

AGENDA

June 21, 2023

CITY COUNCIL
FINANCE AUTHORITY
HOUSING AUTHORITY
NATURAL GAS FINANCING AUTHORITY

6:00 p.m.

Council Chambers
311 Vernon Street
Roseville, California
www.roseville.ca.us

The meeting may be viewed on Comcast channel 14, Consolidated Communications channel 73, and AT&T U-Verse. City Council meetings are also video streamed live on the City's website at roseville.ca.us/watch and roseville.ca.us/agenda, and the City's YouTube channel at youtube.com/CityofRosevilleCa.

If you need a disability-related modification or accommodation to participate in this meeting, please contact Voice: 916-774-5200, TDD: 916-774-5220. Requests must be made as early as possible.

THE CITY OF ROSEVILLE WELCOMES YOUR PARTICIPATION

If an agenda item is open to public comment, such public comment shall be addressed to the chair of the meeting.

Public Comment - Speakers have three minutes under Public Comment to speak on issues that are not listed on the agenda and are within the City's jurisdiction. The Brown Act does not permit any action or discussion on items not listed on the agenda.

Consent Calendar - If applicable, the Consent Calendar consists of routine items that may be approved by one motion. Any person can remove an item from the Consent Calendar to be discussed separately.

Agenda Items - Speakers have five minutes to address items that are listed on the agenda.

Americans with Disabilities Act - Notify the City Clerk or Secretary at least 72 hours in advance if special assistance is required to participate in a meeting including the need of auxiliary aids or services.

Audio/Visual Presentations - If making a presentation regarding an agenda item, audio/visual materials must be submitted to the City Clerk or Secretary at least 72 hours in advance.

Security procedures are in place to attend Roseville City Council meetings. All attendees must successfully pass through a security metal detector. Any person with a prohibited item will not be allowed entry. Prohibited items include, but are not limited to: firearms (even with valid CCW), knives, pepper spray/mace, explosives of any kind/ any weapons and/or dangerous devices of any kind, illegal drugs and alcohol.

Bids / Purchases / Services

7.2. Denio Family Park - Phase 1 Project - Award of Contract and Budget Adjustment

Memo from Park Development Project Manager Joel De Jong and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-274 APPROVING AN AGREEMENT, BY AND

BETWEEN THE CITY OF ROSEVILLE AND OLYMPIC LAND-CONSTRUCTION, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6685 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council award the base bid plus alternates 1, 2, 3, 4 and 5, plus the Winter Suspension Allowance to Olympic Land-Construction, Inc. for a total contract award amount of \$3,397,707, and a budget adjustment of \$1,175,000 from the Citywide Park – West Roseville SP Fund to fully fund the Denio Family Park – Phase 1 Project. Denio Family Park (formerly F-54) is a 95.5-acre city-wide park site off of Fiddymment Road and Blue Oaks Boulevard in the West Roseville Specific Plan. The master plan was approved by the City Council on February 17, 2021. This Phase 1 project constructs a fenced dog park, 18-hole disc golf course, parking areas, a group picnic area, and supporting amenities. Staff requests authorization to approve change order requests in an amount not to exceed ten percent (10%) of the contracted amount. Funds for this first phase have been approved using the Citywide Park - West Roseville SP Fund and were allocated in the FY2021-22 budget. A budget adjustment is requested to fully fund the construction of the amenities identified in the Phase 1 project. Maintenance of the Phase 1 park improvements will cost approximately \$62,000/year and will be funded from the General Fund.

7.3. Tree Pruning and Tree Maintenance Services - Service Agreement Amendment

Memo from Parks, Recreation & Libraries Superintendent Eric Dexter and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-291 APPROVING A SERVICE AGREEMENT SECOND AMENDMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND WEST COAST ARBORISTS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a professional services agreement amendment with West Coast Arborists (WCA). The City is in the second term of the contract that expires in June of 2026. WCA annually prunes over 5,000 City trees through routine grid pruning cycles and has successfully maintained Roseville's urban forest for the last seven years through this contract. WCA costs have increased over the last 24 months as they have realized unexpected sharp increases to operating costs including labor, fuel, recycling and insurance. These increases were unforeseen in the contract agreement, resulting in a recommended cost adjustment of 18%. Funding of this contract combines allocations between the General Fund, Golf Course Fund, Preserve Fund, Native- and Non-Native Tree Mitigation Funds, and Community Facilities Districts and Lighting & Landscape Districts approved through the annual budget process. The total not-to-exceed amount will remain \$4,840,555.05 through the contract end date of June 30, 2026. The 18% increase in rates is included in the proposed FY2023-24 Parks, Recreation &

Libraries budget.

7.4. Sludge Hauling - Sole Source Contract Purchase Agreement

Memo from Chief Plant Operator Jason Fick and Environmental Utilities Director Richard Plecker recommending Council adopt RESOLUTION NO. 23-285 APPROVING A SOLE SOURCE CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND SYNAGRO-WWT INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE (3002846). Staff requests Council approve a sole source contract purchase agreement with Synagro-WWT Inc. in the amount of \$800,000 for sludge hauling for the Pleasant Grove Wastewater Treatment Plant. Funding is included in the Wastewater Operations Fund in the proposed FY2023-24 budget.

7.5. Dry Creek Greenway East Phase 1 Trail Project - Approval of Plans and Specifications and Authorization to Call for Bids

Memo from Associate Engineer Cathy Gosalvez and Public Works Director Jason Shykowski recommending the City Council approve the plans and specifications for the Dry Creek Greenway East Phase 1 Trail Project and authorize staff to call for bids. The project will construct a paved multi-use trail along Dry, Cirby, and Linda Creeks from Darling Way/Riverside Avenue to the existing Maidu Park Trail at Rocky Ridge Drive. Construction-related costs for this project are estimated to be \$16,927,000 and are fully funded with federal, state and local sources including: Solutions for Congested Corridors, Active Transportation Program, Congestion Mitigation and Air Quality, and Local Transportation Funds. No General Fund resources will be used for the project. Construction of the project is anticipated to begin in the fall of 2023 and be complete by the end of 2025.

7.6. Computers and Technology Equipment - Purchase Orders

Memo from Acting Client Services Supervisor Aaron Andres and Chief Information Officer Hong Sae recommending the City Council approve purchase orders utilizing the Sourcewell CDW-G Technology Catalog Solutions #08149-CDW and National IPA contract 2018011 competitively bid contracts to obtain the best pricing available for the City. The Information Technology Department maintains over 1,900 computers, 1,500 mobile devices, 350 servers, 250 terabytes of data storage, 185 network switches and multiple cybersecurity equipment items across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operations of City

business. Both the Roseville Electric Utility and Environmental Utilities departments support and maintain industrial control systems which provide critical information for the output, status, and conditions of the distribution and generation operational environment. The total estimated costs for these citywide technology purchase orders is \$2,300,000. Funding is included in the proposed FY2023-24 budgets for the Information Technology Department and other departments in the Information Technology Operations Fund for \$1,500,000; for the Electric Department in the Electric Fund for \$500,000; and for the Environmental Utilities Department in the Water and Wastewater Operations funds for \$300,000.

7.7. Water Distribution System Improvements Project - Award of Contract and Budget Adjustment

Memo from Environmental Utilities Assistant Engineer Jonathan Cummings and Environmental Utilities Director Richard Plecker recommending the City Council adopt RESOLUTION NO. 23-267 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND LUND CONSTRUCTION CO., INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6672 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve a Construction Agreement to Lund Construction Co., Inc. for the Water Distribution System Improvements Project in the amount of \$2,214,209 and authorization to approve and pay for contract change orders that could increase the contract amount by no more than 10 percent or \$221,421 for a not-to-exceed total contract amount of \$2,435,630. This item also requests approval of a budget adjustment to increase the project by \$1,923,801 from available resources in the Water Rehabilitation Fund.

7.8. Multi-Function Printer Copier Scanner Management Solution - Contract Purchase Agreement

Memo from Acting Client Services Supervisor Aaron Andres and Chief Information Officer Hong Sae recommending the City Council adopt RESOLUTION NO. 23-281 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND J.R.R. ENTERPRISES, INC. DBA CALTRONICS BUSINESS SYSTEMS, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approval of a contract purchase agreement renewal with J.J.R. Enterprises, Inc. dba Caltronics Business Systems (3002955) to provide copier lease and printing services. As part of the contract purchase agreement, the City is required to execute leases with a

third party to receive the multifunctional printers. The annual cost for the one-year agreement will not exceed \$250,000. Funding is included in the proposed FY2023-24 operating budgets for City departments in the General Fund, enterprise funds, and internal service funds.

7.9. Substation Relays and Accessories (RFQ 10-3345) - Purchase Orders

Memo from Buyer Sue Jessup and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO 23-286 APPROVING A PURCHASE ORDER FOR THE PURCHASE OF SUBSTATION RELAYS AND ACCESSORIES; and adopt RESOLUTION NO. 23-287 APPROVING A PURCHASE ORDER FOR THE PURCHASE OF SUBSTATION RELAYS AND ACCESSORIES; and adopt RESOLUTION NO. 23-288 APPROVING A PURCHASE ORDER FOR THE PURCHASE OF SUBSTATION RELAYS AND ACCESSORIES. Staff requests Council authorize open purchase orders with HighPoint Power Systems dba Reinhausen Manufacturing, Inc., Keystone Electrical Manufacturing, Inc., and MKI Reps dba Schweitzer Engineering Laboratories, Inc. as the lowest responsive and responsible bidders for the purchase of substation relays and accessories in response to Request for Quotes No. 10-3345. The Electric Department will use this bid for ongoing substation project needs including replacements of remote terminal units, relays, and accessories. Funding is included in the proposed FY2023-24 budget in the Electric Fund. Estimated spending for the optional renewal years is as follows: FY2024-25 \$262,500; FY2025-26 \$275,625; FY2026-27 \$289,400; FY2027-28 \$303,800.

Resolutions

7.11. Flood Emergency Response Projects – Statewide Grant Round 2 Program - Funding Agreement

Memo from Associate Engineer Joe Anderson and Public Works Director Jason Shykowski recommending Council adopt RESOLUTION NO. 23-278 APPROVING A FUNDING AGREEMENT, BY AND BETWEEN THE STATE OF CALIFORNIA DEPARTMENT OF WATER RESOURCES AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a Funding Agreement with the State of California Department of Water Resources for the Flood Emergency Response Projects - Statewide Grant Round 2, and adopt a resolution authorizing the City Manager to execute it on behalf of the City. This project completed upgrades of the regional Flood Alert System and this second retroactive grant agreement is required to capture reimbursable costs expended outside of the original agreement period of performance. The General Fund was used for the required matching funds, and to fund \$1,592.94 of improvements not included in the grant.

7.12. Roseville Parkway Extension Project - Agreement for Sale of Real Property

Memo from Associate Engineer Jesse Khatkar and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 23-283 APPROVING AN AGREEMENT FOR SALE OF REAL PROPERTY, BY AND BETWEEN THE CITY OF ROSEVILLE AND JB COMPANY MANAGEMENT LP, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT AND ALL RELATED ESCROW DOCUMENTS ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve an agreement for Sale of Real Property for the purchase of property for the Roseville Parkway Extension project with JB COMPANY MANAGEMENT, LP in the amount of \$200,000. The cost of the agreement will be entirely funded by the Traffic Mitigation Fund. The project will construct a new four-lane roadway and bridge connecting Roseville Parkway between Foothills Boulevard and Washington Boulevard. Construction of the Roseville Parkway Extension project is anticipated to begin in late 2023. No General Fund resources will be used to complete the project.

7.16. HOME Investment Partnerships Program - Application Authorization

Memo from Housing Analyst Sara Thornton and Economic Development Director Melissa Anguiano recommending the City Council adopt RESOLUTION NO. 23-279 AUTHORIZING THE SUBMISSION OF THE

2022 HOME INVESTMENT PARTNERSHIPS PROGRAM APPLICATION TO THE CALIFORNIA STATE DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT AND ANY RELATED DOCUMENTS NECESSARY TO PARTICIPATE AND COMPLY WITH THE PROGRAM ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council authorize the City Manager or his designee to apply for authorization to use \$1,500,000 in HOME Program Income funds to support Advocates for Mentally Ill Housing, Inc. (AMI Housing) with the rehabilitation of Sun Rose apartments, a Project Homekey permanent supportive housing site in the City of Roseville. The use of these funds will assist AMI Housing with required gap funding to rehabilitate 83 affordable units. The City's HOME Program Income is funded from First-Time Home Buyer and Owner Occupied Rehabilitation loan payoffs funded using HOME program dollars. No General Fund resources will be used.

7.25. Woodcreek Golf Course Emergency Repairs - Budget Adjustment

Memo from Parks, Recreation & Libraries Superintendent Rob Nakamura and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt ORDINANCE NO. 6671 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve a budget adjustment for emergency facility repairs. On May 15, 2023, a fire sprinkler head burst in the walk-in freezer at the Woodcreek Golf Course restaurant causing all sprinklers in the kitchen area to discharge. Although the cause is unknown, the water damage throughout the kitchen facility required emergency restoration services. Repairs to the interior sprinkler system, flooring, walls, cabinetry and walk-in freezer are necessary. The Woodcreek Golf Club Flood Repair project will be funded by a \$120,000 transfer from the General Fund Contributions by Developers Fund. Any unspent monies will be returned to the General Fund at the completion of the project. This expense will be evaluated for potential insurance reimbursement.

7.26. Taylor Road Park and Ride Lot Improvement Project - Award of Contract and Budget Adjustment

Memo from Associate Engineer Cathy Gosalvez and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 23-289 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND BALDONI CONSTRUCTION SERVICE, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6688 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council award the Taylor Road Park and Ride Lot Improvement project to the low bidder, Baldoni Construction Service, Inc., in the amount of \$99,999 with authorization for staff to exceed the award amount by 15% or \$15,000 as a construction contingency. The project will expand the existing bus shelter pad, construct new curb ramps and install conduit for future electric and communication needs. A budget adjustment is necessary in the amount of \$206,330 to fund construction, construction contingency, staff time, and construction management costs. This project is funded fully with Low Carbon Transportation Operation Program grant funds and State of Good Repair funds. No General Fund resources will be used to complete the project. Construction of the project is anticipated to begin in

September of 2023 and be completed by October of 2023.

7.27. Fiscal Year 2022-23 Year-End Budget Adjustments

Memo from Assistant Finance Director Scott Pettingell and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt ORDINANCE NO. 6673 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6674 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6675 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6676 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6677 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6678 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6679 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6680 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6681 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6682 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE; and adopt ORDINANCE NO. 6683 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL

YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve year-end budget adjustments to the FY2022-23 budget to ensure compliance with the annual budget ordinance. The recommended year-end budget adjustments include: Roseville Youth Sports Coalition Fund/Citywide Park Fund; Roseville Aquatics Maintenance Fund/General Fund; Roseville Energy Park Exterior Paint Project; General Fund Annexation Payments; American Rescue Plan Act (ARPA) Project Revenue; Transit Fund/Transit Shuttle Fee Fund; General Fund Capital Reserve Fund/Strategic Improvement Fund; Emergency Repairs at Placer County Society for the Prevention of Cruelty to Animals facility; Closure of the General Capital Projects Fund; Facility Rehabilitation Fund; and Workers Compensation Fund. There are adequate resources available within all the impacted funds. The Roseville Aquatics Maintenance Fund budget adjustment provides \$78,579 to the General Fund.

7.30.Roseville Soccer Complex Traffic Signal and Roadway Improvements - Interfund Loan

Memo from Assistant Finance Director Scott Pettingell and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City

Council approve a \$3,217,833 interfund loan from the General Fund Capital Reserve Fund to the Traffic Mitigation Fund (TMF) to construct traffic signal and roadway improvements to accommodate the construction of the Roseville Soccer Complex. Pursuant to the interfund loan terms, the TMF Fund will repay the General Fund Capital Reserve Fund over 20 years. The interfund loan includes estimated interest payments totaling \$624,208. The first loan principal repayment is scheduled for FY2026-27. The annual interest rate for this interfund loan will be the City's prior year's average pooled interest rate. This interfund loan is consistent with the Council-approved interfund loan policy. The proposed FY2023-24 budget includes this interfund loan to fund the project.

9. RESOLUTIONS

9.1. Creekview Community Facilities District No. 1, Improvement Area 2, Series 2023 - Bond Issuance

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-271 AUTHORIZING THE ISSUANCE OF SPECIAL TAX BONDS FOR AND ON BEHALF OF IMPROVEMENT AREA NO. 2 OF THE CITY OF ROSEVILLE CREEKVIEW COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), APPROVING AND DIRECTING THE EXECUTION OF A FISCAL AGENT AGREEMENT AND A BOND PURCHASE AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH

BONDS, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS. Staff recommends Council adopt a resolution authorizing the issuance of Special Tax Bonds for and on behalf of improvement Area No. 2 of the City of Roseville Creekview Community Facilities District No. 1 (Public Facilities), approving and directing the execution of a Fiscal Agent Agreement and a Bond Purchase Agreement, approving the form of the Preliminary Official Statement, approving sale of such bonds, and approving other related documents and actions. The 2023 bonds are being issued at the developer's request, in an amount not to exceed \$17,000,000 to (i) construct and/or acquire certain authorized public facilities, (ii) provide for a deposit to a debt service reserve account for the 2023 Bonds, and (iii) pay costs of issuance of the 2023 Bonds. The 2023 bonds are the first series to be issued for Improvement Area No. 2. The CFD will generate special taxes that will be paid by the property owners sufficient to pay the costs of the debt service, CFD administration, and any authorized pay-as-you-go facilities, as well as provide funding in the future for maintenance/replacement of constructed facilities. The issuance of these bonds will not impact the City's General Fund.

9.2. The Ranch at Sierra Vista Community Facilities District No. 1, Series 2023 - Bond Issuance

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-290 AUTHORIZING THE ISSUANCE OF SPECIAL TAX BONDS FOR AND ON BEHALF OF THE CITY OF ROSEVILLE THE RANCH AT SIERRA VISTA COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), APPROVING AND DIRECTING THE EXECUTION OF A SUPPLEMENTAL AGREEMENT TO FISCAL AGENT AGREEMENT AND BOND PURCHASE AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH BONDS, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS. Staff requests Council approve the issuance of Special Tax Bonds for The Ranch at Sierra Vista Community Facilities District No. 1 (Public Facilities), approving and directing the execution of a Supplemental Agreement to Fiscal Agent Agreement and Bond Purchase Agreement, approving the form of the Preliminary Official Statement, approving sale of such bonds, and approving other related documents and actions. The Series 2023 Bonds are being issued at the request of the developer for the District to: (i) construct and acquire certain public facilities of benefit to the District, (ii) provide for a deposit to a debt service reserve account for the 2023 Bonds, (iii) provide capitalized interest for debt service due on the 2023 bonds, and (iv) pay costs of issuance of the 2023 Bonds. The 2023 Bonds are the third series of bonds to be issued for the District. The issuance of these bonds will not impact the City's General Fund.

10. ORDINANCES

10.1. City of Roseville FY2023-24 Citywide Budget, Position Allocation Schedule, Roseville Housing Authority Budget, and Roseville Finance Authority Budget

Memo from Assistant Finance Director Scott Pettingell and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council acting as the Board of Directors for the Roseville Housing Authority, adopt RESOLUTION NO. 2-23 APPROVING THE ANNUAL BUDGET FOR FISCAL YEAR 2023-24; and adopt ORDINANCE NO. 6684 ADOPTING THE ANNUAL BUDGET FOR THE FISCAL YEAR 2023-2024, ADOPTING BUDGET CONTROL POLICIES, ADOPTING AN APPROPRIATIONS LIMIT, ADOPTING THE BUDGET FOR THE SUCCESSOR AGENCY OF THE ROSEVILLE REDEVELOPMENT AGENCY, TO BE EFFECTIVE IMMEDIATELY AS AN URGENCY MEASURE; and adopt ROSEVILLE FINANCE AUTHORITY RESOLUTION NO. 1-23 ADOPTING THE ANNUAL BUDGET FOR THE FISCAL YEAR 2023-24. Staff requests Council approve new vehicle requests and the Citywide position allocation schedule as incorporated into the Fiscal Year 2023-24 budget document, effective July 1, 2023. The FY2023-24 proposed citywide expenditure budget totals \$784 million from all funding sources. The budget for the General Fund is \$229 million, which includes operating (\$213.6 million) and non-operating expenditures (\$15.7 million). The FY2023-24 Housing Authority program expenditure budget is \$7.2 million and is primarily comprised of funding from the federally-funded Housing Choice Voucher Program for the purpose of providing rental assistance to over to 823 families, seniors, disabled persons, and veterans annually. The FY2023-24 Roseville Finance Authority (RFA) budget includes debt service payments of \$2.4 million reflecting scheduled payments on the Certificates of Participation for the corporation yard, golf courses, and 316 Vernon Street. Transfers out of the RFA capital projects fund of \$690,980 represent savings from community facilities districts (CFDs) bond refundings transferred to various CFDs and to the Citywide Parks Fund for the repayment of a loan from the Fleet Replacement Fund, which partially funded the construction of Harry Crabb Park.

12. PUBLIC HEARING

NOTICE TO THE PUBLIC

City Council, when considering the matter scheduled for hearing, will take the following actions:

1. Open the Public Hearing
2. Presentation by Staff
3. Presentation by applicant or Appellant
4. Accept Public Testimony
5. Appellant or Applicant Rebuttal Period
6. Close the Public Hearing
7. City Council Comments and Questions
8. City Council Action

In the future, if you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues, which you, or someone else raised orally at the Public Hearing or in written correspondence received by the City on or before the hearing.

Public Hearings listed for continuance will be continued as noted and posting of this agenda serves as notice of continuation.

12.1. Formation of Amoruso Ranch Community Facilities District No. 1 (Public Facilities) and Amoruso Ranch Community Facilities District No. 2 (Public Services); and Annexation of Territory and Authorize Special Taxes in City of Roseville Community Facilities District No. 3 (Municipal Services), Annexation No. 28, Amoruso Ranch

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-292 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE TO FORM A COMMUNITY FACILITIES DISTRICT, DESIGNATE AN IMPROVEMENT AREA THEREIN, ESTABLISH A FUTURE ANNEXATION AREA, PROVIDE FOR ADDITIONAL FUTURE IMPROVEMENT AREAS THEREIN, AND TO AUTHORIZE THE LEVY OF A SPECIAL TAX THEREIN TO FINANCE PUBLIC FACILITIES AND PUBLIC SERVICES IN AND FOR SUCH COMMUNITY FACILITIES DISTRICT; and adopt RESOLUTION NO. 23-293 DETERMINING NECESSITY TO INCUR BONDED INDEBTEDNESS OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE FOR THE CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-294 CALLING SPECIAL ELECTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE REGARDING THE CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-295 DECLARING RESULTS OF SPECIAL ELECTION AND DIRECTING RECORDING OF NOTICE OF SPECIAL TAX LIEN REGARDING CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt ORDINANCE NO. 6689 AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE LEVYING SPECIAL TAXES WITHIN CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-296 A RESOLUTION OF FORMATION OF COMMUNITY FACILITIES DISTRICT City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt RESOLUTION NO. 23-297 A RESOLUTION CALLING SPECIAL LANDOWNER ELECTION FOR COMMUNITY FACILITIES DISTRICT City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt RESOLUTION NO. 23-298 DECLARING RESULTS OF SPECIAL LANDOWNER ELECTION AND DIRECTING RECORDING OF NOTICE OF SPECIAL TAX LIEN City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt ORDINANCE NO. 6690 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE LEVYING SPECIAL TAX

WITHIN AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 2 (PUBLIC SERVICES); and adopt RESOLUTION NO. 23-299 A RESOLUTION OF ANNEXATION OF TERRITORY TO COMMUNITY FACILITIES DISTRICT, AUTHORIZING THE LEVY OF A SPECIAL TAX AND SUBMITTING LEVY OF TAX TO QUALIFIED ELECTORS CITY OF ROSEVILLE Community Facilities District No. 3 (Municipal Services) Annexation No. 28 (Amoruso Ranch); and adopt RESOLUTION NO. 23-300 DECLARING RESULTS OF SPECIAL ANNEXATION ELECTION, DETERMINING VALIDITY OF PRIOR PROCEEDINGS, AND DIRECTING RECORDING OF AMENDED NOTICE OF SPECIAL TAX LIEN CITY OF ROSEVILLE Community Facilities District No. 3 (Municipal Services) Annexation No. 28 (Amoruso Ranch). Brookfield Properties, the landowner proposed to be included in the public infrastructure district, has requested the City form a Community Facilities District (CFD) under the Mello-Roos Community Facilities Act of 1982, as amended, Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing with Section 53311, of the California Government Code, to provide funding for certain authorized public facilities within the property, as detailed in the List of Authorized Facilities and Services (for Amoruso Ranch CFD No. 1 (Public Facilities). The landowner is obligated per the development agreement to also form a Public Services CFD and annex into CFD No. 3 (Municipal Services), prior to the issuance of the first residential building permit. Amoruso Ranch CFD No. 2 (Public Services) is being formed in order to fund the maintenance of landscaping, open space and neighborhood parks. The CFDs will generate special taxes that will be paid by the property owners sufficient to pay the costs for the debt service, maintenance, CFD administration, and any authorized pay-as-you-go facilities. The formation, annexation, and administration of the CFDs will not impact the City's General Fund.

RECOMMENDATION TO COUNCIL

Approve the minutes of the May 17, 2023 City Council/Housing Successor meeting and the May 30, 2023 Special Meeting City Council Budget Workshop.

BACKGROUND

Not applicable.

FISCAL IMPACT

There is no fiscal impact associated with this request.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The City Council minutes are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal B - Support community engagement and advocacy

Respectfully Submitted,

Melissa Lipp, City Clerk Technician

Carmen Avalos, City Clerk

Dominick Casey, City Manager

Description

May 17, 2023 Council Council Housing Successor

May 30, 2023 Special Meeting City Council Budget Workshop

MINUTES

May 17, 2023

**CITY COUNCIL
AND
HOUSING SUCCESSOR**
6:00 p.m.
Council Chambers
311 Vernon Street
Roseville, CA
www.roseville.ca.us

1. CALL TO ORDER

Mayor Bruce Houdesheldt called the meeting to order at 6:02 p.m.

2. ROLL CALL

Present: Bernasconi, Alvord, Mendonsa, Roccucci, Houdesheldt

3. PLEDGE OF ALLEGIANCE

Emily led the Pledge of Allegiance.

4. MEETING PROCEDURES

City Clerk Carmen Avalos announced the procedures for addressing the City Council.

City Clerk Carmen Avalos announced item 10.1 is continued to the Council meeting of June 21.

5. PRESENTATIONS

5.1. Proclamation - National Police Week

Proclaim May 14-20, 2023, as National Police Week and publicly salute the service of Roseville law enforcement officers and officers in communities across the nation.

CONTACT: Blair Hutchison 916-774-5266 bmhutchison@roseville.ca.us

City Councilmembers presented the proclamation to Roseville Police Chief Troy Bergstrom, who responded.

5.2. Proclamation - Craft Beer Week

Proclaim May 15-21, 2023 as Craft Beer Week and celebrate the success of our growing craft brewery scene.

CONTACT: Blair Hutchison 916-774-5266 bmhutchison@roseville.ca.us

Mayor Bruce Houdesheldt presented the proclamation to Monk's Cellar owner Andy Klein, who responded.

6. PUBLIC COMMENTS

Lorin Meeks-Harris spoke on traffic concerns near the area of Porter and Junction.

David Zwilling spoke on traffic concerns near Woodbridge School, Stanford Avenue.

7. CONSENT CALENDAR

BEGINNING OF CONSENT CALENDAR

Motion by Tracy Mendonsa, seconded by Pauline Roccucci, to approve the Consent Calendar as presented. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

Bids / Purchases / Services

7.2. Printing and Mailing Activity Guides - Purchase Order Increase

Memo from Management Analyst Rendi Hodge and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-195 APPROVING AN INCREASE TO THE PURCHASE ORDER FOR PRINTING AND MAILING OF PARKS, RECREATION & LIBRARIES

ACTIVITY GUIDES. Staff requests Council authorize an increase to the purchase order amount with Pride Industries for the printing and mailing of the Parks, Recreation & Libraries activity guides. Staff additionally requests approval for four (4) optional one (1) year renewals of the purchase order without further council approval, provided that a new sole source form is approved each year, until such a time that the vendor can no longer provide the service, or until Parks, Recreation & Libraries staff determines that continuing with the same vendor is not in the City's best interest. The Parks, Recreation & Libraries Department contracts with Pride Industries to coordinate, print and mail three seasonal activity guides per year. Costs to print and mail guides and the cost of paper have significantly increased and staff are requesting a purchase order increase to account for price increases in FY2022-23 as well as future fiscal years. The total estimated cost of the services for FY2022-23 will not exceed \$151,000. In FY2023-24, the estimated costs of services will increase by approximately 20% for a not-to-exceed amount of \$181,200. The estimated FY2024-25 not-to-exceed amount will be \$199,320, the estimated FY2025-26 not-to-exceed amount will be \$219,252, and the estimated FY2026-27 not-to-exceed amount will be \$241,177. Funding is included in the Parks, Recreation & Libraries Department's FY2022-23 budget for the printing and mailing of the activity guides, and will be included in the City's proposed budgets in future fiscal years.

File #: 0203-10

CONTACT: Rendi Hodge 916-774-5240 rhodge@roseville.ca.us

7.3. Golf Maintenance Services - Agreement Amendment

Memo from Parks, Recreation & Libraries Superintendent Rob Nakamura and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-169 APPROVING A FIFTH AMENDMENT TO GOLF MAINTENANCES SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND BRIGHTVIEW GOLF MAINTENANCE, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the fifth amendment to the Golf Maintenance Services Agreement with Brightview Golf Maintenance, Inc. The agreement allows for annual pricing adjustments limited to 5% in any one year based on reported increases to the Employment Cost Index and the Consumer Price Index. The City and Brightview Golf Maintenance, Inc. have agreed to adjust pricing by 5% retroactive to January 1, 2023. This annual adjustment will increase expenses by \$38,360 for the remainder of this fiscal year for a total of \$1,611,105.30. It is anticipated that revenues generated through golf course fees will cover the additional maintenance expense and will not directly impact the General Fund.

7.4. Dispatch Console Support - System Sales Contract Amendment

Memo from Information Technology Program Manager Karl Grover and Chief

Information Officer Hong Sae recommending the City Council adopt RESOLUTION NO. 23-178 APPROVING A FIRST AMENDMENT TO SYSTEM SALES CONTRACT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ZETRON, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests that the City Council adopt a resolution to approve Amendment Number 1 to the System Sales Contract with Zetron, Inc., for dispatch console support and maintenance, and authorize the City Manager to execute it. The renewal is for support and maintenance of the Zetron System Sales Contract for Police, Fire and Electric dispatch consoles. The original five-year contract will expire in August 2023 and the City needs to renew another five-year contract in order to maintain Dispatch center operations. The total cost of the five-year contract is \$297,222 and will be funded by the Information Technology Operations Fund.

7.5. Mike Shellito Indoor Pool Replastering Project – Award of Contract and Budget Adjustment

Memo from Park Development Project Manager Joel De Jong and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-171 APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND DAVE GROSS ENTERPRISES, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6650 OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council award an agreement in the amount of \$382,600 to Dave Gross Enterprises, Inc. DBA Adams Pool Specialties for the removal and replacement of the plaster, tiles, coping, underwater lights and drain grates for both pools at the Mike Shellito Indoor Pool facility. Staff also requests authorization to approve change order requests in an amount not to exceed 10% of the contracted amount. Staff also requests approval of a budget adjustment to redirect \$160,000 from unspent funds from two recently completed Parks, Recreation and Libraries Department (PRL) capital projects and a reduction in the available funds in the PRL Capital Projects Fund. Initial funding for the project was provided through General Fund year-end surplus funds from the FY2020-21 budget. The budget adjustment will fully fund the project. Ongoing maintenance costs are funded through the PRL operating budget in the General Fund. There will be no additional maintenance cost as a result of this project.

7.8. Calsense Irrigation Controllers (RFQ 10-3342) - Purchase Order

Memo from Buyer Sue Jessup and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council approve a purchase order to Heritage Landscape Supply Group, Inc. dba Normac as the lowest responsive and responsible bid received for Calsense irrigation controllers in response to Request for Quotes (RFQ) 10-3342. The new controllers are being purchased for parks in community facilities districts (CFDs). The controllers are used by City Park Maintenance staff to control the timing and frequency, and to monitor flow rates, of irrigation in parks and landscape areas throughout the City. New controllers will be used to replace older controllers that have outdated software and functionality. Items on the RFQ were estimated quantities to be ordered on an as-needed basis. The total not-to-exceed amount for FY2022-23 is \$180,000. Funding is included in the FY2022-23 budget for the CFDs. There is no fiscal impact on the City's General Fund.

7.10. Heating, Ventilation and Air Conditioning Maintenance and Repair Services - Contract Purchase Agreements

Memo from Administrative Technician Darci Carpenter and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 23-192 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ACCO ENGINEERED SYSTEMS, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 23-193 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND MESA ENERGY SYSTEMS, INC., DBA EMCOR SERVICES MESA ENERGY, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO 23-194 APPROVING A CONTRACT PURCHASE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND LAWSON MECHANICAL CONTRACTORS, LLC, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve a contract purchase agreements with the three (3) vendors, ACCO Engineered Systems, Inc., Mesa Energy Systems, Inc. dba Emcor Services Mesa Energy, and Lawson Mechanical Contractors, LLC, for Heating, Ventilation and Air Conditioning maintenance, repairs, equipment replacement, and filter change-out services at various City locations. The contracts will total \$1,200,000 (\$400,000 each) for the first year of a multi-year agreement. Funding is included in the proposed FY2023-24 budget for Building Maintenance, Electric Power Plant, Adventure Clubs, Golf Course, Pleasant Grove Wastewater Treatment Plant, and Dry Creek Wastewater Treatment Plant.

7.11. Audrey Huisking (W-50D) Park Project - Notice of Completion

Memo from Park Development Project Manager Heather Buck and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-168 ACCEPTING THE PUBLIC WORK KNOWN AS THE AUDREY HUISKING PARK PROJECT, APPROVING THE "NOTICE OF COMPLETION", AND AUTHORIZING THE PARKS, RECREATION AND LIBRARIES DIRECTOR TO EXECUTE SAID NOTICE ON BEHALF OF THE CITY OF ROSEVILLE. Staff has made final inspection of the Audrey Huisking Park Project and has found that all contract work has been completed in accordance with the improvement plans and specifications. The project is now ready for acceptance. Audrey Huisking Park, formerly W-50D, is a 1.2-acre neighborhood park site located at Garland Way and Meeker Way in the West Roseville Specific Plan. The

project included a children's play area, zip line, pedestrian pathways, shaded picnic tables, benches, open turf areas, landscaping and irrigation. In accordance with City specifications, the contractor shall guarantee the installation of these improvements for a period of twelve (12) months from the date of this Notice of Completion. The project was funded with development fees collected in the West Roseville Neighborhood Park Fund. Maintenance of the park will be funded from the Westpark Community Facilities District No. 2 (Public Services).

7.12. Special Inspection and Materials Testing Services – On-Call Professional Services Agreement Amendment

Memo from Park Development Project Manager Heather Buck and Parks, Recreation & Libraries Director Jill Geller recommending the City Council adopt RESOLUTION NO. 23-172 APPROVING A FIRST AMENDMENT TO ON-CALL PROFESSIONAL SERVICES AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND ENGEO, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests Council approve the first amendment to professional services agreement for On-Call Special Inspection and Materials Testing Services with ENGEO, Inc. Additionally, staff requests authorization for two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council, or until staff determines that continuing with this consultant is not in the best interest of the City. The Parks, Recreation & Libraries Department is projecting a number of capital improvement projects, including new and major rehabilitation projects over the next three to five years, including, but not limited to, the Roseville Soccer Complex. This Amendment is the first of three optional one-year extensions. Funding for services shall be provided through capital improvement project budgets, approved professional services budgets, or developer reimbursements. Project-specific quotes will be obtained prior to the start of any work. This amendment and the remaining optional extensions shall not exceed \$400,000 per year, for a total contract amount not-to-exceed \$1,300,000.

7.17. Zero Emission Bus Depot Project - Budget Adjustment

Memo from Transportation Grants Analyst Cameron Schreiter and Public Works Director Jason Shykowski recommending the City Council adopt ORDINANCE NO. 6653 AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests Council approve a budget adjustment in the amount of \$31,566 to go towards the construction of the Zero Emission Bus Depot (ZEB) project. Interest has been earned on the deferred Low Carbon Transit Operations Program grant. This budget adjustment will increase the overall ZEB Depot project budget by \$31,566 from \$4,906,000 to \$4,937,566. This budget adjustment will have no impact on the General Fund.

7.18. International Brotherhood of Electrical Workers, Local 1245 - Implementation of Labor Market Salary Adjustments

Memo from Human Resources Manager Linda Hampton and Human Resources Director Stacey Peterson recommending the City Council adopt ORDINANCE NO. 6652 OF THE COUNCIL OF THE CITY OF ROSEVILLE AMENDING ORDINANCE 6630, THE SALARY ORDINANCE FOR PERSONNEL REPRESENTED BY THE INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL 1245, AS AMENDED BY APPENDIX "D" TO BE EFFECTIVE MAY 6, 2023, AS AN URGENCY MEASURE. Staff requests Council approve the International Brotherhood of Electrical Workers, Local 1245, A & B salary schedules (Appendix D) reflecting labor market adjustments or a minimum of a 2% general wage increase effective May 6, 2023. The City engaged a consulting firm to conduct a total compensation study of International Brotherhood of Electrical Workers, Local 1245 (IBEW), benchmark

classifications in the Electric, Environmental Utilities and Public Works departments in accordance with the provisions in the current IBEW Memorandum of Understanding. An average 3.51 percent salary increase across the positions result in an estimated cost to the Electric, Water Operations and Wastewater Operations enterprise funds for the recommended labor market adjustments of \$129,668 for the remainder of this fiscal year and \$778,006 annually ongoing. There is no fiscal impact on the General Fund.

8. RESOLUTIONS

8.1. Opposition to State Ballot Initiative 21-0042A1 - Measure Restricting Voters' Input and Local Taxing Authority

Memo from Government Relations Administrator Mark Wolinski and Deputy City Manager Megan Scheid recommending the City Council adopt RESOLUTION NO. 23-166 OPPOSING STATE BALLOT INITIATIVE 21-0042A1. Recently, the California Business Roundtable's anti-local control measure qualified for the November 2024 ballot. The measure includes provisions that would make it more difficult for local voters to pass measures needed to fund local services and projects and would limit voter input by prohibiting local advisory measures where voters can express a preference on how they want their local tax dollars spent. Voters also may not amend a city charter to impose, extend, or increase a tax or fee. The costs of these activities are contained within the City's current budget.

Motion by Scott Alvord, seconded by Krista Bernasconi, to adopt RESOLUTION NO. 23-166 OPPOSING STATE BALLOT INITIATIVE 21-0042A1. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

8.2. Longmeadow Parkside Community Facilities District No. 1 Bond Refunding

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-179 A RESOLUTION AUTHORIZING THE ISSUANCE OF SPECIAL TAX REFUNDING BONDS FOR AND ON BEHALF OF THE CITY OF ROSEVILLE LONGMEADOW PARKSIDE COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), APPROVING AND DIRECTING THE EXECUTION OF A FISCAL AGENT AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH BONDS PURSUANT TO BOND PURCHASE AGREEMENT, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS. Staff requests Council adopt the Resolution Authorizing the Issuance of Special Tax Refunding Bonds for and on behalf of the City of Roseville Longmeadow Parkside Community Facilities District No. 1 (Public Facilities), Approving and Directing the Execution of a Fiscal Agent Agreement, Approving the Form of the Preliminary Official Statement, Approving Sale of Such Bonds Pursuant to Bond Purchase Agreement, and Approving the Other Related Documents and Actions. Longmeadow Parkside Community Facilities District (CFD) No. 1 was formed on October 19, 2005 by the adoption of Resolution 05-536. Bonds were issued for the district in 2005 and were refunded in

2013. The proposed Series 2023 Bonds will refund the 2013 series of bonds to achieve a present value savings of approximately 5% consistent with the City's Debt Management Policy. The refunding will provide new money for additional authorized improvements and will not increase the term of the outstanding bonds. There will be no fiscal impact to the General Fund as all bond issuance costs will be paid from bond proceeds. The CFD will continue to generate special taxes that will be paid by the property owners sufficient to pay the costs of debt service and CFD administration.

Motion by Tracy Mendonsa, seconded by Pauline Roccucci, to adopt RESOLUTION NO. 23-179 A RESOLUTION AUTHORIZING THE ISSUANCE OF SPECIAL TAX REFUNDING BONDS FOR AND ON BEHALF OF THE CITY OF ROSEVILLE LONGMEADOW PARKSIDE COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES), APPROVING AND DIRECTING THE EXECUTION OF A FISCAL AGENT AGREEMENT, APPROVING THE FORM OF PRELIMINARY OFFICIAL STATEMENT, APPROVING SALE OF SUCH BONDS PURSUANT TO BOND PURCHASE AGREEMENT, AND APPROVING OTHER RELATED DOCUMENTS AND ACTIONS. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

8.3. Financial Policies for Fiscal Year 2023-24

Memo from Assistant City Manager/Chief Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-176 ADOPTING THE CITY OF ROSEVILLE FINANCIAL POLICIES, EFFECTIVE JULY 1, 2023. Staff requests Council approve a comprehensive set of financial policies that include the City's updated Investment Policy, Debt Management Policy, Swap Policy, Budget Development Policy, General Fund Reserves Policy, updated Development Services Stabilization Reserve Policy, Federal Stimulus Reserve Fund Policy, Internal Service Funds - Operating and Replacement Reserves Policy, Capital Improvement Program Rehabilitation Funding Policy, Pension Funding Policy, Other Post-Employment Benefits Funding Policy, Workers' Compensation and General Liability Funding Policy, Interfund Loans Policy, Requests for Proposals Policy, and new policies addressing Internal Control and Procurement Code of Ethics. Staff also recommends incorporating the Roseville Electric Utility and Environmental Utilities financial policies into this City Council-adopted financial policies document. The recommended update to the Investment Policy incorporates a provision of Senate Bill 1489, the Local Government Omnibus Act, which clarifies how a public agency

investment's term or remaining maturity is to be measured. The recommended update to the Development Services Stabilization Reserve Fund Policy improves clarity about the calculation of the reserve and adds a requirement for City Council approval of any appropriations from the reserve. The recommended Internal Control Policy documents the internal control framework adopted by the City and formalizes certain policies and procedures to further the goal of fiscal responsibility through effective and comprehensive internal controls. The recommended Procurement Code of Ethics Policy will establish a well-defined code of ethics for City employees, including public procurement professionals, who interact with the public and represent the City in any way in relation to all procurement activities and to ensure integrity in the procurement and contracting process. Approval of the financial policies has no fiscal impact. However, implementation of the policies is expected to improve the fiscal position and financial health of the City. The Fiscal Year 2023-24 Proposed Budget is being developed based on these recommended financial policies.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

8.5. Reservation of Affordable Housing Funds for Development of Affordable Housing Projects

Memo from Housing Manager Trisha Isom and Economic Development Director Melissa Anguiano recommending the City Council adopt RESOLUTION NO. 23-196 APPROVING THE AMENDED RESERVATION OF \$6,000,000 IN AFFORDABLE HOUSING FUNDS FOR DEVELOPMENT OF AFFORDABLE HOUSING PROJECTS, AND RESERVING \$1,500,000 IN AFFORDABLE HOUSING FUNDS FOR DEVELOPMENT OF AFFORDABLE HOUSING PROJECTS. Staff requests Council approval to reserve a total of \$7,500,000 in affordable housing funds to support two affordable housing projects on the City's Affordable Housing Pipeline report. The increased reservation will assist with required gap funding to develop 98 affordable units. The City's Local Housing Trust Fund receives funding from developer in-lieu fees, payoffs from resales and payoffs from developer subsidy loans. The Housing Division has funding available in the Local Housing Trust Fund (LHTF), which will be used to match state-awarded LHTFs. No General Fund resources will be used.

Laura with The Petal Connection thanked Council for their past support.

Axel with Life Steps thanked Council for their past support.

Sara Weimar with Roseville Thriving Youth thanked Council for their past support.

Mary-Joe Fleming with a parent participation school serving children of the local

area thanked Council for their past support.

Jamie with The Assistance League of Greater Placer spoke in support of the funding recommendations.

Glenda Hay with The Historic Sierra Vista Neighborhood Association and RCONA spoke in support of the funding recommendations.

Nicole Harrigan with Gigi's Playhouse spoke in support of the funding recommendations.

Noelle Calvert with Sierra College Foundation Food Panty spoke in support of the funding recommendations.

Vice Mayor Krista Bernasconi left the dais for a potential conflict of interest as she does work for the Placer Food Bank.

Motion by Pauline Roccucci, seconded by Scott Alvord, to approve grant funding in the amount of \$45,618 to the Placer Food Bank. The Motion Passed.

Roll call vote: Ayes: Alvord, Mendonsa, Roccucci, Houdesheldt
Absent: Bernasconi

Vice Mayor Krista Bernasconi returned to the dais.

Councilmember Tracy Mendonsa and Councilmember Scott Alvord left the dais due to a potential conflict of interest due to both Councilmembers serving on the Roseville Police Activities League Board of Directors.

Motion by Krista Bernasconi, seconded by Pauline Roccucci, to approve grant funding in the amount of \$25,000 to the Roseville Police Activities League. The Motion Passed.

Roll call vote: Ayes: Bernasconi, Roccucci, Houdesheldt
Absent: Alvord, Mendonsa

Councilmember Tracy Mendonsa returned to the dais.

Councilmember Scott Alvord remained away from the dais for a potential conflict of interest due to serving on the Roseville Coalition of Neighborhood Associations (RCONA) Board of Directors, and his wife receiving income from the Wayfinder Family Services in the first quarter of 2023.

Motion by Pauline Roccucci, seconded by Tracy Mendonsa, to approve grant funding in the amounts of \$7,336 to RCONA and \$10,000 to Wayfinder Family Services. The Motion Passed.

Roll call vote: Ayes: Bernasconi, Mendonsa, Roccucci, Houdesheldt
Absent: Alvord

Councilmember Scott Alvord returned to the dais.

Motion by Tracy Mendonsa, seconded by Pauline Roccucci, to approve grant funding to the remainder of the organizations as recommended by the Grants Advisory Commission. The Motion Passed.

Roll call vote: Ayes: Bernasconi, Alvord, Mendonsa, Roccucci, Houdesheldt

9.3. Roseville Electric Department - Budget Update

10. PUBLIC HEARING

10.1. Formation of Amoruso Ranch Community Facilities District No. 1 (Public Facilities), Amoruso Ranch Community Facilities District No. 2 (Public Services), and Annexation of Territory and Authorize Special Taxes in City of Roseville Community Facilities District No. 3 (Municipal Services), Annexation No. 28, Amoruso Ranch

Memo from Management Analyst Jeannine Thrash and Assistant City Manager/Chief /Financial Officer Dennis Kauffman recommending the City Council adopt RESOLUTION NO. 23-180 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE TO FORM A COMMUNITY FACILITIES DISTRICT, DESIGNATE AN IMPROVEMENT AREA THEREIN, ESTABLISH A FUTURE ANNEXATION AREA, PROVIDE FOR ADDITIONAL FUTURE IMPROVEMENT AREAS THEREIN, AND TO AUTHORIZE THE LEVY OF A SPECIAL TAX THEREIN TO FINANCE PUBLIC FACILITIES AND PUBLIC SERVICES IN AND FOR SUCH COMMUNITY FACILITIES DISTRICT; and adopt RESOLUTION NO. 23-181 DETERMINING NECESSITY TO INCUR BONDED INDEBTEDNESS OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE FOR THE CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-182 CALLING SPECIAL ELECTION OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE REGARDING THE CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-183 DECLARING RESULTS OF SPECIAL ELECTION AND DIRECTING RECORDING OF NOTICE OF SPECIAL TAX LIEN REGARDING CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt ORDINANCE NO. 6655 AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROSEVILLE LEVYING SPECIAL TAXES WITHIN CITY OF ROSEVILLE AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 1 (PUBLIC FACILITIES); and adopt RESOLUTION NO. 23-184 A RESOLUTION OF FORMATION OF COMMUNITY FACILITIES DISTRICT City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt RESOLUTION NO. 23-185 A RESOLUTION CALLING SPECIAL LANDOWNER ELECTION FOR COMMUNITY FACILITIES DISTRICT City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt RESOLUTION NO. 23-186 DECLARING RESULTS OF SPECIAL LANDOWNER ELECTION AND DIRECTING RECORDING OF NOTICE OF SPECIAL TAX LIEN City of Roseville Amoruso Ranch Community Facilities District No. 2 (Public Services); and adopt ORDINANCE NO. 6656 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE LEVYING SPECIAL TAX WITHIN AMORUSO RANCH COMMUNITY FACILITIES DISTRICT NO. 2 (PUBLIC SERVICES); and adopt RESOLUTION NO. 23-187 A RESOLUTION OF ANNEXATION OF TERRITORY TO COMMUNITY FACILITIES DISTRICT, AUTHORIZING THE LEVY OF A SPECIAL TAX AND SUBMITTING LEVY OF TAX TO QUALIFIED ELECTORS CITY OF ROSEVILLE Community Facilities District No. 3 (Municipal Services) Annexation No. 28 (Amoruso Ranch); and adopt RESOLUTION NO. 23-188 DECLARING RESULTS OF SPECIAL ANNEXATION ELECTION, DETERMINING VALIDITY OF PRIOR PROCEEDINGS, AND DIRECTING RECORDING OF AMENDED NOTICE OF SPECIAL TAX LIEN CITY OF

ROSEVILLE Community Facilities District No. 3 (Municipal Services) Annexation No. 28 (Amoruso Ranch). Brookfield Properties, the landowner proposed to be included in the public infrastructure district, has requested the City form a Community Facilities District (CFD) under the Mello-Roos Community Facilities Act of 1982, as amended. Chapter 2.5 of Part 1 of Division 2 of Title 5, commencing with Section 53311, of the California Government Code, to provide funding for certain authorized public facilities within the property, as detailed in the List of Authorized Facilities and Services (for Amoruso Ranch CFD No. 1, Public Facilities). The landowner is obligated per the Development Agreement to also form a Public Services CFD and annex into CFD No. 3, Municipal Services, prior to the issuance of the first residential building permit. Amoruso Ranch CFD No. 2, Public Services, is being formed in order to fund the maintenance of landscaping, open space and neighborhood parks. The CFDs will generate special taxes that will be paid by the property owners sufficient to pay the costs for the debt service, maintenance, CFD administration, and any authorized pay-as-you-go facilities. The formation, annexation, and administration of the CFDs will not impact the City's General Fund.

10.2. Roseville Parkway Extension Project - Resolution of Necessity

Memo from Assistant Engineer Jesse Khatkar and Public Works Director Jason Shykowski recommending the City Council adopt RESOLUTION NO. 23-191 FINDING AND DETERMINING THAT THE PUBLIC INTEREST, CONVENIENCE AND NECESSITY REQUIRE THE ACQUISITION FOR PUBLIC PURPOSES BY EMINENT DOMAIN OF CERTAIN REAL PROPERTY LOCATED AT 8580 INDUSTRIAL AVENUE, ROSEVILLE, CALIFORNIA (A PORTION OF APN 017-113-023). Staff requests Council consider adopting a Resolution of Necessity finding and determining that public interest, convenience, and necessity require the acquisition of real property located at 8580 Industrial Ave, Roseville, CA 95678 (A Portion of APN 017-113-023) for the Roseville Parkway Extension Project for public purposes by eminent domain. The project will construct a new four-lane roadway and bridge connecting Roseville Parkway between Foothills Boulevard and Washington Boulevard. Construction of the Roseville Parkway Extension project is anticipated to begin in late 2023 contingent on resolution of this outstanding Right of Way acquisition. The project is anticipated to cost approximately \$27.4 million and be entirely funded by the Traffic Mitigation Fund. Staff will return to City Council with a budget adjustment to fund construction once the bids are received and construction costs are determined. No General Fund resources will be used to complete the project.

Item 10.2 dropped from the agenda.

10.3. Costco Project - Economic Development Incentive Agreement & Budget Adjustment

Memo from Assistant City Manager Ryan DeVore recommending the City Council hold a public hearing on an economic development subsidy, adopt RESOLUTION NO. 23-190 APPROVING A CITY OF ROSEVILLE ECONOMIC DEVELOPMENT INCENTIVE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND COSTCO WHOLESALE CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt ORDINANCE NO. 6557 ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23 BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY EFFECTIVE AS AN APPROPRIATION MEASURE. Staff requests that Council approve the economic incentive agreement with Costco as a catalyst to the development of the Baseline Marketplace. The incentive is necessary to offset a high fee burden and cost of infrastructure required to support both Costco and the Baseline Marketplace regional retail center. The requested budget adjustment will allocate \$7.8 million from the Strategic Improvement Fund to fund a \$6 million economic incentive for Costco upon store opening, and a \$1.8 million backstop payment if Costco does not receive reimbursement from the City/County Fee and/or the Traffic Mitigation Fee Set-Aside Fund within seven years of store opening. The new sales and property tax generated due to the agreement are expected to exceed the initial City investment within two years, after which the General Fund would experience an ongoing positive fiscal impact.

Mayor Bruce Houdesheldt opened the public hearing.

Assistant City Manager Ryan Devore made the presentation to the City Council.

Costco representative Mike Dobrota spoke in support of the project.

Lorin Meeks-Harris inquired if this project would affect the existing Costco.

Costco representative Mike Dobrota provided clarification.

Mayor Bruce Houdesheldt closed the public hearing.

Councilmember Scott Alvord read into the record that although his 2022 Form 700 stated that he owned Costco stock in the range of \$2,000 to \$10,000, he has since disposed of the majority of his Costco shares and is now under the Conflict of

Interest limit.

Motion by Scott Alvord, seconded by Pauline Roccucci, to adopt RESOLUTION NO. 23-190 APPROVING A CITY OF ROSEVILLE ECONOMIC DEVELOPMENT INCENTIVE AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND COSTCO WHOLESALE CORPORATION, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. The Motion Passed.

Roll call vote: Ayes: Alvord, Bernasconi, Houdesheldt, Mendonsa, Roccucci

11. ORDINANCES

11.1. Salary Schedule for City Council Appointed Positions and City Manager and City Attorney Employment and Personal Services Agreements

Memo from Human Resources Director Stacey Peterson recommending the City Council adopt ORDINANCE NO. 6654 AMENDING ORDINANCE NO. 6481 THE SALARY ORDINANCE FOR CITY COUNCIL APPOINTED POSITIONS, AS AMENDED BY APPENDIX "Q" TO BE EFFECTIVE MAY 20, 2023 AS AN URGENCY MEASURE; and adopt RESOLUTION NO. 23-173 APPROVING A FIRST AMENDMENT TO EMPLOYMENT AND PERSONAL SERVICES AGREEMENT BETWEEN THE CITY OF ROSEVILLE AND MICHELLE SHEIDENBERGER, AND AUTHORIZING THE MAYOR TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE; and adopt RESOLUTION NO. 23-174 APPROVING AN EMPLOYMENT AND PERSONAL SERVICES AGREEMENT BETWEEN THE CITY OF ROSEVILLE AND DOMINICK CASEY, AND AUTHORIZING THE MAYOR TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE. Staff requests the Council approve the City Council Appointed Positions salary schedule reflecting a seven (7%) percent salary increase for the City Attorney and City Manager, effective May 20, 2023. In addition, staff recommends Council approve the First Amendment to Employment and Personal Services Agreement between the City and Michelle Sheidenberger to approve a two (2%) percent increase to the City contribution to deferred compensation and a new Employment and Personal services agreement with Dominick Casey to reflect a \$200/month increase to the auto allowance benefit and a two (2%) percent increase to deferred compensation. The City Attorney and City Manager operating budgets have sufficient funds available to cover the additional salary and benefits costs for the current fiscal year, and the ongoing annual costs of \$34,666 and \$42,569, respectively, will be incorporated in the proposed FY2023-24 City Attorney and City Manager budgets in the General Fund.

COUNCIL COMMUNICATION

CC #: 2792

File #: 0704-01 & 0201-01

Title: Denio Family Park - Phase 1 Project - Award of Contract and Budget Adjustment

Contact: Joel De Jong 916-774-5924 jdejong@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.2.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to award the Denio Family Park – Phase 1 Project to the apparent low bidder, Olympic Land-Construction, in the amount of \$3,397,707, authorize the City Manager to execute it on behalf of the City of Roseville, and authorize change order requests in an amount not to exceed ten percent (10%) of the contract amount.

Staff also recommends that the City Council adopt an ordinance to approve a budget adjustment appropriating \$1,750,000 in the Citywide Park - West Roseville SP Fund to the Denio Family Park Project (400118).

BACKGROUND

Denio Family Park (formerly F-54) is a 95.5-acre city-wide park site off of Fiddymont Road to the east, Hayden Parkway on the south, Corin Drive on the west and Blue Oaks Boulevard to the north in the West Roseville Specific Plan. The master plan for this park was approved by the City Council on February 17, 2021. Amenities planned for the park in this Phase 1 of construction include an 18-hole disc golf course, fenced off-leash dog park, pedestrian concrete walkways, an asphalt driveway, off-street gravel parking lots, a group picnic area, security lighting, landscape, and irrigation. In order to meet budget constraints, additive alternates included in the bid consisted of a shade structure for the picnic area (Add Alternative 1), a restroom building (Add Alternative 2), asphalt paving for the parking areas (Add Alternative 3), a vehicular gate at the park entrance (Add Alternative 4) and additional landscape and irrigation (Add Alternative 5). A future phase will construct the planned bike trail and two bridges at creek crossings.

City Council approved the plans and specifications and authorized the call for bids at the November 2, 2022, meeting. Bids were opened on May 16, 2023, and staff received two bids for the project. The bid results are as follows:

<u>Bidder</u>	<u>Total Lump Sum Bid</u>
---------------	---------------------------

Olympic Land-Construction, Inc.	\$3,397,707
---------------------------------	-------------

Abide Builders, Inc. \$3,427,135

Engineer's Estimate \$3,378,580

Staff recommends award of the base bid plus all add alternates 1, 2, 3, 4 and 5, plus the winter suspension allowance for a total contract award amount of \$3,397,707 to Olympic Land-Construction, Inc. This will result in a total project budget of \$4,448,223, which includes the cost of design and engineering, construction, permits, inspections, construction administration, and contingency.

FISCAL IMPACT

Funds for this first phase have been approved using the Citywide Park - West Roseville SP Fund allocated in the FY2021-22 budget. A budget adjustment is requested to fully fund the construction of the amenities identified in the Phase 1 project. PRL plans for Phase II of the project, which includes the bike trail and bridges, to start in FY2025-26 and additional funds will be requested at that time. The Citywide Park - West Roseville SP Fund has appropriate resources available to fund this request. This budget adjustment does not impact the General Fund. Maintenance of the Phase 1 park improvements will cost approximately \$62,000/year and will be funded from the General Fund.

ENVIRONMENTAL REVIEW

Development of the F-54 Park site was previously evaluated in the West Roseville Specific Plan EIR (certified February 27, 2004 and SCH No. 2002082057), and identified in the associated West Roseville Specific Plan. Construction of the F-54 Park site is within the scope of the project covered by the West Roseville Specific Plan Final EIR. As discussed in the Specific Plan EIR, the EIR provides environmental analyses of community infrastructure and facilities, including parks, pedestrian bridges, and bike trails, to the extent applicable. Because the project is consistent with the West Roseville Specific Plan Final EIR and Specific Plan, no new effects would be expected to occur and all applicable mitigation measures from the West Roseville Specific Plan EIR will be implemented during the design and construction of the F-54 Park site. Because the proposed project meets the requirements identified in Section 15183 of the State CEQA Guidelines, no additional CEQA review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world
Goal C - Maintain a safe and healthy community
Goal D - Enhance economic vitality
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Joel De Jong, Park Development Project Manager

Jill Geller, Director, Parks, Recreation & Libraries

Dominick Casey, City Manager

RESOLUTION NO. 23-274

APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND OLYMPIC LAND-CONSTRUCTION, INC., AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an Agreement regarding the Denio Family Park – Phase 1 Project, by and between the City of Roseville and Olympic Land-Construction, Inc., has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said Agreement is approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to approve change orders, consistent with the contract terms, provided that the net cost of all change orders shall not exceed ten percent (10%) of the contract amount.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20__, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

A G R E E M E N T

THIS AGREEMENT, is made and entered into this _____ day of _____, 20____, by and between the City of Roseville, a municipal corporation, ("CITY"), and _____ Olympic Land-Construction, Inc. _____, a _____ California Corporation _____, ("CONTRACTOR"); and

W I T N E S E T H:

WHEREAS, the City Council of the CITY, at a meeting held on the 2nd day of November, 20 22, approved plans and specifications for the _____ Denio Family Park - Phase 1 Project _____ and directed the City Clerk to advertise for sealed proposals for doing said work and providing that bids be submitted on the 16th day of May, 20 23; and

WHEREAS, the City Clerk, thereafter duly and regularly caused a notice to be published in the manner and for the time prescribed by law; and

WHEREAS, CONTRACTOR, pursuant to the provisions of said notice duly filed a bid with the City Clerk, a true copy of which bid is now on file in the office of the City Clerk, and is hereby referred to and by this reference made a part hereof as fully as if set forth at length herein; and

WHEREAS, all bids received pursuant to said notice were opened and examined and publicly declared at the time specified in said advertisement for bids and at a meeting of the City Council held on the _____ day of _____, 20____, the Council found and

declared the bid of CONTRACTOR to be the lowest responsible bid and thereupon awarded a contract to CONTRACTOR to do the work referred to in the aforementioned specifications.

NOW, THEREFORE, the parties agree as follows:

1. THE WORK. CONTRACTOR agrees:

a. To do the work and furnish all the labor, materials, tools, supplies, equipment, superintendence, insurance, and bonds required for the _____

_____ Denio Family Park - Phase 1 Project _____

in accordance with the Contract Documents (the Work).

b. To do and perform the Work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Director of Public Works of the City of Roseville.

2. PAYMENT. CITY shall pay CONTRACTOR Three million three hundred ninety seven thousand seven hundred seven and no/100 dollars (\$ 3,397,707.00) for the Work to be done under this Agreement in accordance with the Contract Documents.

3. CONTRACT DOCUMENTS. The complete Agreement between the parties hereto consists of the following documents:

a. The advertisement for bids (including the notice to bidders, instructions to bidders and proposals);

b. The accepted bid;

c. Plans and specifications (including general conditions, supplemental conditions, special provisions and construction details);

d. Bonds and insurance required by the specifications; and

e. This contract.

All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

4. LIQUIDATED DAMAGES. In the event CONTRACTOR does not complete the Work within the time specified, CONTRACTOR agrees that CITY will suffer damages. Inasmuch as the actual damages which would result from such breach by CONTRACTOR under this Agreement are uncertain, and would be impractical or extremely difficult to fix, CONTRACTOR agrees that it shall pay, or CITY shall deduct from CONTRACTOR's fee, the amount of \$ 800 per day as liquidated damages, in the event of such delay.

5. TIME OF COMPLETION. Time is of the essence of this Agreement. CONTRACTOR shall complete all Work under the Contract Documents within 90 Days of the date of this Contract. CONTRACTOR shall begin work by the date specified in the "Notice to Proceed" letter and shall diligently prosecute all of the Work under this Contract in all parts and requirements as defined in the Contract Documents.

6. SERVICE OF NOTICE. Any notice required or permitted to be given under this Agreement shall be deemed given when (a) personally delivered to the recipient identified below; (b) mailed by registered or certified mail, return receipt requested, postage pre-paid, to the address specified below; or (c) sent by facsimile, with confirmation of receipt, to the facsimile number identified below.

Roseville, CA 95678

CONTRACTOR

Pantelis Kallergis
Olympic Land-Construction, Inc.
2442 North Ave.
Sacramento, CA 95838

CITY may also act through either its architect or construction manager if CITY expressly gives notice to CONTRACTOR, in writing, that CITY's designee has authority to act for CITY in a specific capacity.

7. DISPUTES. Disputes arising from this Agreement will be determined in accordance with the Contract Documents and Public Contract Code Sections 10240-10240.13.

8. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

9. INDEPENDENT CONTRACTOR. CONTRACTOR shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

10. SUCCESSORS IN INTEREST. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. MODIFICATION. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

12. SEVERABILITY. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

13. INTEGRATED AGREEMENT. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

14. CONTRACTORS LICENSE LAW. CONTRACTORS ARE REQUIRED BY LAW TO BE LICENSED AND REGULATED BY THE CONTRACTORS' STATE LICENSE

BOARD WHICH HAS JURISDICTION TO INVESTIGATE COMPLAINTS AGAINST CONTRACTORS IF A COMPLAINT REGARDING A PATENT ACT OR OMISSION IS FILED WITHIN FOUR (4) YEARS OF THE DATE OF THE ALLEGED VIOLATION. A COMPLAINT REGARDING A LATENT ACT OR OMISISON PERTAINING TO STRUCUTRAL DEFECTS MUST BE FILED WITHIN TEN (10) YEARS OF THE DATE OF THE ALLEGED VIOLATION. ANY QUESTIONS CONCERNING A CONTRACTOR MAY BE REFERRED TO THE REGISTRAR, CONTRACTORS' STATE LICENSE BOARD, P.O. BOX 26000, SACRAMENTO, CALIFORNIA 95826.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20____, and CONTRACTOR has caused this Agreement to be duly executed.

Project: Denio Family Park Phase 1 Project

NOTICE TO CONTRACTOR:

For your convenience, this package contains the Requirements for Insurance and Bonds for this project, including the necessary City forms. You are required to return these forms in addition to the executed Contract within fifteen (15) calendar days after the award of the Bid, unless otherwise directed by City in writing. (See the Instructions to Bidders.)

Please insert the dollar amount of your accepted Bid into the blank on page INS-1 and present this entire package to your insurance broker if you are awarded the Bid.

NOTICE TO INSURANCE BROKER

Your client has been awarded a bid by the City Council of the City of Roseville to perform a public works project known as Denio Family Park Phase 1 Project. The Contract Conditions for that project require your client (“the Contractor”) to return certain evidence of insurance and bonds to the City Attorney of the City within fifteen (15) days after the Bid award, unless otherwise directed by the City in writing, or else the Bid award may be terminated and awarded to another company.

This package contains the information you will need as an insurance broker to provide the appropriate insurance and bonds to the City. The insurance coverages the Contractor needs are specified in the section entitled “Insurance Requirements.” Please note that, in addition to the insurance certificate itself, copies of several endorsements must be actually furnished.

Please refer to the Supplemental Conditions for modifications of the General Conditions, if any, and the requirements of this insurance packet.

Please use the standard City of Roseville Bond Forms provided in this package.

The Bonds required must each be in the penal amount of: \$ 3,397,707.00.

Bonds must be sent to the following staff person:

City of Roseville Parks, Recreation & Libraries

Attn: Joel De Jong

316 Vernon St. Suite 400

Roseville, CA 95678

Insurance documents must be provided using one of the following methods:

- a. By email to roseville@ebix.com and riskmanagement@roseville.ca.us
- b. By fax to (770) 335-5727 and (916) 774-5461

After using one of these methods, please **DO NOT** send the insurance certificate(s) by mail.

When forwarding the documents, please refer to the project name so that the documents can be matched with the Contract for which they are submitted.

Thank you.

INS - 1

INSURANCE REQUIREMENTS

The following sections are quoted from the General Conditions:

5-1.23 **INSURANCE COVERAGE.**

A. **Evidence of Maintenance Required.** The Contractor shall, at its expense, procure and at all times maintain in full force and effect at a minimum the insurance required by this section on all of its operations; and the Contractor shall not allow any Subcontractor to commence work until similar insurance required of the Subcontractor has been obtained and filed. An original Certificate of Insurance, and copies of all required endorsements, all in a form approved by the Risk Manager, evidencing all required coverage or policies shall be filed after the award of the bid and prior to approval of the Contract by the City Council. Contractor shall provide ten (10) days prior written notice to the City of any reduction of coverage limits or cancellation of the coverage or policies shall be given to the City of Roseville as Certificate holder.

B. **Qualifying Insurers.** With the exception of the State Compensation Insurance Fund, all required insurance policies shall be issued by companies acceptable to the City and licensed to do business in the State of California and who hold a current policy holders alphabetic and financial size category rating of not less than AVII according to the most recent issue of Best's Insurance Reports.

C. **Insurance Required.**

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations with limits of no less than Two Million Dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage for projects under One Million Dollars (\$1,000,000) and

limits of no less than Five Million Dollars (\$5,000,000) per occurrence for bodily injury, personal injury and property damage for projects over One Million Dollars (\$1,000,000). If a general aggregate limit applies, either the aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

The Commercial General Liability insurance shall include the following, copies of which shall be provided:

- a. Inclusion of the City of Roseville, and its officers, agents, employees, and volunteers, as additional insureds (except for workers' compensation) as respects services or operations under the Contract. The additional insured endorsement for the general liability policy shall be at least as broad as the ISO CG 2010 10 01 combined with ISO CGL Endorsement CG 2037 10 01. Any other endorsement must be approved in writing by the City. Endorsements must include coverage for on-going and completed operations, which coverage shall be maintained for four (4) years following completion of the Project. Endorsements shall cover the City of Roseville, its officers, agents, employees, and volunteers.
- b. The insurance shall provide coverage for claims by one insured against another insured and the policies shall not contain any cross-suits exclusions, cross-liability exclusions, or insured versus insured exclusions. The policies shall not contain any classification exclusions purporting to deny coverage for any work to be performed by Contractor or any of its Subcontractors.
- c. Stipulation that the insurance is primary and noncontributory, as evidenced by a separate endorsement (CG 20 01 04 13 or an equivalent) or section of the policy, and that neither the City nor its insurers will be called upon to contribute to a loss.
- d. Such insurance shall specifically cover the contractual liability of

the Contractor.

e. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

f. Waiver of subrogation endorsement.

g. The Contractor shall furnish a certificate for the period covered.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and Code 9 (non-owned), with limits of no less than One Million Dollars (\$1,000,000) per accident for bodily injury and property damage.

3. **Workers' Compensation:** In accordance with the provisions of the California Labor Code, Contractor is required to be insured against liability for Workers' Compensation or to undertake self-insurance. Statutory Workers' Compensation and Employers' Liability of at least One Million Dollars (\$1,000,000) shall cover all Contractors staff while performing any work incidental to the performance of this Agreement.

4. **Professional Liability:** Professional Liability (Errors and Omission) Insurance appropriate to Contractor's profession, with a limit of liability not less than One Million Dollars (\$1,000,000) per occurrence or claim and Two Million Dollars (\$2,000,000) aggregate to cover all design and engineering services rendered by Contractor pursuant to the Agreement. Coverage must commence from the first day that Contractor or any of its Subcontractors provided any design or engineering services in connection with the Project.

5. **Builder's Risk/Course of Construction Insurance Is ____ OR Is Not**

X **Required by Risk Management:** The Contractor shall be responsible for all loss, damage or destruction whatsoever to the work called for by this Contract until the approval of a Notice of Completion or acceptance of the Work if no Notice of Completion is to be recorded.

The Contractor shall secure "All Risk" type of builder's Risk Insurance of the type covering one hundred percent (100%) of the value of the work performed under this Contract (the value is presumed to be the Contract amount unless otherwise stated in Supplemental Conditions) and all materials, equipment, or other items to be incorporated therein while the same are located at the construction site, a bonded warehouse, or its place of manufacture. At any time, the policy shall cover the value of the work completed. The policy shall cover hazards including the losses due to fire, explosion, hail, rain, lightning, flood (separate insurance as needed), vandalism, malicious mischief, wind, collapse, aircraft, and smoke.

The policies providing such insurance shall name the City as a loss payee as its respective interests may appear, and certified copies of such policies shall be filed with the City. The maximum deductible allowable under the Builder's All Risk policy shall be five percent (5%) of the Contract amount.

Builder's Risk Insurance is not required for coverage of losses in excess of five percent (5%) of the Contract amount for damages resulting from earthquake in excess of a magnitude of 3.5 on the Richter scale, or tidal waves. Coverage in the amount of five percent (5%) of the Contract amount for such losses is required.

6. **Pollution Coverage:** ~~Contractor shall procure pollution liability coverage or other insurance covering claims for bodily injury or property damage arising out of the abatement, removal, storage, transportation, or other exposure to hazardous materials or~~

~~pollutants, in limits not less than Two Million Dollars (\$2,000,000). Contractor shall add the City and all parties required to be indemnified by Contractor as additional insured on all pollution liability policies.~~ X POLLUTION COVERAGE IS NOT REQUIRED ON THIS PROJECT

7. **Higher Coverage Limits:** If Contractor maintains higher coverage limits than the amounts shown above, then the City requires and shall be entitled to coverage for the higher coverage limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

8. **Claims Made Coverage:** Liability insurance coverage may not be written on a “claims made” or modified occurrence basis. The Certificate of Insurance must clearly provide that the coverage is on an “occurrence” basis.

5-1.24 **OTHER INSURANCE PROVISIONS.**

A. The requirements of the Standard Specifications as to types and limits of insurance coverage to be maintained by the Contractor, and any approval of insurance by the City, are not intended to, and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to the Contract, including, but not limited to, the provisions concerning indemnification, nor preclude the City from taking any other action available to it under any other provision of the Contract or law.

B. The City acknowledges that some insurance requirements contained in these Standard Specifications may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by Contractor under the Contract. Any self-insurance must be approved in writing by the City, in its sole discretion and shall not reduce the limits of liability. Any deductibles or self-insured retentions (“SIR”) must be declared on the certificate of insurance and approved by City in writing. Policies containing any

SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

C. The Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Contract, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, the Contractor shall require its subcontractors to agree to be bound to the Contractor and the City in the same manner and to the same extent as the Contractor is bound to the City under this Contract. Additionally, the Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of the City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request. Alternatively, the Contractor may insure subcontractor(s) under its own policy.

D. The City, its officers, agents, employees, and volunteers are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor; and with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under California Insurance Code Section 11580.04.

E. The limits of insurance required in this Contract may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be

endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City (if agreed to in a written contract) before the City's own insurance shall be called upon to protect it as a named insured.

F. The insurance procured by Contractor shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall in no way limit or relieve Contractor of its duties and responsibilities under the Agreement.

G. Contractor shall be responsible for all premiums, deductibles, and self-insured retention applicable to the insurance it is required to procure under the Contract. All deductibles or self-insured retentions over five hundred thousand dollars (\$500,000) must be approved by the City, in writing. Contractor shall be responsible for all deductibles, self-insured retention payments, and/or increased premiums incurred if the City's policies of insurance are forced to cover damages or respond to claims for which Contractor or its Subcontractors were obligated to provide insurance under the Contract.

H. Failure of the City to enforce in a timely manner any of the requirements of these insurance provisions shall not act as a waiver to enforcement of any of these provisions at a later date.

I. Contractor's indemnity obligations shall not be limited by these insurance provisions and shall survive the expiration of the Contract and the insurance provisions of the Contract shall likewise not be limited by the indemnity provisions of the Contract.

J. THE CITY RESERVES THE RIGHT TO WITHHOLD ANY PROGRESS PAYMENTS TO THE CONTRACTOR IN THE EVENT OF NONCOMPLIANCE WITH ANY INSURANCE REQUIREMENTS.

ORDINANCE NO. 6685

ORDINANCE OF THE COUNCIL OF THE CITY OF ROSEVILLE
AUTHORIZING CERTAIN AMENDMENTS TO THE FISCAL YEAR 2022-23
BUDGET AND DECLARING THIS ORDINANCE TO BE IMMEDIATELY
EFFECTIVE AS AN APPROPRIATION MEASURE

THE CITY OF ROSEVILLE ORDAINS:

SECTION 1. The City of Roseville Annual Budget, Fiscal Year 2022-23, is hereby amended as listed on the attached budget adjustment for the Denio Family Park - Phase 1 Project.

SECTION 2. This ordinance is hereby declared to be an appropriation measure, immediately effective pursuant to the provisions of Section 5.03 of the Charter.

SECTION 3. The City Clerk is hereby authorized and directed to post a true copy of the foregoing ordinance in each of three (3) conspicuous locations in the City and she shall immediately after such posting enter in the ordinance book, under the record of the ordinance, a certificate under her hand stating the time and place of such publication by posting.

3304				(1,750,000)	Reduce available resources in Citywide Park - West Roseville SP Fund
TOTAL				(1,750,000)	

Justification for Budget Adjustment:

The Parks, Recreation & Libraries Department is requesting a budget adjustment for project 400118 Denio Family Park (formerly F-54) in the amount of \$1,750,000, increasing the total project budget to \$4,448,223. The initial budget of \$2,698,223 for this project was approved in FY2019-20; however, bids for the project came in higher than anticipated, and additional funds are required for construction, construction contingency, and construction administration. The Phase 1 project includes the construction of a disc golf course, a fenced off-leash dog park, paved off-street parking lots, a covered group picnic area, a restroom building, landscape and irrigation, and other associated site amenities. PRL plans to start Phase II of the project in FY2025-26, which includes the bike trail and bridges. Additional funding will be requested at that time. The Citywide Park-West Roseville SP Fund has adequate resources available to fund this request. This budget adjustment does not impact the General Fund.

COUNCIL COMMUNICATION

CC #: 2811
File #: 0203-10

Title: Tree Pruning and Tree Maintenance Services - Service Agreement Amendment
Contact: Eric Dexter 916-746-1769 edexter@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.3.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve the Second Amendment to Tree Pruning and Tree Maintenance Services Agreement with West Coast Arborists, Inc., and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

The City's Parks, Recreation & Libraries (PRL) Department has the ongoing responsibility to maintain over 48,000 City trees in parks, streetscapes, municipal golf courses and approximately 80,000-120,000 in preserves and open space areas throughout the City.

On March 14, 2016, staff released a Request for Proposals for citywide tree pruning and tree maintenance services. Additional on-call services include citywide tree planting, tree removal, stump grinding, emergency response, storm & debris clean up, plant healthcare applications, specialty pruning, arborist services and 24/7 emergency response for downed trees, broken branches and assists during storm events.

A professional services agreement was approved by Council on June 2, 2016 for five years with an extension approved in June 2021 for an additional five years ending in 2026.

West Coast Arborists (WCA) annually prunes over 5,000 City trees through routine grid pruning cycles and has successfully maintained Roseville's Urban Forest through this contract.

WCA costs have increased over the last 24 months as they have realized unexpected sharp increases to operating costs including labor, fuel, recycling and insurance. These increases were unforeseen in the original contract agreement, resulting in a recommended cost adjustment of 18%.

Staff believes the attached rate schedule is a fair proposal that allows for reasonable cost adjustments. Based on WCA's successful performance and execution of the Agreement to date, Staff recommends approval of the second amendment to this contract.

FISCAL IMPACT

The total not-to-exceed amount of the WCA agreement will remain \$4,840,555.05 through the contract end date of June 30, 2026. WCA's updated proposed rate schedule for FY 2023-24 is attached. Funding of this contract combines allocations between the General Fund, Golf Course Fund, Preserve Fund, Native- and Non-Native Tree Mitigation Fund, and Community Facilities Districts and Lighting & Landscape Districts approved through the annual budget process. The 18% increase in rates is included in the proposed FY2023-24 Parks, Recreation & Libraries budget.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The Service Agreement Second Amendment meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world
Goal C - Maintain a safe and healthy community
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Eric Dexter, Park, Recreation & Libraries Superintendent

Jill Geller, Parks, Recreation & Libraries Director

Dominick Casey, City Manager

**SECOND AMENDMENT TO
TREE PRUNING AND TREE MAINTENANCE SERVICES
SERVICE AGREEMENT**

THIS SECOND AMENDMENT TO AGREEMENT is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“CITY”), and West Coast Arborists, Inc., a California corporation (“CONSULTANT”); and

W I T N E S S E T H:

WHEREAS, CITY and CONSULTANT previously entered into a Service Agreement dated July 16, 2016, (“Agreement”), and amended on May 19, 2021, regarding tree pruning and tree maintenance services (“Project”); and

WHEREAS, CITY desires to amend the Agreement to replace Exhibit “C” to the Agreement (CONSULTANT’s Cost Proposal); and

WHEREAS, CONSULTANT is willing and able to provide such additional services.

NOW, THEREFORE, the parties agree as follows:

1. Exhibit “C” to the Agreement is hereby replaced with Exhibit “C” to this Second Amendment to Agreement, attached hereto and incorporated herein by reference, which reflects updated rates for fiscal year 2023-2024.
2. The original rates to the Agreement shall remain in effect for fiscal years 2024-2025 and 2025-2026.

3. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Second Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 2023, and CONSULTANT has caused this Second Amendment to Agreement to be executed.

RE: Tree Maintenance Services performed by WCA, Inc.

Dear Mr. Neumann,

As we approach the end of the current contract year, West Coast Arborists, Inc. would like to take this opportunity to convey our sincere gratitude to you and your staff for another successful year. Together, we have worked diligently to maintain the integrity, health and preservation of the community's urban forest.

The purpose of this letter is to express our interest in continuing with the agreement for an additional year with a slightly higher adjustment in cost. Over the last 24 months we have realized unexpected sharp increases to our operating costs including labor, fuel, recycling and insurance. These increases were certainly unforeseen and it appears as though many industries, including tree care services, have been affected. At this time, we respectfully request a cost adjustment of 18% applied to the current rates for FY23-24.

Effective Date:	July 01, 2023
Built-In Adjustment Requested:	18.00%
Region Area:	West - Class B/C

We appreciate your consideration in this matter and look forward to continuing our successful business relationship. Should you have any questions or require additional information, please do not hesitate to email me at vgonzalez@wcainc.com or call me at **(800) 521-3714**.

Sincerely,

Victor M. Gonzalez
Vice President, Business Development

42	Crew Rental - per man	Man Hour	\$105.00
43	Emergency Crew Rental - per man	Man Hour	\$136.00

The proposed rates reflect a cost adjustment of 18% to help offset the sharp increase in operating costs over the last 24 months. If approved, the rates will be effective July 1, 2023 and valid for 12 months.

COUNCIL COMMUNICATION

CC #: 2806
File #: 0203-09

Title: Sludge Hauling - Sole Source Contract Purchase Agreement
Contact: Jason Fick 916-746-1940 jfick@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.4.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a sole source contract purchase agreement (3002846) with Synagro-WWT Inc. to provide sludge hauling at the Pleasant Grove Wastewater Treatment Plant.

BACKGROUND

Environmental Utilities (EU) has constructed improvements at the Pleasant Grove Wastewater Treatment Plant (PGWWTP) that will enable production of Class B biosolids rather than dewatered undigested sludge that was previously produced. Currently the dewatered undigested sludge is hauled away and disposed of at the Western Regional Sanitary Landfill. The City currently has a contract with Synagro-WWT Inc. to haul away and beneficially use Class B biosolids produced at the City's Dry Creek Wastewater Treatment Plant (DCWWTP). This contract was approved for multiyear approvals and the final contract year will end in June 2024. EU staff proposes to enter into a single year sole source contract with Synagro Inc. for hauling away and beneficially using the Class B biosolids now being produced at PGWWTP. After this period, EU staff will advertise a new Request for Quotes (RFQ) for hauling and beneficial use of Class B biosolids generated from both PGWWTP and DCWWTP under one new contract. Having alignment of hauling biosolids from both plants under one contract will be beneficial for both pricing and contract management.

FISCAL IMPACT

Based on estimated biosolids production, the cost of service is approximately \$800,000 per year. Funding for the contract is included in the Wastewater Operations Fund in the proposed FY2023-24 budget.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is

no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Jason Fick, Chief Plant Operator

Richard Plecker, Environmental Utilities Director

CPA

RESOLUTION NO. 23-285

APPROVING A SOLE SOURCE CONTRACT PURCHASE AGREEMENT, BY AND
BETWEEN THE CITY OF ROSEVILLE AND SYNAGRO-WWT INC., AND
AUTHORIZING THE CITY MANAGER TO EXECUTE IT
ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a sole source contract purchase agreement (3002846) for sludge hauling at the Pleasant Grove Wastewater Treatment Plant, between the City of Roseville and Synagro-WWT Inc., has been reviewed by the Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said sole source contract purchase agreement is approved and that the City Manager is authorized to execute it on behalf of the City of Roseville.

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2023, by the following vote on roll call:

AYES COUNCILMEMBERS:

NOES COUNCILMEMBERS:

ABSENT COUNCILMEMBERS:

MAYOR

ATTEST:

City Clerk

Contract Purchase Agreement 3002846

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - By owner

Partnership - Any general partner

Corporation - Two options:

(1) A signature from the President and the corporate seal; OR

(2) One signature from the Chairman of the Board, President, or any Vice President AND one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

***General Manager, Office Manager and/or Sales Manager are not corporate officer titles.** The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

Contract Terms and Conditions

1. To the fullest extent allowed by law, Contractor shall defend, indemnify, and save and hold harmless City, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of Contractor's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole negligence or willful misconduct. The parties intend that this provision shall be broadly construed. Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law. The defense and indemnity obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement.
2. Contractor is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Contractor either in whole or in part.
4. Time is of the essence of this Agreement.
5. At any time during the term of this Agreement, the City has the right to terminate this Agreement, provided Contractor is given thirty (30) days written notice. City's termination shall be without further liability to City; however, Contractor shall be entitled to all costs reasonably incurred prior to the date of termination. Contractor acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement.
6. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
7. All equipment, supplies and services sold to the City of Roseville shall conform to the general safety orders of the State of California.
8. Unless notified to the contrary, in writing, the City assumes that the Contractor has accepted the work in accordance with the plans and specifications (if any) and agrees to do the work in compliance with this Agreement.
9. All fair employment practices must be adhered to. In addition, if the project referenced on this service agreement is a Public Works project, all prevailing wage laws must be complied with. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>.
10. Contractor agrees to the below insurance requirements:
 - a. Unless otherwise specified, the Contractor shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.

- b. Form. Contractor shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.
- c. Additional Insureds. Contractor shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation. Such insurance shall specifically cover the contractual liability of Contractor. The additional insured coverage under the Contractor's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office (ISO) CG 20 01 Endorsement. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be:
 - (1) the minimum coverage and limits specified in this Agreement; or
 - (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.
- d. Cancellation/Modification. Contractor shall provide ten (10) days written notice to City prior to cancellation or modification of any insurance required by this Agreement.
- e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- f. Subcontractors. Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor's work. Furthermore, Contractor shall require its subcontractors to agree to be bound to Contractor and City in the same manner and to the same extent as Contractor is bound to City under this Agreement. Additionally, Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request.
- g. Self-Insured Retentions. All self-insured retentions (SIR) must be disclosed to Risk Management for approval and shall not reduce the limits of liability. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.
- h. Waiver of Subrogation. Contractor hereby agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of

subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Contractor, its employees, agents and subcontractors.

- i. Liability/Remedies. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve Contractor of liability in excess of such coverage, nor shall it preclude City from taking such other actions as are available to it under any other provisions of this Agreement or law.
11. Contractor shall comply with all federal, state and local laws and ordinances, including but not limited to the City's storm water regulations, as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in monetary fines and cancellation of this Agreement. Refer to www.roseville.ca.us/stormwater for links to more information on the City's storm water regulations.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Agreement, the terms of this Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original hereof.
14. If either party commences any legal action against the other party arising out of this Agreement or the performance thereof, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorneys' fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms "Contractor," "Consultant," and "Supplier" are used interchangeably.
18. If the project referenced on this agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
19. If the project referenced on this agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

20. Contractor agrees to defend and indemnify City if, despite the parties intent and practice, any venue, agency, or court with competent jurisdiction determines that Contractor and/or any of its agents, officers, employees, volunteers, independent contractors, or subcontractors, are characterized as employee(s) of City. Contractor and City agree that: (a) Contractor is free from the control and direction of City in connection with the performance of the work; (b) Contractor is providing services directly to City; (c) Contractor has and will maintain at all relevant times a business license; (d) Contractor maintains a business location that is separate from City; (e) Contractor is customarily engaged in an independently established business of the same nature as that involved in the work performed hereunder; (f) Contractor actually contracts with other businesses to provide the same or similar services and maintains a clientele without restrictions from City; (g) Contractor advertises and holds itself out to the public as available to provide the same or similar services; (h) Contractor provides its own tools, vehicles, and equipment to perform the services; (i) Contractor has negotiated its own rates; (j) Contractor set its own hours and location of work in accomplishing City's on-call needs; and (k) Contractor has the right to control the manner and means of accomplishing the result desired and exercises its own expert independent judgement.
21. Relief for Force Majeure/Uncontrollable Circumstances; Change in Law
Neither Party shall be liable to the other Party for breach or for failure or delay in the performance of its obligations hereunder caused by any act or occurrence beyond its reasonable control, including, but not limited to: fires; floods; strikes (except any strikes involving a Party's personnel); a change in Federal, State, or local law or ordinance; orders or judgments of any Federal, State or local court, administrative agency or governmental body; change in permit conditions or requirements; accidents; extreme weather conditions including, for example, hurricanes, tornadoes, unusually high amounts of precipitation, unusual extremes of temperature or wind, or unusually extended periods of adverse weather conditions; acts of war, aggression or terrorism (foreign or domestic); riot, insurrection; equipment failure (other than due to the inadequate maintenance thereof); and acts of God. It is specifically understood that, without limitation, none of the following acts, events or circumstances shall constitute an act or occurrence beyond a Party's reasonable control: (i) reasonably anticipated weather conditions normal for the region in which the work is performed or (ii) any failure to pay any sums in accordance with the terms of this Contract. Whenever the provisions of this Section are believed to apply, the Party relying thereon shall give prompt notice to the other Party of the circumstances, the basis for applicability of this Section and the time required to cure such breach or delay. Contractor shall promptly provide notice of the need, if any, for additional compensation or for renegotiation of terms in order to mitigate the effects of such event or to comply with a change in law or regulation or interpretation thereof. Contractor shall be entitled to additional time and compensation if such event delays performance into a season different from that assumed when this Contract was executed. Contractor and City shall use reasonable best efforts to agree on appropriate mitigating actions under the circumstances.
22. Waiver of Consequential and Punitive Damages
Neither party shall be liable for consequential or punitive damages on any claims arising out of the performance or non-performance of obligations under the Contract.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Questions Regarding Insurance Requirements Contact Risk Management at (916) 774-5202

COMPENSATION

Description	Unit of Measure	Unit Price
Load, transport and land apply class b biosolids	Wet ton	\$78.00
Load, transport and dispose of non-conforming, non-compostable, non-hazardous biosolids	Wet ton	\$119.00

FUEL SURCHARGE

All Agreement Prices shall be adjusted monthly for a fuel surcharge ("Fuel Surcharge Adjustment") to reflect any increased change in diesel fuel prices, in accordance with the table below, if the cost of retail on-highway diesel fuel (Department of Energy, Energy Information Administration – California) is at, or exceeds, \$5.00 per gallon (Base Price).

The Fuel Surcharge Adjustment will be based on the following chart and the Retail On-Highway Diesel Price – _California low sulfur_ as published by the U.S. Department of Energy's Energy Information Administration for _California low sulfur_ and will be applied to the then current fixed or unit fee, as applicable. The Fuel Surcharge Adjustment will be no more than once a calendar month beginning with the second calendar month following the Commencement of Services and shall be adjusted as of the first day of each month. Fuel Surcharge Adjustment will then be applied as follows:

Diesel Price \$/Gallon - Note ¹	Fuel Surcharge Adjustment %
< \$(Base Price)	None
Base Price to Base Price plus \$.049	0.2 %
Base Price plus \$0.05 to Base Price plus \$0.099	0.4 %
Base Price plus \$0.10 to Base Price plus \$.149	0.6 %

For each \$0.05/gallon increase thereafter add 0.2%

EXAMPLE:

Base Price = \$5.01 / Gallon

Diesel Price \$/Gallon - Note ¹	Fuel Surcharge Adjustment %
≤ \$5.00 (Base Price)	None
\$5.01 - \$5.049	0.2 %
\$5.05 - \$5.099	0.4%
\$5.10 - \$5.149	0.6 %

Note 1 - Fuel Rate based on DOE EIA monthly retail on-highway diesel prices (\$5.00)

April, 2022

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Vendor:

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more you must report to the City of Roseville your compliance with economic sanctions including steps you have taken in response to Russia's actions in Ukraine, including, but not limited to, desisting from making new investments in, or engaging in financial transactions with, Russian entities, not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine.

Sincerely,

DocuSigned by:

COUNCIL COMMUNICATION

CC #: 2796
File #: 0721-05

Title: Dry Creek Greenway East Phase 1 Trail Project - Approval of Plans and Specifications and Authorization to Call for Bids
Contact: Cathy Gosalvez 916-746-1300 cgosalvez@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.5.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve the plans and specifications for the Dry Creek Greenway East Phase 1 Trail Project and authorize staff to call for bids.

BACKGROUND

The Dry Creek Greenway East trail project is a proposed paved multi-use trail along Dry, Cirby, and Linda Creeks from Darling Way/Riverside Avenue to the City limits at S. Cirby Way/Old Auburn Road. The project is identified as a proposed Class I bikeway in the City of Roseville General Plan and Bicycle Master Plan.

At their March 20, 2019 meeting, Council voted to approve the Dry Creek Greenway East trail project. This approval included certification of the Final Environmental Impact Report, pursuant to California Environmental Quality Act (CEQA) Guidelines.

The trail is expected to be constructed in two phases. Phase 1 of the project will construct approximately 2.4 miles of Class I trail from the existing Saugstad Park Trail at Darling Way to the existing Maidu Park Trail at Rocky Ridge Drive, and includes the following improvements:

- Connection to the existing Saugstad Park Trail at Darling Way
- Widening and undercrossing of Darling Way
- One bridge crossing of Dry Creek and one bridge crossing of Cirby Creek at the confluence of Dry and Cirby Creeks
- Undercrossing of I-80
- Connection to Eastwood Park
- Undercrossing of, and connection to, Sunrise Avenue
- One bridge crossing of Linda Creek near the confluence of Linda and Cirby Creeks
- At-grade crossing of Oak Ridge Drive to connection with existing Sierra Gardens Trail
- At-grade connection to the west side of Rocky Ridge Drive and the street-side trail connection to Maidu Park
- Parking lot at the trailhead on Riverside Avenue

Construction of Phase 1 is anticipated to begin in the fall of 2023 and be complete by the end of 2025. Construction plans and specifications for the project have been completed and are attached.

Public Outreach: Since 2008, the Dry Creek Greenway East Project has been driven by robust public participation and community input. There have been multiple community workshops/open houses, stakeholder representative group meetings, online surveys, project email and social media updates. Public Works staff will continue to work closely with Public Affairs & Communications staff to keep the community informed of the project's benefits, progress and trail impacts during the construction phase of the project. Residents and businesses will be updated about the project through a variety of methods including, but not limited to: signage, social media, web, and email notifications.

Maintenance Costs: Estimated maintenance costs for Phase 1 of the Dry Creek Greenway East Trail Project are included within the estimate for maintenance costs for the entire 4.25 mile trail (Phase 1 and 2), which are approximately \$55,000 per year. This estimate includes day-to-day maintenance efforts such as vegetation control, sweeping, sign repair, and trash removal. This estimate also includes an annualized cost for periodic trail resurfacing and stream bank stabilization efforts. The trail will be designed to minimize the potential erosive effects of nearby streams per the City's design and construction standards. This includes the use of concrete paving (instead of asphalt) and erosion control materials in higher risk areas as described in the EIR. Even so, we still expect periodic erosion to occur and that is why we are including in the above estimate an annualized cost of \$15,000 per year for stream bank stabilization. Staff proposes the use of the Local Transportation Fund's Transportation Development Act (TDA) resources to pay for maintenance.

FISCAL IMPACT

The engineer's estimate for construction is approximately \$16,927,000. The project is fully funded by federal, state and local sources: Solutions for Congested Corridors (SCCP), Active Transportation Program (ATP), Congestion Mitigation and Air Quality (CMAQ), and Local Transportation (LTF) Funds. General Fund resources will not be used for project construction or maintenance.

