## COUNCIL COMMUNICATION

**CC #: 2672**  
**File #: 0203-03**

**Title:** Ferric Chloride - Contract Purchase Agreement Amendment  
**Contact:** Jason Fick 916-746-1940 jfick@roseville.ca.us

**Meeting Date: 5/3/2023**  
**Item #: 7.8.**

### RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution approving an amendment to contract purchase agreement (3001884) with Kemira Water Solutions, Inc., and authorizing the City Manager to execute it on behalf of the City of Roseville.

### BACKGROUND

Ferric chloride is a chemical that is added to the City's Dry Creek and Pleasant Grove Wastewater Treatment Plants' anaerobic digesters to reduce the formation of hydrogen sulfide in digester gas. This is a necessary step in the digester gas conditioning process to make it appropriate for use in renewable compressed natural gas or in onsite power generation. The purpose of this contract amendment is for additional deliveries of ferric chloride for the two new anaerobic digesters built as a part of the Pleasant Grove Expansion and Energy Recovery Projects. The additional chemical needs will be added to the ferric chloride supply contract in future annual renewals.

### FISCAL IMPACT

The total cost of the contract amendment is \$29,000. Funding will be provided from the Environmental Utilities Department's Wastewater Operations Fund budget for the Pleasant Grove Wastewater Treatment Plant.

### ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of a contract purchase agreement amendment meets the above criteria and is not subject to CEQA. No additional environmental review is required.

## CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Jason Fick, Chief Plant Operator

Richard Plecker, Environmental Utilities Director

---

Dominick Casey, City Manager

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

**Sole proprietorship** - **By owner**

**Partnership** - **Any general partner**

**Corporation** - **Two options:**

**(1)** A signature from the President and the corporate seal; **OR**

**(2)** One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

\*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

### Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

**KEMIRA WATER SOLUTIONS, INC.**  
**CERTIFICATE OF THE SECRETARY**

As of April 27, 2022

The undersigned, Susan B. Radcliffe, hereby certifies that she is the duly elected, qualified and acting Vice President and Secretary of Kemira Water Solutions, Inc., a Delaware corporation (the “**Corporation**”), and the undersigned hereby further certifies that:

1. As of the date hereof, the persons named below are the duly elected and qualified officers of the Corporation holding the offices set forth opposite their respective names:

| <b>Officers</b>      | <b>Title</b>                                               |
|----------------------|------------------------------------------------------------|
| Michael Cavallero    | President                                                  |
| Paul Kimberling      | Vice President, Finance & Accounting, Americas             |
| Manuel Moreau        | Vice President, Manufacturing and Logistics, Coag, I&W, NA |
| Kelly Forrester      | Director, Supply Chain Management, Americas                |
| Michael Clark        | Vice President, R&D and Technology, Americas               |
| Jackie Whitehead     | Director, Human Resources, Americas                        |
| Kasthuri Ramkumar    | Treasurer                                                  |
| Jonathon Wilburn     | Assistant Treasurer                                        |
| Susan B. Radcliffe   | Vice President & Secretary                                 |
| Robert L. Turner, IV | Assistant Secretary                                        |

2. Attached hereto as Exhibit A is a true and correct excerpt from the resolutions adopted by the Board of Directors of the Corporation by Written Consent in Lieu of an Annual Meeting, dated August 16, 2021, which resolutions have not been in any way amended, modified, revoked or rescinded since their adoption and remain in full force and effect as of the date hereof.

3. Attached hereto as Exhibit B is a true and correct copy of the resolutions adopted by the Board of Directors of the Corporation by Written Consent in Lieu of a Special Meeting, dated December 31, 2021, which resolutions have not been in any way amended, modified, revoked or rescinded since their adoption and remain in full force and effect as of the date hereof.

**IN WITNESS WHEREOF**, the undersigned has executed this Certificate of the Secretary as of the date first written above.

  
 \_\_\_\_\_  
 Susan B. Radcliffe  
 Vice President and Secretary

## **EXHIBIT A**

Written Consent of the Board of Directors in Lieu of an Annual Meeting, dated August 16, 2021

### **Removal and Appointment of Officers**

**RESOLVED**, that all of the officers appointed by the Board prior to the date hereof is hereby removed from their respective offices;

**FURTHER RESOLVED**, that the following named persons be, and hereby are, elected to the offices of the Corporation opposite their respective names, each to serve until his/her successor is duly elected and qualified or his/her earlier resignation or removal:

| <b>Name</b>          | <b>Title</b>                                           |
|----------------------|--------------------------------------------------------|
| Michael Cavallero    | President                                              |
| Paul Kimberling      | Vice President, Finance & Accounting, Americas         |
| Manuel Moreau        | Vice President, Manufacturing and Logistics, Coag, I&W |
| Kelly Forrester      | Director, Supply Chain Management, Americas            |
| Michael Clark        | Vice President, R&D and Technology, Americas           |
| Jackie Whitehead     | Director, Human Resources, Americas                    |
| Kasthuri Ramkumar    | Treasurer                                              |
| Jonathon Wilburn     | Assistant Treasurer                                    |
| Susan B. Radcliffe   | Vice President & Secretary                             |
| Adisty Wilson        | Assistant Secretary                                    |
| Robert L. Turner, IV | Assistant Secretary                                    |

**FURTHER RESOLVED**, that the above-named officers are empowered to carry out the day-to-day business of the Corporation, subject to the direction and control of the Corporation's Board; and

**FURTHER RESOLVED**, that each of the officers of the Corporation be, and each of them, with full authority to act without the others, hereby is, authorized and directed to do and perform, or cause to be done and performed, all such acts, deeds, and things and to make, execute and deliver, or cause to be made, executed and delivered, all such agreement, undertakings, documents, instruments, or certificates in the name and on behalf of the Corporation or otherwise as each such officer may deem necessary or appropriate to effectuate or carry out fully the purpose and intent of the foregoing resolutions.

### **Signature Authority**

**FURTHER RESOLVED**, that effective as of the date hereof, **Christina Imbrogno** ("**Imbrogno**") and **Gayla Walker** ("**Walker**") as authorized persons, are hereby authorized, empowered and directed, by and on behalf of the Corporation to execute and deliver in the name and on behalf of the Corporation product bids and product contracts for the sale of inorganic coagulants to municipal customers and advanced water treatment customers for the Industry and Water Segment, excluding industrial customers for oil and gas applications.

**EXHIBIT B**

Written Consent of the Board of Directors in Lieu of a Special Meeting, dated December 31, 2021

**Resignation of Officer**

**WHEREAS**, Adisty Wilson has tendered her resignation as Assistant Secretary of the Corporation, effective as of January 28, 2022; and

**NOW, THEREFORE, BE IT RESOLVED**, that effective as of January 28, 2022, the resignation of Adisty Wilson as Assistant Secretary of the Corporation is hereby accepted.

## COUNCIL COMMUNICATION

**CC #: 2667**  
**File #: 0203-03**

**Title:** Sodium Hydroxide - Contract Purchase Agreement Amendment  
**Contact:** Jason Fick 916-746-1940 jfick@roseville.ca.us

**Meeting Date: 5/3/2023**  
**Item #: 7.9.**

### RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve an amendment to Contract Purchase Agreement 3002064 with Univar Solutions USA, Inc. for the purchase and delivery of sodium hydroxide (caustic soda) to the Pleasant Grove Wastewater Treatment Plant and authorize the City Manager to execute it on behalf of the City of Roseville.

### BACKGROUND

Sodium hydroxide is utilized in the wastewater treatment process to adjust pH and alkalinity. High influent flows this winter, in addition to the operation of two new anaerobic digesters at Pleasant Grove Wastewater Treatment Plant, has increased the need for more sodium hydroxide. The purpose of this contract amendment is for additional deliveries of sodium hydroxide to the Pleasant Grove Wastewater Treatment Plant. The additional chemical needs due to the anaerobic digesters will be added to the sodium hydroxide supply contract in future annual renewals.

### FISCAL IMPACT

The estimated cost of the contract amendment is \$126,000. Funding will be provided from the approved Environmental Utilities Wastewater Operations Fund budget.

### ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment (CEQA Guidelines §15061(b)(3)). The hauling and delivery of hazardous substances is regulated by the state. Hazardous material transport consistent with applicable safety regulations should not result in a significant environmental effect. Therefore, the proposed Contract Purchase Agreement Amendment does not include the potential for the significant environmental effect, and therefore is not subject to CEQA.

## CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world.

Goal C - Maintain a safe and healthy community.

Respectfully Submitted,

Jason Fick, Chief Plant Operator

Richard Plecker, Environmental Utilities Director

---

Dominick Casey, City Manager

Staff also recommends that June 7, 2023 at 6 p.m. be set as the date and time to hold the public hearing.

## BACKGROUND

The City of Roseville currently has eight active Landscaping and Lighting Districts (LLDs). These districts were formed within the City of Roseville to levy and collect assessments for maintenance of public improvements pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code (the Act) Sections 22500, et seq., and Article XIII D of the California Constitution.

The Historic District Landscaping and Lighting District was formed in 2006 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels. The District is located in the Historic Old Town area in Downtown Roseville.

The Infill Area Landscaping and Lighting District was formed in 1995 to levy and collect assessments for the maintenance of certain public improvements that benefit parcels within the District. The District is located in the Infill Plan area.

The Johnson Ranch Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public landscape, open space, floodway and stream courses located within the Southeast Roseville Specific Plan area.

The North Central Roseville Specific Plan Landscaping and Lighting District was formed in 1990 to levy and collect assessments for the maintenance of certain public improvements within the North Central Roseville Specific Plan area. In 2004, the property owners in the district approved, through a mailed ballot, an assessment increase and the addition of an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Northwest Roseville Specific Plan Landscaping and Lighting District was formed in 1989 to levy and collect assessments for maintenance of certain public landscape medians and corridors, vernal pool preserves, bike trails, and park improvements. In 2004, the Dunmore Junction subdivision was annexed into the LLD as Zone A and the Legacy subdivision was annexed into Zone B. In 2011 the property owners voted against an overlay LLD for the Northwest Specific Plan. In 2006 and most recently in 2021, the property owners voted against an assessment increase as well as the addition of an annual escalation factor.

The Olympus Pointe Landscaping and Lighting District was formed in 1989 to levy and collect assessments for the maintenance of certain public improvements within the Northeast Roseville Specific Plan Area. In 2005, the property owners in the district approved, through a mailed ballot, an assessment increase and an annual escalation factor. This enables the City to keep up with increased costs associated with maintaining the landscaping at proper levels.

The Riverside Avenue Landscaping and Lighting District was formed in 2007 to levy and collect assessments for the maintenance and operation of improvements benefiting parcels within the District. The cost of maintaining the streetscape improvements is spread equally to the subject properties, based on their percentage of the total front footage of all affected parcels.

The Vernon Street Landscaping and Lighting District was formed in 2001 to levy and collect assessments for maintenance of improvements installed by the Vernon Streetscape. The cost of maintaining the streetscape improvements is spread equally to the subject properties on their percentage of the total front footage of all affected parcels.

### **FISCAL IMPACT**

All charges are needed to fund landscape services in each LLD. There is no impact to the General Fund.

### ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Adoption of the resolutions meet the above criteria and are not subject to CEQA. No additional environmental review is required.

### CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal E - Deliver exceptional city services

Respectfully Submitted,

## RESOLUTION NO. 23-158

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENTS FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS,** The City Council has, by previous Resolutions, formed the Historic District Landscaping and Lighting District (hereafter referred to as the “District”) pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of street lighting, landscaping, and all appurtenant facilities and operations related thereto; and,

**WHEREAS,** the City Council has retained Willdan Financial Services (hereinafter “Engineer”) for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** Engineer’s Report: The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer’s Report concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22622* of the Act.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: maintenance and operation of and the furnishing of services, materials and/or improvements for landscape, lighting, streetscape and hardscape areas, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-159

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Historic District Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1** **Intention:** The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2** **Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, streetscape and hardscape areas, including fencing, walls, signage, monuments, ground cover, shrubs, plants, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District. The District is known and designated as:

**“Historic District Landscaping and Lighting District”**

**Section 4** Proposed Assessment Amounts: The proposed assessments are outlined in the Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

**Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

## RESOLUTION NO. 23-160

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ENGINEER'S ANNUAL LEVY REPORT FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Annual Levy Report (hereafter referred to as the "Engineer's Report") for the district known and designated as the Historic District Landscaping and Lighting District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer"), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer's Report with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIIC and XIID; and,

**WHEREAS**, there has now been presented to this City Council the Engineer's Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer's Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within the District, as set forth in said Engineer's Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE HISTORIC DISTRICT LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer's Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

**RESOLUTION NO. 23-160**

## I. OVERVIEW

---

### A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the Historic District Landscaping and Lighting District (“District”). The District was formed on April 5, 2006 and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (“1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2023 through June 30, 2024. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution order the improvements to be made and confirm the levy and collection of assessments herein pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District for Fiscal Year (“FY”) 2023/24. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

## **B. COMPLIANCE WITH THE CURRENT LEGISLATION**

The City Council, pursuant to the provisions of the “Landscaping and Lighting Act of 1972”, being Division 15, Part 2 of the Streets and Highways Code of the State of California, beginning with Section 22500 (the “1972 Act”); Article XIID of the Constitution of the State of California (“Article XIID”); and the Proposition 218 Omnibus Implementation Act, beginning with Government Code Section 53750 (the “Implementation Act”) (the 1972 Act, Article XIID and the Implementation Act are referred to collectively as the “Assessment Law”) initiated proceedings for the formation of the District on February 15, 2006 and to levy and collect annual assessments against lots and parcels within the District for FY 2006/07. On April 5, 2006, pursuant to Assessment Law, the City conducted a Public Hearing and tabulated the returned ballots. The City determined that a majority protest did not exist and approved the District’s maximum assessment rate and annual inflationary adjustment factor.

Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act and Assessment Law.

## **C. DESCRIPTION OF DISTRICT BOUNDARIES**

The territory within the District consists of all lots, parcels and subdivisions of land as shown on the Boundary Map titled “Boundary Map of Historic District Landscaping and Lighting District” as referenced in Appendix A-1 of this Report.

The District is located within the City’s Historic Old Town, west of Highway 80, south of Pleasant Street, north and east of Washington Boulevard, and north and west of the Union Pacific Railroad. The District consists of mostly commercial parcels in a concentrated area of the Downtown primarily fronting the following streets: Church Street northeast of Washington Boulevard, Main Street between Washington Boulevard and Lincoln Street, Pacific Street and Lincoln Street where the improvements end approximately one block south of Pleasant Street.

## **D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal

of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.

- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;

- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of

the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.

- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

## **E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE**

The District, through the levy of special assessments, provides funding for ongoing maintenance, operation and servicing of landscaping and lighting improvements located within the public rights-of-ways and dedicated easements located within the District. These improvements may include, but are not limited to, all materials, equipment, utilities, labor, and appurtenant facilities related to the ongoing maintenance of the improvements. Maintenance services will be provided by City personnel and/or private contractors. The proposed improvements to be maintained and services are generally described as follows:

### **Landscaping Improvements**

The landscaping improvements have been designed to enhance the area within the District and may include, but are not limited to ground cover, shrubs and plants, trees, irrigation and drainage systems, trash receptacles, ornamental lighting, masonry walls or other fencing, hardscape improvements, monuments and landmarks, recreational facilities and associated appurtenances located within the street rights-of-way and public areas within the District. Specifically, the proposed landscape improvement areas for this District are:

- Parkway landscaping and hardscape improvements within the public right of ways of the streets within the district including, but not limited to, Lincoln Street, Main Street, Church Street, Pacific Street and the northeast side of Washington Boulevard estimated at 14,450 square feet of landscaping;
- Various amenities associated with the landscape improvements and public areas within the District, including, but not limited to, trash receptacles, street furniture, bike racks, entry signs, sidewalks, fencing, and retaining walls.

Specifically, not included as District improvements are those improvements located on private property, improvements and facilities that are outside the boundaries of the District and/or are funded by other sources available to the City, including those portions of the median and parkway landscaping on Washington Boulevard (southwest side of the street) that are outside the District boundaries.

## **Public Lighting Improvements**

The lighting improvements may include, but are not limited to, the cost of providing, maintaining and servicing of lighting fixtures, poles, meters, conduits, electrical cable, and associated appurtenant facilities associated with:

- Lighting facilities within the landscaped areas and public areas including safety lights, security lights or ornamental lights installed as part of the District improvements; and
- Public street light improvements located on the streets within the District.

Specifically excluded from the assessment are the street light energy costs. These costs will continue to be paid for by the City from other revenue sources.

Detailed maps of the locations and descriptions of the specific improvements to be maintained by the District are on file in the Office of Public Works and by reference are made part of this Report.

## **Description of Maintenance and Services**

Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of landscaping and street lighting improvements facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the landscaping and street lighting improvements, or appurtenant facilities; providing for the life, growth, health and beauty of landscaping improvements including cultivation, irrigation, trimming, mowing, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Servicing means the furnishing of water and electricity for the irrigation of the landscape improvements or appurtenant facilities and the furnishing of electric current or energy for the operation of the landscaping improvements or appurtenant facilities. The street lighting improvements shall be maintained to provide adequate illumination; however, the City will be paying the actual energy costs to provide illumination.

## II. METHOD OF APPORTIONMENT

---

### A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in the District therefore reflects the composition of the parcels, and the Improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

### B. BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIIID addresses several key criteria for the levy of assessments, notably:

Article XIIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”.

The City initiated and conducted property owner protest ballot proceedings in accordance with Article XIID. Each of the proposed Improvements, the associated costs and assessments were identified and allocated based on special benefit pursuant to the provisions of Article XIID and 1972 Act. Additionally, the Improvements and the annual costs of ensuring the maintenance and operation of the Improvements are of direct and special benefit to the properties.

The City annually levies and collects special benefit assessments in order to maintain and service the District Improvements. The District provides for specific Improvements and services that include the maintenance and operation of landscaping and lighting Improvements and associated appurtenances located within the District’s public rights-of-way and dedicated easements. The annual

assessment is based on the historical and estimated costs to maintain the Improvements that provide a benefit to properties within these Districts. The Improvements within the District and the costs of those Improvements are identified and budgeted separately, including all expenditures, deficits, surpluses, revenues, and reserves.

All Improvements within the District and the properties associated with those Improvements were reviewed for benefit prior to the formation of the District. Because the Improvements affront the benefited parcels, it has been determined that there is no measurable general benefit to properties outside the District or to the public at large. In making this determination it should be noted that similar improvements within California are typically maintained by individual property owners, through some type of association or a special district as allowed by State Law since the on-going maintenance of these improvements are a special benefit to the properties associated with those improvements.

The method of apportionment (method of assessment) for the District is based on the premise that each of the assessed parcels within the District receives special benefit from the Improvements maintained and financed by District assessments. The presence of these Improvements and the close proximity of the Improvements to the properties within the District enhance the desirability and security of properties within the District.

The landscape Improvements provided by the District may include landscaped parkways, perimeters, entryways, local medians, slopes, internal amenities and appurtenant facilities. Street lighting Improvements may include all energy costs and necessary maintenance to the facilities related thereto. The annual assessments outlined in this Report are proposed to cover the estimated costs to provide all necessary service, operation, administration, and maintenance required to keep these Improvements in a healthy, vigorous, and satisfactory condition. The special benefits associated with the local landscaping Improvements are specifically:

The special benefits associated with all landscaping Improvements are specifically:

- Enhanced desirability of properties through association with the Improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate landscaping.
- Environmental enhancement through improved dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained Improvements associated with the properties.

- Enhanced quality of life through well-maintained landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation and attenuating noise.

The special benefits of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

- Enhanced deterrence of crime and the aid to police protection.
- Increased nighttime safety on streets and roads within the Districts.
- Improved ability of pedestrians and motorists to see.
- Improved ingress and egress to property.
- Reduced vandalism and other criminal acts and damage to Improvements or property.
- Improved traffic circulation and reduced nighttime accidents and personal property loss.
- Increased promotion of business during nighttime hours in the case of commercial properties.

All of the preceding special benefits contribute to a specific enhancement and desirability of each of the assessed parcels within the District.

### **C. DESCRIPTION OF THE METHOD OF APPORTIONMENT**

To establish the special benefit to the individual parcels within the District a formula that spreads the costs of the maintenance based on the special benefit must be established. The improvements have been reviewed and the following formula has been established to apportion the maintenance costs based on benefit.

For purposes of the Assessment Methodology, the terms hereinafter set forth have been the following meanings:

**Acreage** means the land area of an Assessor's Parcel as shown on an Assessor's Parcel map-, or if the land area is not shown on an Assessor's parcel map, the land area shown on the applicable final map, parcel map, condominium plan, record of survey or other recorded document creating and describing such area of land.

**Multi-Family Residential** means a residence for which building permits have been issued for attached residential units for rental purposes.

**Single-Family Residential Unit** means a single residential home. This land use includes detached or attached for sale units intended for single-family occupancy.

**Commercial** means property being used or zoned for either commercial or industrial use.

Three components were used in the methodology to determine each parcels assessment; 1) Front footage of parcels along the proposed street improvements; 2) acreage of benefiting parcels; and 3) Current land use of parcels. Based on these three components the assessments were determined as follows:

First, the parcels Front Footage was determined based on Assessor's Parcel maps or other sources. Only Front footage on streets that will be improved was used. For parcels with Front Footage on more than one side (corner lots), the total Front Footage was divided by two to provide an average Front Footage. It was determined that twenty percent (20%) of the total budget was reasonably attributed to Front Footage; therefore twenty percent (20%) of the budget was spread to Front Footage.

Second, each parcel's Acreage was calculated based on Assessors Parcels map. It was determined that eighty percent (80%) of the budget was reasonably attributed to Acreage; therefore eighty (80%) of the budget was spread on Acreage. In the event that common area parcels are created subsequent to the formation of the District, the acreage of any such common area parcels shall be apportioned to the remaining assessable parcels of the subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

Third, the current land use of the parcel was determined using the County's secured roll. Parcels currently used as a Single-Family Residence or Multi-Family Residences were determined to receive twenty-five (25%) of the benefit in relation to commercial parcels. Additionally, it was determined that single Family Residential Parcels benefit equally from the improvements, therefore the total assessment calculated based on the formula was averaged between the five Single Family Residential parcels to determine a Single-Family Residential rate per Unit.

The base year maximum assessment rates approved to be levied in FY 2006/07 are provided in the table below.

| Base Year (FY 2006/07)<br>Maximum Assessment Rates |                       |                     |                   |
|----------------------------------------------------|-----------------------|---------------------|-------------------|
| Land Use                                           | Front Footage         | Acreage Rate        | Flat Rate         |
| Commercial                                         | \$1.99 per Front Foot | \$2,582.41 per Acre | N/A               |
| Multi-Family Residential                           | \$0.50 per Front Foot | \$645.60 per Acre   | N/A               |
| Single-Family Residential                          | N/A                   | N/A                 | \$132.00 per Unit |

The following formula is used to calculate each parcel's assessment (proportional benefit) for those parcels that are not Single-Family Residential parcels.

**Front Footage Rate x Parcel's Adjusted Front Footage = Parcel Front Footage Levy**

**Acreage Rate x Parcel's Adjusted Acreage = Parcel Acreage Levy**

**Proposed Levy per Parcel = Parcel Front Footage Levy + Parcel Acreage Levy**

The Assessment Range Formula shall be applied to all future assessments within the District beginning in fiscal year 2007/08. Generally, if the proposed annual assessment for the current fiscal year is less than or equal to the calculated Maximum Assessment, then the Assessment is equal to the initial Assessment (approved by property owners within the District) adjusted annually by three percent (3%).

Beginning in the second fiscal year (Fiscal Year 2007/08) and each fiscal year thereafter, the Maximum Assessment would be recalculated and a new Maximum Assessment established within the District.

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

Although the Maximum Assessment will increase each year, the actual assessment may remain unchanged. The Maximum Assessment adjustment is designed to establish a reasonable limit on assessments. The Maximum Assessment calculated each year does not require or facilitate an increase to the annual assessment and neither does it restrict assessments to the adjustment maximum amount. If the budget and assessment for the fiscal year do not require an increase, or the increase is less than the adjusted Maximum Assessment, the required budget and assessment may be applied without additional property owner balloting. If the budget and assessments calculated requires an increase greater than the adjusted Maximum Assessment, then the assessment is considered an increased assessment and would be subject to balloting.

#### **D. ANNUAL INFLATIONARY ADJUSTMENT**

If the proposed assessment rates increase over the prior fiscal year's maximum assessment rates by a percentage no greater than the 3%, then the proposed assessment rates are not considered an increase.

### III. DISTRICT BUDGET

#### A. FY 2023/24 BUDGET

| DESCRIPTION                                        | AMOUNT<br>(FUND 2021) |
|----------------------------------------------------|-----------------------|
| <b><u>DIRECT COSTS</u></b>                         |                       |
| Contract Maintenance - Landscaping                 | \$13,448.00           |
| Repair & Maintenance - Landscaping                 | 9,000.00              |
| Repair & Maintenance - Lighting                    | 1,500.00              |
| Repair and Maintenance - Streetscape and Signage   | 500.00                |
| Repair and Maintenance - Tree Work                 | 5,900.00              |
| Utilities                                          | 12,000.00             |
| Rehab Reserve Expenditures - Non-Routine Tree Work | 2,200.00              |
| Rehab Reserve Project Expenditures                 | 16,000.00             |
| <b>Total Direct Costs</b>                          | <b>\$60,548.00</b>    |
| <b><u>ADMINISTRATION COSTS</u></b>                 |                       |
| City Administration                                | \$874.00              |
| Contract Administration - Park's Dept              | 2,200.00              |
| County Auditor Fees                                | 449.80                |
| Consulting & Professional Services                 | 3,922.00              |
| Public Hearing Publishing Costs                    | 361.00                |
| <b>Total Administrative Costs</b>                  | <b>\$7,806.80</b>     |
| <b>Total Direct and Administration Costs</b>       | <b>\$68,354.80</b>    |
| <b><u>BUDGET ADJUSTMENTS</u></b>                   |                       |
| Replenishment/(Use) of Operating Reserve           | (\$5,174.58)          |
| Contribution for /(Use of) Rehab Reserve           | (18,200.00)           |
| Rounding Adjustment                                | (0.58)                |
| <b>Total Adjustments</b>                           | <b>(\$23,375.16)</b>  |
| <b>BALANCE TO LEVY</b>                             | <b>\$44,979.64</b>    |

Fund balance information is reported in Section C on the following page.

