Public Works Director

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: Amendment of Professional Design Services Agreement

Project Location(s): City-owned facilities, Roseville, CA

Project Description: This project consists of the approval of an amendment to the City's existing professional design services agreement (PDSA) with Lionakis for architecture and design services for City-owned facilities. Since 2022, the Citywide demand for these services has increased, which has depleted the on-call agreement with Lionakis. The initial term runs through June 30, 2025 with two optional renewal years. This amendment will allow for an increase in funding to continue to provide architecture and design services for future City projects on an as-needed basis, including the future Council Chambers conference room and lobby plus the Permit Center security upgrades project. Work would be limited to City-owned and operated facilities and would not be located near any environmentally sensitive resources.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Public Works Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the...minor alteration of existing public...structures, facilities, [or] mechanical equipment...involving negligible or no expansion of existing or former use.... Examples include but are not limited to: (a) Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances.

The project is confined to City-owned and/or operated property and would not result in expansion of use. No environmentally sensitive resources are located within the properties; therefore the Class 1 exemption is applicable to the proposed project.

Lead Agency Contact Person Lori Crittenden, Public Works Department – Facility Rehab Division, 2005 Hilltop Circle, Roseville, CA 95747. (916) 774-5707.

File #: 0323

Title: Roseville Municipal Code - Bail Schedule Update

Contact: Gretchen Hakala 916-774-5325 ghakala@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.28.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve the updated Roseville Municipal Code Bail Schedule.

BACKGROUND

On May 1, 2024, the City Council introduced for first reading an ordinance amending Section 16.16.140 of the Roseville Municipal Code regarding regulations for fireworks and adopted a resolution adopting a new administrative fine schedule to reflect those changes. The second reading of the ordinance occurred on May 15, 2024.

The bail schedule serves as a guideline to the Placer County Superior Court system for criminal violations of the Roseville Municipal Code that are adjudicated by the court. The bail schedule is often adopted in conjunction with the fine schedule, but it is being updated after the second reading of the ordinance amending Section 16.16.140 of the Roseville Municipal Code to ensure it reflects the final approved penalty amounts.

FISCAL IMPACT

There is no impact to the general fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the updated bail schedule meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Respectfully Submitted,

Gretchen Hakala, Paralegal

Michelle Sheidenberger, City Attorney

Description

Resolution 24-159 & Bail Schedule

RESOLUTION NO. 24-159

REQUESTING THE PLACER COUNTY SUPERIOR COURT ADOPT A BAIL
SCHEDULE FOR MUNICIPAL CODE VIOLATIONS,
AND REPEALING RESOLUTION 15-421

WHEREAS, the Roseville Municipal Code provides that the violation of any of its provisions is unlawful, and

WHEREAS, an amendment to section 16.16.140 of the Roseville Municipal Code was introduced for a second reading and approved on May 15, 2024, requiring changes to the bail schedule, and

WHEREAS, the City Attorney has presented a proposed revised Roseville Municipal Code Bail Schedule, attached as “Exhibit A”,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Roseville that the Roseville Municipal Code Bail Schedule attached as Exhibit “A” is hereby adopted and the Presiding Judge of the Placer County Superior Court is requested to adopt and utilize said Bail Schedule, on file with the City Clerk, in place of any prior version.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20__, by the following vote on roll call:

Title: City of Roseville Tickets and/or Passes Distribution Policy Update
Contact: Carmen Avalos 916-774-5269 cavalos@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.29.

RECOMMENDATION TO COUNCIL

Staff requests that the City Council adopt a resolution to approve the City of Roseville Tickets and/or Passes Distribution Policy to be compliant with Fair Political Practices Commissions' standards.

BACKGROUND

In 1974, Proposition 9 was passed by California voters creating the Fair Political Practices Commission (FPPC) whose intent is to provide the public with transparency via compliance of reporting on monetary matters of interest to the public for all public officials participating in government decisions. In February 2009, Regulation 18944.1 became effective and set the framework for ticket distribution for public officials by a public agency. The regulation requires the agency adopt a written policy that identifies the public purpose served in distributing the tickets. Agencies are required to post this ticket policy on the agency website and provide FPPC the website link. The City of Roseville's current policy for ticket distribution was last updated in 2012. There have been amendments made by the Fair Political Practices Commission since that time. Adoption of the requested resolution would address these updates and bring the City into compliance with Regulation 18944.1 and provide greater transparency to the public.

FISCAL IMPACT

There is no fiscal impact associated with this request.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the City of Roseville Tickets and/or Passes Distribution Policy meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Resolution 24-163

Tickets and/or Passes Distribution Policy

RESOLUTION NO. 24-163

ADOPTING THE CITY OF ROSEVILLE TICKETS
AND/OR PASSES DISTRIBUTION POLICY

WHEREAS, from time to time the City of Roseville receives, tickets and/or passes from third party sources, both public and private, and under Title 2 of the California Code of Regulations, Section 18944.1, these tickets and/or passes are defined as an admission to a facility, event, show, or performance for an entertainment, recreational, or similar purpose; and

WHEREAS, the Fair Political Practices Commission Section 18944.1 establishes rules by which tickets and/or passes distributed by local government agencies to government/ public officials will not constitute reportable gifts under the state Political Reform Act on Form 700; and

WHEREAS, Section 18944.1 requires that local government agencies adopt a written policy governing the distribution of ticket and/or passes to local government public officials in order that receipt of those tickets and/or passes will not necessarily be treated as reportable gifts; and

WHEREAS, according to Section 18944.1, these tickets and/or passes are not gifts to public officials if the City disseminates these tickets and/or passes in accordance with a duly adopted written policy when distribution is made under Section 18944.1, subdivision (b) and disclosed on Form 802; and

WHEREAS, the City of Roseville finds that the receipt of all such tickets and/or passes are public resources; and

WHEREAS, the City of Roseville desires to distribute these public resources in a manner that furthers the City's public purpose; and

WHEREAS, the City Manager or his designee, shall be the ticket administrator in accordance with the policy; and

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville, hereby adopts the City of Roseville Tickets and/or Passes Distribution Policy.

BE IT FURTHER RESOLVED that the City Council hereby authorizes the City of Roseville Tickets and/or Passes Distribution Policy to be effective immediately.

PASSED AND ADOPTED by the City Council of the City of Roseville, Placer County, California this ____ day of ____, 2024, by the following vote on roll call:

CITY OF ROSEVILLE TICKETS AND/OR PASSES DISTRIBUTION POLICY

A. Purpose

This policy is to establish a City-wide procedure for the distribution, use and reporting of tickets or passes to a facility, event, show or performance, for an entertainment, amusement, recreational, charitable, or similar purposes (defined as an "Event" below) in compliance with section 18944.1 of the Fair Political Practices Commission Regulation (hereinafter "FPPC Regulation"). FPPC Regulation 18944.1 sets out the circumstances under which a public agency's distribution of tickets or passes, for which no consideration of equal or greater value is provided by the City official (defined below), does not result in a gift to the City official. Tickets or passes to an Event distributed and accounted for in compliance with this policy and FPPC Regulation 18944.1 will not be considered as gifts to the City official who make use of such tickets and passes.

The City finds the public and governmental purpose in distributing tickets and passes to Events is 1) to enable City officials to promote City businesses, resources, programs and facilities, 2) to monitor and evaluate City venues and City-sponsored events, 3) to promote cultural, recreational and educational facilities, services and programs available to the public within the City of Roseville, 4) to support diversity and inclusiveness, and 5) to enhance employee morale. For purposes of "employee morale" as used in this section, a ticket or pass distributed to a City official for the official's personal use, other than a member of the City Council, the City Manager, political appointee, or a department head, to support general employee morale, retention, or to reward public service is deemed to serve a public purpose.

This policy is subject to all applicable FPPC Regulations and the Political Reform Act. Nothing in this policy is intended to alter, amend, or otherwise affect the obligations of City officials under the Political Reform Act and implementing regulations, or under Roseville Municipal Code § 3.15.030 and City's Administrative Regulation 2.14, as may be amended from time to time.

B. Policy

1. Definitions.

- a. "City" means the City of Roseville.
- b. "City Manager" means the Roseville City Manager or his/her designee.
- c. "City official" means every member, officer, employee or consultant of the City of Roseville, as defined in Government Code Section 82048, as may be amended from time to time, and FPPC Regulation 18940.1, as may be amended from time to time. Such term shall include, without limitation, any City board or commission member or other appointed official or employee required to file an annual Statement of Economic Interests FPPC Form 700.
- d. "Disproportionate" means too frequent in comparison to all City officials, taking into consideration all reasonable circumstances.

e. "Event" means a facility, event, show, or performance, for an entertainment, amusement, recreational, charitable, or similar purpose, and has the meaning provided in FPPC Regulation 18944.1, as amended from time to time.

f. "Immediate Family" means spouse, registered domestic partner, and/or dependent children.

g. "Ticket" or "pass" means admission to an Event.

2. Applicability. This policy applies to tickets and passes that are: (i) gratuitously provided to the City by an outside source; or (ii) acquired by the City by purchase; or (iii) received by the City as consideration pursuant to the terms of a contract; or (iv) because the City owns or controls the facility or venue at which the Event occurs; or (v) the City sponsors the Event.

3. Public Purpose. Any distribution of tickets or passes in accordance with this policy to a City official, or to an individual or organization outside the City at the request of a City official, must be in furtherance of a governmental and/or public purpose as stated in section A, and be reported as provided in this policy.

C. Exemptions to Policy

1. Ceremonial Role or Function. Tickets or passes provided, by a third party, to a City official to carry out his or her job duties or where the City official will perform a ceremonial role or function on behalf of the City at the Event are exempt from this policy. Such tickets or passes may be subject to other FPPC reporting requirements, including the filing of a FPPC Form 802, or such other form(s) as the FPPC may designate.

2. Income. The City official treats the tickets or passes as income consistent with federal and state income tax laws and the City reports distribution of the tickets or passes as income to the City official on the FPPC Form 802, or such other form(s) as the FPPC may designate.

3. Reimbursement. The City official returns, purchases, or reimburses the City for the face value of the tickets or passes.

D. Procedure for Distribution and Reporting

1. Distribution. The City has sole discretion to determine who shall receive the tickets or passes received or acquired by the City.

a. Tickets or passes that are donated or provided by an outside source and are earmarked for use by a specific City official are considered gifts to the City official and are subject to the disclosure and reporting requirements applicable to gifts, unless one of the exemptions listed above apply.

b. Tickets or passes received by the City from an outside source without designation as to the specific City official who may use the tickets or passes shall be forwarded to the City Manager. The City Manager shall determine the face value of the

tickets or passes, the City official who may use them, and will cause the City Clerk to report their distribution as provided in section D(2) below.

c. Any City Official receiving tickets or passes pursuant to this policy must cooperate with the City Clerk and provide the information required in Parts 3 and 4 of FPPC Form 802, or such other form(s) as the FPPC may designate.

d. If the tickets or passes do not have a face value stated or state something to the effect of "complimentary" or "promotional," the City Manager will determine the value of the tickets or passes based on the reasonable cost for attendance at such an Event.

e. The City Manager may establish any reasonable procedure for distribution of tickets or passes in accordance with this policy.

f. Any tickets or passes not distributed pursuant to this policy may be sold or donated by the City to the public.

g. Disproportionate use of tickets or passes by members of the City Council, the City Manager, an appointed committee, board, or commission member, or a department head or assistant department head shall be prohibited.

2. Reporting Requirement. Tickets or passes distributed by the City to a City official, or to an individual or organization outside the City at the behest of a City official, pursuant to this policy shall be documented in a completed FPPC Form 802, or such other form(s) as the FPPC may designate. The completed Form 802 shall be completed by the City Clerk, provided to the FPPC, and posted on the City's website in a prominent fashion within 45 days after distribution of the tickets or passes.

3. Transfer Prohibition. A City official who receives tickets or passes distributed by the City according to this policy is prohibited from transferring or giving the tickets or passes to any other person except to members of the official's immediate family for their personal use. No person receiving a ticket or pass pursuant to this policy shall sell or receive reimbursement for the value of the ticket or pass.

4. Policy Limited to Just Tickets or Passes. If other benefits, such as food, beverages or other items, are provided to the City official at the Event and they are not included as part of the admission to the Event, those benefits will need to be accounted for as gifts to the City official.

E. Effective Date

This policy shall be effective upon City Council approval and shall be posted on the City website in a prominent fashion.

F. Public Record

This policy shall be posted prominently on the City's website within 30 days of adoption or amendment and sent to the FPPC by emailing the City's website link that displays the policy, so that the FPPC may post the link, in accordance with the FPPC Regulation 18944.1(c), as may be amended from time to time.

Title: Roseville Municipal Code Amendment - Development Impact Fee Deferral Program
Contact: Wayne Wiley 916-774-5283 wwiley@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.30.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council introduce for first reading an ordinance amending Section 4.04.040 of Chapter 4.04 of Title 4 of the Roseville Municipal Code regarding nonresidential development impact fee deferrals.

BACKGROUND

The City of Roseville's Economic Development Department oversees the fee deferral programs as an incentive to encourage residential and nonresidential development. The nonresidential and residential fee deferral programs were established in 1996 and 2008, respectively, to assist the development community by deferring payment of City-controlled development impact fees until the end of the construction process. As such, upon approval, deferred impact fees are paid at the time of issuance of an Occupancy Permit, or final approval of a building permit, if no certificate of occupancy is required.

Since the inception of the fee deferral programs, the City has processed dozens of requests that have helped facilitate development and stimulated economic growth. However, due to the City's ongoing pressures of meeting the state mandated Regional Housing Needs Allocation (RHNA) requirements and the increasing challenges developers face in securing funding for affordable housing projects, staff proposes amending the Municipal Code to allow an extended deferral of City-controlled development impact fees for affordable housing projects, for a maximum of one year past issuance of a certificate of occupancy or three years past issuance of the first building permit, whichever is earlier.

DISCUSSION

The proposed nonresidential fee deferral amendment is intended to incentivize affordable housing development by postponing the payment of impact fees for an extended period, allowing developers the ability to reallocate funding to better address immediate project needs and construction costs. To ensure that the program assists with the type of targeted development projects (i.e., housing projects consisting of three or more affordable housing units) and that the City is appropriately insulated from risk, qualifying projects must meet the following requirements:

1. Projects shall consist of 100 percent affordable units;
2. Projects shall comply with the City's Objective Design Standards;
3. Property owners shall agree to enter into an Affordable Housing Agreement;
4. Property owners shall agree to enter into a promissory note for the deferred fee amount that is secured by a deed of trust and/or other acceptable security interest; and
5. Applicants shall follow all other requirements of Section 4.04.040, including paying a fee and interest.

No additional changes to the existing nonresidential fee deferral program are proposed and the development impact fees eligible for deferral will not change with this amendment. These fees include, but are not limited to:

- Fire Service Construction Tax Fee Equivalent (Development Agreements)
- Public Facilities Fee
- Local Sewer Fee
- Sewer Special Benefit Area
- Water Connection Fees (domestic & irrigation)
- Water Pressure Zone
- Traffic Mitigation Fee
- Solid Waste Fee
- Electric Backbone Fee
- Air Quality Program Fees

To provide the City with the most flexibility to negotiate mutually beneficial agreements, nonresidential fee deferral proposals (past occupancy) will be reviewed on a case by case basis to determine the appropriate administrative processing fees, maximum loan amount, and market interest rate charged on the deferred fees. All future agreements above \$100,000 will require a public hearing, Council approval and consistency with the requirements noted above.

FISCAL IMPACT

The nonresidential fee deferral program will result in an increase in staff time. However, administrative processing fees and interest will be charged to cover these costs, resulting in a minimal fiscal impact on the General Fund. In addition, the proposal incentivizes affordable housing projects that bring additional construction jobs and helps the City achieve the job housing balance necessary to support the community.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

ATTACHMENT "A"

§ 4.04.040 Nonresidential development impact fee deferral.

- A. Deferral of nonresidential development impact fees \$100,000.00 or greater shall require approval by the city council.
- B. Deferral of nonresidential development impact fees less than \$100,000.00 may be approved by the city manager or designee.
- C. Deferred nonresidential development impact fees shall be paid prior to the issuance of a certificate of occupancy, or final approval of a building permit if no certificate of occupancy is required.
- D. Any request for deferral of a nonresidential development impact fee shall be accompanied by payment of an administrative fee as established by resolution and adopted by the city council, as amended from time to time. Additionally, city's lost interest income on deferred fees shall be paid prior to the issuance of a certificate of occupancy, or final approval of a building permit if no certificate of occupancy is required.
- E. Notwithstanding Section C above, for an "affordable housing project", deferred nonresidential development impact fees may be paid after the issuance of a certificate of occupancy, or final approval of a building permit if no certificate of occupancy is required, but in no event later than the earlier of: (1) one (1) year after the issuance of the first certificate of occupancy, or first final approval of a building permit if no certificate of occupancy is required, or (2) three (3) years after the issuance of the first building permit. For purposes of this section, an "affordable housing project" is defined as a residential multi-unit (three or more units) housing project that meets all of the following:

1. Provides one hundred (100) percent of the units, except any manager or caretaker units, as affordable units for low, very-low or extremely low income;
2. Complies with the City's Objective Design Standards;
3. Enters into an Affordable Housing Agreement (as defined in Section 19.28.110, as may be amended from time to time);
4. Enters into a promissory note for the deferred fee amount that is secured by a deed of trust and/or other acceptable security interest, and
5. Agrees to follow all other requirements of this Section 4.04.040.

COUNCIL COMMUNICATION

Title: Permit Center Remodel Construction Project – Capital Improvement Project
Approval and Budget Adjustment

Contact: Lori Crittenden 916-774-5707 lcrittenden@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.31.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council authorize the establishment of a new Capital Improvement Project, the Permit Center Remodel Construction Project ("Project"), and adopt an ordinance to approve a budget adjustment appropriating \$1,000,000 from the General Fund Capital Reserve Fund to the Project for remodel of the Permit Center lobby including design, construction, and security upgrades.

BACKGROUND

This Project provides funding to construct a needed security renovation to the Permit Center. The Permit Center lobby and counter is a critical point of vulnerability for the Civic Center, and Permit Center staff have experienced threatening behavior from individuals aggrieved with the City. It is also the only remaining public counter in the building without access controls and ballistic barriers.

In May of 2022, the Roseville Police Department conducted a threat assessment of the Permit Center lobby and identified a number of improvements recommended to reduce risk to staff and prevent unauthorized access to the secured areas of the Civic Center. Various shorter-term improvements were made in response to the assessment recommendations, including controlling access points to the Permit Center, a remote locking mechanism for the Permit Center main entry doors, security cameras, and other measures. However, more significant improvements were also identified, including secured entry doors from the lobby to employee-only areas behind the counter and a ballistic barrier. The proposed project would implement these recommendations. In addition to providing critical security enhancements, the renovation will provide additional secured floor space to meet the space needs of the Development Services Department.

FISCAL IMPACT

A budget adjustment in the amount of \$1,000,000 is being requested to fully fund the design and construction of the Permit Center Remodel. Funding for the Project will come from available

resources in the General Fund Capitol Reserve Fund.

ENVIRONMENTAL REVIEW

The proposed project involves the minor alteration of an existing facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

ORDINANCE NO. 6819

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2023-24, is hereby amended as listed on the attached budget adjustment for the Permit Center Remodel Construction project.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: Permit Center Remodel Construction Project – Capital Improvement Approval and Budget Adjustment

Project Location(s): 311 Vernon Street, Roseville, California 95678 (APNs 013-124-017-000, 013-124-018-000, 013-124-022-000, and 013-124-023-000)

Project Description: This project requests a budget adjustment appropriating \$1,000,000 from the Public Facilities Fund to the project for a remodel of the Permit Center lobby including design, construction, and security upgrades. The upgrades would be built out within the existing building, involving the movement of walls, electrical components, plumbing, and other systems. The project enable staff to better serve customers in the Permit Center and would not result in any increase in new or unplanned growth.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Public Works Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the ...minor alteration of existing public...structures, facilities, [or] mechanical equipment...involving negligible or no expansion of existing or former use.... Examples include but are not limited to: (a) Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances..."

The project is confined to within the existing Civic Center and on City property and would not result in expansion of use. No environmentally sensitive resources are located within any of the properties; therefore the Class 1 exemption is applicable to the proposed project.

File #: 0900-02 & 0201-01

Title: Aquifer Storage and Recovery Wells Design Project - Professional Design Services Agreement Amendment and Budget Adjustment
Contact: Janice Gainey 916-774-5535 jrgainey@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.32.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

1. Adopt a resolution to approve a second amendment to the professional design services agreement with Carollo Engineers, Inc. for the Aquifer Storage and Recovery Wells Design Project, and authorize the City Manager to execute it; and
2. Adopt an ordinance to approve a budget adjustment of \$1,846,086 from available resources in the Water Construction Fund to fully fund the project.

BACKGROUND

The objective of this project is to support Roseville's groundwater program by designing Aquifer Storage and Recovery (ASR) wells that will diversify Roseville's water supply and ensure the City's water supply reliability is optimum to meet the needs of our customers and provide the foundation for a thriving economy.

After a competitive proposal process, a professional design services agreement was awarded to Carollo Engineers on April 1, 2020, for design and engineering support during construction for ASR wells.

On January 19, 2022, an amendment to Carollo's contract (Amendment 1) was approved to provide design of water treatment facilities to address water quality related to the presence of iron and manganese compounds in ground water at the Westbrook (Well 9) and Solaire (Well 18) facilities. Amendment 1 also increased the scope of work to provide support of Programmable Logic Controllers (PLC) programming and Supervisory Control and Data Acquisition (SCADA) system integration.

The original contract proposal included the design of two wells: Westbrook and Solaire. The proposal also included optional scope and fees to provide additional design services and engineering services during construction for up to four additional wells. These services were described as optional Task 10 in Carollo's proposal. This Second Amendment will authorize these services for two ASR wells: Campus Oaks (Well 13) and Misty Wood (Well 19).

Environmental Utilities is requesting additional Carollo scope for PLC and SCADA system programming and SCADA system integration on the Campus Oaks and Misty Wood wells to be

included in their Contract Second Amendment.

FISCAL IMPACT

The requested budget adjustment of \$1,846,086 for the Aquifer Storage and Recovery Wells – Design project will be funded from available resources in the Water Construction Fund. This amount will cover the amendment with Carollo Engineers, Inc. (\$1,771,086) and additional estimated City staff labor expenses (\$75,000), bringing the new project budget to \$6,369,033.

ENVIRONMENTAL REVIEW

Implementation of the proposed project was previously evaluated in the 2012 ASR Program Final EIR (State Clearinghouse No. 2009072018) certified by City Council on March 29, 2012. The proposed project is consistent with the scope of the project covered by the 2012 ASR Final EIR. All applicable mitigation measures from the ASR Program Final EIR will be implemented during the design and construction of the project and consequently no additional CEQA review is required for design and construction approval.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Description

Resolution 24-151

Carollo Second Amendment

Ordinance 6817

RESOLUTION NO. 24-151

APPROVING A SECOND AMENDMENT TO PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND CAROLLO ENGINEERS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a Second Amendment to Professional Design Services Agreement for the Aquifer Storage Recovery Well and Pump Station project, by and between the City of Roseville and Carollo Engineers, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said second amendment is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

**SECOND AMENDMENT TO
PROFESSIONAL DESIGN SERVICES AGREEMENT**

Aquifer Storage Recovery Well and Pump Station Project

THIS SECOND AMENDMENT TO PROFESSIONAL DESIGN SERVICES AGREEMENT is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“CITY”), and Carollo Engineers, Inc., a Delaware corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into a Professional Design Services Agreement dated April 1, 2020, and amended on January 19, 2022 (“Agreement”) regarding the design, construction, and installation for the Aquifer Storage Recovery Well and Pump Station Project (“Project”);

WHEREAS, CITY desires to amend the Agreement to include additional services as described in CONSULTANT’s letter/proposal dated April 24, 2024, which is attached hereto as Exhibit “A” and incorporated herein by reference; and

WHEREAS, CONSULTANT is willing and able to provide such additional services; and

NOW, THEREFORE, the parties agree as follows:

1. CONSULTANT shall provide additional services as described in Exhibit “A” of this Second Amendment to Agreement.

2. Section 2 of the Agreement is amended by adding an additional paragraph to read as follows:

“CITY shall pay one million, seven hundred seventy-one thousand eight-six dollars (\$1,771,086), in consideration of the additional services as set forth in Exhibit “A” to the Second Amendment to Agreement. This brings the total not to exceed contract amount to six million three hundred sixty-nine thousand thirty-three dollars (\$6,369,033).”

3. The Agreement is amended by adding an additional paragraph for compliance with AB334 to read as follows:

“27. Public Contracts: Conflicts of Interest. CONSULTANT’s duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY’s preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT’s participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.”

4. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Second Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20 __, and CONSULTANT has caused this Second Amendment to Agreement to be executed.

EXHIBIT “A”

AMENDMENT NO. 2 SCOPE OF SERVICES

**City of Roseville
Environmental Utilities Department
Professional Design Services Agreement - Aquifer Storage and Recovery Wells Project
April 24, 2024**

PURPOSE

This Amendment 2 is to describe additional services to be provided by the Carollo Engineers consultant team to support the Aquifer Storage and Recovery (ASR) Wells Design Project.

This amendment incorporates two additions to scope of the Original Contract:

- Task 10. This task was identified in the original project proposal as “optional” and provided a scope and fee for Detailed Design and Engineering Services During Construction (ESDC) for four additional wells. This amendment would authorize this scope for two of the four originally contemplated additional wells; Well 13-Campus Oaks and Well 19-Misty Wood.
- Task 13. This is a new task to provide PLC and SCADA programming for the two additional wells identified in task 10.

TASK 10 DETAILED DESIGN AND ENGINEERING SERVICES DURING CONSTRUCTION FOR CAMPUS OAKS AND MISTY WOOD WELLS

TASK 10 - PURPOSE

This additional scope was considered and described in the original proposal as Optional Task 10 - Detailed Design and Engineering Services during Construction (ESDC) for four (4) additional wells. Amendment 2 authorizes detailed design and ESDC services for the first two (2) of four (4) additional well sites (Campus Oaks and Misty Wood) as defined in Optional Task 10.

TASK 10 - BACKGROUND AND CONSIDERATIONS

As part of Environmental Utilities’ long-term water supply planning, six (6) sites were identified for well installations enabling the City to implement the conjunctive use of surface and groundwater to enhance water supply reliability. The new well facilities were to be constructed with the capability for groundwater extraction and surface water injection. This conjunctive use feature of the wells is more broadly termed Aquifer Storage and Recovery (ASR).

In April 2020 Carollo was awarded a Professional Design Services Agreement for Design and ESDCs for this project.

The approach and scope of services outlined in the original proposal identified the scope of services for the first two wells as “Package 1” and included the Westbrook (Well 9) and Solaire (Well 18) ASR wells. An optional task (Task 10) described the scope of services for four additional wells and described this as “Package 2”. This Amendment will split Package 2 into two parts. Package 2 will now consist of the scope of services for just two (2) wells; Campus Oaks (Well 13) and Misty Wood (Well 19). A future Package 3 is anticipated to provide scope of services for the final two wells.

TASK 10 - SCOPE

The scope of work for this Amendment 2 will be as described in Optional Task 10 from the original contract which is attached to this Amendment (Attachment A), with the exception that it is for two wells instead of 4. An outline of that scope is included here with full details included in the original contract.

TASK 10 – Detailed Design and ESDC for 2 Additional Wells (Campus Oaks and Misty Wood). Under this optional task detailed design and ESDC will be performed for the 2 additional wells previously implemented through the PDR phase. It is assumed that the detailed design of these 2 well sites (Package 2) will be similar in concept to the previous Package 1 well designs, with minor modifications to account for well and site characteristics only.

TASK 10.1 - CONSTRUCTION DOCUMENTS

Under this task Carollo will further develop sets of detailed design drawings and construction specifications for this project: one for construction of each of the 2 additional ASR well sites.

TASK 10.2 - ASSIST CITY IN OBTAINING NECESSARY PERMITS

Under this task Carollo will further assist the City with determining what permits and agency authorizations are required for the 2 additional ASR wells.

TASK 10.3 - ENGINEERING SERVICES DURING CONSTRUCTION (PACKAGE 2)

Under this task Carollo will further provide engineering services during construction (ESDC) associated with the 2 additional ASR wells.

TASK 10 - COST

The original budget for design and ESDC of the next 4 wells was a total of \$2,514,546.40. and was to occur from 2020 to 2021. Since the services provided under this amendment will be for the first 2 of the 4 additional well sites, the authorized budget will be for half of the optional Task 10, or \$1,257,273.20. It is now anticipated that a Design-Assist Contractor will be given notice to proceed (NTP) in the third quarter of 2024, and construction will be complete by the end of 2025 or early 2026. It is proposed that the cost for design and ESDC services for the first 2 additional wells be increased due to inflation and based on a mid-point of construction in mid-2025 and a 5.5% per year inflation rate to \$1,476,342.00. These costs are effective until January 2026. .

Costs for Task 10 are detailed in the attached fee proposal, **Attachment B**. Costs will be billed monthly on a time and materials not-to-exceed basis. Hourly rates are as shown in the attached Fee Schedule, **Attachment C**.

TASK 10 - SCHEDULE

The schedule of completion for the work described in this base scope of services is approximately 18 months from the Notice to Proceed.

TASK 13 PROGRAMMING SERVICES FOR CAMPUS OAKS AND MISTY WOOD WELLS

TASK 13 – PURPOSE

This additional Task 13 scope is described below as programming services to support the City during the construction phase of Campus Oaks and Misty Wood Wells.

A description of the scope of work for each of these tasks is provided below. Task numbers have been selected to align with and be in addition to existing project scope Tasks 1-12.

TASK 13 – BACKGROUND CONSIDERATIONS

Addendum 1 to the original proposal included a Task 12 which included the HMI (SCADA) programming for Westbrook and Solaire wells. This Addendum 2 includes the addition of Task 13 and described in the scope of work below and includes the PLC and HMI (SCADA) programming for the Campus Oaks and Misty Wood wells.

GLOSSARY OF TERMS AND CONDITIONS

- *Commissioning Coordinator (CC)* – Commissioning Coordinator is provided by the General Contractor in accordance with Section 46_08_17 (Commissioning) and shall have the responsibilities described therein.
- *Complete End-to-End Testing (CEET)* – After the Electrical Contractor has "fully completed and submitted all loop drawings to the ENGINEER for review and acceptance" and the instrumentation and control system contractor (ICSC) has completed the control system "Installation Testing", the PROGRAMMER will go to the field and load the Programmable Logic Controller (PLC) program for testing. In addition, the PLC is connected to the AWTF PLC network at this time for hard wire end to end test only. During the CEET, signals are tested through the PLC program, the AWTF PLC network, and all the way to the operator's AWTF SCADA graphic screens.
- *Contractor (GC)* – To be determined.

- *City* – City of Roseville
- *Electrical Contractor (EC)* – To be determined.
- *Engineer* – Carollo Engineers, Inc.
- *Factory Acceptance Test (FAT)* – Test components, devices, and equipment/system for proper performance at point of manufacture or assembly before shipping to the site. Also referred to as Source Testing.
- *Final Completion* – All punch list items including any programming fine tuning has been completed.
- *Functional Test (FT)* – After CEET and the Contractor's Manual Equipment Testing, the FT will be performed by the PROGRAMMER with assistance (full-time) from the Contractor. Some OWNER assistance shall also be required. Construction inspection staff shall witness the tests. The purpose of the FT is to verify the proper operation of all PLC control logic and its interaction with field equipment and devices. Feedback control loops will also be tuned at this time.
- *Human Machine Interface (HMI)* – A software application that presents information to an operator or user about the state of a process, and to accept and implement the operators control instructions. Typically, information is displayed in a graphical format.
- *Instrumentation and Control System Contractor (ICSC)* — Subcontractor who specializes in the design, construction, fabrication, software development, installation, testing, and commissioning of industrial instrumentation and control systems. The PLC programming will be provided by Carollo.
- *Local Operator Interface (LOI)* - Local Operator Interface is an operator interface device consisting of an alphanumeric or graphic display with operator input functionality. The LOI is typically a flat panel type of display mounted on the front of an enclosure with either a touch screen or tactile button interface.
- *Operator Interface Terminal (OIT)*: PC-based interface device used for operator interface with the SCADA system.
- *PCM* – Process Control Module
- *PLCs* – Programmable Logic Controllers
- *Programmer* – Carollo - Engineer's programming services group who will complete the services defined herein.
- *SCADA* – Supervisory Control and Data Acquisition
- *Substantial Completion* – Treatment process and programming is capable of producing water that meets the Project requirements. Because the OWNER receives beneficial use of the facility, the Warranty Period begins following Substantial Completion.
- *System Integrator* – Carollo
- *Vendor Packages* – Any manufacture supplied equipment and/or systems.
- *VPN* – Virtual Private Network.

SCOPE DEVELOPMENT CRITERIA

This Programming scope of work is based upon the following requirements, work by others and the listed assumptions based on the Draft 90% Design and Specifications (November 2021):

1. HMI Programming for 138 hard-wired I/O and 60 soft I/O
2. Development of approximately 20 +/- 5 SCADA screens
3. Trending of all analog I/O
4. Coordinate process control system development with Vendor supplied systems and Barton Water Treatment Plant.

The development of the PLC programming provided by Carollo includes the integration of four (4) vendor-supplied PLC control systems. To allow the Programmer sufficient time to develop their final PLC programs before the on-site Installation and FT tasks, the Vendors supplying the Sodium Hypochlorite, Fluoride, Sewer Lift Station, and Downhole Flow Control Valve systems shall provide the following to the Programmer no later than 70 days before the start date of the Vendor Factory Acceptance Test:

1. All "Final" PLC programs, completely tested, with full annotation and documentation.
2. A complete and "Final" I/O list provided in Excel format, with additional columns denoting all "send" and "receive" global data and PLC-PLC Interlocks (each interlock explained in a word document and/or flow chart).
3. A complete list of tags, which the Vendor requires, displayed on the plant-wide SCADA system matching the existing SCADA system format for tag naming and description (both tag naming conventions and descriptions will be discussed in the first mandatory programmer meeting).
4. All operating parameters, set points, alarm levels, historical data, and trending which the Vendors systems require being functions of the plant-wide SCADA system.

Assumptions – Contractor's Responsibilities

1. The Contractor shall be responsible for preparing formal testing and startup plans in accordance with the contract documents.
2. The Contractor shall be responsible for creating field signals and verifying proper operation of final control elements. It is assumed that full-time dedicated Contractor staff assistance shall be provided during the CEET. It has been assumed that the CEET will last two (2) days per well site.
3. The Contractor's Commissioning Coordinator (CC) shall be responsible for coordinating the work of the Contractor with the Programmer's programming and testing activities. The CC shall submit construction project schedules and startup plans to Carollo's Programmer for review and comment.

SUBTASK 13.1 Project Coordination

The purpose of this task is to provide ongoing project coordination, management, review of deliverables, and project meetings.

13.1.1 Project Management and Administration

All phases of the work will be managed under a single project management task for project execution, office administration, invoicing, coordinating work of the programming team, and coordinating and reporting on the progress of the project to the City.

Project Manager (PM) will assign labor resources for completion of project tasks, review work products, respond to City requests and concerns, and maintain communications with City staff to provide satisfactory completion of the work on schedule and within budget. Under this task, Project Manager will also prepare progress reports to send with monthly billing invoices.

13.1.2 Meetings. Carollo will schedule a project kick-off meeting and technical review meetings to facilitate dialogue between all project team members and to review schedule and coordination required between the ICSC and Programmer.

Coordination meetings with key staff will be scheduled as telephone conference calls.

We propose the following meetings during the design phases of the project:

- Kickoff Meeting (4 hours)
- Weekly Coordination Meetings (1/2 hour calls for 12 weeks)
- Programming Workshop (4 hours)
- Implementation Planning (2 hours)

Up to three additional miscellaneous project meetings (as required) averaging 2-hours each with the programming team's PM and Lead Programmer.

13.1.3 Quality Control/Quality Assurance. Carollo will provide quality control and quality assurance throughout project completion. This includes completion of a task to set up a system for tracking work progress and expenditures, per Carollo standard procedures. Carollo's PM will implement the completion of formal internal review procedures (which includes formal review by senior staff) prior to submittal of all project deliverables to provide an objective check on the adequacy of the design and related work products.

Task 13.1 Meetings (Note design-related meetings are described in the associated design tasks below)

- Kickoff Meeting
- Weekly Coordination Meetings
- Three additional project meetings throughout the project

Task 13.1 Deliverables

- Information Request Log Meeting agendas, presentation materials, handouts, and meeting summary notes.
- Monthly invoices.
- Monthly progress reports.

Task 13.1 Assumptions

- Project management fee is based on an overall project duration projection of 18 months.

- The level of effort for PM calls is based on weekly 1-hr conference calls between Carollo and the City's project manager, with other City staff invited by the City's project manager.
- The fee estimate for additional project meetings (3) assumes participation of two (2) Carollo team members for an average of two (2) hours per meeting.

SUBTASK 13.2 Programming Investigations

13.2.1 Engineering and Programming Investigations. Carollo will work with the City's staff to review the City's existing PLC programming standards that have been developed for Westbrook and Solaire. This effort should include review of the following:

- Control strategies
- PLC programming standards
- Approach to template development

Carollo's PM will develop an Information Request Log, which will be updated and shared with the City regularly to facilitate ongoing collection of data/information and on-schedule completion of the work.

Task 13.2 Assumptions

- City will provide Carollo's Programmer with their existing programming standards and template PLC and HMI files.
- This Programming Investigations task was completed for HMI development during the programming effort for the Westbrook and Solaire Wells and is not required for the Misty Wood and Campus Oaks project.

SUBTASK 13.3 Process control software development

Carollo will provide PLC and HMI programming for the two wells sites, Campus Oaks and Misty Wood, using the City provided templates as outlined in Task 12 , Westbrook and Solaire, as a starting point. The programming for the HMI and PLC will follow the P&IDs and process control narratives developed by Carollo for this project.

13.3.1 Configure Hardware and Software Carollo's programmer will install and configure the PCS software for the local pump room OIT and main electrical room PLC at the well sites.

13.3.2 PLC Programming Carollo's Programmer will develop the process logic programming for two (2) new Modicon M340 PLCs supplied by the Contractor under the instrumentation and controls sections of the specifications.

PLC code will include program documentation and comments in accordance with project programming standards. Programmer will provide annotated function blocks to assist with future adjustments/troubleshooting of the program.

Programmer will perform the SCADA and PLC monitoring and control functions defined in the applicable control strategies in the Construction Contract Documents.

Programmer will not be responsible for the programming of PLCs provided by packaged system vendors; this shall be the responsibility of the Contractor's suppliers.

PLC's provided by vendors of packaged systems will be integrated into the SCADA system by Carollo's Programmer. This will require coordination of programming work between Programmer and the vendors. The vendors shall be responsible for all logic in their respective PLCs, and they shall be required to define the PLC registers in their PLCs that will allow remote starting and stopping of their systems, monitoring of data for display, alarming, event logging, trending, etc., and any other functions as required by the Construction Contract documents.

Other equipment vendors that will have local control panels or digital interfaces that must interface with the SCADA/PLC system in a special way. Programmer will coordinate with the equipment suppliers to provide proper control functionality between their equipment and the SCADA system.

Carollo's Programmer will coordinate the HMI and PLC interfaces with these equipment suppliers. This will require vendor coordination meetings, review of equipment submittals, and exchange of technical information. Carollo's Programmer will submit RFIs to the Construction Manager for transmittal to the Contractor, as needed.

13.3.3 HMI Programming Carollo's Programmer will configure / program the SCADA operator interface system to incorporate new signals and graphic screens per the project process and instrumentation drawings. Programmer will develop HMI graphic screens to provide monitoring and control of equipment connected to the PLCs.

Carollo's programmer will develop HMI screens to conform with the programming standards as reviewed during the software standards workshop.

Carollo's Programmer will review all HMI screens with OWNER staff prior to installation and startup. Programmer will incorporate all comments, revisions and changes provided by the City staff into the final configuration of the SCADA application software.

Carollo's Programmer will provide data tags for inclusion by the City into the existing Historian. City Staff shall perform all configuration and testing of the new historical data added to the existing historian.

Programmer will create and test a total of ten (10) trend screens based on decisions made with the City's Staff during the Software Coordination Meeting.

13.3.4 Implementation Planning Carollo's Programmer will coordinate with the City's SCADA staff and ICSC to facilitate a software implementation meeting to go over factory test and field-testing procedures.

Task 13.3 Meetings

- PLC Programming Coordination Meetings
- Programming Workshop
- Implementation Planning

Task 13.3 Deliverables

- PLC Programs
- HMI programs for well sites

- Implementation Plan

Task 13.3 Assumptions

- ICSC will procure and install all hardware relating to the PCS.
- ICSC will provide all PLC programming related to the well sites and work with Carollo's programmer during testing and startup activities.
- ICSC will deliver the PLCs and OITs to Carollo's programmer 8 weeks prior to the scheduled FAT for configuration, programming, and testing activities as outlined in this scope.
- The City will provide all software licenses required for the OITs.
- The City will provide programming standards and HMI templates to Carollo's Programmer for use.
- Carollo is not responsible for programming or testing any vendor system OITs.

SUBTASK 13.4 Acceptance Testing

13.4.1 Internal Software Test Carollo's Programmer will test all control strategies with the associated PLC and HMI programs to validate the control logic and corresponding graphical interface prior to installation.

13.4.2 Factory Acceptance Test Carollo's Programmer will attend the PCS control panel FAT at ICSC's facility.

Task 13.4 Deliverables

- Test Forms

SUBTASK 13.5 Installation, Testing, Startup, and Commissioning

Under this task Carollo will coordinate onsite installation, testing, startup, and commissioning with the City's staff.

13.5.1 Onsite Installation Carollo's Programmer will coordinate the installation of the Computer Control Systems, PLC programs, and HMI software applications with City SCADA staff.

13.5.2 Complete End-to-End Testing (CEET) Carollo will work with the Contractor to provide CEET of instrumentation devices and subsystems as specified in Section 17950. Prerequisite for the instrumentation devices and subsystems loop check/validation installation tests is the submission of all loop drawings for review and approval and the ICSC's completed control system installation. The instrumentation devices and subsystems CEET will occur only after the Contractor has submitted certified test reports that all field wiring has been tested and verified against the loop drawings. During the CEET, signals are tested through the PLC program, network, and to the OIT.

The CEET will be performed by the Programmer and Contractor working together, with assistance from the City and/or the inspection staff, as needed. Carollo's Programmer will provide staff to verify input signals at, and create output signals from, the SCADA system.

Carollo has included no more than three (eight hour) days per well site for completion of the CEET.

13.5.3 Functional Testing (FT) The purpose of the FT is to verify the proper operation of all PLC control logic and its interaction with field equipment and devices. Carollo will perform FT following the completion of CEET and the Contractor's testing of the manual operation of equipment. The FT will be performed by Carollo.

Task 13.5 Deliverables

- Test Forms

Task 13.5 Assumptions

- Loop validation testing will be completed by the Contractor and approved by the City prior to testing activities outlined in this task.
- Contractor, ICSC, and City Staff will assist Carollo's programmer for the testing activities outlined in this task.
- ICSC will perform all process startup and commissioning tasks.
-

13.5.4 Process Startup and Commissioning The process startup will verify that the performance meets the contract document requirements. The process startup includes control loop tuning, individual process area startups followed by facility-wide process startup.

Once the performance tests have been verified, the Process Operational period begins. The Process Operational Period is a 30-day performance test to prove the facility conforms to the contract document requirements. Carollo's programmer will be available on an as needed basis during this period.

SUBTASK 13.6 Final Documentation and Follow-Up Services

13.6.1 Operation and Maintenance (O&M) Manuals Carollo will provide the following as part of the O&M Manuals:

1. CEET and FT results
2. SCADA system hardware and software

Electronic copies of the individual O&M sections listed above will be delivered to the Contractor for incorporation into the overall project O&M manual.

13.6.2 Warranty Period Services Carollo will provide the following Warranty Period Services:

1. On-call, dial-in adjustments during the 1-year warranty period following substantial completion of the construction contract.
2. Attempt to troubleshoot the problem over the telephone to determine the cause and whether the reported problem is covered under warranty services.

3. If the problem is covered under warranty services, Carollo's Programmer will determine the cause, determine what repairs or corrections are necessary, and perform necessary work.
4. Provide on-site staff to perform software repairs. Carollo's Programmer will generally require one to two (1-2) working days' notice to perform on-site repairs. However, for serious problems that disrupt treatment operations, the Programmer will make every reasonable effort to arrive on site as soon as possible after notification of the problem.
5. If the Programmer believes a reported problem is not covered under Warranty Services, the Programmer will promptly notify the City. The City will then either obtain repairs through other means or direct the Programmer to proceed with repairs.
6. The City's Staff and Programmer will attempt to mutually determine and agree if a reported problem is covered by Warranty Services

Note: Warranty Services do not cover equipment, materials, services, or software provided by others. Warranty Services do not include equipment damage caused by misuse, accidental damage, electrical surges, or other events outside the control of the Programmer. Warranty Services do not include work performed by the City or by the Contractor and others hired by the City. The reloading of programs, software files and configuration parameters that becomes necessary due to the failure of equipment provided by others or the negligent acts of others (i.e., not the Programmer) is not covered by the warranty.

Task 13.6 Deliverables

- O&M Manual

TASK 13 - CITY STAFF ASSISTANCE

City staff is expected to provide the following services:

- Attend all coordination meetings, construction meetings, and conference calls. Coordinate with interested City departments for attendance as required.
- Provide review of PLC program to be installed at the well sites.
- Provide review of HMI program to be installed at the well sites.
- Participate in and attend meetings with the project team to discuss issues, concerns, opportunities, and challenges.

TASK 13 - COST

A Design-Assist Contractor will be given notice to proceed (NTP) in the third quarter of 2024, and construction will be complete by the end of 2025 or early 2026.

Costs for this programming scope of services are detailed in the attached fee proposal, **Attachment B**. Costs will be billed on a monthly basis on a time and materials not-to-exceed basis. Hourly rates are as shown in the attached Fee Schedule, **Attachment C**.

ORDINANCE NO. 6817

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2023-24, is hereby amended as listed on the attached budget adjustment for Aquifer Storage and Recovery Wells Design project.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

PASSED AND ADOPTED by the Council of the City of Roseville, this

FUND BALANCE

ACCOUNT STRING				BUDGET (\$)	DESCRIPTION
Fund	Account	Center	Project	Adjustment	
6120	3601	00000	000000	(1,846,086)	Decrease available resources in the Water Construction Fund (6120)
	3601	00000	000000		
	3601	00000	000000		
	3601	00000	000000		
	3601	00000	000000		
	3601	00000	000000		
FUND BALANCE TOTAL				(1,846,086)	

Justification for Budget Adjustment:

The Aquifer Storage and Recovery (ASR) Well - Design project (500155) requires a Second Amendment with Carollo Engineers for \$1,771,086. The budget adjustment will add additional services to be provided by Carollo Engineers, Inc. as described in the original proposal as Optional Task 10 - Detailed Design and Engineering Services during Construction (ESDC) for four (4) additional wells. This Second Amendment authorizes detailed design and ESDC services for the first two (2) of four (4) additional well sites (Campus Oaks and Misty Wood). In addition, the amendment adds scope for additional PLC and SCADA programming and secondary labor expenses of \$75,000. The existing project budget currently is \$4,825,000, this budget adjustment would bring the new Project Budget total to \$6,671,086.

COUNCIL COMMUNICATION

Title: Second Reading - Roseville Municipal Code Amendment - Solar Buyback Rate
Contact: Joanna Cucchi 916-746-1609 jcucchi@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.33.

RECOMMENDATION TO COUNCIL

ORDINANCE NO. 6820 AMENDING SECTION 14.24.051 OF THE ROSEVILLE MUNICIPAL CODE REGARDING ELECTRICAL ENERGY, for second reading and adoption.

BACKGROUND

When drafting the council communication for ordinance 6820, the current version of Roseville Municipal Code 14.24.051 was redlined, although it was earmarked for revision in Ordinance 6810. On May 1st, 2024, City Council adopted Ordinance 6810 which approved the amendments to Section 14.24.051 of the Roseville Municipal Code concerning the effective dates and rates shown in #8 of Section 14.24.051 of the redlined attachment.

Additionally, although the effective date of July 6, 2024 for the new solar 2.0 buyback rate was presented to City Council during the first reading of the ordinance on May 15, 2024, it was inadvertently left out of the Roseville Municipal Code text. Although the effective date would be July 6 regardless, staff would like the date included in the text of the Roseville Municipal Code, #5 in Section 14.24.051.

FISCAL IMPACT

There is no fiscal impact to clarifying edits to the Roseville Municipal Code.

ENVIRONMENTAL REVIEW

Not applicable.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Respectfully Submitted,

Joanna Cucchi, Electric Utility Financial Administrator

Daniel Beans, Electric Utility Director

Title 14. Public Utilities

Chapter 14.24. ELECTRICAL ENERGY

§ 14.24.051. Customer-owned solar and wind electric generation rates.

- A. Net Metering Rate. For solar, wind, and/or solar/wind hybrid electric generation located on the premises of the end user customer-generator, where the customer-generator's own electricity demand is located, interconnected behind the electric meter of record:
1. Net metering is available for solar, wind, and/or solar/wind hybrid electric generation systems, where the generating system meets no more than 100 percent of the customer-generator's annual energy (kWh) usage but is less than or equal to 1,000 kW, as defined in Roseville Electric Rule 21 standards for interconnection.
 2. The solar and/or wind electric generating system must operate in parallel with the city's electric utility system, and designed to offset part of but no more than 100 percent of the customer-generator's meter of record total annual kilowatt-hour electric load.
 3. All eligible customer-generators receiving service under net metering rates shall pay all applicable electric monthly basic service charges and other charges identified by state law and/or city ordinance as a mandatory charge according to the terms and conditions of the rate which the customer-generator would be assigned to, or be eligible for, if the customer-generator was not an eligible customer-generator over a normal billing cycle.
 4. The net metering solar, wind, and/or solar/wind hybrid electric generation rate on billings shall be as follows:
 - a. For all net metering customer-generators, any net surplus kilowatt-hours generated during the previous billing cycle shall be carried over to the following billing period as a monetary value, calculated according to the customer-generator's applicable rate based energy charge. Net credit values will be offset by future energy charges or will appear as a net dollar based surplus energy value at the end of the customer-generator's annual period.
 - b. For eligible NM-1 customer-generators who are net generators at the end of their annual period, the net energy surplus compensation rate shall be applied to any net surplus kWh remaining.
 - c. Eligible customer-generators will receive compensation for the annual surplus as a credit applied toward the next annual period, unless the customer elects to receive surplus compensation by check.
 5. For all other net metering customer-generators, any monetary credits associated with net annual energy surplus generation at the end of the customer-generator's annual period shall have no value.
 6. All net metering customer generators will receive annualized billing, with any monthly credits valued at the applicable tariff energy value.

7. For energy payments due within any monthly billing period where an amount, or net amount, is due for energy consumption:
 - a. **NM-1 Net Metering Rate with Surplus.** The customer-generator has the option to pay any amount due for net energy consumption, or defer payment for net energy consumption until the end of the annual period, or cessation of city provided electric service.
 - b. **All Other Net Metering Customers.** The customer-generator must pay any amount due for net energy consumption upon receipt of the monthly bill.

8. **Net Metering Rate with Surplus (NM-1).** The NM-1 rate applies to residential customer-generators and small non-residential customer-generators with a maximum yearly demand (kW) of 10 kW or less. Annual net surplus kWh for these eligible customer-generators shall be valued using the net surplus energy compensation rate. Effective on electric service utility billings generated on or after:

a. January 1, 2024~~17~~, the net surplus energy compensation rate shall be \$0.~~11760931~~ per kWh energy charge.

~~a.~~ b. January 1, 2025, the net surplus energy compensation rate shall be \$0.1469 per kWh energy charge.

- B. **Roseville Solar 2.0 Rate.** For eligible renewable generation such as solar, wind, and/or solar/wind hybrid electric located on the premises of the end user customer-generator where the customer-generator's own electricity demand is located, interconnected behind the electric meter of record:

1. Roseville solar 2.0 is available where the generating system meets no more than 100 percent of the customer-generator's annual energy (kWh) usage but is less than or equal to 1,000 kW, as defined in Roseville Electric Rule 21 standards for interconnection.
2. The generating system must operate in parallel with the city's electric utility system, and be designed to offset part of, but no more than 100 percent, of the customer-generator's meter of record total annual kilowatt-hour electric load.
3. All eligible customer-generators receiving service under the Roseville solar 2.0 rate shall pay all applicable electric monthly basic service charges and other charges identified by state law and/or city ordinance as a mandatory charge according to the terms and conditions of the rate which the customer-generator would be assigned to, or be eligible for, if the customer-generator was not an eligible customer-generator over a normal billing cycle.
4. The Roseville solar 2.0 rate on billings shall be as follows:
 - a. All energy (kWh) delivered and received after the customer-generator serves its own instantaneous load shall be measured by a multi-register meter.
 - b. The customer-generator will be billed consumption charges for the energy delivered to the customer by Roseville Electric Utility, based on the customer's applicable rate.
 - c. In the event the energy generated by the customer exceeds the energy consumed, Roseville Electric Utility will receive that energy and the customer will receive a credit which shall be compensated at the surplus energy compensation rate.
 - d. The customer-generator must pay any amount due for energy consumption upon receipt of the monthly bill.
5. **Roseville Solar 2.0 Rate.** The Roseville solar 2.0 rate applies to eligible customer-generators. Monthly customer generated kWh received by the utility shall be compensated at the surplus energy compensation rate:
 - a. July 6, 2024, ~~t~~he surplus energy compensation rate shall be \$0.~~06910-0598~~ per kWh. This rate is subject to revision by the city council as energy prices and system requirements change.

- C. For customer-generators where the generating system is over 1,000 kW, the surplus energy compensation rate will be determined on a case-by-case basis.

- D. The customer must comply with conditions and terms set forth by the city and Roseville Electric Rule 21 requirements for safe and efficient interconnection with the city's electrical system.

COUNCIL COMMUNICATION

Title: HOUSING AUTHORITY/CITY COUNCIL - Quarterly Status Update 1st Quarter 2024
Contact: Danielle O'Connell 916-774-5277 doconnell@roseville.ca.us
Suzi Cook-Turner 916-774-5414 smcook-turner@roseville.ca.us
Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.34.

RECOMMENDATION TO COUNCIL

The City Council, acting as the Roseville Housing Authority Board, is not required to take any action on this item. This quarterly report is for informational purposes only.

BACKGROUND

Pursuant to the bylaws of the Roseville Housing Authority (RHA), the City Council, acting as the governing board for the Housing Authority, holds its quarterly meeting the first Wednesday of March, June, September, and December, or as soon as possible thereafter. Staff has prepared the following status report regarding lease-up activity for the Housing Choice Voucher (HCV) Program. The HCV Program provides income-qualified households in Roseville and Rocklin with rental assistance using funding from the US Department of Housing and Urban Development (HUD). This assistance is utilized at rental units that meet program specific housing standards, are owned by a willing property owner, and are within Roseville or Rocklin city limits. This rental assistance ensures that the household can afford to live in safe and decent housing. During the first quarter of 2024 there were 671 vouchers utilized in Roseville, 138 vouchers being utilized in Rocklin, and 7 in other jurisdictions (approved transfers out of the area) for a total of 816 families receiving rental assistance through RHA.

RHA continues to operate the very popular Landlord Incentive Program, implemented in April 2023. With limited rental inventory, this successful program has allowed RHA to house a record number of families and attract new owners to the program. RHA's HCV leasing success rate of 96% has impressed HUD's administration. Staff persists in looking for other ways to attract new and retain current property owners. A total of 19 new owners have signed up to participate in the HCV program and total of \$31,000 has been paid out in incentives to landlords.

RHA is authorized to provide 823 households with HCV rental assistance. RHA also has several special voucher programs including 41 Emergency Housing Vouchers (EHV) providing rental

assistance to individuals and families who are experiencing homelessness or at risk of experiencing homelessness; 75 vouchers allocated specifically for families on the waiting list with a head-of-household or partner that are non-elderly and disabled (NED vouchers) and 43 Mainstream vouchers assist households who have a non-elderly head of household or partner with a disability and are transitioning out of institutional or other segregated settings, are currently homeless, or at risk of becoming homeless.

In its efforts to expand affordable housing opportunities, Roseville Housing Authority continues to apply for additional vouchers and administrative fees when award or NOFA applications are made available from HUD to Public Housing Authorities (PHAs). RHA applied for additional Veterans Affairs Supportive Housing (VASH) vouchers and was awarded 15 additional vouchers in February 2024 which brings our total to 100 vouchers for veteran households that come via referral from the Veterans Affairs (VA) Department. Veterans receive case management from HUD VASH caseworkers which assist them with managing day to day life challenges, paperwork, and housing search. Close collaboration and communication with the VA and RHA has reduced the time in determining eligibility which allows the veteran to receive a voucher quickly and begin the process of finding a suitable unit.

In January RHA staff attended a Mandated Reporter Training through Kids First. Mandated Reporter Training helped RHA staff understand the child abuse reporting laws, their reporting responsibilities, and how to identify and report neglect, abuse, and maltreatment. Mandated Reporter Trainings provide mandated reporters with the knowledge, skills, and confidence needed for their mandated reporting responsibilities.

On March 11, 2024, RHA opened a Project-Based vouchers waiting list to accept preapplications. The list closed on the March 22 and the RHA received over 3,300 applications. The list will be used to fill 16 brand new project-based units and 8 renovated units that will be available for lease later this year. An additional 30 units are scheduled to come available in 2025. The list will also be used to fill PBV vacancies when a tenant vacates a PBV unit.

RHA is collaborating with Placer County Housing Authority (PCHA) in running our FSS programs and our shared Program Coordinating Committee (PCC). It is made up of Placer County agencies and businesses to assist the housing authorities in securing commitments of public and private resources for operation of the FSS program. The first quarter meeting of the PCC was exciting and productive with PCHA, Placer County, and RHA establishing an inter-agency referral process.

Each housing authority is required to be at least 95% leased-up for its voucher allocation or utilizing at least 95% of its annual budget authority to remain in compliance with HUD's requirements. The lease-up rate for a calendar year cannot exceed 100% of its allocation of vouchers (per voucher type), and/or 100% expenditure of its annual budget allocation for the program. Agencies leasing up or expending 98% or more of its allocated vouchers and/or budget can reach high-performing status. RHA continues to meet HUD program requirements for high-performing status through 100% expenditure of its annual budget allocation. The attached table provides a monthly summary of RHA's voucher programs for the first quarter of 2024.

FISCAL IMPACT

This Housing Authority Quarterly Status Report does not create any additional cost to the City's

General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Roseville Housing Authority Quarterly Report meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Goal D - Enhance economic vitality

Upcoming HCV program changes

The Housing Opportunity Through Modernization Act (HOTMA) was enacted in 2016 and will go into effect January 1, 2025. HOTMA affects public housing and Section 8 rental assistance programs and is intended to streamline the process and reduce burden on housing providers. The changes under HOTMA touch upon multiple areas, including standards for income determination, resident self-certification, and interim reexaminations.

Additional HOTMA resources for Public Housing Agencies (PHAs) administering public housing and Section 8 rental assistance programs can be found on **HUD.gov**.

The National Standards for the Physical Inspection of Real Estate (NSPIRE) is a new physical inspection protocol that has become the primary method for HUD physical inspections. HUD's stated purpose in developing and implementing a new inspection protocol is to move its inspections to a system that prioritizes health, safety, and functional defects over appearance to produce inspection results that better reflect the true physical condition of a property. The inspection standards for NSPIRE are outlined in a notice published by HUD on June 22, 2023.

Smoke Detector and CO Alarms: There is a new federal mandate on smoke detectors, to be implemented on December 29, 2024. All smoke detectors will be required to be hardwired OR of the sealed 10-year battery type. Remember that carbon monoxide, CO, alarms are also required for many properties. This would be an ideal time to go ahead and update to the combination smoke detector/CO alarms. This addresses both safety concerns and provides your residents with peace of mind.

2024 Healthy Homes Calendar Coloring Contest

Calling young artists from Kindergarten through 6th! HUD's Office of Lead Hazard Control and Healthy Homes (OLHCHH) is looking for artists around the country to participate in the 2024 Healthy Homes Calendar Contest. The 12 month calendar theme is *keeping your home healthy and safe!* We invite children to submit a drawing or picture following "8 Principles of a Healthy Home".

Entry deadline is August 15, 2024. For more information on how to submit your art entry, visit the 2024-Healthy-Homes-Calendar-Contest-Packet.pdf (icastusa.org).

COUNCIL COMMUNICATION

CC #: 3368
File #: 0202-01

Title: Annual Comprehensive Financial Report and Other Audit Reports for the Fiscal Year Ended June 30, 2023
Contact: Teri Quinlan 916-774-5316 tquinlan@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.35.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council receive five financial reports, along with four required auditor communication letters, for the fiscal year ended June 30, 2023. This item requires no Council action and is for information purposes only.

BACKGROUND

The following informational reports are included with this communication:

- City of Roseville Annual Comprehensive Financial Report (ACFR)
- City of Roseville Single Audit Report
- City of Roseville School-Age Child Care Report
- City of Roseville Independent Accountant's Report on Applying Agreed-Upon Procedures Related to the Article XIII-B Appropriations Limit for the year ended June 30, 2024
- City of Roseville Auditor Communication Letter
- City of Roseville Auditor Report on Internal Controls over Financial Reporting and Compliance and Other Matters
- City of Roseville Electric Fund Financial Statements
- City of Roseville Electric Fund Auditor Communication Letter
- City of Roseville Electric Fund Auditor Report on Internal Controls over Financial Reporting and Compliance and Other Matters

The City Charter requires that the City Council engage an independent certified public accounting firm to conduct an annual financial audit of the City. Lance, Soll, and Lunghard, LLP (LSL), a certified public accounting firm, conducted the audits of the City's financial statements for the fiscal year ended June 30, 2023. The City received an unmodified (clean) opinion on the ACFR. The ACFR conforms to generally accepted accounting principles and the latest applicable Governmental Accounting Standards Board (GASB) Statements. This report continues to reflect the financial stability and proper accounting practices of the City. In addition, the 2022 ACFR received the Government Finance Officers Association's (GFOA) Certificate of Achievement for

Excellence in Financial Reporting. GFOA awarded this certificate to the City for the 18th consecutive year and it is included in the 2023 ACFR.

A Single Audit is required for any non-federal entity that expends \$750,000 or more of federal awards during the non-federal entity's fiscal year. The Single Audit Report for the City includes the Schedule of Expenditures of Federal Awards, which reports that the City expended \$33,492,625. The Single Audit report reflects resolution of the one prior year audit finding and includes one new finding related to the City not preparing timely bank reconciliations. Staff agrees with the finding and by filling staff vacancies is working toward timely bank reconciliations.

Separately issued financial statements are required to be completed for the Roseville Electric Fund and School-Age Child Care Fund (also referred to as the Youth Development Fund) that detail activity in the current fiscal year and year-end balances. The School-Age Child Care Fund report includes one compliance finding to which staff has developed a correction action plan to address.

The California State Constitution Article XIII-B Appropriations Limit places limits on the growth of expenditures for publicly funded programs. The Independent Accountant's Report on Applying Agreed-Upon Procedures Related to the Article XIII-B Appropriations Limit for the year ended June 30, 2024 was performed to assist the City in meeting the requirements of Section 1.5 of the Article XIII-B which requires the annual calculation of the appropriations limit to be reviewed as part of an annual financial audit. There were no findings included in this year's report.

The auditor's letters to the City Council are additional communication required by audit standards which conveys that there were no difficulties encountered performing the audit or disagreements between the auditors and City staff. The letters also include information about significant estimates and footnote disclosures included in the financial statements.

The Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters is required communication that includes one finding regarding the City not preparing timely bank reconciliations. Staff agrees with the finding and by filling staff vacancies is working toward timely bank reconciliations.

FISCAL IMPACT

There is no fiscal impact as a result of these informational reports.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The financial reports meet the above criteria and are not subject to CEQA. No additional environmental review is required.

March 25, 2024

Honorable Mayor and Members of the City Council:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Roseville (City) for the fiscal year ended June 30, 2023. Article VII of the City Charter and federal and state law requires that the City issue an annual report on its financial position and activity, and that the report be audited by an independent firm of certified public accountants. The format and content of this ACFR complies with the principles and standards of accounting and financial reporting adopted by the Governmental Accounting Standards Board (GASB) and contains all information needed for readers to gain a reasonable understanding of the City's financial activities.

Management takes sole responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. The objective of internal controls is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The City's financial statements have been audited by Lance, Soll & Lunghard, LLP, Certified Public Accountants. The goal of the audit is to obtain reasonable assurance that the financial statements are free of material misstatements and are fairly presented in conformity with generally accepted accounting principles (GAAP). The City's auditors have issued an unmodified opinion on the City's financial statements for the fiscal year ended June 30, 2023. The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A), immediately following the independent auditors' report, provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

THE REPORTING ENTITY AND ITS SERVICES

Roseville is a charter city in the State of California. The City was incorporated on April 10, 1909 and operates under a Council-Manager form of government. The City Council, the City's political and legislative body, is empowered by the City's charter to formulate citywide policy, including a fiscal program, City services, and appointment of the City Manager and City Attorney. The City recently completed its transition from at-large City Council elections to district elections. There are five City Council members who are elected by district for staggered four-year terms, and the Mayor and Vice-Mayor are determined by rotation in sequential order of the five districts.

Residents of the City may assist the City Council in formulating government policy by serving on a City commission, committee, or board. The following commissions, committees, and boards act in an advisory capacity to the City Council:

- Board of Appeals
- Design Committee
- Economic Development Advisory Committee
- Grants Advisory Commission
- Library Board
- Local Sales Tax Citizens' Oversight Committee
- Parks & Recreation Commission
- Personnel Board
- Planning Commission
- Public Utilities Commission
- Senior Commission
- Transportation Commission
- Youth Sports Coalition

Roseville is a full-service City providing a full range of municipal utilities and services. These services include police; fire; parks, recreation and libraries; economic development and housing; planning; building and public facility inspection; engineering; streets; electric; water, wastewater and solid waste utilities; and general administrative services.

The ACFR presents the financial status of the City and its five component units:

- Roseville Finance Authority (Finance Authority)
- Roseville Natural Gas Financing Authority (RNGFA)
- City of Roseville Housing Authority (Housing Authority)
- Successor Agency to the City of Roseville Redevelopment Agency (Successor Agency)
- City of Roseville Other Post-Employment Benefits Trust (OPEB Trust)

Component units are separate legal entities included in this report due to significant operational or financial relationships with the City. The Finance Authority, RNGFA, Housing Authority, and OPEB Trust are separate legal entities from the City but have the same governing board. The Successor Agency has a governing board determined by State law that does not report to the City Council. RNGFA and the OPEB Trust issue separate component unit financial statements. Separate financial statements are not issued for the Finance Authority, the Housing Authority, or the Successor Agency.

LOCAL ECONOMY

The City of Roseville is the largest city in Placer County with a population of 152,928 as of January 1, 2023, an increase of 1,894 residents from the previous year. There is over 14,000 business within the City that sustained 80,543 jobs this past year. The overall local unemployment rate for the City of Roseville is at 3.9% and the median household income is \$109,018. The largest industry sector is health care and social assistance at approximately 15 percent. Retail businesses are second at approximately 14 percent. Rounding out the remaining top business sectors are food service, government, and construction.

The housing market in Roseville is very healthy, with consistent growth year over year. Currently, there are 60,543 completed housing units and the median home value is \$610,000, a decrease of 7.6% compared to the prior year.

BUDGET INITIATIVES

The 2024 budget completes funding for the planned 10-field Roseville Soccer Complex to strengthen the region's position in sports tourism. The complex will focus on a blend of local, regional and national tournaments to drive visitors to the community, while also playing a vital role in serving local sports clubs' and organizations' need for space designed and dedicated for this type of use. The groundbreaking for the Roseville Soccer Complex took place in June 2023. The complex will include 10 lighted artificial turf fields; two plaza areas with restrooms, picnic areas, and concessions; and a universally accessible playground. The fields will be available by reservation only and will host local team practices and games, and regional/national tournaments. The universally accessible playground will be open to the public, and the complex is expected to open in Spring 2025. The new \$63 million Roseville Soccer Complex is expected to draw significant sports tourism. The complex will add to Roseville's existing sports tourism amenities, including major aquatics, softball, volleyball, and basketball complexes. Youth sports have proven to be a recession-proof industry over time, as families take advantage of opportunities their children have at those ages.

The fiscal year 2024 budget also includes measures to reduce future pension costs and increase the funded status of its pension plans. This includes using \$4.6 million in one-time General Fund resources to participate in the CalPERS Additional Discretionary Payments (ADP) Option. The budget also includes a transfer of \$4.6 million from the General Fund to the Pension Reserve Trust Fund to act as a reserve against future pension cost increases. These measures are aimed at maintaining service levels during future economic downturns. Including the fiscal year 2024 transfer, the total amount of funds transferred to the trust is \$17.1 million.

LONG-TERM FINANCIAL PLANNING

The City has consistently planned its budgets with a focus on long-term sustainability. This is accomplished through financial policies and the establishment of several funds that serve to direct City revenues to long-term financial needs. This ensures that funding is available for needs as they arise. These funds include:

Operating Reserves: The City maintains an emergency reserve in its General Fund of 10 percent of operating expenditures. The City also maintains a stabilization reserve in its General Fund of 15 percent of operating expenditures, bringing the total operating reserve target to 25 percent of operating expenditures.

Federal Stimulus Reserve: The City established a temporary federal stimulus reserve for the City's allocation of the American Rescue Plan Act federal stimulus (2021 Coronavirus State and Local Fiscal Recovery Funds) until one-time expenditures or transfers to other City funds are approved over the remaining course of the pandemic. The federal stimulus funding must be obligated by December 31, 2024, and fully expended by December 31, 2026.

Rate Stabilization Funds: The Electric Department maintains a rate stabilization fund targeted at a minimum policy level of 40 percent of operating expenses. This allows the City time to react to major changes to the cost of electricity without having to impose an emergency rate increase. Rate stabilization funds are also used in the Environmental Utilities Department funds, Water, Wastewater, and Waste Services, to help ease the impacts of rate increases over a period of years.

Fleet Replacement Fund: The City funds the cost of replacement vehicles over the useful life of the vehicle. This ensures that money is available to keep the City's vehicle fleet operating properly and safely.

Strategic Improvement Fund: The City developed a fund that provides Council with resources that can be used for periodic, strategic investments on behalf of the City. This fund has been used to acquire land and construct improvements, primarily in redevelopment areas. This fund is included in the City's General Fund for financial reporting.

OPEB Trust Fund: The City established an irrevocable trust in fiscal year 2011 to address the City's long-term liability for post-retirement health benefits and transferred \$34 million of accumulated resources into the OPEB Trust. In fiscal year 2014, the City negotiated with labor groups to cap future liabilities by creating a Tier III benefit for new hires. Tier III employees are required to set aside a portion of their salary into a Retirement Health Savings account. The investments in the OPEB Trust have performed well, achieving a return of 7.14% since inception. In fiscal year 2023, the OPEB plan assets gained 8.02% growing to \$141.0 million during a period of high inflation and an aggressive Federal Reserve monetary policy stance. With the City's OPEB funding policy, the OPEB unfunded liability is decreasing with increased contributions and investment returns.

Pension Trust Fund: The City established a Pension Reserve Trust Fund in fiscal year 2023 as a reserve against future pension cost increases. This fund is included in the City's General Fund for financial reporting in fiscal year 2023. The Section 115 trust was funded in fiscal year 2024 with the \$17.1 million of accumulated General Fund resources and will be reported as a fiduciary pension trust fund starting in fiscal year 2024.

MAJOR ACTIVITIES IN THE CITY

Many of the major activities undertaken in fiscal year 2023 are consistent with the City Council's direction to focus on projects and funding that provide economic stability and enhance the City's long-term financial condition while maintaining high levels of service to the older parts of the community. Major projects included:

- **Public Works:** The City has completed the following projects: all four phases of curb ramp replacement and three (of four) phases of road repairs for the Sun City Resurfacing Project; Phase 1 of the Taylor Road Park and Ride Improvements; Phase 1 of the tenant improvements at 116 South Grant Street; and tenant improvements at 316 Vernon Street for the City's Venture Lab. The City has also begun or continued construction of the following projects: Zero Emission Bus Depot; Washington All America City Roundabout Project; Roseville Parkway Extension; Phase 1 of the Dry Creek Greenway East Trail Project; and Traffic Signals and Roadway Improvements for the Roseville Soccer Complex. The City has also begun or continued design of the following projects: Pleasant Grove Widening; remaining phase of road repairs for the Sun City Resurfacing Project; Vernon Atlantic Multimodal Safety Improvement Project; Roseville Parkway Widening and Pleasant Grove Triple Lefts; the Pleasant Grove Stormwater Retention Basins Project; Police Department Building Expansion; and Fire Station No. 8. Design is also anticipated to begin soon on the Blue Oaks Boulevard Bridge and Road Widening Project.
- **Water Utility:** In 2023, City staff are working diligently on the Water Distribution Systems Upgrade Project. This project includes looped connections, easement purchases and work on existing bridges above Dry Creek. When constructed, the project will provide much needed upgrades and system looping in older neighborhoods to increase overall water delivery reliability. The project is slated to be complete in 2024.

The City has continued to make significant progress on the design and construction of six new additional aquifer storage and recovery (ASR) wells. As part of drought mitigation measures, Roseville began construction on two of the ASR wells in 2021 and they have now been completed. In addition, the drilling of the two new wells have been completed in fiscal year 2024. The remaining wells and pump stations will be constructed over the next few years.

With the West Side Tank and Pump Station Project complete, a new Crew Facility project is being constructed on the same site. This project will build an office facility and mechanics shop, which is slated to be complete in 2024. This facility will serve as the workplace for numerous water operations personnel and will also function as a central operations hub for remote water facilities.

The City continues to work on a joint water project with the Placer County Water Agency (PCWA) to increase the capacity of water intakes and to build higher capacity conveyance within the PCWA service area that will ultimately allow access to existing contract water supplies upstream of Folsom Reservoir for greater water delivery reliability. This joint agency project is anticipated to be complete by 2027, subject to funding.