ENVIRONMENTAL REVIEW

Council approval of bid documents for the Dry Creek Greenway East Phase 1 Trail project is an action that is subject to CEQA. Project level CEQA compliance for the Dry Creek Greenway East project was accomplished with preparation of the Dry Creek Greenway East Trail Project Environmental Impact Report (EIR) (Adopted: March 20, 2019) (Draft EIR - SCH: 2014032087; Final EIR - SCH: 2013112042). Because the Dry Creek Greenway East project is consistent with the project evaluated in the Dry Creek Greenway East Trail Project Environmental Impact Report, no new effects would be expected to occur and all applicable mitigation measures from the Dry Creek Greenway East Trail Project Environmental Impact Report will be implemented. As such, no additional CEQA action is required at this time.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community
Goal E - Deliver exceptional city services
Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Cathy Gosalvez, Associate Engineer

Jason Shykowski, Public Works Director

GENERAL NOTES:

1. ALL CONSTRUCTION SHALL CONFORM TO THESE PLANS, THE CITY OF ROSEVILLE DESIGN AND CONSTRUCTION SPECIFICATIONS (LATEST EDITION), THE CITY OF ROSEVILLE DESIGN AND CONSTRUCTION STANDARDS, AND THE PROJECT SPECIAL PROVISIONS.
2. THE CITY OF ROSEVILLE IS A MEMBER OF THE UNDERGROUND SERVICE ALERT (U.S.A.) ONE-CALL SYSTEM. THE CONTRACTORS OR ANY SUBCONTRACTOR FOR THIS CONTRACT SHALL NOTIFY THE U.S.A. CENTER 48 HOURS IN ADVANCE OF PERFORMING ANY EXCAVATION WORK BY CALLING 1-800-227-2600. EXCAVATION IS DEFINED AS BEING 18 OR MORE INCHES IN DEPTH BELOW THE EXISTING SURFACE.
3. THE CONTRACTOR SHALL MARK IN WHITE PAINT ALL AREAS TO BE EXCAVATED PRIOR TO CONTACTING U.S.A. ANY AREAS NOT MARKED WILL NOT BE SUBJECT TO U.S.A., AND THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY DAMAGE RESULTING FROM EXCAVATION.
4. THE CONTRACTOR SHALL EXPOSE AND VERIFY LOCATIONS AND ELEVATIONS OF EXISTING UNDERGROUND UTILITIES PRIOR TO CONSTRUCTION OF THE NEW IMPROVEMENTS CONNECTING TO OR IN THE VICINITY OF THE IMPROVEMENTS.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF ALL EXISTING MONUMENTS AND OTHER SURVEY MARKERS WITHIN THE CONSTRUCTION ZONE.
6. THE CONTRACTOR SHALL PLACE BOXED SURVEY MONUMENTS WITH 1-1/2" BRONZE HEAD SET IN CONCRETE (STD. DWG. ST-36) AT LOCATIONS TO BE DETERMINED BY THE ENGINEER.
7. AC SURFACE SHALL BE CUT TO A NEAT, STRAIGHT LINE PARALLEL OR PERPENDICULAR WITH THE STREET CENTERLINE AND THE EXPOSED EDGE SHALL BE TACKED WITH EMULSION PRIOR TO PAVING. THE EXPOSED BASE MATERIAL SHALL BE GRADED, RECOMPACTED, AND RESEALED PRIOR TO PAVING.
8. ANY EXISTING CONCRETE SURFACE TO BE REMOVED SHALL BE SAW CUT TO A NEAT, STRAIGHT LINE.
9. CURB RAMPS CONFORMING TO ALL ADA AND TITLE 24 REQUIREMENTS SHALL BE PLACED AT ALL NEW STANDARD CURB RETURNS (STANDARD DRAWING ST-27) AND STANDARD TYPE A-7 DRIVEWAYS. WHERE EXISTING RAMPS DO NOT MEET CURRENT ADA AND TITLE 24 REQUIREMENTS, THE RAMPS SHALL BE UPGRADED IN CONFORMANCE WITH MINIMUM TITLE 24 REQUIREMENTS. WHERE EXISTING RAMPS DO NOT INCLUDE DETECTABLE WARNING PANELS (TRUNCATED DOMES), PANELS SHALL BE RETROFITTED PER THE CONSTRUCTION STANDARDS.
10. THE CONTRACTOR SHALL SUBMIT A TRAFFIC CONTROL PLAN THAT SHALL BE ACCEPTED BY THE ENGINEERING DIVISION OF PUBLIC WORKS BEFORE START OF WORK IN RIGHT-OF-WAY AND SHALL BE IN ACCORDANCE WITH CALIFORNIA MUTCD LATEST EDITION. AT LEAST ONE LANE IN EACH DIRECTION SHALL REMAIN OPEN TO TRAFFIC UNLESS OTHERWISE SHOWN ON THE PLANS. TRAFFIC CONTROL HOURS ARE SUBJECT TO LIMITATION BY THE CITY. TRAFFIC CONTROL WITH LANE CLOSURES THAT AFFECT TRAFFIC FLOW MAY REQUIRE NIGHT WORK. IF, AS A PART OF TRAFFIC CONTROL MEASURES, A ROADWAY CLOSURE HAS BEEN APPROVED, THE CONTRACTOR SHALL NOTIFY DEVELOPMENT SERVICES CONSTRUCTION INSPECTOR 72 HOURS IN ADVANCE OF SETTING UP THIS CLOSURE.
11. DRAIN INLETS NOT WITHIN A PAVED AREA SHALL HAVE A 12" WIDE COLLAR OF 6" THICK P.C.C. OR 2" THICK AC
12. ALL UNDERGROUND UTILITIES WITHIN EXISTING OR PROPOSED CITY OF ROSEVILLE EASEMENTS SHALL REQUIRE A MINIMUM OF 90% COMPACTION ON THE TRENCH BACKFILL. COMPACTION OF BACKFILL BY JETTING IS NOT PERMITTED IN CITY OF ROSEVILLE RIGHT OF WAY AREAS OR WITHIN DEDICATED RECLAIMED WATER, STORM, SEWER OR WATER EASEMENTS AND MAINS.
13. PRIOR TO EXCAVATION OF TRENCHES 5 FEET OR DEEPER, THE CONTRACTOR SHALL SUBMIT TO THE PUBLIC WORKS DEPARTMENT OR ENVIRONMENTAL UTILITIES DEPARTMENT INSPECTOR A COPY OF THE COMPANY'S ANNUAL CAL/OSHA TRENCHING PERMIT AND A COPY OF THE COMPANY'S LETTER INFORMING CAL/OSHA OF THE TIME THE TRENCHING IS COMMENCING AND THE LOCATION OF THE WORK.
14. ALL PAINTED TRAFFIC STRIPES, ARROWS, AND PAVEMENT MARKINGS ON ROADWAYS SHALL BE CONSTRUCTED WITH THERMOPLASTIC MATERIAL TO THE SPECIFICATIONS SET FORTH IN CHAPTER 3 OF THE CALIFORNIA MUTCD LATEST EDITION. NON-REFLECTIVE PAVEMENT MARKERS SHALL CONSIST OF CERAMIC MARKERS ONLY CONFORMING TO CHAPTER 3 OF THE CALIFORNIA MUTCD LATEST EDITION.
15. THE CONTRACTOR SHALL TAKE EXTREME CARE TO PROTECT EXISTING SITE AND ADJACENT IMPROVEMENTS FROM DAMAGE. THE CONTRACTOR SHALL BE RESPONSIBLE TO REPAIR OR MAKE REPLACEMENT OF ALL CRACKED AND OTHERWISE PRE-EXISTING DAMAGED PUBLIC IMPROVEMENTS ALONG THE FRONTAGE OF THE PROJECT SITE AND ANY DAMAGE RESULTING FROM CONSTRUCTION TO CURRENT CITY STANDARDS AND AT THEIR OWN EXPENSE. THE EXTENT OF THE REPAIRS SHALL BE DETERMINED BY THE PUBLIC WORKS INSPECTOR AND SHALL BE COMPLETED PRIOR TO THE CITY ACCEPTANCE OF THE IMPROVEMENTS.
16. WHERE COMBINATIONS OF SIDEWALK OR CURB AND GUTTER ARE POURED CONTIGUOUS TO EXISTING, ALL ADJOINING EXISTING CONCRETE VERTICAL FACES SHALL BE DOWELED. ALL ABUTTING SIDEWALK ENDS SHALL BE DOWELED MID-SECTION VERTICALLY WITH TWO DOWELS FOR FOUR THROUGH SIX-FOOT WIDE SIDEWALK AND THREE DOWELS FOR WIDER SIDEWALK. ABUTTING CURB AND GUTTER ENDS SHALL BE DOWELED TWICE, 18 INCHES APART AT GUTTER PAN MID-SECTION. DOWEL CONNECTIONS OF LONGITUDINAL RUNS OF SIDEWALK TO BACK OF CURB SHALL BE THREE FEET ON CENTER. ALL DOWELS SHALL BE 16 INCHES LONG, GRADE 60; #4 REBAR PENETRATING FOUR INCHES. THE DOWEL HOLE SHALL BE 5/8-INCH DIAMETER AT A SLIGHT HORIZONTAL ANGLE FROM PERPENDICULAR. THE PENETRATING PORTION OF THE DOWEL AND THE ENTIRE (CLEANED) VERTICAL SURFACE OF THE ADJOINING, EXISTING CONCRETE SHALL BE THOROUGHLY COATED WITH STATE STANDARD TWO-PART EPOXY.
17. THE TYPES, LOCATIONS AND/OR DEPTHS OF EXISTING UNDERGROUND UTILITIES AS SHOWN ON THESE IMPROVEMENT PLANS WERE OBTAINED FROM SOURCES OF VARYING RELIABILITY. THE CONTRACTOR IS CAUTIONED THAT ONLY ACTUAL EXCAVATION WILL REVEAL THE TYPES, EXTENT, SIZES, LOCATIONS, AND DEPTHS OF SUCH UNDERGROUND UTILITIES. A REASONABLE EFFORT HAS BEEN MADE TO LOCATE AND DELINEATE ALL KNOWN UTILITIES. HOWEVER, THE ENGINEER CAN ASSUME NO RESPONSIBILITY FOR THE COMPLETENESS OR ACCURACY OF THE DELINEATION OF SUCH UNDERGROUND UTILITIES WHICH MAY BE ENCOUNTERED BUT WHICH ARE NOT SHOWN ON THESE DRAWINGS.
18. UTILITIES LOCATIONS ARE TAKEN FROM CITY AS-BUILT DRAWINGS AND FIELD REVIEWS. LOCATIONS OF THE GROUND FEATURES (MH, VALVES, ETC.) ARE APPROXIMATE AND SHOULD BE FIELD VERIFIED BY THE CONTRACTOR.
19. CONTRACTOR TO FOLLOW ALL MITIGATION MEASURES AS SPECIFIED IN THE DCGE TRAIL PROJECT EIR AND PERMITS OBTAINED FOR THE PROJECT. SEE SPECIFICATIONS FOR LIST OF APPROVED PERMITS.

STANDARD GENERAL NOTES:

1. THE CONTRACTOR AGREES THAT, IN ACCORDANCE WITH GENERALLY ACCEPTED CONSTRUCTION PRACTICES, THE CONTRACTOR WILL BE REQUIRED TO ASSUME SOLE AND COMPLETE RESPONSIBILITY FOR JOB SITE CONDITIONS DURING THE COURSE OF CONSTRUCTION OF THE PROJECT, INCLUDING SAFETY OF ALL PERSONS AND PROPERTY. THIS REQUIREMENT SHALL BE MADE TO APPLY CONTINUOUSLY AND NOT BE LIMITED TO NORMAL WORKING HOURS. THE CONTRACTOR FURTHER AGREES TO DEFEND, INDEMNIFY AND HOLD OWNER AND ENGINEER HARMLESS FROM ANY AND ALL LIABILITY REAL OR ALLEGED, IN CONNECTION WITH THE PERFORMANCE OF WORK ON THIS PROJECT, EXEMPTING LIABILITY ARISING FROM THE SOLE NEGLIGENCE OF ENGINEER.
2. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO OBTAIN ALL PERMITS NECESSARY TO PERFORM THE WORK SHOWN ON THESE PLANS FROM THE APPROPRIATE AGENCIES. REFER TO THE SPECIAL PROVISIONS FOR PERMITS NEEDED.
3. THE CONTRACTOR SHALL POST EMERGENCY TELEPHONE NUMBERS FOR POLICE, FIRE, AMBULANCE, AND THOSE AGENCIES RESPONSIBLE FOR MAINTENANCE OF UTILITIES IN THE VICINITY OF THE JOB SITE.
4. IF ARCHEOLOGICAL MATERIALS ARE UNCOVERED DURING GRADING, TRENCHING OR OTHER EXCAVATION, Earthwork within 100 feet of these materials shall be STOPPED IN ACCORDANCE WITH SECTION 21-2E OF THE CITY OF ROSEVILLE CONSTRUCTION STANDARDS UNTIL A PROFESSIONAL ARCHEOLOGIST WHO IS CERTIFIED BY THE SOCIETY OF CALIFORNIA ARCHEOLOGY (SCA) AND/OR THE SOCIETY OF PROFESSIONAL ARCHEOLOGY (SOPA) HAS HAD AN OPPORTUNITY TO EVALUATE THE SIGNIFICANCE OF THE FIND AND SUGGEST APPROPRIATE MITIGATION MEASURES, IF THEY ARE DEEMED NECESSARY.

GRADING NOTES:

1. GRADING SHALL CONFORM TO APPENDIX CHAPTER 33 UBC, LATEST EDITION, AND TO THE RECOMMENDATIONS OF THE GEOTECHNICAL ENGINEERING REPORT BY CRAWFORD & ASSOCIATES, INC. DATED APRIL 2021 (CALinc FILE NO. 20-619.1, ENGINEERING DIVISION FILE NO. 308-992)
2. ALL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE IMPLEMENTED AS SPECIFIED IN THE STORMWATER POLLUTION PREVENTION PLAN (SWPPP) FOR THIS PROJECT OR AS DETERMINED BY THE CITY INSPECTOR. THE SWPPP IS CONSIDERED A DYNAMIC DOCUMENT AND WILL CHANGE AS CONDITIONS WARRANT. PERMANENT EROSION AND SEDIMENT CONTROL MEASURES WILL BE CONSTRUCTED AS SHOWN ON THE SWPPP PLAN.
3. LOTS SHALL BE GRADED WITH A CONSTANT SLOPE ALONG THE FRONTAGE OF THE RIGHT-OF-WAY, FROM BUILDING SETBACK LINE TO BACK OF SIDEWALK. ALL TEMPORARY AND PERMANENT SLOPES STEEPER THAN 4:1 ALONG THIS FRONTAGE SHALL HAVE EROSION NETTING INSTALLED.
4. ALL REAR LOT CORNER ELEVATIONS SHALL BE EQUAL TO OR GREATER THAN THE HIGHEST ADJACENT PAD GRADE UNLESS SPECIFICALLY SHOWN ON THESE PLANS AND APPROVED BY ENGINEERING DIVISION.
5. NON-POTABLE WATER SHALL BE SPRAYED ON ALL EXPOSED EARTH SURFACES DURING CLEARING GRADING, EARTH MOVING, AND OTHER SITE PREPARATION ACTIVITIES. THE EXPOSED EARTH SHALL BE WATERED THROUGHOUT THE DAY TO MINIMIZE DUST.
6. TARP/AULINS OR OTHER EFFECTIVE COVERS SHALL BE USED ON ALL STOCKPILED EARTH MATERIAL AND ON HAUL TRUCKS TO MINIMIZE DUST.
7. THE CITY SHALL HAVE THE AUTHORITY TO STOP ALL GRADING OPERATIONS, IF, IN OPINION OF CITY STAFF, INADEQUATE DUST CONTROL MEASURES ARE BEING PRACTICED OR EXCESSIVE WIND CONDITIONS CONTRIBUTE TO FUGITIVE DUST EMISSIONS.
8. ADJACENT STREET FRONTAGES SHALL BE SWEEPED AT LEAST ONCE A DAY TO REMOVE SILT AND OTHER DIRT WHICH IS EVIDENT FROM CONSTRUCTION ACTIVITIES. REFER TO SCHEDULES WITHIN SWPPP.
9. THE CONTRACTOR SHALL BE RESPONSIBLE FOR CLEANING CONSTRUCTION VEHICLES LEAVING THE SITE ON A DAILY BASIS TO PREVENT DUST, SILT AND DIRT FROM BEING RELEASED OR TRACKED OFFSITE. REFER TO SWPPP FOR SPECIFIC REQUIREMENTS.
10. CONSTRUCTION SHALL STOP IF CULTURAL RESOURCES ARE SUSPECTED. IT IS POSSIBLE THAT PREVIOUS ACTIVITIES HAVE OBSCURED SURFACE EVIDENCE OF CULTURAL RESOURCES. IF SIGNS OF AN ARCHEOLOGICAL SITE, SUCH AS ANY UNUSUAL AMOUNTS OF STONE, BONE, OR SHELL, ARE UNCOVERED DURING GRADING OR OTHER CONSTRUCTION ACTIVITIES, WORK SHALL BE HALTED WITHIN 100 FEET OF THE FIND AND THE ROSEVILLE COMMUNITY DEVELOPMENT DEPARTMENT SHALL BE NOTIFIED. A QUALIFIED ARCHEOLOGIST SHALL BE CONSULTED FOR AN ON-SITE EVALUATION. THE ARCHEOLOGIST MAY REQUIRE ADDITIONAL MITIGATION.
11. SHOULD GRADING OPERATIONS UNCOVER HAZARDOUS MATERIALS, OR WHAT APPEARS TO BE HAZARDOUS MATERIALS, THE FIRE DEPARTMENT SHALL BE CONTACTED IMMEDIATELY AT (916) 774-5820. THE AREA, WHICH CONTAINS THE HAZARDOUS MATERIALS, SHALL BE MARKED OFF UNTIL AN INVESTIGATION BY A MEMBER OF THE FIRE DEPARTMENT IS CONDUCTED.
12. GRADES SHOWN OUTSIDE OF THE PUBLIC RIGHT OF WAY WITHIN THE APPROVED GRADING PLAN ARE SUBJECT TO FURTHER REVIEW AND MODIFICATION BY THE BUILDING DIVISION FOR COMPLIANCE WITH THE UNIFORM BUILDING CODE AND STATE OF CALIFORNIA TITLE 24 HANDICAP ACCESSIBILITY REQUIREMENTS.
13. THE CONTRACTOR/DEVELOPER IS EXPECTED TO COMPLY WITH THE FUGITIVE DUST CONTROL REQUIREMENTS FROM THE PLACER COUNTY AIR POLLUTION CONTROL DISTRICT: WWW.PLACER.CA.GOV/APCD
14. CONTAMINATED SOIL - DEVELOPER AGREES TO PROPERLY ADHERE TO ALL THEN CURRENT STATE AND FEDERAL REQUIREMENTS WHEN ANY EVIDENCE OF TOXIC, HAZARDOUS OR CONTAMINATED SOILS ARE ENCOUNTERED DURING ANY AND ALL EXCAVATION OR GRADING OPERATIONS, AND TO INDEMNIFY, DEFEND AND HOLD HARMLESS THE CITY OR ROSEVILLE, ITS OFFICERS, AGENTS AND EMPLOYEES, FROM ANY AND ALL LIABILITY, COSTS, CLAIMS, FEES, FINES, PENALTIES AND CLAIMS OF OR DAMAGE OF ANY TYPE WHATSOEVER. EXTRA COSTS FOR REMEDIATION AND/OR REMOVAL OF SOIL SHALL BE BOURN SOLELY BY THE DEVELOPER. THE PARTIES INTEND THAT THIS PROVISION BE BROADLY CONSTRUED.

EROSION/SEDIMENT CONTROL NOTES:

1. THE PROJECT STORMWATER POLLUTION PREVENTION PLAN (SWPPP) IS INCORPORATED BY REFERENCE INTO THIS SET OF PLANS. THE SWPPP IS CONSIDERED A DYNAMIC DOCUMENT AND WILL CHANGE AS CONDITIONS WARRANT. PERMANENT EROSION AND SEDIMENT CONTROL MEASURES WILL BE CONSTRUCTED AS SHOWN ON THESE PLANS.
2. A COPY OF THE SWPPP SHALL BE KEPT AND AVAILABLE AT THE PROJECT SITE AT ALL TIMES.
3. ALL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE IMPLEMENTED AS SPECIFIED IN THE SWPPP AND/OR AS DIRECTED BY CITY INSPECTOR.
4. NO GRADING OR TRENCHING, EXCEPT AS REQUIRED FOR EROSION OR SEDIMENT CONTROL, SHALL OCCUR WITHIN 35 FEET FROM THE CENTERLINE OF PERENNIAL AND INTERMITTENT DRAINAGE SWALES BETWEEN OCTOBER 15 AND APRIL 15 EXCEPT AS APPROVED BY THE DEPARTMENT OF FISH AND GAME.
5. ALL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE MAINTAINED IN ACCORDANCE WITH THE SWPPP.
6. THE CONTRACTOR SHALL ESTABLISH A SPECIFIC SITE WITHIN THE DEVELOPMENT FOR MAINTENANCE AND STORAGE OF EQUIPMENT OR ANY OTHER ACTIVITY THAT MAY ADVERSELY CONTRIBUTE TO THE WATER QUALITY OF THE RUNOFF IN ACCORDANCE WITH THE SWPPP.

STRIPING NOTES:

1. CONTRACTOR SHALL REMOVE ALL EXISTING NON-CONFORMING STRIPING (BY GRINDING) AND PAVEMENT MARKERS AND ALL EXISTING STRIPING THAT CONFLICTS WITH THE PROPOSED STRIPING. REMOVAL SHALL INCLUDE ALL TEMPORARY TRAFFIC STRIPES AND MARKINGS.
2. ALL PERMANENT PAINTED TRAFFIC STRIPES, ARROWS, AND PAVEMENT MARKINGS SHALL BE CONSTRUCTED WITH THERMOPLASTIC MATERIAL TO THE SPECIFICATIONS SET FORTH IN CHAPTER 3 OF THE LATEST EDITION OF THE CALIFORNIA MUTCD. NON-REFLECTIVE PAVEMENT MARKERS SHALL CONSIST OF CERAMIC MARKERS ONLY CONFORMING TO CHAPTER 3 OF THE LATEST EDITION OF THE CALIFORNIA MUTCD. THERMOPLASTIC MATERIAL SHALL BE APPLIED ONLY WHEN THE PAVEMENT SURFACE TEMPERATURE IS ABOVE 60 DEGREES FAHRENHEIT.
3. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING AND MAINTAINING ALL CONSTRUCTION SIGNING AND STRIPING AS REQUIRED BY THE MUTCD AND MUTCD CALIFORNIA SUPPLEMENT TO DELINEATE CONSTRUCTION HAZARDS AT HIS/HER EXPENSE.
4. ALL STRIPING ON TRAILS IS TO BE PAINT.

TREE PRESERVATION NOTES

1. GRADING AROUND TREES IS TO BE LIMITED TO OUTSIDE THE DRIPLINE. ANY TREE WELL GRADED SHOULD BE DRAINED TO SOME OUTFALL OR SWALE.
2. THE FOLLOWING CONDITIONS SHALL APPLY TO ENSURE THE PRESERVATION OF TREES:
 - 2.1. EACH TREE OR GROUP OF TREES TO BE SAVED SHALL BE FENCED BY A CHAIN-LINK FENCE OR TEMPORARY FENCE DESIGNATED IN THE SPECIFICATION PRIOR TO ANY GRADING OR MOVEMENT OF HEAVY EQUIPMENT OR ISSUANCE OF ANY PERMITS.
 - 2.2. FENCING SHALL BE LOCATED ONE FOOT (1') OUTSIDE THE DRIPLINE OF THE TREE OR TREES.
 - 2.3. SIGNS SHALL BE POSTED ON ALL SIDES OF SAID FENCES STATING:

WARNING:
THIS FENCE SHALL NOT BE REMOVED
OR RELOCATED WITHOUT WRITTEN
AUTHORIZATION FROM THE
PLANNING DEPARTMENT
3. THE GRADING PLAN FOR THE PROJECT HAS BEEN DESIGNED FOR NO GRADING TO OCCUR WITHIN THE DRIPLINE OF ANY OAK TREE UNLESS SPECIFICALLY APPROVED BY PLANNING DEPARTMENT AND SHOWN ON THESE PLANS. NO GRADES SHALL BE MODIFIED WITHOUT THE APPROVAL OF THE CIVIL ENGINEER AND THE CITY OF ROSEVILLE.
4. NO TRENCHING SHALL OCCUR BENEATH THE DRIPLINE OF ANY OAK TREE TO BE SAVED UNLESS STATED ON THESE PLANS "TRENCHING UNDER THIS TREE IS APPROVED".
5. PARKING OF VEHICLES AND EQUIPMENT OR STORAGE OF MATERIALS UNDER THE DRIPLINE OF TREES SHALL NOT OCCUR AT ANY TIME.

AIR QUALITY NOTES:

1. CONSTRUCTION EQUIPMENT EXHAUST EMISSIONS SHALL NOT EXCEED PLACER COUNTY APCD RULE 202 VISIBLE EMISSION LIMITATIONS. OPERATORS OF VEHICLES AND EQUIPMENT FOUND TO EXCEED OPACITY LIMITS ARE TO BE IMMEDIATELY NOTIFIED BY APCD TO CEASE OPERATIONS AND THE EQUIPMENT MUST BE REPAIRED WITHIN 72 HOURS. (BASED ON APCD RULE 202)
2. THE CONTRACTOR SHALL SUSPEND ALL GRADING OPERATIONS WHEN FUGITIVE DUST EXCEEDS PLACER COUNTY APCD RULE 228 (FUGITIVE DUST) LIMITATIONS. THE PRIME CONTRACTOR SHALL BE RESPONSIBLE FOR HAVING AN INDIVIDUAL WHO IS CARB-CERTIFIED TO PERFORM VISIBLE EMISSIONS EVALUATIONS (VEE). THIS INDIVIDUAL SHALL EVALUATE COMPLIANCE WITH RULE 228 ON A WEEKLY BASIS. IT IS TO BE NOTED THAT FUGITIVE DUST IS NOT TO EXCEED 40% OPACITY AND NOT GO BEYOND THE PROPERTY BOUNDARY AT ANY TIME. LIME OR OTHER DRYING AGENTS UTILIZED TO DRY OUT WET GRADING AREAS SHALL NOT EXCEED PLACER COUNTY APCD RULE 228 FUGITIVE DUST LIMITATIONS. OPERATORS OF VEHICLES AND EQUIPMENT FOUND TO EXCEED OPACITY LIMITS WILL BE NOTIFIED BY APCD AND THE EQUIPMENT MUST BE REPAIRED WITHIN 72 HOURS. ALL PROJECTS IN EXCESS OF 5 ACRES SHALL HAVE AN APPROVED DUST CONTROL PLAN FROM THE PLACER COUNTY AIR POLLUTION CONTROL DISTRICT. (BASED ON APCD RULE 228)
3. DURING CONSTRUCTION, TRAFFIC SPEEDS ON ALL UNPAVED SURFACES SHALL BE LIMITED TO 15 MILES PER HOUR OR LESS. (BASED ON APCD RULE 228 / SECTION 401.2)
4. DURING CONSTRUCTION, NO OPEN BURNING OF REMOVED VEGETATION SHALL BE ALLOWED UNLESS PERMITTED BY THE PCAPCD. ALL REMOVED VEGETATIVE MATERIAL SHALL BE EITHER CHIPPED ON SITE OR TAKEN TO AN APPROPRIATE RECYCLING SITE, OR IF A SITE IS NOT AVAILABLE, A LICENSED DISPOSAL SITE. (BASED ON APCD RULE 310)
5. A PERSON SHALL NOT DISCHARGE INTO THE ATMOSPHERE VOLATILE ORGANIC COMPOUNDS (VOC'S) CAUSED BY THE USE OR MANUFACTURE OF CUTBACK OR EMULSIFIED ASPHALTS FOR PAVING, ROAD CONSTRUCTION OR ROAD MAINTENANCE, UNLESS SUCH MANUFACTURE OR USE COMPLIES WITH THE PROVISIONS RULE 217. (BASED ON APCD RULE 217).
6. PROCESSES THAT DISCHARGE 2 POUNDS PER DAY OR MORE OF AIR CONTAMINANTS, AS DEFINED BY HEALTH AND SAFETY CODE SECTION 39013, TO THE ATMOSPHERE MAY REQUIRE A PERMIT. PERMITS MAY BE REQUIRED FOR BOTH CONSTRUCTION AND OPERATION. DEVELOPERS/CONTRACTORS SHOULD CONTACT THE DISTRICT PRIOR TO CONSTRUCTION AND OBTAIN ANY NECESSARY PERMITS PRIOR TO THE ISSUANCE OF A BUILDING PERMIT. (BASED ON THE CALIFORNIA HEALTH & SAFETY CODE SECTION 39013)

GENERAL NOTES:

FIRE DEPARTMENT NOTES

1. AN APPROVED PROJECT SIGN SHALL BE PLACED AT VEHICLE ACCESS POINTS INTO THE PROJECT DURING CONSTRUCTION TO ASSIST EMERGENCY RESPONDERS. THE SIGN SHALL IDENTIFY THE ADDRESS, AS APPROVED BY THE CITY OF ROSEVILLE. SUCH SIGNS SHALL BE CLEARLY VISIBLE AND LEGIBLE FROM THE STREET FRONTING THE PROJECT.

2. PRIOR TO COMBUSTIBLE MATERIALS BEING BROUGHT TO THE SITE, FIRE APPARATUS ACCESS ROADS SHALL BE PROVIDED TO WITHIN 150 FEET OF ALL STRUCTURES AND COMBUSTIBLE STORAGE PILES. FIRE APPARATUS ACCESS ROADS SHALL BE FULLY PAVED AND SHALL BE DESIGNED TO SUPPORT THE IMPOSED WEIGHT OF A FIRE APPARATUS (34 TONS GVW), UNLESS PRIOR APPROVAL IS OBTAINED FROM THE FIRE DEPARTMENT FOR TEMPORARY ACCESS ROADS. ACCESS ROADS SHALL BE PROVIDED WITH A MINIMUM 20-FOOT ROADWAY WIDTH AND 13 FOOT 6 INCH VERTICAL CLEARANCE.

3. PRIOR TO COMBUSTIBLE MATERIALS BEING BROUGHT TO THE SITE, ANY REQUIRED ON-SITE FIRE HYDRANTS SHALL BE COMPLETED AND ACCEPTED BY THE ROSEVILLE FIRE DEPARTMENT.

4. CONSTRUCTION MATERIAL AND VEHICLES SHALL NOT OBSTRUCT FIRE APPARATUS ACCESS TO FIRE APPARATUS ROADS, FIRE HYDRANTS OR THE BUILDING.

5. BARRICADES SHALL BE PROVIDED TO PROTECT ANY NATURAL GAS METER, FIRE HYDRANT, FIRE DEPARTMENT CONTROL DEVICE, OR OTHER POSSIBLE PERTINENT EQUIPMENT OR DEVICES THAT MAY BE SUBJECT TO VEHICULAR DAMAGE.

6. PROVIDE AND MAINTAIN A MINIMUM 3-FOOT CLEAR SPACE AROUND FIRE PROTECTION EQUIPMENT.

7. THE BURNING OF COMBUSTIBLE CONSTRUCTION MATERIALS AND TRASH IS PROHIBITED.

8. ASPHALT AND TAR KETTLES SHALL NOT BE LOCATED WITHIN 20 FEET OF ANY COMBUSTIBLE MATERIAL, COMBUSTIBLE BUILDING SURFACE OR BUILDING OPENING. AN ATTENDANT SHALL BE WITHIN 100 FEET OF A KETTLE WHEN THE HEAT SOURCE IS OPERATING. A MINIMUM OF ONE (1) 20B:C PORTABLE FIRE EXTINGUISHER SHALL BE LOCATED WITHIN 30 FEET OF THE KETTLE, AND ON THE ROOF DURING ASPHALT COATING OPERATIONS.

9. DRYWALL AND OTHER TEMPORARY HEATING DEVICES SHALL BE OF AN APPROVED TYPE, LOCATED AWAY FROM COMBUSTIBLE MATERIALS AND ATTENDED AND MAINTAINED AT ALL TIMES. HEATING DEVICES SHALL NOT BE OPERATED AFTER NORMAL WORKING HOURS WITHOUT BEING ATTENDED TO ON AN HOURLY BASIS.

10. CUTTING AND WELDING OPERATIONS SHALL CONFORM TO THE HOT WORK PROVISIONS OF CHAPTER 35 OF THE FIRE CODE. A FIRE WATCH SHALL BE PROVIDED DURING HOT-WORK ACTIVITIES AND SHALL CONTINUE FOR A MINIMUM OF 30 MINUTES AFTER THE CONCLUSION OF THE WORK.

11. IF SITE SURVEY OR EARTH MOVING WORK RESULTS IN THE DISCOVERY OF HAZARDOUS MATERIALS IN CONTAINERS, OR WHAT APPEARS TO BE HAZARDOUS WASTES RELEASED INTO THE GROUND, THE CONTRACTOR OR APPLICANT SHALL IMMEDIATELY REPORT THE FINDING TO THE ROSEVILLE FIRE DEPARTMENT VIA PHONE AT (916) 774-5800. ALL SUSPECTED AREAS SHALL BE MARKED OFF WITH APPROVED SIGNAGE OR CAUTION TAPE UNTIL SUCH TIME THAT A REPRESENTATIVE FROM THE FIRE DEPARTMENT DETERMINES WHETHER THE RELEASE IS REPORTABLE OR NOT AND IF SITE REMEDIATION IS REQUIRED.

12. FIRE SAFETY DURING CONSTRUCTION SHALL COMPLY WITH CHAPTER 33 OF THE CALIFORNIA FIRE CODE.

13. ADEQUATE RADIO COVERAGE SHALL BE PROVIDED WITHIN BUILDINGS FOR PUBLIC SAFETY AGENCIES, AS REQUIRED BY FIRE CODE.

14. PORTABLE FIRE EXTINGUISHERS SHALL BE INSTALLED IN OCCUPANCIES AND LOCATIONS AS SET FORTH IN THE CALIFORNIA FIRE CODE AND AS REQUIRED BY THE CHIEF. PROVIDE A MINIMUM OF ONE (1) PORTABLE FIRE EXTINGUISHER WITHIN EACH TENANT SPACE. THE MAXIMUM TRAVEL DISTANCE TO THE FIRE EXTINGUISHER SHALL NOT EXCEED 75- FEET. THE MINIMUM RATING CLASSIFICATION FOR THE EXTINGUISHER SHALL BE NOT LESS THAN 2A-10B:C. THE MAXIMUM TRAVEL DISTANCE FROM ANY POINT IN A LIGHT HAZARD AREA OF CLASS A HAZARDS SHALL NOT BE MORE THAN 75 FEET FROM A CLASS 2A-10B:C. FIRE EXTINGUISHER AND ONE EXTINGUISHER SHALL BE PROVIDED FOR EACH 6,000 SQUARE FEET. THE MAXIMUM TRAVEL DISTANCE FROM ANY POINT IN AN ORDINARY HAZARD OF CLASS A HAZARDS AREA SHALL NOT BE MORE THAN 75 FEET AND ONE EXTINGUISHER SHALL BE PROVIDED FOR EACH 3,000 SQUARE FEET. THE MAXIMUM TRAVEL DISTANCE TO CLASS B EXTINGUISHERS IS EITHER 30 FEET OR 50 FEET DEPENDING UPON THE SIZE OF THE EXTINGUISHER AND THE CLASSIFICATION OF THE HAZARD. REFER TO UFC STANDARD NO. 10-1 FOR COMPLETE REQUIREMENTS. ALL PORTABLE FIRE EXTINGUISHERS SHALL HAVE A SERVICE TAG AFFIXED TO THEM SHOWING THAT THE EXTINGUISHER HAS BEEN SERVICED BY A CALIFORNIA STATE LICENSED FIRE EXTINGUISHER CONCERN. ALL FIRE EXTINGUISHERS SHALL BE ATTACHED TO A BRACKET OR WITHIN AN APPROVED CABINET. MAXIMUM DISTANCE FROM THE FLOOR SHALL NOT EXCEED 54-INCHES. SIGNAGE SHALL BE POSTED ABOVE THE EXTINGUISHER AND SHALL READ FIRE EXTINGUISHER.
15. THE REQUIRED MINIMUM FIRE FLOW FOR THE PROTECTION OF THE PROPOSED PROJECT IS _____ GALLONS PER MINUTE WITH 20 POUNDS PER SQUARE INCH RESIDUAL WATER PRESSURE REMAINING IN THE SYSTEM. A CHANGE IN ANY OF THE CONDITIONS MAY INCREASE THE REQUIRED FIRE FLOW.

16. ALL UNDERGROUND FIRE LINE SHALL BE HYDRAULICALLY PRESSURED AT 200 PSI FOR TWO-HOURS PER THE NFPA STANDARD FOR UNDERGROUND FIRE WATER LINE. AN INSPECTION SHALL BE REQUIRED TO WITNESS THE TEST WITH A SUBSEQUENT INSPECTION AFTER THE TWO-HOUR DURATION HAS EXPIRED.

17. TEMPORARY USE OF ON-SITE GENERATORS WITH OVER 60 GALLONS OF DIESEL FUEL SHALL REQUIRE A FIRE DEPARTMENT PERMIT AND MUST MEET THE REQUIREMENTS OF THE CHAPTER 6.95 OF THE HEALTH AND SAFETY CODE, THE ROSEVILLE FIRE DEPARTMENT AND THE NATIONAL FIRE CODES. CONTACT THE FIRE DEPARTMENT AT 916-774-5800 TO INITIATE THE PERMIT APPLICATION.

18. SECTION 10.6.2 OF NFPA 24 HAS BEEN AMENDED NOT TO ALLOW MECHANICAL JOINTS UNDER BUILDINGS. SEE CHAPTER 80 OF THE CALIFORNIA FIRE CODE, PAGE 519. PROVIDE DETAIL OF THE PROPOSED RISER AND UNDERGROUND DETAIL TO THE PAD.

19. CIVIL IMPROVEMENT PLANS SHALL BE RESUBMITTED IF IT HAS BEEN DETERMINED BY THE APPLICANT THAT AN ON-SITE FIRE PUMP WILL BE REQUIRED AS THE RESULT OF SUPPLYING 100 PSI RESIDUAL PRESSURE AT THE STANDPIPE ROOF OUTLET ACCORDANCE WITH NFPA 14, STANDARD FOR THE INSTALLATION OF STANDPIPE AND HOSE SYSTEMS.

20. THE SUBMITTED PRIVATE UNDERGROUND FIRE LINE SHALL BE REVIEWED AND APPROVED BY THE ENVIRONMENTAL UTILITIES DEPARTMENT (EUD) IN CONJUNCTION WITH THE FIRE DEPARTMENT (RFD) PRIOR TO REQUESTING FOR THE REQUIRED INSPECTION FROM THE RFD. THE FIRE SPRINKLER PLANS WILL NOT BE APPROVED BY THE RFD UNTIL THE UNDERGROUND SERVICE LATERAL HAS BEEN INSPECTED AND ACCEPTED BY THE RFD.

21. ALL PROPOSED BURIED BOLTS SHALL BE COATED WITH A LISTED PRODUCT SUCH AS CHRISTY'S HD-50.

22. ACCORDING TO NFPA 13, 6.3.1.1.1, THE UNDERGROUND FIRE LINE CANNOT EXTEND INTO THE BUILDING FURTHER THAN 24 INCHES.

23. AN 18 AWG MINIMUM GAUGE TRACER WIRE SHALL BE INSTALLED ALONG ALL NON-METALLIC UNDERGROUND PIPING IN ACCORDANCE WITH SECTION 604 OF THE CALIFORNIA PLUMBING CODE. NOTATIONS SHALL BE MADE ON THE RESUBMITTAL.

24. FIRE DEPARTMENT CONNECTION(S) SHALL BE WITHIN 2- FEET OF BACK OF CURB OR BACK OF WALKWAY, AND SHALL REMAIN UNOBSTRUCTED AT ALL TIMES.

25. ALL FIRE DEPARTMENT CONNECTIONS SHALL BE LABELED WITH THE APPROPRIATE ADDRESS.

26. MECHANICAL JOINTS SHALL BE INSTALLED AT AREAS NOTED PER THE EBBA THRUST RESTRAINT DESIGN PROGRAM SPECIFICATIONS.

27. CONDUITS SHALL BE INSTALL AND AVAILABLE FOR FUTURE MONITORING OF ALL FIRE PROTECTION DEVICES.

28. ALL WORK SHALL BE INSPECTED BY THE FIRE DEPARTMENT PRIOR TO INSTALLING GROUND MATERIALS.

29. TO SCHEDULE A FIRE DEPARTMENT INSPECTION FOR ANY ON-SITE WORK, FOLLOW THE DIRECTIONS USING THE CITY OF ROSEVILLE CITIZEN PORTAL AT PERMITSONLINE.ROSEVILLE.CA.US. THE FOLLOWING BD NUMBER BELOW SHALL BE USED WHEN SCHEDULING A FIRE DEPARTMENT INSPECTION. A BD NUMBER WILL BE ISSUED UPON APPROVAL. ALL INQUIRING REGARDING INSPECTIONS AND PERMIT FEES SHALL BE MADE BY CALLING (916) 774-5332.

C.#	CURVE NUMBER

HORIZONTAL	THE HORIZONTAL DATUM FOR THIS PROJECT IS BASED UPON THE CALIFORNIA COORDINATE SYSTEM OF 1983, CCS83, ZONE 2, (2010.00 EPOCH) IN ACCORDANCE WITH THE CALIFORNIA PUBLIC RESOURCES CODE SECTIONS 8801-8819; SAID DATUM IS BASED LOCALLY UPON FIELD-OBSERVED TIES TO THE CALIFORNIA SPATIAL REFERENCE NETWORK STATIONS P140, P208, P272, P271. AND P276.
COORDINATES	COORDINATE VALUES SHOWN HEREON ARE CALIFORNIA COORDINATE SYSTEM OF 1983 (CCS83) ZONE 2 (2010.00 EPOCH) GRID COORDINATES. MULTIPLY GRID VALUES BY 1.00006881 TO OBTAIN GROUND COORDINATES.
VERTICAL	THE VERTICAL DATUM OF THIS MAPPING IS BASED ON THE CITY OF ROSEVILLE BENCHMARKS 65, 66, 85, AND 90, ADJUSTED TO NAVD88 BY ADDING A PROJECT FACTOR OF +2.16 FT. SEE BENCHMARKS LIST TABLE FOR DESCRIPTION

THE BASIS OF BEARING OF THIS PROJECT IS THE CALIFORNIA
COORDINATE SYSTEM OF 1983, CCS83, ZONE 2.

TRAIL IMPROVEMENT PROJECT

KEY MAP

NOTES:

1. CROSS SLOPE VARIES FROM 1.5% TO -1.5% , SEE SUPERELEVATION DIAGRAM ON PLAN AND PROFILE SHEETS
2. THE CONTRACTOR SHALL SCARIFY THE SUBGRADE TO A DEPTH OF 8" AT 90% RELATIVE COMPACTION. FOR ALL PAVEMENT AREAS AND AREA WHERE THE APPROACH FILLS ARE GREATER THAN 5' THE CONTRACTOR SHALL SCARIFY UPPER 6" AT 95% RELATIVE COMPACTION.
3. AB DEPTH VARIES BASED ON SOIL R-VALUES, SEE GEOTECHNICAL DESIGN REPORT.
4. PCC PAVEMENT SECTION WHERE TRAIL IS AT OR BELOW THE 10-YR WSE, SEE PLAN AND PROFILE SHEETS.
5. SEE RETAINING WALL AND BRIDGE PLANS FOR DETAILS NOT SHOWN.
6. ALL DISTURBED SOIL AREAS TO BE HYDROSEEDDED, SEE EROSION AND SEDIMENT CONTROL PLANS.
7. WHERE PROFILE GRADE IS GREATER THAN 4% , SHOULDERS SHALL ONLY BE 4" AGGREGATE BASE CLASS II.
8. ALL TYPICAL SECTIONS SHOWN HAVE A TRAFFIC INDEX (TI) OF 4.0 AND CAN SUPPORT 30,000 POUNDS.
9. FOR RSP DETAILS SEE RW SHEETS.

- NOTES:**
- For details of steel pipe inlets, see Standard Plan D75A.
 - For details of ladder and steps and when ladder or steps are required, see Standard Plan D75C.
 - Inlet pipes shall not protrude into basin.
 - Except for inlets used for junction boxes, basin floors shall have minimum slope of 4:1 from all directions toward outlet pipe, and a wood trowel finish.
 - See Standard Plan D77A and Standard Plan D77B for Grate and Frame Details and Weights of Miscellaneous Iron and Steel.
 - Designation of Type OCPI pipe inlets on plans indicates trash racks are to be furnished and installed on all side openings. See Standard Plan D75C for Trash Rack details.
 - More than one side opening may be required. Location and number as ordered by the Engineer. Opening may be cast in pipe.
 - Chain to be provided when specified.
 - Place pipe so bars of grate will be parallel with main surface flow.
 - Redwood covers shall only be placed at locations designated on the plans.

DRY CREEK GREENWAY EAST PHASE 1

TRAIL IMPROVEMENT PROJECT

GRADING PLANS

GP-3

SHEET 46 OF 168

NOTES:

1. CONTRACTOR'S ATTENTION IS DIRECTED TO PERMITTING REQUIREMENTS AND SPECIFICATIONS REGARDING MITIGATION MEASURES.
2. CONTRACTOR MUST MINIMIZE IMPACTS TO ENVIRONMENTALLY SENSITIVE AREAS AND MUST BE FENCED OFF USING TEMPORARY FENCE TYPE ESA OR SIMILAR.
3. ALL OAK TREES WITHIN 20' OF PROPOSED IMPROVEMENT, NOT SHOWN TO BE REMOVED, MUST BE FENCED OFF USING TEMPORARY FENCE TYPE ESA OR SIMILAR.
4. CONTRACTOR'S ATTENTION IS DIRECTED TO PERMITTING REQUIREMENTS REGARDING ALL WORK, INCLUDING ACCESS STAGING AND TEMPORARY CONSTRUCTION ACTIVITIES, WHICH ARE WITHIN THE FLOODPLAIN, WITHIN THE CREEK BANKS AND WITHIN THE ORDINARY HIGH WATER MARK.
5. CONTRACTOR'S ATTENTION IS DIRECTED TO PERMITTING REQUIREMENTS REGARDING IMPACTS TO RIPARIAN HABITAT AND TREE REMOVAL.
6. CONTRACTOR MUST MAKE EVERY EFFORT TO MINIMIZE IMPACTS TO EXISTING VEGETATION. ANY IMPACTS TO TREES, NOT SHOWN ON THE PLANS, AND DEEMED NECESSARY TO FACILITATE TEMPORARY ACCESS, STAGING AND TEMPORARY CONSTRUCTION ACTIVITIES, MUST BE BROUGHT TO THE ATTENTION OF THE ENGINEER, BIOLOGICAL REPRESENTATIVE AND CITY ARBORIST.
7. CONTRACTOR MUST PREPARE A STAGING AND ACCESS PLAN FOR APPROVAL BY THE ENGINEER AT LEAST 14 DAYS PRIOR TO WORK COMMENCING.

DRY CREEK GREENWAY EAST PHASE 1
TRAIL IMPROVEMENT PROJECT
GRADING PLAN

GENERAL PLANTING NOTES:

1. PRIOR TO BEGINNING WORK, LANDSCAPE CONTRACTOR SHALL REVIEW THE CIVIL ENGINEERING DRAWINGS FOR ANY SPECIAL CONDITIONS PARTICULARLY AS THEY PERTAIN TO GRADING FEATURES SUCH AS SWALES, DETENTION BASINS AND INFILTRATION AREAS THAT MAY HAVE AN EFFECT ON PLANTING AREAS.

2. LOCATIONS OF PLANTS ARE SCHEMATIC. ALL SHRUBS TO BE PLANTED A MINIMUM OFFSET OF TWO (2) FEET FROM ANY EXISTING UTILITIES OR STRUCTURES AND TREES A MINIMUM THREE (3) FEET FROM UTILITIES OR STRUCTURES.

3. ALL TREES TO BE TAGGED BY LANDSCAPE ARCHITECT PRIOR TO PURCHASE.

4. LANDSCAPE ARCHITECT OR PROJECT REPRESENTATIVE TO BE PRESENT TO APPROVE PLANT MATERIAL WHEN DELIVERED TO PROJECT SITE.

5. PLANTS ARE SHOWN DIAGRAMMATICALLY ON PLAN THEREFORE PLANT SPACING IN PLANTING NOTES AND PLANTING SPECIFICATIONS TAKE PRECEDENCE TO PLANTS SHOWN ON THE PLAN. CONTRACTOR IS TO CALCULATE QUANTITY OF PLANTS CALLED FOR AND INSTALL ALL THAT ARE SHOWN ON PLAN.

6. ALL LANDSCAPE PLANTING, IRRIGATION AND PAVING DAMAGED BY THE CONTRACTOR SHALL BE REPAIRED AND APPROVED BY OWNER'S REPRESENTATIVE BEFORE 100% COMPLETION OF CONSTRUCTION.

7. BEFORE THE DEMOLITION AND REMOVAL OF ANY EXISTING TREES, THE CONTRACTOR SHALL CONTACT THE OWNER'S REPRESENTATIVE AND HE WILL DESIGNATE ALL THE TREES TO BE PROTECTED IN PLACE OR TO BE REMOVED

8. REMOVED TREES SHALL BE COMPLETELY REMOVED, INCLUDING LIMBS AND TRUNK, WITH THE STUMP GROUND DOWN TO WITHIN SIX TO EIGHT INCHES BELOW THE SURFACE OF THE GROUND. STUMP SHALL BE GROUND IN ALL AREAS ACCESSIBLE BY EQUIPMENT.

9. CONTRACTOR SHALL PROTECT ALL PLANTS THAT ARE DESIGNATED "PROTECT IN PLACE" IF A PLANT WITH THIS DESIGNATION IS DAMAGED OR REMOVED THE CONTRACTOR SHALL REPLACE THE PLANT WITH THE SAME SIZE AND SPECIES.

10. EXISTING TREES THAT ARE TO BE REMOVED SHALL INCLUDE ROOTS. TYP.
11. ALL TREES PLANTED WITHIN 10' OF ANY HARDSCAPE AREAS (STREET CURBS, DRIVEWAYS, AND SIDEWALKS) SHALL INCLUDE LINEAR ROOT BARRIERS. THE ROOT BARRIER SHALL EXTEND 5' ON EITHER SIDE OF TREE TRUNK. OBTAIN BARRIERS FROM DEEP ROOT, (800) 766-8835, OR APPROVED EQUAL.
SPECIFICATION FOLLOWS:
- FOR (36" BX, 24" BX, & 15 GAL.) TREES PLANTED WITHIN THE LIMIT OF: CURBS AND DRIVEWAYS USE MODEL#UB18-2
- FOR (36" BX, 24" BX, & 15 GAL.) TREES PLANTED WITHIN THE LIMIT OF:SIDEWALKS AND PATHWAYS USE MODEL#LB12-2

12. ALL AREAS PLANTED WITH SHRUBS TO BE COVERED WITH A LAYER OF 3-4" MULCH UNDER AND BETWEEN ALL PLANTS SO AS TO LEAVE SOIL COMPLETELY COVERED WITH MULCH. NO MULCH SHALL BE PLACED WITHIN 2' OF NEW TREE TRUNKS.

13. ALL AREAS PLANTED WITH SHRUBS TO BE COVERED WITH A LAYER OF MULCH PER NOTE #12.

14. PRIOR TO PLANTING A TREE FILL THE HOLE WITH 10 GALLONS OF WATER. LET DRAIN, AMEND AND AFTER PLANTING, EACH TREE SHALL BE WATERED WITH A MINIMUM OF 20 GALLONS OF WATER. REPEAT THE WATERING TWICE IN THE NEXT 3 DAYS, NOT SOONER THAN AT 24-HOUR INTERVALS.

15. SOIL TESTS TO BE CONDUCTED AS DESCRIBED IN LANDSCAPE SPECIFICATIONS. THESE TESTS ARE TO DETERMINE RECOMMENDED AMOUNTS OF FERTILIZER AND ANY HARMFUL SUBSTANCES THAT REQUIRE MITIGATION. SEE SPECIFICATIONS FOR FURTHER INFORMATION.

16. DURING SOIL PREPARATION AMEND WITH GYPSUM (AGRICULTURAL CALCIUM SULFATE CA SO4) PER AMOUNT RECOMMENDED BY THE SOIL TEST RESULTS. SEE SPECIFICATIONS FOR FURTHER INFORMATION.

17. CONTRACTOR SHALL REPAIR ANY EXISTING IRRIGATION EQUIPMENT, DAMAGED DURING CONSTRUCTION, TO OPERABLE CONDITION.

18. LANDSCAPE CONTRACTOR SHALL SCHEDULE A PRE-CONSTRUCTION MEETING WITH THE GENERAL CONTRACTOR TO DISCUSS LANDSCAPE ISSUE BEFORE START OF CONSTRUCTION.

19. STREET TREES WITHIN PUBLIC RIGHT-OF-WAY ARE TO BE PLANTED PER APPROVED STREET IMPROVEMENT PLANS.

IRRIGATION NOTES

1. THE CONTRACTOR SHALL REVIEW RELATED DRAWINGS AND SHALL ENSURE COORDINATION WITH ALL APPLICABLE TRADES PRIOR TO SUBMITTING BID.
2. THE IRRIGATION SYSTEM SHALL BE INSTALLED IN CONFORMANCE WITH ALL APPLICABLE STATE AND LOCAL CODES AND ORDINANCES BY LICENSED CONTRACTORS AND EXPERIENCED WORKERS. CONTRACTOR SHALL OBTAIN AND PAY FOR ALL REQUIRED PERMITS AND FEES RELATING TO THE WORK.
3. THIS DESIGN IS DIAGRAMMATIC. ALL PIPING, VALVES, ETC. SHOWN WITHIN PAVED AREAS IS FOR DESIGN CLARIFICATION ONLY AND SHALL BE INSTALLED IN PLANTING AREAS A MINIMUM OF 18" FROM ADJACENT HARDSCAPE. AVOID ANY CONFLICTS BETWEEN THE IRRIGATION SYSTEM, PLANTING AND ARCHITECTURAL FEATURES. PARALLEL PIPES MAY BE INSTALLED IN COMMON TRENCH. PIPES ARE NOT TO BE INSTALLED DIRECTLY ABOVE ONE ANOTHER.
4. DO NOT WILLFULLY INSTALL THE IRRIGATION SYSTEM AS SHOWN ON THE DRAWINGS WHEN IT IS OBVIOUS IN THE FIELD THAT OBSTRUCTIONS, GRADE DIFFERENCES OR DIFFERENCES IN THE AREA DIMENSIONS EXIST THAT MIGHT NOT HAVE BEEN CONSIDERED IN THE ENGINEERING. SUCH OBSTRUCTIONS OR DIFFERENCES SHOULD BE BROUGHT TO THE ATTENTION OF THE CITY'S AUTHORIZED REPRESENTATIVE. IN THE EVENT THAT THIS NOTIFICATION IS NOT PERFORMED, THE IRRIGATION CONTRACTOR SHALL ASSUME FULL RESPONSIBILITY FOR ANY REVISIONS NECESSARY.
5. IT IS THE RESPONSIBILITY OF THE IRRIGATION CONTRACTOR TO BE FAMILIAR WITH ALL GRADE DIFFERENCES, LOCATION OF WALLS, RETAINING WALLS, ETC. THEY SHALL COORDINATE THEIR WORK WITH THE GENERAL CONTRACTOR AND OTHER SUBCONTRACTORS FOR THE LOCATION AND THE INSTALLATION OF PIPE SLEEVES THROUGH WALLS, UNDER ROADWAYS, PAVING, STRUCTURES, ETC. CONTRACTOR TO VERIFY THE LOCATION OF EXISTING UNDERGROUND UTILITIES AND STRUCTURES PRIOR TO THE EXCAVATION OF TRENCHES. CONTRACTOR IS TO REPAIR ANY DAMAGE CAUSED BY THE WORK AT NO ADDITIONAL COST TO THE OWNER.
6. DUE TO THE SCALE OF THE DRAWINGS, IT IS NOT POSSIBLE TO INDICATE ALL OFFSETS, FITTINGS, SLEEVES, ETC., WHICH MAY BE REQUIRED. THE CONTRACTOR SHALL CAREFULLY INVESTIGATE THE STRUCTURAL AND FINISHED CONDITIONS AFFECTING ALL OF THE WORK AND PLAN THE WORK ACCORDINGLY, FURNISHING SUCH FITTINGS, ETC., AS MAY BE REQUIRED TO MEET SUCH CONDITIONS. DRAWINGS ARE GENERALLY DIAGRAMMATIC AND INDICATIVE OF THE WORK TO BE INSTALLED. THE WORK SHALL BE INSTALLED IN SUCH A MANNER AS TO AVOID CONFLICTS BETWEEN IRRIGATION SYSTEMS, PLANTING, AND ARCHITECTURAL FEATURES.
7. IRRIGATION CONTROL WIRE SHALL BE #12, U.L. APPROVED FOR DIRECT BURIAL. COMMON WIRE SHALL BE #12 U.L. APPROVED AND SHALL BE WHITE IN COLOR. WIRING TO INDIVIDUAL REMOTE CONTROL VALVES SHALL BE COLOR OTHER THAN WHITE.
8. EACH CONTROLLER SHALL HAVE ITS OWN INDEPENDENT GROUND WIRE.
9. REMOTE CONTROL VALVES SHALL BE WIRED TO CONTROLLER IN SEQUENCE AS SHOWN ON PLANS. RUN WIRE FROM EACH RCV TO THE CONTROLLER. SPLICING WIRES TOGETHER OUTSIDE OF VALVE BOXES WILL NOT BE PERMITTED.
10. SPLICING OF 24-VOLT WIRES WILL NOT BE PERMITTED EXCEPT IN VALVE BOXES. LEAVE A 36" COIL OF EXCESS WIRE AT EACH SPLICE AND 100 FEET ON CENTER ALONG WIRE RUN. TAPE WIRE IN BUNDLES 10 FEET ON CENTER. NO TAPING PERMITTED INSIDE SLEEVES.
11. INSTALL ONE (1) SPARE CONTROL WIRE FOR EVERY 6 (SIX) STATIONS ON THE CONTROLLER ALONG THE ENTIRE MAIN LINE. SPARE WIRES SHALL BE THE SAME COLOR (ONE WITH A WHITE STRIPE) AND OF A DIFFERENT COLOR THAN OTHER CONTROL WIRES. LOOP 36" EXCESS WIRE INTO EACH SINGLE VALVE BOX AND INTO ONE VALVE BOX IN EACH GROUP OF VALVES.
12. INSTALL VALVE BOXES MINIMUM 12" FROM AND PERPENDICULAR TO WALK, CURB, OR LANDSCAPE FEATURE. AT MULTIPLE VALVE BOX GROUPS, EACH BOX SHALL BE AN EQUAL DISTANCE FROM THE WALK, CURB, ETC. AND EACH BOX SHALL BE MINIMUM 12" APART. SHORT SIDE OF VALVE BOXES SHALL BE PARALLEL TO WALK, CURB, ETC.
13. REMOTE CONTROL VALVES AND ISOLATION VALVE LOCATIONS ON THIS DRAWING ARE APPROXIMATE. THE CONTRACTOR SHALL STAKE OUT EACH REMOTE CONTROL VALVE AND ISOLATION VALVE LOCATION FOR REVIEW AND APPROVAL BY THE CITY INSPECTOR PRIOR TO INSTALLATION OF ALL VALVES. FINAL LOCATION AND EXACT POSITIONING FOR REMOTE CONTROL VALVES AND ISOLATION VALVES SHALL BE DETERMINED BY THE CITY INSPECTOR. MINOR MODIFICATIONS OF VALVE LOCATIONS AS REQUESTED BY THE COUNTY INSPECTOR SHALL BE PROVIDED BY THE CONTRACTOR AT NO ADDITIONAL COST TO THE CITY.
14. LOCATE QUICK COUPLING VALVE 12" FROM HARDSCAPE AREA.
15. ALL MAIN LINES SHALL BE FLUSHED PRIOR TO THE INSTALLATION OF IRRIGATION HEADS. AT 30 DAYS AFTER INSTALLATION EACH SYSTEM SHALL BE FLUSHED TO ELIMINATE GLUE AND DIRT PARTICLES FROM THE LINES.
16. NOTIFY CITY INSPECTOR OF ANY ASPECTS OF LAYOUT THAT WILL PROVIDE INCOMPLETE OR INSUFFICIENT WATER COVERAGE OF PLANT MATERIAL AND DO NOT PROCEED UNTIL INSTRUCTIONS ARE OBTAINED. REPAIR ALL EXISTING MATERIALS DAMAGED DURING CONSTRUCTION.
17. IN ADDITION TO THE SLEEVES AND CONDUITS SHOWN ON THE DRAWINGS, THE IRRIGATION CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING THE INSTALLATION OF SLEEVES AND CONDUITS OF SUFFICIENT SIZE UNDER ALL PAVED AREAS.
18. SLEEVES SHALL BE MINIMUM 2X DIAMETER OF PIPE SLEEVES. ALL CONTROL WIRE SHALL BE INSTALLED IN A SEPARATE 2-INCH CONDUIT UNDER PAVING. SLEEVEING SHALL EXTEND MINIMUM 12" BEYOND PAVING.
19. ALL EXCAVATIONS ARE TO BE FILLED WITH COMPACTED BACKFILL. CONTRACTOR TO REPAIR ALL SETTLED TRENCHES PROMPTLY, FOR A PERIOD OF 1 YEAR AFTER COMPLETION OF WORK. ADDITIONALLY, CONTRACTOR SHALL WARRANT THAT THE IRRIGATION SYSTEM WILL BE FREE FROM DEFECTS IN MATERIALS AND WORKMANSHIP FOR A PERIOD OF 1 YEAR AFTER FINAL ACCEPTANCE OF WORK.
20. THE IRRIGATION SYSTEM DESIGN IS BASED ON THE MINIMUM OPERATING PRESSURE SHOWN ON THE IRRIGATION DRAWINGS. THE IRRIGATION CONTRACTOR SHALL VERIFY WATER PRESSURE PRIOR TO CONSTRUCTION. REPORT ANY DIFFERENCE BETWEEN THE WATER PRESSURE INDICATED ON THE DRAWINGS AND THE ACTUAL PRESSURE READING AT THE IRRIGATION POINT OF CONNECTION TO THE CITY'S AUTHORIZED REPRESENTATIVE.
21. IRRIGATION DEMAND: REFER TO SHEET IR-02.
22. OPERATE IRRIGATION CONTROLLER(S) BETWEEN THE HOURS OF 10:00 PM AND 7:00 AM.
23. IRRIGATION CONTRACTOR SHALL PROVIDE AND PAY FOR INSPECTION AND TESTING OF BACKFLOW PREVENTION DEVICE. INSPECTION SHALL BE PERFORMED BY AN INSPECTOR CERTIFIED BY THE CITY OF ROSEVILLE DEPARTMENT OF ENVIRONMENTAL UTILITIES. THE INSPECTION CERTIFICATION SHALL BE COMPLETED AND SUBMITTED TO THE WATER PURVEYOR, AND A COPY SHALL BE SUBMITTED TO THE CITY INSPECTOR AND DEPARTMENT OF ENVIRONMENTAL UTILITIES.
24. THE CONTRACTOR SHALL NOTIFY UNDERGROUND SERVICE ALERT AT 811 AT LEAST 48 HOURS PRIOR TO ANY EXCAVATION.

"I HAVE COMPLIED WITH THE CRITERIA OF THE WATER EFFICIENT LANDSCAPE ORDINANCE AND APPLIED THEM ACCORDINGLY FOR THE EFFICIENT USE OF WATER IN THE IRRIGATION DESIGN PLAN."

IRRIGATION SCHEDULE

SYMBOL	MANUFACTURER/MODEL/DESCRIPTION	SYMBOL	MANUFACTURER/MODEL/DESCRIPTION
	Rain Bird R-VAN-STRIP RD-12-SAM-P45 Shrub Rotary, 5'x15' (LCS and RCS), 5'x30' (SST) Hand Adjustable Multi-Stream Rotary w/ RD1800 shrub spray body on 12" pop-up, with check valve and 45 psi in-stem pressure regulator. 1/2" NPT Female Threaded Inlet.		Rain Bird PESB 1", 1-1/2", 2" Plastic Industrial Valves. Low Flow Operating Capability, Globe Configuration. With Scrubber Technology for Reliable Performance in Dirty Water Irrigation Applications.
	Rain Bird R-VAN14 RD-12-SAM-P45 Shrub Rotary, 8'-14' 45-270 degrees and 360 degrees. Hand Adjustable Multi-Stream Rotary w/RD1800 shrub spray body on 12" pop-up, with check valve and 45 psi in-stem pressure regulator. 1/2" NPT Female Threaded Inlet.		Rain Bird 44-LRC 1" Brass Quick-Coupling Valve, with Corrosion-Resistant Stainless Steel Spring, Locking Thermoplastic Rubber Cover, and 2-Piece Body.
	Rain Bird R-VAN18 RD-12-SAM-P45 Shrub Rotary, 13'-18' 45-270 degrees and 360 degrees. Hand Adjustable Multi-Stream Rotary w/RD1800 shrub spray body on 12" pop-up, with check valve and 45 psi in-stem pressure regulator. 1/2" NPT Female Threaded Inlet.		Nibco T-113 Class 125 bronze gate shut off valve with wheel handle, same size as mainline pipe diameter at valve location. Size Range - 1/4" - 3"
	Rain Bird R-VAN24 RD-12-SAM-P45 Shrub Rotary, 17'-24' 45-270 degrees and 360 degrees. Hand Adjustable Multi-Stream Rotary w/RD1800 shrub spray body on 12" pop-up, with check valve and 45 psi in-stem pressure regulator. 1/2" NPT Female Threaded Inlet.		Buckner-Superior 3000 1" Normally Closed Brass Master Valve that Provides Dirty Water Protection and 3-Way Solenoid Design. Available in 1", 1-1/4", 1-1/2", 2", 2-1/2" and 3" sizes.
	Hunter PROS-06-CV-MSBN 10F Multi-Stream Bubbler, 6" pop-up, factory installed drain check valve, 25=.25gpm, 50=.5gpm, 10=1.0gpm, 20=2.0gpm.		Febco 825Y 1" Reduced Pressure Backflow Preventer
	Rain Bird RWS-B-C 1401 Root Watering System with 4.0" diameter x 36.0" long with locking grate, semi-rigid mesh tube, and check valve. Rain Bird bubbler option as indicated: 1401 0.25 GPM, 1402 0.5 GPM, 1404 1.0 GPM, 1408 2.0 GPM.		Controller by calsense CS3000-8-S1/CS3000-GR/GR-STUBBY/COMMSYR/FM-1.25B Calsense FM1.25-B
	Rain Bird XZC-100-PRB-COM Wide Flow Drip Control Kit for Commercial Applications. 1" Ball Valve with 1" PESB Valve and 1" Pressure Regulating 40psi Quick-Check Basket Filter. 0.3gpm to 20gpm.		Barrett IBCM1-1-2-1.5/VFD-F/QP Simplex Water Pressure Booster System as Designed and Fabricated by Barrett Engineered Pumps. 1/2 HP 60 feet pump total head
	Area to Receive Dripline Netafim TLHCVXR-CS-033-18 Techline HCVXR-CS Pressure Compensating Landscape Dripline with Copper Stripe, Check Valve and Anti-Siphon feature. 0.33 GPH emitters at 18" O.C. Dripline laterals spaced at 18" apart, with emitters offset for triangular pattern. 17mm.		Water Meter 1" City of Roseville
			Irrigation Lateral Line: PVC Schedule 40
			Irrigation Mainline: PVC Schedule 40
			Pipe Sleeve: PVC Class 200 SDR 21

RETAINING WALL NOTES

GENERAL NOTES:

1. SPECIFICATIONS, CODES AND STANDARDS NOTED IN THE CONTRACT DOCUMENTS SHALL BE OF THE LATEST EDITION UNLESS OTHERWISE NOTED.
2. DIMENSIONS SHALL NOT BE SCALED OFF OF THE DRAWINGS.
3. ALL WORK SHALL CONFORM TO MINIMUM STANDARDS OF THE 2016 CALIFORNIA BUILDING CODE, OF ANY CODES LISTED IN THE DRAWINGS OR SPECIFICATIONS AND OF ANY REGULATING AGENCIES WHICH HAVE AUTHORITY OVER ANY PORTION OF THE WORK INCLUDING THE CALIFORNIA HEALTH AND SAFETY CODE.
4. PRIOR TO SUBMITTING SHOP DRAWINGS AND PRODUCT DATA, THE CONTRACTOR SHALL VERIFY THAT THE SUBMITTALS MEET THE REQUIREMENTS OF THE DRAWINGS AND SPECIFICATIONS. THE CONTRACTOR SHALL SPECIFICALLY NOTE ANY EXCEPTIONS TO THESE REQUIREMENTS WITH THE SUBMITTAL.
5. OPENINGS, POCKETS, ETC. SHALL NOT BE PLACED IN STRUCTURAL MEMBERS UNLESS SPECIFICALLY DETAILED ON THE STRUCTURAL DRAWINGS. NOTIFY THE ENGINEER WHEN WORK REQUIRES OPENINGS, POCKETS, ETC. IN STRUCTURAL MEMBERS NOT SHOWN ON THE STRUCTURAL DRAWINGS.
6. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING THE WORK OF ALL TRADES AND SHALL CHECK ALL DIMENSIONS AND HOLES AND OPENINGS REQUIRED IN STRUCTURAL MEMBERS. ALL DISCREPANCIES SHALL BE CALLED TO THE ATTENTION OF THE ARCHITECT/ENGINEER AND SHALL BE RESOLVED BEFORE PROCEEDING WITH THE WORK.
7. THE CONTRACT DOCUMENTS REPRESENT THE FINISHED STRUCTURE. THEY DO NOT INDICATE THE METHOD OF CONSTRUCTION. THE CONTRACTOR SHALL PROVIDE ALL MEASURES NECESSARY TO PROTECT LIFE AND PROPERTY DURING CONSTRUCTION. SUCH MEASURES SHALL INCLUDE, BUT ARE NOT LIMITED TO, BRACING AND SHORING FOR LOADS DUE TO CONSTRUCTION EQUIPMENT AND MATERIALS. OBSERVATION VISITS TO THE SITE BY THE ENGINEER SHALL NOT INCLUDE INSPECTION OF THE ABOVE ITEMS.

DESIGN DATA:

1. CODE: AASHTO LRFD 8TH EDITION AND THE CALIFORNIA AMENDMENTS DATED APRIL 2019.
2. WIND DESIGN DATA (FOR FENCES AND RAILINGS):

DESIGN METHOD:ASCE 7-16 CHAPTER 29 DIRECTIONAL PROCEDURE
BASIC WIND SPEED (3-SEC GUST): 110 mph
WIND EXPOSURE: C
DESIGN WIND PRESSURE: 24.7 PSF
RISK CATEGORY: II
3. EARTHQUAKE DESIGN DATA:

NO INCREMENTAL SEISMIC LOADING APPLIED (PGA < 0.4g)

RETAINING WALL NOTES CONT.

FOUNDATIONS:

1. THE FOUNDATION DESIGN IS BASED ON RECOMMENDATIONS IN THE REPORT BY CRAWFORD & ASSOCIATES, INC., FINAL GEOTECHNICAL DESIGN REPORT FOR THE DRY CREEK GREENWAY EAST PHASE 1 PROJECT LOCATED IN ROSEVILLE, CALIFORNIA, DATED APRIL 2021.

2. COPIES OF THE REPORT ARE AVAILABLE FROM THE ARCHITECT/ENGINEER.

3. FOUNDATION EXCAVATIONS SHALL BE INSPECTED AND APPROVED BY THE GEOTECHNICAL ENGINEER PRIOR TO PLACEMENT OF ANY REINFORCING STEEL OR CONCRETE.

4. WALL TYPE: SOLDIER PILE WALL

DRILL VERTICAL SOLDIER PILES WITH MINIMUM 10FT EMBEDMENT INTO INTACT UNIT 2 MATERIALS.
CONSTRUCT LAGGING AND/OR FACING ELEMENTS TO SUPPORT BACKFILL.

5. WALL TYPE: CONVENTIONAL SPREAD FOUNDATION

DESIGN VALUES:
SOIL UNIT WEIGHT = 120-130 PCF
MAXIMUM BEARING PRESSURE AND LATERAL EARTH PRESSURES = SEE GEOTECH REPORT FOR VALUES PER WALL
LATERAL RESISTANCE
PASSIVE PRESSURE = 200 PCF
COEFFICIENT OF FRICTION = 0.33 TO 0.36 PER REPORT

6. DEPTH OF FOOTINGS SHOWN ON THE DRAWINGS ARE MINIMUM, AND THE BOTTOM OF FOOTING SHALL BE LOWERED AS REQUIRED AT THE DIRECTION OF THE GEOTECHNICAL ENGINEER TO REMOVE SOFT OR LOOSE MATERIALS AND REPLACE WITH LEAN CONCRETE OR SUITABLE GRANULAR BACKFILL TO A MAXIMUM DEPTH OF 3 FEET BELOW THE BOTTOM OF FOOTING, WITH THE APPROVAL OF THE GEOTECHNICAL ENGINEER.

7. THE CONTRACTOR SHALL BE SOLELY RESPONSIBLE FOR ALL EXCAVATION PROCEDURES, INCLUDING LOGGING, SHORING AND PROTECTION OF ADJACENT PROPERTY, STRUCTURES, STREETS AND UTILITIES IN ACCORDANCE WITH THE LOCAL BUILDING DEPARTMENT.

8. PLACE CONCRETE "NEAT" AGAINST TRIMMED INTACT BEARING MATERIAL IN CLEAN AND DRY EXCAVATION.

9. PRIOR TO GRADING, DEMOLISH AND CLEAR THE SITE TO REMOVE STRUCTURES, FENCES, VEGETATION, TREE ROTS, DEBRIS, ABANDONED UTILITIES, SOFT OR UNSTABLE AREAS, AND OTHER DELETERIOUS MATERIALS.

RETAINING WALL NOTES CONT.

CONCRETE AND REINFORCING STEEL:

1. INSERTS: ALL ITEMS TO BE CAST IN CONCRETE, SUCH AS REINFORCING DOWELS, BOLTS, ANCHORS, PIPES, SLEEVES, ETC., SHALL BE POSITIONED IN THE FORMS BEFORE PLACING THE CONCRETE.

2. CONSTRUCTION JOINTS: PROVIDE AS DETAILED ON DRAWINGS. EXPOSE CLEAN COARSE AGGREGATE SOLIDLY EMBEDDED IN MORTAR MATRIX BY SANDBLASTING, BUSHAMMER, OR OTHER APPROVED METHOD. LOCATION OF CONSTRUCTION JOINTS SHALL BE APPROVED BY THE STRUCTURAL ENGINEER.

3. REINFORCING STEEL: ASTM A615 GRADE 60.

ASTM A706 WHERE WELDED.

4. ALL REINFORCEMENT SHALL BE CONTINUOUS. STAGGER SPLICES WHERE POSSIBLE. LAP LENGTHS SHALL BE AS FOLLOWS, UNLESS OTHERWISE NOTED.

#4: 24"
#5: 30"
#6: 36"
#7: 53"
#8: 60"

5. MINIMUM CLEAR CONCRETE COVER FOR REINFORCEMENT, UNLESS OTHERWISE NOTED:

CAST AGAINST EARTH: 3 INCHES
CAST IN FORMS AND EXPOSED TO EARTH OR WEATHER:
#6 BAR AND LARGER 2 INCHES
#5 BAR AND SMALLER 1 1/2 INCHES
NOT EXPOSED TO EARTH OR WEATHER:
SLABS, WALLS AND JOISTS:
#11 BAR AND SMALLER 3/4 INCH
#14 BAR AND LARGER 1 1/2 INCHES
CLEARANCES ARE TO CLOSEST REINFORCEMENT.

6. STRENGTH: MINIMUM COMPRESSIVE STRENGTH SHALL BE 3000 PSI

STATEMENT OF SPECIAL INSPECTIONS:

THE FOLLOWING TESTS AND INSPECTIONS ARE REQUIRED FOR THIS PROJECT. THE TESTS AND INSPECTIONS INDICATED HERE ARE THE RESPONSIBILITIES OF THE OWNER'S SPECIAL INSPECTOR, AS REQUIRED BY SECTION 1704 OF THE CBC.

EARTHWORK (PERFORMED BY A GEOTECHNICAL ENGINEER):

1. PROVIDE PERIODIC INSPECTION DURING EXCAVATION, GRADING, AND FILL OPERATIONS.

A. OBSERVE HEIGHT OF LISTS, MOISTURE CONTROL, AND COMPACTION.
B. COMPACTION VERIFICATION TESTS ACCORDING TO ASTM D 1557. THE FREQUENCY OF TESTS SHALL BE AS DEEMED APPROPRIATE BY THE GEOTECHNICAL ENGINEER.

CAST-IN-PLACE CONCRETE:

1. PROVIDE PERIODIC INSPECTION OF REINFORCING STEEL AND PLACEMENT.

2. PROVIDE PERIODIC INSPECTION OF ANCHORS CAST IN CONCRETE.

3. VERIFY THE USE OF THE REQUIRED CONCRETE DESIGN MIX.

4. AT THE TIME FRESH CONCRETE IS SAMPLED TO FABRICATE SPECIMENS FOR STRENGTH TESTS, PERFORM CONTINUOUS TESTING FOR SLUMP AND AIR CONTENT, AND DETERMINE THE TEMPERATURE OF THE CONCRETE.

5. PROVIDE PERIODIC INSPECTION OF THE MAINTENANCE OF THE SPECIFIED CURING TEMPERATURE AND TECHNIQUES.

6. PROVIDE PERIODIC INSPECTION OF THE FORMWORK FOR SHAPE, LOCATION, AND DIMENSIONS OF THE CONCRETE MEMBER BEING FORMED.

STEEL PLATES: ASTM A709
BEARING BOLTS/NUTS:
BOLTS SHALL BE ASTM F593 TYPE 304 AND USE ASTM F594 TYPE 304 NUTS AND STAINLESS STEEL WASHERS. BOLTS SHAL BE ALLOY GROUP 1, CONDITION AF.

STRUCTURAL NOTES

1. VERIFY ALL DIMENSIONS AND CONDITIONS IN THE FIELD PRIOR TO STARTING ANY WORK, INCLUDING ANY SHOP DRAWINGS SUBMITTED. VERIFY THE LOCATION AND DIMENSION OF ALL BLOCKOUTS, PADS, SLEEVES, OPENINGS, EMBEDDED OR ATTACHED ITEMS.
2. THE STAMPED SET OF PLANS AND SPECIFICATIONS SHALL BE KEPT AT THE JOB SITE AND UPDATED WITH RECORD INFORMATION. THE SET SHALL BE AVAILABLE TO THE INSPECTOR, BUILDING OFFICIAL, OR ENGINEER AT ANY TIME. THE CONTRACTOR SHALL NOT DEVIATE FROM THE STAMPED SET OF PLANS AND SPECIFICATIONS WITHOUT OFFICIAL APPROVAL.
3. THE ENGINEER DOES NOT WARRANT THE ACCURACY OF SCALED DIMENSIONS ON ANY PLAN. ALL DIMENSIONS SHALL BE AS DESIGNATED ON THE PLANS.
4. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO OBTAIN ALL RIGHTS TO USE PROPERTIES OUTSIDE OF THE CITY'S RIGHT-OF-WAY WHICH THE CONTRACTOR DEEMS NECESSARY TO PERFORM ANY OF THE WORK UNDER THIS CONTRACT. ALL PRIVATE RIGHT SHALL BE OBTAINED BY THE CONTRACTOR AT NO ADDITIONAL COST TO THE CITY.
5. THE CONTRACTOR SHALL PROTECT ALL PUBLIC AND PRIVATE PROPERTY DURING THE PERFORMANCE OF WORK DONE UNDER THIS CONTRACT.
6. WORK PLATFORMS, SCAFFOLDINGS, EQUIPMENT PADS, AND OTHER TEMPORARY WORKS MAY BE REQUIRED. PRIOR TO THE BEGINNING OF ANY SUCH WORK, THE CONTRACTOR SHALL SUBMIT SHOP DRAWINGS TO THE ENGINEER FOR APPROVAL SHOWING THE DETAILS OF THE SUPPORTS AND A DESCRIPTION OF THE METHOD AND PROCEDURE TO BE USED FOR ERECTION, ANCHORAGE, AND REMOVAL OF THE SUPPORTS. SHOP DRAWINGS AND STRUCTURAL DESIGN CALCULATIONS SHALL BE SIGNED BY A CALIFORNIA REGISTERED CIVIL OR STRUCTURAL ENGINEER.
7. NO EXCAVATED MATERIAL OR DEBRIS SHALL BE DEPOSITED INTO THE CREEK.
8. ALL CONDITIONS OF THE PERMITS OBTAINED FOR THIS WORK SHALL BE COMPLIED WITH.

CONSTRUCTION NOTE

FALSEWORK SHALL NOT BE REMOVED PRIOR TO CONSTRUCTION AND CURING OF ALL CONCRETE COMPONENTS, EXCLUDING THE APPROACH SLAB, INVOLVED IN THE CONSTRUCTION OF THE STRUCTURAL WIDENING COMPLETE IN PLACE.

BRIDGE SUPPORT REACTIONS (UNFACTORED)

STRUCTURE	LOADING TYPE	MAX REACTION ALLOWED (KIPS)	
		ABUT 1	ABUT 2
BRIDGE 2	VERTICAL DEAD	50.8	50.8
	VERTICAL LIVE	113.9	113.9
BRIDGE 4	VERTICAL DEAD	83.7	83.7
	VERTICAL LIVE	140.7	140.7
BRIDGE 14	VERTICAL DEAD	43.2	43.2
	VERTICAL LIVE	107.0	107.0

NOTE: FABRICATOR SHALL PROVIDE A BRIDGE THAT DOES NOT EXCEED THE VERTICAL REACTIONS ABOVE. DEAD LOAD REACTION INCLUDES WEIGHT OF THE CONCRETE DEC AND TRUSS.

PRE-FABRICATED BRIDGE NOTES

1. CONTRACTOR SHALL SUPPLY PRE-FABRICATED AND PRE-ENGINEERED STEEL TRUSSES IN ACCORDANCE WITH CONTRACT PLANS AND SPECIFICATIONS.
2. PRIOR TO FABRICATION, SHOP DRAWINGS, CALCULATIONS, AND ERECTION DETAILS SHALL BE SUBMITTED TO THE ENGINEER FOR REVIEW.
3. FABRICATORS SHALL DESIGN BRIDGE DECK WITH CONCRETE AND STEEL STRENGTHS NOTES. REINFORCING STEEL SHALL BE STANDARD (NON-EPOXY COATED) DEFORMED STEEL.
4. VERTICAL DEFLECTION OF THE BRIDGE DUE TO UNFACTORED PEDESTRIAN LIVE LOADING SHALL NOT EXCEED $\frac{L}{400}$ OF THE SPAN LENGTH.
5. HORIZONTAL DEFLECTION OF THE BRIDGE DUE TO UNFACTORED LATERAL WIND LOADING SHALL NOT EXCEED $\frac{L}{300}$ OF THE SPAN LENGTH.
6. PROVIDE TRUSSES WITH A "BOWSTRING" SHAPE WITH VERTICAL END POSTS
7. BRIDGE RAILINGS SHALL BE A MINIMUM OF 54 INCHES HIGH AND INCLUDE A TOE BOARD.

NOTES:

- RAILS, POSTS, AND PICKETS SHALL BE BLACK POWDER COATED TUBULAR STEEL.
- WELDS SHALL BE SLOT OR FILLET WELDS EQUAL TO THICKNESS OF PIPE. WELD ALL JOINTS ALL AROUND. GRIND SMOOTH TYPICAL.
- ALL PAINT AND PRIMER SHALL BE APPLIED TO CLEAN SURFACES IN 5 MIL. COATS. FINISH COLOR SHALL MATCH POWDER COAT SHEEN, AND BE RUSTOLEUM TYPE PAINT OR APPROVED EQUAL.
- PEDESTRIAN RAILING SHALL MEET ALL CURRENT CBC REQUIREMENTS.
- PIPE MUST COMPLY WITH ASTM A53, GRADE A.
- SLIP JOINTS SHALL BE PLACED ADJACENT TO EXPANSION JOINTS.
- LOCATE POSTS AT ALL DIRECTIONAL CHANGES AND ALL PROPERTY LINE CORNERS AND TERMINATIONS.
- FOR POST CONNECTION IN RETAINING WALLS, SEE "POST POCKET" DETAIL ON CALTRANS STANDARD PLANS B11-47.

NOTES:
1. FITTINGS & PIPE PER CITY OF ROSEVILLE STANDARDS.

1 IN-LINE CONNECTION TO EXISTING WATER PIPE
NOT TO SCALE

- NOTES:
- CONTRACTOR TO VERIFY THE LOCATION AND ELEVATION OF EXISTING WATER PIPE PRIOR TO BEGINNING CONSTRUCTION.
 - CONTRACTOR TO VERIFY EXISTING ELEVATIONS FOR TIE-IN PRIOR TO BEGINNING CONSTRUCTION.
 - WATER PIPE MATERIAL SHALL BE DIP "TR FLEX" (FULLY RESTRAINED).
 - INSTALL RESTRAINT AT ALL VERTICAL BENDS. JOINT RESTRAINT SHALL BE ACHIEVED BY MEANS OF A MECHANICAL JOINT RESTRAINT DEVICE PER CITY OF ROSEVILLE DESIGN STANDARDS SECTION 8-17.
 - PROPOSED WATER PIPE SHALL MAINTAIN A MINIMUM CLEARANCE OF 1-FT FROM BRIDGE STRUCTURE.
 - CONTRACTOR SHALL FOLLOW MOST CURRENT CITY OF ROSEVILLE STANDARD SPECIFICATIONS AND CONSTRUCTION DETAILS FOR WATER PIPE INSTALLATION.
 - SEE BRIDGE PLAN SHEETS FOR PIPE HANGAR SUPPORTS.

Images: cropped COR block logo.tif\Marc_Signature.jpg

- NOTES:
1. CONTRACTOR TO VERIFY THE LOCATION AND ELEVATION OF EXISTING WATER PIPE PRIOR TO BEGINNING CONSTRUCTION.
 2. CONTRACTOR TO VERIFY EXISTING ELEVATIONS FOR TIE-IN PRIOR TO BEGINNING CONSTRUCTION.
 3. WATER PIPE MATERIAL SHALL BE DIP "TR FLEX" (FULLY RESTRAINED).
 4. INSTALL RESTRAINT AT ALL JOINTS. JOINT RESTRAINT SHALL BE ACHIEVED BY MEANS OF A MECHANICAL JOINT RESTRAINT DEVICE PER CITY OF ROSEVILLE DESIGN STANDARDS SECTION 8-17.
 5. PROPOSED WATER PIPE SHALL MAINTAIN A MINIMUM CLEARANCE OF 1-FT FROM BRIDGE STRUCTURE.
 6. CONTRACTOR SHALL FOLLOW MOST CURRENT CITY OF ROSEVILLE STANDARD SPECIFICATIONS AND CONSTRUCTION DETAILS FOR WATER PIPE INSTALLATION.
 7. ELEVATIONS OF THE INVERT OF THE PIPE AT EACH JOINT SHALL BE DETERMINED BY THE SUPPORT ELEVATION WHICH IS PREDICATED BY THE ELEVATION OF THE BOTTOM SLAB OF THE EXISTING BRIDGE AT EACH JOINT LOCATION.
 8. AIR RELEASE VALVE PER CITY CONSTRUCTION STANDARD DETAIL W-12. THE AIR RELEASE VALVE MANUFACTURER SHALL BE AS APPROVED IN THE CITY OF ROSEVILLE CONSTRUCTION STANDARDS, SECTION 81-16.
 9. SEE BRIDGE PLAN SHEETS FOR PIPE HANGAR SUPPORTS.

WATER PIPE REPLACEMENT DETAILS**

GENERAL NOTES (FOR SHEETS E-1 TO E-8):

1. ALL WORK SHALL CONFORM TO THE LATEST EDITIONS OF THE CITY OF ROSEVILLE CONSTRUCTION AND IMPROVEMENT STANDARDS (INCLUDING THE LATEST AMENDMENTS), STANDARD CONSTRUCTION SPECIFICATIONS, 2015 CALTRANS STANDARD PLAN AND SPECIFICATIONS AND THE LATEST EDITION OF THE CA MUTCD.
2. LOCATION OF EXISTING UTILITIES, AS SHOWN ON THESE PLANS ARE APPROXIMATE ONLY. THE CONTRACTOR SHALL CONTACT ALL UTILITIES TO VERIFY UNDERGROUND AND OVERHEAD UTILITIES. THE CONTRACTOR SHALL CALL 811, UNDERGROUND SERVICE ALERT (U.S.A), 48 HOURS PRIOR TO ALL EXCAVATION.
3. THE LOCATION OF ALL LIGHTING STANDARDS, PULL BOXES, CONDUITS AND OTHER EQUIPMENT SHOWN ON THIS PLAN ARE APPROXIMATE AND MAY BE CHANGED TO SUIT FIELD CONDITIONS AS DIRECTED BY THE ENGINEER.
4. ALL PULL BOX SHALL BE No. 5, UNLESS OTHERWISE NOTED.
5. NEW PULL BOXES SHALL NOT BE PLACED WITHIN DRIVEWAYS AND CURB RAMP AREAS.
6. THIS PLAN IS ACCURATE FOR ELECTRICAL WORK ONLY.
7. INSTALL CONDUIT RISER AND CONDUIT EXPANSION FITTING IN THE STRUCTURE PER CALTRANS STANDARD PLAN ES-9B.
8. CONDUITS FOR FIBER OPTIC CABLE SHALL BE 45 DEGREES SWEEPED INTO THE PULL BOX. CONDUITS SHALL SHARE THE SAME TRENCH WITH LIGHTING WHERE APPLICABLE.

LEGEND (FOR SHEETS E-1 TO E-4):

I
NOTICE TO CONTRACTORS

CITY OF ROSEVILLE
DEPARTMENT OF PUBLIC WORKS

Name of Project: Dry Creek Greenway East Phase 1 Trail Project

Federal Aid Project: CML 5182(058)

City of Roseville Contract: 400022

NOTICE TO CONTRACTORS

NOTICE IS HEREBY GIVEN THAT sealed Proposal will be received at the Office of the City Clerk, 311 Vernon Street, Roseville, California, until August 8, 2023 at 3:00 p.m. Late proposals will be rejected. No exceptions.

The Proposals will be publicly opened and read by the City Clerk or designee of the City of Roseville at 3:05 p.m. on August 8, 2023 at the Office of the City Clerk located at 311 Vernon Street, Roseville California for the following project: Dry Creek Greenway East Phase 1 Trail Project.

A pre-bid meeting will be held at NOT APPLICABLE.

A Project Manual, including all Contract Documents and the Proposal forms for bidding this project, may be obtained on-line from the City of Roseville's website at https://www.roseville.ca.us/business/procurement_services/bids_rfps. All communications relative to this project shall be conducted through Public Purchase.

Bids shall be submitted on the City's Proposal Forms included in the Project Manual, plainly endorsed with the Bidder's name together with signed acknowledgement of any and all addenda. Proposal Forms shall be securely sealed in a suitable envelope marked with the name

and address of the Bidder, and marked in capital letters on the front and back of the envelope as follows:

[NAME OF PROJECT]

(Name of Bidder)

(Address of Bidder)

Whether mailed or personally delivered, all bids shall be addressed to the City of Roseville, Office of the City Clerk, 311 Vernon Street, Roseville, California, 95678.

Each bid must be accompanied by a Bid Guaranty in the form of a Certificate of Deposit, Certified or Cashier's Check, Bidder's Bond or Irrevocable Standby Letter of Credit in an amount equal to at least ten percent (10%) of the Bidder's Grand Total Price. The Bid Guaranty will be retained by the City and applied to any and all damages sustained by the City in the event that the successful Bidder fails or refuses to enter into the Contract awarded to it and to furnish all required bonds and Certificates of Insurance. The City intends to award the Contract to the lowest responsible Bidder based on the Grand Total Bid Price for all components of the Project. To the extent allowed by law, the City reserves the right to reject any and all bids and/or to waive any irregularities or informalities in any bid or in the bidding procedure. The City specifically reserves the right to not award the Contract after the opening of bids.

Any bid may be withdrawn at any time prior to the time fixed in the public notice for the deadline submission of bids only by written request for the withdrawal of the bid filed with the City Clerk. The request shall be executed by the Bidder or his or her duly authorized representative. The withdrawal of a bid does not prejudice the right of the Bidder to file a new bid by the submission deadline. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid will not be received after the deadline submission of bids

nor may any bid be withdrawn after the time fixed in the public notice for deadline for submission of bids. Immediately following the deadline for submission of bids all bids shall become the property of the City of Roseville and the City is under no obligation to return bids.

Bids will be examined and reported to the City Council within sixty (60) business days after the bid opening. Except as permitted by applicable law, no Bidder may withdraw its bid for a period of sixty (60) business days after the date of bid opening. Each Bidder will be notified of any award of the Contract by the City.

The City will affirmatively ensure non-discrimination on the basis of one or more of the following: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, age, sexual orientation, or military and veteran status in the award and administration of contracts that it awards.

The City will affirmatively ensure that, in any Contract entered into pursuant to this Notice to Contractors, disadvantaged business enterprises will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of sex, race, color, or national origin in consideration for an award.

Bidders are advised that, as required by federal law, the City of Roseville is implementing new Disadvantaged Business Enterprise (DBE) requirements. Section 2, "Proposal Requirements and Conditions," under subsection title "Disadvantaged Business Enterprises (DBE)" and Section 5, "General," under subsection titled "Performance of Subcontractors" of the Special Provisions cover the DBE requirements.

The DBE contract goal for this project is: 20%.

THIS PROJECT IS SUBJECT TO THE "BUY AMERICA" PROVISIONS OF THE SURFACE TRANSPORTATION ASSISTANCE ACT OF 1982 AS AMENDED BY THE INTERMODAL SURFACE TRANSPORTATION EFFICIENCY ACT OF 1991.

Pursuant to Public Contract Code Section 22300, the successful Bidder may submit certain securities in lieu of the City withholding retention of payments during the Project.

In accordance with the California Public Contract Code 20103.5 when federal funds are involved in local agency contracts, no bid shall be invalidated by the failure of the bidder to be licensed in California at the time of bid opening. However, at the time of award, the selected contractor shall be properly licensed in accordance with the laws of the State and the City of Roseville. Contractor shall possess a valid Class A, General Engineering Contractor license prior to award of Contract or other license qualifying the bidder to bid as a prime Contractor, prior to award of Contract as approved by Council. Said license shall be maintained during the contract period. It is the Bidder's and Contractor's responsibility to obtain the correct Contractor's licenses. Bidders shall be skilled and regularly engage in the general class or type of work called for under this contract.

The work is to be done in Placer County. Pursuant to California Labor Code Section 1773, the City has ascertained the General Prevailing Rate of Wages in the County in which the work is to be done to be as determined by the Director of Industrial Relations of the State of California. The Contractor is hereby made aware that information regarding prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>. The Contractor is required to post a copy of the applicable wage rates at the job site. Attention is directed to Section 7 "Legal Relations and Responsibility" of the Standard Construction Specifications.

The Federal minimum wage rates for this project as predetermined by the United States Secretary of Labor are set forth in the Project Manual and in copies of this book that may be examined at the offices described above where project plans, special provisions, and bid forms may be seen. Addenda to modify the Federal minimum wage rates, if necessary, will be issued

to holders of the Project Manual. Future effective general prevailing wage rates, which have been predetermined and are on file with the California Department of Industrial Relations, are referenced but not printed in the general prevailing wage rates.

Attention is directed to the Federal minimum wage rate requirements in the Project Manual. If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the general prevailing wage rates determined by the Director of the California Department of Industrial Relations for similar classifications of labor, the Contractor and subcontractors shall pay not less than the higher wage rate. The City of Roseville will not accept lower State wage rates not specifically included in the Federal minimum wage determinations. This includes “helper” (or other classifications based on hours of experience) or any other classification not appearing in the Federal wage determinations. Where Federal wage determinations do not contain the State wage rate determination otherwise available for use by the Contractor and subcontractors, the Contractor and subcontractors shall pay not less than the Federal minimum wage rate, which most closely approximates the duties of the employees in question.

The U.S. Department of Transportation (DOT) provides a toll-free “hotline” service to report bid rigging activities. Bid rigging activities can be reported Mondays through Fridays, between 8:00 a.m. and 5:00 p.m., Eastern Time, Telephone No. 1-800-424-9071. Anyone with knowledge of possible bid rigging, bidder collusion, or other fraudulent activities should use the “hotline” to report these activities. The “hotline” is part of the DOT’s continuing effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of the DOT Inspector General. All information will be treated confidentially and caller anonymity will be respected.

Pursuant to Labor Code Section 1771.1(b), notice is hereby given that a contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in Labor Code Sections 1720, et seq., unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 or exempt from registration requirements pursuant to Labor Code Section 1725.5(f). It is not a violation of Labor Code Section 1771.1 for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform work pursuant to Labor Code Section 1725.5 at the time the contract is awarded or is exempt from registration requirements pursuant to Labor Code Section 1725.5(f). The Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

All questions prior to the deadline for bid submissions shall be submitted via Public Purchase. The deadline for submissions of questions and clarifications regarding the Contract Documents is 18 calendar days before the deadline for bid submissions. Only Addenda issued by the City are binding.

City Clerk, City of Roseville

INSTRUCTIONS TO BIDDERS

INSTRUCTIONS TO BIDDERS

SECTION 1. GENERAL

1-1.01 **GENERAL.** These Instructions to Bidders form a part of the Contract Documents. Capitalized terms are defined in Standard Construction Specifications Section 1.

1-1.02 **EXAMINATION OF PLANS, CONTRACT DOCUMENTS AND SITE OF THE WORK.** The Bidder shall examine carefully the site of the Work and all the Contract Documents, including these Instructions to Bidders, and shall inform itself of the conditions relating to the execution of the Work. Failure to do so will not relieve the successful Bidder of its obligation to enter into an Agreement and complete the Work in strict accordance with the Contract Documents. Conditions relating to the execution of the Work include the requirements of federal, state, and local laws, statutes and ordinances relative to the execution of Work, including, but not limited to, applicable regulations concerning prevailing wage rates, non-discrimination in the employment of labor, protection of the public, employee health and safety, and environmental protection.

The submission of a bid shall be conclusive evidence that the Bidder has investigated and is satisfied as to the conditions to be encountered, as to the character, quality, and scope of Work to be performed, the quantities of materials to be furnished, and as to the requirements of all the Contract Documents.

1-1.03 **EXISTING INFORMATION.** Where the Department has made investigations of site conditions, including subsurface conditions in areas where Work is to be performed under the Contract, such investigations are made only for the purpose of study and design. City does not represent that such conditions as found in these investigations or inferences or conclusions drawn as a result of these investigations will represent actual site

conditions and hereby disclaims any liability as a result of Contractor's or Bidder's reliance on such investigations. City will presume that all Bidders have conducted their own site investigations, including investigations of subsurface conditions. Where such investigations have been made, Bidders or Contractors may, upon written request, inspect the records of the Department as to such investigations subject to the conditions set forth in these Instructions to Bidders. Such inspection of records may be made only at the location noted above. The records of such investigations are not a part of the Contract Documents and are shown solely for the convenience of the Bidder or Contractor. The City assumes no responsibility whatsoever with respect to the sufficiency or accuracy of the investigations made, the records thereof, or of the interpretations set forth therein or made by the City in its use thereof. The City makes no warranty or guarantee, either express or implied, that the conditions indicated by such investigations or records are representative of those existing throughout such areas, or any part thereof, or that unforeseen developments may not occur, or that materials other than, or in proportions different from those indicated, may not be encountered.

No information derived from such inspection of records of investigations or compilation thereof made by the City, the Department or from the Engineer, or his or her assistants, will in any way relieve the Bidder or Contractor from properly examining the site and making such additional investigations as it may elect, or from properly fulfilling the terms of the Contract.

SECTION 2: BID REQUIREMENTS

2-1.01 **PROPOSAL FORMS.** The Department will furnish to each Bidder standard Proposal Forms, which, when filled out and executed may be submitted as the bid. Proposals shall include all pages in the Project Manual with page numbers marked “PROP” plus the Addendum acknowledgment form (front sheet) from all Addenda received by the Bidder. Proposals shall be removed from the Project Manual. The full Project Manual shall not be submitted with the proposal. Bids not presented on forms so furnished will be disregarded.

The Proposal and one (1) copy thereof shall be submitted as directed in the “Notice to Contractors” under sealed cover plainly marked as a Proposal, and identifying the project to which the Proposal relates and the date of the bid opening therefor. Proposals which are not properly marked may be disregarded.

All blank spaces in the Proposal must be completed, as required, in ink. All price information shall be shown, clearly legible, in figures where required.

The Bidder shall sign the Proposal in the blank space provided therefor. If the Bidder is the sole owner, the Proposal shall be signed by the owner. If the Bidder is a corporation, the legal name of the corporation and its State of incorporation shall be set forth and the Proposal shall be signed by at least two officers authorized to sign contracts on behalf of the corporation. If the Bidder is a partnership, the true name of the firm shall be set forth, the names and addresses of all partners shall be given and the Proposal shall be signed by a partner in the firm authorized to sign contracts on behalf of the partnership. If the Bidder is a joint venture, the Proposal shall be signed on behalf of each participating company by officers or other individuals who have the full and proper authorization to do so. If the Proposal is signed by an agent of the Bidder other than an officer of a corporation or a member of a partnership, a notarized Power of

Attorney must be on file with the City prior to opening of bids or must be submitted with the Proposal. If requested by the City, the Bidder shall promptly submit evidence satisfactory to the City of the authority of the person signing the Proposal.

2-1.02 **SUBMISSION OF BIDS.** Bids must be submitted at the prescribed time and location specified in the Notice to Contractors. Any submission received after the prescribed time shall be rejected, regardless of whether or not bids are opened exactly at the prescribed time.

Any unauthorized conditions or qualifications entered on, or changes made to, the Proposal may render it invalid and may cause its rejection.

No telegraphic, telephonic, or facsimile or other electronically transmitted bids will be considered.

2-1.03 **REQUIRED LISTING OF PROPOSED SUBCONTRACTORS.** Each Proposal shall list the name, address and Contractor license number of each Subcontractor to whom the Bidder proposes to subcontract portions of the Work in an amount in excess of one-half of one percent (0.5%) of its total bid, in accordance with Section 4100 to 4114, inclusive, of the Public Contract Code for the State of California. The Bidder shall list the Subcontractor's license number and the portion of the Work that will be done by each Subcontractor. If the Bidder fails to specify a Subcontractor for any portion of the Work, the Bidder agrees to perform that portion of the Work itself, and represents that it is qualified to perform that portion of the Work itself. The Bidder's attention is invited to other provisions of the Public Contract Code related to the imposition of penalties for a failure to observe its provisions by using unauthorized Subcontractors or by making unauthorized substitutions.

2-1.04 **CONTRACTOR'S LICENSING LAWS.** Attention is directed to the provisions of Business and Professions Code Chapter 9 of Division 3 concerning the licensing of Contractors.

All Bidders at the time of bid submittal shall be licensed as Contractors in accordance with the laws of this State. Any Bidder or Contractor not so licensed is subject to the penalties imposed by such laws. The form of Contractor's license required is stated in the Notice to Contractors, provided that the City makes no representation as to whether the State may require other or additional licenses. It is the Bidder's and Contractor's responsibility to obtain the correct Contractor's licenses. Bidders shall be skilled and regularly engaged in the general class or type of Work called for under this Contract.

All Bidders and Contractors, including Subcontractors, shall have a current City business license before undertaking any Work.

2-1.05 **NONCOLLUSION DECLARATION.** By submitting a bid, the Bidder represents and warrants that such bid is genuine and not a sham or collusive or made in the interest or on the behalf of any person therein named, and that the Bidder has not, directly or indirectly, included or solicited any other Bidder to put in a sham bid, or any other person, firm, or corporation to refrain from bidding, and that the Bidder has not in any manner sought collusion to secure the Bidder an advantage over any other Bidder.

Bidders shall submit a properly completed and executed "Noncollusion Declaration" in the form required by Public Contract Code Section 7106 and provided with the Proposal (PROP-11).

2-1.06 **DISQUALIFICATION, REMOVAL OR OTHER PREVENTION OF BIDDING.** A bid may be rejected on the basis of a Bidder, any officer of such Bidder, or any

employee of such Bidder who has a proprietary interest in such Bidder, having been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local project because of a violation of law or a safety regulation.

2-1.07 **PROPOSAL GUARANTY.** All bids shall be accompanied by one of the following forms of Bidder's security: Cash, a cashier's check, a certified check, or a Bidder's bond executed by an admitted California surety insurer, made payable to the City of Roseville, or any other form of security deemed acceptable by the City Attorney. The security shall be in an amount equal to at least ten percent (10%) of the amount bid. A bid will not be considered unless one of the form of Bidder's security is enclosed with it.

A Bidder's bond shall conform to the City's bond form in the Proposal and shall be properly filled out and executed.

