5. PLEASE EXPLAIN THE CIRCUMSTANCES THAT LED TO THE ALLEGED DAMAGE OR INJURY. STATE ALL THE FACTS WHICH SUPPORT YOUR CLAIM AGAINST THE CITY OF ROSEVILLE. IF KNOWN, IDENTIFY THE NAME OF THE EMPLOYEE(S) THAT ALLEGEDLY CAUSED THE DAMAGE OR INJURY.

On December 27th, at 6:00 a.m. Donna Gomes entered the school campus to find the sewer had overflowed. She then phoned myself Suzanne Benedict, Certer Director at 6:11, a.m. to inform me of this disaster.

I then phoned the city of Roseville shortly after and they came out to the school to assess the problem. We were informed by the city worker, Cody Wilbanks that this was a city wide issue and that they were going to take care of calling someone (Servpro) out to do the clean up of the hazardous material. Servpro did in fact come out to the school and do a powerwash of the grounds and gave us a clear to return to campus the following morning.

The flow of sewage started at the top of the property that sits on a hill and slops down toward the lower playground were the waste had pooled on our play ground. The ground cover of the plyaground is spongelike material and absorbed the sewage. The playground has been off limits to the children to play on. It contaminated the ground cover, playground equipment, toys, rugs, a ball box, two tables, two trash cans and toy shelf and several playground balls. As well as the deck of our sand box and the sand inside.

I have attached copies of the estimates and prices for the smaller items. As for pictures of the damage the city worker took many photos and returned for more photos letting me know the cause. That they found contractor rags in a sewer drain.

6. WHAT SPECIFIC DAMAGE OR INJURY DO YOU CLAIM RESULTED FROM THE ALLEGED ACTIONS?

The playground floor (flex ground), the play equipment, 2 little tikes picnic benches, a bench style ball box, (2 junior size basketballs, 3 playgroundballs, 1 soccer ball), two indoor/outdoor rugs, two outdoor trash cans and stand up (6ft tall) toy and supplies storage container. As well as small sections of artificial turf and the deck outside of the sand box and the sand inside was also affected by the disaster.

We were also instructed that the school was not safe to be on the grounds and had to send families and staff home for the day.

This estimate does not include the reimbursement for loss of wages of the staff that were sent home.

7. HOW WAS THE AMOUNT CLAIMED ABOVE COMPUTED? (IF YOU HAVE SUPPORTING DOCUMENTATION FOR THE AMOUNT CLAIMED, PLEASE ATTACH TO THIS CLAIM.)

I got quotes for the replacement of materials , equipment and price checks for the smaller items.

*Base pricing is subject to change upon inspection of material post rubber removal.

ADD ALT

Quote includes alternate to sanitize existing climber equipment.

Standard Exclusions: Unless otherwise stipulated in this Proposal, the following items are excluded:

- * Prevailing Wages NOT included. (ie: Davis Bacon, TERO, etc.) If this is a Prevailing Wage project, please request alternate pricing.
- * Weekend (Saturday and Sunday) or Holiday work. If, by client request or delay in scheduling, weekend or Holiday work is required, labor surcharges will apply.
- * Security guards and/or temporary fencing to prevent injuries, vandalism and/or accidental damage to the rubberized surface while it sets is NOT included. The installers will put up caution tape, but temporary fencing is recommended. Although the fencing is intended to provide this security, the overall security of property is ultimately the responsibility of customer. Please take any additional precautions as deemed necessary. We are not responsible for any vandalism or injuries even with the provision of the fencing.
- * Pushing back sand, woodchips or other loose-fill material (if present around pad) after repairs or installation is complete. FlexGround often must move loose-fill material present around a pad in order to access what is commonly known as the pad's "turndown". Turndown is the rubber surfacing that sits below the pad's top-of-surface, often adjacent to and covered by the loose-fill. It is necessary that the loose-fill be kept back from the pad's turndown while the pad is curing.
- * Removal of debris, rocks, trash or any other items that may rise to the loose-fill's surface by virtue of us moving the loose-fill in order to access the turndown as noted above.
- Please Note:**
 - * Our performance and payment bonds rate is 2.5%.
 - * Rubber Surfacing cure time is normally 48-72 hours and can vary depending on weather conditions.
 - * FlexGround's poured-in-place products are hand-mixed on site in order to ensure absolute durability standards and in order to meet the varying specifications of each project. Varying climate and project parameters may affect consistency in design, including: color variation(s), trowel marks and other minor visible flaws.
 - * Orders for premium color requires a 8-10 week lead time.

Quantities as noted on proposal. If project requires additional quantities, a change order at the per square foot rate must be received prior to installation.

Terms and Conditions

FlexGround warrants that newly installed surfacing will meet or exceed HIC (Head Impact Criteria), as set out in ASTM Standard 1292, corresponding only to the depth of new system installed per FlexGround's official Fall-Height chart. By signing below, client acknowledges that HIC and ASTM guarantees apply only to newly installed surfaces and that the guarantee can only extend to the immediate time of install. After installation, a pad will be subject to varying factors, out of FlexGround's control, that may negate its compliance with any of the above mentioned standards (i.e. sand present around the pad migrating into the pad and rendering it non-compliant with HIC standards). For details on how best to extend the compliant life of a pad, please see our Warranty Standards and Maintenance Procedures. From time to time, FlexGround performs "job walks" on behalf of its clients and dealers in order to receive recommendations for various repairs. Unless otherwise stipulated in writing, FlexGround does not guarantee that its recommendations will bring a pad into compliance with the above mentioned HIC, ASTM or ADA standards.

This proposal becomes a binding contract upon signature and delivery by Responsible Party. By signing below, the Responsible Party is accepting the terms, conditions and pricing set-forth in this proposal, and does agree to remit payment to FlexGround in accordance with the terms below. In the event that a change in color, design, sub base or square footage is required, a revised proposal will be required before installation can begin. Proposal is subject to the terms specified and is based on information provided. Purchases must be secured with a 50% deposit and accompanied by signed acceptance of this proposal before installation begins. Final payment is due within 10 days of installation. FlexGround, LLC often enters into marketing and/or referral fee arrangements with various entities that may or may not have a business relationship with customer. FlexGround, LLC reserves the right, at its sole discretion and without further disclosure, to pay up to 10% of the gross revenue received, in accordance with this agreement, to any such entity. Please contact your Account Manager regarding any questions or information needed to assist you with your order.

This contract is not cancelable by Client. FlexGround incurs significant costs in advance of projects. In the event that FlexGround allows for the cancellation of this contract, client will be charged, at minimum, for all material, inventory, labor, mobilization and miscellaneous costs which may have been incurred. Proposals generated from site visits are based on visible factors and may not include remedies for sub-surface and/or non-visible conditions. FlexGround reserves the right to cancel this contract in the event that such factors effect the final scope of work as proposed herein. Installations may be performed by any one of FlexGround's sister companies including FlexGround LLC, FlexGround Nevada LLC, FlexGround Surfaces, Inc and/or Stafford Industries
