

AGENDA June 5, 2024

CITY COUNCIL
6:00 p.m.
Council Chambers
311 Vernon Street
Roseville, CA
www.roseville.ca.us

THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

Public Comment - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

Consent Calendar - If applicable, the Consent Calendar consists of routine items that may be approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

Agenda Items - Speakers have five minutes to address items that are listed on the agenda.

Levine Act Provisions - The Levine Act requires a Party (or its agent (s)) to a Proceeding before the City of Roseville that involves any action or consideration to their contract, license, permit, or other entitlement for use, to disclose any campaign contribution made to City elected or appointed officers (including Councilmembers, Planning Commissioners, and members of other City boards and commissions) totaling more than \$250 within the 12 months before the City decision.

Americans with Disabilities Act - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

Audio/Visual Presentations - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Security procedures are in place to attend Roseville City Council meetings. All attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be allowed entry. Prohibited items include, but are not limited to: firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/ any weapons and/or dangerous devices of any kind, illegal drugs and alcohol.

6.2. Basketball Court Renovations (RFQ 10-3381) - Contract Purchase Agreement

Memo from Buyer Sue Jessup and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-152 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND TJR RESOURCES, INC. AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003645). Staff requests Council approve a contract purchase agreement with TJR Resources, Inc. as the lowest responsive and responsible bidder for RFQ 10-3381 for the basketball court renovations project. The Parks, Recreation, & Libraries Department has a requirement to replace the aging basketball court surfaces at Maidu Park, Elliot Park, and Woodbridge Park. The total cost of the renovation is \$268,000. Additionally, staff recommends Council approve change order authority for a 10% contingency, for a total contract not-to-exceed amount of \$294,800. Funding is included in the Basketball Court Replacement project in the Parks, Recreation and Libraries Capital Projects Fund.

6.3. Ferric Chloride (BACC 06-2024) - Contract Purchase Agreement

Memo from Purchasing Supervisor Becky Philipps and Assistant City

Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-154 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND KEMIRA WATER SOLUTIONS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003569). Staff requests Council approve a contract purchase agreement with Kemira Water Solutions, Inc. as the lowest responsive bidder for Bay Area Chemical Consortium Bid No. 06-2024 for the supply and delivery of Ferric Chloride for the Dry Creek Wastewater Treatment Plant and Pleasant Grove Wastewater Treatment Plant. The estimated annual cost is \$645,000. Funding is included in the Environmental Utilities Department's proposed FY2024-25 budget in the Wastewater Operations Fund.

6.4. Liquid Aluminum Sulfate (BACC 01-2024) - Contract Purchase Agreement

Memo from Purchasing Supervisor Becky Philipps and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-161 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND CHEMTRADE CHEMICALS US, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003566). Staff requests Council approval of a contract purchase agreement with Chemtrade Chemicals US, LLC as the lowest responsive bidder for Bay Area Chemical Consortium Bid No. 01-2024 for the supply and delivery of liquid aluminum sulfate for the Environmental Utilities Water Treatment Plant. The annual cost is \$168,060. Funding is included in the proposed FY2024-25 budget in the Water Operations Fund. Staff requests authorization for three optional renewal years without further Council approval, pending Council's approval of the yearly budget.

6.5. Pineschi Park Play Structure Replacement Project - Contract Purchase Agreement

Memo from Park Planning & Development Manager Tara Gee and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-157 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ROSS RECREATION EQUIPMENT COMPANY, INC. AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003589). Staff requests Council approve a contract purchase agreement with Ross Recreation Equipment Company Inc. in the amount of \$204,647.63 to purchase and install the play structure at Pineschi Park through a piggy-back agreement in order to realize the best costs for the equipment. The

funding for this play structure replacement was approved by Council in FY2022-23 from Highland Reserve North Community Facilities District No. 2 (Services District). There will be no General Fund impacts.

6.6. John Byouk Park Project - Award of Contract

Memo from the Park Development Project Manager Joel De Jong and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-155 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ABIDE BUILDERS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council award the base bid and all additive alternatives for a total contract award amount of \$2,247,000 to Abide Builders, Inc. This 8-acre park site is located adjacent to Rex Fortune Elementary School in the Sierra Vista Specific Plan area of Roseville, off of Upland Drive. Funding for construction of this park was initially included in the FY2021-22 Capital Improvement Project (CIP) budget in the John Byouk Park - JM-50 Project, with additional funds for construction added in the FY2023-24 CIP budget. Maintenance costs will be approximately \$16,000/acre/year and will be funded by the Sierra Vista Community Facilities District No. 2 (Public Services). There will be no General Fund impact.

6.7. Microtransit Vans - Purchase Order and Budget Adjustment

Memo from Assistant Transportation Planner Zachary Presley and Public Works Director Jason Shykowski recommending the City Council approve ORDINANCE NO. 6818 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve a purchase order to A-Z Bus Sales in the amount of \$2,429,666.64 for twelve (12) Ford E-Transit 350 vans. Staff also requests Council approve a budget adjustment in the amount of \$700,000 to align project funding to grant and local match funding for the procurement of Ford E-Transit 350 vans. Funding will come from federal Low/No Emissions grant funding in the amount of \$560,000 of the purchase with \$140,000 of local match funding coming from Local Transportation Funds. These projects will have no impact on the General Fund.

6.9. Building Control System Services - Sole Source Contract Purchase Agreement

Memo from Administrative Technician Darci Carpenter and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 24-153 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND SACRAMENTO COOLING SYSTEMS, INC. DBA L&H AIRCO, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003623). Staff requests Council approve a contract purchase agreement with L&H Airco, LLC, to provide maintenance, repair, installation of hardware, and for the software programming of Alerton Building Control Systems in the amount of \$300,000. These control systems manage air conditioning and heating throughout the City's facilities. Additionally, staff requests authorization for up to four (4) optional one-year renewals of the sole source contract, pending sole source verification, without further Council approval, contingent upon the approval of the relevant budget for those fiscal years or until City staff determines that continuing with the same vendor is not in the City's best interest. Funding for this agreement is included in the proposed FY2024-25 budget in the Facility Services Fund and Facility Rehabilitation Fund.

6.10. Zero Emission Bus Depot Project – Increase in Change Order Authority

Memo from Project Supervisor Andre Baranov and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 24-167 APPROVING AN INCREASE IN CHANGE ORDER AUTHORITY. Staff requests Council authorize an additional 5% change order authority (\$191,869.50) for the Zero Emissions Bus Depot (ZEBD) located at the Roseville Corporation Yard due to change orders needed to finalize the project that exceed the original authority, due to changing project demands and additional work discovered as part of the existing conditions. The project is funded with Local Transportation Funds, the Electric Fund, Air Quality Mitigation Funds, Low Carbon Transit Operations Program Grant monies, Placer County Air Pollution Control District Grant monies, and American Rescue Plan Act funding. No General Fund resource were used for the Project.

6.12. Dell Technology Equipment - Purchase Order

Memo from Client Services Supervisor Dylan Cook and Chief Information Officer Hong Sae recommending the City Council approve a purchase order utilizing the National Association of State Procurement Officials (NASPO) Dell Marketing L.P. contract #23004, with California Participating Addendum 7-23-70-55-01, as a competitively bid contract to obtain the best pricing available for the City. The Information Technology Department maintains over 1,900 computers across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operation of City business. The total estimated cost for this citywide technology purchase order is \$800,000. Funding is included in the proposed FY2024-25 budget for the Information Technology Department and other departments in the Information Technology Operations Fund.

6.13. Computers, Technology Equipment and Software - Purchase Order Increase

Memo from Client Services Supervisor Dylan Cook and Chief Information Officer Hong Sae recommending the City Council approve an increase to the existing purchase order with CDW Government, LLC in the amount of \$150,000 for the purchase of computers, technology equipment and software. The additional \$150,000 will be used to complete the City's equipment renewal projects and purchase equipment through the end of the fiscal year. The recommended increase in authority for FY2023-24 is from \$1,500,000 to \$1,650,000. Funding is included in the FY2023-24 budget for the Information Technology Department and other departments in the Information Technology

Operations Fund.

6.14. Computer and Technology Equipment - Purchase Orders

Memo from Client Services Supervisor Dylan Cook and Chief Information Officer Hong Sae recommending the City Council adopt RESOLUTION NO. 24-160 APPROVING PURCHASE ORDERS FOR THE PURCHASE OF COMPUTER AND TECHNOLOGY EQUIPMENT. Staff requests Council approve purchase orders utilizing the Sourcewell CDW-G Technology Catalog Solutions contract #121923 and National IPA contract #2018011, as competitively bid contracts to obtain the best pricing available for the City. The Information Technology Department maintains over 1,900 computers, 1,500 mobile devices, 350 servers, 250 terabytes of data storage, 185 network switches and multiple cybersecurity equipment items across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operations of City business. Both the Roseville Electric Utility and Environmental Utilities departments support and maintain industrial control systems which provide critical information for the output, status, and conditions of the distribution and generation operational environment. The total estimated costs for these citywide technology purchase orders is \$2,300,000. Funding is included in the proposed FY2024-25 budgets for the Information Technology Department and other departments in the Information Technology Operations Fund for \$1,500,000; for the Electric Department in the Electric Fund for \$500,000; and for the Environmental Utilities Department in the Water and Wastewater Operations funds for \$300,000.

6.15. Technology Disaster Recovery Plan – Capital Improvement Project Approval, Contract Purchase Agreement, and Budget Adjustment

Memo from Assistant Information Technology Director Jesse Ravera and Chief Information Officer Hong Sae recommending the City Council adopt RESOLUTION NO. 24-193 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND GlassRatner Advisory & Capital Group LLC dba B. Riley and Advisory Services, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3003700); and adopt ORDINANCE NO. 6821 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approval of the establishment of a new Capital Improvement Project – the Business Continuity and Disaster Recovery Plan and a contract purchase agreement with

GlassRatner Advisory & Capital Group LLC dba B. Riley and Advisory Services to develop a comprehensive technology disaster recovery plan that aligns with the critical business needs of the City and provides the information necessary to minimize downtime and data loss. The total project cost is \$178,093. Staff also requests Council approve a budget adjustment appropriating \$178,093 of the City's allocation of American Rescue Plan Act (ARPA) funding in the Federal Stimulus Reserve - ARPA Fund to the Project for the development of this plan.

Resolutions

6.16. Natural Gas for Roseville Electric - Gas Transaction Confirmation

Memo from Power Supply and Portfolio Administrator Petra Wallace and Electric Utility Director Daniel Beans recommending City Council adopt RESOLUTION NO. 24-197 APPROVING A GAS TRANSACTION CONFIRMATION, BY AND BETWEEN SHELL ENERGY NORTH AMERICA (US) L.P. AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval to amend Roseville Electric's Main Gas Supplier Agreement with Shell Energy North Marica L.P. (Shell) effective July 1, 2024, through May 31, 2025. This item also requests approval to exercise the option to extend the agreement for one additional year without any further City Council approval. The proposed changes in the Gas Transaction Confirmation will result in an estimated increase of \$125,000 annually. Funding for these costs is included in the proposed FY2024-25 Electric Department budget in the Electric Fund.

6.17. Payment Gateway and Processor Services - Professional Services Agreement

Memo from Senior Utility Billing Analyst Kerri Crosby and Electric Utility Director Dan Beans recommending the City Council adopt RESOLUTION NO. 24-164 APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND INVOICE CLOUD, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a professional services agreement with Invoice Cloud, Inc., for payment gateway and processor services with the option for two (2) additional one (1) year renewals without further Council approval. Funding for this agreement, totaling \$550,000 in FY2024-25, is included in the Electric and Environmental Utilities Department proposed FY2024-25 budgets. The agreement will be funded by funds available in the Electric Fund (\$275,000), Water Fund (\$91,667), Wastewater Fund (\$91.667) and Waste Services Fund (\$91,666).

6.18. Power Management Services – Service Agreement

Memo from Power Supply and Portfolio Administrator Petra Wallace and Electric Utility Director Dan Beans recommending the City Council adopt RESOLUTION NO. 24-169 APPROVING A SERVICE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ALLIANCE FOR COOPERATIVE ENERGY SERVICES POWER MARKETING LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of a five-year agreement for power management services with Alliance for Cooperative Energy Services Power Marketing LLC (ACES), effective January 1, 2025 through December 31, 2029. The cost of ACES services is \$1,170,000 for 2025, and for each subsequent year the cost will escalate by 3.5%. Funding for the services is included in the proposed FY2024-25 Electric Department budget in the Electric Fund. Funding for future years will be included in the Electric Department's respective budgets, and is contingent on City Council approval.

6.19. Side Letter Agreements with Roseville Police Officers' Association Regarding Updates to the Uniform Provision, Double Overtime for Officer Volunteers on July 4th, Seniority Criteria, and Spousal Health Benefit Update

Memo from Human Resources Director Stacey Peterson recommending the City Council adopt RESOLUTION NO. 24-191 APPROVING A SIDE LETTER TO THE MEMORANDUM OF UNDERSTANDING FOR SWORN EMPLOYEES REPRESENTED BY THE ROSEVILLE POLICE OFFICERS' ASSOCIATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 24-192 APPROVING A SIDE LETTER TO THE MEMORANDUM OF UNDERSTANDING FOR SWORN EMPLOYEES REPRESENTED BY THE ROSEVILLE POLICE OFFICERS' ASSOCIATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council authorize the City Manager to approve side letter agreements with the Roseville Police Officers' Association (RPOA) to address uniform allowance updates, provide double overtime to encourage volunteer coverage on July 4th to promote officer safety, revise the criteria for Police Officer Trainee seniority and address City administrative concerns with the spousal health benefit unique to the RPOA. The cost is estimated to be less than \$10,000, which will be covered by the proposed FY2024-25 Police Department budget in the General Fund.

6.21. South Placer Regional Transportation Authority - Joint Exercise of Powers Agreement Amendment

Memo from Senior Engineer Mark Johnson and Development Services Director Mike Isom recommending the City Council adopt RESOLUTION NO. 24-168 APPROVING A FIRST AMENDMENT TO AMENDED AND RESTATED JOINT EXERCISE OF POWERS AGREEMENT REGARDING THE SOUTH PLACER REGIONAL TRANSPORTATION AUTHORITY, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff has reviewed the proposed adjustments and concurs with the South Placer Regional Transportation Authority (SPRTA) recommendations and recommends Council approve an amendment to the Joint Exercise of Powers Agreement (JPA) to reflect the necessary adjustments. California Assembly Bill 602 (AB 602), which became effective January 1, 2022, revised laws governing transportation impact fees. SPRTA staff has reviewed the current JPA in light of AB 602 and recommends adjustments to the current JPA to address legislative changes as well as current needs and practices. The requested action has no fiscal impact to the City's General Fund.

6.24. Sun City Phase 3 Resurfacing Project - Road Maintenance and Rehabilitation Account Project Identification

Memo from Assistant Engineer Joseph Arino and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 24-166 ADOPTING THE SUN CITY PHASE 3 RESURFACING PROJECT FUNDED BY SENATE BILL 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017. Local agencies are required to list all proposed projects scheduled to receive Senate Bill 1 (SB-1) funding by resolution prior to receiving an apportionment of Road Maintenance and Rehabilitation Account (RMRA) funds in a fiscal year. This item identifies the Sun City Phase 3 Resurfacing Project for use of the 2024-25 funding allotment. The project will repair damaged asphalt and apply a maintenance surface treatment to a portion of the Sun City neighborhood. The engineer's estimate for Sun City Phase 3 is \$5 million and will be funded by \$3.9 million from the 2024-25 RMRA Fund (SB-1) and \$1.1 million of remaining funds from the 2023-24 RMRA apportionment. Any remaining RMRA funding from this fiscal year's allotment will be carried forward to next fiscal year at which point staff will identify the project upon which it will be spent. No General Fund resources will be used on this project.

6.25. Construction Resident Engineering and Inspection Services - On-Call Professional Services Agreement Amendments

Memo from Associate Engineer Nicolas Bumb and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO.

24-170 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND GHIRARDELLI ASSOCIATES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 24-171 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND HDR CONSTRUCTION CONTROL CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 24-172 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND MARK THOMAS & COMPANY, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 24-173 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PSOMAS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 24-174 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WSP USA, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests approval of five amendments to On-Call Professional Services Agreements for construction resident engineering and inspection services. The term of the agreements is three years with the option of two additional one-year extensions. The not-to-exceed fee for each agreement is being increased from \$1,000,000 to \$1,500,000 for the remaining year of their three-year term, and the not-to-exceed fee for each agreement each year the contract is extended is being increased from \$1,000,000 to \$1,500,000. These contracts will be funded through various approved Capital Improvement Program project budgets and allow City staff to complete more projects with existing staff resources.

6.27. On-Call Architectural Services - On-Call Professional Design Services Agreement Amendment

Memo from Project Coordinator Lori Crittenden and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 24-156 APPROVING AN ON-CALL PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND LIONAKIS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the amendment of the professional design services agreement for on-call architectural services to Lionakis. The authorization amount for the initial term is not to exceed \$1,250,000. The authorization for the first and second optional one-year renewals are not-to-exceed amounts of \$500,000. Additionally, staff requests authorization for the City Manager or his designee to execute two (2) additional one (1) year renewals without further City Council approval. Work performed under these agreements will utilize capital rehabilitation funds and/or capital improvement project funds in the approved City budget.

6.28. Roseville Municipal Code - Bail Schedule Update

Memo from Paralegal Gretchen Hakala and City Attorney Michelle Sheidenberger recommending the City Council adopt RESOLUTION NO. 24-159 REQUESTING THE PLACER COUNTY SUPERIOR COURT ADOPT A BAIL SCHEDULE FOR MUNICIPAL CODE VIOLATIONS, AND REPEALING RESOLUTION 15-421. Staff requests Council approve the updated Roseville Municipal Code Bail Schedule. The bail schedule serves as a guideline to the Placer County Superior Court system for violations of the Roseville Municipal Code that are adjudicated by the court. There is no impact to the General Fund.

Ordinances (for introduction and first reading)

6.30. Roseville Municipal Code Amendment - Development Impact Fee Deferral Program

Memo from Economic Development Manager Wayne Wiley and Economic Development Director Melissa Anguiano recommending the City Council introduce for first reading an ordinance amending Section 4.04.040 of the Roseville Municipal Code to allow an extended deferral of City-controlled development impact fees for affordable housing projects, for a maximum of one year past issuance of a certificate of occupancy or three years past issuance of the first building permit, whichever is earlier. The nonresidential fee deferral program will result in an increase in staff time. However, administrative processing fees and interest will be charged to cover these costs, resulting in a minimal fiscal impact on the General Fund.

6.32. Aquifer Storage and Recovery Wells Design Project - Professional Design Services Agreement Amendment and Budget Adjustment

Memo from Principal Engineer Janice Gainey and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 24-151 APPROVING A SECOND AMENDMENT TO PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND CAROLLO ENGINEERS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6817 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approval of a second amendment to the professional design services agreement with Carollo Engineers, Inc. for the Aquifer Storage and Recovery Wells Design Project in the amount of \$1,771,086. The amendment will increase the total not-to-exceed amount from \$4,597,947 to \$6,369,033. Staff also requests approval of a budget adjustment of \$1,846,086 from the Water Construction Fund to fund the amendment and additional staff time.

10. PUBLIC HEARING

NOTICE TO THE PUBLIC

City Council, when considering the matter scheduled for hearing, will take the following actions:

1. Open the Public Hearing
2. Presentation by Staff
3. Presentation by applicant or Appellant
4. Accept Public Testimony
5. Appellant or Applicant Rebuttal Period
6. Close the Public Hearing
7. City Council Comments and Questions
8. City Council Action

In the future, if you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues, which you, or someone else raised orally at the Public Hearing or in written correspondence received by the City on or before the hearing.

Public Hearings listed for continuance will be continued as noted and posting of this agenda serves as notice of continuation.

10.1.Fiscal Year 2024/25 Landscaping and Lighting District Assessments - Amending and/or Approving the Engineer's Annual Levy Report, Ordering the Levy and Collection of Assessments

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer recommending the City Council adopt RESOLUTION NO. 24-175 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-176 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-177 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-178 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR

2024/2025; and adopt RESOLUTION NO. 24-179 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-180 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-181 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-182 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-183 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-184 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-185 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-186 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-187 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-188 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE RIVERSIDE AVENUE LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-189 AMENDING AND/OR APPROVING THE ENGINEER'S ANNUAL LEVY REPORT FOR THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2024/2025; and adopt RESOLUTION NO. 24-190 ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS WITHIN THE VERNON STREET LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2024/2025. Staff requests Council adopt resolutions approving the engineer's annual levy reports for fiscal year 2024-2025 and ordering the levy and collection of assessments within the described Landscaping and Lighting Districts (individually "LLD" collectively "LLDs"). These LLDs were formed within the City to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code, Sections 22500, et seq., and Article XIII D of the California Constitution. All charges are needed to fund landscape services in each LLD. There is no fiscal impact to the General Fund.

10.2. Zoning and Subdivision Ordinance Updates

Memo from Associate Planner Eric Singer and Development Services Director Mike Isom recommending the City Council adopt the two findings of fact and introduce for first reading an ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING ZONING ORDINANCE CHAPTERS 19.08, 19.10, 19.12, 19.22, 19.28, 19.60, 19.80, AND 19.95 OF TITLE 19 OF THE ROSEVILLE MUNICIPAL CODE REGARDING RESIDENTIAL DEVELOPMENT STANDARDS, PERMITTED COMMERCIAL USES, ACCESSORY STRUCTURES, DENSITY BONUS REGULATIONS, ACCESSORY DWELLING UNITS, APPEALS, AND DEFINITIONS OF TERMS AND PHRASES; and introduce for first reading the ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING SUBDIVISION ORDINANCE CHAPTER 18.05 OF TITLE 18 OF THE ROSEVILLE MUNICIPAL CODE REGARDING MINISTERIAL MULTIFAMILY MAPS. The project is an annual update to the Roseville Municipal Code Title 18 (Subdivision Ordinance) and Title 19 (Zoning Ordinance) in response to state legislation passed in 2023 and to make minor corrections and maintenance updates. The project includes amendments to the following Zoning Ordinance sections: Section 19.12.020 (Permitted Use Types) to add hydrogen fuel stations to the permitted uses table, remove the requirement for a Conditional Use Permit for electric vehicle charging stations, and create a new definition for hydrogen fuel stations in Section 19.08.090 (Commercial Use Types) pursuant to state law; Section 19.10.030 (Residential Zone General Development Standards) to add table notes limiting the number of units permitted on a parcel created through a ministerial mapping process, pursuant to state law; Section 19.22.030 (Accessory Structures) to reduce the setback for fences located in street side yards adjacent to key lots from ten feet down to five feet from back of sidewalk and create a new definition for a clear vision triangle adjacent to residential driveways in Section 19.95.030 (Definitions of Terms and Phrases); Chapter 19.28 (Residential Density Bonus) to incorporate changes to residential density bonuses per changes to state law; Sections 19.60.060 and 19.60.070 (Accessory Dwelling Units) to modify the language for evaluating the appearance of Accessory Dwelling Units to reflect objective design standards; Chapter 19.60 (Accessory Dwelling Units) to update all Government Code references; and Chapter 19.80 (Appeals) to detail the process regarding an appellant's failure to appear for an appeal. The project also includes amendments to the following Subdivision Ordinance sections: Chapter 18.05 (Tentative Map Applications – Ministerial) to create a process for review and approval of Ministerial Multifamily Maps of 10 lots or fewer. The amendments to the Subdivision Ordinance are to reflect changes in state law (Senate Bill 684). The ordinance amendments will have no impact on the City's General Fund.

RECOMMENDATION TO COUNCIL

Approve the minutes of the minutes of the May 1, 2024 City Council Closed Session and City Council Meeting and March 15, 2024 City Council Closed Session and City Council Meeting.

BACKGROUND

Not applicable.

FISCAL IMPACT

There is no fiscal impact associated with this request.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The City Council minutes are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal B - Support community engagement and advocacy

Respectfully Submitted,

Melissa Lipp, City Clerk Technician

Carmen Avalos, City Clerk

1. CALL TO ORDER

Mayor Bruce Houdesheldt called the meeting to order at 6:03 p.m.

2. ROLL CALL

Present: Vice Mayor Krista Bernasconi, Councilmember Scott Alvord, Councilmember Pauline Roccucci, Councilmember Tracy Mendonsa, Mayor Bruce Houdesheldt.

3. PLEDGE OF ALLEGIANCE

Katherine Kitchell led the Pledge of Allegiance.

4. MEETING PROCEDURES

City Clerk Carmen Avalos announced the procedures for addressing the City Council.

5. PRESENTATIONS

5.1. Proclamation - Small Business Month May 2024

Proclaim May 2024 as National Small Business Month and encourage support of this national effort so Roseville's small businesses can do what they do best – grow their businesses, create jobs, and ensure that the City's communities remain as vibrant tomorrow as they are today.

CONTACT: Blair Hutchison 916-774-5266 bmhutchison@roseville.ca.us

Vice Mayor Krista Bernasconi, Councilmember Scott Alvord and Councilmember Tracy Mendonsa made the presentation to Economic Director Melissa Anguiano, who responded.

5.2. Proclamation - Public Service Recognition Week

Proclaim May 5-11, 2024, as public service recognition week and encourage all citizens to recognize the accomplishments and contributions of government employees at all levels.

CONTACT: Blair Hutchison 916-774-5266 bmhutchison@roseville.ca.us

Councilmember Pauline Roccucci and Mayor Bruce Houdesheldt presented the proclamation to City Clerk Technician Katrina Six, who responded.

6. PUBLIC COMMENTS

Giovanni Ottolini spoke on labor standards.

Lucy Pittman spoke on concerns of THC beverages sold in local stores.

Riley Shay spoke on concerns of vaping and unregulated THC sold in local stores.

George Knowlton, representative of Smile Company, spoke on implementing an RV Park Ordinance

7. CONSENT CALENDAR

BEGINNING OF CONSENT CALENDAR

Motion by Pauline Roccucci, seconded by Krista Bernasconi, to approve the Consent Calendar as recommended. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

Minutes

7.1. Minutes of Prior Meetings

Memo from City Clerk Technician Melissa Lipp and City Clerk Carmen Avalos recommending the City Council approve the minutes of the March 6, 2024 City Council, Finance Authority and Housing Authority Meeting, March 20, 2024 City Council Meeting, and April 3, 2024 City Council and Housing Authority Meeting.

Bids / Purchases / Services

7.2. Johnson Pool Renovation Project - Award of Contract and Budget Adjustment

Memo from Senior Park Development Project Manager Heather Buck and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-105 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ABIDE BUILDERS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6802 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council award the base bid plus alternates 1 through 5 for a total contract award amount of \$3,805,000 to Abide Builders, Inc. This will result in a total project budget of \$5,261,001, which includes the cost of construction plus soft costs such as design and engineering, permits, inspections, construction administration, and contingency. This project implements the Johnson Pool Vision Plan with upgrades and includes accessibility/code upgrades to the pool house building, new pool shell and replaster, and improvements to the pool deck, equipment room, and associated site work. Grant funds of \$280,000 were awarded for the project from the U.S. Department of Housing and Urban Development's Community Development Block Grant in August 2022. The City allocated American Rescue Plan Act (ARPA) funding of \$4,081,001 to the project in FY2022-23. The recommended budget adjustment proposes an increase of \$900,000 to the Johnson Pool Renovation Project, increasing the total project budget to \$5,261,001. Funding is being re-directed from the Weber Park Renovation Project due to bids coming in lower than anticipated. With the recommended budget adjustment, an additional \$1,000,000 in Weber Park budget is being returned to available resources in the Federal Stimulus Reserve - ARPA Fund. There is no impact to the General Fund.

7.3. Crimson Ridge Park Upgrade Project - Award of Contract

Memo from Park Development Project Manager Kelly Appier and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-100 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND HEMINGTON LANDSCAPE SERVICES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council award the base bid to Hemington Landscape Services, for a total contract award amount of \$328,267. The Crimson Ridge Park Improvement Project is located at Crimson Ridge Way and Campus Parkway in the Campus Oaks Area. The park was constructed as a turnkey or developer-built park. Budget constraints resulted in the reduction of planned park improvements. Funding of \$450,000 was allocated from the FY2022-23 General Fund year-end budget surplus. Maintenance costs are currently provided through the HP Campus Oaks Community Facilities District No. 2 (Public Services) and are anticipated to increase slightly.

7.5. Electric Generation Emissions Testing Services – Contract Purchase Agreement

Memo from Power Generation Superintendent Matt Garner and Electric Utility Director Dan Beans recommending the City Council adopt RESOLUTION NO. 24-104 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND MONTROSE AIR QUALITY SERVICES, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a contract purchase agreement with Montrose Air Quality Services, LLC. Staff also requests authorization to exercise the optional annual renewals to the agreement for up to four years without further City Council approval. The annual cost of the agreement will not exceed \$150,000. Funding is included in the Electric Department's FY2023-24 budget in the Electric Fund. Costs for future year services will not exceed \$150,000 annually and funding will be contingent on the approval of the respective Electric Department budgets.

7.6. Electric Generation Confined Space Rescue Services – Contract Purchase Agreement

Memo from Power Generation Superintendent Matt Garner and Electric Utility Director Dan Beans recommending the City Council adopt RESOLUTION NO. 24-103 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PRO SAFETY & RESCUE, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a contract purchase agreement with Pro Safety & Rescue, Inc. for confined space

rescue services. The total cost of services will not exceed \$150,000. Funding is included in the Electric Department's FY2023-24 budget in the Electric Fund. The annual cost for future year services will not exceed \$150,000 and funding will be contingent on the approval of the respective Electric Department's budget.

7.9. Cirby Substation 12kV Switchgear Replacement Civil Construction - Approval of Plans and Specifications and Authorization to Call for Bids

Memo from Power Engineer Austin Kurth and Electric Utility Director Daniel Beans recommending the City Council approve the plans and specifications of the Cirby Substation 12kV Switchgear Replacement civil construction project and authorize

staff to call for bids. Construction work at the Cirby Substation is required for the replacement of the existing switchgear that has reached its end of life. Replacement of this equipment is necessary to maintain system reliability. The cost of the project is estimated at \$300,000. Funds are available in the Electric Department's proposed FY2024-25 budget for the Electric Fund.

7.12. Galleria On-Route Bus Charging Station - License Agreement Amendment

Memo from Associate Engineer Cathy Gosalvez and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 24-113 APPROVING A FIRST AMENDMENT TO THE LICENSE AGREEMENT, BY

AND BETWEEN THE CITY OF ROSEVILLE AND ROSEVILLE SHOPPINGTOWN LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the First Amendment to the License Agreement with Roseville Shoppingtown, LLC for the installation and maintenance of the Galleria On-Route Bus Charging Project. The project consists of the purchase and installation of electric overhead charging infrastructure that supports the battery-electric charging needs associated with the South Placer Transit Express/Rapid Link service's 30-minute operating frequency, administered by the City. There is no fiscal impact associated with the execution of this agreement. No General Fund resources will be used for the Project.

7.14. Central Valley Project Corporation Membership – Agreement Amendments

Memo from Electric Resource Planner Brian Schinstock and Electric Utility Director Daniel Beans recommending City Council adopt RESOLUTION NO. 24-097 APPROVING A FIRST AMENDMENT TO MEMBERSHIP AGREEMENT AND FIRST AMENDMENT TO PARTICIPANT EXHIBIT C, BY AND BETWEEN THE CITY OF ROSEVILLE AND CENTRAL VALLEY PROJECT CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of two amendments to an agreement related to Roseville Electric's generation from the Central Valley Project. The First Amendment to the Central Valley Project Corporation Membership Agreement extends the existing terms by ten years from December 31, 2024 to December 31, 2034. The First Amendment to Exhibit C, which is the Contract for the Displacement of Base Resource, extends the existing contract terms an additional two years from

December 31, 2024 to December 31, 2026. The annual costs associated with the Agreement is \$1,723. Funding is included in the Electric Department's proposed FY2024-25 budget for the Electric Fund.

7.15. Judicial Foreclosure of Delinquent Special Taxes Pursuant to the Mello-Roos Community Facilities Act of 1982, as Amended

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-111 RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE ACTING AS THE GOVERNING BODY OF ALL OF ITS COMMUNITY FACILITIES DISTRICTS ORDERING JUDICIAL FORECLOSURE OF DELINQUENT SPECIAL TAXES PURSUANT TO THE MELLO-ROOS COMMUNITY FACILITIES ACT OF 1982, AS AMENDED, AND ORDERING THAT THE PLACER COUNTY TAX COLLECTOR REMOVE CURRENT AND FUTURE DELINQUENT SPECIAL TAXES FOR THE COMMUNITY FACILITIES DISTRICTS FROM THE TAX ROLL. Certain property owners have become delinquent in payments of the special taxes associated with some of the City's community facilities districts (CFDs). Bonds have been issued in connection with each of these CFDs and payments of these bonds are secured by special taxes levied upon individual property owners with each of these CFD boundaries. To comply with the City's bond covenants, when certain delinquency thresholds have been met, the City is required to commence foreclosure actions against any delinquent parcel(s). The combined special tax delinquencies recommended for judicial foreclosure action is \$16,689.61. There is no fiscal impact to the City's General Fund. All legal fees are borne by the property owners and all penalties and interest collected will be credited to the subject CFDs.

7.17. Amoruso Ranch Phase 1 Subphase A2 Subdivision - Final Map and Subdivision Agreement

Memo from Associate Engineer Edward Winston and Development Services Director Mike Isom recommending the City Council approve the Amoruso Ranch Phase 1 Subphase A2 final map, and adopt RESOLUTION NO. 24-096 APPROVING A SUBDIVISION AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND BROOKFIELD SACRAMENTO HOLDINGS LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the final map on file with the City Clerk and accept, on behalf of the public, the public utility easements offered thereon and accept, subject to improvement, Lots A, B, D, E, G, and H and all rights of way offered thereon; and reject at this time the irrevocable offers of Lots C & F and approve the abandonment of the irrevocable offers of dedication for rights of way and easements as listed thereon; and approve the Subdivision Agreement. The Development Services Department, Engineering Division, has completed its review of the final map and found that it is in compliance with the approved tentative map. This map will create 156 residential lots, 3 public landscape lots, 3 public water quality lots, 2 public park lots, and 2 future development lots. The actions requested have no fiscal impact on the City's General Fund.

Ordinances (for introduction and adoption - appropriation/urgency measures)

7.19. Fire Department Strike Team - Budget Adjustment

Memo from Assistant Fire Chief Ryan Harrigan and Fire Chief Rick Barteo recommending the City Council adopt ORDINANCE NO. 6799 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve a budget adjustment to recognize \$180,449 in additional overtime expenses, \$2,908 in other reimbursable items/logistics, \$245,333 in revenue related to the department participation in reimbursable strike teams, and a \$61,976 contribution to General Fund available resources for fleet usage and overhead. After the incremental overtime and other expenses are reimbursed, there is a positive impact on the General Fund of \$61,976 from the reimbursement for fleet usage and overhead.

7.21. International Brotherhood of Electric Workers, Local 1245 - Labor Market Salary Adjustments

Memo from Human Resource Manager Macy Dippert and Human Resource Director Stacey Peterson recommending the City Council adopt ORDINANCE NO. 6808 AMENDING ORDINANCE 6724, THE SALARY ORDINANCE FOR PERSONNEL REPRESENTED BY THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL 1245, AS AMENDED BY APPENDIX "H" TO BE EFFECTIVE MAY 4, 2024, AS AN URGENCY MEASURE. The City engaged a consulting firm to conduct a total compensation study of International Brotherhood of Electrical Workers, Local 1245 (IBEW) benchmark job classes in the Electric, Environmental Utilities and Public Works departments in accordance with the provisions in the current IBEW Memorandum of Understanding to determine labor market driven adjustments to remain competitive in

the labor market. The average percentage wage increase for the IBEW bargaining group is 3.05%. The estimated total cost to the Electric, Water Operations and Wastewater Operations enterprise funds for the recommended labor market adjustments is \$142,486 for the remainder of FY2023-24 and \$926,158 annually ongoing.

7.22. Staffing Changes

Memo from Human Resources Manager Macy Dippert and Human Resources Director Stacey Peterson recommending the City Council adopt ORDINANCE NO. 6806 AMENDING ORDINANCE NO. 6786, THE SALARY ORDINANCE FOR EMPLOYEES REPRESENTED BY THE INTERNATIONAL UNION OF OPERATING ENGINEERS, STATIONARY ENGINEERS, LOCAL 39, AS AMENDED BY APPENDIX "C" TO BE EFFECTIVE MAY 4, 2024, AS AN URGENCY MEASURE; and adopt ORDINANCE 6807 AMENDING ORDINANCE NO. 6785, THE SALARY ORDINANCE FOR MANAGEMENT EMPLOYEES, AS AMENDED BY APPENDIX "C" TO BE EFFECTIVE MAY 4, 2024, AS AN URGENCY MEASURE. As part of an ongoing assessment of the appropriate staffing levels to provide a high level of service to the community, staff recommends that the City Council approve the Local 39 A & B salary schedule to reflect the title changes of Parks Recreation and Libraries Coordinator I/II to Recreation Coordinator I/II classification. Also recommended are updates to the Management A & B salary schedules reflecting the addition of an Environmental Utilities Operations Superintendent classification, in addition to a new Crime Analysis Supervisor position on the City allocation schedule. For the remainder of FY2023-24, the financial impact of the recommendation to the Wastewater Operations Fund is \$38,089. All net budget increases can be absorbed in existing appropriations, so no budget adjustment is requested at this time.

7.23. Fiscal Year 2023-24 - Budget Adjustments

Memo from Budget Manager Nancy Rothlisberger and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt ORDINANCE NO. 6203 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff recommends Council approve various budget adjustments to the fiscal year 2023-24 budget. The recommended budget adjustments include: (1) an increase of \$10,126 in the expenditure budget for the Citizens Benefit Fund for disbursements approved by the Grants Advisory Commission, (2) a transfer of \$313,975 from the Transit Fund to the Transit Shuttle Fee Fund, (3) a decrease in the expense budget for the Sewer Collection System Cured-in-Place Pipe project in the Wastewater Rehabilitation Fund, (4) a transfer of \$79,147 from the

Transportation Fund to the General Fund for a prior-year rent payment, (5) an increase in interest expense for the Fire Facilities Fund and increase in interest revenue for the General Fund Capital Reserve Fund for an interfund loan interest payment, (6) an increase in expenses in the PRL Donation fund to use a prior-year donation to fund this year's Yomen – A Celebration of Spring at the Maidu Museum and Historic Site, and (7) updates to multiple CFD funds to align budgeted amounts with what was submitted to Placer County after final expenditures and developed parcel count and levy credits have been taken into consideration for each district.

7.31. Legislative and Regulatory Platform for State and Federal Advocacy - 2024

Memo from Government Relations Administrator Mark Wolinski and Deputy City Manager Megan Scheid recommending the City Council adopt Legislative and Regulatory Platform for State and Federal Advocacy. The State and Federal priorities and legislative platform defined within the document are the result of the City Council's articulation of its goals and priorities during legislative updates and the City Council's Legislative Platform Workshop held February 21, 2024. The Legislative Platform conveys the City Council's positions on issues that are currently, or are anticipated to be, the focus of future legislation by the State and Federal governments. The costs to implement the program are included in the City's approved budget. The Legislative Platform has no direct fiscal impact to the City's budget; the platform provides policy direction only.

10. **PUBLIC HEARING**

10.1. Community Development Block Grant – 2024/25 Annual Action Plan

Memo from Housing Analyst Kristine Faelz and Economic Development Director Melissa Anguiano recommending the City Council adopt RESOLUTION NO. 24-093 APPROVING THE 2024 ANNUAL ACTION PLAN AND AUTHORIZING THE CITY MANAGER TO EXECUTE NECESSARY DOCUMENTS AND CERTIFICATIONS ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of the City's 2024 Annual Action Plan for the federal Community Development Block Grant Program. This item does not result in any impact to the City's General Fund.

CC #: 3264

File #: 0709-03

CONTACT: Kristine Faelz 916-774-5451 kpfaelz@roseville.ca.us

Mayor Bruce Houdesheldt opened the public hearing at 8:15 p.m.

Housing Manager Trisha Isom introduced Housing Analyst Kristine Faelz who

made the presentation to the City Council.

No public comment received.

Mayor Bruce Houdesheldt closed the public hearing at 8:21 p.m.

Motion by Tracy Mendonsa, seconded by Scott Alvord, to adopt RESOLUTION NO. 24-093 APPROVING THE 2024 ANNUAL ACTION PLAN AND AUTHORIZING THE CITY MANAGER TO EXECUTE NECESSARY DOCUMENTS AND CERTIFICATIONS ON BEHALF OF THE CITY OF ROSEVILLE. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

10.2. Adoption of Master Schedule of User and Regulatory Fees

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-095 ADOPTING A MASTER SCHEDULE OF USER AND REGULATORY FEES, EFFECTIVE JULY 1, 2024 THROUGH JUNE 30, 2025. The City's Schedule of User and Regulatory Fees identifies fees for services and activities provided at the request of, or on behalf of, a single party as opposed to the public at large. The Fee Schedule is intended to be reviewed annually, with staff conducting bi-annual studies to identify the City's cost of providing fee-related services based on current labor rates and service delivery methods. The proposed fee schedule, effective July 1, 2024 through June 30, 2025, is based on the results of a User and Regulatory Fee Study completed in April 2024. The anticipated annual revenue impact of the proposed changes included in the Fee Schedule update is approximately \$549,000 citywide. It is important to note that while adjusting fees will provide a fiscal impact in the form of additional revenue, the revenue is not intended to be used to fund new services, rather the revenue is intended to offset the costs of providing existing services that are recoverable from fees.

Motion by Scott Alvord, seconded by Tracy Mendonsa, to adopt RESOLUTION NO. 24-095 ADOPTING A MASTER SCHEDULE OF USER AND REGULATORY FEES, EFFECTIVE JULY 1, 2024 THROUGH JUNE 30, 2025. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

10.3.2024 Weed Abatement - Public Hearing

Memo from Division Fire Chief Michael Bradley and Fire Chief Rick Bartee recommending the City Council adopt RESOLUTION NO. 24-092 ORDERING THE DESTRUCTION OR REMOVAL OF ALL WEEDS, DIRT, RUBBISH, AND/OR RANK GROWTHS WITHIN THE CITY OF ROSEVILLE AND OVERRULING ANY AND ALL OBJECTIONS THERETO. This is the second and final step necessary to initiate the 2024 Weed Abatement Program. Owners of private parcels that are abated by the City are responsible for the costs associated with providing abatement services. A bill is sent to each property owner detailing the abatement costs, as well as an administrative fee. If the property owner fails to pay the bill, the City places a lien on the subject property and the monies owed are reimbursed through the property tax collection process.

Mayor Bruce Houdesheldt closed the public hearing at 8:40 p.m.

Motion by Pauline Roccucci, seconded by Scott Alvord, to adopt RESOLUTION NO. 24-092 ORDERING THE DESTRUCTION OR REMOVAL OF ALL WEEDS, DIRT, RUBBISH, AND/OR RANK GROWTHS WITHIN THE CITY OF ROSEVILLE AND OVERRULING ANY AND ALL OBJECTIONS THERETO. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

10.4.Shea Roseville Apartments - Fee Deferral

Memo from Economic Development Analyst Gina McColl and Economic Development Director Melissa Anguiano recommending the City Council adopt RESOLUTION NO. 24-109 APPROVING FEE DEFERRALS FOR THE SHEA ROSEVILLE APARTMENTS PROJECT. Staff requests Council approve

a fee deferral for the Shea Roseville Apartments, a 356-unit multi-family apartment complex, in the amount of approximately \$5,186,774, until final of building permit/building occupancy. An annual interest rate of 1.35%, prorated based on the length of the deferral, will be charged on the monies deferred to cover the City's cost of loss of interest income on the fee deferrals and an administrative processing fee of \$924.90 is to be charged to each building permit.

CONTACT: Karl Grover 916-774-5145 kgrover@roseville.ca.us

7.2. Duke Davis Water Feature Renovation Project - Award of Contract

Memo from Park Development Project Manager Kelly Appier and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION 24-117 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND SITEWISE CONSTRUCTION, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council award the base bid and the add alternate to Sitewise Construction, Inc., for a total contract award amount of

\$107,000. The Duke Davis Water Feature Renovation Project will replace an existing water and sand play area with a new misting water feature. The existing water play feature is non-functioning and was an inefficient use of water. Funding for this project has been approved using the North Roseville Community Facilities District No. 2 (Services District) - Zone C. Staff also requests authorization for staff to approve change orders up to 10% of the contract amount. There will be no increase in maintenance costs and no General Fund impacts.

Resolutions

7.5. HOUSING SUCCESSOR AGENCY/CITY COUNCIL - Homeless Prevention and Rapid Rehousing - Funding Recommendations

Memo from Housing Analyst Suzanne Acrell and Economic Development Director Melissa Anguiano recommending the City Council adopt RESOLUTION NO. 24-124 APPROVING FUNDING RECOMMENDATIONS AND AUTHORIZING THE CITY MANAGER OR DESIGNEE TO EXECUTE GRANT AGREEMENTS ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of funding recommendations for the 2024/25 Homeless Prevention and Rapid Rehousing Program. Funding allocations utilize Housing Successor Low and Moderate Income Housing Asset Fund and State of California Permanent Local Housing Allocation funding. The recommendations do not result in any cost to the General Fund.

7.6. General Financial Analysis Services - Professional Services Agreement

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 24-119 APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ECONOMIC & PLANNING SYSTEMS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of an agreement with Economic & Planning Systems, Inc. to provide various financial consulting services, including fiscal and economic impact analyses, district formation and annexation support, development impact fee studies, and other feasibility analyses. There will be no fiscal impact from this agreement since the consulting services it covers will be for projects that will either be charged to an external party or, if not already budgeted, require staff to return to Council to recommend a budget adjustment. The recommended three-year agreement allows services up to \$100,000 per year, for an overall total compensation not to exceed \$300,000.

7.8. Fiddymont Homestead Vision Plan - Professional Design Services Agreement

Memo from Park Planning and Development Manager Tara Gee and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-118 APPROVING A PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PAGE & TURNBULL, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a professional design services agreement for architecture services with Page & Turnbull to develop a vision plan for the Fiddymont

Homestead. In September 2023, a Request for Proposals (#13-138) was issued seeking experienced professional design (architecture) firms to submit to the Parks, Recreation & Libraries Department for professional design services to develop a Vision Plan for the Fiddymment Homestead, located within Pistachio Regional Park. The goal of the Vision Plan is to develop a plan to create a unique recreational and interpretive opportunity at the Fiddymment Homestead (both interior and its immediate surroundings) that honors its historical significance. Included in the scope of work are public outreach sessions to help create the vision and cost estimates for identified improvements to assist with seeking grant funding and other potential financing alternatives. Work performed under this agreement was approved with the FY2023-24 Capital Improvement Program budget in the Fiddymment Homestead Project in the Citywide Park - West Roseville SP Fund.

Item removed from the Consent Calendar by Councilmember Pauline Roccucci for clarification.

No public comment received.

Motion by Scott Alvord, seconded by Pauline Roccucci, to approve RESOLUTION NO. 24-118 APPROVING A PROFESSIONAL DESIGN SERVICES AGEEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND PAGE & TURNBULL, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSVILLE. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Roccucci

Absent: Houdesheldt, Mendonsa

7.9. Golf Maintenance Services - Agreement Amendment

Memo from Recreation Superintendent Rob Nakamura and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 24-120 APPROVING A SIXTH AMENDMENT TO GOLF MAINTENANCE SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND BRIGHTVIEW GOLF MAINTENANCE, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve an agreement which allows for annual pricing adjustments limited to 5% in any one year based on reported increases to the Employment Cost Index and the Consumer Price Index. The City and Brightview Golf Maintenance, Inc. have agreed to adjust pricing by 4.3% retroactive to January 1, 2024. This annual adjustment will increase expense by \$34,639 for the remainder of this fiscal year. It is anticipated that revenues generated through golf course fees will cover the additional maintenance expense and will not directly impact the General Fund.

8. SPECIAL REQUESTS/REPORTS/PRESENTATION

8.1. Council Discretionary Funds - Sober Grad Night

Memo from Executive Assistant Heather Blanco and City Clerk Carmen Avalos recommending the City Council consider a request for a donation amount from the Council Discretionary Funds for four local high schools in the Roseville Joint Union High School District for the Safe and Sober Grad Night events for this year's graduating seniors: Roseville High School Sober Grad Night, Woodcreek High School Sober Grad Night, Oakmont High School Sober Grad Night, and West Park High School Sober Grad Night. The City Council funded prior years' requests for Safe and Sober Grad night activities at \$500 per school. The balance remaining in the Council Discretionary Funds for FY2023-24 is \$9,821.

Motion by Scott Alvord, seconded by Pauline Roccucci, to adopt HOUSING AUTHORITY RESOLUTION 3-24 APPROVING THE UPDATED ROSEVILLE HOUSING AUTHORITY ADMINISTRATIVE PLAN. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Roccucci

9.2. Roseville Municipal Code Amendment - Solar Buyback Rate

Memo from Electric Utility Financial Administrator Joanna Cucchi and Electric Utility Director Dan Bean recommending the City Council introduce for first reading ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING SECTION 14.24.051 OF THE ROSEVILLE MUNICIPAL CODE REGARDING ELECTRICAL ENERGY. These amendments reflect the proposed action to increase the solar buyback rate to \$0.0691 per kilowatt-hour for participants of Roseville Solar 2.0. This proposal would increase utility costs by \$150,000 annually and represents the actual value provided by customer owned rooftop. Funding is available in the Electric Department's FY2023-24 budget in the Electric Fund.

Roll call vote: Ayes: Alvord, Bernasconi, Roccucci

Absent: Houdesheldt, Mendonsa

9.3. Community Facilities District No. 3 (Municipal Services) - Annexation No. 29 (Shea Roseville Apartments)

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending City Council

adopt RESOLUTION NO. 24-122 DECLARING RESULTS OF SPECIAL ANNEXATION ELECTION, DETERMINING VALIDITY OF PRIOR PROCEEDINGS, AND DIRECTING RECORDING OF AMENDED NOTICE OF SPECIAL TAX LIEN CITY OF ROSEVILLE Community Facilities District No. 3 (Municipal Services) Annexation No. 29 (Shea Roseville Apartments); and adopt RESOLUTION NO. 24-123 A RESOLUTION OF ANNEXATION OF TERRITORY TO COMMUNITY FACILITIES DISTRICT, AUTHORIZING THE LEVY OF A SPECIAL TAX AND SUBMITTING LEVY OF TAX TO QUALIFIED ELECTORS. Staff requests Council consideration and adoption of two resolutions relating to the annexation of parcel(s) into a Community Facilities District (CFD). The recommended annexation into CFD No. 3 will incorporate the developer-owned territory and be named Community Facilities District No. 3 (Municipal Services), Annexation 29 (Shea Roseville Apartments), under the Mello-Roos Community Facilities Act of 1982, as amended. The landowner submitted the required property owner ballots to the City Clerk, agreeing to be annexed into CFD No. 3. The landowner agrees to pay the approved special tax sufficient to pay the costs of the CFD, levied annually among the parcels within the CFD, at the maximum special tax rates identified in the Amended Notice of Special Tax for CFD No. 3. The CFD will generate special taxes levied on the landowner's annual property tax bill. The annexation into CFD No. 3 helps offset the property's impact on City General Fund resources available to pay for municipal services and therefore will not negatively impact the General Fund.

COUNCIL COMMUNICATION

CC #: 3337
File #: 0203-10

Title: Basketball Court Renovations (RFQ 10-3381) - Contract Purchase Agreement
Contact: Sue Jessup 916-746-1107 sjessup@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.2.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve a contract purchase agreement (3003645) with TJR Resources, Inc., and authorize the City Manager to execute the agreement on behalf of the City of Roseville. Additionally, staff recommends Council approve change order authority for a 10% contingency.

BACKGROUND

As part of the City's commitment to provide a safe and useable park experience, the Parks, Recreation & Libraries Department (PRL) must repair and/or replace older park features. Staff recommends renovating and repairing the basketball court surfaces at Maidu Park, Elliot Park, and Woodbridge Park to ensure a safe and enjoyable experience for our residents.

The basketball courts needing repair have developed large cracks, creating an uneven playing surface causing safety hazards. The cracks also allow water to penetrate below the concrete resulting in greater surface separation. Not repairing the identified sites will ultimately lead to non-usability and accelerate the destruction of play surfaces.

A formal bid was issued with the following responses:

<u>Bidder</u>	<u>Grand Total</u>
TJR Resources, Inc.	\$366,750.00
Rancho Cordova, CA	
Imagecon, Inc.	\$508,122.00
Sacramento, CA	

The vendors were asked to quote a total of 4 basketball court renovations; however, the City has elected to replace 3 basketball courts at this time. Therefore, the recommended award amount is less than the bid amount.

FISCAL IMPACT

The total amount for the renovations is \$268,000. A 10% contingency will bring the total contract authority to a not-to-exceed amount of \$294,800. Funding is included in the Basketball Court Replacement project in the Parks, Recreation and Libraries Capital Projects Fund.

ENVIRONMENTAL REVIEW

The proposed project involves the repair of an existing facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Sue Jessup, Buyer

Dennis Kauffman, Assistant City Manager/Chief Financial Officer

Dominick Casey, City Manager

RESOLUTION NO. 24-152

APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND TJR RESOURCES, INC. AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a contract purchase agreement (3003645) for basketball court renovations at Maidu Park, Elliot Park, and Woodbridge Park, by and between the City of Roseville and TJR Resources, Inc., has been reviewed by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said contract purchase agreement is approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to approve change orders, consistent with the contract terms, provided that the net cost of all change orders shall not exceed ten percent (10%) of the contract amount.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent, or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

- c. **Additional Insureds.** Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
- d. **Cancellation/Modification.** Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
- e. **Umbrella/Excess Insurance.** The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- f. **Subcontractors.** Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
- g. **Self-Insured Retentions.** All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
- h. **Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
- i. **Liability/Remedies.** Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. Contractor must submit all claims as defined in and in accordance with the claim

resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: RFQ 10-3381 Basketball Court Renovations

Project Location(s): Maidu Park, 1550 Maidu Drive, Roseville CA 95661 (APN 469-020-004-000), Elliott Park, 1421 Cushendall Drive, Roseville, CA 95747 (APN 017-390-021-000), and Woodbridge Park, 415 Sierra Boulevard, Roseville, CA 95678 (APN 011-170-004-000)

Project Description: The project would approve a contract for the repair of aging basketball courts at Maidu Park, Elliot Park, and Woodbridge Park. The basketball courts have developed large cracks, which create an uneven playing surface causing safety hazards. The cracks also allow water to penetrate below the concrete resulting in greater surface separation. Not repairing the identified site amenities will ultimately lead to non-usability and accelerating the destruction of play surfaces. The renovation will replace the existing outdoor basketball court surfaces so that they provide safe playing surfaces. All work will occur within the existing footprint of the basketball courts, and there are no environmentally sensitive resources located onsite.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Parks, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the....repair...of existing public or private structures, facilities... involving negligible or no expansion of existing or former use..."

The project is a repair of the existing basketball courts at Maidu Park, Elliot Park, and Woodbridge Park and would not expand use beyond existing levels. Furthermore, no environmentally sensitive resources are located within the project sites; therefore, the Class 1 Exemption is applicable to the proposed project.

COUNCIL COMMUNICATION

CC #: 3339
File #: 0203-03

Title: Ferric Chloride (BACC 06-2024) - Contract Purchase Agreement
Contact: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.3.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve a contract purchase agreement (3003569) with Kemira Water Solutions as the lowest responsive bidder for Bay Area Chemical Consortium (BACC) Bid No. 06-2024 for the supply and delivery of Ferric Chloride for the Dry Creek Wastewater Treatment Plant and Pleasant Grove Wastewater Treatment Plant and authorize the City Manager to execute it on behalf of the City of Roseville.

The bid allowed for three optional renewal years at one-year intervals. Staff requests authorization to continue utilizing the remaining optional renewal years of the bid contract without further Council approval, provided that the applicable budget is approved by the City Council each year, until the contract expires or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The Environmental Utilities Department's Dry Creek Wastewater Treatment Plant and Pleasant Grove Wastewater Treatment Plant have an ongoing requirement for ferric chloride which is used to treat digesting sludge to reduce the amount of hydrogen sulfide gas produced during the digestion process. This chemical will be purchased as needed throughout the year.

In January 2024, the City participated in a regional chemical bid led by the Bay Area Chemical Consortium (BACC), with the Bay Area Clean Water Agency serving as the coordinating agency. BACC is comprised of water and wastewater agencies in the Northern California area, working together to purchase chemicals by combining bid solicitations. BACC is an informal cooperative that advertises and opens sealed competitive bids and then prepares bid recommendations. Combined bid solicitations offer vendors an opportunity to sell greater quantities of their products. Because more than 50 public agencies are now participating, significant savings for chemical purchases are being passed along to the agencies' water and wastewater customers.

FISCAL IMPACT

The estimated annual cost is \$645,000. Funding is included in the Environmental Utilities Department's proposed FY2024-25 budget in the Wastewater Operations Fund. Projected spending for the optional renewal years is as follows: FY2025-26, \$678,000; FY2026-27, \$712,000; FY2027-28, \$748,000.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment (CEQA Guidelines § 15061 (b)(3)). The hauling and delivery of hazardous substances is regulated by the state. Hazardous material transport consistent with applicable safety regulations should not result in a significant environmental effect. Therefore, the proposed contract purchase agreement does not include the potential for significant environmental effect and is not subject to CEQA.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Respectfully Submitted,

Becky Philipp, Purchasing Supervisor

Dennis Kauffman, Assistant City Manager/Chief Financial Officer

Dominick Casey, City Manager

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**
Partnership - **Any general partner**
Corporation - **Two options:**

(1) A signature from the President and the corporate seal; **OR**

(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Purchase Agreement 3003569

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

Contract Purchase Agreement 3003569

and the City Attorney.

- c. **Additional Insureds.** Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
 - d. **Cancellation/Modification.** Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
 - e. **Umbrella/Excess Insurance.** The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
 - f. **Subcontractors.** Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
 - g. **Self-Insured Retentions.** All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
 - h. **Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
 - i. **Liability/Remedies.** Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.
11. Contractor shall comply with all federal, state, and local laws and ordinances, including

Contract Purchase Agreement 3003569

but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. If the project referenced on this agreement is a Public Works project, then the following

Contract Purchase Agreement 3003569

shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Contract Purchase Agreement 3003569

CALIFORNIA AIR RESOURCES BOARD REGULATION COMPLIANCE

Please indicate whether the Contractor is subject to, and/or in compliance with, the following regulations of the California Air Resources Board.

In-Use Off-Road Diesel-Fueled Fleets Regulation

- 1) Will vehicles subject to Cal. Code Regs., tit. 13, §§ 2449 et seq. be used for the project?
This includes, but is not limited to:
 - a) Vehicles with a diesel-fueled or alternative diesel fueled off-road compression-ignition engine with maximum power (max hp) of 25 horsepower (hp) or greater provided that the vehicle cannot be registered and driven safely on-road or was not designed to be driven on-road, even if it has been modified so that it can be driven safely on-road
 - b) Workover rigs
 - c) Certain two-engine vehicles

Yes ^{N/A} ☐ No ☒
- 2) If you answered "Yes" to 1), you **must** submit a valid Certificate of Reported Compliance to the City as provided in Cal. Code Regs., tit. 13, § 2449(n).

Advanced Clean Fleets Regulation

Pursuant to Cal. Code Regs., tit. 13, § 2013(i)(1), the Contractor shall submit to the City a document evidencing that it is listed on the CARB Advanced Clean Fleets webpage as a compliant fleet **OR** a signed statement stating that it is not subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6.

The High Priority Fleets regulation applies to, without limitation, entities with more than \$50 million in gross annual revenues and/or which own, operate, or direct the operation of 50 or more vehicles in the total fleet.

- 1) Is the Contractor subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6?
Yes ☒ No ^{N/A} ☐
- 2) If you answered "Yes" to 1), you **must** submit a document evidencing that you are listed on the CARB Advanced Clean Fleets webpage as a compliant fleet.

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

DocuSigned by:

COUNCIL COMMUNICATION

CC #: 3351
File #: 0203-03

Title: Liquid Aluminum Sulfate (BACC 01-2024) - Contract Purchase Agreement
Contact: Becky Philipp 916-746-1110 bphilipp@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.4.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve contract purchase agreement (3003566) with Chemtrade Chemicals US, LLC as the lowest responsive bidder for Bay Area Chemical Consortium (BACC) Bid No. 01-2024 for the supply and delivery of liquid aluminum sulfate for the Environmental Utilities Water Treatment Plant and authorize the City Manager to execute it on behalf of the City of Roseville.

The bid allowed for three optional renewal years at one-year intervals. Staff further requests authorization to continue utilizing the remaining optional renewal years of the bid contract without further Council approval, provided that the applicable budget is approved by the City council each year, until the contract expires or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The City's Water Treatment Plant has an ongoing requirement for liquid aluminum sulfate (liquid alum) which is used as a flocculating agent in the water purification process. This chemical will be purchased as needed throughout the year.

In January 2024, the City participated in a regional chemical bid led by the Bay Area Chemical Consortium (BACC), with the Bay Area Clean Water Agency serving as the coordinating agency. BACC is comprised of water and wastewater agencies in the Northern California area, working together to purchase chemicals by combining bid solicitations. BACC is an informal cooperative that advertises and opens sealed competitive bids and then prepares bid recommendations. Combined bid solicitations offer vendors an opportunity to sell greater quantities of their products. Because more than 50 public agencies are now participating, significant savings for chemical purchases are being passed along to the agencies' water and wastewater customers.

FISCAL IMPACT

The annual cost is \$168,060. Funding is included in the proposed FY2024-25 budget in the Water Operations Fund. Projected spending for the optional renewal years is as follows: FY2025-26, \$177,000; FY2026-27, \$186,000; FY2027-28, \$195,300.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment (CEQA Guidelines §15061(b)(3)). The hauling and delivery of hazardous substances is regulated by the state. Hazardous material transport consistent with applicable safety regulations should not result in a significant environmental effect. Therefore, the proposed contract purchase agreement does not include the potential for significant environmental effect and is not subject to CEQA.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Respectfully Submitted,

Becky Philipp, Purchasing Supervisor

Dennis Kauffman, Assistant City Manager/Chief Financial Officer

Dominick Casey, City Manager

Contract Purchase Agreement 3003566

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

Contract Purchase Agreement 3003566

and the City Attorney.

- c. **Additional Insureds.** Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
 - d. **Cancellation/Modification.** Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
 - e. **Umbrella/Excess Insurance.** The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
 - f. **Subcontractors.** Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
 - g. **Self-Insured Retentions.** All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
 - h. **Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
 - i. **Liability/Remedies.** Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.
11. Contractor shall comply with all federal, state, and local laws and ordinances, including

Contract Purchase Agreement 3003566

but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. If the project referenced on this agreement is a Public Works project, then the following

Contract Purchase Agreement 3003566

shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

CALIFORNIA AIR RESOURCES BOARD REGULATION COMPLIANCE

Please indicate whether the Contractor is subject to, and/or in compliance with, the following regulations of the California Air Resources Board.

In-Use Off-Road Diesel-Fueled Fleets Regulation

- 1) Will vehicles subject to Cal. Code Regs., tit. 13, §§ 2449 et seq. be used for the project?
This includes, but is not limited to:
 - a) Vehicles with a diesel-fueled or alternative diesel fueled off-road compression-ignition engine with maximum power (max hp) of 25 horsepower (hp) or greater provided that the vehicle cannot be registered and driven safely on-road or was not designed to be driven on-road, even if it has been modified so that it can be driven safely on-road
 - b) Workover rigs
 - c) Certain two-engine vehicles

Yes ☒ No ☐
- 2) If you answered "Yes" to 1), you **must** submit a valid Certificate of Reported Compliance to the City as provided in Cal. Code Regs., tit. 13, § 2449(n).

Advanced Clean Fleets Regulation

Pursuant to Cal. Code Regs., tit. 13, § 2013(i)(1), the Contractor shall submit to the City a document evidencing that it is listed on the CARB Advanced Clean Fleets webpage as a compliant fleet **OR** a signed statement stating that it is not subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6.

The High Priority Fleets regulation applies to, without limitation, entities with more than \$50 million in gross annual revenues and/or which own, operate, or direct the operation of 50 or more vehicles in the total fleet.

- 1) Is the Contractor subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6?
Yes ☒ No ☐
- 2) If you answered "Yes" to 1), you **must** submit a document evidencing that you are listed on the CARB Advanced Clean Fleets webpage as a compliant fleet.

DELEGATION OF AUTHORITY

I, Scott Rook, President and Chief Executive of Chemtrade Chemicals US LLC, a Delaware limited liability company ("Chemtrade"), do hereby delegate and appoint the following agents of Chemtrade to execute all municipal contracts and instruments, including bids, proposals and quotations, which in the ordinary course of business are processed by the Marketing Group of the company:

Parul Kachhia-Patel: Lisa Brownlee: Paul Peters: Elizabeth Ryno: Leilina Gossa:
Christine LaSala: Delana Peralta: Michele Schroeder: Marie-Josée Joly

Set forth below is a certified copy of the resolution of Chemtrade authorizing such action.

Dated as of the 21st day of February, 2023

Scott Rook
President and Chief Executive Officer

CERTIFICATE OF SECRETARY

I, Susan Pare, hereby certify that I am the Corporate Secretary of Chemtrade Chemicals US LLC ("Chemtrade") and that set forth below is a true and correct copy of the resolution of the Board of Managers of Chemtrade, adopted by unanimous written consent as of the 10th day of November, 2023 and that the same has not been modified or revoked and is on the date hereof in full force and effect:

RESOLVED that any officer of the Company be, and he hereby is, authorized to delegate, with the right of further delegation, to any other officer, employee or agent of the Company, all or any part of the authority granted to them by the Board of Managers; and that any such delegations may be general or specific and subject to such limitations and restrictions as the delegating officer shall determine.

I FURTHER CERTIFY that Scott Rook is the duly elected President and Chief Executive Officer of Chemtrade and holds such offices on the date hereof, that Mr. Rook is, in his capacity as President and Chief Executive Officer is authorized to represent and bind Chemtrade in all matters including, but not limited to, contracts and that set forth below is the genuine signature of such officer:

Scott Rook
President and Chief Executive Officer

IN WITNESS WHEREOF, I have hereunto set my hand and have caused the seal of the Company to be affixed effective this 21st day of February, 2023.

Seal

Susan Pare
Corporate Secretary

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

DocuSigned by:

Shannon Wiest

COUNCIL COMMUNICATION

CC #: 3343
File #: 0704-01

Title: Pineschi Park Play Structure Replacement Project - Contract Purchase Agreement
Contact: Tara Gee 916-774-5253 tgee@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.5.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve Contract Purchase Agreement #3003589 with Ross Recreation Equipment Company, Inc. for the Pineschi Park play structure replacement and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

In fall 2023, staff sought public feedback for a new play structure at Pineschi Park. The outreach process included social media and onsite signage with a QR code inviting residents to review, comment and vote on proposed play structure designs. Through a two-week period, feedback received on the designs were minimal. The comments received asked for shade. Based on the feedback, staff worked with the vendor to make adjustments to the design to incorporate shade while still meeting budget. Approval of this Contract Purchase Agreement will be to purchase and install the play structure through a piggy-back agreement in order to realize the best costs for the equipment. The delivery of this play structure is expected to arrive in fall 2024.

FISCAL IMPACT

The funding for this play structure replacement was approved by Council in FY2022-23 from Highland Reserve North Community Facilities District No. 2 (Services District). There will be no General Fund impacts.

ENVIRONMENTAL REVIEW

The proposed project involves the replacement of an existing facility amenity. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal C - Maintain a safe and healthy community

Goal E - Deliver exceptional city services

Respectfully Submitted,

Tara Gee, Park Planning & Development Manager

Jill Geller, Parks, Recreation & Libraries Director

Dominick Casey, City Manager

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**
Partnership - **Any general partner**
Corporation - **Two options:**

(1) A signature from the President and the corporate seal; **OR**

(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are not corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless the City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

- c. **Additional Insureds.** Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage (except Workers' Compensation) and for ongoing and completed operations. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) *the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.*
- d. **Cancellation/Modification.** Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
- e. **Umbrella/Excess Insurance.** The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- f. **Subcontractors.** Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
- g. **Self-Insured Retentions.** All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
- h. **Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
- i. **Liability/Remedies.** Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. Contractor must submit all claims as defined in and in accordance with the claim

resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

CALIFORNIA AIR RESOURCES BOARD REGULATION COMPLIANCE

Please indicate whether the Contractor is subject to, and/or in compliance with, the following regulations of the California Air Resources Board.

In-Use Off-Road Diesel-Fueled Fleets Regulation

- 1) Will vehicles subject to Cal. Code Regs., tit. 13, §§ 2449 et seq. be used for the project?
This includes, but is not limited to:
 - a) Vehicles with a diesel-fueled or alternative diesel fueled off-road compression-ignition engine with maximum power (max hp) of 25 horsepower (hp) or greater provided that the vehicle cannot be registered and driven safely on-road or was not designed to be driven on-road, even if it has been modified so that it can be driven safely on-road
 - b) Workover rigs
 - c) Certain two-engine vehicles

Yes ____ No ____
- 2) If you answered "Yes" to 1), you **must** submit a valid Certificate of Reported Compliance to the City as provided in Cal. Code Regs., tit. 13, § 2449(n).

Advanced Clean Fleets Regulation

Pursuant to Cal. Code Regs., tit. 13, § 2013(i)(1), the Contractor shall submit to the City a document evidencing that it is listed on the CARB Advanced Clean Fleets webpage as a compliant fleet **OR** a signed statement stating that it is not subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6.

The High Priority Fleets regulation applies to, without limitation, entities with more than \$50 million in gross annual revenues and/or which own, operate, or direct the operation of 50 or more vehicles in the total fleet.

- 1) Is the Contractor subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6?
Yes X No ____
- 2) If you answered "Yes" to 1), you **must** submit a document evidencing that you are listed on the CARB Advanced Clean Fleets webpage as a compliant fleet.

Note to Customer (Install)

Thank you for the opportunity to quote your upcoming project. PLEASE NOTE: Quote does not include installation, offload, payment and performance bonds, engineering calculations, security, storage, permits, inspection or safety surfacing, unless otherwise noted. Unless noted, freight costs are based on semi-truck access and do not include a lift-gate.

Deposits may be required before an order can be placed depending on customer credit terms. Your purchase is subject to the terms and conditions of this quote. Approval of this quote agrees to those terms.

If ordering materials after the quoted expiration date, please contact your sales representative for current pricing. Due to material cost increases and a fluid pricing environment, Ross Recreation cannot hold pricing past the stated Expiration Date on this quote. To secure current pricing, Ross Recreation will require the following:

- PO, signed quote or contract with approval for the order.
- Deposit if required by credit terms.
- Color selections and/or approved submittals.
- Acceptance of delivery when materials or equipment is ready to ship. Products cannot be held nor stored.

If this is a bid, it is the responsibility of the General Contractor to adjust their bid to accommodate for anticipated pricing based on the project timeline.

Sales tax will be based on the current rate at the time of shipping, not the order date. Customer will be expected to cover these, or any changes, to sales taxes.

Ross Recreation will provide labor using a subcontractor for all installation and labor quoted. Neither Ross Recreation, nor our subcontractors, are signatory to any unions; however, compliance with prevailing wage rate requirements will occur. If union enrollment is required by our subcontractor for completion of this project, Ross Recreation will require a Change Order to cover the costs of a per project enrollment and additional wage/benefit requirements.

Roseville, CA 95678

Project Title: Pineschi Park – Play Structure Replacement Project

Project Location(s): 9501 Highland Park Drive, Roseville, CA 95678 (APN 017-123-021-000).

Project Description: The Parks, Recreation and Libraries Department proposes to demolish, remove, and replace an existing play structure and remove a poured-in-place rubber "meteor" to allow that area to be used for the play area. A shade structure will be incorporated into the project design.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Parks, Recreation and Libraries Department

Reason why this Project is Exempt: This project qualifies for a Class 2 Exemption as described in Section 15302 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced.

The project activities are replacement and/or repair of existing structures and equipment..., and will have the same purpose and capacity as the existing structures and equipment. Therefore, the Class 2 Exemption is applicable to the proposed project.

Lead Agency Contact Person: Tara Gee, Recreation and Libraries Department, 316 Vernon Street, Roseville, CA 95678. 916-774-5253.

COUNCIL COMMUNICATION

CC #: 3341
File #: 0704-01

Title: John Byouk Park Project - Award of Contract
Contact: Joel De Jong 916-774-5924 jdejong@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.6.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

- 1) Award the John Byouk Park Project to the lowest responsible bidder, Abide Builders, Inc.; and
- 2) Adopt a resolution to authorize the City Manager to execute the agreement with Abide Builders, Inc. in the amount of \$2,247,000; and
- 3) Authorize staff to approve change orders in an amount not-to-exceed 10% of the contract amount.

BACKGROUND

John Byouk Park (formerly JM-50) is an 8-acre park site located adjacent to Rex Fortune Elementary School in the Sierra Vista Specific Plan area of Roseville, off of Upland Drive. Amenities planned for the park include a playground, picnic area, softball field with backstop and dugouts, parking lot with infrastructure for EV charging stalls, walking paths, a multi-use turf area, planting and irrigation. Additive alternates have been identified for budget purposes, and included a restroom, a shade structure at the picnic area, a swing set, a larger play structure, and sod in lieu of seed for the turf areas. A winterization allowance is also included in the total lump sum bid.

City Council approved the plans and specifications and authorized the call for bids at the April 3, 2024, meeting. Bids were opened on April 23, 2024 and staff received four bids. The bid results and architect's estimate are as follows:

<u>Bidder</u>	<u>Total Lump Sum Bid</u>
Abide Builders, Inc.	\$2,272,000
TJR Resources, Inc.	\$2,435,346
Olympic Land Construction, Inc.	\$3,055,145
Carter-Kelly, Inc.	\$3,390,977
Architect's Estimate	\$2,515,100

Staff recommends award of the project to Abide Builders, Inc., in the amount of \$2,247,000 for the base bid and all additive alternatives, one through five. The winter suspension allowance is not being awarded for this project.

FISCAL IMPACT

Funding for construction of this park was included in the FY2021-22 Capital Improvement Project (CIP) budget in the John Byouk Park - JM-50 Project, with additional funds for construction added in the FY2023-24 CIP budget. Maintenance costs will be approximately \$16,000/acre/year and will be funded by the Sierra Vista Community Facilities District No. 2 (Public Services). There will be no General Fund impact.

ENVIRONMENTAL REVIEW

Development of the John Byouk Park site (formerly JM-50 Neighborhood Park site) was previously evaluated in the Sierra Vista Specific Plan (SVSP) EIR (certified May 5, 2015, and SCH No. 2008032115), and identified in the associated Sierra Vista Specific Plan. As proposed, construction of John Byouk Park is within the scope of the project covered by the SVSP Final EIR. As discussed in the Specific Plan EIR, the EIR provides environmental analyses of community infrastructure and facilities, including parks, pedestrian bridges, and bike trails, to the extent applicable. Because the project is consistent with the SVSP Final EIR and Specific Plan, no new effects would be expected to occur and all applicable mitigation measures from the SVSP EIR will be implemented during the design and construction of John Byouk Park. Because the proposed project meets the requirements identified in Section 15183 of the State CEQA Guidelines, no additional CEQA review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal D - Enhance economic vitality
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Joel De Jong, Park Development Project Manager

Jill Geller, Parks, Recreation & Libraries Director

RESOLUTION NO. 24-155

APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ABIDE BUILDERS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an Agreement for the John Byouk Park project, by and between the City of Roseville and Abide Builders, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said Agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to approve change orders for the project, consistent with the contract terms, provided that the net cost of all change orders shall not exceed ten percent (10%) of the contract price.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

A G R E E M E N T

THIS AGREEMENT, is made and entered into this _____ day of _____, 20____, by and between the City of Roseville, a municipal corporation, (“CITY”), and _____ Abide Builders, Inc. _____, a _____ California S Corporation _____, (“CONTRACTOR”); and

W I T N E S E T H:

WHEREAS, the City Council of the CITY, at a meeting held on the 3rd day of _____ April _____, 20 24 , approved plans and specifications for the _____ John Byouk Park Project _____

and directed the City Clerk to advertise for sealed proposals for doing said work and providing that bids be submitted on the 23rd day of _____ April _____, 20 24 ; and

WHEREAS, the City Clerk, thereafter duly and regularly caused a notice to be published in the manner and for the time prescribed by law; and

WHEREAS, CONTRACTOR, pursuant to the provisions of said notice duly filed a bid with the City Clerk, a true copy of which bid is now on file in the office of the City Clerk, and is hereby referred to and by this reference made a part hereof as fully as if set forth at length herein; and

WHEREAS, all bids received pursuant to said notice were opened and examined and publicly declared at the time specified in said advertisement for bids and at a meeting of the City Council held on the _____ day of _____, 20____, the Council found and

declared the bid of CONTRACTOR to be the lowest responsible bid and thereupon awarded a contract to CONTRACTOR to do the work referred to in the aforementioned specifications.

NOW, THEREFORE, the parties agree as follows:

1. THE WORK. CONTRACTOR agrees:

a. To do the work and furnish all the labor, materials, tools, supplies, equipment, superintendence, insurance, and bonds required for the _____

John Byouk Park Project

in accordance with the Contract Documents (the Work).

b. To do and perform the Work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Director of Public Works of the City of Roseville.

2. PAYMENT. CITY shall pay CONTRACTOR Two million two hundred forty seven thousand ----- dollars (\$ 2,247,000.00) for the Work to be done under this Agreement in accordance with the Contract Documents.

3. CONTRACT DOCUMENTS. The complete Agreement between the parties hereto consists of the following documents:

a. The advertisement for bids (including the notice to bidders, instructions to bidders and proposals);

b. The accepted bid;

c. Plans and specifications (including general conditions, supplemental conditions, special provisions and construction details);

d. Bonds and insurance required by the specifications; and

e. This contract.

All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

4. LIQUIDATED DAMAGES. In the event CONTRACTOR does not complete the Work within the time specified, CONTRACTOR agrees that CITY will suffer damages. Inasmuch as the actual damages which would result from such breach by CONTRACTOR under this Agreement are uncertain, and would be impractical or extremely difficult to fix, CONTRACTOR agrees that it shall pay, or CITY shall deduct from CONTRACTOR's fee, the amount of \$ 800.00 per day as liquidated damages, in the event of such delay.

5. TIME OF COMPLETION. Time is of the essence of this Agreement. CONTRACTOR shall complete all Work under the Contract Documents within 100 Days of the date of this Contract. CONTRACTOR shall begin work by the date specified in the "Notice to Proceed" letter and shall diligently prosecute all of the Work under this Contract in all parts and requirements as defined in the Contract Documents.

6. SERVICE OF NOTICE. Any notice required or permitted to be given under this Agreement shall be deemed given when (a) personally delivered to the recipient identified below; (b) mailed by registered or certified mail, return receipt requested, postage pre-paid, to the address specified below; or (c) sent by facsimile, with confirmation of receipt, to the facsimile number identified below.

West Sacramento, CA 95605

CITY may also act through either its architect or construction manager if CITY expressly gives notice to CONTRACTOR, in writing, that CITY's designee has authority to act for CITY in a specific capacity.

7. DISPUTES. Disputes arising from this Agreement will be determined in accordance with the Contract Documents and Public Contract Code Sections 10240-10240.13.

8. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

9. INDEPENDENT CONTRACTOR. CONTRACTOR shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

10. SUCCESSORS IN INTEREST. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. MODIFICATION. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

12. SEVERABILITY. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

13. INTEGRATED AGREEMENT. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

14. CONTRACTORS LICENSE LAW. CONTRACTORS ARE REQUIRED BY LAW TO BE LICENSED AND REGULATED BY THE CONTRACTORS' STATE LICENSE

BOARD WHICH HAS JURISDICTION TO INVESTIGATE COMPLAINTS AGAINST CONTRACTORS IF A COMPLAINT REGARDING A PATENT ACT OR OMISSION IS FILED WITHIN FOUR (4) YEARS OF THE DATE OF THE ALLEGED VIOLATION. A COMPLAINT REGARDING A LATENT ACT OR OMISISON PERTAINING TO STRUCUTRAL DEFECTS MUST BE FILED WITHIN TEN (10) YEARS OF THE DATE OF THE ALLEGED VIOLATION. ANY QUESTIONS CONCERNING A CONTRACTOR MAY BE REFERRED TO THE REGISTRAR, CONTRACTORS' STATE LICENSE BOARD, P.O. BOX 26000, SACRAMENTO, CALIFORNIA 95826.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 20____, and CONTRACTOR has caused this Agreement to be duly executed.

Title: Microtransit Vans - Purchase Order and Budget Adjustment

Contact: Zach Presley 916-774-5365 zpresley@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.7.

RECOMMENDATION TO COUNCIL

Staff recommends that City Council:

1. Approve a purchase order to A-Z Bus Sales in the amount of \$2,429,666.64 for twelve (12) Ford E-Transit 350 vans; and
2. Adopt an ordinance to approve a budget adjustment in the amount of \$700,000 to align project funding to grant and local match funding for the procurement of Ford E-Transit 350 vans.

BACKGROUND

In efforts to reduce vehicle emissions and meet electric vehicle procurement standards, Roseville transit is planning to purchase twelve (12) Ford E-Transit 350 vans through the CA State (CalACT #20-01) procurement. As a member of CalACT, Roseville Transit has access to purchase vehicles intended for transit agencies from the CalACT/MBTA purchasing cooperative. These are competitively priced vans resulting from the collective purchasing power of multiple agencies. Through their competitive procurement process, conducted in a manner that conforms to Roseville's policies for formal solicitation (publicly advertised and evaluated with price as a consideration), CalACT/MBTA awarded A-Z Bus Sales a contract for vans that also meets Roseville's Microtransit (Arrow) service specifications.

A-Z Bus Sales offer Ford E-Transit 350 vans with an aftermarket dual-battery option that provide sufficient range for the operation of Roseville's Microtransit (Arrow) service. This procurement is being funded through existing capital projects. These projects utilize federal FTA grant funding and will replace existing diesel-powered buses with electric Microtransit vans. Nine (9) of these vans will be purchased using the Purchase of Eight Replacement Dial-A-Ride Buses Project and three (3) of these vans will be purchased using the Microtransit Vehicle and Charger Purchase Project. Both projects are fully funded for the purchase and include budgets for final outfitting, inspections, and subsequent deployment of these vehicles.

FISCAL IMPACT

The Purchase of Eight Replacement Dial-A-Ride Buses Project utilizes federal (FTA) Low/No Emissions grant funding that was awarded in 2023. This grant will fund \$2,346,000 of the purchase with \$414,000 of local match funding coming from Local Transportation Funds. The Microtransit Vehicle and Charger Purchase Project utilizes federal (FTA) 5339 funds that were awarded in 2021. This grant will fund \$560,000 of the purchase with \$140,000 of local match funding coming from Local Transportation Funds. These projects will have no impact on the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The purchase of vans meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

ORDINANCE NO. 6818

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2023-24, is hereby amended as listed on the attached budget adjustment for the purchase of 12 microtransit vans.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

PASSED AND ADOPTED by the Council of the City of Roseville, this

FUND BALANCE TOTAL				-	

Justification for Budget Adjustment:

The Microtransit Vehicles and Charger Purchase Project was inadvertently overbudgeted when established. This budget adjustment will correct that error, setting the new budget (and accompanying revenue budgets from federal grants and Local Transportation Funds) at \$700,000. This grant provides \$560,000 in funding to replace existing diesel transit vehicles with zero-emission electric vehicles. There is a local match requirement of \$140,000 which will be provided by Local Transportation Funds. There is no impact or cost to the General Fund for this project.

Title: Microtransit Van Fast Fare Boxes - Sole Source Purchase Order

Contact: Zach Presley 916-774-5365 zpresley@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.8.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve a sole source purchase order to Genfare, LLC in the amount of \$262,610.13 for twelve (12) Fast fare boxes.

BACKGROUND

Roseville Transit currently uses Genfare fare boxes on its existing buses to track fare payments and ridership. Genfare, LLC is the only company that produces Fast fare boxes. To maintain compatibility with Roseville's bus fleet, Fast fare boxes must be installed in the new Zero Emission buses. The Genfare computerized data collection system, probes, and vaults are all designed to operate with Genfare fare boxes only. The installation of a different type of fare box on our current fleet of buses and/or new buses would require the purchase of a new, separate set of revenue collection equipment. This would include new probes, vaults and a computer data system for the different type of fare boxes. Roseville would also need to invest in the training of staff and outreach to our customers on two different revenue collection systems. The advantage of approving the purchase of twelve (12) Fast fare boxes from Genfare is that Roseville Transit will continue to effectively collect revenue, manage, and monitor revenue collection using equipment currently installed on existing buses and at the City's Corporation Yard.

FISCAL IMPACT

The recommended purchase order has an estimated cost of \$262,610.13 based on quotes obtained by Genfare. Costs will be assigned between two grant-funded Alternative Transportation projects: the Purchase of Eight Replacement Dial-A-Ride Buses Project and the Microtransit Vehicles and Charger Purchase Project. There is no fiscal impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines

§15060(c)(3) and §15378. The proposed purchase meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

500112 Fareboxes

PURCHASING FINANCE

SOLE SOURCE FORM

Requesting Department: Public Works
Name of Requestor: Zach Presley

Division: Alternative Transportation
Extension: 5365

Total Dollar Amount: \$262,610.13

Vendor Name: Genfare

Sole Source forms are not required for purchases less than \$5,000

DEFINITIONS: Sole Source means that there is only **one** supplier who can provide the required product or service; or there may be more than one available supplier for a particular product or service; however, a **sole provider** is being selected based upon one or more of the following reasons:

Check applicable criteria and complete explanation section.

- ☒ **Standardization:** Sole Brand items are used in cases where the City requires the item(s) to standardize parts, design, quality, etc. with a particular brand or model. Sole Brand items may be items which perform a certain function for which no other items are known to exist. *(Explain below)*
- ☐ **Critical Schedule Requirements:** Supplier is the firm best able to meet critical schedule requirements. NOTE: This is not available for construction goods or services over the Council limit. *(Explain below)*
- ☐ **Specialized Test Facilities/Equipment:** Supplier is known to have facilities and/or test equipment which is highly specialized. *(Explain below)*
- ☐ **Patented, Copyrighted, or Licensed Item or Service:** The item or service is held under exclusive title, trademark or copyright by a private person or company. *(Attach letter from manufacturer authorizing specific supplier.)*
- ☐ **Distributorship:** Manufacturer defines limited or proprietary distribution channels, i.e., one designated vendor for the local sales territory. *(Attach letter from manufacturer authorizing specific supplier.)*
- ☐ **Professional Services Over Bid Limit (Requires City Manager and City Attorney approval):** Contracts for professional services not conducive to bidding (including, without limitation, contracts for engineering, architectural, accounting or legal services). Compelling reasons warrant an exception to the competitive procurement process. *(Explain below)*

Explanation: (Attach additional pages if needed.)

Roseville is currently utilizing Genfare fare boxes and is currently adding twelve (12) additional vans to their fleet. With the discontinuance of the Genfare Odyssey fare boxes approaching, there is a need to upgrade to the Genfare Fast fare boxes in our Zero-Emission Microtransit vans. This upgrade allows Roseville to maintain their standardization of fare box equipment.

ADDITIONAL INFORMATION:

Vendor Name: Genfare

Phone: (847) 757-1109

Address: 800 Arthur Ave. Elk Grove Village, IL. 60007

Define / Describe specific product(s) or service(s): ***required**

**Ten (10) Genfare Fast fare boxes configured to Roseville specifications.
Upgrades to existing vault equipment to ensure compatability between both fare boxes.**

AUTHORIZATION:

"I, the Undersigned, understand the City's requirement for competitive bidding. I also understand sole source purchases do not allow a competitive bid process. I have researched alternatives and other sources and have made a concerted effort to review comparable/equal equipment and sources. I believe, to the best of my knowledge, this sole source request to be justified and have found the supplier identified above to be the best source for this procurement action, with the agreed-upon pricing to be fair and reasonable and in the best interest of the City of Roseville for the utilization of its public funds."

Genfare Price Quotation Summary Terms & Conditions: All prices are valid for 90 days from the Document Date unless otherwise noted above. Delivery will be made within 120 After Receipt of Order (ARO) unless otherwise noted above. Prices do not include any state or local taxes or freight charges unless specifically listed. Regardless of any taxes included above, applicable taxes due are determined as of the date of sale. All price quotations are subject to and shall be governed solely and exclusively by the Genfare Standard Terms And Conditions Of Sale, a copy of which is attached and incorporated herein.

GENFARE STANDARD TERMS AND CONDITIONS OF SALE

1. GENERAL. Unless otherwise agreed in writing by Genfare, the Quotation, these Terms and Conditions of Sale (including the attached Warranty), the Order Acknowledgment (if issued) and the Software License (for any licensed Software), constitute the entire agreement between Genfare and Customer (the "Agreement") and are the exclusive terms and conditions governing the underlying order and shall apply in precedence over any such other terms and conditions, or otherwise under any applicable law. The Software is licensed to Customer under the Genfare Software License in effect at the time of purchase of such Software. Genfare's Services Agreement shall be the sole document governing any Software subscriptions purchased by Customer from Genfare. ANY ADDITIONAL OR INCONSISTENT TERMS OR CONDITIONS CONTAINED IN ANY PURCHASE ORDER OR OTHER DOCUMENT OF CUSTOMER ARE OBJECTED TO BY GENFARE AND SHALL NOT BE EFFECTIVE OR BINDING AS TO GENFARE UNLESS AGREED TO IN A WRITING SIGNED BY AN AUTHORIZED REPRESENTATIVE OF GENFARE. Genfare shall sell to Customer, and Customer shall purchase from Genfare, the equipment identified in the Quotation (the "Equipment") and a license to certain software identified in the Quotation or embedded in the Equipment (the "Software") in accordance with the Agreement (the Equipment and Software collectively referred to as the "Products"). Genfare accepts Customer's purchase orders for Products and agrees to deliver the Products to Customer only on the terms of the Agreement. Genfare's acceptance of Customer's purchase order is expressly made conditional on Customer's assent to the Agreement. No variation of the Agreement shall be binding unless agreed to in writing by authorized representatives of Genfare and Customer. The following provisions of these Terms and Conditions of Sale shall survive termination of the Agreement for whatever reason: Sections 1, 3, 6, 7, 8, 9, 11, 12, 15 and 16.

2. SHIPPING & INSURANCE Genfare shall arrange shipping and insurance and shall bill Customer for the Products with the shipping and insurance costs as separate items, on an invoice ("Invoice"). Subject to other provisions of the Agreement, Genfare shall ship the Products to Customer on the agreed upon Shipping Date.

3. TERMS OF PAYMENT. Genfare may require certain payments to be made prior to delivery of Products or other services. Notwithstanding the preceding sentence, Customer shall pay for all Products, fees, shipping, insurance, and where agreed, all duties and taxes net 30 days from date of Invoice. However, if the parties have agreed that the Products are to be installed by Genfare, Customer shall pay 90% of the total cost of each Product upon shipping of the Product and 10% upon installation of the Product. All services are invoiced at 100%. If Customer fails to pay any Invoice when due, Genfare may, without prejudice to any other remedy, postpone shipments, alter payment terms, terminate the Agreement and charge interest on all overdue amounts at the rate of 1.5% per month compounded monthly (or if less, the maximum rate allowed by law). Upon demand, Customer shall pay all such interest charges and all reasonable collection fees, including reasonable legal expenses.

4. TRANSFER OF TITLE AND RISK OF LOSS; DELIVERY. All products will be shipped FOB Destination. Risk of loss and title to all Products shall pass to Customer, free of encumbrances, at the time of delivery to Customer's destination. Genfare will endeavor to meet any estimated or firm delivery dates requested by Customer, but shall not be liable in damages or otherwise, nor shall Customer be relieved of performance under the Agreement, because of failure to meet them.

5. CHANGES TO SPECIFICATIONS. Genfare may, without notice to Customer, make changes to the specifications of the Products which do not materially affect the quality or performance of the Products.

6. ACCEPTANCE, RETURNS AND EXCHANGES. The Products and services shall be deemed accepted, and any attempt by Customer to reject an order or shipment of Products shall be waived and not enforceable, unless: (i) Customer has promptly inspected the Products and services, and written notice from Customer of any defect has been received by Genfare within thirty (30) days following any delivery of Products or performance of services. The return of defective Products is covered by the Warranty as described in Attachment A.

Return/Exchange Procedures. Customer may only return a Product which is not defective if: (a) the Product does not correspond to the Products ordered in the Agreement (a "Return"), or (b) the Product has been ordered in error by the Customer and Genfare has granted written permission to Customer to remedy its mistake by ordering the correct equipment or software and returning the Product (an "Exchange"). The party liable for all shipping, insurance and any other expenses incurred by Customer in returning the Product pursuant to the preceding sentence and for all loss or damage to the Product until received by Genfare, shall be Genfare for Returns and Customer for Exchanges. If Customer returns the Product in accordance with these Procedures in an undamaged condition, in the original configuration and, where appropriate, in the original packing, before the later of: (i) 21 days after the date of the Invoice for that Product; and (ii) the date of substantial completion of installation of the Product by Genfare, Genfare shall: (A) for Returns, issue a credit to Customer for the full Invoice price of the returned Product; or (B) for Exchanges, issue a credit to Customer for the full Invoice price of the returned Product less: (I) a restocking fee of 25% of the Invoice price; and (II) the original shipping and insurance cost as shown on the Invoice. If Customer does not comply with the Procedures in this Section for Returns and Exchanges, Customer shall pay the full amount of the Invoice.

7. CUSTOMER POSTPONEMENT OF SCHEDULED SHIPPING DATE. If Genfare receives a request from Customer to delay the Shipping Date (a) 30 days or more prior to the Shipping Date, Genfare may postpone the Shipping Date and may charge Customer 2% of the net Agreement total for each full or partial month the Shipping Date is delayed or (b) less than 30 days prior to the Shipping Date, Genfare may treat the Agreement as canceled and may bill Customer in accordance with the provisions of Section 8.

8. CANCELLATION. If Customer cancels an Agreement before the Shipping Date, Genfare may charge Customer a cancellation charge calculated by multiplying the following applicable percentage by the Agreement total (as shown on the Quotation/Order Acknowledgment): (a) if cancelled 40 business days or more before Shipping Date, the applicable percentage is 25%, and (b) if cancelled 39 business days or less before Shipping Date, the applicable percentage is 50%. In addition to the applicable percentage charge, if Customer cancels all or part of the order without cause, Customer will reimburse Genfare for (i) Genfare's expenses incurred to fulfill the order through the cancellation date, including, without limitation, materials and labor. If Customer's order includes special order Products or vendor Products, Genfare may also charge, in addition to the other amounts set forth in this Section 8, (A) for special order Products, 100% of the amount shown on the Quotation/Order Acknowledgment for that Product; and (B) for vendor Products, the lesser of 100% of the cost to Genfare of vendor Product; or, if the vendor accepts the return of its Product the restocking charge levied by the vendor. Customer shall pay all cancellation charges within 30 days of receipt of Invoice.

9. FORCE MAJEURE. To the extent that either party is not able to perform an obligation under this Agreement due to fire, flood, acts of God, severe weather conditions, strikes or labor disputes, war or other violence, acts of terrorism, any law or order of any governmental agency, or other cause beyond that party's reasonable control ("Force Majeure"), that party may be excused from such performance so long as such party provides the other party with prompt written notice describing the condition and takes reasonable steps to avoid or remove such causes of nonperformance and promptly continues performance whenever and to the extent such causes are removed.

10. INSTALLATION. If installation is purchased, Customer shall complete all of the action necessary to prepare Customer's premises for the installation of Products prior to the scheduled installation date. If Customer complies with the preceding sentence, Genfare's authorized technicians shall commence the installation of Products on the scheduled installation date. Genfare may invoice Customer for an amount in addition to the installation charge specified on the Quotation/Order Acknowledgment if Genfare incurs additional installation costs as a result of Customer's failure to have the site, other manufacturers' equipment or Products ready for Genfare's technicians on the scheduled installation date.

11. WARRANTY. All Products are covered by Genfare's Standard Warranty as described in Attachment A attached hereto and incorporated herein.

12. WAIVER OF CONSEQUENTIAL DAMAGES; LIMITATION OF LIABILITY. Notwithstanding anything in this Agreement to the contrary, to the fullest extent permitted by applicable law, Genfare will not be liable for damages related to any business interruption or loss of profit, increased operating costs, anticipated savings, data, contract, goodwill or the like or for incidental, special, indirect or consequential damages of any nature under any theory of relief, including, without limitation, breach of warranty, breach of contract, tort (including negligence), and strict liability, arising out of or related to Seller's acts or omissions. Under no circumstances shall Genfare's liability to Customer exceed the contract price for the specific goods and services upon which such liability is based. Any action for breach of contract or otherwise must be commenced within one (1) year after the cause of action has accrued.

13. INDEMNIFICATION. Genfare agrees to indemnify and hold harmless Customer, its elected and appointed officers and employees, from and against any and all claims, demands, defense costs, liability or damages brought by third parties and to the extent arising solely from: (a) personal injury or property damage resulting directly from Genfare's (or Genfare's subcontractors, if any), negligent acts, errors or omissions or willful misconduct or (b) any actual infringement by Genfare of a patent, trademark, copyright, trade secret or other intellectual or proprietary rights regarding the Products (except to the extent resulting from Customer's combination of Genfare's products with other products or services not provided by Genfare). Notwithstanding the foregoing, there shall be no indemnification hereunder by Genfare as to any losses caused by the negligence or fault of Customer or any of its officers, employees or agents. If Customer shall claim indemnification hereunder, Customer shall notify Genfare in writing of the basis for such claim or demand setting forth the nature of the claim or demand in reasonable detail. Genfare agrees to assume the defense of any such claim and to defend the same at Genfare's expense. The parties agree to reasonably cooperate with each other on any such claims. If the Customer desires to participate in the defense, then Customer shall have the right to do so through counsel of its own choosing, provided that Customer will be responsible for all of its costs in so doing.

14. INSURANCE. Genfare shall maintain insurance coverage consistent with its existing programs but shall not name Customer as an additional insured nor will Genfare or its insurers be obligated to waive any rights of subrogation Genfare or such insurers may have against Customer or its affiliates. Genfare shall use commercially reasonable efforts to provide Customer with written notice of cancellation of any applicable policy thirty (30) days prior to the effective cancellation date of such policy, but failure to do so shall impose no obligation or liability upon Genfare or its insurers, agents or representatives. Genfare shall provide Customer with its standard certificate of insurance upon request.

15. NOTICE. All requests, instructions and notices from one party to the other must be in writing and may be given via registered post or facsimile transmission to the address of the parties shown on the Quotation/Order Acknowledgment.

16. MISCELLANEOUS. No waiver by Genfare of any breach of this Agreement shall be considered as a waiver of any subsequent breach of the same or any other provision. Any provision of the Agreement which is, or is deemed to be, unenforceable in any jurisdiction shall be severable from the Agreement in that jurisdiction without in any way invalidating the remaining provisions of the Agreement, and that unenforceability shall not make that provision unenforceable in any other jurisdiction. The rights which accrue to Genfare by virtue of the Agreement shall endure for the benefit of and be binding upon the successors and assigns of Genfare. The Agreement shall be governed by the laws of the State of Illinois, however Genfare may enforce the provisions of the Agreement in accordance with the laws of the jurisdiction in which the Products are situated. The United Nations Convention on the Sale of Goods (the Vienna Convention) shall not apply to the Agreement.

ATTACHMENT A- WARRANTY

1. DEFINITIONS

- a) Customer shall mean any individual, entity, business, or transit agency that purchases Genfare's goods, services, and/or software.
- b) Documentation shall mean the manuals, guides, or other applicable materials provided by Genfare to the Customer.
- c) Equipment shall mean new Genfare supplied equipment, firmware embedded on the Genfare supplied equipment, and spare parts.
- d) Equipment Operating Instructions means the instructions for use, maintenance, storage, and repair in the applicable Genfare Equipment Manual.
- e) Equipment Warranty Period shall apply as follows:

i. Equipment:

- 1. Begins the earlier of the date of delivery of the Equipment if the equipment is not to be installed, (b) the date of installation by Genfare, or Genfare approved technician if Genfare (or a Genfare approved technician) is completing the installation, and shall end (w) twelve (12) months thereafter for equipment purchases; and (z) six (6) months for Equipment repaired during the Warranty Period or the remaining original warranty period if greater than (6) months

ii. Genfare's Mid-Life Upgrade and/or Reconditioning Program:

- 1. Begins the earlier of the date of delivery of the Equipment if the equipment is not to be installed, (b) the date of installation by Genfare, or Genfare approved technician if Genfare (or a Genfare approved technician) is completing the installation, and shall end (w) six (6) months thereafter; and (z) three (3) months for items repaired during the Warranty Period or the remaining original warranty period if greater than three (3) months.

iii. Spare Parts:

- 1. Begins upon delivery of Spare Parts and shall end six (6) months thereafter.
- f) Genfare Equipment Manual means the manual and/or guides developed by Genfare and made available to a Customer which describe the products, services, and/or software, including proper care and maintenance of such products, services, and/or software.
- g) Genfare Service Center shall mean the Genfare repair facility specified by an authorized Genfare representative.
- h) Hotfix shall mean a single, cumulative package that includes information that is used to address a problem within the Software.
- i) Services means technical, training, maintenance, or other services performed by Genfare or an authorized Genfare representative.
- j) Services Warranty Period shall begin upon the completion of the Services and end thirty (30) days thereafter.
- k) Software means all original and software updates purchases of Genfare supplied software.
- l) Software Warranty shall mean licensed software, but excludes any warranty provided under an applicable subscription and services agreement purchased by Customer.
- m) Software Warranty Period shall begin upon the earlier of (a) the date the Software is made available to the Customer for User Acceptance Testing or (b) date the Software is placed in the production and shall end ninety (90) days thereafter.
- n) Third Party Purchase Warranty Period shall mean the date on which Customer receives the Equipment from Customer's third party bus manufacturer or other third party vendors and ending twelve (12) months from such date.
- o) Warranty shall mean all applicable warranties purchased by the Customer under this Agreement.
- p) Warranty Period shall mean the applicable Equipment Warranty Period, Third Party Purchase Warranty Period, the Software Warranty Period, and the Services Warranty Period.

2. GENERAL TERMS

- a) Subject to the provisions of the Equipment Warranty, Genfare warrants that the Equipment shall conform to the specifications in the Genfare documentation in all material respects and that the equipment shall be free from material defects in materials and workmanship.
- b) Genfare warrants that the Services and Software shall materially conform to the specifications in the then-current Documentation.
- c) It is understood that the costs of discovery of the problem associated with any Warranty and, to the extent applicable, the costs associated with the removal and installation of the defective part shall be the responsibility of Customer.

3. RETURN OF EQUIPMENT UNDER WARRANTY

- a) If an item of Equipment malfunctions or fails in normal use within the applicable Warranty Period:
- b) Customer shall promptly notify Genfare of the problem, the original sales order number, and the serial number, if applicable, of the defective item;
- i. Genfare shall, at its option, either resolve the problem over the telephone or via email, or provide Customer with a Return Material Authorization ("RMA") to ship the defective item to Genfare;
- ii. If Genfare provides Customer with an RMA to ship the defective item to Genfare, Customer shall include, in the RMA, a description of the fault. Customer shall, at its cost, properly pack the item to be returned, prepay the insurance and shipping charges, and ship the item to the specified Genfare Service Center with a copy of the RMA; Parts or Equipment damaged during shipment that were not properly packaged are the responsibility of the customer. The return label must include the RMA number with attention to Repair Center. Genfare reserves the right to return items sent to the Genfare Service Center without an RMA and Customer will reimburse Genfare for its costs in returning the items.
- iii. Genfare shall, at Genfare's option, either repair or replace the returned item. The replacement item may be new or refurbished; if refurbished, it shall be equivalent in operation to new Equipment. If a returned item is replaced by Genfare, the Customer agrees that the returned item shall become the property of Genfare;
- iv. Genfare shall, at its cost, ship the repaired item or replacement to the Customer. If the Customer has requested express shipping, the Customer shall pay Genfare an expediting fee.
- c) A failure is defined as a device or component in the Equipment that is inoperative and/or unsuitable for the intended purpose.
- d) It is understood that Genfare shall be responsible for the costs of all materials and labor, except as provided herein.

4. TECHNICAL ASSISTANCE

During the applicable Warranty Period, Genfare shall provide the Customer with Technical Support via phone or email. All communication is to be routed through Customer Care at 847-871-1231, 847-593-8855, or genfare.customercare@spx.com. A case will be created for each inquiry that will be followed through resolution. Technical Support is included throughout the Warranty Period. Customer understands that ongoing Technical Support is the Customer's responsibility and that if a Support Agreement is not secured prior to the expiration of the Warranty Period, Customer is agreeing to support at Genfare's then-current time and materials rates or as otherwise quoted by Genfare.

5. UPDATES

During the applicable Software Warranty Period, Genfare shall, at no charge, provide Customer with non-feature software updates to the version of Software installed at the Customer's location and, if the Equipment is sent to Genfare for

Warranty repair, those revision level updates deemed necessary by Genfare. Non-feature software updates and revision level updates do not generally include additional equipment, such as hardware memory, which enables the upgrades to function in the existing Equipment of Customer. Customer may purchase this additional equipment from Genfare. Updates will be provided based on compatibility and based on Genfare's reasonable determination that a Software update will resolve an issue the Customer is experiencing. Genfare reserves the right to provide Customer with a Hotfix to resolve an issue between scheduled releases. Any firmware provided by Genfare to Customer is recommended to be tested in a user acceptance testing environment prior to deployment to Customer's production environment, Genfare's warranty does not cover issues experienced by Customer where Customer deployed firmware to Customer's production environment without first testing in the user acceptance testing environment.

6. DEFAULT AND TERMINATION

Genfare may suspend or immediately terminate this Warranty and all of its performance under this Warranty, upon notification to Customer, if Customer: (a) makes any unauthorized modifications to the Equipment or Software; (b) purchases non-OEM supplied parts during the warranty period (c) does not regularly perform preventative maintenance and is unable to show service records or other documentation reasonably requested by Genfare; (d) uses an unauthorized repair facility; (e) assigns or transfers the Customer's rights or obligations under this Warranty without the prior written consent of Genfare; (f) becomes bankrupt or insolvent, or is put into receivership; or (g) has not paid Genfare all amounts for services, advance replacement parts supplied under this Warranty, or other additional charges within thirty (30) days of receipt of written notice from Genfare. If this Warranty is terminated by Genfare, Customer shall remain liable for all amounts due to Genfare. If Genfare suspends the warranty under Section 6(a), 6(b), 6(c), or 6(g), Customer will have the opportunity to cure and must do so within ninety (90) days of Genfare providing notice to Customer. If Customer does not cure within the allotted period, the warranty will terminate upon expiration of the cure period. To cure, Customer must remedy the default in the manner required by Genfare in Genfare's notice of default to Customer. The term of Customer's Warranty Period will continue to run during any cure period.

7. LIMITATIONS AND QUALIFICATIONS OF WARRANTY

This Warranty does not apply to normal consumable items, items which are replaced in usual and scheduled preventative maintenance such as ball bearings, belts, batteries, cables, gears, rollers etc.(a full listof consumable items can be provided upon request) nor does it apply to any damage, defect or failure caused by:

- a) any part of the Equipment or Software having been modified, adapted, transported or relocated by any person other than Genfare personnel, a Genfare authorized service agent or Genfare approved technician without Genfare's prior written consent;
- b) improper installation, operation or maintenance by Customer or a third party;
- c) storage or environmental characteristics which do not conform to the applicable sections of the appropriate Genfare Equipment Manual;
- d) failure to conform with the Equipment Operating Instructions in the applicable Genfare Equipment Manual or the Minimum System Requirements for the Network Manager or Server (including failure to perform regular backups);
- e) inaccurate or incomplete information or data supplied or approved by Customer;
- f) external causes, including external electrical stress or lightning, or use in conjunction with incompatible equipment, unless such use was with Genfare's prior written consent;
- g) cosmetic damage (including graffiti);
- h) accidental damage, negligence, neglect, mishandling, abuse or misuse, other than by Genfare personnel, a Genfare authorized service agent or Genfare approved technician; or
- i) Force Majeure (as defined in Genfare's Terms and Conditions of Sale);
- j) Customer implementing a software update without having a User Acceptance Testing environment available prior to implementation of the software update
- k) Improper or inadequate testing of a software update or release in Customer's User Acceptance Testing environment prior to implementation of such software update or release in Customer's production environment.

8. LIMITATION ON DAMAGES

a) THE WARRANTY STATED HEREIN ARE THE CUSTOMER'S SOLE AND EXCLUSIVE WARRANTY AND SOLE AND EXCLUSIVE REMEDY FOR THE EQUIPMENT, SOFTWARE, AND/OR SERVICES. GENFARE SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, OF MERCHANTABILITY, AND NONINFRINGEMENT. EXCEPT AS SPECIFICALLY SET FORTH ABOVE, TO THE MAXIMUM EXTENT ALLOWED BY LAW, THE SERVICES AND SOFTWARE ARE PROVIDED "AS IS." GENFARE DOES NOT WARRANT THAT: (1) OPERATION OF ANY OF THE SERVICES OR SOFTWARE SHALL BE UNINTERRUPTED OR ERROR FREE, (2) FUNCTIONS CONTAINED IN THE SERVICES AND SOFTWARE SHALL MEET THE CUSTOMER'S REQUIREMENTS, OR (3) THE SERVICES OR SOFTWARE SHALL OPERATE IN COMBINATION WITH (I) OTHER HARDWARE OR SOFTWARE OTHER THAN HARDWARE AND SOFTWARE EXPRESSLY APPROVED OR RECOMMEND BY GENFARE IN WRITING, OR (II) UNSUPPORTED VERSIONS OF THE SOFTWARE

b) EXCEPT AS OTHERWISE EXPRESSLY AGREED BY THE PARTIES, GENFARE SHALL NOT BE LIABLE IN TORT, INCLUDING LIABILITY IN NEGLIGENCE OR STRICT LIABILITY, AND SHALL HAVE NO LIABILITY AT ALL FOR INJURY TO PERSONS OR PROPERTY. GENFARE'S LIABILITY FOR FAILURE TO FULFILL ITS OBLIGATIONS UNDER THIS WARRANTY OR ANY OTHER LIABILITY UNDER OR IN CONNECTION WITH THE EQUIPMENT SHALL BE LIMITED TO THE AMOUNT OF THE PURCHASE PRICE OF THE EQUIPMENT.

c) EVEN IF GENFARE HAS BEEN ADVISED OF THE POSSIBILITY OF THEM, GENFARE SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS AND REVENUES, FAILURE TO REALIZE EXPECTED SAVINGS, ANY CLAIM AGAINST A CUSTOMER BY A THIRD PARTY, OR ANY OTHER COMMERCIAL OR ECONOMIC LOSSES OF ANY KIND.

GENFARE STANDARD TERMS AND CONDITIONS OF SALE

1. GENERAL. Unless otherwise agreed in writing by Genfare, the Quotation, these Terms and Conditions of Sale (including the attached Warranty), the Order Acknowledgment (if issued) and the Software License (for any licensed Software), constitute the entire agreement between Genfare and Customer (the "Agreement") and are the exclusive terms and conditions governing the underlying order and shall apply in precedence over any such other terms and conditions, or otherwise under any applicable law. The Software is licensed to Customer under the Genfare Software License in effect at the time of purchase of such Software. Genfare's Services Agreement shall be the sole document governing any Software subscriptions purchased by Customer from Genfare. ANY ADDITIONAL OR INCONSISTENT TERMS OR CONDITIONS CONTAINED IN ANY PURCHASE ORDER OR OTHER DOCUMENT OF CUSTOMER ARE OBJECTED TO BY GENFARE AND SHALL NOT BE EFFECTIVE OR BINDING AS TO GENFARE UNLESS AGREED TO IN A WRITING SIGNED BY AN AUTHORIZED REPRESENTATIVE OF GENFARE. Genfare shall sell to Customer, and Customer shall purchase from Genfare, the equipment identified in the Quotation (the "Equipment") and a license to certain software identified in the Quotation or embedded in the Equipment (the "Software") in accordance with the Agreement (the Equipment and Software collectively referred to as the "Products"). Genfare accepts Customer's purchase orders for Products and agrees to deliver the Products to Customer only on the terms of the Agreement. Genfare's acceptance of Customer's purchase order is expressly made conditional on Customer's assent to the Agreement. No variation of the Agreement shall be binding unless agreed to in writing by authorized representatives of Genfare and Customer. The following provisions of these Terms and Conditions of Sale shall survive termination of the Agreement for whatever reason: Sections 1, 3, 6, 7, 8, 9, 11, 12, 15 and 16.

2. SHIPPING & INSURANCE Genfare shall arrange shipping and insurance and shall bill Customer for the Products with the shipping and insurance costs as separate items, on an invoice ("Invoice"). Subject to other provisions of the Agreement, Genfare shall ship the Products to Customer on the agreed upon Shipping Date.

3. TERMS OF PAYMENT. Genfare may require certain payments to be made prior to delivery of Products or other services. Notwithstanding the preceding sentence, Customer shall pay for all Products, fees, shipping, insurance, and where agreed, all duties and taxes net 30 days from date of Invoice. However, if the parties have agreed that the Products are to be installed by Genfare, Customer shall pay 90% of the total cost of each Product upon shipping of the Product and 10% upon installation of the Product. All services are invoiced at 100%. If Customer fails to pay any Invoice when due, Genfare may, without prejudice to any other remedy, postpone shipments, alter payment terms, terminate the Agreement and charge interest on all overdue amounts at the rate of 1.5% per month compounded monthly (or if less, the maximum rate allowed by law). Upon demand, Customer shall pay all such interest charges and all reasonable collection fees, including reasonable legal expenses.

4. TRANSFER OF TITLE AND RISK OF LOSS; DELIVERY. All products will be shipped FOB Destination. Risk of loss and title to all Products shall pass to Customer, free of encumbrances, at the time of delivery to Customer's destination. Genfare will endeavor to meet any estimated or firm delivery dates requested by Customer, but shall not be liable in damages or otherwise, nor shall Customer be relieved of performance under the Agreement, because of failure to meet them.

5. CHANGES TO SPECIFICATIONS. Genfare may, without notice to Customer, make changes to the specifications of the Products which do not materially affect the quality or performance of the Products.

6. ACCEPTANCE, RETURNS AND EXCHANGES. The Products and services shall be deemed accepted, and any attempt by Customer to reject an order or shipment of Products shall be waived and not enforceable, unless: (i) Customer has promptly inspected the Products and services, and written notice from Customer of any defect has been received by Genfare within thirty (30) days following any delivery of Products or performance of services. The return of defective Products is covered by the Warranty as described in Attachment A.

Return/Exchange Procedures. Customer may only return a Product which is not defective if: (a) the Product does not correspond to the Products ordered in the Agreement (a "Return"), or (b) the Product has been ordered in error by the Customer and Genfare has granted written permission to Customer to remedy its mistake by ordering the correct equipment or software and returning the Product (an "Exchange"). The party liable for all shipping, insurance and any other expenses incurred by Customer in returning the Product pursuant to the preceding sentence and for all loss or damage to the Product until received by Genfare, shall be Genfare for Returns and Customer for Exchanges. If Customer returns the Product in accordance with these Procedures in an undamaged condition, in the original configuration and, where appropriate, in the original packing, before the later of: (i) 21 days after the date of the Invoice for that Product; and (ii) the date of substantial completion of installation of the Product by Genfare, Genfare shall: (A) for Returns, issue a credit to Customer for the full Invoice price of the returned Product; or (B) for Exchanges, issue a credit to Customer for the full Invoice price of the returned Product less: (I) a restocking fee of 25% of the Invoice price; and (II) the original shipping and insurance cost as shown on the Invoice. If Customer does not comply with the Procedures in this Section for Returns and Exchanges, Customer shall pay the full amount of the Invoice.

7. CUSTOMER POSTPONEMENT OF SCHEDULED SHIPPING DATE. If Genfare receives a request from Customer to delay the Shipping Date (a) 30 days or more prior to the Shipping Date, Genfare may postpone the Shipping Date and may charge Customer 2% of the net Agreement total for each full or partial month the Shipping Date is delayed or (b) less than 30 days prior to the Shipping Date, Genfare may treat the Agreement as canceled and may bill Customer in accordance with the provisions of Section 8.

8. CANCELLATION. If Customer cancels an Agreement before the Shipping Date, Genfare may charge Customer a cancellation charge calculated by multiplying the following applicable percentage by the Agreement total (as shown on the Quotation/Order Acknowledgment): (a) if cancelled 40 business days or more before Shipping Date, the applicable percentage is 25%, and (b) if cancelled 39 business days or less before Shipping Date, the applicable percentage is 50%. In addition to the applicable percentage charge, if Customer cancels all or part of the order without cause, Customer will reimburse Genfare for (i) Genfare's expenses incurred to fulfill the order through the cancellation date, including, without limitation, materials and labor. If Customer's order includes special order Products or vendor Products, Genfare may also charge, in addition to the other amounts set forth in this Section 8, (A) for special order Products, 100% of the amount shown on the Quotation/Order Acknowledgment for that Product; and (B) for vendor Products, the lesser of 100% of the cost to Genfare of vendor Product; or, if the vendor accepts the return of its Product the restocking charge levied by the vendor. Customer shall pay all cancellation charges within 30 days of receipt of Invoice.

9. FORCE MAJEURE. To the extent that either party is not able to perform an obligation under this Agreement due to fire, flood, acts of God, severe weather conditions, strikes or labor disputes, war or other violence, acts of terrorism, any law or order of any governmental agency, or other cause beyond that party's reasonable control ("Force Majeure"), that party may be excused from such performance so long as such party provides the other party with prompt written notice describing the condition and takes reasonable steps to avoid or remove such causes of nonperformance and promptly continues performance whenever and to the extent such causes are removed.

10. INSTALLATION. If installation is purchased, Customer shall complete all of the action necessary to prepare Customer's premises for the installation of Products prior to the scheduled installation date. If Customer complies with the preceding sentence, Genfare's authorized technicians shall commence the installation of Products on the scheduled installation date. Genfare may invoice Customer for an amount in addition to the installation charge specified on the Quotation/Order Acknowledgment if Genfare incurs additional installation costs as a result of Customer's failure to have the site, other manufacturers' equipment or Products ready for Genfare's technicians on the scheduled installation date.

11. WARRANTY. All Products are covered by Genfare's Standard Warranty as described in Attachment A attached hereto and incorporated herein.

12. WAIVER OF CONSEQUENTIAL DAMAGES; LIMITATION OF LIABILITY. Notwithstanding anything in this Agreement to the contrary, to the fullest extent permitted by applicable law, Genfare will not be liable for damages related to any business interruption or loss of profit, increased operating costs, anticipated savings, data, contract, goodwill or the like or for incidental, special, indirect or consequential damages of any nature under any theory of relief, including, without limitation, breach of warranty, breach of contract, tort (including negligence), and strict liability, arising out of or related to Seller's acts or omissions. Under no circumstances shall Genfare's liability to Customer exceed the contract price for the specific goods and services upon which such liability is based. Any action for breach of contract or otherwise must be commenced within one (1) year after the cause of action has accrued.

13. INDEMNIFICATION. Genfare agrees to indemnify and hold harmless Customer, its elected and appointed officers and employees, from and against any and all claims, demands, defense costs, liability or damages brought by third parties and to the extent arising solely from: (a) personal injury or property damage resulting directly from Genfare's (or Genfare's subcontractors, if any), negligent acts, errors or omissions or willful misconduct or (b) any actual infringement by Genfare of a patent, trademark, copyright, trade secret or other intellectual or proprietary rights regarding the Products (except to the extent resulting from Customer's combination of Genfare's products with other products or services not provided by Genfare). Notwithstanding the foregoing, there shall be no indemnification hereunder by Genfare as to any losses caused by the negligence or fault of Customer or any of its officers, employees or agents. If Customer shall claim indemnification hereunder, Customer shall notify Genfare in writing of the basis for such claim or demand setting forth the nature of the claim or demand in reasonable detail. Genfare agrees to assume the defense of any such claim and to defend the same at Genfare's expense. The parties agree to reasonably cooperate with each other on any such claims. If the Customer desires to participate in the defense, then Customer shall have the right to do so through counsel of its own choosing, provided that Customer will be responsible for all of its costs in so doing.

14. INSURANCE. Genfare shall maintain insurance coverage consistent with its existing programs but shall not name Customer as an additional insured nor will Genfare or its insurers be obligated to waive any rights of subrogation Genfare or such insurers may have against Customer or its affiliates. Genfare shall use commercially reasonable efforts to provide Customer with written notice of cancellation of any applicable policy thirty (30) days prior to the effective cancellation date of such policy, but failure to do so shall impose no obligation or liability upon Genfare or its insurers, agents or representatives. Genfare shall provide Customer with its standard certificate of insurance upon request.

15. NOTICE. All requests, instructions and notices from one party to the other must be in writing and may be given via registered post or facsimile transmission to the address of the parties shown on the Quotation/Order Acknowledgment.

16. MISCELLANEOUS. No waiver by Genfare of any breach of this Agreement shall be considered as a waiver of any subsequent breach of the same or any other provision. Any provision of the Agreement which is, or is deemed to be, unenforceable in any jurisdiction shall be severable from the Agreement in that jurisdiction without in any way invalidating the remaining provisions of the Agreement, and that unenforceability shall not make that provision unenforceable in any other jurisdiction. The rights which accrue to Genfare by virtue of the Agreement shall endure for the benefit of and be binding upon the successors and assigns of Genfare. The Agreement shall be governed by the laws of the State of Illinois, however Genfare may enforce the provisions of the Agreement in accordance with the laws of the jurisdiction in which the Products are situated. The United Nations Convention on the Sale of Goods (the Vienna Convention) shall not apply to the Agreement.

ATTACHMENT A- WARRANTY

1. DEFINITIONS

- a) Customer shall mean any individual, entity, business, or transit agency that purchases Genfare's goods, services, and/or software.
- b) Documentation shall mean the manuals, guides, or other applicable materials provided by Genfare to the Customer.
- c) Equipment shall mean new Genfare supplied equipment, firmware embedded on the Genfare supplied equipment, and spare parts.
- d) Equipment Operating Instructions means the instructions for use, maintenance, storage, and repair in the applicable Genfare Equipment Manual.
- e) Equipment Warranty Period shall apply as follows:

i. Equipment:

- 1. Begins the earlier of the date of delivery of the Equipment if the equipment is not to be installed, (b) the date of installation by Genfare, or Genfare approved technician if Genfare (or a Genfare approved technician) is completing the installation, and shall end (w) twelve (12) months thereafter for equipment purchases; and (z) six (6) months for Equipment repaired during the Warranty Period or the remaining original warranty period if greater than (6) months

ii. Genfare's Mid-Life Upgrade and/or Reconditioning Program:

- 1. Begins the earlier of the date of delivery of the Equipment if the equipment is not to be installed, (b) the date of installation by Genfare, or Genfare approved technician if Genfare (or a Genfare approved technician) is completing the installation, and shall end (w) six (6) months thereafter; and (z) three (3) months for items repaired during the Warranty Period or the remaining original warranty period if greater than three (3) months.

iii. Spare Parts:

- 1. Begins upon delivery of Spare Parts and shall end six (6) months thereafter.
- f) Genfare Equipment Manual means the manual and/or guides developed by Genfare and made available to a Customer which describe the products, services, and/or software, including proper care and maintenance of such products, services, and/or software.
- g) Genfare Service Center shall mean the Genfare repair facility specified by an authorized Genfare representative.
- h) Hotfix shall mean a single, cumulative package that includes information that is used to address a problem within the Software.
- i) Services means technical, training, maintenance, or other services performed by Genfare or an authorized Genfare representative.
- j) Services Warranty Period shall begin upon the completion of the Services and end thirty (30) days thereafter.
- k) Software means all original and software updates purchases of Genfare supplied software.
- l) Software Warranty shall mean licensed software, but excludes any warranty provided under an applicable subscription and services agreement purchased by Customer.
- m) Software Warranty Period shall begin upon the earlier of (a) the date the Software is made available to the Customer for User Acceptance Testing or (b) date the Software is placed in the production and shall end ninety (90) days thereafter.
- n) Third Party Purchase Warranty Period shall mean the date on which Customer receives the Equipment from Customer's third party bus manufacturer or other third party vendors and ending twelve (12) months from such date.
- o) Warranty shall mean all applicable warranties purchased by the Customer under this Agreement.
- p) Warranty Period shall mean the applicable Equipment Warranty Period, Third Party Purchase Warranty Period, the Software Warranty Period, and the Services Warranty Period.

2. GENERAL TERMS

- a) Subject to the provisions of the Equipment Warranty, Genfare warrants that the Equipment shall conform to the specifications in the Genfare documentation in all material respects and that the equipment shall be free from material defects in materials and workmanship.
- b) Genfare warrants that the Services and Software shall materially conform to the specifications in the then-current Documentation.
- c) It is understood that the costs of discovery of the problem associated with any Warranty and, to the extent applicable, the costs associated with the removal and installation of the defective part shall be the responsibility of Customer.

3. RETURN OF EQUIPMENT UNDER WARRANTY

- a) If an item of Equipment malfunctions or fails in normal use within the applicable Warranty Period:
- b) Customer shall promptly notify Genfare of the problem, the original sales order number, and the serial number, if applicable, of the defective item;
- i. Genfare shall, at its option, either resolve the problem over the telephone or via email, or provide Customer with a Return Material Authorization ("RMA") to ship the defective item to Genfare;
- ii. If Genfare provides Customer with an RMA to ship the defective item to Genfare, Customer shall include, in the RMA, a description of the fault. Customer shall, at its cost, properly pack the item to be returned, prepay the insurance and shipping charges, and ship the item to the specified Genfare Service Center with a copy of the RMA; Parts or Equipment damaged during shipment that were not properly packaged are the responsibility of the customer. The return label must include the RMA number with attention to Repair Center. Genfare reserves the right to return items sent to the Genfare Service Center without an RMA and Customer will reimburse Genfare for its costs in returning the items.
- iii. Genfare shall, at Genfare's option, either repair or replace the returned item. The replacement item may be new or refurbished; if refurbished, it shall be equivalent in operation to new Equipment. If a returned item is replaced by Genfare, the Customer agrees that the returned item shall become the property of Genfare;
- iv. Genfare shall, at its cost, ship the repaired item or replacement to the Customer. If the Customer has requested express shipping, the Customer shall pay Genfare an expediting fee.
- c) A failure is defined as a device or component in the Equipment that is inoperative and/or unsuitable for the intended purpose.
- d) It is understood that Genfare shall be responsible for the costs of all materials and labor, except as provided herein.

4. TECHNICAL ASSISTANCE

During the applicable Warranty Period, Genfare shall provide the Customer with Technical Support via phone or email. All communication is to be routed through Customer Care at 847-871-1231, 847-593-8855, or genfare.customercare@spx.com. A case will be created for each inquiry that will be followed through resolution. Technical Support is included throughout the Warranty Period. Customer understands that ongoing Technical Support is the Customer's responsibility and that if a Support Agreement is not secured prior to the expiration of the Warranty Period, Customer is agreeing to support at Genfare's then-current time and materials rates or as otherwise quoted by Genfare.

5. UPDATES

During the applicable Software Warranty Period, Genfare shall, at no charge, provide Customer with non-feature software updates to the version of Software installed at the Customer's location and, if the Equipment is sent to Genfare for

Warranty repair, those revision level updates deemed necessary by Genfare. Non-feature software updates and revision level updates do not generally include additional equipment, such as hardware memory, which enables the upgrades to function in the existing Equipment of Customer. Customer may purchase this additional equipment from Genfare. Updates will be provided based on compatibility and based on Genfare's reasonable determination that a Software update will resolve an issue the Customer is experiencing. Genfare reserves the right to provide Customer with a Hotfix to resolve an issue between scheduled releases. Any firmware provided by Genfare to Customer is recommended to be tested in a user acceptance testing environment prior to deployment to Customer's production environment, Genfare's warranty does not cover issues experienced by Customer where Customer deployed firmware to Customer's production environment without first testing in the user acceptance testing environment.

6. DEFAULT AND TERMINATION

Genfare may suspend or immediately terminate this Warranty and all of its performance under this Warranty, upon notification to Customer, if Customer: (a) makes any unauthorized modifications to the Equipment or Software; (b) purchases non-OEM supplied parts during the warranty period (c) does not regularly perform preventative maintenance and is unable to show service records or other documentation reasonably requested by Genfare; (d) uses an unauthorized repair facility; (e) assigns or transfers the Customer's rights or obligations under this Warranty without the prior written consent of Genfare; (f) becomes bankrupt or insolvent, or is put into receivership; or (g) has not paid Genfare all amounts for services, advance replacement parts supplied under this Warranty, or other additional charges within thirty (30) days of receipt of written notice from Genfare. If this Warranty is terminated by Genfare, Customer shall remain liable for all amounts due to Genfare. If Genfare suspends the warranty under Section 6(a), 6(b), 6(c), or 6(g), Customer will have the opportunity to cure and must do so within ninety (90) days of Genfare providing notice to Customer. If Customer does not cure within the allotted period, the warranty will terminate upon expiration of the cure period. To cure, Customer must remedy the default in the manner required by Genfare in Genfare's notice of default to Customer. The term of Customer's Warranty Period will continue to run during any cure period.

7. LIMITATIONS AND QUALIFICATIONS OF WARRANTY

This Warranty does not apply to normal consumable items, items which are replaced in usual and scheduled preventative maintenance such as ball bearings, belts, batteries, cables, gears, rollers etc.(a full listof consumable items can be provided upon request) nor does it apply to any damage, defect or failure caused by:

- a) any part of the Equipment or Software having been modified, adapted, transported or relocated by any person other than Genfare personnel, a Genfare authorized service agent or Genfare approved technician without Genfare's prior written consent;
- b) improper installation, operation or maintenance by Customer or a third party;
- c) storage or environmental characteristics which do not conform to the applicable sections of the appropriate Genfare Equipment Manual;
- d) failure to conform with the Equipment Operating Instructions in the applicable Genfare Equipment Manual or the Minimum System Requirements for the Network Manager or Server (including failure to perform regular backups);
- e) inaccurate or incomplete information or data supplied or approved by Customer;
- f) external causes, including external electrical stress or lightning, or use in conjunction with incompatible equipment, unless such use was with Genfare's prior written consent;
- g) cosmetic damage (including graffiti);
- h) accidental damage, negligence, neglect, mishandling, abuse or misuse, other than by Genfare personnel, a Genfare authorized service agent or Genfare approved technician; or
- i) Force Majeure (as defined in Genfare's Terms and Conditions of Sale);
- j) Customer implementing a software update without having a User Acceptance Testing environment available prior to implementation of the software update
- k) Improper or inadequate testing of a software update or release in Customer's User Acceptance Testing environment prior to implementation of such software update or release in Customer's production environment.

8. LIMITATION ON DAMAGES

a) THE WARRANTY STATED HEREIN ARE THE CUSTOMER'S SOLE AND EXCLUSIVE WARRANTY AND SOLE AND EXCLUSIVE REMEDY FOR THE EQUIPMENT, SOFTWARE, AND/OR SERVICES. GENFARE SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, OF MERCHANTABILITY, AND NONINFRINGEMENT. EXCEPT AS SPECIFICALLY SET FORTH ABOVE, TO THE MAXIMUM EXTENT ALLOWED BY LAW, THE SERVICES AND SOFTWARE ARE PROVIDED "AS IS." GENFARE DOES NOT WARRANT THAT: (1) OPERATION OF ANY OF THE SERVICES OR SOFTWARE SHALL BE UNINTERRUPTED OR ERROR FREE, (2) FUNCTIONS CONTAINED IN THE SERVICES AND SOFTWARE SHALL MEET THE CUSTOMER'S REQUIREMENTS, OR (3) THE SERVICES OR SOFTWARE SHALL OPERATE IN COMBINATION WITH (I) OTHER HARDWARE OR SOFTWARE OTHER THAN HARDWARE AND SOFTWARE EXPRESSLY APPROVED OR RECOMMEND BY GENFARE IN WRITING, OR (II) UNSUPPORTED VERSIONS OF THE SOFTWARE

b) EXCEPT AS OTHERWISE EXPRESSLY AGREED BY THE PARTIES, GENFARE SHALL NOT BE LIABLE IN TORT, INCLUDING LIABILITY IN NEGLIGENCE OR STRICT LIABILITY, AND SHALL HAVE NO LIABILITY AT ALL FOR INJURY TO PERSONS OR PROPERTY. GENFARE'S LIABILITY FOR FAILURE TO FULFILL ITS OBLIGATIONS UNDER THIS WARRANTY OR ANY OTHER LIABILITY UNDER OR IN CONNECTION WITH THE EQUIPMENT SHALL BE LIMITED TO THE AMOUNT OF THE PURCHASE PRICE OF THE EQUIPMENT.

c) EVEN IF GENFARE HAS BEEN ADVISED OF THE POSSIBILITY OF THEM, GENFARE SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS AND REVENUES, FAILURE TO REALIZE EXPECTED SAVINGS, ANY CLAIM AGAINST A CUSTOMER BY A THIRD PARTY, OR ANY OTHER COMMERCIAL OR ECONOMIC LOSSES OF ANY KIND.

