plan, as determined by the Environmental Utilities Director. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such wastewater improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Improvement plans being conditioned – Ongoing obligation
Section	3.6.5
Title	Wastewater Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property (excluding any operational adjustments by City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.5 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement by such third party/benefiting landowner to Landowner shall be upon the earlier the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Wastewater Service Area Boundary
Obligation	Landowner shall be responsible for all costs associated with obtaining approval from the South Placer Wastewater Authority (SPWA) for expansion of the existing wastewater service area boundary to include the Plan Area. No building permits will be issued in the Project until Landowner has received notice the SPWA service area boundary has been expanded to include the Project.
Department	Environmental Utilities Department
Status	Ongoing obligation – the service boundary has not been extended to include property.
Section	3.7.1
Title	Financing of Water Supply
Obligation	Landowner shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission (other than transmission lines in Baseline Road and Westbrook Boulevard} facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Groundwater Wells
Obligation	

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	If applicable, Landowner shall dedicate to City Parcels JM-60 and FD-63 for two (2) groundwater wells at the approximate locations shown in Exhibit "Q". The City shall be responsible for the construction of monitoring wells for determining water production and quality and the topside improvements. Landowner shall be responsible for drilling and completing the production wells (but not above ground well improvements such as pumping and treatment facilities) as further described below ("Well Construction Requirements"). To facilitate the drilling of the monitoring wells Landowner will provide City and its contractors access to and within the location of the well site to enable City to install monitoring wells to confirm desired capacity and water quality. It is the intent of this section (and the Parties) that the groundwater well locations identified within the SVSP shall be capable of achieving a yield of approximately 1,800 gallons per minute and the groundwater water is of such quality that only disinfection will be required to meet California Drinking Water Quality Standards. Should the City determine the available capacity or water quality does not achieve these objectives, Landowners shall, at its own cost, work with the City to relocate well sites within the SVSP until these objectives are satisfied. The Landowner shall contact the City Environmental Utilities Department prior to construction of the production wells. Landowner shall receive approval from the City of the well design and drilling method prior to commencement of this work. Wells shall be drilled at the time of occupancy of any residential units within 500 feet of the well site. Landowner shall include noise curtains for a particular well if at the time of construction of the well homes are occupied between 500 feet and 1000 feet of the well. Notwithstanding the foregoing, if the City adopts a revised water connection fee which is uniformly applied on a City-wide basis and encompasses the costs of the Well Construction Requirements, Landowner shall be relieved of the Well Construction Requirements set forth in this Section 3. 7 .2 so long as Landowner pays the applicable fee."
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Water Conservation Measures
Obligation	Landowner and its successors shall implement a Water Conservation Plan. The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the SVSP and measures to ensure water conservation objectives are achieved in perpetuity and shall be approved, at the discretion of, the Environmental Utilities Director prior to issuance of the first building permit. Such water conservation measures shall include, but are not limited to, Smart Timers, re-circulating hot water systems, and turf limitations, and shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation - Though the water conversation plan has been approved. If the City determines the water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the parties shall meet and implement whatever measures are needed to assure that water supply will meet the projects demands. The DA outlines in more detail what those additional obligations could be, which could include additional costs to be covered by the landowner.
Section	3.7.4

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Title	Periodic Confirmation of Water Conservation Goal
Obligation	The City has determined, and Landowner agrees, that the available water supply is sufficient to serve all phases of the Project. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Project based upon the various technical studies completed in connection with the environmental review of the Project. The demand for water at build-out of the Project was determined by reference to the City's current information on water usage by the various land uses included and permitted within the City and the proposed land uses within the Project and by reference to the Landowner's Sierra Vista Specific Plan Water Conservation Plan which includes a reduction in water use by 17% over current use characteristics. The sources for water evaluated for the Project are the same types of sources currently used throughout the City; namely, surface water contracts with federal and local agencies and the use of groundwater. City and Developer are satisfied, based upon detailed technical analysis, that the demand and source assumptions relied upon to assure water for the Project are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions and the continued availability of sufficient water to service all phases of the SVSP Project. With the implementation of the City's Advanced Metering Infrastructure ("AMI") system, the City will have the ability to monitor potable water consumption on a near real term basis. If the City determines that water consumption exceeds what was anticipated and will negatively affect the City's ability to provide water for the Project, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Project's demands. In the event that the City adopts a City-Wide requirement for a reduction in water use by more than the 17% over current potable water usage as set forth herein, and the then built portion of the SVSP has met its 17% objective set forth in this Section 3. 7.4, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 17% objective set forth in this Section 3.7.4. Development and implementation of such measures shall be at Landowner's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, the SVSP Area shall not under any circumstances be deemed out of compliance with its Water Conservation Plan water conservation objective as set forth herein."
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	Water Facilities
Obligation	Landowner shall construct on-site water system facilities. In the event that the WRSP has not constructed water lines necessary to serve the SVSP, and it can be demonstrated through the City hydraulic model that the water lines within the WRSP are needed to supply water to the SVSP consistent with City standards, Landowner shall construct the necessary water lines and obtain reimbursement from the WRSP. All such facilities to be constructed by Landowner, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and subject to City plan review, construction inspection and final approval. Landowner shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Landowner will not be responsible for the construction of potable water reservoirs,

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	water storage tanks, topside well improvements, water treatment facilities and pump stations except through the payment of City water connection fees and special benefit fees as may be applicable or otherwise described herein. Landowner shall, at its expense, grade the Water Tank Site consistent with City's Grading Ordinance and construct retaining walls as necessary to achieve a site that is level, fully usable, and without environmental or other constraints. Retaining walls shall be a split faced key stone style wall or comparable quality design to be installed by Landowner. Landowner shall additionally install all underground utilities stubbed to the Water Tank site, including, but not limited to, provision of electrical capacity sufficient to operate either a groundwater well or water tank and pump station. Timing of construction shall be in accordance with the Phasing Plan.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Water Facilities Reimbursement
Obligation	Landowner shall be entitled to reimbursement from third parties within the Urban Reserve or Placer County whose property is benefited by Landowner's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. This includes construction of the 24-inch water line in Baseline Road between Fiddymment Road and Westbrook Boulevard. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.3 and Section 4.2 of this Agreement sets forth reimbursements for infrastructure between Landowners and parties within the Urban Reserve assuming no other third parties benefit from shown infrastructure. Reimbursement for certain water lines between Landowner and other third parties (namely, the Placer Vineyards Specific Plan ("PVSP"), and the Regional University Specific Plan ("RUSP") located within Placer County) should such other third parties connect or construct identified infrastructure. With respect to the 24" waterline to be installed in Baseline Road and other roads between the eastern edge of the Plan Area at Fiddymment Road to Santucci Boulevard (the "Baseline Road 24" Water Line"), the Sierra Vista Specific Plan, the Urban Reserve properties, the PVSP and the RUSP will all benefit from the Baseline Road 24" Water Line. The Baseline Road 24" Water Line is divided into two segments, namely, from Fiddymment Road to Westbrook Boulevard ("Segment A"), and in Westbrook Boulevard from Baseline Road to Vista Grande Boulevard, in Vista Grande Boulevard from Westbrook Boulevard into "unnamed Street 3", in "unnamed Street 3" to Parcel FD-63, then across Parcel FD-63 and Parcel FD-40 to Santucci Boulevard. ("Segment B"). If the SVSP proceeds with development prior to development occurring within either the PVSP, RUSP, or the Urban Reserve, then Participating Owners, including Landowner, will construct the Baseline Road 24" Water Line, which may be built in segments provided that reimbursement to Participating Owners for costs of construction for such segments shall reflect the percentage shares. In the event Participating Owners construct the Baseline Road 24" Water Line, City shall withhold approval of any improvement plans submitted by property owners outside of the Plan Area or Annexation Area, i.e., the PVSP or the RUSP, proposing to connect to

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	the Baseline Road 24" Water Line unless City receives written certification from participating owners that satisfactory reimbursement has been received from PCWA on behalf of the PVSP or RUSP, as the case may be. Upon City receiving such written certification pertaining to the PVSP or RUSP, as the case may be, the percentage shares of the SVSP and Urban Reserve shall be modified accordingly, which modification shall not require an amendment to this Agreement. If the Urban Reserve proceeds with development prior to the SVSP, then the Urban Reserve will be required to construct all or a portion of the Baseline Road 24" Waterline, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for infrastructure. If the PVSP or RUSP proceed with development prior to the SVSP, then the PVSP or RUSP, as required in their respective development agreements, will be required to construct all or a portion of the Baseline Road 24" Water Line, and the Participating Owners, including Landowner, shall contribute the SVSP share of the costs for Segment A and/ or for Segment B of the costs of the Baseline Road 24" Water Line as agreed to between PCWA and Participating Owners. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.8.4
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Landowner are not located within road rights-of-way, as and when Landowner installs such water facilities, Landowner shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Water Softeners
Obligation	As part of its development of the Project, landowners and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Disclosure to Buyers

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Obligation	Landowner shall disclose to all residential and nonresidential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Landowner shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director must review and approve sign layouts prior to installation. (See Section 3.25)
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9
Title	Recycled Water Facilities
Obligation	Landowner shall construct recycled water system facilities as provided in this Section 3.9 and the Phasing Plan in Section 3.3, and as shown in Exhibit "U", attached hereto and made a part hereof. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos adjacent to collector streets and other landscape areas including all multi-family and non-residential landscaping uses. Landowner shall construct and dedicate upon completion thereof, a recycled water distribution system as generally shown in Exhibit "U". In the event that the WRSP has not constructed recycled water facilities necessary to serve the SVSP, Landowner shall construct the necessary off-site recycled facilities and obtain reimbursement from the WRSP in accordance with Section 4.2.2 herein. City shall construct a recycled water tank(s), pump station expansion and appurtenant recycled water facilities on City property in the WRSP as required for the Project. City shall be responsible to dismantle and eliminate each potable water charging station (5 total) as set forth in Section 3.3, and make the appropriate connections to the WRSP recycled water system as part of the construction of the recycled water tank(s) and pump station expansion on City property in the WRSP. City costs, estimated at \$5.3 million, associated with the recycled water tank(s), pump station expansion, elimination of the potable water charging stations and connections to the West Roseville Specific Plan recycled water system, and appurtenant recycled water facilities (hereinafter, the "Recycled Water Facilities"), which include, but are not limited to, permitting, design, construction, design support during construction phase, construction management, inspection, and City's administrative and labor costs, shall be paid through a combination of methods, as follows: (i) The City shall, as part of maximum special taxes in the Project CFD(s), as defined in Section 3.17.1 of the Agreement, include in such levy of maximum special taxes on all DUEs in the Specific Plan, comprised of 6,650 residential units and 2,095,236 square feet of non-residential building square footage, an amount of \$30/sewer equivalent dwelling unit ("sewer EDU")/year starting at the time a water meter is installed for the particular land use or as classified as a developed parcel in the rate and method for the Project CFD(s); (ii) The City shall levy up to maximum special taxes in the Project CFD(s), as defined in Section 3.17.1, necessary to generate what is estimated at \$2.4 million (in year 2010 dollars), adjusted annually by the CCI, for a portion of the Recycled Water Facilities to be financed pursuant to this Section 3.9. Such maximum special taxes shall be levied at issuance of building permits in the case of residential land uses, and at certificate of occupancy for non-residential land uses, on a pro-rata basis for a

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Landowner's proportionate share of its obligation under this Section 3.9, with sewer EDUs on all properties in the SVSP as the denominator, and the sewer EDUs in a large lot parcel as the numerator, and shall remain in place until Landowner's proportionate share of the \$2.4 million in pay-as-you-go special tax revenue for such Recycled Water Facilities set forth in this Section 3.9, as may be adjusted by the CCI, is fully paid. (iii) City shall impose a charge for recycled water of \$20/sewer EDU/month (based on meter size) over the standard City charge for irrigation service (including the use of potable water on an interim basis) as such standard recycled water charge may from time to time be adjusted by City, charged to future recycled water billing accounts in the Plan Area for landscape setbacks for high density residential and non-residential land uses, until such time as \$2.9 million for the Recycled Water Facilities, beyond the \$2.4 million of maximum special taxes collected, is fully funded; and (iv) If the costs of the Recycled Water Facilities fall below or rise above the \$5.3 million estimated cost, City shall adjust accordingly the amounts financed as set forth in this Section 3 .9. All recycled water system facilities including storage tank(s), pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards, unless modifications are otherwise mutually agreed to by Landowner and the Environmental Utilities Director, and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements. If City adopts a revised water connection fee (which is uniformly applied on a City-wide basis and encompasses the estimated \$5 .3 million for the "Recycled Water Facilities" described in this Section 3 .9), Landowner shall not be responsible for the payment of the estimated \$5 .3 million pro-rata share of the cost of the Recycled Water Facilities, except through the payment of the City's recycled water connection fee, or City's revised water connection fee if a recycled water connection fee is embedded into City's revised water connection fee, or any special benefit fees as may be applicable to the Project to fund the Recycled Water Facilities."
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Landowner shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Recycled Water Facilities for Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Landowner shall be entitled to reimbursement from third parties within and outside the Urban Reserve whose property is benefited by Landowner's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	development of the Property (excluding any operational adjustments by the City). Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific recycled water facilities subject to reimbursement pursuant to this Section 3.9.2 and Section 4.2 of this Agreement. For properties outside of the Urban Reserve, Landowner shall submit documentation to the City to justify the requested reimbursement. The timing for the payment of any such reimbursement shall be upon the earlier of the formation of a CFD and issuance of bonds for such CPD serving development by such third parties or recordation of the first large lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department and Engineering Division
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water use Disclosure to Buyers
Obligation	Landowner shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape corridors, medians, paseos adjacent to collector streets and other landscape areas, including all multifamily and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for all residential buyers and other recorded notice instrument for all non-residential buyers.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation
Section	3.9.5
Title	Terms and Conditions for Recycled Water Operations, Use and Service
Obligation	All private commercial recycled water customers within the SVSP Plan Area shall sign a Terms and Conditions for Recycled Water Operations, Use and Service prior to service meter installation and recycled water being introduced to the site per requirements of the City's Municipal Code at the time of connection.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.10
Title	Drainage Facilities
Obligation	Landowner shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the SVSP Drainage and Storm water Master Plan, the then approved City Improvement Standards, City Storm water Management Program, the MS4 Permit as issued and modified by the State and Regional Water Quality Control Board, the approved Placer County Storm Water Management Manual, the 404 Permit issued by the Army Corps, and any agency required Establishment Phase operation and Management Plan and/ or City's Preserve Area Overarching Management Plan (whichever Management Plan is in force at the time). All appropriate aspects of the Low Impact Development Plan and the Flood Control Plan as specified in the Master Drainage Plan and in the Specific Plan will be the responsibility of each increment of development at the time of development. In general, drainage facilities shall be constructed concurrent with roadway improvements, and shall include permanent outfall structures and open space storm water treatment devices within the Specific Plan boundaries. Prior to approval of any improvement plans for the construction of storm drain facilities within a drainage shed, a master drainage plan shall be prepared and approved by the City Engineer for the entire shed area or sub-area approved by the City Engineer and shall include a rough grading plan of that shed. The Master Drainage Plan for individual sheds shall include pipe sizes,

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	grades, flows, depths of pipe, and cover over and on top of the pipe. Landowner shall provide drainage improvements as provided in this Section and the Phasing Plan. Landowner shall have no obligation to install or pay for the installation of offsite drainage facilities, except through the payment of drainage fees levied and collected by the City at the time of development pursuant to City ordinances.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Landowner shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the Army Corps and the California Department of Fish and Game. Landowner shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Landowner shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Landowner shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and Phasing Plan and with the City's then current Improvement Standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Storm drainage system designs shall include applicable Best Management Practices with the goal of preventing or reducing pollutants from entering receiving waters in accordance with the City's Storm water Management Program. Should grading alter the natural drainage patterns and it becomes necessary to redirect drainages across lands dedicated to the City, the Landowner shall be responsible for the installation of above ground drainage ditches to control and direct runoff to receiving waters as appropriate. Landowner shall be responsible for annual (or more frequent if needed) maintenance of said drainage ditches until such time that the City develops the property.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where permanent drainage facilities to be owned and maintained by City are to be constructed by Landowner and are not located within road rights-of-way, as and when Landowner installs such drainage improvements, Landowner shall grant and City shall accept a non-exclusive public utility easement or temporary easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11
Title	Electric

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Obligation	Landowner shall provide electric utility improvements as provided in this Section and the Phasing Plan.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1
Title	On-Site Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways and as specified in Section 3.3, Landowner agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.2
Title	Off-Site Electric Facilities
Obligation	Concurrently with the construction of any phase of the Plan Area, Landowner agrees to construct, or finance the construction of off- site 12kv electric distribution facilities as directed by the Electric Utility Director. Landowner shall construct or finance construction of off-site 12kV electric distribution facilities in accordance with final off-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Landowner shall construct or finance the construction of the extension of the necessary 12kV circuits across Fiddymment Road and any rework necessary to the existing 12kV circuits on the eastern side of Fiddymment Road to serve the development of such phase.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	230kV and 60kV Disclosure
Obligation	Landowner shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 230kV and/ or 60 kV easement areas shown on Exhibit "AA" that the City may utilize the public utility easements to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.11.5
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Landowner agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be accepted by the City unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Streetlights shall meet Roseville Electric's specifications for residential and/ or commercial construction in effect at the time the construction improvement plans are approved and issued by the City.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.6
Title	Electric Efficiency and Demand Reduction
Obligation	In order to mitigate demand for energy supplies and comply with state mandated energy efficiency goals, the following energy efficiency and load management requirements are hereby established:

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	1. All residential dwelling units will install residential air conditioning units with the following sets of parameters, as a minimum standard: a. A Seasonal Energy Efficiency Rating ("SEER") of 2 points above the minimum, as defined by the State of California in the current Title 24 of the Code of California regulations, up to a total maximum of 16 points including the 2 point premium, an Energy Efficiency Ratio ("EER") of 12 or greater, and a thermal expansion valve "TXV". The SEER rating of 2 points above the minimum, as defined by the current Title 24, up to a maximum of 16 points, and an EER rating of 12 or greater along with a TXV will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. If Title 24 of the Code of California Regulations in effect at the time of request for building permits requires higher SEER or EER ratings, residential units in the Plan Area shall comply with such State requirements. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of a building permit for any residential unit. Any variances must be approved by the Electric Department's Retail Energy Services Department. 2. A direct load control device will be installed on all new residential dwelling units to the extent and subject to availability of program funds at the time of final map approval. The device will cycle the air conditioner compressor on/off during summer high peak load hours and operate under the control of Roseville Electric. Roseville Electric will install and maintain the devices at no cost to the builder /homeowner and/or Landowner. Roseville Electric shall install the device in a manner that does not delay Landowner's construction or sale of the residence. Customers will be automatically enrolled in the load control program and must actively opt out. Additionally, Landowner shall disclose to all residential buyers the following: (1) their property has been installed with a Roseville Electric owned air conditioner cycling demand switch; (2) the home buyer is automatically enrolled in the program; (3) Landowner will provide the home buyer with an opportunity to opt out of the program at the time of close of escrow and that this information will be provided to the Roseville Electric Retail Services New Construction Program Manager. Note the disclosure stated in Section 3.24(21) as to the direct load control device. 3. All commercial air conditioning units 5 tons or less (<65,000 btu/ h) shall meet the current Consortium for Energy Efficiency ("CEE") Tier I specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. The SEER and EER ratings will be verified with appropriate documentation. These requirements shall be utilized in the overall energy compliance calculations required for issuance of any building permit for any commercial building in the Plan Area. Any variances, with the exception of Tier 2 compliance, must be approved by the Electric Department's Retail Energy Services Department.
Department	Electric Department
Status	Ongoing obligation
Section	3.12
Title	Parks, Open Space and Bike Trails Amendment #1 – Ord. #5898
Obligation	Landowner shall dedicate to City a total of 16.4 acres of active park land and 119.64 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision. Landowner shall dedicate to City a total of 16.54 acres of active park land and 119.54 acres of open space lands, pay fees for construction of park improvements, paseo improvements, road improvements, open space frontage improvements, and trail improvements and construct park frontage improvements as set forth in this section and the phasing plan. Landowner shall not construct any private single access gates or private access from single homeowner's property onto public spaces, such as parks, preserves, and paseos. Additionally, Landowner shall place the foregoing restriction as applicable to homeowners in the CC&R's for any single family residential subdivision.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.1
Title	Park and Open Space Dedications Amendment #1 – Ord. #5898
Obligation	Landowner shall dedicate to City a total of 16.5 acres of active neighborhood parkland, 7.54 acres open space paseo and 112.0 acres of open space. The following two park parcels and open space parcels shall be dedicated to City as described below: 1. A 1.7-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel FD-50; 2. A 1.1-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel FD-51; 3. A 5.5-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel FD-52; 4. A 8.1-acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel FD-53; 5. A 4.13 1.12-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-70; 6. A 0.71-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-71A, and a 0.82-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-71B; A 1.28-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-71; 7. A 0.25-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-72A, and a 0.27-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-72B; A 0.44-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-72;

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	8. A 0.51-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-73A, and a 0.49-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-73B; A 1.32-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-73; 9. A 0.27-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-74A, and a 0.33-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-74B; A 0.70-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-74; 10. A 1.17-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-75; A 1.16-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-75; 11. A 0.15-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-76; 12. A 1.36-acre, more or less, portion of the Property for the purpose of an open space paseo, shown as Parcel FD-77; 13. A 5.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-80; 14. A 5.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-81; 15. A 11.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-82A; 16. A 0.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-82B; 17. A 3.4-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-83; A 3.5-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-83; 18. A 25.3-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-84; 19. A 20.8-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-85;
--	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	20. A 1.7-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-86; 21. A 4.1-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-87A; 22. A 0.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-87B; 23. A 13.2-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-88A; and 24. A 20.9-acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, shown as Parcel FD-88B. Landowner shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded. City shall accept such dedication of any park lands, open space paseos and open space Parcels at the time when all infrastructure improvements (e.g., curb and gutter, roadway, utilities, utility stubs, etc.) adjacent to the parcels ,i.e., frontage along the parcel, are substantially complete. In the event the Landowner uses any of the above mentioned parcels for temporary construction activity or staging (e.g., detention basins, rock crushing operations, dirt/ debris stockpiling, etc.), the Landowner shall, prior to acceptance by City, restore the site to a like condition to what existed prior to such temporary construction or staging activity.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Landowner of the City-Wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.2.1
Title	Financing for Neighborhood Parks
Obligation	The construction of the neighborhood park sites within the Property shall be financed from payment by Landowner of the park fees. The City agrees that the total amount to be financed by Landowner pursuant to this Section 3.12.2.1for the design, construction and inspection of such neighborhood park improvements shall not exceed the amounts as set forth in the Parks Financing Plan, with amounts distributed among the park sites on the Property, and which amount is adjusted by the percentage change, annually on July 1, utilizing the Engineering News Record, Construction Cost Index for the United States 20-city average.
Department	Parks Department
Status	Ongoing obligation

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Section	3.12.3
Title	Neighborhood Park Fee
Obligation	In accordance with the park financing plan for the Property, Landowner shall pay a neighborhood park fee upon the issuance of each residential building permit within the Project, to fund neighborhood park construction. Such neighborhood park fee shall be \$2,898 per Low Density Residential unit, \$2,476 per Medium Density Residential Unit, and \$2,053 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay neighborhood park fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). All such Neighborhood Park Fees shall be deposited into the applicable neighborhood park fee fund. The Neighborhood Park Fee, as calculated herein, is figured on 100% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the SVSP. City may conduct an annual re-assessment of Park fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. In the event of a rezoning of any parcel(s) in the Property that creates a park funding shortfall, City shall require supplemental neighborhood and City-Wide park fees to fund such shortfall from the rezoned parcel(s). At the end of the development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase or sub-phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the SVSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion of the last neighborhood park for the SVSP, refund to Landowner a pro-rata share of any remainder fees.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Landowner shall construct the frontage improvements (excluding landscaping), which include curb, gutter, and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Neighborhood Park Fee as determined in the Parks Financing Plan. Landowner shall be entitled to reimbursement from the Neighborhood Park Fee as set forth below. At the time Landowner installs infrastructure frontage improvements for the neighborhood parks, Landowner may construct the sidewalks, as specified in the Specific Plan and upon mutual consent of the City and Landowner. The construction cost of such sidewalks shall be entitled to reimbursements from City's Neighborhood Park Fee revenues. Landowner shall be entitled to a reimbursement for the sidewalks cost provided City has sufficient funds to reimburse Landowner for such sidewalk improvements at the time that Landowner would construct such improvements. If City does not have sufficient funds to reimburse Landowner within sixty (60) days of completion of such sidewalk improvements, City shall construct the sidewalk improvements as part of the adjacent park improvements and release Landowner from any obligation to construct such sidewalk improvements. Reimbursement shall be based on actual costs of constructing the sidewalk and as approved by the City prior to construction. For all other park frontage improvements excluding sidewalks and landscaping, Landowner shall be entitled to credit against the Neighborhood Park Fee as accounted for and reflected in the Neighborhood Park fee as indicated in the Parks Financing Plan park

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	estimates. All frontage improvements, including sidewalks, shall be constructed consistent with City standards.
Department	Parks Department and Engineering Division
Status	Ongoing obligation
Section	3.12.4
Title	City-Wide Park Fee
Obligation	The City-Wide Park Fee shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The City-Wide Park Fee shall fund the construction of City-Wide park facilities within the Property. As funded by future bond proceeds, the City-Wide Park Fee, inclusive of a City-Wide Park In-Lieu fee amount described in Section 3.12.5 below, shall be \$1,768 per Low Density Residential unit, \$1,511 per Medium Density Residential unit, and \$1,253 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay City-Wide Park Fees), subject to annual adjustment, on July 1, based on the percentage change in the CCI. Subject to the requirements of Section 3.2, Parcel KT-50 shall be offered for dedication to the City in fee at the time of recordation of the Large Lot Map. City-Wide park fees paid by Landowner through CFD bond proceeds shall be applied to the construction of improvements to SVSP Parcel KT-50. The City-Wide Park Fee revenues to be generated by the Specific Plan will fund approximately 70% of the estimated costs to develop Parcel KT-50 with City-Wide park improvements. City shall pursue other funding sources to fund fully the construction of facilities on the City-Wide park on Parcel KT-SO. Nothing in this Section 3.12.4 shall preclude the City from conveying any portion or all of Parcel KT-SO to help fund City-Wide park needs.
Department	Parks and Finance Department
Status	Ongoing obligation
Section	3.12.4.1
Title	City-Wide Park Frontage Improvements
Obligation	Frontage improvements for City-Wide parks shall be included in the fee established by the City for City-Wide parks. The cost of this work has been accounted for in the Parks Financing Plan City-Wide Park Fee.
Department	Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.12.5
Title	City-Wide Park In-Lieu Fee
Obligation	The City-Wide Park Fee set forth in Section 3.12.4 above includes a City-Wide Park In-Lieu fee component to satisfy Landowner's pro-rata share of the Plan Area's remaining City-Wide parkland dedication requirement of 10.8 acres after dedication of the 39.9 acre SVSP Parcel KT-50.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Paseo Facilities
Obligation	Paseo facilities within the Plan Area are located on one side and adjacent to the collector roadways consistent with the Specific Plan and Design Guidelines and include a 10-foot wide Class 1A bikeway within a 60-foot wide landscaped / paseo corridor. Typical Landowner obligations for collector road frontage improvements include a 25-foot wide landscape setback and a 5-foot wide pedestrian path. At the time of adjacent development, Landowner shall construct the entire 60-foot wide landscape/paseo corridor and 10-foot wide Class 1A bikeway. Improvements shall extend into and

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	through any adjacent open spaces. Depending on the phased development requirements, and to maintain the integrity of the pedestrian connectivity within the Plan Area, off-site sections of temporary non-reimbursable and non-creditable 5-foot wide AC pedestrian path may be required by the City. The costs of paseos shall be financed by Participating Owners, including Landowner, through payment of the Specific Plan Infrastructure Fee described in Section 4.2.8 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.7
Title	Bike Trail Fee
Obligation	Upon the issuance of each residential building permit within the Project, Landowner shall pay a bike trail fee to fund Class 1 bike trail construction within the Property. Such bike trail fee shall be \$636 per Low Density Residential unit, \$544 per Medium Density Residential unit, and \$451 per High Density Residential unit and per Mixed Use Residential unit (but excluding carriage units, which shall not pay bike trail fees), subject to annual adjustment, on July 1, based on the percentage change in the CCL. The bike trail fee, as set forth herein, is calculated based on 100% of the total dwelling units entitled in the Plan Area for construction of the bike trails within the SVSP. City may conduct an annual re-assessment of bike trail fees for the Property subject to this Agreement and adjust the fee upward if underutilization of entitled dwelling units for the Property subject to this Agreement exceeds 10%. At the request of the City and provided that sufficient funds are available, Landowner shall construct, consistent with City standards, segments of bike trails as provided by Section 3.12.8. Landowner shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the bike trail segments, but not to exceed the costs specified in the Parks, Financing Plan, as more fully set forth in Section 4.2 below.
Department	Parks Department and Alternative Transportation
Status	Ongoing obligation (Alt Trans)
Section	3.12.8
Title	Bike Trail Construction
Obligation	Subject to the provisions of Section 3.12.7 regarding Landowner's obligation to construct bike trails only if City has sufficient funds to reimburse Landowner upon completion of construction, Landowner shall design, secure necessary permits and construct certain Class 1 bike trail improvements within the Property as shown on Exhibit "DD" (the "Bikeway Master Plan") and described in the Parks, Bike Trails and Paseos Financing Plan. Should sufficient funds not be available to so reimburse Landowner, City shall be responsible for designing, permitting and constructing bike trails provided in this Section 3.12.8. Bike trails shall be constructed to City standards as and when Landowner develops certain Parcels within the Property. The sections of bike trail to be installed upon development of such parcels. Upon the development of any small lot residential subdivision adjacent to open space where the bike trail is adjacent to that small lot residential subdivision, or at any time wherein there is an obligation of a small lot residential subdivision to construct within open space for the purposes of storm water detention or the creation of wetlands where the bike trail will cross open space, the constructing Landowner will be

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	responsible for the preliminary design, securing necessary permits, and rough grading of the bike trail as a condition of the small lot residential subdivision map. Landowner's obligation for preliminary design, necessary permits and rough grading of any bike trail within open space provided for hereunder shall be subject to reimbursement to Landowner by City up to the amount identified in the Parks Financing Plan. If insufficient funds are available to reimburse Landowner, Landowner shall receive credit against its bike trail fee for the costs of such preliminary design, permitting and rough grading. Upon completion of the bike trail improvements, Landowner shall receive reimbursement from City as provided in Section 3.12.7 and this Section 3.12.8. If a bike trail is completed prior to City's acceptance of open space within which the bike trail is located, City shall be responsible for bike trail maintenance. City shall enter into an agreement with the Landowner memorializing such obligations and indemnifying Landowner for the public's use of the bike trail prior to the City's acceptance of the open space, which will include the recordation of a temporary maintenance and pedestrian access easement on and across the bike trail. Upon completion of the bike trail and City's acceptance of open space within which the bike trail is located, City shall continue to be responsible for bike trail maintenance.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.12.9
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Landowner's General Plan park obligations for the dedication and improvement of neighborhood and City- Wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.10.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Landowner and Participating Owners of all conditions of the 404 Permit, and completion of any corresponding monitoring and reporting that may be required by the 404 Permit during the Establishment Monitoring phase and subject to the formation of the Perpetual Monitoring phase Maintenance CFD as described in Section 3.19 of this Agreement, and following completion of all Preserve improvements, including, but not limited to, utility crossings, bridges, bike trails, outfalls, and water quality features, Landowner shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Engineering Division and Open Space Division
Status	No dedications as yet – Ongoing obligation
Section	3.12.10.2
Title	Open Space Frontage Improvements
Obligation	When installing road improvements adjacent to the open space, Landowner shall construct the frontage improvements. Frontage improvements shall include sidewalks, split rail fencing and landscaping. The cost of this work and amounts of credits and reimbursements has been allocated for in the Parks Financing Plan allocated on a fair share basis.
Department	Engineering Division and Parks Department
Status	Not constructed yet – Ongoing obligation
Section	3.14.1
Title	Fire Tax

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Obligation	Landowner or its respective successors shall pay the Fire Service Construction Tax at issuance of building permit , as set forth in Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended beyond its sunset date of December 31, 2009 or is otherwise discontinued, Landowner or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit equal in amount to the non-extended or discontinued Fire Service Construction Tax. Landowner hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.2
Title	Placer County Capital Facilities Fee
Obligation	Inconsideration of the annexation of the Property to City, Landowner shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Landowner shall pay such fee in the amount previously and most recently assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Ongoing obligation
Section	3.14.2.1
Title	City Public Facilities Fee
Obligation	Pursuant to Section 3.17.1.2 (i) below, the City Public Facilities Fee (Roseville Municipal Code Chapter 4.52) shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit.
Department	Finance Department
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Landowner shall pay a Public Benefit Fee for each residential unit in the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$ 1,280 . The Public Benefit Fee for each high density residential unit shall be \$ 845 . Pursuant to Section 3.17.1.2 (i) below, the Public Benefit Fee set forth in this Section 3.14.3 shall be paid by Landowner through bond proceeds from future Community Facilities District bond sale(s) rather than paid at building permit. The Public Benefit Fee shall be subject to annual adjustment, on July 1, based on the percentage change in the CCI, but only if the Public Benefit Fee is paid out of bond proceeds pursuant to Section 3.17.1.2 (i) below.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.4
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Landowner shall, for each such conveyance, provide to City, at Landowner's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.5
Title	Signage for Future Public Facilities
Obligation	Landowner and Participating Owners shall provide and install signage at the following public facility sites to alert residents of future facilities: solid waste recycling site (FD-62), water storage facility and well site (FD-63), well site (JM-60), sewer lift station site (KT-60), park sites (JM-50, JM- 51,JM-52, FD-50, FD-51, FD-52, FD-53, KT-50, KT-51,KT-52, DF-50, C0-50, CG-50), bike trails where they will abut residential property, and school sites (JM-61, FD-65, KT-61), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.6
Title	Library Facilities
Obligation	Landowner agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current City-Wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.7
Title	Solid Waste Recycling Site (FD-62)
Obligation	Landowner is responsible to grade Parcel FD-62, and provide said site without environmental or other constraints. At Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner. This work shall be completed with the construction of the roadway fronting this parcel.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.8
Title	Construction Waste
Obligation	Landowner shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Landowner shall require that contractors and subcontractors submit to the City Environmental Utilities Department annual records of waste diversion and disposal in order to verify compliance with this requirement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.14.9
Title	Weed Abatement on P/OP Parcels
Obligation	Prior to dedication of any P/QP parcel to City, Landowner shall maintain such P/QP parcel to meet City's weed abatement standards and to keep such parcel free from property transformation, either whole or in part, into a wetland or other legally protected area.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.10
Title	Orthophotography of Plan Area and GIS Support
Obligation	Landowner agrees to participate with the Participating Owners and pay its fair share of cost of orthophotography of the Plan Area. The total cost for the Plan Area is

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	\$5,992.00. The above payment shall be due within ten (10) days after the first Large Lot Final Map approval for the SVSP.
Department	IT Department and Engineering Division
Status	Obligation Due \$1,432.09
Section	3.15
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Landowner elects to develop the Property, Landowner shall be bound by, and shall perform, all mitigation measures contained in the EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the EIR as being a responsibility of Landowner, and shall be subject to any fees which may be enacted by City to implement any mitigation measures contained in the EIR.
Department	Planning Division
Status	Ongoing obligation
Section	3.17.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Landowner, by itself or in conjunction with Participating Owners, and City may form a Community Facilities District or Districts for the purpose of financing the construction and/ or acquisition of public infrastructure and facilities within the SVSP ("Project CFD(s)"). If requested by Landowner, by itself or in conjunction with Participating Owners, City and Landowner, (and, if applicable, Participating Owners) shall use their best efforts to cause to be formed the Project CFD(s) for the purpose of financing the acquisition or construction of some or all of the improvements and facilities eligible for CFD financing (the "CFD Eligible Improvements") within and associated with the Sierra Vista Specific Plan, including those improvements which will mitigate impacts of the Sierra Vista Specific Plan upon areas inside and outside of the Sierra Vista Specific Plan, and will be owned, operated and maintained by the City or another public agency. More specifically, the CFD Eligible Improvements are those improvements including, but not limited to arterials, collectors, roadways serving bus transfer facilities, and unloaded primary residential roads; traffic signals; right of way acquisitions; bridges/ culverts, water, sewer, recycled water, and drainage improvements and appurtenances; landscape and landscape irrigation and drainage facilities; environmental mitigation and remediation; bicycle and pedestrian facilities; parks, paseos, schools, electrical substations, park and ride facilities, bus facilities, recycle center, police protection, fire protection, modification to and or undergrounding of existing improvements; wetlands; electrical and dry utility improvements; transit improvements; masonry walls; development impact fees; design, engineering, surveying, construction management, and security for CFD Eligible Improvements; and other improvements as which are defined as authorized improvements under the Project CFD(s) selected by the City or any ordinance under the City. Formation of the Project CFD(s) shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Landowner shall be allocated a share of infrastructure costs and assessed special taxes as specified in a tax formula agreed to by City, Landowner, and, if applicable, Participating Owners, in accordance with the financing plan for the SVSP, provided, however, that City agrees that, to the extent permitted by law, City shall allow for separate improvement areas in the Project CFD boundary and/ or separate CFDs such that default by another Participating Owner of its CFD obligations does not place non-defaulting Participating Owners, including Landowner, in default. The rights and obligations under this Section 3.17 shall survive the termination or expiration of this

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Agreement.
Department	Finance Department
Status	Ongoing obligation - Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.17.1.1
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation
Obligation	Nothing in this section shall be construed to require Landowner to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.
Department	Finance Department
Status	Ongoing obligation - Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.17.1.2
Title	Community Facilities District – Public Facilities (Project Infrastructure) Formation Amendment #1 – Ord. #5898 Amendment #2 – Ord. #6194
Obligation	If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments), shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non-overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below.

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	(f) Landowner and Participating Owners, if applicable, may utilize the Statewide Community Infrastructure Program ("SCIP") program for any eligible impact fees. (g) Landowner, and Participating Owners, if applicable, may utilize a phased bond sale or sales. (h) Landowner, and Participating Owners, if applicable, may utilize private placement of bonds. (i) Bonds proceeds from bond sales commencing in the year 31 timeframe shall include an amount no greater than \$5,600 per residential unit, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted, consisting of a portion or all of the following fees set forth in this Agreement or otherwise provided in the Roseville Municipal Code that would normally be paid at the time of issuance of building permits for low, medium or high density residential dwelling units: (1) City Wide Park Fee (Section 3.12.4) (2) City Public Facilities Fee (Roseville Municipal Code Chapter 4.52); (3) Public Benefit Fee (Section 3.14.3). City reserves the discretion to determine which portions (amount) of each of the fees described in above subsections (1), (2), and (3) may be deferred to the bond sale. Notwithstanding any provision in this Agreement to the contrary, any amount exceeding \$5,600, adjusted as the SPRTA Tier II Traffic Fee may be subsequently adjusted (or exceeding such actual lesser amount for MDR or HDR units determined by City), per residential unit shall be due and payable to City upon issuance of a building permit commencing with the first applicable building permit for the SVSP. Notwithstanding any other provision in this Agreement to the contrary, if any of the fees described in above subsections (1), (2), and (3) are required by City for non-residential development then such fees shall be collected upon issuance of building permit commencing with the first applicable building permit. Should SPRTA approve any portion or all of the Tier II Traffic Fee being likewise deferred to payment from bond sale proceeds commencing in the year 31 timeframe, then such amount per residential unit deferred for the Tier II Traffic Fee shall reduce dollar for dollar the above referenced per residential unit fees otherwise deferred to future bond sale proceeds as provided for in this Section 3.17.1.2 (i). If SPRTA Tier II traffic fees cannot be so deferred to payment from bond sale proceeds commencing in the year 31 timeframe, City shall within the rate and method for Project CFD(s) provided for in Section 3.17 accommodate total additional pay-as-you-go revenue up to \$500 per residential unit for City Wide park improvements from the pay-as-you-go financing over a period starting in year 10 of the Project CFD(s), up to \$100 per residential unit per year for 5 years, provided, however, that City constructs City Wide park improvements in either the SVSP or WRSP within twenty-four (24) months of commencement of collection of such additional pay-as-you-go revenues. In the event that City does collect such additional pay-as-you-go revenues, and proceeds forward to construct such improvements, the City Public Facilities Fee referenced herein to be deferred to payment from bond sale proceeds commencing in the year 31 timeframe shall be reduced by \$500 per unit to account for the additional pay-as-you-go revenues required by City.
--	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Each Participating Owner shall only be responsible for its pro-rata share of special taxes as set forth in the rate and method for the Project CFD(s). Should the Project CFD(s) including the Property not be formed at the time that any particular building permit is issued within a large lot map parcel on the Property, or any property owner in the SVSP desires to pay such fees in this Section 3.17.1.1(i) rather than defer payment to such future CFD bond proceeds, the fees set forth in this Section 3.17.1.2 (i) for such building permit(s) shall not be eligible to be paid in such CFD bond proceeds but, notwithstanding any provision in this Agreement to the contrary, shall be paid at the time of issuance of such building permit(s). Upon formation of the Project CFD(s) including the Property, the fees set forth in this Section 3.17.1.2 (i) for unbuilt residential units shall be paid from bond proceeds in such bond sales commencing in the year 31 timeframe, unless an SVSP property owner desires to pay such fees at the time of issuance of building permit(s). If Landowner, by itself or in conjunction with Participating Owners, desires to pursue a Community Facilities District, City and Landowner (and Participating Owners, if applicable), agree that, with the consent of Landowner (and Participating Owners, if applicable), and to the extent permitted by law, City and Landowner (and Participating Owners, if applicable), shall use their best efforts to cause bonds to be issued and in amounts sufficient to affect the purposes of this section. City and Landowner (and Participating Owners, if applicable), further agree that, with the consent of Landowner (and Participating Owners, if applicable), or their successor(s) in interest, and to the extent permitted by law, the City agrees to the following: (a) Maximum Annual Taxes for residential units, when aggregated with all other existing or expected taxes and assessments (excluding homeowners association assessments), shall not exceed 2.00% of the assessed valuation, net of the homeowner's exemption (2% Test). (b) The Special Tax shall be levied for as long as needed to service the principal and interest on bond debt, and to pay for any additional authorized facilities not reimbursed with bond proceeds as defined in the Funding, Construction, and Acquisition Agreement. However, the Special Tax shall be levied for a period that allows for at least two non-overlapping bond sales to cover deferred fees as set forth in (i) below. The Special Tax levied may exceed 50 years. (c) City shall not unreasonably deny the Maximum Annual Tax escalating at 2% per year. (d) Authorized facilities shall include, among other items, development impact fees for public improvements. (e) Annual Costs shall provide that special taxes not used for debt service and City administration be paid to Participating Owners, including Landowner, for any authorized facilities not reimbursed with bond proceeds (pay-as-you-go). City shall reasonably consider a reasonable interest component for any authorized facilities reimbursed with pay-as-you-go provided for in the Funding, Construction and Acquisition Agreement defined below.

Section	3.18
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Eligible Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Eligible Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's Subdivision Ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Eligible Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Landowner will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Landowner shall be responsible for coordinating the alignment of all such planned and future

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities Department and Public Works Department
Status	Ongoing obligation
Section	3.19.1.1
Title	Community Facilities District – Public Services (Services CFD) Formation – Consent Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, or certificate of occupancy for non-residential uses, shall be issued until a Community Services District - Public Services has been formed to include the Property. Landowner consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.19.2. Formation of the Public Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The Public Services CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing plan. The rate and method for the Public Services CFD shall reflect differential tax rates between low density residential, medium density residential, high density residential, and non- residential land uses.
Department	Finance Department
Status	Ongoing obligation - Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.19.1.2
Title	Zones of Benefit
Obligation	The Services CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	Ongoing obligation - Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.19.2
Title	Public Services
Obligation	The Public Services CFD shall provide the funds required for the performance of maintenance, monitoring and reporting obligations and may include, but not limited to, the following: 3.19.2.1 Autumn leaf cleanup for collector and local streets; 3.19.2.2 Maintain neighborhood parks; 3.19.2.3 Maintain paseos along collector streets, medians and landscape corridors and all masonry walls along roadways within the Project; 3.19.2.4 Maintain bikeways and their appurtenances (drainage [limited to culverts or outfall pipes from adjacent subdivisions or roads], signs, benches, and striping); 3.19.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.19.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.19.2.7 Conduct all monitoring, reporting and adaptive management for Open

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	Space Preserve areas consistent with the 404 Permit and O&M Plans (including any tasks required by any required Establishment Monitoring phase O&M Plan and during Perpetual Monitoring per the City's soon to be completed Open Space Preserve Overarching Management Plan);
3.19.2.8	Maintain all water quality structural controls, storm management facilities (and programs) within RoW's and Open Space, including drainage swales constructed between storm drain outfalls and receiving waters;
3.19.2.9	Maintain flood control facilities including detention basins and created wetlands;
3.19.2.10	Maintain open space areas including general maintenance, signage and City-owned fence maintenance, and trash and debris collection;
3.19.2.11	Maintain fire breaks within open space areas;
3.19.2.12	Maintain a Replacement: Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and
3.19.2.13	Maintain the bus transfer station, bus shelters, bus stops and bus signs.
Department	Finance Department
Status	Ongoing obligation - Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.20.1.1
Title	Community Facilities District – Municipal Services Formation – Consent, Waiver and Special Benefit
Obligation	No residential building permit, excluding permits for model homes, shall be issued until a Community Facilities District -Municipal Services (Municipal Services CFD) has been formed or annexed to the City's existing Municipal Services CFD. Landowner consents to and shall cooperate in such formation or other such financing mechanism for services purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. Formation of the Municipal Services CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53111, et seq. The initial amount of the maximum special tax shall be in accordance with the Municipal Services District Rate, Method, and Apportionment ("RMA"), and adjusted annually for inflation. The initial amount of the maximum special tax (for the 2009/10 City fiscal year, and as subsequently adjusted annually) shall be \$342 for LDR units, \$200 for MDR units, \$100 for HDR units, \$801 per acre for business professional land uses, and \$932 per acre for commercial land uses. City shall initiate the necessary steps to revise the RMA in the City's existing Municipal Services CFD to conform to the above-referenced initial amounts of maximum special taxes.
Department	Finance Department
Status	Ongoing obligation– Property has been annexed into CFD No. 3 for Municipal Services . Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.20.2
Title	Municipal Services
Obligation	The Municipal Services CFD shall provide the funds required to offset the SVSP's impact on City general fund resources available to pay for municipal services citywide,

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	including the SVSP. The funds shall be utilized for general fund purposes.
Department	Finance Department
Status	Ongoing obligation – Property was annexed into CFD No. 3 for Municipal Services . Not the entire DA boundary is in a CFD. For CFD 2 and 3 –the annexation area is excluding FD-21, 82A, 80, 23, 52, and 8B.
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Landowner expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District, Center Unified School District or Roseville Joint Union High School District shall be excluded from any assessment, imposed by the Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.21
Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Landowner and City agree to grant encroachment permit(s) or maintenance easements for all Services CFD's to Landowner or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Grading Permit
Obligation	Prior to the onset of any construction activities, the Landowner shall apply for and obtain a grading permit from the City. All plans shall meet or exceed the intent of the then approved City Standards. It is the Landowners responsibility to meet all criteria of any outside agency for Grading adjacent to or within the Open Spaces. Mass grading and the bulk movement of earthen material is encouraged. Where practical, and at the Direction of the City Engineer, a balanced mass grading plan shall be prepared for all that land within a disturbed water shed. Bulk material shall be moved on the onset of construction to ensure that future development sites balance, and, except as provided below, reduce the amount of future on-street transportation of bulk material on newly paved and existing City roads. The fee referenced below shall not apply to hauling of earthen material crossing in a perpendicular manner, or parallel, to newly paved or existing City roads. In the event that bulk material is transported on or over newly paved and/ or existing City roads (but not across in a perpendicular manner or parallel to such City roads), a premium of \$0.10 fee per yard of material shall be assessed at the issuance of the grading permit to compensate the City for deterioration of the road caused by the excessive loads, provided, however, that the Public Works Director shall have the discretion to waive such fee in recognition of particular circumstances, including environmental constraints, faced when hauling bulk movement of earthen material. With regard to any and all P/QP parcel dedications to City and at Landowner's expense, all site grading shall be completed prior to the dedication of the site consistent with City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by the Landowner.
Department	Public Works Department and Engineering Division
Status	Ongoing obligation
Section	3.23

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Title	Fire Station Site
Obligation	City and Landowner acknowledge that City is responsible for funding, construction, and operation of fire facilities necessary to serve the SVSP. Landowner shall dedicate to City a 3.17 acre site (FD-64) for use as a fire station at the location shown in the SVSP. The net buildable area (i.e., an area of land, which may be fully and completely utilized for structures and other improvements) shall be no less than 2.8 acres. Except as stated below, the timing of such dedication shall be subsequent to acceptance by City of all necessary infrastructure and utilities improvements to serve the fire station site and completion of the grading requirements stated below or at such later time as determined by City. At the time of approval of a small lot residential tentative subdivision map, or, a design review permit or major project permit in the case of high density residential land uses or non-residential land uses, for property within the cross-hatched area, such development, whether as a phase or sub-phase, must comply with, among other things, the sub-phase criteria in Section 3.3. Additionally, City may request that Landowner construct all infrastructure and utility improvements to the above-mentioned fire station site to accommodate construction of the fire station and to dedicate such site to City prior to issuance of a building permit for such development. Moreover, City shall expend best efforts to construct and operate the fire station within twenty-four (24) months of dedication of the fire station site to City. Upon dedication of the fire station site to City as provided for in this Section 3.23, there shall be no further restriction on or requirements of City approvals or permits anywhere within the Plan Area, including the cross-hatched area, related to the provision of fire facilities in the Plan Area. At Landowner's expense, site grading shall be completed prior to dedication of the fire station site and consistent with the City's Grading Ordinance, and where retaining walls are required, the retaining wall shall be a split faced key stone style wall or comparable quality design to be installed by Landowner.
Department	Engineering Division and Fire Department
Status	Ongoing obligation
Section	3.25
Title	General Signage
Obligation	A) Utility Sites (see Section 3.14.5): Landowner shall install signage at all future utility sites (including, but not limited to, wells, water tanks, recycled water tanks, pumping stations, aquifer storage and recovery facilities, and electrical sub-stations) and public facility sites (including, but not limited to, fire stations) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The Environmental Utilities Director, Public Works Director, and Electric Director, as appropriate, must review and approve sign layouts prior to installation/ construction of any utility sites. The City Manager or his/her designee must review and approve sign layouts prior to installation/ construction of any public facilities. B) Affordable Housing: Landowner shall install signage at future affordable rental housing sites (excluding carriage units) describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications. The City Manager or his/her designee must review and approve sign layouts prior to installation by Landowner.
Department	Environmental Utilities, Public Works, Electric, and Housing Departments
Status	Ongoing obligation
Section	3.26
Title	Reimbursement to West Roseville Specific Plan

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

Obligation	A. Landowner acknowledges that the West Roseville Specific Plan ("WRSP") developer(s) have constructed and/or will construct improvements to the WRSP development agreements, which have been and/ or will be oversized for the benefit of third parties such as Landowner. Landowner further acknowledges that City is obligated to use its best efforts in requiring reimbursement to WRSP from benefiting third parties. Such oversized improvements as specified in the WRSP development agreements may include sewer, water, recycled water, and roadways. As set forth in this Section 3.26, Landowner shall pay its pro-rata share based on the number of DUEs assigned at the date of Specific Plan approval, to Landowner's Property in a large lot parcel in which a final small lot subdivision map in the case of low density and medium density residential units, or design review permits or major project permits, as the case may be, for high density residential or non-residential projects, respectively, is approved, as the numerator, and the total number of the DUEs in the Plan Area, the WRSP, as has been or may be amended from time to time, and the DUEs assumed in the EIR for the Urban Reserve properties in the Annexation Area, as the denominator. When DUEs are assigned to the Urban Reserve properties in the Annexation Area as part of any City approval for land use entitlements on such Urban Reserve properties, the DUEs for the Urban Reserve properties will be adjusted and allocated to the denominator for determining the updated pro-rata shares of the SVSP, including Landowner's Property. Such payment for the DUEs in a large lot parcel in which a final small lot residential subdivision map or building permit (for high density residential or non-residential uses), is approved, as the case may be, shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving that large lot parcel in Landowner's Property, or recordation of the first final small lot residential subdivision map, in the case of low density and medium density residential projects, or issuance of the first building permit for high density residential or non-residential projects, in such large lot parcel. Landowner's pro-rata reimbursement to WRSP (as defined in this Section 3.26) shall be required until such time Landowner's pro-rata reimbursement owed to WRSP has been fully satisfied or Landowner's Property has been fully built out. Once Landowner has made payments for reimbursement to the WRSP as set forth in this Section 3.26 for infrastructure and environmental and planning costs, respectively, for a large lot parcel, Landowner shall have no further reimbursement obligation to the WRSP for that large lot parcel. Reimbursements for WRSP improvements that have been constructed shall be paid as set forth in Section 3.26.D, subject to confirmation and approval by City of costs for work completed by the WRSP, according to the following hierarchy in determining costs for WRSP improvements for which the WRSP seeks reimbursement: (1) Invoices for construction of WRSP improvements submitted by the WRSP to City; or (2) if such invoices are not available, documentation of payment from the WRSP CFD for WRSP improvements; or, (3) If such documentation of payment from the WRSP CFD is not available, the cost estimates for WRSP improvements as set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement. Prior to City approval, Landowner shall have the right to review such requests for reimbursement from the WRSP, including all such documentation. B. Landowner acknowledges that WRSP developer(s) have paid for the costs of
------------	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	certain planning and environmental efforts that may have incidentally benefited Landowner. Such efforts are comprised of the following: the Municipal Services Review associated with the sphere of influence expansion and the portion of the costs of the WRSP EIR allocated to the sphere of influence expansion approved as part of the WRSP. Subject to confirmation and approval by City and review by Landowner of invoices for planning and environmental review costs sought to be reimbursed by the WRSP, Landowner shall pay its pro-rata share based on the acreage owned by the benefited large lot parcel as the numerator compared to the total acreage within the WRSP and the Remainder Area, as defined in the WRSP, including the Annexation Area defined herein, as the denominator. Such payment shall be due and payable on the earlier of the formation of a CFD and issuance of bonds for such CFD serving Landowner's Property or recordation of the first final small lot subdivision map in the case of low density and medium residential projects, or issuance of the first building permit for high density residential or non-residential projects. Reimbursements shall be paid directly to the WRSP developers. C. So as to not delay implementation of the Specific Plan, no final small lot residential subdivision map, any building permit for high density residential or non-residential uses, nor any certificates or occupancy regardless of use type, shall be withheld or delayed by City in the Plan Area due to any delay in submission of requests for reimbursement, and documentation justifying such reimbursement, by the WRSP to City. D. At the time that Landowner seeks recordation of a final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, WRSP developers may not yet have submitted invoices for the costs of WRSP improvements completed and accepted by City (hereinafter, "completed WRSP Improvements") for which reimbursement from the SVSP is sought by the WRSP, or provided documentation supporting payment for such by the WRSP CFD, as set forth in Section 3.26.A, and, as set forth in Section 3.26.E, certain WRSP improvements for which reimbursement is sought may not have been constructed. Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such completed WRSP improvements (both invoiced or documented as set forth in Section 3.26.A and yet to be invoiced or documented as set forth in this Section 3.26.D) and the yet to be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A (and as set forth in Exhibit "HH"), based on the actual costs or cost estimates of such infrastructure, as the case may be, set forth in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement, and as described in this Section 3.26.D. City shall pay to the WRSP developers 100% of such reimbursements from the amounts paid by Participating Owners, including Landowners, until such time as the actual costs of completed WRSP improvements, as provided for in Section 3.26.A, have been paid in full, with reimbursed funds paid by Participating Owners, including Landowner, over and above the cost of completed WRSP Improvements, placed into an escrow account, as set forth (or as may be modified, as the case may be) in Section 3.26. E. E. At the time that Landowner seeks recordation of final small lot residential subdivision map, or issuance of a building permit for high density residential or non-residential uses, on any portion of a large lot parcel on Landowner's Property, some WRSP
--	--

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	improvements for which reimbursement is provided for in Exhibits "II" and "00" to the WRSP development agreements and Exhibit "GG" to this Agreement may not have been constructed. In such case, Landowner shall, at the time of recordation of a final small lot residential subdivision map or issuance of a building permit for a high density residential or non-residential use, pay to City Landowner's pro-rata share of costs of such yet-to-be constructed WRSP improvements for the DUEs allocated to such large lot parcel, as defined in Section 3.26.A. City shall deposit such funds into an escrow account. Such estimated reimbursement funds shall be paid either to (1) the WRSP developer constructing such improvements, based on costs, as set forth in Section 3.26A or, (2) to Landowner or any other Participating Owner should such SVSP landowner(s) construct such improvements. F. All P/QP parcels to be dedicated to City or to another public agency, e.g., school districts, shall not be subject to reimbursement to the WRSP. All reimbursements for improvements to the WRSP shall be subject to annual adjustment for CCI from the date that the WRSP Developer incurred the reimbursable cost to the date of reimbursement.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.27
Title	Third Party Construction of Santucci Boulevard
Obligation	In the event that a third party elects to construct portions of Santucci Boulevard within the Plan Area earlier than required within the approved Phasing Plan, City shall require such constructing third party to construct in accordance with City standards and the Specific Plan the outside CIP lane on both sides of centerline which would be adjacent to the frontage lane requirement of Participating Owners, subject to reimbursement from the TMF Set- Aside Fund as described in Section 3.5.2 above, for the cost of such two outside CIP lanes, provided, however, that City shall reimburse such constructing third party no earlier than when City would have reimbursed any Participating Owner constructing such same outside CIP lanes of Santucci Boulevard under the terms of this Agreement. Participating Owners may construct their frontage improvements for the portions of Santucci Boulevard within the Plan Area in segments. If Participating Owners so construct their frontage improvements for Santucci Boulevard in segments, then the constructing third party of the two outside CIP lanes provided for in this Section 3.27 shall be reimbursed from the TMF Set-Aside Fund by segment.
Department	Engineering Division
Status	Ongoing obligation
Section	4.2.7
Title	Specific Plan Fee
Obligation	To provide Landowner and Participating Owners with the reimbursement for reimbursable planning and environmental costs required under Section 4.2.4 above, City shall require benefiting property owners to pay to City a Specific Plan Fee. The benefiting property owners of the planning and environmental costs required under Section 4.2.4 above includes the owners of those lands within the Specific Plan designation of Urban Reserve. The pro-rata share of the future reimbursement will be determined within ninety (90) days of the date of the Agreement to the satisfaction and sole discretion of City. The fee shall be collected at the time said benefiting property owner files an application with City for any land use entitlements on its property. Within ten (10) days of receipt of said Specific Plan Fee from such benefiting property owner, City shall pay the Specific Plan Fees so received to the Participating Owners of the Plan Area, including Landowner, in proportion to the gross acreage owned by Landowner

Sierra Vista Specific Plan - Westpark Federico Development Agreement Implementation Matrix

	and by each such Participating Owner divided by the complete gross acreage in the Specific Plan. Said reimbursement of Specific Plan Fees is personal to Landowner and to each Participating Owner and does not run to successors and assigns, unless any such Participating Owner indicates otherwise in writing to City that such Specific Plan Fee revenues have been assigned to a successor in interest.
Department	Planning Division
Status	This is related to the Chan parcel UR-92. Fees would be collected when this parcel develops. Ongoing obligation
Section	4.2.8
Title	Specific Plan Infrastructure Fee
Obligation	To provide for an equitable funding mechanism for various public improvements and public land dedications within the SVSP, City and Landowner, together with other Participating Owners, agree to take all steps reasonably necessary to implement a SVSP Infrastructure Fee which incorporates the terms and conditions. Landowner and the Participating Owners shall bear City's costs to adopt such ordinances and procedures as may be required to implement the Infrastructure Fee. City agrees to take such actions, including any compliance with the Mitigation Fee Act (Government Code Section 66000, et seq), that may be required to implement the Infrastructure Fee. Any modification of City ordinance(s) required to implement the Infrastructure Fee shall not require an amendment to this Agreement.
Department	Engineering
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months, per Roseville Municipal Code Chapter 19.84, as such period may be amended, during the term of this Agreement, review the extent of good faith substantial compliance by Landowner with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 210816 of the Public Resources Code of the State of California. Notice of such review shall include the statement that any review of obligations of Landowner as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Landowner with the terms of the Agreement shall be conclusive with respect to the performance of Landowner during the period preceding the review. Landowner shall be responsible for the cost reasonably and directly incurred by the City to conduct such review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Landowner shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Landowner a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Landowner shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Landowner shall be deemed to have complied in good faith with the provisions

Section	2.7.1
Title	404 Permit
Obligation	Developer has obtained verification from the U.S. Army Corps of Engineers that approximately 16.19 acres of vernal pools and 3.87 acres of wet swales/channels exist on the Property. Developer shall obtain from the U. S. Army Corps of Engineers (the "Army Corps") a permit (the "404 Permit") to fill specific wetland resources in conjunction with development of the Property. Developer shall diligently pursue and obtain issuance of the 404 Permit and any amendment, modification or supplement thereto, or an additional 404 Permit if required, in order to implement the Project, including but not limited to off-site improvements such as Phillip Road, and Blue Oaks Boulevard. Such 404 Permit or Permits shall be approved, with conditions satisfactory to the City if such conditions impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements on the Property. Developer intends to mitigate the impacts of such wetland fills through a combination of on-site preservation, off-site preservation and/or on-site and off-site creation of wetland resources. It is anticipated that the 404 Permit will require preservation and/or creation of wetland resources within the Property ("Preserve Area"). At the election of the City, City and Developer shall cooperate with one another in the formation of a conservancy or fee financing mechanism provided for in Section 3.20, with the authority to assume and/or administer the costs of maintaining the Preserve Area in accordance with the 404 Permit.
Department	Engineering Division / Environmental Coordinator
Status	Obligation Complete
Section	2.7.3
Title	Facilities included in 404 Permit
Obligation	Developer shall use its best efforts to ensure that the approval of its 404 Permit includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, community garden and parking lot and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of Open Space Preserves. In this regard, Developer shall include the location of proposed bike paths,

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	fuel modification areas, passive recreation areas (such as the community garden and associated parking), water quality structures and drainage and flood control facilities on all maps and/or exhibits accompanying all 404 Permit applications to ensure all proposed open space improvements are disclosed and considered by the Corps during 404 Permit processing and drafting of permit conditions. In addition, Developer shall ensure that the typical improvements required for overland stormwater conveyance, stormwater outfalls and related erosion control improvements are included in the O&M Plan as future allowed uses. In this regard, the O&M plan shall include typical schematic plans to characterize these improvements for future regulatory and permitting purposes. If any significant modifications are proposed which conflict in any manner with the Entitlements related thereto and to the planned location and improvement of the bike paths as a result of approval of the 404 Permit, the revised relocation and/or improvement of such paths or other facilities shall be resubmitted to the City for review. The City may approve or deny any request to relocate any of the paths or other facilities within or outside of the Open Space Preserves and the review of such modifications shall be made in accordance with CEQA.
Department	Engineering Division/Environmental Coordinator
Status	Obligation Complete
Section	2.7.4
Title	Operation and Management Plans
Obligation	Developer and Placer Investors shall be responsible for the cost of preparation of any required Operations & Management Plan ("O&M Plan") required for the 404 Permit. Further, Developer and Placer Investors shall be responsible for the cost of the City's preparation, pursuant to the August 18, 2000 MOU between the City and the United States Fish and Wildlife Service, of an overarching management plan to maintain consistent management strategies among the City's preserves and preserve areas created by the Project.
Department	Engineering Division/ Environmental Coordinator
Status	Obligation Complete
Section	3.3
Title	Project Phasing Amendment #5 – Ord. #5337
Obligation	Developer shall develop and construct the on-site and off-site infrastructure necessary to serve the Project in three phases consistent with the Phasing Plan set forth in the Specific Plan. Infrastructure phases identified in the Phasing Plan may be combined as approved by City's Community Development Director, in consultation with all affected City departments. Building permits for subsequent phases may be issued so long as all improvements required in earlier phases are substantially complete and the infrastructure within the subject phase is sufficient to provide access and utility service as determined by the Public Works Director and Environmental Utilities Director. It is anticipated that the Property will develop in multiple sub- phases. The sub-phasing concept is depicted within the Infrastructure Phasing Matrix attached to this Fifth Amendment as Exhibit F. Developer, or its successor(s) in interest, shall develop and construct the infrastructure necessary to serve each phase of the Project within the Property, as depicted in the Infrastructure Phasing Matrix. The City has confirmed that progression of development in sub phases as described in the Phasing Matrix includes the necessary facilities to support the approved land uses within each of the sub- phases if built in the sequence described in the Phasing

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	Matrix. If Developer proposes to develop a portion of the Property out of sequence from that set forth in the Phasing Matrix, then, prior to the issuance of a building permit in the applicable sub-phase, the City may require special studies to confirm that the necessary facilities, including but not limited to, sanitary sewer, recycled water, potable water, storm drain, electric facilities, and roadway serving the applicable out-of-sequence sub-phase will be provided. Developer will be responsible for all reasonable third-party costs associated with the preparation of any required special studies, and for the cost of City staff (on a time and materials basis) required for such confirmation.
Department	Engineering Division
Status	Obligation Complete
Section	3.5
Title	Road Improvements
Obligation	Developer, at its expense, shall provide the road improvements set forth in this Agreement and the Phasing Plan. <u>3.5.1 Developer's Obligations.</u> Developer obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and full asphalt pavement section. For arterial roadways, Developer's obligation for roadway frontage improvements shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, utilities, street lights, signal interconnect, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer, all grading, drainage laterals and inlets, and cross culverts (collectively "Frontage Improvements"). The area within which such Frontage Improvements are to be located shall be referred to herein as Developer's Frontage. Unless specifically identified within this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required roadway improvement. Installation of landscaping and median curbing shall occur concurrent with roadway construction. Landscaping and sidewalks adjacent to roadways may occur concurrent with the development of adjacent parcels. Bike trail
Department	Engineering Division
Status	Obligation Complete
Section	3.5.2
Title	Arterial Roadways Amendment #4 – Ord. #5211
Obligation	Developer shall dedicate all necessary rights- of-way and shall construct road way improvements for the arterial roadways, except for Blue Oaks Boulevard, the construction obligation for which is set forth in Section 3.5.3.2 below. Arterial road ways on the Property include Fiddymment Road and Blue Oaks Boulevard. City and Developer acknowledge that the locations of these road ways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The timing, number of lanes and width of pavement shall be as required within the Phasing Plan. Unless specifically identified in this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required road way improvement.
Department	Engineering
Status	Obligation Complete
Section	3.5.3

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Title	Collector Streets
Obligation	To provide access to the Property, Developer shall construct curb, gutter, pavement, streetlights, utilities, entry medians and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets located within the Property. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore; in particular, based on the final design for such collectors and the final lot subdivisions for the Property. Except as provided in Section 3.5.3.1 of this Agreement, Developer shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/or construction of collector roadways.
Department	Engineering Division
Status	Obligation Complete
Section	3.5.4
Title	Timing of Dedication and Construction of Road Improvements
Obligation	<u>3.5.4.1</u> Upon recordation of the Large Lot Map for any portion of the Property, Developer shall dedicate the rights-of-way shown in the Specific Plan for that portion or phase of the Property for the improvements described in this Agreement. <u>3.5.4.2</u> Prior to the recordation of a small lot residential subdivision map for the Property, Developer shall provide adequate assurances to City, either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets.
Department	Engineering Division
Status	Obligation Complete
Section	3.5.2.1
Title	Blue Oaks Boulevard Amendment #4 – Ord. #5211 Amendment #5 – Ord. #5337 Amendment #6 – Ord. #5385 – section deleted
Obligation	Developer shall construct Blue Oaks Boulevard consistent with the Phasing Plan. Developer shall construct Blue Oaks Boulevard from Fiddymment Road to the new alignment of Phillip Road within five years of the date of the first occupancy permit issued in parcels (F-3 and Placer Investors' Parcels W-2, W-3, W-4, W-5, W-6, W-7, and W-75) adjacent to the temporary truck route serving the Treatment Plant. Developer shall complete construction of this segment of Blue Oaks Boulevard within one year of commencing construction. Segment 1 of Blue Oaks Boulevard, as defined below located within the Fourth Amendment Property shall be constructed by Developer. Developer shall construct Segment 1 at such time as development begins within Phase 3 of the Fourth Amendment Property. Segments 2 through 4 of Blue Oaks Boulevard, located outside of the Fourth Amendment Property, beginning at the westerly property line of the Fiddymment property through the westerly side of the intersection of Westbrook Boulevard (collectively, "Blue Oaks Boulevard (Off-site)") shall be constructed by others. Developer will bear a pro-rata share of the cost to construct Segment 3 of Blue Oaks Boulevard Off-Site through the payment of the below-described fee; however, Developer has no obligation to construct any portion of Blue Oaks Boulevard (Off-site).

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	• Segment 1: Westerly side of the Hayden Parkway/Blue Oaks Boulevard intersection to the westerly property line of the Fiddymment property. (Cost allocation: 100% Developer). • Segment 2: Westerly property line of the Fiddymment property to the east side of the Blue Oaks Boulevard/Westpark Drive intersection. (Cost allocation: 100% City TM F). • Segment 3: East side of the Blue Oaks Boulevard/Westpark Drive intersection to the eastern property line of Parcel W-60. (Cost allocation: 50% Westpark; 50% Developer). • Segment 4: Eastern property line of Parcel W-60 to the west side of the intersection of Blue Oaks Boulevard and Westbrook Boulevard. (Cost allocation: 100% Westpark). The entire width of Segment 2 (i.e., back of curb to back of curb) shall be included in the City Traffic Mitigation Fund Fees (the "TM F Fees") in the City's road way Capital Improvement Program ("Road CIP"). Developer's pro-rata share of the cost obligation set forth in this Section 3.5.2.1 for Segment 3 (excepting the cost of 22 feet of pavement in Segment 3, the cost of which will be paid via payment of City TMF Fees) shall be paid by Developer through a Blue Oaks Boulevard off-site road fee (the "Blue Oaks Boulevard Off-Site Road Fee") applied to all LDR, MDR, and HDR building permits in the Fourth Amendment Property as of the date of this Fourth Amendment, and dedicated to Segment 3 of the Blue Oaks Boulevard off-site improvements described in this Section 3.5.2.1. With respect to the Fourth Amendment Property, Developer agrees to pay to City a fee of \$1,159 per LDR or MDR building permit, for the Blue Oaks Boulevard Off-Site Road Fee. The foregoing fee is based upon the number of units currently approved for the Fourth Amendment Property (e.g., 482 LDR, 806 MDR, and O H O R units). In the event a subsequent Development Agreement amendment causes an increase or decrease in the approved number of LDR, MDR, or HDR units, within the Fourth Amendment Proper, the foregoing fee amount shall be appropriately adjusted, and if HDR units are approved within the Fourth Amendment Property, Then, in addition to the adjustment of the amount of the LDR /MDR fee, a fee payable per HDR unit will be created. The Blue Oaks Boulevard Off-Site Road Fee shall be adjusted annually based upon the CCI as defined in this Agreement. Developer's pro-rata share of the Blue Oaks Boulevard Off-Site Road Fee has been calculated by establishing a fee amount for LDR, MDR, and HDR units spread over 95% of the total allocated LDR, MDR, and HDR units within the Fourth Amendment Property. If after residential units have been constructed on at least 75% of the Fourth Amendment Property, the City reasonably determines that less than 95% of the total number of approved units within the Fourth Amendment Property will be constructed, the City Manager may appropriately adjust the Blue Oaks Boulevard Off-Site Road Fee to avoid a shortfall in the payment of Developer's pro-rata share of the cost obligation, without amendment of this Fourth Amendment and otherwise without compliance with the Mitigation Fee Act (California Government Code Section 66000, et seq.). Upon demand of City, Developer shall provide to City an irrevocable offer(s) of
--	--

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	dedication (IOD) for (1) all necessary access easements with rights to construct and the right of City assignment, and (2) rights of way, subject to improvement for those portions of Blue Oaks Boulevard that may be within or upon properties owned by Developer. The Blue Oaks Boulevard Off-Site Road Fee shall apply to Developer's and Westpark's allocated costs for Segment 3 of Blue Oaks Boulevard (Off-site) set forth in this Section 3.5.3.2., and in Sections 3.8.3 and 3.9 and shall fully satisfy the obligations of Developer and Westpark to fund off-site portions of Blue Oaks Boulevard, off-site water and off-site recycled water facilities contained therein. The improvements included in the Blue Oaks Boulevard Off-Site Road Fee include all costs reasonably associated with construction of the southerly one-half section of the ultimate 100-foot Blue Oaks Boulevard right-of-way, except for those portions to be funded by City TMF Fees. A general description of these includes: • The cost of wetland permitting and mitigation cost for direct and indirect wetland impacts for the southern ½ section of the road including slopes. • The cost for design, engineering, plan check and inspection fees, and construction management equal to 20% of the estimated construction cost. • The cost of grading the southerly ½ of a 6-lane facility, including turn lanes, bus turn-outs, half the center median, and a 22-foot bench behind the back of curb, for an approximate width of 72 feet, plus the slopes to existing ground. • The cost of 'h of the landscaped median and the median curb. • The cost of curb and gutter plus 18' of pavement, joint trench, stripping, signage, and street lights, plus the turn lanes and bus turnouts on the south half of the right of way. The portion of Blue Oaks Blvd. from the westerly boundary of the Fiddymment property to the Westpark Dr. intersection would be included in the CIP program. • The WRSP portion of the 24-inch potable water line as defined in the Technical Memorandum prepared by Hydro science, dated May 9, 2011 utilizing the figures in Scenario 1 in Tables 4 and 6 of the report. • The WRSP portion of the 24-inch recycled water line. City may use the funds collected from the Blue Oaks Boulevard Off-Site Road Fee to fund the construction of the northerly three lanes of Blue Oaks Boulevard (Off-Site). The number of LDR, MDR and HDR units within the Fifth Amendment Property is being adjusted in connection with this Fifth Amendment; therefore, the amount of the Blue Oaks Boulevard Off-Site Road Fee (defined in the Fourth Amendment) that will be applied to LDR, MDR, and HDR building permits within the Fifth Amendment Property is hereby amended as follows: (i) \$539 per LDR or MDR building permit, and (ii) \$334 per HDR unit. In the event that Segment 1 of Blue Oaks Boulevard, as described in paragraph 3.5.2.1 of the Fourth Amendment to the Development Agreement, is constructed or
--	---

Status	Section deleted.
Section	3.5.3.1
Title	Phillip Road Westpark Drive Amendment #4 - Ord. #5211 Amendment #5 – Ord. #5337 Amendment #6 – Ord. #5385 – section deleted
Obligation	Consistent with the Phasing Plan, Developer shall realign and reconstruct segments of existing Phillip Road within the Property consistent the Phasing Plan. Developer shall complete such reconstruction within five years of the date of the first occupancy permit issued in parcels (F-3 and Placer Investors' Parcels W-2, W-3, W-4, W-5, W-6, W-7, and W-75) adjacent to the temporary truck route serving the Treatment Plant. Segments of existing Phillip Road replaced by newly realigned and reconstructed segments shall be abandoned to the owner of the underlying fee of the segment in question. If applicable and as necessary, relocation shall be coordinated so as not to interrupt service and access to the Pleasant Grove Wastewater Treatment Plant. Consistent with the Phasing Plan, Developer shall realign and reconstruct segments of existing Phillip Road off-site consistent the Phasing Plan. Portions of the realigned and reconstructed Phillip Road include the installation of frontage improvements adjacent to the city-wide park, including curb, gutter, sidewalk, street lights and utility services. Developer shall be entitled to a credit against the city-wide park fee for the cost of constructing such park frontage improvements. Westpark Drive (formerly Phillip Road). Developer's cost obligation set forth in this Section 3.5.3.1 for Westpark Drive (and further described as Segment 5 in Exhibit "C" attached to the Fourth Amendment) shall be paid by Developer through a Westpark Drive off-site road fee (the "Westpark Drive Off-Site Road Fee") applied to all Low Density Residential ("LDR"), Medium Density Residential ("MDR"), and High Density Residential ("HDR") building permits in the Fourth Amendment Property, and dedicated to the Westpark Drive off-site improvements described in this Section 3.5.3.1. With respect to the Fourth Amendment Property, Developer agrees to pay to City a fee of \$352 per LDR or MDR building permit for the Westpark Drive Off-Site Road Fee. The foregoing fees are based upon the number of units currently approved for the Fourth Amendment Property (e.g., 482 LDR, 806 MDR, and 0 HDR units). If, after the date of this Fourth Amendment, there is In the event a subsequent Development Agreement amendment causes an increase or decrease the approved number of LDR, MDR, or HDR units, within the Fourth Amendment Property, the foregoing fee amount shall be appropriately adjusted, and if H OR units are approved within the Fourth Amendment Property, then, in addition to the adjustment of the amount of the LDR/MDR fee, a fee payable per HDR unit will be created. Further, the Westpark Drive Off-Site Road Fee shall be adjusted annually based upon the Engineering News-Record, Construction Cost Index for the United States average of 20 cities and San Francisco (CCI).

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	Developer and Westpark shall each be responsible for fifty percent (50%) of the construction cost of Westpark Drive north of the Pleasant Grove Wastewater Treatment Plant, both shares of which will be paid through the Westpark Drive Off-Site Road Fee. Developer's pro-rata share of the Westpark Drive Off-Site Road Fee has been calculated by establishing a fee amount for LDR, MDR, and HDR units spread over 95% of the total allocated LDR, MDR, and HDR units within the Fourth Amendment Property. If after residential units have been constructed on at least 75% of the Fourth Amendment Property, the City reasonably determines that less than 95% of the total number of approved units within the Fourth Amendment Property will be constructed, the City Manager may appropriately adjust the Westpark Drive Off-Site Road Fee to avoid a shortfall in the payment of Developer's pro-rata share of the cost obligation, without amendment of this Fourth Amendment and otherwise without compliance with the Mitigation Fee Act (California Government Code Section 66000, et seq.). The City may elect to construct Westpark Drive at any time it deems necessary to serve the Plan Area in its sole and absolute discretion. The City may require acceleration of the payment of Developer's share of the Westpark Drive Off-Site Road Fee upon the construction of Segment 2 of Blue Oaks Boulevard (as shown in Exhibit "C" attached to the Fourth Amendment), from the westerly property line of the Fiddymment property to the intersection of Westpark Drive (the "Prepayment Event"). At such time as the City elects to trigger the Prepayment Event, regardless of the status of fees collected, the City shall provide Developer with six (6) months advance written notice of its intent to call for the outstanding balance of the fee to be paid by Developer. The City shall indicate in the notice the date on which the balance of the fee shall be due. During this six-month period, the City shall continue to collect the Westpark Drive Off-Site Road Fee. The amount due from Developer for the balance of the Westpark Drive Off-Site Road Fee shall be determined by subtracting from the total fee obligation of the Fourth Amendment Property the total amount of fees paid by the Fourth Amendment Property as of the date that the balance of the fee is due (the "Westpark Drive Fee Prepayment"). In the event that the Westpark Drive Fee Prepayment is not received by City as of the date referenced in the notice to pay, the City may withhold all further inspections and further issuance of permits within Phases 2 & 3 until such time as the Westpark Drive Fee Prepayment is received by City. If a Prepayment Event has occurred and Developer has paid the balance of the fee as set forth herein, the City shall continue to collect the Westpark Drive Off-Site Road Fee on all LDR, MDR, and HDR units in the Fourth Amendment Property, annually adjusted by the CCI as provided above, until all LDR, MDR and HDR units in Fourth Amendment Property have paid the Westpark Drive Off-Site Road Fee, as set forth below, at which time City shall reimburse to Developer the prepayment amount previously paid by Developer (less the actual amount of any increase in the cost to construct Westpark Drive above the estimated cost used to calculate the Westpark Drive Off-Site Road Fee, which reimbursement is personal to Developer and does not run with the Property, to successors and assigns, unless Developer provides written notice to City that said reimbursement has been assigned by Developer to a third-party. In the event that, and at such time as, the funds collected for the Westpark Drive Off-Site Road Fee equal the amount of the Westpark Drive Prepayment, as adjusted by the CCI, City shall cease collecting the Westpark Drive Off-Site Road Fee. The improvements included in the Westpark Drive Off-Site Road Fee include all

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	costs reasonably associated with construction of Westpark Drive north of the Pleasant Grove Wastewater Treatment consistent with Exhibits "K" and "I". A general description of these improvements includes: a. The cost of wetland permitting and mitigation cost for direct and indirect wetland impacts for the full section of the road including slopes. b. The cost for design, engineering, plan check and inspection fees, and construction management equal to 20% of the estimated construction cost. c. The cost of grading the full width of a standard collector roadway section including turn lanes, and an 8 foot bench on both sides of the roadway (approximately 64 feet in width), plus the slopes to existing ground. d. The cost of curb, gutter, pavement, joint utilities, stripping, signage, and street lights. e. The WRSP portion of the 24-inch potable water line as defined in the Technical Memorandum prepared by Hydro science, dated May 9, 2011utilizing the figures in Scenario 1 in Tables 5 of the report. f. The WRSP portion of the 24-inch recycled water line. Portions of the realigned and reconstructed Westpark Drive (formerly Phillip Road) include the installation of frontage improvements adjacent to the city wide park, including curb, gutter, sidewalk, street lights and utility services. Developer shall be entitled to a credit against the city wide park fee for the cost of such park frontage improvements. REVISED SECTION 3.5.3.L The number of LDR, MDR and HDR units within the Fifth Amendment Property is being adjusted in connection with this Fifth Amendment; therefore, the amount of the Westpark Drive Off-Site Road Fee (defined in the Fourth Amendment) that will be applied to LDR, MDR, and HDR building permits within the Fifth Amendment Property is hereby amended as follows: (i) \$163 per LDR or MDR building permit, and (ii) \$101 per HDR unit.

Section	3.5.7
Title	Traffic Signals
Obligation	Developer shall be responsible for the construction of traffic signals as described in the Phasing Plan. Developer shall be entitled to credits toward the City's traffic mitigation fee for the design and construction of any public leg of a traffic signal and/or signals warranted by City. Said credits shall be shared equally throughout the Property on a per-dwelling unit equivalent ("DUE") basis. Developer shall not be entitled to any reimbursements or traffic mitigation fee credits for portions of a traffic signal that service a private driveway. Unless specifically identified within this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required roadway improvement.
Department	Public Works

Title	Traffic Signal Interconnect Project Amendment #1 – Ord. #4324

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	In connection with the West Roseville Traffic Signal interconnect project, Developer agrees to fund one-third of the cost of constructing the improvements set forth in the Fehr & Peers plans (#1997-E01) approved by City April 12, 2005, and incorporated herein by reference (the "Signal Interconnect"). City agrees to fund its one-third share and to collect the remaining one-third of the cost of the Signal Interconnect from 1600 Placer Investors, LP and/or PL Roseville, LLC, pursuant to an amendment to that certain agreement between the City of Roseville and 1600 Placer Investors, LP recorded in the Official Records of Placer County as Instrument No. 2004-006948. Developer shall have no further obligations to fund or construct any other offsite portions of the City's traffic signal interconnect project. 1st Amendment: Developer agrees to fund 1/3 of the cost of constructing the improvements for the Signal Interconnect. Pulte agrees to fund 1/3, City agrees to fund 1/3.
Department	Engineering Division
Status	Obligation Complete - Interconnect Improvements Complete – Funding obligation met.
Section	3.5.12
Title	Access for Existing Residences with Property
Obligation	Three (3) occupied residences exist on the Property today. Developer shall construct interim all-weather access to Residence "A" capable of supporting 34 tons. Residence "B" will be retained as part of the Fiddymment Park complex and may be used by the City as a caretaker's residence. Residence "C" shall remain in its current location and shall be provided interim and permanent access to a public street as part of the development of the Project. Developer shall be responsible for providing and/or constructing interim accesses to existing residences.
Department	Engineering Division
Status	Obligation Complete
Section	3.5.16
Title	Transit Master Plan Funding
Obligation	Developer shall pay, as its fair share on a city-wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Master Plan Update, and Bikeway Master Plan Update, the amounts of \$6,502, \$7,585 and \$5,418 prior to recordation of the Large Lot Tentative Map.
Department	Engineering Division , Building Division and Alternative Transportation Department
Status	Obligation Complete.
Section	3.5.18
Title	Park and Ride Lots
Obligation	Twenty (20) park and ride spaces shall be provided on Parcels F-31, F-34 and F-54. Such park and ride spaces shall be included in addition to the parking required for the applicable underlying land use by City's Zoning Code. If necessary in order to minimize impacts to existing oak trees, Developer may spread or reallocate park and ride parking space locations between parcel F-31 and parcel F-30. Developer and City acknowledge that the area proposed for retail uses may be required to be reduced in order to minimize tree impacts and to meet parking requirements as well as park and ride obligations. To the extent that Developer constructs any of the required park and ride spaces on F-54 and provided the cost of constructing such park and ride spaces is included in the park site F-54 cost estimate, Developer shall be entitled to reimbursement by City for the cost of constructing the park and ride spaces limited to costs allocated to such construction in Developer's cost estimate included in the Parks Financing Plan. If constructed by Developer, Developer shall install the park and ride spaces at the time of development of the parcel on which the park and ride

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	lot is located. Park and ride lots shall allow for parking daily between the hours of 5:00 am and 10:00 pm, except at Regional Park F-54, where park hours of operation are subject to regulation by the Parks and Recreation Department.
Department	Alternative Transportation
Status	Obligation Complete
Section	3.5.21
Title	Fiddymment Road Widening Amendment #4 – Ord. #5211 Amendment #6 – Ord. #5385 – section deleted
Obligation	Developer and Placer Investors shall be jointly and severally responsible to widen Fiddymment Road to City standards as a four lane road, from Pleasant Grove Boulevard to Baseline Road, with construction commencing not later than expiration of fiscal year 2009-2010, subject to completion of all environmental review requirements, and provided that City has not then received any application for development of the property adjacent to the west of existing Fiddymment Road, and provided further that such widening has not otherwise been completed or undertaken by that date. City and Developer acknowledge that the agreement to widen Fiddymment Road is the result of negotiation between the parties and is not required as a result of impacts of development of the Property.