- **Wastewater Utility:** The Pleasant Grove Wastewater Treatment Plant Expansion and the Pleasant Grove Energy Recovery Projects have been completed. These projects increase treatment capacity at the Pleasant Grove Wastewater Plant by 2.5 million gallons per day average dry weather flow to accommodate growth in the South Placer Wastewater Authority (SPWA) service area through 2035. In addition, the new digesters installed as part of the Expansion Project produce digester gas that is used to generate renewable natural gas to fuel a portion of the City's Waste Services fleet, operate microturbines that are used to help power the Pleasant Grove Wastewater Treatment Plant and heat the digesters allowing the digesters to generate additional digester gas.
- **Solid Waste Utility:** The Compressed Natural Gas Fueling Station Upgrade Project was completed in 2023. Compressed natural gas is an alternative fueled vehicle, to which the city has employed such vehicles since 1997. This project upgraded the current fueling station to meet current regulations and replaced equipment that was past usable life.
- **Electric Utility:** The City continued ongoing expansion of its electric distribution system to serve new customers and rehabilitation of existing electric assets to maintain reliable service.
- **Parks, Recreation & Libraries:** The City completed construction on three (3) neighborhood parks, Four Corners, Crimson Ridge, and Audrey Huisling parks. Construction started on The Courts at Gibson, Denio Family (F-54), Riego Creek (F-51) and Solaire (WB-51) parks. Construction also continues on Campus Oaks Park. A groundbreaking was held for the regional Roseville Soccer Complex. Rehabilitation projects completed include the pool replaster at the Mike Shellito Indoor Pool, sports field fencing (at Maidu Soccer, Central and Crabb parks), and play structure replacements including locations at Royer, Blue Oaks, Kenwood Oaks, Lockridge, Erven, and White parks. Planning for other rehabilitation projects include play structures at Pineschi, Twinwood, Veterans and Hall parks; Weber and Saugstad renovations, ADA upgrades at Johnson Pool, and pool deck, pool replaster and mechanical refurbishment at Johnson Pool. A new piece of public art, a sculpture entitled "Remembrance", was installed and dedicated at Veterans Memorial Park North.
- **Development Services:** Development activity remains robust, although there has been a shift in focus toward different market segments compared to recent years. While new subdivision construction has experienced a slowdown, the multi-family, tenant improvements, and new commercial construction sectors have maintained steady growth. In fiscal year 2023, the City issued a total of 6,447 building permits, reflecting the evolving landscape of development.

Specifically, there has been a notable decrease in single-family residential permits, with 1,107 issued compared to 1,765 in the previous fiscal year. Conversely, permits for multi-family apartment units surged, with 896 issued compared to 246 in the preceding year. Furthermore, an additional 1,776 multi-family units are in various stages of development, with a significant portion – over 1,400 units – being deed-restricted affordable housing. While the decline in single-family residential activity could suggest a plateau in the pandemic driven surge, overall development activity remains above historical annual averages.

The commercial construction sector has seen positive momentum, with the number of new commercial

construction permits increasing from 31 to 42 compared to the prior fiscal year. Notably, the total commercial building valuation for fiscal year 2023 reached \$234,007,614, more than doubling the \$102,694,920 valuation from the previous year. This growth was fueled by significant projects such as the Kaiser Roseville Medical Center expansion, Sutter Health expansion, Blue Oaks Retail Center Phase 2 (Dutch Bros / Chick-fil-A), West Roseville Marketplace, Erikson Senior Living, Baseline Marketplace (Costco Wholesale), Sprinter Roseville, Electric Pickle, and three hotels. Additionally, the Robert Bosch Corporation completed its acquisition of the TSI Semiconductors facility on Foothills Boulevard and plans to invest in excess of \$1.5 billion in facility upgrades and equipment over the next seven to ten years.

Development efforts are concentrated in the City's newest specific plan areas, including Sierra Vista, Creekview, and Amoruso Ranch. The West Roseville Specific Plan is nearing buildout following substantial completion of the Fiddymont Ranch Phase 3 subarea over the past 18 months. Residential development continues to occur within the City's Campus Oaks Master Plan area, which also saw additional progress on the commercial retail complex following occupancy of Nugget Market and multiple pad and inline retail buildings. Key roadway connections are in process of being completed, which will complete the backbone roadway network in the newest specific plans.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its ACFR for the fiscal year ended June 30, 2022. The organization of the City's ACFR follows the guidelines set forth by GFOA. This marks the eighteenth consecutive year the City has been recognized with this award.

In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized ACFR. The report must satisfy both generally accepted accounting principles and applicable legal requirements. We believe this ACFR also meets the requirements of the program, and we will be submitting it to GFOA to determine its eligibility for the certificate.

The City of Roseville also received the Government Finance Officers Association's (GFOA) Distinguished Budget Award and the California Society of Municipal Finance Officer's (CSMFO) Operating Budget Excellence Award for the budget for the fiscal year 2022-2023.

The Finance Department, in particular the Accounting Division, takes great pride in the preparation of the ACFR. The professionalism, commitment, and effort of each employee of the Accounting Division have made this report possible. We also want to thank the other employees of the Finance Department as well as those in other City departments who contributed to the preparation of this report. Finally, we thank the Mayor and City Council for their support, interest, and integrity in directing the financial affairs of the City in a responsible, professional, and progressive manner.

Respectfully submitted,

Dennis Kauffman, CPA
Assistant City Manager/Chief Financial Officer

Teri Quinlan, CPA

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (the "City"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2023, the City adopted new accounting guidance, GASB Statement No. 96, *Subscription Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule for the General Fund, the modified approach for the City's infrastructure assets, the schedules of changes in net pension liability and related ratios, the schedules of contributions - pensions, the schedule of changes in net OPEB liability and related ratios, and the schedule of contributions - OPEB, as listed on the table of contents, presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's

To the Honorable Mayor and Members of the City Council
City of Roseville, California

responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual fund financial statements and schedules (supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2024, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

The following discussion provides readers of the City of Roseville's (City) financial statements a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2023. The City recommends that this document be read in conjunction with the accompanying Letter of Transmittal and Basic Financial Statements.

FISCAL YEAR 2023 FINANCIAL HIGHLIGHTS

Financial highlights of the City's fiscal year 2023 include the following:

- The City's General Fund revenue and other financing sources (uses) exceeded expenditures by \$27.6 million in fiscal year 2023. This was primarily attributable to higher property tax and development-related revenues exceeding expectations, partly offset by underperforming sales tax revenue, as well as expenditure savings primarily attributable to staff turnover vacancy savings.
- The voter-approved Measure B local sales tax generated General Fund revenue totaling \$28.8 million. The additional revenue allowed the City to maintain essential services and its General Fund Stabilization Reserve to address future economic downturns.
- The City's voters approved Measure C in the November 2022 election to increase the City's transient occupancy tax (TOT), or hotel tax, from six percent to ten percent, which is expected to bring in a few million dollars of additional revenue to the General Fund annually.
- The City added \$2.6 million to its General Fund reserves and made its second Additional Discretionary Payment (ADP) of \$6 million to CalPERS from the General Fund to pay down the City's pension liability. The City also committed \$12.5 million to deposit into its new Pension Reserve Trust Fund, which is reported, along with \$300 thousand of interest earnings, as committed fund balance in the General Fund until the trust is established and funded in fiscal year 2024.
- Total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources, as of June 30, 2023, by \$3.6 billion, an increase of \$236.1 million or 6.8 percent over the prior year, primarily related to infrastructure investments associated with new development in the City.

OVERVIEW OF THE CITY'S ANNUAL COMPREHENSIVE FINANCIAL REPORT

The City's Annual Comprehensive Financial Report (ACFR) is divided into four sections:

- Introductory section, including the letter of transmittal, list of City elected officials, and the City's organization chart.
- Financial section, including the independent auditors' report, management's discussion and analysis, the basic financial statements, and the footnotes to the basic financial statements.
- Supplemental Information section, including the required supplementary information and supplemental information.
- Statistical section, comprised of unaudited data organized to present financial trends, revenue capacity, debt capacity and demographic and economic information.

The government-wide financial statements provide both long-term and short-term information about the City's overall financial status. The fund financial statements focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.

The notes to the basic financial statements provide additional information essential to understanding the data contained in the government-wide and fund financial statements. The statements and notes are followed by the required supplementary information: Budgetary Comparison Schedule for the General Fund, Schedule of Changes in Net Pension Liability and Related Ratios, Schedule of Contributions for the City's pension plans, Schedule of Changes in Net (Other Post-Employment Benefits) OPEB Liability and Related Ratios, and the Schedule of Contributions for the City's OPEB plan. In addition to these required elements, we have included combining statements and schedules that provide details about the City's non-major governmental funds, non-major enterprise funds, internal service funds, private purpose trust funds, and custodial funds, each of which is presented in a column in the basic financial statements.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

Government-wide Financial Statements

The government-wide statements report information about the City using accounting methods like those used by private-sector companies. The statement of net position includes all of the City's assets and liabilities, as well as any deferred outflows or inflows of resources. The statement of activities includes all current year revenues and expenses regardless of when cash is received or paid. These government-wide statements report the City's net position and how the City's net position has changed during the fiscal year.

The government-wide financial statements of the City present information about the following:

- *Governmental Activities:* Most of the City's basic services are considered to be governmental activities. These services are supported by general City revenues such as taxes, and by specific program revenues such as user fees and charges.
- *Business-type Activities:* Certain services provided by the City are funded by customer fees. Among these are the City's utility services, local transportation, and school-age childcare.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide more detailed information about the City's largest funds, not the City as a whole.

The City has three types of fund financial statements:

- Governmental fund statements provide information about how the general government services such as police, fire and public works were financed in the short-term as well as what remains for future spending. Most of the City's basic services are included in governmental funds, which focus on (1) short-term inflows and outflows of spendable resources, and (2) the remaining year-end balances available for spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations that explain the relationship (or differences) between governmental funds and governmental activities follow the governmental fund statements.
- Proprietary fund statements provide information about the services for which customer fees are intended to finance the costs of operations. Proprietary fund statements, like the government-wide statements, provide short-term and long-term financial information about the activities the City operates like businesses, such as utility services.
- Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources belong. The City is the trustee or fiduciary for assets, reported in a private-purpose trust fund, which because of trust agreements, can be used only for the trust beneficiaries. The City elected to serve as the successor agency for its former redevelopment agency, which was dissolved by state law. The successor agency activity is accounted for in a private-purpose trust fund. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these resources to finance its operations.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE STATEMENTS

This analysis focuses on the City's net position and changes of its governmental and business-type activities for the fiscal year ending June 30, 2023.

Table 1
Statement of Net Position - Primary Government
As of June 30, 2023 and 2022
(in millions)

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Assets						
Cash and investments	\$ 482.3	\$ 418.5	\$ 431.3	\$ 476.5	\$ 913.6	\$ 895.0
Other assets	145.7	126.6	302.0	272.9	447.7	399.5
Capital assets	1,195.5	1,135.6	1,968.8	1,917.1	3,164.3	3,052.7
Total Assets	1,823.5	1,680.7	2,702.1	2,666.5	4,525.6	4,347.2
Deferred Outflows of Resources	96.6	52.3	56.4	38.6	153.0	90.9
Liabilities						
Long-term debt outstanding	18.9	18.4	269.7	298.3	288.6	316.7
Other liabilities	416.9	309.7	248.7	230.6	665.6	540.3
Total Liabilities	435.8	328.1	518.4	528.9	954.2	857.0
Deferred Inflows of Resources	47.7	98.5	75.4	119.3	123.1	217.8
Net Position						
Net investment in capital assets	1,173.2	1,117.1	1,780.5	1,715.9	2,953.7	2,833.0
Restricted	305.3	270.5	28.4	42.5	333.7	313.0
Unrestricted	(41.9)	(81.2)	355.8	298.5	313.9	217.3
Total Net Position	\$ 1,436.6	\$ 1,306.4	\$ 2,164.7	\$ 2,056.9	\$ 3,601.3	\$ 3,363.3

The largest portion of the City's net position is the net investment in capital assets category totaling \$3.0 billion. This category reports capital assets less any related outstanding debt that the City used to acquire those assets. The City uses these capital assets to provide services to its residents and businesses.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

The restricted portion of the City's net position of \$334 million represents resources that are restricted for use by external sources. The remaining net position of \$299 million is unrestricted and can be used to meet the ongoing obligations of the City, subject to the purpose of the individual funds in which it is held.

Governmental Activities

Government Activities – Net Position

This analysis focuses on the net position and changes in net position of the City's governmental activities, presented in the Government-wide Statement of Net Position and Statement of Activities.

Table 2
Statement of Net Position - Governmental Activities
As of June 30, 2023 and 2022
(in millions)

	2023	2022	Increase/ Decrease
Assets			
Cash and investments	\$ 482.3	\$ 418.5	\$ 63.8
Other assets	145.7	126.6	19.1
Capital assets	1,195.5	1,135.6	59.9
Total Assets	1,823.5	1,680.7	142.8
Deferred Outflows of Resources	96.6	52.3	44.3
Liabilities			
Long-term debt outstanding	18.9	18.4	0.5
Other liabilities	416.9	309.7	107.2
Total Liabilities	435.8	328.1	107.7
Deferred Inflows of Resources	47.7	98.5	(50.8)
Net Position			
Net investment in capital assets	1,173.2	1,117.1	56.1
Restricted	305.3	270.5	34.8
Unrestricted	(41.9)	(81.2)	39.3
Total Net Position	\$ 1,436.6	\$ 1,306.4	\$ 130.2

The City's governmental activities net position increased by \$130 million to \$1.4 billion as of June 30, 2023, primarily due to increases in assets and deferred outflows of resources and decreases in deferred inflows of resources, partly offset by increases in liabilities. Cash and investments increased primarily due to collection of development impact fees from new development. Other assets increased primarily due to new lease receivables for two new digital billboards. The increase in capital assets is mainly related to the acquisition and construction of infrastructure improvements. The increase in deferred outflows of resources and liabilities, and the decrease in deferred inflows of resources, is primarily attributable to pensions due to a significant negative return in fiscal year 2022. The changes resulting from the 2022 negative return is discussed in detail in Note 13 to the financial statements.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

Table 3
Changes in Net Position - Governmental Activities
As of June 30, 2023 and 2022
(in millions)

	<u>2023</u>	<u>2022</u>	<u>Increase/ Decrease</u>
Revenues			
Program Revenues			
Charges for services	\$ 78.7	\$ 69.3	\$ 9.4
Operating contributions and grants	30.1	31.7	(1.6)
Capital contributions and grants	10.8	54.4	(43.6)
Total Program Revenues	119.6	155.4	(35.8)
General Revenues			
Taxes	195.1	184.5	10.6
Franchise Fees	2.4	2.5	(0.1)
Use of money and property	(0.9)	(22.2)	21.3
Miscellaneous	3.7	9.0	(5.3)
Total General Revenues	200.3	173.8	26.5
Total Revenues	319.9	329.2	(9.3)
Expenses			
General government	23.7	35.0	(11.3)
Police	43.7	45.0	(1.3)
Fire	35.5	34.8	0.7
Economic development	3.4	0.5	2.9
Parks and recreation	35.8	28.6	7.2
Public works	20.6	25.6	(5.0)
Library	4.4	5.4	(1.0)
Development services	23.0	36.5	(13.5)
Annexation payments	10.1	9.3	0.8
Housing assistance payments	7.9	6.9	1.0
Interest on long-term debt	2.6	3.1	(0.5)
Total Expenses	210.7	230.6	(19.9)
Changes in Net Position before Transfers	109.2	98.6	10.6
Transfers	19.3	8.3	11.0
Changes in Net Position after Transfers	128.5	106.9	21.6
Net Position-Beginning	1,306.4	1,199.5	106.9
Restatement	1.8	-	1.8
Net Position-Ending	\$ 1,436.6	\$ 1,306.4	\$ 130.2

Charges for services, which include permit revenues, fees, and charges used to fund expenses incurred in providing services, increased by \$9.4 million to \$78.7 million due to strong development activity and recreation programs recovering from the pandemic. Operating grants and contributions, which include community development, public works and public safety contributions and grants, decreased by \$1.6 million to \$30.1 million. Capital grants and contributions, which consist mainly of community facility district bond proceeds, declined by \$43.6 million to \$10.8 million due to significantly fewer and smaller bond issues in 2023.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

General revenues, comprised mainly of property and sales taxes, increased by \$26.5 million compared to 2022. While property tax revenues increased due to higher assessed property values and development activity, sales tax revenue was flat due to changes in consumer behavior and softening of vehicle and fuel prices. The City's TOT revenue was up \$1.5 million due to the passage of Measure C. The use of money and property was slightly negative in 2023, compared to the \$22 million negative in 2022, due to the temporary market value adjustment on the City's bond portfolio because the value of bonds owned declines when interest rates rise. Because general revenues are not allocable to specific programs, the City uses them to pay the net cost of governmental programs.

Total expenses for governmental activities decreased by \$21.7 million compared to the prior year, primarily related to the reduced bond activity from community facility districts in 2023 resulting in fewer reimbursements to developers for infrastructure.

Governmental Activities – Functional Expenses

The functional expenses chart below includes only current year expenses for governmental activities.

Capital outlay is excluded from functional expenses because they are added to the City's capital assets and depreciated over the useful lives of the assets. As the chart reflects, police was 20.6% (\$43.1 million) of total governmental activities expenses; fire was 16.8% (\$35.1 million); parks and recreation was 16.9% (\$35.4 million); development services was 10.9% (\$22.7 million); public works was 9.8% (\$20.4 million); general government was 11.3% (\$23.6 million); and the remainder was for other governmental programs and functions, as shown above.

CITY OF ROSEVILLE

Liabilities			
Long-term debt outstanding	269.7	298.3	(28.6)
Other liabilities	248.7	230.6	18.1
Total Liabilities	<u>518.4</u>	<u>528.9</u>	<u>(10.5)</u>
Deferred Inflows of Resources	<u>75.4</u>	<u>119.3</u>	<u>(43.9)</u>
Net Position			
Net investment in capital assets	1,780.5	1,715.9	64.6
Restricted	28.4	42.5	(14.1)
Unrestricted	355.8	298.5	57.3
Total Net Position	<u>\$ 2,164.7</u>	<u>\$ 2,056.9</u>	<u>\$ 107.8</u>

The net position of business-type activities amounted to \$2,164.7 million in fiscal year 2023, an increase of \$107.8 million from fiscal year 2022, primarily due to an increase in capital assets related to the acquisition and construction of infrastructure improvements and increases in deferred outflows of resources and liabilities, and the decrease in deferred inflows, primarily related to pensions due to a significant negative return in fiscal year 2022.

Net Position-Beginning	2,056.9	1,929.7	127.2
Net Position-Ending	\$ 2,164.7	\$ 2,056.9	\$ 107.8

Business-type program revenues and general revenues totaled \$456.8 million while business-type expenses and transfers out were \$329.6 million in 2022. Capital contribution revenue was lower than the prior year due to a decrease in infrastructure dedications funded by developers in new growth areas. Use of money and property was higher than the prior year due to the temporary market value adjustment on the City's bond portfolio. Major enterprise fund activity is discussed in the Proprietary Funds section below.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

Governmental Funds

The City's governmental funds provide information on near-term inflows, outflows, and balances of spendable resources.

General Fund

General Fund revenues increased by \$13.5 million from the prior year, primarily due to increases in taxes of \$7.8 million and use of money and property of \$8 million. Investment income was higher in 2023 due to higher interest rates and lease revenue was higher due to the first full year of new digital billboard leases. And the temporary market value adjustment on the investment portfolio was significantly less in 2023 compared to 2022. Property tax and TOT revenue were higher in 2023, while the Bradley Burns sales tax was flat and the voter-approved local Measure B sales tax was up only 1.8 percent. Property tax increased due to continued growth in the City and increasing assessed property values, while TOT increased largely due to the voters passing Measure C to raise the tax rate from six percent to ten percent, effective January 1, 2023.

Total revenues were higher than the final budget by \$4.9 million. Taxes were more than budget by \$2.3 million primarily due to:

- Bradley Burns sales tax revenue ended the year below the budget estimate by \$3.3 million, while the local Measure B sales tax revenue was \$0.7 million above the budgeted amount.
- Property tax revenue was \$2.9 million higher than budget due to continued growth in the City exceeding projections and increasing assessed property values.
- TOT revenue ended 2023 approximately \$1.5 million above budget due to the budget not being updated after the passage of Measure C.
- Charges for services revenue ended the 2023 higher than the final budget by \$2.5 million primarily attributable to development-related revenue collected by the Development Services Department.

General Fund expenditures increased by \$11.0 million from the prior year, primarily caused by increases in police, development services, parks and recreation, and most other departments. General government expenditures are higher due to labor costs increases, including salaries, health benefits, and pension costs, as well new positions added in the 2023 budget including 12 in police, 1 in development services, and 7 in parks and recreation.

Expenditures

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

All General Fund departments ended the year within their appropriated expenditure budgets. Total expenditures were lower than the final budget by \$52 million, with the following major drivers:

- Multi-year capital project budgets are inception-to-date budgets for projects that may take several years to complete, resulting in significant budget-to-actual variances for budgets that roll forward to 2024.
- Vacancy savings in most General Fund departments generated significant budget savings during periods when positions were in the recruitment phase.

As of June 30, 2023, the General Fund's fund balance totaled \$154.6 million, including \$18.1 million nonspendable fund balance, primarily for notes receivable; \$42.9 million committed for emergency and economic stabilization reserves, \$12.8 million committed for the City's new pension trust fund, \$32.9 million committed for capital projects, \$0.8 million assigned fund balance, and the balance of \$24.6 million considered unassigned. Only the unassigned portion of fund balance represents available resources, since the nonspendable, assigned, and committed portions of the fund balance is represented by non-cash assets, contracts, open purchase orders, capital projects, and Council-adopted reserves. However, the unassigned fund balance also includes the strategic improvement funds and other Council-adopted reserves.

Non-Major Governmental Funds

The rest of the City's governmental funds are presented in the basic financial statements as non-major governmental funds as required by generally accepted accounting principles. They are individually presented as supplemental information.

Proprietary Funds

Electric Fund

Net position of the Electric Fund increased \$23.7 million in fiscal year 2023 primarily due to an increase in capital contributions. Debt decreased during the fiscal year by \$59.0 million primary due to the fund paying off \$54 million of direct placement debt, which was the major reason for the cash and investments decrease of \$54.9 million. As of June 30, 2023, the fund's net position was \$519.4 million, of which \$404.2 million was invested in capital assets; \$10.1 million was restricted for debt service; \$8.6 million was restricted for the sustainable energy program; and \$96.5 million was unrestricted as to use.

Water Fund

Net position of the Water Fund increased \$34.8 million in fiscal year 2023 primarily due to an increase in capital assets of \$27.9 million and capital contributions. As of June 30, 2023, the fund's net position was \$747.0 million, of which \$630.1 million was invested in capital assets; \$4.1 million was restricted for debt service; and \$112.8 million was unrestricted as to use.

Wastewater Fund

Net position of the Wastewater Fund increased \$41.0 million in fiscal year 2023, primarily due to an increase in capital assets of \$18.4 million, capital contributions, and an increase in cash and investments of \$11.9 million. As of June 30, 2023, the fund's net position was \$833.3 million of which \$693.1 million was invested in capital assets; \$5.5 million was restricted for debt service; and \$134.7 million was unrestricted as to use.

Waste Services Fund

Net position of the Waste Services Fund increased by \$2.3 million in fiscal year 2023, primarily due to an increase in charges for services of \$6.1 million resulting from a rate increase to support the changes mandated by state Senate Bill 1383 to divert organic waste from landfills and transferring out \$5.0 for fleet electrification. As of June 30, 2023, the fund's net position was \$26.2 million, of which \$4.5 million was invested in capital assets and \$21.7 million was unrestricted as to use.

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

Roseville Natural Gas Financing Authority

This fund was created as the financing mechanism to purchase prepaid natural gas for the Roseville Energy Park, an electric power plant, through the issuance of revenue bonds. Bonds payable totaling \$75.8 million remain due, while the balance of prepaid natural gas at June 30, 2023 was \$75.9 million. Net position of the Roseville Natural Gas Financing Authority Fund in fiscal year 2023 was \$3.0 million, which is unrestricted as to use.

Non-Major Enterprise Funds

The remaining enterprise funds are presented in the basic financial statements as non-major enterprise funds as required by generally accepted accounting principles. They are individually presented as supplemental information.

CAPITAL ASSETS

As of June 30, 2023, the City had invested \$3.2 billion in a broad range of capital assets, including land, buildings, vehicles, parks and park improvements, roads, bridges, and water, wastewater, and storm drainage transmission and distribution systems, as well as the electric generation and distribution system. Current year capital asset additions of \$190.1 million were offset by current year depreciation expense of \$83.5 million and retirements of \$1.2 million, for a net increase in capital assets of \$105.4 million. The table below presents a summary of the City's capital assets for governmental and business-type activities:

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

Detail on capital assets, current year additions, construction in progress and depreciable lives can be found in Note 8 to the financial statements.

The City depreciates all its capital assets over their estimated useful lives, except for streets which are reported using the modified approach. The purpose of depreciation is to spread the cost of a capital asset over the years of its useful life so that an allocable portion of the cost of the asset is borne by all users. The modified approach requires the City to employ an asset management system that maintains a current inventory of these assets, estimates annual costs to maintain them, and assesses the condition of the assets in a replicable way.

The City uses a computerized pavement management system to track the condition levels of each of the street sections. The City's policy based on current funding is to maintain arterial and collector roadways at an average Pavement Quality Index (PQI) of 72 and residential roadways at an average PQI of 65, based on a study conducted every three years. This policy allows for minor cracking and revealing of the pavement along with minor roughness that could be noticeable to drivers traveling at posted speed.

On June 30, 2023, the City's streets averaged 79 PQI for arterial and collector roadways and 73 PQI for residential roadways. The City expended \$19.1 million on preservation of its streets in fiscal year 2023, compared to the budgeted amount of \$29.3 million.

DEBT ADMINISTRATION

The City made all scheduled repayments of existing debt. The City continued to draw on its state revolving fund loan for the Pleasant Grove Wastewater Treatment Plant Expansion and Energy Recovery Projects. Each of the City's debt issues is discussed in detail in Note 9 to the financial statements. As of June 30, 2023 the City's debt portfolio comprised:

CITY OF ROSEVILLE
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2023

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Economic Factors

Development activity remains strong in most sectors in the City, however single-family housing development continues to normalize after the post-pandemic spike. In fiscal year 2023, Roseville issued 1,107 single-family residential building permits, a significant decrease compared to 1,790 in the prior year but closer to its historical average of 900 permits. The City continues to grow westward, with significant growth occurring in the Sierra Vista Specific Plan and Creekview areas, and ramping up in the Amoruso Ranch Specific Plan area. Unemployment in Roseville rose from three percent prior to the pandemic to a high of 13 percent in 2020, before steadily declining over 2022 to below three percent and then ticking up closer to four percent in 2023. The local economy continues to face a number of headwinds. As inflation has decelerated, the federal government is maintaining higher interest rates after an extended period of historically low rates. And, while supply chain issues, from material sourcing to manufacturing and distribution, are improving, labor shortages continue to be a challenge in many industries, pitting business and industries against each other for limited labor resources.

Next Year's Budget

Total net appropriations in the fiscal year 2023-24 budget are \$784 million, of which General Fund budget appropriations are \$229.2 million, an increase of less than one percent compared to the fiscal year 2022-23 approved budget because it included appropriations to spend the fiscal year 2021-22 year-end budget surplus. The approved fiscal year 2023-24 General Fund budget incorporates the costs of the City's negotiated labor agreements, including estimates for agreements negotiated in fall 2023, and unavoidable cost increases in other spending categories, but it includes only the most critical augmentations to maintain service levels and address Council priorities given the continued uncertainty surrounding the economy. In accordance with the Council's financial policies, the fiscal year 2023-24 General Fund budget matches budgeted expenses with projected revenues, with resources available to increase reserves up to Council-adopted targets, address underfunded pension liabilities, and transfer funding to the new pension reserve trust fund.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is intended to provide residents, businesses, customers, investors and creditors with a general overview of the City's finances. Please direct any questions about this report to the City of Roseville Finance Department at 311 Vernon Street, Roseville, California, 95678, or to finance@roseville.ca.us.

BASIC FINANCIAL STATEMENTS

THIS PAGE INTENTIONALLY LEFT BLANK

STATEMENT OF NET POSITION AND STATEMENTS OF ACTIVITIES

The purpose of the Statement of Net Position and the Statement of Activities is to summarize the entire City's financial activities and financial position.

The Statement of Net Position reports the difference between the City's total assets and deferred outflows of resources and the City's total liabilities and deferred inflows of resources, including all the City's capital assets and all its long-term debt. The Statement of Net Position focuses the reader on the composition of the City's net position, by subtracting total liabilities and deferred inflows of resources from total assets and deferred outflows of resources and summarizes the financial position of all the City's governmental activities in a single column, and the financial position of all the City's business-type activities in a single column; these columns are followed by a total column that presents the financial position of the entire City.

The City's governmental activities include the activities of its General Fund, along with the special revenue, capital projects, debt service, and permanent funds. Since the City's internal service funds predominately service these funds, their activities are consolidated with governmental activities, after eliminating inter-fund transactions and balances. The City's business-type activities include activities of the enterprise funds. Fiduciary activities are excluded.

The Statement of Activities reports increases and decreases in the City's net position. It is also prepared on the full accrual basis, which means it includes all the City's revenues and all its expenses, regardless of when cash changes hands. This differs from the modified accrual basis used in the governmental fund financial statements, which reflect only current assets, current liabilities, available revenues and measurable expenditures.

The Statement of Activities and the Statement of Net Position include the financial activities of the City, the Roseville Finance Authority, the Roseville Natural Gas Financing Authority, the Roseville Community Development Corporation and the City of Roseville Housing Authority, which are legally separate, but are component units of the City because they are controlled by the City which is financially accountable for the activities of these entities.

FUND FINANCIAL STATMENTS

Major funds are defined generally as having significant activities or balances in the current year.

The funds described below were determined to be major funds by the City in fiscal year 2023. Individual non-major funds may be found in the supplemental information section.

General Fund

The General Fund is used for all the general revenues of the City not specifically levied or collected for other City funds and the related expenditures. The General Fund accounts for all financial resources of a governmental unit which are not accounted for in another fund.

CITY OF ROSEVILLE
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2023

Total Fund Balances - Total Governmental Funds	\$	417,513,205

Amounts reported for governmental activities in the Statement of Net Position are different from those reported in the governmental funds above because of the following:

Capital Assets

Capital assets used in Governmental Activities are not current assets or financial resources and therefore are not reported in the Governmental Funds.		1,071,058,241

Allocation of Internal Service Fund Net Position

Internal service funds are used to charge the costs of certain activities such as insurance, post employment benefits, facility maintenance, and information technology. The net position of the internal service funds are therefore included in governmental activities in the statement of net position.		167,370,132

Long-Term Liabilities

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the governmental funds:

Direct placement debt and certificates of participation	\$ (16,592,354)		
Lease payable	(2,286,057)		
Interest payable	(267,676)		
Compensated absences	(15,396,662)		
Net OPEB liability	(46,025,118)		
Net pension liability	<u>(252,385,930)</u>		(332,953,797)

Deferred Outflows/(Inflows) of Resources

Deferred outflows related to pensions	81,352,101		
Deferred inflows related to pensions	(2,548,789)		
Deferred outflows related to OPEB	7,194,691		
Deferred inflows related to OPEB	(27,218,526)		
Unavailable revenue in the governmental funds is revenue in the governmental activities	<u>54,800,481</u>		<u>113,579,958</u>

Net Position of Governmental Activities		<u>\$ 1,436,567,739</u>

See Notes to Financial Statements.

CITY OF ROSEVILLE
Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
Year Ended June 30, 2023

Net Change in Fund Balances - Total Governmental Funds	\$	57,717,527

Amounts reported for governmental activities in the statement of activities are different from those reported in the governmental funds because of the following:

Capital Assets Transactions

Governmental funds report capital outlays as expenditures.	\$	73,526,808
Non-capitalized capital outlay expenditures are reclassified to various governmental activities.		
In the statement of activities the cost of capital assets is allocated over their estimated useful lives as depreciation expense (net of depreciation on internal service fund capital assets of \$11,230,972).	(18,452,986)	
Proceeds from the sale of assets	(10,799)	
Amortization of right-to-use leased assets	<u>(140,178)</u>	54,922,845

Long Term Debt Transactions

Issuance of debt and repayment of principal is an other financing source and expenditure, respectively, in the governmental funds but in the statement of net position the transactions increase and reduce long term liabilities.		
Payment of debt principal	1,700,223	
Amortization of premium	27,808	
Payment of lease principal	<u>146,131</u>	1,874,162

Pension Related Items

Governmental funds report pension contributions as expenditures. However, in the Statement of Activities, pension expense is measured as the change in net pension liability and the amortization of deferred outflows and inflows related to pensions. This amount represents the net change in pension related amounts.		766,758

OPEB Related Items

Governmental funds report OPEB contributions as expenditures. However, in the Statement of Activities, OPEB expense is measured as the change in net OPEB liability and the amortization of deferred outflows and inflows related to OPEB. This amount represent the net change in OPEB related amounts.		5,881,661

Accrual of Non-Current Items

Certain amounts included in the Statement of Activities do not require the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change):		
Compensated absences	(1,687,180)	
Interest payable	<u>18,762</u>	(1,668,418)

Unavailable Revenues

Revenue and other resources not available to fund liabilities of the current period are not recognized in governmental funds. Revenue in the statement of activities is not limited by availability, so certain revenues need to be reduced by the amounts that were unavailable at the beginning of the year and increased by the amounts that were unavailable at the end of the year. This adjustment is the change between prior year's unavailable revenues and the current year unavailable revenues.		(122,521)

Allocation of Internal Service Fund Activity

Internal Service Funds are used by management to charge the costs of certain activities, such as equipment acquisition, maintenance, and insurance to individual funds. The portion of the net revenue (expense) of these Internal Service Funds arising out of their transactions with Governmental Funds is reported with governmental activities because they service those activities.		<u>9,044,739</u>

Change in Net Position of Governmental Activities	\$	<u>128,416,753</u>

THIS PAGE INTENTIONALLY LEFT BLANK

PROPRIETARY FUNDS

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

The City has identified the funds below as major enterprise funds in fiscal year 2023.

Electric Fund

This fund accounts for all financial transactions relating to the City's electric services. Services are on a user charge basis to residents and business owners located in the City.

Water Fund

This fund accounts for all financial transactions relating to the City's water services. Services are on a user charge basis to residents and business owners located in the City.

Wastewater Fund

This fund accounts for all financial transactions relating to the City's wastewater collection and treatment services. Services are on a user charge basis to residents and business owners located in the City.

Waste Services Fund

This fund accounts for all financial transactions relating to the City's solid waste services. Services are on a user charge basis to residents and business owners located in the City.

Roseville Natural Gas Financing Authority

This fund accounts for financing and purchasing pre-paid natural gas for the generation of power for the Roseville Energy Park.

Internal Service Funds

These funds account for activities and services performed by a designated department for other departments in the City.

FIDUCIARY FUNDS

Fiduciary funds are presented separately from the government-wide and fund financial statements. The City had the following types of fiduciary funds in fiscal year 2023:

Other Post-Employment Benefits Trust Fund

This fund is used to account for assets held by the City as a trustee agent for the members and beneficiaries of the other post-employment benefit plan.

Private-Purpose Trust Funds

These funds are used to account for trust arrangements under which principal and income benefit private organizations or other governments.

Custodial Funds

These funds are used to account for assets held by the City custodian for individuals, private organizations, and other governments.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Roseville (City) was incorporated on April 10, 1909 under provisions of Act 279, P.A. 1909, as amended (Home Rule City). The City operates under the Council-Manager form of government and provides the following services: public safety (police and fire), streets, water, wastewater, waste services, electric, local transportation, school-age child care, golf course, parks and recreation, public improvements, planning and zoning, libraries, general administration services, economic development, and housing.

The financial statements and accounting policies of the City conform with generally accepted accounting principles in the United States of America applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting policies are summarized below:

A. Reporting Entity

The accompanying basic financial statements present the financial activity of the City, which the primary government presented, along with the financial activities of its component units, which are entities for which the City is financially accountable. Although they are separate legal entities, blended component units are, in substance, part of the City's operations and are reported as an integral part of the City's financial statements. The City's component units which are described below are all blended component units.

The **Roseville Finance Authority** is a separate government entity whose purpose is to assist with the financing or refinancing of certain public capital facilities within the City. The Authority has the power to purchase bonds issued by any local agency at public or negotiated sale and may sell such bonds to public or private purchasers at public or negotiated sale. The Authority is controlled by the City and has the same governing body as the City, which also performs all accounting and administrative functions for the Authority. The financial activities of the Authority are included in the Roseville Finance Authority Debt Service Fund and Capital Projects Fund.

The **City of Roseville Housing Authority** is a separate government entity whose purpose is to assist with the housing for the City's extremely low and very low-income residents. The Authority is controlled by the City and has the same governing body as the City, which also performs all accounting and administrative functions for the Authority. The financial activities of the Authority are included in the Housing Authority Housing Choice Voucher Special Revenue Fund.

The **Roseville Natural Gas Financing Authority** is a Joint Exercise Powers Agency created on December 6, 2006, for the purpose of acquiring, financing and supplying natural gas to the City of Roseville. The members of the Authority are the City of Roseville and the former City of Roseville Redevelopment Agency. The Roseville Natural Gas Financing Authority is governed by a five-member Board. City Council serves as the governing body of the Authority and officers of the Authority are employees of the City. The financial activities of the Authority have been included in these financial statements in the Roseville Natural Gas Financing Authority Enterprise Fund.

The **City of Roseville Other Post-Employment Benefits Trust** is governed by the City's Resolution 10-275 and is used to account for contributions and investment income restricted to pay medical benefits. Benefit and contribution provisions are established by the City Council. Eligibility, actuarial interest rates, administration and certain other tasks are the responsibility of the Council established by the above resolution. The financial activities of the plan have been included in these financial statements in the Other Post-Employment Benefits Trust Fund.

The **Successor Agency to the Redevelopment Agency of the City of Roseville (Successor Agency)** is a separate government entity which was created after the dissolution of the City of Roseville Redevelopment Agency (RDA) to serve as a custodian for assets and to wind down the affairs of the RDA. The City was designated to serve as the Successor Agency subject to control of an Oversight Board. The Oversight Board is comprised of seven members of the local agencies that serve the RDA project area: two appointed by the mayor, two by the County of Placer, one by the Placer County Superintendent of Schools, one by the Chancellor of Sierra Community College and one by the Cities of Rocklin and Newcastle and the Gold Hill Cemetery District. The financial activities of the Successor Agency are included in the Successor Agency to the Redevelopment Agency Private Purpose Trust Fund.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial statements for the Roseville Natural Gas Financing Authority and the City of Roseville Other Post-Employment Benefits Trust may be obtained from the City of Roseville at 311 Vernon Street, Roseville, California, 95678. Separate financial statements for the Roseville Finance Authority, Roseville Housing Authority, and the Successor Agency are not issued.

The California Joint Powers Risk Management Authority, the Local Agency Workers' Compensation Excess Joint Powers Authority, the Highway 65 Joint Powers Authority, and the South Placer Wastewater Authority are not included in the accompanying basic financial statements because they do not meet the above financial accountability criteria as these entities are administered by governing boards separate from and wholly independent of the City.

B. Basis of Presentation

Government-wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government, the City and its component units. These statements include the financial activities of the overall City government, excluding fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. However, the interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by user charges and fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Certain indirect costs are included in the program expense reported for individual functions and activities.

Fund Financial Statements: The fund financial statements provide information about the City's funds, including fiduciary funds and blended component units. Separate statements for each fund category—*governmental*, *proprietary*, and *fiduciary*—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds in the supplemental section.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

C. Major Funds

Major funds are defined as funds that have either assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues or expenditures/expenses equal to ten percent of their fund-type total and five percent of the grand total. The General Fund is always a major fund. The City may also select other funds it believes should be presented as major funds.

The City reported the following major governmental funds in the accompanying financial statements:

General Fund – This is used as the main operating governmental fund of the City to account for the general revenues of the City not specifically levied or collected for other City funds and the related expenditures. The General Fund accounts for all financial resources of a governmental unit which are not accounted for in another fund.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The City reported the following enterprise funds as major funds in the accompanying financial statements:

Electric Fund – This fund accounts for all financial transactions relating to the City’s electric service. Services are on a user charge basis to residents and business owners located in the City.

Water Fund – This fund accounts for all financial transactions relating to the City’s water services. Services are on a user charge basis to residents and business owners located in the City.

Wastewater Fund – This fund accounts for all financial transactions relating to the City’s wastewater collection and treatment. Services are on a user charge basis to residents and business owners located in the City.

Waste Services Fund – This fund accounts for all financial transactions relating to the City’s waste services. Services are on a user charge basis to residents and business owners located in the City.

Roseville Natural Gas Financing Authority – This fund accounts for financing and purchasing pre-paid natural gas for the generation of power for the Roseville Energy Park.

The City also reports the following funds:

Special Revenue Funds – The funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Funds – The funds are used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Internal Service Funds – The funds account for automotive, facilities services, information technology, general equipment replacement, workers’ compensation, general liability, unemployment reserve, and general benefits such as vision, dental, and section 125 benefits all of which are provided to other departments on a cost reimbursement basis.

Fiduciary Funds – These funds account for assets held by the City as a fiduciary for various functions. The Endowment Private-Purpose Trust Fund is used to account for assets held by the City as a fiduciary for various endowment funds for the benefits of certain private-purpose trust funds. The Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund accounts for the accumulation of resources to be used for payments at appropriate amounts and times in the future. The Other Post-Employment Benefits Trust Fund accounts for the accumulation of resources to be used for retiree medical benefit payments at appropriate amounts and times in the future. The Custodial Funds are used to account for assets held by the City as a fiduciary for certain special assessment districts in the City, North Roseville-Rocklin Sewer Refunding District, Foothills Boulevard Extension Assessments, Dry Creek Drainage Basin, County Capital Facilities Fee, South Placer Wastewater Authority, Special Sewer Benefit Areas, South Placer County Tourism Business Improvement District (SPCTBID), South Placer County Safe Kids Coalition, Highway 65 JPA, external traffic mitigation fees and other programs for the benefits of parties outside of the City. The financial activities of these funds are excluded from the government-wide financial statement but are presented in separate Fiduciary Fund financial statements.

D. Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis* of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Governmental funds are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when *measurable and available*. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within one

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

hundred twenty (120) days after year-end with the exception of property and sales taxes which is considered available if collected within sixty (60) days. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as *other financing sources*.

Governmental fund revenues subject to accrual are property, sales tax, transient occupancy tax, franchise fees, certain other intergovernmental revenues, certain charges for services and interest revenue. Fines, licenses and permits, and charges for services are not subject to accrual because they are not measurable until received in cash.

Non-exchange transactions, in which the City gives or receives value without directly receiving or giving equal value in exchange, include taxes, grants, entitlements, and donations. On the accrual basis, revenue from taxes is recognized in the fiscal year for which the taxes are levied or assessed. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The City may fund programs with a combination of cost-reimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted net position may be available to finance program expenditures. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

E. Cash, Cash Equivalents, and Investments

The City pools its available cash for investment purposes. The City considers pooled cash and investment amounts, with original maturities of three months or less, to be cash equivalents. Highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized costs. All other investments are stated at fair value. For purposes of reporting cash flows, the City considers each fund's share in the cash and investments pool to be cash and cash equivalents.

F. Revenue Recognition for Electric, Water, Wastewater, and Waste Services Funds

Revenues are recognized based on services rendered to customers. All residential and commercial utility customers are billed once per month. There are twenty-four billing cycles per month which include all types of customers, based on their location within the City. Revenues for services provided but not billed at the end of a fiscal year are accrued. Contributions of cash or assets to proprietary funds from state and federal agencies, developers and others are recorded as revenue at acquisition value.

G. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has four items that qualify for reporting in this category on the government-wide and proprietary fund statements of net position. They are the deferred amounts on refunding, accumulated decrease in fair value of hedging derivatives, deferred outflows related to other postemployment benefits (OPEB), and deferred outflows related to pensions. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The accumulated decrease in fair value of hedging derivatives represents the change in fair value for the City's derivative liabilities that have been determined to be not effective. The deferred outflows related to pensions and OPEB are described in Note 13 and Note 14, respectively. The deferred lease items are described in Note 9.

In addition to liabilities, the statement of net position and balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflow of resources*, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(revenue) until that time. The City has four types of these items reported in the government-wide and proprietary fund statements of net position and the governmental funds balance sheet. They are the accumulated increase in fair value of hedging derivatives, deferred inflows related to pensions, the deferred inflows related to OPEB, and unavailable revenues. The accumulated increase in fair value of hedging derivatives represents the change in fair value for the City's derivative assets that have been determined to be effective.

The deferred inflows related to pensions and OPEB are described in Note 13 and 14, respectively. Unavailable revenue represents revenues which has been earned but will not be collected within the City's period of availability as defined in Note 1D.

In the governmental funds balance sheet, the unavailable revenue category arises only under a modified accrual basis of accounting. When amounts have been earned, but have not been received within the availability period, these amounts are deferred and recognized as revenue in the period that the amounts become available.

H. Property Tax

Placer County assesses properties and bills, collects, and distributes property taxes to the City. The County remits the entire amount levied and handles all delinquencies, retaining interest and penalties. Secured and unsecured property taxes are levied on July 1st of the preceding fiscal year.

Secured property tax is due in two installments, on November 1st and February 1st, and becomes a lien on those dates. It becomes delinquent on December 10th and April 10th, respectively. Unsecured property tax is due on July 1st and becomes delinquent on August 31st. Collection of delinquent accounts is the responsibility of the County, which retains all penalties.

The term "unsecured" refers to taxes on personal property other than real estate, land and buildings. These taxes are secured by liens on the property being taxed. Property tax revenues are recognized by the City in the fiscal year they are assessed provided they become available as defined above.

I. Compensated Absences

Compensated absences comprise unused vacation leave, vested sick pay and certain compensated time off, which are accrued as earned. The City's liability for compensated absences is recorded in various governmental funds or proprietary funds as appropriate. The liability for compensated absences is determined annually. For all governmental funds, a liability of these amounts is reported only if they have matured, for example, as a result of employee resignations and retirements. The remaining portion is recorded as a liability in the statement of net position. Proprietary funds' liability for compensated absences is recorded in each proprietary fund.

The changes in compensated absence balances were as follows:

	Governmental Activities	Business Activities	Total
Beginning Balance	\$ 15,233,646	\$ 9,464,408	\$ 24,698,054
Additions	8,780,599	6,029,421	14,810,020
Payments	(6,842,534)	(4,801,155)	(11,643,689)
Ending Balance	<u>\$ 17,171,711</u>	<u>\$ 10,692,674</u>	<u>\$ 27,864,385</u>
Current Portion	<u>\$ 10,593,316</u>	<u>\$ 7,224,519</u>	<u>\$ 17,817,835</u>

Compensated absences are liquidated by the fund that has recorded the liability. Governmental activities compensated absences are liquidated primarily by the General Fund.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Inventories

Inventories are valued at cost, using the weighted-average method. Inventories of the governmental funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure in the governmental funds at the time individual inventory items are consumed. Inventories reported in governmental funds are equally offset by nonspendable fund balance which indicates that they do not constitute available spendable resources even though they are a component of net current assets. Inventories of the proprietary funds consist primarily of supplies and equipment held for internal consumption.

K. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. In governmental funds, prepaid items are not in spendable form and are therefore included in nonspendable fund balance and recorded on the consumption method.

L. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

M. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees Retirement System (CalPERS) plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

N. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City of Roseville Retiree Healthcare Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Fair Value Measurement

The City categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

P. Net Position

Net position is the excess of all the City's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources, regardless of fund. Net position is divided into three categories. These categories apply only to net position, which is determined only for proprietary funds and at the government-wide level, and are described below:

Net investment in capital assets describes the portion of net position which is represented by the current net book value of the capital assets, less the outstanding balance of any debt issued to finance these assets.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws, or other restrictions which the City cannot unilaterally alter. These principally include developer fees received for use on capital projects (expended) or contributions received in permanent funds (unexpended), debt service requirements, and redevelopment funds restricted to low and moderate income purposes.

Unrestricted describes the portion of net position which is not restricted to use.

The City applies restricted resources when an expense is incurred for purposes which both restricted and unrestricted net position are available.

Q. Fund Balance

In the fund financial statements, fund balances represent the net current assets of each fund. Net current assets generally represent a fund's assets and deferred outflows of resources, less its liabilities and deferred inflows of resources.

The City's fund balances are classified based on spending constraints imposed on the use of resources. For programs with multiple funding sources, the City prioritizes and expends funds in the following order: restricted, committed, assigned, and unassigned. Each category in the following hierarchy is ranked according to the degree of spending constraint:

Nonspendable represents balances set aside to indicate items do not represent available, spendable resources even though they are a component of assets. Fund balances required to be maintained intact, such as permanent endowments, and assets not expected to be converted to cash, such as prepaids, notes receivable, and land held for redevelopment are included. However, if proceeds realized from the sale or collection of nonspendable assets are restricted, committed or assigned, then nonspendable amounts are required to be presented as a component of the applicable category.

Restricted fund balances have external restrictions imposed by creditors, grantors, contributors, laws, regulations, or enabling legislation which requires the resources to be used only for a specific purpose. Encumbrances and nonspendable amounts subject to restrictions are included along with spendable resources.

Committed fund balances have constraints imposed by formal action of the City Council, such as an ordinance, which may be altered only by the same formal action of the City Council. Encumbrances and nonspendable amounts subject to council commitments are included along with spendable resources.

Assigned fund balances are amounts intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. Assignments may be made by the City Council or its designee, the Assistant City Manager/Chief Financial Officer. Unlike commitments, assignments generally only exist temporarily. Thus, additional action does not normally have to be taken for the removal of an assignment.

Unassigned fund balance represents residual amounts that have not been restricted, committed, or assigned. This includes the residual General Fund balance and residual fund deficits, if any, of other governmental funds.

It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

R. Capital Assets

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated acquisition value on the date contributed. The City has recorded all its public domain (infrastructure) capital assets, which include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems.

Capital assets with limited useful lives are depreciated over their estimated useful lives. Alternatively, the modified approach is used for certain capital assets. Depreciation is not provided under this approach, but all costs associated with these assets are expensed, unless they are additions or improvements.

The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

Depreciation is provided using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The City has assigned the useful lives and capitalization thresholds listed below to capital assets:

	<u>Useful Lives</u>	<u>Capitalization Thresholds</u>
Buildings	40 years	\$ 20,000
Improvements	20 -75 years	no threshold
Equipment	6 - 20 years	5,000
Computer Equipment	6 years	5,000
Vehicles	6 - 8 years	5,000
Parks	25 years	5,000
Landscaping	12 years	20,000
Bike Paths	20 years	20,000
Bridges	90 years	20,000
Culverts	75 years	20,000
Crain Inlets	50 years	20,000
Roadway Minor Concrete	20 years	20,000
Sound Walls	35 years	20,000
Storm Drains	75 years	20,000
Traffic Signals	20 years	no threshold
Electric Distributions System	15 - 60 years	no threshold
Sewer and Water Distributions Systems	75 years	no threshold
Electric Generation	15 - 30 years	5,000
Electric Power Plants and Substation	40 years	5,000
Sewer and Water Treatment Plants	50 years	5,000

Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. New Accounting Pronouncements

Effective in Current Fiscal Year

GASB Statement No. 96– In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for reporting periods beginning after June 15, 2022. The effect on the City is noted in notes 8, 9, and 10.

Effective in Future Fiscal Years

GASB Statement No. 99 – In April 2022, the GASB issued Statement No. 99, *Omnibus 2022*. The Statement is effective for multiple reporting periods depending on the requirements. The City has not determined the effect of this Statement.

GASB Statement No. 101– In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement is effective for reporting periods beginning after December 15, 2023. The City has not determined the effect of this Statement.

NOTE 2: CASH AND INVESTMENTS

The City pools cash from all sources and all funds, except certain specific investments within funds and cash with fiscal agents, so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time.

The City and its fiscal agents invest in individual investments and in investment pools. Individual investments are evidenced by specific identifiable pieces of paper called securities instruments, or by an electronic entry registering the owner in the records of the institution issuing the security, called the book entry system.

Individual investments are generally made by the City's fiscal agents as required under its debt issues. In order to maximize security, the City employs the Trust Department of a bank as the custodian of all City managed investments, regardless of their form.

The City's investments are reported at fair value, as required by generally accepted accounting principles. The City adjusts the carrying value of its investments to reflect fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year.

CITY OF ROSEVILLE
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

A. Classification

Cash and investments are classified in the financial statements as shown below:

Primary Government:

Cash and investment in City Treasury	\$ 888,380,759
Restricted cash and investments with fiscal agents	25,204,637
Total city cash and investments with primary government	<u>913,585,396</u>

Fiduciary Funds (separate statement):

Cash and investments in City Treasury	339,615,112
Restricted cash and investments with fiscal agents	79,867,821

Total cash and investments	<u><u>\$ 1,333,068,329</u></u>

Cash and investments as of June 30, 2023, consist of the following:

Cash in bank and on hand	\$ 5,986,977
Investments	1,327,081,352
Total cash and investments	<u><u>\$ 1,333,068,329</u></u>

Cash and investments with original maturities of three months or less are treated as cash and equivalents for purpose of preparing Proprietary Fund statements of cash flows. Also, each Proprietary Fund's portion of the City's overall cash and investment pool is treated as cash and equivalents since these amounts are in substance demand deposits.

B. Investments Authorized by the California Government Code and the City's Investment Policy

The City's Investment Policy and the California Government Code allow the City to invest in the following, provided the credit ratings of the issuers are acceptable to the City; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code or the City's Investment Policy where it is more restrictive:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U.S. Treasury Obligations ⁽¹⁾	5 years	None	None	None
U.S. Agencies Securities ⁽¹⁾	5 years	None	None	None
Forward Delivery Agreements	N/A	A	None	None
Local Agency Bonds	5 years	None	None	N/A
Repurchase Agreements	1 Year	None	None	None
Bankers' Acceptance	180 Days	None	40%	30%
Commercial Paper	270 Days	A - 1	25%	10% ⁽²⁾
Medium Term Notes	5 years	A	30%	None
Collateralized Time Deposit	5 years	None	30%	None
Negotiable Certificate of Deposit	5 years	A	30%	None
Local Agency Investment Fund (LAIF)	N/A	None	None	LAIF Limit
Insured Savings Accounts	N/A	None	None	None
Money Market Mutual Funds	N/A	None	20	10%
Shares in a California Common Law Trust	N/A	None	None	None
Interest Rate Swaps ⁽³⁾	N/A	None	None	None
Supranationals	5 years	AA	30%	None
Mortgage Pass-Through Securities	5 years	AA	20%	None

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

⁽¹⁾ In specified fund accounts where liquidity is not the primary investment objective, the maximum maturity can be up to ten years with granted express authority by the City Council. Such investments cannot be made less than three months following the approval of extended investment terms. All longer-term investments must be Federal Treasury or Agency securities. The specified fund accounts are:

- City Pool, subject to 25%
- Citizens Benefit Permanent Fund
- Roseville Aquatics Complex Maintenance Fund
- Endowment Private-Purpose Trust Fund
- OPEB Trust Fund
- All future trust and/or endowment funds established by the City with no anticipated use of principal

⁽²⁾ Eligible commercial paper may not represent more than 10% of the outstanding paper of an issuing corporation.

⁽³⁾ Interest rate swaps may only be used in conjunction with enterprise fund debt or investments, not the General Fund. Pursuant to its function as custodian and investment manager of the South Placer Wastewater Authority (Authority), the City invested certain Authority funds in Forward Delivery Agreements which are investments with fixed maturities, and which bear interest at a variable rate. To hedge against changes in short-term interest rates, the Authority entered into a swap agreement to create a synthetic fixed interest rate on one of the Forward Delivery Agreements. Risks associated with the Forward Delivery Agreement and associated swap agreement are those of the Authority and not those of the City. Details of the swap agreement and associated risks may be found in the Basic Financial Statements of the Authority which may be obtained by contacting the City Finance Department at 311 Vernon Street, Roseville, California 95678.

C. Investments Authorized by Debt Agreements

The City must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City resolutions, bond indentures or State statutes. The table below identifies the investment types that are authorized for investments held by fiscal agents. The table also identifies certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality
U.S. Treasury Obligations	N/A	None
U.S. Agencies Securities	N/A	None
Certificates of Deposit	N/A - 30 days	None to A-1
Time Deposits	N/A - 30 days	None to A-1
Repurchase Agreements	N/A - 30 days	None to A
Bankers' Acceptance	N/A - 270 days	None to A-1
Money Market Funds	N/A	None to Aam-G
Taxable Governmental Money	N/A	None
Commercial Paper	180 - 270 days	A-1 to AA
Special Revenue Bonds	N/A	AA
Pre-refunded Municipal Obligations	N/A	AAA
Municipal Obligations	N/A	AAA
Common Law Trust	N/A	None
California Asset Management Pool (CAMP)	N/A	None
Lawful Investments	N/A	None
Investment Agreements	N/A	A+ to AA
Local Agency Investment Fund (LAIF)	N/A	None
Placer County Investment Pool	N/A	None
Supranationals	N/A	None
Mortgage Pass - Through Securities	N/A	None

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City also manages its interest rate risk by holding most investments to maturity.

Information about the sensitivity of the fair values of the City's investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity or earliest call date:

	Remaining Maturity (in Months)				Total
	12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months	
Federal Agency Securities	\$ 111,896,274	\$ 12,071,900	\$ 317,538,320	\$ 150,019,466	\$ 591,525,960
Forward Purchase Agreement	4,119,476	-	-	-	4,119,476
Local Agency Bonds	7,897,668	11,157,712	3,770,777	-	22,826,157
Corporate Notes	10,463,003	38,116,890	210,006,155	-	258,586,048
Money market Mutual Funds	172,866,989	-	-	-	172,866,989
Roseville Advantage Banks	7,361,929	-	-	-	7,361,929
Commercial Paper	-	-	-	-	-
Guaranteed Investment Contracts (GIC)	-	-	3,918,123	2,150,739	6,068,862
Other Post Employment Benefits (OPEB)	140,300,639	-	-	-	140,300,639
Local Agency Investment Fund	60,930,899	-	-	-	60,930,899
California Asset Management Pool	62,494,393	-	-	-	62,494,393
Total	<u>\$ 578,331,270</u>	<u>\$ 61,346,502</u>	<u>\$ 535,233,375</u>	<u>\$ 152,170,205</u>	<u>\$ 1,327,081,352</u>

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. At June 30, 2023, the fair value was \$938,652 less than the City's cost. The balance is available for withdrawal on demand and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2023, these investments matured in an average of 260 days. LAIF is not registered with the Securities and Exchange Commission and is not rated.

The City is a participant in the California Asset Management Program (CAMP). CAMP is an investment pool offered by the California Asset Management Trust (Trust). The Trust is a joint powers authority and public agency created by the Declaration of Trust and established under the provisions of the California Joint Exercise of Powers Act (California Government Code Sections 6500 et seq., or the "Act") for the purpose of exercising the common power of its Participants to invest certain proceeds of debt issues and surplus funds. The Pool's investments are limited to investments permitted by subdivisions (a) to (n), inclusive, of Section 53601 of the California Government Code. The City reports its investments in CAMP at the fair value amounts provided by CAMP, which is the same as the value of the pool share. At June 30, 2023, the fair value approximated the City's cost, and these investments had an average maturity of 26 days. CAMP is not registered with the Securities and Exchange Commission and is not rated.

Money market mutual funds were available for withdrawal on demand and at June 30, 2023 and had an average maturity of 7 days for the Dreyfus U.S. Treasury Money Market Fund and 7 days for the First American Money Market Fund.

CITY OF ROSEVILLE
Notes to the Financial Statements

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

E. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Presented below is the actual rating as of June 30, 2023, for each investment type as provided by Standard and Poor's investment rating system:

	AAA / AAAm	AA+ / AA / AA-	A+ / A / A-	Total
Investments:				
Federal Agency Securities	\$ -	\$ 331,310,038	\$ -	\$ 331,310,038
Forward Purchase Agreement	-	-	4,119,476	4,119,476
Local Agency Bonds	-	17,078,438	-	17,078,438
Corporate Notes	-	103,567,622	154,958,426	258,526,048
California Asset Management Program	62,494,393	-	-	62,494,393
Total	<u>\$ 62,494,393</u>	<u>\$ 451,956,098</u>	<u>\$ 159,077,902</u>	673,528,393
Not Rated:				
Local Agency Investment Fund				60,930,899
Local Agency Bonds				5,747,719
Money Market Mutual Funds				172,866,989
Roseville Advantage Banks				7,361,929
Guaranteed Investment Contracts				6,068,862
Other Post Employment Benefits (OPEB)				140,300,639
U.S. Treasury and Agency Obligations				260,275,922
Total investments				<u>\$ 1,327,081,352</u>

F. Concentration of Credit Risk

Investments in any one issuer, other than U. S. Treasury securities, money market mutual funds, and investment pools that represent 5 percent or more of total entity-wide investments are as follows at June 30, 2023:

Issuer	Investment Type	Amount	% of Portfolio
Federal Farm Credit Bank	Federal agency securities	\$98,110,365	7.36%
Federal Home Loan Bank	Federal agency securities	327,287,081	24.55%
Federal Agricultural Mortgage Corporation (FAMC)	Federal agency securities	111,535,426	8.37%

Investments in any one issuer that represent 5 percent or more of total investments by individual funds were as follows at June 30, 2023:

Fund	Issuer	Investment Type	Amount
Major Enterprise Funds:			
Roseville Natural Gas Financing Authority	Wachovia Bank	Forward Purchase Agreement	\$ 4,119,476

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

G. Fair Value Measurements

The City's Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted for identical assets in active markets;
- Level 2: Investments reflect prices that are based on a similar observable inputs;
- Level 3: Investments reflect prices based on unobservable inputs.

The asset's level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by management. City management consider observable data to be that market data, which is readily available, regularly distributed or updated, reliable, and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the relative observability of the inputs to its fair value measurement and does not necessarily correspond to City management's perceived risk of that investment. The Pool's asset market prices are derived from closing bid prices as of the end of business day as supplied by U.S. Bank. Where prices are not available from generally recognized sources, the securities are priced using a yield-based matrix system to arrive at an estimated fair value. Prices that fall between data points are interpolated. The City has a forward purchase agreement that is measured using level 3 inputs. This item is valued using the discounted cash flows approach. Deposits and withdrawals in governmental investment pools, such as LAIF and CAMP Investment Pools, are made on the basis of \$1 and not fair value. Accordingly, the City's measured fair value of its proportionate share in these types of investments is based on uncategorized inputs not defined as a Level 1, Level 2, or Level 3 input.

The Pool has the following recurring fair value measurements as of June 30, 2023:

Investments at Fair Value	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Federal Agency Securities	\$ 591,525,959	\$ -	\$ 591,525,959	\$ -
Federal Agency Securities Short Term	-	-	-	-
Commercial Paper	-	-	-	-
Corporate Medium Term Notes (MTN) Securities	258,586,048	-	258,586,048	-
Municipal Securities	22,826,157	-	22,826,157	-
Forward Purchase Agreements	4,119,476	-	-	4,119,476
Post Employment Welfare Benefits Program Trust	140,300,640	483,059	129,527,049	10,290,532
Money Market Mutual Funds	172,866,989	172,866,989	-	-
Total Investments at Fair Value	1,190,225,269	\$ 173,350,048	\$ 1,002,465,213	\$ 14,410,008
Investments measure at amortized cost				
Guaranteed Investment Contracts (GIC's)	6,068,862			
Investments with uncategorized inputs				
Local Agency Investment Fund	60,930,899			
California Asset Management Program	62,494,393			
Roseville Advantage Bank	7,361,929			
Total investments measured with uncategorized inputs	130,787,221			
Total investments	\$ 1,327,081,352

NOTE 3: INTERFUND TRANSACTIONS

A. Transfers Among Funds

With City Council approval, resources may be transferred from one City fund to another. Transfers between funds during the fiscal year ended June 30, 2023, were as follows:

<u>Fund Receiving Transfer</u>	<u>Fund Making Transfer</u>	<u>Amount Transferred</u>
<i>Governmental Funds:</i>		
General Fund	Electric Fund	\$ 7,295,172 (C)
	Non-Major Governmental Funds	8,772,046 (A), (B)
	<i>Total General Fund</i>	<u>16,067,218</u>
Non-Major Governmental Funds	General Fund	1,815,520 (A)
	Electric Fund	390,807 (B)
	Water Fund	1,111,968 (B)
	Wastewater Fund	725,316 (B), (C)
	Solid Waste Fund	444,904 (B), (C)
	Non-Major Governmental Funds	1,766,333 (A), (B)
	<i>Total Non-Major Governmental Funds</i>	<u>6,254,848</u>
	<i>Total Governmental Funds</i>	<u>22,322,066</u>
<i>Enterprise Funds:</i>		
Electric Fund	Non-Major Governmental Funds	177,080 (B)
Water Fund	Non-Major Governmental Funds	65,316 (B)
Wastewater Fund	Water Fund	53,263 (B)
	Non-Major Governmental Funds	62,174 (B)
Solid Waste Fund	General Fund	50,000 (A)
	Non-Major Governmental Funds	48,454 (B)
	<i>Total Solid Waste Fund</i>	<u>98,454</u>
Non-Major Enterprise Funds	General Fund	110,261 (A)
	Non-Major Governmental Funds	1,828,354 (B)
		<u>1,938,615</u>
	<i>Total Enterprise Funds</i>	<u>2,394,902</u>
<i>Internal Service Funds:</i>		
Fleet Fund	Electric Fund	44,694 (A)
	Water Fund	4,200,000 (A)
	Wastewater Fund	2,500,000 (A)
	Solid Waste Fund	5,000,000 (A)
	Non-Major Governmental Funds	21,006 (B)
		<u>11,765,700</u>
Facilities Fund	Non-Major Governmental Funds	18,258 (B)
Information Technology Fund	Non-Major Governmental Funds	26,359 (B)
Unemployment Reserve	Non-Major Governmental Funds	221 (B)
General Benefits	Non-Major Governmental Funds	1,715 (B)
	<i>Total Internal Service Funds</i>	<u>11,812,253</u>
	<i>Total Interfund Transfers</i>	<u>\$ 36,529,221</u>

(A) Transfers to fund operations

(B) Transfers to fund various projects and/or pay debt service

(C) Transfers to fund in-lieu franchise fees

(D) Transfers of capital assets between funds

CITY OF ROSEVILLE
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 3: INTERFUND TRANSACTIONS (CONTINUED)

B. Current Interfund Balances

Current interfund balances arise in the normal course of business and are expected to be repaid shortly after the end of the fiscal year. At June 30, 2023, interfund balances comprised the following:

Due to Other Funds	Due From Other Funds	Amount
Governmental Funds		
Non-Major Governmental Funds:		
Non-Major Governmental Funds	General Fund	\$ 2,450,612 (A),(B)
	Internal Service Funds	720,002 (A)
	Total Governmental Funds	<u>3,170,614</u>
Non-Major Internal Service Funds	General Fund	\$ 86,337 (B)
	Total Governmental Funds	<u>3,256,951</u>
Enterprise Funds		
Non-Major Enterprise Funds	Internal Service Funds	<u>55,000 (A)</u>
	Total Enterprise Funds	<u>55,000</u>
		<u>\$ 3,311,951</u>

(A) Current portion of the advances mentioned in 3C below.

(B) To cover negative cash balances as of June 30.

C. Long-Term Interfund Advances

At June 30, 2023, the funds below had made advances which were not expected to be repaid within the next year:

Fund Receiving Advance	Fund Making Advance	Amount of Advance
Governmental Funds		
Non-Major Governmental Funds	General Fund	\$ 7,084,886
	Internal Service Funds	2,997,893
	Total Governmental Funds	<u>10,082,779</u>
Enterprise Funds		
Non-Major Enterprise Funds	Internal Service Funds	2,055,000
		<u>\$ 12,137,779</u>

Golf Course advance from the Fleet Fund bears interest at the prior fiscal year's average interest rate of the City's pooled investments. Principal is paid annually in the amount of \$127,000 with the final principal payment in fiscal year 2037. Simple interest is deferred for the life of the loan and a lump-sum deferred interest payoff is due in fiscal year 2037. As of June 30, 2023, the accrued deferred interest payable not included in the advance amount in the table above is \$2,371,126.

Development Impact has two advances from the General Fund that bears interest at the prior fiscal year's average interest rate of the City's pooled investments. The first advance has principal payments of \$409,042 and interest are being paid over the period beginning in fiscal year 2018 and ending in fiscal year 2028. The second advance has principal and interest that are deferred until fiscal year 2022. Deferred interest is added to the principal balance annually as incurred. Beginning in fiscal year 2022, principal of \$571,393 and interest are payable over seven years with final payment in fiscal year 2028.

NOTE 3: INTERFUND TRANSACTIONS (CONTINUED)

Development Impact has two advances from the Fleet Fund. The first advance bears interest at the prior fiscal year's average interest rate of the City's pooled investments plus one-half percent. Interest only payments were made the first three years of the advance beginning in fiscal year 2015. Principal payments of \$33,345 plus interest are being paid over an 18-year term beginning in fiscal year 2018 and ending in fiscal year 2035. The second advance bears interest at the prior fiscal year's interest rate of the City's pooled investments. Principal and interest will be paid annually over six years starting in fiscal year 2021 with the final payment in fiscal year 2026.

School-Age Child Care advance from the Fleet Fund bears interest at the prior fiscal year's average interest rate of the City's pooled investments. In fiscal year 2018 two prior advances and one new \$300,000 advance were consolidated into one total advance. Principal and interest payments are being paid over a 15-year term beginning in fiscal year 2018 and ends in fiscal year 2037. In fiscal year 2020, \$340,000 was added. Principal amount repayments are \$55,000 annually.

D. Internal Balances

Internal balances are presented in the City-wide financial statements only. They represent the net interfund receivables and payables remaining after the elimination of all such balances within governmental and business - type activities.

NOTE 4: RECEIVABLES

The City nets its Accounts, Interest, and Due From Other Agency receivables together and presents this amount as Receivables in the financial statements. These separate receivables are classified below for the Governmental and Proprietary funds:

	General	Non-Major Governmental Funds	Total Governmental Funds	Governmental Activities Internal Service Funds	Total Governmental Activities	
Accounts receivables	\$ 22,953,147	\$ 13,277,237	\$ 36,230,384	\$ 228,376	\$ 36,458,760

NOTE 5: NOTES RECEIVABLE

The City engages in programs designed to encourage business enterprises, construction or improvement in low- to-moderate income housing, or other projects. Under these programs, grants or loans are provided with favorable terms to businesses, homeowners or developers who agree to spend these funds in accordance with the City's terms. Although these notes are expected to be repaid in full, their balances have been offset in the fund financial statements by unavailable revenue, due to other government agencies or fund balance. Notes receivable were comprised of the following at June 30, 2023:

Flood Loan Notes	\$ 6,633
Housing Elevation Notes	10,000
Water Meter Notes Receivable	32,097
Flood Control Loan	175,204
SPWA Loan	76,668,345
First Time Home-Buyer Notes	8,019,452
Due From Successor Agency	12,798,103
Housing Rehabilitation and Affordable Housing Notes	32,374,020
Small Business Stabilization Program (SBSP)	46,000
Total	<u>\$ 130,129,854</u>

A. Flood Loan Notes Receivable

The City has provided notes to various homeowners and businesses for rehabilitation due to flood damage. The maximum note amount is \$5,000 carrying various interest rates and payment dates. The balance of these notes receivable at June 30, 2023 was \$6,633.

B. Housing Elevation Notes Receivable

In fiscal year 1997, the Federal Emergency Management Agency (FEMA) approved Hazard Mitigation Grant Program funds to be used for residential home elevation projects in the City at a maximum of \$5,000 per household, with the total federal share not to exceed \$1,493,096. The City provided matching funds to each eligible household at a maximum of \$5,000 in the form of a zero percent, deferred loan payable upon sale, change of title or change of use. As of June 30, 2023, two notes funded through the FEMA Hazard Mitigation Grant Program were outstanding with a total balance of \$10,000.

C. Water Meter Notes Receivable

The City entered into an agreement with Stonesfair Management for Water Meter Installations at Windscape Apartments. The original note amount is payable in 120 monthly installments. The balance of note at June 30, 2023 was \$32,097.

D. Flood Control Loan

On May 10, 2017, the City entered into an agreement with the Placer County Flood Control and Water Conservation District to fund the Antelope Creek Flood Control project with a loan to be paid back with future development fees. The loan bears simple interest based on the Construction Cost Index. As of June 30, 2023, the balance of the loan was \$175,204.

NOTE 5: NOTES RECEIVABLE (CONTINUED)

E. SPWA Loan

In June 2020, the City entered into loan agreements with the State Water Resources Control Board to secure funding for the Pleasant Grove Wastewater Treatment Plant Expansion and Energy Recovery Projects in the form of loans from the Clean Water State Revolving Fund. The City then entered into a reimbursement agreement with the South Placer Wastewater Authority as the Authority is responsible for the completion of these projects. The loans are approved for up to \$108,021,755, bear interest at the rate of 1.30% and are payable in 30 annual payments beginning on June 10, 2023. Total funds drawn on the loans at June 30, 2023 was \$76,668,345.

F. First Time Home-Buyer Notes Receivable

The City engages in a first-time home-buyer program designed to encourage home ownership among low - income residents. Under this program, grants are provided at no interest and are due upon sale or transfer of the property. Although these notes are expected to be repaid in full, their balance has been offset with deferred inflow of resources, as they are not expected to be repaid during the next fiscal year and any repayments will be used to reduce future grant draw-downs by the City. The balance of the notes receivable arising from this program at June 30, 2023, was \$8,019,452.

G. Successor Agency Loans

Prior to July 1, 2011, the former Redevelopment Agency had received various advances from various City funds. These advances bore interest at the average interest rate of the City's pooled investments. Principal and accrued interest on the advances totaled \$32,768,517 at July 1, 2011. During fiscal year 2012, the City and Redevelopment Agency determined that certain advances should have instead been funded by bond proceeds of the Agency. Therefore, the Redevelopment Agency repaid advances from the City in the amount of \$7,309,447 prior to the dissolution of the Agency on January 31, 2012.

With the dissolution of the Agency effective February 1, 2012, the Successor Agency assumed the balance of the obligation to repay the advances in the amount of \$25,603,129 for principal and accrued interest and recorded a notes payable to the Low and Moderate Income Housing Asset Fund equal to twenty percent of the balance of the notes. During fiscal year 2013, the State Department of Finance denied the prepaid advance and required the return of \$7,309,447 to the Successor Agency. The General Fund returned the cash to the Successor Agency during fiscal year 2013. The Successor Agency received its Finding of Completion in August 2013 determining that notes are enforceable obligations.

During fiscal year 2014, the Successor Agency completed its Long-Range Property Management Plan which was approved by the Department of Finance in May 2014 and as a result, the Successor Agency transferred land that was designated for governmental use to the City in the amount of \$7,107,581. As a result of the transfer, the City cancelled the notes that had been made to the former Redevelopment Agency for the purchase of those properties, including accrued interest, in the amount of \$5,902,331.

During fiscal year 2014, the Department of Finance clarified how the interest is to be calculated on each note to the Successor Agency. The City recalculated the interest due on the notes using the revised guidance and as a result the interest receivable was reduced by \$3,030,067. The principal balance of the notes as of June 30, 2023 is \$12,798,103.

H. Housing Rehabilitation and Affordable Housing Notes Receivable

The City engages in programs designed to encourage construction or improvement in low-to-moderate income housing or other projects. Under these programs, grants or notes are provided under favorable terms to home- owners or developers who agree to spend these funds in accordance with the City's or Agency's terms. Although these notes are expected to be repaid in full, their balance has been offset with a deferred inflow of resources as they are not expected to be repaid during the next fiscal year and any repayments will be used to reduce future grant draw-downs by the City. With the dissolution of the Agency effective February 1, 2012, the

NOTE 5: NOTES RECEIVABLE (CONTINUED)

assets of the Low and Moderate Income Housing Fund, including affordable housing notes receivable, were assumed by the Low and Moderate Income Housing Asset Fund. The balance of the notes receivable arising from these programs at June 30, 2023, was \$32,374,020.