COUNCIL COMMUNICATION

CC #: 3338
File #: 0203-04

Title: Building Control System Services - Sole Source Contract Purchase Agreement
Contact: Darci Carpenter 916-774-5702 drcarpenter@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.9.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution approving a sole source contract purchase agreement with Sacramento Cooling Systems dba L&H Airco, LLC and authorizing the City Manager to execute it. The initial contract value is projected at \$300,000, subject to not-to-exceed annual budgeted amounts. Additionally, staff requests authorization for up to four (4) optional one-year renewals of the sole source contract, pending sole source verification, without further Council approval, contingent upon the approval of the relevant budget for those fiscal years or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The City of Roseville has standardized on the Alerton Building Control Systems since 1991. These control systems manage air conditioning and heating throughout the City's facilities. Since that time, the City Council has authorized purchase agreements with L&H Airco, LLC, a sole source vendor, to provide maintenance, repair, installation of hardware, and for the software programming of Alerton Building Control Systems.

FISCAL IMPACT

The initial contract purchase agreement is \$300,000, not to exceed annual budgeted amounts. Funding for this agreement is allocated in the proposed FY2024-25 budget within the Facility Services Fund and Facility Rehabilitation Fund. The proposed budgeted amounts for subsequent optional years are as follows: FY2025-26, \$300,000, FY2026-27, \$300,000, FY2027-28, \$300,000, and FY2028-29, \$300,000.

ENVIRONMENTAL REVIEW

The proposed contract purchase agreement involves maintenance and repair of an existing

facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal E - Deliver exceptional city services

Respectfully Submitted,

Darci Carpenter, Administrative Technician

Jason Shykowski, Public Works Director

Dominick Casey, City Manager

Resolution 24-153

CPA 3003623 - L&H AIRCO

Notice of Exemption

RESOLUTION NO. 24-153

APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND SACRAMENTO COOLING SYSTEMS, INC. DBA L&H AIRCO, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a contract purchase agreement (3003623) for citywide Alerton building control systems and parts, installation, maintenance and repair services, by and between the City of Roseville and Sacramento Cooling Systems, Inc. dba L&H Airco, LLC, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute four (4) additional one (1) year renewal without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - By owner

Partnership - Any general partner

Corporation - Two options:

(1) A signature from the President and the corporate seal; OR

(2) One signature from the Chairman of the Board, President, or any Vice President AND one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

***General Manager, Office Manager and/or Sales Manager are not corporate officer titles.** The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

- c. **Additional Insureds.** Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
- d. **Cancellation/Modification.** Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
- e. **Umbrella/Excess Insurance.** The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- f. **Subcontractors.** Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
- g. **Self-Insured Retentions.** All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
- h. **Waiver of Subrogation.** Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
- i. **Liability/Remedies.** Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Contractor shall comply with all federal, state, and local laws and ordinances, including

but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. If the project referenced on this agreement is a Public Works project, then the following

shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

Asbestos-Containing Materials in City-Owned Buildings

California Health and Safety Code Section 25915 requires that all City of Roseville employees, contractors and lessees be notified annually of the presence of asbestos in City-owned buildings constructed prior to 1979. Please post this notice in an area(s) accessible to all employees, contractors and lessees. Contact Facility Maintenance & Operations at (916) 774-5740 for more information about Asbestos Containing Materials (ACMs) in specific City-owned buildings. For more information about asbestos refer to the OSHA website.

The City of Roseville is committed to maintaining a safe and healthy work environment. The City's Facility Maintenance & Operations staff conducts ongoing inspections to identify and safely manage previously installed asbestos-containing products. Renovation of City-owned buildings **MUST** be reviewed in advance by Facility Maintenance & Operations to ensure the City is in compliance with building codes, Americans with Disabilities Act and that no ACMs are disturbed without proper safeguards. Work that requires removal or repair of ACMs is restricted to trained and qualified persons only. **Facility Maintenance & Operations will need to approve the qualified contractors.**

Use the following measures to protect you and others from exposure to airborne asbestos:

- Presume all building materials contain asbestos until determined otherwise by Facility Maintenance & Operations.
- Do not install walls, closets, cabinets, ceilings.
- Do not remove, cut, drill, sand, grind or otherwise disturb any material in the buildings, including carpet and tile.
- Do not paint (this includes any walls, ceilings, floors and electrostatic painting of office furniture).
- Do not remove any items nailed or screwed to the walls (this includes pictures, cabinets, electrical, etc.).
- Do not go above ceilings, behind walls or into building spaces such as attics and crawlspaces unless these areas have been inspected and cleared by Facility Maintenance & Operations.
- Do not pull cable or wiring through above-ceiling spaces with asbestos.
- Do not install screws, pins, nails or hangers into asbestos ceiling or wall plaster.
- Be careful not to damage walls, ceilings or floors when moving furniture or equipment. It is recommended that Facility Maintenance & Operations be contacted prior to moving furniture or equipment.
- Do not brush, sweep or vacuum textured asbestos ceiling plaster or plaster debris.
- Immediately report any damage or deterioration of suspect building materials to Facility Maintenance & Operations or Risk Management.

It is important to note that the presence of asbestos does not mean you have been exposed. Exposure results when friable asbestos particles are inhaled or ingested. Asbestos becomes friable when material containing asbestos is drilled, sanded or disturbed by remodeling or demolition work or when the ACM has deteriorated. Intact, bonded, sealed or undisturbed asbestos does not pose a hazard.

Employees may review the asbestos survey reports, results of bulk sampling or air monitoring conducted in City-owned buildings. All asbestos data will be available by appointment with Facility Maintenance & Operations.

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

DocuSigned by:

Roseville, CA 95678

Project Title: Building Control Service Systems – Contract Purchase Agreement

Project Location(s): City-owned and operated facilities

Project Description: Public Works staff recommends Council adopt a resolution approving a sole source contract purchase agreement with Sacramento Cooling Systems dba L&H Airco, LLC, as well as authorization for up to four (4) optional one-year renewals of the sole source contract.

The City of Roseville has standardized on the Alerton Building Control Systems since 1991. These control systems manage air conditioning and heating throughout the City's facilities. Since that time, the City Council has authorized purchase agreements with L&H Airco, LLC, a sole source vendor, to provide maintenance, repair, installation of hardware, and for the software programming of Alerton Building Control Systems. Work would occur within existing City-owned and operated facilities as part of ongoing maintenance and keeping the City's air conditions and heating systems and technology up to date.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Public Works Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the Repair, maintenance, ... or minor alteration of existing public facilities, ...involving negligible or no expansion of existing or former use.... Examples include but are not limited to: (a) Interior or exterior alterations involving such things as interior partitions, plumbing, and electrical conveyances..."

The project is generally confined to within existing City facilities and on City property and would not result in expansion of use. No environmentally sensitive resources are located within any of the properties; therefore the Class 1 exemption is applicable to the proposed project.

COUNCIL COMMUNICATION

CC #: 3361
File #: 0900-04

Title: Zero Emission Bus Depot Project – Increase in Change Order Authority
Contact: Andre Baranov 916-774-5342 ajbaranov@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.10.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve an increase of 5% (or \$191,869.50) construction change order authority to cover construction change orders needed to complete the project, address changing project demands, and cover the cost of additional work discovered as part of the existing conditions.

BACKGROUND

The California Air Resources Board (CARB) adopted the Innovative Clean Transit (ICT) rule in December 2018. The ICT rule requires all public transit agencies to gradually transition to a 100 percent zero-emission bus (ZEB) fleet. In consideration of the ICT, the City Council accepted the Roseville Transit Zero-Emission Business Plan on May 20, 2020. The Zero Emissions Bus Depot Project (Project) was identified in the ZEB Plan as a needed project to accommodate the five electric buses approved for purchase by the City Council on August 4, 2021, and future electrification of the transit fleet.

The Project is funded with Local Transportation Funds, the Electric Fund, Air Quality Mitigation Funds, Low Carbon Transit Operations Program Grant monies, Placer County Air Pollution Control District Grant monies, and American Rescue Plan Act funding. The approved total project budget is \$5,202,054.

The Project is constructed in the center of the City's corporation yard on Hilltop Circle where 45 light duty vehicle stalls adjacent to a lawn area was converted to 30 bus stalls and 72 new light duty parking stalls. Part of Phase 1 of the project, nine of the bus stalls and 10 light duty were provided with the project. The remaining bus and light duty vehicle stalls will have the electrical infrastructure installed to allow for the future electrification of the remaining stalls as the need arises.

Construction of the Project began in late summer 2022 and is anticipated to be completed summer of 2024. Construction of the Project was awarded at the July 20, 2022 Council meeting to Dutch Contracting, Inc. for a total of \$3,837,390.00, and Council authorized change order authority of 10% (or \$383,739).

Through the course of construction, changing project demands and additional work discovered as part of the existing conditions required a greater number of change orders than originally anticipated. Therefore, staff is recommending that the City Council approve an increase to the change order authority of an additional 5%, or \$191,869.50.

FISCAL IMPACT

There are adequate funds in the Project budget to fund the increase in change order authority (\$191,869.50), and no budget adjustments are proposed. No General Fund resources will be used for the Project.

ENVIRONMENTAL REVIEW

The Zero Emissions Bus Depot Project was evaluated in a previous Notice of Exemption, approved by the City Council on February 16, 2022. The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of an increase to the change order authority meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Andre Baranov, Project Supervisor

Jason Shykowski, Public Works Director

Dominick Casey, City Manager

ATTACHMENTS:

Description

Resolution 24-167

CEQA Exemption

RESOLUTION NO. 24-167

APPROVING AN INCREASE IN CHANGE ORDER AUTHORITY

WHEREAS, on May 20, 2020, the City Council accepted the Roseville Transit Zero-Emission Business Plan, which included the Zero Emissions Bus Depot Project (Project); and

WHEREAS, construction of the Project began in late summer 2022 and is anticipated to be completed summer of 2024; and

WHEREAS, through the course of construction, changing project demands and additional work discovered as part of the existing conditions required a greater number of change orders than originally anticipated; and

WHEREAS, staff is requesting that the City council approve an increase of 5% to the change order authority, for an additional \$191,869.50 for the Project.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that the City Manager or his designee is authorized to approve change orders for the project, consistent with the contract terms, provided that the net cost of all change orders shall not exceed 15% or \$575,608.60.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20_, by the following vote on roll call:

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: City of Roseville Zero Emissions Bus Depot

Project Location: City of Roseville Corporation Yard, 2005 Hilltop Circle, Roseville CA, 95747 (APN 473-110-009-000)

Project Description: The City of Roseville proposes to construct the project on 1.77 acres at the existing Corporation Yard, at 2005 Hilltop Circle, in Roseville. The project will replace an existing landscaped area (primarily comprised of irrigated turf) and 45 asphalt paved parking stalls, with 30 electrified bus parking spaces and 72 new electrified parking stalls. New utility trenching will be required to connect to existing electric and drainage infrastructure. New electrical infrastructure includes 2 new transformers, and 2 new switchgear. Landscape removed will include grass, shrubbery, and non-protected trees.

Public Agency Approving Project: Roseville City Council

Agency Carrying Out Project: Roseville Public Works Department

Reason why this Project is Exempt: This project qualifies for Class 1, Class 3, and Class 4 Exemptions as described in Section 15301, 15303 and 15304 of the California Environmental Quality Act (CEQA) Guidelines which states:

"Class 1 consists of...minor alteration of existing public...facilities...involving negligible or no expansion of use beyond that previously existing...examples include but are not limited to: (b) Existing facilities of...publicly-owned utilities used to provide electric power... or other public utility services...involving negligible or no expansion of existing or former use."

"Class 3 consists of construction and location of limited numbers of new, small facilities or structures... examples of this exemption include but are not limited to: (e) Accessory (appurtenant) structures...."

"Class 4 consists of...minor alteration in the condition of the land...including minor trenching and backfilling where the surface is restored,...and which will not remove healthy, mature scenic trees."

The project involves modification to an existing facility located within the City's Corporation Yard. The Project will not result in expansion of use, or include removal of protected trees, therefore the Class 1, Class 3 and Class 4 Exemptions are applicable to the proposed project.

COUNCIL COMMUNICATION

CC #: 3358
File #: 0203-04

Title: Generator Repair - Sole Source Contract Purchase Agreement
Contact: Blaine Wiegel 916-746-1833 bwiegel@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.11.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a sole source, contract purchase agreement with Bay City Equipment Industries Inc dba Bay City Electric Works for repair services to the Environmental Utilities Wastewater Treatment Plants' emergency backup generators.

Additionally, staff also requests authority for the City Manager or his designee to execute four (4) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

Staff have standardized backup emergency power with Kohler generators at the Pleasant Grove Wastewater Treatment Plant and Dry Creek Wastewater Treatment Plant. Our wastewater treatment plants must be able to operate 24 hours a day due to the overall flow entering the plant and processes that maintain compliance regulations; therefore, the generators are required to run when power outages occur. Regular maintenance and repair of the generators is necessary to ensure the generators are reliable and available to run when needed. Bay City Electric Works is the Kohler factory-certified representative for the service and repair of their commercial generators and controls.

FISCAL IMPACT

The estimated cost of service and repairs is \$200,000 per year with a not-to-exceed amount of \$1,000,000 over five years. Funding will be provided from the approved annual Environmental Utilities Department's Wastewater Operations Fund budget.

ENVIRONMENTAL REVIEW

The project qualifies for a Class 1 Categorical Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states: "Class 1 (Existing Facilities) consists of the ...repair [and] maintenance... of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use. The project consists of a sole source contract for ongoing repair services for the emergency backup generators currently used at the Dry Creek and Pleasant Grove WWTPs and would be used for repair and maintenance as needed. The project would not result in expansion of use. Consequently, the Class 1 Categorical Exemption applies.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Blaine Wiegel, Preventative Maintenance Coordinator

Richard Plecker, Environmental Utilities Director

Contract

CEQA Exemption

RESOLUTION NO. 24-165

APPROVING A SOLE SOURCE CONTRACT PURCHASE AGREEMENT, BETWEEN THE CITY OF ROSEVILLE AND BAY CITY EQUIPMENT INDUSTRIES, INC. DBA BAY CITY ELECTRIC WORKS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a sole source contract purchase agreement (3003600) for as-needed generator repair at the City of Roseville's Wastewater Treatment Plants, between the City of Roseville and Bay City Equipment Industries, Inc. dba Bay City Electric Works, has been reviewed by the Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said contract purchase agreement is approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute four (4) additional one (1) year renewal without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
 - b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management

and the City Attorney.

- c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
 - d. Cancellation/Modification. Contractor shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
 - e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
 - f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
 - g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
 - h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.
 - i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.
11. Contractor shall comply with all federal, state, and local laws and ordinances, including

but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.

12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. Vehicles with a gross vehicle weight rating (GVWR) greater than 8,500 lbs. and light-duty package delivery vehicles operated in California may be subject to the California Air Resources Board (CARB) Advanced Clean Fleets regulations. Such vehicles may therefore be subject to requirements to reduce emissions and air pollutants. For more information, visit the CARB Advanced Clean Fleet webpage at <https://ww2.arb.ca.gov/our-work/programs/advanced-clean-fleets>.
20. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
21. If the project referenced on this agreement is a Public Works project, then the following

shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

22. Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by any federal, state, or local department or agency.
23. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
24. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
25. CONTRACTOR agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONTRACTOR and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONTRACTOR and CITY agree that: (a) CONTRACTOR is free from the control and direction of CITY in connection with the performance of the work; (b) CONTRACTOR is providing services directly to CITY; (c) CONTRACTOR has and will maintain at all relevant times a business license; (d) CONTRACTOR maintains a business location that is separate from CITY; (e) CONTRACTOR is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONTRACTOR actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONTRACTOR advertises and holds itself out to the public as available to provide the same or similar services; (h) CONTRACTOR provides its own tools, vehicles, and equipment to perform the services; (i) CONTRACTOR has negotiated its own rates; (j) CONTRACTOR set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONTRACTOR has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

CALIFORNIA AIR RESOURCES BOARD REGULATION COMPLIANCE

Please indicate whether the Contractor is subject to, and/or in compliance with, the following regulations of the California Air Resources Board.

In-Use Off-Road Diesel-Fueled Fleets Regulation

- 1) Will vehicles subject to Cal. Code Regs., tit. 13, §§ 2449 et seq. be used for the project?
This includes, but is not limited to:
 - a) Vehicles with a diesel-fueled or alternative diesel fueled off-road compression-ignition engine with maximum power (max hp) of 25 horsepower (hp) or greater provided that the vehicle cannot be registered and driven safely on-road or was not designed to be driven on-road, even if it has been modified so that it can be driven safely on-road
 - b) Workover rigs
 - c) Certain two-engine vehicles

Yes ☐ No ☒
- 2) If you answered "Yes" to 1), you **must** submit a valid Certificate of Reported Compliance to the City as provided in Cal. Code Regs., tit. 13, § 2449(n).

Advanced Clean Fleets Regulation

Pursuant to Cal. Code Regs., tit. 13, § 2013(i)(1), the Contractor shall submit to the City a document evidencing that it is listed on the CARB Advanced Clean Fleets webpage as a compliant fleet **OR** a signed statement stating that it is not subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6.

The High Priority Fleets regulation applies to, without limitation, entities with more than \$50 million in gross annual revenues and/or which own, operate, or direct the operation of 50 or more vehicles in the total fleet.

- 1) Is the Contractor subject to the High Priority and Federal Fleets regulation of title 13, CCR section 2015 through 2015.6?
Yes ☐ No ☒
- 2) If you answered "Yes" to 1), you **must** submit a document evidencing that you are listed on the CARB Advanced Clean Fleets webpage as a compliant fleet.

311 Vernon Street
Roseville, CA 95678

Project Title: Generator Repair - Sole Source Annual Contract Purchase Agreement

Project Location(s): Dry Creek Wastewater Treatment Plant (WWTP), 1800 Booth Road, Roseville, CA 95747 (APN 473-040-033-000) and Pleasant Grove WWTP, 5051 Westpark Drive, Roseville, 95747 (APN 017-101-025-000)

Project Description: Environmental Utilities staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a sole source, contract purchase agreement with Bay City Electric Works for up to five (5) years, for the control repair, parts replacement, and synchronization of emergency backup generators at the Dry Creek and Pleasant Grove Wastewater Treatment Plant (WWTPs). The WWTPs must be able to operate 24 hours a day due to the overall flow entering the plant and processes that maintain compliance regulations, and regular maintenance and repair of the generators is necessary to ensure the generators are reliable and available to run when needed. The project would not result in an expansion of use.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Environmental Utilities Department

Reason why this Project is Exempt: The project qualifies for a Class 1 Categorical Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 (Existing Facilities) consists of the ...repair [and] maintenance... of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use.

The project consists of a sole source contract for ongoing repair services for the emergency backup generators currently used at the Dry Creek and Pleasant Grove WWTPs and would be used for repair and maintenance as needed. The project would not result in expansion of use. Consequently, the Class 1 Categorical Exemption applies.

Lead Agency Contact Person: Blaine Wiegel, Preventative Maintenance Coordinator, Roseville Department of Environmental Utilities (916-746-1833).

COUNCIL COMMUNICATION

CC #: 3350
File #: 0203-06

Title: Dell Technology Equipment - Purchase Order
Contact: Dylan Cook 916-774-5159 drcook@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.12.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve a purchase order for the Information Technology Department with Dell Marketing L.P. for computers, laptops, and technology equipment using National Association of State Procurement Officials (NASPO) Dell Marketing L.P. contract #23004, with California Participating Addendum 7-23-70-55-01, which expires on June 30th, 2025.

BACKGROUND

The Information Technology Department (IT) maintains over 1,900 computers across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operation of City business.

The NASPO Dell Marketing L.P. contract #23004, which expires on June 30th, 2025, is a competitively bid contract to obtain the best pricing available for the City.

FISCAL IMPACT

The total estimated cost for this citywide technology purchase order is \$800,000. Funding is included in the proposed FY2024-25 budget for the Information Technology Department and other Departments in the Information Technology Operations Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Purchase orders for computers and technology equipment meet the above criteria and are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal E - Deliver exceptional city services

Goal F - Invest in a well-planned infrastructure and growth

California addendum

ASSIGNMENT OF NASPO MASTER AGREEMENT 23004

This Assignment Agreement is by and among the State of Minnesota, acting through its Commissioner of Administration (State), Dell Inc., One Dell Way, Round Rock, TX 78682 (Original Contractor), and Dell Marketing L.P., One Dell Way, Mailstop RR1-33 Legal, Round Rock, TX 78682 (Assigned Contractor).

WHEREAS, the State has an agreement with the Original Contractor identified as Contract 23004, effective July 14, 2023, through June 30, 2025 (Contract), to provide Computer Equipment, Peripherals & Related Services; and

WHEREAS, the Original Contractor wishes to assign all its interests in the Contract to the Assigned Contractor; and

WHEREAS, the assignment provision of the Contract provides assignment of the agreement only upon written consent of the State.

NOW, THEREFORE, it is agreed by the parties to amend the Contract as follows:

1. The Assigned Contractor is assigned Contract 23026 to accommodate participating addenda under the Master Agreement.
2. This Assignment Agreement will become effective upon its approval and execution by the parties and approval of the appropriate State officials, pursuant to Minn. Stat. § 16C.05, subd. 2.
3. The State hereby approves the request of the Original Contractor to assign the Assigned Contractor all its interests, rights, and responsibilities, duties, and other provisions set forth in the Contract, which is attached and incorporated as Exhibit A, provided the Original Contractor and the Assigned Contractor agree to all provisions set forth in this Assignment Agreement.
4. Representations and Warranties:
 - a. The Original Contractor represents and warrants to the State that it is not in default of any of its obligations under the Contract.
 - b. The Assigned Contractor represents and warrants to the State that: (i) as of the effective date of this Assignment Agreement, the Assigned Contractor will have received sufficient information, right to technology, and key personnel sufficient to properly perform the duties, responsibilities, obligations, and all other provisions assigned to it, and (ii) the Assigned Contractor is ready, willing, and able to perform all of the duties, obligations, and responsibilities of the Contract.
 - c. The representations and warranties set forth in this Section 4 are for the sole benefit of the State and its permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person or entity (including the Original Contractor and the Assigned Contractor) any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Assignment Agreement.
5. The Assigned Contractor accepts assignment of all of the provisions of the Contract.
6. Any and all amounts due to the Original Contractor by a Participating Entity for goods or services provided by the Original Contractor prior to July 14, 2023, under the Contract will be paid to the Original Contractor by the Participating Entity. Any and all amounts due under the Contract on or after July 14, 2023, will be paid to the Assigned Contractor by the Participating Entity and the Original Contractor.
7. When applicable, payment for remaining work and travel expenses from the Contract will be paid at the rates set in the Contract. The amount to be paid to the Assigned Contractor will not exceed the Contract's total costs, minus the

total payments made to the Original Contractor.

8. If applicable, the Assigned Contractor will provide proof of insurance with the coverage and in the amounts called for in the original solicitation document, attached herein.
9. If applicable, the Assigned Contractor will provide a copy of its Affirmative Action Certification as approved by the Minnesota Department of Human Rights.
10. If applicable, the Assigned Contractor will provide a copy of its Equal Pay Certification as approved by the Minnesota Department of Human Rights.

This Assignment Agreement is effective upon the date that the final required signatures are obtained.

IN WITNESS WHEREOF, the parties have caused this Assignment Agreement to be duly executed intending to be bound thereby.

EXHIBIT A: CONTRACT

Attached and incorporated into Exhibit A is the following document(s):

- NASPO Master Agreement 23004.

NASPO ValuePoint Master Agreement No.: 23004

This Contract is between the State of Minnesota, acting through its Commissioner of Administration (“Lead State”) and Dell Inc., whose designated business address is One Dell Way, Round Rock, TX 78682 (“Contractor”). State and Contractor may be referred to jointly as “Parties.”

Recitals

1. The State of Minnesota, Department of Administration, Office of State Procurement, on behalf of the State of Minnesota and NASPO ValuePoint Cooperative Procurement Program (“NASPO ValuePoint”) issued a solicitation to establish Minnesota NASPO ValuePoint Master Agreement(s) (“Contract”) with qualified manufacturers for Computer Equipment (Desktops, Laptops, Tablets, Servers, and Storage, including related Peripherals & Services);
2. Contractor provided a response to the Solicitation indicating its interest in and ability to provide the goods or services requested in the Solicitation; and
3. Subsequent to an evaluation in accordance with the terms of the Solicitation and negotiation, the Parties desire to enter into a contract; and
4. All authorized governmental entities in any state or participating US Territory are welcome to use the resulting Master Agreement through NASPO ValuePoint with the approval of the State Chief Procurement Official. Upon final award of the overarching Master Agreement, Contractors are able to sign Participating Addendums (PA) at the option of Participating States. Participating States reserve the right to add state specific terms and conditions and modify the scope of the contract in their Participating Addendum as allowed by the Master Agreement.

Accordingly, the Parties agree as follows:

Contract

1. Term of Contract

- a. Effective date. July 1, 2023, or the date the Lead State obtains all required signatures under Minn. Stat. § 16C.05, subd. 2, whichever is later.
- b. Expiration date. June 30, 2025. This Master Agreement may be extended for up to an additional 36 months, in increments as determined by the Lead State, through a duly executed amendment.
- c. If, in the judgment of the Lead State, a follow-on, competitive procurement will be unavoidably delayed beyond the planned date of execution of the follow-on master agreement, this Master Agreement may be extended for a reasonable period of time, not to exceed six months. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

2. **Representations and Warranties**

- a. Under Minn. Stat. §§ 15.061 and 16C.03, subd. 3, and other applicable law the Lead State is empowered to engage such assistance as deemed necessary.
- b. Contractor warrants that it is duly qualified and shall perform its obligations under this Master Agreement in accordance with the commercially reasonable standards of care, skill, and diligence in Contractor’s industry, trade, or profession, and in accordance with the specifications set forth in this Master Agreement, to the satisfaction of the Lead State.
- c. Contractor warrants that it possesses the legal authority to enter into this Master Agreement and that it has taken all actions required by its procedures, by-laws, and applicable laws to exercise that authority, and to lawfully authorize its undersigned signatory to execute this Master Agreement, or any part thereof, and to bind Contractor to its terms.

3. **Awarded Band(s)**

The solicitation included three product Bands: Band 1, Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, Tablets; and Band 2, Personal Computing Devices – Non-Windows Operating Systems: Desktops, Laptops, Tablets; and Band 3, Servers and Storage. The Contractor is awarded the following Band(s):

- Band 1, Personal Computer Devices – Windows Operating Systems
- Band 2, Personal Computer Devices - Non-Windows Operating Systems
- Band 3, Servers and Storage

4. **Configuration Dollar Limits**

The following configuration limits apply to the Master Agreement. Participating Entities may define their configuration limits in their Participating Addendum. The Participating Entity’s Chief Procurement Official may increase or decrease the configuration limits, as defined in their Participating Addendum. The Participating Entity will determine with the Contractor how to approve these modifications to the Product and Service Schedule.

The dollar limits identified below are based on a SINGLE computer/system configuration. This is NOT a restriction on the purchase of multiple configurations (e.g., an entity could purchase 10 laptops at \$15,000 each, for a total purchase price of \$150,000).

ITEM	CONFIGURATION
Band One	\$15,000
Band Two	\$15,000
Band Three	\$1,000,000
Peripherals	\$10,000
Services	Addressed in the Participating Addendum

5. **Restrictions**

The following restrictions apply to the Master Agreement. A Participating Entity may set further restrictions of products in their Participating Addendum. The Participating Entity will determine with the Contractor how to approve these modifications to the Entity’s Product and Service Schedule.

- a. Software
 - 1. Software is restricted to operating systems and commercial off-the-shelf (COTS) software and is subject to equipment configuration limits.

2. Any software purchased must be related to the procurement of equipment.
3. Software must be pre-loaded or provided as an electronic link with the initial purchase of equipment, except for the exceptions allowed under Paragraph 5.a.4.
4. Software such as middleware which is not always installed on the equipment, but is related to storage and server equipment (Band 3) purchased, is allowed and may be procured after the initial purchase of equipment.

b. General Services

1. Services must be related to the procurement of equipment.
2. Service limits will be addressed by each State.
3. Wireless phone and internet service is not allowed.
4. Managed Print Services are not allowed.

c. Cloud Services

1. Cloud Services are restricted to Services that function as operating systems and software needed to support or configure hardware purchased under the scope of the contract and is subject to equipment configuration limits.
2. Any Cloud Service purchased must be related to the procurement of equipment.

d. Third-Party Products

1. Third-Party Products can be offered only in the Bands they have been awarded. All third-party products must meet the definition(s) of the Band(s) in which they are being offered.
2. Products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment cannot be offered unless approved by the Lead State.

e. Additional Product/Services

1. Hardware and software required to solely support wide area network (WAN) operation and management are not allowed.
2. Lease/Rentals of equipment may be allowed and will be addressed by each State.
3. Cellular Phone Equipment is not allowed.
4. EPEAT Bronze requirement may be waived, on a State case-by-case basis, if approved by the State's Chief Procurement Officer. EPEAT Bronze requirement does not currently apply to storage.

6. Authorized Representative

- a. Master Agreement Administrator. The Master Agreement Administrator designated by NASPO ValuePoint and the State of Minnesota, Department of Administration is Elizabeth Randa, Acquisition Management Specialist.

Elizabeth Randa, Acquisition Management Specialist
Department of Administration
Office of State Procurement
112 Administration Building
50 Sherburne Avenue
St. Paul, MN 55155
E-mail: elizabeth.randa@state.mn.us
Phone: 651.201.3122

- b. Contractor's Authorized Representative. The Contractor's Authorized Representative is Ashley Salinas, SLED Contract Program Manager.

Ashley Salinas, SLED Contract Program Manager
Dell Inc.
One Dell Way
Round Rock, TX 78682
A.Salinas@dell.com
Phone: 512.542.1237

If the Contractor's Authorized Representative changes at any time during this Contract, the Contractor must immediately notify the Lead State.

7. Notices

If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. Delivery may be by certified United States mail or by hand, in which case a signed receipt shall be obtained. An email shall constitute sufficient notice, provided the receipt of the transmission is confirmed by the receiving party. Either party must notify the other of a change in address for notification purposes. All notices to the Lead State shall be addressed to the Master Agreement Administrator.

8. Exhibits

The following Exhibits are attached and incorporated into this Contract. In the event of a conflict between the terms of this Contract and its Exhibits, or between Exhibits, the order of precedence is first the Contract, and then in the following order:

Exhibit A: NASPO ValuePoint Terms and Conditions
Exhibit B: Minnesota Terms and Conditions
Exhibit C: Requirement
Exhibit D: Price Schedule
Exhibit E: Contractor Terms and Conditions

9. Survival of Terms:

The following clauses survive the expiration or cancellation of this Master Agreement: Indemnification; State Audits; Government Data Practices and Intellectual Property; Publicity and Endorsement; Governing Law, Jurisdiction, and Venue; and Data Disclosure. Any other Contract term that states it shall survive, shall survive.

10. Entire Agreement

This Contract and any written addenda thereto constitute the entire agreement of the parties to the Master Agreement.

1. Contractor

The Contractor certifies that the appropriate person(s) have executed the Contract on behalf of the Contractor as required by applicable articles, bylaws, resolutions, or ordinances.

Exhibit A: NASPO ValuePoint Master Agreement Terms and Conditions

1. Conflict of Terms/Order of Precedence.

- a. Any order placed under this Master Agreement shall consist of the following documents:
 1. A Participating Entity's Participating Addendum ("PA");
 2. Minnesota NASPO ValuePoint Master Agreement, as negotiated, including all exhibits;
 3. A Purchase Order issued against a PA (terms and conditions set forth in a Purchase Order will not be deemed to modify, diminish, or otherwise derogate the terms and conditions set forth in a Participating Addendum or Minnesota NASPO ValuePoint Master Agreement).
- b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.
- c. Contractor terms and conditions may be incorporated if expressly accepted by the Lead State and attached to the Master Agreement as an Exhibit or Attachment, or by written reference (including reference to information contained in a URL or referenced policy). A written reference, including by URL or policy, is incorporated into the Master Agreement only if the Master Agreement expressly identifies that reference. URL's must be explicitly referenced to be incorporated into the Master Agreement. URL's contained within the URL's that are explicitly referenced are not incorporated into the Master Agreement. Any Contractor term or condition incorporated by URL or written reference applies to this Master Agreement only to the extent such term or condition is not prohibited by applicable law. Any change to information contained in a URL or referenced policy will not affect any financial obligation, place any additional material obligation on an ordering entity, or materially diminish an ordering entity's ability to use the product or service.
- d. A written Master Agreement (which may include the contents of the RFP and selected portions of Contractor's response incorporated therein by reference) will constitute the entire agreement of the parties to the Master Agreement. No other terms and conditions shall apply, including terms and conditions listed in the Contractor's response to the RFP, or terms listed or referenced on the Contractor's website not otherwise incorporated into the Master Agreement, in the Contractor quotation/sales order, or in similar documents subsequently provided by the Contractor.
- e. Additional Agreement with NASPO. Upon request by NASPO ValuePoint, awarded Contractor shall enter into a direct contractual relationship with NASPO ValuePoint related to Contractor's obligations to NASPO ValuePoint under the terms of the Master Agreement, the terms of which shall be the same or similar (and not less favorable) than the terms set forth in the Master Agreement.

2. Definitions.

- a. **Acceptance** is defined by the applicable commercial code, except Acceptance shall not occur before the completion of delivery in accordance with the Order, installation if required, and a reasonable time for inspection of the Product.
- b. **Accessory** means a product that enhances the user experience but does not extend the functionality of the computer (e.g. mouse pad or monitor stand). For the purposes of this Contract, accessories are considered peripherals.

- c. **_____ as a Service (_aaS)** refers to any good provided in a subscription-based model that is defined in the industry as “_____ as a Service”. Examples are “Software as a Service”, “Infrastructure as a Service”, and “Storage as a Service”, and shall follow the NIST definitions of those services. _____ as a Service are permitted only when they meet the restrictions found in Paragraph 5.c, above.
- d. **Band** means a category of products. There are three product bands which may be awarded through this Contract. Each product band includes related peripherals and services.
- e. **Components** are the parts that make up a computer configuration.
- f. **Contractor** means the person or entity delivering Products or performing services under the terms and conditions set forth in this Master Agreement.
- g. **Configuration** means the combination of hardware and software components that make up the total functioning system.
- h. **Customer** (see Purchasing Entity).
- i. **Desktop** means a personal computer intended for regular use at a single location. A desktop computer typically comes in several units connected together during installation: (1) the processor, 2) display monitor, and 3) input devices usually a keyboard and a mouse. Desktops, including desktop virtualization endpoints such as zero and thin clients, are included in Bands 1 and 2 of this Contract.
- j. **Embedded Software** means one or more software applications which permanently reside on a computing device.
- k. **Energy Star®** is a voluntary energy efficiency program sponsored by the U.S. Environmental Protection Agency. The Energy Star program makes it easy to identify energy efficient computers by labeling products that deliver the same or better performance as comparable models while using less energy and saving money. For additional information on the Energy Star program, including product specifications and a list of qualifying products, visit the Energy Star website at <http://www.energystar.gov>.
- l. **EPEAT** is a type-1 ecolabel for identifying and purchasing sustainable IT products. EPEAT-registered products must meet sustainability criteria detailed in voluntary consensus-based standards that are free and publicly available on the Green Electronics Council’s website at www.greenelectronicscouncil.org. Products are classified as Bronze, Silver, or Gold based on meeting criteria that address the life cycle of the products. Product life cycle includes material extraction, hazardous substance reduction, end-of-life management, packaging, and corporate sustainability. Only products listed as Active in the online EPEAT Registry are considered to meet the EPEAT criteria.
- m. **FOB Destination** means that shipping charges are included in the price of the item and the shipped item becomes the legal property and responsibility of the receiver when it reaches its destination unless there is acceptance testing required.
- n. **FOB Inside Delivery** means that shipping charges are included in the price of the item, and that the shipped item becomes the legal property and responsibility of the receiver when it reaches the inside delivery point, which is beyond the front door or loading dock. FOB Inside Delivery is a special shipping arrangement that may include additional fees payable by the Purchasing Entity. FOB Inside Delivery must be annotated on the Purchasing Entity ordering document.

- o. **Intellectual Property** means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.
- p. **Laptop** means a personal computer for mobile use. A laptop includes a display, keyboard, point device such as a touchpad, and speakers in a single unit. A laptop can be used away from an outlet using a rechargeable battery. Laptops include notebooks, ultrabooks, netbooks, Zero and thin client devices, and computers with mobile operating systems. Laptops are included in Bands 1 and 2 of this Contract.
- q. **Lead State** means the State centrally administering any resulting Master Agreement(s).
- r. **Mandatory Requirement** is a requirement that the failure to meet results in the rejection of the responder's proposal unless all responders are unable to meet the mandatory requirement. The terms "must" and "shall" identify a mandatory requirement. Any objection to a mandatory requirement should be identified by responders in the Question and Answer period.
- s. **Manufacturer** means a company that, as one of its primary business functions, designs, assembles, owns the trademark/patent for, and markets branded computer equipment.
- t. **Master Agreement** means the underlying agreement executed by and between the Lead State, acting on behalf of NASPO ValuePoint, and the Contractor.
- u. **Middleware** means the software "glue" that helps programs and databases (which may be on different computers) work together. The most basic function of middleware is to enable communication between different pieces of software.
- v. **NASPO ValuePoint** is a division of the National Association of State Procurement Officials ("NASPO"), a 501(c)(3) limited liability company. NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states, the District of Columbia, and territories of the United States. NASPO ValuePoint is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting and receiving reports as well as other contract administration functions as assigned by the Lead State.
- w. **Option** means an item of equipment or a feature that may be chosen as an addition to or replacement for standard equipment and features.
- x. **Order or Purchase Order** means any purchase order, sales order, contract or other method used by a Purchasing Entity to order the Products.
- y. **Participating Addendum** means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any other additional Participating Entity specific language or other requirements, e.g. ordering procedures specific to the Participating Entity, other terms and conditions.
- z. **Participating Entity** means a state (as well as the District of Columbia and U.S territories), city, county, district, other political subdivision of a State, or a nonprofit organization under the laws of some states properly authorized to enter into a Participating Addendum, that has executed a Participating Addendum.
- aa. **Participating State** means a state that has executed a Participating Addendum.

bb. **Partner** means a company, authorized by the Contractor and approved by the Participating Entity, to provide marketing, support, or other authorized contract services on behalf of the Contractor in accordance with the terms and conditions of the Contractor's Master Agreement. A Partner may include, but is not limited to, an agent, subcontractor, fulfillment partner, channel partner, business partner, servicing subcontractor, etc.

cc. **Peripherals** means any hardware product that can be attached to, added within, or networked with personal computers, servers, or storage. Peripherals extend the functionality of a computer without modifying the core components of the system.

dd. **Per Transaction Multiple Unit Discount** means a contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Participating Entity or multiple entities conducting a cooperative purchase.

ee. **Premium Savings Package(s) (PSP)** are deeply discounted standard configurations available to Purchasing Entities using the Master Agreement. NASPO ValuePoint reserves the right to expand and modify the PSP throughout the life of the contract. For more information see: <https://www.naspovaluepoint.org/portfolio/57/>.

ff. **Product** means any equipment, software (including embedded software), documentation, service, or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.

gg. **Purchasing Entity** means a state (including the District of Columbia and U.S. territories), city, county, district, other political subdivision of a state, other public entities domestic or foreign, and nonprofit organizations under the laws of some states if authorized by a Participating Addendum, that issues a Purchase Order under the terms of the Master Agreement, or any Participating Addendum thereto, and becomes financially committed to the purchase.

hh. **Ruggedized** means equipment specifically designed to operate reliably in harsh usage environments and conditions, such as strong vibrations, extreme temperatures, and wet or dusty conditions. Ruggedized equipment may be proposed under the band that most closely fits the equipment being proposed.

ii. **Server** means computer hardware dedicated to run one or more services or applications (as a host) to serve the needs of the users of other computers on a network. Servers may be either physical or virtual. Servers, including server appliances, are included in Band 3 of this Contract. Server appliances have their hardware and software preconfigured by the manufacturer, and include embedded networking components such as those found in blade chassis systems.

jj. **Services** are broadly classified as installation or de-installation, maintenance, support, training, migration, and optimization of products offered or supplied under the Master Agreement. These classifications of services may include, but are not limited to: warranty services, maintenance, installation, de-installation, factory integration (software or hardware components), asset management, recycling or disposal, training and certification, pre-implementation design, disaster recovery planning and support, service desk or helpdesk, imaging, and any other directly related technical support service required for the effective operation of a product offered or supplied. Contractors may offer limited professional services related ONLY to the equipment and configuration of the equipment purchased through the resulting contracts.

EACH PARTICIPATING ENTITY WILL DETERMINE RESTRICTIONS AND NEGOTIATE TERMS FOR SERVICES THROUGH THEIR PARTICIPATING ADDENDUM.

kk. **Software** means, for the purposes of this Contract, commercial operating off the shelf machine-readable object code instructions including microcode, firmware, and operating system software that meet the restrictions specified

in Paragraph 5.a. “Software” applies to all parts of software and documentation, including new releases, updates, and modifications of software.

ll. **Storage** means hardware or a virtual appliance with the ability to store large amounts of data. Storage, including SAN switching necessary for the proper functioning of storage equipment, is included in Band 3 of this Contract

mm. **Storage Area Network (SAN)** is a high-speed special-purpose network (or subnetwork) that interconnects different kinds of data storage devices with associated data servers on behalf of a larger network of users.

nn. **Tablet** means a mobile computer that provides a touchscreen that acts as the primary means of control. Tablets, including notebooks, ultrabooks, and netbooks with touchscreen capabilities, are included in Bands 1 and 2 of this Contract.

oo. **Takeback Program** means the Contractor’s process for accepting the return of equipment or other products at the end of the product’s life.

pp. **Thin Client** is a lightweight computer that has been optimized for establishing a remote connection with a server-based computing environment.

qq. **Third Party Product** is a good sold by the Contractor that is manufactured by another company. Third Party Products are intended to enhance or supplement a Contractor’s own product line, and are not intended to represent more than a third of any Contractor’s total sales under this Master Agreement.

rr. **Upgrade** means the replacement of existing software, hardware, or hardware component with a newer version.

ss. **Warranty** means the Manufacturer’s general warranty tied to the product at the time of purchase.

tt. **Wide Area Network (WAN)** is a data network that serves users across a broad geographic area and often uses transmission devices provided by common carriers.

3. **Term of the Master Agreement.**

a. The initial term of this Master Agreement is for 2 years. This Master Agreement may be extended beyond the original contract period for 36 additional months at the Lead State’s discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance.

b. The Master Agreement may be extended for a reasonable period of time if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. **Amendments.**

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without a written amendment to the Master Agreement executed by the Contractor and Lead State as required by law. Master Agreement amendments will be negotiated by the Lead State with the Contractor whenever necessary to address changes in the terms and conditions, costs, timetable, or increased or decreased scope of work.

5. **Participants and Scope.**

a. **Canadian Participation.** Subject to the approval of Contractor, any Canadian provincial government or provincially funded entity in Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland and Labrador,

Nova Scotia, Ontario, Prince Edward Island, Quebec, or Saskatchewan, and territorial government or territorial government funded entity in the Northwest Territories, Nunavut, or Yukon, including municipalities, universities, community colleges, school boards, health authorities, housing authorities, agencies, boards, commissions, and crown corporations, may be eligible to use Contractor's Master Agreement. Canadian Participation. Subject to the approval of the Contractor, any Canadian provincial government or provincially funded entity in Ontario, Quebec, Nova Scotia, New Brunswick, Manitoba, British Columbia, Prince Edward Island, Saskatchewan, Alberta, Northwest Territories, Nunavut, Yukon, and Newfoundland and Labrador, including municipalities, universities, community colleges, school boards, health authorities, housing authorities, agencies, boards, commissions, and crown corporations, may be eligible to use Contractor's Master Agreement.

b. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

c. Use of specific NASPO ValuePoint Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

e. NASPO and NASPO ValuePoint are not parties to the Master Agreement.

f. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

h. **Resale.** “Resale” means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the Master Agreement, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a Purchasing Entity’s laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Individual Customers.

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

7. Independent Contractor.

The Contractor is an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as an agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

8. Contracting Personnel.

Contractor must provide adequate contracting personnel to assist states with the completing and processing Participating Addenda. It is preferred that each Contractor be able to provide each Participating Entity with a primary contact person for that Participating Entity.

9. Changes in Contractor Representation.

The Contractor must notify the Lead State of changes in the Contractor’s key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change. The Lead State reserves the right to approve changes in key personnel, as identified in the Contractor’s proposal. Such approval shall not be unreasonably withheld. The Contractor agrees to propose replacement key personnel having substantially equal or better education, training, and experience as was possessed by the key person proposed and evaluated in the Contractor’s proposal.

10. Contractor Verification.

The Contractor is responsible for delivering products or performing services under the terms and conditions set forth in the Master Agreement. The Contractor must ensure partners utilized in the performance of this contract adhere to all the terms and conditions. The term Partner will be utilized in naming the relationship a Contractor has with another company to market and sell under the contract. Participating Entities will have final determination/approval if a Partner may be approved for that state in the role identified by the Contractor.

11. Contractor Performance Meeting.

An annual performance meeting may be held each year with the NASPO ValuePoint Sourcing Team. Historically performance meetings have been held in Minnesota, but the Lead State may hold the meetings in person or virtually at the Lead State’s discretion.

All contractors that are invited to participate must send their Primary Account Representative, unless an exception is granted in writing by the Lead State. It is possible that not all contractors will be invited to participate in a performance meeting.

12. Laws and Regulations.

Any and all Products offered and furnished shall comply fully with all applicable Federal, State, and local laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State. To the extent any purchase is subject to Federal Acquisition Regulations, as may be required by the terms of a federal grant, a Participating Entity and Contractor may include in their Participating Addendum terms that reflect such a requirement.

13. Price and Rate Guarantee Period.

All minimum discounts and rates must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for minimum discount or rate adjustment must be for a guarantee period as offered by the Contractor, and must be made at least 30 days prior to the effective date. Requests for minimum discount or rate adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to minimum discounts or rates will be allowed.

14. Premium Savings Package Program.

The Lead State reserves the right to create a Premium Savings Package Program (PSP) as outlined in the Definitions, Paragraph 2.ee of Exhibit A. Participation by Contractor is voluntary. The details and commitments of the PSP will be detailed as a part of any request for Contractor to participate.

15. Services.

Participating Entities must explicitly allow services in their Participating Addenda for the approved services to be allowed under that Participating Addendum. The Participating Addendum by each Participating Entity will address service agreement terms and related travel.

16. Ordering.

- a. Master Agreement and purchase order numbers shall be clearly shown on all acknowledgments, packing slips, invoices, and on all correspondence.
- b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
 1. The service description or supplies being delivered;

2. The place and requested time of delivery;
3. A billing address;
4. The name, phone number, and address of the Purchasing Entity representative;
5. The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
6. A ceiling amount of the order for services being ordered;
7. The Master Agreement identifier; and
8. Statement of Work, when applicable.

g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.

h. Orders must be placed pursuant to this Master Agreement prior to the termination date thereof, but may have a delivery date or performance period up to 120 days past the then-current termination date of this Master Agreement. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.

i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

17. Trade-In.

Any trade-in programs offered during the life of the Master Agreement must be approved by the Lead State. Participating Entities must explicitly allow trade-in programs in their Participating Addenda for the approved programs to be allowed under that Participating Addendum. Trade-in value shall not decrease the discounts offered through the Master Agreement.

18. Shipping and Delivery.

a. The prices are the delivered price to any Purchasing Entity for standard 3-5 day shipping. If an order is requested with expedited shipping, the Contractor must provide a firm "not to exceed" price for the expedited shipping on the quote. All deliveries shall be FOB Destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.

b. Specific delivery instructions, including FOB Inside Delivery, will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur, it is the responsibility of the Contractor to promptly notify the Purchasing Entity placing the Order.

c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every respect for storage and handling of contents. Each shipment shall be marked with the Purchasing Entity's Purchase Order number and other information sufficient for the Purchasing Entity to properly identify the shipment as outlined in the Participating Addendum of the Purchasing Entity.

19. Inspection and Acceptance.

a. Where the Master Agreement, a Participating Addendum, or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.

b. Acceptance. Purchasing Entity shall determine whether all Products and Services delivered meet the Contractor's published specifications. No payment shall be made for any Products or Services until the Purchasing Entity has accepted the Products or Services. The Purchasing Entity will make every effort to notify the Contractor within thirty (30) calendar days following delivery of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. Failure to reject upon receipt, however, does not relieve the Contractor of liability for latent or hidden material defects. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance. If the parties agree to acceptance testing, the terms of subsection (c), below, apply.

c. Acceptance Testing. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and required for the purchase. "Acceptance Testing" means the process for ascertaining that the Product meets the standard of performance prior to Acceptance by the Purchasing Entity.

1. The Acceptance Testing period shall be thirty (30) calendar days starting from the day after the Product is delivered or, if installed, the day after the Product is installed and Contractor certifies that the Product is ready for Acceptance Testing. If the Product does not meet the standard of performance during the initial period of Acceptance Testing, Purchasing Entity may, at its discretion, continue Acceptance Testing on a day-to-day basis until the standard of performance is met. Upon rejection, the Contractor will have fifteen (15) calendar days to cure the standard of performance issue(s). If after the cure period, the Product still has not met the standard of performance, the Purchasing Entity may, at its option: (a) declare Contractor to be in breach and terminate the Order; (b) demand replacement Product from Contractor at no additional cost to Purchasing Entity; or, (c) continue the cure period for an additional time period agreed upon by the Purchasing Entity and the Contractor.

2. No Product shall be deemed Accepted and no charges shall be paid until the standard of performance is met. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the Contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked. The warranty period shall begin upon Acceptance.

d. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.

20. Title of Product.

a. Definitions. For purposes of this section, the following terms are defined as follows:

1. "Deliverables" means any reports, analyses, scripts, code, or other work results that Contractor delivers to Purchasing Entity within the framework of fulfilling Contractor's obligations to Purchasing Entity.
2. "Equipment" means Contractor-branded hardware products.
3. "Proprietary Rights" means all patents, copyrights, trademarks, trade secrets, and other intellectual property rights of a party.

b. Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Equipment free and clear of all liens, encumbrances, or other security interests. Purchasing Entity's rights to use the software delivered by Contractor are governed by the terms of the applicable end-user license agreement. Unless different terms have been agreed between the parties, the terms posted on www.dell.com/eula (the "EULA") shall apply. Contractor's EULA must be made available to Purchasing Entities for review prior to negotiating a Participating Addendum or the issuance of an Order and shall meet or exceed the terms set forth in this Master Agreement. Unless expressly otherwise agreed, microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic or enhanced functions, is licensed for use solely on such Equipment.

c. Contractor grants Purchasing Entity a non-exclusive, non-transferable, irrevocable license to use (without the right to sublicense) the Deliverables provided by Contractor for Purchasing Entity's internal business and governmental purposes, only and solely in accordance with the applicable service specification and subject to this Master Agreement. The grant of this license is subject to Purchasing Entity's compliance with the terms of this Master Agreement and Purchasing Entity's payment of applicable amounts due. Such license shall be perpetual unless granted pursuant to the purchase of a subscription, in which case the license shall be for the term of the subscription. Purchasing Entity may authorize its service providers to use the Deliverables, but solely on Purchasing Entity's behalf, solely for Purchasing Entity's internal business or governmental purposes, and Purchasing Entity shall be responsible for service provider's compliance with these restrictions. This section shall not affect a Purchasing Entity's right to transfer ownership of a product, and transfer, if permitted by Contractor or its licensors, licenses associated with such product, to another individual or entity as part of the Purchasing Entity's surplus program or sale of used products to employees or former employees.

d. Contractor reserves for itself all Proprietary Rights that it has not expressly granted to Purchasing Entity herein. The license granted in this clause 20(c) does not apply to: (i) Equipment; (ii) Contractor-branded generally available software; or (iii) items licensed or otherwise provided under a separate agreement. Contractor is not limited in developing, using, or marketing services or products that are similar to the Deliverables or Professional Services provided hereunder, any service, specification, or, subject to Contractor's confidentiality obligations to Purchasing Entity, in using the Deliverables or performing similar Professional Services for any other projects. Notwithstanding the previous, Contractor's use of Deliverables created specifically for and paid for by a Purchasing Entity is subject to Purchasing Entity approval.

e. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms do not conflict with the terms of the Participating Addendum or the terms of the Master Agreement as incorporated into the Participating Addendum, and to the extent the terms are not in conflict with the Participating Entity's applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

f. If (i) Contractor is or becomes aware of any infringement claim made against a third-party branded product offered by Contractor through this Master Agreement, (ii) the third-party branded product is determined to infringe upon the intellectual property rights of another third party, and (iii) such infringement is not remedied by the third party so that the product is no longer infringing, Contractor shall immediately cease offering the product under this Master Agreement and notify the Lead State, NASPO, Participating Entities, and purchasers of the product.

21. Warranty.

The Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

22. System Failure or Damage.

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

23. Payment.

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

24. Leasing or Alternative Financing Methods.

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. No lease agreements will be reviewed or evaluated as part of the RFP evaluation process.

25. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be

proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement.

26. Self Audit.

The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

27. Assignment/Subcontracts.

- a. Contractor shall not assign, sell or otherwise transfer all or any part of this Master Agreement without prior written consent from the Lead State, such consent not to be unreasonably withheld.
- b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties.

28. Insurance.

- a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers legally authorized to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:
 1. Commercial General Liability covering premises operations, independent contractors, products and completed operations, blanket contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$2 million general aggregate;
 2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.
- c. Contractor shall pay premiums on all insurance policies. Contractor will use reasonable efforts to give thirty (30) days prior written notice to State prior to cancellation or non-renewal of any of the policies providing such coverage; provided, however that Contractor shall not be obligated to provide such notice if, concurrently with such cancellation or non-renewal, Contractor obtains coverage from different insurer(s) meeting the requirements described herein.
- d. Prior to commencement of performance, Contractor shall provide to the Participating Entity a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights

and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.

e. During the term of this Master Agreement, Contractor shall upon request provide to the Lead State and Participating Entities evidence of coverage that meets the requirements of this Section and the applicable Participating Addendum. Failure to provide evidence of coverage, within thirty (30) calendar days of receipt of request may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.

f. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

29. Administrative Fees.

a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.

b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

30. NASPO ValuePoint Reports

a. **Sales Data Reporting.** In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

b. **Summary Sales Data.** "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.

c. **Detailed Sales Data.** "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details.

Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.

d. Sales Data Crosswalks. Reserved.

e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

31. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.

c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.

g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements that may affect the promotion of this Master Agreements or whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this master agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative

purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

32. Right to Publish.

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

33. Records Administration and Audit.

- a. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine, copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder.
- b. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.
- c. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

34. Indemnification

- a. General Indemnity. Contractor shall indemnify, defend (to the extent permitted by a state's Attorney General), and hold harmless an Indemnified Party from any claims or causes of action, including attorney's fees, to the extent arising from Contractor's intentional, willful, or negligent acts or omissions; actions that give rise to strict liability; and actions arising from breach of contract or warranty.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

- b. Intellectual Property Indemnification.

1. In the event of any such claim by any third party against the Indemnified Party that Products, Software, Services or Deliverables prepared, produced, or branded by Contractor and delivered pursuant to this Master Agreement infringe or misappropriate that third party's U.S. patent, copyright, trade secret, or other intellectual property rights ("Indemnified Claims"), the Indemnified Party shall promptly notify the Contractor. The Contractor, at its own expense, shall indemnify, defend to the extent permitted by the Indemnified Party's laws, and hold harmless the Indemnified Party against any loss, cost, expense, or liability (including legal fees) arising out of such a claim, whether or not such claim is successful against the Indemnified Party.
2. If Contractor receives prompt notice of such a claim that in the Contractor's opinion is likely to result in an adverse ruling, the Contractor shall at its option (1) obtain a right for the Indemnified Party to continue using such Products, Deliverables, or Software or allow Contractor to continue performing the Services; (2) modify such Products, Software, Services, or Deliverables to make them non-infringing without materially affecting their utility or functionality; (3) replace such Products, Software, Services, or Deliverables with a non-infringing equivalent; or (4) refund any pre-paid fees for the allegedly infringing Services that have not been performed or provide a reasonable depreciated or pro rata refund for the allegedly infringing Product, Deliverables, or Software.
3. Notwithstanding the foregoing, Contractor shall have no obligation under this Section for any claim resulting or arising from (1) modifications of the Products, Software, Services, or Deliverables that were not performed by, on behalf of, or at the direction of Contractor; (2) the combination, operation, or use of the Products, Software, Services, or Deliverables in connection with a third-party product, software or service (the combination of which causes the claimed infringement); or (3) Contractor's compliance with Indemnified Party's written specifications or directions, including the incorporation of any software or other materials or processes provided by or requested by Indemnified Party. Contractor's duty to indemnify and defend under this Section is contingent upon: (a) Contractor receiving prompt written notice of the third-party claim or action for which Contractor must indemnify Indemnified Party, (b) Contractor having the right to solely control the defense and resolution of such claim or action, unless the Indemnified Party's law requires approval for a third party to defend the Indemnified Party and such approval is not received, and (c) Indemnified Party's cooperation with Contractor in defending and resolving such claim or action. This Section states Indemnified Party's exclusive remedies for any third-party intellectual property claim or action and nothing in this Master Agreement or elsewhere will obligate Contractor to provide any greater indemnity to Indemnified Party.

35. Limitations of Liability

- a. The Parties agree that neither Contractor nor the indemnified party shall be liable to each other, regardless of the form of action, for consequential, incidental, indirect, or special damages except any claim related to bodily injury or death; an unauthorized release or breach of not public data as set forth more fully in Minn. Ch. 13; or a claim or demand based on patent, copyright, or other intellectual property infringement.
- b. Contractor's liability is limited to 2 times the amount paid by Purchasing Entity to Contractor during the 12 months preceding the date of the dispute concerning any products and services, or \$5,000,000, whichever is greater. This limit on liability does not apply to claims for bodily injury or death or for intellectual property infringement.
- c. Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system or method is:
 1. provided by the Contractor or the Contractor's subsidiaries or affiliates;
 2. specified by the Contractor to work with the Product; or

3. reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or

4. It would be reasonably expected to use the Product in combination with such product, system or method.

36. License of Pre-Existing Intellectual Property.

Intentionally deleted.

37. Assignment of Antitrust Rights.

Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

38. Debarment.

The Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

39. Governing Law and Venue.

a. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.

b. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.

c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

40. Confidentiality, Non-Disclosure, and Injunctive Relief.

a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients.

1. Any and all information of any form that is marked as confidential by one party (the "originating party") and is or would by its nature be deemed confidential obtained by the other party or its employees or agents (the "receiving party") in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of the originating party ("Confidential Information").

2. Any reports or other documents or items (including software) that result from the use of the Confidential Information by the receiving party shall be treated in the same manner as the Confidential Information.

3. Confidential Information does not include information that (1) is or becomes (other than by disclosure by the receiving party) publicly known; (2) is furnished by the originating party to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in the receiving party's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than the originating party without the obligation of confidentiality, (5) is disclosed with the written consent of the originating party or; (6) is independently developed by employees, agents or subcontractors of the receiving party who can be shown to have had no access to the Confidential Information.

b. Non-Disclosure. The receiving party shall hold Confidential Information in confidence, using at least the industry standard of confidentiality, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement.

1. Each party shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information.

2. Without limiting the generality of the foregoing, the receiving party shall advise the originating party, and the applicable Participating Entity, and the Lead State if the originating party is a Purchasing Entity, and the Lead State if the originating party is a Participating Entity, immediately if the receiving party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and the receiving party shall at its expense cooperate with advise the originating party in seeking injunctive or other equitable relief in the name of either party against any such person.

3. Except as directed by the originating party, the receiving party will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at the originating party's request, the receiving party shall turn over to the originating party all documents, papers, and other matter in the receiving party's possession that embody Confidential Information.

4. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement, and Purchasing Entity may retain Confidential Information to the extent and for the duration required by applicable law.

c. Injunctive Relief. Each party acknowledges that the other party's breach of this section, including disclosure of any Confidential Information, will cause irreparable injury to originating party that is inadequately compensable in damages. Accordingly, the originating party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

e. The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, defined to include Participating Addenda, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item

descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead State, a Participating State, or any governmental entity exercising an audit, inspection, or examination pursuant to Paragraph 33 of Exhibit A. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

41. Public Information.

This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's public information laws.

42. Cancellation.

Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum. Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate as set forth in Paragraph 44 of Exhibit A.

43. Force Majeure.

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

44. Defaults and Remedies.

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

1. Nonperformance of contractual requirements; or
2. A material breach of this Master Agreement; or
3. Any certification, representation or warranty by Contractor in response to the RFP or in this Master Agreement that proves to be untrue or materially misleading; or
4. Institution of proceedings under any bankruptcy, insolvency, court-ordered reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
5. Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, except for material breach, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages, including liquidated damages to the extent provided for under this Master Agreement. The Lead State may immediately terminate this Master Agreement upon material breach of the Master Agreement by Contractor.

c. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

1. Exercise any remedy provided by law; and
2. Terminate this Master Agreement and any related contracts or portions thereof; and
3. Impose liquidated damages as provided in this Master Agreement; and
4. Suspend Contractor from being able to respond to future bid solicitations; and
5. Suspend Contractor's performance; and
6. Withhold payment until the default is remedied.

d. Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and shall have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code.

45. Waiver of Breach.

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

46. Notices.

If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. Delivery may be by certified United States mail or by hand, in which case a signed receipt shall be obtained. A facsimile or electronic transmission shall constitute sufficient notice, provided the receipt of the transmission is confirmed by the receiving party. Either party must notify the other of a change in address for notification purposes. All notices to the Lead State shall be addressed as follows:

Elizabeth Randa, Acquisition Management Specialist
112 Administration Bldg.
50 Sherburne Avenue
St. Paul, MN 55155
elizabeth.randa@state.mn.us

47. No Waiver of Sovereign Immunity.

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense

or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

Exhibit B: Minnesota Terms and Conditions

1. Change Requests.

The Lead State reserves the right to request, during the term of the Master Agreement, changes to the products offered within the Band(s). Products introduced during the term of the Master Agreement shall go through a formal review process. The process for updating the products offered within a Band is outlined in Paragraph 2 of Exhibit B. The Contractor shall evaluate and recommend products for which agencies have an expressed need. The Lead State shall require the Contractor to provide a summary of its research of those products being recommended for inclusion in the Master Agreement as well as defining how adding the product will enhance the Master Agreement. The Lead State may request that products, other than those recommended, are added to the Master Agreement.

In the event that the Lead State desires to add new products and services that are not included in the original Master Agreement, the Lead State requires that independent manufacturers and resellers cooperate with the already established Contractor in order to meet the Lead State's requirements. Evidence of the need to add products or services should be demonstrated to the Lead State. The Master Agreement shall be modified via supplement or amendment. The Lead State will negotiate the inclusion of the products and services with the Contractor. No products or services will be added to the Master Agreement without the Lead State's prior approval.

2. Product and Service Schedule (PSS).

- a. Creating the Product and Service Schedule (PSS). Contractor will use the attached sample PSS to create and maintain a complete listing of all products and services offered under the Master Agreement. The PSS must conform to the contracted minimum discounts. Contractor may create and maintain a separate PSS for a Participating Entity based on the requirements and restrictions of the Participating Entity.

Contractors are encouraged to provide remote learning bundles for K-12 Education. These bundles can be included in the response to the PSS.

- b. Maintaining the PSS.

1. In General. Throughout the term of the Master Agreement, on a quarterly basis, Contractor may update the PSS to make model changes, add new products or services, or remove obsolete or discontinued products or services. Any updates to the PSS must conform to the Master Agreement requirements, including the scope of the Master Agreement and contracted minimum discounts.

2. Process. Contractor must provide notification to the Lead State of any changes to their PSS using the attached Action Request Form (ARF).

- a) The Lead State does not need to approve Contractor's request to make model changes, add their own manufactured products, or remove discontinued or obsolete products or services, and Contractor does not need the Lead State's approval prior to posting an updated PSS.
- b) The Lead State must approve Contractor's request to add new third party manufacturers to Contractor's PSS. If the proposed third-party manufacturer holds a NASPO Master Agreement for Computer Equipment, Contractor must obtain written authorization from that manufacturer. Contractor must have the Lead State's approval prior to posting the updated PSS.
- c) Contractor must maintain a historic record of all past PSSs on their dedicated NASPO ValuePoint website.

d) Pursuant to the audit provisions of the Master Agreement, upon the request of NASPO ValuePoint, the Lead State, or a Participating Entity, Contractor must provide an historic version of any Baseline Price List.

3. Purchase Orders.

There will be no minimum order requirements or charges to process an individual purchase order. The Participating Addendum number and the PO number must appear on all documents (e.g., invoices, packing slips, etc.). The Ordering Entity's purchase order constitutes a binding contract.

4. Risk of Loss or Damage.

The Purchasing Entity is relieved of all risks of loss or damage to the goods or equipment during periods of transportation, and installation by the Contractor and in the possession of the Contractor or their authorized agent.

5. Payment Card Industry Data Security Standard and Cardholder Information Security.

Contractor assures all of its Network Components, Applications, Servers, and Subcontractors (if any) comply with the Payment Card Industry Data Security Standard ("PCIDSS"). "Network Components" shall include, but are not limited to, Contractor's firewalls, switches, routers, wireless access points, network appliances, and other security appliances; "Applications" shall include, but are not limited to, all purchased and custom external (web) applications. "Servers" shall include, but are not limited to, all of Contractor's web, database, authentication, DNS, mail, proxy, and NTP servers. "Cardholder Data" shall mean any personally identifiable data associated with a cardholder, including, by way of example and without limitation, a cardholder's account number, expiration date, name, address, social security number, or telephone number.

Subcontractors (if any) must be responsible for the security of all Cardholder Data in its possession; and will only use Cardholder Data for assisting cardholders in completing a transaction, providing fraud control services, or for other uses specifically required by law. Contractor must have a business continuity program which conforms to PCIDSS to protect Cardholder Data in the event of a major disruption in its operations or in the event of any other disaster or system failure which may occur to operations; will continue to safeguard Cardholder Data in the event this Agreement terminates or expires; and ensure that a representative or agent of the payment card industry and a representative or agent of the Purchasing Entity shall be provided with full cooperation and access to conduct a thorough security review of Contractor's operations, systems, records, procedures, rules, and practices in the event of a security intrusion in order to validate compliance with PCIDSS.

6. Foreign Outsourcing of Work.

Upon request, the Contractor is required to provide information regarding the location of where services, data storage, and location of data processing under the Master Agreement will be performed.

7. State Audits (Minn. Stat. § 16C.05, subd. 5).

The books, records, documents, and accounting procedures and practices of the Contractor or other party, that are relevant to the Master Agreement or transaction are subject to examination by the contracting agency and either the Lead State's Legislative Auditor or State Auditor as appropriate for a minimum of six years after the end of the Master Agreement or transaction. The Lead State reserves the right to authorize delegate(s) to audit this Master Agreement and transactions.

8. Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).

If the value of this Contract, including all extensions, is \$50,000 or more, Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the contractor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

9. Human Rights/Affirmative Action.

The Lead State requires affirmative action compliance by its Contractors in accordance with Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600.

- a. Covered Contracts and Contractors. If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.
- b. Minn. R. 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for noncompliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400 5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and parts 5000.3552 5000.3559.
- c. Disabled Workers. Minn. R. 5000.3550 provides the Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

- (a) The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
 - (b) The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - (c) In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36 and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
 - (d) The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
 - (e) The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36 of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.
- d. Consequences. The consequences of a Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by

the commissioner, refusal by the commissioner to approve subsequent plans, and termination of all or part of the Contract by the commissioner or the State.

e. Certification. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance. It is agreed between the parties that Minn. Stat. 363.36 and Minn. R. 5000.3400 to 5000.3600 are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600 are available upon request from the contracting agency.

10. Equal Pay Certification.

If required by Minn. Stat. §363A.44, the Contractor must have a current Equal Pay Certificate prior to Contract execution. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the Lead State may require Contractor to verify its exempt status.

11. Americans with Disabilities Act (ADA).

Products provided under the Master Agreement must comply with the requirements of the Americans with Disabilities Act (ADA). The Contractor's catalog and other marketing materials utilized to offer products under the Master Agreement must state when a product is not in compliance. If any descriptive marketing materials are silent as to these requirements, the Contractor agrees that the customer can assume the product meets or exceeds the ADA requirements.

12. Nonvisual Access Standards.

Pursuant to Minn. Stat. § 16C.145, the Contractor shall comply with the following nonvisual technology access standards:

- a. That the effective interactive control and use of the technology, including the operating system applications programs, prompts, and format of the data presented, are readily achievable by nonvisual means;
- b. That the nonvisual access technology must be compatible with information technology used by other individuals with whom the blind or visually impaired individual must interact;
- c. That nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public; and
- d. That the nonvisual access technology must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

These standards do not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

13. Accessibility Standards.

Contractor acknowledges and is fully aware that the Lead State (Executive branch state agencies) has developed IT Accessibility Standard effective September 1, 2010. The standard entails, in part, the Web Content Accessibility Guidelines (WCAG) and Section 508 which can be viewed at: <https://mn.gov/mnit/government/policies/accessibility/>.

The Standards apply to web sites, software applications, electronic reports and output documentation, training delivered in electronic formats (including, but not limited to, documents, videos, and webinars), among others. As upgrades are made to the software, products, or subscriptions available through this Contract, the Contractor agrees to

develop functionality which supports accessibility. If any issues arise due to nonconformance with the above-mentioned accessibility Standards, the Contractor agrees to provide alternative solutions upon request at no additional charge to the State.

When updates or upgrades are made to the products or services available through this Contract, the Contractor agrees to document how the changes will impact or improve the product's or service's accessibility and usability. This documentation, upon request, must be provided to the Lead State in advance of the change, occurring within an agreed upon timeframe sufficient for the state to review the changes and either approve them or request a remediation plan from the Contractor. Contractor warrants that its Products comply with the above-mentioned accessibility Standards and agrees to indemnify, defend, and hold harmless the Lead State against any claims related to non-compliance of Contractor's Product with the above-mentioned accessibility Standards. If agreed-upon updates fail to improve the product or service's accessibility or usability as planned, the failure to comply with this requirement may be cause for contract cancellation or for the Lead State to consider the Contractor in default.

14. Conflict Minerals.

Contractor agrees to provide information upon request regarding adherence to the Conflict Minerals section of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Section 1502).

See: <http://beta.congress.gov/111/bills/hr4173/111hr4173enr.pdf#page=838>
<http://www.sec.gov/news/press/2012/2012-163.htm>

15. Hazardous Substances.

To the extent that the goods to be supplied by the Contractor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable state and federal laws and regulations, the Contractor must provide Material Safety Data Sheets regarding those substances. A copy must be included with each delivery.

16. Copyrighted Material Waiver.

The Lead State reserves the right to use, reproduce and publish proposals in any manner necessary for State agencies and local units of government to access the responses, including but not limited to photocopying, State Intranet/Internet postings, broadcast faxing, and direct mailing. In the event that the response contains copyrighted or trademarked materials, it is the responder's responsibility to obtain permission for the Lead State to reproduce and publish the information, regardless of whether the responder is the manufacturer or reseller of the products listed in the materials. By signing its response, the responder certifies that it has obtained all necessary approvals for the reproduction and distribution of the contents of its response and agrees to indemnify, protect, save and hold the Lead State, its representatives and employees harmless from any and all claims arising from the violation of this section and agrees to pay all legal fees incurred by the Lead State in the defense of any such action.

17. Publicity.

The Contractor shall make no representations of the State's opinion or position as to the quality or effectiveness of the products or services that are the subject of the Master Agreement without the prior written consent of the State's Assistant Director or designee of Office of State Procurement. Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

18. Performance While Dispute is Pending.

Notwithstanding the existence of a dispute, the parties shall continue without delay to carry out all of their responsibilities under the Master Agreement that are not affected by the dispute. If a party fails to continue without delay to perform its responsibilities under the Master Agreement, in the accomplishment of all undisputed work, any additional cost incurred by the other parties as a result of such failure to proceed shall be borne by the responsible party.

19. Organizational Conflicts of Interest.

An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons:

- a. the Contractor is unable or potentially unable to render impartial assistance or advice to the State;
- b. the Contractor's objectivity in performing the work is or might be otherwise impaired; or
- c. the Contractor has an unfair competitive advantage.

The Contractor agrees that if an organizational conflict of interest is discovered after award, an immediate and full disclosure in writing shall be made to the Assistant Director of the Lead State's Department of Administration's Office of State Procurement that shall include a description of the action the Contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the Lead State may, at its discretion, cancel the Master Agreement. In the event the Contractor was aware of an organizational conflict of interest prior to the award of the Master Agreement and did not disclose the conflict to the Master Agreement Administrator, the Lead State may terminate the Master Agreement for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Contract," "Contractor," "Master Agreement", "Master Agreement Administrator" and "Contract Administrator" modified appropriately to preserve the State's rights.

20. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion

- a. Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions. Instructions for certification:

1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverages section of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this response that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction [subcontract equal to or exceeding \$25,000] with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled, "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of parties excluded from federal procurement and nonprocurement programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

b. **Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions.**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

21. Government Data Practices.

The Contractor and the Lead State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the Lead State contracting party is part of the judicial branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the Lead State to the Contractor and all data provided to the Lead State by the Contractor. In addition, the Minnesota Government Data Practices Act applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor in accordance with the Master Agreement that is private, nonpublic, protected nonpublic, or confidential as defined by the Minnesota Government Data Practices Act, Ch. 13 (and where applicable, that is not accessible to the public under the Rules of Public Access to Records of the Judicial Branch).

In the event the Contractor receives a request to release the data referred to in this article, the Contractor must immediately notify the Lead State. The Lead State will give the Contractor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contractor or the Lead State.

The Contractor agrees to indemnify, save, and hold the Lead State, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota

Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Master Agreement. In the event that the Contractor subcontracts any or all of the work to be performed under the Master Agreement, the Contractor shall retain responsibility under the terms of this article for such work.

22. Survivability.

Certain rights and duties of the Lead State and Contractor will survive the expiration or cancellation of the RFP and resulting Master Agreement. These rights and duties include but are not limited to paragraphs: Indemnification; Limitations of Liability; State Audits; Government Data Practices; Governing Law and Venue; Publicity; and Administrative Fees.

23. Severability.

If any provision of the Master Agreement, including items incorporated by reference, is found to be illegal, unenforceable, or void, then both the Lead State and the Contractor shall be relieved of all obligations arising under such provisions. If the remainder of the Master Agreement is capable of performance it shall not be affected by such declaration or finding and shall be fully performed.

Exhibit C: Requirements

1. Contractor Verification.

Contractor must be a manufacturer of a Product in the Band(s) it is awarded a Master Agreement. "Re-branding" a product that is manufactured by another company does not meet this requirement. If the Contractor ceases production, sells or assigns their manufacturing to another vendor, or otherwise no longer manufactures a product during the life of the Master Agreement the Lead State reserves the right to terminate the Contractor's Master Agreement.

2. Warranty and Maintenance.

Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

3. Website.

Contractor must develop and maintain a URL to a web site specific to the awarded Master Agreement. Contractor's Master Agreement website must offer twenty-four (24) hours per day, seven (7) days per week availability, except for regularly scheduled maintenance times. The website must be separate from the Contractor's commercially available (i.e., public) on-line catalog and ordering systems. No other items or pricing may be shown on the website without written approval from the Lead State

a. Mandatory Specifications:

- Designated Baseline Price List(s) (e.g., MSRP, List, or Education)
- Product and Service Schedule (PSS)
- Product specifications, pricing, and configuration aids for the major product categories proposed that can be used to obtain an on-line quote,
- Service options and service agreements available on the contract. Please refer to Paragraph 5.
- Contact information for order placement, service concerns (warranty and maintenance), problem reporting, and billing concerns
- Sales representatives for participating entities
- Links to environmental certification, including but not limited to take-back/recycling programs, EPEAT, Energy Star, etc.

b. Desirable Specifications:

- Purchase order tracking
- Information on accessibility and accessible products
- Signed Master Agreement
- Online ordering capability with the ability to remember multiple ship to locations (if applicable to product)
- List of approved partners, if applicable

Within 30 calendar days of the notice of intent to award a Master Agreement, Contractor must provide a sample URL of the Master Agreement webpage to the Lead State for review and approval. The Lead State will review and determine acceptability of the website format and data. If the information is determined to be unacceptable or incorrect, the Contractor will have 15 calendar days to provide revisions to the Lead State. After the Lead State approves the website, Contractor may not make material changes to the website without notifying the Lead State through the ARF process and receiving written approval of the changes.

4. **Environmental Certifications.**

Contractor must include environmental or supply chain responsibility certifications and registrations for products sold through this Contract on their website. Contractor must provide these certifications and registrations for specific products to Participating Entities upon request.

5. **EPEAT Registration.**

Contractor agrees that applicable products offered that have EPEAT Standards provided under the Master Agreement must have achieved a minimum EPEAT Bronze registration. This requirement does not apply to Band 3.

Contractor may propose the addition of a product that has not yet achieved a minimum EPEAT Bronze registration. The Lead State, in its sole discretion may require Contractor to provide the following documentation to support the addition of the proposed product:

- A letter from the Green Electronics Council (GEC) on GEC's letterhead confirming that the verification process is underway; or
- A copy of Contractor's GEC contract, Conformity Assurance Board (CAB) contract, and a letter from Contractor's CAB stating that the relevant product has been registered with the CAB and that verification is underway.

The Lead State reserves the right to reject the inclusion of such product, or if approved, require Contractor to remove the product at a later date if the product does not achieve a minimum EPEAT Bronze registration. The Contractor must remove any products that subsequently exit the verification process without achieving EPEAT Bronze or greater from the Master Agreement.

6. **Third-Party Products.**

Some products offered may be manufactured by a third party. Contractor, however, must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. Contractor may not offer products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment without approval from the Lead State. Warranty for third-party products must be provided by the Contractor. Warranty documents for products manufactured by a third party are preferred to be delivered to the Participating Entity with the products. Contractor can only offer Third-Party Products in a Band they have been awarded.

Third-Party Products are intended to enhance or supplement a Contractor's own product line, and are not intended to represent more than a third of Contractor's total sales under this Master Agreement. The Lead State may limit the sale of Third-Party Products through the Master Agreement during the life of the Master Agreement should Third-Party Product sales be determined to consistently exceed one third of the total sales under this Master Agreement. Such limitation may take the form of any action the Lead State so chooses, up to and including non-renewal or cancellation of the Master Agreement.

7. **Partner Utilization.**

If utilizing partners, the Contractor is responsible for the partners providing products and services, as well as warranty service and maintenance for equipment the partner provides. Participating Entities have the option of utilizing partners. Contractor must provide a Participating Entity a copy of its plan for partner utilization upon request. Contractor must make available a list of approved partners for each Participating Entity. Participating Entities must approve specific Partners as outlined within the relevant Participating Addendum, and only partners approved by the Participating Entity may be deployed. The Participating Entity will define the process to add and remove partners in their Participating Addendum.

8. **2019 National Defense Authorization Act, Section 889(f)(3).**

Under the 2019 National Defense Authorization Act, Section 889(f)(3), the US military is prohibited from purchasing video surveillance and telecommunications equipment from certain Chinese-owned technology firms. While US state are

not subject to this act, there is increasing concern for the security of state data. Contractor certifies for the term of this Master Agreement that it is not subject to laws, rules, or policies potentially requiring disclosure of, or provision of access to, customer data to foreign governments or entities controlled by foreign governments, and that Contractor's Products do not contain, include, or utilize components or services supplied by any entity subject to the same. Contractor also certifies that its Products do not contain, include, or utilize any covered technology prohibited under Section 889 of the National Defense Authorization Act, as amended.

Lease Rates

Master Agreement: 23004
Contractor Name: Dell Marketing, LP

All Awarded Bands

Optional: Lease Rates

Dell Financial Services (DFS') payment solutions offer flexible end-of term options designed to suit each entity's unique needs. Payment terms are generally from 24 through 60 months and are tailored to match the essential useful life of the equipment to the payment term. Payments can be billed monthly, quarterly, semi-annually or annually.

DFS payment solution rates are adjusted quarterly in accordance with a formula based on fluctuations in treasury notes. Our rates are a function of several factors including estimates of future residual values, prevailing interest rates, borrowing costs, general and administrative expenses, and solution structure. Once a payment schedule has commenced, the rate remains constant for the term of the schedule.

Exhibit E: Contractor Terms and Conditions

Attached by reference as Exhibit E are the following Contractor document(s):

- **Software Licenses.** Customer's rights to use the Software delivered by Supplier are governed by the terms of the applicable end-user license agreement. Unless different terms have been agreed between the parties, the terms posted on www.dell.com/eula (the "EULA") shall apply. Supplier will provide a hard copy of the applicable terms upon request. Unless expressly otherwise agreed, microcode, firmware or operating system software required to enable the Equipment with which it is shipped to perform its basic or enhanced functions, is licensed for use solely on such Equipment.
- **Dell Return Policy.** Customer may return Products to Supplier pursuant to the return policy at www.dell.com/returnspolicy.
- **Equipment Warranty.** Unless provided otherwise in a Schedule, additional terms governing the limited warranties for Equipment are found at <https://www.dell.com/learn/us/en/uscorp1/terms-of-sale-commercial-and-public-sector-warranties?c=us&l=en&s=corp> or in the applicable documentation or Product Notice for the specific Equipment.
- **Product- and Service-Specific Terms.** Scope and details of Services and Product-specific terms are specified in the applicable standard service description that is attached to or referred in a Schedule or Quote, or is made available through the then-current Supplier website for product- or service-specific terms, currently located at www.dell.com/offeringspecificterms. Such standard descriptions are from time to time referred to as "Service Description(s)", "Product Notices" or "Service Briefs." The version of the applicable document that is effective as of the date of the applicable Quote, shall be deemed incorporated into the Order. Scope and details of customized Professional Services not covered by such a standard description shall be documented in a mutually agreed Statement of Work ("SOW").

These Contractor terms and conditions are being provided for **informational purposes only**. They are intended to be negotiated by Contractor and a Participating Entity as part of a Participating Addendum, or by Contractor and a Purchasing Entity as part of an Order, and shall apply only as agreed to in writing by the parties. Unless such terms are expressly accepted in writing, terms in the following document(s) that derogate the application to a Purchasing Entity of a corresponding term in this Master Agreement or applicable Participating Addendum shall be deemed void.

PARTICIPATING ADDENDUM AMENDMENT
NASPO VALUEPOINT COMPUTER EQUIPMENT
California Participating Addendum No. 7-15-70-34-003
Amendment No. 2

DELL MARKETING L.P. (Contractor)

This Amendment 2 ("Amendment") for Participating Addendum Number 7-15-70-34-003 ("Participating Addendum") is entered into between the State of California, Department of General Services ("State") and Dell Marketing, L.P. ("Contractor").

The parties hereto mutually agree to amend the Participating Addendum as follows:

1. The Contractor primary contact specified in Participating Addendum Section 10 (Contract Management) is revised to the following:

Dell Marketing L.P. (Contractor)	
Name:	Sadie Robbins
Phone:	(512) 723-6961
Fax:	(512) 283-9092
E-Mail:	Sadie_Robbins@Dellteam.com
Address:	One Dell Way, Mailstop RR1-33 Legal Round Rock, Texas 78682

All other terms and conditions remain the same.

IN WITNESS WHEREOF, the parties have executed this Participating Addendum Amendment as of the date of execution by both parties below.

Participating State:
STATE OF CALIFORNIA

By: _____

Name: Jim Butler

Title: Deputy Director

Date: September 8, 2016

Contractor:
DELL MARKETING, L.P.

By: _____

Name: Amy Ivy

Title: Contracts Manager

Date: 9/7/16

PARTICIPATING ADDENDUM
NASPO ValuePoint Cooperative Purchasing Program

COMPUTER EQUIPMENT MASTER AGREEMENT
Minnesota Master Agreement No.: MNWNC-108

California Participating Addendum No. 7-15-70-34-003
DELL MARKETING, L.P. (Contractor)

This Participating Addendum Number **7-15-70-34-003** is entered into between the State of California, Department of General Services (hereafter referred to as "State" or "DGS") and Dell Marketing, L.P. (hereafter referred to as "Contractor") under the NASPO ValuePoint Cooperative Purchasing Program Master Agreement Number MNWNC-108 ("Master Agreement") executed by the State of Minnesota.

1. Scope

- A. This Participating Addendum covers the purchase of Computer Equipment under the Master Agreement for the following product bands:

Band 1 – Desktop
Band 2 – Laptop
Band 3 – Tablet
Band 4 – Server
Band 5 – Storage

- B. This Participating Addendum is available for use by California political subdivisions/local governments (hereafter referred to as "Purchasing Entities"). A political subdivision/local government is defined as any city, county, city and county, district, or other local governmental body or corporation, including the California State Universities (CSU) and University of California (UC) systems, K-12 schools and community colleges empowered to expend public funds.
- C. Political subdivision/local government use of this Participating Addendum is optional. Each political subdivision/local government is to make its own determination whether this Participating Addendum and the Minnesota Master Agreement are consistent with its procurement policies and regulations.
- D. Participating Entities may enter into lease agreements for the products covered in the Master Agreement, if they have the legal authority to enter into these types of agreements.

2. Term

- A. The term of this Participating Addendum shall begin upon signature approval by the State and will end March 31, 2017, or upon termination by the State, whichever occurs first.
- B. Lead State amendments to extend the Master Agreement term date are automatically incorporated into this Participating Addendum unless terminated early in accordance with the terms and conditions of the Master Agreement or this Participating Addendum.

3. Order of Precedence

In the event of any inconsistency between the articles, attachments, or provisions which constitute this agreement, the following descending order of precedence shall apply:

- A. California Participating Addendum 7-15-70-34-003
- B. Minnesota WSCA-NASPO Master Agreement MNWNC-108

4. Terms and Conditions

The California General Provisions - Information Technology (GSPD401IT), revised and effective 09/5/14, is hereby incorporated by reference and made a part of this Participating Addendum. The 12 page document is available at:
http://www.documents.dgs.ca.gov/pd/poliproc/GSPD401IT14_0905.pdf.

5. Price List

Contractor shall maintain a website dedicated to this Participating Addendum which contains the Product and Service Schedule (PSS) and designated base line price list for participating entities to verify product/service pricing and applicable discounts offered under the Master Agreement.

6. Partner Utilization

- A. Contractor may use Partners under this Participating Addendum for sales and service functions as defined herein. Each Purchasing Entity will determine whether use of Partners is consistent with its procurement policies and regulations.
- B. Contractor shall be responsible for successful performance and compliance with all requirements in accordance with the terms and conditions under this Participating Addendum, even if work is performed by Partners.
- C. Contractor will be the sole point of contact with regard to Participating Addendum contractual matters, reporting, and administrative fee requirements.
- D. Partners are classified as follows:
 - 1) "Authorized Reseller"
 - a. Authorized Resellers may provide quotes, accept purchase orders, fulfill purchase orders, perform maintenance/warranty services and accept payment from ordering agencies for products and associated services offered under this Participating Addendum.
 - b. Authorized Resellers are responsible for sending a copy of all purchase orders and invoices to the Contractor for compliance with quarterly usage reporting and administrative fee requirements.
 - c. All purchase documents to Authorized Resellers shall reference the Participating Addendum Number.
 - d. If applicable, Authorized Reseller(s) under this Participating Addendum will be listed on the Contractor's dedicated website.

2) "Agent"

- a. Agents are only authorized to provide quotes, sales assistance, configuration guidance and ordering support for products and associated services offered under this Participating Addendum.
- b. Agents are not authorized to accept orders or payments.
- c. If applicable, Agent(s) under this Participating Addendum will be listed on the Contractor's dedicated website.

7. Invoicing

The Participating Addendum Number and Ordering Agency Purchase Order Number shall appear on each purchase order and invoice for all purchases placed under this Participating Addendum.

8. Usage Reporting

- A. Contractor shall submit usage reports on a quarterly basis to the State Contract Administrator for all California entity purchases using the WSCA-NASPO Detailed Sales report template.
- B. The report is due even when there is no activity.
- C. The report shall be an Excel spreadsheet transmitted electronically to the DGS mailbox at PDWSCA@dgs.ca.gov.
- D. Any report that does not follow the required format or that excludes information will be deemed incomplete. Contractor will be responsible for submitting corrected reports within five business days of the date of written notification from the State.
- E. Tax must not be included in the report, even if it is on the purchase order.
- F. Reports are due for each quarter as follows:

Reporting Period	Due Date
JUL 1 to SEP 30	OCT 31
OCT 1 to DEC 31	JAN 31
JAN 1 to MAR 31	APR 30
APR 1 to JUN 30	JUL 31

- G. Failure to meet reporting requirements and submit the reports on a timely basis shall constitute grounds for suspension of this contract.

9. Administrative Fee

- A. Contractor shall submit a check, payable to the State of California, remitted to the Department of General Services, Procurement Division for the calculated amount equal to one percent (0.01) of the sales for the quarterly period.
- B. Contractor must include the Participating Addendum Number on the check. Those checks submitted to the State without the Participating Addendum Number will be returned to Contractor for additional identifying information.
- C. Administrative fee checks shall be submitted to:
- State of California
Department of General Services, Procurement Division
Attention: Multiple Awards Program
707 3rd Street, 2nd Floor, MS 2-202
West Sacramento, CA 95605
- D. The administrative fee shall not be included as an adjustment to Contractor's Master Agreement pricing.
- E. The administrative fee shall not be invoiced or charged to the ordering agency.
- F. Payment of the administrative fee is due irrespective of payment status on orders or service contracts from a Purchasing Entity.
- G. Administrative fee checks are due for each quarter as follows:

Reporting Period	Due Date
JUL 1 to SEP 30	OCT 31
OCT 1 to DEC 31	JAN 31
JAN 1 to MAR 31	APR 30
APR 1 to JUN 30	JUL 31

- H. Failure to meet administrative fee requirements and submit fees on a timely basis shall constitute grounds for suspension of this contract.

10. Contract Management

- A. The primary contact individuals this Participating Addendum shall be as follows:

Contractor	
Name:	Amanda Hudson
Phone:	(512) 723-6806
Fax:	(512) 283-2691
E-Mail:	<u>Amanda_Hudson@Dell.com</u>
Address:	One Dell Way, Mailstop RR1-33 Legal Round Rock, Texas 78682

State Contract Administrator	
Name:	Julie Matthews
Phone:	(916) 375-4612
Fax:	(916) 375-4663
E-Mail:	Julie.Matthews@dgs.ca.gov
Address:	Department of General Services Procurement Division 707 Third Street, 2nd Floor, MS 2-202 West Sacramento, CA 95605

- B. Should the contact information for either party change, the party will provide written notice with updated information no later than ten business days after the change.

11. Termination of Agreement

The State may terminate this Participating Addendum at any time upon 30 days prior written notice to the Contractor. Upon termination or other expiration of this Participating Addendum, each party will assist the other party in orderly termination of the Participating Addendum and the transfer of all assets, tangible and intangible, as may facilitate the orderly, nondisrupted business continuation of each party. This provision shall not relieve the Contractor of the obligation to perform under any purchase order or other similar ordering document executed prior to the termination becoming effective.

12. Agreement

- A. This Participating Addendum and the Master Agreement together with its exhibits and/or amendments, set forth the entire agreement between the parties with respect to the subject matter of all previous communications, representations or agreements, whether oral or written, with respect to the subject matter hereof. Terms and conditions inconsistent with, contrary or in addition to the terms and conditions of this Participating Addendum and the Master Agreement, together with its exhibits and/or amendments, shall not be added to or incorporated into this Participating Addendum or the Master Agreement and its exhibits and/or amendments, by any subsequent purchase order or otherwise, and any such attempts to add or incorporate such terms and conditions are hereby rejected. The terms and conditions of this Participating Addendum and the Master Agreement and its exhibits and/or amendments shall prevail and govern in the case of any such inconsistent or additional terms.
- B. By signing below Contractor agrees to offer the same products/and or services as on the Master Agreement, at prices equal to or lower than the prices on that contract.
- C. IN WITNESS WHEREOF, the parties have executed this Participating Addendum as of the date of execution by both parties below.

COUNCIL COMMUNICATION

CC #: 3349
File #: 0203-06

Title: Computers, Technology Equipment and Software - Purchase Order Increase
Contact: Dylan Cook 916-774-5159 drcook@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.13.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve an increase to the existing purchase order with CDW Government, LLC in the amount of \$150,000 for the purchase of computers, technology equipment and software.

BACKGROUND

The Information Technology Department (IT) maintains over 1,900 computers, 1,500 mobile devices, 350 servers, 250 terabytes of data storage, 185 network switches and multiple cybersecurity equipment across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operation of City business.

The additional \$150,000 will be used to complete equipment renewal projects and purchase equipment through the end of the fiscal year.

FISCAL IMPACT

The recommended increase in authority for FY2023-24 is from \$1,500,000 to \$1,650,000. Funding is included in the FY2023-24 budget for the Information Technology Department and other departments in the Information Technology Operations Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Purchase orders for computers and technology equipment meet the above criteria and are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Title: Computer and Technology Equipment - Purchase Orders
Contact: Dylan Cook 916-774-5159 drcook@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.14.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve separate purchase orders for the Information Technology, Electric, Environmental Utilities and other departments with CDW Technologies, LLC for computers, technology equipment and software using Sourcewell CDW Government Technology Catalog Solutions #121923, which expires on February 27, 2028 (base term) plus three (3) additional one-year extensions through February 28, 2031, and National IPA contract 2018011, which expires on February 28, 2025.

Additionally, staff requests that the City Council adopt a resolution authorizing the City Manager or his designee to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The Information Technology Department (IT) maintains over 1,900 computers, 1,500 mobile devices, 350 servers, 250 terabytes of data storage, 185 network switches and multiple cybersecurity equipment across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operation of City business.

Both the Roseville Electric Utility and Environmental Utilities Departments support and maintain industrial control systems which provide critical information for the output, status, and conditions of the distribution and generation operational environment. Industrial control systems utilize both proprietary and general technology equipment. General technology equipment includes network routers and switches, desktop computers, servers, cybersecurity equipment and accessories. Periodic upgrades and replacements of aging general technology equipment and related software is critical to maintain reliable industrial control systems and is essential to support the day-to-day utilities operations.

The Sourcewell CDW-G Technology Catalog Solutions contract #121923 and National IPA

contract 2018011 are competitively bid cooperative contracts used to obtain the best pricing available for the City.

FISCAL IMPACT

The total estimated costs for these citywide technology purchase orders is \$2,300,000. Funding is included in the proposed FY2024-25 budgets for the Information Technology Department and other departments in the Information Technology Operations Fund for \$1,500,000; for the Electric Department in the Electric Fund for \$500,000; and for the Environmental Utilities Department in the Water and Wastewater Operations funds for \$300,000. Projected spending for the additional renewal years is as follows: \$2,500,000 in FY2025-26 and \$2,700,000 in FY2026-27.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Purchase orders for computers and technology equipment meet the above criteria and are not subject to CEQA. No additional environmental review is required.

**Solicitation Number: RFP #121923****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and CDW Government LLC, 230 N. Milwaukee Avenue, Vernon Hills, IL 60061 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Technology Products and Services with Related Solutions from which Supplier was awarded a contract in Category 1.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.

EXPIRATION DATE AND EXTENSION. This Contract expires February 27, 2028, unless it is cancelled sooner pursuant to Article 22. This Contract allows up to three additional one-year extensions upon the request of Sourcewell and written agreement by Supplier. Sourcewell retains the right to consider additional extensions beyond seven years as required under exceptional circumstances.

B. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

A. EQUIPMENT, PRODUCTS, OR SERVICES. Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. WARRANTY.

1. *Product Warranty.* Supplier is not the manufacturer of the Products purchased by Participating Entities hereunder and the only warranties offered are those of the manufacturer, not Supplier or its Affiliates. In purchasing the Products, the Participating Entity relies on the manufacturer's specifications only and not on any statements or images that may be provided by Supplier or its Affiliates. SUPPLIER HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES EITHER EXPRESS OR IMPLIED RELATED TO PRODUCTS, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF TITLE ACCURACY, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, WARRANTY OF NONINFRINGEMENT, OR ANY WARRANTY RELATING TO THIRD PARTY SERVICES. THE DISCLAIMER CONTAINED IN THIS PARAGRAPH DOES NOT AFFECT THE TERMS OF ANY MANUFACTURER'S WARRANTY. Supplier, and its dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer.

2. *Services Warranty.* Supplier warrants that the Services will be performed in a good and workmanlike manner. Participating Entity's sole and exclusive remedy with respect to this warranty will be at the sole option of Supplier to either (a) use its reasonable commercial efforts to reperform any Services not in substantial compliance with this warranty or (b) refund amounts paid by the Participating Entity related to the portion of the Services not in substantial compliance; provided in each case Participating Entity notifies Supplier in writing within thirty (30) business days after performance of the applicable Services. This warranty is voided if the Services are altered by anyone other than Supplier or any of its affiliates or its or their personnel. Participating Entity shall be solely responsible for reconstructing data (including but not limited to data located on disk files and memories) and software that may be lost or damaged or corrupted during the performance of Services.

3. *Third-Party Services.* Certain services, such as extended warranty service by manufacturers, are sold by Supplier as a distributor or sales agent ("Third Party Services"). In the case of Third-Party Services, the third party will be the party responsible for providing the services to the Participating Entity and the Participating Entity will look solely to the third party for any loss,

claims or damages arising from or related to the provision of such Third-Party Services. Any amounts, including, but not limited to, taxes, associated with Third-Party Services which may be collected by Supplier will be collected solely in the capacity as an independent sales agent.

4. *Cloud Services*. It is acknowledged that Participating Entities are receiving the Cloud Services directly from the Cloud Service Provider pursuant to the Cloud Service Provider's standard terms and conditions, or such other terms as agreed upon by Participating Entities and the Cloud Service Provider ("Cloud Services Terms and Conditions"). Accordingly, it shall consider the Cloud Service Provider to be the contracting party and the Cloud Service Provider shall be the party responsible for providing the Cloud Services to Participating Entities and shall look solely to the Cloud Service Provider for any loss, claims, or damages arising from or related to the provision of such Cloud Services.

C. DEALERS, AND DISTRIBUTORS. Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, or distributors relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price stated in Supplier's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. SHIPPING AND SHIPPING COSTS. All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities in accordance with Supplier's Return Policy, which is available at: <https://webobjects2.cdw.com/is/content/CDW/cdw/on-domain-ca/help-centre/cdw-global-returns-policy.pdf>. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and

Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. SALES TAX. Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcwell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Supplier Development Administrator. This approved form is available from the assigned Sourcwell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcwell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Change Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional commercial terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;

- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. BUSINESS REVIEWS. Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;
- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities as indicated in Question #70 of its Proposal. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in Question #70 of the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter.

Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. Sourcewell may not conduct such an audit more than one time per twelve month period during the term, and will provide thirty day advance written notice of the audit to Supplier. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the

circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. This Contract does not create a partnership, joint venture, or any other relationship such as master-servant, or principal-agent.

11. INDEMNITY AND HOLD HARMLESS; LIMITATION OF LIABILITY

Supplier must indemnify, defend, save, and hold Sourcewell and its Participating Entities, including their agents and employees, harmless from any third-party claims or causes of action, including attorneys' fees incurred by Sourcewell or its Participating Entities, arising out of any act or omission in the performance of this Contract by the Supplier or its agents or employees which results in (i) injury or death to person(s) or tangible personal property alleged to have been caused by some defect in the Equipment, Products, or Services under this Contract to the extent the Service has been used according to its specifications. Sourcewell's responsibility will be governed by the State of Minnesota's Tort Liability Act (Minnesota Statutes Chapter 466) and other applicable law.

Supplier shall pass through to the Participating Entity all end user indemnity protections provided by the Equipment and/or Product manufacturer.

EXCEPT FOR INSTANCES OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, UNDER NO CIRCUMSTANCES, AND NOTWITHSTANDING THE FAILURE OF ESSENTIAL PURPOSE OF ANY REMEDY SET FORTH HEREIN, WILL SUPPLIER, ITS AFFILIATES OR ITS SUPPLIERS, SUBCONTRACTORS OR AGENDT BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, BUSINESS REVENUES OR SAVINGS AND LOSS, DAMAGE OR CORRUPTION OF DATA OR SOFTWARE, EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITIES OF SUCH DAMAGES OR IF SUCH DAMAGES ARE OTHERWISE FORESEEABLE. EXCEPT IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, SUPPLIER'S AGGREGATE LIALITY HEREUNDER WILL NOT EXCEED THE TOTAL DOLLAR AMOUNT PAID BY SUPPLIER TO SOURCEWELL IN ADMINISTRATIVE FEES UNDER THIS CONTRACT DURING THE PRECEDING TWENTY-FOUR (24) MONTH PERIOD.

12. GOVERNMENT DATA PRACTICES

Supplier and Sourcewell must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided by or provided to Sourcewell under this Contract and as it applies to all data created, collected, received, maintained, or disseminated by the Supplier under this Contract.

13. INTELLECTUAL PROPERTY, PUBLICITY, MARKETING, AND ENDORSEMENT

A. INTELLECTUAL PROPERTY

1. *Grant of License.* During the term of this Contract:
 - a. Sourcewell grants to Supplier a royalty-free, worldwide, non-exclusive right and license to use the trademark(s) provided to Supplier by Sourcewell in advertising and promotional materials for the purpose of marketing Sourcewell's relationship with Supplier.
 - b. Supplier grants to Sourcewell a royalty-free, worldwide, non-exclusive right and license to use Supplier's trademarks in advertising and promotional materials for the purpose of marketing Supplier's relationship with Sourcewell.
2. *Limited Right of Sublicense.* The right and license granted herein includes a limited right of each party to grant sublicenses to their respective subsidiaries, distributors, dealers, resellers, marketing representatives, and agents (collectively "Permitted Sublicensees") in advertising and promotional materials for the purpose of marketing the Parties' relationship to Participating Entities. Any sublicense granted will be subject to the terms and conditions of this Article. Each party will be responsible for any breach of this Article by any of their respective sublicensees.
3. *Use; Quality Control.*
 - a. Neither party may alter the other party's trademarks from the form provided and must comply with removal requests as to specific uses of its trademarks or logos.
 - b. Each party agrees to use, and to cause its Permitted Sublicensees to use, the other party's trademarks only in good faith and in a dignified manner consistent with such party's use of the trademarks. Upon written notice to the breaching party, the breaching party has 30 days of the date of the written notice to cure the breach or the license will be terminated.
4. *Termination.* Upon the termination of this Contract for any reason, each party, including Permitted Sublicensees, will have 30 days to remove all Trademarks from signage, websites, and the like bearing the other party's name or logo (excepting Sourcewell's pre-printed catalog of suppliers which may be used until the next printing). Supplier must return all marketing and promotional materials, including signage, provided by Sourcewell, or dispose of it according to Sourcewell's written directions.
5. *License to Software.* All rights in software resold pursuant to this Contract will remain with the applicable licensor. Participating Entity's rights to use such

software are contained in the applicable license agreement between the Participating Entity and the licensor.

6. *License to Work Product.* Participating Entity's rights to Work Product (meaning materials and other deliverables to be provided or created individually or jointly in connection with the Services, including but not limited to all inventions, discoveries, methods, processes, formulae, ideas, concepts, techniques, know-how, data, designs, models, prototypes, works of authorship, computer programs, proprietary tools, methods of analysis, and other information whether or not capable of protection by patent, copyright, trade secret, confidentiality, or other proprietary rights, or discovered in the course of performance of this Contract, that are embodied in such work or materials) will be upon payment in full a non-transferable, non-exclusive, royalty-free license to use such Work Product solely for Participating Entity's internal use. Participating Entity obtains no ownership or other property rights thereto. Participating Entity agrees that Supplier may incorporate intellectual property created by third parties into the Work Product and that Participating Entity's right to use such Work Product may be subject to the rights of and limited by agreements with such third parties.

B. **PUBLICITY.** Any publicity regarding the subject matter of this Contract must not be released without prior written approval from the Authorized Representatives. Publicity includes notices, informational pamphlets, press releases, research, reports, signs, and similar public notices prepared by or for the Supplier individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

C. **MARKETING.** Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.

D. **ENDORSEMENT.** The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

The substantive and procedural laws of the State of Minnesota will govern this Contract. Venue for all legal proceedings arising out of this Contract, or its breach, must be in the appropriate state court in Todd County, Minnesota or federal court in Fergus Falls, Minnesota.

15. FORCE MAJEURE

Neither party to this Contract will be held responsible for delay or default caused by acts of God or other conditions that are beyond that party's reasonable control. A party defaulting under this provision must provide the other party prompt written notice of the default.

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. DEFAULT AND REMEDIES. Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

- Exercise any remedy provided by law or equity, or
- Terminate the Contract or any portion thereof, including any orders issued against the Contract.

18. INSURANCE

A. REQUIREMENTS. At its own expense, Supplier must maintain insurance policy(ies) in effect at all times during the performance of this Contract with insurance company(ies) licensed or authorized to do business in the State of Minnesota having an "AM BEST" rating of A- or better, with coverage and limits of insurance not less than the following:

1. *Workers' Compensation and Employer's Liability.*

Workers' Compensation: As required by any applicable law or regulation.

Employer's Liability Insurance: must be provided in amounts not less than listed below:

Minimum limits:

\$500,000 each accident for bodily injury by accident

\$500,000 policy limit for bodily injury by disease

\$500,000 each employee for bodily injury by disease

2. *Commercial General Liability Insurance.* Supplier will maintain insurance covering its operations, with coverage on an occurrence basis, and must be subject to terms no less broad than the Insurance Services Office ("ISO") Commercial General Liability Form CG0001 (2001 or newer edition), or equivalent. At a minimum, coverage must include liability arising from premises, operations, bodily injury and property damage, independent contractors, products-completed operations including construction defect, contractual liability, blanket contractual liability, and personal injury and advertising injury. All required limits, terms and conditions of coverage must be maintained during the term of this Contract.

Minimum Limits:

\$1,000,000 each occurrence Bodily Injury and Property Damage

\$1,000,000 Personal and Advertising Injury

\$2,000,000 aggregate for products liability-completed operations

\$2,000,000 general aggregate

3. *Commercial Automobile Liability Insurance.* During the term of this Contract, Supplier will maintain insurance covering all owned, hired, and non-owned automobiles in limits of liability not less than indicated below. The coverage must be subject to terms no less broad than ISO Business Auto Coverage Form CA 0001 (2010 edition or newer), or equivalent.

Minimum Limits:

\$1,000,000 each accident, combined single limit

4. *Umbrella Insurance.* During the term of this Contract, Supplier will maintain umbrella coverage over Employer's Liability, Commercial General Liability, and Commercial Automobile.

Minimum Limits:

\$2,000,000

5. *Professional/Technical, Errors and Omissions, and/or Miscellaneous Professional Liability.* During the term of this Contract, Supplier will maintain coverage for all claims the Supplier may become legally obligated to pay resulting from any actual or alleged negligent act, error, or omission related to Supplier's professional services required under this Contract.

Minimum Limits:

\$2,000,000 per claim or event

\$2,000,000 – annual aggregate

6. *Network Security and Privacy Liability Insurance.* During the term of this Contract, Supplier will maintain coverage for network security and privacy liability. The coverage may be endorsed on, or included in, another form of liability coverage or written on a standalone policy. The insurance must cover claims which may arise from failure of Supplier's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data – including but not limited to, confidential or private information, transmission of a computer virus, or denial of service.

Minimum limits:

\$2,000,000 per occurrence

\$2,000,000 annual aggregate

Failure of Supplier to maintain the required insurance will constitute a material breach entitling Sourcewell to immediately terminate this Contract for default.

B. CERTIFICATES OF INSURANCE. Prior to commencing under this Contract, Supplier must furnish to Sourcewell a certificate of insurance, as evidence of the insurance required under this Contract. Prior to expiration of the policy(ies), renewal certificates must be mailed to Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 or sent to the Sourcewell Supplier Development Administrator assigned to this Contract. The certificates must be signed by a person authorized by the insurer(s) to bind coverage on their behalf.

Failure to request certificates of insurance by Sourcewell, or failure of Supplier to provide certificates of insurance, in no way limits or relieves Supplier of its duties and responsibilities in this Contract.

C. ADDITIONAL INSURED ENDORSEMENT AND PRIMARY AND NON-CONTRIBUTORY INSURANCE CLAUSE. Supplier agrees to include Sourcewell and its Participating Entities, including their officers, agents, and employees, as an additional insured under the Supplier's commercial general liability insurance policy with respect to liability arising out of activities, "operations," or "work" performed by or on behalf of Supplier, and products and completed operations of Supplier. The policy provision(s) or endorsement(s) must further provide that coverage is primary and not excess over or contributory with any other valid, applicable, and collectible insurance or self-insurance in force for the additional insureds.

D. **WAIVER OF SUBROGATION.** Supplier waives and must require (by endorsement or otherwise) all its insurers to waive subrogation rights against Sourcewell and other additional insureds for losses paid under the insurance policies required by this Contract or other insurance applicable to the Supplier or its subcontractors. The waiver must apply to all deductibles and/or self-insured retentions applicable to the required or any other insurance maintained by the Supplier or its subcontractors. Where permitted by law, Supplier must require similar written express waivers of subrogation and insurance clauses from each of its subcontractors.

E. **UMBRELLA/EXCESS LIABILITY/SELF-INSURED RETENTION.** The limits required by this Contract can be met by either providing a primary policy or in combination with umbrella/excess liability policy(ies), or self-insured retention.

19. COMPLIANCE

A. **LAWS AND REGULATIONS.** All Equipment, Products, or Services provided under this Contract must comply fully with applicable federal laws and regulations, and with the laws in the states and provinces in which the Equipment, Products, or Services are sold.

B. **LICENSES.** Supplier must maintain a valid and current status on all required federal, state/provincial, and local licenses, bonds, and permits required for the operation of the business that the Supplier conducts with Sourcewell and Participating Entities.

20. BANKRUPTCY, DEBARMENT, OR SUSPENSION CERTIFICATION

Supplier certifies and warrants that it is not in bankruptcy or that it has previously disclosed in writing certain information to Sourcewell related to bankruptcy actions. If at any time during this Contract Supplier declares bankruptcy, Supplier must immediately notify Sourcewell in writing.

Supplier certifies and warrants that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Supplier certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this Contract. Supplier further warrants that it will provide immediate written notice to Sourcewell if this certification changes at any time.

21. PROVISIONS FOR NON-UNITED STATES FEDERAL ENTITY PROCUREMENTS UNDER UNITED STATES FEDERAL AWARDS OR OTHER AWARDS

Participating Entities that use United States federal grant or FEMA funds to purchase goods or services from this Contract may be subject to additional requirements including the

procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 C.F.R. § 200. Participating Entities may have additional requirements based on specific funding source terms or conditions. Within this Article, all references to “federal” should be interpreted to mean the United States federal government. The following list only applies when a Participating Entity accesses Supplier’s Equipment, Products, or Services with United States federal funds.

A. **EQUAL EMPLOYMENT OPPORTUNITY.** Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. **DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148).** When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Supplier must be in compliance with all applicable Davis-Bacon Act provisions.

C. **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708).** Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5).

Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Supplier certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Supplier must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Supplier certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Supplier certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Suppliers must file any required certifications. Suppliers must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Suppliers must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Suppliers must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Supplier must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Supplier further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. ENERGY POLICY AND CONSERVATION ACT COMPLIANCE. To the extent applicable, Supplier must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. BUY AMERICAN PROVISIONS COMPLIANCE. To the extent applicable, Supplier must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition.

K. ACCESS TO RECORDS (2 C.F.R. § 200.336). Supplier agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Supplier that are directly pertinent to Supplier's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Supplier's personnel for the purpose of interview and discussion relating to such documents.

L. PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322). A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring

solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

M. FEDERAL SEAL(S), LOGOS, AND FLAGS. The Supplier cannot use the seal(s), logos, crests, or reproductions of flags or likenesses of Federal agency officials without specific pre-approval.

N. NO OBLIGATION BY FEDERAL GOVERNMENT. The U.S. federal government is not a party to this Contract or any purchase by a Participating Entity and is not subject to any obligations or liabilities to the Participating Entity, Supplier, or any other party pertaining to any matter resulting from the Contract or any purchase by an authorized user.

O. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS OR RELATED ACTS. The Contractor acknowledges that 31 U.S.C. 38 (Administrative Remedies for False Claims and Statements) applies to the Supplier's actions pertaining to this Contract or any purchase by a Participating Entity.

P. FEDERAL DEBT. The Supplier certifies that it is non-delinquent in its repayment of any federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowance, and benefit overpayments.

Q. CONFLICTS OF INTEREST. The Supplier must notify the U.S. Office of General Services, Sourcewell, and Participating Entity as soon as possible if this Contract or any aspect related to the anticipated work under this Contract raises an actual or potential conflict of interest (as described in 2 C.F.R. Part 200). The Supplier must explain the actual or potential conflict in writing in sufficient detail so that the U.S. Office of General Services, Sourcewell, and Participating Entity are able to assess the actual or potential conflict; and provide any additional information as necessary or requested.

R. U.S. EXECUTIVE ORDER 13224. The Supplier, and its subcontractors, must comply with U.S. Executive Order 13224 and U.S. Laws that prohibit transactions with and provision of resources and support to individuals and organizations associated with terrorism.

S. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT. To the extent applicable, Supplier certifies that during the term of this Contract it will comply with applicable requirements of 2 C.F.R. § 200.216.

T. DOMESTIC PREFERENCES FOR PROCUREMENTS. To the extent applicable, Supplier certifies that during the term of this Contract will comply with applicable requirements of 2 C.F.R. § 200.322.

22. CANCELLATION

Sourcewell or Supplier may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcewell may cancel this Contract immediately upon discovery of a material defect in any certification made in Supplier's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Table 2: Company Information and Financial Strength

Line Item	Question	Response *	
10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	CDW LLC (CDW) was founded in 1984 and is currently ranked 166 on the Fortune 500 with multi-national capabilities. CDW is a leading multi-brand complete technology solution and services provider to business, government, education, and healthcare organizations in the United States, Canada, and the United Kingdom, with approximately 15,000 coworkers, more than 250,000 active customer accounts, and \$24 billion in net sales in 2022. CDW is ranked No. 4 on CRN's 2023 Solution Provider 500 list, a ranking of the largest IT solution providers in North America by revenue. A technology-neutral company with more than three decades of experience building extensive relationships throughout the industry, CDW offers a product portfolio with more than 100s of thousands of technology offerings covering all original equipment manufacturers, software publishers, cloud & service providers (OEMs). CDW provides products and solutions through its sales and service delivery teams, with	

almost 6,000 customer-facing coworkers, including more than 2,000 field sellers, highly skilled technology specialists, and advanced service delivery engineers.

In 1998, CDW recognized the need to build specialized sales and technical teams to support the unique needs of the federal, state and local government, education, and healthcare markets. CDW created a wholly owned subsidiary, CDW Government LLC (CDW•G) which today has more than 1,500 inside and field account managers supporting public customers across the nation. Broken out by customer end-markets, our account teams cover state and local government, K-12, higher education, or healthcare to ensure they understand customer priorities, specialized solutions, and desired outcomes. In 2003, CDW expanded its footprint to offer the same capabilities for business, government, education, and healthcare customers throughout Canada. In 2023, CDW Canada was recognized as the #1 Canadian Solution Provider of the Year on Channel Daily News' Top 100 Solution Providers list for the 9th year in a row.

CDW•G and CDW Canada have experienced a highly successful partnership with Sourcewell through its current Technology Solutions contract. Our growth under the incumbent Sourcewell contract was consistently outpaced by real sales, outpaced our forecasts, fueled by increased Sourcewell Member adoption and increased sales engagement.

CDW's combined strength through its e-procurement integration systems, world-renowned logistics practices, and consistent ease of purchase experience allow us to reduce procurement complexity, helping customers get what they need when they need it, with the least number of steps possible.

Core Values: CDW's code of business conduct and ethics, the CDW Way Code, sets forth the standards of behavior necessary to ensure we live up to our values. These are the values we use to guide our behavior toward each other, our customers, our partners, and our communities. The CDW Way Code directs that:

- We run our business with passion and integrity.
- We empower others to do their jobs.
- We keep our commitments.
- We treat others with respect.
- We resolve conflict directly.
- We listen.
- We include stakeholders in the decision process.
- We live our "philosophies of success" every day.
- We make things happen.

Business Philosophy: CDW's strong customer focus is reflected in our core philosophy, the CDW Circle of Service, which means that everything we do – including sales, product and partner management, operations, marketing, technology services, coworker services, information technology, and finance and legal – revolves around the customer. Our Philosophies of Success include:

- It's only good if it's win/win.
- Good luck many times comes disguised as hard work.
- People do business with people they like.
- Perfection is unattainable. If you strive for perfection, you'll achieve excellence.
- Pay attention to your weaknesses. If you dwell on your successes, you will suffocate on your weaknesses.
- Success means never being satisfied.

Our objective is to have companies view us as a valued extension of their IT staffs. We seek to achieve this goal by providing superior customer service through our large and experienced sales and service delivery teams. Our market research teams work with a third-party research firm to measure and track customer loyalty and satisfaction through periodic customer surveys. Survey feedback is used by senior leadership to create action and development plans for continuous improvement.

Commitment to Diversity: CDW takes a comprehensive approach to diversity, equity, and inclusion (DEI). We are deliberate and focused on creating a culture where our dedication to our values of trust, connection and commitment are evident and where belonging is an everyday experience for all our coworkers, customers, business partners and communities. CDW is committed to embracing and fostering diverse thinking, inclusive behaviors, and equal opportunity across our global operations.

For our coworkers, we strive to attract diverse talent, create opportunities for advancement and professional growth, and provide a sense of inclusion and belonging where everyone can be their authentic self. Our Business Resource Groups bring coworkers together around topics that matter and empower them to make an impact on our culture. Through workshops, informal discussions, and other forums, CDW leaders learn best practices for cultivating DEI. Townhalls and similar events bring coworkers together for conversations about DEI and belonging. And our organization-wide education and awareness platform cultivates awareness to help

coworkers understand their role in our culture.

In our supply chain, we are committed to maintaining an industry-leading business diversity program – our spend with small and diverse businesses totaled \$3.5 billion in 2022 and more than \$24 billion since the program's inception in 2007. We have achieved membership in the Billion Dollar Roundtable, an exclusive group of U.S.-based companies that have procured more than \$1 billion annually from minority- and women-owned business on a first-tier basis.

In our communities, we have focused our social impact commitments around digital equity to help close the digital divide. Our social impact approach empowers coworkers, partners, and stakeholders to create sustainable and equitable change in the world.

Environmental Responsibility: CDW has long been conscious of our impact on the environment especially regarding our energy consumption, and we have taken significant steps to effectively manage our consumption of resources and lessen our environmental impact.

Given CDW's role in the technology sector as a leading multi-brand technology solutions provider, our greatest opportunities to impact the environment lie in collaborating with our supply chain and working with our partners and customers to help them achieve their environmental goals. This includes continuing to expand our offering of sustainable and socially responsible technology products and solutions. We also regularly evaluate the efficiency of our use of natural resources. We seek to identify and address opportunities to improve by reducing waste to landfill through enterprise-wide recycling initiatives, implementing innovative packaging solutions, and integrating principles of environmental responsibility throughout our business. In 2022, CDW was recognized by EcoVadis with a silver sustainability rating for having a top-tier sustainability management system, finishing among the top 25 percent of companies scored.

CDW is committed to supporting the circular economy and responsible consumption through materials efficiency and a reduction in waste to landfill. While we have a wide variety of recycling and reuse programs across our office and warehouse facilities, our largest impact is in two areas: reducing distribution center waste from packaging and other materials and managing electronic waste. In addition to addressing packaging waste and electronic waste, our other efforts include:

- Use of digital documentation when possible and recycling shredded paper documents when used

- Recycling and composting of cafeteria waste

- Elimination of plastic bottles from vending machines in our offices and warehouses

- Elimination of single-use plastic cups

- Company-wide internal toner cartridge recycling program

- Recycling centers on each floor of our office locations

- Recycling chutes for certain materials at our distribution centers

- Collaboration across procurement functions to reduce the need for consumable supplies and increase recycling possibilities across our offices

Global Social Impact: CDW makes technology work so people can do great things. When it comes to the impact we have on our communities, we know greatness happens when everyone has equitable opportunities. We work to build coworker pride through community involvement, reducing barriers to participate and offering equitable social impact benefits. This includes:

- 8 hours paid time off per year to volunteer in the community. Coworkers have used this time to support more than 1,400 diverse nonprofit organizations worldwide.

- Matching gifts programs up to \$2,000 per coworker per year. CDW has contributed more than \$1 million in matching contributions through our donor-advised fund. Coworkers are encouraged to give to the nonprofit or charity of their choosing to participate in the Matching Gift Program.

- CDW's Legacy Excellence Program is a coworker-led program created in partnership with the Thurgood Marshall College Fund. CDW's Legacy Excellence Program supports Historically Black Colleges and Universities (HBCUs) and HBCU student scholars through investing in technology and providing leadership fellowships, scholarships, experiences, education, and career opportunities.

- Business Resource Groups provide professional development, informal mentoring, and networking opportunities to more than 3,700 coworker members in the U.S. and Canada and a forum for coworkers to build awareness, celebrate their affinity area, collaborate, and provide business perspective on diversity and inclusion initiatives at CDW. Our eight North American Business Resource Groups, each with a unique focus, are open to all U.S. and Canadian coworkers and are briefly described below:

- Alliance for Business Leading Equality (ABLE) advocates and educates for an accessible environment for all.

- Black Excellence Unlimited (BeU) provides resources and development

opportunities to help achieve excellence with a positive impact on our coworkers, customers, and communities.

Business Resource Alliance Valuing Equality (BRAVE) members work to assemble the building blocks for LGBTQ+ inclusion, connection, and potential for impact within CDW.

Business Resource Inclusion and Diversity Group for Everyone (BRIDGE) seeks to foster connections and mentorships across CDW for coworkers from all roles and walks of life.

Hispanic Organization for Leadership & Achievement (HOLA) helps foster professional development and community involvement in support of the professional growth and multiracial nature of Latin Americans.

Military & Allies Resource Council (MARC) seeks to develop and support coworkers who are serving or have served our country and those who support them to strengthen connections through community.

Pan Asian Council (PAC) members work to build a diverse community that enables personal and professional development opportunities for Pan Asian coworkers.

Women's Opportunity Network (WON) aims to promote an environment where women succeed at all levels personally and professionally.

Unite BRG - UNITE is a CDW Canada Business Resource Group (BRG) designed to foster meaningful human connections, with a priority on professional development, community engagement and diversity, equity & inclusion.

11	What are your company's expectations in the event of an award?	CDW•G's Sourcewell Technology Solutions contract has a history of success and growth, and we expect nothing less with the award of Sourcewell's next generation contract for Technology Products and Services with Related Solutions. We expect to see continued growth and adoption of this Sourcewell contract as technology solutions and services become more important than ever to help public entities achieve their missions. We forecast the contract revenue to grow at a faster pace than our 5-year compounded annual growth under the incumbent contract. Working together with our strategic partners, across business units and practice areas within CDW, and in collaboration with Sourcewell, we envision unparalleled success through the delivery of technology solutions and services to meet and exceed the needs of Sourcewell Members today, tomorrow, and well into the future through growth, collaboration, and partnership. Growth Actively engage with CDW•G's Contract Growth and Success team to help increase understanding and use by Sourcewell Members and CDW•G sales teams through the implementation of customizable flyers, topical webinars, and recurring training. Sourcewell Member adoption via customer-specific, stretch agreements is a key part of our growth strategy. Align with CDW•G business development managers from across state and local government, K-12, and Higher Education, in areas of historically low engagement or adoption, to drive improved outcomes for these Sourcewell Members. Drive continued collaboration between Canoe Procurement Group of Canada and CDW Canada to identify and engage new customers, while expanding contract use with current customers. Identify opportunities to highlight the Sourcewell contract as a viable alternative to Sourcewell Members generating their own solicitations for complex solutions Collaboration Working together, Sourcewell Members and CDW•G will continue to increase revenue and adoption of the contract amongst Sourcewell Members. In addition, we will partner with Sourcewell to determine strong Sourcewell Member adopters, outside of CDW•G's existing customer set for an introduction. Creation of co-branded marketing and Sourcewell Member engagement through collaborative presentations, online articles, and podcasts for the U.S. and Canada. Partnership As one of the longest-tenured Sourcewell vendors and one of the largest in terms of revenue volume, CDW•G provides access to extensive resources. We actively participate in support of Sourcewell with regular leadership and operational meetings, attendance and engagement at H2O, Sourcewell's annual vendor conference, and participation on the Vendor Advisory Board. Mandi Maricque, Senior Program Manager within CDW•G's Program Management team, continues as Sourcewell's primary point of contact. Her knowledge and understanding of Sourcewell combined with her expertise and background in contracts administration, contributes to a win-win for Sourcewell and CDW•G. Working with Sourcewell, Mandi executes Sourcewell Member initiatives such as collecting data for BuySourcewell, co-developing messages and training materials, and leveraging Sourcewell resources and programs to further educate and support Sourcewell Members. Anup Sreedharan, Senior Manager, Program Sales, will continue his engagement as a member of Sourcewell's Vendor Advisory Board as well as primary liaison with CDW•G senior leadership.

12	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	Sourcewell can be confident that CDW•G – a subsidiary of CDW LLC, a publicly-owned Fortune 500 company which trades under the ticker symbol “CDW” on the NASDAQ Stock Exchange – has the financial strength and stability to support Sourcewell Members today and throughout the life of this contract. CDW posted record net sales of \$24 billion in 2022, a 14 percent increase from then-record 2021 sales of \$21 billion, with excellent profitability. Each profit category – gross profit, Non-GAAP net income, and Non-GAAP net income per share, increased 20 percent or more. As seen below, net sales for CDW have increased steadily over the past six years. 2022: \$24.0 billion 2021: \$21.0 billion 2020: \$18.5 billion 2019: \$18.0 billion 2018: \$16.2 billion 2017: \$14.8 billion Overall, CDW has realized a 10 percent Net Sales Compound Annual Growth Rate (CAGR) over the past five years, and a 13 percent Non-GAAP operating income (NGOI) Compound Annual Growth rate over the same period. We believe the primary factor ensuring our financial stability and separating us from our competitors is our balanced approach to business. We do not rely solely on any one segment, customer, partner, technology, or solution. In our U.S. business, which represents approximately 90 percent of our revenues, we currently have five dedicated business units – corporate, small business, government, education, and healthcare – each of which generated \$1.9 billion or greater in Net Sales in 2022. Net Sales to customers in the U.K. and Canada combined generated \$2.9 billion in 2022. In addition, 2022 saw Net Sales of more than \$1.5 billion from each of our five largest vendor partners. Our sales span multiple categories including Notebooks/Mobile Devices (26 percent), Miscellaneous Hardware (19.9 percent), Software (15.5 percent), Network and Communications Products (11.5 percent), Services (7.8 percent), Audio/Video (7.5 percent), Enterprise and Data Storage (5.8 percent), and Desktops (5.4 percent). In November 2022, our Board of Directors approved an 18 percent increase in our annual dividend – the ninth consecutive annual increase since our June 2013 Initial Public Offering (IPO). And in February 2023, our Board authorized \$750 million for share repurchases. Since our IPO our dividend has increased ten-fold and we have returned more than \$5.5 billion to stockholders through share repurchases and dividends. We have uploaded copies of our last four (2019-2022) annual 10-K reports to provide a thorough accounting of our financial health. CDW files a 10-K as required by law, which, along with our complete financial portfolio, is posted on our website.	*
13	What is your US market share for the solutions that you are proposing?	CDW had total net sales in 2022 of approximately \$24 billion, which represents a 5 percent share of its approximately \$460 billion addressable overall market in the U.S., U.K., and Canada. We do not explicitly detail U.S. market share; however, it is similar to the share of the overall market. CDW's net sales in the U.S. in 2022 were \$20.8 billion.	*
14	What is your Canadian market share for the solutions that you are proposing?	CDW Canada's net sales in 2022 was \$1.4 billion, which represents a 2 percent share of its approximately \$77 billion addressable market in Canada. CDW had total net sales in 2022 of approximately \$24 billion, which represents a 5 percent share of its approximately \$460 billion addressable market in the U.S., U.K., and Canada.	*
15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	As of the date of submission, neither CDW nor CDW•G has never filed a petition for bankruptcy protection.	*

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	CDW•G answers a).If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? CDW•G and CDW Canada – both wholly owned subsidiaries of CDW LLC – are leading multi-brand provider of information technology solutions to business, government, education, and healthcare customers. Our broad array of products and services range from hardware and software to integrated IT solutions such as security, cloud, hybrid infrastructure and digital experience. CDW•G and CDW Canada are authorized resellers for more than 1,000 original equipment manufacturers, publishers, and service providers. A full listing of our brands can be found at https://www.cdwg.com/content/cdwg/en/brand.html. While we are best described as a reseller, we are also a service provider with extensive offerings detailed in this response.

17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	CDW•G holds all applicable unique state business license and tax certificates and follows all applicable laws to successfully transact business contemplated by the RFP across the U.S. and Canada. CDW•G has been International Organization for Standardization (ISO) certified since 2001 with a mature, well-defined Quality Management Systems (QMS) that includes continued compliance to the following ISO Standards: ISO 9001:2015, ISO 14001:2015, ISO/IEC 20243, ISO 27001:2013, and ISO 28000:2007. The following is a summary of the scope of CDW's ISO certifications and areas of compliance across our organization to benefit all our customers: ISO 9001:2015 – Quality Management System: Sales, configuration, and support of computer and related technology within both of CDW's Configuration Centers. ISO 14001:2015 – Environmental Management System: The environmental activities related to product/service management, inventory control, shipping, returns management, and receiving for computers and related technologies, excluding the office, cafeterias, and the lessee area. ISO/IEC 20243 – Information Technology: Complies with the requirements in the Open Trusted Technology Provider Standard (O-TTPS). ISO 27001:2013 – Information Security Management System: Provision of product sales to CDW customers, including all backbone functions and support of computer and related technology. ISO 28000:2007 – Supply Chain Security Management System: The planning, delivery and oversight of secure supply chain management and supporting activities in the U.S. CDW•G undergoes annual third-party audits to demonstrate compliance with multiple regulatory and compliance frameworks including: AICPA Service Organization Control Reports, formerly SAS 70 Reports (AIPCA SOC) Control Objectives for Information and Related Technology (COBIT 5) European Union, General Data Protection Regulation (EU GDPR) Health Insurance Portability and Accountability (HIPAA) IT Infrastructure Library (ITIL) National Institute of Standards and Technology (NIST) Payment Card Industry (PCI) Level 1 And finally, CDW•G complies with periodic audits to maintain Managed Service Provider designation including: Amazon Web Services (AWS) Google Cloud Platform (GCP) Microsoft Azure With the most recent internal survey, CDW•G coworkers hold more than 15,000 technology and process certifications, including: IT Infrastructure Library (ITIL) Level 4: Foundation, Managing Professional, Strategic Leader, and Master Level Lean Six Sigma: White Belt, Yellow Belt, Green Belt, and Black Belt Project Management Institute (PMI): Project Management Professional (PMP), Risk Management Professional (RMP), Program Management Professional (PgMP), and Certified Associate in Project Management (CAPM) SCRUM: Certified Scrum Master, and Certified Scrum Product Owner CDW•G employs a dedicated Vendor Accreditations Coordinator (VAC) responsible for monitoring coworker technical and vendor sales certifications in line with our manufacturer partner accreditations. The VAC is part of our Vendor Alliances Department, with named Vendor Managers for all major OEMs. The VAC uses vendor reports and internal tracking tools to execute gap analysis, create qualification road mappings, and monitor certifications and status.

18	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	CDW•G holds all applicable unique state business license and tax certificates and follows all applicable laws to successfully transact business contemplated by the RFP across the U.S. and Canada. CDW•G has been International Organization for Standardization (ISO) certified since 2001 with a mature, well-defined Quality Management Systems (QMS) that includes continued compliance to the following ISO Standards: ISO 9001:2015, ISO 14001:2015, ISO/IEC 20243, ISO 27001:2013, and ISO 28000:2007. The following is a summary of the scope of CDW's ISO certifications and areas of compliance across our organization to benefit all our customers: ISO 9001:2015 – Quality Management System: Sales, configuration, and support of computer and related technology within both of CDW's Configuration Centers. CDW Canada has 9 regional offices, located in Calgary, Edmonton, Montreal, Ottawa, Etobicoke (HQ), Toronto, Vancouver, Victoria, and Winnipeg, with 900+ Sales and Service Professionals. Market coverage is segmented by solutions including, cloud platforms, networking and digital workspace, modern data center, partner management, and managed services. CDW Canada currently works with more than 4,500 actively-buying public sector customers. Presently, there are more than 50 account managers and more than 20 field account executives comprised of advanced technology account executives and enterprise account executives catering to the public sector.