2-1.08 **SCHEDULE OF BID PRICES.** Bidders are directed to submit firm unit and lump sum prices for all Work set forth in the Contract Documents on the Proposal Form entitled "Schedule of Bid Prices."

Unit prices and lump sum prices, as indicated, must be entered in the appropriate spaces provided in the Schedule of Bid Prices. If applicable, unit prices shall be multiplied by the quantities shown, and the total shall be inserted in the Amount column. In the event of any error or discrepancy between the unit price and the calculated amount, the unit prices shall govern. The City may correct any mathematical errors apparent on the face of the bid.

The amounts shown in the Amount column must be added together in arriving at the Grand Total Bid Price.

Amounts for Allowance bid items must be entered in the exact amount in the Amount column.

The prices included within the Schedule of Bid Prices shall include all costs for labor, materials, tools, equipment, services, Subcontractors, suppliers, taxes, insurance, shipment, delivery, overhead, profit, and all other costs necessary to perform the Work in accordance with the Contract Documents.

The Grand Total Bid Price shall be indicated in the Summary table form included with the Schedule of Bid Prices. The Grand Total Bid Price shall be the sum of the amounts bid for each of the designated portions of the Work, as more specifically described on the Schedule of Bid Prices form itself.

Full compensation for complying with the Contract Documents, including requirements of the Standard Specifications, the Standard Construction Specifications, Supplemental Conditions, and all warranties, shall be considered included in the bid items and no additional compensation shall be allowed therefor.

Full compensation for completion of all work as shown on the plans, as specified in the Specifications, and as directed by the City, shall be considered included in the bid items and no additional compensation shall be allowed.

Bidders are strongly discouraged from submitting unbalanced bids. As used herein, the term “unbalanced bid” is defined as any bid that does not include a reasonable proportionate allocation of indirect costs and profit of each bid item indicated in the Schedule of Bid Prices. The City reserves the right to reject any unbalanced bid if the City determines that there is a reasonable doubt that an acceptance of the bid will not result in the lowest ultimate cost to the City with regard to the work or a disproportionate distribution of contract funds.

The City reserves the right to delete any bid item in its entirety and/or significantly reduce the quantity of Work under a bid item. The City makes no representation that any Work

under a bid item will be performed during the course of the Project or that the Work will be performed at the quantities included in the Schedule of Bid Prices. As provided in the Standard Construction Specifications, for any deleted Work, Contractor shall not be entitled to payment of the indirect costs and profit included for said bid item. All bid items shall be considered distinct and severable from the remaining bid items, and each Bidder acts at its peril if its bid is unbalanced.

The City shall compare bids on the basis of the Grand Total Bid Price, which includes the base bid and any alternates designated on the Schedule of Bid Prices. Alternates may or may not be awarded, or may be awarded in any combination, at the City's discretion.

2-1.09 **WITHDRAWAL OF PROPOSALS.** Any bid may be withdrawn at any time prior to the time fixed in the Notice to Contractors for the opening of bids, provided that a request in writing, executed by the Bidder or its duly authorized representative, for the withdrawal of such bid is filed with the City Clerk. Facsimile and electronic mail requests are not acceptable. The withdrawal of a bid shall not prejudice the right of a Bidder to file a new bid. The withdrawal of any bid after the time fixed in the Notice to Contractors for the opening of bids will not be permitted.

2-1.10 **ADDENDUM.** Proposals shall include all costs and account for all Addenda issued prior to opening of bids. The Bidder is responsible for verifying that all issued Addenda have been received. An Addendum acknowledgment form for each Addendum shall be included as part of the Proposal submittal.

2-1.11 **PUBLIC OPENING OF PROPOSALS.** Proposals will be publicly opened and read at the time and place indicated in the Notice to Contractors. Bidders or their authorized agents are invited to be present.

2-1.12 **TRENCHING AND EXCAVATION WORK.** In accordance with the provisions of California Labor Code Section 6707, if the Work involves construction of a pipeline, sewer, sewage disposal system, boring or jacking pits, or similar trenches or open excavations, which are five feet (5') or deeper, each bid submitted shall contain, as a bid item, adequate sheeting, shoring, and bracing, or equivalent method, for the protection of life or limb, which shall conform to all applicable safety orders.

SECTION 3: EVALUATION OF BIDS

3-1.01 **BID EVALUATION PROCESS.** Bids will be evaluated to determine the apparent low Bidder. The apparent low Bidder will be determined on the basis of the Grand Total Bid Price, as shown in the Schedule of Bid Prices. If additive or deductive alternates are used in the Schedule of Bid Prices, the apparent low Bidder will be the Bidder with the lowest total of the bid prices for base contract items plus the alternates designated by the City as those that will be used for determining the lowest bid price. However, the City reserves the right to (1) not award any alternates or (2) award any combination of alternates.

In case of discrepancy between the total of the base contract items and any specified alternates and the stated Grand Total Bid Price, the total of the base contract items plus specified alternates shall prevail. Any mathematical errors that appear on the face of the bid will be corrected by the City and the City will use the mathematically corrected addition. For example, if the mathematical total of Bidder's base contract items plus specified alternates equals \$1,000,000, but the Bidder has written \$1,250,000 as the Grand Total Bid Price, the City will consider \$1,000,000 to be the Bidder's Grand Total Bid Price for purposes of comparison to other Bidders and actual bid award. The City reserves its rights to reject or accept bids based on discrepancies between the stated Grand Total Bid Price and the actual mathematical total of the base contract bid items, plus specified alternates.

3-1.02 **REJECTION OF IRREGULAR PROPOSALS.** Proposals may be rejected in the City's sole discretion if they show any alterations of form, additions not called for, conditional bids, incomplete bids, erasures, or irregularities of any kind. However, the City reserves the right to waive any minor irregularities and informalities in any bid or in the bid procedure for any reason.

3-1.03 **COMPETITIVE BIDDING.** If more than one proposal is offered by any individual, firm, partnership, corporation, association, or any combination thereof, under the same or different names, all such proposals may be rejected. A party who has quoted prices on materials or Work to a Bidder is not thereby disqualified from quoting prices to other Bidders, or from submitting a bid directly for the materials or Work.

All Bidders are put on notice that any collusive agreement to control or affect the awarding of this Contract is in violation of the competitive bidding requirements of the City Charter, State Contract Act and the Business and Professions Code and may render void any Contract let under such circumstances.

3-1.04 **RELIEF OF BIDDERS.** If the Bidder claims a mistake was made in its bid, the Bidder shall give the Department written notice within five (5) Days after the opening of the bids of the alleged mistake, specifying in the notice in detail how the mistake occurred. No relief from a claimed mistaken bid shall be granted unless such mistake clearly appears on the face of the bid submitted to the City. Claimed mistakes on backup worksheets, spreadsheets, computerized bidding programs, or any other similar calculative bidding mistake which is not apparent on the face of the bid shall not under any circumstance be considered as a basis for relief. The burden of proving the occurrence of a mistake entitling a Bidder to relief from its bid rests entirely on the Bidder. Relief from bids shall be in the City's sole discretion.

SECTION 4: AWARD AND EXECUTION OF CONTRACT

4-1.01 **AWARD OF CONTRACT.** The City reserves the right to reject any and all proposals and to award (or not award) any combination of bid items at its option. Any such award will be to the lowest responsible Bidder whose proposal complies with the requirements prescribed for the bid items awarded. Such award, if made, will be made within sixty (60) business days after the opening of the proposals. If the lowest responsible Bidder refuses or fails to execute the Contract, or provide an acceptable Performance Bond, Payment Bond, and insurance certificate(s), the City may award the Contract to the second lowest responsible Bidder. Such award, if made, will be made within eighty-two (82) business days after the opening of proposals. If the second lowest responsible Bidder refuses or fails to execute the Contract, or provide an acceptable Performance Bond, Payment Bond, and insurance certificate(s), the City may award the Contract to the third lowest responsible Bidder. Such award, if made, will be made within one hundred four (104) business days after the opening of the proposals. The above time periods within which the award of Contract may be made are subject to extension for such further period as may be agreed upon in writing between the City and the Bidder concerned.

4-1.02 **RETURN OF BIDDER'S SECURITIES.** Within ten (10) Days after the award of the Contract, the City Clerk will return all Bidders' securities, other than Bidders' bonds, accompanying the proposals that are not to be further considered in making the award. Retained Bidders' securities will be held until the Contract has been fully executed, after which all Bidders' securities, except Bidders' bonds and any Bidders' securities that have been forfeited, will be returned.

4-1.03 **CONTRACT BONDS.** The successful Bidder shall furnish two (2) bonds in the form contained in the section entitled Insurance Broker Information Packet and Bonds. One (1) bond shall secure the payment of the claims of laborers, mechanics or materialmen employed on the Work under the Contract, and the other bond shall guarantee the faithful performance of the Contract.

Each of the two (2) bonds shall be in a sum equal to one hundred percent (100%) of the Contract Price. If the Contract Price increases by the issuance of Change Orders, the penal amounts of the bonds required shall increase accordingly. Sureties on each of said bonds shall be satisfactory to the City.

All alterations, extensions of time, extra and additional Work, and other changes authorized by the Standard Specifications, the Standard Construction Specifications, the Supplemental Conditions or any part of the Contract may be made without securing the consent of the surety or sureties on the Contract bonds.

Furthermore, the successful Bidder shall furnish a certificate from the County Clerk as required by California Civil Code of Procedure Section 995.660(a)(3).

4-1.04 **INSURANCE.** At the time of the execution of the Contract, the Contractor shall, at its own expense, procure, and at all times during the prosecution of the Work maintain in full force and effect Worker's Compensation Insurance, and Liability Insurance as specified in the Standard Construction Specifications. The Contractor shall provide a Certificate of Insurance in the form contained in the section entitled Insurance Broker Information Packet.

4-1.05 **EXECUTION OF CONTRACT.** The Contract shall be signed by the successful Bidder and returned, together with all the required Contract bonds and insurance

certificates, within fifteen (15) Days after the Contract has been awarded, or as otherwise directed, in writing, by the City.

If the Bidder is an individual, the Contract shall be executed personally by the Bidder. If the Bidder is a partnership, it is desirable that the Contract be executed by all of the partners, but it may be executed by one of them. If the Bidder is a corporation, it must be executed by two officers of the corporation consisting of (1) the chairman of the board, president or vice president; and (2) the secretary, assistant secretary, chief financial officer, treasurer or assistant treasurer, or by a person authorized by the corporation to execute written contracts on its behalf, and the corporate seal affixed thereto. In the alternative, a person other than an officer may sign the Contract, provided evidence satisfactory to the City is provided indicating the individual's authority to bind the corporation. If the corporate seal is not affixed to the Contract, or if it is executed by a person other than officers, or only by one officer, there must be attached to the Contract a certified copy of a resolution of the corporation authorizing such officer or person to execute written contracts for and on behalf of the corporation. If the Bidder is a joint venture, the Contract must be executed on behalf of each participating firm by officers or other individuals who have the full and proper authorization to do so.

4-1.06 **FAILURE TO EXECUTE CONTRACT.** Failure of the lowest responsible Bidder, the second lowest responsible Bidder, or the third lowest responsible Bidder to execute the Contract and file acceptable bonds and insurance as provided within fifteen (15) Days after the Contract has been awarded, or as otherwise directed, in writing, by the City, shall be just cause for annulment of the award and forfeiture of the Bidder's security. The successful Bidder may file with the City Clerk a written notice, signed by the Bidder or Bidder's authorized representative, specifying that the Bidder will refuse to execute the Contract if presented to

Bidder. The filing of such notice shall have the same force and effect as the failure of the Bidder to execute the Contract and furnish acceptable bonds within the time prescribed.

SECTION 5: BID PROTEST PROCEDURES

5-1.01 **POLICY/PROCEDURES.** It is the policy of the City to consider fully and adjudicate promptly protests filed by prospective Bidders relating to the City's bidding procedure or award of the Contract. Protests shall be filed and processed in accordance with Section 4.12.150 of the Roseville Municipal Code. A Bidder's failure to follow the bid protest procedures may result in rejection of the protest by the City.

III PROPOSAL

PROPOSAL TO THE DEPARTMENT OF _____

Project:_____

Name of Bidder _____ Business Phone _____

Business Address _____

Place of Business _____

Contractor's License No. _____

License Expiration Date_____

License Classification Type _____

DIR Registration No. _____

Type of business organization: _____

*If a Corporation, incorporated under the laws of the State of: _____

The undersigned Bidder herewith submits this Proposal and binds itself on award by the City of Roseville under this bid to execute a Contract in accordance with its bid and the Contract Documents.

The Notice to Contractors, Instructions to Bidders, Form of Agreement, Standard Specifications, Standard Construction Specifications, Supplemental Conditions, Contract Drawings, and Addenda, if any, are made part of this bid and all provisions thereof are hereby accepted, and all representations and warranties are required thereby are hereby affirmed.

The work to be done is described in the Bidding Documents entitled _____, City of Roseville, California.

This offer shall be irrevocable for a period of sixty (60) Days after the date on which bids are opened.

The undersigned Bidder understands that any clarification made to the above or any new and different conditions or information submitted on or with its Proposal, other than that requested, may render the bid non-responsive.

The undersigned, as Bidder, declares that the only persons or parties interested in this Proposal as principals are those named herein; that this Proposal is made without collusion with any other person, firm, or corporation; that the Bidder has carefully examined the location of the proposed Work, the attached Form of Agreement, and the plans, Specifications, and other Contract Documents; and agrees if this Proposal is accepted, that it will contract with the City of Roseville, in the form of a copy of the Agreement contained in the Project Manual, to provide all necessary machinery, tools, apparatus and other means of construction, and to do all the work and furnish all the materials specified in the Contract Documents, in the manner and time therein prescribed, and according to the requirements of the Director, as therein set forth, and that the Bidder will take in full payment therefore prices indicated in the Schedule of Bid Items, including all work modified by addendum numbers _____. (IF NONE, STATE NONE).

Bids are required for all Bid Items. The amount of the Bid for comparison purposes will be the total of all items awarded.

The Bidder shall set forth for each item of work, in clearly legible figures, an item (“unit”) price and a total for the item in the respective spaces provided for this purpose in the Schedule of Bid Items.

The prices included within the Schedule of Bid Items include all costs for labor, materials, tools, equipment, services, Subcontractors, suppliers, taxes, insurance, shipment,

delivery, overhead, profit, and for all other costs necessary to perform the Work in accordance with the Contract Documents.

Accompanying this Proposal is _____.

(Notice: Insert the words "Cash \$_____", "Cashier's Check," "Certified Check," or "Bidder's Bond," as the case may be, in an amount equal to at least ten percent (10%) of the total of the Bid.)

The names of all persons interested in the foregoing Proposal as Principals, are as follows: _____

If SOLE OWNER, execute here:

I sign as sole owner of the business named above:

If PARTNERSHIP, one or more partners sign here:

The undersigned certify that we are partners in the business named above and that we sign this bid with the full authority to do so:

If CORPORATION, execute here:

Corporate Name: _____

Incorporated under the laws of the State of _____

The undersigned certify that they sign this bid with the full and proper authorization so to do:

BIDDER'S BOND

City Council of the City of Roseville

KNOW ALL MEN BY THESE PRESENTS:

That we _____
_____, as PRINCIPAL, and

a, _____ and duly authorized to transact business
under the laws of the State of California, as SURETY, are held and firmly bound unto the City of
Roseville in the penal sum of _____ dollars
(\$_____), being at least TEN PERCENT (10%) OF THE TOTAL AMOUNT OF
THE BID of the Principal above named, submitted by said Principal to the City of Roseville,
acting by and through the Public Works Director, for the work described below, for the payment
of which sum in lawful money of the United States, well and truly to be made, to the Director of
the Department to which said Bid was submitted, we bind ourselves, our heirs, executors,
administrators and successors, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH,

That whereas the Principal has submitted the above-mentioned Bid to the City Council of
the City of Roseville, as aforesaid, for certain construction specifically described as follows, for
which Bids are to be opened at the Office of the City Clerk located at 311 Vernon Street,
Roseville, California, on _____, 20__ FOR

(Copy here the exact title of work as it appears on the Proposal.)

NOW, THEREFORE, IF THE AFORESAID PRINCIPAL is awarded the Contract and, within the time and manner required under the Contract Documents, after the prescribed forms are presented for signature, enters into a written Contract, in the prescribed form, in accordance with the Bid, and files all insurance and two (2) Bonds with the Department, one (1) to guarantee Faithful Performance and the other to guarantee Payment for Labor and Materials, as required by law, then this obligation shall be null and void; otherwise, it shall be and remain in full force and effect.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this ____ day of _____, 20__.

NONCOLLUSION DECLARATION TO BE EXECUTED BY
BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the _____ of _____, the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The Bidder has not directly or indirectly induced or solicited any other Bidder to put in a false or sham bid. The Bidder has not directly or indirectly colluded, conspired, connived, or agreed with any Bidder or anyone else to put in a sham bid, or to refrain from bidding. The Bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the Bidder or any other Bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other Bidder. All statements contained in the bid are true. The Bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a Bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the Bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on _____ [date], at _____ [city], _____ [state].

(Signature of Declarant)

DISQUALIFICATION QUESTIONNAIRE

The Bidder shall complete, under the penalty of perjury, the following questionnaire:

Has the Bidder, any officer of the Bidder, or any employee of the Bidder who has proprietary interest in the Bidder, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation?

Yes_____

No_____

If the answer is yes, explain the circumstances in the following space.

NAME OF BIDDER: _____

DISTRIBUTION: 1. Original – Local Agency
 2. Copy – Caltrans District Local Assistance Engineer (DLAE). Failure to submit to DLAE within 30 days of contract execution may result in de-obligation of federal funds on contract.
 3. Include additional copy with award package.

INSTRUCTIONS – CONSTRUCTION CONTRACT DBE COMMITMENT**CONTRACTOR SECTION**

- 1. Local Agency** - Enter the name of the local agency that is administering the contract.
- 2. Contract DBE Goal** - Enter the contract DBE goal percentage as it appears on the project advertisement.
- 3. Project Description** - Enter the project description as it appears on the project advertisement (Bridge Rehab, Seismic Rehab, Overlay, Widening, etc).
- 4. Project Location** - Enter the project location(s) as it appears on the project advertisement.
- 5. Bidder's Name** - Enter the contractor's firm name.
- 6. Prime Certified DBE** - Check box if prime contractor is a certified DBE.
- 7. Bid Amount** - Enter the total contract bid dollar amount for the prime contractor.
- 8. Total Dollar Amount for ALL Subcontractors** – Enter the total dollar amount for all subcontracted contractors. SUM = (DBEs + all Non-DBEs). Do not include the prime contractor information in this count.
- 9. Total number of ALL subcontractors** – Enter the total number of all subcontracted contractors. SUM = (DBEs + all Non-DBEs). Do not include the prime contractor information in this count.
- 10. Bid Item Number** - Enter bid item number for work, services, or materials supplied to be provided.
- 11. Description of Work, Services, or Materials Supplied** - Enter description of work, services, or materials to be provided. Indicate all work to be performed by DBEs including work performed by the prime contractor's own forces, if the prime is a DBE. If 100% of the item is not to be performed or furnished by the DBE, describe the exact portion to be performed or furnished by the DBE. See LAPM Chapter 9 to determine how to count the participation of DBE firms.
- 12. NAICS or Work Category Codes** - Enter [NAICS or Work Category Codes from the California Unified Certification Program database](#).
- 13. DBE Certification Number** - Enter the DBE's Certification Identification Number. All DBEs must be certified on the date bids are opened.
- 14. DBE Contact Information** - Enter the name, address, and phone number of all DBE subcontracted contractors. Also, enter the prime contractor's name and phone number, if the prime is a DBE.
- 15. DBE Dollar Amount** - Enter the subcontracted dollar amount of the work to be performed or service to be provided. Include the prime contractor if the prime is a DBE. See LAPM Chapter 9 for how to count full/partial participation.
- 16. Total Claimed DBE Participation** - \$: Enter the total dollar amounts entered in the "DBE Dollar Amount" column. %: Enter the total DBE participation claimed ("Total Claimed DBE Participation Dollars" divided by item "Bid Amount"). If the total % claimed is less than item "Contract DBE Goal," an adequately documented Good Faith Effort (GFE) is required (see Exhibit 15-H DBE Information - Good Faith Efforts of the LAPM).
- 17. Preparer's Signature** - The person completing the DBE commitment form on behalf of the contractor's firm must sign their name.
- 18. Date** - Enter the date the DBE commitment form is signed by the contractor's preparer.
- 19. Preparer's Name** - Enter the name of the person preparing and signing the contractor's DBE commitment form.
- 20. Phone** - Enter the area code and phone number of the person signing the contractor's DBE commitment form.
- 21. Preparer's Title** - Enter the position/title of the person signing the contractor's DBE commitment form.

LOCAL AGENCY SECTION

- 22. Local Agency Contract Number** - Enter the Local Agency contract number or identifier.
- 23. Federal-Aid Project Number** - Enter the Federal-Aid Project Number(s).
- 24. Bid Opening Date** - Enter the date contract bids were opened.
- 25. Contract Award Date** - Enter the date the contract was executed.
- 26. Award Amount** – Enter the contract award amount as stated in the executed contract.
- 27. Local Agency Representative's Signature** - The person completing this section of the form for the Local Agency must sign their name to certify that the information in this and the Contractor Section of this form is complete and accurate.
- 28. Date** - Enter the date the DBE commitment form is signed by the Local Agency Representative.
- 29. Local Agency Representative's Name** - Enter the name of the Local Agency Representative certifying the contractor's DBE commitment form.
- 30. Phone** - Enter the area code and phone number of the person signing the contractor's DBE commitment form.
- 31. Local Agency Representative Title** - Enter the position/title of the Local Agency Representative certifying the contractor's DBE commitment form.

EXHIBIT 15-H: PROPOSER/CONTRACTOR GOOD FAITH EFFORTS

Cost Proposal Due Date _____ PE/CE

Federal-aid Project No(s) CML 5182(058) Bid Opening Date _____ CON

The City of Roseville established a Disadvantaged Business Enterprise (DBE) goal of 20.00% for this contract. The information provided herein shows the required good faith efforts to meet or exceed the DBE contract goal.

Proposers or bidders submit the following information to document their good faith efforts within five (5) **calendar** days from cost proposal due date or bid opening. Proposers and bidders are recommended to submit the following information even if the Exhibit 10-O1: Consultant Proposal DBE Commitments or Exhibit 15-G: Construction Contract DBE Commitment indicate that the proposer or bidder has met the DBE goal. This form protects the proposer's or bidder's eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

The following items are listed in the Section entitled "Submission of DBE Commitment" of the Special Provisions, **please attach additional sheets as needed:**

- A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications

Dates of Advertisement

- B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

Names of DBEs Solicited

Date of Initial Solicitation

Follow Up Methods and Dates

- C. The items of work made available to DBE firms including those unbundled contract work items into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation in order to meet or exceed the DBE contract goal.

Items of Work	Proposer or Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount (\$)	Percentage Of Contract
	Pick			0.00%
	Pick			0.00%
	Pick			0.00%
	Pick			0.00%

- D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

Names, addresses and phone numbers of firms selected for the work above:

- E. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining information related to the plans, specifications and requirements for the work which was provided to DBEs:

- F. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining bonding, lines of credit or insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

- G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

Name of Agency/Organization

Method/Date of Contact

Results

- H. Any additional data to support a demonstration of good faith efforts:

Exhibit 12-B: Bidder's List of Subcontractor (DBE and Non-DBE) - Part 1

As of March 1, 2015 Contractors (and sub-contractors) wishing to bid on public works contracts must be registered with the State Division of Industrial Relations and certified to bid on Public Works contracts. Please register at <https://www.dir.ca.gov/Public-Works/Contractor-Registration.html>. The local agency will verify registration of all contractors and subcontractors on public works projects at bid and thereafter annually to assure that yearly registration is maintained throughout the life of the project.

In accordance with Title 49, Section 26.11 of the Code of Federal Regulations, and Section 4104 of the Public Contract Code of the State of California, as amended, the following information is required for each sub-contractor who will perform work amounting to more than one half of one percent (0.5%) of the Total Base Bid or \$10,000 (whichever is greater).

Photocopy this form for additional firms.

EQUAL EMPLOYMENT OPPORTUNITY CERTIFICATION

The bidder _____, proposed subcontractor _____, hereby certifies that he has _____, has not _____, participated in a previous contract or subcontract subject to the equal opportunity clauses, as required by Executive Orders 10925, 11114, or 11246, and that, where required, he has filed with the Joint Reporting Committee, the Director of the Office of Federal Contract Compliance, a Federal Government contracting or administering agency, or the former President's Committee on Equal Employment Opportunity, all reports due under the applicable filing requirements.

Note: The above certification is required by the Equal Employment Opportunity Regulations of the Secretary of Labor (41 CFR 60-1.7(b) (1)), and must be submitted by bidders and proposed subcontractors only in connection with contracts and subcontracts which are subject to the equal opportunity clause. Contracts and subcontracts which are exempt from the equal opportunity clause are set forth in 41 CFR 60-1.5. (Generally only contracts or subcontracts of \$10,000 or under are exempt.)

Currently, Standard Form 100 (EEO-1) is the only report required by the Executive Orders or their implementing regulations.

Proposed prime contractors and subcontractors who have participated in a previous contract or subcontract subject to the Executive Orders and have not filed the required reports should note that 41 CFR 60-1.7(b) (1) prevents the award of contracts and subcontracts unless such contractor submits a report covering the delinquent period or such other period specified by the Federal Highway Administration or by the Director, Office of Federal Contract Compliance, U.S. Department of Labor.

PUBLIC CONTRACT CODE**PUBLIC CONTRACT CODE SECTION 10285.1 STATEMENT**

In conformance with Public Contract Code Section 10285.1 (Chapter 376, Stats. 1985), the bidder hereby declares under penalty of perjury under the laws of the State of California that the bidder has ____, has not ____ been convicted within the preceding three years of any offenses referred to in that section, including any charge of fraud, bribery, collusion, conspiracy, or any other act in violation of any state or Federal antitrust law in connection with the bidding upon, award of, or performance of, any public works contract, as defined in Public Contract Code Section 1101, with any public entity, as defined in Public Contract Code Section 1100, including the Regents of the University of California or the Trustees of the California State University. The term "bidder" is understood to include any partner, member, officer, director, responsible managing officer, or responsible managing employee thereof, as referred to in Section 10285.1.

Note: The bidder must place a checkmark after "has" or "has not" in one of the blank spaces provided. The above Statement is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement. Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

PUBLIC CONTRACT CODE SECTION 10162 QUESTIONNAIRE

In conformance with Public Contract Code Section 10162, the Bidder shall complete, under penalty of perjury, the following questionnaire:

Has the bidder, any officer of the bidder, or any employee of the bidder who has a proprietary interest in the bidder, ever been disqualified, removed, or otherwise prevented from bidding on, or completing a federal, state, or local government project because of a violation of law or a safety regulation?

Yes ☐ No ☐

If the answer is yes, explain the circumstances in the following space.

PUBLIC CONTRACT CODE 10232 STATEMENT

In conformance with Public Contract Code Section 10232, the Contractor, hereby states under penalty of perjury, that no more than one final unappealable finding of contempt of court by a federal court has been issued against the Contractor within the immediately preceding two-year period because of the Contractor's failure to comply with an order of a federal court which orders the Contractor to comply with an order of the National Labor Relations Board.

Note: The above Statement and Questionnaire are part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Statement and Questionnaire.
Bidders are cautioned that making a false certification may subject the certifier to criminal prosecution.

DEBARMENT AND SUSPENSION CERTIFICATION

TITLE 49, CODE OF FEDERAL REGULATIONS, PART 29

The bidder, under penalty of perjury, certifies that, except as noted below, he/she or any other person associated therewith in the capacity of owner, partner, director, officer, manager:

- is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any Federal agency;
- has not been suspended, debarred, voluntarily excluded or determined ineligible by any Federal agency within the past 3 years;
- does not have a proposed debarment pending; and
- has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past 3 years.

If there are any exceptions to this certification, insert the exceptions in the following space.

Exceptions will not necessarily result in denial of award, but will be considered in determining bidder responsibility. For any exception noted above, indicate below to whom it applies, initiating agency, and dates of action.

Notes: Providing false information may result in criminal prosecution or administrative sanctions. The above certification is part of the Proposal. Signing this Proposal on the signature portion thereof shall also constitute signature of this Certification.

**NONLOBBYING CERTIFICATION
FOR FEDERAL-AID CONTRACTS**

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in conformance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such subrecipients shall certify and disclose accordingly.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of covered Federal action or a material change to previous filing pursuant to title 31 U.S.C. section 1352. The filing of a form is required for such payment or agreement to make payment to lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress an officer or employee of Congress or an employee of a Member of Congress in connection with a covered Federal action. Attach a continuation sheet for additional information if the space on the form is inadequate. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence, the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last, previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District if known. Check the appropriate classification of the reporting entity that designates if it is or expects to be a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the first tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in Item 4 checks "Subawardee" then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organization level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identification in item 1 (e.g., Request for Proposal (RFP) number, Invitation for Bid (IFB) number, grant announcement number, the contract grant. or loan award number, the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitments for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, state and zip code of the lobbying entity engaged by the reporting entity identified in item 4 to influenced the covered Federal action.
(b) Enter the full names of the individual(s) performing services and include full address if different from 10 (a). Enter Last Name, First Name and Middle Initial (MI).
11. Enter the amount of compensation paid or reasonably expected to be paid by the reporting entity (item 4) to the lobbying entity (item 10). Indicate whether the payment has been made (actual) or will be made (planned). Check all boxes that apply. If this is a material change report, enter the cumulative amount of payment made or planned to be made.
12. Check the appropriate box. Check all boxes that apply. If payment is made through an in-kind contribution, specify the nature and value of the in-kind payment.
13. Check the appropriate box. Check all boxes that apply. If other, specify nature.
14. Provide a specific and detailed description of the services that the lobbyist has performed or will be expected to perform and the date(s) of any services rendered. Include all preparatory and related activity not just time spent in actual contact with Federal officials. Identify the Federal officer(s) or employee(s) contacted or the officer(s) employee(s) or Member(s) of Congress that were contacted.
15. Check whether or not a continuation sheet(s) is attached.
16. The certifying official shall sign and date the form, print his/her name title and telephone number.

Public reporting burden for this collection of information is estimated to average 30 minutes per response, including time for reviewing instruction, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503.

END OF PROPOSAL

IV AGREEMENT

A G R E E M E N T

THIS AGREEMENT, is made and entered into this ____ day of _____,
20____, by and between the City of Roseville, a municipal corporation, (“CITY”), and
_____, a _____,
 (“CONTRACTOR”); and

W I T N E S S E T H:

WHEREAS, the City Council of the CITY, at a meeting held on the ____ day of
_____, 20____, approved plans and specifications for the _____

and directed the City Clerk to advertise for sealed proposals for doing said work and providing
that bids be submitted on the ____ day of _____, 20____; and

WHEREAS, the City Clerk, thereafter duly and regularly caused a notice to be published
in the manner and for the time prescribed by law; and

WHEREAS, CONTRACTOR, pursuant to the provisions of said notice duly filed a bid
with the City Clerk, a true copy of which bid is now on file in the office of the City Clerk, and is
hereby referred to and by this reference made a part hereof as fully as if set forth at length herein;
and

WHEREAS, all bids received pursuant to said notice were opened and examined and
publicly declared at the time specified in said advertisement for bids and at a meeting of the City
Council held on the ____ day of _____, 20____, the Council found and

declared the bid of CONTRACTOR to be the lowest responsible bid and thereupon awarded a contract to CONTRACTOR to do the work referred to in the aforementioned specifications.

NOW, THEREFORE, the parties agree as follows:

1. THE WORK. CONTRACTOR agrees:

a. To do the work and furnish all the labor, materials, tools, supplies, equipment, superintendence, insurance, and bonds required for the _____

in accordance with the Contract Documents (the Work).

b. To do and perform the Work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Director of Public Works of the City of Roseville.

2. PAYMENT. CITY shall pay CONTRACTOR _____ dollars (\$_____) for the Work to be done under this Agreement in accordance with the Contract Documents.

3. CONTRACT DOCUMENTS. The complete Agreement between the parties hereto consists of the following documents:

- a. The advertisement for bids (including the notice to bidders, instructions to bidders and proposals);
- b. The accepted bid;
- c. Plans and specifications (including standard construction specifications, special provisions and construction details);
- d. Bonds and insurance required by the specifications; and

e. This contract.

All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

4. LIQUIDATED DAMAGES. In the event CONTRACTOR does not complete the Work within the time specified, CONTRACTOR agrees that CITY will suffer damages. Inasmuch as the actual damages which would result from such breach by CONTRACTOR under this Agreement are uncertain, and would be impractical or extremely difficult to fix, CONTRACTOR agrees that it shall pay, or CITY shall deduct from CONTRACTOR's fee, the amount of \$_____ per day as liquidated damages, in the event of such delay.

5. TIME OF COMPLETION. Time is of the essence of this Agreement. CONTRACTOR shall complete all Work under the Contract Documents within _____ Days of the date of this Contract. CONTRACTOR shall begin work by the date specified in the "Notice to Proceed" letter and shall diligently prosecute all of the Work under this Contract in all parts and requirements as defined in the Contract Documents.

6. SERVICE OF NOTICE. Any notice required or permitted to be given under this Agreement shall be deemed given when (a) personally delivered to the recipient identified below; (b) mailed by registered or certified mail, return receipt requested, postage pre-paid, to the address specified below; or (c) sent by facsimile, with confirmation of receipt, to the facsimile number identified below.

CITY OF ROSEVILLE

CONTRACTOR

CITY may also act through either its architect or construction manager if CITY expressly gives notice to CONTRACTOR, in writing, that CITY's designee has authority to act for CITY in a specific capacity.

7. DISPUTES. Disputes arising from this Agreement will be determined in accordance with the Contract Documents and Public Contract Code Sections 10240-10240.13.

8. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

9. INDEPENDENT CONTRACTOR. CONTRACTOR shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

10. SUCCESSORS IN INTEREST. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. MODIFICATION. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

12. SEVERABILITY. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

13. INTEGRATED AGREEMENT. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

14. CONTRACTORS LICENSE LAW. CONTRACTORS ARE REQUIRED BY LAW TO BE LICENSED AND REGULATED BY THE CONTRACTORS' STATE LICENSE BOARD WHICH HAS JURISDICTION TO INVESTIGATE COMPLAINTS AGAINST CONTRACTORS IF A COMPLAINT REGARDING A PATENT ACT OR OMISSION IS FILED WITHIN FOUR (4) YEARS OF THE DATE OF THE ALLEGED VIOLATION. A COMPLAINT REGARDING A LATENT ACT OR OMISISON PERTAINING TO STRUCTURAL DEFECTS MUST BE FILED WITHIN TEN (10) YEARS OF THE DATE OF THE ALLEGED VIOLATION. ANY QUESTIONS CONCERNING A CONTRACTOR MAY BE REFERRED TO THE REGISTRAR, CONTRACTORS' STATE LICENSE BOARD, P.O. BOX 26000, SACRAMENTO, CALIFORNIA 95826.

15. FEDERAL CONTRACTING REQUIREMENTS. CONTRACTOR shall adhere to all requirements set forth in the FHWA-1273 form entitled "Required Contract Provisions Federal-Aid Construction Contracts" which is attached hereto in its entirety as Exhibit "A" and incorporated herein by this reference. The current wage determination for federal minimum wage rates established by the United States Secretary of Labor referenced in Section IV of Exhibit "A" is set forth in Exhibit "B," also attached hereto and incorporated herein by this reference.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 20____, and CONTRACTOR has caused this Agreement to be duly executed.

1. DISADVANTAGED BUSINESS ENTERPRISES (DBE)

The contractor, subrecipient or subcontractor shall take necessary and reasonable steps to ensure that DBEs have opportunity to participate in the contract (49 CFR 26). To ensure equal participation of DBEs provided in 49 CFR 26.5, the Agency shows a contract goal for DBEs. The prime contractor shall make work available to DBEs and select work parts consistent with available DBE subcontractors and suppliers.

The prime contractor shall meet the DBE goal shown elsewhere in these special provisions or demonstrate that they made adequate good faith efforts to meet this goal.

It is the prime contractor's responsibility to verify that the DBE firm is certified as a DBE on the date of bid opening by using the California Unified Certification Program (CUCP) database and possesses the most specific available North American Industry Classification System (NAICS) codes and Work Code applicable to the type of work the firm will perform on the contract. Additionally, the prime contractor is responsible to document this verification by printing out the CUCP data for each DBE firm. A list of DBEs certified by the CUCP can be found at: <https://dot.ca.gov/programs/civil-rights/dbe-search>.

All DBE participation will count toward the California Department of Transportation's federally mandated statewide overall DBE goal.

Credit for materials or supplies the prime contractor purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are obtained from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

The prime contractor receives credit towards the goal if they employ a DBE trucking company that performs a commercially useful function as defined in 49 CFR 26.55(d) as follows:

- The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
- The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
- The DBE receives credit for the total value of the transportation services it provides on the Contract using trucks it owns, insures, and operates using drivers it employs.
- The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Contract.
- The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE that leases trucks equipped with drivers from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE leased trucks equipped with drivers not to exceed the value of transportation services on the contract provided by DBE-owned trucks or leased trucks with DBE employee drivers. Additional participation by non-DBE owned trucks equipped with drivers receives credit only for the fee or commission it receives as a result of the lease arrangement.
- The DBE may lease trucks without drivers from a non-DBE truck leasing company. If the DBE leases trucks from a non-DBE truck leasing company and uses its own employees as drivers, it is entitled to credit for the total value of these hauling services.
- A lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

A. Nondiscrimination Statement

The contractor, subrecipient or subcontractor will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR 26 on the basis of race, color, sex, or national origin. In administering the Local Agency components of the DBE Program Plan, the contractor, subrecipient or subcontractor will not, directly, or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the DBE Program Plan with respect to individuals of a particular race, color, sex, or national origin.

B. Contract Assurance

Under 49 CFR 26.13(b): The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR 26 in the award and administration of federal-aid contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

C. Prompt Progress Payment

The prime contractor or subcontractor shall pay to any subcontractor, not later than seven days after receipt of each progress payment, unless otherwise agreed to in writing, the respective amounts allowed the contractor on account of the work performed by the subcontractors, to the extent of each subcontractor's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from the prime contractor or subcontractor to a subcontractor, the prime contractor or subcontractor may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the licensee to a penalty, payable to the subcontractor, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subcontractors.

D. Prompt Payment of Withheld Funds to Subcontractors

The Agency may hold retainage from the prime contractor and shall make prompt and regular incremental acceptances of portions, as determined by the Agency, of the contract work, and pay retainage to the prime contractor based on these acceptances. The Agency shall designate one of the methods below in the contract to ensure prompt and full payment of any retainage kept by the prime contractor or subcontractor to a subcontractor. The Agency shall include either Method 1, Method 2, or Method 3 below and delete the other two.

Method 1: No retainage will be held by the Agency from progress payments due to the prime contractor. Prime contractors and subcontractors are prohibited from holding retainage from subcontractors. Any delay or postponement of payment may take place only for good cause and with the Agency's prior written approval. Any violation of these provisions shall subject the violating contractor or subcontractor to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code and Section 10262 of the California Public Contract Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor, deficient subcontractor performance and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

Method 2: No retainage will be held by the Agency from progress payments due to the prime contractor. Any retainage kept by the prime contractor or by a subcontractor must be paid in full to the earning subcontractor within seven (7) days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment may take place only for good cause and with the Agency's prior written approval.

Any violation of these provisions shall subject the violating contractor or subcontractor to the penalties, sanctions, and remedies specified in Section 7108.5 of the California Business and Professions Code and Section 10262 of the California Public Contract Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor, deficient subcontractor performance and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

Method 3: The Agency shall hold retainage from the prime contractor and shall make prompt and regular incremental acceptances of portions, as determined by the Agency of the contract work and pay retainage to the prime contractor based on these acceptances. The prime contractor or subcontractor shall return all monies withheld in retention from all subcontractors within seven (7) days after receiving payment for work satisfactorily completed and accepted including incremental acceptances of portions of the contract work by the Agency. Any delay or postponement of payment may take place only for good cause and with the Agency's prior written approval. Any violation of these provisions shall subject the violating prime contractor or subcontractor to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code and Section 10262 of the California Public Contract Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies otherwise available to the contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the contractor; deficient subcontractor performance and/or noncompliance by a subcontractor. This clause applies to both DBE and non-DBE subcontractors.

Any violation of these provisions of Prompt Progress Payment and Prompt Payment of Withheld Funds to Subcontractors shall subject the violating prime contractor or subcontractor to the penalties, sanctions and other remedies specified therein. These requirements shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to the prime contractor or subcontractor in the event of a dispute involving late payment or nonpayment by the prime contractor, deficient subcontract performance, or noncompliance by a subcontractor.

E. Termination and Substitution of DBE Subcontractors

The prime contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains the Agency's written consent. The prime contractor shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other sources without prior written authorization from the Agency. Unless the Agency's prior written consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the Exhibit 15-G Construction Contract DBE Commitment form, included in the Bid.

The Agency authorizes a request to use other forces or sources of materials if the bidder shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Local Agency stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Local Agency's bond requirements.
3. Work requires a contractor's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Contract
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.

11. The Agency determines other documented good cause.

The prime contractor shall notify the original DBE of the intent to use other forces or material sources and provide the reasons, allowing the DBE 5 days to respond to the notice and advise the prime contractor and the Agency of the reasons why the use of other forces or sources of materials should not occur.

The prime contractor's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from the prime contractor to the DBE regarding the request.
3. Notices from the DBEs to the prime contractor regarding the request.

If the Agency authorizes the termination or substitution of a listed DBE, the prime contractor must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must (1) perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal, and (2) be certified as a DBE with the most specific available NAICS codes and work codes applicable to the type of work the DBE will perform on the contract at the time of the prime contractor's request for substitution. The prime contractor shall submit their documentation of good faith efforts within 7 days of their request for authorization of the substitution. The Agency may authorize a 7-day extension of this submittal period at the prime contractor's request. More guidance can be found at 49 CFR 26 app A regarding evaluation of good faith efforts to meet the DBE goal.

F. Commitment and Utilization

Note: In the Agency's reports of DBE participation to Caltrans, the Agency must display both commitments and attainments.

The Agency's DBE program must include a monitoring and enforcement mechanism to ensure that DBE commitments reconcile to DBE utilization.

The bidder shall submit the Exhibit 15-G Construction Contract DBE Commitment, included in the Bid book. This exhibit is the bidder's DBE commitment form. If the form is not submitted with the bid, the bidder must remove the form from the Bid book before submitting their bid.

The bidder shall complete and sign Exhibit 15-G Construction Contract DBE Commitment included in the contract documents regardless of whether DBE participation is reported. The bidder shall provide written confirmation from each DBE that the DBE is participating in the Contract. A copy of a DBE's quote serves as written confirmation. If a DBE is participating as a joint venture partner, the bidder shall submit a copy of the joint venture agreement.

If the DBE Commitment form, Exhibit 15-G, is not submitted with the bid, it must be completed and submitted by all bidders to the Agency within five (5) days of bid opening. If the bidder does not submit the DBE Commitment form within the specified time, the Agency will find the bidder's bid nonresponsive.

The prime contractor shall use each DBE subcontractor as listed on Exhibit 12-B Bidder's List of Subcontractors (DBE and Non-DBE), and Exhibit 15-G Construction Contract DBE Commitment form unless they receive authorization for a substitution.

The Agency shall request the prime contractor to:

1. Notify the Resident Engineer or Inspector of any changes to its anticipated DBE participation
2. Provide this notification before starting the affected work
3. Maintain records including:
 - Name and business address of each 1st-tier subcontractor
 - Name and business address of each DBE subcontractor, DBE vendor, and DBE trucking company, regardless of tier
 - Date of payment and total amount paid to each business (see Exhibit 9-F Monthly Disadvantaged Business Enterprise Payment)

If the prime contractor is a DBE contractor, they shall include the date of work performed by their own forces and the corresponding value of the work.

Before the 15th of each month, the prime contractor shall submit a Monthly DBE Trucking Verification (LAPM Exhibit 16-Z1) form.

If a DBE is decertified before completing its work, the DBE must notify the prime contractor in writing of the decertification date. If a business becomes a certified DBE before completing its work, the business must notify the prime contractor in writing of the certification date. The prime contractor shall submit the notifications. Upon work completion, the prime contractor shall complete a Disadvantaged Business Enterprises (DBE) Certification Status Change, Exhibit 17-O, form and submit the form within 30 days of contract acceptance.

Upon work completion, the prime contractor shall complete Exhibit 17-F Final Report – Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subcontractors and submit it within 90 days of contract acceptance. The Agency will withhold \$10,000 until the form is submitted. The Agency releases the withhold upon submission of the completed form.

G. DBE RUNNING TALLY OF ATTAINMENTS

After submitting an invoice for reimbursement that includes a payment to a DBE, but no later than the 10th of the following month, the prime contractor/consultant shall complete and email the Exhibit 9- F: Disadvantaged Business Enterprise Running Tally of Payments to business.support.unit@dot.ca.gov with a copy to the Agency.

- 2. BID OPENING** The Agency publicly opens and reads bids at the time and place shown on the Notice to Contractors.
- 3. BID RIGGING** The U.S. Department of Transportation (DOT) provides a toll-free hotline to report bid rigging activities. Use the hotline to report bid rigging, bidder collusion, and other fraudulent activities. The hotline number is (800) 424-9071. The service is available 24 hours 7 days a week and is confidential and anonymous. The hotline is part of the DOT's effort to identify and investigate highway construction contract fraud and abuse and is operated under the direction of the DOT Inspector General.
- 4. CONTRACT AWARD** If the Agency awards the contract, the award is made to the lowest responsible and responsive bidder.
- 5. CONTRACTOR LICENSE** The Contractor must be properly licensed as a contractor from contract award through Contract acceptance (Public Contract Code §10164).
- 6. CHANGED CONDITIONS**

A. Differing Site Conditions

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the party discovering such conditions shall promptly notify the other party in writing of the specific differing conditions before the site is disturbed and before the affected work is performed.
2. Upon written notification, the engineer will investigate the conditions, and if it is determined that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding anticipated profits, will be made and the contract modified in writing accordingly. The engineer will notify the contractor of the determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment which results in a benefit to the contractor will be allowed unless the contractor has provided the required written notice.
4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work. *[This provision may be omitted by the Local Agency, at their option.]*

B. Suspensions of Work Ordered by the Engineer

1. If the performance of all or any portion of the work is suspended or delayed by the engineer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the contractor shall submit to the engineer in writing a request for adjustment within 7 calendar days of receipt of the notice to resume work. The request

shall set forth the reasons and support for such adjustment.

2. Upon receipt, the engineer will evaluate the contractor's request. If the engineer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control of and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the engineer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The contractor will be notified of the engineer's determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment will be allowed unless the contractor has submitted the request for adjustment within the time prescribed.
4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided or excluded under any other term or condition of this contract.

C. Significant Changes in the Character of Work

1. The engineer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the contractor agrees to perform the work as altered.
2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether such alterations or changes are in themselves significant changes to the character of the work or by affecting other work cause such other work to become significantly different in character, an adjustment, excluding anticipated profit, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the contractor in such amount as the engineer may determine to be fair and equitable.
3. If the alterations or changes in quantities do not significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.
4. The term "significant change" shall be construed to apply only to the following circumstances:
 - When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
 - When a major item of work, as defined elsewhere in the contract, is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in case of a decrease below 75 percent, to the actual amount of work performed.

7. BEGINNING OF WORK, TIME OF COMPLETION AND LIQUIDATED DAMAGES

The Contractor shall begin work within 15 calendar days after the issuance of the Notice to Proceed.

This work shall be diligently prosecuted to completion before the expiration of 300 WORKING DAYS beginning on the fifteenth calendar day after the date shown on the Notice to Proceed.

The Contractor shall pay to the City/County of Roseville the sum of \$ 9,500 per day, for each and every calendar days' delay in finishing the work in excess of the number of working days prescribed above.

8. BUY AMERICA

Buy America Requirements apply to steel and iron, manufactured products, and construction materials permanently incorporated into the project.

Steel and Iron Materials

All steel and iron materials must be melted and manufactured in the United States except:

1. Foreign pig iron and processed, pelletized, and reduced iron ore may be used in the domestic production of the steel and iron materials [60 Fed Reg 15478 (03/24/1995)];
2. If the total combined cost of the materials produced outside the United States does not exceed the greater of 0.1 percent of the total contract amount or \$2,500, materials produced outside the United States may be used if authorized.

Furnish steel and iron materials to be incorporated into the work with certificates of compliance and certified mill test reports. Mill test reports must indicate where the steel and iron were melted and manufactured. All melting and manufacturing processes for these materials, including an application of a coating, must occur in the United States. Coating includes all processes that protect or enhance the value of the material to which the coating is applied.

Manufactured Products

Iron and steel used in precast concrete manufactured products must meet the requirements of the above section (Steel and Iron Materials) regardless of the amount used. Iron and steel used in other manufactured products must meet the requirements of the above section (Steel and Iron Materials) if the weight of steel and iron components constitute 90 percent or more of the total weight of the manufactured product.

Construction Materials

Buy America requirements apply to the following construction materials that are or consist primarily of:

1. Non-ferrous metals
2. Plastic and polymer-based products (including polyvinylchloride, composite building materials, and polymers used in fiber optic cables)
3. Glass (including optic glass)
4. Lumber
5. Drywall

Where one or more of these construction materials have been combined by a manufacturer with other materials through a manufacturing process, Buy America requirements do not apply unless otherwise specified.

Furnish construction materials to be incorporated into the work with certificates of compliance with each project delivery. Manufacturer's certificate of compliance must identify where the construction material was manufactured and attest specifically to Buy America compliance.

All manufacturing processes for these materials must occur in the United States.

Buy America requirements do not apply to the following:

1. Tools and construction equipment used in performing the work
2. Temporary work that is not incorporated into the finished project

Waivers

If Buy America waivers are granted, use the following language to include in the contract:

The following steel and iron products, manufactured products, or construction materials have received an approved Buy America waiver for this contract, and therefore, are not subject to Buy America requirements:

1. _____
2. _____

9. QUALITY ASSURANCE

The Local Agency uses a Quality Assurance Program (QAP) to ensure a material is produced to comply with the Contract. The Local Agency may examine the records and reports of tests the prime contractor performs if they are available at the job site. Schedule work to allow time for QAP.

10. PROMPT PAYMENT FROM THE AGENCY TO THE CONTRACTORS

The Agency shall make any progress payment within 30 days after receipt of an undisputed and properly submitted payment request from a contractor on a construction contract. If the Agency fails to pay promptly, the Agency shall pay interest to the contractor, which accrues at the rate of 10 percent per annum on the principal amount of a money judgment remaining unsatisfied. Upon receipt of a payment request, the Agency shall act in accordance with both of the following:

1. Each payment request shall be reviewed by the Agency as soon as practicable after receipt for the purpose of determining that it is a proper payment request.
2. Any payment request determined not to be a proper payment request suitable for payment shall be returned to the contractor as soon as practicable, but not later than seven (7) days, after receipt. A request returned pursuant to this paragraph shall be accompanied by a document setting forth in writing the reasons why the payment request is not proper.

11. FORM FHWA-1273 REQUIRED CONTRACT PROVISIONS FEDERAL-AID CONTRACTS

*[The following 12 pages must be physically inserted into the contract without modification.
Excluding ATTACHMENT A - EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN
DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS]*

FHWA-1273 -- Revised July 5, 2022

**REQUIRED CONTRACT
PROVISIONS FEDERAL-AID
CONSTRUCTION CONTRACTS**

- I. General
- II. Nondiscrimination
- III. Non-segregated Facilities
- IV. Davis-Bacon and Related Act Provisions
- V. Contract Work Hours and Safety Standards Act Provisions
- VI. Subletting or Assigning the Contract
- VII. Safety: Accident Prevention
- VIII. False Statements Concerning Highway Projects

- X. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion
- XI. Certification Regarding Use of Contract Funds for Lobbying
- XII. Use of United States-Flag Vessels:

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (see 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities:

The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:

The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurance Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

- (1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;
- (2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and
- (3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than \$10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (ii) The classification is utilized in the area by the construction industry; and
- (iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding (29 CFR 5.5)

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records (29 CFR 5.5)

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under 18 U.S.C. 1001 and 31 U.S.C. 231.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and trainees (29 CFR 5.5)

a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility (29 CFR 5.5)

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1 of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph 1 of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1 of this section. 29 CFR 5.5.

* \$27 as of January 23, 2019 (See 84 FR 213-01, 218) as may be adjusted annually by the Department of Labor; pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990).

3. Withholding for unpaid wages and liquidated damages. The FHWA or the contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph 2 of this section. 29 CFR 5.5.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraphs 1 through 4 of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1 through 4 of this section. 29 CFR 5.5.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

(1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;

(2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of \$150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.326.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.326.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov>). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

- (1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.335;
- (2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property, 2 CFR 180.800;
- (3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification, 2 CFR 180.700 and 180.800; and
- (4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default. 2 CFR 180.335(d).
- (5) Are not a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and
- (6) Are not a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability (USDOT Order 4200.6 implementing appropriations act requirements).

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

3. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900 – 180.1020, and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>), which is compiled by the General Services Administration. 2 CFR 180.300, 180.320, 180.330, and 180.335.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 2 CFR 180.325.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Participants:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals:

(a) is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency, 2 CFR 180.355;

(b) is a corporation that has been convicted of a felony violation under any Federal law within the two-year period preceding this proposal (USDOT Order 4200.6 implementing appropriations act requirements); and

(c) is a corporation with any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted, or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. (USDOT Order 4200.6 implementing appropriations act requirements)

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal.

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed \$100,000. 49 CFR Part 20, App. A.

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

XII. USE OF UNITED STATES-FLAG VESSELS:

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, or any other covered transaction. 46 CFR Part 381.

This requirement applies to material or equipment that is acquired for a specific Federal-aid highway project. 46 CFR 381.7. It is not applicable to goods or materials that come into inventories independent of an FHWA funded-contract.

When oceanic shipments (or shipments across the Great Lakes) are necessary for materials or equipment acquired for a specific Federal-aid construction project, the bidder, proposer, contractor, subcontractor, or vendor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels. 46 CFR 381.7.

2. To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b)(1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Office of Cargo and Commercial Sealift (MAR-620), Maritime Administration, Washington, DC 20590. (MARAD requires copies of the ocean carrier's (master) bills of lading, certified onboard, dated, with rates and charges. These bills of lading may contain business sensitive information and therefore may be submitted directly to MARAD by the Ocean Transportation Intermediary on behalf of the contractor). 46 CFR 381.7.

12. FEMALE AND MINORITY GOALS

To comply with Section II, "Nondiscrimination," of "Required Contract Provisions Federal-Aid Construction Contracts," the following are for female and minority utilization goals for Federal-aid construction contracts and subcontracts that exceed \$10,000:

The nationwide goal for female utilization is 6.9 percent.

The goals for minority utilization (45 Fed Reg 65984 (10/3/1980)) are as follows:

MINORITY UTILIZATION GOALS

	Economic Area	Goal (Percent)
174	Redding CA: Non-SMSA (Standard Metropolitan Statistical Area) Counties: CA Lassen; CA Modoc; CA Plumas; CA Shasta; CA Siskiyou; CA Tehama	6.8
175	Eureka, CA Non-SMSA Counties: CA Del Norte; CA Humboldt; CA Trinity	6.6
176	San Francisco-Oakland-San Jose, CA: SMSA Counties:	28.9
	7120 Salinas-Seaside-Monterey, CA	
	CA Monterey	25.6
	7360 San Francisco-Oakland	
	CA Alameda; CA Contra Costa; CA Marin; CA San Francisco; CA San Mateo	
	7400 San Jose, CA	19.6
	CA Santa Clara, CA	
	7485 Santa Cruz, CA	14.9
	CA Santa Cruz

	Non-SMSA Counties	
	CA Imperial	

For the last full week of July during which work is performed under the contract, the prime contractor and each non material-supplier subcontractor with a subcontract of \$10,000 or more must complete Form FHWA PR-1391 (Appendix C to 23 CFR 230). Submit the forms by August 15.

13. TITLE VI ASSURANCES

The U.S. Department of Transportation Order No.1050.2A requires all federal-aid Department of Transportation contracts between an agency and a contractor to contain Appendix A and E. Appendix B only requires inclusion if the contract impacts deeds effecting or recording the transfer of real property, structures, or improvements thereon, or granting interest therein. Appendices C and D only require inclusion if the contract impacts deeds, licenses, leases, permits, or similar instruments entered into by the recipient.

APPENDIX A

During the performance of this Agreement, the contractor, for itself, its assignees and successors in interest (hereinafter collectively referred to as CONTRACTOR) agrees as follows:

- a. Compliance with Regulations: CONTRACTOR shall comply with the regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the REGULATIONS), which are herein incorporated by reference and made a part of this agreement.
- b. Nondiscrimination: CONTRACTOR, with regard to the work performed by it during the AGREEMENT, shall not discriminate on the grounds of race, color, sex, national origin, religion, age, or disability in the selection and retention of sub-applicants, including procurements of materials and leases of equipment. CONTRACTOR shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the agreement covers a program set forth in Appendix B of the Regulations.
- c. Solicitations for Sub-agreements, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by CONTRACTOR for work to be performed under a Sub- agreement, including procurements of materials or leases of equipment,

each potential sub-applicant or supplier shall be notified by CONTRACTOR of the CONTRACTOR'S obligations under this Agreement and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

- d. Information and Reports: CONTRACTOR shall provide all information and reports required by the Regulations, or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the recipient or FHWA to be pertinent to ascertain compliance with such Regulations or directives. Where any information required of CONTRACTOR is in the exclusive possession of another who fails or refuses to furnish this information, CONTRACTOR shall so certify to the recipient or FHWA as appropriate, and shall set forth what efforts CONTRACTOR has made to obtain the information.
- e. Sanctions for Noncompliance: In the event of CONTRACTOR's noncompliance with the nondiscrimination provisions of this agreement, the recipient shall impose such agreement sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
 - i. withholding of payments to CONTRACTOR under the Agreement within a reasonable period of time, not to exceed 90 days; and/or
 - ii. cancellation, termination or suspension of the Agreement, in whole or in part.
- f. Incorporation of Provisions: CONTRACTOR shall include the provisions of paragraphs (1) through (6) in every sub-agreement, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

CONTRACTOR shall take such action with respect to any sub-agreement or procurement as the recipient or FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance, provided, however, that, in the event CONTRACTOR becomes involved in, or is threatened with, litigation with a sub-applicant or supplier as a result of such direction, CONTRACTOR may request the recipient enter into such litigation to protect the interests of the State, and, in addition, CONTRACTOR may request the United States to enter into such litigation to protect the interests of the United States.

APPENDIX B

CLAUSES FOR DEEDS TRANSFERRING UNITED STATES PROPERTY

The following clauses will be included in deeds effecting or recording the transfer of real property, structures, or improvements thereon, or granting interest therein from the United States pursuant to the provisions of Assurance 4:

NOW THEREFORE, the U.S. Department of Transportation as authorized by law and upon the condition that the recipient will accept title to the lands and maintain the project constructed thereon in accordance with Title 23 U.S.C., the regulations for the administration of the preceding statute, and the policies and procedures prescribed by the FHWA of the U.S. Department of Transportation in accordance and in compliance with all requirements imposed by Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation pertaining to and effectuating the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252; 42 U.S.C. § 2000d to 2000d-4), does hereby remise, release, quitclaim and convey unto the recipient all the right, title and interest of the U.S. Department of Transportation in and to said lands described in Exhibit A attached hereto and made a part hereof.

(HABENDUM CLAUSE)

TO HAVE AND TO HOLD said lands and interests therein unto the recipient and its successors forever, subject, however, to the covenants, conditions, restrictions and reservations herein contained as follows, which will remain in effect for the period during which the real property or structures are used for a purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits and will be binding on the recipient, its successors and assigns. The recipient, in consideration of the conveyance of said lands and interest in lands, does hereby covenant and agree as a covenant running with the land for itself, its successors and assigns, that (1) no person

will on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination with regard to any facility located wholly or in part on, over, or under such lands hereby conveyed [,] [and]* (2) that the recipient will use the lands and interests in lands and interest in lands so conveyed, in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, U.S. Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in Federally-assisted programs of the U.S. Department of Transportation, Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations and Acts may be amended[, and (3) that in the event of breach of any of the above-mentioned non-discrimination conditions, the Department will have a right to enter or re-enter said lands and facilities on said lands, and that above described land and facilities will thereon revert to and vest in and become the absolute property of the U.S. Department of Transportation and its assigns as such interest existed prior to this instruction].*

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary in order to make clear the purpose of Title VI.)

APPENDIX C

CLAUSES FOR TRANSFER OF REAL PROPERTY ACQUIRED OR IMPROVED UNDER THE ACTIVITY, FACILITY, OR PROGRAM

The following clauses will be included in deeds, licenses, leases, permits, or similar instruments entered into by the recipient pursuant to the provisions of Assurance 7(a):

A. The (grantee, lessee, permittee, etc. as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree [in the case of deeds and leases add "as a covenant running with the land"] that:

1. In the event facilities are constructed, maintained, or otherwise operated on the property described in this (deed, license, lease, permit, etc.) for a purpose for which a U.S. Department of Transportation activity, facility, or program is extended or for another purpose involving the provision of similar services or benefits, the (grantee, licensee, lessee, permittee, etc.) will maintain and operate such facilities and services in compliance with all requirements imposed by the Acts and Regulations (as may be amended) such that no person on the grounds of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.

B. With respect to licenses, leases, permits, etc., in the event of breach of any of the above Non-discrimination covenants, the recipient will have the right to terminate the (lease, license, permit, etc.) and to enter, re-enter, and repossess said lands and facilities thereon, and hold the same as if the (lease, license, permit, etc.) had never been made or issued.*

C. With respect to a deed, in the event of breach of any of the above Non-discrimination covenants, the recipient will have the right to enter or re-enter the lands and facilities thereon, and the above described lands and facilities will there upon revert to and vest in and become the absolute property of the recipient and its assigns.*

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

APPENDIX D**CLAUSES FOR CONSTRUCTION/USE/ACCESS TO REAL PROPERTY ACQUIRED UNDER THE ACTIVITY, FACILITY OR PROGRAM**

The following clauses will be included in deeds, licenses, permits, or similar instruments/agreements entered into by the recipient pursuant to the provisions of Assurance 7(b):

A. The (grantee, licensee, permittee, etc., as appropriate) for himself/herself, his/her heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add, "as a covenant running with the land") that (1) no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land, and the furnishings of services thereon, no person on the ground of race, color, or national origin, will be excluded from participation in, denied the benefits or, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) will use the premises in compliance with all other requirements imposed by or pursuant to the Acts and Regulations, as amended, set forth in this Assurance.

B. With respect to (licenses, leases, permits, etc.) in the event of breach of any of the above of the above Non-discrimination covenants, the recipient will have the right to terminate the (license, permits, etc., as appropriate) and to enter or re-enter and repossess said land and the facilities thereon, and hold the same as if said (license, permit, etc., as appropriate) had never been made or issued.*

C. With respect to deeds, in the event of breach of any of the above Non-discrimination covenants, the recipient will there upon revert to and vest in and become the absolute property of the recipient and its assigns.

(*Reverter clause and related language to be used only when it is determined that such a clause is necessary to make clear the purpose of Title VI.)

APPENDIX E

During the performance of this contract, the contractor, for itself, its assignees, and successors in interest (hereinafter referred to as the "contractor") agrees to comply with the following non-discrimination statutes and authorities, including, but not limited to:

Pertinent Non-Discrimination Authorities:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);
- Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), prohibits discrimination on the basis of sex;
- Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CR Part 27;
- The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), prohibits discrimination on the basis of age);
- Airport and Airway Improvement Act of 1982, (49 U.S.C. § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex);
- The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not);

-
- Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations 49 C.F.R. parts 37 and 38;
 - The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex);
 - Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations;
 - Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100);
 - Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

Federal Trainee Program Special Provisions
(to be used when applicable)**14. FEDERAL TRAINEE PROGRAM**

For the Federal training program, the number of trainees or apprentices is 12.

This section applies if a number of trainees or apprentices is specified in the special provisions.

As part of the prime contractor's equal opportunity affirmative action program, provide on-the-job training to develop full journeymen in the types of trades or job classifications involved.

The prime contractor has primary responsibility for meeting this training requirement.

If the prime contractor subcontracts a contract part, they shall determine how many trainees or apprentices are to be trained by the subcontractor. Include these training requirements in each subcontract.

Where feasible, 25 percent of apprentices or trainees in each occupation must be in their 1st year of apprenticeship or training.

Distribute the number of apprentices or trainees among the work classifications on the basis of the prime contractor's needs and the availability of journeymen in the various classifications within a reasonable recruitment area.

Before starting work, the prime contractor shall submit to the City/County of Roseville:

1. Number of apprentices or trainees to be trained for each classification
2. Training program to be used
3. Training starting date for each classification

The prime contractor shall obtain the City/County of Roseville approval for this submitted information before the prime contractor starts work. The City/County of Roseville credits the prime contractor for each apprentice or trainee the prime contractor employs on the job who is currently enrolled or becomes enrolled in an approved program.

The primary objective of this section is to train and upgrade minorities and women toward journeyman status. The prime contractor shall make every effort to enroll minority and women apprentices or trainees, such as conducting systematic and direct recruitment through public and private sources likely to yield minority and women apprentices or trainees, to the extent they are available within a reasonable recruitment area and show that they have made the efforts. In making these efforts, the prime contractor shall not discriminate against any applicant for training.

The prime contractor shall not employ as an apprentice or trainee an employee:

1. In any classification in which the employee has successfully completed a training course leading to journeyman status or in which the employee has been employed as a journeyman
2. Who is not registered in a program approved by the US Department of Labor, Bureau of Apprenticeship and Training

The prime contractor shall ask the employee if the employee has successfully completed a training course leading to journeyman status or has been employed as a journeyman. The prime contractor's records must show the employee's answers to the questions.

In the training program, the prime contractor shall establish the minimum length and training type for each classification. The City/County of _____ and FHWA approves a program if one of the following is met:

1. It is calculated to:
 - Meet the equal employment opportunity responsibilities
 - Qualify the average apprentice or trainee for journeyman status in the classification involved by the end of the training period
2. It is registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training, and it is administered in a way consistent with the equal employment responsibilities of Federal-aid highway construction contracts

The prime contractor shall obtain the State's approval for their training program before they start work involving the classification covered by the program.

The prime contractor shall provide training in the construction crafts, not in clerk-typist or secretarial-type positions. Training is allowed in lower level management positions such as office engineers, estimators, and timekeepers if the training is oriented toward construction applications. Training is allowed in the laborer classification if significant and meaningful training is provided and approved by the division office. Off-site training is allowed if the training is an integral part of an approved training program and does not make up a significant part of the overall training.

The City/County of Roseville reimburses the prime contractor 80 cents per hour of training given an employee on this contract under an approved training program:

1. For on-site training
2. For off-site training if the apprentice or trainee is currently employed on a Federal-aid project and prime contractor does at least one of the following:
 - a. Contribute to the cost of the training
 - b. Provide the instruction to the apprentice or trainee
 - c. Pay the apprentice's or trainee's wages during the off-site training period
3. If the prime contractor complies with this section.

Each apprentice or trainee must:

1. Begin training on the project as soon as feasible after the start of work involving the apprentice's or trainee's skill
2. Remain on the project as long as training opportunities exist in the apprentice's or trainee's work classification or until the apprentice or trainee has completed the training program

The prime contractor shall furnish the apprentice or trainee with a copy of the program that the prime contractor will comply with in providing the training.

15. PROHIBITION OF CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE EQUIPMENT AND SERVICES

In response to significant national security concerns, the agency shall check the prohibited vendor list before making any telecommunications and video surveillance purchase because recipients and subrecipients of federal funds are prohibited from obligating or expending loan or grant funds to:

- Procure or obtain;
- Extend or renew a contract to procure or obtain; or
- Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

The prohibited vendors (and their subsidiaries or affiliates) are:

- Huawei Technologies Company;
- ZTE Corporation;
- Hytera Communications Corporation;
- Hangzhou Hikvision Digital Technology Company;
- Dahua Technology Company; and
- Subsidiaries or affiliates of the above-mentioned companies.

In implementing the prohibition, the agency administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

The contractors should furnish telecommunications and video surveillance equipment with a certificate of compliance. The certificate must state telecommunications and video surveillance equipment was not procured or obtained from manufacturers identified in the above list.

EXHIBIT “B”

Federal Minimum Wage Rates

"General Decision Number: CA20230007 05/05/2023

Superseded General Decision Number: CA20220007

State: California

Construction Types: Building, Heavy (Heavy and Dredging) and Highway

Counties: Alpine, Amador, Butte, Colusa, El Dorado, Glenn, Lassen, Marin, Modoc, Napa, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo and Yuba Counties in California.

BUILDING CONSTRUCTION PROJECTS (excluding Amador County only);
DREDGING CONSTRUCTION PROJECTS (does not include hopper dredge work); HEAVY CONSTRUCTION PROJECTS (does not include water well drilling); AND HIGHWAY CONSTRUCTION PROJECTS

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022:	. Executive Order 14026 generally applies to the contract. . The contractor must pay all covered workers at least \$16.20 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in 2023.
If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022:	. Executive Order 13658 generally applies to the contract. . The contractor must pay all covered workers at least \$12.15 per hour (or the

	applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2023.
--	---

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at <http://www.dol.gov/whd/govcontracts>.

POWER EQUIPMENT OPERATOR CLASSIFICATIONS

GROUP 1: Operator of helicopter (when used in erection work); Hydraulic excavator, 7 cu. yds. and over; Power shovels, over 7 cu. yds.

GROUP 2: Highline cableway; Hydraulic excavator, 3-1/2 cu. yds. up to 7 cu. yds.; Licensed construction work boat operator, on site; Power blade operator (finish); Power shovels, over 1 cu. yd. up to and including 7 cu. yds. m.r.c.

GROUP 3: Asphalt milling machine; Cable backhoe; Combination backhoe and loader over 3/4 cu. yds.; Continuous flight tie back machine assistant to engineer or mechanic; Crane mounted continuous flight tie back machine, tonnage to apply; Crane mounted drill attachment, tonnage to apply; Dozer, slope brd; Gradall; Hydraulic excavator, up to 3 1/2 cu. yds.; Loader 4 cu. yds. and over; Long reach excavator; Multiple engine scraper (when used as push pull); Power shovels, up to and including 1 cu. yd.; Pre-stress wire wrapping machine; Side boom cat, 572 or larger; Track loader 4 cu. yds. and over; Wheel excavator (up to and including 750 cu. yds. per hour)

GROUP 4: Asphalt plant engineer/box person; Chicago boom; Combination backhoe and loader up to and including 3/4 cu. yd.; Concrete batch plant (wet or dry); Dozer and/or push cat; Pull- type elevating loader; Gradesetter, grade checker (GPS, mechanical or otherwise); Grooving and

grinding machine; Heading shield operator; Heavy-duty drilling equipment, Hughes, LDH, Watson 3000 or similar; Heavy-duty repairperson and/or welder; Lime spreader; Loader under 4 cu. yds.; Lubrication and service engineer (mobile and grease rack); Mechanical finishers or spreader machine (asphalt, Barber-Greene and similar); Miller Formless M-9000 slope paver or similar; Portable crushing and screening plants; Power blade support; Roller operator, asphalt; Rubber-tired scraper, self-loading (paddle-wheels, etc.); Rubber-tired earthmoving equipment (scrappers); Slip form paver (concrete); Small tractor with drag; Soil stabilizer (P & H or equal); Spider plow and spider puller; Tubex pile rig; Unlicensed construction work boat operator, on site; Timber skidder; Track loader up to 4 yds.; Tractor-drawn scraper; Tractor, compressor drill combination; Welder; Woods-Mixer (and other similar Pugmill equipment)

GROUP 5: Cast-in-place pipe laying machine; Combination slusher and motor operator; Concrete conveyor or concrete pump, truck or equipment mounted; Concrete conveyor, building site; Concrete pump or pumpcrete gun; Drilling equipment, Watson 2000, Texoma 700 or similar; Drilling and boring machinery, horizontal (not to apply to waterliners, wagon drills or jackhammers); Concrete mixer/all; Person and/or material hoist; Mechanical finishers (concrete) (Clary, Johnson, Bidwell Bridge Deck or similar types); Mechanical burm, curb and/or curb and gutter machine, concrete or asphalt); Mine or shaft hoist; Portable crusher; Power jumbo operator (setting slip-forms, etc., in tunnels); Screed (automatic or manual); Self-propelled compactor with dozer; Tractor with boom D6 or smaller; Trenching machine, maximum digging capacity over 5 ft. depth; Vermeer T-600B rock cutter or similar

GROUP 6: Armor-Coater (or similar); Ballast jack tamper; Boom-type backfilling machine; Assistant plant engineer; Bridge and/or gantry crane; Chemical grouting machine, truck-mounted; Chip spreading machine operator; Concrete saw (self-propelled unit on streets, highways, airports and canals); Deck engineer; Drilling equipment Texoma 600, Hughes 200 Series or similar up to and including 30 ft. m.r.c.; Drill doctor; Helicopter radio operator; Hydro-hammer or similar; Line master; Skidsteer loader, Bobcat larger than 743 series or similar (with attachments); Locomotive; Lull hi-lift or similar; Oiler, truck mounted equipment; Pavement breaker, truck-mounted, with compressor combination; Paving fabric installation and/or laying machine; Pipe bending machine (pipelines only); Pipe wrapping machine (tractor propelled and

supported); Screed (except asphaltic concrete paving);
Self-propelled pipeline wrapping machine; Tractor;
Self-loading chipper; Concrete barrier moving machine

GROUP 7: Ballast regulator; Boom truck or dual-purpose
A-frame truck, non-rotating - under 15 tons; Cargy lift or
similar; Combination slurry mixer and/or cleaner; Drilling
equipment, 20 ft. and under m.r.c.; Firetender (hot plant);
Grouting machine operator; Highline cableway signaller;
Stationary belt loader (Kolman or similar); Lift slab
machine (Vagtborg and similar types); Maginnes internal
full slab vibrator; Material hoist (1 drum); Mechanical
trench shield; Pavement breaker with or without compressor
combination); Pipe cleaning machine (tractor propelled and
supported); Post driver; Roller (except asphalt); Chip
Seal; Self-propelled automatically applied concrete curing
machine (on streets, highways, airports and canals);
Self-propelled compactor (without dozer); Signaller;
Slip-form pumps (lifting device for concrete forms); Tie
spacer; Tower mobile; Trenching machine, maximum digging
capacity up to and including 5 ft. depth; Truck-type loader

GROUP 8: Bit sharpener; Boiler tender; Box operator;
Brakeperson; Combination mixer and compressor
(shotcrete/gunite); Compressor operator; Deckhand; Fire
tender; Forklift (under 20 ft.); Generator;
Gunite/shotcrete equipment operator; Hydraulic monitor; Ken
seal machine (or similar); Mixermobile; Oiler; Pump
operator; Refrigeration plant; Reservoir-debris tug (self-
propelled floating); Ross Carrier (construction site);
Rotomist operator; Self-propelled tape machine; Shuttlecar;
Self-propelled power sweeper operator (includes vacuum
sweeper); Slusher operator; Surface heater; Switchperson;
Tar pot firetender; Tugger hoist, single drum; Vacuum
cooling plant; Welding machine (powered other than by
electricity)

GROUP 8-A: Elevator operator; Skidsteer loader-Bobcat 743
series or smaller, and similar (without attachments); Mini
excavator under 25 H.P. (backhoe-trencher); Tub grinder
wood chipper

ALL CRANES AND ATTACHMENTS

GROUP 1: Clamshell and dragline over 7 cu. yds.; Crane, over
100 tons; Derrick, over 100 tons; Derrick barge
pedestal-mounted, over 100 tons; Self-propelled boom-type
lifting device, over 100 tons

GROUP 2: Clamshell and dragline over 1 cu. yd. up to and including 7 cu. yds.; Crane, over 45 tons up to and including 100 tons; Derrick barge, 100 tons and under; Self-propelled boom-type lifting device, over 45 tons; Tower crane

GROUP 3: Clamshell and dragline up to and including 1 cu. yd.; Cranes 45 tons and under; Self-propelled boom-type lifting device 45 tons and under;

GROUP 4: Boom Truck or dual purpose A-frame truck, non-rotating over 15 tons; Truck-mounted rotating telescopic boom type lifting device, Manitex or similar (boom truck) over 15 tons; Truck-mounted rotating telescopic boom type lifting device, Manitex or similar (boom truck) - under 15 tons;

PILEDRIVERS

GROUP 1: Derrick barge pedestal mounted over 100 tons; Clamshell over 7 cu. yds.; Self-propelled boom-type lifting device over 100 tons; Truck crane or crawler, land or barge mounted over 100 tons

GROUP 2: Derrick barge pedestal mounted 45 tons to and including 100 tons; Clamshell up to and including 7 cu. yds.; Self-propelled boom-type lifting device over 45 tons; Truck crane or crawler, land or barge mounted, over 45 tons up to and including 100 tons; Fundex F-12 hydraulic pile rig

GROUP 3: Derrick barge pedestal mounted under 45 tons; Self-propelled boom-type lifting device 45 tons and under; Skid/scow piledriver, any tonnage; Truck crane or crawler, land or barge mounted 45 tons and under

GROUP 4: Assistant operator in lieu of assistant to engineer; Forklift, 10 tons and over; Heavy-duty repairperson/welder

GROUP 5: Deck engineer

GROUP 6: Deckhand; Fire tender

STEEL ERECTORS

GROUP 1: Crane over 100 tons; Derrick over 100 tons; Self-

propelled boom-type lifting device over 100 tons

GROUP 2: Crane over 45 tons to 100 tons; Derrick under 100 tons; Self-propelled boom-type lifting device over 45 tons to 100 tons; Tower crane

GROUP 3: Crane, 45 tons and under; Self-propelled boom-type lifting device, 45 tons and under

GROUP 4: Chicago boom; Forklift, 10 tons and over; Heavy-duty repair person/welder

GROUP 5: Boom cat

--

TUNNEL AND UNDERGROUND WORK

GROUP 1-A: Tunnel bore machine operator, 20' diameter or more

GROUP 1: Heading shield operator; Heavy-duty repairperson; Mucking machine (rubber tired, rail or track type); Raised bore operator (tunnels); Tunnel mole bore operator

GROUP 2: Combination slusher and motor operator; Concrete pump or pumpcrete gun; Power jumbo operator

GROUP 3: Drill doctor; Mine or shaft hoist

GROUP 4: Combination slurry mixer cleaner; Grouting Machine operator; Motorman

GROUP 5: Bit Sharpener; Brakeman; Combination mixer and compressor (gunite); Compressor operator; Oiler; Pump operator; Slusher operator

GROUP 2.....	\$ 29.64	23.20

FOOTNOTES:

Laborers working off or with or from bos'n chairs, swinging scaffolds, belts shall receive \$0.25 per hour above the applicable wage rate. This shall not apply to workers entitled to receive the wage rate set forth in Group 1-a below.

LABORER CLASSIFICATIONS

CONSTRUCTION SPECIALIST GROUP: Asphalt ironer and raker; Chainsaw; Laser beam in connection with laborers' work; Cast-in- place manhole form setter; Pressure pipelayer; Davis trencher - 300 or similar type (and all small trenchers); Blaster; Diamond driller; Multiple unit drill; Hydraulic drill

GROUP 1: Asphalt spreader boxes (all types); Barko, Wacker and similar type tampers; Buggymobile; Caulker, bander, pipewrapper, conduit layer, plastic pipelayer; Certified hazardous waste worker including Leade Abatement; Compactors of all types; Concrete and magnesite mixer, 1/2 yd. and under; Concrete pan work; Concrete sander; Concrete saw; Cribber and/or shoring; Cut granite curb setter; Dri-pak-it machine; Faller, logloader and buckler; Form raiser, slip forms; Green cutter; Headerboard, Hubsetter, aligner, by any method; High pressure blow pipe (1-1/2" or over, 100 lbs. pressure/over); Hydro seeder and similar type; Jackhammer operator; Jacking of pipe over 12 inches; Jackson and similar type compactor; Kettle tender, pot and worker applying asphalt, lay-kold, creosote, lime, caustic and similar type materials (applying means applying, dipping or handling of such materials); Lagging, sheeting, whaling, bracing, trenchjacking, lagging hammer; Magnesite, epoxyresin, fiberglass, mastic worker (wet or dry); No joint pipe and stripping of same, including repair of voids; Pavement breaker and spader, including tool grinder; Perma curb; Pipelayer (including grade checking in connection with pipelaying); Precast-manhole setter; Pressure pipe tester; Post hole digger, air, gas and electric; Power broom sweeper; Power tampers of all types (except as shown in Group 2); Ram set gun and stud gun; Riprap stonepaver and rock-slinger, including placing of sacked concrete and/or sand (wet or dry) and gabions and similar type; Rotary scarifier or multiple head concrete chipping scarifier; Roto and Ditch Witch; Rototiller; Sandblaster, pot, gun, nozzle operators; Signalling and rigging; Tank cleaner; Tree climber; Turbo blaster; Vibrascreed, bull float in connection with laborers' work; Vibrator; Hazardous waste worker (lead removal); Asbestos and mold removal worker

GROUP 1-a: Joy drill model TWM-2A; Gardner-Denver model DH143 and similar type drills; Track driller; Jack leg driller; Wagon driller; Mechanical drillers, all types regardless of type or method of power; Mechanical pipe layers, all types regardless of type or method of power; Blaster and powder; All work of loading, placing and blasting of all powder and explosives of whatever type regardless of method used for such loading and placing; High scalers (including drilling of same); Tree topper; Bit grinder

GROUP 1-b: Sewer cleaners shall receive \$4.00 per day above Group 1 wage rates. ""Sewer cleaner"" means any worker who handles or comes in contact with raw sewage in small diameter sewers. Those who work inside recently active,

large diameter sewers, and all recently active sewer manholes shall receive \$5.00 per day above Group 1 wage rates.

GROUP 1-c: Burning and welding in connection with laborers' work; Synthetic thermoplastics and similar type welding

GROUP 1-d: Maintenance and repair track and road beds. All employees performing work covered herein shall receive \$.25 per hour above their regular rate for all work performed on underground structures not specifically covered herein. This paragraph shall not be construed to apply to work below ground level in open cut. It shall apply to cut and cover work of subway construction after the temporary cover has been placed.

GROUP 1-e: Work on and/or in bell hole footings and shafts thereof, and work on and in deep footings. (A deep footing is a hole 15 feet or more in depth.) In the event the depth of the footing is unknown at the commencement of excavation, and the final depth exceeds 15 feet, the deep footing wage rate would apply to all employees for each and every day worked on or in the excavation of the footing from the date of inception.

GROUP 1-f: Wire winding machine in connection with guniting or shot crete

GROUP 2: Asphalt shoveler; Cement dumper and handling dry cement or gypsum; Choke-setter and rigger (clearing work); Concrete bucket dumper and chute; Concrete chipping and grinding; Concrete laborer (wet or dry); Driller tender, chuck tender, nipper; Guinea chaser (stake), grout crew; High pressure nozzle, adductor; Hydraulic monitor (over 100 lbs. pressure); Loading and unloading, carrying and hauling of all rods and materials for use in reinforcing concrete construction; Pittsburgh chipper and similar type brush shredders; Sloper; Single foot, hand-held, pneumatic tamper; All pneumatic, air, gas and electric tools not listed in Groups 1 through 1-f; Jacking of pipe - under 12 inches

GROUP 3: Construction laborers, including bridge and general laborer; Dump, load spotter; Flag person; Fire watcher; Fence erector; Guardrail erector; Gardener, horticultural and landscape laborer; Jetting; Limber, brush loader and piler; Pavement marker (button setter); Maintenance, repair track and road beds; Streetcar and railroad construction track laborer; Temporary air and water lines, Victaulic or similar; Tool room attendant (jobsite only)

GROUP 4: Final clean-up work of debris, grounds and building including but not limited to: street cleaner; cleaning and washing windows; brick cleaner (jobsite only); material cleaner (jobsite only). The classification "material cleaner" is to be utilized under the following conditions:

- A: at demolition site for the salvage of the material.
- B: at the conclusion of a job where the material is to be salvaged and stocked to be reused on another job.
- C: for the cleaning of salvage material at the jobsite or temporary jobsite yard.

The material cleaner classification should not be used in the performance of "form stripping, cleaning and oiling and moving to the next point of erection".

GUNITE LABORER CLASSIFICATIONS

pre-batch concrete mix trucks; Dumpster or similar type;
Slurry truck: Use dump truck yardage rate.
Heater planer; Asphalt burner; Scarifier burner; Industrial
lift truck (mechanical tailgate); Utility and clean-up
truck: Use appropriate rate for the power unit or the
equipment utilized.

TRUCK DRIVER CLASSIFICATIONS

GROUP 1: Dump trucks, under 6 yds.; Single unit flat rack (2-

axle unit); Nipper truck (when flat rack truck is used appropriate flat rack shall apply); Concrete pump truck (when flat rack truck is used appropriate flat rack shall apply); Concrete pump machine; Fork lift and lift jitneys; Fuel and/or grease truck driver or fuel person; Snow buggy; Steam cleaning; Bus or personhaul driver; Escort or pilot car driver; Pickup truck; Teamster oiler/greaser and/or serviceperson; Hook tender (including loading and unloading); Team driver; Tool room attendant (refineries)

GROUP 2: Dump trucks, 6 yds. and under 8 yds.; Transit mixers, through 10 yds.; Water trucks, under 7,000 gals.; Jetting trucks, under 7,000 gals.; Single-unit flat rack (3-axle unit); Highbed heavy duty transport; Scissor truck; Rubber-tired muck car (not self-loaded); Rubber-tired truck jumbo; Winch truck and "A" frame drivers; Combination winch truck with hoist; Road oil truck or bootperson; Buggymobile; Ross, Hyster and similar straddle carriers; Small rubber-tired tractor

GROUP 3: Dump trucks, 8 yds. and including 24 yds.; Transit mixers, over 10 yds.; Water trucks, 7,000 gals. and over; Jetting trucks, 7,000 gals. and over; Vacuum trucks under 7500 gals. Trucks towing tilt bed or flat bed pull trailers; Lowbed heavy duty transport; Heavy duty transport tiller person; Self-propelled street sweeper with self-contained refuse bin; Boom truck - hydro-lift or Swedish type extension or retracting crane; P.B. or similar type self-loading truck; Tire repairperson; Combination bootperson and road oiler; Dry distribution truck (A bootperson when employed on such equipment, shall receive the rate specified for the classification of road oil trucks or bootperson); Ammonia nitrate distributor, driver and mixer; Snow Go and/or plow

GROUP 4: Dump trucks, over 25 yds. and under 65 yds.; Water pulls - DW 10's, 20's, 21's and other similar equipment when pulling Aqua/pak or water tank trailers; Helicopter pilots (when transporting men and materials); Lowbed Heavy Duty Transport up to including 7 axles; DW10's, 20's, 21's and other similar Cat type, Terra Cobra, LeTourneau Pulls, Tournorocker, Euclid and similar type equipment when pulling fuel and/or grease tank trailers or other miscellaneous trailers; Vacuum Trucks 7500 gals and over and truck repairman

GROUP 5: Dump trucks, 65 yds. and over; Holland hauler; Low bed Heavy Duty Transport over 7 axles

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of

the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

V
INSURANCE BROKER
INFORMATION PACKET

INSURANCE BROKER INFORMATION PACKET

Project:_____

NOTICE TO CONTRACTOR:

For your convenience, this package contains the Requirements for Insurance and Bonds for this project, including the necessary City forms. You are required to return these forms in addition to the executed Contract within fifteen (15) calendar days after the award of the Bid, unless otherwise directed by City in writing. (See the Instructions to Bidders.)

Please insert the dollar amount of your accepted Bid into the blank on page INS-1 and present this entire package to your insurance broker if you are awarded the Bid.

TABLE OF CONTENTS

	<u>Page</u>
Notice to Insurance Broker	INS 1
Insurance Requirements	INS 2
Public Works Faithful Performance Bond	INS 7
Public Works Payment Bond	INS 9

NOTICE TO INSURANCE BROKER

Your client has been awarded a bid by the City Council of the City of Roseville to perform a public works project known as _____. The Contract Conditions for that project require your client (“the Contractor”) to return certain evidence of insurance and bonds to the City Attorney of the City within fifteen (15) days after the Bid award, unless otherwise directed by the City in writing, or else the Bid award may be terminated and awarded to another company.

This package contains the information you will need as an insurance broker to provide the appropriate insurance and bonds to the City. The insurance coverages the Contractor needs are specified in the section entitled “Insurance Requirements.” Please note that, in addition to the insurance certificate itself, copies of several endorsements must be actually furnished.

Please refer to Special Provisions for modifications of the Standard Construction Specifications, if any, and the requirements of this insurance packet.

Please use the standard City of Roseville Bond Forms provided in this package.

The Bonds required must each be in the penal amount of: \$_____.

Bonds must be sent to the following staff person:

Insurance documents must be provided using one of the following methods:

- a. By email to roseville@ebix.com and riskmanagement@roseville.ca.us
- b. By fax to (770) 335-5727 and (916) 774-5461

After using one of these methods, please **DO NOT** send the insurance certificate(s) by mail.

When forwarding the documents, please refer to the project name so that the documents can be matched with the Contract for which they are submitted.

Thank you.

INSURANCE REQUIREMENTS

The following sections are quoted from the Standard Construction Specifications:

7-1.06 **INSURANCE COVERAGE.**

A. Evidence of Maintenance Required. The Contractor shall, at its expense, procure and at all times maintain in full force and effect at a minimum the insurance required by this section on all of its operations; and the Contractor shall not allow any Subcontractor to commence work until similar insurance required of the Subcontractor has been obtained and filed. An original Certificate of Insurance, and copies of all required endorsements, all in a form approved by the Risk Manager, evidencing all required coverage or policies shall be filed after the award of the bid and prior to approval of the Contract by the City Council. Contractor shall provide ten (10) days prior written notice to the City of any reduction of coverage limits or cancellation of the coverage or policies shall be given to the City of Roseville as Certificate holder.

B. Qualifying Insurers. With the exception of the State Compensation Insurance Fund, all required insurance policies shall be issued by companies acceptable to the City and licensed to do business in the State of California and who hold a current policy holders alphabetic and financial size category rating of not less than AVII according to the most recent issue of Best's Insurance Reports.

C. Insurance Required.

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations with limits of no less than Two Million Dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage for projects under One Million Dollars (\$1,000,000) and

limits of no less than Five Million Dollars (\$5,000,000) per occurrence for bodily injury, personal injury and property damage for projects over One Million Dollars (\$1,000,000). If a general aggregate limit applies, either the aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

The Commercial General Liability insurance shall include the following, copies of which shall be provided:

a. Inclusion of the City of Roseville, and its officers, agents, employees, and volunteers, as additional insureds (except for workers' compensation) as respects services or operations under the Contract. The additional insured endorsement for the general liability policy shall be at least as broad as the ISO CG 2010 10 01 combined with ISO CGL Endorsement CG 2037 10 01. Any other endorsement must be approved in writing by the City. Endorsements must include coverage for on-going and completed operations, which coverage shall be maintained for four (4) years following completion of the Project. Endorsements shall cover the City of Roseville, its officers, agents, employees, and volunteers.

b. The insurance shall provide coverage for claims by one insured against another insured and the policies shall not contain any cross-suits exclusions, cross-liability exclusions, or insured versus insured exclusions. The policies shall not contain any classification exclusions purporting to deny coverage for any work to be performed by Contractor or any of its Subcontractors.

c. Stipulation that the insurance is primary and noncontributory, as evidenced by a separate endorsement (CG 20 01 04 13 or an equivalent) or section of the policy, and that neither the City nor its insurers will be called upon to contribute to a loss.

d. Such insurance shall specifically cover the contractual liability of the Contractor.

e. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

f. Waiver of subrogation endorsement.

g. The Contractor shall furnish a certificate for the period covered.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and Code 9 (non-owned), with limits of no less than One Million Dollars (\$1,000,000) per accident for bodily injury and property damage.

3. **Workers' Compensation:** In accordance with the provisions of the California Labor Code, Contractor is required to be insured against liability for Workers' Compensation or to undertake self-insurance. Statutory Workers' Compensation and Employers' Liability of at least One Million Dollars (\$1,000,000) shall cover all Contractors staff while performing any work incidental to the performance of this Agreement.

4. **Professional Liability:** Professional Liability (Errors and Omission) Insurance appropriate to Contractor's profession, with a limit of liability not less than One Million Dollars (\$1,000,000) per occurrence or claim and Two Million Dollars (\$2,000,000) aggregate to cover all design and engineering services rendered by Contractor pursuant to the

Agreement. Coverage must commence from the first day that Contractor or any of its Subcontractors provided any design or engineering services in connection with the Project.

5. **Builder's Risk/Course of Construction Insurance Is ____ OR Is Not ____ Required by Risk Management:** The Contractor shall be responsible for all loss, damage or destruction whatsoever to the work called for by this Contract until the approval of a Notice of Completion or acceptance of the Work if no Notice of Completion is to be recorded.

The Contractor shall secure "All Risk" type of builder's Risk Insurance of the type covering one hundred percent (100%) of the value of the work performed under this Contract (the value is presumed to be the Contract amount unless otherwise stated in Supplemental Conditions) and all materials, equipment, or other items to be incorporated therein while the same are located at the construction site, a bonded warehouse, or its place of manufacture. At any time, the policy shall cover the value of the work completed. The policy shall cover hazards including the losses due to fire, explosion, hail, rain, lightning, flood (separate insurance as needed), vandalism, malicious mischief, wind, collapse, aircraft, and smoke.

The policies providing such insurance shall name the City as a loss payee as its respective interests may appear, and certified copies of such policies shall be filed with the City. The maximum deductible allowable under the Builder's All Risk policy shall be five percent (5%) of the Contract amount.

Builder's Risk Insurance is not required for coverage of losses in excess of five percent (5%) of the Contract amount for damages resulting from earthquake in excess of a magnitude of 3.5 on the Richter scale, or tidal waves. Coverage in the amount of five percent (5%) of the Contract amount for such losses is required.

6. **Pollution Coverage:** Contractor shall procure pollution liability coverage or other insurance covering claims for bodily injury or property damage arising out of the abatement, removal, storage, transportation, or other exposure to hazardous materials or pollutants, in limits not less than Two Million Dollars (\$2,000,000). Contractor shall add the City and all parties required to be indemnified by Contractor as additional insured on all pollution liability policies.

7. **Higher Coverage Limits:** If Contractor maintains higher coverage limits than the amounts shown above, then the City requires and shall be entitled to coverage for the higher coverage limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

8. **Claims Made Coverage:** Liability insurance coverage may not be written on a “claims made” or modified occurrence basis. The Certificate of Insurance must clearly provide that the coverage is on an “occurrence” basis.

7-1.06A **OTHER INSURANCE PROVISIONS.**

A. The requirements of the Standard Specifications as to types and limits of insurance coverage to be maintained by the Contractor, and any approval of insurance by the City, are not intended to, and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to the Contract, including, but not limited to, the provisions concerning indemnification, nor preclude the City from taking any other action available to it under any other provision of the Contract or law.

B. The City acknowledges that some insurance requirements contained in these Standard Specifications may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by Contractor under the Contract.

Any self-insurance must be approved in writing by the City, in its sole discretion and shall not reduce the limits of liability. Any deductibles or self-insured retentions (“SIR”) must be declared on the certificate of insurance and approved by City in writing. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

C. The Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Contract, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor’s work. Furthermore, the Contractor shall require its subcontractors to agree to be bound to the Contractor and the City in the same manner and to the same extent as the Contractor is bound to the City under this Contract. Additionally, the Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of the City’s indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request. Alternatively, the Contractor may insure subcontractor(s) under its own policy.

D. The City, its officers, agents, employees, and volunteers are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor; and with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. Coverage shall not extend to any indemnity coverage

for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under California Insurance Code Section 11580.04.

E. The limits of insurance required in this Contract may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City (if agreed to in a written contract) before the City's own insurance shall be called upon to protect it as a named insured.

F. The insurance procured by Contractor shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall in no way limit or relieve Contractor of its duties and responsibilities under the Agreement.

G. Contractor shall be responsible for all premiums, deductibles, and self-insured retention applicable to the insurance it is required to procure under the Contract. All deductibles or self-insured retentions over five hundred thousand dollars (\$500,000) must be approved by the City, in writing. Contractor shall be responsible for all deductibles, self-insured retention payments, and/or increased premiums incurred if the City's policies of insurance are forced to cover damages or respond to claims for which Contractor or its Subcontractors were obligated to provide insurance under the Contract.

H. Failure of the City to enforce in a timely manner any of the requirements of these insurance provisions shall not act as a waiver to enforcement of any of these provisions at a later date.

I. Contractor's indemnity obligations shall not be limited by these insurance provisions and shall survive the expiration of the Contract and the insurance provisions of the Contract shall likewise not be limited by the indemnity provisions of the Contract.

**J. THE CITY RESERVES THE RIGHT TO WITHHOLD ANY
PROGRESS PAYMENTS TO THE CONTRACTOR IN THE EVENT OF
NONCOMPLIANCE WITH ANY INSURANCE REQUIREMENTS.**

**PUBLIC WORKS
FAITHFUL PERFORMANCE BOND**

(Project: _____)

WHEREAS, the City of Roseville ("CITY") has awarded a bid and contract to _____ as contractor ("PRINCIPAL") for the public work described as _____ (the "WORK"). The contract ("AGREEMENT"), for the public work described above, and all of its terms and conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the AGREEMENT guaranteeing its faithful performance; and

NOW, THEREFORE, we the undersigned PRINCIPAL and _____, a _____, admitted and duly authorized to transact business under the laws of the State of California, as SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and assigns in the sum of _____ dollars (\$ _____) (which amount is not less than 100% of the AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which payment, well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of this obligation is such that if the PRINCIPAL, or its heirs, executors, administrators, successors or assigns, shall abide by, and in all respects promptly and faithfully perform the covenants, conditions and provisions in said AGREEMENT and any alteration thereof made as therein provided, notice of which alterations to Surety being hereby waived, on its part to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall indemnify and save harmless CITY, its officers, agents, employees, volunteers as therein stipulated, then this obligation shall be null and void; otherwise, this obligation shall be and remain in full force and effect.

As condition precedent to the satisfactory completion of the contract, the obligation of the PRINCIPAL and SURETY under this Bond shall remain in effect for a period of one (1) year after the completion and acceptance of the WORK. During that time, if the PRINCIPAL, its heirs, executors, administrators, successors or assigns fails to make full, complete and satisfactory repair and replacement or totally protect the CITY from any loss or damage made evident during that year which results from or is caused by either defective materials or faulty workmanship in the prosecution of the WORK, then the obligation shall remain in full force and effect. However, anything in

this paragraph to the contrary notwithstanding, the obligation of the SURETY shall continue so long as any obligation of the PRINCIPAL remains.

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

Whenever PRINCIPAL shall be and declared by CITY to be in default under the AGREEMENT, SURETY shall promptly remedy the default, or shall promptly do one of the follow at CITY's election:

1. Undertake through its agents or independent contractors, reasonably acceptable to CITY, to complete the AGREEMENT in accordance with its terms and conditions and to pay and perform all obligations of PRINCIPAL under the AGREEMENT, including without limitation, all obligations with respect to warranties, guarantees, and the payment of liquidated damages.
2. Reimburse CITY for all costs CITY incurs in completing the AGREEMENT, and in correcting, repairing or replacing defects in materials or workmanship and/or materials and workmanship which do not conform to the specifications in the AGREEMENT.

SURETY's obligations hereunder are independent of the obligations of any other surety for the performance of the AGREEMENT, and suit may be brought against SURETY and such other sureties, jointly and severally, or against any one or more of them, or against less than all of them without impairing CITY's rights against the others.

No right of action shall accrue on this bond to or for the use of any person or corporation other than CITY or its successors or assigns.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

**PUBLIC WORKS
LABOR AND MATERIALS PAYMENT BOND**
(Project: _____)

WHEREAS, the City of Roseville ("CITY"), has awarded a bid and contract to _____
as contractor ("PRINCIPAL"), for the public work described as _____
_____ (the "WORK"). The
contract ("AGREEMENT"), for the public work described above, and all of its terms and
conditions are incorporated by reference and made a part hereof; and

WHEREAS, the PRINCIPAL is required to furnish a bond in connection with the
AGREEMENT guaranteeing payment of persons who provide labor and material; and

NOW, THEREFORE, we the undersigned PRINCIPAL and _____
_____, a _____, admitted
and duly authorized to transact business under the laws of the State of California, as
SURETY ("SURETY"), are held and firmly bound unto the CITY or its successors and
assigns in the sum of _____
dollars (\$ _____) (which amount is not less than 100% of the
AGREEMENT price) to be paid to the CITY or its successors and assigns; and for which
payment, well and truly to be made, we bind ourselves, our heirs, executors and
administrators, successors or assigns jointly and severally, firmly by these presents.