NOTE 6: DEVELOPER PERMIT FEES RECEIVABLE

The City has entered into a number of agreements with developers to defer permit fees for various projects within the City. Although these fees are expected to be repaid in full, their balance has been offset by unavailable revenue in governmental funds, as they are not expected to be repaid early enough to be reported as a current asset. The receivable was valued at \$15,725,322 at June 30, 2023.

NOTE 7: DEVELOPMENT AGREEMENTS

The City may enter into development agreements in an effort to provide incentives to develop new businesses and new tax revenues. The substance of these agreements is that developers or other public agencies will be paid a portion of future sales tax or traffic mitigation fee revenues produced by their developments. These payments are conditioned on the generation of sales tax revenues or traffic mitigation fee revenues by these developments and the City is not required to use any other resources to pay these amounts.

B. Depreciation/Amortization Allocation

Depreciation expense is charged to functions and programs based on their usage of the related assets. The amounts allocated to each function or program is as follows:

Governmental Activities	
General Government	\$ 2,318,429
Development & Operations	768,869
Public Works	4,674,799
Police	1,346,127
Fire	1,810,312
Library	191,360
Parks & Recreation	7,251,283
Internal service funds	12,122,778
Total depreciation/amortization expense	<u>\$ 30,483,957</u>
Business-Type Activities	
Electric	\$ 25,272,365
Water	12,323,622
Wastewater	14,539,225
Waste Services	498,232
Local Transportation	1,741,039
School-Age Child Care	115,588
Total depreciation/amortization expense	<u>\$ 54,490,071</u>

C. Streets Covered By the Modified Approach

The City has elected to use the modified approach with respect to its streets. The City's policy based on current funding is to maintain the arterial and collector roadways at an average Pavement Quality Index (PQI) of 72 and residential roadways at an average PQI of 65, instead of providing depreciation. During fiscal year 2023, the City expended \$19,086,170 to preserve its streets. The City estimates that it will be required to expend approximately \$17,176,924 in fiscal year 2024 to maintain its streets at this condition level.

NOTE 9: LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

Lessee Leases

For the year ended June 30, 2023, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lessor Leases

For the year ended June 30, 2023, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lease Receivable

GOVERNMENTAL FUNDS:	Balance as of July 1, 2022	Additions	Reductions	Balance as of June 30, 2023

The City leases land, infrastructure and buildings to various companies and individuals. As of June 30, 2023, the value of the leases receivable is \$16,173,523 and \$2,540,223 respectively.

**NOTE 9: LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS
(CONTINUED)**

Subscription-Based Information Technology Arrangements

The City of Roseville is a subscriber for a noncancellable subscription of information technology services. The City of Roseville recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements. The City of Roseville recognized subscription liabilities with an initial, individual value of \$75,000 or more.

At the commencement of a subscription, the City of Roseville initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to subscriptions include how the City of Roseville determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) lease term, and (3) subscription payments.

- The City of Roseville uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the City of Roseville generally uses its estimated incremental borrowing rate as the discount rate for subscriptions.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments that the City of Roseville is reasonably certain to exercise.

The City of Roseville monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Governmental Activities		
Subscription Type	Amount of SBITA Capital Assets	Accumulated Amortization
Software as a service	\$ 4,718,948	\$ 998,586
Business-type Activities		
Subscription Type	Amount of SBITA Capital Assets	Accumulated Amortization

Total	\$ 7,036,957	\$ 1,480,349

CITY OF ROSEVILLE
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 10: LONG-TERM DEBT

The City generally incurs long-term debt to finance projects or purchase assets, which will have useful lives equal to or greater than the related debt.

For governmental fund types, bond premiums and discounts, as well as issuance costs, are recognized during the current period. Bond proceeds are reported as other financing sources gross of the applicable premium or discount. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. For proprietary fund types included, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Any differences between proprietary and government-wide refunded debt and the debt issued to refund it, is amortized over the remaining life of either the refunded debt or the refunding debt, whichever is shorter.

NOTE 10: LONG-TERM DEBT (CONTINUED)

B. Direct Placement Debt

2013 Public Facilities Refunding Lease

On June 1, 2013, the City entered into a Lease and Sublease Agreement in the amount of \$16,324,609 to refund the outstanding 2003A Public Facilities Refunding Certificates of Participation (2003A COPs) and the 2003B Golf Course Refunding Certificates of Participation (2003B COPs). The 2003A and 2003B COPs were called on August 1, 2013. The Lease is repayable from any source of available funds of the City which includes the General Fund; however, the Golf Course Special Revenue Fund is expected to repay the portion of the lease related to the refunding of the 2003B Certificates of Participation. Principal and interest payments are payable semi-annually on February 1 and August 1 through 2025. The amount outstanding as of June 30, 2023 was \$3,382,762 in governmental activities.

2012 Electric System Revenue Refunding Certificates of Participation

On November 7, 2012, the City entered into a direct placement agreement with U.S. Bank for the purchase of the 2012 COPs. The COPs were issued to refund and retire the outstanding balance of the 2008A Electric System Revenue COPs.

The terms of this agreement were renewed on April 20, 2016, and expired on November 1, 2019. The City originally entered into a 27-year interest rate swap agreement for the entire amount of the 2008A COPs, and the interest rate swap agreement remained outstanding after the refunding, but the notional amount of the swap was based on the notional amount of the 2008A COPs. The combination of the variable rate COPs and a floating rate swap created a synthetic fixed-rate debt for the City. The synthetic fixed rate for the COPs was 3.919 percent for the year ended June 30, 2022. On November 1, 2019, the 2012 Electric COPs were paid down by \$36,000,000 leaving a balance of \$54,000,000. In addition, the Bank of America Merrill Lynch swap was terminated as of this date. As a result, the City paid \$7,176,500 to terminate the interest rate swap agreement. The U.S. Bank direct placement was renewed with new interest rate terms of 80% of one-month LIBOR plus 60 basis points and an expiration date of May 1, 2023. The COPs were subject to mandatory prepayment annually beginning February 1, 2023 through 2035.

The COPs were secured by a pledge of the net revenue of the Electric Department. The revenue could not be used for any other purpose while any of the bonds remain outstanding. The continuing covenant agreement for the COPs included a provision that in an event of default, the repayment of the outstanding principal plus any accrued interest became immediately due. The City was responsible for cost increases caused by the adoption of a law or rule applicable to the COPs, changes in the taxes or tax basis of the Purchaser or Credit Protection Provider. In April 2023, the City paid off the outstanding balance on the COPs.

2020 State Revolving Fund Loan

In June 2020, the City entered into a loan agreement with the State Water Resources Control Board to secure funding for the Pleasant Grove Wastewater Treatment Plant Expansion and Energy Recovery Project in the form of a loan from the Clean Water State Revolving Fund. The loan is approved for up to \$108,021,755, bears interest at the rate of 1.30%, and is payable in 30 annual payments beginning January 2024. Total funds drawn on the loan at June 30, 2023 was \$77,060,647.

C. Certificates of Participation

2015 316 Vernon Street Project Certificates of Participation

On July 14, 2015, the Roseville Finance Authority issued the Certificates of Participation, Series 2015 (316 Vernon Street Project), in the principal amount of \$14,425,000 to fund a portion of the acquisition and construction of an office building located at 316 Vernon Street. The Lease bears interest at 2.00 percent to 5.25 percent and are due semi-annually at February 1 and August 1 of each year. The Lease is repayable from any

NOTE 10: LONG-TERM DEBT (CONTINUED)

source of legally available funds of the City, including (but not limited to) amounts held by the City in its General Fund according to the Lease Agreement in the official statement. Principal payments are due annually on August 1 through 2045. The amount outstanding as of June 30, 2023 is \$12,570,000.

2004 Electric System Revenue Certificates of Participation

On July 1, 2004, the City issued \$39,940,000 of Certificates of Participation to finance capital improvements to the City's Electric System. The COPs are repayable from net revenue of the Electric Utility System. The COPs bear interest at 3.00 percent to 5.25 percent and are due semi-annually on February 1 and August 1 of each year beginning February 1, 2005. Principal payments are due annually on February 1 through February 2034. The COPs were partially refunded by the 2013 Electric System Revenue Refunding Bonds as discussed below. In August 2014, the 2004 Electric System Revenue Certificates of Participation were partially refunded by the 2014 Electric System Revenue Refunding Bonds leaving a par amount of \$5,000.

2015 Water Utility Revenue Refunding Certificates of Participation

On August 20, 2015, the Roseville Finance Authority issued the Water Revenue Certificates of Participation, Series 2015, in the principal amount of \$42,565,000 to refund the 2007 Water Utility Certificates of Participation. The Bonds bear interest at 2.00 percent to 5.00 percent and are due semi-annually on December 1 and June 1 of each year. The Bonds are repayable by a pledge of net revenue from the Water Utility System. Principal payments are due annually on December 1 through 2030.

As of June 30, 2023, the total principal and interest remaining to be paid on the bonds was \$25,293,550. As disclosed in the official statement, all net revenues of the Water Utility System are expected to provide coverage over debt service of 120 percent over the life of the Bonds. For fiscal year 2023, net revenues amounted to \$22,608,710 which represented coverage of 547 percent over the \$4,131,075 in debt service. The balance outstanding as of June 30, 2023 is \$21,840,000.

D. Revenue Bonds

2007 Roseville Natural Gas Financing Authority Gas Revenue Bonds

On January 24, 2007, the Authority issued \$209,350,000 of Gas Revenue Bonds, Series 2007 (the Bonds), to finance a lump sum prepayment to a Gas Supplier (See Note 21A) in order to acquire a supply of natural gas to be delivered over a period of twenty-years. The gas purchased by the Authority will be sold to the City pursuant to a Natural Gas Supply Agreement (See Note 21C) to produce revenues to be used for debt service on the Bonds.

Principal payments are due annually on February 15 through 2028 and interest is payable semiannually on February 15 and August 15. The balance outstanding as of June 30, 2022 is \$72,850,000. As of June 30, 2023, the total principal and interest to be paid on the bonds was \$84,135,500. For fiscal year 2023, net revenues amounted to \$19,330,736, which represented coverage of 121 percent over the \$16,788,500 in debt service.

2013 Electric System Revenue Refunding Bonds

On November 14, 2013, the Roseville Finance Authority issued the Electric System Revenue Refunding Bonds, Series 2013, in the principal amount of \$48,780,000 to refund a portion of each of the 2004 Electric System Revenue and 2005 Electric System Revenue, Series A, Certificates of Participation. The Bonds bear interest at 2.00 percent to 5.00 percent and are due semi-annually on February 1 and August 1 of each year. The Bonds are repayable by a pledge of net revenue from the Electric System. Principal payments are due annually on February 1 through 2029. In September 2020, the City issued the 2020 Taxable Electric System Revenue Refunding Bonds, which refunded a portion of the 2013 bonds, which are further described below. As of June 30, 2023 this debt was fully paid off.

NOTE 10: LONG-TERM DEBT (CONTINUED)

2017A Electric System Revenue Refunding Bonds

On February 8, 2017, the City issued Revenue Bonds in the original principal amount of \$56,210,000. The Bonds were issued to refund a portion of the 2009 Electric System Revenue Refunding Certificates of Participation and the 2010 Electric System Revenue Refunding Bonds. The Revenue Bonds bear interest at 3.00 percent to 5.00 percent and are due semi-annually on February 1 and August 1 of each year. Principal payments are due annually on February 1 through 2037. The balance outstanding as of June 30, 2023 is \$53,270,000.

2020 Taxable Electric System Revenue Refunding Bonds

On September 2020, the City issued Taxable Revenue Bonds in the original principal amount of \$34,770,000. The Bonds were issued to refund a portion of the 2013 and 2014 Electric System Revenue Refunding Bonds. The Revenue Bonds bear interest at 0.389 percent to 2.081 percent and are due semi-annually on February 1 and August 1 of each year. Principal payments are due annually on February 1 through 2034. The balance outstanding as of June 30, 2023 is \$33,170,000.

Electric Bonds Net Revenue Summary

As of June 30, 2023, the total principal and interest remaining to be paid on the 2004 Electric System Revenue COPs, the 2017A Electric System Revenue Refunding bonds and the 2020 Taxable Electric System Revenue Refunding bonds was \$113,505,352. As disclosed in the official statements, all net revenues of the Electric System are expected to provide coverage over debt service of 110% over the lives of the Bonds. For fiscal year 2023, net revenues amount to \$42,558,607 which represents coverage of 294% over the \$14,476,511 in debt service.

NOTE 10: LONG-TERM DEBT (CONTINUED)

F. Special Assessment Districts

Special Assessment Districts, including Mello Roos Districts, in various parts of the City have issued debt to finance infrastructure improvements and facilities within their boundaries. The City is the collecting and paying agent for the debt issued by these Districts but has no direct or contingent liability or moral obligation for the payment of this debt. Therefore, this debt is not recorded as long-term debt of the City. The outstanding balance of each of these issues as of June 30, 2023, is as follows:

	<u>Maturity</u>	<u>Outstanding</u>
Highland Reserve North Community Facilities District No. 1, Series 2006	9/1/2027	\$ 8,149,000
Woodcreek East Community Facilities District No. 1, Series 2006	9/1/2027	2,038,000

CITY OF ROSEVILLE
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 11: DERIVATIVE INSTRUMENTS

A. Summary of Notional Amounts and Fair Values

The City enters into contracts to hedge its price exposures to power and natural gas, and to procure energy supplies. These contracts are evaluated pursuant to GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, to determine whether they meet the definition of derivative instruments, and, if so, whether they effectively hedge the expected cash flows associated with interest rate and energy exposures.

The City applies hedge accounting for derivatives that are deemed effective hedges. Under hedge accounting, the increase (decrease) in the fair value of a hedge is reported as a deferred inflow or outflow of resources on the statement of net position. For the reporting period, all of the City's derivatives are considered effective hedges.

For energy derivatives, fair values are estimated by comparing contract prices to forward market prices quoted by third party market participants or provided in relevant industry publications.

The following is a summary of the fair values and notional amounts of derivative instruments outstanding as of June 30, 2023.

	2023 Change in Fair Value		Fair Value, End of Fiscal Year 2023		Notational	Level
	Classification	Amount	Classification	Amount		
Effective Cash Flow Hedges						
Roseville Narual Gas Financing Authority						
Pay Fixed SWAP, Natural Gas	Deferred Inflow	\$ 1,874,916	Derivative	\$ 6,644,238	34,513,500 mmBtu	2
					76,000-372,000	
Receive Fixed SWAP, Natural Gas	Deferred Outflow	1,882,872	Derivative	54,052,758	monthly mmBtu	2
				\$ 60,696,996		

B. Objective and Terms of Hedging Derivative Instruments

The objectives and terms of the City's hedging derivative instruments that were outstanding at June 30, 2023, are summarized in the next table. The table is aggregated by the credit ratings of the City's counterparties. For counterparties having multiple ratings, the rating indicating the greatest degree of risk is used.

Objectives and terms of the City's hedging derivative instruments that were outstanding at June 30, 2023 are summarized in the table below:

Type and Objective	Notational Amount	Effective Date	Maturity Date	Terms	Counterparty	Rating
Forward Contracts, Gas:						
Hedge Cash Flows on PG&E citygate Gas	3,885,000 mmBtu	10/1/2023	12/31/2025	Pay \$5.33; Receive NGI PG&E citygate price	BP Energy	A3
Hedge Cash Flows on PG&E citygate Gas	1,225,000 mmBtu	8/1/2023	9/30/2025	Pay \$5.51; Receive NGI PG&E citygate price	Citigroup Energy	A2
Hedge Cash Flows on PG&E citygate Gas	1,060,000 mmBtu	8/1/2023	6/30/2025	Pay \$4.77; Receive NGI PG&E citygate price	EDF Trading North America	Baa3
Hedge Cash Flows on PG&E citygate Gas	230,000 mmBtu	10/1/2023	12/31/2025	Pay \$3.47; Receive NGI PG&E citygate price	J Aron & Company	A2
Hedge Cash Flows on PG&E citygate Gas	4,772,500 mmBtu	8/1/2023	3/31/2026	Pay \$4.81; Receive NGI PG&E citygate price	Macquarie Energy	A2
Hedge Cash Flows on PG&E citygate Gas	955,300 mmBtu	10/1/2023	12/31/2024	Pay \$5.61; Receive NGI PG&E citygate price	Shell Trading Risk Management	A2
Forward Contracts, Power:						
Hedge Cash Flows on NP15 Power	39,400 MWh	7/1/2023	9/30/2024	Average Cost/Unit at \$109.17	Citigroup Energy	A2
Hedge Cash Flows on NP15 Power	92,000 MWh	7/1/2023	6/30/2024	Average Cost/Unit at \$78.98	EDF Trading North America	Baa3
Commodity Swap, Gas:						
Prepayment 20-year supply of Natural Gas	20,426,500 mmBtu	1/1/2008	12/31/2027	Pay index minus 0.68; Receive NGI	Merryll Lynch	A1
	From 75,000 to					
Hedge on Cash Flows on prepayment of 20-year supply of Natural Gas	372,000 mmBtu per month	1/24/2007	1/24/2028	Pay NGI PG&E citygate price; Receive &7.7224 per mmBtu	JPMorgan Chase Bank, NA	A1

C. Risks of Derivative Instruments

Credit risk – Credit risk is the risk of loss due to a counterparty defaulting on its obligations. The City seeks to minimize credit risk by transacting with creditworthy counterparties. Interest rate swap counterparties are evaluated at the time of transaction execution. The procedure prohibits the City from executing energy hedge transactions with counterparties rated lower than BBB by Standard & Poor's or Fitch rating services, or Baa2 by Moody's. Subsequent to entering into transactions, the credit ratings of one or more counterparties may deteriorate. If so, the City's credit risk management policies increase the amount of collateral that the counterparty must post with the City when the counterparty owes the City, thereby reducing credit risk associated with the decline in the counterparty's credit worthiness.

NOTE 11: DERIVATIVE INSTRUMENTS (CONTINUED)

Termination risk – Termination risk is the risk that a derivative will terminate prior to its scheduled maturity due to a contractual event. Contractual events include bankruptcy, illegality, default, and mergers in which the successor entity does not meet credit criteria. One aspect of termination risk is that the City would lose the hedging benefit of a derivative that becomes subject to a termination event. Another aspect of termination risk is that, if at the time of termination, the mark-to-market value of the derivative was a liability to the City, the City could be required to pay that amount to the counterparty. Termination risk is associated with all of the City's derivatives up to the fair value amounts.

NOTE 12: NET POSITION AND FUND BALANCES

A. Fund Balance and Net Position Deficits

The City reported the following deficit net position and fund balances:

The School-Age Child Care Fund had a deficit net position of at June 30, 2023 of \$8,220,149. The City is evaluating the operations of this fund to ensure that service rates are sufficient to cover operations.

The Golf Fund had a deficit fund balance as of June 30, 2023 of \$2,665,554. The City is expecting to eliminate this deficit with future program revenues and transfers from the general fund.

The Roseville Finance Authority debt service fund had a deficit fund balance as of June 30, 2023 of \$110,053. The City is expecting to eliminate this deficit with future transfers from other funds.

The Information Technology Fund had deficit net position at June 30, 2023 of \$1,460,540. The City is expecting to eliminate this deficit through future internal service rates.

The Workers' Compensation Fund had deficit net position at June 30, 2023 of \$3,154,411. The City is expecting to eliminate this deficit through future internal service rates.

The General Liability Fund had deficit net position at June 30, 2023 of \$5,297,467. The City is expecting to eliminate this deficit through future internal service rates.

NOTE 12: NET POSITION AND FUND BALANCES (CONTINUED)

B. Classifications

Detailed classifications of the City's Fund Balances, as of June 30, 2023, are below:

Fund Balance Classification	General Fund	Non-Major Governmental Funds	Total
Nonspendable:			
Items not in spendable form:			
Notes and loans	\$ 10,323,262	\$ -	\$ 10,323,262
Prepays	443,544	3,421	446,965
Advances	7,084,886	-	7,084,886
Inventories	254,072	-	254,072
Subtotal	18,105,764	3,421	18,109,185
Amounts required to be maintained intact:			
Permanent funds	-	14,535,795	14,535,795
Total nonspendable fund balances	18,105,764	14,539,216	32,644,980
Restricted for:			
Community facilities districts	-	7,484,457	7,484,457
Landscape and lighting	-	17,350,999	17,350,999
Street projects	-	17,022,557	17,022,557
Affordable housing	-	11,365,434	11,365,434
Technology replacement	-	3,149,151	3,149,151
Local access television	-	2,425,752	2,425,752
Public safety services and projects	-	338,941	338,941
Open space maintenance	-	746,890	746,890
Federal grant programs	-	4,365,207	4,365,207
Wildlife preservation	-	1,338,972	1,338,972
Community development	-	165,404,690	165,404,690
Tree propagation	-	2,056,409	2,056,409
Aquatics complex maintenance	-	363,955	363,955
Other capital projects	-	3,954,382	3,954,382
Total restricted fund balances	-	237,367,796	237,367,796
Committed to:			
Emergency reserve	17,210,138	-	17,210,138
Economic stabilization reserve	25,741,986	-	25,741,986
Capital projects	55,323,967	-	55,323,967
Pension trust contribution	12,800,277	-	12,800,277
Total committed fund balances	111,076,368	-	111,076,368
Assigned to:			
Police operations and supplies	250,147	-	250,147
Fire operations and supplies	224,649	-	224,649
Parks, Recreation and Libraries operations and suppli	239,817	-	239,817
Various contracts	92,164	-	92,164
Building and general rehabilitation projects	-	2,020,366	2,020,366
Total assigned fund balances	806,777	2,020,366	2,827,143
General Fund	36,372,657	-	36,372,657
Other governmental fund deficit residuals	-	(2,775,739)	(2,775,739)
Unassigned: Total unassigned fund balances	36,372,657	(2,775,739)	33,596,918
Total fund balances	\$ 166,361,566	\$ 251,151,639	\$ 417,513,205

NOTE 12: NET POSITION AND FUND BALANCES (CONTINUED)

C. Emergency Reserve

The City maintains an Emergency Reserve Committed Fund Balance that is set at a minimum of 10% of budgeted General Fund operating expenditures. Appropriations from the Emergency Reserve may only be made by a vote of the City Council to meet a critical, unpredictable financial need such as a declared emergency.

D. Stabilization Reserve

The City also maintains a Stabilization Reserve reported as part of the committed fund balance. The stabilization reserve is equal to 15% of budgeted General Fund operating expenditures as the target reserve level.

Appropriations may only be made by a vote of the City Council in the event of temporary revenue shortfalls caused by an economic downturn.

NOTE 13: PENSION PLANS

Plan Descriptions – Substantially all full-time City employees are eligible to participate in the City's separate Safety (police and fire) and Miscellaneous (all other) Plans, agent-multiple employer defined benefit pension plans administered by the California Public Employees Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and may be amended by City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

NOTE 13: PENSION PLANS (CONTINUED)

The Plans' provisions and benefits in effect at the measurement date, are summarized as follows:

	Safety	
	Prior to January 1, 2013	After January 1, 2013
Hire date		
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 55	50 - 54
Monthly benefits, as a % of annual salary	3.000%	2.000% - 2.700%
Required employee contribution rates	9.000%	13.250% (Police) & 14.000% (Fire)
Required normal employer contribution rates	24.714	26.282% (Police) & 27.853% (Fire)
Required employer payment of unfunded liability	\$7,603,447	\$ -

	Miscellaneous	
	Prior to January 1, 2013	After January 1, 2013
Hire date		
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50 - 55	52 - 67
Monthly benefits, as a % of annual salary	2.0% - 2.7%	1.0% - 2.5%
Required employee contribution rates	8.000%	7.000%
Required normal employer contribution rates	11.684%	13.819%
Required employer payment of unfunded liability	\$17,698,392	\$ -

Employees Covered – As of the measurement date, the following employees were covered by the benefit terms for each Plan:

	Miscellaneous	Safety
Inactive employees or beneficiaries currently receiving benefits	968	266
Inactive employees entitled to but not yet receiving benefits	1,008	89
Active employees	1,084	243
Total	3,060	598

Contributions – Section 20814(c) of the California Public Employees' Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2023, the employer contributions recognized as a reduction to the net pension liability for the Miscellaneous Rate Plan and Safety Rate Plan were \$30,096,797 and \$21,918,104, respectively.

NOTE 13: PENSION PLANS (CONTINUED)

Net Pension Liability

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2022, using an annual actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. The net pension liability and related deferred outflows/inflows of resources are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities net pension liability is liquidated primarily by the General Fund. A summary of principal assumptions and methods used to determine the net pension liability are described below and in the following pages.

Actuarial Assumptions – The total pension liabilities in the June 30, 2021 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions	
Discount Rate	6.90%
Inflation	2.80%
Payroll Growth	2.80%
Projected Salary Increase	3.3% - 14.2% (1)
Investment Rate of Return	7.00% (2)
Mortality (3)	Derived using CalPERS' Membership Data for all funds

(1) Depending on age, service and type of employment

(2) Net of Pension Plan Investment and Administrative Expenses; includes inflation

(3) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates include 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return on pension plan investments, CalPERS took into account both short and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

NOTE 13: PENSION PLANS (CONTINUED)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class ¹	Asset Allocation	Real Return Years 1 - 10 ²	Real Return Years 11+ ³
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8.0	6.30	7.23
Real Estate	13.0	3.75	4.93
Liquidity	1.0	-	(0.92)

¹ In the Basic Financial Statement, Fixed Income is included in Global

² An expected inflation of 2.0% used for this period

³ An expected inflation of 2.92% used for this period

Discount rate – The discount rate used to measure the total pension liability was 6.90 percent for each plan. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the district's contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 13: PENSION PLANS (CONTINUED)

Changes in the Net Pension Liability

The changes in the net pension liability for each Plan as of the measurement date of June 30, 2022 follows:

Miscellaneous Plan:

	Increase(Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b) = (c)
Balances as of June 30, 2021 (Measurement Date)	\$ 784,625,710	\$ 591,498,193	\$ 193,127,517
Changes for the year:			
Service cost	17,950,437	-	17,950,437
Interest on total pension liability	55,762,597	-	55,762,597
Changes in assumptions	29,517,318	-	29,517,318
Differences between expected and actual experience	4,292,996	-	4,292,996
Contribution - employer	-	30,096,797	(30,096,797)
Contribution - employee	-	7,171,310	(7,171,310)
Net investment income	-	(45,091,960)	45,091,960
Benefit payments, including refunds of employee contributions	(38,515,340)	(38,515,340)	-
Administrative expenses	-	(368,468)	368,468
Net changes	69,008,008	(46,707,661)	115,715,669
Balances as of June 30, 2022 (Measurement Date)	\$ 853,633,718	\$ 544,790,532	\$ 308,843,186

Safety Plan:

	Increase(Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b) = (c)
Balances as of June 30, 2021 (Measurement Date)	\$ 397,415,921	\$ 314,700,474	\$ 82,715,447
Changes for the year:

Interest on total pension liability	27,908,384	-	27,908,384
Changes in assumptions	13,677,055	-	13,677,055
Differences between expected and actual experience	(2,818,119)	-	(2,818,119)
Contribution - employer	-	21,918,104	(21,918,104)
Contribution - employee	-	3,207,736	(3,207,736)
Net investment income	-	(24,502,839)	24,502,839
Benefit payments, including refunds of employee contributions	(18,153,244)	(18,153,244)	-
Administrative expenses	-	(196,040)	196,040
Net changes	31,156,250	(17,726,283)	48,882,533
Balances as of June 30, 2022 (Measurement Date)	428,572,171	296,974,191	131,597,980
Total of both miscellaneous and safety plans	\$ 1,282,205,889	\$ 841,764,723	\$ 440,441,166

NOTE 13: PENSION PLANS (CONTINUED)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate – The following presents the net pension liability of the City for each Plan, calculated using the discount rate for each Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1 percentage point higher than the current rate:

	Miscellaneous	Safety	Total
1% Decrease	5.90%	5.90%	5.90%
Net Pension Liability	\$ 426,313,169	\$ 196,305,983	\$ 622,619,152
Current Discount Rate	6.90%	6.90%	6.90%
Net Pension Liability	\$ 308,843,186	\$ 131,597,980	\$ 440,441,166
1% Increase	7.90%	7.90%	7.90%
Net Pension Liability	\$ 211,991,942	\$ 79,292,164	\$ 291,284,106

Pension Plan Fiduciary Net Position – Detailed information about each pension plans' fiduciary net position is available in the separately issued CalPERS financial reports.

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the City recognized pension expense of \$42,811,332 in the Miscellaneous Plan and \$13,524,879 in the Safety Plan. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 33,473,482	\$ -
Changes of assumption	22,137,988	-
Difference between expected and actual experience	6,779,501	-
Net difference between projected and actual earnings on plan investments	27,253,760	-
Total	\$ 89,644,731	\$ -
	Safety	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 17,136,360	\$ -
Changes of assumption	11,046,852	(236,103)
Difference between expected and actual experience	2,808,636	(2,312,686)
Net difference between projected and actual earnings on plan investments	15,300,383	-
Total	46,292,231	(2,548,789)
Total Primary Government	\$ 135,936,962	\$ (2,548,789)

NOTE 13: PENSION PLANS (CONTINUED)

The amount of \$33,473,482 in the miscellaneous plan and \$17,136,360 in the safety plan reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year ended June 30:	Deferred Outflows		
	Miscellaneous	Safety	Total primary
2024	\$ 15,238,956	\$ 5,464,643	\$ 20,703,599
2025	13,367,229	5,281,876	18,649,105
2026	10,402,728	3,974,810	14,377,538
2027	17,162,336	11,468,102	28,630,438
2028	-	417,651	417,651
	<u>\$ 56,171,249</u>	<u>\$ 26,607,082</u>	<u>\$ 82,778,331</u>

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS

Plan Description

The City provides medical benefits to substantially all retirees under the City of Roseville Retiree Healthcare Plan (Plan), a sole employer defined benefit healthcare plan administered by the Trust Investment Review Committee. The City is responsible for establishing and amending the funding policy of the Plan. The Plan financial statements can be obtained at www.roseville.ca.us or by contacting the City of Roseville Accounting Division at 311 Vernon Street, Roseville, California 95678.

Benefits Provided –The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the Plan. Benefit provisions are established and may be amended by City labor agreements, which are approved by the City Council.

Employees Covered By Benefit Terms – As of measurement date, the following employees were covered by the benefit terms:

	Number of Covered Participants
Active	868
Inactive employees or beneficiaries currently receiving benefits	85
Inactive employees entitled to, but not yet receiving benefits	1,445
Total	<u>2,398</u>

Contributions – The contribution requirements of plan members and the City are established and may be amended by the City Council. The City Council establishes rates based on an actuarially determined rate. For the year ended June 30, 2023, the City contributed \$11,961,366 to the Plan.

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Net OPEB Liability

The City's net OPEB liability was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021. The net OPEB liability and related deferred outflows/inflows of resources are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities net OPEB liability is liquidated primarily by the General Fund.

Actuarial Assumptions – The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2023
Contribution Policy	Pre-Funded with pay-go plus a percent of pay which varies by employee group
Discount Rate	5.75%
Expected Long-Term Rate of Return	Same as discount rate - expected City contributions projected to keep sufficient plan assets to pay all benefits from trust
General Inflation	2.50%
Mortality, Retirement, Disability, Termination	CalPERS 1997-2015 Experience Study
Mortality Improvement	Mortality projected fully generational with Scale MP-2019
Salary Increases	Aggregate 2.75% Merit - CalPERS 1997-2015 Experience Study
Medical Trend	Non-Medicare - 6.5% for 2023, decreasing to an ultimate rate of 3.75% in 2076 Medicare - 5.13% for 2023, decreasing to an ultimate rate of 3.75% in 2076
Healthcare Participation	Tier 1: 100% Tier 2 & 3 RFF: 80% at 50% of cap to 100% at 100% of cap Tier 3 Non-RFF & Tier 4: 60%

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

<u>Asset Class Component</u>	<u>Target Allocation</u>	<u>Expected Real Rate of Return</u>
Equities	60%	4.65%
Fixed Income	40%	0.78%
	<u>100%</u>	
Assumed long-term rate of inflation		2.50%
Expected Long-Term Net Rate of Return, Rounded		5.75%

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

Discount rate – The discount rate used to measure the total OPEB liability was 5.75 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes In Net OPEB Liability

	Total OPEB Liability (a)	Fiduciary Net Position	Net OPEB Liability
Balances as of June 30, 2022 (Measurement Date)	<u>\$ 213,185,929</u>	<u>\$129,464,260</u>	<u>\$ 83,721,668</u>
Changes for the year:			
Service cost	5,143,281	-	5,143,281
Interest on total pension liability	12,237,069	-	12,237,069
Contribution - employer*	-	11,961,366	(11,961,366)
Net investment income	-	10,511,924	(10,511,924)
Benefit payments, including refunds of employee contributions	(11,021,257)	(11,021,257)	-
Administrative expenses	-	(40,390)	40,390
Net changes	<u>6,359,093</u>	<u>11,411,643</u>	<u>(5,052,550)</u>
Balances as of June 30, 2023 (Measurement Date)	<u><u>\$ 219,545,022</u></u>	<u><u>\$140,875,903</u></u>	<u><u>\$ 78,669,118</u></u>

* Contributions to the trust of \$11,961,366 plus \$8,938,257 cash benefit payments and \$2,083,000 implicit subsidy

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates – The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (4.75 percent) or 1 percentage point higher (6.75 percent) than the current discount rate:

	Discount Rate - 1% (4.75%)	Current Discount Rate (5.75%)	Discount Rate + 1% (6.75%)
Net OPEB Liability	<u>\$ 109,681,877</u>	<u>\$ 78,669,118</u>	<u>\$ 53,522,283</u>

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates – The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates, rather than the discount rate, that are 1 percentage point lower (5.5 percent decreasing to 2.75 percent) or 1 percentage point higher (7.5 percent decreasing to 4.75 percent) than the current healthcare cost trend rates:

	1% Decreasing (5.5% decreasing to 2.75%)	Current Healthcare Trend Rate (6.5% decreasing to 3.75%)	1% Increasing (7.5% decreasing to 4.75%)
Net OPEB Liability	<u>\$ 54,056,756</u>	<u>\$ 78,669,118</u>	<u>\$ 105,525,362</u>

OPEB plan fiduciary net position – Detailed information about the Plan's fiduciary net position is available in the separately issued City of Roseville Other Post-Employment Benefits Trust financial report.

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the City recognized OPEB expense of \$343,706. At June 30, 2023, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 27,997,342
Change of assumptions	5,994,598	15,730,184
Net difference between projected and actual earnings on pension plan investments	5,386,093	-
Total	<u>\$ 11,380,691</u>	<u>\$ 43,727,526</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	Deferred Outflows/ (Inflows) of Resources
2024	\$ (8,711,512)
2025	(6,667,513)
2026	(2,376,024)
2027	(6,544,690)
2028	(4,481,825)
Thereafter	(3,565,271)
	<u>\$ (32,346,835)</u>

NOTE 15: POSTEMPLOYMENT BENEFITS TRUST

Plan Description

Plan administration –The City of Roseville Retiree Healthcare Plan (Plan) is a single-employer defined benefit healthcare plan that is used to provide postemployment benefits other than pensions (OPEB), including medical, dental and vision insurance benefits to eligible retirees. Management of the plan is vested with the Trust Investment Review Committee (Committee). The Committee consists of nine members appointed by the City Manager. It includes one member from each of the City's employee labor bargaining groups (5), one retiree, one investment professional, the City Human Resource Director, and the City Treasurer (Assistant City Manager/Chief Financial Officer).

The City has delegated authority of the OPEB trust to PFM Asset Management LLC (PFM), per the trust agreement. Upon signing the agreement, PFM has been deemed to have executed the Trust and during the term of this Agreement, PFM further agreed to serve as a discretionary trustee, with fiduciary oversight and authority over the operations and management of the Trust.

NOTE 15: POSTEMPLOYMENT BENEFITS TRUST (CONTINUED)

Plan membership – At June 30, 2023, the Plan membership consisted of the following:

	Number of Covered Participants
Active	868
Inactive employees or beneficiaries currently receiving benefits	85
Inactive employees entitled to, but not yet receiving benefits	1,445
Total	<u>2,398</u>

Benefits Provided – The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the Plan. Benefit provisions are established and may be amended by City labor agreements, which are approved by the City Council.

Contributions – The contribution requirements of plan members and the City are established and may be amended by the City Council. The Council establishes rates based on an actuarially determined rate. For the year ended June 30, 2023, the City made contributions of \$11,961,366 plus \$8,938,257 cash benefit payments and \$2,083,000 implied subsidy benefit payments by the City. Plan members receiving benefits contributed \$0.

Investments Authorized for the Other Post-Employment Benefits Trust Fund

The authorized investments for the Other Post-Employment Benefits Trust (Trust) were established pursuant to the Trust Agreement. The City, as trustee, has elected to invest the Trust assets in up to six months of cash, cash equivalent and/or money market funds for near term Trust benefits and expenses. All remaining assets will be invested in longer-term securities and shall be diversified with the intent to minimize the risk of long-term investment losses. Consequently, the total portfolio will be constructed and maintained to provide diversification with regard to the concentration of holdings in individual issues, issuers, countries, governments or industries. To achieve the Trust's investment objectives and the best balance between risk and return for optimal diversification, assets will be invested in accordance with the targets for each asset class as follows to attempt to achieve a long-term average total annual rate of return that is equal to or greater than the Trust's actuarial discount rate as described above.

Asset Class Component	Target Allocation	Expected Real Rate of Return
Equities	60%	4.65%
Fixed Income	40%	0.78%
	<u>100%</u>	
Assumed long-term rate of inflation		2.50%
Expected Long-Term Net Rate of Return, Rounded		5.75%

Rate of return – For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 7.94 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 15: POSTEMPLOYMENT BENEFITS TRUST (CONTINUED)

Net OPEB Liability of The City

The components of the net OPEB liability of the City at June 30, 2023, were as follows:

Total OPEB Liability	\$ 219,545,021
Plan Fiduciary Net Position	140,875,903
City's Net OPEB Liability	<u>\$ 78,669,118</u>

Plan Fiduciary Net Position as a Percentage of the Total OPEB	64.17%

Actuarial assumptions – The total OPEB liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2023
Contribution Policy	Pre-Funded with pay-go plus a percent of pay which varies by employee group
Discount Rate	5.75%
Expected Long-Term Rate of Return	Same as discount rate - expected City contributions projected to keep sufficient plan assets to pay all benefits from trust
General Inflation	2.50%
Mortality, Retirement, Disability, Termination	CalPERS 1997-2015 Experience Study
Mortality Improvement	Mortality projected fully generational with Scale MP-2019
Salary Increases	Aggregate 2.75% Merit - CalPERS 1997-2015 Experience Study
Medical Trend	Non-Medicare - 6.5% for 2023, decreasing to an ultimate rate of 3.75% in 2076 Medicare - 5.13% for 2023, decreasing to an ultimate rate of 3.75% in 2076
Healthcare Participation	Tier 1: 100% Tier 2 & 3 RFF: 80% at 50% of cap to 100% at 100% of cap Tier 3 Non-RFF & Tier 4: 60%

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2023 (see the discussion of the Plan's investment policy).

NOTE 15: POSTEMPLOYMENT BENEFITS TRUST (CONTINUED)

Sensitivity of the net OPEB liability to changes in the discount rate – The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.75 percent) or 1-percentage-point higher (6.75 percent) than the current discount rate:

	Discount Rate - 1% (4.75%)	Current Discount Rate (5.75%)	Discount Rate + 1% (6.75%)
Net OPEB Liability	\$ 109,681,877	\$ 78,669,118	\$ 53,522,283

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates – The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (5.50 percent decreasing to 2.75 percent) or 1-percentage-point higher (7.5 percent decreasing to 4.75 percent) than the current healthcare cost trend rates:

	1% Decreasing (5.5% decreasing to 2.75%)	Current Healthcare Trend Rate (6.5% decreasing to 3.75%)	1% Increasing (7.5% decreasing to 4.75%)
Net OPEB Liability	\$ 54,056,756	\$ 78,669,118	\$ 105,525,362

NOTE 16: RISK MANAGEMENT

The City manages risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters by participating in the public entity risk pools described below and by retaining certain risks.

Public entity risk pools are formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, those entities exercise full powers and authorities within the scope of the related Joint Powers Agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Each risk pool is governed by a board consisting of representatives from member agencies. Each board controls the operations of the respective risk pool, including selection of management and approval of operating budgets, independent of any influence by member agencies beyond their representation on that board. Obligations and liabilities of these risk pools are not the City's responsibility.

The contributions made to the risk pools below equal the ratio of the respective member payrolls to the total payrolls of all entities participating in the same layer of each program, in each program year. Actual surpluses or losses are shared according to a formula developed from overall loss costs and spread to member entities on a percentage basis after a retrospective rating.

A. Risk Coverage

General Liability, Property and Boiler and Machinery

The City is a member of the California Joint Powers Risk Management Authority (CJPRMA) which covers general liability claims, property, and boiler and machinery losses. Once the City's self-insured retention (SIR) is met, CJPRMA becomes responsible for payment of all claims up to the limit. Financial statements for the risk pool and more information may be obtained from CJPRMA, 3201 Doolan Road, Suite 285, Livermore, California 94551.

General Liability Coverage

The City has a SIR of \$1,000,000 per claim up to a \$40,000,000 limit. The City's premium was \$2,144,899.

NOTE 16: RISK MANAGEMENT (CONTINUED)

Property Coverage

CJPRMA has purchased commercial insurance against property damage, boiler and machinery claims. The City has a SIR of \$25,000 per claim up to a \$400,000,000 limit. The City's premium for coverage is \$953,994.

Roseville Energy Park Property Coverage

The City purchased commercial property insurance specifically to cover the Roseville Energy Park. The City has a SIR of \$250,000 per claim up to a \$200,000,000 limit. The City's premium for coverage is \$1,027,246.

Fiduciary Coverage

The City purchased fiduciary insurance specifically to cover the OPEB Trust. The SIR is \$25,000 per claim up to a \$3,000,000 limit. The City's premium for coverage is \$35,419.

Workers' Compensation

The City is also a member of the Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX), which covers workers' compensation claims up to \$5,000,000 and has excess coverage through CSAC-EIA up to the statutory limit. The City has a SIR of \$500,000 per claim. The total premium charged to the City was \$1,067,933.

Financial statements for the risk pool and more information may be obtained from LAWCX, 1750 Creekside Oaks Drive, Suite 200, Sacramento, California 95833.

B. Insurance Internal Service Funds

The Governmental Accounting Standards Board (GASB) requires municipalities to record their liability for uninsured claims and to reflect the current portion of this liability as an expense in their financial statements. As discussed above, the City has coverage for such claims, but it has retained the risk for the deductible or uninsured portion of these claims.

The change in the Workers' Compensation Internal Service Fund's claims liability, including claims incurred but not reported is based on an independent actuarial study prepared annually and was computed as follows for the years ended June 30:

	2023	2022
Claims liability, beginning of year	\$ 10,220,985	\$ 8,701,081
Current year claims	4,323,000	4,828,000
Change in prior year claims	259,163	852,404
Claims paid, current year claims	(636,495)	(1,038,301)
Claims paid, prior year claims	(3,494,006)	(3,122,199)
Claims liability, end of year	<u>\$ 10,672,647</u>	<u>\$ 10,220,985</u>
Current claims liabilities	<u>\$ 3,201,794</u>	<u>\$ 2,964,086</u>

NOTE 16: RISK MANAGEMENT (CONTINUED)

The City's liability for uninsured general liability claims, including claims incurred but not reported is reported in the General Liability Internal Service Fund. The liability is based on an independent actuarial study prepared annually and was computed as follows for the years ended June 30:

	2023	2022
Claims liability, beginning of year	\$ 2,887,386	\$ 1,879,790
Current year claims	1,373,000	1,302,000
Change in prior year claims	978,753	79,094
Claims paid, current year claims	(115,890)	(140,229)
Claims paid, prior year claims	(347,034)	(233,269)
Claims liability, end of year	<u>\$ 4,776,215</u>	<u>\$ 2,887,386</u>
Current claims liabilities	<u>\$ 1,671,675</u>	<u>\$ 1,068,333</u>

NOTE 17: NORTHERN CALIFORNIA POWER AGENCY (NCPA)

A. General

The City participates in joint ventures through Joint Powers Authorities (JPAs) established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, these JPAs exercise full powers and authorities within the scope of the related Joint Powers Agreement, including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Obligations and liabilities of the JPAs are not those of the City.

Each JPA is governed by a board consisting of representatives from each member agency. Each board controls the operations of its respective JPA, including selection of management and approval of operating budgets, independent of any influence by member agencies beyond their representation on the Board.

The City is a member of NCPA, a joint powers agency which operates under a joint powers agreement among fifteen public agencies. The purpose of NCPA is to use the combined strength of its members to purchase, generate, sell and interchange electric energy and capacity through the acquisition and use of electrical generation and transmission facilities, and to optimize the use of those facilities and the member's position in the industry. Each agency member has agreed to fund a pro rata share of certain assessments by NCPA and certain members have entered into take-or-pay power supply contracts with NCPA. While NCPA is governed by its members, none of its obligations are those of its members unless expressly assumed by them.

The City receives no income from NCPA, and does not participate in all of its projects. Further, NCPA does not measure or determine the City's equity in NCPA as a whole. NCPA reports only the City's share of its General Operating Reserve, comprised of cash and investments, and the City's share of those Projects in which the City is a participant. These amounts are reflected in the financial statements as Investment in NCPA Reserve.

During the year ended June 30, 2023, the City generated revenue totaling \$7,470,295 from resource contracts and the sale of energy generated by NCPA.

NOTE 17: NORTHERN CALIFORNIA POWER AGENCY (NCPA) (CONTINUED)

The City's interest in certain NCPA Projects and Reserve, as computed by NCPA using unaudited information, is set forth below:

	June 30, 2023
General operating reserve (including advances)	\$ 4,461,627
Associated member services (including advances)	92,212
Undivided equity interest, at cost, in certain NCPA power projects:	
Geothermal projects	762,969
Calveras hydroelectric project	490,689
Combustion turbine project no. 2	312,741
	<u>\$ 6,120,238</u>

The General Operating Reserve (GOR) is an additional operating reserve for non-budgeted items that are contingent or non-specific. Deposits to the GOR include items such as the City's portion of funds which resulted from the settlement with third parties of issues with financial consequences and reconciliations of prior years' budgets for programs. It is recognized that all the funds credited to the City are linked to the collection of revenue from the City's ratepayers, or to the settlement of disputes relating to electric power supply and that the money was collected from the City's ratepayers to pay power bills. Additionally, the NCPA Commission identified and approved the funding of specific reserves for working capital, accumulated employees post-retirement medical benefits, and billed property taxes for the geothermal project. The Commission also identified a number of contingent liabilities that may or may not be realized, the cost of which in most cases is difficult to estimate at this time. One such contingent liability is the steam field depletion which will require funding to cover debt service and operational costs in excess of the expected value of the electric power. The General Operating Reserve is intended to minimize the number and amount of individual reserves needed for each project, protect NCPA's financial condition and maintain its credit worthiness. These funds are available on demand, but the City maintains funds with NCPA as a reserve against these contingencies identified by NCPA.

Members of NCPA may participate in an individual project of NCPA without obligation for any other project. Member assessments collected for one project may not be used to finance other projects of NCPA without the member's permission.

B. Projects

Geothermal Projects

NCPA's Geothermal Project has experienced a greater than originally anticipated decline in steam production from geothermal wells on its leasehold property. NCPA will continue to monitor the wells while pursuing alternatives for improving and extending reservoir performance, including supplemental water reinjection, plant equipment modifications, and changes in operating methodology. NCPA, along with other steam field operators, has observed a substantial increase in steam production in the vicinity of reinjection wells and is attempting to increase water reinjection at strategic locations. NCPA, together with other steam developers and the Lake County Sanitation District, has completed the construction of a wastewater pipeline project that greatly increased the amount of water available for reinjection.

Based on an internal assessment of the melded costs of power from the Geothermal Project and all other resources available to the members, NCPA believes its members will continue to be able to operate their electric utilities on a competitive basis, when compared to local investor-owned utility rates, while meeting all electric system obligations including those to NCPA. In March 2009, NCPA issued \$35,610,000 Geothermal Project Number 3 Revenue Bonds (2009 Series A). The proceeds were used to finance and operate the two NCPA 110 MW geothermal steam powered generating plants, Plant Number 1 and Plant Number 2. In 2012, NCPA issued \$12,910,000 in bonds for Plant Number 1 turbine upgrades. The City is obligated to pay its contractual share of 7.883 percent of the operating costs and debt service until it is fully satisfied, regardless of resulting cost or availability of energy. At June 30, 2023

NOTE 17: NORTHERN CALIFORNIA POWER AGENCY (NCPA) (CONTINUED)

the book value of this Project's plant, equipment and other assets was \$131,814,266 while its long-term debt totaled \$6,785,000 and other liabilities totaled \$115,356,060. The City's share of the Project's long-term debt amounted to \$534,862 at that date.

On October 28, 2004, NCPA approved a resolution to finance the expansion and remodeling of the NCPA main office building located in Roseville. The expansion is included as part of the Geothermal Projects funded by the bonds mentioned above. The City will recover its 7.883 percent share of the cost of the expansion which was \$204,958, with a 5 percent return on the investment over a ten year period. The City has fully recovered its costs associated with this project.

Calaveras Hydroelectric Project

In July 1981, NCPA agreed with Calaveras County Water District to purchase the output of the North Fork Stanislaus River Hydroelectric Development Project and to finance its construction. Debt service payments to NCPA began in February 1990 when the project was declared substantially complete and power was delivered to the participants. Under its power purchase agreement with NCPA, the City is obligated to pay 12% of this Project's debt service and operating costs. In March 2018, NCPA refunded a portion of the outstanding Revenue Bonds with the \$70,215,000 2018 Hydroelectric Project Number One Revenue Bonds. The City's share of the 2018 bonds is 4.586%. In April 2019, NCPA refunded a portion of the outstanding Revenue Bonds with the \$39,250,000 2019 Hydroelectric Project Number One Revenue Bonds. In April 2022, NCPA refunded a portion of the outstanding Revenue Bonds with the \$132,310,000 2022 Hydroelectric Project Number One Revenue Bonds. At June 30, 2023 the book value of this Project's plant, equipment and other assets was \$250,743,387 while its long-term debt totaled \$203,500,748 and other liabilities totaled \$43,153,564. The City's share of the Project's long-term debt amounted to \$21,502,287 at that date.

Combustion Turbine Project No. 2 (Steam Injected Gas Turbine Project)

The City is a participant in a 49.8 megawatt Steam Injected Gas Turbine project which was built under turnkey contract near the City of Lodi and declared substantially complete on April 23, 1996. In October 1992, NCPA issued \$152,320,000 of Multiple Capital Facilities Revenue Bonds to finance this project. In January 2010, NCPA refinanced the outstanding Capital Facilities Revenue Bonds by the issuance of the \$55,120,000 Capital Facilities Revenue Bonds Series A (2010 Refunding Series A). Under the NCPA power purchase agreement, the City is obligated to pay 36.50 percent of the debt service and operating costs for the Lodi unit.

The City's participation in procurement of natural gas for fuel for existing and new combustion turbine units was approved in 1993. Although there is currently no additional debt financing, the City and NCPA have committed to long-term payments for gas transmission pipeline capacity, and entered a purchase contract for natural gas. The City is obligated to pay 17.9218 percent of the natural gas purchase contract.

At June 30, 2023 the book value of this Project's plant, equipment and other assets was \$14,075,998, while its long-term debt totaled \$9,909,721 and other liabilities totaled \$3,317,441. The City's share of the Project's long-term debt amounted to \$3,614,131 at that date.

C. NCPA Financial Information

NCPA's financial statements can be obtained from NCPA, 651 Commerce Drive, Roseville, California 95678.

NOTE 18: SOUTH PLACER WASTEWATER AUTHORITY

The City is a member of the South Placer Wastewater Authority (SPWA), a joint powers agency which operates under a joint powers agreement among three public agencies, the City of Roseville, South Placer Municipal Utility District and Placer County. The purpose of SPWA is to provide for the planning, financing, acquisition, construction and operation of the Regional Wastewater Facilities. Under the terms of the amended and restated funding agreement, effective October 1, 2012, the City will own and operate the Regional Wastewater Facilities and the member agencies will share the operating costs of the Facilities after construction is complete. The Regional Wastewater Facilities include the Dry Creek Plant and the Pleasant Grove Plant.

Under the terms of the Reallocation and Repayment Agreement, effective October 1, 2012, the three agencies are responsible for the repayment of all the revenue bonds. The City's share of this obligation was 61.66 percent but with the second amendment to the funding agreement discussed below, the City's obligation is now 64.57 percent.

During the year ended June 30, 2023, the City paid \$21,301,533 to SPWA based on connection fees collected during the fiscal year.

The City records net investment in SPWA in the Wastewater Enterprise Fund and these changes are reflected in the Statement of Revenues, Expenses and Changes in Fund Net Position. The net investment in SPWA captures the City's portion of cash, investments, long term debt and other related items. The City's net investment in SPWA Reserves at June 30, 2023, was a liability of \$1,970,423, which includes the City's rate stabilization fund balance of \$100,944,813.

SPWA's financial statements can be obtained from the City of Roseville, 311 Vernon Street, Roseville, California, 95678.

NOTE 19: MUNICIPAL SOLID WASTE LANDFILL CLOSURE AND POST CLOSURE CARE COSTS

State and federal laws and regulations require that the City perform certain maintenance and monitoring functions at the Roseville sanitary landfill site, which is closed, through the year 2024. Accordingly, the City has recorded a liability and expense in the Solid Waste Enterprise Fund for the estimated post closure care cost. The recorded amount is based on applicable state and local laws and regulations concerning closure and post closure care. If additional post closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may result in increased charges to future landfill users or the usage of future tax revenues. During fiscal year 2023, the changes of landfill closure liabilities were as follows:

Beginning Balance	\$ 584,071
Deductions	(213,888)
Ending Balance	<u>\$ 370,183</u>

NOTE 20: COMMITMENTS AND CONTINGENT LIABILITIES

A. NCPA, Transmission Agency of Northern California, and Western Area Power Administration

Under the terms of its NCPA joint venture agreement, the City is contingently liable for a portion of the bonded indebtedness issued by these agencies under take-or-pay or similar agreements, as discussed in Note 16. The City's estimated share of such debt outstanding at June 30, 2023, was \$25,651,279. Under certain circumstances, the City may also be responsible for a portion of the costs of operating these entities. Under certain circumstances, such as default or bankruptcy of other participants, the City may also be liable to pay a portion of the debt of these joint ventures on behalf of the other participants.

NOTE 20: COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

The City is a member of the Transmission Agency of Northern California (TANC), a joint powers agency. The City is entitled to 2.1119 percent of TANC's share of transfer capability in the California-Oregon Transmission Project (approximately 29.35MW). The City is responsible for a share of debt service on debt issued by TANC under a take-or-pay agreement, approximately \$350,000 annually through 2039. The City's estimated share of debt outstanding at June 30, 2023, was \$3,776,850.

In addition, the City has a long-term obligation to the United States Department of Energy, Western Area Power Administration, for 4.85333 percent of the output of the Central Valley Project, California. This contract, also known as the Western Base Resource, obligates the City to make payments on a take-or-pay basis through December 31, 2024. The City expects to pay approximately \$4 million annually for the term of this contract. The City receives approximately 155,000 MWh of energy per year under average hydro and storage conditions.

B. Federal and State Grant Programs

The City participates in Federal and State grant programs. These programs have been audited by the City's independent accountants in accordance with the provisions of the federal Single Audit Act as amended and applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

C. Litigation

The City is subject to litigation arising in the normal course of business. In the opinion of the City Attorney there is no pending litigation, other than disclosed above, which is likely to have a material adverse effect on the financial position of the City.

D. Encumbrances

The City uses an encumbrance system as an extension of normal budgetary accounting for governmental funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are recorded as restricted, committed or assigned fund balance, depending on the classification of the resources to be used to liquidate the encumbrance, since they do not constitute expenditures or liabilities. Outstanding encumbrances at year-end may be re-appropriated for the following year. Unencumbered and unexpended appropriations lapse at year-end. Encumbrances outstanding as of June 30, 2023, by individual major funds and non-major funds in total were as follows:

Major Governmental Funds:	
General Fund	\$ 10,294,619
Non-Major Governmental Funds	36,992,665
Total Encumbrances	<u>\$ 47,287,284</u>

NOTE 20: COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)

E. Other Commitments

The City had the following outstanding significant commitments at June 30, 2023:

Projects	In Millions
Roseville Energy Park Long Term Service Agreement	\$ 29.0
Net Power Purchase Contracts	6.8
Natural Gas Forward Obligations	49.3
Renewable Power Purchase Obligations	15.1
Advanced Metering Infrastructure	4.0
Roseville Soccer Complex	44.7
Utility Operations Center - Phase 1	15.0
Fire Station 8	12.3
DCWWTP Motor Control Center and Switchgear Replacement	9.5
Costco Economic Incentive Agreement	7.8
Westbrook Blvd - Segment 4	5.5
Dry Creek Operations and Lab Building	4.7

NOTE 21: GAS SUPPLY ACQUISITIONS AND RESALE

The City operates certain electrical generating plants which provide power for sale to the public and needs reliable, economic supplies of natural gas to generate the needed electricity. In pursuit of that objective the City and its component unit, the former City of Roseville Redevelopment Agency formed the Roseville Natural Gas Financing Authority (Authority) for the purpose of acquiring, financing and supplying natural gas to the City.

Summarized below are various agreements entered into by the Authority to achieve its purpose.

A. Prepaid Gas Agreement

Pursuant to an Agreement for the Purchase and Sale of Natural Gas dated January 24, 2007, the Authority used a portion of the proceeds of its \$209,350,000 of Gas Revenue Bonds, Series 2007 (the Bonds) to prepay Merrill Lynch Commodities, Inc. (Gas Supplier) for a twenty year supply of natural gas. Commencing January 1, 2008, and continuing through December 31, 2027, the Gas Supplier is obligated to deliver daily contract quantities of natural gas on a firm basis to the designated delivery point. Daily contract quantities vary from month to month but not from year to year. This commitment totals 2,352,000 MMBtus (millions of British thermal units) per year or 47,040,000 MMBtus for the twenty year contract period. The Authority has recorded a Prepaid Natural Gas asset which is to be amortized as daily contract quantities are delivered.

The agreement provides for payments to be made by the Gas Supplier if it fails to deliver the daily contract quantities and may be terminated by the Authority in the event of non-performance by the Supplier. The Agreement will automatically terminate if there is a termination of the Commodity Swap (See Note 20 D) which is not due to default by the Authority or if there is an event of default under the swap agreement entered into by the Gas Supplier and a third party. Upon early termination, whether due to the above or due to any other optional termination event as defined in the agreement, the Gas Supplier is required to make a termination payment to the Authority that is expected to be sufficient, together with other available funds, to redeem the Bonds. The Gas Supplier's commitments under this agreement are guaranteed by its parent company, Merrill Lynch & Co. Inc. under a guarantee agreement with the Authority.

As of June 30, 2023, the book value of prepaid gas under this agreement amounted to \$75,897,820.

NOTE 21: GAS SUPPLY ACQUISITIONS AND RESALE

B. Funding Agreement

Under certain conditions specified in a Funding and Assignment Agreement dated January 24, 2007 between the Authority and Gas Supplier, the Gas Supplier has agreed to advance funds to the Trustee to pay debt service when due or to redeem bonds in the event of early termination. Advances are required under covered swap deficiencies and covered termination deficiencies and optional advances may also be made. Advances are repayable from by the responsible party causing the deficiency requiring an advance under this agreement. This agreement is coterminous with the Bonds. The Gas Supplier's commitment under this agreement is guaranteed by its parent company, Merrill Lynch & Co. Inc. under a guarantee agreement with the Authority.

There were no advances outstanding as of June 30, 2023.

C. Supply Agreement

Pursuant to a Natural Gas Supply Agreement dated February 1, 2007, the Authority has agreed to sell to the City a twenty-year supply of natural gas. This Supply Agreement is coterminous with and provides for the delivery of natural gas in quantities which are matched to the Prepaid Gas Agreement, discussed above. For each MMBtu delivered (sold) to the City, the Authority will receive a variable revenue stream based on a first of the month index for the delivery location. The Agreement terminates upon termination of the Prepaid Gas Agreement or upon the City's failure to make any required payment within two business days of the due date.

D. Commodity Swap Agreement

In order to have its gas price exposure consistent with prevailing market rates, the Authority entered into a natural gas Commodity Swap Agreement with JPMorgan Chase Bank (Counterparty). For the term of deliveries under the Prepaid Gas Agreement and the Supply Agreement, the Authority will pay an index price per MMBtu to the Counterparty, and the Counterparty will pay a fixed price to the Authority. The index price paid by the Authority is expected to approximate the price paid by the City under the Supply Agreement.

The monthly quantity and term of the Commodity Swap Agreement are matched to those of the Supply Agreement.

Detail of the commodity swap agreement is discussed in Note 10.

NOTE 22: REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES

A. Redevelopment Dissolution

In an effort to balance its budget, the State of California adopted ABx1 26 on June 28, 2011, amended by AB1484 on June 27, 2012, which suspended all new redevelopment activities except for limited specified activities as of that date and dissolved redevelopment agencies on January 31, 2012.

The suspension provisions prohibited all redevelopment agencies from a wide range of activities, including incurring new indebtedness or obligations, entering into or modifying agreements or contracts, acquiring or disposing of real property, taking actions to adopt or amend redevelopment plans and other similar actions, except actions required by law or to carry out existing enforceable obligations, as defined in ABx1 26.

Effective January 31, 2012, the Redevelopment Agency was dissolved. Certain housing assets of the Redevelopment Agency were distributed to a Housing Successor; and all remaining Redevelopment Agency assets and liabilities were distributed to a Successor Agency.

Under the provisions of AB 1484, the City can elect to become the Housing Successor and retain the housing assets. The City elected to become the Housing Successor and on February 1, 2012, the housing assets were transferred to the City's Low and Moderate Income Housing Asset Special Revenue Fund. The activities of the Housing Successor are reported in the Low and Moderate Income Housing Assets Special Revenue Fund as the City has control of those assets, which may be used in accordance with the low and moderate income housing provisions of California Redevelopment Law.

**NOTE 22: REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES
(CONTINUED)**

The City also elected to become the Successor Agency and on February 1, 2012 the Redevelopment Agency's remaining assets were distributed to and liabilities were assumed by the Successor Agency. ABx1 26 requires the establishment of an Oversight Board to oversee the activities of the Successor Agency and one was established in March 2012. The activities of the Successor Agency are subject to review and approval of the Oversight Board, which is comprised of seven members, including one member of City Council and one former Redevelopment Agency employee appointed by the Mayor.

The activities of the Successor Agency are reported in the Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund as the activities are under the control of the Oversight Board. The City provides administrative services to the Successor Agency to wind down the affairs of the former Redevelopment Agency. With the dissolution of the Redevelopment Agency, pass-through payments to affected taxing entities become the responsibility of the County.

B. Cash and Investments

Cash and investments of the Successor Agency as of June 30, 2023, are included in the pooled cash and investments discussed in Note 2.

C. Capital Assets

The Successor Agency assumed the capital assets of the Redevelopment Agency as of February 1, 2012. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair value on the date contributed. The Successor Agency's policy is to capitalize all assets with costs exceeding certain minimum thresholds and with useful lives exceeding two years. The Successor Agency did not hold any capital assets as of June 30, 2023.

D. Long-Term Obligations

The Successor Agency assumed the long-term debt and loans of the Redevelopment Agency as of February 1, 2012. All of the long-term debt of the Successor Agency is comprised of Tax Allocation Bonds and loans issued by the Redevelopment Agency. The Bonds and Loans are special obligations of the Agency and are secured only by the Agency's tax increment revenues. Tax Allocation Bond and loan transactions were as follows:

	Balance June 30, 2022	Reductions	Balance June 30, 2023	Current Portion
Tax Allocation Bonds:				
2014 Redevelopment Project Taxable Tax Allocation				
2.00% - 5.00%, due 9/1/33	\$ 7,445,000	\$ 555,000	\$ 6,890,000	\$ 570,000
Add: bond premium	343,500	28,625	314,875	-
2016-T Redevelopment Project Taxable Tax Allocation				
1.02% - 4.066%, due 9/1/40	19,545,000	420,000	19,125,000	430,000
Total Tax Allocation Bonds	27,333,500	1,003,625	26,329,875	1,000,000
Loans from the City	13,983,774	1,185,671	12,798,103	1,256,748
Total	\$ 41,317,274	\$ 2,189,296	\$ 39,127,978	\$ 2,256,748

**NOTE 22: REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES
(CONTINUED)**

1. Debt Service Requirements

Debt service requirements are shown below for all long-term debt except the advance made to the Successor Agency, because the ultimate repayment terms cannot be determined at this time as discussed in the Loans from the City section below.

For the Year Ending June 30	Principal	Interest
2024	\$ 1,000,000	\$ 947,729
2025	1,025,000	914,176
2026-2030	5,790,000	3,980,639
2031-2035	7,185,000	2,875,253
2036-2040	8,995,000	1,342,713
2041	2,020,000	41,067
Total	<u>\$ 26,015,000</u>	<u>\$ 10,101,577</u>

2. 2014 Roseville Redevelopment Project Tax Allocation Refunding Bonds

On September 9, 2014, the Roseville Successor Agency issued the Series 2014 Refunding Bonds, in the amount of \$10,740,000 for the purpose of refunding the 2002 Tax Allocation Bonds. The Bonds bear interest at rates ranging from 2.00 percent to 5.00 percent. Principal payments are due annually on September 1. Interest payments are due semi-annually on each September 1 and March 1, commencing on September 1, 2015 through September 1, 2033.

3. 2016-T Roseville Redevelopment Project Tax Allocation Bonds

On July 19, 2016, the Roseville Successor Agency issued the Series 2016-T Refunding Bonds, in the amount of \$21,520,000 for the purpose of refunding the 2006 Series A, 2006 Series A-T and 2006 Series H-T Tax Allocation Bonds. The Bonds bear interest at rates ranging from 1.021 percent to 4.066 percent. Principal payments are due annually on September 1. Interest payments are due semi-annually on each September 1 and March 1, commencing on September 1, 2017 through September 1, 2040.

4. Loans from the City

Prior to July 1, 2011, the former Redevelopment Agency had received various advances from various City funds. These advances bore interest at the average interest rate of the City's pooled investments. Principal and accrued interest on the advances totaled \$32,768,517 at July 1, 2011. During fiscal year 2012, the City and Redevelopment Agency determined that certain advances should have instead been funded by bond proceeds of the Agency. Therefore, the Redevelopment Agency repaid advances from the City in the amount of \$7,309,447 prior to the dissolution of the Agency on January 31, 2012.

With the dissolution of the Agency effective February 1, 2012, the Successor Agency assumed the balance of the obligation to repay the advances in the amount of \$25,603,129 for principal and accrued interest and recorded a notes payable to the Low and Moderate Income Housing Asset Fund equal to twenty percent of the balance of the notes. During fiscal year 2013, the State Department of Finance denied the prepaid advance and required the return of \$7,309,447 to the Successor Agency. The General Fund returned the cash to the Successor Agency during fiscal year 2013. The Successor Agency received its Finding of Completion in August 2013 determining that notes are enforceable obligations.

During fiscal year 2014, the Successor Agency completed its Long-Range Property Management Plan which was approved by the Department of Finance in May 2014 and as a result, the Successor Agency transferred land that was designated for governmental use to the City in the amount of \$7,107,581. As a result of the transfer, the City cancelled the notes that had been made to the former Redevelopment Agency for the purchase of those properties, including accrued interest, in the amount of \$5,902,331.

**NOTE 22: REDEVELOPMENT AGENCY DISSOLUTION AND SUCCESSOR AGENCY ACTIVITIES
(CONTINUED)**

During fiscal year 2014, the Department of Finance clarified how the interest is to be calculated on each note to the Successor Agency. The City recalculated the interest due on the notes using the revised guidance and as a result the interest receivable was reduced by \$3,030,067. The principal balance of the notes as of June 30, 2023 is \$12,798,103.

NOTE 23: PRIOR PERIOD ADJUSTMENTS

Correction of an Error in Previously Issued Financial Statements

Capital Assets - The City determined that capital assets for governmental activities were understated in fiscal year 2022 by \$1,974,795. A \$3 million payment to an escrow for a land purchase was recorded as an expense, and \$1,025,205 of capitalized expenses were determined to be not capitalizable. Therefore, net position of governmental activities was understated on June 30, 2022, by the net amount of \$1,974,795.

Deferred Inflows - During fiscal year 2023, the City determined that deferred inflows totaling \$130,178 were reported in the General Fund for receivables collected in a prior year. Therefore, deferred inflows were overstated, and fund balance was understated by \$130,178 for the fiscal year ended June 30, 2022.

Successor Agency Payments - The City determined that transfers from the Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund to the Low/Mod Income Housing Asset Fund totaling \$777,284 in fiscal year 2022 were recorded in error. Therefore, fund balance in the Successor Agency to the Redevelopment Agency Private Purpose Trust Fund was understated and fund balance in the Low/Mod Income Housing Asset Fund was overstated by that amount.

Local Transportation Receivables – During fiscal year 2023, the City determined that receivables in the Local Transportation Fund were understated in 2022 by a net amount of \$116,402. Therefore, fund balance in the fund was also understated by the same amount on June 30, 2022.

Development Impact Fee Receivable – The City determined that a receivable related to a project reimbursement agreement with an outstanding balance of \$500,000 was not reported on June 30, 2022. Therefore, the fund balance in the Development Impact Fund was understated by \$500,000.

RFA Receivable - The City determined a receivable in the RFA Capital Projects Fund in fiscal year 2022 was overstated by \$74,470. Therefore, the fund balance in the RFA Capital Projects Fund was overstated by \$74,470 on June 30, 2022.

External Traffic Mitigation Fund - The City determined that deferred impact fees totaling \$2,252,046 were not recorded in the general ledger in prior years. Therefore, the custodial fund net position was understated by \$2,252,046 on June 30, 2022.

Custodial Funds (GASB 84) - The City determined in fiscal year 2023 that its implementation of GASB Statement No. 84 in fiscal year 2021 resulted in deficit net positions for many of its custodial funds that was not intended by the GASB with the new reporting standard. GASB Statement No. 84 required converting funds formerly known as agency funds to custodial funds, using a full accrual basis of accounting with an economic resources measurement focus, to include the reporting of custodial funds' net position. However, the new standard did not require reporting long-term debt that is not a commitment of the City, such as debt issued by the City's CFDs. Therefore, deficit net positions were reported in several custodial funds when the net position should have been zero and the assets of the funds should be offset with a liability for the amounts due to beneficiaries.

CITY OF ROSEVILLE

Plan fiduciary net position as a percentage of the total pension liability	67.62%	70.81%	66.97%	70.91%
Covered payroll	\$ 67,642,462	\$ 25,304,421	\$ 70,574,246	\$ 25,172,485
Net pension liability as a percentage of covered payroll	245.63%	296.56%	249.33%	305.30%

Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the Valuation Date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: In 2022, the discount rate was reduced from 7.15% to 6.90% None in 2019 - 2021. In 2018, demographic assumptions and inflation rates were changed in accordance with the CalPERS Experience Study and Review of Actuarial Assumptions December 2017. There were no changes in the discount rate. In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense.) In 2014, amount reported were based on the 7.5 percent discount rate.

**Historical information is required only for measurement periods for which GASB 68 is applicable. Fiscal Year 2015 was the first year of implementation, therefore only nine years are shown.

2.50%

Varies by Entry Age and Service

2.75%

7.00%, net of pension plan investment expenses, including inflation.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report may be accessed on the CalPERS website at www.calpers.ca.gov under Forms and Publications.

The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using 90 percent of Society of Actuaries' Scale 2016. For more details on this table, please refer to the 2017 experience study report.

**Historical information is required only for measurement periods for which GASB 68 is applicable. Fiscal Year 2015 was the first year of implementation, therefore only nine years are shown.

MODIFIED APPROACH TO REPORTING STREET PAVEMENT COSTS

GASB Statement No. 34 allows the City to use the Modified Approach with respect to infrastructure assets instead of depreciating these assets. The Modified Approach may be used if two requirements are met:

- A.** The City must have an asset management system (AMS) with certain features:
- It must maintain an up-to-date inventory of the infrastructure assets.
 - It must estimate the annual costs to maintain and preserve those assets at the condition level the City has established and disclosed through administrative or executive policy or legislative action.
 - The AMS must be used to assess the condition of the assets periodically, using a measurement scale.
 - The condition assessments must be replicable as those that are based on sufficiently understandable and complete measurement methods such that different measurers using the same methods would reach substantially similar results.
- B.** The City must document that the roads are being preserved approximately at or above the condition level the City has established and disclosed. This documentation must include the results of the three most recent complete condition assessments and must provide reasonable assurance that the assets are being preserved approximately at or above the intended condition level.

Street Pavement

The City has elected to use the Modified Approach to report street pavement costs. The City uses a computerized Pavement Management System to track the condition levels of each of the street sections.

The condition of the pavement is based on a weighted average of seven distress factors found in pavement surfaces. The pavement management system uses a measurement scale that is based on a condition index ranging from zero for a failed pavement to 100 for pavement with perfect condition. The condition index is used to classify pavement in good or better condition (70-100), fair condition (55-69), and substandard condition (less than 55).

The City's maintenance costs are budgeted to be \$17,176,294 in fiscal year 2024. The Pavement Quality Index (PQI) for the City's street pavement for the last five years is as follows:

Fiscal Year	PQI		Maintenance Budget	Actual Maintenance
	Arterial/Collector	Residential		
2019	74	69	\$ 3,136,162	\$ 12,387,602
2020	70	66	5,265,978	10,948,940
2021	69	66	20,696,490	6,033,245
2022	66	63	18,035,155	13,658,427
2023	79	73	29,283,349	19,086,170

The City's policy based on current funding is to maintain arterial and collector roadways at an average Pavement Quality Index (PQI) of 72 and residential roadways at an average PQI of 65, based on a study conducted every three years. This rating allows for minor cracking and releveling of the pavement along with minor roughness that could be noticeable to drivers traveling at posted speed. The City expended \$19,086,170 for street preservation in fiscal year 2023.

NOTE 1: BUDGETING PROCEDURES

The City follows these procedures in establishing the budgetary data:

- a. The City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. The budget is legally enacted through passage of minute order and ordinance.
- d. The City Manager or designee is authorized to apply prudent monitoring procedures to assure that actual expenditures/expenses of the City do not exceed the appropriations at the department level within each fund in conformance with the adopted policies set by the City Council. Capital Improvement Projects, including annual projects, may not exceed budget at the total project level. Additional appropriations or interfund transfers not included in the original budget ordinance require approval by the City Council.
- e. Expenditures may not legally exceed budgeted appropriations at the department by fund.
- f. A formal budgetary process is employed as a management control device during the year.
- g. Budgets are adopted for all governmental funds. In addition, the capital projects funds are budgeted on a project length basis and therefore are not comparable on an annual basis.

NOTE 2: ADJUSTMENTS TO GAAP BASIS FROM BUDGETARY BASIS

City budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) except that capital projects expenditures are budgeted on a project length basis rather than a fiscal year. The effects of these differences are shown as capital outlay in the budget and actual statements.