## B. FY 2023/24 ASSESSMENT RATES

| DESCRIPTION                                         | AMOUNT<br>(FUND 2021) |
|-----------------------------------------------------|-----------------------|
| <b><u>FY 2023/24 ASSESSMENT DATA</u></b>            |                       |
| Number of Assessable Parcels                        | 54                    |
| Total Front Footage - Commercial                    | 2,589.87              |
| Total Front Footage - MFR                           | 410.00                |
| Total Assessable Acreage - Commercial               | 7.8463                |
| Total Assessable Acreage - MFR                      | 1.4445                |
| Total Single Family Residences                      | 5                     |
| Applied Assessment Rate per Front Foot - Commercial | \$3.2892              |
| Applied Assessment Rate per Front Foot - MFR        | \$0.8264              |
| Applied Assessment Rate per Acre - Commercial       | \$4,268.3302          |
| Applied Assessment Rate per Acre - MFR              | \$1,067.0784          |
| Applied Assessment Rate per SF Residence            | \$218.1759            |
| Maximum Assessment Rate per Front Foot - Commercial | \$3.2892              |
| Maximum Assessment Rate per Front Foot - MFR        | \$0.8264              |
| Maximum Assessment Rate per Acre - Commercial       | \$4,268.3302          |
| Maximum Assessment Rate per Acre - MFR              | \$1,067.0784          |
| Maximum Assessment Rate per SF Residence            | \$218.1759            |
| <b>Potential Maximum Assessment</b>                 | <b>\$44,980</b>       |

## C. FY 2023/24 FUND BALANCE INFORMATION

| DESCRIPTION                                                | AMOUNT<br>(FUND 2021) |
|------------------------------------------------------------|-----------------------|

| <b>Beginning Operating Reserve Balance 7-1-2023 (est.)</b> | <b>\$4,570.00</b>     |
| add: Replenish from FY 2023/24 Levy                        |                       |
| less: Use for FY 2023/24 Expenses                          | (5,174.58)            |
| Transfer from/(to) the Rehab Reserve                       | 30,878.58             |
| <b>Ending Operating Reserve Balance 6-30-2024 (est.)</b>   | <b>\$30,274.00</b>    |
| <b><u>REHABILITATION RESERVE</u></b>                       |                       |
| <b>Beginning Rehab Reserve Balance 7-1-2023 (est.)</b>     | <b>\$93,013.00</b>    |
| add: Collect from FY 2023/24 Levy                          |                       |
| less: Use for FY 2023/24 Rehab Projects                    | (18,200.00)           |
| Transfer from/(to) the Operating Reserve                   | (30,878.58)           |
| <b>Ending Rehab Reserve Balance 6-30-2024 (est.)</b>       | <b>\$43,934.42</b>    |

## D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

### BUDGET:

#### DIRECT COSTS

**Contract Maintenance - Landscaping** - Includes all regularly scheduled contract labor, required to properly maintain and ensure the satisfactory condition of all landscaping, irrigation and drainage systems and appurtenant facilities.

**Repair and Maintenance - Landscaping** - This item includes landscape improvement repair and maintenance costs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included. Costs could include the renovation of improvements such as irrigation systems.

**Repair and Maintenance - Lighting** - This item includes lighting improvement repair and maintenance costs. This may include repair of damaged amenities due to vandalism, storms, etc. Planned replacements or upgrades that provide a direct benefit to the District during the Current Fiscal Year may also be included.

**Repair and Maintenance - Streetscape and Signage** - This item includes repair and maintenance costs of streetscape and sign improvements. Streetscape improvements include street furniture, sidewalks, curbs, gutters, parking stripes, brick pavers, benches, bike racks, and trash receptacles. This may include repair of damaged amenities due to vandalism, storms, etc. May include planned replacements or upgrades not listed below that provide a direct benefit to the District.

**Repair & Maintenance – Tree Work** - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

**Utilities** - The furnishing of water and electricity required for the operation and maintenance of the improvements.

**Rehab Reserve Expenditures - Non-Routine Tree Work** – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

**Rehab Reserve Project Expenditures** – Expected costs for installation, replacement or planned upgrades of District improvements for the current year that

were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

### **ADMINISTRATION COSTS**

**City Administration** – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as the costs to perform legal review of documents.

**Contract Administration – Park's Dept** – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

**County Auditor Fees** - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

**Consulting and Professional Services** – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts, the preparation of the Engineer's' Report.

**Public Hearing Publishing Costs** –Includes the out of pocket costs to publish public notices required for City Council action relating to the District.

**Total Direct and Administration Costs** – The total expected costs of the District.

### **BUDGET ADJUSTMENTS**

**Replenishment/(Use) of Operating Reserve** – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

**Contribution for / (Use of) Rehab Reserve** — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

## **ASSESSMENT RATES:**

**Number of Assessable Parcels** - The total number of parcels that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

**Total Assessable Front Footage** – the total number of Front Feet within the District, adjusted for corner parcels, Multi-Family Residential and Single-Family Residential Parcels will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

**Total Assessable Acreage** – the total Acreage within the District, adjusted for Multi-Family Residential and Single-Family Residential Parcels that will be assessed as calculated in accordance with the methodology set out in Section C of this Report.

**Total Single-Family Residential Parcels** – the total number of parcels currently being used as Single-Family Residences.

**Applied Assessment Rates** – The applied assessment rates for each of the District’s land use types.

**Maximum Assessment Rates per Front Foot** – The maximum dollar amount that can be assessed per Adjusted Front Foot for the District’s land use type for the current fiscal year.

**Maximum Assessment Rates per Acre** – The maximum dollar amount that can be assessed per Adjusted Acreage Foot for the District's land use type for the current fiscal year.

**Maximum Assessment Rate per SF Residential Unit** – The maximum dollar amount that can be assessed per Single Family Unit within the District for the current fiscal year.

**Potential Maximum Assessment** – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

## **FUND BALANCE INFORMATION:**

### **OPERATING RESERVE**

**Beginning Operating Reserve Balance 7-1-2023 (est.)** - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2023 to December 31, 2023, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenish from FY 2023/24 Levy** – This amount is added to the FY 2023/24 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Expenses** – The amount of the Operating Reserve to be used to fund FY 2023/24 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Rehab Reserve** — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or

equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Operating Reserve Balance 6-30-2024 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2024. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

### **REHABILITATION RESERVE**

**Beginning Rehab Reserve Balance 7-1-2023 (est.)** — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2023. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Collect from FY 2023/24 Levy** — This amount is added to the FY 2023/24 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Rehab Projects** – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Rehab Reserve Balance 6-30-2024 (est.)** - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2024. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations or

upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

## E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

*Streets and Highways Code 22660* allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are provided below.

| Description                                                                      | FY<br>2024-25   | FY<br>2025-26   | FY<br>2026-27   | FY<br>2027-28   | 4 Year<br>Total |
|----------------------------------------------------------------------------------|-----------------|-----------------|-----------------|-----------------|-----------------|
| Repair, replace and/or refurbish street furniture (pots)                         | \$7,500         | \$3,000         | \$3,000         | \$4,000         | \$17,500        |
| Repair, replace streetscape and hardscape                                        | 1,000           | 2,500           | 1,000           | 2,000           | 6,500           |
| Replace, repair, renovate and/or refurbish plants, landscape & related materials | 6,000           | 10,000          | 6,000           | 10,000          | 32,000          |
| Replace, repair lighting fixtures                                                | 2,200           | 2,300           | 2,400           | 2,500           | 9,400           |
| Non-routine tree work                                                            | 2,420           | 2,420           | 2,420           | 2,420           | 9,680           |
| <b>Total Projected Expenditures</b>                                              | <b>\$19,120</b> | <b>\$20,220</b> | <b>\$14,820</b> | <b>\$20,920</b> | <b>\$75,080</b> |

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Districts' Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and/or operation of the improvements.

## APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a summary of the District's Boundaries is presented herein.

VICINITY MAP  
NOT TO SCALE

FILED IN THE OFFICE OF THE CITY CLERK THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 2006.  
I HEREBY CERTIFY THAT THIS MAP SHOWING THE BOUNDARIES OF HISTORIC LANDSCAPING AND LIGHTING DISTRICT, CITY OF ROSEVILLE, COUNTY OF PLACER, STATE OF CALIFORNIA, WAS APPROVED BY THE CITY COUNCIL OF THE CITY OF ROSEVILLE AT A REGULAR MEETING THEREOF, HELD ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2006, BY ITS RESOLUTION NO. \_\_\_\_\_.

CITY CLERK  
CITY OF ROSEVILLE

## APPENDIX B — FY 2023/24 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-ways including public greenbelts and parkways; utility rights-of-ways; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempted from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2023/24. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the Current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

## RESOLUTION NO. 23-161

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENTS FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FOR FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Infill Area Landscaping and Lighting District and annexed territory therein (hereafter referred to as the “District”) and annexed territory therein pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services relating to landscaping, all appurtenant facilities and operations related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter “Engineer”) for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** Engineer’s Report: The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer’s Report concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22622* of the Act.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: maintenance and operation of and the furnishing of services, materials and/or improvements for the landscape and lighting areas adjacent to property within the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-162

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Infill Area Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1** Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: maintenance and operation of and the furnishing of services, materials or improvements for the landscape and lighting areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District includes the parcels within the areas known as the Pheasant Run, Cirby Oaks II and Reuter Ranch subdivisions. The District is known and designated as:

**“Infill Area Landscaping and Lighting District”**

**Section 4** Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

**Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

**RESOLUTION NO. 23-162**

**PASSED, APPROVED, AND ADOPTED THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 2023.**

## RESOLUTION NO. 23-163

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ENGINEER'S ANNUAL LEVY REPORT FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Annual Levy Report (hereafter referred to as the "Engineer's Report") for the district known and designated as the Infill Area Landscaping and Lighting District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer"), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer's Report with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIIC and XIID; and

**WHEREAS**, there has now been presented to this City Council the Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer's Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within each Zone, as set forth in said Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE INFILL AREA LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer's Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis, and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

**RESOLUTION NO. 23-163**

**PASSED, APPROVED, AND ADOPTED THIS**\_\_\_\_\_day of\_\_\_\_\_, 2023.

## I. OVERVIEW

---

### A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the City’s existing Infill Area Landscaping and Lighting District (“District”). The District was formed and levies annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2023 through June 30, 2024 (hereafter “Fiscal Year” or “FY 2023/24”). The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of three (3) zones of benefit, Zones A, B and C (individually the “Zone” and collectively the “Zones”). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the County of Placer (“County”) Assessor. The County Auditor-Controller (“Auditor-Controller”) uses Assessor’s Parcel Numbers and specific tax code accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the Roseville City Council (the “City Council”) will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report, as approved, or modified by the City Council, define the assessments to be applied to each parcel within the District and respective Zones for FY 2023/24. The assessments as approved will be submitted to the Placer County Auditor-Controller to be included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor-Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the Auditor-Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

## **B. COMPLIANCE WITH CURRENT LEGISLATION**

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIIC and XIIID (“Articles XIIIC and XIIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIIC and XIIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

Pursuant to the California Constitution Article XIIID Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, & C identified in this Report) are exempt from the procedural requirements Article XIIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

## **C. DESCRIPTION OF DISTRICT BOUNDARIES**

The three Zones within the District are comprised of three non-contiguous residential subdivisions, namely Pheasant Run, Cirby Oaks II and Reuter Ranch, are located in the southern portion of the City and are within the boundaries of the City’s “Infill Planning Area.” A general depiction of the boundaries of each Zone can be found in Appendix A of this Report.

#### **D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the Report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.

- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

## **E. DESCRIPTION OF IMPROVEMENTS AND BENEFITS**

This District, by special benefit assessments, provides funding for the maintenance and operation of certain landscaping improvements located within the public rights-of-way and dedicated easements:

The District provides all services necessary to maintain the landscaped corridors adjacent to the privately-owned parcels comprising the three subdivisions. Improvements include shrubs, trees, and other landscaping vegetation, as well as irrigation controllers, automatic valves, and irrigation systems. Services provided include all necessary services, operations, and maintenance required in keeping the improvements in a healthy, vigorous condition and in proper working order.

The District encompasses three subdivisions, each of which is located in a separate Zone. The Zones have specific improvements and costs associated with those improvements that benefit the parcels within each respective Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels within the Zone and only parcels that receive a Special Benefit from the improvements are assessed.

The specific locations of the improvements within each Zone of the District are described as follows:

**Zone A – Pheasant Run**

Maintenance of 6,880 square feet of landscaping and related improvements within the Pheasant Run subdivision.