Status	Section deleted
Section	3.6
Title	Sewer Facilities
Obligation	Developer shall construct on-site and off-site facilities to the sewer system as described in this Section, the Phasing Plan, and as shown in Exhibit "S", attached hereto. Developer shall, subject to the provisions of Section 2.8 of this Agreement, be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Developer with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein, Developer shall have no obligations to install or pay for the installation of any off-site treatment or transmission facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.6.5
Title	Access to Pleasant Grove Wastewater Treatment Plant
Obligation	Developer shall maintain continuous and uninterrupted access to the Treatment Plant during the Project, including during the construction called for in this Section 3.6.5. Access to the southeast gate of the Treatment Plant shall be available from Phillip Road. In Phase 1, Developer shall construct a tee intersection at the entrance to the Treatment Plant on Phillip Road. Access to the northwest gate of the Treatment Plant property shall be available from existing Phillip Road. Continuous and uninterrupted access shall be available from the Treatment Plant to the effluent junction structure and to the outfall structure.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.6.7
Title	Coordination with Construction by Placer County

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	Placer County has expressed interest in coordinating with City and Developer on the future construction of wastewater conveyance facilities (including but not limited to, pipes) by the County or others within the Fiddymment Road right-of-way. The approximate location of the proposed wastewater conveyance facilities. In order to facilitate such cooperation with the County, Developer shall, prior to the commencement of construction of improvements to Fiddymment Road, provide a construction schedule for the improvements to the County Public Works Department. Thereafter, to the extent that coordination with the County can be accomplished without additional cost and/or delay to Developer in the development of the Project, Developer and City shall cooperate with the County in the construction of such wastewater conveyance facilities.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.6.8
Title	Construction within Blue Oaks Boulevard
Obligation	City has an interest in constructing wastewater outfall facilities under and crossing the future alignment of Blue Oaks Boulevard. City has requested and Developer has agreed to construct such facility crossing at the time of construction of the subject segment of Blue Oaks Boulevard subject to immediate reimbursement by City to Developer. Reimbursement shall include engineering and design and construction costs associated with the facility.
Department	Environmental Utilities
Status	Obligation Complete - Blue Oaks Boulevard is constructed to the west boundary of the project, so the extension of a wastewater outfall line has been addressed.
Section	3.7.1
Title	Water Supply – Contract with San Juan Water District
Obligation	City has acquired from San Juan Water District rights to 3,200 acre feet of potable water annually for purposes of augmenting City water supplies. Developer and Placer Investors shall be jointly and severally responsible to reimburse to City the one-time up-front payment from City to San Juan Water District in the sum of \$1,340,000 within 30 days after the expiration of all appeal periods and tolling periods pursuant to Section 1.3.4 of this Agreement applicable to City's approval of the Entitlements and annexation of the Property into City by LAFCO. City and Developer agree that the payment to City as required pursuant to this Section 3.7.1 shall be reimbursed from the first phase of CFD bonds issued for the Project.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.7.8
Title	Water Conservation Goal for the Property Amendment #6 – Ord. 5385 Amendment #9 – Ord. 6209
	Amendment #9 <u>Water Conservation Goal for the Property</u>. The City has determined, and the Developer agrees, that the available water supply is sufficient to serve the Property. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of the Property. The demand for water at build-out of the Property was determined by reference to the City's current information on water usage for the various land uses included and permitted within the City and the proposed land uses within the Property and by reference to the Developer's Water Conservation Plan which includes a reduction in water use by 20.4% over current use characteristics.

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	The sources for water evaluated for the Project are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and the use of groundwater. City and Developer are satisfied that the demand and source assumptions relied upon to assure water for the Project (including the Ninth Amendment Property) are valid.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.8.1
Title	Water Study
Obligation	Developer has prepared a Water Study for on-site water facilities and prepared general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing and Reimbursement Schedule.
Department	Environmental Utilities
Status	Obligation Complete - Water study was completed –
Section	3.8.2
Title	On-Site Water Facilities
Obligation	Developer shall construct on-site water system facilities and further described in the Phasing Plan. All such facilities to be constructed by Developer, including mains, shall be designed and constructed pursuant to the City's then current Improvement Standards and subject to City plan review, construction inspection and final approval and Developer's payment of City's then current costs or fees for plan check, mapping and inspection. Developer will not be responsible for construction of potable water reservoirs and pump station except through the payment of City water connection fee and special benefit fees as may be applicable or otherwise required herein.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.8.3
Title	Off-site Water Facilities
Obligation	Developer shall construct off-site water system facilities and further described in the Phasing Plan. All such facilities shall be subject to City plan review, mapping, construction inspection and final approval, and Developer's payment of City's then current costs or fees therefor.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.8.4
Title	Oversizing of Water Facilities – Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Developer shall be entitled to reimbursement from third parties whose property is benefited by Developer's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. The timing for the payment of any such reimbursement shall be paid upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first small lot subdivision map serving the development by such third party.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.8.5
Title	Water System Sequencing

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the Parcels will be completed with development of each Parcel. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.9
Title	Recycled Water Facilities
Obligation	Developer shall construct recycled water facilities as provided in this Section and the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses, with the exception of the community garden on parcel F-83 (described in Section 3.12.9 which will be served by potable water). Developer shall construct and dedicate upon completion thereof a recycled water line system. All recycled water system facilities including storage tanks, pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Developer shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current improvement standards.
Department	Environmental Utilities
Status	Obligation Complete - Easement Granted for sanitary sewer pipeline 03/15/2005.
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Placer Investors, Developer shall prepare City's Engineer's Report for submittal to and review by the State Regional Water Quality Control Board and Department of Health Services documenting the use of recycled water in the WRSP. Prior to submittal to the State Water Quality Control Board, Developer shall obtain approval of the City Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the City Engineer's Report has received all required State approvals.
Department	Environmental Utilities
Status	Obligation Complete
Section	3.10
Title	Drainage Facilities
Obligation	Developer shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the City's Improvement Standards, Stormwater Management Program, the Placer County Storm Water

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	Management Manual (for detention facilities) and the 404 Permit O&M Plan (for open space preserves). In general, drainage facilities shall be constructed concurrent with roadway improvements. Prior to approval of any improvement plans for the construction of storm drain facilities, a master drainage plan shall be prepared and approved by the City Engineer for each shed area. Developer shall provide drainage improvements as provided in this Section and the Phasing Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Developer shall grant in fee to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the 100-year floodplain and the Specific Plan.
Department	Engineering Division
Status	Obligation Complete
Section	3.11.1
Title	Electric Facilities
Obligation	Concurrently with the construction of the adjacent roadways, Developer agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director. City and Developer agree that Developer shall construct or finance construction of on-site 12kV electric distribution facilities in accordance with final on-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Final on-site electric utility improvements including streetlights, will be designed upon receipt of approval and adopted improvement plans for the applicable Specific Plan roadways. To the extent that Developer constructs or installs electric distribution facilities serving areas outside the Property, Developer shall have the right to receive reimbursement from third parties whose property is benefited by such construction or installation. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction and installation.
Department	Electric Department
Status	Obligation Complete
Section	3.11.4
Title	Electric Substation
Obligation	Developer shall dedicate an electric substation site (F-65) of approximately 1.2 buildable acres, net of easements, wetlands, riparian corridors and required setbacks which City shall construct the substation. The timing for such dedication shall be prior to issuance of the first residential building permit. This parcel shall not be encumbered by any easements, except as approved by the Electric Utility Director. Developer shall rough grade to accommodate electrical substation construction and construct public services to the site. The electric substation site (Parcel F-65) shall be dedicated in fee, free and clear of all wetlands.
Department	Electric Department
Status	Obligation Complete - Parcel F-16 property was dedicated to the city on 9/21/2005 (DOC#2006-0001828).
Section	3.11.6
Title	Coordination with Construction by City
Obligation	To the extent feasible so as not to delay Developer's project construction schedule or result in additional cost to Developer, Developer shall coordinate and cooperate with City for future construction of underground infrastructure and externalities (including,

Development Agreement Implementation Matrix**

	but not limited to, joint trench, gas and transmission lines.) associated with the City's proposed Roseville Energy Park.
Department	Electric Department
Status	Obligation Complete
Section	3.12
Title	Park and Open Space Amendment #5 – Ord. #5337
Obligation	The total amount of active park lands and open-space lands to be dedicated has increased. Therefore, Section 3.12 of the Development Agreement is hereby amended by deleting "active park lands (195.2 acres) and open-space lands (341.3 acres)" and replacing it with "active park lands (203 acres) and open-space lands (346.9 acres)."
Department	Parks Department
Status	Obligations Complete
Section	3.12.1
Title	Parks and Open Space Dedications Amendment #5 – Ord. 5337
	Developer shall dedicate a total of 203.0 acres of park land, 6.7 acres of open space paseo and 341.3 acres of open space to the City. The following seven (7) park parcels, four (4) open space paseo parcels and eight (8) open space parcels shall be dedicated to the City as described below: 1. A 7.8-acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel F-50; 2. A 11.9-acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel F-51; 3. A 5.9-acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel F-52; 4. A 6.0-acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel F-53; 5. A 91-acre, more or less, portion of the Property for the purpose of Fiddymment Park, a public park, as shown as Parcel F-54; 6. A 29.8-acre, more or less, portion of the Property for the purpose of a portion of the Regional Sports Park, a public park, as shown as Parcel F-55; 7. A 45.8-acre, more or less, portion of the Property for the purpose of a portion of the Regional Sports Park, a public park, as shown as Parcel F-56; 8. A .84-acre, more or less, portion of the Property for the purpose of an open space paseo, as shown as Parcel F-90; 9. A 2.28-acre, more or less, portion of the Property for the purpose of an open space paseo, as shown as Parcel F-91; 10. A 1.68-acre, more or less, portion of the Property for the purpose of an open space paseo, as shown as Parcel F-92;

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	11. A 0.95-acre, more or less, portion of the Property for the purpose of an open space paseo, as shown as Parcel F-93; 12. A 132.7 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of wetland habitat and open space, including a future bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-80; 13. A 54.9 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat, open space, including a bike trail and fuel modification (i.e., firebreaks) community garden and parking lot, as shown as Parcel F- 83; 14. A 81.2 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-84; 15. A 26.4 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-85; 16. A 12.2 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-86; 17. A 10.3 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-87; 18. A 16.7 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-88; and 19. A 0.8 acre, more or less, portion of the Property for the purpose of preservation of wetland habitat and open space, including a bike trail and fuel modification (i.e., firebreaks) shown as Parcel F-89. Upon request of City, Developer shall dedicate any parklands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded

Section	3.12.2
Title	Existing Residences within Property
Obligation	Three (3) occupied residences exist on the Property today are Residences A, B and C. Residence "A," will remain on the Regional Sports Park property for utilization by the City for non-residential purposes. Residence "C" will be retained as part of the Fiddymment Park complex and may be used by the City as a caretaker's residence. Residence "B" shall remain in its current location as part of the Project. Developer shall deliver to City all residences "A" and "C," together with all outbuildings, appurtenances and grounds, in good and tenantable condition at least as good as the condition in which such residences, etc., exist as of the date of this Agreement. To that end, Developer may encourage continued lawful occupancy of

**West Roseville Specific Plan - Fiddymment Land Venture, LLC

Section	3.12.4.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites and the Community Garden, Developer shall construct the frontage improvements (excluding landscaping and sidewalks) and stub utilities for the park site and community garden, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for under the Parks Financing Plan. Developer shall not be entitled to any reimbursement for the cost of such improvements.
Department	Parks Department
Status	Obligation Complete
Section	3.12.4.2
Title	Construction of Neighborhood Park Improvements by Developer Amendment #1 – Ord. #4324
Obligation	Developer shall design and install park improvements for the park site planned for parcel F-53, subject to and in accordance with the following provisions:" (a) The park site for parcel F-53 shall be improved in conjunction with Developer's development of the parcels F-4 and F-5. (b) The park facilities for Parcel F-53 shall be constructed and improved according to a plan for the site to be prepared by Developer and approved by the City. These park facilities shall be designed in accordance with the preliminary designs for park F-53 described in the Specific Plan, the Parks Financing Plan, and the design standards for such facilities and improvements described in the City's park F-53 master plan. The Improvement plans for the park site shall include-detailed construction plans, specifications and drawings for the site to be approved by the City. Developer shall be responsible for all costs associated with the approval of the plan, including the cost of preparing the required construction plans and drawings, subject to credits provided for in Section 3.12.4.7.
Department	Parks Department
Status	Obligation Complete
Section	3.12.4.3
Title	Estimated Costs Associated with Neighborhood Park Improvements Amendment #1 – Ord. #4324
Obligation	The estimated cost for the design and construction of the park improvements for parcel F-53 (\$1,261,692.00) are set forth in the Parks Financing Plan for the Specific Plan and have been used to establish the neighborhood park fee for the Property. The improvements to be required by the City for this park site shall consider and accommodate such cost estimates. The cost estimates shall be adjusted by the City, from the Effective Date of this Agreement to the date of commencement of the construction of the improvements, based on the percentage change in the Construction Cost Index."

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	"When Developer bids the work for the neighborhood park, the City shall review and approve the bid documents for the park improvements prior to the issuance of a notice of and invitation to bid by Developer. The City shall also review the bids received by Developer and shall approve the Developer's selection of the most appropriate bid prior to award of the contract. The City shall have ten (10) working days to review the bids and if the bid amount for the work, together with all design and other park improvements costs then incurred by Developer, exceed the then adjusted cost estimate by more than eight percent (8%), then the City shall either (i) agree to defer the installation of certain improvements within the park to reduce the cost of the work to be installed by Developer to one hundred eight percent (108%) of such adjusted cost or (ii) agree to pay its share of the cost of the improvements in excess of one hundred eight percent (108%) of such adjusted cost estimate, as such costs are incurred by Developer. If the actual cost of the bid for the work, together with all design and other park improvement costs then incurred by Developer, is less than the then adjusted cost estimate for the park, Developer shall pay to the City the difference between the actual cost of the park construction and the total amount of fee credits received as described in Section 3.12.4.7.
Department	Parks Department
Status	Obligation Complete
Section	3.12.4.4
Title	Construction Plans for Neighborhood Park Improvements Amendment #1 – Ord. #4324
Obligation	Developer shall submit completed construction plans and specifications (the "Construction Documents") to the City for improvement of parcel F-53 prior to the issuance of the 75th building permit issued within parcels F-4 and F-5 (the "Responsible Parcels"). The construction documents shall be subject to review and approval by the Department of Parks and Recreation ("the Department") and other City departments. Developer may submit completed Construction Documents earlier than this milestone with written authorization by City.
Department	Parks Department
Status	Obligation Complete
Section	3.12.4.5
Title	Scheduling of Neighborhood Park Improvement Construction Amendment #1 – Ord. #4324
Obligation	Developer shall commence construction of the park improvements for parcel F-53 in accordance with its approved park plan prior to the issuance of the 175th building permit issued within parcels F-4 and F-5. Developer shall not issue any change orders on such construction contract without first obtaining City's written consent and may commence construction of the park improvements earlier than this milestone with written authorization by City. Thereafter, Developer shall diligently proceed with such construction and use its best efforts to complete the construction of the improvements to the park site within one hundred fifty (150) days of the date of the commencement of such improvements. In the event the Developer elects to commence construction of the park improvements for parcel F-53, upon completion Developer shall be responsible for the maintenance of the park improvement and the liability for use of the park facilities by the public. This obligation shall exist from the completion of the parks until thirty

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	(30) days following notice to City by Developer that all building permits within parcel F-4 and parcel F-5 have been issued. Completion of park is defined as successful establishment of plant material and turf and acceptable compliance with City park construction standards. City to accept park within 30 days of above date, after a final walk through has been completed and park is in an acceptable condition that meets City standards, and provided adequate funding for the maintenance district is in place for parcel F-53 in the Community Facilities District No. 2 ("CFD #2"). Developer acknowledges that development of the park will be dependent upon compliance with the foregoing schedule. Accordingly, if the design and construction schedule for parcel F-53 is not satisfied, the City may deny building permits within the applicable parcels receiving credits identified in Section 3.12.4.7 whether or not the ownership thereof is under a single owner or multiple owners. City acknowledges and agrees that any failure to comply with such schedule shall not affect the rights of Developer to proceed with the construction of units for which building permits have been issued by the City. Developer further acknowledges and agrees that, notwithstanding anything else to the contrary in this Amendment or in any assignment of the Development Agreement, including this Amendment, with respect to the obligations under this Section 3.12.4.2, Developer shall be personally responsible for the design and construction of the park improvements for parcel F-53 as and when required hereunder and shall remain personally responsible therefor notwithstanding any subsequent sale or transfer of any parcels designated "Responsible Parcels" for such park improvements and notwithstanding any assumption of such obligation by any successor in interest to Roseville Fiddymment Land Venture, LLC, unless the City expressly agrees, in writing, to release Roseville Fiddymment Land Venture, LLC from any of such design or construction obligations under this Section 3.12.4.2. Notwithstanding the foregoing, City is presumed to have expressly approved the assignment and assumption of this obligation by the West Roseville Development Company, Inc., a Delaware corporation. As a condition of any such assignment that involves a Responsible Parcel, the City may require that Developer or Developer's successor post security in form and amount acceptable to the City to secure the completion of the design and construction of the park improvements for the parcel F-53. To assist City in monitoring compliance with the park design and construction schedule, as and when Developer applies for building permits within a Responsible Parcel, Developer shall give written notice to the Department, indicating the number of units involved in the permit request and the total number of building permits which have been issued for the Responsible Parcels of which such parcel is a part, as well as the status of the design and/or construction of the parcel F-53.

Status	Obligation Complete
Section	3.12.7.1
Title	Construction and Timing of Bikeway Improvements
Obligation	Bikeways shall be constructed to the Bicycle Master Plan consistent with the Phasing Plan. Developer shall construct bikeways within subdivisions with subdivision improvements. Bikeways within roadway rights-of-way shall be constructed with

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	construction of roadway improvements and bikeway under crossings at bridges shall be constructed with bridge improvements. Bikeways within park sites shall be constructed with development of the park sites. All other bike trails shall be the responsibility of the City, unless City requests that Developer construct said bike trail improvements or conditions the development of an adjacent project to complete said section, in which case Developer shall be entitled to reimbursement from City of the actual costs of constructing such improvements in accordance with Section 3.12.7.
Department	Alternative Transportation
Status	Obligation Complete
Section	3.12.7.2
Title	Off-Site Bikeway Connections
Obligation	Developer shall construct off-site Class I bikeways along Pleasant Grove Creek from the eastern edge of the Property to the existing bikeway in Veteran's Park, east of the Property and west of Parcel F-85 south to the city-wide park (F-55), as shown in the Phasing Plan. Such bikeway improvements shall be part of a trail fee. Developer shall therefore be entitled to a credit against the trail fee for the cost of construction of the off- site bikeway connections.
Department	Alternative Transportation
Status	Obligation Complete
Section	3.12.7.3
Title	Bike Trail Grading in Open Space PCL F-80 Amendment #5 – Ord. #5337
Obligation	At such time as grading activities occur on properties adjacent to Open Space Parcel F-80, the grading will extend into Parcel F-80 to include the rough grading of the future bike trail. The final design concept for the bike trail will be reviewed by City in connection with the City's review of small lot tentative maps for subdivisions adjacent Open Space Parcel F-80. Accommodations for positive drainage including v-ditches and the placement of culverts shall be included at the Developer's cost and expense. All necessary drainage pipe extensions and outfalls shall be extended beyond the future bike trail and connect to an accepted creek or drainage way. The final trail improvements will be constructed if and when the City is able to secure sufficient funding for the construction of the bike trail either through the WRSP Bike Trail Fee or through other sources. If funding is available, the City reserves the right to condition future project entitlements to complete the construction of the bike trail with reimbursement to the constructing party.

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	The total number of Pocket Parks to be constructed has increased. Therefore, Section 3.12.9 of the Development Agreement is hereby amended by adding "Parcel F-101" to the list of parcels upon which Pocket Parks are located.
Department	Parks Department and Engineering Department
Status	Obligation Complete
Section	3.12.9.7
Title	Pocket Parks Amendment #1 – Ord. # 4324
Obligation	Developer shall do all of the following: (a) Developer shall record a declaration of Covenants, Conditions, and Restrictions ("Declaration") against all residential lots on the final subdivision map, advising all prospective owners of residential lots in any subdivision served by a Pocket Park that such Pocket Parks may or may not remain in existence, subject to the availability of funding for their maintenance, and that any Pocket Park whose maintenance is not adequately funded shall be subject to any use deemed appropriate by the City, including residential development consistent with underlying zoning in place at the time of the Pocket Park's creation. (b) Pursuant to Section 3.20 of this Agreement, Developer consents to and agrees to cooperate in establishing a community facilities district for maintenance ("Maintenance CFD") to cover the costs of maintaining certain facilities. Developer shall provide that the purpose and operation of the Maintenance CFD shall include maintenance of the Pocket Parks during public ownership of the Pocket Parks. The division into zones of benefit of the property subject to the Maintenance CFD under Section 3.20.1.2 shall include creation of zone of benefit relating to the Pocket Parks. (c) For subsequent subdivision maps, Developer shall record a Declaration of Annexation which makes the lots in each subsequent subdivision map subject to the Declaration.
Department	Parks Department
Status	Obligation Complete
Section	3.12.10
Title	Community Garden Amendment #5 – Ord. #5337 Amendment #6 – Ord.# 5385 – section deleted
Obligation	Developer intends to create a Community Garden in Open Space Preserve Parcel F-83, north of Parcel F-23. The Community Garden site is 2.0 acres and will include an adjacent 35 (thirty-five) space parking area accessible from a roadway east of Parcel F- 23. The parking lot shall serve a dual purpose of providing parking for the Community Garden and as a trail access point for the Pleasant Grove Creek biking and walking trails. The parking lot shall be included as part of the bike trail network and as such its construction shall be included and reimbursable from the city wide Park Fund established for the Project. Developer shall construct the community garden parking lot when roadways adjacent to Parcel F-23 are constructed. The cost of community garden parking lot construction shall be reimbursable from the City Wide Park Fund, to the maximum amount estimated in the Parks Financing Plan. The Community Garden site shall be dedicated to the City within the Open Space Preserve site. City shall be obligated to administer the use of and maintenance for the Community Garden. The obligations called for under this Section 3.12.10 shall be contingent upon Developer's success in having the Community Garden listed as an identified and approved open space use on the 404 Permit and related O&M Plan. If, despite

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	good faith efforts, Developer fails to obtain approval of the Community Garden use in the 404 Permit and O&M Plan, the property described as Community Garden site shall remain as Open Space Preserve. REVISED SECTION 3.12.10. Developer shall construct the community garden parking lot described in Section 3.12.10 of the Development Agreement (including post & cable fencing along the road and utility stubs as requested by City) within 6 months following receipt of written notice from City requesting construction and confirming that there are adequate funds in the City Wide Park Fund to reimburse Developer for the cost thereof, weather permitting. City shall review and approve an itemized list of costs of the improvements prior to start of any work. Changes or increases to the approved costs shall be reviewed and approved by the City prior to proceeding with the work relating to the change or increase in approved cost. City shall accept the improvements upon completion of construction (including the correction of any punch list items identified during the City's final inspection), and shall reimburse Developer for the cost thereof within 30 days after submission of a written request for reimbursement which shall include all contracts, invoices and supporting documentation of costs.

Status	Section deleted
Section	3.12.11
Title	Open Space Preserve Areas
Obligation	Developer shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following eight parcels: 1. 2. A 55.9 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat, open space, community garden, bike trail and parking lot, as shown as Parcel F-83; 3. 5. A 12.2 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail shown as Parcel F-86; 6. A 10.3 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail shown as Parcel F-87; 7. A 16.6 acre, more or less, portion of the Property for the purposes of drainage, flood control, and preservation of flood plain, wetland habitat and open space, including a bike trail shown as Parcel F-88; and 8. A 0.8 acre, more or less, portion of the Property for the purpose of preservation of wetland habitat and open space, including a bike trail shown as Parcel F-89.

Status	Obligation Complete
Section	3.13
Title	School Fee Agreements
Obligation	Developer has entered or will enter into separate written agreements with the Roseville City School District and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit, to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Developer is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Developer agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Engineering and Building Division
Status	Obligation Complete - Agreements entered
Section	3.14
Title	Fire Station Site
Obligation	Developer shall dedicate to City a 3.1-acre site (F-73) for use as a fire station at the location in the Specific Plan. The timing for such dedication shall be prior to issuance of the first residential building permit within the Project. Prior to acceptance of the fire station site by City, Developer shall rough grade to accommodate fire station construction, and construct public services to the site.

Status	Obligation Complete
Section	3.15.8
Title	Orthophotography of Site
Obligation	Developer agrees to participate with Placer Investors and pay its fair share of cost of orthophotography of the WRSP site for which City estimates the total cost for the WRSP site to be approximately \$26,760. Payment shall be due within ten (10) days after the first large lot map approval for the WRSP.
Department	Engineering Division and IT Department
Status	Obligation Complete - Fee paid.
Section	3.19
Title	Completion Of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that some of the CFD Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other /and use approvals) shall be completed prior to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's subdivision ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Developer will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Developer shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Environmental Utilities and Public Works Department
Status	Obligation Complete

Obligation	The Economic and Community Services Director shall maintain a list of low and very low-income affordable rental units for each Parcel which is subject to an Affordable Housing Development Agreement (or applicable City-approved form) and, on or about May 1 of each calendar year, shall send a copy of such Affordable Housing Development Agreement(s) to the City Finance Director. In reliance thereon, the Finance Director shall, to the extent allowed by law, set the applicable special tax for each such Parcel by using 50% of the number of low and very low-income income affordable rental units within each such Parcel to determine the number of units assessed for special tax purposes for each such Parcel.
Department	Housing Division
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Except as otherwise provided in Section 2.5 of this Agreement, any and all required payments of development, connection or mitigation fees by Developer shall be made at the time and in the amount then required by City ordinances, applicable to the Project. Wherever this Agreement obligates Developer to design, construct or install any improvements, the cost thereof may be provided by Developer, or by traditional assessment district, CFD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	Development Departments
Status	Ongoing Obligation
Section	3.4
Title	Public Utilities within Rights of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Developer to City for the arterials, collectors and other local streets within the Property or within public easements granted by Developer to City for such purposes. Accordingly, upon approval of the final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Developer agrees to grant and convey to City the rights-of-way for any arterials, collectors, local streets, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable street(s), Developer shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way for the applicable roadways, including the area for utilities and power line corridors, shall be as shown in the Specific Plan. Developer shall also grant and convey to City, with each of the foregoing roadway easements, a non-exclusive, co-extensive easement for sidewalk/pedestrian egress purposes. Each such easement shall be as depicted in the Specific Plan and shall be located within the right-of-way for the adjacent roadway as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.

Status	Ongoing Obligation
Section	3.5.5
Title	Road Improvement Standards Amendment #1 – Ord. #4324
Obligation	Amendment #1: All improvements to be installed by Developer shall be designed and constructed pursuant to the Improvement Standards and development standards in effect for the City at the time the improvement plans are initially submitted to the City for review and approval by the City and the submittal is deemed complete by the City. All improvements to be installed by Developer shall comply with the City's development standards for public streets in effect as of the effective date of this Agreement. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/or adjacent to the Property, Developer shall establish the applicable landscape setbacks provided therefor by the Specific Plan and/or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, sound walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels. Such areas shall not be included within rights-of-way adjacent to non-residential areas as set forth in the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	Developer shall ensure that all residential property improved with separated sidewalks shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of parkway strip landscaping and street trees located between the separated sidewalk and curb. Separated sidewalks shall be designed to a standard of five feet (5') of landscaping measured from back of curb followed by four feet (4') of sidewalk.
Department	Engineering Division and City Attorney
Status	Attorney: Evaluation of inclusion of condition done at time of submittal of CC&R's. Ongoing obligation.
Section	3.5.6.2
Title	Transition from Landscape Corridor to Open Space Parcels
Obligation	Developer shall be responsible for the construction of a natural, drought- tolerant landscape transition between street landscaping and open space areas on Parcels F-84, F-85, F-86, F-87 and F-88 along Blue Oaks Boulevard and Hayden Parkway.

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	The landscape transition shall be designed and installed consistent with illustrations contained in the Design Guidelines. Such transition landscaping shall be installed at the time adjacent roadways are constructed.
Department	Parks Department and Planning Division
Status	Ongoing obligation
Section	3.5.8
Title	Update of City Fee Amendment #4 – Ord. #5211
Obligation	Developer acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Developer and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Developer agrees to pay the fee rate then currently charged to the North Industrial Plan Area. To the extent that the Traffic Mitigation Fee adopted for the WRSP is higher than that charged in the North Industrial Plan Area, Developer shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUEs within the WRSP. To the extent that the Traffic Mitigation Fee adopted for the WRSP is lower than that charged in the North Industrial Plan Area, Developer shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the overpayment is exhausted. The portion of Blue Oaks Boulevard identified as Segment 2 on Exhibit "C" attached to this Fourth Amendment shall be constructed as part of the City's Capital Improvement Program. Funding for Segment 2 shall come from Traffic Mitigation Fees. To provide assurance that adequate funds from Traffic Mitigation Fees are available to fund construction of Segment 2, fifty percent (50%) of Traffic Mitigation Fees collected from Phases 3 and 4 of the Property shall be set aside by City for the purpose of funding the construction of Segment 2, until such time as Segment 2 is constructed and fully funded.
Department	Engineering Division and Building Division
Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Developer agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee. City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Developer hereby consents to and waives any objection to such inclusion. Developer agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Developer shall pay the fee applicable to the North Industrial Plan Area in the amounts and at the times specified by the Highway 65 JPA Fee program. If Developer pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit toward Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis. Nothing in this Section shall be construed as an agreement to an allocation of

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	assessment or benefit to a particular parcel or parcels or to constitute a waiver of the right of Developer to protest an allocation of a particular assessment burden or benefit associated with the updates of the foregoing fee programs.

Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Developer agrees that the Property shall be subject to and pay the South Placer Regional Traffic Fee ("SPRTA Fee") as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Developer hereby consents to such inclusion. Developer agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the North Industrial Plan Area shall apply to the Property and Developer shall pay such fees ("Interim SPRTA Fee ") in the amounts and at the times specified in the SPRTA Fee Program. If Developer pays the Interim SPRTA Fee, and the Interim SPRTA Fee exceeds the amended SPRTA Fee, then the excess amount collected shall be applied as a credit toward SPRTA Fee on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim SPRTA Fee is less than the amended SPRTA Fee that is ultimately adopted for the Property, the total amount of the shortfall shall be added as a surcharge to future SPRTA Fee on a per DUE basis.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.5.11
Title	Bridges Amendment #4 – Ord. #5211
Obligation	Developer shall construct a total of five bridges, three on- site and two off-site per the Phasing Plan. The Coyote Creek bridge shall be designed to accommodate Wastewater Treatment Plant service vehicles access under the bridge for travel to the Wastewater Treatment Plant outfall structure. Upon completion of construction of the bridge over Pleasant Grove Creek on Blue Oaks Boulevard west of Crocker Ranch Road. Developer shall receive a credit against City traffic mitigation fees pursuant to Section 4.2 for the cost of adding three additional travel lanes. Developer shall receive a credit against City's Traffic Mitigation Fee for its costs to construct those bridges included within the City's Capital Improvement Program (CIP) as identified in the Infrastructure Phasing & Reimbursement Schedule Exhibit "00." Concurrent with the construction of Phase 2 of Fiddymment Ranch, in accordance with the Phasing Plan, construct the south half of the Blue Oaks Boulevard Bridge over Kaseberg Creek adjacent to Parcel F-54 to provide two travel lanes, two bike lanes, Curb/gutter/sidewalk/hand rail (south side only), barriers, streetlights, joint trench and in-street utilities. Developer shall receive transportation fee credits from the City of Roseville in an amount equal to the cost of the bridge improvements constructed by Developer.

Section	3.5.13
Title	Access to Residences within MOU Area
Obligation	With Placer Investors, Developer shall maintain accesses to existing residences within the MOU area. All such accesses shall be maintained continuously during construction.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.14
Title	Light Rail Funding
Obligation	Developer consents to and agrees that any then-undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a city-wide funding mechanism for the extension and operation costs of light rail into the City of Roseville at such time as a light rail project and associated funding mechanism are approved.
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.5.15
Title	Watt Avenue Extension and Improvement Fee
Obligation	Developer consents to and agrees that any then-underdeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a city-wide funding mechanism for the extension and improvement of Watt Avenue at such time as a Watt Avenue extension or improvement and associated funding mechanism may be approved.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.17
Title	City-County Fee
Obligation	Developer acknowledges that City and Placer County are considering adoption of a funding mechanism for improving certain roads in the vicinity of the WRSP, including Baseline Road, Walerga Road and Fiddymment Road. Developer consents and agrees that the Property shall participate, to the extent of its fair share, in a city-wide funding mechanism for such road improvement.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.17.1
Title	Placer County Traffic Mitigation Fee Amendment #5 – Ord. #5337 Amendment #7 – Ord. #5863
Obligation	As more particularly described below, Developer agrees to pay to City at the time building permits are issued within the planning areas described below, a fee of \$125 per DUE (the "Placer County Traffic Mitigation Fee") to provide fair share funding to Placer County as full mitigation of impacts on the Placer County roadway circulation system for roadways in the adopted County Capital Improvement Program at the date of approval of this Agreement that are north of Interstate 80, west of Highway 65, and outside of County approved specific plan areas (excluding Watt Avenue (Santucci Boulevard) and the extension of Vista Grande Boulevard as provided in Section 3.5.15 above) for the additional 1,189 LDR and

West Roseville Specific Plan - Fiddymment Land Venture, LLC Development Agreement Implementation Matrix

	MDR units and the 472 HDR units. Once established, the Placer County Road Impact Fee shall be adjusted annually after the completion of annexation proceedings for the Specific Plan by the percentage of change in the CCI. The Placer County Traffic Mitigation Fee will be collected within the following planning areas of the Seventh Amendment Property consistent with Large Lot Tentative Map PL16-0364, and as shown on attached Exhibit "B": F-6A1, F-6A2, F-6B1 F- 6C1, F-6C2, F-8A, F-8B, F-10A1, F-10A2, F-10B1, F-10B2, F-10C1, F-10C2, F-11B, F-13A-1, F-13A-2, and F-13B-3 (14 units). Planning area F-13B-3 is currently approved for 45 units. Concurrently with the City's approval of a small lot final subdivision map for planning area F-13B-3, lot numbers 1 through 14 within F-13B-3 will be subject to the Placer County Traffic Mitigation Fee.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.19
Title	Fee Credits/Reimbursement for Construction of CIP Improvements
Obligation	Developer shall be entitled to credits against or reimbursement from City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program ("Roadway CIP") and identified in this Agreement.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.20
Title	Sun City Traffic Improvements
Obligation	In the event that City's Public Works Director determines that the traffic volume on Del Webb Boulevard has become worse than level of service (LOS) B, then City will meet with the Sun City Homeowners Association to discuss potential operational improvements for use in the event that the traffic volume degrades to worse than LOS C. Payment of the sum required under Section 3.25 shall satisfy any and all obligations of Developer under this Section.
Department	Engineering Division
Status	Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Developer shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant ("Treatment Plant"). Timing and sizing for the construction of such facilities shall be consistent with the Infrastructure Phasing and Reimbursement Schedule. Where wastewater conveyance facilities are to be located within roadways, such facilities shall be installed concurrent with the construction of the corresponding road improvements, if not earlier. All weather maintenance access roads shall be provided to sewer improvements that are not located within roadways. All weather access ramps and approaches shall be provided as necessary for the facilities.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.6.2
Title	Improvement Standards

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Developer shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities
Status	Improvement plans are being conditioned – Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Developer shall maintain access for City sewer maintenance vehicles to all existing manholes in the Specific Plan. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities
Status	Improvement plans are being conditioned – Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Developer are not located within road rights-of-way, as and when Developer installs such wastewater improvements, Developer shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities
Status	Improvement plans are being conditioned – Ongoing obligation
Section	3.6.6
Title	Oversizing of Wastewater Facilities - Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Developer shall be entitled to reimbursement from third parties whose property is benefited by Developer's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. Specific wastewater facilities subject to reimbursement pursuant to this Section 3.6.6 and Section 4.2 of this Agreement. The timing for the payment of any such reimbursement shall be paid upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first small lot subdivision map serving the development by such third party.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.7.2
Title	Financing of Water Supply
Obligation	Developer shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to the existing City ordinances and this Agreement.

Department	Environmental Utilities
Status	Ongoing obligation
Section	3.7.3
Title	Contribution to Water Meter Retrofit Program
Obligation	In furtherance of its water conservation program, City has implemented a Water Meter Retrofit Program. To participate in the Water Meter Retrofit Program and to provide a benefit to the City and existing City residents, Developer shall pay to City, at the time of building permit, the sum of \$115.00 per dwelling unit equivalent (DUE) , inflated annually based upon the Engineering News Record, Construction Cost Index for the United States, average of the 20 cities and San Francisco (CCI). Should such index no longer exist the Director of Environmental Utilities shall select a similar index which in his opinion fairly estimates the inflation factor applicable to construction.
Department	Environmental Utilities and Building Division
Status	Ongoing obligation
Section	3.7.5
Title	Groundwater Wells Amendment #8 – Ord. #6208
Obligation	Developer shall dedicate to City Parcel F-66 in Phase 1 and Parcel F-67 in Phase 2 and shall construct two (2) groundwater wells at the approximate locations and prepare the wells according to industry standards subject to approval by the Environmental Utilities Director. Exact locations of wells and well sites and qualifications of the design firm, well drilling contractor and construction inspection services provider shall be reviewed and approved by the Environmental Utilities Director prior to construction. The wells shall be designed to include Aquifer Storage and Recovery capabilities and, to the extent feasible, shall achieve a yield of approximately 1,800 gallons per minute. Developer shall drill the wells upon the earlier of the need for each well to provide water services to the Project, or prior to residential construction and concurrent with construction of adjacent roadways. City shall be responsible for construction of the above ground portions of the groundwater well facilities (site improvements and pumping facilities). Amendment #8 ATC Realty One, LLC Developer shall dedicate to City Parcel F-67 in Phase 1 and shall construct one.(1) groundwater well at the approximate location shown on Revised Exhibit "W" &nd prepare the well according to industry standards subject to approval by the Environmental Utilities Director. The exact location of the well and well site and qualifications of the design firm, well drilling contractor and construction inspection services provider shall be reviewed and approved by the Environmental Utilities Director prior to construction. The well shall be designed to include Aquifer Storage and Recovery capabilities and, to the extent feasible, shall achieve a yield of approximately 1,800 gallons per minute (GPM). Developer shall drill the well upon the earlier of the need for the well to provide water services to the Project, or prior to residential construction and concurrent with construction of adjacent roadways. City shall be responsible for construction of the above ground portion of the groundwater well facility (site improvements and pumping facilities). It has been determined that the Phase 2 well site (F-66) DOES NOT have access to groundwater of such quality that only disinfection will be required to meet the California Drinking Water Quality Standards. In lieu of providing a production well at

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	the Phase 2 well site (F-66) Developer shall fund the drilling of a well, to be located off-site of the Eighth Amendment Property, on property selected and acquired by the City. The cost of drilling the off-site production well shall be an amount mutually agreed to by City and Developer at the time that the City is ready to drill the offsite well, and the Developer shall pay the well drilling cost to the City upon City's written notification to the Developer of City's readiness to begin drilling of the off-site well. Notwithstanding the foregoing, if the City adopts a revised water connection fee which encompasses the costs of constructing the groundwater well (including, but not limited to, permitting, design, construction, design support during the construction phase, construction management, inspection, administrative and legal), the Developer shall be relieved of the obligation to pay the well drilling cost to the City for the off-site well, described in the preceding paragraph of this Section 3.7.5. Monitoring wells have been constructed on the F-66 well site, and it has been determined that the site was not suitable for a production well. As a result the F-66 well site is to be reduced to a parcel that contains the existing monitoring wells, and the remainder of the original F-66 well site is to be converted to a single family residential lot. The process for converting the F-66 well site to a residential lot shall be as follows: - The portion of the F-66 (Lot 21) well site containing the Monitoring Well shall be deeded to the City. - The Irrevocable Offer of Dedication for the remainder of the F-66 (Lot 21) well site shall be quit claimed by the City. - The Adjacent Lot D (the F-66 well site driveway parcel) shall be quit claimed by the City and by the original grantor of the parcel to the Developer. - Th City shall issue a Certificate of Compliance verifying that the two parcels consist of one buildable single family detached lot. - The Developer shall construct the following improvements to the resultant monitoring well site prior to issuance of a building permit for the single family residence: - Widen the sidewalk along Fiddymment Road adjacent to the monitoring well site at F-66 to provide parking for maintenance access. Modification of the exiting curb and gutter may be required to accommodate maintenance vehicle access to the area. - Construct a 6' high masonry wall along the north boundary of the monitoring well site. - Construct a 6' high open iron fence along the southeast boundary of the monitoring well site, including a 10' wide gate. - Construct a 3' wide walkway between the widened section of the Fiddymment Road sidewalk and the monitoring well site.
Department	Environmental Utilities
Status	Ongoing obligation - water quality at F-66 is unsuitable for our purposes so no well will be built in that location. However, DAA#8, states that in lieu of providing a production well at F-66, the developer shall fund the drilling of a well at an off-site location. Off-site well location is still to be determined.
Section	3.7.6
Title	Water Conservation Measures Amendment #5 – Ord. #5337 Amendment #6 – Ord. #5385

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	Developer and its successors shall implement a water conservation program. The program shall include compliance with the City's Water Efficient Landscape Ordinance. Such water conservation measures shall be disclosed to each purchaser of real property within the Property. Developer shall implement the water conservation plan attached to this Fifth Amendment as Exhibit SS in its development of the Property (the "Water Conservation Plan"). The Water Conservation Plan shall include compliance "the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the Property and measures to ensure a water conservation objective of a reduction in water use by 20.4% over current land use characteristics in the Property are achieved in perpetuity, and shall be approved at the discretion of the Environmental Utilities Director prior to issuance of the first building permit in the Property. Such water conservation measures shall include, but are not limited to, smart timers, re-circulating hot water systems, and turf limitations. The measures implemented shall be disclosed to each purchaser of real property within the Property. Modifications to the Water Conservation Plan that are approved by the Environmental Utilities Director shall not require an amendment to the Development Agreement. Developer shall implement the water conservation plan attached to this Sixth Amendment as Exhibit RR in its development of the Sixth Amendment Property (the "Water Conservation Plan"). The Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance and outline all water conservation measures being implemented within the Sixth Amendment Property and measures to ensure a water conservation objective of a reduction in water use by 20.4% over current land use characteristics in the Sixth Amendment Property are achieved in perpetuity, and shall be approved at the discretion of the Environmental Utilities Director prior to issuance of the first building permit in the Sixth Amendment Property. Such water conservation measures shall include, but are not limited to, smart timers, re-circulating hot water systems, and turf limitations. The measures implemented shall be disclosed to each purchaser of real property within the Sixth Amendment Property. Modifications to the Water Conservation Plan that are approved by the Environmental Utilities Director shall not require an amendment to the Development Agreement.

Title	Recycled Water use Disclosure to Buyers
Obligation	Developer shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos and other landscape areas including all multi- family and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for the Property.
Department	Environmental Utilities and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Developer shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the U.S. Army Corps of Engineers and the California Department of Fish and Game. Developer shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Developer shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division and Environmental Utilities
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Developer shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and with the City's then current improvement standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Developer may use "cast in place" pipe for storm drains which are 24" in diameter or larger. Storm drainage system designs shall include applicable Best Management Practices with the goal of reducing pollutants from entering receiving waters in accordance with the City's Stormwater Management Program and avoid other isolated wetlands in accordance with the 404 Permit and O&M plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where drainage facilities to be owned and maintained by City are to be constructed by Developer and are not located within road rights-of-way, as and when Developer installs such drainage improvements, Developer shall grant and City shall accept a

**West Roseville Specific Plan - Fiddymment Land Venture, LLC

	non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11.2
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Developer agrees to construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be opened to the public unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Developer agrees that the street lights within the Property shall be installed consistent with the City-approved roadway lighting standards to include decorative street lights approved by the City and as shown in the WRSP Design Guidelines.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.3
Title	Electric Efficiency
Obligation	In order to balance conservation efforts with energy supplies, residential air conditioning units shall have a Seasonal Energy Efficiency Ratio (SEER) of 2 points above minimum as defined by the State of California in Title 24 of the Code of California Regulations and an Energy Efficiency Ratio (EER) of 12 or greater. Commercial air conditioning units 5 tons or less (<65,000 Btu/h) shall meet the Consortium for Energy Efficiency (CEE) Tier II specifications. The SEER/EER ratings will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. All two-story homes shall have a zoned HVAC system with two units and two thermostats or one unit and two thermostats that will control the upstairs and downstairs independently. These requirements may be utilized in the overall energy compliance calculations required for the issuance of a building permit.
Department	Electric Department and Building Division
Status	Ongoing obligation
Section	3.11.5
Title	60kV Disclosure
Obligation	Developer shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 60kV easement area that the City may utilize the public utility easements along the west side of Fiddymment Road and north side of Blue Oaks Boulevard to construct 60kV overhead electric lines.
Department	Electric Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.12.3
Title	Financing for Parks

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Developer of the city-wide and neighborhood park fees established for the Specific Plan and in the West Roseville Specific Plan Parks, Bike Trails and Paseos Financing Plan. In the event that areas to the south, west or north of the WRSP are approved for development, City shall take all reasonable measures within its authority to subject such areas to fees or assessments reflecting the extent to which such development is served by WRSP park facilities.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.4
Title	Neighborhood Park Fee
Obligation	Upon the issuance of each residential building permit within the Project, Developer shall pay a neighborhood park fee to fund neighborhood park construction. Such neighborhood park fee shall be \$2,156 per single-family residential unit and \$1,528 per multi-family residential unit, subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). The Neighborhood Park Fee, as calculated herein, is figured on 95% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the WRSP. The 5% reduction in units shall protect the City in the event that Developer under builds the number of units assigned to large lot parcels as a result of Density Transfers consistent with Section 2.3 of this Agreement. City may conduct an annual re-assessment of park fees and adjust fee upward if underutilization of entitled dwelling units exceeds the initial 5%. At the end of each development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing plan for the WRSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion for the last neighborhood park for the WRSP, refund to Developer any remainder fees.

Title	Air Quality Program Amendment #5 – Ord. #5337
Obligation	Developer shall pay the Placer County Air Pollution Control District ("PCAPCD") Air Quality Mitigation Fee to be used for projects, programs and services that will reduce emission sources to the direct benefit of City residents. Such projects, programs and services may include, but shall not be limited to, replacement of non-EPA certified wood stoves, transit vehicle conversions, and retrofitting vehicles and clean or burning alternative fuels. The PCAPCD Air Quality Mitigation Fee shall be paid upon issuance of each residential building permit issued within the Fifth Amendment Property, in the amount of \$260.58 per DUE. The City shall remit all payments to PCAPCD on or before January 30 of each calendar year.
Department	Building Division
Status	Ongoing obligation
Section	3.15.12
Title	Traffic Signal Coordination Fee
Obligation	As partial consideration for this Agreement and to offset certain anticipated traffic impacts, Developer shall pay a Traffic Signal Coordination Fee to coordinate traffic signals for improved traffic operations in the City. The fee shall be paid upon issuance of each building permit, in the amount of one hundred dollars (\$100) per dwelling unit equivalent. For purposes of this section, the total dwelling unit equivalents shall be 10,323, consistent with the calculation for traffic impact fees (and not the same as for public facilities impacts).
Department	Public Works Department and Building Division
Status	Ongoing obligation
Section	3.15.13
Title	Transit Shuttle Service Fee Amendment #1 – Ord. #4324
Obligation	Developer shall pay the Transit Shuttle Service Fee to provide a shuttle service from the Specific Plan to the Watt Avenue/Interstate 80 light rail station. The fee shall be paid upon issuance of each building permit, in the amount of \$52.50 per dwelling unit equivalent, inflated annually based upon the Engineering News Record, Construction Cost Index for the United States, average of the 20 cities and San Francisco (CCI)."
Department	Alternative Transportation
Status	Ongoing obligation
Section	3.15.14
Title	South Placer Animal Control Shelter Fee Amendment #1 – Ord. #4324
Obligation	Developer shall pay the South Placer Animal Control Shelter Fee for the future construction of a South Placer Animal Control Shelter. The fee shall be paid upon issuance of each residential building permit in the amount of fifty dollars (\$50) per dwelling unit.
Department	Building Division

Status	Ongoing obligation
Section	3.15.15
Title	Downtown Benefit Fee Amendment #5 – Ord. #5337 Amendment #7 – Ord. #5863
Obligation	Developer acknowledges and agrees to pay to City at the time building permits are issued within the planning areas described below, the Downtown Benefit Fee, for the additional 1,189 LDR and MDR units and the 472 HDR units being added to the Fifth Amendment Property in connection with this Fifth Amendment. The Downtown Benefit Fee is \$5,000 per unit. The Downtown Benefit Fee will be collected within the following planning areas of the Seventh Amendment Property consistent with Large Lot Tentative Map PL16-0364, and as shown on attached Exhibit "B": F-6A1, F-6A2, F-6B, F-6C1, F-6C2, F-8A, F-8B, F-10A1, F-10A2, F-10B1, F-10B2, F-10C1, F-10C2, F-11B, F-13A-1, F-13A-2, and F-13B-3 (14 units). Planning area F-13B-3 is currently approved for 45 units. Concurrently with the City's approval of a small lot final subdivision map for planning area F-13B-3, lot numbers 1 through 14 within F-13B-3 will be subject to the Downtown Benefit Fee.
Department	Building Division
Status	Ongoing obligation
Section	3.16
Title	EIR Mitigation Measures Amendment #5 – Ord. #5337
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Developer elects to develop the Property, Developer shall be bound by, and shall perform, all mitigation measures contained in the Plan EIR (as amended by the Subsequent EIR conducted connection with the Fifth Amendment to this Agreement) to such development which are adopted by City and are identified in the mitigation monitoring plan or the Plan EIR (as amended by the subsequent EIR) as being a responsibility of Developer.
Department	Planning Division
Status	Ongoing obligation
Section	3.18
Title	Community Facilities District – Project Infrastructure
Obligation	3.18.1 Formation. Developer and City have agreed to form an overlay community facilities district with respect to the Property. Therefore, the following is hereby added to the end of Section 3.18.1 of the Development Agreement: Developer and City shall form an overlay community facilities district for the purpose of financing the construction and/or acquisition of public infrastructure and facilities within the Property (the "Overlay CFD"). Overlay CFD funds may be used to retire Project CFD debt on the Property and to construct and/or acquire the improvements and facilities listed in Exhibit F. Formation of the Overlay CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. The total special taxes under this Section 3.18 for individual units, according to land use type, within the Overlay CFD shall be less than or equal to, but not more than, the total special taxes for equivalent

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	individual unit types under this Section 3.18 prior to the increase in housing density allowed by this Fifth Amendment and related General and/or Specific Plan amendments and the formation of the Overlay CFD. Those portions of the Property within the boundaries of and subject to the overlay CFD are shown in Exhibit RR. Developer shall be allocated a share of the infrastructure costs and shall be assessed special taxes in a fair and proportionate manner as specified in a tax formula agreed to by City and Developer. 3.18.1.1 Nothing in this section shall be construed to require Developer to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds. 3.18.1.2 Concurrent with any formation of a CFDO, Developer and City shall enter into a shortfall agreement, in form and substance acceptable to City, whereby Developer shall covenant to finance its fair share of the costs of the CFD Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements. 3.18.1.3 Nothing herein shall be construed to limit Developer's option to install the public improvements through the use of traditional assessment districts or private financing.
Department	Finance Department
Status	CFD formed - Ongoing levy obligation
Section	3.18.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Developer for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds.
Department	Finance Department
Status	Ongoing obligation
Section	3.20
Title	Community Facilities District – Maintenance
Obligation	3.20.1. 1 Consent, Waiver and Special Benefit. No residential building permit, excluding permits for model homes, shall be issued until a Maintenance CFD has been formed to include the Property ("Maintenance CFD"). Developer consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consents hereby to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. For purposes of Article 13D of the California Constitution, Developer acknowledges hereby that all the services described herein to be provided by the Maintenance CFD will provide a "special benefit" to the Property as defined by said Article and that the foregoing support and consent shall apply as to any claim that any portion of the services supported by the special tax does not provide special benefit to the Property. The Maintenance CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing mechanism. 3.20.1.2 Zones of Benefit. The Maintenance CFD may be divided as necessary into zones of benefit and among which the amount of assessment may vary.

**West Roseville Specific Plan - Fiddymment Land Venture, LLC

Department	Finance Department
Status	Maintenance District formed – Ongoing CFD levy obligation
Section	3.20.3
Title	Public Parcel Exclusion
Obligation	Developer expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Maintenance CFD, and acknowledges that such parcels do not and will not receive a special benefit from the Maintenance CFD.
Department	Finance Department
Status	Ongoing City obligation
Section	3.21.3
Title	Public Parcel Exclusion
Obligation	Developer expressly agrees that Parcels conveyed or to be conveyed to the City, Roseville City School District or Roseville Joint Union High School District shall be excluded from any assessment imposed by the Services CFD, and acknowledges that such parcels do not and will not receive a special benefit from the Services CFD.
Department	Finance Department
Status	Ongoing obligation
Section	3.22
Title	Community Facilities District – Stormwater Management
Obligation	3.22.1 Formation. 3.22.1.1 Consent. Waiver and Special Benefit. No residential building permit, excluding permits for model homes, shall be issued until a Stormwater Management CFD has been formed to include the Property ("Stormwater Management CFD"). Developer consents to and shall cooperate in such formation or other such financing mechanism for Stormwater Management purposes and consents hereby to the levy of such special taxes as are necessary to fund the obligations described in Section 3.22.2. For purposes of Article 13D of the California Constitution, Developer acknowledges hereby that all the services described herein to be provided by the Stormwater Management CFD will provide a "special benefit" to the Property as defined by said Article and that the foregoing support and consent shall apply as to any claim that any portion of the services supported by the special tax does not provide special benefit to the Property. The initial amount of the annual assessment shall be \$18 per dwelling unit. 3.22.1.2 Zones of Benefit. The Stormwater Management CFD may be divided as necessary into zones of benefit and among which the amount of assessment may vary. 3.22.2 Obligations. The Stormwater Management CFD shall provide the funds required for conducting, managing and financing the WRSP's portion of the City's Stormwater Management Program as required by the EIR for mitigation.
Department	Finance Department
Status	Budgeted in the Maintenance (Services) CFD -Ongoing obligation

Title	Encroachment Permits, Landscape Maintenance Easements
Obligation	Developer and City agree to grant encroachment permit(s) or maintenance easements to the Maintenance CFD, Developer or City or their agents, employees, successors, assigns, agents and employees, for the purpose of entry into the landscape easement and setback areas or City property (including streets and rights-of-way) to perform the maintenance obligations described herein.
Department	Finance Department
Status	Ongoing obligation
Section	3.24
Title	Disclosure to Subsequent Purchasers Amendment #1 – Ord. #4324
Obligation	This Agreement shall constitute notice to all successors to Developer hereunder, and to all subsequent purchasers of any lots and/or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road and Blue Oaks Boulevard as truck routes. 2. Designation of Phillip Road, Hayden Parkway, Bob Doyle Drive and Market Street (on Placer Investors Property) as a temporary truck route until Phillip Road and Blue Oaks Boulevard are connected. 3. The existence of a Development Agreement on the Property. 4. The Project will be served by surface water supplies and, in emergency and drought conditions, by groundwater supplies. 5. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 6. Requirement to implement water conservation measures. 7. Public utility easements may be used to construct 60kV overhead electric lines along the west side of Fiddymment Road and on the north side of Blue Oaks Boulevard. 8. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 9. Requirement for fifty percent (50%) reduction in construction waste stream. 10. Location of the Pleasant Grove WWTP and associated facilities. 11. Location of the proposed Roseville Energy Park. 12. Location of Regional Soccer Complex. 13. Location of schools and parks within one mile. 14. Location of proposed off-leash dog park on Parcel F-54. 15. Parcels adjacent to Open Space may have a public bike trail adjacent to

**West Roseville Specific Plan - Fiddymment Land Venture, LLC
Development Agreement Implementation Matrix**

	residential lots. 16. Potential for proposed Placer Parkway within WRSP boundaries. 17. Proposed location of a retention basin on the Reason Farms property. 18. Location of well sites and water storage facilities. 19. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 20. Location of Pleasant Grove WWTP outfall. 21. Location of recycled water tank site and pumping station facilities. 22. Location of solid waste recycling center. 23. Masonry walls or enhanced wood fencing including walls adjacent to landscape corridors, parks, open space and other public facilities, are installed in the right of way, on public property. The face of the wall/fence on the private property side shall be maintained by the private property owner. The wall and the face of the wall on the public property shall be maintained by the City with CFD maintenance funds. 24. Livestock grazing may occur within the open space preserve areas. 25. Every residential unit is equipped with a recirculating hot water system, or similar technology to provide instantaneous hot water at each hot water faucet. If Developer records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&R's. Ongoing obligation.
Section	3.26
Title	Fee Adjustments Resulting from Under-Building Amendment #1 – Ord. #4324
Obligation	City's collection of certain fees in this Agreement is dependent on the number of building permits issued within the Plan Area. Such fees include the Bike Trail Fee (Section 3.12.7), Public Benefit Fee (Section 3.15.3), General Fund Contribution (Section 3.15.4), Air Quality Fee (Section 3.15.11), Traffic Signal Coordination Fee (Section 3.15.12), Transit Shuttle Service Fee (Section 3.15.13) and South Placer Animal Control Shelter Fee (Section 3.15.14), hereinafter "Building Permit Fees." To protect the City in the event that Developer under-builds the number of units assigned to large lot parcels as a result of Density Transfers (consistent with Section 2.3 of this Agreement), City and Developer shall, prior to Developer recording the first final map in Phase 3 and the last final map in Phase 3, review the total amount of Building Permit Fees paid to date. In the event that Developer has or is projected to under-build the number of units in the WRSP, City may adjust Building Permit Fees upward to account for the underutilization of entitled dwelling units.
Department	Building and Engineering Division and Alternative Transportation
Status	Ongoing obligation

Title	Air Quality Mitigation Fee Amendment #1 – Ord. #4324
Obligation	Developer shall pay the Placer County Air Pollution Control District Air Quality Mitigation Fee. The fee shall be paid upon issuance of each residential building permit in the amount of One Hundred Thirty-Four Dollars and Ten Cents (\$134.10) per dwelling unit. The City shall remit all payments to the Placer County Air Pollution Control District on or before January 30 of each calendar year until year 2025 or the Project is built out, whichever occurs later.
Department	Building Division
Status	Ongoing obligation
Section	3.28
Title	Sierra College Boulevard (Town of Loomis) Fee Amendment #1 – Ord. #4324
Obligation	Developer shall pay the Sierra College Boulevard (Town of Loomis) Fee. The fee shall be paid upon issuance of each residential building permit in the amount of Seventy-Five Dollars (\$75.00) per dwelling unit. The City shall remit all payments to the Town of Loomis by December 31 of each calendar year until the City issues the final building permit for the Project.
Department	Building Division
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months during the term of this Agreement, review the extent of good faith substantial compliance by Developer with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 21081.6 of the Public Resources Code of the State of California. Notice of such annual review shall include the statement that any review of obligations of Developer as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Developer with the terms of the Agreement shall be conclusive with respect to the performance of Developer during the period preceding the review. Developer shall be responsible for the cost reasonably and directly incurred by the City to conduct such annual review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Developer shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Developer a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Developer shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or

Status	Obligation complete
Section	2.6.1.2
Title	Content
Obligation	The Affordable Purchase Housing Development Agreement shall, for each such residential lot subdivision, set forth, among other things, the distribution of the affordable housing units within the subdivision and Developer's obligations for marketing the affordable units. No City subsidies will be required to provide residential purchase units affordable to middle-income households. The Affordable Purchase Housing Development Agreement shall include specific requirements for marketing of affordable purchase units, inclusion or modifications of amenities, exterior materials and finishes, alternate means of satisfying the affordable housing obligation, and best efforts requirements.
Department	Housing Department
Status	Obligation complete
Section	2.6.1.6
Title	Facilities Districts
Obligation	The Economic and Community Services Director shall maintain a list of middle-income affordable units that are conveyed pursuant to an Affordable Purchase Agreement (or applicable City-approved form) and, on or about May 1 of each calendar year, shall send a copy of such Affordable Purchase Agreement(s) to the City Finance Director. In reliance thereon, , the Finance Director shall, to the extent allowed by law, set the applicable special tax for the middle-income affordable purchase units within each such Parcel at a level equal to fifty percent (50%) of the applicable special tax for the balance of the units within said Parcel.
Department	Housing Department and Finance Department
Status	Obligation Complete. – CFD #1 infrastructure (bond) district has been formed and infrastructure improvement proceeding – Series 2006 issue of second series sold 09/2006. Both bond series refunded into Series 2015. Bond sale complete.
Section	2.7.1
Title	404 Permit
Obligation	Developer has obtained verification from the U.S. Army Corps of Engineers that approximately 16.19 acres of vernal pools and 3.87 acres of wet swales/channels exist on the Property. Developer shall obtain from the U. S. Army Corps of Engineers (the "Army Corps") a permit (the "404 Permit") to fill specific wetland resources in conjunction with development of the Property. Developer shall diligently pursue and obtain issuance of the 404 Permit and any amendment, modification or supplement thereto, or an additional 404 Permit if required, in order to implement the Project, including but not limited to off-site improvements such as Phillip Road, Blue Oaks Boulevard and Pleasant Grove Boulevard. Such 404 Permit or Permits shall be approved, with conditions satisfactory to the City if such conditions impact any public uses or improvements to be conveyed pursuant to this Agreement, prior to commencement of construction of any improvements on the Property. Developer intends to mitigate the impacts of such wetland fills through a combination of on-site preservation, off-site preservation and/or on-site and off-site creation of wetland resources. It is anticipated that the 404 Permit will require preservation and/or creation of wetland resources within the Property ("Preserve Area"). At the election of the City, City and Developer shall cooperate with one another in the formation of a conservancy or fee financing mechanism provided for in Section 3.20, with the

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	authority to assume and/or administer the costs of maintaining the Preserve Area in accordance with the 404 Permit.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.3
Title	Facilities Included in 404 Permit
Obligation	Developer shall use its best efforts to ensure that the approval of its 404 Permit includes development of the bike paths, fuel modification areas, water quality structures and drainage and flood control facilities, and ancillary improvements described in the Specific Plan and this Agreement. To the extent feasible, these improvements should be located within the outer 50 feet of Open Space Preserves. In this regard, Developer shall include the location of proposed bike paths, fuel modification areas, passive recreation areas, water quality structures and drainage and flood control facilities on all maps and/or exhibits accompanying all 404 Permit applications to ensure all proposed open space improvements are disclosed and considered by the Corps during 404 Permit processing and drafting of permit conditions. If any significant modifications are proposed which conflict in any manner with the Entitlements related thereto and to the planned location and improvement of the bike paths as a result of approval of the 404 Permit, the revised relocation and/or improvement of such paths or other facilities shall be resubmitted to the City for review. The City may approve or deny any request to relocate any of the paths or other facilities within or outside of the Open Space Preserves and the review of such modifications shall be made in accordance with CEQA.
Department	Engineering Division / Environmental Coordinator
Status	Obligation complete
Section	2.7.4
Title	Operation and Management Plans
Obligation	Developer and Fiddymment shall be responsible for the cost of preparation of any required Operations & Management Plan ("O&M Plan") required for the 404 Permit. Further, Developer and Fiddymment shall be responsible for the cost of the City's preparation, pursuant to the August 18, 2000 MOU between the City and the United States Fish and Wildlife Service, an overarching management plan to maintain consistent management strategies among the City's preserves and preserve areas created by the Project.
Department	Development and Operations Department/ Environmental Coordinator
Status	Obligation complete
Section	3.5.2.1
Title	Pleasant Grove Boulevard through Village Center
Obligation	In Phase 2, Developer shall construct Pleasant Grove Boulevard through the Village Center consistent with the street sections and standards illustrated and described in the Specific Plan and consistent with the timing outlined in the Phasing Plan.
Department	Engineering Division
Status	Obligation complete
Section	3.5.3
Title	Collector Streets
Obligation	To provide access to the Property, Developer shall construct curb, gutter, pavement, streetlights, utilities, entry medians and ancillary improvements related thereto as shown in the Entitlements for those roadways identified as collector streets in Exhibit "H" located within the Property. The parties acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans therefore; in particular, based on the final design for such

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	collectors and the final lot subdivisions for the Property. Except as provided in Section 3.5.3.1 of this Agreement. Developer shall not be entitled to any reimbursement or credits toward the City's traffic mitigation fee for any costs associated with the design and/or construction of collector roadways.
Department	Engineering Division
Status	Obligation complete
Section	3.5.3.2
Title	Village Green Drive – Village Center
Obligation	Concurrent with the development of adjacent development, Developer shall construct Village Green Drive through the Village Center consistent with the street sections and standards illustrated and described in the Specific Plan and consistent with the timing outlined in the Phasing Plan.
Department	Engineering Division and Public Works Department
Status	Obligation complete
Section	3.5.6.2
Title	Installation of Roundabout Landscaping
Obligation	Developer shall construct and install landscaping within round-a-bouts located in the residential portions (Parcels W-21, W-24, W-22, W-25) of the Village Center at the time of construction on the large lot parcel(s) within which the roundabouts are located.
Department	Engineering Division
Status	Obligation complete
Section	3.5.6.3
Title	Sidewalk and Diagonal Parking in Village Center Amendment #8 – Ord. #5871 - deleted
Obligation	The sidewalk and diagonal parking located within the commercial parcels (W-32 and W-33) of the Village Center will be privately owned and maintained. Separated sidewalks shall be designed and constructed as required by the Specific Plan.
Department	Engineering Division
Status	Obligation deleted
Section	3.5.7.1
Title	Traffic Signal Interconnect Project Amendment #1 – Ord. #4364
Obligation	In connection with the West Roseville traffic signal interconnect project, Developer agrees to fund one-third of the cost of constructing the improvements set forth in the Fehr & Peers plans (#1997-E01) approved by City April 12, 2005 , and incorporated herein by reference (the "Signal Interconnect"). City agrees to fund its one-third share and to collect the remaining one-third of the cost of the Signal Interconnect from Fiddymment Land Venture, LLC and/or Signature Properties, pursuant to an amendment to that certain development agreement, between the City of Roseville and Fiddymment Land Venture, LLC, recorded in the Official Records of Placer County as Instrument No. 2004-0080708. Developer shall have no further obligations to fund or construct any other portions of the City's traffic signal interconnect project.
Department	Public Works Department
Status	Obligation complete. Interconnect Improvements Complete. Funding obligation met.
Section	3.5.11
Title	Bridge
Obligation	Developer shall construct the off-site bridge as the Phasing Plan. Upon completion of construction of the Pleasant Grove Boulevard bridge and associated off-site roadway improvements, City will provide to Developer a credit for 100% against future fees collected within the Plan.

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Department	Public Works Department
Status	Obligation complete
Section	3.5.16
Title	Transit Master Plan Funding
Obligation	Developer shall pay, as its fair share on a city-wide basis, for the update of the City's Long Range Transit Master Plan, Short Range Transit Plan Update, and Bikeway Master Plan Update, the amounts of \$6,721, \$5,761, and \$4,801, respectively, prior to the recordation of the first Large Lot Tentative Subdivision Map.
Department	Alternative Transportation and Engineering Division
Status	Obligation complete.
Section	3.5.19
Title	Pleasant Grove At-Grade Crossing in Village Center
Obligation	In Phase 2, Developer shall construct an enhanced at-grade pedestrian crossing of Pleasant Grove Boulevard within the Village Center. Construction of the at-grade crossing shall be consistent with the design of the crossing described and depicted in the Phasing Plan, Specific Plan and Design Guidelines.
Department	Engineering Division
Status	Obligation complete
Section	3.5.22
Title	Fiddymment Road Widening
Obligation	Developer and Fiddymment shall be jointly and severally responsible to widen Fiddymment Road to City standards as a four- lane road, from Pleasant Grove Boulevard to Baseline Road, with construction commencing not later than expiration of fiscal year 2009-2010, subject to completion of all environmental review requirements, and provided that City has not then received any application for development of the property adjacent to the west of existing Fiddymment Road, and provided further that such widening has not otherwise been completed or undertaken by that date. City and Developer acknowledge that the agreement to widen Fiddymment Road is the result of negotiation between the parties and is not required as a result of impacts of the development of the Property.
Department	Public Works Department
Status	Obligation complete
Section	3.6.5
Title	Access to Pleasant Grove Wastewater Treatment Plant
Obligation	Developer shall maintain continuous and uninterrupted access to the Treatment Plant during the Project, including during the construction called for in this Section 3.6.5. Access to the southeast gate of the Treatment Plant shall be available from Phillip Road. In Phase 1, Developer shall construct a tee intersection at the entrance to the Treatment Plant on Phillip Road. Access to the northwest gate of the Treatment Plant property shall be available from existing Phillip Road. Continuous and uninterrupted access shall be available from the Treatment Plant to the effluent junction structure and to the outfall structure.
Department	Environmental Utilities
Status	Obligation complete
Section	3.6.7
Title	Dedication of Treatment Plan Expansion Site
Obligation	Prior to the issuance of the first residential building permit on the Property, Developer shall dedicate to City a site of fifteen (15) acres (a portion of W-71) for City's use in expanding the Pleasant Grove Wastewater Treatment Plant as shown on Exhibit "S". In consideration for such dedication by Developer, and subject to future CEQA

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	review by City if required, City shall allow Developer at no cost the right to construct recycled water tanks, off-site Phillip Road and off-site Blue Oaks Boulevard improvements on City property, as required for the Project. If additional property in excess of the 15 acres is necessary for said improvements, Developer shall pay to City the then current fair market value for the additional property.
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.7.1
Title	Contract with San Juan Water District
Obligation	City has acquired rights to 3,200 acre feet of potable water annually from San Juan Water District for purposes of augmenting City water supplies. Developer and Fiddymment shall be jointly and severally responsible to reimburse to City the one-time up-front payment from City to San Juan Water District in the sum of \$1,340,000 within 30 days after the expiration of all appeal periods and tolling periods pursuant to Section 1.3.4 of this Agreement applicable to City's approval of the Entitlements and annexation of the Property into City by LAFCO. City and Developer agree that Developer's payment to City as required pursuant to this Section 3.7.1 Shall be reimbursed from the first phase of CFD bonds issued for the Project.
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.8.1
Title	Water Study
Obligation	Developer has prepared a Water Study for its on-site water facilities and prepared a general design of the water system that identifies the size and location of waterlines, storage facilities, and pump stations. The timing of construction of such facilities is set forth in the Infrastructure Phasing & Reimbursement Schedule.
Department	Environmental Utilities
Status	Obligation complete
Section	3.8.9
Title	Water Tank Site
Obligation	Developer shall dedicate to City a 5.1-acre site (W-74) for use primarily as a water tank site at the location in the Specific Plan. A portion of the site will be reserved for use in accordance with Section 3.14.8. The timing for such dedication shall be prior to issuance of the first residential building permit within the Project. Prior to acceptance of the water tank site by the City, Developer shall rough grade and construct public services to the site, including electric, water and sewer stub outs and fencing of the solid waste recycling facilities.
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.8.10
Title	Coordination with Construction by PCWA
Obligation	PCWA has expressed interest in coordinating with City and Developer on the future construction of water facilities by PCWA or others of water conveyance facilities (including, but not limited to, a large diameter water line) within the Fiddymment Road right-of-way. In order to facilitate such cooperation with PCWA, Developer shall, prior to the commencement of improvement plan design to Fiddymment Road, provide a construction schedule for the improvements to PCWA. Thereafter, to the extent that such coordination with PCWA can be accomplished without cost and/or delay

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	to Developer in the development of the Project, Developer and City shall cooperate with PCWA in the construction of such water conveyance facilities
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.9.1
Title	Non-Exclusive Public Utility Easement
Obligation	Where the recycled water facilities are not located within road rights-of-way, as and when such facilities are installed, Developer shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such facilities, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current improvement standards.
Department	Environmental Utilities Department
Status	Obligation complete. Easement granted for sanitary sewer pipeline 03/15/2005
Section	3.9.3
Title	Recycled Water Engineering Report
Obligation	Jointly with Fiddymment, Developer shall prepare City's Engineers Report for submittal to and review by the State Regional Water Quality Control Board and Department of Health Services documenting the use of recycled water in the WRSP. Prior to submittal to the State Water Quality Control Board, Developer shall obtain approval of the City Environmental Utilities Director. Recycled water shall not be provided for use within the Project until the City Engineer's Report has received all required State approvals.
Department	Environmental Utilities Department
Status	Obligation complete
Section	3.10.3
Title	Grant of Floodplain
Obligation	Prior to or concurrent with approval of any final map containing areas within the 100-year floodplain, Developer shall grant in fee to the City, or to a conservancy or other non-profit entity acceptable to the City, such areas within the 100-year floodplain as shown in Exhibit "AA" and the Specific Plan.
Department	Engineering Division
Status	Obligation complete
Section	3.10.5
Title	Detention Basins
Obligation	Developer shall construct and dedicate to City the detention basins within the Property, located as shown in the Specific Plan. The timing for the construction and dedication of such basins shall be as described in the Phasing Plan. The detention basins may be relocated, upon approval by the City, should other acceptable sites be identified.
Department	Engineering Division
Status	Obligation complete
Section	3.11.2
Title	60kV Facilities
Obligation	Certain off-site easements are necessary to permit construction and installation of the 60kV facilities required for the WRSP in the location recommended by the Electric Utility Director. If City obtains such easements and all necessary permits prior to construction of Phase 1 infrastructure, City will construct the 60kV overhead line facilities in the recommended location at City's expense. In the event that City does not acquire such easements and all necessary permits in a timely manner for

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	City's construction of the 60kV facilities in the recommended location, City will construct and install temporary 60kV facilities overhead, at City's expense, in an alternate route along Pleasant Grove Boulevard through the Village Center portion of the WRSP. Prior to commencement of Phase 2, the 60kV facilities shall be redesigned and relocated off-site to the recommended location at Developer's expense or, if necessary easements and permits have not been obtained, shall be temporarily relocated underground through the Village Center at Developer's expense. Ultimately, the 60kV lines will be relocated off-site, in the recommended location. Developer shall have the right to obtain reimbursement from the owners of the off-site property for its actual costs to underground the 60kV lines through the Village Center or to relocate the 60kV lines off-site.
Department	Electric Department
Status	Obligation complete
Section	3.11.6
Title	Coordination with Construction by City
Obligation	To the extent feasible so as not to delay Developer's project construction schedule, Developer shall coordinate and cooperate with City for future construction of roadways and underground infrastructure and externalities (including, but not limited to, joint trench, gas and transmission lines.) associated with the City's proposed Roseville Energy Park.
Department	Electric Department
Status	Obligation complete
Section	3.12
Title	Parks and Open Space Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217 Amendment #8 – Ord. #5871
Obligation	Developer shall dedicate to City certain active park land (49.17 acres) and open space lands (359.15 acres), pay fees for construction of park improvements, paseo improvements, and trail improvements and construct park frontage improvements as set forth in this Section and the Phasing Plan.
Department	Parks Department
Status	Obligation complete
Section	3.12.1
Title	Park and Open Space Dedications Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217 Amendment #8 – Ord. #5871
Obligation	Developer shall dedicate to City a total of 47.80 acres of parkland, 8.0 acres of open space paseo and 350.84 acres of open space. The following ten (10) park parcels, four (4) open 'space paseo parcels, and three (3) open space parcels shall be dedicated to City as described below and shown in Exhibit "DD": 1. A 6.52 net acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel W-50a; 2. A 1.92 net acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel W-50b;

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	3. A 1.21 net acre, more or less, portion of the Property for the purpose of a public park, shown as Parcel W-50c; 4. A 1.23 net acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel W-50d; 5. A 3.11 net acre, more or less, portion of the Property for the purposes of a public park, shown as Parcel W-50e; 6. A 4.74 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-51; 7. A 7.99 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-52; 8. A 8.98 acre, more or less, portion of the Property for the purpose of a public park in the Village Center , as shown as Parcel W-53; 9. A 3.71 acre, more or less, portion of the Property for the purpose of a public park (known as the Village Green) in the Village Center, as shown as Parcel W-54; 10. A 8.39 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-55; 11. A 1.1 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-85; 12. A 2.9 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-87; 13. A 1.5 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-88; 14. A 2.23 acre, more or less, portion of the Property for the purpose of a public park, as shown as Parcel W-89; 15. A 267.47 acre, more or less, portion of the Property for the purpose of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, as shown as Parcel W-81; 16. A 5.2 acre, more or less, portion of the Property for the purpose of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, as shown as Parcel W-82; and 17. A 78.2 acre, more or less, portion of the Property for the purpose of drainage, flood control, bike trails, fuel modification (i.e., fire breaks), and preservation of wetland habitat and open space, as shown as Parcel W-83. Upon request of City, Developer shall dedicate any park lands, open space paseos and open space Parcels within the Property provided that the applicable final Large Lot Subdivision Map creating a separate parcel for the subject site has been recorded.
--	--

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	In recognition of Developer's dedication of Parcel W-30 to City, after Developer's changing the land use and zoning designation of such Parcel W-30 from Light Industrial to Community Commercial, allowing City to own a 13.7± acre Community Commercial property at the intersection of Blue Oaks Boulevard and Westbrook Boulevard, the 5.1±, acre City-owned portion of APN 017-101-017 designated for park use shall be counted as part of Developer's neighborhood park acreage dedication requirement in Developer's portion of the WRSP. Parcels W-50a, W-50b, W-50c, W-50d, W-50e, W-51 and W-54 shall be rough graded by Developer at its expense prior to acceptance by City. Rough grading shall be comprised of contour grading to drain, with a tolerance of +/- 0.50 feet, per a City-approved rough grading plan.
Department	Parks Department
Status	Obligation complete
Section	3.12.2
Title	Financing for Parks
Obligation	The construction of improvements to parks within the Property shall be financed from the payment by Developer of the city-wide and neighborhood park fees established for the Specific Plan in the Parks, Bike Trails and Paseos Financing Plan ("Parks Financing Plan"). In the event that areas to the south, west or north of the WRSP are approved for development, City shall take all reasonable measures within its authority to subject such areas to fees or assessments reflecting the extent to which such development is served by WRSP park facilities.
Department	Parks Department
Status	Obligation complete
Section	3.12.4.1
Title	Citywide Park Frontage Improvements
Obligation	Frontage improvements for city-wide parks shall be included in the fee established by the City for city-wide parks. The cost of this work has been accounted for in the Parks Financing Plan.
Department	Parks Department
Status	Obligation complete
Section	3.12.4.3
Title	Timing of Village Green Park Construction Amendment #8 – Ord. #5871
	City desires to commence construction of the improvements on Village Green Park Parcel W-54 at the earliest opportunity. Construction of this park facility is dependent upon the collection of various park fees as noted in Sections 3.12.3, 3.12.4, and 3.12.4.2 above. To ensure that funds will be available for park construction, City agrees to provide Developer with a written notice of City's intent to construct the park on Parcel W-54 when seeking City Council approval of construction plans and advertisement of bids for Park Parcel W-54. Upon receipt of this notice, Developer shall respond in writing to City within fifteen (15) calendar days, indicating Developer's timing for obtaining building permits for the Medium Density Residential development on Parcels W-28 and W-29 and for the community care facility on Parcel W-32. If the anticipated building permit issuance date(s) for these parcels fall beyond the projected completion date of the Village Green Park improvements, City in its sole discretion may elect to postpone construction of the Village Green Park improvements until such funds are made available to City.
Department	Parks Department

Development Agreement Implementation Matrix**

Status	Obligation Complete
Section	3.12.5.1
Title	Paseo Facilities Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910
Obligation	Construction of paseos consists of construction of Class 1 bike trails and landscaping, consistent with design concepts contained in the Specific Plan and Design Guidelines. Developer shall construct paseos at the time small lot subdivisions are constructed as follows: a. Construction of Paseo W-85 shall be the obligation of residential Parcel W-12; b. Construction of the respective portions of Paseo W-87 adjacent to Parcels W-158 and W-15C shall be the obligation of residential Parcels W-158 & W-15C, whichever shall develop first. The respective portion of Paseo W-87 shall be constructed when the particular adjacent parcel (either Parcel W-158 or Parcel 15C, respectively) develops. c. Construction of Paseo W-88 shall be the obligation of residential Parcel W-5; and d. Construction of Paseo W-89 shall be the obligation of residential Parcel W-4. Such paseo improvements shall be part of the paseo fee. Developer, shall therefore, upon completion of construction, be entitled to a reimbursement for the cost of construction of paseo facilities but not to exceed the costs specified in the Parks Financing Plan. Developer's right to reimbursement shall be limited to the amount of paseo fees actually collected. However, paseo fees collected for the eliminated paseo W-84 as shown in the Parks Financing Plan shall instead be applied toward open space bike trail construction.
Department	Parks Department
Status	Obligation complete
Section	3.12.7
Title	Construction and Timing of Bikeway Improvements Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	Bikeways shall be constructed as shown on Exhibit "FF" and the Bicycle Master Plan consistent with the Phasing Plan. Developer shall construct bikeways within subdivisions concurrent with subdivision improvements. Bikeway improvements within road ways shall be constructed with construction of roadway improvements. Bikeways within park sites shall be constructed with development of the park site. All other bike trail connections shall be the responsibility of the City unless City requests that Developer construct said bike trail improvement or conditions the development of an adjacent project to complete said section, in which case Developer shall be entitled to reimbursement from City of the actual costs of constructing such improvements in accordance with Section 3.12.6. Developer shall construct bike trails in Phases 3 and 4 at the time small lot subdivisions are constructed, as follows: a. Phase 3A - the portion of trail connecting Westbrook Boulevard to the end of the bike trail improvements for Phase 2 shall be graded concurrent with the adjacent village. The bike trail grading therefore shall occur at the same time as development

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	occurs in Village W-15A, W-15A2, W-15C1 and W-15C2. Pursuant to the conditions for funding identified in section 3.12.6 of the Agreement, construction of the bike trail shall occur with the construction of the last subdivision to be approved between W-15A1, W-15A2, W-15C1 and W-15C2. b. Phase 3B- the portion of trail from Westbrook Boulevard to the western boundary of W-16 shall be graded concurrent with the development of the adjacent village. The bike trail grading therefore shall occur at the same time as development occurs in Village W-13B1, W-13B2, W-13C3, which shall also include the portion adjacent to W-51, and W-16. Pursuant to the conditions for funding identified in Section 3.12.6 of the Agreement, construction of the bike trail shall occur with the construction of the last subdivision to be approved between W-13B1, W-13B2 and W- 13C3. c. Phase 4A - the portion of trail from W-13C3 to W-17E, including the trail segment connecting into the street system at Parcel W-17D, shall be constructed in conjunction with the subdivision improvements for W-17E. d. Phase 4B - the portion of trail from W-17E, to the northern boundary of W-18E shall be constructed in conjunction with the subdivision improvements for W-18E. e. Phase 4C - the portion of trail from W-18E to Westbrook Boulevard shall be constructed in conjunction with the subdivision improvements for W-18B, or W-18D, whichever parcel develops last.
Department	Alternative Transportation
Status	Obligation complete
Section	3.12.9.2
Title	Open Space Frontage Improvements
Obligation	Within parcels designated Open Space (F-83 and F-89) Developer shall construct Frontage improvements including sidewalk but excluding landscaping. Within parcels designated for Open Space (W-81, W-82, W-83), Developer shall construct Frontage Improvements including sidewalk and landscaping as outlined in the Design Guidelines.
Department	Parks Department
Status	Obligation complete
Section	3.13
Title	School Fee Agreements
Obligation	Developer has entered or will enter into separate written agreements with the Roseville City School District and the Roseville Joint Union High School District (collectively "the Districts"), prior to any subdivision map approval or issuance of any building permit , to mitigate the impacts of development of the Property on said Districts. Such agreements outline the timing and delivery of school sites and the timing and obligation for school construction. With the execution thereof, City agrees that so long as Developer is not in default of said agreements, City shall process and approve any subdivision maps or other such entitlements for the Property and issue any building permits for development thereof consistent with the Entitlements. Developer agrees that a default under any of these school agreements shall also constitute a default under this Agreement.
Department	Building Division
Status	Obligation complete - Agreement entered into
Section	3.14
Title	Fire Station Site

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Developer/landowner shall dedicate a 3.1-acre site (Parcel F-73) for the use of a fire station site. Developer shall rough grade and construct public services to the site to accommodate fire station construction.
Department	Engineering Division and Economic Development Department
Status	Obligation complete - WRSP Parcel F-73 (APN: 017-100-059 & 068 portion of) was dedicated to the City on July 12, 2006 (Doc# 2006-0074401). Parcel rough graded prior to dedication.
Section	3.14.2
Title	Placer County Capitol Facilities Fee
Obligation	In consideration of the annexation of the Property to City, Developer shall pay the Placer County Capital Facilities Fee adopted by the City, in the amount then being assessed by the City; provided, however, if such impact fee is not effective or is for any reason suspended by the City, then Developer shall pay such fee in the amount previously assessed by the City. Such fee shall be paid upon the issuance of each building permit within the Property.
Department	Building Division
Status	Obligation complete
Section	3.14.8
Title	Recycling Site
Obligation	Developer shall dedicate a portion of Parcel W-74, 150 feet by 150 feet, to the City. Developer shall construct a recycling facility on the dedicated site for use by City residents. Layout and design of the recycling site shall be approved by City prior to construction. Improvements by Developer to the recycling site shall be limited to paving and fencing.
Department	Environmental Utilities and Planning Department
Status	Obligation complete
Section	3.14.9
Title	Orthophotography of Site
Obligation	Developer agrees to participate with Fiddymment and pay its fair share of cost of orthophotography of the WRSP site for which City estimates the total cost for the WRSP site to be approximately \$26,760. Payment shall be due within ten (10) days after the first large lot map approval for the WRSP.
Department	IT Department and Engineering Division
Status	Obligation complete
Section	3.14.18
Title	Dedication and Frontage Improvement for Parcel W-30 Amendment #5 – Ord. #5217
Obligation	Developer shall dedicate Parcel W-30 to City after recordation of the first Large Lot Final Map for Phase 4 of the Property , subject to Developer's obligation, after dedication of Parcel W-30 to City, to construct Frontage Improvements for the Westbrook Boulevard side of Parcel W-30, as defined in Section 3.5.1 of the Agreement.
Department	Engineering Division
Status	Obligation complete
Section	3.14.18
Title	Community Benefit Fee #2 Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 - Deleted

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Any residential units approved beyond the original unit cap of 4,260 shall be subject to a Community Benefit Fee #2 of \$3,500 per unit. This fee shall be applied to the additional units within the Westpark portion of the West Roseville Specific Plan. City acknowledges that Developer may not construct all additional units approved; Developer shall pay fees only for final mapped units recorded on a cumulative basis above 4,260 units in accordance with the following: The Community Benefit Fee #2 shall be paid to City following approval of the Small Lot Tentative Map for any Tentative Map approval within Phase 4, in which said approval results in the total number of approved units exceeding 4,260, or a previously approved unit count exceeding 4,260. City shall request a lump sum payment from Developer for the number of units approved exceeding 4,260 or a prior amount approved which exceeds 4,260. Developer shall submit payment within thirty (30) days of said request.
Department	Engineering Division
Status	Section deleted
Title	3.14.19
Section	Community Benefit Fee Amendment #8 – Ord. #5871
Obligation	As partial consideration for this Eighth Amendment, to help fund the construction of the improvements to the Village Green Park Parcel W-54, and to ensure that the development of properties that are the subject of this Eighth Amendment will benefit current and future residents of Roseville, Developer shall pay in a lump sum payment a Community Benefit Fee of \$5,000 per single-family residential unit for sixteen (16) residential units upon the issuance of the first residential building permit on either Parcel W-28 or W-29.
Department	Building Division
Status	Obligation complete
Section	3.25
Title	Sun City Homeowners Association Certifications
Obligation	Prior to issuance of the first building permit in the WRSP, Developer and Fiddymment shall deposit with City the sum of \$150,000 for use by the Sun City Homeowners Association (HOA) as hereafter provided. The purpose for the funds is to pay for specific improvement projects that may be requested by the HOA and which relate to Sun City and the development of the WRSP. Projects may include, but are not limited to, landscape improvements, sound walls, or traffic improvements to Del Webb Boulevard. Any roadway improvements or traffic control devices proposed by the HOA would be subject to City's review, approval and determination that the proposed improvements are warranted, based on then current City and State of California standards, and that the proposed improvements would not cause or exacerbate safety issues.
Department	Engineering Division

Section	2.6
Title	Affordable Housing Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217 Amendment #7 – Ord. #5680
Obligation	Consistent with the goals and policies contained in City's General, Plan and the Specific Plan, and subject to the provision by Developer of affordable housing elsewhere within the Specific Plan as described below and the other terms of this Agreement, Developer shall develop or cause ten percent (10%) of the total residential units which are actually constructed within its Property to be developed as affordable housing. In accordance with the terms of this Section and subject to adjustment based on actual development, Developer shall, after the transfer of its obligation for 162 affordable rental units in Parcel W-16 to Parcels WB-30 and WB-32 in the Sierra Vista Specific Plan, provide 300 units affordable to very low and low income households. The breakdown of percentage of the total number of affordable units to the different income levels shall be roughly 55% for very low and roughly 45% for low income households. Any adjustment based on actual development shall be subject to the approval of the Director of the City's Housing Division. The term "very low income" means households earning 50% or less of median income, and "low income" means households earning 51 % to 80% of median income. Median income and allowable assets shall be determined in accordance With the General Plan Housing Element, the Specific Plan, and City policy.
Department	Housing Department
Status	Ongoing obligation
Section	2.6.1.5
Title	In-Lieu Fee – Affordable Housing
Obligation	In the event City adopts a fee to be paid in lieu of constructing either rental or purchase housing affordable to moderate, low or very low income households, Developer shall be eligible to pay such in lieu fee rather than construct affordable housing units on the Property.
Department	Housing Department
Status	Ongoing obligation
Section	2.6.2.1
Title	Multi Family Affordable Rental Units – Affordable Obligation Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217 Amendment #7 – Ord. #5680
Obligation	Developer agrees that 300 affordable rental units will be reserved within the Property, including 164 units for rental to very low income households and 136 units for rental

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	to low income households as follows:				
	Parcel	Total Units in Parcel	Total Affordable Unit Allocation	Very Low Income Rental Units	Low Income Rental Units
	PCL W-25 (senior)	232	150	75	75
	PCL W-16	250	0	0	0
	PCL W-27	170	150	89	61
	Total	652	300	164	136
	¹ The 139 low-income affordable rental housing unit obligation and the 23 very low income affordable rental unit obligation allocated to Parcel W-16 have been transferred to Parcels WB-30 and WB-32 in the Sierra Vista Specific Plan as provided for in this Agreement and the Westbrook Development Agreement, as amended.				
Department	Housing Department				
Status	Parcel W-25 obligation is complete. W-27 is still an ongoing obligation				
Section	2.6.2.4				
Title	Facilities Districts				
Obligation	The Economic and Community Services Director shall maintain a list of low and very low-income affordable rental units for each Parcel which is subject to an Affordable Housing Development Agreement (or applicable City-approved form) and, on or about May 1 of each calendar year, shall send a copy of such Affordable Housing Development Agreement(s) to the City Finance Director. In reliance thereon, the Finance Director shall, to the extent allowed by law, set the applicable special tax for each such Parcel by using 50% of the number of low and very low-income income affordable rental units within each such Parcel to determine the number of units assessed for special tax purposes for each such Parcel.