NOTE 3: ENCUMBRANCES

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrance accounting is employed as an extension of formal budgetary integration in all budgeted funds. Encumbrances outstanding at year end are reported as restricted, committed or assigned fund balances, as applicable, since they do not constitute expenditures or liabilities and are reappropriated in the following year. Unexpended appropriations lapse at year end and must be carried forward to be reappropriated in the following year.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Landscape and Lighting and Service Districts Fund. To account for the collection of assessment revenue from property owners for the maintenance of surrounding park and landscaping improvements within the boundaries of each district.

State Gasoline Tax Fund. To account for revenue apportioned to the City from the State-collected gas tax revenues and spent for construction and maintenance of City streets.

Traffic Safety Fund. To account for the City's share of fines generated from violations of the State Motor Vehicle Code.

Trench Cut Recovery Fund. To account for the collection of fees charged by the City for cutting trenches in paved roadway and spent for maintaining the street if useful life is decreased.

Technology Replacement Fund. To account for the activities related to the City's permit system funded by a 3 percent technology fee on permits.

Open Space Fund. To account for the accumulation of funding for the maintenance of the City's bike trails and open spaces.

Tree Propagation Fund. To account for fees assessed on oak tree removal and expended on the continuation and preservation of tree planting within the City.

Grants Fund. To account for monies various housing and police grants received from federal, state, and local grantors.

Housing Authority Housing Choice Voucher Fund. To account for monies received from the U.S. Department of Housing and Urban Development and expended for rental assistance to low income households within the Roseville and Rocklin areas.

Affordable Housing Fund. To account for monies received from property whose land use was changed from residential to commercial and from affordable housing agreements. These monies are then used to fund other affordable housing projects.

Low/Mod Income Housing Asset Fund. To account for the activities related to the assets assumed by the City as Housing Successor to the housing activities of the former Redevelopment Agency of the City of Roseville.

Cable TV PEG Fund. To account for activity related to Public, Educational, and Governmental Access TV Channels.

Police Evidence Fund. To account for confiscated property and evidence funds for the Police department.

Golf Fund. This fund accounts for all financial transactions associated relating to the development, operations, and maintenance of the City's public golf courses.

Roseville Aquatics Complex Maintenance Fund. A permanent fund established to account for contribution from the High School District. Only the interest earnings can be spent on helping maintain the Aquatics Complex.

Opioid Settlement Fund. To account for monies received from settlements with opioid manufacturers, distributors, and retailers for actions contributing to the current opioid epidemic. The monies must be spent on opioid remediation efforts as defined in the settlement agreement.

NON-MAJOR GOVERNMENTAL FUNDS (CONTINUED)

Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

Development Impact Fee Fund. To account for fees applied to new construction and expended for the development of public facilities for which it creates a need.

Traffic Mitigation Fund. To account for revenues and expenditures related to major roadways and related structures such as bridges or interchanges.

Al Johnson Wildlife Area Fund. To account for activity related to the maintenance of the Al Johnson Wildlife area.

Roadway Fund. To account for non-Gas Tax grants and other restricted revenues to construct and or maintain City streets.

General Fund Capital Projects Rehabilitation Fund. To account for the approved rehabilitation of existing City property funded by the General Fund.

RFA Capital Projects Fund. To account for specific public improvements such as streets, sewers, storm drains, sidewalks or other amenities funded by special assessments against benefited properties.

Debt Service Fund

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Roseville Finance Authority Fund. To account for the accumulation of resources from lease payments and the payment of long-term debt incurred by the Finance Authority.

Permanent Fund

Permanent funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs—that is, for the benefit of the government or its citizenry.

Citizens Benefit Fund. A permanent fund established to account for the proceeds from the sale of any municipally owned Hospital and interest earnings expended for improving the quality of life for the citizens of the City of Roseville.

NON-MAJOR ENTERPRISE FUNDS

Local Transportation Fund

This fund accounts for the activities associated with the operations and maintenance of the City's public transit activities and has particular emphasis on serving the elderly and the handicapped.

School-Age Child Care Fund

The fund accounts for the receipt of parent fees and State grants used to finance child development programs.

Capital contributions	98,971	-	98,971

INTERNAL SERVICE FUNDS

Internal Service Funds are used to finance and account for special activities and services performed by a designated department for other departments in the City on a cost reimbursement basis.

Financial reporting standards require that for the Statement of Activities, the net revenues or expenses of each internal service fund be eliminated by netting them against the operations of the other City departments which generated them. The remaining balance sheet items are consolidated with these same funds in the Statement of Net Position.

However, internal service funds are still presented separately in the Fund financial statements, including the funds below.

Fleet Fund. To account for the maintenance and replacement of vehicles used by City departments. Funds are received by means of a rental fee charged to the various departments.

Facilities Fund. To account for building maintenance and custodial services for City departments.

Information Technology Fund. To account for the City's IT infrastructure and related support services.

General Equipment Replacement Fund. To account for the replacement of equipment for City departments.

Worker's Compensation Fund. To account for the City's self-insurance program for Workers' Compensation benefits and for the administration of various preventative programs.

General Liability Fund. To account for the cost of claims and administrative costs of the City's self-insured general liability program.

Unemployment Reserve Fund. To account for State and Federal mandated unemployment insurance benefits for employees.

General Benefits. To account for the City's insurance programs for employee benefits.

CUSTODIAL FUNDS

Custodial Funds account for assets held by the City as a custodial for individuals, governmental entities, and non- public organizations. These funds include the following:

Special Assessments/Community Services Districts (CSDs). These funds account for the monies collected and disbursed for land-based debt, where the City is not obligated for the debt. The beneficiaries of this fund are the bondholders.

North Roseville – Rocklin Sewer Refunding District. To account for debt service related to bonds issued to finance the construction of sewer infrastructure in North Roseville and Rocklin. The beneficiaries of this fund are the bondholders.

Foothills Boulevard Extension Assessment. To collect fees from new development to finance the extension of Foothills Boulevard. The beneficiaries of this fund are the bondholders.

Highway 65 JPA (Bizz Johnson JPA). This JPA, which consists of the City, City of Rocklin and Placer County, was formed to fund interchanges off of Highway 65. The City acts as lead agency and treasurer. The fees are collected via building permits. The beneficiaries of this fund are the bondholders.

Dry Creek Drainage Basin. Fees are collected via building permits for the Dry Creek area and submitted quarterly to Placer County for drainage mitigation. The beneficiaries of this fund are the bondholders.

County Capital Facilities Fee. This fee was established by the County to fund future county capital facilities from development. It is collected via building permits and submitted quarterly to the County. The beneficiaries of this fund are the bondholders.

South Placer Wastewater Authority (SPWA). SPWA is a Joint Powers Authority comprised of the City, Placer County and South Placer Public Utilities District. The City is acting as the treasurer and construction manager. This JPA was formed to issue debt to facilitate the construction of the regional wastewater infrastructure. The agencies collect regional wastewater connection fees and submit them to SPWA which is used for debt service payments and for the future expansion of facilities. The beneficiaries of this fund is Placer County.

Special Sewer Benefit Areas. The Sewer Special Benefit Areas were established to reimburse from properties benefiting from certain sewer infrastructure and oversized pipelines in portions of the City. The reimbursements are made to various project participants. The beneficiaries of this fund are the bondholders.

South Placer County Tourism Business Improvement District (SPCTBID). All hotels in the region are assessed fees for the purpose of promoting tourism in the area. These fees are forwarded to the City quarterly and then submitted quarterly to the SPCTBID. The beneficiaries of this fund are the bondholders.

South Placer County Safe Kids Coalition. The fees are collected for and submitted to an organization in Placer County for child safety programs. The beneficiaries of this fund are the bondholders.

External Traffic Mitigation Fees. These fees are collected via building permits and submitted quarterly to Placer County and Placer County Transportation Authority to fund regional traffic mitigation due to new developments. The beneficiaries of this fund are the bondholders.

CUSTODIAL FUNDS

Placer County Air Pollution Control Fund. The fee is collected to contribute towards construction of a future animal shelter in South Placer County.

Sierra College Boulevard Fund. To account for contributions to provide maintenance of bike trails and open space. The beneficiaries of this fund are the bondholders.

Special Assessment Collection Fees. To account for fees collected for Placer County's administration of the City's Special Assessments. The beneficiaries of this fund are the bondholders.

Developer Reimbursements. To account for developer reimbursements.

STATISTICAL SECTION

THIS PAGE INTENTIONALLY LEFT BLANK

STATISTICAL SECTION

This part of the City's Annual Comprehensive Financial Report presents detailed information as context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health. In contrast to the financial section, the statistical section information is not subject to independent audit.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and financial condition have changed over time:

- Net Position by Component
- Changes in Net Position
- Fund Balances of Governmental Funds
- Changes in Fund Balances of Governmental Funds

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources: sales tax, property tax, and electric revenue:

- Sales Tax Revenue
- Assessment Roll Values
- Property Tax Rates - Direct and Overlapping Governments
- Principal Property Tax Payers
- Property Tax Levies and Collections
- Electric Customers and Revenues
- Residential Energy Prices
- Business Energy Prices

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future:

- Ratio of Outstanding Debt by Type
- Revenue Bond Coverage – 2014 Redevelopment Tax Allocation Bonds
- Revenue Bond Coverage – 2016 Redevelopment Tax Allocation Bonds
- Computation of Direct and Overlapping Debt
- Computation of Legal Bonded Debt Margin

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place:

- Demographic and Economic Statistics
- Principal Employers
- Full-time Equivalent City Employees by Function
- Operating Indicators by Function/Program
- Capital Asset Statistics by Function/Program

(a) The City implemented the provisions of GASB Statements 68 and 71 in fiscal year 2015; the statistics prior to 2015 have not been restated.

(b) The City implemented the provisions of GASB Statements 75 in fiscal year 2018 and restated certain balances.

(c) Net (Expense)/Revenue and Use of money and property for Business-Type activities for fiscal year 2018 have been updated to match with ACFR Statement of Activities.

(d) Beginning in the fiscal year ended June 30, 2021, the City began reporting development and operations as separate lines named Development Services, Economic Development, and Annexation Payments

(e) The sales tax amounts have been restated back to 2019 to separate the local sales tax from the Bradley-Burns sales tax revenue.

TOTAL	\$ 562,766,645	\$ 44,404,324	\$ 105,553,310

(a) The State Triple Flip ended with a one-time additional payment for the final quarter.

(b) The sales tax decrease is due to a one-time delay in State processing sales tax payments as a result of implementation of a new tax collection system.

(c) The Measure B local sales tax was approved by voters in November 2018 and was effective April 1, 2019, increasing the sales tax rate from 7.25% to 7.75%.

(a) Article XIII A, added to the California Constitution by Proposition 13 in 1978 fixed the base for valuation of property subject to taxes at the full cash value which appeared on the Assessor's 1975/76 assessment roll. Thereafter, full cash value can be increased to reflect:

- annual inflation up to 2%; or
- market value at the time of ownership change; or
- market value for new construction.

(b) California cities do not set their own direct tax rate. The state constitution establishes the rate at 1% and allocates a portion of that amount, by an annual calculation, to all the taxing entities within a tax rate area.

2023	50,393,320	49,970,016	99.16%

Notes:

Current tax collections beginning in 1993 have been reduced by a mandatory tax reallocation imposed by the State of California.

Placer County uses an estimate for the delinquency rate and compiles delinquency as a lump sum.

Subsequent collections are not broken out by fiscal year from the County. This information is not available.

Roseville Solar 2.0 ⁽⁴⁾	
Surplus Energy Compensation Rate (\$/kWh)	\$0.0598

Special Residential Rates

Electric Rate Assistance Program Residents meeting certain income criteria may be eligible for a 15% discount on electric service. Medical Rate Assistance Program Residents meeting certain income and medical device use criteria may be eligible for a 50% discount on the first 500 kWh and 15% on all other kWh electric usage. Medical Notification Program Residents can notify the City of Roseville of the residential use of essential medical support equipment. This program allows the City to comply with the California Public Utility code 10010.

NOTES

- 1) There is a hydroelectric adjustment in effect from July 2022, through June 2023.
- 2) Energy cost surcharge: effective February 1, 2023 to December 31, 2024. The energy cost surcharge is not applicable to senior citizen rate reduction, low-income rate reduction, and medical support rate reduction customers.
- 3) Rate closed October 1, 2018. Surplus energy compensation rates are subject to revision by City Council as energy prices and system requirements change.
- 4) The State of California allows electric utilities to implement a new solar buyback rate once solar exceeds 5% of the utility's system peak. Roseville Electric Utility now exceeds 5% solar. Per the City of Roseville Municipal Code, beginning October 1, 2018 customers will be enrolled in Roseville Solar 2.0. This change will not affect customers who installed solar before October 1, 2018 until 2028. Net Energy Metering customers will continue with net energy metering for up to 20 years (10 minimum) from the date of system interconnection. Surplus energy compensation rates are subject to revision by City Council as energy prices and system requirements change.

TOTAL DIRECT DEBT			16,592,351
TOTAL OVERLAPPING DEBT			840,030,538
COMBINED TOTAL DEBT			\$ 856,622,889 (2)

(1) The percentage of overlapping debt applicable to the city is estimated using taxable assessed property value.

Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the city divided by the district's total taxable assessed value.

(2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Ratios to 2022-2023 Assessed Valuation:

Total Overlapping Tax and Assessment Debt	2.49%
Total Direct Debt (\$18,878,409)	0.06%
Combined Total Debt	2.91%

Ratios to Redevelopment Successor Agency Incremental Valuation (\$1,155,710,239):

Total Overlapping Tax Increment Debt	2.25%

2023	1,074,196,141	-	1,074,196,141	0.00%

- (a) California Government Code, Section 43605 sets the debt limit at 15%.
The Code section was enacted prior to the change in basing assessed value to full market value when it was previously 25% of market value. Thus, the limit shown as 3.75% is one-fourth the limit to account for the adjustment of showing assessed valuation at full cash value.

- Notes:
- 1 - The Library totals include Downtown Library, Maidu Library and Riley Library. The libraries were closed on Fridays between fiscal year 2018 and 2019.
 - 2 - The City restated Police law violations in fiscal year 2016 and 2017.
 - 3 - Fiscal year 2021 indicators were impacted by COVID-19 pandemic restrictions which resulted in staff shortages in Parks and Recreation, aquatic facilities and community services.
 - 4 - New home production resulted in an increase in Building permits. The total square feet of street maintenance performed decreased in fiscal year 2021 due to a large decrease in contract work performed.
 - 5 - Roseville Aquatic Complex was closed to the public for most of fiscal year 2023 and Mike Shellito Indoor Pool (MSIP) was closed to the public for the latter half of fiscal year 2023.

Number of residential customers	49,013	49,851	50,784	51,638	52,789	53,868	54,687	56,549	58,359	59,760
Number of commercial customers	6,666	6,673	6,700	6,759	6,812	6,884	6,975	7,059	7,133	7,194

Notes:

1 - Prior to fiscal year (FY) 2017, the City only reported active patrol vehicles. In FY 2017 the City began reporting active patrol vehicles, which includes all police department vehicles that are patrolling the streets including undercover, community services, animal control, and citizens on patrol volunteer. No additional cars were purchased in FY 2017.

2 - In FY 2021 Roseville's Parks, Recreation and Libraries Department changed the listed capital assets to be more relevant. Parks were separated from Recreation Facilities (Community Centers and Pools) and Open Spaces/Preserves replaced Miles of Creek, which are a part of the open spaces and preserves. Adventure Club buildings were added as it is a city-owned asset.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council
City of Roseville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (the "City"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 25, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

City of Roseville's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Lance, Soll & Lughard, LLP". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL
CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited City of Roseville, California (the "City")'s compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2023. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards,

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 25, 2024, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Note a: There were no federal awards expended in the form of noncash assistance and insurance in effect during the year.

CITY OF ROSEVILLE
Notes to the Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended June 30, 2023

NOTE 1: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the City of Roseville, California (City) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting for the governmental funds and the accrual basis of accounting for the proprietary funds, except for subrecipient expenditures, which are recorded on the cash basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in the Schedule.

NOTE 3: INDIRECT COST RATE

The City has not elected to use the 10-percent de minimis indirect cost rate.

NOTE 4: LOAN PROGRAMS WITH CONTINUING COMPLIANCE REQUIREMENTS

The loans listed below are administered directly by the City, and balances and transactions relating to these programs are included in the City's basic financial statements. Loans made during the fiscal year, if any, are included in the federal expenditures presented in the Schedule of Expenditures of Federal Awards. The balance of loans outstanding at June 30, 2023, consists of:

Assistance Listing Number	Program Name	Outstanding Balance at June 30, 2023
14.218	CDBG - Entitlement Grants Cluster	\$ 2,413,825
14.239	HOME Investment Partnership Program	7,728,207
	Total Loans Outstanding	<u>\$ 10,142,032</u>

Auditee qualified as low-risk auditee? X yes no

SECTION II - FINANCIAL STATEMENT FINDINGS

Reference Number: 2023-001

Evaluation of Finding:
Material Weakness

Condition:

As part of our standard audit procedures, we examined the City's bank reconciliation process and test significant bank reconciliations. During this process, we identified that the City's bank reconciliations were not prepared timely during the fiscal year. A majority of the bank reconciliation during the fiscal year were prepared after June 30, 2023. The June 2023 bank reconciliation was completed during October 2023.

Criteria:

In adhering to the COSO (Committee of Sponsoring Organizations of the Treadway Commission) internal control framework, the timely execution of detective internal controls (such as bank reconciliations) emerges as a pivotal component in ensuring the effectiveness and reliability of the City's risk management and governance processes. Detective controls play a crucial role in identifying and detecting deviations from established policies and procedures, allowing management to promptly respond to and mitigate potential risks. Timely completion and review of bank reconciliations enhances the City's ability to detect anomalies, errors, or fraudulent activities swiftly, facilitating informed decision-making and preventing the escalation of issues. This proactive approach aligns with the COSO framework's principles by promoting real-time monitoring and evaluation, ultimately contributing to the achievement of organizational objectives and the preservation of stakeholder value.

Cause of Condition:

The City suffered turnover in their finance department during the fiscal year resulting in a lack of adequate resources for internal controls to continue to function over the bank reconciliation process. In addition, as the City began reviewing the bank reconciliation, further errors were noted throughout the year and had to be revisited causing a delay.

Effect or Potential Effect of Condition:

The City's deficiency of resources, coupled with staff changes, caused a delay in the bank reconciliation process. As the City conducted reviews, additional errors were discovered throughout the year, necessitating revisits and further contributing to the delay of the bank reconciliations.

Recommendation:

We recommend that the City reexamine the allocation of resources to ensure the timely completion and review of bank reconciliations during the year. We recommend at minimum bank reconciliations are performed within 60 to 90 days of the close of the period.

Management's Response and Corrective Action:

The City agrees with LSL's finding and recommendations and has allocated appropriate resources to ensure bank reconciliations are prepared timely moving forward.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters were reported.

**SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

Reference Number: 2022-001

Status of Finding: This matter is considered resolved in the current year.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the City of Roseville School-Age Child Care Program (Program), an enterprise fund of the City of Roseville, California, (City) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the School-Age Child Care Program's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Program, as of June 30, 2023, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and Program and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Program, are intended to present the financial position, the changes in financial position, and cash flows of only that portion of the business-type activities of the City that is attributable to the transactions of the Program. They do not purport to, and do not, present fairly the financial position of the City, as of June 30, 2023, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Program's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Responsibilities

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the pension and other post-employment benefits schedules, as listed on the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the

To the Honorable Mayor and Members of the City Council
City of Roseville, California

basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the schedule of expenditures of state and federal awards; the combining statement of revenues, expenses, and changes in net position; the schedule of expenditures by state categories; the schedules of reimbursable equipment expenditures; the schedule of reimbursable administrative costs; and the attendance and fiscal reports (supplementary information) that collectively comprise the Program's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2023 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Program's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control over financial reporting and compliance.

Sacramento, California

**CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023**

NOTE 1: ORGANIZATION

The City of Roseville (City) operates the School-Age Child Care Program (Program) encompassing 21 childcare centers within the City. Three of these centers provide day care services to subsidized families under the Child Development Program funded by the California Department of Social Services. The City is financially accountable for the activities of the Program. The program reimburses the City for costs incurred while operating the Program, including costs for salaries and benefits.

These basic financial statements present only the activities of the Program and are not intended to present the financial position of the City, or the results of its operations. The financial statements of the Program are included as an enterprise fund in the City's financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The School-Age Child Care Program Enterprise Fund is reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

The principal operating revenues of the Program are federal, state and local grants, and parent fees. Operating expenses include cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

B. Net Position

Net Position is the excess of all the Program's assets and deferred outflows of resources over its liabilities and deferred inflows of resources. As of June 30, 2023, the Program's Net Position is divided into the two classifications described below:

Invested in capital assets describes the portion of net position which is represented by the net book value of the Program's capital assets. The program does not currently have an outstanding balance of debt issued to finance these assets.

Unrestricted describes the portion of net position which is not restricted to use.

C. Fair Value Measurement

The Program categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Program held no investments outside of the City Pool as of June 30, 2023.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the Program's fiduciary net position in the City's California Public Employees Retirement System (CalPERS) miscellaneous plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

E. Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's OPEB Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

F. Deferred Inflows of Resources and Deferred Outflows of Resources

In addition to assets, the statement of net assets will report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net assets will report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The Program has two items that are reported in each of these categories relating to the net pension liability and net OPEB liability. These are described in Notes 8 and 9, respectively.

G. Cash and Investments

The Program's cash and investments are included in the City's investment pool (City Pool), which is described in the City's Annual Comprehensive Financial Report (ACFR). The City, as a charter city, has adopted its own investment guidelines, which are consistent with the requirements of the California Government Code. The City Council and the City's Assistant City Manager/Chief Financial Officer provide oversight of the City Pool and reaffirm its investment policy on an annual basis. The City Pool is not rated and is not registered with the Securities and Exchange Commission (SEC).

The Program's position in the City Pool at June 30, 2023 is stated at fair value. The value of the pool shares that may be withdrawn at any time is determined on an amortized cost basis, which is different than the fair value of the Program's position in the pool. The City Pool values participant shares at fair value year-round. For further information regarding the City Pool, refer to the City's ACFR on the internet at www.roseville.ca.us.

For the purposes of the statement of cash flows, the Program considers cash and cash equivalents to include all pooled cash and investments, including restricted assets, as these pooled balances have the general characteristics of a demand deposit.

**CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Capital Assets

Capital assets are defined as assets with an initial, individual cost of more than \$5,000, and an estimated useful life greater than one year. Capital assets are recorded at historical cost. Contributions are recorded at acquisition cost. Depreciation of capital assets is provided on the straight-line method over estimated useful lives between 5 and 40 years.

I. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

J. Program Funding Terms & Conditions

In accordance with the applicable requirements from the Funding Terms & Conditions of the General Child Care and Development Program (Grant Program):

Interest expense is only allowable as a reimbursable cost in certain circumstances when it has been preapproved by the administering state department or relates to the lease, purchase, acquisition, or repair or renovation of early learning and cash facilities owned or leased by the contractor. No interest expense was claimed to a child development contract for the year ended June 30, 2023.

All expenses claimed for reimbursement under a related rent transaction must be supported by a fair market rental estimate from an independent appraiser, licensed by the California Office of Real Estate Appraisers. There were no related party rent expenses claimed for the year ended June 30, 2023.

Bad debt expense is unallowable unless it relates to uncollectible family fees where documentation of adequate collection attempts exists. No bad debt expense was claimed to a child development contract for the year ended June 30, 2023.

NOTE 3: CASH AND INVESTMENTS

The Program's cash and investments are included in a City Pool, the details of which is presented in the City's ACFR. The Program pools cash from all sources with the City so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time. The City's investment policy and the California Government Code permit investments in the securities of the federal government or its agencies, certificates of deposit, negotiable certificates of deposit, banker's acceptances, commercial paper, the State of California Local Authority Investment Fund (LAIF Pool), repurchase agreements, passbook savings account demand deposits, and interest rate swaps.

The Program's participation in the City Pool at June 30, 2023 was \$1,581,025, which was measured based on uncategorized inputs not defined as a Level 1, Level 2, or Level 3 input.

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 4: ADVANCE FROM THE CITY AND DUE TO THE CITY

The Program borrowed \$300,000 and \$205,000 from the City in fiscal years 2012 and 2014, respectively. The program borrowed an additional \$300,000 in fiscal year 2018 for the purpose of funding an additional site. The program borrowed an additional \$340,000 in fiscal year 2019 for the purpose of funding an additional site. The program borrowed an additional \$1,275,000 in fiscal year 2023 to finance buildings for two new sites. The total balance due to the City as of June 30, 2023 is \$2,110,000. Interest on outstanding amounts accrued is based upon the City's prior year average annual pooled interest rate of return.

The Program recorded a due to the City of \$55,000 that represents the amount that will be paid in the next fiscal year. The total balance of \$2,110,000 will be repaid in accordance with the below payment schedule:

Year Ending June 30,	Principal	Interest	Total
2024	\$ 55,000	\$ -	\$ 55,000
2025	55,000	-	55,000
2026	55,000	-	55,000
2027	55,000	-	55,000

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 6: COMPENSATED ABSENCES

Compensated absences comprise unused vacation leave, sick pay, and certain compensated time off, which are accrued as earned. Unused vacation time and personal holiday may be accumulated up to a specified maximum and are paid at the time of termination from Commission employment. Non-probationary employees in the classified service and unclassified service, whose separation is not caused by dismissal, shall be entitled to payment for sick leave accrued up to their date of separation. The changes in compensated absence balances were as follows:

Balance as of June 30, 2022	Net change	Balance as of June 30, 2023	Due within one year
\$ 257,812	\$ 23,208	\$ 281,020	\$ 241,968

NOTE 7: CONTINGENCIES

The Program participates in State grant programs which are subject to the provisions of applicable State requirements. Management is not aware of any cost differences; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenses which may be disallowed by the granting agencies cannot be determined at this time. The Program expects such amounts, if any, to be immaterial.

NOTE 8: DEFINED BENEFIT PENSION PLAN

Plan Description – Substantially all full-time Program employees are eligible to participate in the City's Miscellaneous Plan, an agent multiple-employer defined benefit pension plan, administered by CalPERS, which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plan are established by State statute and may be amended by City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. For financial reporting purposes, the Program reports a proportionate share of the City's net pension liability. Accordingly, the disclosures and required supplementary information (RSI) has been reported for the Program as a cost-sharing participant.

Benefits Provided – CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2023, are summarized as follows:

	Classic	PEPRA
	Prior to January 1, 2013	After to January 1, 2013
Hire date		
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52-67
Monthly benefits, as a % of annual salary	2.0-2.7%	1.0-2.5%
Required employee contribution rates	7.650%	7.000%
Required employer contribution rates	11.040%	12.500%

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 8: DEFINED BENEFIT PENSION PLAN (CONTINUED)

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Program is required to contribute the difference between the actuarially determined rate and the contribution rates of employees.

Employer contribution rates as of the measurement date were 10.847 percent for the Classic Plan Members and 12.500 percent for the PEPRA Plan members. The Program’s proportionate share of the City’s contributions to the Miscellaneous Plan was \$933,304 for the year ended June 30, 2023.

Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2023, the Program reported a net pension liability of \$8,614,640 for its proportionate share of the City’s Miscellaneous Plan’s net pension liability.

The net pension liability of the Plan was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023. The Program’s proportion of the City’s Miscellaneous Plan’s net pension liability was based on the Program’s fiscal year 2022 contributions to the City’s Miscellaneous Plan relative to the total contributions of the City as a whole. The Program’s proportionate share of the City’s Miscellaneous Plan net pension liability, measured as of June 30, 2023, was 2.79 percent, which was an increase of 0.11 percent from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the Program recognized pension expense of \$1,419,143. At June 30, 2023, the Program reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions paid by the program subsequent to measurement date	\$ 933,304	\$ -
Changes of assumptions	617,650	-
Difference between expected and actual experience	189,148	-
Net differences between projected and actual earnings on pension plan investments	760,380	-
Total	<u>\$ 2,500,482</u>	<u>\$ -</u>

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 8: DEFINED BENEFIT PENSION PLAN (CONTINUED)

The amount of \$933,304 reported in the fund as deferred outflows of resources related to pensions, resulting from the Program's contributions to the City's plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as a reduction to pension expense as follows:

Year Ending June 30,	
2024	\$ 425,167
2025	372,946
2026	290,236
Thereafter	478,829
Total	<u>\$ 1,567,178</u>

Actuarial Assumptions – The Program's proportion of the City's total pension liability in the June 30, 2021, actuarial valuation was determined using the following actuarial assumptions:

	Miscellaneous
Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.50%
Payroll Growth	2.75%
Projected Salary Increase	3.3-14.2% (1)
Investment Rate of Return	7.00%
Mortality	Derived using CalPERS membership data

(1) Depending on age, service and type of employment

The mortality table used was developed based on CalPERS-specific data. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return on pension plan investments, CalPERS took into account both short and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

**CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023**

NOTE 8: DEFINED BENEFIT PENSION PLAN (CONTINUED)

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Pension Board effective on July 1, 2015.

	Assumed asset allocation	Real return ^{1, 2}
Global Equity - Cap weighted	30.00%	4.54%
Global Equity - Non-Cap weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	27.00%
Mortgage-backed Securities	5.00%	0.50%
Investment Grade Corporates	10.00%	1.56%
High Yield	5.00%	2.27%
Emerging Market Debt	5.00%	2.48%
Private Debt	5.00%	3.57%
Real Assets	15.00%	3.21%
Leverage	-5.00%	-0.59%

(1) An expected inflation of 2.30% used for this period.

(2) Figures are based on the 2021 Asset Liability Management study

Discount Rate – The discount rate used to measure the total pension liability was 6.90 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the Program's contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Subsequent Events – Discount Rate – On November 15, 2021, the CalPERS Board of Administration selected a new asset allocation mix that will guide the fund's investment portfolio for the next four years, while at the same time retaining the current target rate of return. The Board also approved adding 5 percent leverage to increase investment diversification. The new asset allocation takes effect July 1, 2022 and is expected to decrease employer contribution rates from less than 1 percent to a decrease of more than 2 percent depending on the plan type. Employees in the PEPRA plans will likely see increases in their contribution rates. Contribution changes will take effect in fiscal year 2023-24.

NOTE 8: DEFINED BENEFIT PENSION PLAN (CONTINUED)

Sensitivity of the Program’s Proportionate Share of the City’s Miscellaneous Plan’s Net Pension Liability to Changes in the Discount Rate – The following presents the Program’s proportionate share of the net pension liability of the City’s Miscellaneous Plan’s net pension liability, calculated using the discount rate for the Plan, as well as what the Program’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Miscellaneous
1% Decrease	5.90%
Net Pension Liability	\$ 11,894,137
Current Discount Rate	6.90%
Net Pension Liability	\$ 8,614,640
1% Increase	7.90%
Net Pension Liability	\$ 5,914,575

Pension Plan Fiduciary Net Position – Detailed information about the City’s collective net pension liability is available in the City’s separately issued ACFR. The City’s ACFR may be obtained on the internet at www.roseville.ca.us.

NOTE 9: OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description – The City provides medical benefits to substantially all retirees under the City of Roseville Other Post Employment Benefit Plan (Plan), a single-employer defined benefit healthcare plan. The City is responsible for establishing and amending the funding policy of the Plan. Benefit provisions under the Plan are established by agreements between the City and its labor units. The plan financial statements can be obtained by contacting the City of Roseville Finance Department at 311 Vernon Street, Roseville, California 95678. For financial reporting purposes, the Program reports a proportionate share of the City’s net OPEB liability. Accordingly, the disclosures and required supplementary information (RSI) have been reported for the Program as a cost-sharing participant.

Benefits Provided – The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits are covered by the Plan.

Contributions – Contribution requirements of the Program are established and may be amended by the City Council. The Council establishes rates based on an actuarially determined rate. For the year ended June 30, 2023, the Program contributed \$535,661.

OPEB Liability, OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

As of June 30, 2023, the Program reported a net OPEB liability of \$3,523,000 for its proportionate share of the City’s net OPEB liability.

The net OPEB liability of the Plan was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2023. The Program’s proportion of the Plan’s net OPEB liability was based on the Program’s fiscal year 2023 contributions to the Plan relative to the total contributions of the City as a whole. The Program’s proportionate share of the Plan’s net OPEB liability, measured as of June 30, 2023, was 4.48 percent, which was an increase of 0.22 percent from its proportion measured as of June 30, 2022.

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 9: OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

For the year ended June 30, 2023, the Program recognized an OPEB expense of \$15,398. At June 30, 2023, the Program reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of assumptions	\$ 130,633	\$ (418,016)
Difference between expected and actual experience	-	(743,984)
Net differences between projected and actual earnings on OPEB plan investments	117,367	-
Total	<u>\$ 248,000</u>	<u>\$ (1,162,000)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as a reduction to pension expense/credit as follows:

Year Ending June 30,	
2024	\$ (342,449)
2025	(161,234)
2026	(57,457)
2027	(158,264)
2028	(108,380)
Thereafter	(86,216)
Total	<u>\$ (914,000)</u>

Actuarial Assumptions – The Program’s proportion of the City’s total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions.

Valuation Date	June 30, 2021
Measurement Date	June 30, 2023
Actuarial Cost Method	Entry-Age Normal Cost Method
Actuarial Assumptions	
Discount Rate	5.75%
Inflation	2.50%
Payroll Growth	2.75%
Projected Salary Increase	2.75%
Investment Rate of Return	6.25%
Healthcare cost trend rate	Non-Medicare - 6.50%, decreasing to an ultimate rate of 3.75% in 2076 Medicare - 5.65%, decreasing to an ultimate rate of 3.75% in 2076
Mortality	CalPERS 1997-2015 Experience Study

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial -experience study for the period of 1997 to 2015. Further details of the Experience Study can be found on the CalPERS website.

CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF SOCIAL SERVICES
SCHOOL-AGE CHILD CARE PROGRAM
Notes to the Financial Statements
Year Ended June 30, 2023

NOTE 9: OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the City effective on July 1, 2019.

Asset Class	Target Allocation	Expected Real Return
Equity	60%	4.65%
Fixed Income	40%	0.78%
Total	100%	

Assumed Long-Term Rate of Inflation is 2.50%

Discount Rate – The discount rate used to measure the net OPEB liability was 5.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at the current contribution rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Program's Proportionate Share of the Plan's Net OPEB Liability to Changes in the Discount Rate – The following presents the Program's proportionate share of the net OPEB liability, calculated using the discount rate for the Plan, as well as what the Program's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Discount Rate		
	1% Decrease (4.75%)	Current Rate (5.75%)	1% Increase (6.75%)
Program's net OPEB Liability	\$ 4,911,836	\$ 3,523,000	\$ 2,396,865

Sensitivity of the Program's Proportionate Share of the Plan's Net OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the Program's proportionate share of the net OPEB liability, as well as what the Program's proportionate share of the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	Healthcare Cost		
	1% Decrease	Current Trend Rate	1% Increase
Program's net OPEB Liability	\$ 2,420,800	\$ 3,523,000	\$ 4,725,697

OPEB Plan Fiduciary Net Position – Detailed information about the City's collective net OPEB liability is available in the City's separately issued ACFR. The City's ACFR may be obtained on the internet at www.roseville.ca.us.

NOTE 10: NEW AND FUTURE ACCOUNTING PRONOUNCEMENTS

New Governmental Accounting Standards Board (GASB) Pronouncements

GASB Statement No. 96 – In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for reporting periods beginning after June 15, 2022. The City has determined there is no effect on the Program's financial statements.

Future Governmental Accounting Standards Board (GASB) Pronouncements

GASB Statement No. 99 – In April 2022, the GASB issued Statement No. 99, *Omnibus*. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

GASB Statement No. 101 – In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The Statement is effective for reporting periods beginning after December 15, 2023. The City has not determined the effect on the Program's financial statements.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH APPLICABLE REQUIREMENTS AND ON INTERNAL CONTROL OVER COMPLIANCE

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Opinions

We have audited the City of Roseville's (the City) School-Age Child Care Program's (the Program) compliance with the requirements described in the *CDSS Audit Guide* (the Guide) issued by the California Department of Social Services, August 2023, for the year ended June 30, 2023.

In our opinion, the City complied, in all material respects with the compliance requirements referred to above that are applicable to the Program for the year ended June 30, 2023.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report. We are required to be independent of the City and the Program and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's government programs.

Auditor's Responsibilities for the Audit of Compliance

Our responsibility is to express opinions on compliance with the requirements described in the Guide based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States, and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a material effect on the City's School-Age Child Care Program. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

To the Honorable Mayor and Members of the City Council
School-Age Child Care Program
City of Roseville, California

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be a significant deficiency.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2023-001 to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs.

To the Honorable Mayor and Members of the City Council
School-Age Child Care Program
City of Roseville, California

City of Roseville's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *CDSS Audit Guide* issued by the California Department of Social Services, August 2023. Accordingly, this communication is not suitable for any other purpose.

**CITY OF ROSEVILLE
CALIFORNIA DEPARTMENT OF EDUCATION
SCHOOL-AGE CHILD CARE PROGRAM
Summary Of Findings and Questioned Costs
For the Year Ended June 30, 2023**

Written Documentation for Reimbursable Costs – Significant Deficiency

Reference Number: 2023-001

Condition:

The City does not maintain a written policy for use in determining direct and administrative costs as required by the grant funding terms and conditions. This is a recurring finding previously under reference number 2022-003.

Criteria:

"Contractors shall maintain written documentation of the rationale used in determining direct and administrative costs." (FY2022-23 Funding Terms and Conditions, Section VI.D)

Cause of Condition:

The City does not have a written policy in place as required by the grant program.

Effect or Potential Effect of Condition:

This has resulted in noncompliance with grant funding terms and conditions.

Recommendation:

LSL recommends that the City implement a written policy for direct and administrative costs as required by the grant program.

Management's Response and Corrective Action:

The rationale used in allocating non-labor related costs to CDE is to use the number of CDE sites as a percentage of total number of sites as the multiplier. The City historically has used a multiplier of 2.23% to allocate labor related expenses. The Indirect cost allocation comes directly from the CAP study administered by the Finance Department in conjunction with a consultant. There is currently no formal written documentation of these assumptions. The Youth Development team is working on creating written documentation going forward.

INDEPENDENT ACCOUNTANTS' REPORT ON AGREED-UPON
PROCEDURES APPLIED TO APPROPRIATIONS LIMIT WORKSHEETS

To the Honorable Mayor and Members of the City Council
City of Roseville, California

We have performed the procedures enumerated below on the accompanying Appropriations Limit Worksheet No. 6 (or other alternative computation) of the City of Roseville, California, for the year ended June 30, 2024. These procedures are the responsibility of the City, which were agreed to by the City of Roseville and the League of California Cities (as presented in the publication entitled Agreed-Upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution), were performed solely to assist the City of Roseville in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The City of Roseville's management is responsible for the Appropriations Limit Worksheet No. 6 (or other alternative computation).

The City has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of recomputing the Appropriations Limit Worksheet No. 6 (or other alternative computation). This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures performed and our findings were as follows:

1. We obtained the completed Worksheets No. 1 through No. 7 (or other alternative computations) and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

Finding: No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit Worksheet No. 6, we multiplied line A, last year's limit, by line D, ratio of change and compared the resulting amount to line E, this year's limit.

Finding: No exceptions were noted as a result of our procedures.

3. We compared the current year information presented in the accompanying Appropriations Limit Worksheet No. 6 to the other worksheets described in No. 1 above.

Finding: No exceptions were noted as a result of our procedures.

4. We compared the prior year appropriations limit presented in the accompanying Appropriations Limit Worksheet No. 6 to the prior year appropriations limit adopted by the City Council for the prior year.

Finding: No exceptions were noted as a result of our procedures.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Appropriations Limit Worksheet No. 6 (or other alternative computation). Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information of the City Council and management of the City of Roseville and is not intended to be, and should not be, used by anyone other than these specified parties.

March 25, 2024

To the Honorable Mayor and Members of the City Council
City of Roseville, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (the "City") for the year ended June 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 25, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the City changed accounting policies related to subscription-based information technology arrangements by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 96, in fiscal year 2022-2023. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in the financial statements. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the City's financial statements were:

Management's estimates of the net pension liability, net other postemployment benefits liability, and self-insurance liability are based on actuarial valuation estimates. We evaluated the methods, assumptions, and data used to develop the actuarial valuation estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We are pleased to report that no such misstatements were identified during the course of our audit.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 25, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis, the budgetary comparison schedule for the General Fund, the modified approach to reporting street pavement costs, and the required pension and other post-employment benefits schedules, as listed in the Annual Comprehensive Financial Report's table of contents, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual nonmajor fund financial statements and schedules which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on other information included in the annual report which is comprised of the introductory and statistical sections, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council
City of Roseville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Roseville, California (the "City"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 25, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over [financial reporting (internal control)] as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Honorable Mayor and Members of the City Council
City of Roseville, California

City of Roseville's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Lance, Solt & Loughard, LLP". The script is fluid and cursive.

Sacramento, California
March 25, 2024

To the Honorable Mayor and Members of the City Council
City of Roseville, California

SCHEDULE OF FINDINGS AND RESPONSES

Reference Number: 2023-001

Evaluation of Finding:

Material Weakness

Condition:

As part of our standard audit procedures, we examined the City's bank reconciliation process and test significant bank reconciliations. During this process, we identified that the City's bank reconciliations were not prepared timely during the fiscal year. A majority of the bank reconciliation during the fiscal year were prepared after June 30, 2023. The June 2023 bank reconciliation was completed during October 2023.

Criteria:

In adhering to the COSO (Committee of Sponsoring Organizations of the Treadway Commission) internal control framework, the timely execution of detective internal controls (such as bank reconciliations) emerges as a pivotal component in ensuring the effectiveness and reliability of the City's risk management and governance processes. Detective controls play a crucial role in identifying and detecting deviations from established policies and procedures, allowing management to promptly respond to and mitigate potential risks. Timely completion and review of bank reconciliations enhances the City's ability to detect anomalies, errors, or fraudulent activities swiftly, facilitating informed decision-making and preventing the escalation of issues. This proactive approach aligns with the COSO framework's principles by promoting real-time monitoring and evaluation, ultimately contributing to the achievement of organizational objectives and the preservation of stakeholder value.

Cause of Condition:

The City suffered turnover in their finance department during the fiscal year resulting in a lack of adequate resources for internal controls to continue to function over the bank reconciliation process. In addition, as the City began reviewing the bank reconciliation, further errors were noted throughout the year and had to be revisited causing a delay.

Effect or Potential Effect of Condition:

The City's deficiency of resources, coupled with staff changes, caused a delay in the bank reconciliation process. As the City conducted reviews, additional errors were discovered throughout the year, necessitating revisits and further contributing to the delay of the bank reconciliations.

Recommendation:

We recommend that the City reexamine the allocation of resources to ensure the timely completion and review of bank reconciliations during the year. We recommend at minimum bank reconciliations are performed within 60 to 90 days of the close of the period.

Management's Response and Corrective Action:

The City agrees with LSL's finding and recommendations and has allocated appropriate resources to ensure bank reconciliations are prepared timely moving forward.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the Electric Fund (the "Fund"), an enterprise fund of the City of Roseville, California (the "City") as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the Fund, as of June 30, 2023 and 2022, and the respective changes in financial position, and the cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Electric Fund, an enterprise fund of the City, and do not purport to, and do not present fairly the financial position of the City, as of June 30, 2023, the change in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Responsibilities

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required pension and other postemployment benefits schedules as listed on the table of contents, presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2023, on our consideration of the City's internal control over the Fund's financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over the Fund's financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control over financial reporting and compliance.

**Electric Enterprise Fund
Management's Discussion and Analysis
June 30, 2023 and 2022**

Management of the Roseville Electric Enterprise Fund (Electric Fund), a fund of the City of Roseville (City) offers the following overview and analysis of the financial statements of the Electric Fund for the fiscal year ended June 30, 2023 and 2022. We encourage readers to utilize the information presented here in conjunction with the accompanying basic financial statements.

Overview of the Financial Statements

The Electric Fund's financial statements are divided into two sections: 1) basic financial statements, and 2) required supplementary information.

Included as part of the basic financial statements are the *Statement of Net Position*, *Statement of Revenues, Expenses and Changes in Net Position*, *Statement of Cash Flows*, and notes to the financial statements. The required supplementary information follows the notes to the financial statements and includes the schedules related to pensions and other post-employment benefits.

Financial Highlights

2023 compared to 2022

The Electric Fund's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$519.5 million, an increase of \$23.8 million or 4.8% over the prior fiscal year.

Total operating revenue was \$181.8 million, an increase of \$9.2 million or 5.3% compared to fiscal year 2022. Total operating expense was \$168.1 million, an increase of \$24.9 million or 17.4%. Operating income was \$13.7 million. Payment in lieu of taxes of \$7.3 million was paid to the City as a franchise fee.

2022 compared to 2021

The Electric Fund's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$495.7 million, an increase of \$21.6 million or 4.6% over the prior fiscal year.

Total operating revenue was \$172.6 million, an increase of \$4.6 million or 2.7% compared to fiscal year 2021. Total operating expense was \$143.1 million, a decrease of \$5.9 million or 4.0%. Operating income was \$29.5 million. Payment in lieu of taxes of \$6.4 million was paid to the City as a franchise fee.

Financial Analysis

The *Statement of Net Position* for the Electric Fund is as follows:

Condensed Statement of Net Position (In thousands)			
	FY2023	FY2022	FY2021
Assets			
Current Assets	\$196,137.8	\$249,742.3	\$233,149.5
Capital Assets	490,741.9	490,784.6	482,687.7
Non-current Assets	6,862.8	8,637.6	5,158.6
Total Assets	693,742.5	749,164.4	720,995.8
Deferred Outflows	27,452.6	22,496.3	29,373.9
Liabilities			
Current Liabilities	21,476.2	43,838.2	28,128.5
Non-Current Long-term Debt	85,575.0	141,642.7	149,590.5
Long-term Liabilities	86,596.2	63,676.5	92,599.3
Total Liabilities	193,647.4	249,157.5	270,318.3
Deferred Inflows	8,049.2	26,771.7	5,936.8
Net Position			
Net Investment in Capital Assets	404,214.2	348,510.4	331,397.0
Restricted:			
Benefit of Rate Payers	8,607.5	11,415.4	13,609.7
Debt Service	10,134.4	15,087.3	16,084.2
Unrestricted	96,542.4	120,718.6	113,023.7
Total Net Position	\$519,498.5	\$495,731.7	\$474,114.6

2023 compared to 2022

As of June 30, 2023, the Electric Fund's total assets decreased by \$55.4 million or 7.4% compared to the prior fiscal year. This decline was mainly attributed to a decrease in cash and investments held in the City Treasury, along with a decrease in restricted cash and investments with fiscal agent. However, this decrease was partially offset by an increase in inventories. Furthermore, deferred outflows of resources increased by \$5.0 million or 22.0%, primarily attributed to an increase in deferred amount related to pension. This increase, however, was offset by a decrease in deferred charging on refunding, accumulated decrease in fair value of hedging diversities, and deferred amount related to OPEB.

As of June 30, 2023, total liabilities decrease by \$55.5 million or 22.3% compared to the prior fiscal year. This reduction was primarily driven by decreases in outstanding debt, deposit payable, and derivative at fair value-liability. However, that this decrease was offset by an increase in the net pension liability. Moreover, deferred inflows of resources decreased by \$18.7 million or 69.9%, primarily attributed to a decrease in deferred inflows related to pensions and deferred inflows related to OPEB.

2022 compared to 2021

As of June 30, 2022, the Electric Fund's total assets increased by \$28.2 million or 3.9% compared to the prior year, primarily due to increases in restricted cash and investments in City Treasury, Investment in NCPA reserves, lease receivable, and capital assets (net of depreciation). However, these positive factors were partially offset by a decrease in accounts receivable and prepaids. Furthermore, deferred outflows of resources decreased by \$6.9 million, primarily attributed to declines in the accumulated fair value of hedging derivatives, deferred amounts related to pension, and deferred charges on refunding. This decrease was offset by an increase in deferred amounts related to OPEB.

Total liabilities as of June 30, 2022, decreased by \$21.2 million or 7.8% compared to the prior fiscal year. This reduction was attributed to decreases in accounts payable, outstanding debt, net OPEB liability, net pension liability, and derivative at fair value-liability. However, this reduction was partially offset by an increase in deposit payable. Furthermore, deferred inflows of resources increased by \$20.9 million or 350.9%, primarily related to OPEB, pensions and leases.

The Statement of Revenues, Expenses, and Changes in Net Position for the Electric Fund is as follows:

Condensed Statement of Revenues, Expenses, and Changes in Net Position (in thousands)			
	FY2023	FY2022	FY2021
Operating Revenue			
Sales Revenue	\$176,889.9	\$166,656.2	\$162,958.5

Net Position, Ending	\$519,498.5	\$495,731.7	\$474,114.6

2023 compared to 2022

The Electric Fund's operating revenue was \$181.8 million, an increase of \$9.2 million or 5.3% compared to the prior fiscal year. This increase in operating revenue is primarily attributed to a \$10.2 million or 6.1% rise in sales revenue due to increases in the energy cost surcharge and rate case. However, this increase was offset by a decrease in hydroelectric surcharge. Out of the approximate \$176.9 million total sales revenue, \$91.2 million was attributed to commercial customers, and \$85.7 million to residential customers. The wholesale energy sales revenue for the current fiscal year amounted to \$1.6 million, indicating an increase of \$0.1 million or 9.8%. This growth is primarily attributed to an addition in wholesale power sold. Furthermore, other operating revenues experienced a decrease of \$1.2 million or 26.4%. This decline is primarily due to a decrease in mutual aid recovery from other agencies and a decrease in carbon allowance and credit proceeds.

Total operating expenses were \$168.1 million, indicating an increase of \$24.9 million or 17.4% compared the prior fiscal year. Total production and purchased power expense accounted for \$84.1 million, representing 50.0% of operating expenses. Additionally, total distribution and transmission expense totaled \$29.0 million, representing 17.3% of the overall operating expenses. Administrative and general expense was \$19.3 million, reflecting an increase of \$7.7 million or 66.2% compared to the prior fiscal year. This increase is mainly attributed to higher costs in salaries and employee pension benefits. Customer accounts and public benefits expense amounted to \$10.4 million, representing 6.2% of operating costs. Furthermore, depreciation expense was \$25.3 million, reflecting an increase of \$1.2 million or 4.9% compared to the prior fiscal year.

Consistent with the City Charter, the Utility may pay an in lieu franchise fee not to exceed 4% of expenses, to the City General Fund as a Payment in Lieu of Taxes. For fiscal year 2023, this franchise fee transfer amounted to \$7.3 million, reflecting an increase of \$0.9 million or 13.3% compared to the prior fiscal year.

Investment earnings, including the net change in fair value of investments, amounted to \$2.2 million, reflecting an increase of \$12.7 million, primarily attributed by the rise in the fair value of pooled investments.

Total capital contributions received was \$9.6 million, a decrease of \$1.7 million or 15.4%, primarily due to a decrease in contributions from developers.

The net transfers out of the Electric Fund to the City projects was \$0.3 million.

2022 compared to 2021

The Electric Fund's operating revenue was \$172.6 million, reflecting an increase of \$4.6 million or 2.7% compared to the prior fiscal year. This increase is primarily attributed to a \$3.7 million or 2.2% increase in sales revenues, driven by increase in hydroelectric surcharge and rate case adjustments. Out of the approximate \$166.7 million total sales revenue, \$87.9 million was related to commercial customers and \$78.6 million to residential customers. Wholesale energy sales revenue for the current fiscal year totaled \$1.5 million, indicating a decrease of \$1.4 million or 48.1% mainly due to a reduction in wholesale power sold. Additionally, other operating revenues experienced an increase of \$2.2 million or 101.2%, primarily attributed to increased mutual aid recovery from other agencies along with additional revenue form customer late fees and reconnect charges.

Total operating expenses were \$143.1 million, reflecting a decrease of \$5.9 million or 4.0% compared the prior fiscal year. Total production and purchased power expense was \$72.9 million, which represented 50.9% of operating expenses. Additionally, total distribution and transmission expense totaled \$27.0 million, which represented 18.9% of overall operating expense. Administrative and general expense amounted to \$11.6 million, a decrease of \$12.4 million or 51.6% compared to prior fiscal year. This reduction is primarily attributed to lower costs in salaries and employee benefits. Moreover, customer accounts and public benefits expense amounted to \$7.6 million, representing 5.3% of operating costs. Depreciation expense was \$24.1 million, reflecting an increase of \$1.2 million or 5.2% over the prior fiscal year.

Consistent with the City Charter, the Utility may pay an in lieu franchise fee not to exceed 4% of expenses to the City General Fund as a Payment in Lieu of Taxes. For fiscal year 2022, this franchise fee transfer amounted to \$6.4 million, reflecting an increase of \$0.3 million or 4.6% compared to the prior fiscal year.

Investment earnings, including the net change in fair value of investments, were (\$10.5) million, indicating a decrease of \$10.8 million, primarily attributed to the decline in fair value of pooled investments.

Total capital contributions received was \$11.3 million, a decrease of \$17.4 million or 60.5%, primarily due to a \$8.6 million decrease in contributions from developers, a \$9.1 million decrease in contribution in aid of construction offsetting by a \$0.4 million increase in connection and impact fees.

Transfers out of the Electric Fund to the City for general rehabilitation projects were \$0.4 million.

Capital Assets

2023 compared to 2022

As of June 30, 2023, the Electric Fund's net utility plant and equipment, which includes investments in land, buildings, production and distribution facilities, as well as general items like equipment, furniture and right-to-use leased assets, totaled \$490.7 million. This figure represents a decrease of \$0.1 million or 0.0% compared to prior fiscal year.

2022 compared to 2021

As of June 30, 2022, the Electric Fund's net utility plant and equipment, which includes investments in land, buildings, production and distribution facilities, and as well as general items like equipment and furniture, was \$490.8 million. This indicates an increase of \$8.1 million or 1.7% compared to the previous fiscal year.

Capital Assets (In thousands)			
	FY2023	FY2022	FY2021
Land	\$5,467.3	\$5,173.0	\$5,173.0
Buildings & Improvements	31,789.7	31,067.9	25,677.7

Less: Accumulated Depreciation	(373,599.1)	(349,746.8)	(326,659.3)
Capital Assets, Net	\$490,741.9	\$490,784.6	\$482,687.7

Debt Administration

2023 compared to 2022

Total long-term debt, net of unamortized premium of \$3.4 million, was \$89.8 million at the end of fiscal year 2023. This represents a notable decrease of \$59.0 million or 39.7% compared to the previous fiscal year. This reduction is primarily attributed to the retirement of \$51.1 million in variable rate 2012 Series Electric System Revenue Certificates of Participation (COP) in March 2023. The current long-term debt due within a year was \$4.3 million, while non-current long-term debt was \$82.2 million. The debt is backed by the revenue of the Utility.

The Utility maintains a debt service coverage ratio that exceeds the current provisions in the bond indenture document. This debt service coverage ratio is a measure of the adequacy of cash to pay debt service. The Utility must maintain debt coverage of 1.1 as required by the bond indenture, however the City has an internal policy for the Utility to maintain a debt coverage of 2.0. As of June 30, 2023, the Utility had debt coverage of 2.94.

Interest rates on outstanding debt range from 0.39% to 5.25%.

2022 compared to 2021

Total long-term debt, net of unamortized premium of \$4.1 million, was \$148.8 million at the end of FY2022. This represents a decrease of \$9.5 million or 6.0% compared to the prior fiscal year. The current long-term debt due within a year was \$7.2 million and non-current long-term debt was \$137.5 million. The debt is backed by the revenue of the Utility.

The Utility maintains a debt service coverage ratio that exceeds the current provisions in the bond indenture document. This debt service coverage ratio is a measure of the adequacy of cash to pay debt service. The Utility must maintain debt coverage of 1.1 as required by the bond indenture, however the City has an internal policy for the Utility to maintain a debt coverage of 2.0. As of June 30, 2022, the Utility had debt coverage of 3.95.

Interest rates on outstanding debt range from 0.39% to 5.25%.

Long-Term Debt (In thousands)			
	FY2023	FY2022	FY2021
Certificates of Participation	\$5.0	\$54,005.0	\$54,005.0
Revenue Bonds	89,820.0	94,842.7	104,340.5
Total Long-Term Debt	89,825.0	148,847.7	158,345.5
Current Portion of Long-Term Debt	4,250.0	7,205.0	8,755.0

Economic Condition, Outlook and Activity

The Electric Fund's Residential and commercial customer count experienced a growth of 2.23% compared to prior fiscal year. Simultaneously, total retail electric energy sales increase 2.44%, reaching 1.2 million megawatt hours. Correspondingly, revenue had a 6.3% increase, primarily attributable to implementation of the energy cost surcharge and the rate case increase. However, this overall increase was offset by a decrease in hydroelectric surcharge.

During the fiscal year, the Electric Fund was rated "AA" by Fitch Ratings and the Ratings Outlook to Stable, Standard and Poor's Global Ratings rating was "AA" and Moody's Investors Service rating was "A1", stable.

The revenue to expense outlook for the next several years forecasts expenses exceeding revenues. New development will continue to add residential and commercial customers to the service territory. The utility plans to recommend a rate increase to insure adequate revenues. Issues that may impact future rates include: the increasing volatility of the natural gas and energy markets in California, state and federal mandates related to renewable energy and environmental concerns, as well as increasing distributed generation and energy efficiency programs throughout the service territory.

Requests for Information

This financial report is designed to provide a general overview of the Electric Fund's finances. Questions concerning information provided in this report should be addressed to the Financial Administrator, Roseville Electric Utility, 116 South Grant Street, Roseville, California 95678.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The Electric Fund (Fund) is an enterprise fund of the City of Roseville (City) that owns and operates the electric systems and provides these services to the businesses and residents of the City. The Electric Fund is under the policy control of the City Council. The accompanying financial statements only reflect the activity of the Electric Fund as it does not have any component units. The Electric Fund is an integral part of the City and its financial statements are included in the basic financial statements of the City. These financial statements do not purport to, and do not represent the financial position, changes in financial position, and where applicable, cash flows of the City.

B. Basis of Presentation

The Financial Statements of the Electric Fund are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

The accounting records of the Electric Fund are also substantially in conformity with the Uniform System of Accounts prescribed by the Federal Energy Regulatory Commission (FERC). The Electric Fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

C. Basis of Accounting

The Electric Fund is accounted for as an enterprise fund (proprietary fund type). A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity. The activities of enterprise funds closely resemble those of the private sector in which the purpose is to conserve and add to economic resources. Enterprise funds account for operations that provide services on a continuous basis and are substantially financed by revenues derived from user charges.

The financial statements are reported using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

The Electric Fund may fund programs with a combination of cost-reimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted net position may be available to finance program expenses. The City's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

D. Cash and Investments

Cash and investments with original maturities of three months or less are treated as cash and cash equivalents for purpose of preparing the statements of cash flows. Also, the Electric Fund's portion of the City's overall cash and investment pool is treated as cash and equivalents since these amounts are in substance demand deposits. Further information related to the City's cash and investment pool can be found in the City's Annual Comprehensive Financial Report.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Joint Powers Authorities

The Electric Fund records its equity in the general operating reserve of the Northern California Power Agency (NCPA), and its net equity in those projects in which it participates, as discussed in Note 8. The Electric Fund's share of individual project obligations has been netted against its share of the related project assets, as reported by NCPA, because the Electric Fund does not actively manage these projects and does not expect to become directly liable for any of the obligations of these projects. Amounts paid to the Transmission Agency of Northern California (TANC) are expensed currently because the Electric Fund's estimated equity, if any, in TANC is not material. Amounts paid to the California Joint Powers Risk Management and the Local Agency Workers Compensation Excess Joint Powers Authority are charged currently to insurance expense, as discussed in Note 8.

F. Prepays

Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in the financial statements.

G. Inventories

Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in the financial statements.

H. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The deferred charge on refunding reported in the statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The accumulated decrease in the fair value of hedging derivatives is equal to the fair value of the associated derivative instrument liability so long as the instrument is deemed effective. The deferred outflows related to pensions are described in Note 5. The deferred outflows related to other postemployment benefits (OPEB) are described in Note 6.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflows related to pensions are described in Note 5. The deferred inflows related to OPEB are described in Note 6.

I. Deposits from Customers

Deposits from Customers may be required by the Electric Fund from commercial and residential customers when they establish their account as specified in section 14.04.030 of the City of Roseville Municipal Code. Significant customer deposits may be held in the form of certificates of deposit in the Electric Fund's name with the interest paid to the customer.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Compensated Absences

Compensated Absences including accumulated unpaid vacation, sick pay and other employee benefits are accounted for as expenses in the year earned.

Changes in compensated absences payable consist of the following:

	2023	2022
Beginning Balance	\$ 4,554,044	\$ 4,575,222
Additions	3,197,406	2,198,428
Payments	(2,474,127)	(2,219,606)
Ending Balance	<u>\$ 5,277,323</u>	<u>\$ 4,554,044</u>
Current Portion	<u>\$ 3,614,801</u>	<u>\$ 2,973,494</u>

K. Revenue Recognition

Revenues are recognized based on cycle billings rendered to customers. All residential and commercial utility customers are billed once per month. There are twenty-three billing cycles per month which include all types of customers, based on their location within the City. Revenues for services provided but not billed at the end of a fiscal year are accrued.

Contributions of cash or assets to proprietary funds from state and federal agencies, developers and others are recorded as revenue when earned.

L. Classification of Revenues

Operating revenues consist mainly of electric sales. Operating revenues are used to finance the cost of operations, including the cost of delivering and providing services, maintenance and recurring capital replacement. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

M. Operating Expense

Operating expenses include expenses reflected by the City as related to rent payments, information technology and facility services, and other indirect cost transfers.

N. Allocation and Capitalization of Operating Overhead Expenses and General and Administrative Costs

The allocation of operating overhead expenses and general and administrative costs to capital projects, as well as FERC distribution and maintenance operating expenses, was based on a comprehensive analysis and study prepared by the City's staff. This analysis and allocation process is conducted annually in conformance with the generally accepted electric utility accounting practices within the Uniform System of Accounts (USOA) prescribed by FERC and utility accounting guides published by the American Public Power Association (APPA) regarding job costing and utility accounting.

The process of allocating and capitalizing operating overhead expenses and general and administrative costs was implemented to allow the Electric Fund Financial Statements to reflect a chart of accounts consistent with industry standards, provide more accurate operation and maintenance costs, and track the total actual costs of electric capital assets.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

P. Fair Value Measurements

The Electric Fund categorizes the fair value measurements of its investments based on the hierarchy established by GAAP. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Q. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the City's California Public Employees Retirement System (CalPERS) plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Post-Employment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City's OPEB Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

S. Capital Asset Policies

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated acquisition value on the date contributed.

Capital assets with limited useful lives are depreciated over their estimated useful lives. The purpose of depreciation is to spread the cost of capital assets equitably among all users over the life of these assets. The amount charged to depreciation expense each year represents that year's pro rata share of the cost of capital assets.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Depreciation is provided using the straight-line method which means the cost of the asset is divided by its expected useful life in years and the result is charged to expense each year until the asset is fully depreciated. The Electric Fund has assigned the useful lives and capitalization thresholds listed below to capital assets:

	Useful Lives	Capitalization Thresholds
Buildings	40 years	\$ 20,000
Improvements	20-75 years	no threshold
Equipment	6-20 years	5,000
Plants and Substations	40 years	5,000
Distribution System	15-60 years	no threshold
Electric Generation	15-30 years	5,000
Traffic Signals	20 years	no threshold
Landscaping	12 years	20,000
Leases	Varies by contract	75,000
SBITA	Varies by contract	75,000

Major outlays for capital assets and improvements are capitalized as projects are constructed.

T. New Accounting Pronouncements

New Pronouncements

Effective in Current Fiscal Year

GASB Statement No. 96 – In May 2020, the GASB issued Statement No. 96, *Subscription-based Information Technology Arrangements*. The objective of this Statement is to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The Statement is effective for reporting periods beginning after June 15, 2022. The effect on the Fund is noted in note 4.

Effective in Future Fiscal Years

GASB Statement No. 99 – In April 2022, the GASB issued Statement No. 99, *Omnibus*. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature. The City has not determined the effect on the Electric Fund's financial statements.

GASB Statement No. 101 – In June 2022, the GASB issued Statement No. 96, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The Statement is effective for reporting periods beginning after June 15, 2023. The City has not determined the effect on the Electric Fund's financial statements.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

U. Net Position

Net position is the excess of all the Electric Fund's assets and deferred outflows of resources over all its liabilities and deferred inflows of resources. Net position is classified into the captions below:

Net Investment in Capital Assets describes the portion of net position which is represented by the current net book value of the Electric Fund's capital assets less accumulated depreciation and less the outstanding balance of any debt issued to finance these assets.

Restricted describes the portion of net position which is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws enabling legislation, or other restrictions which the Electric Fund cannot unilaterally alter.

Unrestricted describes the portion of net position which is not restricted to use.

It is the City's policy to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 2: CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2023, is as follows:

	Balance at June 30, 2022	Additions	Retirements	Transfers	Balance at June 30, 2023
Capital assets, not being depreciated

Capital assets, net	\$ 482,687,675	\$ 8,519,306	\$ (422,405)	\$ -	\$ 490,784,576

Depreciation and amortization on capital assets and intangibles included in the statement of revenues, expenses and changes in net position for the years ended June 30, 2023 and 2022 was \$25,272,365 and \$24,099,767 respectively.

During the fiscal year, the City updated its system to standardize the number of years of depreciation by asset class and updated accumulated depreciation to reflect the standardized years of certain assets.

NOTE 3: CASH AND INVESTMENTS

The City pools cash from all sources and all funds, except certain specific investments within funds and cash with fiscal agents, so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time.

The City and its fiscal agents invest in individual investments and in investment pools. Individual investments are evidenced by specific securities instruments, or by an electronic entry registering the owner in the records of the institution issuing the security, called the book entry system. Individual investments are generally made by the City's fiscal agents as required under its debt issues. In order to maximize security, the City employs the Trust Department of a bank as the custodian of all City managed investments, regardless of their form.

In order to mitigate its credit exposure to energy market risk and protect its financial position, the City requested its trading counterparties to post collateral. The collateral was held by the City in a specific account. If its trading counterparties defaulted on their contract obligations, the City could seize the collateral. Otherwise, the City would ultimately be obligated to return the entire amount back to those companies.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The City's investments of the Electric Fund are carried at fair value, as required by generally accepted accounting principles. The City adjusts the carrying value of its investments to reflect their fair value at each fiscal year end, and it includes the effects of these adjustments in income for that fiscal year. The City's investment pool is not registered with the Security and Exchange Commission and is not rated.

A. Classification

Cash and investments of the Electric Fund are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of City debt instruments or other agreements.

	2023	2022
Cash and investments in City Treasury	\$ 134,784,933	\$ 170,763,511
Restricted cash and investments with City Treasury	-	18,800,000
Restricted cash and investments with fiscal agent	10,261,381	16,332,511
	<u>\$ 145,046,314</u>	<u>\$ 205,896,022</u>

Cash and investments with original maturities of three months or less are treated as cash and equivalents for purpose of preparing the statement of cash flows. Also, the Electric Fund's portion of the City's overall cash and investment pool is treated as cash and equivalents since these amounts are in substance demand deposits.

Cash and investments as of June 30, consist of the following:

	2023	2022
Cash on hand	\$ 4,312	\$ 3,450
City of Roseville pooled cash and investments	134,780,621	189,560,061
Investments	10,261,381	16,332,511
	<u>\$ 145,046,314</u>	<u>\$ 205,896,022</u>

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

B. Investments Authorized by the California Government Code and the City's Investment Policy

The City's Investment Policy and the California Government Code allow the City to invest in the following, provided the credit ratings of the issuers are acceptable to the City; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code or the City's Investment Policy where it is more restrictive:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Minimum Credit Quality</u>	<u>Maximum Percentage Allowed</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury Obligations (a)	5 Years	None	None	None
U.S. Agency Securities (a)	5 Years	None	None	None
Forward Delivery Agreements	N/A	A	None	None
Local Agency Bonds	5 Years	None	None	None
Repurchase Agreements	1 Years	None	None	None
Bankers' Acceptances	180 Days	None	40%	30%
Commercial Paper	270 Days	A-1	25%	10% (b)
Medium-Term Notes (Corporate Notes)	5 Years	A	30%	None
Collateralized Time Deposits	5 Years	None	30%	None
Negotiable Certificates of Deposit	5 Years	A	30%	None
Local Agency Investment Fund	N/A	None	None	LAIF Limit
Insured Saving Accounts	N/A	None	None	None
Money Market Mutual Funds	N/A	None	20%	10%
Shares in a California Common Law Trust	N/A	None	None	None
Interest Rate Swaps (c)	N/A	None	None	None
Supranationals	5 Years	AA	30%	None
Mortgage Pass-Through Securities	5 Years	AA	20%	None

(a) In specified fund accounts where liquidity is not the primary investment objective, the maximum maturity can be up to ten years with granted express authority by the City Council. Such investments cannot be made less than three months following the approval of extended investment terms. All longer-term investments must be federal Treasury or Agency securities.

(b) Eligible Commercial Paper may not represent more than 10 percent of the outstanding paper of an issuing corporation.

(c) Interest rate swaps may only be used in conjunction with enterprise fund debt or investments.

C. Investments Authorized by Debt Agreements

The City must maintain required amounts of cash and investments with trustees or fiscal agents under the terms of certain debt issues. These funds are unexpended bond proceeds or are pledged reserves to be used if the City fails to meet its obligations under these debt issues. The California Government Code requires these funds to be invested in accordance with City resolutions, bond indentures, or State statutes.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The table below identifies the investment types that are authorized for investments held by fiscal agents. The table also identifies certain provisions of these debt agreements:

Authorized Investment Type	Maximum Maturity	Minimum Credit Quality
U.S. Treasury Obligations (a)	N/A	None
U.S. Agency Securities (a)	N/A	None
Certificates of Deposit	N/A - 30 days	None to A-1
Bankers' Acceptances	N/A - 270 days	None to A-1
Money Market Mutual Funds	N/A	None to Aam-G
Pre-refunded Municipal Obligations	N/A	AAA
Repurchase Agreements	N/A - 30 days	None to A
Investments Agreements	N/A	A+ to AA
California Asset Management Program (CAMP)	N/A	None
Local Agency Investment Fund (LAIF)	N/A	None
Guaranteed Investment Contract	N/A	None

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City also manages its interest rate risk by holding most investments to maturity.

Information about the sensitivity of the fair values of the investments to market interest rate fluctuations is provided by the following table that shows the distribution of the investments by maturity or earliest call date, as of June 30, 2023:

June 30, 2023	Remaining Maturity (in Months)		Total
	12 Months or Less	More than 60 Months	
City of Roseville Investment Pool	\$ 134,784,605	\$ -	\$ 134,784,605
Money Market Mutual Funds	8,106,660	-	8,106,660
Guaranteed Investment Contract (GIC)	-	2,150,737	2,150,737
Total investments	\$ 142,891,265	\$ 2,150,737	\$ 145,042,002

Information about the sensitivity of the fair values of the investments to market interest rate fluctuations is provided by the following table that shows the distribution of the investments by maturity or earliest call date, as of June 30, 2022:

June 30, 2022	Remaining Maturity (in Months)		Total
	12 Months or Less	More than 60 Months	
City of Roseville Investment Pool	\$ 189,560,061	\$ -	\$ 189,560,061
Money Market Mutual Funds	14,181,774	-	14,181,774
Guaranteed Investment Contract (GIC)	-	2,150,737	2,150,737
Total investments	\$ 203,741,835	\$ 2,150,737	\$ 205,892,572

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

E. Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2023 and 2022 for each investment type as provided by Standard and Poor's investment rating system:

June 30, 2023	Total
Not Rated	
City of Roseville Investment Pool	\$ 134,784,605
Money Market Mutual Funds	8,106,660
Guaranteed Investment Contract (GIC)	2,150,737
Subtotal	<u>145,042,002</u>
Total Investments	<u><u>\$ 145,042,002</u></u>

June 30, 2022	Total
Not Rated	
City of Roseville Investment Pool	\$ 189,560,061
Money Market Mutual Funds	14,181,774
Guaranteed Investment Contract (GIC)	2,150,737
Subtotal	<u>205,892,572</u>
Total Investments	<u><u>\$ 205,892,572</u></u>

F. Fair Value Measurements

The Electric Fund categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is used on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quotes prices in active markets for identical assets; Level 2 inputs are significant other observable input; Level 3 inputs are significant unobservable inputs.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The City's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 3: CASH AND INVESTMENTS (CONTINUED)

The Electric Fund has the following recurring fair value measurements as of June 30, 2023 and 2022:

	Balance at	Significant Other Observable Inputs (Level 2)
Investment at Fair Value	June 30, 2023	
Money Market Mutual Funds	\$ 8,106,660	\$ 8,106,660
Investments not subject to the Fair Value Hierarchy		
City of Roseville Investment Pool	134,784,605	
Investments Measured at Amortized Cost		
Guaranteed Investment Contract (GIC)	2,150,737	
Total Investments	\$ 145,042,002	
	Balance at	Significant Other Observable Inputs (Level 2)
Investment at Fair Value	June 30, 2022	
Money Market Mutual Funds	\$ 14,181,774	\$ 14,181,774
Investments not subject to the Fair Value Hierarchy		
City of Roseville Investment Pool	189,560,061	
Investments Measured at Amortized Cost		
Guaranteed Investment Contract (GIC)	2,150,737	
Total Investments	\$ 205,892,572

NOTE 4: LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

A. Lessor Leases

For the year ended June 30, 2023, the financial statements include the adoption of GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Lease Receivable for the year ended June 30, 2023, and June 30, 2022 are as follows:

2023	Balance as of July 1, 2022	Additions	Reductions	Balance as of June 30, 2023
Lease Receivable				
Buildings	\$ 960,035	\$ -	\$ 108,133	\$ 851,902
Land	5,240,000	-	3,491,430	1,748,570
Total Lease Receivable	<u>\$ 6,200,035</u>	<u>\$ -</u>	<u>\$ 3,599,563</u>	<u>\$ 2,600,472</u>
2022	Balance as of July 1, 2021	Additions	Reductions	Balance as of June 30, 2022
Lease Receivable				
Buildings	\$ 1,066,991	\$ -	\$ 106,956	\$ 960,035
Land	-	7,981,596	2,741,596	5,240,000
Total Lease Receivable	<u>\$ 1,066,991</u>	<u>\$ 7,981,596</u>	<u>\$ 2,848,552</u>	<u>\$ 6,200,035</u>

Deferred Inflows of Resources for the year ended June 30, 2023, and June 30, 2022 are as follows:

2023	Balance as of July 1, 2022	Additions	Reductions	Balance as of June 30, 2023
Deferred Inflows of Resources:				
Buildings	\$ 948,436	\$ -	\$ 118,555	\$ 829,881
Land	5,131,026	-	3,420,684	1,710,342
Total Deferred Inflows of Resources	<u>\$ 6,079,462</u>	<u>\$ -</u>	<u>\$ 3,539,239</u>	<u>\$ 2,540,223</u>
2022	Balance as of July 1, 2021	Additions	Reductions	Balance as of June 30, 2022
Deferred Inflows of Resources:				
Buildings	\$ 1,066,991	\$ -	\$ 118,555	\$ 948,436
Land	-	7,981,596	2,850,570	5,131,026
Total Deferred Inflows of Resources	<u>\$ 1,066,991</u>	<u>\$ 7,981,596</u>	<u>\$ 2,969,125</u>	<u>\$ 6,079,462</u>

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 4: LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (CONTINUED)

B. Subscription-Based Information Technology Arrangements (SBITAs)

The Fund is a subscriber for a noncancellable subscription of information technology services. The Fund recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the financial statements. The Fund recognized subscription liabilities with an initial, individual value of \$75,000 or more.