The condition of the obligation is such that if the PRINCIPAL, its subcontractors,
heirs, executors, administrators, successors or assigns fails to pay any of the persons
named in Section 8004 or 9100 of the Civil Code of the State of California, or the
amounts due under the Unemployment Insurance Code of the State of California, or any
amounts required to be deducted, withheld and paid over to the Employment
Development Department from the wages of employees of the PRINCIPAL and its
subcontractors pursuant to Section 13020 of the Unemployment Insurance Code, with
respect to work or labor performed by any such claimant, that the SURETY will pay for
the same, in an amount not exceeding the sum specified in this bond, and also, in case
suit is brought upon the bond, shall pay reasonable attorneys' fees, to be fixed by the
Court.

This bond shall inure to the benefit of any and all persons, companies, and
corporations entitled to file a Stop Payment Notice pursuant to the provisions of Section
9350 et seq. of the Civil Code of the State of California, so as to give a right of action to
them or their assigns in any suit brought upon this bond.

No prepayment or delay in payments, and no change, extension, addition or alteration of any provision of the AGREEMENT or in the specifications agreed to between the PRINCIPAL and the CITY, or any forbearance on the part of the CITY shall operate to relieve the SURETY. The SURETY hereby waives the provisions of Section 2819 of the California Civil Code. The SURETY waives all rights of subrogation against the CITY or any person employed by the CITY. If the contract price increases by the issuance of change orders, the amount specified in this bond shall increase by the same amount.

As part of the obligation secured hereby and in addition to the face amount specified therefore, there shall be included costs and reasonable expenses and fees, including reasonable attorneys' fees, incurred by CITY in successfully enforcing such obligation, all to be taxed as costs and included in any judgment rendered.

IN WITNESS WHEREOF, this instrument has been duly executed by the PRINCIPAL and SURETY above-named, on the _____ day of _____, 20__.

ADOPTION OF STATE SPECIFICATIONS

1. The State of California Department of Transportation (“Caltrans”) Standard Specifications dated 2015, are hereby adopted as the Standard Specifications of the City of Roseville except insofar as they may be modified by these Standard Construction Specifications.

2. Except for Division 1, Section 2, numbering in these Standard Construction Specifications conforms to that in the Caltrans Standard Specifications. The existence of a section in these Standard Construction Specifications means that the corresponding section of the Standard Specifications is modified in some respect. Unless otherwise specified, the modified Standard Specification provisions are deleted entirely, and the provisions of these Standard Construction Specifications are substituted.

DIVISION 1. GENERAL PROVISIONS

SECTION 1. GENERAL

ACCEPTANCE. Shall mean the formal Acceptance by resolution of the Roseville City Council of an entire Contract which has been completed in all respects in accordance with the Plans and specifications and any modifications thereof previously approved, causing a notice of completion to be filed with the County Recorder.

ATTORNEY GENERAL. The City Attorney of the City of Roseville.

CITY ATTORNEY. The City Attorney of the City of Roseville.

CITY CLERK. Shall mean the City Clerk of the City of Roseville.

DEPARTMENT. Shall mean the Department of Public Works of the City of Roseville, also referred to as the Department of Contract Administration. References made to the Department of Transportation otherwise shall mean the State of California Department of Transportation.

DIRECTOR. Shall mean the Public Works Director of the City of Roseville or his or her duly authorized representative.

ENGINEER. Shall mean the Public Works Director of the City of Roseville or his or her duly authorized representative.

ESTIMATED COST. The estimate prepared by the Public Works Director of quantities of work to be performed.

LIQUIDATED DAMAGE. The amount to be deducted from payments due or to become due to the Contractor for delay, as set forth in the Special Provisions.

PLANS. The official Project Plans, Standard Plans, Improvement Plans, Construction Standards, profiles, typical cross sections, general cross sections, working drawings, and supplemental drawings, or reproductions thereof, approved by the Director which show the location, character, dimensions and details of the work to be performed. All such documents are to be considered as a part of the Plans whether or not reproduced in the Special Provisions.

In the above definition, the following terms are defined as follows:

a. Standard Plans - The Standard Plans of the Department of Transportation of the State of California.

b. Project Plans - The Project Plans are specific details and dimension peculiar to the Work and supplemented by the Standard Plans, insofar as the same may apply.

c. Construction Standards - The City of Roseville Design and Construction Standards.

STATE. Reference to the State or State of California shall mean City or City of Roseville unless the reference is to a law or regulation of the State, and reference to Sacramento shall mean Roseville unless otherwise noted.

SECTION 2. BIDDING

SECTION 2 SHALL BE DELETED IN ITS ENTIRETY AND REPLACED WITH THE FOLLOWING:

2-1.01 **PROPOSAL FORMS.** The Department will furnish to each Bidder a standard proposal form, which, when filled out and executed shall be submitted as its bid. Bids not presented on forms so furnished will be disregarded.

The proposal form is bound in a book together with the Notice to Contractors, special provisions, and Contract. The proposal shall set forth for each item of work, in clearly legible figures and words, an item price and a total for the item in the respective spaces provided, and shall be signed by the Bidder, who shall fill out all blanks in the proposal form as required therein.

All items shown on the schedule of bid items shall be properly filled in and shall include all costs of labor, materials, equipment, and State, Federal, or other taxes applicable to the transaction. The completed forms shall be without inter-lineations, erasures or alterations of any nature. If the proposal is made by an individual, his or her name and post office address must be shown; if made by a firm or partnership, the name and post office address of each member of the

firm or partnership must be shown; or if made by a corporation, the proposal shall show the name of the State under the laws of which the corporation was chartered and the names, titles, and business addresses of the president, secretary, and treasurer of said corporation. If the proposal is signed by an agent, a “Power of Attorney” must be filed with the proposal.

The proposal shall be submitted as directed in the “Notice to Contractors” under sealed cover plainly marked as a proposal, and identifying the project to which the proposal relates and the time and date of the bid opening therefor. Proposals which are not properly marked may be disregarded. Proposal forms shall be obtained from the Director of Public Works, City of Roseville, California. Proposal forms are not transferable.

2-1.02 **REJECTION OF PROPOSALS AND DISQUALIFICATION OF BIDDERS.** Proposals may be rejected if they show any alterations of the forms, additions not called for, conditional bids, incomplete bids, erasures or irregularities of any kind. More than one proposal from an individual, firm, partnership, corporation or association under the same or different names, will not be considered. Reasonable grounds for believing that any Bidder is interested in more than one (1) proposal for the work contemplated, will cause the rejection of all proposals in which the Bidder is interested. The City reserves the right to reject any and all proposals.

2-1.03 **PROPOSAL GUARANTY.** All bids shall be presented under sealed cover and accompanied by one (1) of the following forms of Bidder's security.

a. Cash, a cashier's check, a certified check, or a Bidder's bond executed by an admitted California surety insurer, made payable to the City.

b. The security shall be in an amount equal to at least ten percent (10%) of the bid amount. A bid will not be considered unless one (1) of the forms of Bidder's security is enclosed with it.

c. A Bidder's bond will not be accepted unless it conforms to a bond form approved by the City Attorney. Upon request "Bidder's Bond" forms may be obtained from the Department.

2-1.04 **WITHDRAWAL OF PROPOSALS.** Any bid may be withdrawn at any time prior to the time fixed in the public notice for the deadline submission of bids only by written request for the withdrawal of the bid filed with the Director. The request shall be executed by the Bidder or his or her duly authorized representative. The withdrawal of a bid does not prejudice the right of the Bidder to file a new bid. Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid will not be received after the deadline for submission of bids nor may any bid be withdrawn after the time fixed in the public notice for deadline for submission of bids. Immediately following the deadline for submission of bids all bids shall become the property of the City of Roseville and City is under no obligation to return the bids.

2-1.05 **RELIEF OF BIDDERS.** If the Bidder claims a mistake was made in his or her bid, the Bidder shall give the Department written notice within five (5) calendar days after the opening of the bids of the alleged mistake, specifying in the notice in detail how the mistake occurred. No relief from a claimed mistaken bid shall be granted unless such mistake clearly appears on the face of the bid submitted to the City. Claimed mistakes on backup worksheets, spreadsheets, computerized bidding programs, or any other similar calculative bidding mistake which is not apparent on the face of the bid shall not under any circumstance be considered as a

basis for relief. The burden of proving the occurrence of a mistake entitling a Bidder to relief from its bid rests entirely on the Bidder. Relief from bids shall be in the City's sole discretion.

2-1.06 **PREVIOUS DISQUALIFICATION, REMOVAL OR OTHER PREVENTION OF BIDDING.** A bid may be rejected on the basis of a Bidder, any officer of such Bidder, or any employee of such Bidder who has a proprietary interest in such Bidder, having been disqualified, removed, or otherwise prevented from bidding on, or completing a Federal, State, or local project because of a violation of law or a safety regulation.

2-1.07 **COMPETENCY OF BIDDERS.** If two (2) or more prospective Bidders desire to bid jointly as a joint venture on a single project, they must file an affidavit of joint venture with the Bid on a form approved by the City Attorney, and such affidavit of joint venture will be valid only for the specific project for which it is filed. If such affidavit of joint venture is not filed as aforesaid and approved by the City Attorney prior to the time for awarding bids on the specific project for which it is submitted, a joint bid submitted by said Bidders will be disregarded. No bid will be accepted from or a Contract awarded to any Bidder to whom a proposal form has not been issued pursuant to Section 2-1.06.

2-1.08 **GUARANTY AND WARRANTY.** The Contractor shall guarantee and warrant all materials supplied as being fit for the purpose intended. The Contractor shall guarantee and warrant all work performed as having been accomplished in a proper and workman-like manner. The guarantee and warranty required by this section shall continue for a period of one (1) year after Acceptance of the Work.

Should any failure of the work occur within a period of one (1) year, after Acceptance of the project by the City Council due to faulty materials, poor workmanship, or defective equipment, the Contractor shall promptly make the needed repairs at his or her expense.

The City is hereby authorized to make such repairs if the Contractor fails to make or undertake with due diligence the aforesaid repairs within ten (10) calendar days after being given written notice of such failure; provided, however, that in case of emergency where in the opinion of the Engineer, providing a reasonable attempt has been made to notify the Contractor, delay would cause serious loss or damages, or a serious hazard to the public, the repairs may be made or lights, signs, and barricades erected without prior notice to the Contractor, and the Contractor shall pay the entire cost thereof. At the completion of the work the faithful performance bond may be reduced at the discretion of the City Council to not less than ten percent (10%) of the Contract price to cover said guarantee.

Additional guarantees or warranties may be required by the Special Provisions.

SECTION 3. CONTRACT AWARD AND EXECUTION

3-1.04 **CONTRACT AWARD.** The right is reserved to reject any and all proposals. The award of the Contract, if it be awarded, will be to the lowest responsible Bidder whose proposal complies with all the requirements prescribed. Such award, if made, will be made within sixty (60) calendar days after the public opening of the proposals. If the lowest responsible Bidder refuses or fails to execute the Contract, the Roseville City Council may award the Contract to the second lowest responsible Bidder. Such award, if made, will be made within eighty-two (82) calendar days after the public opening of proposals. If the second lowest responsible Bidder refuses or fails to execute the Contract, the City may award the Contract to the third lowest responsible Bidder. Such award, if made, will be made within one hundred and four (104) calendar days after public opening of the proposals. The above time periods within

which the award of Contract may be made are subject to extension for such further period as may be agreed upon in writing between the City and the Bidder concerned.

All bids will be compared on the basis of the Director's estimate of the quantities of work to be done.

3-1.05 **CONTRACT BONDS.** The successful Bidder, simultaneously with the execution of the Contract, will be required to furnish a payment bond in an amount equal to one hundred percent (100%) of the Contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the Contract price; said bonds shall be in a form approved by the City Attorney and shall be secured by a surety company satisfactory to the City Attorney. If the Contract price increases by the issuance of Change Orders, the penal amounts of the bonds required shall increase accordingly.

Furthermore, the successful Bidder shall furnish a certificate from the County Clerk as required by California Civil Code of Procedure Section 995.660(a)(3).

3-1.18 **CONTRACT EXECUTION.** The Contract, in form and contents satisfactory to the City, shall be executed by the successful Bidder and returned, together with the Contract bonds and certificates of insurance within fifteen (15) calendar days after written notice that the Contract has been awarded, or as otherwise directed, in writing, by the City. No proposal shall be considered binding upon the City until the execution of the Contract by the City.

3-1.20 **FAILURE TO EXECUTE CONTRACT.** Section 3-1.20, "Failure to Execute Contract" is added as follows:

“Failure of the lowest responsible Bidder, the second lowest responsible Bidder, or the third lowest responsible Bidder to execute the Contract and file acceptable bonds

and insurance as provided herein within fifteen (15) calendar days, or within a different timeframe specified by City in writing, after such Bidder has received notice that the Contract has been awarded to him or her, shall be just cause for the annulment of the award and the forfeiture of the Bidder's security to the City as Liquidated Damages. The successful Bidder may file with the Roseville City Council a written notice, signed by the Bidder or his or her authorized representative, specifying that the Bidder will refuse to execute the Contract if presented to him or her. The filing of such notice shall have the same force and effect as the failure of the Bidder to execute the Contract and furnish acceptable bonds and insurance within the time prescribed by Section 3-1.18."

SECTION 4. SCOPE OF WORK

There are no amendments to the Standard Specifications.

SECTION 5. CONTROL OF WORK

5-1.02 **CONTRACT COMPONENTS.** These Standard Construction Specifications, the Standard Specifications, the Standard Plans, the Improvement Plans, Construction Standards, Project Plans, project Special Provisions (and any addenda), the Agreement, Contract Change Orders, and all supplementary documents are all essential parts of the Contract between Contractor and the City. A requirement occurring in one (1) is as binding

as though occurring in all. They are intended to be complementary, and to describe and provide for a complete work.

In resolving inconsistencies among two (2) or more sections of the Contract Documents, precedence shall be given in the following order:

- A. Special Provisions
- B. City of Roseville Standard Construction Specifications
- C. City of Roseville Design and Construction Standards
- D. State Standard Specifications and Amendments to the State Standard Specifications, Standard Special Provisions, and Plans
- E. Drawings

Should it appear that the work to be done or any of the matters relative thereto are not sufficiently detailed or explained in these specifications, the special provisions, or the Plans, the Contractor shall apply in writing to the Director for such further explanations as may be necessary and shall conform to them as part of the Contract. In the event of any doubt or question arising respecting the true meaning of these specifications, the special provisions or the Plans, reference shall be made to the Director, whose decision thereon shall be final.

In the event of any discrepancy, between any drawing and the figures written thereon, the figures shall be taken as correct. Detail drawings shall prevail over general drawings.

5-1.20B(5) **CITY OF ROSEVILLE ENCROACHMENT PERMITS.** Section 5-1.20B(5), “City of Roseville Encroachment Permits” is added as follows:

“The Contractor need not obtain a separate encroachment permit from the City prior to construction within street rights-of-way or other City rights-of-way. Execution of the Contract by the City shall be deemed an encroachment permit for work required by

the Contract within rights-of-way. All work shall conform to the rules and regulations of encroachment permits and shall be subject to the inspection and approval of the Director.”

5-1.20B(6) **CITY OF ROSEVILLE BUSINESS LICENSE.** Section 5-1.20B(6), “City of Roseville Business License” is added as follows:

“The Contractor shall obtain a business license from the City prior to commencing work.”

5-1.20B(7) **OTHER PERMITS.** Section 5-1.20B(7), “Other Permits” is added as follows:

“The Contractor in coordination with the Director shall procure any necessary permits which the City has not specifically mentioned as obtaining.”

5-1.31 **JOB SITE APPEARANCE.** The Contractor shall maintain a neat appearance to the work. In any area visible to the public, the following shall apply:

When practicable, broken concrete and debris developed during clearing and grubbing shall be disposed of concurrently with its removal. If stockpiling is necessary, the material shall be removed or disposed of weekly.

The Contractor shall furnish trash bins for all debris from structure construction. All debris shall be placed in trash bins daily. Forms or falsework that are to be reused shall be stacked neatly concurrently with their removal. Forms and falsework that are not to be reused shall be disposed of concurrently with their removal.

Full compensation for conforming to the provisions in this section, not otherwise provided for, shall be considered as included in price paid for the various Contract items of work involved, and no additional compensation will be allowed therefore.

5-1.38 **MAINTENANCE AND PROTECTION RELIEF.** Section 5-1.38 is deleted.

5-1.43 **POTENTIAL CLAIMS AND DISPUTE RESOLUTION.** Section 5-1.43 is deleted in its entirety and replaced with the following:

5-1.43A **NOTICE OF POTENTIAL CLAIM.** The Contractor shall not be entitled to payment for any additional compensation for any act or failure to act by the City, including failure or refusal to issue a Change Order, or for the happening of any event, thing, occurrence or other cause unless he or she shall have given the City due written Notice of Potential Claim as hereinafter specified.

The written Notice of Potential Claim shall set forth the reasons for which the Contractor believes additional compensation will or may be due, the nature of the costs involved, and, insofar as possible, the amount of the potential claim. The said Notice as above required must have been given to the Director prior to the time that the Contractor shall have performed the Work giving rise to the potential claim for additional compensation, if based on an act or failure to act by the Director, or in all other cases within three (3) Days after the happening of the event, thing, occurrence or other cause giving rise to the potential claim.

If the Notice of Potential Claim does not include complete information about the claim or the parties do not execute a Contract Change Order in connection with the Notice of Potential Claim, Contractor shall submit a complete information about its claim for additional compensation and/or extension of time for performance within fifteen (15) calendar days after such work is performed. Failure to provide written notice of claim prior to undertaking such work or failure to timely submit a complete and specific information about the claim for

additional compensation and/or extension of the time for performance shall be deemed a waiver and abandonment of such claim.

If there is a dispute over any claim, the Contractor shall continue to work during the dispute resolution process in a diligent and timely manner as directed by the City, and shall be governed by all applicable provision of the Agreement.

The Contractor shall maintain cost records of all work that is the basis of any dispute. On a daily basis, Contractor shall submit to City completed daily forms, the format of which will be acceptable to the City, with respect to the Contractor's costs of performing the disputed work. These daily forms shall itemize all of Contractor's costs in performing the disputed work, including, but not limited to, all costs relating to materials, labor and equipment with respect to the disputed work. These daily forms shall provide names or identification and classification of affected workers, the hourly rate of pay and hours worked, and also the size, type, and identification number of equipment and hours operated. Said daily work forms shall be duly signed and verified by the Contractor or its authorized representative. The City's receipt of the Contractors' daily forms shall not constitute an approval of the Contractor's claim. Contractor's failure to submit the daily forms on a daily basis shall constitute a waiver of the Contractor's right to claim any additional compensation for the disputed work.

Each Contractor claim shall include full and complete information concerning the Claim. Contractor shall provide a clear, concise recital of the basis, upon which the claim is asserted, including a designation of the provisions of the Contract Documents upon which the claim is based. Contractor shall also include a statement as to the amount of time and/or compensation sought pursuant to the claim; if Contractor's claim arises from an ongoing occurrence, Contractor shall so state in its claim, including a description of the specific Work activities

affected by the claim. All costs, expenses or damages and extensions of time claimed shall be described in reasonable detail under the circumstances together with complete supporting documentation.

The City will review any timely Notice of Potential Claim and supporting information submitted by Contractor. In conducting this review, the City shall have the right to require the Contractor to submit such additional or supporting documents, data and other information as the City may require.

If an agreement can be reached which resolves the Contractor's claim, the parties will execute a Contract Change Order to document the resolution of the claim. If the parties cannot reach agreement with respect to the Contractor's claim, the Contractor shall still be obligated to comply with the claim identification provisions identified in these Standard Construction Specifications, including but not limited to Section 5-1.43B.

It is the intention of this Section 5-1.43A that differences between the parties arising under and by virtue of the Contract be brought to the attention of the Director at the earliest possible time in order that such matters may be settled, if possible, or other appropriate action promptly taken. The Contractor hereby agrees that he or she shall have no right to additional compensation for any Claim that may be based on any such act, failure to act, event, thing or occurrence for which no timely written Notice of Potential Claim as herein required was filed.

5-1.43B **CLAIMS.** Contractor must submit all Claims, for which it has previously submitted a Notice of Potential Claim, prior to Acceptance of the Work. Each such Claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the Claim.

Upon receipt of a Claim, the City shall conduct a reasonable review of the Claim and, within a period not to exceed forty-five (45) calendar days, or such further time as mutually agreed upon or necessary pursuant to Public Contract Code Section 9204, the City shall provide the Contractor a written statement identifying what portion of the Claim is disputed and what portion is undisputed. If the City does not respond to a Claim from the Contractor within the time specified herein, such Claim shall be deemed rejected in its entirety.

Any payment due on an undisputed portion of the Claim shall be processed and made within sixty (60) calendar days after the City issues its written statement.

If the Contractor disputes the City's written response, or if the City does not respond within the time specified herein, the Contractor may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the City shall schedule a meet and confer conference within thirty (30) calendar days for settlement of the dispute.

Within ten (10) business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the City shall provide the Contractor a written statement identifying the portion of the Claims that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the Claims shall be processed and made within sixty (60) calendar days after the public entity issues its written statement. Any disputed portion of the Claim, as identified by the Contractor in writing, shall be submitted to nonbinding mediation, with the City and the Contractor sharing the associated costs equally. The City and the Contractor shall mutually agree to a mediator within ten (10) business days after the disputed portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a

qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall be responsible for the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the Claim remaining in dispute shall be resolved in accordance with Section 9-1.22.

5-1.46 **FINAL INSPECTION AND CONTRACT ACCEPTANCE.** When the Director has made the final inspection and determines that the Contract work has been completed in all respects in accordance with the Plans and specifications, the Director will recommend that the Roseville City Council formally accept the work, and immediately upon and after such Acceptance by the City, the Contractor will be responsible for the work done for a period of one (1) year.

SECTION 6. CONTROL OF MATERIALS

6-1.03 **LOCAL MATERIALS.** Local material sites used by the Contractor shall be graded so that, at the time of final inspection of the Contract, they will drain and will blend in with the surrounding terrain.

SECTION 7. LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC

7-1.02K(2) **WAGES.** The provisions of paragraphs 1 and 2 of Section 7-1.02K(2) of the Standard Specifications are amended to read as follows:

“Pursuant to the provisions of California Labor Code Section 1773, the City has identified the source, stated below, of the general prevailing rate of wages applicable to the

work to be done, for straight time, overtime, Saturday, Sunday and holiday work. The holiday wage rate listed shall be applicable to all holidays recognized in the collective bargaining agreement of the particular craft, classification or type of workmen concerned. The wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>, and are incorporated herein as part of the Contract.

Pursuant to California Labor Code Section 1773.2, general prevailing wage rates shall be posted by the Contractor at a prominent place at the site of the work.”

7-1.02K(6)(b) **EXCAVATION SAFETY.** For trenches or excavation five feet (5') or deeper, the Contractor shall obtain from the Division of Industrial Safety, a permit authorizing such construction.

7-1.02O **VEHICLE CODE.** Pursuant to the authority contained in Vehicle Code Section 591, the Department has determined that, within such areas as are within the limits of the project and are open to public traffic, the Contractor shall comply with all the requirements set forth in Vehicle Code Divisions 11, 12, 13, 14, and 15. Attention is directed to the statement in Section 591 that this section shall not relieve the Contractor nor any person from the duty of exercising due care. The Contractor shall take all necessary precautions for safe operation of equipment and the protection of the public from injury and damage from such equipment.

7-1.03 **PUBLIC CONVENIENCE.** Section 7-1.03 of the Standard Specifications is amended in part as follows:

1. Delete paragraph 10 (“Install signs, lights, flares . . .”) and substitute the following:

“In order to expedite the passage of public traffic through or around the work, the Contractor shall install signs, lights, flares, temporary railing (type K), barricades, and other facilities for the sole convenience and direction of public traffic as may be required. Also, as may be required, the Contractor shall furnish competent flaggers whose sole duties shall consist of directing the movement of public traffic through or around the work. The cost of furnishing and installing such signs, lights, flares, temporary railing (type K), barricades, flaggers, and other facilities shall be included in the lump sum paid for traffic control and no additional compensation will be allowed therefor.

In addition to the requirements previously specified for furnishing facilities and flaggers to expedite the safe passage of the public through or around the work, the Contractor shall at his or her expense furnish and erect within or adjacent to the work such warning, regulatory, or guide signs, markers, or devices as are necessary.”

2. Add a paragraph at the end of the section to read as follows:

“In addition to the requirements hereinbefore specified for furnishing facilities and flaggers for expediting the passage of public traffic through or around the work, the Contractor shall furnish and erect, within or adjacent to the limits of the Contract, such warning, regulatory, and guide signs as may be required. The Contractor shall furnish, install and remove all such signs. Payment for furnishing, installing and removing all such signs shall be included in the lump sum price paid for traffic control and no additional compensation will be allowed therefor.”

7-1.04 **PUBLIC SAFETY.** It is the intent of the parties that the City is not an exposing, creating, controlling, or correcting employer under California Labor Code Section 6400. In accordance with generally accepted construction practices and State law, the Contractor

shall have the authority and be solely and completely responsible for conditions on the job site, including safety of all persons and property during performance of the Work. Moreover, the Contractor shall be the controlling employer and has the authority and responsibility to enforce worksite safety. The Contractor shall be responsible for conducting daily safety inspections and assuring all hazards and violations are abated. The Contractor is responsible for assuring that all subcontractors adhere to the minimum CAL/OSHA safety requirements and that each subcontractor has an effective CAL/OSHA IIP (Illness and Injury Protection Program) in place that specifically addresses all potential exposures, such as, but not limited to, fall protection, confined space, and trenching/shoring. These requirements shall apply continuously and not be limited to normal working hours. The Contractor shall be responsible for any delay costs or damages in the event the progress of Work is slowed or stopped due to a safety violation.

The services of the Director in conducting construction review of the Contractor's performance is not intended to include review of the adequacy of the Contractor's Work methods, equipment, bracing or scaffolding, or safety measures, in, on, or near the construction site. If a City employee observes a safety violation, the City employee will report the violation to the Contractor who is then responsible for assuring the violation is abated.

The Contractor is hereby informed that Work on this project could be hazardous. The Contractor shall carefully instruct all personnel working in potentially hazardous Work areas as to potential dangers and shall provide such necessary safety equipment and instructions as are necessary to prevent injury to personnel and damage to property. Special care shall be exercised relative to Work underground.

All Work and materials shall be in strict accordance with all applicable State, City, County, and Federal Rules, Regulations, and Codes, and attention is drawn to the requirements

of CAL/OSHA. The Contractor shall be solely responsible for compliance with all City, County and State blasting requirements and for any damages caused by his or her operations.

In accordance with California Labor Code Section 6705, the Contractor shall submit to the City specific plans to show details of provisions for worker protection from caving ground. This in no way relieves the Contractor from the requirement of maintaining safety in all operations performed by the Contractor or the Contractor's subcontractors. The detailed plan showing design of shoring, bracing, sloping or other provisions shall be prepared by a registered civil or structural engineer in the State of California as required. Acceptance by the City or its designated agent only constitutes acknowledgment of the submission and does not constitute review or approval of the designs, design assumptions or criteria, completeness of submissions, applicability to areas of intended use, nor implementation of the plans, which are solely the responsibility of the Contractor and his or her registered engineer.

Notwithstanding any classifications relative to the Tunnel Safety Orders, Work within confined spaces on this project is subject to the definitions and applicable provisions of California Code of Regulations Section 8400 et seq., Title 8.

The Contractor shall so perform its Work as not to expose personnel to, or to discharge into the atmosphere from any source whatever, smoke, dust, asbestos, toxic chemicals or other air contaminants in violation of the laws, rules, and regulations of the governmental entities having jurisdiction. Contractors or subcontractors removing one hundred or more square feet (100') of asbestos must be "Certified" in accordance with State law. All Work involving exposure to asbestos and all other hazardous materials shall be performed with protection of personnel in compliance with all applicable regulations and safety requirements.

Nothing in these Standard Construction Specifications is to be construed to permit Work not conforming to governing codes. When Contract Documents differ from governing codes, the Contractor shall furnish and install the higher standards called for without extra charge. All equipment furnished shall be grounded and provided with guards and protection as required by safety codes. Where vapor tight or explosion proof electrical installation is required by code, this shall be provided. In accordance with the provisions of Labor Code Section 6707, the Contractor shall provide adequate sheeting, shoring and bracing for employee protection, as provided in the proposal as separate Bid Items.

7-1.05 **INDEMNIFICATION.** The City of Roseville and its officers, agents, employees, and volunteers, including but not limited to the Director, shall not be answerable or accountable in any manner: for any loss or damage that may happen to the work or any part thereof; for any loss or damage to any of the materials or any things used or employed in performing the work; for injury to or death of any person, either workers or the public; or for damage to property from any cause which might have been prevented by the Contractor, his or her workers, or anyone employed by the Contractor or his or her subcontractors.

The Contractor shall be responsible for any liability imposed by law and for injuries to, or death of, any person including, but not limited to, workers and the public, or damage to property resulting from defects or obstructions, or from any cause whatsoever during the progress of the work or at any time before its completion and final Acceptance.

To the fullest extent allowed by law, the Contractor shall defend (through counsel acceptable to the City), indemnify, and save harmless the City of Roseville and its officers, agents, employees, and volunteers from all claims, suits, or actions of every name, kind, and description, brought forth, or on account of, injuries to or death of any person including, but not

limited to, workers and the public, or damage to property resulting from the performance of the Contract, except as otherwise provided by statute.

The duty of the Contractor to defend, indemnify, and save harmless includes, but is not limited to, the duties to defend as set forth in Civil Code Section 2778. The Contractor waives any and all rights to any type of express or implied indemnity against the City, its officers, agents, employees, or volunteers.

It is the intent of the parties that the Contractor will defend, indemnify, and hold harmless the City of Roseville, its officers, agents, employees, and volunteers from any and all claims, suits, or actions as set forth above regardless of existence or degree of fault or negligence, on the part of the City, the Contractor, the subcontractor or employee of any of these; except the duty does not apply where the injury or damage is due to the sole or active negligence or willful misconduct of the City.

The Contractor's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Contract for the full period of time allowed by law. The defense and indemnity obligations of this Contract are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Contract. The parties intend that the defense and indemnity obligations in this Contract shall be broadly construed.

In addition to any remedy authorized by law, so much of the money due the Contractor under and by virtue of the Contract as shall be considered necessary by the City may be retained by the City until disposition has been made of such suits or claims for damages.

The retention of money due the Contractor shall be subject to the following:

A. The City will give the Contractor thirty (30) calendar days' notice of its intention to retain funds from any partial payment which may become due to the Contractor prior

to Acceptance of the Contract. Retention of funds from any payment made after Acceptance of the Contract may be made without such prior notice to the Contractor.

B. No retention of additional amounts out of partial payments will be made if the amount to be retained does not exceed the amount being withheld from partial payments pursuant to Section 9-1.16F, “Retentions,” of the Standard Construction Specifications.

C. If the City had retained funds and it is subsequently determined that the City is not entitled to be indemnified and saved harmless by the Contractor in connection with the matter for which such retention was made, the City shall be liable for interest on the amount retained at the legal rate of interest for the period of such retention.

7-1.06 **INSURANCE COVERAGE.** Section 7-1.06 Insurance in the Standard Specifications shall be deleted in its entirety and replaced with the following:

A. **Evidence of Maintenance Required.** The Contractor shall, at its expense, procure and at all times maintain in full force and effect at a minimum the insurance required by this section on all of its operations; and the Contractor shall not allow any Subcontractor to commence work until similar insurance required of the Subcontractor has been obtained and filed. An original Certificate of Insurance, and copies of all required endorsements, all in a form approved by the Risk Manager, evidencing all required coverage or policies shall be filed after the award of the bid and prior to approval of the Contract by the City Council. Contractor shall provide ten (10) days prior written notice to the City of any reduction of coverage limits or cancellation of the coverage or policies shall be given to the City of Roseville as Certificate holder.

B. **Qualifying Insurers.** With the exception of the State Compensation Insurance Fund, all required insurance policies shall be issued by companies acceptable to the

City and licensed to do business in the State of California and who hold a current policy holders alphabetic and financial size category rating of not less than AVII according to the most recent issue of Best's Insurance Reports.

C. Insurance Required.

1. **Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an “occurrence” basis, including products and completed operations with limits of no less than Two Million Dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage for projects under One Million Dollars (\$1,000,000) and limits of no less than Five Million Dollars (\$5,000,000) per occurrence for bodily injury, personal injury and property damage for projects over One Million Dollars (\$1,000,000). If a general aggregate limit applies, either the aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

The Commercial General Liability insurance shall include the following, copies of which shall be provided:

a. Inclusion of the City of Roseville, and its officers, agents, employees, and volunteers, as additional insureds (except for workers’ compensation) as respects services or operations under the Contract. The additional insured endorsement for the general liability policy shall be at least as broad as the ISO CG 2010 10 01 combined with ISO CGL Endorsement CG 2037 10 01. Any other endorsement must be approved in writing by the City. Endorsements must include coverage for on-going and completed operations, which coverage shall be maintained for four (4) years following completion of the Project. Endorsements shall cover the City of Roseville, its officers, agents, employees, and volunteers.

b. The insurance shall provide coverage for claims by one insured against another insured and the policies shall not contain any cross-suits exclusions, cross-liability exclusions, or insured versus insured exclusions. The policies shall not contain any classification exclusions purporting to deny coverage for any work to be performed by Contractor or any of its Subcontractors.

c. Stipulation that the insurance is primary and noncontributory, as evidenced by a separate endorsement (CG 20 01 04 13 or an equivalent) or section of the policy, and that neither the City nor its insurers will be called upon to contribute to a loss.

d. Such insurance shall specifically cover the contractual liability of the Contractor.

e. Any available insurance proceeds in excess of the specified minimum insurance coverage requirements and limits shall be available to the additional insureds. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the full coverage and maximum limits of any insurance proceeds available to the named insureds, whichever is greater.

f. Waiver of subrogation endorsement.

g. The Contractor shall furnish a certificate for the period covered.

2. **Automobile Liability:** Insurance Services Office Form Number CA 0001 covering Code 1 (any auto), or if contractor has no owned autos, Code 8 (hired) and Code 9 (non-owned), with limits of no less than One Million Dollars (\$1,000,000) per accident for bodily injury and property damage.

3. **Workers' Compensation:** In accordance with the provisions of the California Labor Code, Contractor is required to be insured against liability for Workers'

Compensation or to undertake self-insurance. Statutory Workers' Compensation and Employers' Liability of at least One Million Dollars (\$1,000,000) shall cover all Contractors staff while performing any work incidental to the performance of this Agreement.

4. **Professional Liability:** Professional Liability (Errors and Omission) Insurance appropriate to Contractor's profession, with a limit of liability not less than One Million Dollars (\$1,000,000) per occurrence or claim and Two Million Dollars (\$2,000,000) aggregate to cover all design and engineering services rendered by Contractor pursuant to the Agreement. Coverage must commence from the first day that Contractor or any of its Subcontractors provided any design or engineering services in connection with the Project.

5. **Builder's Risk/Course of Construction Insurance (If Required by Risk Management):** The Contractor shall be responsible for all loss, damage or destruction whatsoever to the work called for by this Contract until the approval of a Notice of Completion or acceptance of the Work if no Notice of Completion is to be recorded.

The Contractor shall secure "All Risk" type of builder's Risk Insurance of the type covering one hundred percent (100%) of the value of the work performed under this Contract (the value is presumed to be the Contract amount unless otherwise stated in Supplemental Conditions) and all materials, equipment, or other items to be incorporated therein while the same are located at the construction site, a bonded warehouse, or its place of manufacture. At any time, the policy shall cover the value of the work completed. The policy shall cover hazards including the losses due to fire, explosion, hail, rain, lightning, flood (separate insurance as needed), vandalism, malicious mischief, wind, collapse, aircraft, and smoke.

The policies providing such insurance shall name the City as a loss payee as its respective interests may appear, and certified copies of such policies shall be filed with the City. The

maximum deductible allowable under the Builder's All Risk policy shall be five percent (5%) of the Contract amount.

Builder's Risk Insurance is not required for coverage of losses in excess of five percent (5%) of the Contract amount for damages resulting from earthquake in excess of a magnitude of 3.5 on the Richter scale, or tidal waves. Coverage in the amount of five percent (5%) of the Contract amount for such losses is required.

6. **Pollution Coverage:** Contractor shall procure pollution liability coverage or other insurance covering claims for bodily injury or property damage arising out of the abatement, removal, storage, transportation, or other exposure to hazardous materials or pollutants, in limits not less than Two Million Dollars (\$2,000,000). Contractor shall add the City and all parties required to be indemnified by Contractor as additional insured on all pollution liability policies.

7. **Higher Coverage Limits:** If Contractor maintains higher coverage limits than the amounts shown above, then the City requires and shall be entitled to coverage for the higher coverage limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

8. **Claims Made Coverage:** Liability insurance coverage may not be written on a "claims made" or modified occurrence basis. The Certificate of Insurance must clearly provide that the coverage is on an "occurrence" basis.

7-1.06A **OTHER INSURANCE PROVISIONS.**

A. The requirements of the Standard Specifications as to types and limits of insurance coverage to be maintained by the Contractor, and any approval of insurance by the City, are not intended to, and shall not in any manner limit or qualify the liabilities and

obligations otherwise assumed by the Contractor pursuant to the Contract, including, but not limited to, the provisions concerning indemnification, nor preclude the City from taking any other action available to it under any other provision of the Contract or law.

B. The City acknowledges that some insurance requirements contained in these Standard Specifications may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by Contractor under the Contract. Any self-insurance must be approved in writing by the City, in its sole discretion and shall not reduce the limits of liability. Any deductibles or self-insured retentions (“SIR”) must be declared on the certificate of insurance and approved by City in writing. Policies containing any SIR provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or City. City reserves the right to obtain a full certified copy of any insurance policy and endorsements. The failure to exercise this right shall not constitute a waiver of such right.

C. The Contractor agrees to include in its contracts with all subcontractors the same requirements and provisions of this Contract, including the indemnity and insurance requirements, to the extent they apply to the scope of the subcontractor’s work. Furthermore, the Contractor shall require its subcontractors to agree to be bound to the Contractor and the City in the same manner and to the same extent as the Contractor is bound to the City under this Contract. Additionally, the Contractor shall obligate its subcontractors to comply with these same provisions with respect to any tertiary subcontractor, regardless of tier. A copy of the City’s indemnity and insurance provisions will be furnished to the subcontractor or tertiary subcontractor upon request. Alternatively, the Contractor may insure subcontractor(s) under its own policy.

D. The City, its officers, agents, employees, and volunteers are to be covered as insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor; and with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under California Insurance Code Section 11580.04.

E. The limits of insurance required in this Contract may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of the City (if agreed to in a written contract) before the City's own insurance shall be called upon to protect it as a named insured.

F. The insurance procured by Contractor shall be subject to the approval of the City, but any acceptance of insurance certificates by the City shall in no way limit or relieve Contractor of its duties and responsibilities under the Agreement.

G. Contractor shall be responsible for all premiums, deductibles, and self-insured retention applicable to the insurance it is required to procure under the Contract. All deductibles or self-insured retentions over five hundred thousand dollars (\$500,000) must be approved by the City, in writing. Contractor shall be responsible for all deductibles, self-insured retention payments, and/or increased premiums incurred if the City's policies of insurance are forced to cover damages or respond to claims for which Contractor or its Subcontractors were obligated to provide insurance under the Contract.

H. Failure of the City to enforce in a timely manner any of the requirements of these insurance provisions shall not act as a waiver to enforcement of any of these provisions at a later date.

I. Contractor's indemnity obligations shall not be limited by these insurance provisions and shall survive the expiration of the Contract and the insurance provisions of the Contract shall likewise not be limited by the indemnity provisions of the Contract.

J. THE CITY RESERVES THE RIGHT TO WITHHOLD ANY PROGRESS PAYMENTS TO THE CONTRACTOR IN THE EVENT OF NONCOMPLIANCE WITH ANY INSURANCE REQUIREMENTS.

SECTION 8. PROSECUTION AND PROGRESS

8-1.04 **START OF JOB SITE ACTIVITIES.** The Contractor shall begin work by the date specified in the "Notice to Proceed" letter, and the Contractor shall thereafter diligently prosecute the work to completion.

The Contractor shall notify the Director, in writing, of his or her intent to commence work at least seventy-two (72) hours before work is begun. The notice shall specify the date on which the Contractor intends to begin work. If a project has more than one (1) location of work, a separate notice shall be given for each location.

Should the Contractor begin work in advance of issuance of a "Notice to Proceed," any work performed in advance of such issuance shall be considered to have been done at Contractor's own risk and as a volunteer.

SECTION 9. PAYMENT

9-1.11C **PAYMENT INCLUSIONS.** The following is added to Section 9-1.11C

Payment Inclusions:

“No additional compensation will be made to the Contractor for claims of increased overhead costs occurring within the originally specified construction Contract period plus any time extensions granted by Change Order. No compensation for extended performance will be granted unless the delay exceeds more than half of the float time available at the time of the delay.”

9-1.16E(4) **STOP NOTICE WITHHOLDS.** The City may, at its option and at any time, retain out of amounts due the Contractor, sums sufficient to cover claims (including costs and attorneys’ fees), filed pursuant to California Civil Code Section 9350 et seq.

9-1.16F **RETENTIONS.** The Department shall retain five percent (5%) of the Contract price as part security for the fulfillment of the Contract by the Contractor.

9-1.16G **PAYMENT OF WITHHELD FUNDS.** Section 9-1.16G, “Payment of Withheld Funds” is added as follows:

“Except as otherwise prohibited by law, the Contractor may elect to receive all payments due under the Contract pursuant to without any retention. If the Contractor so elects, a deposit with the City of securities with a value equivalent to the retention that would otherwise be withheld by the City shall be made. Said security shall be as provided in California Public Contract Code Section 22300, and shall be approved by the City both as to sufficiency and form. In the alternative, the Contractor may elect to deposit such securities in an escrow account and enter into a standard form Escrow

Agreement for Security Deposits in Lieu of Retention. Blank Agreements are available from the Public Works Director and the City Attorney's Office.”

9-1.17 **PAYMENT AFTER CONTRACT ACCEPTANCE.** “Final Payment” shall be made in accordance with this section. The Contractor shall, after the completion of the Contract, submit a final estimate of the amount of work done thereunder and the value of such work. Upon approval of the estimate by the Director, the City of Roseville shall pay the entire sum so found to be due after deducting therefrom all previous payments and all amounts to be kept and all amounts to be retained under the provisions of the Contract. All prior partial estimates and payments shall be subject to correction in the final estimate and payment. The final payment shall not be due and payable until the expiration of thirty five (35) calendar days from the date of Acceptance of the work by the City Council, and thirty-five (35) calendar days after filing of the Notice of Completion with the County of Placer.

No certificate given or payments made under the Contract, except the final certificate or final payment, shall be conclusive evidence of the performance of the Contract, either wholly or in part, and no payment (including the final payment) or certificate shall be construed to be an Acceptance of any defective work or improper materials. Final payment shall not release the Contractor from one (1) year guarantee of the work as provided in Section 7-1.17, “Acceptance of Contract” and Section 2-1.12 “Guarantee and Warranty” of these Specifications.

SECTION 14. ENVIRONMENTAL STEWARDSHIP

14-8.02 **NOISE CONTROL.** The provisions of Section 14-8.02 of the Standard Specifications are amended by adding the following:

“The Contractor shall additionally conform to the provisions of Roseville Municipal Code Chapter 9.24 where such provisions are more restrictive than these specifications.”

14-9.01 **AIR QUALITY GENERAL.** The provisions of Section 14-9.01, “Air Quality General” of the Standard Specifications are amended by adding the following:

“Material to be disposed of shall not be burned unless the Contractor has obtained a permit to burn combustible material resulting from clearing and grubbing operations from the Placer County Air Pollution Control District and City of Roseville Fire Marshall. A copy of the permits shall be filed with the Director

before beginning any burning. All such burning shall be conducted in strict conformance with the provision stipulated in said permits and at such times and in such manner as to prevent fire from spreading to areas adjoining the right-of-way.”

14-11.02A **ASBESTOS REMOVAL AND DISPOSAL.** Section 14-11.02A, “Asbestos Removal and Disposal” is added as follows:

“The Contractor shall comply with all rules, regulations, statutes and ordinances regarding asbestos removal and disposal, including but not limited to, 42 U.S.C. Sections 7401, 7412 and 7601 and 40 C.F.R. Part 61, Subpart M.

If the Contractor discovers that a building to be demolished or renovated contains asbestos containing material, the Contractor shall immediately cease work and notify the City.”

END OF STANDARD SPECIFICATIONS

TEXT OF AB 626

Assembly Bill No. 626

CHAPTER 810

An act to add and repeal Section 9204 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 29, 2016. Filed with Secretary of State September 29, 2016.]

LEGISLATIVE COUNSEL'S DIGEST

AB 626, Chiu. Public contracts: claim resolution.

Existing law prescribes various requirements regarding the formation, content, and enforcement of state and local public contracts. Existing law applicable to state public contracts generally requires that the resolution of claims related to those contracts be subject to arbitration. Existing law applicable to local agency contracts prescribes a process for the resolution of claims related to those contracts of \$375,000 or less.

This bill would establish, for contracts entered into on or after January 1, 2017, a claim resolution process applicable to any claim by a contractor in connection with a public works project. The bill would define a claim as a separate demand by the contractor for one or more of the following: a time extension for relief from damages or penalties for delay, payment of money or damages arising from work done pursuant to the contract for a public work, or payment of an amount disputed by the public entity, as specified.

This bill would require a public entity, defined to exclude certain state entities, upon receipt of a claim sent by registered or certified mail, to review it and, within 45 days, provide a written statement identifying the disputed and undisputed portions of the claim. The bill would authorize the 45-day period to be extended by mutual agreement. The bill would require any payment due on an undisputed portion of the claim to be processed within 60 days, as specified. The bill would require that the claim be deemed rejected in its entirety if the public entity fails to issue the written statement.

This bill would authorize, if the claimant disputes the public entity's written response or if the public entity fails to respond to a claim within the time prescribed, the claimant to demand to meet and confer for settlement of the issues in dispute. The bill would require any disputed portion of the claim that remains in dispute after the meet and confer conference to be subject to nonbinding mediation, as specified. The bill would provide that unpaid claim amounts accrue interest at 7% per annum. The bill would prescribe a procedure by which a subcontractor or lower tier contractor may make a claim through the contractor.

This bill would require the text of these provisions, or a summary, to be set forth in the plans or specifications for any public work which may give rise to a claim. The bill would specify that a waiver of these rights is void and contrary to public policy, except as specified. The bill would also specify that it does not impose liability on a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

By increasing the duties of local agencies and officials, this bill would impose a state-mandated local program.

This bill would, on January 1, 2020, repeal the provision establishing the claim resolution process.

This bill would specify that these provisions constitute a matter of statewide concern.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

The people of the State of California do enact as follows:

SECTION 1. Section 9204 is added to the Public Contract Code, to read:

9204. (a) The Legislature finds and declares that it is in the best interests of the state and its citizens to ensure that all construction business performed on a public works project in the state that is complete and not in dispute is paid in full and in a timely manner.

(b) Notwithstanding any other law, including, but not limited to, Article 7.1 (commencing with Section 10240) of Chapter 1 of Part 2, Chapter 10 (commencing with Section 19100) of Part 2, and Article 1.5 (commencing with Section 20104) of Chapter 1 of Part 3, this section shall apply to any claim by a contractor in connection with a public works project.

(c) For purposes of this section:

(1) "Claim" means a separate demand by a contractor sent by registered mail or certified mail with return receipt requested, for one or more of the following:

(A) A time extension, including, without limitation, for relief from damages or penalties for delay assessed by a public entity under a contract for a public works project.

(B) Payment by the public entity of money or damages arising from work done by, or on behalf of, the contractor pursuant to the contract for a public works project and payment for which is not otherwise expressly provided or to which the claimant is not otherwise entitled.

(C) Payment of an amount that is disputed by the public entity.

(2) "Contractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who has entered into a direct contract with a public entity for a public works project.

(3) (A) "Public entity" means, without limitation, except as provided in subparagraph (B), a state agency, department, office, division, bureau, board, or commission, the California State University, the University of California, a city, including a charter city, county, including a charter county, city and county, including a charter city and county, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

(B) "Public entity" shall not include the following:

(i) The Department of Water Resources as to any project under the jurisdiction of that department.

(ii) The Department of Transportation as to any project under the jurisdiction of that department.

(iii) The Department of Parks and Recreation as to any project under the jurisdiction of that department.

(iv) The Department of Corrections and Rehabilitation with respect to any project under its jurisdiction pursuant to Chapter 11 (commencing with Section 7000) of Title 7 of Part 3 of the Penal Code.

(v) The Military Department as to any project under the jurisdiction of that department.

(vi) The Department of General Services as to all other projects.

(vii) The High-Speed Rail Authority.

(4) "Public works project" means the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind.

(5) "Subcontractor" means any type of contractor within the meaning of Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code who either is in direct contract with a contractor or is a lower tier subcontractor.

(d) (1) (A) Upon receipt of a claim pursuant to this section, the public entity to which the claim applies shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the claimant a written statement identifying what portion of the claim is disputed and what portion is undisputed. Upon receipt of a claim, a public entity and a contractor may, by mutual agreement, extend the time period provided in this subdivision.

(B) The claimant shall furnish reasonable documentation to support the claim.

(C) If the public entity needs approval from its governing body to provide the claimant a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the public entity shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the claimant a written statement identifying the disputed portion and the undisputed portion.

(D) Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. If the public entity fails to issue a written statement, paragraph (3) shall apply.

(2) (A) If the claimant disputes the public entity's written response, or if the public entity fails to respond to a claim issued pursuant to this section within the time prescribed, the claimant may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the public entity shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(B) Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the public entity shall provide the claimant a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the public entity issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the public entity and the claimant sharing the associated costs equally. The public entity and claimant shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each

party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside this section.

(C) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(D) Unless otherwise agreed to by the public entity and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

(E) This section does not preclude a public entity from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under this section does not resolve the parties' dispute.

(3) Failure by the public entity to respond to a claim from a contractor within the time periods described in this subdivision or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the public entity's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility or qualifications of the claimant.

(4) Amounts not paid in a timely manner as required by this section shall bear interest at 7 percent per annum.

(5) If a subcontractor or a lower tier subcontractor lacks legal standing to assert a claim against a public entity because privity of contract does not exist, the contractor may present to the public entity a claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the contractor present a claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor requesting that the claim be presented to the public entity shall furnish reasonable documentation to support the claim. Within 45 days of receipt of this written request, the contractor shall notify the subcontractor in writing as to whether the contractor presented the claim to the public entity and, if the original contractor did not present the claim, provide the subcontractor with a statement of the reasons for not having done so.

(e) The text of this section or a summary of it shall be set forth in the plans or specifications for any public works project that may give rise to a claim under this section.

(f) A waiver of the rights granted by this section is void and contrary to public policy, provided, however, that (1) upon receipt of a claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable; and (2) a public entity may prescribe reasonable change order, claim, and dispute resolution procedures and requirements in addition to the provisions of this section, so long as the contractual provisions do not conflict with or otherwise impair the timeframes and procedures set forth in this section.

(g) This section applies to contracts entered into on or after January 1, 2017.

(h) Nothing in this section shall impose liability upon a public entity that makes loans or grants available through a competitive application process, for the failure of an awardee to meet its contractual obligations.

(i) This section shall remain in effect only until January 1, 2020, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2020, deletes or extends that date.

SECTION 2.

The Legislature finds and declares that it is of statewide concern to require a charter city, charter county, or charter city and county to follow a prescribed claims resolution process to ensure there are uniform and equitable procurement practices.

SECTION 3.

If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

SPECIAL PROVISIONS
FOR
DRY CREEK GREENWAY EAST PHASE 1
MULTI-USE TRAIL PROJECT

SCOPE OF SPECIAL PROVISIONS

1. The work described in these Special Provisions must be done in conformance with the latest edition of the City of Roseville Standard Construction Specifications, City of Roseville Design and Construction Standards, and Caltrans Standard Specifications and Plans, except insofar as they may be modified by these Special Provisions.
2. Numbering in these Special Provisions conforms to that in the Standard Construction Specifications. The existence of a section in these Special Provisions means that the corresponding section in the Standard Construction Specifications is modified in some respect. Unless otherwise specified, the Standard Construction Specification Provisions are deleted entirely, and the provisions of these Special Provisions are substituted.
3. The construction materials, payment, etc., for items of work shown in the proposal and on the plans, but not specifically mentioned in these Special Provisions are referred to the Standard Construction Specifications for conformance.

ORGANIZATION

Special provisions are under headings that correspond with the main-section headings of *the State Standard Specifications*. A main-section heading is a heading shown in the table of contents of the *Standard Specifications*.

Each special provision begins with a revision clause that describes or introduces a revision to *the State Standard Specifications* as revised by any revised standard specification.

Any paragraph added or deleted by a revision clause does not change the paragraph numbering of the *State Standard Specifications* for any other reference to a paragraph of the *State Standard Specifications*.

AA

DIVISION I GENERAL PROVISIONS

1 GENERAL

Add to section 1-1.07B:

Definitions and Abbreviations – Whenever in the State Standard Specifications, Special Provisions, Notice to Contractors, Proposal, Contract, or other contract documents the following abbreviations and terms are used, the intent and meaning shall be interpreted as follows:

<u>Abbreviation or Term</u>	<u>Intent and Meaning</u>
AGENCY	The Department of Public Works, City of Roseville
CITY	The City of Roseville and its applicable Departments
CITY COUNCIL	City Council of the City of Roseville, a Charter City in the State of California
CALTRANS	State of California, Department of Transportation
DEPARTMENT	The Department of Public Works, City of Roseville
STATE STANDARD SPECIFICATIONS	The State Standard Specifications issued by the State of California, Department of Transportation, dated 2015, and subsequent Revised Standard Specifications
ADMINISTRATOR	The Director of Public Works/City Engineer, as created by law; also the City Engineer

ENGINEER	City Engineer, and agents or assistants duly authorized by the Director of the Public Works to act on his behalf
DEPARTMENT OF TRANSPORTATION	State of California Agency
DEPARTMENT OF INDUSTRIAL RELATIONS	State of California Agency
DIVISION OF LABOR STANDARDS ENFORCEMENT	State of California Agency

Replace the following definitions in section 1-1.07B:

Director: Director of Public Works, City of Roseville

Engineer: City Engineer, and agents or assistants duly authorized by the Director of the Public Works to act on his behalf

Delete Columbus Day in Holidays table in section 1-1.07B:

AA

2 BIDDING

Add to section 2-1.01:

The bidder's attention is directed to the provisions in Section 2, "Bidding" of the State Standard Specifications and these special provisions for the requirements and conditions which the bidder must observe in the preparation of the proposal form and the submission of the bid.

The City of Roseville makes the following supplemental project information available:

Means	Description
Included as Appendix	1. California Department of Fish and Wildlife—Streambed Alteration 1602 Agreement (Pending) 2. U.S. Army Corps of Engineers – 404 Nationwide Permit 14 3. Central Valley Regional Water Quality Control Board – 401 Water Quality Certification (WDID#5A31CR00583) 4. California Department of Transportation (Caltrans) Encroachment Permit (03-23-N-MC-0036) 5. Central Valley Flood Protection Board (Pending)
Available for inspection at: City of Roseville	Final Geotechnical Design Report, Dry Creek Greenway East Phase 1, dated April 2021 Final Foundation Report, Dry Creek Greenway East Phase 1, Bridge 2, 4 and 14, dated April 2021 Final Geotechnical Report, Dry Creek Greenway East Phase 1, Linda Creek Bank Stabilization (Mallard Lane), dated April 2021 Final Foundation Report, Dry Creek Greenway East Phase 1 Project, Darling Way Bridge (Widen) Bridge No. 19C-0033, dated April 2021

In addition to the subcontractors required to be listed in conformance with Section 2-1.10, "Subcontractor List" of the State Standard Specifications, each proposal must have listed therein the portion of work that will be done by each subcontractor listed. A sheet for listing the subcontractors is included in the Proposal.

3 CONTRACT AWARD AND EXECUTION

Replace paragraph of Section 3-1.06 with:

The Contractor must be properly licensed as a contractor from contract award through Contract acceptance (Public Contract Code § 10164).

AA

4 SCOPE OF WORK

Replace section 4-1.03 with:

The construction of the Dry Creek Greenway East Phase 1 Multi-Use Trail Project includes the following improvements:

1. Construction of multi-use path along from Darling Way to Rocky Ridge Drive.
2. Construction of Trailhead Parking Lot and restroom off Riverside Avenue.
3. Trail connections to Sunrise Avenue, Meadow Gate Drive and Meadowlark Way.
4. Widening of Darling Way bridge, construction of three prefabricated steel truss bridges.
5. Replacement of existing 12" cast iron pipe water line on the south side of Darling Way bridge.
6. Construction of 15 retaining walls and two gabion basket walls.
7. Installation of a pedestrian crossing warning system and lighting of undercrossing at Sunrise Avenue and Interstate 80.

The work includes improvements including but not limited to clearing and grubbing, tree removal, implementation of environmental and permitting mitigation requirements, excavation, multi-use trail construction and paving, bridge and retaining wall construction, stone toe protection, rock slope protection, grading and erosion control measures, trailhead construction, underpass lighting, water line improvements, pedestrian crossing warning system, drainage, utilities, signage and striping, and all other improvements as shown on contract plans.

Add to section 4-1.06 with:

Attention is directed to Section 4-1.06, "Differing Site Conditions" of the State Standard Specifications.

During the progress of the work, if subsurface or latent conditions are encountered at the site differing materially from those indicated in the "Materials Information," log of test borings, other geotechnical data obtained by the Department's investigation of subsurface conditions, or an examination of the conditions above ground at the site, the party discovering those conditions must promptly notify the other party in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

The Contractor will be allowed 15 days from the notification of the Engineer's determination of whether or not an adjustment of the contract is warranted, in which to file a notice of potential claim in conformance with the provisions of Section 9-1.17D(2), "Claim Statement" of the State Standard Specifications and as specified herein; otherwise the decision of the Engineer must be deemed to have been accepted by the Contractor as correct. The notice of potential claim must set forth in what respects the Contractor's position differs from the Engineer's determination and provide any additional information obtained by the Contractor, including but not limited to additional geotechnical data. The notice of potential claim must be accompanied by the Contractor's certification that the following were made in preparation of the bid: a review of the contract, a review of the "Materials Information," a review of the log of test borings and other

records of geotechnical data to the extent they were made available to bidders prior to the opening of bids, and an examination of the conditions above ground at the site. Supplementary information, obtained by the Contractor subsequent to the filing of the notice of potential claim, must be submitted to the Engineer in an expeditious manner.

Add to section 4-1.13 with:

The Contractor must use a power washer to remove all reference markings (i.e. USA markings, striping reference points, utility reference points, etc.)

Full compensation for conforming to these requirements is considered as included in the contract price paid for various items of work and no additional compensation will be allowed therefor.

AA

5 CONTROL OF WORK

Add to section 5-1.01 with:

For the award of the "Project", the City and the Resident Engineer will provide inspection on an eight-hour (8) day and a forty-hour (40) week (Monday through Friday) basis only. The Contractor must reimburse the City at a rate of **\$175 per hour** and the Resident Engineer at \$225 per hour for all inspection in excess of those hours listed above, including designated holidays and weekends. Requests for authorization to perform work outside the hours of 7:00 a.m. to 4:00 p.m., Monday through Friday, must be made in writing at least 48 hours in advance.

Attention is directed to Section 7-1.03," Public Convenience" of the State Standard Specifications concerning project working hours.

Designated holidays are observed: New Year's Day, Martin Luther King Day, Presidents Day, Memorial Day, 4th of July, Labor Day, Veterans Day, Thanksgiving Day, the day after Thanksgiving and Christmas Day. When a designated holiday falls on a Saturday or Sunday, the preceding Friday or following Monday (respectively) shall be a designated holiday.

The Contractor must provide a competent person during normal working hours to assist the Engineer, when required, in checking lines and grades of the Contractor's layout and for measuring quantities for payment purposes. The Contractor must cooperate with the Engineer so that checking, and measuring may be accomplished with the least interference to the Contractor's operations. No additional compensation will be made to the Contractor for fulfilling this requirement.

Attention is directed to Section 81-4 (E) and 91-4 (E) of the City of Roseville Construction Standards regarding trenching within the existing roadway.

Replace the 2nd paragraph in section 5-1.02 with:

Any discrepancies or omissions found in the Contract Documents must be reported to the Engineer immediately. The Engineer will clarify discrepancies or omissions, in writing, within a reasonable time.

In resolving inconsistencies among two or more sections of the Contract Documents, precedence is given in the following order:

- A. Notice to Contractors
- B. Special Provisions
- C. Project Drawings
- D. City of Roseville Standard Construction Specifications (Latest Editions)
- E. City of Roseville Design and Construction Standards and Amendments (Latest Editions)
- F. City of Roseville Parks Construction Standards (Latest Edition)
- G. 2015 Revised Standard Specifications
- H. 2015 Caltrans Standard Specifications
- I. 2015 State Revised Standard Plans
- J. 2015 State Standard Plans
- K. Supplemental Project Information

Addenda take precedence over all sections referenced therein. Figure dimensions on Drawings take precedence over scale dimensions. Detailed Drawings take precedence over general Drawings.

Replace section 5-1.05 with:

5-1.05 ORDER OF WORK

Prior to beginning work, the boundaries of the Environmentally Sensitive Areas (ESA) must be clearly delineated in the field. The boundaries must be delineated by the installation of temporary high-visibility fence.

Five working days prior to the start of any work, including grading, a qualified biologist, retained by the City will conduct mandatory Contractor/worker awareness training for construction personnel. The awareness training will be provided to all construction personnel to brief them on the need to avoid impacts on biological resources and the penalties for not complying with biological mitigation requirements. If new construction personnel are added to the project, the Contractor will ensure that the personnel receive the mandatory training from the biologist, or qualified person, before starting work.

Prior to mobilization, the Contractor must contact Underground Service Alert (U.S.A.).

Attention is directed to "Water Pollution Control" of the State Standard Specifications regarding the submittal and approval of the Contractor prepared Stormwater Pollution Prevention Plan, prior to performing work having potential to cause water pollution.

The Contractor must also prepare a traffic control plan that conforms to Section 12, "Construction Area Traffic Control Devices" of the City of Roseville Construction Standards, the California MUTCD and as described within these Special Provisions prior to construction. The traffic control plan must be approved by the City of Roseville Public Works Traffic Section.

Attention is directed to "Progress Schedule" of these special provisions regarding the submittal of a general time-scaled logic diagram within 10 days after approval of the contract.

The first order of work shall be to place the order for long lead time materials and equipment including electrical materials that will be furnished by the Contractor for this project. The

Contractor must place the order within 15 working days after the Notice to Proceed and after approval of the submittal. Should the City have to supply the Contractor with material and/or equipment to do the work, the Contractor will be charged accordingly per agreed upon cost. The Contractor must furnish the Engineer with a statement from the equipment vendor(s) that the order for said equipment has been received and accepted by said vendor(s). Said statement must include an anticipated date of delivery of said equipment to the Contractor. Said statement must be furnished to the Engineer within 15 calendar days of the Contractor's receipt of the Notice to Proceed. Lighting equipment must be completed by the end of the Contract. The Contractor must pay liquidated damages per the Special Provisions of this document if the installation of lighting cannot be completed within the above time frame.

The Contractor is responsible for determining the means and methods to obtain access to each of the proposed bridge sites and retaining wall locations. Areas for possible temporary bridge crossing of Dry Creek are shown on the plans. Temporary creek crossings are shown in the permit documents. All temporary creek crossings and temporary bridge crossings must adhere to all applicable requirements in the approved project permits. Temporary bridges will not be permitted to remain in place between October 15 and May 1. Full compensation for all work associated with temporary creek crossings, creek diversions, and temporary bridge crossings are considered as included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

The Contractor is responsible for determining the means and methods to construct the bridges and retaining walls. Contractor's attention is directed to environmentally sensitive areas, right of way and temporary construction easements, permitting requirements, and existing physical improvements shown on the plans that will need to be considered and requirements adhered to, when determining the means and methods for construction. Contractor should anticipate shoring to avoid private property, right of way, environmentally sensitive areas, creek, existing structures and utility impacts. Full compensation for all work associated with methods required to construct the bridges and retaining walls, including all shoring and temporary excavation, are considered as included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

The Contractor must coordinate with property owners regarding existing fences and gates within the work area prior to removal of said facilities. Where no fence exists, Contractor must erect a temporary movable chain link fence along the northerly easement line. The temporary fence must remain until completion of the property owners fence or completion of the project, whichever occurs first.. This temporary fencing is to allow property owners to re-erect fences along the property or easement line. If the property owner already has a fence on or immediately adjacent to the easement or property line, care shall be taken to not impact or damage this fence during construction activities. Any damage and repairs required will be repaired by the Contractor at the Contractor's cost.

Where improvements are immediately adjacent to property owners with landscaped or irrigated areas, Contractor must coordinate with the property owner to confirm the irrigation system to confirm irrigation system is not in conflict with, or has been relocated outside, the project improvements, and is in good working condition. Any damage to the existing irrigation by the Contractor must be repaired by the Contractor at the Contractor's cost.

The Contractor must coordinate with the Parks Construction Inspector prior to disturbing the existing landscape and irrigation owned by the City. The Contractor must field verify the locations of existing irrigation systems prior to construction activities. All new components and landscaping must be per the latest version of the Parks Standards. No disruption of the existing irrigation watering system will be allowed during construction. All adjacent systems must maintain automatic programmed watering schedules throughout the construction. The Contractor is

responsible for repairing or replacing and adjusting any portions of the existing irrigation systems impacted during construction of the improvements of this Contract. Existing sod and shrubs areas impacted by construction activities must be per the latest version of the Parks Standards. Time is of the essence on this contract, and the order of all other work must be such as to assure the completion of the project within the allotted working days as described herein while complying with the requirements set forth in the plans, specifications and contract document. Full compensation for conforming to these requirements will be considered as included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

Contractor is responsible for obtaining a building permit prior to beginning construction of the restroom located in the trailhead parking area adjacent to Riverside Avenue. All work and fees associated with obtaining this permit is considered as included in the lump sum price paid for Prefabricated Restroom and no additional payment will be made therefor.

Following the completion of the work, the Contractor must provide the City with a copy of the record as-built drawings.

Replace paragraphs of section 5-1.13B(1) with:

Use each DBE subcontractor as listed on Exhibit 12-B *Bidder's List of Subcontractors (DBE and Non-DBE)* and Exhibit 15-G *Construction Contract DBE Commitment* form unless you receive authorization for a substitution.

The Agency requests the Contractor to:

1. Notify the Engineer of any changes to its anticipated DBE participation
2. Provide this notification before starting the affected work
3. Maintain records including:
 - 3.1. Name and business address of each 1st-tier subcontractor
 - 3.2. Name and business address of each DBE subcontractor, DBE vendor, and DBE trucking company, regardless of tier
 - 3.3. Date of payment and total amount paid to each business

If you are a DBE contractor, include the date of work performed by your own forces and the corresponding value of the work.

Before the 15th of each month, submit a Monthly DBE Trucking Verification form.

If a DBE is decertified before completing its work, the DBE must notify you in writing of the decertification date. If a business becomes a certified DBE before completing its work, the business must notify you in writing of the certification date. Submit the notifications. On work completion, complete a Disadvantaged Business Enterprises (DBE) Certification Status Change, Exhibit 17-O, form. Submit the form within 30 days of contract acceptance.

Upon work completion, complete Exhibit 17-F *Final Report – Utilization of Disadvantaged Business Enterprises (DBE), First-Tier Subcontractors*. Submit it within 90 days of contract acceptance. The Agency will withhold \$10,000 until the form is submitted. The Agency releases the withhold upon submission of the completed form.

Replace section 5-1.13B(2) with:

5-1.13B(2) Performance of Disadvantaged Business Enterprises

DBEs must perform work or supply materials as listed in the Exhibit 15-G *Construction Contract DBE Commitment* form, included in the Bid.

Do not terminate or substitute a listed DBE for convenience and perform the work with your own forces or obtain materials from other sources without authorization from the Agency.

The Agency authorizes a request to use other forces or sources of materials if it shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. You stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet your bond requirements.
3. Work requires a contractor's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials.
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Contract
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. Agency determines other documented good cause.

Notify the original DBE of your intent to use other forces or material sources and provide the reasons. Provide the DBE with 5 days to respond to your notice and advise you and the Agency of the reasons why the use of other forces or sources of materials should not occur. Your request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from you to the DBE regarding the request.
3. Notices from the DBEs to you regarding the request.

If a listed DBE is terminated or substituted, you must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet the DBE goal.

The substitute DBE must be certified as a DBE at the time of request for substitution.

Unless the Agency authorizes (1) a request to use other forces or sources of materials or (2) a good faith effort for a substitution of a terminated DBE, the Agency does not pay for work listed on the Exhibit 15-G *Construction Contract DBE Commitment* form unless it is performed or supplied by the listed DBE or an authorized substitute.

Add to section 5-1.20A with:

Contractor must coordinate with Roseville Electric and City of Roseville Environmental Utilities Department who will be performing work on this project.

Add to section 5-1.20B with:

In addition to the requirements of Section 5-1.20B of the State Standard Specifications, the Contractor must obtain a business license from the City of Roseville prior to performing work.

The City of Roseville has received the following permits and a copy of the permits can be found in the appendices.

Permit	Approval Date
U.S. Army Corps of Engineers – 404 Nationwide Permit	TBD
California Department of Fish and Wildlife– Streambed Alteration Agreement	TBD
Central Valley Regional Water Quality Control Board	November 22, 2022
Caltrans - Encroachment Permit	January 26, 2023
Central Valley Flood Protection Board	TBD

The Contractor must comply with all permit conditions and requirements. If, for any reason, the permit time limits need to be extended, it is the Contractor's sole responsibility to request such extension(s) from the City and to pay any additional fees associated with the permit extension(s). Refer to sections elsewhere in these special provisions for more detail on permits.

No separate measurement or payment must be made for compliance with permit requirements, extensions or preparation and approval of Contractor's work plan and dewatering plan. The Contractor must include the costs associated with these items in the various bid items to which the Work relates.

Add to section 5-1.20B with:

The City of Roseville has an easement and maintenance agreement with Caltrans. The project includes work in Caltrans right of way at the Interstate 80 underpass. The Contractor must apply for a Caltrans Encroachment Permit (double permit), at the Contractor's expense, before starting work in Caltrans right of way. The Contractor must provide a copy of the approved Encroachment Permit to the Engineer.

Replace section 5-1.20E with:

5-1.20E Water Meter Charges

Section 5-1.20E applies if a bid item for water meter charges is shown on the Bid Item List.

The local water authority is City of Roseville, Department of Utilities.

The local water authority will install the water meters.

The charges for water meters are available at the following link

https://www.roseville.ca.us/government/departments/environmental_utilities/at_your_service/water_supply/hydrant_permits

The charges by the local water authority include:

1. Furnishing and installing each water meter
2. Connecting to the local water authority's main water line, including any required hot tap or tee
3. Furnishing and installing an extension pipe from the main water line to the water meter

4. Sterilizing the extension pipe

Make arrangements and pay the charges for installation of the water meters.

If the charge is changed at the time of installation, the Department adjusts the lump sum price based on the difference between the specified charges and the changed charges.

Replace the paragraphs in section 5-1.26 with:

The requirements specified in the entire section of the State Standard Specifications are replaced as follows:

The Contractor is responsible to provide all surveys to control the lines, elevations, and dimensions of the work in conformance with the plans. Any deviation from the lines, elevations and dimensions shown on the plans must receive prior approval from the Engineer.

The Contractor is responsible for accuracy of his/her own layout work and is responsible and liable for the preservation of all established lines, grades, and layout points. Stakes damaged or destroyed by the public or operations of the Contractor will be replaced by the Contractor at his/her expense. The Contractor must submit all survey records to the Resident Engineer for the project records.

The Contractor is responsible for preparing the as-built drawings.

Full compensation for conforming to these requirements will be considered as included in the prices paid for the various contract items of work and no additional compensation will be allowed therefor.

Add to section 5-1.32 with:

Attention is directed to the provisions in Section 5-1.32, "Areas for Use" of the Standard Specifications and these special provisions.

The roadway right of way must be used only for purposes that are necessary to perform the required work. The Contractor must not occupy the right of way, or allow others to occupy the right of way, for purposes which are not necessary to perform the required work. The Contractor must not park any vehicles along residential streets within the project limits.

Areas have been identified on the plans for possible use as staging areas for the Contractor.

City owned property, easements and right of way must be used only for purposes that are necessary to perform the required work. The Contractor must not occupy the property, easements, or right of way, or allow others to occupy these, for purposes which are not necessary to perform the required work.

The Contractor must remove equipment, materials, and rubbish from the work areas and other City-owned property which the Contractor occupies. The Contractor must leave the areas in a presentable condition in conformance with the provisions in Section 4-1.13, "Cleanup" of the State Standard Specifications.

The Contractor must secure, at the Contractor's own expense, any other areas required for plant sites, storage of equipment or materials or for other purposes, if sufficient area is not available to the Contractor within the contract limits.

Add to the end of section 5-1.32:

Personal vehicles of your employees must not be parked on the traveled way or shoulders, including sections closed to traffic.

Add to section 5-1.36A with:

The Contractor must replace, in kind or as approved by the Parks Department, the existing sod, shrubs and irrigation system impacted by the construction activities. Full compensation for conforming to these requirements is considered as included in the contract price paid for various items of work and no additional compensation will be allowed therefor.

Add between the 2nd and 3rd paragraphs of section 5-1.36C(3):

Installation of the utilities shown in the following table requires coordination with your activities. Make the necessary arrangements with the utility company through the Engineer and submit a schedule:

1. Verified by a representative of the utility company
2. Allowing at least the time shown for the utility owner to complete its work

Utility Relocation and Contractor-Arranged Time for the Relocation

Utility	Utility address	Location	Working days
<u>PG&E – 4" gas</u>		<u>On north side of Darling Way Bridge over Dry Creek</u>	<u>10 working days for removal</u> <u>10 working days for installation of new facility</u>
<u>City of Roseville – 12" Water</u>		<u>On west side of Sunrise Avenue Bridge</u>	<u>Contractor to relocate facility.</u> <u>Contractor to arrange shut down of service with City Department of Utilities.</u>
<u>City of Roseville – 12" Water</u>		<u>On south side of Darling Way Bridge</u>	<u>Contractor to replace facility.</u> <u>Contractor to arrange shut down of service with City Department of Utilities.</u>

Add to section 5-1.36D with:

The City of Roseville is a member of the Underground Service Alert (USA). The Contractor must notify USA 1-800-642-2444 at least 72 hours in advance of beginning work on the project. The Contractor is cautioned that there may be underground and overhead utility facilities within the work area including telephone, electrical, cable television, gas, water and sanitary sewer transmission facilities, and storm drainage collection facilities.

Where possible conflicts may exist, the Contractor must verify the grade and location of existing underground utility prior to any work by careful hand digging.

It is recognized by the City and the Contractor that the locations of existing utilities as shown on the plans are approximate, their actual location is unknown. Recognition is given to the fact there may be additional existing utilities unknown to either party to the contract. Location of utilities, as shown on the drawings, represents the best information obtainable from utility maps and information furnished by the various agencies and companies involved. The City warrants neither the accuracy nor the extent of the actual utilities involved.

All existing utilities are to remain in service and operational during construction. The Contractor is responsible to coordinate all his/her activities with all utility companies for the installation of the utilities that are shown to be done by the respective utility owners. Contractor must coordinate with PG&E regarding the removal of the existing gas pipe and installation of the new gas facility on Darling Way bridge. The Contractor must coordinate with City of Roseville Environmental Utilities Department regarding the replacement of the water pipe on Darling Way bridge and relocation of the water line on Sunrise Avenue bridge. The Contractor must make necessary arrangements with the utility company through the Engineer and submit a schedule that is verified by a representative of the utility company and allowing at least the time shown for the utility owner to complete its work.

The Contractor must coordinate with City of Roseville Environmental Utilities Department regarding the work associated with the service connections and metering for the irrigation, potable water and sewer at the trailhead on Riverside Avenue.

Perform all operations necessary to excavate, expose, and verify the location of existing utility mains and laterals that may cross or be in conflict with the proposed facilities and at tie-in locations.

Notify Underground Service Alert (USA) at 1-800-642-2444 and all utility companies which have underground facilities within the limits of work 72 hours before beginning any excavation work.

Where a possible at-grade conflict with existing underground utilities appears on the plans, determine its location a minimum of 100 feet ahead of the work prior to trenching unless prior pothole information is shown. Grade and alignment changes must be made only if approved by the Engineer.

The horizontal and vertical locations shown for the existing underground utilities are approximate. It is the Contractor responsibility to locate all utility lines in the construction area prior to excavation. Any damage to existing utility, structure, or service, whether or not indicated on the plans must be repaired at the Contractor's expense in a manner approved by the Engineer.

Submit a report for each pothole. The report must be typed and clearly drawn to show all necessary details, including:

1. Sketch showing the location, date, depth, conditions encountered, person in charge of potholing, and any other information requested by the Engineer
2. Utility and City Public Work person(s) notified

Do not proceed with excavation operations where underground utilities lie as shown on the plans or marked by USA until related potholing work has been completed to the satisfaction of the Engineer. Notify the Engineer of any potential conflicts with underground utilities.

Hand dig as necessary to protect existing utilities.

Notify the Engineer of conflicts in which there is less than two foot of separation between the existing and proposed utility.

In the event the Contractor discovers utilities not identified on the plans or by the utilities, the Contractor must immediately notify the Engineer and the utility owners by the most expeditious method reasonably available and later confirm in writing.

Full compensation for conforming to the requirements of this section, not otherwise provided for, is considered as included in the prices paid for the various contract items of work involved and no additional compensation will be allowed therefor.

AA

6 CONTROL OF MATERIALS

Add to section 6-1.03 of the RSS:

6-1.03B Submittals

6-1.03B(1) General

Not Used

6-1.03B(2) Work Plan

For local material, such as rock, gravel, earth, structure backfill, pervious backfill, imported borrow, and culvert bedding, obtained from a (1) noncommercial source, or (2) source not regulated under California jurisdiction, submit a local material plan for each material at least 60 days before placing the material. The local material plan must include:

1. Certification signed by you and an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State stating:

I am aware local material from a noncommercial source or a source not regulated under CA jurisdiction must be sampled and analyzed for pH and lead and may require sampling and analysis under section 6-1.03B(3) for other constituents of concern based on the land use history. I am aware that local material sources must not contain ADL at concentrations greater than 80 mg/kg total lead or equal to or greater than 5 mg/L soluble lead as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II. I am aware that a maximum quantity of material may be excavated at the site based on the minimum number of samples taken before excavating at the site under section 6-1.03B(3).

2. Land use history of the local material location and surrounding property
3. Sampling protocol
4. Number of samples per volume of local material
5. QA and QC requirements and procedures
6. Qualifications of sampling personnel
7. Stockpile history
8. Name and address of the analytical laboratory that will perform the chemical analyses
9. Analyses that will be performed for lead and pH
10. Other analyses that will be performed for possible hazardous constituents based on:
 - 10.1. Source property history
 - 10.2. Land use adjacent to source property
 - 10.3. Constituents of concern in the ground water basin where the job site is located

The plan must be sealed and signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State.

If the plan requires revisions, the Engineer provides comments. Submit a revised plan within 7 days of receiving comments. Allow 7 days for the review.

6-1.03B(3) Analytical Test Results

At least 15 days before placing local material, submit analytical test results for each local material obtained from a noncommercial source or a source not regulated under CA jurisdiction. The analytical test results must include:

1. Certification signed by an engineer who is registered as a civil engineer in the State or a professional geologist licensed as a professional geologist by the State stating:

The analytical testing described in the local material plan has been performed. I performed a statistical analysis of the test results using the US EPA's ProUCL software with the applicable 95 percent upper confidence limit. I certify that the material from the local material source is suitable for unrestricted use at the job site, it has a pH above 5.0, does not contain soluble lead in concentrations equal to or greater than 5mg/l as determined by the Waste Extraction Test (WET) Procedures, 22 CA Code of Regs § 66261.24(a)(2) App II, does not contain lead in concentrations above 80 mg/kg total lead, is free from all other contaminants identified in the local material plan, and will comply with the job site's basin plan and water quality objectives of the RWQCB.

2. Chain of custody of samples
3. Analytical results no older than 1 year
4. Statistical analysis of the data using US EPA's ProUCL software with a 95 percent upper confidence limit
5. Comparison of sample results to hazardous waste concentration thresholds and the RWQCB's basin plan requirements and water quality objectives for the job site location

6-1.03B(4) Sample and Analysis

Sample and analyze local material from a (1) noncommercial source or (2) source not regulated under CA jurisdiction:

1. Before bringing the local material to the job site
2. As described in the local material plan
3. Under US EPA Test Methods for Evaluating Solid Waste, Physical/Chemical Methods (SW-846)

The sample collection must be designed to generate a data set representative of the entire volume of proposed local material.

Before excavating at the (1) noncommercial material source or (2) a source not regulated under CA jurisdiction, collect the minimum number of samples and perform the minimum number of analytical tests for the corresponding maximum volume of local material as shown in the following table:

Minimum Number of Samples and Analytical Tests for Local Material

Maximum volume of imported borrow (cu yd)	Minimum number of samples and analytical tests
< 5,000	8
5,000–10,000	12 for the first 5,000 cu yd plus 1 for each additional 1,000 cu yd or portion thereof
10,000–20,000	17 for the first 10,000 cu yd plus 1 for each additional 2,500 cu yd or portion thereof
20,000–40,000	21 for the first 20,000 cu yd plus 1 for each additional 5,000 cu yd or portion thereof
40,000–80,000	25 for the first 40,000 cu yd plus 1 for each additional 10,000 cu yd or portion thereof
> 80,000	29 for the first 80,000 cu yd plus 1 for each additional 20,000 cu yd or portion thereof

Do not collect composite samples or mix individual samples to form a composite sample.

Analyze the samples using the US EPA's ProUCL software with a 95 percent upper confidence limit. All chemical analysis must be performed by a laboratory certified by the SWRCB's Environmental Laboratory Accreditation Program (ELAP).

The analytical test results must demonstrate that the local material:

1. Is not a hazardous waste

2. Has a pH above 5.0
3. Has an average total lead concentration, based upon the 95 percent upper confidence limit, at or below 80 mg/kg
4. Is free of possible contaminants identified in the local material plan
5. Complies with the RWQCB's basin plan for the job site location
6. Complies with the RWQCB's water quality objectives for the job site location

6-1.03C Local Material Management

Do not place local material until authorized.

If the Engineer determines the appearance, odor, or texture of any delivered local material suggests possible contamination, sample and analyze the material. The sampling and analysis is change order work unless (1) hazardous waste is discovered or (2) the analytical test results indicate the material does not comply with section 6-1.03B(3).

Dispose of noncompliant local material at an appropriately permitted CA Class I, CA Class II or CA Class III facility. You are the generator of noncompliant local material.

Add to section 6-1:

6-1.06 BUY CLEAN CALIFORNIA ACT

6-1.06A General

The following materials or products are subject to the Buy Clean California Act (Pub Cont Code § 3500 et seq.):

Material or product	Material specifications
Carbon steel rebar	Section 52-1.02B, "Bar Reinforcement"
Structural steel	Section 55-1.02D(1), "General," – Structural Steel table or Section 99, "Building Construction"
Flat glass	Section 99, "Building Construction"
Mineral wool board insulation	Section 99, "Building Construction"

For product category rules and North America program operators for applicable materials or products, go to the METS website.

For projects with bid opening dates after November 30, 2018, through November 30, 2019, the Department collects existing environmental product declarations for materials or products subject to the Buy Clean California Act.

6-1.06B Definitions

environmental product declaration: Independently verified document created and verified in accordance with International Organization for Standardization (ISO) 14025 for Type III environmental declarations that identifies the global warming potential emissions of the facility-specific material or product through a product stage life cycle assessment.

product category rule: Program operator established rule based on the science of life cycle assessment that governs the development of the environmental product declaration for the material or product.

product stage: Boundary of the environmental product declaration that includes (1) raw material supply, (2) transportation processes, and (3) processing operations, including operations such as melting, mixing, fabrication, finishing, curing, cooling, trimming,

packaging and loading for transport delivery. Commonly referred to as a "cradle-to-gate" life cycle assessment.

program operator: Independent agency that supervises and confirms the full environmental product declaration development process in accordance with ISO 14025.

raw material supply: Upstream processes which can include allocations, extraction, refinement, reclamation, handling and processing of the constituents used in producing the material or product.

transportation processes: Includes transportation of raw, reclaimed or recycled material constituents from the supplier to the gate of the manufacturer, producer or fabricator. Includes transport of related waste products.

6-1.06C Submittals

At least 15 days before submitting environmental product declarations, you must register on the Department's Data Interchange for Materials Engineering. Follow the registration process at:

<https://dime.dot.ca.gov/>

Submit available environmental product declarations for applicable materials or products as informational submittals to the Department's Data Interchange for Materials Engineering and provide PDF copies to the Engineer.

Add to section 6-2.01A with:

Material testing for this project will be provided by the City as set forth in Section 6 "Control of Materials" of the State Standard Specifications.

The City uses a Quality Assurance Program (QAP) to ensure a material is produced to comply with the Contract.

Samples, certificates of compliance, list of materials and material sources, access to facilities, requests for testing and all other data relating to material testing shall conform to Section 6 "Control of Materials" of the State Standard Specifications. Contractor shall provide the Engineer with three (3) working days' notice of the need for materials testing.

The Engineer will deduct the costs for testing of materials and work found to be unacceptable, as determined by the tests performed by the Department, and the costs for testing of material sources identified by the Contractor which are not used for the work, from moneys due or to become due to the Contractor. The amount deducted will be determined by the Engineer.

Full compensation for conforming to all requirements specified in this section, "Control of Materials," shall be considered as included in the contract price paid for other items of work and no additional compensation will be allowed.

AA

7 LEGAL RELATIONS AND RESPONSIBILITY TO THE PUBLIC

Add to section 7-1.02M(2) of the RSS:

Hydrocarbon-fueled engines, both stationary and mobile, must be equipped with spark arresters pursuant to Pub Res Code § 4442 except for either of the following:

1. Motor trucks, truck tractors, buses, or passenger vehicles
2. Equipment powered by properly maintained exhaust-driven turbo-charged engines or equipped with scrubbers with properly maintained water levels

Each toilet must have a metal ashtray at least 6 inches in diameter by 8 inches deep, half-filled with sand, and within easy reach of anyone accessing the facility.

Locate flammable materials at least 50 feet away from equipment service, parking, and gas or oil storage areas. Each small mobile or stationary engine site must be cleared of flammable material for a radius of at least 15 feet from the engine.

Before clearing and grubbing, clear a fire break at the outer limits of the areas to be cleared and grubbed. Where clearing and grubbing limits allow, use a minimum fire break width of 20 feet. Each area to be cleared and grubbed must be cleared and kept clear of flammable material such as dry grass, weeds, brush, downed trees, oily rags and waste, paper, cartons, and plastic waste.

Cal Fire, USFS, and BLM have established the following adjective class ratings for 5 levels of fire danger for use in public information releases and fire protection signing: "low," "moderate," "high," "very high," "extreme." Obtain the fire danger rating daily for the project area from the nearest Cal Fire unit headquarters, USFS ranger district office, or BLM field office. Monitor the National Weather Service daily forecasts for "fire weather watches" and "red flag warnings" covering the project's locations.

If the fire danger rating is "extreme", or "very high" or a "fire weather watch" is issued, then:

1. Falling of dead trees or snags must be discontinued.
2. No open burning is permitted and fires must be extinguished.
3. Welding must be discontinued except in an enclosed building or within an area cleared of flammable material for a radius of 25 feet.
4. Blasting must be discontinued.
5. Smoking is allowed only in automobiles and cabs of trucks equipped with an ashtray or in cleared areas immediately surrounded by a fire break unless prohibited by other authority.
6. Vehicular travel is restricted to cleared areas except in case of emergency.
7. Notify the City of Roseville Fire Department of planned activities on

If the fire danger rating is "extreme" or a "red flag warning" is issued, take the precautions specified for a "very high" fire danger rating or a "fire weather watch" issuance, except:

1. Smoking is only allowed in automobiles and cabs of trucks equipped with an ashtray.
2. Work of a nature that could start a fire requires that properly equipped fire guards be assigned to such operation for the duration of the work.

The Engineer may suspend work wholly or in part due to hazardous fire conditions. The days during this suspension are non-working days. If field and weather conditions become such that the work is suspended, section 7-1.02M(2) will not be enforced for the period of the suspension.

Replace the 10th paragraphs of section 7-1.03 with:

Install signs, lights, flares, Type K temporary railing, barricades and other facilities to direct traffic. Provide flaggers and bicycle traffic control/detour plans whenever necessary to direct the movement of the public through or around the work. Flagging must comply with section 12-1.

Add to section 7-1.03:

The use of flagmen, barricades and construction signing shall comply with the current edition of the MUTCD and/or State of California Manual of Traffic Controls for "Construction and Maintenance Work Zones" or as required by the Engineer. All construction traffic control devices shall be in place and operational prior to beginning work or different phases throughout the contract.

The Contractor shall submit at the Pre-Construction meeting a plan showing traffic control measures, haul routes and / or detours for vehicles and pedestrians affected by the construction work to the Engineer for review and acceptance. A minimum of 5 working days will be required to review and provide the Contractor with comments on the plan. The Contractor will not be allowed to begin work until a traffic control plan has been accepted by the Engineer. A copy of the traffic control plan/detour plan must be kept at the job site at all times.

Unless otherwise approved by the City or provided for in these specifications, construction activities which are under City contract shall not be permitted at any time other than between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, and between the hours of 8:00 a.m. and 8:00 p.m. on Saturday, when approved by the City, including state, federal and designated holidays.

The Contractor shall be responsible for informing the public of the traffic conditions existing within the construction area at all times by placement of appropriate warning and advisory signs. The Contractor shall provide and maintain all traffic control and safety items. The Contractor assumes sole and complete responsibility for job and site conditions during the course of construction, including safety of all persons and property. This requirement shall apply continuously 24 hours/day and shall not be limited to normal working hours.

Whenever vehicles or equipment are parked within a traffic lane, the shoulder area shall be closed with fluorescent traffic cones or portable delineators; placed on a taper in advance of the parked vehicles or equipment and along the edge of the pavement at 25-foot intervals to a point not less than 25 feet past the last vehicle or piece of equipment. A minimum of 9 cones or portable delineators shall be used for the taper. A C23 (Road Work Ahead) or a C24 (Shoulder Work Ahead) sign shall be mounted on a telescoping flag tree with flags. The flag tree shall be placed in a location approved by the Engineer.

Minor deviations from the requirements of this section concerning hours of work which do not significantly change the cost of the work may be permitted upon the written request of the Contractor, if in the opinion of the Engineer public traffic will be better served and the work expedited. Such deviations shall not be adopted until the Engineer has indicated his written approval. All other modifications will be made by contract change order.

The Contractor shall notify local residents 72 hours prior to cutting off their access for periods in excess of 2 hours. Notice must be given in writing two days prior to cutting off access and verbally the evening prior to cutting of access. The Contractor shall cooperate with local residents for access to the maximum extent physically possible.

The Contractor shall notify businesses 72 hours prior to impacting their driveway access. The Contractor shall cooperate with businesses for access to the maximum extent physically possible. If two driveways access a single business, one of those driveways shall remain accessible at all times. If only one driveway is used for access to a business, half of that driveway shall remain open at all times.

Personal vehicles of the Contractor's employees shall not be parked on the traveled way or shoulders, including any section closed to public traffic. No equipment will be allowed to be parked within any traffic lane or median after work hours.

The Contractor shall notify the Engineer of his intent to begin work at least 3 days before work is begun. The Contractor shall cooperate with local authorities relative to handling traffic through the area and shall make his own arrangements relative to keeping the working area clear of parked vehicles.

Ten days prior to any City approved road or lane closures, the Contractor shall notify the Engineer (phone 916-746-1300). The Contractor shall notify the Engineer and seventy-two (72) hours in advance of any revisions to the road or lane closure schedules.

Full compensation for complying with the above requirements shall be considered as included in the payment for the various contract items of work involved, and no additional compensation will be allowed.

Replace the 7th paragraphs of section 7-1.04 with:

Provide flaggers whenever necessary to ensure that the public is given safe guidance through the work zone. Flagging must comply with section 12-1.

AA

8 PROSECUTION AND PROGRESS

Add to section 8-1.02 with:

Attention is directed to the provisions in Section 8-1.02, "Schedule" of the Standard Specifications and these special provisions.

In addition to Section 8-1.02, "Schedule," of the State Standard Specifications, the Contractor shall submit a draft progress schedule to the Engineer at the pre-construction meeting, final work progress schedule 10 days prior to work commencement of work, and within 5 working days of the Engineers written request at any other time. The progress schedule shall state the location of work with stationing, the anticipated begin and completion dates and the type of construction operation anticipated for the locations of work with stations. Work that exceeds the stated completion date shall be understood as being out of conformance with the progress schedule and these Special Provisions.

The progress schedule shall clearly show the sequence and interdependence of construction activities and shall list specifically activities for obtaining, delivering, installing and completing of each major piece of equipment, materials and other supplies.

The construction schedule shall:

- a) Be a calendar-time scaled network diagram.
- b) Include time for the Engineer to review submittals or inspect the work.
- c) Identify the activities, which constitute the controlling operation or critical path.

The Contractor's schedule must minimize impacts to local residents, business owners, traffic and pedestrians. Where segments of the project work can be completed to avoid on-going impacts to adjacent property owners or the general public, such work must be scheduled to achieve this goal.

At the discretion of the Engineer, the Contractor shall attend a meeting one day per week for the duration of the project to discuss the project's schedule and construction issues with the City. Meetings will be held at a location to be determined at a later date by the City.

Once each month, or as deemed necessary by the Engineer, the Contractor shall submit a revised progress schedule and participate with the Engineer in a schedule review to update activity progress.

Strict conformance to the progress schedule shall be maintained and revisions to the progress schedule may be allowed only upon written approval by the Engineer.

Scheduling of change orders or extra work orders is the responsibility of the Contractor. The Contractor shall revise the schedule to incorporate all activities involved in completing the change orders or extra work order and submit it to the Engineer for review and approval. With the concurrence of the Engineer, change or extra work orders of a magnitude less than \$500 do not need to be scheduled, unless the order affects the project schedule or outside parties.

If the Engineer finds the Contractor is entitled to an extension of any completion date under the provisions of the contract the Engineer's determination of the total number of days extension will be based upon the current analysis of the schedule and upon data relevant to the extension.

The Contractor acknowledges and agrees that delays to non-critical activities (those with float) will not be the basis for a time extension. Non-critical activities are those activities which, when delayed, do not affect the contract completion date. All float time will jointly belong to the City and Contractor.

Payment for work under this section shall be deemed included in other contract items, and no additional compensation shall be allowed therefor.

Replace paragraphs of section 8-1.04B with:

The Contractor shall begin work within 15 days after receiving the "Notice to Proceed" letter executed by the Director of Public Works or authorized staff and shall thereafter diligently prosecute the work to completion.

Preconstruction Meeting – A preconstruction meeting shall be held between the Contractor and the Engineer for the purpose of discussing the scope of work, contract drawings, specifications, existing conditions, materials to be tested, equipment to be used, and all essential matters pertaining to the prosecution and the satisfactory completion of the project as required. The

Contractor's representative at this conference shall include all major superintendents for the work and may include major subcontractors and material suppliers.

Add to section 8-1.05 with:

All work, including punch list items, shall be completed within **300 working days** from the beginning date specified in the **Notice to Proceed letter**. All punch list items shall be completed within the 300 working days prescribed above. A working day is defined as any weekday which is not a designated holiday listed in Section 5-1.01, "General".

Add to section 8-1.06 with:

In addition to the requirements specified in Section 8-1.06, "Suspensions", of the State Standard Specifications, the following shall apply:

Suspensions of Work Ordered by the Engineer – If the performance of all or any portion of the work is suspended or delayed by the Engineer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Engineer in writing a request for adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons for such adjustment.

Upon receipt, the Engineer will evaluate the Contractor's request. If the Engineer agrees that the cost or time or cost and time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control of and not the fault of the Contractor, its suppliers, or subcontractors at any approved tier, and not caused by the weather, the Engineer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Engineer will notify the Contractor of this determination whether or not an adjustment is warranted. No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed.

No contract adjustment will be allowed under the provisions specified in this section to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any term or condition of this contract.

Any contract adjustment warranted due to suspension of work ordered by the Engineer will be made in the same manner as provided for right-of-way delays in Section 8-1.07 "Delays", of the State Standard Specifications.

Add to section 8-1.10 with:

The Contractor shall pay to the City of Roseville the sum of **\$8,300 per day**, for each and every calendar day's delay in finishing the work (including resident engineer and inspection time) in excess of the number of working days prescribed.

Any progress payment made after the completion date shall not be construed as a waiver of liquidated damages.

Add to section 8-1.10B with:

All roadways impacted by construction activities shall be fully opened to traffic by 4:30 pm. The Contractor shall pay to the City liquidated damages of \$1,000 per each half-hour after 4:30 pm is exceeded and that a traveled lane remains closed due to the Contractor's operations.

After 5:30 pm, the Contractor shall pay to the City liquidated damages of \$2,000 per each half-hour that a traveled lane remains closed due to the Contractor's operations.

The Engineer will provide written notice of non-conformance to the Contractor within 24 hours of the violation. All Contractor's equipment, machinery, traffic control, and personnel shall be off of the pavement and all lanes shall be open to traffic to be considered as full compliance.

AA

9 PAYMENT

Add to section 9-1.02A with:

Payment for all work bid at a price per unit of measurement shall be based upon actual quantities of work as measured upon completion, unless otherwise noted. The City does not expressly or by implication agree that the actual amount of work or material of any class will correspond to the estimated quantities given in the proposal. The Contractor shall make no claim for anticipated profits, or loss of profit for damages, or for any extra payment whatsoever because of any difference between the amount of work actually done or material furnished and the estimated amount.

Replaced the 1st paragraph of section 9-1.16A with:

The Contractor shall submit all requests for progress payments using the forms included in Appendix C:

Form CC 1: Progress Payment Request - This form is to be completed and signed by the Contractor and attached as a cover sheet to each request for payment. This form will be mandatory on all contract payment requests.

Form CC2: Progress Payment Request (Detail) - This form may be used by the Contractor to provide the detail required to verify the payment quantities. (City will accept the Contractor's form if it provides the required information.)

Form CC3: Quantity Changes Verification Form - This form is required before any payment can be made based on actual quantities exceeding estimated quantities. At the conclusion of the project, the City will issue a "Balancing Change Order" incorporating all quantity increases and decreases in the contract item of work.

Add to section 9-1.17D(1):

The Contractor shall submit Form CC4: Final Release Form. This form must accompany all requests for final payment. (See Appendix C).

AA

DIVISION II GENERAL CONSTRUCTION

10 GENERAL

Add to the beginning of section 10-1.02E:

Construct the new pavement structure adjacent to the existing traveled way by successively excavating, preparing subgrade, placing base materials, and paving. Perform these activities concurrently after you start paving. Excavation within 8 feet of the existing traveled way must not precede the paving operation by more than 2 working days unless:

1. Authorized
2. Material is placed and compacted against the vertical cuts within 8 feet of the existing traveled way. During excavation, you may use native material for this purpose except you must use structural material once you start placing the pavement structure. Place the material to the top of the existing pavement and taper at a slope of 4:1 (horizontal:vertical) or flatter to the bottom of the excavation. Do not use treated base for the taper.

AA

11 WELDING

AA

12 TEMPORARY TRAFFIC CONTROL

Replace section 12-1.04 with:

The cost of furnishing all flaggers, including transporting flaggers, to provide for the passage of public traffic through the work under the provisions in "Public Convenience" and "Public Safety" is to be included in the contract lump sum price paid for Traffic Control System.

Replace section 12-3.01D with:

Full compensation for providing temporary traffic control devices will be paid as traffic control system.

Replace *Not Used* in section 12-3.11B(5)(a) of the RSS for section 12 with:

Provide two C47A project funding identification signs. One sign shall be located on Riverside Avenue near the proposed trailhead parking lot and one sign shall be located on Oak Ridge Drive near the west trail entry. The exact location for placement of the signs will be determined by the Engineer.

Project identification signs are considered part of construction area signs.

Construction Area Signs shall be paid for as a lump sum item. Payment for Construction Area Signs shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in installing Construction Area Signs and project funding identification signs, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Add to the beginning of section 12-3.32C of the RSS for section 12:

PCMSs must be placed on Riverside Avenue, on Darling Way, on Sunrise Avenue, and on Rocky Ridge Drive, at least 14 calendar days in advance of work activities that may impact traffic or pedestrian traffic at these locations. Contractor must obtain approval from the Engineer regarding the need for the installation and removal of the PCMSs.