Section	2.6.4				
Title	Masonry Wall Installation Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910				
Obligation	Developer, at its expense shall install a six foot (6') masonry wall along the eastern edge of Parcel W-16 adjacent to Parcel W-13D at such time that Landowner develops the single-family Parcel W-13D, if the development of Parcel W-13D occurs prior to the development of Parcel W-16.				
Department	Engineering Division				
Status	Ongoing obligation				
Section	2.7.2				
Title	Maintenance by Developer				
Obligation	Developer, and/or its successors, shall be solely responsible for satisfying all monitoring, reporting and, at the expense of the Maintenance CFD, maintenance, requirements under the 404 Permit during the remaining and any extended monitoring period, as determined by the Corps, for the Preserve Area. Furthermore, during said monitoring period, Developer shall indemnify, defend and hold City harmless from any and all costs, liabilities or damages for which the City is held responsible or alleged to be responsible under the 404 Permit, which arise out of or relate to any failure of Developer to satisfy such monitoring requirements, excluding any such failure caused by the active negligence of City or any employees, agents or contractors thereof. City acknowledges and agrees that any proposed use				

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	or improvement of the Open Space Preserve will be subject to the provisions of the 404 Permit and Operations & Management Plan. Developer acknowledges responsibility for obtaining 404 permit coverage for all open space uses specified in the Specific Plan and this Agreement. Developer shall obtain all amendments to the 404 Permit that are, or may be, required in order to install the Developer improvements specified in the Specific Plan, the 404 Permit and this Agreement in the Open Space Preserves. Notwithstanding this obligation of Landowner, City shall, to the maximum extent feasible, avoid infrastructure designs and locations that would require Landowner to amend its 404 Permit or any other permit required by state or federal agencies.
Department	Engineering Division / Environmental Coordinator/Open Space Division
Status	Ongoing obligation
Section	3.1
Title	Development, Connection and Mitigation Fees
Obligation	Except as otherwise provided in Section 2.5 of this Agreement, any and all required payments of development, connection or mitigation fees by Developer shall be made at the time and in the amount specified by then applicable City ordinances. Wherever this Agreement obligates Developer to design, construct or install any improvements, the cost thereof may be provided by Developer, or by traditional assessment district, CFD or other such financing mechanism, subject to and in accordance with the provisions thereof and with City approval.
Department	Development Departments
Status	Ongoing obligation
Section	3.2
Title	Public Improvements to be Dedicated, Constructed or Financed by Developer
Obligation	Developer agrees to dedicate, construct or acquire the improvements or facilities and to perform the obligations set forth in this Section 3, at its expense, subject only to reimbursements or credits specified in this Agreement. Prior to dedication of sites to City. Developer shall obtain state and federal permits needed for anticipated development (i.e. 404 Permit and CDFG 1600 Streambed Alteration Agreements, as needed).
Department	Development Departments
Status	Ongoing obligation
Section	3.3
Title	Project Phasing Amendment #1 – Ord. #4364 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	Developer shall develop and construct the on-site and off-site infrastructure necessary to serve the Project in four phases substantially consistent with the Phasing Plan set forth in Exhibit "E" and "II" attached hereto. Infrastructure phases identified in the Phasing Plan may be combined as approved by City's Development Services Director, in consultation with all affected City departments. Building permits for subsequent phases may be issued so long as all improvements required in earlier phases are substantially complete and the infrastructure within the subject phase is sufficient to provide access and utility service as determined by the City Engineer and Environmental Utilities Director. Infrastructure in Phases 3 and 4 may be constructed in sub-phases as set forth in Exhibits "E-1", "E-2a" and "E-2b" attached hereto. In the event that the conceptual sub-phases for Phase 3 and Phase 4 as shown in Exhibit "E-1" and Exhibits "E-2a"

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	and "E-2b" are modified or altered, the following criteria will be used to establish the conditions and requirements for that portion of work: • The progression of sub-phase development shall provide the necessary facilities to support the land uses within the proposed sub-phase of development. • The phase size shall be as mutually agreed upon by Developer and City, subject to the criteria set forth in this Section 3.3. • Provide detailed information (maps, analysis, written detail of improvements, etc.), to the satisfaction of City, to support the proposed sub-phase improvements for each utility/public service within the phase. • Prior to the approval of development of any parcel, the cumulative effect of that increment of development shall be evaluated to determine its impact on existing systems. This may require, as determined by City, that special studies be conducted to demonstrate how the sub-phase is in substantial conformance with infrastructure master plans prepared for the Specific Plan. A sub-phase shall demonstrate to the City's satisfaction that the following performance criteria are met: • Sanitary Sewer -One point of connection to sewer service required. • Recycled Water -One point of connection required. A looped system is not required. • Potable Water -Two independent points of connection required. • Roadway -Two points of access required (one may be a temporary EVA) and reasonable traffic circulation. Developer acknowledges that modifications to the Phase 3 and Phase 4 infrastructure Sub-Phasing Matrix as shown in Exhibits "E-1", "E- 2a" and "E-2b" shall require additional City review, though modifications to Exhibit "E-1" or Exhibits "E-2a" and/or "E-2b" as approved by the City shall not require an amendment to this Agreement. Special studies including but not limited to, water/ recycled water /sewer/storm water systems, traffic, fire response, electric supply, and other environmental review may be required. Developer will be responsible for all costs associated with the preparation of special studies, and for the associated costs of time and materials of City Staff for the review and processing of the requested deviation as deemed necessary by City.
Department	Public Works and Environmental Utilities Department
Status	Ongoing obligation
Section	3.4
Title	Public Utilities within Right of Way
Obligation	All public utilities shall be located within the rights-of-way to be granted by Developer to City for the arterials, collectors and other local streets within the Property or within public easements granted by Developer to City for such purposes. Accordingly, upon approval of the final large lot subdivision map (or any phase of it), or demand of the City based upon service needs, whichever occurs first, Developer agrees to grant and convey to City the rights-of-way for any arterials, collectors, local streets, or public easements that include the area within which such public utilities will be located. If such utilities need to be installed prior to the construction of the applicable

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	street(s), Developer shall grant a temporary public utility easement which shall merge with the rights-of-way upon completion of the applicable street improvements. The width of the rights-of-way, including the area for the applicable roadways, utilities and power line corridors shall be as shown in the Specific Plan. Developer shall also grant and convey to City, with each of the foregoing roadway easements, a non-exclusive, co-extensive easement for sidewalk/pedestrian egress purposes. Each such easement shall be as depicted in the Specific Plan and shall be located within the right-of-way for the adjacent roadway as shown in the Specific Plan. Nothing in this Agreement shall be construed to limit or restrict the right of the City to require the dedication of an easement for utility or power line corridor purposes related to development of any parcel when such requirement would be otherwise consistent with the reasonable exercise of the police powers of the City and is reasonably related to a requirement to serve the parcel or parcels adjacent to the easement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.5
Title	Road Improvements
Obligation	Developer, at its expense, shall provide the road improvements set forth in this Agreement the Phasing Plan and Reimbursement Schedule. <u>3.5.1 Developer's Obligations.</u> Developer obligation for residential and collector roadway improvements shall consist of the construction of curb, gutter, sidewalk, utilities, streetlights and full asphalt pavement section. For arterial roadways, Developer's obligation for roadway frontage improvements shall consist of curb, gutter, sidewalk, one-half of the median landscaping and median curbing, utilities, street lights, signal interconnect, and eighteen feet (18') of asphalt pavement adjacent to the property, including aggregate base and sub-base, and any additional pavement widening at intersections to accommodate turn lanes and bus turnouts as may be required by the City Engineer, all grading, drainage laterals and inlets, and cross culverts (collectively "Frontage Improvements"). The area within which such Frontage Improvements are to be located shall be referred to herein as Developer's frontage. Unless specifically identified within this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required roadway improvement. Installation of landscaping and median curbing shall occur concurrent with roadway construction. Landscaping and sidewalks adjacent to roadways may occur concurrent with the development of adjacent parcels. Bike trail connections will be constructed consistent with Section 3.12.7 of this Agreement. In the event that Developer is required by City to construct the center lanes of roadways that are otherwise included in the City's Road Capital Improvement Program ("Road CIP"), Developer shall be entitled to either a credit against future traffic fees or reimbursement for the cost of such center lane construction.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.2
Title	Arterial Roadways Amendment #4 – Ord. #5210

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Upon demand of the City, Developer shall dedicate all necessary rights-of-way and shall construct road way improvements for the arterial roadways as shown in Exhibit "G", attached hereto, except for Blue Oaks Boulevard, the construction obligation for which is set forth in Section 3.5.3.3 below. Arterial road ways on the Property include Fiddymment Road, Blue Oaks Boulevard, Pleasant Grove Boulevard and Westbrook Boulevard (West Side Drive). City and Developer acknowledge that the locations of these roadways are schematic in nature and may be revised during the design of the improvement plans based on the final design for such arterials and the final small lot subdivision for the Property. The number of lanes and width of pavement shall be as required within the Phasing Plan. Unless specifically identified in this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required roadway improvement.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.3.1
Title	Westpark Drive (formerly Phillip Road) Amendment #2 – Ord. #4723 Amendment #4 – Ord. #5210 Amendment #5 – Ord. #5217
Obligation	Developer's cost obligation set forth in this Section 3.5.3.1 for Westpark Drive (and further described as Segment 5 in Exhibit "C" attached to the Fourth Amendment) shall be paid by Developer through a Westpark Drive off- site road fee (the "Westpark Drive Off-Site Road Fee") applied to all Low Density Residential ("LDR") and Medium Density Residential ("MDR") building permits in Phases 3 and 4 of the Property, and dedicated to the Westpark Drive off-site improvements described in this Section 3.5.3.1. Developer agrees to pay to City a fee of \$300.00 per LDR or MDR building permit in Phase 3 of the Property and \$321.00 per LDR or MDR building permit in Phase 4 of the Property for the Westpark Drive Off-Site Road Fee. If after the date of the Fourth Amendment there is an increase or decrease in the approved allocated number of LDR or MDR units within the Fourth Amendment Property, the foregoing fee amount for Phase 4 of the Property shall be adjusted accordingly. The Westpark Drive Off-Site Road Fee shall be adjusted annually based upon the Engineering News Record, Construction Cost Index for the United States average of 20-cities and San Francisco (CCI). Developer and Fiddymment shall each be responsible for fifty percent (50%) of the construction cost of Westpark Drive north of the Pleasant Grove Wastewater Treatment Plant, both shares of which will be paid through the Westpark Drive Off-Site Road Fee. The City may elect to construct Westpark Drive at any time it deems necessary to serve the Plan Area in its sole and absolute discretion. The City may require acceleration of the payment by West Roseville of Developer's share of the Westpark Drive Off-Site Road Fee upon the construction of Segment 2 of Blue Oaks Boulevard (as shown in Exhibit "C" attached to the Fourth Amendment), from the westerly property line of the Fiddymment property to the intersection of Westpark Drive (the "Prepayment Event"). The foregoing notwithstanding, the obligation to prepay Developer's share of the Westpark Drive Off-Site Road Fee rests with West Roseville only and shall not be binding upon future owners of Phase 3 of the Property or run with the land for Phase 3 of the Property. Rather, the obligation of the Phase 3 property owner(s) to pay the Westpark Drive Off-Site Road Fee shall be limited to the obligation to pay the Westpark Drive Off-Site Road Fee of \$300.00 per LDR or MDR building permit, as adjusted by the CCI as provided herein, at the time of issuance of each LDR or MDR building permit.

West Roseville Specific Plan – Westpark (Placer Investors) Development Agreement Implementation Matrix

	At such time as the City elects to cause construction of Westpark Drive regardless of the status of fees collected, the City shall provide West Roseville with six (6) months advance written notice of its intent to call for the outstanding balance of the fee to be paid by West Roseville. The City shall indicate in the notice the date on which the balance of the fee shall be due. During this six month period, the City shall continue to collect the Westpark Drive Off-Site Road Fee. The amount due from West Roseville for the balance of the Westpark Drive Off-Site Road Fee shall be determined by subtracting the then total amount of fees that have been paid to date by development of the Property from the total fee obligation of the Property (the "Westpark Drive Fee Prepayment"). In the event that the Westpark Drive Fee Prepayment is not received by City as of the date referenced in the notice to pay, the City may withhold all further inspections and further issuance of permits within Phase 4 of the Property until such time as the payment is received by City. In the case a Prepayment Event has occurred and West Roseville has paid the balance of the fee as set forth herein, the City shall continue to collect the Westpark Drive Off-Site Road Fee on all LDR and MDR units in Phases 3 and 4 of the Property, annually adjusted by the CCI as provided above, until all LDR and MDR units in Phase 3 and Phase 4 of the Property have paid the Westpark Drive Off-Site Road Fee, as set forth below, at which time City shall reimburse to West Roseville the prepayment amount previously paid by West Roseville, less the difference of the actual costs of construction, which reimbursement is personal to West Roseville and does not run with the Property, to successors and assigns, unless West Roseville provides written notice to City that said reimbursement has been assigned by West Roseville to a third party. In the event that, and at such time as, the funds collected for the Westpark Drive Off-Site Road Fee equal the amount of the Westpark Drive Fee Prepayment, as adjusted by the CCI, City shall cease collecting the Westpark Drive Off-Site Road Fee. Developer's pro-rata share of the Westpark Drive Off-Site Road Fee has been calculated by establishing a fixed fee amount for LDR and MDR units in Phase 3, and spreading the remainder of the costs over 95% of the total allocated LDR and MDR units in Phase 4 of the Property. If after residential units have been constructed on at least 75% of the Fourth Amendment Property, the City reasonably determines that less than 95% of the total number of approved units within the Fourth Amendment Property will be constructed, the City Manager may equitably adjust the Westpark Drive Off-Site Road Fee without amendment of the Agreement. Notwithstanding the foregoing, such adjustment shall only apply to residential units in Phase 4 and without compliance with the Mitigation Fee Act (California Government Code Section 66000, et seq.). The improvements included in the Westpark Drive Off-Site Road Fee include all costs reasonably associated with construction of Westpark Drive north of the Pleasant Grove Wastewater Treatment consistent with Exhibits "E" and "I". A general description of these improvements includes: a. The cost of wetland permitting and mitigation cost for direct and indirect wetland impacts for the full section of the road including slopes. b. The cost for design, engineering, plan check and inspection fees, and construction management equal to 20% of the estimated construction cost.
--	---

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	c. The cost of grading the full width of a standard collector roadway section including turn lanes, and an 8-foot bench on both sides of the roadway (approximately 64-feet in width), plus the slopes to existing ground. d. The cost of curb, gutter, pavement, joint utilities, striping, signage, and street lights. e. The WRSP portion of the 24-inch potable water line as defined in the Technical Memorandum prepared by Hydro science, dated May 9, 2011utilizing the figures in Scenario 1in Tables 5 of the report. f. The WRSP portion of the 24 -inch recycled water line. Portions of the realigned and reconstructed Westpark Drive (formerly Phillip Road) include the installation of Frontage Improvements adjacent to the city-wide park, including curb, gutter, sidewalk, street lights and utility services. Developer shall be entitled to a credit against the city-wide park fee for the cost of such park Frontage Improvements.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.3.3
Title	Blue Oaks Boulevard (Off-site) Amendment #2 – Ord. #4723 Amendment #4 – Ord. #5210 Amendment #5 – Ord. #5217
Obligation	The following Segments 1 through 4 of Blue Oaks Boulevard, as defined below and as shown in Exhibit "C" attached hereto to the Fourth Amendment, from the westerly boundary line of the Fiddymment Property as shown in Exhibit "B" to Exhibit "E" through the westerly side of the intersection of Westbrook Boulevard ("Blue Oaks Boulevard (Off-site)") shall be constructed by other parties: • Segment 1: Westerly side of the Hayden Parkway / Blue Oaks Boulevard intersection to the westerly property line of the Fiddymment property. (Cost allocation: 100% Fiddymment). • Segment 2: Westerly property line of the Fiddymment property to the east side of the Blue Oaks Boulevard/ Westpark Drive intersection. (Cost allocation: 100% City TMF). • Segment 3: East side of the Blue Oaks Boulevard / Westpark Drive intersection to the eastern property line of the Property (Parcel W- 60). (Cost allocation: 50% Developer; 50% Fiddymment). • Segment 4: Eastern property line of Parcel W-60 to the west side of the intersection of Blue Oaks Boulevard and Westbrook Boulevard. (Cost allocation: 100% Developer). The entire width of Segment 2 (i.e., back of curb to back of curb) shall be included in the City Traffic Mitigation Fund Fees (the "TMF Fees") in the City's road way Capital Improvement Program ("Road CIP"). Developer's pro-rata share of the cost obligation set forth in this Section 3.5.3.3 for Segments 3and 4 (excepting the cost of 22 feet of pavement in Segments 3and 4, the cost of which will be paid via payment of City TMF Fees) shall be paid by

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	Developer through a Blue Oaks Boulevard off-site road fee (the "Blue Oaks Boulevard Off-Site Road Fee") applied to all LDR and MDR building permits in Phases 3 and 4 of the Property, and dedicated to Segments 3 and 4 of the Blue Oaks Boulevard off-site improvements described in this Section 3.5.3.3. Developer agrees to pay to City a fee of \$800.00 per LOR or MOR building permit in Phase 3 of the Property and \$1,871.00 per LDR or MDR building permit in Phase 4 of the Property for the Blue Oaks Boulevard Off-Site Road Fee. In the event that a subsequent Development Agreement amendment causes an increase or decrease in the approved allocated number of LDR or MDR units within the Fourth Amendment Property, the foregoing fee amount for Phase 4 of the Property shall be adjusted accordingly. The Blue Oaks Boulevard Off-Site Road Fee shall be adjusted annually based upon the CCI as defined in this Agreement. Developer's pro-rata share of the Blue Oaks Boulevard Off-Site Road Fee has been calculated by establishing a fixed fee amount for LDR and MDR units in Phase, 3 and spreading the remainder of the costs over 95% of the total allocated LDR and MDR units in Phase 4 of the Property. If after residential units have been constructed on at least 75% of the Fourth Amendment Property, the City reasonably determines that less than 95% of the total number of approved units within the Fourth Amendment Property will be constructed, the City Manager may equitably adjust the Blue Oaks Boulevard Off-Site Road Fee without amendment of the Agreement. Notwithstanding the foregoing, such adjustment shall only apply to residential units within Phase 4 and without compliance with the Mitigation Fee Act (California Government Code section 66000, et seq.). Upon demand of City, Developer shall provide to City an irrevocable offer(s) of dedication (IOD) for (1) all necessary access easements with rights to construct and the right of City assignment, and (2) rights-of-way, subject to improvement for those portions of Blue Oaks Boulevard that may be within or upon properties owned by Developer. The Blue Oaks Boulevard Off-Site Road Fee shall apply to Developer's and Fiddymment's allocated costs for Segments 3 and 4 of Blue Oaks Boulevard (Off-site) set forth in this Section 3.5.3.3., and in Sections 3.8.3 and 3.9 and shall fully satisfy the obligations of Developer and Fiddymment to fund off-site portions of Blue Oaks Boulevard, off-site water and off-site recycled water facilities contained therein. The improvements included in the Blue Oaks Boulevard Off-Site Road Fee include all costs reasonably associated with construction of the southerly one-half section of the ultimate 100 foot Blue Oaks Boulevard right-of-way, except for those portions to be funded by City TMF Fees. A general description of these includes: • The cost of wetland permitting and mitigation cost for direct and indirect wetland impacts for the southern 1h section of the road including slopes. • The cost for design, engineering, plan check and inspection fees, and construction management equal to 20% of the estimated construction cost. • The cost of grading the southerly 1h of a 6-lane facility, including turn lanes, bus turn-outs, half the center median, and an 22-foot bench behind the back of curb, for an approximate width of 72-feet, plus the slopes to existing ground. • The cost of 1h of the landscaped median and the median curb.
--	--

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	• The cost of curb and gutter plus 18' of pavement, joint trench, striping, signage, and street lights, plus the turn lanes and bus turnouts on the south half of the right of way. The portion of Blue Oaks Blvd. from the westerly boundary of the Fiddymont property to the Westpark Dr. intersection would be included in the CIP program. • The WRSP portion of the 24-inch potable water line as defined in the Technical Memorandum prepared by Hydro science, dated May 9, 2011utilizing the figures in Scenario 1in Tables 4 and 6 of the report. • The WRSP portion of the 24-inch recycled water line. City may use the funds collected from the Blue Oaks Boulevard Off-Site Road Fee to fund the construction of the northerly three lanes of Blue Oaks Boulevard (Off-Site). City agrees that the inclusion of the costs of Segment 4 in the Blue Oaks Boulevard Off-Site Road Fee shall fully satisfy Parcel W-60's frontage obligations for Blue Oaks Boulevard, except for Frontage Improvements such as turn lanes, driveways, sidewalks, transition lanes and landscaping, which frontage improvements shall remain the responsibility of the developer of Parcel W-60. The cost of non-frontage lanes of Blue Oaks Boulevard adjacent to Parcel W-60 shall be reimbursed to the constructing party from the City's TMF Fund within thirty (30) days of invoice from the constructing party.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.3.4
Title	Westside Drive Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	Westbrook Boulevard shall be dedicated to City as an irrevocable offer of dedication (IOD) on the Large Lot Final Maps for Phases 3 and 4 of the Property. Westbrook Boulevard will ultimately be constructed as a 6-lane arterial. Developer shall construct the Frontage Improvements, as defined in Section 3.5.1of the Agreement. In addition, Developer shall construct an additional travel lane adjacent to the Frontage improvements on each side of the roadway for a total of 29 feet of pavement. The remaining 2 lanes shall be constructed by the City and funded through the citywide traffic mitigation fee program. Developer shall also construct the underground conduits supporting the future installation of five (5) traffic signals in the locations set forth on Exhibit "K" to the Agreement. City shall reimburse Developer, based on actual costs to construct, for those improvements constructed beyond the Frontage Improvements, excluding tum lanes and bus turnouts ("Eligible Improvements") constructed in Phases 3 and 4 for Westbrook Boulevard. City shall reimburse Developer in the form of Fee Credits against the City's current Traffic Mitigation Fee."
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.4
Title	Timing and Dedication and Construction of Road Improvements
Obligation	3.5.4.1 Upon recordation of either the Large Lot Map for any portion of the Property, Developer shall dedicate the rights-of-way shown in the Specific Plan for that portion or phase of the Property for the improvements described in this Agreement.

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	3.5.4.2 Prior to the recordation of a small lot residential subdivision map for the Property, Developer shall provide adequate assurances to City , either in the form of subdivision improvement bonds, issuance and sale of bonds by the CFD or other manner acceptable to the City, that adequate funds are available to finance the completion of all improvements to Arterial Roadways, and Collector Streets, including those within the Village Center.
Department	Engineering Division
Status	Ongoing Obligation
Section	3.5.5
Title	Road Improvement Standards
Obligation	All improvements to be installed by Developer shall comply with the City's development standards for public streets in effect as of the effective date of this Agreement. The rights-of-way required for such road improvements shall be as set forth in the Specific Plan, or, if not shown in the Specific Plan, then as set forth in the City's Improvement Standards.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.6
Title	Landscape Setbacks
Obligation	For the roadways within and/or adjacent to the Property, Developer shall establish the applicable landscape setbacks provided therefor by the Specific Plan and/or Design Guidelines. Such setbacks shall be measured generally from back of curb, except bus turnouts, may encroach into the landscape setback to the extent permitted by the Specific Plan Design Guidelines. Such landscape setbacks shall be limited to landscaping, streetlights, utilities, sidewalks, sound walls and related uses, and shall be included in the road rights-of-way, adjacent to single family residential parcels and those areas specifically identified within the Village Center. Such setbacks shall not be included within rights-of-way adjacent to non-residential uses as set forth in the Specific Plan.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.6.1
Title	Separated Sidewalks
Obligation	3.5.6.1 Separated Sidewalks. Developer shall ensure that all residential property improved with separated sidewalks shall be subject to recorded CC&R's containing a requirement that the owner of a residential unit immediately adjacent to a separated sidewalk is responsible for the maintenance of parkway strip landscaping and street trees located between the separated sidewalk and curb. Separated sidewalks shall be designed to a standard of five feet (5') of landscaping measured from back of curb followed by four feet (4') of sidewalk.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.7
Title	Traffic Signals
Obligation	Developer shall be responsible for the construction of traffic signals as described in the Phasing Plan. Developer shall be entitled to credits toward the City's traffic mitigation fee for the design and construction of any public leg of a traffic signal and/or signals warranted by City. Said credits shall be shared equally throughout the Property on a per-dwelling unit equivalent ("DUE") basis. Developer shall not be entitled to any reimbursements or traffic mitigation fee credits for portions of a traffic

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	signal that service a private driveway. Unless specifically identified within this Agreement, Developer shall not be entitled to reimbursement or credit towards the City's traffic mitigation fee for any required roadway improvement.
Department	Public Works Department
Status	Ongoing obligation
Section	3.5.8
Title	Update of City Fee Amendment #4 – Ord. #5210
Obligation	Developer acknowledges that as a result of approval of the Specific Plan, the City will need to update the Capital Improvement Program and Traffic Mitigation Fee to include the Specific Plan. Developer and City shall use their best efforts to cause such update to be completed within twelve (12) months of the date hereof. Until such update has been completed and approved by the City, Developer agrees to pay the fee rate then currently charged to the North Industrial Plan Area. To the extent that the Traffic Mitigation Fee adopted for the WRSP is higher than that charged in the North Industrial Plan Area, Developer shall pay the difference as a surcharge to future Traffic Mitigation Fee obligations on a per-DUE basis for the remaining DUE's within the WRSP. To the extent that the Traffic Mitigation Fee adopted for the WRSP is lower than that charged in the North Industrial Plan Area, Developer shall receive a credit against future Traffic Mitigation Fee payments until such time as the amount of the over payment is exhausted. The portion of Blue Oaks Boulevard identified as Segment 2 on Exhibit "C" attached to this Fourth Amendment shall be constructed as part of the City's Capital Improvement Program. Funding for Segment 2 shall come from Traffic Mitigation Fees. To provide assurance that adequate funds from Traffic Mitigation Fees are available to fund construction of Segment 2, fifty percent (50%) of Traffic Mitigation Fees collected from Phases 3 and 4 of the Property shall be set aside by City for the purpose of funding the construction of Segment 2, until such time as Segment 2 is constructed and fully funded.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.9
Title	Highway 65 Joint Powers Authority
Obligation	Developer agrees that the Property shall be subject to and shall pay the Highway 65 Joint Powers Authority Fee ("Highway 65 JPA Fee"). City shall initiate and complete the actions necessary to amend the Highway 65 JPA Fee to include the Property and Developer hereby consents to and waives any objection to such inclusion. Developer agrees that until such time as the Highway 65 JPA Fee is amended to include the Property, Developer shall pay the fee applicable to the North Industrial Plan Area ("Interim Highway 65 JPA Fee") in the amounts and at the times specified by the Highway 65 JPA Fee program. If Developer pays the Interim Highway 65 JPA Fee and the Interim Highway 65 JPA Fee exceeds the Highway 65 JPA Fee as amended, then the excess amount collected shall be applied as a credit towards Highway 65 JPA Fees on a per DUE basis for the remaining DUE's within the Specific Plan. If the Interim Highway 65 JPA Fee is less than the amended Highway 65 JPA Fee, the total amount of the shortfall shall be added as a surcharge to such future Highway 65 JPA Fee on a per DUE basis. Nothing in this Section shall be construed as an agreement to an allocation of assessment or benefit to a particular parcel or parcels or to constitute a waiver of the

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	right of Developer to protest an allocation of a particular assessment burden or benefit associated with the updates of the foregoing fee programs.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.10
Title	South Placer Regional Traffic Fee
Obligation	Developer agrees that the Property shall be subject to and pay the South Placer Regional Traffic Fee as established by the Placer County Transportation and Planning Agency ("PCTPA") and adopted by the City. City shall initiate and complete the actions necessary to amend the SPRTA Fee to include the Property and Developer hereby consents to such inclusion Developer agrees that until such time as the SPRTA Fee is amended to include the Property, the fee applicable to the North Industrial Plan Area shall apply to the Property and Developer shall pay such fees ("Interim SPRTA FEE") in the amounts and at the times specified by the SPRTA Fee program. If Developer pays the Interim SPRTA Fee and the Interim SPRTA Fee exceeds the SPRTA Fee as amended, then the excess amount collected shall be applied as a credit towards SPRTA Fees on a per DUE basis for the remaining DUE's within the Property. If the Interim SPRTA Fee is less than the amended SPRTA Fee, the total amount of the shortfall shall be added as a surcharge to such future SPRTA Fees on a per DUE basis. Nothing in this Section shall be construed as an agreement to an allocation of assessment or benefit to a particular parcel or parcels or to constitute a waiver of the right of Developer to protest an allocation of a particular assessment burden or benefit associated with the updates of the foregoing fee programs.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.12
Title	Age Restricted Units- Traffic Fees
Obligation	For any portion of the Project developed for and limited as an age-restricted community, the Traffic Mitigation Fee for such portion shall reflect the lower traffic generation rates attributable to such age restricted communities.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.13
Title	Access to Existing Residences within the MOU Area
Obligation	Together with Fiddymment, Developer shall maintain accesses to existing residences within the MOU area. All accesses shall be maintained during construction.
Department	Engineering Division and Public Works Department
Status	Ongoing obligation
Section	3.5.14
Title	Light Rail Funding
Obligation	Developer consents to and agrees that any then-undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a city-wide funding mechanism for the extension and operation costs of light rail into the City of Roseville at such time as a light rail project and associated funding mechanism are approved.
Department	Alternative Transportation Department
Status	Ongoing obligation
Section	3.5.15
Title	Watt Avenue Extension and Improvement Fee

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Developer consents to and agrees that any then-undeveloped portion of the Property, for which no building permit has been issued, shall participate to the extent of its fair share in a city- wide funding mechanism for the extension and improvement of Watt Avenue at such time as a Watt Avenue extension or improvement and associated funding mechanism may be approved.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.17
Title	City-County Fee
Obligation	Developer acknowledges that City and Placer County are considering adoption of a funding mechanism for improving certain roads in the vicinity of the WRSP, including Baseline Road, Walerga Road and Fiddymont Road. Developer consents and agrees that the Property shall participate, to the extent of its fair share, in a city-wide funding mechanism for such road improvement.
Department	Engineering Division
Status	Ongoing obligation
Section	3.5.18
Title	Park and Ride Lots Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	Twenty-five (25) park and ride spaces shall be provided on Parcel W-30. Such park and ride spaces shall be included in addition to the parking required for the applicable underlying land use by City's Zoning Code. If constructed by Developer, Developer shall install the park and ride spaces at the time of development of the parcel on which the park and ride lot is located. Park and ride lots shall allow for parking daily between the hours of 5:00 am and 10:00 pm.
Department	Alternative Transportation and Engineering Division
Status	Ongoing obligation
Section	3.5.20
Title	Fee Credits/Reimbursement for Construction of CIP Improvements
Obligation	Developer shall be entitled to credits against or reimbursement from City traffic mitigation fees for the cost of constructing roadway improvements that are included in City's roadway capital improvement program ("Roadway CIP") and identified in this Agreement.
Department	Public Works Department
Status	Ongoing obligation
Section	3.5.21
Title	Sun City Traffic Improvements
Obligation	In the event that City's Public Works Director determines that the traffic volume on Del Webb Boulevard has become worse than level of service (LOS) B, then City will meet with the Sun City Homeowners Association to discuss potential operational improvements for use in the event that the traffic volume degrades to worse than LOS C. Payment of the sum required under Section 3.25 shall satisfy any and all obligations of Developer under this Section.
Department	Public Works Department
Status	Ongoing obligation
Section	3.5.23
Title	Traffic Benefit Fee Amendment #2 – Ord. #4723 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	In consideration of amendments to the WRSP for Phases 3 and 4 of the Property that

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	have increased the total allowed residential units for the Property, the City and Developer agree to provide additional funding from pay-as-you-go revenues generated from the collection of special taxes in the Westpark CFD No. 1 for authorized roadway facilities identified in the Westpark CFD No. 1. The pay-as-you-go proceeds are intended to provide a funding source for authorized facilities identified in the Westpark CFD No. 1 formation documents for which funding is not presently available. Once all of the authorized facilities have been constructed, and all amounts related to these facilities have been paid in full, the City is authorized to levy the special tax in the Westpark CFD No. 1 so as to yield \$930,000 (the "Traffic Benefit Assessment") from the pay-as-you-go proceeds. If such levy in any one year is insufficient to generate this amount, the City shall continue to collect pay-as-you-go proceeds until such time as the entire Traffic Benefit Assessment has been funded by pay-as-you-go proceeds.

	City may suspend issuance or granting of any City-issued permits until full payment as provided for herein is made.
Department	Parks Department and Economic Development Department
Status	Ongoing obligation
Section	3.6
Title	Sewer Facilities
Obligation	Developer shall construct on-site and off-site sewer facilities as described in this Section and the Phasing Plan. Developer shall, subject to the provisions of Section 2.8 of this Agreement, be solely responsible for obtaining easements and rights-of-way located within the Specific Plan that are required for construction of such improvements. City shall provide Developer with any rights-of-entry needed to connect these improvements to the City's existing sewer system. Except for the improvements expressly described herein and as shown on Exhibit "P", Developer shall have no obligations to install or pay for the installation of any off-site treatment or transmission facilities, except through the payment of sewer connection fees (local, regional and special benefit) levied and collected by the City at the time of development pursuant to City ordinances.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.6.1
Title	Master Wastewater Plan
Obligation	Developer shall construct wastewater conveyance facilities to connect the Project to the Pleasant Grove Wastewater Treatment Plant ("Treatment Plant"). Timing and sizing for the construction of such facilities shall be consistent with the Infrastructure Phasing & Reimbursement Schedule. Where wastewater conveyance facilities are to be located within roadways, such facilities shall be installed concurrent with the construction of the corresponding road improvements, if not earlier. All weather maintenance access roads shall be provided to sewer improvements that are not located within roadways. A maintenance road shall be provided by Developer under the Blue Oaks bridge and along the south side of Pleasant Grove Creek to accommodate Wastewater Treatment Plant service vehicles.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.6.2
Title	Improvement Standards
Obligation	All sanitary sewer improvements shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction inspection and final approval. Developer shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.6.3
Title	Access to Manholes
Obligation	All manholes shall be located so that they are accessible by City sewer maintenance vehicles unless otherwise approved by the Environmental Utilities Director. All manholes shall be made watertight during construction. Developer shall maintain access for City sewer maintenance vehicles to all existing manholes in the Specific Plan. Where feasible, maintenance roads shall be combined with bikeways.
Department	Environmental Utilities

Development Agreement Implementation Matrix**

Status	Ongoing obligation
Section	3.6.4
Title	Public Utility Easements
Obligation	Where wastewater improvements to be constructed by Developer are not located within road rights-of-way, as and when Developer installs such wastewater improvements, Developer shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes. Easement widths shall be granted in accordance with the City's Improvement Standards.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.6.6
Title	Oversizing of Wastewater Facilities - Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Developer shall be entitled to reimbursement from third parties whose property is benefited by Developer's construction of wastewater facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by such construction. The timing for the payment of any such reimbursement shall be paid upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or, recordation of the first small lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.2
Title	Financing of Water Supply
Obligation	Developer shall have no obligation to install or pay for the installation of any off-site water storage, treatment or transmission facilities, except through the payment of water connection fees levied and collected by the City at the time of development pursuant to hen existing City ordinances and this Agreement.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.3
Title	Contribution of Water Meter Retrofit Program
Obligation	In furtherance of its water conservation program, City has implemented a Water Meter Retrofit Program. To participate in the Water Meter Retrofit Program and to provide a benefit to the City and existing City residents, Developer shall pay to City, at the time of building permit, the sum of \$115.00 per dwelling unit equivalent (DUE) inflated annually based upon the Engineering News Record, Construction Cost Index for the United States average of the 20-cities and San Francisco (CCI). Should such index no longer exist, the Director of Environmental Utilities shall choose a similar index which in his/her opinion fairly estimates the inflation factor applicable to construction.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.5
Title	Groundwater Wells Amendment #6 – Ord. #5441
Obligation	A. Developer shall dedicate to City Parcel W-77 in Phase 4 and shall construct a

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	groundwater well at the approximate location shown on Exhibit "U" and prepare the well according to industry standard, subject to approval by the Environmental Utilities Director. The exact location of the well and well site and qualifications of the design firm, well drilling contractor and construction inspection services provider shall be reviewed and approved by the Environmental Utilities Director prior to construction. The well shall be designed to include Aquifer Storage and Recovery Capabilities and, to the extent feasible, the well shall achieve a yield of approximately 1,800 gallons per minute. Developer shall drill the well upon the earlier of the need for the well to provide water service to the Project, or prior to adjacent residential construction and concurrent 1Nith construction of adjacent roadways. The City shall be responsible for the construction of the above-ground portions of the well facilities (site improvements and pumping facilities). B. In-Lieu Fee. Within ten (10) business days after the recordation of this Sixth Amendment Developer will pay to City the amount of \$445,983.00 (the "In-Lieu Fee"). C. Well-Site W-76 References. Subject to payment of the In-Lieu Fee and abandonment of the monitoring well, Subsection 3.7.5(A) shall become operative and all references to and depictions of Well-Site W-76 in the Development Agreement (including the amendments thereto), including without limitation, those on Exhibit U and in the Infrastructure Phasing Plan are hereby deemed deleted. D. Release of Developer Obligations. Subject to payment of the In-Lieu Fee, City hereby forever releases and discharges Developer and Well-Site W-76 from any and all obligations under the Development Agreement to provide dedications to the City for well-sites and/or to design and/or construct groundwater wells or related facilities. The City shall impose no further restriction or limitation on building permits and/or certificates of occupancy for Developer's residences on the Sixth Amendment Property as it relates to dedication of well sites and construction of wells. E. Abandonment of Monitoring Well. Developer shall, at its sole cost and expense and prior to developing Well-Site W-76, obtain any required permits to abandon the existing monitoring well and perform the physical abandonment of the monitoring well.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.6
Title	Water Conservation Measures Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	Developer of Phase 3of the Property and its successors shall implement a Water Conservation Plan included as Exhibit "LL" to this Agreement (the "Phase 3 Water Conservation Plan"). Developer of Phase 4 of the Property and its successors shall implement a Water Conservation Plan, included as Exhibit "MM" to this Agreement (the "Phase 4 Water Conservation Plan"). The Phase 3 Water Conservation Plan and the Phase 4 Water Conservation Plan shall include compliance with the City's Water Efficient Landscape Ordinance ("WELO") and outline all water conservation measures being implemented within Phase 3 and Phase 4, respectively, and measures to ensure a water conservation objective of a reduction in water use by 18.4% over current land use characteristics in Phase 3 and 13.7% in Phase 4 of the Property are achieved in perpetuity, and shall be approved at the discretion of the Environmental Utilities Director prior to issuance of the first

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	building permit in Phase 3 or Phase 4, as the case may be. Such water conservation measures shall include compliance with the WELO, and shall include, but are not limited to, Smart Timers, re- circulating hot water systems, and turf limitations. Such water conservation measures shall be disclosed to each purchaser of real property within the Property. Modifications to the Phase 3 Water Conservation Plan or the Phase 4 Water Conservation Plan as approved by the Environmental Utilities Director shall not require an amendment to this Agreement. Water conserved by Developer in Phase 3 of the Property pursuant to measures implemented under the Phase 3 Water Conservation Plan, including measures specified in this Section 3.7.6, and as verified by the City through its review of achievement of water conservation goals, shall be allocated by City for use by Developer in Phase 3 of the Property owned by Developer in the WRSP.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.7.7
Title	Instant Hot Water Feature
Obligation	Every residential unit within the Project, shall include a recirculating hot water system or similar technology to provide instantaneous hot water at each hot water faucet.
Department	Environmental Utilities Department
Status	Ongoing Obligation
Section	3.7.8
Title	Periodic Confirmation of Water Conservation Goal for Phase 3 of the Property Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217
Obligation	The City has determined, and the Developer agrees, that the available water supply is sufficient to serve Phase 3 and Phase 4 of the Property. This determination was the conclusion of a review of the demand and source issues created by the projected build-out of Phase 3 and Phase 4 of the Property. The demand for water at build-out of Phase 3 and Phase 4 of the Property was determined by reference to the City's current information on water usage for the various land uses included and permitted within the City and the proposed land uses within Phase 3 and Phase 4 of the Property and by reference to the Developer's Phase 3 Water Conservation Plan and Phase 4 Water Conservation Plan which includes a reduction in water use by 18.4% over current use characteristics for Phase 3 and a reduction in water use by 13.7% over current use characteristics in Phase 4. The sources for water evaluated for the Project (including Phase 3 and Phase 4 of the Property) are the same types of source currently used throughout the City; namely, surface water contracts with federal and local agencies and in drought or emergency situations the use of groundwater. City and Developer are satisfied that the demand and source assumptions relied upon to assure water for the Project (including Phase 3 and Phase 4 of the Property) are valid. However, the Parties have agreed to the following procedure to assure the continued validity of the underlying assumptions used within Phase 3 and Phase 4 of the Property and used within the Phase 3 Water Conservation Plan and Phase 4 Water Conservation Plan as described in Section 3.7.6. Validation of water supplies for the Project is described within Section 5.3 below. At the time after the completion of 50% of the dwelling units in Phase 3 of the Property, or, for Phase 4, after the completion of 50% of the dwelling units in Phase 4 of the Property, and then no more frequently than annually thereafter during the term of this Agreement, at the same time as the annual review provided for in Section 5.2

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	of this Agreement, the Parties shall review the underlying assumptions regarding water demands, the achievement of project water conservation goals and sources of water for Phase 3 or for Phase 4 of the Property, respectively. Water conserved by Developer pursuant to measures implemented under Section 3.7.6 of this Agreement shall be factored into the review provided hereunder to the benefit of Developer. If the City determines that the actual demand differ materially from the assumptions in the Water Conservation Plan for Phase 3 or the Water Conservation Plan for Phase 4 of the Property, and that the difference(s) will negatively affect the City's ability to provide water for Phase 3 or Phase 4 of the Property, then the Parties shall meet and in good faith attempt to implement whatever measures are needed to assure the water supply will meet the Property's Phase 3 demands, or the Property's Phase 4 demands, respectively, provided, however, that should City adopt City-Wide a requirement for a reduction in water use by more than the 18.4% in Phase 3 and 13.7% in Phase 4 over current potable water usage as set forth herein, and the then built portion of Phase 3 of the Property has met its 18.4% objective or the then built portion of Phase 4 of the Property has met its 13.7% objective set forth in this Section 3.7.8, the residential units for which building permits have not yet been issued shall be required to implement such measures necessary to achieve such City-Wide requirement, above the 18.4% objective for Phase 3 and 13.7% for Phase 4 set forth in this Section 3.7.8. Development and implementation of such measures on the unbuilt units in Phase 3 or Phase 4 of the Property shall be at Developer's cost. The foregoing notwithstanding, should City achieve its adopted City-Wide water conservation goals, Phase 3 or Phase 4 of the Property shall not under any circumstances be deemed out of compliance with its Phase 3 Water Conservation Plan water conservation objective or the Phase 4 Water Conservation Plan water conservation objective, respectively, as set forth herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.2
Title	On-Site Water Facilities
Obligation	Developer shall construct on-site water system facilities as described in the Phasing Plan. All such facilities to be constructed by Developer, including mains, shall be designed and constructed pursuant to City's then current Improvement Standards and subject to City plan review, construction inspection and final approval. Developer shall pay then current plan check, mapping and inspection costs as incurred by City for review, mapping and inspection of such improvements. Developer will not be responsible for the construction of potable water reservoirs and pump station except through the payment of City water connection fee and special benefit fees as may be applicable or otherwise described herein.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.3
Title	Off-Site Water Facilities
Obligation	Developer shall construct off-site water system facilities as further described in the Phasing Plan. All such facilities shall be subject to City plan review, mapping, construction inspection and final approval, and Developer's payment of City's then current costs or fees therefor.
Department	Environmental Utilities Department
Status	Obligation ongoing

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Section	3.8.4
Title	Oversizing of Water Facilities – Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Developer shall be entitled to reimbursement from third parties whose property is benefited by Developer's construction of water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. Specific water facilities subject to reimbursement pursuant to this Section 3.8.4 and Section 4.2 of this Agreement. The timing for the payment of any such reimbursement shall be paid upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first small lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.5
Title	Water System Sequencing
Obligation	Water system facilities shall be constructed as provided in the Phasing Plan concurrently with the construction of the road improvements described in Section 3.5 of this Agreement. Extensions into the neighborhoods will be completed with development of each neighborhood. Water line extensions shall be sequenced to assure looped systems in all developing areas, except as otherwise approved by the Environmental Utilities Director.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.6
Title	Public Utility Easements
Obligation	Where the water improvements to be constructed by Developer are not located within road rights-of-way, as and when Developer installs such water facilities, Developer shall grant and City shall accept a non-exclusive public utility easement the width of which shall be in accordance with City's then current Improvement Standards, for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.7
Title	Water Softeners
Obligation	As part of its development of the Project, Developer and its successors shall not provide water stub outs for the installation of water softeners.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.8.8
Title	Disclosure to Buyers
Obligation	Developer shall disclose to all residential and non-residential buyers that the Property will be served by both surface water and groundwater supplies and that variations in the appearance, taste and color of water may be noticed from time to time and include such disclosure in the CC&Rs for the Property. The disclosure shall describe the location of groundwater wells and water storage facilities. As further disclosure Developer shall install signage at future water facility sites describing the facilities to be constructed on the subject site. Signs shall be provided per City specifications.

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	The Environmental Utilities Director must review and approve sign layouts prior to installation.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&Rs. Ongoing obligation.
Section	3.9
Title	Recycled Water Facilities
Obligation	Developer shall construct recycled water system facilities as provided in this Section, the Phasing Plan. Recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. Developer shall construct and dedicate upon completion thereof, a recycled water line system. Developer has the right to construct recycled water tanks, off-site Phillip Road and off-site Blue Oaks Boulevard on City property as required for the Project. If additional property in excess of the 5 acres is necessary for said improvements, Developer shall pay to City the then current fair market value for the additional property. All recycled water system facilities including storage tank, pump station, transmission, distribution and public and private irrigation systems shall be designed and constructed pursuant to City's then current Improvement Standards and shall be subject to City plan review, construction, inspection and final approval and payment of all applicable fees for plan review, mapping and inspection of such improvements.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.2
Title	Oversizing of Recycled Water Facilities - Reimbursement
Obligation	Subject to the provisions of Section 4.2 of this Agreement, Developer shall be entitled to reimbursement from third parties whose property is benefited by Developer's construction of recycled water facilities required by City in which there exists capacity in excess of that required to serve the development of the Property. Such reimbursement shall be pro rata, based on the respective capacity requirements of the Property and other property benefited by the construction. The timing for the payment of any such reimbursement shall be paid upon the earlier of the formation of a CFD and issuance of bonds for such CFD serving development by such third parties or recordation of the first small lot subdivision map serving the development by such third party.
Department	Environmental Utilities Department
Status	Ongoing obligation
Section	3.9.4
Title	Recycled Water Use Disclosure to Buyers
Obligation	Developer shall disclose to all buyers that recycled water shall be used for irrigation of parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. Such disclosure shall be included in the CC&Rs for the Property.
Department	Environmental Utilities Department and City Attorney
Status	Attorney: Evaluation of disclosures done at time of submittal of CC&Rs. Ongoing obligation.
Section	3.10
Title	Drainage Facilities

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Developer shall be responsible for the design and construction of all storm drain facilities required to serve the Property in conformance with the City's Improvement Standards, Stormwater Management Program, the Placer County Storm Water Management Manual (for detention facilities) and the 404 Permit O&M Plan (for open space preserves). In general, drainage facilities shall be constructed concurrent with roadway improvements. Prior to approval of any improvement plans for the construction of storm drain facilities, a master drainage plan shall be prepared and approved by the City Engineer for each shed area. Developer shall provide drainage improvements as provided in this Section and the Phasing Plan.
Department	Engineering
Status	Ongoing obligation
Section	3.10.1
Title	Other Agency Approval
Obligation	Prior to issuance of any building permit or grading permit, Developer shall obtain, at its expense, all permits and agreements as required by other agencies having jurisdiction over drainage, water quality or wetlands issues including, but not limited to, the Regional Water Quality Control Board ("RWQCB"), the U.S. Army Corps of Engineers and the California Department of Fish and Game. Developer shall prepare and implement a Storm Water Pollution and Prevention Plan (SWP3), and shall construct and maintain Best Management Practices (BMPs) as required by law, the SWP3 and as approved by the City, concurrently with construction of any improvements. Developer shall obtain a permit from the RWQCB for the General Construction Storm Water Permit Compliance Program, as required by law, prior to the start of any construction, including grading on the Property.
Department	Engineering and Building Division
Status	Ongoing obligation
Section	3.10.2
Title	Storm Drains
Obligation	Developer shall construct storm drain mains and laterals in accordance with the Master Drainage Plan and with the City's then current improvement standards and shall provide laterals to serve all parcels on the Property, including, but not limited to, park sites. Storm drain laterals shall be constructed to the property line concurrently with the construction of connecting open channels or storm drain mains. Developer may use "cast in place" pipe for storm drains which are 24" in diameter or larger. Storm drainage system designs shall include applicable Best Management Practices with the goal of reducing pollutants from entering receiving waters in accordance with the City's Stormwater Management Program.
Department	Engineering
Status	Ongoing obligation
Section	3.10.4
Title	Drainage Easements
Obligation	Where drainage facilities to be owned and maintained by City are to be constructed by Developer and are not located within road rights-of-way, as and when Developer installs such drainage improvements, Developer shall grant and City shall accept a non-exclusive public utility easement for the ownership and maintenance of such lines, together with access thereto for maintenance purposes only. Easement widths shall be granted in accordance with the City's then current Improvement Standards.
Department	Engineering Division
Status	Ongoing obligation
Section	3.11.1
Title	Electric Facilities

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Concurrently with the construction of the adjacent roadways, Developer agrees to construct, or finance the construction of, on- site 12kv electric distribution facilities as directed by the Electric Utility Director. Developer shall construct or finance construction of on-site 12kv electric distribution facilities in accordance with final on-site electric distribution designs for the Specific Plan as directed by the Electric Utility Director in accordance with applicable City Electric Utility Department Specifications. Final on-site electric utility improvements including streetlights, will be designed upon receipt of approval and adopted improvement plans for the applicable Specific Plan roadways.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.1.1
Title	Electric Facilities Serving Phase 4 Amendment #5 – Ord. #5217
Obligation	At the time of recordation of the first small lot residential final subdivision map in Phase 4, Developer shall pay for the materials, labor to construct, and labor to remove temporary 12kV overhead and underground electrical circuits, estimated at approximately \$335,000, from the West plan Substation to serve Phase 4 of the Property. City shall install such 12kV circuits, which 12kV circuits shall allow Developer to obtain all LDR and MDR residential building permits in Phase 4 of the Property. Developer shall be responsible for grading and for the installation of all pull boxes, trenching, conduit and similar facilities needed to tie the underground electric facilities within Westbrook Boulevard to the new 12kV circuits. Such extension of the 12kV electrical circuits to Phase 4 of the Property shall not provide sufficient electrical capacity to allow either Parcel W-16 in the WRSP (in Phase 3 of the Property) or any of the Light Industrial parcels in Phase 4 of the Property, or both, to be provided electrical service in order to be developed. Once the electrical substation site (the "Substation Site") in the Sierra Vista Specific Plan (SVSP) has been dedicated to the City, constructed, is operational, and 12kV circuits extended underground to Phase 4 of the Property, or as otherwise determined by City, or the Substation Site has been dedicated to the City but more than two (2) years from dedication of the Substation Site to City have passed without completion of the substation, then there shall be no further restrictions due to adequacy of electrical service on development of either Parcel W-16 in the WRSP or Light Industrial parcels in Phase 4 of the Property, or both.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.3
Title	60kV Disclosure
Obligation	Developer shall include a notice in the project CC&R's and its sales documentation advising property owners adjacent to the 60 kV easement areas that the City may utilize the public utility easements along the west side of Fiddymont Road, north and south side of Blue Oaks Boulevard, and the east side of West Side Drive and south side of Pleasant Grove Boulevard to construct 60kV overhead electric lines.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.4
Title	Streetlights
Obligation	Concurrent with the construction of the adjacent roadways, Developer agrees to

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	construct, or finance construction of, streetlights within the Property, as directed by the Electric Utility Director. Except as may otherwise be permitted by the Electric Utility Director, no street shall be opened to the public unless and until streetlights have been installed in accordance with the Specific Plan and applicable requirements of the Electric Department. Developer agrees that the street lights within the Property shall be installed consistent with the city-approved roadway lighting standards to include decorative street lights approved by the City and as shown in the WRSP Design Guidelines.
Department	Electric Department
Status	Ongoing obligation
Section	3.11.5
Title	Electrical Efficiency
Obligation	In order to balance conservation efforts with energy supplies, residential air conditioning units shall have a Seasonal Energy Efficiency Ratio (SEER) of 2 points above minimum as defined the State of California in Title 24 of the Code of California Regulations, and an Energy Efficiency Ratio (EER) of 12 or greater. Commercial air conditioning units of 5 tons or less (<65,000 Btu/h) shall meet the Consortium for Energy Efficiency (CEE) Tier II specifications. The SEER rating will be specified on building plans and Title 24 compliance certificates at the time building permits are requested. All two-story homes shall have a zoned HVAC system with two units and two thermostats or one unit and two thermostats that will control the upstairs and downstairs independently. These requirements may be utilized in the overall energy compliance calculations required for the issuance of a building permit for a residential unit.
Department	Building Division
Status	Ongoing obligation
Section	3.12.3
Title	Neighborhood Park Fee Amendment #8 – Ord. #5871
Obligation	Upon the issuance of each residential building permit within the Project, Developer shall pay a neighborhood park fee to fund neighborhood park construction. Such neighborhood park fee shall be \$2,156 per single-family residential unit; \$1,528 per Low Density Active Adult (i.e., Age-Restricted) unit; and \$1,528 per multi-family residential unit, subject to annual adjustment, on July 1, based on the percentage change in the CCI (Construction Cost Index). The Neighborhood Park Fee, as calculated herein, is figured on 95% of the total dwelling units proposed to be entitled in the Plan Area for construction of Neighborhood Parks within the WRSP. The 5% reduction in units shall protect the City in the event that Developer under builds the number of units assigned to large lot parcels as a result of Density Transfers (consistent with Section 2.3). City may conduct an annual re-assessment of park fees adjust fee upward if underutilization of entitled dwelling units exceeds the initial 5%. At the end of a development phase, City shall review development progress of Neighborhood Parks to determine if development is on target as it relates to collection of park fees by phase. City shall review the development phase with overall neighborhood park development and any impacts, particularly if subsequent phases will need to utilize funding previously collected for development. At the completion of all residential and neighborhood park development, according to the park financing

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	plan for the WRSP, if there are any remainder fees, City shall, within thirty (30) days of filing a notice of completion the last neighborhood park for the WRSP, refund to Developer any remainder fees. Upon the issuance of the first residential building permit on either Parcel W-28 or Parcel W-29, Developer shall pay in a lump sum payment the total Neighborhood Park Fee of \$2,897 per single-family residential unit for all the single-family residential units to be built in Parcels W-28 and W-29, subject to annual adjustment, on July 1, based on the percentage change in the CCI.
Department	Parks Department and Building Division
Status	Ongoing obligation
Section	3.12.3.1
Title	Neighborhood Park Frontage Improvements
Obligation	When installing road improvements adjacent to neighborhood park sites, Developer shall construct the frontage improvements (excluding landscaping and sidewalks) and stub utilities for the park site, subject to direction from City on the location of such utility stubs. The cost of this work has been accounted for in the Parks Financing Plan. Developer shall not be entitled to any reimbursement for the cost of such frontage improvements, including without limitation, any reimbursement pursuant to Section 3.12.2 above.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.4
Title	Citywide Park Fee Amendment #8 – Ord. #5871
Obligation	Upon the issuance of each residential building permit within the Project, Developer shall pay a City-Wide park fee to fund the construction of City-Wide park facilities within the Property. Such City-Wide park fee shall be \$1,776 per single-family residential unit; \$1,776 per Low Density Active Adult (i.e., Age-Restricted) unit; and \$1,776 per multi-family residential unit, subject to annual adjustment, on July 1, based on the percentage change in the CCI. City-wide park fees paid by Developer shall be applied to the construction of improvements to Parcels F-54, F-55 and F-56 owned by Fiddymment. Upon the issuance of the first residential building permit on either Parcel W-28 or Parcel W-29, Developer shall pay in a lump sum payment the total City-Wide Park Fee of \$2,387 per single-family residential unit for all the single-family residential units to be built in Parcels W-28 and W-29, subject to annual adjustment, on July 1, based on the percentage change in the CCI.

Status	Ongoing obligation
Section	3.12.4.2
Title	City-Wide park Fee for Village Center Community Commercial PCL W-32 Amendment #8 – Ord. #5871
Obligation	For the community care facility built on Village Center Community Commercial Parcel W-32, Developer shall pay Citywide Park Fees at the then prevailing \$2,387 City-Wide Park Fee amount for each of the assisted living units built on Parcel W-32, excluding units designated for memory care residents, to be paid to City in a lump sum payment upon issuance of the first building permit for the community care facility built on Parcel W-32, subject to annual adjustment, on July 1, based on the percentage change in the CCI. At the time of approval of this Eighth Amendment, 27

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	of the planned 87 assisted living units on Parcel W-32 are planned to be memory care units, and so the 60 non-memory care assisted living units planned to be built on Parcel W-32 would generate a total of \$143,220 in City-Wide Park Fees, to be paid in a lump payment to City at the time of issuance of the first building permit for the community care facility to be built on Parcel W-32. City agrees that the City-Wide Park Fees collected from the community care facility on Parcel W-32 shall be utilized to construct improvements on Village Green Park Parcel W-54. City further agrees that any community care facility built on Parcel W-32 shall not be subject to neighborhood park fees, paseo fees, and bike trail fees in the WRSP, and not subject to any Public Benefit Fee under Section 3.14.3, any General Fund Contribution under Section 3.14.4, or any Community Benefit Fee under Section 3.14.19."

Status	Ongoing obligation
Section	3.12.5
Title	Paseo Fee
Obligation	Upon the issuance of each residential building permit within the Project , Developer shall pay a paseo fee to fund the construction of paseos within the Property. Such paseo fee shall be \$635 per single-family residential unit; \$450 per Low Density Active Adult (i.e., Age-Restricted) unit; and \$450 per multi-family residential unit , subject to annual adjustment, on July 1, based on the percentage change in the CCI.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.6
Title	Bike Trail Fee Amendment #3 – Ord. #4910
Obligation	Upon the issuance of each residential building permit within the Project , Developer shall pay a bike trail fee to fund bike trail construction within the Property. Such bike trail fee shall be \$529 per single-family residential unit; \$375 per Low Density Active Adult (i.e., Age-Restricted) unit; and \$375 per multi-family residential unit , subject to annual adjustment, on July 1, based on the percentage change in the CCI. At the request of the City and provided that sufficient funds are available at the time of construction, Developer shall construct, consistent with City standards, segments of bike trails that are adjacent to the construction of subdivision improvements by Developer. In such instances, Developer shall be entitled to reimbursement by City from the bike trail fee, for the actual cost of constructing the adjacent bike trail improvements, but not to exceed the costs specified in the Parks Financing Plan.
Department	Parks and Alternative Transportation
Status	Ongoing obligation
Section	3.12.8
Title	Entire Park Land Obligation
Obligation	The City agrees that the provisions of the Specific Plan and the commitments contained herein satisfy Developer's General Plan park obligations for the dedication and improvement of neighborhood/community and city-wide parks and open space related to development of the Property.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.9
Title	Open Space Preserve Areas

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Obligation	Developer shall obtain from the Army Corps a 404 Permit to fill wetland resources in conjunction with development of the Property, a condition that requires the preservation of certain environmental habitat. The areas in which such habitat will be preserved are known as Open Space Preserve Areas and consist of the following three parcels: 1. A 267.0 acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails and preservation of wetland habitat and open space, shown as Parcel W-81; 2. A 5.2 acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails and preservation of flood plain, bike trails, fire break maintenance, and wetland habitat and open space, shown as Parcel W-82; and 3. A 77.2 acre, more or less, portion of the Property for the purposes of drainage, flood control, bike trails and preservation of flood plain, bike trails, fire break maintenance, and wetland habitat and open space, shown as Parcel W-83.
Department	Parks Department
Status	Ongoing obligation
Section	3.12.9.1
Title	Conveyance of Open Space Preserve Areas
Obligation	Upon the satisfaction by Developer of all conditions of the 404 Permit, any corresponding Operations and Management Plan ("O&M Plan") related thereto, and the expiration of any required monitoring/reporting period associated therewith and subject to the formation of the Maintenance CFD as described in Section 3.20 of this Agreement, Developer shall convey to the City and City shall accept, in fee, the property comprising the Open Space Preserve Areas.
Department	Parks Department
Status	Ongoing obligation
Section	3.14.1
Title	Fire Tax
Obligation	Developer or its respective successors shall pay the Fire Service Construction Tax, at issuance of building permit, as set forth at Chapter 4.46 of the Roseville Municipal Code. In the event that the Fire Service Construction Tax is not extended or otherwise discontinued, Developer or its successors shall continue, through Project buildout, to pay a fee, at issuance of building permit, equal in amount to the discontinued Fire Service Construction Tax. Developer hereby consents to and waives any objection to the imposition of such substitute fee.
Department	Fire Department and Building Division
Status	Ongoing obligation
Section	3.14.3
Title	Public Benefit Fee
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will benefit current and future residents of Roseville, Developer shall pay a Public Benefit Fee at the time of obtaining each residential building permit for the Project. The Public Benefit Fee for each low density and medium density residential unit shall be \$1,280. The Public Benefit Fee for each high density residential unit shall be \$845.
Department	Building Division
Status	Ongoing Obligation
Section	3.14.4

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

Title	General Fund Contribution
Obligation	As partial consideration for this Agreement, to offset a portion of the impact of the Project and the associated tax sharing agreement with Placer County, and to ensure that the Project will produce a positive net fiscal impact on the City, Developer shall pay a General Fund Contribution as follows. At the time of obtaining each residential building permit for the Project, Developer shall pay a General Fund Contribution of \$1,060 for each low density and medium density unit and \$700 for each high density unit.
Department	Building Division
Status	Ongoing Obligation
Section	3.14.5
Title	Liens, Encumbrances, Covenants, Conditions and Restrictions
Obligation	Except as approved by City or provided for by this Agreement, all property to be conveyed in fee to City pursuant to this Agreement shall be free of any liens, financial encumbrances, special taxes, hazardous materials or assessments. Developer shall, for each such conveyance, provide to City, at Developer's expense, a current preliminary title report and preliminary site assessment for hazardous waste in a form approved by the City Attorney. Any policy of title insurance required by City shall be at City's expense.
Department	City Attorney
Status	Evaluation done at time of conveyance. Ongoing obligation.
Section	3.14.6
Title	Signage for Future Public Facilities
Obligation	Developer shall provide and install signage at the following public facility sites to alert residents of future facilities: water tank and pump station site (W-74), recycled water tank site, recycling site (W-74), well sites (W-76 and W-77), park sites (W-50, W-51, W-52, W-53, W-54, W-55), and school sites (W-70, W-73, W-75), per City specifications and applicable sign permits.
Department	Planning Department
Status	Ongoing obligation
Section	3.14.7
Title	Library Facilities
Obligation	Developer agrees to participate and pay its fair share of the capital cost of library services in the event that the City should amend its current city-wide Public Facilities fee to include library facilities or adopts any other equitable financing mechanism for the provision of library facilities.
Department	Library Department
Status	Ongoing obligation
Section	3.14.10
Title	Refuse and Green Waste Bins
Obligation	Developer agrees to pay City \$170 (subject to any City wide increase for this charge) per single-family residential unit for one (1) 90-gallon automated refuse container and one (1) automated green waste compost disposal bin at issuance of building permit.
Department	Building Division and Environmental Utilities
Status	Ongoing obligation
Section	3.14.11
Title	Construction Waste
Obligation	Developer shall require construction contractors and subcontractors to reduce construction waste by recycling a minimum of 50% of construction materials or that all construction debris be delivered to the Placer County Western Regional Materials Recovery Facility where recyclable material will be removed. Developer shall require

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	that contractors and subcontractors submit records annually of waste diversion and disposal to the City's Environmental Utilities Department in order to verify compliance with this requirement.
Department	Environmental Utilities
Status	Ongoing obligation
Section	3.14.12
Title	Air Quality Program
Obligation	In lieu of each individual project implementing its own off-site mitigation program, the WRSP shall contribute the total sum of \$758,700 to implement an off-site mitigation program to mitigate air quality impacts by offsetting long-term operational ozone precursor emissions. The City shall enter into an agreement with Placer County Air Pollution Control District (PCAPCD) to coordinate the program, and to collect and disburse the funds contributed pursuant to this section. Funds shall be used for projects, programs and services that will reduce emission sources to the direct benefit of City residents. Such projects, programs and services may include, but shall not be limited to, replacement of non-EPA-certified wood stoves, transit vehicle conversions, and retrofitting vehicles with cleaner-burning alternative fuels. Contribution of funds pursuant to this section shall be by payment of a fee upon the issuance of each building permit, established by City prior to issuance of the first building permit in the WRSP, averaging \$90.84 per dwelling-unit equivalent.
Department	Building Division
Status	Ongoing obligation
Section	3.14.13
Title	Traffic Signal Coordination Fee
Obligation	As partial consideration for this Agreement and to offset certain anticipated traffic impacts, Developer shall pay a Traffic Signal Coordination Fee to coordinate traffic signals for improved traffic operations in the City. The fee shall be paid upon issuance of each building permit, in the amount of one hundred dollars (\$100) per dwelling unit equivalent. For purposes of this section, the total dwelling unit equivalents shall be consistent with the calculation for traffic impact fees (and not the same as for public facilities impacts).
Department	Building Division
Status	Ongoing obligation
Section	3.14.14
Title	Transit Shuttle Service Fee Amendment #1 – Ord. #4364
Obligation	Developer shall pay the Transit Shuttle Service Fee to provide a shuttle service from the Specific Plan to the Watt Avenue/Interstate 80 light rail station. The fee shall be paid upon issuance of each building permit, in the amount of \$52.50 per dwelling unit equivalent, inflated annually based upon the Engineering News Record, Construction Cost Index for the United States, average of the 20 cities and San Francisco (CCI).
Department	Building Division and Alternative Transportation
Status	Ongoing Obligation
Section	3.14.15
Title	South Placer Animal Control Shelter Fee Amendment #1 – Ord. #4364
Obligation	Developer shall pay the South Placer Animal Control Shelter Fee for the future construction of a South Placer Animal Control Shelter. The fee shall be paid upon

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	issuance of each residential building permit in the amount of Fifty Dollars (\$50.00) per dwelling unit.
Department	Building Division
Status	Ongoing obligation
Section	3.14.16
Title	Sierra College Boulevard Fee Amendment #1 – Ord. #4364
Obligation	Developer shall pay the Sierra College Boulevard (Town of Loomis) Fee. The fee shall be paid upon issuance of each residential building permit in the amount of Seventy-Five Dollars (\$75.00) per dwelling unit. The City shall remit all payments to the Town of Loomis by December 31 of each year until the City issues the final building permit for the Project.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.14.17
Title	Air Quality Mitigation Fee Amendment #1 – Ord. #4364
Obligation	Developer shall pay the Placer County Air Pollution Control District Air Quality Mitigation Fee. The fee shall be paid upon issuance of each residential building permit in the amount of One Hundred Thirty-Four Dollars and Ten Cents (\$134.10) per dwelling unit. The City shall remit all payments to the Placer County Air Pollution Control District on or before January 30 of each calendar year until year 2025 or the Project is built out, whichever occurs later.
Department	Building Division and Finance Department
Status	Ongoing obligation
Section	3.16
Title	EIR Mitigation Measures
Obligation	Notwithstanding any other provision in this Agreement to the contrary, as and when Developer elects to develop the Property, Developer shall be bound by, and shall perform, all mitigation measures contained in the Plan EIR related to such development which are adopted by City and are identified in the mitigation monitoring plan or the Specific Plan EIR as being a responsibility of Developer.
Department	Planning Division
Status	Ongoing obligation
Section	3.18
Title	Community Facilities District – Project Infrastructure
Obligation	3.18.1 Formation. Developer and City shall form a Community Facilities District for the purpose of financing the construction and/or acquisition of public infrastructure and facilities within the WRSP ("Project CFD"). The improvements and facilities that may be constructed and/or acquired with Project CFD funds are listed in Exhibit "HH". Formation of the Project CFD shall be pursuant to and consistent with the requirements of this Agreement and Government Code Section 53311, et seq. Portions of the Property within the boundaries of and subject to the Project CFD are shown in Exhibit "HH". Developer shall be allocated Developer's share of infrastructure costs and shall be assessed special taxes in a fair and proportionate manner as specified in a tax formula agreed to by City and Developer in accordance with the financing plan for the WRSP. 3.18.1.1 Nothing in this section shall be construed to require Developer to form a CFD nor, if formed, to preclude the payment by an owner of any of the Parcels to be included within the CFD a cash amount equivalent to its proportionate share of costs for the CFD Improvements, or any portion thereof, prior to the issuance of bonds.

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	<u>3.18.1.2</u> Concurrent with any formation of a CFD, Developer and City shall enter into a shortfall agreement, in form and substance acceptable to City, whereby Developer shall covenant to finance its fair share of the costs of the CFD Improvements, to the extent that the bonds issued by the CFD do not provide sufficient funding for the completion of such Improvements. <u>3.18.1.3</u> Nothing herein shall be construed to limit Developer's option to install the public improvements through the use of traditional assessment districts or private financing.
Department	Finance
Status	Ongoing obligation
Section	3.18.2
Title	Effect of CFD Financing on Credits and Reimbursements
Obligation	Wherever the terms of this Agreement provide for (a) credits or (b) reimbursements to Developer for construction of certain improvements, and such improvements are financed by the CFD, development fees otherwise applicable to such improvements shall be adjusted as necessary to reflect construction with CFD funds.
Department	Finance Department
Status	Ongoing obligation
Section	3.18.3
Title	Pay-As-You-Go Funding for Infrastructure in Phases 3 and 4 Amendment #3 – Ord. #4910
Obligation	The bond proceeds from the Project CFD are insufficient to fund public improvements and facilities necessary for development of Phases 3 and 4, as well as development of properties outside of the Specific Plan area that require such public improvements and facilities. Developer is required to construct the necessary public improvements and facilities identified in Exhibit "II" as well as the public improvements provided for in the formation documents for the Westpark CFD #1 as set forth in Exhibit "HH", and advance funding needed to complete these public improvements and facilities. Developer is entitled to reimbursement for all authorized public improvements and facilities contained in the CFD formation documents from available funds collected as part of the special taxes levied by the City to service Project CFD bond obligations and construct public improvements and facilities within the Project CFD. Subject to terms of a separate agreement for the acquisition of public improvements and facilities, City agrees to set the annual tax levy as allowed for under the terms of the Project CFD formation documents to provide reimbursement to Developer over time for the cost of the public improvements and facilities that are eligible for reimbursement.
Department	Finance Department
Status	Ongoing Obligation
Section	3.19
Title	Completion of Improvements
Obligation	City generally requires that all improvements necessary to service new development be completed prior to issuance of building permits (except model home permits as may be provided by the City's Subdivision Ordinance). However, the parties hereto acknowledge that all of the CFD Improvements associated with the development of the Property may not need to be completed to adequately service portions of the Property as such development occurs. Therefore, as and when portions of the Property are developed, all CFD Improvements required to service such portion of the Property in accordance with the Entitlements (e.g., pursuant to specific tentative map conditions or other land use approvals) shall be completed prior

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	to issuance of any building permits within such portion of the Property (except permits for model homes, which may be issued sooner in accordance with the City's subdivision ordinance). Provided, however, the Public Works Director may approve the issuance of building permits prior to completion of all such CFD Improvements if the improvements necessary to provide adequate service to the portion of the Property being developed are substantially complete to the satisfaction of the Public Works Director. All wet utilities to be installed by Developer will be subject to the review and approval of the City Environmental Utilities Department. In connection therewith, Developer shall be responsible for coordinating the alignment of all such planned and future utilities within the applicable rights-of-way to the satisfaction of the City Environmental Utilities Director.
Department	Development Services and Environmental Utilities Departments
Status	Ongoing obligation
Section	3.20
Title	Community Facilities District - Maintenance
Obligation	<u>3.20.1 Formation.</u> <u>3.20.1.1 Consent.</u> Waiver and Special Benefit. No residential building permit, excluding permits for model homes, shall be issued until a Maintenance CFD has been formed to include the Property ("Maintenance CFD"). Developer consents to and shall cooperate in such formation or other such financing mechanism for maintenance purposes and consent herewith to the levy of such special taxes as are necessary to fund the maintenance obligations described in Section 3.20.2. For purposes of Article XIID of the California Constitution, Developer acknowledges hereby that all the services described herein to be provided by the Maintenance CFD will provide a "special benefit" to the Property as defined by said Article and that the foregoing support and consent shall apply as to any claim that any portion of the services supported by the special tax does not provide special benefit to the Property. The Maintenance CFD will fund maintenance of landscaping, open space and neighborhood parks in accordance with the requirements established by the financing mechanism. <u>3.20.1.2 Zones of Benefit.</u> The Maintenance CFD may be divided as necessary into zones of benefit and between which the amount of assessment may vary.
Department	Finance Department
Status	District formed – Ongoing obligation
Section	3.20.2
Title	Obligations
Obligation	The Maintenance CFD shall provide the funds required for the performance of the following maintenance, monitoring and reporting obligations: 3.20.2.1 Autumn leaf cleanup for collector and local streets; 3.20.2.2 Maintain neighborhood parks; 3.20.2.3 Maintain paseos, medians and landscape corridors along roadways within the Project and including the median on Fiddymment Road from Pleasant Grove Boulevard to Blue Oaks Boulevard and the median on Blue Oaks Boulevard from Fiddymment Road to the eastern boundary of the Project;

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	3.20.2.4 Maintain bikeways located in Open Space Preserves outside of parks and paseos; 3.20.2.5 Maintain City and neighborhood entry features within the Property, public rights-of-way and ancillary landscaping; 3.20.2.6 Conduct the environmental mitigation monitoring, and the annual review thereof, as required by the Mitigation Monitoring Plan related to the EIR; 3.20.2.7 Conduct all monitoring, reporting and adaptive management for Open Space Preserve areas consistent with the 404 Permit and O&M Plan. The City may, at its election, create a non-profit foundation, or contract with an existing conservancy or similar organization, to oversee perpetual maintenance, monitoring, reporting and adaptive management requirements of and for Open Space Preserve Areas; 3.20.2.8 Maintain Village Center landscaping including round-a- bouts and landscape strips located within the public right-of-way; 3.20.2.9 Maintain all water quality structural controls and drainage swales constructed between storm drain outfalls and receiving waters; 3.20.2.10 Maintain flood control facilities including detention basins; 3.20.2.11 Maintain open space areas including general maintenance, signage maintenance, and trash and debris collection; 3.20.2.12 Maintain fire breaks within open space areas; 3.20.2.13 Maintain a Replacement Reserve Fund for repair and replacement of entry features, signage, lighting, and other special features including trellis and shed structures, etc. included in the areas to be maintained through the Maintenance CFD, as indicated in the Design Guidelines; and 3.20.2.14 Maintain bus shelters, bus stops and bus signs.
Department	Finance Department

Status	Ongoing obligation
Section	3.24
Title	Disclosures to Subsequent Purchasers Amendment #1 – Ord. #4364 Amendment #3 – Ord. #4910 Amendment #5 – Ord. #5217 Amendment #8 – Ord. #5871
Obligation	This Agreement shall constitute notice to all successors to Developer hereunder, and to all subsequent purchasers of any lots and/or residential units within the Property, of the following matters: 1. Designation of Fiddymment Road, West Side Drive and Blue Oaks Boulevard as truck routes. 2. Designation of Phillip Road, Hayden Parkway (on Fiddymment Property), Bob Doyle Drive and Village Green Drive as temporary truck routes until Phillip Road and Blue Oaks Boulevard are connected. 3. The existence of a Development Agreement on the Property. 4. The Project will be served by surface water supplies and in emergency/drought conditions, may also be served by groundwater supplies. 5. Recycled water will be used to irrigate parks and landscape setbacks, medians, paseos and other landscape areas including all multi-family and non-residential landscaping uses. 6. Requirement to implement water conservation measures. 7. Public utility easements may be used to construct 60kV overhead power lines on

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	the west side of Fiddymment Road, along Blue Oaks Boulevard, on the east side of West Side Drive and south side of Pleasant Grove Boulevard. 8. 60kV overhead power line easement on W-60, W-61, W-62, W-83, W-15, W-87 and potentially on W-11, W-12, W-25, W-72, W-24 and W-8. 9. Exclusive utility easement may be used for high-pressure natural gas line through the area to serve the Roseville Energy Park. 10. Requirement for fifty percent (50%) reduction in construction waste stream. 11. Location of the Pleasant Grove WWTP and associated facilities. 12. Location of the proposed Roseville Energy Park. 13. Location of Regional Soccer Complex. 14. Location of schools and parks within one mile. 15. Location of proposed off-leash dog park on Parcel W-53. 16. A 15-foot easement, in addition to residential setback requirements, for all Low Density Residential and Medium Density Residential lots adjacent to West Side Drive to achieve a 50-foot separation/buffer from back of curb on West Side Drive (a planned six-lane arterial). 17. A disclosure on Parcel W-16 that a 77' by 100' open space parcel may, at the City's discretion, ultimately be used for road right of way to continue Pleasant Grove Boulevard to the west. 18. Parcels adjacent to Open Space may have a public bike trail adjacent to residential lots. 19. Potential for proposed Placer Parkway within WRSP boundaries. 20. Location of a retention basin on the Reason Farms property. 21. Location of well sites and water storage facilities. 22. Owners of residential units adjacent to separated sidewalks shall be responsible to maintain area between curb and sidewalks. 23. Location of recycled water tank site and pump station facilities. 24. Location of solid waste recycling center. 25. Masonry walls, including walls adjacent to landscape corridors and other public facilities, are owned not by the City but by the adjacent property owner, who is responsible for their maintenance, repair and replacement. 26. Livestock grazing may occur within the open space preserve areas. 27. Requirement to implement water conservation measures per the Phase 4 Water Conservation Plan, which include such measures as Smart Timers.

	28. The project area is subject to aircraft over flights and related noise associated with McClellan Airfield and Sacramento International Airport. 29. Acknowledgement that the residential parcels in Phase 4 of the Property are located in close proximity to Pleasant Grove Wastewater Treatment Plan, which may be expanded in the future. Such residential parcels could be subject to noise and odor from operation of the Treatment Plan. 30. The Eighth Amendment Property is subject to aircraft over flights and related noise from McClellan Airfield and Sacramento International Airport. If Developer records any Property CC&Rs, such CC&Rs shall include the foregoing disclosures and the foregoing disclosures shall not be omitted or deleted from the CC&Rs without the City Attorney's prior written approval.
Department	City Attorney
Status	Evaluation of disclosures done at time of submittal of CC&Rs. Ongoing obligation.
Section	3.26
Title	Fee Adjustment Resulting from Under-Building
Obligation	City's collection of certain fees in this Agreement is dependent on the number of building permits issued within the Plan Area. Such fees include the City-Wide Park Fee (Section 3.12.4), Paseo Fee (Section 3.12.5), Bike Trail Fee (Section 3.12.6), Public Benefit Fee (Section 3.14.3), General Fund Contribution (Section 3.14.4), Air Quality Fee (Section 3.14.12), Traffic Signal Coordination Fee (Section 3.14.13), Transit Shuttle Service Fee (Section 3.14.14) and South Placer Animal Control Shelter Fee (Section 3.14.15), hereinafter "Building Permit Fees." To protect the City in the event that Developer under- builds the total number of units approved for the Property, City and Developer shall, prior to Developer recording the first final map in Phase 4, review the total amount of Building Permit Fees paid to date. In the event that Developer has or is projected to under-build the total number of units approved for the Property, City may adjust Building Permit Fees upward to account for the underutilization of entitled dwelling units in the Project. City shall make best efforts to cooperate with Developer in adjusting densities in Phases 3 and 4 to ensure that Developer is provided with reasonable opportunity to buildout the total number of units approved for the Property.
Department	Building and Engineering Division
Status	Ongoing obligation
Section	4.4.5
Title	Applications for Permits and Entitlements
Obligation	City shall, no later than the issuance of the 350th residential building permit in the Village Center, commence construction of and diligently complete the improvements to the Village Green park site (Parcel W-54), provided that adequate funding is available.
Department	Building Division and Parks Department
Status	Ongoing obligation
Section	5.2
Title	Annual Review
Obligation	City shall, at least every twelve (12) months during the term of this Agreement, review the extent of good faith substantial compliance by Developer with the terms of this Agreement. Such periodic review shall be limited in scope to compliance with the terms of this Agreement pursuant to Section 65865.1 of the Government Code and the monitoring of mitigation in accordance with Section 21081.6 of the Public

**West Roseville Specific Plan – Westpark (Placer Investors)
Development Agreement Implementation Matrix**

	Resources Code of the State of California. Notice of such annual review shall include the statement that any review of obligations of Developer as set forth in this Agreement may result in termination of this Agreement. A finding by City of good faith compliance by Developer with the terms of the Agreement shall be conclusive with respect to the performance of Developer during the period preceding the review. Developer shall be responsible for the cost reasonably and directly incurred by the City to conduct such annual review, the payment of which shall be due within thirty (30) days after conclusion of the review and receipt from the City of the bill for such costs. Upon not less than thirty (30) days written notice by the City, Developer shall provide such information as may be reasonably requested and deemed to be required by the City in order to ascertain compliance with this Agreement. In the same manner prescribed in Section 10, the City shall deposit in the mail to Developer a copy of all staff reports and related exhibits concerning contract performance and, to the extent practical, at least ten (10) calendar days prior to any such periodic review. Developer shall be permitted an opportunity to be heard orally or in writing regarding its performance under this Agreement before the City Council or, if the matter is referred to the Planning Commission, before the Planning Commission. If City takes no action within thirty (30) days following the hearing required under Roseville Municipal Code Section 19.94.080, or any successor thereof or amendment thereto, Developer shall be deemed to have complied in good faith with the provisions of the Agreement.
Department	Development Services
Status	Ongoing obligation

Dennis Kauffman 916-774-5313 dkauffman@roseville.ca.us

Meeting Date: 11/20/2024

Item #: 7.1.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the issuance of special tax bonds for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities), Improvement Area No. 2; approving and directing the execution of a fiscal agent agreement and a bond purchase agreement; approving the form of the preliminary official statement; approving sale of such bonds; and approving other related documents and actions. The attached resolution authorizes the execution and delivery of the following documents and actions:

- Supplement to Fiscal Agent Agreement
- Bond Purchase Agreement
- Preliminary Official Statement

BACKGROUND

Creekview Community Facility District (CFD) No. 1 (Public Facilities) ("District") was formed November 6, 2019 with Resolution 19-456. The maximum authorized indebtedness for the District is allocated as follows: (i) Improvement Area No. 1: \$81,000,000 and (ii) for the portion of the Future Annexation Area established for the District, an amount not to exceed \$137,000,000.