**Zone B – Cirby Oaks**

Maintenance of 7,447 square feet of landscaping and related improvements within the Cirby Oaks II subdivision.

**Zone C – Reuter Ranch**

Maintenance of 24,700 square feet of landscaping and related improvements within the Reuter Ranch subdivision. A larger amount of landscaping benefits the properties within Reuter Ranch and typically results in a larger per parcel assessment for these properties as compared to Zones A and B.

## II. METHOD OF APPORTIONMENT

---

### A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

### B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a Special Benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special Benefit” means a particular and distinct benefit over, and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “Special Benefit.”

Article XIID Section 4a defines proportional Special Benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a Special Benefit conferred upon them and upon which an assessment will be imposed. The proportionate Special Benefit derived by each identified

parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional Special Benefit conferred on that parcel.”

These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

Each of the proposed improvements; the associated costs and assessments have been reviewed, identified, and allocated based on Special Benefit pursuant to the Act. All improvements associated with the Zones were necessary and required through the conditions of property development. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and Special Benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within each Zone receives a Special Benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.

- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allowed the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for Special Benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large.

### **C. RATE AND METHOD OF APPORTIONMENT**

Pursuant to the Act, the costs of each Zone of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and Special Benefit from the improvements in the Zone. This direct and Special Benefit was determined to be equal for all dwelling units within each Zone; costs for each Zone shall be calculated separately within each respective Zone. Each single-family residence is equal to one dwelling unit (unit) and the formula used to arrive at each parcel's annual assessment is described below. Public parcels lying within the landscape corridors are considered to receive no benefit from the improvements and are therefore not assessed.

Costs associated with each Zone are to be charged only to assessable parcels within the respective Zone as follows:

$$\frac{\text{Balance to Levy in Zone}}{\text{Total Units in Zone}} = \text{Assessment Per Unit in Zone}$$

The Maximum Annual Assessment Rates are not to exceed \$193.32 per unit for Zone A and \$200.00 per unit for Zones B and C.

## D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

### BUDGET:

#### DIRECT COSTS

**Contract Maintenance - Landscaping** - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the "improvements").

**Utilities** - The furnishing of water and electricity required for the operation and maintenance of the improvements.

**Repair & Maintenance – Landscaping** - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

**Repair & Maintenance – Tree Work** - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

**Rehab Reserve Expenditures – Non-Routine Tree Work** – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

**Rehab Reserve Project Expenditures** – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

## **ADMINISTRATION COSTS**

**City Administration** – Estimated costs incurred by the City's Finance Department and other Departments in preparing the annual budget for the Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

**Contract Administration – Park's Dept** – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

**County Auditor Fees** - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

**Consulting and Professional Services** – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of

the annual assessment amounts and the preparation of the Report and any out-of-pocket costs related to district administration.

**Public Hearing Publishing Costs** –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

**Total Direct and Administration Costs** – The total expected costs of the District.

## **BUDGET ADJUSTMENTS**

**Replenishment/(Use) of Operating Reserve** – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Contribution for / (Use of) Rehab Reserve** — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected through assessments for the current Fiscal Year for each Zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

## **ASSESSMENT RATES:**

**Number of Assessable Units** - The total number of residential units that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District currently do not benefit from the improvements and are therefore not assessed.

**Applied Assessment Rate per Unit** - The per unit assessment rates to be applied to the non-exempt parcels within the District for the current Fiscal Year.

**Maximum Assessment Rate per Unit** - The per unit maximum assessment rates for the current Fiscal Year.

**Potential Maximum Assessment Per Zone** – The total amount that can be assessed against all parcels within each Zone for the current Fiscal Year based upon the expected number of units to be assessed.

## **FUND BALANCE INFORMATION:**

### **OPERATING RESERVE**

**Beginning Operating Reserve Balance 7-1-2023 (est.)** - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2023 to December 31, 2023, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's Fiscal Year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenish from FY 2023/24 Levy** – This amount is added to the FY 2023/24 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Expenses** – The amount of the Operating Reserve to be used to fund FY 2023/24 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Rehab Reserve** — The amount of Operating Reserve money to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Operating Reserve Balance 6-30-2024 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2024. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

### **REHABILITATION RESERVE**

**Beginning Rehab Reserve Balance 7-1-2023 (est.)** — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2023. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Collect from FY 2023/24 Levy** — This amount is added to the FY 2023/24 levy to accumulate funding for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Rehab Projects** – The amount of Rehabilitation Reserve money expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements in FY 2023/24. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Rehabilitation Reserve moneys to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Rehab Reserve Balance 6-30-2024 (est.)** - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2024. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

## E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

*Streets and Highways Code 22660* allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

### Zone A

| Description                                                                      | FY<br>2024-25  | FY<br>2025-26 | FY<br>2026-27  | FY<br>2027-28  | 4 Year<br>Total |

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

## **APPENDIX A – DISTRICT BOUNDARY MAPS**

The Assessment Diagrams for the District have previously been submitted to the City Clerk in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District and Zone Boundaries are presented herein.

## APPENDIX B — FY 2023/24 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2023/24. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current Fiscal Year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

## RESOLUTION NO. 23-164

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ENGINEER'S LEVY OF ASSESSMENTS FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Johnson Ranch Landscaping and Lighting District and annexed territory therein (hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of street lighting, landscaping, and all appurtenant facilities and operations related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer") for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1 Engineer's Report:** The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer's Report concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22622* of the Act.

**Section 2 Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance and operation of and the furnishing of services, materials and/or improvements for landscape, lighting, open space, floodway, stream course and wetland areas, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-165

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Johnson Ranch Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1 Intention:** The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2 Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, floodway, stream course and wetland areas, including certain mitigation monitoring activities therein, turf, ground cover, shrubs and trees, irrigation systems and drainage systems, bike trails, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District generally includes the parcels within the area known as the Southeast Roseville Specific Plan. The District is known and designated as

**“Johnson Ranch Landscaping and Lighting District”**

**Section 4** Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and applicable annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

**Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

**RESOLUTION NO. 23-165**

## RESOLUTION NO. 23-166

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ANNUAL LEVY REPORT FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Annual Levy Report (hereafter referred to as the “Report”) for the district known and designated as the Johnson Ranch Landscaping and Lighting District (hereafter referred to as the “District”), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the “Act”); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter “Engineer”), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer’s Annual Levy Report (hereafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIII C and XIII D; and,

**WHEREAS**, there has now been presented to this City Council the Engineer’s Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer’s Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within each Zone, as set forth in said Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE JOHNSON RANCH LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer’s Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

**RESOLUTION NO. 23-166**

**PASSED, APPROVED, AND ADOPTED THIS**\_\_\_\_\_day of\_\_\_\_\_, 2023.

## I. OVERVIEW

---

### A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements in the southeast section of the City of Roseville, known as Johnson Ranch Landscaping and Lighting District (“District”). The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “1972 Act”).

The Engineer’s Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2023 through June 30, 2024. The special benefit assessments are based on historical and estimated costs to maintain the District improvements. These assessments, which provide a direct and special benefit to properties within the District, will provide funding for the operation and maintenance of District improvements.

The District consists of five (5) zones of benefit, Zones A, B, C, D and E (individually the “Zone” and collectively the “Zones”). The improvements that benefit properties within each Zone and the costs to maintain and service those improvements are identified and budgeted separately by Zone. The total cost of landscape maintenance within a Zone is equitably spread among only the benefiting parcels.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will, by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the 1972 Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2023/24. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the

resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

## **B. COMPLIANCE WITH CURRENT LEGISLATION**

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIC and XIID (“Articles XIIC and XIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIC and XIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

Pursuant to the California Constitution Article XIID, Section 5, certain existing assessments are exempt from the substantive and procedural requirements of Article XIID Section 4 and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments originally established for the District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to Article XIID Section 5(b), all the property owners approved the existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). Therefore, the pre-existing assessment amounts (the maximum assessment rates of Zones A, B, C & D identified in this Report) are exempt from the procedural requirements of Article XIID Section 4, provided the assessments are not increased above these previously approved maximum assessment rates.

In Fiscal Year 1999/00, the City initiated and conducted property owner protest ballot proceedings in accordance with Article XIID for Zone E in order to increase the assessment to cover additional costs for services. The proposed assessment increase presented to property owners included an annual inflationary factor of 3%. In Fiscal Year 1999/00 the maximum assessment rate was \$623.10 per acre. At the conclusion of the Public Hearing, all property owner ballots returned were tabulated and the City determined that a majority protest did not exist. The City Council then approved the increased assessment and the inflationary factor for maintaining the improvements within the District.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the Act.

### **C. DISTRICT BOUNDARIES**

The District lies within a portion of the Southeast Roseville Specific Plan, which is located in the southeast section of the City of Roseville. The District is generally located east of I-80 on the south side of Douglas Boulevard. See Appendix A for a rendering of the District boundary map.

### **D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.

- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

## **E. DESCRIPTION OF THE IMPROVEMENTS AND BENEFITS**

### **Zones A, B and C**

Zones A, B and C of the District, by special benefit assessments, provide annual funding for the continual maintenance of certain landscaping, open space areas; including floodway and stream course areas as well as any the maintenance of bike trails. The specific locations of the floodways, stream courses and areas adjacent thereto to be maintained are described below:

- Parcel 70 - Floodway that feeds Cirby Creek and is located between Douglas Boulevard and Eureka Road. (7.76 acres) - Zone C
- Parcel 71 - Strap Ravine floodway between Douglas Boulevard and East Roseville Parkway. (3.38 acres) - Zone A
- Parcel 72 - Floodway between Roseville Parkway east to commercial development. (8.98 acres) - Zone C
- Parcel 73 - Recreational floodway in Strap Ravine between East Roseville Parkway and Sierra College Boulevard. (16.11 acres) - Zone A
- Parcels 74 & 75 - Recreational floodway that eventually feeds Linda Creek, beginning at Sierra College Boulevard then east to the Roseville City limits. (6.2 acres and 10.8 acres, respectively) - Zone B

## **Zone D**

Zone D of the District, by special benefit assessments, provides annual funding for the costs of mitigation monitoring and costs to maintain landscaped open space areas within certain wetland / riparian area(s) to comply with a Section 404 Permit. The issuance of this Section 404 permit was a condition of the development of the Johnson Ranch East Project, which represents the parcels comprising Zone D.

## **Zone E**

Zone E of the District, by special benefit assessments, provides annual funding for the maintenance of certain landscaping, bike trails and open space areas that include floodway and stream course areas and the costs of mitigation monitoring to comply with both a Section 404 Permit (Federal) and a 1603 Permit (State). The issuance of these permits was a condition of the development of Parcel 9. The specific locations of the floodway and stream courses to be maintained are described as:

- Parcel 76 - Streambed and floodway area located at Cirby Creek from the southwest side of Eureka Boulevard to the end of the Coker Development. (2.79 acres)

## II. METHOD OF APPORTIONMENT

---

### A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

### B. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments regarding Zone E, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the improvements within the District, and the assessment obligation for each parcel reflects that parcel’s proportional special benefits as compared to other properties that receive special benefits.

### **C. DESCRIPTION OF METHOD OF APPORTIONMENT**

Pursuant to the Act, the costs of the District must be spread to each parcel based upon a benefit formula. Each assessable parcel in the District receives a direct and special benefit from the improvements in the District. The formula used to arrive at each parcel’s annual levy amount in each zone is as follows:

#### **Zones A and B**

Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). The remaining Seventy percent (70%) of costs are then allocated equally on a per acre basis to all assessable parcels within these Zones. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

#### **Zones C, D and E**

The budgeted costs of Zones C, D and E are to be allocated equally on a per acre basis to all assessable parcels within each respective Zone. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

### **D. INFLATIONARY ADJUSTMENT FACTOR**

For Zone E only, if the proposed assessment rate increases over the prior fiscal year’s maximum assessment rate by a percentage no greater than the 3%, then the proposed assessment rate is not considered an increase.

### III. DISTRICT BUDGET

#### A. FY 2023/24 BUDGET

## D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

### BUDGET:

#### DIRECT COSTS

**Contract Maintenance - Open Space** – Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition of all open space landscaping, irrigation, drainage systems, lighting, floodplain improvements and appurtenant facilities (the “improvements”).

**Mitigation Monitoring** – Costs associated with monitoring certain impacts to riparian areas in or near the District under the terms of a Section 404 or 1603 permit. If zero, this line item will not be shown in the budget.

**Utilities** - The furnishing of water and electricity required for the operation and maintenance of the improvements. If zero, this line item will not be shown in the budget.

**Maintenance - Bike Trails** - Costs associated with the resurfacing of the Bike trail. If zero, this line item will not be shown in the budget.

**Water Hyacinth Eradication** – Costs associated with the eradication of the Water Hyacinth plant in the creek beds. If zero, this line item will not be shown in the budget.

**Rehab Reserve Project Expenditures** – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year’s assessment. If zero, this line item may not be shown in the budget.

## **ADMINISTRATION COSTS**

**City Administration** – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

**Contract Administration – Park's Dept** – Estimated costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

**Contract Administration – Open Space** – Estimated costs of City staff to coordinate and oversee the maintenance contracts and non-contract maintenance of the open space areas of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items.