Place PCMSs at the locations shown and in advance of the 1st warning sign for each:

1. Stationary lane closure
4. Shoulder closure

Add to end section 12-3.32A(3):

Submit message to be displayed in portable changeable message sign two (2) weeks in advance for approval by the City.

Add to end section 12-3.32C:

Place portable changeable message sign 14 calendar days prior to start of work.

Replace *Not Used* in section 12-3.32D with:

Portable Changeable Message Signs (PCMSs) shall be paid for as a lump sum item. Payment for PCMSs shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in installing PCMSs, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Replace *Reserved* in section 12-4.02C(3)(d) with:

Do not perform work on city streets that interferes with traffic from 06h00 to 08h00 or from 16h00 to 18h00 hours.

Comply with the requirements for a _____ shown in the following chart:

Add between the 1st and 2nd paragraphs of section 12-4.04C:

Traffic Control System shall be paid for as a lump sum item. Payment for Traffic Control System shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in preparing and obtaining approval a traffic control plan, implementing and maintaining traffic control, as shown on the State Standard Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

SP-27
1/18/2023

13 WATER POLLUTION CONTROL

Add to the end of section 13-1.01A:

The specifications in section 13 for water quality monitoring apply to the following work activities whenever they occur in water:

1. Bridge foundations at Darling Way Bridge
2. Rock Slope Protection within the ordinary high-water mark
3. Gabion basket wall and retaining wall construction within the ordinary high-water mark
4. Grading within the ordinary high-water mark
5. Any equipment or machinery within the ordinary high-water mark
6. Construction of temporary crossings

The receiving water for this project is Dry Creek.

Submit a water quality annual report for each reporting period from July 1st to June 30th.

Add between the 4th and 5th paragraphs of section 13-1.01D(5)(b):

Test the receiving water under the test methods for the WQOs shown in the following table:

Water Quality Objectives

Quality characteristic	Test method	Detection limit (min)	Requirement
pH	Field test with a calibrated portable instrument	0.2	Lower NAL = 6.5 Upper NAL = 8.5 And any change greater than 0.5 units from natural background
Turbidity (NTU)	Field test with a calibrated portable instrument	1	20 percent above natural background
Temperature (°F)	Field test with a calibrated portable instrument	1	1 degree above natural background
Dissolved oxygen (mg/L)	Field test with a calibrated portable instrument	1	Must not be reduced below 7 mg/L
Total dissolved solids (mg/L)	Field test with a calibrated portable instrument ^a	1	Greater than 100 mg/L
Specific conductance (µΩ)	Field test with a calibrated portable instrument	0.1	Must not exceed 175 µΩ at 77 °F

^aThe portable instrument must provide an estimate of the total dissolved solids.

Add to the end of section 13-3.01A:

This project's risk level is 2.

Add between the 4th and 5th paragraphs of section 13-3.01C(2)(a):

The following RWQCBs will review the authorized SWPPP:

1. 5S/Central Valley RWQCB

Replace the paragraphs in section 13-3.01D(2) with:

Discharges of stormwater from the job site must comply with the permit issued by the 5S/Central Valley RWQCB for National Pollutant Discharge Elimination System (NPDES) Permit (Order No. 2003-0005-DWQ), Permit No. CAS000004. The 5S/Central Valley RWQCB permit governs stormwater and nonstormwater discharges resulting from construction activities at the job site. The 5S/Central Valley RWQCB permit may be viewed at City of Roseville Publics Work Counter.

Prepare Storm Water Pollution Prevention Plan shall be paid for as a lump sum item. Payment shall be per Section 13-3.04 "Payment" of the State Standard Specifications, and no additional compensation will be allowed therefor.

Water Pollution Control shall be paid for as a lump sum item. Unless specified elsewhere as separate bid items, payment for Water Pollution Control shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in implementing and maintaining water pollution control measures complete in place, as shown on the Plans, as specified in the SWPPP and State Standard Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

The payment quantity for temporary sediment control bid items paid for by the length is the length measured along the centerline of the installed material.

The payment quantity for temporary fiber roll does not include the additional quantity used for overlaps.

Full compensation per each for Temporary Drainage Inlet Protection, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in temporary drainage inlet protection, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per each for Temporary Construction Entrance, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in temporary construction entrance, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per each for Temporary Concrete Washout, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in temporary concrete washout, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Job Site Management shall be paid for as a lump sum item. Payment for Job Site Management shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in job site management, as specified in Section 13-4 of the State Standard Specifications, these Technical Specifications and no additional compensation will be allowed.

Replace section 13-12 with:

13-12 TEMPORARY CREEK DIVERSION SYSTEMS

13-12.01 GENERAL

13-12.01A Summary

Section 13-12 includes specifications for constructing, maintaining, reconstructing, and removing temporary creek diversion system (TCDS), and restoring creek bed to original condition. The temporary diversion system is used to divert upstream water flows to allow construction in a dry or dewatered location.

13-12.01B Definitions

Not Used

13-12.01C Submittals

Submit a certificate of compliance for:

1. Pump system
2. Pipe materials
3. Gravel
4. Plastic sheeting
5. Minor coffer dam materials

13-12.01C(1) Temporary Creek Diversion System Plan

Within 20 days of Contract approval, submit 3 copies of the Temporary Creek Diversion System Plan (TCDSP). The TCDSP must include:

1. Installation and removal process, including equipment, platforms for equipment, and access locations.
2. Anticipated flow rates.
3. Calculations supporting the sizing of piping, channels, pumps, or other conveyance by using FHWA HY-8 or other equivalent method. Calculate the discharge water flow rate and velocity anticipated where it discharges on any erodible surface, so its conveyance does not cause erosion within the project or at the discharge to the water body. Temporary culverts attached to banks, walls, or other locations must be designed to hold the full weight of the culvert at capacity and restrain the culvert for any expected hydraulic forces.
4. Plans showing locations of diversion, including layouts, cross sections, and elevations.
5. Materials proposed for use, including MSDS if applicable.
6. Operation and maintenance procedures for the TCDS.
7. Restoration plans showing before and after conditions, including photos of existing conditions for areas disturbed during the installation, operation, and removal of the TCDS.
8. Monitoring and reporting plan to ensure applicable water quality objectives are met. This includes schedule of work including Temporary BMP implementation as part of the Construction Site BMP strategy, and SWPPP or WPCP as applicable. Use with section 13-3.01A.
9. Details of the pumping system, if used, including power source, debris handling, fish screens, and monitoring requirements.
10. Fish passage plan, following the Caltrans Fish Passage Design for Road Crossings, CA Department of Fish and Wildlife (CDFW), CA Salmonid Stream Habitat Restoration Manual, and National Marine Fisheries Service (NMFS), Guidelines for Salmonid Passage at Stream Crossings, as required by the applicable PLACs.
11. The TCDS design must demonstrate how it will comply with section 13-12.03A, water tightness, and prevent seepage.
12. Contingency plan to remove workers, equipment, materials, fuels, and any other work items that will cause pollution or violation of PLACs during a rain event out of the flow area. Develop the contingency plan for when a 12-inch freeboard cannot be maintained and overtopping of the coffer dams may occur.

If revisions are required, the Engineer notifies you of the date when the review stopped and provides comments. Submit a revised TCDSP within 15 days of receiving the comments. The Department's review resumes when a complete TCDSP has been resubmitted.

Submit an electronic copy on a read-only CD, DVD, or other Engineer-authorized data storage device and 4 printed copies of the authorized TCDSP.

If the RWQCB or other regulatory agency requires review of the authorized TCDSP, the Engineer submits it to the RWQCB for review and comment. If the Engineer orders changes to the TCDSP based on the RWQCB's comments, submit a revised TCDSP within 10 days.

All submittals which include plans, specifications, and calculations must be sealed and signed by a civil engineer registered in the State.

13-12.01D Quality Assurance

Not Used

13-12.02 MATERIALS

13-12.02A Gravel

Gravel must:

1. Be river run gravel obtained from a river or creek bed with gradation of 100 percent passing a 3/4 inch sieve and 0% passing a 3/8 inch sieve
2. Be clean, hard, sound, durable, uniform in quality, and free of any detrimental quantity of soft, thin, elongated or laminated pieces, disintegrated material, organic matter, or other deleterious substances
3. Be composed entirely of particles that have no more than 1 fractured face
4. Have a cleanliness value of at least 85, as determined by California Test 227

13-12.02B Impermeable Plastic Membrane

Impermeable plastic membrane must be:

1. Single ply, commercial quality, polyethylene with a minimum thickness of 10 mils complying with ASTM D2103. You must use stronger plastic membrane if required as part of design to resist hydraulic forces.
2. Free of holes, punctures, tears or other defects that compromise the impermeability of the material.
3. Suitable for use as an impermeable membrane.
4. Resistant to UV light, retaining a minimum grab breaking load of 70 percent after 500 hours under ASTM D4355.

13-12.02C Gravel-Filled Bags

Gravel-filled bags must comply with section 13-5.02G.

The 2nd paragraph of section 13-5.02G does not apply.

13-12.02D Plastic Pipes

Plastic pipe must comply with section 61-3.01 and must:

1. Be clean, uncoated, in good condition free of rust, paint oil dirt or other residues that could potentially contribute to water pollution
2. Be adequately supported for planned loads
3. Use watertight joints under section 61-2.01.
4. Be made of a material or combination of materials that are suitable for clean water and which do not contain banned, hazardous or unlawful substances
5. For temporary pipes not reused on the project you may use the following materials:
 - 5.1. PVC closed-profile wall pipe must comply with ASTM F1803
 - 5.2. PVC solid wall pipe must comply with ASTM D3034, ASTM F679, AWWA C900, AWWA C905, or ASTM D2241 and cell class 12454 defined by ASTM D1784
 - 5.3. HDPE solid wall pipe must comply with AASHTO M 326 and ASTM F714
 - 5.4. Polyethylene large-diameter-profile wall sewer and drain pipe must comply with ASTM F894

13-12.02E Rock

Rock layer must comply with the table titled *Rock Gradation for 7-inch-thick Layer* in section 72-4.02.

13-12.02F Pumping System

Pumping system must:

1. Comply with section 74-2.02B
2. Be equipped with secondary containment
3. Be free of fuel and oil leaks
4. Meet intake screen regulatory requirements

13-12.02G Seepage Pumping System

If seepage occurs in the dewatered work area, the water must be removed by sump pumps as part of the TCDS.

Seepage pumping system must:

1. Comply with section 74-2.02B
2. Ensure discharge water conform with PLACs or is treated on site
3. Be free of fuel and oil leaks

13-12.02H Discharge Water Energy Dissipation and Erosion Control

Energy dissipation measures:

1. May be plastic sheeting, flared end sections, rubber matting, or other materials appropriate for the design hydraulics
2. Must be anchored to prevent movement by expected flows
3. Must be removed when the TCDS is removed

13-12.03 CONSTRUCTION

13-12.03A General

Construction, use and removal of the TCDS is restricted to the time period from June 15 to October 15. If the work cannot be completed during the initial restricted time period, remove TCDS, restore the creek to original flow condition, and reconstruct the TCDS after June 14 of the following year. No work is allowed within the stream except during the restricted time period.

Do not use motorized equipment or vehicles in areas of flowing or standing water for the construction or removal of the TCDS in compliance with section 13-4.03.

Remove vegetation to ground level and clear away debris.

Place temporary or permanent fill as allowed by PLACs.

Place rock at outlet of diversion pipe under section 72-4.03, except motorized vehicles and equipment must not be used in areas of flowing or standing water.

Do not construct or reconstruct TCDS if the 72-hour forecasts predict a 50 percent or greater chance of rain in the project area.

Stop all work and remove all material and equipment from the creek between upstream and downstream cofferdams if the 72-hour forecasts predict a 50 percent or greater chance of rain in the project area and the predicted rainfall is estimated to produce a flow rate exceeding the design capacity of the TCDS.

If the required freeboard cannot be maintained and overtopping may occur, implement contingency plan to remove all workers, equipment, and potential sources of pollution from the dry working area of the creek bed.

The TCDS must be constructed within the temporary impact footprint as described in the environmental commitments.

Lap and join joints between the edges of impermeable plastic membrane with commercial-quality waterproof tape with minimum 4-inch lapping at the edges.

Seal openings or penetrations through the impermeable plastic membrane with commercial quality waterproof tape.

2. Be from 8-1/2 to 11 inches high and from 11 to 14 inches wide
3. Have the following message in black letters: "WARNING. THIS FENCE SHALL NOT BE REMOVED OR RELOCATED WITHOUT WRITTEN AUTHORIZATION FROM THE CITY OF ROSEVILLE."

The message must be legible from a distance of 20 feet by persons with 20/20 vision or vision corrected to 20/20.

The signs may be made of laminated printed paper attached to an inflexible weatherproof backer board.

Attach the signs to the temporary high visibility fence with tie wire or locking plastic fasteners.

Maintain the signs until Contract acceptance.

ESA signs must:

1. Be weatherproof and fade-proof
2. Be from 8-1/2 to 11 inches high and from 11 to 14 inches wide
3. Have a message that is legible from a distance of 20 feet by persons with 20/20 vision or vision corrected to 20/20
4. Be attached to the ESA barrier with tie wire or locking plastic fasteners

The signs may be made of laminated printed paper attached to an inflexible weatherproof backer board.

Access to an ESA other than that described is prohibited.

Add to section 14-1.02

Temporary High Visibility Fence shall be measured per linear foot. Payment for Temporary High Visibility Fence shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved installing temporary high visibility fence, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

Add to the 1st paragraph of section 14-6.03A:

This project is within or near habitat for the regulated species shown in the following table:

Regulated Species	
<u>X</u>	
<u>Y</u>	
<u>Z</u>	

This project includes the sensitive habitats shown in the following table:

Sensitive Habitats	
<u>Jurisdictional wetlands</u>	

Add to section 14-6.03A:

Contractor's attention is directed to the requirements in the approved environmental document and permits for this project. All mitigation measures presented in the approved permits and environmental document must be implemented.

The following mitigation measures must be implemented:

- All project activities within the FEMA 100 year floodplain will only be allowed during the dry season (June 1 to October 15).
- A qualified biologist(s), retained by the City, must conduct a pre-construction survey for
- A United States Fish and Wildlife Service-approved biologist, retained by the City, must
- If any construction activities are scheduled to occur during the nesting season (February 15 through August 31), a pre-construction nesting bird survey must be conducted by a qualified biologist two weeks prior to construction to determine the presence/absence of nesting birds within the project area.
- Before any activities begin on a project, a qualified biologist retained by the City must conduct a training session on.....
- Before any activities begin on a project, a United States Fish and Wildlife Service-approved biologist, retained by the City, must .
- A qualified biologist must be present on site during initial ground disturbance.
- Construction activities must include use of methods and equipment that would provide the lowest level of noise and ground vibration impact such as alternative low noise pile installation methods.
- Newer equipment must be used, with improved muffling. All equipment must have the manufacturers' recommended noise abatement measures such as mufflers, engine closures, and engine vibration isolators intact and operational. Likewise, all equipment must be inspected at periodic intervals to ensure proper maintenance and presence of noise control devices (e.g. mufflers and shrouding, etc.).

Species protection areas within the project limits are as specified in the following table:

Species Protection Areas	
Identification name	Location

Use the protocols for the corresponding regulated species shown in the following table:

Regulated species name	Protocol

Comply with the following biological resource information requirements:

1. _____
2. _____
3. _____

7. Use to specify protection measures for species protection areas. Insert the name Within _____, implement the following protection measures:

1. _____
2. _____
3. _____

Monitor regulated species according to the schedule shown in the following table:

Monitoring type	Schedule

Full compensation for completing all work associated with all environmental and permitting requirements, including all mitigation measures is considered as included in the various bid items and no additional compensation will be allowed therefor.

Replace the 2nd paragraph of section 14-6.03B with:

The Department anticipates nesting or attempted nesting by migratory and nongame birds from _____ to _____.

Replace item 1 in the list in the 6th paragraph of section 14-6.03B with:

1. Stop all work within a 100-foot radius of the discovery except as shown in the following table:

Species	Protective radius (feet)

Add to section 14-6.03C:

Regulated fish are anticipated adjacent to bridge no. _____. Implement the following protection measures:

1. Install exclusionary material, a cofferdam, or a combination of both
2. Provide a Contractor-supplied biologist to relocate the fish if relocation is allowed

Relocate the regulated fish as soon as possible to a location with suitable habitat at least _____ feet _____ of the work area.

Handle regulated fish to minimize stress by:

1. Keeping the fish in water to the maximum extent possible during relocation
2. Keeping the fish in cool, shaded, and aerated water while in captivity
3. Protecting the fish from excessive noise, handling, temperature variation, jostling, or overcrowding while in captivity
4. Removing the fish from water only when releasing them
5. Segregating young-of-year salmonids into separate containers from older salmonids and other aquatic predators

Exclusion material must be ____-inch stretched mesh.

Exclude fish from the work area in the following sequence:

1. Install exclusion materials and remove as many fish as possible
2. Install a cofferdam or water bypass
3. Gradually dewater the work area
4. Remove the remaining fish using one or a combination of seining, baited minnow traps, and dip net and hand removal

Maintain exclusion material and cofferdams such that regulated fish are prevented from entering the work area.

The pump screen's approach velocity must not exceed ____ feet per second.

Replace the 2nd paragraph of section 14-8.02 with:

Noise from job site activities must not exceed 86 dBA Lmax at 50 feet from the job site from ____ p.m. to ____ a.m., except the following activities may exceed this noise restriction during the hours and on the days shown in the following table:

Activity	Hours		Days	
	From	To	From	Through

Do not operate construction equipment or run equipment engines from 7:00 p.m. to 7:00 a.m. or on Sundays at the job site except to:

1. Service traffic-control facilities
2. Service construction equipment

Add to section 14-8.02:

Replace the RSS for section 14-11.14 with:

14-11.14 TREATED WOOD WASTE

14-11.14A General

Section 14-11.14 applies if treated wood waste is shown on the Bid Item List.

Section 14-11.14 includes specifications for handling, storing, transporting, and disposing of treated wood waste. Manage treated wood waste under Health & Safety Code §25230 et seq.

Wood removed from roadside sign is treated wood waste.

14-11.14B Submittals

Within 5 business days of disposing of treated wood waste, submit as an informational submittal a copy of each completed shipping record and weight receipt.

14-11.14C Training

Provide training to personnel who handle or may come in contact with treated wood waste. Training must include:

1. Requirements of 8 CA Code of Regs
2. Procedures for identifying and segregating treated wood waste
3. Safe handling practices
4. Requirements of Health & Safety Code §25230 et seq
5. Proper disposal methods

Maintain training records for 3 years after contract acceptance.

14-11.14D Storage of Treated Wood Waste

Store treated wood waste at the jobsite until transport to the CA permitted disposal site.

Until disposal, store treated wood waste using the following methods:

1. Raise the waste on blocks above a foreseeable run-on elevation and protect it from precipitation for no more than 90 days.
2. Place the waste on a containment surface or pad protected from run-on and precipitation for no more than 180 days.

3. Place the waste in water-resistant containers designed for shipping or solid waste collection for no more than 1 year.
4. Place the waste in a storage building as defined in Health & Safety Code §25230 et seq.

Prevent unauthorized access to treated wood waste using a secure enclosure such as a locked chain-link-fenced area or a lockable shipping container located within the job site.

Resize and segregate treated wood waste at a location where debris including sawdust and chips can be contained. Collect and manage the debris as treated wood waste.

Identify treated wood waste and accumulation areas using water-resistant labels that comply with Health & Safety Code §25230 et seq. Labels must include:

1. The words *TREATED WOOD WASTE Do not burn or scavenge*
2. The words *Caltrans District* and the district number
3. The words *Construction Contract* and the contract number
4. District office address
5. Engineer's name, address, and telephone number
6. Contractor's contact name, address, and telephone number
7. Date placed in storage

14-11.14E Transport and Disposal of Treated Wood Waste

Dispose of treated wood waste within:

1. 90 days of generation if stored on blocks
2. 180 days of generation if stored on a containment surface or pad
3. 1 year of generation if stored in a water-resistant container or within 90 days after the container is full, whichever is shorter
4. 1 year of generation if stored in a storage building as defined in Health & Safety Code §25230 et seq

Before transporting treated wood waste, obtain agreement from the receiving facility that it will accept the waste. Protect shipments of the waste from loss and exposure to precipitation. For projects generating 10,000 lbs or more of treated wood waste, request a generator's EPA Identification Number from the Engineer at least 5 business days before the 1st shipment. Each shipment must be accompanied by a shipping record such as a bill of lading or invoice that includes:

1. The words *Caltrans District* and the district number
2. The words *Construction Contract* and the contract number
3. District office address
4. Engineer's name, address, and telephone number
5. Contractor's name, contact person, and telephone number
6. Receiving facility's name and address
7. Description of the waste (e.g., treated wood waste with preservative type if known or unknown/mixture)
8. Project location
9. Estimated weight or volume of the shipment
10. Date accumulation begins
11. Date of transport
12. Name of transporter
13. Date of receipt by the treated wood waste facility
14. Weight of shipment measured by the receiving facility
15. Generator's US EPA Identification Number for projects generating 10,000 lbs or more of treated wood waste

The shipping record must be 8-1/2 by 11 inches and a 4-part carbon or carbonless form to provide copies for the Engineer, transporter, and treated wood waste facility.

Transport treated wood waste directly to the CA permitted disposal site after leaving the jobsite. Do not mix treated wood waste from the job site with waste from any other generator.

Dispose of treated wood waste at one of the following:

1. An approved California disposal site operating under a RWQCB permit that includes acceptance of treated wood waste
2. California disposal site operating under a DTSC permit that includes acceptance of treated wood waste

Full compensation for removal and disposal of treated wood waste is included in the various items of work to which it pertains, and no additional compensation will be allowed therefor.

AA

15 EXISTING FACILITIES

Add to section 15-1.01 General:

The existing stone plaque located at the corner of Darling Way and Clinton Drive must be carefully removed, stored and reset in concrete at the location shown on the plan after confirmation of exact location has been provided by the Engineer.

Full compensation per each for Relocate Stone Plaque, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing, storing and placing stone plaque in new location, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Add to section 15-1.03B Removing Concrete:

Miscellaneous concrete, not identified on the plans, may occur within the project limits that may be in conflict with the proposed project improvements. Such concrete must be removed in accordance with Section 15 of the State Standard Specifications and is to be measured and paid for by the cubic yard.

Add to section 15-1.04 PAYMENT:

Full compensation per square yard for Remove Concrete Sidewalk, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing concrete sidewalk, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per linear foot for Remove Concrete Curb and Gutter, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing concrete curb and gutter, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation for removal asphalt concrete dike is included in the price paid per cubic yard for roadway excavation, and no additional compensation will be allowed therefor and no additional compensation will be allowed therefor.

Full compensation per cubic yard for Remove Miscellaneous Concrete, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing miscellaneous concrete, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per linear foot for Remove Fence, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing fence of various types, including gates, as shown on the Plans, as specified in the State Standard Specifications,

these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per each for Remove Swing Gate, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing swing gate, including footings, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Full compensation per each for Remove Street Light, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in removing street light, including footing to at least two feet below finished grade, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Adjust Pull Box to Grade

This item includes the finish grade adjustment and encasement in Portland Cement Concrete of existing pull boxes. Such pull box adjustments shall be constructed in accordance with the plans, the Standard Specifications and these special provisions, and as directed by the Engineer.

Any necessary location ties required to accurately locate items after paving are also included. All mis-cut pavement openings shall be completely reconstructed to match the new pavement in all respects. Concrete is not an acceptable pavement replacement.

Measurement of Adjust Pull Box to Grade will be the number of such items acceptably adjusted to grade.

The contract unit price paid per each for Adjust Pull Box to Grade shall include full compensation for all labor, materials, tools, incidentals and equipment required to complete this item of the work, as shown on the plans, as specified in the Standard Specifications and these special provisions and as directed by the Engineer.

Adjust Water Valve to Grade

This item includes the finish grade adjustment and encasement in Portland Cement Concrete of existing water valves. Such water valve adjustments shall be constructed in accordance with the plans, the Standard Specifications and these special provisions, and as directed by the Engineer.

Any necessary location ties required to accurately locate items after paving are also included. All mis-cut pavement openings shall be completely reconstructed to match the new pavement in all respects. Concrete is not an acceptable pavement replacement.

Measurement of Adjust Water Valve to Grade will be the number of such items acceptably adjusted to grade.

The contract unit price paid per each for Adjust Water Valve to Grade shall include full compensation for all labor, materials, tools, incidentals, and equipment required to complete this item of the work, as shown on the plans, as specified in the Standard Specifications and these special provisions and as directed by the Engineer.

Adjust Manhole to Grade

This item includes the finish grade adjustment and encasement in Portland Cement Concrete of existing manholes. Such manhole adjustments shall be constructed in accordance with the plans, the Standard Specifications and these special provisions, and as directed by the Engineer.

Any necessary location ties required to accurately locate items after paving are also included. All mis-cut pavement openings shall be completely reconstructed to match the new pavement in all respects. Concrete is not an acceptable pavement replacement.

Measurement of Adjust Manhole to Grade will be the number of such items acceptably adjusted to grade.

The contract unit price paid per each for Adjust Manhole to Grade shall include full compensation for all labor, materials, tools, incidentals and equipment required to complete this item of the work, as shown on

stump removal, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

AA

18 DUST PALLIATIVES

AA

19 EARTHWORK

Replace the 2nd, 3rd, and 4th paragraphs of section 19-2.03B with:

Dispose of surplus material. Ensure enough material is available to complete the embankments before disposing of it.

Full compensation per cubic yard for Roadway Excavation, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in roadway excavation, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Add between the 8th and 9th paragraphs of section 19-2.03G:

Roughen embankment slopes to receive erosion control materials by either track-walking or rolling with a sheepsfoot roller. Track-walk slopes by running track-mounted equipment perpendicular to the slope contours.

Add to the end of section 19-3.02E:

Slurry cement backfill may contain returned plastic concrete.

Slurry cement backfill containing returned plastic concrete must comply with the specifications for concrete containing returned plastic concrete.

Add to section 19-3.04:

Pervious backfill material placed within the limits of payment for bridges is paid for as structure backfill (bridge). Pervious backfill material placed within the limits of payment for retaining walls is paid for as structure backfill (retaining wall).

For the subgrade in all areas to receive structural improvements, including engineered fill and structure foundations, the exposed subgrade in fill areas should be processed and compacted as follows:

- Scarify the subgrade to a depth of approximately 8 inches.
- Moisture condition subgrade soil to at least optimum moisture content and compact it to a minimum 90% relative compaction.

The relative compaction should be at least 95% in the upper 6-inches beneath the pavement areas or where approach fills are thicker than 5 ft.

Any unstable or yielding subgrade must be brought to the attention of the Engineer. The Engineer will confirm the following:

- unstable material will be excavated to stable native material and replaced with engineered fill, or

- if stable material does not exist within 18 inches of subgrade, over excavate 18 inches, place a subgrade enhancement geotextile (Caltrans Class B3), and compact Caltrans Class 2 Aggregate Base (AB) in accordance with this section back to subgrade level.

Contractor's attention is directed to existing site conditions along the south side of Linda Creek in the vicinity of the Sunrise Avenue Bridge. Existing Rock Slope Protection (RSP) occurs along the southern side of the creek. This RSP will require removal and replacement for the excavation and construction of the Sunrise Bridge connection and retaining walls and trail between approximate Sta 92+00 and Sta 97+00. Where removal of the RSP is required for the construction of the retaining wall, full compensation for removal of RSP in conflict, cleaning of the RSP and re-placement of the RSP to return the slope to its original condition, is included in the price paid for structural excavation and no additional payment is made therefor. If existing RSP is required to be removed elsewhere within the project limits, such removal is considered as roadway excavation and no separate payment will be made therefor.

Contractor is notified that miscellaneous building rubble is known to occur within the supporting roadbed on Riverside Avenue and adjacent to Riverside Avenue in the vicinity of the proposed restroom and gravel parking lot. Should such material be encountered during excavation, Contractor must notify the Engineer and a decision will be made regarding removal and backfill with suitable material.

Add to section 19-6:

On-site soil may be used for fill provided it is free of concentrations of debris, vegetation, any deleterious materials, and has a maximum particle size of 3 inches.

Fill should be placed in maximum 8-inch lifts, moisture conditioned to at least optimum, and compacted to a minimum 90% relative compaction. The relative compaction should be at least 95% in the upper 6-inches beneath the pavement areas and where approach fills are thicker than 5 ft.

q

Replace the 3rd and 4th paragraphs in section 19-6.02B with:

The backfill must comply with the gradation requirements shown in the following table:

Sieve size	Percentage passing
1-1/2"	100
3/4"	75-100
No. 4	20-100
No. 40	0-60
No. 200	0-50

The backfill must comply with the quality characteristics shown in the following table:

Quality characteristics	Test method	Requirement
Plasticity index (max)	California Test 204	20
pH	California Test 643	5-9

For slopes steeper than 2H:1V and as steep as 1.5H:1V, the slopes should be reinforced with geogrid per Section 96 of Caltrans Standard Specifications and as follows:

- Primary Reinforcement – Place reinforcement uniaxial geogrid (e.g., Tensar UX1100 or equivalent) along the outer 11 ft of the reconstructed section with a 2-foot vertical spacing. A minimum long-term design strength (LTDS) of 1,450 lbs/ft for the geogrid reinforcement is recommended.

Contractor is directed to Section 15 "Existing facilities" section of the State Standard Specifications for rerouting existing irrigation lines, sprinkler heads, and landscaping and repair any that would be damaged with the installation of the fence.

Any necessary planting shall conform to the provisions in Section 20, "Landscape," of the State Standard Specifications. Work consists of planting trees and plants as shown on plans.

Plant materials shall meet or exceed the American Nurserymen Association standards, as specified in the current edition of American Standard for Nursery Stock published by the American Association of Nurserymen, Inc. Provide plant materials in accordance with applicable California Agricultural Codes.

Trees and plants shall be guaranteed to be in good, healthy, and flourishing condition of active growth at the end of two growing years from the date of final acceptance by the Engineer of the planting work.

Plants shall be vigorous and of normal habit of growth and shall be free of girdling roots, disease, insects, insect eggs and larvae. Trees shall have straight trunks with the leader intact, unless otherwise specified. All abrasions and cuts shall be completely callused over. Plants shall be of standard size for container and species, unless specified otherwise in the plans. Any undersized material shall be rejected. The heights of plants and of branching shall be measured where the branches are in normal positions. Plants shall not be pruned prior to delivery, except upon special approval.

Irrigation shall conform to the provisions in Section 20-10, "Existing Landscape," of the State Standard Specifications, as amended by the latest version of the Revised Standard Specifications.

Prior to beginning any work adjacent to an existing irrigation system, the Contractor will coordinate with the Engineer and the property owner to test the irrigation system in the presence of the Engineer and the owner, in order to determine the limits and condition of the system. Note any existing deficiencies and outline proposed modifications necessary to permit construction of the proposed project improvements. Provide this information to the Engineer and the property owner prior to making any modifications to the system.

During construction, protect the irrigation systems to remain in place. Cap, relocate, and modify irrigation system as necessary to provide a working system that completely irrigates the existing landscaping similar to pre-project conditions. Schedule and test the system in the presence of the Engineer and the property owner.

It is the intention of this section of the Specifications, together with the plans, to accomplish the work of installing an irrigation and water supply system, which will operate efficiently and provide full coverage. The plans indicate the general arrangement of piping and equipment, but do not necessarily indicate all offsets, fittings, and accessories that may be required. The Contractor shall furnish any incidental materials and labor not specifically called for but required to complete the work intended.

MEASUREMENT AND PAYMENT

Tree planting shall be measured on a per unit (EA) basis. Shrub, grasses and groundcover plantings and paid for on a square foot (SF) basis and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved installing the new trees and shrubs complete in place, as shown on the Plans, as specified in the State Standard Construction Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

Irrigation shall be measured and paid for on a lump sum (LS) basis and shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in installing the irrigation equipment for the new landscaping within the trailhead, testing and repairing the irrigation system complete in place, as shown on the Plans, as specified in the State Standard Construction Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

20-2 ONE-YEAR MAINTENANCE FOR LANDSCAPE ESTABLISHMENT

General

Work in this section includes the growing and maintenance operations necessary to establish the planting as installed per the project plans

Note that final acceptance and completion of the project will not occur until the end of the 1-year landscape maintenance period

Submittals

Soil Testing: Contractor shall collect 4 one-quart samples in the proposed planting areas and submit to Soil and Plant Laboratory of Santa Clara, (408) 727 0330, for maintenance period fertilizer recommendations. Test results shall be made available to the City's Representative. Sample shall be a representative composite taken from several planting areas. Cost of soil test shall be paid for by the Contractor.

Materials

Fertilizer: Used during the course of the maintenance period shall be determined by soils test required under Part 1 of this Section. For bidding purposes only, assume the use of blood and bone meal, fishmeal, kelp or compost tea. Available from Lyngso Garden Materials, www.lyngsogarden.com.

Water: During the course of construction period water shall be paid for by the Contractor.

Herbicide: Herbicide shall NOT be used. use Integrated Pest Management for weed control as well as measures described on following page.

Execution

Time Limits: The maintenance period shall commence from the date of substantial completion as defined below, and extend for a 2-year period thereafter, or until the acceptance of Final Completion, whichever is longer.

Fertilizer Application: Fertilizer(s) shall be applied per Soil and Plant Laboratory recommendations. For bidding purposes, assume initial application to be four weeks after planting and subsequent applications to be at 45-day intervals.

Herbicide Application: Herbicide shall NOT be used. All planting areas shall be kept weed free by non-herbicide methods during this time period.

Weed Management:

- Identify key weeds: Contractor will identify key weeds present and design weed manage program to target those species.
- Invasive plants: Invasive plant species may have been included in the plantings inadvertently. Seedlings and/or suckers from those plants shall be removed by the Contractor. Refer to www.bayfriendly.org or www.cal-ipc.org for a list of invasive species. Remove all invasive plants not planted intentionally as noted in the Section below
- Controls: Cultural/Mechanical/physical methods will be used as the first choice in weed management.
 - 1) Monitor planting areas frequently to identify and eradicate weeds early in the growth stage prior to their setting seed.
 - 2) Cut or pull weeds using hand operated equipment where possible.
 - 3) Mulches shall be maintained at all times over soil surface that is not covered by vegetation.

Basic Requirements: All planting and rocked areas shall be kept weed-free during the maintenance period. Contractor shall mow the hydroseeded areas 2-3 times per growing season (mid-February – June 1st). All pest and disease control shall be the Contractor's responsibility. Settlement of soil and plants and soil erosion shall be repaired and areas replanted as required. No chemicals or herbicides nor gas-driven blower backpacks shall be used in the City of Roseville per the City's environmental policies.

Final Review: Contractor shall request a final review of the project at least five days in advance of the proposed date. Failure to request this notice shall automatically extend the date of completion. The maintenance period will continue until project is deemed complete.

Measurement and Payment

One year maintenance for landscape establishment shall be measured and paid for on a lump sum (LS) basis and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in maintaining the new trees and shrubs, as shown on the Plans, as specified in the State Standard Construction Specifications, these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

20-3 TRAIL SIGNAGE

General

Work shall consist of the furnishing and installation of signs and wayfinding signs and related work along the trail corridor.

Signs shall be fabricated and furnished in accordance with details shown on the plans, the Traffic Sign Specifications, and these special provisions.

Quality Control: The requirements of "Quality Control for Signs" in this section shall not apply to construction area signs.

No later than 14 days before sign fabrication, the Contractor shall submit a written copy of the quality control plan for signs to the City's Representative for review. The City's Representative will have 10 days to review the quality control plan. Sign fabrication shall not begin until the City's Representative approves the Contractor's quality control plan in writing. The Contractor shall submit to the City's Representative at least 3 copies of the approved quality control plan. The quality control plan shall include, but not be limited to the following requirements:

1. Identification of the party responsible for quality control of signs,
2. Basis of acceptance for incoming raw materials at the fabrication facility,
3. Type, method and frequency of quality control testing at the fabrication facility,
4. List (by manufacturer and product name) of process colors, protective overlay film, retroreflective sheeting and black non reflective film,
5. Recommended cleaning procedure for each product, and
6. Method of packaging, transport and storage for signs.

Temporary or permanent signs shall be free from blemishes that may affect the serviceability and detract from the general sign color and appearance when viewing during daytime and nighttime from a distance of 25 feet. The face of each finished sign shall be uniform, flat, smooth, and free of defects, scratches, wrinkles, gel, hard spots, streaks, extrusion marks, and air bubbles. The front, back, and edges of the sign panels shall be free of router chatter marks, burns, sharp edges, loose rivets, delaminated skins, excessive adhesive over spray and aluminum marks.

Inspection: The City's Representative will inspect signs at the Contractor's facility and delivery location, and in accordance with Section 6, "Control of Materials," of the Standard Specifications. The City's Representative will inspect signs for damage and defects before and after installation.

Repairing sign panels will not be allowed except when approved by the City's Representative.

When requested, the Contractor shall provide the City's Representative test samples of signs and materials used at various stages of production. Sign samples shall be 12" x 12" in size with applied background, letter or numeral, and border strip.

Execution

Signs shall be stored in dry environment at all times. Signs shall not rest directly on the ground or become wet during storage. Signs, whether stored indoor or outdoor, shall be free standing. In areas of high heat and humidity signs shall be stored in enclosed climate controlled trailers or containers. Signs shall be stored indoor if duration of the storage will exceed 30 days.

Screen processed signs shall be protected, transported and stored as recommended by the manufacturer of the retroreflective sheeting.

Measurement and Payment

All work under this section shall be paid for by a per unit (EA) basis for signage and shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in signage, and related incidental work.

20-4 SITE FURNISHINGS

General

Work shall consist of furnishing and installation of all site furnishings, including but not necessarily limited to, benches seating, trash/recycling receptacles, bike racks, pet waste bag dispenser, and exercise equipment as shown on the plans.

Related work specified elsewhere: PCC Multi-Use Bicycle Path and Miscellaneous Concrete Construction.

Submittals: Submit catalog information for items:

1. Benches
2. Trash/Recycling Receptacles
3. Pet Waste Bag Dispenser
4. Bike Racks
5. Exercise Equipment

Materials

Trash/Recycling Receptacles shall be the solid dome top. 32 gallon size with receptacle, surface mounted. Urbanscape "FG Style" or approved equal. Miracle Play Group: 916.317.0545

Pet Waste Dispenser shall be Dogipot of approved equal

Exercise Equipment shall be Greenfields Outdoor Fitness. <https://gfoutdoorfitness.com/>. 888.315.9037

Measurement and Payment

Site furnishings shall be measured and paid for on a per unit (EA) basis and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved installing site furnishings complete in place, as shown on the Plans and these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

20-5 Decomposed Granite

Decomposed granite shall comply with the requirements specified in Section 20-5.03D, "Decomposed Granite," of the State standard specifications.

Measurement and Payment

Where decomposed granite is paid for by volume, the payment quantity is determined from the dimensions shown on the plans.

Decomposed granite shall be measured and paid for by cubic yard and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved constructing decomposed granite, as shown on the Plans and these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

20-6 PREFABRICATED RESTROOM

Work shall consist of furnishing and installation of a prefabricated restroom at the location shown on the plans. The restroom shall be Standard Comfort Station #2 Master Plan per the City of Roseville Parks, Recreation, and Libraries Department. The standard drawings and specifications are attached as Appendix X to these specifications.

Measurement and Payment

Prefabricated restroom shall be measured and paid for as a lump sum item and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved installing the prefabricated restroom complete in place, including footings, pads and concrete pad in front of doors, as shown on the Plans and these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

All work within the footprint of the restroom are included as part of the lump sum price paid for Prefabricated Restroom. Ramps leading up to the restroom are paid for as PCC Sidewalk. Electrical conduit and conductors from the point source and water lines and sewer lines are paid for separately.

20-7 MISCELLANEOUS UTILITIES FOR TRAILHEAD AND RESTROOM

Work shall consist of furnishing and installation water and irrigation valves, meters, and backflow preventer assembly as shown on the plans and in accordance with City Department of Environmental Utilities (EU) standards. Connections to existing City sewer and potable water systems within Riverside Avenue must be coordinated with EU.

All sewer and water pipes for restroom, shall be in accordance with EU standards.

All electrical conduit and conductors for restroom, shall be in accordance with Roseville Electric standards.

Measurement and Payment

Water Tee Connection to Water Main shall be measured and paid for as each and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in coordinating and making tee connection, including any testing and flushing, as shown on the Plans, as specified by City standards and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Water and Irrigation Valves, Meters and Backflow Preventer Assembly shall be measured and paid for as Lump Sum and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in coordinating and installing these facilities, including any testing and flushing, as shown on the Plans, as specified by City standards and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Sewer Pipe, of the size and type indicated on the plans and in the bid items list, shall be measured and paid for per linear foot shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in coordinating and installing sewer pipe to serve the restroom, including any testing, as shown on the Plans, as specified by City standards and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Water Pipe, of the size and type indicated on the plans and in the bid items list, shall be measured and paid for per linear foot shall include full compensation for furnishing all the labor, materials, tools,

equipment, incidentals and for doing all the work involved in coordinating and installing water pipe to serve the restroom, including any testing, as shown on the Plans, as specified by City standards and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Electrical Conduit and Conductors, of the size and type indicated on the plans and in the bid items list, shall be measured and paid for per linear foot shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in coordinating and installing electrical conduit and conductors to serve the restroom, including any testing, as shown on the Plans, as specified by City standards and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

AA

21 EROSION CONTROL

Erosion control, including rolled erosion control product (RECP), hydromulch, hydroseeding and compost shall conform to the requirements in Section 21-2, "Erosion Control Work" of the State Standard Specifications.

Payment shall be per Section 21-2.04, "Payment". However, payment for hydromulch, hydroseed, RECP and compost is for the duration of the contract, irrespective of the number of move in/move outs there are or number of applications needed.

Synthetic erosion control mat, shall be placed at the locations shown on the plans and as directed by the Engineer. Synthetic erosion control mat, includes placement of the mat, backfill and hydroseeding, and shall be installed per the manufacturers recommendations.

Synthetic erosion control mat shall be ARMORMAX 75 EC Type B1 or approved equal.

Full compensation per square foot for Synthetic Erosion Control Mat, shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in constructing synthetic erosion control mat, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

39 ASPHALT CONCRETE

Add to section 39-2.01A with:

Asphalt concrete pavement shall be Hot Mix Asphalt (Type A) and conform to the applicable provisions in Section 71, "Streets" of the City of Roseville's Construction Standards and Section 39 of the State Standard Specifications.

In addition to the requirements specified in this section of the State Standard Specifications, the following shall apply: The cost for grading and compaction of existing aggregate base material, where shown on the plans, profiles, and cross sections, shall be included within the price paid for placement of Hot Mix Asphalt (Type A).

Aggregate gradation for HMA for trail paving shall be 1/2" max.

Replace section 39-2.01C(3)(c) with:

39-2.01C(3)(c) Prime Coat

Apply a slow-setting asphaltic emulsion as a prime coat to AB areas designated by the Engineer and at a spread rate from 0.15 to 0.40 gal/sq yd. Do not apply more prime coat than can be absorbed completely by the AB in 24 hours.

You may modify the prime coat application rates if authorized.

Close areas receiving prime coat to traffic. Do not allow tracking the prime coat onto pavement surfaces beyond the job site.

The grade of asphalt binder for Type A HMA must be PG 64-10.

For Type A HMA using RAP substitution of 15 percent or less of the aggregate blend, the grade of the virgin binder must comply with the PG binder grade specified above.

Full compensation per ton for Hot Mix Asphalt (Type A), shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in constructing hot mix asphalt, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

AA

The minimum concrete compressive strength shall be 4,000 psi at 28-days. The width of the PCC pavement (bike trail) varies at specific locations. The contractor shall submit a control joint plan for approval by the Engineer. It is anticipated that the control joint spacing for a 10 ft trail will not exceed 10 ft.

Full compensation per cubic yard for PCC Pavement (Bike Trail), shall include full compensation for furnishing all the labor, materials, tools, equipment and incidentals and for doing all the work involved in constructing PCC pavement for the bike trail, as shown on the Plans, as specified in the State Standard Specifications, these Technical Specifications and as directed by the Engineer, and no additional compensation will be allowed therefor.

Add to section 49-1.03:

Expect difficult pile installation due to the conditions shown in the following table:

Pile location		Conditions
Bridge no.	Support location	
<u>All</u>	<u>All</u>	<u>Expect variable drilling conditions in all pile excavations due to the presence of very dense and very hard soils. Variable drilling conditions may include alternating between soft and hard drilling techniques.</u>
<u>Soldier Pile Walls</u>	<u>All</u>	<u>Expect variable drilling conditions in all pile excavations due to the presence of very dense and very hard soils. Variable drilling conditions may include alternating between soft and hard drilling techniques.</u>

Add to section 49-3.02A(1):

Permanent steel casings are not allowed.

Temporary casings shall have a diameter at least 8" greater than the CIDH pile. Temporary casings may not extend below the pile tip elevation.

Add to section 49-3.02B(6)(c):

The synthetic slurry must be one of the materials shown in the following table:

Material	Manufacturer
SlurryPro CDP	KB INTERNATIONAL LLC 735 BOARD ST STE 209 CHATTANOOGA TN 37402 (423) 266-6964
Super Mud	PDS CO INC 105 W SHARP ST EL DORADO AR 71731 (870) 863-5707
Shore Pac GCV	CETCO CONSTRUCTION DRILLING PRODUCTS 2870 FORBS AVE HOFFMAN ESTATES IL 60192 (800) 527-9948
Terragel or Novagel Polymer	GEO-TECH SERVICES LLC 220 N. ZAPATA HWY STE 11A-449A LAREDO TX 78043 (210) 259-6386
BIG FOOT	MATRIX CONSTRUCTION PRODUCTS 50 S MAIN ST STE 200 NAPERVILLE IL 60540 (877) 591-3137
POLY-BORE	BAROID INDUSTRIAL DRILLING PRODUCTS 3000 N SAM HOUSTON PKWY EAST HOUSTON TX 77032 (877) 379-7412

Use synthetic slurries in compliance with the manufacturer's instructions. Synthetic slurries shown in the above table may not be appropriate for a given job site.

Synthetic slurries must comply with the Department's requirements for synthetic slurries to be included in the above table. The requirements are available from:

Offices of Structure Design
P.O. Box 168041
MS# 9-4/11G
Sacramento, CA 95816-8041

SlurryPro CDP synthetic slurry must comply with the requirements shown in the following table:

SlurryPro CDP		
Quality characteristic	Test method	Requirement
Density	Mud weight (density), API RP 13B-1, section 4	
During drilling (pcf)		$\leq 67.0^a$
Before final cleaning and immediately before placing concrete (pcf)		$\leq 64.0^a$
Viscosity	Marsh funnel and cup. API RP 13B-1, section 6.2	
During drilling (sec/qt)		50–120
Before final cleaning and immediately before placing concrete (sec/qt)		≤ 70
pH	Glass electrode pH meter or pH paper	6.0–11.5
Sand content, percent by volume	Sand, API RP 13B-1, section 9	
Before final cleaning and immediately before placing concrete (%)		≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

Super Mud synthetic slurry must comply with the requirements shown in the following table:

Super Mud		
Quality characteristic	Test method	Requirement
Density	Mud weight (density), API RP 13B-1, section 4	
During drilling (pcf)		$\leq 64.0^a$
Before final cleaning and immediately before placing concrete (pcf)		$\leq 64.0^a$
Viscosity	Marsh funnel and cup. API RP 13B-1, section 6.2	
During drilling (sec/qt)		32–60
Before final cleaning and immediately before placing concrete (sec/qt)		≤ 60
pH	Glass electrode pH meter or pH paper	8.0–10.0
Sand content, percent by volume	Sand, API RP 13B-1, section 9	
Before final cleaning and immediately before placing concrete (%)		≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

Shore Pac GCV synthetic slurry must comply with the requirements shown in the following table:

Shore Pac GCV		
Quality characteristic	Test method	Requirement
Density During drilling (pcf)	Mud weight (density), API RP 13B-1, section 4	$\leq 64.0^a$
Before final cleaning and immediately before placing concrete (pcf)		$\leq 64.0^a$
Viscosity During drilling (sec/qt)	Marsh funnel and cup. API RP 13B-1, section 6.2	33–74
Before final cleaning and immediately before placing concrete (sec/qt)		≤ 57
pH	Glass electrode pH meter or pH paper	8.0–11.0
Sand content, percent by volume Before final cleaning and immediately before placing concrete (%)	Sand, API RP 13B-1, section 9	≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

Terragel or Novagel Polymer synthetic slurry must comply with the requirements shown in the following table:

Terragel or Novagel Polymer		
Quality characteristic	Test method	Requirement
Density During drilling (pcf)	Mud weight (density), API RP 13B-1, section 4	$\leq 67.0^a$
Before final cleaning and immediately before placing concrete (pcf)		$\leq 64.0^a$
Viscosity During drilling (sec/qt)	Marsh funnel and cup. API RP 13B-1, section 6.2	45–104
Before final cleaning and immediately before placing concrete (sec/qt)		≤ 104
pH	Glass electrode pH meter or pH paper	6.0–11.5
Sand content, percent by volume Before final cleaning and immediately before placing concrete (%)	Sand, API RP 13B-1, section 9	≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

BIG-FOOT synthetic slurry must comply with the requirements shown in the following table:

BIG-FOOT

Quality characteristic	Test method	Requirement
Density During drilling (pcf)	Mud weight (density), API RP 13B-1, section 4	$\leq 64.0^a$
Before final cleaning and immediately before placing concrete (pcf)		$\leq 64.0^a$
Viscosity During drilling (sec/qt)	Marsh funnel and cup. API RP 13B-1, section 6.2	30–125
Before final cleaning and immediately before placing concrete (sec/qt)		55–114
pH	Glass electrode pH meter or pH paper	8.5–10.5
Sand content, percent by volume Before final cleaning and immediately before placing concrete (%)	Sand, API RP 13B-1, section 9	≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

POLY-BORE synthetic slurry must comply with the requirements shown in the following table:

POLY-BORE

Quality characteristic	Test method	Requirement
Density During drilling (pcf)	Mud weight (density), API RP 13B-1, section 4	62.8–65.8 ^a
Before final cleaning and immediately before placing concrete (pcf)		62.8–64.0 ^a
Viscosity During drilling (sec/qt)	Marsh funnel and cup. API RP 13B-1, section 6.2	50–80
Before final cleaning and immediately before placing concrete (sec/qt)		50–80
pH	Glass electrode pH meter or pH paper	7.0–10.0
Sand content, percent by volume Before final cleaning and immediately before placing concrete (%)	Sand, API RP 13B-1, section 9	≤ 1.0

NOTE: Slurry temperature must be at least 40 °F when tested.

^aIf authorized, you may use slurry in a salt water environment. The allowable density of slurry in a salt water environment may be increased by 2 pcf.

AA

50 PRESTRESSING CONCRETE

AA

51 CONCRETE STRUCTURES

Aggregate for all concrete at bridges must be the 1-inch combined aggregate gradation complying with section 90.

Add to the RSS for section 51-1.02D:

RSC used to construct closure pour of Darling Way Bridge must have a minimum specified compressive strength of 4000 psi at the age of break.

Add to section 51-1.02B:

Concrete for concrete bridge deck at the prefabricated truss must contain polymer fibers. Each cubic yard of concrete must contain at least 1 pound of microfibers and at least 3 pounds of macrofibers.

Concrete for concrete bridge deck at the prefabricated trusses must contain a shrinkage reducing chemical admixture. Each cubic yard of concrete must contain at least 3/4 gallon of a shrinkage reducing admixture. If you use the maximum dosage rate shown on the Authorized Material List for the shrinkage reducing admixture, your submitted shrinkage test data does not need to meet the shrinkage limitation specified.

Replace the 2nd paragraph of section 51-1.03H with:

Finish the concrete surface of the prefabricated truss deck under section 73-3.03.

Cure the top surface of the prefabricated truss bridge decks by (1) misting and (2) the water method using a curing medium under section 90-1.03B(2). After strike off, immediately and continuously mist the deck with an atomizing nozzle that forms a mist and not a spray. Continue misting until the curing medium has been placed and the application of water for the water method has started. At the end of the curing period, remove the curing medium and apply curing compound on the top surface of the bridge deck during the same work shift under section 90-1.03B(3). The curing compound must be curing compound no. 1.

Add to section 51-1.03G Concrete Surface Textures:

Architectural treatment/surface texture must be constructed on specific retaining walls and other locations shown on the plans. Layout of design must be reviewed and approved by the Engineer prior to pouring concrete.

AA

52 REINFORCEMENT

Payment per pound for Bar Reinforcing Steel (Drainage Structures) shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in placing bar reinforcing steel in drainage structures, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

AA

53 SHOTCRETE

AA

54 WATERPROOFING

AA

55 STEEL STRUCTURES

Add to section 55:

FURNISH PREFABRICATED MODULAR STEEL TRUSS BRIDGE

A. GENERAL REQUIREMENTS

Design, fabricate, and deliver to the job site, ready for installation, the shop-assembled, modular steel bridge, complete with electrical conduit for lighting, lighting, guardrail and hand rail systems (if applicable), and architectural features. The bridge will be shop primed and painted as shown on the project plans.

Dimensions -

See the project plans for the required bridge dimensions and configuration. Include seat dimensions on the shop drawings. Coordinate the bearing locations and sizes with the constructed abutments and piers. If cross-sectional member dimensions are provided on the plans, consider those to be the maximum sizes allowable.

Provide a Pratt Truss with plumb vertical members. The bridge shall utilize an H-Section configuration where the ends of the floor beams are welded only to the interior face of the verticals. The distance from the top of deck to the bottom of the bottom chord shall be as shown on the bid drawings.

The vertical truss shall use a single-diagonal, Pratt configuration, where all of the diagonals are in tension. The number of bays must be even. "X" crossing diagonals are not allowed.

The maximum distance from the deck profile grade to the bottom chord shall match that shown on the drawings and shall not vary more than 6" across the bridge length.

The number of bays and the dimension of the panel points shall be determined by the Fabricator. However, at no time shall the panel point dimension be a distance which will cause the diagonals to be at an angle shallower than 35 degrees with the bottom chord.

The bridge shall be designed to fit the concrete pier and abutment geometry and profile shown on the drawings. The effects of construction tolerances shall be accounted for in the design of the prefabricated pedestrian bridge. Any abutment or pier redesign required to accommodate the Contractor's selected prefabricated pedestrian bridge shall be at the Contractor's expense. Coordinate the location of anchor bolts with the Fabricator and the Engineer prior to constructing the abutments. Special attention shall be given to the anchor bolt setting so that the fabricated bridge will fit the slotted holes of the bearings.

Camber the bridge so as not to exceed the maximum distance from the profile grade to the bottom chord provided above. The top of the deck shall be at the same elevation at each end of the bridge.

Assembly - Deliver the steel bridge superstructure in one piece where possible. Bolt-together and welded designs may be acceptable.

Handling - Provide each bridge module with a minimum of four or more integral lifting lugs to facilitate safe handling and placement of the bridge module.

Bridge Installation - Provide a comprehensive installation plan that includes manufacturer-recommended handling, placement, fit-up and seating procedures. Coordinate the offloading of the bridge at the construction site, assembly of the modular pieces, and approach work necessary for delivery and installation of the bridge.

B. FABRICATOR REQUIREMENTS

Fabricate the modular bridge in an AISC (American Institute of Steel Construction) shop approved as a Certified Bridge Fabricator - Advanced (Major) also holding a Sophisticated Paint Endorsement.

The Fabricator must have as a direct employee, an engineer who is experienced in bridge design to perform all engineering related tasks and designs (Bridge Fabricator Design Professional). The Bridge Fabricator Design Professional must have a minimum of 10 years experience in bridge design and be a currently licensed civil or structural engineer in the State of California.

C. TECHNICAL SPECIFICATIONS

Other Applicable Reference Codes, Specifications and Standards:

1. AISC, Steel Construction Manual, Latest Edition
2. American Welding Society, Structural Welding Code, D1.1, Latest Edition
3. AASHTO "LRFD Bridge Design Specifications", Latest Edition and the Caltrans Amendments. Caltrans Fracture Critical Requirements are excluded.

Fabrication - Use square structural steel tubing for all members of the vertical trusses (top and bottom chords, verticals, and diagonals).

Structural Steel For Coated Surfaces - Use ASTM A709 Grade 50 or ASTM A500 Grade B or C for all painted structural steel.

Structural Decking - Design and provide a stay-in-place galvanized steel deck form suitable for placing a concrete deck on the assembled bridge. The steel decking shall be galvanized. The deck shall have a positive connection to the modular bridge sections, either through welding or bolting each deck panel to the support beams. Side dams shall be integrally welded to the decking. The side dams should extend at least 3.5 inches above the top of the deck.

System Hardware - Include bearing plates, PTFE surfaces, elastomeric bearing pads, joint seals, anchor bolts, and all assembly bolts.

Certification and Traceability of Materials - Furnish certified mill test results when requested for all materials. Charpy V-notch impact test results for main steel supports must be available for review.

Flooring - Utilize an "H" section configuration for the floor systems wherein the floor beams are placed inside the trusses and attached to the truss verticals.

D. WORKING DRAWINGS & COMPUTATIONS

Design - Design the bridge superstructure in accordance with the latest edition of the AASHTO LRFD Guide Specification for the Design of Pedestrian Bridges, and the AASHTO LRFD Bridge Design Specifications.

Deflection limits due to the occasional vehicular loads need not be considered. The vertical deflection of the bridge due to the unfactored pedestrian live loading shall not exceed 1/400 of the span length. The

horizontal deflection of the bridge under unfactored lateral wind loading shall not exceed 1/360 of the span length.

Vibrations - Vibration of the structure shall not cause discomfort or concern to pedestrians. The fundamental frequency of the bridge in the vertical direction, without live load, shall be greater than 3.0 hertz (Hz). The fundamental frequency of the pedestrian bridge in the lateral direction, shall be greater than 1.3 Hz. If the fundamental frequency cannot satisfy these limitation, the bridge shall be proportioned such that either of the following criteria are satisfied (see Section 6 of the AASHTO LRFD Guide Specifications for the Design of Pedestrian Bridges, December 2009):

1. The fundamental frequency is greater than or equal to 2.86 multiplied by the natural log of 180 divided by the weight of the supported structure, including only dead load (measured in kips)

2. The weight of the supported structure, including only dead load (measured in kips) is greater than or equal to the product of 180 and e raised to the negative 0.35 times the fundamental frequency.

Provide engineering drawings in 11x17-inch format. Drawings must be unique drawings, prepared to illustrate the specific bridge being fabricated. All relative design information such as member size, span lengths between bearing points, height of handrails and safety rails, bearing assembly details, anchor bolt locations, concrete deck reinforcement, design data, materials data, dead and live load bearing reactions, ASTM material specifications, and dimensions necessary to fabricate and required welding must be clearly shown on the drawings. Drawings must have cross referenced details and sheet numbers. All drawings must be stamped, signed and dated by the Bridge Fabricator Design Professional. Include Design Notes on the shop plans listing the codes and standards used.

All members of the bridge shall be designated as "Main Members" or "Secondary Members". Show the bridge reactions from all load cases on the drawings.

Structural calculations for the design of the bridge superstructure must be prepared and submitted for review. Calculations must include complete design, analysis and code checks for the controlling member(s), connectivity and support conditions, critical connection failure modes, truss stability checks, deck design, deflection checks, bearings and all splices/connections. The calculations must be neat, page numbered and indexed.

Verify that the diameter and grade of anchor rods shown on the contract plans is adequate. All anchor rods shall be stainless steel and cast-in-place.

The Contractor must allow in the schedule 15 working days for the Engineer's initial review of each Submittal and 5 working days for each review of necessary corrections or revisions. The Fabricator must not begin fabrication of the bridge until the drawings and calculations are approved.

Installation drawings and instructions shall be provided with each bridge to provide aid and guidance in the handling, fit-up, and bolting together of the bridge system according to the manufacturers recommendations.

E. MATERIALS AND WORKMANSHIP

Provide welder qualifications.

All materials used in the fabrication of the superstructure, frame, deck, handrails, and guardrails shall be new and conform to the standards and quality for this type of fabrication and best engineering practices.

Material Certifications shall be available for review for all materials within the bridge. Traceability of heat numbers is required for all steel. Specific mill test reports and individual welder certificates shall be tracked and kept on file to be provided at the request of the Engineer.

Documentation showing the performance of all critical quality checks shall be made available for review by the Engineer.

F. ACCEPTANCE OF BRIDGE

Acceptance of the structure will occur after it has been fabricated, delivered, and erected in place in accordance with the specifications contained herein, and after all required certifications have been furnished.

G. DELIVERY

The bridge supplier shall fabricate and deliver the bridge, complete with all elements described in this section, to the bridge installation site after coordination with the bridge installer.

Provide notice of delivery 30 days prior to the anticipated delivery date. The bridge should not be delivered on a Friday, a weekend, or a holiday.

H. STEEL CONNECTIONS

Field welding is not allowed for structural connections.

Bolting - Per the Standard Specifications.

Design slip-critical bolted connections for a Class A surface condition. Bearing type connections are permitted only for joints subjected to axial compression or on bracing members.

Tubular Steel Connections - Open-ended tubing is not acceptable. Cap and fully seal tubular members before field sections are bolted together. Shop fit all field splices. Fully seal all tubes at time of fabrication. Bolt field sections together using splice plates. Avoid through-bolted field sections where possible. When through bolting is necessary, stiffen the tubular section to ensure the shape of the tubular section is retained after final bolting.

I. WELDING

All welding shall be completed to D1.1 specifications by certified welders meeting requirements and qualifications tests of the American Welding Society. All welds shall conform to specifications of the American Welding Society.

Filler metal shall be in accordance with the applicable AWS Filler Metal Specification, and shall match the corrosion properties of the base metal. In addition, the following minimum nondestructive weld testing shall be performed by an independent agency paid for by the Fabricator:

1. All welds are to be visually inspected.
2. Ten percent of all fillet welds shall be magnetic particle tested.
3. All full penetration welds of chords shall be ultrasonically or radiographically tested.
4. Bottom chord welded tube splices for tube thicknesses less than 3/8-inches thick shall be radiographically tested or covered with fillet welded splice plates with non-intersecting welds which develop 75% of the spliced member strength.
5. Submit a written testing report upon completion of bridge fabrication.

Certified Weld Inspector:

The Fabricator shall employ a Certified Weld Inspector (CWI) that is qualified under the AWS QC1 program to inspect the bridge. This inspection shall include as a minimum requirement the following: review of shop drawings, weld procedures, welder qualifications and weld testing reports, visual inspection of welds and verification of overall dimensions and geometry of the bridge. The CWI shall be present during the complete fabrication of the bridge. A report shall be produced indicating the above items were reviewed and that the bridge was fabricated in accordance with these specifications and the approved design drawings. The report shall be signed by the CWI, signifying compliance with AWS D1.1 codes.

Non-Destructive Testing:

All welds within the structure, shall be visually inspected for conformance to size, under cut, profile and finish.

All shop splices of main truss members shall be magnetic particle tested.

Welders:

1. Special attention shall be given to developing sufficient weld throats on tubular members. Fillet weld details shall be in accordance with AWS D1.1, Section 3.9 (See AWS Figure 3.2). Unless determined otherwise by testing, the loss factor "Z" for heel welds shall be in accordance with AWS Table 2.8. Fillet welds which run onto the radius of a tube shall be built up to obtain the full throat thickness. The maximum root openings of fillet welds shall not exceed 3/16" in conformance with AWS D1.1, Section 5.22. Weld size or effective throat dimensions shall be increased in accordance with this same section when applicable (i.e. fit-up gaps > 1/16").

2. The Fabricator shall have verified that the throat thickness of partial joint penetration groove welds (primarily matched edge welds or the flare-bevel-groove welds on underhung floor beams) shall be obtainable with their fit-up and weld procedures. Matched edge welds shall be "flushed" out when required to obtain the full throat or branch member wall thickness

3. For full penetration butt welds of tubular members, the backing material shall be fabricated prior to installation in the tube so as to be continuous around the full tube perimeter, including corners. Backing may be of four types:

- a. A "box" welded up from four (4) plates.
- b. Two "channel" sections, bent to fit the inside radius of the tube, welded together with full penetration welds.
- c. A smaller tube section which slides inside the spliced tube.
- d. A solid plate cut to fit the inside radius of the tube.

4. Corners of the "box" backing, made from four plates, shall be welded and ground to match the inside corner radii of the chords. The solid plate option shall require a weep hole either in the chord wall above the "high side" of the plate or in the plate itself. In all types of backing, the minimum fit-up tolerances for backing must be maintained at the corners of the tubes as well as across the "flats".

Shop Splices:

1. Shop splices for main truss members shall be full penetration welds all around the perimeter of the member. These shop splices shall be performed using a full perimeter backing plate. After welding of the shop splices, the weld shall be ground smooth to match the perimeter of the member. Not grinding of this weld shall not be permitted, and will be grounds for rejection of the bridge upon delivery.

J. BOLTED SPLICES

For shipping purposes, each truss may be fabricated in up to three sections lengthwise. Sections shall be field assembled using bolted connections. No field welding of members shall be allowed.

The chord members of the bridge shall be bolted such that all faces of the member are bolted. This is to provide equal force distribution around the perimeter of the member. Bolting in only two faces of an HSS is not allowed. Bolted splices on chords shall be designed and fabricated such that the head of the bolt is the only item exposed. No through bolting of chords is allowed.

The diagonals and brace diagonals shall be bolted utilizing a through-bolt system with plates on the exterior faces of the members. An internal stiffening plate is required to keep the member from crushing during the bolt tightening process.

Field splices shall be fully bolted slip critical connections, utilizing direct tension indicators.

K. RAILINGS

All railings shall have a smooth inside surface with no protrusions or depressions. All ends of angles, bars and tubes shall be closed and ground smooth.

L. ATTACHMENTS

Safety Mesh - mesh shall be placed on the inside of the structure, spaced so as to prevent a 4" sphere from passing through. The mesh shall be attached to frames which are in turn attached to the truss.

Kick plate - provide a 4" high kick plate attached to the deck.

Expansion Joint Support - The Bridge Fabricator shall provide a welded bar support for the expansion joint. The Bridge Fabricator shall coordinate the final bridge length with the prime contractor so that the abutment backwalls are cast in the proper position to achieve the gaps shown on the bid drawings.

M. BRIDGE BEARINGS

The Fixed Bearings shall be a steel plate placed on a 1/4" thick neoprene pad with a durometer of 60. The Expansion Bearings shall have an upper stainless steel slide plate and a lower Teflon plate.

Expansion Bearings shall be placed on a 1/4" thick neoprene pad with a durometer of 60. The Teflon shall be virgin PTFE resin tested per ASTM D4894 or D4895 and reinforcing agents including milled glass fibers. The stainless steel shall be no less than 20-gage A240 Type 304 having a surface finish of less than 20 microinches RMS. Size shall be per loads and anticipated movements determined by the bridge manufacturer.

Both expansion and fixed bearings shall have slotted holes that accommodate the expected thermal movements shown on the bid drawings. Fixed bearings shall have the nuts of the anchor rods tight, whereas the Expansion bearings shall have the nuts of the anchor rods finger tight to allow for movement under thermal expansion and contraction. The free ends nuts shall be secured with a lock nut tightened against the lower nut. At the Bridge Fabricator's discretion, a preformed fabric reinforced elastomeric pad made be used in lieu of the neoprene pad.

O. WARRANTY

The bridge manufacturer shall warrant the bridge to be free of design, material, and workmanship defects for 10 years after the delivery date. Written warranty shall be delivered to the Engineer prior to final acceptance of the bridge.

P. PAYMENT

The lump sum contract price paid for furnish steel truss shall include full compensation for furnishing all labor, materials, tools, equipment and incidentals, and for doing all the work involved in furnishing, fabricating and delivering steel truss to the job site, ready for erection, including furnishing all bolts, nuts and washers, stud connectors, welding materials, asbestos sheet packing, preformed fabric pads and elastomeric bearing pads, PTFE bearings, or other materials required for the erection and connection or splicing of the structural steel; galvanizing the structural steel when galvanizing is required by the specifications or plans; and conforming to the qualification and testing requirements associated with member fabrication; as shown on the plans, as specified in these specifications and the special provisions, and as directed by the Engineer.

The furnishing of all steel trusses involved in bridge work will be paid for at the contract lump sum price for furnish steel truss.

ERECT PREFABRICATED MODULAR STEEL TRUSS BRIDGE

Create erection plan, coordinate timing, dimensions, and weights with bridge fabricator, complete any additional assembly, and erect bridge into required temporary and final position.

Delivery shall be made via truck to the site. Determining the length of bridge section which can be delivered is the responsibility of the Contractor, and shall be communicated to the Bridge Fabricator prior to the bid date.

Submit the erection plan showing:

1. Proposed erection sequence for the bridge including all proposed crane setups, locations, boom angles, swing radii and actual lift weights.

3. Provide NHLA qualified lumber grader at the site to stamp members that are not mill stamped.

1. Deliver materials to the site in an undamaged condition.

3. Lumber will be allowed to acclimate to the site for a minimum of one week before it is rigidly attached.

1. Sizes indicated are nominal; provide actual sizes in accordance with PS 20-94. Provide dressed lumber, S4S.

3. Air dried or kiln dried schedule T5-A3 to a moisture content of 12%.

1. Use only Stainless Steel hardware.

Full compensation for preparing work plan, removing existing decking, complying with all permitting requirements and placing new decking timbers for Tina Way Bridge is included in the lump sum contract price paid for Tina Way Bridge Deck Replacement and no additional compensation will be allowed therefor.

AA

AA

Add to section 59-2.01A(1):

Clean and paint the new prefabricated truss steel bridge with an epoxy coating system.

59-1.01B(2) Definitions

DFT: Dry film thickness.

Conform to PDCA Glossary for interpretation of terms used in this Section except as modified below.

Exposed Surfaces: Surfaces of products, assemblies, and components visible after final installation. Includes internal surfaces visible when operable doors, panels or drawers are open, and surfaces visible behind registers, grilles, or louvers.

Concealed Surfaces: Surfaces permanently hidden from view in finished construction and which are only visible after removal or disassembly of part or entire product or assembly.

Inaccessible Spaces: Spaces not intended for human use.

Sheen: Degree of luster as measured with specular gloss meter in accordance with ASTM D523:

Flat:	85 degree meter	Below 15
Eggshell:	60 degree meter	5 to 20
Satin:	60 degree meter	15 to 35
Semi-gloss:	60 degree meter	30 to 65
Gloss:	60 degree meter	65 to 80
High Gloss:	60 degree meter	Over 80

59-1.01B(3) System Requirements

Testing Requirements: Test according to following methods.

Abrasion: ASTM D4060.

Adhesion: ASTM D3359, D4541.

Humidity: ASTM D4585.

Salt Spray (Fog): ASTM B117.

Solids Content by Volume: ASTM D2832.

Surface Burning Characteristics: ASTM E84.

Application Requirements: Apply scheduled coatings to exposed surfaces of items scheduled and otherwise indicated unless specifically noted otherwise.

Interface with Adjacent Systems:

1. Test compatibility of existing coatings, including shop applied primers and previously applied coatings, by applying specified coating to small, inconspicuous area.
2. If coating lifts or blisters existing coating, apply barrier or tie coat as instructed by coating manufacturer.
3. If no compatible barrier or tie coat exists, remove existing coating completely and apply coating system as specified for new work.

Replace section 59-1.01C with:

59-1.01C Submittals

Product Data:

1. Submit product data including label analysis for each product proposed for use.
2. Specifically include percent solids-by-volume, volatile organic compound (VOC) content g/L, and lead content (percent of weight of dried film).
3. Schedule:
 - a. List each material proposed for use. Cross-reference to specific coating system and substrate application.
 - b. Identify each material by manufacturer's catalog number, product name, and generic classification.

Coating System Samples:

1. Prepare samples of each coating system scheduled on actual substrate materials proposed for use.

2. Provide sample for each top coat color selected.
3. Step back each coat at least one inch to show bare substrate and each coat in system build-up.
4. Minimum sample size of 4 by 8 inches.
5. Label each sample to indicate materials, color, sheen, DFT of each coat applied, and total system DFT.

Submit following Informational Submittals:

1. Test Reports: Indicate compliance with specified performance requirements.
2. Certifications specified in Quality Assurance article.
3. Qualification Data: Manufacturer's and applicator's qualification data.
4. Manufacturer's Instructions: Include mixing, thinning, and curing requirements; application temperature ranges; and required surface preparation.

Closeout Submittals:

1. Warranty: Submit specified warranty.

Add to section 59-1.01D:

59-1.01D(2) Additional Quality Assurance

Single Source Responsibility: Provide products of single manufacturer for use in each coating system. Do not mix products of different manufacturers without approval of City Engineer and manufacturers involved.

Manufacturer Qualifications: Company specializing in manufacturing products specified in this Section with minimum 5 years documented experience.

Applicator Qualifications: Company specializing in application of coatings scheduled with 3 years documented experience; licensed or approved by coating manufacturer.

Regulatory Requirements:

1. Comply with CPSC 16 CFR 1303 and other applicable federal, state, and local regulations limiting lead content of coatings to be applied.

Certifications:

1. Submit certification from manufacturer that materials furnished for use on this Project meet or exceed specified requirements and comply with applicable federal, state, and local requirements regarding lead and VOC content.

Add section 59-1.01E:

59-1.01E Field Samples

Sample Installation: Duplicate finishes of approved coating system samples on surfaces selected by City Engineer.

Provide full-coat finish on at least 100 square feet of surface until required color, sheen, and texture are obtained. Simulate finished lighting conditions for review of in-place work.

Request review by City Engineer of first finished room, space, or item for each coating system for color, texture, quality, and workmanship.

Add section 59-1.01F:

59-1.01F Pre-Installation Conference

Schedule meeting prior to purchasing materials for field samples.

Agenda: Include items to be coated, preparation procedures, and methods of application.

Add section 59-1.01G:

59-1.01G Delivery, Storage, and Handling

Deliver products to site in manufacturer's sealed and labeled containers; inspect to verify compliance with specified requirements.

Label containers to indicate manufacturer's name, product name and type of coating, brand code or stock number, date of manufacture, coverage, surface preparation, drying time, cleanup, color designation, and instructions for mixing and reducing.

Store coating materials in tightly covered containers in well ventilated area at ambient temperatures of 45 degrees F minimum and 90 degrees F maximum, unless required otherwise by manufacturer. Maintain containers in clean condition, free of harmful materials and residue with labels in legible condition.

Take precautionary measures to prevent fire hazards and spontaneous combustion.

Add section 59-1.01H:

59-1.01H Warranty

Warrant against defects in material and workmanship for 5 years.

Repair or replace defects occurring during warranty period.

Defects include but are not limited to holidays, wrinkling, pinholes, crazing and cracking, loss of adhesion to substrate, deficient thickness, improper materials and workmanship.

Replace section 59-1.02C with:

59-1.02C Coatings

Coatings:

1. Furnish coatings with uniform, homogeneous mixture.
2. Provide cured coating free of streaks and sags, and yielding specified finish.

a. Aromatic Compounds: Paints and coatings shall not contain more than 1.0 percent by weight of total aromatic compounds (hydrocarbon compounds containing 1 or more benzene rings).

Coating and Primer Maximum Product Emissions Limits: Top coat and primer interior paints must meet or not exceed the VOC (Volatile Organic Compounds) limits of the current requirements of Green Seal Standards GS-11 - Paints in the building. GS-11 VOC limits for interior paints are as follows. Interior refers to all building construction that is inside of the exterior weatherproofing material:

1. Interior, Non-flats: 150 grams per liter of product minus water
2. Interior, Flats: 50 grams per liter of product minus water

Paint Maximum Product Emissions Limits: Top coat and primer interior paints must meet or not exceed the VOC (Volatile Organic Compounds) limits of the current requirements of Green Seal Standards GS-11 - Paints in the building, and Cal-GREEN Table 5.504.4.3 for VOC Content Limits for Architectural Coatings.

Cal-GREEN Requirements for typical high-performance coatings:

1. Primers, Sealers, and Undercoaters: 100 grams per liter of product minus water
2. Industrial Maintenance Coatings: 250 grams per liter of product minus water
3. Non-flats: 100 grams per liter of product minus water
4. Non-flat High Gloss: 150 grams per liter of product minus water.

Replace section 59-1.03B with:

59-1.03B Project Conditions

Coating may not be applied at the project site. The bridge fabricator will shop coat the steel trusses, floor beams, bearings, architectural steel, and all other elements before delivery to the site.

Environmental Conditions: Comply with more restrictive conditions under which coatings may be applied; following requirements or manufacturer's requirements.

1. Provide continuous ventilation during application of coatings to exhaust hazardous fumes.
2. Provide heating necessary to maintain surface and ambient temperatures within specified limits.
3. Maintain temperature and humidity conditions for minimum 24 hours before, during, and 48 hours after application of finishes.
4. Do not permit wide variations in ambient temperatures which might result in condensation on freshly coated surfaces.
5. Provide illumination of not less than 80 foot-candles measured mid height at substrate surface during application of coatings.
6. Apply coatings only when ambient and surface temperatures are between 55 degrees F and 90 degrees F.
7. Do not apply coatings under following conditions:
 - a. When surfaces are damp and wet.
 - b. During snow, rain, fog, and mist.
 - c. When relative humidity is less than 20 percent or exceeds 85 percent.
 - d. When temperature is less than 5 degrees F above dew point.
 - e. When dust may be generated before coatings have dried.
 - f. In direct sunlight.
 - g. When wind velocity is above 20 mph.
8. Application of coatings may continue during inclement weather provided work areas and surfaces to be coated are enclosed and specified environmental conditions are maintained.

Delete section 59-2.01A(4)(d)(ii)

Replace section 59-2.01B with:

59-2.01B(1) Materials

PRIMERS AND STEEL TOP COATS

- A. Type P1 - Organic Zinc-Rich Primers
 1. Acceptable Manufacturers and Products:
 - a. Tnemec Company, Inc.: 94H2O Hydro-Zinc.
 - b. Carboline Company, Carbozinc 859 VOC,
 - c. ZRC Products Company, Quincy, MA., ZRC Zero-VOC Galvanizing Compound.
 2. Physical Requirements:
 - a. Solids content by volume: 63 percent minimum.
 - b. Metallic zinc content: 83 percent minimum.
 - c. VOC Content (Unthinned): Less than 100 g/L
- B. Catalyzed Epoxy

1. Description: Shop epoxy primer for metal
2. Acceptable Manufacturers and Products:
 - a. Themec Company, Inc.: Series L69 Epoxoline II.
 - b. Carboline Company: Carboguard 890 VOC.
3. Physical requirements:
 - a. Solids Content by Volume: 90 percent minimum.
 - b. Sheen: Flat.
 - c. VOC Content (Unthinned): Less than 100 g/L

POLYURETHANE COATINGS

- A. Type U1 - High Build Polyurethane Coatings:
 1. Acceptable Manufacturers and Products:
 - a. Themec Company, Inc.: Series 750 UVX
 - b. Carboline Company: Carbothane 133 MC,
 2. Properties:
 - a. Sheen: Semi-Gloss
 - b. Solids by Volume: 72 +/- 2 percent.
 - c. VOC: 99 grams/litre
 3. Performance Criteria:
 - a. Abrasion: ASTM D4060, (CS-17 Wheel, 1,000 grams load. No less than 129 mg loss after 1,000 cycles.
 - b. Adhesion: ASTM D4541 (Type II). No less than 1,633 psi (11.25 MPa) pull.
 - c. Cleanability: MIL-PRF-85285C Section 4.6.13. No less than 84% cleaning efficiency.
 - d. Hardness: ASTM D 3363. No gouging or scratching with a HB or less pencil.
 - e. Humidity: ASTM D4585. No blistering, cracking, rusting or delamination of film after 2,000 hours exposure.
 - f. Salt Spray (Fog): ASTM B117. No blistering, cracking, rusting or delamination of film. No more than 3/16 inch rust creepage at scribe after 2,500 hours exposure.

ACCESSORY MATERIALS

- A. Cleaners:
 1. General: Mildewcide, TSP (tri-sodium phosphate), acidic-detergent, zinc sulfate, sodium metasilicate, and solvents:
 2. Commercially available.
 3. Non-damaging to surface being cleaned
 4. Complying with PDCA Specification Manual.
 5. Acceptable to coating manufacturer.

B. Metal Conditioner: Proprietary phosphoric acid based, etching type solution; acceptable to coating manufacturer.

C. Rust Inhibitor:

1. Water containing 0.32 percent by weight of sodium nitrite and 1.28 percent by weight of secondary ammonium phosphate (dibasic).

2. Water containing 0.2 percent by weight of chromic acid, sodium chromate, sodium dichromate, or potassium dichromate.

D. Spackling compound, putty, fillers, liquid de-glosser, patching plaster, thinners, and materials not indicated but required to achieve finishes. Compatible with coating system and acceptable to coating manufacturer.

E. Do not use products of different manufacturers in combination, unless approved by each manufacturer of products involved.

Delete section 59-2.01C(2)

Replace section 59-2.01C(4) with:

59-2.01C(4) Painting

COATINGS SCHEDULE

Color and Sheen: Refer to color schedule.

Prime Coat: P1 Zinc Rich Primer, DFT 3 mil.

Intermediate Coat: P2 Epoxy, DFT 4 mil.

Top Coat: U1 Polyurethane, DFT 5 mil.

Total DFT: 12 mil.

COLOR SCHEDULE

A. Refer to color schedule on Drawings.

MIXING

A. Use factory prepared colors matching approved samples. Site tinting will not be permitted.

B. Thoroughly mix and stir coating components before use to ensure homogeneous dispersion of ingredients. Prior to application, blend multiple containers of same material and color by pouring from one container to another several times to ensure uniform consistency, color, and smoothness.

C. Mix in clean pails of material recommended by manufacturer to avoid contamination.

D. Mix only enough of multi-part coatings to allow application within pot life of mixture.

E. Remove film which may form on surface of material in containers and strain material before using. Stir frequently during use to maintain pigments in suspension. Do not stir film into material.

F. Apply coatings of consistency instructed by manufacturer.

G. Thinning:

1. Provide thinners approved by coating manufacturer.

2. Add thinners within manufacturer recommended limits.

EXAMINATION

A. Examine conditions and proceed with work when substrates are ready.

B. Measure moisture content of surfaces using recently calibrated electronic moisture meter. Do not apply coatings if moisture content of surfaces exceeds lesser of percentages listed below or those required by coating manufacturer. If excess moisture content exists and cannot be reduced, obtain written approval of coating manufacturer before application of coatings.

PREPARATION

A. Protect completed construction from damage. Furnish drop cloths, shields, and protective methods to prevent spray, splatter or droppings from disfiguring other surfaces.

B. Remove surface hardware, mechanical diffusers, escutcheons, registers, electrical plates, light fixture trim, fittings, fastenings and similar items prior to preparing surfaces for finishing. Provide surface-applied protective masking for non-removable items. Carefully store removed items for reinstallation.

C. Remove mildew by scrubbing with mildewcide. Rinse thoroughly with clean water.

D. Before beginning application of coatings, ensure surfaces are clean, dry, and free of dirt, dust, rust, and rust scale, oil, grease, mold, mildew, algae, efflorescence, release agents and other harmful materials which could adversely affect coating adhesion and finished appearance.

APPLICATION

A. General:

1. Coat surfaces specified, scheduled, illustrated, and otherwise identified unless specifically noted otherwise.

2. Apply coatings of type, color, and sheen as scheduled.

3. Apply products in accordance with manufacturer's instructions. Use application materials, equipment, and techniques as instructed by coating manufacturer and best suited for substrate and type of material being applied.

4. Do not apply finishes to surfaces that are improperly prepared.

5. Quantify of coats specified are minimum quantify acceptable.

6. Apply coating systems to achieve scheduled total dry film thickness.

7. Apply material at not less than manufacturer's instructed spreading rate.

8. Do not exceed maximum single coat thickness instructed by coating manufacturer.

9. Do not double-back with spray equipment building up film thickness of two coats in one pass.

10. Ensure that edges, corners, crevices, welds, and exposed fasteners, receive dry film thickness equivalent of flat surfaces.

11. Finish edges of coatings adjoining other materials and colors sharp and clean manner, without overlapping.

B. Prime Coats:

1. Apply initial coat to surfaces as soon as practical after preparation and before subsequent surface deterioration.

2. Apply primer to sash before glazing.

C. Intermediate and Top Coats:

1. Allow previously applied coat to dry before next coat is applied.

2. Sand and dust lightly between coats as recommended by coating manufacturer.

3. Apply each coat to achieve uniform finish, color, appearance, and coverage free of brush and roller marks, runs, misses, visible laps and shadows, hazing, bubbles, pin holes, and other defects.

4. If stains, undercoats, and other conditions show through final topcoat, correct defects and apply additional topcoats until coating film is of uniform finish, color, and appearance.

D. Replace trim, fittings, and other items removed for finishing.

FIELD QUALITY CONTROL

A. Periodically test film thickness of each coat with wet film gage to ensure coatings are being applied to proper thickness.

B. Request review of each applied coat by City Engineer before application of successive coats. Only reviewed coats will be considered in determining number of coats applied.

C. Immediately prior to Substantial Completion, perform detailed inspection of coated surfaces and repair or refinish abraded, stained, and otherwise disfigured surfaces.

D. Testing: City reserves right to employ independent testing agency to verify acceptability of substrates and conformance of coating materials to specified requirements; and to test coating quality and dry mil thickness.]

E. If test results show that material does not comply with specified requirements, remove noncomplying coatings, recoat with complying material, and pay costs of additional testing to ensure compliance.

CLEANING

A. Promptly remove spilled, splashed, and spattered coatings. Clean spots, oil, and other soiling from finished surfaces using cleaning agents and methods which will not damage materials.

B. If completed construction is damaged beyond normal cleaning and repair by coating operations, replace damaged items at no additional cost to Owner.

C. Maintain premises and storage areas free of unnecessary accumulation of tools, equipment, surplus materials, and debris.

D. Collect waste, cloths, and material which may constitute fire hazards and place in closed metal containers; remove from site daily along with empty containers.

PROTECTION

A. Protect work of other trades against damage from coating activities. Correct damage by cleaning, repairing, replacing, and recoating as acceptable to City Engineer.

B. Provide "Wet Paint" signs and other methods to protect newly coated surfaces. Remove when directed or when no longer needed.

AA

AA

AA

AA

Payment per each for Flared End Section, of the size indicated on the plans or in the bid item list, shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in constructing flared end section, as shown on the plans as specified in the State

Add to section 73-1.02A:

Concrete must be minor concrete complying with section 90-2 and may contain returned plastic concrete complying with section 90-9.

Minor Concrete (Sidewalk), Minor Concrete (Curb and Gutter Type 2), Minor Concrete (Barrier Curb), Minor Concrete (Headwall), Minor Concrete (Pipe Inlet) shall be measured and paid for per cubic yard.

Payment per cubic yard for Minor Concrete (Sidewalk), Minor Concrete (Curb and Gutter Type 2), Minor Concrete (Barrier Curb), Minor Concrete (Headwall), Minor Concrete (Pipe Inlet) shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in constructing sidewalk, curb and gutter Type 2, barrier curb, headwall, and pipe inlet, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Minor Concrete (Retaining Curb) shall be measured and paid for per linear foot measured along the face of the curb.

Payment per cubic yard for Minor Concrete (Sidewalk), Minor Concrete (Curb and Gutter Type 2), Minor Concrete (Barrier Curb), Minor Concrete (Headwall), Minor Concrete (Pipe Inlet) shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in constructing sidewalk, curb and gutter Type 2, barrier curb, headwall, and pipe inlet, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Detectable Warning Surface shall be measured and paid for per square foot.

Payment per square foot for Detectable Warning Surface shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in placing detectable warning surface, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

80 FENCES

Specific properties adjacent to the construction have been identified to have their fences relocated or reconstructed.

Fences of the type shown on the plans or indicated in the bid items list shall be measured and paid for per linear foot and include property fences, post and cable fences, decorative steel fence and chain link fence.

Payment per liner foot for Property Fence, Post and Cable Fence, Decorative Steel Fence, and Chain Link Fence, shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in constructing fence, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Payment per liner foot for Relocate Fence, of the type shown on the plans or in the bid item list, shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in removing existing storing and placing fence in new location, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

New steel bar trail swing gate must include locking device.

Payment per each for Steel Bar Trail Swing Gate, shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in constructing steel bar trail swing gate, including footings, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

AA

DIVISION IX TRAFFIC CONTROL DEVICES

81 MISCELLANEOUS TRAFFIC CONTROL DEVICES

Wheel stops shall be placed at locations shown on the plans.

Wheel Stops shall be measured and paid for on a per unit (EA) basis and shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved installing wheel stops complete in place, as shown on the Plans and these Technical Specifications and as directed by the Engineer and no additional compensation will be allowed.

AA

82 SIGNS AND MARKERS

Add to the end of section 82-3.04 Payment

Roadside signs shall be measured and paid for per each.

Payment per each for Roadside Sign shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in placing roadside sign, including footings, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Install Roadside Sign Panel shall be measured and paid for per each.

Payment per each for Install Roadside Sign Panel shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in installing roadside sign panel, including all appurtenances, as shown on the plans as specified in the State Standard Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

Add to the end of section 82-5.04 Payment

Pavement markers shall be installed in accordance with Section 85, "Pavement Markers," of the City of Roseville's Construction Standards.

Pavement Markers shall be measured and paid for per each.

Payment per each for Pavement Marker, of the type and style listed on the plans or in the bid items list, shall include full compensation for furnishing all the labor, materials, tools, equipment, incidentals and for doing all the work involved in installing pavement markers, as shown on the plans as specified in the City's Construction Specifications and these Technical Specifications, and as directed by the Engineer and no additional compensation will be allowed.

AA

83 RAILINGS AND BARRIERS

green markings.

Material Properties:

The green colored bike lane and white colored markings material shall be a methyl methacrylate (MMA) acrylic based resin system used for color pavement marking and anti-skid surfacing. The resin, catalyst, and aggregate compounds shall be capable of full cure in a wide range of temperatures without requiring external heat sources.

PROPERTIES	UNIT OF MEASURE	TEST
Neat Resin:		
Tensile Strength	2000 psi (14MPa) min	ASTM D638
Elongation	70% min	ASTM D638
Tensile Modulus of Elasticity	1370 psi (9.5 MPa) min	ASTM D638
Hardness	15 – 20 Shore D	ASTM D2240
Water Absorption	0.25% max	ASTM D570
Density	13.42 lb/gal (1.6 gm/ml)	ASTM D2849
Pot Life	15 minutes @ 72°F (22°C)	AASHTO T237
Flash Point	50°F (10°C)	ASTM D1310
Solids Content	99%	ASTM D1644
Skid Resistant	45 minimum	ASTM E274
Aggregate:		
Specific Gravity	2.65	ASTM C128
Hardness	7.0	Mohs Scale

Material Color:

The daytime chromaticity coordinates for the color used for green colored bike lanes shall be as follows:

1		2		3		4	
x	y	x	y	x	y	x	y
0.230	0.754	0.266	0.500	0.367	0.500	0.444	0.555

The daytime luminance factor (Y) shall be at least 7, but no more than 35.

The nighttime chromaticity coordinates for the color used for green colored bike lanes shall be as follows:

1		2		3		4	
x	y	x	y	x	y	x	y
0.230	0.754	0.336	0.540	0.450	0.500	0.479	0.520

Surface Preparation:

Before applying colored pavement material, cover manholes, valve and monument covers, grates, or other exposed facilities located within the area of application, using a plastic or oil resistant construction paper secured by tape or adhesive to the facility being covered.

All surfaces that are to receive colored pavement material shall be thoroughly clean, dry, and free of all dirt, grease, and other contaminants that might interfere with proper adhesion.

Clean the pavement surface using high pressure water, compressed air, sandblasting, shotblasting, or mechanical abrasion. The surface should be visibly dry and the moisture content should be tested according to ASTM D4263 (modified to 2 hours). New asphalt shall have been placed for a minimum of 15 days prior to installation of the colored pavement material and surface oils shall not be present. The temperature of the pavement and air shall be between 40°F - 104°F (5°C - 40°C).

All areas to be coated shall be masked prior to application of primer and masked again prior to application of the colored pavement material.

In areas where colored pavement material is to be applied on top of slurry seal, slurry seal must be allowed to cure for a minimum of two weeks prior to cleaning and application.

Mixing and Application:

Mixing and applying colored pavement material and primer shall be in accordance with the manufacturer's instructions.

Contractor shall follow manufacturer's guidelines regarding atmospheric conditions. Coating application shall not proceed if precipitation is forecast for the immediate 24 hours after the intended date of application.

Application must follow manufacturer's recommended cure times between layers and before opening to traffic. Lanes must be opened to traffic within one hour after the minimum cure time as recommended by the manufacturer expires.

The Contractor shall protect the pavement markings from damage and allow them to fully cure prior to allowing traffic to drive over markings. Any damage shall be corrected by the Contractor at the Contractor's expense.

Measurement and Payment:

The contract unit price paid per square foot for MMA Colored Pavement Marking shall include full compensation for furnishing all labor, materials, tools, equipment, incidentals, and for doing all work involved in the production, delivery, and placement of MMA colored pavement marking, as specified in these Special Provisions, as specified in the Standard Specifications, as shown on the Plans, and as directed by the Engineer and no additional compensation shall be allowed therefor.

DIVISION X ELECTRICAL WORK

86 GENERAL

Add to the list in the 2nd paragraph of section 86-1.02C(1) of the RSS for section 86-1.02C:

15. LIGHTING on pull box covers without CALTRANS for City parking lot and trail lighting system
16. ELECTRICAL on pull box covers without CALTRANS for City pedestrian crossing warning system

Add to the end of section 86-1.02F(2)(a):

All conductors must be copper type.

Replace the RSS for the 2nd paragraph of section 86-1.02F(2)(c)(ii) with:

An equipment grounding conductor must be bare.

Replace the 1st sentence in the 15th paragraph of section 86-1.02P(2) with:

The interior of the enclosure must accept cable-in/cable-out circuit breakers. The circuit breakers must be mounted on nonenergized clips and vertically with the up position of the handle being the ON position.

[illegible]

The standard for dual luminaire shall be 20' height with 4" diameter round straight steel. Model number shall be RSS-20-4B-DM28-FINISH.

The color of luminaire housing and standard shall be determined by the City.

87-9.03 CONSTRUCTION

Submit the color sample of luminaire housing and standard to City of Roseville for approval before the order.

87-9.04 PAYMENT

Not Used

Replace section 87-10 with:

87-10 TRAIL LIGHTING

87-10.01 GENERAL

87-10.01A Summary

Section 87-10 includes specifications for constructing trail lighting.

Trail lighting includes:

1. Foundations
2. Pull boxes
3. Conduit
4. Conductors
6. Soffit luminaires
7. Service equipment enclosure
8. Photoelectric control
9. Fuse splice connectors

The components for trail lighting are shown on the project plans.

87-10.02 MATERIALS

The trail soffit luminaire shall be Gardco SVPG series, 22W LED surface-mounted soffit luminaire with house side shield and wire guard. Model number shall be SVPG-140L-450-WW-G2-PM-IR-UNV-BL-IMR12-FINISH-HSS-WIRE GUARD or approved equal.

The color of luminaire housing shall be determined by the City.

87-10.03 CONSTRUCTION

Submit the color sample of luminaire housing to City of Roseville for approval before the order.

87-10.04 PAYMENT

Not Used

Replace section 87-11 with:

87-11 PEDESTRIAN CROSSING WARNING SYSTEM

87-11.01 GENERAL

87-11.01A Summary

Section 87-11 includes specifications for constructing pedestrian crossing warning system.

Pedestrian crossing warning system includes:

1. Foundations
2. Pull boxes
3. Conduit
4. Conductors

- The components for pedestrian crossing warning system are shown on the project plans.

The pedestrian crossing warning system shall be Tapco Intergraded Blinkersign system, with 20 W solar panel and eight 1 wattage LED light on the blinker sign or approved equal.

Install electrical equipment as shown on the plans and these special provisions.

APPENDIX A

Mitigation Monitoring Plan

4 MITIGATION MONITORING PLAN

4.1 INTRODUCTION

Section 15097 of the California Environmental Quality Act (CEQA) Guidelines requires public agencies to adopt monitoring or reporting programs for projects approved by a public agency whenever approval of a project includes environmental findings related to significant or potentially significant environmental impacts where mitigation measures are adopted as part of the project.

The following is the Mitigation Monitoring Plan (MMP) for the Dry Creek Greenway East Trail Project. The intent of the MMP is to prescribe the means for monitoring the implementation of the mitigation measures identified within the Draft EIR for this project.

4.2 MITIGATION MEASURES

The mitigation measures are taken from the Dry Creek Greenway East Trail Project Draft EIR, as modified by this Final EIR, if applicable, and are assigned the same number as in the Draft EIR. The MMP describes the actions that must take place to implement each mitigation measure, the timing of those actions, and the entities responsible for implementing and monitoring the actions.

4.3 ENVIRONMENTAL IMPACTS AND RECOMMENDED MITIGATION MEASURES

The components of the attached table, which contains applicable mitigation measures, are addressed briefly, below.

Impact: This column summarizes the impact stated in the Draft EIR.

Mitigation Measure: All mitigation measures that were identified in the Dry Creek Greenway East Trail Project Draft EIR are presented and numbered accordingly.

Action: For every mitigation measure, one or more actions are described. The actions delineate the means by which the mitigation measures will be implemented, and, in some instances, the criteria for determining whether a measure has been successfully implemented. Where mitigation measures are particularly detailed, the action may refer back to the measure.

Implementing Party: This item identifies the entity that will undertake the required action.

Timing: Implementation of the action must occur prior to or during some part of project approval, project design or construction or on an ongoing basis. The timing for each measure is identified.

Monitoring Party: The City of Roseville is primarily responsible for ensuring that mitigation measures are successfully implemented. Within the city, a number of departments and divisions would have responsibility for monitoring some aspect of the overall project. Other agencies, such as state and federal resource agencies and the Placer County Air Pollution Control District, may also be responsible for monitoring implementation of certain permit conditions. As a result, more than one monitoring party may be identified.