At the commencement of a subscription, the Fund initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life. Key estimates and judgments related to subscriptions include how the Fund

determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) lease term, and (3) subscription payments.

- The Fund uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the Fund generally uses its estimated incremental borrowing rate as the discount rate for subscriptions.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments that the Fund is reasonably certain to exercise.

The Fund monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

<u>Subscription Type</u>	<u>Amount of SBITA Capital Assets</u>	<u>Accumulated Amortization</u>
Software as a service	<u>\$ 1,347,924</u>	<u>\$ 294,037</u>

<u>For the Year Ending June 30,</u>	<u>Subscription Liability</u>	
	<u>Principal</u>	<u>Interest</u>
2024	\$ 323,775	\$ 25,001
2025	310,621	17,881
2026	271,130	11,047
2027	232,354	5,075
Total	<u>\$ 1,137,880</u>	<u>\$ 59,004</u>

NOTE 5: LONG-TERM DEBT

A. Composition and Changes

The Electric Fund generally incurs long-term debt to finance projects or purchase assets which will have useful lives equal to or greater than the related debt. The Electric Fund's debt issues and transactions are summarized below and discussed in detail thereafter.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 5: LONG-TERM DEBT (CONTINUED)

Long-term debt activity for the year ended June 30, 2023, is as follow:

NOTE 5: LONG-TERM DEBT (CONTINUED)

B. Direct Placement

2012 Electric System Revenue Refunding Certificates of Participation

On November 7, 2012 the City entered into a direct placement agreement with U.S. Bank for the purchase of the 2012 bonds. The COP's were issued to refund and retire the outstanding balance of the 2008A Electric System Revenue COPs. As of June 30, 2023, the balance was fully paid.

The COPs are secured by a pledge of the net revenue of the Electric Department. The revenue may not be used for any other purpose while any of the bonds remain outstanding.

The continuing covenant agreement for the bonds includes a provision that in an event of default, the repayment of the outstanding principal plus any accrued interest becomes immediately due. The City is responsible for cost increases caused by the adoption of a law or rule applicable to the bonds, changes in the taxes or tax basis of the Purchaser or Credit Protection Provider.

The terms of this agreement were renewed on April 20, 2016, and will expire on November 1, 2019. The City originally entered into a 27-year interest rate swap agreement for the entire amount of the 2008A COPs, and the interest rate swap agreement remains outstanding after the refunding, but notional amount of the swap is based on the notional amount of the 2008A COPs. The combination of the variable rate COPs and a floating rate swap creates synthetic fixed-rate debt for the City. The synthetic fixed rate for the COPs was 3.919 percent for the year ended June 30, 2022. The COPs were subject to mandatory prepayment annually beginning February 1, 2023 through 2035.

On November 1, 2019, the 2012 Electric COPs were paid down by \$36,000,000 leaving a balance of \$54,000,000. In addition, the Bank of America Merrill Lynch swap was terminated as of this date. As a result, the City paid \$7,176,500 to terminate the interest rate swap agreement. The US Bank direct placement was renewed with new interest rate terms of 80% of one-month LIBOR plus 60 basis points with direct placement expiring May 1, 2023. On April 3, 2023, the remaining balance of the 2012 Electric COPs, amounting to \$51,075,000, was fully paid off. Concurrently, the associated interest rate swap with Morgan Stanley Capital Services was terminated as of this date. The City paid \$2,665,000 to terminate the interest rate swap agreement.

C. Certificates of Participation

2004 Electric System Revenue Certificates of Participation

On July 1, 2004, the City issued \$39,940,000 of Certificates of Participation (COPs) to finance capital improvements to the City's Electric System. The COPs are repayable from net revenue of the Electric Utility System. The COPs bear interest at 3.00 percent to 5.25 percent and are due semi-annually on February 1 and August 1 of each year beginning February 1, 2005. Principal payments are due annually on February 1 through February 2034. The COPs were partially refunded by the 2013 Electric System Revenue Refunding Bonds as discussed in Note 5D below. In August 2014, the 2004 Electric System Revenue COP was partially refunded by the 2014 Electric System Revenue Refunding Bonds, leaving a par amount of \$5,000.

NOTE 5: LONG-TERM DEBT (CONTINUED)

D. Revenue Bonds

2013 Electric System Revenue Refunding Bonds

On November 14, 2013, the Roseville Finance Authority issued the Electric System Revenue Refunding Bonds, Series 2013, in the principal amount of \$48,780,000 to refund a portion of each of the 2004 Electric System Revenue and 2005 Electric System Revenue, Series A, COPs. The Bonds bear interest at 2.00 percent to 5.00 percent, and are due semi-annually on February 1 and August 1 of each year. The Bonds are repayable by a pledge of net revenue from the Electric System. Principal payments are due annually on February 1 through 2029. In September 2020, the City issued the 2020 Taxable Electric System Revenue Refunding Bonds, which refunded a portion of the 2013 bonds, which are further described below. As of June 30, 2023, the balance was fully paid.

2017A Electric System Revenue Refunding Bonds

On February 8, 2017, the City issued Revenue Bonds in the original principal amount of \$56,210,000. The Bonds were issued to refund a portion of the 2009 Electric System Revenue Refunding Certificates of Participation and the 2010 Electric System Revenue Refunding Bonds. The Revenue Bonds bear interest at 3.00 percent to 5.00 percent and are due semi-annually on February 1 and August 1 of each year. Principal payments are due annually on February 1 starting in 2022 and running through 2037. The balance outstanding as of June 30, 2023 is \$53,270,000.

2020 Electric System Revenue Refunding Bonds

On September 2020, the City issued Taxable Revenue Bonds in the original principal amount of \$34,770,000. The Bonds were issued to refund a portion of the 2013 and 2014 Electric System Revenue Refunding Bonds. The Revenue Bonds bear interest at 0.389 percent to 2.081 percent and are due semi-annually on February 1 and August 1 of each year. Principal payments are due annually on February 1 through 2034. The balance outstanding as of June 30, 2023 is \$33,170,000

E. Electric System Pledged Revenues

As of June 30, 2023, the total principal and interest remaining to be paid on the 2004 Electric System Revenue COPs, the 2017A Electric System Revenue Refunding bonds and the 2020 Electric System Revenue Refunding Bonds was \$113,505,352. As disclosed in the official statements, all net revenues of the Electric System are expected to provide coverage over debt service of 110 percent over the lives of the Bonds. For fiscal year 2023, net revenues amounted to \$42,558,607 which represents coverage of 294 percent over the \$14,476,511 in debt service.

F. Original Issue Discounts and Premiums, Deferred Amounts on Refunding

For proprietary fund types, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Any difference between proprietary refunded debt and the debt issued to refund it is amortized over the remaining life of either the refunded debt or the refunding debt, whichever is shorter.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 5: LONG-TERM DEBT (CONTINUED)

G. Debt Service Requirements

Annual debt service requirements are shown for all long-term debt:

For the Year Ending June 30,	Principal	Interest
2024	\$ 4,250,000	\$ 2,771,536
2025	4,320,000	2,586,017
2026	4,400,000	2,499,576
2027	4,450,000	2,403,441
2028	4,565,000	2,296,148
2029-2033	23,350,000	9,701,189
2034-2038	41,110,000	4,802,446
Total	<u>\$ 86,445,000</u>	<u>\$ 27,060,353</u>

NOTE 6: PENSION PLAN

A. Plan Description

Substantially all Electric Fund employees are eligible to participate in the City's Miscellaneous Plan, an agent multiple-employer defined benefit pension plan administered by the California Public Employees Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plan are established by State statute and may be amended by City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

B. Benefits Provided

CalPERS provides retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plan's provisions and benefits in effect at June 30, 2023 and 2022, are summarized as follows:

	Miscellaneous	
Hire date	Prior to January 1, 2013	After to January 1, 2013
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52-67
Monthly benefits, as a % of annual salary	2.0-2.7%	1.0-2.5%
Required employee contribution rates	8.000%	6.250%
Required employer contribution rates*	10.847%	12.500%

*There was an additional contribution amount related to the payment of the Unfunded Actuarial Liability (UAL). This amount is allocated by the City to the City's various funds.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 6: PENSION PLAN (CONTINUED)

C. Contributions

Section 20814(c) of the California Public Employees' Retirement law requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Electric Fund is required to contribute the difference between the actuarially determined rate and the contribution rates of employees.

The Electric Fund's proportionate share of the City's contributions to the Miscellaneous Plan was \$8,057,403 and \$7,457,891 for the year ended June 30, 2023 and 2022, respectively.

D. Pension Liability, Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2023 and 2022, the Electric Fund reported a net pension liability of \$74,341,652 and \$47,478,679 respectively for its proportionate share of the City's Miscellaneous Plan's net pension liability.

The net pension liability of the Plan was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021. The Electric Fund's proportion of the City's Miscellaneous Pension Plan's net pension liability was based on the Electric Fund's fiscal year 2021 contributions to the City's miscellaneous pension plan relative to the total contributions of the City as a whole. The Electric Fund's proportionate share of the City's miscellaneous pension plan net pension liability, measured as of June 30, 2022 and June 30, 2021, for June 30, 2023 and 2022 was 24.07 percent and 24.58 percent respectively.

For the year ended June 30, 2023 and 2022, the Electric Fund recognized pension expense of \$9,228,309 and \$809,249 respectively. At June 30, 2023 and 2022, the Electric Fund reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions subsequent to measurement date	\$ 8,057,403	\$ -
Differences between expected and actual experience	1,631,894	-
Changes in assumptions	5,328,836	-
Net differences between projected and actual earnings on pension plan investments	6,560,253	-
Total	<u>\$ 21,578,386</u>	<u>\$ -</u>
	2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions subsequent to measurement date	\$ 7,457,891	\$ -
Differences between expected and actual experience	2,105,619	-
Changes in assumptions	-	34,790
Net differences between projected and actual earnings on pension plan investments	-	13,642,101
Total	<u>\$ 9,563,510</u>	<u>\$ 13,676,891</u>

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 6: PENSION PLAN (CONTINUED)

The amount of \$8,057,403 reported at June 30, 2023 in the enterprise fund as deferred outflows of resources related to pensions, resulting from the Electric Fund's contributions to the City's plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as a reduction to pension expense as follows:

For the Year Ending June 30,	Net Deferred Outflows/(Inflows) of Resources
2024	\$ (3,668,017)
2025	(3,217,492)
2026	(2,503,937)
2027	(4,131,873)
Total	<u>\$ (13,521,319)</u>

E. Actuarial Assumptions

The Electric Fund's proportion of the City's Miscellaneous Plan total pension liability in the June 30, 2023 and 2022, actuarial valuation was determined using the following actuarial assumptions.

	Miscellaneous	
Valuation Date	June 30, 2021	June 30, 2020
Measurement Date	June 30, 2022	June 30, 2021
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	6.90%	7.15%
Inflation	2.80%	2.15%
Payroll Growth	2.80%	2.75%
Projected Salary Increase	3.3-14.2% (1)	3.3-14.2% (1)
Investment Rate of Return	7.00% (2)	7.00% (2)
Mortality	Derived using CalPERS membership data	

(1) Depending on age, service and type of employment

(2) Net of pension plan investment and administrative expenses, includes inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period of 1997 to 2015. Further details of the Experience Study can be found on the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 6: PENSION PLAN (CONTINUED)

In determining the long-term expected rate of return on pension plan investments, CalPERS took into account both short and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class ⁽¹⁾	2023		
	Assumed Asset Allocation	Real Return Years 1-10 ⁽²⁾	Real Return Years 11+ ⁽³⁾
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
Total	100%		

(1) In the Basic Financial Statement, Fixed Income is included in Global

(2) An expected inflation of 2.0% used for this period

(3) An expected inflation of 2.92% used for this period

Asset Class ⁽¹⁾	2022		
	Assumed Asset Allocation	Real Return Years 1-10 ⁽²⁾	Real Return Years 11+ ⁽³⁾
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
Total	100%		

(1) In the Basic Financial Statement, Fixed Income is included in Global

(2) An expected inflation of 2.0% used for this period

(3) An expected inflation of 2.92% used for this period

NOTE 6: PENSION PLAN (CONTINUED)

F. Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent and 7.15 percent for the Plan as of the measurement date of June 30, 2022 and 2021, respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the City's contributions will be made at rates equal to the difference between actuarially determined contributions rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Sensitivity of the Electric Fund's proportionate share of the City's Miscellaneous Plan Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Electric Fund for the Plan, calculated using the discount rate for the Plan, as well as what the Electric Fund's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	2023	2022
1% Decrease	5.90%	6.15%
Net Pension Liability	\$ 71,961,663	\$ 73,354,982
Current Discount Rate	6.90%	7.15%
Net Pension Liability	\$ 74,341,652	\$ 47,478,679
1% Increase	7.90%	8.15%
Net Pension Liability	\$ 35,784,240	\$ 26,052,903

H. Pension Plan Fiduciary Net Position

Detailed information the City's collective net pension liability is available in the City's separately issued Annual Comprehensive Financial Report. The City's financial statements may be obtained by contacting the City of Roseville's Finance Department. That report may be obtained on the internet at www.roseville.ca.us.

NOTE 7: POSTEMPLOYMENT BENEFITS

Plan Description - The City provides medical benefits to substantially all retirees under the City of Roseville Retiree Healthcare Plan, a sole employer defined benefit healthcare plan administered by the Trust Investment Review Committee. The City is responsible for establishing and amending the funding policy of the Plan. The plan financial statements can be obtained by contacting the City of Roseville Finance Department at 311 Vernon Street, Roseville, California 95678. For financial reporting purposes, the Electric Fund reports a proportionate share of the City's net OPEB liability. Accordingly, the disclosures and required supplementary information (RSI) have been reported for the Electric Fund as a cost-sharing participant.

Benefits Provided – The Plan provides medical, dental, and vision insurance benefits to eligible retirees and their dependents. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the Plan. Benefit provisions are established and may be amended by City labor agreements, which are approved by the City Council.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 7: POSTEMPLOYMENT BENEFITS (CONTINUED)

Contributions – Contribution requirements of the Electric Fund are established and may be amended by the City Council. The Council established rates based on an actuarially determined rate. For the year ended June 30, 2023 and 2022, the Electric Fund contributed \$1,306,373 and \$1,708,099 respectively.

OPEB Liability, OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB.

As of June 30, 2023 and 2022, the Electric Fund reported a net OPEB liability of \$9,778,000 and \$10,427,000 respectively for its proportionate share of the City's net OPEB liability.

The net OPEB liability of the Plan was measured as of June 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2021. The Electric Fund's proportion of the Plan's net OPEB liability was based on the Electric Fund's fiscal year 2023 contributions to the Plan relative to the total contributions of the City as a whole. The Electric Fund's proportionate share of the Plan's net OPEB liability, measured as of June 30, 2023 and 2022, was 12.43 percent 12.45 percent respectively.

For the year ended June 30, 2023 and 2022, the Electric Fund recognized OPEB expense (income) of (\$64,627) and \$1,085,099 respectively. At June 30, 2023 and 2022, the Electric Fund reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 758,198	\$ 1,981,335
Differences between expected and actual experience	-	3,527,665
Net difference between projected and actual earnings on plan investments	680,802	-
Total	<u>\$ 1,439,000</u>	<u>\$ 5,509,000</u>

	2022	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 1,076,880	\$ 2,335,804
Differences between expected and actual experience	-	4,679,196
Net difference between projected and actual earnings on plan investments	1,092,120	-
Total	<u>\$ 2,169,000</u>	<u>\$ 7,015,000</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as an reduction to pension expense for the year ending June 30, 2023 are as follows:

For the Year Ending June 30,	Deferred Outflows (Inflows) of Resources
2024	\$ (1,095,908)
2025	(838,773)
2026	(298,904)
2027	(823,322)
2028	(563,814)
Therafter	(449,279)
Total	<u>\$ (4,070,000)</u>

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 7: POSTEMPLOYMENT BENEFITS (CONTINUED)

The Electric Fund's proportion of the City's total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions:

	Miscellaneous	
Valuation Date	June 30, 2021	June 30, 2021
Measurement Date	June 30, 2023	June 30, 2022
Actuarial Cost Method	Entry-Age Normal Cost Method; Level % of pay	
Actuarial Assumptions:		
Discount Rate	5.75%	5.75%
Inflation	2.50%	2.50%
Payroll Growth	2.75%	2.75%
Projected Salary Increase	2.75%	2.75%
Investment Rate of Return	5.75%	5.75%
Healthcare cost trend rate	Non-medicare: 6.5% for 2023, decreasing to an ultimate rate of 3.75% in 2076. Medicare: 5.13% for 2020, decreasing to an ultimate rate of 3.75% in 2076.	
Mortality	CalPERS 1997-2015 Experience Study 11 Experience Study.	

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period of 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website.

In measurement year ended June 30, 2023 and 2022, the discount rate was 5.75 percent and 5.75 percent respectively.

The table below reflects long-term expected real rate of return by asset class for the year ended June 30, 2023. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

	2023	
Asset Class	Target	Expected Real Return
Equities	60%	4.65%
Fixed Income	40%	0.78%
Total	100%	

Assumed Long-Term Rate of Inflation is 2.50%

The table below reflects long-term expected real rate of return by asset class for the year ended June 30, 2022. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

	2022	
Asset Class	Target	Expected Real Return
Equities	60%	4.65%
Fixed Income	40%	0.78%
Total	100%	

Assumed Long-Term Rate of Inflation is 2.50%

NOTE 7: POSTEMPLOYMENT BENEFITS (CONTINUED)

A. Discount Rate

The discount rate used to measure the total pension liability was 5.75 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at rates equal to the actuarially determined rate. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

B. Sensitivity of the Electric Fund's proportionate share of the Plan's net OPEB Liability to changes in the discount rate

The following presents the Electric Fund's proportionate share of the net OPEB liability, calculated using the discount rate for the Plan, as well as what the Electric Fund's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	2023		
	1% decrease 4.75%	Current 5.75%	1% increase 6.75%
Electric Fund's net OPEB liability	\$ 13,633,457	\$ 9,778,000	\$ 6,652,820

	2022		
	1% decrease 4.75%	Current 5.75%	1% increase 6.75%
Electric Fund's net OPEB liability	\$ 14,195,270	\$ 10,427,000	\$ 7,369,706

C. Sensitivity of the Electric Fund's proportionate share of the Plan's net OPEB Liability to changes in the healthcare cost trend rate

The following presents the Electric Fund's proportionate share of the net OPEB liability, as well as what the Electric Fund's proportionate share of the net OPEB liability would be if it were calculated using a healthcare cost trend rates that are 1-percentage point lower or 1-percentage point higher than the current healthcare cost trend rate:

	2023		
	1% decrease (5.5% decreasing to 2.75%)	Current (6.5% decreasing to 3.75%)	1% increase (7.5% increasing to 4.75%)
Electric Fund's net OPEB liability	\$ 6,719,255	\$ 9,778,000	\$ 13,116,802

	2022		
	1% decrease (5.5% decreasing to 2.75%)	Current (6.5% decreasing to 3.75%)	1% increase (7.5% increasing to 4.75%)
Electric Fund's net OPEB liability	\$ 7,616,687	\$ 10,427,000	\$ 13,481,417

OPEB Plan Fiduciary Net Position – Detailed information about the City's collective net OPEB liability is available in the City's separately issued Annual Comprehensive Financial Report. The City's Annual Comprehensive Financial Report may be obtained at www.roseville.ca.us.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 8: NORTHERN CALIFORNIA POWER AGENCY (NCPA)

A. General

The City participates in joint ventures through Joint Powers Authorities (JPAs) established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, these JPAs exercise full powers and authorities within the scope of the related Joint Powers Agreement, including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Obligations and liabilities of the JPAs are not those of the City.

Each JPA is governed by a board consisting of representatives from each member agency. Each board controls the operations of its respective JPA, including selection of management and approval of operating budgets, independent of any influence by member agencies beyond their representation on the Board.

The City is a member of NCPA, a joint powers agency which operates under a joint powers agreement among fifteen public agencies. The purpose of NCPA is to use the combined strength of its members to purchase, generate, sell and interchange electric energy and capacity through the acquisition and use of electrical generation and transmission facilities, and to optimize the use of those facilities and the member's position in the industry. Each agency member has agreed to fund a pro rata share of certain assessments by NCPA and certain members have entered into take-or-pay power supply contracts with NCPA. While NCPA is governed by its members, none of its obligations are those of its members unless expressly assumed by them.

The City receives no income from NCPA, and does not participate in all of its projects. Further, NCPA does not measure or determine the City's equity in NCPA as a whole. NCPA reports only the City's share of its General Operating Reserve, comprised of cash and investments, and the City's share of those Projects in which the City is a participant. These amounts are reflected in the financial statements as Investment in NCPA Reserve.

In the fiscal year ending June 30, 2023, the City generated revenues totaling \$7,470,295 from resource contracts and the sale of energy produced by NCPA. In contrast, for the fiscal year ending June 30, 2022, the City incurred expenses totaling \$3,338,354 for purchased power, regulatory and legislative assessments, and prepaid assets paid to NCPA.

The City's interest in certain NCPA Projects and Reserve, as computed by NCPA using unaudited information, is set forth below.

	June 30, 2023	June 30, 2022
General Operation Reserve (including advances)	\$ 4,461,627	\$ 4,017,291
Associated Member Services (including advances)	92,212	83,731
Undivided equity interest, at cost, in certain NCPA Power Projects:		
Geothermal Projects	762,969	1,254,280
Calaveras Hydroelectric Project	490,689	375,254
Combustion Turbine Project No. 2	312,741	306,572
	<u>\$ 6,120,238</u>	<u>\$ 6,037,128</u>

The General Operating Reserve (GOR) is an additional operating reserve for non-budgeted items that are contingent or non-specific. Deposits to the GOR include items such as the City's portion of funds which resulted from the settlement with third parties of issues with financial consequences and reconciliations of prior years' budgets for programs. It is recognized that all the funds credited to the City are linked to the collection of revenue from the City's ratepayers, or to the settlement of disputes relating to electric power supply and that the money was collected from the City's ratepayers to pay power bills. Additionally, the NCPA Commission identified and approved the funding of specific reserves for working capital, accumulated employees post - retirement medical benefits, and billed property taxes for the geothermal project. The Commission also identified a number of contingent liabilities that may or may not be realized, the cost of which in most cases is difficult to estimate at this time. One such contingent liability is the steam field depletion which will require funding to cover debt service and operational costs in excess of the expected value of the electric power. The General Operating Reserve is intended to minimize the number and amount of

NOTE 8: NORTHERN CALIFORNIA POWER AGENCY (NCPA) (CONTINUED)

individual reserves needed for each project, protect NCPA's financial condition and maintain its credit worthiness. These funds are available on demand, but the City maintains funds with NCPA as a reserve against these contingencies identified by NCPA.

Members of NCPA may participate in an individual project of NCPA without obligation for any other project. Member assessments collected for one project may not be used to finance other projects of NCPA without the member's permission.

B. Projects

1. *Geothermal Projects*

NCPA's Geothermal Project has experienced a greater than originally anticipated decline in steam production from geothermal wells on its leasehold property. NCPA will continue to monitor the wells while pursuing alternatives for improving and extending reservoir performance, including supplemental water reinjection, plant equipment modifications, and changes in operating methodology. NCPA, along with other steam field operators, has observed a substantial increase in steam production in the vicinity of reinjection wells and is attempting to increase water reinjection at strategic locations. NCPA, together with other steam developers and the Lake County Sanitation District, has completed the construction of a wastewater pipeline project that greatly increased the amount of water available for reinjection.

Based on an internal assessment of the melded costs of power from the Geothermal Project and all other resources available to the members, NCPA believes its members will continue to be able to operate their electric utilities on a competitive basis, when compared to local investor-owned utility rates, while meeting all electric system obligations including those to NCPA. In March 2009, NCPA issued \$35,610,000 Geothermal Project Number 3 Revenue Bonds (2009 Series A). The proceeds were used to finance and operate the two NCPA 110 MW geothermal steam powered generating plants, Plant Number 1 and Plant Number 2. In 2012, NCPA issued \$12,910,000 Geothermal Project Number 3 Revenue Bonds to facilitate turbine upgrades (2012 Series A) for Plant Number 1. In 2016, NCPA refinanced a portion of the outstanding Geothermal Project Number 3 Revenue Bonds by the issuance of the \$17,530,000 Fixed Rate Geothermal Project Number 3 Revenue Bonds (2016 Refunding Series A). The City is obligated to pay its contractual share of 7.883 percent of the operating costs and debt service until it is fully satisfied, regardless of resulting cost or availability of energy. At June 30, 2023, the book value of this Project's plant, equipment and other assets was \$131,814,266 while its long-term debt totaled \$6,785,000 and other liabilities totaled \$115,356,060. The City's share of the Project's long-term debt amounted to \$534,862 at that date. At June 30, 2022, the book value of this Project's plant, equipment and other assets was \$142,174,192 while its long-term debt totaled \$10,815,000 and other liabilities totaled \$115,453,351. The City's share of the Project's long-term debt amounted to \$852,546 at that date.

2. *Calaveras Hydroelectric Project*

In July 1981, NCPA agreed with Calaveras County Water District to purchase the output of the North Fork Stanislaus River Hydroelectric Development Project and to finance its construction. Debt service payments to NCPA began in February 1990 when the project was declared substantially complete and power was delivered to the participants. Under its power purchase agreement with NCPA, the City is obligated to pay 12 percent of this Project's debt service and operating costs. In March 2018, NCPA refunded a portion of the outstanding Revenue Bonds with the \$70,215,000 2018 Hydroelectric Project Number One Revenue Bonds. The City's share of the 2018 bonds is 4.586 percent. In April 2019, NCPA refunded a portion of the outstanding Revenue Bonds with the \$39,250,000 2019 Hydroelectric Project Number One Revenue Bonds. In April 2022, NCPA refunded a portion of the outstanding Revenue Bonds with the \$132,310,000 2022 Hydroelectric Project Number One Revenue Bonds. At June 30, 2023, the book value of this Project's plant, equipment and other assets was \$250,743,387, while its long-term debt totaled \$203,500,748, and other liabilities totaled \$43,153,564. The City's share of the Project's long-term debt amounted to \$21,502,287 at that date. At June 30, 2022, the book value of this Project's plant, equipment and other assets was \$266,160,000, while its long-term debt totaled \$228,492,698, and other liabilities totaled \$34,540,185. The City's share of the Project's long-term debt amounted to \$23,561,355 at that date.

NOTE 8: NORTHERN CALIFORNIA POWER AGENCY (NCPA) (CONTINUED)

3. Combustion Turbine Project No. 2 (Steam Injected Gas Turbine Project)

The City is a participant in a 49.8 megawatt Steam Injected Gas Turbine project which was built under turnkey contract near the City of Lodi and declared substantially complete on April 23, 1996. In October 1992, NCPA issued \$152,320,000 of Multiple Capital Facilities Revenue Bonds to finance this project. In January 2010, NCPA refinanced the outstanding Capital Facilities Revenue Bonds by the issuance of the \$55,120,000 Capital Facilities Revenue Bonds Series A (2010 Refunding Series A). Under the NCPA power purchase agreement, the City is obligated to pay 36.50 percent of the debt service and operating costs for the Lodi unit.

The City's participation in procurement of natural gas for fuel for existing and new combustion turbine units was approved in 1993. Although there is currently no additional debt financing, the City and NCPA have committed to long-term payments for gas transmission pipeline capacity, and entered a purchase contract for natural gas. The City is obligated to pay 17.9218 percent of the natural gas purchase contract.

At June 30, 2023, the book value of this Project's plant, equipment and other assets was \$14,075,998, while its long-term debt totaled \$9,909,721 and other liabilities totaled \$3,317,441. The City's share of the Project's long-term debt amounted to \$3,614,131 at that date. At June 30, 2022, the book value of this Project's plant, equipment and other assets was \$18,183,000, while its long-term debt totaled \$14,702,877 and other liabilities totaled \$2,640,200. The City's share of the Project's long-term debt amounted to \$5,366,550 at that date.

C. NCPA Financial Information

NCPA's financial statements can be obtained from NCPA, 651 Commerce Drive, Roseville, California 95678.

NOTE 9: RISK MANAGEMENT

The Electric Fund, as a Fund of the City, is included in the City's risk management program. The City manages risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters by participating in the public entity risk pools described below and by retaining certain risks.

Public entity risk pools are formally organized and separate entities established under the Joint Exercise of Powers Act of the State of California. As separate legal entities, those entities exercise full powers and authorities within the scope of the related Joint Powers Agreements including the preparation of annual budgets, accountability for all funds, the power to make and execute contracts and the right to sue and be sued. Each risk pool is governed by a board consisting of representatives from member agencies. Each board controls the operations of the respective risk pool, including selection of management and approval of operating budgets, independent of any influence by member agencies beyond their representation on that board. Obligations and liabilities of these risk pools are not the City's responsibility.

The contributions made to the risk pools below equal the ratio of the respective member payrolls to the total payrolls of all entities participating in the same layer of each program, in each program year. Actual surpluses or losses are shared according to a formula developed from overall loss costs and spread to member entities on a percentage basis after a retrospective rating.

A. Risk Coverage

General Liability, Property and Boiler and Machinery

The City is a member of the California Joint Powers Risk Management Authority (CJPRMA) which covers general liability claims, property, and boiler and machinery losses. Once the City's self-insured retention (SIR) is met, CJPRMA becomes responsible for payment of all claims up to the limit. Financial statements for the risk pool and more information may be obtained from CJPRMA, 3201 Doolan Road, Suite 285, Livermore, California 94551.

NOTE 9: RISK MANAGEMENT (CONTINUED)

General Liability Coverage

The City has a self-insured retention (SIR) of \$1,000,000 per claim up to a \$40,000,000 limit.

Property Coverage

CJPRMA has purchased commercial insurance against property damage, boiler machinery claims. The City has a SIR of \$25,000 per claim up to a \$400,000,000 limit.

Roseville Energy Park Property Coverage

The City purchased commercial property insurance specifically to cover the Roseville Energy Park. The City has a SIR of \$250,000 per claim up to a \$200,000,000 limit.

Fiduciary Coverage

The City purchased fiduciary insurance specifically to cover the OPEB Trust. The SIR is \$25,000 per claim up to a \$3,000,000 limit.

Workers' Compensation

The City is also a member of the Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX), which covers workers' compensation claims up to \$5,000,000 and has excess coverage through CSAC-EIA up to the statutory limit. The City has a SIR of \$500,000 per claim.

Financial statements for the risk pool and more information may be obtained from LAWCX, 1750 Creekside Oaks Drive, Suite 200, Sacramento, California 95833.

Claims have not exceeded coverage at any time in the last three years.

NOTE 10: CONTINGENT LIABILITIES

A. NCPA, Transmission Agency of Northern California and Western Area Power Administration

Under the terms of its NCPA joint venture agreement, the City is contingently liable for a portion of the bonded indebtedness issued by these agencies under take-or-pay or similar agreements, as discussed in Note 8. The City's estimated share of such debt outstanding at June 30, 2023 and 2022, was \$25,651,279 and \$29,780,451, respectively. Under certain circumstances, the City may also be responsible for a portion of the costs of operating these entities. Under certain circumstances, such as default or bankruptcy of other participants, the City may also be liable to pay a portion of the debt of these joint ventures on behalf of the other participants.

The City is a member of the Transmission Agency of Northern California (TANC), a joint powers agency. The City is entitled to 2.1119 percent of TANC's share of transfer capability in the California-Oregon Transmission Project (approximately 29.35MW). The City is responsible for a share of debt service on debt issued by TANC under a take-or-pay agreement, approximately \$350,000 annually through 2039. The City's estimated share of debt outstanding at June 30, 2023 and 2022 was \$3,776,850 and \$3,829,338 respectively.

In addition, the City has a long-term obligation to the United States Department of Energy, Western Area Power Administration, for 4.85333 percent of the output of the Central Valley Project, California. This contract, also known as the Western Base Resource, obligates the City to make payments on a "take-or-pay" basis through December 31, 2024. The City expects to pay approximately \$3.25 million annually for the term of this contract. The City receives approximately 155,000 MWh of energy per year under average hydro and storage conditions.

NOTE 10: CONTINGENT LIABILITIES (CONTINUED)

B. Federal and State Grant Programs

The City participates in Federal and State grant programs. These programs have been audited by the City's independent accountants in accordance with the provisions of the federal Single Audit Act as amended and applicable State requirements. No cost disallowances were proposed as a result of these audits; however, these programs are still subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

C. Litigation

The City is subject to litigation arising in the normal course of business. In the opinion of the City Attorney there is no pending litigation, other than disclosed above, which is likely to have a material adverse effect on the financial position of the City.

D. Other Commitments

The Electric Fund had the following outstanding significant commitments at June 30, 2023 and 2022:

	2023	2022
Projects	Amount (in millions)	Amount (in millions)
Roseville Energy Park long-term service agreement	\$ 29.0	\$ 32.5
Net power purchase contracts	6.8	4.2
Natural Gas Forward Obligations	49.3	69.7
Renewable power purchase obligations	15.1	25.8
Advanced Metering Infrastructure	4.0	7.2

NOTE 11: DERIVATIVE INSTRUMENTS

A. Summary of Notional Amounts and Fair Values

The City enters into contracts to hedge its price exposures to power and natural gas, and to procure energy supplies. These contracts are evaluated pursuant to GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, to determine whether they meet the definition of derivative instruments, and, if so, whether they effectively hedge the expected cash flows associated with interest rate and energy exposures.

The City applies hedge accounting for derivatives that are deemed effective hedges. Under hedge accounting, the increase (decrease) in the fair value of a hedge is reported as a deferred inflow or outflow of resources on the statement of net position. For the reporting period, all of the City's derivatives are considered effective hedges.

For energy derivatives, fair values are estimated by comparing contract prices to forward market prices quoted by third party market participants or provided in relevant industry publications.

The following is a summary of the fair value and notional amounts of the derivative instrument outstanding as of June 30, 2022. This derivative instrument was terminated in April 2023 with the pay off of the 2012 Electric System Revenue Refunding Certificates of Participation as described in Note 5.

CITY OF ROSEVILLE ELECTRIC ENTERPRISE FUND
Notes to the Financial Statements
Years Ended June 30, 2023 and 2022

NOTE 11: DERIVATIVE INSTRUMENTS (CONTINUED)

2022	Change in Fair Value		Fair Value		Notional	Level
	Classification	Amount	Classification	Amount		
Effective Cash Flow Hedges						
Pay Fixed SWAP, Natural Gas	Deferred Outflow	\$ 6,028,918	Derivative	\$ (4,190,270)	342,000 MWh	2
				<u>\$ (4,190,270)</u>		

B. Objective and Terms of Hedging Derivative Instruments

The objectives and terms of the City's hedging derivative instruments that were outstanding at June 30, 2023 and 2022, are summarized in the next table. The table is aggregated by the credit ratings of the City's counterparties. For counterparties having multiple ratings, the rating indicating the greatest degree of risk is used.

Objectives and terms of the City's hedging derivative instruments that were outstanding at June 30, 2023 are summarized in the table below:

Type and Objective	June 30, 2023					
	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty	Counterparty Rating
Forward Contracts, Gas:						
Hedge Cash Flows on PG&E Citygate Gas	3,885,000 mmBtu	10/1/2023	12/31/2025	Pay \$5.33; Receive NGI PG&E citygate price	BP Energy	A3
Hedge Cash Flows on PG&E Citygate Gas	1,225,000 mmBtu	8/1/2023	9/30/2025	Pay \$5.51; Receive NGI PG&E citygate price	Citigroup	A2
Hedge Cash Flows on PG&E Citygate Gas	1,060,000 mmBtu	8/1/2023	6/30/2025	Pay \$4.77; Receive NGI PG&E citygate price	EDF Trading North America	Baa3
Hedge Cash Flows on PG&E Citygate Gas	230,000 mmBtu	10/1/2023	12/31/2025	Pay \$3.47; Receive NGI PG&E citygate price	J Aron & Company	A2
Hedge Cash Flows on PG&E Citygate Gas	4,772,500 mmBtu	8/1/2023	3/31/2026	Pay \$4.81; Receive NGI PG&E citygate price	Macquarie Engery	A2
Hedge Cash Flows on PG&E Citygate Gas	955,300 mmBtu	10/1/2023	12/31/2024	Pay \$5.61; Receive NGI PG&E citygate price	Shell Trading Risk Management	A2
Forward Contracts, Power:						
Hedge Cash Flows on NP15 Power	39,400 MWh	7/1/2023	9/30/2024	Average Cost/Unit at \$109.17	Citigroup Engergy	A2
Hedge Cash Flows on NP15 Power	92,000 MWh	7/1/2023	6/30/2024	Average Cost/Unit at \$78.98	EDF Trasing North America	Baa3

Hedge Cash Flows on NP15 Power	54,600 MWh	4/1/2023	6/30/2023	Average Cost/Unit at \$27.00	Constellation Energy Generation	Baa2
Hedge Cash Flows on NP15 Power	30,800 MWh	7/1/2022	9/30/2022	Average Cost/Unit at \$39.00	J Aron & Company	A2
Hedge Cash Flows on NP15 Power	61,600 MWh	7/1/2022	12/31/2022	Average Cost/Unit at \$0.68	Macquarie Energy	A2

C. Risks of Derivative Instruments

Credit risk – Credit risk is the risk of loss due to a counterparty defaulting on its obligations. The City seeks to minimize credit risk by transacting with creditworthy counterparties. Interest rate swap counterparties are evaluated at the time of transaction execution. The procedure prohibits the City from executing energy hedge transactions with counterparties rated lower than BBB by Standard & Poor's or Fitch rating services, or Baa2 by Moody's. Subsequent to entering into transactions, the credit ratings of one or more counterparties may deteriorate. If so, the City's credit risk management policies increase the amount of collateral that the counterparty must post with the City when the counterparty owes the City, thereby reducing credit risk associated with the decline in the counterparty's credit worthiness.

Termination risk – Termination risk is the risk that a derivative will terminate prior to its scheduled maturity due to a contractual event. Contractual events include bankruptcy, illegality, default, and mergers in which the successor entity does not meet credit criteria. One aspect of termination risk is that the City would lose the hedging benefit of a derivative that becomes subject to a termination event. Another aspect of termination risk is that, if at the time of termination, the mark-to-market value of the derivative was a liability to the City, the City could be required to pay that amount to the counterparty. Termination risk is associated with all of the City's derivatives up to the fair value amounts.

May 20, 2024

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

We have audited the financial statements of the Electric Fund (the "Fund") an enterprise fund of the City of Roseville, California (the "City") for the year ended June 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 20, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Fund are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the Fund changed accounting policies related to subscription-based information technology arrangements by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 96, in fiscal year 2022-2023. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in the statement of net position. We noted no transactions entered into by the Fund during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Fund's financial statements were:

Management's estimates of the net pension liability and net other postemployment benefits liability based on actuarial valuation estimates. We evaluated the methods, assumptions, and data used to develop the actuarial valuation estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We are pleased to report that no such misstatements were identified during the course of our audit.

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 20, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Fund's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Fund's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis and the required pension and other postemployment benefits schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Future GASB Pronouncements

The following Government Accounting Standards Board (GASB) pronouncements will be effective for the following fiscal years' audits and should be reviewed for proper implementation by management:

Fiscal Year 2023-2024

GASB Statement No. 99, *Omnibus 2022*.

Fiscal Year 2024-2025

GASB Statement No. 101, *Compensated Absences*.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Electric Fund (the "Fund") and enterprise fund of the City of Roseville, California (the "City"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated May 20, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over the Fund's financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Honorable Mayor and Members of the City Council
Electric Department
City of Roseville, California

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

COUNCIL COMMUNICATION

CC #: 3345

File #: 0400-07 & 0400-04-04-02

Title: Roseville Conference Center Hotels - Parcel Map
Contact: Edward Winston 916-774-5432 ewinston@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.36.

RECOMMENDATION TO COUNCIL

It is recommended that the City Council approve the parcel map on file with the City Clerk and accept, on behalf of the public, the public easements offered thereon for dedication.

BACKGROUND

The Development Services - Engineering Division has reviewed the subject parcel map and found that it is in compliance with the Subdivision Map Act and the City's Subdivision Ordinance and all conditions of the tentative map have been met.

This map will be creating 3 lots for future commercial development.

FISCAL IMPACT

There is no fiscal impact to the City's General Fund associated with this approval.

ENVIRONMENTAL REVIEW

Council approval of the Roseville Conference Center Hotels Parcel Map project is an action that is subject to CEQA. Project level CEQA compliance for the Roseville Conference Center Hotels Parcel Map project was accomplished with preparation of the NCRSP PCL 40 – Hampton Inn and Element Hotel Initial Study/Mitigated Negative Declaration (IS/MND) (Adopted: July 20, 2023) (SCH: 2023060589). Because the Roseville Conference Center Hotels Parcel Map project is consistent with the project evaluated in the NCRSP PCL 40 – Hampton Inn and Element Hotel IS/MND, no new effects would be expected to occur and all applicable mitigation measures from the NCRSP PCL 40 – Hampton Inn and Element Hotel IS/MND will be implemented. As such, no additional CEQA action is required at this time.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Edward Winston, Associate Engineer

File #: 0800-03

Title: 2024 Electric Utility Wildfire Mitigation Plan
Contact: Tom Pontes 916-774-5550 tpontes@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.37.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve the 2024 Electric Utility Wildfire Mitigation Plan and related Independent Evaluator's Report.

BACKGROUND

The purpose of the Electric Utility Wildfire Mitigation Plan (Plan) is to ensure the safety of the public and City employees with regard to utility operations, and meet the requirements of Senate Bill 901 and related regulatory requirements.

The Plan describes the range of activities the utility is taking to mitigate the threat of wildfires ignited by power lines and other electric equipment. The Plan is subject to review by the City Council and is implemented by the Electric Department Director and his/her designees. The Plan complies with the requirements of the Public Utilities Code section 8387 for publicly-owned electric utilities to prepare a wildfire mitigation plan by January 1, 2020, and annually thereafter. Roseville Electric Utility contracted with Dudek to independently evaluate the 2024 Wildfire Mitigation Plan. The independent evaluation report describes the technical review and evaluation of the Wildfire Mitigation Plan prepared by Roseville Electric Utility.

The City of Roseville is located in a region of the state with a very low wildfire risk. No part of the City's electric service territory is located in or near the High Fire Threat District (HFTD) designed in the California Public Utilities Commission's (CPUC) Fire-Threat Map. All of the City's electric service territory is designated as "non-fuel" or "moderate" in the California Department of Forestry and Fire Protection's (CAL FIRE) Fire and Resource Assessment Plan (FRAP) Fire Threat Map.

FISCAL IMPACT

There is no cost associated with the approval of the Plan.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Acceptance of the Electric Utility Wildfire Mitigation Plan meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Goal E - Deliver exceptional city services

INTENTIONALLY LEFT BLANK

1 Introduction

The Roseville Electric Utility (REU) contracted with Dudek to independently evaluate its 2024 Wildfire Mitigation Plan (WMP). This independent evaluation report (Report) describes the technical review and evaluation of the WMP prepared by the REU. The WMP requirements are codified in the California Public Utilities Code (PUC) §8387(b)(2) for publicly owned electric utilities (POUs). PUC §8387(c) requires that an independent evaluator review and assess the comprehensiveness of a POU's WMP and issue a summary report.

Dudek reviewed REU's 2023 WMP from February 5, 2024, to March 25, 2024. The evaluation's focus was to assess the comprehensiveness of REU's WMP and ensure that it included all elements required under PUC §8387(b)(2) (listed in Attachment A). In addition, Dudek evaluated the effectiveness of the strategies listed in REU's WMP in reducing the risk that its electrical equipment or facilities ignited a wildfire.

This Independent Evaluator's report contains the following elements: 1.) An overview of the REU's service territory and wildfire environment, 2.) A review of the statutory requirements in PUC §8387(b)(2) for publicly owned electric utilities, and 3.) An evaluation of the wildfire risks and risk drivers presented in the report and the prevention strategies the utility implements to mitigate these risks and risk drivers.

2 An Overview of the Roseville Electric Utility

The Roseville Electric Utility Department's service territory covers approximately 43 square miles and is within the city limits of Roseville. The City of Roseville is located on the east side of the Central Valley, and the terrain is generally level. There is no steep or hilly terrain within REU's service territory, and the only topographical features of note are the drainages of Miners Ravine and Linda Creek that run west to east across the central portion of the service territory. No portion of the REU's service territory is in a CPUC High Fire Threat District (HFTD). Most of the REU's service territory comprises developed urban and suburban areas (90%) that lack continuous flammable vegetation. Open space areas with sufficient vegetation to sustain a wildfire are limited to the %10 of the City land area designated as open space (City of Roseville 2025). Open space areas are mainly found as discontinuous strips along drainages such as Miners Creek Ravine and Linda Creek.

Roseville Electric Utility service territory contains approximately 978 circuit miles, and 85% (834 circuit miles) are underground). Furthermore, 15% is overhead (144 circuit miles). Additional assets include two 230kV substations and two generator plants (Roseville, 2024). Roseville Electric Utility is a member of the Balancing Authority of Northern California (BANC). BANC is responsible for matching generation to load and coordinating system operations with neighboring balancing authorities. BANC contracts with the Western Area Power Administration (WAPA) for bulk electricity and supplies REU with electrical power purchased through BANC and transmitted to BANC transmission lines that enter the city at the two REU 230 kV substations. REU operates two permanent generation sites. The first is the Roseville Energy Park, located near the city's northwest corner and surrounded by open space. The second is the Roseville Power Plant #2, located just north of the Roseville city limits and is surrounded by open space and agricultural lands.

The Roseville Electric Utility's service territory experiences the typical fire season for the Central Valley. Weather conditions conducive to the rapid spread of a wildfire on average begin in April; however, vegetation typically is not dry enough to ignite readily until May. Conditions conducive to wildfire spread continue from May until October, with August through October having the driest conditions. The Sacramento Valley experiences an atmospheric circulation pattern in the summer known as the "northers" that can occur throughout the year. However, it has a pronounced effect on wildfire risk during the fire season. A "northers" event is typically accompanied by hot weather with very low relative humidities and strong winds out of the north (WRCC 2024). CAL FIRE fire perimeter maps show that fires in the grasslands west and north of the city typically occur from June to August (FRAP 2024).

3 Statutory Requirements for Wildfire Mitigation Plans

3.1 Statutory Requirement Overview

PUC §8387(b)(2) lists the statutory requirements for WMPs. These are the specific elements that the independent evaluator must review to make its determination for this report. The specific elements that must be addressed in REU's WMP are included in Table A (see Attachment A) and are summarized here for reference.

- Staff Responsibilities
- General Objectives
- Wildfire risk reduction program descriptions.
- The metrics used to evaluate the wildfire mitigation plan's performance.
- How has applying previously identified metrics informed the wildfire mitigation plan?
- Protocols for reclosers, de-energization, and Public Safety Power Shut-off (PSPS)
- Procedures for community notification and outreach.
- Vegetation Management Plans
- Electrical Equipment and Infrastructure Inspection Plans.
- A description of wildfire risks and drivers for those risks throughout the service territory, including design, construction, operation, and maintenance of equipment and facilities, as well as topographic and climatological risk factors.
- Identify any geographic area in the service territory with a higher wildfire threat than identified in a commission fire threat map.
- Identification of enterprise-wide safety risk and wildfire-related risks.
- How the service will be restored after a wildfire.
- The processes and procedures used to monitor and audit the implementation of the wildfire mitigation plan, identify any deficiencies, and the effectiveness of electrical line and equipment inspections.

3.2 Detailed Review of Statutory Requirements

A. Minimizing Wildfire Risks

PUC §8387(a) requires the following: “Each local publicly owned electric utility and electrical cooperative shall construct, maintain, and operate its electrical lines and equipment in a manner that will minimize the risk of wildfire posed by those electrical lines and equipment.”

The REU’s WMP comprehensively describes the safety-related measures that the REU follows to reduce the risk of its equipment causing a wildfire. The WMP describes a utility located in an area with a low risk of wildfire and implements appropriate wildfire prevention strategies to address the fire risk factors present within its service territory. Dudek has determined that REU complies with 8387(a) through the design of its system, its operational procedures, and the implementation of wildfire risk reduction and response strategies.

B. Evaluation of WMP Elements

Dudek found that REU’s WMP meets the statutory requirements of comprehensiveness per PUC §8387. The review of the WMP’s elements is summarized relative to its application. The table in Attachment A lists each required element for REU’s WMP and provides Dudek’s initial assessment of the comprehensiveness of that element within the WMP that was reported to the REU in our first review in February and our final assessment.

Below is a summary of the WMP elements as required by PUC §8387, including restating sections of the WMP where applicable.

8387(b)(2)(A): Responsibilities of Persons Responsible for Executing the Plan.

Complete. Chapter 5, Roles and Responsibilities, Governance Structure, and Chapter 7, Wildfire Mitigation, provide detailed information.

8387(b)(2)(B): Objectives of the Wildfire Mitigation Plan

Complete. Information can be found in Plan Objectives

8387(b)(2)(C): Prevention Strategies and Programs

Complete. Information can be found in Chapter 7. Wildfire Mitigation

8387(b)(2)(D): Metrics and Assumptions for Measuring WMP Performance

Complete. Chapter 9. Plan Evaluation Metrics for measuring plan performance. REU uses two outcome-based metrics.

8387(b)(2)(E): Impact of Previous Metrics on WMP

Complete. Chapter 9. Plan Evaluation Metrics for measuring plan performance. Includes the data collected by the utility since 2020 for both metrics.

8387(b)(2)(F): Reclosing Protocols

Complete. Information can be found in Chapter 7. Wildfire Mitigation Reclosing Policy, Power Safety Power Shutoff, and De-energization

8387(b)(2)(G): De-energization Notification Procedures

Complete. Information can be found in Chapter 5, Emergency Communications – Public Awareness During and Post Incident.

8387(b)(2)(H): Vegetation Management

Complete. Information can be found in Chapter 7. Wildfire Mitigation Vegetation Management. Chapter 7 describes the different types of vegetation management the REU performs, how it prioritizes vegetation management work, and how the work is internally reviewed.

8387(b)(2)(I): Inspections

Complete. Information can be found in Chapter 7. Wildfire Mitigation Inspections.

8387(b)(2)(J)(i): Risks and Risk Drivers Associated with Design and Construction Standards

Complete. Very detailed information can be found in Chapter 6. Wildfire Risk and Drivers, REU Electric System Risks

8387(b)(2)(J)(ii): Risks and Risk Drivers Associated with Topographic and Climatological Risk Factors

Complete. Very detailed information can be found in Chapter 6. Wildfire Risk and Drivers, Topographic and Climatological Risk Factors

8387(b)(2)(K): Geographical Area of Higher Wildfire Threat

Complete. Information can be found in Chapter 6. Wildfire Mitigation High Fire Threat District.

8387(b)(2)(L): Enterprise-wide Safety Risks

Complete. Information can be found in Chapter 6. Wildfire Risk and Drivers, Enterprise-Wide Safety Risks. This section describes the risk analysis process and the REU's ranking system.

8387(b)(2)(M): Restoration of Service

Complete. Information can be found in Chapter 8. Restoration of Service. Electric Outage Restoration Procedure. Chapter 8 also includes a notification procedure for electric dispatch.

8387(b)(2)(N)(i): Monitoring and Auditing WMP Implementation, 8387(b)(2)(N)(ii): Identifying and correcting WMP deficiencies, 8387(b)(2)(N)(iii): Monitoring and Auditing the effectiveness of inspections.

Complete. Information can be found in Chapter 9. Plan Evaluation with REU metrics.

4 Wildfire Mitigation Plan

Comprehensiveness: Wildfire Risks vs. Wildfire Prevention Strategies

Dudek’s review of the Roseville Electric Utility Department’s WMP determined that the utility has identified the wildfire risk factors in its service territory and has a wildfire prevention strategy to reduce the likelihood of each wildfire risk factor. As noted in the WMP, the REU utilizes the specific requirements in the GO rules (GO 95, GO 128, and GO 165) (CPUC 2024), the CAL FIRE’s utility wildfire mitigation program (CAL FIRE, 2021), and guidance documents published by the California Municipal Utilities Association (CMUA) as the basis for their wildfire prevention strategies. Table 1 below describes the wildfire risk factors presented in the WMP and the wildfire prevention strategies the utility implements to mitigate that risk.

The risk factors in Table 1 are based on the categories listed in the ‘Suspected Initiating Event’ column in the CPUC’s fire ignition data tables (CPUC 2024)

Table 1 Roseville Electric Utility Department Wildfire Risk Factors and the Wildfire Prevention Strategies

Wildfire Risk Factor	Utility Wildfire Prevention Strategy	Applicable Government or Industry Standard
Equipment/Facility Failure	Utilizing Expulsion-proof fuses and fault-tamer equipment in WRZ, Design and Construction Standards, Distribution Inspection and Maintenance Program	GO 95, GO 128, G) 165, CAL FIRE Utility Wildfire Mitigation Program
Contact from Object		
Vegetation	Vegetation Management, 10-foot clearance standard for OH equipment at the time of trim, pole clearance in open space areas, Work Review	GO 95, GO 165, PRC 4292, PRC 4293
Animals	Distribution Inspection and Maintenance Program	GO 95, GO 128, GO 165
Foreign Object	Distribution Inspection and Maintenance Program	GO 95, GO 128, GO 165
Vehicle	Distribution Inspection and Maintenance Program	GO 95, GO 128, GO 165
Other/Unknown	Distribution Inspection and Maintenance Program	GO 95, GO 128, GO 165
Vandalism/Theft	Distribution Inspection and Maintenance Program, Public Education and Notification	GO 165

Wildfire Risk Factor	Utility Wildfire Prevention Strategy	Applicable Government or Industry Standard
Other/Unknown	Distribution Inspection and Maintenance Program, Capital Improvements, Public Education, and Notification	GO 95, GO 128, GO 165, PUC 316
Wire to Wire Contact	Undergrounding policy, Distribution Inspection and Maintenance Program	GO 95, CAL FIRE Utility Wildfire Mitigation Program
Contact Between Third Party Facility on Pole and Supply Lines	Distribution Inspection and Maintenance Program	GO 95, GO 165
Normal Operation	Red Flag Warning Recloser Policy, Situation Awareness, System Hardening, Use of Non-Expulsive Fuses, Operation Procedures, Capital Improvements	GO 95, CAL FIRE Utility Wildfire Mitigation Program

5 Conclusion

The Roseville Electric Utility has prepared a comprehensive Wildfire Mitigation Plan for 2023. The plan does meet the statutory requirements described in PUC 8387 (b)(2) for a publicly owned utility. Roseville Electric Utility has also considered the recommendations of the Wildfire Safety Advisory Board and revised its WMP appropriately. The Roseville Electric Utility WMP describes a wildfire mitigation program that accurately assesses the risks and risk drivers in their service territory. It also implements preventative strategies focusing on vegetation management and equipment inspections on its overhead assets and undergrounding new lines. These strategies effectively reduce the wildfire risk of these risks and risk drivers.

Based on the wildfire prevention programs described in the WMP and the REU's progress in its wildfire prevention programs, the Roseville Electric Utility takes the risk of wildfire in its service territory seriously. It is actively working to reduce the risk that its equipment starts or aids in the spread of a wildfire.

COUNCIL COMMUNICATION

CC #: 3377

File #: 0704

Title: Youth Development Program Funding Policy and Budget Adjustment

Contact: Jeff Nereson 916-774-5974 jnereson@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 7.1.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve the Youth Development Program Funding Policy, allowing for support to the Youth Development Fund from the General Fund for expenses including losses incurred by subsidized programs, all Adventure Club building-related expenses, and certain indirect costs and internal service fund charges, as needed.

Staff also recommends that the City Council adopt an ordinance to approve a budget adjustment to appropriate \$809,000 of General Fund resources, from the FY2023-23 year-end budget surplus, needed to appropriately maintain the City-owned 21 Adventure Club buildings.

BACKGROUND

Roseville Parks, Recreation & Libraries (PRL) has operated Adventure Club programs, located on elementary school campuses, since 1987. PRL currently operates 21 Adventure Club programs in the Roseville City School District (17), Dry Creek Joint Union School District (3), and Center Joint Union School District (1).

More than 1,400 children participate in Adventure Club after school programs and preschool programs at these sites each day. COVID had a significant effect on Adventure Club enrollments from which the program has not fully recovered but improves each year. Enrollment numbers have been impacted by a variety of circumstances such as parents working from home and a second provider being enlisted to provide California Department of Education mandated Expanded Learning Opportunities Programs on campus (which directly compete with City Adventure Club programs). Additionally, there continues to be staff recruitment challenges that limit enrollment due to student-teacher ratio requirements.

PRL offers After School Education and Safety (ASES) programs in partnership with the Roseville City School District, and California Department of Social Services (CDSS) subsidized programs, both of which provide a valuable service to lower income families. These programs typically operate at a loss, further impacting the financial condition of the Youth Development Fund.

Eighty percent of the City's Adventure Club buildings have been in place for 20 or more years. All

of these facilities are in need of much needed rehab including, but not limited to, new roofs, new HVAC systems, new floors, exterior paint, new siding, ADA ramp repairs, etc. Staff have developed a 10-year facility rehabilitation plan, with the first year including rehabilitation or replacement of exterior paint and siding, interior counters and cabinets, HVAC replacement, roofs, ramps, and sinks and related plumbing.

FISCAL IMPACT

The ASES program is projected to have a \$351,552 deficit between revenue and expenditures in FY2024-25. The CDSS program is projected to have a deficit of \$362,822. These amounts include indirect costs and internal service fund charges. End of year actual results for ASES and CDSS programs often result in a smaller deficit than what was projected in the budget. Annual facility expenses consist of a loan plus interest payment of \$76,989. Based on the recommended Youth Development Program Funding Policy, the estimated total support from the General Fund included in the FY2024-25 proposed budget is \$791,363.

Additional funds are also needed to appropriately maintain the City-owned 21 Adventure Club buildings. Staff have developed a 10-year facility CIP rehabilitation plan. The first year of this 10-year plan is included in the recommended budget adjustment totaling \$809,000 from General Fund available resources from FY2022-23 year-end budget surplus.

As information for future years, the impact to the General Fund will vary based on the estimated annual budget impact of ASES and CDSS. The loan repayment plus interest will increase in 2031 with a payoff in 2047. After two years of significant facility investment from the General Fund (\$809,000 to be expended in FY2024-25 and \$630,000 in FY2025-26), the Youth Development Fund 10-year facility rehab plan then anticipates an annual General Fund cost averaging approximately \$325,000. As new elementary schools open, installation of new Adventure Club buildings is expected to cost between \$700,000-\$800,000. The next new building installation is tentatively scheduled for 2028 with the opening of Creekview Elementary School.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378.

The adoption of a resolution approving the Youth Development Program Funding Policy meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

- Goal A - Remain fiscally responsible in a changing world
- Goal C - Maintain a safe and healthy community
- Goal D - Enhance economic vitality
- Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Jeff Nereson, Parks, Recreation & Libraries Manager

Jill Geller, Parks, Recreation & Libraries Director

Description

Resolution 24-198

Youth Development Program Funding Policy

Ordinance 6822

RESOLUTION NO. 24-198

APPROVING THE YOUTH DEVELOPMENT PROGRAM FUNDING POLICY

WHEREAS, Roseville Parks, Recreation & Libraries (PRL) has operated Adventure Club programs, located on elementary school campuses, since 1987; and

WHEREAS, more than 1,400 children participate in Adventure Club after school programs and preschool programs at these sites each week; and

WHEREAS, enrollment numbers have been impacted by a variety of circumstances such as parents working from home and a second provider being enlisted to provide California Department of Education mandated Expanded Learning Opportunities Programs on campus; and

WHEREAS, 80% of the City's Adventure Club buildings have been in place for 20 or more years and all of these facilities are in need of much needed rehab including, but not limited to, new roofs, new Heating, Ventilation and Air Conditioning (HVAC) systems, new floors, exterior paint, new siding, and American with Disabilities Act (ADA) ramp repairs; and

WHEREAS, staff is requesting approval of the Youth Development Program Funding Policy allowing for support to the Youth Development Fund from the General Fund for expenses including losses incurred by subsidized programs, all Adventure Club building related expenses, and certain city indirect and internal service fund obligations; and

WHEREAS, the Youth Development Program Funding Policy has been reviewed by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said Youth Development Program Funding Policy is hereby approved.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

ATTEST:

City Clerk

City of Roseville – Parks, Recreation & Libraries

Department Policies & Procedures

APPROVED:

Jill Geller, Parks, Recreation & Libraries Director

Number:
Effective Date:
Revised Date:

Approved by City Council: XX/XX/XXXX

Subject: Youth Development Program Funding Policy

Purpose:

The purpose of this policy is to define cost recovery expectations and a funding structure to promote the long-term viability of Roseville PRL's Youth Development programs.

Policy:

It is the policy of Roseville Parks, Recreation & Libraries (PRL) to provide developmentally appropriate recreational opportunities, primarily located on school campuses, for preschool and elementary school-aged children. These programs enhance social and emotional growth, and create safe, engaging and memorable experiences for Roseville children and families.

Certain youth development programs receive funding assistance from the Roseville City School District and/or the California Department of Social Services for qualifying children to participate at select sites at no or low cost to eligible families. These subsidized programs traditionally operate at a loss and require additional subsidy from the City.

It is the expectation that PRL's Youth Development Fund shall generate revenues to support all direct program expenses, excluding:

- 1) Losses incurred by subsidized programs
 - ASES
 - CDSS
- 2) All building related expenses
 - Interfund Loan Payments for Adventure Club buildings
 - Rehabilitation of Adventure Club buildings
 - Construction of new Adventure Club buildings

Recognizing the importance of these programs to Roseville's high quality of life, their economic impact to the community, and their direct alignment with the City's and PRL's mission and vision, General Fund support may be required to offset the expenses outlined in 1) and 2) above, as well as certain city indirect and internal service fund (ISF) obligations.

PRL shall account for these expected shortfalls in the department's annual General Fund budget request.

PRL will actively manage the program to minimize support from the General Fund, through the development of a multi-year pricing plan, regular local and private agency benchmarking, and defined staffing parameters. Annual evaluation of expenses/revenues will ensure fee adjustments are aligned with increased expenses and market rates. Cost recovery targets will support the goal of 100%+ cost recovery of all operational expenses (minus subsidized programs and facility expenses).

The ongoing goal is to minimize support from the General Fund.

ORDINANCE NO. 6822

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2023-24, is hereby amended as listed on the attached budget adjustment for the Youth Development Program.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

PASSED AND ADOPTED by the Council of the City of Roseville, this
_____ day of _____, 2024, by the following vote on roll call:

Title: Fiscal Year 2024-25 Grants Advisory Commission Funding Recommendations
Contact: Tobi Thomas 916-746-1368 tthomas@roseville.ca.us
Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 8.1.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve the Grants Advisory Commission recommendations to fund twenty-three (23) grant applications in the amount of \$255,270 from the Citizens' Benefit Fund, \$356,000 from American Rescue Plan Act funds and \$10,000 from the Roseville Employees Annual Charitable Hearts Fund and authorize the City Manager to sign the grant agreements.

BACKGROUND

The Grants Advisory Commission (GAC) has \$255,270 in the Citizens' Benefit Fund (CBF), \$356,000 in American Rescue Plan Act (ARPA) funds and \$10,000 in Roseville Employees Annual Charitable Hearts (REACH) funding to award for FY2024-25. The available CBF, ARPA and REACH funds must be used by organizations for programs and services benefiting Roseville residents.

The FY2024-25 funding cycle opened in ZoomGrants on December 4, 2023. The GAC conducted an applicant workshop on January 9, 2024 and applications were due by February 5, 2024. Each organization is limited to one application; but in an effort for local community funds to have a greater impact through fewer, large awards, there are no limits to the funds requested.

A total of forty-two (42) grant applications were submitted requesting \$1,249,002 in funds. Staff reviewed all applications and four (4) were deemed incomplete, therefore thirty-eight (38) applications were scored by the commissioners. The Funding Workshop was held by the GAC on April 9, 2024 to make funding recommendations based on similar scoring criteria used in previous years. This was the Commission's fourth year implementing Koné Consulting's Community Needs Analysis and the new Grant Funding Priorities which include:

- Small Requests up to \$10,000 for new programs or operations which have demonstrated effectiveness in meeting community needs;
- Strategic, One-Time grants for innovative programs, capital improvements or new initiatives; and
- Operational/Mission Support grants for programs that address a community need and have demonstrated effectiveness.

The Commission scored each application on a 100-point scale and used their scores to determine the rank of the applications in each priority group. Using the rank instead of the application score helped remove some of the perceived bias that can occur regardless of how "hard" or "easy" an individual commissioner scores. The GAC recommends funding twenty-three (23) of the thirty-eight (38) qualified applications.

In the Strategic One-Time Grants category, based on scoring and criteria, the Grants Advisory Commission recommends funding three of the four applications for a total of \$83,100 in this category.

Organization	Project/Program	Community Need Area	Requested Amount	Recommended Amount
Priority Group: Strategic One-Time Grants				
The Placer County Society for the Prevention of Cruelty to Animals (SPCA)	New Veterinary & Foster Care Center	Health & Wellness	\$ 50,000	\$ 50,000
Youth For Christ Sacramento	Roseville Thriving Youth	Health & Wellness	\$ 18,400	\$ 18,400
Spanger Elementary Parent-Teacher Club	Spanger Elementary Outdoor Classroom	Health & Wellness	\$ 14,700	\$ 14,700
			\$83,100	\$83,100

In the Operational/Mission Support category, based on scoring and criteria, the Grants Advisory Commission recommends funding 17 of the 28 applications for a total of \$513,670.

Organization	Project/Program	Community Need Area	Requested Amount	Recommended Amount
Priority Group: Operational/Mission Support				
Tommy Apostolos Fund	Tommy Apostolos Shopping Day	Health & Wellness	\$ 16,000	\$ 16,000
Child Advocates of Placer County	CASAs and Family Mentors for Roseville Children and Parents	Health & Wellness	\$ 55,000	\$ 55,000
Lighthouse Counseling and Family Resource Center	Combating Childhood Anxiety, Depression, and Suicidal Ideation	Health & Wellness	\$ 75,000	\$ 75,000
GiGi's Playhouse, INC.	Operational/Mission Support	Community & Social Context	\$ 41,027	\$ 41,027
Blue Line Arts	Tour Talk Create: Arts Education Support for Roseville Schools	Community & Social Context	\$ 25,000	\$ 25,000
Assistance League of Greater Placer	Roseville Kids Shop Head to Toe	Health & Wellness	\$ 25,000	\$ 25,000
St Vincent de Paul Society, Roseville Conference	Food Locker Program	Food	\$ 30,000	\$ 30,000
Seniors First	Senior Transportation	Health & Wellness	\$ 30,000	\$ 30,000
Royal Stage Performing & Visual Arts	Heart of Arts Community Access Program	Community & Social Context	\$ 15,000	\$ 15,000
Wellness Within Cancer Support Services	Rewriting Cancers Narrative: Improving Quality of Life for Roseville Residents	Health & Wellness	\$ 28,500	\$ 28,500
A Touch of Understanding, Inc.	A Touch of Understanding, Inc. In-School Disability-Awareness Workshop	Community & Social Context	\$ 25,000	\$ 10,000
Compassion Planet	Compassion Planet Transitional Age Youth Mentoring Program Benefiting Roseville	Health & Wellness	\$ 50,000	\$ 50,000
Defending the Cause Regional Alliance, Inc.	Love in Action Program	Health & Wellness	\$ 16,000	\$ 13,143
Placer Veterans Stand Down	Placer Veterans Stand Down, Inc.	Health & Wellness	\$ 20,000	\$ 20,000
Placer County Law Enforcement Chaplaincy	Countywide Chaplain Services, Mission Support	Health & Wellness	\$ 15,000	\$ 15,000

Placer County Law Enforcement Chaplaincy	County-Wide Chaplain Services/Commission Support	Wellness	\$ 75,000	\$ 75,000

Wayfinder Family Services	Wayfinders Kinship Support Services Program in Roseville	Health & Wellness	\$ 20,000	\$ 20,000
			\$ 541,527	\$ 513,670

In the Small Requests category, based on scoring and criteria, the Grants Advisory Commission recommends funding three of the six applications for a total of \$24,500.

Organization	Project/Program	Community Need Area	Requested Amount	Recommended Amount
Priority Group: Small Requests				
The Petal Connection	The Petal Connection, Planting it Forward	Health & Wellness	\$ 10,000	\$ 10,000
Roseville Historical Society	Roseville Historical Society Operations and Programs	Community & Social Context	\$ 9,500	\$ 9,500
Placer Community Foundation (PCF)	Placer Community Foundation	Health & Wellness	\$ 5,000	\$ 5,000
			\$24,500.00	\$24,500

A full list of all the applicants and the Grants Advisory Commission's final funding recommendations are included in this report as Attachment 1; however, the following organizations were not recommended for funding:

Big Brothers, Big Sisters of the Greater Sacramento Area
Hearts Landing Ranch
Historic Sierra Vista Neighborhood Association
Keaton's Child Cancer Alliance
KidsFirst Child Abuse Prevention Council of Placer County
Life Skills Training and Educational Programs, Inc.
Lost But Not Forgotten
Oakmont Parents Club
Placer Advanced Robotics and Technology
Placer Food Bank
Pride Industries
Sierra College Foundation
Silver Wishes Inc.
The Gathering Inn
The Taylor House

The applications received by the Commission represent all five of the social determinants of health and include a wide variety of programs and services to assist populations throughout the community, including youth, families, and seniors. To date, the CBF, ARPA and REACH funds have awarded a combined \$18.6 million to support non-profits within our community. Staff recommends that the City Council approve the 2024-25 funding recommendations. Once approved, grant awards will be distributed to the grantees at the August 13, 2024 Grants Advisory Commission meeting.