**County Auditor Fees** - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

**Consulting and Professional Services** – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

**Public Hearing Publishing Costs** –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

**Total Direct and Administration Costs** – The total expected costs of the District.

## **BUDGET ADJUSTMENTS**

**Replenishment/(Use) of Operating Reserve** – A "Replenishment" increases the levy in order to replenish the Operating Reserve. On the other hand, a "Use" of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under "FUND BALANCE INFORMATION" in the following pages of this Section.

**Contribution for / (Use of) Rehab Reserve** — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected through assessments for the current fiscal year for each Zone. The Balance to Levy represents the sum of the total District costs together with applicable adjustments related to the Reserve Fund replenishments or reductions and/or Capital Improvement Fund activity.

**Parcel 82 Levy Recap** – A recap of the cost breakdown between certain parcels. Thirty percent (30%) of the total budgeted costs of Zones A & B are to be levied to floodway Parcel 82 (APN 458-020-001). 70% of costs are to be assessed to the remaining parcels.

#### **ASSESSMENT RATES:**

**Number of Assessable Parcels** - The total number of parcels within each Unit that are expected to be assessed. Non-assessable lots or parcels include government-owned land, public utility-owned property, land principally encumbered by public rights-of-way or easements, common areas, and/or parcels within the boundaries of the District that currently do not benefit from the improvements due possibly to development restrictions.

**Total Assessable Acres – Non-Parcel 82 Properties** - The total number of acres within Zones A and B that are to be assessed on an acreage basis for the current fiscal year; this acreage excludes Parcel 82.

**Applied Assessment Rates** - The assessment rates to be applied to the non-exempt parcels within the District for the current fiscal year.

**Maximum Assessment Rates** - The maximum assessment rates for the current fiscal year.

**Maximum Potential Assessment** – The total amount that is expected to be assessed against all parcels within the District for the Current Fiscal Year.

## **FUND BALANCE INFORMATION:**

### **OPERATING RESERVE**

**Beginning Operating Reserve Balance 7-1-2023 (est.)** - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2023 to December 31, 2023, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenish from FY 2023/24 Levy** – This amount is added to the FY 2023/24 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Expenses** – The amount of the Operating Reserve to be used to fund FY 2023/24 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Rehab Reserve** — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Operating Reserve Balance 6-30-2024 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2024. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

### **REHABILITATION RESERVE**

**Beginning Rehab Reserve Balance 7-1-2023 (est.)** — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2023. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Collect from FY 2023/24 Levy** — This amount is added to the FY 2023/24 levy to accumulate funding of future year rehabilitation projects, replacements, restorations or upgrades of District improvements. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Rehab Projects** – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Rehab Reserve Balance 6-30-2024 (est.)** - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2024. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

## E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

*Streets and Highways Code 22660* allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

| Description                              | FY<br>2024-25 | FY<br>2025-26 | FY<br>2026-27 | FY<br>2027-28 | 4 Year<br>Total |
|------------------------------------------|---------------|---------------|---------------|---------------|-----------------|
| General open space, creek rehab - Zone A | \$800         | \$700         | \$700         | \$700         | \$2,900         |
| General open space, creek rehab - Zone D | \$0           | \$128         |               | \$135         | \$263           |
| General open space, creek rehab - Zone E | \$150         | \$150         | \$150         | \$150         | \$600           |
| <b>Total Projected Expenditures</b>      | <b>\$950</b>  | <b>\$978</b>  | <b>\$850</b>  | <b>\$985</b>  | <b>\$3,763</b>  |

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the District or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same Zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

## APPENDIX A – DISTRICT BOUNDARY MAP

The Assessment Diagrams for the District have previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a one-page rendering of the District's Boundaries is presented herein.

## APPENDIX B — FY 2023/24 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

A listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2023/24. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

## RESOLUTION NO. 23-167

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ENGINEER'S LEVY OF ASSESSMENTS FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the North Central Roseville Specific Plan Landscaping and Lighting District and annexed territory therein (hereafter referred to as the "District") pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of street lighting, landscaping, and all appurtenant facilities and operations related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer") for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer's Annual Levy Report (hereinafter referred to as the "Engineer's Report") with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** Engineer's Report: The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer's Report concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22622* of the Act.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials and/or improvements for certain areas, including landscape, lighting, park, open space, parkway, slope and median areas together with trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, recreation equipment, bike paths, pedestrian trails, walls and fences, other public improvements within the street right of way areas and other appurtenant facilities as further described in the Engineer's Report. The Engineer's Report also describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-168

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the North Central Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1** Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for certain areas, including landscape, lighting, park, open space, parkway, slope and median areas together with trees, shrubs, turf and other ornamental vegetation, drainage and irrigation systems, recreation equipment, bike paths, pedestrian trails, walls and fences, other public improvements within the street right of way areas and other appurtenant facilities as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District generally includes the parcels within the area known as the North Central Roseville Specific Plan. The District is known and designated as

**“North Central Roseville Specific Plan Landscaping and Lighting District”**

**Section 4** Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

**Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

## RESOLUTION NO. 23-169

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ENGINEER'S ANNUAL LEVY REPORT FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Engineer's Annual Levy Report (hereafter referred to as the "Engineer's Report") for the district known and designated as the North Central Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer"), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer's Report with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIIC and XIID; and,

**WHEREAS**, there has now been presented to this City Council the Engineer's Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer's Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within each Zone, as set forth in said Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTH CENTRAL ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer's Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

## I. OVERVIEW

---

### A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to maintain the improvements within the existing North Central Roseville Specific Plan Landscaping and Lighting District (“District”) within the City. The District was formed in 1990. The District was formed and is levied annual assessments pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the “Act”).

This Engineer’s Annual Levy Report for Fiscal Year 2023/24 (“Report”) describes the District, any annexations, changes to the District, and the proposed assessments for the period of July 1, 2023 through June 30, 2024. The maintenance, operation and servicing of the improvements associated with specific areas of the City that provide a special benefit to the properties in that area are identified as Zones. The costs of the improvements and services are identified and budgeted separately for each Zone and each parcel within a Zone is assessed proportionately for only those improvements and services that are a direct and special benefit to the properties within the Zone. The budgets and assessments are based on the estimated cost (considering historical costs) to maintain the District improvements that provide a direct and special benefit to properties within the District.

The District consists of four landscaping benefit Zones:

- District Wide Benefit Zone
- Local Benefit Zone
- Zone F
- Zone G

In 2003, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, for the territory now known as Zones F & G. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the annexation of Zones F and G, the maximum assessment rates, and annual inflationary adjustment factor.

In 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the Act and Proposition 218, to reengineer Zones A, B, C, D & E and approve the maximum assessment rates and annual inflationary adjustment factor. After the results of the ballots were tabulated, the City determined that a majority protest did not exist. The City then approved the Engineer’s Annual Levy Report for FY 2004/05, which reconstituted the reengineered zones into the respective District Wide Benefit Zone or Local Benefit Zone.

Zones A, B, C, D and E were reengineered in order to more accurately identify the Zones and areas of special benefit within this portion of the District. These zones were combined into two new Zones based primarily on level of service, similarity of improvement types, and the proximity to improvements.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the Placer County Assessor’s Office. The Placer County Auditor/Controller uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2023/24. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rates approved by the City Council.

## **B. COMPLIANCE WITH CURRENT LEGISLATION**

All assessments described in this Report and approved by the City Council are prepared in accordance with the Act and are in compliance with the substantive and procedural requirements of the California State Constitution Articles XIIC and XIID (“Articles XIIC and XIID”) and the provisions of the Proposition 218 Omnibus Implementation Act [Government Code Section 53750 and following] (the “Implementation Act”). Articles XIIC and XIID and the Implementation Act collectively are hereinafter referred to as “Proposition 218”.

In compliance with the provisions of Proposition 218, property owner ballot proceedings have been conducted for all Zones within the District; such proceedings approved and confirmed the Maximum Assessments and the Inflationary Adjustment Factor as described in this Report.

The District and all Zones therein have been formed pursuant to the Act. Pursuant to the Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments, to review the Engineer’s Annual Levy Report prior to approving the annual assessments to be levied on the County tax rolls.

### **C. DESCRIPTION OF DISTRICT BOUNDARIES**

The District is located north of downtown Roseville between Interstate 80 and Washington Boulevard and generally encompasses the area within the North Central Roseville Specific Plan (“NCRSP”) and two small residential developments in close proximity to the NCRSP near the corner of Diamond Oaks Road and Washington Boulevard. See Appendix A for District boundary map.

**District Wide Zone** This Zone includes all assessable property within the District with the exception of Zone F and Zone G.

**Local Benefit Zone** This Zone includes all single-family residential property within the District with the exception of Zone F and Zone G.

**Zone F** This Zone, which comprises the Diamond Oaks Unit No. 10 development, was created on January 8, 2003 through Resolution 03-2 and was first levied in FY 2003/04. Zone F was comprised of Assessor Parcel Number (“APN”) 015-020-040 prior to being subdivided into 39 residential lots.

**Zone G** This Zone, which comprises the Diamond Oaks Unit No. 14 development, was created on May 28, 2003 through Resolution 03-220 and was first levied in FY 2003/04. Zone G was comprised of APNs 017-041-034 & 015-020-006 prior to being subdivided into 76 residential lots and 1 non-residential parcel.

### **D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to a proposed District, the Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

## **E. DESCRIPTION OF THE IMPROVEMENTS AND MAINTENANCE**

The District provides and ensures the continued maintenance, servicing, administration and operation of various landscaping and lighting improvements, and associated appurtenances that benefit parcels within the District. Services provided include all necessary service, operations, administration, and maintenance required to keep the improvements in a healthy, vigorous, and satisfactory condition.

Specific improvements include all ground cover, turf, shrubs, trees, gardens, play areas and play equipment, picnic areas, bike paths, pedestrian trails, walls and fences, park maintenance facilities, irrigation and drainage systems, graffiti removal, and associated appurtenances. Improvements in each Zone include:

**District Wide Zone** This Zone provides for the maintenance of landscaping, fences, sound walls and other improvements within the arterial parkway right of ways, also described as scenic corridors, including but not limited to Roseville Parkway, Pleasant Grove Boulevard, Harding Boulevard and the east side of Washington Boulevard, pedestrian, and bike pathways.

**Local Benefit Zone** This Zone provides for the maintenance of landscaping and other improvements within the local street right of ways. This Zone is primarily a combination of the old Zone C and Zone D, which provided similar maintenance.

**Zone F** This Zone provides for the maintenance of parkway and perimeter landscaping and block wall adjacent to the development on the west side of Diamond Oaks Road; Parkway and perimeter landscaping, bike trails, block wall and wood fence adjacent to the development on the east side of Washington Boulevard; Open Space designated as Lot “B”, and; Landscaping within Lot “C”, “E” and “F” within the Diamond Oaks Unit No. 10 project.

**Zone G** This Zone provides for the maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the south side of Pleasant Grove Boulevard; maintenance of parkway and perimeter landscaping, bike path and masonry sound wall adjacent to the development on the west side of Washington Boulevard from Pleasant Grove Boulevard to Emerald Oak Road; maintenance of the masonry sound wall on the western perimeter of the development; installation and maintenance of perimeter landscaping on the west side of the development located on Open Space Parcel C between

Emerald Oak Road and the masonry sound wall adjacent to the railroad right of way; and maintenance of Open Space, cobble swale (Lot "B") and post and cable fencing for Lots "A", "B", and "C" within the Diamond Oaks Unit No. 14 project.

All assessable parcels identified as being within each Zone share in both the cost and the benefits of the improvements. The costs associated with the improvements are equitably spread among all benefiting parcels within each Zone. Only parcels that receive direct and special benefit from the improvements are assessed, and each parcel is assessed in proportion to the estimated benefit received. The funds collected from the assessments of each Zone are to be expended only for the services and operations within each respective Zone.

## II. METHOD OF APPORTIONMENT

---

### A. GENERAL

The Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements which include the construction, maintenance and servicing of public lights, landscaping, and appurtenant facilities. The Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments in each Zone of the District therefore reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

### B. SPECIAL BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2(d) defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2(i) defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4(a) defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The City has initiated and conducted property owner protest ballot proceedings in accordance with the Act and Proposition 218 for all Zones within the District. Each of the proposed improvements; the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of Article XIID and the Act. All improvements associated with the Zones have been identified as necessary, required and/or desired for the orderly development of the properties to their full potential. As such, these improvements would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within these Zones receives special benefit from the improvements. The desirability and security of properties is enhanced by well-maintained landscaping in close proximity to those properties.

The special benefits associated with all landscaping improvements are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the Zones resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts and landscaped areas.

- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the Zones through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific enhancement and desirability of each of the assessed parcels within the Zones.

The improvements are for the special benefit, enhancement, and use of properties within the Zones. Although the improvements include public easements, rights-of-way, streets, and other amenities available or visible to the public at large, the construction and installation of these improvements are only necessary for the development of properties within the Zones and are not required nor necessarily desired by any properties or developments outside the Zone's boundaries. Therefore, any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the Zones or to the public at large. In making this determination, it should be noted that all parkway and perimeter landscaping within the City is both funded and maintained by a special district, individual property owners or through some type of association.