27	Dealer network or other distribution methods.	As a leading multi-brand provider of technology solutions and services, CDW•G partners with more than 1,000 original equipment manufacturers (OEMs) and publishers to help ensure customers receive the right technology solution at the right time for the right outcome. Our two distribution centers – Central Distribution Center in Illinois and Western Distribution Center in Nevada – have a combined space of nearly one million square feet with a combined workforce of 570 coworkers. Working 24 hours a day, five days a week, our distribution centers operate more than 5 miles of conveyors feeding a tip-tray sortation system. Our logistics capabilities result in exceptional delivery outcomes for our customers: 94 percent of orders placed by sales shipping within 24 hours; 98 percent bin accuracy rate with product/quantity correct; and 99.3 percent shipment accuracy rate – all contributing to more than 24 complete inventory turns annually. We receive, on average, more than 100,000 units daily via more than 40 tractor trailers with an average value of \$20M and proudly boast of our receipt-to-stock time of less than 2 hours. Outbound numbers are equally notable with almost 100,000 units loaded onto more than 30 outbound trailers daily. Nearly all the 3,500 inbound customer returns are processed at Central Distribution Center, with 95 percent of those processed in 24 hours. CDW also maintains facilities in Canada with more than 900 coworkers and can deliver anywhere in the country. We attribute this to our strategic relationships with the industry's top distributors, with locations in Toronto, Mississauga, Calgary, and Vancouver. CDW Canada enjoys proprietary logistics programs with these distributors — which are made available only to CDW Canada customers. CDW Canada has access to more than \$500 million in inventory through our distribution partner.
28	Service force.	CDW•G offers full-stack engineering services teams to help accelerate innovation, enhance customer experience, and optimize collaboration while also delivering agility and cost efficiencies. More than 3,000 coworkers worldwide are focused on our integrated technology solutions, including: 1,000 solution architects 2,000 expert engineers 300 software engineers Our service professionals are deployed into all segments. Our focus on technology is demonstrated by more than 15,000 technology and process certifications attained by our coworkers. Sourcewell Members can access support for our services at our 53 offices throughout the U.S. and Canada. Our U.S. offices include Tempe, Arizona; Glendale, Irvine, and San Diego, California; Centennial, Colorado; Shelton, Connecticut; Washington D.C.; Boca Raton and Tampa, Florida; Chicago, Elk Grove, and Rosemont, Illinois; Carmel, Indiana; West Des Moines, Iowa; Overland Park, Kansas; Columbia and Crofton, Maryland; Detroit and Grand Rapids, Michigan; Bloomington, Minnesota; St. Louis, Missouri; Omaha, Nebraska; Holmdel and Cherry Hill, New Jersey; Liverpool and Pittsford, New York; Charlotte, Greensboro, and Raleigh, North Carolina; Cincinnati, Cleveland, and Columbus, Ohio; Portland, Oregon; Greenville, South Carolina; Sioux Falls, South Dakota; Nashville, Tennessee; Austin, Houston, Plano, and San Antonio, Texas; Midvale, Utah; McLean, Virginia; Bellevue and Seattle, Washington; and Appleton, Madison, and Milwaukee, Wisconsin. CDW Canada has 9 regional offices, located in Calgary, Edmonton, Montreal, Ottawa, Etobicoke (HQ), Toronto, Vancouver, Victoria, and Winnipeg. Along with our local branches, we have a network of more than 1,200 services professionals and a fast-growing network of trusted service and solutions partners — all trained to follow the same consistent approach, processes, methodologies, and professional manner of CDW-badged engineers — to ensure Sourcewell Members receive the full attention and resources they deserve. With an eye to future demands and increasing complexities of technology, we have expanded our available services through strategic acquisitions that have magnified our presence as a leading solutions provider. Over the past five years, the following acquisitions have further enabled us to solve increasingly interconnected and complex technology challenges: On February 1, 2019, CDW Canada completed the acquisition of Scalar Decisions Inc., a leading IT solutions provider in Canada. This strategic acquisition expanded our CDW Canada solutions and services portfolio, extended our in-market presence across Canada, and enhanced the value that we deliver to our customers. In October of 2019, CDW acquired Aprtis, Inc. (Aprtis), a distinguished IT

service management solutions provider and ServiceNow Elite Partner. ServiceNow is a leader in IT service management and digital workflow platform space and is increasingly being used by our customers to drive digital transformation across their organizations. Aprtis' talent and expertise further expanded CDW's services capabilities in this fast-growing segment of the IT market and enhanced the value that we can deliver to our customers.

In July of 2020, CDW acquired IGNW, a leading provider of cloud-native services, software development and data orchestration capabilities. The acquisition expanded CDW's cloud-native professional services and deepened its technical skillset.

In December 2020, CDW acquired assets of Aeritae, a ServiceNow Elite Partner and Southern Dakota Solutions, a specialist in IT Asset Management design and implementation. The acquisition further strengthened CDW's services capabilities and deepened its consulting expertise.

In March of 2021, CDW acquired Amplified IT, a leading education-focused consultancy that brings a blend of technical skills and knowledge to the K12 and Higher Education markets. The acquisition enhanced CDW's services and solutions capabilities in education.

In August of 2021, CDW acquired Focal Point Data Risk, a leading provider of cybersecurity services with customers across a diverse set of industries. The acquisition accelerated CDW's platform for world-leading identity and access management, cybersecurity consulting, and talent development business.

In December of 2021, CDW acquired Sirius Computer Solutions, Inc. (Sirius), a leading provider of secure, mission-critical technology-based solutions. Sirius' services and solutions capabilities in key growth areas, including hybrid infrastructure, security, digital and data innovation, and cloud and managed services enhance the breadth and depth of CDW's services and solutions offerings.

As of February 21, 2023, CDW acquired Locus Recruiting LLC (Locus), an experienced consulting team specializing in information security, cloud computing, networking, and infrastructure. The acquisition has accelerated CDW's services capabilities and deepened its consulting expertise.

As of June 6, 2023, CDW acquired Enquizit, an experienced provider of AWS cloud services that solve customer challenges and deliver meaningful outcomes through innovative technical solutions. The acquisition has provided additional capabilities to the CDW Public Sector Cloud Services Practice and enables CDW to accelerate its public sector customers' cloud strategies.

29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Sourcewell Members place their orders with CDW•G directly through Rubi, our online customer portal. We also accept orders via e-procurement , Purchase Order (email, fax, U.S. mail), leasing, financing, and credit cards. Authorized users use their Rubi account on www.cdw.com to purchase products quickly and easily. Rubi's cart and checkout features enable users to: - Quickly add items to their cart for purchase - Save time on re-orders - Share shopping carts with colleagues - Estimate shipping costs with the Shipping Calculator option before checking out Standard Checkout: Users select shipping, billing, and payment options as they go through the checkout process. From the shopping cart page a user can: - Add more items to the cart - Adjust quantities - Save the cart for future purchase - Save the cart as a bundle that can be re-purchased - Email the cart to a colleague - Create a standard quote - Check out using the standard checkout feature Custom Catalogs: Sourcewell Members can view and purchase from CDW's entire online catalog of products on www.cdw.com, or a designated Administrator can create customized catalogs with specific product offerings from which users may purchase. The Administrator can assign rights to specific catalogs to specific groups of users, making it easy for users to select approved products. The Custom Catalogs feature lets the Administrator efficiently create catalogs using one or more established rules. These rules determine what products to include in a catalog based on a variety of criteria including part numbers, past purchases, company favorites, approved products, contracts, or search criteria. Order Status: The Order Status feature of the Rubi portal provides complete order status information with time saving links. This feature enables users to: - View all recent orders (from the past month to as far back as three years) - Search for a specific order by P.O. number, order number, purchaser, or purchase date - View order and invoice details - Filter orders according to any of the following criteria: - Cancelled - All Items Shipped - Some Items Shipped - Not Yet Shipped - Backordered Item(s) - Processing Orders - View individual shipment details and tracking information - Add mobile number to get delivery SMS text message notifications - Print a copy of a packing list or original invoice - Repurchase a past order - Download a report to Microsoft Excel with all open orders - Initiate a product return
30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	The foundation of CDW•G's customer service program is the account team, including dedicated account managers who are the first point of reference for any questions or issues a customer faces. Sourcewell Members have easy access to their account manager through email, phone, text, or online chat. As a backup to their account team, Sourcewell Members have access to CDW•G customer relations, technical support, and site support via online chat, email, and phone from Monday through Friday during the following hours: Orders, Quotes & Availability - Online Chat: 8 a.m. to 7 p.m. CT - Email (cdwsales@web.cdw.com): Reply within 24 hours - Phone (800.800.4239): 7 a.m. to 7 p.m. CT Status, Returns & Billing - Online Chat: 7 a.m. to 6 p.m. CT - Email (CustomerRelations@web.cdw.com): Reply within 24 hours - Phone (866.782.4239): 7 a.m. to 9 p.m. CT Sign In, Password & Settings - Online Chat: 7 a.m. to 6 p.m. CT - Email (e-account@web.cdw.com): Reply within 24 hours - Phone (888.239.7270): 7 a.m. to 6 p.m. CT Technical Support

		Online Chat: 7 a.m. to 7 p.m. CT Email (support@cdw.com): Reply within 24 hours Phone (800.383.4239): 7 a.m. to 6 p.m. CT Managed Services Support Email (CDW-ECC@cdw.com): Reply within 24 hours Phone (866.239.7270): 7 a.m. to 6 p.m. CT Customer relations representatives complete a 6to 8-week training program upon hire, ensuring quality and consistency across the department. We source candidates with customer service experience and a dedicated trainer provides individual and group training. We offer career paths within this department, helping us retain talent and experience. Escalation Plan CDW•G's unyielding focus on customer satisfaction empowers all coworkers with a detailed communication plan, clear escalation path, and issue resolution guidelines and practices to address customer issues and concerns. Should an account manager be unable to resolve any issue, they can escalate promptly, first to their sales manager, then to their sales director, on their vice president, and above. At each step, additional resources are engaged, and data is collected as needed. Sourcewell Members can rest assured that each situation is carefully reviewed and identified promptly to ensure rapid and complete resolution. Following resolution of escalated issues, root cause analysis exercises help determine cause and, when necessary, identify preventative measures such as training or system edits that can be put into place promptly. Post-sales escalations, such as tracking lost packages, submitting claims to carriers, and closing the loop on any Return Merchandise Authorizations (RMAs) and dispatching replacements for damaged or defective products, etc., are resolved through CDW•G's customer relations representatives. Customer relations supervisors execute reviews on all customer relations representatives' activity at the end of the day to ensure customer issues are handled promptly and thoroughly. Customer relations Quality Analysts review 20 cases per customer relations representative per month to monitor quality metrics, identify and share best practices, and suggest updates to processes or training. Customer Service Metrics Excellence in customer service is a top priority for CDW. We have quality controls and metrics in place to ensure high quality standards across the organization. We track and monitor a variety of service metrics and ratios daily to ensure we provide continuous, high-quality customer service. We adjust and evaluate process changes, as needed, when we see increased volume of a particular issue. Loyal customers are the backbone of our business. CDW understands that loyalty hinges upon the quality of the end-to-end experience with us. Since 2000, with our Customer Feedback Program, we issue a semi-annual survey which gathers experiential information on customer-facing departments including shipping, customer relations, and the customer's Sales team. Customers assess key touch points and high-level company characteristics. Customers are selected on a random basis to participate in the surveys. If a customer provides a response that is ranked poor or fair, a specialist from CDW's Quality Assurance team will contact the customer to determine the reason for their unsatisfactory response and offer additional action to rectify the problem. We also issue weekly surveys to provide real-time feedback that assist new customers and those with fewer employees. As a testament to our dedication to customer service, CDW is a past winner of the Forrester Groundswell Award for B2B Listening. Recent results based on a percentage of Excellent/Very Good ratings show: • Overall Performance Account Manager: 85 percent • Customer Service Staff: 82 percent • Delivery Process: 81 percent *Scale: Excellent, Very Good, Good, Fair, Poor	
31	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	CDW•G is willing and able to provide our products and services to Sourcewell participating entities in the U.S. In addition, we have the capabilities to support those entities should they have international needs, such as colleges and universities with global campuses. We operate from four international hubs, and each year export to more than 150 countries.	*
32	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	CDW•G is willing and able to provide our products and services to Sourcewell participating entities in Canada. As with our U.S. offerings, we offer support to those that may have international locations and needs.	*

33	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	There are no geographic areas of the United States or Canada that CDW•G is unable to support.	*
34	Identify any Sourcewell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	CDW•G is proud to serve all participating entity sectors served through the current and proposed contract, including customers in the government, education, and not-for-profit sectors.	*
35	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	Participating entities in Hawaii, Alaska, and in U.S. Territories have full access to CDW•G technology solutions and services with no specific contract requirements or restrictions.	*

Table 7: Marketing Plan

Line Item	Question	Response *

36	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	CDW•G understands and appreciates Sourcewell's vision to 'provide leading solutions that empower community success.' CDW•G has dedicated marketing teams that align with our public sector business units that develop and execute demand-generation marketing strategies and programs. The marketing team leverages marketing technologies to create virtual events, emails, and digital campaigns designed to build awareness, develop customer engagement, and generate demand for products and services by nurturing leads to conversation. With contract-specific targeted strategies, combined with industry-standard best practices, actions, and activities, CDW•G delivers a comprehensive contract marketing and support plan positioning us to serve Sourcewell Members across the U.S. and Canada. Actions already in place for our current Sourcewell Technology Catalog Contract will continue uninterrupted, for compounding benefit. Our contract marketing strategy includes advertising and cobranding efforts, event attendance and support, publications and social media, purposeful contract launch, and focused contract growth and success efforts, each of which are detailed below. Advertising and Cobranding. A holistic marketing strategy focuses on the solution capabilities of CDW•G's Sourcewell portfolio of products and services. We work with internal and external marketing teams to profile CDW•G and partner-delivered technology products, services, and solutions. Custom contract and portfolio flyers are created for all business units and include detailed contract benefits and CDW•G contact information. Event Attendance and Support. CDW•G sponsors, attends, and presents at national, statewide, and local events focused across the Public Sector – Federal Government, State and Local Government, K-12 and Higher Education, and Public Safety, with audience-specific messaging, training, and education opportunities. We proudly display our Sourcewell materials and engage with customers to help them see the value of our contract solutions. A representative sample of large events where we market Sourcewell includes: Future of Education Technology Conference (FETC); EDUCAUSE; National Association of Education Procurement (NAEP) – National and Regional, State-based Digital Government Summits; National Sheriff's Association (NSA); National Police Association (NPA); and the International Society for Technology in Education (ISTE) Publications and Social Media. CDW•G partners with industry experts to publish sector-specific online and hardcopy magazines for State Government (StateTech), K-12 (EdTech Focus on K-12), and Higher Education (EdTech Focus on Higher Education). These publications deliver relevant content via print, blog, video case studies, and e-newsletters on topics including classroom, cloud, data center, hardware, software, security, and services. Working with our marketing teams, we will identify opportunities to profile Sourcewell Members' path to success with current challenges and solutions. Focused Contract Growth and Success Efforts. Dedicated resources from CDW•G Strategic Programs oversee outcome-based actions and activities to support continued growth and success for our Sourcewell portfolio. Actions and impact are tracked across sales and customer engagement. CDW•G Strategic Programs is actively engaged with developing and delivering customer-facing webinars on myriad topics, including by not limited to cyber and physical security, esports, professional services, wireless solutions, and more. The team also develops topical marketing campaigns across business units, analyzes customer spend (high, midrange, and low) to tailor customer outreach messages, and works with internal teams to ensure the CDW•G Sourcewell Member webpages are maximized.

37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	To help enhance marketing effectiveness, the Marketing team has developed digital programs that include digital events and campaigns that resonate with target audiences to drive higher engagement and optimize coordinated marketing and sales efforts. CDW•G uses Twitter, Facebook, and LinkedIn as additional avenues for marketing, education, updates, and general communication with Sourcewell Members. Active social media helps users stay informed with links, posts, and articles of interest in the way that they choose to receive information. CDW•G employees are educated on and encouraged to be active in social media; our Social Squad pushes customized content of interest to and through social media outlets including relevant articles, emerging technology news, information on available contracts and upcoming events in customer-specific markets. The Marketing team actively track and reports digital engagement. We also provide Sourcewell Members with access to CDW's curated information repository with more than 2,000 entries and counting across topics including cloud, data analytics, data center, digital workspace, hardware, networking, security, services, and software. Sourcewell Members may be directed to CDW's Research Hub (www.cdw.com/content/cdw/en/research-hub.html) stocked with meaningful and timely information delivered in the form of articles, interviews, step-by-step instructions, product information and comparison sheets, and presentations to help more clearly define a solution available through Sourcewell. Authored by our subject matter experts, articles help customers navigate and digest the overwhelming amount of data that comes at them every day as they work to define and understand technology solutions and services. Using tools like Kronologic – enabling AI-powered meeting scheduling – allows CDW•G to tailor messages to Sourcewell Members by customer set, topic, solution, and even time of the year. Messages include access to the dedicated account manager's calendar, which allows Sourcewell Members to schedule meetings at their convenience. Kronologic takes the guess work out of scheduling and even sends reminders and updates. A recent CDW Kronologic campaign enabled 800 meetings for 200 account managers in one week.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	A key role for Sourcewell in promoting contracts arising from this RFP is maintaining an up-to-date website including detailed contract and contract information. This provides an easy way for Sourcewell Members to understand the contract offerings as well as connect with contract holders such as CDW•G. We also believe that participation in a variety of opportunities for connection – from conferences, such as H20 and Room to Grow, to webinars and podcasts – provides key chances for cobranding and introductions. Sourcewell also offers a state-of-the art recording and broadcasting studio, which can offer unique capabilities in promoting the contract to a wider audience. As a current partner, CDW•G is already experienced in promoting the Sourcewell contract. We intend to quickly integrate any updates or changes related to the new contract, utilizing tools like contract launch activities, with our CDW•G and CDW Canada operations.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	CDW provides its technology solutions through e-procurement in the form of Rubi, which represents the evolution of our customer portal, online account center, and the digital enablement of our customers. Rubi supports governmental and educational customers and serves as a trusted digital advisor to Sourcewell Members, helping them plan, procure, and manage assets across their technology lifecycle with greater confidence and less complexity. From one central portal, configurable for relevance, Sourcewell Members can simplify the ordering process, access industry knowledge, and collaborate with technology experts to take more informed action on investments. Key features and functions of Rubi include: - Action Items: Receive reminders and notifications on new quotes, order approval requests, expiring payment methods, and more. - Orders: View order status and keep tabs on what has shipped, is pending, awaits approval or is on backorder. - Shipment Tracking: Drill down into process orders and access tracking numbers and ship status. - Research Hub: Tap into industry insights to learn about the latest technology trends and solutions. - Rubi Mobile App: Act on quotes and purchases, view and track orders, and approve orders from anywhere with this additional option. Through the Security Settings feature, Rubi provides Sourcewell Members an efficient method for granting users control of and access to specific website features and information. This feature enables Sourcewell Members to: - Assign roles, restrictions, and permissions to individual users and groups of users. - Grant users access to all products CDW•G offers or only to specific catalogs. - Allow users to view only their quotes, orders, and purchase history. - Grant users' rights to view multiple accounts. - Assign responsibility for following established workflows as a purchaser or approver. - Grant administrative rights to set up and maintain advanced website features including the Purchase Authorization System, Custom Catalogs, Asset Management, and

		Security Settings. Using Rubi, Sourcewell Members have complete visibility into their technology history and the ability to access multiple features and complete tasks including: - Contacting their CDW•G team - Placing orders - Searching order history - Managing assets - Administering order approval workflows - Defining and governing technology standards - Viewing contract pricing The Rubi homepage can be configured to a Sourcewell Member's needs, saving time and putting the most important decision-making information at their fingertips, including: - Managing subscriptions - Managing quotes - Streamlining repeat purchases (bundles and favorites) - Approving orders Rubi also provides key insights to Sourcewell Members to help reduce guesswork and uncover opportunities for Sourcewell Members to accurately plan their technology implementations. These include: - Estimated time of arrival/inventory/supply chain insights to support implementation - Order tracking - Order status - Current CDW Research Hub information The Rubi portal also allows Sourcewell Members to access consolidated information for two or more related accounts online (for example, headquarters and departments). Upon request, account managers will assist in enabling administrators to view, place, and track orders across the organization without having to log on to multiple accounts and create quotes for multiple accounts. This helps centralize the purchasing process while letting administrators place and track orders by address and location. This capability allows access to the following types of information for accounts linked together: - Order status - Quote activity - Purchase history - Financial reporting - Purchase approval system After purchase, Rubi allows Sourcewell Members to manage their hardware, software, and subscriptions purchased from CDW•G in the Asset Hub section of their Rubi portal on cdwg.com. The Asset Hub experience includes: - An asset overview page that shows a view of hardware and software assets purchased from CDW•G, including the total counts of products, asset age, and spend across asset type, category, and brand. - A hardware overview page, where Sourcewell Members can view and filter across their hardware assets based on type, brand, asset age, and more. Additionally, Sourcewell Members can click on each line item to see more details. - A hardware detail page, where Sourcewell Members will see information such as the quantity owned of a specific asset, technical specifications, availability, prior orders, and can also re-purchase quickly by using the "Buy Again" button. - A software overview page, where Sourcewell Members will see software assets broken out across brands, can view total counts of software products and associated licenses and seats, and can quickly view upcoming renewals. Sourcewell Members can also access and filter a list of software assets and click to view more details. - A software detail page, where Sourcewell Members can view license counts, product attributes, associated licenses for that asset based on order history, and renewal dates for renewable software assets. Additionally, from this page, Sourcewell Members can request a quote for a software renewal. - A subscriptions page where Sourcewell Members can manage their software subscription assets, including renewal and adding/removing seats.	*

Table 8: Value-Added Attributes

Line Item	Question	Response *

40	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	Through our highest-level partnerships with leading OEMs, publishers, and service providers, CDW•G works to facilitate product, equipment, maintenance, and operator training programs that are customized to the needs of Sourcewell Members. These training programs are designed to deliver the exact skills customer teams needed to lead, support, and maximize the value of technology solutions in today's environment. As an example, and specific to CDW Education, our Learning Environment Advisors and Education Strategists help educators maximize the power of technology in the classroom with Blueprint to Design, a no charge consultation that provides a formal deliverable outlining the ideal learning environment combining technology and classroom infrastructure. In addition, we connect schools with leading-edge technology training available through our partners including the Palo Alto Cybersecurity Academy, available at no charge with complete curriculum and student exercises, and similar programs focused on professional development and academic enrichment. Any training program delivered is optional and based on the needs and/or requests by a Sourcewell Member, and costs are based on a variety of factors such as size and scope.	*
41	Describe any technological advances that your proposed products or services offer.	Aligned with leading technology solution providers from around the globe, CDW•G helps Sourcewell Members stay on track by co-developing emerging technology strategies. These strategies help give better insights into solution delivery, process optimization, and more. The CDW Emerging Tech practice helps Sourcewell Members enhance their technology experience, improve workplace safety, and reduce overhead costs. When technologies like the Internet of Things (IoT) are used with existing infrastructure, organizations can use Emerging Tech to help achieve business goals, drive innovation, and open doors to new solution strategies enabled with technology. Through Transformation Workshops, Sourcewell Members work with CDW•G subject matter experts to better understand data needs, determine return on investment, and evaluate foundational infrastructure to determine if any technical components should be retired, evolved, or added. Two public sector examples of CDW•G's commitment to maximizing advances in technology products and solutions are detailed below – Public Safety and Esports. Public Safety. Technology has come a long way from being merely a convenience to being a must-have for public safety. Today's offerings can raise operational efficiency, ease the constraints of distance, speed critical communication, and heighten safety for everyone. But transformation can be difficult. Between technology's rapid-fire changes and public safety's inherent rules, needs and challenges, Sourcewell Members need a special kind of knowledge to make IT perform — without having to be an expert. CDW•G's Public Safety Technology Strategists help guide customers to the most impactful choices – addressing requirements, policies, and strategies, with outcome-based design and implementation. Our public safety capabilities include: Video. Cut travel time. Create force multipliers. Raise situational awareness and speed response. Do remotely what was once possible only in person with solutions that include in-vehicle video, capture, and management; body-worn cameras; interview room monitoring; fixed security; surveillance; analytics; collaboration and telepresence; and case management. Mobility. Accelerate collaboration and communication from anywhere with mobile data; laptops and tablets; data collection and scanners; mobile printing; GPS and automatic vehicle location; mobile access routers; Wi-Fi solutions; advanced authentication; VPN and mobile software; and cloud solutions. Data Center. Support growing data loads. Ensure enough bandwidth for increasingly complex communication. Keep it all secure with solutions that include servers and storage area networks; hyperconverged infrastructure; backup and recovery; virtualization; cybersecurity; unified communications; enterprise wireless; alert and mass notification systems; and power and cooling. Esports. With years of experience and deep partnerships with leading gaming manufacturers, CDW•G partners with Sourcewell Members to help develop a comprehensive Esports solution. Handling the data center, networking, Esports arena design, and game streaming, CDW•G can help with every step of the Sourcewell Member's Esports program. Regardless of if the institution is just getting started with Esports or if they are looking to take their game to the next level, we offer solutions for all Esports IT needs. CDW•G Esports Consultation Services. Our Learning Education Specialists, all with hands-on experience in educational settings, offer solution consultation sessions with Sourcewell Members across K-12 and Higher Education to help design and implement purposeful, outcome-driven Esports solutions – from competition-ready hardware, to Esports spaces, infrastructure, professional and managed services, and more. CDW•G's Esports in Education team is here to assist with all Esports needs. As a value add for working with CDW•G, the team can assist with: Presentations to build stakeholder support School-level consultation Clinics and curriculum design through our partnership with North America Scholastic Esports Federation (NASEF)	*

		NASEF Partnership. CDW•G's partnership with the North America Scholastic Esports Federation provides deep benefits to Sourcewell Members. NASEF's mission is to "provide opportunities for ALL students to use Esports as a platform to acquire critical communication, collaboration, and problem-solving skills needed to thrive in work and in life." In addition to the knowledgebase, they provide for Esports programs, their approach to the Esports ecosystem is clearly aligned with Sourcewell's vision and mission to provide leading solutions that empower community success. Cloud and SaaS Management: Inscope is a CDW built cloud and SaaS management platform that is designed to increase productivity, reduce costs, and improve your security posture regarding your Microsoft, AWS, and GCP investments. Inscope helps customers discover, manage, govern, report, optimize, and adopt these investments by consolidating many tools into one—the art of cloud management. These services include: Inscope Cloud Management: Gives you visibility into your cloud spend with CDW. You can monitor costs, spot trends, create and manage budgets with custom alerts based on your Microsoft 365, Azure, and AWS cloud spend and get cost saving recommendations. Inscope Anomaly: Get quick, cost anomaly alerting and prediction for your Azure, AWS, and GCP environment. Inscope Microsoft 365 Management: View reports and get insight and control over licensing, permissions, security risks, and threats. Inscope Team Captain: This service will help you with governance around your Microsoft Teams environment. Inscope Productivity Insights: Easy to pull reports of your team's productivity in Microsoft Teams and Outlook. Inscope Adoption: Self-help portal to aid you in the dual challenges of Adoption and Change Management. Inscope Training: Includes 2500+ Office 365 training videos, quizzes, gamification, and the ability to add assignments.
42	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	CDW, and CDW•G by extension, is committed to being a good steward of the environment and of our earth's natural resources. Our environmental policy and Environmental Management System underpin the structure, practices, and procedures for our environmental program. As part of our commitment to continuous improvement, we regularly evaluate the efficiency of our use of natural resources. In 2022, we made significant progress on our environmental priorities, including climate action, energy efficiency and waste reduction. Notable highlights included: Created our cross-functional, geographically diverse Climate Task Force to drive greater climate awareness. This group worked with outside experts to develop our long-term, enterprise-wide climate strategy and action plans. At our two U.S. distribution centers, we outperformed our waste diversion goal of more than 90 percent for the fourth year in a row and recycled thousands of tons of packaging material, cardboard, and paper. Enabled online searchable access for customers to an expanded portfolio of environmentally certified products (Energy Star, EPEAT and TCO Certified) and a broad range of cloud-based solutions that improve energy efficiency. Expanded our IT Asset Disposition (ITAD) program, which facilitates the recovery and recycling of devices that are no longer being used, to benefit the environment and protect the security of users' data. Maintained environmental management system and energy certifications in the U.S., Canada, and U.K. Attained ISO 14001:2004 Certification in Canada We have environmental programs at all CDW facilities. All CDW distribution centers (two in the U.S. and one in the U.K.) and two of our U.K. offices hold ISO 14001 certifications, the international standard for Environmental Management Systems. Additionally, our largest office locations globally, as well as our U.K. distribution center, have energy certifications – LEED in the U.S. and Canada, BOMA in Canada, and BREEAM/REGO in the U.K. These certifications provide frameworks for monitoring and enhancing our programs. Additionally, our remote deployment services promote efficiency and productivity while reducing our environmental impact. We track our energy usage and continue to seek ways to drive further efficiency. As part of our ISO 14001 environmental management certification, we identify, assess, and plan for implementation of additional energy efficiency improvements. We take sustainability factors and energy certifications into consideration when we evaluate new real estate options. Our energy efficiency measures include indoor and outdoor LED lighting, motion sensor lighting, and conveyor systems in our distribution centers that turn off in response to inactivity, and "smart" HVAC systems that adjust according to business hours and seasonal temperatures. We are also working with our third-party shipping and logistics partners to develop transportation management systems and delivery schedules that help them increase their own energy efficiency, which helps to reduce our transportation-related emissions. Currently, approximately 98 percent of our U.S. shipments are delivered by carriers enrolled in the U.S. EPA SmartWay Transport Partnership, which helps companies advance supply chain sustainability by measuring, benchmarking, and improving freight transportation

efficiency, and more than 72 percent of our U.S. shipments are handled by carriers with climate goals. CDW UK has multiple transportation efficiency efforts in place, including using net zero couriers, bulk purchasing and delivery, and reducing air travel through in-country services.

Given the non-manufacturing nature of our operations, our facilities do not represent a significant carbon footprint. In fact, our Scope 3 (value chain) greenhouse gas emissions represent the vast majority of our total greenhouse gas emissions. We regularly report our Scope 1, 2, and 3 greenhouse gas emissions. The development of our SASB and TCFD disclosures have enhanced internal awareness of our climate impact, a fundamental step in the decarbonization journey. By completing our greenhouse gas inventory across our value chain, we are learning more about our best opportunities for further carbon reduction.

CDW is committed to supporting sustainability and responsible consumption through materials efficiency and a reduction in waste to landfills. With a wide variety of recycling and reuse programs across our office and warehouse facilities, our largest impact is in two areas: 1) reducing distribution center waste from packaging and other materials, and 2) managing electronic waste. In addition to addressing packaging waste and electronic waste, our other efforts include:

Use of digital documentation when possible and recycling shredded paper documents when used

Recycling and composting of cafeteria waste

Elimination of plastic bottles from vending machines in our offices and warehouses

Elimination of single-use plastic cups

Company-wide internal toner cartridge recycling program

Recycling centers on each floor of our office locations

Recycling chutes for certain materials at our distribution centers

Collaboration across procurement functions to reduce the need for consumable supplies and increase recycling possibilities across our offices

CDW Canada became one of Cisco's first Canadian partners to receive the Cisco Environmental Sustainability Specialization. CDW Canada was recognized for its commitment to reduce material consumption and waste. To be eligible for this distinction, the CDW Canada team completed required Cisco-delivered courses, passed all corresponding requirements, and signed Cisco's sustainability pledge. With this recognition, Cisco and CDW work together to support each other's sustainability progress, meet government mandates, and provide additional customer opportunities through mutually sustainable business practices.

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Given our role in the technology sector as a leading multi-brand solutions provider, CDW•G's greatest opportunities to impact the environment lie in collaborating with our supply chain and working with our technology partners to promote their environmentally certified products and solving for our customers' outcomes around their Environmental, Social, and Governance (ESG) goals and priorities. In 2022, CDW was recognized by EcoVadis with a silver sustainability rating for having a top-tier sustainability management system, finishing among the top 25 percent of companies scored. We have made it easier for our sales teams and customers to identify and select from a broad range of environmentally certified products (Energy Star, EPEAT, and TCO Certified) and cloud-based solutions that deliver added energy efficiency. CDW e-commerce sites enable customers to filter their online catalog search to identify and buy third party-certified products, and our sales teams are trained to assist clients with finding and selecting these products. CDW•G has our own internal policy for recycling universal waste. We do not take back old equipment from customers; however, we direct customers to industry-leading service providers for trade-in and ITAD programs. ITAD services include but are not limited to data wiping, asset removal, evaluation, recycling, onsite shredding, potential value back credit to maximize recovery, and depot services. CDW ITAD offers many benefits to Sourcewell Members, including: - Logistics services for quick and efficient removal of equipment from client facilities - Device pickup including palletizing equipment, shrink wrapping, and transport - Document of Liability Transfer provided to indemnify client from any environmental liability - Ensure removal of all client information and software from electronic media and assets - U.S. Department of Defense (DoD)-compliant erasure services in full support of government standards - EPA-approved disposal - Zero-landfill policy - Complete serialized reporting available via a website CDW•G also offers customers, through our Printer Supplies Program, complimentary enrollment in PrintReleaf, a third-party certification program that empowers organizations to sustain and grow global forest systems through: - Ongoing measurement of paper consumption - Custom paper footprint and forest impact insights - Opportunities to automatically "releaf" forests through reforestation projects of the customer's choosing Since CDW joined the program in June 2018, CDW customers have collectively offset the equivalent of more than 1.2 billion standard pages of paper consumption by supporting the reforestation of more than 140,000 trees. Additionally, our IT teams in the U.K. have implemented a "Pin to Print" program across all offices and warehouses, enabling enhanced print queue management to reduce wasted print jobs. CDW is also working with partners on programs to help customers better manage their print needs and costs and stay within their corporate policies for sustainability.
44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	CDW•G understands and appreciates that Sourcewell and Sourcewell Members promote and support diversity and local business initiatives through this procurement process. As a large business, CDW actively works to create a meaningful sourcing plan with minority, small, local, veteran-owned, and other diverse suppliers. Based on our experiences serving customers across the public sector in the U.S. and Canada, diversity initiatives vary widely and may not always be met by a single certification. CDW•G supports Sourcewell Members in meeting their unique diversity goals with access to our robust diverse supplier network, with partners holding varied certifications, including: - Minority-Owned Business Enterprise (MBE) - Women-Owned Business Enterprise (WBE) - Lesbian, Gay, Bisexual, Transgender-Owned Business (LGBT) - Minority-Owned Small Business (MOSB) - Women-Owned Small Business (WOSB) - Small Disadvantaged Business (SDB) 8(a) Small Business - Veteran-Owned Business Enterprise (VBE) - Veteran-Owned Small Business (VOSB) - Service-Disabled Veteran Owned Small Business (SDVOSB) - Historically Underutilized Business Zone (HUBZone) Business and Supplier Diversity Launched in 2007, CDW's Business Diversity program goals are to increase procurement

opportunities for direct and indirect spending with small, minority-owned, women-owned, veteran-owned, service-disabled veteran-owned, and other small, disadvantaged businesses. Since that time, CDW diverse spend has risen to \$25 billion since the program's inception, which has been accomplished by building relationships with qualified small, diverse businesses to assist us and our customers in meeting diverse procurement goals.

Currently, CDW has more than 1,300 partnerships with minority, women-owned, veteran-owned, and other small, disadvantaged businesses including, but not limited to product manufacturers, distributors, and service providers that can be leveraged to help meet the needs of Sourcwell Members.

Highlights from our Business Diversity program over the past four full calendar years (2019-2022) include:

In 2022:

CDW's overall diversity spend peaked at \$3.6 billion with small, diverse suppliers. CDW was included in the 2022 America's Top Corporations for Women Owned

Business Enterprises

CDW is a 2022 Best of the Decade honoree. These corporations are the best-of-the-best in supply-chain diversity, excelling in their staunch commitment to minority business development and inclusion. This prestigious list celebrates outstanding supplier diversity programs that consistently drive progress and incomparable innovation in the supply chain.

In 2021:

CDW's overall diversity spend exceeded \$3.4 billion with small, diverse suppliers.

CDW more than doubled the size of its business diversity team to establish greater engagement with local suppliers in our customers' communities.

CDW was included in the Top Veteran-Friendly Companies by US Veteran's Magazine.

CDW was recognized by Black EO Journal – Best of the Best as a Top Supplier Diversity Program.

In 2020:

CDW's overall diversity spend exceeded \$2.6 billion with small, diverse suppliers.

Minority Business News (MBN) Diversity presented CDW with its award for 2020 Supplier Diversity Program of the Decade.

The National Veteran-Owned Business Association bestowed CDW with its Best Corporation for Veteran's Business Enterprises Program award.

CDW was honored by both Forbes and the Human Rights Council (HRC) foundation for our diverse and inclusive culture. In Forbes' Best Employers for Diversity, CDW came in at #84 out of 500 companies overall, and in the top five of the 27 Illinois-based organizations on the list. The HRC Foundation named CDW one of the Best Places to Work for LGBTQ Equality as it earned a 100% on the Corporate Equality Index.

In 2019:

CDW's overall diversity spend exceeded \$2 billion with small, diverse suppliers.

CDW became a member of the Billion Dollar Roundtable (BDR), joining an exclusive group of U.S.-based companies procuring more than \$1 billion annually from minority- and women-owned businesses on a first-tier basis.

CDW was recognized as a Best of the Best in Supplier Diversity Program by US Veterans Magazine.

Another aspect of the CDW Business Diversity program is our support and participation in various organizations and events focused on developing relationships and business opportunities within diverse communities. CDW is a National Corporate Member of the National Minority Supplier Development Council, Inc., and The Women's Business Enterprise National Council. CDW supports additional organizations across the U.S. and Canada including the National Veteran Owned Business Association and the National Gay and Lesbian Chamber of Commerce. In addition to financial contributions and support, CDW also engages on advisory councils, attends and hosts events, and provides resources and subject matter experts to support the organizations' focus on continued growth and success.

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	CDW•G has taken a proactive and specialized approach in the last several years in expanding and improving our offerings to Sourcewell Members by industry. This has involved looking at specific technology trends, understanding customer priorities, and offering turn-key solutions in the following segments and solution areas: K-12 Education - Device Ecosystem - Classroom Transformation - Cybersecurity - Networking Infrastructure - School Safety Higher Education - Student and Institutional Devices - A/V Transformation - Connected Community - Hybrid Infrastructure - Cyber and Physical Security State and Local Government - Cybersecurity - Program-Based Accounts - Public Safety - Device - Transformational Government We have focused efforts on developing technology solutions for each of the above segments that ensure the right outcomes for our customers. An example is CDW•G's mature practice for providing devices to K-12 districts nationally. CDW•G has built a comprehensive solution for K-12, based on the lifecycle of the purchase, that includes the following capabilities and services: - Device roadmaps to help each district understand the industry landscape, technology advancements, and features that should be considered when selecting a device for student or institutional use. - Consulting sessions with a CDW Education Strategist to provide guidance on technology adoption for increased learning. - Robust portfolio of professional development partners. - Best practices for defining technology standardization with each district. - Project management aligned to supply chain and to ensure large device rollouts are successful and on time. - Pre-shipment device configuration to provide low/no touch devices for district IT staff. - Local warehousing and local deployment services, including last-mile delivery. - Maintenance and break-fix solutions to ensure high availability of devices. - Asset disposition and buy-back options to enable a district to compliantly dispose of student devices at end of life, along with the potential of securing funds that can be leveraged for replacement technology. As a result of CDW•G's practice built for K-12 devices, CDW•G provides 1 in every 3 Chromebooks to students across the U.S. annually. It is also our #1 solution under CDW•G's existing Sourcewell agreement.

Table 9A: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *

46	Do your warranties cover all products, parts, and labor?	As a solutions provider, CDW•G does not manufacture products, however, all purchases made by Sourcewell Members, where applicable, include the manufacturer's standard warranty. Terms of warranty coverage can and do vary with each OEM purchase, and details for each product warranty are available through an account manager or online at www.cdwg.com. CDW•G does offer additional warranty coverage options for products whose standard warranty alone does not meet Sourcewell Members' needs. This includes extended IT warranties, data center maintenance, maintenance contracts, and custom support plans. We recommend Sourcewell Members work with their account manager to determine the best option to determine the best additional warranty solution for their purchases. In instances where a Sourcewell member may have multiple warranties – which may have different lengths of time and different end dates – from multiple OEMs, CDW•G can offer Maintenance Contracts to simplify warranty coverage. Maintenance Contracts are easily manageable service contracts that cover all IT equipment, regardless of manufacturer, with just one expiration date and a single point of contact for repairs. This contract can also be prorated as you add or delete equipment. Benefits of a Maintenance Contract include: - Easy to manage equipment coverage - A single point of contact for repair service - Multiple response times available on the same contract - Flexibility to add or remove equipment as needed - Parts and labor included - Multiple contracts consolidated - Annual or multi-year contract options	*
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Not only does CDW•G not impose usage restrictions or other limitations on our warranty services, we enhance coverage options for Sourcewell Members through our available warranty extensions and uplifts. While customers often choose the standard OEM warranty for their purchase, in instances where it is not sufficient, we offer competitive solutions to augment the warranty, minimizing risk and ensuring ongoing performance. Solutions included in our portfolio to support Sourcewell Members include: - Warranty extensions and upgrades - Post warranty support - Accidental damage protection - Maintenance Contracts - Post-sale technical support - Product and certification training - Onsite repair - Help desk services As part of our commitment to supporting Sourcewell Members throughout their technology lifecycles, we continue to communicate post sale to ensure warranties continue to meet Sourcewell Member needs.	*
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Both standard manufacturer warranties and extensions of OEM warranties are typically inclusive of all warranty repair services being purchased. In some instances, services may fall outside of the OEM warranty options stated above. In these specific cases, services performed need to be outlined within a statement of work (SOW) and mutually agreed upon by all parties. If so, there will be very specific language around such warranties, travel time, and mileage for any on-site work. Any incremental warranty costs for technicians' travel time and mileage to perform warranty repairs are disclosed at time of quote.	*

49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	Our ability to provide certified technicians across geographic areas is driven by the warranty coverage selected by the Sourcewell Member. In most cases, warranty support is fulfilled directly by the manufacturer and will vary on a case-by-case basis. Should a Sourcewell Member opt to enhance the standard manufacturer warranty, CDW•G has access to certified resources through in-house technical and strategic local partnerships across the U.S. and Canada. We are committed to coordinating OEM warranties, CDW•G resources, and our services partner ecosystem to address the needs of Sourcewell Members. We will continue working with Sourcewell Members to identify the best-value solution regarding warranty coverage; response times and service-level agreements (SLAs) may vary by location. Sourcewell Members can be confident they will know what they are buying and will be provided with clear instructions on the coverage and how to activate warranty claims.	*
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	In instances where Sourcewell Members choose the standard manufacturer warranty, the responsibility for warranty services on those items is with the manufacturer. To ensure manufacturer warranty expectations are met, CDW•G has a defined escalation process with our partners to ensure technical support is provided by the manufacturer according to the agreed upon SLAs. In those instances where CDW•G provides enhancement to the standard manufacturer warranty, we take responsibility for meeting agreed upon SLAs and delivering the full customer experience.	*
51	What are your proposed exchange and return programs and policies?	Should Sourcewell Members require an exchange or return, CDW•G requires an RMA number for all returned merchandise. All products must be returned 100 percent complete, including all original boxes, packing materials, manuals, blank warranty cards, and other accessories provided by the manufacturer. All returns should be initiated within 30 days of the date of invoice. For returns initiated after 30 days, fees may apply. Sourcewell Members should engage their account manager for any questions, issues, and concerns around support. By contacting their account manager to initiate the return process, Sourcewell Members will receive individualized support that ensures the best outcome. CDW•G account managers, and our customer support teams, facilitate and track all returns and deal with RMAs daily. CDW•G also offers Customer Relations service at 866-SVC-4CDW or at customerrelationsreturns@cdw.com for customers to obtain an RMA before shipping product back to CDW•G. When returns cannot be made directly to CDW•G, a Sourcewell Member's account manager can advocate on their behalf with the OEM regarding exchanges, returns, or any aspect of their IT investment. However, in all instances when CDW•G makes an error, we will cover return costs. Credit is issued the following day after the product is received into our warehouse. Credit form is based on the initial method of payment. Credit card refunds will be issued back to the credit card. Net terms refunds will be placed on the account for the customer to use towards invoices or a Sourcewell Member can request a check be sent to them.	*

52	Describe any service contract options for the items included in your proposal.	In addition to services included with purchase, Sourcewell Members may choose from a range of service options available through CDW•G (fees may apply), including the following offerings: A collaborative warranty support service backed by select valued OEMs for faster resolution and a more personal experience. For Sourcewell Members' software, licensing, and hardware devices, CDW•G takes the first call to resolve the issue and, if needed, provides an onsite break/fix replacement. If escalation to the manufacturer is needed, CDW•G does that on the Sourcewell Members' behalf. An extended service/help desk, where a phone number is provided to engage and provide support. This option is useful for Sourcewell Members who may not have a robust IT support program and seek a third-party solution. Technical support (U.S.-based help) for five years from purchase through either phone or chat (Monday through Friday from 7a.m. to 6 p.m. CT) or email (reply within 24 hours). CDW Product Protection through Safeware, a fully licensed insurance agency as well as a Third-Party Administrator. Services feature extended warranty and service plan solutions, covering many types of hardware products, including laptops, tablets, and printers/scanners. Cisco SMARTnet Service, an award-winning technical support service that gives Sourcewell Members' IT staff direct, anytime access to Cisco experts and online self-help resources required to resolve issues with most Cisco products. Our dedicated Cisco SMARTnet team has 56 specialists – the largest such team in the industry – with more than 570 combined years of experience working with SMARTnet contracts. We have in-depth knowledge of Cisco's internal SMARTnet tools and can also provide support with contract consolidation, co-termining all assets and net new, site consolidation, decommission gear, and customized pain point resolution. CDW•G's exclusive web portal, SMARTtracker, will streamline the management of your SMARTnet Total Care contracts 24x7x365, not just at renewal time. SMARTtracker is a key strength of our offering that provides value-added benefits when combined with the expertise and support of our SMARTnet Total Care Specialist team.

Table 9B: Performance Standards or Guarantees

Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *

53	Describe any performance standards or guarantees that apply to your services	To best meet services performance requirements for Sourcewell Members, we follow a service-level management approach using industry best practice standards, processes, and metrics. Based on our 20+ years of working with a diverse set of customers, we have applied lessons learned to develop a specific service-level management approach to measure results, provide reliability, and ensure that communications and IT services are meeting the agreed upon Service Level Agreements (SLAs). With each performance-based solution, Sourcewell Members work with their dedicated account team to create agreed upon, measurable performance standards and guarantees, outlined within a Statement of Work. The key to performance management is the application of the right governance to the program to ensure the necessary resultant behavior and delivery outcomes. The CDW service manager is how and where governance happens across the enterprise. The service manager ensures service levels are receiving the appropriate attention and that all owners of service levels are held accountable for performance. Methodology components include the following: - Ensuring a set of standard processes is used, such as IT Infrastructure Library (ITIL) - Ensuring a set of standard tools is used, such as ServiceNow - Ensuring all accountable parties are educated and understand their level of accountability on SLAs, including individual contributors, team leaders, managers, and executive leadership - Ensuring metrics are met and maintained and providing additional reporting on real-time or relatively real-time performance information - Conducting meetings, including a daily operations meeting to review high-impact incidents, weekly aging incident ticket review meetings, and weekly aging request ticket review meetings to ensure the appropriate visibility is brought to the current performance and any corrective measures for underperforming are begun as quickly as possible - Driving the core ITIL processes and bringing visibility to non-compliance with processes and/or SLAs - Communicating monthly performance and developing improvement plans for any metrics that were not successfully remediated before month-end reporting

54	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.)	Analyses of Service Levels. CDW provides service-level management and reporting, as well as monitors the efficiency and effectiveness of the operations. We also monitor program performance against program performance levels, including Key Performance Indicators (KPIs), as mutually agreed, prior to project start, by systematically and regularly: Monitoring all performance levels for those that are not maintaining the pace required to meet the performance threshold — we will examine root causes, perform risk mitigation/preventive action, and develop a corrective action plan Generating daily operational reports monitoring against service levels at a given time Reviewing aging reports for all issues that are close to or have exceeded the resolution target Monitoring KPIs that contribute to meeting a service level; for example, we measure how long it takes us to acknowledge a service desk incident, and if it takes us three hours to acknowledge the issue and we only have four hours to resolve it, we can surmise the SLA may not be met Monitoring alerts, such as incident resolution times, automatically generated by the ticketing system Corrective Action. CDW executes a formal corrective-action planning-process for deficiencies discovered during reviews. We assign each corrective action to an owner for resolution and provide oversight to the process by our service manager. Preventive Action Uses standard tools and processes to detect, analyze, and eliminate potential causes of performance standard or service-level non-compliance Ensures that system performance and availability continuously anticipate capacity needs, including adjustments for seasonal demand Analyzes historical data regarding usage volumes and peak processing periods and communicate with the program offices regarding new initiatives and other factors that may have an impact on system usage Develops plans and takes action to address these changing infrastructure needs Root Cause Analysis Proactively produces trends that could lead to less-than-optimum performance by taking preventive action measures to improve the area in question Analyzes the performance in support of each performance standard and/or service level, identifying positive or negative trends, and works with project staff to perform a root cause analysis of negative trends to develop a corrective action plan to correct deficiencies and identify best practices that can be leveraged across the project Provides follow-up verification to ensure that the action was effective in addressing the root cause Monitors performance statistics to ensure the corrective action plans are effectively implemented Provides a defined escalation path for corporate-level oversight of performance issues and corporate support of corrective action plans; once an issue is resolved, CDW·G will communicate improvements to other activities and groups, as applicable Continuous Improvement Provides a metrics-driven continuous improvement approach, focused on improvements to ITIL service delivery and service support to achieve increasing levels of performance against SLAs Uses automated tools combined with trend data for monitoring and root cause analysis to identify the high-priority areas for improvement and take immediate action

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *

55	Describe your payment terms and accepted payment methods.	CDW•G's standard payment terms are net 30 days from the date the invoice is issued. CDW•G accepts payment through: - Credit Cards* (American Express, Discover, MasterCard, Visa) - Checks - Electronic Data Interchange (EDI) - Electronic Funds Transfer (EFT) - Procurement Cards (P-Card) *With a credit card order, CDW•G requires the credit card information at the time of order. Please note that we do not accept credit cards for term accounts. The mailing address for payments is: CDW Government LLC 75 Remittance Drive Suite 1515 Chicago, IL 60675-1515

56	Describe any leasing or financing options available for use by educational or governmental entities.	CDW•G can facilitate an agreement between Sourcewell Members and a variety of leading financing companies to help ensure leasing terms to fit the unique needs and budget requirements of those Sourcewell Members. Depending on technology needs, Sourcewell Members can secure a leasing program with maximized options and terms. Premier leasing partners include: - Arrow Capital Solutions - Cisco Capital - Dell Financial Services - HPE Financial Services - Lenovo Financial Services - LEAF Commercial Capital, Inc. Preferred leasing partners include: - Acer Finance - Apple Finance - De Lage Landen (DLL) - Microsoft Finance - PNC Bank - US Bank Our account managers and certified technology specialists are prepared to assist with every phase of choosing and leveraging the right financing or leasing solution for the IT environment of Sourcewell Members. This collaborative process between CDW•G and Sourcewell Members includes the following steps: 1. An initial discovery session to understand goals, requirements, and budget 2. An assessment review of the existing environment and definition of project requirements 3. Detailed vendor evaluations, recommendations, future designs, and proofs of concept 4. Procurement, configuration, and deployment of the final solution 5. Ongoing product lifecycle support including proactive notice of lease expiration and asset disposition Financing/leasing is available on a per-deal basis, or in many cases, as a primary billing option, depending on the needs of the Sourcewell Member. If a Sourcewell Member has a preferred leasing company that is not currently a CDW partner, they can be set as vendor if the Sourcewell Member and the leasing company sign the required supplemental agreements from credit. The typical process for leasing equipment is as follows: Account managers work with a Sourcewell Member to submit a credit review to the chosen leasing company and obtain a financing proposal or the account manager has the chosen leasing company call the Sourcewell Member to discuss leasing/finance options and obtain information necessary to complete credit approval. The chosen leasing company reviews credit and makes decision whether to provide a lease. If approved, the leasing company sends the Sourcewell Member leasing documents to complete and return. Upon receipt of required documents and any upfront payments from the Sourcewell Member, the leasing company provides CDW•G with a purchase order for the full amount of the leased equipment. CDW•G fulfills the order and products ship from CDW•G directly to the Sourcewell Member. The leasing company sends an invoice and the Sourcewell Member makes regularly scheduled payments directly to the leasing company.
57	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Upon award, CDW•G will leverage the Sourcewell contract terms and conditions to simplify and streamline the procurement process for Sourcewell Members. Other documents that may be needed include, but are not limited to: - Statement of Work (SOW) for professional/managed services - Customer-specific terms and conditions (if required by the Sourcewell Member)

58	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Yes, CDW•G accepts P-cards for payment, and Sourcewell Members can use P-cards for both e-procurement and non-digital orders at no additional cost. Please note, however, that Sourcewell Members who opt for payment terms (for example, Net 30) cannot settle terms by invoice with a P-card. As an added capability and at no additional cost, CDW•G can provide Level 3 information on P-cards for Visa, MasterCard, or American Express. This service provides line-item detail remittance of the transaction on Sourcewell Member cardholders' statements. Level 3 allows the Sourcewell Member agency to track expenses and to ensure the products purchased on its card were in fact legitimate purchases.	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
59	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	CDW•G's pricing response encompasses RFP Category 1, 2 and 3 for all Technology Products, Services and Related Solutions (Technology Offerings). CDW•G's pricing can be found in the pricing attachment titled "CDW US and Canada Pricing Category 1." Please Note: Due to the depth and breadth of our product and services offerings, items aligning with categories 1, 2 and 3 can be found throughout our product and/or services offerings, and individual items can be included in more than one category depending on the context. For all RFP Categories, CDW•G is pleased to offer a discount percentage off catalog, with minimum percentage discounts off CDW•G's Nationally Advertised Price (CDW•G Advertised Price). These published and maintained prices for technology products and services categories can be found at www.cdwg.com, available 24/7. To ensure continuity and ease of procurement for Sourcewell Members, CDW•G has provided competitive and full catalog pricing encompassing all available OEMs, similar to the current Technology Catalog Solutions #081419-CDW contract (Incumbent Contract). Underpinned by industry-recognized taxonomy, the CDW•G Advertised Price model enables CDW•G to leverage economies of scale, our superior OEM-partner-relationships, and real-time competitive market adjustments. The discounts in our pricing structure are not-to-exceed, and for large rollouts or planned projects, CDW•G will endeavor to provide even deeper discounts, leveraging our close OEM partnerships. CDW•G has a dedicated online purchasing portal which can be found at www.cdwg.com/sourcewell. When logged in, Sourcewell Members can access Sourcewell's contract pricing and other information about the program. For professional services, our pricing structure includes not-to-exceed hourly rates covering all three RFP categories. These rates are subject to 5 percent annual escalation, on the anniversary date of contract effective date. The services can be iterated in either time-and-material or fixed-fee models, in areas including, but not limited to, cloud migration, ServiceNow, cyber and physical security. Certain services for education customers in pricing Attachment titled "CDW US and Canada Pricing Category 1", Tab titled "Amplified Solutions" are based on 3 percent discount off MSRP which can be found at this link: https://www.amplifiedit.com/MSRP. CDW•G delivered managed services pricing varies from monthly unit prices, percentage of Sourcewell Member's actual consumption of the service, and/or custom pricing.

		As cloud offerings are constantly evolving, and becoming increasingly bespoke and complex, with numerous subscription and consumption-based offerings (SaaS, IaaS and PaaS), pricing for Sourcewell Members will be discount 0 percent off MSRP, when MSRP is available to CDW•G; otherwise, pricing will be based on CDW•G invoiced price. This structure provides the necessary flexibility to enable Sourcewell Members to make purchases as cloud offerings evolve, through the life of our contract. Consumption based offerings include, but shall not be limited to, Amazon Web Services, Google Cloud Products, and Microsoft Azure. CDW•G is not the provider of the Cloud Services and in purchasing the Cloud Services, Sourcewell and its Members rely only on the Cloud Service Provider's service descriptions and the Cloud Provider's Services terms and conditions. Accordingly, Sourcewell shall consider the Cloud Service Provider to be the party responsible for providing the Cloud Services and Sourcewell and/or its Members, may be required to execute additional agreements, prior to provisioning/purchase of certain cloud offerings. Technology Offerings which have specialized requirements not contemplated under this RFP, will be identified in a Statement of Work as mutually agreed and executed document(s) between CDW•G and the Sourcewell Member. The pricing will be based, unless otherwise specified, on CDW•G invoice price. Sales for Canadian Sourcewell Members are provided through CDW Canada with Discounts Off CDW Canada's advertised price and are quoted in local currency (CAD). Categories for CDW Canada catalog are similar, though not identical to CDW•G categories. Please refer to our CDW Canada pricing offer in the required pricing attachment "CDW US and Canada Pricing Category 1" for more information. CDW•G differentiates itself from the competition with the addition of dedicated program management. The team consists of seasoned contracting professionals, dedicated to Sourcewell Members and responsible for compliance, administration and management of the contract, training of sellers and other duties. Led by Jeff Hagen, Manager of Program Management, and Mandi Maricque, Senior Program Manager, the team helps ensure Sourcewell Members receive all program benefits. Sourcewell Members may engage Program Management and request price verifications by emailing their CDW•G order or quote number to Sourcewellcontracts@cdwg.com.	
60	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	As stated in response to Question 59 above, CDW•G's catalog discounts are percentage off CDW•G Advertised Price, ranging from 0 percent to 15 percent, providing a more competitive structure than CDW•G's Incumbent Contract. CDW Canada: 0 percent to 7.75 percent Minimum Discount off CDW Canada's Advertised Price, quoted and invoiced in Canadian dollars.	*
61	Describe any quantity or volume discounts or rebate programs that you offer.	Sourcewell Members benefit from discount off CDW•G Advertised price, irrespective of volume. The program provides a competitive ceiling price and we can often leverage our relationships with OEMs to offer deeper discounts for large projects/rollouts and bulk buys, on a case by case basis, in consultation with the Sourcewell Member. Additionally, we have found success with Sourcewell Members where CDW•G has Sourcewell Member specific agreements with large purchase footprint, and/or minimum purchase commitments, under which CDW•G can offer committed deeper discounts and/or additive incentives. In addition, we can hold large inventory in our distribution centers, take advantage of bulk buys and promotions, which maximizes our ability to offer better pricing to Sourcewell Members.	*

62	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	As mentioned in Question 59, Technology Offerings that have specialized requirements not contemplated under this RFP will be identified in a Statement of Work and/or similar document(s) which are mutually agreed upon and executed between CDW•G and the Sourcewell Member. The pricing will be based on CDW•G invoice price.	*
63	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Services which require travel, lodging, work to be performed outside of normal business hours/holidays, or subject to overtime regulations, may be subject to additional fees, and will be outlined in a Statement of Work or similar document. Any additional fees required due to regulatory mandates, Sourcewell Member-specific background checks, and Sourcewell Member-specific mandated training, will also be mutually agreed upon between CDW•G and Sourcewell Member and incorporated within a Statement of Work or similar document.	*
64	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	Ground freight shipping is the least expensive option for Sourcewell Members and is offered at no charge. This includes no additional charge at the time of order, within the contiguous 48 United States. It also includes insurance coverage at no charge. We also offer Sourcewell Members expedited shipping options; in these cases, the Sourcewell Members pay the price difference between the expedited rate and the lowest-rate shipping option – retaining the benefit of the no-charge offering. If a Sourcewell Member chooses to utilize their own assigned carrier, CDW•G can work with the Sourcewell Member once the carrier number and other details are provided by Sourcewell Member	*
65	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	For Sourcewell Members placing orders for delivery to Alaska and Hawai'i, freight options currently include Ground, Express, and Priority, though these options may vary depending on specific shipping address. Once an order is entered, all available options are displayed and priced. Carrier options for Alaska and Hawai'i currently include UPS, UPS Freight, CEVA Logistics, and USPS with estimated transit times of Ground three to five days; Express two to three days; and Priority one to two days. Transit times may be impacted by day of shipping, holiday schedules, weather events, and other acts of nature. For Sourcewell Members placing orders for delivery in Canada, standard terms for shipping include F.O.B. Destination, Freight Prepaid, and Freight Added. All products are shipped from one of CDW Canada's partners' distribution centers in Toronto, Mississauga, Calgary, or Vancouver. CDW Canada partners with numerous distributors including Ingram Micro and TD Synnex within Canada to complement our purchasing model. In most instances, Sourcewell Members can expect purchases to be delivered the next day or within an average of three days by standard ground transportation. CDW Canada through distribution partners currently uses UPS, Purolator, FedEx, and other freight carriers for larger shipments.	*

66	Describe any unique distribution and/or delivery methods or options offered in your proposal.	CDW•G operates a redundant fail-safe hybrid logistics model, with two distribution centers strategically located, which allows us to ship based on availability with a historical accuracy of over 99 percent. We can further leverage staging as well as buy-and-hold options within our facilities or through our vetted partners nationwide, for Sourcewell Members with large rollouts and/or high SLA requirements. CDW•G was selected to be the sole mobile device provider for the 2020 Decennial Census, deploying nearly 500,000 devices over the life of the contract to US Census Bureau Headquarters, more than 250 regional Census Offices, and Decennial Census employee homes, nationwide. When delivering professional services, we once again leverage a hybrid approach inclusive of in-house technical resources and/or vetted, trusted subcontractors, to provide cost-effective solutions based on Sourcewell Member's needs. We can also leverage remotely delivered service engagements, which can help contains costs and offers high availability for time sensitive projects. These remote engagements can be deployed safely, with the assistance of the customer's IT and security teams. Finally, we believe in helping the communities we serve. CDW•G's inclusive philosophy extends to our providing opportunities to collaborate with minority-owned businesses, small businesses, and otherwise disadvantaged businesses. Doing so enables Sourcewell Members access to a talented, diverse resource pool and helps Sourcewell Members achieve their diversity initiatives.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
67	c. better than the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	CDW•G has historically worked closely with Sourcewell Members on planned IT projects, developing technology standards, and forecasting volume purchase opportunities across schools, departments, or agencies. In those circumstances, CDW•G is able to extend additional discounting beyond the standard pricing offer, resulting in material savings to the Sourcewell Member. As a result of the IT project alignment that CDW•G has historically held with Sourcewell Members, CDW•G 's net pricing offer is better than other offers with similar volume and terms to other contracting agencies. Upon request, CDW•G shares savings data and incremental discounts with Sourcewell Members, along with the data shared monthly with Sourcewell.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *

68	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	Any vendor hoping to be successful in executing this contract should clearly demonstrate the ability to manage an agreement of this size and scope with all the necessary detail and follows all contract's pricing rules, timely reporting, and remittance of fees. With respect to CDW•G's compliance strategy, we have bespoke, proprietary systems, which ensure the pricing and freight is compliant per the contract or specific Sourcewell Member pricing agreement. Our compliance approach is a full lifecycle from solicitation to post contract closeout. It starts during the launch process with training all the personnel utilizing the contract, followed by annual training and certifications. In addition, we have internal automated quality checks in place, which track our reporting deadlines and accuracy commitments. We also have previously partnered with Sourcewell in providing training to CDW•G sellers and intend to do so when awarded the new contract. For service engagements, our contract lifecycle management system automatically routes Statements of Work to the Contracts team to ensure the pricing is compliant with hourly rates and commitments, as stated. CDW•G and Sourcewell also have regular cadences where, among other items, any issues are addressed, discussed, and tracked. CDW•G has a dedicated and highly experienced Program Management team, which manages our Sourcewell contracts. Mandi Maricque is the contract manager and is responsible for the Sourcewell portfolio. Mandi is supported by three dedicated contract administrators. In addition, due to the importance of the Sourcewell contract within CDW•G, there is a high level of engagement from senior leaders within the organization. Collectively, the team managing Sourcewell's contracts have 80 years of experience. The team is also responsible for working with Sourcewell Members to ensure proper understanding of the contract's terms and benefits, pricing, and range of offerings. CDW•G has held a Sourcewell contract for the last 20 years as an organization; CDW•G coworkers are well trained on compliance matters related to the Sourcewell contracts. The Program Management team is solely responsible for ensuring Sourcewell Members have access to the agreement. Monthly reviews are done to ensure all participating entities have access to the contract. Sales teams are trained to send any Sourcewell Member add-requests to the SourcewellContracts@cdwg.com inbox. These actions help to drive growth under a robust governance framework. CDW•G has successfully met all reporting requirements and deadlines under the Technology Catalog Solutions #081419-CDW (Incumbent Contract). CDW•G is confident we can continue to meet and/or exceed requirements under this RFP.

69	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	CDW•G currently tracks different metrics for contract performance internally. Given Sourcewell's diverse membership and dynamic spend within technology category, we continuously monitor standard metrics such as Sourcewell Member performance and utilization by geography (state) and segments (State & Local Government, K- 12, Higher Education, Healthcare, Federal Government, Not for Profit, Public Safety). Additional metrics include: - Category penetration - Sourcewell Member agreements and state contract adoptions - New Sourcewell Member growth - OEMs and category penetration - Customer satisfaction survey responses - Professional services and evolving technologies including cloud offerings' growth - Market share under the Sourcewell contract and total available wallet share - Target CDW•G customers who can be aligned with the Sourcewell contract Industry trends by public sector segment and the performance of the CDW•G solutions aligned to those trends. A list of trends by public sector segment is outlined in Table 8, Question 45. We also track regulations and procurement policies of different entities where Sourcewell's contract can be leveraged as a state contract, contract of choice, etc.	*
70	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	As an incumbent with a proven track record of success, we further believe retaining existing fee structures for Sourcewell Members under the Incumbent Contract will help maintain continuity and stability for those Sourcewell Member's needs. CDW•G is proposing a general administrative fee of 1 percent which will continue to support increased adoption and sales over the term of the contract. To best meet Sourcewell Members' needs for select catalog offerings with historically competitive profiles, we propose the following fee adjustments: - Software & Cloud Offerings: 0.25 percent - Chromebooks: 0.00 percent We are confident the proposed fee structure combined with our proven track record of success under the current contract will incentivize Sourcewell Members and provides the right balance for growth under this contract.	*

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Proposers must designate if they are seeking an award in Category 1 only or Categories 2 and/or 3. As stated in Section II. B.1. of “REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES,” Proposers responding to Category 1 must offer a complete electronic catalog system permitting Sourcewell and Sourcewell Participating Entities to make web-based purchases.”

Proposers submitting a proposal in Category 1 must include at least one solution in each of Categories 1, 2, and 3 within its singular proposal. For example, if a Proposer offers solutions within the scope of Category 1, 2 and 3 the Proposer should designate it is seeking an award in Category 1. Proposers seeking award in Category 2 and/or 3 must include at least one solution offered within the scope of the desired Category.

Table 14B: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *

72	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	CDW•G offers a full range of products and services that enable Sourcewell Members to develop the best total solution to meet specific needs while attaining the most value for their organization. CDW•G provides expert consulting, design, configuration, installation, and lifecycle management services. CDW•G's Category 1 bid provides pricing for our Technology Products and Services Catalog, as well as Professional and Managed services. Our offerings are extremely comprehensive and include: Products & Partnerships: More than 100,000 products from more than 1,000 vendors including Acer, Adobe, Cisco, Dell, EMC, HP, IBM, Lenovo, Microsoft, NetApp, and VMware Technology Services - e-Procurement integration - Leasing services - Managed services: Gold Level Support for customer devices - Pre-shipment configuration - Professional services: Amplified Solutions, Cyber and Physical Security, Configuration, Data Center Transformation, Digital Velocity Solutions, ServiceNow Total Solutions - Cloud - Collaboration - Data Center and Networking - Managed Print Services - Point of Sale - Security - Software Management - Total Mobility Management
73	Within this RFP category there may be subcategories of solutions. List subcategory titles that best describe your products and services.	Below is a list of product and service categories, along with their corresponding subcategories, provided by CDW•G as part of this response: Accessories - Security Locks - Headphones and Speakers - Phone Accessories - Tablet Accessories - Keyboards/Keypads - Notebook Accessories - Cases and Backpacks - Mice and Trackballs - Office Products and Supplies - Small and Consumer Electronics - Robotics Power, Cooling & Racks - Power Supplies/Adapters - UPS/Battery Backup - Batteries - Surge Suppressors - Remote Power Management Desktop Computers - Computer Cases - Apple Desktops - PC Compatible Desktop Computer - Windows Based Terminals - Desktop Memory Upgrades - Thin Clients - PC Compatible Workstations Data Storage/Drives - Storage Enclosures/Mounting Hardware - CD/DVD/Blue Ray Drives - Disk Duplicators - Media - Hard Drives - Desktop NW Attached Storage - Floppy Disk Drives - Flash Memory - Consumer SSD Enterprise Storage - BU/DR Infrastructure - Drive Arrays

Table 15A: Category 1 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments
74	Computer hardware, including desktops, laptops, tablets, and related devices;	☒ Yes ☐ No	CDW•G's response includes computer hardware, including desktops, laptops, tablets, and related devices.
75	Networking, server, and data storage equipment, including servers, server appliances, racks and cabinets, data storage or data protection devices, and switching technology;	☒ Yes ☐ No	CDW•G's response includes networking, server, and data storage equipment, including servers, server appliances, racks and cabinets, data storage or data protection devices, and switching technology.
76	Peripherals, accessories, components, and options, including printers, scanners, monitors, audio visual, digital signage, virtual reality, Esports equipment, unified communication hardware, mobility hardware, cabling, modems, routers, switches, power management, and supplies;	☒ Yes ☐ No	CDW•G's response includes peripherals, accessories, components, and options, including printers, scanners, monitors, audio visual, digital signage, virtual reality, Esports equipment, unified communication hardware, mobility hardware, cabling, modems, routers, switches, power management, and supplies.
77	Software related to the purchase of the equipment described in Lines 74-76 above;	☒ Yes ☐ No	CDW•G's response includes software related to the purchase of the equipment described in Lines 74-76.
78	Configuration, software implementation, hardware installation, support, assessment, training, and asset lifecycle services related to the purchase of the equipment or software described in Lines 74-77 above; and	☒ Yes ☐ No	CDW•G's response includes configuration, software implementation, hardware installation, support, assessment, training, and asset lifecycle services related to the purchase of the equipment or software described in Lines 74-77.
79	Security, cloud, network, data, IT asset lifecycle services, and solutions described in Categories 2 and 3.	☒ Yes ☐ No	CDW•G's response includes security, cloud, network, data, IT asset lifecycle services, and solutions described in Categories 2 and 3.

Table 15B: Category 1 - Industry Specific Questions

Table 15B: Industry Specific Questions relate to products and services offered in Category 1 (see Table 15A).

Line Item	Question	Response

80	Describe your capability to report Sourcewell member purchases of products with environmentally preferred attributes (e.g., eco-labeled, rated, or certified).	CDW•G is dedicated to working with our technology partners to promote their environmentally certified products and assist Sourcewell Members in purchasing them to solve outcomes around their ESG goals and priorities. We also provide the ability to track industry-recognized data to allow Sourcewell Members to better understand their environmental footprint. Sourcewell Members can receive from CDW•G, upon request and by mutual agreement, both EPEAT reporting, which is the leading global ecolabel for the IT sector, and Energy Star, a government-backed energy efficiency measure. For these reports we can provide quarterly, calendar year, or fiscal year reporting, depending on Sourcewell Members' needs. We can typically offer a number of customized reporting options as well, including summary by category, to meet specific Sourcewell Member needs.
81	Identify any reseller certification(s) (or similar third-party validation of technical expertise) that your organization has attained, if any.	Included below is an overview of some of our key partner distinctions: Apple (Diamond Elite partner): Apple's Largest Corporate Channel Partner in the U.S. Apple's only reseller with the designation "Premium Corporate Reseller" CDW-dedicated Apple System Engineers 19 Apple-badged employees supporting CDW 13 CDW-badged Apple resources onsite Apple-certified Mobility Solution Architects We are an Authorized Apple Corporate Reseller for Mac, iPad, Unlocked iPhone, Apple Watch, AppleCare, VPP credit, and Apple accessories (including Beats for specific use case). We provide overnight delivery of stocked products, extensive third-party hardware, and software licensing options, as well as the Apple Professional Services portfolio. Please note, Apple policy states that they are to be the sole reseller for their products with K-12 customers, including both private and public schools. If this policy is repealed, CDW•G is equipped and ready to serve Sourcewell Members. Cisco (Gold Certified Partner): We are Cisco's largest U.S. Direct Reseller and largest National Direct Integrator Partner, having attained the broadest range of expertise across multiple technologies. CDW has achieved the newest of Cisco's Master Specializations in networking, making CDW the first Cisco channel partner in the Americas to hold all five Master Specializations that Cisco offers. The other Cisco Master Specializations are security, collaboration, data center and hybrid cloud, and cloud and managed services. Master Specializations are Cisco's highest and most exclusive level of partner certification. CDW was recognized as the 2022 Americas Partner of the Year by Cisco and as 2022 Cisco Software Partner of the Year. CDW has more than 1,300 Cisco-certified presales engineers, technical specialists, solution architects, and professional services engineers who are available to provide expert guidance and support. Certifications include: 717 Cisco Certified Sales Experts 63 Cisco Certified Internetwork Experts 215 Cisco Certified Network/Design/Voice Professionals 322 Cisco Certified Network/Design Associates In addition, CDW is one of the only resellers in the world actively participating in and working with Cisco in the Cisco Early Field Trial (EFT) program. This program allows our top engineers to receive and test the latest code prior to the general release of the product. It also lets CDW shape the products prior to shipping the first release level. Generally, Cisco only invites two partners to each EFT opportunity, and typical EFT participation is three or four EFTs. CDW historically participates in more than 20 EFTs a year across Data Center, Engineering, Collaboration, and Security. In Canada, CDW recently received Cisco Full Stack Observability and Hybrid Cloud Computing Solution Specializations. These partner-led designations recognize CDW Canada's ability to provide sophisticated, value-added Cisco solutions through in-depth sales capabilities, technology skills, and service offerings. Dell (EMC Titanium Black Partner): CDW is Dell's #1 Partner Worldwide, and provides the following resources: Dell-certified technology architects Dell-certified cloud architects and Dell EMC-certified data scientists Dell-certified implementation engineers HP Enterprise (Platinum Business Partner): CDW is an HP Enterprise (HPE) Platinum Partner and was named the North American Solution Provider of the Year 2023 (CDW Canada and CDW U.S.).

HP Inc. (Platinum Business Partner): CDW is an HP Inc. (HPI) Platinum Business Partner and HPI's #1 partner worldwide. Recent awards include:

Lenovo (Largest Global Partner): CDW is Lenovo's largest Global Direct Response Channel Partner.

Microsoft (Gold Certified Partner): CDW is a Microsoft Gold Certified Partner and a highly ranked Licensing Solution Provider (LSP) and Enterprise Software Advisor (ESA). CDW is also a Microsoft Software Asset Management (SAM) Partner and an Authorized Direct Reseller (ADR) for Open Value licensing programs in all 50 states and Canada. We are the worldwide leader in Microsoft Enterprise Agreements as well as Server and Cloud Enrollments.

CDW is also an Azure Expert MSP for Microsoft Azure.

CDW Cloud Products: CDW currently partners with more than 150 cloud provider partners working in tandem to provide our customers with best-of-breed SaaS, IaaS, and PaaS solutions. A small sampling of our offerings is provided below.

AWS: CDW has achieved multiple certifications for AWS and is one of a handful of Advanced Consulting Partners. CDW has earned the AWS Migration Competency, an elite-level designation held by fewer than 50 companies in North America. CDW coworkers have earned more than 200 AWS certifications including the new AWS Database and Data Analytics Specialty Certifications. CDW has also earned the AWS Storage Competency, confirming our deep storage acumen and our extensive AWS storage partner portfolio (for example, NetApp, Veeam, Druva, and many others).

Google: CDW's comprehensive next-generation Managed Services for Google Cloud Platform (GCP) includes three of the world's 20 Google Cloud Fellows on staff. CDW has also successfully completed the requirements to participate in the Google Cloud MSP Initiative.

Microsoft Azure: As a Microsoft Azure Expert Managed Service Provider, CDW has a record of delivering results to customers in finance, healthcare, manufacturing, small business, government, and education. We also provide full-stack solutions expertise, integrating hardware, software, cloud and services considerations into every Azure discussion. Customers benefit from holistic technology guidance while eliminating the need to coordinate with multiple IT vendors and service providers to design, procure, implement and manage complete Azure solutions.

CDW employs a dedicated vendor accreditations coordinator who takes responsibility for monitoring coworkers' technical and vendor sales certifications in line with our manufacturer partner accreditations. The vendor accreditations coordinator is part of our Vendor Alliances department, which comprises vendor managers for all major hardware manufacturers. We have the highest-level reseller partnerships (Platinum or Gold) with these vendors, which are usually contingent on CDW maintaining minimum numbers of accredited resources at all levels from sales, pre-sales, field and systems engineer, to architect.

Each of the partner vendors has designated an account manager and systems engineer to CDW, who communicates product developments to our vendor managers, as well as the associated technical training courses available. Some vendors also have partner education managers specializing in training and certification guidance for CDW. The vendor managers then work with the vendor accreditations coordinator to identify the staff impacted by the development and make bookings for training and exams.

The vendor accreditations coordinator uses a range of vendor and internal tools to manage technical certifications on an ongoing basis. Vendors' learning management tools give the vendor accreditations coordinator visibility of the following:

- Summaries and detailed breakdowns of CDW's compliance status against its overall vendor certification (Platinum, Gold, etc.) and any technology specialist certifications
- Gap analysis charts for training requirements to be quickly identified
- Information to assist creation of vendor learning plans, which feed into CDW's standard Personal Development Plans
- Records of individuals' certifications, training, exams, and expiry dates of these for tracking by the vendor accreditations coordinator

The vendor accreditations coordinator also uses vendor reports and internal tracking sheets to monitor certifications. These provide gap analysis and qualification road mapping showing individual certification status in various vendor technologies.

82	Describe your maintenance solutions for software products, such as maintenance agreements, software upgrades, continuous updates, patches, and fixes.	CDW•G takes a pre and post sales consultative approach toward software assets that can assist Sourcewell Members through every stage of their lifecycle. It begins with our capabilities of assessing current software environments and assisting in the design and deployment of a software solution within environments. We can integrate and share licensing data with most industry recognized software asset management platforms to support Sourcewell Members' needs. Once deployed, CDW•G can also support maintenance through effective software licensing management and assist with: - Performing health checks - Maintaining the right license position so you are neither over- or under-licensed - Establishing consolidated billing - Providing ongoing software recommendations - Ensuring accurate IT planning and budgeting - Maximizing value derived from licensing agreements - Applying compliance checkpoints - Staying on top of licensing expiration and renewal As part of our contract management roadmap process, our CDW•G software team conducts regular business reviews and contract deep dives to help manage licenses over the course of the contract. Our contract management roadmap also helps keep customers aware of important renewal dates.
83	Describe your website and the ease-of-use for customers, including order placement, payment, order tracking, etc.	CDW•G has a dedicated purchasing page for Sourcewell, currently providing Sourcewell Members direct access to account information, product offerings, and contract pricing on technology products and services: www.cdwg.com/sourcewell In recent years, CDW has continued to evolve our operations with an eye to improving the customer experience, extending to our online customer portal. Sourcewell Members benefit from the evolution of this portal, Rubi, which provides greater tools and options to plan, buy, and manage the technology solutions they need. From one central portal, now accessible from the Rubi Mobile App for additional flexibility, Sourcewell Members can purchase products quickly and easily, selecting shipping, billing, and payment options as they go through the checkout process. From the shopping cart page a user can: - Add more items to the cart - Adjust quantities - Save the cart for future purchase - Save the cart as a bundle that can be repurchased - Email the cart to a colleague - Create a standard quote - Estimate shipping costs with the Shipping Calculator before checking out - Check out using the standard checkout feature Rubi also gives Sourcewell Members flexibility in terms of how they view technology for purchase. Sourcewell Members can choose to view and purchase from CDW's entire online catalog of products, or efficiently create customized catalogs containing specific products. Sourcewell Members can also configure their homepage within the portal based on their needs to make tasks more easily accessible including managing subscriptions and quotes, streamlining repeat purchases, and approving orders. Sourcewell Members, through the Security Settings feature in Rubi, can grant user access to features including access to products, views of their orders or multiple accounts, and roles as a purchaser or approver. Sourcewell Members can also grant administrative rights to set up and maintain advanced website features including the Purchase Authorization System, Custom Catalogs, Asset Management, and Security Settings. Rubi provides key insights, which help reduce guesswork and uncover opportunities for Sourcewell Members to accurately plan their technology implementations. This includes factors such as estimated time of arrival/inventory/supply chain insights to support implementation, order tracking and status, and current CDW Research Hub information around a variety of IT topics including cloud, data analytics, data center, digital workspace, hardware, networking, security, services, and software. Once an order is placed, an Order Status feature in Rubi provides Sourcewell Members complete order status information with time saving links, including the ability to: - View all recent orders (from the past month to as far back as three years) - Search for a specific order by purchase order (PO) number, order number, purchaser, or purchase date - View order and invoice details - Filter orders according to any of the following statuses:

		Cancelled All Items Shipped Some Items shipped Not Yet Shipped Backordered Item(s) Processing orders View individual shipment details and tracking information Add mobile number to get delivery SMS text message notifications Print a copy of a packing list or original invoice Repurchase a past order Download a report to excel with all open orders Initiate a product return After purchase, Sourcewell Members can use the Asset Hub of the Rubi portal to manage purchases. Features of the Asset Hub include: An asset overview page that shows a view of hardware and software assets purchased through CDW-G, including the total counts of products, asset age, and spend across asset type, category, and brand. A hardware overview page, where Sourcewell Members can view and filter across your hardware assets based on type, brand, asset age, and more, and can click on each line item to see more details. A hardware detail page, where Sourcewell Members will see information such as the quantity owned of a specific asset, technical specifications, availability, and prior orders and can also re-purchase quickly by using the "Buy Again" button. A software overview page, where Sourcewell Members will see software assets broken out across brands, can view total counts of software products and associated licenses and seats, and can quickly view upcoming renewals. Sourcewell Members can also see a list of software assets and can filter on those assets or click to view more details. A software detail page, where Sourcewell Members can view license counts, product attributes, associated licenses for that asset based on order history, and renewal dates for renewable software assets. Additionally from this page, Sourcewell Members can request a quote for a software renewal. A subscriptions page where Sourcewell Members can manage their software subscription assets, including renewal and adding/removing seats. The Rubi portal also allows Sourcewell Members to access consolidated information for two or more related accounts online (for example, headquarters and departments). Upon request, account managers assist in enabling your administrators to view, place, and track orders across the organization without having to log on to multiple accounts and create quotes for multiple accounts. This helps centralize the purchasing process while letting administrators place and track orders by address and location. This capability allows access to the following types of information for accounts linked together: - Order status - Quote activity - Purchase history - Financial reporting - Purchase approval system CDW-G offers e-procurement integrations to the major providers in the industry, and the capabilities that are available via Rubi are also available via a punch-out catalog.

Table 16A: Category 2 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments

84	Cybersecurity services, such as cyber risk assessments, program strategy and operations, zero trust, skills and training, penetration testing, threat and vulnerability management, content security, network visibility and endpoint detection, log aggregation and correlation, disaster response and recovery, and managed cybersecurity;	☒ Yes ☐ No	With nearly 20 years of experience delivering leading information security solutions, we help organizations reduce the complexities involved in making technology decisions in a fast-paced industry. CDW takes a comprehensive approach to security and risk management. We offer world-class technology solutions, expert implementation and advisory services, comprehensive managed services, and proven methodologies backed by customized testing. We help to advance customer security programs and optimize overall IT risk management strategy so customers can protect data, intellectual property, and reputation. CDW cybersecurity solutions and services fall into six buckets: infrastructure, intelligence and analytics, identity and access management, data and application, threat and vulnerability management, and program strategy and operations. Infrastructure. Strengthen the first line of defense against sophisticated threats. Our solutions and services help customers gain extensive visibility into network traffic based on applications, users, and content; remove malicious traffic while maintaining the delivery of legitimate business flows; and securely manage IoT devices. Intelligence and Analytics. Arm staff with the tactical, operational, and strategic insights needed to understand how an organization is being targeted and invest wisely in the right set of countermeasures. Our comprehensive professional and managed services and continuous monitoring solutions help customers streamline security operations with automation. We help customers respond to, remediate, anticipate, and prevent threats to business. Identity and Access Management (IAM). Securely connect users to distributed services and deliver accountability and transparency of access to the business. Our IAM solutions and services promote capabilities spanning internal and cloud-based services, enhancing user experience while ensuring only the right people have access to the right assets, at the right time, and for the right reasons. Data and Application. Protect information assets against mistakes that lead to data leaks and intentional misuse by insiders, as well as external attacks on information infrastructure. We help you protect data no matter where it is stored, used, or transmitted through the development of a data-centric security program. Threat and Vulnerability Management. Evaluate the overall state of security with an objective view of an organization's policies, controls, and processes. We facilitate the development of an effective threat and vulnerability management program, building upon existing security practices to help you continuously find, prioritize, and remediate vulnerabilities. Our expert professional services and world-class solutions help to determine whether data has been compromised and help create new approaches to limiting dwell time and remediating intrusions. Program Strategy and Outcome. Manage an organization's digital risk and compliance profile. We offer a full range of solutions and services to help evaluate programs against established cybersecurity frameworks, keep up with evolving data protection and privacy regulations, augment staff, set policy, and develop and execute a cohesive strategy for extending security throughout the supply chain.
85	Physical security services, such as site assessment, upgrade planning and execution design, installation, integration, access control,	☒ Yes ☐ No	CDW Physical Security Services solutions fall under four categories: video surveillance, access control, environmental sensors, and professional services.

	video management, and managed physical security services;	Video Surveillance. Video surveillance has long been a key component of physical security. The advent of inexpensive, network-enabled cameras has made it easier for organizations to increase their video surveillance footprint. Whether limited to critical areas or deployed throughout an enterprise, cameras historically collected video footage that was only used for forensic purposes — something went wrong, and video footage enabled security teams to later determine what happened. Now, IP-enabled video cameras enhanced with analytics and artificial intelligence (AI) can automatically detect and alert on incidents in real-time and be used for operational use cases in addition to security. CDW helps design and implement solutions to modernize video surveillance to get more value from video with services that include: Envisioning Workshops, Site Survey and Systems Design, Camera Deployment, Video Management System (VMS) Implementation, Software and Analytics Integration, Managed Services, and Day 2 Support Services Access Control. Modern access control systems — characterized as increasingly digital and IP-connected — allow customers to secure the points of entry to their facilities with IP-enabled controllers and modern credentials including keycards, mobile apps, and biometrics. With new options to manage physical security either on premises or from the cloud, these systems can be closely integrated with video surveillance for improved situational awareness and forensics search. CDW helps customers take advantage of new access control technologies, whether outfitting a new facility or modernizing and retrofitting an existing building, making it easier than ever to protect people, property, and premises with services including: Envisioning Workshops, Site Survey and Design, Door Controller Installation, Access Control System Implantation, and Day 2 Support Services Environmental Sensors. The proliferation of Internet of Things (IoT) devices in recent years has resulted in making it possible to easily deploy and utilize sensor-based solutions that monitor atmospheric conditions, detect audio signatures, and use advanced imaging devices (thermal, LIDAR, 3D, etc.). Whether customers need to monitor facilities for airborne chemicals or detect water leaks, rising temperatures, or audio signatures — it is easy to integrate relatively inexpensive IP-enabled sensors into a building's existing physical security system. This greatly improves situational awareness and streamlines incident monitoring and notification processes. CDW helps extend physical security systems to include environmental sensors, enhancing the safety and security of your operations with services that include: Envisioning Workshops, Site Survey and Design, Door Controller Installation, Access Control System Implantation, and Day 2 Support Services Professional Services. As organizations face limited time, budgets, and talent to tackle the ever-growing list of challenges running their day-to-day operations, IT leaders need a way to handle priority projects without overtaxing internal staff. CDW Ad Hoc Support Services help meet the demands of organizations in unique ways. We provide skilled staff to augment IT teams with expertise in a wide range of technologies, offering an objective view of IT that helps ensure the right solution to the problems — not just the one that is convenient — through ad hoc support services that include: Small Installation Projects, Scheduled Maintenance, and Unscheduled and/or Break/Fix

			Engineering and Consulting Services
86	Cloud, such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS), and strategy, design, migration, deployment, and managed cloud solutions;	☒ Yes ☐ No	Looking at CDW cloud by the numbers, Sourcewell Members working with us benefit from: 2 of 50 global Google Cloud Fellows 250+ cloud engineers 5,000+ industry certifications 100+ industry awards 1,200+ cloud partners The cloud offers convenience, flexibility, and agility. The complexities of cloud can lead to increased cost, decreased visibility, and vendor lock-in. With industry-leading hybrid and multicloud architects, CDW's cloud team empowers Sourcewell Members to adopt cloud-native best practices that help cut costs and innovate faster. CDW helps customers achieve cloud goals following a four-step process of assess, design, orchestrate, and manage. 1. Assess. Dedicated Sourcewell Member account teams engage cloud engineers assess current IT environments, identify and prioritize goals, and explore possible vendor solutions to fit business needs. 2. Design. We customize a strategy that ensures cloud solutions continually evolve with the business. We also provide risk management methods to secure data, ensure business continuity, and put disaster recovery plans in place. 3. Orchestrate. We follow detailed implementation procedures for proper cloud migrations, including physical server migration, virtual server migration, database migration, physical-to-virtual server migration, server consolidation and enterprise applications. 4. Manage. We help reduce IT burdens on in-house teams and ensure business continuity by managing cloud solutions on high-performing data center ecosystems. We also enable accessible and on-demand provisioning and de-provisioning, reporting, and billing for cloud usage.
87	Network, such as maintenance and monitoring, edge computing, SD-WAN and LAN, and data center networking;	☒ Yes ☐ No	Organizations have long turned to CDW to implement the best networking solutions, and the value of partnering with our team extends well beyond simplified procurement and savings. The CDW Networking Practice assists customers at every stage of the journey through assessments and roadmap guidance, as well as vendor-focused workshops and jump-start services for the following areas: - Enterprise and data center networking - Software-defined WAN (SD-WAN) - Wireless networking and Wi-Fi 6 - Network access control (NAC), segmentation and secure campus solutions With more than 120,000 customer networking solutions completed in a 12-month period, CDW networking solution architects combine with almost 500 solution architects to support our sellers and their customers to: Design. Our team of technology experts works with customers to plan an end-to-end solution that fits often unique needs and optimizes business impact. Orchestrate. Comprehensive services help our customers build and deploy customized infrastructure that follows networking best practices. Manage. Through a tiered support structure, our team can monitor and manage network complexities to ensure operational efficiency and security.

88	Data, such as data modernization, data backup, data and document processing and storage, and assessment, validation, production, and management of AI and machine learning solutions; and	☒ Yes ☐ No	We provide Sourcewell Members the strategy, architecture, and migration paths required for everything from complex database/data warehouse designs, data exploration and visualization, and data governance, to advanced analytics and machine learning — whether starting with introductory concepts or building and deploying production models. CDW•G works with Sourcewell Members to define and implement an effective data strategy, modernizing data platforms, and implementing DataOps best practices for scalability and agility. We help customers create new data pipelines that can be leveraged for organizational insights, analytics, and visualization. Our experts prove Artificial Intelligence/Machine Learning (AI/ML) business value through minimum viable model (MVM) creation and implement online-ML pipelines for production deployments. Our data architects and ML experts provide rapid, innovative outcomes across data operations; data warehouse modernization; data pipelines; visualization and insights; AI/ML; big data; and contact center AI.
89	Related solutions, such as endpoint security products, network security technologies, identity and access management technologies, security analytics, data security products, IP video monitoring systems, intelligent controllers, mission control systems, electronic locks, network infrastructure, and server room technology.	☒ Yes ☐ No	CDW's Security Practice has the depth and breadth to support Sourcewell Members on their entire cybersecurity journey. Security focus areas include: Program Strategy and Operations, which offers strategy workshops and program initiation; technology bakeoffs and proofs of concept; zero trust assessments; and internal audit and IT audit services. Cyber Resilience and Compliance, which includes privacy compliance (GDPR, CCPA); privacy maturity assessments; framework maturity assessments; full-scope PCI DSS services; HIPAA security, privacy, and risk; third-party risk management; and Cybersecurity Maturity Model Certification (CMMC) assessments. Identity and Access Management (IAM), which includes rapid assessments and strategy; IAM implementation; user rights and access reviews; solution selection and bakeoff; SIEM deployment and configuration; managed IAM support; and white-glove managed identity. Cloud and Application Security, which includes secure access service edge; cloud native controls; cloud security posture management; cloud workload protection; cloud native application protection platforms; cloud identity and entitlement management; and cloud security architecture. Secure Infrastructure offerings, which include security architecture and design; physical security; next-generation firewall; endpoint protection; email and web security; intrusion detection and prevention; IoT device assessment and strategy; and managed firewall. Skills and Training, which includes cyber workforce development; offensive and defensive security courses; cloud security courses; programming and development security operations courses; data science and analytics; and solution training. Threat and Vulnerability offerings, which include penetration testing; blue/red team exercise; web app testing; threat/vulnerability platforms; endpoint detection and response; incident response; and managed scanning.

Table 16B: Category 2 - Industry Specific Questions

Table 16B: Industry Specific Questions relate to products and services offered in Category 2 (see Table 16A).

Line Item	Question	Response

90	Describe how you help organizations with their zero-trust programs, if applicable.	CDW Security Services provide independent evaluations of your security posture and help you fortify your weaknesses. CDW's certified experts design comprehensive strategies and solutions for protection and response to all types of threats, both internal, external, virtual, and physical. CDW•G, through Sourcewell's IT Managed Services and Staff Augmentation Solutions 071321•CDW contract, provides Sourcewell Members access to CDW•G's breadth and depth of security services and solutions. Cybersecurity: Driven in part by guidance from both the Cybersecurity and Infrastructure Security Agency (CISA) and the National Institute for Standards and Technology (NIST), nearly 75 percent of security leaders are piloting, actively researching, or implementing zero-trust technology (IDG 2021 Security Priorities Study). CDW helps customers design and execute on multi-year zero-trust buildouts, leveraging existing technology while creating roadmaps to the next generation of solutions. From strategy to deployment and management, CDW offers customers a single-vendor solution to achieving zero-trust goals. CDW helps customers mature their cybersecurity program across five key domains – identity, device, application workload, and data – with full stack product and service capabilities. We serve as a strategic partner with technical, strategic, and executive advisors available to customers to help develop and fulfill roadmaps to align with leading security industry frameworks like those from CISA and NIST. CDW's Security Practice has the depth and breadth to support the entire cybersecurity journey, making security an enabler, not an obstacle. With a full range of assessment, design, orchestration, and managed services, CDW helps customers mature and scale a security program that drives to objectives without slowing innovation. Physical Security: As a comprehensive physical security integrator, CDW•G's Physical Security Solutions practice provides products, designing customized solutions and orchestrating the setup and integration of these solutions tailored to your organization's specific needs. Crafted with public sector customers in mind, this business-to-business offering ensures organizations receive the highest quality security solutions and services while benefiting from CDW•G's extensive expertise in the field. CDW•G helps you mature and scale a physical security program that protects your people, property, and premises. Whether you need the latest VMS or analytics tool, expert advice on system integration, or a strategic partner, CDW•G has the best solution for your business. Increasingly, the responsibility for upgrading, deploying, and managing physical security and video surveillance is being handed over to IT. CDW helps deploy, integrate, and manage physical security systems that improve safety and security – and find opportunities to enhance business operations through advanced analytics. Whether limited to critical areas or deployed throughout an enterprise, cameras historically collected video footage that was only used for forensic purposes. Now, IP-enabled video cameras enhanced with analytics and AI automatically detect and alert on incidents in real time and are used for operational use cases in addition to security. CDW helps design and implement solutions to modernize video surveillance to get more value from video. Modern access control systems – characterized as increasingly digital and IP-connected – allow customers to secure points of entry to facilities with IP-enabled controllers and modern credentials including keycards, mobile apps, and biometrics. CDW helps customers take advantage of new access control technologies, whether outfitting a new facility or modernizing and retrofitting an existing building, making it easier than ever to protect people, property, and premises. The proliferation of IoT devices in recent years has resulted in making it possible to easily deploy and utilize sensor-based solutions that monitor atmospheric conditions, detect audio signatures, and use advanced imaging devices (thermal, LIDAR, 3D). CDW helps extend physical security systems to include environmental sensors, enhancing the safety and security of operations.

91	Describe how you deliver cybersecurity solutions in accordance with the National Institute of Standards and Technology (NIST) framework, if applicable.	Cybersecurity solutions are delivered following CDW's proven methodology of Listen, Advise, Design, Orchestrate, and Manage and include Health Checks, Workshops, Deployments, and As-Is Migrations. These solutions support our customers' needs to assess, build, migrate and/or consolidate next-gen firewalls, network access controls, cloud security, and all content security solutions. Our strategies and solutions follow the same goals of the NIST Cybersecurity Framework, which provides guidance for reducing cybersecurity risks by helping organizations to understand, assess, prioritize, and communicate about those risks and the actions that will reduce them. With thoughtful acquisitions of Focal Point and Sirius, CDW is now the largest security integrator in North America and has been recognized with more than 150 vendor partnerships and more than 15 Partner of the Year Awards. A quick overview of our security practice reveals: - Program Strategy and Operations 85+ risk, governance, and strategy experts - Cyber Resilience and Compliance 35+ cyber security and advisory consultants - Identity and Access Management 110+ advisors, engineers, and architects - Cloud and Application Security 10+ cloud security specialists - Secure Infrastructure 60+ physical, network, and IR engineers and architects - Skills and Training 20+ workforce specialists - Threat and Innovation 65+ cyber defense experts
92	Please list any certifications or testing results you or your partner(s) hold which show security posture in your proposed solutions, if applicable.	CDW's security teams blend training and certifications from industry organizations, vendors, and CDW proprietary methodologies. Sample certifications include: Industry - CISSP – Certified Information Systems Security Professional - CISA – Certified Information Systems Auditor - CIPP – Certified Information Privacy Professional - PCI QSA – PCI Qualified Security Assessor - CEH – Certified Ethical Hacker - PMP – Project Management Professional - CSM – Certified Scrum Master Vendor - Cisco CCNPs and CCIEs - Splunk Certified Consultants and Enterprise Architects - AWS Cloud Security Architects - Microsoft Certified Systems Engineers - Palo Alto Certified Network Security Professionals - SailPoint Certified Engineers and Architects - Okta Certified Professionals, Administrators, and Architects - CyberArk Certified Delivery Engineers CDW sponsors, supports, or aligns methodologies with the training and resources of the following standard-setting bodies: - CSA – Cloud Security Alliance - CISA – Cybersecurity and Infrastructure Security Agency - iapp – International Association of Privacy Professionals - IDSA – Identity Defined Security Alliance - IIA – The Institute of Internal Auditors - ISACA – Information Systems Audit and Control Association (ISC)2 – International System Security Certification Consortium - NACD – National Association of Corporate Directors - NIST – National Institute of Security Standards - PCISSC – PCI Security Standards Council

93	Describe how you deliver cloud solutions in accordance with the NIST definition of cloud computing, if applicable.	At CDW, we understand the complexities of cloud can lead to increased cost, decreased visibility and vendor lock-in. With industry-leading hybrid and multicloud architects, CDW's Hybrid Cloud and Multicloud team empowers organizations to adopt cloud-native best practices. Whether hybrid or multi, private or public, we help Sourcewell Members define and reach their cloud vision and goals. Our flexible approach and extensive cloud solution options falls in line with the NIST definition of cloud computing, which calls for "a model for enabling ubiquitous, convenient, on-demand network access to a shared pool of configurable computing resources (e.g., networks, servers, storage, applications, and services) that can be rapidly provisioned and released with minimal management effort or service provider interaction." CDW's Hybrid Cloud and Multicloud practice provides multiple engagement models and delivery mechanisms, allowing Sourcewell Members to select the solution(s) that best suit their needs and digital priorities including: Discovery: Identifies and documents your existing cloud and cloud-native infrastructure and software delivery lifecycle processes. Assessment: Provides evaluations and remediation recommendations based on environment discovery, to meet and exceed cloud-native industry best practices for agile and secure workloads. Design: Provides environment designs specific to your business requirements, and a prescriptive path for getting there. Adoption: Provides education and implementation of the hands-on tools, platforms and processes needed for successfully adopting cloud-native patterns on public cloud or private infrastructure. Strategy: Analyze your application business requirements and provide concrete recommendations for the improvements needed in process, culture, tools and/or people. Proof of Concept: Assist in testing new cloud-native platforms, products and processes, and vet their compatibility in your cloud environments. Implementation: Once vetted, our engineers will implement the designed solution. Custom Development: Additional, non-standard requirements or requests can be proposed, tested, and implemented. Support and Consistency: Ongoing review, support, and managed consistency services to proactively deliver guidance and management recommendations specific to your cloud environment.
94	Describe which deployment methods you provide cloud-based services (e.g., private cloud, community cloud, public cloud, or hybrid cloud), if applicable.	CDW's Hybrid Cloud and Multicloud team empowers Sourcewell Members to adopt cloud-native best practices. Whether hybrid or multi-, public or private, CDW helps customers define and reach their cloud vision.

Table 17A: Category 3 - Depth and Breadth of Offered Equipment Products and Services

Indicate below if the listed types or classes of equipment, products, and services are offered within your proposal. Provide additional comments in the text box provided, as necessary.

Line Item	Category or Type	Offered *	Comments

95	IT Asset Management Services, including hardware and software asset management, software as a service management, audit management, maturity assessments, sustainability solutions, and repair and maintenance;	☒ Yes ☐ No	Sourcewell Members working with CDW•G have access to all of their IT asset purchases through Rubi and the Rubi by CDW mobile app – CDW's trusted digital advisor for customers. Rubi's Asset Hub displays technology assets in an easy-to-understand manner and helps reduce the time and effort to uncover emerging and urgent technology needs such as: - Visibility to all hardware and software purchased at CDW reducing the time and effort of manually tracking or waiting for a report from CDW. - Software expiration dates are based on the invoice date and the duration of the license or subscription. Other factors such as activation date may also play into the expiration. - Quick-glance summaries to identify technology that need immediate attention including software renewals, hardware age, and a consolidated snapshot of the entire product portfolio. - Proactive renewal notifications before technology, licenses, or subscriptions expire. - Filters to easily pinpoint asset groups or products by category, brand, age, and even estimated renewal dates. - Quick search for individual assets by serial number and CDW-applied asset tags. CDW•G also offers a variety of IT Asset Management (ITAM) solutions including: Project-Based Engagement: These engagements provide visibility into your license position for a specific publisher or set of publishers. Assessing real data, rather than relying on estimates, shows your decision-makers where the organization stands and builds a business case for implementing ITAM. Maturity Assessment: Maturity assessments are designed to review your IT Asset Management policies, procedures, and tools, and provide you with a detailed outline of potential areas of risk for your business. Ongoing ITAM Solutions: If you want to ensure consistent visibility into your IT assets, CDW can work with you to provide long-term guidance and customized ITAM support services to drive improvement throughout your ITAM journey. Technology Solutions: Our partnerships with industry-leading vendors – Including Certero, Flexera, ServiceNow, Snow, and Zyl0 – enable us to match Sourcewell Members with the technology solution that best fits their ITAM goals and environment. These solutions in turn deliver accurate inventory data using standardized platforms to empower better decision-making.
96	IT datacenter decommissioning, including planning and valuation, data shredding, de-racking, de-cabling, de-powering, and packing; and,	☒ Yes ☐ No	Datacenter migrations and shutdowns are not a one-size-fits-all solution, as each customer and data center project have unique business requirements and processes. These business objectives drive the assessment, planning, and execution phases of CDW's Data Center Migration Services, helping to ensure effectiveness and minimize impact to business operations. Our Data Center team leverages experience and expertise to provide an overall solution designed to move or decommission workloads efficiently. Offered as part of CDW Lifecycle Refresh Services, specific datacenter decommissioning services address planning and valuation, data shredding and wiping, de-racking, de-cabling, and de-powering and include: - Removal and safe disposal of retired assets - Field technicians for proper de-install - Packing and palletization assistance - Secure transport and chain of custody - Audit of assets with detailed reporting - Certified Data Erasure/Destruction services (NIST 800-88 Standard) - Electronics recycling

97	IT Asset Disposal and Retirement Services, including secure data destruction, serialization, asset value recovery, recycling, remarketing, refurbishing, onsite collection, and ESG reporting.	☒ Yes ☐ No	How We Work with our ITAD Partners CDW ITAD Services help customers manage end-of-product-lifecycles and safely, securely, and cost-effectively dispose of old equipment. ITAD includes device wiping, removal, evaluation, and recycling. Proper ITAD involves completely wiping devices of sensitive data and environmentally responsible recycling and disposal of e-waste. ITAD helps shield customers from the inherent financial, legal, and environmental risks associated with IT equipment retirement and disposal. Working with their segment-specific, dedicated account teams, customers simply submit a request, and we initiate and oversee equipment removal, audit, test, and wipe for all devices. On completion, customers receive a complete, detailed report that includes a buyback rebate on your CDW•G account for any devices of value. CDW ITAD Services accepts servers, networking equipment, storage devices, laptops, desktops, displays, printers, Chromebooks, smartphones, and tablets. A Full Lifecycle Refresh Solution CDW Lifecycle Refresh Services eliminate the risk in disposing of old IT equipment. Our ITAD Services include: - Removal and safe disposal of retired assets - Field technicians for proper de-install - Packing and palletization assistance - Secure transport and chain of custody - Audit of assets with detailed reporting - Certified Data Erasure/Destruction services (NIST 800-88 Standard) - Electronics recycling

Table 17B: Category 3 - Industry Specific Questions

Table 17B: Industry Specific Questions relate to products and services offered in Category 3 (see Table 17A).

Line Item	Question	Response
98	Please list any certifications your company or your delivery partner(s) hold which are relevant to IT Asset Lifecycle Services, such as R2v3, e-Stewards, NAID AAA, ISO 9001, ISO 14001, ISO 45001, and ITAM Forum.	International Organization for Standardization (ISO) certified since 2001, CDW has a mature, well-defined Quality Management Systems that include continued compliance to the following relevant ISO Standards: ISO 9001 – Quality Management System: Sales, configuration, and support of computer and related technology within both of CDW's Configuration Centers. ISO 14001 – Environmental Management System: The environmental activities related to product/service management, inventory control, shipping, returns management, and receiving for computers and related technologies, excluding the office, cafeterias, and the lessee area. In addition, our delivery partners also hold NAID AAA, e-Stewards, and i-SIGMA certifications.
99	Please indicate the standards to which hard drives are wiped, such as the Department of Defense or NIST standard 800-88.	As part of compliance with government and industry requirements, CDW•G adheres to various standards which includes NIST Special Publication 800-88 (NIST SP 800-88), Guidelines for Media Sanitization.

Exceptions to Terms, Conditions, or Specifications Form

Only those Proposer Exceptions to Terms, Conditions, or Specifications that have been accepted by Sourcewell have been incorporated into the contract text.

Documents

Ensure your submission document(s) conforms to the following:

1. Documents in PDF format are preferred. Documents in Word, Excel, or compatible formats may also be provided.
2. Documents should NOT have a security password, as Sourcewell may not be able to open the file. It is your sole responsibility to ensure that the uploaded document(s) are not either defective, corrupted or blank and that the documents can be opened and viewed by Sourcewell.
3. Sourcewell may reject any response where any document(s) cannot be opened and viewed by Sourcewell.
4. If you need to upload more than one (1) document for a single item, you should combine the documents into one zipped file. If the zipped file contains more than one (1) document, ensure each document is named, in relation to the submission format item responding to. For example, if responding to the Marketing Plan category save the document as "Marketing Plan."

Addenda, Terms and Conditions

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.
6. If awarded a contract, the Proposer will provide to Sourcewell Participating Entities the equipment, products, and services in accordance with the terms, conditions, and scope of a resulting contract.
7. The Proposer possesses, or will possess before delivering any equipment, products, or services, all applicable licenses or certifications necessary to deliver such equipment, products, or services under any resulting contract.
8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;
 2. Included on the government-wide exclusions lists in the United States System for Award Management found at: <https://sam.gov/SAM/>; or
 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

☒ By checking this box I acknowledge that I am bound by the terms of the Proposer's Affidavit, have the legal authority to submit this Proposal on behalf of the Proposer, and that this electronic acknowledgment has the same legal effect, validity, and enforceability as if I had hand signed the Proposal. This signature will not be denied such legal effect, validity, or enforceability solely because an electronic signature or electronic record was used in its formation. - David Hutchins, VP, Strategic Programs, CDW Government LLC

The Proposer declares that there is an actual or potential Conflict of Interest relating to the preparation of its submission, and/or the Proposer foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the bid.

☐ Yes ☒ No

The Bidder acknowledges and agrees that the addendum/addenda below form part of the Bid Document.

City of Mesa, AZ

Contract # 2018011-01

for

Information Technology Solutions and Services

with

CDW Government, LLC

Effective: March 1, 2018

The following documents comprise the executed contract between the City of Meza, AZ and CDW Government, LLC., effective March 1, 2018:

- I. Executed Contract
- II. Mayor and Council Approval
- III. Supplier Response
- IV. Original RFP

COUNCIL MINUTES

February 5, 2018

The City Council of the City of Mesa met in a Regular Council Meeting in the Council Chambers, 57 East 1st Street, on February 5, 2018 at 5:45 p.m.

COUNCIL PRESENT

John Giles
David Luna
Mark Freeman
Christopher Glover
Francisco Heredia
Kevin Thompson
Jeremy Whittaker

COUNCIL ABSENT

None

OFFICERS PRESENT

Christopher Brady
Dee Ann Mickelsen
Jim Smith

Mayor's Welcome.

Invocation by Pastor Ben Diaz with Palabra de Vida (Word of Life).

Pledge of Allegiance was led by Councilmember Thompson.

Awards, Recognitions and Announcements.

There were no awards, recognitions or announcements.

1. Take action on all consent agenda items.

All items listed with an asterisk (*) will be considered as a group by the City Council and will be enacted with one motion. There will be no separate discussion of these items unless a Councilmember or citizen requests, in which event the item will be removed from the consent agenda and considered as a separate item. If a citizen wants an item removed from the consent agenda, a blue card must be completed and given to the City Clerk prior to the Council's vote on the consent agenda.

It was moved by Councilmember Thompson, seconded by Councilmember Glover, that the consent agenda items be approved.

Carried unanimously.

*2. Approval of minutes from previous meetings as written.

Minutes from the January 8, 11, and 22, 2018 Council meetings.

3. Take action on the following liquor license applications:

*3-a. It Ain't Chemo

This is a one-day event to be held on Saturday, February 10, 2018 from 9:00 A.M. to 9:00 P.M. at Riverview Park, 2100 West Rio Salado Parkway. **(District 1)**

*3-b. AMC Superstition East 12

A multi-screen cinema is requesting a new Series 6 Bar License for American Multi-Cinema Inc., 1935 South Signal Butte Road - Andrea Dahlman Lewkowitz, agent. There is no existing license at this location. **(District 6)**

*3-c. ATL Wings

A restaurant that serves lunch and dinner is requesting a new Series 12 Restaurant License for Stapley Wings LLC, 1455 South Stapley Drive, Suites 22-24 - Andrea Dahlman Lewkowitz, agent. The existing license held by Mark Killian, sole proprietor, will revert to the State. **(District 4)**

*3-d. Elgin Distillery

This is a one-day craft distillery festival to be held on Saturday, March 3, 2018 from 9:00 A.M. to 4:00 P.M. at Sunland Village, 4601 East Dolphin Avenue. **(District 2)**

*3-e. Village of Elgin Winery

This is a one-day wine festival event to be held on Saturday, March 3, 2018 from 9:00 A.M. to 4:00 P.M. at Sunland Village, 4601 East Dolphin Avenue. **(District 2)**

4. Take action on the following off-track betting license application:

*4-a. Turf Paradise, TP Racing LLLP

New Off-Track Betting License for Turf Paradise, TP Racing LLLP to telecast at Moose & Bear, located at 118 East McKellips Road, Suite 103, TB Concepts LLC. Applicant: Vincent Acri Francia. **(District 1)**

5. Take action on the following contracts:

*5-a. One-Year Renewal to the Term Contract for Executive Physicals for Citywide Departments as requested by the Human Resources Department. **(Citywide)**

This contract provides annual physicals for the City's executive staff as a means of maintaining optimum health. There are approximately 65-70 positions eligible to participate in this program.

The Human Resources Department and Purchasing recommend authorizing the renewal contract with Banner Occupational Health Clinics, at \$88,500, based on estimated usage.

- *5-b. One-Year Renewal to the Term Contract for Deceased Animal Collection Services for the Community Services Department. **(Citywide)**

This contract provides a vendor to collect and dispose of deceased animals up to 150 pounds that are reported within the City. The contractor is responsible for the proper disposal by cremation or other means in accordance with the standards and methods approved by the Maricopa County Health Department.

The Community Services Department and Purchasing recommend authorizing the renewal contract with APM/Couts Enterprises, Inc., dba Arizona Pet Mortuary, at \$54,000, based on estimated usage.

- *5-c. Purchase of One Replacement Fire Apparatus, an Air Light/Rehab Unit, for the Fire and Medical Department (Sole Source). **(Citywide)**

The apparatus being replaced has met established replacement criteria and will be sold by a sealed bid process or traded-in as part of the City's fire apparatus purchase agreement with Pierce Manufacturing. In addition, Fire and Medical will trade-in two units to further offset the price for the Air/Light Rehab unit.

The Fire and Medical Department and Purchasing recommend authorizing the purchase using the City's five-year purchase agreement with Pierce Manufacturing Inc., through their designated local dealer, Hughes Fire Equipment Inc., at \$502,264.75. This purchase is funded by the Capital-General Fund and authorized 2013 Public Safety Bonds.

- *5-d. Three-Year Term Contract for Landscape Maintenance Services for Parks, Retention Basins and Sports Fields - Zones 1, 2, 3 and 4 for the Parks, Recreation and Community Facilities Department (PRCF). **(Citywide)**

These contracts provide landscape maintenance services for sports fields, parkways, medians, parks, retention basins or grounds adjacent to City facilities. The City has divided the landscaping into geographic areas known as Zones 1, 2, 3 and 4. PRCF has done an analysis to bring the work under this contract in-house and, at this time, contracting continues to be in the best financial interest of the City.

The evaluation committee recommends awarding the contract to the highest-scored proposal from Mariposa Landscape Arizona, Inc.; Zone 1, at \$1,435,319.57 annually; Zone 2, at \$959,183.45 annually; Zone 3, at \$974,364.20 annually; and Zone 4, at \$1,221,738.22 annually; based on estimated usage.

- *5-e. Three-Year Term Contract for Plumbing Services for the Parks, Recreation and Community Facilities Department. **(Citywide)**

This contract will establish a list of pre-qualified plumbing contractors to perform plumbing services on various City facilities/projects on an as-needed basis.

The evaluation committee recommends awarding the contract to the four, highest-scored proposals from Mesa Energy Systems Inc.; RKS Plumbing and Mechanical Inc.; Sun Mechanical Inc.; and W.D. Manor Mechanical Contractors, Inc.; cumulatively not to exceed \$100,000 annually, based on estimated usage.

- *5-f. Purchase of Furniture for the Main Library as requested by the Library Services Department. **(Citywide)**

This purchase will provide seating and tables for two new rooms at the Main Library, Teen Room and ThinkSpot. The Library worked with several vendors utilizing cooperative contracts specifying their needs and goals with this project.

The Library Services Department and Purchasing recommend authorizing the purchase using the Northern Arizona University cooperative contract with Atmosphere Commercial Interiors, at \$50,876.25.

- *5-g. Five-Year Term Contract with CDW Government, LLC and SHI International Corp. for Information Technology Solutions and Services for Various Departments throughout the City. **(Citywide)**

This contract will provide the City and participating agencies a full range of information technology solution products and services to meet varying requirements of governmental agencies. The scope of products and services available under these contracts include standard business and high-end workstations; laptop and notebook computers; network equipment; computer and network products and peripherals; monitors; various cloud, consulting, and technical support services; financing; various software products; and the contractors' comprehensive product offering.

Mesa, as the lead agency, has partnered with the National Intergovernmental Purchasing Alliance Company (National IPA) to lead this contract. The contract will be available to over 45,000 public agencies nationally. While no minimum volume is guaranteed to the suppliers, the estimated annual volume of IT Solutions purchased under this master agreement is approximately \$500 million per year. The City will receive rebates annually for administering and awarding this contract.

A committee representing the Police, and Information Technology Departments, City Manager's Office, Police-Information Technology, National IPA and Purchasing evaluated responses. The evaluation committee recommends awarding the contract to the highest-scored proposals from CDW Government, LLC and SHI International Corp., at \$3,100,000 annually, based on estimated usage.

- *5-h. One-Year Term Contract for Electrical and Lighting Supplies for the Materials and Supply Warehouse (for Citywide Departments). **(Citywide)**

Multiple departments use this Citywide contract for their miscellaneous electrical equipment and supplies.

The Business Services Department and Purchasing recommend authorizing the purchase using the State of Arizona cooperative contract with Border States Industries, Inc., at \$100,000, based on estimated usage.

- *5-i. Re-Award the Three-Year Term Contract for Microfilm Conversion Services for the Police Department. **(Citywide)**

This contract will provide services to convert Police Department data from microfilm to digital media. Police, Records Division use microfilm that is becoming worn and damaged. The previous vendor is unable to satisfactorily fulfill the contract requirements.

The Police Department and Purchasing recommend re-awarding the contract to the second highest scored proposal, ICM Conversions, at \$400,000 annually, based on estimated usage.

- *5-j. Purchase of Falcon District Brand Signage as requested by the Economic Development Department. **(Citywide)**

Continuing to build awareness and to promote the Falcon Field Economic Activity Area, this purchase for the Falcon District signage includes the installation of two branded monument signs to be located on Greenfield and Higley Roads, south of the 202. Additionally, the City will install utility and transit signal box wraps and will mount branded banners promoting aerospace, technology, and manufacturing on light poles around the airport.

The Economic Development Department and Purchasing recommend authorizing the purchase using the City of Peoria cooperative contract with YESCO Phoenix, at \$146,670.49. This purchase is funded by Local Streets Sales Tax.

- *5-k. Purchase of Three Replacement Rollback Trailers for the Transportation Department. **(Citywide)**

These trailers will replace three aging equipment trailers that are at the end of their service life. The trailers will meet the needs and safety requirements for transporting the large equipment required to perform street and right-of-way maintenance.

The Transportation Department and Purchasing recommend authorizing the purchase using the National Joint Powers Alliance contract with Empire Southwest (a Mesa business), at \$176,764.77. This purchase is funded by Local Streets Sales Tax.

- *5-l. One-Year Renewal to the Term Contract for Radio-Based Endpoint Encoders (for Water Meter Reading) for the Water Resources Department. **(Citywide)**

This contract provides Itron radio-based endpoint encoders and accessories purchased directly from Itron, Inc., the manufacturer. The endpoint stores 40 days of hourly reads to ensure data integrity and offers advanced customer side leak detection and reverse flow and tamper alarms. Water Utility installs approximately 540 radio-based endpoint encoders on new and existing meters annually.

The Water Resources Department and Purchasing recommend authorizing the renewal with Itron, Inc., at \$100,000, based on estimated usage.

- *5-m. Purchase of Water Treatment Plant Shop Tools and Equipment for the New Signal Butte Water Treatment Plant as requested by the Water Resources Department. **(Citywide)**

This purchase is for tools and equipment needed for the start-up and maintenance in the various shops at the new Signal Butte Water Treatment Plant.

The Water Resources Department and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidders: Copper State Bolt & Nut Co. (a Mesa business); Glendale Industrial Supply, LLC, dba UNICOA Construction and Industrial Supply; Mallory Safety & Supply LLC; and W.W. Grainger, Inc.; cumulatively not to exceed \$153,000, based on estimated usage.

- *5-n. One-Year Renewal to the Term Contract for Fire Hydrant Water Meters for the Water Resources Department. **(Citywide)**

This contract provides 3" fire hydrant water meters to accurately measure construction water use of fire hydrants. The meters are installed by Water Utility staff to serve contractors and other customers needing to connect to City fire hydrants for temporary construction water service and dust control purposes.

The Water Resources Department and Purchasing recommend authorizing the renewal with Badger Meter Inc., dba National Meter Automation, at \$35,000, based on estimated usage.

- *5-o. Greenfield Water Reclamation Plant (GWRP), Phase III Expansion Guaranteed Maximum Price (GMP) No. 2. **(Citywide)**

The City of Mesa, Town of Gilbert, and Town of Queen Creek seek to provide an additional 14 million gallons per day annual average day flow of liquids and solids treatment capacity at the existing GWRP, complete with the required infrastructure, technology, and environmental features to ensure a reliable, efficient, and expanded plant to meet the current and future demands.

Staff recommends awarding the contract for the completion of this project to McCarthy Building Companies in the amount of \$120,302,333 and authorize a change order allowance \$6,015,117 (5%) for a total project amount of \$126,317,450. This project is funded by the Greenfield Water Reclamation Plant Joint Venture Fund, with contributions coming from its members based on usage. Mesa's portion of this GMP is \$72,229,521 and is funded by 2014 authorized Wastewater Bonds.

- *5-p. Sewer Pipe and Manhole Rehabilitation: Mesa Drive, Millet Avenue, Horne, and 6th Avenue. **(District 4)**

The existing sanitary sewer lines covered by this project were built during the 1950's and 1960's. The age of these pipes greatly increases their risk of failure and emergency repairs. This method of construction can be completed while leaving the pipe in place and without excavation. Similarly, the sewer manholes will be cleaned, repaired, and coated in place. Only the concrete adjustment rings will be removed and replaced.

Staff recommends awarding the contract for this project to the lowest, responsible bidder, B and F Contracting, Inc, in the amount of \$1,394,294.67, and authorize a change order allowance in the amount of \$139,430 (10%), for a total amount of \$1,533,724.67. Funding for this project is available from the 2014 Wastewater Bond Program.

- *5-q. Sidewalks at Railroad Crossing on Alma School. **(Districts 3 and 4)**

To continue to meet current railroad approach and clearance standards at the Alma School Road railroad crossing, additional safety improvements will need to be made. The project improvements for roadway and sidewalk approach at this location will facilitate greater public safety and needed clearances from railroad signals along with a smoother roadway crossing of the Union Pacific Railroad track. Mesa will participate in the federally-funded Railway-Highway Grade Crossing Program, and will be responsible

for adjusting the existing concrete sidewalks around the proposed cantilevers and gates, and installing concrete medians.

This project was previously awarded by Council on July 10, 2017, however, the previously selected contractor could not comply with the federal requirements and the project was released for bid a second time.

Staff recommends awarding the contract to the lowest, responsible bidder, AJP Electric, in the amount of \$149,494, plus an additional \$14,949 (10%) as a change order allowance, for a total amount of \$164,443. Funding is available from the Local Streets Sales Tax, of which 94.3% will be reimbursed by Arizona Department of Transportation (Federal) Grant under the Railway-Highway Grade Crossing.

6. Take action on the following resolutions:

- *6-a. Approving and authorizing the City Manager to submit the Second Substantial Amendment to the Fiscal Year 2017/2018 Annual Action Plan to the U.S. Department of Housing and Urban Development related to the allocation of funding obtained under the Community Development Block Grant (CDBG) program. This Amendment will allow for reallocation of \$600,000 in CDBG funds from the Senior Center Renovation Project (247 North Macdonald) to the Eagles Park Project (828 East Broadway Road). **(District 4)** – Resolution No. 11088.
- *6-b. Approving and authorizing the City Manager to enter into a Grant Agreement with the Arizona Department of Public Safety to accept \$1,335,284 in Victims of Crime Act (VOCA) grant funds. The finding will be used for salaries and expenses for the Mesa Prosecutors Office, Victim Services Unit for a three-year period. **(Citywide)** – Resolution No. 11089.
- *6-c. Approving and authorizing the City Manager to enter into a Lease Agreement with New Cingular Wireless PCS for a cellular site on a portion of 5950 East Virginia Street, also known as Mesa Fire Station 214. **(District 5)** – Resolution No. 11090.
- *6-d. Approving and authorizing the City Manager to enter into a Development Agreement for City-Share Reimbursement with PPGN-Ray, LLLP, for the reimbursement of \$100,568 for regional street and street lighting improvements that are being required by the City in conjunction with a proposed residential development known as Crismon Road at PPGN, located at 5461 South Ellsworth Road. **(District 6)** – Resolution No. 11091.
- *6-e. Approving and authorizing the City Manager to enter into an Intergovernmental Agreement with the Maricopa County, Department of Transportation for the pavement rehabilitation of Adobe Road from Higley Road to Recker Road. The City will contribute an estimated \$54,417 for the portion of the project that is within City boundaries that will be funded from the 2013 Streets Bond Program. **(District 5)** – Resolution No. 11092.
- *6-f. Approving and authorizing the City Manager to enter into First Amendments to the Development Agreement, Ground and Air Lease, and License Agreement with 3W Management, LLC, to facilitate the development of, and job creation and retention at, the City-owned property generally located at the southwest corner of Main Street and South Pomeroy and 34 South Pomeroy, which is the development commonly known as The GRID. **(District 4)** – Resolution No. 11093.

7. Introduction of the following ordinance and setting February 26, 2018 as the date of the public hearing on this ordinance:

- *7-a. **ZON17-00323 (District 5)** The 8800 to 8900 blocks of East Main Street (south side). Located west of Red Mountain Freeway on the south side of Main Street (16.4± acres). Rezoning from RS-43 and GC to GC-PAD; and Site Plan Review. This request will allow for the development of an RV dealership and storage facility. Jeff Welker, Welker Development Resources, applicant; Roger D. Overson, owner.

Staff Recommendation: Approval with conditions

P&Z Board Recommendation: Approval with conditions (Vote: 6-0)

8. Discuss, receive public comment, and take action on the following ordinances:

- *8-a. **ZON17-00309 (District 2)** The 5200 block of East Inverness Avenue (south side). Located east of Higley Road south of the US60 Freeway (1.9 ± acres). Rezoning from RM-3-PAD to LC; and Site Plan Review. This request will allow for the development of a commercial building. John Schoenauer, HD Management, applicant; Sevilla, LLC, owner. – Ordinance No. 5419.

Staff Recommendation: Approval with conditions

P&Z Board Recommendation: Approval with conditions (Vote: 7-0)

- *8-b. **ZON17-00283 (District 6)** The 7100 to 7300 blocks of East Ray Road (north side). Located east of Power Road on the north side of Ray Road (56.0± acres). Rezone from LI-AF to LI-AF-PAD. This request will allow for the development of an industrial subdivision. Omar Cervantes, XCL Engineering, LLC, applicant; Phx-Mesa Gateway Airport 193, LLC, owner. – Ordinance No. 5420.

Staff Recommendation: Approval with conditions

P&Z Board Recommendation: Approval with conditions (Vote: 7-0)

- *8-c. **ZON17-00432 (District 3)** The 800 and 900 blocks of West Southern Avenue (south side), the 1200 and 1300 blocks of South Extension Road (west side), and the 800 and 900 blocks of West Grove Avenue (north side). Located at the southwest corner of Southern Avenue and Extension Road (19.3 ± acres). PAD Amendment; Site Plan Modification. This request will allow the development of a new multiple-residence building in an existing multiple-residence complex. Reese Anderson, Pew and Lake, PLC, applicant; Edward B. Frankel, Trustee of the Frankel Family Trust, owner. – Ordinance No. 5421.

Staff Recommendation: Approval with conditions

P&Z Board Recommendation: Approval with conditions (Vote: 7-0)

9. Take action on the following subdivision plat:

- *9-a. "Allred Ranch" **(District 2)** The 2900 to 3100 blocks of East Southern Avenue (north side), and the 900 to 1200 blocks of South Los Alamos (west side). Located east of

Lindsay Road on the north side of Southern Avenue. 108 RSL-4.5 PAD lots (25± acres).
KB Home Phoenix, Inc., developer; Dan Auxier, EPS Group, engineer.

Items not on the Consent Agenda

10. Items from citizens present.

There were no items from citizens present.

11. Adjournment.

Without objection, the Regular Council Meeting adjourned at 5:57 p.m.

ATTEST:

DEE ANN MICKELSEN, CITY CLERK

JOHN GILES, MAYOR

I hereby certify that the foregoing minutes are a true and correct copy of the minutes of the Regular Council Meeting of the City Council of Mesa, Arizona, held on the 5th day of February, 2018. I further certify that the meeting was duly called and held and that a quorum was present.

DEE ANN MICKELSEN, CITY CLERK

CITY OF MESA AGREEMENT PURSUANT TO SOLICITATION

This Agreement pursuant to solicitation ("Agreement") is entered into this 28th day of February, 2018, by and between the City of Mesa, Arizona, an Arizona municipal corporation ("City"), and **CDW GOVERNMENT LLC**, an Illinois limited liability company ("Contractor"). The City and Contractor are each a "Party" to the Agreement or together are "Parties" to the Agreement.

RECITALS

- A. The City issued solicitation number **2018011** ("Solicitation") for **INFORMATION TECHNOLOGY SOLUTIONS & SERVICES**, to which Contractor provided a response ("Response"); and
- B. The City Selected Contractor's Response as being in the best interest of the City and wishes to engage Contractor in providing the services/materials described in the Solicitation and Response.

In consideration of the reciprocal promises contained in the Agreement, and for other valuable and good consideration, which the Parties acknowledge the receipt and sufficiency of, the Parties agree to the following Terms & Conditions.

TERMS & CONDITIONS

- 1. **Term.** This Agreement is for a term beginning on **March 1, 2018** and ending on **February 28, 2023**. The use of the word "Term" in the Agreement includes the aforementioned period as well as any applicable extensions or renewals in accordance with this Section 1.
 - 1.1 **Renewals.** On the mutual written agreement of the Parties, the Term may be renewed up to a maximum of **two (2), one (1) year** periods. Any renewal(s) will be a continuation of the same terms and conditions as in effect immediately prior to the expiration of the then-current term.
 - 1.2 **Extension for Procurement Processes.** Upon the expiration of the Term of this Agreement, including any renewals permitted herein, at the City's sole discretion this Agreement may be extended on a month-to-month basis for a maximum of six (6) months to allow for the City's procurement processes in the selection of a Contractor to provide the services/materials provided under this Agreement. The City will notify the Contractor in writing of its intent to extend the Agreement at least thirty (30) calendar days prior to the expiration of the Term. Any extension under this Subsection 1.2 will be a continuation of the same terms and conditions as in effect immediately prior to the expiration of the then-current term.
 - 1.3 **Delivery.** Delivery shall be made to the location(s) contained in the Scope of Work within thirty (30) days after receipt of an order. Title to Products and risk of loss or damage during shipment pass from Contractor to City upon delivery to the destination specified on the applicable purchase order (F.O.B. Destination, freight prepaid and allowed). Contractor agrees to deliver all products to be delivered F.O.B. destination, freight pre-paid and allowed to various locations throughout the City. In many cases within the City, the Contractor may be asked to deliver all products to the front counter within a given department. For special orders, the Parties agree to negotiate in good faith an alternative delivery date when necessary. Notwithstanding the foregoing, title to software will remain with the applicable licensor(s), and the City's rights therein are contained in the license agreement between such licensor(s) and the City.
- 2. **Scope of Work.** The Contractor will provide the necessary staff, services and associated resources to provide the City with the services, materials, and obligations attached to this Agreement as **Exhibit A** ("Scope of Work") Contractor will be responsible for all costs and expenses incurred by Contractor that are incident to the performance of the Scope of Work unless otherwise

stated in **Exhibit A**. Contractor will supply all equipment and instrumentalities necessary to perform the Scope of Work. If set forth in **Exhibit A**, the City will provide Contractor's personnel with adequate workspace and such other related facilities as may be required by Contractor to carry out the Scope of Work.

The Agreement is based on the Solicitation and Response which are hereby incorporated by reference into the Agreement as if written out and included herein. In addition to the requirements specifically set forth in the Scope of Work, the Parties acknowledge and agree that the Parties shall perform in accordance with all terms, conditions, specifications and other requirements set forth within the Solicitation and Response unless modified herein.

3. **Orders.** Orders must be placed with the Contractor by either a: (i) Purchase Order when for a one-time purchase; (ii) procurement card; (iii) Delivery Order or Blanket Purchase Order for a requirements contract where multiple as-needed orders will be placed with the Contractor; (iv) Executed Statement of Work (SOW); or (v) Executed Cloud Service Order (CSO) Form. The City may use the Internet to communicate with Contractor and to place orders as permitted under this Agreement. Unless explicitly stated in a separate writing executed by the Parties, the terms and conditions on any order form, quote, or similar document provided by Contractor to the City will not take precedence over the language set forth in this Agreement or any of the documents outlined in Section 4 below.
4. **Document Order of Precedence.** In the event of any inconsistency between the terms of the body of the Agreement, Exhibits, Solicitation, and Response, the language of the documents will control in the following order.
 - a. Amendments to the Agreement
 - b. Agreement
 - c. Exhibits
 1. Mesa Standard Terms & Conditions (Exhibit C)
 2. Pricing (Exhibit B)
 3. Scope of Work (Exhibit A)
 4. Other Exhibits not listed above
 - d. Solicitation including any addenda
 - e. Contractor's Response
5. **Payment.** Subject to the provisions of the Agreement, the City will pay Contractor the sum(s) described in **Exhibit B** ("Pricing") in consideration of Contractor's performance of the Scope of Work during the Term.
6. **Pricing.** Contractor's pricing shall be in the format of a minimum percentage discount off a verifiable price index. Contractor may submit discounts for various manufacturers. At the time of purchase, Contractor may offer deeper discounts beyond the discounted price list, based on volume or other factors, as applicable. Minimum discounts will remain firm during the entirety of the Term of the Agreement, unless the Contractor requests to increase its discount percentage, and Pricing will include all charges that may be incurred in fulfilling requirement(s). In addition to decreasing prices for the balance of the Term due to a change in market conditions, a Contractor may conduct sales promotions involving price reductions for a specified lesser period. In the event a product is discontinued, Contractor will provide a product of the same or greater functionality, utilizing the discount structure.