FISCAL IMPACT

The Citizens Benefit Fund was originally funded with proceeds from the sale of the Roseville Hospital. Annual funding for these awards comes from a portion of the interest earned on the fund balance and equaled \$255,270 this year. This cycle's ARPA funds is the last round of federal funding totaling \$356,000 this year. The REACH funds are comprised of City of Roseville employee contributions, which this year totaled \$10,000. The combined awards, totaling \$621,270, have been included in the proposed FY2024-25 budget. Funding these grants has no fiscal impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Grants Advisory Commission funding recommendations meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal E - Deliver exceptional city services

Description

24/25 GAC Funding Recommendations

2024-2025 Grant Advisory Commission Funding Recommendations

Strategic One Time Grants					
Rank	Organization	Project/Program	Community Need Area	Requested Amount	Recommended Amount
1	The Placer County Society for the Prevention of Cruelty to Animals	Assist in constructing a Veterinary & Foster Care Center to improve access to pet wellness services for Roseville residents, including seniors and unhoused pet owners. The facility will enhance our staff’s ability to provide wellness exams, spay/neuter surgery, vaccinations, microchip placement, dental care, heartworm prevention to pets owned by Roseville residents. In addition, it will improve our ability to offer services to shelter and foster animals.	Health and Wellness	\$ 50,000	\$ 50,000.00
2	Youth For Christ Sacramento	Support the Campus Life Barn, a youth center that provides social, recreational, & educational opportunities for Roseville youth; support Campus Life clubs on campus at Roseville schools; and offer two day-long anti-bullying/pro-empathy Point Break workshops at Roseville schools, benefitting hundreds of Roseville youth.	Health and Wellness	\$ 18,400	\$ 18,400.00
3	Placer Advanced Robotics and Technology	Implement a new program (Spark) to engage underrepresented youth in science, technology, engineering, and mathematics (STEM) and Robotics education, by eliminating financial barriers for low-income and working-class families at 2 affordable housing complexes in Roseville.	Education	\$ 32,000	\$ -
4	Spanger Elementary Parent-Teacher Club	The Spanger Elementary Parent-Teacher Club proposes to obtain the necessary funds to build an outdoor classroom on our school grounds at Ferris Spanger Elementary School in Roseville.	Health and Wellness	\$ 14,700	\$ 14,700.00
Totals				\$ 115,100	\$ 83,100.00

2024-2025 Grant Advisory Commission Funding Recommendations

Operation/Mission Support					
Rank	Organization	Project/Program	Community Need Area	Amount Requested	Recommended Amount
1	Tommy Apostolos Fund	Support the "Children's Shopping Day". Tommy Apostolos Fund (TAF) works with Roseville schools to select at risk children who could use a boost of self-esteem. 700+ volunteers help 500 students shop for clothing essentials, and show these kids that their community cares. TAF covers the cost.	Health and Wellness	\$ 16,000.00	\$ 16,000.00
2	Child Advocates of Placer County	Provide Court Appointed Special Advocates (CASAs) to 20 Roseville foster children and Family Mentors to 5 Roseville parents. CASAs are mentors and advocates in juvenile court for foster children. Family Mentors help struggling parents develop the life skills necessary to successfully reunify with their children or prevent their children from entering the child welfare system.	Health and Wellness	\$ 55,000.00	\$ 55,000.00
3	Lighthouse Counseling and Family Resource Center	Provide additional mental health counseling sessions for children as young as four (4) years old living in Roseville who are displaying alarming levels of anger and aggression, experiencing anxiety and depression, and are self-harming, including suicidal ideation (thoughts of suicide).	Health and Wellness	\$ 75,000.00	\$ 75,000.00
4	GiGi's Playhouse, INC.	Improve the quality of life for individuals with Down syndrome and their families by providing educational, therapeutic, wellness and social services, free-of-charge, to approximately 594 total participants, resulting in over 11,000 participant hours. Funding will directly support organizational expenses associated with City of Roseville residents.	Community & Social Context	\$ 41,027.00	\$ 41,027.00

2024-2025 Grant Advisory Commission Funding Recommendations

5	Blue Line Arts	Deliver culturally relevant arts education exposure program Tour Talk Create to students from Roseville schools. Students participate in a guided interactive tour of exhibitions and a hands-on art activity led by professional teaching artists. Standards-based lesson plans will support teachers as they connect the experience to the classroom, developing social emotional learning, visual literacy, and creative thinking strategies in local youth.	Community & Social Context	\$ 25,000.00	\$ 25,000.00
6	Assistance League of Greater Placer	Support “Roseville Kids Shop Head to Toe,” a school shopping program that will provide opportunities for 700 socioeconomically disadvantaged Roseville children in grades K-12 to shop for clothing and shoes.	Health and Wellness	\$ 25,000.00	\$ 25,000.00
7	St Vincent de Paul Society, Roseville Conference	Support the Food Locker program. The Food Locker provides supplemental groceries, including fresh produce, dairy, frozen meats, canned goods, and USDA; as well as other products, such as feminine hygiene products, baby care products (diapers & wipes), OTC items and school supplies to low-income residents in South Placer county. The funds will help to support the operational expenses of the Food Locker operations.	Food	\$ 30,000.00	\$ 30,000.00
8	Seniors First	Assist seniors and people with disabilities with transportation to non-emergency medical care and essential errands.	Health and Wellness	\$ 30,000.00	\$ 30,000.00

2024-2025 Grant Advisory Commission Funding Recommendations

9	Royal Stage Performing & Visual Arts	Support "Heart of Arts Community Access Program," a performing arts and leadership program for low-income females and youth. With this assistance, we will meet our goal of providing quality arts education and job training, regardless of the participant's ability to pay for tuition or materials fees. Experiences within Heart of Arts Community Access Program include participating in full-length musicals, dance classes, art classes, public speaking, and media art.	Community & Social Context	\$ 15,000.00	\$ 15,000.00
10	Wellness Within Cancer Support Services	Fund 600 registrations by Roseville residents attending facilitator-led programs to address the overwhelm, anxiety, stress, and trauma of cancer. This project will provide over 300 program opportunities designed to provide tools, coping skills, support and community to help to restore vitality, vibrancy, purpose, and availability to embrace life, even if cancer remains present, in turn, benefiting the greater community in which these residents live.	Health and Wellness	\$ 28,500.00	\$ 28,500.00
11	A Touch of Understanding, Inc.	Support the ATOU In-School Disability-Awareness Workshop to 2nd through 12th grade students in 18 Roseville Schools.	Community & Social Context	\$ 25,000.00	\$ 10,000.00
12	Compassion Planet	Empower 18 aged-out foster youth in Roseville through: Essential life skills training: Building healthier citizens & stronger community. Mental health support: Reducing burden & fostering individual well-being. Paid on-the-job training: Investing in tomorrow's workforce & boosting the economy. Attachment-based mentoring: Forging social connections & a more compassionate Roseville.	Health and Wellness	\$ 50,000.00	\$ 50,000.00

2024-2025 Grant Advisory Commission Funding Recommendations

13	Defending the Cause Regional Alliance, Inc.	Support and expand our "Love in Action Program" where we mobilize individuals, groups, and businesses in our community to meet the tangible needs of vulnerable kids and families. Through this program we serve current/former foster youth, at-risk children/teens, single parents, families in crisis and local refugees. The Love in Action Program includes our custom online needs database, an emergency supply closet, and three targeted annual donation drives.	Health and Wellness	\$ 16,000.00	\$ 13,143.00
14	Placer Veterans Stand Down	The Placer Veteran Stand Down's (PVSD) 2025 Stand Down event will be held in May at The Grounds in Roseville. Event provides medical, dental, vision services , housing and employment assistance and many other services to homeless and low income veterans in Roseville and Placer County.	Health and Wellness	\$ 20,000.00	\$ 20,000.00
15	Placer County Law Enforcement Chaplaincy	Support its mission of providing first-response grief and crisis care for members of the Placer community including citizens of Roseville who benefit from about 30% of our service responses. Our services directly assist law enforcement as they respond to community needs and serve law enforcement personnel as a supplement to their EAP services when work-related stressors take their toll on the mental well-being of the employee.	Health and Wellness	\$ 45,000.00	\$ 45,000.00

2024-2025 Grant Advisory Commission Funding Recommendations

16	Roseville Police Activities League	Support the RPAL Summer Camp, Fall programs and JR Giants Baseball program. RPAL serves Roseville youth, ages 7-17. We offer year-round, quality, engaging programs at low cost. We enrich lives and build positive relationships between youth, police officers and the community through a broad range of accessible and affordable activities. We believe in diversity, inclusion and equity.	Community & Social Context	\$ 25,000.00	\$ 15,000.00
17	PRIDE Industries	Support the “I AM ABLE Helpline,” a free employment helpline designed to help people with disabilities prepare for and obtain employment.	Education	\$ 11,555.00	\$ -
18	KidsFirst Child Abuse Prevention Council of Placer Co.	Bolster the “Family Mental Wellness Program.” This funding will allow KidsFirst to provide fifteen (15) low- to moderate-income Roseville residents with no-cost therapy and/or case management services. Clients seeking therapy will receive 12 trauma-informed therapy sessions from an AMFT or ACSW and those requiring case management will consult a Case Manager familiar with Roseville’s network of services and supports.	Health and Wellness	\$ 25,000.00	\$ -
19	Sierra College Foundation	Help the Sierra College Basic Needs Center improve the quality of life for high need Sierra College students. With support from the City of Roseville, the campus Basic Needs Center will provide students with access to food, housing aid, mental health care, and more. This funding will impact up to 250 high-need Sierra College students who are Roseville residents by providing them with access to basic needs support during the 2024-2025 school year.	Food	\$ 50,000.00	\$ -

2024-2025 Grant Advisory Commission Funding Recommendations

20	Wayfinder Family Services	Provide emergency assistance, case management and support services to 123 relatives or family friends raising 130 youth in Roseville who participate in our Kinship Support Services Program. Kinship Support assists caregivers who step up to raise children so they can avoid the trauma of foster care and separation from their birth family.	Health and Wellness	\$ 20,000.00	\$ 20,000.00
21	Big Brothers Big Sisters of the Greater Sac Area	Expand youth mentoring services for low income families in Roseville.	Health and Wellness	\$ 30,000.00	\$ -
22	Keaton's Child Cancer Alliance	Support trauma-informed Family Navigator Program to provide family-centered, access to care coordination services for pediatric cancer families.	Health and Wellness	\$ 35,000.00	\$ -
23	The Taylor House	Continual support for the mission of keeping at risk girls, former foster youth and girls experiencing homelessness to live in a safe home in downtown Roseville. The usage of funds will be for therapy to address traumas, domestic violence, sexual abuse, homelessness, substance abuse and recovery. Along w/ access to a licensed professional, the girls will need help w/ transportation to appointments, medications and co-pays.	Health and Wellness	\$ 10,000.00	\$ -
24	Hearts Landing Ranch	Support Equine-Assisted Psychotherapy and mental health Programs. The programs will assist individuals and groups residing in the City of Roseville who are experiencing ongoing mental hardships, such as, but not limited to, trauma, moral injury, depression, grief, PTSD, and substance abuse.	Health and Wellness	\$ 36,000.00	\$ -

2024-2025 Grant Advisory Commission Funding Recommendations

25	Silver Wishes Inc.	Support the wish fulfillment program which impacts a senior’s life by granting one-time wishes that bring joy and help overcome a conflict they are facing. This program seeks to enhance the quality of life for senior citizens residing in Roseville by fulfilling their heartfelt wishes, creating lasting memories, helping with needs that are unattainable on their own and fostering a sense of community engagement.	Health and Wellness	\$ 5,000.00	\$ -
26	Historic Sierra Vista Neighborhood Association	RCONA is requesting funding to install missing sidewalks in Historic Sierra Vista Neighborhood to ensure safe access for students traveling to Woodbridge Park, Spanger Elementary, and Roseville High School, and residents exercising, dog walking, and traveling to Downtown Roseville and Historic Old Town. The neighborhood lacks the very basic infrastructure of over 150 sidewalks leading to schools and parks, forcing Roseville residents to walk in roadways.	Health and Wellness	\$ 70,000.00	\$ -
27	Placer Food Bank (PFB)	Improve its capacity-building efforts. The funding will be used to purchase laptops and monitors for replacement or for the provision of newly hired staff members, as well as Airoid equipment in our 77,000 SQFT warehouse. The Airoid equipment is designed to eliminate airborne viruses, including COVID-19, mold, bacteria, and other pathogens. This equipment will ensure a safe environment for our partners, staff, and volunteers.	Food	\$ 50,000.00	\$ -

2024-2025 Grant Advisory Commission Funding Recommendations

28	The Gathering Inn	Further develop its on-site Mental Wellness Program to serve guests in our emergency shelter and permanent supportive housing programs. In addition to individual and group therapy, our vision for the upcoming year is to integrate training into collaborative case-management meetings between therapists, interns and case managers.	Health and Wellness	\$ 148,720.00	\$ -
Totals				\$ 1,012,802.00	\$ 513,670.00

Small Requests - \$10,000 and under					
Rank	Organization	Project/Program	Community Need Area	Requested Amount	Recommended Amount
1	The Petal Connection	Support "Grow a Row," our volunteer growing site program, which provides flowers, fillers, and greens for our beautiful floral bouquets to serving those in end-of-life care and those living in long term-care facilities in the City of Roseville.	Health and Wellness	\$ 10,000.00	\$ 10,000.00

COUNCIL COMMUNICATION

CC #: 3344

File #: 0102

Title: Proposed Council Compensation Charter Amendment Language

Contact: Joseph Speaker 916-774-5325 jspeaker@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 8.2.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council provide direction to staff on proposed Roseville Charter amendment language related to City Council compensation.

BACKGROUND

The City of Roseville is a "full service" city (meaning it has its own utilities, police, fire, parks, libraries, etc.) with a Council-Manager form of government, in which responsibilities are vested in the City Council and the City Manager. In this form of government, the City Council's role is that of a legislative policy-making body, which determines not only the local laws that regulate community life, but also determines public policy and gives direction to the City Manager and City Attorney. Roseville's five (5) City Councilmembers serve the entire city through a district-based system, where they are elected by districts every four (4) years. The Roseville City Council represents all of Roseville's over 150,000 residents. The Roseville City Council is compensated at \$600 a month, with the Mayor receiving an additional \$50 a month, for a total of \$650 per month. In California, a city is either a charter city or a general law city. General law cities derive their powers from general laws enacted by the legislature. Charter cities, on the other hand, derive their powers directly from the California Constitution, subject to limitations in their respective charters and the legislature.

Roseville Charter

Roseville is a California charter city, meaning its city Charter serves as the authority for much of its operations. City Council compensation is expressly provided for in the Roseville Charter, under Article III, § 3.05. That section currently reads:

- a. The council may enact an ordinance providing that each member of the council shall receive a salary, the amount of which shall be determined by the following schedule:*
 - 1. If the City's population is between 50,000 and 75,000 persons, inclusive, the salary shall be five hundred dollars (\$500) per month for each councilmember, and the mayor shall receive an additional amount of fifty dollars (\$50) per month.*
 - 2. If the City's population exceeds 75,000 persons, the salary shall be six hundred dollars (\$600) per month for each councilmember and the mayor shall receive an additional fifty dollars (\$50) per month.*

b. Councilmembers may, upon order of the council, be reimbursed for reasonable and necessary expenses actually incurred in the service of the City.

This current Charter language was approved by the voters in the 2000 General Election. The salaries indicated above were established based on salaries provided in the California Government Code for general law cities, as it existed in 2000, when the population was approximately 75,000 people.

Because City Council compensation is expressly enumerated in the Roseville Charter, any change to the compensation would require a Charter amendment, which requires a majority vote of the electorate.

Direction from Council at March 20, 2024 City Council Meeting

At the March 20, 2024, City Council meeting, staff presented recent changes in State law related to maximum compensation for councilmembers in general law cities. Based on changes in State law, councilmembers in general law cities with a population size similar to Roseville (150,000 to 250,000), could now receive up to \$2,550 per month in salary. Based on this change in the law related to general law cities, staff sought direction from the City Council with regard to whether Council wanted to place a Charter amendment on the ballot for the 2024 General Election to ask the voters to adjust Council compensation, and if so, what they wanted that Charter amendment to look like.

After a robust discussion and details on council compensation from various other agencies in the region and around the State (including other “full service” cities), Council directed staff to come back with proposed Charter language that:

- 1) Defaulted to the maximum limits under State law for a general law city of similar population size;
- 2) Provided for an automatic inflationary adjustment each year;
- 3) Allowed the compensation to be adjusted in the future through an ordinance amendment requiring at least two public meetings, rather than a Charter amendment;
- 4) Had the new compensation amount be effective immediately upon voter approval, and for future changes, upon ordinance adoption.

Staff will present possible language options, based on the above, and seeks direction from the City Council with regard to final verbiage.

In order to meet the deadlines for having language related to a ballot measure to Placer County election officials in time for the November 2024 General Election, staff must have the final verbiage to present to City Council by the next City Council meeting on June 19th (this is the last City Council meeting before Placer County’s July 3, 2024, deadline to submit verbiage).

FISCAL IMPACT

There is no fiscal impact associated with this request for direction, however any Charter amendment would have General Fund costs associated with the General Election process and any increased compensation costs, if approved.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. This request for direction meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

COUNCIL COMMUNICATION

CC #: 3379

File #: 0103 & 0103-41-03

Title: Board of Appeals - Unscheduled Vacancy Appointments

Contact: Katrina Six 916-774-5267 kmsix@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 9.1.

RECOMMENDATION TO COUNCIL

Recommend that the City Council appoint one (1) individual to the Board of Appeals to a term expiring December 31, 2024 from the applications received from: Nick Busse, Carol Drebin, Mary Griffith, Sharon Lawin, Robert Powell, Louise Santiago, Austin Scates, Jay Shergill, and Franklin Tilley.

BACKGROUND

The resignation of Brian Stenklyft created an unscheduled vacancy on the Board of Appeals. Therefore, this caused an unscheduled vacancy with a term expiring December 31, 2024. Recruitment for all vacancies occurred in April, video interviews of the applicants were conducted by the City Clerk Department, and the City Attorney's Office reviewed the Statements of Economic Interest (Form 700) for potential conflicts of interest. The application and video interviews are compiled and provided to the City Council for consideration.

FISCAL IMPACT

There is no fiscal impact.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The appointment of members to boards or commissions meets the above criteria and is not subject to CEQA. No additional environmental review is required.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Olympus Pointe Landscaping and Lighting District, for Fiscal Year 2024/2025.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Riverside Avenue Landscaping and Lighting District, for Fiscal Year 2024/2025.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Riverside Avenue Landscaping and Lighting District, for Fiscal Year 2024/2025.

Resolution of the City Council of the City of Roseville, California, Amending and/or Approving the Engineer's Annual Levy Report for the Vernon Street Landscaping and Lighting District, for Fiscal Year 2024/2025.

Resolution of the City Council of the City of Roseville, California, Ordering the Levy and Collection of Assessments within the Vernon Street Landscaping and Lighting District, for Fiscal Year 2024/2025.

BACKGROUND

The City of Roseville currently has eight active Landscaping and Lighting Districts (LLDs). These districts were formed within the City of Roseville to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code (the Act) Sections 22500, et seq., and Article XIII D of the California Constitution.

The Historic District Landscaping and Lighting District was formed in 2006 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels. The District

is located in the Historic Old Town area in Downtown Roseville.

The Infill Area Landscaping and Lighting District was formed in 1995 to levy and collect assessments for the maintenance of certain public improvements that benefit parcels within the District. The District is located in the Infill Plan area.

The Johnson Ranch Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public landscape, open space, floodway and stream courses located within the Southeast Roseville Specific Plan area.

The North Central Roseville Specific Plan Landscaping and Lighting District was formed in 1990 to levy and collect assessments for the maintenance of certain public improvements within the North Central Roseville Specific Plan area. In 2004, the property owners in the district approved, through a mailed ballot, an assessment increase and the addition of an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Northwest Roseville Specific Plan Landscaping and Lighting District was formed in 1989 to levy and collect assessments for maintenance of certain public landscape medians and corridors, vernal pool preserves, bike trails, and park improvements. In 2004, the Dunmore Junction subdivision was annexed into the LLD as Zone A and the Legacy subdivision was annexed into Zone B. In 2011 the property owners voted against an overlay LLD for the Northwest Specific Plan. In 2006 and most recently in 2021, the property owners voted against an assessment increase as well as the addition of an annual escalation factor.

The Olympus Pointe Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public improvements within the Northeast Roseville Specific Plan Area. In 2005, the property owners in the district approved, through a mailed ballot, an assessment increase and an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Riverside Avenue Landscaping and Lighting District was formed in 2007 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels.

The Vernon Street Landscaping and Lighting District was formed in 2001 to levy and collect assessments for maintenance of improvements installed by the Vernon Streetscape. The cost of maintaining the streetscape improvements is spread equally to the subject properties on their percentage of the total front footage of all affected parcels.

Assessment Statistics

District	Proposed FY 2024-25 Levy	Maximum Annual Assessment	Parcels to be Levied	% Change from FY 2023-24

Historic District LLD	\$42,194.00	\$42,194.40	45	3%
Infill Area LLD	\$24,794.92	\$44,132.80	222	-16%
Johnson Ranch LLD	\$49,087.04	\$55,424.31	1,044	0%
North Central LLD	\$758,972.52	\$795,082.11	3,506	1%
Northwest LLD	\$481,336.00	\$481,336.00	4,752	0%
Olympus Pointe LLD	\$219,329.08	\$454,732.77	826	-19%
Riverside Avenue LLD	\$48,885.16	\$48,885.68	76	2.6%
Vernon Street LLD	\$45,505.40	\$45,510.51	60	2.6%
Totals	\$1,670,104.12	\$1,967,298.57	10,531	

The reductions to the levies for the Infill Area LLD and the Olympus Pointe LLD result from changes in operating and rehab reserves. Both of these district levies are significantly below their maximum annual assessment.

FISCAL IMPACT

All charges are needed to fund landscape services in each LLD. There is no impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of these resolutions meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world
Goal E - Deliver exceptional city services

RESOLUTION NO. 24-127
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Historic District Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, including fencing, walls, signage, monuments, ground cover, shrubs, plants, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

“Historic District Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution

on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7

Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Historic District

Landscaping and Lighting District

City of Roseville

Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2024/25 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the Historic District Landscaping and Lighting District (“District”). The District was formed on April 5, 2006 and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (“1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

The City Council, pursuant to the provisions of the “Landscaping and Lighting Act of 1972”, being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the “1972 Act”); Article XIID of the Constitution of the State of California (“Article XIID”); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the “Implementation Act”) (the 1972 Act, Article XIID and the Implementation Act are referred to collectively as the “Assessment Law”) initiated proceedings for the formation of the District on February 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2006/07. On April 5, 2006, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District’s maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled “Boundary Map of Historic District Landscaping and Lighting District” as referenced in Appendix A-1 of this Report.

The District is located within the City’s Historic Old Town, west of Highway 80, south of Pleasant Street, north and east of Washington Boulevard, and north and west of the Union Pacific Railroad. The District consists of mostly commercial parcels in a concentrated area of the Downtown primarily fronting the following streets: Church Street northeast of Washington Boulevard, Main Street between Washington Boulevard and Lincoln Street, Pacific Street and Lincoln Street where the improvements end approximately one block south of Pleasant Street.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal

of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of

the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, provides funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. Maintenance services will be provided by City personnel and/or private contractors. The proposed improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, trash receptacles, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, recreational facilities and associated appurtenances located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Parkway landscaping and hardscape improvements within the public right of ways of the streets within the district including, but not limited to, Lincoln Street, Main Street, Church Street, Pacific Street, and the northeast side of Washington Boulevard estimated at 14,450 square feet of landscaping;
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or are funded by other sources available to the City, including those portions of the median and parkway landscaping on Washington Boulevard (southwest side of the street) that are outside the District boundaries.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing, maintaining, and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District.

Specifically excluded from the assessment are the street light energy costs. These costs will continue to be paid for by the City from other revenue sources.

Detailed maps of the locations and descriptions of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs to provide illumination.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”.

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of landscaping and lighting Improvements and associated appurtenances located within the District’s public rights-of-way and dedicated easements. The annual

assessment is based on the historical and estimated costs to maintain the Improvements that provide a benefit to properties within these Districts. The Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.

- Enhanced quality of life through well-maintained landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

To establish the special benefit to the individual parcels within the District a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and the following formula has been established to apportion the maintenance costs based on benefit.

For purposes of the Assessment Methodology, the terms hereinafter set forth have been the following meanings:

Acreage means the land area of an Assessor's Parcel as shown on an Assessor's Parcel map-, or if the land area is not shown on an Assessor's parcel map, the land area shown on the applicable final map, parcel map, condominium plan, record of survey or other recorded document creating and describing such area of land.

Multi-Family Residential means a residence for which building permits have been issued for attached residential units for rental purposes.

Single-Family Residential Unit means a single residential home. This land use includes detached or attached for sale units intended for single-family occupancy.

Commercial means property being used or zoned for either commercial or industrial use.

Three components were used in the methodology to determine each parcels assessment; 1) Front footage of parcels along the proposed street improvements; 2) acreage of benefiting parcels; and 3) Current land use of parcels. Based on these three components the assessments were determined as follows:

First, the parcels Front Footage was determined based on Assessor's Parcel maps or other sources. Only Front footage on streets that will be improved was used. For parcels with Front Footage on more than one side (corner lots), the total Front Footage was divided by two to provide an average Front Footage. It was determined that twenty percent (20%) of the total budget was reasonably attributed to Front Footage; therefore twenty percent (20%) of the budget was spread to Front Footage.

Second, each parcel's Acreage was calculated based on Assessors Parcels map. It was determined that eighty percent (80%) of the budget was reasonably attributed to Acreage; therefore eighty (80%) of the budget was spread on Acreage. In the event that common area parcels are created subsequent to the formation of the District, the acreage of any such common area parcels shall be apportioned to the remaining assessable parcels of the subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Third, the current land use of the parcel was determined using the County's secured roll. Parcels currently used as a Single-Family Residence or Multi-Family Residences were determined to receive twenty-five (25%) of the benefit in relation to commercial parcels. Additionally, it was determined that single Family Residential Parcels benefit equally from the improvements, therefore the total assessment calculated based on the formula was averaged between the five Single Family Residential parcels to determine a Single-Family Residential rate per Unit.

The base year maximum assessment rates approved to be levied in FY 2006/07 are provided in the table below.

Base Year (FY 2006/07) Maximum Assessment Rates			
Land Use	Front Footage	Acreage Rate	Flat Rate
Commercial	\$1.99 per Front Foot	\$2,582.41 per Acre	N/A
Multi-Family Residential	\$0.50 per Front Foot	\$645.60 per Acre	N/A
Single-Family Residential	N/A	N/A	\$132.00 per Unit

The following formula is used to calculate each parcel's assessment (proportional benefit) for those parcels that are not Single-Family Residential parcels.

Front Footage Rate x Parcel's Adjusted Front Footage = Parcel Front Footage Levy

Acreage Rate x Parcel's Adjusted Acreage = Parcel Acreage Levy

Proposed Levy per Parcel = Parcel Front Footage Levy + Parcel Acreage Levy

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2007/08. Generally, if the proposed annual assessment for the current fiscal year is less than or equal to the calculated Maximum Assessment, then the Assessment is equal to the initial Assessment (approved by property owners within the District) adjusted annually by three percent (3%).

Beginning in the second fiscal year (Fiscal Year 2007/08) and each fiscal year thereafter, the Maximum Assessment would be recalculated, and a new Maximum Assessment established within the District.

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment will increase each year, the actual assessment may remain unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjustment maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment, the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

D. ANNUAL INFLATIONARY ADJUSTMENT

If the proposed assessment rates increase over the prior fiscal year's maximum assessment rates by a percentage no greater than the 3%, then the proposed assessment rates are not considered an increase.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	AMOUNT (FUND 2021)
<u>DIRECT COSTS</u>	
Contract Maintenance - Landscaping	\$14,326.00
Repair & Maintenance - Landscaping	7,000.00
Repair & Maintenance - Lighting	1,500.00
Repair and Maintenance - Streetscape and Signage	500.00
Repair and Maintenance - Tree Work	2,017.00
Utilities	12,600.00
Rehab Reserve Expenditures - Non-Routine Tree Work	2,420.00
Rehab Reserve Project Expenditures	9,700.00
Total Direct Costs	\$50,063.00
<u>ADMINISTRATION COSTS</u>	
City Administration	\$820.00
Contract Administration - Park's Dept	2,200.00
County Auditor Fees	421.94
Consulting & Professional Services	3,869.00
Public Hearing Publishing Costs	405.00
Total Administrative Costs	\$7,715.94
Total Direct and Administration Costs	\$57,778.94
<u>BUDGET ADJUSTMENTS</u>	
Replenishment/(Use) of Operating Reserve	(\$3,464.45)
Contribution for /(Use of) Rehab Reserve	(12,120.00)
Rounding Adjustment	(0.49)
Total Adjustments	(\$15,584.94)
BALANCE TO LEVY	\$42,194.00

Fund balance information is reported in Section C on the following page.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2021)
<u>FY 2024/25 ASSESSMENT DATA</u>	
Number of Assessable Parcels	45
Total Front Footage - Commercial	2,308.19

Maximum Assessment Rate per SF Residence	\$224.7212
Potential Maximum Assessment	\$42,194.40

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2021)
<u>OPERATING RESERVE</u>	
Beginning Operating Reserve Balance 7-1-2024 (est.)	\$28,495.50
add: Replenish from FY 2024/25 Levy	
less: Use for FY 2024/25 Expenses	(3,464.45)
Transfer from/(to) the Rehab Reserve	
Ending Operating Reserve Balance 6-30-2025 (est.)	\$25,031.05
<u>REHABILITATION RESERVE</u>	
Beginning Rehab Reserve Balance 7-1-2024 (est.)	\$66,465.00
add: Collect from FY 2024/25 Levy	
less: Use for FY 2024/25 Rehab Projects	(12,120.00)
Transfer from/(to) the Operating Reserve	0.00
Ending Rehab Reserve Balance 6-30-2025 (est.)	\$54,345.00

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, required to properly maintain and ensure the satisfactory condition of all landscaping, irrigation and drainage systems and appurtenant facilities.

Repair and Maintenance - Landscaping - This item includes landscape improvement repair and maintenance costs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included. Costs could include the renovation of improvements such as irrigation systems.

Repair and Maintenance - Lighting - This item includes lighting improvement repair and maintenance costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included.

Repair and Maintenance - Streetscape and Signage - This item includes repair and maintenance costs of streetscape and sign improvements. Streetscape improvements include street furniture, sidewalks, curbs, gutters, parking stripes, brick pavers, benches, bike racks, and trash receptacles. This may include repair of damaged amenities due to vandalism, storms, etc. May include planned replacements or upgrades not listed below that provide a direct benefit to the District.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that

were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as the costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage – the total number of Front Feet within the District, adjusted for corner parcels, Multi-Family Residential and Single-Family Residential Parcels will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Assessable Acreage – the total Acreage within the District, adjusted for Multi-Family Residential and Single-Family Residential Parcels that will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

Total Single-Family Residential Parcels – the total number of parcels currently being used as Single-Family Residences.

Applied Assessment Rates – The applied assessment rates for each of the District’s land use types.

Maximum Assessment Rates per Front Foot – The maximum dollar amount that can be assessed per Adjusted Front Foot for the District’s land use type for the current fiscal year.

Maximum Assessment Rates per Acre – The maximum dollar amount that can be assessed per Adjusted Acreage Foot for the District's land use type for the current fiscal year.

Maximum Assessment Rate per SF Residential Unit – The maximum dollar amount that can be assessed per Single Family Unit within the District for the current fiscal year.

Potential Maximum Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or

equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the FY 2024/25 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or

upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are provided below.

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Repair, replace and/or refurbish street furniture (pots)	\$2,500	\$2,500	\$2,500	\$2,500	\$10,000
Repair, replace streetscape and hardscape	2,500	2,500	2,500	2,500	10,000
Replace, repair, renovate and/or refurbish plants, landscape & related matts	4,000	4,000	4,000	4,000	16,000
Replace, repair lighting fixtures	2,300	2,400	2,500	2,500	9,700
Non-routine tree work	2,420	2,420	2,420	1,750	9,010
Total Projected Expenditures	\$13,720	\$13,820	\$13,920	\$13,250	\$54,710

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

 I HEREBY CERTIFY THAT THIS MAP SHOWING THE BOUNDARIES OF HISTORIC LANDSCAPING
 AND LIGHTING DISTRICT, CITY OF ROSEVILLE, COUNTY OF PLACER, STATE OF CALIFORNIA,
 WAS APPROVED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE AT A REGULAR MEETING
 THEREOF, HELD ON THE _____ DAY OF _____, 2006, BY ITS RESOLUTION NO. _____

CITY CLERK
CITY OF ROSEVILLE

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-175

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Historic District Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-176

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Historic District Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIIIC and XIIID of the California State Constitution, and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only

for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-130
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Infill Area Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: maintenance and operation of and the furnishing of services, materials or improvements for the landscape and lighting areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District includes the parcels within the areas known as the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions. The District is known and designated as:

“Infill Area Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the City’s existing Infill Area Landscaping and Lighting District (“District”). The District was formed and levies annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025 (hereafter “Fiscal Year” or “FY 2024/25”). The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of three (3) zones of benefit, Zones A, B and C (individually the “Zone” and collectively the “Zones”). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the County of Placer (“County”) Assessor. The County Auditor-Controller (“Auditor-Controller”) uses Assessor’s Parcel Numbers and specific tax code accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the Roseville City Council (the “City Council”) will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report, as approved, or modified by the City Council, define the assessments to be applied to each parcel within the District and respective Zones for FY 2024/25. The assessments as approved will be submitted to the Placer County Auditor-Controller to be included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor-Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the Auditor-Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIC and XIID (“Articles XIIC and XIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIC and XIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

Pursuant to the California Constitution Article XIID Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, & C identified in this Report) are exempt from the procedural requirements Article XIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The three Zones within the District are comprised of three non-contiguous residential subdivisions, namely Pheasant Run, Cirby Oaks II and Reuter Ranch, are located in the southern portion of the City and are within the boundaries of the City’s “Infill Planning Area.” A general depiction of the boundaries of each Zone can be found in Appendix A of this Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.

- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND BENEFITS

This District, by special benefit assessments, provides funding for the maintenance and operation of certain landscaping improvements located within the public rights-of-way and dedicated easements:

The District provides all services necessary to maintain the landscaped corridors adjacent to the privately-owned parcels comprising the three subdivisions. Improvements include shrubs, trees, and other landscaping vegetation, as well as irrigation controllers, automatic valves, and irrigation systems. Services provided include all necessary services, operations, and maintenance required in keeping the improvements in a healthy, vigorous condition and in proper working order.

The District encompasses three subdivisions, each of which is located in a separate Zone. The Zones have specific improvements and costs associated with those improvements that benefit the parcels within each respective Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels within the Zone and only parcels that receive a Special Benefit from the improvements are assessed.

The specific locations of the improvements within each Zone of the District are described as follows:

Zone A – Pheasant Run

Maintenance of 6,880 square feet of landscaping and related improvements within the Pheasant Run subdivision.

Zone B – Cirby Oaks

Maintenance of 7,447 square feet of landscaping and related improvements within the Cirby Oaks II subdivision.

Zone C – Reuter Ranch

Maintenance of 24,700 square feet of landscaping and related improvements within the Reuter Ranch subdivision. A larger amount of landscaping benefits the properties within Reuter Ranch and typically results in a larger per parcel assessment for these properties as compared to Zones A and B.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a Special Benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special Benefit” means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “Special Benefit.”

Article XIID Section 4a defines proportional Special Benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a Special Benefit conferred upon them and upon which an assessment will be imposed. The proportionate Special Benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No

assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional Special Benefit conferred on that parcel.”

These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

Each of the proposed improvements; the associated costs and assessments have been reviewed, identified, and allocated based on Special Benefit pursuant to the Act. All improvements associated with the Zones were necessary and required through the conditions of property development. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and Special Benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within each Zone receives a Special Benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for Special Benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large.

C. RATE AND METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and Special Benefit from the improvements in the Zone. This direct and Special Benefit was determined to be equal for all dwelling units within each Zone; costs for each Zone shall be calculated separately within each respective Zone. Each single-family residence is equal to one dwelling unit (unit) and the formula used to arrive at each parcel's annual assessment is described below. Public parcels lying within the landscape corridors are considered to receive no benefit from the improvements and are therefore not assessed.

Costs associated with each Zone are to be charged only to assessable parcels within the respective Zone as follows:

$$\frac{\text{Balance to Levy in Zone}}{\text{Total Units in Zone}} = \text{Assessment Per Unit in Zone}$$

The Maximum Annual Assessment Rates are not to exceed \$193.32 per unit for Zone A and \$200.00 per unit for Zones B and C.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017
<u>DIRECT COSTS</u>			
Contract Maintenance - Landscaping	\$1,508.00	\$2,198.00	\$4,384.00
Repair & Maintenance - Landscaping	2,332.00	3,000.00	2,000.00
Repair & Maintenance - Tree Work	495.00	715.00	1,376.00
Utilities	2,419.00	1,340.00	3,166.00
Rehab Reserve Expenditures - Non-Routine Tree Work	400.00	675.00	1,500.00
Rehab Reserve Project Expenditures	<u>1,000.00</u>	<u>5,000.00</u>	<u>3,000.00</u>
Total Direct Costs	\$8,154.00	\$12,928.00	\$15,426.00
<u>ADMINISTRATION COSTS</u>			
City Administration	\$256.00	\$3.00	\$261.00
Contract Administration - Park's Dept	1,150.00	1,213.00	1,954.00
County Auditor Fees	77.33	41.64	128.98
Consulting & Professional Services	2,158.00	20.00	2,195.00
Public Hearing Publishing Costs	<u>132.00</u>	<u>133.00</u>	<u>133.00</u>
Total Administrative Costs	\$3,773.33	\$1,410.64	\$4,671.98
Total Direct and Administration Costs	\$11,927.33	\$14,338.64	\$20,097.98
<u>BUDGET ADJUSTMENTS</u>			
Replenishment/(Use) of Operating Reserve	(\$2,794.53)	(\$4,499.24)	(\$2,700.26)
Contribution for /(Use of) Rehab Reserve	(1,400.00)	(5,675.00)	(4,500.00)
Rounding Adjustment			
Total Adjustments	(\$4,194.53)	(\$10,174.24)	(\$7,200.26)
BALANCE TO LEVY	\$7,732.80	\$4,164.40	\$12,897.72

Fund balance information for each Zone is reported in Section C on the following page.
Total balance to levy for the District is \$24,794.92.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	ZONE A (Pheasant Run) Fund 2014	ZONE B (Cirby Oaks II) Fund 2015	ZONE C (Reuter Ranch) Fund 2017

Ending Rehab Reserve Balance 6-30-2025 (est.)	\$3,173.00	\$18,363.76	\$21,429.13

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the “improvements”).

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City's Finance Department and other Departments in preparing the annual budget for the Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Report and any out-of-pocket costs related to district administration.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current Fiscal Year for each Zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Units - The total number of residential units that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Applied Assessment Rate per Unit - The per unit assessment rates to be applied to the non-exempt parcels within the District for the current Fiscal Year.

Maximum Assessment Rate per Unit - The per unit maximum assessment rates for the current Fiscal Year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current Fiscal Year based upon the expected number of units to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's Fiscal Year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve money to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and

Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the FY 2024/25 levy to accumulate funding for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve money expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements in FY 2024/25. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve moneys to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Zone A

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Repair and/or refurbish sound wall improvements					\$0
Replace, repair, renovate and/or refurbish plants, landscape & related mats	500	500	500	500	2,000
Non-routine tree work	400	400	0	400	1,200
Total Projected Expenditures	\$900	\$900	\$500	\$900	\$3,200

Zone B

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Repair and/or refurbish sound wall improvements				\$8,200	\$8,200
Replace, repair, renovate and/or refurbish plants, landscape & related mats	2,000	2,000	2,000	1,500	7,500
Non-routine tree work	675	675	675	675	2,700
Total Projected Expenditures	\$2,675	\$2,675	\$2,675	\$10,375	\$18,400

Zone C

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Repair and/or refurbish sound wall improvements				\$7,000	\$7,000
Replace, repair, renovate and/or refurbish plants, landscape & related mats	1,000	3,000	1,300	3,000	8,300
Non-routine tree work	1,500	1,500	1,500	1,700	6,200
Total Projected Expenditures	\$2,500	\$4,500	\$2,800	\$11,700	\$21,500

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAPS

The Assessment Diagrams for the District have previously been submitted to the City Clerk in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District and Zone Boundaries are presented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-177

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Infill Area Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIII C and XIII D to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-178

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Infill Area Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIII C and XIII D of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: maintenance and operation of and the furnishing of services, materials or improvements for landscape and lighting areas adjacent to property within the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-133
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Johnson Ranch Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, floodway, stream course and wetland areas, including certain mitigation monitoring activities therein, turf, ground cover, shrubs and trees, irrigation systems and drainage systems, bike trails, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District generally includes the parcels within the area known as the Southeast Roseville Specific Plan. The District is known and designated as

“Johnson Ranch Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and applicable annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements in the southeast section of the City of Roseville, known as Johnson Ranch Landscaping and Lighting District (“District”). The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of five (5) zones of benefit, Zones A, B, C, D and E (individually the “Zone” and collectively the “Zones”). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will, by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the

resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIC and XIID (“Articles XIIC and XIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIC and XIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

Pursuant to the California Constitution Article XIID, Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, C & D identified in this Report) are exempt from the procedural requirements of Article XIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

In Fiscal Year 1999/00, the City initiated and conducted property owner protest ballot proceedings in accordance with Article XIID for Zone E in order to increase the assessment to cover additional costs for services. The proposed assessment increase presented to property owners included an annual inflationary factor of 3%. In Fiscal Year 1999/00 the maximum assessment rate was \$623.10 per acre. At the conclusion of the Public Hearing, all property owner ballots returned were tabulated and the City determined that a majority protest did not exist. The City Council then approved the increased assessment and the inflationary factor for maintaining the improvements within the District.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

C. DISTRICT BOUNDARIES

The District lies within a portion of the Southeast Roseville Specific Plan, which is located in the southeast section of the City of Roseville. The District is generally located east of I-80 on the south side of Douglas Boulevard. See Appendix A for a rendering of the District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND BENEFITS

Zones A, B and C

Zones A, B and C of the District, by special benefit assessments, provide annual funding for the continual maintenance of certain landscaping, open space areas; including floodway and stream course areas as well as any the maintenance of bike trails. The specific locations of the floodways, stream courses and areas adjacent thereto to be maintained are described below:

- Parcel 70 - Floodway that feeds Cirby Creek and is located between Douglas Boulevard and Eureka Road. (7.76 acres) - Zone C
- Parcel 71 - Strap Ravine floodway between Douglas Boulevard and East Roseville Parkway. (3.38 acres) - Zone A
- Parcel 72 - Floodway between Roseville Parkway east to commercial development. (8.98 acres) - Zone C
- Parcel 73 - Recreational floodway in Strap Ravine between East Roseville Parkway and Sierra College Boulevard. (16.11 acres) - Zone A
- Parcels 74 & 75 - Recreational floodway that eventually feeds Linda Creek, beginning at Sierra College Boulevard then east to the Roseville City limits. (6.2 acres and 10.8 acres, respectively) - Zone B

Zone D

Zone D of the District, by special benefit assessments, provides annual funding for the costs of mitigation monitoring and costs to maintain landscaped open space areas within certain wetland / riparian area(s) to comply with a Section 404 Permit. The issuance of this Section 404 permit was a condition of the development of the Johnson Ranch East Project, which represents the parcels comprising Zone D.

Zone E

Zone E of the District, by special benefit assessments, provides annual funding for the maintenance of certain landscaping, bike trails and open space areas that include floodway and stream course areas and the costs of mitigation monitoring to comply with both a Section 404 Permit (Federal) and a 1603 Permit (State). The issuance of these permits was a condition of the development of Parcel 9. The specific locations of the floodway and stream courses to be maintained are described as:

- Parcel 76 - Streambed and floodway area located at Cirby Creek from the southwest side of Eureka Boulevard to the end of the Coker Development. (2.79 acres)

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments regarding Zone E, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

C. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and special benefit from the improvements in the District. The formula used to arrive at each parcel’s annual levy amount in each zone is as follows:

Zones A and B

Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). The remaining Seventy percent (70%) of costs are then allocated equally on a per acre basis to all assessable parcels within these Zones. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Zones C, D and E

The budgeted costs of Zones C, D and E are to be allocated equally on a per acre basis to all assessable parcels within each respective Zone. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

D. INFLATIONARY ADJUSTMENT FACTOR

For Zone E only, if the proposed assessment rate increases over the prior fiscal year’s maximum assessment rate by a percentage no greater than the 3%, then the proposed assessment rate is not considered an increase.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	ZONE A ⁽¹⁾ Fund 2001	ZONE B ⁽¹⁾ Fund 2002	ZONE C Fund 2003	ZONE D Fund 2004	ZONE E Fund 2005

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Open Space – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition of all open space landscaping, irrigation, drainage systems, lighting, floodplain improvements and appurtenant facilities (the “improvements”).

Mitigation Monitoring – Costs associated with monitoring certain impacts to riparian areas in or near the District under the terms of a Section 404 or 1603 permit. If zero, this line item will not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements. If zero, this line item will not be shown in the budget.

Maintenance - Bike Trails - Costs associated with the resurfacing of the Bike trail. If zero, this line item will not be shown in the budget.

Water Hyacinth Eradication – Costs associated with the eradication of the Water Hyacinth plant in the creek beds. If zero, this line item will not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

Contract Administration – Open Space – Estimated costs of City staff to coordinate and oversee the maintenance contracts and non-contract maintenance of the open space areas of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the total District costs together with applicable adjustments related to the Reserve Fund replenishments or reductions and/or Capital Improvement Fund activity.

Parcel 82 Levy Recap – A recap of the cost breakdown between certain parcels. Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels within each Unit that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements due possibly to development restrictions.

Total Assessable Acres – Non-Parcel 82 Properties - The total number of acres within Zones A and B that are to be assessed on an acreage basis for the current fiscal year; this acreage excludes Parcel 82.

Applied Assessment Rates - The assessment rates to be applied to the non-exempt parcels within the District for the current fiscal year.

Maximum Assessment Rates - The maximum assessment rates for the current fiscal year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service, and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the FY 2024/25 levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Type of Expenditure	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Zone A - General open space and creek rehab	\$375	\$375	\$375	\$342	\$1,467
Zone B - General open space and creek rehab	375	375	375	470	\$1,595
Zone C - General open space and creek rehab	100				\$100
Zone D - General open space and creek rehab	50	75	50	89	\$264
Zone E - General open space and creek rehab	150	150	150	105	\$555

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the District or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The Assessment Diagrams for the District have previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a one-page rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-179

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIC and XIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. For the Zone subject to annual rate increases, those property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, for the Zones not subject to annual rate increases, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased.

WHEREAS, for the Zone subject to annual rate increase, the maximum assessment rate for Fiscal Year 2024/2025 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increase allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-180

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Johnson Ranch Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIC and XIID of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, floodway, stream course and wetland areas, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-136
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the North Central Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 **Intention:** The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 **Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for certain areas, including landscape, lighting, park, open space, parkway, slope and median areas together with trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, recreation equipment, bike paths, pedestrian trails, walls and fences, other public improvements within the street right of way areas and other appurtenant facilities as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 **Boundaries and Designation:** The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District generally includes the parcels within the area known as the North Central Roseville Specific Plan. The District is known and designated as

“North Central Roseville Specific Plan Landscaping and Lighting District”

Section 4 **Proposed Assessment Amounts:** The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the existing North Central Roseville Specific Plan Landscaping and Lighting District (“District”) within the City. The District was formed in 1990. The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”).

This Engineer’s Annual Levy Report for Fiscal Year 2024/25 (“Report”) describes the District, any annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The maintenance, operation and servicing of the improvements associated with specific areas of the City that provide a special benefit to the properties in that area are identified as Zones. The costs of the improvements and services are identified and budgeted separately for each Zone and each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the Zone. The budgets and assessments are based on the estimated cost (considering historical costs) to maintain the District improvements that provide a direct and special benefit to properties within the District.

The District consists of four landscaping benefit Zones:

- District Wide Benefit Zone
- Local Benefit Zone
- Zone F
- Zone G

In 2003, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, for the territory now known as Zones F & G. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the annexation of Zones F and G, the maximum assessment rates, and annual inflationary adjustment factor.

In 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, to reengineer Zones A, B, C, D & E and approve the maximum assessment rates and annual inflationary adjustment factor. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the Engineer’s Annual Levy Report for FY 2004/05, which reconstituted the reengineered zones into the respective District Wide Benefit Zone or Local Benefit Zone.

Zones A, B, C, D and E were reengineered in order to more accurately identify the Zones and areas of special benefit within this portion of the District. These zones were combined into two new Zones based primarily on level of service, similarity of improvement types, and the proximity to improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIC and XIID (“Articles XIIC and XIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIC and XIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

In compliance with the provisions of Proposition 218, property owner ballot proceedings have been conducted for all Zones within the District; such proceedings approved and confirmed the Maximum Assessments and the Inflationary Adjustment Factor as described in this Report.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located north of downtown Roseville between Interstate 80 and Washington Boulevard and generally encompasses the area within the North Central Roseville Specific Plan (“NCRSP”) and two small residential developments in close proximity to the NCRSP near the corner of Diamond Oaks Road and Washington Boulevard. See Appendix A for District boundary map.

District Wide Zone This Zone includes all assessable property within the District with the exception of Zone F and Zone G.

Local Benefit Zone This Zone includes all single-family residential property within the District with the exception of Zone F and Zone G.

Zone F This Zone, which comprises the Diamond Oaks Unit No. 10 development, was created on January 8, 2003 through Resolution 03-2 and was first levied in FY 2003/04. Zone F was comprised of Assessor Parcel Number (“APN”) 015-020-040 prior to being subdivided into 39 residential lots.

Zone G This Zone, which comprises the Diamond Oaks Unit No. 14 development, was created on May 28, 2003 through Resolution 03-220 and was first levied in FY 2003/04. Zone G was comprised of APNs 017-041-034 & 015-020-006 prior to being subdivided into 76 residential lots and 1 non-residential parcel.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District provides and ensures the continued maintenance, servicing, administration and operation of various landscaping and lighting improvements, and associated appurtenances that benefit parcels within the District. Services provided include all necessary service, operations, administration, and maintenance required to keep the improvements in a healthy, vigorous, and satisfactory condition.

Specific improvements include all ground cover, turf, shrubs, trees, gardens, play areas and play equipment, picnic areas, bike paths, pedestrian trails, walls and fences, park maintenance facilities, irrigation and drainage systems, graffiti removal, and associated appurtenances. Improvements in each Zone include:

District Wide Zone This Zone provides for the maintenance of landscaping, fences, sound walls and other improvements within the arterial parkway right of ways, also described as scenic corridors, including but not limited to Roseville Parkway, Pleasant Grove Boulevard, Harding Boulevard and the east side of Washington Boulevard, pedestrian, and bike pathways.

Local Benefit Zone This Zone provides for the maintenance of landscaping and other improvements within the local street right of ways. This Zone is primarily a combination of the old Zone C and Zone D, which provided similar maintenance.

Zone F This Zone provides for the maintenance of parkway and perimeter landscaping and block wall adjacent to the development on the west side of Diamond Oaks Road; Parkway and perimeter landscaping, bike trails, block wall and wood fence adjacent to the development on the east side of Washington Boulevard; Open Space designated as Lot “B”, and; Landscaping within Lot “C”, “E” and “F” within the Diamond Oaks Unit No. 10 project.

Zone G This Zone provides for the maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the south side of Pleasant Grove Boulevard; maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the west side of Washington Boulevard from Pleasant Grove Boulevard to Emerald Oak Road; maintenance of the masonry sound wall on the western perimeter of the development; installation and maintenance of perimeter landscaping on the west side of the development located on Open Space Parcel C between

Emerald Oak Road and the masonry sound wall adjacent to the railroad right of way; and maintenance of Open Space, cobble swale (Lot "B") and post and cable fencing for Lots "A", "B", and "C" within the Diamond Oaks Unit No. 14 project.

All assessable parcels identified as being within each Zone share in both the cost and the benefits of the improvements. The costs associated with the improvements are equitably spread among all benefiting parcels within each Zone. Only parcels that receive direct and special benefit from the improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected from the assessments of each Zone are to be expended only for the services and operations within each respective Zone.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2(d) defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2(i) defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4(a) defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The City has initiated and conducted property owner protest ballot proceedings in accordance with the Act and Proposition 218 for all Zones within the District. Each of the proposed improvements; the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of Article XIID and the Act. All improvements associated with the Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within these Zones receives special benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the Zone in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for each Zone should reflect the composition of the parcels, and the improvements and services provided, to fairly proportion the Zone's costs based on estimated special benefit to each parcel within the Zone. All assessable parcels within each Zone shall receive a direct special benefit from the services and improvements provided by the Zone.

Considering the composition of the parcels within the Zone, each parcel is assigned an Equivalent Dwelling Unit ("EDU"), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within the Zone. Because all assessable parcels within each Zone are considered to benefit from the Zone improvements on an EDU basis, the amounts to levy to each Zone are then spread to each assessable parcel within the Zone on an EDU method as shown in the table below. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

The following formulas are used to calculate the assessment for each parcel:

ASSIGNED EDU	PROPERTY CLASS
1.0 per unit	Single-Family Residential Parcels
0.6 per unit	Multi-Family Residential Parcels
7.0 per acre	Non-Residential Parcels

For each Zone, the Applied Assessment Rate per Equivalent Dwelling Unit for each parcel in the Zone is the result of dividing the total Balance to Levy for each Zone, by the sum of the Zone EDUs for the fiscal year. This Applied Assessment Rate is multiplied by each parcel's individual EDU to determine the parcel's levy amount. The assessment cannot be greater than the current maximum assessment rate, as adjusted for the inflation factor.

$$\text{Total Balance to Levy} / \text{Total EDU} = \text{Rate per EDU}$$

$$\text{Parcel EDU} \times \text{Rate per EDU} = \text{Parcel Levy Amount}$$

D. INFLATIONARY ADJUSTMENT FACTOR

Any new or increase in assessments require certain noticing and meeting requirements by law. Prior to the passage of Proposition 218, legislative changes in the Ralph M. Brown Act (the "Brown Act") defined a new or increased assessment to exclude certain conditions. These conditions include any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed. This definition and conditions were later confirmed through Senate Bill 919 (the implementing legislation for Proposition 218).

The purpose of establishing an assessment range formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which could add to the District costs and assessments. As part of the District formation, balloting of property owners is required, pursuant to Proposition 218. The property owner ballots included an Assessment to be approved, as well as the approval of an assessment range formula.

The assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment (levy per unit or rate) for the current fiscal year is less than or equals to the "Maximum Assessment" (or "Adjusted Maximum Assessment"), then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment is equal to the initial Assessment approved by property owners adjusted annually by the following criteria:

1. Beginning in the second fiscal year and each fiscal year thereafter, the Maximum Assessment will be calculated.
2. The new Adjusted Maximum Assessment for the year represents the prior year's approved Maximum Assessment increased by three percent (3.0%).

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment less than or equal to this Maximum Assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

The approved base year maximum assessment rates and annual inflationary adjustment factors for all Zones are shown in the table below:

Zone	Year of Approved Maximum Rate and Annual Inflator (Base Year)	Maximum Assessment Rate per EDU (Base Year)	Annual Inflationary Adjustment Factor
District-Wide Benefit Zone	FY 2004/05	\$40.82	3.00%
Local Benefit Zone	FY 2004/05	\$43.92	3.00%
Zone F	FY 2003/04	\$481.35	3.00%
Zone G	FY 2003/04	\$264.22	3.00%

III. DISTRICT BUDGET

Rounding Adjustment	<u>(59.77)</u>			
Total Adjustments	(\$79,445.31)	(\$53,657.00)	(\$9,703.65)	(\$9,539.21)
BALANCE TO LEVY	\$538,767.76	\$167,612.46	\$34,597.68	\$17,994.62

Fund balance information of each Zone is reported in Section C on the following page.
Total balance to levy for the district is \$758,972.52.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013
<u>FY 2024/25 ASSESSMENT DATA</u>				
Total Assessable Parcels ⁽¹⁾	3,378	2,112	39	79
Total Assessable Single Family Units ⁽¹⁾	2,113	2,113	39	79
Total Assessable Multi-Family Units	2,348	0	0	0
Total Assessable Non-Residential Acres	569.8162	0	0	0
Total Equivalent Dwelling Units ("EDUs") ⁽¹⁾	7,510.5135	2,113	39	79
Applied Assessment Rates Per EDU ⁽²⁾	\$71.7356	\$79.3244	\$887.12	\$227.78
Maximum Assessment Rates per EDU	\$73.7255	\$79.3244	\$895.45	\$491.53
Potential Maximum Assessment per Zone	\$553,716	\$167,612	\$34,923	\$38,831

(1) Since each single family residential parcel lies within both the District-Wide Benefit Zone and the Local Benefit Zone, the number of single family EDUs, units and parcels within these zones are not combined in the District totals.

(2) Actual assessment rates may differ slightly due to County rounding requirements.

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	District-Wide Benefit Zone Fund 2010	Local Benefit Zone Fund 2011	ZONE F (Diamond Oaks No. 10) Fund 2012	ZONE G (Diamond Oaks No. 14) Fund 2013

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance – Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping and Parks – Projected costs for repairs and/or maintenance of landscaping and park improvements are shown as separate budget items for each type of improvement. This would include work and materials not covered under contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting – This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Tree Work – This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities – The furnishing of water and electricity required for the operation and maintenance of the improvements.

Maintenance – Bike Trails – Costs to perform the necessary maintenance of the bike trails within the District. If zero, this line item may not be shown in the budget.

Maintenance – Open Space – Costs to perform the necessary maintenance of the open space areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees – A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

Public Hearing Publishing Costs – Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve – A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY – This is the total amount to be levied and collected in the District through assessments for the current fiscal year. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Single-Family Units – The total number of assessable single-family units within the District for the current fiscal year. Since each single-family residential parcel is in both the District-Wide Benefit Zone and the Local Benefit Zone, the single-family EDUs are only added once to arrive at the "Total Equivalent Dwelling Units"

Total Assessable Multi-Family Units – The total number of assessable multi-family units within the District for the current fiscal year.

Total Assessable Non-Residential Acres – The total assessable non-residential acres within the District for the current fiscal year.

Total Equivalent Dwelling Units (“EDUs”) – Total assessable EDUs within the District for the current fiscal year.

Applied Assessment Rates per EDU – The assessment rates per EDU to be applied to the non-exempt parcels within the applicable Zone for the current fiscal year.

Maximum Assessment Rates per EDU – The maximum assessment rates per EDU for the parcels within the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of parcels to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 – The District's anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances shall be used to fund the District's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve – The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent,

in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) – This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects — The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 — The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or

upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

District Wide Zone

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	\$25,000		\$25,000	\$35,101	\$85,101
Repair, replace and/or refurbish sound wall improvements		25,000		17,000	42,000
Irrigation controllers	10,000	10,000	10,000	10,000	40,000
Non-routine tree work	15,500	15,500	15,500	15,500	62,000
Total Projected Expenditures	\$50,500	\$50,500	\$50,500	\$77,601	\$229,101

Local Benefit Zone

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	\$10,000	\$10,000	\$10,000	\$10,000	\$40,000
Repair, replace and/or refurbish sound wall improvements				2,500	2,500
Non-routine tree work	10,000	10,000	10,000	10,000	40,000
Total Projected Expenditures	\$20,000	\$20,000	\$20,000	\$22,500	\$82,500

Zone F

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Repair, replace and/or refurbish fencing improvements				8,128	8,128
Non-routine tree work	1,000	1,000	1,000	1,000	4,000
Total Projected Expenditures	\$1,000	\$1,000	\$1,000	\$9,128	\$12,128

Zone G

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	\$7,500	\$7,500	\$7,500	\$7,500	\$30,000
Repair, replace and/or refurbish sound wall improvements				15,005	15,005
Non-routine tree work	1,300	1,300	1,300	1,300	5,200
Total Projected Expenditures	\$8,800	\$8,800	\$8,800	\$23,805	\$50,205

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-181

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, the City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **North Central Roseville Specific Plan Landscaping and Lighting District** (hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula for each respective Zone which provide for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-182

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **North Central Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIC and XIID of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for certain areas, including landscape, lighting, park, open space, parkway, slope and median areas together with trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, recreation equipment, bike paths, pedestrian trails, walls and fences, other public improvements within the street right of way areas and appurtenant facilities thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-139
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Northwest Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, natural and preserve areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, public pedestrian paths, bike trails, entry monuments, fencing, walls, signage, lighting systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the District and any annexations thereto. The District generally includes the parcels within the area known as the Northwest Roseville Specific Plan. The District is known and designated as

“Northwest Roseville Specific Plan Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to provide and maintain the improvements within the Northwest Roseville Specific Plan Area, known as Northwest Roseville Specific Plan Landscaping and Lighting District (“District”) within the City. The District was formed and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the “1972 Act” or the “Act”).

This Engineer’s Levy Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The assessments are based on historical and estimated costs to maintain the improvements that provide a direct and special benefit to properties within the District. The District consists of two (2) benefit zones (“Zones”). The improvements that benefit properties within each Zone and the costs of those improvements are identified and budgeted separately. Each parcel is assessed proportionately for the estimated costs of the parcel’s respective Zone.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number by the Placer County Assessor’s Office. The Placer County Auditor/Controller (“County Auditor/Controller”) uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following consideration of public comments at a public hearing, and a final review of the Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIID* (Proposition 218). Pursuant to the *California Constitution Article XIID* (“*Article XIID*”) *Section 5*, certain existing assessments are exempt from the substantive and procedural requirements of *Article XIID Section 4* and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments established for the original District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to *Article XIID Section 5(b)*, the property owners approved these existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). The assessments applied to the District’s parcels at the time of passage of Proposition 2018 of \$100 to each single-family residential parcel within Zone A and \$147.20 to each single-family residential parcel within Zone B continue to be exempt from the procedural requirements *Article XIID Section 4*.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments and to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act.

In November 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIID, to annex into Zone A, and approve the maximum assessment of \$100 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer’s Report, through the adoption of Resolution No. 04-507, which annexed the Dunmore Junction territory to Zone A. Dunmore Junction was first assessed by the District in FY 2005/06.

In April 2005, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIID, to annex into Zones B, and approve the maximum assessment of \$147.20 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer’s Report, through the adoption of Resolution No. 05-165, which annexed the Legacy subdivision territory to Zone B. The Legacy subdivision was first assessed by the District in FY 2005/06.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The Northwest Roseville Specific Plan Landscaping and Lighting District lies west of the existing urban area of the City of Roseville. The District is generally bounded

by Baseline Road to the north, Fiddymment Road to the west and Washington Boulevard to the east. The City annexed in Dunmore Junction, which is generally located on the east side of Porter Drive, south of Junction Boulevard and north of Lawton Avenue. The City also annexed in Legacy Subdivision, which is generally located on the northwest corner of Washington Boulevard and Junction Boulevard. For general reference purposes, renderings of the District's Boundaries are presented in Appendix A of the Report.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of

any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF IMPROVEMENTS AND SERVICES

Zone A

Zone A of the District, by special benefit assessments, is to provide funding for the maintenance of the following improvements: landscaped street medians and landscaped corridors adjacent to property within the District including but not limited to, plantings, sound walls, and project identification signs; the maintenance of the vernal pool preserves identified in the Northwest Roseville Specific Plan; the installation and maintenance of bike trails within the Northwest Roseville Specific Plan Area; and the installation of park improvements and/or the payment of debt service related to the installation of bike trails and/or park improvements within the Northwest Roseville Specific Plan Area.

Zone B

Zone B of the District, by special benefit assessments, is to provide funding for the following:

- The maintenance of the landscaped street buffers or medians, certain

natural areas within the subdivision and landscape corridors adjacent to the property within the Zone (including, but not limited to, planting, screen walls, project identification signs, and drainage and wetlands areas within the property).

- The perpetual maintenance of the landscape strips adjacent to the Sierra Crossing subdivision contiguous to Foothills Boulevard and Booth Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.
- The maintenance of the natural border adjoining and contiguous to the westerly border of Sierra Crossing.
- The maintenance of the wetland preserve area.
- The on-going maintenance of the landscape strips adjacent to the Legacy subdivision contiguous to Junction Boulevard, Washington Boulevard and Sawtell Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.
- The maintenance of the natural border adjoining and contiguous to the westerly border of the Legacy subdivision.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for any special benefit assessment should reflect the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated special benefit to each parcel. All assessable parcels in each Zone receive a direct special benefit from the services and improvements provided by the District.

Each parcel within this District has been assigned an Equivalent Benefit Unit (EBU), which reflects each parcel’s estimated special benefit from the improvements as compared to other parcels within each Zone of the District. The levy amount is spread evenly to each assessable parcel in the District, on a per benefit unit (per parcel) method.

For each Zone, the total eligible special benefit expenses (“Balance to Levy”), is divided by the total EBUs of all parcels. The result of this calculation establishes an assessment rate per EBU (“Levy per EBU” or “Assessment Rate”) to be applied to each Zone.

The following formulas shall be applied to each Zone to calculate the assessment for each parcel:

Zone A

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone A.

Zone B

Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone B.

The Maximum Annual Assessment is not to exceed \$100.00 per parcel for Zone A and \$147.20 per parcel for Zone B.

C. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments regarding the Dunmore Junction subdivision Legacy subdivision annexations to the District, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the Constitution and 1972 Act. All improvements associated with this District have been identified as necessary, required and/or desired for the orderly development of the properties within the District to their full potential, consistent with the proposed development plans and applicable portions of the City General Plan and the Northwest Roseville Specific Plan. As such, the improvements for which each property shall be assessed would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within the District receives benefit from the improvements. Well-maintained landscaping and recreational facilities in close proximity to those properties enhance the desirability of those properties.

The special benefits associated with the landscape improvements and associated appurtenants are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts, landscaped areas, and recreational facilities.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific

enhancement and desirability of each of the assessed parcels within the District.

The improvements are for the special benefit, enhancement, and use of properties within the District and the Northwest Roseville Specific Plan Area. Although the improvements include public easements, rights-of-way and other amenities available or visible to the public at large, it has been determined that the additional improvements installed in connection with this development and those installed as part of the overall Northwest Roseville Specific Plan, are only necessary for the development of properties within the specific plan area and were not required nor necessarily desired by any properties or developments outside the Northwest Roseville Specific Plan Area. Therefore, this District being part of that plan, receives similar and proportional special benefits from both the improvements installed in connection with developing properties in this District as well as existing and future shared amenities within the District. Any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the specific plan area or to the public at large.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	Zone A ⁽¹⁾ Fund 2008	Zone B ⁽²⁾ Fund 2009
<u>DIRECT COSTS</u>		
Contract Maintenance - Landscaping	\$205,300.00	\$10,584.00
Repair & Maintenance - Landscaping	34,700.00	2,900.00
Repair and Maintenance - Parks	0.00	0.00
Repair & Maintenance - Tree Work	25,960.00	1,250.00
Utilities	160,000.00	3,765.00
Stormwater Management/Drainage (1130-4801-10001)	0.00	1,411.10
Rehab Reserve Project - Non-Routine Tree Work	15,000.00	0.00
Rehab Reserve Project - Landscape Rehab	20,000.00	0.00
Total Direct Costs	\$460,960.00	\$19,910.10
<u>ADMINISTRATION COSTS</u>		
City Administration	\$9,244.00	\$383.00
Contract Administration - Park's Dept	33,000.00	1,500.00
County Auditor Fees	4,622.00	191.36
Consulting & Professional Services	9,587.00	397.00
Public Hearing Publishing Costs	408.10	16.90
Total Administrative Costs	\$56,861.10	\$2,488.26
Total Direct and Administration Costs	\$517,821.10	\$22,398.36
<u>BUDGET ADJUSTMENTS</u>		
Replenishment/(Use) of Operating Reserve	(\$20,621.10)	(\$3,262.36)
Contribution for /(Use of) Rehab Reserve	(35,000.00)	0.00
Rounding Adjustment		
Total Adjustments	(\$55,621.10)	(\$3,262.36)
BALANCE TO LEVY	\$462,200.00	\$19,136.00

(1) The Dunmore Junction Subdivision was annexed into Zone A.

(2) The Legacy Subdivision was annexed into Zone B.

Fund balance information of each Zone is reported in Section C on the following page.
The total balance to levy for the district is \$481,336.00.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
<u>FY 2024/25 ASSESSMENT DATA</u>		
Total Assessable Parcels	4,622	130
Total Assessable EBUs	4,622	130
Applied Assessment Rates per EBU	\$100.00	\$147.20
Maximum Assessment Rates per EBU	\$100.00	\$147.20
Potential Maximum Assessment Per Zone	\$462,200	\$19,136

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	Zone A Fund 2008	Zone B Fund 2009
<u>OPERATING RESERVE</u>		
Beginning Operating Reserve Balance 7-1-2024 (est.)	\$251,102.00	\$5,345.10
add: Replenish from FY 2024/25 Levy		
less: Use for FY 2024/25 Expenses	(20,621.10)	(3,262.36)
Transfer from/(to) the Rehab Reserve	0.00	(5.46)
Ending Operating Reserve Balance 6-30-2025 (est.)	\$230,480.90	\$2,077.28
<u>REHABILITATION RESERVE</u>		
Beginning Rehab Reserve Balance 7-1-2024 (est.)	\$114,194.00	(\$5.46)
add: Collect from FY 2024/25 Levy		
less: Use for FY 2024/25 Rehab Projects	(35,000.00)	0.00
Transfer from/(to) the Operating Reserve	0.00	5.46
Ending Rehab Reserve Balance 6-30-2025 (est.)	\$79,194.00	\$0.00

D. DESCRIPTION OF BUDGET ITEMS

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the "improvements").

Repair & Maintenance – Landscaping and Parks – Projected costs for repairs and/or maintenance of landscaping and park improvements are shown as separate budget items for each type of improvement. This would include work and materials not covered under contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Stormwater Management / Drainage - This line item includes costs to properly maintain certain drainage and / or wetlands areas within the District. If zero, this line item may not be shown in the budget.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's Report and

incidental expenses of consultant.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Parcels - The total number of expected parcels to be assessed in each of the District’s Zones.

Total Assessable EBUs - The total number of expected Equivalent Benefit Units in each of the District’s Zones.

Applied Assessment Rates per EBU - The assessment rates to be applied to the parcels lying within the respective Zone of the District for the fiscal year shown.

Maximum Assessment Rates per EBU - The maximum assessment rates for the parcels lying within the respective Zone of the District for the fiscal year shown.

Potential Maximum Assessment Per Zone – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of EBUs to be assessed.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the FY 2024/25 levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Zone A

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Replace, repair, renovate and/or refurbish plants, landscape & related mats	\$10,000	\$10,000	\$10,000	\$10,000	\$40,000
Non-routine tree work	15,000	10,000	10,000	4,194	39,194
Total Projected Expenditures	\$25,000	\$20,000	\$20,000	\$14,194	\$79,194

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and / or operation of the improvements. At this time, Zone B has no CIP in place.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map of the District and Zones has previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, hereby made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is represented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

City of Roseville
Northwest Roseville Landscaping & Lighting District

RESOLUTION NO. 24-183

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, Proposition 218 which was approved by the voters on November 5, 1996, added Articles XIIC and XIID to the California Constitution which exempt any assessments imposed when persons owning all of the parcels subject to the assessment agreed to being included in the District and subject to the assessment at the time the assessment is initially imposed; and

WHEREAS, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-184

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Northwest Roseville Specific Plan Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIIC and XIID of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, natural and preserve areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, public pedestrian paths, bike trails, entry monuments, fencing, walls, signage, lighting systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

NOTICE OF PUBLIC HEARING

RESOLUTION NO. 24-142

LEGAL NOTICE

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Olympus Pointe Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, park and hardscape areas including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, project identification signs, special street signs, special lighting for signage, granite entryways, sculptures and sculpture park, special paving materials, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District includes the parcels generally within the area known as the Olympus Pointe Landscaping and Lighting District. The District is known and designated as the:

“Olympus Pointe Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIII D.

- Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.
- Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.
- Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the certain public improvements within the Olympus Pointe Landscaping and Lighting District (“District”) within the City. The District, which was formed in 1989, is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “1972 Act”).

The Engineer’s Report (“Report”) describes the District boundaries, any new annexations, improvements maintained by the District and the proposed assessments for the period of July 1, 2024 through June 30, 2025.

The District consists of two (2) benefit Zones (“Zones”). The improvements that benefit properties within each Zone and the costs associated with those improvements are identified and budgeted separately. Each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the respective Zone. The assessments are based on the historical and estimated cost to maintain the improvements that provide a direct and special benefit to properties within the District.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIII C and XIII D (“Article XIII C” and “Article XIII D”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIII C and XIII D and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

The District’s Maximum Assessment Rates for all Zones and the Inflationary Adjustment Factor were previously approved and confirmed through property owner ballot proceedings and as such, comply with the provisions of Proposition 218.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. CLARIFICATION OF ZONE DESIGNATIONS

In order to increase consistency with the City’s other districts and to facilitate presentation within the Engineer’s Report, the names of both Zones were redesignated, commencing with FY 2007/2008, as follows:

- The “Non-Residential/Multi-Family Residential Zone” was redesignated to “Zone A.” ⁽¹⁾
- The “Residential Zone” was redesignated to “Zone D.” ⁽²⁾

(1) Prior to FY 2005/2006, this territory was known as “Zone A”. In FY 2005/2006, Zone A was redesignated to the “Non-Residential/Multi-Family Residential Zone”.

(2) Prior to FY 2005/2006, this territory was known as “Zones B & C”. In FY 2005/2006, Zones B & C were combined and redesignated to the “Residential Zone”.

D. GENERAL DESCRIPTION OF DISTRICT

The Olympus Pointe Landscaping and Lighting District is located in the City of Roseville at the southerly edge of Placer County, northeast of the intersection of Interstate 80 and Douglas Boulevard. The site is generally bounded by Interstate 80 on the west, East Roseville Parkway and Olympus Drive to the north, Douglas Boulevard to the south and Sierra College Boulevard to the east. See Appendix A for a rendering of the District boundary map.

The District consists of two zones as described below. These zones were established by the City through a District reengineering commencing with the FY 2005/2006 levy. Additional information regarding the reengineering is provided in Section III of the Report.

Zone A

Zone A includes land zoned for non-residential and multi-family residential uses. The Zone comprises the majority of the District and is primarily west and south of East Roseville Parkway, east of Interstate 80 and north of Douglas Boulevard. The territory that was originally designated as “Zone A” consisted of 581.78 assessable acres when it was redesignated as the “Non-Residential/Multi-Family Zone” commencing with the FY 2005/06 levy. It was then redesignated back to “Zone A” commencing with the FY 2007/08 levy.

Zone D

Zone D includes two single-family residential developments on the eastern side of the District. The Zone is bisected by Olympus Drive and Sierra College Boulevard on the District’s eastern boundary and includes 468 developed single-family residences. Originally, each residential development was designated as separate zone (Zones B and C). The area was redesignated as the “Residential Zone” commencing with the FY 2005/2006 levy and then redesignated to the “Zone D” commencing with the FY 2007/2008 levy.

E. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or

servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the

improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

F. DESCRIPTION AND LOCATION OF IMPROVEMENTS

This District, through the levy special assessments, provides funding for the maintenance and operation of the following improvements located within the public rights-of-way and dedicated easements: project identification signs, including surrounding landscape and hardscape; special street materials; sculptures and sculpture park; special street signs; special lighting for the project identification signs and special illuminated street signs; and landscaped street medians (the “Improvements”). The specific locations of the improvements within the district are described as follows:

1. Zone A

a. Landscaped Median Islands:

- Eureka Road from Douglas Boulevard to Taylor Road Connector
- Sunrise Avenue from southern boundary of the Northeast Roseville Specific Plan (the “NERSP”) to East Roseville Parkway
- East Roseville Parkway from Douglas Boulevard to Rocky Ridge Drive
- Douglas Boulevard from eastern boundary of NERSP to Rocky Ridge Drive

b. Project identification signs (granite entryways) and special paving materials:

- Eureka Road at Douglas Boulevard
- East Roseville Parkway at Douglas Boulevard
- Eureka Road at Taylor Road

c. Sculpture and Sculpture Park:

- Aris Demetrio’s original sculpture located on Parcel 14
- Sculpture park (0.85 acres located on Parcel 14)

d. Special street signs:

- Eureka Road at Sunrise Avenue, Rocky Ridge Drive, Lead Hill Drive and Douglas Boulevard
- Lead Hill Drive at Rocky Ridge Drive
- Sunrise Avenue at Auto Mall entrance
- East Roseville Parkway at Taylor Road, Lead Hill Drive, Olympus Drive and Douglas Boulevard

- Olympus Drive at Sierra College Boulevard:

2. Zone D

a. Landscaped Frontage:

- Southern side of Olympus Drive from East Roseville Parkway to Sierra College Boulevard, excluding any landscaping not within or adjacent to the Zone
- Northern side of Olympus Drive from the Zone boundary (the former Zone C boundary), which is 175 feet southwest of Corniche Lane, to Sierra College Boulevard, western side of Sierra College Boulevard from Olympus Drive to the Zone boundary (the former Zone C boundary), which is approximately 600 feet.

b. Project identification signs and special paving materials:

- Sierra College Boulevard at Olympus Drive

G. DESCRIPTION OF MAINTENANCE AND SERVICES

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the Improvements and appurtenant facilities, including repair, removal or replacement of all or part of any of Improvements or appurtenant facilities; providing for the life, growth, health and beauty of the Improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste.

Servicing means the furnishing of water and electricity for the Improvements including any decorative lighting and the furnishing of electric current or energy, gas, or other illuminating agent for the special street signs.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Act permits the establishment of assessment districts by public agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of streetlights, traffic signals and landscaping facilities. Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In addition, Article XIID and the Implementation Act require that a parcel’s assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIID and the Implementation Act further provide that only special benefits are assessable and the City must separate the general benefits from the special benefits. They also require that publicly owned properties, which specifically benefit from the improvements, be assessed.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel

shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIID and the Implementation Act for both the Non-Residential/Multi-Family Zone (Zone A) and the Residential Zone (Zone D). Each Zone’s Improvements, the associated costs and assessments had been reviewed, identified, and allocated based on special benefit pursuant to the provisions of the Constitution and Act.

All Improvements associated with these Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these Improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these Improvements would be the financial obligation of those properties. Therefore, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each of the assessed parcels within these Zones receives special benefit from the Improvements maintained and financed by the assessments. Specifically, the assessments associated with the Zones are for the maintenance of the Improvements installed as part of the original development of the parcels within the Zones. The desirability and security of properties within each Zone is enhanced by the close proximity of these amenities to those properties.

The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep the Zone Improvements in a healthy, vigorous, and satisfactory condition.

The special benefits associated with these improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties within the Zones providing a positive representation of the area.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, and dust and debris control.

- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels within the Zones by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to an ongoing specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these Improvements were only necessary for the development of properties within the Zones and were not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the Improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual lots and parcels within the District an Equivalent Benefit Unit ("EBU") system is used. The EBU method of apportioning benefit is typically seen as the most appropriate and equitable assessment methodology for districts formed under the Act, as the benefit to each parcel from the Improvements are apportioned as a function of land use type, size, and development. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

EBU Application Table

Land Use	EBU per Unit/Acre
Single Family Residential	1.00 per Unit
Multi-Family Residential	1.00 per Acre
Non-Residential	1.00 per Acre
Exempt	0.00 per Acre

1. Definitions and Formulas Related to the Product Type EBU Method

Single-Family Residential — This land use is defined as a fully subdivided residential parcel that is part of a final tract map.

Multi-Family Residential — This land use is defined as a residential parcel anticipated to have or has more than one residential unit.

Non-Residential — Parcels that are not considered Single Family Residential, Multi-Family Residential or Exempt.

Exempt Parcels — This land use identifies properties that are not assessed and are assigned 0.0 EBU per acre. This land use classification may include, but is not limited, to lots or parcels identified as public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas, greenbelts, parkways, park properties and other publicly owned properties that are part of the District Improvements. These types of parcels are considered to receive little or no benefit from the Improvements and are therefore exempted from assessment.