### **C. DESCRIPTION OF THE METHOD OF APPORTIONMENT**

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels within the Zone in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for each Zone should reflect the composition of the parcels, and the improvements and services provided, to fairly proportion the Zone's costs based on estimated special benefit to each parcel within the Zone. All assessable parcels within each Zone shall receive a direct special benefit from the services and improvements provided by the Zone.

Considering the composition of the parcels within the Zone, each parcel is assigned an Equivalent Dwelling Unit ("EDU"), which reflects each parcel's estimated special benefit from the improvements as compared to other parcels within the Zone. Because all assessable parcels within each Zone are considered to benefit from the Zone improvements on an EDU basis, the amounts to levy to each Zone are then spread to each assessable parcel within the Zone on an EDU method as shown in the table below. Acreage of common area parcels shall be apportioned to the remaining assessable parcels of a subdivision and/or parcel split(s) related to the creation of the common area parcel(s).

The following formulas are used to calculate the assessment for each parcel:

| ASSIGNED EDU | PROPERTY CLASS                    |
|--------------|-----------------------------------|
| 1.0 per unit | Single-Family Residential Parcels |
| 0.6 per unit | Multi-Family Residential Parcels  |
| 7.0 per acre | Non-Residential Parcels           |

For each Zone, the Applied Assessment Rate per Equivalent Dwelling Unit for each parcel in the Zone is the result of dividing the total Balance to Levy for each Zone, by the sum of the Zone EDUs for the fiscal year. This Applied Assessment Rate is multiplied by each parcel's individual EDU to determine the parcel's levy amount. The assessment cannot be greater than the current maximum assessment rate, as adjusted for the inflation factor.

$$\text{Total Balance to Levy} / \text{Total EDU} = \text{Rate per EDU}$$

$$\text{Parcel EDU} \times \text{Rate per EDU} = \text{Parcel Levy Amount}$$

#### D. INFLATIONARY ADJUSTMENT FACTOR

Any new or increase in assessments require certain noticing and meeting requirements by law. Prior to the passage of Proposition 218, legislative changes in the Ralph M. Brown Act (the "Brown Act") defined a new or increased assessment to exclude certain conditions. These conditions include any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed. This definition and conditions were later confirmed through Senate Bill 919 (the implementing legislation for Proposition 218).

The purpose of establishing an assessment range formula is to provide for reasonable increases and inflationary adjustment to annual assessments without requiring costly noticing and mailing procedures, which could add to the District costs and assessments. As part of the District formation, balloting of property owners is required, pursuant to Proposition 218. The property owner ballots included an Assessment to be approved, as well as the approval of an assessment range formula.

The assessment range formula shall be applied to all future assessments within the District. Generally, if the proposed annual assessment (levy per unit or rate) for the current fiscal year is less than or equals to the "Maximum Assessment" (or "Adjusted Maximum Assessment"), then the proposed annual assessment is not considered an increased assessment. The Maximum Assessment is equal to the initial Assessment approved by property owners adjusted annually by the following criteria:

1. Beginning in the second fiscal year and each fiscal year thereafter, the Maximum Assessment will be calculated.
2. The new Adjusted Maximum Assessment for the year represents the prior year's approved Maximum Assessment increased by three percent (3.0%).

The Maximum Assessment is adjusted annually and is calculated independent of the District's annual budget and proposed annual assessment. Any proposed annual assessment less than or equal to this Maximum Assessment is not considered an increased assessment, even if the proposed assessment is greater than the assessment applied in the prior fiscal year.

The approved base year maximum assessment rates and annual inflationary adjustment factors for all Zones are shown in the table below:

| Zone                       | Year of Approved Maximum Rate and Annual Inflator (Base Year) | Maximum Assessment Rate per EDU (Base Year) | Annual Inflationary Adjustment Factor |
|----------------------------|---------------------------------------------------------------|---------------------------------------------|---------------------------------------|
| District-Wide Benefit Zone | FY 2004/05                                                    | \$40.82                                     | 3.00%                                 |
| Local Benefit Zone         | FY 2004/05                                                    | \$43.92                                     | 3.00%                                 |
| Zone F                     | FY 2003/04                                                    | \$481.35                                    | 3.00%                                 |
| Zone G                     | FY 2003/04                                                    | \$264.22                                    | 3.00%                                 |

### III. DISTRICT BUDGET

### D. DESCRIPTION OF BUDGET ITEMS

Description of the terms used in the preceding Budget, Assessment Rates and Fund Balance tables are listed below:

#### BUDGET:

#### DIRECT COSTS

**Contract Maintenance - Landscaping** - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping improvements, irrigation, and related drainage systems, as well as maintenance of appurtenant facilities (the "improvements").

**Repair & Maintenance - Landscaping/Parks** - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism, storms, etc. If zero, this line item may not be shown in the budget.

**Repair & Maintenance - Lighting** - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. If zero, this line item may not be shown in the budget.

**Repair & Maintenance – Tree Work** - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

**Utilities** - The furnishing of water and electricity required for the operation and maintenance of the improvements.

**Maintenance – Bike Trails** – Costs to perform the necessary maintenance of the bike trails within the District. If zero, this line item may not be shown in the budget.

**Maintenance – Open Space** – Costs to perform the necessary maintenance of the open space areas within the District. If zero, this line item may not be shown in the budget.

**Rehab Reserve Expenditures – Non-Routine Tree Work** – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

**Rehab Reserve Project Expenditures** – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

## **ADMINISTRATION COSTS**

**City Administration** – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

**Contract Administration – Park's Dept** – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

**County Auditor Fees** - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

**Consulting and Professional Services** – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of the annual assessment amounts and the preparation of the Engineer's Report.

**Public Hearing Publishing Costs** –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

**Total Direct and Administration Costs** – The total expected costs of the District.

## **BUDGET ADJUSTMENTS**

**Replenishment/(Use) of Operating Reserve** – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Contribution for / (Use of) Rehab Reserve** — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected in the District through assessments for the current fiscal year. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

## **ASSESSMENT RATES:**

**Total Assessable Single-Family Units** - The total number of assessable single-family units within the District for the current fiscal year. Since each single-family residential parcel is in both the District-Wide Benefit Zone and the Local Benefit Zone, the single-family EDUs are only added once to arrive at the "Total Equivalent Dwelling Units"

**Total Assessable Multi-Family Units** - The total number of assessable multi-family units within the District for the current fiscal year.

**Total Assessable Non-Residential Acres** - The total assessable non-residential acres within the District for the current fiscal year.

**Total Equivalent Dwelling Units (“EDUs”)** - Total assessable EDUs within the District for the current fiscal year.

**Applied Assessment Rates per EDU** - The assessment rates per EDU to be applied to the non-exempt parcels within the applicable Zone for the current fiscal year.

**Maximum Assessment Rates per EDU** - The maximum assessment rates per EDU for the parcels within the applicable Zone for the current fiscal year.

**Potential Maximum Assessment Per Zone** – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of parcels to be assessed.

## **FUND BALANCE INFORMATION:**

### **OPERATING RESERVE**

**Beginning Operating Reserve Balance 7-1-2023** - The District’s anticipated beginning balance of cash and receivables net of any unpaid prior year obligations. These beginning balances shall be used to fund the District’s expenditures from July 1, 2023 to December 31, 2023, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District’s fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenish from FY 2023/24 Levy** – This amount is added to the FY 2023/24 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District’s receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Expenses** – The amount of the Operating Reserve to be used to fund FY 2023/24 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Rehab Reserve** — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds

held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Operating Reserve Balance 6-30-2024 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2024. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

## **REHABILITATION RESERVE**

**Beginning Rehab Reserve Balance 7-1-2023** — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2023. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Collect from FY 2023/24 Levy** — This amount is added to the levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Rehab Projects** — The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Rehab Reserve Balance 6-30-2024** — The projected balance of funds in the Rehabilitation Reserve as of June 30, 2024. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment. Should the District have no Rehabilitation Reserve or related activity, the Rehabilitation Reserve information may not be presented in the Report.

## E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

*Streets and Highways Code 22660* allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

### District Wide Zone

| Description                                                                                    | FY<br>2024-25   | FY<br>2025-26   | FY<br>2026-27   | FY<br>2027-28   | 4 Year<br>Total  |

Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements.

## APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map for the District has previously been submitted to the Clerk of the City in the format required under the Act and is, by reference, hereby made part of this Report. These District Boundary Maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is presented herein.

## APPENDIX B — FY 2023/24 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, may be submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; small parcels vacated by the County, bifurcated lots, and other property that cannot be developed, excepting common area parcels. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2023/24. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

## RESOLUTION NO. 23-170

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENTS FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS,** The City Council has, by previous Resolutions, formed the Northwest Roseville Specific Plan Landscaping and Lighting District and annexed territory therein (hereafter referred to as the “District”) pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of street lighting, landscaping, and all appurtenant facilities and operations related thereto; and,

**WHEREAS,** the City Council has retained Willdan Financial Services (hereinafter “Engineer”) for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1 Engineer’s Report:** The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer’s Report concerning the levy of assessments for the District in accordance with Chapter 3, Section 22622 of the Act.

**Section 2 Proposed improvements and any substantial changes in existing improvements:** The District improvements include: the maintenance and operation of and the furnishing of services, materials and/or improvements for landscape, lighting, open space, natural and preserve areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, public pedestrian paths, bike trails, entry monuments, fencing, walls, signage, lighting systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-171

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Northwest Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file a report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1 Intention:** The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2 Proposed improvements and any substantial changes in existing improvements:** The District improvements include the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, open space, natural and preserve areas, including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, public pedestrian paths, bike trails, entry monuments, fencing, walls, signage, lighting systems, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** Boundaries and Designation: The boundaries of the District are described as the boundaries previously defined in the formation documents of the District and any annexations thereto. The District generally includes the parcels within the area known as the Northwest Roseville Specific Plan. The District is known and designated as

**“Northwest Roseville Specific Plan Landscaping and Lighting District”**

**Section 4** Proposed Assessment Amounts: The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates.

**Section 5** Public Hearing(s): The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** Notice: The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in a local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** Time and Place of Public Hearing: Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

## RESOLUTION NO. 23-172

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ENGINEER'S LEVY REPORT FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Engineer's Levy Report (hereafter referred to as the "Engineer's Report") for the district known and designated as the Northwest Roseville Specific Plan Landscaping and Lighting District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer"), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer's Report with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIIC and XIID; and,

**WHEREAS**, there has now been presented to this City Council the Engineer's Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer's Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within each Zone, as set forth in said Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE NORTHWEST ROSEVILLE SPECIFIC PLAN LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer's Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis, and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

**RESOLUTION NO. 23-172**

## I. OVERVIEW

---

### A. INTRODUCTION

The City of Roseville (“City”) annually levies and collects special assessments in order to provide and maintain the improvements within the Northwest Roseville Specific Plan Area, known as Northwest Roseville Specific Plan Landscaping and Lighting District (“District”) within the City. The District was formed and is levied annual assessments pursuant to *the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the “1972 Act” or the “Act”).

This Engineer’s Levy Report (“Report”) describes the District, any new annexations, changes to the District, and the proposed assessments for the period of July 1, 2023 through June 30, 2024. The assessments are based on historical and estimated costs to maintain the improvements that provide a direct and special benefit to properties within the District. The District consists of two (2) benefit zones (“Zones”). The improvements that benefit properties within each Zone and the costs of those improvements are identified and budgeted separately. Each parcel is assessed proportionately for the estimated costs of the parcel’s respective Zone.

The word “parcel,” for the purposes of this Report, refers to an individual property assigned its own Assessor’s Parcel Number by the Placer County Assessor’s Office. The Placer County Auditor/Controller (“County Auditor/Controller”) uses Assessor’s Parcel Numbers and specific Tax Code Accounts, to identify on the County’s tax roll, properties assessed for special district benefit assessments.

Following consideration of public comments at a public hearing, and a final review of the Report, the City Council may order amendments to the Report or confirm the Report as submitted. Following approval of the Report, the City Council will by resolution, order the improvements to be made, if any, and confirm the levy and collection of assessments pursuant to the Act. The assessment rates and method of apportionment described in this Report as approved or modified by the City Council define the assessments to be applied to each parcel within the District and respective Zones for Fiscal Year (“FY”) 2023/24. The assessments as approved will be submitted to the Placer County Auditor/Controller to be included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved by the City Council.

## **B. COMPLIANCE WITH CURRENT LEGISLATION**

All assessments described in this Report and approved by the City Council are prepared in accordance with the 1972 Act and are in compliance with the provisions of the *California Constitution Article XIID* (Proposition 218). Pursuant to the *California Constitution Article XIID* (“*Article XIID*”) *Section 5*, certain existing assessments are exempt from the substantive and procedural requirements of *Article XIID Section 4* and property owner balloting for the assessments is not required until such time that the assessments are increased. Specifically, the City determined that all improvements and the annual assessments established for the original District were part of the conditions of property development and approved by the original property owner (developer). As such, pursuant to *Article XIID Section 5(b)*, the property owners approved these existing District assessments at the time the assessments were created (originally imposed pursuant to a 100% landowner petition). The assessments applied to the District’s parcels at the time of passage of Proposition 2018 of \$100 to each single-family residential parcel within Zone A and \$147.20 to each single-family residential parcel within Zone B continue to be exempt from the procedural requirements *Article XIID Section 4*.