It is the Contractor's responsibility to provide the City with an up-to-date price list for the duration of the Agreement.
- 6.1 **Prices.** All pricing discounts shall be firm for the Term and all extensions or renewals of the Term except where otherwise provided in this Agreement, and will include all costs of the Contractor providing the materials/service including transportation, insurance and

warranty costs. No fuel surcharges will be accepted unless allowed in this Agreement. The City shall not be invoiced at prices higher than those stated in the Agreement.

No price modifications will be accepted without proper request by the Contractor and response by the City's Purchasing Division.

- 6.2 **Price Adjustment.** Any requests for reasonable price adjustments must be submitted in accordance with this Section. Requests for adjustment in cost of labor and/or materials must be supported by appropriate documentation. There is no guarantee the City will accept a price adjustment; therefore, Contractor should be prepared for the Pricing to be firm over the Term of the Agreement. The City is only willing to entertain price adjustments based on an increase to Contractor's actual expenses or other reasonable adjustment in providing the services/materials under the Agreement. If the City agrees to the adjusted price terms, the City shall issue written approval of the change.

During the sixty (60) day period prior to the expiration of the then-current term date of the Agreement, the Contractor may submit a written request to the City to allow an increase to the prices in an amount not to exceed the twelve (12) month change in the ***Consumer Price Index for All Urban Consumers*** (CPI-U), US City Average, All Items, Not Seasonally Adjusted as published by the U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov/cpi/home.htm>). The City shall review the request for adjustment and respond in writing; such response and approval shall not be unreasonably withheld.

- 6.3 **Renewal and Extension Pricing.** Any extension of the Agreement will be at the same pricing as the initial term. If the Agreement is renewed in accordance with Section 1, pricing may be adjusted for amounts other than inflation that represent actual costs to the Contractor based on the mutual agreement of the Parties. Contractor may submit a request for a price adjustment along with appropriate supporting documentation demonstrating the cost to the Contractor. Renewal prices shall be firm for the term of the renewal period and may be adjusted thereafter as outlined in the Subsection 6.2. There is no guarantee the City will accept a price adjustment.

- 6.4 **Invoices.** Payment will be made to Contractor following the City's receipt of a properly completed invoice. Any issues regarding billing or invoicing must be directed to the City Department/Division requesting the service or material from the Contractor. A properly completed invoice should contain, at a minimum, all of the following:

- a. Contractor name, address, and contact information;
- b. City billing information;
- c. City contract number as listed on the first page of the Agreement;
- d. Invoice number and date;
- e. Payment terms;
- f. Date of service or delivery;
- g. Description of materials or services provided;
- h. If materials provided, the quantity delivered and pricing of each unit;
- i. Applicable taxes; and
- j. Total amount due.

- 6.5 **Payment of Funds.** Contractor acknowledges the City may, at its option and where available use a Procurement Card/e-Payables to make payment for orders under the Agreement; otherwise, payment will be through a traditional method of a check or Electronic Funds Transfer (EFT) as available.

- 6.6 **Disallowed Costs, Overpayment.** If at any time the City determines that a cost for which payment was made to Contractor is a disallowed cost, such as an overpayment or a charge for materials/service not in accordance with the Agreement, the City will notify Contractor in writing of the disallowance; such notice will state the means of correction which may be, but is not limited to, adjustment of any future claim/invoice submitted by Contractor in the amount of the disallowance or to require repayment of the disallowed amount by Contractor. Contractor will be provided with the opportunity to respond to the notice.

7. **Insurance.**

- 7.1 Contractor must obtain and maintain at its expense throughout the Term of the Agreement, at a minimum, the types and amounts of insurance set forth in this Section 7 from insurance companies authorized to do business in the State of Arizona; the insurance must cover the materials/service to be provided by Contractor under the Agreement. For any insurance required under the Agreement, Contractor will name the City of Mesa, its agents, representatives, officials, volunteers, officers, elected officials, and employees as additional insured, as evidenced by providing either an additional insured endorsement or proper insurance policy excerpts.
- 7.2 Nothing in this Section 7 limits Contractor's responsibility to the City. The insurance requirements herein are minimum requirements for the Agreement and in no way limit any indemnity promise(s) contained in the Agreement.
- 7.3 The City does not warrant the minimum limits contained herein are sufficient to protect Contractor and subcontractor(s) from liabilities that might arise out of performance under the Agreement by Contractor, its agents, representatives, employees, or subcontractor(s). Contractor is encouraged to purchase additional insurance as Contractor determines may be necessary.
- 7.4 Each insurance policy required under the Agreement must be in effect at or prior to the execution of the Agreement and remain in effect for the Term of the Agreement.
- 7.5 Prior to the execution of the Agreement, Contractor will provide the City with a Certificate of Insurance (using an appropriate "ACORD" or equivalent certificate) signed by the issuer with applicable endorsements. The City reserves the right to request additional copies of any or all of the policies, endorsements, or notices relating thereto required under the Agreement.
- 7.6 When the City requires a Certificate of Insurance to be furnished, Contractor's insurance is primary of all other sources available. When the City is a certificate holder and/or an additional insured, Contractor agrees no policy will expire, be canceled, or be materially changed to affect the coverage available without advance written notice to the City.
- 7.7 The policies required by the Agreement must contain a waiver of transfer rights of recovery (waiver of subrogation) against the City, its agents, representatives, officials, volunteers, officers, elected officials, and employees for any claims arising out of the work of Contractor.
- 7.8 All insurance certificates and applicable endorsements are subject to review and approval by the City's Risk Management Division.
- 7.9 **Types and Amounts of Insurance.** Contractor must obtain and retain throughout the term of the Agreement, at a minimum, the following:
- 7.9.1 Worker's compensation insurance in accordance with the provisions of Arizona law. If Contractor operates with no employees, Contractor must provide the City

with written proof Contractor has no employees. If employees are hired during the course of this Agreement, Contractor must procure worker's compensations in accordance with Arizona law.

7.9.2 The Contractor shall maintain at all times during the term of this contract, a minimum amount of \$1 million per occurrence/\$2 million aggregate Commercial General Liability insurance, including Contractual Liability. For Commercial General Liability insurance, the City of Mesa, their agents, officials, volunteers, officers, elected officials or employees shall be named as additional insured, as evidenced by providing an additional insured endorsement.

7.9.3 Automobile liability, bodily injury and property damage with a limit of \$1 million per occurrence including owned, hired and non-owned autos.

8. **Requirements Contract.** Contractor acknowledges and agrees the Agreement is a requirements contract; the Agreement does not guarantee any purchases will be made (minimum or maximum). Orders will only be placed when the City identifies a need and issues a purchase order or a written notice to proceed. The City reserves the right to cancel purchase orders or a notice to proceed within three (3) business days of issuance; any such cancellation will be in writing. Should a purchase order or notice to proceed be canceled, the City agrees to reimburse Contractor for any actual and documented costs incurred by Contractor. The City will not reimburse Contractor for any avoidable costs incurred after receipt of cancellation including, but not limited to, lost profits, shipment of materials, or performance of services. The City reserves the right to purchase contracted items through other sources if determined in the best interests of the City to do so.

9. **Notices.** All notices to be given pursuant to the Agreement will be delivered to the Contractor at the address listed on Page 1 of this Agreement. Notice will be delivered pursuant to the requirements set forth the Mesa Standard Terms and Conditions that are attached to the Agreement as **Exhibit C**.

10. **Representations of Contractor.** To the best of Contractor's knowledge, Contractor agrees that:

- a. Contractor has no obligations, legal or otherwise, inconsistent with the terms of the Agreement or with Contractor's undertaking of the relationship with the City;
- b. Performance of the services called for by the Agreement do not and will not violate any applicable law, rule, regulation, or any proprietary or other right of any third party;
- c. Contractor will not use in the performance of Contractor's responsibilities under the Agreement any proprietary information or trade secret of a former employer of its employees (other than City, if applicable); and
- d. Contractor has not entered into and will not enter into any agreement, whether oral or written, in conflict with the Agreement.

11. **Mesa Standard Terms and Conditions.** **Exhibit C** to the Agreement is the Mesa Standard Terms and Conditions as modified by the Parties, which are incorporated by reference into the Agreement as though fully set forth herein. In the event of any inconsistency between the terms of the Agreement and the Mesa Standard Terms and Conditions, the language of the Agreement will control. The Parties or a Party are referred to as a "party" or "parties" in the Mesa Standard Terms and Conditions. The Term is referred to as the "term" in the Mesa Standard Terms and Conditions.

12. **Counterparts and Facsimile or Electronic Signatures.** This Agreement may be executed in two (2) or more counterparts, each of which will be deemed an original and all of which, taken together, will constitute one agreement. A facsimile or other electronically delivered signature to the

Agreement will be deemed an original and binding upon the Party against whom enforcement is sought.

13. **Incorporation of Recitals and Exhibits.** All Recitals and Exhibits to the Agreement are hereby incorporated by reference into the Agreement as if written out and included herein. In the event of any inconsistency between the terms of the body of the Agreement and the Exhibits, the language of the Agreement will control.

Exhibits to this Agreement are the following:

- (A) Scope of Work / Technical Specifications
- (B) Pricing
- (C) Mesa Standard Terms and Conditions

14. **Attorneys' Fees.** The prevailing Party in any litigation arising out of the Agreement will be entitled to the recovery of its reasonable attorney's fees, court costs, and other litigation related costs and fees from the other Party.
15. **Additional Acts.** The Parties agree to execute promptly such other documents and to perform such other acts as may be reasonably necessary to carry out the purpose and intent of the Agreement.
16. **Headings.** The headings of the Agreement are for reference only and will not limit or define the meaning of any provision of the Agreement.

By executing below, each Party acknowledges that it understands, approves, and accepts all of the terms of the Agreement and the attached exhibits.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first above written.

EXHIBIT A

SCOPE OF WORK

1. **MINIMUM REQUIREMENTS.** Contractor must meet the following minimum qualifications:
 - a. A full range of information technology solution products and services to meet varying requirements of governmental agencies.
 - b. Have a strong national presence as a computer solutions provider.
 - c. Have a distribution model capable of delivering products, free of charge, in a timely manner on a nationwide basis.
 - d. Have a demonstrated sales presence.
 - e. Ability to provide a toll-free telephone and state of the art electronic facsimile and internet ordering and billing capabilities.
 - f. Be able to meet the minimum requirements of the cooperative purchasing program detailed herein.

2. **ORDERING.** Although the City is open to alternate ordering methods, the primary methods for customers placing orders with the Contractor is through the following:
 - a. Online
 - b. Telephone
 - c. Fax
 - d. Email

3. **SCOPE OF PRODUCTS.** Contractor will provide the ability to purchase a comprehensive, wide variety of Information Technology Solution Products including, but not limited to, the following categories:
 - a. Personal Computer Systems: National brand name desktop PCs, notebooks and laptops from Enterprise Tier and Middle Tier Contractors that are business related computers, manufactured by companies, such as, Apple, COMPAQ, Dell, Gateway, Hewlett Packard, IBM / Lenovo and Toshiba.
 - b. Standard Business Workstation: These will be used for typical tasks, which will include word processing, spreadsheet analysis, database management, business graphics, statistical analysis, internet, and other office automation activities. Product will include the operating system license, software media and documentation in the hardware shipment.
 - c. High End Workstation: These will be used by application developers using GIS, CASE or other high-level language development tools, Computer Aided Design and Drafting professional, Internet Application developers or other sophisticated application work. Product will include the operating system license, software media and documentation in the hardware shipment.
 - d. Laptop Computer or Notebook: These will be used by traveling or remote access users for typical office automation and business productivity use. With a port replicator or docking station, it may also be used as a standard desktop. Product will include the operating system license, software media and documentation in the hardware shipment.
 - e. Network Equipment: This includes equipment primarily used for communications over an IP network. This includes layer 2 and layer 3 switches, routers, area wireless access points, point-to-point wireless access, optics, media interfaces (i.e. serial, T1, T3, OC3) and fiber channel. Class of equipment should include home office, small and medium business, and enterprise. Contractors may include, but not limited to, Cisco Systems, Dell, Juniper Networks, HP, Extreme Networks, Enterasys Networks, D-Link, Netgear, and Brocade Communications Systems.

EXHIBIT A

SCOPE OF WORK

- f. Monitors: These will include plug and play compatible monitors that are manufactured for the above systems and/or any other brand that may be specifically called for by the ordering entity and which meet the most current UL and OSHA requirements.
 - g. Computer and Network Products and Peripherals: Complete availability of major manufacturers Product lines on items such as, but not limited to RAM, graphic accelerator cards, network interface cards, cables, printers, scanners, keyboards, drives, memory cards, cables, batteries, etc.
 - h. Services:
 - i. Services means such as, consulting, technical support, trade-ins, repair, design, analysis, configuration, implementation, installation, training, and maintenance, etc. In addition, services which are related to the design, use or operation of the Products being purchased such as system configurations, testing, hardware/software installation, upgrades, imaging, etc. as described generally in this Agreement and as more particularly described in a Statement of Work or SOW (meaning a document in electronic or written form that is signed and delivered by each of the Parties for the performance of Services).
 - ii. Cloud Computing means third party cloud computing and storage services, where Contractor acts as a rebiller only and has no control over the delivery of the cloud computing and storage services. City acknowledges that the cloud service provider, and not Contractor, will be responsible for performance of the Cloud Services. Also, before Contractor can sell cloud computing and/or storage services from a third party to the City, City must execute an agreement governing said cloud computing and/or storage services with the third-party cloud services provider.
 - i. Comprehensive Product Offering: Contractor's catalog and Services set forth in Exhibit B shall be available. The City reserves the right to accept or reject any or all items offered.
 - j. Financing: Options available such as lease programs and conditional sales contracts.
4. **LICENSES**. The City may be required to sign a separate agreement, rider or End User Licensing Agreement ("EULA"), or such other terms as required by manufacturers, software publisher, or cloud service provider.
5. **DEFECTIVE PRODUCT**. All defective Products shall be replaced and exchanged by the Contractor. The cost of transportation, re-shipping or other like expenses shall be paid by the Contractor and in the case of certain, special orders, other reasonable charges may be paid by the Contractor as defined in the order or as otherwise agreed to by the Parties. All replacement Products must be received by the City within seven (7) days of initial notification, when such products are in Contractor stock; if replacement Product is not in Contractor's stock, Contractor will use commercially reasonable efforts to order the product within one (1) business day of the initial notification from the City and will ensure product is received within seven (7) days after Contractor's receipt of the product.

CDW•G will work with Manufacturers and the City or Participating Agencies, as applicable, post award to ensure they are aware of and participating in special manufacturer programs.

CDW•G Account Managers will work with the City or Participating Agencies, as applicable, post award to determine if large orders qualify to receive additional discounts. These discounts are dependent on order size, delivery schedule and will be negotiated with Manufacturers.

As Apple's largest Corporate Channel Partner in the U.S., CDW•G has negotiated to offer Apple Products to Eligible Government and Educational Entities at the discount listed above and in the pricing table in this Exhibit B.

CDW•G Professional Services Offering			
Major Metro Service Areas			
Washington, DC New York City Metro Los Angeles San Francisco San Diego Boston Metro Chicago Federal Philadelphia Seattle	Raleigh Houston Tampa Atlanta National Dallas Cincinnati Detroit Minneapolis St. Louis/KC Denver Nashville Portland	Madison Wausau Milwaukee Appleton Grand Rapids Indianapolis Cleveland	
Services apply to both CDW•G executed professional services and services which are sub-contracted through a CDW•G authorized third party provider. Hourly or fixed rates will be negotiated based on the customer, geography, scope of the professional service engagement, and level of engineer required to perform the service. CDW•G will create a Statement of Work (SOW) detailing the exact scoping and pricing of the Services to be provided, which will be executed by CDW•G and the National IPA member prior to the start of Services. Sample SOW is included in our proposal. Expenses (T and E) may be an additional consideration depending on project specifics.

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

1. **INDEPENDENT CONTRACTOR.** It is expressly understood that the relationship of Contractor to the City will be that of an independent contractor. Contractor and all persons employed by Contractor, either directly or indirectly, are Contractor's employees, not City employees. Accordingly, Contractor and Contractor's employees are not entitled to any benefits provided to City employees including, but not limited to, health benefits, enrollment in a retirement system, paid time off or other rights afforded City employees. Contractor employees will not be regarded as City employees or agents for any purpose, including the payment of unemployment or workers' compensation. If any Contractor employees or subcontractors assert a claim for wages or other employment benefits against the City, Contractor will defend, indemnify and hold harmless the City from all such claims.
2. **SUBCONTRACTING.** Contractor may not subcontract work under this Agreement without the express written permission of the City. If Contractor has received authorization to subcontract work, it is agreed that all subcontractors performing work under the Agreement must comply with its provisions. Further, all agreements between Contractor and its subcontractors must provide that the terms and conditions of this Agreement be incorporated therein.
3. **ASSIGNMENT.** This Agreement may not be assigned either in whole or in part without first receiving the City's written consent. Any attempted assignment, either in whole or in part, without such consent will be null and void and in such event the City will have the right at its option to terminate the Agreement. No granting of consent to any assignment will relieve Contractor from any of its obligations and liabilities under the Agreement.
4. **SUCCESSORS AND ASSIGNS, BINDING EFFECT.** This Agreement will be binding upon and inure to the benefit of the parties and their respective permitted successors and assigns.
5. **NO THIRD-PARTY BENEFICIARIES.** This Agreement is intended for the exclusive benefit of the parties. Nothing set forth in this Agreement is intended to create, or will create, any benefits, rights, or responsibilities in any third parties.
6. **NON-EXCLUSIVITY.** The City, in its sole discretion, reserves the right to request the materials or services set forth herein from other sources when deemed necessary and appropriate. No exclusive rights are encompassed through this Agreement.
7. **AMENDMENTS.** There will be no oral changes to this Agreement. This Agreement can only be modified in a writing signed by both parties. No charge for extra work or material will be allowed unless approved in writing, in advance, by the City and Contractor.
8. **TIME OF THE ESSENCE.** Time is of the essence to the performance of the parties' obligations under this Agreement.
9. **COMPLIANCE WITH APPLICABLE LAWS.**
 - a. **General.** Contractor must procure all permits and licenses, and pay all charges and fees necessary and incidental to the lawful conduct of business. Contractor must stay fully informed of existing and future federal, state, and local laws, ordinances, and regulations that in any manner affect the fulfillment of this Agreement and must comply with the same at its own expense. Contractor bears full responsibility for training, safety, and providing necessary equipment for all Contractor personnel to achieve throughout the term of the Agreement. Upon request, Contractor will demonstrate to the City's satisfaction any programs, procedures, and other activities used to ensure compliance.
 - b. **Drug-Free Workplace.** Contractor is hereby advised that the City has adopted a policy establishing a drug-free workplace for itself and those doing business with the City to ensure the safety and health of all persons working on City contracts and projects. Contractor will require a drug-free workplace for all Contractor personnel working under this Agreement. Specifically, all Contractor personnel who are working under this Agreement must be notified in writing by Contractor that they are prohibited from the manufacture, distribution, dispensation, possession, or unlawful use of a controlled substance in the workplace.

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

Contractor agrees to prohibit the use of intoxicating substances by all Contractor personnel, and will ensure that Contractor personnel do not use or possess illegal drugs while in the course of performing their duties.

- c. **Federal and State Immigration Laws.** Contractor agrees to comply with the Immigration Reform and Control Act of 1986 (IRCA) in performance under this Agreement and to permit the City and its agents to inspect applicable personnel records to verify such compliance as permitted by law. Contractor will ensure and keep appropriate records to demonstrate that all Contractor personnel have a legal right to live and work in the United States.
- i. As applicable to Contractor, under the provisions of A.R.S. § 41-4401, Contractor hereby warrants to the City that Contractor and each of its subcontractors will comply with, and are contractually obligated to comply with, all federal immigration laws and regulations that relate to their employees and A.R.S. § 23-214(A) (hereinafter "Contractor Immigration Warranty").
 - ii. A breach of the Contractor Immigration Warranty will constitute as a material breach of this Agreement and will subject Contractor to penalties up to and including termination of this Agreement at the sole discretion of the City.
 - iii. The City retains the legal right to inspect the papers of all Contractor personnel who provide services under this Agreement to ensure that Contractor or its subcontractors are complying with the Contractor Immigration Warranty. Contractor agrees to assist the City in regard to any such inspections.
 - iv. The City may, at its sole discretion, conduct random verification of the employment records of Contractor and any subcontractor to ensure compliance with the Contractor Immigration Warranty. Contractor agrees to assist the City in regard to any random verification performed.
 - v. Neither Contractor nor any subcontractor will be deemed to have materially breached the Contractor Immigration Warranty if Contractor or subcontractor establishes that it has complied with the employment verification provisions prescribed by Sections 274A and 274B of the Federal Immigration and Nationality Act and the E-Verify requirements prescribed by A.R.S. § 23-214 (A).
- d. **Nondiscrimination.** Contractor represents and warrants that it does not discriminate against any employee or applicant for employment or person to whom it provides services because of race, color, religion, sex, national origin, or disability, and represents and warrants that it complies with all applicable federal, state, and local laws and executive orders regarding employment. Contractor and Contractor's personnel will comply with applicable provisions of Title VII of the U.S. Civil Rights Act of 1964, as amended, Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act (42 U.S.C. § 12101 et seq.), and applicable rules in performance under this Agreement.
- e. **State Sponsors of Terrorism Prohibition.** Per A.R.S. § 35-392, Contractor must not be in violation of section 6(j) of the Federal Export Administration Act and subsequently prohibited by the State of Arizona from selling goods or services to the City.

10. **SALES/USE TAX, OTHER TAXES.**

- a. Contractor is responsible for the payment of all taxes including federal, state, and local taxes related to or arising out of Contractor's services under this Agreement, including by way of illustration but not limitation, federal and state income tax, Social Security tax, unemployment insurance taxes, and any other taxes or business license fees as required. If any taxing authority should deem Contractor or Contractor employees an employee of the City, or should otherwise claim the City is liable for the payment of taxes that are Contractor's responsibility under this Agreement, Contractor will indemnify the City for any tax liability, interest, and penalties imposed upon the City.

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

- b. The City is exempt from paying certain federal excise taxes and will furnish an exemption certificate upon request. The City is not exempt from state and local sales/use taxes.
11. **AMOUNTS DUE THE CITY.** Contractor must be current and remain current in all obligations due to the City during the performance of Services under the Agreement. Payments to Contractor may be offset by any delinquent amounts due the City or fees and charges owed to the City.
12. **PUBLIC RECORDS.** Contractor acknowledges that the City is a public entity, subject to Arizona's public records laws (A.R.S. § 39-121 et. seq.) and that any documents related to this Agreement may be subject to disclosure pursuant to state law in response to a public records request or to subpoena or other judicial process.
- a. If Contractor believes document related to the Agreement contains trade secrets or other proprietary data, Contractor must notify the City and include with the notification a statement that explains and supports Contractor's claim. Contractor also must specifically identify the trade secrets or other proprietary data that Contractor believes should remain confidential.
- b. In the event the City determines it is legally required to disclose pursuant to law any documents or information Contractor deems confidential trade secrets or proprietary data, the City, to the extent possible, will provide Contractor with prompt written notice by certified mail, fax, email or other method that tracks delivery status of the requirement to disclose the information so Contractor may seek a protective order from a court having jurisdiction over the matter or obtain other appropriate remedies. The notice will include a time period for Contractor to seek court ordered protection or other legal remedies as deemed appropriate by Contractor. If Contractor does not obtain such court ordered protection by the expiration of said time period, the City may release the information without further notice to Contractor.
13. **AUDITS AND RECORDS.** Contractor must preserve the records related to this Agreement for six (6) years after completion of the Agreement. The City or its authorized agent reserves the right to inspect any records related to the performance of work specified herein. In addition, the City may inspect any and all payroll, billing or other relevant records kept by Contractor in relation to the Agreement. Contractor will permit such inspections and audits during normal business hours and upon reasonable notice by the City. The audit of records may occur at Contractor's place of business or at City offices, as determined by the City. Notwithstanding the foregoing, any Agreement audits must be pursuant to a signed Confidentiality Agreement agreed to by both parties which will be subject to applicable law, including the Arizona Public Records law. Contractor is not required to keep original documents and copies of relevant documents will suffice for the purposes of this provision. The audit must be conducted during regular business hours at a mutually agreeable time and location, and upon reasonable advanced notice of records to be audited.
14. **BACKGROUND CHECK.** The City may conduct criminal, driver history, and all other requested background checks of Contractor personnel who would perform services under the Agreement or who will have access to the City's information, data, or facilities in accordance with the City's current background check policies. Any officer, employee, or agent that fails the background check must be replaced immediately for any reasonable cause not prohibited by law.
15. **SECURITY CLEARANCE AND REMOVAL OF CONTRACTOR PERSONNEL.** The City will have final authority, based on security reasons: (i) to determine when security clearance of Contractor personnel is required; (ii) to determine the nature of the security clearance, up to and including fingerprinting Contractor personnel; and (iii) to determine whether or not any individual or entity may provide services under this Agreement. If the City objects to any Contractor personnel for any reasonable cause not prohibited by law, then Contractor will, upon notice from the City, remove any such individual from performance of services under this Agreement.
16. **DEFAULT.**
- a. A party will be in default if that party:

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

- i. Is or becomes insolvent or is a party to any voluntary bankruptcy or receivership proceeding, makes an assignment for a creditor, or there is any similar action that affects Contractor's capability to perform under the Agreement;
 - ii. Is the subject of a petition for involuntary bankruptcy not removed within sixty (60) calendar days;
 - iii. Conducts business in an unethical manner as set forth in the City Procurement Rules Article 7 or in an illegal manner; or
 - iv. Fails to carry out any term, promise, or condition of the Agreement.
 - b. Contractor will be in default of this Agreement if Contractor is debarred from participating in City procurements and solicitations in accordance with Article 6 of the City's Procurement Rules.
 - c. **Notice and Opportunity to Cure.** In the event a party is in default then the other party may, at its option and at any time, provide written notice to the defaulting party of the default. The defaulting party will have thirty (30) days from receipt of the notice to cure the default; the thirty (30) day cure period may be extended by mutual agreement of the parties, but no cure period may exceed ninety (90) days. A default notice will be deemed to be sufficient if it is reasonably calculated to provide notice of the nature and extent of such default. Failure of the non-defaulting party to provide notice of the default does not waive any rights under the Agreement.
 - d. **Anticipatory Repudiation.** Whenever the City in good faith has reason to question Contractor's intent or ability to perform, the City may demand that Contractor give a written assurance of its intent and ability to perform. In the event that the demand is made and no written assurance is given within five (5) calendar days, the City may treat this failure as an anticipatory repudiation of the Agreement.
17. **REMEDIES.** The remedies set forth in this Agreement are not exclusive. Election of one remedy will not preclude the use of other remedies. In the event of default:
- a. The non-defaulting party may terminate the Agreement, and the termination will be effective immediately or at such other date as specified by the terminating party.
 - b. The City may purchase the services required under the Agreement from the open market, complete required work itself, or have it completed at the expense of Contractor. If the cost of obtaining substitute services exceeds the contract price, the City may recover the excess cost by: (i) requiring immediate reimbursement to the City; (ii) deduction from an unpaid balance due to Contractor; (iii) collection against the proposal and/or performance security, if any; (iv) collection against liquidated damages (if applicable); or (v) a combination of the aforementioned remedies or other remedies as provided by law. Costs includes any and all, fees, and expenses incurred in obtaining substitute services and expended in obtaining reimbursement, including, but not limited to, administrative expenses, attorneys' fees, and costs.
 - c. The non-defaulting party will have all other rights granted under this Agreement and all rights at law or in equity that may be available to it.
 - d. Neither party will be liable for incidental, special, or consequential damages.
18. **CONTINUATION DURING DISPUTES.** Contractor agrees that during any dispute between the parties, Contractor will continue to perform its obligations until the dispute is settled, instructed to cease performance by the City, enjoined or prohibited by judicial action, or otherwise required or obligated to cease performance by other provisions in this Agreement.
19. **TERMINATION FOR CONVENIENCE.** The City reserves the right to terminate this Agreement in part or in whole upon thirty (30) calendar days' written notice.
20. **TERMINATION FOR CONFLICT OF INTEREST (A.R.S. § 38-511).** Pursuant to A.R.S. § 38-511, the City may cancel this Agreement within three (3) years after its execution, without penalty or

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

further obligation, if any person significantly involved in initiating, securing, drafting, or creating the Agreement for the City becomes an employee or agent of Contractor.

21. **TERMINATION FOR NON-APPROPRIATION AND MODIFICATION FOR BUDGETARY CONSTRAINT.** The City is a governmental agency which relies upon the appropriation of funds by its governing body to satisfy its obligations. If the City reasonably determines that it does not have funds to meet its obligations under this Agreement, the City will have the right to terminate the Agreement without penalty on the last day of the fiscal period for which funds were legally available. In the event of such termination, the City agrees to provide written notice of its intent to terminate thirty (30) calendar days prior to the stated termination date.
22. **PAYMENT TO CONTRACTOR UPON TERMINATION.** Upon termination of this Agreement, Contractor will be entitled only to payment for those services performed up to the date of termination, and any authorized expenses already incurred up to such date of termination. The City will make final payment within thirty (30) calendar days after the City has both completed its appraisal of the materials and services provided and received Contractor's properly prepared final invoice.
23. **NON-WAIVER OF RIGHTS.** There will be no waiver of any provision of this agreement unless approved in writing and signed by the waiving party. Failure or delay to exercise any rights or remedies provided herein or by law or in equity, or the acceptance of, or payment for, any services hereunder, will not release the other party of any of the warranties or other obligations of the Agreement and will not be deemed a waiver of any such rights or remedies.
24. **INDEMNIFICATION/LIABILITY.**
- a. To the fullest extent permitted by law, Contractor agrees to defend, indemnify, and hold the City, its officers, agents, and employees, harmless from and against any and all liabilities, demands, claims, suits, losses, damages, causes of action, fines or judgments, including costs, attorneys', witnesses', and expert witnesses' fees, and expenses incident thereto, relating to, arising out of, or resulting from: (i) misconduct by Contractor personnel under this Agreement; (ii) any negligent acts, errors, mistakes or omissions by Contractor or Contractor personnel; and (iii) Contractor or Contractor personnel's failure to comply with this Agreement. However, notwithstanding the prior sentence, any claim shall not be an indemnified claim if such claim or damage was caused in whole by the actions of the City, its employees, agents, contractors or representatives.
 - b. Contractor will update the City during the course of the litigation to timely notify the City of any issues that may involve the independent negligence of the City that is not covered by this indemnification.
 - c. The City assumes no liability for actions of Contractor and will not indemnify or hold Contractor or any third party harmless for claims based on this Agreement or use of Contractor-provided supplies or Services.
 - d. IN THE EVENT OF ANY LIABILITY INCURRED BY CONTRACTOR OR ANY OF ITS AFFILIATES HEREUNDER, INCLUDING INDEMNIFICATION OF CITY BY CONTRACTOR, THE ENTIRE LIABILITY OF CONTRACTOR AND ITS AFFILIATES FOR DAMAGES FROM ANY CAUSE WHATSOEVER WILL NOT EXCEED \$5,000,000.00 OVER THE ENTIRE TERM OF THE AGREEMENT.
25. **WARRANTY.** Contractor warrants that the services and materials will conform to the requirements of Exhibit A. Additionally, Contractor warrants that all services will be performed in a good, workman-like and professional manner, as stated below.
- a. **Manufacturer's Warranty.** The City understands that the Contractor is not the manufacturer of the products purchased by the City hereunder and the only materials (product) warranties offered are those of the manufacturer, not the Contractor or its affiliates unless the manufacturer is the Contractor or its affiliates. THE CONTRACTOR AND ITS AFFILIATES HEREBY EXPRESSLY DISCLAIM ALL WARRANTIES EITHER EXPRESS OR IMPLIED,

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

RELATED TO PRODUCTS, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OF TITLE, ACCURACY, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WARRANTY OF NONINFRINGEMENT, OR ANY WARRANTY RELATING TO THIRD PARTY SERVICES. THE DISCLAIMER CONTAINED IN THIS PARAGRAPH DOES NOT AFFECT THE TERMS OF ANY MANUFACTURER'S WARRANTY.

- b. **Services Warranty.** City's sole and exclusive remedy with respect to a warranty on the Services provided by Contractor will be, at the sole option of Contractor, to either: (a) use its reasonable commercial efforts to reperform any services not in substantial compliance with this warranty, or (b) refund amounts paid by City related to the portion of the services not in substantial compliance; provided, in each case, City notifies Contractor in writing within five (5) business days after performance of the applicable Services. City shall be solely responsible for daily back-up and other protection of its data and software against loss, damage or corruption during the performance of services and for any necessary reconstruction thereof.
 - c. **Third Party Services Warranty.** In connection with the products (materials), certain services, such as extended warranty service by manufacturers, are sold by the Contractor as a distributor or sales agent ("Third Party Services"). In the case of Third Party Services, the third party will be the party responsible for providing the services to the City and the City will look to the third party for any loss, claims or damages arising from or related to the provision of such Third-Party Services. Any amounts, including, but not limited to, taxes, associated with Third Party Services which may be collected by the Contractor will be collected solely in the capacity as an independent sales agent.
26. **THE CITY'S RIGHT TO RECOVER AGAINST THIRD PARTIES.** Contractor will do nothing to prejudice the City's right to recover against third parties for any loss, destruction, or damage to City property, and will at the City's request and expense, furnish to the City reasonable assistance and cooperation, including assistance in the prosecution or defense of suit and the execution of instruments of assignment in favor of the City in obtaining recovery.
27. **NO GUARANTEE OF WORK.** Contractor acknowledges and agrees that it is not entitled to deliver any specific amount of materials or services or any materials or services at all under this Agreement and acknowledges and agrees that the materials or services will be requested by the City on an as needed basis at the sole discretion of the City. Any document referencing quantities or performance frequencies represent the City's best estimate of current requirements, but will not bind the City to purchase, accept, or pay for materials or services which exceed its actual needs.
28. **OWNERSHIP.**
- a. Except as it pertains to the Work Product in Subsection (b) below, all deliverables, services, and information provided by Contractor or the City pursuant to this Agreement (whether electronically or manually generated) including without limitation, reports, test plans, and survey results, graphics, and technical tables, originally prepared in the performance of this Agreement, are the property of the City and will not be used or released by Contractor or any other person except with prior written permission by the City.
 - b. City's rights to Work Product (meaning deliverables to be provided or created individually or jointly in connection with the services, not materials, provided by Contractor, including but not limited to, all inventions, discoveries, methods, processes, formulae, ideas, concepts, techniques, know-how, data, designs, models, prototypes, works of authorship, computer programs, proprietary tools, methods of analysis and other information, whether or not capable of protection by patent, copyright, trade secret, confidentiality, or other proprietary rights, or discovered in the course of performance of this Agreement that are embodied in such work or materials) will be, upon payment in full, a non-transferable, non-exclusive, royalty-free license to use such Work Product solely for City's internal use. City obtains no ownership or other property rights thereto. City agrees that Contractor may incorporate intellectual property created by third parties into the Work Product and that City's right to use such Work Product may be subject to the rights of, and limited by agreements with, such third parties

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

29. **USE OF NAME.** Contractor will not use the name of the City of Mesa in any advertising or publicity without obtaining the prior written consent of the City.
30. **PROHIBITED ACTS.** Pursuant to A.R.S. § 38-504, a current or former public officer or employee within the last twelve (12) months shall not represent another organization before the City on any matter for which the officer or employee was directly concerned and personally participated in during their service or employment or over which they had a substantial or material administrative discretion. Further, while employed by the City and for two (2) years thereafter, public officers or employees are prohibited from disclosing or using, without appropriate authorization, any confidential information acquired by such personnel in the course of his or her official duties at the City.
31. **FOB DESTINATION FREIGHT PREPAID AND ALLOWED.** All deliveries will be FOB destination freight prepaid and allowed unless otherwise agreed.
32. **RISK OF LOSS.** Contractor agrees to bear all risks of loss, injury, or destruction of Contractor's goods or equipment incidental to providing these services and such loss, injury, or destruction will not release Contractor from any obligation hereunder.
33. **SAFEGUARDING CITY PROPERTY.** Contractor will be responsible for any damage to City real property or damage or loss of City personal property when such property is the responsibility of or in the custody of Contractor or its employees.
34. **WARRANTY OF RIGHTS.** Contractor warrants it has title to, or the right to allow the City to use, the materials and services being provided and that the City may use same without suit, trouble or hindrance from Contractor or third parties.
35. **PROPRIETARY RIGHTS INDEMNIFICATION.** Without limiting the foregoing, Contractor will at its expense defend the City against all claims asserted by any person that anything provided by Contractor infringes a patent, copyright, trade secret or other intellectual property right (collectively "Claim") and must, without limitation, pay the costs, damages and attorneys' fees awarded against the City in any Claim, or pay any settlement of such Claim. Each party agrees to notify the other promptly of any matters to which this provision may apply and to cooperate with each other in connection with such defense or settlement. If a preliminary or final judgment is obtained against the City's use or operation of the items provided by Contractor hereunder or any part thereof by reason of any alleged infringement, Contractor will, at its sole option and its expense and without limitation, either: (a) modify the item so that it becomes non-infringing; (b) procure for the City the right to continue to use the item; (c) substitute for the infringing item other item(s) having at least equivalent capability; or (d) refund to the City an amount equal to the price paid, less reasonable usage, from the time of installation acceptance through cessation of use, which amount will be calculated on a useful life not less than five (5) years based on a five (5) year straight line amortized basis. The foregoing provisions in this Section state the entire liability of Contractor and the sole and exclusive remedy of the City with respect to any Claim. Contractor shall have no liability or obligation to the City to the extent any Claim is based upon: (i) any combination of anything provided by Contractor with other software, hardware or other materials not authorized by Contractor or manufacturer; or (ii) any addition to, or modification of, anything provided by Contractor made after delivery to the City by any person other than Contractor.
36. **CONTRACT ADMINISTRATION.** The contract will be administered by the Purchasing Administrator and/or an authorized representative from the using department. All questions regarding the contract will be referred to the administrator for resolution. Supplements may be written to the contract for the addition or deletion of services. Payment will be negotiated and determined by the contract administrator(s).
37. **FORCE MAJEURE.** Failure by either party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control, including acts of nature, acts of the public enemy, riots, fire, explosion, legislation, and governmental regulation. The party whose performance is so affected will within five (5) calendar days of the unforeseeable circumstance notify the other party of all pertinent facts and identify the force majeure event. The party whose

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

performance is so affected must also take all reasonable steps, promptly and diligently, to prevent such causes if it is feasible to do so, or to minimize or eliminate the effect thereof. The delivery or performance date will be extended for a period equal to the time lost by reason of delay, plus such additional time as may be reasonably necessary to overcome the effect of the delay, provided however, under no circumstances will delays caused by a force majeure extend beyond one hundred-twenty (120) calendar days from the scheduled delivery or completion date of a task unless agreed upon by the parties.

38. **COOPERATIVE USE OF CONTRACT.** This contract is available through National IPA to agencies nationwide. The City has also entered into various cooperative purchasing agreements with other Arizona government agencies, including the Strategic Alliance for Volume Expenditures (SAVE) cooperative. Under the SAVE Cooperative Purchasing Agreement, any contract may be extended for use by other municipalities, school districts and government agencies through National IPA or SAVE in the State of Arizona with the approval of Contractor. Any such usage by other entities must be in accordance with the statutes, codes, ordinances, charter and/or procurement rules and regulations of the respective government agency.

A contractor, subcontractor or vendor or any employee of a contractor, subcontractor or vendor who is contracted to provide services on a regular basis at an individual school shall obtain a valid fingerprint clearance card pursuant to title 41, chapter 12, article 3.1. A school district governing board shall adopt policies to exempt a person from the requirements of this subsection if the person's normal job duties are not likely to result in independent access to or unsupervised contact with pupils. A school district, its governing board members, its school council members and its employees are exempt from civil liability for the consequences of adoption and implementation of policies and procedures pursuant to this subsection unless the school district, its governing board members, its school council members or its employees are guilty of gross negligence or intentional misconduct.

Additionally, Contractor will comply with the governing body's fingerprinting policy of each individual school district and public entity. Contractor, subcontractors, vendors and their employees will not provide services on school district properties until authorized by the school district.

Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The City is not responsible for any disputes arising out of transactions made by others. The City is not a party to any agreements between the Contractor and National IPA, National IPA and other agencies, the Contractor and other agencies, or any third-party contracts in any way related to this Agreement or the cooperative use of this Agreement.

39. **FUEL CHARGES AND PRICE INCREASES.** No fuel surcharges will be accepted. No price increases will be accepted without proper request by Contractor and response by the City's Purchasing Division.
40. **NOTICES.** All notices to be given pursuant to this Agreement must be delivered to the parties at their respective addresses. Notices may be (i) personally delivered; (ii) sent via certified or registered mail, postage prepaid; (iii) sent via overnight courier; or (iv) sent via email or facsimile. If provided by personal delivery, receipt will be deemed effective upon delivery. If sent via certified or registered mail, receipt will be deemed effective three (3) calendar days after being deposited in the United States mail. If sent via overnight courier, email or facsimile, receipt will be deemed effective two (2) calendar days after the sending thereof.
41. **GOVERNING LAW, FORUM.** This Agreement is governed by the laws of the State of Arizona. The exclusive forum selected for any proceeding or suit in law or equity arising from or incident to this Agreement will be Maricopa County, Arizona.
42. **INTEGRATION CLAUSE.** This Agreement, including all attachments and exhibits hereto, supersede all prior oral or written agreements, if any, between the parties and constitutes the entire agreement between the parties with respect to the work to be performed.

EXHIBIT C
MESA STANDARD TERMS AND CONDITIONS

43. **PROVISIONS REQUIRED BY LAW.** Any provision required by law to be in this Agreement is a part of this Agreement as if fully stated in it.
44. **SEVERABILITY.** If any provision of this Agreement is declared void or unenforceable, such provision will be severed from this Agreement, which will otherwise remain in full force and effect. The parties will negotiate diligently in good faith for such amendment(s) of this Agreement as may be necessary to achieve the original intent of this Agreement, notwithstanding such invalidity or unenforceability.
45. **SURVIVING PROVISIONS.** Notwithstanding any completion, termination, or other expiration of this Agreement, all provisions which, by the terms of reasonable interpretation thereof, set forth rights and obligations that extend beyond completion, termination, or other expiration of this Agreement, will survive and remain in full force and effect. Except as specifically provided in this Agreement, completion, termination, or other expiration of this Agreement will not release any party from any liability or obligation arising prior to the date of termination.
46. **A.R.S. SECTIONS 1-501 and 1-502.** Pursuant to Arizona Revised Statutes Sections 1-501 and 1-502, any person who applies to the City for a local public benefit (the definition of which includes a grant, contract or loan) must demonstrate his or her lawful presence in the United States. As the Agreement is deemed a local public benefit, if Contractor is an individual (natural) person or sole proprietorship, Contractor agrees to sign and submit the necessary documentation to prove compliance with the statutes as applicable.

CONTRACT AMENDMENT

Contract Title: Information Technology Solutions

Contract Number: 2018011

MA Number: 19000009

Amendment Number: Two (2)

Description of Change: Contract renewal. Term of contract March 1, 2023 through February 28, 2025.

Effective Date of Change: March 1, 2023

Acceptance: On behalf of the undersigned Contractor, I have given careful consideration to this Contract Amendment and hereby agree to the change(s) and except that as amended herein, all provisions of the Contract remain in full force and effect.

COUNCIL COMMUNICATION

CC #: 3371

File #: 0203-06 & 0201-01

Title: Technology Disaster Recovery Plan – Capital Improvement Project Approval, Contract Purchase Agreement, and Budget Adjustment

Contact: Jesse Ravera 916-774-5125 jravera@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.15.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

1. Approve the establishment of a new Capital Improvement Project – the Technology Disaster Recovery Planning Project (the "Project"); and
2. Adopt a resolution to authorize the City Manager to execute contract purchase agreement 3003700 with GlassRatner Advisory & Capital Group, LLC dba B. Riley and Advisory Services; and
3. Adopt an ordinance to approve a budget adjustment appropriating \$178,093 of American Rescue Plan Act (ARPA) funding to the Project for the development of this plan.

BACKGROUND

The City conducted a thorough Business Impact Analysis in 2015 that provided the framework for a Disaster Recovery Plan. Since then, technology systems and business processes have changed significantly. A project team comprised of representatives from multiple City departments participated in a Request for Proposals process (RFP #12-031) and vendor evaluation, and selected GlassRatner Advisory & Capital Group LLC dba B. Riley and Advisory Services to develop a Business Impact Analysis and Disaster Recovery Plan that will provide the necessary information to minimize downtime and data loss in the event of a disaster impacting technology services on Roseville.

FISCAL IMPACT

The total project cost of \$178,093, to be funded by the City's allocation of ARPA funding in the Federal Stimulus Reserve - ARPA Fund, includes \$119,020 through GlassRatner Advisory & Capital Group LLC dba B. Riley and Advisory Services for development of the necessary plans and \$59,073 for internal staff secondary labor.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The professional service meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Jesse Ravera, Assistant Information Technology Director

Hong Sae, Chief Information Officer

Dominick Casey, City Manager

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**

Partnership - **Any general partner**

Corporation - **Two options:**

(1) A signature from the President and the corporate seal; **OR**

(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Purchase Agreement 3003700

Contract Terms and Conditions

1. To the fullest extent allowed by law, Consultant agrees to indemnify, including the cost to defend City, and its officers, agents, employees and volunteers from any and all claims, demands, costs or liability that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of Consultant and its agents in the performance of services under this contract, but this indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, arising from the sole negligence, willful misconduct or defects in design by City or the agents, servants, or independent contractors who are directly responsible to City, or arising from the active negligence of City. Consultant's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Consultant is an independent contractor, and shall not be considered an officer, agent, or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Consultant either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Consultant is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Consultant shall be entitled to all costs reasonably incurred prior to the date of termination. Consultant acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Consultant has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement. Any work product created for City pursuant to this Agreement is deemed owned by City.
9. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address:
<http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. In compliance with Labor Code Section 1773.2, as may be amended from time to time, Contractor shall cause a copy of this website to be posted at each jobsite, as applicable.
10. Consultant agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Consultant shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.

Contract Purchase Agreement 3003700

- b. Form. Consultant shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.
- c. Additional Insureds. Consultant shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of Consultant. The additional insured coverage under the Consultant's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
- d. Cancellation/Modification. Consultant shall provide thirty (30) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
- e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- f. Subconsultants. Consultant agrees to include in its contracts with all subconsultants the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subconsultants work. Furthermore, Consultant shall require its subconsultants to agree to be bound to Consultant and City in the same manner and to the same extent as Consultant is bound to City under this Agreement. Additionally, Consultant shall obligate its subconsultants to comply with these same provisions with respect to any tertiary subconsultant, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subconsultant or tertiary subconsultant upon request.
- g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
- h. Waiver of Subrogation. Consultant hereby agrees to waive subrogation which any insurer of Consultant may acquire from Consultant by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees, and volunteers for all work performed by Consultant, its employees, agents, and sub consultants.
- i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall

Contract Purchase Agreement 3003700

not be construed to relieve Consultant of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.

11. Consultant shall comply with all federal, state, local laws, ordinances, and policies as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. Consultant agrees that any and all information furnished by City shall be deemed proprietary and confidential. All such information, to the extent previously, presently, or subsequently disclosed to Consultant and/or processed and derived by Consultant services is the property of City and such property shall be deemed and treated as "Confidential Information" of City. Consultant acknowledges that such Confidential Information may contain information provided and/or generated by third-parties. Consultant agrees that such Confidential Information shall not be disclosed to any third party without written permission from City, except as required by law. Consultant shall not use the Confidential Information except to perform Consultant's services as directed by City.
19. All facilities, devices, networks, and services used to store, deliver, process, backup or purge Confidential Information will employ administrative, physical, technical, and procedural safeguards and best practices at a level sufficient to secure Confidential Information from unauthorized access, destruction, use, modification, or disclosure. Such measures will be no less protective than those used to secure Consultant's own information of a similar type, and in no event less than reasonable in view of the type and nature of the information involved. It is the City's expectation that Consultant, at its own expense, shall perform annual audits for any data centers that house Confidential Information, using an independent third-party audit that meets industry standards applicable to the services under this Agreement, and provide the audit report or certification upon request to City.
20. Consultant will retain Confidential Information until deleted by City or City-authorized third

Contract Purchase Agreement 3003700

party, or for a time period mutually agreed upon by the parties to this Agreement.

21. Upon termination or expiration of this Agreement, Consultant will ensure that all Confidential Information is securely transferred to City within thirty (30) calendar days. Consultant will ensure that any transfer of Confidential Information is accomplished by methods that are compatible with the relevant City systems, and that City will have access to all Confidential Information during any such transfer. Consultant shall securely dispose of all Confidential Information when requested by City and Consultant will provide written notification to City once all Confidential Information has been securely disposed of.
22. Consultant shall report to City any data compromise or unauthorized access to Confidential Information within twenty-four (24) hours after Consultant discovers such data compromise or unauthorized access. Consultant will take commercially reasonable measures to address any such data compromise or unauthorized access in a timely manner. Except as otherwise required by law, Consultant will not provide notice to end users or other entities of any such data compromise or unauthorized access without written permission from City. Consultant will promptly reimburse City in full for all fees and costs incurred by City in any investigation, remediation or litigation resulting from any such data compromise or unauthorized access, including identity protection and restoration services for each person, who in the City's sole discretion, could be impacted by identity theft.
23. Consultant may not advertise that City is a client, list City as a reference or otherwise use City's name, logos, trademarks, or service marks without prior written permission from City.
24. Consultant acknowledges that services rendered under this agreement (including but not limited to service levels and operational levels) shall be performed in accordance with industry standards.
25. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
26. If the project referenced on this agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.
27. Contractor/consultant's duties and services under this agreement shall not include preparing or assisting the public entity with any portion of the public entity's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with the public entity. The public entity entering this agreement shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. Contractor/consultant's participation in the planning, discussions, or drawing of project plans or specifications, if any, shall be limited to conceptual, preliminary, or initial plans or specifications. Contractor/consultant shall cooperate with the public entity to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by contractor pursuant to this agreement.
28. Consultant certifies that Consultant, its employees, directors, officers, agents, subcontractors, vendors, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension, or ineligibility by

Contract Purchase Agreement 3003700

any federal, state, or local department or agency.

29. The Levine Act (Govt. Code, Section 84308) requires a Party (and its agent(s), if any) to a Proceeding before the City of Roseville that involves any action or consideration related to their contract, license, permit, or other entitlement for use, to disclose any campaign contributions made to City elected or appointed officers totaling more than \$250 within the twelve (12) months prior to the City decision and while a proceeding is pending, and includes certain prohibitions on contribution activity thereafter. If applicable campaign contributions have been made by Contractor and/or its agent(s), Contractor is responsible for compliance, including for its disclosure obligations, if any, as further described at: https://www.roseville.ca.us/government/departments/city_clerk/transparency/levine_act.
30. This Agreement may be amended via change order, but only if such change order is made in writing, approved by the City, and signed by both parties.
31. CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

The supplier named hereon by the acceptance of this order agrees to the provisions of this document titled "Contract Purchase Agreement" and all accompanying terms, conditions, and attachments.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

City of Roseville

City Clerk Department

311 Vernon Street

Roseville, CA 95678

cityclerkroseville@roseville.ca.us

Dear Mr. Ravera,

B. Riley Advisory Services (“B. Riley”) is pleased to present the City of Roseville, California (“City”) with this updated response to the Request for Proposal [RFP] for a Technology Disaster Recovery Plan. This response is based on our understanding of the requirements presented in City’s RFP, information learned during the pre-proposal conference, answers to questions, information learned during our proposal presentation on April 9th, subsequent discussions, and our extensive experience in facilitating Disaster Recovery [DR], Business Continuity & Continuity of Operations Planning [BCP/COOP], and Emergency and Crisis Management projects across the public sector. This response is being submitted by the Compliance, Risk and Resilience group of B. Riley Advisory Services.

This updated response includes an updated scope of work, with the inclusion of manual workaround procedures for five [5] critical business processes. Updates have been reflected in our project plan and cost proposal.

Our team is led Nicolas Chandler, a DR and BCP specialist with over 10 years of experience leading numerous projects of similar scope. All our proposed work will incorporate FEMA/DHS & ISO 22301 standards, as well as best practices from across the public and private sectors.

As a Senior Managing Director at B. Riley, my signature below binds the firm to this response and ensures that it has received significant senior level consideration. After your review of our response, we are available to answer any questions and offer any clarification. We appreciate the opportunity to work with City, and we thank you in advance for your consideration.

Sincerely yours,

Duane Lohn

Forensic Accounting & Litigation Support

We are often called on to assist government agencies such as the SEC, the DOJ and various state and municipal governments. There is no case type or matter in the forensic accounting and litigation support area that we have not been involved with, from IP damager and earnout disputes to internal investigations.

- Antitrust, Competition & Class Actions
- Construction Disputes
- Damage & Expert Witness Services
- Fraud & Internal Investigations
- Regulatory Consulting
- Valuation Disputes

Restructuring & Turnaround Management

We are active along with the entire bankruptcy-restructuring continuum both in- and out-of-court. We are a leading advisor built on the foundation of sophisticated financial analysis, senior-level experienced practitioners, reliable expert reports and strong in-court presence.

- CRO Services
- Fiduciary & Receivership Services
- Financial Restructuring
- Turnaround & Interim Management

Expertise

Our Compliance, Risk and Resiliency practice provides Continuity of Operations, Continuity of Government, Business Continuity, Emergency & Crisis Management, Enterprise Risk Management and Cybersecurity advisory services for our clients. B. Riley professionals are certified and deeply experienced in Business Continuity Management and IT Disaster Recovery.

Why Clients Select B. Riley

- **Specialization** – We specialize in BCP, DR, Crisis and Emergency Management, ERM, and Cybersecurity. Assessment, planning, training, and exercising is our sole focus, not a secondary skill set. This is all we do as a practice area, and we excel in this work.
- **Experience** – Our team has an average of 20 years of specific field experience on the client side and the consulting side, so our know-how is unparalleled – in almost every sector. We bring that unique perspective to every engagement.
- **Qualifications** – Professionals on B. Riley teams have achieved certifications in their field at the Master, Professional and Associate levels, enabling us to meet every client need.
- **Independence** – B. Riley has no conflicts of interest with auditors, accountants, insurance brokers, underwriters, or technology vendors, so our work is trusted and in the City's best interest.
- **Responsiveness** – The flat organization of our practice puts senior practitioners on every project and our leaders a telephone call away.

B. Riley is uniquely positioned to effectively and efficiently carry out the various responsibilities described in City's RFP. With decades of experience in BCP and DR, our firm has the resources and professionals to coordinate an integrated approach to the project.

Core Capabilities: Operational Continuity and Resilience Services

Business Continuity / Continuity of Operations

The inevitability of disruption to operations from increasingly common natural, intentional, and unintentional incidents elevates operational resilience to a board-level issue because of the potential financial, legal/regulatory, brand and reputational impact. Developing and documenting a predictable recovery capacity helps organizations:

- Meet governance, risk and compliance goals
- Address audit comments or respond to losses or insurance claims
- Align with global standards
- Meet partner requirements, loan covenants, insurance requirements and service level agreements
- Address risk issues in the supply chain

On a global basis, our professionals provide practical, best-in-class business continuity planning (BCP) and continuity of operations planning (COOP) solutions to private sector and government clients, respectively, in virtually every industry sector.

IT Disaster Recovery

Effective BCP and COOP programs depend on effective IT Disaster Recovery (ITDR) planning to provide the "supply" of technical resources and infrastructure required by the organization in its business continuity plan. The ITDR plan supports prioritized functional recovery of essential functions after operational disruption, degradation or downtime.

In operationally extended organizations where more people will permanently work from home, it falls to the information technology (IT) department to provide continuous, sophisticated technical infrastructure to securely support operations. The ITDR plan should integrate IT resources, call lists, "run books" and disaster recovery strategy options.

Emergency & Crisis Management

Managing effectively through crisis with these types of plans is now expected of resilient and well-managed organizations. Stakeholders, regulators, markets and the media are unforgiving of management teams that do not prepare their organizations effectively for crisis situations and boards that do not demand it. Poor readiness leads to negative impact on reputation, financial performance,

market value and an increased threat of enforcement action.

Organizations should develop a "toolbox" of response plans within an overall crisis management governance framework. Crisis situations require accelerated decision-making that may have to leapfrog the conventional management and budget approvals process and normal communication systems.

Testing and Exercises

Plans should be tested with facilitated, structured walk-throughs and failover tabletop exercises to help IT managers and business owners identify what events could occur and how they should respond, by practicing with simulations of business interruption scenarios, from routine to extraordinary. Well-rehearsed plans can mitigate impact and damage, while un-practiced plans can slow recovery.

TAB B: EXPERIENCE & REFERENCES

Relevant Experience

Our team has worked with numerous clients across the public sector, including federal and state agencies, counties, cities, towns, tribal entities, K-12 and institutions of higher education, transportation, and critical infrastructure entities. Representative clients can be seen below:

References

City of Menifee, California		
Project	Business Continuity and IT Disaster Recovery Planning	
Contact Information	Mr. Ron Puccinelli <i>Chief Information Officer</i> 29844 Haun Rd. Menifee, CA 92586 rpuccinelli@cityofmenifee.us [951] 723-1711	
Project Description	Our team is currently engaged by the City of Menifee to develop and implement a comprehensive business continuity and disaster recovery program utilizing a web-based preparedness planning platform. After B. Riley’s selection through the competitive bid process, our team conducted a Business Impact Analysis (BIA) to identify essential functions, critical applications, and organizational priorities, as well as an IT Current State Assessment to assess the current level of Disaster Recovery preparedness. We identified shortcomings and delivered recommendations for strategy alignment in a formal Gap Analysis Report. A key result of this engagement are formal Business Continuity Plans (BCP) and Disaster Recovery Plans (DRP), which will serve as templates going forward. We will cap this project with a tabletop exercise and executive presentation.	

Santa Clara Valley Water District – San Jose, California		
Project	Business Impact Analysis and Disaster Recovery Assessment; DR Strategy and Roadmap Development (Corporate and SCADA Systems)	
Contact Information	Mr. Chris Cannard <i>Infrastructure Services Unit Manager</i> Information Technology Division 5750 Almaden Expressway, San Jose CA 95118 ccannard@valleywater.org [408] 630-2392	
Project Description	Our team is currently engaged by the Santa Clara Valley Water District to develop Disaster Recovery and Business Continuity strategy for both the Corporate and SCADA networks supported by Valley Water’s IT department. This project includes the facilitation of over 30 Business Impact Analysis interviews with key stakeholders across the organization. It includes an infrastructure assessment and risk identification, with prioritized recommendations to improve IT resiliency.	

City of Charlotte – Charlotte, North Carolina		
Project	Business Impact Analysis; IT Disaster Recovery Strategy; Business Continuity Plan Development	
Contact Information	Mr. Brian P. Cawley <i>Disaster Recovery Program Manager</i> 600 East Fourth Street, 15th Floor Charlotte, NC 28202 Brian.Cawley@Charlottenc.gov (704) 336-1487	
Project Description	Our team is currently engaged by the City of Charlotte, following the successful completion of several previous projects, in an overarching engagement to improve and bolster Disaster Recovery efforts across the City’s IT organization. Phase 1 of the project included the facilitation of over 20 Business Impact Analysis interviews with each City department and the development of a business needs assessment and prioritization of critical business applications. Our team developed a Disaster Recovery Roadmap to successfully meet the demands of the City, through the implementation of various strategies, including collocation of assets and application rationalization. Phase 2 of the project included the development of Business Continuity Plans and the facilitation of a tabletop exercise against those plans. Currently, we are working with the City to develop a Disaster Recovery Plan (DRP) with application runbooks to guide step-by-step recovery during technology failure. As part of this engagement, our team met with stakeholders to document response and recovery processes to be followed by both the IT organization and application teams.	

Berkshire Hathaway Energy Companies – United States, Canada & United Kingdom

Project	Emergency Management, Business Continuity, and IT Disaster Recovery Planning	
Contact	Ms. Stephanie Daus <i>Senior Emergency Manager, NV Energy</i> 6226 W. Sahara Ave. Las Vegas, NV 89146 Stephanie.Daus@nvenergy.com [702] 285-9451	
Project Description	Our team is currently engaged by Berkshire Hathaway Energy to implement a web-based planning solution and assist in the development of Emergency Management Plans [EMPs], Business Continuity Plans [BCPs], and IT Disaster Recovery Plans [DRPs] across ten BHE operating companies, as well as corporate headquarters. As part of this initiative, B. Riley is assisting BHE to develop a common operating framework for managing disruptions and a crisis management escalation process. At each BHE entity, our team is conducting data collection and user training workshops, and we are working with stakeholders to develop comprehensive plans to manage disruptions across the business.	

Washoe County Office of Emergency Management – State of Nevada

Project	Continuity of Operations Planning, Emergency Management, and Exercises	
Contact Information	Ms. Kelly Echeverria <i>Washoe County Emergency Manager</i> 5195 Spectrum Blvd. Reno, NV 89112 Kecheverria@washoecounty.us [775] 339-4811	
Project Description	Our team, doing business as Risk Solutions International, has been engaged to develop the statewide continuity of operations planning (COOP) for all agencies and departments in its cities, counties, water districts, tribal areas and institutions of higher education and state government since 2010. This work has included plan and program development, staff training, FEMA training and plan maintenance. We also developed emergency management plans for all K-12 school district in the State. Finally, we collaborated with the state and FEMA and developed, planned, facilitated, and evaluated an Urgent Solidarity HSEEP exercise series. We are currently with Reno-Tahoe International Airport to conduct a full-scale exercise.	

State of New Hampshire, Department of Information Technology – Concord, New Hampshire		
Project	IT Disaster Recovery (DR) & Continuity of Operations (COOP) Planning	
Contact	Mr. David Heafey <i>Assistant Director, Operations</i> 27 Hazen Drive, Concord, NH 03301 David.S.Heafey@doit.nh.gov (603) 227-0093	
Project Description	Our team, doing business as Risk Solutions International, successfully developed a Disaster Recovery Plan (DRP) and Continuity of Operations Plan (COOP) for the State of New Hampshire Department of Information Technology (DoIT). As part of this engagement, we conducted a Business Impact Analysis (BIA) across 5 DoIT Divisions, evaluated the DoIT’s current state of DR preparedness and developed a Phase 1 report with recommendations, cost estimates and a go-forward roadmap for improvement. We, then, developed COOP plans for each Division and a DRP for the Department. These plans were tested through a tabletop exercise, for which our team prepared all materials, facilitated, and developed an After-Action Report (AAR). This information collected during this project and the recommendations provided in our report have been used for budgetary and operational planning for improvements to the DoIT’s DR program. Our team supported the DoIT in the development of job postings for a program manager and the development of a scope of work for a DR service provider.	

TAB C: QUALIFICATIONS OF TEAM

B. Riley’s project team is comprised of certified and deeply experienced continuity of operations, business continuity and disaster recovery professionals who have executed numerous projects in the over similar scope together, as a team. B. Riley is capable of completing this engagement utilizing B. Riley resources, without subcontracting to another firm.

While our firm is headquartered in Los Angeles, CA and Atlanta, GA, our team executes engagements throughout the United States and abroad, and we have several clients in the State of California.

Project Roles & Responsibilities		
Duane Lohn	Engagement Manager	Responsible for overall project delivery and oversight.
Nicolas Chandler	Project Manager	Responsible for day-to-day project management activities.
Joseph Aber, Jennifer Posten, Kelley Gastineau, and Rich Lowery	Project Team Members	Responsible for project support and participation, completion of project tasks, and development of project deliverables

Team Bios

DUANE LOHN, Senior Managing Director

dlohn@brileyfin.com | (602) 321-9818

Prominent Matters

- Puerto Rico Electric Power Authority (PREPA) - Implemented enterprise risk management, business continuity programs, IT disaster recovery plans, cyber risk modeling, risk management initiatives and risk management guidance related to major concession of Transmission and Distribution Directorate
- Global Hotel Chain with operations in 107 countries and territories - Developed business continuity plans, board level crisis management planning and roll out of a global crisis management application to all entities globally
- State of Nevada - Developed continuity of operations plans for 35 agencies, cities, towns, tribal areas, and entities across the entire State of Nevada in a web-based tool called nevadacontinuity.com. Conducted full scale exercises and training related to FEMA/DHS class requirements

Duane Lohn has extensive experience in advising risk, compliance, legal, audit committee members and board committees on operational risk and resilience, specializing in emergency and crisis planning, business and operational continuity management, data security, and cybersecurity.

Duane focused on BCM governance, crisis management frameworks, disaster recovery, and emergency and crisis communication tools for a broad portfolio of private, public, and education sector clients around their governance, risk, and compliance initiatives, and supporting their response to disruptions and crises. He understands the complex but practical relationships among cybersecurity, operational downtime, organizational resilience, and sustaining of long-term organizational reputation through confidence in leadership and oversight decision-making, governance, and management.

Duane's professional experience includes:

- Led numerous business continuity and disaster recovery initiatives at the following higher education institutions: New York University, University of Nevada, Las Vegas, Harvard University, University of San Diego, University of Nevada, Reno, University of North Carolina, Chapel Hill, and Teacher's College of Columbia.
- Led BCM and crisis management programs for major global companies like Hilton Worldwide, W.R. Berkley Corporation's Iowa Operations and Sephora - developing strategic governance frameworks, response plans and mobile crisis management platforms for handling operational and reputational disruptions
- Acted as principal administrator on two research teams engaged by the Airport Cooperative Research Program of the Transportation Research Board of The National Academy of Sciences. In this role, Duane's team studied and reported on resilience issues in the US airport sector and developed custom software products to help airports develop their business continuity and emergency management plans.
- For FEMA, Duane led multiple teams in the State of Nevada that developed continuity of operations planning curricula and facilitated business recovery workshops in FEMA Region IV, along with most agencies across the state of Nevada including cities, counties, towns, and tribes, as part of UASI and Homeland Security grant initiatives.

Mr. Lohn received his AAS in Marketing from Austin College as well as his BSBA from University of Phoenix.

Nicolas Chandler ^{CBCP}, Associate Director

nchandler@brileyfin.com | (202) 440-3815

Prominent Matters

- Supported the development of business continuity and enterprise risk management (ERM) plans for the Puerto Rico Electric Power Authority (PREPA)
- Co-led the development of a COVID-19 return-to-office plan for W.R. Berkley Corporation
- Conducted risk analyses in ERM engagements with financial services clients such as NFP Insurance and the Amynta Group
- Facilitated virtual and in-person tabletop exercises for a broad spectrum of clients, including Norwegian Cruise Line Holdings, Ultimate Medical Academy, City of Charlotte, and Prudential Financial.

Nick comes to the firm with 7 years of experience in business continuity planning, enterprise risk management (ERM), operational resilience, and corporate security. He has worked with multiple private and public-sector clients, including the Puerto Rico Electric Power Authority (PREPA), Norwegian Cruise Line Holdings, City of Charlotte, W.R. Berkley Corporation, and NFP Insurance.

Nicolas's professional experience includes:

- Conducting business impact analysis interviews in both English and Spanish, leading the development of a web-based ERM and incident management tool, and supporting data collection and analysis efforts in support of the Puerto Rico Electric Power Authority's (PREPA) BCP and ERM program development.
- Conducting gap analyses and maturity assessments of corporate crisis management plans.
- Developing return-to-operations plans in the context of the COVID-19 pandemic, helping clients resume normal business operations while maintaining awareness of jurisdictional pandemic-related restrictions and requirements.
- Leading and facilitating numerous tabletop exercises in the context of BCP, IT Disaster Recovery, and travel risk management engagements with clients in a wide variety of sectors, including transportation, higher education, government, financial services.
- Previous roles in corporate security, due diligence, and investigations, including two years as an Intelligence Manager for Max Security Solutions, based in Tel Aviv, Israel.

Nick holds a MA degree in international relations from New York University, a BA in political science from the University of California, Berkeley, and an Certified Business Continuity Professional (CBCP) certification from DRI International. He is also a native French speaker and is fluent in Spanish.

Joseph Aber ^{MBCP}, Directorjaber@brileyfin.com | [440] 321-8064**Prominent Matters**

- Developed business continuity and disaster recovery plans for City of Menifee, CA
- Provided continuity of operations plan develop support and training for 34 entities across the State of Nevada
- Conducted webinar series on resiliency planning for the State of Nevada
- Developed Business Continuity and Emergency Response program for W.R. Berkley

Joseph Aber is a Director who comes to the firm with experience helping organizations manage their risk and resilience function with a specialization in business continuity and operational continuity (BCP/COOP) planning and implementation. Joe led the business continuity and emergency response function at a global financial services firm, including managing governance, maintenance, and testing. In addition, he has led over 120 tabletop exercises.

Mr. Aber has over 30 years of experience in risk analyses, program development and operations leadership with major insurance carriers, including Berkshire-Hathaway and Progressive. His area of focus included corporate liability arising from the actions of directors and officers. He has worked with the boards of directors of publicly traded companies to implement best practices in litigation risk mitigation.

Joe has also served as an operations leader and program developer at Progressive Corporation and W. R. Berkley where he developed and launched new specialty operations, including planning for program resilience.

Before joining the firm, Mr. Aber was an Assistant Vice President at W. R. Berkley, where he worked to develop and manage the business continuity and emergency response function. He also implemented and managed a web-based business continuity platform developing over 350 plans.

At W. R. Berkley (Global Insurance Company), he worked with senior leadership to create a global business resilience program. Joe established the governance structure for business continuity, as well as analyzed the intercompany dependencies, working with 60 operating units and corporate functions to create, test and update business continuity plans.

Joe has his MBA from Wright State University and serves as an Adjunct Professor of Management at Notre Dame College.

Jennifer Posten ^{CBCP}, Director

jposten@brileyfin.com | (713) 449-4383

Prominent Matters

- Provided continuity support and training to 34 Nevada organizations including government & higher education
- Served as COOP lead for Performance Audit of Los Angeles Metro Rail Operations Continuity of Operations [COOP]
- Developed multi-scenario tabletop exercise for a global manufacturer of computer peripherals

Jennifer Posten is an Associate Director with more than a decade of experience in business continuity and emergency management. Jennifer's focus is in emergency response planning, continuity of operations planning, continuity of government, business continuity management, and crisis management. Jennifer has experience as an emergency-management software-solutions manager. She worked with Fortune 500 companies to automate and streamline their emergency management process, documentation, and reporting.

Ms. Posten has previously done work in the nonprofit and government sectors, working on disaster preparedness, response, and coordination at the city, state, and national level. In 2008, she was invited to the White House to present on the role of faith-based and community organizations in building resilient communities, highlighting her experience in the aftermath of Hurricane Katrina.

Jennifer's professional experience includes:

- Interfaith Ministries for Greater Houston: As the director of disaster services, she served as the emergency manager and business continuity planner as well as the non-government organization liaison to the Harris County Office of Homeland Security and Emergency Management. Jennifer helped organize, recruit, and train more than 42,000 volunteers in five days to provide food services and other care to storm survivors.
- Membership Director for the National Voluntary Organizations Active in Disaster (NVOAD): Deployed to nationally known events including Hurricane Sandy and the Moore, Oklahoma tornado to work with officials from FEMA and state emergency management agencies as well as representatives of member organizations actively serving those in need.
- Offshore Emergency Management Coordination, Noble Energy: Supported operations in the Gulf of Mexico, West Africa, and the Falkland Islands by developing emergency preparedness and response plans that complied with regulatory requirements, operation objectives, and location priorities. Including developing and delivering quarterly exercise and training. Jennifer was also actively involved in the planning and response for the 2014 Ebola outbreak.
- Post-Hurricane Repair Coordination, Greater Houston Long-term Recovery Committee: Appointed as Chair to lead nonprofit organizations and agencies supporting Harris County residents whose homes were damaged by Hurricane Ike in 2008. Jennifer managed the distribution of \$25 million in federal and charitable funds.

Ms. Posten received her Bachelors in Business Administration from Richland College and is a Certified Business Continuity Professional [CBCP].

Kelley Gastineau, Director

Kgastineau@brileyfin.com | (213) 409-6232

Kelley Gastineau joined GlassRatner (now doing business as B. Riley Advisory Services) in 2016. Her professional background and experience includes consulting with both public and private companies, government agencies and individuals on a variety of litigation and financial matters. Ms. Gastineau has sixteen years of experience performing this work for both plaintiffs and defendants over a variety of industries.

Ms. Gastineau's professional experience include:

- Lost profits and commercial damages analysis
- Fraud investigations
- Ponzi scheme analysis
- Asset tracing
- Shareholder and partnership disputes
- Assessment of accounting and contract compliance
- Conducting late fee studies
- Quantifying business interruption losses
- Conducting royalty audits
- Performing business valuations
- Intellectual property damages analysis

In addition, Ms. Gastineau has experience quantifying labor and employment damages, specifically, economic damages in wrongful termination cases. Her experience includes the analysis of alleged wage and hour claims, calculations of alleged lost stock options and company benefits, conducting research on labor and employment statistics and constructing analytical databases from human resource and payroll data.

Ms. Gastineau also has extensive experience quantifying damages for data breach and data privacy matters for both plaintiffs and defendants.

Prior to joining the firm, Ms. Gastineau held a senior management position at Nathan Associates Inc., an economic consulting firm, was a forensic advisory services manager at Deloitte and a dispute analysis and investigations consultant at PricewaterhouseCoopers.

Ms. Gastineau attended University of California, Irvine, earning a degree in Criminology, Law and Society. In 2019 and 2020, Ms. Gastineau was selected as one of the Most Influential Women in Accounting by the Los Angeles Business Journal. She currently serves on B Riley's Executive Committee for its Women's Network and is on the PTO Board at Westar Elementary.

Rich Lowery, Senior Director

rlowery@brileyfin.com | (718) 791-6619

Richard is a Senior Director with over 30 years of experience in information technology and Risk Management helping organizations to enable and improve business operations and drive value. He has worked as a consultant with companies globally developing business continuity management frameworks and crisis management systems at large companies like Sephora, Hilton Worldwide, and King Abdullah Financial District Smart City. He has also held senior positions with most recently WR Berkley Corporation, Marsh and McLennan Companies, Born Information Systems, KPMG/BearingPoint Consulting, MSM Systems Europe.

Richard has significant experience throughout the private sector, including Fortune 500 companies. Some of his most notable clients include:

- Berkshire Hathaway Energy
- Risk Strategies Inc.
- Everi Holdings, Inc
- Mars Wrigley | Mars, Incorporated
- Hilton Worldwide
- Norwegian Cruise Lines Holdings

Richard's experience in the public sector includes:

- Clark County, Nevada
- Monroe County, Michigan,
- Town of Plymouth, Massachusetts
- State of Nevada – 23 entities across the state including cities, towns, counties, higher education institutions and tribal groups
- City of Charlotte, North Carolina
- Las Vegas Valley Water District

Richard's subject matter expertise includes:

- Strategic Planning and organizational transformation
- Crisis Management
- Business Continuity /Disaster Recovery Management
- Supply Chain Resiliency

Richard received his BS from Marquette University.

TAB D: PROJECT UNDERSTANDING

Background, Objectives and Updated Scope of Work

Our understanding is that the City is seeking a vendor to develop a comprehensive technology disaster recovery plan (“TDRP” or “DRP”) that aligns with the critical business needs of the City and provides the information necessary to minimize downtime and data loss, while ensuring business continuity and resiliency. The scope of work for this engagement includes 14 City departments.

B. Riley is well-positioned to work with the City on this important engagement, as we have executed several projects of near-identical scope with public sector clients. Our methodology is designed to ensure we capture the data necessary to make informed decisions in an efficient and effective manner.

As part of Phase 1 of this engagement, B. Riley proposes the following key activities as part of the scope of work:

- Risk Assessment to identify threats and hazards that may impact City operations.
- Business Impact Analysis (BIA) to capture critical operations of each department, resource requirements, dependencies on IT and manual workaround capabilities.
- IT Current State Assessment to determine current disaster recovery capabilities and data backup processes, as well as identify gaps and areas of improvement.
- Gap Analysis development, including alignment of business needs to IT recovery capabilities and development of recommendations.
- Disaster Recovery Plan development, including development of application runbooks, communications processes, testing, training, exercising (TTE) and plan maintenance procedures.

As part of DRP development, B. Riley will include the development of application runbooks for up to ten (10) IT applications or systems and ten (10) business applications, as to be selected with project management, for a total of 20 runbooks. Additional runbooks can be developed and pricing has been provided on a per runbook basis.

Based on the information shared during the pre-proposal conference and in the answers to questions, B. Riley will break out SCADA systems and infrastructure in our pricing. In our experience, SCADA systems are typically configured on separate networks and infrastructure and require high availability, minimal to no downtime, and real-time data backups. If SCADA systems are to be included in this engagement, B. Riley would conduct a separate Current State Assessment and Gap Analysis. SCADA DR information would be documented as a section in the DRP. As such, B. Riley has provided separate pricing for the inclusion of SCADA.

As part of Phase 2, B. Riley will develop a go-forward roadmap that outlines key tasks for DR resilience over the next 24 to 36-months, based on our findings from Phase 1.

As part of Phase 3, B. Riley will support City activities to implement the recommendations of our Phase 2 roadmap.

Project Challenges & Solutions

The most common challenge that similar projects face is a lack of stakeholder participation, which can cause significant challenges as data collection and inputs are required from across each City department. In our experience, this risk can be significantly mitigated by identifying a senior-level project sponsor to support this engagement. At the outset of the project, our team will work with the City and project sponsor to develop messaging showing that this project is a senior-level priority for the City and participation is crucial. We often find that this ensures department representatives provide the appropriate level of involvement going forward.

In addition, our project management philosophy ensures regular status meetings with project leadership and constant communication. By following this approach, we have ample opportunities to discuss project activities and risks, as well as make plans to overcome challenges as they arise.

Optional Considerations

For this scope of work, we recommend the City consider the implementation of a web-based planning solution that can facilitate the planning and plan maintenance processes. B. Riley can offer a solution that meets all federal, state, and local standards and provides a central repository for all plans in the future. Our solution allows for ease of updates and changes going forward. This proposed solution matches the maintenance needs that these living documents require, while allowing users to print and save their plans in a Word-based, version-controlled hard and soft copy format.

The solution we are proposing offers the City a unique advantage as opposed to traditional, hard-copy planning methods. Our solution has multiple modules which will be activated and developed as part of the scope of work or in the future, including:

- Hazard and Risk Assessment
- Continuity of Operations Plan [COOP]
- Disaster Recovery Plan [DRP]
- Emergency Operations Plan [EOP]
- Pandemic Plan

B. Riley is happy to provide a demonstration of our proposed solution to the City.

TAB E: PROJECT PLAN

Updated Project Approach & Methodology

For this engagement, we propose the following high-level workplan:

Task 1: Project Initiation & Kickoff

Upon contract execution, the B. Riley team will conduct an administrative kickoff meeting with the project leadership to review the work plan and deliverables, discuss a detailed project plan, and agree on the work process and project management tools.

At the administrative kickoff, we will also:

- Identify roles, responsibilities, inter-team communications and contacts that will work together as a collaborative project office.
- Clarify project scope of work, priorities, and deliverables.

- Discuss the activities, dependencies, and timetable, including the constraints and parameters that can affect the baseline timetable offered in this proposal.
- Make preliminary data requests and propose initial interview schedule.
- Agree on the project management process, oversight and escalation procedures, milestone and open-item tracking procedures, status update plan, and document management procedures. for periodic project conference calls and on-site meetings.
 - Establish status update meeting cadence, including day of the week and time, where we will discuss overall project health, adjustments, and course corrections.
- Adjust the preliminary project plan and timeline and gain approval from project leadership.

Following the administrative kickoff, we will conduct a formal project kickoff with stakeholders and subject matter experts from across the City. As part of this kickoff, we will provide an overview of the project goals and objectives, participant expectations, project deliverables, and next steps.

Deliverables for this task include:

- Administrative Kickoff Presentation
- Project Management Tools, including Project Plan, Status Update Schedule, and Project Dashboard
- Project Kickoff Presentation

Task 2: Data Request & Document Review

Following project kickoff, the B. Riley team will request all previously completed documentation, including any of the City's continuity and recovery plans, and policies & procedures, as well as the previously completed BIA.

B. Riley will identify key stakeholders from across the organization and facilitate information gathering sessions to collect the various business requirements. This information will be compared against all previous documentation to provide an understanding of where updates are necessary.

To the extent documented, our team members will review how previous incidents, including COVID-19, have been handled by the City, including what has worked well, lessons learned, and areas of improvement. This will focus on how communication is handled by the City, how personnel are notified of disruptions, and how information is escalated throughout the organization.

We will look at, not only the crisis communications capabilities, but also the organizations overall crisis management organization, crisis identification / characterization / escalation / management capabilities, throughout which the communications plan must work seamlessly:

The information collected and lessons learned in this task will provide the foundation from which the rest of the project will build, and we will adjust our approach, as necessary.

Task 3: Risk Assessment

B. Riley will conduct an operational Risk Assessment of the City’s primary locations in order to better understand the likely scenarios that may disrupt operations. The risk assessment will focus on understanding the various natural, technological, and human hazards and the potential impact those risks could have on critical functions.

B. Riley will meet with key stakeholders and subject matter experts from the City’s facilities, police and public safety groups to document the probable risk and their potential impacts. B. Riley will summarize our findings from the risk assessment in a summary report.

Deliverables for this task include:

- Completed Risk Assessment
- Risk Assessment Summary Report

Task 4: Business Impact Analysis (BIA)

B. Riley will work with the project leadership to develop and finalize up to five enterprise impact parameters that are specific to the City’s operations. Typically, enterprise impact parameters measure Operational, Reputational, Financial and Legal/Regulatory Impacts to the overall organization. The Enterprise Impact Parameters will allow the City to prioritize the recovery of functions across the organization. We will conduct a working session with project leadership to review, finalize, and sign-off on the parameters.

Impact Parameters	Operational	Financial	Reputational	Legal / Regulatory	Health, Safety and Environmental (HSE)
High	Significant impact on the ability to operate – i.e. Shutdown of Critical Services	Potential loss of over \$1 million.	Significant long-term reputational impact	Long term issues related to validation and/or compliance reporting to state and/or federal agencies (>90 days)	Safety or Environmental incident with multiple fatalities (>3) or long-term off-site environmental impact
Medium	Reduced ability to operate – i.e. Partial Shutdown of Services	Potential loss of between \$500,000 and \$1 million.	Moderate reputational impact with no long-term impact	Short term issues related to validation and/or compliance reporting to state and/or federal agencies (31-90 days)	Safety incident with extensive injuries or fatalities (1 to 3), Major off-site environmental release with limited long-term effects
Low	Potential for reduced ability to operate – i.e. Reduced Services	Potential loss of up to \$500,000.	Minor reputational impact with no long-term impact	Short term issues related to validation and/or compliance reporting to state and/or federal agencies (0-30 days) or potential for delays/deficiencies related to regulatory / compliance	Significant but limited Safety impact, Significant short-term environmental impact with off-site effects
Not Applicable (N/A)	No operational impact.	No financial impact.	No reputational impact.	No legal or regulatory impact.	No HSE impact.

B. Riley will conduct on-site BIA interviews with representatives from each department that will be approximately 1.5 hours long and scheduled over a one-week period. The areas we will cover during the BIA include:

- Critical business processes
- Downtime impact analysis with Enterprise Impact Parameters
- Recovery Time Objectives (RTOs)
- Recovery Point Objectives (RPOs)
- Seasonality and cyclicalality
- Application dependencies
- Vital records
- Dependencies on IT

As part of this process, we will discuss any existing recovery strategies with each department based on scenarios that involve a technology outage. The strategies discussed will help us better understand the dependencies on IT and each department's ability to find workarounds if there is a loss of technology.

Following the completion of the BIA workshops, functional area representatives will be given approximately 1 – 2 weeks to review their plan development and incorporate additional information. The B. Riley team will work with participants to ensure the information is accurate and complete.

After the completion of the BIA, B. Riley will summarize the work completed and findings from the BIA in a summary report.

Deliverables for this task include:

- Completed Business Impact Analysis (BIA) for all City Departments
- BIA Summary Report

Task 5: IT Current State Assessment

Our team will conduct a IT Current State Assessment to understand the existing level of disaster recovery preparedness and to identify any gaps for consideration in future plan development. We will begin this process by meeting with critical IT personnel to discuss:

- Critical information technology systems that support the City's essential services and critical business operations
- Recovery time objectives (RTOs) and recovery point objectives (RPOs) for each application
- Future changes to the IT environment
- Interdependencies of applications and systems

Additionally, we will conduct an on-site infrastructure assessment, including data centers and representative facilities, to evaluate the existing resources being used for production and DR. As part of our assessment, we identify and discuss major risks associated with the IT infrastructure and IT capabilities.

In addition, our team will conduct a series of Disaster Recovery interviews with the City key staff to assess the current state and identify the necessary considerations for planning. In these interviews, we will discuss topics that include:

- Network Architecture
- Server & Domain Management
- Desktop Support / Help Desk
- Asset Management
- Data Center / Facilities Management
- Cybersecurity
- Telecommunications

Our assessment will focus on the City's existing IT Resiliency capabilities, including:

- The ability to recover critical IT systems and processes from significant business disruptions resulting from disaster events such as fire, flood, earthquake, cyberattack (including ransomware), or multiple events.
- Areas of strength, gaps, and opportunities related to existing IT Resiliency capabilities, including protection of data and the ability to recover systems within defined timeframes.
- Current City IT capabilities to leading practices, and to pertinent regulatory requirements and industry standards, and to similar agencies such as counties and large cities.
- Staffing and use of limited resources.
- Emergency procurement procedures and compare against like counties processes.

In addition, we will work with IT to evaluate the business requirements on IT, as documented during the BIA, with the IT capabilities for recovery and data backups.

B. Riley will summarize our findings from the current state assessment and gap analysis in a summary report. Within this report, we will detail recommendations to address gaps in current capabilities.

Deliverables for this task include:

- IT Current State Assessment & Gap Analysis Report

Task 6: Disaster Recovery Plan Development

We will work with project leadership to develop a Disaster Recovery Plan that incorporates both a common set of activation, escalation, and communication procedures & the information necessary to recover core services. The plan will include the following information:

- Summary of key action steps and contact information
- Defined responsibilities of the DR team
- Guidelines for when to use the plan
- DR policy statement
- Plan goals
- Incident response and recovery steps
- Communications actions, protocols, and procedures

- Authentication tools
- Plan history
- Testing, training and exercising (TTE) and plan maintenance schedules.

As part of the DRP, we will work with project leadership to identify the top 10 IT applications and systems and top 10 business applications and systems and develop step-by-step recovery runbooks for each application. In addition, we will provide the City with a template such they can continue runbook development following this engagement.

We anticipate conducting the development of the DRP and application runbooks in a hybrid model, with staff on-site to conduct a review of the DRP draft, as well as application runbook development workshops.

Manual Workaround Procedures

Additionally, we will develop manual workaround procedures for the dependent business processes of the 10 selected business applications. Manual workaround procedures will clearly define the steps required to execute processes effectively in event of an application or system outage. We will work with process owners to define these procedures, and procedures will be documented as part of the applicable application runbook. We anticipate conducting the initial development of manual workaround procedures through on-site meetings, with follow-up virtually, as necessary.

In the event of an IT disruption, the application runbook will serve as a recovery playbook for both IT and City departments to resume operations as effectively and efficiently as possible.

Deliverables for this task include:

- Disaster Recovery Plan
- Application Runbooks for the 10 IT applications and systems
- Application Runbooks, including business process manual workaround procedures, for 10 business applications

Task 7: Executive Presentation

Our team will close out the project with an executive presentation. As part of this presentation, we will review all project activities, key deliverables, findings and recommendations, and next steps for the City's resiliency program. We'll prepare a slide deck for leadership and key stakeholders that will highlight our project achievements.

Deliverables for this task include:

- Final Deliverables
- Executive Presentation

Project Management

Our team will successfully deliver the requested services through both our expertise and our project management skillset. In our experience, strong project management will result in successful and timely project completion. As such, we will approach this engagement with the following:

- Designated Project Manager: B. Riley will provide the City with a designated project manager for the duration of the engagement.
- Regularly Scheduled Status Updates: From the outset of the engagement, we will schedule regular, biweekly status update meetings to discuss project updates, at-risk items, and upcoming tasks. We will ensure that the City project leadership is fully aware of the progress of the project and that we are constantly communicating.
- Project Dashboard and Project Plan: Our team will detail the required project tasks using Smartsheet technology. This will allow the City project team access to up-to-date information regarding the progress of key tasks and action items. This will ensure transparency into status of the project. We can make this information available to various audiences, as directed by the City team.

By partnering with B. Riley, we will work together as a team to successfully meet the requirements outlined in the scope of work, as well as better prepare the City for future disruptions.

TAB F: UPDATED COST PROPOSAL

B. Riley’s estimate for completing this work will be a six to eight-month elapsed timeframe, based on any seasonal exigencies and the availability of City personnel for meetings, interviews, and site visits.

B. Riley’s professional services fee to manage and execute the Phase 1 project approach based on the assumptions, scope, and service descriptions above is a fixed fee of \$106,300, payable in seven installments of \$13,287.50, as follows:

Installment 1	Upon Project Initiation
Installment 2	Upon delivery of draft Risk Assessment Report
Installment 3	Upon scheduling of On-site Business Impact Analysis (BIA) Interviews
Installment 4	Upon delivery of draft Business Impact Analysis (BIA) Report
Installment 5	Upon delivery of draft IT Current State Assessment and Gap Analysis Report
Installment 6	Upon delivery of draft Disaster Recovery Plan
Installment 7	Upon delivery of final Disaster Recovery Plan
Installment 8	Upon completion of Executive Presentation

Travel and business-related expenses will be invoiced, as incurred, and have been estimated at \$12,720 for Phase 1.

Pricing for Phase 2 & Phase 3

While the RFP states that the City requests proposers provide pricing on an application/system basis, in B. Riley’s experience, the development of a roadmap in Phase 2 and the implementation of that roadmap in Phase 3 are typically on a higher-level. While these activities incorporate application and system-specific activities, we typically seem broader recommendations and the implementation of overarching changes, such as selection of a DR vendor, as example.

As such, we are unable to provide pricing estimates on an application/system basis. However, B. Riley can offer the City Phase 2 pricing, for the development of an in-depth, go-forward roadmap with recommendations for improved resilience and disaster recovery preparedness for a fixed fee of \$35,000.

B. Riley is unable to provide an estimated cost for Phase 3 activities, as they will be dictated by the results of Phase 2.

Pricing for Additional and Optional Services

- SCADA Infrastructure and Systems
 - If the City elects to include SCADA as part of this engagement, B. Riley will seamlessly incorporate SCADA infrastructure and systems into our approach for an additional \$22,000.
- Application Runbooks
 - B. Riley can develop runbooks for additional applications and systems for a per runbook cost of \$1,250.

- Web-based Preparedness Planning Platform
 - Access to B. Riley's web-based planning platform will be available to the City for an annual fee of \$9,500.
 - *Please note that if the City elects to utilize this platform as part of this engagement, B. Riley will waive annual fees for Year 1, starting upon contract execution. In addition, we will supplement our approach to utilize the platform for project activities.*

Please note that discounted pricing may be available if the City elects to include additional items as part of the scope of work, as B. Riley may be able to achieve operational efficiencies by leveraging time and resources.

Assumptions

The City will provide the B. Riley team with a dedicated project coordinator and with adequate workspace, access, and facilities, on an as needed. Schedule changes resulting from client decisions that shift the delivery of B. Riley's services beyond the agreed upon project period, materially alter the scope of work, or require inefficient travel schedules may alter the price of this proposal. If the scope or approach of the engagement is amended, a full review will be conducted by B. Riley and the City. Similarly, if circumstances require a different level of B. Riley's involvement, we will advise the City promptly and obtain approval in prior to proceeding.

Updated Fee Breakdown

		Project Team							
	Project Task	Duane Lohn	Nicolas Chandler	Joseph Aber	Jennifer Posten	Kelley Gastineau	Rich Lowery		Total Hours per task

Total Cost [Estimated]										\$119,020.00

TAB G: REQUIRED STATEMENTS/DOCUMENTS

1. Non-substitution for the designated members of the team without approval by City staff [Section 5.0]

B. Riley assures compliance with the City's requirement for non-substitution of designated team members without City approval.

2. The absence of a conflict of interest [Section 10.4]

B. Riley assures the City that a conflict of interest does not exist.

3. Indicate your ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract [Section 10.7]. [Please note that actual certificates of insurance are not required as part of your submittal.]

B. Riley agrees to fulfill the indemnification and insurance requirements, as contained in the sample contract.

4. A statement that nothing contained in the submitted proposal will be proprietary. [Section 10.23]

B. Riley affirms that no information contained in the submitted proposal will be proprietary.

Attachments

The following attachments were included as part of B. Riley's original submittal, dated February 8, 2024:

1. Proof of registration with California Secretary of State. Note: All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.
 - *Please find a copy of GlassRatner Advisory & Capital Group, LLC's Certificate of Registration in California [File # 201913710629]. A Certificate of Good Standing can be provided upon award, if required.*
2. Proposer's Certification [Attachment B]
3. Non-collusion Declaration [Attachment C]
4. Confidentiality and Nondisclosure Agreement [Attachment D]
5. Acknowledgement of Addendum One

TAB H: EXCEPTIONS

B. Riley takes *no exceptions* to the Scope of Services and other requirements of the RFP.

TAB I: COMPETENCY OF PROPOSERS

GlassRatner Advisory & Capital Group, LLC doing business as B. Riley Advisory Services is a wholly-owned subsidiary of B. Riley Financial, Inc., a publicly-traded financial services firm listed on the NASDAQ exchange [RILY]. Financial information, as well as our recent filings with the Securities and Exchange Commission [SEC] can be found on our website, [here](#).

B. Riley believes that we are an excellent partner to the City on this engagement, and we have all the necessary facilities, capabilities, experience, and financial resources to successfully deliver this project. Our team has not had a contract terminated for breach.

 - Scenario 2: Data Breach/Cyber Threats
 - Scenario 3: Communicable Diseases
 - Scenario 4: Environmental Incident
 - Scenario 5: Impinger Corporate Conduct (Financial Reporting Harassment Etc.)
 - Scenario 6: Employee Misconduct (Sexual, Theft, etc.)
 - Scenario 7: Active Shooter
 - Scenario 8: Environmental Activity (Global)
- VII. Audience Perception Grid

RESPONSE AND ACTIVATION PROTOCOL

This plan provides a checklist of logistical communications activities the response as quickly and efficiently as possible. The response timeline are that no step or decision is overlooked during the course of a crisis. One [CJ/INT] will face during a crisis, a comprehensive checklist will serve as the scenarios in this plan focus solely on "DEFCON-1" situations.

CHARACTERISTICS OF A "DEFCON-1" CRISIS

Phonetic coverage of the company or any of its major brands	Crisis breaking, direct, severe, accident or healthcare situation	High likelihood of media involvement/coverage	High likelihood of severe escalation/coverage
Legal regulatory thresholds likely required for disclosure	Wide geographic spread (national / global)	Probable	Not

RESPONSE AND ACTIVATION PROTOCOL - PHASE 1

Following are a series of materials and communications tools that will be used in the event of any of the most likely crisis scenarios.

- Dark Sites** (e.g., website, Twitter handle, etc.) Components of the space in which we can easily highlight the crisis and the company's services while the company will be doing for affected parties.
- Social Listening and Media Monitoring Processes** - Establish an external services necessary to immediately activate external monitors.
- Approval Process** - Establish an internal protocol to approve all internal and external release using the smallest possible number of CJ team holding statements and messaging in response to most scenarios, when media to reflect the actual crisis.
- Media Relationship Mapping** - Create a comprehensive list of all that may need to be reached should a proactive media strategy be implemented. Develop a comprehensive listing of all org. within those organizations that may need to be contacted in the event you should include sector, state, national and international interest. Assign CJ members the responsibility of the list.
- Internal Communications** - Establish a secure and capable "war room" at the moment on an ongoing basis throughout the course of the crisis, access, cable television monitors, one or more up to the minute information and questions and several computer per person office.
- Internal Communications** - Establish the location of a similar that headquarters is headquartered or inaccessible resources - identify all necessary third party providers if resources that requires additional resources to have being that not limited to, and CRM phone services to manage a significant number and even media calls.
- Internal Communications** - Establish a secure and capable "war room" at the moment on an ongoing basis throughout the course of the crisis, access, cable television monitors, one or more up to the minute information and questions and several computer per person office.

SCENARIO 2: DATA BREACH/CYBER THREATS

Definable: Customer, internal or third-party data is compromised via a breach, hacker or improper internal handling of sensitive company or customer data.

Response and Activation Protocol - PHASE 1

Action Steps for First Hour Following Confirmation

- ✓ Activity
- If proactive strategy is recommended/approved, assign personnel sponsored external media sites
- Activate external crisis communications firm
- Begin a log of incoming inquiries (e.g., from clients, media, other external stakeholders)
- Triage and isolate content of all key stakeholders groups (brand, CJ members/teams, see section on Contacts & Responsibilities)
- If proactive strategy is recommended/approved, activate update post on company website
- If proactive strategy is recommended/approved, release finalized media contacts
- If proactive strategy is recommended/approved, initiate response on company-owned social media sites using approved messaging
- Determine whether any advertising or promotional events should stop
- Determine need for proactive or reactive communication strategy
- Using pre-prepared media materials as a template, develop effective narrative statement for immediate use as well as key messages, full and/or travel agent letter as appropriate
- Legal and CJ approves external communication strategy and tone
- Engage / brief Board of Directors
- Engage / brief appropriate relevant customer care personnel and communications and "content setting communication" in appropriate design a team member to continuously monitor all social media coverage (if any to ensure messaging and materials are sufficient)
- Author and send Situation Report throughout organization to be internal personnel; this helps to coordinate relevant / reinforced internal constituents know where and to whom to turn for credible information
- Identify third party vendors or resources for activation and put in place
 - Microsite / dark site
 - Call center support
 - Reporting / events
 - Outside legal counsel
 - CRM support
 - Translation services
 - Case Team support
- Consult with Legal Team for guidance on whether government notifications are warranted and if so, designate call list and responsibility

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2023-24
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2023-24, is hereby amended as listed on the attached budget adjustment for a Technology Disaster Recovery Plan.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

PASSED AND ADOPTED by the Council of the City of Roseville, this

Justification for Budget Adjustment:

This budget adjustment is needed to fund 500537 - Business Continuity and Disaster Recovery Plan project.

A competitive selection process (RFP 12-031) was used to select B. Riley Advisory Services to assist in the development of an updated City of Roseville Technology Disaster Recovery Plan. This project will identify critical City business processes, the technology required to perform these processes, recovery and restoration procedures, and a roadmap to address any enterprise-wide gaps in recovery capabilities that do not currently meet the City's needs.

This project will be funded by 2280 - Federal Stimulus Reserve – ARPA Fund.

Title: Natural Gas for Roseville Electric - Gas Transaction Confirmation
Contact: Petra Wallace 916-774-5510 pwallace@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.16.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to authorize the City Manager to execute a Gas Transaction Confirmation with Shell Energy North America (US) L.P. effective July 1, 2024 through May 31, 2025. Staff also requests approval to exercise the option to extend the agreement for one additional year without any further City Council approval.

BACKGROUND

Roseville's Main Gas Supplier Agreement (Agreement) sets out the terms and conditions for Shell Energy North America (US) L.P. (Shell) to provide natural gas delivery and balancing services to Roseville Electric Utility for operating the Roseville Energy Park and Roseville Power Plant 2. Roseville entered into the current Agreement on May 6, 2020 and the Agreement is set to expire on May 31, 2025. Transactions under this Agreement are executed pursuant to Roseville's Energy Trading Authority Policy. The fees associated with the transactions are estimated at \$30,000 per year and are included in the annual budget for the Electric Department.

On March 28, 2024 Shell submitted a 90-day termination notice to end the Agreement prior to its scheduled expiration on May 30, 2025. Shell's reason for exercising the early termination provision is related to the recent high volatility in the natural gas markets since the contract was executed in June 2020. Some of the high market volatility has been attributed to:

- Record high market prices in winter 2022, caused by cold weather and gas transportation failures;
- Failure of private natural gas storage operators to deliver on gas storage contracts during high prices in winter 2022/23; and
- PG&E's July 2022 implementation of California Public Utilities Commission approved reduction in natural gas storage management which resulted in much lower Northern California gas in storage, contributed to supply shortages in winter 2022/23.

Shell indicated these events have resulted in the company bearing too much short-term market cost risk due to widening transaction price spreads, and the long timelines afforded to Roseville to

nominate it's daily natural gas needs. Working with Shell, an amendment (Gas Transaction Confirmation) was negotiated to balance the cost risk for Shell, shorten Roseville's daily nomination timeline, and extend to Roseville an option for an additional contract year.

FISCAL IMPACT

The proposed changes associated with the Gas Transaction Confirmation will result in an estimated increase of \$125,000 annually. Funding for these costs is included in the proposed FY2024-25 Electric Department budget in the Electric Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of this amendment meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Respectfully Submitted,

Petra Wallace, Power Supply and Portfolio Administrator

Dan Beans, Electric Utility Director

Resolution 24-197

Gas Transaction Confirmation

RESOLUTION NO. 24-197

APPROVING A GAS TRANSACTION CONFIRMATION, BY AND BETWEEN
SHELL ENERGY NORTH AMERICA (US) L.P. AND THE CITY OF ROSEVILLE,
AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT
ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a Gas Transaction Confirmation, by and between Shell Energy North America (US) L.P. and the City of Roseville, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said confirmation is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute one (1) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20__, by the following vote on roll call:

This Gas Transaction Confirmation ("Confirmation") is entered into pursuant to the NAESB Base Contract for Sale and Purchase of Natural Gas between SHELL ENERGY NORTH AMERICA (US), L.P. ("Shell Energy") and the CITY OF ROSEVILLE, CALIFORNIA ("Roseville") dated December 1, 2006, and all Special Provisions and Addendums and amendments thereto, if any (collectively the "Contract").

This Confirmation shall confirm and effectuate the agreement between Buyer and Seller regarding the purchase and sale of Gas pursuant to the Contract under the following terms. Defined terms used but not defined herein shall have the meaning ascribed to them in the Contract.

Seller: Shell Energy

Buyer: Roseville

Delivery Period (Term)	Delivery Point/Transporter	Level of Service	Contract Quantity (MMBtu Per Day)	Contract Price (USD Per MMBtu)
July 1, 2024, through May 31, 2025. Subject to Special Conditions below	Shell Energy's PG&E Contracted Marketer Pool No. NBAA 1021.	Firm, & Firm Once Nominated. Subject to Special Conditions below	0 to 50,000 MMBtu/Day Subject to Special Conditions below	See Special Conditions below

Special Conditions:

1. Delivery Period:

Start Date: July 1, 2024

End Date: May 31, 2025; provided however, this Confirmation shall automatically extend for an additional year beginning June 1, 2025 unless and until either Party provides ninety (90) days' written notice to the other Party to terminate this Confirmation.

2. Full Requirements; Definitions; Contract Quantity; Nominations:

a. **Full Requirements.** During the Delivery Period of this Confirmation Shell Energy and Roseville agree that Shell Energy shall be the exclusive Seller to Roseville of Roseville's daily supply requirements for Gas, up to the Maximum Daily Quantity as defined below, while such exclusivity is also subject to the terms and conditions of (i) the Sleeving Procedure specified below, and (ii) the Third Party Pre-Pay Monthly Quantity and Third Party Physical Gas Hedge Daily Quantity terms and conditions specified below. Furthermore, Roseville is prohibited from selling/re-marketing previously purchased Contract Quantities from Shell Energy to another third-party. Seller shall not be required to provide Gas to Buyer as Seller's sole and exclusive activity, and Seller may engage in other Gas sales and purchase transactions with other customers regardless of whether such other customers compete with Buyer.

b. **Definitions.** Except to the extent a different interpretation is clearly required by the context, the following terms when used herein with initial capitalization shall have the following meanings or, if not defined herein, the meanings given such terms in other parts of the Contract:

"CAISO" means the California Independent System Operator.

"Contract Quantity" means the sum of: (i) the Hedged Contract Quantity; plus (ii) the Month-Ahead Contract Quantity; plus (iii) any Day-Ahead Contract Quantity, plus or minus (as the case may be); plus (iv) any Intra-Day Contract Quantity, plus or minus (as the case may be), all as herein defined and determined.

"Day-Ahead Contract Quantity" means such quantity of Gas per Day delivered to Roseville in excess of (i) such Day's Hedged Contract Quantity, plus (ii) any applicable Month-Ahead Contract Quantity as Roseville may nominate to Shell Energy for a particular Day by no later than 5:30 a.m. prevailing Pacific time ("PPT") on the Trading Day immediately prior to the applicable Gas flow Day(s).

"Hedged Contract Quantity" means such quantities of Gas (specified as a daily quantity in equal quantities each Day during the Month) delivered to Roseville which provides for Shell Energy's sale and Roseville's purchase of such volumes of Gas at fixed prices from July 1, 2024, through and including May 31, 2025 and as extended per this FR Transaction Confirmation ..

"Intra-Day Contract Quantity" means such quantity of Gas per Day as Roseville may nominate to Shell Energy after 5:30 a.m. PPT on the Trading Day immediately prior to the applicable Gas flow Day(s), or during such Gas flow Day if such Day is also a Trading Day, (i) for purchase from Shell Energy in excess of such Day's Hedged Contract Quantity, any Month-Ahead Contract Quantity and any Day-Ahead Contract Quantity, or (ii) for re-sale to Shell Energy in an amount up to the sum of such Day's applicable Hedged Contract Quantity, Month-Ahead Contract Quantity and Day-Ahead Contract Quantity, if any. Any Intra-Day Contract Quantity purchase or sale shall be subject to the mutual agreement of the parties in the exercise of each party's sole discretion and shall be for such quantities and at such prices and on such terms and conditions as the parties may agree. If Roseville and Shell Energy fail to agree to an Intra-Day Contract Quantity, then the Intra-Day Contract Quantity shall be deemed to be zero for the applicable Day(s).

"Maximum Daily Quantity" means, the sum of (i) Contract Quantity plus (ii) any Usage Quantity for any Day, up to but not in excess of a total delivery maximum of 50,000 MMBtus per Day during the Delivery Period; provided, Shell Energy at its sole option may sell and deliver Contract Quantities in excess of the Maximum Daily Quantity, if Roseville and Shell Energy agree to terms for such additional quantities.

"Month-Ahead Contract Quantity" means such quantity of Gas nominated by and delivered to Roseville each Day in excess of the Hedged Contract Quantity, which shall be in equal daily quantities each Day during a Month) for the upcoming Month or Months at pricing as mutually agreed to by Roseville and Shell Energy in a Confirmation. If Roseville and Shell Energy fail to agree to a Month-Ahead Contract Quantity, then the Month-Ahead Contract Quantity shall be deemed to be zero for the applicable Month(s).

"Third Party Pre-Pay Monthly Quantity (PPQ)" means such quantity of Gas purchases by Roseville from third party suppliers under a natural gas mini-prepay agreement with a predefined set monthly scheduled quantity to be delivered at the Delivery Point for receipt into Shell Energy's Contracted Marketer Pool (PG&E No. 0602) in equal daily quantities for re-delivery to Roseville. Shell Energy must receive notification of any PPQ volumes or changes for the upcoming Month(s) no later than five (5) Business Days prior to the first Trading Day of the delivery Month.

"Third Party Physical Gas Hedge Daily Quantity (HDQ)" means any such quantity of Gas per Day purchased by Roseville from third party suppliers under a natural gas physical hedge agreement with a predefined set scheduled quantity to be delivered at the Delivery Point for receipt into Shell Energy's Contracted Marketer Pool (PG&E No. 0602) in equal daily quantities for re-delivery to Roseville. Shell Energy must receive notification of any HDQ for the upcoming Day(s) no later than the Trading Day prior to the Day of delivery.

"Trading Day" means each Gas flow Day as designated in the Next Day Trading Calendar for Physical Gas published by the Intercontinental Exchange ("ICE") for the applicable calendar year.

"Usage Deviation Quantity" – has the meaning defined below in Special Condition 5.b.

c. **Ordering of Gas Sales.** During any Day on which Roseville has nominated quantities of Gas to Shell Energy for Scheduling, the quantities of Gas delivered to Roseville shall be ordered as follows: (1) the first quantities of Gas delivered during a Day shall be deemed to be the Hedged Contract Quantity, (2) quantities of Gas delivered in excess of the Hedged Contract Quantity during the Day shall be deemed to be any Month-Ahead Contract Quantity, (3) quantities of Gas delivered in excess of the Hedged and any Month-Ahead Contract Quantities during the Day shall be deemed to be any Day-Ahead Contract Quantity, (4) any quantities of Gas delivered in excess of any Hedged, Month-Ahead and Day-Ahead Quantities during the Day shall be deemed to be any Intra-Day Contract Quantity, and (5) any quantities of Gas delivered in excess of the Contract Quantity during the Day shall be Usage Deviation Quantities. For the avoidance of doubt, the applicable PPQ and HDQ shall be first through the meter to Roseville on any Day prior to the Ordering of Gas Sales as provided above.

d. **Nomination and Scheduling of PPQ and HDQ.** Roseville and Shell Energy agree and acknowledge that Shell Energy will nominate and schedule Roseville's Third Party Supplier HDQ and PPQ Quantities contracted by Roseville from the PG&E city-gate for re-delivery to Roseville; provided, however, any Firm delivery default by such a Third-Party Supplier of any PPQ or HDQ volumes shall not be considered a Firm delivery default by Shell Energy to Roseville and accordingly Shell Energy shall not be liable to Roseville for damages under Section 3 of the Contract for any such Firm delivery default by the Third-Party Supplier, and (ii) Shell Energy shall not be responsible for Imbalance Charges incurred by Roseville under Sections 4.3 or 11.3 (with respect to Imbalance Charges during Force Majeure) of the Contract or otherwise, resulting from the failure of a Third Party Supplier to deliver Scheduled Gas under such PPQ and HDQ transactions.

3. Contract Price: The following prices shall apply to the applicable Contract Quantity types described above, as follows:

a. **Hedged.** Gas sold by Shell Energy to Roseville as Hedged Contract Quantities shall be priced per MMBtu as specified in each applicable Gas Transaction Confirmation(s).

b. **Month-Ahead.** Gas sold by Shell Energy to Roseville as Month-Ahead Contract Quantities shall be priced per MMBtu at a Fixed Price or First of the Month price as mutually agreed to by the parties and as specified in each applicable Gas Transaction Confirmation.

c. **Day-Ahead.** Gas sold by Shell Energy to Roseville as Day-Ahead Contract Quantities shall be priced per MMBtu at the price specified in Platt's Gas Daily, Daily Price Survey, under the heading "PG&E city-gate" "Midpoint" as reported for the applicable Day, plus \$0.05 per MMBtu.

Any Day-Ahead quantities that Roseville is unable to receive or use and that are "bought-back" by Shell Energy shall be ratable over each Day of a weekend or holiday. For any such Day-Ahead Contract Quantities that are "buy-backs", Roseville shall sell and Shell Energy shall purchase any Day-Ahead Contract Quantities that reduce the Hedged or Month-Ahead Contract Quantities at a price per MMBtu specified in Platt's Gas Daily, Daily Price Survey, under the heading "PG&E city-gate" "Midpoint" as reported for the applicable Day, minus \$0.05 per MMBtu. For the avoidance of doubt, Shell Energy and Roseville agree that the Daily buy-back of any Month-Ahead Contract Quantities shall occur prior to the Daily Buy-Back of any Hedged Contract Quantities.

In the event there is no single price published for a referenced location for a Day, but there is published a range of prices, then the price shall be the average of such high and low prices. If no price or range of prices is published for a Day, or if the referenced publication is no longer available, then the price shall be determined by reference to an alternate reference as provided below.

d. **Intra-Day & Usage.** Gas sold by Shell Energy to Roseville, or from Roseville to Shell Energy, in Intra-Day Contract Quantity Gas Transactions shall be at a Contract Price as mutually agreed to by the parties. Any such Intra-Day Gas Transaction shall be effectuated in accordance with all relevant terms of the Contract. Gas sold by Shell Energy to Roseville, or from Roseville to Shell Energy, as Usage Quantities shall be as provided for in Special Condition 5.b., below ("Usage Provisions").

4. Sleeving Service: Upon request by Roseville and upon satisfaction of conditions set forth in the Sleeving Procedure (as defined below) and otherwise herein, Shell Energy will act as a "sleeve" for Roseville for up to 10,000 MMBtu's per Day of any of their "new" HDQ quantities (which Roseville may seek to enter into after execution of this Transaction Confirmation) through Shell Energy in exchange for a \$0.01 per MMBtu fee ("Sleeving Fee"). For any such sleeving transactions entered into by Shell Energy at the request of Roseville pursuant to this Special Condition 4, Roseville and Shell Energy agree and acknowledge that (i) any Firm delivery default by a Third-Party Supplier (defined below) under such HDQ sleeving transactions shall not be considered a Firm delivery default by Shell Energy to Roseville for the corresponding quantity under this Confirmation, and accordingly Shell Energy shall not be liable to Roseville for damages under Section 3 of the Contract for such Firm delivery default by the Third-Party Supplier, and (ii) Shell Energy shall not be responsible for Imbalance Charges incurred by Roseville under Sections 4.3 or 11.3 (with respect to Imbalance Charges during Force Majeure) of the Contract or otherwise, resulting from the failure of a Third Party Supplier to deliver Scheduled Gas under such sleeving transactions. For the avoidance of doubt and with regard to the exclusivity obligation, such Sleeving Service requirement shall not apply to any PPQ or HDQ Third-Party transactions executed by the Buyer prior to the execution of this Confirmation's Delivery Period, but such process shall be required for, and applied to, any new HDQ Third-Party transaction(s) proposed to be executed by the Buyer (and scheduled for delivery by Shell Energy) on or after the execution of this Transaction Confirmation until the end of the Delivery Period herein. For the avoidance of any doubt, Roseville may transact for PPQ Third Party Transactions during the Delivery Period of this Transaction Confirmation and such volumes are not subject to such Sleeving or exclusivity requirements; provided, Roseville shall timely inform Shell Energy of any such new PPQ volumes as required hereunder, and such PPQ volumes will then be nominated and scheduled for redelivery from Roseville's Third Party Supplier to Roseville per Special Condition 2.d. above, same as any existing PPQ volumes.

"Sleeving Procedure" means the following process in which Roseville may obtain a Gas sleeving service from Shell Energy:

- A. if Roseville desires to enter into a Sleeved Transaction, Roseville shall provide Shell Energy with a quote from a Third-Party Supplier for the purchase of Gas for delivery at the Roseville meter behind PG&E city-gate (the "Third-Party Quote"). Such Third-Party Quote shall include the following information: (i) legal name of Third-Party Supplier; (ii) volume (up to 10,000 MMBtu max); (iii) term; and (iv) price. "Sleeved Transaction" means a proposed identical back-to-back transaction for the purchase and sale of Gas, where Roseville desires that Shell Energy purchase Gas from a third party for resale to Roseville.
- B. Shell Energy shall review the Third-Party Quote.
- C. Prior to entering into any Sleeved Transaction, Shell Energy shall have the opportunity to provide Roseville with a quote (the "Last Look Quote") specifying the price at which Roseville may purchase Gas from Shell Energy pursuant to the terms of such Last Look Quote.
- D. If the price in Shell Energy's Last Look Quote is equal to or less than the sum of (i) the price in the Third-Party Quote and (ii) the Sleeving Fee, then Roseville shall purchase such Gas from Shell Energy pursuant to the terms of such Last Look Quote.
- E. If Shell Energy is not willing to match the Third-Party Quote at an aggregate price (inclusive of the Sleeving Fee) that is equal to or less than that of the Third-Party Quote, then Shell Energy will enter into a Sleeved Transaction with respect to the Third-Party Quote; provided that the following conditions are satisfied: (i) no Event of Default has occurred and is continuing; (ii) Shell Energy must have an existing natural gas contractual relationship with the Third-Party Supplier; (iii) the Third-Party Supplier must meet the Shell Energy's credit requirements (including sufficient credit capacity granted to such Third-Party Supplier by Shell Energy and to Shell Energy by such Third-Party Supplier, for the proposed Sleeved Transaction, in addition to the credit capacity utilized by Shell Energy for its own business purposes with such Third-Party Supplier); (iv) Shell Energy, Roseville and the Third-Party Supplier must confirm the details of the Third-Party Quote in real time and Shell Energy and such Third-Party Supplier must be

able to complete a definitive agreement upon terms equivalent to or better than those terms offered in the Third-Party Quote. Shell Energy does not guarantee that it will be able to enter into a definitive agreement with any Third-Party Supplier; and (v) the transaction price for the Sleeved Transaction shall be equal to the Third-Party Quote plus the Sleeving Fee.

- F. Under no circumstances will Shell Energy be obligated to enter into a transaction with any Third-Party Supplier who, in Shell Energy's sole discretion, is not creditworthy or would require Shell Energy provide any form of credit support (other than reliance on Shell Energy's general balance sheet).

5. Scheduling, Usage, Operational Flow Order Provisions:

a. **Scheduling Agent.** Shell Energy shall act as Buyer's scheduling agent for purposes of scheduling deliveries of Gas to the Delivery Point. Except as otherwise specifically provided in this Confirmation nothing herein shall change the responsibilities of the parties under the Contract.

b. **Usage Deviation Quantities.** Buyer shall provide, or authorize Seller to receive, all information necessary for Seller to nominate and schedule Buyer's daily receipts and monitor Buyer's daily consumption of Gas pursuant to this Confirmation. The parties recognize that Roseville's operations and usage at its PG&E city-gate meter, including, but not limited to, Roseville's election or non-election to bid into the CAISO Energy Imbalance Market (EIM), and CAISO's dispatch of the Roseville Energy Plant, will cause the actual usage of Gas to deviate from Contract Quantity amounts at the Delivery Point(s) (such deviations, the "Usage Deviation Quantities"). Because such Usage Deviation Quantities are outside of the Transporter's timely nomination cycles for the applicable Day and not included in the Contract Quantities, the Usage Deviation Quantities shall be priced as provided below:

Excess/Under Receipts. For daily quantities of Gas utilized by Buyer in excess of the Contract Quantity as a result of such Gas usage, Seller shall sell to Buyer or Buyer shall purchase from Seller any such excess or under receipt quantities of Gas, as applicable (for sales of excess Gas to Buyer, to the extent Gas is available in the market), under the following quantity and pricing structure:

First Tranche: 0 to +/- 2000 MMBtu on such Day:

- If Roseville is Long (Underburn) between 0-2000 MMBtu (resulting in a Shell Energy buyback) such quantities shall be priced at Platts, Gas Daily, PG&E city-gate, plus \$0.05 per MMBtu
- If Roseville is Short (Overburn) between 0-2000 MMBtu (resulting in a Shell Energy sale), such quantities shall be priced at Platts, Gas Daily, PG&E city-gate, plus \$0.05 per MMBtu

Second Tranche: For any such Gas quantities in excess of 2000 MMBtu on same Day:

- If Roseville is Long (Underburn), all such quantities in excess of 2000 MMBtu per Day shall be priced at **the lower of** (i) Platts, Gas Daily, PG&E city-gate, minus \$0.15 per MMBtu for such Gas Day; or (ii) Platts Gas Daily PG&E city-gate, minus \$0.15 per MMBtu for the following ICE Trading Day
- If Roseville is Short (Overburn), all such quantities in excess of 2000 MMBtu per Day shall be priced at **the higher of:** (i) Platts, Gas Daily, PG&E city-gate, plus \$0.25 per MMBtu for such Gas Day; or (ii) Platts Gas Daily PG&E city-gate, plus \$0.25 per MMBtu for the following ICE Trading Day

c. **Operational Flow Orders.** In addition to the above Usage Deviation Quantities, Buyer shall be responsible for any and all daily associated penalties, cash outs, or non-compliance charges imposed on Seller pursuant to PG&T Gas Rule No. 21 that are attributable to Buyer's Excess Imbalance and/or Buyer's Shortfall Imbalance being outside of the Transporter's tolerance band while Daily Balancing or OFO/EFO requirements are in effect. The price for Buyer's Daily Excess Imbalance and/or Buyer's Daily Shortfall Imbalance outside of the Transporter's tolerance band shall be equal to the Transporter's Tariff imbalance price per MMBtu. Notwithstanding anything to the contrary, Shell Energy shall be responsible for only those penalties caused by Shell Energy actually imposed upon it by PG&E in the case where, after receiving proper notice from Roseville in accordance with Section 3 above, Shell Energy fails to schedule and deliver to the Delivery Point all contract quantities, except any Third Party Receipts.

6. Other Matters:

a. **Transportation Requirements.** Gas delivered and received hereunder shall be in accordance with all operating requirements of Seller's Transporter(s).

b. **Change in Law.** If either Shell Energy's or Roseville's activities hereunder become subject to a new law or regulation which renders the purchase or sale of Gas at the Delivery Point provided under this Confirmation illegal or unenforceable, then either Party shall at such time have the right to deliver a notice of its intent terminate this Confirmation to the other Party. Upon delivery of a Notice pursuant to this Special Condition by one Party to the other, Shell Energy and Roseville shall engage in good faith negotiations in an attempt to negotiate a new agreement resulting in substantially the same economic benefits as this Confirmation.

c. Dodd Frank Representations. The parties agree that this transaction is a forward contract within the meaning of the Commodity Exchange Act (CEA), as amended, and the Rules of the Commodity Futures Trading Commission ("Forward Contract"), and in reliance upon such agreement, as of the date the transaction is entered into:

- (i) each party represents to the other that it is a commercial market participant with respect to the specified commodity;
- (ii) each party represents to the other that it intends to make or take physical delivery of the specified nonfinancial commodity; and
- (iii) if this transaction includes any volumetric optionality, the holder of such optionality represents to the other party (a) that such optionality is primarily intended to address physical factors (such as weather, environmental factors, customer demand, available production, transport, shipping, operational constraints, or other physical factors) or regulatory requirements that reasonably influence demand for, or the supply of, the specified nonfinancial commodity; and (b) that such optionality is not primarily intended to address price risk.

To the extent the transaction is deemed to be a commodity option:

- (i) the seller of the option represents to the buyer of the option that in connection with this transaction, the seller of the option is either (a) an eligible contract participant ("ECP") as defined in section 1a(18) of the Commodity Exchange Act ("Act") and the regulations of the Commodity Futures Trading Commission ("CFTC"), or (b) a producer, processor, commercial user of or a merchant handling the commodity that is the subject of this transaction, or the products or byproducts thereof, and is offering or entering into this transaction solely for purposes related to its business as such;
- (ii) the buyer of the option represents to the seller of the option that in connection with this transaction the buyer of the option is a producer, processor, commercial user of or a merchant handling the commodity that is the subject of this transaction or the products or byproducts thereof and is offering or entering into this transaction solely for purposes related to its business as such; and
- (iii) each party represents to the other that the option, if exercised, would result in the sale of an exempt commodity for immediate or deferred delivery.

This Confirmation is being provided pursuant to and in accordance with the Contract between Shell Energy and Roseville and constitutes part of and is subject to all of the provisions of the Contract. With respect to the above stated Deal Number identifying this specific transaction, this Confirmation shall supersede any prior Confirmations of this specific transaction.

Please evidence your acceptance of this Confirmation by signing below and returning a faxed copy to Shell Energy. If no facsimile objection to this Confirmation is received by Shell Energy by 5:00 p.m., HOUSTON, Texas time, within two (2) Business Days after delivery of this Confirmation to Roseville (unless otherwise specified in the Contract), then this Confirmation shall be the final expression of all the terms hereof and shall be binding and enforceable against Seller and Buyer regardless of whether executed by Roseville.

Title: Payment Gateway and Processor Services - Professional Services Agreement
Contact: Kerri Crosby 916-746-1263 kcrosby@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.17.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a Professional Services Agreement with Invoice Cloud, Inc. for payment gateway and processor services. Staff additionally requests authority for the City Manager, or his designee, to execute two (2) additional one (1) year renewals without further Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same consultant is not in the City's best interest.

BACKGROUND

The City of Roseville has over 76,000 utility billing customers and processes over 350,000 credit card payments annually. The City presently uses Invoice Cloud, Inc. as its credit card payment processor. In 2015, the City selected Invoice Cloud, Inc. after a competitive bidding process. Invoice Cloud, Inc. has been a great partner and has met our requirements as the City has grown. However, given the original agreement dates back to 2015, a new Request for Proposals (RFP) was issued to ensure that the City is getting the best services and pricing to meet our customers' needs.

It's important that the City continue to partner with an integrated payment provider such as Invoice Cloud, Inc. to streamline operations, enhance security, and deliver an exceptional customer experience. Invoice Cloud provides real-time interfaces with Cayenta, the City's utility billing system, and Selectron, our Interactive Voice Response (IVR) phone system used to facilitate utility billing payments. Credit card payment services are an essential service to utility billing customers.

The RFP for Payment Gateway and Processor Services was issued on February 12, 2024. The RFP closed on March 6, 2024, and a selection committee reviewed the proposals and selected Invoice Cloud, Inc. for recommendation to City Council based on their experience, price, and their ability to meet the City's needs.

FISCAL IMPACT

Funding for this agreement, totaling \$550,000 in FY2024-25, is included in the Electric and Environmental Utilities Department proposed FY2024-25 budgets. The agreement will be funded by funds available in the Electric Fund (\$275,000), Water Fund (\$91,667), Wastewater Fund (\$91,667) and Waste Services Fund (\$91,666). Given the total cost of this agreement is determined by the number of customer transactions, which increase significantly each year, staff recommends the City Council provide authorization to adjust the agreement cost based on the amount included in future year adopted budgets. There is no impact to the City's General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Invoice Cloud, Inc. agreement meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal E - Deliver exceptional city services

Respectfully Submitted,

Kerri Crosby, Senior Utility Billing Analyst

Daniel Beans, Electric Utility Director

Dominick Casey, City Manager

RFP Proposal

RESOLUTION NO. 24-164

APPROVING A PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND INVOICE CLOUD, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a professional services agreement for call payment gateway and processor services, by and between the City of Roseville and Invoice Cloud, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2024, by the following vote on roll call:

PROFESSIONAL SERVICES AGREEMENT

Project: Payment Gateway and Processor Services

THIS AGREEMENT is made and entered into this ____ day of _____, 2024,
by and between the City of Roseville, a municipal corporation ("CITY"), and Invoice Cloud,
Inc., a Delaware corporation ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY desires professional services consisting of payment gateway and processing services for utility billing purposes across multiple payment channels, including but not limited to online, phone and mobile applications; and

WHEREAS, CONSULTANT has prepared a proposal dated March 6, 2024, which describes the scope of work to be performed by CONSULTANT, the budget for the work, and the schedule for performance of the work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional services.

NOW, THEREFORE, the parties agree as follows:

1. Services. CONSULTANT shall perform, at the direction of CITY, the scope of services as described in EXHIBIT "A," attached hereto and incorporated herein by this reference. In the event of a conflict between the terms of this Professional Services Agreement and any terms contained in Exhibit A, the terms of Exhibit A shall control.

2. Compensation. For its services provided hereunder, CONSULTANT shall be compensated in accordance with the pricing as described in EXHIBIT "A." Such amounts paid to CONSULTANT by CITY under this Agreement shall vary based on the volume and number of items processed by CONSULTANT.

3. Indemnification. To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

4. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

COVERAGE

LIMITS OF LIABILITY

Workers' Compensation

Statutory

Commercial General Liability

\$1,000,000 each occurrence

\$2,000,000 aggregate

Personal Injury:

\$1,000,000 each occurrence

\$2,000,000 aggregate

Automobile Liability

\$1,000,000 combined single limit

Professional Liability (errors and
omissions)

\$1,000,000 per claim

\$2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also ensure that the CITY, its officers, agents, employees and volunteers are listed as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be primary and noncontributory, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement.

c. Cancellation/Modification. CONSULTANT shall provide commercially-reasonable written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to be responsible for the work of all subcontractors, as between CONSULTANT and the CITY.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall include a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all work performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement.

6. Time is of the Essence. Time is of the essence of this Agreement.

7. Prevailing Wages. When applicable, for purposes of this Agreement, CONSULTANT and its subcontractors shall comply with all applicable prevailing wage laws, e.g., but not limited to, California Labor Code Sections 1770 et seq. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars (\$200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the

Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

9. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

10. Public Contracts: Conflicts of Interest. CONSULTANT's duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement, except to the extent that such information is a protected trade secret or otherwise contains proprietary or confidential information of CONSULTANT.

11. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

12. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY. Notwithstanding the foregoing, this Agreement may be assigned by a Party without the permission of the other Party in the event of a sale of all, or substantially all, of the assets or equity of a Party.

13. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

14. Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or

making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

15. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

16. [Intentionally Omitted]

17. Termination of Agreement. This Agreement may be terminated by either party with cause in the event of a material breach of the terms of this Agreement by the other party and the breach remains uncured for a period of thirty (30) days following receipt of written notice by the breaching party. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination.

18. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

19. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

20. Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

21. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE

City of Roseville
Attn: City Clerk
311 Vernon Street
Roseville, CA 95678

CONSULTANT

Carlyn Altheide
Director, Enterprise Sales
30 Braintree Hill Office Park, Suite 303
Braintree, MA 02184

Either party may amend its address for notice by giving notice to the other party in writing.

22. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

EXHIBIT “A”

Biller Agreement

1. License Grant & Restrictions. Subject to execution by Biller of the Invoice Cloud Biller Order Form incorporating this Agreement, Invoice Cloud hereby grants Biller a non-exclusive, non-transferable, worldwide right to use the Service described on the Biller Order Form until termination as provided herein, solely for the following purposes, and specifically to bill and receive payment from Biller's own customers, for Services that are referenced in the Biller Order Form. All rights not expressly granted to Biller are reserved by Invoice Cloud and its licensors.

Biller will provide to Invoice Cloud all Biller Data generated for Biller's Customers. Unless otherwise expressly agreed to in writing by Invoice Cloud to the contrary, Invoice Cloud will process all of Biller's Customers' Payment Instrument Transactions requirements related to the Biller Data and will do so via electronic data transmission according to our formats and procedures for each electronic payment type selected in the Biller Order Form. In addition, Biller will execute all third-party applications and enter into all agreements required for the Service without unreasonable delay, including without limitation Payment Processing Agreements and merchant agreements that may be required upon implementation, or later at such time as the Service operates with different or multiple payment processors. Throughout the Term of this Agreement, for "Invoice Types" listed on the Biller Order Form (e.g., real estate taxes, utility bills, parking tickets, insurance premium, loans, etc.), Biller will not use the credit card processing, ACH or check processing of any bank, payment processor, entity, or person, other than Invoice Cloud via electronic data transmission or the authorization for processing of Biller's Customers' Payment Instrument Transactions, for each electronic payment method selected in the Biller Order Form.

Biller shall not: (i) license, sublicense, sell, resell, transfer, assign, distribute or otherwise commercially exploit or make available to any third party the Service in any way; (ii) modify or make derivative works based upon the Service; (iii) recreate, "frame" or "mirror" any portion of the Service on any other server or wireless or Internet-based device; (iv) reverse engineer or access the Service; or (v) copy any features, functions or graphics of the Service.

2. Privacy & Security. Invoice Cloud's privacy and security policies may be viewed at <http://www.invoicecloud.com/privacy.html>. Invoice Cloud reserves the right to modify its privacy and security policies in its reasonable discretion from time to time which modification shall not materially adversely impact such policies. Invoice Cloud will maintain compliance with current required Payment Card Industry (PCI) standards and Cardholder Information Security standards.

3. Account Information and Data. Invoice Cloud does not and will not own any Customer Data, in the course of providing the Service. Biller, not Invoice Cloud, shall have sole responsibility for the accuracy, quality, integrity, legality, and reliability of, and obtaining the intellectual property rights to use and process all Customer Data. In the event this Agreement is terminated, Invoice Cloud will make available to Biller a file of the Customer Data (to the extent that Invoice Cloud is permitted to provide pursuant to applicable law and PCI-DSS standards), within 30 days of termination of this Agreement (or at a later time if required by applicable law), if Biller so requests at the time of termination. Invoice Cloud will retain Customer Data for a period from its creation for the time frame that is listed in the Biller Order under "Data Retention", and reserves the right to remove and/or delete remaining Customer Data no less than 60 days after termination or expiration except as prohibited by applicable law or in the event of exigent circumstances.

4. Confidentiality / Intellectual Property Ownership. Invoice Cloud agrees that it may be furnished with or otherwise have access to Customer Data that the Biller's customers consider confidential. Invoice Cloud agrees to secure and protect the Customer Data in a manner consistent with the maintenance of Invoice Cloud's own Confidential Information, using at least as great a degree of care as it uses to maintain the confidentiality of its own confidential information, but in no event use less than commercially reasonable measures. Invoice Cloud will not sell, transfer, publish, disclose, or otherwise make available any portion of the Customer Data to third parties, except as permitted under this Agreement or required to perform the Service or otherwise required by applicable law.

Invoice Cloud (and its licensors, where applicable) owns all right, title and interest, including all related Intellectual Property Rights, in and to the Invoice Cloud Technology, the Content and the Service and any enhancement requests, feedback, integration components, suggestions, ideas, and application programming interfaces, recommendations or other information provided by Biller or any other party relating to the Service. In the event any such intellectual property rights in the Invoice Cloud Technology, the Content or the Service do not fall within the specifically enumerated works that constitute works made for hire under applicable copyright laws or are deemed to be owned by Invoice Cloud, Biller hereby irrevocably, expressly and automatically assigns all right, title and interest worldwide in and to such intellectual property rights to Invoice Cloud. The Invoice Cloud name, the Invoice Cloud logo, and the product names associated with the Service are trademarks of Invoice Cloud or third parties, and no right or license is granted to use them.