2. Zone Benefit Formula

The benefit formula applied to parcels within each Zone is based on the preceding Equivalent Benefit Unit (EBU) Application Table. Each parcel's EBU correlates the parcel's special benefit received as compared to all other parcels benefiting from the Improvements.

The following formula is used to calculate the EBU for each parcel (proportional benefit).

$$\text{Parcel Type EBU} \times \text{Units/Acres} = \text{Parcel EBU}$$

The total number of Equivalent Benefit Units (EBUs) is the sum of all individual EBUs applied to parcels within each Zone that receive a special benefit from the Improvements. An assessment amount per EBU (Assessment Rate) for each Zone is established by taking the total costs associated with the Zone's Improvements and dividing that amount by the total number of EBUs within each Zone of all parcels benefiting from those Improvements. This Rate is then applied back to each individual parcel based on their assigned EBUs to determine the parcel's proportionate special benefit and assessment obligation from those Improvements.

$$\text{Zone Budget/ Total EBU} = \text{Assessment per EBU}$$

$$\text{Assessment per EBU} \times \text{Parcel EBU} = \text{Maximum Parcel Assessment Amount}$$

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessments rather than initiating protest ballot proceedings to approve small increases in annual costs. This District provides for an annual adjustment to the Maximum Assessment Rate in an amount equal to three percent (3%).

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment rate (less than or equal to this Maximum Assessment Rate) is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may go up and down as compared to the previous year(s). The Maximum Assessment Rate adjustment is designed to allow for the adjustment of the annual assessment for inflation in order to maintain the original purchasing power of the District budget. The Maximum Assessment Rate calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment Rate, then the assessment is considered an increased assessment and would be subject to Proposition 218 balloting requirements.

E. BASE MAXIMUM ASSESSMENT RATES

The base assessment rates and the annual inflationary adjustment to each Zone are listed in the table below:

Zone	Base Year	Base Year Maximum Assessment Rate per EBU	Annual Inflationary Adjustment ⁽¹⁾
Zone A	FY 2005/06	\$296.65	3.00%
Zone D	FY 2005/06	\$99.76	3.00%

(1) The Annual Inflationary Adjustment commences with the Fiscal Year 2006/2007 assessments.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
<u>DIRECT COSTS</u>		
Contract Maintenance - Landscaping	\$26,595.00	\$35,273.00
Contract Maintenance - Parks	5,419.00	0.00
Repair & Maintenance - Landscaping	24,635.00	11,000.00
Repair and Maintenance - Parks	4,000.00	0.00
Repair & Maintenance - Tree Work	3,405.00	5,080.00
Utilities	41,580.00	23,100.00
Maintenance - Parks City Staff	15,174.00	0.00
Rehab Reserve Expenditures - Non-Routine Tree Work	5,000.00	2,000.00
Rehab Reserve Project Expenditures	<u>25,000.00</u>	<u>20,000.00</u>
Total Direct Costs	\$150,808.00	\$96,453.00
<u>ADMINISTRATION COSTS</u>		
City Administration	\$4,819.00	\$587.00
Contract Administration - Park's Dept	13,000.00	3,000.00
County Auditor Fees	1,399.03	794.29
Consulting & Professional Services	4,494.00	547.00
Public Hearing Publishing Costs	<u>383.36</u>	<u>46.64</u>
Total Administrative Costs	\$24,095.39	\$4,974.93
Total Direct and Administration Costs	\$174,903.39	\$101,427.93
<u>BUDGET ADJUSTMENTS</u>		
Replenishment/(Use) of Operating Reserve	(\$5,000.00)	\$1.03
Contribution for /(Use of) Rehab Reserve	(30,000.00)	(22,000.00)
Rounding Adjustment	<u>(3.27)</u>	
Total Adjustments	(\$35,003.27)	(\$21,998.97)
BALANCE TO LEVY	\$139,900.12	\$79,428.96

Fund balance information of each Zone is reported in Section C on the following page. The total balance to levy for the district is \$219,329.08.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
<u>FY 2024/25 ASSESSMENT DATA</u>		
Total Assessable Parcels	358	468
Total Assessable Acreage	530.8045	n/a
Total Assessable Units	186	468
Total Equivalent Benefit Units (EBUs)	716.8045	468.0000
Assessment Rates per Equivalent Benefit Unit (EBU)		
Assessment Rates to be Applied per EBU	\$195.17	\$169.72
Maximum Assessment Rates per EBU	\$520.18	\$174.93
Potential Maximum Assessment Per Zone	\$372,866	\$81,867

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	ZONE A Fund 2006	ZONE D Fund 2007
<u>OPERATING RESERVE</u>		
Beginning Operating Reserve Balance 7-1-2024 (est.)	\$80,404.00	\$48,226.00
add: Replenish from FY 2024/25 Levy		
less: Use for FY 2024/25 Expenses	(5,000.00)	1.03
Transfer from/(to) the Rehab Reserve		(0.53)
Ending Operating Reserve Balance 6-30-2025 (est.)	\$75,404.00	\$48,226.50
<u>REHABILITATION RESERVE</u>		
Beginning Rehab Reserve Balance 7-1-2024 (est.)	\$202,911.00	\$69,074.00
add: Collect from FY 2024/25 Levy		
less: Use for FY 2024/25 Rehab Projects	(30,000.00)	(22,000.00)
Transfer from/(to) the Operating Reserve	0.00	0.53
Ending Rehab Reserve Balance 6-30-2025 (est.)	\$172,911.00	\$47,074.53

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant

facilities (the “improvements”). The costs to maintain improvements within the District’s entryway areas are not included in this amount.

Contract Maintenance - Parks - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of park improvements, as well as maintenance of appurtenant facilities (the “improvements”).

Repair & Maintenance – Landscaping and Parks – Projected costs for repairs and/or maintenance of landscaping and park improvements are shown as separate budget items for each type of improvement. This would include work and materials not covered under contract maintenance such as repair of damaged amenities due to vandalism, storms, etc.

Maintenance - Parks City Staff - This line item includes maintenance items that are performed by the Parks staff.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer’s Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park’s Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the

cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A "Contribution" increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a "Use of" of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Total Assessable Acreage - The total acreage within each zone expected to be assessed in the current fiscal year.

Total Assessable Units - The total number of assessable single-family units within each zone expected to be assessed in the current fiscal year.

Total Equivalent Benefit Units (“EBUs”) - Total assessable EBUs within the District for the current fiscal year. Each assessable parcel is assigned EBUs as shown in Section II C of this Report.

Applied Assessment Rate per Equivalent Benefit Unit (EBU) - The assessment rate per EBU to be applied to the applicable Zone for the current fiscal year.

Maximum Assessment Rate per Equivalent Benefit Unit (EBU) - The maximum assessment rate per EBU that can be applied to the applicable Zone for the current fiscal year.

Potential Maximum Assessment Per Zone – The total amount that can be assessed to all parcels within each Zone for the current fiscal year based upon the expected number of assessable units and acres.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone’s expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District’s fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District’s receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of

July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the FY 2024/25 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all

funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Zone A

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Stone wall repair and medians	\$600	\$500	\$5,000	\$1,000	\$7,100
Rehabilitate Sculpture Park			2,000	1,550	3,550
Rehabilitate, renovate and/or replace median improvements	24,000	24,000	24,000	24,000	96,000
Non-routine tree work	5,000	5,000	5,000	5,000	20,000
Replace irrigation controller(s)	10,000	10,000	10,000	10,000	40,000
Replace, repair, renovate and/or refurbish plants, landscape & related matts	2,500	1,000	2,500	261	6,261
Total Projected Expenditures	\$42,100	\$40,500	\$48,500	\$41,811	\$172,911

Zone D

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Rehabilitate, renovate and/or replace project entryway improvements	\$3,000	\$3,000	\$3,000	\$2,074	\$11,074
Non-routine tree work	4,000	4,000	4,000	4,000	16,000
Replace irrigation controller(s)	10,000	0	10,000		20,000
Total Projected Expenditures	\$17,000	\$7,000	\$17,000	\$6,074	\$47,074

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation

Department or equivalent, in order to provide for the maintenance and operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-185

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included assessment rates to be approved within the District, as well as the approval of an assessment range formula, which provides for annual rate increases; and

WHEREAS, the maximum assessment rates for Fiscal Year 2024/2025 shown in the Report are not proposed to be increased above the duly approved rates after applying the annual increases allowed by the assessment range formula; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-186

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Olympus Pointe Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIII C and XIII D of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, median, lighting, park and hardscape areas including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, project identification signs, special street signs, special lighting for signage, granite entryways, sculptures and sculpture park, special paving materials, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only

for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-145
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Riverside Avenue Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 **Intention:** The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 **Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance, operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, including monuments, landmark and gateway features, bulb-outs, walls, fencing, signage, special lighting, paving, transit facilities, ground cover, shrubs, plants, trees, irrigation and drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 **Boundaries and Designation:** The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

“Riverside Avenue Landscaping and Lighting District”

Section 4 **Proposed Assessment Amounts:** The proposed assessments are outlined in the Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

Section 5 **Public Hearing(s):** The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

ENGINEER'S REPORT AFFIDAVIT

Establishment of Annual Rates and Charges for the:

Riverside Avenue
Landscaping and Lighting District

City of Roseville
Placer County, State of California

This Report describes the District and any relevant zones therein, including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2024/25 as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Placer County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the Riverside Avenue Landscaping and Lighting District (“District”). The District was formed in January of 2007 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (“1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will, by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH CURRENT LEGISLATION

The City Council, pursuant to the provisions of the “Landscaping and Lighting Act of 1972”, being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the “1972 Act”); Article XIID of the Constitution of the State of California (“Article XIID”); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the “Implementation Act”) (the 1972 Act, Article XIID and the Implementation Act are referred to collectively as the “Assessment Law”) initiated proceedings for the

formation of the District on November 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2007/08. On January 17, 2007, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District's maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The proposed territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled "Boundary Map of Riverside Avenue Landscaping and Lighting District" contained within this report in Appendix A-1.

The District is bounded by Douglas Boulevard to the north, Darling Way to the south and includes parcels that front Riverside Avenue. It is centrally located between Interstate 80 and Downtown Roseville and is east of the Union Pacific Railroad.

The District currently has a mix of different types of land uses including automotive related retail and car lots, community/neighborhood retail, offices, services, and residential units.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District, through the levy of special assessments, is to provide funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. The improvements to be maintained and services are generally described as follows:

Landscaping Improvements

The general landscaping improvements in the District are to be consistent with the improvements on Vernon Street located north of the District, which intersects Riverside Avenue. As a gateway to downtown Roseville, Riverside Avenue's compatibility with Vernon Street links the downtown area and Riverside Gateway area together.

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, mid-block bulbs, bulb-outs, and associated appurtenant located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Landscaping and hardscape improvements within the public rights-of-way of the streets within the District including, but not limited to, Riverside Avenue including the corners of Riverside Avenue and Second Street, Third Street, Fourth Street, Fifth Street, Sixth Street, Darling Way, Fern Street, Cherry Street, and Bonita Street.
- Decorative banners along Riverside Avenue.
- Transit facilities include bus stop seating and decorative shelters.
- Roundabout improvements including plantings, paving, and landmark feature located at the intersection of Vernon St., Douglas Blvd., and Riverside Ave.
- A Gateway feature located at the intersection of Darling Way and Riverside Avenue.
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or area funded by other sources available to the City.

Public Lighting Improvements

The lighting improvements may include, but are not limited to, the cost of providing, maintaining, and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District. Specifically excluded from the assessment are the street light energy costs. These costs are to be paid for by the City from other revenue sources.

Detailed maps and descriptions of the location and extent of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

Description of Maintenance and Services

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs of the streetlights.

II. METHOD OF APPORTIONMENT

A. GENERAL

The Implementation Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of landscaping improvements, streetlights, and traffic signals.

Streets and Highways Code Section 22573 requires that maintenance assessments be levied according to benefit rather than the assessed value.

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

In addition, Article XIID and the Implementation Act require that a parcel’s assessment may not exceed the reasonable cost for the proportional special benefit conferred to that parcel. Article XIID and the Implementation Act further provides that only special benefits are assessable, and the City must separate the general benefits from the special benefits. They also require that publicly owned properties that specifically benefit from the improvements be assessed.

B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified

parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit.”

Proper maintenance and operation of parkway landscaping and streetlights provides special benefit to adjacent properties by providing community character, security, safety, and vitality. In addition, these improvements will enhance the ability of property owners to attract and maintain customers as well as increase the viability of commercial development.

Landscaping Special Benefit

Landscaping and appurtenant facilities, if well maintained, provide beautification, shade, and enhancement of the desirability of the surroundings, and therefore increase property value. Specifically, they provide a sense of ownership and a common theme in the community providing aesthetic appeal and increased desirability of properties.

Landscaping provides special benefit to those developments that are directly adjacent to the public streets.

Landscaping General Benefit

The Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with the landscaping improvements.

Lighting Special Benefit

The operation, maintenance and servicing of lighting along local streets and arterial streets of a development provide the following special benefits:

- Improved security of lots and parcels along the perimeter of the development;
- Improved nighttime visibility for the local access of emergency vehicles; and
- Improved safety and traffic circulation to and from parcels.

Street Lights General Benefit

Similar to the landscaping improvements described above, the Improvements were installed to directly benefit the property owners in the District to enhance business and development opportunities. Therefore, it has been determined that there are no general benefits associated with lighting improvements.

C. ASSESSMENT METHODOLOGY

To establish the special benefit to the individual parcels within the District, a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and a formula has been established to apportion the maintenance costs based on benefit.

The method of assessment is based on the front footage of each parcel located within the District. The parcel's Front Footage was determined based on Assessor Parcel maps or other sources. Only Front Footage on Riverside Avenue was used.

Based on the above formula, the FY 2007/08 maximum assessment rate approved on January 17, 2007 through a property owner balloting (the "Initial

Assessment Rate” or the “Base Year Maximum Assessment Rate”) is \$6.45 per each foot of frontage.

The following formulas were used to first calculate the District’s Initial Assessment Rate and then each parcel’s FY 2007/08 assessment (proportional benefit):

Step 1:

$$\text{Balance to Levy} \div \text{Total Front Footage} = \text{Maximum Front Footage Rate}$$

Step 2:

$$\text{Parcel Front Footage} \times \text{Maximum Front Footage Rate} = \text{Maximum Assessment}$$

The Total Front Footage was the sum of all the Front Feet within the District. The Initial Assessment Rate per Front Foot was established by taking the total cost of improvements (Balance to Levy) and dividing that amount by the Total Front Footage within the District. The Initial Assessment Rate per Front Foot, which is also the FY 2007/08 Maximum Front Footage Rate, is then applied back to each individual parcel’s Front Footage to determine the parcel’s proportionate special benefit and assessment obligation (The FY 2007/08 Maximum Assessment).

D. ASSESSMENT RANGE FORMULA

The purpose of establishing an Assessment Range Formula is to provide for reasonable increases and inflationary adjustment to annual assessment rates without requiring the District to go through the requirements of Proposition 218 in order to get a small increase in assessments. This District provides for an annual adjustment to the Maximum Assessment Rate of the lesser of the percentage change in the area’s Local Consumer Price Index for All Urban Consumers, which is currently the San Francisco-Oakland-Hayward Consumer Price Index for All Urban Consumers (the “CPI”) or three percent (3%) (the “Escalation Percentage”). The CPI in this adjustment shall be determined through CPI data from the Bureau of Labor Statistics from December to December, beginning with the period from December 2006 to December 2007.

In applying this year’s inflationary adjustment, the Escalation Percentage will increase the FY 2024/25 maximum assessment rate by 2.62% over that of the prior year.

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2008/09. Generally, if the proposed annual assessment rate for the current fiscal year is less than or equal to the calculated Maximum Assessment Rate, then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment Rate is equal to the FY 2007/08 Maximum Assessment Rate, which was approved on January 17, 2007 through a property owner balloting (the “Initial Assessment Rate” or “Base Year Assessment Rate”) and adjusted annually by the Escalation Percentage.

Beginning in the second fiscal year (Fiscal Year 2008/09) and each fiscal year thereafter, the Maximum Assessment Rate would be recalculated, and a new Maximum Assessment Rate established within the District.

The Maximum Assessment Rate is adjusted annually and is calculated independent of the District’s annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment Rate will increase each year, the actual assessment rate may remain unchanged. The Maximum Assessment Rate adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment Rate calculated each year does not require or facilitate an increase in the annual assessment rate and neither does it restrict assessments to the adjusted maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment Rate, then the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	AMOUNT (FUND 2023)
<u>DIRECT COSTS</u>	
Contract Maintenance - Landscaping	\$8,384.00
Repair & Maintenance - Landscaping	9,000.00
Repair & Maintenance - Lighting	1,500.00
Repair and Maintenance - Streetscape and Signage	3,200.00
Repair and Maintenance - Tree Work	1,729.00
Utilities	11,814.00
Rehab Reserve Expenditures - Non-Routine Tree Work	4,500.00
Rehab Reserve Expenditures	<u>20,500.00</u>
Total Direct Costs	\$60,627.00
<u>ADMINISTRATION COSTS</u>	
City Administration	\$953.00
Contract Administration - Park's Dept	1,738.00
County Auditor Fees	488.85
Consulting & Professional Services	3,873.00
Public Hearing Publishing Costs	<u>367.00</u>
Total Administrative Costs	\$7,419.85
Total Direct and Administration Costs	\$68,046.85
<u>BUDGET ADJUSTMENTS</u>	
Replenishment/(Use) of Operating Reserve	\$5,838.84
Contribution for /(Use of) Rehab Reserve	(25,000.00)
Rounding Adjustment	<u>(0.53)</u>
Total Adjustments	(\$19,161.69)
BALANCE TO LEVY	\$48,885.16

Fund balance information is reported in Section C on the following page.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2023)
<u>FY 2024/25 ASSESSMENT DATA</u>	
Number of Assessable Parcels	76
Total Assessable Front Footage	4,979.76
Assessment Rates	
Applied Assessment Rate per each Foot of Frontage	9.81677
Maximum Assessment Rate per each Foot of Frontage	9.81688
Potential Maximum Assessment	\$48,885.68

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2023)
<u>OPERATING RESERVE</u>	
Beginning Operating Reserve Balance 7-1-2024 (est.)	\$24,474.66

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET:

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the "improvements").

Repair & Maintenance - Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures - Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the

cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's' Report.

Public Hearing Publishing Costs –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for /(Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total amount of assessable Front Footage within the District in accordance with the Method of Assessment Section of this Report.

Applied Assessment Rate - The assessment rate to be applied to the front footage of each non-exempt parcel within the District for the current fiscal year.

Maximum Assessment Rate - The Maximum Assessment Rate per front foot for the current fiscal year.

Potential Maximum Assessment – The total amount that can be assessed against all non-exempt District parcels for the current fiscal year based upon the expected assessable front footage within the District.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of

July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all

funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Improve hardscapes, monuments, landmarks, gateway features	\$5,000	\$2,500	\$2,500	\$2,500	\$12,500
Non-routine tree work	2,000	2,000	2,000	2,000	8,000
Improve street furniture, trash receptacles, bike racks, bus stop shelters	5,000	3,000	4,000	3,394	15,394
Replace plants, landscaping, irrigation and/or drainage systems	6,000	6,000	6,000	6,000	24,000
Replace street lights, lighting fixtures, poles/meters, safety, security, ornamental lights	2,500	2,500	2,500	2,500	10,000
Total Projected Expenditures	\$20,500	\$16,000	\$17,000	\$16,394	\$69,894

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the District's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-187

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and,

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an assessment range formula for the District which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2024/2025 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increases allowed by the assessment range formula; and,

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-188

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Riverside Avenue Landscaping and Lighting District** (hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIII C and XIII D of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance, operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, including monuments, landmark and gateway features, bulb-outs, walls, fencing, signage, special lighting, paving, transit facilities, ground cover, shrubs, plants, trees, irrigation and drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

**NOTICE OF PUBLIC HEARING
RESOLUTION NO. 24-148
LEGAL NOTICE**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, formed the Vernon Street Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2024/2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

WHEREAS, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:

Section 1 Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

Section 2 Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, hardscape and streetscape areas within the District including, gateways, signage, street trees, sidewalks, curbs, gutters, parking stripes, pavers, planters, turf, trees, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

Section 3 Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

“Vernon Street Landscaping and Lighting District”

Section 4 Proposed Assessment Amounts: The proposed assessments are outlined in the Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

Section 5 Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

Section 6 Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

Section 7 Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 5, 2024 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

PASSED, APPROVED, AND ADOPTED THIS 15th day of May 2024.

I. OVERVIEW

A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the Vernon Street Landscaping and Lighting District (“District”). The District was formed in January of 2001 and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (“1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2024 through June 30, 2025. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year (“FY”) 2024/25. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

B. COMPLIANCE WITH THE CURRENT LEGISLATION

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the California Constitution Article XIID (Proposition 218).

The District has been formed pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code. Pursuant

to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

Prior to FY 2001/02, the City initiated (Resolution 00-523) and conducted property owner protest ballot proceedings (Resolution 01-22) in accordance with Article XIID of the California Constitution ("Article XIID") for the parcels within the District. An annual rate escalator was also included in the ballot that allows for an annual inflationary increase equal to the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward Area (the "CPI") of each succeeding year (the "Escalation Percentage"). At the conclusion of the Public Hearing held on January 17, 2001, all property owner ballots returned were tabulated to determine if majority protest existed. The result of the protest proceeding was an approval of the assessment rate and the annual inflationary increase for maintaining the improvements within the District.

Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer's Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

C. DESCRIPTION OF DISTRICT BOUNDARIES

The District is located in downtown Roseville and includes all parcels that front along Vernon Street between Folsom Road and the Riverside/Douglas Boulevard. See Appendix A for District boundary map.

D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE

The District ensures the continued maintenance, servicing, administration and operation of various landscape, lighting and streetscape improvements and associated appurtenances that are required to keep the improvements in a healthy, vigorous, and satisfactory condition. The assessable parcels receive benefit from the above improvements within the District.

Specific improvements include installation, maintenance and servicing of public facilities, including, but not limited to street trees, sidewalks, curbs, gutters, parking stripes, turf, brick pavers, planters, gateways, benches, bike racks, signage, trash receptacles, and lighting throughout the boundaries of the District (the “Improvements”).

As applied herein, “installation” means the construction of public Improvements, including, but not limited to, land preparation, such as grading, leveling, cutting, and filling, sod, landscaping, irrigation systems, sidewalks and drainage, lights, equipment, turf, brick pavers, planters, gateways, benches, bike racks and signage.

“Maintenance” means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of any Improvement, including repair, removal or replacement of all or any part of any Improvement; providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury; the removal of trimmings, rubbish, debris, and other solid waste, and the cleaning, sandblasting, and painting of Improvements to remove or cover graffiti.

“Servicing” means the furnishing of electric current, or energy, gas, or other illuminating agent for any public lighting facilities or for the lighting or operation of any other Improvements; or water for the irrigation of any landscaping, the operation of any fountains, or the maintenance of any other Improvements.

Plans and specification for the Improvements to be maintained are on file in the office of the Economic and Community Services Director at 311 Vernon Street, Roseville, CA 95678.

All assessable parcels identified as being within the District share in both the cost and the benefits of the improvements. The costs associated with the Improvements are equitably spread among all benefiting parcels within the District. Only parcels that receive direct benefit from the Improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected are dispersed and used for only the services and operation provided to the District.

II. METHOD OF APPORTIONMENT

A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”. The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of landscaping and lighting Improvements and associated appurtenances located within the District’s public rights-of-way and dedicated easements. The annual assessment is based on the historical and estimated cost to maintain the Improvements that provide a benefit to properties within these Districts. The

Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities, and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.
- Enhanced quality of life through well-maintained landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

C. DESCRIPTION OF THE METHOD OF APPORTIONMENT

Pursuant to the 1972 Act, the costs of the District may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the District in proportion to the estimated special benefits to be received by each such parcel from the Improvements. The special benefit formula used should reflect the composition of the parcels, the Improvements and services provided to fairly proportion the costs based on estimated special benefit to each parcel within the District. All assessable parcels within the District shall receive a direct special benefit from the services and Improvements provided by the District.

Article XIID of the California Constitution specifies that only special benefits are assessable, and that the City must separate the general benefits from the special benefits conferred on any parcel. Since the District is a downtown business area and the Improvements that affront each District parcel primarily attract and retain an increased customer base, these benefits enhance the District parcels and there is no measurable benefit to the public at large. Therefore, 100% of the Improvements are considered special benefit to the District parcels. The cost of

maintaining the Improvements is therefore identified as special benefit and has been allocated to the special assessments.

It was determined that a uniform assessment rate per foot of frontage upon Vernon Street would fairly distribute the net amount to be assessed due to the following reasons:

1. The assessments are based upon a specific property owner's special benefit received from the Improvements.
2. The special benefits should be directly related to the extent at which a property fronts the improvements, relative to other properties in the District.

The base assessment rate for the District was \$4.59 per linear foot in FY 2001/02 and was determined using the formula below.

$$\text{Assessment Rate Per Foot} = \frac{\text{Balance to Levy}}{\text{Total Feet of Frontage}}$$

The annual assessment amount for each parcel was then determined using the formula below:

$$\text{Parcel Front Footage} \times \text{Rate per Linear Foot} = \text{Parcel Assessment Amount}$$

D. ANNUAL INFLATIONARY ADJUSTMENT

Commencing with FY 2002/03, the maximum assessment rate is to increase annually by the percentage change in the Consumer Price Index of the San Francisco-Oakland-Hayward ("CPI") as of January of each succeeding year (the "Escalation Percentage"). Since the Department of Labor, Bureau of Labor Statistics does not publish a CPI for January; the CPI for preceding month shall be used since this is the CPI *available* in the month of January. The District's starting CPI Index of 184.1, December of 2000, is hereby established as the base CPI (the "Base Year CPI Index").

In applying this year's CPI increase, the Escalation Percentage will increase the FY 2024/25 maximum assessment rate by 2.62% over that of the prior year.

If the proposed assessment increases over the prior fiscal year by a percentage no greater than the Escalation Percentage as defined above, then the proposed assessment is not considered an increase. This assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment rate for the Current Fiscal Year is less than or equal to the calculated maximum assessment rate, then the proposed annual assessment is not considered an increased assessment.

E. APPEALS AND INTERPRETATION

Any property owner, who believes that the assessment levied on the subject property is in error as a result of incorrect information being used to apply the foregoing method of assessment, may file a written appeal with the Finance Director of the City of Roseville or his or her designee. Any such appeal is limited to correction of an assessment during the then current Fiscal Year. Upon the filing of any such appeal, the Director of Housing and Redevelopment or his or her designee will promptly review the appeal and any information provided by the property owner. If the Director of Housing and Redevelopment or his or her designee finds that the assessment should be modified, the appropriate changes shall be made to the assessment roll. However, if any such changes are approved after the County of Placer's deadline for adjustments to the tax roll, the Director of Housing and Redevelopment or his or her designee is authorized to approve a refund of the reduction amount to the property owner. Any dispute over the decision of the Director of Housing and Redevelopment or his or her designee, shall be referred to the City Council of the City of Roseville and the decision of the City Council of the City of Roseville shall be final.

F. DETERMINATION OF FRONT FOOTAGE

The front footage of each assessable parcel is subject to revision and/or correction using measurements of front footage found on the then current Placer County Assessor's Parcel Maps or through direct measurement by City personnel. Any such correction that increases a Parcel Assessment shall not be considered an increased assessment subject to the procedural provisions of Article XIID.

III. DISTRICT BUDGET

A. FY 2024/25 BUDGET

DESCRIPTION	AMOUNT (FUND 2019)
<u>DIRECT COSTS</u>	
Contract Maintenance - Landscaping	\$5,508.00
Repair & Maintenance - Landscaping	8,400.00
Repair & Maintenance - Lighting	6,250.00
Repair and Maintenance - Streetscape and Signage	0.00
Repair and Maintenance - Tree Work	3,500.00
Utilities	14,400.00
Rehab Reserve Expenditures - Non-Routine Tree Work	2,000.00
Rehab Reserve Project Expenditures	<u>8,500.00</u>
Total Direct Costs	\$48,558.00
<u>ADMINISTRATION COSTS</u>	
City Administration	\$887.00
Contract Administration - Park's Dept	2,434.00
County Auditor Fees	455.06
Consulting & Professional Services	3,870.00
Public Hearing Publishing Costs	<u>360.00</u>
Total Administrative Costs	\$8,006.06
Total Direct and Administration Costs	\$56,564.06
<u>BUDGET ADJUSTMENTS</u>	
Replenishment/(Use) of Operating Reserve	(\$558.15)
Contribution for /(Use of) Rehab Reserve	(10,500.00)
Rounding Adjustment	<u>(0.51)</u>
Total Adjustments	(\$11,058.66)
BALANCE TO LEVY	\$45,505.40

Fund balance information is reported in Section C on the following page.

B. FY 2024/25 ASSESSMENT RATES

DESCRIPTION	AMOUNT (FUND 2019)
<u>FY 2024/25 ASSESSMENT DATA</u>	
Number of Assessable Parcels	60
Total Assessable Front Footage	5,370.76
Assessment Rates	
Applied Assessment Rates per each Foot of Frontage	\$8.4728
Maximum Assessment Rates per each Foot of Frontage	\$8.4738
Potential Maximum Assessment	\$45,510.51

C. FY 2024/25 FUND BALANCE INFORMATION

DESCRIPTION	AMOUNT (FUND 2019)
<u>OPERATING RESERVE</u>	
Beginning Operating Reserve Balance 7-1-2024 (est.)	\$24,837.15
add: Replenish from FY 2024/25 Levy	
less: Use for FY 2024/25 Expenses	(558.15)
Transfer from/(to) the Rehab Reserve	0.00
Ending Operating Reserve Balance 6-30-2025 (est.)	\$24,279.00
<u>REHABILITATION RESERVE</u>	
Beginning Rehab Reserve Balance 7-1-2024 (est.)	\$12,292.85
add: Collect from FY 2024/25 Levy	
less: Use for FY 2024/25 Rehab Projects	(10,500.00)
Transfer from/(to) the Operating Reserve	0.00
Ending Rehab Reserve Balance 6-30-2025 (est.)	\$1,792.85

D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

BUDGET

DIRECT COSTS

Contract Maintenance - Landscaping - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the "improvements").

Repair & Maintenance – Landscaping - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

Repair & Maintenance – Lighting - This line item includes bulb replacement and repairs that are generally unforeseen. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance - Streetscape/Signage - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc.

Repair & Maintenance – Tree Work - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

Utilities - The furnishing of water and electricity required for the operation and maintenance of the improvements.

Rehab Reserve Expenditures – Non-Routine Tree Work – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

Rehab Reserve Project Expenditures – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

ADMINISTRATION COSTS

City Administration – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

Contract Administration – Park's Dept – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

County Auditor Fees - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

Consulting and Professional Services – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

Public Hearing Publishing Costs –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

Total Direct and Administration Costs – The total expected costs of the District.

BUDGET ADJUSTMENTS

Replenishment/(Use) of Operating Reserve – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Contribution for / (Use of) Rehab Reserve — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

Rounding Adjustment – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

BALANCE TO LEVY - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

ASSESSMENT RATES:

Number of Assessable Parcels - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land,

public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

Total Assessable Front Footage - The total linear footage of that portion of each assessable parcel's boundary that is contiguous with Vernon Street.

Applied Assessment Rate per Front Foot - This amount represents the rate being applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Assessment Rate per Front Foot - This amount represents the maximum rate that can be applied to the front footage of each parcel for the Current Fiscal Year.

Maximum Potential Assessment – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

FUND BALANCE INFORMATION:

OPERATING RESERVE

Beginning Operating Reserve Balance 7-1-2024 (est.) - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2024 to December 31, 2024, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

Replenish from FY 2024/25 Levy – This amount is added to the FY 2024/25 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Expenses – The amount of the Operating Reserve to be used to fund FY 2024/25 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2024 (the beginning of the Fiscal Year) through December 31, 2024. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Rehab Reserve — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing

maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Operating Reserve Balance 6-30-2025 (est.) - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2025. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

REHABILITATION RESERVE

Beginning Rehab Reserve Balance 7-1-2024 (est.) — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2024. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

Collect from FY 2024/25 Levy — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

Use for FY 2024/25 Rehab Projects – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

Transfer from/(to) the Operating Reserve — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

Ending Rehab Reserve Balance 6-30-2025 (est.) - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2025. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

Description	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29	4 Year Total
Non-routine tree work	\$500				\$500
Replace, repair, renovate and/or refurbish plants, landscape & related mat'ls	1,293				1,293
Total Projected Expenditures	\$1,793	\$0	\$0	\$0	\$1,793

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

Assessment diagram

APPENDIX B — FY 2024/25 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2024/25. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2024/25 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

RESOLUTION NO. 24-189

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

WHEREAS, The City Council has, by previous Resolutions, ordered the preparation of the Engineer's Annual Levy Report (hereafter referred to as the "Report") for said district known and designated as: **Vernon Street Landscaping and Lighting District** (hereinafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, being Part 2 Division 15, of the Streets and Highways Code of the State of California, beginning with Section 22500* (hereinafter referred to as the "Act"), and,

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 3, Section 22623* of the Act, and as previously directed by Resolution; and

WHEREAS, this City Council has carefully examined and reviewed the Report as presented (or amended), and is satisfied with each and all of the items and documents as set forth therein, and is satisfied that the levy has been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed, as set forth in said Report; and

WHEREAS, pursuant to Proposition 218, balloting of property owners is required for annual rate increases. The District's property owner ballots included an assessment rate to be approved within the District, as well as the approval of an inflationary adjustment factor which provides for annual rate increases; and

WHEREAS, the maximum assessment rate for Fiscal Year 2024/2025 shown in the Report is not proposed to be increased above the duly approved rate after applying the annual increase allowed by the inflationary adjustment factor; and

WHEREAS, mailed notices and Assessment Ballots are not required if assessments are not increased above the approved maximum assessment rates after applying the approved annual rate increases.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 That the Report as presented, is hereby approved (as amended), and is ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

Section 3 That the City Clerk shall certify to the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of and final approval of the Report.

RESOLUTION NO. 24-190

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

WHEREAS, the City Council of City of Roseville, California, has, by previous Resolutions, initiated proceedings, and declared its intention to levy assessments, and approved the Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) that describes the assessments against parcels of land within the **Vernon Street Landscaping and Lighting District** hereinafter referred to as the “District”) for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500* (hereinafter referred to as the “Act”) to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, the Engineer selected by the City Council has prepared and filed with the City Clerk, and the City Clerk has presented to the City Council, an Engineer’s Report in connection with the levy and collection of assessments upon eligible parcels of land within the District, and the City Council did by previous Resolution approve such Engineer’s Report; and

WHEREAS, the City Council desires to levy and collect assessments against parcels of land within the District for the Fiscal Year commencing July 1, 2024, and ending June 30, 2025, to pay for the maintenance and services of all improvements and facilities related thereto; and

WHEREAS, The Auditor-Controller of Placer County (the “County”) is requested to attach each District assessment onto the County Assessment Roll for collection; and

WHEREAS, the County of Placer requires the payment of the County’s collection fee for placing the direct charge assessments onto the County Assessment Roll and collection thereof; and

WHEREAS, the City Council and its legal counsel have reviewed Proposition 218 and found that these assessments comply with applicable provisions of Articles XIII C and XIII D of the California State Constitution; and

WHEREAS, the City has previously delivered to the County an agreement to indemnify the County in connection with the legality of the District assessments placed onto the County Assessment Roll, if challenged.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:

Section 1 That the above recitals are all true and correct.

Section 2 Following notice duly given, the City Council has held a full and fair Public Hearing regarding the District, the proposed landscaping and lighting improvements, the levy and collection of assessments, the Engineer's Report prepared in connection therewith, and considered all testimony, written statements and communications made or filed by interested persons regarding these matters.

Section 3 Based upon its review (and amendments, as applicable) of the Engineer's Report, a copy of which has been presented to the City Council and which has been filed with the City Clerk, the City Council hereby finds and determines that:

- i) the land within the District will be benefited by the operation, maintenance and servicing of the improvements located within the boundaries of the District; and,
- ii) the District includes all of the lands receiving such special benefit; and,
- iii) the net amount to be assessed upon the lands within the District in accordance with the assessment for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025 is apportioned by a formula and method which fairly distributes the net amount among all eligible parcels in proportion to the estimated special benefits to be received by each parcel from the improvements and services.

Section 4 The estimated costs of improvements, the assessment diagram, the assessments and all other matters as set forth in the Engineer's Report as presented to the City Council and on file in the Office of the City Clerk are hereby approved, adopted and confirmed.

Section 5 The maintenance, operation and servicing of the improvements shall be performed pursuant to the Act. The City Council hereby orders the District improvements to be made, which include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, hardscape and streetscape areas including, gateways, signage, street trees, sidewalks, curbs, gutters, parking stripes, pavers, planters, turf, trees, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes any new improvements or substantial changes in existing improvements.

Section 6 The County Auditor of the County of Placer shall enter on the County Assessment Roll opposite each eligible parcel of land the amount of levy so apportioned by the formula and method outlined in the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected, pursuant to *Chapter 4, Article 2, Section 22646* of the Act. After collection by the County, the net amount of the levy shall be paid to the City Treasurer.

Section 7 The City agrees to cause the District to pay the applicable Placer County's annual collection fee at the rate of 1% of the assessment amount placed upon the County Assessment Roll or at the rate in effect for the applicable Fiscal Year if updated.

Section 8 The City Treasurer shall deposit all money representing assessments collected by the County for the District to the credit of a fund for the District and such money shall be expended only for the maintenance, operation and servicing of the landscaping, lighting and appurtenant facilities, together with other expenses as described in the Engineer's Report.

Section 9 The adoption of this Resolution constitutes the District levy for the Fiscal Year commencing July 1, 2024 and ending June 30, 2025.

Section 10 The City Clerk's designee, Willdan Financial Services, is hereby authorized and directed to file the levy with the County Auditor subsequent to the adoption of this Resolution, pursuant to Chapter 4, Article 1, Section 22641 of the Act. The City Clerk is directed to deliver a certified copy of this adopted Resolution to Willdan Financial Services within two weeks of adoption, or shortly thereafter, via e-mail to mashley@willdan.com.

COUNCIL COMMUNICATION

CC #: 3369

File #: 0400-02 & 0400-03

Title: Zoning and Subdivision Ordinance Updates
Contact: Eric Singer 916-774-5536 ejsinger@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 10.2.

RECOMMENDATION TO COUNCIL

At the April 25, 2024 Planning Commission hearing, the Planning Commission recommended the City Council take the following action:

1. Adopt the two (2) findings of fact and introduce for first reading an Ordinance amending Chapters 19.08, 19.10, 19.12, 19.22, 19.28, 19.60, 19.80, and 19.95 of the Roseville Municipal Code regarding Commercial Uses, Residential Development Standards, Density Bonus Regulations, Accessory Structures, Accessory Dwelling Units, Appeals, and Definitions.

At the April 25, 2024 Planning Commission hearing, the Planning Commission reviewed and provided feedback on the Ordinance Amendments to Title 18 of the Roseville Municipal Code. Staff recommends the City Council take the following action:

1. Adopt the two (2) findings of fact and introduce for first reading an Ordinance amending Chapter 18.05 of the Roseville Municipal Code regarding Ministerial Multifamily Maps.

BACKGROUND

Each year, staff reviews the Zoning Ordinance to identify needed maintenance updates, including updates needed in response to legislation. The proposed amendments to the Zoning Ordinance identified for this annual update are relatively minor, and consist of the below changes. A more detailed description of each change is contained within the Planning Commission staff report, included as Attachment 1.

- **Section 19.12.020 and Section 19.08.090 (Permitted Use Types and Commercial Use Types):** This update creates a new definition for hydrogen fueling stations and adds them as a permitted use by right in all commercial zones per SB 1291, as well as removes the requirement for a Conditional Use Permit for electric vehicle charging stations in all commercial zones.
- **Section 19.10.030 (Residential Zone General Development Standards):** This update adds a table note limiting the number of units permitted on a parcel created through a

ministerial mapping process.

- **Section 19.22.020 and Section 19.95.030 (Accessory Structures and Definitions of Terms and Phrases):** Due to confusion among homeowners regarding street side yard fence setbacks when adjacent to key lots, staff has revised the required setback from ten (10) feet down to five (5) feet, and introduced a new clear vision triangle definition when adjacent to a residential driveway. These include new diagrams for both the key lot setback as well as the residential driveway clear vision triangle.
- **Chapter 19.28 (Density Bonus):** Assembly Bills 323 and 1287 and Senate Bill 713 made various minor changes to density bonus law, none of which are expected to have a significant impact on the City. Additionally, staff cleaned up definitions of affordability levels for clarity and consistency.
- **Chapter 19.60 (Accessory Dwelling Units):** The amendments to this Chapter include clarifying language for evaluating the appearance of accessory dwelling units to reflect objective design standards, as well as language to specify that no public physical improvements can be required for the creation or conversion of an accessory dwelling unit pursuant to state law. Additionally, Senate Bill 477 relocated all state ADU law into a new Government Code chapter. Chapter 19.60 has also been amended to reference the correct Government Code sections.
- **Section 19.80.070 (Action on Appeal):** Staff worked with the City Attorney's office to develop revisions to the section which address what happens if an appellant fails to appear at the appeal hearing. The proposed language states that if an appellant does not appear at the public hearing for the appeal, the appeal will be denied, and they cannot appeal the denial.

The following updates to the Subdivision Ordinance are listed below. A more detailed description can be found in the Planning Commission staff report, included as Attachment 1.

- **Chapter 18.05 (Tentative Map Applications – Ministerial):** This update creates a new section within Chapter 18.05, including renaming it from “Parcel Map Applications – Ministerial” to “Tentative Map Applications – Ministerial.” The proposed changes are in response to Senate Bill 684, which requires the ministerial approval of up to ten (10) lots (1 home per lot) on a five (5) acre or smaller property within a multifamily zone district (which is the City's R3 zone district). The new section establishes the application requirements, application materials, and process for reviewing and approving ministerial 10-lot multifamily maps. The only parcels eligible for this process are within the City's infill area, and very few parcels qualify as eligible.

Evaluation

Section 19.86.050 of the City of Roseville Zoning Ordinance requires two findings be made in order to approve a zoning ordinance amendment. The two findings are listed below in italicized, bold text and are followed by an evaluation of the project in relation to the findings. There is no advisory body for Title 18, so staff requested the Planning Commission review and comment on changes to Title 18. The Planning Commission had no comments or concerns about the proposed changes.

1. ***The project is consistent with the public interest, health, safety, or welfare of the City.***
2. ***The project is consistent with the General Plan and any applicable specific plan of the City of Roseville.***

The proposed changes to the Zoning Ordinance are to bring the City's regulations into

consistency with enacted state law and to make other needed maintenance updates. Annual maintenance updates ensure a clear set of regulations for both the public and for City staff. For these reasons, staff finds that the project is consistent with the public interest, health, safety, or welfare of the City and that the project is consistent with the General Plan and applicable specific plans.

The proposed changes to the Subdivision Ordinance are to bring the City's regulations into conformance with enacted state law. Senate Bill 684 will come into effect on July 1, 2024 and the City will be required to comply with the resultant changes to the Government Code. Modifying the City's ordinances for consistency with these state laws establishes a clear set of regulations for both the public and for City staff. For these reasons, staff finds that the project is consistent with the public interest, health, safety, or welfare of the City and that the project is consistent with the General Plan and applicable specific plans.

Public Outreach

Staff discussed the entirety of the proposed amendments at the Roseville Coalition of Neighborhood Associations (RCONA) General Board meeting of March 21, 2024 and also posted a general notice of the Project on the RCONA website on March 6, 2024. RCONA Board members did not ask any specific questions about the amendments and expressed no comments or concerns, though one member did ask for staff contact information in case they had follow-up questions. To date, no comments or concerns have been received.

Text amendments of the City's Zoning Ordinance and Subdivision Ordinance are not site-specific, and therefore public hearing notices were not mailed to individual property owners. Consistent with noticing requirements for a citywide project public hearing notices of the Planning Commission hearing and the City Council hearing were published in the Press Tribune and were posted on the RCONA website.

Summary of Planning Commission Meeting

The proposed amendments were heard by the City's Planning Commission on April 25, 2024. The Commissioners had no comments or questions about the proposed changes.

The Planning Commission unanimously recommended the City Council approve the Zoning Ordinance amendments. There is no advisory body for Title 18, so staff requested the Planning Commission review and comment on changes to Title 18. The Planning Commission had no comments or concerns about the proposed changes.

FISCAL IMPACT

The proposed ordinance amendments will have no impact on the City's General Fund.

ENVIRONMENTAL REVIEW

The proposed Zoning Ordinance and Subdivision Ordinance amendments are policy and procedure-making activities, and the California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Eric Singer, Associate Planner

Mike Isom, Development Services Director

Dominick Casey, City Manager

Chapter 18 Amendments

Chapter 19 Amendments

**ITEM 6.1: **ORDINANCE AMENDMENT – CITYWIDE – ZONING AND SUBDIVISION ORDINANCE
LEGISLATIVE UPDATE 2024 – PL24-0106****

REQUEST

The project is a city-initiated update to Title 18 (Subdivision Ordinance) and Title 19 (Zoning Ordinance) of the Roseville Municipal Code (RMC) in response to state legislation passed in 2023 and to make minor corrections and maintenance updates. The project includes amendments to the following Zoning Ordinance sections: Section 19.12.020 (Permitted Use Types) to add hydrogen fuel stations to the permitted uses table, remove the requirement for a Conditional Use Permit for electric vehicle charging stations, and create a new definition for hydrogen fuel stations in Section 19.08.090 (Commercial Use Types) pursuant to state law; Section 19.10.030 (Residential Zone General Development Standards) to add table notes limiting the number of units permitted on a parcel created through a ministerial mapping process, pursuant to state law; Section 19.22.030 (Accessory Structures) to reduce the setback for fences located in street side yards adjacent to key lots from ten feet down to five feet from back of sidewalk and create a new definition for a clear vision triangle adjacent to residential driveways in Section 19.95.030 (Definitions of Terms and Phrases); Chapter 19.28 (Residential Density Bonus) to incorporate changes to residential density bonuses per changes to state law; Sections 19.60.060 and 19.60.070 (Accessory Dwelling Units) to modify the language for evaluating the appearance of Accessory Dwelling Units to reflect objective design standards; and Chapter 19.80 (Appeals) to detail the process regarding an appellant's failure to appear for an appeal. The project also includes amendments to the following Subdivision Ordinance sections: Chapter 18.05 (Tentative Map Applications – Ministerial) to create a process for review and approval of Ministerial Multifamily Maps of 10 lots or fewer. The amendments to the Subdivision Ordinance are to reflect changes in state law (Senate Bill 684).

Applicant – City of Roseville
Owner – Citywide

SUMMARY RECOMMENDATION

The Planning Division recommends the Planning Commission take the following actions:

1. Consider the two (2) findings of fact and recommend City Council approve the Ordinance Amendment to Title 19 of the Roseville Municipal Code.
2. Review and comment on the Ordinance Amendment to Title 18 of the Roseville Municipal Code.

SUMMARY OF OUTSTANDING ISSUES

There are no outstanding issues associated with this request.

BACKGROUND

Each year, staff reviews the Zoning Ordinance to identify needed maintenance updates, including updates needed in response to legislation. The proposed updates identified for this annual update are relatively minor, and consist of the following changes (see Exhibit A and Exhibit B):

- **Section 19.12.020 and Section 19.08.090 (Permitted Use Types and Commercial Use Types):** This update creates a new definition for hydrogen fueling stations to the Commercial use Types and adds them as a permitted use by right in all commercial zones in the permitted uses table pursuant to Senate Bill 1291. This update also removes the requirement for a

Conditional Use Permit for electric vehicle charging stations in all commercial zones, pursuant to Government Code Section 65850.7.

- **Section 19.10.030 (Residential Zone General Development Standards):** This update adds a table note limiting the number of units permitted on a parcel created through a ministerial mapping process, discussed in further detail in the Title 18 amendments described below.
- **Section 19.22.030 and Section 19.95.030 (Accessory Structures and Definitions of Terms and Phrases):** The development standard related to street side yard fence setbacks has resulted in numerous code enforcement cases and general confusion with homeowners. Currently, side yard fences adjacent to a street must be five (5) feet from the back of the sidewalk, unless it is adjacent to what is called a “key lot.” A key lot occurs where a rear yard abuts a neighbor’s side yard, and in this instance the side yard fence must be a minimum of ten (10) feet from the back of sidewalk. Planning staff have researched Zoning Ordinances from several surrounding jurisdictions and discovered that the ten (10) foot minimum setback is more restrictive than all but two other cities. Planning staff found the typical setback for surrounding jurisdictions was five (5) feet or less for a street side yard fence.

Taking into consideration surrounding jurisdictions’ standards as well as feedback from the Engineering division, the Planning division proposes to amend Municipal Code Section 19.22.030 as follows:

- Reduce the required street side setback for fences adjacent to a key lot from ten (10) to five (5) feet from the back of sidewalk or right-of-way
- Introduce a ten (10) by ten (10) foot clear vision triangle when adjacent to a driveway, instead of using the key lot standard

Reducing the key lot fencing standard to five (5) feet and adding a clear vision standard for driveways ensures the proposed changes are consistent with the intent of the existing standard to provide visibility for vehicle movements and attractive streetscapes, while also allowing residents greater flexibility with their side yard fencing. The new diagram illustrating the residential driveway clear vision triangle can be seen as Figure 1 below:

Figure 1: Clear Vision Triangle - Residential Driveway

- **Chapter 19.28 (Density Bonus):** Assembly Bills 323 and 1287 and Senate Bill 713 made various changes to density bonus law. Changes include the inclusion of an additional density bonus for qualifying projects and additional incentives for projects that include at least 16% affordable units to very low income households. Staff also included minor clean-up language regarding the definitions of “lower income”, “moderate income”, and “very low income” households for clarity and consistency.

Chapter 19.60 (Accessory Dwelling Units): The amendments to this Chapter include clarifying language for evaluating the appearance of accessory dwelling units to reflect objective design standards, as well as language to specify that no physical improvements can be required for the creation or conversion of an accessory dwelling unit pursuant to state law.

The current language within this section uses subjective language such as “compatible with the existing primary dwelling”, where the proposed amendments state the accessory dwelling unit must have the same architectural style, colors and materials as the primary dwelling. This language adheres to the objective design standards guidelines provided by the state.

Additionally, Senate Bill 477 went into effect March 26, 2024 and relocated and consolidated all state ADU law into a new Government Code chapter. Staff will amend all references within this section to the new Government Code chapter prior to the item being heard by the City Council.

- **Section 19.80.070 (Action on Appeal):** Staff worked with the City Attorney’s office to develop revisions to the section which address what happens if an appellant fails to appear at the appeal hearing. The proposed language states that if an appellant does not appear at the public hearing for the appeal, the appeal will be denied, and they cannot appeal the denial.
- **Chapter 18.05 (Tentative Map Applications – Ministerial):** This update creates a new section within Chapter 18.05, including renaming it from “Parcel Map Applications – Ministerial” to “Tentative Map Applications – Ministerial.” The proposed changes are in response to Senate Bill 684, which requires the ministerial approval of up to 10 lots on a property within a multifamily zone district (which is the City’s R3 zone district). The new section establishes the application requirements, application materials, and process for reviewing and approving ministerial 10-lot multifamily maps. The application requirements are consistent with the standards of Senate Bill 684, and include:
 - Each created lot must have only one unit **and** the project must result in at least the *maximum* allowed density on a specific parcel. Taken together, these requirements of Senate Bill 684 ensure a developer cannot under-build a multifamily site.
 - A minimum lot size of 600 square feet.
 - An average habitable square footage for the proposed units not to exceed 1,750 square feet.
 - A requirement of one off-street parking space per unit unless the parcel is within ½-mile of a high-quality transit corridor or major transit stop, or there is a car-share vehicle within one block of the parcel, in which case no parking is required.
 - A prohibition on the demolition or alteration of affordable housing, rent-controlled housing, or housing occupied by a tenant anytime in the prior five years to make it possible to split the lot.
 - Parcels which have certain environmental conditions, such as the presence of wetlands, floodplains, high fire hazards, hazardous waste or earthquake zone, may not use the ministerial process. Likewise, parcels which are designated farmland or part of a conservation plan may not use the ministerial process.

- A requirement that the housing units must be for sale, either in fee simple or as part of a common interest development, housing cooperative, or community land trust.
- Accessory dwelling units and junior accessory dwelling units are not permitted on lots that are split using this process.

To summarize, Senate Bill 684 permits up to 10 lots and 10 homes (one home per lot) on multifamily sites, but only if this would not result in fewer units than the zoning and land use designation allows on the property. The majority of the multifamily properties in the City have a land use designation which would permit far more than ten units, making them ineligible to use this process. Only a handful of small infill sites may be eligible.

EVALUATION

Section 19.86.050 of the City of Roseville Zoning Ordinance requires two findings be made in order to approve a zoning ordinance amendment. The two findings are listed below in ***italicized, bold*** text and are followed by an evaluation of the project in relation to the findings. There is no advisory body for Title 18, so staff is requesting Planning Commission review and comment on changes to Title 18, and will pass those comments on to City Council.

- 1. The project is consistent with the public interest, health, safety, or welfare of the City.***
- 2. The project is consistent with the General Plan and any applicable specific plan of the City of Roseville.***

The proposed changes to the Zoning Ordinance are to bring the City's regulations into consistency with enacted state law and to make other needed maintenance updates. Annual maintenance updates ensure a clear set of regulations for both the public and for City staff. For these reasons, staff finds that the project is consistent with the public interest, health, safety, or welfare of the City and that the project is consistent with the General Plan and applicable specific plans.

The proposed changes to the Subdivision Ordinance are to bring the City's regulations into conformance with enacted state law. Senate Bill 684 will come into effect on July 1, 2024 and the City will be required to comply with the resultant changes to the Government Code. Modifying the City's ordinances for consistency with these state laws establishes a clear set of regulations for both the public and for City staff. For these reasons, staff finds that the project is consistent with the public interest, health, safety, or welfare of the City and that the project is consistent with the General Plan and applicable specific plans.

PUBLIC OUTREACH

Staff discussed the entirety of the proposed amendments at the Roseville Coalition of Neighborhood Associations (RCONA) General Board meeting of March 21, 2024 and also posted a general notice of the Project on the RCONA website on March 6, 2024. RCONA Board members did not ask any specific questions about the amendments and expressed no comments or concerns, though one member did ask for staff contact information in case they had follow-up questions. To date, no comments or concerns have been received.

Consistent with noticing requirements for a citywide project a public hearing notice was published in the Press Tribune and was posted on the RCONA website.

ENVIRONMENTAL DETERMINATION

The proposed Zoning Ordinance and Subdivision Ordinance amendments are policy and procedure-making activities, and the California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

RECOMMENDATION

The Planning Division recommends the Planning Commission take the following actions:

- A. Consider the findings of fact as stated in the staff report and recommend City Council approve the **Title 19 ORDINANCE AMENDMENT – CITYWIDE – ZONING AND SUBDIVISION ORDINANCE LEGISLATIVE UPDATE 2024 – PL24-0106**.
- B. Review and comment on the **Title 18 ORDINANCE AMENDMENT – CITYWIDE – ZONING AND SUBDIVISION ORDINANCE LEGISLATIVE UPDATE 2024 – PL24-0106**.

Exhibits

- A. Zoning Ordinance Redlines (RMC 19.08, 19.10, 19.12, 19.22, 19.28, 19.60, and 19.80)
- B. Subdivision Ordinance Redlines (RMC 18.05)

Note to Applicant and/or Developer: Please contact the Planning Division staff at (916) 774-5276 prior to the Commission meeting if you have any questions on any of the recommended conditions for your project. If you challenge the decision of the Commission in court, you may be limited to raising only those issues which you or someone else raised at the public hearing held for this project, or in written correspondence delivered to the Planning Manager at, or prior to, the public hearing.

ORDINANCE NO. _____

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING CHAPTER
18.05 OF THE ROSEVILLE MUNICIPAL CODE REGARDING PARCEL MAP
APPLICATIONS - MINISTERIAL

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The Chapter of the Roseville Municipal Code listed above is hereby amended to read as shown on Attachment “A”.

SECTION 2. This ordinance shall be effective at the expiration of thirty (30) days from the date of adoption.

SECTION 3. The City Clerk is hereby directed to cause this ordinance to be published in full at least once within fourteen (14) days after it is adopted in a newspaper of general circulation in the City, or shall within fourteen (14) days after its adoption cause this ordinance to be posted in full in at least three (3) public places in the City and enter in the Ordinance Book a certificate stating the time and place of said publication by posting.

Title 18. Subdivisions

Chapter 18.05. ~~PARCEL~~TENTATIVE MAP APPLICATIONS- MINISTERIAL

§ 18.05.010. Tentative map required.

A tentative map shall be required wherever a final map or parcel map is required by the Subdivision Map Act, unless specifically waived by the provisions of this title or the Subdivision Map Act.

§ 18.05.020. Application required.

Whenever a tentative map is required, the subdivider shall submit to the director a complete tentative map application to be processed in accordance with the provisions of this chapter and title. An application shall be processed pursuant to Chapter 18.06 unless consistent with one of the following:

- A. Ministerial Affordable Housing Map. ~~It~~ is a parcel map associated with a residential multi-unit (three or more units) or mixed use housing project that provides a minimum of 20 percent of the units as affordable units for low, very-low or extremely low income households and where the applicant agrees to enter into an affordable housing agreement prior to recordation of the parcel map (hereinafter affordable housing project), ~~or the application meets the following qualifying criteria for a ministerial parcel map:~~

- B. Ministerial Two-Lot Single-Family Map. The application meets the following qualifying criteria for a ministerial two-lot parcel map:

1. The parcel is located within a single-family residential zone, which are the city's single-family residential (R1) and small lot residential (RS) zones.
2. The parcel map subdivides an existing parcel to create no more than two new parcels of approximately equal lot area provided that one parcel shall not be smaller than 40 percent of the lot area of the original parcel proposed for subdivision.
3. Both newly-created parcels are a minimum of 1,200 square feet.
4. The parcel being subdivided has not been established through prior exercise of a parcel map pursuant to this section, nor has the owner or any person acting in concert with the owner previously subdivided an adjacent parcel pursuant to this section.
5. The proposed parcel map would not require demolition or alteration of any of the following types of housing:
 - a. Housing subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.
 - b. Housing which has been occupied by a tenant anytime within the last three years.
 - c. Housing subject to any form of rent or price control through a public entity's valid exercise of its police power.
 - d. A parcel or parcels on which an owner of residential real property has exercised the owner's rights under Government Code Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1, as may be amended from time to time, to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.

6. The parcel is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, [as may be amended from time to time](#), or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.
7. The parcel is not located on a site that is or contains any of the following, pursuant to Government Code subparagraphs (B) to (K), [as may be amended from time to time](#), inclusive, of paragraph (6) of subdivision (a) of Section 65913.4, [as may be amended from time to time](#):
 - a. Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.
 - b. Wetlands, as defined in the United States Fish and Wildlife Service Manual, Part 660 FW 2 (June 21, 1993).
 - c. Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Government Code Section 51178, [as may be amended from time to time](#), or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code, [as may be amended from time to time](#). This subparagraph does not apply to sites excluded from the specified hazard zones by a local agency, pursuant to subdivision (b) of Section 51179 of the Government Code, [as may be amended from time to time](#), or sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.
 - d. A hazardous waste site that is listed pursuant to Government Code Section 65962.5, [as may be amended from time to time](#), or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, [as may be amended from time to time](#), unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses.
 - e. Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, [as may be amended from time to time](#)), and by any local building department under Government Code Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2, [as may be amended from time to time](#).
 - f. Within a special flood hazard area subject to inundation by the one percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site. A development may be located on a site described in this subparagraph if either of the following are met:
 - i. The site has been subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the local jurisdiction.
 - ii. The site meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program pursuant to Part 59 (commencing with Section 59.1) and Part 60 (commencing with Section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations, [as may be amended from time to time](#).

- g. Within a regulatory floodway as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency, unless the development has received a no-rise certification in accordance with Section 60.3(d)(3) of Title 44 of the Code of Federal Regulations, as may be amended from time to time. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site.
- h. Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code, as may be amended from time to time), habitat conservation plan pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Section 1531 et seq., as may be amended from time to time), or other adopted natural resource protection plan.
- i. Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the Federal Endangered Species Act of 1973 (16 U.S.C. Section 1531 et seq., as may be amended from time to time), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code, as may be amended from time to time), or the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code, as may be amended from time to time.
- j. Lands under conservation easement.

C. Ministerial Multifamily Map. The application is for a ministerial map of 10 or fewer parcels resulting in 10 or fewer residential units and meets all of the following qualifying criteria:

1. The parcel is a legal lot located within the City's multifamily residential (R3) zone.
2. The parcel is no greater than five (5 acres).
3. The proposed parcels are no smaller than 600 square feet.
4. The parcel being subdivided has not been established through prior exercise of a map pursuant to Chapter 18.05.
5. The parcel is substantially surrounded by urban uses. As defined in paragraph (2) of subdivision (a) of Section 21159.25 of the Public Resources Code, as may be amended from time to time, substantially surrounded means at least 75 percent of the perimeter of the project site adjoins or is separated only by an improved public right-of-way from any residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses. The remaining 25% of the perimeter of the project must adjoin or be separated only by an improved public right-of-way from parcels that have been designated for any residential, commercial, public institutional, transit or transportation passenger facility, or retail use, or any combination of those uses, by the Zoning Ordinance, a Specific Plan/Community Plan, or the General Plan.
6. The project shall result in at least as many units as projected for that parcel in the General Plan Housing Element and shall also provide at least as many low- or very-low-income units identified in the General Plan Housing Element for the parcel (subject to a recorded affordability restriction of at least 45 years). If the parcel is not identified in the General Plan Housing Element, the project shall result in at least as many units as the maximum allowable residential density.
7. The average total area of floorspace for the proposed housing units on the lot proposed to be subdivided does not exceed 1,750 net habitable square feet. Habitable space is defined by the California Building Code, as may be amended from time to time, as a space in a building

for living, sleeping, eating, or cooking (bathrooms, toilet rooms, closets, halls, storage, or utility spaces and similar areas are not included in net habitable space).

8. Any parcels proposed to be created pursuant to this section will be served by a public water system and a municipal sewer system.
9. The proposed project would not require demolition or alteration of any of the following types of housing:
 - a. Housing subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.
 - b. Housing which has been occupied by a tenant anytime within the last five years.
 - c. Housing subject to any form of rent or price control through a public entity's valid exercise of its police power.
 - d. A parcel or parcels on which an owner of residential real property has exercised the owner's rights under Government Code Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1, as may be amended from time to time, to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.
10. The parcel is not located on a site that is or contains any of the following, pursuant to Government Code subparagraphs (B) to (K), inclusive, of paragraph (6) of subdivision (a) of Section 65913.4, as may be amended from time to time:
 - a. Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.
 - b. Wetlands, as defined in the United States Fish and Wildlife Service Manual, Part 660 FW 2 (June 21, 1993).
 - c. Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Government Code Section 51178, as may be amended from time to time, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code, as may be amended from time to time. This subparagraph does not apply to sites excluded from the specified hazard zones by a local agency, pursuant to subdivision (b) of Section 51179 of the Government Code, as may be amended from time to time, or sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.
 - d. A hazardous waste site that is listed pursuant to Government Code Section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, as may be amended from time to time, unless:
 - i. The site is an underground storage tank site that received a uniform closure letter issued pursuant to subdivision (g) of Section 25296.10 of the Health and Safety Code, as may be amended from time to time, based on closure criteria established by the State Water Resources Control Board for residential use or residential mixed uses.
 - ii. The State Department of Public Health, State Water Resources Control Board, Department of Toxic Substances Control, or a local agency making a determination pursuant to subdivision (c) of Section 25296.10 of the Health and Safety Code, as may be amended from time to time, has otherwise determined that the site is suitable

for residential use or residential mixed uses.

- e. Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, as may be amended from time to time), and by any local building department under Government Code Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2, as may be amended from time to time.
- f. Within a special flood hazard area subject to inundation by the one percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site. A development may be located on a site described in this subparagraph if either of the following are met:
 - i. The site has been subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the local jurisdiction.
 - ii. The site meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program pursuant to Part 59 (commencing with Section 59.1) and Part 60 (commencing with Section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations, as may be amended from time to time.
- g. Within a regulatory floodway as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency, unless the development has received a no-rise certification in accordance with Section 60.3(d)(3) of Title 44 of the Code of Federal Regulations, as may be amended from time to time. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site.
- h. Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code, as may be amended from time to time), habitat conservation plan pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Section 1531 et seq. as may be amended from time to time), or other adopted natural resource protection plan.
- i. Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the Federal Endangered Species Act of 1973 (16 U.S.C. Section 1531 et seq., as may be amended from time to time), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code, as may be amended from time to time), or the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code, as may be amended from time to time).
- j. Lands under conservation easement.

11. The housing units on the lot proposed to be subdivided are to be constructed on fee simple

ownership lots, as part of a common interest development, as part of a housing cooperative, or are to be owned by a community land trust, consistent with Government Code 66499.41(a)(4), as may be amended from time to time.

~~12.~~ The proposed subdivision conforms to all applicable objective requirements of the Subdivision Map Act (Division 2 (commencing with Section 66410, as may be amended from time to time)), except as otherwise expressly provided in this section, and the project conforms to Government Code Section 65852.28, as may be amended from time to time.

§ 18.05.030. Application materials required.

Whenever a tentative map is required, the subdivider shall submit to the director a complete tentative map application to be processed in accordance with the provisions of this chapter and title.

A complete application shall include the following:

A. Application Form.

1. The application shall be in a form specified by the director and shall be accompanied with the correct filing fee;
2. A description of the applicant's interest in the property shall be stated on the application form;
3. A dated signature by the property owner, or owners, authorizing the processing of the application, and, if so desired by the property owner, authorizing a representative to bind the property owner on matters addressed in the application.

B. Tentative Map: Preparation, Form and Number of Copies.

1. The tentative map shall be clearly and legibly drawn and prepared by or under the direction of a registered civil engineer or licensed land surveyor.
2. The scale of the map shall be at least one inch equals 40 feet unless otherwise specified by the director. If necessary to provide the proper scale, more than one sheet may be used, but the relation of the several sheets shall be clearly shown on each.
3. No single sheet shall exceed 60 inches in length and 42 inches in width.
4. Full size copies, and one copy reduced to eight and one-half inches by 11 inches (suitable for reproduction) of the tentative map. The number of the tentative map copies shall be specified by the director.

C. The following information shall appear on the face of the tentative map:

1. The proposed subdivision name;
2. Names, addresses and telephone numbers of the record owner and subdivider of the land;
3. Name, address and telephone number of the person, firm or organization that prepared the tentative map, and the applicable registration or license number;
4. Date of preparation, north arrow and scale of the map;
5. If the tentative map is based on a survey, the date of the survey;
6. A vicinity map of appropriate scale sufficiently covering adjoining territory to clearly indicate the nearby street patterns, major access streets, property lines, and other adjacent properties in the subdivider's ownership (north arrow pointing in the same direction as the north direction of the subdivision);
7. A statement of existing and proposed zoning and general plan categories, and existing and proposed uses of the property, with the approximate areas of the proposed uses by type;

8. Boundaries and dimensions of the property(ies) involved in the subdivision, with sufficient information to locate the property(ies), and the total area of the subdivision;
 9. A list of all service providers and districts, including water, sewer, electric, natural gas, phone, cable and schools;
 10. The name of all adjacent subdivisions, if any, and property lines sufficient to show their relationship to the proposed subdivision;
 11. Contour lines at intervals of not more than two feet where the general slope of the property is less than 10 percent, and/or at five-foot intervals where the general slope of the property exceeds 10 percent. Contour lines shall extend beyond the tract boundaries where necessary to show drainage conditions on surrounding property which may affect the subdivision;
 12. Topographic information shall be sufficient to fully show the configuration of the land and any and all depressions that present drainage problems;
 13. The location and general description of any trees with notations as to their specimen type, and other significant natural features with notations as to their retention or destruction;
 14. The location of all structures within the subdivision boundaries, notations if they are to remain or be removed, and their distances from other structures and existing or proposed streets and lot lines;
 15. The locations, widths and purposes of all existing and proposed easements for utilities, drainage and other public or private purposes, shown by dashed lines, within and adjacent to the subdivision;
 16. The location of any 100-year future floodplain. The city engineer may require additional hydrologic analysis to update or determine the boundaries of the 100-year floodplain;
 17. Any area of fill or excavation and their respective quantities within the 100-year future floodplain;
 18. The locations, widths and names or designations of all existing or proposed streets, alleys, pedestrian ways and other rights-of-way, whether public or private, within and adjacent to the subdivision (including the radius of each centerline curve);
 19. The lines and approximate dimensions of all lots, with sequential numbers assigned to each;
 20. The total number of lots (listed by phase, if applicable);
 21. The total area in square footage or acreage to the nearest one-tenth acre of each lot proposed to be utilized for other than single-family or two-family housing; and
 22. A statement on the face of the tentative map declaring that all easements of record are shown on the tentative map and will appear on the final maps.
- D. Additional Information and Plans Required With Ministerial Tentative Map Application . In addition, the following plans and information shall be submitted with a tentative map application:
1. A statement of proposed improvements, including all utilities and landscaping; and
 2. A preliminary title report issued not more than six months prior to its submission to the city.
 3. ~~Except for an affordable housing project~~[For a ministerial two-lot map](#), an affidavit signed by the applicant stating that the applicant intends to occupy one of the housing units as their principal residence for a minimum of three years from the date of the approval of the parcel map. This requirement shall not apply to an applicant that is a "community land trust," as defined in clause (ii) of subparagraph (C) of paragraph (11) of subdivision (a) of Section 402.1 of the Revenue and Taxation Code, [as may be amended from time to time](#), or is a "qualified nonprofit corporation" as described in Section 214.15 of the Revenue and Taxation Code, [as may be amended from time to time](#). The affidavit shall further state that the applicant understands that uses allowed on the newly-created lots shall be limited to residential uses.

§ 18.05.040. Prefiling.

Within 30 days of receiving a tentative map application the planning department shall, in writing, determine if the application meets the requirements of Section 18.05.020 and Section 18.05.030. When an application is either ineligible for the ministerial parcel map process or is missing any required information it will not be processed. Prefiling occurs on the date that the application is received with all required information.

§ 18.05.050. Application referral.

Within five days of prefiling the director will refer copies of the tentative map application to any city department, local, state or federal agency, or other individual or group the director believes may be interested in the project. If no response is received within 21 days of the referral date, the director will assume that the outside agency, individual or group has no comments.

§ 18.05.060. Acceptance of application.

Pursuant to Government Code Section 65943, [as may be amended from time to time](#), a tentative map application shall be accepted as complete by the director if it meets the requirements of Section 18.05.030 of this title.

Within 30 days of prefiling, the director shall send a letter to the applicant indicating:

- A. If all of the required information for a tentative map application has been correctly submitted pursuant to Section 18.05.030; and
- B. All information necessary to accept a complete application and to clarify, amplify, correct or supplement the application; and
- C. Suggested design changes or conditions of approval which may need to be met in order to receive approval. If the director determines additional information is required, and the additional information has not been received within six months of the letter requesting the information, then the application shall be deemed withdrawn, unless extended pursuant to Section 18.06.150.

§ 18.05.070. Application deemed "filed."

An application shall be deemed filed in accordance with Section 66452.1 of the Subdivision Map Act, [as may be amended from time to time](#), on the date the tentative map application is accepted as complete as specified in Section 18.05.060.

§ 18.05.080. Approval by city engineer.

After an application is filed, the city engineer shall approve the tentative map based upon the minimum findings below, and in accordance with the requirements of this title.

- A. The tentative map conforms to all applicable objective requirements of the Subdivision Map Act (Division 2 (commencing with Section 66410, [as may be amended from time to time](#))), except as otherwise expressly provided in this section.
- B. The tentative map conforms to objective zoning standards, objective subdivision standards, and objective design review standards, except that conformance is not required where imposition of the standards would have the effect of physically precluding the construction of two units on either of the resulting parcels or that would result in a unit size of less than 800 square feet, nor shall it be required

to correct existing non-conforming zoning conditions.

- C. The tentative map provides necessary easements for the provision of public services and facilities.
- D. The parcels have access to, provide access to, or adjoin the public right-of-way.
- E. The project will not have a specific, adverse impact, as defined and determined in Government Code paragraph (2) of subdivision (d) of Section 65589.5, [as may be amended from time to time](#), upon public health and safety or the physical environment and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact.

ORDINANCE NO. _____

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING SECTIONS
19.08.090, 19.10.030, 19.12.020, 19.22.030, 19.28.020, 19.28.030, 19.28.040, 19.28.050,
19.28.060, 19.28.085, 19.28.110, 19.60.010, 19.60.030, 19.60.060, 19.60.070, 19.60.080,
19.80.070, AND 19.95.030 OF TITLE 19 OF THE
ROSEVILLE MUNICIPAL CODE REGARDING ZONING

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The Sections of the Roseville Municipal Code referenced above are hereby amended to read as shown on Attachment "A".

SECTION 2. This ordinance shall be effective at the expiration of thirty (30) days from the date of adoption.

SECTION 3. The City Clerk is hereby directed to cause this ordinance to be published in full at least once within fourteen (14) days after it is adopted in a newspaper of general circulation in the City, or shall within fourteen (14) days after its adoption cause this ordinance to be posted in full in at least three (3) public places in the City and enter in the Ordinance Book a certificate stating the time and place of said publication by posting.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20____, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

ATTACHMENT "A"

§ 19.08.090. Commercial use types.

Commercial use types include the distribution, sale and rental of goods, and the provision of services other than those classified as civic or industrial use types. Specific commercial use types referred to in this title are:

- A. **Adult-oriented businesses**, include those uses specifically referred to in Chapters 9.11 and 19.32 of this Code and include any adult arcade, adult bookstore, adult cabaret, adult hotel/motel, adult motion picture theater, adult theater or modeling studio defined therein. Any reference in this Code to "adult business establishment" shall mean adult-oriented business, as provided herein.
- B. **Animal sales and services**, includes establishments primarily engaged in animal-related sales and services. The following are animal sales and services use types:
 - 1. **Grooming and pet stores**, includes grooming or selling of dogs, cats, and similar small animals with limited indoor boarding. Typical uses include dog bathing and clipping salons, pet grooming shops, and pet stores.
 - 2. **Kennels**, includes indoor and outdoor kennel services for dogs, cats, and similar small animals. Typical uses include boarding kennels, pet hotels, and dog training centers.
 - 3. **Veterinary clinic**, includes a fully enclosed veterinary facility containing only enough cage arrangements as necessary to provide services for small animals requiring acute medical or surgical care, as well as boarding and grooming.
 - 4. **Veterinary hospital**, includes a veterinary facility conducted in an enclosed building and an outdoor space which provides long-term medical care, boarding and grooming.
- C. **Automotive and equipment**, includes establishments primarily engaged in automotive-related or heavy equipment sales or services. The following are automotive and equipment use types:
 - 1. **Automotive body and equipment repair**, includes automobile body repair and painting; repair of equipment such as aircraft, boats, recreational vehicles, and trucks; and the installation and servicing of tractor-trailer, semi-trucks and heavy construction equipment.