On July 6, 2022, Improvement Area No. 2 was annexed into the District with an authorized amount not to exceed \$111,000,000. The 2024 Bonds are being issued at the developer's request to: (i) construct and/or acquire certain authorized public facilities; (ii) provide for a deposit to a debt service reserve account for the 2024 Bonds; and (iii) pay capitalized interest on the 2024 Bonds. This is the second series of bonds to be issued for Improvement Area No. 2. The Series 2024 Bond proceeds are not to exceed \$17,000,000.

FISCAL IMPACT

The CFD will generate special taxes that will be paid by the property owners sufficient to pay the costs of the debt service, district administration, and any authorized pay-as-you-go facilities, as well as provide funding in the future for maintenance/replacement of constructed facilities. The issuance of these bonds will not impact the City's General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the resolution and approval of the agreements and preliminary official statement described herein meets the above criteria and is not subject to CEQA. No additional environmental review is required.

COMPLIANCE STATEMENT

In accordance with Government Code 5852.1, the following information consists of estimates of certain costs and charges for the Bonds that have been provided by the City's municipal financial advisor, which has been represented by such party to have been provided in good faith: (1) estimated true interest costs of the Bonds: 5.021%; (2) estimated finance charge of the Bonds (sum of all fees and charges paid to third parties): \$540,050; (3) estimated amount of proceeds of the Bonds received by the City (net of finance charges, reserves and capitalized interest, if any): \$11,738,002; and (4) estimated total payment amount (sum total of all payments to pay debt service on the Bonds plus the finance charge not paid with proceeds of the Bonds) calculated to the final maturity of the Bonds: \$28,866,063.

Resolution 24-391

Preliminary Official Statement

Supplement to Fiscal Agent Agreement

Bond Purchase Agreement

RESOLUTION NO. 24-391

A RESOLUTION AUTHORIZING THE ISSUANCE OF SPECIAL TAX BONDS FOR AND ON BEHALF OF IMPROVEMENT AREA NO. 2 OF THE CITY OF ROSEVILLE CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), APPROVING AND DIRECTING THE EXECUTION OF A SUPPLEMENTAL AGREEMENT TO FISCAL AGENT AGREEMENT AND A BOND PURCHASE AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH BONDS, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS

WHEREAS, this City Council (the "Council") of the City of Roseville (the "City") has conducted proceedings under and pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing at Section 53311, of the California Government Code (the "Act"), to form the Creekview Community Facilities District No. 1 (Public Facilities) (the "District") and establish the Creekview Community Facilities District No. 1 (Public Facilities) (Future Annexation Area) (the "Future Annexation Area"), and to issue bonds secured by said special taxes for the purpose of providing moneys for the construction and acquisition of authorized improvements for the District; and

WHEREAS, this Council has also authorized land to be annexed to the District from the Future Annexation Area by unanimous consent of the owner(s) of land proposed to be annexed, and pursuant to a Unanimous Consent, Waiver and Vote of Sole Landowner, dated July 6, 2022 land designated as Improvement Area No. 2 of the District ("Improvement Area No. 2") was annexed to the District and bonded indebtedness for Improvement Area No. 2 was authorized in the amount not to exceed \$111,000,000 (the "Authorization"); and

WHEREAS, on July 26, 2023 the City issued on behalf of Improvement Area No. 2 its \$14,300,000 original principal amount of Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2023 (the "2023 Bonds") for the purpose of financing various public improvements authorized to be funded by the District, which 2023 Bonds constituted the first series of bonds issued pursuant to the Authorization; and

WHEREAS, City now desires to issue a second series of the special tax bonds for Improvement Area No. 2 pursuant to the Authorization, as described in more detail herein (the "Bonds"); and

WHEREAS, there has been submitted to the Council a Supplemental Agreement No. 2 to Fiscal Agent Agreement (the "Supplemental Agreement"), which will supplement and amend the Fiscal Agent Agreement, dated as of July 1, 2023 (as so supplemented, the "Fiscal Agent Agreement"), between the City and U.S. Bank Trust Company, National Association, as fiscal agent, providing for the issuance of the Bonds of the City for Improvement Area No. 2 of the District, and the Council, with the aid of City staff, has reviewed the Supplemental Agreement and found it to be in proper order, and now desires to approve the Supplemental Agreement and the issuance of the Bonds; and

WHEREAS, the City proposes to sell the Bonds to Piper Sandler & Co., as underwriter (the "Underwriter"), pursuant to the terms of a Bond Purchase Agreement by and between the City and the Underwriter, and the Underwriter proposes to offer the Bonds to the investing public by means of a Preliminary Official Statement, and the Council, with the aid of City staff, has

reviewed the Bond Purchase Agreement and the Preliminary Official Statement and found them to be in proper order, and now desires to approve said documents; and

WHEREAS, the information required to be obtained and disclosed with respect to the Bonds by the Council in accordance with Section 5852.1 of the California Government Code is set forth in the staff report accompanying this Resolution; and

WHEREAS, all conditions, things and acts required to exist, to have happened and to have been performed precedent to and in the issuance of the Bonds as contemplated by this Resolution and the documents referred to herein exist, have happened and have been performed in due time, form and manner as required by the laws of the State of California, including the Act.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ROSEVILLE RESOLVES AS FOLLOWS:

1. **Findings.** This Council finds and determines that it is prudent in the management and development of land in the City and the District to issue the Bonds, secured on parity with the 2023 Bonds, for the purpose of providing moneys for the construction and acquisition of authorized improvements for the District.

2. **Law Applicable.** For the purposes of these proceedings in and for the District, the Act shall be the authority for the issuance of the Bonds.

3. **Bonds Authorized.** Pursuant to the Act, this Resolution and the Fiscal Agent Agreement, special tax bonds of the City for the District designated as "City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024" in an aggregate principal amount not to exceed \$17,000,000 are hereby authorized to be issued. The Bonds shall be executed in the form set forth in and otherwise as provided in the Fiscal Agent Agreement.

The Bonds shall not be issued unless the value of the real property within Improvement Area No. 2 of the District subject to the special tax to pay debt service on the Bonds and the 2023 Bonds, based on assessed values and/or an appraisal by an independent appraiser hired by the City for the purpose of determining such value, is at least three (3) times the proposed principal amount of the outstanding bonds plus the Bonds proposed to be issued and secured by a special tax levied pursuant to the Act on property within Improvement Area No. 2 of the District.

4. **Supplemental Agreement.** The Council hereby approves the Supplemental Agreement in the form presented to the Council at this meeting. The City Manager, Assistant City Manager/Chief Financial Officer, and such other person or persons as either of them may designate (collectively, the "Authorized Officers"), each acting alone or together with any other Authorized Officer, are each hereby authorized and directed to execute the Supplemental Agreement, in such form, together with any additions thereto or changes therein deemed necessary or advisable by the Authorized Officer executing such document upon consultation with Jones Hall, A Professional Law Corporation, as bond counsel to the City ("Bond Counsel"). The proceeds of the Bonds shall be applied by the City for the purposes and in the amounts as set forth in the Supplemental Agreement. The Council hereby authorizes the delivery and performance by the City of the Supplemental Agreement and the Fiscal Agent Agreement.

5. **Covenant to Foreclose.** The City hereby covenants, for the benefit of the owners of the Bonds, to commence and diligently pursue to completion any foreclosure action regarding

delinquent installments of any amount levied as a special tax for the payment of interest or principal of the Bonds, said foreclosure action to be commenced and pursued as more completely set forth in the Fiscal Agent Agreement.

6. Approval of Official Statement and Continuing Disclosure Certificate. The Council hereby approves the Preliminary Official Statement with respect to the Bonds, in substantially the form on file with the City Clerk. Distribution of the Preliminary Official Statement by the City and the Underwriter is hereby approved, and, prior to the distribution of the Preliminary Official Statement, and each Authorized Officer, each acting alone or together with any other Authorized Officer, is authorized and directed, on behalf of the City, to deem the Preliminary Official Statement "final" pursuant to Rule 15c2-12 under the Securities Exchange Act of 1934 (the "Rule"). The execution of the final Official Statement, which shall include such changes and additions thereto deemed advisable by the Authorized Officer executing the same, and such information permitted to be excluded from the Preliminary Official Statement pursuant to the Rule, is hereby approved for delivery to the purchasers of the Bonds, and each Authorized Officer, each acting alone or together with any other Authorized Officer, is authorized and directed to execute and deliver the final Official Statement for and on behalf of the City, with final pricing information included and with such changes and additions thereto deemed advisable by the Authorized Officer executing the same.

The Council hereby approves the Continuing Disclosure Certificate to be executed by the City, the form of which is attached as an exhibit to the Preliminary Official Statement. Each of the Authorized Officers is hereby authorized and directed to approve any changes in or additions to a final form of said Continuing Disclosure Certificate, and the execution thereof by an Authorized Officer shall be conclusive evidence of approval of any such changes and additions. The final Continuing Disclosure Certificate shall be executed in the name and on behalf of the City by an Authorized Officer.

7. Approval of Bond Purchase Agreement. The Council hereby approves the Bond Purchase Agreement between the City and the Underwriter, in substantially the form on file with the City Clerk; provided, that the aggregate principal amount of Bonds shall not exceed \$17,000,000, the true interest cost of the Bonds shall not exceed 6.5%, and the Underwriter's discount shall not exceed 1.5% of the par amount of the Bonds. Subject to the foregoing parameters, an Authorized Officer is hereby authorized and directed to execute the Bond Purchase Agreement in substantially the form on file with the City Clerk, together with such changes and additions thereto deemed advisable by the Authorized Officer executing the same. The Council hereby finds and determines that the sale of the Bonds at negotiated sale as contemplated by the Bond Purchase Agreement will result in a lower overall cost.

8. Actions Authorized. All actions heretofore taken by the officers, employees and agents of the City with respect to the establishment of the District and the sale and issuance of the Bonds are hereby approved, confirmed and ratified, and the Authorized Officers of the City are hereby authorized and directed to do any and all things and take any and all actions and execute any and all certificates, agreements and other documents, which they, or any of them, may deem necessary or advisable in order to consummate the lawful issuance and delivery of the Bonds in accordance with this resolution, including any acquisition agreement or amendment to acquisition agreement related to the Bonds, and any certificate, agreement, and other document described in the documents herein approved. All actions to be taken by a specified Authorized Officer as specified herein, may be taken by the Authorized Officer or any designee, with the same force and effect as if taken by such Authorized Officer.

9. **Effectiveness.** This Resolution shall take effect upon its adoption.

* * * * *

I hereby certify that the foregoing Resolution was duly adopted by the City Council of the City of Roseville, California, at a regularly scheduled meeting thereof, held on the _____ day of _____, 2024, by the following vote of the City Council:

PRELIMINARY OFFICIAL STATEMENT DATED _____, 2024

NEW ISSUE–FULL BOOK ENTRY

NOT RATED

In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, subject, however to certain qualifications described herein, under existing law, the interest on the 2024 Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. In the further opinion of Bond Counsel, such interest is exempt from California personal income taxes. See "TAX MATTERS" herein.

\$ _____
*
CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024

Dated: Date of Delivery

Due: September 1, as shown on inside cover

The bonds captioned above (the "2024 Bonds"), are being issued by the City of Roseville (the "City") by and through Improvement Area No. 2 ("Improvement Area No. 2") of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the "District"). The 2024 Bonds are special tax obligations of the City, authorized pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, being California Government Code Section 53311, et seq. (the "Act"), and are issued pursuant to the Resolution of Issuance (as defined herein) and a Fiscal Agent Agreement dated as of July 1, 2023, as supplemented and amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of December 1, 2024 (together, the "Fiscal Agent Agreement") by and between the City and U.S. Bank Trust Company, National Association, as fiscal agent (the "Fiscal Agent"). The 2024 Bonds are being issued to (i) construct and/or acquire certain authorized public facilities, (ii) provide for a deposit to a debt service reserve account for the 2024 Bonds, (iii) pay capitalized interest on the 2024 Bonds through and including September 1, 2025 and (iv) pay costs of issuance of the 2024 Bonds. Interest on the 2024 Bonds is payable semiannually on March 1 and September 1 of each year, commencing March 1, 2025. The 2024 Bonds represent the second series of special tax bonds issued for Improvement Area No. 2. See "THE BONDS – Authority for Issuance."

The 2024 Bonds are being issued as fully registered bonds, registered in the name of Cede & Co. as nominee of The Depository Trust Company ("DTC"), and will be available to ultimate purchasers in the denomination of \$5,000 or any integral multiple thereof, under the book-entry system maintained by DTC. See "APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

The 2024 Bonds are secured by and payable from a pledge of Special Tax Revenues (as defined herein) derived from Special Taxes (derived from the levy of Facilities Special Taxes, both as defined herein) to be levied by the City on real property within Improvement Area No. 2, from the proceeds of any foreclosure actions brought following a delinquency in the payment of the Special Taxes, and from amounts held in certain funds under the Fiscal Agent Agreement, all as more fully described herein. **Unpaid Special Taxes do not constitute a personal indebtedness of the owners of the parcels within Improvement Area No. 2. In the event of delinquency, proceedings may be conducted only against the parcel of real property securing the delinquent Special Tax. There is no assurance the owners will be able to pay the Special Tax or that they will pay a Special Tax even though financially able to do so.** To provide funds for payment of the 2024 Bonds and the interest thereon as a result of any delinquent Special Taxes, the City will establish a debt service reserve account for the 2024 Bonds from proceeds of the 2024 Bonds, as described herein. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

Property currently in Improvement Area No. 2 and subject to the Special Tax is under development into 561 taxable residential units, which represents "phase 3" and "phase 4" of the "Winding Creek" development ongoing within the Creekview Specific Plan, located in the northwest portion of the City. The master developer of the project, Anthem United Creekview Developments Limited Partnership, a Washington limited partnership (the "Master Developer") has sold [all of the 561 taxable lots] to various merchant builders, as described herein. Homebuilding by the merchant builders is underway in both phase 3 and phase 4. See "IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT," "THE MASTER DEVELOPER," and "MERCHANT BUILDER INFORMATION."

The 2024 Bonds are subject to optional and mandatory redemption prior to maturity as described herein. See "THE BONDS – Redemption."

NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE CITY, THE COUNTY OF PLACER, THE STATE OF CALIFORNIA OR ANY POLITICAL SUBDIVISION THEREOF IS PLEDGED TO THE PAYMENT OF THE 2024 BONDS. THE 2024 BONDS DO NOT CONSTITUTE A DEBT OF THE CITY WITHIN THE MEANING OF ANY STATUTORY OR CONSTITUTIONAL DEBT LIMITATION. THE INFORMATION SET FORTH IN THIS OFFICIAL STATEMENT, INCLUDING INFORMATION UNDER THE HEADING "SPECIAL RISK FACTORS," SHOULD BE READ IN ITS ENTIRETY.

This cover page contains certain information for general reference only. It is not a summary of all of the provisions of the 2024 Bonds. Prospective investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision. See "SPECIAL RISK FACTORS" herein for a discussion of the special risk factors that should be considered, in addition to the other matters and risk factors set forth herein, in evaluating the investment quality of the 2024 Bonds.

The 2024 Bonds are offered when, as and if issued, subject to approval as to their legality by Jones Hall, a Professional Law Corporation, San Francisco, California, Bond Counsel. Certain legal matters will also be passed on by Jones Hall, as Disclosure Counsel, Stradling, Yocca, Carlson & Rauth LLP, Newport Beach, California, as counsel to the Underwriter, and Holland & Knight LLP, San Francisco, California, as counsel to the Master Developer. Certain legal matters will be passed upon for the City by the City Attorney. It is anticipated that the 2024 Bonds will be available for delivery to DTC on or about _____, 2024.

GENERAL INFORMATION ABOUT THIS OFFICIAL STATEMENT

Use of Official Statement. This Official Statement is submitted in connection with the sale of the 2024 Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not to be construed as a contract with the purchasers of the 2024 Bonds.

Estimates and Forecasts. When used in this Official Statement and in any continuing disclosure by the City, in any press release and in any oral statement made with the approval of an authorized officer of the City, the words or phrases “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimate,” “project,” “forecast,” “expect,” “intend” and similar expressions identify “forward looking statements.” Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, give rise to any implication that there has been no change in the affairs of the City since the date hereof.

Limit of Offering. No dealer, broker, salesperson or other person has been authorized by the City to give any information or to make any representations in connection with the offer or sale of the 2024 Bonds other than those contained herein and if given or made, such other information or representation must not be relied upon as having been authorized by the City or the Underwriter. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the 2024 Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

Involvement of Underwriter. The Underwriter has reviewed the information in this Official Statement in accordance with, and as a part of, their responsibilities to investors under the Federal Securities Laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. All summaries of the documents referred to in this Official Statement, are made subject to the provisions of such documents, respectively, and do not purport to be complete statements of any or all of such provisions.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVERALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE 2024 BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THE 2024 BONDS HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, IN RELIANCE UPON AN EXCEPTION FROM THE REGISTRATION REQUIREMENTS CONTAINED IN SUCH ACT. THE 2024 BONDS HAVE NOT BEEN REGISTERED OR QUALIFIED UNDER THE SECURITIES LAWS OF ANY STATE.

OFFICIAL STATEMENT

\$ _____ *

**CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

This Official Statement, including the cover page and all Appendices hereto, is provided to furnish certain information in connection with the issuance by the City of Roseville (the “**City**”) by and through Improvement Area No. 2 (“**Improvement Area No. 2**”) of the City or Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”) of the bonds captioned above (the “**2024 Bonds**”).

Any statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized. Definitions of certain terms used herein and not defined herein have the meaning set forth in the Fiscal Agent Agreement. See APPENDIX F.

INTRODUCTION

This introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and attached appendices, and the documents summarized or described in this Official Statement. A full review should be made of the entire Official Statement. The offering of the 2024 Bonds to potential investors is made only by means of the entire Official Statement.

The City. The City is located in the Sacramento Valley near the foothills of the Sierra Nevada mountain range, about 16 miles northeast of Sacramento and 110 miles east of San Francisco. With an estimated population as of January 1, 2024 of approximately 154,329, the City is the largest city in Placer County (the “**County**”). For economic and demographic information regarding the area in and around the City, see “APPENDIX C – The City of Roseville and Placer County.”

The District and Improvement Area No. 2. On October 2, 2019, the City Council of the City (the “**City Council**”), as legislative body of the District, adopted a Resolution of Intention to form the District, and designate Improvement Area No. 1 as an improvement area therein, under the Mello-Roos Community Facilities Act of 1982, as amended (the “**Act**”), to levy a special tax (the “**Facilities Special Tax**,” also referred to herein as the “**Special Tax**”) and to incur bonded

* Preliminary; subject to change.

indebtedness for the purpose of financing certain authorized facilities. After conducting a noticed public hearing, on November 6, 2019, the City Council adopted a Resolution of Formation (the “**Resolution of Formation**”), which established the District, designated Improvement Area No. 1 as an improvement area therein, and formed a future annexation area for the District (the “**Future Annexation Area**”). In July 2022, the Master Developer (defined below) annexed a portion of the land (comprising phase 3 and phase 4 of the development) within the Future Annexation Area into the District as Improvement Area No. 2, approved the levy of special taxes pursuant to the Rate and Method (defined below), and established a bonded indebtedness limit for Improvement Area No. 2 of \$111,000,000. A first series of bonds were issued for Improvement Area No. 2 in July 2023 in the principal amount of \$14,300,000 (the “**2023 Bonds**”).

The Development. Land in Improvement Area No. 2 represents a portion of the larger “Winding Creek” development ongoing within the Creekview Specific Plan, which is located in the northwest portion of the City. Home building and sales in Improvement Area No. 1, which represents “phase 1” and “phase 2” of the project, is well underway, with ___ of the 544 total planned single-family residential units having sold and closed to individual homeowners as of November 1, 2024.

Property currently in Improvement Area No. 2 and subject to the Special Tax is under development into 561 taxable residential units, which represents “phase 3” and “phase 4” of the “Winding Creek” development. The Master Developer (defined below) has sold [all of the 561 taxable lots] to various merchant builders, as described herein. Homebuilding by the merchant builders is underway in phase 3 and phase 4.

Phase 5 of the project (planned for an additional 285 single-family residential units) remains in the Future Annexation Area and will be the final phase to develop and is expected to annex into the District as a separate improvement area. *Only the land in Improvement Area No. 2 is and will be security for the 2024 Bonds.*

The Master Developer. The master developer of the project, Anthem United Creekview Developments Limited Partnership, a Washington limited partnership (the “**Master Developer**”), has sold [all of the 561 taxable lots] in Improvement Area No. 2 to merchant builders and home construction is underway, with some homes sold to individual buyers, as described herein. Land in Improvement Area No. 2 also includes 168 HDR units designated as affordable units as part of “phase 3” of the project, which are not subject to the Special Tax and provide no security for repayment of the 2024 Bonds. See “IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT” and “THE MASTER DEVELOPER.”

The Merchant Builders. The following table summarizes ownership for parcels in Improvement Area No. 2 as of the September 20, 2024 date of value in the Appraisal.

Owner	Improved Single Family Lots	Homes Under Construction	Completed Homes	Partially Improved SFR Lots	Total
Individual Homeowners	--	--	132	--	132
DR Horton/Hearthstone Land Bank	8	13	17	74	112
Meritage	6	21	--	--	27
Woodside	51	34	--	--	85
Lennar/AG Land Bank	9	35	4	--	48
Master Developer	--	--	--	154	154
TOTAL	74	103	153	231	561

Subsequent to the date of value, the Master Developer sold the 231 remaining lots in “phase 4” of the project to various merchant builders. Of the planned 561 taxable lots in Improvement Area No. 2, [561 lots], comprising all of “Phase 3” and all of “Phase 4” of the project have been acquired by or for the following merchant builders (collectively, the “**Merchant Builders**”), with home construction underway and a number of homes completed, some of which are currently owned by individual homeowners:

- Lennar Homes of California, LLC, a California limited liability company (“**Lennar Homes**”) and AG EHC II (LEN) CA 2, L.P., the land bank, a Delaware limited partnership (“**AG Land Bank**”);
- Meritage Homes of California, Inc., a California corporation (“**Meritage**”);
- Woodside 05N, LP, a California limited partnership (“**Woodside**”);
- D.R. Horton CA2, Inc., a California corporation (“**D.R. Horton**”) and Dragon-Roseville, L.P., a Delaware limited partnership (the “**Hearthstone Land Bank**”), the land bank for D.R. Horton;
- Beazer Homes Holdings, LLC, a Delaware limited liability company (“**Beazer Homes**”) and Brookfield Homes (Winding) LLC, a Delaware limited liability company (“**Brookfield Land Bank**”), the land bank for Beazer Homes; and
- Tri Pointe Homes Holdings, Inc., a Delaware corporation (“**Tri Pointe**”) and KL LB BUY 5 LLC, a Delaware limited liability company (“**Kennedy Lewis Land Bank**”), the land bank for Tri Pointe.

For additional details, see “IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT” and “MERCHANT BUILDER INFORMATION.”

Authority for Issuance of the 2024 Bonds. The 2024 Bonds are issued pursuant to the Act, a resolution adopted by the City Council on _____, 2024 (the “**Resolution of Issuance**”) and a Fiscal Agent Agreement dated as of July 1, 2023, as supplemented and amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of December 1, 2024 (together, the “**Fiscal Agent Agreement**”), between the City and U.S. Bank Trust Company, National Association, as fiscal agent (the “**Fiscal Agent**”). The 2024 Bonds are the second series of bonds issued for Improvement Area No. 2 and are secured on parity with the 2023 Bonds.

Bond Terms. The 2024 Bonds will be dated as of and bear interest from the date of delivery thereof at the rate or rates set forth on the cover page of this Official Statement. Interest on the 2024 Bonds is payable on March 1 and September 1 of each year (each an “**Interest Payment Date**”), commencing March 1, 2025. The 2024 Bonds will be issued without coupons in denominations of \$5,000 or any integral multiple thereof.

Registration of Ownership of 2024 Bonds. The 2024 Bonds will be issued only as fully registered bonds in book-entry form, registered in the name of Cede & Co., as nominee of The Depository Trust Company (“**DTC**”). Ultimate purchasers of 2024 Bonds will not receive physical certificates representing their interest in the 2024 Bonds. So long as the 2024 Bonds are registered in the name of Cede & Co., as nominee of DTC, references herein to the Owners will mean Cede & Co. and will not mean the ultimate purchasers of the 2024 Bonds. Payments of

the principal, premium, if any, and interest on the 2024 Bonds will be made directly to DTC, or its nominee, Cede & Co. so long as DTC or Cede & Co. is the registered owner of the 2024 Bonds. Disbursements of such payments to DTC's Participants is the responsibility of DTC and disbursements of such payments to the Beneficial Owners is the responsibility of DTC's Participants and Indirect Participants, as more fully described herein. See "APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

Use of Proceeds. Proceeds of the 2024 Bonds will primarily be used to finance a portion of the costs of acquiring and constructing certain authorized infrastructure improvements (the "**Improvements**," as described herein) as part of the development being undertaken by the Master Developer. The Improvements consist generally of roadway, water, wastewater, drainage, and other infrastructure improvements necessary for development of property within the District, as well as park and open space improvements. Proceeds of the 2024 Bonds will also be deposited to a debt service reserve account for the 2024 Bonds, and to pay costs of issuance and to pay capitalized interest through and including September 1, 2025.

Security and Source of Payment. As security for the payment of the 2024 Bonds, a facilities special tax (herein the "**Special Tax**") applicable to each taxable parcel in Improvement Area No. 2. The 2023 Bonds, 2024 Bonds and any Additional Bonds that may be issued in the future pursuant to the terms of the Fiscal Agent Agreement (collectively, the "**Bonds**") are payable from the "**Special Tax Revenues**," consisting of the proceeds of the Special Taxes received by the City, including all scheduled payments and delinquent payments thereof, interest thereon and proceeds of the redemption or sale of property sold as a result of foreclosure of the lien of the Special Taxes, net of the administration charge of the County (currently at 1%), but do not include any interest in excess of the interest due on the Bonds or any penalties collected in connection with any such foreclosure. The 2024 Bonds are also payable from amounts held in certain funds and accounts pursuant to the Fiscal Agent Agreement, including a debt service reserve account, all as more fully described herein.

Special Taxes will be levied and collected according to the facilities tax liability determined by the City Council through the application of the Rate, Method of Apportionment, and Manner of Collection of Special Tax for Improvement Area No. 2 (the "**Rate and Method**"). The Rate and Method is set forth in its entirety in APPENDIX A hereto. The Rate and Method includes a services special tax component which is not security for the 2024 Bonds. Pursuant to the Rate and Method, a "Facilities Special Tax" will be levied and collected until the earlier of (i) the "Transition Year" (defined herein) or (ii) Fiscal Year 2086-87, and a "Maintenance Special Tax" will be levied and collected in perpetuity beginning in the Transition Year.

Only the "Facilities Special Tax" is pledged to the payment of the 2023 Bonds and 2024 Bond; the definition of "Special Taxes" used in the Fiscal Agent Agreement and this Official Statement refers only to the "Facilities Special Tax" levied in accordance with the Rate and Method. See "SECURITY AND SOURCES OF PAYMENT OF THE BONDS – Special Tax Methodology."

The Special Tax represents a lien on each parcel of land subject to the Special Tax, and failure to pay the Special Taxes could result in proceedings to foreclose the delinquent parcel. The Special Taxes do not constitute the personal indebtedness of the owners of taxed parcels. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS."

2024 Reserve Account of the Reserve Fund. A debt service reserve fund has been established under the Fiscal Agent Agreement (the "**Reserve Fund**"), and within the Reserve

Fund, separate reserve accounts are being established for each series of Bonds. Accordingly, at the time of issuance of the 2024 Bonds, a reserve account will be established within the Reserve Fund for the benefit of the holders of the 2024 Bonds (the “**2024 Reserve Account**”). The 2024 Reserve Account is available solely for the payment of debt service on the 2024 Bonds and no other parity obligations. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – 2024 Reserve Account of the Reserve Fund.”

Estimated Value of Taxable Property. Taxable property in Improvement Area No. 2 is security for the Special Tax that secures the Bonds. The City authorized the preparation of an appraisal report (the “**Appraisal**”) for certain real property within Improvement Area No. 2, which sets forth an aggregate value of taxable property currently in Improvement Area No. 2 of \$175,516,352, as of September 20, 2024. This composite value consists of an estimated market value of \$165,820,000 for the 542 taxable parcels that were appraised, plus \$9,696,352 of assessed valuation for the 19 taxable parcels having an improvement value on the Placer County property tax roll for Fiscal Year 2024-25. The appraised value assumes completion of the Improvements funded by the 2024 Bonds (but not any Additional Bonds that may be issued in the future) and accounts for the impact of the lien of the Special Tax on the value of the property. In considering the estimates of value evidenced by the Appraisal, it should be noted that the Appraisal is based upon a number of standard and special assumptions, which affect the estimates as to value. See “VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2 – The Appraisal” and APPENDIX B.

The estimated value of taxable property in Improvement Area No. 2 (\$175,516,352) is 6.05* times the \$29,024,048* aggregate principal amount of the 2023 Bonds and 2024 Bonds, plus overlapping general obligation bond debt. This is based on the entirety of Improvement Area No. 2, the value to lien ratio for individual parcels will vary from the average. See “VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2 – Value to Special Tax Burden Ratios.”

Future Parity Bonds. The maximum authorized indebtedness for Improvement Area No. 2 is \$111,000,000, and the 2024 Bonds represent the second series of special tax bonds issued under this authorization, of which \$14,300,000 was utilized for issuance of the 2023 Bonds. The authorized indebtedness limit was established to additionally allow the City to utilize a portion of the available authorized amount for the funding of certain deferred impact fees owed to the City, as described below. No Additional Bonds are anticipated to be issued for the acquisition and/or construction of additional Improvements.

Use of Bond Authorization for Development Impact Fee Deferral Bonds. In connection with the approval of development in the District (including Improvement Area No. 2), the City agreed that payment of certain impact fees owed by the Master Developer and merchant builders will be deferred (referred to as the “Development Impact Fee Deferral” in the Rate and Method) to allow payment of the deferred fees after the 2023 Bonds have been fully paid. The City expects to receive payment for the deferred impact fees either through continued collection of Special Taxes or through the issuance of future bonds after the 2023 Bonds have matured. If the City chooses to issue bonds to pay deferred impact fees, the remaining authorization will be available to be utilized by the City as a means therefor. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Future Parity Bonds.”

Risks of Investment. See the section of this Official Statement entitled “SPECIAL RISK FACTORS” for a discussion of special factors that should be considered, in addition to the other

* Preliminary; subject to change.

matters set forth herein, in considering the investment quality of the 2024 Bonds. In particular, no assurance can be given that the timing of construction of homes and/or sale of homes projected by the Merchant Builders in this Official Statement will be accomplished. See "SPECIAL RISK FACTORS."

Limited Obligation of the City. The general fund of the City is not liable and the full faith and credit of the City is not pledged for the payment of the interest on, or principal of or redemption premiums, if any, on the 2024 Bonds. The 2024 Bonds are not secured by a legal or equitable pledge of or charge, lien or encumbrance upon any property of the City or any of its income or receipts, except the money in the funds established and pledged to the 2024 Bonds under the Fiscal Agent Agreement, and neither the payment of the interest on nor principal of or redemption premiums, if any, on the 2024 Bonds is a general debt, liability or obligation of the City. The 2024 Bonds do not constitute an indebtedness of the City within the meaning of any constitutional or statutory debt limitation or restrictions, and neither the City Council, the City nor any officer or employee thereof are liable for the payment of the interest on or principal of or redemption premiums, if any, on the 2024 Bonds other than from the proceeds of the Special Taxes and the money in the funds established and pledged to the 2024 Bonds, as provided in the Fiscal Agent Agreement.

Summary of Information. Brief descriptions of certain provisions of the Fiscal Agent Agreement, the Bonds and certain other documents are included herein. The descriptions and summaries of documents herein do not purport to be comprehensive or definitive, and reference is made to each such document for the complete details of all its respective terms and conditions, copies of which are available for inspection at the office of the Chief Financial Officer of the City. All statements herein with respect to certain rights and remedies are qualified by reference to laws and principles of equity relating to or affecting creditors' rights generally. Capitalized terms used in this Official Statement and not otherwise defined herein have the meanings ascribed to such terms in the Fiscal Agent Agreement. The information and expressions of opinion herein speak only as of the date of this Official Statement and are subject to change without notice. Neither delivery of this Official Statement, any sale made hereunder, nor any future use of this Official Statement shall, under any circumstances, create any implication that there have been no changes to the City or the land in Improvement Area No. 2 since the date hereof. *Any statements made in this Official Statement involving matters of opinion or of estimates, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates will be realized.*

SOURCES AND USES OF FUNDS

A summary of the estimated sources and uses of funds associated with the sale of the 2024 Bonds follows:

Estimated Sources of Funds:

Principal Amount of 2024 Bonds	\$
Plus/Less: [Net] Original Issue Premium/Discount	
Total	\$

Estimated Uses of Funds:

Deposit to Improvement Fund	\$
Deposit to Bond Fund ⁽¹⁾	
Deposit to 2024 Reserve Account of the Reserve Fund ⁽²⁾	
Costs of Issuance ⁽³⁾	
Total	\$

(1) To pay capitalized interest on the 2024 Bonds through and including September 1, 2025.

(2) Equal to the initial Reserve Requirement for the 2024 Bonds.

(3) Includes fees of bond and disclosure counsel, fees, expenses and charges of the Fiscal Agent and its counsel, printing costs, fees of the special tax consultant and administrator, Appraiser, and Municipal Advisor, Underwriter's discount, and other costs of issuance.

THE BONDS

Authority for Issuance

The 2024 Bonds are issued pursuant to the Fiscal Agent Agreement, the Resolution of Issuance and the Act.

Description of the Bonds

Bond Terms. The 2024 Bonds will be dated as of and bear interest from the date of delivery thereof at the rates and mature in the amounts and years, as set forth on the cover page hereof. The 2024 Bonds are being issued in the denomination of \$5,000 or any integral multiple thereof.

Interest on the 2024 Bonds will be payable semiannually on March 1 and September 1 of each year (each an “**Interest Payment Date**”), commencing March 1, 2025. The principal of the 2024 Bonds and premiums due upon the redemption thereof, if any, will be payable in lawful money of the United States of America at the designated principal corporate trust office of the Fiscal Agent in Los Angeles, California, or such other place as designated by the Fiscal Agent, upon presentation and surrender of the 2024 Bonds; provided that so long as any 2024 Bonds are in book-entry form, payments with respect to such 2024 Bonds will be made by wire transfer, or such other method acceptable to the Fiscal Agent, to DTC.

Book-Entry Only System. The 2024 Bonds are being issued as fully registered bonds, registered in the name of Cede & Co., as nominee of The Depository Trust Company (“**DTC**”), and will be available to ultimate purchasers under the book-entry system maintained by DTC. Ultimate purchasers of 2024 Bonds will not receive physical certificates representing their interest in the 2024 Bonds. So long as the 2024 Bonds are registered in the name of Cede & Co., as nominee of DTC, references herein to the Owners will mean Cede & Co., and will not mean the ultimate purchasers of the 2024 Bonds. The Fiscal Agent will make payments of the principal, premium, if any, and interest on the 2024 Bonds directly to DTC, or its nominee, Cede & Co., so long as DTC or Cede & Co. is the registered owner of the 2024 Bonds. Disbursements of such payments to DTC’s Participants are the responsibility of DTC and disbursements of such payments to the Beneficial Owners are the responsibility of DTC’s Participants and Indirect Participants, as more fully described herein. See “APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

Calculation and Payment of Interest. Interest on the 2024 Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months. Interest on the 2024 Bonds (including the final interest payment upon maturity or earlier redemption) is payable by check of the Fiscal Agent mailed on each Interest Payment Date by first class mail to the registered Owner thereof at such registered Owner’s address as it appears on the registration books maintained by the Fiscal Agent at the close of business on the 15th day of the month preceding the month in which the Interest Payment Date occurs whether or not such day is a Business Day (the “**Record Date**”) preceding the Interest Payment Date, or by wire transfer made on such Interest Payment Date upon written instructions received by the Fiscal Agent on or before the Record Date preceding the Interest Payment Date, of any Owner of \$1,000,000 or more in aggregate principal amount of 2024 Bonds; provided that so long as any 2024 Bonds are in book-entry form, payments with respect to such 2024 Bonds will be made by wire transfer, or such other method acceptable to the Fiscal Agent, to DTC. See “APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM.”

Each 2024 Bond will bear interest from the Interest Payment Date next preceding the date of authentication thereof unless (i) it is authenticated on an Interest Payment Date, in which event it will bear interest from such date of authentication, or (ii) it is authenticated prior to an Interest Payment Date and after the close of business on the Record Date preceding such Interest Payment Date, in which event it will bear interest from such Interest Payment Date, or (iii) it is authenticated prior to the Record Date preceding the first Interest Payment Date, in which event it will bear interest from the Dated Date; provided, however, that if at the time of authentication of a 2024 Bond, interest is in default thereon, such 2024 Bond will bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment thereon. So long as the 2024 Bonds are registered in the name of Cede & Co., as nominee of DTC, payments of the principal, premium, if any, and interest on the 2024 Bonds will be made directly to DTC, or its nominee, Cede & Co. Disbursements of such payments to DTC's Participants are the responsibility of DTC and disbursements of such payments to the Beneficial Owners are the responsibility of DTC's Participants and Indirect Participants, as more fully described herein. See "APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM."

Redemption*

Optional Redemption. The 2024 Bonds are subject to optional redemption from any source of available funds (other than Prepayments of the Special Tax by property owners), in whole or in part among maturities as specified by the City and by lot within a maturity, on any date on and after September 1, 20__ at the following respective redemption prices (expressed as percentages of the principal amount of the 2024 Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
September 1, 20__ through August 31, 20__	103%
September 1, 20__ through August 31, 20__	102
September 1, 20__ through August 31, 20__	101
September 1, 20__ and any date thereafter	100

Mandatory Redemption From Prepayments. The 2024 Bonds are subject to mandatory redemption from Prepayments of the Special Tax by property owners, in whole or in part among maturities of the 2024 Bonds and any Additional Bonds, as specified by the City, and by lot within a maturity, on any Interest Payment Date at the following respective redemption prices (expressed as percentages of the principal amount of the 2024 Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
Interest Payment Dates through and including March 1, ____	103%
September 1, 20__ and March 1, 20__	102
September 1, 20__ and March 1, 20__	101
September 1, 20__ and any Interest Payment Date thereafter	100

* Preliminary; subject to change.

Prepayments and amounts released from the 2024 Reserve Account in connection with Prepayments will be allocated to the redemption of the 2024 Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the 2024 Bonds and shall be applied to redeem 2024 Bonds as nearly as practicable on a pro rata basis among maturities in increments of \$5,000; provided, however, that, for Prepayments of less than \$50,000, the City may specify that Prepayments be applied to one or more maturities of the 2024 Bonds or Additional Bonds so long as there is delivered to the Fiscal Agent a certification of a Special Tax consultant or administrator that, following such redemption from Prepayments, the maximum Special Taxes that may be levied in each Fiscal Year on Developed Property in Improvement Area No. 2 is not less than 110% of Maximum Annual Debt Service.

See "SPECIAL RISK FACTORS – Potential Early Redemption of Bonds from Prepayments" for a discussion of the potential for the 2024 Bonds to be priced with original issue premium and then be redeemed from Special Tax prepayments prior to maturity.

Mandatory Sinking Fund Redemption. The Term 2024 Bonds maturing September 1, 20__ and September 1, 20__ are subject to mandatory sinking payment redemption in part on September 1, 20__ and September 1, 20__, respectively, and on each September 1 thereafter to maturity, by lot, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium, in the aggregate respective principal amounts as set forth in the following tables:

Term 2024 Bonds Maturing September 1, 20__

Mandatory Redemption Date (<u>Sept. 1</u>)	Sinking Fund <u>Payment</u>
--	--------------------------------

(maturity)

Term 2024 Bonds Maturing September 1, 20__

Mandatory Redemption Date (<u>Sept. 1</u>)	Sinking Fund <u>Payment</u>
--	--------------------------------

(maturity)

The amounts in the foregoing tables will be reduced pro rata, in order to maintain substantially uniform debt service, as a result of any prior partial optional redemption or mandatory redemption of the 2024 Bonds.

Purchase In Lieu of Redemption. In lieu of redemption, moneys in the Bond Fund may be used and withdrawn by the Fiscal Agent for purchase of Outstanding 2024 Bonds, upon the filing with the Fiscal Agent of an Officer's Certificate requesting such purchase, at public or private sale as and when, and at such prices (including brokerage and other charges) as such Officer's

Certificate may provide, but in no event may 2024 Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to the date of purchase.

Redemption Procedure by Fiscal Agent. The Fiscal Agent will cause notice of any redemption to be mailed by first class mail, postage prepaid, at least 20 days but not more than 60 days prior to the date fixed for redemption, to the Securities Depositories and to one or more Information Services, and to the respective registered Owners of any 2024 Bonds designated for redemption, at their addresses appearing on the registration books in the Principal Office of the Fiscal Agent; but such mailing is not a condition precedent to such redemption and failure to mail or to receive any such notice, or any defect therein, will not affect the validity of the proceedings for the redemption of such 2024 Bonds.

Such notice will state the redemption date and the redemption price and, if less than all of the then Outstanding 2024 Bonds are to be called for redemption, will designate the CUSIP numbers and bond numbers of the 2024 Bonds to be redeemed by giving the individual CUSIP number and bond number of each 2024 Bond to be redeemed or will state that all 2024 Bonds between two stated bond numbers, both inclusive, are to be redeemed or that all of the 2024 Bonds of one or more maturities have been called for redemption, will state as to any 2024 Bond called in part the principal amount thereof to be redeemed, and will require that such 2024 Bonds be then surrendered at the Principal Office of the Fiscal Agent for redemption at the said redemption price, and will state that further interest on such 2024 Bonds will not accrue from and after the redemption date.

The City has the right to rescind any notice of the optional redemption of 2024 Bonds and such notice may be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the 2024 Bonds then called for redemption.

Whenever provision is made in the Fiscal Agent Agreement for the redemption of less than all of the 2024 Bonds of any maturity, the City will select the 2024 Bonds to be redeemed, from all 2024 Bonds or such given portion thereof of such maturity by lot in any manner which the City in its sole discretion deems appropriate. Upon surrender of 2024 Bonds redeemed in part only, the City will execute and the Fiscal Agent will authenticate and deliver to the registered Owner, at the expense of the City, a new 2024 Bond or 2024 Bonds, of the same series and maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the 2024 Bond or 2024 Bonds.

Effect of Redemption. From and after the date fixed for redemption, if funds available for the payment of the principal of, and interest and any premium on, the 2024 Bonds so called for redemption are deposited in the Bond Fund, such 2024 Bonds so called will cease to be entitled to any benefit under the Fiscal Agent Agreement other than the right to receive payment of the redemption price, and no interest will accrue thereon on or after the redemption date specified in such notice.

Transfer or Exchange of Bonds

So long as the 2024 Bonds are registered in the name of Cede & Co., as nominee of DTC, transfers and exchanges of 2024 Bonds will be made in accordance with DTC procedures. See "APPENDIX G – DTC AND THE BOOK-ENTRY ONLY SYSTEM." Any 2024 Bond may, in accordance with its terms, be transferred or exchanged by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of such 2024 Bond for

cancellation, accompanied by delivery of a duly written instrument of transfer in a form approved by the Fiscal Agent. Whenever any 2024 Bond or 2024 Bonds are surrendered for transfer or exchange, the City will execute and the Fiscal Agent will authenticate and deliver a new 2024 Bond or 2024 Bonds, for a like aggregate principal amount of 2024 Bonds of authorized denominations and of the same maturity. The cost for any services rendered or any fees or expenses incurred by the Fiscal Agent in connection with any such transfer or exchange will be paid by the City. The Fiscal Agent will collect from the Owner requesting such transfer any tax or other governmental charge required to be paid with respect to such transfer or exchange. No transfers or exchanges of 2024 Bonds will be required to be made (i) within 15 days prior to the date established by the Fiscal Agent for selection of 2024 Bonds for redemption or (ii) with respect to a 2024 Bond after such 2024 Bond has been selected for redemption.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

Special Taxes

The Bonds (consisting of the 2023 Bonds, the 2024 Bonds and any Additional Bonds that may be issued in the future) are payable from and secured by proceeds of the Special Taxes received by the City, including all scheduled payments and delinquent payments thereof, interest and proceeds of the redemption or sale of property sold as a result of foreclosure of the lien of the Special Taxes (but excluding any interest in excess of the interest due on the Bonds or any penalties collected in connection with any such foreclosure), and net of a 1% administration charge of the County (the “**Special Tax Revenues**”). All of the Special Tax Revenues and all moneys deposited in the Bond Fund and, until disbursed as provided herein, in the Special Tax Fund are pledged to secure the repayment of the Bonds. In addition, with respect to each Series of Bonds, all moneys in the applicable Reserve Account within the Reserve Fund for such Series is pledged to secure the repayment of the applicable Series, such that amounts in the 2024 Reserve Account are pledged to the 2024 Bonds. The Special Tax Revenues and all moneys deposited into such funds (except as otherwise provided in the Fiscal Agent Agreement) are dedicated to the payment of the principal of, including any mandatory sinking fund payments, and interest and any premium on, the Bonds as provided in the Fiscal Agent Agreement and in the Act until all of the Bonds have been paid and retired or defeased in accordance with the Fiscal Agent Agreement.

A Special Tax applicable to each taxable parcel in Improvement Area No. 2 will be levied and collected according to the tax amount determined by application of the Rate and Method administered by Willdan Financial Services, Temecula, California (the “**Special Tax Administrator**”) and set forth in APPENDIX A hereto for all taxable properties in Improvement Area No. 2. Prior to remittance of the Special Tax collections to the City, the County deducts and retains a 1% County administration fee, as noted above. Interest and principal on the Bonds is payable from the annual Special Tax Revenues to be paid to the City from Special Tax levies and collections on taxable property within Improvement Area No. 2, from amounts held in certain funds and accounts established under the Fiscal Agent Agreement and from the proceeds, if any, from the sale of such property for delinquency of such Special Taxes.

The Special Taxes are exempt from the property tax limitation of Article XIII A of the California Constitution, pursuant to Section 4 thereof as a “special tax” authorized by a two-thirds vote of the qualified electors. The levy of the Special Taxes was authorized by the City Council, as legislative body of the District, pursuant to the Act in an amount determined according to the Rate and Method. See “– Special Tax Methodology” below and APPENDIX A.

The amount of Special Taxes that the City may levy in any year, and from which principal and interest on the Bonds is to be paid, is strictly limited by the maximum rates approved by the qualified electors within Improvement Area No. 2, which is set forth in the Rate and Method. Under the Rate and Method, Special Taxes for the purpose of making payments on the Bonds will be levied annually in an amount not in excess of the maximum approved amount. The Special Taxes and any interest earned on the Special Taxes constitute a trust fund for the principal of and interest on the Bonds pursuant to the Fiscal Agent Agreement and, so long as the principal of and interest on these obligations remains unpaid, the Special Taxes and investment earnings thereon will not be used for any other purpose, except as permitted by the Fiscal Agent Agreement, and will be held in trust for the benefit of the owners thereof and will be applied pursuant to the Fiscal Agent Agreement. The Rate and Method apportions the Annual Facilities Costs (as defined in the Rate and Method and described below) among the taxable parcels of real property within

Improvement Area No. 2 according to the rate and methodology set forth in the Rate and Method. See “– Special Tax Methodology” below. See also “APPENDIX A – RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

The City may levy the Special Tax up to the amount of the Maximum Annual Facilities Special Tax set forth in the Rate and Method, if conditions so require. The City has covenanted to annually levy the Special Taxes in an amount at least sufficient to pay the Annual Facilities Costs (as defined below). Because each Special Tax levy is limited to the Maximum Annual Facilities Special Tax rates authorized as set forth in the Rate and Method, no assurance can be given that, in the event of Special Tax delinquencies, the amount of the Annual Facilities Costs will in fact be collected in any given year. In addition, Section 53321(d) of the Act provides that the special tax levied against any parcel for which an occupancy permit for private residential use has been issued may not be increased as a consequence of delinquency or default by the owner of any other parcel within a community facilities district by more than 10% above the amount that would have been levied in such Fiscal Year had there never been any such delinquencies or defaults. See “SPECIAL RISK FACTORS – Tax Delinquencies” herein. The Special Taxes are collected for the City by the County in the same manner and at the same time as *ad valorem* property taxes.

Special Tax Methodology

Pursuant to the Rate and Method, a “Facilities Special Tax” will be levied and collected until the earlier of (i) the Transition Year (defined herein) or (ii) Fiscal Year 2086-87, and a “Maintenance Special Tax” will be levied and collected in perpetuity beginning in the Transition Year. *Only the “Facilities Special Tax” is pledged to the payment of the Bonds, and the definition of Special Taxes used in the Fiscal Agent Agreement and this Official Statement refers only to the “Facilities Special Tax” levied in accordance with the Rate and Method. Capitalized terms set forth in this section and not otherwise defined have the meanings set forth in the Rate and Method.*

Determination of Annual Facilities Costs. Each year, the City will determine the Annual Facilities Costs for the upcoming Fiscal Year. The “**Annual Facilities Costs**” includes the following amounts (less any available earnings on any reserve fund, special tax funds, available capitalized interest or any other available revenues):

- (i) Debt Service to be paid from Facilities Special Taxes;
- (ii) the amount needed to replenish bond reserve funds to the level required by Bond documents, to the extent not included in a computation of Annual Facilities Costs in a previous Fiscal Year;
- (iii) Administrative Expenses for such Fiscal Year;
- (iv) the amount needed to (1) cure any delinquencies in the payment of principal or interest on Bonds which have occurred in the prior Fiscal Year, and (2) to fund any foreseeable deficiency of the amount to be available for the payment of principal or interest on Bonds which are expected to occur in such Fiscal Year, in each case to the extent not already included in the calculation of Annual Facilities Costs in the current or any previous Fiscal Year;
- (v) the amount needed to (1) cure any delinquencies in the payment of the Facilities Special Taxes in the prior Fiscal Year, (2) to fund any foreseeable deficiency of

the amount to be available for the payment of Facilities Special Taxes which are expected to occur in such Fiscal Year, in each case, to the extent not already included in the calculation of Annual Facilities Costs in the current or any previous Fiscal Year;

(vi) pay-as-you-go expenditures for authorized improvements; and

(vii) during the Deferral Bonding Period, the amount needed to pay Development Impact Fee Deferrals not financed by Bonds.

The Annual Facilities Costs is the basis for the amount of Special Tax to be levied within Improvement Area No. 2. In no event may the City levy a Special Tax in any year above the Maximum Annual Facilities Special Tax identified for each parcel in the Rate and Method.

Parcels Subject to the Facilities Special Tax. The Rate and Method identifies 9 large-lot taxable parcels planned for residential uses within the boundary of Improvement Area No. 2, which large-lot parcels have now been subdivided into small lot final mapped parcels. Each fiscal year, the City will prepare a list of the then-current parcels subject to the Special Tax using the records of the City and the County Assessor, and will tax such parcels in accordance with the Rate and Method. Taxable parcels that are acquired by a public agency in the future will remain subject to the Facilities Special Tax unless a “trade” resulting in no loss of Facilities Special Tax revenue can be made, as described in the Rate and Method.

Limitation on Increases in Levy of Facilities Special Tax. If owners are delinquent in the payment of Facilities Special Taxes, the City may not increase Facilities Special Tax levies to make up for delinquencies for prior Fiscal Years above the Maximum Facilities Special Tax rates specified for each category of property within Improvement Area No. 2. In addition, Section 53321(d) of the Act provides that the special tax levied against any parcel for which an occupancy permit for private residential use has been issued may not be increased as a consequence of delinquency or default by the owner of any other parcel within a community facilities district by more than 10% above the amount that would have been levied in such Fiscal Year had there never been any such delinquencies or defaults. In cases of significant delinquency, these factors may result in defaults in the payment of principal of and interest on the Bonds. See “SPECIAL RISK FACTORS.”

Duration of the Facilities Special Tax; Transition Year. The Facilities Special Tax will be levied and collected (up to maximum allowable amount) until the earlier of (i) the Transition Year or (ii) Fiscal Year 2086-87. For purposes of Improvement Area No. 2, “Transition Year” means the first Fiscal Year following the Fiscal Year in which the Transition Event occurred, and “Transition Event” means the earlier of (i) after the Initial Bonding Period, the Fiscal Year in which the Administrator determines the Development Impact Fee Deferral has been repaid in full to the City and the City determines funding is no longer needed for Annual Facilities Costs, or (ii) Fiscal Year 2086-87. “Initial Bonding Period” means the period in which Bonds are outstanding or refunded which financed Authorized Facilities (as defined in the Rate and Method) costs or refunded prior Bonds, other than the Development Impact Fee Deferral.

Prepayment of the Facilities Special Tax. The Rate and Method provides that residential parcels may prepay a portion of the Facilities Special Tax by a cash settlement with the City. The amount of the prepayment required is to be calculated according to a formula set forth in the Rate and Method, which is generally based on the net present value of the remaining years in which the Facilities Special Tax will be collected, including the effect of a 2% per year escalation factor applicable for the time Bonds remain outstanding using a discount rate equal to

the most current yield for the 30-year Treasury Constant Maturity as the discount factor, plus an amount representing the Development Impact Fee Deferral Amount (which amount is not available for prepayment of the Bonds), all as described in Section 8 of the Rate and Method set forth in APPENDIX A. Prepayment is only allowed if the City determines that the prepayment does not jeopardize its ability to make timely payments of debt service on outstanding Bonds, and the City maintains at least 110% debt service coverage on the outstanding Bonds.

Reduction of the Maximum Annual Facilities Special Tax Prior to First Bond Sale.

The Rate and Method includes a provision that, at the request of the developer/builders, the Maximum Annual Special Taxes set forth in the Rate and Method could be reduced once prior to the first sale of special tax bonds for Improvement Area No. 2. This provision was not utilized, and is no longer applicable, given the issuance and sale of the 2023 Bonds.

Levy of Annual Special Tax; Maximum Special Tax

General. The annual Special Tax will be calculated by the City and levied to provide money for debt service on the Bonds, replenishment of Reserve Accounts established within the Reserve Fund for each Series of Bonds, certain delinquencies, administration of the District (including Improvement Area No. 2), and for payment of pay-as-you-go expenditures (to the extent permitted by the City) of the authorized public capital facilities not funded from Bond proceeds. In no event may the City levy a Special Tax in any year above the maximum identified for each taxable parcel in the Rate and Method. Land in Improvement Area No. 2 also includes 168 HDR units designated as affordable units as part of “phase 3” of the project, which are not subject to the Special Tax and provide no security for repayment of the Bonds.

Annual Special Tax Levy. The Special Tax will be levied each year by calculating the amount needed to be generated by all Taxable Parcels in Improvement Area No. 2; the Special Tax (up to the maximum allowable amount) will be levied against each Taxable Parcel until the Special Tax revenue equals such amount; however, the Rate and Method establishes a priority for which properties will be levied a Special Tax. First, all “Developed Parcels” in Improvement Area No. 2 receive a levy. “**Developed Parcel**” for single-family parcels is defined in the Rate and Method as a parcel for which a Final Small Lot Subdivision Map was recorded before May 1 of the preceding Fiscal Year. If additional amounts are needed, a levy is made against each “Small Lot Tentative Map Parcel” in Improvement Area No. 2, then each “Large Lot Parcel” in Improvement Area No. 2, then each “Undeveloped Parcel” in Improvement Area No. 2. See “APPENDIX A – RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX.”

For Fiscal Year 2024-25, the Assigned Maximum Annual Facilities Special Tax per Unit is \$3,237 for LDR units and \$2,547 for MDR units, respectively.

The City covenants in the Fiscal Agent Agreement to fix and levy the amount of Special Taxes within Improvement Area No. 2 required for the payment of principal of and interest on any outstanding Bonds of Improvement Area No. 2 becoming due and payable during the ensuing year, including any necessary replenishment or expenditure of the Reserve Fund for the Bonds and an amount estimated to be sufficient to pay the Administrative Expenses during such year, all in accordance with the Rate and Method. The Special Tax is authorized to be levied in an amount not to exceed the Maximum Special Tax levy as described in the Rate and Method notwithstanding that a lower amount is sufficient to pay debt service on the Bonds. The Rate and Method provides a mechanism whereby the City may utilize the pay-as-you-go component to pay for and/or reimburse developers for a portion of the cost of Improvements not funded by proceeds of the bonds issued for Improvement Area No. 2. Proceeds of the annual Special Tax levy will

first be used to pay the “Annual Facilities Costs” (which include debt service payments on the Bonds) other than pay-as-you-go expenditures, and the City contemplates that the levy will include a pay-as-you-go component in an amount equal to the Maximum Annual Facilities Special Tax on Developed Parcels, for deposit into the Improvement Fund for authorized costs not funded from Bond proceeds. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Special Tax Methodology” above. See “APPENDIX A – RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” for a copy of the Rate and Method.

Annual Escalation of Facilities Special Tax. The Facilities Special Tax escalates by 2% per fiscal year until the Transition Event, and thereafter will no longer be levied. See “APPENDIX A – RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX” and for a table showing the expected land uses and assigned Maximum Special Taxes, see “Attachment 2” in such Appendix.

Special Tax Fund

When received, the Special Tax Revenues are required under the Fiscal Agent Agreement to be deposited into a Special Tax Fund to be held by the City in trust for the benefit of the City and the Owners of the Bonds. Within the Special Tax Fund, the City has established and will maintain the Surplus Account, to the credit of which the City will deposit surplus Special Tax Revenue, if any, as described below. Moneys in the Special Tax Fund will be disbursed as provided below and, pending any disbursement, will be subject to a lien in favor of the Owners of the Bonds.

All Special Tax Revenue will be deposited in the Special Tax Fund upon receipt. Prior to each Interest Payment Date, the City will withdraw from the Special Tax Fund and transfer (i) to the Fiscal Agent for deposit in the reserve accounts of the Reserve Fund, an amount which when added to the amount then on deposit therein is equal to the Reserve Requirement with respect to each series of Bonds, and (ii) to the Fiscal Agent for deposit in the Bond Fund an amount, taking into account any amounts then on deposit in the Bond Fund, such that the amount in the Bond Fund equals the principal, premium, if any, and interest due on the Bonds on the next Interest Payment Date; provided, however, that as soon as practicable after the receipt by the City of any prepayments of Special Taxes, but no later than 10 Business Days after such receipt, the City shall transfer such prepayments to the Fiscal Agent for deposit into the Prepayment Account of the Bond Fund to be used for the redemption of bonds. At such time as deposits to the Special Tax Fund equal the principal, premium if any, and interest becoming due on the Bonds for the current Bond Year and the amount needed to restore the reserve accounts of the Reserve Fund balance to the Reserve Requirement with respect to each series of Bonds, the amount in the Special Tax Fund in excess of such amount may, at the discretion of the City, be transferred to the Surplus Account, which will occur on or after September 2nd of each year. From time to time, the City may withdraw from the Surplus Account of the Special Tax Fund amounts needed to pay the City’s administrative expenses and County fees; provided that such transfers will not be in excess of the portion of the Special Tax Revenues collected by the City that represent levies for administrative expenses. Moneys in the Surplus Account may also be transferred, at the City’s discretion, to the Improvement Fund to pay for costs of the Improvements (including reimbursements to developers for the cost of Improvements not funded from proceeds of Bonds issued for Improvement Area No. 2) or authorized facility contributions, to pay the principal of, premium, if any, and interest on the Bonds or to replenish amounts in the Reserve Fund.

Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure

The Special Tax will be collected in the same manner and the same time as *ad valorem* property taxes, except at the City's option, the Special Taxes may be billed directly to property owners or collected at a different time to meet the City's financial obligations. In the event of a delinquency in the payment of any installment of Special Taxes, the City is authorized by the Act to order institution of an action in superior court to foreclose the lien therefor.

The City has covenanted in the Fiscal Agent Agreement with and for the benefit of the Owners of the Bonds that it will annually on or before September 1 of each year review the public records of the County relating to the collection of the Special Tax in order to determine the amount of the Special Tax collected in the prior fiscal year, and if the City determines on the basis of such review that the amount so collected is deficient by more than 5% of the total amount of the Special Tax levied in Improvement Area No. 2 in such Fiscal Year, it will within 30 days thereafter institute foreclosure proceedings as authorized by the Act in order to enforce the lien of the delinquent installment of the Special Tax against each separate lot or parcel of land in Improvement Area No. 2 for which such installment of the Special Tax is delinquent, and will diligently prosecute and pursue such foreclosure proceedings to judgment and sale; *provided*, that if the City determines on the basis of such review that (a) the amount so collected is deficient by less than 5% of the total amount of the Special Tax levied in Improvement Area No. 2 in such Fiscal Year, but that property owned by any single property owner in Improvement Area No. 2 is delinquent by more than \$5,000 with respect to the Special Tax due and payable by such property owner in such Fiscal Year, or (b) property owned by any single property owner in Improvement Area No. 2 is delinquent cumulatively by more than \$3,250 with respect to the current and past Special Tax due (irrespective of the total delinquencies in Improvement Area No. 2), then the City will institute, prosecute and pursue such foreclosure proceedings in the time and manner provided herein against each such property owner.

Under the Act, foreclosure proceedings are instituted by the bringing of an action in the superior court of the county in which the parcel lies, naming the owner and other interested persons as defendants. The action is prosecuted in the same manner as other civil actions. In such action, the real property subject to the special taxes may be sold at a judicial foreclosure sale for a minimum price that will be sufficient to pay or reimburse the delinquent special taxes.

The owners of the Bonds benefit from the Reserve Fund established pursuant to the Fiscal Agent Agreement; however, if delinquencies in the payment of the Special Taxes with respect to the Bonds are significant enough to completely deplete the Reserve Fund, there could be a default or a delay in payments of principal and interest to the owners of the Bonds pending prosecution of foreclosure proceedings and receipt by the City of the proceeds of foreclosure sales. Provided that it is not levying the Special Tax at the Maximum Annual Facilities Special Tax rates set forth in the Rate and Method, the City may adjust the Special Taxes levied on all property within Improvement Area No. 2 subject to the Special Tax to provide an amount required to pay debt service on the Bonds and to replenish the Reserve Fund. However, such adjustment is subject to the Maximum Annual Facilities Special Tax and to the limitation described under the caption "—Special Tax Methodology" above.

Under current law, a judgment debtor (property owner) has at least 120 days from the date of service of the notice of levy to redeem the property to be sold. If a judgment debtor fails to redeem and the property is sold, his or her only remedy is an action to set aside the sale, which must be brought within 90 days of the date of sale. If, as a result of such an action a foreclosure sale is set aside, the judgment is revived and the judgment creditor is entitled to interest on the

revived judgment as if the sale had not been made (California Code of Civil Procedure Section 701.680).

Foreclosure by court action is subject to normal litigation delays, the nature and extent of which are largely dependent upon the nature of the defense, if any, put forth by the debtor and the condition of the calendar of the superior court of the county. Such foreclosure actions can be stayed by the superior court on generally accepted equitable grounds or as the result of the debtor's filing for relief under the Federal bankruptcy laws. The Act provides that, upon foreclosure, the Special Tax lien will have the same lien priority as is provided for *ad valorem* taxes and special assessments. See "VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2 – Priority of Lien."

No assurances can be given that the real property subject to a judicial foreclosure sale will be sold or, if sold, that the proceeds of sale will be sufficient to pay any delinquent Special Tax installment. The Act does not require the City to purchase or otherwise acquire any lot or parcel of property foreclosed upon if there is no other purchaser at such sale.

Section 53356.6 of the Act requires that property sold pursuant to foreclosure under the Act be sold for not less than the amount of judgment in the foreclosure action, plus post-judgment interest and authorized costs, unless the consent of the owners of at least 75% of the outstanding Bonds is obtained. However, under Section 53356.6 of the Act, the City, as judgment creditor, is entitled to purchase any property sold at foreclosure using a "credit bid," where the City could submit a bid crediting all or part of the amount required to satisfy the judgment for the delinquent amount of the Special Tax. If the City becomes the purchaser under a credit bid, the City must pay the amount of its credit bid into the redemption fund established for the Bonds, but this payment may be made up to 24 months after the date of the foreclosure sale.

2024 Reserve Account of Reserve Fund

The Reserve Fund has been established under the Fiscal Agent Agreement, and within the Reserve Fund, separate reserve accounts are being established for each series of Bonds. Accordingly, at the time of issuance of the 2024 Bonds, the 2024 Reserve Account will be established within the Reserve Fund for the benefit of the holders of the 2024 Bonds. The 2024 Reserve Account is available solely for the payment of debt service on the 2024 Bonds and no other parity obligations.

Upon delivery of the 2024 Bonds, the Fiscal Agent will deposit an amount of the proceeds into the 2024 Reserve Account of the Reserve Fund so that the amount therein equals the "**Reserve Requirement**," which means, with respect to any series of Bonds, the least of (i) 125% of the average Annual Debt Service with respect to the applicable series of Bonds; (ii) Maximum Annual Debt Service with respect to the applicable series of Bonds; and (iii) 10% of the original principal amount of the applicable series of Bonds (or, if the applicable series of Bonds has more than a de minimis amount of original issue discount or premium, 10% of the issue price of such series of Bonds); provided, that—

- (a) the Reserve Requirement for the 2024 Bonds shall not increase after the date of issuance of the 2024 Bonds;
- (b) in no event shall the City be obligated to deposit an amount in any reserve account in excess of the amount permitted by the applicable provisions of the Code to be so deposited from the proceeds of tax-exempt bonds without having to restrict the yield

of any investment purchased with any portion of such deposit and, if the amount of any such deposit is so limited, the Reserve Requirement shall be only the amount of such deposit as permitted by the Code; and

- (c) the City may meet all or a portion of the Reserve Requirement with respect to any series of Bonds by depositing a Qualified Reserve Fund Credit Instrument.

As noted above, for each series of Additional Bonds, the Fiscal Agent shall establish a separate subaccount within the Reserve Fund for such series and moneys in each subaccount shall be held in trust by the Fiscal Agent for the benefit of the Owners of the respective series of Bonds.

The City has the right to either meet the Reserve Requirement at the time of issuance of a series of Bonds or at any time thereafter to cause the Fiscal Agent to release cash from the Reserve Fund, in whole or in part, by tendering to the Fiscal Agent: (1) a Qualified Reserve Fund Credit Instrument, and (2) in the case of a release, an opinion of Bond Counsel stating that such release will not, of itself, cause the portion of the interest on the Bonds secured thereby to become includable in gross income for purposes of federal income taxation. Upon tender of such items to the Fiscal Agent in connection with a release of cash, the Fiscal Agent will transfer such funds to the City. Prior to the expiration of any Qualified Reserve Fund Credit Instrument, if applicable, the City is obligated either to replace such Qualified Reserve Fund Credit Instrument with a new Qualified Reserve Fund Credit Instrument, or to deposit or cause to be deposited with the Fiscal Agent an amount of funds such that the funds on deposit in the Reserve Fund together with all Qualified Reserve Fund Credit Instruments held by the Fiscal Agent is at least equal to the Reserve Requirement (which funds may come from a draw by the Fiscal Agent on the Qualified Reserve Fund Credit Instrument prior to its expiration).

“Qualified Reserve Fund Credit Instrument” means an irrevocable standby or direct-pay letter of credit or surety bond issued by a commercial bank or insurance company and deposited with the Fiscal Agent, provided that all of the following requirements are met: (a) the long-term credit rating of such bank or insurance company is rated in the top two categories (without regard to modifier) by S&P Global Ratings, a business unit of Standard & Poor’s Financial Services LLC or Moody’s Investors Service, Inc. at the time of issuance; (b) such letter of credit or surety bond has a term of at least 12 months; (c) such letter of credit or surety bond has a stated amount at least equal to the portion of the Reserve Requirement being met by such instrument or with respect to which funds are proposed to be released pursuant to the Fiscal Agent Agreement; and (d) the Fiscal Agent is authorized pursuant to the terms of such letter of credit or surety bond to draw thereunder an amount equal to any deficiencies which may exist from time to time in the Bond Fund for the purpose of making payments required pursuant to the Fiscal Agent Agreement.

Whenever, on the Business Day prior to any Interest Payment Date, the amount in any reserve account within the Reserve Fund exceeds the Reserve Requirement for the applicable series of Bonds covered by such reserve account, the Fiscal Agent shall provide written notice to the Chief Financial Officer of the amount of the excess. The Chief Financial Officer shall advise the Fiscal Agent in writing of the amount, if any, of any transfer required pursuant to the Fiscal Agent Agreement, and otherwise direct the Fiscal Agent to transfer an amount equal to the excess to the Improvement Fund, if the Project has not been completed as of the date of such transfer, or if the Project has been completed, to the Bond Fund to be used for the payment of the principal of and interest on the Outstanding Bonds covered by the applicable reserve account in accordance with the Fiscal Agent Agreement; provided, that to the extent that such excess results

from the prepayment of Special Taxes and redemption of Bonds, such amount shall be transferred to the Prepayment Account and applied to the corresponding redemption of Bonds.

Whenever the balance in the Reserve Fund exceeds the amount required to redeem or pay the Outstanding Bonds, including interest accrued to the date of payment or redemption and premium, if any, due upon redemption, and make any other transfer required under the Fiscal Agent Agreement, the Fiscal Agent will transfer the amount in the Reserve Fund to the Bond Fund to be applied, on the next succeeding Interest Payment Date, to the payment and redemption of all of the Outstanding Bonds. If the amount so transferred from the Reserve Fund to the Bond Fund exceeds the amount required to pay and redeem the Outstanding Bonds, the balance in the Reserve Fund will be transferred to the City, after payment of any amounts due the Fiscal Agent, to be used for any lawful purpose of the City.

Improvement Fund

Under the Fiscal Agent Agreement, there is established an Improvement Fund, which is to be held in trust by the Fiscal Agent and will be disbursed as provided in the Fiscal Agent Agreement for the payment or reimbursement of the costs of the construction and acquisition of the Improvements in accordance with the Acquisition Agreement (as described herein). Interest earnings from the investment of amounts in the Improvement Fund will be retained in the Improvement Fund to be used for the purposes of the Improvement Fund.

Upon completion of the Improvements and payment to the Master Developer or other entities that are due reimbursement for Improvements, the Fiscal Agent will transfer the amount, if any, remaining in the Improvement Fund to the Bond Fund for application to the payment of principal of and interest on the Bonds in accordance with the Fiscal Agent Agreement, and the Improvement Fund will be closed.

Future Parity Bonds

The proceedings conducted under the Act for the District and Improvement Area No. 2 authorize the issuance of up to \$111,000,000 of special tax bonds for Improvement Area No. 2, of which the 2023 Bonds represented the first series and the 2024 Bonds represent the second series. The authorized indebtedness limit was established to additionally allow the City to utilize a portion of the available authorized amount for the funding of certain deferred impact fees owed to the City, as described elsewhere in this Official Statement. No Additional Bonds are anticipated to be issued for the acquisition and/or construction of additional Improvements.

The City may by a Supplemental Agreement, authorize the issuance of one or more additional series of Bonds (previously defined as the “**Additional Bonds**”) payable from Special Taxes and secured by the Special Tax Revenues on a parity with the 2023 Bonds and 2024 Bonds upon compliance by the City with the conditions set forth in the Fiscal Agent Agreement, which include the following:

(i) There shall be deposited into a reserve account of the Reserve Fund, an amount at least equal to the Reserve Requirement with respect to such Additional Bonds.

(ii) After giving effect to the issuance of the Additional Bonds, for each Bond Year the Additional Bonds are Outstanding, projected Special Tax Revenues (which are net of 1% County collection charge), if levied at the maximum annual Special Tax rates per the Rate and Method, in each Fiscal Year are at least equal to 110% of Debt Service

due in the Bond Year that begins in the corresponding Fiscal Year, as calculated by the special tax consultant to the City.

(iii) After giving effect to the issuance of the Additional Bonds, the aggregate value of all parcels in Improvement Area No. 2 subject to the Special Tax, including then existing improvements and any facilities to be constructed or acquired with the proceeds of the Additional Bonds, as determined by an MAI appraisal, assessed valuations shown on the then current County tax roll, or by a combination of both methods, is at least 3 times the sum of (1) the aggregate principal amount of all Bonds then Outstanding, plus (2) the aggregate principal amount of the Additional Bonds proposed to be issued, plus (3) the proportionate principal amount of any bonds then outstanding and payable from assessments which are a lien against property in Improvement Area No. 2, plus (4) a portion of the aggregate principal amount of all bonds issued under the Act, other than 2023 Bonds then Outstanding and the Additional Bonds, payable at least partially from special taxes to be levied on parcels of land subject to the Special Tax within Improvement Area No. 2 (the “**Other Mello-Roos Bonds**”) equal to the aggregate principal amount of the Other Mello-Roos Bonds multiplied by a fraction, the numerator of which is the amount of special taxes levied for the Other Mello-Roos Bonds on parcels of land within Improvement Area No. 2 subject to the Special Tax, and the denominator of which is the total amount of special taxes levied for the Other Mello-Roos Bonds on all parcels of land subject to the Special Tax against which the special taxes are levied to pay the Other Mello-Roos Bonds (such fraction to be determined based upon the special taxes which could be levied the year in which the Additional Bonds are issued, as determined by the City), based upon information from the most recent available Fiscal Year.

Additional Bonds may be issued to finance additional improvements, Deferred Impact Fees, and/or to refund outstanding Bonds. Additional Bonds may be issued for the purpose of refunding any outstanding Bonds without meeting the foregoing conditions so long as debt service on the refunding Bonds in each Bond Year is less than debt service on the Bonds refunded.

Nothing in the Fiscal Agent Agreement shall be interpreted to prohibit issuance of bonds or Additional Bonds secured on a subordinate basis to the Bonds.

In connection with the approval of development in Improvement Area No. 2, the City has agreed that payment of certain impact fees owed by the Master Developer and merchant builders in Improvement Area No. 2 will be deferred (referred to as the “Development Impact Fee Deferral” in the Rate and Method) to allow payment of the deferred fees after the 2023 Bonds have been fully paid. The City expects to receive payment for the deferred impact fees either through continued collection of Special Taxes or through the issuance of future bonds after the 2023 Bonds have matured. If the City chooses to issue bonds to pay deferred impact fees, the remaining authorization will be available to be utilized by the City as a means therefor.

DEBT SERVICE SCHEDULE

The annual debt service on the 2024 Bonds, assuming no early redemptions other than mandatory sinking fund payments, is set forth below.

THE CREEKVIEW SPECIFIC PLAN

The taxable property within Improvement Area No. 2 consists of “phase 3” and “phase 4” (561 residential lots) within the Winding Creek project in the Creekview Specific Plan (the “**Creekview Specific Plan**”). The overall Creekview Specific Plan area is planned for 1,464 single-family units, 547 multi-family units, approximately 9.2 acres of commercial land, 15.8 acres of parks, 136.9 acres of open space, as well as a 7-acre school site and various public/quasi-public land uses.

The Specific Plan land area is located in the City, in southwestern Placer County; specifically, it is bounded by the under construction extension of Blue Oaks Boulevard (along the Phillip Road alignment) within the West Roseville Specific Plan (WRSP) on the south, the Fiddymont Ranch portion of the WRSP to the east, the Amoruso Ranch Specific Plan to the north, and the City of Roseville’s Al Johnson Wildlife Area property to the west.

The intent of the Creekview Specific Plan is to promote the systematic and orderly development of the plan area. All subsequent development projects and related activities in the Creekview Specific Plan area are required to be consistent with the Creekview Specific Plan. The Creekview Specific Plan implements the goals and policies of the City of Roseville General Plan and augments these goals and policies by providing specific direction to reflect conditions unique to the project and plan area. The City’s General Plan serves as the long-term policy guide for the physical, economic and environmental growth of the City. The property within the District was included within the Creekview Specific Plan at adoption, and is a component of the Creekview Specific Plan. The full text of the Creekview Specific Plan is available on the City’s website.

Land Use Concept. The Creekview Specific Plan is planned primarily as a residential community, while also providing recreation, open space, employment and educational opportunities. The primary elements that comprise the form of the Creekview Specific Plan land use plan include a commercial area, residential neighborhoods and park/open space areas, as described below.

Blue Oaks/Westbrook Commercial – The intersection of Blue Oaks Boulevard and Westbrook Boulevard creates the plan area’s best opportunity for commercial uses, anticipated to consist of community commercial, business professional and related uses. These uses are anticipated to support approximately 190,000 square feet of commercial/business uses, including a grocery store, drug store, retail services, personal services and professional offices.

Residential Neighborhoods – A variety of housing styles similar to that found elsewhere in the City are planned. The neighborhoods are generally divided by the geography of the site into four irregularly-sized quadrants. Each quadrant has its own adjacent land uses, natural resources and circulation requirements.

Parks and Open Space – Approximately 30% of the plan area is planned for park and open spaces use, which is equivalent to 28 acres of park and open space per 1,000 residents. Open space corridors provide for passive recreation opportunities, preservation of significant resources, viewsheds, potential floodwater conveyance and retention, resource mitigation, wildlife movement corridors, and can function to improve the interface between uses.

Maps. Maps showing the region and local area where Improvement Area No. 2 is located, as well as the boundaries of Improvement Area No. 2 follow.

IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT

The information regarding development of the property contained under this caption has been provided by representatives of the Master Developer, and has not been independently confirmed or verified by the Underwriter or the City. Neither the Underwriter nor the City makes any representation as to the accuracy or adequacy of the information contained under this caption. There may be material adverse changes in this information after the date of this Official Statement. See “SPECIAL RISK FACTORS” herein.

The Winding Creek Development

General. The land within Improvement Area No. 1 and Improvement Area No. 2 of the District and a future improvement area to be created from the future annexation area of the District comprises the “Winding Creek” project (herein, the “**Winding Creek Development**”) being developed by the Master Developer north of Blue Oaks Boulevard and west of the Fiddymont Farm development, within the Creekview Specific Plan in the northwest part of the City. See “THE CREEKVIEW SPECIFIC PLAN” above.

The Winding Creek Development is a master planned community being developed in five phases. Improvement Area No. 1 of the District comprises Phases 1 and 2. Improvement Area No. 2 comprises Phases 3 and 4. A planned Phase 5 is expected to be within a separate improvement area.

Improvement Area No. 1 is comprised of 544 single family homes developed or under development by homebuilders D.R. Horton, K. Hovnanian Homes, Richmond American and Meritage Homes, and also includes 263 apartment units (not including 116 affordable rental units not subject to a special tax). Bonds for Improvement Area No. 1 were issued in September 2020 and December 2021 in the principal amounts of \$10,905,000 and \$12,500,000 respectively. *Information on land in Improvement Area No. 1 is provided for informational purposes; only the land in Improvement Area No. 2 is security for the Bonds.*

Taxable land within Improvement Area No. 2, which is security for the Bonds, consists of approximately 167 acres planned for 561 taxable single-family homes within Phase 3 and 4 of the Winding Creek Development. The final maps for Phase 3 (330 lots) were recorded in August 2022 and lot construction was completed in March 2023. The final maps for Phase 4 (231 lots) were recorded in August 2024 and lot construction was completed in October 2024. The 2023 Bonds were the first series of bonds issued for Improvement Area No. 2 in July 2023 in the principal amount of \$14,300,000.

Planned Development in Improvement Area No. 2. The property in Improvement Area No. 2, is under development as a mix of Low Density Residential (“**LDR**”), Medium Density Residential (“**MDR**”), and High Density Residential (“**HDR**”), as shown in the table on the following page.

Table 1
Property Ownership and Planned Development of Taxable Property

Total – Taxable Property in Improvement Area No. 2				561

(1) Ownership, Development Status and Land Use as of November 20, 2024. Lennar Homes reports that on June 22, 2023 Village C-5 was conveyed by Lennar Homes to the AG Land Bank. Lennar Homes is developing the lots and has an option, but not an obligation, to acquire lots from the AG Land Bank pursuant to a takedown schedule. See “MERCHANT BUILDER INFORMATION – Lennar Homes” herein.

(2) As of November 20, 2024, Villages C-6 and C-8 are being developed by Beazer Homes. Beazer Homes has an option, but not an obligation, to acquire lots from the Brookfield Land Bank pursuant to a takedown schedule. See “MERCHANT BUILDER INFORMATION – Beazer Homes” herein.

(3) As of November 20, 2024, Village C-7 is being developed by TriPointe. TriPointe has an option, but not an obligation, to acquire lots from the Kennedy Lewis Land Bank pursuant to a takedown schedule. See “MERCHANT BUILDER INFORMATION – TriPointe” herein.

(4) Village C-20 is being developed by D.R. Horton. D.R. Horton has an option, but not an obligation, to acquire lots from the Kennedy Lewis Land Bank pursuant to a takedown schedule. See “MERCHANT BUILDER INFORMATION – D.R. Horton” herein.

Source: Master Developer.

Phasing of Planned Development. The phasing map on the following page shows each of the Villages planned for Improvement Area No. 2, as well as the Villages planned for the larger Winding Creek Development project being undertaken by the Master Developer which are located outside of Improvement Area No. 2 and therefore do not provide security for the Bonds. See “– The Winding Creek Development” for additional details on the overall development project, of which the land in Improvement Area No. 2 forms a part, comprised of the area south of the creek. Phase 1 and Phase 2 of the Winding Creek Development are located in Improvement Area No. 1, Phase 3 and Phase 4 of the project are located in Improvement Area No. 2 and Phase 5 of the project remains in the Future Annexation Area. *Only the land in Improvement Area No. 2 is security for the 2024 Bonds.*

The Master Developer has constructed all of the backbone and in-tract infrastructure necessary for Phase 3. The Master Developer has substantially completed all of the backbone and in-tract infrastructure necessary for Phase 4.

Ownership by Merchant Builders. Of the planned 561 taxable lots in Improvement Area No. 2, all 561 taxable lots, comprising all of “Phase 3” and “Phase 4” of the project were acquired by or for the following merchant builders (collectively, the “**Merchant Builders**”). As of November 20, 2024, ___ homes have been sold to individual homeowners.

- Lennar Homes of California, LLC, a California limited liability company (“Lennar Homes”) and AG EHC II (LEN) CA 2, L.P., a Delaware limited partnership (“**AG Land Bank**”), the land bank for Lennar Homes (large lot C-5, planned for 74 homes);
- Meritage Homes of California, Inc., a California corporation (“**Meritage**”) (large lot C-22, planned for 82 homes);
- Woodside 05N, LP, a California limited partnership (“**Woodside**”) (large lot C-9, planned for 97 homes);
- D.R. Horton CA2, Inc., a California corporation (“**D.R. Horton**”) and Dragon – Roseville, L.P., a Delaware limited partnership (“**Hearthstone Land Bank**”), the land bank for D.R. Horton (large lots C-20 and C-21, planned for 154 homes);
- Beazer Homes Holdings, LLC, a Delaware limited liability company (“**Beazer Homes**”) and Brookfield Homes (Winding) LLC, a Delaware limited liability company (“**Brookfield Land Bank**”), the land bank for Beazer Homes (large lots C-6 and C-8, planned for 80 homes); and
- TriPointe Homes Holdings, Inc., a Delaware corporation (“**Tri Pointe**”) and KL LB BUY 5 LLC, a Delaware limited liability company (“**Kennedy Lewis Land Bank**”), the land bank for Tri Pointe (large lot C-7, planned for 74 homes).

Multi-Family Site (Non-Taxable Property). Land in Improvement Area No. 2 also includes land designated for 168 high-density-residential (HDR) units that are not subject to the Special Tax and provide no security for repayment of the Bonds. The land was sold to USA Properties Fund, Inc., an affordable housing developer, who is currently building an affordable apartment project.

Final Map Status. All 561 taxable lots in Improvement Area No. 2 have final maps. Final maps for the Phase 3 lots (330 lots) were recorded on August 30, 2022. Final maps for the Phase 4 lots (231 lots) were recorded on August 30, 2024.