Biller agrees that during the course of using or gaining access to the Service (or components thereof) it may be furnished with or otherwise have access to information that Invoice Cloud considers to be confidential including but not limited to Invoice Cloud Technology, the Agreement, customer and/or prospective customer information, product features and plans, the marketing/sales collateral, pricing and financial information of the parties which are hereby deemed to be Invoice Cloud Confidential Information, or any other information that by its very nature constitutes information of a type that any reasonable business person would conclude was intended by Invoice Cloud to be treated as proprietary, confidential, or private (the "Confidential Information"). Biller agrees to secure and protect the Confidential Information in a manner consistent with the maintenance of Invoice Cloud's rights therein, using at least as great a degree of care as it uses to maintain the confidentiality of its own confidential information, but in no event use less than reasonable efforts. Biller will not sell, transfer, publish, disclose, or otherwise make available any portion of the Confidential Information of the other party to third parties (and will ensure that its employee and agents abide by the requirements hereof), except as expressly authorized in this Agreement or otherwise required by applicable law.

5. Billing. Invoice Cloud fees for the Service are provided on the Biller Order Form. Invoice Cloud's fees are exclusive of all taxes, levies, or duties imposed by taxing authorities. Invoice Cloud may assess and/or collect such taxes, levies, or duties against Biller and Biller shall be responsible for payment of all such taxes, levies, or duties, excluding only United States (federal or state) taxes based solely on Invoice Cloud's income. All payment obligations are either auto debited from the Biller Bank Account or payable on receipt of invoice from Invoice Cloud, and are non-cancellable, and all amounts or fees paid are non-refundable. Unless Invoice Cloud in its discretion determines otherwise, all fees will be billed in U.S. dollars. If Biller believes Biller's bill or payment is incorrect, Biller must provide written notice to Invoice Cloud within 60 days of the earlier of the invoice date, or the date of payment, with respect to the amount in question to be eligible to receive an adjustment or credit; otherwise such bill or payment is deemed correct. Invoice Cloud reserves the right to modify pricing with respect to applicable fees to be paid under this Agreement, at any time upon thirty days written notice to Biller: a) based on increases incurred by Invoice Cloud on Network Fees from credit card processors, bank card issuers, payment associations, ACH and check processors; or b) if, during the Term, the average credit card payment processed by Invoice Cloud for any three (3) consecutive month period exceeds 110% of the Average Credit Card Transaction \$ specified on the corresponding Invoice Parameter Sheet(s), to the extent that Invoice Cloud incurs increases in Network Fees. Invoice Cloud, on at least 30 days written notice to Biller, may also increase any or all fees referenced in the Biller Order Form (including any Invoice Parameter Sheets), by no more than the greater of CPI for the preceding period or 5%, provided, however, that such increase may not apply during the first year after the execution date of the Biller Order Form and may not occur more than once per year thereafter.

6. Term and Termination. The initial term of this Agreement shall commence as of the execution date of the Biller Order Form and continue for an initial period of three (3) years after the Go Live Date ("Initial Term"), with the option for the Biller to renew for two (2) additional successive one (1) year terms, one year at a time ("Renewal Terms") following written notice from Biller, unless terminated as set forth herein. "Term" as used herein shall mean the Initial Term and any Renewal Term. This Agreement may be terminated by either party effective at the end of the Initial Term or any Renewal Term by such party providing written notice to the other party of its intent not to renew no less than ninety (90) days prior to the expiration of the then-current term. Additionally, this Agreement may be terminated by either party with cause in the event of a material breach of the terms of this Agreement by the other party and the breach remains uncured for a period of 30 days following receipt of written notice by the breaching party. Upon any early termination of this Agreement by Invoice Cloud as a result of breach, Biller shall remain liable for all fees and charges incurred, and all periodic fees owed through the end of the calendar month following the effective date of termination. Upon any termination or expiration of this Agreement, Biller's password and access will be disabled and Biller will be obligated to pay the balance due on Biller's account. Biller agrees that Invoice Cloud may charge such unpaid fees to Biller's Debit Account or credit card or otherwise invoice Biller for such unpaid fees.

7. Invoice Cloud Responsibilities. Invoice Cloud represents and warrants that it has the legal power and authority to enter into this Agreement. Invoice Cloud warrants that the Service will materially perform the functions that the Biller has selected on the Biller Order Form and the Statement of Work, attached hereto and incorporated herein by reference (the "Statement of Work"), under normal use and circumstances, and that Invoice Cloud shall use commercially reasonable measures with respect to Customer Data to the extent that it retains such, in the operation of the Service; provided, that the Biller shall maintain immediately accessible backups of the Customer Data (to the extent that Biller is permitted pursuant to applicable law and PCI-DSS standards). In addition, Invoice Cloud will, at its own expense, as the sole and exclusive remedy with respect to performance of the Service, correct any Transaction Data to the extent that such errors have been caused by Invoice Cloud or by malfunctions of Invoice Cloud's processing systems.

8. Limited Warranty. EXCEPT AS PROVIDED IN SECTION 7, THE SERVICE AND ALL CONTENT AND TRANSACTION DATA IS PROVIDED WITHOUT ANY EXPRESS, OR IMPLIED WARRANTY, INCLUDING,

WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW BY INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS. INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS DO NOT REPRESENT OR WARRANT THAT (A) THE USE OF THE SERVICE WILL BE UNINTERRUPTED OR ERROR-FREE, OR OPERATE IN COMBINATION WITH ANY OTHER HARDWARE, SOFTWARE, SYSTEM OR DATA, (B) THAT THE SERVICE WILL NOT EXPERIENCE DELAYS IN PROCESSING OR PAYING, OR (C) THE SERVICE WILL MEET REQUIREMENTS WITH RESPECT TO SIZE OR VOLUME. Invoice Cloud's service may be subject to limitations, delays, and other problems inherent in the use of the internet and electronic communications. Invoice cloud is not responsible for any delays, delivery failures, or other damage resulting from such problems.

9. Biller's Responsibilities. Biller represents and warrants that it has the legal power and authority to enter into this Agreement. Biller is responsible for all activity occurring under Biller's accounts and shall abide by all applicable laws, and regulations in connection with Biller's and/or its customers' and/or any payers' use of the Service, including those related to data privacy, communications, export or import of data and the transmission of technical, personal or other data. Biller represents and warrants that Biller has not falsely identified itself nor provided any false information to gain access to the Service and that Biller's billing information is correct. Biller shall: (i) notify Invoice Cloud immediately of any unauthorized use of any password or account or any other known or suspected breach of security; (ii) report to Invoice Cloud and immediately stop any copying or distribution of Content that is known or suspected to be unauthorized by Biller or Biller's Users; and (iii) obtain consent from Biller's customers and payers to receive notifications and invoices from Invoice Cloud. Invoice Cloud is not responsible for any Biller postings in error due to delayed notification from credit card processors, ACH, bank and other related circumstances. Biller agrees and acknowledges that in the event that Biller has access to, receives from, creates, or receives protected health information, or Biller has access to, creates, receives, maintains or transmits on behalf of electronic protected health information (as those terms are defined under the privacy or security regulations issued pursuant to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and Subtitle D of the Health Information Technology for Economic and Clinical Health Act provisions of the American Recovery and Reinvestment Act of 2009 ("ARRA"), during the performance under this Agreement, it will comply with all such law, regulations and rules related thereto.

Biller is required to ensure that it maintains a fair policy with regard to the refund, return or cancellation of payment for services and adjustment of Transactions. Biller is also required to disclose all refund, return and cancellation policies to Invoice Cloud and any applicable payment processors and Biller's Customers, as requested. Any change in a return/cancellation policy must be submitted to Invoice Cloud, in writing, not less than 21 days prior to the effective date of such change. If Biller allows or is required to provide a price adjustment, or cancellation of services in connection with a Transaction previously processed, Biller will prepare and deliver to Invoice Cloud Transaction Data reflecting such refund/adjustment within 2 days of resolution of the request resulting in such refund/adjustment. The amount of the refund/adjustment cannot exceed the amount shown as the total on the original Transaction Data. Biller may not accept cash or any other payment or consideration from a Customer in return for preparing a refund to be deposited to the Customer's account; nor may Biller give cash/check refunds to a Customer in connection with a Transaction previously processed by credit card, debit card, ACH, or other electronic payment method, unless required by applicable law. Biller shall cooperate with Invoice Cloud to effect a timely Implementation by Biller allocating sufficient and properly trained personnel to support the implementation process and fully cooperating with Invoice Cloud and by securing the cooperation of Biller's software and service providers and providing to Invoice Cloud the information required to integrate with Biller's billing, CIS and other applicable systems.

10. Indemnification. Invoice Cloud shall indemnify and hold Biller and Biller's employees, attorneys, and agents, harmless from any losses, liabilities, and damages (including, without limitation, Biller's costs, and reasonable attorneys' fees) arising out of: (i) failure by Invoice Cloud to implement commercially reasonable measures against the theft of Customer Data; or (ii) its total failure to deliver funds processed by Invoice Cloud as required hereunder (which relates to payments due from Invoice Cloud for Transaction data). This indemnification does not apply to any claim or complaint relating to Biller's failure to resolve a payment dispute concerning debts owed to Biller, or to any claim or complaint that arises out of Biller's sole negligence or willful misconduct.

11. Fees.

Invoice Cloud will charge the Biller and/or payer, payment transaction and other fees as provided in the Biller Order Form. In addition, Invoice Cloud will charge the fees set forth on the Biller Order Form for the initial platform setup, configuration, implementation and integration with Biller system(s) of its standard Service as set forth in the Statement of Work (the "Implementation"). Invoice Cloud reserves the right to also charge for changes and additions to the Implementation, and for

any requests by Biller following the implementation which are agreed in writing by the parties, including without limitation for the following services, at its then standard rates:

- Custom development and features which are not stated in the Statement of Work and Biller Order Form, and change requests and modifications to existing platform functionality not stated in the Statement of Work and Biller Order Form;
- Additional integrations or integration modifications after the Go Live Date that are not provided for in the Biller Order Form or Statement of Work;
- Changes to bill presentment (web and PDF templates), billing system integrations, and other Service components coded or configured to Biller's specifications after Biller has signed off on the relevant specification or Service is live;
- Custom data extracts and file requests that are not part of the Implementation signed off on by both parties; and
- Data conversion not listed in the Statement of Work, or repetitive re-loading of data due to Biller error.

12. Limitation of Liability. INVOICE CLOUD'S AGGREGATE LIABILITY SHALL BE UP TO AND NOT EXCEED THE GREATER OF: (A) AMOUNTS ACTUALLY PAID BY AND/OR DUE FROM BILLER IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM; OR (B) THE TOTAL SUM PAID ON BEHALF OF OR TO INVOICE CLOUD BY INVOICE CLOUD'S INSURERS IN SETTLEMENT OR SATISFACTION OF THE CLAIM GIVING RISE TO INVOICE CLOUD'S LIABILITY UNDER THE TERMS AND CONDITIONS OF INVOICE CLOUD'S INSURANCE POLICIES APPLICABLE THERETO. IN NO EVENT SHALL INVOICE CLOUD AND/OR ITS LICENSORS BE LIABLE TO ANYONE FOR ANY INDIRECT, PUNITIVE, SPECIAL, EXEMPLARY, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF DATA, REVENUE, PROFITS, USE OR OTHER ECONOMIC ADVANTAGE) DAMAGES ARISING OUT OF, OR IN ANY WAY CONNECTED WITH THE SERVICE, EVEN IF THE PARTY FROM WHICH SUCH DAMAGES ARE BEING SOUGHT OR SUCH PARTY'S LICENSORS HAVE BEEN PREVIOUSLY ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Certain states and/or jurisdictions do not allow the exclusion of implied warranties or limitation of liability for incidental, consequential or certain other types of damages, so the exclusions set forth above may not apply to Biller.

13. Export Control. The Biller agrees to comply with United States export controls administered by the U.S. Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, and other U.S. agencies.

14. Notice. Either party may give notice by electronic mail to the other party's email address (for Biller, that address on record on the Biller Order Form) or by written communication sent by first class mail or pre-paid post to the other party's address on record in Invoice Cloud's account information for Biller, and for Invoice Cloud, to Invoice Cloud, Inc., 30 Braintree Hill Office Park, Suite 101, Braintree, MA 02184 Attention: Client Services or helpdesk@invoicecloud.com. Such notice shall be deemed to have been given upon the expiration of 48 hours after mailing or posting (if sent by first class mail or pre-paid post) or 12 hours after sending (if sent by email).

15. Assignment. This Agreement may not be assigned by either party without the prior written approval of the other party, but may be assigned without such party's consent to (i) a parent or subsidiary, (ii) an acquirer of assets, or (iii) a successor by merger. Any purported assignment in violation of this section shall be void.

16. [Intentionally Omitted]

17. Immigration Laws. Invoice Cloud represents and warrants that it has complied and will comply with all applicable immigration laws with respect to the personnel assigned to the Biller.

18. Beta Products. In the event that there is any functionality labelled "Beta" on the Biller Order Form, such functionality is provided "AS IS" WITHOUT ANY EXPRESS, OR IMPLIED WARRANTY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW BY INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS. INVOICE CLOUD'S AGGREGATE LIABILITY WITH RESPECT TO SUCH FUNCTIONALITY SHALL BE UP TO AND NOT EXCEED \$10.

19. General.

(a) No text or information set forth on any other purchase order, preprinted form or document (other than a Biller Order Form and any add on Biller Order Form, if applicable), and no documentation (including any implementation planning documents) except as specifically referenced in this Biller Agreement, shall modify, add to or vary the terms and conditions of this Agreement. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the invalid or unenforceable provision(s), with all other provisions remaining in full force and effect. No joint venture, partnership, employment, or agency relationship exists between Biller and Invoice Cloud as a result of this agreement or use of the Service. The failure of either party to enforce any right or provision in this Agreement shall not constitute a waiver of such right or provision unless acknowledged and agreed to by Invoice Cloud in writing. All rights and obligations of the parties in Sections 4, 6, 10, 12, 14, 18 and 19(a) and (b) shall survive termination of this Agreement. This Agreement, together with any applicable Biller Order Form, comprises the entire agreement between Biller and Invoice Cloud and supersedes all prior or contemporaneous negotiations, discussions or agreements, whether written or oral between the parties regarding the subject matter contained herein. Biller agrees that Invoice Cloud can disclose the fact that Biller is a paying customer and the version of the Service that Biller is using. Where this Agreement is incorporated into, embedded in or otherwise made a part of a separate agreement between Invoice Cloud, Biller and a third party service provider ("Third Party Agreement"), and such Third Party Agreement is terminated or expires, Biller and Invoice Cloud agree that the terms and conditions of this Agreement shall survive and remain in effect as between Biller and Invoice Cloud until this Agreement expires or is otherwise terminated by either Biller or Invoice Cloud in accordance with the terms herein.

(b) Additional terms and conditions and definitions applicable to this Agreement and the Biller Order Form are found at www.invoicecloud.com/biller-terms-and-conditions (the "Biller T+C") and are agreed to by Invoice Cloud and the Biller.

InvoiceCloud
Statement of Work
City of Roseville

Project: Payment Gateway and Processor Services

Introduction

This Statement of Work (SOW) scopes the high-level integration overview for the City of Roseville (Biller).

The Invoice Cloud (IC) suite of services (The Service) will give Biller and its customers the ability to accept electronic payments for invoiced and non-invoiced items. The Service will allow the Biller to offer electronic payment processing in a securely hosted real-time environment. Customers will be able to locate, view and print bills or invoices and payment records online and pay using credit cards, debit cards, digital wallets, and electronic checks.

This SOW contains many products, services, and payment methods. Only the specific products, services and payment methods selected by Biller, as outlined in the Biller Order Form for each Invoice Type, are included in the delivery of products, services, and payment methods.

Definitions:

1. Biller – Merchant / City of Roseville
2. Payer – Client customer, resident, person paying a bill or invoice.
3. EBPP – Electronic Bill Presentment & Payment
4. Bill – Bill and Invoice are used synonymously throughout this document.
5. RTDR - Real-Time Data Refresh – collects and aggregates the data as soon as a user accesses a specific function.
6. NTDR – Near-Time Data Refresh – integration that happens periodically; the data is collected immediately but it is not aggregated until later – data can be processed every day, every hour or even every few minutes.
7. EMV - EMV is a payment method based on a technical standard for smart payment cards and for payment terminals and automated teller machines which can accept them. EMV stands for "Europay, Mastercard, and Visa", the three companies that created the standard
8. P2PE - Point-to-Point Encryption

1. Security and Industry Compliance

Invoice Cloud maintains full compliance with current applicable Payment Card Industry (PCI) standards, Cardholder Information Security Program (CISP) regulations and National Automated Clearinghouse Association (NACHA) rules and guidelines. Invoice Cloud will abide by such guidelines for the security of all cardholder data that Invoice Cloud possesses.

- a. **PCI** - Invoice Cloud will provide compliant storage of Biller's customer payment information that is certified by Visa/MasterCard. Data security measures are addressed during collection and transmission via SSL with our patent pending encryption technology. All confidential information will be treated in accordance with the PCI standards.
- b. **Software as a Service (SaaS) Architecture** – All Biller customer financial and payment information and the invoice presentment and payment processing application is housed offsite from Biller.

- c. **Browser Compatibility** - As of February 15, 2018, web browsers which do not support Transport Layer Security (TLS) versions 1.1 and 1.2 will no longer be able to connect to the Invoice Cloud platform. Unsupported browsers include Internet Explorer running on Windows XP, Server 2003, and Vista operating systems.

2. **Data Integration**

The integration(s) matrix for the Biller will include the functionality found in Appendix B.

3. **EBPP Customer Portal**

The Customer Portal is an electronic bill presentment and online payment portal (EBPP) where a Biller's customer (Payer) can view a bill and then proceed, within the same user interface, to make an online payment.

- a. Invoice Cloud will present bills electronically through a payer portal that is branded for Biller or via an email notification, if the Payer provides an email address.
- b. The electronic invoice presentment will simulate the paper invoice Biller uses and will be available in PDF and/or html format.
- c. The Service may provide the Payer the option of making a payment via credit/debit card, digital wallet, or e-check (EFT/ACH).
- d. The Service provides the Payer a one-time online payment option without registration, and the capability to register to access Payer's account history, schedule a payment, or set up AutoPay payments.
- e. A Payer will have the ability to choose their payment date (also known as scheduled payments).
- f. Payers will have the option to enroll in Pay by Text:
 - Provides interactive SMS registration and enrollment confirmation
 - Sends notification when new bills are available for viewing and payment
 - Allows for payment utilizing a stored-payment method (default payment method) or payment via URL
- g. The system will accept partial, full, or overpayments as defined by the Biller.
- h. The Payer will register with the Service using the authentication method designated by Biller.
- i. Linking Accounts - After registering with the Service, the Payer will be able to login into their account(s). If the Payer has multiple accounts and uses the same authentication information for all accounts, the Payer will be able to link their account and view from a single registration. The Payer will then have the option to choose which account they would like to pay or view in further detail.
- j. The Payer will receive an email confirmation of payment after any payment process.
- k. The Payer will have the ability to search and access historical bills once they register with the Service. The Service will store twenty-four (24) months of rolling history from the point of Biller's first invoice file upload to the Service. This includes invoice history and account history.
- l. Payers who have scheduled a payment or registered for AutoPay will receive email notification from the Service of pending payments.
- m. The Service includes shopping cart functionality.
- n. The Service will allow the Payer the option to elect paperless billing.
- o. A Payer registered for paperless billing will be automatically placed back on paper billing if their email address is undeliverable; notification of the Payer's undeliverable email address will be sent to Biller via email.
- p. Billers will have the option to enable an in-line Donations Invoice Type:

- Payers can make a one-time monetary donation to a particular fund, in addition to their primary bill payment, which appears as a line item on the transaction receipt.
 - Biller may choose from several configuration options including but not limited to, round up, fixed amount, other donation amount, start and end date.
 - IC supports up to 10 unique donation invoice types with logo and informational text box. Changes are made by request through the HelpDesk.
 - Transaction reporting is made available in the Biller Portal.
 - Biller may choose to deposit donation funds into a separate bank account.
- d. Biller website online form URLs: Virtual site configuration allows for Biller specific URLs, text and images on the landing page Welcome Message area and Right-Side Menu (right menu not rendered in the mobile view).

4. **Biller Portal**

The Biller Portal is our comprehensive administrative portal where Biller staff will have access to reporting, reconciliation, view SaaS product release notes and send feedback, customer profile management tools, search real time payments, manage customer email templates, contact support, sign up for training, and other general reporting functions.

- Customer Profile – Management Tools (subject to applicable user permissions)
 - Ability to assist a customer with payments using a new or saved payment method
 - View 24-months billing and payment history, with PDF/HTML bill view
 - Ability to enroll or modify customer enrollment in AutoPay, Paperless, Pay by Text, or Recurring Scheduled Payments
 - Login as Account Owner
 - Re-send first email notifications, send on demand Pay by Text SMS
 - Compatible with POSPay to facilitate EMV transactions
 - View summary Email History with send date and click through history
 - View Customer History, including CSR activity on account
 - Facilitate Password Reset
- User Permissions – The Biller Portal includes a table of permissions for each individual User, determined by the Biller's System Administrator. Each permission is applied to a user ID on an individual basis to maximize flexibility. The system administrator can allow or disallow access to functions such as viewing data, creating reports, resending email notices, processing payments, credits or refunds, editing email templates and more. Since it is controlled by Biller administrator, changes can be made quickly on an as needed basis.
- Maintenance Window – InvoiceCloud provides the option to create maintenance windows, which are time spans in which users are not allowed to process transactions. If a payment attempt is made during an active maintenance window, the user will be redirected to a page with a message that the system is undergoing maintenance. Biller Portal users with sufficient permissions can manage maintenance window timing and messages as needed. This includes an option to apply a maintenance window to all customer-facing pages, when you need to go further than blocking new payment attempts and restrict all customer access to InvoiceCloud (bill search, login, browsing) during the time span provided. Two types of maintenance windows can be enabled:
 - Daily Maintenance Window – a recurring maintenance window that runs daily during a provided time span (from HH:MM to HH:MM).
 - Scheduled Maintenance Window – a continuous maintenance window that runs during a provided date range with start and end times (from DD/MM/YYYY at HH:MM to DD/MM/YYYY at HH:MM).

5. **Reporting**

The reports listed below are standard in the Biller Portal. They do not require any customization and are available on demand. All reports can be scheduled by the user to be delivered by email with a CSV file download. Available reporting may vary, depending on your billing system integration method (batch vs real-time) or portal delivery method (InvoiceCloud direct vs Single Sign-On).

- Please note that by selecting “All Rows” in a report, the user can schedule it for email delivery.
- User can customize the report name and frequency.
- Multiple email addresses can be added to receive reports.
- All reports can be exported to Excel.

General Reports:

- Search Customers
- Search Files:
 - Adjustment Files
 - Invoice Files
 - Payment Files
- Search Payments
- AutoPay
- Customers:
 - Customer Conveyance
 - Data Pump History
 - Expiring Cards
 - Pay by Text Registrations
- Donations:
 - Donors Report
 - Donation Summary
- Email:
 - Email Change
 - Email Do Not Send List
 - Email Notification Summary
 - Email Statistics
 - Email Tracking
- Invoices: Total Outstanding Invoices
- Paperless:
 - Paperless Billing
 - Paperless Bounce
 - Paperless Registration History
 - Paperless
- Payments:
 - Daily Payments Received
 - Monthly Summary
 - Recurring Scheduled Payments
 - Registration
 - View Scheduled Payments

Custom Scheduled Reports:

- Active Customers
- Email Click Through from Current Month
- Email Click through from Last Month
- Inactive Customers
- Outstanding Invoices
- Paperless Customers with Address
- Paperless Customers Email Address
- Payment Details from last Month
- Payment Details from Yesterday

Reconciliation Reports:

- Batch:
 - Open Batch
 - Settled Batch History

- Chargebacks
- Deposit Reconciliation
- Payment Reconciliation
- EFT/ACH Rejects
- EFT/ACH Support: EFT/ACH Reject Codes

Product Reports:

- Cloud Store:
 - Biller Summary
 - Consumer Summary
 - Detail Export
 - Payment Summary
 - Transaction Detail
- Online Bank Direct
 - Deposits
 - Pending Payments
 - Processed Payments
 - Reconciliation
 - Returned Payments
 - Reversals
 - Unmatched Payments
- Request System
 - Search Requests
 - Open Requests
 - Configuration
- Outbound Campaigns

Reports by Subscription (Email Recipients):

These reports are designed for Biller's individual users or distribution groups, who want to receive updates, whenever the event is triggered.

- ACH Reject
- AutoPay
- Batch Close
- Chase Retrieval Requests
- Cloud Payments Receipts
- Cloud Store Receipts
- Cloud Burst Newsletter
- Daily Management Report
- Data Pump Error Summary
- File Processing
- Month End Billing Invoice
- Online Bank Direct
- Paperless Customer Email Bounce Daily Report
- Request System Notifications
- Service Updates
- Stratus Notifications

6. Payer Email Notifications

The Service provides a set of customizable email notification templates for each invoice type that are delivered for numerous events surrounding electronic invoice presentment and payment activity. Email notifications may be customized through the Biller Portal using a Word style editor and options to insert secure hyperlinks to website, links to electronic documents such as newsletter or bill inserts, and/or variable fields selected from the Biller's data file.

7. Implementation Process

Invoice Cloud assigns an Implementations Manager (IM) for each project. The IM will be the Biller's primary contact during the implementation process and coordinates all necessary resources from Biller, Biller software company, Invoice Cloud, and any sub-contractors. The IM will provide the Biller with the following documents to facilitate the project:

- a. **New Biller Questionnaire & Questionnaire Key** – Documents critical information needed to setup and initiate the service including information on business rules and feature selection.
- b. **Project Timeline** – Details project schedule and milestones.
- c. **Testing & Training Plan** – This plan walks the Biller through a set of user acceptance testing criteria and facilitates training on the service.

8. Support

Invoice Cloud's Client Services team is available to assist you Monday – Friday from 7:00 am – 8:00 pm Eastern Time, excluding holidays. You may submit a ticket (at any time) via Support Central in your Biller Portal, or, during these hours, speak to a Product Specialist who will answer questions, troubleshoot problems, and assist as needed to enable you to get the most from your partnership with Invoice Cloud and your use of the Service. You will also be provided with a special telephone number that you can use should you encounter an emergency after hours. We use the following severity levels to guide our team:

- "Critical Severity" support issues are responded to within 1 hour and must be reported via phone so we can most quickly troubleshoot with you. Examples of these issues include unavailability of the Invoice Cloud portal, platform, integrations, or APIs, or a problem that is severely adversely impacting your ability to use the platform.
- "High Severity" support issues are responded to within 2 hours and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples of these issues include degraded performance of the Invoice Cloud platform or APIs, although the portal and processing are still available.
- Other support issues are responded to by the next business day and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples include general questions, feature requests, data pulls, multi-factor authentication resets, integration troubleshooting, etc.

9. Success Manager

A Customer Success Manager (CSM) will be assigned to the client during the implementation. The CSM is there to help ensure the Biller receives the maximum value from the platform and has an internal advocate, adoption resource, and point of escalation if/when needed.

10. Biller Training

Biller staff will be guided in how to use the system through in-house training, documentation, remote live sessions, and access to our client support team.

- All standard training will be done remotely. Invoice Cloud's training personnel will at minimum provide sessions for Payer Portal, Biller Portal, and Reconciliation.

- Separate training is conducted for Biller's technical staff regarding the uploading of bill files and any other applicable processes.
- Live Training Enrollment is available in the Biller Portal.
- A library of pre-recorded training videos is also available in the Biller Portal.

11. Marketing

Invoice Cloud provides marketing support that our Billers can use to promote the EBPP and IC payment solutions to its Payers, at no charge. Invoice Cloud's marketing group will schedule a 1-hour conference call to review Invoice Cloud's recommended best practices for promoting the service. Sample templates will be provided for each item and customizations can be made upon request. The marketing collateral that Invoice Cloud provides may include:

- Bill Inserts
- Newsletters
- Envelope Teasers
- Pay Button Link
- Posters with Acrylic Stands for Payment Counters
- Business card sized take-away cards with QR code
- Local cable/TV station announcement

12. AgentConnect

The IC AgentConnect allows Biller Users (Agent/CSR/Other) to login to the Customer Portal and perform actions on behalf of a specific customer/account. The following options are available:

- Ability to pay with credit card, debit card, or e-check (ACH)
- Ability to enroll customer in AutoPay
- Ability to enroll customer in Paperless
- Ability to enroll customer in Pay by Text
- Option to require authorization/disclosure statement before Customer Portal entry
- Option to enable card swipe functionality at point of sale
- Provides built-in auditing to track Agent/CSR activity in the Biller Portal

This statement of work contains many products, services, and payment methods. Only the specific products, services and payment methods selected by the Biller, as outlined in the Biller Order Form, are included in the delivery of products, services, and payment methods.

Appendix A: System Modifications

As outlined below, Invoice Cloud has agreed to make the following changes to the setup and functionality of our platform:

NONE

CERTIFICATION AND AGREEMENT

- A. By signing below, the Biller hereby ratifies its authorization for Invoice Cloud, Inc. ("Invoice Cloud") to execute debit/credit entries to the Biller Bank Account(s) indicated above at the depository financial institution(s) named above and to debit/credit the same such account(s). The Biller acknowledges that the origination of ACH transactions to its account(s) must comply with the provisions of U.S. law. This authority is to remain in full force and effect until (i) Invoice Cloud has received written notification (by electronic or U.S. mail) from the Biller of its revocation in such time and manner as to allow Invoice Cloud a reasonable opportunity to act on it, but not less than 10 business days notice; and (ii) all obligations of the Biller to Invoice Cloud that have arisen under this Agreement and all other agreements have been paid in full. The Biller must also notify Invoice Cloud, in writing, (by electronic or U.S. mail) when a change in Biller Bank Account account number(s) or bank has occurred at which time this authorization shall apply to such new/changed Biller Bank Account. This notification must be received no less than 10 business days in advance of any change. A fee will be charged for any returned or rejected ACH debits.
- B. By signing below, the Biller named: (1) has read, agreed to, ratifies the Biller Agreement, Biller T+Cs (referenced in the Biller Agreement) and other Order Forms previously executed by the Biller, and (2) certifies to Invoice Cloud that he/she is authorized to sign this Order Form; (3) certifies that all information and documents submitted in connection with this Order Form are true and complete; (4) authorizes Invoice Cloud or its agent to verify any of the information given, including credit references, and to obtain credit reports; (5) agrees to pay the Monthly Access Fee through the last day of the month following the effective date of termination as provided in the Billing Agreement; (6) agrees that Biller and each transaction submitted will continue to be bound by the Order Form and the Biller Agreement in its entirety and any new agreement forms executed herewith; (7) agrees that Biller will submit transactions only in accordance with the information in this Biller Order Form and Biller Agreement and will immediately inform Invoice Cloud, by email (contracts@invoicecloud.com) if any information in this Order Form changes, and (8) In the event of non-payment of any sums due, Invoice Cloud reserves the right to withdraw such sums from the Biller Bank Account at any time to ensure payment of the same.
- C. Pay by Text: Standard data rates and text messaging rates may apply based on the payer's plan with their mobile phone carrier. Payer can opt out of text messaging at any time with Invoice Cloud. Partial payment or overpayment is not supported. Biller may not use the service for activities that violate any law, statute, ordinance or regulation.
- D. This Biller Order Form will become effective only when signed by Invoice Cloud.

Re: RFP #07-099, Payment Gateway and Processor Services

InvoiceCloud will perform the services and adhere to the requirements described in this RFP. During our 6+ years live with Roseville, InvoiceCloud has not only met the City's original RFP requirements and goals, but we continue to exceed them as evidenced by the dramatic digital adoption results, significant and continued impact on your operational efficiency. Roseville Utility has been an ideal client-partner for InvoiceCloud. Your team has provided invaluable feedback – both positive and constructive when necessary - to our Implementation, Product, Engineering and Operations teams, suggesting, and supporting improvements with our Cayenta CIS real time integration and the platform itself. The City's willingness to join InvoiceCloud in industry speaking engagements, case studies, and numerous RFP reference calls each year further proves our view of this engagement with Roseville as a client-partner, not a "vendor" relationship. The InvoiceCloud team genuinely appreciates the trust you put into our organization; this is something we do not take for granted.

Since switching to InvoiceCloud in 2017, the City of Roseville has *increased electronic payments by 58%*. In 2023 alone, InvoiceCloud received nearly **550,000 City utility payments, processing roughly \$145.9M—58.4% of utility bills**—through entirely digital channels. **InvoiceCloud's AutoPay accounts for nearly 30% of the City of Roseville 's digital payments in 2023**, which both registered and guest (one-time) City customers set and then forgot through InvoiceCloud. The City has **also increased paperless adoption by more than 230%, sending over 50% of all bills digitally** and **saving more than \$1.5 million since go-live in print/mail costs alone**. But we do not take our performance to-date for granted, either. InvoiceCloud has fostered the relationships and technology to ensure that **the City of Roseville continues exceeding goals, year-over-year, by driving digital e-billing and payment adoption,**

reducing in-bound calls, foot traffic, paper checks, by retaining InvoiceCloud's true SaaS, friction-reducing EBPP solution.

Our unique combination of design factors ensures the City continues to innovate for the next five years and beyond and builds on its success:

- **Conversion: Continue driving e-adoption, not plateauing or losing existing enrollment, by retaining InvoiceCloud's industry-leading adoption engine and continuous innovations to remove friction from the billing and payment process.** When the City last went to RFP in 2015, e-adoption had plateaued for several years with its previous Payment Gateway and Processor Services provider. The City has not plateaued in 6 years with InvoiceCloud and will not for the next five years. We continue to innovate our platform on the City's behalf through our true SaaS updates every month, not locking the City into a 'frozen-in-time' version that may only be upgraded in each contract iteration.
- **Communication: Continue engaging customers how and when they most prefer, further driving digital adoption through the billing and payment process with our intelligent communications.** The City's current adoption has been driven by InvoiceCloud's customer engagement engine. Our automated, intelligent emails engage the City's customers when they most prefer: when receiving and paying their bill. All emails contain the City's branding, a direct call to action, and links that take your customers specifically to their bill.
- **Connection: Continue innovating the Utility's entire CX technology portfolio through InvoiceCloud's deep bench of technology partners and proven collaboration.** The City is currently considering an upgrade in customer self-service (CSS) portals while renewing EBPP providers. It is also critical to maintain the preferred EBPP integration of Harris Cayenta, Selectron, and InfoSend to prevent glitches between billing and payments. InvoiceCloud helps the City select the best CSS option and maintain our partners' preferred EBPP integration for your staff and customers through our partner-driven approach to designing and implementing integrations. We collaborate so well with our peers in the billing and payments space that our solution has been endorsed by the City's current CIS, CSS, IVR, and bill print/mail providers.
- **Cloud: Continue to innovate and increase efficiency every month, not every 5+ years, through InvoiceCloud's true SaaS updates.** The key reason why the City has not plateaued in adoption over the past six years is because it receives SaaS enhancements every month, and those updates required little-to-no effort by the City. This is only possible through a true SaaS Payment Gateway and Processor Services solution, as any other architecture means being locked into a

software version from one contract to the next. InvoiceCloud keeps the City at the cutting edge with no further purchases needed. InvoiceCloud has enhanced our system with **more than 60 product releases since 2016** based on feedback from the City, 2,900+ other clients, and our own expertise informed by direct involvement with the financial technology space.

We appreciate the effort that you have put into this thorough request for proposal, and we believe we have proven how we will continue to exceed the City of Roseville and customer expectations today and in the future. We have provided competitive pricing based on your current processing volumes and comparable InvoiceCloud contracts. If the City of Roseville ranks InvoiceCloud as their preferred solution on technical merit for Experience & Qualifications, Project Understanding, and Ability to Meet Requirements, InvoiceCloud is committed to negotiating the pricing strategy with the City as part of service agreement discussions, as a whole.

Should the City have any questions about our offer, please contact our Director of Enterprise Sales, Ms. Carlyn Altheide. She is available by both phone (925.705.5900) and email (caltheide@invoicecloud.com).

Thank you for considering InvoiceCloud.

A handwritten signature in black ink that reads "Kevin W. O'Brien".

February 29, 2024

Dear City of Roseville, CA Team,

I am writing to offer our highest endorsement of InvoiceCloud for your RFP related to Payment Processing Services. InvoiceCloud is not only the preferred Electronic Bill Presentment and Electronic Payment (EBPP) partner of Cayenta, they are also one of the most trusted and widely used EBPP providers within Harris Computer Systems. InvoiceCloud is partnered with over 25+ Cayenta clients, and more than 400 Harris Utilities clients across the U.S.

As the City of Roseville has experienced, the combined solution we have built together provides a best-in-class experience for you and your payers, and it is unlike any other integration to an electronic bill presentment and payment company. Together, we deliver a proven, integrated engagement platform and payment processing services utilizing single sign-on and embedded InvoiceCloud payment pages.

This includes real-time data sharing, a secure, reliable, and seamless customer experience where utility customers can address their needs via intuitive self-service. Together, Cayenta and InvoiceCloud produce transformational results tied to customer satisfaction, increased enrollment, and payment services.

We highly recommend maintaining InvoiceCloud as your chosen EBPP service provider for the City of Roseville.

Sincerely,

Barry Dunphy,
Executive Vice President

RE: Payment Gateway and Processor Services-RFP #07-099

Dear Ms. Crosby:

As a long time partner with the City of Roseville and your current Interactive Voice Response (IVR) and Outbound communication provider for Utility Billing, Selectron is providing this letter of recommendation to Invoice Cloud for this Payment Gateway and Processor Services RFP project.

Invoice Cloud is a recognized leader in payment processing for the Government and Utility marketplace. Similar to Selectron, Invoice Cloud is a recognized business partner who is integrated to multiple utility CIS systems, including Harris-Cayenta. For several years, Selectron and Invoice Cloud have partnered to provide easy, secure and reliable solutions to the citizens of Roseville 24/7/365.

We believe this joint solution limits the City's cost and risk of payment acceptance via the use of our PCI Level 1 compliant platforms. In addition, we work together to provide the best customer service possible and to maintain a relationship with the City of Roseville to continue to enhance our solutions and meet the City's present and future goals.

We appreciate your consideration of this recommendation as you review vendor proposals and make your decision regarding this project.

Sincerely,

Todd Johnston, CEO
Selectron Technologies

Subject: RFP - #07-003
Payment Gateway and Processor Services

City of Roseville RFP Committee,

I am writing to offer our highest endorsement of InvoiceCloud for your Request for Proposal to provide Payment Gateway and Processor Services. InvoiceCloud and InfoSend maintain a strong and collaborative relationship utilizing our proven integration to present documents to customers in real time.

Over the last decade, InfoSend has worked closely with InvoiceCloud to co-develop the integration to support mutual clients including The City of Roseville and many others such as, The City of Ocala, The City of Portland, and The City of Santa Barbara. We share common values and goals to help our customers reduce friction in collections, reduce reconciliation efforts, and create a seamless and simplified experience for your customers.

As I've experienced first-hand, the InvoiceCloud solutions engineering and development group are an adept group, and their platform has been Software-as-a-Service (SaaS) from day one, thus futureproofing our clients and their customers in the advancement of electronic payments and customer experience. They keep our clients at the forefront of payment technology with zero lift from my teams to support their monthly product releases. Finally, their implementation and support are second to none, putting their clients first and foremost, always.

InvoiceCloud has a solid reputation for delivering excellence in customer support, integration architecture, and implementations. The combined solution we have built together provides a best-in-class experience for you and your payers.

Sincerely,

A handwritten signature in blue ink, reading "Russell Alberti".

Russell Alberti
Vice President of Sales
InfoSend, Inc.

Signature Requirements

- 1. The attached Proposer's Certification (Attachment A) shall be executed by an official(s) legally authorized to bind the Consultant which states that the proposal is valid for ninety (90) days. Include the executed copy of the Proposer's Certification under Tab G. Note: This is ninety (90) days following the closing date for the receipt of all proposals.**

InvoiceCloud provides our Proposer's Certification in Tab G below signed by our corporation's president, Mr. Kevin O'Brien.

- a. Proposals submitted on behalf of a Partnership shall be signed in the firm name by a partner or the Attorney-in-Fact. If signed by the Attorney-in-Fact, there shall be attached to the proposal a Power-of-Attorney evidencing authority to sign proposals, dated the same date as the proposal and executed by all partners of the firm.**

N/A

- b. Proposals which are submitted on behalf of a Corporation shall have the correct corporate name thereon and the actual signature of the authorized officer of the corporation written (not typed) below the corporate name. The title of the office held by the person signing for the corporation shall appear below the signature of the officer.**

This proposal is submitted on behalf of InvoiceCloud, Inc., a corporation, and is signed by our authorized officer, Mr. Kevin O'Brien. Mr. O'Brien's title of President of Invoice Cloud, Inc. appears below his signature.

- c. Proposals which are submitted on behalf of a Limited Liability Company ("LLC") shall be signed by the person or persons authorized to bind the LLC under the LLC's articles of organization.**

N/A

- d. Proposals which are submitted by an Individual Doing Business under a firm name ("dba") shall be signed in the name of the individual doing business under the proper firm name and style.**

N/A

Tab A Firm's Qualifications

1. Describe your firm and provide a statement of your firm's qualifications for performing the requested services.

InvoiceCloud has demonstrated experience and expertise in providing EBPP services for more than 14 years, which is evidenced by **our industry-leading 98% client retention and 2 - 3x customer adoption rates**. We currently support more than 2,900 live clients across all 50 states, including the City of Roseville. We integrate with more than 200 unique software and hardware systems, ranging from out-of-the-box commercial Customer Information Systems (CISs), like Harris Cayenta, to custom and in-house developed systems. We also have co-developed single sign-on (SSO) integrations with many of our partners—including Harris Silverblaze, Accelerated Innovations, and more—to embed our full EBPP into third-party portals.

Invoice Cloud by the Numbers

- 15 years of experience, 6 with City of Roseville
- 200+ different software integrations
- 2,900+ municipal and utility clients in all 50 states, including City of Roseville
- \$25B+ processed payments in 2022 (roughly 110M payments)
- 59% average customer adoption increase in the first year of service
- 104% average paperless billing adoption
- 39% average fewer customer calls
- 99.9%+ system up-time
- PCI Level 1 and SSAE 18 (SOC 1 and 2) certified for online payment security
- 98% client retention rate

Since 2009, InvoiceCloud has provided clients the easy-to-use payment experience that consumers expect based on doing online business with Fortune 100 companies, such as American Express, Geico, Capital One, or Amazon.com. Payers do not 'forgive' a smaller organization's online experience due to fewer resources; they expect everything to be simple and instantaneous. For InvoiceCloud, platform design is paramount to deliver the best results for our clients and your customers. Just adding payment channels for our customers has limited usefulness. We design our payment channels to significantly increase self-service and e-bill adoption while simultaneously reducing payment-related calls to your call center.

InvoiceCloud consistently delivers the highest adopting/conversion rates over the competition. We have replaced all of our major competitors in the EBPP space and achieve 78 - 150% increases in electronic payments over the former platforms. We incorporate four key design elements that, in combination, deliver an unmatched EBPP solution and results to our clients:

- **Conversion.** The design of the payment channels – how easy it is to enroll in the self-service options, and how easy it is to pay through them – is how InvoiceCloud achieves the industry's best e-payment adoption rates.
- **Communication.** Our intelligent communications engine with event-based reminders (text, e-mail, phone) sent only to payers who have yet to act. This automates communication between you and your customers, drives down call center volume by 30 - 50%, and increases conversion to self-service.
- **Connection.** Our implementation and integration methodology is best in class, making it simple to install for our clients so they can reap the benefits in 60 - 120 days after signing.
- **Cloud.** We maintain a single instance, multi-tenant cloud native solution, so our clients never have to do upgrades or updates to keep up with new technology.

InvoiceCloud's focus in these four areas has resulted in **our average client achieving a 59% increase in customer e-adoption, a 104% increase in paperless enrollment in year 1--while also seeing a 39% reduction in payment-related CSR calls**. E-adoption is the only metric that can demonstrate which solution customers prefer and use, and InvoiceCloud's e-adoption only grows year-over-year as we improve our true SaaS solution on your behalf.

Higher e-adoption means our system is easier to use, has the most comprehensive set of features for flexibility, and has the best interface and marketing techniques to drive self-service usage, and **since switching to InvoiceCloud in 2017, the City of Roseville has increased electronic payments by 58%**. In 2023 alone, InvoiceCloud received nearly **550,000 City utility payments**, processing roughly **\$145.9M—58.4% of utility bills**—through entirely digital channels. InvoiceCloud's AutoPay accounts for nearly 30% of the City of Roseville's digital payments came in 2023, which both registered and guest (one-time) City customers set and then forgot through InvoiceCloud. The City has also **increased paperless adoption by more than 230%**, sending **over 50% of all bills digitally** and **saving more than \$1.5 million since go-live in print/mail costs alone** (Figure A-1).

Figure A-1. The City of Roseville's Customer e-Adoption since 2017. More than half of all City utility bills are received and paid digitally through InvoiceCloud, saving the City more than \$1.5M in print/mail costs alone.

2. Identify the services which would be completed by your firm's staff and those that would be provided by sub-consultants or sub-contractors, if any.

InvoiceCloud provides a fully in-house SaaS and omnichannel EBPP solution and does not subcontract the delivery of our product or services.

InvoiceCloud processes all credit card and ACH transactions through our payment processor, Chase Paymentech, and American Express directly. Our established relationship with Chase Paymentech and American Express ensures that the City receives the best possible rates, including Visa, MasterCard, and Discover's utility rates programs. We have also negotiated a special utility rate with American Express applicable up to \$1,000 per transaction.

InvoiceCloud protects the City's sensitive data and access to it through warm redundancy at our data center, which is hosted and managed by Microsoft Azure. Azure provides full redundancy to protect data and eliminate loss of service or downtime. Azure is SSAE 16 Type II SOC 1 and 2 certified (which supersedes and effectively replaces the Statement on Auditing Standards (SAS) No. 70 Type II) and PCI certified as a level one service provider annually, which reinforces Azure's ability to provide secure

services to its customers, particularly in the e-commerce sector, where the need to protect cardholder information is critical. The scope of Azure's PCI service provider accreditation covers physical security for US data centers and offices, as well as employee access to network devices. Redundancy is carefully planned for all Azure equipment using virtualization and snapshot/backup technology.

InvoiceCloud works directly with Harris Cayenta, Selectron, the City's to-be-determined CSS vendor, and—if the City opts into PDF Linking—InfoSend to integrate our solution with theirs on the City's behalf.

3. Identify any sub-consultants or sub-contractors you propose to utilize to supplement your firm's staff.

InvoiceCloud works directly with the City other related payment providers, including Harris Cayenta, Selectron, and InfoSend, but we do not intend to supplement our firm's staff with theirs.

4. Include the firm's organizational chart, including its constituent parts, and size variation of staffing levels in the past five (5) years.

InvoiceCloud's project management hierarchy follows a top-down approach, putting our clients first and ensuring all front-line personnel have the resources to meet the City's needs (Figure A-2). All InvoiceCloud management subscribes to a servant leadership model, which makes customer service our highest priority.

InvoiceCloud provides access to our full customer-facing resources through the City's dedicated Customer Success Manager (CSM), Mr. Blake Saltzman. These resources include, as needed, representatives from our Implementation, Merchant Services, Training, Client Services, and Marketing teams (Table 1-1). Please note that the personnel presented are examples of our qualifications. The final team to perform work may vary depending on availability and project time. Once assigned, we strive to keep these personnel in place for the duration of the project.

Figure A-2. InvoiceCloud's Top-Down Management Hierarchy. *The City receives timely, industry-leading support from our servant leadership model.*

Table 1-1. InvoiceCloud's Project Organization for City of Roseville. *The City receives dedicated project leadership, as well as reachback to senior SMEs and corporate leadership, to ensure a smooth implementation and customer support.*

Personnel/Role	Responsibilities	Qualifications
Implementation		
Ms. Charla Hawthorne* Implementation Project Manager	Leads the project in entirety, including project plan updates, communication plan execution, resources coordination, testing coordination, and milestones and task tracking.	11 years of experience as an Implementation PM for InvoiceCloud and previously for FIS Global. - Specializes in real-time integrations with Harris systems for utility and tax clients. - PMP certified.

Personnel/Role	Responsibilities	Qualifications
Ms. Stephanie Ivie Solutions Engineer	As an InvoiceCloud systems expert, advises the client and Implementation Team regarding functionality, best solutions for the client, product recommendations, testing best practices, and pre-production checklists.	6 years of experience as a Senior PM for InvoiceCloud and previously as a Relationship Manager for Priority Payment Systems. - Provides advanced knowledge and experience with web services, APIs, and batch integrations, as well as bill presentment and data mapping. - Specializes in CIS integration scoping and design, single sign-on integration mapping and design, AutoPay conversions, and kiosk, IVR, and Bank Direct Payment technology.
Ms. Kinga Dobriban Director of GUB Implementations	- Manages PM resources and performance. - Ensures resources for implementations throughout the life of the project. - Ensures transition of client from the Implementation Team to Client Services Team.	14 years of experience as Director of Implementations for InvoiceCloud and previously as Head of PMO, Implementation Team Manager, and Project Manager for Paytronix, NEXCON, and more. - PMP and ITIL Certified
Ms. Martha Greer SVP of Operations	- Removes impediments to implementation. - Serves as an escalation point for the client.	15 years of experience as SVP of Operations for InvoiceCloud and previously as VP of Operations of IT at Point & Pay and Product Manager at FIS. - Specializes in finance, settlement, and reporting; PM; process improvement; and e-billing and e-payments. - PMP certified.

Personnel/Role	Responsibilities	Qualifications
Merchant Services Boarding		
Ms. Courtney Sprecher* Boarding Specialist Manager	- Manages daily operations of client onboarding, fulfilling all operational delivery items to complete project deadlines and achieve revenue goals. - Acts as subject matter expert on electronic payment processing, including regulatory requirements, industry updates, and portfolio analysis for prospects and enterprise clients.	8 years of experience in underwriting, merchant account boarding, and risk management for InvoiceCloud and PSN. - Specializes in project management, customer support, revenue growth, and merchant processing enrollment.
Ms. Sara Faied VP, Payment Operations and Processing Transformation	- Manages boarding specialist resources and performance. - Ensures resources for merchant services throughout the life of the project. - Removes impediments to boarding. - Serves as an escalation point for the client.	15 years of experience in processing and merchant services boarding for InvoiceCloud and previously for Priority Payment Systems, Point & Pay, Quicken Loans, and North American Bancard. - Specializes in payment technologies, merchant services, credit card and ACH processing, and settlement and reconciliation.
Training		
Mr. Mark Alcares eLearning and Instructional Designer	- Delivers eLearning sessions for clients and end users. - Creates custom videos to help with end user education about how to use the InvoiceCloud system.	10 years of experience as a Trainer for InvoiceCloud and previously for the MathWorks, AutoPart International, Partners Healthcare, and MarketStar for clients like Google Chrome and Sony Digital Imaging.

Personnel/Role	Responsibilities	Qualifications
Customer Success		
Mr. Blake Saltzman* Customer Success Manager (CSM)	- Serves as the City's InvoiceCloud-internal advocate for: - Driving the most value from the platform. - Keeping the City informed about new products and features. - Strategizing ways to drive efficiency and adoption growth. - Customizing training. - Engages SMEs as needed for training, software development, and marketing. CSMs are available to work with the City's throughout the year or for special request.	19 years of experience as Customer Services Manager for InvoiceCloud and previously for HiveWatch, Adept Payments, Impact Merchant Solutions, iPayment, and Innovative Merchant Solutions. - Applies extensive knowledge in payments software and merchant processing to drive higher customer adoption, organizational efficiency, and cost and time savings.
Mr. Tracy Rodriguez Director of Customer Success	- Assists with project planning to develop a client-specific Customer Success plan. - Assigns client-dedicated support team members based on the integration(s) and needs. - Serves as an escalation point for the client.	14 years of experience in customer service, sales, and engineering for IC, Point & Pay, Harris Computer Services, True Automation, and Horizon Pharmacies. - Specializes in EBPP and CIS technology, customer support, and troubleshooting to identify solutions to accelerate growth and savings.
Stephen Williams VP of Customer Success & Growth	- Removes impediments to Customer Success. - Serves as an escalation point for the client.	21 years of experience in customer success and marketing for IC, MineralTree, EverTrue, FlyWire, and more. - Specializes in EBPP and CIS technology, customer support, and troubleshooting to identify solutions to accelerate growth and savings.

Personnel/Role	Responsibilities	Qualifications
Client Services/HelpDesk		
Ms. Cat Kimler Director of Client Services	- Assists with project planning to develop a client-specific support plan. - Assigns client-dedicated support team members based on the integration(s) and needs. - Serves as an escalation point for the client.	14 years of experience in client services, information sciences, and HelpDesk for InvoiceCloud and previously for Veasart Financial and Evergreen Steel. - Applies 6 years of IC-specific institutional knowledge and client support history to resolve problems for our customers.
Ms. Anita Peterson VP of Client Services	- Removes impediments to client support. - Serves as an escalation point for the client.	17 years of experience as Customer Services Manager for InvoiceCloud and previously as a Marketing Manager and Relationship Manager for MCC (acquired by IC). - Specializes in payer support, team leadership, training, and customer service management, as well as tax, water, and motor vehicle payments and bill processors.
Marketing		
Ms. Linda Rudder Senior Marketing Manager	- Manages client marketing communications. Interacts closely with clients to better understand their marketing goals. - Develops marketing collateral for clients to promote online payment services.	29 years of experience as a Marketing Manager for InvoiceCloud and previously for the PCI Security Standards Council, TMC Environmental, Mac-Gray, and Dickinson Direct. - Specializes in B2B and consumer marketing, including market research and competitive business analysis, strategic marketing plans, and development, management, execution and results analysis of traditional and on-line communications.

*Key personnel

Tab B Experience and References

1. Provide a summary of your firm's experience in providing these or similar services.

InvoiceCloud has demonstrated experience and expertise in providing EBPP services for more than 15 years, which is evidenced by **our industry-leading 98% client retention and 2 - 3x customer adoption rates**. We currently support more than 2,900 live clients across all 50 states, including the City of Roseville and 79 clients in the State of California.

2. Provide a minimum of three (3) references for projects or services similar in nature and scope that your firm's team members have completed in the last five (5) years. Include brief descriptions of the projects, dates, client names and contact persons' names, addresses and telephone numbers. Public sector references are preferred.

InvoiceCloud offers the following references from three (3) projects completed in the last five years and two projects from longtime Cayenta client-partners.

a. City of Clearwater, FL

Client Name: City of Clearwater, FL

Public Sector? Yes

Brief Description of the Project: Clearwater is the county seat of Pinellas County and is located on the highest coastal bluff in Florida. According to the U.S. Census Bureau, the population of Clearwater is approximately 115,975 residents, according to the demographic profile. Clearwater is using a variety of the InvoiceCloud products and services which are similar in size and scope for this RFP, including:

- EBPP.
- IVR.
- Cloud Store.
- Real-time Harris Cayenta CIS integration.

“We got exactly what we needed – a user friendly solution that provided a seamless customer experience. Our staff is thrilled with the reduction in calls and time saved to focus on other customer needs.”

--Nemanja Kuzmanovic, City of Clearwater, Customer Service Administrator

- All major credit card brands.
- PayPal, Venmo, Apple Pay, and Google Pay.

The City of Clearwater Utility Customer Service Division, supporting 7 local utilities for 64,000 accounts, sought to resolve digital payment challenges that led to increased customer service calls along with a growing workload for staff. After switching to the frictionless, customer-centric experience provided by InvoiceCloud's digital engagement and payment solution, Clearwater has seen several benefits, including:

- Increased self-service and digital adoption with user-friendly payment experience, 82% increase in electronic payment adoption during the first year
- Decreased print and mail costs with higher paperless enrollment, 31% increase in paperless enrollment equating to \$42,000 saved in print and mail costs
- Faster, more accurate payment data with a real-time integration to their Harris Cayenta CIS, 206% increase in AutoPay enrollments
- Automatic updates to meet evolving customer needs, 43 hours of manual work eliminated each week

Dates: May 2022 to Present

Contact Person: Nemanja Kuzmanovic
Customer Service Administrator
100 South Myrtle Avenue
Clearwater, Florida 33756
727.444.8651
nemanja.kuzmanovic@myclearwater.com

b. Sacramento Suburban Water District (SSWD), CA

Client Name: Sacramento Suburban Water District (SSWD), CA **Public Sector?** Yes

Brief Description of the Project: SSWD is a publicly owned and operated water utility regulated by the State of California Division of Drinking Water and State Water Code laws. SSWD utility office manages payments for roughly 50,000 water customers in portions of Citrus Heights, Carmichael, Fair Oaks, North Highlands, and Sacramento areas. SSWD uses a variety of InvoiceCloud products and services similar in size and scope for this RFP, including:

- EBPP.
- IVR.
- Outbound Campaigns.
- Real-time TruePoint Solutions CIS integration.
- Single Sign-on to the TruePoint CSS Portal.
- All major credit card brands.
- Apple Pay and Google Pay.

Since going live with InvoiceCloud on 7/13/23, SSWD has already achieved:

- 200%+ Increase in Paperless adoption with an estimated \$72,000+ annual savings in bill print, mail and postage costs
- Eliminated 100% of walk-in payments

- 25% increase in electronic payment adoption in the first 6 months live
- Operational efficiencies created by the IC SaaS platform allowed SWWD to move one Customer Service FTE into a new position with the District. SWWD also found that with the efficiency of the platform, they had no need to backfill another FTE CSR position after the employee's retirement. For this small water district, this represented a 40% decrease in CSR staffing.
- Simplified & automated daily reconciliation practices by consolidating 7 (seven) separate vendors into 1 (one). Before InvoiceCloud, SWWD worked with 7 separate vendors for each Credit card processing, ACH processing, IVR, Payment gateway, and three different sources for eLockBox payments. The impact of consolidating vendor contracts with a single partner creates efficiency within multiple departments, including Customer Service, IT, Administration, Finance, and Procurement.

c. San Jose Water (SJW) Company, CA

Client Name: San Jose Water (SJW) Company, CA

Public Sector? No

Brief Description of the Project: San Jose Water was seeking a solution that integrated seamlessly with its Oracle CIS to streamline payments for a more user-friendly experience. SJW serves approximately 230,00 customer accounts in Silicon Valley. The goal was to increase digital adoption and customer satisfaction, helping to reduce manual workloads. They wanted a proven solution that delivered a seamless integration with their tech stack to minimize disruptions and provide real-time data. San Jose Water chose InvoiceCloud as they provided everything needed for a successful go-live, including:

- A smooth implementation with the support of a dedicated project manager to uphold established schedule and objectives
- Seamless integration with their Oracle Utilities CIS for a better end-to-end user experience
- Hands-on training with instructional classes, platform testing, and a learning resource center to ensure a successful kickoff
- Minimal lift for internal teams with InvoiceCloud handling the bulk of the implementation workload

- Ongoing customer service and customer marketing support to maximize outreach efforts

In its first three months after replacing that system with InvoiceCloud in September 2023, the Company achieved 70% digital payment adoption within its customer base, immediately saving staff time to focus on other priorities.

Dates: September 2023 to Present

d. Portland Water Bureau (PWB), OR

Client Name: Portland Water Bureau (PWB), The City of Portland, OR **Public Sector?** Yes

Brief Description of the Project: Portland Water Bureau (PWB) serves nearly 180,000 water, sewer and stormwater customers. PWB serves about 225 square miles of the Portland area. This includes about 666,000 people in Portland itself. Invoice Cloud's partnership with the Water Bureau spans several years. PWB has been an influential client for Invoice Cloud throughout our partnership, driving product enhancements to improve customer and Bureau staff experience, as well as early adoption of new Cayenta integration and product enhancements such as CSRConnect.

PWB uses a variety of the Invoice Cloud products and services which are similar in size and scope for this RFP, including:

- EBPP.
- IVR.
- POS.
- CSRConnect.
- Outbound Campaigns.
- Real-time Harris Cayenta CIS integration.
- Single Sign-On to the Cayenta CSS Portal.
- All major credit card brands.
- Apple Pay and Google Pay.

In 2023, PWB successfully processed \$337m across 781,500 transactions. PWB has achieved 66% electronic payment adoption since moving to InvoiceCloud's SaaS platform with continued growth year over year.

e. Brownsville Public Utilities Board (BPUB), TX

Client Name: Brownsville Public Utilities Board (BPUB), TX **Public Sector?** Yes

Brownsville Public Utilities Board bills just over 50,000 customers monthly, as they actively service a population of over 180,000 utility customers. Brownsville Public Utilities Board went live with InvoiceCloud in April of 2016 and is currently using Harris Cayenta for its core software.

Since 2018, Brownsville Public Utilities Board has seen incredible increases in electronic adoption across the following areas:

- A 263% increase in autopay adoption. Brownsville Public Utilities Board has 9.8% of customers enrolled in autopay through InvoiceCloud.
- A 53% increase in paperless billing. Brownsville Public Utilities Board has 24.4% of customers enrolled in paperless billing through InvoiceCloud.
- A 49% increase in digital payments. Brownsville Public Utilities Board has 58.3% of customers paying online through InvoiceCloud.

Over the years, Brownsville Public Utilities Board has leveraged InvoiceCloud's digital engagement solution to remain 'cutting edge' to offer new functionality like:

- Mobile Wallets (Apple Pay, Google Pay, PayPal, Venmo)
- Pay-by-Text
- A redesigned IVR to simplify payments by phone

Tab C Qualifications of Team

- 1. Provide a brief summary of the role, qualifications and experience of each team member and designated project manager/lead assigned to this project, including length of service with the firm and the qualifications/experience of any sub-consultant or sub-contractor staff on your project team. A project team organizational diagram and brief resume of each team member and the designated project manager/lead for each applicable category shall be included. The geographic location of the firm and key personnel shall also be identified.**

The City of Roseville retains the direct support of InvoiceCloud's dedicated Customer Success Manager (CSM), Mr. Blake Saltzman. Located in California, Mr. Saltzman has served as the City's single point of contact for all contracted needs since March 2023. Mr. Saltzman applies more than 19 years of payment system-related customer support to serve as the City's InvoiceCloud-internal advocate for:

- Driving the most value from our platform.
- Keeping the City informed about new products and features.
- Strategizing ways to drive efficiency and adoption growth.
- Custom training.

Mr. Saltzman meets with the City once a month and is available as often as the City requires to review contract performance, troubleshoot issues, and recommend solutions. During these meetings, Mr. Saltzman solicits feedback and presents upcoming enhancements. He is fully empowered to engage InvoiceCloud subject matter experts from across our entire company as needed, including training, software development, and marketing resources. Mr. Saltzman also proactively monitors the City's account to ensure that Client Services resolves all City -submitted HelpDesk tickets.

The City of Roseville also retains the direct support of InvoiceCloud's Director of Enterprise Sales, Mrs. Carlyn Altheide. Located in California, Mrs. Altheide has served as the City's primary sales contact for all contract needs since August 2015. Carlyn applies more than 20 years of payment and CX expertise, including SaaS solution consulting, to serve as the City's InvoiceCloud-internal advocate to:

- Deliver the mutual service agreement, including new or modified services.

InvoiceCloud Customer Success Implements AutoPay to Paperless for 25%+ Increase in Adoption

The City of Roseville jumped from around 40% to over 50% adoption in only 13 months by converting existing AutoPay customers to paperless billing in May 2023. InvoiceCloud's Customer Success Team, including Tracy Rodriguez, coordinated activating this program on the City's behalf. The City has saved more than \$1.5M over the life of our contract through print/mail savings as we continue to innovate new ways to convert customers to paperless billing.

- Work closely with CSM team to ensure client satisfaction and delivery of mutually agreed upon services.
- Serve as an escalation point of contact.

2. Any proposed sub- consultants or sub-contractors shall be listed. Include sub-consultant's and sub- contractor's assigned task(s) and experience. Full resumes may be included in the appendix.

InvoiceCloud does not subcontract any portion of our work as we provide a fully in-house SaaS and omnichannel EBPP solution.

InvoiceCloud processes all credit card and ACH transactions through our own payment processor, Chase Paymentech, and American Express directly. Our established relationship with Chase Paymentech and American Express ensures that the City receives the best possible rates, including Visa, MasterCard, and Discover's utility rates programs. We have also negotiated a special utility rate with American Express applicable up to \$1,000 per transaction.

InvoiceCloud protects the City's sensitive data and access to it through warm redundancy at our data center, which is hosted and managed by Microsoft Azure. Azure provides full redundancy to protect data and eliminate loss of service or downtime. Azure is SSAE 16 Type II SOC 1 and 2 certified (which supersedes and effectively replaces the Statement on Auditing Standards (SAS) No. 70 Type II) and PCI certified as a level one service provider annually, which reinforces Azure's ability to provide secure services to its customers, particularly in the e-commerce sector, where the need to protect cardholder information is critical. The scope of Azure's PCI service provider accreditation covers physical security for US data centers and offices, as well as employee access to network devices. Redundancy is carefully planned for all Azure equipment using virtualization and snapshot/backup technology.

InvoiceCloud works directly with Harris Cayenta, Selectron, the City's to-be-determined CSS vendor, and—if the City opts into PDF Linking—InfoSend to integrate our solution with theirs on the City's behalf.

C.1 ASSURANCE OF DESIGNATED PROJECT TEAM

1. Proposer shall assure that the designated project team, including sub-consultants or sub- contractors (if any), is used for this project. Departure or reassignment of, or substitution for, any member of the designated project team, sub-consultant(s) or sub-contractor(s) shall not be made without the prior written approval of the City.

Should unforeseen circumstances require replacement of InvoiceCloud project personnel, per our terms and conditions we give the City the first right of refusal of new assigned resources. We make every endeavor to keep key personnel, including CSMs and Implementation Project Managers (IMs) on their assignments to avoid spending time on knowledge transfers and loss of institutional knowledge.

Tab D Project Understanding

1. Based on the available information, supplemental research, field observations, and experience with similar projects, provide a narrative describing your understanding of the services requested in this RFP, your general approach and any major challenges to achieving the City's stated goals. Include any issues that you believe will require special consideration for this project. Also identify any unique approaches or strengths that your firm may have related to this project. City staff will assess your understanding of all aspects of the project based on the overview.

The City of Roseville continues exceeding goals by driving digital e-billing and payment adoption, reducing in-bound calls, foot traffic, paper checks, by retaining InvoiceCloud's true SaaS, friction-reducing EBPP solution.

The City of Roseville went live with InvoiceCloud in November 2017. In its first full year on our platform, the City achieved **139% e-payment growth** and a **213% increase in paperless enrollments**. The City has continued year-over-year growth over the ensuing six years: **Roseville customers now pay roughly 60% of the City's utility bills electronically**, and **more than half of those customers now receive their bill paperlessly**.

This increase in electronic self-service has resulted in a **79% reduction in walk-in traffic** and **\$1.5 million dollars saved in print/mail costs alone**. The City has furthered saved money by reducing paper check payments to so low of a volume that it **no longer needs to outsource manual check processing to a third-party lockbox vendor**. In fact, this total reduction in operational cost of manual, time-consuming processes has created growth

"After switching to InvoiceCloud, the City of Roseville has seen several benefits:

- Increased customer self-service to reduce calls and walk-in traffic.
- Improved customer engagement and one-time payments with intelligent communications.
- Reduced paper check costs and moved lockbox service in-house.
- Delivered frictionless payments for a better user experience and increased digital collections.

Since implementing the InvoiceCloud platform, we've received the highest customer satisfaction scores ever."

--Andrea Blomquist, Utility Billing Services Manager,
City of Roseville

opportunities for the City's previously overworked Utility Billing staff, giving them time and upward career path to develop from CSRs to analysts.

The City of Roseville maintains this year-over-year adoption increase and lowest total cost of operation by retaining InvoiceCloud as its Payment Gateway and Processor Services provider. InvoiceCloud consistently delivers the highest adopting/conversion rates over the competition. **We have replaced all of our major and minor competitors in the EBPP space, and achieve 78 - 150% increases in electronic payments over these platforms.** We incorporate four key design elements that, in combination, deliver an unmatched EBPP solution and results to our clients (Figure D-1):

- **Conversion.** The design of the payment channels – how easy it is to enroll in the self-service options, and how easy it is to pay through them – is how InvoiceCloud achieves the industry's best e-payment adoption rates.
- **Communication.** Our intelligent communications engine with event-based reminders (text, e-mail, phone) sent only to payers who have yet to act. This automates communication between you and your customers, drives down call center volume, and increases conversion to self-service.
- **Connection.** Our implementation and integration methodology is best in class, making it simple to install for our clients so they can reap the benefits in 90 - 120 days after signing.
- **Cloud.** We maintain a single instance, multitenant cloud native solution, so our clients never have to do upgrades or updates to keep up with new technology.

How and Where We Remove Friction

Figure D-1. How and Where InvoiceCloud Removes Friction. We remove obstacles typical in the EBPP process to give City staff and customers more time back in their day and increase e-adoption.

Only InvoiceCloud delivers this combination of cutting edge SaaS technology and CX design, which ensures that the City continues to innovate for the next five years and beyond, instead of starting over. Each of our 4Cs helps the City further build on success in the following ways:

1. Conversion: Continue driving e-adoption, not plateauing or losing existing enrollment, by retaining InvoiceCloud's industry-leading adoption engine and continuous innovations to remove friction from the billing and payment process.

When the City last went to RFP back in late 2017, adoption had plateaued for 7 years with its previous Payment Gateway and Processor Services provider. In only 9 months after partnering with InvoiceCloud, the City doubled adoption, and this adoption has continued to grow over the past 6 years.

Now:

- 60% of utility invoices are paid electronically with InvoiceCloud.
- 29% paid in 2023 through AutoPay.
- 55% customers are enrolled in Paperless billing.

- Improve employee satisfaction, save time and money by reducing operational expenses, including costly manual tasks.
- Improve customer satisfaction and adoption rates by optimizing self-service enrollment, saving payment methods, and offering popular digital wallets and Pay by Text.
- Improve first call resolution rates by providing CSRs with modern, intuitive tools to assist customers with their inquiries via impersonate, or sending text and email links to payments, and more.

The City has not plateaued in 6 years with InvoiceCloud and will not for the next five years. The City continues to build on our first-year adoption by retaining InvoiceCloud. We continue to innovate our platform on the City's behalf through our true SaaS updates every month, not locking the City into a 'frozen-in-time' version that may only be upgraded in each contract iteration. We also provide professional Marketing resources to identify new ways to convert more payers to electronic adoption, like enabling our AutoPay-to-Paperless campaign in May 2023. In only 13 months, paperless adoption increased more than 25%, and now Roseville delivers 54% of its utility bills via paperless (Figure D-2).

Figure D-2. InvoiceCloud's 6 Year Impact on the City of Roseville's Paperless Adoption. The City continues to see year-over-year adoption increases through InvoiceCloud's monthly no-effort product updates that remove friction from the billing and payment process.

InvoiceCloud designed our payment process to engage customers at existing contact points to present opportunities to self-service enroll in payment services and reminders (Figure D-3 and Figure D-4). We also provide tools to CSRs in our Biller Portal that help retrain customer behavior towards self-service, like sending direct links to their payment via text message. As more of your customers use InvoiceCloud to manage paperless billing, AutoPay, text, and more, you save money and can spend time on more important tasks than manual collections.

Figure D-3. Enrolling in Pay by Text, AutoPay, and Paperless Without Leaving the Payment Process. Customers can enroll mid-payment process, at the very end, and from their confirmation email.

Figure D-4. Creating Calendar and SMS Text Reminders Without Leaving the Payment Process. Customers can set events in most popular calendar applications, like Apple and MS Outlook, or schedule one-time text reminders.

2. Communication: Continue engaging customers how and when they most prefer, further driving digital adoption through the billing and payment process with our intelligent communications.

The City's current adoption has been driven by InvoiceCloud's customer engagement engine. Our automated, intelligent emails engage the City's customers when they most prefer: when receiving and paying their bill, which was ranked by utility bill payers in a recent McKinsey survey as the most important interaction they have with their utility (Figure D-5).

The billing and payment experience--customers' most frequent and often only touchpoint with their utility--amounts to no more than 8 minutes a year for the City to connect and engage. InvoiceCloud has invested significant time and capital to better understand the City's and more than 2,900 billing entities' end customers to take the most advantage of those 8 minutes by removing the friction between communication and paying their bill. The City currently enjoys the easiest transition from email or text message to payment

- Maximize the monthly moment in time of receiving and paying a bill, create a frictionless communication experience that satisfies modern consumer demands.
- Remind customers only if they have a balance due, with intelligence and automation.
- Reduce customer service calls by taking the customer directly to the payment screen. This method is unique to InvoiceCloud's experience and drives higher adoption to self-service over all competitors that we have replaced.

through InvoiceCloud's tokenized payment links, ensuring that customers never encounter a 'login wall' or other proven impediment to paying their bill.

Figure D-5. The Most Important Engagement Moment -- Billing. Customers are most receptive to engagement from their utility company when their bill is due, followed closely by when they experience an outage.

We partner with the City to provide up to three bill reminders to customers by preferred method of contact including email and SMS, as well as notifications about expiring credit cards, receipts, and new payment options, through the internet channels they use every day (Figure D-6). The City can customize more than 30 different event-driven email templates, which InvoiceCloud sends automatically if, for example, a customer's payment was rejected, but there's still time to pay with other means. City can send text notifications of new open invoices, and customers with a stored payment method can pay that bill with a text reply. And, most importantly, all links in InvoiceCloud communications take the customer directly to their bill with no searching, authentication, or login required to pay that bill -- friction that can cause a customer to drop out of the payment process and call your office.

Figure D-6. InvoiceCloud's Customer Engagement Platform Options. *We help billers more effectively engage payers through the communications channels customers that prefer.*

3. Connection: Continue innovating the Utility's entire CX technology portfolio through InvoiceCloud's deep bench of technology partners and proven collaboration.

The City is currently considering an upgrade in customer self-service (CSS) portals while renewing EBPP providers. The technological landscape of partnerships and integrations is complicated with just one procurement, if not two interconnected purchasing decisions. It is also critical to maintain the preferred EBPP integration of Harris Cayenta, Selectron, and InfoSend to prevent glitches between billing and payments.

InvoiceCloud helps the City select the best CSS option for your staff and customers through our partner-driven approach to designing and implementing integrations. We provide more than 200 software integrations designed in collaboration with virtually all of those providers to be deployed not just once, but repeatedly. We collaborate so extensively with our peers in the billing and payments space that our solution has been endorsed by the City's current CIS, CSS, IVR, and bill print/mail providers.

- Leverage InvoiceCloud's industry expertise with integration and SSO customer experience, allowing our team to consult with the City on the best new CSS for Roseville and its customers.
- Maintain Harris Cayenta's preferred EBPP integration with minimal impact to customer and payer profiles.
- Retain all current Harris CSS enrollments, which use InvoiceCloud's encrypted SSO passwords.
- Eliminate redundant customer logins and accounts through SSO between and InvoiceCloud.
- Retain reconciliation through real-time updates to customer records by receiving automatic, to-the-minute customer account updates, as well as AutoPay and Paperless enrollments, via real-time API updates.

We partner with virtually all the best utility CSS portals on the market today, including Harris Silverblaze, Accelerated Innovations MyMeter, VertexOne VXengage, and many others. In each case, we have jointly developed proven, turnkey embedded SSO integrations, combining the best of our solutions into a seamless melding of utility and payment data for more than 300 customers to date. Unlike our current "link-out" integration with Cayenta CSS, where billing and payment-related buttons open our Customer Portal in another browser tab or window, InvoiceCloud operates as a seamless part of the modern CSS experience as an embedded iframe. The customer accesses one interface for all utility services, including billing, payments, consumption analysis, service requests, and more, eliminating the two-tab experience (Figure D-7).

Figure D-7. InvoiceCloud's iframe-embedded SSO Integration with Third-party Portals. SSO automatically logs customers into both the City's portal and InvoiceCloud into one completely seamless and secure customer engagement experience.

4. Cloud: Continue to innovate and increase efficiency every month, not every 5+ years, through InvoiceCloud's true SaaS updates.

The key reason why the City has not plateaued in adoption over the past six years is because it receives SaaS enhancements every month, and those updates required little-to-no effort by the City. This is only possible through a true SaaS Payment Gateway and Processor Services solution, as any other architecture means being locked into a software version from one contract to the next. The City's staff and Customers have grown accustomed to always logging into the latest, greatest 'version' of InvoiceCloud every month—they will notice if their experience remains stagnant for the next 3 to 5 years.

- No special City hardware or PCI measures required for entirely off-premises solution.
- Unlimited customer capacity from an industry-leading third-party data center provider, Microsoft Azure, allowing us to deploy additional capacity at any time.
- Future-proof your payment experience by always being on our latest version, never waiting in line for individual updates or patches.
- Turn on any new functionality the same day of IC release with the flip of a switch through SaaS delivery of updates, allowing for rapid deployment of new options as the payments industry evolves.

InvoiceCloud brings the City keeps the City at the cutting edge with no further purchases needed. InvoiceCloud has enhanced our system with more than 60 product releases since 2016 based on feedback from the City, 2,900+ other clients, and our own expertise informed by direct involvement with the financial technology space (Figure D-8).

Figure D-8. InvoiceCloud's 60+ Product Releases Since 2016. All 2,900+ InvoiceCloud clients stay ahead of the speed of change with zero effort or cost to the City.

InvoiceCloud was developed as a cloud-native SaaS solution from day one, meaning that we provide a single instance, multi-tenant solution (Figure D-9). Unlike our competitors, we maintain one single code base that all 2,800+ billing agencies access through their own configuration settings to match their payment rules. Native SaaS means that, when we update our platform, 100% of our users access the latest, greatest, and most secure version of InvoiceCloud—the only version that ever exists at any given moment. Our platform may be 14 years old, but we keep it one month old in perpetuity. The City of Roseville is never "frozen in time," waiting for an update that might never come from non-native SaaS solutions because they have too many versions to maintain at any given time.

Figure D-9. InvoiceCloud's Single Instance, Multi-Tenant SaaS Platform. InvoiceCloud updates a single stack of code, and all clients, including the City of Roseville, receive enhancements immediately without uploading patches or upgrades.

InvoiceCloud updates our solution every month with improvements designed to reduce friction, including not just new payment options, but mindful integration into our omnichannel EBPP solution so that they are easy to use across our entire platform. We understand that, while new payment features innovate how people pay and help utilities achieve efficiencies (fuel), the opposite happens if those new features are difficult to use (friction). When we add new functionality (fuel), we thoughtfully remove all the common friction points that plague haphazard early-adopters, like onerous registration, enrollments, and installations. We update one payment process across all payment options, and new payment features are simply available within that process.

For example: when InvoiceCloud added the option to pay with and save mobile wallet payment methods like Apple Pay and Google Pay, all 2,900+ InvoiceCloud clients received this ability the day of release in their payment process (Figure D-10). We did not require payers to log into Apple or Google and activate

permissions. They can simply select any available digit wallets in their device or browser along with our credit and ACH payment options. None of our clients had to activate or install digital wallets. This experience is typical of all updates to a cloud-native SaaS solution.

Figure D-10. Mobile wallet simplifies the customer experience to make paying easier than ever. Automatic true SaaS updates delivered secure, fast payments through Apple Pay and Google Pay to 100% of our clients on the day of release.

InvoiceCloud's bid helps the City of Roseville achieve the following goals:

Table 1-1. City Goals and Outcomes.

City Goal	InvoiceCloud Outcome
Increase electronic payment adoption and reduce paper check payments	• Tripled electronic payments over prior EBPP platform. • Not just lowered, but eliminated the City's need for a third-party lockbox paper check processing agreement entirely.
Increase paperless billing adoption	• Lowered the City's cost for paper bill print, mail, and postage. • Saved the City an estimated \$1.5 million lifetime savings since going live.
Deliver modern Cloud-native SaaS platform technology used by employees	• Improved employee experience with modern tools. • Promoted career development within the City. • Helped to influence City of Roseville as a highly desirable place to work.

City Goal	InvoiceCloud Outcome
Maintain all customer sensitive payment data in PCI Level 1 and NACHA compliant environment	- Reduced City's scope for PCI and NACHA compliance. - Maintains the highest level of security for customer sensitive data. - Reduces burden for your CIO and at no additional cost to the City.
Work with a trusted Partner to deliver these results	Developed a true technology partnership that would span years.

D.1 SCOPE OF SERVICES

D.1.1 General Requirements – Required

1. Ability to view payment history

InvoiceCloud provides both City staff and customers a standard 24 months of historical bills and payment information through the Customer and Biller Portals. InvoiceCloud stores up to 24 months (or about 520 business days) of rolling transaction data, which customers can review in our self-service Customer Portal (Figure D-11). City staff can search these 24 months of billing and payment history in the Biller Portal by a robust set of criteria, including customer name, account number, invoice number, biller reference, payment amount range, credit card number, credit card type, approval status, payment type, transaction source, transaction type, date range, and biller username. If the City requires more than 24 months of stored transaction data, InvoiceCloud can accommodate in increments of 60, 72, 84, or 240 months for an additional monthly fee.

Filter by Account	Filter by Invoice Type	Filter by Date	Filter by Amount
#999-88-7777 - Smith, Steven	Water	All Dates	All Amounts
		This Year	\$0.00 - \$100.00
		This Month	\$100.01 - \$250.00
		Last Month	\$250.01 - \$500.00
		Last 3 Months	\$500.01 - \$1000.00
		Last 6 Months	\$1000.01 +
		Last 12 Months

Figure D-11. Reviewing Payment History. Customers can review up to 24 months of payment history with filters by account, invoice type, date, and amount.

2. Make one-time payments with or without creating an account

InvoiceCloud makes it easy for customers to pay their bills, whether registered or not, through our platform. We allow customers to make one-time payments without having an account from the Customer Portal, which they can access directly from email or text notifications or through the City's web site. Once in the Customer Portal landing page, the customer can look up their bill using

Higher E-adoption through InvoiceCloud's One-Time Payment Option for Unregistered Users

41% of online payers use one-time payment channels. Most of these customers do not go online with the intent of signing up for these additional services. InvoiceCloud maximizes enrollment (and, thus, print/mail cost savings) by presenting enrollment options as part of the one-time payment process.

criteria dictated by the City, such as their Account Number or Service Address.

Figure D-12. Example of a Virtual Site or Landing Page. InvoiceCloud works with the City to customize and brand its landing page, which customers can access directly from City's web site.

With InvoiceCloud, the City receives the most robust one-time payment route in the industry, providing extensive features without requiring registration or an established login account. With the correct credentials, unregistered customers can:

- View 24 rolling months of bill images.
- Enroll in paperless ("e-billing") – customers can go paperless without registering.
- Enroll in Pay-by-Text or text notifications – customers can elect to receive text message notifications / pay by text without registering.
- Enroll in AutoPay -- customers can set up automatic full payments of every future bill on the due date without registering.
- Use Shopping Cart function to pay multiple bills during a single transaction.

- Pay with Credit/Debit Card or EFT/ACH.

Customers can initiate a One-Time payment on their desktop or mobile device (Figure D-12). Selecting “Pay Now” starts the one-time payment process.

If the customer arrives in InvoiceCloud through a link in their email or text notification, we automatically save them the time of looking up their invoice by taking them directly to the shopping cart for their bill. They can then immediately begin the payment process (Figure D-13).

Figure D-13. Direct Link to the Customer Bill. Customers who use email or text notifications do not have to search for their bill.

After selecting “Pay Now,” the customer can search for their bill using authentication fields (Figure D-14). InvoiceCloud controls access to non-public records by working with the City to define which authentication fields are required.

Figure D-14. Locating Accounts. InvoiceCloud helps one-time pay customers find and pay all their bills in one transaction using required (marked with a red asterisk) and other helpful authentication fields.

This search returns all bills matching the user's entered criteria. Users can:

- View their real-time balance, which InvoiceCloud pulls directly from City's Core System.
- Review 24 months of bill history with exact PDFs of their City-generated invoices, which the customer can download for convenience.
- Use InvoiceCloud's shopping cart function to select and pay multiple bills with a single transaction.
- Register one or multiple invoices to a single Customer Portal.
- Pay with a credit or debit card or ACH/E-check.

After selecting their payments, the user can now review the items in their shopping cart (Figure D-15).

Figure D-15. Shopping Cart. One-time payers can control their payment options at any point of purchase, increasing the likelihood of e-adoption.

This review includes several options:

- **View Invoice.** The user can view or print their invoice.
- **Remind Me.** The user can create a calendar reminder in their preferred format or, schedule a one-time SMS text reminder.
- **I want to find more invoices.** Using InvoiceCloud's Shopping Cart function, one-time payers can search for additional invoices and pay for all of them in a single transaction.

- **Proceed to Checkout.** The payer can adopt to simply make a one-time payment now, ending the transaction, but missing out on the chance to store payment information—such as EFT banking information (account number and routing number) and credit card information (account number)—for future convenience. InvoiceCloud Checkout also allows payers to sign up for Pay by Text SMS notifications or sign up for Paperless billing.

Once the customer has selected all the invoices they wish to pay and clicks “Proceed to Checkout,” InvoiceCloud starts our three-step payment route: 1) selecting payment options, 2) entering payment information, and 3) reviewing and confirming the payment.

Payment Options. The customer chooses a payment method, either credit card or e-check, and then payment amount (Figure D-16). If City chooses, InvoiceCloud can allow partial payments, but we can turn this option off at any time, requiring full payments only.

Figure D-16. Payment Options. One-time payers can pay by their Shopping Cart’s balance by credit card or e-check.

Payment Information. The next step of the process asks for the customer's Credit Card or ACH (e-check) information. InvoiceCloud automatically pre-populates 'Cardholder Name' and address fields from the invoice as a convenience to the customer (Figure D-17). We require an email address for the payment confirmation receipt, so the customer automatically enrolls in our New Invoice Email Reminder Notifications (3 per billing cycle). This is another reason why InvoiceCloud achieves the industry's highest adoption rates.

Invoice Cloud Streamlines the Payment Process for Higher E-adoption

- Limits customer keystrokes by pre-populating name and address fields from the invoice
- Auto-enrolls customers into email reminders by requiring an email address for their receipt
- Eliminates submittal of invalid payment types by authorizing card and ACH information as entered

Payment Summary

Invoice #	Amount
113B-1117 - View	\$84.22
1002-2 - View	\$2,485.98
BNV202012094811173	\$15.00
SUBTOTAL	\$2,585.20
GRAND TOTAL	\$2,585.20

Any applicable service fees will be displayed before processing your payment

[Continue to Review Payment](#) | [Go back to Payment Options](#)

Figure D-17. Payment Information. InvoiceCloud streamlines entering payment information by automatically filling in identification fields from data in the invoice and authenticating payment information in real-time.

Review Payment. The final step asks the customer to verify their payment information and prompts for Paperless, Pay by Text, and even AutoPay enrollment (Figure D-18). Paperless enrollment is 100% self service between InvoiceCloud and the customer. Prompting the customer to sign up for paperless and Pay-by-Text each time customer makes a one-time payment (approximately 40% of annual payments through Invoice Cloud) helps increase participation and, ultimately, save our billers money.

The screenshot displays the 'Review Payment' page for the City of Roseville. It includes sections for 'Your Credit/Debit Card', 'Billing Address', 'Payment Summary', and enrollment options for Paperless and Pay by Text.

Process Payment \$147.68

Figure D-18. Review Payment. One-time payers can forgo traditional registration while opting into paperless billing by email or text or even AutoPay. This is how we achieve our e-adoption rates.

Instant Payment Confirmation, Email Notification, and Receipt. Once a customer selects “Process Payment,” they receive instant confirmation that their payment was processed. We include a final prompt to register to speed up the process in the future (e.g., saving payment methods, setting AutoPay, etc.) (Figure D-19). At this time, the customer also receives a payment confirmation email and can print a receipt.

Figure D-19. Payment Confirmation. InvoiceCloud makes it easy for unenrolled users to register at the end of payment to speed up future payments.

3. Maintain a digital wallet of payment methods

Customers can easily add or update an unlimited number of credit, debit, bank accounts, and digital wallet credentials (i.e., Apple Pay and Google Pay) to pay their bills through InvoiceCloud’s payment methods menu in our Customer Portal (Figure D-20). This is 100% self-service, requiring no City staff to assist.

Once customers enter payment methods and set a default account, they can pay even faster than before, skipping entire steps in the payment process. For example, during the enrolled payment process, they skip the payment information screen. And when they receive an SMS text notification of an open invoice, they can pay simply by replying “Pay” to the text. They can also apply any saved payment method to AutoPay, Pay-by-Text, scheduled recurring payments, and more.

Figure D-20. Updating Payment Methods. Customers can save any number of payment methods they want for advanced budgeting, like with bank accounts and credit cards set aside for utility payments versus donations.

4. Make payments via credit/debit card, eCheck and alternate payment platforms such as Apple Pay, Google Pay and Venmo

InvoiceCloud processes payments from credit cards, including Visa, Mastercard, American Express, and Discover; debit cards; bank accounts via EFT/ACH; and digital wallets, including Apple Pay, Google Pay, PayPal and Venmo (Figure D-21).

The screenshot displays the 'Payment Options' section of the InvoiceCloud interface. At the top, there are three tabs: 'Payment Options' (active), 'Payment Information', and 'Review Payment'. The main heading is 'How would you like to pay?'. Below this, a dropdown menu for 'Available Payment Methods' is open, showing 'Google Pay', 'Credit/Debit Card', 'EFT (Check)', and 'Google Pay' (highlighted). Below the dropdown, there are three radio button options: 'Pay Full Invoice' (selected) for \$81.93, 'Pay Minimum' for \$1.00, and 'Pay Other Amount'. At the bottom left is a 'Google Pay' button and a link 'What is this?'. On the right, a 'Payment Summary' box shows the invoice details: Invoice # 1076-1115 (with a 'View' link), Amount \$81.93, SUBTOTAL \$81.93, and GRAND TOTAL \$81.93. A note at the bottom of the summary states: 'Any applicable service fees and/or discounts will be displayed before processing your payment.'

Figure D-21. Selecting Your Payment Method. InvoiceCloud processes payments made by credit/debit card, ACH/EFT, and digital wallets.

5. Make payments via a secure, PCI-DSS compliant payment processor

InvoiceCloud is a secure, private, and Payment Card Industry (PCI) Level 1 Compliant solution that is certified by Trustwave's Trust Commerce Program as a level 1 third-party processor. Level 1 PCI compliance is the true industry standard, requiring third-party validation by a qualified security assessor (QSA). Lower levels of PCI compliance are self-reported with no audit, whereas Level 1 solutions are thoroughly vetted by a PCI-approved source to validate security compliance with the PCI Data Security Standard (PCI-DSS). Trustwave (a VikingCloud company) is a PCI-certified QSA that continually audits our compliance through annual onsite reviews and quarterly network security scans with an approved ASV as required by both Visa and MasterCard. Our hardware integrations are PA-DSS (Payment Application/Data Security Standard) certified for Point of Sale (POS) applications. We are also SSAE 18 Type II SOC 1 and 2 certified.

InvoiceCloud has full and immediate control over our website domains, allowing us to design and implement advanced rerouting and disaster recovery solutions. We can quickly point traffic to another server in the event of a major failure or breach. These controls, among other proprietary settings and encryption, make InvoiceCloud Level 1 PCI compliant as detailed in our Attestation of Compliance (AOC) provided by Trustwave. We can provide our full PCI Level 1 AOC and other security reports on request.

InvoiceCloud provides proof of PCI compliance above and agrees to remain compliant throughout the term of the contract. The City can verify our compliance status, as well as that of our payment

processor, Chase Paymentech, at any time through the Visa Global Registry of Service Providers: <https://www.visa.com/splisting/searchGrsp.do>

It is critical that the City verify any payment vendor's compliance before entering an agreement. Besides the inherent risk of trusting an unverified company with your customers' payment data, failing to meet PCI compliance carries risk of potential penalties for the City as compliance is not optional. Failure to comply could lead to:

- Fines upwards of **\$100,000 per month until compliance is met.**
- Infringement consequences including **monetary penalties per compromised customer, termination of relations with bank/payment processor, and lawsuits.**
- **Compensation for compromised customers** which may include credit card monitoring or identity theft insurance. This will be free for the customer, but **not for the non-compliant company.**
- Perhaps most importantly, **a damaged reputation** may lead to loss of business. A reputation as secure and reliable is paramount in the payment processing industry.

A statement of compliance on a website is not proof of certification, the only way to verify if a company is PCI compliant is finding it in the Visa Global Registry (Figure D-22).

Figure D-22. InvoiceCloud’s Listing in the Visa Global Registry of Service Providers. Visa certifies InvoiceCloud as a PCI DSS v3.2 compliant Agent for Billing Management and Payment Processing for Internet/e-commerce, MOTO/Call Center, and POS/card present transactions.

InvoiceCloud is fully certified with PCI to protect transactions over the internet, including requiring all communication to use TLS 1.2 or better encryption. InvoiceCloud ensures the security of the information transmitted, double-encrypting all data in transit and at rest through 256-bit or better TLS, 2048-bit SSL, and 256-bit AES. In fact, our security protocols go far above and beyond what is required by the industry. We have one of the strongest—if not the strongest—security procedures in the industry. We use two levels of encryption, called Double Encryption Methodology (DEM), even though only one is

required by PCI. By using two separate encryption layers, in the unlikely event that a hacker ever stumbled over a valid data element, he/she would have to go through an entirely new process to find a second. Other companies encrypt files; InvoiceCloud double encrypts all data elements. Due to the public nature of RFP responses, we cannot provide full details of our encryption schemes, but we have been told by Trustwave, one of the most advanced security firms in the country, that our encryption techniques are so advanced that they should be patented.

Both InvoiceCloud and our data center provider, Microsoft Azure, deploy firewalls in multi-layered protection. Deployed with Azure Application Gateway Web Application Firewall, DDoS Protection defends against a comprehensive set of network layer (layer 3/4) attacks, and protects web apps from common application layer (layer 7) attacks, such as SQL injection, cross-site scripting attacks, and session hijacks. Web Application Firewall comes preconfigured to handle threats identified by the Open Web Application Security Project top 10 common vulnerabilities.

6. Send notifications of bills coming due and payments processed via email or text message

InvoiceCloud helps City keep customers engaged in paying electronically and to adopt more self-service billing and payment options over time through intelligent communications. Most EBPP providers put little effort into their communications, seeing them as a means to an end as opposed to one of the most important drivers to convert payers to electronic methods and reduce call volume to your offices. With InvoiceCloud, City customers received intelligent communications that only send based on their real-time account status and balance, eliminating confusion and customer service calls. We give the City the opportunity to engage customers when most interested in your communications--when their bill is due--to keep them informed not only about their bills, but also other important City announcements (Figure D-23).

InvoiceCloud's intelligent communications help City take the most advantage of this critical engagement moment, establishing clear, transparent lines of communication with your customers so that they are aware of their choices and have as much important information when they want it. Using intelligence to communicate instructions at specific billing points and with direct links to take action removes friction and creates a better customer experience based on human behavior.

Figure D-23. The Most Important Engagement Moment -- Billing. Customers are most receptive to engagement from their utility company when their bill is due, followed closely by when they experience an outage.

We partner with the City to provide multiple bill reminders to customers by email, as well as notifications about expiring credit cards, receipts, and new payment options, through the internet channels they use every day (Figure D-24).

The City can customize more than 30 different event-driven email templates, which InvoiceCloud sends automatically if, for example, a customer's payment was rejected,

- Reduce costs through paperless billing.
- Reduce delinquencies and shut-offs through increased self-service AutoPay, Scheduled payments, and Pay by Text Enrollments.
- Receive fewer phone calls through customers receiving real-time data accuracy and conveniences like direct invoice links and IVR CallerID Lookup.
- Communicate other important City business when customers are most receptive -- when they need to pay their bill.

but there's still time to pay with other means. We also send up to three notifications per bill, depending on when the customer pays, and always with their latest balance if they already paid a partial amount. The City can send text notifications of new open invoices, and customers with a stored payment method can pay that bill with a text reply. The City can even program outbound IVR calls to all or portions of its customer base for ad hoc messaging--like outages and advertising--through Outbound Campaigns, reaching customers who do not text or email. And, most importantly, all links in InvoiceCloud communications take the customer directly to their bill with no searching, authentication, or login

required to pay that bill -- friction that can cause a customer to drop out of the payment process and call your office.

Figure D-24. InvoiceCloud's Customer Engagement Platform Options. *We help billers more effectively engage payers through the communications channels customers that prefer.*

InvoiceCloud sends up to three email and, if the customer enrolls in Pay by Text, SMS text reminders per bill (Figure D-25). We work with the City to determine the timing of these three notifications across the billing cycle. Sending three reminders is critical because every customer's budget varies; some pay immediately after receiving a bill, some pay later due to a paycheck, and some pay just before the bill is due. Meanwhile, the original email notification that most of our competitors send is buried under weeks of other less important messages. And then our intelligent communications engine prevents confusion by:

- **Updating the customer's balance per email reminder for partial payments or bill adjustments.** InvoiceCloud posts payment back to Harris Cayenta, and our system always checks for the latest balance for our communications, reporting, and payment interfaces.
- **Not sending second or third reminders if the customer pays the City's required minimum or per your business rules.** InvoiceCloud uses the latest balance information from Harris Cayenta to not send redundant payment reminders after the customer pays their bill — one of the most common reasons customers call customer service because nobody wants to miss a payment.

Figure D-25. Nearly 40% of All Customers Pay from Second or Third Reminders. Only InvoiceCloud sends, if needed, automated second and third reminders.

These intelligent reminders are among the more than 30 email templates that City can customize and brand to include vital, timely information, like links, notices, and more. Email notifications are completely customizable using the Biller Portal's built-in editor (Figure D-26).

Figure D-26. InvoiceCloud's Unmatched Email Management Tool. No other EBPP provider provides this level of control over the content and branding of its email engine.

7. Enroll in paperless billing

Customers can elect to go paperless in lieu of receiving a printed and mailed paper bill, saving the City time and money. We can limit this to only bill types permitted by statute and the City's business rules through true SaaS configurability. We also take extraordinary, yet automated steps to protect customers from missing bills due to data entry errors or email changes. This round-trip, self-service process starts with the customer electing to go paperless either during the payment process (including non-registered customers) or through their customer profile (Figure D-27). Once enrollment is complete, we automatically update both your bill printer and CIS through batch files.

Paperless

Going Paperless saves time and money by eliminating the need for paper printing and mailing of invoices and payments. [Need help with this feature?](#)

Account #	Type			Status
999-88-7777	Water	☒ Yes	☐ No	Paperless

Figure D-27. Changing Paperless Options per Invoice Type in the Customer Portal. Registered customers can dictate exactly which bills to go paperless and which ones they still need paper copies of.

Non-registered customers can opt into paperless billing, as well as Pay-by-Text, during the third and final step on one-time payment, when they review and process it (Figure D-28). Prompting the customer to sign up for paperless and Pay-by-Text each time customer makes a one-time payment (approximately 40% of annual payments through InvoiceCloud) helps increase participation and, ultimately, save our billers money.

Process Payment \$147.68

Figure D-28. One-time Payment Review Options. One-time payers can forgo traditional registration while opting into paperless billing by email or text and saving remittance information for these options. This is how we achieve our e-adoption rates.

After enrollment in paperless billing, InvoiceCloud automatically suppresses paper bills *without requiring action on the City's part*. As part of our seamless integration, InvoiceCloud can automatically flag accounts as paperless in the City's billing system. We also automatically provide an updated list of the City's paperless customers to its bill printer, expediting the process to save money by printing and mailing fewer bills. To ensure that customers do not miss a payment due to data entry errors or email address changes, InvoiceCloud automatically re-registers customers for paper bills if their first of three bill notification emails bounce. This provides more than enough time to avoid a late fee and, again, *requires no action whatsoever on the City's part*.

8. Setup recurring credit card or eCheck payments for future bills

Yes, customers can schedule a one-time future payment using Scheduled Payments in their InvoiceCloud account (Figure D-29). They may schedule more than one payment at a time. We configure our iframes to only allow selections that meet your business rules, like last permissible date for payment and minimum payment amount.

The image shows a screenshot of the InvoiceCloud interface. A modal window titled "When would you like to pay?" is open. It has two radio button options: "Pay Today" (which is selected and has a green star icon) and "Schedule a Payment". Below the "Schedule a Payment" option, there is a text input field labeled "Payment Date" with a placeholder "mm/dd/yyyy" and a calendar icon. At the bottom of the modal is a blue button labeled "Proceed to Checkout" with a right-pointing arrow. In the background, a sidebar is partially visible with the heading "Open Invoices" and some filter options.

Figure D-29. Scheduled Payment Options. Customers can future-date a payment to avoid running out of funds.

Registered customers can also set and forget recurring scheduled payments to pay a certain amount on the same day every month. However, it is important to note that customers continue to receive open invoice notices if their recurring payment does not settle the balance due on their account. Scheduling recurring payments is 100% self-service for customers in the Customer Portal (Figure D-30).

Figure D-30. Scheduling Recurring Payments. Customers can schedule and pause a recurring payment for any day of the month.

Any customer—registered or not—can automatically pay their full invoice amount, on the day it is due, through InvoiceCloud's AutoPay. This is critical for utility bills, where balances are based on consumption, and ensures that, if a customer makes partial payments or simply wants the convenience of paying their bills on time, every time, any remaining balance is always automatically paid when due.

Enrollment is 100% self-service either from our one-time payment (which typically doubles AutoPay enrollment for new clients) or from the registered payer's Customer Portal account (Figure D-31).

InvoiceCloud improves on the AutoPay offered by other vendors

- 100% self-service enrollment, requiring no registration by the customer or action by the biller.
- Securely store and tokenize all payment data using our double encryption methodology.
- Prevent over- and under-payments by always applying the latest balance on the AutoPay due date through real-time data refreshes.
- Provide peace of mind and opportunity to change AutoPay settings prior to payment through automated email reminders.
- Reduce rejects--and shut-offs and late fees--through automated ACH reject email notifications within seconds of AutoPay payment

Edit AutoPay Setup

Registering for AutoPay will void any prior scheduled payments. In order to prevent duplicate transactions, any scheduled payments which are pending for this account will be cancelled. AutoPay will then pay invoices on their due date using your default payment method.

9. Integrate seamlessly with Cayenta, through a real-time interface to update balances and payments

The City currently enjoys the most seamless integration available with its CIS through Harris Cayenta and InvoiceCloud's diamond-level partnership. InvoiceCloud and Cayenta jointly developed our real-time integration using exclusive APIs that leverage the best aspects of each of our systems to always present the latest balance after CIS updates and EBPP payments across all omnichannel payment options, including our in-house IVR system once live.

InvoiceCloud utilizes our real-time integration with Cayenta Utilities as well as our proprietary Data Pump feature to automatically process payment data and update your CIS as customers complete payments, removing the need to submit a daily payment file.

The City receives more reliable data in real-time through InvoiceCloud and Harris Cayenta's jointly-built integration. We are Cayenta's preferred EBPP partner, leveraging the best parts of both systems to efficiently automate processes, share data in real-time, synchronize how that data displays for 26 and counting clients, and integrate quickly with no risk of delays for City. Our platform always reflects the latest data in your Cayenta software via a deep integration, reducing administrative work for staff and sending intelligent communications to drive customer self-service (Figure D-32). InvoiceCloud and Cayenta meet at least monthly to review our clients and platforms, ensuring that any new updates to either our platform or theirs result in no interruptions in service and the highest ROI for City.

Figure D-32. InvoiceCloud's Real-Time Integration with Cayenta Utilities. The City's CIS system is updated in real-time as customers complete payments.

Harris Cayenta and InvoiceCloud share data in real-time through jointly-developed APIs. We receive and refresh billing data from Harris Cayenta using our Real Time Data Refresh (RTDR) APIs and returns payments, paperless, and AutoPay enrollment flags using our Data Pump, a proprietary electronic handshake that delivers 100% data integrity (Figure D-33). This synchronization eliminates double

payments between payment and batch transmission as well as all manual processes to track enrollment in various payment processes like AutoPay and Paperless billing. This means a simpler payment process for both City staff and customers. InvoiceCloud then uses this

Figure D-33. InvoiceCloud's Unique Data Pump Maintains 100% Data Integrity with Harris Cayenta. The City views the latest data on payer accounts in every report or search.

data across our entire omnichannel presentment and payment customer experience, including our SSO integration with the City's current Cayenta CSS Portal and embedded iFrames available for Silverblaze, AI MyMeter, and more.

D.1.2 Detailed Requirements – Required

1. The Consultant will fully deliver and integrate a PGPPS for the City's utility billing system, Cayenta. The Consultant will bear primary responsibility for PGPPS performance, quality, and functionality.

InvoiceCloud is the preferred partner of Harris Cayenta. As mentioned in our endorsement letter above, we worked directly with Cayenta to jointly develop the most seamless integration available on the market. We meet with Cayenta on a weekly basis to review our shared accounts, like the City of Roseville, as well as upcoming system enhancements to ensure continued compatibility and spur innovation with each other. We bear primary responsibility for the performance, quality, and functionality of both our single instance, multitenant EBPP solution and our integration with Harris Cayenta.

2. The Consultant will implement PGPPS by adapting a commercial software payment solution whose functionality and technical reliability has been proven to work in other Cayenta, and Harris Gateway systems.

InvoiceCloud jointly supports more than 25 clients with Harris Cayenta and more than 400 with all Harris holdings. As attested in Harris Cayenta's letter above, we worked together to develop that most technically reliable integration with the most interfunctionality available on the market. We continue to work directly with our Harris partners to continue to innovate and update our solution to provide the most seamless exchange of data to City staff and customers.

3. All data communications should be encrypted.

InvoiceCloud uses two levels of encryption, called Double Encryption Methodology (DEM), even though only one is required by PCI. By using two separate encryption layers, in the unlikely event that a hacker ever stumbled over a valid data element, they would have to go through an entirely new process to find a second. Other companies encrypt files; InvoiceCloud double encrypts all data elements. All transactions over the internet are required to use TLS 1.2 or better encryption. InvoiceCloud ensures the security of the information transmitted, double-encrypting all data in transit and at rest through 256-bit or better TLS, 2048-bit SSL, and 256-bit AES. Not only are we PCI Level 1 compliant, but when our QSA, Trustwave assessed our data encryption methodology, they recommended that we patent it.

4. All data stored in the cloud should be encrypted at rest and located in the continental U.S.

Yes, InvoiceCloud encrypts all data stored in our data centers provided by Microsoft Azure. InvoiceCloud maintains geographic redundancy with automatic failover in locations on opposite ends of the continental U.S.

5. No credit card information is to be stored on City servers.

InvoiceCloud does not store any credit card information on City servers.

6. Gateway and processor must be PCI DSS compliant and validated by a third-party and utilize a tokenization platform capable of tokenize PANs at the point of customer interaction.

InvoiceCloud is a secure, private, and Payment Card Industry (PCI) Level 1 Compliant solution that is certified by Trustwave's Trust Commerce Program as a level 1 third-party processor. Level 1 PCI compliance is the true industry standard, requiring third-party validation by a qualified security assessor (QSA). Lower levels of PCI compliance are self-reported with no audit, whereas Level 1 solutions are thoroughly vetted by a PCI-approved source to validate security compliance with the PCI Data Security Standard (PCI-DSS). Trustwave (a VikingCloud company) is a PCI-certified QSA that continually audits our compliance through annual onsite reviews and quarterly network security scans with an approved ASV as required by both Visa and MasterCard.

InvoiceCloud is fully certified with PCI to protect transactions over the internet, including requiring all communication to use TLS 1.2 or better encryption. Our system tokenizes all sensitive data at the point of customer interaction, double-encrypting all data in transit and at rest through 256-bit or better TLS, 2048-bit SSL, and 256-bit AES. In fact, our security protocols go far above and beyond what is required by the industry. We have one of the strongest—if not the strongest—security procedures in the industry. We use two levels of encryption, called Double Encryption Methodology (DEM), even though only one is required by PCI. By using two separate encryption layers, in the unlikely event that a hacker ever stumbled over a valid data element, he/she would have to go through an entirely new process to find a second. Other companies encrypt files; InvoiceCloud double encrypts all data elements. Due to the public nature of RFP responses, we cannot provide full details of our encryption schemes, but we have been told by Trustwave, one of the most advanced security firms in the country, that our encryption techniques are so advanced that they should be patented.

7. Provide a real-time portal to view, maintain and cancel payments.

The InvoiceCloud SaaS EBPP Service includes a Customer Portal so that registered customers can self-service manage their bill pay settings and review their real-time billing and payment history through their profile. We integrate this functionality with the City of Roseville's current Cayenta CSS portal as link-out options from pertinent CSS menu buttons. We can also embed these options as iframes in the next generation of utility portals, including Cayenta CEP/Harris Silverblaze, Accelerated Innovations MyMeter, and more. The InvoiceCloud SaaS EBPP Service additionally includes our Administrative portal, the Biller Portal, a robots reconciliation, reporting, education and CSR tool, which supports numerous capabilities such as view, maintenance, and cancellation of payments.

8. Accommodate both absorbed and convenience/service fee models.

At present, InvoiceCloud supports the City with both absorbed and service fee models, delineated by Invoice Types Residential and Commercial.

InvoiceCloud offers both convenience fee and absorbed fee models for credit card processing per transaction. In the absorbed model, the City pays 100% of the credit card costs along with a fee to InvoiceCloud for the use of our SaaS PGPPS platform, on each credit card transaction and for any ACH transaction. In the convenience fee model, sometimes called service fee model, the City resident or customer pays a service fee which fully funds the cost of the card process and InvoiceCloud SaaS PGPPS platform.

Different invoice types (Residential vs Commercial) can have their own pricing model, convenience fee or absorbed. We can apply these on an invoice type-basis, allowing the City to choose which payments' fees it absorbs or passes on to the customer.

InvoiceCloud processes all service fees as a separate transaction from the payment amount, depositing the payment amount directly to the City's designated deposit account and service fees directly to ours. The City can see service transactions as separate from its own transactions in all Biller Portal reporting, and customers see the service fee listed as a separate line item in the Customer Portal during the payment process.

Because InvoiceCloud maintains this separation between our fees and the bill amount, we neither touch the City's funds nor co-mingle your funds with other clients. We avoid the pitfall of acting as an unlicensed money transfer agent by never holding clients' funds in our own account and then dispersing them per the City rules. Our payment processor, Chase Paymentech processes all credit, debit, and ACH charges, withdraws the funds directly from the customer's payment account and then deposits the City's funds directly into whichever accounts the City designates for deposits. We highly recommend this process to protect the City from indefinitely delayed payments and future legal ramifications when the FTC begins enforcing money transfer rules more rigorously.

9. Gateway and processor must be available 99.99% of the time.

InvoiceCloud has consistently delivered 99.99% uptime on average for the last three years, with virtually no unplanned downtime since 2021.

10. Billing and customer data must be restored and fully operational within 24 hours of a catastrophic failure of payment gateway system.

InvoiceCloud can perform a point-in-time restoration within 1 hour. We perform continuous backups across Azure East and West regions with the ability to restore to any point-in-time within the last 35 days.

11. Consultant will provide an easy-to-use administrative tool to allow City staff to manage customer accounts and monitor payment activity.

InvoiceCloud's Biller Portal offers extensive reporting and administration tools to make account management, reconciliation, and data mining easier for the City. The first page of our Biller Portal provides the City an interactive dashboard, containing a variety of charts with metrics from all areas (e.g., payment volume, paperless, and registration). These charts include Last 10 Days Payment Summary, Payments by Payment Source Summary, Payments by Payment Type Summary, AutoPay Payments by Invoice Type Summary, Payments by Invoice Type Summary, Paperless by Invoice Type Summary, Registered Customers Summary, and Active Customers Summary. Our reports present focused, salient content to our clients. The City can rearrange these charts to user preference at any time (Figure D-34).

Figure D-34. InvoiceCloud's Simple Back-end Biller Portal. City accounting staff can manage all billing functions through our user-friendly interface.

The Biller Portal is available 24/7/365 and is 100% self-service for the user. Based on permissions set by the City, admin users can:

- Block certain Customers from making ACH and/or Credit Card Payments.
- Update an email address for a Customer.
- Enter a courtesy email address for a Customer or Landlord.
- Send an invoice notification for a bill that a Customer says he/she didn't receive.
- Set up AutoPay for a Customer at Customer's request.
- Set up paperless billing for a Customer at Customer's request.
- Review payment and/or email history.
- Update phone number for a Customer at Customer's request.
- Issue a credit on an over payment.

The City can search all payments by account number, date range and confirmation number using our Biller Portal's Search function. The Search drop-down allows a user to search for Customers, Files (adjustments files, invoice files, payments files), Invoices (current or outstanding), and payments. Each search function provides the user with advanced drill down criteria to highlight specific items/trends/issues they desire (such as customer name, account number, invoice number, date, amount, card type, etc.). Additionally, once the search has been submitted, the user can easily extract/download their findings to Excel for further investigation.

In the Search drop-down, the user can search, view, and edit customer profiles. This allows City staff to log in as that customer (e.g., during a phone call) to edit their profile or verify payment information, including:

- Any stored payment account information (account numbers are truncated, staff cannot get full credit card or bank account numbers).
- 24 rolling months of all payment history and e-bills.
- Paperless settings / Pay by Text setting.
- Auto-pay settings / Create a new autopay on customer behalf.
- E-mail address on file and all e-mail history (including click through status).
- Linked accounts, if any.
- Customer Activity (Customer Portal login information).
- Customer Options (block a customer from using credit card).

From this page, a user can login as the customer with one click and have the same experience the customer does. The user can view all payment and billing history for that payer. Clicking on the credit

cards tab displays the card data on file that the customer used to pay with (middle 8 digits hashed out for security purposes).

Our Biller Portal offers many standard and ad hoc reports with date ranges and drill down options to view detail. All reports are available 24/7 through the Biller Portal. Most of the standard reports can be defined by date range, payment type or bill type criteria, in addition to criteria particular to the report (like name or email for the customer report) to produce targeted results. Our system uses open architecture and is Open DataBase Connectivity (ODBC) compliant to allow data extraction and facilitate reporting.

The City can define its own reports or use our pre-configured reports, including Auto-Pay Report, Custom Reporting, Customer Conveyance, Data Synchronization History, Expiring Cards, Pay by Text Registrations, Email Change Report, Email Do Not Send List, Email Notification Summary, Email Statistics, Email Tracking, Total Outstanding Invoices, Paperless Report, Paperless Registration History Report, Paperless Bounce Report, Paperless Billing Report, Daily Payments Received, Monthly Summary, Registration, View Scheduled Payments, PDF Monitor, and PDF History.

Custom Reporting allows the City to define and create various reports and either view immediately on screen, download to Excel, or create a scheduled report. These custom reports are 100% self-service and can be created by the City 24/7/365. InvoiceCloud offers Excel, CSV, and PDF for some specific reports.

All InvoiceCloud data can be drilled down and then exported to Excel, including daily, monthly, or date range payment activity. If the reporting or data being searched is under 1000 rows, then reporting is delivered immediately. Users can also schedule custom reports for a certain frequency and day of the month. The user can send that custom report to any number of individuals.

12. Ability to perform voids (within the same business day) and credits for credit card and ACH payment made on-line, or over the IVR.

The City can void (or cancel) any credit card or e-check transaction, including IVR payments, prior to daily settlement through the Open Batch Summary option in our Biller Portal. From the Reconciliation Tab, authorized City users can view the current credit card and EFT/ACH batches. Clicking on the magnifying glass on either lets the user view all the credit card or e-check payments pending settlement at the end of the day. The user can then void any open payments by clicking the red X.

The City can issue refunds or credits for any credit card or e-check transaction, including IVR payments, if the payment has already been transmitted to Chase Paymentech for daily settlement. InvoiceCloud transmits settlement batches daily to our payment processor, Chase Paymentech at whatever time the City designates. We recommend no later than 9 p.m. Eastern Time (ET) to ensure adequate bandwidth for Chase's full daily volume.

To refund any payment from our Biller Portal, the authorized City user selects the "Search" dropdown option from our top menu bar, and then can either search customers or payments to find the transaction. Unlike with many of our competitors, the City can refund partial amounts back to the customer using InvoiceCloud.

If searching by payment, the City user may search by customer name, account number, invoice number, biller reference, payment amount range, credit card number, credit card type, approval status, payment type, transaction source, transaction type, date range, and/or Biller Username .

City user can also find specific payments by accessing the customer's profile in the Biller Portal and finding the payment in their history. This may be more convenient if processing other manual updates for the customer at the same time, like correcting an email address or phone number. Once the user finds the customer, they then click the redhead icon to access that customer's Biller Portal profile.

Once the user finds the payment, they click the green dollar sign button to "process a new transaction"—in this case, a to issue a refund or credit. This launches our screen for processing the credit. This can include a partial amount if City allows.

13. The Consultant must provide daily batch close reports, daily management reports, ACH rejects, file processing notifications. ACH Reject Notifications, paperless customer email bounce reports, and customer request system notifications to multiple staff members via email.

Our Biller Portal includes every report named in this requirement, additionally we offer many standard and ad hoc reports with date ranges and drill down options to view details . All reports are available 24/7 through the Biller Portal. Most of the standard reports can be defined by date range, payment type or bill type criteria, in addition to criteria particular to the report (like name or email for the customer report) to produce targeted results. Our system uses open architecture and is Open DataBase Connectivity (ODBC) compliant to allow data extraction and facilitate reporting.

City can define its own reports or use our pre-configured reports, including Auto-Pay Report, Custom Reporting, Customer Conveyance, Data Synchronization History, Expiring Cards, Pay by Text Registrations, Email Change Report, Email Do Not Send List, Email Notification Summary, Email Statistics, Email Tracking, Total Outstanding Invoices, Paperless Report, Paperless Registration History Report, Paperless Bounce Report, Paperless Billing Report, Daily Payments Received, Monthly Summary, Registration, View Scheduled Payments, PDF Monitor, and PDF History.

For specialized reports, Custom Reporting allows City to define and create various reports and either view immediately on screen, download to Excel, or create a scheduled report. These custom reports are 100% self-service and can be created by the City 24/7/365. InvoiceCloud offers Excel, CSV, and PDF for some specific reports.

All InvoiceCloud data can be drilled down and then exported to Excel, including daily, monthly, or date range payment activity. If the reporting or data being searched is under 1000 rows, then reporting is delivered immediately. Users can also schedule custom reports for a certain frequency and day of the month. The user can send that custom report to any number of individuals.

14. Ability to accept payments beyond the due date when applicable with balances automatically updated daily with no intervention from City staff.

Yes, our APIs automatically update customer balances on already-issued invoices as the City makes adjustments in Harris Cayenta with no intervention by City staff. Customer also have the ability to make payments beyond Due Date with Scheduled Payments.

15. Allow multiple bills to be paid with a single transaction.

Yes, InvoiceCloud supports the ability to pay multiple bills or accounts in a single transaction. This applies to Cayenta CSS Registered Users, as well as One Time Payments for Guest Users. On the Customer Portal landing page, users can look up their bill using criteria--e.g. Account # or Service Address--configured by the biller (Figure D-). They can also view an exact PDF of their invoice, set calendar reminders, and build a shopping cart to pay for multiple invoice types.

The screenshot displays the InvoiceCloud Customer Portal interface. At the top, there are links for 'Sign In', 'Register', and 'Contact Us'. The main section is titled 'Pay or View Bills' and includes a 'Pay online with One Time Pay, no registration required.' message and a 'Pay Now' button. Below this, there are two columns: 'Fast and Easy' (No registration is required for "One Time Pay," the fastest way to pay online and confirm payment.) and 'Safe and Secure' (Your information is kept confidential, secure, and backed by the highest security standards.). A 'Please Locate Your Account' modal is overlaid on the page, featuring a search form with 'Account Number (optional)' and 'Last Name (optional)' fields, a 'Search Invoices' button, and a 'Search Results' table. The 'Search Results' table has columns for 'Select', 'Bill #', 'Account #', 'Owner', 'Due Date', 'Bill Total', and 'Balance Due'. A single result is shown for Bill # WH20-0444, Account # 999-88-7777, Owner Smith, Steven, Due Date 6/30/2018, Bill Total \$500.13, and Balance Due \$746.20. To the right of the result are links for 'View Invoice', 'Related Invoices', and 'Remind Me'. At the bottom of the modal, there are buttons for '+ Add selected invoices to your cart' and 'Register Selected Invoices'.

Figure D-35. Finding Your Bill for One-time Payment. Customers quickly find their bill using search criteria defined by the biller in accordance with your business rules.

InvoiceCloud provides a robust Shopping Cart experience: payers can add multiple invoices from multiple billing departments to their cart, even from disparate billing systems, and pay them all in a single transaction (Figure D-).

Need Help?
You may reach us at (239) 592-0711.

Figure D-37. Checkout Multiple Accounts With Shopping Cart. City customers can resolve multiple transactions from differing accounts by gathering the invoices in our Shopping Cart feature and paying them all at once.

16. Allow multiple payment types from customer for the same bill.

Yes, customers can make separate partial payments with different payment types (credit card vs ACH). InvoiceCloud automatically updates the customer's balance between transactions in real-time, so customers only see the remaining balance due after their previous payments.

17. Allow partial payments and/or over payments if selected by the City for specific bill types.

Yes, if the City chooses, InvoiceCloud can allow partial payments (Figure D-). We apply these settings for specific invoice types, requiring, for example, deposits to be paid in full, while allowing partial payments for other transactions through our true SaaS configurability. The City can request changes to accommodate new business rules at any time through our HelpDesk.

The screenshot displays the 'Payment Options' tab of the InvoiceCloud interface. The main heading is 'How would you like to pay?' with a dropdown menu currently set to 'Credit Card'. Below this is another heading, 'How much would you like to pay?'. There are two radio button options: 'Pay Full Invoice' (selected) and 'Pay Other Amount'. The 'Pay Full Invoice' option shows a total of \$208.39. The 'Pay Other Amount' option includes a text input field with the invoice number '10017962100005350' and a 'REQUIREMENTS' link, followed by a numeric input field showing '208.39'. A 'Continue to Payment Information' button is at the bottom. On the right, a 'Payment Summary' box shows the invoice number '2017962100005350' with a 'View' link, a subtotal of \$208.39, and a grand total of \$208.39. A disclaimer at the bottom of the summary states: 'Any applicable service fees and/or discounts will be calculated before processing your payment.'

Figure D-38. One-Time Payment Options. If City allows partial payments, InvoiceCloud provides a field for customers to enter an amount.

18. The administration application must include permissions management and accommodate multiple administrative levels which can be assigned to allow different functionality base on staff position requirements.

The City can limit staff access to different data and processes within the InvoiceCloud system through the permissions management function located in the Biller Portal. The functional areas within the Biller Portal are further broken down into specific tasks, which can be allowed or disallowed by user ID. The City can, for example, allow a staff member to research payments, but not allow them to perform a credit or process a payment. Each permission is applied to a user ID on an individual basis to maximize flexibility. The system administrator can allow or disallow access to functions, such as viewing data, creating reports, re-sending email notices, processing payments, credits or refunds, editing email

templates, and more. Since permissions are controlled by the City's administrator, changes can be made quickly on an as needed basis.

InvoiceCloud is also adding role-based access control (RBAC). The City can limit staff access to different data and processes within the system through role-based and permissions management functions located in the Biller Portal. The functional areas within the Biller Portal are further broken down into specific tasks, which can be allowed or disallowed by user ID. The City can, for example, allow a staff member to research payments, but not allow them to perform a credit or process a payment.

19. Password for administrative application must be at least eight characters.

InvoiceCloud's administrative application, the Biller Portal, requires a secure username and password. Passwords to access the Biller Portal must be 8 characters long and must contain one capital letter, one alphanumeric, and one special character (!,\$,?, etc.). InvoiceCloud automatically prompts registered administrators to change their password every 90 days. Our system rejects previously used passwords during any password reset, whether prompted automatically every 90 days or manually by a CSR.

20. The administration application (portal) must use multi-factor authentication; please provide information on any two factor authentication options you offer; email, txt msg, or authenticator app (preferred).

Multi-factor authentication for Biller Portal is a 2024 Roadmap item. InvoiceCloud's Product group invites the City of Roseville to participate in our upcoming product interviews to further define use cases and requirements for MFA, as well as participate in future beta groups.

21. Consultant will provide the ability for the City to create a maintenance window for a specific duration at a specified time. Describe any capability to schedule a maintenance window for a future date/time and duration, as well as the process for holding any payments in a queue to be processed/sent to the CIS, once the maintenance window is complete.

The City can set-up a Biller Maintenance Window (this is self-service from the InvoiceCloud Admin Portal). The message and times (also can be set as recurring) is controlled by you. If a source (or billing) system is down (such as Harris Cayenta), InvoiceCloud can still process payments. Our system stores the payments in a queue and posts them back to the source system once it is online again.

22. Payment history should include all types of payments made through the payment gateway.

InvoiceCloud's payment history includes all InvoiceCloud payments made through InvoiceCloud Service, and, InvoiceCloud will show Adjustments made via offline sources (e.g. paper checks or other source which City will post directly into CIS. Remember, InvoiceCloud is one SaaS platform with many configurable features and sources, not multiple- separate payment channels.

23. Describe in detail how security is handled for information shared between the Consultant and the City via email or online.

InvoiceCloud encrypts and tokenizes all PCI sensitive data so that we take full PCI responsibility for the data stored in our system. We do not share any raw, unencrypted sensitive data with City systems.

24. The Consultant must allow site visits by City personnel.

InvoiceCloud is a 100% remote solution. Our single instance, multitenant service is hosted in secure data centers provided by Microsoft Azure, which are not open for site visits. The City is welcome to visit our offices in Braintree and Marlborough, MA and Brownsville, TX, though.

25. The Consultant must provide necessary security to protect the City's data from unauthorized access. Please provide details about the security measures that are in place. Include procedures for ensuring that only authorized persons are admitted to the production floor.

InvoiceCloud's security protocols go far above and beyond what is required by the industry. We have one of the strongest—if not the strongest—security procedures in the industry. To start, we use two levels of encryption, called Double Encryption Methodology (DEM), even though only one is required by PCI. By using two separate encryption layers, in the unlikely event that a hacker ever stumbled over a valid data element, he/she would have to go through an entirely new process to find a second. Other companies encrypt files; InvoiceCloud double encrypts all data elements. Due to the public nature of RFP responses, we cannot provide full details of our encryption schemes, but we have been told by Trustwave, one of the most advanced security firms in the country, that our encryption techniques are so advanced that they should be patented.

InvoiceCloud protects the City's sensitive data and access to it through redundancy at our data center, which is hosted and managed by Microsoft Azure. Azure provides full redundancy to protect data and eliminate loss of service or downtime. Azure is SSAE 16 Type II SOC 1 and 2 certified and PCI certified as a level one service provider, which reinforces Azure's ability to provide secure services to its customers, particularly in the e-commerce sector, where the need to protect cardholder information is critical. The scope of Azure's PCI service provider accreditation covers physical security for all U.S. data centers and offices, as well as employee access to network devices. Redundancy is carefully planned for all Azure equipment using virtualization and snapshot/backup technology. InvoiceCloud also uses stateful firewalls, web application firewalls, and local anti-malware to protect our systems.

InvoiceCloud allows customers to pay any bill through one-time payments, which increases adoption of online payments. We control these one-time users' access to invoices and other data through required authentication fields in the form to locate their account (Figure D-). We will work with the City to determine which authentication fields are required.

Figure D-39. InvoiceCloud’s Landing Page with Authentication Fields. *The City can enforce access to records by defining required authentication fields versus optional ones.*

The City can also limit staff access to different data and processes within the system through the permissions management function located in the Biller Portal ([Error! Reference source not found.](#)). The functional areas within the Biller Portal are further broken down into specific tasks, which can be allowed or disallowed by user ID. City can, for example, allow a staff member to research payments, but not allow them to perform a credit or process a payment. Each permission is applied to a user ID on an individual basis to maximize flexibility. The system administrator can allow or disallow access to functions, such as viewing data, creating reports, re-sending email notices, processing payments, credits or refunds, editing email templates, and more. Since permissions are controlled by the City’s administrator, changes can be made quickly on an as needed basis.

InvoiceCloud controls access to registered customer’s data through our password policy. Before delving into our password policy, it is important to note that InvoiceCloud stores all passwords using our unique DEM. In fact, a 3rd party security auditor recommended we apply for a patent after seeing it, remarking “I’ve never seen anything stronger.”

For City staff, InvoiceCloud’s administrative portal, the Biller Portal, requires a secure username and password. Passwords to access the Biller Portal must be 8 characters long and must contain one capital letter, one alpha numeric, and one special character (!,\$,?, etc.). InvoiceCloud automatically prompts registered administrators to change their password every 90 days. Our system rejects previously used passwords during any password reset, whether prompted automatically every 90 days or manually by a CSR.

Once a customer elects to register with InvoiceCloud (which is not required to make a payment), they are immediately prompted to setup a password. While InvoiceCloud provides information concerning

the creation of strong passwords, the only limitation for registration is that the password must be at least 5 characters long.

26.CSR's will have access to an email control console to 1) see a history of sent emails or text messages and 2) allow manual resend of any sent email or text message.

The City can review the history of emails sent to a customer through their Biller Portal profile. The City can separately review Pay by Text history through the Pay by Text tab in the customer's Biller Portal profile. The City can resend email and Pay by Text notifications on demand from the customer's bill history tab. The customer then follows our URL to self-service pay their bill by entering their own credit, debt, ACH, or digital wallet (e.g., Apple Pay, PayPal). This shows the customer how easy it is to pay online and presents the option to enroll in AutoPay and Paperless at the same time.

27.CSR's must be able to lookup a customer by at least: first name, last name, account number, login ID, email address.

In the Search drop-down, the user can search, view, and edit customer profiles. This allows City staff to log in as that customer (e.g., during a phone call) to edit their profile or verify payment information, including:

- Any stored payment account information (account numbers are truncated, staff cannot get full credit card or bank account numbers).
- 24 rolling months of all payment history and e-bills.
- Paperless settings / Pay by Text setting.
- Auto-pay settings / Create a new autopay on customer behalf.
- E-mail address on file and all e-mail history (including click through status).
- Linked accounts, if any.
- Customer Activity (Customer Portal login information).
- Customer Options (block a customer from using credit card).

From this page, a user can login as the customer with one click and have the same experience the customer does. The user can view all payment and billing history for that payer ([Error! Reference source not found.](#)). Clicking on the credit cards tab displays the card data on file that the customer used to pay with (middle 8 digits hashed out for security purposes).

28.CSR's can change a billing message on the main page of the payment gateway.

Yes, CSRs can change messaging in several areas on the virtual site. We also offer custom messaging with the option to include graphics, URLs, colors and various sizes. There is a main page Welcome Message, Contact Info/Right Column, Custom Messages throughout the payment flows, and finally custom messaging in each of our 30+ Email Templates. Message changes are submitted via HelpDesk ticket or with your assigned CSM.

29. Payment site must be optimized for desktop, tablet and mobile devices (responsive design).

InvoiceCloud designed our Customer Portal to be **mobile responsive**, meaning it changes based on the size of screen it loads on to be readable and maintain all user functionality. This “Mobile First” mentality provides the same presentment and payment experience on mobile screens (e.g., tablets and smartphones) as on desktop screens (Figure D-). By using Bootstrap, a standard CSS framework, InvoiceCloud automatically shifts the display to hide/add sections based on the display size as well as when the display size is resized.

Figure D-40. InvoiceCloud's Mobile Responsive Site Design. Customers can find any type of bill the City allows online payment for in one convenient location.

Once in our mobile responsive site, we provide the most robust one-time payment system in the industry. Registered and unregistered customers can fill a shopping cart with related payments and pay in three or fewer steps, during which we provide multiple opportunities and incentives to register, link a phone number or email address to their accounts for text and email notifications, go paperless, or enroll in AutoPay.

30. Browser compatibility: Chrome, Safari, Android, Firefox, and Edge.

InvoiceCloud's Customer Portal is device-, operating system-, and browser-agnostic, working on virtually any device using Google Chrome, Apple Safari, Mozilla Firefox, or Microsoft Edge browsers updated to include TLS 1.2 or higher encryption.

31. OS compatibility: Windows, Mac and Linux.

InvoiceCloud's Customer Portal is compliant with Windows, Mac, and Linux operating systems, provided that users access our service through a web browser with TLS 1.2 or higher encryption capability.

32.No pop-up windows in the payment process.

InvoiceCloud does not employ pop-up windows in the payment process. All functions occur in the browser window.

33.Single sign-on from the City's customer self-service site for customers.

InvoiceCloud integrates with Harris Cayenta's Customer Self-Service (CSS) portal, using a secure single sign-on (SSO) method. With one login, customers can access CSS and make payments through our solution (Figure D-). This helps the City improve adoption of e-payments by customers who have an established CSS account. InvoiceCloud supports more than 300 different clients with SSO integrations with various front-end CSS and portals, from custom portal solutions to off the shelf applications. Today, CSS includes several easy ways for customers to access InvoiceCloud, using re-directed links as displayed below.

Figure D-41. Example of SSO with InvoiceCloud. SSO automatically logs customers into both the CSS and InvoiceCloud, and is PCI Level 1-compliant.

InvoiceCloud can also embed our EBPP into utility portals—including Harris Cayenta /Silverblaze's new Customer Engagement Portal (CEP), Accelerated Innovations MyMeter, VertexOne VXsmart and VXengage, and many others, using iframes. An iframe is an HTML element that allows an external web page to be embedded in an HTML document. Unlike traditional frames, which are used to create the structure of a webpage, iframes can be inserted anywhere within a webpage. Most utilities want to match the existing look-and-feel of their website/portal and only InvoiceCloud supports this capability.