The District and all Zones therein have been formed pursuant to the 1972 Act. Pursuant to the 1972 Act, an annual Public Hearing is conducted by the City Council to accept property owner and public comments and to review the Report prior to approving the annual assessments to be levied on the County tax rolls. The assessments described in this Report have been prepared in accordance with the 1972 Act.

In November 2004, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIID, to annex into Zone A, and approve the maximum assessment of \$100 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer’s Report, through the adoption of Resolution No. 04-507, which annexed the Dunmore Junction territory to Zone A. Dunmore Junction was first assessed by the District in FY 2005/06.

In April 2005, the City initiated and conducted property owner protest ballot proceedings, in accordance with the 1972 Act and Article XIID, to annex into Zones B, and approve the maximum assessment of \$147.20 per single family residential parcel. At the conclusion of the Public Hearing, the City determined that a majority protest did not exist. The City then approved the Engineer’s Report, through the adoption of Resolution No. 05-165, which annexed the Legacy subdivision territory to Zone B. The Legacy subdivision was first assessed by the District in FY 2005/06.

## **C. DESCRIPTION OF DISTRICT BOUNDARIES**

The Northwest Roseville Specific Plan Landscaping and Lighting District lies west of the existing urban area of the City of Roseville. The District is generally bounded

by Baseline Road to the north, Fiddymment Road to the west and Washington Boulevard to the east. The City annexed in Dunmore Junction, which is generally located on the east side of Porter Drive, south of Junction Boulevard and north of Lawton Avenue. The City also annexed in Legacy Subdivision, which is generally located on the northwest corner of Washington Boulevard and Junction Boulevard. For general reference purposes, renderings of the District's Boundaries are presented in Appendix A of the Report.

#### **D. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT**

As applicable or may be applicable to a proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of

any improvement, including:

- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

Furthermore, the 1972 Act specifies that where the cost of improvements (other than maintenance and operations) is greater than can be conveniently raised from a single annual assessment, an assessment to be levied and collected in annual installments. In that event, the governing body may choose to do any of the following:

- Provide for the accumulation of the moneys in an improvement fund until there are sufficient moneys to pay all or part of the cost of the improvements.
- Provide for a temporary advance to the improvement fund from any available and unencumbered funds of the local agency to pay all or part of the cost of the improvements and collect those advanced moneys from the annual installments collected through the assessments.
- Borrow an amount necessary to finance the estimated cost of the proposed improvements. The amount borrowed, including amounts for bonds issued to finance the estimated cost of the proposed improvements.

## **E. DESCRIPTION OF IMPROVEMENTS AND SERVICES**

### **Zone A**

Zone A of the District, by special benefit assessments, is to provide funding for the maintenance of the following improvements: landscaped street medians and landscaped corridors adjacent to property within the District including but not limited to, plantings, sound walls, and project identification signs; the maintenance of the vernal pool preserves identified in the Northwest Roseville Specific Plan; the installation and maintenance of bike trails within the Northwest Roseville Specific Plan Area; and the installation of park improvements and/or the payment of debt service related to the installation of bike trails and/or park improvements within the Northwest Roseville Specific Plan Area.

### **Zone B**

Zone B of the District, by special benefit assessments, is to provide funding for the following:

- The maintenance of the landscaped street buffers or medians, certain

natural areas within the subdivision and landscape corridors adjacent to the property within the Zone (including, but not limited to, planting, screen walls, project identification signs, and drainage and wetlands areas within the property).

- The perpetual maintenance of the landscape strips adjacent to the Sierra Crossing subdivision contiguous to Foothills Boulevard and Booth Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.
- The maintenance of the natural border adjoining and contiguous to the westerly border of Sierra Crossing.
- The maintenance of the wetland preserve area.
- The on-going maintenance of the landscape strips adjacent to the Legacy subdivision contiguous to Junction Boulevard, Washington Boulevard and Sawtell Road, including but not limited to maintenance of the planting, screen walls, and project identification signs.
- The maintenance of the natural border adjoining and contiguous to the westerly border of the Legacy subdivision.

## II. METHOD OF APPORTIONMENT

---

### A. GENERAL

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, which include the construction, maintenance, and servicing of public lights, landscaping, and appurtenant facilities. The 1972 Act further requires that the cost of these improvements be levied according to benefit rather than assessed value:

*“The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.”*

The formula used for calculating assessments reflects the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated benefit to each parcel.

### B. DESCRIPTION OF METHOD OF APPORTIONMENT

Pursuant to the Act, the costs of each Zone may be apportioned by any formula or method that fairly distributes the net amount to be assessed, among all assessable parcels in proportion to the estimated special benefits to be received by each such parcel from the improvements. The special benefit formula used for any special benefit assessment should reflect the composition of the parcels, and the improvements and services provided, to fairly apportion the costs based on estimated special benefit to each parcel. All assessable parcels in each Zone receive a direct special benefit from the services and improvements provided by the District.

Each parcel within this District has been assigned an Equivalent Benefit Unit (EBU), which reflects each parcel’s estimated special benefit from the improvements as compared to other parcels within each Zone of the District. The levy amount is spread evenly to each assessable parcel in the District, on a per benefit unit (per parcel) method.

For each Zone, the total eligible special benefit expenses (“Balance to Levy”), is divided by the total EBUs of all parcels. The result of this calculation establishes an assessment rate per EBU (“Levy per EBU” or “Assessment Rate”) to be applied to each Zone.

The following formulas shall be applied to each Zone to calculate the assessment for each parcel:

### **Zone A**

*Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone A.*

### **Zone B**

*Total number of residential lots based on final filed maps, divided into the total annual estimated costs of Zone B.*

The Maximum Annual Assessment is not to exceed \$100.00 per parcel for Zone A and \$147.20 per parcel for Zone B.

## **C. PROPOSITION 218 BENEFIT ANALYSIS**

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments regarding the Dunmore Junction subdivision Legacy subdivision annexations to the District, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service;”

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

Each of the proposed improvements, the associated costs and assessments have been carefully reviewed, identified, and allocated based on special benefit pursuant to the provisions of the Constitution and 1972 Act. All improvements associated with this District have been identified as necessary, required and/or desired for the orderly development of the properties within the District to their full potential, consistent with the proposed development plans and applicable portions of the City General Plan and the Northwest Roseville Specific Plan. As such, the improvements for which each property shall be assessed would be necessary and required of individual property owners for the development of such properties and the ongoing operation, servicing and maintenance of these improvements would be the financial obligation of those properties. Therefore, the improvements and the annual costs of ensuring the maintenance and operation of the improvements are of direct and special benefit to the properties.

The method of apportionment (method of assessment) is based on the premise that each assessed parcel within the District receives benefit from the improvements. Well-maintained landscaping and recreational facilities in close proximity to those properties enhance the desirability of those properties.

The special benefits associated with the landscape improvements and associated appurtenants are specifically:

- Enhanced desirability of properties through association with the improvements.
- Improved aesthetic appeal of properties providing a positive representation of the area and properties.
- Enhanced adaptation of the urban environment within the natural environment from adequate green space and landscaping.
- Environmental enhancement through improved erosion resistance, dust and debris control, and fire prevention.
- Increased sense of pride in ownership of property within the District resulting from well-maintained improvements associated with the properties.
- Enhanced quality of life through well-maintained green belts, landscaped areas, and recreational facilities.
- Reduced criminal activity and property-related crimes (especially vandalism) against properties in the District through well-maintained surroundings and amenities including abatement of graffiti.
- Enhanced environmental quality of the parcels by moderating temperatures, providing oxygenation, and attenuating noise.

All of the preceding special benefits allow the property to be developed for the enjoyment of the property owners and contribute to a specific

enhancement and desirability of each of the assessed parcels within the District.

The improvements are for the special benefit, enhancement, and use of properties within the District and the Northwest Roseville Specific Plan Area. Although the improvements include public easements, rights-of-way and other amenities available or visible to the public at large, it has been determined that the additional improvements installed in connection with this development and those installed as part of the overall Northwest Roseville Specific Plan, are only necessary for the development of properties within the specific plan area and were not required nor necessarily desired by any properties or developments outside the Northwest Roseville Specific Plan Area. Therefore, this District being part of that plan, receives similar and proportional special benefits from both the improvements installed in connection with developing properties in this District as well as existing and future shared amenities within the District. Any public access or use of the improvements by others is incidental and there is no measurable general benefit to properties outside the specific plan area or to the public at large.

### III. DISTRICT BUDGET

#### A. FY 2023/24 BUDGET

| DESCRIPTION                                      | Zone A <sup>(1)</sup><br>Fund 2008 | Zone B <sup>(2)</sup><br>Fund 2009 |
|--------------------------------------------------|------------------------------------|------------------------------------|
| <b><u>DIRECT COSTS</u></b>                       |                                    |                                    |

## D. DESCRIPTION OF BUDGET ITEMS

### BUDGET:

#### DIRECT COSTS

**Contract Maintenance - Landscaping** - Includes all regularly scheduled contract labor, materials, supplies, and equipment required to properly maintain and ensure the satisfactory condition or maintenance of all landscaping corridors, street medians, entryways, irrigation, and related drainage systems as well as maintenance of appurtenant facilities (the "improvements").

**Repair & Maintenance – Landscaping / Parks** - This line item includes repairs that are generally unforeseen and not normally included in the annual maintenance contract costs. This may include repair of damaged amenities due to vandalism,

storms, etc. If zero, this line item may not be shown in the budget.

**Repair & Maintenance – Tree Work** - This line item includes annual costs for tree maintenance not included in the annual contract maintenance portion of the budget. If zero, this line item may not be shown in the budget.

**Utilities** - The furnishing of water and electricity required for the operation and maintenance of the improvements.

**Stormwater Management / Drainage** - This line item includes costs to properly maintain certain drainage and / or wetlands areas within the District. If zero, this line item may not be shown in the budget.

**Rehab Reserve Expenditures – Non-Routine Tree Work** – Expected costs to maintain trees other than costs of annual repair and maintenance. If zero, this line item may not be shown in the budget.

**Rehab Reserve Project Expenditures** – Expected costs for installation, replacement, or planned upgrades of District improvements for the current year that were previously funded or accumulated in the Rehabilitation Reserve. The Rehabilitation Reserve is used to accumulate funds for costs associated with the future rehabilitation or replacement of District improvements that cannot be conveniently raised from a single year's assessment. If zero, this line item may not be shown in the budget.

### **ADMINISTRATION COSTS**

**City Administration** – Estimated costs incurred by the City Finance Department and other Departments in preparing the annual budget for the Engineer's Report, together with other financial information required to determine the annual assessment. These costs would also include the preparation, posting and publishing of public notices required for City Council action relating to the District, as well as costs to perform legal review of documents.

**Contract Administration – Park's Dept** – Estimated Costs of Park and Recreation Department staff to coordinate and oversee the maintenance contracts and overall repair and maintenance of the District. This amount also includes the cost of the Department's estimates and analysis of certain budget items, estimated costs and useful lives of certain District Improvements.

**County Auditor Fees** - A fee of 1% of the total levy amount that is charged to the District by the County for placing assessments on property tax bills.

**Consulting and Professional Services** – Includes the costs and expenses of contracting with various professionals to provide legal, engineering and district administration services directly related to the District, including the calculation of

the annual assessment amounts, the preparation of the Engineer's' Report and incidental expenses of consultant.

**Public Hearing Publishing Costs** –Includes the out-of-pocket costs to publish public notices required for City Council action relating to the District.

**Total Direct and Administration Costs** – The total expected costs of the District.

### **BUDGET ADJUSTMENTS**

**Replenishment/(Use) of Operating Reserve** – A “Replenishment” increases the levy in order to replenish the Operating Reserve. On the other hand, a “Use” of the Operating Reserve decreases the levy by drawing funds from the Operating Reserve for current year expenditures. If zero, this line item may not be shown in the budget. Further information regarding the function of the Operating Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Contribution for /(Use of) Rehab Reserve** — A “Contribution” increases the levy in order to generate funding for the Rehabilitation Reserve. This reserve allows for the accumulation of funds for possible rehabilitation projects or replacements in future years. On the other hand, a “Use of” of the Rehabilitation Reserve provides current year funding of rehabilitation projects or replacements from available funds within the Rehabilitation Reserve. If zero, this line item may not be shown in the budget. Further information regarding the function of the Rehabilitation Reserve is provided under “FUND BALANCE INFORMATION” in the following pages of this Section.

**Rounding Adjustment** – The necessary rounding adjustment(s) due to limitations of the County property tax system that requires even penny levy amounts to be placed on the secured tax roll.

**BALANCE TO LEVY** - This is the total amount to be levied and collected through assessments for the current fiscal year for each zone. The Balance to Levy represents the sum of the total District costs together with any applicable adjustments to the budget as described above.