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
4.2 Air Quality					
Impact 4.2-1: Short-term construction-generated emissions of ROG, NO_x, PM₁₀, and PM_{2.5}.	Mitigation Measure 4.2-1: Reduce construction-related NO_x emissions. Before approval of grading permits, the construction contractor shall submit for PCAPCD approval, a written calculation demonstrating that the fleet of heavy-duty (> 50 horsepower) off-road equipment used during the project's construction, including owned, leased, and subcontractor vehicles, will achieve the necessary percent reduction in NO_x emissions during all construction phases, and for any periods during which multiple phases would overlap, as to not exceed 82 lb/day. Acceptable options for reducing emissions may include reduction in the number of segments constructed in a single day, use of late model-year engines, low-emission renewable diesel fuel, engine retrofit technologies, and/or other effective options as recommended by PCAPCD at the time (see Appendix C of the PCAPCD 2017 CEQA Handbook [PCAPCD 2017:75] for additional options). The calculation shall be provided using PCAPCD's Construction Mitigation Calculator.	Construction contractor shall submit for PCAPCD approval a written calculation demonstrating that the heavy-duty off-road equipment used during the project's construction, will achieve the necessary percent reduction in NO _x emissions during all construction phases.	Construction Contractor	Prior to issuance of grading permits	Development Services Department
4.3 Biological Resources					
Impact 4.3-1: Disturbance and loss of waters of the United States, waters of the state and riparian habitat.	Mitigation Measure 4.3-1: Wetlands, Waters of the United States, and Water of the State. This mitigation would apply for the Proposed Trail Alignment, Alignments Options 1A, 1C, and 5A. The City shall implement the following measures to compensate for the loss of wetlands, waters of the United States, waters of the State, and riparian habitat: a. The City shall submit a wetland delineation report to USACE and request a preliminary jurisdictional determination. Based on the jurisdictional determination, the City shall determine the exact acreage of waters of the United States and waters of the state that would be filled as a result of project implementation.	Submit a wetland delineation report to the United States Army Corps of Engineers (USACE) and request a preliminary jurisdictional determination	City of Roseville	Prior to construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	b. The City shall replace on a “no net loss” basis (minimum 1:1 ratio) (in accordance with USACE, CDFW, and/or RWQCB) the acreage and function of all wetlands and other waters that would be removed, lost, or degraded as a result of project implementation. Wetland habitat shall be replaced at an acreage and location agreeable to USACE, CDFW, and the Central Valley RWQCB and as determined during the Section 401, Section 404 and Section 1602 permitting processes. The ratio of stream habitat restoration/replacement shall consider value for Central Valley steelhead and Chinook salmon (as discussed under Mitigation Measure 4.3-2). Habitat shall either be restored on the affected stream and within City property, or at an approved mitigation bank. In either instance, compensatory mitigation will be approved by USACE, CDFW, and RWQCB.	Replace the acreage and function of all wetlands and other waters that would be removed, lost, or degraded	City of Roseville	Prior to construction	Development Services Department
	c. The City shall obtain a USACE Section 404 Individual Permit, RWQCB Section 401 certification, and a Section 1602 streambed alteration agreement from CDFW before any groundbreaking activity within 50 feet of any wetland or water of the United States. The City shall implement all permit conditions, which may include contributions to an approved wetland mitigation bank or through the development and implementation of a Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan for creating or restoring in-kind habitat in the surrounding area. If mitigation credits are not available, stream and riparian habitat compensation shall include establishment of riparian vegetation on currently unvegetated bank portions of streams affected by the project and enhancement of existing riparian habitat through removal of nonnative species, where appropriate, and planting additional native riparian plants to increase cover, continuity, and width of the existing riparian corridor along streams in the project site and surrounding areas. The ratio of riparian restoration/replacement shall consider value for Central Valley steelhead and Chinook salmon (as discussed under Mitigation Measure 4.3-2) as well as City Protected trees and Oak Woodland Habitat (as discussed under Mitigation Measure 4.3-8). Construction activities and compensatory mitigation shall be conducted in accordance with the terms of a streambed alteration agreement as required under Section 1602 of the Fish and Game Code.	Obtain a USACE Section 404 Individual Permit, RWQCB Section 401 certification, and a Section 1602 streambed alteration agreement from the California Department of Fish and Wildlife (CDFW)	City of Roseville	Prior to groundbreaking activity within 50 feet of any wetland or water of the United States	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	d. The Compensatory Wetland, Stream and Riparian Restoration and Mitigation and Monitoring Plan shall include the following: 1. identification of compensatory mitigation sites and criteria for selecting these mitigation sites; 2. in kind reference habitats for comparison with compensatory wetland, stream, and riparian habitats (using performance and success criteria) to document success; 3. monitoring protocol, including schedule and annual report requirements (Compensatory habitat shall be monitored for a minimum of three (3) years from completion of mitigation, or human intervention (including recontouring and grading), or until the success criteria identified in the approved mitigation plan have been met, whichever is longer.); 4. ecological performance standards, based on the best available science and including specifications for native riparian plant densities, species composition, amount of dead woody vegetation gaps and bare ground, and survivorship (based on characteristics of the existing impacted habitat); at a minimum, compensatory mitigation planting sites must achieve 80 percent survival of planted riparian trees and shrubs by the end of the three-year maintenance and monitoring period or dead and dying trees shall be replaced and monitoring continued until 80 percent survivorship is achieved; 5. corrective measures if performance standards are not met; 6. responsible parties for monitoring and preparing reports; and 7. responsible parties for receiving and reviewing reports and for verifying success or prescribing implementation or corrective actions.	Prepare Compensatory Wetland, Stream and Riparian Restoration and Mitigation and Monitoring Plan	City of Roseville	Prior to final Compensatory Wetland, Stream and Riparian Restoration and Mitigation and Monitoring Plan approval	Development Services Department
Impact 4.3-2: Interfere substantially with the movement of Central Valley steelhead and Central Valley fall-run Chinook salmon.	Mitigation Measure 4.3-2: Central Valley Steelhead and Central Valley fall-run Chinook Salmon This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. The City shall implement the following measures, developed based on past consultations with NMFS, to avoid, minimize and/or mitigate potential effects on Central Valley steelhead and Central Valley fall-run Chinook salmon.				

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	a. Prior to the onset of work, the qualified biologist shall conduct a mandatory worker environmental awareness training. The training shall educate workers about the importance of avoiding impacts to Central Valley steelhead and Central Valley fall-run Chinook salmon and their habitat. The training shall also cover the relevant permit conditions and avoidance and minimization measures that protect sensitive species and habitats, as well as the penalties for non-compliance with state and federal laws, regulations, and permit requirements. The training shall include information about the life history and habitat requirements of Central Valley steelhead and Central Valley fall-run Chinook salmon and their potential to occur in the project site, as well as the terms and conditions of the Project's Biological Opinions or other authorizing documents (i.e. letter of concurrence).	Hire a qualified biologist to conduct mandatory worker environmental awareness training.	City of Roseville	Prior to construction activities within the creek banks and channel beds	Development Services Department
	b. Construction activities occurring within creek banks and channel beds shall be limited to the low-flow period (typically June 15 - October 15), unless earlier or later dates are approved by CDFW and NMFS during consultation. By limiting in-water construction activities to this time period, the Project shall limit construction activities to periods when low flow depths and velocities within the project streams are less likely to support Central Valley steelhead or Central Valley fall-run Chinook salmon life stages including adult migration, spawning, and egg incubation periods.	Limit construction activities within creek banks and channel beds	City of Roseville	During construction activities June 15 – October 15	Development Services Department
	c. Fish screens or temporary stream diversion structures shall be installed to exclude Central Valley steelhead and Central Valley fall-run Chinook salmon from areas where in-water and near-water construction activities would be conducted. Installation of fish screens or temporary diversion structures shall prevent access to affected areas in the unlikely event that Central Valley steelhead or Central Valley fall-run Chinook salmon are present in the project streams during the low-flow period (June 15 - October 15).	Install fish screens or temporary stream diversion structures in areas where in-water and near-water construction activities would be conducted, per Endangered Species Act (ESA) Section 7 consultation.	City of Roseville	During construction activities June 15 – October 15	Development Services Department
	d. The City shall retain a qualified biologist to monitor the installation of fish screens or temporary stream diversion structures, as well as any other near or in-water construction activities (e.g., installation of RSP along	Hire a qualified biologist to monitor installation of fish screens or temporary	City of Roseville	During construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	creek banks or below the OHWM, installation and removal of low water crossings, placement of new abutments, rock walls, gabions, and water diversions). Prior to the installation of fish screens or temporary stream diversion structures the biologist shall visually survey the in-water work area for Central Valley steelhead and Central Valley fall-run Chinook salmon.	stream diversion structures, as well as any other near or in-water construction activities, per ESA Section 7 consultation		activities June 15 – October 15	
	e. Once the biologist confirms that no Central Valley steelhead or Central Valley fall-run Chinook salmon are present in the in-water work area, fish screens or temporary diversion devices shall be installed in a downstream direction, installing the upstream fish screen or temporary diversion device. The biologist shall conduct a second visual survey before the downstream portion of the fish screen or temporary stream diversion is installed. If fish are present within the diversion area, the fish shall be guided out of the in-water work area with nets by the qualified biologist. The need for fish salvage is not anticipated because Central Valley steelhead or Central Valley fall-run Chinook salmon are not likely to be present in the project streams during the low-flow period (June 15 - October 15) – primarily because of excessive summer water temperatures that occur during this period in the project area. However, fish salvage (or relocation outside of the in-water work areas) shall be conducted as needed should fish be present.	Qualified biologist shall conduct a second visual survey and guide fish out of the in-water work area with nets, per ESA Section 7 consultation.	City of Roseville	During construction activities June 15 – October 15	Development Services Department
	f. Before the onset of construction activities, high visibility orange construction fencing shall be installed along the perimeter of Environmentally Sensitive Areas under the supervision of the qualified biologist. Fencing shall be installed along the limits of construction in riparian habitat, minimizing the disturbance of or encroachment on sensitive aquatic and riparian habitats. The contractor shall maintain the project's Environmentally Sensitive Area fencing for the duration of the project and remove it when the project is complete.	Install high visibility orange construction fencing along the perimeter of Environmentally Sensitive Areas	City of Roseville	Prior to construction activities within the creek banks and channel beds	Development Services Department
	g. Erosion control BMPs shall be implemented during construction to minimize the potential for erosion, and the mobilization of sediments to project waterways and be consistent with the Open Space Preserve Overarching Management Plan (and related USFWS Biological Opinion (81420-2008-F-1958-3). The following erosion and sediment control	Implement erosion and sediment control measures	City of Roseville	During construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	measures shall be implemented to prevent sedimentation and turbidity, as well as any identified in the SWPPP, 401, 404, or 1602 permits. 1. Soil exposure shall be minimized by limiting the area of construction and disturbance and through the use of temporary BMPs, groundcover, and stabilization measures. These measures may include mulches, soil binders and erosion control blankets, silt fencing, fiber rolls, temporary berms, sediment de-silting basins, sediment traps, and check dams. 2. Pursuant to Section 13-4.03C(3) of the Caltrans Standard Specifications, water pollution control practices shall be implemented within 72 hours of stockpiling material or before a forecasted storm event, whichever occurs first. If stockpiles are being used, soil, sediment, or other debris shall not be allowed to enter storm drains, open drainages, and watercourses. Active and inactive soil stockpiles must be covered with soil stabilization. 3. Plastic mono-filament netting (erosion control matting) or similar material that could trap wildlife shall not be used. Acceptable substitutes include, but are not limited to, jute, coconut coir matting, or tackified hydroseeding compounds. 4. Energy dissipaters and erosion control pads shall be provided at the bottom of slope drains as needed. Other flow conveyance control mechanisms may include earth dikes, swales, or ditches. Stream bank stabilization measures shall also be implemented. 5. Existing vegetation shall be protected, to the extent feasible, to reduce erosion and sedimentation. Vegetation shall be preserved by installing temporary fencing, or other protection devices, around areas to be protected. Where complete removal is not necessary, vegetation shall be cut to ground level with the root systems left intact to prevent erosion and facilitate the recovery of riparian vegetation after project activities are complete. 6. Exposed soils shall be covered by loose bulk materials or other materials to reduce erosion and runoff during rainfall events. 7. Exposed soils shall be stabilized, through watering or other measures, to prevent the movement of dust at the project site				

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	caused by wind and construction activities such as traffic and grading activities. 8. All construction roadway areas shall be properly protected to prevent excess erosion, sedimentation, and water pollution. 9. The contractor shall conduct periodic maintenance of erosion and sediment control measures. All erosion and storm water control measures shall be properly maintained for the duration of the project.				
	h. A Spill Prevention and Control Plan shall be developed and implemented by the City, or its contractor, for the duration of the project. Pollution prevention and control BMPs shall be implemented during construction to minimize the risk of hazardous materials being released into waters in the project site. The following pollution and contamination prevention measures shall be implemented to prevent the release of hazardous materials during construction: 1. All equipment and materials shall be stored at least 50 feet from wetlands or waters in the project site unless the equipment is on established paved areas. If storage of equipment or materials within 50 feet of wetlands or waters in the project site is necessary, secondary containment shall be utilized to contain the equipment and materials and prevent discharge of any harmful substances into the soil or aquatic resources. Staging and storage areas for equipment, materials, fuels, lubricants, and solvents shall be located outside of the channel and banks of Dry Creek, Cirby Creek, Linda Creek, and Strap Ravine. 2. Secondary containment shall be provided for stationary equipment such as motors, pumps, generators, and compressors located within or adjacent to the Dry Creek, Cirby Creek, Linda Creek, and Strap Ravine. Any equipment or vehicles driven or operated within or adjacent to these creeks shall be checked and maintained daily to ensure proper working conditions to avoid potential impacts such as leaks. 3. No fueling, cleaning or maintenance of vehicles or equipment, or placement of construction debris, spoils or trash should occur within 50 feet of wetlands or waters in the project site unless it occurs in designated refueling/staging areas on existing paved surfaces with	Develop and implement a Spill Prevention and Control Plan	Construction contractor	Prior to construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	secondary containment in place. Refueling of equipment should occur at approved fuel locations. Contractor shall inspect all equipment/vehicles for leaks prior to use and should be inspected regularly during Project inspection. 4. For work that is to occur on existing structures over open flowing portions of Dry Creek, Cirby Creek, Linda Creek, or Strap Ravine, a method of containment such as netting, tarps or similar catchments shall be utilized to catch debris or other potential construction materials and prevent such material from falling into the waters.				
	i. Lighting design shall include measures to limit the amount of light “spill” on water surfaces at night that could lead to predation of juvenile salmonids. To minimize the effects of lighting on salmonids, the City shall prevent lighting that directly shines on the water surfaces of Dry Creek, Cirby Creek, and Linda Creek by minimizing the amount of lighting necessary to safely and effectively illuminate pedestrian areas on bridges and trails, and by shielding and focusing lights on the bridge and trail surfaces and away from water surfaces.	Design and install lighting that does not directly shine on the water surfaces of Dry Creek, Cirby Creek, and Linda Creek	City of Roseville	During project construction	Development Services Department
	j. The project shall avoid impacts to riparian vegetation where feasible, and shall incorporate restoration and enhancement of the riparian corridor into the final design plans and construction specifications and shall develop a riparian and restoration plan (RRP), as part of the Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan discussed in Impact 4.3-1, Disturbance and loss of waters of the United States, and Mitigation Measure 4.3-1 that involves onsite enhancements and purchase of mitigation bank credits to compensate for permanent and temporal loss of riparian and SRA cover. The RRP shall include on-site measures such as enhancing riparian vegetation by the planting of native shrub, tree, and understory species to create a more diverse vegetation structure and thus a higher quality habitat for wildlife. The onsite measures in the RRP may also include the planting of willows and other fast-growing native riparian species, which can quickly compensate for the loss of riparian and SRA cover, and will be planted where erosion control (RSP, slope pavement etc.) is installed along stream banks. Permanent impacts to riparian vegetation can also be mitigated with the purchase of credits (1:1 for riparian and 1.7:1 for	Avoid impacts to riparian vegetation, incorporate restoration and enhancement of the riparian corridor into the final design plans and construction specifications, and develop a riparian and restoration plan	City of Roseville	As required by permit conditions	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	SRA cover), and 0.5:1 for temporal loss of riparian vegetation and SRA cover. Restoration and enhancement of the riparian vegetation in the project site (combined with mitigation bank credits) shall result in no net loss of riparian habitat acreage or function and shall increase the quality of habitat for Central Valley steelhead (including Critical Habitat), Central Valley fall-run Chinook salmon (including EFH), and shall be accomplished through development and implementation of the RRP. Permanent impacts to riparian, including SRA, and waters of the United States shall be further analyzed and determined based on final design for each construction phase during Section 7 consultation as part of USACE Section 404 and CDFW Section 1602 permitting.				
	k. Construction techniques shall be implemented to isolate near shore work from waterbodies in the project site. It is anticipated that clear water diversion using a cofferdam or gravel bag berm with impermeable layer would be used. Isolating in-water construction areas behind cofferdams would minimize the potential for turbidity and suspended sediments from reaching levels that could harm Central Valley steelhead, degrade existing Critical Habitat, harm Central Valley fall-run Chinook salmon, or degrade existing EFH. The extent of cofferdam footprints and dewatering shall be kept to the minimum necessary to support construction activities, and creek flow shall not be interrupted or reduced as a result of construction activities. Any fill material used in association with the cofferdams, such as sandbag fill, shall be composed of washed, rounded, spawning-sized gravel between 0.4 and 4 inches in diameter. If authorized by applicable state and federal permits, any of this gravel in contact with flowing water shall be left in place, and distributed manually with hand tools to allow passage for all life stages of fish. Installation and removal of cofferdams and/or gravel bag berms would be restricted to the summer low-flow period.	Isolate near shore work from waterbodies by clear water diversion using a cofferdam or gravel bag berm with impermeable layer	City of Roseville	Prior to construction activities within the creek banks and channel beds	Development Services Department
Impact 4.3-3: Disturbance or loss of valley elderberry longhorn beetle or its habitat.	Mitigation Measure 4.3-3a: Avoidance and Minimization Measures The following measures shall be implemented to avoid or minimize effects to VELB and/or its habitat during construction of the proposed project. a. A worker awareness training program for construction personnel shall be conducted by a qualified biologist prior to beginning construction activities. The program shall inform all construction personnel about the	A qualified biologist shall conduct a worker awareness training	City of Roseville	Prior to construction activities within	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	life history and status of the beetle, requirements to avoid damaging the elderberry plants, and the possible penalties for not complying with these requirements. Written documentation of the training shall be submitted to the USFWS within 30 days of its completion.	program for construction personnel, per ESA Section 7 consultation		the creek banks and channel beds	
	b. If elderberry shrubs can be retained within the project footprint, the City shall avoid indirect impacts by implementing the following measures, to the extent feasible, or equivalent measures agreed to in consultation with USFWS. Minimization measures include: 1. Avoidance Area. An avoidance area shall be established at least 20 feet from the drip-line of an elderberry shrub for any activities that may damage or kill the elderberry shrub (e.g., trenching, paving, etc.). 2. Fencing. All areas to be avoided during construction activities shall be fenced and/or flagged as close to construction limits as feasible. 3. Signage. Signage shall be posted every 50 feet along the buffer area with the following information, "This area is habitat of the valley elderberry longhorn beetle, a threatened species, and must not be disturbed. This species is protected by the Endangered Species Act of 1973, as amended. Violators are subject to prosecution, fines, and imprisonment." The signs shall be clearly readable from a distance of 20 feet and must be maintained for the duration of construction. 4. Timing. To the extent feasible, all activities that could occur within 165 feet of an elderberry shrub, shall be conducted outside of the VELB flight season (March - July). 5. Erosion Control and Revegetation. Erosion control measures will be implemented to restore areas disturbed within 165 feet of elderberry shrubs and the affected area will be re-vegetated with appropriate native plants. 6. Chemical Usage. Herbicides will not be used within the drip-line of the shrub. Insecticides will not be used within 100 feet of an elderberry shrub. All chemicals will be applied using a backpack sprayer or similar direct application method.	Implement minimization measures including, avoidance, fencing, signage, timing, erosion control and revegetation, chemical usage, mowing, surveys, monitoring, protection and management plan, per ESA Section 7 consultation	City of Roseville	Prior to construction activities within the creek banks and channel beds	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	7. Mowing. Mechanical weed removal within the drip-line of the shrub shall be limited to the season when adults are not active (August - February) and shall avoid damaging the elderberry. 8. Pre-construction and post-construction surveys. Pre-construction surveys shall document compliance with mitigation measures. The post-construction survey shall confirm that there was no additional damage to any of the elderberry shrubs than as described in this document. 9. Construction monitoring. A qualified biologist shall monitor the work area at project-appropriate intervals to assure that all avoidance and minimization measures are implemented. The amount and duration of monitoring will depend on the project specifics and shall be discussed with a USFWS biologist. 10. Elderberry Shrub Protection and Management Plan. The City will develop as part of the Section 7 consultation process with USFWS for the Dry Creek Greenway Multi-Use Trail project an elderberry shrub protection and management plan that will include how the buffer areas are to be protected, restored, and maintained after construction is completed and the City will ensure that ground-disturbing activities on the project site do not alter the hydrology for shrubs to be protected or otherwise affect the likelihood of vigor or survival of elderberry shrubs. The Elderberry Shrub Protection and Management Plan shall be consistent with the City's Open Space Preserve Overarching Management Plan.				
	Mitigation Measure 4.3-3b: Removing/Transplanting Individual Elderberry Shrubs a. Elderberry shrubs that are in the path of construction activities and cannot be avoided shall be removed and if feasible, transplanted, according to Table 4.3-5. A Biological Opinion from USFWS will be obtained prior to removal or transplanting of elderberry shrubs. Removal of a shrub may either include the roots or just the removal of the above-ground portion of the plant. If feasible, the entire root ball shall be removed, and the shrub transplanted. b. Elderberry shrubs requiring removal shall be transplanted as close as feasible to its original location within City-owned property or as approved	Remove or transplant elderberry shrubs that are in the path of construction activities, per Section 7 consultation. Obtain a Biological Opinion prior to removal or transplanting of elderberry shrubs	City of Roseville	Prior to construction or as required by permit conditions	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party															
	by USFWS. Elderberry shrubs may be relocated adjacent to the project footprint if: 1) the planting location is suitable for elderberry growth and reproduction; and 2) the City is able to provide long-term protection to the shrub and ensure that the shrub becomes reestablished. c. If these criteria cannot be met, the shrub may be transplanted to an appropriate USFWS-approved mitigation site. d. Any elderberry shrub that is unlikely to survive transplanting because of poor condition or location, or a shrub that would be extremely difficult to move because of access problems, may not be appropriate for transplanting. The following transplanting guidelines shall be used to guide removal and transplanting of elderberry shrubs on the project site: 1. A qualified biologist shall be on-site for the duration of transplanting activities to assure compliance with avoidance and minimization measures and other conservation measures. 2. Exit-hole surveys shall be completed immediately before transplanting. The number of exit holes found, GPS location of the plant to be relocated, and the GPS location of where the plant is transplanted shall be reported to the USFWS and to the California Natural Diversity Database (CNDDDB). 3. Elderberry shrubs shall be transplanted when the shrubs are dormant (November through the first two weeks in February) and after they have lost their leaves. Transplanting during the non-growing season will reduce shock to the shrub and increase transplantation success. 4. Transplanting shall follow the most current version of the ANSI A300 (Part 6) guidelines for transplanting (http://www.tcia.org/). Table 4.3-5 Mitigation for Loss of Individual Shrubs According to Preliminary Project Design <table><tr><th>Shrub ID</th><th>Proposed Trail Alignment</th><th>Alignment Option 1A</th><th>Alignment Option 1C</th><th>Alignment Option 5A</th></tr><tr><td>ES24</td><td>Transplant if feasible</td><td>Transplant if feasible</td><td>Transplant if feasible</td><td>Transplant if feasible</td></tr><tr><td>ES25</td><td>Transplant if feasible</td><td>Transplant if feasible</td><td>Transplant if feasible</td><td>Transplant if feasible</td></tr></table>	Shrub ID	Proposed Trail Alignment	Alignment Option 1A	Alignment Option 1C	Alignment Option 5A	ES24	Transplant if feasible	Transplant if feasible	Transplant if feasible	Transplant if feasible	ES25	Transplant if feasible	Transplant if feasible	Transplant if feasible	Transplant if feasible

	Mitigation Measure 4.3-3c: Compensatory Mitigation for Loss of Riparian Habitat a. The following compensatory mitigation addresses impacts to VELB habitat through compensating for the permanent loss of riparian habitat within 165 feet of elderberry shrubs. Table 4.3-6 lists the total riparian habitat that is anticipated to be lost, according to the preliminary project design, and the corresponding credits that shall be purchased to replace habitat lost at a 3:1 ratio, as outlined in the VELB framework (USFWS					Compensate for the permanent loss of riparian habitat within 165 feet of elderberry shrubs at a 3:1 ratio, or similar ratio agreeable to the USFWS, per ESA Section 7 consultation	City of Roseville	Prior to construction or as required by permit conditions	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party																									
	2017b). The exact amount of compensation shall be as agreed to by USFWS, per Section 7 consultation under the Federal Endangered Species Act. 	Mitigation Measure 4.3-3d: Consultation with USFWS Caltrans, as the federal designated agency, will consult with USFWS under Section 7 of ESA for approval of transplanting and compensatory measures outlined in Mitigation Measures 4.3-3b and 4.3-3c prior to project construction.	Consult with USFWS for approval of transplanting and compensatory measures	Caltrans and City of Roseville	Prior to construction	Development Services Department																									

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
Impact 4.3-4: Disturbance or loss of Swainson's hawk, white-tailed kite, and other nesting raptors.	Mitigation Measure 4.3-4: Nesting Raptors This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A. The following measures shall be implemented to avoid, minimize and fully mitigate impacts to Swainson's hawk, white-tailed kite, as well as other raptors. a. For project activities, including tree removal, that begin between February 15 and September 15, a qualified biologist shall conduct preconstruction surveys for nesting raptors and to identify active nests on and within 0.25 mile of the project site with direct line of sight from public access areas with the use of binoculars and spotting scopes to the proposed work areas. The surveys shall be conducted before the beginning of any construction activities between February 15 and September 15.	If trees are removed between February 15 and September 15, hire a qualified biologist to conduct preconstruction surveys	City of Roseville	Prior to tree removal or start of construction activities	Development Services Department
	b. The City shall attempt to initiate upland construction activities before the nest initiation phase (i.e., before February 15). If breeding raptors establish an active nest site, as evidenced by nest building, egg laying, incubation, or other nesting behavior, near the construction area, they shall not be harassed or deterred from continuing with their normal breeding activities.	Initiate upland construction activities before the nest initiation phase	City of Roseville	During construction	Development Services Department
	c. Impacts to nesting raptors shall be avoided by establishing appropriate buffers around active nest sites identified during preconstruction raptor surveys. No project activity shall commence within the buffer areas until a qualified biologist has determined the young have fledged, the nest is no longer active, or reducing the buffer, in coordination with CDFW, would not likely result in nest abandonment. CDFW guidelines recommend implementation of 500 feet for raptors, but the size of the buffer may be adjusted if a qualified biologist and the City, in consultation with CDFW, determine that such an adjustment would not likely adversely affect the nest. Monitoring of the nest by a qualified biologist during construction activities shall be required if the activity has potential to adversely affect the nest.	Establish appropriate buffers	City of Roseville	Prior to tree removal or start of construction activities	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	d. Trees shall not be removed during the breeding season for nesting raptors unless a survey by a qualified biologist verifies that there are not active nests within the trees or within 500 feet of the trees proposed to be removed. Loss of trees that provide potential nesting habitat shall be compensated by planting replacement trees according to Mitigation Measure 4.3-1 (wetlands/riparian trees) and Mitigation Measure 4.3-8 (protected oak trees).	Nesting habitat shall be compensated by planting replacement trees according to Mitigation Measure 4.3-1 and Mitigation Measure 4.3-8	City of Roseville	Post-construction activities as part of Riparian Restoration Plan	Development Services Department
Impact 4.3-5: Disturbances to special-status song birds.	Mitigation Measure 4.3-5: Special-status birds This mitigation would apply for the Proposed Trail Alignment, Alignment Option 1A, 1C, and 5A. The following measures shall be implemented and are intended to avoid, minimize, and fully mitigate impacts to nesting special-status birds. a. The City shall ensure that before any ground-disturbing project activities begin for a given proposed trail segment, a qualified biologist shall identify potential habitat for nesting special-status bird species in areas that could be affected during the breeding season by construction.	Hire a qualified biologist to identify habitat for nesting special-status bird species.	City of Roseville	Prior to ground disturbance or tree removal	Development Services Department
	b. If vegetation removal or other disturbance related to construction of the trail segment is required during the nesting season, focused surveys for active nests of special-status birds shall be conducted before and within 5 days of initiating construction by a qualified biologist. The appropriate area to be surveyed and timing of the survey may vary depending on the activity and species that could be affected. If no active nests are found during focused surveys, no further action under this measure shall be required.	Focused surveys for active nests of special-status birds shall be conducted.	City of Roseville	Before and within 5 days of initiating construction	Development Services Department
	c. If an active special-status bird nest is located during the preconstruction surveys, the biologist shall notify the City and the City shall notify CDFW. Construction shall be prohibited within a minimum of 25 feet of the nest to avoid disturbance until the nest is no longer active.	Notify CDFW; construction shall be prohibited within 25 feet of the nest.	City of Roseville	During preconstruction surveys	Development Services Department and CDFW
	d. If construction stops for more than 5 days during the nesting season, a follow up survey shall be conducted to make sure that no birds moved into the area and started nesting.	Conduct follow up survey	City of Roseville	If construction stops for more than 5 days	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
Impact 4.3-6: Disturbance or loss of Western pond turtle.	Mitigation Measure 4.3-6: Western Pond Turtle. This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. a. Implement Mitigation Measure 4.3-1.	Submit a wetland delineation report to USACE and request a preliminary jurisdictional determination	City of Roseville	Prior to construction	Development Services Department
	b. Before ground disturbance, all onsite construction personnel shall be instructed by a qualified biologist regarding the potential presence of western pond turtle, the importance of avoiding impacts on this species and its habitat, and recognition of western pond turtle and its habitat(s).	Hire a qualified biologist to train construction personnel on western pond turtle	City of Roseville	Prior to construction	Development Services Department
	c. Within 24 hours before beginning construction activities within 200 feet of suitable aquatic habitat for western pond turtle, a qualified biologist shall inspect areas of anticipated disturbance for the presence of western pond turtle nests and individuals. If nests are found, a 100-foot no disturbance buffer shall be erected and maintained until the turtles have hatched and no obstructions between the nest and aquatic habitat shall be created. No vegetation clearing will be allowed within the buffer to shelter the turtles from the elements and potential predators.	Hire a qualified biologist to inspect areas of anticipated disturbance for the presence of western pond turtle	City of Roseville	Within 24 hours before beginning construction activities	Development Services Department
	d. If adult and juvenile turtles are found during preconstruction, dewatering, or fish rescue operations, the biologist shall relocate the western pond turtle to the nearest suitable habitat outside of the area of disturbance. The construction area shall be re-inspected whenever a lapse in construction activity of two weeks or more has occurred. The biologist shall be available thereafter; if a turtle is encountered during construction activities, the biologist shall relocate the western pond turtle to the nearest suitable aquatic habitat outside the area of disturbance. As suitable habitat is located throughout the area, it is not anticipated that turtles would be relocated far from construction areas and that they would recolonize following construction.	Relocate the western pond turtle to the nearest suitable habitat outside of the area of disturbance	City of Roseville	During preconstruction, dewatering, or fish rescue operations	Development Services Department
	e. After completion of project-related construction activities, any temporary fill and construction debris shall be removed, and temporarily disturbed areas shall be restored to pre-project conditions. Restoration of grassland and riparian habitat shall be conducted as applicable under Mitigation Measure 4.3-1 (for riparian vegetation) and Mitigation Measure 4.3-4 (for grassland habitat) in proximity to the stream corridors.	Remove temporary fill and construction debris; restore habitat	City of Roseville	After completion of project-related construction activities	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
Impact 4.3-7: Disturbance or loss of special-status bats – pallid bat and silver-haired bat.	Mitigation Measure 4.3-7: Special-status bats This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A. a. Bat surveys shall be conducted by a qualified wildlife biologist within 5 days before removal of trees that have suitable roosting habitat for bats. Specific survey methodologies shall be determined in coordination with CDFW, and may include visual surveys of bats (e.g., observation of bats during foraging period), inspection for suitable habitat, bat sign (e.g., guano), or use of ultrasonic detectors (e.g., Petterson, Anabat, Wildlife Acoustics). Removal of any significant roost sites located shall be avoided to the extent feasible with a non-disturbance buffer of 250-feet. If it is determined that an active roost site cannot be avoided and will be affected, bats shall be excluded from the roost site before the site is removed. The City shall first notify and consult with CDFW on appropriate bat exclusion methods and roost removal procedures. Exclusion methods may include use of one-way doors at roost entrances (bats may leave, but not reenter), or sealing roost entrances when the site can be confirmed to contain no bats. Once it is confirmed that all bats have left the roost, crews shall be allowed to continue work in the area. The City may have to provide temporary suitable bat roosting habitat (i.e. bat boxes), prior, during, and after exclusion to provide bat roosting habitat.	Hire a qualified biologist to conduct bay surveys	City of Roseville	Within 5 days before removal of trees that have suitable roosting habitat for bats	Development Services Department
	b. Exclusion efforts shall be restricted during periods of sensitive activity (e.g., during winter hibernation or while females in maternity colonies are nursing young [generally, April 15 through August 15]). If a hibernation or maternity roosting site is discovered, the project biologist and the City shall consult with CDFW to establish appropriate exclusionary buffers until all young are determined to be able to fly by the project biologist. Once it is determined that all young are able to fly, passive exclusion devices shall be installed and all bats will be allowed to leave voluntarily. Once it is determined by a qualified biologist that all bats have left the roost, crews shall be allowed to work within the buffer zone.	Restrict exclusion activities during period of sensitive activity. Consult with CDFW to establish exclusionary buffers if a hibernation or maternity roosting site is discovered.	City or Roseville City of Roseville	During construction April 15 through August 15 During construction April 15 through August 15	Development Services Department Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
Impact 4.3-8: Disturbance or loss of City protected trees, Valley Oak Woodland, and other Sensitive Vegetation Alliances and Associations.	Mitigation Measure 4.3-8: Avoid impacts or mitigate for impacts to Valley Oak Woodland, and other Sensitive Vegetation Alliances and Associations (previously known as Sensitive Natural Communities) This mitigation would apply for the Proposed Trail Alignment, Alignment Option 1A, 1C, and 5A. a. To the maximum extent feasible, oak and riparian trees shall be avoided where possible and protection measures shall be implemented to protect oak woodlands, riparian areas and associated native trees from project-related impacts. The following measures shall be implemented for oak and riparian trees that would be impacted by project activities to avoid and minimize potential impacts to individual oak and riparian trees: 1. Temporary protective fencing shall be installed at least one foot outside the dripline of the native oak tree before initiating construction to avoid damage to the tree canopy and root system. A circle with a radius measurement from the trunk of the tree to the tip of its longest limb will constitute the dripline protection area for each tree. Limbs must not be cut back to change the dripline. The area beneath the dripline is a critical portion of the root zone and defines the minimum protected area of each tree. Removing limbs that make up the dripline does not change the protected area. 2. No vehicles, construction equipment, mobile home/office, supplies, materials or facilities shall be driven, parked, stockpiled or located within the dripline of the native oak trees. 3. No grading shall be allowed within the dripline of the native oak tree. 4. No trenching shall be allowed within the dripline of the native oak tree. If it is necessary to install underground utilities within the dripline of the native oak tree, the utility line shall be jacked and bored under the supervision of a certified arborist. 5. Drainage patterns onsite shall not be modified so that water collects or stands within, or is diverted across, the dripline of any native oak tree. 6. If ground disturbance must occur within the protected zone of a native oak tree, all work shall occur consistent with the City's Tree Preservation Ordinance requirements.	Implement protection measures to protect oak woodlands, riparian areas and associated native trees from project-related impacts	City of Roseville	Prior to and during construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	b. For those trees that cannot be avoided, the City shall comply with any riparian habitat conditions to comply with the Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan that will be developed during the Section 404, Section 401, and Section 1602 permitting process as described in Mitigation Measure 4.3-1. Additionally, the City shall implement the following: 1. An arborist report shall be conducted to identify the species and quantities of trees that will be removed to implement the project. 2. If native oak trees are removed, they shall be replaced as outlined in the City's Tree Preservation Ordinance 19.66.070. A Tree Planting and Maintenance Plan showing species, size, spacing and location of plantings, and the location and species of established vegetation shall be prepared. A monitoring program shall also be established to ensure compliance with any prescribed mitigation measures established by the project and to monitor the oak woodland restoration area. 3. Fully implement Mitigation Measure 4.3-1, which requires the City to secure and comply with a CDFW Streambed Alteration Agreement that would include a riparian restoration component.	Comply with the Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan	City of Roseville	As required by permit conditions	Development Services Department
Impact 4.3-9: Disturbance or loss of special-status plants – Sanford's arrowhead.	Mitigation Measure 4.3-9: Special-status plants – Sanford's arrowhead. This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A. The City shall implement the following measures to reduce potential impacts on Sanford's arrowhead: a. Prior to project construction and during the blooming period for Sanford's arrowhead (May – November), a qualified botanist shall conduct floristic-level surveys for Sanford's arrowhead in areas where potentially suitable habitat would be removed or disturbed by project activities. The normal blooming period for Sanford's arrowhead generally indicates the optimal survey period when the species is most identifiable. b. If no Sanford's arrowhead plants are found, the botanist shall document the findings in a letter report to the City of Roseville and CDFW and no further mitigation shall be required.	Qualified botanist shall conduct floristic-level surveys for Sanford's arrowhead Document findings in letter report	City of Roseville City of Roseville	Prior to project construction, between May and November Post survey	Development Services Department Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	c. If Sanford's arrowhead plants are found that cannot be avoided during construction, the City shall consult with CDFW to determine the appropriate mitigation measures for direct and indirect impacts that could occur as a result of project construction and shall implement the agreed-upon mitigation measures to achieve no net loss of occupied habitat or individuals. Mitigation measures may include preserving and enhancing existing populations, creation of offsite (but within the stream reach) populations on project mitigation sites through seed collection or transplantation, and/or restoring or creating suitable habitat in sufficient quantities to achieve no net loss of occupied habitat and/or individuals. Potential mitigation sites could include suitable locations along the stream but outside of the construction areas. A mitigation and monitoring plan shall be developed describing how unavoidable losses of special-status plants will be compensated. d. If relocation efforts are part of the mitigation plan, the plan shall include details on the methods to be used, including collection, storage, propagation, receptor site preparation, installation, long-term protection and management, monitoring and reporting requirements, success criteria, and remedial action responsibilities should the initial effort fail to meet long-term monitoring requirements. e. Success criteria for preserved and compensatory populations shall include: 1. The extent of occupied area and plant density (number of plants per unit area) in compensatory populations shall be equal to or greater than the affected occupied habitat. 2. Compensatory and preserved populations shall be self-producing. Populations shall be considered self-producing when: I. plants reestablish annually for a minimum of five years with no human intervention such as supplemental seeding; II. reestablished and preserved habitats contain an occupied area and flower density comparable to existing occupied habitat areas in similar habitat types in the project vicinity. 3. If off-site mitigation includes dedication of conservation easements, purchase of mitigation credits, or other off-site conservation measures, the details of these measures shall be included in the	Consult with CDFW to determine the appropriate mitigation measures	City of Roseville	Post survey	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	mitigation plan, including information on responsible parties for long-term management, conservation easement holders, long-term management requirements, success criteria such as those listed above and other details, as appropriate to target the preservation of long term viable populations.				
Impact 4.3-10: Impacts on movement of native resident or migratory fish or wildlife species or migratory wildlife corridors or impede the use of native wildlife nursery sites.	Mitigation Measure 4.3-10: Movement of native resident or migratory fish or wildlife species or migratory wildlife corridors or impede the use of native wildlife nursery sites. This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A. Implementation of Mitigation Measure 4.3-1 and Mitigation Measure 4.3-2 would ensure that impacted habitats are mitigated for or restored, and work windows would prevent impact to migratory fish species. The work windows would allow the fish to freely use the stream corridors during migration to and from the streams. Impacted habitats (i.e., aquatic, riparian and SRA) would be restored or mitigated for and although affected their long-term function as breeding or nursery site would not be impacted. a. Implement Mitigation Measure 4.3-1 Wetlands, Waters of the United States, waters of the state and riparian habitat. b. Implement Mitigation Measure 4.3-2 Central Valley Steelhead and Central Valley Fall-run Chinook Salmon.	Restore or mitigate for Impacted habitats (i.e., aquatic, riparian and SRA).	City of Roseville	Post-construction activities, as required by permit conditions	Development Services Department
4.4 Cultural Resources					
Impact 4.4-1: Disturb archaeological resources, including tribal cultural resources.	Mitigation Measure 4.4-1: Proper Handling of Archaeological Resources. This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. A minimum of seven days prior to beginning earthwork or other soil disturbance activities, the City shall notify UAIC of the proposed earthwork start-date. As part of this notification, a UAIC tribal representative shall be invited to inspect the project site, including any soil piles, trenches, or other disturbed areas, within the first five days of groundbreaking activity. During this inspection, a site meeting of construction personnel shall also be held to afford the tribal representative the opportunity to provide cultural resources awareness information.	Notify UAIC of the proposed earthwork start-date	City of Roseville	Notify UAIC at least seven days prior to beginning earthwork or other soil disturbance activities; UAIC site inspection to occur within first 5 days of groundbreaking activity	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	If any cultural resources, such as structural features, unusual amounts of bone or shell, artifacts, human remains, or architectural remains are encountered during this initial inspection or during any subsequent construction activities, work shall be suspended within 100 feet of the find, and the City's Project Manager shall immediately notify the City of Roseville Development Services Director. The City's Project Manager, in consultation with the City's Environmental Coordinator, shall coordinate any necessary investigation of the site with a qualified archaeologist approved by the City, and as part of the site investigation and resource assessment the archeologist shall consult with the UAIC and provide proper management recommendations should potential impacts to the resources be found by the City to be significant. A written report detailing the site assessment, coordination activities, and management recommendations shall be provided to the City by the qualified archaeologist. Possible management recommendations for unique archaeological resources could include resource avoidance or, where avoidance is infeasible in light of project design or layout or is unnecessary to avoid significant effects, preservation in place or other measures. The contractor shall implement any measures deemed by City staff to be necessary and feasible to avoid or minimize significant effects to the cultural resources.	Suspend work within 100 feet of structural features, unusual amounts of bone or shell, artifacts, human remains, or architectural remains find	City of Roseville	During initial inspection or during any subsequent construction activities	Development Services Department
Impact 4.4-2: Accidental discovery of human remains.	Mitigation Measure 4.4-2: Stop work if human remains are discovered. This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. If human remains are discovered during any construction activities, potentially damaging ground-disturbing activities in the area of the remains shall be halted immediately, and the project applicant shall notify the Placer County coroner and the NAHC immediately, according to Section 5097.98 of the State Public Resources Code and Section 7050.5 of California's Health and Safety Code. If the remains are determined by the NAHC to be Native American, the guidelines of the NAHC shall be adhered to in the treatment and disposition of the remains. The City shall also retain a professional archaeologist with Native American burial experience to assist the City of Roseville, the landowner, and the MLD with any management steps prescribed in California Health and Safety Code Section 7050.5 and California PRC Section 5097.98. Following the coroner's and NAHC's findings, the NAHC-designated MLD and the landowner shall determine	Halt ground disturbing activities and notify the Placer County coroner and the NAHC immediately	City of Roseville	During construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	the ultimate treatment and disposition of the remains and take appropriate steps to ensure that additional human interments are not disturbed. The responsibilities for acting upon notification of a discovery of Native American human remains are identified in California Public Resources Code Section 5097.94.				
4.7 Hazards and Hazardous Materials					
Impact 4.7-5: Expose people or structures to a significant risk of loss, injury, or death involving wildland fires, including where wildlands are located adjacent to urbanized areas or where residences are intermixed with wildlands during project construction.	Mitigation Measure 4.7-5: Clear flammable materials within the project site prior to construction. This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. If dry vegetation or other fire fuels exist on or near staging areas, welding areas, or any other area on which equipment will be operated, contractors shall clear the immediate area of fire fuel prior to construction. To the extent feasible, areas subject to construction activities will be maintained free of fire fuel and debris during the course of construction. To avoid impacts to natural resources, areas to be cleared and appropriate clearing methods shall be identified with the assistance of a qualified biologist.	Clear staging areas, welding areas, or any other area on which equipment will be operated of fire fuel	City of Roseville	Prior to start of construction activities	Development Services Department
4.10 Noise					
Impact 4.10-1: Short-term construction-related noise.	Mitigation Measure 4.10-1: Employ Noise-Reducing Construction Practices This mitigation will apply to the Proposed Trail Alignment and Alignment Options 1A, 1C, and 5A. Feasible measures that can be used to limit construction noise include the following: ▲ Locate stationary noise generating construction equipment as far as feasible from noise-sensitive uses. ▲ Do not idle inactive construction equipment for prolonged periods (i.e., more than 5 minutes). ▲ Prohibit unmuffled engine exhaust systems. All construction equipment powered by gasoline or diesel engines shall have factory-installed sound control devices, or sound control devices	Limit construction noise, per Mitigation Measure 4.10-1	Contractor and City of Roseville	Prior to and during construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
	that are at least as effective as those originally provided by the manufacturer, and all equipment shall be operated and maintained in good working order to minimize noise generation pursuant to Section 9.24.030 of the Noise Ordinance. ▲ The contractor shall provide advance written notification to owners and renters of buildings located within 50 feet of construction activities. The notice shall explain when construction is expected. The notice shall include contact information for the project manager. ▲ When construction occurs outside of the typical daytime and early evening hours (7:00 a.m. – 7:00 p.m. Monday-Friday and 8:00 a.m. – 8:00 p.m. Saturday and Sunday) or within 50 feet of noise sensitive commercial or office buildings, the use of noise-generating construction equipment will be avoided to the extent feasible. When not feasible, construction contractors will specify proposed noise-reducing construction practices or alternative schedules that will be employed to reduce construction noise. Measures specified by the contractors will be reviewed and approved by the City prior to construction activities. In these situations, feasible noise reduction measures include the following: ▼ Alternative construction schedule to minimize disturbance to normal office operations; and/or ▼ Use temporary noise-reducing barriers positioned between noise-generating equipment (including hand operated jack hammers) and the sensitive receptor building. Such barriers may include commercially manufactured noise-insulating blankets/quilts or as equal materials with similar noise reduction performance as approved by the resident engineer. When temporary barrier units are joined together, the mating surfaces shall be flush with each other with no gaps.				
Impact 4.10-3: Exposure to construction-related	Mitigation Measure 4.10-3: Reduce exposure to construction-generated ground vibration. This mitigation will apply to the Proposed Trail Alignment and Alignment Options 1A, 1C, and 5A.	Specify construction practices that reduce the adverse effects of ground vibration	Construction Contractor and City of Roseville	Prior to and during construction	Development Services Department

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
groundborne vibrations.	Construction documents shall specify construction practices that reduce the adverse effects of ground vibration associated with project construction activities. Measures specified by the design engineer will be reviewed and approved by the City prior to approval of the plans and specifications and may include, but are not limited to, the measures listed below. ▲ Implement Mitigation Measure 4.10-1. ▲ All construction equipment on construction sites shall be operated as far away from vibration- and noise-sensitive sites as reasonably feasible. ▲ Earthmoving, dozing, and ground-impacting operations shall be phased so as not to occur simultaneously in areas close to offsite sensitive receptors, to the extent feasible. The total vibration level produced could be significantly less when each vibration source is operated at separate times. ▲ As part of final design, project engineers shall identify areas on the project plans where work may be constrained due to proximity of structures. The designs shall specify requirements that during project construction on the trail alignment, no heavy vibratory equipment (i.e., the types of equipment listed in Table 4.10-5), shall be operated within 13 feet of off-site building structures unless otherwise approved in writing by the City Engineer. Non-vibratory equipment, such as hand tools, and handheld vibratory compactors and rollers may be used. Use of different material types including slurry cement and concrete paving approved by the Engineer, may be used to reduce or eliminate the need for vibratory equipment. Those portions of the project site located within 13 feet of an off-site building structure shall be identified on construction documents and demarcated with stakes, flags, rope and/or markings on the ground. ▲ For Option 5A, locate caisson drilling for Bridge 14 forty-three (43) feet or greater from existing occupied structures, if feasible. ▲ Staging areas shall be adjusted and temporary fencing shall be installed to ensure that loaded trucks shall not operate within 13 feet of existing structures.				

Table 4-1 Dry Creek Greenway East Trail Mitigation Monitoring Plan

Impact	Mitigation Measures	Action(s)	Implementing Party	Timing	Monitoring Party
4.13 Transportation and Circulation					
4.13-1: Safety-related traffic impacts.	Mitigation Measure 4.13-1: Prepare Traffic Management Plan. This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. The City shall require the construction contractor to prepare for city approval and implement a traffic management plan before construction activities begin. Before the beginning of construction on the project site, the contractor shall prepare a detailed traffic management plan that will be subject to review and approval by the City Department of Public Works. The plan shall ensure maintenance of safe and acceptable operating conditions for local roadways, bicycle and pedestrian facilities, and transit routes. The Traffic Management Plan shall regulate maintenance of traffic during each construction season and comply with agency standards to promote safe and efficient travel for the public and construction workers through the work zones. The plan shall include provisions for regular inspections to assess contractor compliance, signage to direct traffic, and public noticing, as appropriate. Methods in the plan may include (but are not limited to): ▲ appropriately sequencing activities (e.g., segment phasing, timing of grading, hours of construction) to minimize conflicts with traffic on affected roadways, ▲ maintaining traffic flow in the project area to the extent feasible, ▲ maintaining bicycle and pedestrian access along Riverside Avenue, and ▲ using flaggers to direct traffic, as needed, for ingress or egress of large trucks and other vehicles.	Construction contractor shall prepare and implement a traffic management plan	Construction Contractor and City of Roseville	Prior to start of construction activities	Department of Public Works

CLEAN WATER ACT SECTION 401 WATER QUALITY CERTIFICATION AND ORDER FOR THE DRY CREEK GREENWAY EAST TRAIL PROJECT, PLACER COUNTY (WDID#5A31CR00583)

Enclosed please find a Clean Water Act Section 401 Water Quality Certification and Order, authorized by Central Valley Water Quality Control Board. This Order is issued to City of Roseville for Dry Creek Greenway East Trail Project (Project). Attachments A through G of the Enclosure are also part of the Order.

This Order is issued in response to an application submitted by City of Roseville for proposed Project discharges to waters of the state, to ensure that the water quality standards for all waters of the state impacted by the Project are met. You may proceed with your Project according to the terms and conditions of the enclosed Order.

Please review your Order carefully to ensure that you understand all aspects of the Order. Note that this Order requires reporting and notification. Requirements for the content of the reporting and notification requirements are detailed in Attachment D, including specifications for photo and map documentation during the Project. Written reports and notifications must be submitted using the Reporting and Notification Cover Sheet located in Attachment D, which must be signed by the Permittee or an authorized representative.

These reports, notifications, and other submissions must be submitted in a searchable Portable Document Format (PDF). Documents less than 50 MB must be emailed to: centralvalleysacramento@waterboards.ca.gov. In the subject line of the email, include the Central Valley Water Board Contact, Project name, and WDID. Documents that are 50 MB or larger must be transferred to a disk and mailed to the Central Valley Water Board Contact.

If you require further assistance, please contact me by phone at (916) 464-4710 or by email at Sara.Gevorgyan@waterboards.ca.gov. You may also contact Stephanie

Tadlock, Unit Supervisor, by phone at (916) 464-4644 or by email at Stephanie.Tadlock@waterboards.ca.gov.

I. Order

This Clean Water Act (CWA) section 401 Water Quality Certification action and Order (Order) is issued at the request of City of Roseville (hereinafter Permittee) for the Project. This Order is for the purpose described in application and supplemental information submitted by the Permittee. The application was received on 27 July 2022. The application was deemed complete on 9 September 2022.

Central Valley Water Board staff requested additional information necessary to supplement the contents of the complete application and the Permittee responded to the request for supplemental information on the following dates:

Date of Request for Supplemental Information: **7 October 2022**
Date all requested information was received: **14 November 2022**

II. Public Notice

The Central Valley Water Board provided public notice of the application pursuant to California Code of Regulations, title 23, section 3858 from 26 August 2022 to 23 September 2022. The Central Valley Water Board did not receive any comments during the comment period.

III. Project Purpose

The purpose of the Project is to create a connection from schools and businesses to residential neighborhoods and provide important regional connections as it is part of a series of existing and planned paths that will form a loop around the greater South Placer/Sacramento area.

IV. Project Description

A 2.3-mile, paved, multi-use trail that includes constructing three bridges and modifying two bridges to provide creek crossings throughout the trail alignment. Project elements resulting in permanent impacts include placing new abutments, bridge decks, rock walls, gabions, rock slope protection, and constructing a paved bike trail. Temporary impacts include installing temporary low-water crossings, staging areas, and water diversions, and, in addition, temporary access and staging areas for construction equipment.

V. Project Location

County: Placer

Nearest City: Roseville

Section 7,11,12,17,18 Township 10 N, Range 6 E, 7 E

Latitude: 38°42'31.75", and Longitude: -120°57'24.34"

Maps showing the Project location are found in Attachment A of this Order.

VI. Project Impact and Receiving Waters Information

The Project is located within the jurisdiction of the Central Valley Water Board. Receiving waters and groundwater potentially impacted by this Project are protected in accordance with the Water Quality Control Plan for the Sacramento River and San Joaquin River Basins, Fifth Edition, May 2018 (Basin Plan). The plan for the region and other plans and policies may be accessed at the [State Water Resources Control Board's Plans and Policies Web page](http://www.waterboards.ca.gov/plans_policies/) (http://www.waterboards.ca.gov/plans_policies/). The Basin Plan includes water quality standards, which consist of existing and potential beneficial uses of waters of the state, water quality objectives to protect those uses, and the state and federal antidegradation policies.

It is the policy of the State of California that every human being has the right to safe, clean, affordable, and accessible water adequate for human consumption, cooking, and sanitary purposes. This Order promotes that policy by requiring discharges to meet maximum contaminant levels designed to protect human health and ensure that water is safe for domestic use.

Project impact and receiving waters information can be found in Attachment B. Table 1 of Attachment B shows the receiving waters and beneficial uses of waters of the state impacted by the Project. Individual impact location and quantity is shown in Table 2 of Attachment B.

VII. Description of Direct Impacts to Waters of the State

The proposed Project requires temporary and permanent disturbance below the ordinary high-water mark (OHWM) of Dry, Cirby, and Linda Creeks for installing bridges, roadway undercrossings, and stabilizing stream banks. Except for Darling Way Bridge, all proposed bridges will fully span the low-flow channel of the stream. The Darling Way Bridge requires one pile to be installed within the low-flow channel of the stream.

Total Project fill/excavation quantities for all impacts are summarized in Tables 1 and 2. Permanent impacts are categorized as those resulting in a physical loss in area and also those degrading ecological condition.

Table 1: Total Project Fill/Excavation Quantity for Temporary Impacts¹

Aquatic Resources Type	Acres	Cubic Yards	Linear Feet
Stream Channel	0.191	308	159

¹ Includes only temporary direct impacts to waters of the state and does not include area of temporary disturbance which could result in a discharge to waters of the state. Temporary impacts, by definition, are restored to pre-project conditions and therefore do not include a physical loss of area or degradation of ecological condition.

Table 2: Total Project Fill/Excavation Quantity for Permanent Impacts

Aquatic Resources Type	Acres	Cubic Yards	Linear Feet
Stream Channel	0.231	372	193

VIII. Description of Indirect Impacts to Waters of the State

The Central Valley Water Board recognizes the potential for indirect impacts to waters of the state associated with the Project.

Indirect impacts anticipated with the implementation of this Project may be increased sedimentation and turbidity, which can adversely affect water quality and impact adult fish through gill fouling, reduced foraging ability, and reduced predator avoidance. High concentrations of pollutants can also cause indirect effects to aquatic resources, including fish mortality from exposure or increased susceptibility to disease.

IX. Avoidance and Minimization

To minimize the potential effects of construction on water quality and resources, the Permittee shall implement all measures required as described in the Order. According to the Permittee, the following measures will be in place during construction activities to avoid, reduce, and minimize impacts to waters of the state:

- Indirect impacts will be minimized through the implementation of the proposed Best Management Practices (BMPs) and limiting in-water construction activities to the dry season between the dates of June 15 and October 15.

The Project will add 3.65 acres of new impervious surfaces. Impervious surfaces cause reduced base flows through decreased groundwater recharge; increased erosion and sedimentation via hydro-modification (i.e., any activity that increases the velocity and volume (flow rate) affecting residence time, and alters the natural timing of runoff); and accumulation of pollutants that are subsequently discharged in storm water after construction.

X. Compensatory Mitigation

The Permittee has agreed to provide compensatory mitigation for direct and indirect impacts, described in section VII for permanent impacts.

XI. California Environmental Quality Act (CEQA)

On April 13, 2019, the City of Roseville, as lead agency, certified an Environmental Impact Report (EIR) (State Clearinghouse (SCH) No. 2013112042) for the Project

and filed a Notice of Determination (NOD) at the SCH on March 21, 2019. Pursuant to CEQA, the Central Valley Water Board has made Findings of Facts (Findings) which support the issuance of this Order and are included in Attachment C.

XII. Petitions for Reconsideration

Any person aggrieved by this action may petition the State Water Board to reconsider this Order in accordance with California Code of Regulations, title 23, section 3867. A petition for reconsideration must be submitted in writing and received within 30 calendar days of the issuance of this Order.

XIII. Fees Received

An application fee of \$2,417.00 was received on 28 July 2022. The fee amount was determined as required by California Code of Regulations, title 23, sections 3833(b)(3) and 2200(a)(3) and was calculated as Category A - Fill & Excavation Discharges (fee code 84) with the dredge and fill fee calculator.

An additional fee of \$6,631.00 based on total Project impacts was received on 14 November 2022.

XIV. Conditions

The Central Valley Water Board has independently reviewed the record of the Project to analyze impacts to water quality and designated beneficial uses within the watersheds of the Project. In accordance with this Order, the Permittee may proceed with the Project under the following terms and conditions:

A. Authorization

Impacts to waters of the state shall not exceed quantities shown in Tables 1 through 2.

B. Reporting and Notification Requirements

The following section details the reporting and notification types and timing of submittals. Requirements for the content of these reporting and notification types are detailed in Attachment D, including specifications for photo and map documentation during the Project. Written reports and notifications must be submitted using the Reporting and Notification Cover Sheet located in Attachment D, which must be signed by the Permittee or an authorized representative.

The Permittee must submit all notifications, submissions, materials, data, correspondence, and reports in a searchable Portable Document Format (PDF). Documents less than 50 MB must be emailed to:
centralvalleysacramento@waterboards.ca.gov.

In the subject line of the email, include the Central Valley Water Board Contact, Project Name, and WDID No. Documents that are 50 MB or larger must be transferred to a disk and mailed to the Central Valley Water Board Contact.

1. Project Reporting

- a. **Monthly Reporting:** The Permittee must submit a Monthly Report to the Central Valley Water Board on the **1st day of each month** beginning the month after the submittal of the Commencement of Construction Notification. Monthly reporting shall continue until the Central Valley Water Board issues a Notice of Project Complete Letter to the Permittee.
- b. **Annual Reporting:** The Permittee shall submit an Annual Report each year on the 1st day of December, one year after the effective date of the Order. Annual reporting shall continue until the Central Valley Water Board issues a Notice of Project Complete Letter to the Permittee.

2. Project Status Notifications

- a. **Commencement of Construction:** The Permittee shall submit a Commencement of Construction Report at least seven (7) days prior to start of initial ground disturbance activities and corresponding Waste Discharge Identification Number (WDID No.) issued under the NPDES General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Order No. 2009-0009-DWQ; NPDES No. CAS000002).
- b. **Request for Notice of Completion of Discharges Letter:** The Permittee shall submit a Request for Notice of Completion of Discharges Letter following completion of active Project construction activities, including any required restoration and permittee-responsible mitigation. This request shall be submitted to the Central Valley Water Board staff within thirty (30) days following completion of all Project construction activities. Upon acceptance of the request, Central Valley Water Board staff shall issue a Notice of Completion of Discharges Letter to the Permittee which will end the active discharge period.
- c. **Request for Notice of Project Complete Letter:** The Permittee shall submit a Request for Notice of Project Complete Letter when construction and/or any post-construction monitoring is complete, and no further Project activities will occur. Completion of post-construction monitoring shall be determined by Central Valley Water Board staff and shall be contingent on successful attainment of restoration and mitigation performance criteria. This request shall be submitted to Central Valley Water Board staff within thirty (30) days following completion of all Project activities. Upon approval of the request, the Central Valley Water Board staff shall issue a Notice of Project Complete Letter to the Permittee which will end the post discharge monitoring period.

3. Conditional Notifications and Reports:

The following notifications and reports are required as appropriate.

a. Accidental Discharges of Hazardous Materials²:

Following an accidental discharge of a reportable quantity of a hazardous material, sewage, or an unknown material, the following applies (Water Code, Section 13271):

- i. As soon as (A) Permittee has knowledge of the discharge or noncompliance, (B) notification is possible, and (C) notification can be provided without substantially impeding cleanup or other emergency measures then:
 - first call – 911 (to notify local response agency)
 - then call – Office of Emergency Services (OES) State Warning Center at:(800) 852-7550 or (916) 845-8911
 - Lastly, follow the required OES, procedures as set forth in the [Office of Emergency Services' Accidental Discharge Notification Web page](http://www.caloes.ca.gov/FireRescueSite/Documents/CalOES-Spill_Booklet_Feb2014_FINAL_BW_Acc.pdf) (http://www.caloes.ca.gov/FireRescueSite/Documents/CalOES-Spill_Booklet_Feb2014_FINAL_BW_Acc.pdf).
- ii. Following notification to OES, the Permittee shall notify Central Valley Water Board, as soon as practicable (ideally within 24 hours). Notification may be delivered via written notice, email, or other verifiable means.
- iii. Within five (5) working days of notification to the Central Valley Water Board, the Permittee must submit an Accidental Discharge of Hazardous Material Report.

b. Violation of Compliance with Water Quality Standards:

The Permittee shall notify the Central Valley Water Board of any event causing a violation of compliance with water quality standards. Notification may be delivered via written notice, email, or other verifiable means.

² "Hazardous material" means any material that, because of its quantity, concentration, or physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or to the environment if released into the workplace or the environment. "Hazardous materials" include, but are not limited to, hazardous substances, hazardous waste, and any material that a handler or the administering agency has a reasonable basis for believing that it would be injurious to the health and safety of persons or harmful to the environment if released into the workplace or the environment. (Health & Safety Code, Section 25501.)

- i. This notification must be followed within three (3) working days by submission of a Violation of Compliance with Water Quality Standards Report.

c. In-Water Work and Diversions:

- i. The Permittee shall notify the Central Valley Water Board at least forty-eight (48) hours prior to initiating work in water or stream diversions. Notification may be delivered via written notice, email, or other verifiable means.
- ii. Within three (3) working days following completion of work in water or stream diversions, an In-Water Work/Diversions Water Quality Monitoring Report must be submitted to Central Valley Water Board staff.

d. Modifications to Project:

Project modifications may require an amendment of this Order. The Permittee shall give advance notice to Central Valley Water Board staff if Project implementation as described in the application materials is altered in any way or by the imposition of subsequent permit conditions by any local, state or federal regulatory authority by submitting a Modifications to Project Report. The Permittee shall inform Central Valley Water Board staff of any Project modifications that will interfere with the Permittee's compliance with this Order. Notification may be made in accordance with conditions in the certification deviation section of this Order.

e. Transfer of Property Ownership:

This Order is not transferable in its entirety or in part to any person or organization except after notice to the Central Valley Water Board in accordance with the following terms:

- i. The Permittee must notify the Central Valley Water Board of any change in ownership or interest in ownership of the Project area by submitting a Transfer of Property Ownership Report. The Permittee and purchaser must sign and date the notification and provide such notification to the Central Valley Water Board at least 10 days prior to the transfer of ownership. The purchaser must also submit a written request to the Central Valley Water Board to be named as the permittee in a revised order.
- ii. Until such time as this Order has been modified to name the purchaser as the permittee, the Permittee shall continue to be responsible for all requirements set forth in this Order.

f. Transfer of Long-Term BMP Maintenance:

If maintenance responsibility for post-construction BMPs is legally transferred, the Permittee must submit to the Central Valley Water Board a copy of such documentation and must provide the transferee with a copy

of a long-term BMP maintenance plan that complies with manufacturer or designer specifications. The Permittee must provide such notification to the Central Valley Water Board with a Transfer of Long-Term BMP Maintenance Report at least 10 days prior to the transfer of BMP maintenance responsibility.

C. Water Quality Monitoring

1. General:

If surface water is present continuous visual surface water monitoring shall be conducted during active construction periods to detect accidental discharge of construction related pollutants (e.g. oil and grease, turbidity plume, or uncured concrete). Sampling is not required in a wetland where the entire wetland is being permanently filled, provided there is no outflow connecting the wetland to surface waters. The Permittee shall perform surface water sampling:

- a. when performing any in-water work;
- b. during the entire duration of temporary surface water diversions;
- c. in the event that the Project activities result in any materials reaching surface waters; or
- d. when any activities result in the creation of a visible plume in surface waters.

2. Accidental Discharges/Noncompliance:

Upon occurrence of an accidental discharge of hazardous materials or a violation of compliance with a water quality standard, Central Valley Water Board staff may require water quality monitoring based on the discharge constituents and/or related water quality objectives and beneficial uses.

3. In-Water Work or Diversions:

During planned in-water work, dewatering activities, or during the installation of removal of temporary water diversions, any discharge(s) to waters of the state shall conform to the following water quality standards:

- a. Waters shall not contain oils, greases, waxes, or other materials in concentrations that cause nuisance, result in a visible film or coating on the surface of the water or on objects in the water, or otherwise adversely affect beneficial uses.
- b. Activities shall not cause turbidity increases in surface water to exceed:
 - i. where natural turbidity is less than 1 Nephelometric Turbidity Units (NTUs), controllable factors shall not cause downstream turbidity to exceed 2 NTU;

- ii. where natural turbidity is between 1 and 5 NTUs, increases shall not exceed 1 NTU;
- iii. where natural turbidity is between 5 and 50 NTUs, increases shall not exceed 20 percent;
- iv. where natural turbidity is between 50 and 100 NTUs, increases shall not exceed 10 NTUs;
- v. where natural turbidity is greater than 100 NTUs, increases shall not exceed 10 percent.

In determining compliance with the above limits, appropriate averaging periods may be applied provided that beneficial uses will be fully protected. Averaging periods may only be used with prior permission of the Central Valley Water Board Executive Officer.

Sampling during in-water work or during the entire duration of temporary water diversions shall be conducted in accordance with Table 3 sampling parameters.³ The sampling requirements in Table 3 shall be conducted upstream out of the influence of the Project, and approximately 300 feet downstream of the work area.

The sampling frequency and/or monitoring locations may be modified for certain projects with written approval from Central Valley Water Board staff. An In-Water Work and Diversion Water Quality Monitoring Report, as described in Attachment D, shall be submitted within two weeks on initiation of in-water construction, and every two weeks thereafter. An In-Water Work and Diversion Water Quality Monitoring Report, as described in Attachment D, shall be submitted within two weeks on initiation of in-water construction, and the remaining In-Water Work and Diversion Water Quality Monitoring shall be submitted with the Request for Notice of Completion of Discharges letter. In reporting the data, the Permittee shall arrange the data in tabular form so that the sampling locations, date, constituents, and concentrations are readily discernible. The data shall be summarized in such a manner to illustrate clearly whether the Project complies with Order requirements. The report shall include surface water sampling results, visual observations, and

³ Pollutants shall be analyzed using the analytical methods described in 40 Code of Federal Regulations Part 136; where no methods are specified for a given pollutant, the method shall be approved by Central Valley Water Board staff. Grab samples shall be taken between the surface and mid-depth and not be collected at the same time each day to get a complete representation of variations in the receiving water. A hand-held field meter may be used, provided the meter utilizes a U.S. EPA-approved algorithm/method and is calibrated and maintained in accordance with the manufacturer's instructions. A calibration and maintenance log for each meter used for monitoring shall be maintained onsite.

identification of the turbidity increase in the receiving water applicable to the natural turbidity conditions specified in the turbidity criteria in XIV.C.3.

If no sampling is required, the Permittee shall submit a written statement stating, "No sampling was required" within two weeks on initiation of in-water construction, and every two weeks thereafter.

Table 3: Sample Type and Frequency Requirements

Parameter	Unit of Measurement	Type of Sample	Minimum Frequency
Turbidity	NTU	Grab	Every 4 hours
Visible construction related pollutants ⁴	Observations	Visual Inspections	Continuous throughout the construction period

4. Post-Construction:

Visually inspect the Project site during the rainy season for one year following completion of active Project construction activities to ensure excessive erosion, stream instability, or other water quality pollution is not occurring in or downstream of the Project site. If water quality pollution is occurring, contact the Central Valley Water Board staff member overseeing the Project within three (3) working days. The Central Valley Water Board may require the submission of a Violation of Compliance with Water Quality Standards Report. Additional permits may be required to carry out any necessary site remediation.

D. Standard

1. This Order is subject to modification or revocation upon administrative or judicial review, including review and amendment pursuant to Water Code section 13330, and California Code of Regulations, title 23, Chapter 28, article 6 commencing with sections 3867-3869, inclusive. Additionally, the Central Valley Water Board reserves the right to suspend, cancel, or modify and reissue this Order, after providing notice to the Permittee, if the Central Valley Water Board determines that: the Project fails to comply with any of the conditions of this Order; or, when necessary to implement any new or revised water quality standards and implementation plans adopted or approved pursuant to the Porter-Cologne Water Quality Control Act (Water Code, section 13000 et seq.) or federal Clean Water Act section 303 (33 U.S.C. section 1313). For purposes of Clean Water Act section 401(d), the condition constitutes a limitation necessary to assure compliance with water quality standards and appropriate requirements of state law.

⁴ Visible construction-related pollutants include oil, grease, foam, fuel, petroleum products, and construction-related, excavated, organic or earthen materials.

2. This Order is not intended and shall not be construed to apply to any activity involving a hydroelectric facility requiring a Federal Energy Regulatory Commission (FERC) license or an amendment to a FERC license, unless the pertinent certification application was filed pursuant to subsection 3855(b) of chapter 28, title 23 of the California Code of Regulations, and that application specifically identified that a FERC license or amendment to a FERC license for a hydroelectric facility was being sought.
3. This Order is conditioned upon total payment of any fee required under title 23 of the California Code of Regulations and owed by the Permittee.
4. In the event of any violation or threatened violation of the conditions of this Order, the violation or threatened violation shall be subject to any remedies, penalties, process, or sanctions as provided for under state and federal law. For purposes of Clean Water Act, section 401(d), the applicability of any state law authorizing remedies, penalties, processes, or sanctions for the violation or threatened violation constitutes a limitation necessary to assure compliance with the water quality standards and other pertinent requirements incorporated into this Order.

E. General Compliance

1. Failure to comply with any condition of this Order shall constitute a violation of the Porter-Cologne Water Quality Control Act and the Clean Water Act. The Permittee and/or discharger may then be subject to administrative and/or civil liability pursuant to Water Code section 13385.
2. Permitted actions must not cause a violation of any applicable water quality standards, including impairment of designated beneficial uses for receiving waters as adopted in the Basin Plans by any applicable Regional Water Board or any applicable State Water Board (collectively Water Boards) water quality control plan or policy. The source of any such discharge must be eliminated as soon as practicable.
3. In response to a suspected violation of any condition of this Order, the Central Valley Water Board may require the holder of this Order to furnish, under penalty of perjury, any technical or monitoring reports the Water Boards deem appropriate, provided that the burden, including costs, of the reports shall bear a reasonable relationship to the need for the reports and the benefits to be obtained from the reports. The additional monitoring requirements ensure that permitted discharges and activities comport with any applicable effluent limitations, water quality standards, and/or other appropriate requirement of state law.
4. The Permittee must, at all times, fully comply with engineering plans, specifications, and technical reports submitted to support this Order; and all subsequent submittals required as part of this Order. The conditions within

this Order and Attachments supersede conflicting provisions within Permittee submittals.

5. This Order and all of its conditions contained herein continue to have full force and effect regardless of the expiration or revocation of any federal license or permit issued for the Project. For purposes of Clean Water Act, section 401(d), this condition constitutes a limitation necessary to assure compliance with the water quality standards and other pertinent requirements of state law.
6. The Permittee shall adhere to all requirements in the mitigation monitoring and reporting program (MMRP) (include title and date of MMRP) which is incorporated herein by reference and any additional measures as outlined in Attachment C, CEQA Findings of Fact.
7. **Construction General Permit Requirement:** The Permittee shall obtain coverage under the National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Order No. 2009-0009-DWQ; NPDES No. CAS000002), as amended, for discharges to surface waters comprised of storm water associated with construction activity, including, but not limited to, demolition, clearing, grading, excavation, and other land disturbance activities of one or more acres, or where projects disturb less than one acre but are part of a larger common plan of development that in total disturbs one or more acres.

F. Administrative

1. Signatory requirements for all document submittals required by this Order are presented in Attachment E of this Order.
2. This Order does not authorize any act which results in the taking of a threatened, endangered or candidate species or any act, which is now prohibited, or becomes prohibited in the future, under either the California Endangered Species Act (Fish & Wildlife Code, sections 2050-2097) or the federal Endangered Species Act (16 U.S.C. sections 1531-1544). If a "take" will result from any act authorized under this Order held by the Permittee, the Permittee must comply with the California Endangered Species Act and federal Endangers Species Act prior to any construction or operation of the portion of the Project that may result in a take. The Permittee is responsible for meeting all requirements of the applicable endangered species act for the Project authorized under this Order.
3. The Permittee shall grant Central Valley Water Board staff, or an authorized representative (including an authorized contractor acting as a Water Board representative), upon presentation of credentials and other documents as may be required by law, permission to:

- a. Enter upon the Project or compensatory mitigation site(s) premises where a regulated facility or activity is located or conducted, or where records are kept.
 - b. Have access to and copy any records that are kept and are relevant to the Project or the requirements of this Order.
 - c. Inspect any facilities, equipment (including monitoring and control equipment), practices, or operations regulated or required under this Order.
 - d. Sample or monitor for the purposes of assuring Order compliance.
4. A copy of this Order shall be provided to any consultants, contractors, and subcontractors working on the Project. Copies of this Order shall remain at the Project site for the duration of this Order. The Permittee shall be responsible for work conducted by its consultants, contractors, and any subcontractors.
5. A copy of this Order must be available at the Project site(s) during construction for review by site personnel and agencies. All personnel performing work on the Project shall be familiar with the content of this Order and its posted location at the Project site.
6. **Lake or Streambed Alteration Agreement:** The Permittee shall submit a signed copy of the California Department of Fish and Wildlife's Lake or Streambed Alteration Agreement to the Central Valley Water Board immediately upon execution and prior to any discharge to waters of the state.

G. Construction

1. Dewatering

- a. The Permittee shall develop and maintain on-site a Surface Water Diversion and/or Dewatering Plan(s). The Plan(s) must be developed prior to initiation of any water diversions. The Plan(s) shall include the proposed method and duration of diversion activities and include water quality monitoring conducted, as described in section XIV.C.3, during the entire duration of dewatering and diversion activities. The Plan(s) must be consistent with this Order and must be made available to the Central Valley Water Board staff upon request.
- b. For any temporary dam or other artificial obstruction being constructed, maintained, or placed in operation, sufficient water shall at all times be allowed to pass downstream, to maintain beneficial uses of waters of the state below the dam. Construction, dewatering, and removal of temporary cofferdams shall not violate section XIV.C.3.
- c. The temporary dam or other artificial obstruction shall only be built from clean materials such as sandbags, gravel bags, water dams, or

clean/washed gravel which will cause little or no siltation. Stream flow shall be temporarily diverted using gravity flow through temporary culverts/pipes or pumped around the work site with the use of hoses.

- d. If water is present, the area must be dewatered prior to start of work.
- e. Dewatering will occur within the Project area.
- f. This Order does not allow permanent water diversion of flow from the receiving water. This Order is invalid if any water is permanently diverted as a part of the project.
- g. The Permittee shall work with the Central Valley Water Board to obtain coverage under an NPDES permit for dewatering activities that result in discharges into surface water. The Permittee shall work with the Central Valley Water Board to obtain coverage under Waste Discharge Requirements (WDRs) for dewatering activities that result in discharges to land.

2. Directional Drilling- Not Applicable

3. Dredging- Not Applicable

4. Fugitive Dust

Dust abatement activities can cause discharges of sediment to streams and uplands through application of water or other fluids. Dust abatement chemicals added to water can be hazardous to wildlife and, if allowed to enter streams, detrimental to water quality. Therefore, dust abatement activities shall be conducted so that sediment or dust abatement chemicals are not discharged into waters of the state. Dust abatement products or additives that are known to be detrimental to water quality or wildlife shall not be used, unless specific management needs are documented, and product-specific application plans are approved by Central Valley Water Board staff.

5. Good Site Management “Housekeeping”

- a. The Permittee shall develop and maintain onsite a project-specific Spill Prevention, Containment and Cleanup Plan outlining the practices to prevent, minimize, and/or clean up potential spills during construction of the Project. The Plan must detail the Project elements, construction equipment types and location, access and staging and construction sequence. The Plan must be made available to the Central Valley Water Board staff upon request.
- b. Refueling of equipment within the floodplain or within 300 feet of the waterway is prohibited. If critical equipment must be refueled within 300 feet of the waterway, spill prevention and countermeasures must be implemented to avoid spills. Refueling areas shall be provided with secondary containment including drip pans and/or placement of absorbent material. No hazardous materials, pesticides, fuels, lubricants, oils,

hydraulic fluids, or other construction-related potentially hazardous substances should be stored within a floodplain or within 300 feet of a waterway. The Permittee must perform frequent inspections of construction equipment prior to utilizing it near surface waters to ensure leaks from the equipment are not occurring and are not a threat to water quality.

- c. All materials resulting from the Project shall be removed from the site and disposed of properly.

6. Hazardous Materials

- a. The discharge of petroleum products, any construction materials, hazardous materials, pesticides, fuels, lubricants, oils, hydraulic fluids, raw cement, concrete or the washing thereof, asphalt, paint, coating material, drilling fluids, or other substances potentially hazardous to fish and wildlife resulting from or disturbed by project-related activities is prohibited and shall be prevented from contaminating the soil and/or entering waters of the state. In the event of a prohibited discharge, the Permittee shall comply with notification requirements in sections XIV.B.3.a and XIV.B.3.b.

7. Invasive Species and Soil Borne Pathogens

Prior to arrival at the project site and prior to leaving the project site, construction equipment that may contain invasive plants and/or seeds shall be cleaned to reduce the spread of noxious weeds.

8. Roads

- a. The number of access routes, number and size of staging areas, and the total area of the activity must be limited to the minimum necessary to achieve the project goal. Routes and work area boundaries must be clearly demarcated.
- b. Bridges, culverts, dip crossings, or other structures must be installed so that water and in-stream sediment flow is not impeded. Appropriate design criteria, practices and materials must be used in areas where access roads intersect waters of the state.
- c. Temporary materials placed in any water of the state must be removed as soon as construction is completed at that location, and all temporary roads must be removed or re-contoured and restored according to approved re-vegetation and restoration plans.
- d. Any structure, including but not limited to, culverts, pipes, piers, and coffer dams, placed within a stream where fish (as defined in California Fish and Game Code section 45) exist or may exist, must be designed, constructed, and maintained such that it does not constitute a barrier to upstream or downstream movement of aquatic life, or cause an avoidance reaction by fish due to impedance of their upstream or downstream

movement. This includes, but is not limited to, maintaining the supply of water and maintaining flows at an appropriate depth, temperature, and velocity to facilitate upstream and downstream fish migration. If any structure results in a long-term reduction in fish movement, the discharger shall be responsible for restoration of conditions as necessary (as determined by the Water Board) to secure passage of fish across the structure.

- e. A method of containment must be used below any temporary bridge, trestle, boardwalk, and/or other stream crossing structure to prevent any debris or spills from falling into the waters of the state. Containment must be maintained and kept clean for the life of the temporary stream crossing structure.

9. Sediment Control

- a. Except for activities permitted by the United States Army Corps of Engineers under Section 404 of the Clean Water Act and/or Section 10 of the Rivers and Harbors Act, soil, silt, or other organic materials shall not be placed where such materials could pass into surface water or surface water drainage courses.
- b. Silt fencing, straw wattles, or other effective management practices must be used along the construction zone to minimize soil or sediment along the embankments from migrating into the waters of the state through the entire duration of the Project.
- c. The use of netting material (e.g., monofilament-based erosion blankets) that could trap aquatic dependent wildlife is prohibited within the Project area.

10.Special Status Species

The following special status species are documented to occur within or near the Project area: Sanford's arrowhead, Valley elderberry longhorn beetle, Western pond turtle, White-tailed kite, Northern harrier, Cooper's hawk, Swainson's hawk, Lewi's Woodpecker, Merlin, Peregrine, Olive-sided flycatcher, Loggerhead Shrike, Yellow-billed magpie, Oak titmouse, Purple martin, Fox sparrow, Yellow-breasted chat, California yellow warbler, Pallid bat, Central Valley Steelhead, Central Valley Chinook Salmon, and Valley Oak Woodland Alliance.

11.Stabilization/Erosion Control

- a. All areas disturbed by Project activities shall be protected from washout and erosion.
- b. Hydroseeding shall be performed with California native seed mix.

12. Storm Water

- a. During the construction phase, the Permittee must employ strategies to minimize erosion and the introduction of pollutants into storm water runoff. These strategies must include the following:
 - i. An effective combination of erosion and sediment control Best Management Practices (BMPs) must be implemented and adequately working prior to the rainy season and during all phases of construction.

H. Site Specific – Not Applicable**I. Total Maximum Daily Load (TMDL)**

1. Total Maximum Daily Loads (TMDLs) are action plans to restore clean water. Section 303(d) of the federal Clean Water Act requires that states identify water bodies -- bays, rivers, streams, creeks, and coastal areas -- that do not meet water quality standards, and the pollutants that impair them. TMDLs examine the water quality problems, identify sources of pollutants, and specify actions that create solutions. They are adopted by the Regional Water Board as amendments to our Region's Basin Plan. Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not cause or contribute to a degradation of waters or violate water quality standards.

J. Mitigation for Temporary Impacts

1. The Permittee shall restore all areas of temporary impacts, including Project site upland areas, which could result in a discharge to waters of the state to pre-construction contours and conditions upon completion of construction activities. Temporary impacts from activities such as creation of construction access roads, low-water creek crossings or water diversions, staging of equipment and materials, and slope grading will be restored to pre-Project conditions upon completion of construction.
2. The Central Valley Water Board may extend the monitoring period beyond requirements of the restoration plan upon a determination by Executive Officer that the performance standards have not been met or are not likely to be met within the monitoring period.
3. If restoration of temporary impacts to waters of the state is not completed within 90 days of the impacts, compensatory mitigation may be required to offset temporal loss of waters of the state.

K. Compensatory Mitigation for Permanent Impacts:

The Permittee shall provide compensatory mitigation for impacts to waters of the state in accordance with Dry Creek Greenway East Phase 1 Multi-use trail Compensatory Plan (Compensatory Mitigation Plan) dated October 24, 2022 and incorporated herein by reference. Any deviations from, or revisions to, the Compensatory Mitigation Plan must be pre-approved by Central Valley Water Board staff. The monitoring period shall continue until the Central Valley Water Board staff determines that performance standards have been met. This may require the monitoring period to be extended.

1. Compensatory Mitigation Plan

- a. The Permittee has submitted an approved draft compensatory mitigation plan as part of a complete application. The Permittee shall provide a final compensatory mitigation plan for written acceptance by Central Valley Water Board staff. Impacts to waters of the state are not authorized and shall not occur until a compensatory mitigation plan has been approved by Central Valley Water Board staff. Upon acceptance by Central Valley Water Board staff, the Permittee shall implement the approved plan.
- b. The final compensatory mitigation plan shall include all plan elements as outlined in 40 CFR section 230.94(c)
- c. Permittees fulfilling their compensatory mitigation obligations by securing credits from an approved mitigation bank or in-lieu fee program, need only include the items described in 40 CFR section 230.94(c)(5)-(6), and the name of the specific mitigation bank or in-lieu fee program to be used.

2. Purchase of Mitigation Credits by Permittee for Compensatory Mitigation

- a. A copy of the fully executed agreement for the purchase of mitigation credits shall be provided to the Central Valley Water Board prior to the initiation of in water work.
- b. The Permittee shall retain responsibility for providing the compensatory mitigation and long-term management until Central Valley Water Board staff has received documentation of the credit purchase and the transfer agreement between the Permittee and the seller of credits.

3. Total Required Compensatory Mitigation

- a. The Permittee is required to provide compensatory mitigation for the authorized impact to 0.231 acres of stream and riparian habitats by purchasing 0.231 aquatic resource mitigation credits from the Fremont Landing Conservation Bank as Aquatic Resource Credits in the Lower Sacramento River basin (HUC #180201) Aquatic Resource Watershed Service Area.

- c. Total required Project compensatory mitigation information for permanent physical loss of area is summarized in Table 4. [Establishment (Est.), Re-establishment (Re-est.), Rehabilitation (Reh.), Enhancement (Enh.), Preservation (Pres.), Unknown].

Table 4: Total Required Project Compensatory Mitigation Quantity for Permanent Physical Loss of Area

Aquatic Resource Type	Mitigation Type	Units	Est.	Re-est.	Reh.	Enh.	Pres.	Unknown
Stream Channel	Mitigation Bank Credits	Acres		0.231				

L. Certification Deviation

1. Minor modifications of Project locations or predicted impacts may be necessary as a result of unforeseen field conditions, necessary engineering re-design, construction concerns, or similar reasons. Some of these prospective Project modifications may have impacts on water quality. Some modifications of Project locations or predicted impacts may qualify as Certification Deviations as set forth in Attachment F. For purposes of this Certification, a "Certification Deviation" is a Project locational or impact modification that does not require an immediate amendment of the Order, because the Central Valley Water Board has determined that any potential water quality impacts that may result from the change are sufficiently addressed by the Order conditions and the CEQA Findings. After the termination of construction, this Order will be formally amended to reflect all authorized Certification Deviations and any resulting adjustments to the amount of water resource impacts and required compensatory mitigation amounts.
2. A Project modification shall not be granted a Certification Deviation if it warrants or necessitates changes that are not addressed by the Order conditions or the CEQA environmental document such that the Project impacts are not addressed in the Project's environmental document or the conditions of this Order. In this case a supplemental environmental review and different Order will be required.

XV. Water Quality Certification

I hereby issue the Order for the Dry Creek Greenway East Trail Project, WDID # 5A31CR00583, certifying that as long as all of the conditions listed in this Order are met, any discharge from the referenced Project will comply with the applicable provisions of Clean Water Act sections 301 (Effluent Limitations), 302 (Water Quality Related Effluent Limitations), 303 (Water Quality Standards and Implementation Plans), 306 (National Standards of Performance), and 307 (Toxic and Pretreatment Effluent Standards). The Central Valley Water Board, as lead agency, hereby certifies an Environmental Impact Report (EIR) (State Clearinghouse (SCH No.2013112042) and approves the mitigation monitoring and reporting program (MMRP) Final Environmental Impact report September 2018 for the Project.

Except insofar as may be modified by any preceding conditions, all Order actions are contingent on: (a) the discharge being limited and all proposed mitigation being completed in strict compliance with the conditions of this Order and the attachments to this Order; and, (b) compliance with all applicable requirements of Statewide Water Quality Control Plans and Policies, the Regional Water Boards' Water Quality Control Plans and Policies.

Patrick Pulupa, Executive Officer
Central Valley Regional Water Quality Control Board

Attachment C – CEQA Findings of Fact

A. Environmental Review

On 13 April 2018, the City of Roseville, as lead agency, certified a Final Environmental Impact Report (FEIR) (State Clearinghouse (SCH) (No. 2013112042) for the Project and filed a Notice of Determination (NOD) at the SCH on 21 March 2019. The Central Valley Water Board is a responsible agency under CEQA (Public Resources Code, section 21069) and in making its determinations and findings, must presume that City of Roseville's certified environmental document comports with the requirements of CEQA and is valid. (Public Resources Code, section 21167.3.) The Central Valley Water Board has reviewed and considered the environmental document and finds that the environmental document prepared by City of Roseville addresses the Project's water resource impacts. (California Code of Regulations, title 14, section 15096, subd. (f).) The environmental document includes the mitigation monitoring and reporting program (MMRP) developed by City of Roseville for all mitigation measures that have been adopted for the Project to reduce potential significant impacts. (Public Resources Code, section 21081.6, subd. (a)(1); California Code of Regulations, title 14, section 15091, subd. (d).)

B. Incorporation by Reference

Pursuant to CEQA, these Findings of Facts (Findings) support the issuance of this Order based on the Project FEIR, the application for this Order, and other supplemental documentation.

The Program Environmental Impact Report (EIR), which includes analyses of broad impacts and serves as a first-tier document for the FEIR, is available at: <https://ceqanet.opr.ca.gov/2013112042/2>

All CEQA project impacts, including those discussed in subsection C below, are analyzed in detail in the Project FEIR which is incorporated herein by reference. The Project FEIR is available at: <https://ceqanet.opr.ca.gov/Project/2013112042>

Requirements under the purview of the Central Valley Water Board in the MMRP are incorporated herein by reference.

The Permittee's application for this Order, including all supplemental information provided, is incorporated herein by reference.

C. Findings

The FEIR describes the potential significant environmental effects to water resources. Having considered the whole of the record, including comments received during the public review process, the Central Valley Water Board makes the following findings:

- (1) Findings regarding impacts that will be avoided or mitigated to a less than significant level. (Public Resources Code, section 21081, subd. (a)(1); California Code of Regulations, title 14, section 15091, subd. (a)(1).)

Changes or alterations have been required in, or incorporated into, the Project which avoid or substantially lessen the significant environmental effect as identified in the FEIR.

a.i. Potential Significant Impact:

- Disturbance and loss of waters of the United States, waters of the state and riparian habitat.
- Interfere substantially with the movement of Central Valley steelhead and Central Valley fall-run Chinook salmon.
- Disturbance or loss of valley elderberry longhorn beetle or its habitat.
- Disturbance or loss of Swainson's hawk, white-tailed kite, and other nesting raptors.
- Disturbances to special status song birds.
- Disturbance or loss of Western pond turtle.
- Disturbance or loss of special-status bats – pallid bat and silver-haired bat.
- Disturbance or loss of City protected trees, Valley Oak Woodland, and other Sensitive Vegetation Alliances and Associations.
- Disturbance or loss of special-status plants – Sanford's arrowhead.
- Impacts on movement of native resident or migratory fish or wildlife species or migratory wildlife corridors or impede the use of native wildlife nursery sites.

a.ii. Facts in Support of Finding:

Mitigation Measure 4.3-1: Wetlands, Waters of the United States, and Water of the State.

This mitigation would apply for the Proposed Trail Alignment, Alignments Options 1A, 1C, and 5A. The City shall implement the following measures to compensate for the loss of wetlands, waters of the United States, waters of the State, and riparian habitat:

- a. The City shall submit a wetland delineation report to USACE and request a preliminary jurisdictional determination. Based on the jurisdictional determination, the City shall determine the exact acreage of waters of the United States and waters of the state that would be filled as a result of project implementation.
- b. The City shall replace on a "no net loss" basis (minimum 1:1 ratio) (in accordance with USACE, CDFW, and/or RWQCB) the acreage and function of all wetlands and other waters that would be removed, lost, or degraded as a result of project implementation. Wetland habitat shall be replaced at an acreage and location agreeable to USACE, CDFW, and the Central Valley RWQCB and as determined during the Section 401,

Section 404 and Section 1602 permitting processes. The ratio of stream habitat restoration/replacement shall consider value for Central Valley steelhead and Chinook salmon (as discussed under Mitigation Measure 4.3-2). Habitat shall either be restored on the affected stream and within City property, or at an approved mitigation bank. In either instance, compensatory mitigation will be approved by USACE, CDFW, and RWQCB.

- c. The City shall obtain a USACE Section 404 Individual Permit, RWQCB Section 401 certification, and a Section 1602 streambed alteration agreement from CDFW before any groundbreaking activity within 50 feet of any wetland or water of the United States. The City shall implement all permit conditions, which may include contributions to an approved wetland mitigation bank or through the development and implementation of a Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan for creating or restoring in-kind habitat in the surrounding area. If mitigation credits are not available, stream and riparian habitat compensation shall include establishment of riparian vegetation on currently unvegetated bank portions of streams affected by the project and enhancement of existing riparian habitat through removal of nonnative species, where appropriate, and planting additional native riparian plants to increase cover, continuity, and width of the existing riparian corridor along streams in the project site and surrounding areas. The ratio of riparian restoration/replacement shall consider value for Central Valley steelhead and Chinook salmon (as discussed under Mitigation Measure 4.3-2) as well as City Protected trees and Oak Woodland Habitat (as discussed under Mitigation Measure 4.3-8). Construction activities and compensatory mitigation shall be conducted in accordance with the terms of a streambed alteration agreement as required under Section 1602 of the Fish and Game Code.
- d. The Compensatory Wetland, Stream and Riparian Restoration and Mitigation and Monitoring Plan shall include the following:
 - 1. Identification of compensatory mitigation sites and criteria for selecting these mitigation sites;
 - 2. In kind reference habitats for comparison with compensatory wetland, stream, and riparian habitats (using performance and success criteria) to document success;
 - 3. Monitoring protocol, including schedule and annual report requirements (Compensatory habitat shall be monitored for a minimum of three (3) years from completion of mitigation, or human intervention (including recontouring and grading), or until the success criteria identified in the approved mitigation plan have been met, whichever is longer.);

4. Ecological performance standards, based on the best available science and including specifications for native riparian plant densities, species composition, amount of dead woody vegetation gaps and bare ground, and survivorship (based on characteristics of the existing impacted habitat); at a minimum, compensatory mitigation planting sites must achieve 80 percent survival of planted riparian trees and shrubs by the end of the three-year maintenance and monitoring period or dead and dying trees shall be replaced and monitoring continued until 80 percent survivorship is achieved;
5. Corrective measures if performance standards are not met;
6. Responsible parties for monitoring and preparing reports; and
7. Responsible parties for receiving and reviewing reports and for verifying success or prescribing implementation or corrective actions.

Mitigation Measure 4.3-2: Central Valley Steelhead and Central Valley fall-run Chinook Salmon

This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A. The City shall implement the following measures, developed based on past consultations with NMFS, to avoid, minimize and/or mitigate potential effects on Central Valley steelhead and Central Valley fall-run Chinook salmon.

- a. Prior to the onset of work, the qualified biologist shall conduct a mandatory worker environmental awareness training. The training shall educate workers about the importance of avoiding impacts to Central Valley steelhead and Central Valley fall-run Chinook salmon and their habitat. The training shall also cover the relevant permit conditions and avoidance and minimization measures that protect sensitive species and habitats, as well as the penalties for non-compliance with state and federal laws, regulations, and permit requirements. The training shall include information about the life history and habitat requirements of Central Valley steelhead and Central Valley fall-run Chinook salmon and their potential to occur in the project site, as well as the terms and conditions of the Project's Biological Opinions or other authorizing documents (i.e. letter of concurrence).
- b. Construction activities occurring within creek banks and channel beds shall be limited to the low-flow period (typically June 15 - October 15), unless earlier or later dates are approved by CDFW and NMFS during consultation. By limiting in-water construction activities to this time period, the Project shall limit construction activities to periods when low flow depths and velocities within the project streams are less likely to support Central Valley steelhead or Central Valley fall-run Chinook salmon life stages including adult migration, spawning, and egg incubation periods.

- c. Fish screens or temporary stream diversion structures shall be installed to exclude Central Valley steelhead and Central Valley fall-run Chinook salmon from areas where in-water and near-water construction activities would be conducted. Installation of fish screens or temporary diversion structures shall prevent access to affected areas in the unlikely event that Central Valley steelhead or Central Valley fall-run Chinook salmon are present in the project streams during the low-flow period (June 15 - October 15).
- d. The City shall retain a qualified biologist to monitor the installation of fish screens or temporary stream diversion structures, as well as any other near or in-water construction activities (e.g., installation of RSP along creek banks or below the OHWM, installation and removal of low water crossings, placement of new abutments, rock walls, gabions, and water diversions). Prior to the installation of fish screens or temporary stream diversion structures the biologist shall visually survey the in-water work area for Central Valley steelhead and Central Valley fall-run Chinook salmon.
- e. Once the biologist confirms that no Central Valley steelhead or Central Valley fall-run Chinook salmon are present in the in-water work area, fish screens or temporary diversion devices shall be installed in a downstream direction, installing the upstream fish screen or temporary diversion device. The biologist shall conduct a second visual survey before the downstream portion of the fish screen or temporary stream diversion is installed. If fish are present within the diversion area, the fish shall be guided out of the in-water work area with nets by the qualified biologist. The need for fish salvage is not anticipated because Central Valley steelhead or Central Valley fall-run Chinook salmon are not likely to be present in the project streams during the low-flow period (June 15 - October 15) – primarily because of excessive summer water temperatures that occur during this period in the project area. However, fish salvage (or relocation outside of the in-water work areas) shall be conducted as needed should fish be present.
- f. Before the onset of construction activities, high visibility orange construction fencing shall be installed along the perimeter of Environmentally Sensitive Areas under the supervision of the qualified biologist. Fencing shall be installed along the limits of construction in riparian habitat, minimizing the disturbance of or encroachment on sensitive aquatic and riparian habitats. The contractor shall maintain the project's Environmentally Sensitive Area fencing for the duration of the project and remove it when the project is complete.
- g. Erosion control BMPs shall be implemented during construction to minimize the potential for erosion, and the mobilization of sediments to project waterways and be consistent with the Open Space Preserve Overarching Management Plan (and related USFWS Biological Opinion

(81420-2008-F-1958-3). The following erosion and sediment control measures shall be implemented to prevent sedimentation and turbidity, as well as any identified in the SWPPP, 401, 404, or 1602 permits.

1. Soil exposure shall be minimized by limiting the area of construction and disturbance and through the use of temporary BMPs, groundcover, and stabilization measures. These measures may include mulches, soil binders and erosion control blankets, silt fencing, fiber rolls, temporary berms, sediment de-silting basins, sediment traps, and check dams.
2. Pursuant to Section 13-4.03C(3) of the Caltrans Standard Specifications, water pollution control practices shall be implemented within 72 hours of stockpiling material or before a forecasted storm event, whichever occurs first. If stockpiles are being used, soil, sediment, or other debris shall not be allowed to enter storm drains, open drainages, and watercourses. Active and inactive soil stockpiles must be covered with soil stabilization.
3. Plastic mono-filament netting (erosion control matting) or similar material that could trap wildlife shall not be used. Acceptable substitutes include, but are not limited to, jute, coconut coir matting, or tackified hydroseeding compounds.
4. Energy dissipaters and erosion control pads shall be provided at the bottom of slope drains as needed. Other flow conveyance control mechanisms may include earth dikes, swales, or ditches. Stream bank stabilization measures shall also be implemented.
5. Existing vegetation shall be protected, to the extent feasible, to reduce erosion and sedimentation. Vegetation shall be preserved by installing temporary fencing, or other protection devices, around areas to be protected. Where complete removal is not necessary, vegetation shall be cut to ground level with the root systems left intact to prevent erosion and facilitate the recovery of riparian vegetation after project activities are complete.
6. Exposed soils shall be covered by loose bulk materials or other materials to reduce erosion and runoff during rainfall events.
7. Exposed soils shall be stabilized, through watering or other measures, to prevent the movement of dust at the project site caused by wind and construction activities such as traffic and grading activities.
8. All construction roadway areas shall be properly protected to prevent excess erosion, sedimentation, and water pollution.
9. The contractor shall conduct periodic maintenance of erosion and sediment control measures. All erosion and storm water control measures shall be properly maintained for the duration of the project.

- i. A Spill Prevention and Control Plan shall be developed and implemented by the City, or its contractor, for the duration of the project. Pollution prevention and control BMPs shall be implemented during construction to minimize the risk of hazardous materials being released into waters in the project site. The following pollution and contamination prevention measures shall be implemented to prevent the release of hazardous materials during construction:
 - a. All equipment and materials shall be stored at least 50 feet from wetlands or waters in the project site unless the equipment is on established paved areas. If storage of equipment or materials within 50 feet of wetlands or waters in the project site is necessary, secondary containment shall be utilized to contain the equipment and materials and prevent discharge of any harmful substances into the soil or aquatic resources. Staging and storage areas for equipment, materials, fuels, lubricants, and solvents shall be located outside of the channel and banks of Dry Creek, Cirby Creek, Linda Creek, and Strap Ravine.
 - b. Secondary containment shall be provided for stationary equipment such as motors, pumps, generators, and compressors located within or adjacent to the Dry Creek, Cirby Creek, Linda Creek, and Strap Ravine. Any equipment or vehicles driven or operated within or adjacent to these creeks shall be checked and maintained daily to ensure proper working conditions to avoid potential impacts such as leaks.
10. No fueling, cleaning or maintenance of vehicles or equipment, or placement of construction debris, spoils or trash should occur within 50 feet of wetlands or waters in the project site unless it occurs in designated refueling/staging areas on existing paved surfaces with secondary containment in place. Refueling of equipment should occur at approved fuel locations. Contractor shall inspect all equipment/vehicles for leaks prior to use and should be inspected regularly during Project inspection.
11. For work that is to occur on existing structures over open flowing portions of Dry Creek, Cirby Creek, Linda Creek, or Strap Ravine, a method of containment such as netting, tarps or similar catchments shall be utilized to catch debris or other potential construction materials and prevent such material from falling into the waters.
12. Lighting design shall include measures to limit the amount of light "spill" on water surfaces at night that could lead to predation of juvenile salmonids. To minimize the effects of lighting on salmonids, the City shall prevent lighting that directly shines on the water surfaces of Dry Creek, Cirby Creek, and Linda Creek by minimizing the amount of

lighting necessary to safely and effectively illuminate pedestrian areas on bridges and trails, and by shielding and focusing lights on the bridge and trail surfaces and away from water surfaces.