Development Agreement

General. The City entered into a Development Agreement, dated October 3, 2012, and First Amendment to Development Agreement, dated November 6, 2019 (collectively, the “**Development Agreement**”) with certain entities and individuals to which the Master Developer has subsequently succeeded with respect to the land being developed by the Master Developer in the District. The Development Agreement’s purpose is to vest development rights, set forth infrastructure improvements and dedication requirements, secure the timing and methods for financing improvements, and specify other performance obligations as related to development in the Creekview Specific Plan area. All of the property in the District is subject to the requirements of the Development Agreement, as well as the Creekview Specific Plan. The Development Agreement was entered into in accordance with Sections 65864 through 65869.5 of the California Government Code, as implemented through Article V, Chapter 19.84 of the City’s Zoning Ordinance No. 3014.

The Development Agreement is the primary implementation tool for the Creekview Specific Plan and creates a binding contract between the City and the parties thereto, and their assigned successors in interest, which sets forth the needed infrastructure improvements, park dedication requirements, timing and method for financing improvements and other specific performance obligations of the City and the Master Developer and its successors, including obligations related to development of the property in the District, with the terms, conditions, rules, regulations, entitlements, vested rights and other provisions relating to the development of the property in the District according to the Creekview Specific Plan entitlements. Included are provisions relating to infrastructure improvements, public dedication requirements, landscaping amenities and other obligations of the parties.

The Development Agreement expires on April 25, 2043, which is 30 years following the annexation of portions of the Creekview Specific Plan into the City. The Development Agreement runs with the property, and may be modified only by mutual consent of the parties, and in a manner consistent with the Creekview Specific Plan. With the Development Agreement in place, subject to compliance with the terms of the Development Agreement, construction of homes within the District may occur upon City approval of subdivision maps, satisfaction of certain design requirements and conditions of such maps and issuance of building permits.

Land use and development entitlements granted under the Development Agreement for property in the District are consistent with the Creekview Specific Plan.

Improvements. The Development Agreement sets forth the responsibility of the Master Developer and its successors for a portion of the costs of certain public improvements required for its development within the Creekview Specific Plan. See “– Backbone Infrastructure and Other Development Conditions” herein for additional details.

Affordable Units. At the end of January 2021, the Master Developer submitted a series of documents to the City for consideration, including a proposed amendment to the Creekview Specific Plan and a proposed second amendment to the Development Agreement. The specific plan amendment was approved by the Planning Commission on July 22, 2021 and approved by the City Council on August 18, 2021. The second reading of the specific plan amendment was approved by the City Council on September 1, 2021. Following statutory appeal periods, it became effective on October 1, 2021. On October 8, 2021, the Second Amendment of Development Agreement was recorded with the Placer County Recorder’s Office. As a result of these amendments, the affordable housing requirement for the project is the following: at least 201 total low-income units to be constructed in Villages C-40 (located in Improvement Area No. 2) and C-43 (located in Improvement Area No. 1). The Master Developer has sold Villages C-40 and C-43 to Roseville 712, L.P., a subsidiary of USA Properties Fund, Inc., an affordable housing developer, who has started construction of a project with more than the 201 required affordable units. These affordable housing units are regulated by the City’s affordable housing requirements and are not subject to the special tax. For Improvement Area No. 2 satisfaction of the affordable housing requirements applicable to Village C-43 is not a pre-condition for the Master Developer or any subsequent owner to obtain a final map or building permit with respect to any of the lots within Improvement Area No. 2 and, accordingly, the Master Developer does not believe the affordable housing requirements will impact the timing of development or sale of any those lots.

Backbone Infrastructure and Other Development Conditions. The Development Agreement requires satisfaction of various items as conditions of development of the Winding Creek Development. Set forth below is a table describing some of those conditions required for

the Winding Creek Development that impact the property in Improvement Area No. 2 and the status of those conditions:

Table 2
Conditions of Development for Improvement Area No. 2
As of November 1, 2024

Item	Condition	Status (as of November 1, 2024)
Electric Substation Site	The Master Developer shall, prior to the issuance of the 923rd residential building permit or any combination of building permits within the Creekview Specific Plan, dedicate to City a 0.90 buildable acre site (parcel C-81) (including grading, construction of retaining walls, access roads, and power line corridor) net of easements, wetlands, riparian corridors and required setbacks for use as an electrical substation.	The substation site is ready to be dedicated once Roseville Electric is ready for the improvements.
School Fees	Under a mitigation agreement with the Roseville City School District, the School District agreed to defer a portion of the school fees payable at building permit for the property in Improvement Area No. 2, with the deferred amount payable as a lump sum payable in three installments of approximately \$4 million each: 12/1/23 (paid); 12/1/24 (paid); and 12/1/25.	The Merchant Builders will pay the reduced school fees in connection with each request for building permits in Improvement Area No. 2. The deferred amounts will be payable by the Master Developer pursuant to the schedule. (only the final installment due 12/1/25 remains to be paid).

Environmental Matters

Flood Hazard Map Information. According to the Federal Emergency Management Agency's flood insurance rate maps (Flood Area Panel Number 06061C-0920H, with an effective date of November 2, 2018), the property in Improvement Area No. 2 is located within Flood Zone X, described as areas of minimal flooding (outside of the 100- and 500-year floodplains).

Wetland Conditions. According to the City's planning department, some jurisdictional wetlands will be affected by the development of the Project; however the impact has been mitigated by the Master Developer. No additional environmental permits are required to be obtained.

Seismic Conditions. None of the property expected to be developed as part of the Winding Creek Development (including land in Improvement Area No. 2) is located within a seismic special studies zone, designated by the California State Division of Mines and Geology, in accordance with the Alquist-Priolo Special Study Zone Act of 1972.

Wildfire Zone. None of the property in Improvement Area No. 2 is within an area of concern, as designated by CAL-FIRE.

Utilities. It is expected that utility service for the property in Improvement Area No. 2 will be provided by the following entities:

<u>Utility</u>	<u>Provider</u>
Water/Sewer	City of Roseville
Electricity	City of Roseville
Natural Gas	Pacific Gas & Electric
Data/Phone	Comcast/AT&T

THE MASTER DEVELOPER

The information regarding the ownership of the property contained under this caption has been provided by the Master Developer, and has not been independently confirmed or verified by the Underwriter or the City. Neither the Underwriter nor the City makes any representation as to the accuracy or adequacy of the information contained under this caption. There may be material adverse changes in this information after the date of this Official Statement. Neither the Bonds nor the Special Taxes securing the Bonds are personal obligations of the Master Developer, any affiliate of the Master Developer, or any other subsequent property owners within Improvement Area No. 2 (including the Merchant Builders), and, in the event that any property owner defaults in the payment of its Special Taxes, the District may proceed with judicial foreclosure of the delinquent land within Improvement Area No. 2 securing the Bonds, but has no direct recourse to any other assets of any property owner or any affiliate thereof. See "SPECIAL RISK FACTORS" herein.

General

Ownership Structure of Master Developer. The Master Developer is a Washington limited partnership with its primary development executive team having both regional and national development experience in residential, commercial, and municipal projects. Its general partner is Anthem United Creekview Management LLC, a Washington limited liability company ("**Anthem United**"), and its limited partners are: (1) Anthem United Homes, Inc. ("**Anthem United Homes**"), (2) Granite Bay Development LP, and (3) Sherwood Developments, LLC.

General Partner. Anthem United is owned in full by Anthem Properties Group, Inc., a Washington corporation ("**Anthem Properties**"). Anthem Properties, together with its affiliates, including Anthem United Homes, is a land development and homebuilding company operating across western North America (Canada and the United States). Anthem United is currently involved with building approximately 14,600 homes in more than 60 communities across more than 5,000 acres of land. Headquartered in Vancouver BC, it also has offices in Calgary and Edmonton AB, and Roseville, California. Anthem United, as the general partner of the Master Developer, has full managerial control of the Master Developer.

Limited Partners. Anthem United Homes is a privately held affiliate of Anthem United responsible primarily for home-building operations undertaken by Anthem United entities. Its President is Eric Carlson. Granite Bay Development LP is a privately held affiliate of Anthem United. Eric Carlson is also its President. Sherwood Developments, LLC is privately held, and owned by Cameron Taylor. Its President is Cameron Taylor.

Relevant Experience of Master Developer and Affiliates. Examples of some of the Master Developer's (or its affiliate's) other projects include the following:

- Natomas Meadows (Sacramento) – 630 single family detached finished lots, all of which were sold to D.R. Horton, Lennar Homes, Carson, and Woodside.
- Promenade (West Sacramento) – 222 single family detached finished lots, all of which were sold to Anthem United Homes.

- Fiddymment Ranch (Roseville) - 419 single family detached finished lots, all of which were sold to JMC Homes and Taylor Morrison.

Master Developer Financing Plan

Estimated Cost of the Improvements. The Master Developer has expended over \$130 million dollars on improvements for the Winding Creek Development and intends to finish constructing site improvements and certain backbone infrastructure improvements in both Improvement Area No. 1 and Improvement Area No. 2 and in the remaining future annexation area (collectively, the “**Improvements**”). Total site improvement costs for both Improvement Area No. 1 and No. 2 and the remaining future annexation area are projected to be \$150 million.

Funding Sources. The Master Developer intends to use the following sources of funds to finance the Improvements for the Winding Creek Development:

- Equity from the partner-entities comprising the Master Developer (see “–The Master Developer,” above, for more information about these entities).
- Draws on a future revolving construction loan (see “– *Revolving Construction Loan*” below).
- Sales of lots in Improvement Area No. 1 and Improvement Area No. 2 to merchant builders and other developers.
- Proceeds of the Bonds (secured by Improvement Area No. 2) and bonds issued for land within Improvement Area No. 1.
- Pay-as-you-go Special Taxes available to the Master Developer under the Acquisition Agreement (see “– *Acquisition Agreement*” below).

Revolving Construction Loan. The Master Developer has a \$71,579,245 revolving credit line (the “**Credit Line**”) with GCAM Winding Creek, LLC, a subsidiary of Gibraltar Real Estate Capital, LLC. The Credit Line is specifically for development of Phases 4 (i.e., the property in Improvement Area No. 2) and 5 (i.e., the property in the future annexation area). The Credit Line matures on March 31, 2025, subject to one 12-month extension. As of November 20, 2024, the Credit Line is in good standing.

Cash Flow Statement

The following table shows estimated cash flow sources and uses for the Master Developer related to the development of the land within Improvement Area No. 2.

Table 3
Master Developer's Proposed Financing Plan – Improvement Area No. 2
As of November 1, 2024

Area	Improvement	Estimated Total Cost	Costs Spent as of 10/1/24	% of Completion	Remaining Costs
Improvement Area No. 2 – Phase 3	Backbone Infrastructure	12,687,931	\$12,687,931	100.0%	0
	In-Tract Improvements	25,898,512	25,898,512	100.0%	0
	Subtotal Phase 3	38,586,443	38,586,443	100.0%	0
Improvement Area No. 2 – Phase 4	Backbone Infrastructure	12,929,323	\$12,838,060	99.3%	\$91,263
	In-Tract Improvements	14,236,618	12,593,462	88.5%	1,643,156
	Subtotal Phase 4	27,165,941	25,431,522	93.6%	1,734,419
TOTAL – Improvement Area No. 2		\$65,752,384	\$64,017,966	97.3%	1,734,419

Notwithstanding the belief of the Master Developer that it will have sufficient funds to complete its planned development, no assurance can be given that sources of financing available to the Master Developer will be sufficient to complete such development as currently anticipated. While the Master Developer has made internal financing available in the past for similar activities, there can be no assurance whatsoever of its willingness or ability to do so in the future. Neither the Master Developer nor any of its affiliates has any legal obligation of any kind to make any such funds available or to obtain loans or lines of credit. If and to the extent that internal financing, loan proceeds, lines of credit, or bond proceeds are inadequate to pay the costs to complete the Master Developer's planned development, there could be a shortfall in the funds required to complete such proposed development and portions of such development might not be completed.

Acquisition Agreement. In connection with the formation of the District, the City and the Master Developer entered into a Funding, Construction and Acquisition Agreement (the “**Acquisition Agreement**”) which provides that the Master Developer will construct (or cause to be constructed or funded) the Improvements, and the City, upon completion of construction and acceptance (or through progress payments prior to completion of the entire Improvement), will purchase the Improvements or reimburse the Master Developer for expended amounts from the proceeds of the Bonds and/or Special Taxes on a pay-as-you-go basis. The Master Developer will be responsible for the portion of the cost of construction of the Improvements not paid with Bond proceeds and Special Taxes.

The Rate and Method provides that the funding of Improvement costs can also be made from collections of the Special Tax available as the “pay-as-you-go” component of Special Taxes. The pay-as-you-go funding component is expected to provide for funding of the cost of a portion of the Improvements in excess of the amount provided from Bond proceeds (if such proceeds are not sufficient) through annual Special Tax collections in excess of the amount needed to pay the debt service. The City contemplates utilizing this funding mechanism during the time the Bonds are outstanding. Additionally, after the final maturity date of the Bonds and any additional bonds issued to reimburse developers for costs of the Improvements, the City expects to continue to levy Special Taxes for payment of the “Development Impact Fee Deferral” (as defined in the Rate and Method) which levy may secure future bonds issued after payment in full of the Bonds and any Additional Bonds.

MERCHANT BUILDER INFORMATION

The information regarding the ownership of the property contained under this caption has been provided by the respective Merchant Builders, and has not been independently confirmed or verified by the Underwriter or the City. Neither the Underwriter nor the City makes any representation as to the accuracy or adequacy of the information contained under this caption. There may be material adverse changes in this information after the date of this Official Statement. Neither the Bonds nor the Special Taxes securing the Bonds are personal obligations of the Merchant Builders, or any other subsequent property owners within Improvement Area No. 2, and, in the event that any property owner defaults in the payment of its Special Taxes, the District may proceed with judicial foreclosure of the delinquent land within Improvement Area No. 2 securing the Bonds, but has no direct recourse to any other assets of any property owner or any affiliate thereof. As a result, other than as provided in this Official Statement, no financial statements or information is, or will be provided about the Merchant Builders or any other current or subsequent property owner. See "SPECIAL RISK FACTORS" herein.

Lennar Homes

Ownership. As defined previously in this Official Statement, "Lennar Homes" refers to Lennar Homes of California, LLC, a California limited liability company. Lennar Homes is wholly-owned by U.S. Home, LLC, a Delaware limited liability company ("**U.S. Home**"). U.S. Home is wholly-owned by Lennar Corporation, which is based in Miami, Florida. Founded in 1954, Lennar Corporation completed its initial public offering in 1971 and listed its common stock on the New York Stock Exchange in 1972. Lennar Corporation's Class A and Class B common stock are listed on the New York Stock Exchange under the symbols "LEN" and "LEN.B." respectively. Lennar Corporation is one of the largest homebuilders in the United States based on home sales revenues and net earnings, and operates under a number of brand names, including Lennar Homes and U.S. Home. Lennar Corporation primarily develops residential communities both within the Lennar family of builders and through consolidated and unconsolidated partnerships in which Lennar Corporation maintains an interest.

Lennar Corporation is subject to the informational requirements of the Exchange Act and in accordance therewith files reports, proxy statements and other information with the SEC. Such filings, particularly the Annual Report on Form 10-K and its most recent Quarterly Report on Form 10-Q, set forth, among other things, certain data relative to the consolidated results of operations and financial position of Lennar Corporation and its consolidated subsidiaries, including Lennar Homes, as of such dates.

The SEC maintains a website that contains reports, proxy and other information statements and other information regarding registrants that file electronically with the SEC, including Lennar Corporation. The address of such website is www.sec.gov. All documents filed by Lennar Corporation pursuant to the requirements of the Exchange Act after the date of this Official Statement will be available for inspection in such manner as the SEC prescribes.

Copies of Lennar Corporation's Annual Report and related financial statements, prepared in accordance with generally accepted accounting standards, are available from Lennar Corporation's website at www.lennar.com. *The foregoing website addresses and references to filings with the SEC are given for reference and convenience only, and the information on such websites and on file with the SEC does not form a part of this Official Statement and is not incorporated by reference herein. No representation is made in this Official Statement as to the accuracy or adequacy of the information contained on such websites. Lennar Corporation and*

Lennar Homes are not obligated to advance funds for construction or development or to pay ad valorem property taxes or the Special Taxes and investors should not rely on the information and financial statements contained on such websites in evaluating whether to buy, hold or sell the Bonds. The information contained on such websites may be incomplete or inaccurate and has not been reviewed by the City or the Underwriter.

The Land Bank Structure. In connection with a land banking transaction, on June 22, 2023 Lennar Homes transferred all 74 lots it owned in Improvement Area No. 2 (the “**Lennar Land Bank Lots**”) to AG EHC II (LEN) CA 2, L.P., a Delaware limited partnership (the “**Lennar Land Bank Owner**”). In connection therewith, Lennar Homes and the Lennar Land Bank Owner entered into that certain Option Agreement, dated June 22, 2023 (the “**Lennar Option Agreement**”) whereby Lennar Homes has the option, but not the obligation, to purchase the Lennar Land Bank Lots from the Lennar Land Bank Owner pursuant to a takedown schedule agreed upon between Lennar Homes and the Lennar Land Bank Owner.

The Land Bank Owner. The Lennar Land Bank Owner is an affiliate of, and managed by, Angelo Gordon & Co., L.P. (“**Angelo Gordon**”). Angelo Gordon is a privately-held alternative investment firm founded in 1988 and headquartered in New York, with associated offices across the United States, Europe and Asia. Angelo Gordon manages approximately \$52 billion across a broad range of credit and real estate strategies. Affiliates of the Lennar Land Bank Owner have entered into land banking arrangements with Lennar Corporation and its affiliated entities on more than 200 residential development projects.

Development Plan. Lennar Homes has been developing its lots in Improvement Area No. 2 into 74 single-family detached homes in a single neighborhood known as “Meander at Winding Creek.” As of November 1, 2024, 38 homes have been sold and closed to individual homeowners. Buildout is projected to be in the 4th quarter of 2025.

**Lennar Homes – “Meander at Winding Creek”
(Village C-5 – 74 LDR Lots)
(As of November 1, 2024)**

No. Lots	Sq. Ft. Range	Base Price Range⁽¹⁾	Building Permits Issued	Homes Under Construction	Completed Homes	Homes Under Contract	Homes Closed

(1) Base sales prices are as of November 1, 2024. Base sales prices exclude lot premiums, options and extras and any incentives or price reductions. Base sales prices are subject to change.

Source: Lennar Homes.

Lennar Homes’s development expectations described above are based on Lennar Homes’s current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. Lennar Homes reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts are subject to cancellation by the homebuyer. See “SPECIAL RISK FACTORS — Property Values and Property Development – Risks of Real Estate Secured Investments Generally.”

Financing Plan. Lennar Homes purchased 74 finished lots from the Master Developer. Lennar Homes intends to finance the development of the lots using internal sources (which may include funding from its parent company and home sales proceeds).

No assurance can be given that amounts necessary to fund the planned development by Lennar Homes in Improvement Area No. 2 will be available when needed. Neither Lennar Homes nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by Lennar Homes in Improvement Area No. 2. Any contributions by Lennar Homes or any other entity or person to fund the costs of such development are entirely voluntary. Lennar Homes has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond Lennar Homes' control, or a decision by Lennar Homes to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from Lennar Homes' parent company, is inadequate to pay the costs to complete the planned development by Lennar Homes within Improvement Area No. 2 and other financing by Lennar Homes is not put into place, there could be a shortfall in the funds required to complete the proposed development by Lennar Homes in Improvement Area No. 2 and the remaining portions of Lennar Homes' project in Improvement Area No. 2 may not be developed. See "SPECIAL RISK FACTORS – Property Values and Property Development" herein.

Woodside

Ownership. As defined previously in this Official Statement, "Woodside" refers to Woodside 05N, LP, a California limited partnership. Woodside is wholly owned by Woodside Group, LLC, a Nevada limited liability company ("**Woodside Group**"), directly or through its wholly owned subsidiaries. Woodside is owned 99% directly by Woodside Group, as a limited partner. The remaining 1% interest is owned by WDS GP, Inc., a California corporation, as its general partner, which is wholly owned by Woodside Homes of California, Inc., a California corporation, which in turn is wholly owned by Woodside Group. The parent of Woodside Group is Woodside Homes Company, LLC, a Delaware limited liability company ("**Woodside Homes Company**"). Since February 28, 2017, the ultimate parent of Woodside Homes Company has been Sekisui House, Ltd, one of Japan's largest homebuilders, which was founded in 1960 and is headquartered in Osaka, Japan.

Woodside Group's subsidiaries engage in the design, construction, and sale of single-family homes under the brand name of "Woodside Homes." Woodside is one of America's top 30 homebuilders having built more than 40,000 homes across the United States, with current operations in Arizona, California, Nevada, and Utah.

The foregoing internet addresses and references to filings with the SEC are included for reference only, and the information on such internet sites and on file with the SEC are not a part of this Official Statement and are not incorporated by reference into this Official Statement. No representation is made in this Official Statement as to the accuracy or adequacy of the information contained on such sites, and such sites have not been reviewed by the City or the Underwriter. Neither Woodside nor any related entity is obligated to advance funds for construction or development or to pay ad valorem property taxes or the Special Taxes, and investors should not rely on the information and financial statements contained on such internet sites in evaluating whether to buy, hold or sell the Bonds.

Development Plan. Woodside plans to construct a total of 97 single-family detached homes in Village C-9 in Improvement Area No. 2 in a single neighborhood known as “Wildflower at Winding Creek.” As of November 1, 2024 ____ homes have been sold and closed to individual homeowners.

Woodside’s development expectations described above are based on Woodside’s current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. Woodside reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts are subject to cancellation by the homebuyer. See “SPECIAL RISK FACTORS — Property Values and Property Development – Risks of Real Estate Secured Investments Generally.”

Financing Plan. Woodside intends to finance the development of the 97 homes in its neighborhood using internal sources, including cash generated from its homebuilding operations and advances from affiliates of its parent Woodside Homes Company. Woodside Homes Company has a \$330 million unsecured term loan.

As of October 1, 2024, SH Residential Holdings, LLC, the direct parent of Woodside Homes Company, has one or more unsecured revolving credit facilities which are available to Woodside Homes Company pursuant to one or more intercompany lending agreements between SH Residential Holdings, LLC and Woodside Homes Company.

No assurance can be given that amounts necessary to fund the planned development by Woodside in Improvement Area No. 2 will be available when needed. Neither Woodside nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by Woodside in Improvement Area No. 2. Any contributions by Woodside or any other entity or person to fund the costs of such development are entirely voluntary. Woodside has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond Woodside’s control, or a decision by Woodside to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from Woodside’s parent company, is inadequate to pay the costs to complete the planned development by Woodside in Improvement Area No. 2 and other financing is not put into place, there could be a shortfall in the funds required to complete the proposed development by Woodside or to pay ad valorem property taxes or Special Taxes related to Woodside’s property in Improvement Area No. 2 and the remaining portions of such development may not be completed. Many factors beyond Woodside’s control, or a decision by Woodside to alter its current plans, may cause the actual sources and uses to differ from the projections. See “SPECIAL RISK FACTORS – Property Values and Property Development” herein.

Meritage

Ownership. As previously defined in this Official Statement, “Meritage” is Meritage Homes of California, Inc., a California corporation. Meritage is a subsidiary of Meritage Homes Corporation (“**Meritage Homes Corporation**”), a Maryland corporation. Meritage Homes

Corporation is a homebuilder focused primarily on high-growth regions of the western and southern United States. Meritage Homes Corporation operates as a holding company, has no independent assets or operations, and is traded on the New York Stock Exchange (“**NYSE**”) under the ticker symbol MTH. Homebuilding, construction, development and sales activities are conducted through subsidiaries. As of July 1, 2024, Meritage Homes Corporation had operations in three geographic regions comprised of ten states: Arizona, California, Colorado, Utah, Texas, Florida, Georgia, North Carolina, South Carolina and Tennessee.

Meritage Homes Corporation is subject to the informational reporting requirements of the Securities and Exchange Act of 1934, as amended (the “**Exchange Act**”), and in accordance therewith files reports, proxy statements and other information, including financial statements, with the Securities and Exchange Commission (the “**SEC**”). Such filings set forth, among other things, certain data relative to the consolidated results of operations and financial position of Meritage Homes Corporation and its subsidiaries (e.g., see Meritage Homes Corporation’s Annual Report on Form 10-K for the fiscal year ended December 31, 2023, as filed with the SEC on February 14, 2024, Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2024, as filed with the SEC on July 26, 2024 and Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2024, as filed with the SEC on October __, 2024) as of the dates described therein.

The SEC maintains an Internet website that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC, including Meritage Homes Corporation. The address of such Internet website is www.sec.gov. All documents subsequently filed by Meritage Homes Corporation pursuant to the requirements of the Exchange Act after the date of this Official Statement will be available for inspection in such manner as the SEC prescribes. Copies of Meritage Homes Corporation’s annual report, quarterly reports and current reports, including any amendments, will be available from Meritage Homes Corporation’s website at www.meritagehomes.com.

The foregoing internet addresses and references to filings with the SEC are included for reference only, and the information on such internet sites and on file with the SEC are not a part of this Official Statement and are not incorporated by reference into this Official Statement. No representation is made in this Official Statement as to the accuracy or adequacy of the information contained on such sites, and such sites have not been reviewed by the City or the Underwriter. Neither Meritage nor Meritage Homes Corporation is obligated to advance funds for construction or development or to pay ad valorem property taxes or the Special Taxes, and investors should not rely on the information and financial statements contained on such internet sites in evaluating whether to buy, hold or sell the Bonds.

Development Plan. Meritage plans to construct a total of 82 single-family detached homes in Village C-22 in Improvement Area No. 2 in a single neighborhood known as “Traverse at Winding Creek.” As of November 1, 2024 __ homes have been sold and closed to individual homeowners.

Meritage’s development expectations described above are based on Meritage’s current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. Meritage reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts

are subject to cancellation by the homebuyer. See “SPECIAL RISK FACTORS — Property Values and Property Development – Risks of Real Estate Secured Investments Generally.”

Financing Plan. Meritage intends to finance the development of its neighborhood using internal sources (which may include funding from its parent company and home sales proceeds). However, home sales revenues from Meritage’s activities in Improvement Area No. 2 are not segregated and set aside for completing its development activities in Improvement Area No. 2.

No assurance can be given that amounts necessary to fund the planned development by Meritage in Improvement Area No. 2 will be available when needed. Neither Meritage nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by Meritage in Improvement Area No. 2. Any contributions by Meritage or any other entity or person to fund the costs of such development are entirely voluntary. Meritage has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond Meritage’s control, or a decision by Meritage to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from Meritage’s parent company, is inadequate to pay the costs to complete the planned development by Meritage in Improvement Area No. 2 and other financing is not put into place, there could be a shortfall in the funds required to complete the proposed development by Meritage or to pay ad valorem property taxes or Special Taxes related to Meritage’s property in Improvement Area No. 2 and the remaining portions of such development may not be completed. Many factors beyond Meritage’s control, or a decision by Meritage to alter its current plans, may cause the actual sources and uses to differ from the projections. See “SPECIAL RISK FACTORS – Property Values and Property Development” herein.

D.R. Horton

Ownership. As previously defined in this Official Statement, “D.R. Horton” means D.R. CA2, Inc., a California corporation. D.R. Horton is a wholly-owned subsidiary of D.R. Horton, Inc., a Delaware corporation (“**D.R. Horton, Inc.**”). D.R. Horton, Inc. is a public company whose common stock is traded on the NYSE under the symbol “DHI.” Founded in 1978 and headquartered in Arlington, Texas, D.R. Horton, Inc. constructs and sells homes through its operating divisions in 121 markets in 33 states under the names of D.R. Horton, America’s Builder, Emerald Homes, Express Homes and Freedom Homes.

D.R. Horton, Inc. is subject to the informational requirements of the Exchange Act and, in accordance therewith, files reports, proxy statements, and other information, including financial statements, with the SEC. Such filings set forth, among other things, certain data relative to the consolidated results of operations and financial position of D.R. Horton, Inc. and its subsidiaries. D.R. Horton, Inc.’s SEC filings are available to the public over the Internet at the SEC’s website at www.sec.gov, and at D.R. Horton, Inc.’s website at www.drhorton.com.

The foregoing internet addresses and references to filings with the SEC are included for reference only, and the information on such internet sites and on file with the SEC are not a part of this Official Statement and are not incorporated by reference into this Official Statement. No representation is made in this Official Statement as to the accuracy or adequacy of the information contained on such sites, and such sites have not been reviewed by the City or the Underwriter. Neither D.R. Horton nor D.R. Horton Inc. is obligated to advance funds for construction or

development or to pay ad valorem property taxes or the Special Taxes, and investors should not rely on the information and financial statements contained on such internet sites in evaluating whether to buy, hold or sell the 2024 Bonds.

The Hearthstone Land Bank Structure. On September 14, 2024, D.R. Horton purchased 18 finished lots in Village C-20 from the Master Developer. At the same time, in connection with a land banking transaction, the Hearthstone Land Bank purchase the remaining 59 lots in Village C-20 from the Master Developer and entered into an option agreement with D.R. Horton whereby D.R. Horton has the option, but not the obligation, to purchase from the Hearthstone Land Bank, the 59 lots owned by the Hearthstone Land Bank pursuant to the following take-down schedule. There is no guaranty that D.R. Horton will acquire all 77 lots in Village C-20 from the Hearthstone Land Bank as planned. D.R. Horton is responsible for making special tax payments while the option agreement is in place.

**D.R. Horton – Hearthstone Land Bank
Remaining Take-Down Schedule
(Village C-20)⁽¹⁾**

Scheduled Acquisition Date	No. Lots Scheduled to be Acquired	Cumulative No. Lots to be Acquired
Dec. 20, 2024	15	15
Mar. 20, 2025	15	30
Jun. 20, 2025	15	45
Sep. 20, 2025	10	55
Dec. 20, 2025	4	59
	59	

(1) Excludes 18 lots already taken-down by D.R. Horton.

The lots in Village C-20 are planned for development into 77 single-family detached homes (77 MDR units) as a continuation of D.R. Horton’s “Dragonfly at Winding Creek” project being developed within Village C-21 (also 77 MDR units), for a total of 154 homes. See “ – Development Plan” below.

Hearthstone Land Bank. Hearthstone Land Bank is ultimately controlled by Hearthstone, Inc., a California corporation (“**Hearthstone**”). Hearthstone is devoted exclusively to investing in residential housing developments on behalf of institutional capital. Hearthstone’s investments include single-family subdivisions, condominium and townhouse developments, master planned communities, land development projects and mixed-use communities. Hearthstone was the first, and is today among the largest institutional investment managers in the country that is dedicated to the residential building industry. At the time Hearthstone was organized in 1992, homebuilders across the United States were suffering from a shortage of capital resulting from changes in federal laws affecting the banking industry and from a loss of investor confidence in real estate. Hearthstone was organized in 1992 in response to changes in federal laws affecting the banking industry that greatly diminished the availability of investment capital for the homebuilding industry and in recognition of the long-term investment opportunity that residential homebuilding presents for institutional investors. Hearthstone manages funds for numerous public and private pension plans, university endowments, Fortune 100 companies, Wall Street investment banks and family offices. Hearthstone invests these funds on behalf of its investors in homebuilding and residential lot development projects with public and private homebuilders in select target markets throughout the United States. Hearthstone has funded and managed over \$16.5 billion in investments to

construct over 140,000 homes and lots in 22 states since its inception. Hearthstone's principal office is located in Calabasas, California.

Development Plan. Since 2023, D.R. Horton has been developing 77 single-family detached homes in Village C-21 in Improvement Area No. 2 in a single neighborhood known as "Dragonfly at Winding Creek." As of November 1, 2024 ____ homes have been sold and closed to individual homeowners.

As noted above, in September 2024, D.R. Horton and the Hearthstone Land Bank acquired an additional 77 MDR lots in Village C-20 from the Master Developer. D.R. Horton intends to market the homes constructed in Village C-20 as a continuation of its Dragonfly neighborhood being constructed within Village C-21.

D.R. Horton's development expectations described above are based on D.R. Horton's current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. D.R. Horton reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts are subject to cancellation by the homebuyer. See "SPECIAL RISK FACTORS — Property Values and Property Development – Risks of Real Estate Secured Investments Generally."

Financing Plan. D.R. Horton intends to finance its land acquisition and development of its homes in Improvement Area No. 2 using internal sources (which may include funding from its parent company and home sales proceeds). However, home sales revenues from D.R. Horton's activities in Improvement Area No. 2 are not segregated and set aside for completing its development activities in Improvement Area No. 2.

No assurance can be given that amounts necessary to fund the planned development by D.R. Horton in Improvement Area No. 2 will be available when needed. Neither D.R. Horton nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by D.R. Horton in Improvement Area No. 2. Any contributions by D.R. Horton or any other entity or person to fund the costs of such development are entirely voluntary. D.R. Horton has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond D.R. Horton's control, or a decision by D.R. Horton to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from D.R. Horton's parent company, is inadequate to pay the costs to complete the planned development by D.R. Horton in Improvement Area No. 2 and other financing is not put into place, there could be a shortfall in the funds required to complete the proposed development by D.R. Horton or to pay ad valorem property taxes or Special Taxes related to D.R. Horton's property in Improvement Area No. 2 and the remaining portions of such development may not be completed. Many factors beyond D.R. Horton's control, or a decision by D.R. Horton to alter its current plans, may cause the actual sources and uses to differ from the projections. See "SPECIAL RISK FACTORS – Property Values and Property Development" herein.

Beazer Homes

Ownership. Brookfield Homes (Winding) LLC, a Delaware limited liability company, serves as a land-banking entity for Beazer Homes, a merchant homebuilder. Beazer Homes plans to enter into an agreement with the landbank pursuant to which Beazer Homes has the option, but not the obligation, to purchase lots from the landbank pursuant to a defined schedule providing for approximately 15-25 homes to be taken down quarterly.

Brookfield Homes (Winding) LLC is an affiliate of, and managed by, Brookfield Properties (“**Brookfield Properties**”), a diversified real estate company. Brookfield Properties owns and/or operates office, retail, multifamily, hospitality and logistics properties throughout the world through various entities, including Brookfield Corporation (a global investment firm) and Brookfield Asset Management (a global alternative asset manager).

Beazer Homes is a subsidiary of Beazer Homes USA, Inc., a Delaware corporation (“**Beazer Homes Corp**”). Beazer Homes Corp’s common stock is publicly traded on the NYSE under the symbol “BZH.” Beazer Homes Corp is one of the largest public homebuilders in the United States, operating in more than a dozen states and having its headquarters in Atlanta, Georgia. Beazer Homes Corp is subject to the informational requirements of the Exchange Act and in accordance therewith files reports, proxy statements, and other information, including financial statements, with the SEC. The SEC maintains an Internet web site that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC, including Beazer Homes Corp. The address of such Internet web site is www.sec.gov. All documents subsequently filed by Beazer Homes Corp pursuant to the requirements of the Exchange Act after the date of this Official Statement will be available for inspection in such manner as the SEC prescribes. Copies of Beazer Homes Corp’s Annual Report and each of its other quarterly and current reports, including any amendments, are available from its website at www.beazer.com. *The website address is given for reference and convenience only. The information on the website may be incomplete or inaccurate and has not been reviewed by the City or the Underwriter. Nothing on the website is a part of this Official Statement or incorporated into this Official Statement by reference.*

Development Plan. Beazer Homes plans to construct a total of 80 single-family detached homes in Improvement Area No. 2 in Village C-6 and Village C-8, to be marketed as “Willow at Winding Creek.” The proposed product mix for the homes planned to be constructed by Beazer Homes within this neighborhood is set forth in the following table. No homes have been constructed or sold to individual homeowners to-date. Initial home closings are projected for the 3rd quarter of 2025 and buildout is projected to be in the 2nd quarter of 2027.

Beazer Homes – “Willow at Winding Creek” (Village C-6 and C-8 – 80 LDR lots) (as of November 1, 2024)

No. Lots	Sq. Ft. Range	Base Price Range ⁽¹⁾	Building Permits Issued	Homes Under Construction	Completed Homes	Homes Under Contract	Homes Closed
80	1,564 – 2,724	\$617,000 – \$722,000	0	0	0	0	0

(1) Base sales prices are as of November 1, 2024. Base sales prices exclude lot premiums, options and extras and any incentives or price reductions. Base sales prices are subject to change.

Source: Beazer Homes.

Beazer Homes's development expectations described above are based on Beazer Homes's current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. Beazer Homes reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts are subject to cancellation by the homebuyer. See "SPECIAL RISK FACTORS – Property Values and Property Development – Risks of Real Estate Secured Investments Generally."

Financing Plan. Beazer Homes intends to finance the acquisition and development of its homes within Improvement Area No. 2 using internal sources (which may include funding from its parent company and home sales proceeds).

No assurance can be given that amounts necessary to fund the planned development by Beazer Homes in Improvement Area No. 2 will be available when needed. Neither Beazer Homes nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by Beazer Homes in Improvement Area No. 2. Any contributions by Beazer Homes or any other entity or person to fund the costs of such development are entirely voluntary. Beazer Homes has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond Beazer Homes' control, or a decision by Beazer Homes to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from Beazer Homes' parent company, is inadequate to pay the costs to complete the planned development by Beazer Homes within Improvement Area No. 2 and other financing by Beazer Homes is not put into place, there could be a shortfall in the funds required to complete the proposed development by Beazer Homes in Improvement Area No. 2 and the remaining portions of Beazer Homes' project in Improvement Area No. 2 may not be developed. See "SPECIAL RISK FACTORS – Property Values and Property Development" herein.

Tri Pointe

Ownership. As previously defined in this Official Statement, "Tri Pointe" is Tri Pointe Homes Holdings, Inc., a Delaware corporation, which is a wholly-owned subsidiary of Tri Pointe Homes, Inc., a Delaware Corporation ("**Tri Pointe Homes**"), a publicly traded company whose common stock is listed on the New York Stock Exchange under the ticker symbol "TPH." Tri Pointe Homes is engaged in the design, construction, and sale of single-family attached and detached homes across ten states, including Arizona, California, Colorado, Maryland, Nevada, North Carolina, South Carolina, Texas, Virginia, Washington and the District of Columbia. In September 2023, Tri Pointe Homes announced the expansion into the greater Salt Lake City region with the launch of a new division in Utah. In April 2024, Tri Pointe Homes announced further expansion into Orlando, Florida and the Coastal Carolinas area, which includes parts of Georgia and South Carolina. As of June 30, 2024, the company had not yet commenced significant homebuilding operations in these new markets.

Tri Pointe Homes is subject to the informational requirements of the Exchange Act and, in accordance therewith, files reports, proxy statements, and other information, including financial statements, with the SEC. Such filings, set forth, among other things, certain data relative to the consolidated results of operations and financial position of Tri Pointe Homes and its consolidated subsidiaries, including Tri Pointe, as of such dates (e.g., see Tri Pointe Homes' Annual Report on Form 10-K for the fiscal year ended December 31, 2023, as filed with the SEC on February 22, 2024 and Tri Pointe Homes' Quarterly Report on form 10-Q for the quarterly period ended September 30, 2024, as filed with the SEC on October 24, 2024).

The SEC maintains an Internet website that contains reports, proxy and information statements and other information regarding registrants that file electronically with the SEC, including Tri Pointe Homes. The address of such Internet website is www.sec.gov. All documents filed by Tri Pointe Homes pursuant to the requirements of the Exchange Act after the date of this Official Statement will be available for inspection in such manner as the SEC prescribes. Copies of Tri Pointe Homes' most recent Annual Report on Form 10-K and each of its other quarterly and current reports, including any amendments, are available in the "investors" portion of its website at www.tripointehomes.com.

The foregoing website addresses and references to filings with the SEC are given for reference and convenience only, and the information on such websites and on file with the SEC does not form a part of this Official Statement and is not incorporated by reference herein. No representation is made in this Official Statement as to the accuracy or adequacy of the information contained on such websites. Neither Tri Pointe nor Tri Pointe Homes is obligated to advance funds for construction or development or to pay ad valorem property taxes or the Special Tax, and investors should not rely on the information and financial statements contained on such websites in evaluating whether to buy, hold or sell the Bonds. The information contained on such websites may be incomplete or inaccurate and has not been reviewed by the City or the Underwriter.

The Kennedy Lewis Land Bank Structure. On November __, 2024, in connection with a land banking transaction, the Kennedy Lewis Land Bank purchase the 74 lots in Village C-7 from the Master Developer and entered into an option agreement with Tri Pointe whereby Tri Pointe has the option, but not the obligation, to purchase from the Kennedy Lewis Land Bank, the 74 lots owned by the Kennedy Lewis Land Bank pursuant to the following take-down schedule. There is no guaranty that Tri Pointe will acquire the 74 lots in Village C-7 from the Kennedy Lewis Land Bank as planned. Tri Pointe is responsible for making special tax payments while the option agreement is in place.

**Tri Pointe – Kennedy Lewis Land Bank Take-Down Schedule
(Village C-7 – 74 MDR Lots)**

Scheduled Acquisition Date⁽¹⁾	No. Lots Scheduled to be Acquired	Cumulative No. Lots to be Acquired
Apr. 2025	8	8
Jul. 2025	12	20
Oct. 2025	8	28
Jan. 2026	8	36
Apr. 2026	12	48
Jul. 2026	12	60
Oct. 2026	8	68
Jan. 2027	6	74

(1) Takedown date is the fifth business of the month.

The lots in Village C-7 are planned for development into 74 single-family detached homes (74 MDR) in a neighborhood known as “Juniper at Winding Creek.” See “ – Development Plan” below.

Kennedy Lewis Land Bank. Kennedy Lewis Land Bank is ultimately controlled by Kennedy Lewis Investment Management LLC (“**Kennedy Lewis**”), which is a credit focused alternative asset manager founded in 2017 by David Kennedy Chene and Darren Lewis Richman. The firm manages private funds, a business development company (Kennedy Lewis Capital Company), and collateralized loan obligations (Generate Advisors, LLC).

Development Plan. Tri Pointe plans to construct a total of 74 single-family detached homes in Improvement Area No. 2 in a single neighborhood known as “Juniper at Winding Creek.” The proposed product mix for the homes planned to be constructed by Tri Pointe within this neighborhood is set forth in the following table.

**Tri Pointe – “Juniper at Winding Creek”
(Village C-7 – 74 LDR lots)
(as of November 1, 2024)**

Floor Plans	Approx. Square Footage	Total Units Planned ⁽¹⁾	Units Completed, Sold, and Closed	Units Completed and Unsold or in Escrow ⁽²⁾	Units Under Construction	Finished Lots ⁽¹⁾	Estimated Base Price Range ⁽³⁾
Plan 1	2,800	21	0	0	0	21	TBD
Plan 2	3,050	25	0	0	0	25	TBD
Plan 3	3,300	28	0	0	0	28	TBD
		74	0	0	0	74	

(1) All 74 lots were owned by the Kennedy Lewis Land Bank as of November 1, 2024.

(2) Initial base sales prices were not available as of November 1, 2024. Base sales prices exclude lot premiums, options and extras and any incentives or price reductions. Base sales prices are subject to change at any time.

Source: Tri Pointe.

No homes have been sold and closed to individual homeowners to-date. Tri Pointe expects to commence construction of the models and first phase of production homes in _____, 202__, enter into its first sales contracts in _____, 202__, close escrow on the first homes to individual homebuyers in _____, 2025 and reach full build-out and close escrow on its final homes in Juniper to individual homebuyers by the _____ quarter of 20__.

Tri Pointe’s development expectations described above are based on Tri Pointe’s current plans. These plans may change due to changes in economic and market conditions or other factors. No assurance can be given that home construction and sales will be carried out on the schedule and according to the plans described herein, or that the home construction and sale plans or base prices set forth above will not change after the date of this Official Statement. Tri Pointe reserves the right to change its development plans at any time without notice. Additionally, homes under contract to be sold may not result in closed escrows as sales contracts are subject to cancellation by the homebuyer. See “SPECIAL RISK FACTORS — Property Values and Property Development – Risks of Real Estate Secured Investments Generally.”

Financing Plan. Tri Pointe intends to finance its land acquisition and development of its homes in Improvement Area No. 2 using internal sources (which may include funding from its parent company and home sales proceeds). However, home sales revenues from Tri Pointe's activities in Improvement Area No. 2 are not segregated and set aside for completing its development activities in Improvement Area No. 2.

As of November 1, 2024, Tri Pointe has expended a minimal amount on site acquisition and site development cost. Tri Pointe anticipates expending approximately \$_____ million to complete its development within Improvement Area No. 2, including land acquisition costs, site development costs, permits and fees, direct and indirect home construction costs, and marketing and sales costs and expenses.

No assurance can be given that amounts necessary to fund the planned development by Tri Pointe in Improvement Area No. 2 will be available when needed. Neither Tri Pointe nor any other entity or person is under any legal obligation of any kind to expend funds for the development of the property as planned by Tri Pointe in Improvement Area No. 2. Any contributions by Tri Pointe or any other entity or person to fund the costs of such development are entirely voluntary. Tri Pointe has no legal obligation to Bond holders to make any such funds available for construction or development, or the payment of ad valorem property taxes or the Special Taxes. Many factors beyond Tri Pointe's control, or a decision by Tri Pointe to alter its current plans, may cause the actual sources and uses to differ from the projections.

If and to the extent that internal funding, including but not limited to home sales revenues and corporate financing from Tri Pointe's parent company, is inadequate to pay the costs to complete the planned development by Tri Pointe in Improvement Area No. 2 and other financing is not put into place, there could be a shortfall in the funds required to complete the proposed development by Tri Pointe or to pay ad valorem property taxes or Special Taxes related to Tri Pointe's property in Improvement Area No. 2 and the remaining portions of such development may not be completed. Many factors beyond Tri Pointe's control, or a decision by Tri Pointe to alter its current plans, may cause the actual sources and uses to differ from the projections. See "SPECIAL RISK FACTORS – Property Values and Property Development" herein.

VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2

Assessed Valuations

The value of taxable property within Improvement Area No. 2 is a critical factor in determining the investment quality of the 2024 Bonds. The remedy for non-payment of the Special Tax is potential foreclosure of the delinquent real property.

Assessed Valuation Generally. As provided by Article XIII A of the California Constitution, county assessors' assessed values are to reflect market value as of the date the property was last assessed (or 1975, whichever is more recent), increased by a maximum of 2% per year. Properties may be reassessed by the County only upon a change of at least 51% ownership of existing property or upon new construction. The assessed values of parcels in the District thus reflect the estimate of the County Assessor (the "**Assessor**") of market value when acquired (or 1975, whichever is later), possibly increased by up to 2% per year, and for parcels on which construction has occurred since their date of acquisition, the Assessor's estimate of market value as of the time of construction, possibly increased by up to 2% per year.

Assessed Valuation History. The following table provides assessed valuations of taxable property in Improvement Area No. 2 for the fiscal years shown.

Table 4
Historical Assessed Values in Improvement Area No. 2

Fiscal Year	Assessed Land Value	Assessed Structure Value	Total Assessed Value	% Change in Total Assessed Value
2023-24	\$13,282,176	\$0	\$13,282,176	N/A
2024-25	\$51,120,295	\$12,093,052	\$63,213,347	376%

Source: Assessed Values - Respective Placer County Secured Property Rolls as compiled by Willdan Financial Services.

The actual market value of parcels in Improvement Area No. 2, if sold at foreclosure, may be higher or lower than the Assessor's assessed values, depending upon the date of the Assessor's most recent assessment. The actual fair market value of any parcel may be more accurately established through an arms-length sale or an appraisal by an independent appraiser.

The Appraisal

General. In order to obtain a more accurate estimate of the value of land in Improvement Area No. 2, the City ordered preparation of an appraisal report (the "**Appraisal**"), of the estimated value of certain taxable land within Improvement Area No. 2 as of a September 20, 2024 date of value. The Appraisal was prepared by Integra Realty Resources, Sacramento, California (the "**Appraiser**"). The Appraisal is set forth in APPENDIX B hereto. The description herein of the Appraisal is intended for limited purposes only; the Appraisal should be read in its entirety. The conclusions reached in the Appraisal are subject to certain assumptions, conditions and qualifications which are set forth in the Appraisal. Composite value

Composite Value Estimate. The Appraisal sets forth an aggregate value of taxable property currently in Improvement Area No. 2 of \$175,516,352, as of September 20, 2024. This composite value consists of an estimated market value of \$165,820,000 for the 542 taxable parcels that were appraised, plus \$9,696,352 of assessed valuation for the 19 taxable parcels having an improvement

value on the Placer County property tax roll for Fiscal Year 2024-25. For completed homes without a complete assessed improvement value reflected on the tax roll, the opinions of value determined by the Appraiser represent a "not-less-than" value due to the fact the Appraiser was requested to provide a market value for the smallest floor plan in each neighborhood.

The appraised value assumes completion of the Improvements funded by the 2024 Bonds (but not any Additional Bonds that may be issued in the future) and accounts for the impact of the lien of the Special Tax on the value of the property. In considering the estimates of value evidenced by the Appraisal, it should be noted that the Appraisal is based upon a number of standard and special assumptions, which affect the estimates as to value.

Appraised Valuation by Ownership. The following table sets forth the appraised valuation by ownership and development status for parcels owned by individual homeowners, the Master Developer and Merchant Builders as of September 20, 2024. This table does not include the assessed valuation for 19 complete homes which are reflected in the Appraisal at a value of \$9,696,352. The composite valuation set forth in the Appraisal is \$175,516,352. For information on how the values were allocated among parcels and ownership, see APPENDIX B.

Table 5
Appraised Values by Ownership as of September 20, 2024

Market Value by Ownership	Lots/ Parcels/Homes	Appraised Value	
<u>Individual Homeowners</u>			
Completed Homes

Aggregate Market Value, subject to a hypothetical condition	542	\$165,820,000	

*According to the Master Developer, permits have been pulled on all remaining lots.
Source: Appraisal.

Hypothetical Condition. The estimate of appraised value is subject to a hypothetical condition, defined as that which is contrary to what exists but is supposed for the purposes of analysis. For purposes of the hypothetical condition, the Appraiser assumed that certain proceeds of the 2024 Bonds are available to reimburse for certain improvements already completed.

Assumptions and Limiting Conditions. In considering the estimate of value evidenced by the Appraisal, the Appraisal is based upon a number of standard and special assumptions which affect the estimates as to value. For example, the Appraiser has assumed that there is no adverse soil conditions, toxic substances or other environmental hazards that would interfere or inhibit development of the appraised property. Should future conditions and events reduce the level of permitted development or delay the completion of any projected development, the value of the undeveloped land would likely be reduced from that estimated by the Appraiser. See “APPENDIX B – THE APPRAISAL.”

Accordingly, because the Appraiser arrived at an estimate of current market value based upon certain assumptions which may or may not be fulfilled, no assurance can be given that should the parcels become delinquent due to unpaid Special Taxes, and be foreclosed upon and offered for sale for the amount of the delinquency, that any bid would be received for such property or, if a bid is received, that such bid would be sufficient to pay such delinquent Special Taxes.

Exposure Time. Exposure time is the length of time the subject property would have been exposed for sale in the market had it sold on the effective valuation date at the concluded market value. Exposure time is always presumed to precede the effective date of the Appraisal. Based on the Appraiser’s review of recent sales transactions for similar properties and its analysis of supply and demand in the local land market, the Appraiser’s opinion was that the probable exposure time for the appraised property at the concluded market value stated previously is 12 months.

Marketing Time. Marketing time is an estimate of the amount of time it might take to sell a property at the concluded market value immediately following the effective date of value. As the Appraiser foresees no significant changes in market conditions in the near term, the Appraiser’s opinion was that a reasonable marketing period for the appraised property in bulk is likely to be the same as the exposure time. Accordingly, the Appraiser estimated the marketing period at 12 months or less.

No assurance can be given that a sale of the property in bulk through foreclosure could be achieved or attained over an extended period of time; real estate is cyclical in nature, and it is impossible to accurately forecast and project specific demand over a particular period. See “SPECIAL RISK FACTORS – Property Values and Property Development.”

Limitations of Appraisal Valuation. Property values may not be evenly distributed throughout Improvement Area No. 2; thus, certain parcels may have a greater value than others. This disparity is significant because in the event of nonpayment of the Special Tax, the only remedy is to foreclose against the delinquent parcel.

No assurance can be given that the foregoing valuation can or will be maintained during the period of time that the 2024 Bonds are outstanding in that the City has no control over the market value of the property within Improvement Area No. 2 or the amount of additional indebtedness that may be issued in the future by other public agencies, the payment of which, through the levy of a tax or an assessment, may be on a parity with the Special Taxes. See “–Overlapping Liens and Priority of Lien” below.

For a description of certain risks that might affect the assumptions made in the Appraisal, see "SPECIAL RISK FACTORS" herein.

Value to Special Tax Burden Ratios

General. In comparing the value of the real property within Improvement Area No. 2 and the principal amount of the Bonds, it should be noted that only the real property upon which there is a delinquent Special Tax can be foreclosed upon, and the real property within Improvement Area No. 2 cannot be foreclosed upon as a whole to pay delinquent Special Taxes of the owners of such parcels within Improvement Area No. 2 unless all of the property is subject to a delinquent Special Tax. In any event, individual parcels may be foreclosed upon separately to pay delinquent Special Taxes levied against such parcels.

Other public agencies whose boundaries overlap those of Improvement Area No. 2 could, without the consent of the City and in certain cases without the consent of the owners of the land within Improvement Area No. 2, impose additional taxes or assessment liens on the land within Improvement Area No. 2. Property owners can also voluntarily add Property Assessed Clean Energy (PACE) assessment liens on their property to finance energy efficiency improvements. The lien created on the land within Improvement Area No. 2 through the levy of such additional taxes or assessments may be on a parity with the lien of the Special Tax. In addition, construction loans may be obtained by the Master Developer and subsequent merchant homebuilders, and home loans may be obtained by ultimate homeowners. The deeds of trust securing such debt on property within Improvement Area No. 2, however, will be subordinate to the lien of the Special Tax.

Value to Lien Ratios by Development Status. The following table sets forth composite values, maximum Special Taxes for Fiscal Year 2025-26, allocable debt, and value to lien ratios by development status in Improvement Area No. 2, based on the assumptions detailed therein.

* Preliminary, subject to change.

(1) The timing of Development Status and Sales to Individual Homeowners are unique to each Developer. See "Value by Lien by Ownership Status" table herein for specifics.

(2) Land Use and planned number of taxable residential units per the Improvement Area's Special Tax Formula.

(3) Composite Value represents the Appraised Values as of September 20, 2024 or the July 1, 2024 Assessed Values. Existing single-family homes showing a complete assessed value for both land and improvements were not appraised. Those parcels not appraised are instead valued above using Assessed Value.

(4) Maximum Tax refers to Maximum Annual Facilities Special Tax. Special Tax and the Projected Special Tax Levy refer to Special Facilities Tax.

(5) The Projected FY 2025-26 Special Tax Levy assumes a levy at 100% of the Maximum Tax to generate direct facility funding through Pay-As-You Go.

(6) Represents the outstanding balance of the 2023 Bonds of \$14,280,000 together with the estimated par amount of the 2024 Bonds.

(7) This table allocates the CFD Bonded Debt based upon each parcel's share of the Improvement Area's Fiscal Year 2025-26 Maximum Special Tax.

(8) Represents the overlapping debt liens of the Improvement Area parcels as of October 1, 2024 as summarized under "Table 9 Direct and Overlapping Tax and Assessment Debt" from the overlapping debt report prepared by California Municipal Statistics, Inc. No direct charges related to PACE liens secured by Special Taxes were levied onto the Improvement Area parcels in FY 2024-25.

(9) Represents homes within the Improvement Area sold to individual homeowners.

(10) A partially completed home represents a single family lot upon which a building permit has been issued together with construction towards the completion of either the structure's footings or more.

Overlapping Liens and Priority of Lien

The principal of and interest on the Bonds are payable from the Special Tax authorized to be collected within Improvement Area No. 2, and payment of the Special Tax is secured by a lien on certain real property within Improvement Area No. 2. Such lien is co-equal to and independent of the lien for general taxes and any other liens imposed under the Act, regardless of when they are imposed on the property in Improvement Area No. 2. The imposition of additional special taxes, assessments and general property taxes will increase the amount of independent and co-equal liens which must be satisfied in foreclosure. The City, the County and certain other public agencies are authorized by the Act to form other community facilities districts and improvement areas and, under other provisions of State law, to form special assessment districts, either or both of which could include all or a portion of the land within Improvement Area No. 2.

Set forth below is an overlapping debt table showing the existing direct and overlapping tax and assessment debt payable with respect to property within Improvement Area No. 2. This table is taken from information prepared by California Municipal Statistics Inc. as of the date indicated, and is included for general information purposes only. The City has not reviewed the data for completeness or accuracy and makes no representations in connection therewith. In addition to bonded debt, property in Improvement Area No. 2 is also subject to special taxes authorized to be levied on behalf of the City's Creekview Community Facilities District No. 2 (Public Services) and Community Facilities District No. 3 (Municipal Services) for municipal services, which districts provide for escalating annual special taxes on residential property.

There can be no assurance that the Master Developer, its affiliates or any subsequent owner will not petition for the formation of other community facilities districts and improvement areas or for a special assessment district or districts and that parity special taxes or special assessments will not be levied by the County or some other public agency to finance additional public facilities; however, no other special districts are currently contemplated by the City or the Master Developer.

Private liens, such as deeds of trust securing loans obtained by the Master Developer or Merchant Builders, may be placed upon property in Improvement Area No. 2 at any time. Under California law, the Special Taxes have priority over all existing and future private liens imposed on property subject to the lien of the Special Taxes.

Estimated Overall Tax Burden

The following table shows the estimated overall tax burden for representative single-family residential homes in Improvement Area No. 2 (both LDR and MDR types), for Fiscal Year 2024-25.

SPECIAL RISK FACTORS

The purchase of the 2024 Bonds described in this Official Statement involves a degree of risk that may not be appropriate for some investors. The following includes a discussion of some of the risks that should be considered before making an investment decision.

Limited Obligation of the City to Pay Debt Service

The City has no obligation to pay principal of and interest on the 2024 Bonds in the event Special Tax collections are delinquent, other than from amounts, if any, on deposit in the 2024 Reserve Account of the Reserve Fund or funds derived from the tax sale or foreclosure and sale of parcels on which levies of the Special Tax are delinquent, nor is the City obligated to advance funds to pay such debt service on the 2024 Bonds. The 2024 Bonds are not general obligations of the City but are limited obligations of the City, payable solely from the proceeds of the Special Tax and certain funds held under the Fiscal Agent Agreement, including amounts deposited in the 2024 Reserve Account of the Reserve Fund and investment income thereon, and the proceeds, if any, from the sale of property in the event of a foreclosure. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS.” Any tax for the payment of the 2024 Bonds will be limited to the Special Tax to be collected within Improvement Area No. 2.

Concentration of Ownership

Land in Improvement Area No. 2 is primarily owned by the Merchant Builders (or a related land bank entity). No assurance can be given that the Merchant Builders will complete homes on the lots that they purchase and sell the lots to individual homeowners on the timeline projected in this Official Statement or at all.

Owners of property are not personally obligated to pay the Special Tax attributable to their property. Rather, the Special Tax is an obligation only against the parcel of property, secured by the amount which could be realized in a foreclosure proceeding against the property, and not by any promise of the owner to pay. If the value of the property is not sufficient, taking into account other obligations also constituting a lien against the property, the City, Fiscal Agent and owners of the 2024 Bonds have no recourse against the owner, such as filing a lawsuit to collect money.

Failure of any of the Merchant Builders or any other future owner of significant property subject to the Special Taxes in Improvement Area No. 2 to pay installments of Special Taxes when due could cause the depletion of amounts in the 2024 Reserve Account of the Reserve Fund prior to reimbursement from the resale of foreclosed property or payment of the delinquent Special Tax and, consequently, result in the delinquency rate reaching a level that would cause an insufficiency in collection of the Special Tax to timely pay debt service on the 2024 Bonds. In that event, there could be a delay or failure in payments on the 2024 Bonds. See “– Bankruptcy and Foreclosure Delays” below and “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure.”

Appraised Values

The Appraisal summarized in APPENDIX B estimates the market value of certain taxable property within Improvement Area No. 2. This market value is merely the present opinion of the Appraiser, and is subject to the assumptions and limiting conditions stated in the Appraisal. The City has not sought the present opinion of any other appraiser of the value of the taxed parcels. A different present opinion of value might be rendered by a different appraiser.

The opinion of value relates to sale by a willing seller to a willing buyer as of the date of valuation, each having similar information and neither being forced by other circumstances to sell or to buy. Consequently, the opinion is of limited use in predicting the selling price at a foreclosure sale, because the sale is forced and the buyer may not have the benefit of full information.

In considering the estimates of value evidenced by the appraisal, it should be noted that the appraisal is based upon a number of standard and special assumptions which affect the estimates as to value, in addition to hypothetical conditions, as set forth in the Appraisal (see APPENDIX B hereto). Some of the improvements to be financed by the 2024 Bonds were not in place as of the date of inspection; thus, the value estimate is subject to a hypothetical condition (of such improvements being in place)

In addition, the opinion is a present opinion of the Appraiser as of the indicated date of value. It is based upon present facts and circumstances. Differing facts and circumstances may lead to differing opinions of value. The appraised market value is not evidence of future value because future facts and circumstances may differ significantly from the present.

No assurance can be given that any of the appraised property in Improvement Area No. 2 could be sold in a foreclosure for the estimated market value contained in the Appraisal. Such sale is the primary remedy available to Bondowners if that property should become delinquent in the payment of Special Taxes.

Property Values and Property Development

The value of the taxable property within Improvement Area No. 2 is a critical factor in determining the investment quality of the 2024 Bonds. If a property owner defaults in the payment of the Special Tax, the City may bring an action to foreclose on the delinquent property in an attempt to obtain funds with which to pay debt service on the 2024 Bonds. Land development and land values could be adversely affected by economic and other factors beyond the City's control, such as: a general economic downturn; adverse judgments in future litigation that could affect the scope, timing or viability of development; relocation of employers out of the area; stricter land use regulations; shortages of water, electricity, natural gas or other utilities; destruction of property caused by earthquake, flood or other natural disasters; environmental pollution or contamination.

The Appraisal information included as APPENDIX B sets forth certain assumptions of the Appraiser in estimating the market value of the property within Improvement Area No. 2 as of the date indicated. No assurance can be given that the land values are accurate if these assumptions are incorrect or that the values will not decline in the future if one or more events, such as natural disasters or adverse economic conditions, occur. See "Appraised Values" above.

Neither the City nor the Underwriter has evaluated development risks. Since these are largely business risks of the type that property owners customarily evaluate individually, and inasmuch as changes in land ownership may well mean changes in the evaluation with respect to any particular parcel, the City is issuing the 2024 Bonds without regard to any such evaluation. Thus, the issuance of the 2024 Bonds in no way implies that the City or the Underwriter has evaluated these risks or the reasonableness of these risks. The following is a discussion of specific risk factors that could affect the timing or scope of property development in Improvement Area No. 2 or the value of property in Improvement Area No. 2.

Land Development. Land values are influenced by the level of development in the area in many respects.

First, undeveloped or partially developed land is generally less valuable than developed land and provides less security to the owners of the 2024 Bonds should it be necessary for the City to foreclose on undeveloped or partially developed property due to the nonpayment of Special Taxes.

Second, failure to complete development on a timely basis could adversely affect the land values of those parcels that have been completed. Lower land values would result in less security for the payment of principal of and interest on the 2024 Bonds and lower proceeds from any foreclosure sale necessitated by delinquencies in the payment of the Special Tax. See “VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2 – Value to Special Tax Burden Ratios.” No assurance can be given that the proposed development within Improvement Area No. 2 will be completed, and in assessing the investment quality of the 2024 Bonds, prospective purchasers should evaluate the risks of noncompletion.

Neither the Master Developer nor the Merchant Builders provide any assurances to the City that the project will be developed or that sources of financing that will actually be available will be sufficient to complete the currently projected development. Neither the Master Developer nor the Merchant Builders have any obligation to the City or to owners of the 2024 Bonds to complete the project overall or their particular developments therein.

Risks of Real Estate Investment Generally. Continuing development of land within Improvement Area No. 2 may be adversely affected by changes in general or local economic conditions, fluctuations in the real estate market, increased construction costs, development, financing and marketing capabilities of individual property owners, water or electricity shortages, and other similar factors. Development in Improvement Area No. 2 may also be affected by development in surrounding areas, which may compete with development in Improvement Area No. 2. In addition, land development operations are subject to comprehensive federal, state and local regulations, including environmental, land use, zoning and building requirements. There can be no assurance that proposed land development operations within Improvement Area No. 2 will not be adversely affected by future government policies, including, but not limited to, governmental policies to restrict or control development, or future growth control initiatives. There can be no assurance that land development operations within Improvement Area No. 2 will not be adversely affected by these risks.

Natural Disasters. The value of the parcels in Improvement Area No. 2 in the future can be adversely affected by a variety of natural occurrences, particularly those that may affect infrastructure and other public improvements and private improvements on the parcels in Improvement Area No. 2 and the continued habitability and enjoyment of such private improvements. For example, the areas in and surrounding Improvement Area No. 2, like those in much of California, may be subject to earthquakes or other unpredictable seismic activity, however, Improvement Area No. 2 is not located in a seismic special studies zone.

Other natural disasters could include, without limitation, landslides, floods, droughts, wildfires or tornadoes. One or more natural disasters could occur and could result in damage to improvements of varying seriousness. Although the land in Improvement Area No. 2 is not in a high-risk area (or a special fire hazard severity zone) for wildfires, landslides, floods, or tornadoes, natural disasters such as these are unpredictable and may occur anywhere throughout the State, with devastating consequences. The damage may entail significant repair or replacement costs and that repair or replacement may never occur either because of the cost, or because repair or replacement will not facilitate habitability or other use, or because other considerations preclude such repair or

replacement. Under any of these circumstances there could be significant delinquencies in the payment of Special Taxes, and the value of the parcels may well depreciate.

Drought. California has been subject to droughts from time-to-time in the past. Although the City does not believe any future drought would impact development in Improvement Area No. 2, no assurances can be given in this regard.

The City employs a portfolio approach to its water supplies which includes the use of surface water, groundwater and recycled water. This portfolio approach is designed to provide a more reliable water supply. Surface water is the City's primary water supply which is delivered from the Folsom Reservoir under contracts with the Bureau of Reclamation and the Placer County Water Agency. The City also uses groundwater to supplement its surface water supplies during emergency and drought conditions. These ground water wells are designated to accommodate Aquifer Storage and Recovery ("**ASR**"). The City's ASR program allows for the storage of treated surface water in the groundwater basin through direct injection through the ASR wells. This water can be extracted later from the same wells for use during emergency or drought conditions. This water "banking" allows the City to use groundwater without significant impact to the ground water table when surface water supplies are limited. The City also uses recycled water generated from its wastewater treatment facilities for irrigation purposes in commercial landscaping, public rights-of way, parks and golf courses. The use of recycled water reduces the demand for treated water for these purposes and leaving more for domestic use. However, no assurance can be given that a future drought affecting homes in Improvement Area No. 2 would not result in decreased values.

The City indicates it has adequate surface water and groundwater supplies to satisfy the planned development of property in Improvement Area No. 2 in accordance with applicable law and regulations. However, in the event that the City's water supply is severely limited or cut off by virtue of future actions beyond its control resulting from ongoing or future drought conditions, development within Improvement Area No. 2 may be delayed or even stopped. The Development Agreement provides that should the City need to restrict development it must do so City-wide and cannot single out the Creekview property in restricting development activity. Any reduction or interruption in the water supply would also likely cause a reduction in the land value and thus a reduction in the security in the event of a need to foreclose on land within Improvement Area No. 2 following a delinquency in the payment of Special Taxes.

Legal Requirements. Other events that may affect the value of a parcel include changes in the law or application of the law. Such changes may include, without limitation, local growth control initiatives, local utility connection moratoriums and local application of statewide tax and governmental spending limitation measures. Development in Improvement Area No. 2 may also be adversely affected by the application of laws protecting endangered or threatened species.

Hazardous Substances. Any discovery of a hazardous substance detected on property within Improvement Area No. 2 would affect the marketability and the value of some or all of the property in Improvement Area No. 2. In that event, the owners and operators of a parcel within Improvement Area No. 2 may be required by law to remedy conditions of the parcel relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as "CERCLA" or the "Superfund Act," is the most well-known and widely applicable of these laws. California laws with regard to hazardous substances are also applicable to property within Improvement Area No. 2 and are as stringent as the federal laws. Under many of these laws, the owner (or operator) is obligated to remedy a hazardous substance condition of property whether or not the owner (or operator) has anything to do with creating or handling the hazardous substance.

The effect, therefore, should any of the parcels be contaminated by a hazardous substance is to reduce the marketability and value of the parcel by the costs of remedying the condition, because the purchaser, upon becoming owner, will become obligated to remedy the condition just as is the seller.

The values set forth in the Appraisal do not take into account the possible reduction in marketability and value of any of the parcels within Improvement Area No. 2 by reason of the possible liability of the owner (or operator) for the remedy of a hazardous substance condition on a parcel. Although the City is not aware that the owner (or operator) of any of the property within Improvement Area No. 2 has a current liability for a hazardous substance with respect to any of the parcels, it is possible that such liabilities do currently exist and that the City is not aware of them.

Further, it is possible that liabilities may arise in the future with respect to any of the parcels within Improvement Area No. 2 resulting from the existence, currently, on the parcel of a substance presently classified as hazardous but which has not been released or the release of which is not presently threatened, or may arise in the future resulting from the existence, currently, on the parcel of a substance not presently classified as hazardous but which may in the future be so classified. Further, such liabilities may arise not simply from the existence of a hazardous substance but from the method of handling it. All of these possibilities could significantly affect the value of a parcel within Improvement Area No. 2 that is realizable upon a foreclosure sale.

Endangered and Threatened Species. It is illegal to harm or disturb any plants or animals in their habitat that have been listed as endangered species by the United States Fish & Wildlife Service under the Federal Endangered Species Act or by the California Fish & Game Commission under the California Endangered Species Act without a permit. Although the Master Developer believes that no federally listed endangered or threatened species would be affected by the proposed development within Improvement Area No. 2, other than any that are permitted by the entitlements already received (which allow for the impact of development and specify the mitigation required), the discovery of an endangered plant or animal could delay development of vacant property in Improvement Area No. 2 or reduce the value of undeveloped property.

Levy and Collection of Special Taxes

General. The principal source of payment of principal of and interest on the 2024 Bonds is the proceeds of the annual levy and collection of the Special Tax against property within Improvement Area No. 2.

Limitation on Maximum Special Tax Rate. The annual levy of the Special Tax is subject to the Maximum Annual Facilities Special Tax rate authorized in the Rate and Method. The levy cannot be made at a higher rate even if the failure to do so means that the estimated proceeds of the levy and collection of the Special Tax, together with other available funds, will not be sufficient to pay debt service on the 2024 Bonds.

In addition to the Maximum Annual Facilities Special Tax rate limitation in the Rate and Method, Section 53321(d) of the Act provides that the special tax levied against any parcel for which an occupancy permit for private residential use has been issued may not be increased as a consequence of delinquency or default by the owner of any other parcel within a community facilities district by more than 10% above the amount that would have been levied in such Fiscal Year had there never been any such delinquencies or defaults. In cases of significant delinquency, these factors may result in defaults in the payment of principal of and interest on the 2024 Bonds.

No Relationship Between Property Value and Special Tax Levy. Because the Rate and Method is not based on property value, the levy of the Special Tax will rarely, if ever, result in a uniform relationship between the value of particular parcels of Taxable Property and the amount of the levy of the Special Tax against those parcels. Thus, there will rarely, if ever, be a uniform relationship between the value of the parcels of Taxable Property and their proportionate share of debt service on the 2024 Bonds, and certainly not a direct relationship.

Factors that Could Lead to Special Tax Deficiencies. The following are some of the factors that might cause the levy of the Special Tax on any particular parcel of Taxable Property to vary from the Special Tax that might otherwise be expected:

Transfers to Governmental Entities. The number of parcels of Taxable Property could be reduced through the acquisition of Taxable Property by a governmental entity and failure of the government to pay the Special Tax based upon a claim of exemption or, in the case of the federal government or an agency thereof, immunity from taxation, thereby resulting in an increased tax burden on the remaining taxed parcels.

Property Tax Delinquencies. Failure of the owners of Taxable Property to pay property taxes (and, consequently, the Special Tax), or delays in the collection of or inability to collect the Special Tax by tax sale or foreclosure and sale of the delinquent parcels, could result in a deficiency in the collection of Special Tax revenues. See “– Tax Delinquencies” below. There is currently no history of tax levies in Improvement Area No. 2.

Delays Following Special Tax Delinquencies and Foreclosure Sales. The Fiscal Agent Agreement generally provides that the Special Tax is to be collected in the same manner as ordinary *ad valorem* property taxes are collected and, except as provided in the special covenant for foreclosure described in “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure” and in the Act, is subject to the same penalties and the same procedure, sale and lien priority in case of delinquency as is provided for ordinary *ad valorem* property taxes. Under these procedures, if taxes are unpaid for a period of five years or more, the property is deeded to the State and then is subject to sale by the County.

If sales or foreclosures of property are necessary, there could be a delay in payments to owners of the 2024 Bonds pending such sales or the prosecution of foreclosure proceedings and receipt by the City of the proceeds of sale if the 2024 Reserve Account of the Reserve Fund is depleted. See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure.”

The ability of the City to collect interest and penalties specified by State law and to foreclose against properties having delinquent Special Tax installments may be limited in certain respects with regard to properties in which the Federal Deposit Insurance Corporation (the “**FDIC**”) has or obtains an interest. The FDIC would obtain such an interest by taking over a financial institution that has made a loan that is secured by property within Improvement Area No. 2. See “– FDIC/Federal Government Interests in Properties” below.

Other laws generally affecting creditors’ rights or relating to judicial foreclosure may affect the ability to enforce payment of Special Taxes or the timing of enforcement of Special Taxes. For example, the Soldiers and Sailors Civil Relief Act of 1940 affords protections such as a stay in enforcement of the foreclosure covenant, a six-month period after termination of military service to redeem property sold to enforce the collection of a tax or

assessment and a limitation on the interest rate on the delinquent tax or assessment to persons in military service if the court concludes the ability to pay such taxes or assessments is materially affected by reason of such service.

FDIC/Federal Government Interests in Properties

General. The ability of the City to foreclose the lien of delinquent unpaid Special Tax installments may be limited with regard to properties in which the Federal Deposit Insurance Corporation (the “**FDIC**”), the Drug Enforcement Agency, the Internal Revenue Service, or other federal agency has or obtains an interest.

Federal courts have held that, based on the supremacy clause of the United States Constitution, in the absence of Congressional intent to the contrary, a state or local agency cannot foreclose to collect delinquent taxes or assessments if foreclosure would impair the federal government interest.

The supremacy clause of the United States Constitution reads as follows: “This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the contrary notwithstanding.”

This means that, unless Congress has otherwise provided, if a federal governmental entity owns a parcel that is subject to Special Taxes within Improvement Area No. 2 but does not pay taxes and assessments levied on the parcel (including Special Taxes), the applicable state and local governments cannot foreclose on the parcel to collect the delinquent taxes and assessments.

Moreover, unless Congress has otherwise provided, if the federal government has a mortgage interest in the parcel and the City wishes to foreclose on the parcel as a result of delinquent Special Taxes, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on parity with the Special Taxes and preserve the federal government’s mortgage interest. In *Rust v. Johnson* (9th Circuit; 1979) 597 F.2d 174, the United States Court of Appeal, Ninth Circuit held that the Federal National Mortgage Association (“**FNMA**”) is a federal instrumentality for purposes of this doctrine, and not a private entity, and that, as a result, an exercise of state power over a mortgage interest held by FNMA constitutes an exercise of state power over property of the United States.

Bankruptcy and Foreclosure Delays

The payment of the Special Tax and the ability of the City to foreclose the lien of a delinquent unpaid tax, as discussed in “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure,” may be limited by bankruptcy, insolvency or other laws generally affecting creditors’ rights or by the laws of the State of California relating to judicial foreclosure. The various legal opinions to be delivered concurrently with the delivery of the 2024 Bonds (including Bond Counsel’s approving legal opinion) will be qualified as to the enforceability of the various legal instruments by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors’ rights, by the application of equitable principles and by the exercise of judicial discretion in appropriate cases.

Although bankruptcy proceedings would not cause the Special Taxes to become extinguished, bankruptcy of a property owner could result in a delay in prosecuting superior court

foreclosure proceedings and could result in the possibility of delinquent Special Tax installments not being paid in full. Such a delay would increase the likelihood of a delay or default in payment of the principal of and interest on the 2024 Bonds. To the extent that property in Improvement Area No. 2 continues to be owned by a limited number of property owners, the chances are increased that the 2024 Reserve Account of the Reserve Fund established for the 2024 Bonds could be fully depleted during any such delay in obtaining payment of delinquent Special Taxes. As a result, sufficient moneys would not be available in the 2024 Reserve Account of the Reserve Fund for transfer to the Bond Fund to make up shortfalls resulting from delinquent payments of the Special Tax and thereby to pay principal of and interest on the 2024 Bonds on a timely basis.

To the extent that bankruptcy or similar proceedings were to involve a large property owner, the chances would increase the likelihood that the 2024 Reserve Account of the Reserve Fund could be fully depleted during any resulting delay in receiving payment of delinquent Special Taxes. As a result, sufficient moneys would not be available in the 2024 Reserve Account of the Reserve Fund for transfer to the Bond Fund to make up any shortfalls resulting from delinquent payments of the Special Tax and thereby to pay principal of and interest on the 2024 Bonds on a timely basis.

On July 30, 1992, the United States Court of Appeals for the Ninth Circuit issued its opinion in a bankruptcy case entitled *In re Glasply Marine Industries*. In that case, the court held that *ad valorem* property taxes levied by Snohomish County in the State of Washington after the date that the property owner filed a petition for bankruptcy were not entitled to priority over a secured creditor with a prior lien on that property. The court upheld the priority of unpaid *ad valorem* taxes imposed before the bankruptcy petition (the “pre-petition taxes”), but unpaid taxes imposed after the filing of the bankruptcy petition (“post-petition taxes”) were declared to be unsecured “administrative expenses” of the bankruptcy estate, and were therefore held to be payable from the bankruptcy estate only after payment of all secured creditors. As a result, the secured creditor of the property was able to foreclose on the property and retain all of the proceeds of the sale except for the amount of the pre-petition taxes.

According to the court’s ruling, as administrative expenses, post-petition taxes would have to be paid, but only if the debtor had sufficient assets not subject to other perfected security interests to do so. In certain circumstances, payment of such administrative expenses may also be allowed to be deferred. Once the property is transferred out of the bankruptcy estate (through foreclosure or otherwise) it would at that time again become subject to and would secure liens for then current and future *ad valorem* taxes.

Glasply was controlling precedent on bankruptcy courts in the State of California for several years subsequent to the date of the Ninth Circuit’s holding. Pursuant to state law, the lien date for general *ad valorem* property taxes levied in the State of California is the January 1 preceding the fiscal year for which the taxes are levied. Under the *Glasply* holding, a bankruptcy petition filing would have prevented the lien for general *ad valorem* property taxes levied in fiscal years subsequent to the filing of a bankruptcy petition from attaching and becoming a lien so long as the property was a part of the estate in bankruptcy. However, the *Glasply* holding was for the most part subsequently rendered inoperative with respect to the imposition of a lien for and the collection of *ad valorem* taxes by amendments to the federal Bankruptcy Code (Title 11 U.S.C.) which were part of the Bankruptcy Reform Act of 1994 (the “Bankruptcy Reform Act”) passed by Congress during the later part of 1994. The Bankruptcy Reform Act added a provision to the automatic stay section of the Bankruptcy Code which, pursuant to Section 362(b)(18) thereof, excepts from the Bankruptcy Code’s automatic stay provisions, “the creation of a statutory lien for an *ad valorem* property tax imposed by . . . a political subdivision of a state, if such tax comes due after the filing of the petition” by a debtor in bankruptcy court. The effect of this provision is to continue the secured interest of *ad*

valorem taxes on real property (i.e., post-petition taxes) in effect during the period following the filing of a bankruptcy petition, including during the period bankruptcy proceedings are pending.

Without further clarification by the courts or Congress, the original rationale of the *Glasply* holding could, however, still result in the treatment of post-petition special taxes as “administrative expenses,” rather than as tax liens secured by real property, at least during the pendency of bankruptcy proceedings. This treatment might result from the fact that, although the lien of special taxes is of record from the date of the filing of a Notice of Special Tax Lien, the actual special tax is levied annually. As noted above, special taxes have a different lien date than the lien date for general *ad valorem* taxes in the State of California noted above. The lien of a Mello-Roos special tax attaches upon recordation of the notice of the special tax lien, as provided for in Section 53328.3 of the Act, as opposed to the annual January 1 lien date for general *ad valorem* taxes. Thus, in deciding whether the original *Glasply* ruling is applicable to a bankruptcy proceeding involving special taxes rather than general *ad valorem* property taxes, a court might consider the differences in the statutory provisions for creation of the applicable tax lien (general *ad valorem* or special tax) in determining whether there is a basis for post-petition special taxes to be entitled to a lien on the property during pending bankruptcy proceedings. If a court were to apply *Glasply* to eliminate the priority of the special tax lien as a secured claim against property with respect to post-petition levies of the Special Taxes made against property owners within Improvement Area No. 2 who file for bankruptcy, collections of the Special Taxes from such property owners could be reduced as the result of being treated as “administrative expenses” of the bankruptcy estate. Also, and most importantly, is the fact that the original holding in *Glasply* and the mitigation of that holding by the Bankruptcy Reform Act of 1994 both appear to be applicable only to general *ad valorem* taxes, and, therefore, the exemption from the automatic stay in Section 362(b)(18) discussed above may not be applicable to special taxes since they were not expressly mentioned or provided for in this section, nor defined to be included within the term “*ad valorem* taxes.”

Parity Taxes and Special Assessments; Private Debt

The City, the County and certain other public agencies are authorized by the Act to form other community facilities districts and improvement areas and, under other provisions of State law, to form special assessment districts, either or both of which could include all or a portion of the land within Improvement Area No. 2.

Property in Improvement Area No. 2 is currently subject to certain overlapping tax and assessment liens, as shown in the overlapping debt statement. Property in Improvement Area No. 2 is also subject to the special tax of two additional community facilities districts formed to fund services and known as the Creekview Community Facilities District No. 2 (Public Services) and the City’s Community Facilities District No. 3 (Municipal Services). The property is not subject to any other special tax or assessment liens (other than the lien of the Special Tax). See “VALUE OF PROPERTY WITHIN IMPROVEMENT AREA NO. 2 – Estimated Tax Burden on Single Family Home.”

In addition, other governmental obligations may be authorized and undertaken or issued in the future, the tax, assessment or charge for which may become an obligation of one or more of the parcels of taxable property and may be secured by a lien on a parity with the lien of the Special Tax securing the 2024 Bonds. The principal of and interest on the 2024 Bonds are payable from the Special Tax authorized to be collected within Improvement Area No. 2, and payment of the Special Tax is secured by a lien on certain real property within Improvement Area No. 2. Such lien is co-equal to and independent of the lien for general taxes and any other liens imposed under the Act, regardless of when they are imposed on the property in Improvement Area No. 2. The imposition of

additional special taxes, assessments and general property taxes will increase the amount of independent and co-equal liens which must be satisfied in foreclosure if unpaid. The City, the County and certain other public agencies are authorized by the Act to form other community facilities districts and improvement areas and, under other provisions of State law, to form special assessment districts, either or both of which could include all or a portion of the land within Improvement Area No. 2. Although the Special Taxes will generally have priority over non-governmental liens on a parcel of taxable property, regardless of whether the non-governmental liens were in existence at the time of the levy of the Special Tax or not, this result may not apply in the case of bankruptcy. See “– Bankruptcy and Foreclosure Delays” above.

There can be no assurance that property owners within Improvement Area No. 2 will not petition for the formation of other community facilities districts and improvement areas or for a special assessment district or districts and that parity special taxes or special assessments will not be levied by the County or some other public agency to finance additional public facilities. This includes PACE assessments which homeowners can request be placed on their home for financing energy improvements. In addition to liens for special taxes or assessments to finance public improvements of benefit to land within Improvement Area No. 2, owners of property may obtain loans from banks or other private sources which loans may be secured by a lien on the parcels in Improvement Area No. 2. Such loans would increase amounts owed by the owner of such parcel with respect to development of its property in Improvement Area No. 2. However, the lien of such private loans would be subordinate to the lien of the Special Taxes.

Tax Delinquencies

Under provisions of the Act, the Special Taxes will be billed to the properties within Improvement Area No. 2 on the regular property tax bills sent to owners of such properties. Such Special Tax installments are due and payable, and bear the same penalties and interest for nonpayment, as do regular property tax installments. Special Tax installment payments cannot be made separately from property tax payments. Therefore, the unwillingness or inability of a property owner to pay regular property tax bills as evidenced by property tax delinquencies may also indicate an unwillingness or inability to make regular property tax payments and Special Tax payments in the future.

The annual Special Tax will be billed and collected in two installments payable without penalty by December 10 and April 10. In the event such Special Taxes are not timely paid, moneys available to pay debt service on the 2024 Bonds becoming due on the subsequent respective March 1 and September 1 may be insufficient, except to the extent moneys are available in the 2024 Reserve Account of the Reserve Fund.

In the event of non-payment of Special Taxes, funds in the 2024 Reserve Account of the Reserve Fund, if available, may be used to pay principal of and interest on the 2024 Bonds. If funds in the 2024 Reserve Account of the Reserve Fund for the 2024 Bonds are depleted, the funds can be replenished from the proceeds of the levy and collection of the Special Tax that are in excess of the amount required to pay all amounts to be paid to the 2024 Bond holders pursuant to the Fiscal Agent Agreement. However, no replenishment from the proceeds of a Special Tax levy can occur as long as the proceeds that are collected from the levy of the Special Tax against property within Improvement Area No. 2 at the maximum Special Tax rates, together with other available funds, remains insufficient to pay all such amounts. Thus it is possible that the 2024 Reserve Account of the Reserve Fund will be depleted and not be replenished by the levy of the Special Tax.

See “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Delinquent Payments of Special Tax; Covenant for Superior Court Foreclosure” for a discussion of the provisions which apply, and procedures which the City is obligated to follow, in the event of delinquency in the payment of Special Taxes. See also “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Special Tax Methodology” for a discussion of a limitation imposed by the Act applicable to Special Tax increases on residential property.