InvoiceCloud works with City to customize the complete look-and-feel of our SSO-embedded iframes (Figure D-). By clicking on an action tab, like Pay My Bill, Auto Pay, or Paperless Bills, InvoiceCloud simply opens in an iframe, or in a separate dialog box directly from Harris Cayenta CEP. This means no more second tab experiences and, from the customer's perspective, it appears to be the same CEP product. We can edit our iframes and APIs to provide a seamless look-and-feel, match the City's branding, and make the payment process easier for customers.

Figure D-42. InvoiceCloud's iframe-embedded SSO integration in development with CEP (Silverblaze). SSO automatically logs customers into both City's portal and InvoiceCloud, creating a seamless and secure payment experience.

34. Customers can pay for multiple accounts with a single check-out.

Yes, as previously described in question 15, InvoiceCloud supports the ability to pay multiple bills or accounts with a single check-out. This applies to Cayenta CSS Registered Users, as well as One Time Payments outside of the login.

35. Customer one-time payment with 1) account number, 2) email address only.

InvoiceCloud can allow a customer one time payment with Account and Email only, however best practice around customer privacy recommends Account Number and a 2nd unique field, such as Name, Zip Code, or Address. The City's one time pay today is configured for Account Number and Last Name (Figure D-). We will work with the City to determine which authentication fields are optimal going forward, and if changes are made they will be done with no Cost to the City.

Figure D-43. InvoiceCloud's Landing Page with Authentication Fields. *The City can enforce access to records by defining required authentication fields versus optional ones.*

36. Users can request a password reset: email is sent with a temporary password. Customer will create a new password on first login.

InvoiceCloud's native portal supports self-service password reset, with an email link. Because the City is using CSS as the front end portal, CSS has ownership over Registration and Password re-set functions. All passwords are stored with InvoiceCloud, which keeps the PCI compliance with InvoiceCloud. However, these customer functions are currently managed by CSS. In the future if City selects a new CSS partner through its RFP, Registration and Password Re-set will continue to be functions of that site, with InvoiceCloud supporting via APIs behind the scenes.

37. Customers can store payment information in the gateway for recurring use.

Customers can add or update an unlimited number of credit, debit, digital wallet, and bank accounts, including Apple Pay and Google Pay, to pay their bills by saving payment methods in our registered SSO experience (Figure D-). This is 100% self-service, requiring no City staff to assist. Once customers enter payment methods and set a default account, they can pay faster in the future, skipping steps in the payment process. For example, during the registered payment process, the customer skips the Payment Information screen and is taken directly to review their payment and decide whether to submit or edit it. If they receive an SMS text notification of an open invoice, they can pay simply by replying "Pay" to the text.

Figure D-44. Updating Payment Methods. Customers can save any number of payment methods, including Apple Pay and Google Pay, they want.

38.CAPTCHA security codes must be easy to read and must meet accessibility requirements.

InvoiceCloud removes friction from the payment process by using Google's reCAPTCHA v2, which only presents a CAPTCHA challenge when presented with an unfamiliar user or IP address. Google's reCAPTCHA v2 includes a continuously learning algorithm that determines whether the user is a human or machine. Suspicious user activity prompts a CAPTCHA challenge. Known users (humans) with non-suspicious activity may proceed without being constantly challenged. The system logs users by their IP addresses. In the event that a user is submitted to a CAPTCHA challenge, the security codes are easy to read and meet accessibility requirements.

39.Payment gateway must be Web Content Accessibility Guidelines (WCAG) 2.0 compliant.

As a true SaaS platform, InvoiceCloud works on any device, mobile or otherwise, with any internet browser and connection through our mobile responsive web design. We use live text, as opposed to icons and images, as much as possible, which can be read out loud, translated, etc. using most major browsers' specialized accessibility and translation extensions and tools (e.g., Google Translate in Chrome).

InvoiceCloud is committed to making its web sites accessible to the widest possible audience, including individuals with disabilities. We designed and continue to update our front-facing platform to comply with Section 508 of the Rehabilitation Act. We update our site in accordance to recommendations from our third-party accessibility assessor, Level Access. Founded in 1997 by engineers with disabilities, Level Access has been in the accessibility business since before Section 508 and the WCAG existed. Level Access evaluates us on the following criteria:

- **Readability.** We selected fonts that make our content easy to read and understand. We define our text using relative units so that users can change the font size or color using their web browser. We use color as a design element, not to describe or present information.
- **Structure.** We design clear, well-structured content using style sheets that do not interfere with user-defined style sheets. Our site is semantically correct, strictly dividing content and layout. This ensures that our content remains readable in all browsers. We code all tables according to the rules of the markup language used to create tables and include appropriate table tags. We keep our flicker rate within acceptable frequency standards (between 2 Hz and 55 Hz).
- **Images and Media.** Whenever possible, we use live text instead of graphics. We describe all images with the ALT tag if they contain text. If used, we accompany any Flash content, multimedia, image maps, applets, and plug-ins with a text description of the media if it contains useful information.
- **Navigation.** Ease of use and navigation is our top design priority. We construct electronic forms that associate all input fields with descriptive text, making it easier for screen readers to assist users. Users can skip repetitive navigation links to simplify site use. When we require a timed response, we prompt the user and give them sufficient time to indicate when additional time is needed to complete a task.

We have attempted specifically to comply with Section 508 referring to website accessibility standards, and all information should be accessible via screen readers and other accessibility tools. If users have difficulty accessing information on this site, they can report the nature of their accessibility problem, the Web address of the requested information, and contact information via email at support@invoicecloud.com.

40. Easy transition (single link) from the customer self-service site to the gateway and back.

Yes, as described in requirement 33 "Single sign-on from the City's customer self-service site for customers." We offer several options for partners and clients to access the InvoiceCloud customer portal pages. Today, CSS easily directs Payers to our site via re-directs, which can be configured by CSS partner for the same browser window or new browser window. Alternatively, and our preferred method, the CSS portal partner can embed InvoiceCloud using iFrames for a more seamless online Customer Payment Experience.

41. City staff must be able to use City artwork to create a customized interface that mimics the city website.

The City can apply its own artwork to self-service change the logo on our Customer Portal, invoices, and email notifications. The City can also edit numerous event-driven email templates with City artwork, including first, second, and third open invoice notifications; expiring credit/debit card alerts; upcoming AutoPay and Scheduled Payment reminders. Any modification made to our Customer Portal changes the branding on any device, whether a standard computer screen, tablet, or smartphone.

The City also has access to InvoiceCloud's Marketing Team to further customize the look and feel to our the landing page used for One-time Payments, including the banner image, button colors, and custom content below those buttons (Figure D-). Custom content can include text in any or multiple languages, City artwork, and links.

Figure D-45. InvoiceCloud Landing Page Customization Options. The City can set the look and feel of its InvoiceCloud One-time Payment Landing Page.

The following is an example that our Marketing Team helped with (Figure D-).

Add your own marketing banners to the IC's virtual payment site to receive maximum visibility.

You can add more than one banner/image in this section.

USE FLEETALL CERTIFICATION CODE: **B64888**

NISSAN LEAF BENEFITS:

- Up to 157-mile range; 30 kWh battery*
- No gasoline, no oil changes
- 8 year/100K mile (whichever occurs first) limited battery warranty*

As part of our efforts to accelerate clean transportation alternatives in Massachusetts, SELCO is making customers aware of a special offer from Nissan North America. SELCO employees and customers are eligible to receive a special rebate on the purchase of a new 2017 Nissan LEAF electric vehicle.

Simply show proof of employment with SELCO or your SELCO utility bill, with a copy of this flyer to your participating Nissan dealership and receive a \$10,000 rebate (off MSRP) on a new 2017 Nissan LEAF!

This limited time offer expires September 1, 2017 or while supplies last (whichever occurs first), and cannot be combined with any other Nissan special lease, APR or rebate.

See your local participating Massachusetts Nissan Dealer for complete details at: www.nissanusa.com/nissandealers/localusa

The banner/image can also be hyperlinked out to another webpage if needed.

If more than one banner/image, each one can have its own hyperlink.

The hyperlink can be made to open a new browser window or a tab within the existing window.

Figure D-46. Custom Offers in Customer Portal for Other City Initiatives. The City can increase customer awareness of other initiatives by developing custom ads with InvoiceCloud's professional marketing team.

42.Payment system must utilize HTTPS and redirect to HTTPS if HTTP is chosen.

InvoiceCloud does not host or send any PCI-sensitive data through the City's servers. Customers enter their payment information directly into our platform and have the option to store it on our PCI Level 1 secure servers if they register. InvoiceCloud double-encrypts all data in transit and at rest through 256-bit or better TLS, 2048-bit SSL, and 256-bit AES directly to our payment processor, Chase Paymentech.

All connections to InvoiceCloud are over https/tls to encrypt all sensitive customer data. Customers can easily see that our Customer Portal is secure by its URL beginning with “https://” and the lock symbol in their browser, which indicates that we are third-party verified as holding a valid SSL Certificate (Figure D-).

Figure D-47. InvoiceCloud's Customer Page Encryption and Branding. *Customers can easily see that InvoiceCloud is secure, check its credentials (which are third-party verified), and a legitimate part of City services.*

43. Allow customers to schedule payments, enroll in automatic payments, elect paperless billing and elect for pay-by-text and text message notifications using online self-service all within the same payment system.

On average, InvoiceCloud clients **increase electronic payment adoption by 59% and paperless billing by 104% in our first 12 months of service.** We accomplish this by making paperless billing, as well as AutoPay and Pay by Text, enrollment a 100% electronic, self-service process for both registered and

one-time customers in all of our engagement points of our payment system, requiring virtually no action by City staff (Figure D-).

Figure D-48. Enrolling in Pay by Text, AutoPay, and Paperless Without Leaving the Payment Process. Customers can enroll mid-payment process, at the very end, and from their confirmation email.

InvoiceCloud also eases customers into paperless billing by requiring an email address with every payment, providing email bill reminders while still mailing paper bills. This helps customers learn to use e-bill reminders, and many choose for themselves to "save a few trees" when they see how much easier it is to pay from that notice than to maintain a paper bill bin.

Customers can elect to go paperless in lieu of receiving a printed and mailed paper bill, saving the City time and money. We can limit this to only bill types permitted by statute and the City's business rules through true SaaS configurability. We also take extraordinary, yet automated steps to protect customers from missing bills due to data entry errors or email changes. This round-trip, self-service process starts with the customer electing to go paperless either during the payment process (including non-registered customers) or through our SSO Customer Portal (Figure D-). Once enrollment is complete, we automatically update both your bill printer and CIS through batch files.

Paperless

Going Paperless saves time and money by eliminating the need for paper printing and mailing of invoices and payments. [Need help with this feature?](#)

Account #	Type	 	Status
999-88-7777	Water	☒ Yes ☐ No	Paperless

☒ Save my changes

Figure D-49. Changing Paperless Options per Invoice Type in the Customer Portal. Registered customers can dictate exactly which bills to go paperless and which ones they still need paper copies of.

Non-registered customers can opt into paperless billing, as well as Pay-by-Text, during the third and final step on one-time payment, when they review and process it (Figure D-). Prompting the customer to sign up for paperless and Pay-by-Text each time customer makes a one-time payment (approximately 40% of annual payments through IC) helps increase participation and, ultimately, save our billers money.

Figure D-50. Higher e-Adoption by Providing More Options for One-time Payers. One-time payers can forgo traditional registration while opting into paperless billing and AutoPay, by email or text.

The customer starts receiving paperless invoices by email for their very next bill and can opt back into receiving paper bills at any time through their Customer Portal Profile. After enrollment in paperless billing, InvoiceCloud automatically suppresses paper bills *without requiring action on the City's*

part. As part of our seamless integration, InvoiceCloud can automatically flag accounts as paperless in the City's billing system. We also automatically provide an updated list of the City's paperless customers to its bill printer, expediting the process to save money by printing and mailing fewer bills.

To ensure that customers do not miss a payment due to data entry errors or email address changes, InvoiceCloud automatically re-registers customers for paper bills if their first of three bill notification emails bounce. This provides more than enough time to avoid a late fee and, again, *requires no action whatsoever on the City's part.*

44. Confirmation of scheduled or cancelled payments, paperless registration or cancellation, automatic payment registration or cancellation, and pay-by-text registration or cancellation, must be displayed online at conclusion of the request and customer must receive email or text confirmation of changes within 2 minutes of completion.

Yes, customers receive confirmation of enrollment changes both on-screen at the end of the process and in email within 2 minutes of completion.

45. Payment confirmation must be displayed online at conclusion of payment transaction and allow for a printable receipt, and customers must also receive a "Thank you for your payment" email confirmation or text message within 2 minutes of authorization.

Yes, at the end of every transaction, InvoiceCloud displays a confirmation page that includes a "Thank You" message, as well as a transaction date, amount paid, a unique confirmation number, and a notice to the customer to print out and retain the confirmation page as a receipt (Figure D-). We require an email address for every online transaction so that we can also email this confirmation to the customer in case they close their browser window before downloading their receipt. The customer should receive this email within two minutes of seeing the Payment Confirmation screen in our Customer Portal. If the customer pays by text, they receive a confirmation with a link to their receipt in their text messages.

Figure D-51. Confirmation Screen and Receipt. *The customer receives confirmation of payment at the end of our payment process and a receipt.*

46. Service should notify customers to update their credit card information 60 days prior to their credit card expiration date and again at 30 days prior to expiration if the customer has not updated the information.

Yes, InvoiceCloud sends two credit card expiration reminders by email at 60 and then 30 days from expiration date. The City can modify these templates to include special messages and instructions.

47. Payment gateway should be available in English and Spanish.

As a true SaaS platform, InvoiceCloud works on any device, mobile or otherwise, with any internet browser and connection through our mobile responsive web design. We designed our page to work with any browser's accessibility tools required by users who do not speak English fluently or have a disability (Figure D-).

We use live text (as opposed to icons and images) as much as possible, which can be read out loud, translated, etc. using most major browsers' specialized accessibility and translation extensions and tools (e.g., Google Translate in Chrome or our own future tool). We also avoid putting too many search options behind drop-down menus and pop-ups that are often inaccessible to translation plugins and other tools. To facilitate clear translation in any language, we use simple, concise language for all field definitions in our forms, writing at a fourth-grade reading level or lower. We avoid using any English language idioms, contractions, or other "untranslatable" terms.

Figure D-52. InvoiceCloud's Compatibility with Native Browser Translation Tools. City customers can translate our live text-optimized website using browser tools like Google Translate.

48. City staff will receive email notifications if there are any disabled/incorrect email addresses used in the delivery of bills or emails.

Yes. InvoiceCloud also collects data on successful message delivery, which is available in our Biller Portal reporting. Should a paperless customer's email bounce back as undeliverable, we automatically place the customer back in the bill print file. We also notify City of the bounce by email and maintain real-time reporting on all bounced paperless messages in our Biller Portal's Paperless Bounce report.

49. Link in the notification email brings customer directly to the payment page on the site after login.

Yes and no other RFP respondent offers this level of tokenized email links. At InvoiceCloud, we analyze the most frequent customer touchpoints and design our application to remove the most friction in each. Without InvoiceCloud's tokenized links, your customers would be required to log in to their profile each and every time they want to make a payment. If the Payer can't remember their password or doesn't

have it saved – you have just created a point of friction. The Payer is equally likely to abandon the payment, or call into Customer Service for help.

InvoiceCloud emails contain links with authenticating data to go directly to their payment route using tokenization. They can choose 1) View Invoice or Pay Now, which takes users to the payment in our Shopping Cart or 2) OneClickPay, which skips the invoice search and shopping cart altogether and takes customers to the third and final payment step (Figure D-).

Figure D-53. Direct View Invoice or Pay Now Link from Email Notification to the InvoiceCloud Shopping Cart.

Clicking the "View or Invoice Pay Now" button from an authorized email address authenticates customers, allowing them to either start the payment process or add additional invoices to their payment in their device's web browser.

Like Amazon 1-Click, OneClickPay makes the payment process quicker and easier by taking the customer to the final payment screen with default payment method already selected. This quick and simple payment experience is expected by your customers in all modern platforms.

50.Ability for City staff to setup numerous email and text message notifications, such as upcoming payment due (bill ready to pay), invoice payment receipt, upcoming auto payment, failed auto payment, failed scheduled payments, registration confirmation, auto payment registration, paperless registration, late fee invoice notice, ACH rejects credit card expiration, scheduled payment reminder, auto-payment reminder, flex-pay schedule and customer registration.

InvoiceCloud's intelligent communications engine offers the City more automated email templates than any other RFP respondent. This is the backbone of our adoption engine, and a primary means for helping your customers to remember to pay bills on time.

InvoiceCloud offers more than 30 EBPP event-driven emails based on the customer's real-time account status and invoice balance from Harris Cayenta, InvoiceCloud enrollments, and payment status, including all email message notifications sent above. The City can self-service customize these templates, which InvoiceCloud sends automatically if, for example, a customer's payment was rejected, but there's still time to pay with other means. We also send up to three notifications per bill, depending on when the customer pays, and always with their latest balance if they already paid a partial amount. The City can send text notifications of new open invoices, and customers with a stored payment method can pay that bill with a text reply.

InvoiceCloud also provides our optional Outbound Campaigns feature, which expands beyond our standard EBPP email and text notifications to allow the City to design automated IVR calls, emails, and text messages to subsets of your customer base. Unlike our standard EBPP notifications, which send based on the customer's account status and balance, Outbound Campaigns lets the choose to leverage our communications engine in strategic ways beyond billing and payments. The can send custom voice, email, and text alerts about emergencies, changing office hours, impending shutoffs, and more to all or portions of your customer base. We provide robust customization and scheduling options for all communication options, as well as reporting on how many customers each channel reached (Figure D-). The City can create and save target user groups, and customers can opt out of these notifications without affecting their paperless or Pay by Text enrollments.

Scheduling a Voice Campaign

The following scheduling information will be used to calculate and display the title of your voice broadcast. Depending on the "Schedule Type" you choose, in conjunction with the selected date/time combinations, it may not be possible to schedule all calls desired. We also support multiple simultaneous calls.

1. Audio Dialog | 2. Contact Group | 3. Schedule

Audio Dialog Options

Type of Live Answer Message: Upload a WAV File

Description: Message Name:

Prompt: No file chosen
Required WAV Format: PCM, 300Hz, 16Bit, Mono

Transfer Option: No Transfer
When offered to callers, transfer option is always 1 on the numeric keypad. Please ensure the verbiage in your message accounts for this.

Opt-out Option: No Opt-out
When offered to callers, opt-out option is always 9 on the numeric keypad. Please ensure the verbiage in your message accounts for this.

Different Machine Answer Message: ☐

Figure D-54. Schedule Outbound Voice Campaign. The City can create and customize Outbound Voice Campaigns with advanced settings like, in emergencies, overriding customer opt-outs or including a transfer out option, like to Selectron's IVR system to pay their late bill.

51. Email notifications must be customizable and allow targeted messages with links to inserts, banners or news announcements. The service must accommodate different email notification messages for each bill type.

Email notifications are customized using our Biller Portal's Email Management tool with built-in MS Word-style editor (Figure D-). The email templates are separated by invoice type, so different messages can be assigned to Residential vs Commercial. All notifications are template driven so that the City can customize the messaging on the notification and use them, if desired, to alert customers to current or pending events or due dates. In addition, templates are invoice based, so City can use different information in the email messaging on an invoice-by-invoice basis. We provide both Word and HTML views, plus the ability to insert variable fields (such as Invoice Due Date) into the body of the email, add graphics or website links, and send test emails prior to saving changes in the system.

Figure D-55. InvoiceCloud's Unmatched Email Management Tool. No other EBPP provider provides this level of control over the content and branding of its email engine.

Additionally, concise reporting is available in the Biller Portal regarding the status of customer email notifications, including whether the customer opened and clicked the email to view/pay the electronic bill. The templates also include a test function. Test emails for all template types can be sent to any email address. Targeted messages with links to inserts, banners, or news announcements can be added to most email templates.

52. Ability to process transactions automatically each night through the auto-close process.

InvoiceCloud settles funds automatically through our seamless integration with Chase Paymentech. We then also automatically update the City's Harris Cayenta CIS in real-time, requiring no manual reconciliation by the City to confirm settlement. The City can then view all transactions by settlement status in our Open Batch and Settled Batch reports, which are available in the Biller Portal, no external reports needed.

InvoiceCloud automatically submits daily payment batches—one for credit and debit cards and another for ACH—to our payment processor, Chase Paymentech at City's preferred cutoff time. (We recommend no later than 6pm PST to meet Paymentech's 7pm deadline.) Chase Paymentech then settles payments in either one or two business days, depending on the City's preferred deposit method. Chase offers ACH deposits as standard, which take two business days to settle, and wire, which settle the next business day. Please note that wire deposits require approval at merchant account enrollment from their Risk Department.

53. Provide audit trails to track customer/CSR/administrative activities including registration and termination of autopay, paperless, and pay-by-text, edits to payment methods, successful and failed authentications, impersonate customer account. Also, capability to download or forward (preferred) this audit trail on an standard syslog format that can be ingested by a SIEM (Security Information and Event Management System). All audit trails must not contain any sensitive information (passwords, PII, PCI).

InvoiceCloud maintains audit trails and can provide these to the City on request. Application logs control information on all batches of e-bills, payments, logins, and user activity and email notifications. Audit trails are available to track taxpayer/CSR/administrative activities. Transactions, inquiries, and selections in the InvoiceCloud service are date and time stamped to provide complete control and accountability. Audit logs are kept for one year and systematically reviewed using automated alerts with manual verification.

InvoiceCloud also provides audit trails at the customer account-level in our Biller Portal, allowing the City to review all action taken on an account by an user, including payers, InvoiceCloud staff, and City staff.

54. Real-time integration with utility billing software and customer self-service.

InvoiceCloud utilizes our real-time integration with Cayenta Utilities as well as our Data Pump feature to automatically process payment data and update your CIS as customers complete payments. The City receives more reliable data in real-time through InvoiceCloud and Harris Cayenta's jointly-built integration. We are Cayenta's preferred EBPP partner, leveraging the best parts of both systems to efficiently automate processes, share data in real-time, synchronize how that data displays for 26 and counting clients, and integrate quickly with no risk of delays for City. Our platform always reflects the

latest data in your Cayenta software via a deep integration, reducing administrative work for staff and sending intelligent communications to drive customer self-service (Figure D-). InvoiceCloud and Cayenta meet at least monthly to review our clients and platforms, ensuring that any new updates to either our platform or theirs result in no interruptions in service and the highest ROI for City.

Figure D-56. InvoiceCloud's Real-Time Integration with Cayenta Utilities. *The City's CIS system is updated in real-time as customers complete payments.*

Harris Cayenta and InvoiceCloud share data in real-time through jointly-developed APIs. We receive and refresh billing data from Cogsdale using our Real Time Data Refresh (RTDR) APIs and returns payments, paperless, and AutoPay enrollment flags using our Data Pump, a proprietary electronic handshake that delivers 100% data integrity. This synchronization eliminates double payments between payment and batch transmission as well as all manual processes to track enrollment in various payment processes like AutoPay and Paperless billing. This means a simpler payment process for both City staff and customers. InvoiceCloud then uses this data across our entire omnichannel presentment and payment customer experience, including our iFrames in AI MyMeter.

55. Real-time integration with IVR payment systems.

InvoiceCloud supports the City's IVR partner, Selectron, with real time authentication and processing of all IVR channel payments. All IVR payments are visible in the Biller Portal, posted to Cayenta CIS via our Data Pump, and included in the transaction reporting and reconciliation management tools. InvoiceCloud proposes to continue using the Selectron IVR system with our APIs for processing.

56. Persistent payment confirmation: payments are not dropped because of temporary network outages and are transmitted to utility billing system after outage is over until confirmation from CIS is received.

During a network outage or any other time the CIS is unavailable, InvoiceCloud maintains a backlog of payments until our system confirms reconnection and successful data transfer with the CIS.

InvoiceCloud's proprietary Data Pump and RTDR tools use handshake methodology to hold all transactions as pending until we receive acknowledgement from Harris Cayenta of the received transaction. This ensures that no transactions get lost in cyberspace (a common complaint with our competitors). The City can review Data Pump history in the Biller Portal to review time of payment and when its CIS acknowledged and received it.

57. Customer payment portal must be customizable to match the city website look and feel.

InvoiceCloud supports several methods to tailor the skinning and branding of the system for the City. There are some areas of our Customer Portal that the City can self-service change from our Biller Portal, like the logo on our Customer Portal, invoices, and email notifications. The City can also edit numerous event-driven email templates, including first, second, and third open invoice notifications; expiring credit/debit card alerts; upcoming AutoPay and Scheduled Payment reminders. Any modification made to our Customer Portal changes the branding on any device, whether a standard computer screen, tablet, or smartphone.

The City also has access to InvoiceCloud's Marketing Team to further customize the look and feel to our the landing page used for One-time Payments, including the banner image, button colors, and custom content below those buttons (Figure D-). Custom content can include text in any or multiple languages, images, and links.

Figure D-57. InvoiceCloud Landing Page Customization Options. The City can set the look and feel of its InvoiceCloud One-time Payment Landing Page.

The following is an example that our Marketing Team helped with (Figure D-).

If more than one banner/image, each one can have its own hyperlink.

The hyperlink can be made to open a new browser window or a tab within the existing window.

Figure D-58. Custom Offers in Customer Portal for Other City Initiatives. The City can increase customer awareness of other initiatives by developing custom ads with InvoiceCloud's professional marketing team.

58.Reports must have export to CSV, XLS and/or XLSX.

All InvoiceCloud data can be drilled down and then exported to Excel, including daily, monthly, or date range payment activity. If the reporting or data being searched is under 1000 rows, then reporting is

delivered immediately. Users can also schedule custom reports for a certain frequency and day of the month. The user can send that custom report to any number of individuals.

59. Provide means in which city staff can authenticate into a secure administration application to create reports and/or excel spreadsheets showing daily, monthly, or date range activity for payments, scheduled payments, upcoming auto-payments, registrations, paperless sign ups, auto-pay enrollments, pay-by-text enrollments, and ACH/EFT rejects.

City staff can authenticate into InvoiceCloud's Biller Portal to create all listed reports and export results to Excel. The City can define its own reports or use our pre-configured reports, including Auto-Pay Report, Custom Reporting, Customer Conveyance, Data Synchronization History, Expiring Cards, Pay by Text Registrations, Email Change Report, Email Do Not Send List, Email Notification Summary, Email Statistics, Email Tracking, Total Outstanding Invoices, Paperless Report, Paperless Registration History Report, Paperless Bounce Report, Paperless Billing Report, Daily Payments Received, Monthly Summary, Registration, View Scheduled Payments, PDF Monitor, and PDF History.

60. Ability to provide daily and monthly Summary and Detail Analysis Reporting of customer payments activity.

InvoiceCloud provides both daily and monthly summary reports of customer payments.

We provide a full toolset of detailed views into payments, including our Open and Settled Batch Reports, Payment Reconciliation feature, and Search Payments results. For example: the City can search all payments by account number, date range and confirmation number using our Biller Portal's Search function. Each search function provides the user with advanced drill down criteria to highlight specific items/trends/issues they desire (such as customer name, account number, invoice number, date, amount, card type, etc.). Our payment search results provide full drilldown into each payment, including bank information and, if declined, a reason code. Additionally, once the search has been submitted, the user can easily extract/download their findings to Excel for further investigation.

InvoiceCloud also offers custom reports for automated delivery to as many email addresses as needed for Payment Details from Yesterday and Payments from Last Month ([Error! Reference source not found.](#)). These reports are emailed as Excel-compliant .CSV files for ease of filtering, sorting, and importing into other solutions.

61. Ability to provide reconciliation reporting for daily deposits and batches, segmented by bill type.

InvoiceCloud processes credit/debit card and ACH payments as daily, automated settlement batches through Chase Paymentech. Chase Paymentech works with the issuing bank to process the payment, and then deposits the City's revenue to your designated bank account(s). InvoiceCloud offers a variety of reconciliation reports and tools, where we provide bank Deposit Summaries and drill down into the

specifics for all of your deposits and credits. The goal of our detailed reconciliation tools is to reduce your staff time spent on reconciliation.

Among these reconciliation tools is the **Payment Reconciliation** feature, which allows our clients to drill down into the bank account level details of each deposit and the payments that make up that sum total. Payment Reconciliation report was designed for and with a beta group of clients, looking for a single report that would show not only deposits but any ACH Rejects, Chargebacks and all of the Online Bank Direct sources (Fiserv and MasterCard RPPS), in order to simplify the daily task of managing deposits. Our clients find this to be the most comprehensive reconciliation report they have experienced, and we have received five-star client reviews about this tool. Clicking on these totals will present the user with the utility account details of each deposit. InvoiceCloud can also show any debit that was either netted out from the day's total activity or debited separately from the biller's deposit account. This total also offers a drill down option. Throughout the Biller Portal, users will find popup links to mini training "overviews" designed by our product team, which are helpful reminders especially as your staff is learning all of the benefits of this new system.

62.Fees incurred by City are separate from revenue collected by the City on all financial reports.

InvoiceCloud processes our fees as entirely separate line items from City revenue in our transactions and in reporting. We do not commingle the City's funds with ours or those of other clients.

63.Consultant can transition of City's customers currently signed up for automatic recurring payments to their system, supplying the proper layout and relevant information that is needed for the conversion, should the City decide to do so.

The City retains all current AutoPay and recurring scheduled payments enrollments through InvoiceCloud, requiring no transition and avoiding disruption to business operations.

64.No additional costs for updates, upgrades, or enhancements to the system.

InvoiceCloud is the only Harris Diamond partner that has been a Cloud-native, Software-as-a-Service EBPP platform from day 1. All of our clients, including City of Roseville are on the same up-to-date version, and receive no additional costs for updates, upgrades or enhancements to the system. Other companies may propose to deliver a SaaS gateway for the City of Roseville, but that is not the same as having your entire client base (InvoiceCloud has 3,000 clients) ALL on the same single instance multi-tenant SaaS platform.

We have enhanced InvoiceCloud more than 60 times since go-live without financial or IT burdens to the City .

65. The Consultant must notify the City of all updates, upgrades or enhancements via email.

InvoiceCloud publishes our Product Release schedule online in our Biller Portal for the entire calendar year, and we send reminders via email and our monthly newsletter, Cloudburst.

66. Training must be provided to instruct City staff how to use the system and ongoing training must be available.

InvoiceCloud offers the most extensive training library of any competing platform, complete with short pre-recorded videos which are maintained and frequently added to, and the option to enroll in LIVE training with our specialists any time during the life of our partnership. Training resources do not end with our go live, they are ongoing and available as much or little as needed by each client.

All InvoiceCloud training is available in live weekly training online through our GoToTraining portal. We also provide self-paced recorded training on demand in our 24/7/365 Biller Portal. InvoiceCloud provides all training through web-hosted events, at no cost to the City. During implementation, we host joint Customer Portal and Biller Portal training sessions for City administrators and users, which any number of City departments and personnel can attend. We guide City staff through the entire system using training documentation, live sessions, and access to self-paced eLearning modules. We provide this training with a qualified instructor in a virtual classroom using GoToTraining technology. Should the City require tailored training, we can develop specific content per your needs, which requires only a HelpDesk request.

After implementation, any City team members can enroll in subject-specific refresher courses at no cost. We divide our training into rotating weekly courses specific to certain products that the City can choose to opt into via the Biller Portal, where we also provide a library of self-paced e-learning modules, including:

- **The Consumer Experience:** Provides an overview of the InvoiceCloud system from the City's customers' perspective.
- **The Biller Experience:** Provides an overview of the InvoiceCloud system from the City staff's perspective, including record inquiry and similar routine operations, routine and ad hoc report generation, and interfacing with other systems and programs.
- **Reconciliation Training:** Provides a deeper dive for City accounting staff into record inquiry and similar routine operations, routine and ad hoc report generation, year-end and other periodic processing, and interfacing with other systems and programs related to City accounting records.
- **Biller-Specific Training:** Your Implementation Project Manager will schedule and record any unique or tailored training on InvoiceCloud products selected by the County, such as POS devices, Cloud Payments, and Cloud Store.

This course-based approach allows us to keep the classes relevant to the audience and comprehensive. It also allows any of our clients to assign refresher courses or training for new or promoted employees without special and costly accommodations.

Because all standard training is done remotely, training can be done over several days and multiple sessions, rather than intensive one-day training. It is more effective for staff to access more advanced knowledge of the service as the need arise. After implementation, we offer access to live training to the City as well as frequent New Product Training Webinars, at no additional cost for the life of our partnership.

The City can use the training portal that provides a centralized location to access the scheduled live trainings. This portal allows the City to review the current training offerings and register for the sessions that are most convenient (Figure D-).

The screenshot displays a web interface for training registration. It features two distinct sections, each for a different course. The first section, titled 'Your Customers' Experience for Utilities and Government', includes a brief description, a 'read more...' link, a dropdown menu for selecting a session time (currently showing 'Tue, Jan 11, 2022 2:30 PM - 3:30 PM EST'), and a prominent purple 'REGISTER' button. The second section, titled 'Biller Experience', follows a similar layout with its own description, 'read more...' link, time selector (showing 'Wed, Jan 12, 2022 11:00 AM - 12:30 PM EST'), and a purple 'REGISTER' button.

Figure D-59. Reviewing and Registering for InvoiceCloud's GoToTraining Courses. The City can find the right classes at the right times for new users throughout the life of our contract.

After registering, registered City attendees can add the training to their calendar as well as receive reminders to ensure they do not miss the training (Figure D-).

Figure D-60. Setting a GoToTraining Calendar Reminder. *The City can invite users to InvoiceCloud GoToTraining sessions through most major calendar applications, including Outlook, Apple, and Google.*

Recorded sessions are available on-demand, 24/7/365 from the Biller Portal, and we can also provide links to videos in the Customer Portal.

67. User guides will be provided by Consultant for product use.

The City can self-service access the latest versions of our documentation and videos at any time from the Biller Portal in our Biller Portal Documents Library. The City receives a library of training documentation, including:

- Invoice Cloud Customer Portal Training
- Invoice Cloud Biller Portal Training
- Reconciliation Training
- Quick Reference Guide – Billers
- Quick Reference Guide – Customers
- Online eLearning for additional product add-on such as:
 - Online Bank Direct
 - Cloud Pay
 - Real Time Data Refresh
 - Data Pump
 - Cloud Store
- Online Billing and Payment Adoption Kit
- Frequently Asked Questions (Customer facing document)

D.1.3 Detailed Requirements – Highly Desired

1. **CSR's must have the ability to impersonate a customer account in order to mimic the payment view the customer is seeing.**

The City's CSRs can impersonate the customer's experience using "Login as Customer" feature in Biller Portal. The CSR can then walk the customer through the Customer Portal to assist with their inquiry. At the same time, using the Biller Portal tools, the CSR could accept a payment on their behalf while the customer is on the call or, if the customer has a mobile device, send a one time SMS link to enable payment from the customer's smart phone. CSRs can also enroll customers in AutoPay, Pay by Text, and Paperless billing from the Biller Portal.

City CSRs use our Biller Portal to view and manage customer accounts. In the Search drop-down in the Biller Portal, the user can search, view, and edit customer profiles. This allows City staff to log in as that customer (e.g., during a phone call) or take other actions:

- View any stored payment account information (account numbers are truncated, staff cannot get full credit card or bank account numbers).
- Download 24 rolling months of all payment history and e-bills (e-Bills requires PDF Linking with InfoSend and is highly recommended)
- Paperless settings / Pay by Text setting.
- Auto-pay settings / Create a new autopay on customer behalf.
- E-mail address on file and all e-mail history (including click through status).
- Linked accounts, if any.
- Customer Activity (Customer Portal login information).
- Customer Options (View payment method block settings).

From this page, a user can login as the customer with one click and have the same experience the customer does. The user can view all payment and billing history for that payer. Clicking on the credit cards tab displays the card data on file that the customer used to pay with (middle 8 digits hashed out for security purposes).

2. Customer payment system must be easy to use, have no more than 4 steps in the payment process, have intuitive navigation, and have an indicator to let the customer know what step they are in the process.

InvoiceCloud has designed the most intuitive, and robust payment flows in the industry.

Registered and unregistered customers can fill a shopping cart with related payments and pay in 3 (three) or fewer steps, during which we provide multiple opportunities and incentives to register, link a phone number or email address to their accounts for text and email notifications, go paperless, or enroll in AutoPay.

Higher E-adoption through One-Time Payments

41% of online payers use one-time payment channels. Most of these customers do not go online with the intent of signing up for these additional services. InvoiceCloud maximizes enrollment (and, thus, print/mail cost savings) by presenting enrollment options as part of the one-time payment process.

InvoiceCloud makes it easy for customers to pay their bills, whether registered or not, through our platform. Customers make one-time payments without logging in to our Customer Portal, which they can access directly from email or text notifications or through your web site. Once in the Customer Portal landing page, the customer can look up their bill using criteria dictated by the biller, such as their Account Number or Service Address (Figure D-). They can also view an exact PDF of their invoice, set calendar reminders, and build a shopping cart to pay for any invoice types offered by the biller.

[+ Add selected invoices to your cart](#) | [Register Selected Invoices](#)

Figure D-61. Finding Your Bill for One-time Payment. Customers quickly find their bill using search criteria defined by the biller in accordance with your business rules.

InvoiceCloud provides a robust Shopping Cart experience: payers can add multiple invoices from multiple billing departments to their cart, even from disparate billing systems, and pay them all in a

single transaction (Figure D-). InvoiceCloud also maintains line items for each invoice against the total balance, depositing each to different bank accounts per your business rules.

Figure D-62. One-Time Payer Adding Multiple Invoices to their Cart. One-time payers can control their payment options at any point of purchase, increasing the likelihood of e-adoption.

We provide a simple, intuitive payment process with proven timesavers, like auto-filling name and address fields from their invoice, and automatically presenting other outstanding bills for the payer to pay (if applicable). We make it easier to pay from mobile devices, reduce rejects and chargebacks, and protect the biller from payments with flagged accounts for fraudulent activity. We also embed proven e-adoption increasing features into our payment process, like AutoPay, paperless, and Pay by Text enrollment and registration for flexible payment options (Figure D-).

Reduce or Remove Friction in the Payment Process for Higher E-adoption

- Limit customer keystrokes by pre-populating name and address fields from the invoice
- Auto-enroll customers into email reminders by requiring an email address for their receipt
- Eliminate submittal of invalid payment methods by authorizing card and ACH routing information as entered
- Increase AutoPay, Paperless, and Pay by Text enrollment by providing opportunities to self-service apply payment information

Service fees are non-refundable. If you think there is an error on the Credit/Debit Card, ACH or Service Fee charge, please contact Invoice Cloud Customer Service at 877-256-8330, Option 2.

Figure D-63. Review Payment. One-time payers can forgo traditional registration while opting into paperless billing by email or text or even AutoPay. This is how we achieve our e-adoption rates.

3. Once a customer has registered, he/she should be able to login into his/her account using their email address/ user ID and password. The service should show multiple billing accounts to customers who register for different bill types with the same email/user ID and password.

Yes, once a customer elects to register in the front-end CSS or Customer Engagement Portal, using our Single Sign On (SSO) integration, your customers will have access to InvoiceCloud's entire suite of SaaS CX and payment services from the same login. In addition, our SSO supports Account Linking to show multiple billing accounts to customers who register for different billing types with the same user credentials.

For the InvoiceCloud Biller not using a front-end CSS type portal, InvoiceCloud can enable our own Registration and Login configuration, that will use email as login, self-service password re-set function, and Account Linking.

4. POS (Point of Sale) integration option is available.

InvoiceCloud's POS solution is both EMV and Point-to-Point Encryption Certified, which delivers the highest level of security for POS transactions for any merchant. POS terminals are available for utilization by the City for both in person transactions or call center/agent-assisted payments.

We offer the City a choice of two EMV devices which are fully wireless and contactless PAX A80 and A920 (Figure D-). The PAX terminals come fully integrated with InvoiceCloud, incorporate the highest security functions including PCI-validated P2PE, and work with cutting edge contactless payment methods, like EMV chips, Apple Pay, and Google Pay.

POSPay Device Options		
	PAX A80	PAX A920
Terminal Type	Countertop	Mobile
Battery	No	Yes
Connection	Ethernet, WIFI	WIFI, 4G, or Bluetooth

EMV Chip	Yes	Yes
NFC Contactless	Yes	Yes
Apple Pay	Yes	Yes
Google Pay	Yes	Yes
PCI-Validated P2PE	Yes	Yes
PIN Pad	Yes	Yes
Processor Support	Chase, Fiserv, TSYS, Elavon	Chase, Fiserv, TSYS, Elavon

Figure D-64. InvoiceCloud's PCI-validated P2PE EMV Card Readers.

InvoiceCloud offers two CSR User Interface options for processing terminal payments:

- Our Biller Portal, which includes a Virtual Terminal to take payer credit/debit information, whether manually or by card swipe/chip read.
- Our POSPay solution, which integrates with CIS or third-party cashiering solutions and PCI compliant web browser.

Regardless of the user interface selected by the City, all POS source transactions will post to your CIS systems using our real time Data Pump.

5. Clearly show any convenience fees before the payer begins the payment process, and re-display throughout the process.

Service and convenience fees are clearly displayed on the home page of the Biller's website, the landing page of the InvoiceCloud customer portal, displayed through the three steps to pay, and again before a payer completes the payment. The Pay by Text feature will clearly display any service fees to the Payer as well (Figure D-).

Figure D-65. Reviewing the Shopping Cart, including Fees, Prior to Submission. InvoiceCloud automatically sums up applicable convenience fees for all bills in the transaction as a subtotal line item as customers check out.

6. Reports have search function per column.

InvoiceCloud provides internal search tools in our Biller Portal. The City can search all payments by account number, date range and confirmation number using our Biller Portal's Search function. The Search drop-down allows a user to search for Customers, Files (adjustments files, invoice files, payments files), Invoices (current or outstanding), and payments. Each search function provides the user with advanced drill down criteria to highlight specific items/trends/issues they desire (such as customer name, account number, invoice number, date, amount, card type, etc.). Additionally, once the search has been submitted, the user can easily extract/download their findings to Excel for further investigation.

In the Search drop-down, the user can search, view, and edit customer profiles. This allows City staff to log in as that customer (e.g., during a phone call) to edit their profile or verify payment information, including:

- Any stored payment account information (account numbers are truncated, staff cannot get full credit card or bank account numbers).
- 24 rolling months of all payment history and e-bills.
- Paperless settings / Pay by Text setting.
- Auto-pay settings / Create a new autopay on customer behalf.

- E-mail address on file and all e-mail history (including click through status).
- Linked accounts, if any.
- Customer Activity (Customer Portal login information).
- Customer Options (block a customer from using credit card).

7. Reports have filter function per column.

InvoiceCloud defines and generates most standard reports by date range, payment type, or bill type, as well as criteria particular to the report (like name or email for the customer report) to produce targeted results.

8. Reports have a sort function per column.

After creating a report in the Biller Portal the City can export the data to Excel, where each column in the export can be filtered and sorted as the City wishes.

9. Consultant provides online customer support ticketing system.

InvoiceCloud monitors our ticketing system 24 hours a day, 7 days a week, 365 days a year. Our entire support staff sees tickets as City submits them, and we route the issue to the appropriate responder immediately. We strive to address all emergency tickets within one hour, no matter when submitted, and all other tickets within 24 hours. The City can also track the status of its tickets in the City's Biller Portal for real-time status updates, including who's assigned to it, its escalations path, and notes.

HelpDesk requests become trackable tickets in our system to resolve all issues, request training and provide product feedback and suggestions. We strive to use the ticketing system for all requests so that inquiries, and resolutions may be tracked and resolved in a timely manner. The City can also use this interface to upload screenshots of issues you're currently experiencing.

D.1.4 Customer Support and Disaster Recovery Requirements - Required

D.1.4.1 Customer Support

1. The selected Consultant will be expected to accept payments and participate in testing prior to implementation.

InvoiceCloud accepts credit, debit, ACH, Apple Pay, Google Pay, PayPal, and Venmo payments across our true SaaS solution's omnichannel EBPP options. Should the City wish to demo a configuration change or activation of a new EBPP option, we first help test the functionality in the City's dedicated test portal. The Implementation Manager will provide City staff with a detailed UAT plan and schedule for all testing.

2. The selected Consultant will provide and maintain a test environment, available to the City at all times, for testing and training purposes.

InvoiceCloud currently maintains a 'Test' portal environment for the City, which is available at all times, and used for testing and training purposes as required by City. We make this environment available to the City to perform User Acceptance Testing (UAT) during implementation and beyond.

3. The Consultant must provide unlimited customer support during the hours of 7:00 am – 6:00 pm PST.

InvoiceCloud's Client Services team is available to assist you Monday–Friday from 7:00 am–8:00 pm Eastern Time, excluding holidays. You may submit a ticket (at any time) via your Biller Portal, or, during these hours, speak to a Product Specialist who will answer questions, troubleshoot problems and assist as needed to enable you to get the most from your partnership with InvoiceCloud and your use of the EBPP platform. We also provide support after business hours with a phone number to contact for any escalation needs after Business Hours.

4. Consultant will provide access to a fully functioning helpdesk ticketing system 24x7.

Invoice Cloud monitors our ticketing system 24 hours a day, 7 days a week, 365 days a year, and maintains peak Customer Service Center staffing between 7am and 8pm Eastern Standard Time (EST). Our entire support staff sees tickets as City submits them, and we route the issue to the appropriate responder immediately. We strive to address all emergency tickets within one hour, no matter when submitted, and all other tickets within 24 hours. City can also track the status of its tickets in Support Central for status updates, including who's assigned to it, its escalations path, and notes.

The City can reach our Client Services Center to report issues, receive training, or request new functionality by phone, email, fax, or our self-service HelpDesk Ticket System in our Biller Portal.

InvoiceCloud Client Services Center delivers system and technical support for both Biller employees and users through our online HelpDesk ticketing system, call center, and by email. Clients can call us directly or create tickets in our IT queue through the HelpDesk in City Portal to report issues, request training, or provide feedback and suggestions.

HelpDesk requests become trackable tickets in our system to resolve all issues, request training and provide product feedback and suggestions. We strive to use the ticketing system for all requests so that inquires, and resolutions may be tracked and resolved in a timely manner. While billers can call client support directly, it is more efficient for them to use the HelpDesk system because it saves City time calling customer service and accelerates the delivery of the ticket to Invoice Cloud. City can also use this interface to upload screenshots of issues you're currently experiencing.

5. Routine technical support must be available during business hours.

InvoiceCloud's Client Services team is available to assist you Monday–Friday from 7:00 am–8:00 pm Eastern Time, excluding holidays.

6. Describe the trouble management process functions, including: problem reporting, assignment, escalation, resolution.

InvoiceCloud's Client Services team is available to assist you Monday–Friday from 7:00 am–8:00 pm Eastern Time, excluding holidays. You may submit a ticket (at any time) via your Biller Portal, or, during these hours, speak to a Product Specialist who will answer questions, troubleshoot problems and assist as needed to enable you to get the most from your partnership with InvoiceCloud and your use of the EBPP platform. You will also be provided with a special telephone number that you can use should you encounter an emergency after hours. An answering service will gather relevant information and alert the on-duty Client Service team member who will contact you if action is required prior to the next business day. We use the following severity levels to guide our team:

- “Critical Severity” support issues are responded to within 1 hour and must be reported via phone so we can most quickly troubleshoot with you. Examples of these issues include unavailability of the InvoiceCloud portal, platform, integrations, or APIs, or a problem that is severely adversely impacting your ability to use the platform.
- “High Severity” support issues are responded to within 2 hours and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples of these issues include degraded performance of the InvoiceCloud platform or APIs, although the portal and processing are still operational.
- Other support issues are responded to by the next business day and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples include general questions, feature requests, data pulls, multi-factor authentication resets, integration troubleshooting, etc.

InvoiceCloud follows written escalation procedures when problems require more than the set SLA response time to resolve.

- CSR must complete the IT Assistance Request questions to document the issue, examples, and research.
- Follow SLAs to diagnose and manage responses.
- CSR will assign the escalated ticket to InvoiceCloud Tech Supervisors in HelpDesk.
- Tickets assigned to Tech Supervisors will be reviewed by team leaders before escalation to IT. Tickets will be reviewed in order by priority, with Critical as the highest priority.
- Tickets which can be solved using tools available to CSR or with Tech Supervisor assistance will be returned to the CSR with direction on how to proceed and/or assistance for resolution.

- Tickets which still require escalation must be assigned to IT by the Tech Supervisor. After review by IT, the ticket will be returned to the CSR who submitted the IT Assistance Request with resolution notes or directions on how to proceed. If the CSR requires more information from IT at that point, the ticket can be sent back to the assigned IT person. The ticket does not need to be re-routed through the Tech Supervisor path at that point.

We apply exceptions for after-hour emergencies so that we can respond within one hour. For critical tickets which cannot wait for Tech Supervisor review on the next business day, the CSM should be notified for “Emergency” escalation. The IT Production Manager will be the first point of contact for the CSM. If further escalation is required, the VP Production Manager for IT will be the next point of contact.

7. Provide procedures for after-hours support.

The City is provided with a special telephone number that you can use should you encounter an emergency after hours. An answering service will gather relevant information and alert the on-duty Client Service team member who will contact you if action is required prior to the next business day. We use the following severity levels to guide our team:

- “Critical Severity” support issues are responded to within 1 hour and must be reported via phone so we can most quickly troubleshoot with you. Examples of these issues include unavailability of the InvoiceCloud portal, platform, integrations, or APIs, or a problem that is severely adversely impacting your ability to use the platform.
- “High Severity” support issues are responded to within 2 hours and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples of these issues include degraded performance of the InvoiceCloud platform or APIs, although the portal and processing are still operational.
- Other support issues are responded to by the next business day and should be reported via telephone or by emailing helpdesk@invoicecloud.com. Examples include general questions, feature requests, data pulls, multi-factor authentication resets, integration troubleshooting, etc.

8. Provide a list of company holidays.

InvoiceCloud's holidays are:

- New Year's Day, 01/01/2024
- Martin Luther King Jr. Day, 01/15/2024
- President's Day, 02/19/2024
- EngageSmart Wellbeing Day (Recognition of World Sleep Day), 03/18/2024
- EngageSmart Wellbeing Day (Earth Day), 04/22/2024
- Memorial Day, 05/27/2024
- Juneteenth, 06/19/2024

- Independence Day, 07/04/2024
- Labor Day, 09/02/2024
- EngageSmart Wellbeing Day (Recognition of World Mental Health Day & Indigenous Peoples' Day), 10/14/2024
- Thanksgiving, 11/28/2024
- Day after Thanksgiving, 11/29/2024
- Christmas Day, 12/25/2024
- New Year's Day, 01/01/2025

9. Provide contact points for customer service.

The City can either directly contact your InvoiceCloud CSM, Mr. Blake Saltzman, or our Client Services Center. The City can also self-service submit HelpDesk requests directly into our Client Services Center through your Biller Portal.

D.1.4.2 Disaster Recovery

1. The Consultant must have a disaster recovery facility if the main facility becomes inoperable. Provide locations and information about these facilities.

InvoiceCloud's data center solution is provided by Microsoft Azure. This includes geographic redundancy between Microsoft Azure's East Coast and West Coast zones. Azure provides an active geo-replicated failover group that, if InvoiceCloud's Azure East production environment goes down, automatically targets a backup production environment with full data mirroring in Azure West. Due to the sensitivity of this information, we cannot disclose any further information about their locations.

2. Provide a summary of the disaster recovery plan, including the amount of time needed to move processing to another facility.

InvoiceCloud follows rigorous SLAs to ensure 99.9%, 24/7 service to all clients, including the City. Our service uses the following technology to maintain a high fault-tolerance:

- Transmission Control Protocol (TCP)
- HTML
- Failure detection mechanisms
- Roll-forward and roll-back recovery
- Off-site data and system redundancy

InvoiceCloud actively supports a data integrity platform that complies with the Payment Card Industry Data Standards to: Build and Maintain a Secure Network, Protect Cardholder Data, Maintain a Vulnerability Management Program, Implement Strong Access Control Measures, Regularly Monitor and Test Networks, and Maintain an Information Security Policy. PCI standards were developed to ensure

that cardholder data is protected throughout the transaction process. InvoiceCloud facilities are secure both physically and electronically.

InvoiceCloud provides backup, data recovery, and outage solutions. Due to InvoiceCloud's commitment to data security, there have been no losses of data or unplanned outages.

We maintain 99.9% uptime through the following processes and features:

- **SaaS Updates to a Single Instance.** Because InvoiceCloud updates a single instance of our multi-tenant, true SaaS platform, the City does not require individual upgrades, patches, and associated outages.
- **Redundant Hosting.** InvoiceCloud protects City customers' sensitive data and access to it through warm redundancy at our data center, which is hosted and managed by Microsoft Azure. Azure provides full redundancy to protect data and eliminate loss of service or downtime. Azure is SSAE 16 Type II SOC 1 certified (which supersedes and effectively replaces the Statement on Auditing Standards (SAS) No. 70 Type II) and PCI certified as a level one service provider, which reinforces Azure's ability to provide secure services to its customers, particularly in the e-commerce sector, where the need to protect cardholder information is critical. The scope of Azure's PCI service provider accreditation covers physical security for U.S. data centers and offices, as well as employee access to network devices. Redundancy is carefully planned for all Azure equipment using virtualization and snapshot/backup technology.
- **Redundant Hardware.** In the event of a failure of one or more components in the system, the InvoiceCloud service will continue to operate properly. During a failure, faults are isolated and contained to prevent further propagation. Any decrease in operational quality would be proportional to the severity of the failure. Safe modes are accomplished through reversion. The service will also continue to operate during the repair process. There is the potential for downtime in the case of hardware failure. We have a 1-hour replacement guarantee in the event of a hardware failure.
- **Continuous Backups.** InvoiceCloud's true SaaS architecture allows us to save and store full monthly backups for 12 months. Azure's data center is engineered for high availability and resiliency, including geo-redundancy across Azure East and West regions and, within each region, zone redundancy across multiple independent data centers. We perform continuous backups across Azure East and West regions with the ability to restore to any point-in-time within the last 35 days. There are no restrictions on system access or functions during our backup processes; we backup data in real-time 24/7/365.
- **Automatic Failover.** InvoiceCloud uses Azure SQL databases to back up our entire system as part of an enterprise-wide backup process. Azure provides an active geo-replicated failover group that, if

InvoiceCloud's Azure East production environment goes down, automatically targets a backup production environment with full data mirroring in Azure West. We save backups to a weekly granularity for 13 weeks and to a monthly granularity for 1 year. InvoiceCloud can perform a point-in-time restoration within 1 hour.

- **Quarterly Tests and Audit Trails.** InvoiceCloud holds disaster recovery tests quarterly. We also maintain audit trails. Application logs control information on all batches of e-bills, payments, logins, and user activity and email notifications. Audit trails are available to track customer/CSR/administrative activities. Transactions, inquiries and selections in the InvoiceCloud service are date and time stamped to provide complete control and accountability.

InvoiceCloud maintains a disaster recovery plan that includes steps to ensure the safety of our employees, reestablish essential services, and mitigate any impact to the City and its constituents throughout the emergency condition, disaster declaration, and recovery process. Our recovery plan operates under the assumptions that 1) resources required for the restoration of critical service functions reside outside of the Braintree or Brownsville facilities and 2) vital records required for recovery can be either retrieved or recreated from an off-site location and moved to the recovery facility within 24 hours.

We use a three-level strategy to restore critical functions after a service center failure. First, we make every reasonable effort restore the primary facility and/or operate using intra-day procedures. Second, if manual efforts severely degrade client support, we relocate personnel and resources to an alternate recovery facility. Third, if the City faces an outage that will clearly extend past an acceptable period, we issue a disaster declaration. We prevent such a disaster using the redundancy measures described above.

3. Provide the following information about previous unplanned outages:

a. How often do unplanned outages (2 hours or more) occur?

None in at least the past three years. InvoiceCloud maintains an SLA of 99.9% uptime, meaning no more than 43.2 minutes of unscheduled downtime per month. InvoiceCloud has consistently delivered 99.99% uptime on average for the last three years with virtually no unplanned downtime since 2021.

b. What is the average “down time” for these outages?

Less than a couple of minutes due to the stability offered by our single instance, multitenant SaaS solution. Any unplanned downtime triggers automatic failover and redundancy for our entire EBPP system in Microsoft Azure.

Tab E Project Plan

1. Provide a detailed discussion of your firm's approach to the successful implementation of this project. Include thorough discussions of methodologies you believe are essential to accomplishing this project.

By maintaining your current true SaaS EBPP solution, the City of Roseville avoids both current and future lengthy implementation periods, upgrades, downtime, AutoPay and paperless data transfers, or retraining of City staff. Even though we implemented City of Roseville's solution back in 2017, InvoiceCloud has kept the City up-to-date with monthly, no-effort updates, meaning that the City does not ever need to upgrade to a new "version" of InvoiceCloud (Figure E-1). Whereas other EBPP providers will implement a snapshot version of their current solution, InvoiceCloud has continued to improve our cloud-based solution for all 2,900+ clients, including the City, and you and your customers access the latest and greatest payment technology every time you log into our Software as a Service.

Figure E-1. InvoiceCloud's 60+ Product Releases Since 2016. All 2,900+ InvoiceCloud clients stay ahead of the speed of change with zero effort or cost to the City.

The only required feature requiring implementation is our point-of-sale solution. This is a 100% existing omnichannel option that we activate remotely, and we ship already configured card readers to the City. The City simply plugs the readers into workstations, and implementation is complete.

2. Include a proposed work schedule to accomplish all of the required tasks within the desired timeline.

InvoiceCloud requires no work schedule to maintain the City's existing Payment Gateway and Processor Services solution or to activate new features.

3. Include any recommended additions to the requirements.

InvoiceCloud offers omnichannel billing and payment options that the City does not currently use, including:

- **Online Bank Direct (OBD).** Many customers who already pay bills online do so through their bank's website, which is digital for them, but still results in a paper check to City and can cause late payments because it's mailed. We developed Online Bank Direct to intercept those Bill Pay payments from more than 5,000 banking services to present the payment electronically to City for matching and automatic electronic funds transfer (EFT)(Figure E-2).

Figure E-2. OBD-intercepted Pending Payments. Stop processing paper checks from banks, saving time trying to match them to accounts.

- **PDF Linking with InfoSend for Digital Bill Presentment.** The City currently sends XML files to InfoSend for data processing, printing, and mailing. InfoSend then renders the PDF for print and mail, including bill inserts, but does not currently archive these PDFs for presentment to the City's Customer Portal or in one-time payments. InvoiceCloud and InfoSend can apply an existing, jointly developed integration where InvoiceCloud directly accesses these PDFs to present the same exact print bill file in a PDF across all EBPP options.
- **Embedded SSO iframes within the City's Next CSS Portal.** InvoiceCloud can transition the City away from the two-tab or -window customer experience by directly embedding the functionality your customers already know and love into your next CSS Portal solution. the City currently sends XML files to InfoSend for data processing, printing, and mailing. InfoSend then renders the PDF for print and mail, including bill inserts, but does not currently archive these PDFs for presentment to the City's Customer Portal. We have collaborated so that, going forward, InvoiceCloud can directly

access these PDFs to present the same exact print bill file across all EBPP options. By clicking on an action tab, like AutoPay, Pay Bill, or Payment Methods, InvoiceCloud opens in a customizable iframe or in a separate dialog box directly from City's CSS. We have integrated our iframes into more than 300 clients' CSS solutions, including Harris Silverblaze, AI MyMeter, VertexOne's VXengage, and more (Figure E-3).

Figure E-3. InvoiceCloud's iframe-embedded SSO Integration with Third-party Utility Portals. SSO automatically logs customers into both the City's CSS and InvoiceCloud into one completely seamless and secure payment experience.

Implementation of any of these options requires no downtime or extensive City involvement. OBD requires a simple activation on our end, and InvoiceCloud works directly with InfoSend for PDF Linking and the City's selected CSS Portal vendor for iframes.

4. Identify the staff who would be assigned to each task, including sub-consultants and sub-contractors.

City of Roseville can request an in-depth review of new features and opt in through either a HelpDesk request or by directly contacting your Customer Success Manager (CSM), Mr. Blake Saltzman. Should a feature require integration, like our SSO iframes, Mr. Saltzman arranges for our Implementations Team to provide an Implementation Project Manager (IM). Our IM works directly with the City's chosen CSS vendor to embed our iframes solution into their portal, likely using one of our many existing templates developed with partners like Harris Silverblaze, Accelerated Innovations, VertexOne, SpryPoint, and more.

5. List any necessary equipment, training or installation services required.

The City and InvoiceCloud require no special equipment, training, or installation services to keep all current omnichannel selections. InvoiceCloud configures all new options (OBD, PDF Linking, and POSConnect) 100% remotely. We ship already configured card readers for POS implementation, which

the City merely plugs into workstations. We work directly with InfoSend to implement PDF Linking for seamless bill presentment both in print and our digital EBPP channels. We offer optional virtual training on each product, including self-paced videos in our Biller Portal.

Tab F Cost Proposal

1. Provide a total cost proposal for all products and services to be delivered/offered, and a breakdown of costs delineated by tasks as described in your project plan.

In the 6+ years since our go live, even though our own operational and processing costs have increased every year, InvoiceCloud has maintained our pricing for the City of Roseville with only one nominal increase just last calendar year. During that time, the city has enjoyed the regular SaaS enhancements and upgrades to our services which keep the city on the cutting edge of modern payment technology, with no further investment in time or implementation resources required.

As we have shared throughout the RFP proposal, InvoiceCloud's platform has brought value to the City beyond basic electronic payments, impacting operational improvements in ways the project team could not foresee during the original RFP. Many companies can process payments as a gateway solution, but only one can deliver the most competent real time integration with Cayenta, cloud-native platform with continual innovation to keep Roseville ahead of technology, world-class security, automated and intelligent communications, modern CSR and Reconciliation tools, and exceed self-service digital adoption with year-over-year growth.

While other companies might write in a proposal that they can deliver same as we do, InvoiceCloud offers the lowest Total Cost of Operation of any potential respondent to this RFP.

The total cost of operation is the sum of the cost of goods sold (InvoiceCloud SaaS payment transaction and other network processing fees) and City operating expenses (CS and Billing staff labor, IT resources, Procurement/Admin/Legal/ PMO resources, and other related contacts and services). This is what we view as the true nature of any selection process, which is the value beyond delivering what we agreed to in our statement of work. Once we have proven that we can deliver the technology, how will we measure success and what value does this bring to the client and its citizens? At InvoiceCloud, the way we have always measured success is in our conversion rates for customer digital adoption, and the corresponding operational improvements, efficiencies and savings achieved thereafter.

InvoiceCloud presents the following pricing proposal for City of Roseville Utility. We welcome the opportunity to hold an RFP interview and demonstration of our solution and additional services presented herein. We are confident that we will deliver on our commitment to you and negotiate and fair and viable new contract with the City of Roseville.

Service Description	Billers Paid Fee
Professional Implementation Services, CIS Integration, Conversion, SSO Deployment, and Training	No Charge with InvoiceCloud and No Internal Cost. (Typical Utility Operational Cost for new PGPPS/EBPP Project Range: \$75,000-\$100,000 (Including professional services required by the CIS, CSS Portal, and IVR vendors, and Utility Resources including PMO, IT, CS & Billing, Legal, Public Information, and Accounting.)
Billers Portal Access Fee (Ongoing Maintenance Costs) Monthly access to branded Customer and Billers Portal covers maintenance, support, SaaS upgrades, and unlimited user access to the Invoice Cloud EBPP service for the Billers and its Payers.	Waived
Help Desk & Emergency After-Hours Support 24x7	No Charge
InvoiceCloud Training Resources , Live Weekly Training Sessions and LMS Library Online	No Charge
Customer Success Management , dedicated CSM assignment located in your Local Time Zone	No Charge
InvoiceCloud Billers Marketing , access to graphic design, consultation, and online resource center tool services from our marketing group to help you achieve the industry's highest payment and paperless adoption.	No Charge
Reimbursable Project Expenses	None
EBPP Communication Engine , Email Management Tool with 30+ templates, up to 3 email reminders per bill	No Charge
Pay by Text , self-service enrollment and On Demand send tool used by CSRs	No Fees for the SMS Pay by Text Messages

Service Description	Biller Paid Fee
Paperless Billing Fee , customers receive up to 3 email reminders per bill, with 2 nd and 3 rd reminders sent ONLY if there is a balance remaining, and after our Real Time Data Refresh with Cayenta	\$0.10 per paperless enrollment -City Saves Est. \$0.65 for every customer that enrolled in paperless with InvoiceCloud.

Electronic Payment Fees	Residential Invoice Type	Commercial Invoice Type
InvoiceCloud SaaS PGPPS Service Fee, Includes All Payment Sources – Credit/Debit/PayPal Brands	\$0.85, per transaction paid by City, \$125,000 Max	2.95% with \$1.95 minimum Service fee, Paid by Payer, \$125,000 Max
Network Fees inclusive of Interchange, Fees, Dues and Assessments from all Card Brands and PayPal , per item	Pass-through, Paid by the City -City has the lowest possible rates available today including Level 3 Interchange, Utility Rates on ALL Card Brands, and no downgrades or EIRFs.	100% Funded by the Payers via Service Fee, no cost for the City.
All Payment Sources – E-Check/ACH	\$0.55, per transaction paid by City, \$125,000 Max	\$0.55, per transaction paid by City, \$125,000 Max
PCI Level 1 Compliance , capture, processing, and storage	Included	Included
NACHA Compliance , capture, processing, and storage AND, Certegy ACH Validation process (required for NACHA Web Debiting Fraud Standards effective Jan 1, 2020)	No additional fees passed on to City, Included in Transaction Fee.	No additional fees passed on to City, Included in Transaction Fee.
Chargebacks/ACH Rejects , per item, including reporting and email alerts for City and Payer	\$15.00	

Optional Services	
Outbound Campaigns , per item	Voice Calls: \$0.10 Email and SMS Text: \$0.05 No Set-up Fees, \$250 Minimum per Month
Online Bank Direct™ , per item	\$0.20
Cloud Store™	Contract rates per Transaction. \$50 per month Cloud Access Fee \$350 Set-up Fee each Store
EMV P2PE Encrypted POS Hardware , monthly rental per unit. -IC Solution is both EMV AND Point-to-Point Encryption Certified.	\$30.00
PDF Bill Presentment , ability to present PDF images of customer bills in the payment flows and Biller Portal, PDF linking with City's Bill Print Vendor InfoSend, up to 24 months rolling history included.	Waived

2. Include a schedule of hourly rates for all proposed staff and the amount of time each person will be devoted to this project.

N/A

3. Include ongoing maintenance costs.

N/A

4. Define any reimbursable expenses requested to be paid by the City.

N/A

5. Describe how the cost of the proposal could be reduced if necessary. Identify the task that would be eliminated, changed or scaled back.

The City of Roseville is asking for ways to reduce the cost of the proposal via tasks which could be eliminated, changed, or scaled back.

Our platform is true SaaS, which means it's also true Omni-Channel. We offer a single platform that is designed and centered around the city and its Payers, unlike most companies that you might hear from in the RFP which are multi-channel, multiple separate channels centered around the feature not the experience as a whole. If InvoiceCloud was to disable certain functions on our platform, that would only translate into lost functionality, but not impact your bottom line.

Instead of a focus on the features or scope, we consider two of your major cost centers – Paper Bill Printing and Mailing and Credit Card Network Fees. In what ways can InvoiceCloud further help the City in these cost centers, without sacrificing the modern SaaS Customer Payment Experience (CPX) Roseville customers and employees have come to expect?

Paper Bills and Postage:

We understand that, as humans, our customers do not wake up every day with paperless top of mind. It's up to us to be proactive and create frictionless ways for your customers to reap the benefits of electronic notifications. As you have experienced in 2023, InvoiceCloud's Marketing and CSM team have several campaigns to assist the City with rapid adoption growth in a short time. We propose similar but different campaigns over the course of the next year with a 100% target in mind.

Service Fees:

Over the past 18 months, we have observed a trend within utility billing, where our clients have proactively come to Invoice Cloud to help navigate rising credit card interchange costs and have moved, or are in process of moving, to a percent-based fee model to offset card process costs.

Budgets are tight and all our public sector clients are looking for solutions that will offer *significant* relief and fast. At the same time, consumer trends for credit card use are soaring. Credit and Debit cards made up 35% of bills paid in the US in 2023, compared to 18% in 2010.* All major card brands have investigated raising their fees to help offset increased costs from network operations and the rising competition in rewards programs (points, cash back, and other reward types).

What Are InvoiceCloud Billers Doing

84%

of Government and Utility
billers that went live in

convenience/service fees

70%

also charge a
convenience/service fee
for ACH payments

**A trend in
2023**

billers proactively coming
to us to eliminate
processing costs

While the savings are easily calculated for our clients, the most common question we receive is, how will service fees impact our customer satisfaction and experience, and electronic payment adoption?

Our pricing team has evaluated data from 15 similar clients who moved from absorbed to to service fees in the last 18 months, and found:

- Of the 15 who moved, only one client experienced a 1% decrease in total electronic payment volume.
- All other clients experienced year-over-year adoption growth.
- All clients saw continued growth in the AutoPay source.
- All clients experienced a shift in payment methods from credit cards to ACH, primarily with the larger ticket groups (i.e. mostly commercial accounts).

What to Expect in Your Payment Metrics

Limited
interference to
consistent online

growth

No interruption
of AutoPay
growth

Payers with
large tickets
move to ACH
but continue to
pay online

The below chart includes one option for moving the City's Residential customer accounts to a service fee model for credit/debit card and PayPal payments. {Note that Commercial Accounts have already been configured with the same service fee structure since our 2017 go live, with 100% of credit/debit/PayPal fees funded by commercial payers and ACH fees funded by the City.} **By moving Residential card transactions to the service fee model, we estimate \$1.4m+ in annual savings, and, no loss of scope or functionality of our SaaS service.**

InvoiceCloud offers pricing consultation and guidance to our clients, helping each find the best solution for Roseville and its customers. We encourage the City to schedule an RFP demonstration and interview where we can dive deeper into this and discuss other strategies such as a hybrid fee model, where the city chooses to pay a portion of the service fees.

Electronic Payment Fees	Residential Invoice Type	Commercial Invoice Type
All Payment Sources – Credit/Debit/PayPal Brands	2.95% with \$1.95 minimum fee, \$125,000 Max	2.95% with \$1.95 minimum fee, \$125,000 Max
Network Fees inclusive of Interchange, Fees, Dues and Assessments from all Card Brands and PayPal, per item	Funded by the Service Fee, no cost for the City.	Funded by the Service Fee, no cost for the City.
All Payment Sources – E-Check/ACH	\$0.55, per transaction paid by City, \$125,000 Max	\$0.55, per transaction paid by City, \$125,000 Max
Chargebacks/ACH Rejects, per item	\$15.00

Tab G Required Statements/Documents

1. Non-substitution for the designated members of the team without approval by City staff (Section 5.0)

Should unforeseen circumstances require replacement of InvoiceCloud project personnel, per our terms and conditions, we give the [clientabbreviation] the first right of refusal of new assigned resources. We make every endeavor to keep key personnel, including CSMs and Implementation Project Managers (IMs) on their assignments to avoid spending time on knowledge transfers and loss of institutional knowledge.

2. The absence of a conflict of interest (Section 10.4)

InvoiceCloud has no known conflicts of interest related to the procuring of the resulting contract from this RFP. We provide our signed Noncollusion Declaration below.

Attachment B

NONCOLLUSION DECLARATION TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the President of Invoice Cloud, Inc., the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on February 29, 2024 [date], at Braintree [city], Massachusetts [state].

(Signature of Declarant)

3. Indicate your ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract (Section 10.7). (Please note that actual certificates of insurance are not required as part of your submittal.)

InvoiceCloud has no exceptions to the indemnification and insurance requirements found in RFP Section 9.7. We agree to fulfill these requirements.

4. A statement that nothing contained in the submitted proposal will be proprietary. (Section 10.21)

Nothing in InvoiceCloud's proposal is proprietary.

5. Executed copy of Proposer's Certification (Attachment A)

InvoiceCloud provides our Proposer's Certification below signed by our corporation's president, Mr. Kevin O'Brien.

Attachment A
PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other Proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Sr. Utility Billing Analyst

IMPORTANT!!!

The City is not responsible for misdelivered proposals, and the Proposer is strictly liable for its chosen method of delivery. It is the Proposer's sole responsibility to make sure that proposals arrive at the proper location. Any proposal which does not actually arrive in the City Clerk's Office by the RFP due date and time will be rejected as non-responsive, even if properly addressed or delivered to another City Department.

Your proposal **MUST** be addressed and delivered as follows:

**City of Roseville
Attn: City Clerk Department
311 Vernon Street
Roseville, CA 95678**

OR Email: cityclerkroseville@roseville.ca.us

Note: Email submissions are limited to 25 megabytes.

The Proposer is also directed to include the attached "Sealed Proposal" label on the outside of the package or envelope so that it is visible when delivered to the City.

1.0 INTRODUCTION

The City of Roseville Utility Billing (hereinafter “City”), is soliciting proposals for Payment Gateway and Processor Services. This will be a competitive negotiation process. Qualified individuals, firms, contractors, consultants or entities (hereinafter “Consultant(s)” or “Proposer(s)”), that meet the requirements set forth in this Request for Proposals (hereinafter “RFP”), and are capable of providing the services requested are encouraged to participate.

1.1 BACKGROUND

The City is interested in securing services for payment gateway and processing for online, phone and mobile application payments for electric, water, sewer, refuse and other utility charges. The City is seeking comprehensive proposals from the recipient of this RFP that has demonstrated the capability to satisfy the specific requirements for the City’s online, phone, and mobile application payments. This RFP provides information on the City’s billing system, Cayenta, a division of N. Harris Computer Corporation, and interactive voice response (IVR) system.

1.2 CITY OVERVIEW

The City of Roseville is an incorporated city with a population of more than 150,000 residents, located in Placer County off of Interstate 80, approximately 16 miles northeast of Sacramento, California. The City of Roseville is a Charter city operating under the City Council/City Manager form of government.

1.3 PROPOSAL SUBMITTAL

RFP proposal submittals may be delivered to the Office of the City Clerk, Civic Center, 311 Vernon St., Roseville, CA 95678 via common carrier, hand delivered, or submitted via electronic mail to cityclerkroseville@roseville.ca.us by the specified proposal due date and time. Complete and attach the “Sealed Proposal” label to the outside of the proposal packaging if delivering or hand carrying a hard copy of the proposal, so it is visible to the City Clerk. If submitting a proposal via electronic mail, then include the RFP title and RFP number in the subject line of the email.

1.4 CALIFORNIA SECRETARY OF STATE REGISTRATION

The City requires all corporations, limited liability companies and limited partnerships to be registered to do business in the State of California. On a separate sheet of paper, please include a screenshot of your “ACTIVE” status with your proposal submittal, which can be obtained by accessing this link: <https://bizfileonline.sos.ca.gov/search/business>. All proposers must be registered with the Secretary of State or have a valid exemption by the time of award.

1.5 INSTRUCTIONS

This RFP includes a description of the scope of services, proposal requirements, and instructions for submitting your proposal. Failure to follow these instructions may result in rejection of your proposal.

No oral representations or interpretations will be made to any proposer as to the meaning of this RFP.

Direct all inquiries regarding this RFP in writing Kerri Crosby by accessing the RFP from the City's website at: https://www.roseville.ca.us/business/procurement_services/bids_rfps by no later than 4:00pm on February 21, 2024.

Do not contact other individuals or City departments in this regard. Information provided by anyone other than the above contact may be invalid, and proposals which are submitted in accordance with such information may be declared non-responsive.

In the event that it becomes necessary to revise any part of this RFP, written addenda will be issued. Any amendment to this RFP is valid only if it is in writing and issued by the City department issuing the RFP. No oral interpretations or answers shall bind the City unless confirmed by the City in writing.

All addenda for this RFP will be distributed through [PublicPurchase.com](https://www.PublicPurchase.com) to proposers who have registered with PublicPurchase.com and who have downloaded the RFP. Additionally, the Notice of Intent to Award will be posted on [PublicPurchase.com](https://www.PublicPurchase.com). **It is the proposer's sole responsibility to monitor PublicPurchase.com for possible addenda to this RFP and for the Notice of Intent to Award.** Failure of proposer to retrieve addenda or the Notice of Intent to Award from [PublicPurchase.com](https://www.PublicPurchase.com) shall not relieve him/her of the requirements contained therein or the timelines associated therewith. Additionally, failure of proposer to return a signed addendum, when required, may be cause for rejection of his/her proposal.

2.0 TENTATIVE SCHEDULE

The following represents the tentative schedule for this RFP. Changes to the deadline for Final Questions, or Proposal Submission Deadline will be advertised in the form of an addendum to this RFP. The schedule for the evaluation process and other future dates may be adjusted without notice.

RFP Released by the City.....	February 12, 2024
Deadline for Final Questions.....	February 21, 2024
City Responses to Written Questions.....	February 26, 2024
Proposal Submission Deadline.....	March 6, 2024
Consultant Interviews as needed.....	March 20, 2024
Contract Negotiations.....	TBD
Contract Approval by City Council.....	TBD

3.0 SCOPE OF SERVICES

Please describe your ability to meet each of the requirements below in order to support the scope of services. Consultants must be able to meet all requirements in sections 3.1, 3.2, and 3.4 to be considered.

3.1 General Requirements – Required

- 1 Ability to view payment history
- 2 Make one-time payments with or without creating an account
- 3 Maintain a digital wallet of payment methods
- 4 Make payments via credit/debit card, eCheck and alternate payment platforms such as Apple Pay, Google Pay and Venmo
- 5 Make payments via a secure, PCI-DSS compliant payment processor
- 6 Send notifications of bills coming due and payments processed via email or text message
- 7 Enroll in paperless billing
- 8 Setup recurring credit card or eCheck payments for future bills
- 9 Integrate seamlessly with Cayenta, through a real-time interface to update balances and payments

3.2 Detailed Requirements – Required

- 1 The Consultant will fully deliver and integrate a PGPPS for the City's utility billing system, Cayenta. The Consultant will bear primary responsibility for PGPPS performance, quality, and functionality.
- 2 The Consultant will implement PGPPS by adapting a commercial software payment solution whose functionality and technical reliability has been proven to work in other Cayenta, and Harris Gateway systems.
- 3 All data communications should be encrypted.
- 4 All data stored in the cloud should be encrypted at rest and located in the continental U.S.
- 5 No credit card information is to be stored on City servers.
- 6 Gateway and processor must be PCI DSS compliant and validated by a third-party and utilize a tokenization platform capable of tokenize PANs at the point of customer interaction.
- 7 Provide a real-time portal to view, maintain and cancel payments.
- 8 Accommodate both absorbed and convenience/service fee models.
- 9 Gateway and processor must be available 99.99% of the time.
- 10 Billing and customer data must be restored and fully operational within 24 hours of a catastrophic failure of payment gateway system.

11. Consultant will provide an easy-to-use administrative tool to allow City staff to manage customer accounts and monitor payment activity.
12. Ability to perform voids (within the same business day) and credits for credit card and ACH payment made on-line, or over the IVR.
13. The Consultant must provide daily batch close reports, daily management reports, ACH rejects, file processing notifications. ACH Reject Notifications, paperless customer email bounce reports, and customer request system notifications to multiple staff members via email.
14. Ability to accept payments beyond the due date when applicable with balances automatically updated daily with no intervention from City staff.
15. Allow multiple bills to be paid with a single transaction.
16. Allow multiple payment types from customer for the same bill.
17. Allow partial payments and/or over payments if selected by the City for specific bill types.
18. The administration application must include permissions management and accommodate multiple administrative levels which can be assigned to allow different functionality base on staff position requirements.
19. Password for administrative application must be at least eight characters.
20. The administration application (portal) must use multi-factor authentication; please provide information on any two factor authentication options you offer; email, txt msg, or authenticator app (preferred).
21. Consultant will provide the ability for the City to create a maintenance window for a specific duration at a specified time. Describe any capability to schedule a maintenance window for a future date/time and duration, as well as the process for holding any payments in a queue to be processed/sent to the CIS, once the maintenance window is complete.
22. Payment history should include all types of payments made through the payment gateway.
23. Describe in detail how security is handled for information shared between the Consultant and the City via email or online.
24. The Consultant must allow site visits by City personnel.
25. The Consultant must provide necessary security to protect the City's data from unauthorized access. Please provide details about the security measures that are in place. Include procedures for ensuring that only authorized persons are admitted to the production floor.
26. CSR's will have access to an email control console to 1) see a history of sent emails or text messages and 2) allow manual resend of any sent email or text message.
27. CSR's must be able to lookup a customer by at least: first name, last name, account number, login ID, email address.
28. CSR's can change a billing message on the main page of the payment gateway.

- 29 Payment site must be optimized for desktop, tablet and mobile devices (responsive design).
- 30 Browser compatibility: Chrome, Safari, Android, Firefox, and Edge.
- 31 OS compatibility: Windows, Mac and Linux.
- 32 No pop-up windows in the payment process.
- 33 Single sign-on from the City's customer self-service site for customers.
- 34 Customers can pay for multiple accounts with a single check-out.
- 35 Customer one-time payment with 1) account number, 2) email address only.
- 36 Users can request a password reset: email is sent with a temporary password. Customer will create a new password on first login.
- 37 Customers can store payment information in the gateway for recurring use.
- 38 CAPTCHA security codes must be easy to read and must meet accessibility requirements.
- 39 Payment gateway must be Web Content Accessibility Guidelines (WCAG) 2.0 compliant.
- 40 Easy transition (single link) from the customer self-service site to the gateway and back.
- 41 City staff must be able to use City artwork to create a customized interface that mimics the city website.
- 42 Payment system must utilize HTTPS and redirect to HTTPS if HTTP is chosen.
- 43 Allow customers to schedule payments, enroll in automatic payments, elect paperless billing and elect for pay-by-text and text message notifications using online self-service all within the same payment system.
- 44 Confirmation of scheduled or cancelled payments, paperless registration or cancellation, automatic payment registration or cancellation, and pay-by-text registration or cancellation, must be displayed online at conclusion of the request and customer must receive email or text confirmation of changes within 2 minutes of completion.
- 45 Payment confirmation must be displayed online at conclusion of payment transaction and allow for a printable receipt, and customers must also receive a "Thank you for your payment" email confirmation or text message within 2 minutes of authorization.
- 46 Service should notify customers to update their credit card information 60 days prior to their credit card expiration date and again at 30 days prior to expiration if the customer has not updated the information.
- 47 Payment gateway should be available in English and Spanish.
- 48 City staff will receive email notifications if there are any disabled/incorrect email addresses used in the delivery of bills or emails.
- 49 Link in the notification email brings customer directly to the payment page on the site after login.

- 50 Ability for City staff to setup numerous email and text message notifications, such as upcoming payment due (bill ready to pay), invoice payment receipt, upcoming auto payment, failed auto payment, failed scheduled payments, registration confirmation, auto payment registration, paperless registration, late fee invoice notice, ACH rejects credit card expiration, scheduled payment reminder, auto-payment reminder, flex-pay schedule and customer registration.
- 51 Email notifications must be customizable and allow targeted messages with links to inserts, banners or news announcements. The service must accommodate different email notification messages for each bill type.
- 52 Ability to process transactions automatically each night through the auto-close process.
- 53 Provide audit trails to track customer/CSR/administrative activities including registration and termination of autopay, paperless, and pay-by-text, edits to payment methods, successful and failed authentications, impersonate customer account. Also, capability to download or forward (preferred) this audit trail on an standard syslog format that can be ingested by a SIEM (Security Information and Event Management System). All audit trails must not contain any sensitive information (passwords, PII, PCI).
- 54 Real-time integration with utility billing software and customer self-service.
- 55 Real-time integration with IVR payment systems.
- 56 Persistent payment confirmation: payments are not dropped because of temporary network outages and are transmitted to utility billing system after outage is over until confirmation from CIS is received.
- 57 Customer payment portal must be customizable to match the city website look and feel.
- 58 Reports must have export to CSV, XLS and/or XLSX.
- 59 Provide means in which city staff can authenticate into a secure administration application to create reports and/or excel spreadsheets showing daily, monthly, or date range activity for payments, scheduled payments, upcoming auto-payments, registrations, paperless sign ups, auto-pay enrollments, pay-by-text enrollments, and ACH/EFT rejects.
- 60 Ability to provide daily and monthly Summary and Detail Analysis Reporting of customer payments activity.
- 61 Ability to provide reconciliation reporting for daily deposits and batches, segmented by bill type.
- 62 Fees incurred by City are separate from revenue collected by the City on all financial reports.
- 63 Consultant can transition of City's customers currently signed up for automatic recurring payments to their system, supplying the proper layout and relevant information that is needed for the conversion, should the City decide to do so.
- 64 No additional costs for updates, upgrades, or enhancements to the system.

- 66 The Consultant must notify the City of all updates, upgrades or enhancements via email.
- 66 Training must be provided to instruct City staff how to use the system and ongoing training must be available.
- 67 User guides will be provided by Consultant for product use.

3.3 Detailed Requirements – Highly Desired

- 1 CSR's must have the ability to impersonate a customer account in order to mimic the payment view the customer is seeing.
- 2 Customer payment system must be easy to use, have no more than 4 steps in the payment process, have intuitive navigation, and have an indicator to let the customer know what step they are in the process.
- 3 Once a customer has registered, he/she should be able to login into his/her account using their email address/ user ID and password. The service should show multiple billing accounts to customers who register for different bill types with the same email/user ID and password.
- 4 POS (Point of Sale) integration option is available.
- 5 Clearly show any convenience fees before the payer begins the payment process, and re-display throughout the process.
- 6 Reports have search function per column.
- 7 Reports have filter function per column.
- 8 Reports have a sort function per column.
- 9 Consultant provides online customer support ticketing system.

3.4 Customer Support and Disaster Recovery Requirements - Required

- 1 Customer Support
 - a. The selected Consultant will be expected to accept payments and participate in testing prior to implementation.
 - b. The selected Consultant will provide and maintain a test environment, available to the City at all times, for testing and training purposes.
 - c. The Consultant must provide unlimited customer support during the hours of 7:00 am – 6:00 pm PST.
 - d. Consultant will provide access to a fully functioning helpdesk ticketing system 24x7.
 - e. Routine technical support must be available during business hours.
 - f. Describe the trouble management process functions, including: problem reporting, assignment, escalation, resolution.
 - g. Provide procedures for after-hours support.
 - h. Provide a list of company holidays.
 - i. Provide contact points for customer service.

2 Disaster Recovery

- a. The Consultant must have a disaster recovery facility if the main facility becomes inoperable. Provide locations and information about these facilities.
- b. Provide a summary of the disaster recovery plan, including the amount of time needed to move processing to another facility.
- c. Provide the following information about previous unplanned outages:
 - i. How often do unplanned outages (2 hours or more) occur?
 - ii. What is the average “down time” for these outages?

3.5 Requirements: Multiyear Agreements

The initial contract will be 3 years from date of the signed award. The City reserves the right to renew the contract for 2 additional years, one year at a time at its sole discretion. The Consultant receiving the contract award for the initial contract will retain that contract award throughout the life of the contract, including the optional renewal years.

The initial contract will be awarded based on the prices determined through the initial contract negotiation process. Sixty days prior to the expiration date of the current contract, the City is willing to re-negotiate out-year pricing (increases and/or decreases) based on market fluctuations. The pricing for each renewal year will be evaluated based on what the City deems to be fair and reasonable pricing. Any requests made by the Consultant for a price increase must be fully documented utilizing an appropriate Consumer or Producer Price Index or other relevant market data to justify a price change. In its request for price increases Consultant shall cite sources, specific conditions, and document how those conditions affect the cost. The City of Roseville is also willing to re-negotiate pricing if it is affected by catastrophic circumstances (example: unforeseen national/world crisis or acts of God).

Price adjustments will not be automatic. They must be mutually agreed upon by both the City and the Consultant. The City will review the proposed pricing and determine if it is allowable, fair, reasonable, and in the best interest of the City to extend the agreement.

Commented [SD1]: InvoiceCloud Requested Exception:
InvoiceCloud would prefer a 5-year initial term, with the 5 years being measured from the Go Live Date (i.e., the date on which Roseville's payers are first able to make payments to Roseville using the InvoiceCloud portal in a live production environment). InvoiceCloud would also prefer for the contract to automatically renew for additional successive 3-year terms thereafter.

Commented [SD2]: InvoiceCloud Requested Exception:
InvoiceCloud requests that it retain the right to raise its fees in 3 scenarios:

(1) InvoiceCloud requests the right to increase its fees once per year at its discretion for any reason. This discretionary price increase would be capped at the greater of 5% or CPI, and such price increase could not be applied during the first year of the contract. This increase would require 30 days' written notice to the customer.

(2) If InvoiceCloud incurs increased costs due to an increase in network fees charged by card processors, InvoiceCloud requests to reserve the right to pass these increased network fees on to the customer. For example, if InvoiceCloud incurs a cost increase because Visa raises its rates, InvoiceCloud could pass through the increased Visa rate to the customer by raising its own fees commensurately. This increase would require 30 days' written notice to the customer but could be applied at any time after a network fee increase occurs. However, this increase would only be applicable to the extent that the increased network fees are borne by Invoice Cloud.

(3) On InvoiceCloud's Biller Order Form, the customer specifies their average credit card transaction amount. If the actual average credit card transaction amount processed by InvoiceCloud exceeds 110% of that amount specified on the Biller Order Form for 3 straight months, then InvoiceCloud requests to reserve the right to pass through any network fee increases it incurs as a result of the higher credit card transaction amounts being processed. This increase would require 30 days' written notice to the customer but could be applied at any time after a network fee increase occurs. However, this increase would only be applicable to the extent that InvoiceCloud actually incurs an increase in network fees and the increased network fees are borne by InvoiceCloud.

4.0 ASSURANCE OF DESIGNATED PROJECT TEAM

Proposer shall assure that the designated project team, including sub-consultants or sub-contractors (if any), is used for this project. Departure or reassignment of, or substitution for, any member of the designated project team, sub-consultant(s) or sub-contractor(s) shall not be made without the prior written approval of the City.

5.0 PROPOSAL FORMAT REQUIREMENTS

Each response to this RFP shall include the information described in this section. Provide the information in the specified order. Failure to include all of the information specified may be cause for rejection. Additional information may be provided, but should be succinct and relevant to the goals of this RFP. Any additional information that a proposing Consultant wishes to include that is not specifically requested should be included in an appendix to the proposal.

Consultants are encouraged to keep the proposals brief and to the point, but sufficiently detailed to allow evaluation of the project approach. Excessive information will not be considered favorably. Unauthorized conditions, omissions, limitations or provisions attached to a proposal will render the proposal non-responsive and may cause its rejection.

Proposers are warned against making erasures or alterations of any kind, without initialing each and every such change. Proposals that contain erasures or irregularities of any kind, without such initialing, or omissions, may be rejected.

If provided via regular mail, the proposal should be bound or contained in a loose-leaf binder. Document pages shall be 8-1/2 inches by 11 inches in size or folded to such a size. Use section dividers, tabbed in accordance with this section as specified below.

5.1 **Cover Letter** with the following information:

- Title of this RFP
- Name and Mailing Address of Firm (include physical location if mailing address is a PO Box)
- Contact Person, Telephone Number, Fax Number, and Email Address
- A statement that the submitting Consultant will perform the services and adhere to the requirements described in this RFP, including any addenda (reference the addenda by date and/or number).

5.2 **Signature Requirements** - The attached Proposer's Certification (**Attachment A**) shall be executed by an official(s) legally authorized to bind the Consultant which states that the proposal is valid for ninety (90) days. Include the executed copy of the Proposer's Certification under Tab G. Note: This is ninety (90) days following the closing date for the receipt of all proposals.

- Proposals submitted on behalf of a Partnership shall be signed in the firm name by a partner or the Attorney-in-Fact. If signed by the Attorney-in-Fact, there shall be attached to the proposal a Power-of-Attorney evidencing authority to sign proposals, dated the same date as the proposal and executed by all partners of the firm.
- Proposals which are submitted on behalf of a Corporation shall have the correct corporate name thereon and the actual signature of the authorized officer of the

corporation written (not typed) below the corporate name. The title of the office held by the person signing for the corporation shall appear below the signature of the officer.

- Proposals which are submitted on behalf of a Limited Liability Company (“LLC”) shall be signed by the person or persons authorized to bind the LLC under the LLC’s articles of organization.
- Proposals which are submitted by an Individual Doing Business under a firm name (“dba”) shall be signed in the name of the individual doing business under the proper firm name and style.

- 5.3 **TAB A: Firm’s Qualifications** – Describe your firm and provide a statement of your firm’s qualifications for performing the requested services. Identify the services which would be completed by your firm’s staff and those that would be provided by sub-consultants or sub-contractors, if any. Identify any sub-consultants or sub-contractors you propose to utilize to supplement your firm’s staff. Include the firm’s organizational chart, including its constituent parts, and size variation of staffing levels in the past five (5) years.
- 5.4 **TAB B: Experience and References** – Provide a summary of your firm’s experience in providing these or similar services. Provide a minimum of three (3) references for projects or services similar in nature and scope that your firm’s team members have completed in the last five (5) years. Include brief descriptions of the projects, dates, client names and contact persons’ names, addresses and telephone numbers. Public sector references are preferred.
- 5.5 **TAB C: Qualifications of Team** – Provide a brief summary of the role, qualifications and experience of each team member and designated project manager/lead assigned to this project, including length of service with the firm and the qualifications/experience of any sub-consultant or sub-contractor staff on your project team. A project team organizational diagram and brief resume of each team member and the designated project manager/lead for each applicable category shall be included. The geographic location of the firm and key personnel shall also be identified. Any proposed sub-consultants or sub-contractors shall be listed. Include sub-consultant’s and sub-contractor’s assigned task(s) and experience. Full resumes may be included in the appendix.
- 5.6 **TAB D: Project Understanding** – Based on the available information, supplemental research, field observations, and experience with similar projects, provide a narrative describing your understanding of the services requested in this RFP, your general approach and any major challenges to achieving the City’s stated goals. Include any issues that you believe will require special consideration for this project. Also identify any unique approaches or strengths that your firm may have related to this project. City staff will assess your understanding of all aspects of the project based on the overview.

- 5.7 **TAB E: Project Plan** – Provide a detailed discussion of your firm’s approach to the successful implementation of this project. Include thorough discussions of methodologies you believe are essential to accomplishing this project. Include a proposed work schedule to accomplish all of the required tasks within the desired timeline. Include any recommended additions to the requirements. Identify the staff who would be assigned to each task, including sub-consultants and sub-contractors. List any necessary equipment, training or installation services required.
- 5.8 **TAB F: Cost Proposal** – Provide a total cost proposal for all products and services to be delivered/offered, and a breakdown of costs delineated by tasks as described in your project plan. Include a schedule of hourly rates for all proposed staff and the amount of time each person will be devoted to this project. Include ongoing maintenance costs. Define any reimbursable expenses requested to be paid by the City. Describe how the cost of the proposal could be reduced if necessary. Identify the task that would be eliminated, changed or scaled back.
- 5.9 **TAB G: Required Statements/Documents** – Include statements of assurance regarding the following requirements in the proposal:
- Non-substitution for the designated members of the team without approval by City staff (**Section 5.0**)
 - The absence of a conflict of interest (**Section 10.4**)
 - Indicate your ability and agreement to fulfill the indemnification and insurance requirements contained in the sample contract (**Section 10.7**). (Please note that actual certificates of insurance are not required as part of your submittal.)
 - A statement that nothing contained in the submitted proposal will be proprietary. (**Section 10.21**)
- Submit following documents with proposal:
- Executed copy of Proposer’s Certification (**Attachment A**)
- 5.10 **TAB H: Exceptions** – Describe any and all proposed exceptions, alterations or amendments to the Scope of Services or other requirements of this RFP, including the Sample Contract (**Attachment B**). The nature and scope of your proposed exceptions may negatively affect the evaluation of your submittal and the City’s determination of whether it is possible to successfully negotiate a contract with your firm.
- 5.11 **TAB I: Competency of Proposers** – The City wants to ensure that the successful Consultants has the necessary facilities, ability, experience, and financial resources to provide the services specified herein in a satisfactory and timely manner. Please list and explain any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, foreclosures, and any similar actions filed or resolved in the past seven (7) years. Please indicate whether a client has ever terminated a contract with your firm for breach, and if so, please explain.

6.0 SUBMITTAL INSTRUCTIONS

6.1 Your submittal package shall include the following:

- **One (1) original and four (4) printed copies** of your proposal; and
- **One (1) electronic copy** of your proposal in PDF format on CD, flash drive or other electronic media

OR

If submitting your proposal via electronic mail, then send one (1) copy of the proposal to cityclerkroseville@roseville.ca.us. The file size limit is 25 megabytes.

6.2 Proposals shall be submitted not later than the time and date indicated on the cover page of this RFP. If mailing the proposal, then it shall be submitted in a sealed envelope or container and clearly marked with the RFP title on the outside of the parcel. **Complete and attach the “Sealed Proposal” label to the outside of the envelope or package containing your proposal.**

6.3 Proposals shall be delivered to:

City of Roseville
Attn: City Clerk
Department 311
Vernon Street
Roseville, CA 95678

Or electronically mailed to: cityclerkroseville@roseville.ca.us

6.4 The City shall not be responsible for proposals delivered to a person or location other than that specified herein.

6.5 Postmarks will not be accepted, and proposals received after the deadline date and time will not be accepted or considered. **No exceptions.**

6.6 The City reserves the right to waive minor defects and/or irregularities in proposals and shall be the sole judge of the materiality of any such defect or irregularity.

6.7 All costs associated with proposal preparation shall be borne by the proposer.

7.0 EVALUATION CRITERIA

The following evaluation criteria and rating schedule will be used to determine the most highly qualified firm(s).

<u>Evaluation Criteria</u>	
A. Experience and qualifications of firm and proposed staff/sub-consultants/sub-contractors (per Sections 5.3 - 5.5)	25
B. Understanding of the Project – Proposed Project Plan (per Section 5.6 – 5.7)	25
C. Proposed Cost * (per Section 5.8)	25
D. Ability to meet the requirements (per Section 3)	25
Total Possible Points	100

8.0 SELECTION PROCESS

- 8.1 Award of the RFP shall be made to the responsible proposer whose proposal is determined, through a formal evaluation panel process, to be the most advantageous to the City after the evaluation panel has taken into consideration the evaluation factors set forth in the RFP. A master score sheet shall be created based on the evaluation panel's initial evaluation. Proposals shall be scored according to the criteria stated in the RFP.
- 8.2 Proposals submitted will be reviewed by a selection committee. Contractors that have submitted the best and most complete proposals may be invited to an interview. The number of Contractors invited to an interview may vary depending upon the number of proposals submitted.
- 8.3 Should the City elect to conduct interviews with any proposers, the following criteria shall be considered, and each proposer ranked by the evaluation panel during the interview process: a) Quality of presentation, b) Ability to meet the City's business goals, c) Communication style.
- 8.4 The City reserves the right to make a selection after review of the proposals without oral interviews; therefore, the proposal should be submitted initially on the most favorable terms that the Contractor might propose.
- 8.5 A contract will be negotiated with the Contractor considered best meeting the City's need for this project. In the event a mutually satisfactory contract cannot be negotiated with the City's first choice, negotiations may be terminated and commenced with the Contractor considered next best in meeting the City's needs for this particular project.

- 8.6 The selected Contractor will be required to execute a City prepared contract. The contract may further refine the scope of services and will provide for the terms and conditions of employment.
- 8.7 The award of any contract is expressly contingent upon City Council approval and the availability of funds. City staff may not legally bind the City to a contract.
- 8.8 The City reserves the right to reject any or all proposals, or to waive minor irregularities in said proposals, or to negotiate minor deviations with the successful Contractor(s). In the case of differences between written words and figures in a proposal, the amount stated in written words shall govern. In the case of a difference in unit price versus the extended figure, the unit price shall govern.
- 8.9 The City reserves the right to seek clarification on any or all proposal submittals to ensure the RFP specifications are met. Proposals may be rejected from any proposer who does not comply with the City's request for clarification.
- 8.10 Once a decision has been made to award the contract, then a formal notice of the intent to award to the recommended proposer(s) shall be made by the Department.
- 8.11 A City of Roseville business license as well as all applicable permits, licenses and certifications required by local, state or federal law are required before the award of contract.

9.0 GENERAL TERMS & CONDITIONS

- 9.1 **Standard Contract.** Upon completion of the evaluation and recommendation for award, the selected Contractor will be required to execute an agreement prepared by the City, a sample of which is included as **Attachment C**.
- 9.2 **Independent Contractor.** At all times the Contractor shall represent himself/herself to be an independent contractor offering such services to the general public and shall not represent himself/herself, or his/her employees, to be an employee of the City. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold the City, its officers, agents, and employees, harmless from and against, any and all loss, cost (including attorneys' fees), and damage of any kind related to such matters.
- 9.3 **Non-Appropriation.** The City may terminate any resulting contract at the end of any fiscal year, June 30th, without further liability other than payment of debt incurred during such fiscal year, should funds not be appropriated by its governing body to continue services for which the contract was intended.

Commented [SD3]: InvoiceCloud Requested Exception: InvoiceCloud requests that Roseville consider its suggested alternative for a non-appropriations clause as proposed below:

"This Agreement is subject to the appropriation of funds each fiscal year. In the event that Roseville does not receive sufficient funds from the applicable local source, state legislature, and/or federal sources to pay those fees set forth in the Biller Order Form that are not charged directly to Roseville's customers (i.e., those fees charged directly to Roseville including, without limitation, monthly portal access fees, Online Bank Direct monthly access fees, and adoption-based fees), the parties may mutually agree, upon Invoice Cloud receiving written documentation from Roseville verifying the insufficient appropriation, to exercise any single or combination of the following options until such time as Roseville is able to budget sufficient funds: (a) waiving those fees that are not charged directly to Roseville's customers as described above; (b) increasing the fees charged directly to Roseville's customers to account for the shortfall in fees paid to Invoice Cloud as a result of the non-appropriation; or (c) suspending the provision of the specific Service (e.g., Online Bank Direct) for which Roseville did not receive sufficient appropriation. In the event that the Parties elect not to exercise one or more of the options listed above, either party may terminate this Agreement with thirty (30) days' written notice to the other party, and this Agreement shall thereby terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made, or whenever the funds appropriated for payment under this Agreement are exhausted. Payment for Services provided up to the date of termination shall be made to Invoice Cloud by Roseville, except that no payment shall be made or due to Invoice Cloud under this Agreement beyond those amounts appropriated and budgeted by Roseville to fund payments under this Agreement."

The large majority of fees charged by InvoiceCloud are per-transaction fees. As worded, the above provision will allow the contract to continue in the event of insufficient appropriation until sufficient funds are received by Roseville to pay those fees it is charged directly, if any. The parties can select from a number of options to ensure that Roseville is not charged any fees for which there is insufficient appropriations. If there is a situation where InvoiceCloud is not willing to waive the fees charged to Roseville directly, then Roseville can terminate the agreement.

- 9.4 **Conflict of Interest.** The Contractor shall warrant that no official or employee of the City has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to the City. Contractors submitting a proposal in response to this RFP must disclose any actual, apparent, direct, indirect, or potential conflicts of interest that may exist with respect to the Contractor or the Contractor's management or employees relative to the services to be provided to the City. Conflict of interest issues may require consultation with legal counsel. If a Contractor has no conflicts of interest, a statement to that effect must be included in the proposal. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity.
- 9.5 **Undue Influence.** The Contractor shall warrant via an executed Proposer's Certification (**Attachment A**) that no undue influence or pressure is used against or in concert with any officer or employee of the City in connection with the award or terms of the contract that will be executed as a result of this RFP, including any method of coercion, confidential financial arrangement or financial inducement. No officer or employee of the City shall receive compensation, directly or indirectly, from the Contractor, or from any officer, employee or agent of the Contractor, in connection with the award of the contract or any work to be conducted as a result of this RFP. Violation of this section shall be a material breach of the contract entitling the City to any and all remedies by law or in equity.
- 9.6 **Non-Collusion.** Contractors submitting proposals shall warrant via an executed Proposer's Certification (**Attachment A**) that their offer is made without any previous understanding, agreement or connection with any person, firm or corporation submitting a separate proposal for the same project and is in all respects fair, without outside control, collusion, fraud or otherwise illegal action. This condition shall not apply to proposals which are submitted by firms who have partnered with others to submit a cooperative proposal that clearly identifies a primary contractor and the associated sub-consultants or sub-contractors. Proposers shall also submit a properly completed and executed "Non-collusion Declaration" which is attached as **Attachment B**.
- 9.7 **Indemnification & Insurance Requirements.** The City's standard indemnification and insurance requirements are provided in the sample contract, included in **Attachment C**. All costs of complying with the insurance requirements shall be as included in your pricing. The selected Contractor shall provide complete and valid insurance certificates within ten (10) days of the City's written request. Failure to provide the documents within the time stated may result in rejection of the Contractor's proposal. If a proposer takes exception to the indemnification and insurance requirements, then the nature and scope of the proposed exceptions may negatively affect the evaluation of that proposer's submittal and the City's determination of whether it is possible to successfully negotiate a contract with that firm. Submitting exceptions are at the proposer's own risk.

- 9.8 **Cost of Preparing Proposal.** The City will not pay any costs incurred by any Contractor in preparing or submitting a proposal in response to this RFP.
- 9.9 **Proposals Property of the City.** All documents or materials submitted with or in conjunction with any proposal, including but not limited to electronic files, shall become the property of the City after the proposal submission deadline. No submission documents will be returned. During negotiations, the scope of services may be amended by the City and negotiated based upon ideas provided by other proposers or any other source.
- 9.10 **Proposals are Public Records.** All proposals submitted are subject to the public disclosure requirements under the laws of the State of California, unless the City identifies and exercises a right or obligation to exempt any record from public disclosure. However, proposals will not be disclosed until negotiations are complete and a recommendation for selection and award is made.
- 9.11 **Protests.**
- (a) Protest Requirements
- (1) Any proposer who is aggrieved in connection with the solicitation or award of a contract may file a protest with the City Clerk's office. The protest must be received in writing by the City Clerk's office within seven (7) calendar days after such aggrieved proposer 1) knows or should have known of the facts giving rise thereto or 2) the date of the notice of intent to award, whichever is sooner. In no event shall a protest be allowed after an award has been made by City Council. If the seventh calendar day falls on a weekend or City holiday, the protesting party may submit the protest prior to close of business on the first business day following such weekend or holiday. Failure to submit a timely protest shall bar consideration of a protest.
- (b) Grounds for Protest
- (1) The alleged grounds for protest shall be limited to the following: (a) computation errors, (b) violations of local, state, or federal law, or (c) the City failed to follow the procedures specified in this Policy.
- (2) The protest shall state all grounds claimed for the protest and include supporting documentation. Failure to clearly state the grounds for the protest and provide supporting documentation shall be deemed a waiver of all protest rights.
- (c) Administrative Review
- Upon receipt of the protest and after determining the protest was properly filed, the Department Director shall provide a copy of the protest to other proposers who might become aggrieved as a result of the protest and issue a written decision within fourteen (14) calendar days after receipt of the protest. The protest will be evaluated by the Department Director, the City Attorney's Office, and the Purchasing

Manager. The protesting proposer shall promptly provide any information requested by City staff as part of such investigation. The decision shall either deny or uphold the protest and include reasons for the decision. The written decision shall be final.

(d) Stay of Action During a Protest

In the event a protest is filed under Section 10.11, the City shall not proceed further with the award of the contract until the protest is resolved, unless:

(1) The City Manager or designee makes a determination that the award of the contract without delay is necessary to protect a substantial interest of the City, or

(2) The City decides to reject all proposals and issue a new RFP.

- 9.12 **Rejection of RFP.** The City reserves the right to reject any or all proposals, to waive defects or irregularities in any proposal or in the RFP process, and to offer to negotiate or contract with any Contractor in response to any RFP. This RFP does not constitute any form of offer to contract.
- 9.13 **Multiple Award.** The City reserves the right to award the contract to multiple contractors when applicable
- 9.14 **Increasing/Decreasing Portions of RFP.** The City reserves the right to increase or decrease the amount of any portions of the work represented in the RFP and/or to omit portions of said work, as may be deemed necessary by the City.
- 9.15 **Rejection as non-Responsive.** Proposals may be rejected as non-responsive at the City's sole discretion if there are alterations of form, the proposal is conditional or the proposal is incomplete.
- 9.16 **Modifying RFP.** The City reserves the right to modify any portion of, or to postpone or cancel this RFP at any time, and/or reject any and all submissions without indicating any reason.
- 9.17 **If no proposal is accepted,** the City may elect to have the services performed in some other manner.
- 9.18 **Rejecting Team Members, Firms or Sub-contractors.** The City reserves the right to reject individual team members, firms, sub-consultants or sub-contractors and request substitution prior to contract award.
- 9.19 **Local Business, Small Business, Minority and Women Owned Business.** Although no preferences will be given, the City highly encourages submission of proposals by local businesses, by small business owners, and by minority and women-owned businesses.

- 9.20 **Withdrawal of Proposals.** Proposals may be withdrawn prior to the date and time specified for proposal submission with a formal written notice by an authorized representative of the proposer delivered to the City Clerk's Office. Proposals submitted will become property of the City after the proposal submission deadline.

Proposals may not be withdrawn for ninety (90) days after the due date unless the City enters into a contract with another Contractor prior to the expiration of that ninety (90) day period.

- 9.21 **Prohibited Transmittals.** No telephone or facsimile proposals will be accepted. If a photocopy is submitted, the proposal must be signed in ink.
- 9.22 **Proposal Postponement and Amendment.** The City reserves the right to revise or amend the RFP or specifications up to the time set for opening of the proposals. Such revisions and amendments, if any, shall be announced by amendments to this RFP through the City's web site. Copies of such amendments shall be furnished to all prospective proposers. Prospective proposers are defined as those proposers who have registered and are on the City's RFP list for this material/service. If revisions and amendments require changes in quantities, prices or scope of services, the date set for opening of the proposals may be postponed by such number of days as in the opinion of the City shall enable proposers to revise their proposals. Proposals which fail to acknowledge a substantive addendum to the RFP, as determined by the City Attorney's Office, on the City supplied addendum form will be rejected as non-responsive. Any revisions or amendments to the RFP will become incorporated into any contract awarded pursuant to the RFP.
- 9.23 **Proprietary Information.** Proposers submitting a proposal in response to this RFP must provide a statement that nothing contained in the submitted proposal will be proprietary. However, if a proposer desires to claim a privilege against public disclosure for a trade secret or other proprietary information, such information must be submitted with the proposal in a separate envelope marked "confidential." The City Attorney's Office will determine if the information is in fact proprietary, based on state and federal law. Note that under California law, a price proposal to a public agency is not a trade secret. The Contractor shall defend, indemnify and hold harmless the City regarding any claim by any third party for the public disclosure of the "confidential" portion of the proposal.
- 9.24 **Right to Request Additional Information.** During the evaluation process, the City reserves the right, where it may serve the best interests of the City, to request additional information and clarifications from proposers. Such information will be requested in writing to the specific proposer. This information will become a part of the original proposal submitted by the specific proposer and will be used by the City in evaluating the proposal and will not be shared with other proposers during the evaluation and negotiation process.
- 9.25 **Modification of Proposals.** Modification of a proposal already received will be considered only if the modification is received prior to the deadline date for

receiving proposals. All modifications shall be made in writing, executed, and submitted in the same form and manner as the original proposal.

- 9.26 **Examination of Contract Documents.** Each proposer shall thoroughly examine and be familiar with the terms of this RFP, the sample contract attached as **Attachment C**, legal and procedural documents, general conditions, specifications, and addenda (if any), which will constitute the contract documents. Submission of a proposal shall constitute acknowledgement, upon which the City may rely, that the proposer has thoroughly examined and is familiar with the contract documents. Failure or neglect of a proposer to receive or examine any of the contract documents shall in no way relieve the proposer of any obligation with respect to their proposal or to the contract. No claim for additional compensation will be allowed which is based upon lack of knowledge of any contract document.
- 9.27 **Non-Discrimination.** The City maintains various policies related to contractual service providers. Among these is an anti-discrimination policy, which requires that the City's contractors not discriminate in hiring on the basis of gender, race, religion, sexual orientation, medical condition, and all other categories protected by law. Upon acceptance of a proposal, the City may request that the selected Contractor sign a statement affirming its compliance with this policy.
- 9.28 **No Assignment or Modifications.** This awarded contract is to be binding on the successors and assigns of the parties hereto. The services called for herein are deemed unique and except as provided herein Contractor shall not assign, transfer, subcontract, or otherwise substitute its interest in the agreement or any of its obligations herein without the written consent of the City. The Agreement may be modified only by a written amendment signed by the parties.
- 9.29 **Bankruptcy.** Upon filing for any bankruptcy or insolvency proceeding whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assignee for the benefit of creditors, the Contractor must notify the City immediately. Upon learning the actions herein identified, the City reserves the right, at its sole discretion, to cancel the contract.
- 9.30 **Debarment.** Contractor certifies that Contractor, its employees, directors, officers, agents, subcontractors, vendors, consultants, and volunteers are not presently debarred, excluded, suspended, declared ineligible, voluntarily excluded, or proposed for debarment, exclusion, suspension or ineligibility by any federal, state, or local department or agency.
- 9.31 **Cooperative/Piggyback Purchasing.** The City of Roseville encourages the use of cooperative purchasing or piggyback transactions by local governmental jurisdictions or public agencies. Nothing contained herein shall prevent another local governmental jurisdiction or public agency from utilizing the terms of this RFP or the resulting contract to separately contract with the proposer for its particular purpose.

Commented [SD4]: InvoiceCloud Requested Exception:
InvoiceCloud requests a carve-out for sale assignments, similar to the following language: "This Agreement may be assigned by a Party without the permission of the other Party in the event of a sale of all or substantially all of the assets or equity of a Party (a "Sale Assignment")."

Attachment A
PROPOSER'S CERTIFICATION

I hereby propose to furnish the goods or services specified in the Request for Proposals ("RFP"). I agree that my proposal will remain firm for a period of up to ninety (90) days in order to allow the City of Roseville ("City") adequate time to evaluate the qualifications submitted.

I have carefully examined the Request for Proposals and any other documents accompanying or made a part of this RFP. The information contained in this proposal is true and correct to the best of my knowledge and is signed under penalty of perjury under the laws of the State of California. I further certify that I am duly authorized to submit this proposal on behalf of the firm as its authorized agent and that the firm is ready, willing and able to perform if awarded the contract.

I further certify that this proposal is made without prior understanding, agreement, connection, discussion, or conspiracy with any other person, firm or corporation submitting a proposal for the same product or service; that this proposal is fair and made without outside control, collusion, fraud or illegal action; that no officer, employee or agent of the City or any other Proposer is financially interested in said proposal; that no undue influence or pressure was used against or in concert with any officer, employee or agent of the City in connection with the award or terms of the contract that will be executed as a result of this RFP; and that the undersigned executed this Proposer's Certification with full knowledge and understanding of the matters therein contained and was duly authorized to do so.

Attachment B

**NONCOLLUSION DECLARATION TO BE EXECUTED BY
BIDDER AND SUBMITTED WITH BID**

The undersigned declares:

I am the _____ of _____, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____ [date], at _____ [city], _____ [state].

(Signature of Declarant)

Attachment C
SAMPLE CONTRACT

PROFESSIONAL SERVICES AGREEMENT

Project: _____

THIS AGREEMENT is made and entered into this ____ day of _____, 20____,
by and between the City of Roseville, a municipal corporation ("CITY"), and
_____, a _____ ("CONSULTANT"); and

W I T N E S S E T H:

WHEREAS, CITY desires professional services consisting of _____
_____; and

WHEREAS, CONSULTANT has prepared a proposal dated _____,
which describes the scope of work to be performed by CONSULTANT, the budget for the work,
and the schedule for performance of the work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional
services.

NOW, THEREFORE, the parties agree as follows:

1 Services. CONSULTANT shall perform, at the direction of CITY, the scope of
services as described in EXHIBIT "A," attached hereto and incorporated herein by this
reference.

2 Compensation. For its services provided hereunder, CONSULTANT shall be
compensated on a time and expense basis in accordance with the budget estimate as described in

EXHIBIT “B,” attached hereto and incorporated herein by this reference. Total compensation shall not exceed _____ dollars (\$_____).

Commented [SD5]: InvoiceCloud Requested Exception: InvoiceCloud’s transaction fees are applied on a per-transaction basis as payments are processed through the InvoiceCloud portal, not a time and expense basis.

CONSULTANT shall submit one monthly invoice for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

Commented [SD6]: InvoiceCloud Requested Exception: InvoiceCloud’s transaction fees are typically auto-debited from the customer’s settlement account at the same time a payment is processed.

3 **Indemnification.** To the fullest extent allowed by law, CONSULTANT shall defend, indemnify, and save and hold harmless CITY, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of CONSULTANT’s willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from CITY’s sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT’s responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by

law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

4 Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

<u>COVERAGE</u>	<u>LIMITS OF LIABILITY</u>
Workers' Compensation	Statutory
Commercial General Liability	\$1,000,000 each occurrence \$2,000,000 aggregate Personal Injury: \$1,000,000 each occurrence \$2,000,000 aggregate
Automobile Liability	\$1,000,000 combined single limit
Professional Liability (errors and omissions)	\$1,000,000 per claim \$2,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be

Commented [SD7]: InvoiceCloud Requested Exception: InvoiceCloud will be able to add Roseville as an additional insured on its CGL and Auto policies but will not be able to provide a separate endorsement form.

primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

Commented [SD8]: InvoiceCloud Requested Exception: InvoiceCloud will be able to add Roseville as an additional insured on its CGL and Auto policies but will not be able to provide a separate endorsement form.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

Commented [SD9]: InvoiceCloud Requested Exception: InvoiceCloud requests that a "commercially reasonable" standard be used for this notification obligation, such that failure to strictly satisfy the 10-day notification period would not constitute a material breach of the agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

Commented [SD10]: InvoiceCloud Requested Exception: InvoiceCloud will not be able to provide a separate endorsement form.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor,

regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be

disclosed to Risk Management for approval and shall not reduce the limits of liability.

Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive

subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all work performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth

herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5 Records. CONSULTANT and its subcontractors shall maintain all files and

records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of

Commented [SD11]: InvoiceCloud Requested Exception:
It is unlikely that any InvoiceCloud subcontractors would be providing services directly impacting Roseville, but InvoiceCloud can agree to accept responsibility and liability for the actions of its subcontractors. InvoiceCloud cannot guarantee that any such subcontractors will agree to be bound by the specific terms and conditions of the prospective contract between InvoiceCloud and Roseville, especially with respect to any contracts with subcontractors that are already in existence prior to the effective date of any contract between InvoiceCloud and Roseville.

Commented [SD12]: InvoiceCloud Requested Exception:
InvoiceCloud can agree to waive subrogation on its Workers Comp, CGL and Auto Liability policies but will not be able to provide a separate endorsement form.

this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provision in its contracts with all subcontractors.

6 Time is of the Essence. Time is of the essence of this Agreement.

7 Prevailing Wages. When applicable, for purposes of this Agreement,

CONSULTANT and its subcontractors shall comply with all applicable prevailing wage laws, e.g., but not limited to, California Labor Code Sections 1770 et seq. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars (\$200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages

Commented [SD13]: InvoiceCloud Requested Exception:
It is unlikely that any InvoiceCloud subcontractors would be providing services directly impacting Roseville, but InvoiceCloud can agree to accept responsibility and liability for the actions of its subcontractors. InvoiceCloud cannot guarantee that any such subcontractors will agree to be bound by the specific terms and conditions of the prospective contract between InvoiceCloud and Roseville, especially with respect to any contracts with subcontractors that are already in existence prior to the effective date of any contract between InvoiceCloud and Roseville.

applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8 Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

9 Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

10 Public Contracts: Conflicts of Interest. CONSULTANT's duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications.

CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.

11 Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

12 Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

13 Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele

Commented [SD14]: InvoiceCloud Requested Exception:
InvoiceCloud requests that it not be required to disclose any confidential or proprietary information or trade secrets to any third party as part of this obligation.

Commented [SD15]: InvoiceCloud Requested Exception:
InvoiceCloud requests a carve-out for sale assignments, similar to the following language: "This Agreement may be assigned by a Party without the permission of the other Party in the event of a sale of all or substantially all of the assets or equity of a Party (a "Sale Assignment")."

without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

14 Representations and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

15 Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

16 Copyright, Ownership and Use of Materials. All tangible material ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto,

and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment.

In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

17. Termination of Agreement. The City may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any Material, notwithstanding any termination or any dispute regarding the amount to be paid.

18. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance hereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California,

Commented [SD16]: InvoiceCloud Requested Exception:
InvoiceCloud cannot agree to this provision as written. InvoiceCloud would be providing Roseville and its customers with access to a multitenant SaaS platform for the processing of payments owed to Roseville. No customized work product is produced for Roseville as part of this service, and the electronic payment processing services provided by Invoice Cloud are not "completed" or subject to a project work schedule in the traditional sense as would apply to tangible goods or tangible work product or works made for hire.

Commented [SD17]: InvoiceCloud Requested Exception:
InvoiceCloud cannot agree to this sentence as written. Per organizational policy, InvoiceCloud does not permit termination for convenience in its service agreements. Invoice Cloud incurs significant expense and effort to integrate its platform with its customers' systems, including set up and implementation costs that InvoiceCloud absorbs and does not pass on to the customer. If Roseville terminated early for convenience during the initial term, InvoiceCloud would risk providing the service at a loss. Service fees are negotiated on the assumption that the term will reach completion for an appropriate ROI.

regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

19 Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

20 Severability. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

21 Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

<u>CITY OF ROSEVILLE</u>	<u>CONSULTANT</u>
_____	_____
_____	_____
_____	_____
_____	_____

Either party may amend its address for notice by giving notice to the other party in writing.

22 Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No._____, adopted by the Council of the City of Roseville on the ___ day of _____, 20_, and CONSULTANT has caused this Agreement to be executed.

1. License Grant & Restrictions. Subject to execution by Biller of the Invoice Cloud Biller Order Form incorporating this Agreement, Invoice Cloud hereby grants Biller a non-exclusive, non-transferable, worldwide right to use the Service described on the Biller Order Form until termination as provided herein, solely for the following purposes, and specifically to bill and receive payment from Biller's own customers, for Services that are referenced in the Biller Order Form. All rights not expressly granted to Biller are reserved by Invoice Cloud and its licensors.

Biller will provide to Invoice Cloud all Biller Data generated for Biller's Customers. Unless otherwise expressly agreed to in writing by Invoice Cloud to the contrary, Invoice Cloud will process all of Biller's Customers' Payment Instrument Transactions requirements related to the Biller Data and will do so via electronic data transmission according to our formats and procedures for each electronic payment type selected in the Biller Order Form. In addition, Biller will execute all third-party applications and enter into all agreements required for the Service without unreasonable delay, including without limitation Payment Processing Agreements and merchant agreements that may be required upon implementation, or later at such time as the Service operates with different or multiple payment processors. Throughout the Term of this Agreement, for "Invoice Types" listed on the Biller Order Form (e.g., real estate taxes, utility bills, parking tickets, insurance premium, loans, etc.), Biller will not use the credit card processing, ACH or check processing of any bank, payment processor, entity, or person, other than Invoice Cloud via electronic data transmission or the authorization for processing of Biller's Customers' Payment Instrument Transactions, for each electronic payment method selected in the Biller Order Form.

Biller shall not: (i) license, sublicense, sell, resell, transfer, assign, distribute or otherwise commercially exploit or make available to any third party the Service in any way; (ii) modify or make derivative works based upon the Service; (iii) recreate, "frame" or "mirror" any portion of the Service on any other server or wireless or Internet-based device; (iv) reverse engineer or access the Service; or (v) copy any features, functions or graphics of the Service.

2. Privacy & Security. Invoice Cloud's privacy and security policies may be viewed at <http://www.invoicecloud.com/privacy.html>. Invoice Cloud reserves the right to modify its privacy and security policies in its reasonable discretion from time to time which modification shall not materially adversely impact such policies. Invoice Cloud will maintain compliance with current required Payment Card Industry (PCI) standards and Cardholder Information Security standards.

3. Account Information and Data. Invoice Cloud does not and will not own any Customer Data, in the course of providing the Service. Biller, not Invoice Cloud, shall have sole responsibility for the accuracy, quality, integrity, legality, and reliability of, and obtaining the intellectual property rights to use and process all Customer Data. In the event this Agreement is terminated, Invoice Cloud will make available to Biller a file of the Customer Data (to the extent that Invoice Cloud is permitted to provide pursuant to applicable law and PCI-DSS standards), within 30 days of termination of this Agreement (or at a later time if required by applicable law), if Biller so requests at the time of termination. Invoice Cloud will retain Customer Data for a period from its creation for the time frame that is listed in the Biller Order under "Data Retention", and reserves the right to remove and/or delete remaining Customer Data no less than 60 days after termination or expiration except as prohibited by applicable law or in the event of exigent circumstances.

4. Confidentiality / Intellectual Property Ownership. Invoice Cloud agrees that it may be furnished with or otherwise have access to Customer Data that the Biller's customers consider confidential. Invoice Cloud agrees to secure and protect the Customer Data in a manner consistent with the maintenance of Invoice Cloud's own Confidential Information, using at least as great a degree of care as it uses to maintain the confidentiality of its own confidential information, but in no event use less than commercially reasonable measures. Invoice Cloud will not sell, transfer, publish, disclose, or otherwise make available any portion of the Customer Data to third parties, except as permitted under this Agreement or required to perform the Service or otherwise required by applicable law.

Invoice Cloud (and its licensors, where applicable) owns all right, title and interest, including all related Intellectual Property Rights, in and to the Invoice Cloud Technology, the Content and the Service and any enhancement requests, feedback, integration components, suggestions, ideas, and application programming interfaces, recommendations or other information provided by Biller or any other party relating to the Service. In the event any such intellectual property rights in the Invoice Cloud Technology, the Content or the Service do not fall within the specifically enumerated works that constitute works made for hire under applicable copyright laws or are deemed to be owned by Invoice Cloud, Biller hereby irrevocably, expressly and automatically assigns all right, title and interest worldwide in and to such intellectual property rights to Invoice Cloud. The Invoice Cloud name, the Invoice Cloud logo, and the product names associated with the Service are trademarks of Invoice Cloud or third parties, and no right or license is granted to use them.

Biller agrees that during the course of using or gaining access to the Service (or components thereof) it may be furnished with or otherwise have access to information that Invoice Cloud considers to be confidential including but not limited to Invoice Cloud Technology, the Agreement, customer and/or prospective customer information, product features and plans, the marketing/sales collateral, pricing and financial information of the parties which are hereby deemed to be Invoice Cloud Confidential Information, or any other information that by its very nature constitutes information of a type that any reasonable business person would conclude was intended by Invoice Cloud to be treated as proprietary, confidential, or private (the "Confidential Information"). Biller agrees to secure and protect the Confidential Information in a manner consistent with the maintenance of Invoice Cloud's rights therein, using at least as great a degree of care as it uses to maintain the confidentiality of its own confidential information, but in no event use less than reasonable efforts. Biller will not sell, transfer, publish,

disclose, or otherwise make available any portion of the Confidential Information of the other party to third parties (and will ensure that its employee and agents abide by the requirements hereof), except as expressly authorized in this Agreement or otherwise required by applicable law.

5. Billing. Invoice Cloud fees for the Service are provided on the Biller Order Form. Invoice Cloud's fees are exclusive of all taxes, levies, or duties imposed by taxing authorities. Invoice Cloud may assess and/or collect such taxes, levies, or duties against Biller and Biller shall be responsible for payment of all such taxes, levies, or duties, excluding only United States (federal or state) taxes based solely on Invoice Cloud's income. All payment obligations are either auto debited from the Biller Bank Account or payable on receipt of invoice from Invoice Cloud, and are non-cancellable, and all amounts or fees paid are non-refundable. Unless Invoice Cloud in its discretion determines otherwise, all fees will be billed in U.S. dollars. If Biller believes Biller's bill or payment is incorrect, Biller must provide written notice to Invoice Cloud within 60 days of the earlier of the invoice date, or the date of payment, with respect to the amount in question to be eligible to receive an adjustment or credit; otherwise such bill or payment is deemed correct. Invoice Cloud reserves the right to modify pricing with respect to applicable fees to be paid under this Agreement, at any time upon thirty days written notice to Biller: a) based on increases incurred by Invoice Cloud on Network Fees from credit card processors, bank card issuers, payment associations, ACH and check processors; or b) if, during the Term, the average credit card payment processed by Invoice Cloud for any three (3) consecutive month period exceeds 110% of the Average Credit Card Transaction \$ specified on the corresponding Invoice Parameter Sheet(s), to the extent that Invoice Cloud incurs increases in Network Fees. Invoice Cloud, on at least 30 days written notice to Biller, may also increase any or all fees referenced in the Biller Order Form (including any Invoice Parameter Sheets), by no more than the greater of CPI for the preceding period or 5%, provided, however, that such increase may not apply during the first year after the execution date of the Biller Order Form and may not occur more than once per year thereafter.

6. Term and Termination. The initial term of this Agreement shall commence as of the execution date of the Biller Order Form and continue for a period of five (5) years after the Go Live Date ("Initial Term"), and will automatically renew for each of additional successive three (3) year terms ("Renewal Term") unless terminated as set forth herein. "Term" as used herein shall mean the Initial Term and any Renewal Term. This Agreement may be terminated by either party effective at the end of the Initial Term or any Renewal Term by such party providing written notice to the other party of its intent not to renew no less than ninety (90) days prior to the expiration of the then-current term. Additionally, this Agreement may be terminated by either party with cause in the event of a material breach of the terms of this Agreement by the other party and the breach remains uncured for a period of 30 days following receipt of written notice by the breaching party. Upon any early termination of this Agreement by Invoice Cloud as a result of breach, Biller shall remain liable for all fees and charges incurred, and all periodic fees owed through the end of the calendar month following the effective date of termination. Upon any termination or expiration of this Agreement, Biller's password and access will be disabled and Biller will be obligated to pay the balance due on Biller's account. Biller agrees that Invoice Cloud may charge such unpaid fees to Biller's Debit Account or credit card or otherwise invoice Biller for such unpaid fees.

7. Invoice Cloud Responsibilities. Invoice Cloud represents and warrants that it has the legal power and authority to enter into this Agreement. Invoice Cloud warrants that the Service will materially perform the functions that the Biller has selected on the Biller Order Form and the Statement of Work, attached hereto and incorporated herein by reference (the "Statement of Work"), under normal use and circumstances, and that Invoice Cloud shall use commercially reasonable measures with respect to Customer Data to the extent that it retains such, in the operation of the Service; provided, that the Biller shall maintain immediately accessible backups of the Customer Data (to the extent that Biller is permitted pursuant to applicable law and PCI-DSS standards). In addition, Invoice Cloud will, at its own expense, as the sole and exclusive remedy with respect to performance of the Service, correct any Transaction Data to the extent that such errors have been caused by Invoice Cloud or by malfunctions of Invoice Cloud's processing systems.

8. Limited Warranty. EXCEPT AS PROVIDED IN SECTION 7, THE SERVICE AND ALL CONTENT AND TRANSACTION DATA IS PROVIDED WITHOUT ANY EXPRESS, OR IMPLIED WARRANTY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW BY INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS. INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS DO NOT REPRESENT OR WARRANT THAT (A) THE USE OF THE SERVICE WILL BE UNINTERRUPTED OR ERROR-FREE, OR OPERATE IN COMBINATION WITH ANY OTHER HARDWARE, SOFTWARE, SYSTEM OR DATA, (B) THAT THE SERVICE WILL NOT EXPERIENCE DELAYS IN PROCESSING OR PAYING, OR (C) THE SERVICE WILL MEET REQUIREMENTS WITH RESPECT TO SIZE OR VOLUME. Invoice Cloud's service may be subject to limitations, delays, and other problems inherent in the use of the internet and electronic communications. Invoice cloud is not responsible for any delays, delivery failures, or other damage resulting from such problems.

9. Biller's Responsibilities. Biller represents and warrants that it has the legal power and authority to enter into this Agreement. Biller is responsible for all activity occurring under Biller's accounts and shall abide by all applicable laws, and regulations in connection with Biller's and/or its customers' and/or any payers' use of the Service, including those related to data privacy, communications, export or import of data and the transmission of technical, personal or other data. Biller represents and warrants that Biller has not falsely identified itself nor provided any false information to gain access to the Service and that Biller's billing information is correct. Biller shall: (i) notify Invoice Cloud immediately of any unauthorized use of any password or account or any other known or suspected breach of security; (ii) report to Invoice Cloud and immediately stop any copying or distribution of Content that is known or suspected to be unauthorized by Biller or Biller's Users; and (iii) obtain consent from Biller's customers and payers to receive notifications and invoices from Invoice Cloud. Invoice Cloud is not responsible for any Biller postings in error due to delayed notification from credit card processors, ACH, bank and other related circumstances.

Biller Agreement

Biller agrees and acknowledges that in the event that Biller has access to, receives from, creates, or receives protected health information, or Biller has access to, creates, receives, maintains or transmits on behalf of electronic protected health information (as those terms are defined under the privacy or security regulations issued pursuant to the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) and Subtitle D of the Health Information Technology for Economic and Clinical Health Act provisions of the American Recovery and Reinvestment Act of 2009 (“ARRA”), during the performance under this Agreement, it will comply with all such law, regulations and rules related thereto.