13. The project shall avoid impacts to riparian vegetation where feasible, and shall incorporate restoration and enhancement of the riparian corridor into the final design plans and construction specifications and shall develop a riparian and restoration plan (RRP), as part of the Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan discussed in Impact 4.3-1, Disturbance and loss of waters of the United States, and Mitigation Measure 4.3-1 that involves onsite enhancements and purchase of mitigation bank credits to compensate for permanent and temporal loss of riparian and SRA cover. The RRP shall include on-site measures such as enhancing riparian vegetation by the planting of native shrub, tree, and understory species to create a more diverse vegetation structure and thus a higher quality habitat for wildlife. The onsite measures in the RRP may also include the planting of willows and other fast-growing native riparian species, which can quickly compensate for the loss of riparian and SRA cover, and will be planted where erosion control (RSP, slope pavement etc.) is installed along stream banks. Permanent impacts to riparian vegetation can also be mitigated with the purchase of credits (1:1 for riparian and 1.7:1 for SRA cover), and 0.5:1 for temporal loss of riparian vegetation and SRA cover. Restoration and enhancement of the riparian vegetation in the project site (combined with mitigation bank credits) shall result in no net loss of riparian habitat acreage or function and shall increase the quality of habitat for Central Valley steelhead (including Critical Habitat), Central Valley fall-run Chinook salmon (including EFH), and shall be accomplished through development and implementation of the RRP. Permanent impacts to riparian, including SRA, and waters of the United States shall be further analyzed and determined based on final design for each construction phase during Section 7 consultation as part of USACE Section 404 and CDFW Section 1602 permitting.
 - a. Construction techniques shall be implemented to isolate near shore work from waterbodies in the project site. It is anticipated that clear water diversion using a cofferdam or gravel bag berm with impermeable layer would be used. Isolating in-water construction areas behind cofferdams would minimize the potential for turbidity and suspended sediments from reaching levels that could harm Central Valley steelhead, degrade existing Critical Habitat, harm Central Valley fall-run Chinook salmon, or degrade existing EFH. The extent of cofferdam footprints and dewatering shall be kept to the minimum necessary to support construction activities, and creek flow shall not be interrupted or reduced as a result of

construction activities. Any fill material used in association with the cofferdams, such as sandbag fill, shall be composed of washed, rounded, spawning-sized gravel between 0.4 and 4 inches in diameter. If authorized by applicable state and federal permits, any of this gravel in contact with flowing water shall be left in place, and distributed manually with hand tools to allow passage for all life stages of fish. Installation and removal of cofferdams and/or gravel bag berms would be restricted to the summer low-flow period.

Mitigation Measure 4.3-3a: Avoidance and Minimization Measures

The following measures shall be implemented to avoid or minimize effects to VELB and/or its habitat during construction of the proposed project.

1. A worker awareness training program for construction personnel shall be conducted by a qualified biologist prior to beginning construction activities. The program shall inform all construction personnel about the life history and status of the beetle, requirements to avoid damaging the elderberry plants, and the possible penalties for not complying with these requirements. Written documentation of the training shall be submitted to the USFWS within 30 days of its completion.
2. If elderberry shrubs can be retained within the project footprint, the City shall avoid indirect impacts by implementing the following measures, to the extent feasible, or equivalent measures agreed to in consultation with USFWS. Minimization measures include:
 - a. Avoidance Area. An avoidance area shall be established at least 20 feet from the dripline of an elderberry shrub for any activities that may damage or kill the elderberry shrub (e.g., trenching, paving, etc.).
 - b. Fencing. All areas to be avoided during construction activities shall be fenced and/or flagged as close to construction limits as feasible.
 - c. Signage. Signage shall be posted every 50 feet along the buffer area with the following information, "This area is habitat of the valley elderberry longhorn beetle, a threatened species, and must not be disturbed. This species is protected by the Endangered Species Act of 1973, as amended. Violators are subject to prosecution, fines, and imprisonment." The signs shall be clearly readable from a distance of 20 feet and must be maintained for the duration of construction.
 - d. Timing. To the extent feasible, all activities that could occur within 165 feet of an elderberry shrub, shall be conducted outside of the VELB flight season (March - July).
 - e. Erosion Control and Revegetation. Erosion control measures will be implemented to restore areas disturbed within 165 feet of elderberry shrubs and the affected area will be re-vegetated with appropriate native plants.

- f. Chemical Usage. Herbicides will not be used within the dripline of the shrub. Insecticides will not be used within 100 feet of an elderberry shrub. All chemicals will be applied using a backpack sprayer or similar direct application method.
- g. Mowing. Mechanical weed removal within the dripline of the shrub shall be limited to the season when adults are not active (August - February) and shall avoid damaging the elderberry.
- h. Pre-construction and post-construction surveys. Pre-construction surveys shall document compliance with mitigation measures. The post-construction survey shall confirm that there was no additional damage to any of the elderberry shrubs than as described in this document.
- i. Construction monitoring. A qualified biologist shall monitor the work area at project-appropriate intervals to assure that all avoidance and minimization measures are implemented. The amount and duration of monitoring will depend on the project specifics and shall be discussed with a USFWS biologist.
- j. Elderberry Shrub Protection and Management Plan. The City will develop as part of the Section 7 consultation process with USFWS for the Dry Creek Greenway Multi-Use Trail project an elderberry shrub protection and management plan that will include how the buffer areas are to be protected, restored, and maintained after construction is completed and the City will ensure that ground-disturbing activities on the project site do not alter the hydrology for shrubs to be protected or otherwise affect the likelihood of vigor or survival of elderberry shrubs. The Elderberry Shrub Protection and Management Plan shall be consistent with the City's Open Space Preserve Overarching Management Plan.

Mitigation Measure 4.3-3b: Removing/Transplanting Individual Elderberry Shrubs

- 1. Elderberry shrubs that are in the path of construction activities and cannot be avoided shall be removed and if feasible, transplanted, according to Table 4.3-5. A Biological Opinion from USFWS will be obtained prior to removal or transplanting of elderberry shrubs. Removal of a shrub may either include the roots or just the removal of the above-ground portion of the plant. If feasible, the entire root ball shall be removed, and the shrub transplanted.
- 2. Elderberry shrubs requiring removal shall be transplanted as close as feasible to its original location within City-owned property or as approved by USFWS. Elderberry shrubs may be relocated adjacent to the project footprint if: 1) the planting location is suitable for elderberry growth and

reproduction; and 2) the City is able to provide long-term protection to the shrub and ensure that the shrub becomes reestablished.

3. If these criteria cannot be met, the shrub may be transplanted to an appropriate USFWS-approved mitigation site.
4. Any elderberry shrub that is unlikely to survive transplanting because of poor condition or location, or a shrub that would be extremely difficult to move because of access problems, may not be appropriate for transplanting. The following transplanting guidelines shall be used to guide removal and transplanting of elderberry shrubs on the project site:
 - a. A qualified biologist shall be on-site for the duration of transplanting activities to assure compliance with avoidance and minimization measures and other conservation measures.
 - b. Exit-hole surveys shall be completed immediately before transplanting. The number of exit holes found, GPS location of the plant to be relocated, and the GPS location of where the plant is transplanted shall be reported to the USFWS and to the California Natural Diversity Database (CNDDDB).
 - c. Elderberry shrubs shall be transplanted when the shrubs are dormant (November through the first two weeks in February) and after they have lost their leaves. Transplanting during the non-growing season will reduce shock to the shrub and increase transplantation success.
 - d. Transplanting shall follow the most current version of the ANSI A300 (Part 6) guidelines for transplanting (<http://www.tcia.org/>).

Mitigation Measure 4.3-3c: Compensatory Mitigation for Loss of Riparian Habitat

1. The following compensatory mitigation addresses impacts to VELB habitat through compensating for the permanent loss of riparian habitat within 165 feet of elderberry shrubs. Table 4.3-6 lists the total riparian habitat that is anticipated to be lost, according to the preliminary project design, and the corresponding credits that shall be purchased to replace habitat lost at a 3:1 ratio, as outlined in the VELB framework (USFWS 2017b). The exact amount of compensation shall be as agreed to by USFWS, per Section 7 consultation under the Federal Endangered Species Act.
2. If the City chooses not to purchase credits at a USFWS-approved bank, they shall follow USFWS requirements for providing a permanent conservation area that meets USFWS criteria and approval, as described in the VELB Framework (USFWS 2017b).

Mitigation Measure 4.3-3d: Consultation with USFWS

Caltrans, as the federal designated agency, will consult with USFWS under Section 7 of ESA for approval of transplanting and compensatory measures

outlined in Mitigation Measures 4.3-3b and 4.3-3c prior to project construction.

Mitigation Measure 4.3-4: Nesting Raptors

This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A. The following measures shall be implemented to avoid, minimize and fully mitigate impacts to Swainson's hawk, white-tailed kite, as well as other raptors.

1. For project activities, including tree removal, that begin between February 15 and September 15, a qualified biologist shall conduct preconstruction surveys for nesting raptors and to identify active nests on and within 0.25 mile of the project site with direct line of sight from public access areas with the use of binoculars and spotting scopes to the proposed work areas. The surveys shall be conducted before the beginning of any construction activities between February 15 and September 15.
2. The City shall attempt to initiate upland construction activities before the nest initiation phase (i.e., before February 15). If breeding raptors establish an active nest site, as evidenced by nest building, egg laying, incubation, or other nesting behavior, near the construction area, they shall not be harassed or deterred from continuing with their normal breeding activities.
3. Impacts to nesting raptors shall be avoided by establishing appropriate buffers around active nest sites identified during preconstruction raptor surveys. No project activity shall commence within the buffer areas until a qualified biologist has determined the young have fledged, the nest is no longer active, or reducing the buffer, in coordination with CDFW, would not likely result in nest abandonment. CDFW guidelines recommend implementation of 500 feet for raptors, but the size of the buffer may be adjusted if a qualified biologist and the City, in consultation with CDFW, determine that such an adjustment would not likely adversely affect the nest. Monitoring of the nest by a qualified biologist during construction activities shall be required if the activity has potential to adversely affect the nest.
4. Trees shall not be removed during the breeding season for nesting raptors unless a survey by a qualified biologist verifies that there are not active nests within the trees or within 500 feet of the trees proposed to be removed. Loss of trees that provide potential nesting habitat shall be compensated by planting replacement trees according to Mitigation Measure 4.3-1 (wetlands/riparian trees) and Mitigation Measure 4.3-8 (protected oak trees).

Mitigation Measure 4.3-5: Special-status birds

This mitigation would apply for the Proposed Trail Alignment, Alignment Option 1A, 1C, and 5A. The following measures shall be implemented and are

intended to avoid, minimize, and fully mitigate impacts to nesting special-status birds.

1. The City shall ensure that before any ground-disturbing project activities begin for a given proposed trail segment, a qualified biologist shall identify potential habitat for nesting special-status bird species in areas that could be affected during the breeding season by construction.
2. If vegetation removal or other disturbance related to construction of the trail segment is required during the nesting season, focused surveys for active nests of special-status birds shall be conducted before and within 5 days of initiating construction by a qualified biologist. The appropriate area to be surveyed and timing of the survey may vary depending on the activity and species that could be affected. If no active nests are found during focused surveys, no further action under this measure shall be required.
3. If an active special-status bird nest is located during the preconstruction surveys, the biologist shall notify the City and the City shall notify CDFW. Construction shall be prohibited within a minimum of 25 feet of the nest to avoid disturbance until the nest is no longer active.
4. If construction stops for more than 5 days during the nesting season, a follow up survey shall be conducted to make sure that no birds moved into the area and started nesting.

Mitigation Measure 4.3-6: Western Pond Turtle.

This mitigation would apply for the Proposed Trail Alignment, Alignment Options 1A, 1C, and 5A.

1. Implement Mitigation Measure 4.3-1.
2. Before ground disturbance, all onsite construction personnel shall be instructed by a qualified biologist regarding the potential presence of western pond turtle, the importance of avoiding impacts on this species and its habitat, and recognition of western pond turtle and its habitat(s).
3. Within 24 hours before beginning construction activities within 200 feet of suitable aquatic habitat for western pond turtle, a qualified biologist shall inspect areas of anticipated disturbance for the presence of western pond turtle nests and individuals. If nests are found, a 100-foot no disturbance buffer shall be erected and maintained until the turtles have hatched and no obstructions between the nest and aquatic habitat shall be created. No vegetation clearing will be allowed within the buffer to shelter the turtles from the elements and potential predators.

4. If adult and juvenile turtles are found during preconstruction, dewatering, or fish rescue operations, the biologist shall relocate the western pond turtle to the nearest suitable habitat outside of the area of disturbance. The construction area shall be re-inspected whenever a lapse in construction activity of two weeks or more has occurred. The biologist shall be available thereafter; if a turtle is encountered during construction activities, the biologist shall relocate the western pond turtle to the nearest suitable aquatic habitat outside the area of disturbance. As suitable habitat is located throughout the area, it is not anticipated that turtles would be relocated far from construction areas and that they would recolonize following construction.
5. After completion of project-related construction activities, any temporary fill and construction debris shall be removed, and temporarily disturbed areas shall be restored to pre-project conditions. Restoration of grassland and riparian habitat shall be conducted as applicable under Mitigation Measure 4.3-1 (for riparian vegetation) and Mitigation Measure 4.3-4 (for grassland habitat) in proximity to the stream corridors.

Mitigation Measure 4.3-7: Special-status bats

This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A.

1. Bat surveys shall be conducted by a qualified wildlife biologist within 5 days before removal of trees that have suitable roosting habitat for bats. Specific survey methodologies shall be determined in coordination with CDFW, and may include visual surveys of bats (e.g., observation of bats during foraging period), inspection for suitable habitat, bat sign (e.g., guano), or use of ultrasonic detectors (e.g., Petterson, Anabat, Wildlife Acoustics). Removal of any significant roost sites located shall be avoided to the extent feasible with a non-disturbance buffer of 250-feet. If it is determined that an active roost site cannot be avoided and will be affected, bats shall be excluded from the roost site before the site is removed. The City shall first notify and consult with CDFW on appropriate bat exclusion methods and roost removal procedures. Exclusion methods may include use of one-way doors at roost entrances (bats may leave, but not reenter), or sealing roost entrances when the site can be confirmed to contain no bats. Once it is confirmed that all bats have left the roost, crews shall be allowed to continue work in the area. The City may have to provide temporary suitable bat roosting habitat (i.e. bat boxes), prior, during, and after exclusion to provide bat roosting habitat.
2. Exclusion efforts shall be restricted during periods of sensitive activity (e.g., during winter hibernation or while females in maternity colonies are nursing young [generally, April 15 through August 15]). If a

hibernation or maternity roosting site is discovered, the project biologist and the City shall consult with CDFW to establish appropriate exclusionary buffers until all young are determined to be able to fly by the project biologist. Once it is determined that all young are able to fly, passive exclusion devices shall be installed and all bats will be allowed to leave voluntarily. Once it is determined by a qualified biologist that all bats have left the roost, crews shall be allowed to work within the buffer zone.

Mitigation Measure 4.3-8: Avoid impacts or mitigate for impacts to Valley Oak Woodland, and other Sensitive Vegetation Alliances and Associations (previously known as Sensitive Natural Communities)

This mitigation would apply for the Proposed Trail Alignment, Alignment Option 1A, 1C, and 5A.

1. To the maximum extent feasible, oak and riparian trees shall be avoided where possible and protection measures shall be implemented to protect oak woodlands, riparian areas and associated native trees from project-related impacts. The following measures shall be implemented for oak and riparian trees that would be impacted by project activities to avoid and minimize potential impacts to individual oak and riparian trees
 - a. Temporary protective fencing shall be installed at least one foot outside the dripline of the native oak tree before initiating construction to avoid damage to the tree canopy and root system. A circle with a radius measurement from the trunk of the tree to the tip of its longest limb will constitute the dripline protection area for each tree. Limbs must not be cut back to change the dripline. The area beneath the dripline is a critical portion of the root zone and defines the minimum protected area of each tree. Removing limbs that make up the dripline does not change the protected area.
 - b. No vehicles, construction equipment, mobile home/office, supplies, materials or facilities shall be driven, parked, stockpiled or located within the dripline of the native oak trees.
 - c. No grading shall be allowed within the dripline of the native oak tree.
 - d. No trenching shall be allowed within the dripline of the native oak tree. If it is necessary to install underground utilities within the dripline of the native oak tree, the utility line shall be jacked and bored under the supervision of a certified arborist.
 - e. Drainage patterns onsite shall not be modified so that water collects or stands within, or is diverted across, the dripline of any native oak tree.

- f. If ground disturbance must occur within the protected zone of a native oak tree, all work shall occur consistent with the City's Tree Preservation Ordinance requirements.
2. For those trees that cannot be avoided, the City shall comply with any riparian habitat conditions to comply with the Compensatory Wetland, Stream and Riparian Mitigation and Monitoring Plan that will be developed during the Section 404, Section 401, and Section 1602 permitting process as described in Mitigation Measure 4.3-1. Additionally, the City shall implement the following:
 - a. An arborist report shall be conducted to identify the species and quantities of trees that will be removed to implement the project.
 - b. If native oak trees are removed, they shall be replaced as outlined in the City's Tree Preservation Ordinance 19.66.070. A Tree Planting and Maintenance Plan showing species, size, spacing and location of plantings, and the location and species of established vegetation shall be prepared. A monitoring program shall also be established to ensure compliance with any prescribed mitigation measures established by the project and to monitor the oak woodland restoration area.
 - c. Fully implement Mitigation Measure 4.3-1, which requires the City to secure and comply with a CDFW Streambed Alteration Agreement that would include a riparian restoration component.

Mitigation Measure 4.3-9: Special-status plants – Sanford's arrowhead.

This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A.

The City shall implement the following measures to reduce potential impacts on Sanford's arrowhead:

1. Prior to project construction and during the blooming period for Sanford's arrowhead (May – November), a qualified botanist shall conduct floristic-level surveys for Sanford's arrowhead in areas where potentially suitable habitat would be removed or disturbed by project activities. The normal blooming period for Sanford's arrowhead generally indicates the optimal survey period when the species is most identifiable.
2. If no Sanford's arrowhead plants are found, the botanist shall document the findings in a letter report to the City of Roseville and CDFW and no further mitigation shall be required.
3. If Sanford's arrowhead plants are found that cannot be avoided during construction, the City shall consult with CDFW to determine the appropriate mitigation measures for direct and indirect impacts that could occur as a result of project construction and shall implement the agreed-upon mitigation measures to achieve no net loss of occupied habitat or individuals. Mitigation measures may include preserving and enhancing existing populations, creation of offsite (but within the

stream reach) populations on project mitigation sites through seed collection or transplantation, and/or restoring or creating suitable habitat in sufficient quantities to achieve no net loss of occupied habitat and/or individuals. Potential mitigation sites could include suitable locations along the stream but outside of the construction areas. A mitigation and monitoring plan shall be developed describing how unavoidable losses of special-status plants will be compensated.

4. If relocation efforts are part of the mitigation plan, the plan shall include details on the methods to be used, including collection, storage, propagation, receptor site preparation, installation, long-term protection and management, monitoring and reporting requirements, success criteria, and remedial action responsibilities should the initial effort fail to meet long-term monitoring requirements.
5. Success criteria for preserved and compensatory populations shall include:
 - a. The extent of occupied area and plant density (number of plants per unit area) in compensatory populations shall be equal to or greater than the affected occupied habitat.
 - b. Compensatory and preserved populations shall be self-producing. Populations shall be considered self-producing when:
 - i. plants reestablish annually for a minimum of five years with no human intervention such as supplemental seeding;
 - ii. reestablished and preserved habitats contain an occupied area and flower density comparable to existing occupied habitat areas in similar habitat types in the project vicinity.
 - c. If off-site mitigation includes dedication of conservation easements, purchase of mitigation credits, or other off-site conservation measures, the details of these measures shall be included in the mitigation plan, including information on responsible parties for long-term management, conservation easement holders, long-term management requirements, success criteria such as those listed above and other details, as appropriate to target the preservation of long term viable populations.

Mitigation Measure 4.3-10: Movement of native resident or migratory fish or wildlife species or migratory wildlife corridors or impede the use of native wildlife nursery sites.

This mitigation would apply for the Proposed Trail Alignment, Alternative Alignments 1A, 1C, and 5A.

Implementation of Mitigation Measure 4.3-1 and Mitigation Measure 4.3-2 would ensure that impacted habitats are mitigated for or restored, and work windows would prevent impact to migratory fish species. The work windows would allow the fish to freely use the stream corridors during migration to and

from the streams. Impacted habitats (i.e., aquatic, riparian and SRA) would be restored or mitigated for and although affected their long-term function as breeding or nursery site would not be impacted.

D. Statement of Overriding Considerations

The City of Roseville FEIR identifies certain significant impacts to the environment that cannot be avoided or substantially lessened with the application of feasible mitigation measures or feasible alternatives. Because there are significant and unavoidable impacts the Central Valley Water Board provides this Statement of Overriding Considerations in compliance with CEQA. (Public Resources Code, section 21081, subd (b); California Code of Regulations, title 14, section 15093.)

The significant and unavoidable impacts and the benefits related to implementing the Dry Creek Greenway East Trail Project are disclosed in the City of Roseville FEIR, CEQA Findings of Fact, and Statement of Overriding Considerations. The unavoidable impacts to water resources are discussed in subsection C above.

The Central Valley Water Board has considered the economic, legal, social, technological, and other benefits of the Project against its significant unavoidable impacts to water resources and finds that the specific economic, legal, social, and technological benefits of implementing the Project outweigh the significant and unavoidable impacts to water resources.

E. Determination

The Central Valley Water Board has reviewed and considered the environmental document and supplemental information provided by the City of Roseville and has reached its own conclusion to approve this Project. The Central Valley Water Board will file a NOD with the SCH within five (5) working days from the issuance of this Order. (California Code of Regulations, title 14, section 15096.)

(This page intentionally left blank)

Attachment D – Reports and Notification Requirements

I. Copies of this form

In order to identify your project, it is necessary to include a copy of the Project specific Cover Sheet below with your report; please retain for your records. If you need to obtain a copy of the Cover Sheet, you may download a copy of this Order as follows:

- A. [Central Valley Regional Water Quality Control Board's Adopted Orders Web page](https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wqcerts/)
(https://www.waterboards.ca.gov/centralvalley/board_decisions/adopted_orders/401_wqcerts/)
- B. Find your Order based on the County, Permittee, WDID No., and/or Project Name.

II. Report Submittal Instructions

- A. Check the box on the Report and Notification Cover Sheet next to the report or notification you are submitting. **(See your Order for specific reports required for your Project)**
- **Part A (Monthly and Annual Reports):** These reports will be submitted monthly and annually until a Notice of Project Complete Letter is issued.
 - **Part B (Project Status Notifications):** Used to notify the Central Valley Water Board of the status of the Project schedule that may affect Project billing.
 - **Part C (Conditional Notifications and Reports):** Required on a case by case basis for accidental discharges of hazardous materials, violation of compliance with water quality standards, notification of in-water work, or other reports.
- B. Sign the Report and Notification Cover Sheet and attach all information requested for the Report Type.
- C. Electronic Report Submittal Instructions:
- Submit signed Report and Notification Cover Sheet and required information via email to: centralvalleysacramento@waterboards.ca.gov and cc: Sara.Gevorgyan@waterboards.ca.gov.
 - Include in the subject line of the email:
ATTN: Sara Gevorgyan; Project Name; and WDID No. 5A31CR00583

III. Definition of Reporting Terms

A. Active Discharge Period:

The active discharge period begins with the effective date of this Order and ends on the date that the Permittee receives a Notice of Completion of Discharges Letter or, if no post-construction monitoring is required, a Notice of Project Complete Letter. The Active Discharge Period includes all elements of the Project including site construction and restoration, and any Permittee responsible compensatory mitigation construction.

B. Request for Notice of Completion of Discharges Letter:

This request by the Permittee to the Central Valley Water Board staff pertains to projects that have post construction monitoring requirements, e.g. if site restoration was required to be monitored for 5 years following construction. Central Valley Water Board staff will review the request and send a Completion of Discharges Letter to the Permittee upon approval. This letter will initiate the post-discharge monitoring period.

C. Request for Notice of Project Complete Letter:

This request by the Permittee to the Central Valley Water Board staff pertains to projects that either have completed post-construction monitoring and achieved performance standards or have no post-construction monitoring requirements, and no further Project activities are planned. Central Valley Water Board staff will review the request and send a Project Complete Letter to the Permittee upon approval. Termination of annual invoicing of fees will correspond with the date of this letter.

D. Post-Discharge Monitoring Period:

The post-discharge monitoring period begins on the date of the Notice of Completion of Discharges Letter and ends on the date of the Notice of Project Complete Letter issued by the Central Valley Water Board staff. The Post-Discharge Monitoring Period includes continued water quality monitoring or compensatory mitigation monitoring.

E. Effective Date:

22 November 2022

IV. Map/Photo Documentation Information

When submitting maps or photos, please use the following formats.

A. Map Format Information:

Preferred map formats of at least 1:24000 (1" = 2000') detail (listed in order of preference):

- **GIS shapefiles:** The shapefiles must depict the boundaries of all project areas and extent of aquatic resources impacted. Each shape should be attributed with the extent/type of aquatic resources impacted. Features and boundaries should be accurate to within 33 feet (10 meters). Identify datum/projection used and if possible, provide map with a North American Datum of 1983 (NAD83) in the California Teale Albers projection in feet.
- **Google KML files** saved from Google Maps: My Maps or Google Earth Pro. Maps must show the boundaries of all project areas and extent/type of aquatic resources impacted. Include URL(s) of maps. If this format is used include a spreadsheet with the object ID and attributed with the extent/type of aquatic resources impacted.
- **Other electronic format** (CAD or illustration format) that provides a context for location (inclusion of landmarks, known structures, geographic coordinates, or USGS DRG or DOQQ). Maps must show the boundaries of all project areas and extent/type of aquatic resources impacted. If this format is used include a spreadsheet with the object ID and attributed with the extent/type of aquatic resources impacted.
- Aquatic resource maps marked on paper **USGS 7.5-minute topographic maps** or **Digital Orthophoto Quarter Quads (DOQQ)** printouts. Maps must show the boundaries of all project areas and extent/type of aquatic resources impacted. If this format is used include a spreadsheet with the object ID and attributed with the extent/type of aquatic resources impacted.

B. Photo-Documentation:

Include a unique identifier, date stamp, written description of photo details, and latitude/longitude (in decimal degrees) or map indicating location of photo. Successive photos should be taken from the same vantage point to compare pre/post construction conditions.

V. Report and Notification Cover Sheet

Project: Dry Creek Greenway East Trail Project
Permittee: City of Roseville
WDID: 5A31CR00583
Reg. Meas. ID: 448996
Place ID: 882943
Order Effective Date: 22 November 2022
Order Expiration Date: 21 November 2027

VI. Report Type Submitted

A. Part A – Project Reporting

Report Type 1 ☐ Monthly Report
Report Type 2 ☐ Annual Report

B. Part B – Project Status Notifications

Report Type 3 ☐ Commencement of Construction
Report Type 4 ☐ Request for Notice of Completion of Discharges Letter
Report Type 5 ☐ Request for Notice of Project Complete Letter

C. Part C – Conditional Notifications and Reports

Report Type 6 ☐ Accidental Discharge of Hazardous Material Report
Report Type 7 ☐ Violation of Compliance with Water Quality Standards Report
Report Type 8 ☐ In-Water Work/Diversions Water Quality Monitoring Report
Report Type 9 ☐ Modifications to Project Report
Report Type 10 ☐ Transfer of Property Ownership Report
Report Type 11 ☐ Transfer of Long-Term BMP Maintenance Report

"I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment."

¹STATEMENT OF AUTHORIZATION (include if authorization has changed since application was submitted)

I hereby authorize _____ to act in my behalf as my representative in the submittal of this report, and to furnish upon request, supplemental information in support of this submittal.

Permittee's Signature

Date

*This Report and Notification Cover Sheet must be signed by the Permittee or a duly authorized representative and included with all written submittals.

A. Part A – Project Reporting

1. Report Type 1 - Monthly Report

- a. Report Purpose** - Notifies Central Valley Water Board staff of the Project status and environmental compliance activities on a monthly basis.
- b. When to Submit** - On the 1st day of each month after the submittal of the Commencement of Construction Notification until a Notice of Project Complete Letter is issued to the Permittee.
- c. Report Contents** -
 - i. Construction Summary

Describe Project progress and schedule including initial ground disturbance, site clearing and grubbing, road construction, site construction, and the implementation status of construction storm water Best Management Practices (BMPs). Best Management Practices (BMPs) is a term used to describe a type of water pollution or environmental control. If construction has not started, provide estimated start date.
 - ii. Event Summary

Describe distinct Project activities and occurrences, including environmental monitoring, surveys, and inspections.
 - iii. Photo Summary

Provide photos of Project activities. For each photo, include a unique site identifier, date stamp, written description of photo details, and latitude/longitude (in decimal degrees) or map indicating location of photo. Successive photos should be taken from the same vantage point to compare pre/post construction conditions.
 - iv. Compliance Summary
 - List name and organization of environmental surveyors, monitors, and inspectors involved with monitoring environmental compliance for the reporting period.
 - List associated monitoring reports for the reporting period.
 - Summarize observed incidences of non-compliance, compliance issues, minor problems, or occurrences.
 - Describe each observed incidence in detail. List monitor name and organization, date, location, type of incident, corrective action taken (if any), status, and resolution.

2. Report Type 2 - Annual Report

- a. **Report Purpose** - Notify the Central Valley Water Board staff of Project status during both the active discharge and post-discharge monitoring periods.
- b. **When to Submit** - Annual reports shall be submitted each year on the 1st day of December. Annual reports shall continue until a Notice of Project Complete Letter is issued to the Permittee.
- c. **Report Contents** - The contents of the annual report shall include the topics indicated below for each project period. Report contents are outlined in Annual Report Topics below.

During the Active Discharge Period

- **Topic 1: Construction Summary**
- **Topic 2: Mitigation for Temporary Impacts Status**
- **Topic 3: Compensatory Mitigation for Permanent Impacts Status**

During the Post-Discharge Monitoring Period

- **Topic 2: Mitigation for Temporary Impacts Status**
- **Topic 3: Compensatory Mitigation for Permanent Impacts Status**

- i. Annual Report Topic 1 - Construction Summary

When to Submit - With the annual report during the Active Discharge Period.

Report Contents - Project progress and schedule including initial ground disturbance, site clearing and grubbing, road construction, site construction, and the implementation status of construction storm water best management practices (BMPs). If construction has not started, provide estimated start date and reasons for delay.

1) Map showing general Project progress.

2) If applicable:

- a) Summary of Conditional Notification and Report Types 6 and 7 (Part C below).
- b) Summary of Certification Deviations. See Certification Deviation Attachment for further information.

- ii. Annual Report Topic 2 - Mitigation for Temporary Impacts Status

When to Submit - With the annual report during both the Active Discharge Period and Post-Discharge Monitoring Period.

Report Contents -

- 1) Planned date of initiation and map showing locations of mitigation for temporary impacts to waters of the state and all upland areas of temporary disturbance which could result in a discharge to waters of the state.
- 2) If mitigation for temporary impacts has already commenced, provide a map and information concerning attainment of performance standards contained in the restoration plan.
- iii. Annual Report Topic 3 - Compensatory Mitigation for Permanent Impacts Status

When to Submit - With the annual report during both the Active Discharge Period and Post-Discharge Monitoring Period.

Report Contents - *If not applicable report N/A.

1) Part A. Permittee Responsible

- a) Planned date of initiation of compensatory mitigation site installation.
- b) If installation is in progress, a map of what has been completed to date.
- c) If the compensatory mitigation site has been installed, provide a final map and information concerning attainment of performance standards contained in the compensatory mitigation plan.

2) Part B. Mitigation Bank or In-Lieu Fee

- a) Status or proof of purchase of credit types and quantities.
- b) Include the name of bank/ILF Program and contact information.
- c) If ILF, location of project and type if known.

B. Part B – Project Status Notifications

1. Report Type 3 - Commencement of Construction

- a. **Report Purpose** - Notify Central Valley Water Board staff prior to the start of construction.
- b. **When to Submit** - Must be received at least seven (7) days prior to start of initial ground disturbance activities.
- c. **Report Contents** -
 - i. Date of commencement of construction.
 - ii. Anticipated date when discharges to waters of the state will occur.
 - iii. Project schedule milestones including a schedule for onsite compensatory mitigation, if applicable.

- iv. Construction Storm Water General Permit WDID No.
- v. Proof of purchase of compensatory mitigation for permanent impacts from the mitigation bank or in-lieu fee program.

2. Report Type 4 - Request for Notice of Completion of Discharges Letter

- a. Report Purpose** - Notify Central Valley Water Board staff that post-construction monitoring is required and that active Project construction, including any mitigation and permittee responsible compensatory mitigation, is complete.
- b. When to Submit** - Must be received by Central Valley Water Board staff within thirty (30) days following completion of all Project construction activities.
- c. Report Contents** -
 - i. Status of storm water Notice of Termination(s), if applicable.
 - ii. Status of post-construction storm water BMP installation.
 - iii. Pre- and post-photo documentation of all Project activity sites where the discharge of dredge and/or fill/excavation was authorized.
 - iv. Summary of Certification Deviation discharge quantities compared to initial authorized impacts to waters of the state, if applicable.
 - v. An updated monitoring schedule for mitigation for temporary impacts to waters of the state and permittee responsible compensatory mitigation during the post-discharge monitoring period, if applicable.

3. Report Type 5 - Request for Notice of Project Complete Letter

- a. Report Purpose** - Notify Central Valley Water Board staff that construction and/or any post-construction monitoring is complete, or is not required, and no further Project activity is planned.
- b. When to Submit** - Must be received by Central Valley Water Board staff within thirty (30) days following completion of all Project activities.
- c. Report Contents** -
 - i. Part A: Mitigation for Temporary Impacts
 - 1) A report establishing that the performance standards outlined in the restoration plan have been met for Project site upland areas of temporary disturbance which could result in a discharge to waters of the state.
 - 2) A report establishing that the performance standards outlined in the restoration plan have been met for restored areas of temporary impacts to waters of the state. Pre- and post-photo documentation of all restoration sites.

- ii. Part B: Permittee Responsible Compensatory Mitigation
 - 1) A report establishing that the performance standards outlined in the compensatory mitigation plan have been met.
 - 2) Status on the implementation of the long-term maintenance and management plan and funding of endowment.
 - 3) Pre- and post-photo documentation of all compensatory mitigation sites.
 - 4) Final maps of all compensatory mitigation areas (including buffers).
- iii. Part C: Post-Construction Storm Water BMPs
 - 1) Date of storm water Notice of Termination(s), if applicable.
 - 2) Report status and functionality of all post-construction BMPs.
 - 3) Dates and report of visual post-construction inspection during the rainy season as indicated in XIV.C.4.

C. Part C – Conditional Notifications and Reports

1. Report Type 6 - Accidental Discharge of Hazardous Material Report

- a. **Report Purpose** - Notifies Central Valley Water Board staff that an accidental discharge of hazardous material has occurred.
- b. **When to Submit** - Within five (5) working days of notification to the Central Valley Water Board of an accidental discharge. Continue reporting as required by Central Valley Water Board staff.
- c. **Report Contents** -
 - i. The report shall include the OES Incident/Assessment Form, a full description and map of the accidental discharge incident (i.e. location, time and date, source, discharge constituent and quantity, aerial extent, and photo documentation). If applicable, the OES Written Follow-Up Report may be substituted.
 - ii. If applicable, any required sampling data, a full description of the sampling methods including frequency/dates and times of sampling, equipment, locations of sampling sites.
 - iii. Locations and construction specifications of any barriers, including silt curtains or diverting structures, and any associated trenching or anchoring.

2. Report Type 7 - Violation of Compliance with Water Quality Standards Report

- a. **Report Purpose** - Notifies Central Valley Water Board staff that a violation of compliance with water quality standards has occurred.

- b. **When to Submit** - The Permittee shall report any event that causes a violation of water quality standards within three (3) working days of the noncompliance event notification to Central Valley Water Board staff.
- c. **Report Contents** - The report shall include: the cause; the location shown on a map; and the period of the noncompliance including exact dates and times. If the noncompliance has not been corrected, include: the anticipated time it is expected to continue; the steps taken or planned to reduce, eliminate, and prevent reoccurrence of the noncompliance; and any monitoring results if required by Central Valley Water Board staff.

3. **Report Type 8 - In-Water Work and Diversions Water Quality Monitoring Report**

- a. **Report Purpose** - Notifies Central Valley Water Board staff of the start and completion of in-water work. Reports the sampling results during in-water work and during the entire duration of temporary surface water diversions.
- b. **When to Submit** – At least forty-eight (48) hours prior to the start of in-water work. Within three (3) working days following the completion of in-water work. Surface water monitoring reports to be submitted two (2) weeks on initiation of in-water construction and during entire duration of temporary surface water diversions. Continue reporting in accordance with the approved water quality monitoring plan or as indicated in XIV.C.3.
- c. **Report Contents** - As required by the approved water quality monitoring plan or as indicated in XIV.C.3.

4. **Report Type 9 - Modifications to Project Report**

- a. **Report Purpose** - Notifies Central Valley Water Board staff if the Project, as described in the application materials, is altered in any way or by the imposition of subsequent permit conditions by any local, state or federal regulatory authority.
- b. **When to Submit** - If Project implementation as described in the application materials is altered in any way or by the imposition of subsequent permit conditions by any local, state or federal regulatory authority.
- c. **Report Contents** - A description and location of any alterations to Project implementation. Identification of any Project modifications that will interfere with the Permittee's compliance with the Order.

5. **Report Type 10 - Transfer of Property Ownership Report**

- a. **Report Purpose** - Notifies Central Valley Water Board staff of change in ownership of the Project or Permittee-responsible mitigation area.

b. When to Submit - At least 10 working days prior to the transfer of ownership.

c. Report Contents -

- i. A statement that the Permittee has provided the purchaser with a copy of this Order and that the purchaser understands and accepts:
 - 1) the Order's requirements and the obligation to implement them or be subject to administrative and/or civil liability for failure to do so; and
 - 2) responsibility for compliance with any long-term BMP maintenance plan requirements in this Order. Best Management Practices (BMPs) is a term used to describe a type of water pollution or environmental control.
- ii. A statement that the Permittee has informed the purchaser to submit a written request to the Central Valley Water Board to be named as the permittee in a revised order.

6. Report Type 11 - Transfer of Long-Term BMP Maintenance Report

a. Report Purpose - Notifies Central Valley Water Board staff of transfer of long-term BMP maintenance responsibility.

b. When to Submit - At least 10 working days prior to the transfer of BMP maintenance responsibility.

c. Report Contents - A copy of the legal document transferring maintenance responsibility of post-construction BMPs.

(This page intentionally left blank)

Attachment E – Signatory Requirements

All documents submitted in compliance with this Order shall meet the following signatory requirements:

- A.** All applications, reports, or information submitted to the Central Valley Water Quality Control Board (Central Valley Water Board) must be signed and certified as follows:
 - 1.** For a corporation, by a responsible corporate officer of at least the level of vice-president.
 - 2.** For a partnership or sole proprietorship, by a general partner or proprietor, respectively.
 - 3.** For a municipality, or a state, federal, or other public agency, by either a principal executive officer or ranking elected official.
- B.** A duly authorized representative of a person designated in items 1.a through 1.c above may sign documents if:
 - 1.** The authorization is made in writing by a person described in items 1.a through 1.c above.
 - 2.** The authorization specifies either an individual or position having responsibility for the overall operation of the regulated activity.
 - 3.** The written authorization is submitted to the Central Valley Water Board Staff Contact prior to submitting any documents listed in item 1 above.
- C.** Any person signing a document under this section shall make the following certification:

“I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.”

(This page intentionally left blank)

Attachment F – Certification Deviation Procedures

I. Introduction

These procedures are put into place to preclude the need for Order amendments for minor changes in the Project routing or location. Minor changes or modifications in project activities are often required by the Permittee following start of construction. These deviations may potentially increase or decrease impacts to waters of the state. In such cases, a Certification Deviation, as defined in Section XIV.L of the Order, may be requested by the Permittee as set forth below:

II. Process Steps

A. Who may apply:

The Permittee or the Permittee's duly authorized representative or agent (hereinafter, "Permittee") for this Order.

B. How to apply:

By letter or email to the 401 staff designated as the contact for this Order.

C. Certification Deviation Request:

The Permittee will request verification from the Central Valley Water Board staff that the project change qualifies as a Certification Deviation, as opposed to requiring an amendment to the Order. The request should:

1. Describe the Project change or modification:
 - a. Proposed activity description and purpose;
 - b. Why the proposed activity is considered minor in terms of impacts to waters of the state;
 - c. How the Project activity is currently addressed in the Order; and,
 - d. Why a Certification Deviation is necessary for the Project.
2. Describe location (latitude/longitude coordinates), the date(s) it will occur, as well as associated impact information (i.e., temporary or permanent, federal or non-federal jurisdiction, water body name/type, estimated impact area, etc.) and minimization measures to be implemented.
3. Provide all updated environmental survey information for the new impact area.
4. Provide a map that includes the activity boundaries with photos of the site.
5. Provide verification of any mitigation needed according to the Order conditions.

6. Provide any other information required by Central Valley Water Board staff to determine whether the Project change or modification necessitates additional environmental review. (California Code of Regulations, Title 14, sections 15061, 15162-15164.)

D. Post-Discharge Certification Deviation Reporting:

1. Within 30 calendar days of completing the approved Certification Deviation activity, the Permittee will provide a post-discharge activity report that includes the following information:
 - a. Activity description and purpose;
 - b. Activity location, start date, and completion date;
 - c. Erosion control and pollution prevention measures applied;
 - d. The net change in impact area by water body type(s) in acres, linear feet and cubic yards;
 - e. Mitigation plan, if applicable; and,
 - f. Map of activity location and boundaries; post-construction photos.

E. Annual Summary Deviation Report:

1. Until a Notice of Completion of Discharges Letter or Notice of Project Complete Letter is issued, include in the Annual Project Report (see Construction Notification and Reporting attachment) a compilation of all Certification Deviation activities through the reporting period with the following information:
 - a. Site name(s);
 - b. Date(s) of Certification Deviation approval;
 - c. Location(s) of authorized activities;
 - d. Impact area(s) by water body type prior to activity in acres, linear feet and cubic yards, as originally authorized in the Order;
 - e. Actual impact area(s) by water body type in, acres, linear feet and cubic yards, due to Certification Deviation activity(ies);
 - f. The net change in impact area by water body type(s) in acres, linear feet and cubic yards; and
 - g. Mitigation to be provided (approved mitigation ratio and amount).

(This page is intentionally left blank)

**Attachment G - Compliance with Code of Federal Regulations,
Title 40, Section 121.7, Subdivision (d)**

The purpose of this Attachment is to comply with Code of Federal Regulations, title 40, section 121.7, subdivision (d), which requires all certification conditions to provide an explanation of why the condition is necessary to assure that any discharge authorized under the certification will comply with water quality requirements and a citation to federal, state, or tribal law that authorizes the condition. This Attachment uses the same organizational structure as Section XIV of the Order, and the statements below correspond with the conditions set forth in Section XIV. The other Order Sections are not "conditions" as used in Code of Federal Regulations, title 40, section 121.7

I. General Justification for Section XIV Conditions

Pursuant to Clean Water Act section 401 and California Code of Regulations, title 23, section 3859, subdivision (a), the Central Valley Water Board, when issuing water quality certifications, may set forth conditions to ensure compliance with applicable water quality standards and other appropriate requirements of state law. Under California Water Code section 13160, the State Water Resources Control Board is authorized to issue water quality certifications under the Clean Water Act and has delegated this authority to the executive officers of the regional water quality controls boards for projects within the executive officer's region of jurisdiction. (California Code of Regulations, title 23, section 3838.)

The conditions within the Order are generally required pursuant to the Central Valley Water Board's Water Quality Control Plan for the Sacramento River and San Joaquin River Basins, Fifth Edition, May 2018 (Basin Plan), which was adopted and is periodically revised pursuant to Water Code section 13240. The Basin Plan includes water quality standards, which consist of existing and potential beneficial uses of waters of the state, water quality objectives to protect those uses, and the state and federal antidegradation policies. For instance, the Basin Plan includes water quality objectives for chemical constituents, oil and grease, pH, sediment, suspended material, toxicity and turbidity, which ensure protection of beneficial uses.

The State Water Board's Antidegradation Policy, "Statement of Policy with Respect to Maintaining High Quality Waters in California," Resolution No. 68-16, requires that the quality of existing high-quality water be maintained unless any change will be consistent with the maximum benefit to the people of the state, will not unreasonably affect present or anticipated future beneficial uses of such water, and will not result in water quality less than that prescribed in water quality control plans or policies. The Antidegradation Policy further requires best practicable treatment or control of the discharge necessary to assure that pollution or nuisance will not occur and the highest water quality consistent with maximum benefit to the people of the state will be maintained. The Basin Plan incorporates this Policy. The state Antidegradation Policy incorporates the federal Antidegradation Policy (40 C.F.R. section 131.12 (a)(1)), which requires "[e]xisting instream water uses and the level of water quality necessary to protect the existing uses shall be maintained and protected."

The State Wetland Definition and Procedures for Discharges of Dredged or Fill Material to Waters of the State (Dredge or Fill Procedures), adopted pursuant to Water Code sections 13140 and 13170, authorize approval of dredge or fill projects only if the demonstrations set forth in Section IV.B.1 of the Dredge or Fill Procedures have been satisfied.

California Code of Regulations, title 23, sections 3830 et seq. set forth state regulations pertaining to water quality certifications. In particular, section 3856 sets forth information that must be included in water quality certification requests, and section 3860 sets forth standard conditions that shall be included in all water quality certification actions.

Finally, Water Code sections 13267 and 13383 authorize the regional and state boards to establish monitoring and reporting requirements for persons discharging or proposing to discharge waste.

II. Specific Justification for Section XIV Conditions

A. Authorization

Authorization under the Order is granted based on the application submitted. The Permittee is required to detail the scope of project impacts in a complete application pursuant to California Code of Regulations, title 23, section 3856, subdivision (h). Pursuant to Water Code section 13260, subdivision (c), each person discharging waste, or proposing to discharge waste shall file a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge. Pursuant to Water Code section 13264, subdivision (a), the Permittee is prohibited from initiating the discharge of new wastes, or making material changes to the character, volume, and timing of waste discharges authorized herein without filing a report required by Water Code section 13260 or its equivalent for certification actions under California Code of Regulations, title 23, section 3856.

B. Reporting and Notification Requirements

1. Project Reporting

2. Project Status Notifications

The reporting and notification conditions under Sections B.1 and B.2 are required to provide the Central Valley Water Board necessary project information and oversight to ensure project discharges are complying with applicable Basin Plan requirements. These monitoring and reporting requirements are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state and require necessary monitoring and reporting pursuant to Water Code sections 13267 and 13383. Water Code section 13267 authorizes the regional boards to require any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to provide technical or

monitoring program reports required by the regional board. Water Code section 13383 authorizes the regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

3. Conditional Notifications and Reports

a. Accidental Discharges of Hazardous Materials

Conditions under Section B.3.a related to notification and reporting requirements in the event of an accidental discharge of hazardous materials are required pursuant to section 13271 of the Water Code, which requires immediate notification of the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code. "Hazardous materials" is defined under Health and Safety Code section 25501. These reports related to accidental discharges ensure that corrective actions, if any, that are necessary to minimize the impact or clean up such discharges can be taken as soon as possible.

b. Violation of Compliance with Water Quality Standards

c. In-Water work and Diversions

Conditions under Section B.3.b and B.3.c related to monitoring and reporting on water quality standard compliance and in-water work and diversions are required to provide the Central Valley Water Board necessary project information and oversight to ensure project discharges are complying with applicable water quality objectives under the Basin Plan. These monitoring and reporting requirements are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state and require necessary monitoring and reporting pursuant to Water Code sections 13267 and 13383. Water Code section 13267 authorizes the regional boards to require any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to provide technical or monitoring program reports required by the regional board. Water Code section 13383 authorizes the regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

d. Modifications to Project

Authorization under this Order is granted based on the application and supporting information submitted. Conditions under Section B.3.d are necessary to ensure that if there are modifications to the project, that the

Order requirements remain applicable. The Permittee is required to detail the scope of project impacts in a complete application pursuant to California Code of Regulations, title 23, section 3856, subdivision (h). Pursuant to Water Code section 13260, subdivision (c), each person discharging waste, or proposing to discharge waste shall file a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge. Pursuant to Water Code section 13264, subdivision (a), the Permittee is prohibited from initiating the discharge of new wastes, or making material changes to the character, volume, and timing of waste discharges authorized herein without filing a report required by Water Code section 13260 or its equivalent for certification actions under California Code of Regulations, title 23, section 3856.

e. Transfer of Property Ownership

f. Transfer of Long-Term BMP Maintenance

Authorization under this Order is granted based on the application information submitted, including identification of the legally responsible party. Conditions under Sections B.3.e and B.3.f are necessary to confirm whether the new owner wishes to assume legal responsibility for compliance with this Order. If not, the original discharger remains responsible for compliance with this Order. Pursuant to Water Code section 13260, subdivision (c), each person discharging waste, or proposing to discharge waste shall file a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge. Pursuant to Water Code section 13264, subdivision (a), the Permittee is prohibited from initiating the discharge of new wastes, or making material changes to the character, volume, and timing of waste discharges authorized herein without filing a report required by Water Code section 13260 or its equivalent for certification actions under California Code of Regulations, title 23, section 3856.

C. Water Quality Monitoring

Conditions under Section C related to water quality monitoring are required to confirm that best management practices required under this Order are sufficient to protect beneficial uses and to comply with water quality objectives to protect those uses under the Basin Plan. Applicable water quality objectives and beneficial uses are identified in the Order. These monitoring requirements are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state and require necessary monitoring and reporting pursuant to Water Code sections 13267 and 13383. Water Code section 13267 authorizes the regional boards to require any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to provide technical or monitoring program reports required by the regional board. Water Code section 13383 authorizes the

regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

D. Standard

1. This Order is subject to modification or revocation

This is a standard condition that “shall be included as conditions of all water quality certification actions” pursuant to California Code of Regulations, title 23, section 3860(a). This condition places the permittee on notice that the certification action may be modified or revoked following administrative or judicial review.

2. This Order is not intended and shall not be construed to apply to any activity involving a hydroelectric facility

This is a standard condition that “shall be included as conditions of all water quality certification actions” pursuant to California Code of Regulations, title 23, section 3860(b). This condition clarifies the scope of the certification’s application.

3. This Order is conditioned upon total payment of any fee

This is a standard condition that “shall be included as conditions of all water quality certification actions” pursuant to California Code of Regulations, title 23, section 3860(c). This fee requirement condition is also required pursuant to California Code of Regulations, section 3833(b).

E. General Compliance

1. Failure to comply with any condition of this Order

The condition under Section E.1 places the Permittee on notice of any violations of Order requirements. Pursuant to Water Code section 13385, subdivision (a)(2), a person who violates any water quality certification issued pursuant to Water Code section 13160 shall be liable civilly.

2. Permitted actions must not cause a violation of any applicable water quality standards

Conditions under Section E.2 related to compliance with water quality objectives and designated beneficial uses are required pursuant to the Central Valley Water Board’s Basin Plan. The Basin Plan’s water quality standards consist of existing and potential beneficial uses of waters of the state, water quality objectives to protect those uses, and the state and federal antidegradation policies. The Antidegradation Policy requires that the quality of existing high-quality water be maintained unless any change will be consistent with the maximum benefit to the people of the state, will not unreasonably affect present or anticipated future beneficial uses of such water, and will not result in water quality less than that prescribed in water

quality control plans or policies. The Antidegradation Policy further requires best practicable treatment or control of the discharge necessary to assure that pollution or nuisance will not occur and the highest water quality consistent with maximum benefit to the people of the state will be maintained. Applicable beneficial uses and water quality objectives to protect those uses include the Chemical Constituents (Basin Plan, Section 3.1.3), Oil and Grease (Basin Plan, Section 3.1.10), pH (Basin Plan, Section 3.1.11), Sediment (Basin Plan, 3.1.15), Suspended Material (3.1.17), Toxicity (Basin Plan, 3.1.20), and Turbidity (Basin Plan, Section 3.1.21) water quality objectives.

3. In response to a suspected violation of any condition of this Order, the Central Valley Water Board may require

Conditions under Section E.3 related to monitoring and reporting are required to provide the Central Valley Water Board necessary project information and oversight to ensure project discharges are complying with applicable Basin Plan requirements. These monitoring and reporting requirements are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state and require necessary monitoring and reporting pursuant to Water Code sections 13267 and 13383. Water Code section 13267 authorizes the regional boards to require any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to provide technical or monitoring program reports required by the regional board. Technical supports submitted pursuant to Water Code section 13267 are required to be submitted under penalty of perjury. Water Code section 13383 authorizes the regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

4. The Permittee must, at all times, fully comply with engineering plans, specifications, and technical reports

Authorization under the Order is granted based on the application and supporting information submitted. The Permittee is required to detail the project description in a complete application pursuant to California Code of Regulations, title 23, section 3856, subdivision (h). Pursuant to Water Code section 13260, subdivision (c), each person discharging waste, or proposing to discharge waste shall file a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge. Pursuant to Water Code section 13264, subdivision (a), the Permittee is prohibited from initiating the discharge of new wastes, or making material changes to the character, volume, and timing of waste discharges authorized herein without filing a report required by Water Code section 13260 or its equivalent for certification actions under California Code of Regulations, title 23, section 3856. Finally, compliance with conditions of the

Order ensures that the Project will comply with all water quality standards and other appropriate requirements as detailed herein. (California Code of Regulations, title 23, section 3859, subdivision (a).)

5. This Order and all of its conditions herein continue to have full force and effect

This condition ensures continued compliance with applicable water quality standards and other appropriate requirements of state law. Notwithstanding any determinations by the U.S. Army Corps or other federal agency pursuant to 40 C.F.R. section 121.9, the Permittee must comply with the entirety of this certification because, pursuant to State Water Board Water Quality Order No. 2003-0017-DWQ, this Order also serves as Waste Discharge Requirements pursuant to the Porter-Cologne Water Quality Control Act.

6. The Permittee shall adhere to all requirements in the mitigation monitoring and reporting program

This condition ensures mitigation measures required to lessen the significance of impacts to water quality identified pursuant to California Environmental Quality Act review are implemented and enforceable. Pursuant to California Code of Regulations, title 14, section 15097, subdivision (a), a public agency shall adopt a program for monitoring and reporting on mitigation measures imposed to mitigate or avoid significant environmental effects to ensure implementation.

7. Construction General Permit Requirement

Permittees are required to obtain coverage under National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Construction and Land Disturbance Activities (Order No. 2009-0009-DWQ; NPDES No. CAS000002), as amended, for discharges to surface waters comprised of storm water associated with construction activity, including, but not limited to, demolition, clearing, grading, excavation, and other land disturbance activities of one or more acres, or where projects disturb less than one acre but are part of a larger common plan of development that in total disturbs one or more acres. This is required pursuant to Clean Water Act sections 301 and 402 which prohibit certain discharges of storm water containing pollutants except in compliance with an NPDES permit. (33 U.S.C. section 1311, and 1342(p); 40 C.F.R. parts 122, 123, and 124.)

F. Administrative

1. Signatory requirements for all document submittals

The condition for signatory requirements is required pursuant to Water Code section 13267, which requires any person discharging waste that could affect the quality of waters to provide to the Central Valley Water Board, under penalty of perjury, any technical or monitoring program reports as required by

the Central Valley Water Board. The signatory requirements are consistent with 40 C.F.R. section 122.22.

2. This Order does not authorize any act which results in the taking of a threatened, endangered, or candidate species

Pursuant to the California Endangered Species Act (Fish & Wildlife Code, sections 2050 et seq.) and federal Endangered Species Act (16 U.S.C. sections 1531 et seq.), the Order does not authorize any act which results in the taking of a threatened, endangered, or candidate species. In the event a Permittee requires authorization from the state or federal authorities, California Code of Regulations, title 23, section 3856(e), requires that copies be provided to the Central Valley Water Board of “any final and signed federal, state, and local licenses, permits, and agreements (or copies of the draft documents, if not finalized) that will be required for any construction, operation, maintenance, or other actions associated with the activity. If no final or draft document is available, a list of all remaining agency regulatory approvals being sought shall be included.”

3. The Permittee shall grant Central Valley Water Board staff

The condition related to site access requirements is authorized pursuant to the Central Valley Water Board’s authority to investigate the quality of any waters of the state within its region under Water Code section 13267 and 13383. Water Code section 13267, subdivision (c) provides that “the regional board may inspect the facilities of any person to ascertain whether the purposes of this division are being met and waste discharge requirements are being complied with.” Water Code section 13383 authorizes the regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

4. A copy of this Order shall be provided to any consultants, contractors, and subcontractors

This Condition ensures any agent of the Permittee is aware of Order requirements. Such conditions within the Order are necessary to ensure that all activities will comply with applicable water quality standards and other appropriate requirements (33 U.S.C. section 1341; California Code of Regulations, title 23, section 3859, subdivision (a)) and cannot be adhered to if the Permittees’ agents are unaware of applicable requirements. These conditions are necessary to ensure compliance with applicable water quality objectives and protection of beneficial uses found in the Basin Plan, adopted pursuant to Water Code section 13240, and detailed in the Order.

5. A copy of this Order must be available at the Project site(s) during construction . . .

This Condition ensures any agent of the Permittee is aware of Order requirements. Such conditions within the Order are necessary to ensure that

all activities will comply with applicable water quality standards and other appropriate requirements (33 U.S.C. section 1341; California Code of Regulations, title 23, section 3859, subdivision (a)) and cannot be adhered to if the Permittees' agents are unaware of applicable requirements. These conditions are necessary to ensure compliance with applicable water quality objectives and protection of beneficial uses found in the Basin Plan, adopted pursuant to Water Code section 13240, and detailed in the Order.

6. Lake or Streambed Alteration Agreement

This condition is required pursuant to California Code of Regulations, title 23, section 3856, subdivision (e), which requires that copies be provided to the Central Valley Water Board of "any final and signed federal, state, and local licenses, permits, and agreements (or copies of the draft documents, if not finalized) that will be required for any construction, operation, maintenance, or other actions associated with the activity. If no final or draft document is available, a list of all remaining agency regulatory approvals being sought shall be included."

G. Construction

1. Dewatering

Conditions related to dewatering and diversions ensure protection of beneficial uses during construction activities. Work in waters of the state and temporary diversions must not cause exceedances of water quality objectives; accordingly, these conditions require implementation of best practicable treatments and controls to prevent pollution and nuisance, and to maintain water quality consistent with the Basin Plan and Antidegradation Policy. Further and consistent with the Dredge or Fill Procedures, section IV.A.2.c, water quality monitoring plans are required for any in-water work. Finally, dewatering activities may require a Clean Water Act section 402 permit or separate Waste Discharge Requirements under Water Code section 13263 for dewatering activities that result in discharges to land.

Conditions related to water rights permits are required pursuant to California Code of Regs, title 23, section 3856(e), which requires complete copies of any final and signed federal, state, or local licenses, permits, and agreements (or copies of drafts if not finalized) that will be required for any construction, operation, maintenance, or other actions associated with the activity.

Conditions related to monitoring and reporting are required to provide the Central Valley Water Board necessary project information and oversight to ensure project discharges are complying with applicable Basin Plan requirements. These monitoring and reporting requirements are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state and require necessary monitoring and reporting pursuant to Water Code sections 13267 and 13383. Water Code section 13267 authorizes the regional boards to require any person who has

discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to provide technical or monitoring program reports required by the regional board. Water Code section 13383 authorizes the regional boards to establish monitoring, inspection, entry, reporting, and other recordkeeping requirements, as authorized by Water Code section 13160, for any person who discharges, or proposes to discharge, to navigable waters.

2. Directional Drilling-Not Applicable

3. Dredging-Not Applicable

4. Fugitive Dust

This condition is required to assure that the discharge from the Project will comply with water quality objectives established for surface waters, including for chemical constituents and toxicity. (Basin Plan, Sections 3.1.3 & 3.1.20.) Chemicals used in dust abatement activities can result in a discharge of chemical additives and treated waters to surface waters of the state. Therefore, dust abatement activities shall be conducted so that sediment or dust abatement chemicals are not discharged into waters of the state and do not adversely affect beneficial uses. (Basin Plan, Section 2.1; Dredge or Fill Procedures, Section IV.B.1.)

5. Good Site Management “Housekeeping”

Conditions related to site management require best practices to prevent, minimize, and/or clean up potential construction spills, including from construction equipment. For instance, fuels and lubricants associated with the use of mechanized equipment have the potential to result in toxic discharges to waters of the state in violation of water quality standards, including the toxicity and floating material water quality objectives. (Basin Plan, Sections 3.1.7 & 3.1.20.) This condition is also required pursuant to Water Code section 13264, which prohibits any discharge that is not specifically authorized in this Order. Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not cause or contribute to a degradation of waters; or violate water quality standards.

6. Hazardous Materials

Conditions related to toxic and hazardous materials are necessary to assure that discharges comply with applicable water quality objectives under the Basin Plan, adopted under section 13240 of the Water Code, including the narrative toxicity and chemical constituents water quality objectives. (Basin Plan, Sections 3.1.3, 3.1.20.) Further, conditions related to concrete/cement are required pursuant to the Basin Plan’s pH water quality objective. (Basin Plan, Section 3.1.11.)

7. Invasive Species and Soil Borne Pathogens

Conditions related to invasive species and soil borne pathogens are required to ensure that discharges will not violate any water quality objectives under the Basin Plan, adopted under Water Code section 13240 of the Water Code. Invasive species and soil borne pathogens adversely affect beneficial uses designated in the Basin Plan, such as rare, threatened, or endangered species; wildlife habitat; and preservation of biological habitats of special significance. (See Basin Plan, Section 2.1.) Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not contribute to a net loss of the overall abundance, diversity, and condition of aquatic resources; cause or contribute to a degradation of waters; or violate water quality standards.

8. Post-Construction Storm Water Management – Not Applicable

9. Roads

These conditions are required to assure that discharges will comply with water quality standards within the Basin Plan. Specifically, activities associated with road maintenance have the potential to exceed water quality objectives for oil and grease, pH, sediment, settleable materials, temperature, and turbidity. (Basin Plan, Sections 3.1.10, 3.1.11, 3.1.15, 3.1.16, 3.1.19, 3.1.21.) Further, these conditions are required to assure that they do not result in adverse impacts related to hydromodification or create barriers to fish passage and spawning activities. Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not contribute to a net loss of the overall abundance, diversity, and condition of aquatic resources; cause or contribute to a degradation of waters; or violate water quality standards.

10. Sediment Control

Conditions related to erosion and sediment control design requirements are required to sustain fluvial geomorphic equilibrium. Improperly designed and installed BMPs result in excess sediment, which impairs surface waters, adversely affect beneficial uses, and results in exceedance of water quality objectives in the Basin Plan, including for sediment and turbidity. (Basin Plan, Sections 3.1.15 & 3.1.21.) Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not contribute to a net loss of the overall abundance, diversity, and condition of aquatic resources; cause or contribute to a degradation of waters; or violate water quality standards.

11. Special Status Species

See F.2 above.

12. Stabilization/Erosion Control

Conditions related to erosion and sediment control design requirements are required to sustain fluvial geomorphic equilibrium. Improperly designed and

installed BMPs result in excess sediment, which impairs surface waters, adversely affect beneficial uses, and results in exceedance of water quality objectives in the Basin Plan, including for sediment. (Basin Plan, Section 3.1.15.) Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not contribute to a net loss of the overall abundance, diversity, and condition of aquatic resources; cause or contribute to a degradation of waters; or violate water quality standards.

13. Storm Water

Post-rain erosion and sedimentation problems can contribute to significant degradation of the waters of the state; therefore, it is necessary to take corrective action to eliminate such discharges in order to avoid or minimize such degradation. Implementation of control measures and best management practices described in the condition will assure compliance with water quality objectives including chemical constituents, floating material, sediment, turbidity, temperature, suspended material, and settleable material within the Basin Plan. (Basin Plan, Sections 3.1.1, 3.1.7, 3.1.15, 3.1.16, 3.1.17, 3.1.19, 3.1.21.) Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not cause or contribute to a degradation of waters or violate water quality standards.

H. Site Specific-Not Applicable

I. Total Maximum Daily Load (TMDL)

Total Maximum Daily Loads (TMDLs) are action plans to restore clean water. Section 303(d) of the federal Clean Water Act requires that states identify water bodies -- bays, rivers, streams, creeks, and coastal areas -- that do not meet water quality standards, and the pollutants that impair them. TMDLs examine the water quality problems, identify sources of pollutants, and specify actions that create solutions. They are adopted by the Regional Water Board as amendments to our Region's Basin Plan. Among other requirements, Section IV.B.1 of the Dredge or Fill Procedures requires that Project impacts will not cause or contribute to a degradation of waters or violate water quality standards.

J. Mitigation for Temporary Impacts

The conditions under Section J require restoration of temporary impacts to waters of the state. Conditions in this section related to restoration and/or mitigation of temporary impacts are consistent with the Dredge or Fill Procedures, which requires "in all cases where temporary impacts are proposed, a draft restoration plan that outlines design, implementation, assessment, and maintenance for restoring areas of temporary impacts to pre-project conditions." (Dredge or Fill Procedures section IV. A.2(d) & B.4.) Technical reporting and monitoring requirements under this condition are consistent with the Central Valley Water Board's authority to investigate the quality of any waters of the state

and require necessary reporting and monitoring pursuant to Water Code sections 13267 and 13383.

K. Compensatory Mitigation for Permanent Impacts

Mitigation Bank Development/In-Lieu Fee Project Development

The conditions under Section K regarding compensatory mitigation for permanent impacts ensure permanent physical loss and permanent ecological degradation of waters of the state are adequately mitigated. These conditions are necessary to ensure compliance with state and federal anti-degradation policies and are consistent with Section IV.B.1.a of the Dredge or Fill Procedures, which requires that the Water Boards will approve a project only after it has been determined that a sequence of actions has been taken to first avoid, then to minimize, and lastly compensate for adverse impacts that cannot be practicably avoided or minimized. (See also California Code of Regulations, section 3856, subdivision (h) [requiring submittal of proposed mitigation and description of steps taken to avoid, minimize, or compensate].) These compensatory mitigation conditions are also consistent with Executive Order W-59-93 commonly referred to as California's "No Net Loss" Policy for wetlands. The objective of the No Net Loss Policy is to ensure no overall net loss of and a long term net gain in the quantity, quality, and permanence of wetland acreage and values in California. Further, compensatory mitigation requirements must comply with subpart J of the Supplemental State Guidelines. Conditions related to financial assurances are also required to ensure that compensatory mitigation will be provided. (Dredge or Fill Procedures, section IV.B.5.f.)

L. Certification Deviation

- 1. Minor modifications of Project locations or predicted impacts**
- 2. A Project modification shall not be granted a Certification Deviation if it warrants or necessitates**

Authorization under the Order is granted based on the application and supporting information submitted. Among other requirements, the Permittee is required to detail the project description in a complete application pursuant to California Code of Regulations, title 23, section 3856, subdivision (h). Pursuant to Water Code section 13260, subdivision (c), each person discharging waste, or proposing to discharge waste shall file a report of waste discharge relative to any material change or proposed change in the character, location, or volume of the discharge. Pursuant to Water Code section 13264, subdivision (a), the Permittee is prohibited from initiating the discharge of new wastes, or making material changes to the character, volume, and timing of waste discharges authorized herein without filing a report required by Water Code section 13260 or its equivalent for certification actions under California Code of Regulations, title 23, section 3856. Project deviations may require additional or different Order conditions as authorized by law to ensure compliance with applicable water quality standards and

other appropriate requirements (33 U.S.C. section 1341; California Code of Regulations, title 23, section 3859, subdivision (a)) and may result in impacts to water quality that require additional environmental review (California Code of Regulations, title 14, sections 15062-15063).

U S Army Corps of
Engineers
Sacramento District

2021 Nationwide Permit Summary

33 CFR Part 330; Issuance of Nationwide
Permits – February 25, 2022

14. Linear Transportation Projects. Activities required for crossings of waters of the United States associated with the construction, expansion, modification, or improvement of linear transportation projects (e.g., roads, highways, railways, trails, driveways, airport runways, and taxiways) in waters of the United States. For linear transportation projects in non-tidal waters, the discharge of dredged or fill material cannot cause the loss of greater than 1/2-acre of waters of the United States. For linear transportation projects in tidal waters, the discharge of dredged or fill material cannot cause the loss of greater than 1/3-acre of waters of the United States. Any stream channel modification, including bank stabilization, is limited to the minimum necessary to construct or protect the linear transportation project; such modifications must be in the immediate vicinity of the project.

This NWP also authorizes temporary structures, fills, and work, including the use of temporary mats, necessary to construct the linear transportation project. Appropriate measures must be taken to maintain normal downstream flows and minimize flooding to the maximum extent practicable, when temporary structures, work, and discharges of dredged or fill material, including cofferdams, are necessary for construction activities, access fills, or dewatering of construction sites. Temporary fills must consist of materials, and be placed in a manner, that will not be eroded by expected high flows. Temporary fills must be removed in their entirety and the affected areas returned to pre-construction elevations. The areas affected by temporary fills must be revegetated, as appropriate.

This NWP cannot be used to authorize non-linear features commonly associated with transportation projects, such as vehicle maintenance or storage buildings, parking lots, train stations, or aircraft hangars.

Notification: The permittee must submit a pre-construction notification to the district engineer prior to commencing the activity if: (1) The loss of waters of the United States exceeds 1/10 acre; or (2) there is a discharge of dredged or fill material in a special aquatic site, including wetlands. (See general condition 32.) (Authorities: Sections 10 and 404).

Note 1: For linear transportation projects crossing a single waterbody more than one time at separate and distant locations, or multiple waterbodies at separate and distant locations, each crossing is considered a single and complete project for purposes

of NWP authorization. Linear transportation projects must comply with 33 CFR 330.6(d).

Note 2: Some discharges of dredged or fill material for the construction of farm roads or forest roads, or temporary roads for moving mining equipment, may qualify for an exemption under Section 404(f) of the Clean Water Act (see 33 CFR 323.4).

Note 3: For NWP 14 activities that require pre-construction notification, the PCN must include any other NWP(s), regional general permit(s), or individual permit(s) used or intended to be used to authorize any part of the proposed project or any related activity, including other separate and distant crossings that require Department of the Army authorization but do not require pre-construction notification (see paragraph (b)(4) of general condition 32). The district engineer will evaluate the PCN in accordance with Section D, "District Engineer's Decision." The district engineer may require mitigation to ensure that the authorized activity results in no more than minimal individual and cumulative adverse environmental effects (see general condition 23).

A. Regional Conditions

1. [Regional Conditions for California](#)
2. [Regional Conditions for Nevada and Utah](#)

B. Nationwide Permit General Conditions

Note: To qualify for NWP authorization, the prospective permittee must comply with the following general conditions, as applicable, in addition to any regional or case-specific conditions imposed by the division engineer or district engineer.

Prospective permittees should contact the appropriate Corps district office to determine if regional conditions have been imposed on an NWP. Prospective permittees should also contact the appropriate Corps district office to determine the status of Clean Water Act Section 401 water quality certification and/or Coastal Zone Management Act consistency for an NWP. Every person who may wish to obtain permit authorization under one or more NWPs, or who is currently relying on an existing or prior permit authorization under one or more NWPs, has been and is on notice that all of the provisions of 33 CFR 330.1 through 330.6 apply to every NWP authorization. Note especially 33 CFR 330.5 relating to the modification, suspension, or revocation of any NWP authorization.

- ☐ 1. **Navigation.**
 - ☐ (a) No activity may cause more than a minimal adverse effect on navigation.
 - ☐ (b) Any safety lights and signals prescribed by the U.S. Coast Guard, through regulations or otherwise, must be installed and maintained at the permittee's expense on

BUILDING STRONG®

U.S. ARMY CORPS OF ENGINEERS – SACRAMENTO DISTRICT

1325 J ST. – SACRAMENTO, CA 95814

www.spk.usace.army.mil
www.facebook.com/sacramentodistrict
www.youtube.com/sacramentodistrict
www.twitter.com/USACESacramento
www.flickr.com/photos/sacramentodistrict

authorized facilities in navigable waters of the United States.

☐ (c) The permittee understands and agrees that, if future operations by the United States require the removal, relocation, or other alteration, of the structure or work herein authorized, or if, in the opinion of the Secretary of the Army or his or her authorized representative, said structure or work shall cause unreasonable obstruction to the free navigation of the navigable waters, the permittee will be required, upon due notice from the Corps of Engineers, to remove, relocate, or alter the structural work or obstructions caused thereby, without expense to the United States. No claim shall be made against the United States on account of any such removal or alteration.

☐ 2. **Aquatic Life Movements.** No activity may substantially disrupt the necessary life cycle movements of those species of aquatic life indigenous to the waterbody, including those species that normally migrate through the area, unless the activity's primary purpose is to impound water. All permanent and temporary crossings of waterbodies shall be suitably culverted, bridged, or otherwise designed and constructed to maintain low flows to sustain the movement of those aquatic species. If a bottomless culvert cannot be used, then the crossing should be designed and constructed to minimize adverse effects to aquatic life movements.

☐ 3. **Spawning Areas.** Activities in spawning areas during spawning seasons must be avoided to the maximum extent practicable. Activities that result in the physical destruction (e.g., through excavation, fill, or downstream smothering by substantial turbidity) of an important spawning area are not authorized.

☐ 4. **Migratory Bird Breeding Areas.** Activities in waters of the United States that serve as breeding areas for migratory birds must be avoided to the maximum extent practicable.

☐ 5. **Shellfish Beds.** No activity may occur in areas of concentrated shellfish populations, unless the activity is directly related to a shellfish harvesting activity authorized by NWP 4 and 48, or is a shellfish seeding or habitat restoration activity authorized by NWP 27.

☐ 6. **Suitable Material.** No activity may use unsuitable material (e.g., trash, debris, car bodies, asphalt, etc.). Material used for construction or discharged must be free from toxic pollutants in toxic amounts (see section 307 of the Clean Water Act).

☐ 7. **Water Supply Intakes.** No activity may occur in the proximity of a public water supply intake, except where the activity is for the repair or improvement of public water supply intake structures or adjacent bank stabilization.

☐ 8. **Adverse Effects From Impoundments.** If the activity creates an impoundment of water, adverse effects to the aquatic system due to accelerating the passage of water, and/or restricting its flow must be minimized to the maximum extent practicable.

☐ 9. **Management of Water Flows.** To the maximum extent practicable, the pre-construction course, condition, capacity, and location of open waters must be maintained for each activity, including stream channelization, storm water management activities, and temporary and permanent road crossings, except as provided below. The activity must be constructed to withstand expected high flows. The activity must not restrict or impede the passage of normal or high flows, unless the primary purpose of the activity is to impound water or manage high flows. The activity may alter the pre-construction course, condition, capacity, and location of open waters if it benefits the aquatic environment (e.g., stream restoration or relocation activities).

☐ 10. **Fills Within 100-Year Floodplains.** The activity must comply with applicable FEMA-approved state or local floodplain management requirements.

☐ 11. **Equipment.** Heavy equipment working in wetlands or mudflats must be placed on mats, or other measures must be taken to minimize soil disturbance.

☐ 12. **Soil Erosion and Sediment Controls.** Appropriate soil erosion and sediment controls must be used and maintained in effective operating condition during construction, and all exposed soil and other fills, as well as any work below the ordinary high water mark or high tide line, must be permanently stabilized at the earliest practicable date. Permittees are encouraged to perform work within waters of the United States during periods of low-flow or no-flow, or during low tides.

☐ 13. **Removal of Temporary Fills.** Temporary structures must be removed, to the maximum extent practicable, after their use has been discontinued. Temporary fills must be removed in their entirety and the affected areas returned to pre-construction elevations. The affected areas must be revegetated, as appropriate.

☐ 14. **Proper Maintenance.** Any authorized structure or fill shall be properly maintained, including maintenance to ensure public safety and compliance with applicable NWP general conditions, as well as any activity-specific conditions added by the district engineer to an NWP authorization.

☐ 15. **Single and Complete Project.** The activity must be a single and complete project. The same NWP cannot be used more than once for the same single and complete project.

☐ 16. **Wild and Scenic Rivers.**

☐ (a) No NWP activity may occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, unless the appropriate Federal agency with direct management responsibility for such river, has determined in writing that the proposed activity will not adversely affect the Wild and Scenic River designation or study status.

☐ (b) If a proposed NWP activity will occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, the permittee must submit a pre-construction notification (see general condition 32). The

district engineer will coordinate the PCN with the Federal agency with direct management responsibility for that river. Permittees shall not begin the NWP activity until notified by the district engineer that the Federal agency with direct management responsibility for that river has determined in writing that the proposed NWP activity will not adversely affect the Wild and Scenic River designation or study status.

☐ (c) Information on Wild and Scenic Rivers may be obtained from the appropriate Federal land management agency responsible for the designated Wild and Scenic River or study river (e.g., National Park Service, U.S. Forest Service, Bureau of Land Management, U.S. Fish and Wildlife Service). Information on these rivers is also available at: <https://www.rivers.gov/>.

☐ 17. **Tribal Rights.** No activity or its operation may impair reserved tribal rights, including, but not limited to, reserved water rights and treaty fishing and hunting rights.

☐ 18. **Endangered Species.**

☐ (a) No activity is authorized under any NWP which is likely to directly or indirectly jeopardize the continued existence of a threatened or endangered species or a species proposed for such designation, as identified under the Federal Endangered Species Act (ESA), or which will directly or indirectly destroy or adversely modify designated critical habitat or critical habitat proposed for such designation. No activity is authorized under any NWP which "may affect" a listed species or critical habitat, unless ESA section 7 consultation addressing the consequences of the proposed activity on listed species or critical habitat has been completed. See 50 CFR 402.02 for the definition of "effects of the action" for the purposes of ESA section 7 consultation, as well as 50 CFR 402.17, which provides further explanation under ESA section 7 regarding "activities that are reasonably certain to occur" and "consequences caused by the proposed action."

☐ (b) Federal agencies should follow their own procedures for complying with the requirements of the ESA (see 33 CFR 330.4(f)(1)). If pre-construction notification is required for the proposed activity, the Federal permittee must provide the district engineer with the appropriate documentation to demonstrate compliance with those requirements. The district engineer will verify that the appropriate documentation has been submitted. If the appropriate documentation has not been submitted, additional ESA section 7 consultation may be necessary for the activity and the respective federal agency would be responsible for fulfilling its obligation under section 7 of the ESA.

☐ (c) Non-federal permittees must submit a pre-construction notification to the district engineer if any listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation) might be affected or is in the vicinity of the activity, or if the activity is located in designated critical habitat or critical habitat proposed for such designation, and shall not begin work on the activity until notified by the district engineer that the requirements of

the ESA have been satisfied and that the activity is authorized. For activities that might affect Federally-listed endangered or threatened species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation), the pre-construction notification must include the name(s) of the endangered or threatened species (or species proposed for listing) that might be affected by the proposed activity or that utilize the designated critical habitat (or critical habitat proposed for such designation) that might be affected by the proposed activity. The district engineer will determine whether the proposed activity "may affect" or will have "no effect" to listed species and designated critical habitat and will notify the non-Federal applicant of the Corps' determination within 45 days of receipt of a complete pre-construction notification. For activities where the non-Federal applicant has identified listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation) that might be affected or is in the vicinity of the activity, and has so notified the Corps, the applicant shall not begin work until the Corps has provided notification that the proposed activity will have "no effect" on listed species (or species proposed for listing or designated critical habitat (or critical habitat proposed for such designation), or until ESA section 7 consultation or conference has been completed. If the non-Federal applicant has not heard back from the Corps within 45 days, the applicant must still wait for notification from the Corps.

☐ (d) As a result of formal or informal consultation or conference with the FWS or NMFS the district engineer may add species-specific permit conditions to the NWPs.

☐ (e) Authorization of an activity by an NWP does not authorize the "take" of a threatened or endangered species as defined under the ESA. In the absence of separate authorization (e.g., an ESA Section 10 Permit, a Biological Opinion with "incidental take" provisions, etc.) from the FWS or the NMFS, the Endangered Species Act prohibits any person subject to the jurisdiction of the United States to take a listed species, where "take" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. The word "harm" in the definition of "take" means an act which actually kills or injures wildlife. Such an act may include significant habitat modification or degradation where it actually kills or injures wildlife by significantly impairing essential behavioral patterns, including breeding, feeding or sheltering.

☐ (f) If the non-federal permittee has a valid ESA section 10(a)(1)(B) incidental take permit with an approved Habitat Conservation Plan for a project or a group of projects that includes the proposed NWP activity, the non-federal applicant should provide a copy of that ESA section 10(a)(1)(B) permit with the PCN required by paragraph (c) of this general condition. The district engineer will coordinate with the agency that issued the ESA section 10(a)(1)(B) permit to determine whether the proposed NWP activity and the associated incidental take were considered in the internal ESA

section 7 consultation conducted for the ESA section 10(a)(1)(B) permit. If that coordination results in concurrence from the agency that the proposed NWP activity and the associated incidental take were considered in the internal ESA section 7 consultation for the ESA section 10(a)(1)(B) permit, the district engineer does not need to conduct a separate ESA section 7 consultation for the proposed NWP activity. The district engineer will notify the non-federal applicant within 45 days of receipt of a complete pre-construction notification whether the ESA section 10(a)(1)(B) permit covers the proposed NWP activity or whether an additional ESA section 7 consultation is required.

☐ (g) Information on the location of threatened and endangered species and their critical habitat can be obtained directly from the offices of the FWS and NMFS or their world wide web pages at <https://www.fws.gov/> or <https://www.fws.gov/ipac/> and <https://www.fisheries.noaa.gov/topic/endangered-species-conservation> respectively.

☐ **19. Migratory Birds and Bald and Golden Eagles.** The permittee is responsible for ensuring that an action authorized by an NWP complies with the Migratory Bird Treaty Act and the Bald and Golden Eagle Protection Act. The permittee is responsible for contacting the appropriate local office of the U.S. Fish and Wildlife Service to determine what measures, if any, are necessary or appropriate to reduce adverse effects to migratory birds or eagles, including whether "incidental take" permits are necessary and available under the Migratory Bird Treaty Act or Bald and Golden Eagle Protection Act for a particular activity.

☐ **20. Historic Properties.**

☐ (a) No activity is authorized under any NWP which may have the potential to cause effects to properties listed, or eligible for listing, in the National Register of Historic Places until the requirements of Section 106 of the National Historic Preservation Act (NHPA) have been satisfied.

☐ (b) Federal permittees should follow their own procedures for complying with the requirements of section 106 of the National Historic Preservation Act (see 33 CFR 330.4(g)(1)). If pre-construction notification is required for the proposed NWP activity, the Federal permittee must provide the district engineer with the appropriate documentation to demonstrate compliance with those requirements. The district engineer will verify that the appropriate documentation has been submitted. If the appropriate documentation is not submitted, then an additional consultation under section 106 may be necessary. The respective federal agency is responsible for fulfilling its obligation to comply with section 106.

☐ (c) Non-federal permittees must submit a pre-construction notification to the district engineer if the NWP activity might have the potential to cause effects to any historic properties listed on, determined to be eligible for listing on, or potentially eligible for listing on the National Register of Historic Places, including previously unidentified properties. For such activities, the pre-

construction notification must state which historic properties might have the potential to be affected by the proposed NWP activity or include a vicinity map indicating the location of the historic properties or the potential for the presence of historic properties. Assistance regarding information on the location of, or potential for, the presence of historic properties can be sought from the State Historic Preservation Officer, Tribal Historic Preservation Officer, or designated tribal representative, as appropriate, and the National Register of Historic Places (see 33 CFR 330.4(g)). When reviewing pre-construction notifications, district engineers will comply with the current procedures for addressing the requirements of section 106 of the National Historic Preservation Act. The district engineer shall make a reasonable and good faith effort to carry out appropriate identification efforts commensurate with potential impacts, which may include background research, consultation, oral history interviews, sample field investigation, and/or field survey. Based on the information submitted in the PCN and these identification efforts, the district engineer shall determine whether the proposed NWP activity has the potential to cause effects on the historic properties. Section 106 consultation is not required when the district engineer determines that the activity does not have the potential to cause effects on historic properties (see 36 CFR 800.3(a)). Section 106 consultation is required when the district engineer determines that the activity has the potential to cause effects on historic properties. The district engineer will conduct consultation with consulting parties identified under 36 CFR 800.2(c) when he or she makes any of the following effect determinations for the purposes of section 106 of the NHPA: no historic properties affected, no adverse effect, or a diverse effect.

☐ (d) Where the non-Federal applicant has identified historic properties on which the proposed NWP activity might have the potential to cause effects and has so notified the Corps, the non-Federal applicant shall not begin the activity until notified by the district engineer either that the activity has no potential to cause effects to historic properties or that NHPA section 106 consultation has been completed. For non-federal permittees, the district engineer will notify the prospective permittee within 45 days of receipt of a complete pre-construction notification whether NHPA section 106 consultation is required. If NHPA section 106 consultation is required, the district engineer will notify the non-Federal applicant that he or she cannot begin the activity until section 106 consultation is completed. If the non-Federal applicant has not heard back from the Corps within 45 days, the applicant must still wait for notification from the Corps.

☐ (e) Prospective permittees should be aware that section 110(k) of the NHPA (54 U.S.C. 306113) prevents the Corps from granting a permit or other assistance to an applicant who, with intent to avoid the requirements of section 106 of the NHPA, has intentionally significantly adversely affected a historic property to which the permit would relate, or having legal power to prevent it, allowed such significant adverse effect to occur, unless the Corps,

after consultation with the Advisory Council on Historic Preservation (ACHP), determines that circumstances justify granting such assistance despite the adverse effect created or permitted by the applicant. If circumstances justify granting the assistance, the Corps is required to notify the ACHP and provide documentation specifying the circumstances, the degree of damage to the integrity of any historic properties affected, and proposed mitigation. This documentation must include any views obtained from the applicant, SHPO/THPO, appropriate Indian tribes if the undertaking occurs on or affects historic properties on tribal lands or affects properties of interest to those tribes, and other parties known to have a legitimate interest in the impacts to the permitted activity on historic properties.

☐ **21. Discovery of Previously Unknown Remains and Artifacts.** Permittees that discover any previously unknown historic, cultural or archeological remains and artifacts while accomplishing the activity authorized by an NWP, they must immediately notify the district engineer of what they have found, and to the maximum extent practicable, avoid construction activities that may affect the remains and artifacts until the required coordination has been completed. The district engineer will initiate the Federal, Tribal, and state coordination required to determine if the items or remains warrant a recovery effort or if the site is eligible for listing in the National Register of Historic Places.

☐ **22. Designated Critical Resource Waters.** Critical resource waters include, NOAA-managed marine sanctuaries and marine monuments, and National Estuarine Research Reserves. The district engineer may designate, after notice and opportunity for public comment, additional waters officially designated by a state as having particular environmental or ecological significance, such as outstanding national resource waters or state natural heritage sites. The district engineer may also designate additional critical resource waters after notice and opportunity for public comment.

☐ (a) Discharges of dredged or fill material into waters of the United States are not authorized by NWPs 7, 12, 14, 16, 17, 21, 29, 31, 35, 39, 40, 42, 43, 44, 49, 50, 51, 52, 57 and 58 for any activity within, or directly affecting critical resource waters, including wetlands adjacent to such waters.

☐ (b) For NWPs 3, 8, 10, 13, 15, 18, 19, 22, 23, 25, 27, 28, 30, 33, 34, 36, 37, 38, and 54, notification is required in accordance with general condition 32, for any activity proposed by permittees in the designated critical resource waters including wetlands adjacent to those waters. The district engineer may authorize activities under these NWPs only after she or he determines that the impacts to the critical resource waters will be no more than minimal.

☐ **23. Mitigation.** The district engineer will consider the following factors when determining appropriate and practicable mitigation necessary to ensure that the individual and cumulative adverse environmental effects are no more than minimal:

☐ (a) The activity must be designed and constructed to avoid and minimize adverse effects, both temporary and permanent, to waters of the United States to the maximum extent practicable at the project site (i.e., on site).

☐ (b) Mitigation in all its forms (avoiding, minimizing, rectifying, reducing, or compensating for resource losses) will be required to the extent necessary to ensure that the individual and cumulative adverse environmental effects are no more than minimal.

☐ (c) Compensatory mitigation at a minimum one-for-one ratio will be required for all wetland losses that exceed 1/10-acre and require pre-construction notification, unless the district engineer determines in writing that either some other form of mitigation would be more environmentally appropriate or the adverse environmental effects of the proposed activity are no more than minimal, and provides an activity-specific waiver of this requirement. For wetland losses of 1/10-acre or less that require pre-construction notification, the district engineer may determine on a case-by-case basis that compensatory mitigation is required to ensure that the activity results in only minimal adverse environmental effects.

☐ (d) Compensatory mitigation at a minimum one-for-one ratio will be required for all losses of stream bed that exceed 3/100-acre and require pre-construction notification, unless the district engineer determines in writing that either some other form of mitigation would be more environmentally appropriate or the adverse environmental effects of the proposed activity are no more than minimal, and provides an activity-specific waiver of this requirement. This compensatory mitigation requirement may be satisfied through the restoration or enhancement of riparian areas next to streams in accordance with paragraph (e) of this general condition. For losses of stream bed of 3/100-acre or less that require pre-construction notification, the district engineer may determine on a case-by-case basis that compensatory mitigation is required to ensure that the activity results in only minimal adverse environmental effects. Compensatory mitigation for losses of streams should be provided, if practicable, through stream rehabilitation, enhancement, or preservation, since streams are difficult-to-replace resources (see 33 CFR 332.3(e)(3)).

☐ (e) Compensatory mitigation plans for NWP activities in or near streams or other open waters will normally include a requirement for the restoration or enhancement, maintenance, and legal protection (e.g., conservation easements) of riparian areas next to open waters. In some cases, the restoration or maintenance/protection of riparian areas may be the only compensatory mitigation required. If restoring riparian areas involves planting vegetation, only native species should be planted. The width of the required riparian area will address documented water quality or aquatic habitat loss concerns. Normally, the riparian area will be 25 to 50 feet wide on each side of the stream, but the district engineer may require slightly wider riparian areas to address documented water quality or habitat loss.

concerns. If it is not possible to restore or maintain/protect a riparian area on both sides of a stream, or if the waterbody is a lake or coastal waters, then restoring or maintaining/protecting a riparian area along a single bank or shoreline may be sufficient. Where both wetlands and open waters exist on the project site, the district engineer will determine the appropriate compensatory mitigation (e.g., riparian areas and/or wetlands compensation) based on what is best for the aquatic environment on a watershed basis. In cases where riparian areas are determined to be the most appropriate form of minimization or compensatory mitigation, the district engineer may waive or reduce the requirement to provide wetland compensatory mitigation for wetland losses.

☐ (f) Compensatory mitigation projects provided to offset losses of aquatic resources must comply with the applicable provisions of 33 CFR part 332.

☐ (1) The prospective permittee is responsible for proposing an appropriate compensatory mitigation option if compensatory mitigation is necessary to ensure that the activity results in no more than minimal adverse environmental effects. For the NWP, the preferred mechanism for providing compensatory mitigation is mitigation bank credits or in-lieu fee program credits (see 33 CFR 332.3(b)(2) and (3)). However, if an appropriate number and type of mitigation bank or in-lieu credits are not available at the time the PCN is submitted to the district engineer, the district engineer may approve the use of permittee-responsible mitigation.

☐ (2) The amount of compensatory mitigation required by the district engineer must be sufficient to ensure that the authorized activity results in no more than minimal individual and cumulative adverse environmental effects (see 33 CFR 330.1(e)(3)). (See also 33 CFR 332.3(f).)

☐ (3) Since the likelihood of success is greater and the impacts to potentially valuable uplands are reduced, aquatic resource restoration should be the first compensatory mitigation option considered for permittee-responsible mitigation.

☐ (4) If permittee-responsible mitigation is the proposed option, the prospective permittee is responsible for submitting a mitigation plan. A conceptual or detailed mitigation plan may be used by the district engineer to make the decision on the NWP verification request, but a final mitigation plan that addresses the applicable requirements of 33 CFR 332.4(c)(2) through (14) must be approved by the district engineer before the permittee begins work in waters of the United States, unless the district engineer determines that prior approval of the final mitigation plan is not practicable or not necessary to ensure timely completion of the required compensatory mitigation (see 33 CFR 332.3(k)(3)). If permittee-responsible mitigation is the proposed option, and the proposed compensatory mitigation site is located on land in which another federal

agency holds an easement, the district engineer will coordinate with that federal agency to determine if proposed compensatory mitigation project is compatible with the terms of the easement.

☐ (5) If mitigation bank or in-lieu fee program credits are the proposed option, the mitigation plan needs to address only the baseline conditions at the impact site and the number of credits to be provided (see 33 CFR 332.4(c)(1)(ii)).

☐ (6) Compensatory mitigation requirements (e.g., resource type and amount to be provided as compensatory mitigation, site protection, ecological performance standards, monitoring requirements) may be addressed through conditions added to the NWP authorization, instead of components of a compensatory mitigation plan (see 33 CFR 332.4(c)(1)(ii)).

☐ (g) Compensatory mitigation will not be used to increase the acreage losses allowed by the acreage limits of the NWPs. For example, if an NWP has an acreage limit of 1/2-acre, it cannot be used to authorize any NWP activity resulting in the loss of greater than 1/2-acre of waters of the United States, even if compensatory mitigation is provided that replaces or restores some of the lost waters. However, compensatory mitigation can and should be used, as necessary, to ensure that an NWP activity already meeting the established acreage limits also satisfies the no more than minimal impact requirement for the NWPs.

☐ (h) Permittees may propose the use of mitigation banks, in-lieu fee programs, or permittee-responsible mitigation. When developing a compensatory mitigation proposal, the permittee must consider appropriate and practicable options consistent with the framework at 33 CFR 332.3(b). For activities resulting in the loss of marine or estuarine resources, permittee-responsible mitigation may be environmentally preferable if there are no mitigation banks or in-lieu fee programs in the area that have marine or estuarine credits available for sale or transfer to the permittee. For permittee-responsible mitigation, the special conditions of the NWP verification must clearly indicate the party or parties responsible for the implementation and performance of the compensatory mitigation project, and, if required, its long-term management.

☐ (i) Where certain functions and services of waters of the United States are permanently adversely affected by a regulated activity, such as discharges of dredged or fill material into waters of the United States that will convert a forested or scrub-shrub wetland to a herbaceous wetland in a permanently maintained utility line right-of-way, mitigation may be required to reduce the adverse environmental effects of the activity to the no more than minimal level.

☐ **24. Safety of Impoundment Structures.** To ensure that all impoundment structures are safely designed, the district engineer may require non-Federal applicants to demonstrate that the structures comply with established state or federal, dam safety

criteria or have been designed by qualified persons. The district engineer may also require documentation that the design has been independently reviewed by similarly qualified persons, and appropriate modifications made to ensure safety.

☐ **25. Water Quality.**

☐ (a) Where the certifying authority (state, authorized tribe, or EPA, as appropriate) has not previously certified compliance of an NWP with CWA section 401, a CWA section 401 water quality certification for the proposed discharge must be obtained or waived (see 33 CFR 330.4(c)). If the permittee cannot comply with all of the conditions of a water quality certification previously issued by certifying authority for the issuance of the NWP, then the permittee must obtain a water quality certification or waiver for the proposed discharge in order for the activity to be authorized by an NWP.

☐ (b) If the NWP activity requires pre-construction notification and the certifying authority has not previously certified compliance of an NWP with CWA section 401, the proposed discharge is not authorized by an NWP until water quality certification is obtained or waived. If the certifying authority issues a water quality certification for the proposed discharge, the permittee must submit a copy of the certification to the district engineer. The discharge is not authorized by an NWP until the district engineer has notified the permittee that the water quality certification requirement has been satisfied by the issuance of a water quality certification or a waiver.

☐ (c) The district engineer or certifying authority may require additional water quality management measures to ensure that the authorized activity does not result in more than minimal degradation of water quality.

☐ **26. Coastal Zone Management.** In coastal states where an NWP has not previously received a state coastal zone management consistency concurrence, an individual state coastal zone management consistency concurrence must be obtained, or a presumption of concurrence must occur (see 33 CFR 330.4(d)). If the permittee cannot comply with all of the conditions of a coastal zone management consistency concurrence previously issued by the state, then the permittee must obtain an individual coastal zone management consistency concurrence or presumption of concurrence in order for the activity to be authorized by an NWP. The district engineer or a state may require additional measures to ensure that the authorized activity is consistent with state coastal zone management requirements.

☐ **27. Regional and Case-By-Case Conditions.** The activity must comply with any regional conditions that may have been added by the Division Engineer (see 33 CFR 330.4(e)) and with any case specific conditions added by the Corps or by the state, Indian Tribe, or U.S. EPA in its CWA section 401 Water Quality Certification, or by the state in its Coastal Zone Management Act consistency determination.

☐ **28. Use of Multiple Nationwide Permits.** The use of more than one NWP for a single and complete project is authorized, subject to the following restrictions:

☐ (a) If only one of the NWPs used to authorize the single and complete project has a specified acreage limit, the a creage loss of waters of the United States cannot exceed the a creage limit of the NWP with the highest specified a creage

limit. For example, if a road crossing over tidal waters is constructed under NWP 14, with associated bank stabilization authorized by NWP 13, the maximum a creage loss of waters of the United States for the total project cannot exceed 1/3-acre.

☐ (b) If one or more of the NWPs used to authorize the single and complete project has specified a creage limits, the a creage loss of waters of the United States a uthorized by those NWPs cannot exceed their respective specified a creage limits. For example, if a commercial development is constructed under NWP 39, and the single and complete project includes the filling of an upland ditch authorized by NWP 46, the maximum a creage loss of waters of the United States for the commercial development under NWP 39 cannot exceed 1/2-acre, and the total a creage loss of waters of United States due to the NWP 39 and 46 activities cannot exceed 1 acre.

☐ **29. Transfer of Nationwide Permit Verifications.** If the permittee sells the property associated with a nationwide permit verification, the permittee may transfer the nationwide permit verification to the new owner by submitting a letter to the appropriate Corps district office to validate the transfer. A copy of the nationwide permit verification must be attached to the letter, and the letter must contain the following statement and signature:

“When the structures or work authorized by this nationwide permit are still in existence at the time the property is transferred, the terms and conditions of this nationwide permit, including any special conditions, will continue to be binding on the new owner(s) of the property. To validate the transfer of this nationwide permit and the associated liabilities associated with compliance with its terms and conditions, have the transferee sign and date below.”

(Transferee)

(Date)

☐ **30. Compliance Certification.** Each permittee who receives an NWP verification letter from the Corps must provide a signed certification documenting completion of the authorized activity and implementation of any required compensatory mitigation. The success of any required permittee-responsible mitigation, including the achievement of ecological performance standards, will be addressed separately by the district engineer. The Corps will provide the permittee the certification document with the NWP verification letter. The certification document will include:

☐ (a) A statement that the authorized activity was done in accordance with the NWP authorization, including any general, regional, or activity-specific conditions;

☐ (b) A statement that the implementation of any required compensatory mitigation was completed in accordance with the permit conditions. If credits from a mitigation bank or in-lieu fee program are used to satisfy the compensatory mitigation requirements, the certification must include the documentation required by 33 CFR 332.3(l)(3) to confirm that the permittee secured the appropriate number and resource type of credits; and

☐ (c) The signature of the permittee certifying the completion of the activity and mitigation.

The completed certification document must be submitted to the district engineer within 30 days of completion of the authorized activity or the implementation of any required compensatory mitigation, whichever occurs later.

☐ **31. Activities Affecting Structures or Works Built by the United States.** If an NWP activity also requires review by, or permission from, the Corps pursuant to 33 U.S.C. 408 because it will alter or temporarily or permanently occupy or use a U.S. Army Corps of Engineers (USACE) federally authorized Civil Works project (a "USACE project"), the prospective permittee must submit a pre-construction notification. See paragraph (b)(10) of general condition 32. An activity that requires section 408 permission and/or review is not authorized by an NWP until the appropriate Corps office issues the section 408 permission or completes its review to alter, occupy, or use the USACE project, and the district engineer issues a written NWP verification.

☐ **32. Pre-Construction Notification.**

☐ (a) **Timing.** Where required by the terms of the NWP, the prospective permittee must notify the district engineer by submitting a pre-construction notification (PCN) as early as possible. The district engineer must determine if the PCN is complete within 30 calendar days of the date of receipt and, if the PCN is determined to be incomplete, notify the prospective permittee within that 30 day period to request the additional information necessary to make the PCN complete. The request must specify the information needed to make the PCN complete. As a general rule, district engineers will request additional information necessary to make the PCN complete only once. However, if the prospective permittee does not provide all of the requested information, then the district engineer will notify the prospective permittee that the PCN is still incomplete and the PCN review process will not commence until all of the requested information has been received by the district engineer. The prospective permittee shall not begin the activity until either:

☐ (1) He or she is notified in writing by the district engineer that the activity may proceed under the NWP with any special conditions imposed by the district or division engineer; or

☐ (2) 45 calendar days have passed from the district engineer's receipt of the complete PCN and the prospective permittee has not received written notice from the district or division engineer. However, if the permittee was required to notify the Corps pursuant to general condition 18 that listed species or critical habitat might be affected or are in the vicinity of the activity, or to notify the Corps pursuant to general condition 20 that the activity might have the potential to cause effects to historic properties, the permittee cannot begin the activity until receiving written notification from the Corps that there is "no effect" on listed species or "no potential to cause effects" on historic properties, or

that any consultation required under Section 7 of the Endangered Species Act (see 33 CFR 330.4(f)) and/or section 106 of the National Historic Preservation Act (see 33 CFR 330.4(g)) has been completed. If the proposed activity requires a written waiver to exceed specified limits of an NWP, the permittee may not begin the activity until the district engineer issues the waiver. If the district or division engineer notifies the permittee in writing that an individual permit is required within 45 calendar days of receipt of a complete PCN, the permittee cannot begin the activity until an individual permit has been obtained. Subsequently, the permittee's right to proceed under the NWP may be modified, suspended, or revoked only in accordance with the procedure set forth in 33 CFR 330.5(d)(2).