2. **Automotive rentals**, includes rental from the premises of automobiles, light trucks, and recreational vehicles. Typical uses include car rental agencies.
3. **Automotive repairs**, includes repair of automobiles and the sale, installation, and servicing of automobile equipment and parts completely within an enclosed building, but excluding body repair and painting. Typical uses include muffler shops, automobile repair garages, automobile glass shops, and minor services including oil change, tuneup/lube shops, tire installation, and stereo and car accessory installation.
4. **Automotive sales**, includes the sale, retail or wholesale, of automobiles, light trucks, boats, recreational vehicles, motorcycles, motor homes, and trailers together with associated enclosed repair services and parts sales, but excluding body repair and painting. Typical uses include automobile dealers and recreational vehicle sales agencies.
5. **Car wash and detailing**, includes washing and polishing of automobiles . Typical uses include automobile detailing services and car washes.
6. **Commercial parking**, includes parking of operable motor vehicles on a temporary basis within a privately owned off-street parking area with or without a fee. Typical uses include commercial parking lots and garages.
7. **Heavy equipment rental and sales**, includes rental and sales of heavy equipment such as aircraft, trucks, tractor-trailer, semi-trucks and heavy construction equipment.
8. **Fuel sales**, includes establishments primarily engaged in the retail sale, from the premises, of petroleum, natural gas, or other fuel products [\(not including hydrogen, separately defined\)](#) primarily for use by individual vehicles with the incidental sale of tires, batteries, and replacement items, lubricating services, or minor repair services and may include drive through car washes, convenience eating places and neighborhood commercial. Typical uses include automobile service stations, filling stations and neighborhood commercial uses with gas sales.
9. **Electric vehicle charging center**, includes establishments primarily engaged in the provision, from the premises, of charging for electric vehicles, with the incidental sale of tires, batteries, and replacement items, lubricating services, or minor repair services and may include drive through car washes, convenience eating places and neighborhood commercial. This definition does not include accessory use electric vehicle charging stations, which are individual electric vehicle charging stations located in parking lots on parcels which support residential, commercial, or employment uses as the primary use, and are principally permitted as an accessory use pursuant to Chapter [19.22](#).
- 9.10. **Hydrogen fuel sales**, includes establishments primarily engaged in the provision, from the premises, of hydrogen fuel primarily for use by individual vehicles, with the incidental sale of replacement items, lubricating services, or minor repair services and may include drive through car washes, convenience eating places and neighborhood commercial uses.

- D. **Banks and financial services**, includes financial institutions including: banks and trust companies; lending and thrift institutions, credit agencies; brokers and dealers in securities and commodity contracts; security and commodity exchanges; holding, (but not predominantly operating) companies; and other investment companies; vehicle finance leasing agencies. Automated teller machines (ATMs) located away from banks are included under the definition of "personal services."
- E. **Bars and drinking places**, includes establishments within a building where alcoholic beverages are sold for onsite consumption, that are not part of a restaurant. Includes bars, taverns, pubs, brew pubs, wine bars and similar establishments where any food service is subordinate to the sale of alcoholic beverages. Dance floors are not permitted.

§ 19.10.030 Residential zone general development standards.

A. Residential Development Standards. Permitted uses and associated structures shall comply with the following development standards, in addition to any other applicable requirements of this title:

Residential Zone General Development Standards						
	Requirement by Zoning District					
	R1	RS with attached sidewalk ⁽¹⁰⁾	RS with separated sidewalk ^{(8), (10)}	R2	R3 ⁽²⁾	RMU
Area, interior lot	6,000 sq ft	4,500 sq ft	4,275 sq ft	6,000 sq ft	6,000 sq ft	None ⁽⁷⁾
Area, corner lot	7,500 sq ft	5,500 sq ft	4,710 sq ft	7,500 sq ft	7,500 sq ft	
Width, interior	60 ft	45 ft	45 ft	60 ft	60 ft	
Width, corner	75 ft	55 ft	50 ft	75 ft	75 ft	
Residential Density						
Maximum number of primary dwelling units per lot	2 dwellings ⁽¹⁾	2 dwellings ⁽¹⁾	2 dwellings ⁽¹⁾	2 dwellings ⁽¹⁾	As provided by General Plan, but a minimum of 3 dwellings ⁽¹³⁾	As provided by General Plan
Maximum number of accessory/ junior dwelling units per lot ⁽¹¹⁾	Up to 2 dwellings	Up to 2 dwellings	Up to 2 dwellings	Up to 2 dwellings	Up to 2 dwellings	Up to 2 dwellings
See Chapter <u>19.22</u> for accessory structure development standards for the following standards						
Setbacks (minimum)						
Front ^{(1) (9)}	20 ft for interior lots; 15 ft for corner lots; 20 ft minimum driveway depth	15 ft to living space or side wall of garage; 12.5 ft to porch; 18 ft minimum driveway depth ⁽⁶⁾	10 ft to first floor living space or side wall of garage; 7.5 ft to porch, but in no case may encroach into a PUE; 15 ft to second floor living space; 18 ft minimum driveway depth ⁽⁶⁾	20 ft for interior lots; 15 ft for corner lots; 20 ft minimum driveway depth	20 ft minimum on all street frontages	None ⁽⁷⁾
Sides ^{(1) (9)}	5 ft interior; 15 ft street side on corner	5 ft interior; 12.5 ft street side on first floor; 15 ft street side on second floor	5 ft interior; 10 ft street side on first floor; 13 ft street side on second floor	5 ft interior; 15 ft street side on corner	5 ft interior; 20 ft minimum on all street frontages	None ⁽⁷⁾
Rear ⁽¹⁾	20% of lot depth; need not exceed 20 ft; 10 ft minimum ⁽³⁾	10 ft minimum with minimum useable open space of 700 sq ft or 500 sq ft where a usable front porch is provided ⁽⁴⁾	10 ft minimum with minimum useable open space of 500 sq ft ⁽⁴⁾	20% of lot depth; need not exceed 20 ft; 10 ft minimum	20 ft; 20 ft minimum on all street frontages	None ⁽⁷⁾
Lot Coverage (primary buildings)	35% for 2 story; 45% for 1 story	None ⁽⁴⁾	None ⁽⁴⁾	40%	50%	None ⁽⁷⁾
Height Limits	35 ft	35 ft	35 ft	35 ft	45 ft ⁽⁵⁾	None ⁽⁷⁾
Additions to a single-family or two-family primary structure greater than 700 square feet in area ⁽¹²⁾						
Notes:						
(1) Up to two residential units are permitted in the R1 and RS zone districts provided the criteria of 19.10.030 (G) are met. Residential units may be attached or detached in the R1, RS, or R2 zone districts.						
(2) The general development standards for the R3 district may be modified through approval of a Design Review Permit.						

Notes:

- (3) On corner lots, the minimum rear setback may be determined by using an average of three measurements taken at the ends of the structure and a point midway between the ends of the structure. The measurements shall be made perpendicular to the rear lot line.
- (4) The rear and side yards may be utilized to meet the minimum usable open space provided the minimum dimension, measured perpendicular to the applicable rear or side yard is 10 feet. Maximum coverage is a function of lot size, required setbacks and usable open space. A minimum usable open space of 500 square feet may be applied where a front porch is provided with minimum dimensions of six feet by 10 feet exclusive of entry way.
- (5) Except for residential units immediately adjacent to the R1 and RS zone districts, where the height limit shall be 35 feet.
- (6) Minimum driveway depth of 18 feet requires a roll-up garage door.
- (7) As provided in development standard overlay or special area overlay district.
- (8) Sidewalk separated from back of curb by five-foot planter strip.
- (9) Front setback (and side setback where adjacent to street) measured from back of walk. Fence side yard setback is five feet from back of walk where facing a street. In the absence of sidewalk, setbacks measured from the edge of right-of-way.
- (10) Variations to the standards and other housing product types may be permitted subject to processing of a Design Review Permit for Residential Subdivision (DRRS) concurrent with the approval of a tentative subdivision map and review of product type.
- (11) A combination of up to two accessory dwelling/junior accessory dwelling units are permitted within areas zoned to allow single-family, two-family or multi-family residential use provided the lot contains an existing or proposed single-family dwelling, two-family or multi-family unit as defined in Sections 19.08.080(F)(1) and (F)(2) (Residential Use Types), the accessory dwelling/junior accessory dwelling unit complies with the standards identified in Chapter 19.60 (Accessory Dwelling Units), and the lot has not been created via a ministerial two-lot single-family map or a ministerial multifamily map pursuant to Chapter 18.05. See Chapter 19.60 for the maximum number and combination of units allowed per lot. For purposes of density, accessory dwelling units shall be deemed to be an accessory use or an accessory building or structure and shall not be considered to exceed the allowable density for the lot upon which it is located.
- (12) Additions (attached or detached) to primary structures that exceed 700 gross square feet in area may be permitted upon approval of an Administrative Permit, which may include a public hearing as provided in Sections 19.74.010 and 19.78.020. Excludes accessory dwelling units complying with the standards identified in Chapter 19.60 (Accessory Dwelling Units).
- (13) Parcels created through the exercise of the ministerial multifamily map provisions of Chapter 18.05 are limited to the number of units permitted by Government Code Section 66499.41, as may be amended from time to time, and are not permitted accessory dwelling units or junior accessory dwelling units.

19.12.020. Permitted use types.

Primary uses are permitted in commercial zones subject to the requirements of this title as designated below:

- A. Principally permitted use, designated as “P”;
- B. Conditionally permitted use, designated as “CUP”; and
- C. Administratively permitted use, designated as “A.”

Refer to the Downtown Code for permitted uses within the CBD and HD zones.

Notes:	
(1)	Reserved.
(2)	Additional requirements are contained in Chapter19.32.
(3)	Additional requirements are contained in Chapter19.40.
(4)	Additional requirements are contained in Chapter19.39.
(5)	Additional requirements are contained in Chapter19.38.
(6)	Additional requirements are contained in Chapter19.49.
(7)	Additional requirements are contained in Chapter19.34.
(8)	Additional requirements are contained in Chapter19.36.
(9)	Additional requirements are contained in Chapter19.55.
(10)	Transitional housing and supportive housing are considered residential use types and are permitted (P) where residential uses are permitted (P) or conditionally permitted (CUP).
(11)	Accessory dwelling/junior accessory dwelling units are only permitted within areas zoned to allow single- family, two-family or multi-family residential use and must be located on a lot that contains an existing or proposed single-family, two-family or multi-family dwelling unit which has an approved CUP as defined in Sections 19.08.080(F)(1) and (F)(2) (Residential Use Types). See Chapter 19.60 for additional accessory dwelling/junior accessory dwelling unit regulations.
(12)	A Conditional Use Permit is required for fast food with drive through establishments, fuel sales establishments, or electric vehicle charging centers contiguous to: (a) properties with a residential zoning designation; (b) parcels designated as a public utilities easement or landscape easement which are contiguous to a property having a residential zoning designation; and (c) any other parcel of land upon which a building cannot be developed and which separates the subject parcel by less than 100 feet which is contiguous to a property having a residential zoning designation. A conditional use permit is not required for these uses if the subject parcel is separated from properties with a residential zoning designation by a public roadway.
(13)	Multi-family uses are permitted with an Administrative Permit in the NC and CC zone districts when the housing development is constructed on or adjacent to a site occupied by a non-profit organization, and a non- profit organization will offer supportive services to the proposed residents. Examples of supportive services include transportation, child care, education assistance, and the provision of clothing and other supplies.
(14)	For sites within a specific plan, residential units are only permitted with a CUP if the specific plan has allocated units to the site. If no units are allocated or if fewer units are allocated than are proposed, a unit transfer or Specific Plan Amendment is required in addition to the CUP.
(15)	Multi-family units are permitted by right in the RC zone district if the specific plan has allocated units to the site. If no units are allocated or if fewer units are allocated than are proposed, a unit transfer or Specific Plan Amendment will be required.

§ 19.22.030. Accessory structures.

- A. **Accessory Structures Included With Permitted Uses.** In addition to the primary structures associated with permitted uses, each use classification shall be deemed to include such accessory structures which are specifically identified by these regulations, and such other accessory structures which are necessarily and customarily associated with, and are appropriate, incidental, and subordinate to, such primary structures. It shall be the responsibility of the Planning Manager to determine if a proposed accessory structure is necessarily and customarily associated with, and is appropriate, incidental, and subordinate to the primary structure, based on the Planning Manager's evaluation of whether the proposed accessory structure is necessary or customarily associated with the use for which the development was constructed. Determinations by the Planning Manager shall be subject to appeal pursuant to Chapter **19.80**, and a record of all such determinations shall be maintained by the Planning Manager. All accessory structures shall be located in compliance with all other applicable requirements of the zone district in which they are located and any other permits required (e.g., Design Review Permit).
- B. **Accessory Structures Subject to Regulations.** Accessory structures shall be regulated in the same manner as the primary structures within each zoning district, except as otherwise expressly provided by these regulations. Accessory structures may be established concurrently or following the construction of a primary structure.
- C. **Permitted Accessory Structures to Dwelling Use Type (Single-Family and Two-Family):**
1. **Decks and Balconies.** Uncovered decks under 30 inches in height at the top of the deck sheathing are permitted anywhere on a parcel, without respect to required setbacks. Any deck or balcony (uncovered or covered) which is 30 inches or taller in height, when measured as outlined in Section **19.95.030(H)(1)** (Height, Building and Other Structures), shall maintain a minimum side yard setback of two times the required interior side yard setback for the primary structure, a rear yard setback of one-half the required rear yard setback for the primary structure, a 10-foot front yard setback, and shall be located consistent with the residential clear vision triangle requirements of Section **19.10.030(6)**.
 2. **Unenclosed structures**, including, but not limited to, shade structures, carports, boat and RV covers, patio covers and gazebos located on the ground floor. Such structures are subject to the following requirements:

- a. The structure shall not enclose any area equal to or greater than 20 percent on any side not attached to the residence;
- b. The structure shall not be constructed of materials which would create a year round livable area;
- c. Less than seven feet in height:
 - i. Interior Lot. Unenclosed structures less than seven feet in height may be located anywhere within a parcel, but shall maintain the required front yard setback;
 - ii. Corner Lot. On the street side of a corner lot, the structure shall maintain a five-foot setback as measured from the back of the sidewalk or, in the absence of a sidewalk, the right-of-way;
 - iii. On the street side of a corner lot located adjacent to a key lot, the structure shall maintain a 10-foot setback as measured from the back of the sidewalk or, in the absence of a sidewalk, the right-of-way.
- d. Greater than seven feet in height.
 - i. The structure shall maintain the required front yard setback and a five-foot rear and side yard setback;
 - ii. The structure shall not exceed 15 feet in height and one story. For each foot in height above 10 feet the required setback, except the front yard setback, shall be increased by one foot. Structures integrated into the existing roofline of the primary structure, and exceeding the height limit, or constructed concurrently with the main residence shall be considered attached to (and part of) the primary structure for purposes of this article;
 - iii. On the street side of a corner lot, the structure shall maintain a five-foot setback as measured from the back of the sidewalk or, in the absence of a sidewalk, the right-of-way;
 - iv. On the street side of a corner lot located adjacent to a key lot, the structure shall maintain a 10-foot setback as measured from the back of the sidewalk or, in the absence of a sidewalk, the right-of-way.

3. Enclosed structures are subject to the following requirements:

- a. Less than seven feet in height.
 - i. The minimum setback is five feet from the back of sidewalk or right-of-way, whichever is greater, on the street side for corner lots;
 - ii. The minimum setback is 10 feet from the back of sidewalk or right-of-way, whichever is greater, when adjacent to a key lot; and
 - iii. No setback is required adjacent to the rear or interior side property lines.
- b. Greater than seven feet in height.
 - i. The maximum height is 15 feet and one story;
 - ii. The minimum setback is five feet from the rear and side property lines;
 - iii. The minimum setback is 12.5 feet from the back of sidewalk or edge of right-of-way on corner lots; and

iv. For each foot in height above 10 feet, the required setback, except for the front yard setback, shall be increased by one foot.

c. General.

- i. If the building or structure is located within a required rear yard setback, the total size of the building or buildings, cumulatively, shall be less than 50 percent of the required rear yard area.
- ii. The required front yard of the applicable residential zone district shall be maintained.
- iii. A maximum of 700 square feet of detached building(s) or structure(s) is permitted on the same lot. Additional square footage of detached accessory building(s) or structure(s) (excluding Accessory Dwelling Units), in excess of 700 square feet, may be permitted upon approval of an Administrative Permit.
- iv. An extension of the main building or accessory building roof (e.g., a breezeway) may connect the accessory building to the primary building, but it shall not be considered part of (attached to) the main (primary) building, except as specified below. The breezeway and accessory building must maintain required side yard setbacks.
- v. Any accessory structure located less than six feet from the primary building shall be considered attached to (and part of) the primary building for purposes of this article, and shall be subject to the development standards for the primary building. Additions to primary structures are regulated pursuant to Section **19.10.030** (Residential Zone General Development Standards).

4. Fences and Walls. A maximum seven-foot high fence (including lattice and similar attachments) or wall may be located on a parcel consistent with the following requirements:

a. The maximum height shall be reduced to three feet if located:

- i. Within a residential or residential driveway clear vision triangle (see Chapter **19.95** , Definitions);
- ii. Within a required front setback; or
- iii. Within five feet of the back of the sidewalk of a street-side for a corner lot, or i In the absence of a sidewalk, the five foot setback is measured from the back of the right-of-way of a street-side for a corner lot, or within 10 feet of the back of the sidewalk, or in the absence of a sidewalk, the back of the right-of-way of a street-side for a corner lot adjacent to a key lot.

NOTE: ASSUME ALL RESIDENCES AT FRONT SETBACK LINES

-  FENCES UP TO 3' IN HEIGHT
-  FENCES 3'-7' IN HEIGHT

FENCE HEIGHT
NO SCALE

NOTE: ASSUME ALL RESIDENCES AT FRONT SETBACK LINES

FENCE HEIGHT
NO SCALE

- b. When there is a difference in the ground level between two adjoining parcels, the height of any fence or wall constructed along a common property line shall be determined by using the finished grade of the highest contiguous parcel.
 - c. The height of a fence or wall may be increased a maximum of one foot to provide for noise attenuation or buffering of adjacent land uses, subject to approval of an Administrative Permit. Fences and walls in excess of eight feet may be permitted subject to the approval of a Conditional Use Permit.
 - d. The provisions of this section shall not apply to any fence or wall required by any law or regulation of the City or State.
5. **Flag Poles.** The pole may be a maximum of 35 feet in height and shall maintain a minimum five-foot setback from any property line.
 6. **Security facilities,** including security gates and gate houses at a project entrance.
 7. **Antennas,** including HAM radio, radio and television receiving antennas subject to requirements of Chapter 19.34 .
 8. **Children's play equipment,** including playsets, playhouses and tree houses.

9. **Recreation facilities**, including recreation activity courts and facilities (excluding associated fencing and netting), swimming pools, spas and hot tubs, which are customarily associated with residential use, are permitted in the rear and side yards. Recreational facilities shall not include automated pitching equipment or similar noise generating recreation equipment not typically associated with residential use.
10. **Satellite Dishes**. Satellite dishes as allowed in Chapter **19.34**.
11. **Entry Arbors**. Entry arbors may be located within the required front yard setback provided they do not cover more than 25 square feet in area and do not exceed a height of 10 feet.
12. **Landscape Features**. Landscape features including fountains less than seven feet in height may be located within the front yard setback provided the feature is located outside of the clear vision triangle and does not exceed 25 square feet in area.
13. **Mailboxes**. United States Postal Service (USPS) mailboxes may be located within the required front yard setback provided the mailbox is located outside of the clear vision triangle and does not exceed six square feet in area. The mailbox must also comply with the USPS requirements.
14. **Outdoor Living Elements**. Outdoor living elements including, but not limited to, outdoor fireplaces and outdoor kitchens, are not permitted in the required front yard and shall adhere to the development requirements for Enclosed Accessory Structures.
15. **Exceptions to Setbacks**. Notwithstanding the requirements of subsection **A** of this section, the following structures are permitted to encroach into the required development setbacks, as follows:
 - a. Architectural features, such as, but not limited to: cornices, eaves and similar features, but not any flat wall may encroach up to two feet into any required setback.
16. **Exceptions to Accessory Structure Requirements**. Unless otherwise noted that a Conditional Use Permit is required, an exception to the requirements of this section may be approved subject to the approval of an Administrative Permit.

D. Permitted Accessory Structures to Dwelling Use Type (Multi-Family).

1. **Bicycle lockers and off-street parking areas**.
2. **Decks and Balconies**. Uncovered decks under 30 inches in height at the top of the deck sheathing are permitted anywhere on a parcel, without respect to required setbacks. Any deck or balcony (uncovered or covered) of 30 inches or taller in height, when measured as outlined in Section **19.95.030(H)(1)** (Height, Building and Other Structures), shall maintain a minimum side yard setback of two times the required interior side yard setback for the primary structure, a rear yard setback of one-half the required rear yard setback for the primary structure, a 10-foot front yard setback, and shall be located consistent with the residential clear vision triangle requirements of Section **19.10.030(B)**.
3. **Unenclosed structures**, including detached shade structures, covered patios, arbors, and gazebos located on the ground floor. Such structures are subject to the following requirements:
 - a. The structure shall not enclose any area equal to or greater than 20 percent on any side;
 - b. The structure shall not be constructed of materials which would create a year round livable area;

- c. The structure shall not exceed 15 feet in height and one story. For each foot in height above 10 feet the required setback, except the front yard setback, shall be increased by one foot;
 - d. The structure shall maintain a 15-foot front yard setback and a five-foot rear and side yard setback;
 - e. On the street side of a corner lot, the structure shall maintain a five-foot setback as measured from the back of the sidewalk or, in the absence of a sidewalk, the right-of-way;
 - f. On the street side of a corner lot located adjacent to a key lot, the structure shall maintain a 10-foot setback as measured from the back of the sidewalk or right-of-way; and
 - g. The size or location of the structure does not violate any requirements of an approved site review, design review or Administrative Permit.
4. **Fences and Walls.** A maximum seven-foot high fence (including lattice and similar attachments) or wall may be located anywhere on a parcel consistent with the following requirements:
- a. The maximum height shall be reduced to three feet if located:
 - i. Within a residential or residential driveway clear vision triangle (see Chapter **19.95**, Definitions);
 - ii. Within a required front setback; or
 - iii. Within five feet of the back of the sidewalk of a street-side for a corner lot, or in the absence of a sidewalk, the five foot setback is measured from the back of the right-of-way ~~of a street-side for a corner lot, or within 10 feet of the back of the sidewalk, or in the absence of a sidewalk, the back of the right-of-way of a street-side for a corner lot adjacent to a key lot.~~
 - b. When there is a difference in the ground level between two adjoining parcels, the height of any fence or wall constructed along a common property line shall be determined by using the finished grade of the highest contiguous parcel.
 - c. The height of a fence or wall may be increased a maximum of one foot to provide for noise attenuation or buffering of adjacent land uses, subject to approval of an Administrative Permit. Fences and walls in excess of eight feet may be permitted subject to the approval of a Conditional Use Permit.
 - d. The provisions of this section shall not apply to any fence or wall required by any law or regulation of the City or State.
5. **Flag Poles.** The pole may be a maximum of 35 feet in height and shall maintain a minimum five-foot setback from any property line.
6. **Security facilities,** including security gates and gate houses at a project entrance.
7. **Antennas,** including HAM radio, radio and television receiving antennas subject to the requirements of Chapter **19.34**.
8. **Recreation facilities,** including recreation activity courts and facilities, children's play equipment, swimming pools, spas and hot tubs.
9. **Satellite Dishes.** Satellite dishes as allowed in Chapter **19.34**.
10. **Signs,** as permitted by Title 17 of this Code.

§ 19.28.020. Definitions.

For the purpose of this chapter, the following words and phrases shall have the following meanings:

"Approving authority" is as defined in the Roseville Municipal Code Title **19**, Zoning Section **19.78.020**.

"Child care facility" is defined as a child day care facility other than a family day care home, including, but not limited to, infant centers, preschools, extended day care facilities, and school-age child care centers.

"Density bonus" is defined as an increase in density over the otherwise maximum allowable residential density under the applicable general plan designation as of the date of filing of an application for density bonus with City or, if elected by the applicant, a lesser percentage of density increase. A density bonus request shall be considered as a component of a qualified housing development.

"Development standard" is defined as the site, development, or construction standards and/or conditions of approval that apply to a residential development, and includes (but is not limited to) a height limitation, a setback requirement, a floor area ratio, an on-site open space requirement, a minimum lot area per unit requirement, or a parking ratio.

"Housing development" is defined as a development project for five or more residential units, including mixed-use developments, constructed within a large lot parcel. For the purposes of this chapter, "housing development" also includes a subdivision or common interest development as defined in Section 4100 of the **Civil Code** and consists of residential units or unimproved residential lots. A density bonus shall be permitted in geographic areas of the housing development other than the areas where the affordable units are located, so long as the density bonus units are located on the same large lot parcel.

"Incentive" is defined as a reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards approved by the California Building Standards Commission. An incentive can be requested by the applicant for purposes of reducing the cost of development to make the project financially feasible. The term "incentive" includes the term "concession" as that term is used in California **Government Code** Sections 65915 through 65918.

"Large lot parcel" is defined as that term is used in any applicable specific plan (large lot parcel is hereby generally deemed as a geographic area).

"Located within one-half mile of a major transit stop" means that any point on a proposed development, for which an applicant seeks a density bonus, other incentives or concessions, waivers or reductions of development standards, or a vehicular parking ratio pursuant to this chapter, is within one-half mile of any point on the property on which a major transit stop is located, including any parking lot owned by the transit authority or other local agency operating the major transit stop.

"Lower income" or "lower income household" is defined as ~~less than~~ 80 percent of the area median income or less, as defined by Section 50079.5 of the California Health and Safety Code, as may be amended from time to time.

"Lower income unit" is defined as a unit with an affordable rent or payment that does not exceed 30 percent of 60 percent of area median income adjusted for family size appropriate for the unit.

"Major transit stop" is defined as a site containing any of the following: (1) an existing rail or bus rapid transit station; (2) a ferry terminal served by either a bus or rail transit service; or (3) the intersection of two or more major bus routes with a frequency of service interval of 15 minutes or less during the morning and afternoon peak commute periods.

"Maximum allowable residential density" or "base density" means the ~~maximum-greatest~~ number of units allowed under the zoning ordinance, specific plan, or land use element of the General Plan, or if a range of density is permitted, means the ~~maximum-greatest~~ number of units allowed by the specific zoning range, specific plan, or land use element of the General Plan applicable to the project. ~~If the density allowed under the zoning ordinance is inconsistent with the density allowed under the land use element of the General Plan or specific plan, the greater shall prevail.~~ Density shall be determined using dwelling units per acre. However, if the applicable zoning ordinance, specific plan, or land use element of the general plan does not provide a dwelling-units-per-acre standard for density, then the number of units shall be calculated by:

1. Estimating the realistic development capacity of the site based on the objective development standards applicable to the project, including, but not limited to, floor area ratio, site coverage, maximum building height and number of stories, building setbacks and stepbacks, public and private open space requirements, minimum percentage or square footage of any nonresidential component, and parking requirements, unless not required for the base project. Parking requirements shall include considerations regarding number of spaces, location, design, type, and circulation. A developer may provide a base density study and the City shall accept it, provided that it includes all applicable objective development standards.
2. Maintaining the same average unit size and other project details relevant to the base density study, excepting those that may be modified by waiver or concession to accommodate the bonus units, in the proposed project as in the study.

"Moderate income" or "moderate income household" is defined as ~~less than~~ 120 percent of the area median income or less, as defined in Section 50093 of the California Health and Safety Code, as may be amended from time to time.

"Moderate income unit" is defined as a unit with an affordable rent or payment that does not exceed 35 percent of 120 percent of area median income adjusted for family size appropriate for the unit.

"Senior citizen housing development" is defined as a housing project where residency is restricted to persons 62 years of age or older, or 55 years of age or older in a senior citizen housing development per Section 51.3 of the California Civil Code, as may be amended from time to time.

"Shared housing building" means a residential or mixed-use structure, with five or more shared housing units and one or more common kitchens and dining areas designed for permanent residence of more than 30 days by its tenants. The kitchens and dining areas within the shared housing building shall be able to adequately accommodate all residents. If any section of this code further restricts the attributes of a shared housing building beyond the requirements established in this section, the code definition shall apply to the extent that it does not conflict with the requirements of this section.

1. A "shared housing building" may include other dwelling units that are not shared housing units, provided that those dwelling units do not occupy more than 25 percent of the floor area of the shared housing building. A shared housing building may include 100 percent shared housing units.
2. A "shared housing building" may include incidental commercial uses, provided that those commercial uses are otherwise allowable and are located only on the ground floor or the level of the shared housing building closest to the street or sidewalk of the shared housing building.

"Shared housing unit" means one or more habitable rooms, not within another dwelling unit, that includes a bathroom, sink, refrigerator, and microwave, is used for permanent residence, that meets the "minimum room area" specified in Section R304 of the California Residential Code (Part 2.5 of Title 24 of the **California Code of Regulations**), as may be amended from time to time, and complies with the definition of "guestroom" in Section R202 of the California Residential Code, as may be amended from time to time. If a local ordinance further restricts the attributes of a shared housing building beyond the requirements established in this section, the local definition shall apply to the extent that it does not conflict with the requirements of this section.

"Total units" or "total dwelling units" means a calculation of the number of units that:

1. Excludes a unit added by a density bonus awarded pursuant to this section or any local law granting a greater density bonus.
2. Includes a unit designated to satisfy an inclusionary zoning requirement.
For purposes of calculating a density bonus granted pursuant to this section for a shared housing building, "unit" means one shared housing unit and its pro rata share of associated common area facilities.

"Unobstructed access to a major transit stop" means a resident is able to access the major transit stop without encountering natural or constructed impediments. "Natural or constructed impediments" includes, but is not limited to, freeways, rivers, mountains, and bodies of water, but does not include residential structures, shopping centers, parking lots, or rails used for transit.

"Very low income" or "[very low income household](#)" is defined as ~~less than~~ 50 percent of the area median income [or less](#), as defined in Section 50105 of the California Health and Safety Code, [as may be amended from time to time](#).

"Very low income unit" is defined as a unit with an affordable rent or payment that does not exceed 30 percent of 50 percent of the area median income, adjusted for family size appropriate for the unit.

§ 19.28.030. Application requirements.

A density bonus may be approved pursuant to a request for approval of a density bonus, provided the request complies with the provisions of this chapter. Each application for a density bonus request shall be accompanied by the following:

- A. A site plan that identifies all units in the project including the location of the affordable units and the bonus units.
- B. A narrative briefly describing the housing development and shall include information on:
 1. The number of units permitted under the General Plan;
 2. The total number of units proposed in the project;
 3. The number of affordable and/or senior units;
 4. The number of bonus units requested based on the tables provided in Section **19.28.050** of this chapter;
 5. A breakdown of units proposed for very low, lower, and moderate income, ~~senior citizen~~ [or other bonus-eligible housing type listed in this Chapter](#), and/or market rate units; and

- 6. Any requested incentive(s), including an explanation as to why the incentive(s) is required for the housing development.
- C. Information indicating that appropriate and sufficient infrastructure capacity (water, sewer, roadway) and water supply is available to serve the bonus units.
- D. A pro-forma illustrating the financial need for the density bonus and/or any requested incentives. The information that shall be included is as follows:
 - 1. The project pro-forma shall include, but is not limited to: capital costs, operating expenses, return on investment, revenues, loan-to-value ratio and debt-coverage ratio, any contribution provided by subsidy programs, and the economic effect created by the use and income restrictions of the affordable units;
 - 2. An appraisal report indicating the value of the density bonus and any incentive(s) requested; and
 - 3. A source and use of funds statement identifying any projected financing gap of the project. The developer shall establish how much of the gap is covered by the density bonus units, and how much will be covered by the requested incentive(s) [and/or waiver\(s\)](#).
- E. Any such additional information in support of a request for a density bonus as may be requested by the Planning Division.

§ 19.28.040. Eligibility for bonus.

A developer of a housing development containing five or more units may qualify for a density bonus and at least one other incentive as provided by this chapter if the developer does one of the following:

- A. Agrees to construct and maintain at least five percent of the units for rental or sale dedicated to very low income households (includes a shared housing building development, in which case minimum unit size or bedroom requirements shall not conflict with the definition of "shared housing building");
- B. Agrees to construct and maintain at least 10 percent of the units for rental or sale dedicated to lower income households (includes a shared housing building development, in which case minimum unit size or bedroom requirements shall not conflict with the definition of "shared housing building");
- C. Agrees to construct and maintain at least 10 percent of the units of a housing development to be sold to moderate income households, provided that all units in the development are offered to the public for purchase, [consistent with Government Code Section 65915, as may be amended from time to time](#);
- D. Agrees to construct and maintain a senior citizen housing development ("development" includes a shared housing building development), as defined in Section **19.28.020** of this chapter, or a mobilehome park that limits residency based on age requirements for housing for older persons pursuant to Section 798.76 or 799.5 of the California **Civil Code**, as may be amended from time to time;
- E. Donates land to the City dedicated for the construction of very low income units pursuant to Section **19.28.080** of this chapter;
- F. Includes a qualifying child care facility as described in Section **19.28.070** of this chapter in addition to providing housing as described in subsections **A** through **C** of this section;
- G. Agrees to construct and maintain at least 10 percent of the units of a housing development for transitional foster youth, as defined in Section 66025.9 of the California **Education Code**, as may be amended from time to time, disabled veterans, as defined in Section 18541 of the California Government Code, as may be amended from time to time, or homeless persons, as defined in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Section 11301 et seq.), as may be amended from time to time, dedicated to very low income households;
- H. Agrees to construct and maintain at least 20 percent of the units for lower income students in a student housing development pursuant to Section **19.28.085** of this chapter; or
- I. Agrees to construct and maintain 100 percent of the units, including total units and density bonus units, but exclusive of a manager's unit or units, dedicated to lower income households, except that up to 20 percent of the units, including total units and density bonus units, may be dedicated to moderate income households (includes a shared housing building development).

§ 19.28.050. Density bonus calculation and allowance.

- A. **State Law Preemption.** Pursuant to state law, the granting of a density bonus or the granting of a density bonus together with an incentive(s) shall not be interpreted, in and of itself, to require a general plan amendment, specific plan amendment, rezone, or other

discretionary approvals.

- B. **Density Bonus Calculation.** An applicant must choose a density bonus from only one applicable affordability category in subsection C and may not combine categories with the exception of child care facilities or land donation, which may be combined with an affordable housing development.
- C. **Density Bonus Allowance.** In calculating the number of units required for very low, lower and moderate income households, the density bonus units shall not be included. In no event shall a density bonus exceed 80 percent. A housing development that satisfies all applicable provisions of this chapter shall be allowed the following applicable density bonuses:
1. **Very Low Income.** The density bonus for very low income units shall be calculated as follows:

Percentage of Very Low-Income Units	Percentage Density Bonus
5	20
6	22.5
7	25
8	27.5
9	30
10	32.5
11	35
12	38.75
13	42.5
14	46.25
15	50

2. **Lower Income.** The density bonus for lower income units shall be calculated as follows:

Percentage of Lower Income Units	Percentage Density Bonus
10	20
11	21.5
12	23
13	24.5
14	26
15	27.5
16	29
17	30.5

Percentage of Lower Income Units	Percentage Density Bonus
18	32
19	33.5
20	35
21	38.75
22	42.5
23	46.25
24	50

3. **Moderate Income.** The density bonus for moderate income ownership units shall be calculated as follows:

Percentage of Moderate-Income Units	Percentage Density Bonus
10	5
11	6
12	7
13	8
14	9
15	10
16	11
17	12
18	13
19	14
20	15
21	16
22	17
23	18
24	19
25	20
26	21
27	22
28	23
29	24
30	25

Percentage of Moderate-Income Units	Percentage Density Bonus
31	26
32	27
33	28
34	29
35	30
36	31
37	32
38	33
39	34
40	35
41	38.75
42	42.5
43	46.25
44	50

4. **Senior Citizen Housing Development.** The density bonus for a senior citizen housing development that provides housing for seniors consistent with Section **19.28.040** of this chapter shall be 20 percent.
5. **Child Care Facility.** A project (whether a housing, commercial, or industrial project) is eligible for a density bonus for a child care facility when in compliance with Section **19.28.070** of this chapter and California **Government Code** Section 65917.5.
6. **Donation of Land.** A project is eligible for the following density bonus for the donation of land when in compliance with Section **19.28.080** of this chapter:

Percentage of Very Low-Income Units	Percentage Density Bonus
10	15
11	16
12	17
13	18
14	19
15	20
16	21
17	22
18	23

Percentage of Very Low-Income Units	Percentage Density Bonus
19	24
20	25
21	26
22	27
23	28
24	29
25	30
26	31
27	32
28	33
29	34
30	35

7. **Conversion of Apartments to Condominiums.** A project is eligible for a 25 percent density bonus for the conversion of apartments to condominiums when in compliance with California **Government Code** Section 65915.5.
8. **Foster Youth, Disabled Veterans, and Homeless Persons.** The density bonus for a housing development for transitional foster youth, disabled veterans, or homeless persons shall be 20 percent.
9. **Students.** The density bonus for a student housing development that provides housing for students consistent with Section **19.28.085** of this chapter shall be 35 percent.
10. **One Hundred Percent Affordable.** The density bonus for a 100 percent affordable housing development consistent with Section **19.28.040(1)** of this chapter shall be 80 percent of the number of units for lower income households. Except that, if the affordable housing development is located within one-half mile of a major transit stop, maximum density requirements shall not apply.
11. **Additional Density Bonus.** Projects qualifying for a density bonus pursuant to this Chapter may also qualify for an additional bonus, if it meets all of the following eligibility criteria:
 - a. No more than 50% of the housing development units shall be restricted to very low, lower, or moderate income households.
 - b. The additional bonus shall include rental or for-sale units affordable to very low income households or moderate income households.
 - c. The housing development conforms to any of the following:
 - i. The housing development is consistent with Section 19.28.040(A) and provides 15 percent of the total units to very low income households.
 - ii. The housing development is consistent with Section 19.28.040(B) and provides 24 percent of the total units to lower income households.

iii. The housing development is consistent with Section 19.28.040(C) and provides 44 percent of the total units to moderate income households.

The additional density bonus calculation shall exclude any additional bonus units, and shall be calculated as follows:

<u>Percentage of Very Low-Income Units</u>	<u>Percentage Density Bonus</u>
<u>5</u>	<u>20</u>
<u>6</u>	<u>23.75</u>
<u>7</u>	<u>27.5</u>
<u>8</u>	<u>31.25</u>
<u>9</u>	<u>35</u>
<u>10</u>	<u>38.75</u>
<u>Percentage of Moderate Income Units</u>	<u>Percentage Density Bonus</u>
<u>5</u>	<u>20</u>
<u>6</u>	<u>22.5</u>
<u>7</u>	<u>25</u>
<u>8</u>	<u>27.5</u>
<u>9</u>	<u>30</u>
<u>10</u>	<u>32.5</u>
<u>11</u>	<u>35</u>
<u>12</u>	<u>38.75</u>
<u>13</u>	<u>42.5</u>
<u>14</u>	<u>46.25</u>
<u>15</u>	<u>50</u>

§ 19.28.060. Eligibility and application requirements for incentives.

- A. **Available Incentives.** A housing development qualifying for a density bonus may be entitled to at least one incentive . Incentives may include, but are not limited to:
1. A reduction in site development standards such as:
 - a. Reduced minimum lot sizes and/or dimensions.
 - b. Reduced minimum lot setbacks.

- c. Reduced minimum outdoor and/or private outdoor living area.
 - d. Increased maximum lot coverage.
 - e. Increased maximum building height and/or stories.
 - f. Reduced on-site parking requirements.
 - g. Reduced street standards.
2. A reduction in architectural design requirements.
 3. A density bonus greater than the amount required by this chapter.
 4. Other regulatory incentives proposed by the developer or the City, which result in identifiable, financially sufficient, and actual cost reductions.

B. **Parking Requirements.** If an applicant qualifies for a density bonus pursuant to this chapter, the applicant may request, in addition to any requested incentive(s), that reduced parking requirements be applied to the project in place of the City's current parking requirements. The parking requirement is inclusive of accessible and guest parking for the entire housing development, but shall not include on-street parking spaces in the count towards the parking requirement. The housing development may provide on-site parking through tandem or uncovered parking, but not through on-street parking. In calculating the number of parking spaces required for a development, if the total number of parking spaces is other than a whole number, the number shall be rounded up to the next whole number.

1. Except as otherwise provided in this subsection, the following parking requirements shall apply:
 - a. Zero to one bedroom: one on-site parking space.
 - b. Two to three bedrooms: one and one-half on-site parking spaces.
 - c. Four or more bedrooms: two and one-half on-site parking spaces.
2. If the housing development includes at least 20 percent lower income units or at least 11 percent very low income units, is located within one-half mile of a major transit stop, and there is unobstructed access to the major transit stop from the development, then the parking requirement shall be one-half on-site parking space per unit.
3. If a housing development consists solely of rental units, exclusive of a manager's unit or units, with an affordable housing cost to lower income families, as provided in Section 50052.5 of the California **Health and Safety Code** as may be amended from time to time, then no parking spaces shall be required as long as the development meets either of the following criteria:
 - a. The development is located within one-half mile of a major transit stop and there is unobstructed access to the major transit stop from the development; or
 - b. The development is a for-rent housing development for individuals who are 62 years of age or older that complies with Sections 51.2 and 51.3 of the California **Civil Code** as may be amended from time to time, and the development has either paratransit service or unobstructed access, within one-half mile, to fixed bus route service that operates at least eight times per day.

4. If a housing development consists solely of rental units, exclusive of a manager's unit or units, with an affordable housing cost to lower income families, as provided in Section 50052.5 of the California **Health and Safety Code** as may be amended from time to time, and the development is either a special needs housing development, as defined in Section 51312 of the California **Health and Safety Code** as may be amended from time to time, or a supportive housing development, as defined in Section 50675.14 of the California **Health and Safety Code** as may be amended from time to time, then no parking spaces shall be required. A development that is a special needs housing development shall have either paratransit service or unobstructed access, within one-half mile, to fixed bus route service that operates at least eight times per day.
5. Upon the request of the developer, the parking requirement (inclusive of parking for persons with a disability and guests) shall be 0.5 spaces per bedroom if all of the following are met:
 - a. The housing development includes at least 40 percent moderate-income units and at least 10 percent of the units of the housing development are sold to moderate-income households, provided that all units in the development are offered to the public for purchase; and
 - b. The housing development is located within one-half mile of a major transit stop, as defined in **Public Resources Code** Section 21155(b), as may be amended from time to time; and
 - c. The residents of the development have unobstructed access to the major transit stop from the development.

C. **Eligibility for Incentives.** Incentives are available to a housing developer as follows:

1. One incentive for housing developments that: (a) restrict at least 10 percent of the total units to lower income households, at least five percent for very low income households, or at least 10 percent for persons and families of moderate income in a development in which the units are for sale; or (b) are for senior housing.
2. Two incentives for housing developments that restrict at least 17 percent of the total units to lower income households, at least 10 percent for very low income households, or at least 20 percent for persons and families of moderate income in a development in which the units are for sale.
3. Three incentives for housing developments that restrict at least 24 percent of the total units for lower income households, at least 15 percent for very low income households, or at least 30 percent for persons and families of moderate income in a development in which the units are for sale.
4. ~~Four~~Five incentives for housing developments that restrict 100 percent of the units, including total units and density bonus units, but exclusive of a manager's unit or units, dedicated to lower income households, except that up to 20 percent of the units, including total units and density bonus units, may be dedicated to moderate income households. If the project is located within one-half mile of a major transit stop, the applicant shall also receive a height increase of up to three additional stories, or 33 feet.
5. One incentive ~~or concession~~ for projects that include at least 20 percent of the total units for lower income students in a student housing development.
6. Four incentives for projects that include at least 16 percent of the units for very low income households or at least 45 percent for persons and families of moderate income in a development in which the units are for sale.

§ 19.28.085. Student housing.

- A. **Student Housing Density Bonus Requirements.** In order for a student housing development to be eligible for a density bonus under Section **19.28.040** of this chapter, the student housing development must meet the following requirements:
1. All units in the student housing development shall be used exclusively for undergraduate, graduate, or professional students enrolled full time at an institution of higher education accredited by the Western Association of Schools and Colleges or the Accrediting Commission for Community and Junior Colleges. The developer shall, as a condition of receiving a certificate of occupancy, provide evidence to the City that the developer has entered into an operating agreement or master lease with one or more institutions of higher education for the institution or institutions to occupy all units of the student housing development with students from that institution or institutions.
 2. The applicable 20 percent units ~~will~~ shall be used for lower income students. For purposes of this clause, "lower income students" means students who have a household income and asset level that does not exceed the level for Cal Grant A or Cal Grant B award recipients as set forth in paragraph (1) of subdivision (k) of Section 69432.7 of the California **Education Code**.
 3. The rent provided in the applicable units of the development for lower income students shall be calculated at 30 percent of 65 percent of the area median income for a single-room occupancy unit type.
 4. The development ~~will~~ shall provide priority for the applicable affordable units for lower income students experiencing homelessness.
- B. **Definition of Units.** For purposes of calculating a density bonus granted for a student housing development, the term "unit" means one rental bed and its pro rata share of associated common area facilities.

§ 19.28.110. Affordable housing agreement required.

- A. **Agreement Required.** In approving a density bonus, the associated permit or tentative map shall require that an affordable housing agreement, or other form of agreement as approved by the City Attorney, effectuating the terms of affordability of the development be executed prior to effectuation of the permit or recordation of the final map.
- B. **Continued Availability.** The density bonus request shall include the procedures proposed by the developer to maintain the continued affordability of all affordable income density bonus units and shall be evidenced by an affordable housing agreement as follows:
1. An applicant shall agree to, and the City shall ensure, continued affordability of all very low and low income units that qualified the applicant for the award of the density bonus for 55 years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program. Rents for the lower income density bonus units shall be set at an affordable rent as defined in Section **19.28.020** of this chapter. Owner-occupied units shall be available at an affordable housing cost as defined in Section **19.28.020** of this chapter.

2. An applicant shall agree to, and the City shall ensure that, the initial occupants of the moderate income units are directly related to the receipt of the density bonus in the common interest development as defined in Section 4100 of the California **Civil Code**, are persons and families of moderate income, as defined in Section **19.28.020** of this chapter and that the units are offered at an affordable housing cost, as that cost is defined in Section **19.28.020** of this chapter. The City shall enforce an equity-sharing agreement unless it is in conflict with the requirements of another public funding source or law. The following apply to the equity-sharing agreement:
 - a. Upon resale, the seller of the unit shall retain the value of any improvements, the down payment, and the seller's proportionate share of appreciation. The City shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used within five years for any of the purposes described in subdivision (e) of Section 33334.2 of the California Health and Safety Code, [as may be amended from time to time](#), that promote homeownership.
 - b. For purposes of this subdivision, the City's initial subsidy shall be equal to the fair market value of the home at the time of initial sale minus the initial sale price to the moderate-income household plus the amount of any down payment assistance or mortgage assistance. If upon resale the market value is lower than the initial market value, then the value at the time of the resale shall be used as the initial market value.
 - c. For purposes of this subdivision, the City's proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of initial sale.
- C. **Specialty Units.** In approving a density bonus for units for transitional foster youth, disabled veterans, homeless persons, and students, the associated permit or tentative map shall require that an affordable housing agreement, or other form of agreement as approved by the City Attorney, effectuating the terms of affordability of the development for 55 years be executed prior to effectuation of the permit or recordation of the final map. In addition, for units for transitional foster youth, disabled veterans and homeless persons, the units shall be provided at the same affordability level as very low income units.

Chapter 19.60

ACCESSORY DWELLING UNITS

§ 19.60.010 Purpose.

This chapter provides criteria for the approval of accessory dwelling units and junior accessory dwelling units. This chapter is adopted pursuant to the authority of Government Code Sections ~~65852.2 and 65852.22~~ [66310, 66311, and 66312](#), as they now exist or may hereafter be amended.

§ 19.60.030 Definitions.

For the purposes of this chapter, the following words and phrases shall have the meanings respectively ascribed to them by this section. Words and phrases not defined in this section, shall have the meanings respectively ascribed to them in Chapter 19.95 (Definitions of Terms and Phrases).

“Accessory dwelling unit” shall be as defined by Government Code Section ~~65852.2~~ [66313](#), as it now exists or may hereafter be amended, and means an attached or a detached residential dwelling unit that provides complete independent living facilities for one or more persons. The unit shall be located on a permanent foundation or a permanent chassis if a manufactured home, have an independent exterior access (if located within a single-family dwelling unit), and shall include permanent provisions or infrastructure to support living, sleeping, eating, cooking, and sanitation on the same parcel as where a single-family, two-family or multi-family dwelling (including detached garages) is situated or proposed to be situated. Accessory dwelling units can also include efficiency units, as defined in Section 17958.1 of the Health and Safety Code, manufactured homes, as defined in Section 18007 of the Health and Safety Code, second dwelling units, granny flats, in-law quarters, casitas, carriage units, and tiny houses as long as such units otherwise meet this definition.

“Accessory structure” means a structure that is accessory and incidental to a single-family, two-family or multifamily dwelling located on the same lot.

“Car share vehicle” means a vehicle that can be rented for short periods of time and is available 24 hours a day, seven days a week at unattended self-service locations.

“Existing structure,” for the purposes of defining an allowable space that can be converted to an accessory dwelling unit, means the following:

1. The proposed accessory dwelling unit is located within the walls and roofline of a fully enclosed, existing structure (i.e., the existing footprint); and
2. The existing structure can be made safely habitable under local building codes at the determination of the building official, regardless of any nonconforming zoning conditions.

“Junior accessory dwelling unit” shall be as defined by Government Code Section ~~65852.2~~ [66313](#), as it now exists or may hereafter be amended, and means a unit that is no more than 500 square feet in size and contained entirely within an existing or proposed single-family dwelling. A junior accessory dwelling unit may include separate sanitation facilities, or may share sanitation facilities with the existing structure.

“Living area” means the interior habitable area of a dwelling unit, including basements and attics, but does not include a garage or any accessory structure.

“Nonconforming zoning condition” means a physical improvement on a property that does not conform with current zoning standards.

“Passageway” means a pathway that is unobstructed clear to the sky and extends from a street to one entrance of the accessory dwelling unit.

“Permanent provisions or infrastructure,” in the context of the definition of an “accessory dwelling unit,” means a permanent kitchen consisting of a sink, a counter for food preparation, a food storage area, and either a minimum 220V receptacle or a dedicated gas line for a cooking appliance (a 110V receptacle for a microwave, toaster, hotplate, etc., is not a permanent provision); a toilet connected to plumbing; a bathroom sink connected to plumbing; and a bathing facility connected to plumbing, such as a shower or bathtub.

“Primary dwelling unit” means a proposed or existing single-family, two-family or multi-family dwelling unit located on the lot where the accessory dwelling unit is proposed to be developed, and includes attached, enclosed accessory structures, such as a garage.

“Proposed dwelling” means a dwelling that is the subject of a permit application and that meets the requirements for permitting.

“Public transit” means a location, including, but not limited to, a bus stop or train station, where the public may access buses, trains, subways, and other forms of transportation that charge set fares, run on fixed routes, and are available to the public.

“Tandem parking” means that two or more automobiles are parked on a driveway or in any other location on a lot, lined up behind one another.

“Within the existing space” includes areas within an existing primary dwelling unit or within an existing attached or detached accessory structure such as a garage, storage area, a carriage house, a pool house, studio, and similar enclosed structures. The addition of square footage, including, but not limited to, the addition of another floor, is not considered to be “within the existing space,” unless the expansion is for the purposes of ingress and egress and does not exceed 150 square feet. Additions of square footage which are not “within the existing space” are considered new construction.

§ 19.60.060 Development standards for accessory dwelling units proposed within existing structures or existing living areas.

Accessory dwelling units are permitted to be developed within existing structures or within the living area of an existing primary dwelling unit. Accessory dwelling units developed within existing structures or living areas shall be allowed only in compliance with the following standards:

- A. Setbacks. No setback shall be required for an accessory dwelling unit, including porches, decks, balconies, stairs, and patios which are attached to and for the use of the accessory dwelling unit, built within the footprint and dimensions of an existing living area or existing structure. Garages are subject to the setbacks of Section 19.22.030 (Accessory structures).
- B. Floor Area. The total floor area of an attached accessory dwelling unit developed within an existing primary dwelling unit shall not exceed the floor area of the existing primary dwelling unit, except that an expansion of up to 150 square feet beyond the same physical dimensions as the existing primary dwelling unit is permitted for accommodating ingress and egress. The total floor area for a detached accessory dwelling unit developed within an existing detached

accessory structure shall not exceed the floor area of the existing detached accessory structure, except that an expansion of up to 150 square feet beyond the same physical dimensions as the existing detached accessory structure is permitted for accommodating ingress and egress. Expansions beyond 150 square feet must comply with the standards set forth in Section 19.60.070 (Development standards for accessory dwelling units proposed as new construction).

C. Unit Sizes.

1. An accessory dwelling unit shall not be less than the minimum size for an efficiency unit, as defined in Section 17958.1 of the Health and Safety Code, as it now exists or may hereafter be amended.
2. An accessory dwelling unit shall not be more than 850 square feet for a studio or one-bedroom or more than 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.

D. Minimum Facilities. Accessory dwelling units developed within existing structures or living areas shall include permanent provisions for independent living, sleeping, eating, cooking, and sanitation within the unit and must include a separate exterior entrance from the primary dwelling unit if the primary dwelling is a single-family dwelling.

E. Appearance. The accessory dwelling unit shall be designed and constructed ~~so as to be compatible with the existing primary dwelling and neighborhood in terms of height, form, and materials, as determined by the Planning Manager or designee applying objective standards, and with the same architectural style, exterior materials and colors as the primary dwelling.~~ The accessory dwelling unit shall be subordinate to the primary dwelling unit. Manufactured homes shall meet the architectural standards set forth in Section 19.10.030(E) (Residential zone general development standards).

F. Parking Requirements. Accessory dwelling units developed within existing structures or living areas shall not be required to provide parking. A garage, carport, or covered parking structure shall be subject to the development regulations of Section 19.22.030 (Accessory structures), if the owner chooses to provide parking as part of the accessory dwelling unit. In addition, when a garage, carport, or covered parking structure is converted to an accessory dwelling unit, the required off-street parking spaces for the primary dwelling unit, if eliminated, do not need to be replaced. If the property owner chooses to replace the parking spaces, the replacement spaces may be located in any configuration on the same lot as the accessory dwelling unit, including within the front yard or street side setback, and may be covered spaces subject to conformance with the applicable requirements set forth in Section 19.22.030(C)(2) (Permitted accessory structures to dwelling use type (single-family and two-family)) or Section 19.22.030(D)(3) (Permitted accessory structures to dwelling use type (multi-family)), uncovered spaces or tandem spaces. All replacement parking shall comply with the requirements set forth in Section 11.20.110 (Parking on private property prohibited), Section 19.10.030(F) (Residential zone general development standards), and Section 19.26.040(A) (Design and improvement of parking).

G. Passageways. No passageways shall be required in conjunction with accessory dwelling units developed within existing structures or living areas.

H. Building and Fire Codes. Except as otherwise provided in this chapter, accessory dwelling units developed within existing structures or living areas shall comply with all local building and fire codes. A demolition permit for a detached garage that is to be replaced with an

accessory dwelling unit must be reviewed with the application of the accessory dwelling unit and issued at the same time.

- I. Fire Sprinklers. Accessory dwelling units developed within existing structures or living areas shall not be required to provide fire sprinklers if fire sprinklers were not required for the primary dwelling unit.
- J. Utilities. Accessory dwelling units developed within existing structures or living areas shall not be required to install a new or separate utility connection directly between the accessory dwelling unit and the public utility infrastructure, unless the accessory dwelling unit was constructed with a new single-family dwelling unit. However, if necessary utility infrastructure does not exist with capacity available to serve both the primary dwelling unit and the accessory dwelling unit, the property owner shall be responsible for all costs related to installation of necessary infrastructure or upsizing existing infrastructure. Property owners may install a new or separate utility connection directly between the accessory dwelling unit and the public utility infrastructure at the property owner's option and expense.
- K. Height. An accessory dwelling unit shall not exceed the height limits prescribed in Section 19.10.030 (Residential zone general development standards) for the zone in which the accessory dwelling unit will be located, or if not within a residential zone, the height shall not exceed the standards established in Section 19.10.030 for the single-family residential (R1) zone.
- L. Number Permitted. Except as otherwise permitted by subsection M, only one accessory dwelling unit is permitted per lot.
- M. Exceptions to Development Standards.
 - 1. One accessory dwelling unit and one junior accessory dwelling unit is permitted per lot with a proposed or existing single-family dwelling if all of the following apply:
 - a. The accessory dwelling unit or junior accessory dwelling unit is within the proposed space of a single-family dwelling unit or existing space of a single-family dwelling unit or accessory structure and may include an expansion of not more than 150 square feet beyond the same physical dimensions as the existing accessory structure. An expansion beyond the physical dimensions of the existing accessory structure shall be limited to accommodating ingress and egress.
 - b. The space has exterior access from the proposed or existing single-family dwelling unit.
 - c. The side and rear setbacks are sufficient for fire and safety.
 - d. The junior accessory dwelling unit complies with the requirements of Government Code Section ~~65852.22~~66313, as it now exists or may hereafter be amended.
 - 2. Multiple accessory dwelling units within portions of existing multi-family dwelling units are permitted in areas not used as livable spaces, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if all of the following apply:
 - a. Each unit complies with state building codes for dwellings.
 - b. At least one accessory dwelling unit is permitted within an existing multi-family dwelling or up to 25 percent of the existing multi-family dwelling units may be converted to accessory dwelling units, whichever is greater.
 - 3. Two detached accessory dwelling units are permitted per lot that has an existing multi-family

dwelling unit, subject to four-foot rear and side setbacks and the following height standards:

- a. A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit.
- b. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit that is within one-half mile of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code, as may be amended from time to time. An additional two feet in height is also permitted when the height is to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.
- c. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multi- family, multi-story dwelling.
- d. A height of 25 feet or the height limitation in this Code that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require City to allow an accessory dwelling unit to exceed two stories.

4. No public physical improvements shall be required for the creation or conversion of an accessory dwelling unit, including but not limited to sidewalk, street, or access improvements. The addition of an accessory dwelling unit shall not require the correction of nonconforming zoning conditions, per Government Code Sections 66314-66315, as it now exists or may hereafter be amended.

- N. Waivers. Notwithstanding anything to the contrary contained in this title, limits on height, setbacks, lot coverage, floor area ratio, open space, front setbacks, and lot sizes are hereby waived if they do not permit at least an 800 square foot accessory dwelling unit which provides four-foot rear and side setbacks and meets the following height standards:
 1. A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit.
 2. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit that is within one-half mile of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code, as may be amended from time to time. An additional two feet in height is also permitted when the height is to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.
 3. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multi- family, multi-story dwelling.
 4. A height of 25 feet or the height limitation in this Code that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require City to allow an accessory dwelling unit to exceed two stories.

§ 19.60.070 Development standards for accessory dwelling units proposed as new construction.

Newly constructed accessory dwelling units are permitted to be attached to a proposed or existing primary dwelling unit or detached from a proposed or existing primary dwelling unit as long as the newly constructed accessory dwelling unit is located on the same lot as a proposed or existing primary dwelling unit. Newly constructed accessory dwelling units shall be allowed only in

compliance with the following standards:

- A. Minimum Lot Area. There is no minimum lot area.
- B. Maximum Lot Coverage. There is no maximum lot coverage.
- C. Setbacks. No setback shall be required for an accessory dwelling unit constructed in the same location (i.e., footprint) and to the same dimensions as an existing accessory structure. A setback of four feet from the side and rear lot lines shall be required for an accessory dwelling unit that is otherwise newly constructed, including porches, decks, balconies, stairs, and patios which are attached to and for the use of the accessory dwelling unit.
- D. Floor Area. The total floor area of an attached accessory dwelling unit shall not be less than 150 square feet nor exceed the standards of subsection E (Unit sizes). The total floor area for a detached accessory dwelling unit shall not be less than 150 square feet nor exceed the standards of subsection E (Unit sizes).
- E. Unit Sizes.
 - 1. An accessory dwelling unit shall not be less than the minimum size for an efficiency unit, as defined in Section 17958.1 of the Health and Safety Code, as ~~it now exists or may hereafter be amended~~ may be amended from time to time.
 - 2. An accessory dwelling unit shall not be more than 850 square feet for a studio or one-bedroom or more than 1,000 square feet for an accessory dwelling unit that provides more than one bedroom.
- F. Minimum Facilities. The accessory dwelling unit shall include permanent provisions for independent living, sleeping, eating, cooking, and sanitation within the unit and must include a separate exterior entrance from the primary dwelling unit if the primary dwelling is a single-family dwelling.

Appearance. The accessory dwelling unit shall be designed and constructed ~~so as to be compatible with the proposed or existing primary dwelling unit and neighborhood in terms of height, form, and materials, as determined by the Planning Manager or designee applying objective standards, and t~~ with the same architectural style, exterior materials and colors as the primary dwelling. The accessory dwelling unit shall be subordinate to the primary dwelling unit. Manufactured homes shall meet the architectural standards set forth in Section 19.10.030 ~~(E)~~ (F) (Residential zone general development standards

G.).

Parking Requirements. Except as otherwise provided by this chapter, the parking required by this section is in addition to that required for the primary dwelling unit located on the lot by Chapter 19.26 (Off-Street Parking and Loading). Garages, carports, and covered parking structures attached to the accessory dwelling unit and built to satisfy the required parking standards for the accessory dwelling unit are subject to the same setbacks and other development regulations as the accessory dwelling unit

H. t.

- A. Accessory dwelling units with one or more bedrooms shall provide at least one off-street parking space. Studios shall not be required to provide any parking spaces. The parking requirement for accessory dwelling units with bedrooms can be met by providing the required parking space within the front yard setback and may be located in tandem with other on-site parking as long as it complies with the requirements set forth in Section 11.20.110 (Parking on private property prohibited), Section 19.10.030(F) (Residential zone general development standards), and Section 19.26.040(A) (Design and improvement of parking).

When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an accessory dwelling unit, the required off-street parking spaces for the primary dwelling unit, if eliminated, do not need to be replaced. If the property owner chooses to replace these parking spaces, the replacement spaces may be located in any configuration on the same lot as the accessory dwelling unit, including within the front yard or street side setback, and may be covered spaces subject to conformance with the applicable requirements set forth in Section 19.22.030(C)(2) (Permitted accessory structures to dwelling use type (single-family and two-family)) or Section 19.22.030(D)(3) (Permitted accessory structures to dwelling use type (multi-family)), uncovered spaces or tandem spaces. All replacement parking shall comply with the requirements set forth in Section 11.20.110 (Parking on private property prohibited), Section 19.10.030(F) (Residential zone general development standards), and Section 19.26.040(A) (Design and improvement of parking).

- B. Notwithstanding the above, accessory dwelling units shall not be required to provide parking in any of the following circumstances:

- a. When the accessory dwelling unit is located within one-half mile walking distance of public transit.

- b. When the accessory dwelling unit is located within the Old Town Historic District (DT-4) or the Central Business District (DT-6).

- c. When the accessory dwelling unit is part of an existing or proposed primary dwelling unit or an existing accessory structure.

- d. When on-street parking permits are required but not offered to the occupant of the accessory dwelling unit.

- e. When there is a car share vehicle located within one block of the accessory dwelling unit.

- f. When a permit application for an accessory dwelling unit is submitted with a permit application to create a new single-family or multi-family dwelling.

- I. Passageways. No passageways shall be required in conjunction with the construction of an accessory dwelling unit.

- J. Building and Fire Codes. Except as otherwise provided in this chapter, newly constructed accessory dwelling units shall comply with all local building and fire codes.

Fire Sprinklers. Accessory dwelling units shall not be required to provide fire sprinklers if fire sprinklers were not required for the primary dwelling unit.

K. t.

Utilities. New or separate utility connections directly between the accessory dwelling unit and the public utility infrastructure shall only be required if directed by the environmental utilities department or the electric department. In such cases, if necessary utility infrastructure does not exist with capacity available to serve both the primary dwelling unit and the accessory dwelling unit, the property owner shall be responsible for all costs related to installation of necessary infrastructure or upsizing existing infrastructure.

L. e.

Height. An accessory dwelling unit shall not exceed the height limits prescribed in Section 19.10.030 (Residential zone general development standards) for the zone in which the accessory dwelling unit will be located, or if not within a residential zone, the height shall not exceed the standards established in Section 19.10.030 for the single-family residential (R1) zone.

M. e.

Number Permitted. Except as otherwise permitted by subsection O, only one accessory dwelling unit is permitted per lot.

N. t.

O. Exceptions to Development Standards.

1. One newly constructed detached accessory dwelling unit that does not exceed four-foot rear and side setbacks, which may be combined with one junior accessory dwelling unit, is permitted per lot if all of the following apply:

- a. The total floor area for the newly constructed detached accessory dwelling unit shall not exceed 800 square feet.

The newly constructed detached accessory dwelling unit shall not exceed the following height standard:

b. s:

- i. A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single-family or multi-family dwelling unit.

A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single-family or multi-family dwelling unit that is within one-half mile of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code, as may be amended from time to time. An additional two feet in height is also permitted when the height is to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.

ii. t.

A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multi-family, multi-story dwelling.

iii. g.

A height of 25 feet or the height limitation in this Code that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a

primary dwelling. This clause shall not require City to allow an accessory dwelling unit to exceed two stories

iv. s.

2. Two newly constructed detached accessory dwelling units are permitted per lot that has an existing multifamily dwelling unit, subject to four-foot rear and side setbacks and the following height standards:

a. A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit.

A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit that is within one-half mile of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code, as may be amended from time to time. An additional two feet in height is also permitted when the height is to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit

b. t.

A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multifamily, multi-story dwelling

c. g.

A height of 25 feet or the height limitation in this Code that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require City to allow an accessory dwelling unit to exceed two stories

d. s.

3. No public physical improvements shall be required for the creation or conversion of an accessory dwelling unit, including but not limited to sidewalk, street, or access improvements. The addition of an accessory dwelling unit shall not require the correction of nonconforming zoning conditions, per Government Code Sections 66314-66315, as may be amended from time to time.

O. Waivers. Notwithstanding anything to the contrary contained in this title, limits on height, setbacks, lot coverage, floor area ratio, open space, front setbacks, and lot sizes are hereby waived if they do not permit at least an 800 square foot accessory dwelling unit which provides four-foot rear and side setbacks and meets the following height standards:

1. A height of 16 feet for a detached accessory dwelling unit on a lot with an existing or proposed single- family or multi-family dwelling unit.

A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed single family or multi-family dwelling unit that is within one-half mile of a major transit stop or a high-quality transit corridor, as those terms are defined in Section 21155 of the Public Resources Code, as may be amended from time to time. An additional two feet in height is also permitted when the height is to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit.

2. A height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multi- family, multi-story dwelling.

3. A height of 25 feet or the height limitation in this Code that applies to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. This clause shall not require City to allow an accessory dwelling unit to exceed two stories.

§ 19.60.080 Use restrictions.

- A. Sales Prohibited, Exceptions. Accessory dwelling units shall not be sold independently of the primary dwelling unit on the lot unless all of the criteria of Government Code Section ~~65852.26~~[66341](#), as may be amended from time to time, are met, including that the accessory dwelling unit or the primary dwelling unit was built or developed by a qualified nonprofit corporation and there are affordability restrictions on the sale and conveyance of the accessory dwelling unit or primary residence that ensure the accessory dwelling unit and primary dwelling will be preserved for low income housing for 45 years for owner-occupied housing units and will be sold or resold to a qualified buyer.
- B. Rentals. Accessory dwelling units may be rented as long as the rental term exceeds 30 calendar days. Accordingly, short-term rental permits authorized pursuant to Chapter 4.25 (Short-Term Rentals) will not be issued for accessory dwelling units.

§ 19.80.070. Action on appeal.

Each appeal shall be considered to be a de novo hearing on the matter being appealed. The ~~appellate Approving Authority~~[appeal authority](#) may grant the appeal, grant the appeal in part, or deny the appeal. In taking its action on an appeal, the ~~Approving Authority~~[appeal authority](#) shall state the basis for the action being taken on the appeal, and may refer the matter back to the original Approving Authority for further action. The ~~appellate Approving Authority~~[appeal authority](#) may modify or delete any conditions which have been appealed, or add such conditions as may be necessary to address the issues being appealed, or may modify or delete any other conditions of approval which are necessarily related to those which have been appealed. Any condition which was not appealed, and which has not been modified or deleted upon appeal, shall remain unaffected.

Having received notice of the appeal authority's public hearing to consider the appeal, an appellant failing to appear at the public hearing will be found to have failed to exhaust their administrative remedies and the appeal will be denied. In such case, the appeal authority's decision on the appeal is final and may not itself be appealed.

§ 19.95.030. Definitions.

A.

1. **Accessory Building or Structure:** (See Building, Accessory).
2. **Act:** The Fair Housing Amendments Act of 1988.
3. **Amendment:** Any change, modification, deletion, or addition to the wording, text or substance of this title or any change, modification, deletion, or addition to the application of this title to property within the City of Roseville, including any alteration in the boundaries of a zone district, when adopted by ordinance passed by the City Council in the manner prescribed by law.
4. **Antenna:** A device used in communications which transmits or receives radio signals. Common forms of antennae are panel arrays and whip antennas. Panel arrays are designed to concentrate a radio signal in a particular area and are typically flat and rectangular in design. Whip antennas transmit a signal 360 degrees and are cylindrical with an 18-foot height limit.
 - a. Co-Location. Locating wireless communications equipment from more than one provider on a single site.
 - b. Telecommunication Facility. A land use facility supporting antennas and microwave dishes that sends and/or receives radio-frequency signals. Communication facilities include structures (aka monopole, towers) and accessory buildings.
 - c. Dish Antenna. A dish-like antenna used to link communication sites together by wireless transmission of voices or data. Also called microwave antenna or microwave dish antenna.
 - d. Equipment Building, Shelter or Cabinet. A structure designed and used to house equipment used by telecommunication providers at a facility.
 - e. Monopole. A structure of a single spire used to support communications equipment.

- f. **Related Equipment.** All equipment ancillary to the transmission and reception of voice and data via radio frequencies. Such equipment may include, but is not limited to, cable, conduit and connectors.
 - g. **Satellite Antennas.** A satellite antenna is a dish like antenna used to link communications sites together by wireless transmission of voice or data. Also called microwave antenna or microwave dish antenna.
 - h. **Stealth Facility.** Any communications facility which is designed to blend into the surrounding environment. Examples of stealth facilities may include architecturally screened roof-mounted antennas, building mounted antennas painted to match the existing structure, antennas integrated into architectural elements, and antenna structures designed to link like light poles. Also called concealed antennas.
 - i. **Telecommunication Tower.** A mast, pole, monopole or guyed or lattice, free-standing tower designed and primarily used to support antennas, to include dishes, arrays and similar devices.
5. **Appellate Approving Authority:** As designated in Section **19.80.020**, it is either the Planning Commission or the City Council that is authorized to hear and act on appeals to actions and decisions provided by this title.
6. **Approving Authority:** As designated in Section **19.80.020**, it means one of the following depending on the nature of the application: City Council, Planning Commission, Design Committee, Planning Manager, or designee.

B.

- 1. **Building:** Any structure having a roof supported by columns and/or walls and intended for the shelter, housing and enclosure of any individual, animal, process, equipment, vehicles, goods or materials of any kind or nature.
- 2. **Building or Structure, Accessory:** A building or structure detached from a principal building on the same lot and incidental to the principal building.
- 3. **Building or Structure, Nonconforming:** A building or structure, or portion thereof, which was lawfully erected, altered or maintained, prior to the effective date of the ordinance codified in this title, but which, because of the application of this title to it, no longer conforms to the specific regulations applicable to the zoning district in which it is located.
- 4. **Building(s), Primary:** A building(s) devoted primarily to the principal or conditionally permitted use of the lot or building site on which it is situated, as permitted by this title.
- 5. **Bus Depot or Station:** A place of business serving as a point of arrival or departure for passengers traveling by intercity or interstate bus, except those buses operated by a governmental entity.

C.

- 1. **City:** The City of Roseville, California.
- 2. **City Council:** The City Council of the City of Roseville.
- 3. **Clear Vision Triangle, Commercial:** That portion of both private property and public right-of-way located at any corner where two streets intersect. The clear vision triangle is defined by the triangular area created by the diagonal connection of two points measured 30 feet back from the intersection of the prolongation of points measured along the front and corner street side back of curb (see figure below). The dimensions of the clear vision triangle may be required to be increased if the Director of Public Works determines that additional area is needed to ensure that a potential traffic hazard is not created.

CLEAR VISION TRIANGLE - COMMERCIAL
NO SCALE

4. **Clear Vision Triangle, Residential:** The clear vision triangle is defined by the path of travel of a vehicle making a right turn at an intersection, and is intended to preserve appropriate line-of-sight for the driver and pedestrians at a turn. The clear vision triangle is the area created by the diagonal connection of two points measured 25 feet along the back of curb on the right-hand side of the vehicle as it approaches the intersection to turn right, and 75 feet along the perpendicular side of the back of curb on the right-hand side of the vehicle as it completes the turn and departs the intersection (see figure below).

CLEAR VISION TRIANGLE - RESIDENTIAL
NO SCALE

5. **Clear Vision Triangle, Residential Driveway:** The clear vision triangle is defined by the path of travel of a vehicle exiting a driveway and is intended to preserve appropriate line-of-sight for the driver and pedestrians at the driveway-street interface. The clear vision triangle is the area created by the diagonal connection of two points measured 10 feet along the edge of driveway on the right- or left-hand side of the vehicle as it approaches the street, and 10 feet along the perpendicular side of the back of curb on the right- or left-hand side of the vehicle as it enters the street (see figure below).

CLEAR VISION TRIANGLE - RESIDENTIAL DRIVEWAY

NO SCALE

- 5.6. **Compact Residential Development:** Attached or detached single-family housing units on a parcel or parcels with a General Plan land use designation of medium density residential or higher (seven dwelling units per acre or higher, as depicted on the General Plan Land Use Map).
- 6.7. **Condominium:** An estate in real property consisting of an undivided interest in common in portions of a parcel of real property together with a separate interest in a dwelling, industrial or commercial building on such real property, such as an apartment, office, warehouse or store. A condominium may include, in addition, a separate interest in other portions of such real property.
- 7.8. **Condominium Conversion:** Condominium conversion occurs whenever a multiple residential dwelling unit building or a residential housing project containing three or more dwelling units under the same ownership, or such a project that has been granted an occupancy permit is subdivided so that individual dwelling units are available for sale as condominiums within the meaning of **Civil Code** Section 783.

~~8.9.~~ **Cooking:** As referred to in Section **19.08.080** and Chapter **19.60**, "cooking" means that the unit will contain a residential stove/oven/cooktop requiring dedicated utility connections such as large amperage wiring or a dedicated gas connection.

~~9.10.~~ **Council, or City Council:** The City Council of the City of Roseville, California.

~~10.11.~~ **Construction Trailer:** A trailer used as an on-site office only during actual construction of an approved building site.

D.

1. **Density:** The number of dwelling units per gross acre excluding accessory dwelling units pursuant to **Government Code** Section 65852.2.
2. **Department:** The planning and redevelopment department of the City of Roseville.