Biller is required to ensure that it maintains a fair policy with regard to the refund, return or cancellation of payment for services and adjustment of Transactions. Biller is also required to disclose all refund, return and cancellation policies to Invoice Cloud and any applicable payment processors and Biller’s Customers, as requested. Any change in a return/cancellation policy must be submitted to Invoice Cloud, in writing, not less than 21 days prior to the effective date of such change. If Biller allows or is required to provide a price adjustment, or cancellation of services in connection with a Transaction previously processed, Biller will prepare and deliver to Invoice Cloud Transaction Data reflecting such refund/adjustment within 2 days of resolution of the request resulting in such refund/adjustment. The amount of the refund/adjustment cannot exceed the amount shown as the total on the original Transaction Data. Biller may not accept cash or any other payment or consideration from a Customer in return for preparing a refund to be deposited to the Customer’s account; nor may Biller give cash/check refunds to a Customer in connection with a Transaction previously processed by credit card, debit card, ACH, or other electronic payment method, unless required by applicable law. Biller shall cooperate with Invoice Cloud to effect a timely Implementation by Biller allocating sufficient and properly trained personnel to support the implementation process and fully cooperating with Invoice Cloud and by securing the cooperation of Biller’s software and service providers and providing to Invoice Cloud the information required to integrate with Biller’s billing, CIS and other applicable systems.

10. Indemnification. Invoice Cloud shall indemnify and hold Biller and Biller’s employees, attorneys, and agents, harmless from any losses, liabilities, and damages (including, without limitation, Biller’s costs, and reasonable attorneys’ fees) arising out of: (i) failure by Invoice Cloud to implement commercially reasonable measures against the theft of Customer Data; or (ii) its total failure to deliver funds processed by Invoice Cloud as required hereunder (which relates to payments due from Invoice Cloud for Transaction data). This indemnification does not apply to any claim or complaint relating to Biller’s failure to resolve a payment dispute concerning debts owed to Biller or Biller’s negligence or willful misconduct or violation of any applicable agreement or law.

11. Fees.

Invoice Cloud will charge the Biller and/or payer, payment transaction and other fees as provided in the Biller Order Form. In addition, Invoice Cloud will charge the fees set forth on the Biller Order Form for the initial platform setup, configuration, implementation and integration with Biller system(s) of its standard Service as set forth in the Statement of Work (the “Implementation”). Invoice Cloud reserves the right to also charge for changes and additions to the Implementation, and for any requests by Biller following the implementation which are agreed in writing by the parties, including without limitation for the following services, at its then standard rates:

- Custom development and features which are not stated in the Statement of Work and Biller Order Form, and change requests and modifications to existing platform functionality not stated in the Statement of Work and Biller Order Form;
- Additional integrations or integration modifications after the Go Live Date that are not provided for in the Biller Order Form or Statement of Work;
- Changes to bill presentment (web and PDF templates), billing system integrations, and other Service components coded or configured to Biller’s specifications after Biller has signed off on the relevant specification or Service is live;
- Custom data extracts and file requests that are not part of the Implementation signed off on by both parties; and
- Data conversion not listed in the Statement of Work, or repetitive re-loading of data due to Biller error.

12. Limitation of Liability. INVOICE CLOUD’S AGGREGATE LIABILITY SHALL BE UP TO AND NOT EXCEED THE AMOUNTS ACTUALLY PAID BY AND/OR DUE FROM BILLER IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH CLAIM. IN NO EVENT SHALL INVOICE CLOUD AND/OR ITS LICENSORS BE LIABLE TO ANYONE FOR ANY INDIRECT, PUNITIVE, SPECIAL, EXEMPLARY, INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF DATA, REVENUE, PROFITS, USE OR OTHER ECONOMIC ADVANTAGE) DAMAGES ARISING OUT OF, OR IN ANY WAY CONNECTED WITH THE SERVICE, EVEN IF THE PARTY FROM WHICH SUCH DAMAGES ARE BEING SOUGHT OR SUCH PARTY’S LICENSORS HAVE BEEN PREVIOUSLY ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Certain states and/or jurisdictions do not allow the exclusion of implied warranties or limitation of liability for incidental, consequential or certain other types of damages, so the exclusions set forth above may not apply to Biller.

13. Export Control. The Biller agrees to comply with United States export controls administered by the U.S. Department of Commerce, the United States Department of Treasury Office of Foreign Assets Control, and other U.S. agencies.

14. Notice. Either party may give notice by electronic mail to the other party’s email address (for Biller, that address on record on the Biller Order Form) or by written communication sent by first class mail or pre-paid post to the other party’s address on record in Invoice Cloud’s account information for Biller, and for Invoice Cloud, to Invoice Cloud, Inc., 30 Braintree Hill Office Park, Suite 101, Braintree, MA 02184

Biller Agreement

Attention: Client Services or helpdesk@invoicecloud.com. Such notice shall be deemed to have been given upon the expiration of 48 hours after mailing or posting (if sent by first class mail or pre-paid post) or 12 hours after sending (if sent by email).

15. Assignment. This Agreement may not be assigned by either party without the prior written approval of the other party, but may be assigned without such party's consent to (i) a parent or subsidiary, (ii) an acquirer of assets, or (iii) a successor by merger. Any purported assignment in violation of this section shall be void.

16. Insurance.

Invoice Cloud agrees to maintain in full force and effect during the Term of the Agreement, at its own cost, the following coverages:

- a. Commercial General or Business Liability Insurance with minimum combined single limits of One Million (\$1,000,000) each occurrence and Two Million (\$2,000,000) general aggregate.
- b. Umbrella Liability Insurance with minimum combined single limits of Five Million (\$5,000,000) each occurrence and Five Million (\$5,000,000) general aggregate.
- c. Automobile Liability Insurance with minimum combined single limits for bodily injury and property damage of not less than One Million (\$1,000,000) for any one occurrence, with respect to each of the Invoice Cloud's owned, hired or non-owned vehicles assigned to or used in performance of the Services.
- d. Errors and Omissions Insurance (Professional Liability and Cyber Insurance) with limits of liability of at least One Million Dollars (\$1,000,000) per claim and in the aggregate.

17. Immigration Laws. Invoice Cloud represents and warrants that it has complied and will comply with all applicable immigration laws with respect to the personnel assigned to the Biller.

18. Beta Products. In the event that there is any functionality labelled "Beta" on the Biller Order Form, such functionality is provided "AS IS" WITHOUT ANY EXPRESS, OR IMPLIED WARRANTY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW BY INVOICE CLOUD AND ITS LICENSORS AND PAYMENT PROCESSORS. INVOICE CLOUD'S AGGREGATE LIABILITY WITH RESPECT TO SUCH FUNCTIONALITY SHALL BE UP TO AND NOT EXCEED \$10.

19. General.

(a) With respect to agreements with municipalities, localities or governmental authorities, this Agreement shall be governed by the law of the state wherein such municipality, locality or governmental authority is established, without regard to the choice or conflicts of law provisions of any jurisdiction. With respect to Billers who are not with municipalities, localities or governmental authorities, this Agreement shall be governed by Massachusetts law and controlling United States federal law, without regard to the choice or conflicts of law provisions of any jurisdiction. No text or information set forth on any other purchase order, preprinted form or document (other than a Biller Order Form and any add on Biller Order Form, if applicable), and no documentation (including any implementation planning documents) except as specifically referenced in this Biller Agreement, shall modify, add to or vary the terms and conditions of this Agreement. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, then such provision(s) shall be construed, as nearly as possible, to reflect the intentions of the invalid or unenforceable provision(s), with all other provisions remaining in full force and effect. No joint venture, partnership, employment, or agency relationship exists between Biller and Invoice Cloud as a result of this agreement or use of the Service. The failure of either party to enforce any right or provision in this Agreement shall not constitute a waiver of such right or provision unless acknowledged and agreed to by Invoice Cloud in writing. All rights and obligations of the parties in Sections 4, 6, 10, 12, 14, 18 and 19(a) and (b) shall survive termination of this Agreement. This Agreement, together with any applicable Biller Order Form, comprises the entire agreement between Biller and Invoice Cloud and supersedes all prior or contemporaneous negotiations, discussions or agreements, whether written or oral between the parties regarding the subject matter contained herein. Biller agrees that Invoice Cloud can disclose the fact that Biller is a paying customer and the version of the Service that Biller is using. Where this Agreement is incorporated into, embedded in or otherwise made a part of a separate agreement between Invoice Cloud, Biller and a third party service provider ("Third Party Agreement"), and such Third Party Agreement is terminated or expires, Biller and Invoice Cloud agree that the terms and conditions of this Agreement shall survive and remain in effect as between Biller and Invoice Cloud until this Agreement expires or is otherwise terminated by either Biller or Invoice Cloud in accordance with the terms herein.

(b) Additional terms and conditions and definitions applicable to this Agreement and the Biller Order Form are found at www.invoicecloud.com/biller-terms-and-conditions (the "Biller T+C") and are agreed to by Invoice Cloud and the Biller.

BILLER TERMS AND CONDITIONS (www.invoicecloud.com/biller-terms-and-conditions)

1. Definitions.

The following definitions apply as used in the Agreement and in any Biller Order Form and add on Biller Order Form, now or hereafter:

"Agreement" or "Biller Agreement" means these terms and conditions, the Biller Agreement, any Biller Order Form, add on Biller Order Form, whether written or submitted online and any materials available on the Invoice Cloud website specifically incorporated by reference herein;

"Biller", "you", or "your" means the Invoice Cloud customer that has executed or agreed to the Biller Agreement, Biller Order Form and Billers Terms and Conditions whether written or submitted online;

"Biller Data" means invoices and bills of the Biller as well as the Content of such invoices and bills;

"Biller Order Form" means the order form referencing the service to be performed by Invoice Cloud and any add on services under any add on Biller Order Form;

"Chargeback" is a reversal of a Transaction initiated by a credit card company, processor, bank or other financial institution including chargebacks, ACH rejects or reversals, disputes and other refunds or credits, that Biller previously presented to Invoice Cloud under this Agreement and includes, but is not limited to: (i) failure to issue a refund to a Customer as required; (ii) Invoice Cloud did not receive Biller's response to a Retrieval Request within 7 days or any shorter time period required by the Payment Brand Rules; (iii) a Customer disputes the Transaction or claims that the Transaction is subject to a set-off, defense or counterclaim, or (iv) the Biller Bank Account designated by the Customer for an ACH transaction is invalid, or has insufficient funds to complete a Transaction;

"Content" means the information and documents contained or made available to Biller by Invoice Cloud in the course of using the Service;

"Customer" shall include customers, payers, taxpayers and users of services of Biller;

"Customer Data" means name, address and contact information of Customers and associated credit card numbers and bank account numbers, excluding any data that Invoice Cloud acquired other than from the Biller or Customers;

"Effective Date" means the date this Agreement is accepted by executing a Biller Order Form;

"Go Live Date" means the date on which those invoice types listed on the Biller Order Form are publicly available to Customers for online payment;

"Intellectual Property Rights" means unpatented inventions, patent applications, patents, design rights, copyrights, trademarks, service marks, trade names, domain name rights, mask work rights, know-how and other trade secret rights, and all other intellectual property rights, derivatives, integration components and application programming interfaces thereof, and forms of protection of a similar nature anywhere in the world;

"Integration Components" means software, which integrates the Service with third party software, and any updates or revisions thereto;

"Invoice Cloud" or "we" means Invoice Cloud, Inc., a Delaware corporation;

"Invoice Cloud Technology" means all of Invoice Cloud's proprietary technology (including software, hardware, products, processes, algorithms, user interfaces, know-how, techniques, designs and other tangible or intangible technical material or information) made available to Biller or otherwise developed by Invoice Cloud in providing the Service;

"IVR" means the software as a service which provides interactive voice and communication response functionality, automated payments by voice and text, text (SMS) messaging, and related functionality, including inbound and outbound communications;

"Network" is any Payment Method provider whose payment method is accepted by Biller from Customers and which is accepted by Invoice Cloud for processing, including, but not limited to, Visa, Inc., MasterCard International, Inc., American Express, PayPal (including Pay Pal, Venmo, Pay In 4 and PayPal Credit), Discover Financial Services, LLC, and any other Payment Methods, digital wallets, credit and debit card providers, debit network providers. Network also includes the National Automated Clearing House Association ("NACHA"), with respect to Transactions involving any credit or debit entry processed over the ACH network, and any other network or clearinghouse over which any electronic check processing Transactions may be processed;

"Network Fees" means all pass-through costs including interchange, PayPal brand fees, dues, assessment fees, processing fees, and similar fees, assessed by any Network, credit card or payment processors, bank card issuers, payment associations, ACH and check processors;

"Network Liabilities" means any and all fines, fees, penalties, liabilities, charges and other amounts which may be imposed or assessed by the Networks or payment processors as a result of Biller's actions, omissions, Transactions or Chargebacks, including without limitation, Biller's failure to comply with the Network Rules, or this Agreement and/or any agreement with any payment processor;

"Order Form" or "Biller Order Form" means the form evidencing the initial subscription for the Service and any subsequent Biller Order Form, specifying, among other things, the services contracted for, the applicable Biller Pricing fees and Transactional Fees and Service Fees by Invoice Type (as listed on one or more Invoice Parameter Sheets which are part of the Biller Order Form), the billing period, and other charges, terms and conditions as agreed to between the parties, each such Biller Order Form to be incorporated into and to become a part of this Agreement;

"Payment Instrument Transaction(s)" or "Transaction(s)" means a transaction conducted between Biller and its Customers with respect to an account, or evidence of an account, utilizing Payment Methods for payment in connection with the sale, lease, financing or provision of goods and/or services by Biller and/or payment of taxes (either directly or through Invoice Cloud). "Payment Instrument Transaction(s)" or "Transaction(s)" may also be used to refer to the written or electronic record of such a transaction, including, without limitation, an authorization

code, settlement record, ECP file, or a credit or debit entry pursuant to and consistent with NACHA Rules or card association rules which is submitted to a processor to initiate or evidence a Transaction;

“Payment Processing Agreements” means the payment and card processing agreements and merchant agreements which Invoice Cloud has directed the Biller to enter into to enable Invoice Cloud to provide the Service;

“Payment Methods” means credit and debit cards, ACH, EFT and Check 21 transactions, digital wallets including but not limited to Visa, MasterCard, Amex and Discover, PayPal, Venmo, Apple Pay, Google Pay, credit instruments including PayPal Credit and PayPal Pay in 4, stored value cards, loyalty cards, electronic gift cards, authorized account or access numbers, paper certificates and credit accounts that are used for Payment Instrument Transactions and listed on the Biller Order Form. From time to time Invoice Cloud may offer Biller new Payment Methods, and, in such event, Invoice Cloud will provide Biller with notice by email disclosing the pricing under which the added Payment Methods are made available. Biller will have at least thirty (30) days after the date of the notice to opt-out of the additional Payment Methods in the manner provided in the notice. If Biller does not opt-out in such time frame, then on introduction of the additional Payment Methods, Biller will be bound by the additional terms as disclosed in the notice, and the Biller Order Form will be deemed amended to reflect the changes;

“Reserve Account” means a Biller account which is maintained in order to protect Invoice Cloud against the risk of, among other things, existing, potential, or anticipated Chargebacks and to satisfy the other obligations under the Agreement;

“Service(s)” means Invoice Cloud's billing and payment service, the Content, the Invoice Cloud Technology and other services identified on the Biller Order Form, developed, operated, provided, and/or maintained by Invoice Cloud, accessible via www.invoicecloud.com or another designated website or IP address, or ancillary online and/or offline products and services provided to Biller by Invoice Cloud, to which Biller is being granted access under this Agreement.

2. Biller's Responsibilities.

(a) Biller is responsible for all activity occurring under Biller's account(s) and shall abide by all applicable laws and regulations as well as card association rules, NACHA rules and Payment Processing Agreements, in connection with Biller's and/or its customers' use of the Service, including those related to data privacy, communications, export or import of data and the transmission of technical, personal or other data. Biller shall: (i) notify Invoice Cloud immediately in writing of any unauthorized use of any password or account or any other known or suspected breach of security; (ii) report to Invoice Cloud and immediately stop any copying or distribution of Content that is known or suspected to be unauthorized by Biller or Customers; and (iii) not impersonate another Invoice Cloud user or provide false identity information to gain access to or use the Service. Biller shall not: (i) send or store material containing software viruses, worms, Trojan horses or other harmful computer code, files, scripts, agents or programs; (ii) interfere with or disrupt the integrity or performance of the Service or the data contained therein; (iii) attempt to gain unauthorized access to the Service or its related systems or networks; (iv) license, sublicense, sell, resell, transfer, assign, distribute or otherwise commercially exploit or make available to any third party the Service in any way; (v) modify or make derivative works based upon the Service; (vi) recreate, "frame" or "mirror" any portion of the Service on any other server or wireless or Internet-based device; (vii) reverse engineer or access the Service; or (viii) copy any features, functions or graphics of the Service.

(b) Biller must designate on the Biller Order Form (and/or subsequent to execution of the Biller Order Form as requested by Invoice Cloud), at least one bank account for the deposit and settlement of funds and the debit of any Chargebacks, fees and costs, including, but not limited to Network Fees and Network liabilities, associated with the Service or the Transactions (all such designated bank accounts and all bank accounts substituted for accounts listed on the Biller Order Form shall be collectively referred to herein as the "Biller Bank Account"). You authorize Invoice Cloud to instruct its processors to initiate electronic credit entries, debit entries, and adjustments to a Biller Bank Account for amounts due to or from you in connection with this Agreement. Invoice Cloud will not be liable for any delays in receipt of funds or errors in Biller Bank Account entries caused by third parties, including but not limited to delays or errors by the Networks, payment processors, merchant acquirors or the bank.

(c) The dollar amount payable to Biller for Biller's Transactions will be equal to the amount submitted by Biller in connection with your sale Transactions, minus the sum of amounts due from Biller or debited from a Biller Bank Account, including Chargebacks, Network Fees, Network Liabilities, other fees and charges referenced on the Biller Order Form and all applicable charges and adjustments. If, however, Invoice Cloud or the processor fails to withhold Chargebacks, Network Fees or other charges or amounts due from the proceeds payable to a Biller Bank Account (including where such proceeds are insufficient to cover such obligations), or if a Biller Bank Account does not have a sufficient balance to pay amounts due from Biller under these guidelines, Invoice Cloud may pursue one or more of the following options: (i) demand and receive immediate payment from Biller for such amounts; (ii) debit the Biller Bank Account for the amount of the negative balance; (iii) reduce future settlement payments by the amount owed, (iv) withhold settlement payments to the Biller Bank Account until all amounts are paid, (v) delay presentation of refunds until a payment is made to Invoice Cloud of a sufficient amount to cover the negative balance; and (vi) pursue any remedies we may have at law or in equity.

(d) To enable Invoice Cloud to process transactions for the Biller, Biller authorizes and directs Invoice Cloud, its affiliates, the Payment Method providers, and the payment processors: (1) that, with respect to any Payment Instrument Transactions processed by the payment processor, the payment processor will disburse funds to and collect funds from the Biller in accordance with instructions provided to the payment processor by Invoice Cloud, and as otherwise permitted pursuant to any applicable Payment Processing Agreement that Biller has entered into; (2) that outstanding sums due and owing to Invoice Cloud, including, but not limited to Chargebacks and Network Fees, will automatically be debited from the Biller Bank Account for such purpose on a daily or monthly basis at Invoice Cloud's sole discretion. Biller shall maintain sufficient funds in the Biller Bank Accounts to pay all periodic fees, Chargebacks, Network Fees and other fees due hereunder; and non-sufficient funds for these debits, or blocking or otherwise rendering inaccessible any Biller Bank Account, are grounds for an increase in fees, suspension of the Service, and/or termination of this Agreement.

(e) Invoice Cloud is not responsible for any Biller postings in error due to delayed notification from credit card processor, ACH bank, and/or other related circumstances. Biller agrees to provide Invoice Cloud with timely, complete, and accurate billing and contact information. This information includes Biller's legal company name, street address, e-mail address, and name and telephone number of an authorized billing contact and License Administrator. Biller agrees to update this information within 30 days of any change to it.

(f) Biller is required to ensure that it maintains a fair policy in compliance with applicable laws, regulations, and all Network rules with regard to the refund, return or cancellation of services and adjustment of Transactions. Biller is also required to disclose any refund, return or cancellation policies to Invoice Cloud and any applicable payment processors and Biller's Customers, as requested. Any change in a return or cancellation

policy for the transactions underlying the Payment Instrument Transactions must be submitted to Invoice Cloud, in writing, not less than 21 days prior to the effective date of such change.

If Biller allows or is required to provide a price adjustment, or cancellation of services in connection with a Transaction previously processed, Biller will prepare and deliver to Invoice Cloud, Transactions reflecting such refund/adjustment within 2 days of resolution of the request resulting in such refund/adjustment. The amount of the refund/adjustment with respect to Transactions under the Service cannot exceed the amount shown as the total on the original Transaction. Biller may not accept cash or any other payment or consideration from a Customer in return for preparing a refund to be deposited to the Customer's account; nor, with respect to credit card transactions, may Biller give cash/check refunds to a Customer in connection with a Transaction previously processed, unless required by applicable law.

Individual users, when they initially log in, may be asked whether or not they wish to receive marketing and other non-critical Service-related communications from Invoice Cloud from time to time. They may opt out of receiving such communications at that time or at any subsequent time by changing their preference at <http://www.invoicecloud.com/privacy.html>. Note that because the Service is a hosted, online application, Invoice Cloud occasionally may need to notify all users of the Service (whether or not they have opted out as described above) of important announcements regarding the operation of the Service.

(g) As to all Transactions that Biller submits to Invoice Cloud for processing, Biller represents and warrants that:

- (1) The Transactions represent payment or refund of payment, for a bona fide transaction.
- (2) The Transactions represent an obligation of the Customer for the amount of the Transaction, and that the Transaction is valid and accurate.
- (3) The Transactions do not involve any element of credit for payment of a previously dishonored payment or for any other purpose than payment for a current transaction and future payments as agreed upon by the Customer.
- (4) The Transactions are free from any material alteration not authorized by the Customer.
- (5) The amount charged for the Transaction is not subject to any dispute, setoff, or counterclaim.
- (6) Neither Biller nor its employees has advanced any cash to the Customer in connection with the Transaction, nor have you accepted payment for effecting credits to a Customer.
- (7) Biller has made no representation or agreement for the issuance of refunds except as it states in your return/cancellation policy, which has been previously submitted to Invoice Cloud in writing, and which is available to the Customer.
- (8) Any Transaction submitted to Invoice Cloud to credit a Customer's account represents a valid refund or adjustment to a Transaction previously submitted to Invoice Cloud.
- (9) Biller has no knowledge or notice of information that would lead it to believe that the enforceability or collectability of the subject Transaction is in any manner impaired. The Transactions, including but not limited to total due fields, are complete, accurate and in compliance with all Network rules, applicable laws, ordinances, and regulations. The Transactions are originated in compliance with this Agreement and any applicable agreements.
- (10) For a Transaction in which the Customer pays in installments or on a deferred payment plan, a Transaction record has been prepared separately for each installment transaction or deferred payment on the date(s) the Customer agreed to be charged. All installments and deferred payments, whether or not they have been submitted to Invoice Cloud for processing, shall be deemed to be a part of the original Transaction.
- (11) Biller has not submitted any Transaction that it knows or should have known to be unauthorized, fraudulent, illegal, or otherwise in violation of any provision of this Agreement or other applicable agreements.

(h) Communications with Customers and Biller Website.

Biller hereby grants to Invoice Cloud and its providers a worldwide, non-exclusive, assignable, perpetual, and royalty-free license and right to copy, use, publish and distribute Customer names, physical addresses, and email addresses as well as obtain email addresses of Biller's Customers by using data Biller has provided or made accessible to Invoice Cloud or any of its affiliates, solely for the purposes of: (i) communicating or sending to Customers (and/or their agents) information designed to inform, promote, and encourage Customers (and/or their agents) to use the Service including, without limitation, paying bills online, enrolling in autopay, and enrolling in paperless billing, and (ii) in conjunction with information relating to feedback and response regarding such communications, creating and using aggregated and anonymized data and analysis for purposes of improving the Service. Biller hereby grants to Invoice Cloud and its providers a worldwide, non-exclusive, assignable, and royalty-free license and right during the Term, to copy, use, modify, and publish the Biller's name, logos, trade dress, photographs, website materials, and other works of authorship for the purpose of implementing and providing the Service and performing their obligations under this Agreement. Biller represents and warrants it has all necessary rights, permissions, and licenses to grant and provide to Invoice Cloud and its service providers the license, rights, and permissions described in this Section and will comply with all applicable laws and regulations with respect to any personal information of any of its Customers. For purposes of clarity, the license, rights, and permission grants described in this Section are part of the "Service" under the Biller Agreement.

(i) American Express Compliance only.

- (1) Biller agrees to comply with all applicable laws, rules and regulations, including the American Express Merchant Operating Guide requirements, which are incorporated into this Agreement by reference as if they were fully set forth in the Agreement. The American Express Merchant Operating Guide may be viewed at: www.americanexpress.com/merchantopguide.
- (2) Processing Restrictions. Biller is prohibited from processing Transactions or receiving payments on behalf of, or (unless required by law) re-directing payments to any other party.
- (3) Third Party Beneficiary Rights.

- Biller confers on American Express the third-party beneficiary rights, but not obligations, to the Biller Agreement and subsequent addenda (collectively the "Agreement") between Biller and Invoice Cloud and, as such, American Express has the express right to enforce the terms of the Agreement against the Biller.
 - Biller agrees and warrants that it does not hold third party beneficiary rights to any agreements between Invoice Cloud and American Express and at no time will attempt to enforce any such agreements against American Express.
- (4) American Express Limitation of Liability. BILLER ACKNOWLEDGES AND AGREES THAT IN NO EVENT SHALL AMERICAN EXPRESS, ITS AFFILIATES, AGENTS, SUCCESSORS, OR ASSIGNS BE LIABLE TO BILLER FOR ANY DAMAGES, LOSSES, OR COSTS INCURRED, INCLUDING INCIDENTAL, INDIRECT, SPECULATIVE, CONSEQUENTIAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND (WHETHER BASED ON CONTRACT, TORT, INCLUDING NEGLIGENCE, STRICT LIABILITY, FRAUD, OR OTHERWISE, OR STATUTES, REGULATIONS, OR ANY OTHER THEORY), ARISING OUT OF OR IN CONNECTION WITH THE AGREEMENT.

3. Chargebacks, Fees, Reserve Account, Etc. If Biller incurs excessive Chargebacks, in Invoice Cloud's sole determination, or otherwise fails to pay fees or charges, or there are insufficient funds for Invoice Cloud to debit amounts for which Biller is responsible hereunder, in addition to other remedies under this Agreement, Invoice Cloud (or the payment processor) may take the following actions: (i) notify Biller of a new rate that will be charged to process Chargebacks; (ii) collect from Biller an amount reasonably determined by Invoice Cloud (or the payment processor) to be sufficient to cover anticipated Chargebacks and all related fees, penalties, expenses, and fines, or increase a reserve amount; (iii) require Biller to promptly establish a Reserve Account as determined by Invoice Cloud, or (iv) terminate the Agreement. Biller shall be responsible to Invoice Cloud for and shall promptly pay to Invoice Cloud such charges required to be paid by Biller; and any Chargebacks, by any party, including without limitation Chargebacks claimed by any payment and credit card processors, bank, or other financial services organization.

To the extent permitted by applicable law, Biller shall indemnify, defend, and hold Invoice Cloud, its licensors and Invoice Cloud's subsidiaries, affiliates, officers, directors, employees, attorneys, agents, and payment processors harmless from and against any and all claims, costs, damages, losses, liabilities and expenses (including attorneys' fees and costs) arising out of or in connection with any claim, cause of action, lawsuit, administrative or criminal investigation, charge, action or claim alleging: (i) any charge against any reserves required by payment or credit card processors; (ii) Chargebacks, Network Fees and insufficiency of funds in any Biller Bank Account, by any party, including without limitation Chargebacks claimed by any payment and credit card processors, bank, or other financial services organization; (iii) that use of any Customer Data infringes the rights of a third party; (iv) a violation by Biller of Biller's representations and warranties or the breach by Biller or Biller's users or Customers of this Agreement including without limitation incomplete or inaccurate Transactions; (v) Biller's violation of any third party payment and credit card processing agreement and merchant agreement, or (vi) relating directly or indirectly to Biller's or its authorized users' use of the Service. Biller represents and warrants that the Biller Bank Account(s) will contain sufficient funds to cover any estimated financial exposure based on reasonable criteria for Chargebacks, ACH rejects or reversals, credits, returns, and all additional liabilities anticipated under this Agreement, including, but not limited to Chargebacks, fines, fees and penalties. Invoice Cloud may, at its sole discretion, collect fees related to Chargebacks and ACH rejects and reversals, or other refunds or credits from Biller's customers.

4. Certain Contractual Terms. The following only applies to the extent not otherwise addressed in the Agreement:

LIMITED WARRANTY: THE SERVICES ARE PROVIDED "AS IS". ALL EXPRESSED AND IMPLIED WARRANTIES ARE HEREBY DISCLAIMED WITH RESPECT TO THE INTEGRATION COMPONENTS INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND AGAINST LATENT DEFECTS.

NOTWITHSTANDING ANY OTHER PROVISION OF THE AGREEMENT, INVOICE CLOUD'S AND ANY OF ITS AFFILIATE'S TOTAL AGGREGATE LIABILITY FOR ANY DIRECT DAMAGES SHALL NOT EXCEED THE AMOUNTS ACTUALLY PAID BY AND/OR DUE FROM BILLER FOR THE SERVICES IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO THE CLAIM FOR DAMAGES. IN NO EVENT SHALL INVOICE CLOUD AND/OR ANY OF ITS AFFILIATES AND/OR LICENSORS BE LIABLE TO ANYONE FOR ANY INDIRECT, PUNITIVE, SPECIAL, EXEMPLARY, INCIDENTAL, CONSEQUENTIAL DAMAGES (INCLUDING LOSS OF DATA, REVENUE, PROFITS, USE OR OTHER ECONOMIC ADVANTAGE) ARISING OUT OF, OR IN ANY WAY CONNECTED WITH THE SERVICE, EVEN IF THE PARTY FROM WHICH DAMAGES ARE BEING SOUGHT OR SUCH PARTY'S AFFILIATES OR LICENSORS HAVE BEEN PREVIOUSLY ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Certain states and/or jurisdictions do not allow the exclusion of implied warranties or limitation of liability for incidental, consequential or certain other types of damages, so the exclusions set forth above may not apply to Biller.

To the extent that the Biller's Agreement does not have a Biller indemnification, limited warranty, or limitation of liability clause respectively, or to the extent that there is no Biller Agreement, the clauses in this Section 4 shall apply, control, and be binding on the Biller. Where there is no Biller Agreement, the terms of these Biller Terms and Conditions (and any order forms) shall be the sole and entire agreement between the parties.

5 Encrypted Card Readers (Applicable where Card Readers as designated on the Biller Order Form).

Encrypted Card Readers (or Card Readers as described in the Biller Order Form) are provided to the Biller for their use under license fees provided in the Biller Order Form. Invoice Cloud provides to Biller all products on a license basis. Biller will be fully responsible for all products including without limitation all risk of loss and damage to products while in its possession or control, save normal wear and tear.

Where Invoice Cloud provides encrypted card readers, the following additional terms apply (with "products" or "device" in this Section 5 referring to the encrypted card readers):

a. Invoice Cloud and the manufacturer warrants that the products provided pursuant to this Agreement will perform in accordance with the manufacturer's published specifications. Should a product fail to conform to applicable manufacturer's specifications, repair parts and replacement products will be furnished on an exchange basis and will be either reconditioned or new as specified below. This limited warranty does not include service to repair damage to the product resulting from accident, disaster, unreasonable use, misuse, abuse, customer's, Reseller's, or any other third party's negligence, or non-manufacturer modification of the product. Invoice Cloud reserves the right to examine the alleged defective product to determine whether the warranty is applicable. Without limiting the generality of the foregoing, Invoice Cloud and the product manufacturer specifically disclaim any liability or warranty for any product resold in other than manufacturer's original packages, and for products modified, altered, repaired, maintained, or treated by Biller, its customers, and/or any third party. Service on a defective product

may be obtained by delivering the product during the warranty period as instructed by Invoice Cloud.

- b. The following is the repair and replacement policy for a defective product:

Replacement Requests – Biller shall promptly notify Invoice Cloud that the device is not working, via email, phone call or help desk ticket. Invoice Cloud will update and/or open a new help desk ticket for the product swap replacement request. Biller must provide the serial number of the device that is not working.

Replacement device will be shipped to the Biller as noted on the help desk ticket issued by Invoice Cloud.

Shipping Method: Replacement devices will be shipped via a commercial shipping service at no charge to the Biller. If Biller needs the device sent via overnight shipping there is an additional cost of \$35.00 per device.

Biller has 14 business days to return a device that is not working to an address specified by Invoice Cloud on the return help desk ticket, delivery or postage pre-paid. Failure to return the non-working device may result in additional fees and charges to Biller.

Invoice Cloud shall use reasonable efforts to provide the encrypted card reader service in an uninterrupted, continuous manner. Biller understands and agrees that services may be periodically off line or otherwise inoperable in order for Invoice Cloud to perform maintenance, install or test software, or for other commercially reasonable business purposes and that during such time card reader service services may not be provided. Biller further understands and agrees that from time to time card reader service services may be off line or otherwise inoperable as a result of the failure of equipment or services provided to the manufacturer by third parties (for example, public or private telecommunications services or internet nodes or facilities, overall Internet congestion, unavailability of internet services, such as DNS services), and that during such time Services may not be provided. Furthermore, Biller understands and agrees that the provisions of any services and other performances hereunder will be excused for any of the reasons set forth herein. In the event of unforeseen network or equipment failure, manufacturer will use commercially reasonable efforts to restore the Services in a reasonable prompt fashion. Manufacturer may from time to time, in its sole discretion, modify the manner in which it provides services, and modify its software and systems, all of which may result in a change in the manner in which manufacturer provides the software and systems provided, however, that such modifications and/or changes do not degrade the level of, or have a material adverse impact upon the features and functionality of the Services.

c. EXCEPT AS PROVIDED IN THIS SECTION 6, INVOICE CLOUD AND THE DEVICE MANUFACTURER MAKE NO OTHER WARRANTY, EXPRESS OR IMPLIED, AND INVOICE CLOUD AND THE DEVICE MANUFACTURER DISCLAIM ANY WARRANTY OF ANY OTHER KIND INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BILLER AGREES AND ACKNOWLEDGES THAT ALL PRODUCTS AND DEVICES ARE OFFERED AND PROVIDED ON AN “AS IS” BASIS.

d. Responsibilities of Biller. Biller is responsible for the following: (i) providing Invoice Cloud with a static IP address or a specific range of static IP addresses, (ii) confidentiality of each End User’s Data. Biller is solely responsible for ensuring the secure transmission of any data that Biller transmits to Invoice Cloud (“Biller Transmitted Information”), and Invoice Cloud and the manufacturer will have no liability therefore (provided that the manufacturer will use Biller Information only for purposes of this Agreement). Biller is solely responsible for adopting, implementing, and maintaining appropriate and effective security measures, procedures, policies, and standards and any other best practices available to protect the confidentiality of Biller Data, (iii) protecting the confidentiality of any information stored on Biller’s servers, and (iv) using the Services in the manner instructed by Invoice Cloud and the manufacturer and otherwise in the manner intended.

e. Network Security. Biller shall be solely responsible for ensuring that authorized Biller employees and contractors are not security risks. Upon Invoice Cloud’s request, Biller will promptly provide Invoice Cloud with any information reasonably necessary for Invoice Cloud to evaluate security issues and/or concerns relating to any authorized Biller employee and/or contractor. Each party will be solely responsible for the selection, implementation, and maintenance of security procedures and policies that are sufficient to ensure that (a) such party’s use of any network or internet connection is secure and is used only for authorized purposes, and (b) such party’s business records and data are protected against improper access, use, loss, alteration, and/or destruction.

f. Biller shall provide Invoice Cloud with physical access to the devices upon request after reasonable advance notice. Biller shall not, nor allow any Third Party to, modify, repair, replace, relocate, sell, lease, assign, encumber, or otherwise tamper with any of the devices without Invoice Cloud’s express written consent. Any change of the location of any device may warrant that Biller pay Invoice Cloud any additional installation and related charges associated with such relocation, charged by Invoice Cloud’s third-party vendors. At the end of the term, Biller shall be responsible to promptly return all devices, freight prepaid by Invoice Cloud, to Invoice Cloud at the place from which devices was shipped (or as otherwise designated by Invoice Cloud) in as good condition as exists at the commencement of the term, reasonable wear and tear, and casualty, in respect thereto excepted. Biller shall use each device at all times in a proper, diligent, and workmanlike manner and in such manner as will not damage or injure the device except by the ordinary wear and tear of such device. In the event of damage to any device, Biller shall notify Invoice Cloud who shall replace or repair the device at Biller’s expense.

g. Devices and all parts and components thereof shall retain their character as personal property and all right, title and interest in and to shall not pass to Biller or any third party, but title and ownership shall remain exclusively with Invoice Cloud. Biller shall be and shall have the duties of a bailee of the devices. Biller shall not remove, conceal, or otherwise interfere with the title or ownership plate of Invoice Cloud affixed to any device until and unless such device is purchased, and full payment is made as herein provided. If Biller sells, assigns, pledges, or attempts to sell or assign devices or any interest therein, or if Biller defaults in any of the covenants, conditions or provisions of this Agreement, it is agreed that Invoice Cloud may immediately and without notice take possession of the devices where found and remove and keep or dispose of the same and any unpaid fees shall at once become due and payable by Biller. If any step is taken by legal action or otherwise by Invoice Cloud to recover possession of any device(s) or otherwise enforce this Agreement or to collect moneys due hereunder, Biller shall promptly reimburse Invoice Cloud for all expenses and charges incurred by Invoice Cloud, including reasonable attorney’s fees.

6. Kiosks (applicable where kiosks that are provided by Invoice Cloud as designated on the Biller Order Form).

Kiosks (as described in the Biller Order Form) are provided to Biller for use by Invoice Cloud under a license fee provided in the Biller Order Form. Invoice Cloud provides to the products (as defined below) on a license basis. Biller will be fully responsible for all kiosks including without limitation all risk of loss and damage to products while in its possession or control, save normal wear and tear.

Where Invoice Cloud provides kiosks, the following additional terms apply (with “Products” and “kiosks” in this Section 6 referring to the kiosks and any firmware and software and applicable documentation included with the kiosks and/or Product, as the same may be upgraded, modified, and enhanced from time to time):

a. **License.** Invoice Cloud grants to Biller a non-exclusive, non-transferrable, non-sublicensable right to use the Products for its Customers during the term of this Agreement, and subject to the terms hereof. The foregoing right includes, without limitation, the right to install and use the Products for purposes reasonably related to the subject matter of this Agreement, including, but not limited to, testing, and staging of the Products. All rights not specifically granted to Biller hereunder are reserved by Invoice Cloud and the kiosk manufacturer. Any and all intellectual property rights to the Products shall belong solely to Invoice Cloud and the manufacturer. Without limiting the generality of the foregoing, delivered Products shall not be (a) copied, distributed, modified, translated, adapted or altered, in part or in whole, in any way or (b) decompiled, disassembled or reverse engineered or unbundled from any product nor may Biller seek, in any manner, to discover, disclose or use any source code, proprietary algorithms, techniques or other Confidential Information contained therein. In addition, Biller may not produce, copy, alter, or modify any of the Products or Product packaging or labeling, or combine Products with any other product or services for sale without prior written consent of Invoice Cloud; such consent may be given or withheld in the sole discretion of Invoice Cloud. Biller shall not erase, remove, cover, deface, obscure, or alter any copyright, trademark, or patent notice, guarantee, or other statement or marking, affixed or applied by Invoice Cloud or the manufacturer on or to either the Products or any other technical or promotional material related to the Products.

b. **Manufacturer Limited Warranty.** Where Invoice Cloud provides kiosks to Biller (as opposed to Biller contracting directly with a third party for the provision of a kiosk), the manufacturer warrants that the Products provided pursuant to this Agreement will materially perform in accordance with the manufacturer’s published specifications. Warranty service is detailed in Section 6(d) below. Should the Product fail to conform to manufacturer’s specifications, repair parts and replacement Products will be furnished on an exchange basis and will be either reconditioned or new as specified below. This limited warranty does not include service to repair damage to the Product resulting from accident, disaster, unreasonable use, misuse, abuse, the negligence of Biller or any third party, or non-manufacturer modification of the Product. Invoice Cloud and the manufacturer reserve the right to examine the alleged defective Product to determine whether the warranty is applicable. THE PRODUCTS FROM INVOICE CLOUD ARE PROVIDED STRICTLY “AS IS” AND INVOICE CLOUD AND KIOSK.COM SPECIFICALLY DISCLAIM ALL WARRANTIES AND CONDITIONS, WHETHER WRITTEN, ORAL, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, WARRANTIES WITH RESPECT TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR WARRANTIES ARISING FROM USAGE OF TRADE, COURSE OF PERFORMANCE OR DEALING.

c. **Term and Effect of Termination.** Minimum fee charges as provided in the Biller Order Form shall apply from the earlier of four weeks from date of delivery to Biller of each applicable kiosk or the date that the kiosk is operational. Notwithstanding anything to the contrary in the Biller Agreement, and notwithstanding anything to the contrary in any limitation of liability provision in the Biller Agreement, in the event that the Biller Agreement or other agreement between Invoice Cloud and the Biller permits Biller to terminate the Agreement or any order relating to kiosks for the Biller’s convenience, Biller shall pay on the effective date of such termination: (a) all amounts due for the use of and all transaction fees due for use of the kiosks as of the effective date of termination; (b) all amounts that would have been due to Invoice Cloud through the end of the later of the term referenced in the Biller Agreement or the term of the kiosks referenced in the Biller Order Form, notwithstanding the termination, based on the minimum transaction fees on the Biller Order Form times the number of months remaining in the term in the Biller Order Form immediately prior to the effective date of termination, (c) all amounts due from Biller to the manufacturer for services or parts procured, and (d) any committed and non-cancellable amounts for equipment, Products or kiosks, purchased by Invoice Cloud as a result of Biller’s order of kiosks.

d. **Warranty Service.** Service may be obtained as follows under the Advanced Exchange and Field Service Warranty from Kiosk.com:

Advanced Exchange and Field Service Warranty provides a factory parts stocking plan with overnight shipping designed to minimize business disruption. The bundled warranty covers replacement of any failed part or workmanship, as well as the Field Service Technician site visit expense to implement the replacement part swap.

Expectations surrounding the scope of the Kiosk.com Advanced Exchange & Field Service Warranty are as follows:

i. Advanced Exchange & Field Service Description

- **Phone and Warranty Parts Shipment Support.** In the event that there is a warranty or support issue with any Kiosk, please contact Invoice Cloud support. The Exchange Warranty outlined below applies.
- If replacement part and/or Field Service Technician is required, Invoice Cloud (through the manufacturer) arranges for overnight shipment of replacement parts and schedules the Kiosk.com Field Technician Visit to arrive (typically within 24 hours of call receipt).
- Service will be provided pursuant to service level provided in the SLA addendum at www.invoicecloud.net/sla
- No charge for replacement components to the extent warranted hereunder and subject to the terms and conditions herein.
- Kiosk.com covers inbound and outbound shipping costs for failed/replacement parts except as provided herein. The manufacturer provides the Biller with an RMA number and a pre-paid return shipping label with each replacement component. When the Biller receives the replacement, the failed part is then returned with the Kiosk.com pre-paid label.

ii. Exchange Warranty – Out of Scope Items

- The warranty and support commitments include the original kiosk enclosure and all components as shipped from the manufacturer’s factory but does not include consigned components, any Biller or customer software application, network connectivity service, custom modifications, or changes made to the system, cleaning, installation, or repositioning of any system.
- Returned parts with No Defect Found (following the manufacturer failure analysis) will be billed back to the Biller. No Defect Found fees include reversal of any component credit, any applicable shipping and handling fees, and an hourly RMA diagnostic fee of \$125 / hour.

- The most common source of No Defect Found parts is component maintenance and cleaning neglect in the field. Biller is responsible for keeping each kiosk clean through occasional wiping down with damp cloth, dusting, etc.
- Warranty does not include any customer application software, drivers, or special interface equipment and configuration unless specifically noted in the purchase contract.
- The warranty does not apply to expendable items (i.e., normal wear and tear of external graphics, etc.). Paint damage due to normal wear and tear is not covered under this warranty. Paint damage resulting from manufacturing defects will be covered by this warranty.
- Damage caused by cleaning, neglect, vandalism, physical abuse, or environmental acts of God are not covered under this warranty.

iii. **Additional Exchange & Field Service Warranty Terms and Conditions**

- Warranty service is guaranteed for 30 days for workmanship after the service is complete.
- Replacement components are not guaranteed to be new components and may come from the manufacturer refurbished and tested stock (at the discretion of the manufacturer).
- The three-year warranty on part defects is not extended if replacement parts are provided in a maintenance action.
- This warranty is voided by misuse, accident, modification, and unsuitable physical or operating environment, improper maintenance by Biller, a Customer or any other third party, or customer's other service organizations, removal or alteration of part identification, or failure caused by a product or component not supplied by Invoice Cloud or manufacturer, or for which Invoice Cloud or the manufacturer is not responsible, or any modifications or changes to components or to the kiosk without Invoice Cloud's written approval.
- Requests for optional Hourly Field Service Technician service calls must be received by 1:00 pm MST, Monday through Friday (except national holidays), to be eligible for the next business day site arrival (24-hour) service metric. Technician request calls received after 1:00 pm MST will be scheduled on the following business day. Field service charge is \$175 /hour.
- Biller will provide onsite contacts for each location. Exceptions to fulfillment of onsite service can include holidays or events that prohibit access to the location.
- Keys must be on-site and available prior to the dispatch of a Field Technician.
- Payment of out-of-scope service fees is due upon invoice. Invoice Cloud reserves the right to suspend service and support until delinquent account payments are settled in full. Invoice Cloud and the manufacturer shall use reasonable efforts to provide the kiosks in an uninterrupted, continuous fashion. Biller understands and agrees that services may be periodically off line or otherwise inoperable in order for Invoice Cloud or the manufacturer to perform maintenance, install or test software, or for other commercially reasonable business purposes and that during such time services may not be provided. Biller further understands and agrees that from time to time services may be off line or otherwise inoperable as a result of the failure of products, equipment or services provided to manufacturer by third parties (e.g. public or private telecommunications services or internet nodes or facilities, overall internet congestion, unavailability of internet services, such as DNS services), and that during such time Services may not be provided. Furthermore, Biller understands and agrees that the provisions of services and other performances hereunder will be excused for any of the reasons set forth herein. In the event of unforeseen network or equipment failure, the manufacturer will use commercially reasonable efforts to restore the services in a reasonably prompt fashion. The manufacturer may from time to time, in its sole discretion, modify the manner in which it provides services and modify its software and systems, all of which may result in a change in the manner in which the manufacturer provides the software and systems; provided, however, that such modifications and/or changes will not degrade the level of, or have a material adverse impact upon, the features and functionality of the product or services.

h. **Responsibilities of Biller.**

1. Biller will be responsible for the following: (i) providing Invoice Cloud with a static IP address or a specific range of static IP addresses, and (ii) confidentiality of End User's Data. Biller is solely responsible for ensuring the secure transmission of any data that Biller transmits to Invoice Cloud ("Biller Transmitted Information"), and Invoice Cloud and manufacturer will have no liability therefore. Biller is solely responsible for adopting, implementing, and maintaining appropriate and effective security measures, procedures, policies, and standards, and any other best practice available to protect the confidentiality of Biller Transmitted Information, (iii) protecting the confidentiality of any information stored on Biller's servers, and (iv) using the Services in the manner instructed by Invoice Cloud and the manufacturer and otherwise in the manner intended.
2. Biller shall be solely responsible for ensuring that Biller's employees and contractors are not security risks. Biller will be solely responsible for the selection, implementation, and maintenance of security procedures and policies that are sufficient to ensure that (a) Biller's use of the Network Connection is secure and is used only for authorized purposes, and (b) Biller's business records and data are protected against improper access, use, loss, alteration or destruction.
3. Biller shall provide Invoice Cloud or the manufacturer with physical access to the kiosks upon request after reasonable advance notice. Biller shall not, nor allow any third party to, modify, repair, relocate, sell, lease, assign, encumber, or otherwise tamper with any of the kiosks without Invoice Cloud's or the manufacturer's express written consent. Any change of the location of the kiosks may warrant that Biller pay Invoice Cloud any additional installation and related charges associated with such relocation, charged by Invoice Cloud's third-party vendors. At the end of the term, Biller shall be responsible to de-install all kiosks, return all kiosks, freight prepaid by Biller, to Invoice Cloud at the place from which kiosks was shipped (or as otherwise designated by Invoice Cloud) in as good condition as exists at the commencement of the term, reasonable wear and tear, excepted. Biller shall use and ensure that the kiosks are at all times used in a workmanlike manner and in such manner as will not damage or injure the kiosks except by the ordinary wear and tear of such kiosks. In the event of damage to any kiosks, Biller shall promptly notify Invoice Cloud who shall replace or repair the kiosks at Biller's expense.

i. **Personal Property of Invoice Cloud.** Kiosks and all parts and components thereof shall retain its character as personal property

and all right, title and interest thereto shall not pass to Biller, but title and ownership shall remain exclusively with Invoice Cloud. Biller shall be and shall have the duties of a bailee of the kiosks. Biller shall not remove, conceal or otherwise interfere with the title or ownership plate of Invoice Cloud affixed to kiosks. If Biller sells, assigns or attempts to sell or assign kiosks or any interest therein, or if Biller defaults in any of the covenants, conditions or provisions of this Agreement, it is agreed that Invoice Cloud may immediately and without notice take possession of kiosks where found and remove and keep or dispose of the same and any unpaid fees including all fees as provided herein and in the Biller Order Form will be due and payable. If any step is taken by legal action or otherwise by Invoice Cloud to recover possession of kiosks or otherwise enforce this Agreement or to collect moneys due hereunder, Biller shall pay Invoice Cloud the equivalent of the moneys expended or charges incurred by Invoice Cloud in such behalf, including reasonable attorney's fees.

7. Interactive Voice Response Functionality and Outbound Communications ("IVR")

a. **License.** For and in consideration for the payment of all fees and charges paid to Invoice Cloud, as provided in the Biller Order Form, Invoice Cloud hereby licenses to Biller, non-exclusive access to its proprietary IVR for Biller's internal use only.

b. **Indemnification.** Biller agrees it will not use the IVR in any manner, shape or form that violates any local, state or federal law or regulation (including without limitation violations of Fair Debt Collection Practices Act, 15 U.S.C. § 1692 –1692p) and will defend and hold Invoice Cloud and its licensor harmless from and against any and all claims and will indemnify Invoice Cloud and its licensor against any and all costs, fines, penalties, causes of action, allegations, suits, and claims, including reasonable attorney's fees and expenses as a result of any act by Biller. Likewise, Invoice Cloud agrees it will not use the design or establish service in any manner, shape or form that results in an intellectual property rights infringement claim by any third party and will hold Biller harmless from any and all claims and will indemnify Biller from and against any and all costs and claims, including reasonable attorney's fees as a result of any third party intellectual property rights infringement claim against Invoice Cloud or its licensor.

c. **Legal Compliance.** Biller shall comply with all applicable laws, regulations, or other requirements of any governmental authority which relate to or affect this Agreement and the Biller's performance hereunder. Notwithstanding anything to the contrary in the Biller Agreement and these terms and conditions or other agreement between the parties, Biller shall be responsible for compliance with all applicable laws and regulations related to the call flows, content, prompts, and data flows and the Biller's benefits and uses of the IVR, and the instructions and directions in the use of the IVR that it has provided. Although neither Invoice Cloud nor its licensor provides legal advice to Biller, Biller understands and acknowledges and shall comply with all laws, rules, and regulations regarding do not call lists, legal calling times, and dialing cellular numbers, and shall abide by all applicable laws, rules, and regulations while implementing or using IVR.

d. **No Warranty.** NEITHER INVOICE CLOUD NOR ITS LICENSOR MAKES ANY WARRANTY OR ANY REPRESENTATION, EXPRESS OR IMPLIED WRITTEN OR ORAL, RELATING TO THE IVR UNDER THIS AGREEMENT OR OTHERWISE INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY THAT THE SERVICES ARE FIT FOR ANY PARTICULAR PURPOSES OR OF MERCHANTABILITY, AS THE IVR IS PROVIDED "AS IS". BILLER AGREES THAT NEITHER INVOICE CLOUD NOR LICENSOR WARRANTS THE IVR OR ITS SERVICES WILL BE ERROR FREE OR OPERATED UNINTERRUPTED, AND THAT NEITHER INVOICE CLOUD NOR LICENSOR WILL BE HELD RESPONSIBLE IN ANY MANNER, SHAPE OR FORM FOR ANY FAILURE OF THE IVR OR ITS SERVICES TO PERFORM ANY PARTICULAR FUNCTION. In the event of a breach of this warranty by Invoice Cloud or any licensor, Invoice Cloud will use reasonable efforts to attempt to resume provision of the IVR. Biller acknowledges IVR or its services is provided through telephone and electronic devices and shall not hold Invoice Cloud or any licensor responsible for any failure due to technical or electronic failures. Further, neither Invoice Cloud nor licensor is responsible for any poor result as a result of judgments and choices made by Biller in using any IVR service.

8. Incorporation by Reference into Agreement, Modification. These Biller Terms and Conditions are incorporated by reference into the Agreement and may be modified by Invoice Cloud with effect from the date of posting at www.invoicecloud.com/biller-terms-and-conditions as a result of changes in applicable law, regulatory requirements, PCI-DSS requirements, card network rules, ACH requirements or card association or payment processor requirements.

9. California Consumer Privacy Act of 2018

All capitalized terms used in this Section 9, not otherwise defined, shall have the meaning established in the California Consumer Privacy Act of 2018, as amended (Cal. Civ. Code §§1798.100 to 1798.199), and any related regulations or guidance provided by the California Attorney General ("CCPA"). Regardless of Biller's status as a Business, Invoice Cloud is a "Service Provider" pursuant to CCPA. Invoice Cloud's obligations as a Service Provider include:

- a. Invoice Cloud will not Sell Personal Information.
- b. Invoice Cloud will not retain, use, or disclose Personal Information for any purpose other than for the specific purpose of providing the Service, as set out in the Agreement, or as otherwise permitted by CCPA.
- c. Invoice Cloud will not retain, use, or disclose Personal Information for any commercial purpose other than providing the Service.
- d. Invoice Cloud shall provide reasonable assistance to Biller in facilitating compliance with Consumer rights requests.
- e. Upon direction by Biller, and with a commercially reasonable amount of time, Invoice Cloud shall delete the Personal Information.
- f. Invoice Cloud shall not be required to delete any of the Personal Information to comply with a Consumer's request directed by the Biller if it is necessary to maintain such information in accordance with Cal. Civ. Code §1798.105(d). Invoice Cloud shall promptly inform Biller of the exceptions relied upon under §1798.105(d) and Invoice Cloud shall not use the Personal Information retained for any other purpose than provided for by the exception or as otherwise permitted by CCPA.
- g. Invoice Cloud certifies it understands the prohibitions in this Section 8 and will comply with them.
- h. If Invoice Cloud, in its sole discretion, uses a Service Provider to provide the Service, Invoice Cloud will enter into written agreements with such Service Providers requiring the Service Provider abide by terms substantially similar to this Section 9.

Tab I Competency of Proposers

The City wants to ensure that the successful Consultants has the necessary facilities, ability, experience, and financial resources to provide the services specified herein in a satisfactory and timely manner.

- 1. Please list and explain any pending bankruptcies, liens, stop payment notices, judgments, lawsuits, foreclosures, and any similar actions filed or resolved in the past seven (7) years.**

None pending, filed, or resolved in the past seven (7) years against InvoiceCloud, Inc.

- 2. Please indicate whether a client has ever terminated a contract with your firm for breach, and if so, please explain.**

No client has ever terminated a contract with InvoiceCloud, Inc. for breach.

COUNCIL COMMUNICATION

CC #: 3365
File #: 0800-03

Title: Power Management Services – Service Agreement
Contact: Petra Wallace 916-774-5510 pwallace@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.18.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to authorize the City Manager to execute a five-year Service Agreement with Alliance for Cooperative Energy Services Power Marketing LLC (ACES) effective January 1, 2025, through December 31, 2029.

BACKGROUND

Power management services are a key component of Roseville's power supply, energy risk management, and play a critical role in controlling the utility's power supply costs. The services included are day-ahead through real-time scheduling and trading, generation economic dispatch, natural gas nomination and management, credit evaluation and control, master agreement contract negotiation and support, risk management modeling and reporting, and settlements validation. Since 2006, Roseville has consistently relied on ACES for these services.

In order to survey the market and enhance the services the City receives, Roseville issued a Request for Proposals (RFP) for power management services in December 2023. In addition to the current services the City receives, the RFP required several additional services, including:

- New data requirements
- New requirements for following and analyzing emerging energy markets
- Updates to our power supply portfolio and risk policies
- Greater detail and scope on key services
- Updated legal language

The City received four competitive proposals. After evaluating the proposals and conducting interviews, staff recommends executing a new service agreement with the current provider. ACES demonstrated the greatest depth of understanding of Roseville's requirements and was consistently strong across all elements of the required and supplemental services.

The new service agreement will take effect on January 1, 2025, and replaces the existing agreement and extension. The cost for calendar year 2025 is \$1,170,000 with a 3.5% annual

escalator each year thereafter, through the contract term ending December 31, 2029.

FISCAL IMPACT

The cost of ACES services is \$1,170,000 for 2025, and for each subsequent year the cost will escalate by 3.5%. Funding for the services is included in the proposed FY2024-25 Electric Department budget in the Electric Fund. Funding for future years will be included in the Electric Department's respective budgets, and is contingent on City Council approval.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of this agreement meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Respectfully Submitted,

Petra Wallace, Power Supply and Portfolio Administrator

Dan Beans, Electric Utility Director

Dominick Casey, City Manager

RESOLUTION NO. 24-169

APPROVING A SERVICE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE
AND ALLIANCE FOR COOPERATIVE ENERGY SERVICES POWER MARKETING LLC,
AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT
ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a Service Agreement between Alliance for Cooperative Energy Services
Power Marketing LLC and the City of Roseville, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that
said Agreement is hereby approved and that the City Manager is authorized to execute it on
behalf of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of
_____, 2024, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

**Service Agreement
Between
Alliance for Cooperative Energy Services Power Marketing LLC
And
City of Roseville, California**

This Service Agreement (“SA” or “Agreement”) entered into this 1st day of June 2024 (the “Effective Date”) is between Alliance for Cooperative Energy Services Power Marketing LLC (“ACES”) and the City of Roseville (“Roseville”), a California municipal corporation, each individually a “Party” or collectively the “Parties.”

Recitals

WHEREAS, Roseville desires to have ACES perform certain energy services for Roseville; and

WHEREAS, ACES is in the business of providing energy risk management and trade execution services “as agent” for clients.

NOW, THEREFORE, in consideration of the mutual promises and agreements made herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

Article 1
Services; Term; Obligations

- 1.1 **Services:** ACES, as agent, representative, and provider for Roseville shall be responsible for providing those Services described and defined in Exhibit A to the extent that the box next to each desired service on such Exhibit is checked and such Exhibit is executed by Roseville. All Services provided by ACES, whether herein enumerated or performed on a gratuitous basis, shall be deemed performed under the terms and conditions of this Agreement.
- 1.2 **Term:** The “Initial Term” of this SA shall be five (5) years commencing on January 1, 2025 and ending on December 31, 2029. Thereafter, the term shall continue for additional one (1) year terms (each such term is an “Additional Term”) (Initial Terms and Additional Terms are both hereinafter “Terms”). After the Initial Term and during any Additional Term, ACES may terminate this Agreement with one (1) year’s advanced written notice to Roseville, provided the termination occurs at the end of an Additional Term. Similarly, after the Initial Term and during any Additional Term, Roseville may terminate this Agreement with one hundred eighty (180) day’s advanced written notice, provided the termination occurs at the end of an Additional Term. Any termination notice may be rescinded by mutual agreement prior to the effective termination date.
- 1.3 **Designation of ACES as Agent:** Roseville designates ACES as its exclusive agent and representative to perform the Services selected by Roseville on Exhibit A pursuant to the trading controls, processes, and procedures established by the Parties. As Roseville’s

agent, ACES shall act in conformity with the instructions established and agreed upon with Roseville. The Parties agree that Roseville shall not perform any of the Services on its own or utilize any other agent for the performance of the Services unless and until Roseville formally notifies ACES in writing to the contrary with respect to specific transactions or classes of transactions. ACES recognizes that the Northern California Power Agency (NCPA) does perform scheduling services on Roseville's behalf.

- 1.4 **Coordination:** While acting on behalf of Roseville, ACES shall coordinate its activities, as necessary and as requested by Roseville, with any third parties with whom such coordination is reasonably required.

Article 2 **Consideration; Payments**

- 2.1 **Consideration; Payments:** As consideration for the Services performed by ACES for Roseville, Roseville shall pay the fees established in the attached Exhibit A. All payments by Roseville to ACES pursuant to such Exhibit A, or otherwise, shall be through electronic payments in immediately available funds to ACES' account in a financial institution or other entity designated by ACES in writing. All payments to ACES shall be submitted via ACH or wire transfer to:

ACH Instructions

Company Name:	Alliance for Cooperative Energy Services Power Marketing LLC
Account #:	8666823358
Bank Routing #:	071000039
Bank Name:	Bank of America
Bank Address:	Chicago, Illinois

Wire Instructions *(Please use ACH if possible)*

Company Name:	Alliance for Cooperative Energy Services Power Marketing LLC
Account #:	8666823358
Bank Routing #:	026009593
Bank Name:	Bank of America
Bank Address:	New York, New York
Swift:	BOFAUS3N

- 2.2 **Failure to Pay:** Notwithstanding anything to the contrary in Article 4.2, Roseville's failure to make payments due hereunder shall be considered a default, and in the event such default is not cured within fifteen (15) days following notice by ACES, ACES may terminate this SA and all Services provided for herein.
- 2.3 **Late Payments:** Any payment that is not received by ACES on or before the date required shall incur a monthly late fee calculated on the total outstanding balance due at an interest rate equal to the prime rate (as published in the Wall Street Journal) plus two percentage points (2%) beginning the fifth day following the due date.

Article 3 **Confidentiality**

- 3.1 **Confidentiality**: The Parties acknowledge that certain information and materials exchanged during the term of this Agreement contain proprietary and confidential information (“Confidential Information”) of the disclosing Party. Confidential Information shall specifically include, but not be limited to, any information disclosed in written form and clearly marked “Confidential”. The receiving Party agrees that such Confidential Information shall be held confidential, to the extent permitted by law, under the same safeguards as it treats its own confidential information and that it will not use, copy or disclose the Confidential Information other than for the sole purpose of supporting or performing the Services in connection with this Agreement. The Confidential Information may be disclosed to officers, directors, employees, agents, representatives or consultants (who shall agree to be bound by the terms of this Article 3.1) of the receiving Party on a need to know basis and shall not be disclosed to any third party without first having obtained the written permission of the disclosing Party. Confidential Information shall specifically exclude any information which the receiving Party can show (a) was known to or was independently developed by the receiving Party without access to or use of the Confidential Information of the disclosing Party, (b) was disclosed to the receiving Party in good faith by a third party who had the right to make such disclosure, (c) was made public by the disclosing Party, or was established to be part of the public domain other than as a consequence of a breach of the Agreement by the receiving Party, or (d) is independently developed by the receiving Party without use of the disclosing Party’s Confidential Information as shown by documents and other competent evidence in the receiving Party’s possession. If the receiving Party is requested or required by oral questions, interrogatories, requests for information or documents, subpoena, civil investigative demand, regulatory proceeding or similar legal or regulatory process to disclose any Confidential Information supplied to the receiving Party by the disclosing Party, the receiving Party shall provide the disclosing Party with prompt notice of such request(s) so that the disclosing Party may seek a protective order or other appropriate remedy and/or waive compliance with the terms of this Agreement. However, disclosure pursuant to a legal order shall not constitute a breach of this Article 3.1.

Notwithstanding the foregoing, Roseville may disclose Confidential Information, which Roseville determines, at its sole discretion, is subject to a valid California Government Code section 6250 *et seq* public records act request and not subject to any exemptions from disclosure (e.g., exemption for trade secrets). Furthermore, Roseville may disclose Confidential Information, which it determines is necessary for disclosure for purposes of publicly informing its City Council and/or other City officials.

Roseville has a Non-Disclosure Agreement (“NDA”) with the Northern California Power Agency (NCPA) dated May 9, 2013, which provides access to Confidential Information. As Roseville’s Power Management Services Provider, ACES staff that have access to Confidential Information from NCPA will need to execute and agree to comply with the provisions of that NDA.

- 3.2 **Proprietary Rights:** All tangible material (“Material”) created or delivered by Roseville to ACES pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, ACES hereby assigns to Roseville an exclusive license to use, in all Material created by ACES in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings (including computer aided drawings), papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. Unless specifically agreed to in writing by the parties to this Agreement, all Material furnished by ACES is, and shall remain, the property of Roseville. Despite the foregoing, Roseville acknowledges and agrees that all rights, title, and interest in and to all models, tools, systems, or processes used or developed exclusively by ACES in the course of providing Services pursuant to this Agreement, including, but not limited to, patent rights, trade secrets, mask works, and copyrights, shall remain exclusively with ACES without further consideration; provided that Roseville may retain and use a copy of any studies, reports, and analyses for its sole use.
- 3.3 **Use of Confidential Information:** Roseville shall not utilize any of ACES’ confidential information for the purpose of competition with ACES.

Article 4 **Default**

- 4.1 **Default by ACES:** In the event ACES fails to substantially fulfill any obligations as set forth herein, and upon delivery of written notice by Roseville to ACES, ACES shall within fifteen (15) days from receipt of such notice cure such default. In the event ACES is unable to cure such default, and the default is not caused by Force Majeure as described in Article 4.3 herein, Roseville may, after submitting the matter to dispute resolution pursuant to Article 5 and receiving a determination of its right to do so, terminate this SA. Roseville shall continue to make payments then due or becoming due with respect to performance prior to the date of termination.
- 4.2 **Default by Roseville:** In the event Roseville fails to substantially fulfill any obligations as set forth herein, and upon delivery of written notice by ACES to Roseville, Roseville shall within fifteen (15) days from receipt of such notice cure such default. In the event that Roseville is unable to cure such default, and the default is not caused by Force Majeure as described in Article 4.3 herein, or by a failure to pay as described in Article 2.2, ACES may, after submitting the matter to dispute resolution pursuant to Article 5 and receiving a determination of its right to do so, terminate this SA. Roseville shall continue to make payments then due or becoming due with respect to performance prior to the date of termination.
- 4.3 **Force Majeure:** Neither Party shall be considered to have defaulted in performance of any obligations hereunder if failure of performance is due to an event of Force Majeure. The

term “Force Majeure” shall mean any cause reasonably beyond the control of the entity affected, including, but not limited to, the failure of facilities, flood, earthquake, storm, fire, lightning, epidemic, war or riot, terrorist act, civil disturbance, labor dispute, sabotage, restraint by Court order or public authority, or inability to obtain necessary licenses or permits. Nothing herein shall be construed to require a Party to settle any strike or labor dispute in which it may be involved. The Party affected by the event of Force Majeure shall provide the other Party with written notice setting forth full details thereof as soon as practicable after the occurrence of such event and shall take all reasonable measures to mitigate or minimize the effects of Force Majeure. Economic hardship of either Party shall not constitute Force Majeure under this SA. Failure of a third party to provide Services as contracted by either Party herein shall constitute Force Majeure for the purpose of this SA only if such failure is caused by Force Majeure as defined in the relevant contract between the third party and the Party claiming Force Majeure.

Article 5

Dispute Resolution

- 5.1 **Dispute Resolution:** In the event of a dispute between the Parties arising from this SA, the Parties shall act in good faith to seek resolution of any dispute arising hereunder through negotiation. If the dispute cannot be settled through such negotiations, then an officer representing each Party must personally in good faith seek to resolve the dispute through negotiation one with the other before resorting to any other dispute resolution procedure. Should the Parties be unable to resolve the dispute through the methods set forth above, then the Parties shall refer such dispute to binding arbitration under the rules of the American Arbitration Association (“AAA”) and as set forth herein. The arbitrator shall not have been previously employed by or had any business or social relationship with either Party or its counsel and shall not bear any direct or indirect interest in either Party or its affiliates or customers, or in the subject matter of the arbitration. The arbitrator shall either be: (i) mutually agreed by the Parties within fifteen (15) days from receipt of written notice from the Party requesting arbitration; or (ii) failing such agreement, selected under the expedited rules of the AAA. The arbitration shall be held in alternating locations of the home offices of ACES and Roseville, commencing with ACES’ office. Either Party may initiate arbitration by written notice to the other Party, and the arbitration shall be conducted according to the following (i) not later than seven (7) days prior to the hearing date set by the arbitrator, each Party shall submit a brief with a single proposal for settlement; (ii) the hearing shall be conducted on a confidential basis; (iii) the arbitrator shall provide a brief written summary of the reasons for the decision; (iv) each Party shall divide equally the cost of the arbitrator and the hearing and each Party shall be responsible for its own expenses and those of its counsel and representatives; (v) evidence concerning the financial position or organizational make-up of the Parties, any offer made in settlement or the details of any negotiation of the dispute prior to arbitration, and the cost to the Parties of their representatives and counsel shall not be admissible; and (vi) free and open discovery shall be permitted, the scope of which shall not be more restrictive than provided for in the Federal Rules of Civil Procedure. The determination of the arbitrator shall be rendered within forty-five (45) days after the arbitration.

Article 6

Records

- 6.1 **Records:** Each Party shall maintain, for a period of two years, accurate transaction records hereunder and shall make available to the other Party, upon written request and reasonable notice, such retained transaction records as may be necessary for the purpose of ascertaining the accuracy of any invoiced statements of charges submitted hereunder.

Article 7

Limitation of Liability

- 7.1 **Limitation of Liability:** Each Party shall release and hold harmless the other Party from and against any and all liability, loss or damages arising or alleged to arise from, or incident to, or in connection with the provision of Services under this SA, however, if Roseville incurs any liability, loss or damages resulting from the gross negligence or willful misconduct of ACES, then ACES shall pay to Roseville the amount of such liability, loss, damages and expense as limited below by paragraph 7.2. In no event shall ACES be responsible for any actions taken by any of Roseville's suppliers or by any security coordinators, including, but not limited to, curtailment of supply, curtailment of delivery, replacement pricing, and energy or power imbalance.
- 7.2 **Limitation on Damages:** NEITHER PARTY HERETO SHALL BE LIABLE TO THE OTHER PARTY UNDER THIS SA FOR ANY DAMAGES OTHER THAN DIRECT ACTUAL DAMAGES RESULTING FROM THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF A PARTY. IN ALL INSTANCES SUCH DAMAGES SHALL BE LIMITED IN TOTAL TO ONE MILLION DOLLARS IN THE YEAR OF THE ALLEGED BREACH OR LOSS. SUCH DIRECT ACTUAL DAMAGES SHALL BE THE SOLE AND EXCLUSIVE REMEDY HEREUNDER, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. NEITHER PARTY SHALL BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, LOST PROFITS, LOST OPPORTUNITY COSTS, OR OTHER BUSINESS INTERRUPTION DAMAGES, BY STATUTE, IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISION OR OTHERWISE. IT IS THE INTENT OF THE PARTIES THAT THE LIMITATIONS IMPOSED HEREIN ON REMEDIES AND THE MEASURE OF DAMAGES BE WITHOUT REGARD TO THE CAUSE OR CAUSES RELATED THERETO, INCLUDING THE NEGLIGENCE OF ANY PARTY, WHETHER SUCH NEGLIGENCE BE SOLE, JOINT OR CONCURRENT, OR ACTIVE OR PASSIVE.
- 7.3 **Indemnification:** Notwithstanding the foregoing Sections 7.1 and 7.2, each Party shall hold the other Party harmless as follows: Indemnitor shall defend, indemnify, and save and hold harmless the indemnity, its officers, agents and employees from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of indemnitor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created

by this Agreement, except those matters arising from indemnitee's negligence.

- 7.4 **Insurance:** ACES agrees to maintain in full force and effect the following policies of insurance during the term of this Agreement.

COVERAGE

LIMITS OF LIABILITY

Workers Compensation

Statutory

Commercial General Liability

Bodily Injury:
\$2,000,000 each occurrence
\$4,000,000 aggregate
Personal Injury:
\$2,000,000 each occurrence
\$4,000,000 aggregate

Automobile liability including
endorsements for owned,
hired and non-owned vehicles

Bodily Injury:
\$1,000,000 combined single

ACES shall submit a certificate evidencing such coverage in a form satisfactory to the City Attorney of Roseville, prior to undertaking any work hereunder. A separate endorsement form showing City of Roseville, its officers, agents and employees as additional insureds, except for Workers' Compensation and Professional Liability shall also be provided. Such insurance shall specifically cover the contractual liability of ACES. The coverage shall be primary as to such additional insureds and no coverage of the Roseville shall be called upon to contribute to a loss. Said certificates shall provide written notice to Roseville prior to cancellation or adverse modification of any insurance required by this Agreement. ACES shall furnish a certificate for the period covered by the agreement. Any insurance written on a claims made basis is subject to the approval of the City Attorney. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve ACES of liability in excess of such coverage, nor shall it preclude Roseville from taking such other actions as are available to it under any other provisions of this Agreement or law.

Article 8
Miscellaneous

- 8.1 **Notices:** Any notice, request, consent, or other communication permitted or required by this SA, shall be given to the Parties in writing and addressed as follows:

To Roseville: Electric Utility Director
Roseville Electric
2090 Hilltop Circle
Roseville, CA 95747
Telephone: (916) 774-5636
Facsimile: (916) 774-5583

To ACES: David Claspell
Senior Vice President & CFO
Alliance for Cooperative Energy Services Power Marketing LLC
4140 West 99th Street
Carmel, Indiana 46032
Telephone: (317) 344-7000

- 8.2 **Binding Effect:** This SA shall become binding upon the Parties upon the Effective Date.
- 8.3 **Successors and Assigns:** This SA shall inure to the benefit of, and be binding upon, the Parties and their respective successors and assigns; provided, however, that this SA shall not be assigned, wholly or in part, by either Party without the prior written consent of the other Party.
- 8.4 **Claims:** All claims relating to, or arising out of this Agreement shall be brought within one year of the completion of the service or such claims shall be waived.
- 8.5 **Entire Agreement:** This SA and the attached Exhibit A set forth the entire agreement of the Parties and may not be amended except in writing signed by the Parties. This SA and all referenced exhibits sets forth the entire agreement between the parties as to the subject matter of this SA and supersedes all prior agreements, commitments, representations, writings and discussions between the Parties, whether written or oral, with respect to the subject matter hereof.
- 8.6 **Governing Law:** This SA and the rights and duties arising out of this SA shall be governed by and construed, enforced, and performed in accordance with the laws of the State of California, without regard to principles of conflicts of law.
- 8.7 **Certain Warranties:** Each Party represents and warrants to the other Party that it is and will remain duly organized, validly existing, and in good standing under the laws of the state of its organization throughout the term of this SA, and that the execution, delivery and performance of this SA are within its powers, have been duly authorized by all necessary action, and do not violate any of the terms or conditions in its governing documents or applicable laws.
- 8.8 **Publicity:** The Parties agree that neither Party shall issue or release for external publication any press release, article, advertising or other publicity matter in any form (including print, electronic, or interview) relating to the Services or this Agreement, without the mutual consent of the other Party.

IN WITNESS WHEREOF, the parties have caused this SA to be executed and delivered by their respective duly authorized officers as of the date first written above.

EXHIBIT A – ACES Services

This Exhibit A dated as of June 5, 2024, is hereby incorporated into the Service Agreement between Customer and ACES and together constitute the understanding of the Parties with regard to the Services. Customer hereby indicates, by checking the appropriate boxes, the Services ACES will provide for Customer. Customer and ACES may agree to amend this Exhibit A, from time to time, to conform to the needs of Customer and the Services provided by ACES. Customer and ACES shall cooperate and provide sufficient notice of any pending change in the Services selected by Customer or provided by ACES. Notwithstanding anything to the contrary herein, the designation of ACES as Customer's agent and representative to perform the Services shall at all times be pursuant to, subject to, and only to the extent authorized by the Customer.

I. Trading and Counterparty Controls and Risk Policies:

A. Credit

- ☒ 1) **Credit Analysis and Counterparty Monitoring:** ACES will analyze and monitor the on-going financial viability of the Customer's power, natural gas, financial, emission allowance, and coal counterparties and any other counterparties upon request.
- ☒ 2) **Credit Exposure Monitoring and Management:** ACES will provide counterparty credit exposure monitoring; and collateral management services consistent with approved credit limits in accordance with either a Customer's credit policy or a procedure that is mutually agreed to by the parties. On a daily business day basis, a Combined Credit Exposure Report and a Threshold Report will be posted to the Customer Only Website. Periodically, ACES' Recommended Trading Restriction Report will be sent to selected Customer staff via email and posted to the Customer Only Website. Coal and emission allowance trading counterparties may be added at the Customer's request.
- ☐ 3) **Credit Negotiations:** ACES, as Customer's agent, shall negotiate or assist in the negotiation of credit terms included in standardized or structured contracts with the exception of negotiating with other ACES clients (due to a conflict of interest). ACES will serve as an active advocate of the Customer in the credit community including contact coordinated with the Customer: counterparties, ISO/RTOs, credit rating agencies, energy credit risk management associations/coalitions, lenders and regulatory bodies, etc.
- ☒ 4) **Credit Reports:** On a daily business day basis, a business/news email will be distributed to selected Customer staff. On a monthly basis, a report on bond spreads and credit default swaps will be distributed to selected Customer staff. Every 6 months, or more often if specifically requested by Customer, a Capital Adequacy Report will be distributed to selected Customer staff.

- ☒ 5) **ISO/RTO Credit Monitoring Service:** ACES will sit in on all credit-related ISO/RTO meetings that ACES' Customers participate in, either in person or via conference call. ACES will periodically distribute to selected Customer staff a report on the activities and/or issues pertaining to each of these meetings, whenever they may take place.

B. Contracts

- ☒ 1) **Master Agreement Negotiations:** ACES, as Customer's agent, will negotiate or assist in the negotiation of provisions between Customers and counterparties for standardized energy contracts with the exception of negotiating with other ACES clients (due to a conflict of interest). However, when negotiating standardized energy contracts between ACES clients, ACES will facilitate and offer explanation of provisions for both parties. ACES will administer the process from initiation to contract execution on a timely basis, and provide periodic status reports as requested by Customer. Within this service, ACES facilitates the establishment of Customer brokerage and NYMEX accounts.
- ☐ 2) **Emissions Allowances and Renewable Energy Credits Agreement Negotiations:** ACES, as Customer's agent, will negotiate or assist in the negotiation of provisions between Customers and counterparties for emissions allowances and renewable energy credits contracts with the exception of negotiating with other ACES clients (due to a conflict of interest). However, when negotiating these environmental contracts between ACES clients, ACES will facilitate and offer explanation of provisions for both parties. ACES will administer the process from initiation to contract execution on a timely basis, and provide periodic status reports as requested by Customer.
- ☒ 3) **Contract Administration – Agreements:** ACES will administer the terms of power, natural gas, financial derivative, emissions, and renewable contracts. Such administration includes developing procedures to ensure appropriate oversight and administration of the following provisions: contract execution, modification and termination, authorized signatories, default, assignments, and notices.
- ☒ 4) **Contract Monitoring – Agreements:** ACES will monitor agreements for compliance with ACES delegated trading activities. This includes oversight and procedures for entering commercial provisions into ACES' risk system, confirmation processes, notifying traders of contractual relationships, and monitoring/mitigating and reporting trading violations of commercial contract terms.
- ☐ 5) **Structured/Customized Contract Evaluations:** ACES, at the request of the Customer, evaluates structured/customized contracts in their entirety including: pricing, delivery terms, contract flexibility, missing provisions, legal provisions, etc.

- ☐ 6) **Contract Service – RTO Applications:** ACES, at the request of Customer, will initiate the RTO application process. This service will include initiating and completing, with Customer's assistance, the necessary forms and filing the application with the applicable RTO. ACES will also provide any necessary follow-up with the RTO until the application is approved and the ACES Customer is granted market participation status.

C. Trading Control

- ☒ 1) **Trade Capture and Validation:** ACES will capture all transactions executed by Customer as requested. In addition ACES will review all transactions captured in the ACES risk management systems to ensure the transactions are captured completely, accurately, and timely. ACES will perform various tasks to validate the accuracy of the transactions captured in the risk system. These validation processes include transaction confirmations and reconciliations to external transaction sources.
- ☒ 2) **Policy Compliance Monitoring:** ACES' Trading Control Department will monitor all trading activity for compliance with both the Customer's trading authority policy and the internal ACES Trading Authority Policy. Exceptions to the trading authority policies are reported to ACES' Risk Management Committee ("RMC"). The ACES RMC determines the appropriate disciplinary action for all violations by ACES' personnel in accordance with ACES' Trading Sanctions Policy. ACES' Trading Control Department will also monitor a Customer's compliance with its hedge policy in coordination with the ACES Structuring department via its monthly portfolio modeling reports.
- ☒ 3) **Forward Curve Reporting:** ACES Trading Control Department will post on the ACES Portal on a daily basis forward price curves for various commodities and products, such as power, capacity, natural gas, heating oil, crude oil, coal, emissions and renewable energy, as well as forward curves for interest rates and inflation rates. ACES Trading Control Department will also report forward volatility information for power and natural gas.
- ☒ 4) **Mark-to-Market Valuation and Reporting:** ACES will mark-to-market its Customers' forward transactions on a daily basis. The mark-to-market gain/loss (mark-to-market exposure) of forward positions is a component of the total credit exposure Customer has with each of its counterparties. Mark-to-Market Reports will post to the ACES Portal on a daily basis.
- ☒ 5) **Transaction Reporting:** ACES will prepare various transaction reports regularly and post such to the ACES Portal or provide them directly to the Customer. Other customized reports will be prepared at Customer's request and, at ACES' option, at Customer's cost.

D. Risk Management and Training

- ☐ 1) **Risk Management Policy Development:** ACES will assist and facilitate the process of policy development for Customer. Policies include: energy risk management, credit, trading authority, trading sanction, and hedging. The overall development process involves various ACES groups.
- ☐ 2) **Education and Training (within limits):** ACES offers both on-line and in-person training and education for various risk management, compliance, and personal development subject areas suitable for Board Directors, Executive Management and Staff. ACES maintains a Learning Management System (“LMS”) which has dozens of courses available to assist Customer in their training and certification needs (i.e. NERC system operators, CPA’s, PE’s). Additionally, Customer may use the LMS to host its own training needs and ACES shall consult and assist Customer, within reason, for the development of training and use of the LMS. Use of the LMS requires the Customer to sign an additional letter agreement stating Customer shall abide by terms of ACES’ LMS vendor agreement and pay for users that exceed a predetermined number. Furthermore, ACES will offer the Customer one free customized in-person training course per year.

E. Regulatory and Market Development Participation

- ☐ 1) **State Regulatory Participation:** At the request of Customer, ACES and Customer will design a customized program for ACES to participate, at Customer’s direction, in regulatory proceedings, rate cases, etc. ACES will bill these services at hourly consulting rates.
- ☐ 2) **Legislative Initiative Participation:** ACES will participate in Federal, Regional, State and Local proceedings that represent Customer’s interests for coal transportation and/or environmental management.
- ☐ 3) **Regulatory and Market Development Participation:** ACES will participate, on behalf of Customer, in the rules making process with existing and emerging RTO’s/ISO’s and other regulatory bodies that implement market development rules. Committee representations range from credit issues to treatment of grandfathered transmission agreements. The following services are provided: develop a Customer strategy to address key ISO/RTO, regional reliability organization, NAESB, and other regulatory committees or working groups; establish issues-based coverage and provide a structured approach to analyzing regulatory issues and their impacts on Customer portfolios; establish proxy voting rights on behalf of Customer as appropriate.

F. Electric Reliability Organization (“ERO”) Compliance Consulting

- ☐ 1) **Reliability Compliance Consulting:** ACES will serve as an information broker, advisor, and provider of training through the creation of individual Customer

relationships and the formation of a Customer ERO compliance working group. ACES will conduct its work through identification and prioritization of ERO issues. Other work products include: filtering and proactive dissemination of relevant information from NERC/FERC/regional reliability organization, proactive lobbying efforts, establishing a communication method among Customers for sharing information and questions, creating forums for Customer-to-Customer communications, hosting relevant workshops and webinars, coordinating and advocating NERC standards drafting among ACES Customers and providing a conduit for submitting questions to FERC, NERC, and regional reliability organizations - including interpretation and applicability of Standards/Requirements. Additionally, ACES will support ERO compliance training needs of Customers by: developing on-line training addressing culture-of-compliance issues, general power industry topics, assisting Customers with developing NERC-compliant training plans, assisting Customers with developing CEH-eligible training courses, and sharing training among Customers. Additional work products and training requested by Customers may be performed, but may be subject to additional consulting fees.

- ☐ 2) **Delegated Electric Reliability Standard Compliance:** For those operations where ACES directly fulfills required functions for which a Customer is registered to comply with a reliability standard promulgated by either the North American Electric Reliability Corporation or one of the regional reliability organizations, ACES will ensure that ACES' activities on behalf of Customer are in compliance with the electric reliability standards requirements formally delegated in writing to ACES. For those operations that do not require ACES to fulfill reliability functions, ACES and the Customer will execute a "no-delegation" agreement formalizing the understanding in writing.

G. Compliance Services Associated with Financial Transactions and Dodd Frank Physical Trade Options

- ☐ 1) **Compliance Services Associated with Financial Transactions and Dodd Frank Physical Trade Options:** Compliance services associated with ACES executed financial transactions and Dodd Frank physical trade options can include: classifications of transactions, counterparties, and Customer; capture of unique identifiers; reporting party agreements; negotiation of master agreement amendments; swap data regulatory recordkeeping; monitoring of positions and transactions, including large trader monitoring as well as ICE and CME/NYMEX exchange limits; data verifications and reconciliations with counterparties and swap data repositories; providing Customer notifications, representations, and elections to counterparties; preparing regulatory forms for submission to CFTC and/or swap data repositories; and preparing responses to Dodd-Frank related data requests, if any. Compliance services may also be performed associated with Customer executed transactions, if requested.

II. Portfolio Strategy and Management:

The Portfolio Strategy and Management Services will be performed pursuant to the trading controls, processes, or procedures established by the Parties. By checking a box under this Section II - Portfolio Strategy and Management, Customer hereby grants ACES authority to act and make decisions on behalf of Customer (both according to the Risk Controls established between ACES and Customer, and consistent with the underlying contracts between Customer and the Customer's counterparties) and to perform the selected Services pursuant to the following designation of authority to ACES:

- (a) The planning, negotiating, purchasing, and selling of electric power and energy or any natural gas that is authorized to be purchased and/or sold by ACES;
- (b) The entering into, making, executing, delivering, and performing such necessary and proper agreements, writings, or other things that may be necessary or proper to be entered into, made, executed, delivered, or performed;
- (c) The utilization of any other agent or broker ACES may deem necessary or desirable for the purpose of purchasing and selling any electric power and energy or natural gas that is authorized to be purchased and sold by indication in the boxes in this Section II;
- (d) The buying or arranging of natural gas transportation services or capacity in order to effectuate delivery or sale, from a receipt or delivery point to or from Customer's facility, of natural gas that is authorized to be purchased and sold by ACES; and
- (e) The negotiation and resolution of any errors or disputes which may arise in the normal course of business between ACES and any agent, broker, or entity counterparty as a result of this Agreement, provided that any disputes shall not be settled without the prior consent of Customer.

Some services under this Section II may be performed using CFTC jurisdictional transactions which may include, but not be limited to:

- Futures and other Exchange-traded Transactions;
- Swaps: Over the Counter ("OTC") financial swaps, OTC financial swaptions, OTC financial commodity options; and
- Physical Trade Options: A Physical Trade Option is defined as a commodity option purchased by a commercial party that, upon exercise, results in the sale of a physical commodity for immediate (spot) or deferred (forward) shipment or delivery. Common examples may include heat rate call options (with no forward component, such as capacity), or day-ahead fixed strike price call or put options.

Where Customer agrees to grant ACES authority to perform CFTC jurisdictional transactions, Customer shall so designate by checking the box indicating that "☐ Customer authorizes the use of CFTC jurisdictional transactions." directly under that Service description. Alternatively, Customer may designate that it does not authorize the use of CFTC jurisdictional transactions in

providing the Service by checking the box indicating that “☐ Customer does not authorize the use of CFTC jurisdictional transactions”.

A. Long-term Portfolio Strategy

- ☒ 1) **Portfolio Strategy and Analysis:** ACES will provide Customer with energy portfolio risk analytics, utilizing ACES’ Portfolio Model or other analysis methods, to derive products and strategies that support risk mitigation or opportunities for portfolio composition changes. Portfolio strategies require documentation and analysis that support them, along with an action plan for managing the collective energy risks of Customer. ACES will work with Customer to develop requirements consistent with the risk tolerance and reporting needs of Customer, and provide supporting analysis and recommendation reports utilizing the market experience and knowledge of ACES. ACES will also oversee the coordination of various functions for an action plan and execution strategy, consistent with instructions provided by Customer. ACES will perform this Service based on the time horizon and responsibilities it has been granted by Customer. Portfolio products may include capacity, energy, ancillary services, natural gas, coal, heating oil, financial transmission rights (“FTRs”) or other congestion management products, transmission positions, renewable energy credits (“RECs”), emissions allowances, load management operations or other physical or financial products that may address a portfolio risk for Customer. The term will cover the four (4) months to twenty (20) years forward or greater, depending on Customer risk tolerance or instruction. Customer’s internal risk management function approves specific recommendations and risk tolerance and ACES may be delegated responsibility to execute and administer the strategies in the short-term, mid-term, and long-term markets in accordance with the established Risk Controls.

☒ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☐ 2) **Origination (4 months to 20 years):** ACES will find, negotiate, price, structure and execute transactions for seasonal to long-term over-the-counter products intended to enhance the Customer portfolio power supply or hedge position. Transactions are subject to specific delegations given to ACES by the Customer (generally for 1 month to 20 year forward contracts). In this context, Origination services:

- Deliver structured or longer-term power market products and hedges;
- Maintain commercial relationships with existing and potential market counterparties such as banks and other utilities;
- Engage market counterparties for specific deal negotiation and execution;
- Make pricing evaluations of potential product or asset opportunities from a market-comparable perspective;

- Coordinate application of originated products in context of the overall Customer portfolio management;
- Employ both financially-settled and physical delivery wholesale products for power and generation fuels;
- Provide collaborative commercial advice to Customer for counterparty and product choices; and
- Provide market intelligence and analysis on issues impacting energy markets and counterparties.

☐ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☐ 3) **Emissions Allowances, Carbon and Renewable Strategy, Analysis and Transactions:** ACES will provide emissions, carbon and renewable energy risk management including strategy and transaction services. ACES will assist Customer in meeting requirements for Federal or State mandatory Renewable Portfolio Standards (“RPS”), emission and carbon requirements. ACES will also provide similar services for voluntary renewable strategies or transactions. Transactions will be based on ACES’ delegated trading authority pursuant to the Risk Controls and consistent with the overall emissions, carbon and renewable execution strategies developed for and approved by each Customer.

☐ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☒ 4) **Standard Portfolio Modeling and Risk Analytics:** ACES will provide portfolio modeling as a service designed to provide the Customer with quantitative analysis on key power supply risks and cost variables that impact their specific portfolio of assets, contracts and load. The focus will be on analysis of month-ahead to five year future time horizons, corresponding to wholesale market liquidity in traded hedge products and defined Customer risk/hedging policies. The modeling will provide risk analytics and quantification intended to:

- Identify risk exposure of Customer power supply portfolio to normal market variation and to stress events;
- Support Customer risk reporting responsibilities;
- Assist Portfolio Strategy in determining the economic fit and fundamental value for various portfolio hedge products;
- Demonstrate cost and risk tradeoffs associated with hedging strategies;
- Support measuring cost uncertainties around the portfolio;
- Assist Portfolio Strategy in determining fundamental power supply asset valuation components (modeling longer-term cash flows and using stochastic methods); and

- Assist in providing metrics to support Customer management within their risk tolerances.

Portfolio Model Reporting is intended to be delivered with a mutually agreed routine reporting frequency (example: monthly or quarterly) to account for market and portfolio changes. Reporting output and timing has a dependency on Customer input parameters. ACES will provide written reports with analysis, information, evaluations, data, and risk metrics designed to meet Customer's needs.

- ☐ 5) **Long-Term Generation and Transmission Planning Studies:** On a project-request basis, ACES will provide evaluations and risk analytics for long-term generation and transmission studies that may benefit from the use of fundamental power production simulation modeling and resulting locational marginal price and congestion forecasts.

B. Short-term Portfolio Management

- ☒ 1) **Portfolio Management (Intraday to 4 months):** ACES will initiate and execute short-term trading and operating strategies designed to optimize Customer's portfolio and within the authority and responsibility delegations given to ACES by Customer through the Risk Controls. This Service may include the optimization of contracts, generating assets, and power market activity in either the traditional physical markets or in the ISO structured markets. ACES will actively manage the supply and demand balance to minimize hourly deviations and limit market price risk to the portfolio. By selecting this Service, Customer hereby grants ACES authority to act and make decisions on behalf of Customer (both according to the delegated authority established between ACES and Customer, and consistent with the underlying contracts between Customer and its counterparties), as its agent, to sell the short-term energy and ancillary services made available pursuant to this Agreement and to purchase short-term energy on behalf of Customer. Customer shall provide a Schedule of Available Resources, which shall include: period(s); capabilities; location; and heat rates and/or operating costs consistent with the market design requirements. Such Schedule of Available Resources shall be delivered in advance by Customer, by electronic means prior to eight o'clock (8:00) a.m. Eastern Standard Time on the day prior to the operating day, or at any mutually agreed upon time. ACES will accommodate changes to the timeline on a best efforts manner to limit risk to the Customer portfolio. Short term operations and portfolio optimization may also include the management and execution of financially binding transactions within the ISO market structure. These transaction types include, but are not limited to, demand bids, virtual transactions, generation offers, and ancillary service bids/offers.

☒ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☒ 2) **Portfolio Performance Reporting (“PPR”):** Using internally developed software and data management processes, ACES will perform routine analysis of Customer portfolio revenue and cost performance based on preliminary settlement and operational data. ACES will use the PPR internally to identify short-term (daily or weekly) trends and improve Customer’s portfolio performance as well as enable reporting of such information to the Customer. The PPR reporting is not billing-quality accounting and is not intended to replace Settlements services.
- ☒ 3) **Demand-Side or Load Management Operations:** ACES will execute and administer certain specified operations such as; water heater, air conditioner, day ahead and/or real time pricing notifications, buy through programs, or behind the meter generation operations.
- ☒ 4) **Short-Term Load Forecasting:** ACES will perform and provide load forecasting for next hour, day, and weekly as needed to manage the portfolio
- ☒ 5) **Native Load Following:** ACES will provide native load following service to minimize hourly deviations between supply and demand so as to minimize imbalance costs.
- ☒ 6) **Generation Management Services:** ACES will create and/or upload generation offer parameters to the markets and monitor generating unit dispatch instructions (deployment levels, commitment, and decommitment)
- ☒ 7) **Optimization Modeling:** ACES model assists in the short-term optimization of Customer’s portfolio of supply assets and load, providing unit commitment recommendations and expectations, market transaction strategies, and bid/offer strategies for both energy and ancillary services.
- ☒ 8) **Real Time Data Monitoring:** ACES will validate data accuracy of the Customer’s SCADA/EMS systems and notify Customer of material data inaccuracies.
- ☒ 9) **Physical Transmission Scheduling and e-Tagging:** ACES will procure transmission service as needed, and provide physical scheduling and tagging of bilateral and/or ISO trading activities.
- ☒ 10) **Capacity Services:** ACES shall perform tasks leading up to and during the RTO capacity auctions to ensure Customer resources are represented in the auction as directed by the Customer. These tasks may include but are not limited to: confirming resources, entering or confirming bilateral transactions, updating forced outage rates, entering capacity modifications, submitting bids and offers, and relaying clearing information.
- ☐ 11) **RTO / ISO Market Meter Data Submission Services:**

RTO / ISO Market Selection

- ☐ **ERCOT**
- ☐ **CAISO**
- ☐ **MISO**
- ☐ **SPP**
- ☐ **PJM**

ACES will submit meter data to the above selected RTO/ISO (“Market”) on behalf of the Customer, Market Participant (“MP”) / Scheduling Coordinator (“SC”) following approved Market Protocols and Business Practices for meter data submission. ACES will submit meter data in the Market format (ERCOT-Set Meter Data Exchange Format, MDEF or CSV) utilizing ACES provided Market specific interaction software systems or a Third Party EDI service provider.

The MP/SC or their Meter Data Management Agent (“MDMA”) will be responsible for the collection of all meter data and providing to ACES, such meter data in an ACES specific format (XML file). The MP or SC is responsible for the validation and accuracy of all meter data provided to ACES. ACES can also work directly with the MP or SC’s designated MDMA to receive meter data.

ACES will provide project management to support development of the Market specific file layout and connectivity testing with the RTO/ISO.

ACES will provide the security management support to set up all digital certificates required to access Market systems for meter data submission. This service does not include any metering equipment or out-of-pocket hardware costs by ACES. Any such cost would be additional.

ACES back office settlements will coordinate the timely submission of the meter data and will notify the MP/SC if the meter data was not received in time for market submission. A monthly report comparing the MP’s meter data against the RTO/ISO Market downloaded meter data will be provided by the settlement group as a work product of this service.

C. Natural Gas and Fuels

- ☒ 1) **Physical Gas Trading and Scheduling:** ACES will provide execution services and schedule physical natural gas supply and manage supply imbalances. By selecting this service, Customer hereby grants ACES authority to act and make decisions on behalf of Customer, as its agent, to transact in the natural gas markets in accordance with Customer’s direction, the risk controls established between ACES and Customer, and consistent with the underlying contracts between Customer and its counterparties as well as the overall portfolio execution strategy. In addition, ACES will analyze the need for and make recommendations for pipeline transportation contracts and other pipeline services. ACES will also work with Customer to develop long term gas supply strategies in accordance with the Customer’s daily supply strategies.

☒ Customer authorizes the use of CFTC jurisdictional transactions.
(i.e. Physical Gas Trade Options)

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☒ 2) **Financial Gas and Fuels Trading:** ACES will provide execution services for financial natural gas transactions and other exchange and over-the-counter traded commodities such as fuel oil. By selecting this service, Customer hereby grants ACES authority to act and make decisions on behalf of Customer, as its agent, to transact in the natural gas markets in accordance with Customer's direction, the risk controls established between ACES and Customer, and consistent with the underlying contracts between Customer and its counterparties, as well as, the overall portfolio execution strategy. ACES will develop customized hedging strategies based on Customer's risk tolerance, goals, objectives, and policies.

☒ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☐ 3) **Gas Service Consulting:** ACES will provide consulting services, to include a variety of general services including gas transportation decision making, issues around new plants, transportation contract negotiations, pipeline offers, supply RFP services, storage services, etc. including the following services:

- Analyze natural gas feasibility of potential sites for new generation;
- Develop long-term natural gas supply, transportation and balancing plans;
- Negotiate natural gas supply agreements;
- Negotiate & administer natural gas transportation agreements;
- Identify transportation, storage or supply changes in the marketplace & provide recommendations;
- Provide guidance regarding the natural gas – electric harmonization process;
- Identify regulatory impacts on natural gas industry; and
- RFP suppliers for short-term natural gas transportations, supply and balancing.

☐ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☐ 4) **Coal Consulting Services:** ACES will provide consulting to include a variety of general services including coal transportation decision making and supply RFP services, etc. including the following services:

- Coal transportation analysis;

- Pricing analysis;
- Market intelligence;
- Inventory management; and
- Analysis of fuel adders in rail production and transportation.

☐ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☒ 5) **Short-Term and Seasonal Weather Forecasting:** ACES will provide short-term weather forecasts including hourly, 5 day, 10 day and 15 day outlooks. In addition, ACES will provide seasonal weather forecasts including month-ahead, winter and summer. Both short-term and seasonal forecasts include high impact weather outlooks such as tropical, winter storm and thunderstorm activity. In addition, ACES will provide forecasts for solar generation sites and wind generation sites.

D. Transmission Risk Management

- ☐ 1) **Financial Transmission Right Evaluations and Hedge Execution:** ACES will model and evaluate financial transmission rights (variously identified in markets as financial transmission rights (“FTR”), congestion revenue rights (“CRR”), transmission congestion rights (“TCR”) and auction revenue rights (“ARR”)) for Customer that participates in an ISO/RTO market that offers these hedging tools for transmission users. ACES will develop and maintain fundamental market information and provide modeling using security-constrained, cost-based dispatch, power production simulation model(s) to analyze locational prices, develop transmission right evaluations and formulate hedging strategies. Execution of transmission right auction bids or bilateral transactions will be subject to specific Customer delegations. ACES will provide routine reporting associated with providing these services. The timing of reporting is determined by RTO/ISO auction schedules. Other customized reports for project or studies will be prepared at Customer’s request and, at ACES’ option, at an incremental cost to Customer.

☐ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☐ 2) **Transmission Service Analysis and Advice (Physical):** ACES will provide physical transmission analysis of availability for the short, mid, and long-term planning horizons in connection with Customer’s energy strategy. Analyses may include the review of transmission availability posting on OASIS (or similar system), outages, secondary offerings from owners of confirmed transmission rights, and the value of existing transmission rights. ACES will provide routine reporting associated with providing these services. The timing of reporting is determined by RTO/ISO auction schedules. Other customized reports for project or studies will be

prepared at Customer's request and, at ACES' option, at an incremental cost to Customer.

- ☐ 3) **Long-Term Locational Price Studies:** On a project-request basis, ACES will provide evaluations and risk analytics for long-term studies that may benefit from the use of nodal simulation modeling that forecasts the financial impact of transmission constraints and provides localized basis forecasts to major market hubs.
- ☐ 4) **Power Analysis:** Power Flow analytics to support physical transmission decision making. ACES will perform load flow analysis to test different transmission build scenarios, test system reliability, and/or investigate the causes of congestion issues faced by Customer. Further, these analyses may be used to support future portfolio decisions or the impact of some RTO tariff decisions.
- ☐ 5) **Business Intelligence:** Help analyze business opportunities and transmission related processes. ACES will support Customer's transmission related business decisions through research, analytics, coordination, and/or decision framework facilitation.
- ☐ 6) **RTO Support:** Focused vigilance on the transmission tariffs of RTOs, particularly those sections impacting physical transmission build and transmission cost allocation. In this effort ACES monitors the planning, cost allocation, and tariff service initiatives at the RTOs with an eye towards the impacts to Customers. ACES will engage the RTOs to seek clarity on issues or, if requested, to advocate for Customer's positions.
- ☐ 7) **Projects & Partnerships:** Identify competitively bid project opportunities. ACES will monitor the RTO planning processes for projects that will be competitively bid that will impact Customers. Impactful projects will include those projects where Customer could participate in the construction and ownership either independently or in partnership with other entities.
- ☐ 8) **SWOT Analysis:** Strategic analysis centered on the transmission assets. ACES will facilitate strategic planning for the transmission oriented divisions of Customers to develop 3-5 year strategic plans. ACES can then consult with the Customer to translate those strategic plans into near-term operating plans.

III. Settlements:

- ☒ 1) **Bilateral Power and Transmission Settlements:** ACES will perform the back office settlement services including verifying/confirming with each external counterparty the total units and dollar value of transactions on all purchases and sales that are to be billed during the month for power or transmission service. This process will be performed for physical energy, transmission transactions, broker fees, capacity, and financial transactions. The process includes preparation of invoices and reporting of the information to Customer.

- ☒ 2) **Bilateral Natural Gas, Transportation Settlements:** ACES will perform back office settlements that will include verifying/confirming with each external counterparty the total units and dollar value of transactions on all purchases and sales that are to be billed during the month for natural gas or transportation service. This process will be performed for physical gas, transportation transactions, broker fees, capacity, and financial transactions. The process includes the preparation of invoices and reporting of the information to Customer.
- ☒ 3) **RTO/ISO Pool Settlements:** ACES will provide ISO/RTO settlement services, which is a process that assigns financial charges and credits to Customer as a “Market Participant” (“MP”) and /or as an “Asset Owner” (“AO”) based upon Customer’s specific participation in the day-ahead energy, real time and financial transmission rights (“FTR”) markets. ACES’ process shadow settles the charges and credits on Customer market settlement statements and or invoices. ACES will file disputes on behalf of Customer for errors which are identified during the shadow settlement process. The shadow settlement process will be performed pursuant to each ISO/RTO’s unique operating requirements and rules.
- ☐ 4) **Energy Imbalance Validation:** ACES will provide energy imbalance validation services including analysis and verification of energy imbalance invoices from non-ISO/RTO transmission providers.
- ☒ 5) **Reporting:** ACES will provide standardized reports to meet Customer’s needs. Other customized reports will be prepared at Customer’s request and, at ACES’ option, at Customer’s cost.
- ☐ 6) **Cost Allocation Settlement Model:** ACES will develop a customized cost allocation model and provide ongoing analysis services. The cost allocation model offers flexibility in modeling resources and contracts, Customer objectives and operational constraints. The model also incorporates rule-based and cost-benefit allocation methodologies including (i) unit/contract commitment; (ii) unit/contract dispatch; (iii) unit/contract provision of ancillary services and ancillary requirements; (iv) bilateral trades; (v) market settlement data; and (vi) invoicing and adjustments. Using Customer’s data such as (i) load; (ii) resource availability; (iii) data from jointly-owned resources; (iv) price data; (v) fuel cost data; (vi) transaction data; (vii) settlement data; (viii) invoices; and (ix) reporting posted to ACES’ secure website, ACES will provide analysis at the agreed desired frequency.
- ☐ 7) **Submits Complete Electric Quarterly Reports (“EQR”) Filing to FERC:** For each EQR filing, ACES submits the complete EQR filing on behalf of the Customer. If ACES does not capture 100% of a Customer’s required sales transactions within ACES risk systems, the Customer will provide ACES with the additional required data, so as to enable ACES to file a complete EQR.
- ☐ 8) **Submits Partial Electric Quarterly Reports (“EQR”) Filing to FERC:** For each EQR filing, ACES submits the required sales transactions which are captured in

ACES risk systems. The Customer (on behalf of itself or through other EQR agents) would submit the remaining EQR data.

- ☐ 9) **Provides Electric Quarterly Reports (“EQR”) Data to Customer:** ACES will provide the Customer with an XML-formatted file of required sales transactions that have been captured in ACES’ risk systems for the Customer’s use in completing and filing Customer’s EQR with FERC.

IV. Ad Hoc Consulting and Other Services:

- ☒ 1) **Ad Hoc Consulting:** Upon request, and subject to its expertise, ACES can perform consulting services for Customer. All consulting services provided by ACES, whether on a fixed fee, monthly, hourly, or gratuitous basis, that are not specifically outlined in this Exhibit A shall nevertheless be performed under the terms and conditions of this Agreement. All consulting services will be charged at ACES’ current consulting rates or as otherwise agreed upon between ACES and Customer.

☒ Customer authorizes the use of CFTC jurisdictional transactions.

☐ Customer does not authorize the use of CFTC jurisdictional transactions.

- ☒ 2) **Other Services:** ACES will perform for Roseville such other services as agreed upon by Roseville and ACES and as described below:

☒ **Greenhouse Gas GHG Reporting:** ACES shall develop and provide Greenhouse Gas GHG Reporting to Roseville monthly as well as cumulative yearly report by establishing and monitoring risk control limits and integrating these limits into a Roseville’s existing authority policy for ACES Traders to submit GHG schedules on Roseville’s behalf.

☒ **eTag Reconciliation.** ACES will provide Roseville on a monthly basis with a validated and reconciled list of electricity transactions and NERC eTags associated with Roseville’s greenhouse gas and renewable reporting obligations.

☒ **Semi-Annual Price Forecast:** ACES will provide Roseville with a semi-annual 20 year or more structural price forecast for power, natural gas, and carbon for Northern California.”

☒ **Data Delivery.** ACES will provide data to Roseville in a timely manner formatted to accommodate the requirements of Roseville’s data repository system. This data and content will be delivered per Roseville’s specifications and will undergo data validation prior to delivery to ensure Roseville is receiving accurate and complete data. So that Roseville understands the strengths and limitations of the validation process, ACES will provide descriptions of validation business processes and definitions of validation measures for each data stream. In the event data quality has been compromised,

ACES will notify Roseville in a timely manner to alert Roseville of the situation and identify a resolution timeframe. ACES will maintain a robust change management process for data delivery, structure, and content. The process will include coordination with Roseville well in advance of changes and will allow adequate time for implementation, testing, and validation on both sides.

V. Roseville Annual Service Fees:

Annual Service Fees: For January 1, 2025, through December 31, 2025, Roseville shall pay ACES One Million One Hundred Seventy Thousand Dollars (\$1,170,000) for an Annual Service Fees in equal monthly installments. Beginning January 1, 2026, throughout the Initial Term and any Additional Terms, an annual percentage increase of 3.5% shall occur per the table below:

Year	Monthly Fee	Annual Fee
2025	\$97,500.00	\$1,170,000.00
2026	\$100,912.50	\$1,210,950.00
2027	\$104,444.44	\$1,253,333.25
2028	\$108,099.99	\$1,297,199.91
2029	\$111,883.49	\$1,342,601.91
Additional Terms beyond 2029 escalated at 3.5% per year on January 1.		

IN WITNESS WHEREOF, the Parties have caused this Exhibit A to the Service Agreement to be executed and delivered as of the effective date.

Title: Side Letter Agreements with Roseville Police Officers' Association Regarding Updates to the Uniform Provision, Double Overtime for Officer Volunteers on July 4th, Seniority Criteria, and Spousal Health Benefit Update

Contact: Stacey Peterson 916-774-5374 slpeterson@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.19.

RECOMMENDATION TO COUNCIL

It is recommended that the City Council:

1. Adopt a resolution to authorize the City Manager to execute the attached side letter relating to the current memorandum of understanding (MOU) with the Roseville Police Officers' Association (RPOA) to ensure compliance with CalPERS regulations pertaining to previously reported uniform special compensation for Classic members; and
2. Adopt a resolution to authorize the City Manager to execute the attached side letter with RPOA which provides double overtime to officers who volunteer to provide patrol coverage on July 4th, updates to Police Officer Trainee seniority criteria and addresses City administrative concerns with an update to the spousal health benefit.

BACKGROUND

The Roseville Police Officers' Association (RPOA) and City staff have met and conferred on several issues that warrant recommended updates to the current RPOA memorandum of understanding (MOU), by way of two side letter agreements. After a CalPERS inquiry, City staff informed RPOA that the uniform special compensation previously reported for Classic employees and subject to retirement contributions, was not documented in prior MOUs in a manner now preferred by CalPERS. CalPERS staff shared concern that prior MOUs did not specify a uniform allowance dollar amount, and therefore was not compliant with CalPERS regulations specific to the uniform special compensation reported. In the most recent rounds of bargaining, specific dollar amounts were identified in the uniform provisions to meet the CalPERS requirements and, at that time, staff was not aware that CalPERS was concerned with prior MOUs, which could impact retirees. The attached side letter agreement pertaining to uniform allowance, purchase, and/or maintenance cost caps is intended to be transparent and ensure the previously reported uniform special compensation for Classic employees, under prior MOUs, that was subject to retirement contributions, also meets the CalPERS requirements.

Further, to promote officer safety on the July 4th holiday and increase patrol coverage, it is recommended that double overtime (2 times the base hourly rate) be offered for officers who are not scheduled and who volunteer to work on the July 4th holiday. It is estimated that this will cost less than \$10,000 in added overtime costs for more patrol coverage on the July 4th holiday. The City and RPOA have also discussed the need to revise the criteria used for Police Officer Trainee seniority, since it has been difficult to obtain final academy scores in the specified categories. Lastly, due to administrative burdens, City staff requested that RPOA agree to discontinue offering the spousal health benefit that pertains to employees who have a spouse that also works for the City, which offsets the out-of-pocket costs of the spouse. The side letter agreement clarifies this benefit will only remain available to those receiving the benefit before October 1, 2024.

FISCAL IMPACT

The RPOA double overtime provision for officers who volunteer to work the July 4th holiday is estimated to cost less than \$10,000, which will be covered by the proposed FY2024-25 Police Department budget in the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of these side letter agreements meets the above criteria and therefore is not subject to CEQA. No additional environmental review is required.

**SIDE LETTER AGREEMENT
BETWEEN THE
ROSEVILLE POLICE OFFICERS' ASSOCIATION
AND
THE CITY OF ROSEVILLE
RELATED TO THE UNIFORM ALLOWANCE**

The City of Roseville (hereinafter referred to as "City") and the Roseville Police Officers' Association (hereinafter referred to as "RPOA") entered into a Memorandum of Understanding ("MOU") with a term beginning on February 12, 2022, and terminating on December 31, 2025. The City and RPOA are collectively referred to herein as the "Parties."

Background and Overview

The Parties hereby agree to the terms of this Side Letter Agreement ("SLA"), entered into in January 2024, in follow-up to the Parties' discussion in May 2023. The City conducted an audit of the uniform special compensation reporting and evaluated the procedure for departments to report the cost of purchasing, cleaning and maintaining uniforms to payroll for accurate reporting of special compensation. It was determined the MOU provision should be updated to reflect the cost of "up to \$1,550.00" for replacing uniforms, cleaning, and/or maintenance which is required to be reported as special compensation for Classic employees to capture actual invoicing amounts. Further, based on a CalPERS inquiry, it was determined that a provision should be added to the uniforms section of the MOU to ensure the special compensation reported for Classic employees prior to this agreement would meet CalPERS requirements.

The specific provisions contained in this SLA are intended to supersede any previous agreements, whether oral or written, regarding the matters contained in this SLA.

The Parties have satisfied their obligations to meet and confer in good faith in accordance with the Meyers-Milias-Brown Act ("MMBA").

Except as provided here, all wages, hours, and other terms and conditions of employment presently in the City's MOU and SLAs with the RPOA remain in full force and effect.

The parties agree to the following changes to Chapter 9, Article II., Uniforms, section (A) in the current RPOA MOU:

ARTICLE II. UNIFORMS

~~A. Employees shall be provided uniform replacement and maintenance in lieu of a uniform allowance. The City will report to CalPERS for Classic members the monetary value of the City's cost of providing, replacing and maintaining employee uniforms, as special compensation. For Classic employees, in the first year of employment, the reported special compensation earned will be reported in an amount not to exceed \$1,550.00 per calendar year. All other uniform replacement and maintenance costs reported as special compensation earned may not exceed \$850 per calendar year. This excludes the monetary value for personal health and safety equipment. This is capturing and inclusive of prior City reported special compensation, related to uniforms, to CalPERS for Classic members, effective at least as early as January 1, 2013, (or earlier, including as far back as 1994) on the belief and understanding that CalPERS regulations didn't require specified amounts be delineated in publicly approved MOUs prior to this date.~~

A. The City shall, as needed, supply replacement uniforms.

1. Uniform Items:
 - a. Uniform badge/cap badge
 - b. Trousers (4)
 - c. Shirts (6)
 - d. Tie
 - e. Ball Cap
 - f. Jacket
 - g. Appropriate Patches
 - h. *Breeches (3)
 - i. *Motorcycle boots
 - j. *Summer/winter gloves
 - *Motorcycle Patrol only
 2. Each new hire shall be issued the following complete sets of all uniform items in accordance with the above:
 - a. Police Officer 3 sets
 - b. Police Sergeant 3 sets
- B. The City shall provide a pick up and delivery service to the Police Department at a minimum of two (2) days per week.
- C. The Police Chief may approve additional cleaning when appropriate.
- D. The City agrees to replace or repair required equipment lost or damaged in the line of duty, except that there shall be a limit of one hundred dollars (\$100) on replacement of a watch. No other personal items will be replaced or repaired.
- E. Employees assigned to the Investigation Division, Professional Standards Unit, or V-NET shall receive \$200 per year clothing allowance to be issued after the first shift change in February of each year of this Agreement. Officers assigned to the Investigation Division for a six-month assignment will be eligible for \$100 in clothing allowance payable at the shift change in February or July/August. Clothing used by the Investigators/CSU in their assignment shall be cleaned as part of the City's existing uniform cleaning program. The City agrees to replace or repair Investigators/CSU clothing which is damaged in the line of duty.
- F. Professional standards sworn personnel will have their choice of the \$200 per year clothing allowance or a City issued uniform as described above.
- G. The City and the RPOA agree that sworn personnel may purchase and maintain Class C Uniforms (Class C's) and wear them as their regular uniform. The Class C's must be a brand, style and color authorized by the Chief. Class C's will be cleaned by the City in the same manner as other uniforms.

THESE ARE TENTATIVE TERMS SUBJECT TO APPROVAL OF THE CITY COUNCIL.

**SIDE LETTER AGREEMENT
BETWEEN THE
ROSEVILLE POLICE OFFICERS' ASSOCIATION
AND
THE CITY OF ROSEVILLE
RELATED TO THE DOUBLE OVERTIME FOR EMPLOYEE'S VOLUNTEERING ON
JULY 4, HEALTH BENEFIT UPDATE AND SENIORITY CRITERIA UPDATE**

The City of Roseville (hereinafter referred to as "City") and the Roseville Police Officers' Association (hereinafter referred to as "RPOA") entered into a Memorandum of Understanding ("MOU") with a term beginning on February 12, 2022, and terminating on December 31, 2025. The City and RPOA are collectively referred to herein as the "Parties."

Background and Overview

The Parties hereby agree to the terms of this Side Letter Agreement ("SLA"), entered into in March 2024, in response to a recently approved enforcement approach concerning illegal fireworks. To promote the safety of the Police team responding to calls on the July 4th holiday, the Parties agree to provide double overtime compensation to the police officers who volunteer to work on the July 4th holiday. This is intended to incentivize police officers to work, who are not scheduled to work that day, so there is a reduced need for forced overtime to ensure the safety of the team.

Further, the Parties have discussed the medical benefit specified in Chapter 4, Article II., C. Cafeteria Plan, provision 8, that pertains to employees whose spouse also works for the City and provides a benefit to offset the out-of-pocket costs of the spouse. Because of the administrative burden to the City, RPOA has agreed with the City's request to terminate this benefit on October 1, 2024, for any RPOA member that is not already receiving a benefit under this provision. The parties agree to add clarifying language that grandfather those RPOA employees actively receiving the benefit before October 1, 2024.

Lastly, the Parties discussed the need to revise the criteria used to determine seniority when Police Officer Trainees are appointed on the same date to Police Officer, since it has been difficult for the Police Department to obtain the final academy scores in three areas: academics, firearms, and the Work Sample Test Battery (WSTB). Specifically, it was agreed that their final ranking from the Police Academy will be used to determine seniority once appointed as a Police Officer.

The specific provisions contained in this SLA are intended to supersede any previous agreements, whether oral or written, regarding the matters contained in this SLA.

The Parties have satisfied their obligations to meet and confer in good faith in accordance with the Meyers-Milias-Brown Act ("MMBA").

Except as provided here, all wages, hours, and other terms and conditions of employment presently in the City's MOU and SLAs with the RPOA remain in full force and effect.

The parties agree to add the following provision to the current RPOA MOU, Chapter 2, Article VI., Overtime:

- J. July 4th Holiday Double Time: Employees who are not scheduled to work on the July 4th holiday, and who volunteer to work, shall be compensated at two times (2.0) the

employee's base hourly rate. The number of volunteers needed is at the final discretion of the Police Chief.

Further, the parties agree to the following changes to the current RPOA MOU, Chapter 4, Article II., C. Cafeteria Plan, 8.:

8. ~~For~~ Employees in this bargaining unit who were married to another regular City employee before October 1, 2024, and both city employees whose current spouse or domestic partner wereas hired prior to January 1, 2019, ~~they~~ will have the following benefit, provided they are eligible pursuant to personnel rule or memorandum of understanding. Employee one may choose medical coverage. Employee two may apply the difference under this provision for out-of-pocket expenses from Employee one toward the cost of the medical coverage and shall not be eligible for the opt out provision in Section 4, above. The example below provides the model for the calculation of this provision on January 1, 2014:

Kaiser Plan (Family) Example:	\$1,772
City Contribution	- \$1,368
Out-of-pocket Cost to Employee	\$ 404

In this example, the spouse or domestic partner opting out of the cafeteria plan would receive \$404 per month. The amount of the out-of-pocket cost to employees may fluctuate due to medical premium and City contribution increases. Any RPOA member that was eligible, but did not activate this benefit before October 1, 2024, shall not be eligible for the benefit after October 1, 2024.

Lastly, the parties agree to the following changes to the current RPOA MOU, Chapter 10, Article XII., A.1.:

- A. Seniority in the Police Department is established by continuous time served in class in either a regular or limited term position. When two (2) or more employees within the same class have identical service and appointment dates, the employee with the higher position on the City eligibility list from which the appointments were made is deemed to be the senior.
1. Police Officer Trainees being promoted to Police Officer who have identical service and appointment dates and the same placement on the City eligibility list will have their seniority based upon their Police academy final class ranking. If there is a tie, then seniority will be based on their average final academy scores in three areas: academics, firearms, and the Work Sample Test Battery (WSTB).

THESE ARE TENTATIVE TERMS SUBJECT TO APPROVAL OF THE CITY COUNCIL.

Title: North Roseville Specific Plan Parcel DC-32 - Summary Vacation of Public Utility Easement and Pedestrian Easement

Contact: Escarlet Mar 916-774-5247 emar@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.20.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to summarily vacate a 659-square-foot portion of the existing public utility easement and pedestrian easement at 1601 Opal Drive.

BACKGROUND

The area of the proposed summary vacation is located on a portion of Parcel DC-32 of the North Roseville Specific Plan (NRSP), at the northwest corner of Parkside Way and Bent Tree Drive (see Attachment 1 – Vicinity Map). While this area is designated as a Public Utility Easement and Pedestrian Easement (PUE and PE), the area is developed as a landscape lot. All of Parcel DC-32 has a zoning designation of Single Family Residential (R1) and a land use designation of Low Density Residential (LDR-2.7).

The area of the proposed summary vacation is specifically located on Parcel B of the Diamond Creek Lot 32 Subdivision, which was recorded on October 31, 2005. Parcel B was created as a landscape lot and to preserve a large oak tree which is located adjacent to Parkside Way. This tree had a significant failure during a winter storm in 2023. When the tree fell it damaged the rear yard fence of the single-family home located at 117 Ivory Court. The homeowner approached the City as they were interested in utilizing a portion of the landscape lot as it was no longer needed to preserve the native oak tree. Since the original purpose of the 659-foot portion of the landscape lot, preservation of the native oak, was no longer necessary, the City's Parks, Recreation and Libraries Department agreed to transfer ownership of this 659 square foot area to the homeowners. As part of this agreement, the homeowners agreed to replace the fence.

In order to transfer the 659 square foot portion of the landscape lot to the homeowners, two actions are necessary: a summary vacation of the PUE and PE and a lot line adjustment. The lot line adjustment will be approved at the administrative level if the Council approves the summary vacation associated with this Council Communication.

Government Code Section 8300 et. seq. (Streets and Highways Code) states that an easement

may be terminated (vacated) by adopting a resolution of vacation. There are two pathways for vacation: summary or general. An abandonment request for a public utility or service easement is eligible for the simpler summary vacation when any one of the three potential conditions applies:

1. The easement has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed abandonment.
2. The easement has been in place for less than five years (making it ineligible for condition 1 above) but has been in place for at least a year and has not been used for the purpose for which it was dedicated or acquired.
3. The need for the easement has been superseded by relocation, and there are no other public facilities in the easement.

The PUE and PE were originally recorded with the Diamond Creek Lot 32 Subdivision map, but there are no utilities or pedestrian facilities currently within the portion of the area to be vacated, nor have there been utilities or pedestrian facilities within the area to be vacated for the past five years. This area was only included in the easements in order to preserve the native oak tree. The proposed vacation was routed to all utilities which could be affected by the project, and no objections were received. In addition, staff coordinated with the City's Parks Maintenance Division, and they are supportive of relinquishing the easement area. Doing so would relieve the City of maintenance responsibility for a portion of the easement. For these reasons, staff concludes that condition 1 (as described above) for a summary vacation applies and recommends approval of the vacation request.

FISCAL IMPACT

There will be no fiscal impact to the City.

ENVIRONMENTAL REVIEW

This project qualifies for a Class 5 exemption as described in Section 15305 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density, including but not limited to: (a) Minor lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel." The proposed summary vacation is consistent with the above criteria, and therefore a Class 5 exemption applies to the project.

RESOLUTION NO. 24-195

ORDERING SUMMARY VACATION OF A PORTION OF A PUBLIC UTILITY EASEMENT
AND PEDESTRIAN EASEMENT AT 1601 OPAL DRIVE

BE IT RESOLVED by the City Council of the City of Roseville as follows:

WHEREAS, in accordance with the provisions of Section 8333, et seq., of the Streets and Highways Code (Chapter 4, Summary Vacation), it is hereby found that a portion of a public utility easement and pedestrian easement at 1601 Opal Drive, described in Exhibit A and depicted in Exhibit B, attached hereto and incorporated herein by reference, are no longer needed, and there are no other public facilities in the easements; and

WHEREAS, the easements have not been used for the purpose for which they were dedicated or acquired for five consecutive years immediately preceding the proposed abandonment; and

IT IS HEREBY ORDERED:

1. The portion of the public utility easement and pedestrian easement at 1601 Opal Drive described in Exhibit "A" and depicted in Exhibit "B" are hereby vacated pursuant to Streets and Highways Code Section 8335, and shall, as of the date of adoption of this resolution, no longer constitute a public utility easement or pedestrian easement; and
2. The City Manager is hereby authorized to execute any other documents required to effectuate the conveyance of the abandoned/vacated easements to the respective property owners; and
3. The City Clerk is hereby directed to cause a certified copy of this Resolution and Order, attested to by said Clerk under the seal of the City of Roseville, to be recorded in the Office of the County Recorder, and take any other actions necessary to effectuate the intent of this Resolution and Order.

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: North Roseville Specific Plan Parcel DC-32 – Summary Vacation

Project Location: 1601 Opal Drive (APN 482-360-015-000), adjacent to 117 Ivory Court (APN 482-360-027-000), Roseville, CA 95747.

Project Description: The City of Roseville proposes to summarily vacate a 659-square-foot portion of the existing Public Utility Easement (PUE) and Pedestrian Easement (PE) located at 1601 Opal Drive, at the northwest corner of Parkside Way and Bent Tree Drive. The portion of the PUE and PE to be vacated are adjacent to the backyard of the property located at 117 Ivory Court. The parcel and easements were recorded in 2005 to preserve a large oak tree which is located adjacent to Parkside Way. This tree had a significant failure during a winter storm in 2023. When the tree fell it damaged the rear yard fence of the single-family home located at 117 Ivory Court. The 659-square-foot portion of the landscape lot, PUE, and PE are no longer needed to preserve the native oak, so the City Parks, Recreation, and Libraries Department have agreed to transfer ownership of this area to the homeowners of the property at 117 Ivory Court.

In order to transfer the 659-square-foot portion of the landscape lot to the homeowners, two actions are necessary: a summary vacation of the PUE and PE and a lot line adjustment. The lot line adjustment will be approved at the administrative level at a later time if the City Council approves the summary vacation. The project does not create any new parcels and does not result in any changes to land use or density.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville

Reason why this Project is Exempt: This project qualifies for a Class 5 exemption as described in Section 15305 of the California Environmental Quality Act (CEQA) guidelines which states:

“Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density, including but not limited to:

(a) Minor lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel.”

The proposed summary vacation is consistent with the above criteria, and therefore a Class 5 exemption applies to the project.

Lead Agency Contact Person: Escarlet Mar, Associate Planner, Development Services Department, 311 Vernon Street, Roseville, CA 95678 (916)774-5247.

Meeting Date: 6/5/2024

Item #: 6.21.

RECOMMENDATION TO COUNCIL

Staff requests that the City Council adopt a resolution to approve the First Amendment to the Amended and Restated Joint Exercise of Powers Agreement for the South Placer Regional Transportation Authority (SPRTA) and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

In 2002, the Cities of Lincoln, Rocklin, and Roseville as well as Placer County, collectively referred to as the "member agencies," approved a Joint Exercise of Powers Agreement (JPA) thereby establishing the South Placer Regional Transportation Authority (SPRTA) for the purposes of providing for the coordinated planning, design, financing, acquisition, determination of timing of construction, and construction of transportation improvement projects.

SPRTA was granted authority to levy and collect transportation impact fees and administer such in accordance with the fee program provisions of the joint exercise of powers agreement (the SPRTA Fee Program). In 2003, the member agencies approved an Amended and Restated Joint Exercise of Powers Agreement (City Council resolution 03-507) which is the current JPA and which provided SPRTA the authority to lease and sublease real property.

As the administrator of the SPRTA Fee Program, SPRTA staff has reviewed the current JPA in light of Assembly Bill 602 (AB 602), which became effective January 1, 2022, and which revised laws governing transportation impact fees. Based on that review, SPRTA staff recommends adjustments to the current JPA to address legislative changes as well as current needs and practices. City staff has reviewed the proposed adjustments and concurs with the SPRTA recommendation.

The proposed First Amendment to the Amended and Restated Joint Exercise of Powers Agreement (the JPA Amendment), and the current JPA agreement are attached as Exhibit A and

Exhibit A Attachment 1, respectively. For ease of review, a “tracked changes” version of the JPA Amendment is also included as Exhibit A Attachment 2.

The significant proposed adjustments in the JPA Amendment are summarized as follows:

Construction Cost Index:

The current JPA requires the use of the Engineering News Record’s Construction Cost Index (CCI) for April to April to adjust for annual inflation. Traditionally, the SPRTA Board would use these values to adopt the updated fees in late May, and they would become effective July 1st. AB 602 now requires a 60-day waiting period between Board adoption and any increased fees being effective. Given the 60-day requirement and the desire to keep the July 1st effective date, the JPA Amendment specifies the use of “the most currently available index value and the index value from the month and year of the previous adjustment” and specifying the adjustment “shall be effective on July 1st of the year in which the action is taken, or at such other time as is provided by law”.

Construction Responsibility, Transfer of Construction Funds, and Location of Improvements:

The current JPA limits the construction responsibility and transfer of construction funds for projects to JPA member agencies, except for the Placer Parkway and Rail/Bus Transit projects. The list of SPRTA projects includes projects on the state highway which the State (Caltrans) would construct. The JPA Amendment allows the State to be responsible for construction and receive SPRTA funds for projects on state highways. Additionally, the current JPA requires improvements to be “located in the Members’ respective jurisdictions”. This language has been revised in the JPA Amendment to “benefiting the Members’ respective jurisdictions” to allow for an improvement to extend beyond the members’ respective boundaries.

Administrative Changes:

The current JPA specifies the Board shall elect a chair and select a secretary annually. The chair shall be elected from amongst the Board membership, and the secretary need not be a member of the Board. The current JPA does not mention a vice chair or specify any procedures or requirements in regard to electing a vice chair. The JPA Amendment specifies the Board elect a chair and vice chair annually from amongst the Board membership, as is current practice. As the Board Clerk has served as the secretary for many years, the JPA Amendment still specifies the Board select a secretary. The JPA Amendment also specifies that meetings are to occur at least semiannually rather than quarterly.

FISCAL IMPACT

There is no fiscal impact to the City of Roseville for the requested action. The SPRTA program is 100% developer funded via traffic impact fees.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA Guidelines §15060(c)(3) and §15378. The proposed agreement amendment meets the above criteria and is not subject to CEQA. No additional environmental review is necessary.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

RESOLUTION NO. 24-168

APPROVING A FIRST AMENDMENT TO AMENDED AND RESTATED JOINT
EXERCISE OF POWERS AGREEMENT REGARDING THE SOUTH PLACER REGIONAL
TRANSPORTATION AUTHORITY, AND AUTHORIZING THE CITY MANAGER TO
EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, the City of Roseville is a member agency with the Cities of Lincoln and Rocklin, as well as Placer County in the South Placer Regional Transportation Authority (SPRTA); and

WHEREAS, the purpose of SPRTA is to provide for the coordinated planning, design, financing, acquisition, determination of timing of construction and construction of transportation improvement projects; and

WHEREAS, in October of 2003, the City Council approved Resolution 03-507 approving an Amended and Restated Joint Exercise of Powers Agreement (Agreement); and

WHEREAS, SPRTA member agencies collectively desire to amend the Agreement to address legislative changes as well as current needs and practices;

WHEREAS, a First Amendment to Amended and Restated Joint Exercise of Powers Agreement regarding the South Placer Regional Transportation Authority, has been reviewed by the City Council.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said First Amendment to Amended and Restated Joint Exercise of Powers Agreement regarding the South Placer Regional Transportation Authority is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

**FIRST AMENDMENT TO
AMENDED AND RESTATED
JOINT EXERCISE OF POWERS AGREEMENT
REGARDING THE SOUTH PLACER REGIONAL TRANSPORTATION
AUTHORITY**

AMONG

**THE CITY OF LINCOLN,
THE CITY OF ROCKLIN,
THE CITY OF ROSEVILLE
and
THE COUNTY OF PLACER**

**FIRST AMENDMENT TO
AMENDED AND RESTATED
JOINT EXERCISE OF POWERS AGREEMENT**

This First Amendment to the Amended and Restated Joint Exercise of Powers Agreement (the “Amendment”) dated March 27, 2024 regarding the South Placer Regional Transportation Authority (“Authority”) is entered into as of _____, 2024, by and between the City of Lincoln, the City of Rocklin, the City of Roseville and the County of Placer (hereinafter collectively referred to as the “Members” and individually as “Member”).