No Acceleration Provisions

The 2024 Bonds do not contain a provision allowing for the acceleration of the 2024 Bonds in the event of a payment default or other default under the terms of the 2024 Bonds or the Fiscal Agent Agreement. Under the Fiscal Agent Agreement, a 2024 Bond holder is given the right for the equal benefit and protection of all 2024 Bond holders similarly situated to pursue certain remedies. So long as the 2024 Bonds are in book-entry form, DTC will be the sole 2024 Bond holder and will be entitled to exercise all rights and remedies of 2024 Bond holders.

Ballot Initiatives

From time to time, initiative measures qualify for the State ballot pursuant to the State’s constitutional initiative process, and those measures could be adopted by California voters. The adoption of any such initiative might place limitations on the ability of the State, the City, the County or other local districts to increase revenues or to increase appropriations or on the ability of the landowners to complete the development of Improvement Area No. 2. See “–Property Values and Property Development – Land Development” above. See also “–Voter Initiatives” below.

Voter Initiatives

Under the California Constitution, the power of initiative is reserved to the voters for the purpose of enacting statutes and constitutional amendments. Since 1978, the voters have exercised this power through the adoption of Proposition 13 and similar measures, including Proposition 218, which was approved in the general election held on November 5, 1996, and Proposition 26, which was approved on November 2, 2010.

Any such initiative may affect the collection of fees, taxes and other types of revenue by local agencies such as the City. Subject to overriding federal constitutional principles, such collection may be materially and adversely affected by voter-approved initiatives, possibly to the extent of creating cash-flow problems in the payment of outstanding obligations such as the 2024 Bonds.

Proposition 218—Voter Approval for Local Government Taxes—Limitation on Fees, Assessments, and Charges—Initiative Constitutional Amendment, added Articles XIII C and XIII D to the California Constitution, imposing certain vote requirements and other limitations on the imposition of new or increased taxes, assessments and property-related fees and charges.

On November 2, 2010, California voters approved Proposition 26, entitled the “Supermajority Vote to Pass New Taxes and Fees Act”. Section 1 of Proposition 26 declares that Proposition 26 is intended to limit the ability of the State Legislature and local government to circumvent existing restrictions on increasing taxes by defining the new or expanded taxes as “fees.” Proposition 26 amended Articles XIII A and XIII C of the State Constitution. The amendments to Article XIII A limit the ability of the State Legislature to impose higher taxes (as defined in Proposition 26) without a two-thirds vote of the Legislature. Article XIII C requires that all new local taxes be submitted to the

electorate before they become effective. Taxes for general governmental purposes require a majority vote and taxes for specific purposes (“special taxes”) require a two-thirds vote.

The levy of the Special Taxes and the issuance of special tax bonds of the City for Improvement Area No. 2 were each authorized by not less than a two-thirds vote of the landowners within Improvement Area No. 2 who constituted the qualified electors at the time of such voted authorization. The District believes, therefore, that issuance of the 2024 Bonds does not require the conduct of further proceedings under the Mello-Roos Act, Proposition 218 or Proposition 26.

Like their antecedents, Proposition 218 and Proposition 26 are likely to undergo both judicial and legislative scrutiny before the impact on Improvement Area No. 2 can be determined. Certain provisions of Proposition 218 and Proposition 26 may be examined by the courts for their constitutionality under both State and federal constitutional law, the outcome of which cannot be predicted.

Case Law Related to the Mello-Roos Act

On August 1, 2014, the California Court of Appeal, Fourth Appellate District, issued its opinion in *City of San Diego v. Melvin Shapiro, et al.* (D063997). The case involved a Convention Center Facilities District (the “CCFD”) established by the City of San Diego. The CCFD is a financing district established under the City’s charter (the “Charter”) and was intended to function much like a community facilities district established under the Mello-Roos Act. The CCFD was comprised of all of the real property in the entire City. However, the CCFD special tax was to be levied only on properties in the CCFD that were improved with a hotel.

At the election to authorize the CCFD special tax, the CCFD proceedings limited the electorate to owners of hotel properties and lessees of real property owned by a governmental entity on which a hotel was located. Registered voters in the City of San Diego were not permitted to vote. This definition of the qualified electors of the CCFD was based on Section 53326(c) of the Mello-Roos Act, which generally provides that, if a special tax will not be apportioned in any tax year on residential property, the legislative body may provide that the vote shall be by the landowners of the proposed community facilities district whose property would be subject to the special tax.

The *San Diego* Court held that the CCFD special tax election did not comply with the City’s Charter and with applicable provisions of the California Constitution -- specifically Article XIII A, section 4 (“Cities, Counties and special districts, by a two-thirds vote of the qualified electors of such district, may impose special taxes on such district....”) and Article XIIIC, section 2(d) (“No local government may impose, extend, or increase any special tax unless and until that tax is submitted to the electorate and approved by a two-thirds vote.”) -- because the electors in the CCFD election should have been the registered voters residing within the CCFD (the boundaries of which were coterminous with the boundaries of the City of San Diego).

As to the District (including Improvement Area No. 2), there were no registered voters within the District (including Improvement Area No. 2) at the time of the election to authorize the Special Taxes. Significantly, the *San Diego* Court expressly stated that it was not addressing the validity of a landowner election to impose special taxes on residential property pursuant to the Mello-Roos Act in situations where there are fewer than 12 registered voters. Therefore, by its terms, the *San Diego* Court’s holding does not apply to the special tax election held for Improvement Area No. 2.

Moreover, Sections 53341 and 53359 of the Act establish a limited period of time in which special taxes levied under the Mello-Roos Act may be challenged by a third party:

53341. Any action or proceeding to attack, review, set aside, void, or annul the levy of a special tax or an increase in a special tax pursuant to [the Mello-Roos Act] shall be commenced within 30 days after the special tax is approved by the voters....

53359. An action to determine the validity of bonds issued pursuant to [the Mello-Roos Act] or the validity of any special taxes levied pursuant to [the Mello-Roos Act] ... shall be commenced within 30 days after the voters approve the issuance of the bonds or the special tax ...

Section 53326(b) of the Mello-Roos Act defines the authorized voters for an election in which the special taxes will be levied on residential property: “Except as otherwise provided in subdivision (c), if at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each person who is the owner of land at the close of the protest hearing, or the authorized representative thereof, shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district not exempt from the special tax....”

Landowner voters approved the Special Taxes and the issuance of bonds for Improvement Area No. 2 in compliance with all applicable requirements of the Mello-Roos Act in 2018. Therefore, pursuant to Sections 53341 and 53359 of the Mello-Roos Act, the statute of limitations period to challenge the validity of the special tax has expired. Because the *San Diego* Court expressly stated that it did not consider the facts presented by Improvement Area No. 2 and because the period for challenging the Special Taxes has passed, the City believes the Special Taxes are valid and cannot be challenged.

Exempt Properties

Certain properties are exempt from the Special Tax in accordance with the Rate and Method and the Act, which provides that properties or entities of the state, federal or local government are exempt from the Special Tax; provided, however, that property within the District acquired by a public entity through a negotiated transaction or by gift or devise, which is not otherwise exempt from the Special Tax, will continue to be subject to the Special Tax.

In addition, although the Act provides that if property subject to the Special Tax is acquired by a public entity through eminent domain proceedings, the obligation to pay the Special Tax with respect to that property is to be treated as if it were a special assessment, the constitutionality and operation of these provisions of the Act have not been tested, meaning that such property could become exempt from the Special Tax. The Act further provides that no other properties or entities are exempt from the Special Tax unless the properties or entities are expressly exempted in a resolution of consideration to levy a new special tax or to alter the rate or method of apportionment of an existing special tax.

Pandemic Diseases

In recent years, public health authorities have warned of threats posed by outbreaks of disease and other public health threats. Pandemic diseases arising in the future could have significant adverse health and financial impacts throughout the world, leading to loss of jobs and

personal financial hardships, and/or actions by federal, State and local governmental authorities to contain or mitigate the effects of an outbreak.

Taxpayer assistance measures may include deferral of due dates of property taxes, which was an assistance program during the COVID-19 pandemic, and with or without a deferral some taxpayers may be unable to make their property and Special Tax payments. No assurance can be given that the property tax payment dates will not be deferred in the future, which may cause a delay in the receipt of Special Taxes. In addition, home values may be affected by a reduction in demand stemming from personal finances, or general widespread economic circumstances resulting from pandemic diseases.

Cyber Security

The City, like many other public and private entities, relies on computer and other digital networks and systems to conduct its operations. As a recipient and provider of personal, private or other sensitive electronic information, the City is potentially subject to multiple cyber threats, including without limitation hacking, viruses, ransomware, malware and other attacks. No assurance can be given that the City's efforts to manage cyber threats and attacks will be successful in all cases, or that any such attack will not materially impact the operations or finances of the City, or the administration of the 2024 Bonds. The City is also reliant on other entities and service providers in connection with the administration of the 2024 Bonds, including without limitation the County tax collector for the levy and collection of Special Taxes, the Fiscal Agent, and the dissemination agent. No assurance can be given that the City and these other entities will not be affected by cyber threats and attacks in a manner that may affect the Bond owners.

Potential Early Redemption of Bonds from Prepayments

Property owners within Improvement Area No. 2, including the Master Developer, the Merchant Builders and individual homeowners, are permitted to prepay their Special Tax obligation at any time. Such prepayments could also be made from the proceeds of bonds issued by or on behalf of an overlapping special assessment district or community facilities district. Such prepayments will result in a redemption of the Bonds on the interest payment date for which timely notice may be given under the Fiscal Agent Agreement following the receipt of the prepayment. The resulting redemption of Bonds that were purchased at a price greater than par could reduce the otherwise expected yield on such Bonds.

CONSTITUTIONAL LIMITATIONS ON TAXATION AND APPROPRIATIONS

Article XIII A of the California Constitution, commonly known as “**Proposition 13**,” provides that each county will levy the maximum *ad valorem* property tax permitted by Proposition 13 and will distribute the proceeds to local agencies in accordance with an allocation formula based in part on pre-Proposition 13 *ad valorem* property tax rates levied by local agencies.

Article XIII A limits the maximum *ad valorem* tax on real property to 1% of “full cash value,” which is defined as the County Assessor’s valuation of real property as shown on the 1975-76 tax bill under full cash value, or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. The full cash value may be adjusted annually to reflect increases of no more than 2% per year or decreases in the consumer price index or comparable local data, or declining property value caused by damage, destruction or other factors.

Article XIII A exempts from the 1% tax limitation any taxes to repay indebtedness approved by the voters prior to July 1, 1978, and requires a vote of two-thirds of the qualified electorate to impose Special Taxes or any additional *ad valorem*, sales, or transaction taxes on real property. In addition, Article XIII A requires the approval of two-thirds of all members of the State Legislature to change any State laws resulting in increased tax revenues. On June 3, 1986, California voters approved an amendment to Article XIII A of the California Constitution to allow local governments and school districts to raise their property tax rates above the constitutionally mandated 1% ceiling for the purpose of paying off certain new general obligation debt issued for the acquisition or improvement of real property and approved by two-thirds of the votes cast by the qualified electorate. If any such voter-approved debt is issued, it may be on a parity with the lien of the Special Tax on the parcels within Improvement Area No. 2.

State and local government agencies in the State, and the State itself are subject to annual appropriation limits, imposed by Article XIII B of the State Constitution. Article XIII B prohibits government agencies and the State from spending “appropriations subject to limitation” in excess of the appropriations limits imposed. “Appropriations subject to limitation” are authorizations to spend “proceeds of taxes,” which consist of tax revenues, certain state subventions and certain other funds, including proceeds from regulatory licenses, user charges or other fees to the extent that such proceeds exceed the cost reasonably borne by such entity in providing the regulation, product or service. No limit is imposed on appropriations of funds which are not “proceeds of taxes” such as debt service on indebtedness existing or authorized before January 1, 1979, or subsequently authorized by the voters, appropriations required to comply with mandates of courts or the federal government, reasonable user charges or fees and certain other non-tax funds.

CONTINUING DISCLOSURE

The City

The City has covenanted for the benefit of owners of the 2024 Bonds to provide certain financial information and operating data relating to Improvement Area No. 2 by not later than nine months after the end of the City’s fiscal year (presently June 30) in each year (the “**City Annual Report**”) commencing with its report for Fiscal Year 2023-24 (due April 1, 2025) and to provide notices of the occurrence of certain enumerated events; provided, the first annual report due April 1, 2025 shall be satisfied by posting the City’s audited financial statements for Fiscal Year 2023-24.

The City Annual Report and notices of listed events will be filed with the Municipal Securities Rulemaking Board. The covenants of the City have been made in order to assist the Underwriter in complying with Securities Exchange Commission Rule 15c2-12(b)(5) (the “**Rule**”). The specific nature of the information to be contained in the Annual Report or the notices of listed events by the City is summarized in “APPENDIX E – FORM OF CONTINUING DISCLOSURE UNDERTAKINGS.”

The City believes it currently is in material compliance with all of its continuing disclosure undertakings for the last five years. Notwithstanding the foregoing, in the last five years:

- (1) The Annual Report for Fiscal Year 2019-20 for one series of the City's outstanding bonds did not initially fulfill all content requirements; a remedial filing was done approximately 3 months later.
- (2) For its Annual Report for Fiscal Year 2021-22, while the City filed unaudited financial statements and then its audited financial statements when available, the unaudited financial statements were not timely filed with respect to certain bond issues.
- (3) The City has not in a timely manner filed all significant event notices of changes in the ratings of certain then-outstanding obligations resulting from changes in ratings to the bond insurers who insured such obligations or the underlying rates for such obligations. However, the City has submitted all undisclosed significant event notices of changes in ratings occurring during the last five years on all currently outstanding obligations.

The City believes it has made corrective filings to address the known instances during the last five years of past delayed or failure to file annual reports, omissions of required information and/or rating changes to be filed under its prior continuing disclosure undertakings.

The Merchant Builders

General. Each of the Merchant Builders has voluntarily covenanted for the benefit of owners of the 2024 Bonds to provide certain information and operating data relating to the property it or its affiliates owns or is under option to acquire in Improvement Area No. 2 by not later than May 1 and November 1 of each year, beginning with the report due May 1, 2025 (the “**Merchant Builder Periodic Reports**”) and to provide notices of the occurrence of certain enumerated events. The obligation of the Merchant Builders to provide such information is in effect until such time as a Merchant Builder (and its affiliates) no longer own or is under option to acquire property in Improvement Area No. 2 collectively responsible for 20% or more of the Special Taxes.

D.R. Horton Continuing Disclosure Compliance. D.R. Horton's Sacramento Division is the division which will be responsible for complying with its obligations under its Developer Continuing Disclosure Certificate. D.R. Horton has advised the City that, based on a review of prior continuing disclosure obligations in Northern California, encompassing D.R. Horton's Sacramento and Bay Area Divisions, D.R. Horton has not failed to comply in any material respect with any previous undertaking by it to provide periodic continuing disclosure reports or notice of listed events with respect to community facilities district or assessment district financings in Northern California within the past five years.

Lennar Homes Continuing Disclosure Compliance. Lennar Homes has advised the City that, other than as disclosed in this paragraph, to the actual knowledge of Lennar Homes, Lennar

Homes has not failed in any material respect to comply with any previous undertaking by it to provide periodic continuing disclosure reports or notices of material events with respect to community facilities districts or assessment districts in California within the past five years. However, (i) in connection with the \$16,780,000 California Municipal Finance Authority Special Tax Revenue Bonds BOLD Program Series 2020B, Lennar Homes inadvertently failed to file the initial Semi-Annual Report by the due date of May 1, 2021, but filed a curative report on May 21, 2021; and (ii) in connection with the \$5,795,000 City of Rancho Cordova Grantline 208 Community Facilities District No. 2018-1 Special Tax Bonds, Series 2021B, Lennar Homes inadvertently failed to file the initial annual report by the due date of April 1, 2022, but filed a curative report on September 21, 2022.

Meritage Prior Continuing Disclosure Compliance. Meritage's Northern California division will be responsible for compliance with its obligations under its Continuing Disclosure Certificate. Meritage has advised the District that, except as described in the following paragraph, based on a review of prior continuing disclosure obligations in Northern California, Meritage has not failed to comply in any material respect with any previous undertaking by it to provide periodic continuing disclosure reports or notice of listed events with respect to community facilities district or assessment district bond issues in Northern California within the past five years.

However, in connection with a continuing disclosure obligation entered into with respect to the \$14,735,000 Improvement Area No. 1 of the City of Dixon Community Facilities District No. 2019-1 (Homestead) Special Tax Bonds, Series 2020, Meritage was late in filing its first periodic report due June 15, 2021. The oversight was discovered in August 2021, and Meritage promptly filed a curative report on August 23, 2021 or approximately two months after the due date. Additionally, in connection with the phased acquisition of lots from the master developer of property within the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 1 ("Roseville CFD No. 1, IA No. 1"), Meritage executed a Continuing Disclosure Certificate (Assumption by Builder), dated August 13, 2021 (the "CDC Assumption"), with respect to the acquisition of Villages C-11 (34 projected units), C-12 (95 projected units), C-14 (20 projected units), and C-15 (20 projected units). The CDC Assumption relates to the issuance of \$10,905,000 City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 1 Special Tax Bonds Series 2020, and requires the filing of periodic reports by May 1 and November 1 of each year with respect to the property referenced, commencing November 1, 2021. Meritage was late in filing its first periodic report due November 1, 2021. The oversight was discovered in late April 2022, and Meritage promptly filed a curative report on April 28, 2022 or approximately six months after the due date. Identification of the above-described events does not constitute a representation by Meritage that such events were material.

Woodside Continuing Disclosure Compliance. Woodside's Northern California Division is the division which will be responsible for complying with its obligations under its Developer Continuing Disclosure Certificate. Woodside has advised the City that, based on a review of prior continuing disclosure obligations in Northern California, Woodside has not failed to comply in any material respect with any previous undertaking by it to provide periodic continuing disclosure reports or notice of listed events with respect to community facilities district or assessment district financings in Northern California within the past five years.

Beazer Homes Continuing Disclosure Compliance. Beazer Homes has advised the City that, based on a review of prior continuing disclosure obligations in Northern California, Beazer Homes has not failed to comply in any material respect with any previous undertaking by it to provide periodic continuing disclosure reports or notice of listed events with respect to community facilities district or assessment district financings in Northern California within the past five years.

UNDERWRITING

The 2024 Bonds were purchased through negotiation by Piper Sandler & Co., as underwriter (the “**Underwriter**”). The Underwriter agreed to purchase the 2024 Bonds at a price of \$_____ (which is equal to the par amount of the 2024 Bonds, plus/less an original issue premium/discount of \$_____ and less the Underwriter’s discount of \$_____). The initial public offering prices set forth on the cover page hereof may be changed by the Underwriter. The Underwriter may offer and sell the 2024 Bonds to certain dealers and others at a price lower than the public offering prices set forth on the cover page hereof.

MUNICIPAL ADVISOR

The City has retained Hilltop Securities Inc., Encino, California, as registered municipal advisor (the “**Municipal Advisor**”) in connection with the issuance of the 2024 Bonds. The Municipal Advisor is not obligated to undertake, and has not undertaken to make, an independent verification or assume responsibility for the accuracy, completeness, or fairness of the information contained in this Official Statement. The fees of the Municipal Advisor are contingent upon the sale and delivery of the 2024 Bonds.

LEGAL OPINION

The validity of the 2024 Bonds and certain other legal matters are subject to the approving opinion of Jones Hall, a Professional Law Corporation, Bond Counsel. A complete copy of the proposed form of Bond Counsel opinion is contained in APPENDIX D to this Official Statement, and the final opinion will be made available to registered owners of the 2024 Bonds at the time of delivery. The fees of Bond Counsel are contingent upon the sale and delivery of the 2024 Bonds.

TAX MATTERS

Federal Tax Status. In the opinion of Jones Hall, A Professional Law Corporation, San Francisco, California, Bond Counsel, subject, however to the qualifications set forth below, under existing law, the interest on the 2024 Bonds is excluded from gross income for federal income tax purposes and such interest is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the 2024 Bonds may be subject to the corporate alternative minimum tax.

The opinions set forth in the preceding paragraph are subject to the condition that the City comply with all requirements of the Internal Revenue Code of 1986, as amended (the “**Tax Code**”) relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the 2024 Bonds. The City has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the 2024 Bonds.

Tax Treatment of Original Issue Discount and Premium. If the initial offering price to the public at which a 2024 Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes “original issue discount” for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public at which a 2024 Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes “original

issue premium” for purposes of federal income taxes and State of California personal income taxes. *De minimis* original issue discount and original issue premium are disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturity of the 2024 Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such 2024 Bonds to determine taxable gain upon disposition (including sale, redemption, or payment on maturity) of such 2024 Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the 2024 Bonds who purchase the 2024 Bonds after the initial offering of a substantial amount of such maturity. Owners of such 2024 Bonds should consult their own tax advisors with respect to the tax consequences of ownership of 2024 Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering, the allowance of a deduction for any loss on a sale or other disposition, and the treatment of accrued original issue discount on such 2024 Bonds under federal individual alternative minimum taxes.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the 2024 Bond (said term being the shorter of the 2024 Bond’s maturity date or its call date). The amount of original issue premium amortized each year reduces the adjusted basis of the owner of the 2024 Bond for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a 2024 Bond is amortized each year over the term to maturity of the 2024 Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized 2024 Bond premium is not deductible for federal income tax purposes. Owners of premium 2024 Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such 2024 Bonds.

California Tax Status. In the further opinion of Bond Counsel, interest on the 2024 Bonds is exempt from California personal income taxes.

Other Tax Considerations. Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest on the 2024 Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the 2024 Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether, if enacted, such legislation would apply to bonds issued prior to enactment.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the 2024 Bonds, or as to the consequences of owning or receiving interest on the 2024 Bonds, as of any future date. Prospective purchasers of the 2024 Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

Owners of the 2024 Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the 2024 Bonds may have federal or state tax consequences other than as described above. Other than as expressly described above, Bond Counsel expresses no opinion regarding other federal or state tax consequences arising with respect to the 2024 Bonds, the ownership, sale or disposition of the 2024 Bonds, or the amount, accrual or receipt of interest on the 2024 Bonds.

NO RATINGS

The City has not applied to a rating agency for the assignment of a rating to the 2024 Bonds and does not contemplate applying for a rating.

NO LITIGATION

At the time of delivery of and payment for the 2024 Bonds, the City Attorney will deliver his opinion that to the best of its knowledge there is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court or regulatory agency pending against the City affecting its existence or the titles of its officers to office or seeking to restrain or to enjoin the issuance, sale or delivery of the 2024 Bonds, the application of the proceeds thereof in accordance with the Fiscal Agent Agreement, or the collection or application of the Special Tax to pay the principal of and interest on the 2024 Bonds, or in any way contesting or affecting the validity or enforceability of the 2024 Bonds, the Fiscal Agent Agreement or any action of the City contemplated by any of said documents, or in any way contesting the completeness or accuracy of this Official Statement or any amendment or supplement thereto, or contesting the powers of the City or its authority with respect to the 2024 Bonds or any action of the City contemplated by any of said documents.

EXECUTION

The execution and delivery of this Official Statement by the City has been duly authorized by the City Council of the City, as the legislative body of the District.

CITY OF ROSEVILLE

By: _____
Dennis Kauffman
Assistant City Manager/
Chief Financial Officer

APPENDIX A

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

APPENDIX B
THE APPRAISAL

APPENDIX C

THE CITY OF ROSEVILLE AND PLACER COUNTY

The District is located in the City of Roseville (the “City”), which is located in southwestern Placer County (the “County”), California (the “State”). Certain financial and economic data for the City, County and State are presented in this appendix for information purposes only. The 2024 Bonds are not a debt or obligation of the City, County or State, but are a limited obligation of the City, secured solely by the Special Tax Revenues and other amounts pledged under the Fiscal Agent Agreement, all as described in more detail in this Official Statement.

General

The City is located in the County, which is located in the Sacramento Valley near the foothills of the Sierra Nevada mountain range, about 16 miles northeast of Sacramento and 110 miles east of San Francisco. The City presently occupies 43 square miles in the southwestern part of the County and is the largest city in the County as well as the residential and business center of the County. It is bordered by Sacramento County to the south, the City of Rocklin to the north and un-incorporated Placer County to the east and west. The estimated population of the City as of January 2023 was approximately 152,928.

The City has warm summers typical of central California, with an average July temperature of 77 degrees. Winter temperatures are moderate; the average January temperature is 46 degrees. The temperature drops below freezing an average of eight days per year. Rainfall averages 20 inches annually and falls mostly during the winter.

The City is predominately comprised of residential housing, small and large businesses, as well as numerous retail centers, the latter of which play a vital role in the economy of the City and contribute significantly to City and County sales tax receipts. The City has the thirteenth highest retail sales of all cities in the State, and the City is considered a regional shopping destination. The Westfield Galleria at Roseville is the main shopping center in the City and the second largest shopping mall in Northern California. Across from the Westfield Galleria lies the “Fountains at Roseville,” a 330,000 square foot retail center, containing additional stores and several recreation centers. Plans call for future construction of hotel, additional retail, and office buildings in connection with the Fountains at Roseville project. In addition to the Westfield Galleria and Fountains at Roseville, the City has many shopping plazas surrounding the Westfield Galleria and the Douglas Boulevard financial corridor. The City is also home to one of the largest auto malls in the United States and a popular water park, Roseville Golf and Sun Splash.

Municipal Government

The City was incorporated on April 10, 1909 and is a charter city. The City operates under the council-manager form of government, with a five-member City Council elected by district for staggered four-year terms.

City services include, among others, police and fire protection, library services, street maintenance, and parks and recreation. The City also owns two golf courses and provides its own electricity, water, sewer and refuse services to its citizens.

Population

The following table sets forth population estimates for the City, County and State for the past five years.

POPULATION ESTIMATES
City, County and State
Calendar Years 2020 through 2024, as of January 1

<u>Year</u>	<u>City of Roseville</u>	<u>Placer County</u>	<u>State of California</u>
2020	147,104	404,739	39,538,223
2021	148,506	406,443	39,327,868
2022	150,626	407,539	39,114,785
2023	152,726	410,085	39,061,058
2024	154,329	412,844	39,128,162

Effective Buying Income

Effective buying income (“**EBI**”) is designated as personal income less personal tax and non-tax payments. Personal income is the aggregate of wages and salaries, other labor income (such as employer contributions to private pension funds), proprietor’s income, rental income (which includes imputed rental income of owner-occupants of non-farm dwellings), dividends paid by corporations, personal interest income from all sources, and transfer payments (such as pensions and welfare assistance). Deducted from this total are personal taxes (federal, state and local), non-tax payments (such as fines, fees, penalties), and personal contributions for social insurance. Effective buying income is a bulk measure of market potential. It indicates the general ability to buy and is essential in comparing, selecting and grouping markets on that basis. The following table demonstrates the growth in annual estimated EBI for the City, the County, the State and the United States.

EFFECTIVE BUYING INCOME (EBI) City, County, State and United States As of January 1, 2021 through 2025

Year	Area	Total Effective Buying Income (000’s Omitted)	Median Household Effective Buying Income
2021	City of Roseville	\$4,126,395	\$66,668
	Placer County	12,122,101	65,269
	California	1,036,142,723	55,681
	United States	8,132,748,136	48,043
2022	City of Roseville	\$6,165,433	\$87,539
	Placer County	18,491,490	88,051
	California	1,452,426,153	77,058
	United States	11,208,582,541	64,448
2023	City of Roseville	\$6,996,310	\$92,853
	Placer County	19,349,979	91,862
	California	1,461,799,662	77,175
	United States	11,454,846,397	65,326
2024	City of Roseville	\$7,496,807	\$95,863
	Placer County	20,125,715	93,505
	California	1,510,708,521	80,973
	United States	11,987,185,826	67,876
2025	City of Roseville	\$7,682,133	\$96,592
	Placer County	20,632,478	95,193
	California	1,557,429,767	82,725
	United States	12,525,577,707	69,687

Employment and Industry

The unemployment rate in the Sacramento--Roseville--Arden-Arcade MSA was 4.7 percent in September 2024, up from a revised 5.2 percent in August 2024, and above the year-ago estimate of 4.4 percent. This compares with an unadjusted unemployment rate of 5.3 percent for California and 3.9 percent for the nation during the same period. The unemployment rate was 4.3 percent in El Dorado County, 4.2 percent in Placer County, 4.9 percent in Sacramento County, and 4.9 percent in Yolo County

The following table summarizes the civilian labor force, employment and unemployment, as well as employment by industry, in the Sacramento--Arden-Arcade--Roseville MSA for the years 2019 through 2023.

Source: Construction Industry Research Board, Building Permit Summary.

The County's 2024-25 assessment roll totaled \$110,562,469,152 as compared to the prior year's assessment roll of \$104,323,515,275, which reflected a 5.98% increase this year. These numbers over the last two years contrast with the real estate decline years of 2008 and after, where the County assessment roll experienced declines.

The following table shows residential and non-residential building permits issued within the County for calendar years 2019 through 2023.

Transportation

The County's transportation network is an integral part of its development. Centrally located in the State, the area is the hub of several major highways. Interstate 80 runs through the County, connecting San Francisco to New York. Highway 65 runs north from I-80 to Lincoln and Marysville. Interstate 5, which is west of the County, runs north to Seattle and south to Los Angeles. In the City, the major highways in the area are Interstate 80 and Interstate 5, and State Highways 65, 50, and 99.

Union Pacific Railroad bought Southern Pacific in 1996 and the J.R. Davis Yard, located in Roseville, is the largest rail facility on the West Coast. Union Pacific owns and operates track in 23 states, primarily west of the Mississippi River. Amtrak provides passenger service daily to San Francisco and San Jose, and the California Zephyr connects the County to the Midwest and Chicago.

Greyhound operates a station in Roseville, providing interstate destination services. Greyhound also operates throughout the County, with bus depots or regularly scheduled stops in most of the communities along major highways and roads.

Sacramento International Airport is serves the Roseville area. Served by ten major carriers and several commuter airlines, as well as air freight carriers, the airport handles passenger flights to over 140 cities with more than 130 scheduled departures per day and 4.3 million passengers annually. Nearby Auburn Municipal Airport serves charter and private aircraft for coastal, state and transcontinental flights. Executive air service is available as well. Auburn Municipal has an elevation of 1,520 feet and an east/west runway 3,100 feet in length.

Several trucking companies serve the County, ranging from interstate lines to local haulers, and transporting a wide variety of goods. United Parcel Service, with a distribution center in Rocklin, offers freight transportation services as well.

[Closing Date]

OPINION: \$_____ City of Roseville Creekview Community Facilities District No. 1
(Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024

Members of the City Council:

We have acted as bond counsel to the City of Roseville (the “City”) in connection with the issuance by the City of the \$ _____ City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024 (the “Bonds”), pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, constituting Section 53311, et seq. of the California Government Code (the “Act”) and a Fiscal Agent Agreement dated as of July 1, 2023, as supplemented and amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of December 1, 2024 (together, the “Fiscal Agent Agreement”), by and between the City, on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities), and U.S. Bank Trust Company, National Association, as fiscal agent. We have examined the law and such certified proceedings and other papers as we deem necessary to render this opinion.

As to questions of fact material to our opinion, we have relied upon representations of the City contained in the Fiscal Agent Agreement, and in the certified proceedings and other certifications of public officials furnished to us, without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion, under existing law, as follows:

1. The City is duly created and validly existing as a public body, corporate and politic, with the power to adopt the resolution authorizing the issuance of the Bonds, enter into the Fiscal Agent Agreement and perform the agreements on its part contained therein, and to issue the Bonds.
2. The Bonds have been duly authorized, executed and delivered by the City and are valid and binding limited obligations of the City, payable solely from the sources provided therefor in the Fiscal Agent Agreement.

3. The Fiscal Agent Agreement has been duly entered into by the City and constitutes a valid and binding obligation of the City enforceable upon the City.

4. Pursuant to the Act, the Fiscal Agent Agreement creates a valid lien on the funds pledged by the Fiscal Agent Agreement.

5. The interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax. Interest on the Bonds may be subject to the corporate alternative minimum tax. The opinions set forth in the preceding sentence are subject to the condition that the City comply with all requirements of the Internal Revenue Code of 1986, as amended, relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The City has made certain representations and covenants in order to comply with each such requirement. Inaccuracy of those representations, or failure to comply with certain of those covenants, may cause the inclusion of such interest in gross income for federal income tax purposes, which may be retroactive to the date of issuance of the Bonds.

6. The interest on the Bonds is exempt from personal income taxation imposed by the State of California.

We express no opinion regarding any other tax consequences arising with respect to the ownership, sale or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur. Our engagement with respect to this matter has terminated as of the date hereof.

Respectfully submitted,

A Professional Law Corporation

APPENDIX E

FORMS OF CONTINUING DISCLOSURE UNDERTAKINGS

CONTINUING DISCLOSURE CERTIFICATE (City)

This CONTINUING DISCLOSURE CERTIFICATE (this “Disclosure Certificate”) dated as of _____, 2024, is executed and delivered by the CITY OF ROSEVILLE (the “City”) in connection with the execution and delivery of its City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024 (the “Bonds”). The Bonds are being executed and delivered pursuant to a Fiscal Agent Agreement dated as of July 1, 2023, as supplemented and amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of _____, 2024 (together, the “Fiscal Agent Agreement”), by and between the City and U.S. Bank Trust Company, National Association, as fiscal agent (the “Fiscal Agent”).

The District covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the City for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth above and in the Fiscal Agent Agreement, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section 2, the following capitalized terms shall have the following meanings:

“Annual Report” means any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Annual Report Date” means the date that is nine months after the end of the City’s fiscal year (currently April 1 based on the City’s fiscal year end of June 30).

“Dissemination Agent” means Willdan Financial Services, or any successor Dissemination Agent designated in writing by the City and which has filed with the City a written acceptance of such designation.

“Listed Events” means any of the events listed in Section 5(a) of this Disclosure Certificate.

“MSRB” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information for purposes of the Rule, or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

“Official Statement” means the final official statement executed by the City in connection with the issuance of the Bonds.

“Participating Underwriter” shall mean the original underwriter of the Bonds.

“Rule” means Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as it may be amended from time to time.

Section 3. Provision of Annual Reports.

(a) The City shall, or shall cause the Dissemination Agent to, not later than the Annual Report Date, commencing April 1, 2025, with the report for Fiscal Year 2023-24, provide to the MSRB, in an electronic format as prescribed by the MSRB, an Annual Report that is consistent with the requirements of Section 4 of this Disclosure Certificate; provided, the first annual report due April 1, 2025 shall be satisfied by posting the City’s audited financial statements for Fiscal Year 2023-24. Not later than 15 Business Days prior to the Annual Report Date, the City shall provide the Annual Report to the Dissemination Agent (if other than the City). If by 15 Business Days prior to the Annual Report Date the Dissemination Agent (if other than the City) has not received a copy of the Annual Report, the Dissemination Agent shall contact the City to determine if the City is in compliance with the previous sentence. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may include by reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the City may be submitted separately from the balance of the Annual Report, and later than the Annual Report Date, if not available by that date. If the City’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(b). The City shall provide a written certification with each Annual Report furnished to the Dissemination Agent to the effect that such Annual Report constitutes the Annual Report required to be furnished by the City hereunder.

(b) If the City does not provide (or cause the Dissemination Agent to provide) an Annual Report by the Annual Report Date, the City shall provide (or cause the Dissemination Agent to provide) in a timely manner to the MSRB a notice to such effect, in an electronic format as prescribed by the MSRB.

(c) With respect to each Annual Report, the Dissemination Agent shall:

(i) determine prior to each Annual Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of annual continuing disclosure reports; and

(ii) if the Dissemination Agent is other than the City, file a report with the City certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Annual Reports. The City’s Annual Report shall contain or incorporate by reference the following:

(a) The City’s audited financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the City’s audited financial statements are not available by the Annual Report Date, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) The following information, unless otherwise specified, as of September 30 of the preceding year:

(i) Principal amount of all outstanding bonds of Improvement Area No. 2.

(ii) Balance in the Improvement Fund.

(iii) Balance in 2024 Reserve Account of the Reserve Fund, and statement of the Reserve Requirement for the Bonds. Statement of projected draws on the 2024 Reserve Account of the Reserve Fund, if any.

(iv) Balance in other funds and accounts held by the City or fiscal agent related to the Bonds.

(v) Additional debt authorized by the City and payable from or secured by assessments or special taxes with respect to property within Improvement Area No. 2.

(vi) The Special Tax levy, the delinquency rate, total amount of delinquencies, number of parcels delinquent in payment for the five most recent fiscal years.

(vii) Notwithstanding the September 30 reporting date, the following information shall be reported as of the last day of the month immediately preceding the date of the Annual Report rather than as of September 30. Identity of each delinquent taxpayer responsible for 5 percent or more of total Special Tax levied, and the following information: assessor parcel number, assessed value of applicable properties, amount of Special Tax levied, amount delinquent by parcel number and status of foreclosure proceedings. If any foreclosure has been completed, summary of results of foreclosure sales or transfers.

(viii) Most recently available total assessed value of all parcels subject to the Special Tax.

(ix) List of landowners and assessor's parcel number of parcels subject to 20% or more of the Special Tax levy including the following information: development status and land use classification, to the extent shown in City records as of April 30 of the preceding fiscal year and assessed value (land and improvements).

(c) In addition to any of the information expressly required to be provided under this Disclosure Certificate, the City shall provide such further material information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

(d) Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the City or related public entities, which are available to the public on the MSRB's Internet web site or filed with the Securities and Exchange Commission. The City shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events.

(a) The City shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to the Bonds:

- (1) Principal and interest payment delinquencies.
- (2) Non-payment related defaults, if material.
- (3) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (4) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (5) Substitution of credit or liquidity providers, or their failure to perform.
- (6) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security.
- (7) Modifications to rights of security holders, if material.
- (8) Bond calls, if material, and tender offers.
- (9) Defeasances.
- (10) Release, substitution, or sale of property securing repayment of the securities, if material.
- (11) Rating changes.
- (12) Bankruptcy, insolvency, receivership or similar event of the City or other obligated person.
- (13) The consummation of a merger, consolidation, or acquisition involving the City or an obligated person, or the sale of all or substantially all of the assets of the City or an obligated person (other than in the ordinary course of business), the entry into a definitive agreement to undertake such an action, or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (14) Appointment of a successor or additional fiscal agent or the change of name of a fiscal agent, if material.
- (15) Incurrence of a financial obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the City, any of which affect security holders, if material (for the definition of "financial obligation," see clause (e)).

- (16) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of the City, any of which reflect financial difficulties (for the definition of “financial obligation,” see clause (e)).

(b) Whenever the City obtains knowledge of the occurrence of a Listed Event, the City shall, or shall cause the Dissemination Agent (if not the City) to, file a notice of such occurrence with the MSRB, in an electronic format as prescribed by the MSRB, in a timely manner not in excess of 10 business days after the occurrence of the Listed Event. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(8) and (9) above need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to holders of affected Bonds under the Fiscal Agent Agreement.

(c) The City acknowledges that the events described in subparagraphs (a)(2), (a)(7), (a)(8) (if the event is a bond call), (a)(10), (a)(13), (a)(14) and (a)(15) of this Section 5 contain the qualifier “if material” and that subparagraph (a)(6) also contains the qualifier “material” with respect to certain notices, determinations or other events affecting the tax status of the Bonds. The City shall cause a notice to be filed as set forth in paragraph (b) above with respect to any such event only to the extent that it determines the event’s occurrence is material for purposes of U.S. federal securities law. Whenever the City obtains knowledge of the occurrence of any of these Listed Events, the City will as soon as possible determine if such event would be material under applicable federal securities law. If such event is determined to be material, the City will cause a notice to be filed as set forth in paragraph (b) above. The Dissemination Agent shall not be responsible for determining whether an event is material.

(d) For purposes of this Disclosure Certificate, any event described in paragraph (a)(12) above is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the City in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the City, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the City.

(e) For purposes of Section 5(a)(15) and (16), “financial obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

Section 6. Identifying Information for Filings with the MSRB. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be accompanied by identifying information as prescribed by the MSRB.

Section 7. Termination of Reporting Obligation. The City’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give notice of such termination in the same manner as for a Listed Event under Section 5(b).

Section 8. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any Dissemination Agent, with or without appointing a successor Dissemination Agent. Any Dissemination Agent may resign by providing 30 days' written notice to the City.

Section 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the City may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) if the amendment or waiver relates to the provisions of Sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or type of business conducted;

(b) the undertakings herein, as proposed to be amended or waived, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Fiscal Agent Agreement for amendments to the Fiscal Agent Agreement with the consent of holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

If the annual financial information or operating data to be provided in the Annual Report is amended pursuant to the provisions hereof, the first Annual Report filed pursuant hereto containing the amended operating data or financial information shall explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

If an amendment is made to this Disclosure Certificate modifying the accounting principles to be followed in preparing financial statements, the Annual Report for the year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to investors to enable them to evaluate the ability of the City to meet its obligations. To the extent reasonably feasible, the comparison shall be quantitative.

A notice of any amendment made pursuant to this Section 9 shall be filed in the same manner as for a Listed Event under Section 5(b).

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically

required by this Disclosure Certificate, the City shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 11. Default. If the City fails to comply with any provision of this Disclosure Certificate, the Participating Underwriter or any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Fiscal Agent Agreement, and the sole remedy under this Disclosure Certificate in the event of any failure of the City to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Duties, Immunities and Liabilities of Dissemination Agent.

(a) The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the City agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which they may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The Dissemination Agent shall have no duty or obligation to review any information provided to it by the City hereunder and shall not be deemed to be acting in any fiduciary capacity for the City, the Bond holders, or any other party. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

(b) The Dissemination Agent shall be paid compensation by the City for its services provided hereunder in accordance with its schedule of fees as amended from time to time, and shall be reimbursed for all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriter and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 14. Counterparts. This Disclosure Certificate may be executed in several counterparts, each of which shall be regarded as an original, and all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Disclosure Certificate as of the date first above written.

CONTINUING DISCLOSURE CERTIFICATE
([Name of Merchant Builder])

THIS CONTINUING DISCLOSURE CERTIFICATE ([NAME OF MERCHANT BUILDER]) (the “**Disclosure Certificate**”) dated as of _____, 2024, is executed by _____ (the “**Builder**”) in connection with the execution and delivery by the City of Roseville of its City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024 (the “**Bonds**”). The Bonds are being executed and delivered pursuant to a Fiscal Agent Agreement dated as of July 1, 2023, as supplemented and amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of _____, 2024 (together, the “**Fiscal Agent Agreement**”), by and between the City and U.S. Bank Trust Company, National Association, as fiscal agent.

The Builder covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Builder for the benefit of the holders and beneficial owners of the Bonds.

Section 2. Definitions. In addition to the definitions set forth above and in the Fiscal Agent Agreement, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined herein, the following capitalized terms shall have the following meanings:

“**Affiliate**” means any person presently directly (or indirectly through one or more intermediaries) under managerial control of the Builder, and about whom information could be material to potential investors in their investment decision regarding the Bonds (including without limitation information relevant to the proposed development of the Property or to the Builder’s ability to pay the Special Taxes levied on the Property prior to delinquency).

“**Assumption Agreement**” means an undertaking of a Major Owner for the benefit of the holders and beneficial owners of the Bonds containing terms substantially similar to this Disclosure Certificate (as modified for such Major Owner’s development and financing plans with respect to property owned by such Major Owner in Improvement Area No. 2), whereby such Major Owner agrees to provide periodic reports and notices of significant events, setting forth the information described in sections 4 and 5 hereof, respectively, with respect to the portion of the Property in Improvement Area No. 2 owned by such Major Owner, at the option of the Builder or such Major Owner, agrees to indemnify the Dissemination Agent (if any) pursuant to a provision substantially in the form of Section 11 hereof.

“**Dissemination Agent**” means the Builder, or any successor Dissemination Agent designated in writing by the Builder, and which has filed with the Builder, the City and the Participating Underwriter a written acceptance of such designation, and which is experienced in providing dissemination agent services such as those required under this Disclosure Certificate.

“**District**” means the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities).

“**Hearthstone Land Bank**” means [FOR D.R. HORTON: Winding Creek C-21 – Roseville L.P.] [FOR LENNAR: Angelo Gordon & Co.]; [FOR MERITAGE/ WOODSIDE: NOT APPLICABLE].

“Improvement Area No. 2” means the improvement area designated as such within the District.

“Listed Events” means any of the events listed in Section 5(a) of this Disclosure Certificate.

“Major Owner” means, as of any date of determination, a Person that owns land in Improvement Area No. 2 that is collectively responsible for 20% or more of the Special Taxes in Improvement Area No. 2.

“MSRB” means the Municipal Securities Rulemaking Board, which has been designated by the Securities and Exchange Commission as the sole repository of disclosure information, or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such in the future.

“Official Statement” means the final Official Statement executed by the City in connection with the issuance of the Bonds.

“Option Agreement” means that [FOR D.R. HORTON: Option and Development Agreement dated April 20, 2023, between the Hearthstone Land Bank and the Builder] [FOR LENNAR: Angelo Gordon & Co.]; [FOR MERITAGE/LENNAR/WOODSIDE: NOT APPLICABLE].

“Participating Underwriter” means Piper Sandler & Co., the original Underwriter of the Bonds.

“Periodic Report” means any Periodic Report provided by the Builder pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Person” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization or a government or political subdivision thereof.

“Property” means, as of the date of determination, the real property within the boundaries of Improvement Area No. 2 that is owned by (i) the Builder, (ii) any Affiliate of the Builder, (iii) [FOR D.R. HORTON ONLY: Hearthstone Land Bank (during the term of the Option Agreement),] and (iv) the property in Improvement Area No. 2 that the Builder sold to a Major Owner who has not assumed the undertakings of this Disclosure Certificate under Section 6(b) and that is owned by such Major Owner.

“Report Date” means May 1 and November 1 of each year.

“Special Taxes” means the special taxes levied on the Property for Improvement Area No. 2.

Section 3. Provision of Periodic Reports.

(a) So long as Builder’s obligations under this Disclosure Certificate have not been terminated pursuant to Section 6 below, the Builder shall, or, upon written direction of the Builder the Dissemination Agent shall, not later than the Report Date, commencing May 1, 2025, file or cause to be filed with the MSRB a Periodic Report which is consistent with the requirements of

Section 4 of this Disclosure Certificate with a copy to the Participating Underwriter and the City. Not later than 15 calendar days prior to the Report Date, the Builder shall provide the Periodic Report to the Dissemination Agent (if different from the Builder). The Builder shall provide a written certification with (or included as a part of) each Periodic Report furnished to the Dissemination Agent (if different from the Builder), the Participating Underwriter and the City to the effect that such Periodic Report constitutes the Periodic Report required to be furnished by it under this Disclosure Certificate. The Dissemination Agent (if different than the Builder), the Participating Underwriter and the City may conclusively rely upon such certification of the Builder and shall have no duty or obligation to review the Periodic Report. The Periodic Report may be submitted as a single document or as separate documents comprising a package, and may incorporate by reference other information as provided in Section 4 of this Disclosure Certificate.

(b) If the Dissemination Agent (if different than the Builder) does not receive a Periodic Report by 15 calendar days prior to the Report Date, the Dissemination Agent shall send a reminder notice to the Builder that the Periodic Report has not been provided as required under Section 3(a) above. The reminder notice shall instruct the Builder to determine whether its obligations under this Disclosure Certificate have terminated (pursuant to Section 6 below) and, if so, to provide the Dissemination Agent with a notice of such termination in the same manner as for a Listed Event (pursuant to Section 5 below). If the Builder does not provide, or cause the Dissemination Agent to provide, a Periodic Report to the MSRB by the Report Date as required in subsection (a) above, the Dissemination Agent shall send a notice to the MSRB to such effect, in substantially the form prescribed by the MSRB, with a copy to the City and the Participating Underwriter.

(c) The Dissemination Agent shall:

- (i) determine prior to each Report Date the then-applicable rules and electronic format prescribed by the MSRB for the filing of continuing disclosure reports; and
- (ii) to the extent the Periodic Report has been furnished to it, file a report with the Builder (if the Dissemination Agent is other than the Builder), the City and the Participating Underwriter certifying that the Periodic Report has been provided pursuant to this Disclosure Certificate, and stating the date it was provided.

Section 4. Content of Periodic Reports. Each Periodic Report shall contain or incorporate by reference the information set forth in Exhibit A relating to the Builder, any or all of which may be included by specific reference to other documents, including official statements of debt issues of the Builder or related public entities, which are available to the public on the MSRB's Internet web site or filed with the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the MSRB. The Builder shall clearly identify each such other document so included by reference.

In addition to any of the information expressly required to be provided in Exhibit A, each Periodic Report shall include such further information, if any, as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

Section 5. Reporting of Significant Events.

(a) So long as Builder's obligations under this Disclosure Certificate have not been terminated pursuant to Section 6 below, the Builder shall give, or cause to be given, notice of the occurrence of any of the following Listed Events with respect to itself or the Property, if material:

(i) bankruptcy or insolvency proceedings commenced by or against the Builder and, if known, any bankruptcy or insolvency proceedings commenced by or against any Affiliate of the Builder, that is reasonably likely to have a significant impact on the Builder's ability to pay Special Taxes or to sell or develop the Property;

(ii) failure to pay any taxes, special taxes (including the Special Taxes) or assessments due with respect to the Property on or prior to the delinquency date to the extent such failure is not promptly cured by the Builder upon discovery thereof;

(iii) filing of a lawsuit of which the Builder is aware against the Builder or an Affiliate seeking damages, which, if successful, could have a material and adverse impact on the Builder's ability to pay Special Taxes prior to delinquency or to sell or develop the Property;

(iv) material damage to or destruction of any of the improvements on the Property; and

(v) any payment default or other material default by the Builder on any loan with respect to the construction of improvements on the Property that continues to exist beyond any applicable notice and cure periods on any loan with respect to the construction of improvements on the Property.

(b) Whenever the Builder obtains knowledge of the occurrence of a Listed Event, the Builder shall as soon as possible determine if such event would be material under applicable Federal securities law.

(c) If the Builder determines that knowledge of the occurrence of a Listed Event would be material under applicable Federal securities law, the Builder shall, or shall cause the Dissemination Agent to, promptly file a notice of such occurrence with the MSRB, with a copy to the City and the Participating Underwriter.

Section 6. Duration of Reporting Obligation.

(a) All the Builder's obligations hereunder shall commence on the date hereof and terminate (except as provided in Section 11) on the earliest to occur of the following:

(i) upon the legal defeasance, prior redemption or payment in full of all the Bonds;

(ii) at such time as the Property in Improvement Area No. 2 is collectively responsible for less than 20% of the Special Taxes; or

(iii) the date on which all of the Special Taxes attributable to the Property are prepaid in full.

The Builder shall give notice of the termination of its obligations under this Disclosure Certificate in the same manner as for a Listed Event under Section 5.

(b) If a portion of the Property is conveyed to a Person that, upon such conveyance, will be a Major Owner, the obligations of the Builder hereunder with respect to the Property conveyed to the Major Owner may be assumed by such Major Owner, and the Builder's obligations hereunder with respect to the Property conveyed will be terminated. In order to effect such assumption, such Major Owner shall enter into an Assumption Agreement in form and substance equivalent to this Disclosure Certificate or as otherwise satisfactory to the City and the Participating Underwriter. However, a Major Owner shall not be required to enter into an Assumption Agreement if such Major Owner is already a party to a continuing disclosure certificate in form and substance similar to this Disclosure Certificate with respect to the Bonds, and under which the Property conveyed to such Major Owner will become subject to future Periodic Reports. If a Major Owner required by this Section 6(b) to enter into an Assumption Agreement does not enter into an Assumption Agreement, then the Builder shall continue reporting on the Property conveyed to the Major Owner so long as it is owned by such Major Owner or until an Assumption Agreement is executed or until the Builder's obligations may be terminated in accordance with Section 6(a).

Section 7. Dissemination Agent. The Builder may, from time to time, appoint or engage a Dissemination Agent to assist the Builder in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign by providing thirty days' written notice to the City, the Builder and the Participating Underwriter.

Section 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Builder may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied (provided, however, that the Dissemination Agent shall not be obligated under any such amendment that modifies or increases its duties or obligations hereunder without its written consent thereto):

(a) if the amendment or waiver relates to the provisions of sections 3(a), 4 or 5(a), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Builder with respect to the Bonds, or type of business conducted; and

(b) the proposed amendment or waiver either (i) is approved by holders of the Bonds in the manner provided in the Fiscal Agent Agreement, with the consent of holders, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the holders or beneficial owners of the Bonds.

Section 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Builder from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Periodic Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the Builder chooses to include any information in any Periodic Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the Builder shall have no obligation under this Disclosure Certificate to update such information or include it in any future Periodic Report or notice of occurrence of a Listed Event.

Section 10. Default. In the event of a failure of the Builder to comply with any provision of this Disclosure Certificate, the City, the Participating Underwriter, and any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Builder to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Fiscal Agent Agreement, and the sole and exclusive remedy under this Disclosure Certificate in the event of any failure of the Builder to comply with this Disclosure Certificate shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the Builder agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents (each, an “**Indemnified Party**”), harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the reasonable costs and expenses (including attorneys’ fees) of defending against any claim of liability, but excluding (i) losses, liabilities, costs and expenses due to an Indemnified Party’s negligence or willful misconduct or failure to perform its duties hereunder and (ii) losses, expenses and liabilities due to the failure of the City to pay the fees and expenses of the Dissemination Agent. The Dissemination Agent (if other than the Builder) shall be paid compensation for its services provided hereunder from Special Taxes levied for administration of the CFD in accordance with the Dissemination Agent’s schedule of fees as amended from time to time, which schedule, as amended, shall be reasonably acceptable, and all reasonable expenses, reasonable legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. The Dissemination Agent shall have no duty or obligation to review any information provided to it hereunder and shall not be deemed to be acting in any fiduciary capacity for the City, the Builder, the Bond owners, or any other party. The obligations of the Builder under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds, but shall be assumed by a Major Owner from and after the date of such assumption when property is sold to a Major Owner and such Major Owner enters into an Assumption Agreement.

Section 12. Notices. Any notice or communications to be among any of the parties to this Disclosure Certificate may be given by electronic, regular, or overnight mail as follows:

To the Builder:

Attn: _____

Email: _____

To the City:

City of Roseville
Attn: CFD Administrator
311 Vernon Street
Roseville, CA 95678

To the Participating
Underwriter:

Piper Sandler & Co.
Attn: Managing Director
2321 Rosecrans Avenue, Suite 3200
El Segundo, CA 90245

Any person may, by written notice to the other persons listed above, designate a different address or telephone number(s) to which subsequent notices or communications should be sent.

Section 13. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the City, the Builder (its successors and assigns), the Dissemination Agent, the Participating Underwriter and holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity. All obligations of the Builder hereunder shall be assumed by any legal successor to the obligations of the Builder as a result of a sale, merger, consolidation or other reorganization.

IN WITNESS WHEREOF, the Builder has executed this Disclosure Certificate as of the date first above written.

PERIODIC REPORT

[MAY 1, ____ / NOVEMBER 1, ____]

\$ _____

CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024

This Periodic Report is hereby submitted under Section 4 of the Continuing Disclosure Certificate ([Name of Merchant Builder]) (the “**Disclosure Certificate**”) dated _____, 2024, executed by the undersigned (the “**Builder**”) in connection with the issuance of the above-captioned bonds by the City of Roseville (the “**City**”) with respect to its City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”).

Capitalized terms used in this Periodic Report but not otherwise defined have the meanings given to them in the Disclosure Certificate.

I. Property Ownership and Development

The information in this section is provided as of _____ (this date must be not more than 60 days before the due date of this Periodic Report).

A. Description of the Property in Improvement Area No. 2, in substance and form similar to such information in the Official Statement for the Bonds under the heading “MERCHANT BUILDER INFORMATION – [Lennar Homes] [Woodside] [Meritage] [D.R. Horton]”:

B. Updated information regarding land development and home construction activities with respect to the Property described in the Official Statement for the Bonds under the heading “MERCHANT BUILDER INFORMATION – [Lennar Homes] [Woodside] [Meritage] [D.R. Horton]” or the Periodic Report last filed in accordance with the Disclosure Certificate, [FOR D.R. HORTON and LENNAR: including the number of parcels acquired by the Builder from the Land Bank pursuant to the Option Agreement]:

C. Status of building permits and any material changes to the description of land use or development entitlements for the Property described in the Official Statement for the Bonds under the heading “MERCHANT BUILDER INFORMATION – [Lennar Homes] [Woodside] [Meritage] [D.R. Horton]” or the Periodic Report last filed in accordance with the Disclosure Certificate:

D. Status of any land purchase contracts with regard to the Property, including sales of land in Improvement Area No. 2 to other property owners (other than individual homeowners).

II. Legal and Financial Status of Builder

Unless such information has previously been included or incorporated by reference in a Periodic Report, describe any material change in the legal structure of the Builder or the financial condition and financing plan of the Builder that would materially and adversely interfere with its ability to complete the development plan with respect to the Property described in the Official Statement. To the extent that the ownership of the Builder has changed, describe all material terms of the new ownership structure.

III. Change in Development or Financing Plans

Unless such information has previously been included or incorporated by reference in a Periodic Report, describe any development plans or financing plans relating to the Property *that are materially different from* the proposed development and financing plan for the Property described in the Official Statement or in a previous Periodic Report.

IV. Official Statement Updates

Unless such information has previously been included or incorporated by reference in a Periodic Report, describe any other significant changes in the information relating to the Builder or the Property contained in the Official Statement under the heading “MERCHANT BUILDER INFORMATION – [Lennar Homes] [Woodside] [Meritage] [D.R. Horton]” that would materially and adversely interfere with the Builder’s ability to develop and sell the Property as described in the Official Statement.

V. Other Material Information

In addition to any of the information expressly required above, provide such further information, if any, with respect to the Property and the Builder as may be necessary to make the specifically required statements, in the light of the circumstances under which they are made, not misleading.

Certification

On behalf of the Builder, the undersigned officer or authorized representative, based on actual knowledge after reasonable inquiry of employees of Builder and its affiliates, hereby certifies that this Periodic Report constitutes the Periodic Report required to be furnished by the Builder under the Disclosure Certificate.

ANY OTHER STATEMENTS REGARDING THE BUILDER, THE DEVELOPMENT OF THE PROPERTY, THE BUILDER'S FINANCING PLAN OR FINANCIAL CONDITION, OR THE BONDS, OTHER THAN STATEMENTS MADE BY THE BUILDER IN AN OFFICIAL RELEASE, OR FILED WITH THE MUNICIPAL SECURITIES RULEMAKING BOARD, ARE NOT AUTHORIZED BY THE BUILDER. THE BUILDER IS NOT RESPONSIBLE FOR THE ACCURACY, COMPLETENESS OR FAIRNESS OF ANY SUCH UNAUTHORIZED STATEMENTS.

THE BUILDER HAS NO OBLIGATION TO UPDATE THIS PERIODIC REPORT OTHER THAN AS EXPRESSLY PROVIDED IN THE DISCLOSURE CERTIFICATE.

APPENDIX F

SUMMARY OF CERTAIN PROVISIONS OF FISCAL AGENT AGREEMENT

APPENDIX G

DTC AND THE BOOK-ENTRY ONLY SYSTEM

The following description of the Depository Trust Company ("DTC"), the procedures and record keeping with respect to beneficial ownership interests in the 2024 Bonds, payment of principal, interest and other payments on the 2024 Bonds (herein, the "Securities") to DTC Participants or Beneficial Owners, confirmation and transfer of beneficial ownership interest in the Securities and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC. Accordingly, no representations can be made concerning these matters and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters, but should instead confirm the same with DTC or the DTC Participants, as the case may be.

Neither the issuer of the Securities (the "Issuer") nor the fiscal agent appointed with respect to the Securities (the "Agent") takes any responsibility for the information contained in this Appendix.

No assurances can be given that DTC, DTC Direct Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Securities, (b) certificates representing ownership interest in or other confirmation or ownership interest in the Securities, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Securities, or that they will so do on a timely basis, or that DTC, DTC Direct Participants or DTC Indirect Participants will act in the manner described in this Appendix. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with DTC Participants are on file with DTC.

1. The Depository Trust Company ("DTC") will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each issue of the Securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding

company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. *The information contained on this Internet site is not incorporated herein by reference.*

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting

rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

10. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

11. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer and Agent believe to be reliable, but neither Issuer nor Agent takes no responsibility for the accuracy thereof.

EXHIBIT A - FORM OF 2024 BONDS

SUPPLEMENTAL AGREEMENT NO. 1 TO FISCAL AGENT AGREEMENT

THIS SUPPLEMENTAL AGREEMENT NO. 1 TO FISCAL AGENT AGREEMENT (this “Supplemental Agreement No. 1” or “Agreement”), dated as of _____ 1, 2024, is by and between the CITY OF ROSEVILLE, a charter city and public body, corporate and politic, organized and existing under and by virtue of the Constitution and laws of the State of California (the “City”) for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “District”), and U.S. BANK TRUST COMPANY, NATIONAL ASSOCIATION, as fiscal agent (the “Fiscal Agent”) under a Fiscal Agent Agreement, dated as of July 1, 2023 (the “Original Fiscal Agent Agreement”) by and between the Fiscal Agent and the City.

RECITALS:

WHEREAS, this City Council (the “Council”) of the City of Roseville (the “City”) has conducted proceedings under and pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing at Section 53311, of the California Government Code (the “Act”), to form the Creekview Community Facilities District No. 1 (Public Facilities) (the “District”) and establish the Creekview Community Facilities District No. 1 (Public Facilities) (Future Annexation Area) (the “Future Annexation Area”); to issue bonds secured by said special taxes for the purpose of providing moneys for the construction and acquisition of authorized improvements for the District; and

WHEREAS, this Council has also authorized land to be annexed to the District from the Future Annexation Area by unanimous consent of the owner(s) of land proposed to be annexed, and pursuant to a Unanimous Consent, Waiver and Vote of Sole Landowner, dated July 6, 2022 land designated as Improvement Area No. 2 of the District (“Improvement Area No. 2”) was annexed to the District and bonded indebtedness for Improvement Area No. 2 was authorized in the amount not to exceed \$111,000,000 (the “Authorization”); and

WHEREAS, pursuant to the provisions of the Act and the Original Fiscal Agent Agreement, on July 26, 2023, the City issued, for and on behalf of the District, \$14,300,000 initial principal amount of City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2023 (the “2023 Bonds”) for the purpose of financing various public improvements authorized to be funded by the District, which 2023 Bonds constituted the first series of bonds issued pursuant to the Authorization; and

WHEREAS, Section 5.17 of the Original Fiscal Agent Agreement authorizes the issuance by Supplemental Agreement of Additional Bonds (as such terms are defined in the Original Fiscal Agent Agreement) secured under the Original Fiscal Agent Agreement on parity with the 2023 Bonds; and

WHEREAS, after due investigation and deliberation the City has determined that it is in the interests of the City and the District at this time for the City, for and on behalf of the District, to provide for the issuance of City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2024 (the “2024 Bonds”), to provide moneys needed to construct and acquire the facilities necessary for development of property within the City; and

WHEREAS, in providing for the issuance of the 2024 Bonds, it is necessary to supplement and amend the Original Fiscal Agent Agreement, as more particularly provided in Section 1 and Section 2 hereof, as such supplements and amendments are authorized by Sections 5.17 and 8.01 of the Original Fiscal Agent Agreement; and

WHEREAS, this Supplemental Agreement No. 1 is a "Supplemental Agreement" as defined in Section 1.03 of the Original Fiscal Agent Agreement and the 2024 Bonds are "Additional Bonds" as defined in Section 1.03 of the Original Fiscal Agent Agreement and secured under the Original Fiscal Agent Agreement, as amended and supplemented by this Supplemental Agreement No. 1, on parity with the 2023 Bonds; and

WHEREAS, the City and the Fiscal Agent desire to enter into this Supplemental Agreement No. 1 pursuant to Sections 5.17 of the Original Fiscal Agent Agreement to provide for the issuance of the 2024 Bonds; and

WHEREAS, the City has determined that all acts and proceedings required by law necessary to make the 2024 Bonds, when executed by the City for the District, authenticated and delivered by the Fiscal Agent and duly issued, the valid, binding and legal special obligations of the City for the District, and to constitute the Original Fiscal Agent Agreement, as amended and supplemented by this Supplemental Agreement No. 1, a valid and binding agreement for the uses and purposes herein and therein set forth, in accordance with its terms, have been done or taken and the execution and delivery of this Supplemental Agreement No. 1 have been in all respects duly authorized.

AGREEMENT:

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein contained, and for other consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereto do hereby agree as follows:

SECTION 1. Supplement to Original Fiscal Agent Agreement. In accordance with the provisions of Section 5.17 and 8.01 of the Original Fiscal Agent Agreement, the Original Fiscal Agent Agreement is hereby supplemented (as supplemented, the "Fiscal Agent Agreement") by adding a new article thereto to be designated as Article X. Such Article X shall read in its entirety as follows:

ARTICLE X

2024 BONDS

Section 10.01. Definitions. The Original Fiscal Agent Agreement is amended to add and/or modify the following definitions to Section 1.03.

"Article X" means this Article X which has been incorporated in and made a part of this Agreement pursuant to Supplemental Agreement No. 1, together with all amendments of and supplements to this Article X entered into pursuant to the provisions of Section 8.01.

"Closing Date" means with respect to each series of Bonds, the date upon which there is a physical delivery of the Bonds in exchange for the amount representing the purchase price of the Bonds by the Original Purchaser thereof, for the 2024 Bonds being _____, 2024.

“Continuing Disclosure Certificate” means (i) with respect to the 2023 Bonds, the Continuing Disclosure Certificate, dated as of July 26, 2023, by and among the City and Willdan Financial Services, and (ii) with respect to the 2024 Bonds, the Continuing Disclosure Certificate, dated as of _____, 2024, by and among the City and Willdan Financial Services in its capacity as Dissemination Agent, as originally executed and as it may be amended from time to time in accordance with the terms thereof.

“Interest Payment Dates” means (i) with respect to the 2023 Bonds, March 1 and September 1 of each year, commencing September 1, 2023, and (ii) with respect to the 2024 Bonds, March 1 and September 1 of each year, commencing March 1, 2025.

“Supplemental Agreement No. 1” means Supplemental Agreement No. 1 to Fiscal Agent Agreement, dated as of _____ 1, 2024, between the City, for and on behalf of the District, and the Fiscal Agent.

“2024 Bonds” means the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2024, authorized to be issued under Section 10.02.

“2024 Capitalized Interest Account” means the account by that name established in Section 3(C) of this Supplemental Agreement No. 1.

“2024 Costs of Issuance” means items of expense payable or reimbursable directly or indirectly by the City and related to the authorization, sale and issuance of the 2024 Bonds, which items of expense shall include, but not be limited to, printing costs, costs of reproducing and binding documents, closing costs, filing and recording fees, initial fees, expenses and charges of the Fiscal Agent including its first annual administration fee, expenses incurred by the City in connection with the issuance of the 2024 Bonds, municipal advisor fees, 2024 Bond (underwriter’s) discount or underwriting fee, legal fees and charges, including bond counsel, disclosure counsel, charges for execution, transportation and safekeeping of the 2024 Bonds and other costs, charges and fees in connection with the foregoing.

“2024 Costs of Issuance Fund” means the fund by that name established and held by the Fiscal Agent pursuant to Section 10.07.

“2024 Improvement Account” means the account by that name established in Section 3(B) of this Supplemental Agreement No. 1.

“2024 Reserve Account of the Reserve Fund” means the account by that name established in Section 10.06(B).

“Term 2024 Bonds” means the 2024 Bonds maturing September 1, _____, September 1, _____, September 1, _____ and September 1, _____

Section 10.02. Authorization of 2024 Bonds. 2024 Bonds in the aggregate principal amount of \$_____ are hereby authorized to be issued as Additional Bonds under and subject to the terms of this Agreement, the Act, and other applicable laws of the State of California.

Section 10.03. Terms of 2024 Bonds.

(A) Form; Denominations. The 2024 Bonds shall be issued as fully registered Bonds without coupons in the denomination of \$5,000 or any integral multiple of \$5,000 in excess thereof.

(B) Date of Bonds. The 2024 Bonds shall be dated the Closing Date for the 2024 Bonds.

(C) CUSIP Identification Numbers. "CUSIP" identification numbers shall be imprinted on the 2024 Bonds, but such numbers shall not constitute a part of the contract evidenced by the 2024 Bonds and any error or omission with respect thereto shall not constitute cause for refusal of any purchaser to accept delivery of and pay for the 2024 Bonds. In addition, failure on the part of the City or the Fiscal Agent to use such CUSIP numbers in any notice to Owners shall not constitute an event of default or any violation of the City's contract with such Owners and shall not impair the effectiveness of any such notice.

(D) Maturities, Interest Rates. The 2024 Bonds shall mature and become payable on September 1 in each of the years, and shall bear interest at the rates per annum (based on a 360-day year composed of 12 30-day months) as follows:

<u>Maturity Date</u> <u>(September</u> <u>1)</u>	<u>Principal</u> <u>Amount</u>	<u>Interest</u> <u>Rate</u>	<u>CUSIP</u> <u>(770870)</u>
---	---	--	---

[†] Term Bond.

(E) Interest and Method of Payment. Interest on the 2024 Bonds shall be payable as provided in Section 2.02(E) of this Agreement, with the Closing Date as used therein being the Closing Date as defined in Section 1.03, and payments shall be made on the 2024 Bonds as provided in Section 2.02(F), with the first Interest Payment Date being March 1, 2025.

Section 10.04. Redemption of 2024 Bonds.

(A) Redemption Dates.

(i) Optional Redemption. The 2024 Bonds are subject to optional redemption from any source of available funds (other than Prepayments of the Special Tax by property owners), in whole or in part among maturities as specified by the City and by lot within a maturity, on any date on and after September 1, ____ at the following respective

redemption prices (expressed as percentages of the principal amount of the 2024 Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
September 1, ____ through August 31, ____	103%
September 1, ____ through August 31, ____	102
September 1, ____ through August 31, ____	101
September 1, ____ and any date thereafter	100

(ii) Mandatory Redemption From Prepayments. The 2024 Bonds are subject to mandatory redemption from Prepayments of the Special Tax by property owners, in whole or in part among maturities of the Bonds and Additional Bonds as specified by the City, and by lot within a maturity, on any Interest Payment Date at the following respective redemption prices (expressed as percentages of the principal amount of the Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
March 1, ____ through and including March 1, ____	103%
September 1, ____ and March 1, ____	102
September 1, ____ and March 1, ____	101
September 1, ____ and any Interest Payment Date thereafter	100

Prepayments and amounts released from the 2024 Reserve Account in connection with Prepayments will be allocated to the redemption of the 2024 Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the 2024 Bonds and shall be applied to redeem 2024 Bonds as nearly as practicable on a pro rata basis among maturities in increments of \$5,000; provided, however, that, for Prepayments of less than \$50,000, the City may specify that Prepayments be applied to one or more maturities of the 2024 Bonds so long as there is delivered to the Fiscal Agent a certification of a Special Tax consultant or administrator that, following such redemption from Prepayments, the maximum Special Taxes that may be levied in each Fiscal Year on Developed Property in Improvement Area No. 2 is not less than 110% of Maximum Annual Debt Service.

(iii) Mandatory Sinking Payment Redemption. The Term 2024 Bonds maturing September 1, ____, September 1, ____ and September 1, ____ are subject to mandatory sinking payment redemption in part on September 1, ____, September 1, ____ and September 1, ____, respectively, and on each September 1 thereafter to maturity, by lot, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium, in the aggregate respective principal amounts as set forth in the following tables:

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

The amounts in the foregoing tables shall be reduced pro rata, at the direction of the City in an Officer's Certificate, as a result of any prior partial optional or mandatory redemption of the Term 2024 Bonds pursuant to Section 10.04(A)(i) or (ii) above. In the event of a redemption pursuant to Section 10.04(A)(i) or (ii), the City shall provide the Fiscal Agent with a revised sinking fund schedule giving effect to the redemption so completed.

(B) Notice to Fiscal Agent. The City shall give the Fiscal Agent an Officer's Certificate containing notice of its intention to redeem 2024 Bonds pursuant to subsections (A)(i) and (A)(ii) not less than 45 days prior to the applicable redemption date, unless waived by the Fiscal Agent.

(C) Purchase of Bonds in Lieu of Redemption. In lieu of redemption under Section 10.04(A), moneys in the Bond Fund may be used and withdrawn by the Fiscal Agent for purchase of Outstanding 2024 Bonds, upon the filing with the Fiscal Agent of an Officer's Certificate requesting such purchase, at public or private sale as and when, and at such prices (including brokerage and other charges) as such Officer's Certificate may provide, but in no event may 2024 Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to

the date of purchase and any premium which would otherwise be due if such 2024 Bonds were to be redeemed in accordance with this Agreement.

(D) Redemption Procedure by Fiscal Agent. The Fiscal Agent shall cause notice of any redemption to be mailed by electronic or first class mail, postage prepaid, at least 20 days but not more than 60 days prior to the date fixed for redemption, to the Securities Depositories and to the Municipal Securities Rulemaking Board, and to the respective registered Owners of any 2024 Bonds designated for redemption, at their addresses appearing on the 2024 Bond registration books in the Principal Office of the Fiscal Agent; but such mailing shall not be a condition precedent to such redemption and failure to mail or to receive any such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of such 2024 Bonds.

Such notice shall state the redemption date and the redemption price and, if less than all of the then Outstanding 2024 Bonds are to be called for redemption, shall designate the CUSIP numbers and 2024 Bond numbers of the 2024 Bonds to be redeemed by giving the individual CUSIP number and 2024 Bond number of each 2024 Bond to be redeemed or shall state that all 2024 Bonds between two stated 2024 Bond numbers, both inclusive, are to be redeemed or that all of the 2024 Bonds of one or more maturities have been called for redemption, shall state as to any 2024 Bond called in part the principal amount thereof to be redeemed, and shall require that such 2024 Bonds be then surrendered at the Principal Office of the Fiscal Agent for redemption at the said redemption price, and shall state that further interest on such 2024 Bonds will not accrue from and after the redemption date.

The City has the right to rescind any notice of the optional redemption of 2024 Bonds under Section 10.04(A)(i) by written notice to the Fiscal Agent on or prior to two Business Days prior to the date fixed for redemption. Any notice of redemption shall be cancelled and annulled if for any reason funds will not be or are not available on the date fixed for redemption for the payment in full of the 2024 Bonds then called for redemption, and such cancellation shall not constitute an event of default. The City and the Fiscal Agent have no liability to the Owners or any other party related to or arising from such rescission of redemption. The Fiscal Agent shall mail notice of such rescission of redemption in the same manner as the original notice of redemption was sent under this Section.

Upon the payment of the redemption price of 2024 Bonds being redeemed, each check or other transfer of funds issued for such purpose shall, to the extent practicable, bear the CUSIP number identifying, by issue and maturity, of the 2024 Bonds being redeemed with the proceeds of such check or other transfer.

Whenever provision is made in this Agreement for the redemption of less than all of the 2024 Bonds of any maturity, the Fiscal Agent shall select the 2024 Bonds to be redeemed, from all 2024 Bonds or such given portion thereof of such maturity by lot in any manner which the Fiscal Agent in its sole discretion shall deem appropriate.

Upon surrender of 2024 Bonds redeemed in part only, the City shall execute and the Fiscal Agent shall authenticate and deliver to the registered Owner, at the expense of the City, a new 2024 Bond or 2024 Bonds, of the same series and maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the 2024 Bond or 2024 Bonds.

(E) Effect of Redemption. From and after the date fixed for redemption, if funds available for the payment of the principal of, and interest and any premium on, the 2024 Bonds

so called for redemption shall have been deposited in the Bond Fund, such 2024 Bonds so called shall cease to be entitled to any benefit under this Agreement other than the right to receive payment of the redemption price, and no interest shall accrue thereon on or after the redemption date specified in such notice.

All 2024 Bonds redeemed and purchased by the Fiscal Agent pursuant to this Section shall be canceled by the Fiscal Agent. The Fiscal Agent shall destroy the canceled 2024 Bonds and issue a certificate of destruction thereof to the City.

Section 10.05. Form of 2024 Bonds; Authentication and Delivery.

(A) Form of 2024 Bonds. The 2024 Bonds, the form of Fiscal Agent's certificate of authentication, and the form of assignment to appear thereon, shall be substantially in the respective forms set forth in Exhibit C attached hereto and by this reference incorporated herein, with necessary or appropriate variations, omissions and insertions, as permitted or required by this Agreement and the Act.

(B) Execution of 2024 Bonds. The 2024 Bonds shall be executed on behalf of the City by the Mayor and the City Clerk of the City who are in office on the date of adoption of this Agreement or at any time thereafter, and the seal of the City shall be impressed, imprinted or reproduced by facsimile signature thereon. If any officer whose signature appears on any 2024 Bond ceases to be such officer before delivery of the 2024 Bonds to the Owner, such signature shall nevertheless be as effective as if the officer had remained in office until the delivery of the 2024 Bonds to the Owner. Any 2024 Bond may be signed and attested on behalf of the City by such persons as at the actual date of the execution of such 2024 Bond shall be the proper officers of the City although at the nominal date of such 2024 Bond any such person shall not have been such officer of the City.

Only such of the 2024 Bonds as shall bear thereon a certificate of authentication in the form set forth in Exhibit C, manually or electronically executed and dated by the Fiscal Agent, shall be valid or obligatory for any purpose or entitled to the benefits of this Agreement, and such certificate of the Fiscal Agent shall be conclusive evidence that such 2024 Bonds have been duly authenticated and delivered hereunder and are entitled to the benefits of this Agreement.

(C) Authentication and Delivery of 2024 Bonds. At any time after the execution of Supplemental Agreement No. 1 and delivery by the City of an Officer's Certificate that the requirements of Section 5.17 for the issuance of the 2024 Bonds as Additional Bonds have been met, the City may issue the 2024 Bonds for the District in the aggregate principal amount set forth in Section 10.02 and deliver the 2024 Bonds to the Original Purchaser. The Authorized Officers of the City are hereby authorized and directed to deliver any and all documents and instruments necessary to cause the issuance of the 2024 Bonds in accordance with the provisions of the Act and this Agreement, as supplemented by Supplemental Agreement No. 1, to authorize the payment of 2024 Costs of Issuance and costs of the Project by the Fiscal Agent from the proceeds of the 2024 Bonds and to do and cause to be done any and all acts and things necessary or convenient for delivery of the 2024 Bonds to the Original Purchaser. The provisions of Sections 2.06 through 2.13 of the Original Fiscal Agent Agreement shall apply to the 2024 Bonds in a like manner as applied to the 2023 Bonds.

Section 10.06. Application of Proceeds of Sale of 2024 Bonds.

(A) The proceeds of the purchase of the 2024 Bonds by the Original Purchaser in the amount of \$_____, which is the principal amount thereof (\$_____.00) plus original issue premium of \$_____ and less Underwriter's discount of \$_____, shall be paid to the Fiscal Agent, who shall forthwith set aside, pay over and deposit such proceeds on the Closing Date as follows:

(i) Deposit in the 2024 Improvement Account of the Improvement Fund \$_____;

(ii) Deposit in the 2024 Reserve Account of the Reserve Fund \$_____, equaling the initial amount of the Reserve Requirement for the 2024 Bonds;

(iii) Deposit in the 2024 Capitalized Interest Account of the Bond Fund \$_____; and

(iv) Deposit in the 2024 Costs of Issuance Fund \$_____.

(B) In accordance with Section 4.03(A), the Fiscal Agent shall establish a separate subaccount within the Reserve Fund known as the "2024 Reserve Account," into which the amounts set forth in Section 10.06(A)(ii) shall be deposited. The 2024 Reserve Account shall be held by the Fiscal Agent within the Reserve Fund, and administered as set forth in the Agreement. Amounts available in the 2024 Reserve Account shall be available to pay interest and principal on the 2024 Bonds in accordance with this Agreement.

(C) The Fiscal Agent may, in its discretion, establish a temporary fund or account in its books and records to facilitate transfers required under this Section 10.06.

Section 10.07. 2024 Costs of Issuance Fund. There is hereby established a separate fund to be known as the "2024 Costs of Issuance Fund," which shall be held by the Fiscal Agent in trust. Amounts in the Costs of Issuance Fund shall be disbursed from time to time to pay 2024 Costs of Issuance, as set forth in an Officer's Certificate containing respective amounts to be paid to the designated payees, signed by an Authorized Officer and delivered to the Fiscal Agent. The Fiscal Agent shall pay all 2024 Costs of Issuance upon receipt of an invoice from any such payee which requests payment in an amount which is less than or equal to the amount set forth with respect to such payee in such Officer's Certificate, or upon receipt of an Officer's Certificate requesting payment of a 2024 Costs of Issuance not listed on the initial Officer's Certificate delivered to the Fiscal Agent on the Closing Date. Each such Officer's Certificate shall be sufficient evidence to the Fiscal Agent of the facts stated therein and the Fiscal Agent shall have no duty to confirm the accuracy of such facts. The Fiscal Agent shall maintain the 2024 Costs of Issuance Fund until 6 months after the Closing Date, and shall transfer any moneys remaining therein on such date, including any investment earnings thereon, to the 2024 Improvement Account. Thereafter, every invoice received by the Fiscal Agent shall be paid from amounts on deposit in the 2024 Improvement Account and the Fiscal Agent shall close the 2024 Costs of Issuance Fund. Moneys in the 2024 Costs of Issuance Fund shall be invested and deposited in accordance with Section 6.01. Interest earnings and profits resulting from said investment shall be retained by the Fiscal Agent in the 2024 Costs of Issuance Fund to be used for the purposes of such fund.

Section 10.08. Procedure for Disbursement of 2024 Improvement Account.

(A) Disbursements. Disbursements from the 2024 Improvement Account shall be made by the Fiscal Agent according to the procedure set forth in Section 3.04, and an Officer's Certificate substantially in the form of Exhibit B to the Agreement (except that in such Officer's Certificate, reference shall be made to the 2024 Improvement Account and to the 2024 Bonds).

(B) Investment. Moneys in the Improvement Fund and the accounts established thereunder shall be invested and deposited in accordance with Section 6.01. Interest earnings and profits from the investment of amounts in the Improvement Fund shall be retained by the Fiscal Agent in the Improvement Fund to be used for the purposes of the Improvement Fund.

(C) Closing of Fund. Upon the filing of an Officer's Certificate stating that the portion of the Project to be financed from the Improvement Fund and the accounts established thereunder has been completed and that all costs of such portion of the Project have been paid or are not required to be paid from the Improvement Fund, the Fiscal Agent shall transfer the amount, if any, remaining in the Improvement Fund to the Bond Fund for application to the payment of principal of and interest on the Bonds in accordance with Section 4.02 and the Improvement Fund shall be closed.

Section 10.09. Security for 2024 Bonds. The 2024 Bonds shall be Additional Bonds which shall be secured in the manner and to the extent set forth in Articles IV and V, and in this Article X.

Section 10.10. Effect of this Article X. Except as in this Article X expressly provided or except to the extent inconsistent with any provision of this Article X, the 2024 Bonds shall be deemed to be "Bonds" under and within the meaning of Section 1.03, and every term and condition contained in the foregoing provisions of this Agreement shall apply to the 2024 Bonds with full force and effect, with such omissions, variations and modifications thereof as may be appropriate to make the same conform to this Article X.

SECTION 2. Attachment of Exhibit C. The Original Fiscal Agent Agreement is hereby further supplemented and amended by incorporating therein an Exhibit C setting forth the form of the 2024 Bonds, which shall read in its entirety as set forth in Exhibit A attached hereto and hereby made a part hereof.

SECTION 3. Additional Amendments to Original Fiscal Agent Agreement. The Original Fiscal Agent Agreement is hereby further amended as follows:

(A) Section 2.06 of the Agreement is amended by adding an additional paragraph thereto at the beginning of the Section which reads as follows:

"Prior to any transfer of the Bonds outside the book-entry system (including, but not limited to, the initial transfer outside the book-entry system) the transferor shall provide or cause to be provided to the Fiscal Agent all information necessary to allow the Fiscal Agent to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Internal Revenue Code Section 6045, as amended. The Fiscal Agent shall conclusively rely on the information provided to it and shall have no responsibility to verify or ensure the accuracy of such information."

(B) Section 3.04(A) of the Agreement is hereby amended by adding thereto, as a new third sentence thereof, the following: “There is also hereby created within the Improvement Fund a separate account designated as the “2024 Improvement Account” of the Improvement Fund, which account is hereby established for purposes of accounting for the use and disposition of 2024 Bond proceeds directed to the Improvement Fund pursuant to Section 10.06 and 10.08.

(C) Section 4.02(A) of the Agreement is hereby amended by adding thereto, as a new last sentence of the first paragraph thereof, the following: “There is also hereby created within the Bond Fund a “2024 Capitalized Interest Account” which account is hereby established for purposes of accounting for the disposition of 2024 Bonds, a portion of the proceeds of which will be deposited to such 2024 Capitalized Interest Account pursuant to Section 10.06. The amount deposited to the 2024 Capitalized Interest Account and any investment earnings thereon shall be used solely to make payments on the 2024 Bonds, and the amount deposited to the 2024 Capitalized Interest Account and any investment earnings thereon shall be applied solely to make payments on the 2024 Bonds as follows:

March 1, 2025 and September 1, 2025:	The amount necessary, taking into account any amounts then on deposit in the Bond Fund available for such purpose, to pay interest on the 2024 Bonds on the Interest Payment Date which occurs on such dates.
---	---

Any excess amounts therein on September 2, 2025 shall be transferred to the Special Tax Fund, and the 2024 Capitalized Interest Account shall thereupon be closed.

(D) The first paragraph of Section 4.03(A) is amended to add a new second paragraph as follows:

Establishment of 2024 Reserve Account of the Reserve Fund. There is hereby established as a separate account within the Reserve Fund to be held by the Fiscal Agent, the 2024 Reserve Account, to the credit of which a deposit shall be made as required by Section 10.06(A)(ii). Moneys in the 2024 Reserve Account shall be held in trust by the Fiscal Agent for the benefit of the Owners of the 2024 Bonds for the payment of principal of, and interest on, all Outstanding 2024 Bonds and shall be subject to a lien in favor of the Owners of the 2024 Bonds on an equal basis.

(E) Subsection (a) of the definition of “Reserve Requirement” is amended to read as follows:

“(a) the Reserve Requirement for the 2023 Bonds shall not increase after the date of issuance of the 2023 Bonds, nor shall the Reserve Requirement for any series of Additional Bonds increase after the date of issuance of such series,”

(F) References in the Fiscal Agent Agreement to the 2023 Bonds or 2024 Bonds which, if the context requires reference to the 2023 Bonds, 2024 Bonds and/or any Additional Bonds in order to maintain the parity relationship of the 2023 Bonds, 2024 Bonds and any Additional Bonds and the security therefor, shall be deemed to refer to “Bonds” as defined in the Original Fiscal Agent Agreement rather than “2023 Bonds” or “2024 Bonds.”