### **ASSESSMENT RATES:**

**Total Assessable Parcels** - The total number of expected parcels to be assessed in each of the District's Zones.

**Total Assessable EBUs** - The total number of expected Equivalent Benefit Units in each of the District's Zones.

**Applied Assessment Rates per EBU** - The assessment rates to be applied to the parcels lying within the respective Zone of the District for the fiscal year shown.

**Maximum Assessment Rates per EBU** - The maximum assessment rates for the parcels lying within the respective Zone of the District for the fiscal year shown.

**Potential Maximum Assessment Per Zone** – The total amount that can be assessed against all parcels within each Zone for the current fiscal year based upon the expected number of EBUs to be assessed.

## **FUND BALANCE INFORMATION:**

### **OPERATING RESERVE**

**Beginning Operating Reserve Balance 7-1-2023 (est.)** - The anticipated beginning balance of cash and receivables net of any unpaid prior year obligations for each Zone. These beginning balances shall be used to fund each Zone's expenditures from July 1, 2023 to December 31, 2023, as the Operating Reserve is required to compensate for the approximate six-month delay between the start of the District's fiscal year and the receipt of the collections from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

**Replenish from FY 2023/24 Levy** – This amount is added to the FY 2023/24 levy in order to replenish the Operating Reserve. Due to the six-month delay from the District's receipt of assessment collections, the Operating Reserve balance shall be sufficiently funded to provide for expenditures from the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Expenses** – The amount of the Operating Reserve to be used to fund FY 2023/24 expenses. Portions of the Operating Reserve may be slated for current year expenditures in order to reduce the Ending Operating Reserve Balance to an amount no greater than the expected District costs for the period of July 1, 2023 (the beginning of the Fiscal Year) through December 31, 2023. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Rehab Reserve** — The amount of Operating Reserve monies to be transferred to or from the Rehabilitation Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Operating Reserve Balance 6-30-2024 (est.)** - This amount represents the anticipated Operating Reserve balance/(deficit) for each Zone as of June 30, 2024. The size of each Zone's Operating Reserve is limited by Streets and Highways Code 22569 which states that an Operating Reserve shall not exceed the estimated costs of maintenance, service and incidental expenses from the first day of the fiscal year (July 1) to the date that the Agency expects to receive the first apportionment of collections from the County, which is estimated to be December 31. Therefore, each Zone may retain an Operating Reserve amounting to the District's first six-months of expenses in order to meet ongoing obligations until the first collections are received from the County. All Rehabilitation Reserve balances, if any, are excluded from the Operating Reserve balances and shall be shown separately in the Report.

### **REHABILITATION RESERVE**

**Beginning Rehab Reserve Balance 7-1-2023 (est.)** — The projected balance of funds in the Rehabilitation Reserve as of July 1, 2023. Streets and Highways Code 22660 allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

**Collect from FY 2023/24 Levy** — This amount is added to the FY 2023/24 levy to accumulate funding of future year rehabilitation projects, replacements, restorations, or upgrades of District improvements. If zero, this line item may not be shown in the budget.

**Use for FY 2023/24 Rehab Projects** – The amount of Rehabilitation Reserve monies expected to be transferred out of the Rehabilitation Reserve to fund the costs of installation, replacement, or planned upgrades of District improvements for the current year. If zero, this line item may not be shown in the budget.

**Transfer from/(to) the Operating Reserve** — The amount of Rehabilitation Reserve monies to be transferred to or from the Operating Reserve. Periodically, funds held in a Rehabilitation Reserve may be needed to respond to changing maintenance needs of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department, in order to provide for the maintenance and operation of the improvements. If zero, this line item may not be shown in the budget.

**Ending Rehab Reserve Balance 6-30-2024 (est.)** - The projected balance of funds in the Rehabilitation Reserve as of June 30, 2024. These funds shall be used to provide for future year rehabilitation projects, replacements, restorations, or upgrades of District improvements which cannot be conveniently raised from a single year's assessment.

Should the District have no Rehabilitation Reserve balances or related activity, no Rehabilitation Reserve information shall be presented in the Report.

## E. REHABILITATION RESERVE – CAPITAL IMPROVEMENT PLAN

*Streets and Highways Code 22660* allows the District to generate and accumulate funds over several years to fund District improvements that cannot be conveniently raised from a single year's assessment.

The Report provides a five-year Capital Improvement Plan ("CIP") which shows projected expenditures by Zone related to the rehabilitation, restoration and/or replacement of District improvements, and other allowable costs. The Current Fiscal Year CIP is shown in the preceding Budget Section A. The projected CIP costs for the remaining four years are shown in the table below.

### Zone A

| Description                                           | FY<br>2024-25   | FY<br>2025-26   | FY<br>2026-27   | FY<br>2027-28   | 4 Year<br>Total  |
|-------------------------------------------------------|-----------------|-----------------|-----------------|-----------------|------------------|
| Repair, replace and/or refurbish fencing improvements | \$20,000        | \$20,000        | \$20,000        | \$20,000        | \$80,000         |
| Non-routine tree work                                 | 15,000          | 16,000          | 15,000          | 15,000          | 61,000           |
| <b>Total Projected Expenditures</b>                   | <b>\$35,000</b> | <b>\$36,000</b> | <b>\$35,000</b> | <b>\$35,000</b> | <b>\$141,000</b> |

From time to time, funds held in a Rehabilitation Reserve may be needed to respond to changing needs due to the condition of the improvements or other factors. Accordingly, any or all funds held in a Rehabilitation Reserve are subject to transfer into the same zone's Operating Reserve, at the discretion of the Parks and Recreation Department or equivalent, in order to provide for the maintenance and / or operation of the improvements.

## APPENDIX A – DISTRICT BOUNDARY MAP

The boundary map of the District and Zones has previously been submitted to the Clerk of the City in the format required under the Act and are, by reference, hereby made part of this Report. The boundary maps are available for inspection at the office of the City Clerk during normal business hours.

For general reference purposes, a rendering of the District's Boundaries is represented herein.

## APPENDIX B — FY 2023/24 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Placer County Assessor's map for the year in which this Report is prepared.

Due to the size of the Assessment Roll, a listing of parcels to be assessed within this District, along with the proposed assessment amounts, shall be submitted to the City Clerk, under separate cover, and by reference is made part of this Report.

Non-assessable lots or parcels may include areas of public streets and other roadways (typically not assigned an APN by the County); dedicated public easements, open space areas and rights-of-way, including public greenbelts and parkways; utility rights-of-way; common areas; landlocked parcels, small parcels vacated by the County, bifurcated lots, and any other property that cannot be developed. These types of parcels are considered to receive little or no benefit from the improvements and are therefore exempt from assessment.

At the conclusion of the public hearing for the District and the proposed assessments, approval of the Report (as submitted or as modified) confirms the method of apportionment and the assessment rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of assessments for FY 2023/24. The listing of parcels and the amount of assessment to be levied shall be submitted to the County Auditor/Controller and included on the FY 2023/24 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment and assessment rate approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the assessment amount applied to each of the new parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment.

## RESOLUTION NO. 23-173

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, INITIATING PROCEEDINGS FOR THE ANNUAL LEVY OF ASSESSMENTS FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024, PURSUANT TO THE PROVISIONS OF PART 2 OF DIVISION 15 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS,** The City Council has, by previous Resolutions, formed the Olympus Pointe Landscaping and Lighting District (hereafter referred to as the “District”) pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”), that provides for levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance and services of street lighting, landscaping, and all appurtenant facilities and operations related thereto; and,

**WHEREAS,** the City Council has retained Willdan Financial Services (hereinafter “Engineer”) for the purpose of assisting with the establishment of the assessments, the annexation of territory, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the act, and in accordance with the California Constitution, Articles XIII C and XIII D;

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** Engineer’s Report: The City Council hereby orders the Engineer to prepare and file with the City Clerk the Engineer’s Report concerning the levy of assessments for the District in accordance with Chapter 3, Section 22622 of the Act.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials and/or improvements for landscape, lighting, park and hardscape areas, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

## RESOLUTION NO. 23-174

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, DECLARING ITS INTENTION TO LEVY ANNUAL ASSESSMENTS FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the “City Council”) does resolve as follows:

**WHEREAS**, The City Council has, by previous Resolutions, formed the Olympus Pointe Landscaping and Lighting District (hereafter referred to as the “District”), and initiated proceedings for Fiscal Year 2023/2024, pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the “Act”) that provides for the levy and collection of assessments by the County of Placer for the City of Roseville to pay the maintenance, operation and servicing of all improvements and facilities related thereto; and,

**WHEREAS**, the City Council has retained Willdan Financial Services for the purpose of assisting with the Annual Levy of the District, and to prepare and file an Engineer’s Annual Levy Report (hereinafter referred to as the “Engineer’s Report”) with the City Clerk in accordance with the Act; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, PURSUANT TO CHAPTER 3, SECTION 22624 OF THE ACT, AS FOLLOWS:**

**Section 1** Intention: The City Council hereby declares that it is its intention to seek the Annual Levy of the District pursuant to the Act, over and including the land within the District boundary, and to levy and collect assessments on all such land to pay the annual costs of the improvements.

**Section 2** Proposed improvements and any substantial changes in existing improvements: The District improvements include: the maintenance and operation of and the furnishing of services, materials or improvements for landscape, lighting, park and hardscape areas including turf, ground cover, shrubs and trees, irrigation systems, drainage systems, project identification signs, special street signs, special lighting for signage, granite entryways, sculptures and sculpture park, special paving materials, other public improvements within the street right of way areas and all appurtenant facilities related thereto as further described in the Engineer’s Report. The Engineer’s Report also describes all new improvements or substantial changes in existing improvements.

**Section 3** **Boundaries and Designation:** The boundaries of the District are described as the boundaries previously defined in the formation documents of the original District and any annexations thereto. The District includes the parcels generally within the area known as the Olympus Pointe Landscaping and Lighting District. The District is known and designated as the:

**“Olympus Pointe Landscaping and Lighting District”**

**Section 4** **Proposed Assessment Amounts:** The proposed assessments are outlined in the Engineer’s Annual Levy Report. District Assessments are calculated in accordance with the method of apportionment established for the District and do not exceed the assessment rates and annual inflationary adjustment previously authorized by City Council and approved by the property owners in accordance with the provisions of the California State Constitution, Article XIID.

**Section 5** **Public Hearing(s):** The City Council hereby declares its intention to conduct a Public Hearing annually concerning the levy of assessments for the District in accordance with *Chapter 3, Section 22626* of the Act.

**Section 6** **Notice:** The City Clerk shall give notice of the time and place of the Public Hearing by causing the publishing of this Resolution once in the local newspaper not less than ten (10) days before the date of the hearing and by posting a copy of this Resolution on the official bulletin board customarily used by the City Council for the posting of notices.

**Section 7** **Time and Place of Public Hearing:** Notice is hereby given that a Public Hearing on these matters will be held by the City Council on **Wednesday, June 7, 2023 at 6:00 p.m.**, or as soon thereafter as feasible in the regular meeting chambers located at 311 Vernon Street, Roseville, California.

**RESOLUTION NO. 23-174**

## RESOLUTION NO. 23-175

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE, CALIFORNIA, FOR PRELIMINARY APPROVAL OF THE ENGINEER'S ANNUAL LEVY REPORT FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, FISCAL YEAR 2023/2024**

The City Council of the City of Roseville, California (hereafter referred to as the "City Council") does resolve as follows:

**WHEREAS**, the City Council has, by previous Resolutions, ordered the preparation of an Engineer's Annual Levy Report (hereafter referred to as the "Engineer's Report") for the district known and designated as the Olympus Pointe Landscaping and Lighting District (hereafter referred to as the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereinafter referred to as the "Act"); and,

**WHEREAS**, the City Council has retained Willdan Financial Services (hereinafter "Engineer"), for the purpose of assisting with the establishment of the assessments and to prepare and file an Engineer's Report with the City Clerk in accordance with the Act, and in accordance with the requirements of the California Constitution, Articles XIII C and XIII D; and,

**WHEREAS**, there has now been presented to this City Council the Engineer's Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and,

**WHEREAS**, this City Council has carefully examined and reviewed the Engineer's Report as presented, and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance and services to be performed within each Zone, as set forth in said Report; and,

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE OLYMPUS POINTE LANDSCAPING AND LIGHTING DISTRICT, AS FOLLOWS:**

**Section 1** That the above recitals are all true and correct.

**Section 2** That the Engineer's Report as presented, consists of the following:

- a. A Description of Improvements
- b. The Annual Budget (Costs and Expenses of Maintenance, Services, Operations and District Administration)
- c. The Assessment Roll containing the Fiscal Year 2023/2024 Levy for each Assessor Parcel within the District

**Section 3** The Engineer's Report is hereby approved on a preliminary basis, and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

**Section 4** That the City Clerk shall certify to the passage and adoption of this Resolution, and the minutes of this meeting shall so reflect the presentation of the Engineer's Report.

**RESOLUTION NO. 23-175**

**PASSED, APPROVED, AND ADOPTED THIS** \_\_\_\_\_ day of \_\_\_\_\_, 2023.