WHEREAS, the Amended and Restated Joint Exercise of Powers Agreement (“Agreement”) dated October 1, 2003 was approved by the Members creating the Authority for the purposes of providing the coordinated planning, design, financing, acquisition, determination of timing of construction, and construction, of Transportation Improvements;

WHEREAS, Section 18 AMENDMENTS, of the Agreement provides that the Members may amend the agreement by unanimous written agreement of the Members;

WHEREAS, the Authority has been operating consistent with the Agreement and the Authority and Members have identified certain provisions of the Agreement to be amended;

NOW THEREFORE the Members to the Agreement agree to mutually amend certain provisions of the Agreement as follows:

1. The second sentence of Section 2. AUTHORITY, PURPOSE AND COOPERATION is hereby amended to read in its entirety as follows:

“The purpose of this Agreement is to provide for the coordinated planning, design, financing, acquisition, determination of the timing of construction, and construction, of Transportation Improvements benefiting the Members’ respective jurisdictions.”

2. Paragraph B(1) of Section 7 ADMINISTRATION is hereby amended to read in its entirety as follows:

B. Meetings.

“(1) Regular Meetings. The Board shall establish the number of regular meetings to be held each year and the date, hour and

location at which such regular meetings shall be held; provided, that the Board shall meet at least once every six (6) months or semiannually.”

3. Paragraphs C(1) of Section 7 ADMINISTRATION is hereby amended to read in its entirety as follows:

C. Procedures.

“(1) The Board shall elect a Chair and a Vice Chair annually from among its membership, with the Chair and Vice Chair rotated amongst the membership, to preside at -meetings. The Board shall select a secretary who may, but need not, be a member of the Board. The Board may, from time to time, elect such other officers as the Board shall deem necessary or convenient to conduct the affairs of the Authority.”

4. Paragraph A of Section 10 COSTS ASSESSED AND DISTRIBUTED is hereby amended to read in its entirety as follows:

“A. The Authority will establish and maintain a current estimate of all costs associated with the Transportation Improvements included in the Improvement Program not yet incurred (“Cost-to-Complete”). The Cost-to-Complete will be adjusted annually based on the Construction Cost Index as published in the Engineering News Record, or an equivalent publication in the event the Engineering News Record is no longer published. The Authority shall determine a proposed annual adjustment based on the difference between the most currently available index value and the index value from the month and year of the previous adjustment. No fee adjustment shall be effective until approved by the Authority Board. Any fee adjustment approved by the Board shall be effective on July 1st of the year in which the action is taken, or at such other time as is provided by law. Notwithstanding the foregoing, the Cost-to-Complete will be adjusted to reflect actual costs associated with the Transportation Improvements, when such costs are known.”

5. Paragraph F of Section 10 COSTS ASSESSED AND DISTRIBUTED is hereby amended to read in its entirety as follows:

“F. Except for the Placer Parkway, improvements on State highways, and Rail/Bus Transit projects (as defined in Exhibit A), construction of the Transportation Improvements shall be the

responsibility of the Member in whose jurisdiction the improvement(s) is/are located. For Transportation Improvements where the Member is responsible, the Authority will transfer construction funds to the Member in the manner approved by the Authority. For Transportation Improvements on a State highway, the Authority may execute agreements with the State and/or Members establishing responsibility for construction of the Transportation Improvements and may transfer construction funds in accordance with those agreements.”

6. Section 19 NOTICES is hereby amended to read in its entirety as follows:

SECTION 19. NOTICES

Any notice required or permitted under this Agreement shall be in writing and delivered personally or by mail to the respective legal counsel of the Member jurisdictions and to:

City of Lincoln
600 6th Street
Lincoln, CA 95648
Attn: City Manager

City of Roseville
311 Vernon St.
Roseville, CA 95678
Attn: City Manager

County of Placer
175 Fulweiler Avenue
Auburn, CA 95603
Attn: County Executive Officer

City of Rocklin
3970 Rocklin Road
Rocklin, CA 95677
Attn: City Manager

7. NO FURTHER AMENDMENTS. Except as expressly amended herein, all terms and conditions of the Agreement shall remain the same and in full force and effect.
8. COUNTERPARTS. This Amendment may be executed in any number of counterparts, and by different parties in separate counterparts, each of which, when executed and delivered, shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument. Documents executed, scanned, and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, which such scanned and electronic signatures having the same legal effect as original signatures

The Members have executed and attested this Agreement effective upon the execution of all Members herein as of the date first above written.

THE CITY OF ROSEVILLE**

and

THE COUNTY OF PLACER

**FOR THE PLANNING, DESIGN, FINANCING, ACQUISITION AND
CONSTRUCTION OF**

REGIONAL TRANSPORTATION IMPROVEMENTS

AMENDED AND RESTATED
JOINT EXERCISE OF POWERS AGREEMENT

This **Amended and Restated** Joint Exercise of Powers Agreement (the "Agreement") is entered into as of _____, 2002, **October**, **2003** by and among the City of Lincoln, the City of Rocklin, the City of Roseville and the County of Placer (hereinafter collectively referred to as the "Members" and individually as "Member").

SECTION 1. RECITALS

A. The Members have the common powers to acquire real property and to plan, design, finance, and construct roadway, intersection, at-grade railroad crossing, interchange, and various transit and rail fixed facility improvements **and to purchase, lease, and sublease real and personal property and all improvement thereon, to the Placer County Transportation Planning Agency ("PCTPA") and other third parties** (the foregoing powers, improvements, and the acquisition of real property in connection therewith, are hereinafter collectively referred to as, the "Transportation Improvements").

B. The Members have determined that the public interest will be served by the cooperative exercise of these individual powers through this Agreement in order to plan for, design, finance, acquire, determine the timing of construction of, and construct, Transportation Improvements to serve their respective jurisdictions and spheres of influence.

C. It has been determined by the Members that the Transportation Improvements must be undertaken in order to meet traffic demands in the growing region served by the jurisdictions. This Agreement is intended to create a joint powers authority with the power to plan for, design, finance, acquire, determine the timing of construction of, and construct, the Transportation Improvements.

SECTION 2. AUTHORITY, PURPOSE AND COOPERATION

This Agreement is made pursuant to Chapter 5 of Division 7 of Title 1 of the California Government Code (commencing with section 6500) (the "Law") relative to the joint exercise of powers common to the Members. The purpose of this Agreement is to provide for the coordinated planning, design, financing, acquisition, determination of the timing of construction, and construction, of Transportation Improvements located in the Members' respective jurisdictions. A conceptual outline of the Transportation Improvements generally contemplated by the Members as of the date first above written is attached

hereto as Exhibit A and incorporated herein. Said listing of Transportation Improvements is subject to refinement and modification by the Authority's Board of Directors as provided hereinafter.

SECTION 3. CREATION OF AUTHORITY

The Members hereby create the South Placer Regional Transportation Authority ("Authority"), a public entity separate from each of the Members, whose jurisdiction is shown and described in Exhibit A, attached hereto and incorporated herein.

SECTION 4. TERM AND TERMINATION

This Agreement shall be effective as of that date first written above. It shall remain in effect until the purpose stated in Section 2 is fully accomplished, or until terminated by the unanimous agreement of the Members; provided, however, that this Agreement may not be terminated until all bonds or other instruments of indebtedness issued by the Authority, if any, have been paid in full. Any Member may withdraw its participation in this Agreement at any time; provided that the withdrawing Member shall pay an equitable portion of its share of the cost of the Transportation Improvements, as reasonably determined by the Authority's Board of Directors, taking into account the date of such Member's withdrawal, its growth and development plans, and including any reconciliation amounts for funds advanced or paid on behalf of the withdrawing Member by another source.

SECTION 5. POWERS

The Authority shall have all powers necessary or reasonably convenient to carry out the purposes stated in Section 2, including, but not limited to, the following:

- A. to develop a plan or formula for determining the timing, sequence and financing (including cost allocation among the Members) of construction of the Transportation Improvements;
- B. to design the Transportation Improvements;
- C. to construct, or cause the construction of, Transportation Improvements; provided that the Authority shall not construct Transportation Improvements except those related to the Placer Parkway and Rail/Bus Transit projects (as defined in Exhibit A);

- D. to coordinate the construction and/or redevelopment of the Transportation Improvements with all affected governmental agencies;
- E. to secure administrative office space and furnishings;
- F. to make and enter into contracts;
- G. to contract for, or employ, administrative, technical and support staff, and consultants and contractors of any kind;
- H. to acquire and maintain insurance of all types;
- I. to lease, acquire, hold, sublease, or dispose of real property by negotiation, dedication, or eminent domain, including the purchase of, lease, and sublease of real and personal property, and all improvements thereto to PCTPA and/or any third parties, in conjunction with PCTPA's development of a multi-modal transportation center, third party office space, and PCTPA's office space related to its duties as a transportation planning agency and its duties required pursuant to this Agreement;
- J. to lease, acquire, operate, maintain and dispose of materials, supplies, and equipment of all types;
- K. to accept, hold, invest (pursuant to the Law, including, without limitation, section 6509.5 thereof), manage, and expend monies;
- L. to obtain and secure funding from all available public and private sources including local, state, and/or the federal government, including but not limited to, bond issuances, lease purchase agreements, public grants, private contributions, public and private loans, and other funds;
- M. to levy, collect or cause to be collected transportation impact fees ("Impact Fees") on new residential, commercial and industrial development to fund the design, planning, financing, acquisition, and construction, of the Transportation Improvements;
- N. to form a special assessment district under any legal authority that exists now or in the future, including, without limitation, the Improvement Act of 1911 (Streets & Highways Code section 5000 *et seq.*), the Municipal Improvement Act of 1913 (Streets & Highways Code section 10000 *et seq.*), the Improvement Bond act of 1915 (Streets & Highways Code section 8500 *et seq.*), or any other authority that exists now or in the future;

O. to form a special tax district under the Mello-Roos Community Facilities District Act or any other authority that may exist now or in the future;

P. to negotiate and enter into reimbursement agreements when monies to construct Transportation Improvements are advanced;

Q. to sue and be sued; and

R. all powers incidental to the foregoing.

SECTION 6. DUTIES

The Authority shall have the duty to do the following within the times specified or, if no time is specified, within a reasonable time:

A. To prepare and adopt a South Placer Regional Transportation Improvement Program specifying the Transportation Improvements (the "Improvement Program").

B. To prepare and adopt a plan or formula for determining the timing, sequence and financing (including cost allocation among the Members) of construction and/or acquisition of the Transportation Improvements, hereinafter referred to as the "Implementation Plan." The Implementation Plan shall reference the relevant terms and conditions of any agreement entered into by any Member with a landowner under which funds were advanced or used for the construction of the Transportation Improvements.

C. to retain legal counsel for all Authority business, including litigation;

D. to evaluate the need for, and acquire and maintain if necessary, liability, errors and omissions, or other insurance; and

E. to conduct an annual audit as required by the provisions of Subsection 7.D(3).

SECTION 7. ADMINISTRATION

A. Governing Board - Membership. The Authority shall be administered by a board of directors ("Board") consisting of four (4) directors and four (4) alternates. One (1) director and one (1) alternate shall be appointed by each Member from its governing body.

B. Meetings.

(1) Regular Meetings. The Board shall by resolution establish the number of regular meetings to be held each year and the date, hour and location at which such regular meetings shall be held; provided, that the Board shall meet at least once every three (3) month(s) or quarterly.

(2) Special Meetings. Special meetings of the Board may be called in accordance with the provisions of the Ralph M. Brown Act (California Government Code section 54950 *et seq.*).

(3) Conduct of Meetings. All meetings of the Board shall be held in accordance with the Ralph M. Brown Act (California Government Code section 54950 *et seq.*).

(4) Minutes. The Secretary of the Authority shall cause minutes of all meetings of the Board to be kept and shall, as soon as possible after each meeting, cause a copy of the minutes to be forwarded to each director of the Board, and to the Members.

(5) Quorum. Three (3) directors of the Board shall constitute a quorum for the transaction of business. Except as provided in Section 8, actions of the Board shall require the affirmative vote of a majority of the entire Board (i.e., three (3) affirmative votes).

C. Procedures.

(1) The Board shall elect a chair annually from among its membership, with the Chair rotated amongst the membership, to preside at meetings and shall select a secretary who may, but need not, be a member of the Board. The Board may, from time to time, elect such other officers as the Board shall deem necessary or convenient to conduct the affairs of the Authority.

(2) The Board may adopt by resolution rules of procedure, not inconsistent with the provisions of this Agreement, to govern the conduct of its meetings.

(3) Members of the Board shall comply with Title 9 of the California Government Code, commencing with section 81000 (Political Reform Act of 1974).

D. Administration. Unless as otherwise agreed to by the Members, staff of the Placer County Transportation Planning Agency ("PCTPA") will perform administrative functions for the Authority, to be funded with the revenues of the Authority.

E. Fiscal Matters.

(1) Treasurer/Auditor

(A) Except as provided in Subsection (B), below, the finance director of the PCTPA is designated the treasurer/auditor of the Authority with the powers, duties, and responsibilities specified in the Law, including, without limitation, sections 6505 and 6505.5 thereof.

(B) In lieu of the designation in Subsection (A), above, the Board may appoint one or more of the Authority's officers or employees to either or both of the positions of treasurer or auditor as provided in the Law, including, without limitation, section 6505.6 thereof.

(2) Custodian of Property. The treasurer and auditor of the Authority shall be the public officers who have charge of, handle, and have access to, the Authority's property and shall file with the Authority an official bond in the amount set by the Board.

(3) Accounts and Reports. The Board shall establish and maintain such funds and accounts as may be required by good accounting practice. The books and records of the Authority shall be open to inspection at all reasonable times to the Members and their respective representatives. The accounts shall be prepared and maintained by the treasurer and auditor of the Authority. The Authority, within one hundred twenty (120) days after the close of each fiscal year, shall cause an independent audit of all financial activities for such fiscal year to be prepared by an independent certified public accountant employed by the Authority. The Authority shall promptly deliver copies of the audit report to the Members.

(4) Budgets. The Board shall adopt a budget no later than ninety (90) days after the effective date of this Agreement and no later than June 30 each year thereafter.

(5) Contributions. Costs for the design, planning, financing, acquisition, and construction, of the Transportation Improvements will be shared amongst the Members based upon their respective proportionate shares as shall be set forth in the Improvement Program.

SECTION 8. VOTING

Notwithstanding Subsection 7.B (5), the following actions may only be taken as set forth below:

A. The unanimous affirmative vote of the entire Board is required to adopt the Improvement Program and the Implementation Plan. It is agreed that the voting structure may be amended pursuant to Section 18 hereof in the event of addition of a new Member to the Authority. Any change in the voting structure shall require an amendment to this Agreement.

B. The unanimous affirmative vote of the entire Board is required to (1) adopt any changes to the Improvement Program or the Implementation Plan, including, without limitation, adding, deleting, modifying, or changing the priority of, Transportation Improvements to be constructed; (2) change the cost sharing formula among the Members; (3) authorize the issuance and sale, refinancing, or early redemption, of bonds; or (4) impose fees or assessments, levy taxes, or order the formation of an assessment or special district.

C. The exercise of the power of eminent domain must be approved by an affirmative vote of the Board as set forth in Section 7.B (5), including the director appointed by the Member in whose jurisdiction the property is located. For the purposes of this Section, the jurisdiction of the County is the unincorporated area.

SECTION 9. EXERCISE OF POWERS

The powers and duties which (a) are common to the Members, and (b) are vested in the Authority only by virtue of this Agreement, and are not independent powers and duties which arise by virtue of the Law, shall be exercised and carried out subject only to such restrictions upon the manner of exercising such powers or carrying out such duties as are imposed upon the City of Rocklin in the exercise of similar powers or in carrying out similar duties, as provided in section 6509 of the Law.

SECTION 10. COSTS ASSESSED AND DISTRIBUTED

A. The Authority will establish and maintain a current estimate of all costs associated with the Transportation Improvements included in the Improvement Program not yet incurred ("Cost-to-Complete"). The Cost-to-Complete will be adjusted annually based on the Construction Cost Index as published in the Engineering News Record, or an equivalent publication in the event the Engineering News Record is no longer published. The adjustment period shall be from April to April. Notwithstanding the foregoing, the Cost-to-Complete will be adjusted to reflect actual costs associated with the Transportation Improvements, when such costs are known.

B. It is anticipated that sources of revenue other than a transportation impact fee (the "Impact Fee") will be available to assist in funding the Transportation Improvements. For all Transportation Improvements, it is assumed that: (1) Curbs, gutters and sidewalks, where required by zoning, are the responsibility of the applicable developer or Member; and (2) Frontage improvements of a lane plus shoulder, where required by zoning, will be constructed along developing property at no cost to the Improvement Program.

C. The Authority will levy the Impact Fee on new development consistent with law to fund any portion of the cost of the Transportation Improvements not funded by other sources. Each Member shall collect the Impact Fee and deposit it in a separate interest-bearing account maintained by such Member. Each Member shall transmit all amounts collected, plus actual interest earned thereon, to the Authority quarterly.

D. Each Member's financial responsibility to make quarterly payments to the Authority shall not exceed the amount in the account described in Section 10.C, above. Each Member may contribute more than its proportionate share for a particular segment or improvement. In such event, subject to approval by the Board, that Member's account shall be credited for the excess amount and the amount shall be applied toward its proportionate share of future segments or improvements. The amount and timing of such credits may be adjusted by the Board in consideration of other improvement priorities.

E. The Authority shall maintain Impact Fees in a separate interest bearing account and shall use such funds consistent with the purposes of this Agreement.

F. Except for the Placer Parkway and Rail/Bus Transit projects (as defined in Exhibit A), construction of the Transportation Improvements shall be the responsibility of the Member in whose jurisdiction the improvement(s) is/are located. The Authority will transfer construction funds to the Member in the manner approved by the Authority.

G. In the event that an outside funding source, such as the State or federal government, provides funds other than those identified in the Improvement Program to one or more of the Transportation Improvements, credit will be apportioned amongst all Members according to the funding apportionment formula(s) applicable to the Transportation Improvement(s).

H. Each Member will provide the Authority with an annual accounting of Impact Fee revenue collected, and other funds provided to the Member for construction of Transportation Improvements. All funds and procedures shall be subject to audit.

I. A public entity may, subject to the unanimous agreement of the Members, become a party to this Agreement, provided such entity shall have contributed its proportionate share of the Transportation Improvement costs incurred from the effective date of this Agreement to the date of such entity's membership. The proportionate share of costs attributable to such entity shall reasonably be determined by the Board.

SECTION 11. FISCAL YEAR

The fiscal year of the Authority shall be the period from July 1 each year to and including the following June 30.

SECTION 12. DEBTS, LIABILITIES AND OBLIGATIONS

The debts, liabilities, and obligations of the Authority shall not constitute debts, liabilities, or obligations of the Members, either jointly or severally.

SECTION 13. LIABILITY OF BOARD, OFFICERS AND EMPLOYEES

A. The directors/alternates of the Board, officers, and employees of the Authority shall use ordinary care and reasonable diligence in the exercise of their powers, and in the performance of their duties pursuant to this Agreement. They shall not be liable to the Members for any mistake of judgment or other action made, taken, or omitted by them in good faith, nor for any action made, taken, or omitted by any agent, employee, or independent contractor selected with reasonable care, nor for loss incurred through the investment of the Authority's funds, or failure to invest the same.

B. To the extent authorized by California law, no director/alternate of the Board, officer, or employee of the Authority shall be responsible for any action made, taken, or omitted, by any other director/alternate of the Board, officer, or employee. No director/alternate of the Board, officer, or employee of the Authority shall be required to give a bond or other security to guarantee the faithful performance of his or her duties pursuant to this Agreement, except as provided in Subsection 7.D(2).

SECTION 14. LIBERAL CONSTRUCTION

The provisions of this Agreement shall be liberally construed as necessary or reasonably convenient to achieve the purposes stated in Section 2.

SECTION 15. DISPOSITION OF PROPERTY

Upon termination of this Agreement, the Authority shall convey all assets of the Authority, if any, to the Members in proportion to their respective contributions, provided that real property acquired by eminent domain shall be conveyed to the Member in whose jurisdiction the property is located.

SECTION 16. SEVERABILITY

Should any part, term, or provision of this Agreement be decided by the courts to be illegal or in conflict with any law of the State of California, or otherwise be rendered unenforceable or ineffectual, the validity of the remaining portions or provisions shall not be affected thereby.

SECTION 17. SUCCESSORS; ASSIGNMENT

This Agreement shall be binding upon and shall inure to the benefit of the successors of the Members. No Member may assign any rights or obligations hereunder without the consent of the other Members; provided, however, that no such assignment may be made if it would materially and adversely affect (a) the rating of bonds issued by the Authority, or (b) bondholders holding such bonds.

SECTION 18. AMENDMENTS

This Agreement may be amended only by the unanimous written agreement of the Members. So long as any bonds of the Authority are outstanding and unpaid, or funds are not otherwise set aside for the payment or redemption thereof in accordance with the terms of the bonds and the documentation relating thereto, this Agreement shall not be amended, modified or otherwise revised, changed or rescinded, if such action would materially and adversely affect (1) the rating of bonds issued by the Authority, or (2) bondholders holding such bonds.

SECTION 19. NOTICES

Any notice required or permitted under this Agreement shall be in writing and delivered personally or by mail to the respective legal counsel of the Member jurisdictions and to:

City of Lincoln
640 Fifth Street
Lincoln, CA 95648
Attn: City Manager

City of Roseville
311 Vernon St.
Roseville, CA 95678
Attn: City Manager

County of Placer
175 Fulweiler Avenue
Auburn, CA 95603
Attn: County Executive Officer

City of Rocklin
3980 Rocklin Road
Rocklin, CA 95677
Attn: City Manager

SECTION 20. COUNTERPARTS

This Agreement may be executed in any number of counterparts, and by different parties in separate counterparts, each of which, when executed and delivered, shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument.

SECTION 21. AGREEMENT OF PLACER COUNTY TRANSPORTATION PLANNING AGENCY (PCTPA) TO PROVIDE STAFF AND ACT AS TREASURER.

PCTPA agrees and consents to provide staff and act as Treasurer for the Authority as provided herein. PCTPA is not a member of the Authority. After execution of this Agreement, it is the intent of the Members and PCTPA to develop a staffing agreement between the Authority and PCTPA to provide for the administration and management of the Authority with reasonable rights of termination by either party.

The Members have executed and attested this Agreement as of the date first above written.

Conceptual Outline of Transportation Improvements

This is merely a conceptual outline of the transportation improvements.

The JPA Board will adopt a Transportation Improvement Program

Proposed transportation improvements and their location are set forth below, See Figure A-1 for location map of projects. Note that the rail and bus improvements will occur throughout the County and are thus not shown on the map.

Rail and Bus Transit

The rail and bus transit improvements are focused in the areas of commuter rail, commuter/express bus, and fixed route buses. The following types of specific improvements would be considered eligible to receive fee program finding:

- Rail stations;
- Intermodal transit facilities;
- Park and ride lots
- Bus shelters, pullouts, etc.;
- Rail guide-way improvements (railbed, track, signals, etc.);
- Maintenance and refueling facilities (main and satellite);
- Related streetscape, bicycle, and pedestrian improvements; and
- Acquire, develop, lease and sublease real and personal property and all improvements thereto, for the development of the multi-modal transportation center of Placer County Transportation Planning Agency and the office space related thereto and any other third party office located on such premises.

Douglas Boulevard/I-80 Interchange

The proposed Douglas Boulevard/I-80 interchange project provides significant enhancements to the circulation to and through south Placer County. This project not only upgrades the interchange itself but also encompasses improvements to the adjacent Douglas Boulevard/Sunrise Boulevard intersection. The overall project provides improved access to and through east and west Roseville as well as unincorporated areas of Placer County and to Sacramento County to the south. The proposed improvements at this interchange include a reconfiguration of the interchange with a flyover ramp eastbound Douglas Boulevard to Sunrise Boulevard, a tunnel section from Sunrise Boulevard to northbound I-80, as well as ramp modifications and improvements.

Sierra College Boulevard

Sierra College Boulevard is a major north-south arterial that provides a link from State Route 193 in Lincoln to I-80 in Rocklin and on to the Sacramento County line. Sierra College Boulevard traverses Lincoln, unincorporated Placer County, Loomis, Rocklin and Roseville. The proposed improvements to Sierra College Boulevard would consist of widening the roadway to four or six lanes from State Route 193 to the Sacramento County line, excluding improvements to the interchange at I-80, which will be funded by STIP funds.

It is assumed that: (1) Curbs, gutters and sidewalks, where required by zoning, are the responsibility

of the applicable developer or Member and (2) Frontage improvements of a lane plus shoulder, where required by zoning, will be constructed along developing property at no cost to the Improvement Program. It is noted that, under current zoning, certain segments of Sierra College Boulevard are not expected to develop to the level requiring such frontage improvements.

Segments that have already been constructed may result in fee credits to districts such as Roseville, Rocklin, and fee districts within the County.

The proposed Sierra College Boulevard segments to be funded/credited by the fee program include:

- Segment I — From State Route 193 to the northern city limit of the City of Rocklin.
- Segment 2a — From the northern city limit of the City of Rocklin to the northern boundary of the Town of Loomis.
- Segment 5 — Interstate 80 to Rocklin Road.
- Segment 6 — Rocklin Road to the southern city limit of the City of Rocklin.
- Segment 7 — Southern city limit of Rocklin to Douglas Boulevard.
- Segment 8 — Douglas Boulevard to Eureka Road.
- Segment 9 — Eureka Road to Roseville Parkway.
- Segment 10 — Roseville Parkway to the Sacramento County line.

Segments that are currently not included but could be funded in the later years of the fee program include:

- Segment 2b — Front the northern boundary of the Town of Loomis to Taylor Road all within Loomis.
- Segment 3 - From Taylor Road to Granite Drive all within the Town of Loomis.

Segments that would be funded by other sources include:

- Segment 4—I-80/Sierra College Boulevard Interchange.

SR 65 Lincoln Bypass

The proposed project is approximately 10-mile mixed two-lane and four-lane facility extending from Industrial Avenue in Lincoln to just north of Sheridan.

Placer Parkway

The concept of a transportation facility that would connect State Route 65 to State Routes 70/99 through Placer and Sutter Counties has been discussed for several years. However, it is only within the last three years that these conceptual discussions have progressed to actual alignment studies due to increased congestion experienced on I-80 and continued growth in South Placer County.

A Project Study Report (PSR) for the environmental work associated with the Placer Parkway was approved in August, 2001. The PSR considered several alignment options for Placer Parkway. The recommended alignment for planning purposes consists of a nearly 15-mile long, four-lane expressway/freeway, connecting from State Route 65 at Whitney Boulevard to State Routes 70/99 at a point about one mile north of Riego Road.

RESOLUTION NO. 2003-199

**RESOLUTION OF THE CITY OF Lincoln AUTHORIZING THE
EXECUTION AND DELIVERY OF AN AMENDED AND RESTATED JOINT
EXERCISE OF POWERS AGREEMENT TO EXPAND THE POWERS AND
AUTHORITY OF THE SOUTH PLACER REGIONAL TRANSPORTATION
AUTHORITY**

WHEREAS, the City of Lincoln (the "City") is a Member with other jurisdictions, pursuant to the laws of the State of California, in the South Placer Regional Transportation Authority (the "Authority"); and

WHEREAS, the purpose of the Authority is to provide for the coordinated planning, design, financing, acquisition, determination of the timing of construction, and construction of roadway, intersection, at-grade railroad crossing, interchange, various transit and rail fixed facility improvements (the "Transportation Improvements"); and

WHEREAS, there has been presented to this meeting a form of the Amended and Restated Joint Exercise of Powers Agreement (the "Agreement"), which Agreement created and established the Authority, and which sets the terms and conditions to allow for the expansion of powers and authority to include the purchase, lease and sublease of real and personal property and all improvement thereon, in conjunction with the development of a multi-modal transportation center, by the Placer County Transportation Planning Agency, lease and sublease property to other third parties, and amend the definition of Transportation Improvements to include these such activities.

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL ("COUNCIL") OF THE CITY OF Lincoln THAT:

1. The Council hereby finds and declares that entering into the Agreement satisfies various public purposes, including, without limitation, encouraging the financing of Transportation Improvements which are located within the County's jurisdictional boundaries.
2. The form of this Agreement, attached hereto as Exhibit A, as submitted to the City and incorporated into this Resolution by reference, is hereby approved. The appropriate officers and employees of the City are hereby authorized and directed to execute and deliver the Agreement in substantially said form, with such changes, or additions thereto that hereafter may become necessary in the interests of the City and other members of the Authority and which are reviewed and approved by the City's Attorney any such changes or additions to be conclusively evidenced by the execution and delivery of the Agreement.
3. The appropriate officers and employees of the City are authorized and directed to take all action necessary or desirable pursuant to the provisions of this Resolution.
4. This Resolution shall take effect immediately upon its adoption.

PASSED, APPROVED AND ADOPTED, this 14th day of October, 2003.

Chairman, Board of Supervisors

WHEREAS, the County of Placer (the "County") is a Member with other
jurisdictions, pursuant to the laws of the State of California, in the South Placer
Regional Transportation Authority (the "Authority"); and

WHEREAS, the purpose of the Authority is to provide for the coordinated
planning, design, financing, acquisition, determination of the timing of
construction, and construction of roadway, intersection, at-grade railroad
crossing, interchange, various transit and rail fixed facility improvements (the
"Transportation Improvements"); and

WHEREAS, there has been presented to this meeting a form of the Amended and Restated Joint Exercise of Powers Agreement, including a revised Exhibit A, (the "Agreement"), which Agreement created and established the Authority, and which sets the terms and conditions to allow for the expansion of powers and authority to include the purchase, lease and sublease of real and personal property and all improvements thereon, in conjunction with the development of a multi-modal transportation center by the Placer County Transportation Planning Agency (the "Project"), issuance of Bonds by California Local Government Finance Authority ("CLGFA") to finance the Project, lease and sublease property by the Authority to other third parties, and amends the definition of Transportation Improvements to include these such activities; and

WHEREAS, as a condition precedent to the issuance of Bonds by CLGFA, California Government Code Section 6586.5 requires that the Board of Supervisors of Placer County (the "Board") approve the proposed issuance of the Bonds by CLGFA and that the Board make certain findings with respect to such issuance, as hereinafter set forth, and Section 6586.5 further requires that such approval be given and findings be made only after noticed public hearing thereon; and

WHEREAS, CLGFA approves all of said transaction in furtherance of the public purposes of CLGFA, and wishes at this time to take its action approving the issuance and sale of the Bonds and the lease financing to be accomplished thereby.

NOW, THEREFORE, BE IT RESOLVED, BY THE BOARD OF SUPERVISORS OF PLACER COUNTY (THE "BOARD") THAT:

1. The Board hereby finds and declares that entering into the Agreement satisfies various public purposes, including, without limitation, encouraging the financing of Transportation Improvements which are located within the County's jurisdictional boundaries.

2. The form of this Agreement, attached hereto as Exhibit A, as submitted to the County and incorporated into this Resolution by reference, is hereby approved. The appropriate officers and employees of the County are hereby authorized and directed to execute and deliver the Agreement in substantially said form, with such changes, or additions, thereto that hereafter may become necessary in the interests of the County and other members of the Authority and which are reviewed and approved by County Counsel, with any such changes or additions to be conclusively evidenced by the execution and delivery of the Agreement.

3. The Board hereby approves the issuance of the Bonds by CLGFA in an aggregate principal amount of not to exceed \$4 million for the purpose of providing funds to enable the Authority to finance the Project. The Board hereby finds and determines that the issuance of the Bonds will result in savings in effective interest rates, bond underwriting costs or bond issuance costs and thereby result in significant public benefits to its members within the contemplation of California Government Code Section 6586.

4. The appropriate officers and employees of the County are authorized and directed to take all actions necessary or desirable pursuant to the provisions of this Resolution.

5. This Resolution shall take effect immediately upon its adoption.

PASSED, APPROVED AND ADOPTED, this 4th day of November, 2003.

**FIRST AMENDMENT TO
AMENDED AND RESTATED
JOINT EXERCISE OF POWERS AGREEMENT
REGARDING THE SOUTH PLACER REGIONAL TRANSPORTATION
AUTHORITY**

AMONG

**THE CITY OF LINCOLN,
THE CITY OF ROCKLIN,
THE CITY OF ROSEVILLE
and
THE COUNTY OF PLACER**

**FIRST AMENDMENT TO
AMENDED AND RESTATED
JOINT EXERCISE OF POWERS AGREEMENT**

This First Amendment to the Amended and Restated Joint Exercise of Powers Agreement (the “Amendment”) dated February 28, 2024 regarding the South Placer Regional Transportation Authority (“Authority”) is entered into as of _____, 2024, by and between the City of Lincoln, the City of Rocklin, the City of Roseville and the County of Placer (hereinafter collectively referred to as the “Members” and individually as “Member”).

WHEREAS, the Amended and Restated Joint Exercise of Powers Agreement (“Agreement”) dated October 1, 2003 was approved by the Members creating the Authority for the purposes of providing the coordinated planning, design, financing, acquisition, determination of timing of construction, and construction, of Transportation Improvements;

WHEREAS, Section 18 AMENDMENTS, of the Agreement provides that the Members may amend the agreement by unanimous written agreement of the Members;

WHEREAS, the Authority has been operating consistent with the Agreement and the Authority and Members have identified certain provisions of the Agreement to be amended;

NOW THEREFORE the Members to the Agreement agree to mutually amend certain provisions of the Agreement as follows:

1. The second sentence of Section 2. AUTHORITY, PURPOSE AND COOPERATION is hereby amended to read in its entirety as follows:

“The purpose of this Agreement is to provide for the coordinated planning, design, financing, acquisition, determination of the timing of construction, and construction, of Transportation Improvements benefiting ~~located in~~ the Members’ respective jurisdictions.”

2. Paragraph B(1) of Section 7 ADMINISTRATION is hereby amended to read in its entirety as follows:

B. Meetings.

“(1) Regular Meetings. The Board shall ~~by resolution~~ establish the number of regular meetings to be held each year and the date, hour and location at which such regular meetings shall be held; provided, that the Board shall meet at least once every ~~three (3) month(s) or quarterly~~ six (6) months or semiannually.”

3. Paragraphs C(1) of Section 7 ADMINISTRATION is hereby amended to read in its entirety as follows:

C. Procedures.

“(1) The Board shall elect a chair and a vice chair annually from among its membership, with the Chair and vice chair rotated amongst the membership, to preside at -meetings. The Board ~~and~~ shall select a secretary who may, but need not, be a member of the Board. The Board may, from time to time, elect such other officers as the Board shall deem necessary or convenient to conduct the affairs of the Authority.”

4. Paragraph A of Section 10 COSTS ASSESSED AND DISTRIBUTED is hereby amended to read in its entirety as follows:

“A. The Authority will establish and maintain a current estimate of all costs associated with the Transportation Improvements included in the Improvement Program not yet incurred (“Cost-to-Complete”). The Cost-to-Complete will be adjusted annually based on the Construction Cost Index as published in the Engineering News Record, or an equivalent publication in the event the Engineering News Record is no longer published. The Authority shall determine a proposed annual adjustment based on the difference between the most currently available index and the index amount from the month and year of the previous adjustment. No fee adjustment shall be effective until approved by the Authority Board. Any fee adjustment approved by the Board shall be effective on July 1st of the year in which the action is taken, or at such other time as is provided by law. ~~The adjustment period shall be from April to April.~~ Notwithstanding the foregoing, the Cost-to-Complete will be adjusted to reflect actual costs associated with the Transportation Improvements, when such costs are known.”

5. Paragraph F of Section 10 COSTS ASSESSED AND DISTRIBUTED is hereby amended to read in its entirety as follows:

“F. Except for the Placer Parkway, improvements on State highways, and Rail/Bus Transit projects (as defined in Exhibit A), construction of the Transportation Improvements shall be the responsibility of the Member in whose jurisdiction the improvement(s) is/are located. For Transportation Improvements where the Member is responsible, tThe Authority will transfer construction funds to the Member in the manner approved by the Authority. For Transportation Improvements on a State highway, the Authority may execute agreements with the State and/or Members establishing responsibility for construction of the Transportation Improvements and may transfer construction funds in accordance with those agreements.”

6. Section 19 NOTICES is hereby amended to read in its entirety as follows:

SECTION 19. NOTICES

Any notice required or permitted under this Agreement shall be in writing and delivered personally or by mail to the respective legal counsel of the Member jurisdictions and to:

City of Lincoln
~~640 Fifth~~ 600 6th Street
Lincoln, CA 95648
Attn: City Manager

City of Rocklin
39~~7080~~ Rocklin Road
Rocklin, CA 95677
Attn: City Manager

7. NO FURTHER AMENDMENTS. Except as expressly amended herein, all terms and conditions of the Agreement shall remain the same and in full force and effect.
8. COUNTERPARTS. This Amendment may be executed in any number of counterparts, and by different parties in separate counterparts, each of which, when executed and delivered, shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument. Documents executed, scanned, and transmitted electronically and electronic signatures shall be deemed original signatures for purposes of this Agreement and all matters related thereto, which such

scanned and electronic signatures having the same legal effect as original signatures

The Members have executed and attested this Agreement effective upon the execution of all Members herein as of the date first above written.

COUNCIL COMMUNICATION

CC #: 3375
File #: 1001-02

Title: Infill Parcel 014-183-029 – Summary Vacation of Public Utility Easement
Contact: Mark Johnson 916-774-5481 mjohnson@roseville.ca.us
Mike Isom 916-774-5527 mison@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.22.

RECOMMENDATION TO COUNCIL

Staff recommends City Council adopt a resolution to summarily vacate the existing public utility easement located on assessor's parcel number 014-183-029 (Portion), at 260 South Harding Boulevard, and authorize the City Manager to execute any related documents necessary to facilitate the summary vacation.

BACKGROUND

As part of the I-80 Auxiliary Lanes project, a sliver of right-of-way (ROW) adjacent to the eastbound Douglas Boulevard to westbound I-80 slip on-ramp was needed to accommodate realignment of the freeway on-ramp. The South Placer Regional Transportation Authority (SPRTA) acquired, on behalf of the Placer County Transportation Planning Agency (PCTPA), the ROW from private owners, Strauch-Stephenson, and will transfer title to Caltrans upon project completion as required.

Within a portion of the ROW lies a Public Utility Easement (PUE), as described in Exhibit "A" and as depicted in Exhibit "B" of the resolution, that includes a PG&E easement for a gas pipeline that passes under I-80. In preparation for the construction project, the City of Roseville and SPRTA staff coordinated with PG&E to relocate the gas services through other infrastructure and abandon in place the gas line within the ROW and PUE at this location.

For SPRTA to transfer the ROW to Caltrans upon project completion, the parcel is required by Caltrans to be free and clear of easements. PG&E recently quitclaimed their interest in the partial easement to SPRTA and City staff has determined that the remaining partial PUE within the SPRTA ROW is no longer needed to provide safe and reliable service to residents and that abandonment of the easement is not averse to the public's interest.

Streets and Highways Code, Section 8300 et. seq., states that an easement may be terminated (vacated) by adopting a resolution of vacation. There are two pathways for vacation: summary or general. An abandonment request for a PUE is eligible for the simpler summary vacation method when any one of the three potential conditions applies:

1. The easement has not been used for the purpose for which it was dedicated or acquired for five consecutive years immediately preceding the proposed abandonment.
2. The easement has been in place for less than five years, but has been in place for at least a year and has not been used for the purpose for which it was dedicated or acquired.
3. The need for the easement has been superseded by relocation, and there are no other public facilities in the easement.

The proposed easement vacation was routed to all utilities which could be affected by the project, and no objections were received. For these reasons, staff concludes that condition 3 (as described above) for a summary vacation applies and recommends approval of the vacation request. Pursuant to the Streets and Highways Code, Sections 8333 and 8335, an easement may be terminated (vacated) by the City if the easement has been superseded by relocation and determined to be in excess by the easement holder, and there are no other public facilities in the easement. The public utility easements located within the SPRTA ROW is in excess since the utilities therein have been abandoned and relocated (as further supported by a confirming letter provided by PG&E, dated January 25, 2024) and there are no future plans to use the easement for any other public utilities. Therefore, staff concludes the condition of the summary vacation listed within Streets and Highways Code Section 8333 applies and recommends that the public utility easement be vacated.

FISCAL IMPACT

There is no fiscal impact to the City's General Fund associated with this approval.

ENVIRONMENTAL REVIEW

The proposed project involves minor alteration in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density. This activity is categorically exempt from CEQA as a Class 5 Exemption (State CEQA Guidelines Section 15305). The Exemption has been prepared and no further CEQA action is required.

RESOLUTION NO. 24-196

ORDERING SUMMARY VACATION OF A PUBLIC UTILITY EASEMENT AT 260
SOUTH HARDING BOULEVARD

BE IT RESOLVED by the City Council of the City of Roseville as follows:

WHEREAS, in accordance with the provisions of Section 8333, et seq., of the Streets and Highways Code (Chapter 4, Summary Vacation), it is hereby found that a partial public utility easement at 260 South Harding Boulevard, as described in Exhibit "A" and depicted in Exhibit "B", which is attached hereto and incorporated herein by reference, has been determined to be in excess as it has been superseded by relocation and the existing utilities abandoned, and no other public facilities or utilities are planned to be located within the easement; and

IT IS HEREBY ORDERED:

1. That the partial public utility easement within the SPRTA ROW at 260 South Harding Boulevard, as described in Exhibit "A" and depicted in Exhibit "B", is hereby vacated pursuant to Streets and Highways Code Sections 8333 and 8335, and shall, as of the date of adoption of this resolution, no longer constitute a public utility easement; and
2. The City Manager is hereby authorized to execute any other documents required to effectuate the conveyance of the abandoned/vacated easement to the respective property owners; and
3. The City Clerk is hereby directed to cause a certified copy of this Resolution and Order, attested to by said Clerk under the seal of the City of Roseville, to be recorded in the Office of the County Recorder, and take any other actions necessary to effectuate the intent of this Resolution and Order.

EXHIBIT "A"

City of Roseville Public Utility Easement Abandonment

A parcel of land lying in the Northwest Quarter of Section 12, Township 10 North, Range 6 East, Mount Diablo Meridian, City of Roseville, County of Placer, State of California, described as follows:

All that portion of the 8' Public Utility Easement, abutting the easterly line of PARCEL 2 as shown on the PARCEL MAP recorded on October 17, 1980, in Book 17 of Parcel Maps, Page 63, Official Records of said County, lying within the land conveyed to South Placer Regional Transportation Authority in the GRANT DEED recorded on December 1, 2021, in Document No. 2021-146513.

Containing an area of 3,367 square feet, more or less.

This real property description has been prepared by me in conformance with the Professional Land Surveyors Act on March 12, 2024.

 Roseville Parcel

Notice of Exemption

To: Placer County Clerk
Recorder's Office
2954 Richardson Drive
Auburn, CA 95603

From: City of Roseville
Development Services Dept.
311 Vernon Street
Roseville, CA 95678

Project Title: Infill Parcel 014-183-029 – Summary Vacation of Public Utility Easement

Project Location: 260 South Harding Boulevard (APN 014-183-029-000), Roseville, CA 95678

Project Description: As part of the I-80 Auxiliary Lanes project, a sliver of right-of-way (ROW) adjacent to the eastbound Douglas Boulevard to westbound I-80 slip on-ramp was needed to accommodate realignment of the freeway on-ramp. Within a portion of the ROW lies a Public Utility Easement (PUE), that includes a PG&E easement for a gas pipeline that passes under I-80. The City, South Placer Regional Transportation Authority (SPRTA), and PG&E coordinated to abandon and relocate the gas line to a location outside of the PUE.

SPRTA must transfer the ROW to Caltrans, which requires that the parcel be free and clear of easements. PG&E quitclaimed their interest in the partial easement, and now the City must vacate the easement to complete the process. City staff has determined that abandonment of the easement is not averse to the public's interest, and the condition necessary to vacate the easement under Streets and Highways Code Section 8333 has been met. The project would not result in the creation of any new parcels, nor changes in land use or density.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Development Services Department

Reason why this Project is Exempt: This project qualifies for a Class 5 exemption as described in Section 15305 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 5 consists of minor alterations in land use limitations in areas with an average slope of less than 20%, which do not result in any changes in land use or density, including but not limited to:

(a) Minor lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel."

The proposed summary vacation is consistent with the above criteria, and therefore a Class 5 exemption applies to the project.

Lead Agency Contact Person: Mark Johnson, Development Services Department,
311 Vernon Street, Roseville, CA 95678. (916) 774-5440.

Title: Solaire Phase 6 - Village 9 - Notice of Completion
Contact: Matt Shields 916-223-7109 mshields@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.23.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt the attached resolution accepting Solaire Phase 6 - Village 9, CWJ# 190783 as complete and authorizing the City Engineer to execute the Notice of Completion.

BACKGROUND

The Engineering Division has made a final inspection of the above project and has found the roadway infrastructure work complete in accordance with the improvement plans and City specifications.

FISCAL IMPACT

The actions requested as part of this action have no impact to the City's General Fund. Construction costs were paid by the developer.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of a Notice of Completion meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Matt Shields, Construction Inspector

Mike Isom, Development Services Director

Dominick Casey, City Manager

COUNCIL COMMUNICATION

CC #: 3360

File #: 0900-04-01

Title: Sun City Phase 3 Resurfacing Project - Road Maintenance and Rehabilitation
Account Project Identification

Contact: Joe Arino 916-774-5460 jarino@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.24.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution, as required by Senate Bill 1 (SB-1), identifying the Sun City Phase 3 Resurfacing Project for use of the City's 2024-25 funding allotment from the State Road Maintenance & Rehabilitation Account (RMRA) Fund.

BACKGROUND

Senate Bill 1 (SB-1), the Road Repair and Accountability Act of 2017, was signed into law in April of 2017 to address the budget shortfall for maintenance of existing infrastructure throughout the State. As part of the legislation, local agencies are required to list all proposed projects scheduled to receive SB-1 funding by resolution prior to receiving an apportionment of RMRA funds in a fiscal year. The funding is restricted for use on street maintenance, rehabilitation, safety, and transit projects. The California Transportation Commission issued the requirement that project lists for the 2024-25 fiscal year are due by July 1, 2024. The attached resolution fulfills that requirement.

The scope of the Sun City Resurfacing Project is planned as a multi-year project with four separate phases: Phase 1, Phase 2A, Phase 2B, and Phase 3. Each phase will be funded annually in advance of construction. Resurfacing within the Sun City Phase 3 neighborhood includes the removal and replacement of failed asphalt roadway sections as well as the application of preventative maintenance surface treatments to a portion of the Sun City neighborhood. The streets scheduled to receive the maintenance and resurfacing application are shown on the attached Exhibit A to the resolution.

The estimated useful life of these improvements is 7 to 10 years. Construction is scheduled to begin in the summer of 2024 and will continue through the end of the year. This project is part of the City's proactive street pavement maintenance program designed to seal, protect, and preserve the underlying pavement by applying relatively affordable asphalt resurfacing products. Preventative maintenance surface treatments provide a waterproof membrane to protect the existing asphalt surfaces and extend the life of the underlying pavement. This keeps the streets in good condition avoiding pavement failures that would require more costly rehabilitation and

reconstruction. In addition, the City maintains a pavement management software database to help guide staff as to which streets should be resurfaced in any given year based on field inspections and pavement condition data collected at 3-year intervals. The software allows staff to resurface streets in a systematic way that ensures we get the most out of the City's limited funding over the long term.

Staff will partner with our Public Information Officer and the contractor to continue the past three years of extensive outreach and communications with the Sun City community regarding this work.

FISCAL IMPACT

The City is estimated to receive \$3.91 million from the Road Maintenance & Rehabilitation Account (RMRA - also known as SB-1) Fund in the Fiscal Year 2024-25. The engineer's estimate for this project is \$5 million and is proposed to be funded by \$3.9 million from the 2024-25 RMRA Fund (SB-1) plus \$1.1 million of remaining funds from the 2023-24 RMRA apportionment. Any remaining RMRA funding from this fiscal year's allotment will be carried forward to next fiscal year at which point staff will identify the project upon which it will be spent. No General Fund resources will be used on the project.

ENVIRONMENTAL REVIEW

The proposed project involves the minor alteration of existing public facilities. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required

CEQA Exemption

RESOLUTION NO. 24-166

ADOPTING THE SUN CITY PHASE 3 RESURFACING PROJECT FUNDED BY SENATE
BILL 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, Senate Bill 1 (SB-1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB-1 includes accountability and transparency provisions that will ensure the residents of our City are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City must adopt a list of projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA) created by SB-1 by resolution, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City will receive an estimated \$3,913,000 in RMRA funding in Fiscal Year 2024-25 from SB-1; and

WHEREAS, this is the seventh year in which the City is receiving SB-1 funding and will enable the City to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB-1; and

WHEREAS, the City used a Pavement Management System to help develop the SB-1 project list to ensure revenues are being used on the most high-priority and cost effective projects that also meet the communities priorities for transportation investment; and

WHEREAS, the funding from SB-1 will help the City maintain and rehabilitate roads throughout the City this year and many similar projects into the future; and

WHEREAS, the 2018 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are in an "at-risk" condition and this revenue will help us increase the overall quality of our road system; and

WHEREAS, the SB-1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.

NOW, THEREFORE, BE IT RESOLVED, by the Council of the City of Roseville, as follows:

1. The foregoing recitals are true and correct.
2. The fiscal year 2024-25 list of projects planned to be funded with Road Maintenance and Rehabilitation Account revenues include:

The Sun City Phase 3 Resurfacing Project. This project includes removal and replacement of failed asphalt roadway sections and the application of a preventative maintenance surface treatment. Preventative maintenance surface treatments provide a waterproof membrane to protect the existing asphalt surfaces and extend the life of the underlying pavement. The streets scheduled to receive the maintenance and resurfacing application are shown on the attached Exhibit A. The estimated useful life of these improvements is seven (7) to ten (10) years. Construction is scheduled to begin in the summer of 2024 and will continue through the end of the year.

Project Title: Sun City – Phase 3 Resurfacing Project – Road Maintenance and Rehabilitation Account
Project Identification

Project Location(s): On various City streets within the Sun City neighborhood.

Project Description: The scope of the Sun City Resurfacing Project was planned as a multi-year project with four separate phases: Phase 1, Phase 2A, Phase 2B, and Phase 3. Resurfacing within the Sun City Phase 3 neighborhood includes the removal and replacement of failed asphalt roadway sections as well as the application of preventative maintenance surface treatments to a portion of the Sun City neighborhood. The estimated useful life of these improvements is 7 to 10 years.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Public Works Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of minor alteration of existing public facilities, ...involving negligible or no expansion of use beyond that previously existing.... examples include highways, streets, sidewalks, gutters, bicycle and pedestrian trails...."

The project is confined to existing streets within City right-of-way and would not result in expansion of use. No environmentally sensitive resources are located within the project site; therefore the Class 1 exemption is applicable to the proposed project.

COUNCIL COMMUNICATION

CC #: 3366
File #: 0800-04

Title: Construction Resident Engineering and Inspection Services - On-Call Professional Services Agreement Amendments
Contact: Nicolas Bumb 916-746-1300 nfbumb@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.25.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

- Adopt five resolutions to approve the First Amendment to the On-Call Professional Services Agreements for construction resident engineering and inspection services with HDR Construction Control Corporation, PSOMAS, Mark Thomas, WSP USA, Inc., and Ghirardelli Associates., and authorize the City Manager to execute the amendments to increase the contract authority by \$500,000 for the remaining year of the three-year term to \$1.5 million.
- Authorize the City Manager, or his designee, to approve and execute the two (2) optional one (1) year renewals for \$1.5 million each year to each Agreement without further Council approval, provided that the applicable budget is approved by the City Council each year, or until staff determines that continuing with this consultant is not in the best interest of the City.

BACKGROUND

The Public Works Engineering Division is responsible for constructing and repairing multiple Capital Improvement Program (CIP) infrastructure projects such as roads, bridges, drainage facilities, traffic signals, and municipal buildings. City Council approved Professional Service Agreements to provide construction support for these facilities over the contract duration of three to five years at the December 15, 2021 Council meeting. The selection of these five firms was based on their extensive experience with providing the requested services for projects similar to those Public Works anticipates constructing.

With the high volume of capital improvement projects that Public Works is performing, there is a need to augment City inspection staff with consultant resident engineers and inspectors. Construction consulting costs have increased significantly since 2021. Several of the contracts currently in place are using full funding authority. In order to continue to deliver the projects with quality and expedience, the current contract limits need to be increased.

FISCAL IMPACT

The recommended amendments will increase the contract authority by \$500,000 for the remaining year of the three-year term, as well as the two optional renewal years, to \$1.5 million per consultant. There is no guaranteed minimum amount of work provided in the agreements and payment will only be made for actual work performed. The On-Call Professional Design Services Agreements will be funded by various Council approved CIP project budgets.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

**FIRST AMENDMENT TO
ON-CALL PROFESSIONAL SERVICES AGREEMENT**

Construction Resident Engineer and Inspection Services

THIS FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“CITY”), and Ghirardelli Associates, Inc., a California corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into an On-Call Professional Services Agreement dated December 15, 2021 (“Agreement”) regarding on-call resident engineer and inspection services; and

WHEREAS, CITY desires to amend the Agreement to include additional services; and

WHEREAS, CONSULTANT is willing and able to provide such additional services.

NOW, THEREFORE, the parties agree as follows:

1. Section 3 of the Agreement is amended by adding an additional paragraph to read as follows:

“CITY shall pay up to five hundred thousand dollars (\$500,000), in consideration of the additional services to be provided during the remainder of the term of this

Agreement. This brings the total not to exceed contract amount to one million five hundred thousand dollars (\$1,500,000).”

2. The Agreement is amended by adding an additional paragraph for compliance with AB334 to read as follows:

“25. Public Contracts: Conflicts of Interest. CONSULTANT’s duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY’s preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT’s participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.”

3. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20__, and CONSULTANT has caused this First Amendment to Agreement to be executed.

RESOLUTION NO. 24-174

APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WSP USA, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a first amendment to on-call professional services agreement for Construction Resident Engineering and Inspection Services, by and between the City of Roseville and WSP USA, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said first amendment is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED, that the City Manager or his or her designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this consultant is not in the best interest of the City.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20_, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

**FIRST AMENDMENT TO
ON-CALL PROFESSIONAL SERVICES AGREEMENT**

Construction Resident Engineer and Inspection Services

THIS FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT is made and entered into this 12 day of April, 2024 by and between the City of Roseville, a municipal corporation (“CITY”), and WSP USA, Inc., a New York corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into an On-Call Professional Services Agreement dated December 15, 2021 (“Agreement”) regarding on-call resident engineer and inspection services; and

WHEREAS, CITY desires to amend the Agreement to include additional services; and

WHEREAS, CONSULTANT is willing and able to provide such additional services.

NOW, THEREFORE, the parties agree as follows:

1. Section 3 of the Agreement is amended by adding an additional paragraph to read as follows:

“CITY shall pay up to five hundred thousand dollars (\$500,000), in consideration of the additional services to be provided during the remainder of the term of this

Agreement. This brings the total not to exceed contract amount to one million five hundred thousand dollars (\$1,500,000).”

2. The Agreement is amended by adding an additional paragraph for compliance with AB334 to read as follows:

“25. Public Contracts: Conflicts of Interest. CONSULTANT’s duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY’s preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT’s participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.”

3. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20__, and CONSULTANT has caused this First Amendment to Agreement to be executed.

COUNCIL COMMUNICATION

CC #: 3355

File #: 0900-04-02

Title: Blue Oaks Boulevard Bridge and Roadway Widening Project - Professional Design Services Agreement
Contact: Nicolas Bumb 916-746-1300 nfbumb@roseville.ca.us

Meeting Date: 6/5/2024

Item #: 6.26.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve a professional design services agreement with Mark Thomas & Company, Inc. for the design of the Blue Oaks Boulevard Roadway and Bridge Widening Project, and authorize the City Manager to execute it.

BACKGROUND

The Blue Oaks Blvd Bridge and Roadway Widening Project is located in the Northwest Industrial Area. Blue Oaks Blvd between Woodcreek Oaks Blvd and Washington Blvd is currently a 6-lane arterial roadway; the roadway reduces to 4 lanes to conform to the 4-lane bridge spanning Industrial Avenue and the Union Pacific Railroad (UPRR).

This section of Blue Oaks Blvd has been identified for improvement by the 2035 General Plan, adopted by City Council on August 5, 2020. The General Plan addresses the current impacts due to the bottlenecks at the bridge on Blue Oaks Blvd, as well as prepares for increased traffic demand due to development activities in west Roseville. The proposed improvements seek to apply the improvements outlined in the General Plan.

In their January 18, 2023 meeting, City Council appropriated \$4 million of General Fund FY2021-22 year-end budget surplus to the project to begin development of a Request for Proposals (RFP) and Project design.

Subsequently, in March 2023 staff nominated the project for design funding through the Congressional Directed Spending process and, in coordination with State and Federal representatives, were successful in securing \$3.2 million of Federal Funds for design of this project as part of **H.R. 4820 – Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2024**. Staff are awaiting guidelines and directions to detail the disbursement requirements for the funding. Once available to the City, staff will return to Council with a budget adjustment to include the federal funds within the project budget for design phase. The federal funding will supplement the General Fund resources already budgeted and allow the

remaining funding to move forward to the construction phase of the project.

On December 14, 2023 staff released the RFP for professional services for the Blue Oaks Boulevard Bridge and Road Widening Project. The project improvements will include:

- Widening of Blue Oaks between Woodcreek Oaks and Washington Boulevard from 6 lanes to 8 lanes.
- Addition of a 4-lane bridge to increase the overall road capacity from 4 lanes at the UPRR over-crossing to 8 lanes.

Three consulting firms submitted proposals in response to the RFP. After evaluation of the three proposals, the selection committee selected Mark Thomas & Company, Inc. to provide the requested services based on their extensive experience with UPRR crossing projects and their knowledge of the City of Roseville's design and construction standards and operations.

Mark Thomas & Company, Inc. will be responsible for: all preliminary engineering, including preparation of environmental documents; all roadway and bridge design; and preparation of Plans, Specifications, and Estimates for the project.

It is anticipated that the design will be completed by spring of 2026, with the project bid that same year.

FISCAL IMPACT

The total contract amount of the agreement is \$3,799,521 and is currently funded with General Fund resources from the FY2021-22 year-end surplus already included in the project budget. Staff expect to return to Council shortly to budget the \$3.2 million of federal funds into the project. The remaining General Fund resources in the project will be used toward construction, along with Traffic Mitigation Fee Funds. No additional funds are requested with this agreement.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

Professional Design Services Agreements meet the above criteria and are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Nicolas Bumb, Associate Engineer

Jason Shykowski, Public Works Director

Dominick Casey, City Manager

RESOLUTION NO. 24-162

APPROVING A PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN
THE CITY OF ROSEVILLE AND MARK THOMAS & COMPANY, INC., AND
AUTHORIZING THE CITY MANAGER TO EXECUTE IT
ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a professional design services agreement for the Blue Oaks Boulevard Roadway and Bridge Widening project, by and between the City of Roseville and Mark Thomas & Company, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

PROFESSIONAL DESIGN SERVICES AGREEMENT

Blue Oaks Boulevard Roadway and Bridge Widening Project

THIS AGREEMENT is made and entered into this ____ day of _____, 20__,
by and between the City of Roseville, a municipal corporation (“CITY”), and Mark Thomas &
Company, Inc., a California corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY issued Request for Proposal #15-118 for professional design services
for the Blue Oaks Boulevard Roadway and Bridge Widening Project on December 14, 2024; and

WHEREAS, CONSULTANT has prepared a response to the Request for Proposal dated
January 30, 2024 and revised on March 06, 2024, which describes the scope of services to be
performed by CONSULTANT, the budget for the work, and the schedule for performance of the
work; and

WHEREAS, CONSULTANT is qualified and experienced to provide such professional
design services.

NOW, THEREFORE, the parties agree as follows:

1. Services. CONSULTANT shall perform, at the direction of CITY, the scope of
services as described in EXHIBIT “A,” attached hereto and incorporated herein by this
reference.
2. Compensation. For its services provided hereunder, CONSULTANT shall be
compensated on a time and expense basis in accordance with the budget estimate as described in

EXHIBIT "B," attached hereto and incorporated herein by this reference. Total compensation shall not exceed three million seven hundred ninety-nine thousand five hundred twenty-one dollars (\$3,799,521).

CONSULTANT shall submit monthly invoices for its services. Such invoices shall be delineated by task, the person performing the services, and the hourly rate, which shall be stated in time increments of not greater than one-tenth (1/10) hours. CITY shall pay invoices within thirty (30) days after receipt, if the services specified in the invoice have been satisfactorily completed.

3. Indemnification. To the fullest extent allowed by law, CONSULTANT agrees to indemnify, including the cost to defend CITY, and its officers, and employees from any and all claims, demands, costs or liability that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of CONSULTANT and its agents in the performance of services under this contract, but only to the extent actually caused by CONSULTANT. This indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, arising from the sole negligence, willful misconduct or defects in design by CITY or the agents, servants, or independent contractors who are directly responsible to CITY. Notwithstanding any terms of this section, indemnification and defense obligations shall conform to California Civil Code Section 2782.8.

CONSULTANT agrees to defend and indemnify CITY if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that CONSULTANT and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of CITY.

CONSULTANT's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.

4. Insurance. CONSULTANT agrees to continuously maintain, in full force and effect, the following minimum policies of insurance during the term of this Agreement.

<u>COVERAGE</u>	<u>LIMITS OF LIABILITY</u>
Workers' Compensation	Statutory
Commercial General Liability	\$2,000,000 each occurrence \$4,000,000 aggregate Personal Injury: \$2,000,000 each occurrence \$4,000,000 aggregate
Automobile Liability	\$1,000,000 combined single limit
Professional Liability (errors and omissions)	\$2,000,000 per claim \$4,000,000 aggregate

a. Form. CONSULTANT shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.

b. Additional Insureds. CONSULTANT shall also provide a separate endorsement form or section of the policy showing CITY, its officers, agents, employees and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of CONSULTANT. The additional insured coverage under the CONSULTANT's policy shall be

primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from CITY's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

c. Cancellation/Modification. CONSULTANT shall provide ten (10) days written notice to CITY prior to cancellation or modification of any insurance required by this Agreement.

d. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract) before CITY's own insurance shall be called upon to protect it as a named insured.

e. Subcontractors. CONSULTANT agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, CONSULTANT shall require its subcontractors to agree to be bound to CONSULTANT and CITY in the same manner and to the same extent as CONSULTANT is bound to CITY under this Agreement. Additionally, CONSULTANT shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor,

regardless of tier. A copy of CITY's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.

f. Self-Insured Retentions. All self-insured retentions ("SIR") must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

g. Waiver of Subrogation. CONSULTANT hereby agrees to waive subrogation which any insurer of CONSULTANT may acquire from CONSULTANT by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of CITY, its officers, agents, employees and volunteers for all work performed by CONSULTANT, its employees, agents and subcontractors.

h. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve CONSULTANT of liability in excess of such coverage, nor shall it preclude CITY from taking such other actions as are available to it under any other provisions of this Agreement or law.

5. Records. CONSULTANT and its subcontractors shall maintain all files and records relating to the services performed hereunder during the term of this Agreement and for a period of not less than one (1) year after the date of termination or expiration. Provided, however, that in the event of litigation or settlement of claims arising from the performance of

this Agreement, CONSULTANT and its subcontractors shall maintain all files and records until such litigation, appeals or claims are resolved. Duly authorized representatives of CITY shall have right of access during normal business hours and after reasonable notice to CONSULTANT's and subcontractors' files and records relating to the services performed hereunder and may review and copy the files and records at appropriate stages during performance of the services and during the one (1) year period following termination or expiration of this Agreement. CONSULTANT shall include this provision in its contracts with all subcontractors.

6. Time is of the Essence. Time is of the essence of this Agreement.

7. Prevailing Wages. When applicable, for purposes of this Agreement, CONSULTANT and its subcontractors shall comply with all applicable prevailing wage laws, e.g., but not limited to, California Labor Code Sections 1770 et seq. In accordance with said Section 1775, CONSULTANT shall forfeit as a penalty to the City two hundred dollars (\$200) for each calendar day or portion thereof for each worker paid less than the prevailing rates for such work or craft in which such worker is employed for any work done on-site under the Agreement by CONSULTANT or by any subcontractor in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage shall be paid to each worker by CONSULTANT or the applicable subcontractor.

Pursuant to the provisions of California Labor Code Section 1773, the contracting department has identified the source, stated below, of the general prevailing rate of wages

applicable to the site to be done, for straight time, overtime, and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of worker concerned. These wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>.

Pursuant to Labor Code Section 1773.2, general prevailing wage rates set forth above, which forms a part of this Agreement, shall be posted by CONSULTANT at a prominent place at the work site. Prevailing wage rates to be posted at the work site will be furnished by the contracting department. The possibility of wage increases is one of the elements to be considered by CONSULTANT in determining its proposal and will not under any circumstances be considered as the basis of a claim against CITY or the Agreement.

8. Contractor Registration. No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this Agreement, CONSULTANT and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. CONSULTANT is hereby notified that this Agreement is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

9. Compliance with Laws. CONSULTANT shall comply with all federal, state and local laws, ordinances and policies as may be applicable to the performance of services under this Agreement.

10. Public Contracts: Conflicts of Interest. CONSULTANT's duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY's preparation of a request for proposals, request for qualifications, or any other solicitation

regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement.

11. Ability to Perform. CONSULTANT agrees and represents that it has the time, ability and professional expertise to perform the services required under this Agreement.

12. Governing Agreement. In the event of any conflict between this Agreement and its EXHIBITS, the provisions of this Agreement shall govern. In the event of any conflict between any of the EXHIBITS, the provisions of the first in order of attachment shall govern.

13. Assignment. CONSULTANT is employed to perform unique personal services. CONSULTANT shall not assign this Agreement without the prior written consent of CITY. CONSULTANT shall not employ or otherwise incur any obligation to pay other specialists or experts for services in connection with this Agreement, without prior written consent of CITY.

14. Independent Contractor. CONSULTANT, inclusive of its agents, officers, employees, volunteers, independent contractors, and subcontractors, shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

CONSULTANT and CITY agree that: (a) CONSULTANT is free from the control and direction of CITY in connection with the performance of the work; (b) CONSULTANT is providing services directly to CITY; (c) CONSULTANT has and will maintain at all relevant times a business license; (d) CONSULTANT maintains a business location that is separate from CITY; (e) CONSULTANT is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) CONSULTANT actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from CITY; (g) CONSULTANT advertises and holds itself out to the public as available to provide the same or similar services; (h) CONSULTANT provides its own tools, vehicles, and equipment to perform the services; (i) CONSULTANT has negotiated its own rates; (j) CONSULTANT set its own hours and location of work in accomplishing CITY's on-call needs; and (k) CONSULTANT has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.

15. Representation and Warranties. CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working for CONSULTANT, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to terminate as void this Agreement, without liability, or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

16. Successors in Interest. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

17. Copyright, Ownership and Use of Materials. All tangible materials ("Material") created or delivered pursuant to this Agreement is considered a work made for hire under the Copyright Act. To the extent such Material does not qualify as a work made for hire, CONSULTANT hereby assigns to CITY all right, title, and interest, including but not limited to all copyrights, in all Material created by CONSULTANT in its performance under this Agreement. Material constitutes the scope of work outlined in Exhibit A and attached hereto, and all written and other tangible expressions, including but not limited to, drawings, papers, documents, reports, surveys, renderings, exhibits, sketches, maps, models, prints, paintings or photographs, in any and all media or formats in which such materials have been created or are maintained. All Material furnished by CONSULTANT is, and shall remain, the property of CITY.

CONSULTANT shall execute any documents necessary to effectuate such assignment. In the event that CONSULTANT uses, employs, designates, or retains any person or entity who is not an employee of CONSULTANT, to perform any work required of it pursuant to this Agreement, CONSULTANT shall require said person or entity to execute an agreement containing the preceding paragraph.

18. Termination of Agreement. The City may terminate this Agreement without cause by giving CONSULTANT ten (10) days advance written notice from the City Manager. CONSULTANT may terminate this Agreement without cause by giving CITY thirty (30) days advance written notice. In the event of termination through no fault of CONSULTANT, CITY shall compensate CONSULTANT for services performed as of the date of termination, upon the

release to CITY of all Material hereunder, in any and all media or formats in which such materials have been created or are maintained. CITY retains the right to receive and use any Material, notwithstanding any termination or any dispute regarding the amount to be paid.

19. Attorney's Fees; Venue; Governing Law. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

20. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

21. Severability. If any of the provisions contained in this Agreement is for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

22. Notices. Any notices to parties required by this Agreement shall be delivered personally or mailed, U.S. first class postage prepaid, addressed as follows:

CITY OF ROSEVILLE

Nicolas Bumb
Associate Engineer
311 Vernon Street
Roseville, CA 95678

CONSULTANT

Raul Cervantes
Division Manager
516 Gibson Drive, Suite 230
Roseville, CA 95678

Either party may amend its address for notice by giving notice to the other party in writing.

23. Integrated Agreement. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20__, and CONSULTANT has caused this Agreement to be executed.

EXHIBIT “A”

Project Understanding/Scope of Services

Mark Thomas is pleased to submit this proposal to complete the preliminary engineering, environmental clearance, and final Plans, Specifications, Estimates (PS&E) and construction support for the Blue Oaks Blvd Roadway & Bridge Widening

Mark Thomas will coordinate the following Scope of Work with the entire Project Team to complete the technical reports, environmental clearance, regulatory agency and UPRR approvals, and final plans, specifications and estimates for the Project. Generally, this will include project management, topographic surveying and base mapping, environmental technical studies, environmental documentation/permitting, preliminary and final engineering, bidding and construction support services.

Mark Thomas will also coordinate all design submittals and QA/QC for the project design. Mark Thomas will serve as the central coordinator for all activities between the consulting team, the City, UPRR, and other regulatory agencies.

Assumptions

This scope of work has been prepared using the following assumptions:

- City will pay all UPRR, City and permitting agency costs and related fees
- The City will obtain preliminary title reports as needed to verify existing rights of way
- Right of way appraisals and acquisition services are not part of this scope.
- No new noise walls are required
- Construction staking notes are not included
- The Geotechnical investigation assumes a 3-span overhead.
- A Phase I Initial Site Assessment (ISA) will be performed. It is assumed a Phase II ISA will not be required
- A budget has been assumed for one constructability design review

1.0 PROJECT MANAGEMENT/MEETINGS

Mark Thomas will manage and administer the project. This will include the specific items listed below.

1.1 General Project Management

This task will include ongoing general project coordination with subconsultants and internal staff, including preparing memos, letters, e-mail, and phone calls necessary to manage the project, progress reports, and CPM scheduling and updates. Mark Thomas will also maintain project files in this task.

This task includes additional project management time for Kimley-Horn and ICF.

1.2 Agency Coordination & PDT Meetings

Ongoing monthly virtual coordination meetings will be included with this task. Meetings will include a project kick-off meeting, with representation from the project team, City staff, and other stakeholders (such as UPRR or regulatory agencies). Thereafter, virtual

meetings will generally be held monthly. Mark Thomas will take the lead in design coordination progress meetings. Work includes preparation of meeting agenda in consultation with the City Project Manager, distribution of approved meeting agenda, arrangement of attendance of meeting participants, and preparation and distribution of meeting minutes, including recap of actions to be taken prior to the next meeting. The project Critical Path Method (CPM) schedule will be reviewed as part of the meeting.

This scope assumes a total of twenty virtual (20) PDT meetings that will conclude after submittal of the Final PS&E

This task will also include ongoing agency coordination, including coordination with UPRR, and other project stakeholders. This task will include preparing memos, letters, e-mail, and phone calls necessary to manage the project.

Kimley-Horn will participate in up to twelve (12) PDT meetings and ICF will participate in up to eighteen (18) total project meetings.

1.3 Meetings/Coordination with Caltrans

Mark Thomas will be responsible for Caltrans coordination, including initial virtual meetings with Caltrans, and development of design criteria to facilitate design plan approval and obtaining a Caltrans Encroachment Permit for improvements within Caltrans' right-of-way, and the review of plan comments regarding the proposed improvements. Written correspondence between Mark Thomas & Caltrans will be provided to the City's Project Manager.

1.4 Union Pacific Railroad (UPRR) and California Public Utility Commission (CPUC) Coordination

Mark Thomas will be responsible for railroad coordination, including initial virtual meetings with UPRR, and development of design criteria (i.e. # of tracks, clearances, etc.). This will include the Concept ("A"), 30% ("B"), and 100% ("C") Submittals to UPRR to facilitate design plan approval. Mark Thomas will coordinate meetings between the City, UPRR and CPUC, as required to discuss the details of proposed new bridge. In addition to the meetings identified above, this task includes meetings with UPRR to review the project and discuss various elements of the project design as well as responding to questions that either the CPUC or UPRR has on the bridge or Project.

1.4.1 Right-of-Entry Agreement

UPRR requires parties entering the railroad right-of-way to execute a Right-of-Entry Agreement in which the parties agree to abide by railroad safety rules, schedule and pay for a railroad flagman during the work and obtain railroad protective insurance. In particular survey crews, the geotechnical drilling sub-consultant and the utility potholes that use drilling equipment within the right-of-way will need to obtain a Right-of-Entry Agreement.

UPRR will also require the construction contractor to obtain a Right-of-Entry Agreement. The design team will include this requirement in the project specifications and contract requirements. In addition, the UPRR will expect the City to pay for all of their project

related costs including, engineering plans review, signal relocations and construction, flagging and field inspection services, engineering and administrative fees, license fees, and property or right of way acquisition cost.

Mark Thomas will prepare and submit and coordinate the Right-of-Entry agreement with UPRR for survey and environmental studies (non-ground disturbing activities)

1.4.2 UPRR Easement Requirements

UPRR will require a new aerial road easement to accommodate temporary and final construction of the grade separation. If utility relocations are required, a revised agreement will be required to cover the new utility locations. Mark Thomas will prepare and coordinate Agreements and UPRR Easement review.

1.4.3 Construction and Maintenance Agreement (C&M)

This agreement would be between the UPRR and the City for the grade separation. The agreement will describe proposed improvements and the work that UPRR will do in support of this project. The agreement will also cover the reimbursement requirements of the UPRR for all Railroad Force Account Work and project related costs including, engineering plans review, signal relocations and construction, flagging and field inspection services from the perspective of the impact of the job upon railroad facilities, engineering and administrative fees, license fees, and property or right of way acquisition cost, if needed.

Mark Thomas will coordinate the UPRR preparation of the Construction and Maintenance Agreement.

1.4.4 California Public Utilities Commission Crossing Application

The California Public Utilities Commission is charged with the public safety of railroad – highway crossings. The grade separation will require the City to submit a formal application to the CPUC, which will ultimately result in a decision by the Commission that the crossing is acceptable. During the development of the design, the project team will meet on site in a diagnostic meeting with the CPUC, the UPRR, and other stakeholders to identify key issues to be addressed by the project design. When the design has been developed and the CEQA document has been approved, the application will be submitted accompanied by a scoping memo which will indicate the category of the application, discuss whether hearings are expected to be necessary and describe the issues that the CPUC needs to consider in approving the crossing. The application will describe the grade separation and present reasons why it is necessary. It will have three Exhibits - Exhibit A will be a vicinity map of the grade separation. Exhibit B will contain a drawing of the grade separation showing the plan, a profile of the street and a profile of the tracks. Exhibit C will be a legal description of the crossing.

Mark Thomas will prepare the CPUC Crossing Application and submit it on behalf of the City.

1.5 Project Schedule

Mark Thomas will update the project schedule on a monthly basis for submittal to the City. This will include a review of critical path items, analysis of overall progress, and communication of items for discussion with the City Project Manager.

1.6 Quality Control

The Mark Thomas Quality Control plan consists of established procedures for performing the work (which are reassessed with each project), including methods for design calculations, establishing appropriate levels of design development for intermediate submittals, identification of required plan checks (who, what, when), design checklists, and methods of project documentation.

This task includes additional QA/QC time for Kimley-Horn work products.

1.7 Funding Assistance/Local Programs Compliance

Mark Thomas team will assist the City to ensure the project is developed in accordance with the guidelines presented in the current Local Assistance Procedures Manual (LAPM) and Caltrans Local Assistance Program Guidelines Manual (LAPG). This task includes any work involved in coordinating with Caltrans, District 3 Local Assistance or the development of the Field Review Forms, Right-of-Way/Utility Certifications, Roadway and Bridge Data Forms, Request for Authorizations (RFA) Packages for various phases, and other forms from the LAPM required for approval.

The Mark Thomas team will also look for available funding opportunities for the design and construction of the Project. The Mark Thomas team will also develop funding strategy with recommendations to the City, and advise the City on customizing approaches and narratives to possible funding programs. The Mark Thomas team will also create a high-impact information sheet for inclusion in grant proposals, and review forms/documents to ensure compliance with potential funding sources.

Task 1 Deliverables

- Monthly Status Reports – 20 total
- Meeting Agenda Packets – 20 total
- CPM Schedule Updates – 20 total
- Mark Thomas Quality Control Checklist – 30%, 60%, 90%, 100% and Final Submittals
- "A", "B", "C" Submittals to UPRR
- UPRR Right of Entry Agreement
- Agreement and UPRR Easement Requirements
- Construction and Maintenance Agreement
- CPUC Crossing Application
- LAPM Compliance Forms
- Grant Applications (either State or Federal) – 2 Total Applications

2.0 DATA COLLECTION, MAPPING, SURVEYS

2.1 Caltrans Encroachment Permit

Upon completion of the 90% plans, Mark Thomas will submit the plans and encroachment permit application (via online through the Caltrans Encroachment Permit System) to Caltrans District 3 for review.

If Caltrans has any comments on the submittal, Mark Thomas will provide responses to the comments and resubmit the plans.

Encroachment Permit Application fees are determined by Caltrans, and we anticipate the City paying the fees.

2.2 Control Surveys

Mark Thomas will set durable project control along Blue Oaks Blvd. Horizontal control will be based on the California State Plane Coordinate system (1983), Zone 3 and elevations will be based on NAVD88 derived from published National Geodetic Survey (NGS) markers or Continuously Operating Reference Station (CORS). Up to sixteen (16) markers will be set for Mobile Terrestrial LiDAR scan. A closed level loop will be performed for project control and MTLs control markers.

2.3 Mobile Terrestrial LiDAR Scan (MTLS)

Mark Thomas will collect topographic data for approximately 1.5 miles along Blue Oaks Blvd between Diamond Creek Blvd. and the Highway 65 overpass just east of Washington Blvd. Design level base mapping and digital terrain model will be provided for the 1.5 mile long corridor. The LiDAR scan will be from back of curb to back of curb and to the end of returns into cross streets. Base mapping will include physical features including curb & gutter, flow-lines, angle points, top of curb, handicap ramps, pavement striping, signs, water valves, manholes, within the roadway.

2.4 Supplemental Topography Surveys

Mark Thomas field crews will collect aboveground surface visible utilities behind existing curb & gutter for the entire length of the project (approximately 1.5 miles) along Blue Oaks Blvd between Diamond Creek Blvd. and the Highway 65 overpass just east of Washington Blvd. limited to property fence lines and existing right of way. Data collection will include information for ramps, sidewalk, dry & wet utilities, pull boxes, cabinets, risers, fire hydrants, streetlights, power poles, vaults, and top of rail, ditches, signs, fences, and trees 6" DBH or greater. Data will be collected to supplement Mobile Terrestrial LiDAR Scan (MTLS).

2.5 Record Right of Way

Mark Thomas will perform record research to locate recorded information such as right of way maps, records of survey, corner records, and other official maps of record available at the office of the County Recorder that will be necessary to determine the right of way limits for Blue Oaks Blvd. The right of way limits will be based on publicly

available record maps and a sample of existing monuments to shift & rotate record line work. This task does not constitute a fully resolved boundary survey.

2.6 Boundary Surveys

Mark Thomas will perform record research to locate recorded information such as right of way maps, records of survey, corner records, and other official maps of record available at the office of the County Recorder that will be necessary to determine the right of way limits of Roseville Parkway and adjacent parcels identified for acquisition. Mark Thomas will perform a field survey to search and locate existing survey monuments and physical evidence required to retrace the existing right of way of up to six (6) adjoining parcels. Side lot lines of the six (6) parcels will only be retraced where necessary to successfully transfer right of way needs for the project. This data will be analyzed, and the existing Right of Way will be delineated. Mark Thomas assumes centerline monuments or reference marks thereto shown on various maps will be available to retrace right of way without convoluted surveys outside the project limits. It is assumed the city will provide preliminary title reports including vesting info and all documents referenced in the title report. Easements and encumbrances described in the title reports and supporting documents will be plotted and included in the right of way retracement deliverable.

Included in this task is the preparation of a pre-construction corner record (per Section 8771 of the Business & Professions Code Division 3, Chapter 15, Article 5) that will identify all record survey monuments that are in the vicinity of the construction of the project. The corner record will be filed with the county surveyor. Any fees for recording the corner record will be paid by the City.

2.7 Existing Utility Mapping and Potholing

Mark Thomas will facilitate verification of existing utility locations by pothole. This task includes gathering bid quotes for up to three (3) pothole contractors, scheduling the work, and gathering supplemental surveys to gather accurate locations. This scope assumes twenty-five (25) potholes will be required. Three (3) days of Mark Thomas field crew time has been included in the fee estimate.

2.8 Plats & Legals

Legal Descriptions and 8.5"x11" plats will be prepared for up to six (6) permanent right of way acquisitions and six (6) temporary construction easements.

Task 2 Deliverables

- Base Mapping/Topographic Surveys
- Legal Descriptions and Plats – 6 Permanent Acquisitions, and 6 TCE's
- Utility Potholing Plan, Report and Survey Data

3.0 PRELIMINARY ENGINEERING (ALTERNATIVE ANALYSIS)

3.1 "A" Submittal to UPRR

This is the Concept submittal per the BNSF-UPRR Guidelines. Details for this task are included in Task 1.4 above.

3.2 UPRR Response to "A" Submittal

Details for this task are included in Task 1.4 above.

3.3 Traffic Operations Analysis Memorandum

Kimley Horn will complete the detailed traffic analysis for the Blue Oaks Boulevard Corridor. This will consist of the following tasks.

Data Collection

Kimley-Horn shall be entitled to rely on the completeness and accuracy of all information provided by the City and Client. Kimley-Horn will request the following information from the City for the purposes of performing the traffic operations analysis:

- A. Historic roadway segment daily count profiles
- B. Origin-destination data
- C. Recent speed survey data for Blue Oaks Boulevard within the project area
- D. Synchro network files (if available) for the general project area, including existing signal timing parameters for the seven signalized intersections

Kimley-Horn will manually collect (via a subconsultant) weekday, peak-period intersection turning movements at the seven (7) Blue Oaks Boulevard signalized intersections between and inclusive of Diamond Creek Boulevard and the SR-65 Southbound Ramps/Washington Boulevard, and the two (2) unsignalized project intersections (Blue Oaks Boulevard @ Niblick Drive and Blue Oaks Boulevard @ Alantown Drive). The counts will be conducted on two consecutive typical weekdays (Tuesday, Wednesday, or Thursday when local/regional schools are in session) between the hours of 6-9 AM and 4-7 PM. The count data at the Alantown Drive intersection will include origin-destination data for traffic approaching from westbound Blue Oaks Boulevard and the northbound SR-65 off-ramp to westbound Blue Oaks Boulevard. We will endeavor to collect these counts during Spring 2024.

Kimley-Horn will complete a site visit of the project vicinity and study facilities to observe existing operations and lane configurations, vehicle storage lengths, existing traffic control, speed limits, lane utilization, adjacent land uses, and other readily apparent features for the study facilities that are deemed by Kimley-Horn to be relevant to the Scope of Services.

Operations Analysis

Kimley-Horn will collaborate with the City and the project team to establish the recommended intersection footprints for use in subsequent design efforts. This task includes focused technical analyses to identify recommended lane configurations,

storage lengths, signal phasing (including consideration of operational strategies such as right-turn overlap, etc.), and bicycle/pedestrian facility treatments. Kimley-Horn will complete a focused weekday AM and PM peak-hour intersection operations analysis including up to seven (7) signalized intersections. Additional consideration will be given to side-street access and operations at up to two (2) unsignalized intersections. These analyses will include delay, Level of Service (LOS), and queuing for the following scenarios:

- A. Existing (2024) Conditions
- B. Existing (2024) plus Proposed Project Conditions⁺
- C. Existing (2024) plus Proposed Project (3-Lane Bridge) Conditions⁺⁺
- D. Cumulative (2035) Conditions⁺⁺⁺
- E. Cumulative (2035) plus Proposed Project Conditions⁺
- F. Cumulative (2035) plus Proposed Project (3-Lane Bridge) Conditions⁺⁺

⁺ "Proposed Project" refers to the inclusion of the additional westbound through lane along Blue Oaks Boulevard and the associated access considerations in the vicinity of the Alantown Drive/Fidelity Way intersection and the downstream weave created by westbound left-turn vehicle demand at Niblick Drive and Foothills Boulevard. Analyses include up to three (3) total access/volume scenarios (base condition per the General Plan plus two additional conditions to be collaboratively defined with the City and project team).

⁺⁺ Scenario includes the screening of a 3-lane westbound Blue Oaks Boulevard bridge using the same volumes (Existing and Cumulative) as the "Plus Project" conditions (base condition per the General Plan only) in which a 4-lane bridge was modeled to generate traffic demand for the new structure. This screening is acknowledged to be conservative in that the technical analyses apply "4-lane volumes" to a "3-lane geometry". The outcome of this screening will inform the likelihood of a 3-lane westbound structure being considered feasible for additional detailed analyses.

⁺⁺⁺ Scenario considers the "2035 Cumulative Unconstrained Conditions" as documented in the 2035 General Plan Update (Figure 4.3-A8-a)

The study intersections are as follows:

Signalized Intersections

- 1. Blue Oaks Boulevard @ Diamond Creek Boulevard/Prairie Woods Way^{*}
- 2. Blue Oaks Boulevard @ Woodcreek Oaks Boulevard
- 3. Blue Oaks Boulevard @ Roseville Parkway
- 4. Blue Oaks Boulevard @ New Meadow Drive
- 5. Blue Oaks Boulevard @ Foothills Boulevard
- 6. Blue Oaks Boulevard @ Fidelity Way
- 7. Blue Oaks Boulevard @ SR-65 Southbound Ramps/Washington Boulevard

^{*} Intersection is included in operations analyses due to its incorporation in the City's Blue Oaks Boulevard signal coordination plans.

Unsignalized Intersections

- 1. Blue Oaks Boulevard @ Niblick Drive
- 2. Blue Oaks Boulevard @ Alantown Drive

LOS will be determined using methods defined in the Highway Capacity Manual, using appropriate traffic analysis software (Vissim) and analysis procedures consistent with the City's current, published guidelines.

The primary purpose of this analysis will be to identify and inform the necessary lane configuration, auxiliary lane treatments (i.e., free vs. signal-controlled right-turns, etc.), storage lengths, and traffic signal phasing parameters. To this end, Kimley-Horn will analyze the weekday AM and PM peak-hour conditions to identify the desirable intersection lane configuration to achieve the City's operational thresholds and/or other stated thresholds.

Documentation

Efforts completed in this task will be documented in technical memorandum format with graphics as deemed appropriate by Kimley-Horn. We will prepare and submit an electronic (PDF) version of the Draft Memorandum to the City. Kimley-Horn will respond to a single set of consolidated, non-conflicting comments from the City on the Draft Memorandum. We will prepare and submit an electronic (PDF) version of the Final Memorandum to the City.

3.4 Geotechnical Analysis and Report

3.4.1 Preliminary Foundation Report

Earth Mechanics, Inc (EMI) will coordinate with the City of Roseville, UPRR and the design team to discuss the project issues and schedule; review preliminary project data and documents; review published geologic mapping and literature; and perform a site review.

EMI will prepare a Preliminary Foundation Report (PFR) for the proposed Blue Oaks Boulevard Overhead bridge to provide preliminary geotechnical information to assist structural designers in the Type Selection process. This PFR will be prepared using the available subsurface data and the format will be in accordance with the current Caltrans Guidelines.

Deliverables:

- Preliminary Foundation Report

3.4.2 Geotechnical Investigation

Caltrans is enforcing the AASHTO recommendations of a soil boring at each bridge support locations where substructure width is less than 100 feet; minimum of two borings are required per location where substructure width is greater than 100 feet. Since the retaining walls are adjacent to the abutments and less than 100 feet in length, additional borings will NOT be performed for the retaining walls. Data obtained from some boreholes will be used for multiple design elements. Based on this information, EMI's geotechnical field investigations plan is presented in Table 1. The proposed approximate boring depths will be raised if refusal is encountered. The boreholes will be excavated using a truck-mounted or track-mounted drilling rig. Asphalt concrete cold-patch will be used to replace asphalt that is removed by excavations, and quick-set cement will be used to replace concrete that is removed by excavations.

EMI will prepare a boring location plan, and this plan will be used to secure the well permits as well as City encroachment permit. UPRR encroachment permit and any other permits, if required, will be secured by others. No encroachment permit fee was assumed. Also, assumed that City will cover the cost for EIC/Flagman to work in UPRR Right-of-way. Traffic control will be performed following the CA MUTCD manual.

EMI field personnel will collect soil samples for laboratory testing, including bulk samples of near-surface soils and small disturbed and relatively undisturbed ring samples of deeper soils. The small disturbed and relatively undisturbed soil samples will be collected using split-spoon samplers at a vertical interval of about 5 feet, alternating between the Standard Penetration Test (SPT) sampler and the Modified California Drive (MCD) sampler. Samples of subsurface soils will be logged during the field investigation, secured in their containers or collected in plastic bags, and transported to the EMI laboratory.

Table 1. Proposed Soil Boring Information

Design Element	Number of Borings	Approximate Depth (feet)
Bridge Abutments	2	80
Bridge Bents	2	125
Roadway Widening	9	5-10

3.4.3 Laboratory Testing

Field logs of the boreholes will be reviewed to select representative soil samples for laboratory testing. Various laboratory tests will be performed on soil samples to determine or derive their physical and engineering characteristics. Anticipated laboratory tests include: in-situ density and moisture content, grain size, direct shear, UU triaxial, consolidation, R-value, and soil corrosion tests. Laboratory tests will be conducted in general accordance with American Society for Testing and Materials (ASTM) standards or California Test methods.

3.4.2 Geotechnical Engineering Analysis

Results obtained from the field investigation and laboratory testing will be used to characterize subsurface soils and conditions and create idealized soil profiles for design purpose. The following analyses will be performed for the project:

- Evaluation of seismicity and estimation of Peak Ground Acceleration based on the Caltrans design criteria, and recommendation of an ARS curve for bridge structural design.
- Assessment of soil liquefaction potential, seismic settlement, and lateral spreading.
- Foundation analysis for bridge and retaining walls.
- Assessment of global slope stability.
- Evaluation of soil corrosivity conditions and recommendations for mitigation measures.
- Design of pavement structural section in accordance with the Caltrans method.

3.4.3 Report Preparation

EMI will prepare a Foundation Report to provide all the geotechnical design and construction recommendations for the project. The Foundation Report will include recommendations for bridge, retaining walls, slopes, and pavement structural sections. EMI will address any comments resulting from the City/UPRR review and prepare a final Foundation Report.

Deliverables:

- Draft Foundation Report
- Final Foundation Report
- Log of Test Borings

3.4.5 Initial Site Assessment

EMI will perform the following tasks to provide an Initial Site Assessment (ISA) to evaluate the project vicinity and adjacent properties for evidence of recognized environmental conditions (RECs) and/or potential RECs that may significantly impact the project.

- Review and discuss the project with the City of Roseville, UPRR and the design team.
- Review available project documents and reports including; APN parcel maps, site geology and ground water data. We will review this information for evidence of suspected or known contamination/hazardous materials issues (such as pesticide usage, railroad alignments/spills, industrial parks, orchards, etc.).
- Conduct a limited site reconnaissance to observe current land use and indications of potential contamination at the site, and to view publicly accessible portions of the adjacent properties.
- Review owner representative provided information, if available, regarding past and present operations conducted on the property to assess the potential for RECs.
- Review historical aerial photographs, topographic maps, and soil maps of the site and surrounding properties for indications of site use and potential sources of contamination.
- Perform federal, state, and county records review for indications of the use, misuse, or storage of hazardous and/or potentially hazardous materials on or near the site. The federal, state, and county database search will be provided by a professional record check service.
- Based on the results of the database search, site review, land use and existing assessments, EMI will determine the risk of potential hazardous materials within and adjacent to the project area.

- Prepare a report summarizing the findings of our review, site reconnaissance, property owner interviews, historical photograph evaluation, and regulatory records review. We will address identified potential contamination and hazardous material impacts to provide recommendations and determine additional investigation and analysis.

EMI will submit a draft ISA Report for review and comment prior to the final submittal.

Deliverables:

- Draft Initial Site Assessment
- Final Initial Site Assessment

Assumptions

Task 3.4 has been prepared using the following assumptions:

- Geotechnical investigation is allowed between 9 AM and 4 PM on weekdays.
- No investigation of hazardous materials. If hazardous materials are encountered during the geotechnical field investigation, EMI will terminate our work and notify Mark Thomas.
- Environmental clearance for accomplishing the field work, if required, will be obtained by others. Archaeological, cultural, and biological reviews or studies, if required, will be performed by others.
- Boring depths for bridge supports are based on the assumption that small diameter (24-inch or less) CIDH piles will be used at the abutments and large diameter (72-inch or less) CIDH piles will be used at the bents.
- Boring locations and top-of-borehole elevations will be surveyed by others and the information will be provided to EMI.
- No permit fee was assumed for the City of Roseville encroachment permit. \$3,000 was allocated for County well permit.
- Railroad entry permit fee and insurances are not included.
- City will cover the cost for EIC/Flagman to work in UPRR Right-of-way, if needed.
- Site-specific traffic control plans are not required; WATCHBOOK will be used for traffic control plans.
- No time-history or site-specific ground response analyses.
- No recommendations for any other retaining walls, sound walls, RCBs/culverts, overhead signs, and soil infiltration rates.
- No pavement coring and no pavement rehabilitation recommendations.

3.5 Drainage Report

Drainage Report and Stormwater Calculations

BEN|EN will develop a drainage study using the Rational Method and HEC-RAS to analyze the existing drainage facilities and drainage patterns in the area and to determine the proposed facilities needed to effectively manage roadway runoff and accommodate the proposed improvements. BEN|EN will prepare two separate reports for Caltrans and the City respectively.

Where applicable, BEN|EN will map the existing storm drainage system from surveys and information from the City and Caltrans. Proposed drainage shed areas will be developed from topography, field reviews, and the proposed roadway improvements in the project area. Soil infiltration rates will also be considered when developing recommendations for treatment improvements. Tributary areas will be defined, and flow rates calculated for inlets and pipelines. The calculations will define pipe/culvert lengths, sizes, peak flow velocities, and hydraulic grade lines. The report will be submitted separately to the City and Caltrans for approval.

Draft and Final Storm Water Data Report will be prepared for Caltrans. The report will be submitted to Caltrans for approval.

Assumptions:

- Project proposed more than 1 acre of impervious surface
- Project will result in NNI area of more than 10,000 SF within Caltrans right-of-way. Long Form SWDR is required.

Deliverables:

- Draft and Final City Roadway Drainage Report
- Draft and Final Caltrans Roadway Drainage Report
- Draft and Final Storm Water Data Report
- West Placer Post-Construction Storm Water Quality Plan and Calculations

3.6 Planting and LID Concepts

Mark Thomas and Bennett Engineering will prepare Planting and LID concepts in the project area for the City to review. LID concepts will be developed in conformance with the West Placer Storm Water Quality Design Manual.

3.7 Draft GADs

Based on the results of the Traffic Analysis and a conceptual alignment review, Mark Thomas will prepare Geometric Approval Drawings (GAD's) for the Blue Oaks Boulevard and Bridge Widening Project. The geometrics will include traffic operations data, with basic controlling geometric features shown.

The Geometric Drawings will be prepared at a scale of 1" = 100', will show roadway alignments, lane and shoulder widths, stationing and ties, cut/fill lines, intersection details, etc. Profiles and traffic volumes will also be shown.

3.8 Architectural Feature Concept Design

Mark Thomas will prepare a concept plan to communicate the basic options for the architectural features on the proposed grade separation. This plan will serve to support a ballpark cost estimate and determine aesthetic design concept options, potential landscape planting, and potential monument locations. For vertical planes, two options will be developed: one based on the aesthetics of the Roseville Parkway Extension bridge (currently under construction), and one unique for Blue Oaks Boulevard and vetted through discussions with City staff. For grade separation median pavement treatments,

three options will be developed: one based on the Roseville Parkway grade separation, one using the City's standard median pavement treatment, and one unique for Blue Oaks Boulevard and vetted through City staff. For the concrete embankments under the new bridge, two concept options unique to Blue Oaks Boulevard will be developed for review and consideration by the City. The final concepts will be included in a Technical Memorandum and will serve as the basis for developing detailed aesthetic concepts in the final design of the project. No visual simulations or 3D modeling is anticipated.

3.9 Structure Advance Planning Studies

Mark Thomas will prepare Structure Advance Planning Studies (APS) for the proposed grade separation; a total of two (2) alternatives will be studied. As part of the preparation of the APS's, Mark Thomas will perform the necessary preliminary engineering to justify the proposed bridge types, develop an APS for the structure per UPRR design requirements, and develop a cost estimate for the structures work. The estimate will be prepared in the usual format for bridge projects.

3.10 Alternative Analysis Memo

Mark Thomas will summarize the information in Tasks 3.9 through 3.11 into a summary memo that documents concepts, construction costs, environmental constraints, and construction impacts. An initial recommendation for alternatives to be carried through the environmental document will be made.

3.11 Develop Right of Way Needs

Based on the 30% design and preliminary utility relocation plan, Mark Thomas will identify and delineate the right of way needs for the project. This may include fee acquisitions for widened roadways, re-establishment of landscape and sidewalk easements, and re-established easements for planned utility relocations.

3.12 Property Acquisition Impact Exhibit

Based on the right of way needs developed in Task 3.12, Mark Thomas will prepare a property acquisition and impact exhibit for city review. The exhibit would reflect the anticipated right of way needs, impacts to private properties (utility connections, signs, parking, landscaping, etc). The exhibit can be used to develop preliminary right of way capital and support costs for acquisitions which will be prepare by others.

3.13 Prepare 30% Plans and Estimate

Mark Thomas will complete 30% plans, estimates, and supplemental materials for the project. 30% Plans will be based upon the preferred alternative selected in the GADs and Structure APSs. These designs will be advanced to the 30% level and will include roadway plan/profile information, bridge General Plan, superelevation, location of proposed sidewalks, driveway conforms, traffic signal locations, crosswalks, landscape improvements, median pavements, and retaining wall layouts. Additional information for the UPRR "B" submittal will be included.

Kimley-Horn will request the following information from the City for the purposes of preparing design plans for the traffic signal, ITS/communications, and lighting improvements:

- As-built improvement plans (PDF and CAD if available)
- City Utility information (CAD or GIS)
- Electrical service information from Roseville Electric
- Special Provisions template from recent similar traffic signal project
- Right-of-Way information (CAD)

Kimley-Horn will prepare conceptual (30% Design) Plans and a preliminary Opinion of Probable Construction Cost (OPCC) for traffic signal modifications and ITS/communications at the six (6) signalized project intersections and along the Blue Oaks Boulevard corridor between Woodcreek Oaks Boulevard and SR-65 Southbound Ramps/Washington Boulevard. The improvements will be designed in accordance with applicable published City of Roseville policies, procedures, manuals, and standards at the onset of this project.

3.14 B Submittal to UPRR and Respond to “A” Comments

If not previously submitted as part of normal coordination activities, the Response to UPRR “A” comments will be included.

Formal responses to UPRR and City comments will be provided. If needed, a comment resolution virtual meeting will be held prior to formal comment resolution submittal.

3.15 California Public Utilities Commission Crossing Application

The California Public Utilities Commission is charged with the public safety of railroad – highway crossings. The grade separation will require the City to submit a formal application to the CPUC, which will ultimately result in a decision by the Commission that the crossing is acceptable. During the development of the design, the project team will meet on site in a diagnostic meeting with the CPUC, the UPRR, and other stakeholders to identify key issues to be addressed by the project design. When the design has been developed and the CEQA document has been approved, the application will be submitted accompanied by a scoping memo which will indicate the category of the application, discuss whether hearings are expected to be necessary and describe the issues that the CPUC needs to consider in approving the crossing. The application will describe the grade separation and present reasons why it is necessary. It will have three Exhibits. Exhibit A will be a vicinity map of the grade separation. Exhibit B will contain a drawing of the grade separation showing the plan, a profile of the street and a profile of the tracks. Exhibit C will be a legal description of the crossing. Mark Thomas will prepare the CPUC Crossing Application

Task 3 Deliverables

- Draft and Final Traffic Analysis
- Draft and Final Geotechnical Analysis and Report and LOTB's
- Draft and Final Initial Sight Assessment

- Draft and Final City Roadway Drainage Report
- Draft and Final Caltrans Roadway Drainage Report
- Draft and Final Storm Water Data Report
- West Placer Post-Construction Storm Water Quality Plan and Calculations
- GAD's
- Bridge Aesthetics Technical Memorandum
- Structure APS's
- Draft and Final Alternative Analysis Memo
- Draft Plating and LID Concepts Plan
- Property Acquisition Impact Exhibit
- 30% Plans and Estimates
- UPRR "B" Submittal
- CPUC Crossing Application

4.0 UTILITY COORDINATION

Using the information obtained from the Utility companies in Task 2, Mark Thomas will identify utility conflicts with the proposed work. This will include preparing Utility "A", "B" and "C" letters along with Notice to Owners, Reports of Investigations, Utility Conflict Maps, Utility Agreements, and Utility Certification to satisfy Caltrans requirements. Once completed, Utility Certification packages will be sent to the City and Caltrans for approval and included in the Right of Way Certification package.

4.1 Request for Utility Identification (A Letters)

Mark Thomas and team will send Utility "A" letters with Project location/limit map with a City approved letter requesting verification of the location, size, and depth of each facility within the Project area. Mark Thomas shall identify all public or private utilities that may be affected by Project and identify utilities requiring relocation.

Deliverables:

- Utility "A" Letters
- Utility Tracking Matrix

4.2 Meeting with Roseville Electric & General Utility Coordination

Mark Thomas will meet with Roseville Electric to discuss proposed improvements.

4.3 Identification of Conflicts (B Letters)

Once the existing utility information is compiled, Mark Thomas will map the existing utilities and prepare a summary of utility impacts and proposed resolutions. Subsequent Utility "B" and "C" letters with Project plans will be sent to the respective utility companies. Verification maps and conflict maps will be included as part of this task.

***Deliverables:***

- Utility "B" and "C" letters
- Verification Maps
- Conflict Maps
- Summary of impacts and resolutions

4.4 Utility Adjustment/Relocation Coordination

For existing utilities that need to be adjusted or relocated, Consultant shall coordinate with utility companies for final utility relocation plans and construction schedule for the relocations prior to or during Project construction. Mark Thomas will coordinate and complete required utility agreements.

Assumptions:

- A total of two (2) draft utility agreements

Deliverables:

- Utility Relocation Plans

4.4 Prepare Utility Certificate**LAPM Utility Process**

Federal funding may be used for construction, necessitating uses of Caltrans Local Assistance Coordination Procedures. Our team will prepare a Report of Investigation (ROI) document that identifies the City's liability for relocation costs. During final design, we will request relocation plans from utility companies requiring relocation. Once the owner concurs with the liability listed in the ROI, the City will then issue a Notice to Owner (NTO) that clearly defines the impacted facility, owner's conflict resolution plan, estimated completion date, and liability. If monies will exchange hands or the City is liable for any portion of the relocations, a Utility Agreement (UA) will also need to be prepared and sent to the owner with the NTO. We know from prior projects that we will need to obtain Federal Highway Administration (FHWA) approval for the utility agreements for City owned utilities.

The ROI, NTO, and UA will need to be sent to the Caltrans District Utility Coordinator for review and approval, prior to sending the documents to the utility owner. Therefore, the team will prepare the necessary utility documents for Caltrans review and approval.

Should any relocation of private utility facilities be required, it is assumed that we will coordinate with private utility companies for proposed relocation within existing or new City right-of-way. In addition, it is assumed that no new water or sewer facilities will be constructed as part of the project.

Assumptions:

- A total of two (2) draft utility agreements

Task 4 Deliverables

- Utility "A", "B" and "C" Letters
- Utility Tracking Matrix
- Summary of impacts and resolutions
- Verification Maps
- Utility Conflict Maps
- Utility Relocation Plans
- Notice to Owner
- Report of Investigations
- Utility Agreement/Certification Packages

5.0 ENVIRONMENTAL

5.1 Prepare Project Description

ICF will work with the project team to prepare a project description that will be used as the basis for the CEQA IS and subsequent environmental document.

5.2 Conduct Technical Studies

As part of this subtask, ICF will prepare the following "key" technical studies/analyses to support the CEQA document and ensure that the project complies with the mitigation measures identified in the General Plan 2035 EIR (the traffic study and CEQA analysis will be provided by Kimley-Horn).

Biological Resources

The biological resources study will focus on the undeveloped portions of the project where road widening activities are proposed and will be consistent with the General Plan 2035 EIR biological resources mitigation measures. The biologist will document baseline conditions to support the Subsequent IS/MND and will identify the need for additional reports to support future permitting efforts (e.g., Aquatic Resources Delineation Report and if necessary, a Biological Assessment). If additional reports are necessary for permitting or to support the federal funding (NEPA), they will be covered as part of the optional NEPA task.

Cultural Resources

The cultural resources study will focus on the same undeveloped portions of the project as described above for biological resources and will be consistent with the General Plan 2035 EIR cultural resources mitigation measures.

Noise

ICF will evaluate construction and operational impacts under CEQA and mitigation measures for consistency with the General Plan 2035 EIR.

Air Quality

ICF will prepare the AQ and GHG sections of the Subsequent IS/MND. This scope of work does not include preparation of any other deliverables (e.g., Air Quality Report). ICF will quantify construction emissions associated with the project using the most recent version of the California Emissions Estimator Model (CalEEMod) and construction data provided by the City. Estimated construction emissions will be compared to the Placer County Air Pollution Control District (PCAPCD) emission thresholds. If emissions are found to be significant, mitigation measures will be developed and quantified to the extent feasible to address identified impacts.

This scope of work assumes the project will increase vehicle traffic and regional vehicle miles traveled (VMT), because it is widening of a roadway. We will use traffic data provided by the traffic engineer to estimate changes in criteria pollutant and greenhouse gas (GHG) emissions in the project vicinity related to implementation of the proposed project. Regional emissions relative to existing and no project conditions will be compared to applicable emission thresholds recommended by PCAPCD.

Potential health effects from increased criteria pollutant emissions generated during construction and operations will be assessed using the Sacramento Metropolitan Air Quality Management District's (SMAQMD) regional Friant Ranch Guidance, which is applicable in Placer County. The primary toxic air contaminants of concern are naturally occurring asbestos (NOA) and mobile source air toxics (MSAT), including diesel particulate matter (DPM). The potential for NOA disturbance during construction will also be documented based on mapping from the U.S. Geological Service. Compliance with the City of Roseville's best management practices to control emissions of fugitive dust from construction activities will be discussed. This scope of work includes a qualitative assessment of potential health risks from construction-generated DPM. The analysis will consider the duration of construction activities at a single location, as well as any proposed reduction measures for diesel exhaust. Operation of the project is anticipated to increase average daily traffic near receptors. However, this scope assumes average daily traffic (ADT) on Blue Oaks Boulevard will not exceed 50,000 and the road will not serve a significant (more than 5% of ADT) number of diesel-powered vehicles. Accordingly, operational health risks from DPM will be assessed qualitatively.

The CEQA determination for greenhouse gases will consider the net change in emissions relative to existing conditions and relevant guidance from PCAPCD. Additionally, ICF will qualitatively evaluate the project's consistency with local and statewide climate change policies, including Senate Bill 32, Assembly Bill 1279, and SACOG's Regional Transportation Plan.

Visual

The visual analysis will evaluate aesthetic resources and resource change and viewer groups and viewer responses associated with the project and evaluate potential visual impacts. A site visit will be conducted to understand existing visual conditions and to photograph the site. No photo simulations or graphics will be prepared.

5.3 Prepare Initial Study Checklist and Subsequent Mitigated Negative Declaration

ICF will prepare the IS Checklist using the current checklist from Appendix G of the CEQA Guidelines. For the purpose of this scope of work, we have assumed that a Subsequent MND with Mitigation Monitoring and Report Plan (MMRP) will be the most appropriate level of CEQA compliance documentation. This task involves the following:

- Prepare an administrative draft document suitable for distribution to the agencies and the public in compliance with requirements of CEQA and the City. ICF will tier the administrative draft analysis, where applicable, from the General Plan 2035 EIR.
- Prepare the public draft document and submit the document to the State Clearinghouse on the City's behalf electronically. The City will have to request from the State Clearinghouse that ICF be able to submit environmental documents on their behalf. ICF will prepare the State Clearinghouse Notice of Completion form and the Environmental Document Transmittal form timed in accordance with the schedule for the public review and comment period. ICF will also prepare the Notice of Intent with input from the City.
- Support AB52 consultation with the Native American Tribes.
- Prepare responses to all written comments received on the document and include them as an appendix in the final Subsequent MND.
- Prepare draft and final Mitigation MMRP.
- Maintain administrative record (i.e., references, correspondence, etc.)

ICF will provide all deliverables listed in the RFP. If the IS checklist determines that an Addendum is the appropriate document, ICF will prepare a scope modification.

5.4 Transportation/VMT

VMT Assessment

Kimley-Horn will perform an evaluation of the Proposed Project's impact on Vehicle Miles Traveled (VMT). The Proposed Project's effect on VMT will be evaluated in a manner consistent with the City's 2035 General Plan Update and related VMT Impact Studies guidelines, and to a lesser degree the December 2018 guidance provided by the Governor's Office of Planning and Research (OPR)¹ as pertains to Senate Bill 743 (SB 743).

Although the project is understood to be a capacity-enhancing roadway project, it was confirmed to have been previously anticipated and comprehensively evaluated within the City's 2035 General Plan. Accordingly, Kimley-Horn will perform a limited, qualitative VMT assessment as required by the City's VMT Impact Studies guidelines.

¹ *Technical Advisory on Evaluating Transportation Impacts in CEQA*. Governor's Office of Planning and Research, State of California. December 2018.

TIA Technical Analyses

A weekday AM and PM peak-hour Level of Service (LOS) and queuing analysis will be conducted for the following scenarios:

- A. Existing (2024) Conditions
- B. Existing (2024) plus Proposed Project Conditions⁺
- C. Cumulative (2035) plus Proposed Project Conditions⁺⁺

⁺ "Proposed Project" refers to the addition of the additional westbound through lane along Blue Oaks Boulevard and associated access considerations in the vicinity of the Alantown Drive/Fidelity Way intersection. Analysis includes a single access/volume scenario to be collaboratively defined with the City and project team.

⁺⁺ Scenario considers the "2035 Cumulative Unconstrained Conditions" as documented in the 2035 General Plan Update.

The LOS analysis will be completed for up to nine (9) study intersections (7 signalized, 2 unsignalized), all of which are assumed to be within the City of Roseville. The final list of study facilities will be developed in coordination with the project team. Volumes for Cumulative (2035) Conditions will be obtained from the 2035 General Plan Update. This Scope of Services does not include manipulating the City's long-range transportation planning model.

The primary focus of this LOS and queuing analysis is quantifying the effect of the additional through lanes and turn lane (left and right) modifications, and the resulting operational conditions achieved through these improvements. The 2024 and 2035 "without and with" the Proposed Project conditions are necessary to establish current/forecast volumes and a baseline against which the Proposed Project's specific geometry operating characteristics will be compared.

LOS and queuing will be determined for the time periods and analysis scenarios listed above. LOS and queuing for each scenario will be determined using methods defined in the Highway Capacity Manual, using appropriate traffic analysis software (Vissim).

Documentation

Efforts completed in this Task will be documented in technical report format with graphics as deemed appropriate by Kimley-Horn. We will prepare and submit electronic copies of the following deliverables to the project team:

- Administrative Draft IS/MND – comprehensive traffic study in a format determined by the environmental consultant, including technical appendices
- Public Review Screen Check IS/MND – incorporation of a reasonable number of consolidated, non-conflicting clarification comments on the Administrative Draft
- Public Review Draft IS/MND – incorporation of a reasonable number of consolidated, non-conflicting clarification comments on the Public Review Screen Check

- Final IS/MND – responses to public comments and incorporation of a reasonable number of consolidated, non-conflicting clarification comments on the Public Review Draft

5.5 Caltrans Technical Studies and NEPA Document

The Mark Thomas team will work closely with the City to prepare the required technical studies to support a NEPA document and associated state and federal permit applications (if permits are required). Based on our team's extensive and recent experience in the City and working with Caltrans District 3 staff, we have developed a scope of work that we believe will support the City from project development to project delivery.

If the City successfully secures federal funding for the project, Caltrans (as the NEPA lead agency, on behalf of FHWA) will require a variety of technical studies to support the NEPA document (likely an Environmental Assessment [EA]). The ICF team (with support from our DBE partner, Area West Environmental) will prepare the required PES form to identify potential project effects and the required Caltrans level of study reports. After the City reviews the draft PES form, ICF will coordinate with the assigned Caltrans planner and organize a field visit to support review of existing conditions and obtain approval (signature) of the PES form and required studies. ICF will prepare administrative draft, draft, and final versions of the technical reports and NEPA document. We anticipate this optional task would involve the following tasks to prepare the project for federal funding.

3.4.3 Laboratory Testing

5.5.1 Prepare Preliminary Environmental Study (PES) Form

The PES will include a description of the project (including preliminary design and construction-related information), purpose and need, regional and project location maps, engineering drawings and project footprint, and an analysis of the potential environmental effects associated with the proposed project. ICF will work with the City to determine the required technical studies and analyses that may be required by Caltrans to support the NEPA document.

5.5.2 Conduct Caltrans Technical Studies

Based on our review of the project site, we anticipate the PES will indicate that the studies listed below will be necessary. If the signed PES form indicates that some of these studies are not necessary or other studies are required, we will revise the scope of work and hours estimate or shift the hours to other tasks that may arise during the project.

- Natural Environment Study-Minimal Impact (NES-MI) Report (cost assumes no Biological Assessment will be required because suitable habitat for federally listed species is either not present or can be avoided through design/construction measures.
- Wetland Delineation/Assessment

- Cultural Resources Report including Area of Potential Effect (APE) map, Historic Preservation Survey Report (HPSR), and Archeological Survey Report (ASR)
- Noise Study Report Noise Study Report (NSR) and Noise Abatement Decision Report (NADR). To characterize existing conditions and provide validation for noise modeling, ICF would conduct a field study to measure existing traffic noise levels in the project area. Continuous long-term noise monitoring for at least 24 hours will be conducted at up to three locations in the study area and short-term attended monitoring (15 minutes per site) will be conducted at up to six locations.
- Air Quality Study Report
- Visual Impact Assessment (VIA) Memorandum (based on the preliminary checklist ICF completed to support this scope)
- Section 4(f) Evaluation (to be confirmed, but may not be required)
- Land Use and Community Impact Assessment
- Traffic Study (led by Kimley Horn)
- Initial Site Assessment (Phase 1 led by Mark Thomas)

5.3 Support NEPA EA

ICF/Area West Environmental will support Caltrans preparation of the NEPA EA for the project, including compliance with Section 106 of the NHPA and the federal Endangered Species Act.

Assumptions

- NES-MI
 - Only the "Areas to be Impacted by Project" as shown in the RFP map (page 28 of 54) will be surveyed for special-status plants.
 - The BSA will be up to the edge of developed area or out 250 feet where no development is present.
 - City will provide access to areas to be surveyed or will provide exiting biological resources data from proposed developments in the BSA.
 - Surveys from UPRR properties will not be required, any resource mapping can be done from adjacent parcels with permits to enter provided by the City.
 - Up to two botanical surveys are required, no protocol-level surveys for wildlife are required.
- Aquatic Delineation Report
 - Only the "Areas to be Impacted by Project" as shown in the RFP map (page 28 of 54) will be delineated.
- Visual Impact Assessment
 - No photo simulations are required. If project simulations are required, Mark Thomas will prepare in Civil 3D.
 - No more than 7 key views would be evaluated.
- NEPA EA

- ICF will provide the completed CEQA document and supporting technical studies in advance of preparation of the NEPA EA.
- NEPA EA Environmental Project Manager will attend up to 3 community or CTS meeting/workshops conducted for the CEQA document.
- Up to 1 online virtual meeting will be required for the NEPA EA.
- All final technical studies (noise, air quality, GHG, transportation, CIA, NES(MI), visual, water quality/hydrology, cultural) will be provided in advance of preparation of the NEPA EA.
- Up to 10 PDT meetings will be required.
- Response to comments received do not require new environmental analysis.
- No more than 40 hours will be required to respond to comments received from Caltrans on the Administrative Draft EA.
- No more than 40 hours will be required to respond to comments received from the public on the public Draft EA.

6.0 PUBLIC OUTREACH

Mark Thomas will attend two City sponsored workshops, one Transportation Commission meeting and one City Council meeting.

We assume the City will develop outreach materials for the Public meetings, Transportation and Council meetings and to inform the community about the project. These materials may include hand-outs such as information brochures, comment cards, fact sheets, and FAQ's, etc.

7.0 FINAL PROJECT DESIGN

Mark Thomas will complete the design tasks for final plans, specifications, and estimates for the project design. Plans shall be prepared to City format and shall be submitted at the 60%, 90%, 100% and final stages of design. Following each design submittal, City comments will be reviewed and addressed.

7.1 60% Design

Mark Thomas will prepare Roadway Plans to current City and Caltrans standards using Civil 3D and AutoCADD.

For the Utility Plans & Details, all specific details necessary for the relocation of any affected utilities will be designed and provided to Mark Thomas by the utility owner. The scope and cost proposal assume a minimal effort by Mark Thomas for utility plans and generally include drafting of utility information provided by the utility company.

It is anticipated that the following sheets will be prepared for the 60%, 90% and 100 submittals.

Civil Sheet Count	Quantity	30%	Final*
Title Sheet	1	√	√
Roadway Typical Cross Sections	4	√	√
Construction Control Diagram/ Key Map	1		√
Roadway Plan & Profile @ 40-scale	20	√	√
Demolition and ESA Plans & Details	20		√
Construction Details	12		√
Contour Grading	4	√	√
Temporary WPC Plans	10		√
Roadway Drainage Plans, Profiles	10	√	√
Roadway Drainage Details	2		√
Retaining Wall Plans and Details	4		√
Utility Plans and Details	10		√
Signing & Striping Plans	10	√	√
Stage Construction Plans	10		√
Traffic Handling Plans	2		√
Erosion Control Plans	10		√
Stormwater Green Plans and EC Details	3		√
Planting and Irrigation Plans (20-Scale)	21	√	√
Traffic Signal Plans and Details	6	√	√
Fiber Optic Interconnect Plans and Details	3	√	√
Total Roadway Sheets	163	79	163

We have assumed the bridge will be a 3-span precast concrete girder. The structure design will be in accordance with AASHTO LRFD Bridge Design Specifications, 8th Edition with the California Amendments and Caltrans Seismic Design Criteria, Version 2.0. The 2022 Caltrans Standards and current versions of the Caltrans Structure Technical Policies and Bridge Design Manuals will be used. It is anticipated that the Structures Plans will consist of the following sheets:

Structure Sheet Count	Quantity	30%	Final*
General Plan	1	√	√
Notes / Index	1		√
Foundation Plan	1	√	√
Abutment Layout	2		√
Abutment Details	2		√

Log of Test Borings	2		√
Total Structure Sheets	28	2	28

7.2 90% PS&E (City), 100% PS&E UPRR)

Independent Check (90%)

Under this task, Mark Thomas will review comments from the City 60% review and incorporate the comments into the 90% PS&E submittal. Quality Control reviews will be performed before submittals to the City.

Structure independent checks will follow standard Caltrans practice which involves having a registered professional engineer who is independent from the project to structure designs, plan preparation, and quantity estimates. Differences in the calculations will be reconciled first before the 90% plans are submitted to the City and UPRR for review and approval. Design team members will respond to the independent check comments and will provide a written memo outlining resolutions to all the check

comments and design discrepancies. Bridge designers will reconcile the check comments on the quantity checks in accordance with Caltrans Bridge Design Aids Section 11 "Estimating".

Also, at this time Mark Thomas will complete a set of Special Provisions. Upon completion of the independent check, Mark Thomas shall prepare quantity calculations. From these quantity calculations, Mark Thomas shall prepare an Engineers Estimate and submit the 90% PS&E (Plans, Specifications, and Estimate). Construction costs for the estimate will be developed using current bid results from similar projects, Caltrans database information and from Caltrans' latest Construction Cost Manual. All estimates shall be done in Caltrans BEES format using MS Excel.

A bound set of independent design calculations will be prepared for each bridge structure and submitted to the County and Caltrans for review during the 90% Submittal as indicated within this scope of work.

The independent design check will also include a thorough review of the bridge construction plans to ensure that the plans accurately reflect the design intent.

General Cross Sections

General cross sections will be developed at 1"=10' scale and will be placed on a grid showing the existing ground, surface geometry, elevations, edge of pavement, existing/proposed fence lines, subgrade and finished surface. The conform elevation will be plotted on the cross sections. The cross sections will be created every 50 feet.

Specifications

The Mark Thomas team will prepare Special Provisions for inclusion within the contract documents. The special provisions (SSPs) will follow City standards and will be based upon current Caltrans Standard Special Provisions and Standard Plans. It is assumed that the City will provide the General Provisions to be included in the specification package; Mark Thomas will review and update references for use of the special provisions (i.e. establish hierarchy for which documents take precedence, coordination of bonding and insurance requirements, etc).

Construction Cost Estimates

Mark Thomas will prepare an updated itemized engineer's estimate for the 60% (Roadway Items only), 90% and final stages for the project. The format will be similar to the Caltrans BEES format. The unit costs will be determined by reviewing similar recent project bid summaries, the most current Caltrans Contract Cost Data book, the California Highway Construction Cost Index information, and the Caltrans ESC site.

Structures Final Submittal (100% Plans)

Upon receiving comments back from the City on the 90% submittal we will make any required revisions and submit 100% PS&E. This submittal represents a biddable package.

7.3 Constructability Review

We have assumed the constructability review would be conducted at the 90% submittal. Ideally, this review should be conducted at the 30% for concepts, the 60% for exact design features and again at 90% to provide comments on the final PS&E contents.

7.4 "C" Submittal to UPRR

The 90% City PS&E will be re-labeled for the 100% submittal to UPRR. This will allow time for UPRR review and time to respond to UPRR final comments.

7.5 Draft ROW Certificate to Caltrans

A draft ROW and Utility Certificate will be submitted to Caltrans to obtain approval of the utility protection/ relocations prior to submitting the E-76.

7.6 100% PS&E

This submittal will respond to both City 90% comments and UPRR 100% comments and resubmit 100% PS&E to UPRR. This submittal concludes the design level submittals to UPRR and concludes with an approved C&M Agreement.

7.7 Resident Engineer's (R.E.) File

Following the identification of construction funding, and upon approval by the City, Mark Thomas will prepare the RE file and Surveyor's file for the project. The RE file will include project correspondence and memorandums that are important for the Resident Engineer to know about decisions, etc. that were made during project development. The Surveyor's file will include pertinent information needed to establish project control. Caltrans Project Development Manual, latest edition will be used as a guideline. Construction Staking Notes are not included within this task; should the City want Mark Thomas to prepare staking notes, a separate scope of work and fee will be provided.

Task 7 Deliverables

- Interim PS&E Submittals (60%, 90%,100%) - 30 copies each - Half size plans & PDF
- 30 copy & PDF- Specs
- Engineers Estimate - 1 copy & PDF
- Final PS&E (combined Roadway, Structures, 1 copies – mylar, wet signed & Cross Sections) stamped 1 copy – electronic CADD and PDF
- Final Structure Calculations (wet stamped) - 1 copy
- Final Quality Calculations - 1 copy
- Materials Handout - 1 copy and PDF
- RE & Surveyor's File - 1 copy
- General Roadway Cross Sections - 1 hard copy (1/2 size); 1 PDF
- SWPPP - 3 copies and 1 PDF

8.0 BIDDING & CONSTRUCTION SERVICES

Due to the uncertainty of the level of effort required for Construction Support, a budget amount has been provided for bidding assistance that will be used on a time and materials basis as requested by the City. Once construction funding is identified, Mark Thomas will coordinate with the City regarding an amendment for Construction Support.

8.1 Bidding Assistance

This scope assumes that Advertising and the preparation of Bidding Packages will be the responsibility of the City and that reproductions for bid documents are not included. Mark Thomas will be available to answer questions during the bidding process. Mark Thomas shall be available on an as-needed basis for support during the bid phase. Assuming only consultation during bidding, the following services could be provided as requested by the City:

- Mark Thomas will attend Pre-bid meeting.
- Answer Contractor questions during bidding stage.
- Provide an analysis of the bid amounts and a recommendation for award
- Mark Thomas will attend Pre-construction meeting.

8.2 Construction Support

Mark Thomas shall be available on an as-needed basis for support during the construction phase, including contract administration as required. Assuming only consultation during construction, the following services could be provided as requested by the City:

- Mark Thomas will make periodic site visits. A total of eight (8) site visits are included with this task during construction.
- Mark Thomas will provide change order review and plan revisions as required.
- Mark Thomas will provide review of Shop Drawings. Review comments and approvals on these Shop Drawings, and calculations will be provided to the RE. A budget of 60 hours is assumed for review of structure shop plans.
- Mark Thomas will provide ongoing consultation and interpretation of contract documents as required and review proposed change orders if requested by Resident Engineer.
- Mark Thomas will review submittals and shop drawings, when requested by the Construction Manager, and provide construction assistance as required.

8.3 Record Drawings

After construction is complete, Mark Thomas, Kimley-Horn and Bennett Engineering will prepare Record Drawings based upon one consolidated and non-conflicting red-line plans provided by the contractor. The team will rely on the completeness and accuracy of the documents provided by the contractor.

Task 8 Deliverables

- Meeting Notes
- E-mail responses to RFI's
- Submittal Reviews (as negotiated)
- Record Drawings in AutoCAD

9.0 Optional Tasks

9.1 Highway JPA Fee Program

Mark Thomas will coordinate the City's Blue Oaks Widening Project with Placer County Transportation Agency (the agency developing the Highway JPA Fee Program) and review the plans for conflict with the proposed project.

9.2 Westbound Bridge (3-Lanes)

Kimley-Horn will complete a traffic analysis of a 3-lane westbound Blue Oaks Boulevard bridge at a level of detail consistent with analyses completed for the various project options identified in Task 2.1. While prior tasks included screening the feasibility of a 3-lane westbound bridge, this task includes a focused weekday AM and PM peak-hour intersection operations analysis for up to seven (7) signalized intersections. Additional consideration will be given to side-street access and operations at up to two (2) unsignalized intersections. These analyses will include delay, Level of Service (LOS), and queuing for the following scenarios:

- Existing (2024) plus Proposed Project (3-Lane Bridge) Conditions⁺
- Cumulative (2035) Conditions⁺⁺
- Cumulative (2035) plus Proposed Project (3-Lane Bridge) Conditions⁺

⁺ Scenario considers a new 3-lane westbound Blue Oaks Boulevard bridge for a single "plus project" condition

⁺⁺ Volumes for this scenario will be developed by completing a new model run using the City's travel demand model in which the westbound capacity will be reduced from 4-lanes to 3-three.

The study intersections for this task will match those previously analyzed. LOS will be determined using methods defined in the Highway Capacity Manual, using appropriate traffic analysis software (Vissim) and analysis procedures consistent with the City's current, published guidelines.

Efforts completed in this task will be documented in technical memorandum format with graphics as deemed appropriate by Kimley-Horn. We will prepare and submit an electronic (PDF) version of the Draft Memorandum to the City. Kimley-Horn will respond to a single set of consolidated, non-conflicting comments from the City on the Draft Memorandum. We will prepare and submit an electronic (PDF) version of the Final Memorandum to the City.

9.3 Sight Distance Improvement Recommendations

Mark Thomas will evaluate options for improving sight distance along Blue Oaks Boulevard, while preserving the existing bridge, to enhance safety along the roadway. As Blue Oaks Boulevard is a major arterial, City Standards require a design speed of 60 mph which translates to 580 feet of stopping sight distance. The existing curve at the bridge results in a design speed of 36 mph based on the Caltrans HDM (which is required per the City's Design Standards). Evaluating the curve based on AASHTO standards results in an existing design speed of 43 mph. As such, the existing profile of the road does not meet either Caltrans or AASHTO standards for a major arterial roadway.

9.4 Water Line Relocation

Mark Thomas team will evaluate if any water lines are affected. If needed, the Mark Thomas team will provide a detailed scope to design and provide all details necessary for the relocation of any waterline. For budgeting purposes we've included a design cost of \$44,589.

COUNCIL COMMUNICATION

CC #: 3342
File #: 0800-04

Title: On-Call Architectural Services - On-Call Professional Design Services Agreement Amendment
Contact: Lori Crittenden 916-774-5707 lcrittenden@roseville.ca.us

Meeting Date: 6/5/2024
Item #: 6.27.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve the first amendment of professional design services agreement for on-call architectural services with Lionakis. Additionally, staff requests authorization for the City Manager or his designee to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

The Public Works Department's Facilities Division maintains, repairs, and rehabilitates 1.35 million square feet of City facilities. A majority of the City's capital rehabilitation and capital improvement projects require design services from either licensed architects or professional engineers.

In April of 2022, a Request for Proposals (RFP) was issued soliciting proposals for On-Call Architectural Services. After a panel review, four firms including Lionakis were selected and an approval of an on-call professional design services agreement was approved by City Council in July 2022.

The intent was to utilize these professional design services agreements and their architectural design services to meet project demands. Since 2022, the citywide project demand has increased which has depleted the on-call agreement with Lionakis. The initial term runs through June 30, 2025 with two optional renewal years. This amendment will allow for an increase in project capacity which includes the future Council Chambers conference room and lobby plus the Permit Center security upgrades.

FISCAL IMPACT

The authorization amount for the initial term is not to exceed \$1,250,000. The authorization for the

first and second optional one-year renewals are not-to-exceed amounts of \$500,000 and \$500,000, respectively.

Work performed under these agreements will utilize capital rehabilitation funds and/or capital improvement project funds in the approved City budget.

ENVIRONMENTAL REVIEW

The proposed project involves the minor alteration of an existing facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Lori Crittenden, Project Coordinator

Jason Shykowski, Public Works Director

Dominick Casey, City Manager

RESOLUTION NO. 24-156

APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL DESIGN SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND LIONAKIS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a first amendment to on-call professional design services agreement for on-call architectural services, by and between the City of Roseville and Lionakis, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said first amendment to on-call agreement is hereby approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED, that the City Manager or his or her designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this consultant is not in the best interest of the City.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20____, by the following vote on roll call:

FIRST AMENDMENT TO
ON-CALL PROFESSIONAL DESIGN SERVICES AGREEMENT

On-Call Architectural Services

THIS FIRST AMENDMENT TO ON-CALL PROFESSIONAL DESIGN SERVICES AGREEMENT is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“CITY”), and Lionakis, a California corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into an On-Call Professional Design Services Agreement dated July 21, 2022 (“Agreement”) regarding on-call architectural services (“Project”); and,

WHEREAS, CITY wishes to increase the total compensation for the initial term and optional renewal years of the Agreement in order to compensate CONSULTANT for additional services associated with the Project.

NOW, THEREFORE, the parties agree as follows:

1. The first paragraph of Section 3 of the Agreement is amended to read as follows:
“For its services provided hereunder, CONSULTANT shall be compensated on a time and expense basis in accordance with the hourly rates as described in EXHIBIT “B,”

attached hereto and incorporated herein by this reference. Any proposed increase in the effective rates for future services must be preceded by at least a 90-day written notice to the contracting department. Total compensation shall not exceed one million two hundred fifty thousand dollars (\$1,250,000) for the initial term of the Agreement. Total compensation shall not exceed five hundred thousand dollars (\$500,000) for the first optional (1) one year renewal of this Agreement and total compensation shall not exceed five hundred thousand dollars (\$500,000) for the second optional one (1) year renewal of this Agreement. Adjustment to the total compensation per year shall require a written amendment to this Agreement, subject to approval by the City Council."

3. The Agreement is amended by adding an additional paragraph for compliance with AB334 to read as follows:

"24. Public Contracts: Conflicts of Interest. CONSULTANT's duties and services under this Agreement shall not include preparing or assisting CITY with any portion of the CITY's preparation of a request for proposals, request for qualifications, or any other solicitation regarding a subsequent or additional contract with CITY. CITY shall at all times retain responsibility for public contracting, including with respect to any subsequent phase of this project. CONSULTANT's participation in the planning, discussions, or drawing of project plans or specifications shall be limited to conceptual, preliminary, or initial plans or specifications. CONSULTANT shall cooperate with CITY to ensure that all bidders for a subsequent contract on any subsequent phase of this project have access to the same information, including all conceptual, preliminary, or initial plans or specifications prepared by CONSULTANT pursuant to this Agreement."

4. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20____, and CONSULTANT has caused this First Amendment to Agreement to be executed.