SECTION 4. Partial Invalidity. If any section, paragraph, sentence, clause or phrase of this Supplemental Agreement No. 1 shall for any reason be held illegal, invalid or unenforceable, such holding shall not affect the validity of the remaining portions of this Supplemental Agreement No. 1. The City hereby declares that it would have entered into this Supplemental Agreement No. 1 and each and every other Section, paragraph, sentence, clause or phrase hereof and authorized the issue of the 2024 Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses, or phrases of this Supplemental Agreement No. 1 may be held illegal, invalid or unenforceable.

SECTION 5. Execution in Counterparts. This Supplemental Agreement No. 1 may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

SECTION 6. Governing Law. This Supplemental Agreement No. 1 shall be construed and governed in accordance with the laws of the State of California applicable to contracts made and performed in such State.

IN WITNESS WHEREOF, the City and the Fiscal Agent have caused this Supplemental Agreement No. 1 to Fiscal Agent Agreement to be executed as of _____ 1, 2024.

PRINCIPAL AMOUNT: _____ DOLLARS

The City of Roseville (the "City") for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the "District"), for value received, hereby promises to pay solely from the Special Tax Revenues (as hereinafter defined) to be collected in Improvement Area No. 2 of the District or amounts in certain funds and accounts held under the Agreement (as hereinafter defined), to the Registered Owner named above, or registered assigns (the "Owner"), on the Maturity Date set forth above, unless redeemed prior thereto as hereinafter provided, the Principal Amount set forth above, and to pay interest on such principal amount from the Bond Date shown above, or from the most recent Interest Payment Date (as hereinafter defined) to which interest has been paid or duly provided for, semiannually on March 1 and September 1, commencing March 1, 2025 (the "Interest Payment Dates"), at the Interest Rate set forth above, until the principal amount hereof is paid or made available for payment. The principal of this Bond is payable to the Owner hereof in lawful money of the United States of America upon presentation and surrender of this Bond at the principal corporate trust office of U.S. Bank Trust Company, National Association, in San Francisco, California, as fiscal agent (the "Fiscal Agent"). Interest on this Bond shall be paid by check of the Fiscal Agent mailed by first class mail on each Interest Payment Date to the Owner hereof as of the close of business on the 15th day of the month preceding the month in which the Interest Payment Date occurs whether or not such day is a Business Day (the "Record Date") at such Owner's address as it appears on the registration books maintained by the Fiscal Agent, or by wire transfer made on such Interest Payment Date

upon written instructions delivered to the Fiscal Agent by the applicable Record Date of any Owner of \$1,000,000 or more in aggregate principal amount of Bonds.

This Bond is one of a duly authorized issue of bonds approved by resolution of the City Council of the City adopted on November 3, 2024 (the "Resolution"), pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, Sections 53311, *et seq.*, of the California Government Code (the "Mello-Roos Act") for the purpose of providing moneys for the construction and acquisition of authorized improvements for the District, and is one of the bonds designated "City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds Series 2024" (the "Bonds"). The issuance of the Bonds and the terms and conditions thereof are provided for by a Fiscal Agent Agreement, dated as of July 1, 2023, as amended by Supplemental Agreement No. 1 to Fiscal Agent Agreement, dated as of _____ 1, 2024, by and between the City and the Fiscal Agent (as so supplemented and amended, the "Agreement"), and this reference incorporates the Agreement herein, and by acceptance hereof the Owner of this Bond assents to said terms and conditions. The Agreement is authorized under, this Bond is issued under and both are to be construed in accordance with, the laws of the State of California.

Pursuant to the Mello-Roos Act, the Agreement and the Resolution, the principal of and interest on this Bond are payable solely from Special Tax Revenues and the amounts in certain funds held under the Agreement. "Special Tax Revenues" means the proceeds of the facilities special tax ("Special Taxes") levied under the Mello-Roos Act in Improvement Area No. 2 of the District that are received by the City, including all scheduled payments and delinquent payments thereof, interest thereon and proceeds of the redemption or sale of property sold as a result of foreclosure of the lien of the special taxes, net of a 1% administration charge of the County of Placer (as such charge may be changed in the future), but not including interest in excess of the interest due on the Bonds or any penalties collected in connection with any such foreclosure.

Interest on this Bond shall be payable from the Interest Payment Date next preceding the date of authentication hereof, unless (i) it is authenticated on an Interest Payment Date, in which event it shall bear interest from such Interest Payment Date, or (ii) such date of authentication is after a Record Date but on or prior to an Interest Payment Date, in which event interest will be payable from such Interest Payment Date, or (iii) such date of authentication is prior to the first Record Date, in which event interest will be payable from the Bond Date shown above; provided however, that if at the time of authentication of this Bond, interest is in default hereon, this Bond shall bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment hereon.

Any tax for the payment hereof shall be limited to the Special Tax, except to the extent that provision for payment has been made by the City as may be permitted by law. The Bonds do not constitute obligations of the City for which the City is obligated to levy or pledge, or has levied or pledged, general or special taxation other than described herein above.

The Bonds are subject to optional redemption from any source of available funds (other than Prepayments of the Special Tax by property owners), in whole or in part among maturities as specified by the City and by lot within a maturity, on any date on and after September 1, _____ at the following respective redemption prices (expressed as percentages of the principal amount of the Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
September 1, ____ through August 31, ____	103%
September 1, ____ through August 31, ____	102
September 1, ____ through August 31, ____	101
September 1, ____ and any date thereafter	100

The Bonds are subject to mandatory redemption from Prepayments of the Special Tax by property owners, in whole or in part among maturities of the Bonds and Additional Bonds as specified by the City, and by lot within a maturity, on any Interest Payment Date at the following respective redemption prices (expressed as percentages of the principal amount of the Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
March 1, ____ through and including March 1, ____	103%
September 1, ____ and March 1, ____	102
September 1, ____ and March 1, ____	101
September 1, ____ and any Interest Payment Date thereafter	100

Prepayments and amounts released from the 2024 Reserve Account in connection with Prepayments will be allocated to the redemption of the Bonds and any Additional Bonds as nearly as practicable on a proportionate basis based on the outstanding principal amount of the Bonds and any Additional Bonds and shall be applied to redeem Bonds and Additional Bonds as nearly as practicable on a pro rata basis among maturities in increments of \$5,000; provided, however, that, for Prepayments of less than \$50,000, the City may specify that Prepayments be applied to one or more maturities of the Bonds or Additional Bonds so long as there is delivered to the Fiscal Agent a certification of a Special Tax consultant or administrator that, following such redemption from Prepayments, the maximum Special Taxes that may be levied in each Fiscal Year on Developed Property in Improvement Area No. 2 is not less than 110% of Maximum Annual Debt Service.

The Term Bonds maturing September 1, ____, September 1, ____ and September 1, ____ are subject to mandatory sinking payment redemption in part on September 1, ____, September 1, ____ and September 1, ____, respectively, and on each September 1 thereafter to maturity, by lot, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium, in the aggregate respective principal amounts as set forth in the following tables:

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

Term Bonds Maturing September 1, _____

**Sinking Fund
Redemption Date
(September 1)**

**Sinking Fund
Payment**

(maturity)

The amounts in the foregoing tables shall be reduced pro rata, at the direction of the City in an Officer's Certificate, as a result of any prior partial optional or mandatory redemption of the Term Bonds.

Notice of redemption with respect to the Bonds to be redeemed shall be given to the Owners thereof, in the manner, to the extent and subject to the provisions of the Agreement.

This Bond shall be registered in the name of the Owner hereof, as to both principal and interest. Each registration and transfer of registration of this Bond shall be entered by the Fiscal Agent in books kept by it for this purpose and authenticated by its manual signature upon the certificate of authentication endorsed hereon.

No transfer or exchange hereof shall be valid for any purpose unless made by the registered owner, by execution of the form of assignment endorsed hereon, and authenticated as herein provided, and the principal hereof, interest hereon and any redemption premium shall be payable only to the registered owner or to such Owner's order. The Fiscal Agent shall require the

Owner requesting transfer or exchange to pay any tax or other governmental charge required to be paid with respect to such transfer or exchange. No transfer or exchange hereof shall be required to be made (i) within 15 days prior to the date established by the Fiscal Agent for selection of Bonds for redemption or (ii) with respect to a Bond after such Bond has been selected for redemption.

The Agreement and the rights and obligations of the City thereunder may be modified or amended as set forth therein. The principal of the Bonds is not subject to acceleration upon a default under the Agreement or any other document. This Bond shall not become valid or obligatory for any purpose until the certificate of authentication hereon endorsed shall have been dated and manually signed by the Fiscal Agent. It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this Bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other indebtedness of the City, does not exceed any debt limit prescribed by the laws or Constitution of the State of California.

Unless this Bond is presented by an authorized representative of The Depository Trust Company to the Fiscal Agent for registration of transfer, exchange or payment, and any Bond issued is registered in the name of Cede & Co. or such other name as requested by an authorized representative of The Depository Trust Company and any payment is made to Cede & Co., ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL since the registered owner hereof, Cede & Co., has an interest herein.

IN WITNESS WHEREOF, the City of Roseville has caused this Bond to be executed by the facsimile signatures of the Mayor and the City Clerk of the City, all as of the Bond Date stated above.

BOND PURCHASE AGREEMENT

_____, 2024

City of Roseville
311 Vernon Street,
Roseville, California 95678

Ladies and Gentlemen:

Piper Sandler & Co. (the “**Underwriter**”), acting not as a fiduciary or agent for you, but on behalf of itself, offers to enter into this Bond Purchase Agreement (the “**Purchase Agreement**”) with the City of Roseville, California (the “**City**”) acting on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”) which, upon acceptance, will be binding upon the City and upon the Underwriter. This offer is made subject to acceptance of it by the City on the date hereof, and if not accepted will be subject to withdrawal by the Underwriter upon notice delivered to the City at any time prior to the acceptance hereof by the City.

The City acknowledges and agrees that: (i) the purchase and sale of the Bonds (defined below) pursuant to this Purchase Agreement is an arm’s-length commercial transaction between the City and the Underwriter; (ii) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriter is and has been acting solely as principal and is not acting as a Municipal Advisor (as defined in Section 15B of the Securities Exchange Act of 1934, as amended); (iii) the Underwriter has not assumed an advisory or fiduciary responsibility in favor of the City with respect to the offering contemplated hereby or the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter has provided other services or is currently providing other services to the City on other matters); and (iv) the City has consulted its own legal, financial and other advisors to the extent it has deemed appropriate for this transaction.

1. Purchase, Sale and Delivery of the Bonds.

(a) Subject to the terms and conditions and in reliance upon the representations, warranties and agreements set forth herein, the Underwriter agrees to purchase from the City, and the City agrees to sell to the Underwriter, all (but not less than all) of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2024 (the “**Bonds**”) in the aggregate principal amount specified in Exhibit A hereto. The Bonds shall be dated the Closing Date (hereinafter defined), and bear interest from said date (payable semiannually on March 1 and September 1 in each year, commencing March 1, 2025) at the rates per

annum and maturing on the dates and in the amounts set forth in Exhibit A hereto. The purchase price for the Bonds shall be the amount specified as such in Exhibit A hereto.

(b) The Bonds shall be substantially in the form described in, shall be issued and secured under the provisions of, and shall be payable and subject to redemption as provided in, the Fiscal Agent Agreement dated as of July 1, 2023, as supplemented by a Supplemental Agreement No. 1 to Fiscal Agent Agreement, dated as of _____ 1, 2024 (collectively, the “**Fiscal Agent Agreement**”), each by and between the City and U.S. Bank Trust Company, National Association, as fiscal agent (the “**Fiscal Agent**”), and approved by a resolution adopted by the City Council of the City (the “**City Council**”), acting as the legislative body of the District, on _____, 2024 (the “**Resolution of Issuance**”). The Bonds and interest thereon will be payable from a special tax (the “**Special Tax**”) levied and collected on the taxable land within the District in accordance with a Resolution of Intention adopted by the City Council on October 2, 2019, a Resolution of Formation adopted by the City Council on November 6, 2019 (together with the Resolution of Intention, the “**Resolution of Formation**”) and the Unanimous Consent and Waiver of the Master Developer (as defined herein) (the “**Unanimous Consent**”) allowing for the annexation of Improvement Area No. 2 (“**Improvement Area No. 2**”) to the District. The Bonds are payable from the Special Tax on a parity with the outstanding City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2023 (the “**2023 Bonds**”).

Proceeds of the sale of the Bonds will be used in accordance with the Fiscal Agent Agreement and the Mello-Roos Community Facilities Act of 1982, as amended (Sections 53311 et seq. of the Government Code of the State of California) (the “**Law**”), to (i) construct and/or acquire certain authorized public facilities, (ii) provide for a deposit to a debt service reserve account for the Bonds, (iii) provide capitalized interest for debt service due on the Bonds through and including September 1, 2025, and (iv) pay costs of issuance of the Bonds. The Resolution of Issuance, the Resolution of Formation and Ordinance No. 6163, adopted by the City Council on December 4, 2019, are collectively referred to herein as the “**District Resolutions.**”

(c) At or prior to the acceptance hereof by the City, the City shall cause to be delivered to the Underwriter a 15c2-12 Certificate of the City, dated as of the date of this Purchase Agreement (the “**City Certificate**”), in substantially the form attached hereto as Exhibit B, with only such changes therein as shall have been accepted by the Underwriter.

(d) Subsequent to its receipt of the City Certificate deeming the Preliminary Official Statement for the Bonds, dated _____, 2024 (which Preliminary Official Statement, together with the cover page and all appendices thereto, is herein collectively referred to as the “**Preliminary Official Statement**”), final for purposes of Rule 15c2-12 of the Securities and Exchange Commission (“**Rule 15c2-12**”), the Underwriter has distributed copies of the Preliminary Official Statement. The City hereby ratifies the use by the Underwriter of the Preliminary Official Statement and authorizes the Underwriter to use and distribute the final Official Statement dated the date hereof (including all information previously permitted to have been omitted by Rule 15c2-12, and any supplements and amendments thereto as have been approved by the City as evidenced by the execution and delivery of such document by an officer of the City (the “**Official Statement**”), the Fiscal Agent Agreement, the Continuing Disclosure Certificate of the City (the “**City Disclosure Certificate**”), this Purchase Agreement and any other documents or contracts to which the City or the District is a party related to the Bonds, and all information contained therein, and all other documents, certificates and statements furnished by the City to the Underwriter in connection with the transactions contemplated by this Purchase Agreement, in connection with the offer and sale of

the Bonds by the Underwriter. The Underwriter hereby agrees to deliver a copy of the Official Statement to the Municipal Securities Rulemaking City Council (the “**MSRB**”) through the Electronic Municipal Marketplace Access website of the MSRB on or before the Closing Date and otherwise to comply with all applicable statutes and regulations in connection with the offering and sale of the Bonds, including, without limitation, MSRB Rule G-32 and Rule 15c2-12.

(e) At 8:00 A.M., Pacific Daylight Time, on _____, 2024, or at such earlier time or date as shall be agreed upon by the Underwriter and the City (such time and date being herein referred to as the “**Closing Date**”), the City will deliver (i) to the Depository Trust Company in New York, New York, the Bonds in definitive form (all Bonds being in book-entry form registered in the name of Cede & Co. and having the CUSIP numbers assigned to them printed thereon), duly executed by the officers of the City, as provided in the Fiscal Agent Agreement, and (ii) to the Underwriter, at the offices of Jones Hall, A Professional Law Corporation, as bond counsel to the City (“**Bond Counsel**”), or at such other place as shall be mutually agreed upon by the City and the Underwriter, the other documents herein mentioned; and the Underwriter shall accept such delivery and pay the purchase price of the Bonds in immediately available funds (such delivery and payment being herein referred to as the “**Closing**”). Notwithstanding the foregoing, the Underwriter may, in their discretion, accept delivery of the Bonds in temporary form upon making arrangements with the City which are satisfactory to the Underwriter relating to the delivery of the Bonds in definitive form.

2. Public Offering and Establishment of Issue Price.

(a) The Underwriter agrees to make a bona fide public offering of the Bonds at the initial public offering price or prices set forth on the inside cover page of the Final Official Statement (as defined herein) and in Exhibit A hereto and subject to Section 2(c) and 2(d) hereof, the Underwriter reserves the right to change such initial public offering prices as the Underwriter deems necessary or desirable, in its sole discretion, in connection with the marketing of the Bonds, and to sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) and others at prices lower than the initial offering prices set forth in the Final Official Statement. A “**bona fide public offering**” shall include an offering to institutional investors or registered investment companies, regardless of the number of such investors to which the Bonds are sold.

(b) The Underwriter agrees to assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City at Closing (defined below) an “**issue price**” or similar certificate, together with copies of supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit C, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Underwriter, the City and Bond Counsel to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the City under this section to establish the issue price of the Bonds may be taken on behalf of the City by the City’s municipal advisor, Hilltop Securities Inc. (the “**Municipal Advisor**”) and any notice or report to be provided to the City may be provided to the City’s Municipal Advisor.

(c) Except as otherwise set forth in Exhibit A attached hereto, the City will treat the first price at which 10% of each maturity of the Bonds (the “**10% test**”), identified under the column “10% Test Used” in Exhibit A, is sold to the public as the issue price of that maturity. At or promptly after the execution of this Purchase Agreement, the Underwriter shall report to the City the price or prices at which it has sold to the public each maturity of Bonds. If at that time the 10% test has not been satisfied as to any maturity of the Bonds, the Underwriter agrees to promptly report to

the City the prices at which it sells the unsold Bonds of that maturity to the public. That reporting obligation shall continue, whether or not the Closing Date has occurred, until either (i) the Underwriter has sold all Bonds of that maturity or (ii) the 10% test has been satisfied as to the Bonds of that maturity, provided that, the Underwriter's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the City or Bond Counsel. For purposes of this section, if Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Bonds.

The Underwriter confirms that it has offered the Bonds to the public on or before the date of this Purchase Agreement at the offering price or prices (the “**initial offering price**”), or at the corresponding yield or yields, set forth in Exhibit A attached hereto, except as otherwise set forth therein. Exhibit A also sets forth, identified under the column “Hold the Offering Price Rule Used,” as of the date of this Purchase Agreement, the maturities, if any, of the Bonds for which the 10% test has not been satisfied and for which the City and the Underwriter agree that the restrictions set forth in the next sentence shall apply, which will allow the City to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “**hold-the-offering-price rule**”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriter will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following.

(1) the close of the fifth (5th) business day after the sale date; or

(2) the date on which the Underwriter has sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriter will advise the City promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

(d) The Underwriter confirms that:

(1) any selling group agreement and any third-party distribution agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A) (i) to report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Underwriter that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter, and (ii) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter,

(B) to promptly notify the Underwriter of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the dealer or broker-dealer, the Underwriter shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(2) any selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Underwriter or the dealer that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Underwriter or the dealer, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Underwriter or the dealer and as set forth in the related pricing wires.

(e) The City acknowledges that, in making the representations set forth in this section, the Underwriter will rely on (i) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (ii) in the event that a third-party distribution agreement was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that the Underwriter shall not be liable for the failure of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement, to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds.

(f) The Underwriter acknowledges that sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(1) “**public**” means any person other than an underwriter or a related party;

(2) “**underwriter**” means (A) any person that agrees pursuant to a written contract with the City (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public);

(3) a purchaser of any of the Bonds is a “**related party**” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(4) “**sale date**” means the date of execution of this Purchase Agreement by the City and the Underwriter.

3. Representations, Warranties and Agreements of the City. The City represents, warrants and covenants to and agrees with the Underwriter that:

(a) The City is a municipal corporation and charter city duly organized and existing under the laws of the State of California (the “**State**”) and has duly authorized the formation of the District and the designation of Improvement Area No. 2 therein, pursuant to the Resolution of Formation, the Unanimous Consent and the Law. The City Council, as the legislative body of the District, has duly adopted the District Resolutions, and has caused to be recorded in the real property records of Placer County a Notice of Special Tax Lien (the “**Notice of Special Tax Lien**”) (such District Resolutions, Unanimous Consent and Notice of Special Tax Lien being collectively referred to herein as the “**Formation Documents**”). Each of the Formation Documents remains in full force and effect as of the date hereof and has not been amended. The District is duly organized and validly existing as a community facilities district under the laws of the State of California and Improvement Area No. 2 therein has been properly designated. The City has, and at the Closing Date will have, as the case may be, full legal right, power and authority (i) to execute, deliver and perform its obligations under this Purchase Agreement and the City Disclosure Certificate, and to carry out all transactions on its part contemplated by each of such agreements, (ii) to issue, sell and deliver the Bonds to the Underwriter pursuant to the Resolution of Issuance and the Fiscal Agent Agreement as provided herein, and (iii) to carry out, give effect to and consummate the transactions on its part contemplated by the Formation Documents and by the Fiscal Agent Agreement, this Purchase Agreement, and the City Disclosure Certificate (collectively, the “**District Documents**”) and the Official Statement.

(b) The City has complied, and will at the Closing Date be in compliance, in all material respects, with the Formation Documents and the District Documents, and any immaterial compliance by the City, if any, will not impair the ability of the City to carry out, give effect to or

consummate the transactions on its part contemplated by the foregoing. From and after the date of issuance of the Bonds, the City will continue to comply with the covenants of the City contained in the District Documents that are applicable to such time period.

(c) The City Council has duly and validly: (i) adopted the District Resolutions, (ii) called, held and conducted in accordance with all requirements of the Law, elections within the District to approve the levy of the Special Tax within Improvement Area No. 2 of the District and the issuance of the Bonds and recorded the Notice of Special Tax Lien which established a continuing lien on the land within Improvement Area No. 2 of the District securing the payment of the Special Tax, (iii) authorized and approved the execution, delivery and due performance by the City for the District of the Bonds and the District Documents, (iv) authorized the preparation, delivery and distribution of the Preliminary Official Statement and the Official Statement, and (v) authorized and approved the performance by the City of its obligations contained in, and the taking of any and all action as may be necessary to carry out, give effect to and consummate the transactions on its part contemplated by, each of the District Documents (including, without limitation, the collection of the Special Tax), the Bonds and the Official Statement and at the Closing Date, the Formation Documents will be in full force and effect and the District Documents and the Bonds will constitute the valid, legal and binding obligations of the City for the District and (assuming due authorization, execution and delivery by other parties thereto, where necessary) will be enforceable upon the City in accordance with their respective terms, subject to bankruptcy, insolvency, reorganization, moratorium and other laws affecting the enforcement of creditors' rights in general and to the application of equitable principles if equitable remedies are sought.

(d) To the best of the City's knowledge, neither the District nor the City is in breach of or default under any applicable law or administrative rule or regulation of the State or the United States, or of any department, division, agency or instrumentality thereof, or under any applicable court or administrative decree or order, or under any loan agreement, note, resolution, trust agreement, contract, agreement or other instrument to which the District or the City is a party or is otherwise subject or bound, a consequence of which would be to materially and adversely affect the performance by the District or the City of their obligations under the Bonds, the Formation Documents or the District Documents, and compliance with the provisions of each thereof will not conflict with or constitute a breach of or default under any applicable law or administrative rule or regulation of the State or the United States, or of any department, division, agency or instrumentality thereof, or under any applicable court or administrative decree or order, or a material breach of or default under any loan agreement, note, resolution, trust agreement, contract, agreement or other instrument to which the District or the City, as the case may be, is a party or is otherwise subject or bound.

(e) Except for compliance with the blue sky or other states securities law filings, as to which the City makes no representations, all approvals, consents, authorizations, elections and orders of or filings or registrations with any State governmental authority, board, agency or commission having jurisdiction which would constitute a condition precedent to, or the absence of which would materially adversely affect, the performance by the City of its obligations hereunder, or under the Formation Documents or the District Documents, have been obtained and are in full force and effect.

(f) The Special Tax constituting the security for the Bonds has been duly and lawfully authorized and may be levied under the Law, the State Constitution and the applicable laws

of the State, and the Special Tax, when levied, will constitute a valid and legally binding continuing lien on the properties on which it has been levied.

(g) The City shall not supplement or amend the Official Statement or cause the Official Statement to be supplemented or amended without the prior written consent of the Underwriter. Until the date which is twenty-five (25) days after the “end of the underwriting period” (as hereinafter defined), if any event shall occur of which the City is aware, as a result of which it may be necessary to supplement the Official Statement in order to make the statements in the Official Statement, in light of the circumstances existing at such time, not misleading, the City shall forthwith notify the Underwriter of any such event of which it has knowledge and shall cooperate fully in furnishing any information available to it for any supplement to the Official Statement necessary, in the Underwriter’s opinion, so that the statements therein as so supplemented will not be misleading in light of the circumstances existing at such time and the City shall promptly furnish to the Underwriter a reasonable number of copies of such supplement. As used herein, the term “**end of the underwriting period**” means the later of such time as (i) the City delivers the Bonds to the Underwriter, or (ii) the Underwriter does not retain, directly or as a member of an underwriting syndicate, an unsold balance of the Bonds for sale to the public. Unless the Underwriter gives notice to the contrary, the “end of the underwriting period” shall be deemed to be the Closing Date. Any notice delivered pursuant to this provision shall be written notice delivered to the City at or prior to the Closing Date, and shall specify a date (other than the Closing Date) to be deemed the “end of the underwriting period.”

(h) The Fiscal Agent Agreement creates a valid pledge of the Special Tax Revenues (as defined in the Fiscal Agent Agreement) and the moneys deposited in the Bond Fund and the Reserve Fund established pursuant to the Fiscal Agent Agreement, including the investments thereof, subject in all cases to the provisions of the Fiscal Agent Agreement permitting the application thereof for the purposes and on the terms and conditions set forth therein. Until such time as moneys have been set aside in an amount sufficient to pay all then outstanding Bonds at maturity or to the date of redemption if redeemed prior to maturity, plus unpaid interest thereon to maturity or to the date of redemption if redeemed prior to maturity, and premium, if any, the City will faithfully perform and abide by all of its covenants and undertakings, and the provisions contained in the Fiscal Agent Agreement.

(i) Except as disclosed in the Preliminary Official Statement, no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending with respect to which the City has been served with process or, to the best knowledge of the City, threatened (i) which would materially adversely affect the ability of either the City or the District to perform their obligations under the Bonds, the Formation Documents or the District Documents, or (ii) seeking to restrain or to enjoin the issuance, sale or delivery of the Bonds, the application of the proceeds thereof in accordance with the Fiscal Agent Agreement, or the collection or application of the Special Tax pledged or to be pledged to pay the principal of and interest on the Bonds, or the pledge thereof, or in any way contesting or affecting the validity or enforceability of the Bonds, the Formation Documents, the District Documents, or any action contemplated by any of said documents, or (iii) in any way contesting the completeness or accuracy of the Official Statement or the powers or authority of the City or the District with respect to the Bonds, the Formation Documents, the District Documents, or any action of the City or the District contemplated by any of said documents; nor is there any action pending with respect to which the City has been served with process or, to the best knowledge of the City, threatened against the City or the District which alleges that interest on the Bonds is not excludable from gross income for

federal income tax purposes or is not exempt from California personal income taxation, or (iv) which would affect or restrain the ability of the owners of property within the District to develop their property as described in the Preliminary Official Statement.

(j) The City will furnish such information, execute such instruments and take such other action in cooperation with the Underwriter as the Underwriter may reasonably request in order for the Underwriter to qualify the Bonds for offer and sale under the “Blue Sky” or other securities laws and regulations of such states and other jurisdictions of the United States as the Underwriter may designate; provided, however, the City shall not be required to register as a dealer or a broker of securities or to consent to service of process in connection with any blue sky filing.

(k) Any certificate signed by any official of the City authorized to do so and delivered to the Underwriter in connection with the Bonds or this Purchase Agreement shall be deemed a representation and warranty to the Underwriter as to the statements made therein.

(l) The City will apply the proceeds of the Bonds in accordance with the Fiscal Agent Agreement as described in the Official Statement.

(m) The information contained in the Preliminary Official Statement (other than under the captions “IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT,” “THE MASTER DEVELOPER” and “MERCHANT BUILDER INFORMATION,” as to which no view is expressed) was as of the date thereof, and the information contained in the Official Statement (other than under the captions “IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT,” “THE MASTER DEVELOPER” and “MERCHANT BUILDER INFORMATION,” as to which no view is expressed) as of its date and on the Closing Date shall be, true and correct in all material respects and such information does not and shall not contain any untrue or misleading statement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

(n) The Preliminary Official Statement heretofore delivered to the Underwriter has been deemed final by the City as of its date, except for the omission of such information as is permitted to be omitted in accordance with paragraph (b)(1) of Rule 15c2-12. The City hereby covenants and agrees that, within seven (7) business days from the date hereof, the City shall cause a final printed form of the Official Statement to be delivered to the Underwriter in a quantity mutually agreed upon by the Underwriter and the City so that the Underwriter may comply with paragraph (b)(4) of Rule 15c2-12 and Rules G-12, G-15, G-32 and G-36 of the Municipal Securities Rulemaking Board.

(o) Except as otherwise disclosed in the Preliminary Official Statement, the City is, and has always been, in material compliance with respect to all reporting obligations in the last five years that it has undertaken under Rule 15c2-12 for all indebtedness issued by the City.

(p) Except as otherwise disclosed in the Preliminary Official Statement, the Formation Documents have not been amended, terminated, rescinded or modified.

(q) The City shall not voluntarily undertake any course of action inconsistent with satisfaction of the requirements applicable to the City as set forth in this Purchase Agreement.

(r) The City shall cooperate with the Underwriter in the qualification of the Bonds for offering and sale and the determination of their eligibility for investment under the laws of such jurisdictions as the Underwriter may designate.

(s) The City shall not knowingly take or omit to take any action that, under existing law, may adversely affect the exemption from state income taxation or the exclusion from gross income for federal income tax purposes of the interest on the Bonds.

4. Conditions to the Obligations of the Underwriter. The obligations of the Underwriter to accept delivery of and pay for the Bonds on the Closing Date shall be subject, at the option of the Underwriter, to the accuracy in all material respects of the representations and warranties of the City contained herein, as of the date hereof and as of the Closing Date, to the accuracy in all material respects of the statements of the officers and other officials of the City made in any certificates or other documents furnished pursuant to the provisions hereof, to the performance by the City of its obligations to be performed hereunder at or prior to the Closing Date and to the following additional conditions:

(a) At the Closing Date, the Formation Documents and the District Documents shall be in full force and effect, and shall not have been amended, modified or supplemented, except as may have been agreed to in writing by the Underwriter, and there shall have been taken in connection therewith, with the issuance of the Bonds and with the transactions contemplated thereby and by this Purchase Agreement, all such actions as, in the opinion of Bond Counsel, and Stradling Yocca Carlson & Rauth LLP (“**Stradling**”), counsel to the Underwriter, shall be necessary and appropriate;

(b) The information contained in the Official Statement will, as of the Closing Date and as of the date of any supplement or amendment thereto pursuant to Section 3(g) hereof, be true and correct in all material respects and will not, as of the Closing Date or as of the date of any supplement or amendment thereto pursuant to Section 3(g) hereof, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(c) Between the date hereof and the Closing Date, the market price or marketability of the Bonds at the initial offering prices set forth in the Official Statement shall not have been materially adversely affected, in the judgment of the Underwriter (evidenced by a written notice to the City terminating the obligation of the Underwriter to accept delivery of and pay for the Bonds), by reason of any of the following:

(1) legislation introduced in or enacted (or resolution passed) by the Congress of the United States of America or recommended to the Congress by the President of the United States, the Department of the Treasury, the Internal Revenue Service, or any member of Congress, or favorably reported for passage to either House of Congress by any committee of such House to which such legislation had been referred for consideration or a decision rendered by a court established under Article III of the Constitution of the United States of America or by the Tax Court of the United States of America, or an order, ruling, regulation (final, temporary or proposed), press release or other form of notice issued or made by or on behalf of the Treasury Department or the Internal Revenue Service of the United States of America, with the purpose or effect, directly or indirectly, of imposing federal

income taxation upon the interest that would be received by the owners of the Bonds beyond the extent to which such interest is subject to taxation as of the date hereof;

(2) legislation introduced in or enacted (or resolution passed) by the Congress of the United States of America, or an order, decree or injunction issued by any court of competent jurisdiction, or an order, ruling, regulation (final, temporary or proposed), press release or other form of notice issued or made by or on behalf of the Securities and Exchange Commission (the “SEC”), or any other governmental agency having jurisdiction of the subject matter, to the effect that obligations of the general character of the Bonds, or the Bonds are not exempt from registration under or other requirements of the Securities Act of 1933, as amended, or that the Fiscal Agent Agreement is not exempt from qualification under or other requirements of the Trust Indenture Act of 1939, as amended, or that the issuance, offering or sale of obligations of the general character of the Bonds, or of the Bonds, as contemplated hereby or by the Official Statement or otherwise is or would be in violation of the federal securities laws, rules or regulations as amended and then in effect;

(3) any amendment to the federal or California Constitution or action by any federal or California court, legislative body, regulatory body or other authority materially adversely affecting the tax status of the City or the District, their property, income or securities (or interest thereon), the validity or enforceability of the Special Tax as contemplated by the Formation Documents, the District Documents or the Official Statement;

(4) any event occurring, or information becoming known, which, in the judgment of the Underwriter, makes untrue in any material respect any statement or information contained in the Preliminary Official Statement or the Official Statement, or results in the Preliminary Official Statement or the Official Statement containing any untrue statement of a material fact or omitting to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(5) the declaration of war or the escalation of, or engagement in, military hostilities by the United States or the occurrence of any other national or international emergency or calamity relating to the effective operation of the government of, or the financial community in, the United States which, in the judgment of the Underwriter, makes it impracticable or inadvisable to proceed with the offering or the delivery of the Bonds on the terms and in the manner contemplated in the Preliminary Official Statement or the Official Statement;

(6) the declaration of a general banking moratorium by federal, State of New York or State of California authorities, or the general suspension of trading on any national securities exchange or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on the New York Stock Exchange or other national securities exchange, whether by virtue of determination by that exchange or by order of the SEC or any other governmental authority having jurisdiction that, in the Underwriter’s reasonable judgment, makes it impracticable for the Underwriter to market the Bonds or enforce contracts for the sale of the Bonds;

(7) the imposition by the New York Stock Exchange or other national securities exchange, or any governmental authority, of any material restrictions not now in force with respect to the Bonds or obligations of the general character of the Bonds or securities generally, or the material increase of any such restrictions now in force, including those relating to the extension of credit by, or the charge to the net capital requirements of, the Underwriter;

(8) the entry of an order by a court of competent jurisdiction which enjoins or restrains the City from issuing permits, licenses or entitlements within Improvement Area No. 2 or which order, in the reasonable opinion of the Underwriter, otherwise materially and adversely affects proposed development of property within the Improvement Area No. 2;

(9) a material disruption in securities settlement, payment or clearance services affecting the Bonds shall have occurred;

(10) there shall have been any material adverse change in the affairs of the City that in the Underwriter's reasonable judgment will materially adversely affect the market for the Bonds or the ability of the Underwriter to enforce contracts for the sale of the Bonds;

(11) there shall be established any new restriction on transactions in securities materially affecting the free market for securities (including the imposition of any limitation on interest rates) or the extension of credit by, or a change to the net capital requirements of, underwriters established by the New York Stock Exchange, the SEC, any other federal or State agency or the Congress of the United States, or by Executive Order;

(12) a stop order, release, regulation, or no-action letter by or on behalf of the SEC or any other governmental agency having jurisdiction of the subject matter shall have been issued or made to the effect that the issuance, offering, or sale of the Bonds, including all the underlying obligations as contemplated hereby or by the Official Statement, or any document relating to the issuance, offering or sale of the Bonds is or would be in violation of any provision of the federal securities laws at the Closing Date, including the Securities Act, the Exchange Act, and the Trust Indenture Act of 1939, as amended; or

(13) filing of or threat of litigation of the type described in Section 3(i) hereof.

(d) On the Closing Date, the Underwriter shall have received counterpart originals or certified copies of the following documents, in each case satisfactory in form and substance to the Underwriter:

(1) The Formation Documents and the District Documents, together with a certificate dated as of the Closing Date of the City Clerk of the City to the effect that each Formation Document is a true, correct and complete copy of the one duly adopted by the City Council;

(2) The Official Statement;

(3) An approving opinion for the Bonds, dated the Closing Date and addressed to the City, of Bond Counsel, in the form attached to the Preliminary Official Statement as Appendix D, and an unqualified letter of such counsel, dated the Closing Date and addressed to the Underwriter, to the effect that such approving opinion addressed to the City may be relied upon by the Underwriter to the same extent as if such opinion was addressed to it;

(4) A supplemental opinion, dated the Closing Date and addressed to the Underwriter, of Bond Counsel, to the effect that (i) this Purchase Agreement and the City Disclosure Certificate have been duly authorized, executed and delivered by the City, and, assuming such agreements constitute a valid and binding obligation of the other respective parties thereto, constitute the legally valid and binding agreements of the City for the District enforceable in accordance with their respective terms, except as enforcement may be limited by bankruptcy, moratorium, insolvency or other laws affecting creditor's rights or remedies and may be subject to general principles of equity (regardless of whether such enforceability is considered in equity or at law); (ii) the Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Fiscal Agent Agreement is exempt from qualification under the Trust Indenture Act of 1939, as amended; and (iii) the information contained in the Official Statement on the cover and under the captions "INTRODUCTION," "THE BONDS" (other than information relating to DTC and its Book-Entry Only System), "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," "TAX MATTERS" and Appendices D and F thereof is accurate, insofar as such information purports to summarize or replicate certain provisions of the Law, the Bonds and the Fiscal Agent Agreement and the exclusion from gross income for federal income tax purposes and exemption from State of California personal income taxes of interest on the Bonds;

(5) An opinion, dated the Closing Date and addressed to the Underwriter, of Stradling, as counsel for the Underwriter, in form and substance acceptable to the Underwriter;

(6) A certificate or certificates, dated the Closing Date and signed by an authorized officer of the City, ratifying the use and distribution by the Underwriter of the Preliminary Official Statement and the Official Statement in connection with the offering and sale of the Bonds; and certifying that (i) the representations and warranties of the City contained in Section 3 hereof are true and correct in all material respects on and as of the Closing Date with the same effect as if made on the Closing Date; (ii) to the best of his or her knowledge, no event has occurred since the date of the Official Statement affecting the matters contained therein which should be disclosed in the Official Statement for the purposes for which it is to be used in order to make the statements and information contained in the Official Statement not misleading in any material respect, and the Bonds, the Formation Documents and the District Documents conform as to form and tenor to the descriptions thereof contained in the Official Statement; and (iii) the City has complied with all the agreements and satisfied all the conditions on its part to be performed or satisfied

under the Formation Documents, the District Documents and the Official Statement at or prior to the Closing Date;

(7) An opinion, dated the Closing Date and addressed to the Underwriter, of the City Attorney, to the effect that (i) to its current actual knowledge and except as disclosed in the Official Statement, no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending with respect to which the City has been served with process or is known to such counsel to be threatened, as to which the City is or would be a party, which would materially adversely affect the ability of the City or the District to perform their obligations under the Bonds, the Formation Documents or the District Documents, or which seeks to restrain or enjoin the issuance, sale and delivery of the Bonds or exclusion from gross income for federal income tax purposes or State of California personal income taxes of interest on the Bonds, or the application of the proceeds thereof in accordance with the Fiscal Agent Agreement, or the collection or application of the Special Tax to pay the principal of and interest on the Bonds, or which in any way contests or affects the validity or enforceability of the Bonds, the Formation Documents or the District Documents or the accuracy of the Official Statement, or any action of the City contemplated by any of said documents or the development of property within the District; (ii) the City is duly organized and validly existing as a public entity under the laws of the State of California, the District is duly organized and validly existing as a community facilities district under the laws of the State of California and Improvement Area No. 2 has been properly designated therein; (iii) the City has full legal right, power and authority to issue the Bonds and to perform all of its obligations under the Formation Documents and the District Documents; (iv) the City has obtained all approvals, consents, authorizations, elections and orders of or filings or registrations with any State governmental authority, board, agency or commission having jurisdiction which constitute a condition precedent to the levy of the Special Tax, the issuance of the Bonds or the performance by the City of its obligations thereunder or under the Fiscal Agent Agreement, except that no opinion need be expressed regarding compliance with blue sky or other securities laws or regulations, whatsoever; (v) the City Council has duly and validly adopted the Formation Documents at meetings of the City Council which were called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout, and the Formation Documents are now in full force and effect and have not been amended; and (vi) the City has duly authorized, executed and delivered the District Documents and the Bonds and has duly authorized the preparation and delivery of the Official Statement;

(8) One or more certificates dated the Closing Date from Willdan Financial Services (the “**Special Tax Consultant**”) addressed to the City and the Underwriter to the effect that (i) the amount of the Special Taxes that could be levied in each Fiscal Year on all Parcels (as defined in the Rate and Method of Apportionment of Special Tax for Improvement Area No. 2) of Taxable Property in Improvement Area No. 2 less Administrative Expenses (as defined in the Rate and Method of Apportionment of Special Tax for Improvement Area No. 2) of 1%, is at least one hundred ten percent (110%) of the total Annual Debt Service for each such Bond Year that begins in such Fiscal Year on the Bonds and the 2023 Bonds, and (ii) all information supplied by the Special Tax Consultant for use in the Official

Statement is true and correct as of the date of the Official Statement and as of the Closing Date;

(9) A certificate of the City dated the Closing Date, in a form acceptable to Bond Counsel, to the effect that the Bonds are not arbitrage bonds within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended;

(10) A certificate of the Fiscal Agent and an opinion of counsel to the Fiscal Agent dated the Closing Date and addressed to the City and the Underwriter to the effect that the Fiscal Agent has authorized the execution and delivery of the Fiscal Agent Agreement and that the Fiscal Agent Agreement is a valid and binding obligation of the Fiscal Agent enforceable in accordance with its terms;

(11) A Letter of Representations of Anthem United Creekview Developments Limited Partnership, a Washington limited partnership, (the “**Master Developer**”) dated the date of the Preliminary Official Statement, substantially in the form attached as Exhibit D hereto (the “**Master Developer Letter of Representations**”) or as such certificate may be modified with the approval of the Underwriter and Stradling, and a closing certificate of the Master Developer dated the Closing Date, substantially in the form attached as Exhibit E hereto (the “**Master Developer Closing Certificate**”);

(12) A Letter of Representations from each of Lennar Homes of California, LLC, a California limited liability company (“**Lennar Homes**”), Meritage Homes of California, Inc., a California corporation (“**Meritage Homes**”), Woodside 05N LP, a California limited partnership (“**Woodside Homes**”), D.R. Horton CA2, Inc., a California corporation (“**D.R. Horton Homes**”), _____, a _____ (“**Tri Pointe Homes**”) and _____, a _____ (“**Beazer Homes**” and, together with Lennar Homes, Meritage Homes, Woodside Homes, D.R. Horton Homes and Tri Pointe Homes, the “**Builders**”) dated the date of the Preliminary Official Statement, substantially in the form attached as Exhibit F, G, H, I, J and K hereto, as applicable (each a “**Builder Letter of Representations**”), or as such letters may be modified with the approval of the Underwriter and Stradling, and a closing certificate of each of the Builders dated the Closing Date, substantially in the form attached as Exhibit L hereto (each a “**Builder Closing Certificate**”);

(13) A continuing disclosure certificate executed by each of the Builders in the form included in Appendix E to the Preliminary Official Statement (each a “**Builder Continuing Disclosure Certificate**”);

(14) One or more opinions of counsel to each of the Builders addressed to the District and the Underwriter, in form and substance acceptable to the Underwriter and Stradling, regarding (i) each Builder’s due organization and qualification to do business, (ii) the due authorization and execution of the Builder Continuing Disclosure Certificate executed by such Builder, (iii) the absence of litigation pending against each Builder (with service of process to such Builder having been duly given and completed) or overtly threatened against such Builder which would materially and adversely affect the validity or enforceability of the Builder Continuing Disclosure Certificate executed by the Builder or the Builder’s ability to pay the

Special Taxes when due, and (iv) negative assurance regarding the Preliminary Official Statement and the Official Statement;

(15) A Certificate of AG EHC II (LEN) CA 2, L.P., a Delaware limited partnership (the “**Lennar Landbank**”) dated the date of the Preliminary Official Statement, substantially in the form attached as Exhibit M hereto (the “**Lennar Landbank Certificate**”) or as such certificate may be modified with the approval of the Underwriter and Stradling, and a closing certificate of Lennar Landbank dated the Closing Date, to the effect that the representations in the Lennar Landbank Certificate are true and correct as of the Closing Date (except that all references to the Preliminary Official Statement in the Lennar Landbank Certificate shall be deemed references to the final Official Statement);

(16) A Certificate of Dragon – Roseville, a California limited partnership (the “**Hearthstone Landbank**”) dated the date of the Preliminary Official Statement, substantially in the form attached as Exhibit N hereto (the “**Hearthstone Landbank Certificate**”) or as such certificate may be modified with the approval of the Underwriter and Stradling, and a closing certificate of Hearthstone Landbank dated the Closing Date, to the effect that the representations in the Hearthstone Landbank Certificate are true and correct as of the Closing Date (except that all references to the Preliminary Official Statement in the Hearthstone Landbank Certificate shall be deemed references to the final Official Statement);

(17) G-17 letter from the Underwriter acknowledged by the City;

(18) A letter of Jones Hall, A Professional Law Corporation, as disclosure counsel to the City (“**Disclosure Counsel**”), addressed to the Underwriter and the City, to the effect that nothing has come to such counsel’s attention that would lead them to believe that the Preliminary Official Statement, as of its date, and the Official Statement, as of its date and as of the Closing Date (but excluding therefrom the appendices thereto, financial statements and statistical data, and information regarding The Depository Trust Company and its book-entry system, as to which no opinion need be expressed), contained or contains an untrue statement of a material fact or omitted or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading;

(19) A certificate from Integra Realty Resources (the “**Appraiser**”) consenting to the inclusion of their appraisal report (the “**Appraisal**”) in the Preliminary Official Statement and the final Official Statement and certifying that (i) the information in the Official Statement relating to the Appraisal does not contain an untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading and (ii) since the date of the Appraisal they are not aware of any facts that would materially affect the conclusions of value set forth therein;

(20) The certificate required by Section 5.17(A) of the Fiscal Agent Agreement stating that the requirements for the issuance of the Bonds as Additional Bonds under the Fiscal Agent Agreement have been met.

(21) Such additional legal opinions, certificates, instruments and other documents as the Underwriter may reasonably request to evidence the truth and accuracy, as of the date hereof and as of the Closing Date, of the statements and information contained in the Preliminary Official Statement and the Official Statement, of the City's representations and warranties contained herein and the due performance or satisfaction by the City at or prior to the Closing of all agreements then to be performed and all conditions then to be satisfied by the City and the District in connection with the transactions contemplated hereby and by the Official Statement.

If the City shall be unable to satisfy the conditions to the obligations of the Underwriter to purchase, accept delivery of and pay for the Bonds contained in this Purchase Agreement, or if the obligations of the Underwriter to purchase, accept delivery of and pay for the Bonds shall be terminated for any reason permitted by this Purchase Agreement, this Purchase Agreement shall terminate and neither the Underwriter nor the City shall be under any further obligation hereunder, except that the respective obligations of the City and the Underwriter set forth in Section 5, Section 6 and Section 8 hereof shall continue in full force and effect.

5. Conditions of the City's Obligations. The City's obligations hereunder are subject to the Underwriter's performance of its obligations hereunder, and are also subject to the following conditions:

(a) As of the Closing Date, no litigation shall be pending or, to the knowledge of the duly authorized officer of the City executing the certificate referred to in Section 4(d)(6) hereof, threatened, to restrain or enjoin the issuance or sale of the Bonds or in any way affecting any authority for or the validity of the Bonds, the Formation Documents, the District Documents or the existence or powers of the City or the District, including Improvement Area No. 2 therein; and

(b) As of the Closing Date, the City shall receive the approving opinion of Bond Counsel referred to in Section 4(d)(3) hereof, dated as of the Closing Date.

6. Expenses. Whether or not the Bonds are delivered to the Underwriter as set forth herein:

(a) The Underwriter shall be under no obligation to pay, and the City shall pay or cause to be paid (out of any legally available funds of the District) all expenses incident to the performance of the City's obligations hereunder, including, but not limited to, the cost of printing, engraving and delivering the Bonds to the Underwriter, the cost of preparation, printing, distribution and delivery of the Fiscal Agent Agreement, the Preliminary Official Statement, the Official Statement and all other agreements and documents contemplated hereby (and drafts of any thereof) in such reasonable quantities as requested by the Underwriter; and the fees and disbursements of the Municipal Advisor, the Special Tax Consultant, the Fiscal Agent, Bond Counsel, Disclosure Counsel and any accountants, engineers or any other experts or consultants the City has retained in connection with the Bonds; and

(b) The City shall be under no obligation to pay, and the Underwriter shall pay, any fees of the California Debt and Investment Advisory Commission, the cost of preparation of any "blue sky" or legal investment memoranda and this Purchase Agreement; expenses to qualify the Bonds for sale under any "blue sky" or other state securities laws; and all other expenses incurred by

the Underwriter in connection with its public offering and distribution of the Bonds (except those specifically enumerated in paragraph (a) of this section), including the fees and disbursements of its counsel and any advertising expenses.

7. Notices. Any notice or other communication to be given to the City under this Purchase Agreement may be given by delivering the same in writing to the City at 311 Vernon Street, Roseville, California 95678, Attention: Assistant City Manager/Chief Financial Officer; and any notice or other communication to be given to the Underwriter under this Purchase Agreement may be given by delivering the same in writing to Piper Sandler & Co., 3626 Fair Oaks Blvd. Suite 100, Sacramento, Ca 95864, Attention: Dennis McGuire.

8. Parties in Interest. This Purchase Agreement is made solely for the benefit of the City, the District and the Underwriter (including their successors or assigns), and no other person shall acquire or have any right hereunder or by virtue hereof.

9. Survival of Representations and Warranties. The representations and warranties of the City set forth in or made pursuant to this Purchase Agreement shall not be deemed to have been discharged, satisfied or otherwise rendered void by reason of the Closing or termination of this Purchase Agreement and regardless of any investigations made by or on behalf of the Underwriter (or statements as to the results of such investigations) concerning such representations and statements of the City and regardless of delivery of and payment for the Bonds.

10. Effective. This Purchase Agreement shall become effective and binding upon the respective parties hereto upon the execution of the acceptance hereof by the City and shall be valid and enforceable as of the time of such acceptance.

11. No Prior Agreements. This Purchase Agreement supersedes and replaces all prior negotiations, agreements and understandings between the parties hereto in relation to the sale of Bonds for the City.

12. Governing Law. This Purchase Agreement shall be governed by the laws of the State applicable to contracts made and performed in the State.

13. Counterparts. This Purchase Agreement may be executed simultaneously in several counterparts, each of which shall be an original and all of which shall constitute one and the same instrument.

Very truly yours,

MATURITY SCHEDULE

**CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

<i>Maturity Date (September 1)</i>	<i>Principal Amount</i>	<i>Interest Rate</i>	<i>Yield</i>	<i>Price</i>	<i>10% Test Used</i>	<i>Hold the Offering Price Used</i>
---	------------------------------------	---------------------------------	---------------------	---------------------	-------------------------------------	--

^C Priced to the optional call date of September 1, 20__ at ____%.

^T Term Bond.

The purchase price of the Bonds shall be \$_____, which is the principal amount thereof (\$_____) [plus/less] [net] original issue [premium/discount] of \$_____ and less Underwriter's discount of \$_____.

Optional Redemption. The Bonds are subject to optional redemption from any source of available funds (other than Prepayments of the Special Tax by property owners), in whole or in part among maturities as specified by the City and by lot within a maturity, on any date on and after September 1, 20__ at the following respective redemption prices (expressed as percentages of the principal amount of the Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
September 1, 20__ through August 31, 20__	103%
September 1, 20__ through August 31, 20__	102
September 1, 20__ through August 31, 20__	101
September 1, 20__ and any date thereafter	100

Mandatory Redemption from Prepayments. The Bonds are subject to mandatory redemption from Prepayments of the Special Tax by property owners, in whole or in part among maturities as specified by the City and by lot within a maturity, on any Interest Payment Date at the following respective redemption prices (expressed as percentages of the principal amount of the Bonds to be redeemed), plus accrued interest thereon to the date of redemption:

<u>Redemption Dates</u>	<u>Redemption Price</u>
March 1, 2025 through and including March 1, 20__	103%
September 1, 20__ and March 1, 20__	102
September 1, 20__ and March 1, 20__	101
September 1, 20__ and any Interest Payment Date thereafter	100

Mandatory Sinking Fund Redemption. The Term Bonds maturing September 1, 20__, September 1, 20__, September 1, 20__ and September 1, 20__ are subject to mandatory sinking payment redemption in part on September 1, 20__, September 1, 20__, September 1, 20__ and September 1, 20__, respectively, and on each September 1 thereafter to maturity, by lot, at a redemption price equal to 100% of the principal amount thereof to be redeemed, without premium, in the aggregate respective principal amounts as set forth in the following tables:

Term Bonds Maturing September 1, 20__

Sinking Fund Redemption Date (September 1)	<u>Sinking Fund Payment</u>
---	--

Term Bonds Maturing September 1, 20__

Sinking Fund Redemption Date (September 1)	<u>Sinking Fund Payment</u>
---	--

Term Bonds Maturing September 1, 20__

Sinking Fund Redemption Date (September 1)	<u>Sinking Fund</u> <u>Payment</u>
---	---

Term Bonds Maturing September 1, 20__

Sinking Fund Redemption Date (September 1)	<u>Sinking Fund</u> <u>Payment</u>
---	---

The amounts in the foregoing tables will be reduced pro rata, in order to maintain substantially uniform debt service, as a result of any prior partial optional redemption or mandatory redemption of the Bonds.

RULE 15c2-12 CERTIFICATE

The undersigned hereby certifies and represents that he is the Assistant City Manager/Chief Financial Officer of the City of Roseville, California (the “**City**”), and, as such, is duly authorized to execute and deliver this certificate and further hereby certifies that:

(1) this certificate is being delivered in connection with the sale and issuance of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 Special Tax Bonds, Series 2024 (the “**Bonds**”) in order to enable the underwriter of the Bonds to comply with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the “**Rule**”);

(2) in connection with the sale and issuance of the Bonds, there has been prepared a Preliminary Official Statement dated _____, 2024 setting forth information concerning the Bonds and the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) Improvement Area No. 2 (the “Preliminary Official Statement”); and

(3) except for the Permitted Omissions, the Preliminary Official Statement is deemed final within the meaning of the Rule. As used herein, the term “**Permitted Omissions**” refers to the offering price(s), interest rates(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery dates, ratings and other terms of the Bonds depending on such matters, all as set forth in the Rule.

IN WITNESS WHEREOF, I have hereunto set my hand as of _____, 2024.

EXHIBIT C

FORM OF ISSUE PRICE CERTIFICATE

**CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

The undersigned, on behalf of Piper Sandler & Co. (“**Piper**”) hereby certifies as set forth below with respect to the sale and issuance of the above-captioned bonds (the “**Bonds**”).

1. ***Sale of the General Rule Maturities.*** As of the date of this certificate, for each Maturity of the General Rule Maturities, the first price at which at least 10% of such Maturity was sold to the Public is the respective price listed in Schedule A.

2. ***Initial Offering Price of the Hold-the-Offering-Price Maturities.***

(a) Piper offered the Hold-the-Offering-Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A (the “**Initial Offering Prices**”) on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.

(b) As set forth in the Bond Purchase Agreement, dated _____, 2024, by and between Piper and the Issuer, Piper has agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the “hold-the-offering-price rule”), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to such agreement, no Underwriter (as defined below) has offered or sold any Maturity of the Hold-the-Offering-Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

3. ***Reserve Fund.***

The establishment of the Reserve Fund for the in the amount of the Reserve Requirement (as such terms are defined in the Fiscal Agent Agreement dated as of July 1, 2023, as supplemented by a Supplemental Agreement No. 1 to Fiscal Agent Agreement dated as of _____ 1, 2024, each by and between the City and U.S. Bank Trust Company, National Association, as fiscal agent, pursuant to which the Bonds are being issued) was vital to the marketing of the Bonds and reasonably required to assure payment of debt service on the Bonds.

4. ***Defined Terms.***

(a) *General Rule Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the “General Rule Maturities.”

(b) *Hold-the-Offering-Price Maturities* means those Maturities of the Bonds listed in Schedule A hereto as the “Hold-the-Offering-Price Maturities.”

(c) *Holding Period* means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date _____, 2024), or (ii) the date on which Piper has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) *Issuer* means the City of Roseville.

(e) *Maturity* means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(f) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) *Sale Date* means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is _____, 2024.

(h) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents Piper’s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in a Certificate as to Arbitrage and Tax Compliance Procedures for the Bonds and with respect to compliance with the federal income tax rules affecting the Bonds, and by Jones Hall, A Professional Law Corporation in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

**LETTER OF REPRESENTATIONS OF ANTHEM UNITED CREEKVIEW
DEVELOPMENTS LIMITED PARTNERSHIP**

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(11) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Anthem United Creekview Developments Limited Partnership, a Washington limited partnership (the “**Master Developer**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Master Developer is duly organized and validly existing under the laws of the State of Washington and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of Anthem United Creekview Developments Limited Partnership (the “**Letter of Representations**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Master Developer and its Affiliates,² are not in breach of or in default

¹ “**Actual Knowledge of the Undersigned**” means the actual (as opposed to constructive) knowledge that the individuals signing on behalf of the Master Developer currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Master Developer and its Affiliates as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Master Developer’s current business and operations. Officers and employees no longer working for the Master Developer or its Affiliates have not been contacted.

² “**Affiliate**” means, with respect to the Master Developer, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Master Developer; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Master Developer’s development plans with respect to the Property and ability to pay the Special Tax on the Property prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Master Developer’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax on the Property prior to delinquency). “**Person**” means an

under any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Master Developer or its Affiliates are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the ability of the Master Developer or any of the Builders to develop the property within Improvement Area No. 2 of the District as described in the Preliminary Official Statement and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

3. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Master Developer (with proper service of process to the Master Developer having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Affiliate of the Master Developer (with proper service of process to such Affiliate having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Master Developer or any such Affiliate which, if successful, is reasonably likely to materially and adversely affect the ability of the Master Developer or any of the Builders to develop the property within Improvement Area No. 2 as described in the Preliminary Official Statement.

4. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Master Developer, its Affiliates, the Master Developer’s development plan for the Winding Creek project, the Master Developer’s financing plan, the Master Developer’s lenders, if any, and contractual arrangements of the Master Developer or any Affiliate of the Master Developer (including, if material to the Master Developer’s development plan or the Master Developer’s financing plan, other loans of such Affiliates) as set forth under the captions entitled “IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT”, “THE MASTER DEVELOPER” and “SPECIAL RISK FACTORS—Property Values and Property Development—*Endangered and Threatened Species*” (excluding therefrom, in each case, information which is identified as having been provided by a source other than the Master Developer), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

5. The Master Developer covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Master Developer and its Affiliates which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Master Developer or any Affiliate in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has

individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Master Developer or its Affiliates, the City, and/or the District or to which the Master Developer or its Affiliates is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

6. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the property within Improvement Area No. 2 of the District exists or is in the process of being authorized that would include any portion of the property within Improvement Area No. 2 of the District.

7. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Master Developer, and except as disclosed in the Preliminary Official Statement including in the sections entitled "IMPROVEMENT AREA NO. 2 PLANNED DEVELOPMENT" and "THE MASTER DEVELOPER," to the Actual Knowledge of the Undersigned, the Master Developer currently expects that it will have sufficient funds and/or sources of funds to develop the Winding Creek project as described in the Preliminary Official Statement. The Master Developer reserves the right to change its development plan and financing plan for the property within Improvement Area No. 2 of the District and the Winding Creek project as a whole at any time without notice.

8. Solely as to the limited information described in Paragraph 4 above (and subject to the limitations and exclusions set forth in Paragraph 4), the Master Developer agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an "**Indemnified Party**" and together, the "**Indemnified Parties**"), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, "**Claims**") incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Master Developer of a material fact contained in the information described in Paragraph 4 above (and subject to the limitations and exclusions set forth in Paragraph 4), as of the date of the Preliminary Official Statement, or the omission by the Master Developer to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Master Developer contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Master Developer may otherwise have to any Indemnified Party, provided that in no event shall the Master Developer be obligated for double indemnification. Further, in no event shall the Master Developer's liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Master Developer in writing; provided that the failure to notify the Master Developer shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such

failure; and provided, further, that the failure to notify the Master Developer shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Master Developer thereof, the Master Developer shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Master Developer) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Master Developer and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Master Developer has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Master Developer such that a material conflict of interest exists for such counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Master Developer and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Master Developer shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Master Developer shall not be liable for any settlement of any proceeding effected without its written consent. The Master Developer shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

9. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Master Developer, its Affiliates, the Master Developer's development plan, the Master Developer's financing plan, the Master Developer's lenders, if any, and contractual arrangements of the Master Developer or any Affiliate of the Master Developer (including, if material to the Master Developer's development plan or the Master Developer's financing plan, other loans of such Affiliates) shall occur which the undersigned believe would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Master Developer shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

10. On behalf of the Master Developer, we have reviewed the contents of this Certificate and have met with counsel to the Master Developer for the purpose of discussing the meaning of its contents.

The undersigned have executed this Letter of Representations solely in their capacity as authorized representatives of the Master Developer and they will have no personal liability arising from or relating to this Letter of Representations.

**CLOSING CERTIFICATE OF ANTHEM UNITED CREEKVIEW DEVELOPMENTS
LIMITED PARTNERSHIP**

Dated: _____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(11) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Anthem United Creekview Developments Limited Partnership, a Washington limited partnership (the “**Master Developer**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof. Capitalized terms used herein that are not defined herein shall have the meanings ascribed to such terms in the Letter of Representations of Anthem United Creekview Developments Limited Partnership, dated _____, 2024 (the “**Letter of Representations**”), delivered by the Master Developer.

(1) The undersigned are duly authorized to execute this Closing Certificate of Anthem United Creekview Developments Limited Partnership (the “**Closing Certificate**”) on behalf of the Master Developer.

(2) Except as disclosed in the final Official Statement relating to the Bonds (the “**Final Official Statement**”), to the Actual Knowledge of the Undersigned, no event has occurred since the date of the Preliminary Official Statement which has materially and adversely affected or is reasonably expected to materially and adversely affect the business, properties, operations or financial condition of the Master Developer.

(3) The representations and warranties made by the Master Developer in the Letter of Representations are true and correct in all material respects on and as of the date hereof, with the same effect as if made on the date hereof, except that all references to the Preliminary Official Statement in the Letter of Representations shall be deemed references to the Final Official Statement.

(4) For the period through 25 days after the “end of the underwriting period” as defined in the Bond Purchase Agreement to mean the Closing Date, if any event relating to or affecting the Master Developer, its Affiliates, ownership of the Property, the Master Developer’s development plan, the Master Developer’s financing plan, the Master Developer’s lenders, if any, and contractual arrangements of the Master Developer or any Affiliates of the Master Developer (including, if material to the Master Developer’s development plan or the Master Developer’s financing plan, other loans of such Affiliates) shall occur as a result of which it is necessary, in the opinion of the Underwriter or counsel to

the City, to amend or supplement the Official Statement in order to make the information under the sections of the Official Statement indicated in Paragraph 7 of the Letter of Representations (and subject to the limitations and exclusions set forth in Paragraph 7 of the Letter of Representations) not misleading in the light of the circumstances under which they were made, the Master Developer shall reasonably cooperate with the City and the Underwriter in the preparation of an amendment or supplement to the Official Statement in form and substance reasonably satisfactory to the Underwriter and Disclosure Counsel which will amend or supplement the Official Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

The undersigned have executed this Closing Certificate solely in their capacity as authorized representatives of the Master Developer and they will have no personal liability arising from or relating to this Closing Certificate.

LETTER OF REPRESENTATIONS OF LENNAR HOMES OF CALIFORNIA, LLC

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Lennar Homes of California, LLC, a California limited liability company (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations (the “**Letter of Representations**”) and a Builder Continuing Disclosure Certificate; and (ii) undertake all of the transactions on its part as described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder or AG EHC II (LEN) CA 2, L.P., a Delaware limited partnership, and under option to be acquired by the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of a Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Affiliates,² are not in breach of or in default under any

¹ “**Actual Knowledge of the Undersigned**” means the actual (as opposed to constructive) knowledge that the undersigned currently has as of the date of this Letter of Representations or has obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Affiliates as the undersigned has determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned has reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Affiliates have not been contacted.

applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Affiliates are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax due with respect to the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Affiliates that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Affiliates is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax due with respect to the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Affiliate of the Builder (with proper service of process to such Affiliate having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Affiliate which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Affiliates, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Affiliate of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Affiliates) as set forth under the captions entitled “**MERCHANT BUILDER INFORMATION—Lennar Homes**” and “**CONTINUING DISCLOSURE—The Merchant Builders—Lennar Homes Continuing Disclosure Compliance**” (excluding therefrom, in each case, information which is identified as having been provided by a source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or

² “**Affiliate**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax on the Property prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax on the Property prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Affiliates which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Affiliate in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, or (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Affiliates, the City, and/or the District or to which the Builder or its Affiliates is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any ad valorem property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real

property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—Lennar Homes,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax (to the extent the responsibility of the Builder) levied against the Property prior to delinquency. The Builder reserves the right to change its development plan and financing plan for the Property at any time without notice.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, only to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any Claims arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to

any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Affiliates, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Affiliate of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Affiliates) shall occur which the undersigned believe would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, I have reviewed the contents of this Letter of Representations and have met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as an authorized representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations. Any liability arising from or relating to this Letter of Representations may only be asserted against Builder.

**CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

LETTER OF REPRESENTATIONS OF MERITAGE HOMES OF CALIFORNIA, INC.

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Meritage Homes of California, Inc., a California corporation (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of Meritage Homes of California, Inc. (the “**Letter of Representations**”); (ii) to execute and deliver the Continuing Disclosure Certificate (Meritage Homes of California, Inc.) to be executed by the Builder prior to the Closing (the “**Builder Continuing Disclosure Certificate**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of the Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Relevant Entities² are not in breach of or in default under

¹ “**Actual Knowledge of the Undersigned**” means the knowledge that the individuals signing on behalf of the Builder currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Relevant Entities as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or

any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Relevant Entities are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Relevant Entities that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Relevant Entities is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Relevant Entity of the Builder (with proper service of process to such Relevant Entity having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Relevant Entity which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Relevant Entities, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Relevant Entities) as set forth under the captions entitled “**MERCHANT BUILDER INFORMATION—Meritage**” and “**CONTINUING**

inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Relevant Entities have not been contacted.

² “**Relevant Entities**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

DISCLOSURE—The Merchant Builders—*Meritage Prior Continuing Disclosure Compliance*” (excluding therefrom, in each case, information which is identified as having been provided by a source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Relevant Entities which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Relevant Entity in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District’s Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Relevant Entities, the City, and/or the District or to which the Builder or its Relevant Entities is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—Meritage,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency. However, neither the Builder nor its Relevant Entities are obligated to make any additional capital contribution or loan to the Builder at any time, and the Builder reserves the right to change its development plan and financing plan for the Property at any time without notice, and there is no recourse against the Builder for failure to pay Special Taxes other than the filing of a foreclosure action against the delinquent Property.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such

counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Relevant Entities, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Relevant Entities) shall occur which the undersigned believes would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, the undersigned has reviewed the contents of this Certificate and has met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as authorized officer or representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations.

SERIES 2024**

LETTER OF REPRESENTATIONS OF WOODSIDE 05N LP

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Woodside 05N LP, a California limited partnership (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of Woodside 05N LP (the “**Letter of Representations**”); (ii) to execute and deliver the Continuing Disclosure Certificate (Woodside 05N LP) to be executed by the Builder prior to the Closing (the “**Builder Continuing Disclosure Certificate**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of the Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Relevant Entities² are not in breach of or in default under

¹ “**Actual Knowledge of the Undersigned**” means the knowledge that the individuals signing on behalf of the Builder currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Relevant Entities as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Relevant Entities have not been contacted.

any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Relevant Entities are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Relevant Entities that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Relevant Entities is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Relevant Entity of the Builder (with proper service of process to such Relevant Entity having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Relevant Entity which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Relevant Entities, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Relevant Entities) as set forth under the captions entitled “*MERCHANT BUILDER INFORMATION—Woodside*” and “*CONTINUING DISCLOSURE—The Merchant Builders—Woodside Continuing Disclosure Compliance*” (excluding therefrom, in each case, information which is identified as having been provided by a

² “**Relevant Entities**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Relevant Entities which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Relevant Entity in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Relevant Entities, the City, and/or the District or to which the Builder or its Relevant Entities is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—Woodside,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency. However, neither the Builder nor its Relevant Entities are obligated to make any additional capital contribution or loan to the Builder at any time, and the Builder reserves the right to change its development plan and financing plan for the Property at any time without notice, and there is no recourse against the Builder for failure to pay Special Taxes other than the filing of a foreclosure action against the delinquent Property.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such

counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Relevant Entities, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Relevant Entities) shall occur which the undersigned believes would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, the undersigned has reviewed the contents of this Certificate and has met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as authorized officer or representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations.

**CITY OF ROSEVILLE
CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

LETTER OF REPRESENTATIONS OF D.R. HORTON CA2, INC.

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), D.R. Horton CA2, Inc., a California corporation (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of D.R. Horton CA2, Inc. (the “**Letter of Representations**”); (ii) to execute and deliver the Continuing Disclosure Certificate (D.R. Horton CA2, Inc.) to be executed by the Builder prior to the Closing (the “**Builder Continuing Disclosure Certificate**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder or Dragon – Roseville, a California limited partnership, and under option to be acquired by the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of the Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Relevant Entities² are not in breach of or in default under

¹ “**Actual Knowledge of the Undersigned**” means the knowledge that the individuals signing on behalf of the Builder currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Relevant Entities as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Relevant Entities have not been contacted.

any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Relevant Entities are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Relevant Entities that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Relevant Entities is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Relevant Entity of the Builder (with proper service of process to such Relevant Entity having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Relevant Entity which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Relevant Entities, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Relevant Entities) as set forth under the captions entitled “**MERCHANT BUILDER INFORMATION—D.R. Horton**” and “**CONTINUING DISCLOSURE—The Merchant Builders—D.R. Horton Continuing Disclosure Compliance**” (excluding therefrom, in each case, information which is identified as having been provided by a

² “**Relevant Entities**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Relevant Entities which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Relevant Entity in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Relevant Entities, the City, and/or the District or to which the Builder or its Relevant Entities is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—D.R. Horton,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency. However, neither the Builder nor its Relevant Entities are obligated to make any additional capital contribution or loan to the Builder at any time, and the Builder reserves the right to change its development plan and financing plan for the Property at any time without notice, and there is no recourse against the Builder for failure to pay Special Taxes other than the filing of a foreclosure action against the delinquent Property.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such

counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Relevant Entities, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Relevant Entities) shall occur which the undersigned believes would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, the undersigned has reviewed the contents of this Certificate and has met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as authorized officer or representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations.

SPECIAL TAX BONDS
SERIES 2024**

LETTER OF REPRESENTATIONS OF [TRI POINTE]

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), _____, a _____ (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of _____ (the “**Letter of Representations**”); (ii) to execute and deliver the Continuing Disclosure Certificate (_____) to be executed by the Builder prior to the Closing (the “**Builder Continuing Disclosure Certificate**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of the Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Relevant Entities² are not in breach of or in default under

¹ “**Actual Knowledge of the Undersigned**” means the knowledge that the individuals signing on behalf of the Builder currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Relevant Entities as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Relevant Entities have not been contacted.

any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Relevant Entities are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Relevant Entities that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Relevant Entities is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Relevant Entity of the Builder (with proper service of process to such Relevant Entity having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Relevant Entity which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Relevant Entities, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Relevant Entities) as set forth under the captions entitled “**MERCHANT BUILDER INFORMATION—Tri Pointe**” and “**CONTINUING DISCLOSURE—The Merchant Builders—Tri Pointe Continuing Disclosure Compliance**” (excluding therefrom, in each case, information which is identified as having been provided by a

² “**Relevant Entities**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Relevant Entities which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Relevant Entity in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Relevant Entities, the City, and/or the District or to which the Builder or its Relevant Entities is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—Tri Pointe,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency. However, neither the Builder nor its Relevant Entities are obligated to make any additional capital contribution or loan to the Builder at any time, and the Builder reserves the right to change its development plan and financing plan for the Property at any time without notice, and there is no recourse against the Builder for failure to pay Special Taxes other than the filing of a foreclosure action against the delinquent Property.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such

counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Relevant Entities, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Relevant Entities) shall occur which the undersigned believes would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, the undersigned has reviewed the contents of this Certificate and has met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as authorized officer or representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations.

SERIES 2024**

LETTER OF REPRESENTATIONS OF [BEAZER HOMES]

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), _____, a _____ (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof as set forth herein. Unless otherwise indicated, capitalized terms used herein and not defined have the meaning given to them in the Bond Purchase Agreement.

1. The Builder is duly organized and validly existing under the laws of the State of California and has all requisite right, power, and authority to: (i) execute and deliver this Letter of Representations of _____ (the “**Letter of Representations**”); (ii) to execute and deliver the Continuing Disclosure Certificate (_____) to be executed by the Builder prior to the Closing (the “**Builder Continuing Disclosure Certificate**”); and (ii) undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain of the property within Improvement Area No. 2 of the District is held in the name of the Builder (herein, the “**Property**”). The undersigned, on behalf of the Builder, make the representations herein with respect to all such Property.

3. The Builder has, or will have prior to the Closing, duly authorized the execution and delivery of the Builder Continuing Disclosure Certificate at the Closing and the performance by the Builder of its obligations thereunder.

4. Except as disclosed in the Preliminary Official Statement, to the Actual Knowledge of the Undersigned,¹ (a) the Builder and its Relevant Entities² are not in breach of or in default under

¹ “**Actual Knowledge of the Undersigned**” means the knowledge that the individuals signing on behalf of the Builder currently have as of the date of this Letter of Representations or have obtained through: (i) interviews with such current officers and responsible employees of the Builder and its Relevant Entities as the undersigned have determined are reasonably likely, in the ordinary course of their respective duties, to have knowledge of the matters that are set forth in this Letter of Representations; and/or (ii) review of documents that were reasonably available to the undersigned and which the undersigned have reasonably deemed necessary in order for the undersigned to obtain knowledge of the matters that are set forth in this Letter of Representations. The undersigned have not conducted any extraordinary inspection or inquiry other than such inspections or inquiries as are prudent and customary in connection with the ordinary course of the Builder’s current business and operations. Officers and employees no longer working for the Builder or its Relevant Entities have not been contacted.

any applicable judgment or decree or any loan agreement, option agreement, development agreement, indenture, bond, or note (collectively, the “**Material Agreements**”) to which the Builder or its Relevant Entities are a party or otherwise subject, which breach or default could reasonably be expected to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency and (b) no event has occurred and is continuing that with the passage of time or giving of notice, or both, would constitute such a breach or default.

5. Except as described in the Preliminary Official Statement, there is no material indebtedness of the Builder or its Relevant Entities that is secured by an interest in the Property. To the Actual Knowledge of the Undersigned, neither the Builder nor any of its Relevant Entities is in default on any obligation to repay borrowed money, which default is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

6. Except as set forth in the Preliminary Official Statement, no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, regulatory agency, public board or body is pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, is pending against any Relevant Entity of the Builder (with proper service of process to such Relevant Entity having been accomplished) or to the Actual Knowledge of the Undersigned is overtly threatened in writing against the Builder or any such Relevant Entity which, if successful, is reasonably likely to materially and adversely affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency.

7. As of the date thereof, to the Actual Knowledge of the Undersigned, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Builder, its Relevant Entities, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder’s development plan or the Builder’s financing plan, other loans of such Relevant Entities) as set forth under the captions entitled “**MERCHANT BUILDER INFORMATION—Beazer Homes**” and “**CONTINUING DISCLOSURE—The Merchant Builders—Beazer Homes Continuing Disclosure Compliance**” (excluding therefrom, in each case, information which is identified as having been provided by a

² “**Relevant Entities**” means, with respect to the Builder, any other Person: (i) who directly, or indirectly through one or more intermediaries, is currently controlling, controlled by, or under common control with the Builder; and (ii) for whom information, including financial information or operating data, concerning such Person is material to potential investors in their evaluation of the Property and investment decision regarding the Bonds (i.e., information relevant to: (a) the Builder’s development plans with respect to the Property and ability to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency; or (b) such Person’s assets or funds that would materially affect the Builder’s ability to develop the Property as described in the Preliminary Official Statement or to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency). “**Person**” means an individual, a corporation, a partnership, a limited liability company, an association, a joint stock company, a trust, any unincorporated organization, or a government or political subdivision thereof. For purposes hereof, the term “**control**” (including the terms “**controlling**,” “**controlled by**” or “**under common control with**”) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a Person, whether through the ownership of voting securities, by contract or otherwise.

source other than the Builder), is true and correct in all material respects and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

8. The Builder covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Builder and its Relevant Entities which it controls will not bring any action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of the ordinance of the City levying the Special Tax within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Builder or any Relevant Entity in any way from bringing any other action, suit, proceeding, inquiry or investigation, at law or in equity, before any court, regulatory agency, public board or body including, without limitation, (a) an action or suit contending that the Special Tax has not been levied in accordance with the methodologies contained in the District's Rate, Method of Apportionment, and Manner of Collection of Special Tax pursuant to which the Special Tax is levied, (b) an action or suit with respect to the application or use of the Special Tax levied and collected, (c) an action or suit to enforce the obligations of the City and/or the District under the Formation Documents, the District Documents, or any other agreements among the Builder or its Relevant Entities, the City, and/or the District or to which the Builder or its Relevant Entities is a party or beneficiary (including, but not limited to, the Fiscal Agent Agreement).

9. Except as disclosed in the Preliminary Official Statement or as a matter of public record (including, without limitation, liens for *ad valorem* tax obligations), to the Actual Knowledge of the Undersigned, no public debt secured by a tax or assessment on the Property exists or is in the process of being authorized that would include any portion of the Property.

10. To the Actual Knowledge of the Undersigned, the Builder has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Builder during the period of its ownership included within the boundaries of a community facilities district or an assessment district within California within the last five (5) years that (a) caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced in a court of law against the Builder.

11. The Builder intends to comply with the provision of the Mello-Roos Community Facilities District Act of 1982, as amended relating to the Notice of Special Tax described in Government Code Section 53341.5 in connection with the sale of the Property, or portions thereof.

12. To the Actual Knowledge of the Undersigned, the Builder is able to pay its bills as they become due and no legal proceedings are pending against the Builder (with proper service of process to the Builder having been accomplished) or, to the Actual Knowledge of the Undersigned, overtly threatened in writing in which the Builder may be adjudicated as bankrupt or discharged from any and all of its debts or obligations, or granted an extension of time to pay its debts or obligations, or be allowed to reorganize or readjust its debts, or be subject to control or supervision of the Federal Deposit Insurance Corporation.

13. Based upon its current development plans, including, without limitation, its current budget, and subject to economic conditions and risks generally inherent in the development of real property, many of which are beyond the control of the Builder, and except as disclosed in the Preliminary Official Statement including in the sections entitled “MERCHANT BUILDER INFORMATION—Beazer Homes,” the Builder currently expects that it will have sufficient funds and/or sources of funds to develop the Property as described in the Preliminary Official Statement and to pay the Special Tax levied against the Property (to the extent the responsibility of the Builder) prior to delinquency. However, neither the Builder nor its Relevant Entities are obligated to make any additional capital contribution or loan to the Builder at any time, and the Builder reserves the right to change its development plan and financing plan for the Property at any time without notice, and there is no recourse against the Builder for failure to pay Special Taxes other than the filing of a foreclosure action against the delinquent Property.

14. Solely as to the limited information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), the Builder agrees to indemnify and hold harmless, to the extent permitted by law, the City, the District, and their officials and employees, and each Person, if any (each, an “**Indemnified Party**” and together, the “**Indemnified Parties**”), who controls any of the foregoing within the meaning of Section 15 of the Securities Act of 1933, as amended, or of Section 20 of the Securities Exchange Act of 1934, as amended, against all claims, damages, or liabilities (collectively, “**Claims**”) incurred by an Indemnified Party under any statute or at law or in equity, to the extent that such Claims arise from an untrue statement by the Builder of a material fact contained in the information described in Paragraph 7 above (and subject to the limitations and exclusions set forth in Paragraph 7), as of the date of the Preliminary Official Statement, or the omission by the Builder to state in the Preliminary Official Statement, as of its date, a material fact necessary to make the statements made by the Builder contained therein, in light of the circumstances under which they were made not misleading. This indemnity provision shall not be construed as a limitation on any other liability which the Builder may otherwise have to any Indemnified Party, provided that in no event shall the Builder be obligated for double indemnification. Further, in no event shall the Builder’s liability under this indemnification provision extend to any claims, damages, liability, losses or costs arising out of or related to the negligence or willful misconduct of an Indemnified Party.

In the event that a covered Claim is brought against any Indemnified Party, such Indemnified Party shall promptly notify the Builder in writing; provided that the failure to notify the Builder shall not relieve it from any liability that it may have hereunder except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Builder shall not relieve it from any liability that it may have to an Indemnified Party otherwise than under the above paragraph unless such liability was also conditioned upon such notice. If any proceeding shall be brought or asserted against an Indemnified Party upon a covered Claim, and it shall have notified the Builder thereof, the Builder shall retain counsel reasonably satisfactory to the Indemnified Party (who may be counsel to the Builder) to represent the Indemnified Party in such proceeding regarding the covered Claim and shall pay the fees and expenses of such counsel solely with respect to such proceeding, as incurred. Any Indemnified Party shall have the right to retain its own counsel in such proceeding, but the fees and expenses of such counsel shall be at the expense of such Indemnified Party unless (i) the Builder and the Indemnified Party shall have mutually agreed to the contrary; (ii) the Builder has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Party; (iii) the Indemnified Party shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Builder such that a material conflict of interest exists for such

counsel; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Builder and the Indemnified Party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interest between them. It is understood and agreed that the Builder shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Parties, and that all such fees and expenses, to the extent reasonable, shall be paid or reimbursed as they are incurred. Any such separate firm shall be designated in writing by such Indemnified Parties. The Builder shall not be liable for any settlement of any proceeding effected without its written consent. The Builder shall not, without the written consent of the Indemnified Party, effect any settlement of any pending or threatened proceeding upon a covered Claim in respect of which any Indemnified Party is a party, unless such settlement (x) includes an unconditional release of such Indemnified Party, in form and substance reasonably satisfactory to such Indemnified Party, from all liability on claims that are the subject matter of such proceeding and (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Party.

15. If, between the date hereof and the Closing Date, to the Actual Knowledge of the Undersigned, any event relating to or affecting the Builder, its Relevant Entities, ownership of the Property, the Builder's development plan, the Builder's financing plan, the Builder's lenders, if any, and contractual arrangements of the Builder or any Relevant Entity of the Builder (including, if material to the Builder's development plan or the Builder's financing plan, other loans of such Relevant Entities) shall occur which the undersigned believes would cause the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 hereof (and subject to the limitations and exclusions set forth in Paragraph 7), to contain an untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the undersigned shall notify the City and the Underwriter and if in the opinion of counsel to the City or the Underwriter, such event requires the preparation and publication of a supplement or amendment to the Preliminary Official Statement, the Builder shall reasonably cooperate with the City in the preparation of an amendment or supplement to the Preliminary Official Statement in form and substance reasonably satisfactory to counsel to the City and to the Underwriter.

16. On behalf of the Builder, the undersigned has reviewed the contents of this Certificate and has met with counsel to the Builder for the purpose of discussing the meaning of its contents.

The undersigned has executed this Letter of Representations solely in his or her capacity as authorized officer or representative of the Builder and he or she will have no personal liability arising from or relating to this Letter of Representations.

SPECIAL TAX BONDS
SERIES 2024**

CLOSING CERTIFICATE OF [_____]

Dated: _____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(12) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), [_____,] a [_____] (the “**Builder**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof. Capitalized terms used herein that are not defined herein shall have the meanings ascribed to such terms in the Letter of Representations executed by the Builder and dated _____, 2024 (the “**Letter of Representations**”), delivered by the Builder.

(1) The undersigned are duly authorized to execute this Closing Certificate (the “**Closing Certificate**”) on behalf of the Builder.

(2) The Builder is duly authorized to execute, deliver and perform its obligations under a Builder Continuing Disclosure Certificate.

(3) The Builder has duly executed and delivered the Builder Continuing Disclosure Certificate.

(4) Except as disclosed in the final Official Statement relating to the Bonds (the “**Final Official Statement**”), to the Actual Knowledge of the Undersigned, no event has occurred since the date of the Preliminary Official Statement which has materially and adversely affected or is reasonably expected to materially and adversely affect the business, properties, operations or financial condition of the Builder.

(5) The representations and warranties made by the Builder in the Letter of Representations are true and correct in all material respects on and as of the date hereof, with the same effect as if made on the date hereof, except that all references to the Preliminary Official Statement in the Letter of Representations shall be deemed references to the Final Official Statement.

(6) For the period through 25 days after the “end of the underwriting period” as defined in the Bond Purchase Agreement to mean the Closing Date, if any event relating to or affecting the Builder, its Affiliates, ownership of the Property, the Builder’s development plan, the Builder’s financing plan, the Builder’s lenders, if any, and contractual arrangements of the Builder or any Affiliates of the Builder (including, if material to the Builder’s

development plan or the Builder's financing plan, other loans of such Affiliates) shall occur as a result of which it is necessary, in the opinion of the Underwriter or counsel to the City, to amend or supplement the Official Statement in order to make the information under the sections of the Preliminary Official Statement indicated in Paragraph 7 of the Letter of Representations (and subject to the limitations and exclusions set forth in Paragraph 7 of the Letter of Representations) not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, the Builder shall reasonably cooperate with the City and the Underwriter in the preparation of an amendment or supplement to the Official Statement in form and substance reasonably satisfactory to the Underwriter and Disclosure Counsel which will amend or supplement the Official Statement so that it will not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances existing at the time the Official Statement is delivered to a purchaser, not misleading.

The undersigned have executed this Closing Certificate solely in their capacity as authorized representatives of the Builder and they will have no personal liability arising from or relating to this Closing Certificate.

CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES)
IMPROVEMENT AREA NO. 2
SPECIAL TAX BONDS
SERIES 2024**

CERTIFICATE OF AG EHC II (LEN) CA 2, L.P.

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(15) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), AG EHC II (LEN) CA 2, L.P., a Delaware limited partnership, a Delaware limited partnership (the “**Landowner**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof that:

1. The Landowner is a limited partnership validly existing and in good standing as a limited partnership under the laws of the State of Delaware and is duly registered to transact business in the State of California as a foreign limited partnership and is in good standing in the State of California and has all requisite right, power and authority: (i) to execute and deliver this Letter of Representations; and (ii) to undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain property within Improvement Area No. 2 of the District is held in the name of the Landowner (herein the “**Property**”). The undersigned, on behalf of the Landowner, makes the representations herein with respect to all such Property owned by Landowner.

3. As of the date thereof, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Landowner and ownership of the Property by Landowner as set forth under the caption “**MERCHANT BUILDER INFORMATION—Lennar Homes—The Landbank Owner**” is true and correct in all material respects and did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

4. The Landowner covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Landowner will not bring any action, suit, proceeding, inquiry or investigation at law or in equity, before any court, regulatory agency, public board or body, that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of Ordinance No. 6055 of the City levying Special Taxes within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the amended notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Landowner in any

way from bringing any other action, suit or proceeding including, without limitation, (a) an action or suit contending that the Special Taxes have not been levied in accordance with the methodologies contained in the District's Rate and Method of Apportionment of Special Taxes pursuant to which the Special Taxes are levied, or (b) an action or suit with respect to the application or use of the Special Taxes levied and collected.

5. Except as disclosed in the Preliminary Official Statement, the Landowner is not aware that any other public debt secured by a tax or assessment on the Property exists or is in the process of being authorized or any assessment districts or community facilities districts have been or are in the process of being formed that include any portion of the Property.

6. To the undersigned's actual knowledge, the Landowner has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Landowner within the boundaries of a community facilities district or an assessment district within California that (a) would have caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced against the Landowner.

The undersigned has executed this Certificate solely in his or her capacity as the manager of the authorized agent of the Landowner and he or she will have no personal liability arising from or relating to this Certificate.

CERTIFICATE OF DRAGON – ROSEVILLE, L.P.

_____, 2024

In connection with the issuance and sale of the above-captioned bonds (the “**Bonds**”), and pursuant to Section 4(d)(16) of the Bond Purchase Agreement (the “**Bond Purchase Agreement**”) to be executed by and between City of Roseville, California (the “**City**”), for and on behalf of Roseville Creekview Community Facilities District No. 1 (Public Facilities) (the “**District**”), and Piper Sandler & Co. (the “**Underwriter**”), Dragon – Roseville, L.P., a Delaware limited partnership (the “**Landowner**”), hereby represents, warrants and covenants to the City, the District and the Underwriter as of the date hereof that:

1. The Landowner is a limited partnership validly existing and in good standing under the laws of the State of Delaware and is registered to transact intrastate business in the State of California and has all requisite limited partnership right, power and authority: (i) to execute and deliver this Certificate of Dragon – Roseville, L.P. (the “**Certificate**”); and (ii) to undertake all of the transactions on its part described in the Preliminary Official Statement.

2. As set forth in the Preliminary Official Statement, certain property within Improvement Area No. 2 of the District is held in the name of the Landowner (herein the “**Property**”). The undersigned, on behalf of the Landowner, makes the representations herein with respect to all such Property owned by Landowner.

3. As of the date thereof, the Preliminary Official Statement, solely with respect to information contained therein with respect to the Landowner and ownership of the Property by Landowner as set forth under the caption “**MERCHANT BUILDER INFORMATION—D.R. Horton—The Hearthstone Landbank**” is true and correct in all material respects and did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

4. The Landowner covenants that, while the Bonds or any refunding obligations related thereto are outstanding, the Landowner will not bring any action, suit, proceeding, inquiry or investigation at law or in equity, before any court, regulatory agency, public board or body, that in any way seeks to challenge or overturn the formation of the District, to challenge the adoption of Ordinance No. 6055 of the City levying Special Taxes within the District, to invalidate the District or any of the Bonds or any refunding bonds related thereto, or to invalidate the special tax liens imposed under Section 3115.5 of the Streets and Highways Code based on recordation of the amended notice of special tax lien relating thereto. The foregoing covenant shall not prevent the Landowner in any way from bringing any other action, suit or proceeding including, without limitation, (a) an action or

suit contending that the Special Taxes have not been levied in accordance with the methodologies contained in the District's Rate and Method of Apportionment of Special Taxes pursuant to which the Special Taxes are levied, or (b) an action or suit with respect to the application or use of the Special Taxes levied and collected.

5. Except as disclosed in the Preliminary Official Statement, the Landowner is not aware that any other public debt secured by a tax or assessment on the Property exists or is in the process of being authorized or any assessment districts or community facilities districts have been or are in the process of being formed that include any portion of the Property.

6. To the undersigned's actual knowledge, the Landowner has not been delinquent to any material extent in the payment of any *ad valorem* property tax, special assessment or special tax on property owned by the Landowner within the boundaries of a community facilities district or an assessment district within California that (a) would have caused a draw on a reserve fund relating to such assessment district or community facilities district financing or (b) resulted in a foreclosure action being commenced against the Landowner.

The undersigned has executed this Certificate solely in his or her capacity as the manager of the authorized agent of the Landowner and he or she will have no personal liability arising from or relating to this Certificate.

COUNCIL COMMUNICATION

CC #: 3634

File #: 0114

Title: Priority Legislation Signed or Vetoed by the Governor for 2024

Contact: Mark Wolinski 916-774-5179 mwolinski@roseville.ca.us

Meeting Date: 11/20/2024

Item #: 8.1.

RECOMMENDATION TO COUNCIL

Staff requests that the City Council receive an overview on priority bills that the Governor has signed or vetoed.

BACKGROUND

BACKGROUND

During this last stage of the legislative cycle, the Government Relations Team has closely monitored bills presented to the Governor for his consideration. This year, the Legislature introduced 2,531 bills between the two houses, with 1,729 in the Assembly and 802 in the Senate. The Legislature worked right up to the midnight deadline on August 31 to complete a chaotic final week of the legislative session. A total of 1,206 bills advanced to Governor Newsom's desk. The Governor had until September 30 to act on legislation. This year he signed 1,017 bills and vetoed 189 bills (18.5%). Last year, he signed 890 bills and vetoed 156 or about 17.5%. The Legislature can override vetoes, if the bill's backers can win two-thirds majorities in both the Assembly and Senate. This doesn't happen often, and in recent decades it almost never has.

Police, Fire, Building

This segment of the report focuses on bills that address critical issues ranging from organized retail theft and property crime to emergency medical services and clean energy infrastructure development. As Roseville continues to experience growth and navigate the challenges of public safety and sustainability, the enactment of these measures offers new tools and strategies for law enforcement, city services, and community protection. Each piece of legislation has been reviewed for its relevance and potential impact on the City, with specific attention to how it aligns with Roseville's priorities and operational needs.

The following 10 bills are new public safety laws which were signed by the Governor to "strengthen California's existing law enforcement tools and better protect Californians." The final bill in this section relates to a bill of importance to the building department.

New Laws - Signed

- **AB 1779 (Irwin) Theft: jurisdiction** – This bill will expand the jurisdiction of theft-related offenses, allowing multiple thefts committed in different counties to be prosecuted together in any of the counties where an offense occurred. It aims to streamline legal processes and improve enforcement against cross-county theft operations. ***Staff comments: This legislation matters to the City as it enhances the ability to prosecute theft rings operating across county lines, reducing organized crime impacting local businesses. (Signed by the Governor.)***
- **AB 1802 (Jones-Sawyer) Crimes: organized theft** – This bill will increase penalties and provide law enforcement with additional tools to combat organized theft rings, particularly in retail theft. It seeks to improve coordination between law enforcement agencies and boost efforts to prevent and punish large-scale theft operations. ***Staff comments: Organized theft is a significant issue for the City's retail sector. This legislation will aid local law enforcement in tackling complex theft operations, protecting the economic health of the community. (Signed by the Governor.)***
- **AB 1972 (Alanis) Regional property crimes task force** – This bill will establish regional task forces to focus on property crimes, particularly theft and burglary. The task forces aim to enhance collaboration among local law enforcement agencies and improve crime-solving and prevention strategies. ***Staff comments: The City could benefit from participating in a regional task force, leveraging resources and expertise to better combat property crimes affecting residential and commercial areas. (Signed by the Governor.)***
- **AB 2943 (Zbur and Rivas) Crimes: shoplifting** – This bill will increase penalties for repeat shoplifters and introduce measures to address organized shoplifting crimes. It seeks to deter habitual offenders and organized theft rings that target retail businesses. ***Staff comments: With the City's large retail centers, this legislation will help reduce repeat offenders and protect local businesses from escalating shoplifting incidents. (Signed by the Governor.)***
- **AB 3209 (Berman) Crimes: theft: retail theft restraining orders** – This bill will allow courts to issue restraining orders against individuals convicted of retail theft, barring them from entering specific retail establishments. It aims to protect businesses from repeat offenders. ***Staff comments: Retail theft is a growing concern for businesses in Roseville and this legislation will give local businesses added protection from individuals who repeatedly target their stores. (Signed by the Governor.)***
- **SB 905 (Wiener) Crimes: theft from a vehicle** – This bill will strengthen penalties for theft from vehicles and provide clearer definitions for prosecuting such crimes. It seeks to address the increasing rate of vehicle break-ins and reduce these thefts. ***Staff comments: Roseville is not immune to vehicle break-ins, especially in parking lots of retail centers. This bill provides law enforcement with better tools to address this crime. (Signed by the Governor.)***
- **SB 982 (Wahab) Crimes: organized theft** – This bill will enhance penalties for those involved in organized theft operations. It aims to improve coordination between law enforcement and retailers to identify and prosecute individuals who engage in large-scale theft activities. ***Staff comments: Organized retail theft affects Roseville's large shopping centers. This law will enhance cooperation between local businesses and police, improving the City's ability to combat theft rings. (Signed by the Governor.)***

• **SB 1144 (Skinner) Marketplaces: online marketplaces** – This bill will enforce stricter regulations on online marketplaces to curb the sale of stolen goods. It requires sellers to provide proof of identity and ownership for high-value goods, aiming to reduce the trafficking of stolen property online. ***Staff comments: With Roseville's proximity to large metropolitan areas, stolen goods often circulate through online platforms. This legislation will help disrupt the market for stolen goods, protecting residents and businesses. (Signed by the Governor.)***

• **SB 1242 (Min) Crimes: fires** - This bill will increase penalties for intentionally setting fires as part of theft or destruction during organized criminal activities. It aims to deter individuals from using arson as a tool for criminal operations, such as looting. ***Staff comments: Wildfire risks in the region make it critical for the City to support legislation that discourages arson, especially in conjunction with theft or criminal activities. (Signed by the Governor.)***

• **SB 1416 (Newman) Sentencing enhancements: sale, exchange, or return of stolen property** – This bill will introduce sentencing enhancements for individuals who engage in the sale, exchange, or return of stolen property, particularly if the stolen items are part of an organized theft ring. It aims to target the downstream operations that fuel large-scale theft activities. ***Staff comments: The City will benefit from stronger deterrents against the fencing of stolen goods, helping reduce organized crime and protecting local businesses. (Signed by the Governor.)***

• **SB 1418 (Archuleta) Hydrogen-fueling stations: expedited review** – This bill will facilitate the expansion of hydrogen-fueling infrastructure by mandating an expedited review process for the permitting and approval of new hydrogen-fueling stations. It aims to support California's transition to zero-emission vehicles (ZEVs) by streamlining the approval process for hydrogen-fueling stations. ***Staff comments: The City continues to invest in clean energy infrastructure; however staff is concerned with the City's ability to maintain high standards of inspection and safety due to the compressed permitting and approval process. Thorough oversight remains a priority for the City as it moves toward a sustainable future. The City will have until September 30, 2028 to become compliant with this new law. (Signed by the Governor)***

Zoning, Housing, Elections, Homelessness

This year, 518 bills being tracked for the general fund departments were passed by the Legislature and sent to the governor for further consideration. Ultimately, 431 bills were signed into law and 87 were vetoed.

New Laws - Signed

• **SB 1037 (Wiener) - Planning and Zoning: Housing Element: Enforcement** - The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. The Planning and Zoning Law requires the Department of Housing and Community Development (HCD) to determine whether the housing element is in substantial compliance with specified provisions of that law. This bill will create new legal remedies that can be used by the Attorney General to enforce the adoption of housing element revisions or to enforce any state law that requires a local government to ministerially approve any decision or application for a housing development project. ***Staff comments: The City opposed this bill for the fines that ultimately could be levied***

against a local government for being out of compliance with their housing elements and for the requirement that the penalty is automatic without an opportunity to cure. In addition, the bill does not consider whether a city is acting in good faith. Under existing law, cities can be subject to significant fines and penalties for violating certain housing laws. However, before fines are imposed, a city can correct the action. Enhanced fines are not imposed unless a city or county fails to follow a court's order or acts in bad faith. (Signed by the Governor)

• **AB 1886 (Alvarez) - Housing Element Law: substantial compliance: Housing Accountability Act.** - This bill will provide that a housing element or amendment is considered substantially compliant with the Housing Element Law when the local agency has adopted a housing element or amendment, the department or a court of competent jurisdiction determines the adopted housing element or amendment to be in substantial compliance with the Housing Element Law, and the department's compliance findings have not been superseded by subsequent contrary findings by the department or by a decision of a court of competent jurisdiction or the court's decision has not been overturned or superseded by a subsequent court decision or by statute. ***Staff comments: The City opposed this bill because it ignores a fundamental provision of housing element law, that a city may disagree with the Department of Housing and Community Development (HCD); explain why its housing element is in substantial compliance with the law; and then adopt that housing element which is thereafter considered "in substantial compliance with housing element law." For years, cities have worked with HCD to draft housing plans accommodating their fair share of housing at all income levels. These extensive and complex plans can take years to develop, including public involvement and engagement and environmental review. Cities go to great lengths to ensure that their housing element substantially complies with the law, even if HCD disagrees.***

Unfortunately, this measure fails to address the key struggles cities deal with when trying to comply with the law, including unclear guidance from HCD, staff turnover, and inconsistent guidance regarding what cities must do to comply with the law. This measure eliminates the "self-certification" process and gives HCD more power to determine when a city is certified without requiring them to provide detailed findings as to how the local jurisdictions can come into compliance. In addition, AB 1886 fails to provide a grace period for cities acting in good faith but are still unable to meet the statutory deadline for adopting a compliant housing element. (Signed by the Governor)

• **AB 2023 (Quirk-Silva) - Housing element: inventory of land: substantial compliance: rebuttable presumptions.** - Current law, commonly referred to as the Housing Element Law, prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development (HCD) to review and determine whether the housing element substantially complies with the Housing Element Law. This bill will require for the 7th, and each subsequent revision of the housing element, that a local government complete the rezoning of sites within one year of the statutory deadline for the adoption of the housing element or 3 years and 90 days of the statutory deadline if the local government satisfies certain requirements, including submitting a draft element or draft amendment to the department for review within specified timeframes and adopting a draft element or draft amendment that the department finds to be in substantial compliance with the Housing Element Law. ***Staff comments: The City opposed this bill which would create challenges for cities and increase the potential of failing to meet their statutory deadline to secure a***

certified housing element by creating an unnecessary obstacle to meeting the required deadlines. Adding 120 days to the adoption process each time the housing element is amended almost guarantees that housing elements will not be adopted by the statutory deadline. This will prohibit a city from accessing much-needed affordable housing funding and subject them to the “builder’s remedy.” Rather than requiring more review, California cities need meaningful, clear, and consistent direction from HCD that helps finalize local governments’ housing elements and put those plans to work to support much-needed housing construction. (Signed by the Governor)

• **AB 3093 (Ward) - Land use: housing element: streamlined multifamily housing.** – This bill will require a city or county to include in the report on the progress in meeting a city’s or county’s share of regional housing need the progress in meeting the need for the 6th and previous revisions of the housing element. Furthermore, the bill defines all income levels or all household income levels, acutely low, extremely low, very low, lower, low, moderate, and above moderate income for purposes of requirements applicable to the housing element and would make related changes. ***Staff Comments: The City opposed this bill unless it was amended as it will require local governments to account for the housing needs of people experiencing homelessness in their housing elements without funding to develop the plans, implement strategies, or support the construction of affordable housing.***

Specifically, AB 3093 adds two new income categories to the Regional Housing Needs Assessment (RHNA) framework: acutely low-income (ALI) and extremely low-income (ELI). While these new categories are intended to help assess the needs of homeless residents, they fall within the existing very low-income category, which already accounts for the needs of individuals in our cities earning between 0% and 50% of the area median income. (Signed by the Governor)

• **AB 2081 (Davies) - Substance abuse: recovery and treatment programs.** - This bill will require an operator of a licensed alcoholism or drug abuse recovery or treatment facility or certified alcohol or other drug program to include on its internet website and intake form paperwork a disclosure that an individual may check the internet website of the State Department of Health Care Services to confirm whether the facility’s license or program’s certification has been placed in probationary status, been subject to a temporary suspension order, been revoked, or the operator has been given a notice of operation in violation of law. The bill will require the disclosure to include a link to the department’s internet website that contains the Probationary Status, Temporary Suspension Order, Revoked and Notice of Operation in Violation of Law Program List. The bill will authorize a violation of this requirement to be subject to penalty imposed by the department. ***Staff Comments: The City supported this bill which will require a higher standard of transparency and greater protections for individuals seeking alcoholism or substance use treatment. AB 2081 will require the operator of a licensed recovery home to disclose to those seeking care that they can check the Department of Health Care Services website to confirm a facility’s compliance with state licensing laws. This should empower patients to make informed decisions about their care by easily knowing if the entity’s license or certification has been placed on probationary status, been subject to a temporary suspension order, been revoked, or if the operator has been given a notice of operation in violation of the law. (Signed by the Governor)***

• **AB 2574 - (Valencia) Alcoholism or drug abuse recovery or treatment programs and facilities: disclosures.** - This bill will require a program or a licensed facility to disclose to the department if any of its agents, partners, directors, officers, or owners own or have a financial

interest in a recovery residence and whether it has contractual relationships with entities that provide recovery services to clients of certified programs or licensed facilities if the entity is not a part of a certified program or a licensed facility. ***Staff Comments: The City supported this bill for the expanded regulatory requirements for recovery residences. The bill will expand reporting requirements for licensed recovery home operators to enhance the Department of Health Care Services' oversight of sober living homes that are operating as an integral part of a licensed drug treatment facility located elsewhere in the community.***

Residential recovery housing provides a wide range of benefits to some of California's most vulnerable residents, and it is critical that their needs are prioritized. Compliance with state licensing laws administered through the Department of Health Care Services is essential to safeguarding residents' well-being and maintaining quality care. (Signed by the Governor)

• **AB 1782 (Ta) - Redevelopment: Successor Agencies: Low and Moderate Income Housing Asset Fund** - Existing law authorizes a housing successor, if it has fulfilled specified obligations regarding the replacement of dwelling units, to expend up to \$250,000 per fiscal year for homeless prevention and rapid rehousing services, including the provision of short-term or medium-term rental assistance, contributions toward the construction of local or regional homeless shelters, and housing relocation and stabilization services. This bill will increase the amount that a housing successor may expend on those homeless prevention and rapid rehousing services to \$500,000. ***Staff comments: The City supported this bill for the additional funding that a successor agency could spend from their Low- and Moderate-Income Housing Asset Fund (LMIHAF) on homelessness prevention and rapid rehousing. Currently, successor agencies are only allowed to spend up to \$250,000 per year on these services. This bill will allow cities that have available funds in their LMIHAF accounts to provide more funding to help prevent homelessness and offer essential services to the homeless. The City currently uses its LMIHAF funds toward homeless prevention and rapid rehousing. (Signed by the Governor.)***

• **SB 1243 (Dodd) - Campaign Contributions: Agency Officers** - The Political Reform Act of 1974 prohibits certain contributions of more than \$250 to an officer of an agency by any party, participant, or party or participant's agent in a proceeding while a proceeding involving a license, permit, or other entitlement for use is pending before the agency and for 12 months following the date a final decision is rendered in the proceeding, as specified. The act requires disclosure on the record of the proceeding, as specified, of certain contributions of more than \$250 within the preceding 12 months to an officer from a party or participant, or party's agent. The act disqualifies an officer from participating in a decision in a proceeding if the officer has willfully or knowingly received a contribution of more than \$250 from a party or a party's agent, or a participant or a participant's agent, as specified. The act allows an officer to cure certain violations of these provisions by returning a contribution, or the portion of the contribution more than \$250, within 14 days of accepting, soliciting, or receiving the contribution, whichever comes latest.

This bill will raise the threshold for contributions regulated by these provisions to \$500, as specified. The bill will extend the period during which an officer may cure a violation to within 30 days of accepting, soliciting, or directing the contribution, whichever is latest. The bill specifies that a person is not a "participant" for the purposes of these provisions if their financial interest in a decision result solely from an increase or decrease in membership dues. The bill exempts from these provisions contracts valued under \$50,000, contracts between 2 or more government

agencies, contracts where no party receives financial compensation, and the periodic review or renewal of development agreements, as specified, from these provisions. **Staff Comments: The City supported this bill which is a realistic measure that would raise the threshold for contributions regulated by the Levine Act from \$250 to \$500. The measure would also extend the time allowed to cure certain violations by returning a contribution from 14 days to 30 days. This change will ensure that the time in which a local official can cure is uniform and allow for enough time to identify and correct a contribution without being penalized. (Signed by the Governor.)**

• **AB 98 (Carrillo, Juan and Reyes)** - Planning and zoning: logistics use: truck routes – This bill will limit new or expanded logistics use developments and warehouses on existing and rezoned industrial sites within 900 feet of sensitive receptors (including homes, hospitals, schools, and public recreational areas) unless specific standards are met. The bill will also require all local governments to update their circulation elements logistic use development information, including truck routes, signage, parking, and idling, and would authorize the Attorney General to fine local jurisdictions \$50,000 every six months if they are not in compliance. **Staff comments: The City opposed this gut-and-amend bill that was introduced the last week of legislative session after months of private closed-door negotiations by a working group convened by the authors that excluded city and county associations and other key stakeholders. While the bill intentions are aimed at addressing air quality-related concerns adjacent to warehouse operations, this bill is problematic because it includes stringent requirements that will severely impact the ability for local jurisdictions to site based on unique geographic and community characteristics, and stifles economic and workforce development in their communities. (Signed by the Governor)**

Vetoed

Fire

• **AB 1168 (Bennett) Emergency medical services (EMS): prehospital EMS** – This bill would have enhanced the regulation and oversight of prehospital emergency medical services (EMS) in California. It aimed to improve coordination between local EMS agencies and state-level bodies, ensuring consistent and effective emergency medical response across different regions. **Staff comments: The City supported this legislation as it would have allowed a city or district with ambulance transport rights, and that is part of a Joint Powers Authority (JPA), to retain those rights when withdrawing from the JPA rather than ceding them to the County. While this bill did not directly affect Roseville, it is important to support the ability of public agencies to retain their transport rights when circumstances change. (Vetoed by the Governor.)**

Housing/ Homelessness

• **SB 37 (Caballero, D) - Older Adults and Adults with Disabilities Housing Stability Act.** – This bill would have required the Department of Housing and Community Development to begin developing the Older Adults and Adults with Disabilities Housing Stability Pilot Program as a component of various state programs identified to address homelessness, including the Interagency Council on Homelessness and the Homeless Emergency Aid program for the purpose of providing localities with one-time grant funds to address their immediate homelessness challenges. **Staff comments: The City supported this bill due to the fact that housing has become unaffordable for many people in California, and older adults and**

adults with disabilities are among those hit the hardest by the affordability crisis. Many of these Californians live on fixed incomes, such as Supplemental Security Income (SSI), which are inadequate to cover rising rents. This bill would have provided a rent subsidy targeted to those older adults and adults with disabilities who are homeless or are at high risk of experiencing homelessness. Such subsidies prevent and end homelessness for thousands of older and disabled adults. Studies show low-income renters accessing housing subsidies can remain housed or exit homelessness for good. (Vetoed by the Governor)

• **AB 1788 (Quirk-Silva) - Mental health multidisciplinary personnel team.** - This bill would have authorized counties to establish mental health multidisciplinary personnel teams with the goal of facilitating the expedited identification, assessment, and linkage of justice-involved persons diagnosed with a mental illness to supportive services within that county while incarcerated and upon release from county jail and to allow provider agencies and members of the personnel team to share confidential information, as specified, for the purpose of coordinating supportive services to ensure continuity of care. The bill would have required the sharing of information permitted under these provisions to be governed by protocols developed in each county and would have required each county to provide a copy of its protocols to the State Department of Health Care Services. The bill would also have required the information or records to be maintained in a manner that ensures the maximum protection of privacy and confidentiality rights. ***Staff comments: The City supported this bill because of the importance of integrating mental health services with the justice system which is recognized as a critical step towards addressing the complex needs of individuals with mental health conditions who find themselves enmeshed in the criminal justice system. By facilitating a collaborative approach among mental health professionals, social services workers, medical personnel, and legal representatives, AB 1788 aimed to ensure that justice-involved persons receive the comprehensive and continuous care necessary for their rehabilitation and reintegration into society. (Vetoed by the Governor)***

• **AB 3068 (Haney) - Adaptive reuse: streamlining: incentives.** – This bill would have deemed an adaptive reuse project a use by right in all zones, regardless of the zoning of the site, and subject to a streamlined, ministerial review process if the project met specified requirements. In this regard, an adaptive reuse project, to qualify for the streamlined, ministerial review process, would be required to be proposed for an existing building that is less than 50 years old or meets certain requirements regarding the preservation of historic resources. The bill would have required an adaptive reuse project to meet specified affordability, specifically for rental housing to include either 8% of the unit for very low-income households and 5% of the units for extremely low income households or 15% of the units for lower income households. ***Staff comments: The City supported this bill that would have presented an opportunity to help address the state's significant housing shortfall. Adaptive reuse offers a reasonable solution to repurpose vacant commercial buildings for residential and mixed-use purposes. This not only stimulates economic development but also serves as an alternative to new construction. (Vetoed by the Governor)***

Emergency Regulations to Ban THC-Containing Products

- In early September, Governor Newsom issued proposed emergency regulations prohibiting intoxicating hemp products and imposing other requirements for manufacturing and selling non-intoxicating hemp products. The regulations will essentially bring the sale of legal hemp products more in line with restrictions currently seen for adult-use marijuana, including

limitations on serving and package sizes and establishing a minimum age to legally purchase industrial hemp food, beverage, and dietary products. The regulations, proposed by the California Department of Public Health (CDPH), strengthen California's ability to stop the peddling of intoxicating hemp products to California's children. The new regulations require that industrial hemp food, beverage, and dietary products intended for human consumption have no detectable THC or other intoxicating cannabinoids per serving, create a minimum age to purchase hemp products to 21, and limit the number of servings of hemp products to five per package.

Electric Department

The following is an overview of energy-related legislation and other activities that staff has been following throughout this legislative session. The California Legislature recently ended the second year of the 2023-2024 legislative session. September 30 was the last day for the governor to sign or veto bills passed by the legislature. The Governor signed 53 energy bills and vetoed 18 bills that the electric department staff had been monitoring. The electric department tracked over 150 bills during this year's legislative session.

State Legislation - NEW LAWS:

• **AB 1465 (Wicks) Nonvehicular air pollution: civil penalties.** - This bill allows the California Attorney General or an air district to triple the penalties for air pollution violations if a Title V source emits one or more specified air contaminants in violation of its Title V permit. ***Staff comments: The Legislature has introduced several bills like this over the years, with this concept finally passing the legislature this year. The Roseville Energy Park is a Title V source that could be impacted by these penalties if in violation of its Title V permit. The City's goal is to follow all the conditions of our permits. Importantly, there was a letter submitted to the journal that indicates AB 1465 "does not affect existing procedures and law regarding enforcement discretion, variances, or state or federal emergency declarations that may be employed to address the need to operate power plants in excess of permitted emissions levels in order to maintain reliability of the electric grid." This is an important clarification in the case of declared emergencies for electric grid reliability. (Signed by the Governor)***

• **AB 1921 (Papan) Energy: Renewable Electrical Generation Facilities: Linear Generators.** - This bill would revise the definition of "renewable electrical generation facility" to include a facility that uses linear generators that use fuels that meet the existing requirements of the Renewable Portfolio Standard (RPS), including fuel source and delivery method requirements. Traditional energy production relies on rotational motion, usually the spinning of a turbine; however, linear generators use back-and-forth motion to create electricity. ***Staff comments: The RPS program has historically been challenging to amend in terms of adding new eligible resources. The department is supportive of additional RPS eligible resources that can be used to meet state energy goals. (Signed by the Governor)***

• **AB 2037 (Papan) Weights and measures: electric vehicle chargers.** - This bill would authorize a county sealer to test and verify as correct any electric vehicle charger operated by a public agency, that is in the county in which the sealer has jurisdiction. The bill would require a county sealer, upon testing and finding that an electric vehicle charger operated by a public agency is incorrect, to designate a charger with the words "out of order" and require the charger to be repaired or corrected within 30 days. A county sealer may levy penalties against a public agency, or a related vendor contracted by the public agency, that removes or obliterates a tag or device

placed by a sealer on an electric vehicle charger operated by the public agency. The bill would also authorize a county board of supervisors, by ordinance, to charge an annual registration fee for the cost of inspecting and testing an electric vehicle charger. If a public agency owns an electric vehicle charger and leases the electric vehicle charger to another entity that operates the electric vehicle charger commercially, the entity that operates the electric vehicle charger commercially shall be the entity responsible for compliance. The bill provides for a publicly owned electric utility to elect to conduct these inspections on their own if they meet certain specifications and conduct the inspections every 6 months. ***Staff comments: The City supports maintaining accurate operations of electric vehicle chargers. It is not anticipated at this time that Roseville Electric would elect to conduct these inspections in place of the county sealer. The department is comfortable with the county sealers completing this task. (Signed by the Governor)***

• **AB 3264 (Petrie-Norris) Energy: cost framework: residential rates: demand-side management programs report: electrical transmission grid study.** - This bill requires the CPUC, in consultation with the California Energy Commission (CEC) to develop a framework for assessing, tracking, and analyzing total annual energy costs paid by residential households in California, by December 31, 2026. It also authorizes the CPUC to use the framework for purposes of evaluating any request by an electrical corporation and gas corporation to track new spending eligible for recovery or to adjust a revenue requirement. The bill requires large electrical corporations, and large gas corporations, to publish – by January 1, 2026, and each year thereafter – a visual representation of certain cost categories included in residential electric or gas rates for the succeeding calendar year. In addition, AB 3264 requires the CPUC, in consultation with the CEC, the California Infrastructure and Economic Development Bank (I-Bank), and the California Independent System Operator (CAISO) to submit to the Governor and the Legislature, by July 1, 2025, a study identifying proposals to reduce the cost to ratepayers of expanding the state's electrical transmission grid as necessary to achieve the state's goals, to meet the state's requirements, and to reduce the emissions of greenhouse gases (GHGs), as specified in law, regulation, or executive order. ***Staff comments: This bill requires an itemized accounting of many energy cost categories for electrical and gas corporations. While not applicable to POUs, the department was tracking this bill to identify any potential implications to POUs in the future. There was an interest in studying the issue of rising energy bills in the legislature this year and staff expects similar topics to be discussed next year. This study bill is the first step in that process. Although this bill does not directly impact POUs, staff will monitor any electric utility requirements that may come out of these studies. (Signed by the Governor)***

• **SB 867 (Allen) Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024.** - This measure would place a bond on the November 2024 ballot providing funding for climate resilience projects, including \$3.8 billion for safe drinking water, recycled wastewater, stored groundwater, and flood control. The measure allocates \$1.5 billion to be spent on wildfire protection. There is an additional \$850 million for clean energy projects; with more than half of this money to support the development of offshore wind generation (\$475 million). Most of the remaining money would pay for building infrastructure such as transmission lines to carry electricity long distances (\$325 million). There is also \$50 million earmarked for projects to build large batteries that store electricity. ***Staff comments: The Electric Department was tracking this bill with regards to energy infrastructure and the availability of related funds. EU was tracking this legislation due to the funding available for groundwater storage, banking, recharge, and conjunctive use projects. AB 867 was signed by acting Governor Mike McGuire on July 3, and will now appear on the November 2024 ballot as***

Proposition 4. The state constitution requires a bond act to be approved by a 2/3 vote of each house of the Legislature and a majority of the voters. (Signed by the Governor)

• **SB 1210 (Skinner) New housing construction: electrical, gas, sewer, and water service: service connection information.** - This bill would, for new housing construction, require electrical, gas, sewer, and water utilities on or before January 1, 2026, to publicly post on their internet websites the schedule of estimated fees for typical service connections for each housing development type, including, but not limited to, accessory dwelling unit, mixed-use, multifamily, and single-family developments. The utility must also post the estimated timeframes for completing typical service connections needed for each housing development type, including, but not limited to, accessory dwelling unit, mixed-use, multifamily, and single-family developments. ***Staff comments: The Electric Department was watching this bill for proposed impacts on our interconnection fees, which ultimately was amended out of this legislation. The department supports transparency regarding fees and timelines for utility connections. The bill appears to have minor impacts to the Electric Department in terms of meeting the requirements of this legislation; however, may require additional information on our website related to defined timelines for interconnection. (Signed by the Governor)***

• **SB 1251 (Stern) Mosquito abatement inspections.** - This bill would require an electrical utility, upon receiving a request from a mosquito abatement district, vector control district or a city or county health department, to enter into a vector management agreement with the requesting agency within 180 days. The requesting agency may seek a vector management agreement with an electric utility, if efforts to obtain voluntary cooperation agreement from the electric utility have failed. The bill would require the agreement to include the location of electrical vaults that the electric utility, mosquito abatement district, or vector control district reasonably believe, due to the type or location of the vault, may contain standing water within the jurisdiction of the district or health department. The agreement shall also contain a reasonable time-period for the electric utility to provide supervised access to its electrical vaults for surveillance, treatment, and post-treatment inspections. The agreement shall also include consideration where feasible of modifications to electrical vaults for the purposes of mosquito exclusion or discharge of captured water. The bill would require a mosquito abatement district, vector control district, or local public health department to keep utility infrastructure data that it receives pursuant to an agreement confidential. Data disclosed by the utility may be limited to the affected geographical area identified by the mosquito abatement district, vector control district, or health department, and disclosed in a manner deemed as a best practice by the utility for the safety and security of public utility infrastructure. A minimum term for the agreement is three years. An electric utility that has an existing agreement is not subject to these provisions for as long as that agreement is in effect. ***Staff comments: Staff worked with our trade associations to limit the applicability of this bill to apply only to locations of electrical vaults where there is reasonable belief that there is standing water. Also, amendments were included in the bill to keep utility infrastructure data provided to the districts confidential. This bill sets up a process for a formal agreement in the case that a voluntary agreement cannot be reached. This bill does not mandate a specific inspection schedule, or how they should be done, and no penalties are included in the legislation. The goal is to have a voluntary working agreement. Historically, the utility has not received requests from the respective agencies to do these types of inspections of our electrical vaults. (Signed by the Governor)***

• **SB 1420 (Caballero) Hydrogen production facilities; certification and environmental review.** - The bill would include hydrogen production facilities and associated onsite storage and

processing facilities that do not derive hydrogen from a fossil fuel feedstock and that receive funding from specified state and federal programs within the definition of an “energy infrastructure project.” These same hydrogen production facilities and associated onsite storage and processing facilities, would also be eligible to be certified as environmental leadership development projects by the California Energy Commission (CEC) and eligible for streamlining benefits related to the California Environmental Quality Act (CEQA). **Staff Comments: The Electric Department supports additional types of power resources, such as hydrogen, to meet the State’s goals. The department encourages new hydrogen laws to be flexible so that utilities can use these resources affordably to meet their clean energy needs. Hydrogen may play a key role in reducing California’s emissions. (Signed by the Governor)**

State Legislation - VETOED:

• **AB 1834 (Garcia) Resource adequacy: Electricity Supply Strategic Reliability Reserve Program.** - This bill, as it pertains to Roseville, allows a POU to use an alternative mechanism, rather than a nonbypassable charge, to pay its share of voluntary procurement from the Department of Water Resources (DWR) central procurement entity (CPE). It would also prohibit DWR from adding any costs to a nonbypassable charge in excess of the cost to the POU to participate in the CPE. **Staff Comments: This bill creates more flexibility in relation to participation in DWR’s CPE process for POUs. The City currently does not voluntarily participate in DWR’s CPE. However, we support more flexibility in the case that we might want to use this mechanism sometime in the future. The Governor vetoed AB 1834 indicating that it is premature to make changes to the Central Procurement Function at this time given that the CPUC only recently initiated use of this function.**

• **AB 3179 (Carrillo) Emergency telecommunications medium- and heavy-duty zero-emission vehicles.** - This bill would, until January 1, 2030, exempt emergency telecommunications vehicles, defined as a bucket truck or a cell on wheels unit, from the California Air Resources Board’s (CARB) Advanced Clean Fleets (ACF) Regulations designed to transition medium- and heavy-duty fleets to zero-emission vehicles (ZEV). AB 3179 applies to emergency telecommunications vehicles owned or purchased by emergency telecommunications providers that are required to participate in the federal Emergency Alert System, to provide access to 911 emergency services, or to provide wireless connectivity during service outages. **Staff comments: Although this bill only exempts defined telecommunication vehicles, this bill continues to highlight the need for exemptions for vehicles that are used to restore outages, like electric utility vehicles that are used to restore power. The City encourages more flexibility from the CARB ACF Rule. The Governor vetoed this bill, asserting that this legislation would undermine the efforts of a previous executive order to accelerate the electrification of the transportation sector to meet state emission reduction goals.**

• **SB 1292 (Bradford) Electricity: fixed charges: report.** - Existing law required the California Public Utilities Commission (CPUC), no later than July 1, 2024, to authorize a fixed charge for default residential rates on an income-graduated basis. This bill would require the CPUC, on or before January 1, 2028, but no sooner than 2 years after the adoption of the income-graduated fixed charge for residential rates, to submit a report to the Legislature on the electrical corporations’ implementation of the fixed charge. The bill would also prohibit the CPUC from authorizing a new residential fixed charge other than those authorized before July 1, 2024, until 30 days after the report is submitted. **Staff Comments: This bill did not have any applicability to POUs; however, staff is watching the broader discussion on changes to how rates are**

determined for any potential applicability to our POU processes. The Governor vetoed this bill because of concern about placing unwarranted limitations to the CPUC's authority to adjust the income-graduated fixed charge (IGFC) once fully enacted. In addition, the veto message referenced that the CPUC already has an evaluation process embedded for the IGFC.

Environmental Utilities

This year the Environmental Utilities Department (EU) tracked approximately 216 bills that had the potential to impact the operations of our Water, Wastewater and Waste Services Utilities. Out of the 216 measures, staff actively engaged on 17 bills. Staff participated in industry workgroups, crafted, and proposed amendments to legislation, wrote letters and provided testimony in legislative committees to advance Roseville's interests. In total, EU supported eleven (11) bills of which five (5) were signed into law, one (1) was vetoed and five (5) failed to make it to the Governor's desk. Additionally, EU opposed seven (7) bills which Roseville was able to move to a support position on one (1) bill, neutral on three (3) bills, two (2) failed to make it to the Governor's desk and only one (1) bill that we opposed was signed into law.

The following bills were previously shared with the Law and Regulation Committee and have either been signed into law or vetoed by the Governor.

New Laws

• **AB 460 (Bauer-Kahan) State Water Resources Control Board: water rights and usage: civil penalties.** - This bill provides increasing penalties for certain water rights violations, including illegal diversions. ***Staff Comments: The City supported AB 460 which was heavily opposed by the water industry when it was first introduced. However, amendments taken by the author narrowed the bill to focus on increasing penalties for violations of water rights to serve as a deterrent for illegal diversions. Roseville does not have water rights of our own, however we do contract with the Placer County Water Agency (PCWA) which does. Roseville engaged on this measure through our associations in coordination with PCWA. (Signed by the Governor)***

• **AB 1820 (Shiavo) Housing development projects: applications: fees and exactions** - This bill authorizes a development proponent that submits a preliminary application for a housing development project to request a preliminary fee and exaction estimate from cities, counties, special districts and schools. Additionally, after an application is approved and is eligible to pull building permits, it requires all local agencies to provide the development proponent with a total sum amount of all fees and exactions that will apply to the project with 30 business days of a request. The total sum is a good faith estimate, is for informational purposes only, and is not legally binding on the agency. ***Staff Comments: The City moved to a neutral position when the author accepted amendments that removed connection fees and capacity charges. On our website, Roseville already provides a list of fees and worksheets for residential, commercial, and multi-family developers to estimate the fees for their proposed development and staff are readily available to help developers and homeowners should they have questions. The City updates the fee booklets annually and throughout the year should changes to fees or rates occur, so that developers have the most up-to-date information. (Signed by the Governor)***

• **AB 1827 (Papan) Local government: fees and charges: water: high consumptive water parcels** - This bill provides that the fees or charges for property-related water service imposed or

increased, may include the incrementally higher costs of water service due to factors like the higher water usage demand of parcels. ***Staff Comments: The City watched this measure as it reaffirms the ability of water agencies to use reasonable and well-accepted methods of assessing the incremental costs associated with higher water usage demands to high water users under Proposition 218. (Signed by the Governor)***

• **AB 2196 (Connolly) Beaver restoration** - Subject to an appropriation, this bill requires the Department of Fish and Game to develop a program to promote beaver restoration across California by revising policies relating to beavers, coordinating restoration efforts, mitigating any human-beaver conflict, and relocating beavers into watersheds. ***Staff Comments: The City was able to move from an oppose-unless-amended position to neutral on this bill after amendments were accepted to include local governments as beaver restoration program partners. Now local agency representatives will have the ability to provide input on appropriate beaver restoration areas. (Signed by the Governor)***

• **AB 2257 (Wilson) Local government: property-related water and sewer fees and assessments: remedies** - The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency, including notice, hearing, and protest procedures, depending on the character of the assessment, fee, or charge. Current law, known as the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local jurisdictions to comply with these requirements. If a local agency complies with specified procedures, this bill prohibits a person or entity from bringing a judicial action or proceeding alleging noncompliance with the constitutional provisions for any new, increased, or extended fee or assessment, unless that person or entity has timely submitted to the local agency a written objection to that fee or assessment that specifies the grounds for alleging noncompliance. This bill allows local agency responses, to the timely submitted written objections, shall be considered as evidence supporting the agency's compliance with the substantive limitations on fees and assessments. The bill also prohibits an independent cause of action as to the adequacy of the local agency's responses. ***Staff Comments: The City supported AB 2257, which was sponsored by the Association of California Water Agencies, ensures there is transparency and dialogue among water and wastewater utilities and their customers in the rate setting process, particularly when it comes to allegations involving Proposition 218. (Signed by the Governor)***

• **AB 2515 (Papan) Menstrual products: perfluoroalkyl and polyfluoroalkyl substances (PFAS)** - This act, known as the Take All Menstrual Products-PFAS Out Now (TAMPON Act), prohibits a manufacturer from intentionally adding PFAS into a menstrual product beginning January 1, 2025. Additionally, beginning January 1, 2027, the presence of PFAS contained in a menstrual product cannot exceed a limit that will be determined by the Department of Toxic Substances Control (DTSC) through the regulatory process. ***Staff Comments: Given the proliferation of PFAS in so many products and textiles and the growing health and regulatory concerns, the City took a proactive approach by supporting source-control legislation. The presence of PFAS in products has the potential to affect each of the utilities as a passive receiver. This is concerning as ratepayers will end up having to pay for their removal and proper disposal. (Signed by the Governor)***

• **SB 707 (Newman) Responsible Textile Recovery Act of 2024** - This bill enacts an Extended Producer Responsibility (EPR) stewardship program known as the Responsible Textile Recovery Act of 2024. The program requires a producer of apparel or textile articles (e.g. footwear, bags and other knitted and accessories), to form and join a producer responsibility organization (PRO)

and to submit a complete plan for the collection, transportation, sorting, recycling, and the safe and proper management of textiles in the state. Additionally, this bill requires the Department of Resources Recycling and Recovery (CalRecycle) to adopt regulations to implement this program with an effective date of no earlier than July 1, 2028. ***Staff Comments: The City supported this measure throughout the two-year session as it aligns with the City's Council Resolution 10-278 that supports the creation of EPR programs to address the proper disposal and recycling of products. The California Product Stewardship Council (CPSC) sponsored SB 707. Roseville participated in the coalition supporting this bill that is to help shift the costs for the proper disposal of products onto the producers of the products versus being borne by Roseville's ratepayers. (Signed by the Governor)***

• **SB 937 (Weiner) Development projects: fees and charges** - The Mitigation Fee Act regulates fees for development projects, fees for specific purposes, including water and sewer connection fees, and fees for solar energy systems, among others. The act requires local agencies to comply with various conditions when imposing fees, extractions, or charges as a condition of approval of a proposed development or development project. The act prohibits a local agency that imposes fees or charges on a residential development for the construction of public improvements or facilities from requiring the payment of those fees or charges until the date of the final inspection or the date the certificate of occupancy is issued, whichever occurs first, except for utility service fees, which the local agency is authorized to collect at the time an application for utility service is received. This bill limits the utility service fees exception described above to utility service fees related to connections and caps those fees at the costs incurred by the utility provider resulting from the connection activities. ***Staff Comments: Based on amendments accepted by the author that removed connection and capacity charges from the bill, EU moved to a neutral position back in the spring. Unfortunately, on August 22, the author accepted amendments which could be interpreted to create a new legal standard for imposing these connection fees under Section 6 of the Government Code. The City submitted a veto request to the Governor and joined a coalition led by the California Association of Sanitation Agencies (CASA). (Signed by the Governor)***

• **SB 1143 (Allen) Paint products: stewardship program** - This bill expands the architectural paint recovery program within CalRecycle to include and expanded list of paint products. Manufacturers and stewardship organizations will be required to develop and implement a stewardship plan for the proper end-of-life management of these new paint products that include coatings, aerosol coating products, nonindustrial coatings, and coating-related products. Current collection locations can accept all new covered paint products if the location is currently established under a stewardship plan approved by CalRecycle. ***Staff Comments: This is another measure that aligns with the City's Council Resolution 10-278, which supports a comprehensive Extended Producer Responsibility (EPR) law that allocates end-of-life disposal costs with the producers of products that end up in the solid waste stream. Roseville submitted advocacy letters supporting this measure. (Signed by the Governor)***

• **SB 1210 (Skinner) New housing construction: electrical, gas, sewer, and water service: service connection information** - For new housing construction, this bill requires utilities to post on their internet website a fee schedule for service connections for various housing developments by January 1, 2026. Additionally, utilities must post an estimated timeframe for completing typical service connections for the different types of housing developments. ***Staff Comments: The City was able to move from an oppose-unless-amended position to a neutral position when amendments taken removed a cap on fees for utility service. EU already posts a fee***

schedule on our website for housing developers to refer to in order to ensure transparency. (Signed by the Governor)

Vetoed Bills

• **AB 2214 (Bauer-Kahan) Ocean Protection Council: microplastics** - This bill would have required the Ocean Protection Council (OPC) to establish and lead an interagency coordination group tasked with making recommendations to the Legislature on statutory changes needed to implement recommendations from the 2022 Statewide Microplastics Strategy, published by the OPC, by December 31, 2025. The focus of the recommendations would have been on the sale and use of ENERGY STAR washers and dryers and to determine what other states have achieved when it comes to biodegradable standards. ***Staff Comments: Over the years we have seen legislation aimed at mandating certain types of filters being added to washing machines to help prevent microplastics from entering the wastewater stream. EU watched this bill so that we could be well informed and aware of potential future legislation. (Vetoed by the Governor)***

• **SB 366 (Caballero) The California Water Plan: Long-term Supply Targets** - This bill would have proposed updates to the contents of the California Water Plan, which requires the Department of Water Resources (DWR) to develop a comprehensive, strategic plan for the sustainable and equitable management and stewardship of California's water resources. SB 366 would have set an interim water supply planning target, starting with the 2028 update, of achieving 9,000,000 acre-feet of additional water capacity by 2040. It also would have required the 2033 update to include updated water supply planning targets with a 50-year planning horizon to ensure the future water needs of the state are met. ***Staff Comments: The California Municipal Utilities Association (CMUA) sponsored this measure as an effort to meet the State's water needs in the future. The City supported this all-of-the-above approach that focused on various water supply management strategies to help combat the impacts of climate change, rather than solely relying on conservation efforts. (Vetoed by the Governor)***

FISCAL IMPACT

The costs of these activities are contained within the City's current budget.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. This action meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal B - Support community engagement and advocacy

Respectfully Submitted,

Mark Wolinski, Government Relations Administrator

Megan Scheid, Deputy City Manager

Dominick Casey, City Manager

COUNCIL COMMUNICATION

CC #: 3645

File #: 0201

Title: Tax and Equity Fiscal Responsibility Act Hearing - Crawford Project

Contact: Jeannine Thrash 916-774-5743 jthrash@roseville.ca.us

Dennis Kauffman 916-774-5313 dkauffman@roseville.ca.us

Meeting Date: 11/20/2024

Item #: 9.1.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council take the following actions:

- 1) Conduct the public hearing under the requirements of the Tax and Equity Fiscal Responsibility Act ("TEFRA") and the Internal Revenue Code of 1986, as amended (the "Code").
- 2) Adopt a Resolution of the City Council of the City of Roseville approving a plan of finance including the issuance of revenue bonds by the California Municipal Finance Authority ("CMFA") in an aggregate outstanding principal amount not to exceed \$75,000,000 to finance and refinance the acquisition, construction, improvement and equipping of a qualified residential rental project for the benefit of Roseville Harvey 715, L.P., a California Limited Partnership (or an affiliate), and certain other matters relating thereto.

BACKGROUND

The Borrower requested that the CMFA serve as the municipal issuer of the Bonds in an aggregate principal amount not to exceed \$75,000,000 (the "Bonds") of tax-exempt revenue bonds. The proceeds of the Bonds will be used to finance and refinance the acquisition, construction, development and equipping of a 265-unit qualified residential rental project, the Crawford (the "Project"), to be owned and operated by the Borrower and to be located at 1130 Harvey Way within the City of Roseville.

In order for the Bonds to qualify as tax-exempt bonds, the City of Roseville must conduct a public hearing (the "TEFRA Hearing") providing for the members of the community an opportunity to speak in favor of or against the use of tax-exempt bonds for the financing of the Project. Prior to such TEFRA Hearing, reasonable notice must be provided to the members of the community. Following the close of the TEFRA Hearing, an "applicable elected representative" of the governmental unit hosting the Project must provide its approval of the issuance of the Bonds for the financing of the Project.

California Municipal Finance Authority

The CMFA was created on January 1, 2004 pursuant to a joint exercise of powers agreement to promote economic, cultural and community development, through the financing of economic development and charitable activities throughout California. To date, over 200 municipalities have become members of CMFA.

The CMFA was formed to assist local governments, non-profit organizations and businesses with the issuance of taxable and tax-exempt bonds aimed at improving the standard of living in California. The CMFA's representatives and its Board of Directors have considerable experience in bond financings.

The Bonds to be issued by the CMFA for the Project will be the sole responsibility of the Borrower, and the City will have no financial, legal, moral obligation, liability or responsibility for the Project or the repayment of the Bonds for the financing of the Project. All financing documents with respect to the issuance of the Bonds will contain clear disclaimers that the Bonds are not Bonds of the City or the State of California but are to be paid for solely from funds provided by the Borrower.

Participation by the City in the CMFA does not impact the City's appropriation limits and will not constitute any type of indebtedness by the City. Outside of holding the TEFRA hearing and adopting the required resolution, no other participation or activity of the City or the City Council with respect to the issuance of the Bonds will be required.

FISCAL IMPACT

The Board of Directors of the California Foundation for Stronger Communities, a California non-profit public benefit corporation (the "Foundation"), acts as the Board of Directors for the CMFA. Through its conduit debt issuance activities, the CMFA shares a portion of the issuance fees it receives with its member communities and donates a portion of these issuance fees to the Foundation for the support of local charities. With respect to Roseville, it is expected that 25% of the issuance fee, or approximately \$20,700 will be granted by the CMFA to the General Fund of the City. Such grant may be used for any lawful purpose of the City.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the resolution to issue tax-exempt bond financing meets this criteria and is not subject to CEQA. In addition, environmental review for The Crawford project was previously completed in the West Roseville Specific Plan EIR (certified February 14, 2004, SCH# 2002082057) and is independent of this particular action. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Respectfully Submitted,

Jeannine Thrash, Management Analyst

Dennis Kauffman, Assistant City Manager/Chief Financial Officer

Description

Resolution 24-392

Notice of Public Hearing

RESOLUTION NO. 24-392

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE APPROVING A PLAN OF FINANCE INCLUDING THE ISSUANCE OF REVENUE BONDS BY THE CALIFORNIA MUNICIPAL FINANCE AUTHORITY IN AN AGGREGATE OUTSTANDING PRINCIPAL AMOUNT NOT TO EXCEED \$75,000,000 TO FINANCE AND REFINANCE A QUALIFIED RESIDENTIAL RENTAL PROJECT FOR THE BENEFIT OF ROSEVILLE HARVEY 715, L.P., A CALIFORNIA LIMITED PARTNERSHIP (OR AN AFFILIATE), AND CERTAIN OTHER MATTERS RELATING THERETO

WHEREAS, USA Properties Fund, Inc. (the “Sponsor”), on behalf of Roseville Harvey 715, L.P., a California limited partnership, or another ownership entity to be created by the Sponsor or an affiliate of the Sponsor (such limited partnership or other ownership entity being referred to herein as the “Borrower”), has requested that the California Municipal Finance Authority (the “Authority”) undertake a proposed plan of finance that includes the issuance and reissuance from time to time of one or more series of revenue bonds in an aggregate principal amount not to exceed \$75,000,000 (the “Bonds”) to finance and refinance the acquisition, development, construction and equipping of a 265-unit qualified residential rental project (the “Project”) to be owned and operated by the Borrower and to be located at 1130 Harvey Way within the City of Roseville, California (the “City”); and

WHEREAS, an “applicable elected representative” of the jurisdiction in which the Project is to be located is required to approve the proposed plan of finance for the Project under Section 147(f) of the Internal Revenue Code of 1986, as amended (the “Code”); and

WHEREAS, the City Council of the City (the “City Council”) is the elected legislative body of the City and is an “applicable elected representative” for purposes of Section 147(f) of the Code; and

WHEREAS, the Authority has requested that the City Council approve the proposed plan of finance for the Project in order to satisfy the public approval requirement of Section 147(f) of the Code and the requirements of Section 4 of the Joint Exercise of Powers Agreement Relating to the California Municipal Finance Authority, dated as of January 1, 2004 (the “Agreement”), among certain local agencies, including the City; and

WHEREAS, pursuant to Section 147(f) of the Code, the City Council has, following notice duly given, held a public hearing regarding the issuance of the Bonds and now desires to approve the proposed plan of finance for the Project;

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Roseville, California, as follows:

Section 1. The foregoing recitals are true and correct.

Section 2. The City Council hereby approves the proposed plan of finance for the Project that includes the issuance and reissuance from time to time of one or more series of revenue bonds in an outstanding principal amount not to exceed \$75,000,000. It is the purpose and intent of the City Council that this Resolution constitute approval of the proposed plan of finance for the Project for the purposes of (a) Section 147(f) of the Code by the applicable elected representative of a governmental unit having jurisdiction over the area in which the Project is to be located, in accordance with said Section 147(f) and (b) Section 4 of the Agreement.

Section 3. The issuance of the Bonds shall be subject to the approval of the Authority of all financing documents relating thereto to which the Authority is a party. The City shall have no responsibility or liability whatsoever with respect to the Bonds.

Section 4. The adoption of this Resolution shall not obligate the City or any department thereof to (i) provide any financing to acquire or construct the Project or any refinancing of the Project; (ii) approve any application or request for or take any other action in connection with any planning approval, permit or other action necessary for the acquisition, construction, rehabilitation, installation or operation of the Project; (iii) make any contribution or advance any funds whatsoever to the Authority; or (iv) take any further action with respect to the Authority or its membership therein. The City Council expressly conditions its approval of this Resolution on its understanding that the City shall have no obligation whatsoever to pay any principal, interest, fees or any other costs associated with the Authority's issuance of the Bonds for the financing of the Project.

Section 5. The officers of the City are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they deem necessary or advisable in order to carry out, give effect to and comply with the terms and intent of this resolution and the financing transaction approved hereby.

Section 6. The City Clerk shall forward a certified copy of this Resolution to the Authority in care of its counsel:

Ronald E. Lee, Esq.
Jones Hall, APLC
475 Sansome Street, Suite 1700
San Francisco, CA 94111

Section 7. This Resolution shall take effect immediately upon its adoption.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that on November 20, 2024, a public hearing as required by Section 147(f) of the Internal Revenue Code of 1986 will be held with respect to a proposed plan of finance that includes the issuance and reissuance from time to time, by the California Municipal Finance Authority (the “Authority”), of one or more series of revenues bonds in an outstanding principal amount not to exceed \$75,000,000 (the “Bonds”) to finance and refinance the acquisition, construction, development and equipping of a 265-unit qualified residential rental project located at 1130 Harvey Way, on an approximately 11-acre site east of Fiddymont Road, west of Oakbriar Circle and south of the Pleasant Grove Creek Trail (the “Project”), in the City of Roseville, California (the “City”). The Project is to be owned and operated by Roseville Harvey 715, L.P., a California limited partnership (the “Borrower”), or another ownership entity to be created by USA Properties Fund, Inc. (the “Sponsor”), or an affiliate of the Sponsor (such limited partnership or other ownership entity, the “Borrower”).

The Bonds and the obligation to pay principal thereof and interest thereon and any redemption premium with respect thereto do not constitute indebtedness or an obligation of the City, the Authority, the State of California or any political subdivision thereof, within the meaning of any constitutional or statutory debt limitation, or a charge against the general credit or taxing powers of any of them. The Bonds shall be limited obligations of the Authority, payable solely from certain revenues duly pledged therefor and generally representing amounts paid by the Borrower.

The public hearing will commence at 6:00 p.m., or as soon thereafter as the matter can be heard, as part of the open session of the City Council meeting in the Council Chambers, 311 Vernon Street, Roseville, California. Interested persons wishing to express their views on the proposed plan of finance or on the nature and location of the facilities proposed to be financed may attend the hearing or, prior to the time of the hearing, submit written comments.

Additional information concerning the above matter may be obtained from, and written comments should be addressed to, Roseville City Clerk, 311 Vernon Street, Roseville, California 95678.

Title: Electric Backbone Mitigation Fee - Roseville Municipal Code Amendment
Contact: Joanna Cucchi 916-746-1609 jcucchi@roseville.ca.us

Meeting Date: 11/20/2024
Item #: 9.2.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council introduce an ordinance for first reading, approving amendments to the Roseville Municipal Code regarding the Electric Backbone Mitigation Fee.

BACKGROUND

The Electric Backbone Mitigation Fee, paid by developers, recuperates the City's expenses associated with constructing and enhancing the electric backbone system. This system encompasses substations and high-voltage lines essential for delivering electricity to all customers. As outlined in Municipal Code Chapter 4.54, the fee aims to equitably distribute the costs of electric system infrastructure among those who necessitate its development, ensuring that neither ratepayers nor the General or Electric funds subsidize new development.

The City engaged the services of EES Consulting, an electric utility consultant, to conduct a comprehensive study of the existing backbone fee. The analysis conducted by EES considered the current Capital Improvement Project (CIP) expenses associated with the backbone system that are eligible for recovery, as well as the projected development outlined in the City's specific plans once fully realized.

A comparable study was last conducted in 2018. Since then, there have been notable changes in Roseville Electric's projected CIP expenses and anticipated customer base upon completion of specific plans. Moreover, the significant inflation and rise in construction costs observed in recent years necessitate an adjustment to the backbone fees. According to the updated analysis, for residential development, the Electric Backbone Mitigation Fee for single-family and multi-family units is expected to increase by approximately \$82 and \$58 per unit, respectively. The proposal for residential backbone fees represents a 16% increase over the current fee. This is an increase of approximately 4% per year since the last backbone fee adjustment in 2020.

For all commercial and industrial developments, the backbone fee for a new building is determined based on the service panel rating, measured in kilo-volt amps (kVA). Under this proposal, the Electric Backbone Mitigation Fee will increase by approximately \$6 per kVA. To

provide context, with this adjustment, the backbone fee for a restaurant/office building with 3-phase service and a 1200-amp panel would increase by approximately \$2,000. The percentage increase for commercial developments is 6% per kVA.

The proposed Backbone Fee increase was presented to the Roseville Public Utilities Commission on October 22, 2024. The Commission voted to recommend that the City Council adopt the fee increase proposal.

FISCAL IMPACT

The proposed fee adjustments will result in approximately \$600,000 in additional revenue in connection and impact fees over the next 5 years. The proposed change aligns the revenues collected from developers with the costs of operating the utility to maintain financial strength and stability, consistent with City Council priorities.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of amendments to the Roseville Municipal Code meet the above criteria and are not subject to CEQA. No additional environmental review is required.

ATTACHMENT "A"

Title 4. Revenue and Finance

Chapter 4.54. ELECTRIC BACKBONE MITIGATION FEE

§ 4.54.010. Purpose.

The city council finds and declares that the purpose of this chapter is as follows:

A. The general plan of the city requires that the city be provided, in a time frame related to its development, with an adequate level of electric system subtransmission infrastructure so as to maintain an efficient, reliable and safe distribution system.

B. New development, and the expansion of existing development, within the city imposes a burden on the existing electric system subtransmission infrastructure, including without limitation the need for upgraded or additional 60kV substations and subtransmission lines, by adding additional electric load. Such burden may vary by the type of development.

C. Analysis of the electric load currently created by the various types of development within the city and of the land use expected at build out of the city pursuant to the general plan makes it possible to estimate the amount of electric load generated by different types of development and to determine the electric system subtransmission infrastructure or facilities necessary to support those loads. It is therefore possible to construct a fee, based on anticipated electric load, which equitably spreads the burden of electric system subtransmission infrastructure or facilities to those who will create the need for them and utilize them. It is the intent of this chapter to create such a fee, spreading costs of electric system subtransmission infrastructure to those who create the need for such subtransmission infrastructure, without burdening rate-payers or generating any surplus to either the general or electric funds. It is the further purpose of this chapter to implement the general plan by assuring that adequate public facilities are financed and provided to serve the city.

D. The fee established by this chapter has been calculated in the manner set forth in the ~~Utility Financial Solutions (UFS)~~ [EES Consulting Electric Backbone Mitigation Fee Analysis \("Fee Analysis"\)](#) ~~Consultant Study ("Study")~~ so as to pay for those facilities listed in the capital improvement program.

E. The fee established by this chapter is in addition to any other fees or charges required by law as, a condition of development or electric service, including without limitation by reason of enumeration, required payments in aid of construction for the cost of distribution facilities for or within a specific development, service connection fees or direct installation fees, or periodic payments for service pursuant to rates established in Chapter 14.24.

F. The fee established by this chapter is to be collected for public improvements and facilities, and for which a proposed construction schedule has been adopted.

G. That the failure to impose the conditions and regulations of this chapter relating to payment of the fee on building permits would jeopardize residents of the community in that it would permit construction to proceed without adequate infrastructure or means of financing said infrastructure.

H. The requirement of this chapter to pay the fee is necessary ~~in order to~~ [to](#) assure compliance with the applicable Zoning Ordinance and general plan requirements for the infrastructure funded by this chapter.

I. That for a period of greater than 10 days prior to adoption of this chapter, data has been available to the public and to developers and their representatives indicating the cost or estimated cost of the entire infrastructure to be funded.

J. That the city council has considered the effect of the fee imposed by this chapter with respect to the housing needs of the city as a whole and of the region, particularly as required by the housing element of the general plan, and the city council finds that this chapter does not unduly adversely affect the city's ability to provide for such needs.

K. That the establishment of the fee is for the purpose of obtaining funds for capital projects, necessary to maintain service required by the general plan within existing service areas and existing portions of the city which are developed or for which land use has already been granted.

Title 4. Revenue and Finance

Chapter 4.54. ELECTRIC BACKBONE MITIGATION FEE

§ 4.54.020. Definitions.

The following words are defined for purposes of this chapter as follows:

"Building permit" means the permit issued or required by the city for the construction of any structure pursuant to and as defined by the building code.

"Capital improvement program" means that list of proposed electric system facilities, improvements, or infrastructure totaling ~~\$28,650,000.00~~ \$37,607,000 referenced in the ~~2019-2024 UFS EES Fee~~ Analysis Study.

"Department" means the electric utility department.

"Director" means the director of the department.

"Facilities" mean those electric system facilities or infrastructure shown and included on the capital improvement program.

"Fee" or "electric backbone mitigation fee" or "backbone fee" means the fee established by this Chapter 4.54. The fee shall be collected prior to the approval of any building permit. The fee shall be used solely to finance the facilities. The fee as codified in this chapter has previously been imposed for the same purposes, pursuant to motion of the city council.

"Improvement plan" means a site plan of property proposed for development showing all required improvements that must be approved by the city prior to the issuance of a building permit for the property.

"~~Study Analysis~~" or "~~system study fee analysis~~" means the ~~2019-2024 UFS EES Consultant Study Fee Analysis~~. The ~~Study Analysis~~ is on file in the office of the city clerk.

Title 4. Revenue and Finance

Chapter 4.54. ELECTRIC BACKBONE MITIGATION FEE

§4.54.040. Payment of electric backbone mitigation fee.

Except as otherwise provided by this chapter, the fee imposed pursuant to this chapter shall be paid at the time of permit and prior to a request for any electrical inspection. Calculation of the fee shall be determined on a per unit basis in accordance with the billing units defined in the ~~UFS Consultant Study Fee Analysis~~ and Section 4.54.050 of this chapter, the number of single-family units, multifamily units, and general service customers (all other commercial/office/industrial types of development) service panel rating of the development. Descriptions of land use categories and type of development in this chapter, except as otherwise noted, are utilized in the same manner as in the city general plan.

Title 4. Revenue and Finance

Chapter 4.54. ELECTRIC BACKBONE MITIGATION FEE

§ 4.54.050. Electric backbone mitigation fee.

The electric backbone mitigation fee shall be:

Type of Development	Amount of Fee
Apartments, condominiums, townhouses and mobile homes	\$360.95 <u>\$436.41</u> per dwelling unit
Other residential units including single-family homes	\$496.31 <u>\$592.20</u> per dwelling unit
General service (all other commercial/office/industrial)	\$90.24 <u>\$98.70</u> per kVA

Formatted: Right: 0.03", Tab stops: Not at 6.06"

BACKBONE MITIGATION FEE UPDATE..... 1

 Introduction..... 1

 Current Backbone Mitigation Fee 1

 Backbone Mitigation Fee Analysis 1

 Summary..... 3

Backbone Mitigation Fee Update

INTRODUCTION

EES Consulting (EES), a GDS Associates company, is pleased to submit this Final Backbone Mitigation Fee Update to Roseville Electric Utility (REU). The Backbone Mitigation Fee is charged for new customers to connect to the distribution system based on the relationship between future costs and the impact new customers have on future expansion costs. The purpose of the Backbone Mitigation Fee is to prevent existing customers from increased electric rates due to capital expenditures directly related to the addition of customers.

This report summarizes the backbone fee update prepared for REU. This report updates the previous analysis prepared in April 2019. The results show that the current backbone fee should be increased approximately 6% to mitigate the cost of line capacity growth on existing customers by recovering backbone costs through the kVA fee. Additionally, this increase is consistent with recent inflationary pressures and supply chain impacts impacting electric utilities in particular. Table 1 summarizes the current and proposed Backbone Mitigation Fee.

TABLE 1: CURRENT AND PROPOSED KVA FEE

Customer Class	Current Fee	Billing Method	Proposed kVA Fee
RSF (Residential Single-Family)	\$510.51	Per Home	\$592.20
RMF (Residential Multi-Family)	\$371.28	Per Dwelling	\$429.35
GS (Commercial/Industrial)	\$92.82	Per kVA	\$98.70

CURRENT BACKBONE MITIGATION FEE

The current Backbone Mitigation Fee was developed in 2019 based on the kVA approach. This fee is typically adjusted annually by the construction cost index (CCI), however the last update was in June 2020 and was not adjusted again in an effort to help offset increased costs for developers. The proposed backbone fee increase incorporates the most recent CCI adjustments, enabling the utility to better reflect the rising costs of labor and materials since the previous analysis completed in 2019. Had annual CCI updates been utilized, the current backbone fee would be \$110.61 per kVA which is higher than the proposed per kVA fee of \$98.70 in Table 1 above.

TABLE 2: CURRENT FEE AND APPROXIMATE FEE INCLUDING CCI INCREASES

Customer Class	Current Fee	Billing Method	Approximate Fee w/ CCI Increases
RSF (Residential Single-Family) ¹	\$510.51	Per Home	\$608.36
RMF (Residential Multi-Family) ²	\$371.28	Per Dwelling	\$442.44
GS (Commercial/Industrial)	\$92.82	Per kVA	\$110.61

1. Based on 5.5 kVa per single family home
2. Based on 4.0 kVa per multifamily home

BACKBONE MITIGATION FEE ANALYSIS

The analysis reviewed REU's capital improvement plan and costs. Not all CIP costs are attributed to growth. Many CIP projects are initiated due to reliability needs including aging assets, lack of redundancy,

safety, and security. The 5-year CIP plan was provided by Power Engineering staff and the list was updated to include several new projects and removes two projects identified in the previous analysis that have been paid for with backbone fees collected since the 2019 analysis. The additional capital improvement projects and increases to labor and material costs since 2019 increased the 5-year CIP plan project expenses by 31% from the previous backbone fee study.

TABLE 3: PLANNED CIP COSTS 2024 – 2029

	Total CIP	% Allocated to New Dev	\$ Allocated to New Dev.
Sierra Vista Transformer Addition	\$3,381,000	75%	\$2,536,000
Creekview Substation/60kV Extension	\$15,394,000	75%	\$11,546,000
Vernon Substation Upgrade	\$18,832,000	25%	\$4,708,000
Total	\$37,607,000		\$18,790,000
Less Backbone Fees Collected Since 2018			\$5,290,000
Adjusted Total			\$13,500,000

The total capital costs assigned to growth total \$18.8 million. However, this total is adjusted downward to \$13.5 million based on the backbone fees collected since 2018. These collected fees partially fund the CIP in Table 3. This new amount is divided by the total number of new kVA projected on the system. The total new kVA is based on the Specific Plans for development in Amoruso Ranch, while customers served by existing capacity include growth projections for all other areas of the City.

TABLE 4: PLANNED HOUSING UNIT GROWTH 2024 – 2029

	Units served by Existing Capacity	Customers Served by New Capacity	Total New Customers
RSF (Residential Single-Family)	6,281	1,794	8,075
RMF (Residential Multi-Family)	5,533	873	6,406
Total New Units (Customers)	11,814	2,667	14,481

Total kVA is calculated in Table 5 using an average of 6.0 kVA for new single family units and 4.35 kVA for new multi-family units. These values are increased from the 2019 study due to increased electric uses in the home including Electric Vehicle charging. General Service kVA per acre varies based on designated land use for the area.

TABLE 5: PLANNED KVA GROWTH 2024 – 2029

	kVA Served by Existing Capacity	kVA Served by New Capacity	Total New KVA
RSF (Residential Single-Family)¹	37,686	10,764	48,450
RMF (Residential Multi-Family)²	24,069	3,798	27,866
GS (Commercial/Industrial)	59,560	1,224	60,784
Total kVA	121,315	15,786	137,100

1. Based on 6.0 kVa per single family home.

2. Based on 4.35 kVa per multifamily home.

Table 6 summarizes the projected revenue recovery with the above assumptions.

TABLE 6: PROJECTED REVENUES FROM KVA BASED RATES

	kVA per Customer	Projected # of New Customer or kVA Units	kVA Fee per Unit	Estimated Revenue
RSF (Residential Single-Family)	6.00	8,075	\$592.20	\$4,782,015
RMF (Residential Multi-Family)	4.35	6,406	\$429.35	\$2,750,384
GS (Commercial/Industrial)	1	60,784	\$98.70	\$5,999,415
Total				\$13,531,814

SUMMARY

Since 2019, REU has added capital projects needed to serve the projected load growth. The costs for these projects are included in the Backbone Mitigation Fee calculation. The above methodology mitigates the cost of growth on existing customers by recovering backbone costs through the kVA fee. The CIP costs are projected through fiscal year 2029. As additional projects are needed to meet projected growth, this analysis should be updated. Between updates, the Backbone Fee should be reviewed and adjusted annually per Municipal Code 4.54.140: The Construction Cost Index (CCI) inflationary fee adjustment. Finally, Backbone Mitigation Fees should be evaluated specifically for any new very large electric customers (connecting at 60 kV or higher).

COUNCIL COMMUNICATION

CC #: 3646

File #: 0110

Title: Downtown Specific Plan, Old Town Pizza - Economic Development Incentive Agreement

Contact: Wayne Wiley 916-774-5283 wwiley@roseville.ca.us

Meeting Date: 11/20/2024

Item #: 9.3.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

1. Hold a public hearing to review an Economic Development Incentive Agreement with Old Town Roseville Properties, LLC (OTRP), for the operation of an "Old Town Pizza" restaurant to be located at 324 Vernon Street; and
2. Adopt a resolution to approve the City of Roseville Economic Development Incentive Agreement with OTRP to offset remediation costs associated with the development of an "Old Town Pizza" restaurant at 324 Vernon Street and authorize the City Manager to execute it.

BACKGROUND

This staff report shall serve as the economic development subsidy report pursuant to California Government Code Section 53083. The subject site is located at 324 Vernon Street within the Downtown Specific Plan (DTSP) and is currently developed with a 19,485 square-foot building that was originally constructed in 1935. The building was previously owned by the City of Roseville and leased to the United States Postal Service until the relocation of the downtown post office to 116 South Grant Street in October of 2020.

Prior to the post office vacating the site, the City released a Request for Proposals (RFP) in 2018 seeking out a development team to purchase and develop the property consistent with the vision of the DTSP. The City ultimately selected a mixed-use development proposal submitted by Lennox Hill Interiors, LLC and subsequently sold the property to the developer in November of 2020. As part of the terms of the sale to the developer in 2020, the City agreed to provide the developer approximately \$200,000 for hazardous materials remediation in association with the demolition of the building (to be reimbursed following issuance of a Certificate of Occupancy Permit). However, the project never developed due to increased development costs, project feasibility issues, and uncertain market conditions. After owning the property for several years and exploring alternative project designs, the owner listed the property for sale and subsequently sold

the site to OTRP in 2024. OTRP has a principal place of business located at 120 N. McDaniel Drive, Auburn, CA, 95603 and will be the legal entity that owns the property at 324 Vernon Street for the purposes of operating an “Old Town Pizza” restaurant and entertainment venue.

Old Town Pizza (OTP) has proposed to relocate from its current location at 120 Church Street in Historic Old Town to 324 Vernon Street to provide expanded amenities beyond their current operation, which includes a pizza restaurant with 71 employees in an 8,100 square-foot building. OTP will renovate and activate the site at 324 Vernon Street with the intent of expanding its operations to 25,000 square feet of usable space.

The new location will include a pizza restaurant on the main floor with a rooftop dining area, a tap room operated by Slice Beer, and a potential basement speakeasy in a future phase. The company’s estimated capital investment is \$6.5 million for the first phase of building improvements and equipment purchases, which are projected to be completed by the end of 2025. An estimated 43 new jobs are anticipated by 2030 (3 full-time/40 part-time), expanding OTPs employment by 61% and more than \$1.3 million in sales tax is projected to be collected by the City of Roseville over the next ten years. Additionally, a total of \$114,000 in property taxes is estimated to be collected by the City over the same period.

With the construction of the proposed project, lead and asbestos remediation will be required due to the age of the building. The estimated cost of remediation is anticipated to total approximately \$150,000, in addition to the development construction costs of \$5.6 million for the project. In an effort to facilitate development at this catalyst site, the City will provide the economic development incentive payment to OTRP in an amount not to exceed \$100,000 following completion of the project and issuance of a certificate of occupancy (anticipated to be completed by December 31, 2025).

Staff finds that the unique public purpose of this economic development incentive aligns with the goals of the City’s DTSP to support development of a catalyst site, in addition to promoting the general welfare of the City and its residents by creating new jobs, expanding the range and diversity of downtown retail offerings, broadening the City’s property tax and sales tax base, and generating increased City revenues. Furthermore, if not for the economic development incentive, this project might not be developed in downtown based on the additional costs associated with infill development.

Other important goals and objectives that are satisfied by the project include:

1. Construction of the project is expected to generate a substantial number of construction jobs and permanent part-time and full-time jobs;
2. Public investment in this project will result in significant private investment into the downtown;
3. An increase in the number of visitors to the downtown area will generate additional spending on dining, retail and entertainment activities associated with surrounding downtown merchants; and
4. Additional property taxes will be generated based on the increase in property value and proposed improvements.

As proposed, the project will generate significant sales tax, activate a key intersection in downtown Roseville, and help retain an existing local business within the community. Moreover, this economic development incentive is consistent with, and in furtherance of, the City’s Economic Development strategy of supporting development projects that will further catalyze growth and investment in downtown Roseville.

At this time, the City proposes a \$100,000 economic development incentive to be paid to OTRP to offset remediation costs associated with development of the site, consistent with the terms and intent of the City's previous sale of the property to Lennox Hill Interiors, LLC.

FISCAL IMPACT

A budget adjustment was approved in October of 2019 allocating \$275,000 from the Strategic Improvement Fund (SIF) to the Vernon Street Sale Preparation capital improvement project (CIP) to cover due diligence items and remediation costs associated with the sale of the property to Lennox Hill Interiors, LLC. To date, there is a remaining balance of \$240,000 and the proposed \$100,000 incentive will come from the existing CIP. There will be no impact to the City's General Fund.

In addition to the economic impacts noted within the staff report, the proposed project is expected to generate significant construction related economic impacts totaling \$7.9 million, based on the multiplier effect of construction spending for supported suppliers, consumer businesses and employees associated with construction activity. The project will also generate roughly 50 temporary construction jobs and 74 permanent and part-time jobs.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15061(c)(3) and §15378. Economic incentive agreements meet the above criteria and are not subject to CEQA. No additional environmental review is required.

Dominick Casey, City Manager
Economic Incentive Agreement

RESOLUTION NO. 24-393

APPROVING A CITY OF ROSEVILLE ECONOMIC DEVELOPMENT INCENTIVE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND OLD TOWN ROSEVILLE PROPERTIES, LLC WHOLESALE CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, the property at 324 Vernon Street within the Downtown Specific Plan (DTSP) is currently developed with a 19,485 square-foot building that was originally constructed in 1935; and

WHEREAS, the building was previously owned by the City of Roseville and leased to the United States Postal Service until the relocation of the downtown post office to 116 South Grant Street in October of 2020; and

WHEREAS, the property was sold to Lennox Hill Interiors, LLC in November of 2020, however, due to increased development costs, project feasibility issues, and uncertain market conditions, the original project never developed; and

WHEREAS, after owning the property for several years and exploring alternative project designs, the owner listed the property for sale and subsequently sold the site to Old Town Roseville Properties, LLC (OTRP) in 2024; and

WHEREAS, Old Town Pizza has proposed to relocate from its current location at 120 Church Street in Historic Old Town to 324 Vernon Street to provide expanded amenities beyond their current operation; and

WHEREAS, with the construction of the proposed project, lead and asbestos remediation will be required due to the age of the building; and

WHEREAS, in an effort to facilitate development at this catalyst site, the City is willing to provide the economic development incentive payment to OTRP in an amount not to exceed \$100,000 following completion of the project and issuance of a certificate of occupancy (anticipated to be completed by December 31, 2025).

WHEREAS, staff recommends that the City Council approve a City of Roseville Economic Development Agreement for this economic incentive to provide the following public benefits:

1. It aligns with the goals of the City's DTSP to support development of a catalyst site; and
2. It promotes the general welfare of the City and its residents by creating new jobs; and
3. It expands the range and diversity of downtown retail offerings; and
4. It broadens the City's property tax and sales tax base; and

5. If not for the economic development incentive, this project might not be developed in downtown based on the additional costs associated with Infill development.

WHEREAS, the City of Roseville Economic Development Incentive Agreement, by and between the City of Roseville and Old Town Roseville Properties, LLC, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said City of Roseville Economic Development Incentive Agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

CITY OF ROSEVILLE ECONOMIC DEVELOPMENT INCENTIVE AGREEMENT

(Project: Old Town Pizza – 324 Vernon Street)

THIS ECONOMIC DEVELOPMENT INCENTIVE AGREEMENT (“Agreement”) is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“City”), and Old Town Roseville Properties, LLC, a California limited liability company, including its agents, officers, and employees (“OTRP”); and

RECITALS:

- A. WHEREAS, OTRP recently closed escrow to complete the purchase of the property and improvements located at 324 Vernon Street Roseville, California, 95678 (the “Property”) for the purpose of developing, opening, and operating an “Old Town Pizza” restaurant and entertainment venue (“OTP Project”); and
- B. WHEREAS, the City previously owned the Property at 324 Vernon Street and sold it in 2019 to a developer that originally intended to develop the Property for other purposes; and
- C. WHEREAS, when the City sold the Property in 2019 to the developer, it offered to partially assist the developer with the cost of remediation services by the City agreeing to pay for the first one hundred thousand dollars (\$100,000) for such costs to remove and remediate any potential asbestos, lead, mold, or other contamination or hazardous material on the Property; and
- D. WHEREAS, the developer did not perform any remediation or development activities to the Property prior to selling the Property to OTRP for the OTP Project; and

E. WHEREAS, OTRP has requested, and the City has agreed, to provide OTRP with a contingent economic development incentive for remediation services in conjunction with the OTP Project, subject to the terms and conditions set forth herein; and

F. WHEREAS, the City finds that the public purpose of this economic development incentive is to promote the general welfare of the City and its residents by creating new jobs; to broaden the City's property tax and sales tax base; to continue the revitalization of the downtown area; and to generate ongoing City revenues. This economic development incentive is consistent with and in furtherance of the City's Economic Development Strategy.

NOW, THEREFORE, in consideration of the foregoing Recitals and the following mutual covenants, agreements, conditions, and representations, and for valuable consideration, the receipt of which is acknowledged, the parties agree as follows:

1. Recitals. The foregoing Recitals are true and correct and incorporated herein by reference.

2. Incentive Payment. Subject to the provisions and limitations set forth herein, the City agrees to make an economic development incentive payment to OTRP in an amount not to exceed one hundred thousand dollars (\$100,000) (the "Incentive Payment"), subject to the issuance of a certificate of occupancy by City for the OTP Project opening at 324 Vernon Street. City shall have no obligation to make the Incentive Payment prior to the issuance of a certificate of occupancy. City shall make payment of the Incentive Payment within thirty (30) days of a written request by OTRP for such payment after its receipt of a certificate of occupancy. Should there never be a certificate of occupancy issued, no payment from the City shall be required under this Agreement.

3. Documentation of Remediation Activities. In order to receive the Incentive Payment, OTRP shall provide the following items to the Economic Development Director upon completion of the OTP Project:

- (i) Copies of all checks issued by OTRP with related invoices indicated;
- (ii) Copies of all invoices, payments by OTRP, and reimbursements to OTRP;

4. Indemnification. To the fullest extent allowed by law, OTRP shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, or resulting from or arising out of OTRP's willful misconduct or negligent act or omission while engaged in the development of the OTP Project, or performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

OTRP agrees to defend and indemnify City if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that OTRP and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of City.

OTRP's responsibility for such defense and indemnity obligations under this Section 4 shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, any insurance limits.

5. Limited City Obligation. The obligations arising from this Agreement are not a debt of the City under section 18 of article XVI of the California Constitution, nor a legal or

equitable pledge, charge, lien, or encumbrance upon any of its property or upon any of its income, receipts, or revenues. The credit or taxing power of the City is not pledged for the payment of any obligation arising from this Agreement. Nothing herein shall provide OTRP any right to compel the forfeiture of any of the City's property to satisfy any obligations arising from this Agreement. The obligations created by this Agreement do not create an immediate indebtedness of the City, but rather create a contingent liability only when a payment becomes due hereunder.

6. Compliance with Laws. OTRP shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

7. Ability to Perform. OTRP agrees and represents that it has the time, ability and professional expertise to perform the development of the OTP Project.

8. Assignment. OTRP is performing unique services in developing the OTP Project. As such, OTRP shall not assign this Agreement without the prior written consent of City.

9. Independent Contractor. OTRP, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of City by reason of this Agreement.

10. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. Termination of Agreement. The City may terminate this Agreement should the OTRP Project not receive a certificate of occupancy by December 31, 2026. Sections 4 and 14 of this Agreement shall survive any termination of this Agreement.

12. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

13. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties. The City Manager for the City, or his or her designee, shall have authority to execute any documents necessary to effectuate the purpose of this Agreement.

14. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

15. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE

City of Roseville
City Clerk's Office
311 Vernon Street
Roseville, CA 95678
Attn: Economic Development Director

OTRP

Old Town Roseville Properties, LLC
Attn: Reese Browning
120 N. McDaniel Drive
Auburn, CA 95603

Either party may amend its address for notice by giving notice to the other party in writing.

16. Time is of the Essence. The parties acknowledge that time is of the essence.

17. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

18. Advice of Legal Counsel. Each of the parties hereto has received the advice of independent legal counsel prior to signing this Agreement. Each of the parties hereto acknowledges that neither party, or agent or attorney of a party, has made a promise, representation, or warranty whatsoever, express or implied, not contained herein concerning the subject matter herein to induce the other party to execute this Agreement.

19. Joint Drafting. Each party fully understands each term contained herein. Each party knowingly and voluntarily enters into this Agreement and knowingly and voluntarily agrees to each term contained herein. All of the undersigned parties agree that they and their legal counsel have reviewed and have had an opportunity to revise this Agreement, that no single party shall be deemed to have drafted this Agreement or any portion thereof, and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this Agreement.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20____, and OTRP has caused this Agreement to be duly executed.