☐ (b) **Contents of Pre-Construction Notification:** The PCN must be in writing and include the following information:

☐ (1) Name, address and telephone numbers of the prospective permittee;

☐ (2) Location of the proposed activity;

☐ (3) Identify the specific NWP or NWP(s) the prospective permittee wants to use to authorize the proposed activity;

☐ (4)

☐ (i) A description of the proposed activity; the activity's purpose; direct and indirect adverse environmental effects the activity would cause, including the anticipated amount of loss of wetlands, other special aquatic sites, and other waters expected to result from the NWP activity, in acres, linear feet, or other appropriate unit of measure; a description of any proposed mitigation measures intended to reduce the adverse environmental effects caused by the proposed activity; and any other NWP(s), regional general permit(s), or individual permit(s) used or intended to be used to authorize any part of the proposed project or any related activity, including other separate and distant crossings for linear projects that require Department of the Army authorization but do not require pre-construction notification. The description of the proposed activity and any proposed mitigation measures should be sufficiently detailed to allow the district engineer to determine that the adverse environmental effects of the activity will be no more than minimal and to determine the need for compensatory mitigation or other mitigation measures.

☐ (ii) For linear projects where one or more single and complete crossings require pre-construction notification, the PCN must include the quantity of anticipated losses of wetlands, other special aquatic sites, and other waters for each single and complete crossing of those wetlands, other special aquatic sites, and other waters (including those single and complete crossings authorized by an

NWP but do not require PCNs). This information will be used by the district engineer to evaluate the cumulative adverse environmental effects of the proposed linear project, and does not change those non-PCN NWP activities into NWP PCNs.

☐ (iii) Sketches should be provided when necessary to show that the activity complies with the terms of the NWP. (Sketches usually clarify the activity and when provided results in a quicker decision. Sketches should contain sufficient detail to provide an illustrative description of the proposed activity (e.g., a conceptual plan), but do not need to be detailed engineering plans);

☐ (5) The PCN must include a delineation of wetlands, other special aquatic sites, and other waters, such as lakes and ponds, and perennial and intermittent streams, on the project site. Wetland delineations must be prepared in accordance with the current method required by the Corps. The permittee may ask the Corps to delineate the special aquatic sites and other waters on the project site, but there may be a delay if the Corps does the delineation, especially if the project site is large or contains many wetlands, other special aquatic sites, and other waters. Furthermore, the 45-day period will not start until the delineation has been submitted to or completed by the Corps, as appropriate;

☐ (6) If the proposed activity will result in the loss of greater than 1/10-acre of wetlands or 3/100-acre of stream bed and a PCN is required, the prospective permittee must submit a statement describing how the mitigation requirement will be satisfied, or explaining why the adverse environmental effects are no more than minimal and why compensatory mitigation should not be required. As an alternative, the prospective permittee may submit a conceptual or detailed mitigation plan.

☐ (7) For non-federal permittees, if any listed species (or species proposed for listing) or designated critical habitat (or critical habitat proposed for such designation) might be affected or is in the vicinity of the activity, or if the activity is located in designated critical habitat (or critical habitat proposed for such designation), the PCN must include the name(s) of those endangered or threatened species (or species proposed for listing) that might be affected by the proposed activity or utilize the designated critical habitat (or critical habitat proposed for such designation) that might be affected by the proposed activity. For NWP activities that require pre-construction notification, Federal permittees must provide documentation demonstrating compliance with the Endangered Species Act;

☐ (8) For non-federal permittees, if the NWP activity might have the potential to cause effects to a historic property listed on, determined to be eligible for listing on, or potentially eligible for listing on, the National Register of Historic Places, the PCN must

state which historic property might have the potential to be affected by the proposed activity or include a vicinity map indicating the location of the historic property. For NWP activities that require pre-construction notification, Federal permittees must provide documentation demonstrating compliance with section 106 of the National Historic Preservation Act;

☐ (9) For an activity that will occur in a component of the National Wild and Scenic River System, or in a river officially designated by Congress as a "study river" for possible inclusion in the system while the river is in an official study status, the PCN must identify the Wild and Scenic River or the "study river" (see general condition 16); and

☐ (10) For an NWP activity that requires permission from, or review by, the Corps pursuant to 33 U.S.C. 408 because it will alter or temporarily or permanently occupy or use a U.S. Army Corps of Engineers federally authorized civil works project, the pre-construction notification must include a statement confirming that the project proponent has submitted a written request for section 408 permission from, or review by, the Corps office having jurisdiction over that USACE project.

☐ (c) Form of Pre-Construction Notification: The nationwide permit pre-construction notification form (Form ENG 6082) should be used for NWP PCNs. A letter containing the required information may also be used. Applicants may provide electronic files of PCNs and supporting materials if the district engineer has established tools and procedures for electronic submittals.

☐ (d) Agency Coordination:

☐ (1) The district engineer will consider any comments from Federal and state agencies concerning the proposed activity's compliance with the terms and conditions of the NWPs and the need for mitigation to reduce the activity's adverse environmental effects so that they are no more than minimal.

☐ (2) Agency coordination is required for: (i) all NWP activities that require pre-construction notification and result in the loss of greater than 1/2-acre of waters of the United States; (ii) NWP 13 activities in excess of 500 linear feet, fills greater than one cubic yard per running foot, or involve discharges of dredged or fill material into special aquatic sites; and (iii) NWP 54 activities in excess of 500 linear feet, or that extend into the waterbody more than 30 feet from the mean low water line in tidal waters or the ordinary high water mark in the Great Lakes.

☐ (3) When agency coordination is required, the district engineer will immediately provide (e.g., via e-mail, facsimile transmission, overnight mail, or other expeditious manner) a copy of the complete

PCN to the appropriate Federal or state offices (FWS, state natural resource or water quality agency, EPA, and, if appropriate, the NMFS). With the exception of NWP 37, these agencies will have 10 calendar days from the date the material is transmitted to notify the district engineer via telephone, facsimile transmission, or e-mail that they intend to provide substantive, site-specific comments. The comments must explain why the agency believes the adverse environmental effects will be more than minimal. If so contacted by an agency, the district engineer will wait an additional 15 calendar days before making a decision on the pre-construction notification. The district engineer will fully consider agency comments received within the specified time frame concerning the proposed activity's compliance with the terms and conditions of the NWPs, including the need for mitigation to ensure that the net adverse environmental effects of the proposed activity are no more than minimal. The district engineer will provide no response to the resource agency, except as provided below. The district engineer will indicate in the administrative record associated with each pre-construction notification that the resource agencies' concerns were considered. For NWP 37, the emergency watershed protection and rehabilitation activity may proceed immediately in cases where there is an unacceptable hazard to life or a significant loss of property or economic hardship will occur. The district engineer will consider any comments received to decide whether the NWP 37 authorization should be modified, suspended, or revoked in accordance with the procedures at 33 CFR 330.5.

☐ (4) In cases of where the prospective permittee is not a Federal agency, the district engineer will provide a response to NMFS within 30 calendar days of receipt of any Essential Fish Habitat conservation recommendations, as required by section 305(b)(4)(B) of the Magnuson-Stevens Fishery Conservation and Management Act.

☐ (5) Applicants are encouraged to provide the Corps with either electronic files or multiple copies of pre-construction notifications to expedite agency coordination.

C. District Engineer's Decision

☐ 1. In reviewing the PCN for the proposed activity, the district engineer will determine whether the activity authorized by the NWP will result in more than minimal individual or cumulative adverse environmental effects or may be contrary to the public interest. If a project proponent requests authorization by a specific NWP, the district engineer should issue the NWP verification for that activity if it meets the terms and conditions of that NWP, unless he or she determines, after considering mitigation, that the proposed activity will result in more than minimal individual and cumulative adverse effects on the aquatic environment and other aspects of the public interest and exercises discretionary authority to require an individual permit for the proposed activity. For a linear project, this determination will include an evaluation of the single and complete crossings

of waters of the United States that require PCNs to determine whether they individually satisfy the terms and conditions of the NWP(s), as well as the cumulative effects caused by all of the crossings of waters of the United States authorized by an NWP. If an applicant requests a waiver of an applicable limit, as provided for in NWPs 13, 36, or 54, the district engineer will only grant the waiver upon a written determination that the NWP activity will result in only minimal individual and cumulative adverse environmental effects.

☐ 2. When making minimal adverse environmental effects determinations the district engineer will consider the direct and indirect effects caused by the NWP activity. He or she will also consider the cumulative adverse environmental effects caused by activities authorized by an NWP and whether those cumulative adverse environmental effects are no more than minimal. The district engineer will also consider site specific factors, such as the environmental setting in the vicinity of the NWP activity, the type of resource that will be affected by the NWP activity, the functions provided by the aquatic resources that will be affected by the NWP activity, the degree or magnitude to which the aquatic resources perform those functions, the extent that aquatic resource functions will be lost as a result of the NWP activity (e.g., partial or complete loss), the duration of the adverse effects (temporary or permanent), the importance of the aquatic resource functions to the region (e.g., watershed or ecoregion), and mitigation required by the district engineer. If an appropriate functional or condition assessment method is available and practicable to use, that assessment method may be used by the district engineer to assist in the minimal adverse environmental effects determination. The district engineer may add case-specific special conditions to the NWP authorization to address site-specific environmental concerns.

☐ 3. If the proposed activity requires a PCN and will result in a loss of greater than 1/10-acre of wetlands or 3/100-acre of stream bed, the prospective permittee should submit a mitigation proposal with the PCN. Applicants may also propose compensatory mitigation for NWP activities with smaller impacts, or for impacts to other types of waters. The district engineer will consider any proposed compensatory mitigation or other mitigation measures the applicant has included in the proposal in determining whether the net adverse environmental effects of the proposed activity are no more than minimal. The compensatory mitigation proposal may be either conceptual or detailed. If the district engineer determines that the activity complies with the terms and conditions of the NWP and that the adverse environmental effects are no more than minimal, after considering mitigation, the district engineer will notify the permittee and include any activity-specific conditions in the NWP verification the district engineer deems necessary. Conditions for compensatory mitigation requirements must comply with the appropriate provisions at 33 CFR 332.3(k). The district engineer must approve the final mitigation plan before the permittee commences work in waters of the United States, unless the district engineer determines that prior approval of the final mitigation plan is not practicable or not necessary to ensure timely completion of the required compensatory mitigation. If the prospective permittee elects to submit a compensatory mitigation plan with the PCN, the district engineer will expeditiously review the proposed compensatory mitigation plan. The district engineer must review the proposed

compensatory mitigation plan within 45 calendar days of receiving a complete PCN and determine whether the proposed mitigation would ensure that the NWP activity results in no more than minimal adverse environmental effects. If the net adverse environmental effects of the NWP activity (after consideration of the mitigation proposal) are determined by the district engineer to be no more than minimal, the district engineer will provide a timely written response to the applicant. The response will state that the NWP activity can proceed under the terms and conditions of the NWP, including any activity-specific conditions added to the NWP authorization by the district engineer.

□ 4. If the district engineer determines that the adverse environmental effects of the proposed activity are more than minimal, then the district engineer will notify the applicant either: (a) that the activity does not qualify for a authorization under the NWP and instruct the applicant on the procedures to seek a authorization under an individual permit; (b) that the activity is authorized under the NWP subject to the applicant's submission of a mitigation plan that would reduce the adverse environmental effects so that they are no more than minimal; or (c) that the activity is authorized under the NWP with specific modifications or conditions. Where the district engineer determines that mitigation is required to ensure no more than minimal adverse environmental effects, the activity will be authorized within the 45-day PCN period (unless additional time is required to comply with general conditions 18, 20, and/or 31), with activity-specific conditions that state the mitigation requirements. The authorization will include the necessary conceptual or detailed mitigation plan or a requirement that the applicant submit a mitigation plan that would reduce the adverse environmental effects so that they are no more than minimal. When compensatory mitigation is required, no work in waters of the United States may occur until the district engineer has approved a specific mitigation plan or has determined that prior approval of a final mitigation plan is not practicable or not necessary to ensure timely completion of the required compensatory mitigation.

D. Further Information

1. District engineers have authority to determine if an activity complies with the terms and conditions of an NWP.
2. NWPs do not obviate the need to obtain other federal, state, or local permits, approvals, or authorizations required by law.
3. NWPs do not grant any property rights or exclusive privileges.
4. NWPs do not authorize any injury to the property or rights of others.
5. NWPs do not authorize interference with any existing or proposed Federal project (see general condition 31).

E. Nationwide Permit Definitions

Best management practices (BMPs): Policies, practices, procedures, or structures implemented to mitigate the adverse environmental effects on surface water quality resulting from development. BMPs are categorized as structural or non-structural.

Compensatory mitigation: The restoration (re-establishment or rehabilitation), establishment (creation), enhancement, and/or in certain circumstances preservation of aquatic resources for the purposes of offsetting unavoidable adverse impacts which remain after all appropriate and practicable avoidance and minimization has been achieved.

Currently serviceable: Useable as is or with some maintenance, but not so degraded as to essentially require reconstruction.

Direct effects: Effects that are caused by the activity and occur at the same time and place.

Discharge: The term "discharge" means any discharge of dredged or fill material into waters of the United States.

Ecological reference: A model used to plan and design an aquatic habitat and riparian area restoration, enhancement, or establishment activity under NWP 27. An ecological reference may be based on the structure, functions, and dynamics of an aquatic habitat type or a riparian area type that currently exists in the region where the proposed NWP 27 activity is located. Alternatively, an ecological reference may be based on a conceptual model for the aquatic habitat type or riparian area type to be restored, enhanced, or established as a result of the proposed NWP 27 activity. An ecological reference takes into account the range of variation of the aquatic habitat type or riparian area type in the region.

Enhancement: The manipulation of the physical, chemical, or biological characteristics of an aquatic resource to heighten, intensify, or improve a specific aquatic resource function(s). Enhancement results in the gain of selected aquatic resource function(s) but may also lead to a decline in other aquatic resource function(s). Enhancement does not result in a gain in an aquatic resource area.

Establishment (creation): The manipulation of the physical, chemical, or biological characteristics present to develop an aquatic resource that did not previously exist at an upland site. Establishment results in a gain in an aquatic resource area.

High Tide Line: The line of intersection of the land with the water's surface at the maximum height reached by a rising tide. The high tide line may be determined, in the absence of actual data, by a line of oil or scum along shore objects, a more or less continuous deposit of fine shell or debris on the foreshore or berm, other physical markings or characteristics, vegetation lines, tidal gauges, or other suitable means that delineate the general height reached by a rising tide. The line encompasses spring high tides and other high tides that occur with periodic frequency but does not include storm surges in which there is a departure from the normal or predicted reach of the tide due to the piling up of water against a coast by strong winds such as those accompanying a hurricane or other intense storm.

Historic Property: Any prehistoric or historic district, site (including archaeological site), building, structure, or other object included in, or eligible for inclusion in, the National Register of Historic Places maintained by the Secretary of the Interior. This term includes artifacts, records, and remains that are related to and located within such properties. The term includes properties of traditional religious and cultural importance to an Indian tribe or Native Hawaiian organization and that meet the National Register criteria (36 CFR part 60).

Independent utility: A test to determine what constitutes a single and complete non-linear project in the Corps Regulatory Program. A project is considered to have independent utility if it would be constructed absent the construction of other projects in the project area. Portions of a multi-phase project that depend upon other phases of the project do not have independent utility. Phases of a project that would be constructed even if the other phases were not built can be considered as separate single and complete projects with independent utility.

Indirect effects: Effects that are caused by the activity and are later in time or farther removed in distance but are still reasonably foreseeable.

Loss of waters of the United States: Waters of the United States that are permanently adversely affected by filling, flooding, excavation, or drainage because of the regulated activity. The loss of stream bed includes the acres of stream bed that are permanently adversely affected by filling or excavation because of the regulated activity. Permanent adverse effects include permanent discharges of dredged or fill material that change an aquatic area to dry land, increase the bottom elevation of a waterbody, or change the use of a waterbody. The acreage of loss of waters of the United States is a threshold measurement of the impact to jurisdictional waters or wetlands for determining whether a project may qualify for an NWP; it is not a net threshold that is calculated after considering compensatory mitigation that may be used to offset losses of aquatic functions and services. Waters of the United States temporarily filled, flooded, excavated, or drained, but restored to pre-construction contours and elevations after construction, are not included in the measurement of loss of waters of the United States. Impacts resulting from activities that do not require Department of the Army authorization, such as activities eligible for exemptions under section 404(f) of the Clean Water Act, are not considered when calculating the loss of waters of the United States.

Navigable waters: Waters subject to section 10 of the Rivers and Harbors Act of 1899. These waters are defined at 33 CFR part 329.

Non-tidal wetland: A non-tidal wetland is a wetland that is not subject to the ebb and flow of tidal waters. Non-tidal wetlands contiguous to tidal waters are located landward of the high tide line (i.e., spring high tide line).

Open water: For purposes of the NWPs, an open water is any area that in a year with normal patterns of precipitation has water flowing or standing above ground to the extent that an ordinary high-water mark can be determined. Aquatic vegetation within the area of flowing or standing water is either non-emergent, sparse, or absent. Vegetated shallows are considered to be open waters. Examples of "open waters" include rivers, streams, lakes, and ponds.

Ordinary High Water Mark: The term ordinary high water mark means that line on the shore established by the fluctuations of water and indicated by physical characteristics such as a clear, natural line impressed on the bank, shelving, changes in the character of soil, destruction of terrestrial vegetation, the presence of litter and debris, or other appropriate means that consider the characteristics of the surrounding areas.

Perennial stream: A perennial stream has surface water flowing continuously year-round during a typical year.

Practicable: Available and capable of being done after taking into consideration cost, existing technology, and logistics in light of overall project purposes.

Pre-construction notification: A request submitted by the project proponent to the Corps for confirmation that a particular activity is authorized by nationwide permit. The request may be a permit application, letter, or similar document that includes information about the proposed work and its anticipated environmental effects. Pre-construction notification may be required by the terms and conditions of a nationwide permit, or by regional conditions. A pre-construction notification may be voluntarily submitted in cases where pre-construction notification is not required, and the project proponent wants confirmation that the activity is authorized by nationwide permit.

Preservation: The removal of a threat to, or preventing the decline of, aquatic resources by an action in or near those aquatic resources. This term includes activities commonly associated with the protection and maintenance of aquatic resources through the implementation of appropriate legal and physical mechanisms. Preservation does not result in a gain of an aquatic resource area or functions.

Re-establishment: The manipulation of the physical, chemical, or biological characteristics of a site with the goal of returning natural/historic functions to a former aquatic resource. Re-establishment results in rebuilding a former aquatic resource and results in a gain in an aquatic resource area and functions.

Rehabilitation: The manipulation of the physical, chemical, or biological characteristics of a site with the goal of repairing natural/historic functions to a degraded aquatic resource. Rehabilitation results in a gain in an aquatic resource function but does not result in a gain in an aquatic resource area.

Restoration: The manipulation of the physical, chemical, or biological characteristics of a site with the goal of returning natural/historic functions to a former or degraded aquatic resource. For the purpose of tracking net gains in an aquatic resource area, restoration is divided into two categories: re-establishment and rehabilitation.

Riffle and pool complex: Riffle and pool complexes are special aquatic sites under the 404(b)(1) Guidelines. Riffle and pool complexes sometimes characterize steep gradient sections of streams. Such stream sections are recognizable by their hydraulic characteristics. The rapid movement of water over a coarse substrate in riffles results in a rough flow, a turbulent surface, and high dissolved oxygen levels in the water. Pools are deeper areas associated with riffles. A slower stream velocity, a streaming flow, a smooth surface, and a finer substrate characterize pools.

Riparian areas: Riparian areas are lands next to streams, lakes, and estuarine-marine shorelines. Riparian areas are transitional between terrestrial and aquatic ecosystems, through which surface and subsurface hydrology connects riverine, lacustrine, estuarine, and marine waters with their adjacent wetlands, non-wetland waters, or uplands. Riparian areas provide a variety of ecological functions and services and help improve or maintain local water quality. (See general condition 23).

Shellfish seeding: The placement of shellfish seed and/or suitable substrate to increase shellfish production. Shellfish seed consists of immature individual shellfish or individual shellfish attached to shells or shell fragments (i.e., spat on shell). Suitable substrate may consist of shellfish shells, shell fragments, or other appropriate materials placed into waters for shellfish habitat.

Single and complete linear project: A linear project is a project constructed for the purpose of getting people, goods, or services from a point of origin to a terminal point, which often involves multiple crossings of one or more waterbodies at separate and distant locations. The term “single and complete project” is defined as that portion of the total linear project proposed or accomplished by one owner/developer or partnership or other association of owners/developers that includes all crossings of a single water of the United States (i.e., a single waterbody) at a specific location. For linear projects crossing a single or multiple waterbodies several times at separate and distant locations, each crossing is considered a single and complete project for purposes of NWP authorization. However, individual channels in a braided stream or river, or individual arms of a large, irregularly shaped wetland or lake, etc., are not separate waterbodies, and crossings of such features cannot be considered separately.

Single and complete non-linear project: For non-linear projects, the term “single and complete project” is defined at 33 CFR 330.2(i) as the total project proposed or accomplished by one owner/developer or partnership or other association of owners/developers. A single and complete non-linear project must have independent utility (see definition of “independent utility”). Single and complete non-linear projects may not be “piecemealed” to avoid the limits in an NWP authorization.

Stormwater management: Stormwater management is the mechanism for controlling stormwater runoff for the purposes of reducing downstream erosion, water quality degradation, and flooding and mitigating the adverse effects of changes in land use on the aquatic environment.

Stormwater management facilities: Stormwater management facilities are those facilities, including but not limited to, stormwater retention and detention ponds and best management practices, which retain water for a period of time to control runoff and/or improve the quality (i.e., by reducing the concentration of nutrients, sediments, hazardous substances and other pollutants) of stormwater runoff.

Stream bed: The substrate of the stream channel between the ordinary high-water marks. The substrate may be bedrock or inorganic particles that range in size from clay to boulders. Wetlands contiguous to the stream bed, but outside of the ordinary high-water marks, are not considered part of the stream bed.

Stream channelization: The manipulation of a stream’s course, condition, capacity, or location that causes more than minimal interruption of normal stream processes. A channelized jurisdictional stream remains a water of the United States.

Structure: An object that is arranged in a definite pattern of organization. Examples of structures include, without limitation, any pier, boat dock, boat ramp, wharf, dolphin, weir, boom, breakwater, bulkhead, revetment, riprap, jetty, artificial island,

artificial reef, permanent mooring structure, power transmission line, permanently moored floating vessel, piling, aid to navigation, or any other manmade obstacle or obstruction.

Tidal wetland: A tidal wetland is a jurisdictional wetland that is inundated by tidal waters. Tidal waters rise and fall in a predictable and measurable rhythm or cycle due to the gravitational pulls of the moon and sun. Tidal waters end where the rise and fall of the water surface can no longer be practically measured in a predictable rhythm due to masking by other waters, wind, or other effects. Tidal wetlands are located channelward of the high tide line.

Tribal lands: Any lands title to which is either: 1) held in trust by the United States for the benefit of any Indian tribe or individual; or 2) held by any Indian tribe or individual subject to restrictions by the United States against alienation.

Tribal rights: Those rights legally accruing to a tribe or tribes by virtue of inherent sovereign authority, unextinguished aboriginal title, treaty, statute, judicial decisions, executive order or a agreement, and that give rise to legally enforceable remedies.

Vegetated shallows: Vegetated shallows are special aquatic sites under the 404(b)(1) Guidelines. They are areas that are permanently inundated and under normal circumstances have rooted aquatic vegetation, such as seagrasses in marine and estuarine systems and a variety of vascular rooted plants in freshwater systems.

Waterbody: For purposes of the NWPs, a waterbody is a “water of the United States.” If a wetland is adjacent to a waterbody determined to be a water of the United States, that waterbody and any adjacent wetlands are considered together as a single aquatic unit (see 33 CFR 328.4(c)(2)).

ENCROACHMENT PERMIT

TR-0120 (REV 12/2022)

Permit No.
03-23-N-MC-0036In compliance with your application of January 13, 2023Dist/Co/Rte/PM
03/PLA/80/PM 0.8

Reference Documents:

Bond Number (1)	Bond Number (2)
\$ N/A	\$ N/A

TO:

City of Roseville Department of Public Works
311 Vernon Street
Roseville, CA 95678

, PERMITTEE

and subject to the following, PERMISSION IS HEREBY GRANTED to:

Construct a 10-foot wide multi use trail that will cross under Interstate 80 near Cirby Way in Roseville per the attached plans. Along with the General and Special provisions the attached conditions apply.

THIS PERMIT IS NOT A PROPERTY RIGHT AND DOES NOT TRANSFER WITH THE PROPERTY TO A NEW OWNER.

The following attachments are also included as part of this permit (check applicable):

☒ YES ☐ NO General Provisions

☐ YES ☒ NO Utility Maintenance Provisions

☒ YES ☐ NO Storm Water Special Provisions

☒ YES ☐ NO Special Provisions

☐ YES ☒ NO A Cal-OSHA Permit, if required: Permit No. _____

☐ YES ☒ NO As-Built Plans Submittal Route Slip for Locally Advertised Projects

☐ YES ☒ NO Storm Water Pollution Protection Plan

In addition to fee, the permittee will be billed actual costs for:

☒ YES ☐ NO Review

☒ YES ☐ NO Inspection

☒ YES Field Work
(if any Caltrans effort expended)

☐ YES ☒ NO The information in the environmental documentation has been reviewed and considered prior to approval of this permit.This permit is void unless the work is completed before September 1, 2023

This permit is to be strictly construed and no other work other than specifically mentioned is hereby authorized.

No project work shall be commenced until all other necessary permits and environmental clearances have been obtained.

ADA Notice

This document is available in alternative accessible formats. For more information, please contact the Forms Management Unit at (279) 234-2284, TTY 711, in writing at Forms Management Unit, 1120 N Street, MS-89, Sacramento, CA 95814, or by email at Forms.Management.Unit@dot.ca.gov.

Permit 03-23-N-MC-0036 Conditions

1. Permittee must arrange the onsite pre-construction meeting with the Caltrans representative and Traffic Control Company representative; a minimum of two (2) weeks prior to the start of work to discuss scope of work, schedule, and Traffic Control Plans (TCP) and site-specific needs.
2. Traffic control must be placed, maintained, and performed by a California C-31 Construction Zone Traffic Control Contractor and be in accordance with the latest edition of CA MUTCD and Caltrans standards. Flaggers and traffic control technicians must be certified by a Caltrans authorized training provider in order to perform traffic control in the State right of way. The permittee must ensure that traffic does not back up on ramps and State Routes.
3. Shoulder/Lane closure requests (including "Road Work Ahead" type signs in shoulder) must be submitted to the Caltrans representative via email (with the form filled out) by NOON on the Monday preceding the week of planned work, i.e., if you need a closure for a Friday, you must make that request on the Monday of the preceding week (11 days prior). Requests received after NOON on Monday will not be processed until the following Monday.
4. Lane or shoulder closures are not authorized unless approved by Caltrans' Traffic Management Center (TMC). All closures and canceled closures must be called in to TMC dispatch at 916-859-7900 at the beginning and end of each scheduled closure. Failure to do so could result in denial of future closure requests.
5. Permittee must keep a log of all closures called in to TMC (10-97 closure up, 10-98 closure down, and 10-22 canceled closure), and the name of the dispatch person at the TMC. A copy of the log must be provided via e-mail to the Caltrans representative at the end of each week, no later than close of business on Friday.
6. Caltrans is not member of USA (Underground Service Alert). It is the responsibility of the permittee to locate and protect all Caltrans' facilities, including, but not limited to, traffic loops within the project limits. Your attention is directed to Provision #31 for restoration and repair of any damages to Caltrans' facilities.
7. Work must not be performed in rain, fog or inclement weather. If weather or adverse conditions cause a public hazard, work must be discontinued immediately.
8. Permittee must reuse the soil within the work limits in the immediate area from which it was excavated. If any excess soil is generated, it becomes the property of the permittee. Permittee must transport all excess soil outside of Caltrans' right-of-way and dispose of it in accordance with all applicable environmental laws and regulations.
9. Coordination of this project is required through the local assistance branch, ensuring compliance with all environmental requirements discussed and set forth during O phase coordination with Caltrans.
10. Any disturbed soil area caused by equipment needs to be stabilized at the end of the job.
11. No sediment tracking allowed on State ROW. Any sediment that is tracked onto roads must be swept up immediately.
12. Erosion control must be provided for areas of disturbed soil. Appropriate BMPs according to slope conditions shall be exercised per Caltrans standards.

ENCROACHMENT PERMIT GENERAL PROVISIONS

TR-0045 (REV. 12/2022)

1. **AUTHORITY:** The California Department of Transportation ("Department") has authority to issue encroachment permits under Division 1, Chapter 3, Article 1, Sections 660 through 734 of the Streets and Highways Code.
2. **REVOCATION:** Encroachment permits are revocable on five (5) business days' notice unless otherwise stated on the permit or otherwise provided by law, and except as provided by law for public corporations, franchise holders, and utilities. Notwithstanding the foregoing, in an emergency situation as determined by the Department, an encroachment permit may be revoked immediately. These General Provisions and any applicable Special Provisions are subject to modification or abrogation by the Department at any time. Permittees' joint use agreements, franchise rights, reserved rights or any other agreements for operating purposes in State of California ("State") highway right-of-way may be exceptions to this revocation.
3. **DENIAL FOR NONPAYMENT OF FEES:** Failure to pay encroachment permit fees when due may result in rejection of future applications, denial of encroachment permits, and revocation of the encroachment permit if already issued.
4. **PERMITTEE AUTHORIZATION FOR OTHERS TO PERFORM WORK:** This encroachment permit allows only the Permittee and/or Permittee's authorized contractor or agent to work within or encroach upon the State highway right-of-way, and the Permittee may not assign or transfer this encroachment permit. Any attempt to assign or transfer this encroachment permit shall be null and void. Permittee shall provide to the Department a list of Permittee's authorized contractors/agents, in the form and at the time specified by the Department but if no time is specified then no later than the pre-construction meeting. Permittee shall keep the list current and shall provide updates to the Department immediately upon any change to the list of authorized contractors/agents, including but not limited the addition, removal, or substitution of an authorized contractor/agent, or a new address or contact information for an existing authorized contractor/agent. Permittee is responsible for the acts and/or omissions of any person or entity acting on behalf of the Permittee, even if such person or entity is not included on Permittee's list of authorized contractors and/or agents.
5. **ACCEPTANCE OF PROVISIONS:** Permittee, and the Permittee's authorized contractors and/or agents, understand and agree to accept and comply with these General Provisions, the Special Provisions, any and all terms and/or conditions contained in or incorporated into the encroachment permit, and all attachments to the encroachment permit (collectively "the Permit Conditions"), for any encroachment, work, and/or activity to be performed under this encroachment permit and/or under color of authority of this encroachment permit. Permittee understands and agrees the Permit Conditions are applicable to and enforceable against Permittee as long as the encroachment remains in, under, or over any part of the State highway right-of-way. The Permittee's authorized contractors and/or agents, are also bound by the Permit Conditions. Non-compliance with the Permit Conditions by the Permittee's authorized contractor and/or agent will be deemed non-compliance by the Permittee.
6. **BEGINNING OF WORK:** When traffic is not impacted (see General Provision Number 35), the Permittee must notify the Department's representative two (2) business days before starting permitted work. Permittee must notify the Department's representative if the work is to be interrupted for a period of five (5) business days or more, unless otherwise agreed upon. All work must be performed on weekdays during regular work hours, excluding holidays, unless otherwise specified in this encroachment permit.
7. **STANDARDS OF CONSTRUCTION:** All work performed within State highway right-of-way must conform to all applicable Departmental construction standards including but not limited to: Standard Specifications, Standard Plans, Project Development Procedures Manual, Highway Design Manual and Special Provisions.

Other than as expressly provided by these General Provisions, the Special Provisions, the Standard Specifications, Standard Plans, and other applicable Departmental standards, nothing in these General Provisions is intended to give any third party any legal or equitable right, remedy, or claim with respect to the encroachment permit and/or to these General Provisions or any provision herein. These General Provisions are for the sole and exclusive benefit of the Permittee and the Department.

Where reference is made in such standards to "Contractor" and "Engineer," these are amended to be read as "Permittee" and "Department's representative," respectively, for purposes of this encroachment permit.
8. **PLAN CHANGES:** Deviations from plans, specifications, and/or the Permit Conditions as defined in General Provision Number 5 are not allowed without prior approval from the Department's representative and the Federal Highway Administration ("FHWA") representative if applicable.
9. **RIGHT OF ENTRY, INSPECTION AND APPROVAL:** All work is subject to monitoring and inspection. The United States, the State, the Department, and the Directors, officers, employees, agents, and/or contractors of the State and/or of the Department, and other state, and federal agencies, and the FHWA, through their agents or representatives, must have full access to highway

ENCROACHMENT PERMIT GENERAL PROVISIONS

facilities/encroachment area, at any and all times for the purpose of inspection, maintenance, activities needed for construction/reconstruction, and operation of the State highway right-of-way.

Upon completion of work, Permittee must request a final inspection for acceptance and approval by the Department. The local public agency Permittee must not give final construction approval to its contractor until final acceptance and approval by the Department is obtained.

10. **PERMIT AT WORKSITE:** Permittee and Permittee's authorized contractors/agents must keep the permit package and current list of authorized contractors/agents, or copies thereof, at the work site at all times and must show such documents upon request to any Department representative or law enforcement officer. If the permit package or current list of authorized contractors/agents, or copies thereof, are not kept and made available at the work site at all times, then all work must be suspended.
11. **CONFLICTING ENCROACHMENTS:** Permittee must yield start of work to ongoing, prior authorized work adjacent to or within the limits of the Permittee's project site. When existing encroachments conflict with Permittee's work, the Permittee must bear all cost for rearrangements (e.g., relocation, alteration, removal, etc.).
12. **PERMITS, APPROVALS, AND CONCURRENCES FROM OTHER AGENCIES AND/OR ENTITIES:** This encroachment permit is invalidated if the Permittee has not obtained all permits, approvals, and concurrences necessary and required by law, including but not limited to those from the California Public Utilities Commission ("CPUC"), California Occupational Safety and Health Administration ("Cal-OSHA"), local and state and federal environmental agencies, the California Coastal Commission, and any other public agency and/or entity having jurisdiction. Permittee is responsible for providing notice of the encroachment to, and obtaining concurrence from, any person or entity (whether public or private) affected by the scope of work described in the encroachment permit, regardless of whether such notice or concurrence is required by law; the Department is not responsible to provide such notice or obtain such concurrence. Permittee warrants all such permits, approvals, and concurrences have been obtained before beginning work under this encroachment permit. The Department may, at the Department's discretion, require the Permittee to demonstrate that Permittee has obtained all such permits, approvals, and concurrences, and Permittee shall demonstrate this at the time and in the manner specified by the Department.
13. **PEDESTRIAN AND BICYCLIST SAFETY:** A safe continuous passageway must be maintained through the work area at existing pedestrian or bicycle facilities. At no time must pedestrians be diverted onto a portion of the street used for vehicular traffic. At locations where safe alternate passageways cannot be provided, appropriate signs and barricades must be installed at the limits of construction and in advance of the limits of construction at the nearest crosswalk or intersection to detour

pedestrians to facilities across the street. Attention is directed to Section 7-1.04 "Public Safety," and to Section 12-4.04 "Temporary Pedestrian Access Routes," and to Section 16-2.02 "Temporary Pedestrian Facility," of the Department's Standard Specifications, and to California Vehicle Code section 21760, subdivision (c).

14. **PUBLIC TRAFFIC CONTROL:** The Permittee must provide traffic control protection, warning signs, lights, safety devices, etc., and take all other measures necessary for the traveling public's safety as required by law and/or the Department. While providing traffic control, the needs of all road users, including but not limited to motorists, bicyclists and pedestrians, including persons with disabilities in accordance with the Americans with Disabilities Act, must be an essential part of the work activity.
Lane, Bike Lane, Sidewalk, Crosswalk, and/or shoulder closures must comply with the Department's Standard Specifications and Standard Plans for Temporary Traffic Control Systems & Temporary Pedestrian Access Routes, and with the applicable Special Provisions. Where issues are not addressed in the Standard Specifications, Standard Plans, and/or Special Provisions, the California Manual on Uniform Traffic Control Devices (Part 6, Temporary Traffic Control) must be followed.
15. **MINIMUM INTERFERENCE WITH TRAFFIC:** Permittee must plan and conduct work so as to create the least possible inconvenience to the traveling public (motorized vehicles, unmotorized vehicles such as bicycles, pedestrians, person(s) with disabilities, etc.), such that traffic is not unreasonably delayed.
16. **STORAGE OF EQUIPMENT AND MATERIALS:** The storage of equipment or materials is not allowed within State highway right-of-way, unless specified within the Special Provisions of this encroachment permit. If encroachment permit Special Provisions allow for the storage of equipment or materials within the State highway right-of-way, the equipment and material storage must also comply with Section 7-1.04, Public Safety, of the Department's Standard Specifications.
17. **CARE OF DRAINAGE:** Permittee must provide alternate drainage for any work interfering with an existing drainage facility in compliance with the Department's Standard Specifications, Standard Plans, and/or as directed by the Department's representative.
18. **RESTORATION AND REPAIRS IN STATE HIGHWAY RIGHT-OF-WAY:** Permittee is responsible for restoration and repair of State highway right-of-way resulting from permitted work (Streets and Highways Code, section 670 et seq.).
19. **STATE HIGHWAY RIGHT-OF-WAY CLEAN UP:** Upon completion of work, Permittee must remove and dispose of all scraps, refuse, brush, timber, materials, etc. off the State highway right-of-way. The aesthetics of the highway must be as it was before work started or better.
20. **COST OF WORK:** Unless stated otherwise in the encroachment permit or a separate written agreement with the Department, the Permittee must bear all costs

ENCROACHMENT PERMIT GENERAL PROVISIONS

- incurred for work within the State highway right-of-way and waives all claims for indemnification or contribution from the United States, the State, the Department, and from the Directors, officers, and employees of the State and/or the Department. Removal of Permittee's personal property and improvements shall be at no cost to the United States, the State, and the Department.
21. **ACTUAL COST BILLING:** When specified in the permit, the Department will bill the Permittee actual costs at the currently set Standard Hourly Rate for encroachment permits.
 22. **AS-BUILT PLANS:** When required, Permittee must submit one (1) set of folded as-built plans within thirty (30) calendar days after completion and acceptance of work in compliance with requirements listed as follows:
 - a) Upon completion of the work provided herein, the Permittee must submit a paper set of As-Built plans to the Department's representative.
 - b) All changes in the work will be shown on the plans, as issued with the permit, including changes approved by Encroachment Permit Rider.
 - c) The plans are to be prominently stamped or otherwise noted "AS-BUILT" by the Permittee's representative who was responsible for overseeing the work. Any original plan that was approved with a Department stamp, or by signature of the Department's representative, must be used for producing the As-Built plans.
 - d) If construction plans include signing or striping, the dates of signing or striping removal, relocation, or installation must be shown on the As-Built plans when required as a condition of the encroachment permit. When the construction plans show signing and striping for staged construction on separate sheets, the sheet for each stage must show the removal, relocation, and installation dates of the appropriate staged striping and signing.
 - e) As-Built plans must contain the Encroachment Permit Number, County, Route, and Post Mile on each sheet.
 - f) The As-Built Plans must not include a disclaimer statement of any kind that differs from the obligations and protections provided by sections 6735 through 6735.6 of the California Business and Professions Code. Such statements constitute non-compliance with Encroachment Permit requirements and may result in the Department retaining Performance Bonds or deposits until proper plans are submitted. Failure to comply may also result in denial of future encroachment permits or a provision requiring a public agency to supply additional bonding.
 23. **PERMITS FOR RECORD PURPOSES ONLY:** When work in the State highway right-of-way is within an area under a Joint Use Agreement (JUA) or a Consent to Common Use Agreement (CCUA), a fee exempt encroachment permit is issued to the Permittee for the purpose of providing a notice and record of work. The Permittee's prior rights must be preserved without the intention of creating new or different rights or obligations.
- "Notice and Record Purposes Only" must be stamped across the face of the encroachment permit.
24. **BONDING:** The Permittee must file bond(s), in advance, in the amount(s) set by the Department and using forms acceptable to the Department. The bonds must name the Department as obligee. Failure to maintain bond(s) in full force and effect will result in the Department stopping all work under this encroachment permit and possibly revoking other encroachment permit(s). Bonds are not required of public corporations or privately-owned utilities unless Permittee failed to comply with the provisions and/or conditions of a prior encroachment permit. The surety company is responsible for any latent defects as provided in California Code of Civil Procedure section 337.15. A local public agency Permittee also must comply with the following requirements:
 - a) In recognition that project construction work done on State property will not be directly funded and paid by State, for the purpose of protecting stop notice claimants and the interests of State relative to successful project completion, the local public agency Permittee agrees to require the construction contractor to furnish both a payment and performance bond in the local public agency's name with both bonds complying with the requirements set forth in Section 3-1.05 Contract Bonds of the Department's Standard Specifications before performing any project construction work.
 - b) The local public agency Permittee must defend, indemnify, and hold harmless the United States, the State and the Department, and the Directors, officers, and employees of the State and/or Department, from all project construction related claims by contractors, subcontractors, and suppliers, and from all stop notice and/or mechanic's lien claimants. The local public agency also agrees to remedy, in a timely manner and to the Department's satisfaction, any latent defects occurring as a result of the project construction work.
 25. **FUTURE MOVING OF INSTALLATIONS:** Permittee understands and agrees to relocate a permitted installation upon notice by the Department. Unless under prior property right or agreement, the Permittee must comply with said notice at the Permittee's sole expense.
 26. **ENVIRONMENTAL:**
 - a) **ARCHAEOLOGICAL/HISTORICAL:** If any archaeological or historical resources are identified or encountered in the work vicinity, the Permittee must immediately stop work, notify the Department's representative, retain a qualified archaeologist who must evaluate the site at Permittee's sole expense, and make recommendations to the Department's representative regarding the continuance of work.
 - b) **HAZARDOUS MATERIALS:** If any hazardous waste or materials (such as underground storage tanks, asbestos pipes, contaminated soil, etc.) are identified or encountered in the work vicinity, the Permittee must immediately stop work, notify the Department's representative, retain a qualified hazardous

ENCROACHMENT PERMIT GENERAL PROVISIONS

waste/material specialist who must evaluate the site at the Permittee's sole expense, and make recommendations to the Department's representative regarding the continuance of work.

Attention is directed to potential aerially deposited lead (ADL) presence in unpaved areas along highways. It is the Permittee's responsibility to take all appropriate measures to protect workers in conformance with California Code of Regulations Title 8, Section 1532.1, "Lead," and with Cal-OSHA Construction Safety Orders, and to ensure roadway soil management is in compliance with Department of Toxic Substances Control (DTSC) requirements.

- c) **BIOLOGICAL:** If any regional, state, or federally listed biological resource is identified or encountered in the work vicinity, the Permittee must immediately stop work, notify the Department's representative, retain a qualified biologist who must evaluate the site at Permittee's sole expense, and make recommendations to the Department's representative regarding the continuance of work.
- 27. **PREVAILING WAGES:** Work performed by or under an encroachment permit may require Permittee's contractors and subcontractors to pay appropriate prevailing wages as set by the California Department of Industrial Relations. Inquiries or requests for interpretations relative to enforcement of prevailing wage requirements must be directed to the California Department of Industrial Relations.
- 28. **LIABILITY, DEFENSE, AND INDEMNITY:** The Permittee agrees to indemnify and save harmless the United States, the State, the Department, and the Directors, officers, employees, agents and/or contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors, from any and all claims, demands, damages, costs, liability, suits, or actions of every name, kind, and description, including but not limited to those brought for or on account of property damage, invasion of privacy, violation or deprivation of a right under a state or federal law, environmental damage or penalty, or injury to or death of any person including but not limited to members of the public, the Permittee, persons employed by the Permittee, and/or persons acting on behalf of the Permittee, arising out of or in connection with: (a) the issuance and/or use of this encroachment permit; and/or (b) the encroachment, work, and/or activity conducted pursuant to this encroachment permit, or under color of authority of this encroachment permit but not in full compliance with the Permit Conditions as defined in General Provision Number 5 ("Unauthorized Work or Activity"); and/or (c) the installation, placement, design, existence, operation, and/or maintenance of the encroachment, work, and/or activity; and/or (d) the failure by the Permittee, or by anyone acting for or on behalf of the Permittee, to perform the Permittee's obligations under any part of the Permit Conditions as defined in General Provision Number 5, in respect to maintenance or any other obligation; and/or (e) any change to the Department's property or adjacent

property, including but not limited to the features or conditions of either of them, made by the Permittee or anyone acting on behalf of the Permittee; and/or (f) a defect or obstruction related to or caused by the encroachment, work, and/or activity whether conducted in compliance with the Permit Conditions as defined in General Provision Number 5 or constituting Unauthorized Work or Activity, or from any cause whatsoever. The duty of the Permittee to indemnify and save harmless includes the duties to defend as set forth in Section 2778 of the Civil Code.

It is the intent of the Department and the Permittee that except as prohibited by law, the Permittee will defend, indemnify, and hold harmless as set forth in this General Provision Number 28 regardless of the existence or degree of fault or negligence, whether active or passive, primary or secondary, on the part of: the United States, the State; the Department; the Directors, officers, employees, agents and/or contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors; the Permittee; persons employed by the Permittee; and/or persons acting on behalf of the Permittee.

The Permittee waives any and all rights to any type of expressed or implied indemnity from or against the United States, the State, the Department, and the Directors, officers, employees, agents, and/or contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors.

The Permittee understands and agrees to comply with the obligations of Titles II and III of the Americans with Disabilities Act in the conduct of the encroachment, work, and/or activity whether conducted pursuant to this encroachment permit or constituting Unauthorized Work or Activity, and further agrees to defend, indemnify, and save harmless the United States, the State, the Department, and the Directors, officers, employees, agents, and/or contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors, from any and all claims, demands, damages, costs, penalties, liability, suits, or actions of every name, kind, and description arising out of or by virtue of the Americans with Disabilities Act.

The Permittee understands and agrees the Directors, officers, employees, agents, and/or contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors, are not personally responsible for any liability arising from or by virtue of this encroachment permit.

For the purpose of this General Provision Number 28 and all paragraphs herein, "contractors of the State and/or of the Department" includes contractors, and their subcontractors, under contract to the State and/or the Department.

This General Provision Number 28 and all paragraphs herein take effect immediately upon issuance of this encroachment permit, and apply before, during, and after the encroachment, work, and/or activity

ENCROACHMENT PERMIT GENERAL PROVISIONS

contemplated under this encroachment permit, whether such work is in compliance with the Permit Conditions as defined in General Provision Number 5 or constitutes Unauthorized Work or Activity, except as otherwise provided by California law. The Permittee's obligations to defend, indemnify, and save harmless under this General Provision Number 28 take effect immediately upon issuance of this encroachment permit and have no expiration date, including but not limited to situations in which this encroachment permit expires or is revoked, the work or activity performed under this encroachment permit is accepted or not accepted by the Department, the encroachment, work, and/or activity is conducted in compliance with the Permit Conditions as defined in General Provision Number 5 or constitutes Unauthorized Work or Activity, and/or no work or activity is undertaken by the Permittee or by others on the Permittee's behalf.

If the United States or an agency, department, or board of the United States is the Permittee, the first two paragraphs of this General Provision Number 28 (beginning "The Permittee agrees to indemnify..." and "It is the intent of the parties...") are replaced by the following paragraph:

Claims for personal injury, death, or property damage allegedly caused by the negligent or wrongful act or omission of any employee of the United States acting within the scope of their official duties are subject to the Federal Tort Claims Act, as amended, 28 U.S.C. § 1346 and § 2671 et seq. (Chapter 171).

29. **NO PRECEDENT ESTABLISHED:** This encroachment permit is issued with the understanding that it does not establish a precedent.

30. **FEDERAL CIVIL RIGHTS REQUIREMENTS FOR PUBLIC ACCOMMODATION:**

a) As part of the consideration for being issued this encroachment permit, the Permittee, on behalf of Permittee and on behalf of Permittee's personal representatives, successors in interest, and assigns, does hereby covenant and agree that:

- i) No person on the grounds of race, color, or national origin may be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities.
- ii) That in connection with the construction of any improvements on said lands and the furnishings of services thereon, no discrimination must be practiced in the selection and retention of first-tier subcontractors in the selection of second-tier subcontractors.
- iii) That such discrimination must not be practiced against the public in their access to and use of the facilities and services provided for public accommodations (such as eating, sleeping, rest, recreation), and operation on, over, or under the space of the State highway right-of-way.
- iv) That the Permittee must use the premises in compliance with all other requirements imposed pursuant to Title 15, Code of Federal

Regulations, Commerce and Foreign Trade, Subtitle A. Office of the Secretary of Commerce, Part 8 (15 C.F.R. Part 8) and as said Regulations may be amended.

b) That in the event of breach of any of the above nondiscrimination covenants, the State and the Department have the right to terminate this encroachment permit and to re-enter and repossess said land and the facilities thereon and hold the same as if said permit had never been made or issued.

31. **MAINTENANCE:** The Permittee is responsible at Permittee's sole expense for the encroachment, and the inspection, maintenance, repair, and condition thereof, and is responsible to ensure the encroachment does not negatively impact State highway safety, maintenance, operations, construction, State facilities, activities related to construction/reconstruction, or other encroachments. The Permittee's obligations in the preceding sentence take effect immediately upon issuance of this encroachment permit and continue until the encroachment is entirely and permanently removed. Additional encroachment permits or approval documents may be required authorizing work related to inspection, repair, and/or maintenance activities. Contact the Department for information.

32. **SPECIAL EVENTS:** In accordance with subdivision (a) of Streets and Highways Code section 682.5 and 682.7, the Department is not responsible for the conduct or operation of the permitted activity, and the applicant agrees to defend, indemnify, and hold harmless the United States, the State, the Department, and the Directors, officers, employees, agents, and contractors of the State and/or of the Department, including but not limited to the Director of Transportation and the Deputy Directors, from any and all claims, demands, damages, costs, liability, suits, or actions of every name, kind and description arising out of any activity for which this encroachment permit is issued.

The Permittee is required, as a condition of this encroachment permit, for any event that awards prize compensation to competitors in gendered categories, for any participant level that receives prize compensation, to ensure the prize compensation for each gendered category is identical at each participant level. (Streets and Highways Code, section 682.7.)

The Permittee understands and agrees to comply with the obligations of Titles II and III of the Americans with Disabilities Act in the conduct of the event, and further agrees to defend, indemnify, and save harmless the United State, the State and the Department, and the Directors, officers, and employees of the State and/or Department, including but not limited to the Director of the Department and the Deputy Directors, from any and all claims, demands, damages, costs, liability, suits, or actions of every name, kind and description arising out of or by virtue of the Americans with Disabilities Act.

33. **PRIVATE USE OF STATE HIGHWAY RIGHT-OF-WAY:** State highway right-of-way must not be used for private purposes without compensation to the State. The gifting

ENCROACHMENT PERMIT GENERAL PROVISIONS

of public property uses and therefore public funds is prohibited under the California Constitution, Article XVI, Section 6.

34. **FIELD WORK REIMBURSEMENT:** Permittee must reimburse the Department for field work performed by or on behalf of the Department to correct or remedy issues created by the Permittee or by others acting on behalf of the Permittee, including but not limited to hazards or damaged facilities, or to clear refuse, debris, etc. not attended to by the Permittee or by others acting on behalf of the Permittee.

35. **LANE CLOSURE REQUEST SUBMITTALS AND NOTIFICATION OF CLOSURES TO THE DEPARTMENT:** Lane closure request submittals and notifications must be in accordance with Section 12-4.02, and Section 12.4-04, of the Department's Standard Specifications or as directed by the Department's representative. The Permittee must notify the Department's representative and the Traffic Management Center ("TMC") before initiating a lane closure or conducting an activity that may cause a traffic impact. In emergency situations when the corrective work or the emergency itself may affect traffic, the Department's representative and the TMC must be notified as soon as possible.

36. **SUSPENSION OF TRAFFIC CONTROL OPERATION:** The Permittee, upon notification by the Department's representative, must immediately suspend all traffic lane, bike lane, sidewalk, crosswalk, and/or shoulder closure operations and any operation that impedes the flow of traffic. All costs associated with this suspension must be borne by the Permittee.

37. **UNDERGROUND SERVICE ALERT (USA) NOTIFICATION:** Any excavation requires compliance with the provisions of Government Code section 4216 et seq., including but not limited to notice to a regional notification center, such as Underground Service Alert (USA). The Permittee must provide notification to the Department representative at least five (5) business days before, and the regional notification center at least forty-eight (48) hours before, performing any excavation work within the State highway right-of-way.

38. **COMPLIANCE WITH THE AMERICANS WITH DISABILITIES ACT (ADA):** All work within the State highway right-of-way to construct and/or maintain any public facility must be designed, maintained, and constructed strictly in accordance with all applicable Federal Access laws and regulations (including but not limited to Section 504 of the Rehabilitation Act of 1973, codified at 29 U.S.C. § 794), California Access laws and regulations relating to ADA, along with its implementing regulations, Title 28 of the Code of Federal Regulations Parts 35 and 36 (28 C.F.R., Ch. I, Part 35, § 35.101 et seq., and Part 36, § 36.101 et seq.), Title 36 of the Code of Federal Regulations Part 1191 (36 C.F.R., Ch. XI, Part 1191, § 1119.1 et seq.), Title 49 of the Code of Federal Regulations Part 37 (49 C.F.R., Ch. A, Part 37, § 37.1 et seq.), the United States Department of Justice Title II and Title III for the ADA, and California Government Code

section 4450 et seq., which require public facilities be made accessible to persons with disabilities.

Notwithstanding the requirements of the previous paragraph, all construction, design, and maintenance of public facilities must also comply with the Department's Design Information Bulletin 82, "Pedestrian Accessibility Guidelines for Highway Projects" and Standard Plans & Specifications on "Temporary Pedestrian Access Routes."

39. **STORMWATER:** The Permittee is responsible for full compliance with the following:

- a) For all projects, the Department's Storm Water Program and the Department's National Pollutant Discharge Elimination System (NPDES) Permit requirements under Order No. 2012-0011-DWQ, NPDES No CAS000003; and
- b) In addition, for projects disturbing one acre or more of soil, with the California Construction General Permit Order No. 2009-0009-DWQ, NPDES No CAS000002; and
- c) In addition, for projects disturbing one acre or more of soil in the Lahontan Region with Order No. R6T-2016-0010, NPDES No CAG616002.
- d) For all projects, it is the Permittee's responsibility to install, inspect, repair, and maintain all facilities and devices used for water pollution control practices (Best Management Practices/BMPs) before performing daily work activities.

ENCROACHMENT PERMIT SPECIAL PROVISIONS**STORMWATER SPECIAL PROVISIONS FOR MINIMAL OR NO IMPACT (SWSP)**

TR-0400 (Rev 05/2018)

1. **GENERAL:** The purpose of these Special Provisions is to provide the Permittee with specifications for water pollution control to minimize, prevent, or control the discharge of material into the air, surface waters, groundwater, and storm sewers owned by the State or local agencies. These provisions are not intended to take the place of the Caltrans Water Pollution Control Program (WPCP) for projects where soil disturbance from work activities less than one acre, or work activities of one acre or more subject to the preparation of the Caltrans Storm Water Pollution Prevention Plan (SWPPP). The Permittee must comply with the following Special Provisions and the direction of the State Representative. All Stormwater Best Management Practices (BMPs) must conform to Section 13 Water Pollution Control of Caltrans' Standard Specifications.

2. **NPDES REQUIREMENTS:** The Permittee must be responsible for full compliance with the Caltrans Storm Water Program and the Caltrans National Pollutant Discharge Elimination System (NPDES) Permit requirements (*Order No. 2012-0011-DWQ, NPDES No CAS000003*) and for and projects disturbing one acre or more of soil, full compliance with the California Construction General Permit (*Order No. 2009-0009-DWQ, NPDES No CAS000002*) or for projects for projects that have one acre or more of soil disturbance in the Lahontan Region (*Order No. R6T-2016-0010, NPDES No CAG616002*). It is the Permittee's responsibility to install, inspect, and repair or maintain facilities and devices used for water pollution control practices (BMPs) before performing daily work activities. Installation, inspection and maintenance responsibilities on the job site include: 1) soil stabilization materials in work areas that are inactive or prior to storm events, 2) water pollution control devices to control sediment and erosion, 3) implementation of spill and leak prevention procedures for chemical and hazardous substances stored on the job site, 4) material storage, 5) stockpile management, 6) waste management, 7) non-stormwater management, 8) water conservation, 9) tracking controls and 10) illicit connection, illegal discharge detection and reporting. The Permittee must report to the State representative when discharges enter into receiving waters, adjacent property, drainage systems or when discharges could be a cause or a threat for water pollution. The Permittee must also control illicit discharges or illegal dumping prior to start of daily work schedule. Copies of written notices or orders from the Regional

Water Quality Control Board or other regulatory agency must be provided to the State representative within 48 hours of reported activity. For additional information on stormwater compliance, visit the State Water Resources Control Boards storm water Website at:

http://www.waterboards.ca.gov/water_issues/programs/stormwater

3. **RESPONSIBILITY FOR DEBRIS REMOVAL:** The Permittee must be responsible for preventing sediment, trash, debris, and other construction waste from entering the street, the storm drains, local creeks, or any other bodies of water.

4. **SPOILS AND RESIDUE:** The Permittee must vacuum any saw-cut concrete waste material, debris, residue, etc. No spoils, debris, residue, etc. must be washed into a drainage system.

5. **SWEEPING:** Sweep paved roads at construction entrance and exit locations and surrounding paved areas daily within the job site during: 1) clearing and grubbing, 2) earthwork, 3) trenching, 4) soil disturbance, 5) pavement grinding and/or cutting, and 6) after observing tracking of material onto or off the State property. Keep dust to a minimum during sweeping activities. Use vacuum whenever dust generation is excessive or sediment pickup is ineffective.

Roadways or work areas must not be washed down with water. Street sweeping operations must conform to Section 13 Water Pollution Control of Caltrans' Standard Specifications.

6. **VEHICLES AND EQUIPMENT:** Permittee must prevent all vehicles, equipment, etc. from leakage or mud tracking onto roadways. If leaks cannot be repaired immediately, remove the vehicle or equipment from the job site.

7. **MAINTENANCE AND FUELING OF VEHICLES AND EQUIPMENT:** Maintenance and fueling of equipment must not result in any pollution at the job site. The Permittee must immediately clean up spills/leaks, and properly dispose of contaminated soil and materials.

8. **CLEANING VEHICLES AND EQUIPMENT:** Limit vehicle and equipment cleaning or washing at the job site except what is necessary to control vehicle tracking or hazardous waste. The Permittee must clean all equipment within a bermed area or over a drip pan large enough to prevent run-off. No soaps, solvents, degreasers, etc. must be used in State right-of-way. Any water from this operation must be collected and disposed of at an appropriate site. Containment berms or dikes must be used for fueling, washing, maintaining and washing vehicles or equipment in outside areas. Containment must be performed at least 100 feet from concentrated flows of

ENCROACHMENT PERMIT SPECIAL PROVISIONS

storm water, drainage courses, and storm drain inlets if within a flood plain, otherwise at least 50 feet if outside the floodplain. Keep adequate quantities of absorbent spill- cleanup material and spill kits in the fueling or maintenance area and on fueling trucks.

9. **DIESEL FUELS:** The use of diesel fuel from petroleum or other fossil fuel as a form-oil or solvent is not allowed.
10. **WEATHER CONDITIONS AT WORKSITE:** Any activity that would generate fine particles or dust that could be transported off site by stormwater must be performed during dry weather.
11. **WIND EROSION PROTECTION:** The use of Wind Erosion BMPs must be deployed year-round in instances where dust or fine particles could be transported off site.
12. **HOT MIX ASPHALT:** Runoff from washing hot mix asphalt must not enter into any drainage conveyances.
13. **PROTECTION OF DRAINAGE FACILITIES:** The Permittee must protect/cover gutters, ditches, drainage courses, and inlets with gravel bags, fiber rolls, State approved fabric filters, etc., to the satisfaction of the State representative during grading, paving, saw-cutting, etc. and materials must conform to Section 13-6.02 Materials for Water Pollution Control of Caltrans' Standard Specifications. No such protection measures must cause an obstruction to the traveling public. The Permittee must implement spill and leak prevention procedures for chemicals and hazardous substances stored on the job site (including secondary containment requirements) in accordance with section 13-4.03B Spill Prevention and Control, and 14-11 Hazardous Waste and Contamination, Water Pollution Control of Caltrans' Standard Specifications.
14. **PAINT:** Rinsing of painting equipment and materials is not permitted in State right-of-way. When thoroughly dry, dispose of the following as solid waste: dry latex paint, paint cans, used brushes, rags, gloves, absorbent materials, and drop cloths. Oil based paint sludge and unusable thinner must be disposed of at an approved hazardous waste site.
15. **CONSTRUCTION MATERIALS:** Stockpile of all construction materials, including, but not limited to; pressure treated wood, asphalt concrete, cold mix asphalt concrete, concrete, grout, cement containing premixes, and mortar, must conform to section 13-4.03C (2) Material Storage & 13-4.03C (3) Stockpile Management of Caltrans' Standard Specifications.
16. **CONCRETE EQUIPMENT:** Concrete equipment must be washed in a designated washing area in a way that does not contaminate soil, receiving waters, or storm drain systems.
17. **EXISTING VEGETATION:** Established existing vegetation is the best form of erosion control. Minimize

disturbance to existing vegetation. Damaged or removed vegetation must be replaced as directed by the State Representative.

18. **SOIL DISTURBANCE:** Soil disturbing activities must be avoided during the wet weather season. If construction activities during wet weather are allowed in your permit, all necessary erosion control and soil stabilization measures must be implemented in advance of soil disturbing activity.
19. **SLOPE STABILIZATION AND SEDIMENT CONTROL:** Consider a certified expert in Erosion and Sediment control in cases where slopes are disturbed during construction. The Permittee is directed to comply with Section 13.5 Temporary Soil Stabilization and Section 21 Erosion Control of Caltrans' Standard Specifications during application of temporary soil stabilization measures to the soil surface. Fiber rolls or silt fences may be required down slope until permanent soil stabilization is established. Remove the accumulated sediment whenever the sediment accumulates to 1/3 of the linear sediment barrier height. The Permittee must limit the use of plastic materials when more sustainable, environmentally friendly alternatives exist or when environmental regulations prohibit their use within the project.
20. **STOCKPILES:** Stockpiles containing aggregate and/or soil must be stored at least 100 feet from concentrated flows of storm water, drainage courses, and storm drain inlets if within a flood plain, otherwise at least 50 feet if outside the floodplain, and must be covered and protected with a temporary perimeter sediment barrier. Cold mix stockpiles must be stored on an impermeable surface and covered with 9 mil plastic to prevent contact with water. Minimize stockpiling of materials on the job site. Manage stockpiles by implementing the water pollution control practices in Section 13-4.03C (3) Stockpile Management of the State of California standard specifications for construction.
21. **DISCOVERY OF CONTAMINATION:** The State Representative must be notified in case any unusual discoloration, odor, or texture of ground water, is found in excavated material or if abandoned, underground tanks, pipes, or buried debris are encountered.
22. **SANITARY AND SEPTIC WASTE:** Do not bury or discharge wastewater from a sanitary or septic system within the highway. Properly connected sewer facilities are free from leaks. With State Representative approval place portable sanitary facility at least 50 feet away from storm drains, receiving waters, and flow lines. Permittee must comply with local health agency provisions when using an on-site disposal system.
23. **LIQUID WASTE:** Prevent job site liquid waste from entering storm drain systems and receiving waters. Drilling slurries, grease or oil-free waste water or rinse water, dredging, wash water or rinse water running off a surface or other non-storm water liquids not covered

ENCROACHMENT PERMIT SPECIAL PROVISIONS

under separate waste water permits must be held in structurally sound, leak-proof containers, such as portable bins or portable tanks. Store containers at least 50 feet away from moving vehicles and equipment. Liquid waste may require testing to determine hazardous material content prior to disposal. All measures must conform to section 13-4.03D (5) Liquid Waste, Water Pollution Control of Caltrans' Standard Specifications.

24. WATER CONTROL AND CONSERVATION:

Manage water use in a way that will prevent erosion and the discharge of pollutants into storm drain systems and receiving waters. Direct runoff, including water from water line repair from the job site to areas where it can infiltrate into the ground. Direct water from off-site sources around the job site or from contact with jobsite runoff.

25. PILE DRIVING: Keep spill kits and cleanup materials at pile driving locations. Park pile driving equipment over drip pans, absorbent pads, or plastic sheeting with absorbent material, and away from stormwater run-on when not in use.**26. DEWATERING:** Dewatering consists of discharging accumulated storm water, groundwater, or surface water from excavations or temporary containment facilities. All dewatering operations must comply with the latest Caltrans guidelines including the Field Guide for Construction Site Dewatering. Contact State representative for approval of dewatering discharge by infiltration or evaporation, otherwise, any effluent discharged into a permitted storm water system requires approval from the Regional Water Quality Control Board. Prior to the start of dewatering, the Permittee must provide the State Representative with a dewatering and discharge work plan that complies with section 13-4.03G Dewatering, Water Pollution Control of Caltrans' Standard Specifications. A copy of the Waste Discharge Permit and a copy of a valid WDID number issued by the Regional Board must be provided to the State representative.

COUNCIL COMMUNICATION

CC #: 2781
File #: 0203-06

Title: Computers and Technology Equipment - Purchase Orders
Contact: Aaron Andres 916-774-5139 AMAndres@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.6.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve separate purchase orders for the Information Technology, Electric, Environmental Utilities and other departments with CDW Technologies, LLC for computers, technology equipment and software using Sourcewell CDW-G Technology Catalog Solutions #08149-CDW, which expires on October 31, 2024, and National IPA contract 2018011, which expires on February 28, 2025.

BACKGROUND

The Information Technology department (IT) maintains over 1,900 computers, 1,500 mobile devices, 350 servers, 250 terabytes of data storage, 185 network switches and multiple cybersecurity equipment across the City to support important business functions. Regular and prompt replacement of aging computers and technology equipment is critical to ensure the effective and efficient operation of City business.

Both the Roseville Electric Utility and Environmental Utilities departments support and maintain industrial control systems which provide critical information for the output, status, and conditions of the distribution and generation operational environment. Industrial control systems utilize both proprietary and general technology equipment. General technology equipment includes network routers and switches, desktop computers, servers, cybersecurity equipment and accessories. Periodic upgrades and replacements of aging general technology equipment and related software is critical to maintain reliable industrial control systems and is essential to support the day-to-day utilities operations.

Staff recommends utilizing the Sourcewell CDW-G Technology Catalog Solutions #08149-CDW and National IPA contract 2018011 competitively bid contracts to obtain the best pricing available for the City.

FISCAL IMPACT

The total estimated costs for these citywide technology purchase orders is \$2,300,000. Funding is included in the proposed FY2023-24 budgets for the Information Technology Department and other departments in the Information Technology Operations Fund for \$1,500,000; for the Electric Department in the Electric Fund for \$500,000; and for the Environmental Utilities Department in the Water and Wastewater Operations funds for \$300,000.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Purchase orders for computers and technology equipment meet the above criteria and are not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

COUNCIL COMMUNICATION

CC #: 2780

File #: 0900-02-01 & 0201-01

Title: Water Distribution System Improvements Project - Award of Contract and Budget Adjustment

Contact: Jonathan Cummings 774-5566 jcummings@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.7.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council:

1. Approve the Construction Agreement for the Water Distribution System Improvements Project with Lund Construction Co., Inc. in the amount of \$2,214,209 and adopt a resolution authorizing the City Manager to execute the agreement for the project; and
2. Authorize the City Manager or his designee to approve and pay for contract change orders for this project that could increase the contract amount by no more than 10 percent (\$221,421) for a not-to-exceed total contract amount of \$2,435,630; and
3. Adopt an ordinance to approve a budget adjustment of \$1,923,801 from available resources in the Water Rehabilitation Fund to fund the remaining project.

BACKGROUND

The City has three existing water pipelines crossing underneath I-80, which were built and in service prior to the freeway construction in the 1950's, to provide water to the local area. The City conducted a hydraulic modeling analysis to evaluate potential impacts to the water distribution system if those pipelines were taken out of service as a result of pipe failure or abandonment.

This project is a result of that analysis, which identified three improvements in the City's water distribution system that would increase reliability and address capacity limitations. It consists of these three new connections:

1. New 8-inch trenchless waterline crossing Cirby Creek at Coloma Way to Coral Drive,
2. New 8-inch waterline crossing Dry Creek at Douglas Boulevard (installed on existing bridge), and
3. New 8-inch waterline connecting existing lines between Wayne Drive and South Harding Boulevard.

The designs and specifications for the new pipelines were approved by Council on April 5, 2023, and a call for bids was released on April 6, 2023. On May 10, 2023, four (4) firms submitted bids to the City Clerk's office, and a public bid opening identified Dutch Contracting, Inc. as the

apparent low bidder. However, upon review of the bid documents, City staff determined the bid was non-responsive, and recommends that the contract be awarded to the next lowest bidder, Lund Construction Co., Inc.

FISCAL IMPACT

The recommended budget adjustment will fund the Water Distribution System Improvements project (#500198) with \$1,923,801 from the available resources in the Water Rehabilitation Fund (6130). The budget adjustment requests the funding for the contract (\$2,214,209), and a 10 percent construction contingency (\$221,421) for a total of \$2,435,630 to fund this phase of the project. Additionally, the budget adjustment requests the funding for easement acquisition, engineering services, construction management, and staff secondary labor. The initial budget for this project was \$1,230,000, and this budget adjustment will bring the total project budget to \$3,153,801.

ENVIRONMENTAL REVIEW

Connections 1 and 2 listed above (Cirby Creek at Coral Drive/Coloma Way and Dry Creek at Douglas Blvd.) are covered under the City's Routine Maintenance Agreement (RMA No. 1600-2016-0099-R2) with the California Department of Fish and Wildlife (CDFW), which covers activities including the removal, replacement, or repair of utility lines. The project is consistent with activities anticipated by and evaluated within the RMA Initial Study/Mitigated Negative Declaration (IS/MND) (City of Roseville 2017) and no further CEQA documentation is required.

Connection 3 listed above (Wayne Drive/South Harding Boulevard) is categorically exempt from CEQA as a Class 1 and Class 2 Exemption (State CEQA Guidelines Section 15301 and 15302), because the project consists of the minor alteration and replacement of existing water line facilities. The Exemption has been prepared and no further CEQA action is required.

APPROVING AN AGREEMENT, BY AND BETWEEN THE CITY OF ROSEVILLE AND
LUND CONSTRUCTION CO., INC., AND AUTHORIZING THE CITY MANAGER TO
EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an Agreement for the Water Distribution Systems Improvements project, by
and between the City of Roseville and Lund Construction Co., Inc., has been reviewed by the
City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that
said Agreement is hereby approved and that the City Manager is authorized to execute it on
behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to
approve change orders for the project, consistent with the contract terms, provided that the net
cost of all change orders shall not exceed ten percent (10%) of the contract price.

AGREEMENT

THIS AGREEMENT, is made and entered into this ____ day of _____, 20____, by and between the City of Roseville, a municipal corporation, ("CITY"), and Lund Construction Co., Inc., a California Corporation, ("CONTRACTOR"); and

W I T N E S S E T H:

WHEREAS, the City Council of the CITY, at a meeting held on the 5th day of April, 2023, approved plans and specifications for the Water Distribution System Improvements Project and directed the City Clerk to advertise for sealed proposals for doing said work and providing that bids be submitted on the 10th day of May, 2023; and

WHEREAS, the City Clerk, thereafter duly and regularly caused a notice to be published in the manner and for the time prescribed by law; and

WHEREAS, CONTRACTOR, pursuant to the provisions of said notice duly filed a bid with the City Clerk, a true copy of which bid is now on file in the office of the City Clerk, and is hereby referred to and by this reference made a part hereof as fully as if set forth at length herein; and

WHEREAS, all bids received pursuant to said notice were opened and examined and publicly declared at the time specified in said advertisement for bids and at a meeting of the City Council held on the ____ day of _____, 20____, the Council found and declared the bid of CONTRACTOR to be the lowest responsible bid and thereupon awarded a

contract to CONTRACTOR to do the work referred to in the aforementioned specifications.

NOW, THEREFORE, the parties agree as follows:

1. THE WORK. CONTRACTOR agrees:
 - a. To do the work and furnish all the labor, materials, tools, supplies, equipment, superintendence, insurance, and bonds required for the Water Distribution System Improvements Project in accordance with the Contract Documents (the Work).
 - b. To do and perform the Work contemplated hereby in a good and workmanlike manner under the direction of and to the satisfaction of the Director of Public Works of the City of Roseville.
2. PAYMENT. CITY shall pay CONTRACTOR Two Million, Two Hundred Fourteen Thousand, Two Hundred Nine Dollars and Ten Cents (\$ 2,214,209.10) for the Work to be done under this Agreement in accordance with the Contract Documents.
3. CONTRACT DOCUMENTS. The complete Agreement between the parties hereto consists of the following documents:
 - a. The advertisement for bids (including the notice to bidders, instructions to bidders and proposals);
 - b. The accepted bid;
 - c. Plans and specifications (including general conditions, supplemental conditions, special provisions and construction details);
 - d. Bonds and insurance required by the Insurance Broker Information Packet section of this document; and
 - e. This contract.

All documents specified above are intended to operate so that any work called for in any one and not mentioned in the other, or vice versa, is to be executed the same as if mentioned in all said documents.

4. LIQUIDATED DAMAGES. In the event CONTRACTOR does not complete the Work within the time specified, CONTRACTOR agrees that CITY will suffer damages. Inasmuch as the actual damages which would result from such breach by CONTRACTOR under this Agreement are uncertain, and would be impractical or extremely difficult to fix, CONTRACTOR agrees that it shall pay, or CITY shall deduct from CONTRACTOR's fee, the amount of \$1,500 per day as liquidated damages, in the event of such delay.

5. TIME OF COMPLETION. Time is of the essence of this Agreement. CONTRACTOR shall complete all Work under the Contract Documents within 181 Days of the begin work date specified on the "Notice to Proceed" letter. CONTRACTOR shall begin work by the date specified in the "Notice to Proceed" letter and shall diligently prosecute all of the Work under this Contract in all parts and requirements as defined in the Contract Documents.

6. SERVICE OF NOTICE. Any notice required or permitted to be given under this Agreement shall be deemed given when (a) personally delivered to the recipient identified below; (b) mailed by registered or certified mail, return receipt requested, postage pre-paid, to the address specified below; or (c) sent by facsimile, with confirmation of receipt, to the facsimile number identified below.

CITY may also act through either its architect or construction manager if CITY expressly gives notice to CONTRACTOR, in writing, that CITY's designee has authority to act for CITY in a specific capacity.

7. DISPUTES. Disputes arising from this Agreement will be determined in accordance with the Contract Documents and Public Contract Code Sections 10240-10240.13.

8. GOVERNING LAW. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

9. INDEPENDENT CONTRACTOR. CONTRACTOR shall act as an independent contractor, and covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of CITY by reason of this Agreement.

10. SUCCESSORS IN INTEREST. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.

11. MODIFICATION. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

12. SEVERABILITY. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

13. INTEGRATED AGREEMENT. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

14. CONTRACTORS LICENSE LAW. CONTRACTORS ARE REQUIRED BY LAW TO BE LICENSED AND REGULATED BY THE CONTRACTORS' STATE LICENSE

BOARD WHICH HAS JURISDICTION TO INVESTIGATE COMPLAINTS AGAINST CONTRACTORS IF A COMPLAINT REGARDING A PATENT ACT OR OMISSION IS FILED WITHIN FOUR (4) YEARS OF THE DATE OF THE ALLEGED VIOLATION. A COMPLAINT REGARDING A LATENT ACT OR OMISSION PERTAINING TO STRUCTURAL DEFECTS MUST BE FILED WITHIN TEN (10) YEARS OF THE DATE OF THE ALLEGED VIOLATION. ANY QUESTIONS CONCERNING A CONTRACTOR MAY BE REFERRED TO THE REGISTRAR, CONTRACTORS' STATE LICENSE BOARD, P.O. BOX 26000, SACRAMENTO, CALIFORNIA 95826.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement in duplicate by its City Manager and attestation by its City Clerk under authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 20_____, and CONTRACTOR has caused this Agreement to be duly executed.

Fund	Account	Center	Project	Adjustment	
6130				(1,923,801)	Reduce available resources in the Water Rehabilitation Fund
TOTAL				(1,923,801)	

Justification for Budget Adjustment:

The Water Distribution Systems Improvement project (#500198) addresses capacity limitations in the water distribution system by constructing three new connections: (1) an 8-inch waterline crossing Cirby Creek at Coloma Way to Coral Drive, (2) an 8-inch waterline crossing Dry Creek at Douglas Blvd., and (3) an 8-inch waterline connecting existing lines between Wayne Drive and South Harding Blvd. This project requires an additional \$1,923,801 to fully fund the award of the contract to Lund Construction Co., Inc. with a 10% construction contingency (\$2,214,209 plus \$221,421) and additional budget for engineering services, construction management, easement acquisition, and staff secondary labor. The initial budget for this project was \$1,230,000. This request will bring the total project budget to \$3,153,801.

Project Title: Water Distribution System Improvements Project 500198 – Water Line Loop between Wayne Drive and South Harding Boulevard

Project Location(s): 260 South Harding Boulevard, Assessor's Parcel Number 014-183-029-000

Project Description: The City has existing water pipelines crossing Interstate 80 which were constructed prior to the freeway. To ensure reliability in case of failure or a need to abandon the existing lines, the City proposes a project to install new water lines so as to reduce the reliance on pipelines underneath Interstate 80. The project would involve trenching for waterline installation to connect two existing lines between South Harding Boulevard and Wayne Drive. Trenching would occur from the southern end of South Harding, west along northern boundary of the empty lot at 260 South Harding, then south along the western boundary of the lot to Wayne Drive. The work involves less than 1,000 linear feet.

Public Agency Approving Project: Roseville City Council

Agency/Individual Carrying Out Project: City of Roseville Environmental Utilities Department

Reason why this Project is Exempt: The project qualifies for a Class 1 and Class 2 Categorical Exemption as described in Section 15301 and Section 15302 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 (Existing Facilities) consists of ... minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use; and

"Class 2 consists of the...replacement or reconstruction of existing...facilities...including...replacement or reconstruction of existing utility systems involving negligible or no expansion of capacity."

The project consists of the connection of two existing water lines to replace or reduce reliance on an existing water line, and would not result in expansion of use. Consequently the Class 1 and Class 2 Categorical Exemptions apply.

Title: Multi-Function Printer Copier Scanner Management Solution - Contract Purchase Agreement
Contact: Aaron Andres 916-774-5139 AMAndres@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.8.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager or his designee, to execute a contract purchase agreement, third party lease agreements, and any other documents necessary to implement the services under contract purchase agreement 3002955 between the City of Roseville and J.R.R. Enterprises, Inc. dba Caltronics Business Systems to provide copier lease and printing services for all City departments.

BACKGROUND

A Request for Proposals (RFP) 12-001 for a Print Management Solution was completed in June 2018, resulting in issuing an initial five-year contract. The City's current printing contract with J.J. R Enterprises, Inc dba Caltronics Business Systems expires at the end of June 2023. This contract purchase agreement renewal extends that contract to June 30, 2024.

FISCAL IMPACT

The total estimated cost for this service is \$250,000 for the year. Funding is included in the proposed FY2023-24 operating budgets for City departments in the General Fund, enterprise funds, and internal service funds.

ENVIRONMENTAL REVIEW

The California Environmental Quality ACT (CEQA) does not apply to activities that will result in a direct or reasonably foreseeable indirect physical change in the environment (CEQA Guidelines 15061(b)(3)). Copier lease and printing services do not include the potential for a significant environment effect, and therefore is not subject to CEQA.

Title: Substation Relays and Accessories (RFQ 10-3345) - Purchase Orders
Contact: Sue Jessup 916-746-1107 sjessup@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.9.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt resolutions approving purchase orders with HighPoint Power Systems dba Reinhausen Manufacturing, Inc., Keystone Electrical Manufacturing, Inc., and MKI Reps dba Schweitzer Engineering Laboratories, Inc. as the lowest responsive and responsible bidders for the purchase of substation relays and accessories in response to Request for Quotes No. 10-3345.

Staff requests authorization to approve four (4) optional one (1) year renewals with each vendor without further Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendors is not in the City's best interest.

BACKGROUND

The Electric Department has an ongoing requirement for the replacements of substation remote terminal units (RTU), relays and accessories. As part of their five-year planning, an assessment has been performed on the age and condition of all substation protection relays and associated control equipment. Replacement of this equipment prior to failure is critical to the safe and reliable operation of the Roseville Electric system. This contract will allow the Electric Department to procure all equipment necessary to replace the aged equipment over the next five (5) years.

A multi-award formal bid was issued, and the vendor responses are listed on the attached bid summary sheet. Bids were awarded based on the total of each item category.

STATES Terminal Blocks & Test Switches was deemed non-responsive for not supplying the required bid documentation. Mader Supply LLC was deemed non-responsive because a percentage of the pricing they submitted did not include freight as required by the bid specifications.

FISCAL IMPACT

The projected total annual spend is \$250,000 for FY2023-24. Funding is included in the proposed FY2023-24 budget in the Electric Fund. Spending for future renewals will be contingent upon Council approval of budgets. Estimated spending for the optional renewal years is as follows: FY2024-25 \$262,500; FY2025-26 \$275,625; FY2026-27 \$289,400; FY2027-28 \$303,800.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The purchase of substation relays and accessories meets the above criteria and is not subject to CEQA. No additional environmental review is required.

COUNCIL COMMUNICATION

CC #: 2791
File #: 0203-06

Title: Customer Information System Managed Services - Sole Source Contract Purchase Agreement
Contact: Andrea Blomquist 916-774-5317 ABlomquist@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.10.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager to execute a three (3) year sole source contract purchase agreement with N Harris Computer Corporation, for managed services. Staff additionally requests authority for the City Manager, or his designee, to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

BACKGROUND

Cayenta Managed Services (CMS) has provided support services for our Customer Information System (CIS) since 2017. CMS manages multiple environments, provides backups for disaster recovery, constant monitoring and emergency coverage for system issues. This support ensures a more stable environment for our residents and businesses and is necessary to ensure system reliability.

This agreement provides for this support model for three (3) years.

FISCAL IMPACT

The total cost of this three (3) year agreement is \$246,259.43 and is included in the Customer Care Utility Billing annual operations budget in the Electric and Environmental Utilities funds. This recommendation has no impact to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the

activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Goal F - Invest in well-planned infrastructure and growth

Respectfully Submitted,

Andrea Blomquist, Utility Billing Operations Manager

Daniel Beans, Electric Utility Director

Dominick Casey, City Manager

Resolution 23-273

Contract

RESOLUTION NO. 23-273

APPROVING A SOLE SOURCE CONTRACT PURCHASE AGREEMENT, BY AND
BETWEEN THE CITY OF ROSEVILLE AND N HARRIS COMPUTER CORPORATION,
AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT
ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, a sole source contract purchase agreement (3002817) for Cayenta Managed Services for the City of Roseville Customer Information System, by and between the City of Roseville and N Harris Computer Corporation, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is approved and the City Manager is authorized to execute it on behalf of the City of Roseville.

BE IT FURTHER RESOLVED that the City Manager or his designee is authorized to execute two (2) additional one (1) year renewals without further City Council approval, provided that the applicable budget is approved by the City Council each year, or until City staff determines that continuing with the same vendor is not in the City's best interest.

This Contract Purchase Agreement is sent for your review and acceptance. Notify the Buyer via email of any needed changes to the company name, address, and contact information. The Buyer will update the agreement prior to you signing the document.

Return signed copies of the agreement to the Buyer noted on the agreement. Alterations or modifications to the agreement are not allowed. Upon receipt of all necessary documents, the City will sign the agreement and return a fully executed copy to you. Receipt of the signed copy will be your notice to proceed with the work in accordance with the terms and conditions of the agreement. Work must not begin until the contract has been fully executed.

The following guidelines must be followed for the signature block on the agreement:

Sole proprietorship - **By owner**
Partnership - **Any general partner**
Corporation - **Two options:**

(1) A signature from the President and the corporate seal; **OR**

(2) One signature from the Chairman of the Board, President, or any Vice President **AND** one signature from the Secretary, any Assistant Secretary, Chief Financial Officer, or any Treasurer or Assistant Treasurer of the corporation

*General Manager, Office Manager and/or Sales Manager are **not** corporate officer titles. The agreement will be rejected if not signed in accordance with these guidelines.

Insurance requirements:

The City's insurance requirements are referenced on Attachment A of the agreement. By signing the agreement, you are confirming that your company has the minimum insurance limits required.

This Agreement shall commence on the Effective Date and shall continue for a period of three (3) years (the **"Initial Term"**). Thereafter, this Agreement may be renewed for further one (1) year periods (each a **"Renewal Term"**) based on a mutual written agreement of both parties. The Initial Term and the Renewal Terms shall collectively be referred to as the **"Term"**.

1. Subject to the limitation on liability set out in Section 10(i) of this Agreement, to the fullest extent allowed by law, Consultant agrees to indemnify, including the cost to defend City, and its officers, agents, employees and volunteers from any and all claims, demands, costs or liability that arise out of, or pertain to, or relate to the gross negligence or willful misconduct of Consultant and its agents in the performance of services under this contract, but this indemnity does not apply to liability for damages for death or bodily injury to persons, injury to property, or other loss, arising from the sole or contributory negligence, willful misconduct or defects in design by City or the agents, servants, or independent contractors who are directly responsible to City, or arising from the active negligence of City. Consultant's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law.
2. Consultant is an independent contractor, and shall not be considered an officer, agent or employee of the City.
3. Without the written consent of the City, this Agreement is not assignable by Consultant either in whole or in part, which consent the City shall not unreasonably withhold, except that Consultant may assign its interest in this Agreement in connection with a merger or other business combination in which Consultant is not the surviving entity, so long as the assignee agrees to fully abide by and accept all provisions under the Agreement.
5. 4. At any time during the Term of this Agreement, the City has the right to terminate this Agreement, provided Consultant is given one hundred and twenty (120) days' written notice. City's termination shall be without further liability to City, however Consultant shall be entitled to all costs reasonably incurred prior to the date of termination. Consultant acknowledges that City may terminate this Agreement should funds not be appropriated by its governing body to continue services under this Agreement. If City has failed to pay any amounts when due under this Agreement, and such failure has continued for fifteen (15) days or more, Consultant shall have the right to (a) suspend performance of the Services (as defined in Section 8 below) until all amounts are paid in full; and/or (b) terminate this Agreement effective immediately upon written notice to City to that effect.
6. In addition to any other rights and remedies available to it, either party may immediately terminate this Agreement in the event of material breach by the other party of its obligations hereunder that is not cured within thirty (30) days of receipt of written notice from the other party to that effect;
7. This Agreement may only be amended or modified in writing. It is integrated and contains the complete understanding of the parties.
8. Consultant shall use commercially reasonable efforts to provide the professional services set out in Schedule "A" (the "Services") to City. City may retain a PDF copy of any reports or other deliverables provided by Consultant to City as part of the Services ("Deliverables"), however Consultant is and shall remain the owner of all copyright, patents, trademarks, trade secrets and other intellectual property rights.
9. In consideration of providing the Services, City agrees to pay the fees set out in Schedule "A" (the "Fees") to Consultant. Unless otherwise stated in Schedule "A", each invoice delivered to City by Consultant shall be due and payable upon receipt thereof by City. The Fees are exclusive of taxes. City agrees to pay all applicable sales and use taxes, if any (excluding taxes on Consultant's net income) ("Taxes") unless it provides Consultant with a tax exemption certificate acceptable to the applicable taxing authorities.
10. All prevailing wages and fair employment practices must be adhered to. For prevailing wage contracts over \$25,000, copies of certified payroll must be submitted with invoices. Prevailing wage rates may be obtained from the State Department of Industrial Relations and/or the following website address: <http://www.dir.ca.gov/dlsr/DPreWageDetermination.htm>.

- 10a. Unless otherwise specified, the Consultant shall maintain the policies of insurance outlined in Attachment A, incorporated herein by this reference, in full force and effect during the term of this Agreement. The City of Roseville retains sole discretion in determining the types and proper levels of insurance coverage.
- 10b. Form. Consultant shall submit a certificate evidencing such coverage for the period covered by this Agreement in a form satisfactory to Risk Management and the City Attorney, prior to undertaking any work hereunder. Any insurance written on a claims made basis is subject to the approval of Risk Management and the City Attorney.
- 10c. Additional Insureds. Consultant shall also provide a separate endorsement or section of the policy showing City, its officers, agents, employees, and volunteers as additional insureds for each type of coverage, except for Workers' Compensation and Professional Liability. Such insurance shall specifically cover the contractual liability of Consultant. The additional insured coverage under the Consultant's policy shall be primary and noncontributory, as evidenced by a separate endorsement or section of the policy, and shall not seek contribution from City's insurance or self-insurance. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 20 01 Endorsement.
- 10d. Cancellation/Modification. Consultant shall endeavor to provide thirty (30) days written notice to City of cancellation of the Commercial General Liability policy.
- 10e. Umbrella/Excess Insurance. The limits of insurance required in this Agreement may be satisfied by a combination of primary and excess insurance. Any excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City (if agreed to in a written contract) before City's own insurance shall be called upon to protect it as a named insured.
- 10f. Subconsultants. Consultant agrees to include in its contracts with all subconsultants the same requirements and provisions of this Agreement, including the indemnity and insurance requirements, to the extent they apply to the scope of the subconsultant's work. Furthermore, Consultant shall require its subconsultants to agree to be bound to Consultant and City in the same manner and to the same extent as Consultant is bound to City under this Agreement. Additionally, Consultant shall obligate its subconsultants to comply with these same provisions with respect to any tertiary subconsultant, regardless of tier. A copy of City's indemnity and insurance provisions will be furnished to the subconsultant or tertiary subconsultant upon request.
- 10h. Waiver of Subrogation. Consultant hereby agrees to waive subrogation which any insurer of Consultant may acquire from Consultant by virtue of the payment of any loss under a Workers Compensation, Commercial General Liability or Automobile Liability policy. All Workers Compensation, Commercial General Liability and Automobile Liability policies shall be endorsed with a waiver of subrogation in favor of City, its officers, agents, employees and volunteers for all work performed by Consultant, its employees, agents and subconsultants.
- 10i. Liability. To the greatest extent permitted by applicable law, consultant, its affiliates, and each of their respective directors, officers, employees and shareholders' entire liability and City's exclusive remedy with respect to the services and any other products, materials supplied by consultant in connection with this agreement for damages for any cause and regardless of the cause of action, whether in contract or in tort, including fundamental breach, negligence, strict liability or otherwise, and including any indemnification obligations, shall not exceed an amount that is equal to the fees paid to consultant by the City in the twelve (12) months preceding the claim. In no event shall consultant, its affiliates and each of their respective directors, officers, employees and shareholders, be liable for an consequential,

incidental, indirect, exemplary, punitive, or special damages whatsoever, including but not limited to for lost revenue or loss of profits, loss of business, loss of data, failure to realize expected savings, or cost of substitute goods or services arising out of or in connection with this agreement, even if it has been advised of the likelihood of the occurrence of such loss or damage or such loss or damage is foreseeable and notwithstanding any failure of essential purpose of any limited remedy.

11. Consultant shall comply with all federal, state, local laws, ordinances and policies as may be applicable to the performance of services under this Agreement. Failure to comply with local ordinances may result in termination of this Agreement.
12. In the event that the terms of any attachment or exhibit conflict with any terms of this Service Agreement, the terms of this Service Agreement shall control.
13. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a “.pdf” format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or “.pdf” signature page were an original thereof.
14. Any action arising out of this Agreement shall be brought in the federal courts of the United States, or the State Courts of California, as applicable, in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.
15. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the respective parties hereto.
16. If any of the provisions contained in this Agreement are for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.
17. For purposes of this Agreement, the terms “Contractor” and “Consultant” are used interchangeably.
18. Consultant agrees that any and all information furnished by City shall be deemed proprietary and confidential. All such information, to the extent previously, presently or subsequently disclosed to Consultant and/or processed and derived by Consultant services is the property of City and such property shall be deemed and treated as “Confidential Information” of City. Consultant acknowledges that such Confidential Information may contain information provided and/or generated by third-parties. Consultant agrees that such Confidential Information shall not be disclosed to any third party without written permission from City, except as required by law. Consultant shall not use the Confidential Information except to perform Consultant’s services as directed by City.
19. All facilities, devices, networks and services used to store, deliver, process, backup or purge Confidential Information will employ administrative, physical, technical, and procedural safeguards and best practices at a level sufficient to secure Confidential Information from unauthorized access, destruction, use, modification, or disclosure. Such measures will be no less protective than those used to secure Consultant’s own information of a similar type, and in no event less than reasonable in view of the type and nature of the information involved. It is the City’s expectation that Consultant shall house Confidential Information, as required, in data centers that conduct audits by independent third-parties that meet industry standards applicable to the services under this Agreement.
20. Consultant will retain Confidential Information until deleted by City or City-authorized third party, or for a time period mutually agreed upon by the parties to this Agreement.
21. Upon termination or expiration of this Agreement, Consultant will ensure that all Confidential Information is securely transferred to City within thirty (30) calendar days. Consultant will ensure that any transfer of Confidential Information is accomplished by methods that are compatible with the relevant City systems,

and that City will have access to all Confidential Information during any such transfer. Consultant shall securely dispose of all Confidential Information when requested by City and Consultant will provide written notification to City once all Confidential Information has been securely disposed of.

22. Consultant shall promptly report to City any data compromise or unauthorized access to Confidential Information after Consultant discovers such data compromise or unauthorized access. Consultant will take commercially reasonable measures to address any such data compromise or unauthorized access in a timely manner. Except as otherwise required by law, Consultant will not provide notice to end users or other entities of any such data compromise or unauthorized access without written permission from City.
23. Consultant may not advertise that City is a client, list City as a reference or otherwise use City's name, logos, trademarks, or service marks without prior written permission from City.
24. Consultant acknowledges that services rendered under this agreement (including but not limited to service levels and operational levels) shall be performed in accordance with industry standards.
25. If the project referenced on this service agreement is a Public Works project, then the following shall apply: No contractor or subcontractor may work on a public works project unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. During the performance of this agreement, Contractor and its subcontractors shall have a continuing legal obligation to maintain current registration with the Department of Industrial Relations. Contractor is hereby notified that this project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.
26. If the project referenced on this service agreement is a Public Works project, then the following shall apply: Contractor must submit all claims as defined in and in accordance with the claim resolution process set forth in Section 9204 of the Public Contract Code. Each such claim must be sent to the City by registered mail or certified mail with return receipt requested and must contain reasonable documentation to support the claim. All claims must be received prior to acceptance of the work.

City reserves the right to withhold any payments to Consultant in the event of noncompliance with insurance requirements or if required by law.

Insurance Submission Process

The City of Roseville Human Resources/Risk Management Department uses a service called EBIX to manage our insurance certificate tracking.

How It Works

- The vendor's contact information is entered into EBIX. EBIX will contact the vendor to request proof of insurance.
- The Vendor can forward the request to their Insurance Agent(s) if necessary.
- Vendor/Insurance Agent submits insurance to EBIX by email to roseville@ebix.com or by fax to (770) 325-5727. After faxing or emailing the certificate, please DO NOT send the certificate by mail to EBIX. Please do not mail, email or fax any certificates to the City of Roseville.
- Once submitted, EBIX reviews the insurance documentation. If there are deficiencies, EBIX will send a follow up letter or email requesting additional information.

Questions Regarding Insurance Submission: Contact EBIX at (951) 652-4239

Off-Site Backups for Disaster Recovery	16

Overview

Cayenta Managed Services is composed of a base offering, Standard Managed Services, and additional optional services. These services are not included in the Cayenta Software and Maintenance Fees.

Roseville, City of hereafter referenced as “Customer”.

Services Pricing

Service Offering	One-Time Setup Cost	Monthly Reoccurring Cost	Annual Reoccurring Cost
Standard Managed Services Bundle*	N/A	\$5,858.67	\$70,304.03
Off-Site Backups for Disaster Recovery	N/A	\$650.96	\$7,811.56

**Standard Managed Services Bundle includes Core Application Services, Database Services and Add-On Application Services*

Note: Pricing is subject to change if the Customer adds new products to their portfolio. This pricing is based on the products listed under the [Cayenta Products](#) section.

Payment Schedule

One-Time Setup Costs are billed upon signing. Reoccurring Costs are billed on an annual basis upon the Effective Date of the Managed Services Agreement. The Reoccurring Costs are subject to 5.0% annual increases.

Services Overview

Standard Managed Services

The Standard Managed Services includes Application and Database Services for Cayenta Core Products, and Application Services for Cayenta Add-On Products. Cayenta Add-On Products utilize the same database as their related Core Products, this means that no additional Database Services are required for these products.

Cayenta Products

The table below represents the Cayenta Core Products and Add-On Products Installations for the Customer at the time of this agreement signing. The counts are split between Production installations and Non-Production installations. Examples of Non-Production installations include any installations for update/patch testing, general application testing, training, integration testing and more.

Product	Production Installation(s)	Non-Production Installations(s)	Total Installation(s)
Core Products			
Cayenta CIS	1	2	3
Cayenta System & Reporting (Cognos)	1	1	2

Add-On Products			
Customer Self-Service	1	0	1
Cayenta Router	1	1	2
Software Manager	0	0	0
Mobile Work Management	1	1	2
Cayenta Link Using Excel (CLUE)	1	1	2

General Assumptions

1. Cayenta will be responsible for services outlined in the [Standard Managed Services Table of Services sub-section](#) in conjunction with the Cayenta Products listed in the [Standard Managed Services Overview sub-section](#).
2. The Customer will be responsible for maintaining all the operating systems, virtualization, servers, storage networking and hardware for the Cayenta applications, and communicating and coordinating any changes to said infrastructure with Cayenta CMS.
3. The Customer is responsible for ensuring that Cayenta monitoring tools and Technical Consultants have appropriate remote access to Cayenta-related infrastructure and environments on the Customer's site.
4. Tickets determined to have a root cause outside of the nature of the services covered by the CMS team may be transferred to a Support ticket (and potentially escalated into a Jira) covered under Cayenta Software and Maintenance Fees. The Cayenta CMS and Support teams work closely to ensure a seamless transition between teams in such cases.
5. Migration services such as Cognos to Actuate or Oracle to SQL Server are not in the scope of these services.
6. Application and Database Server migrations are not in the scope of these services.
7. Technical installation of Feature Releases/Upgrade for the Core Products (e.g. 7.9.x to 9.1.x) are included, however, the scope is strictly limited to the technical procedures against a pre-existing Non-Production environment. The Upgrade Project Services are not in the scope of these services. We recommend engaging your Account Manager for an Upgrade Project with our Professional Services team.
8. Installation and technical setup of any new products are not in the scope of these services. Existing products that the Customer has are defined in the [Cayenta Products](#) section above.
9. The Customer will log tickets via Cayenta Helpdesk system. In the case that Cayenta is contacted via e-mail or phone call, the Cayenta Technical Consultant will log a ticket in the Cayenta Helpdesk system for tracking purposes.
10. Cayenta will provide a Formal Incident Report for any Priority 1 tickets. Priority 2 and 3 issues are summarized within the ticket and confirmed and closed by the Customer. See [Ticket Priorities sub-section](#) for priority guidelines.
11. Standard CMS Support Hours are from 6:00AM to 5:00PM Pacific Time, Monday to Friday (excluding US holidays). CMS support outside of the Standard CMS Support Hours will be billed at the then current Professional Services hourly rate quoted by the Cayenta Account Manager (minimum of 2 hours).

Response Times

Response times will vary and are dependent on the priority of the ticket/issue/call (hereafter references as tickets). We do our best to ensure that we deal with incoming tickets in the order that they are received, however tickets will be escalated based on the urgency of the issue reported. Our response time guidelines are as follows (based on Standard CMS Support Hours specified in item 11 of the [General Assumptions sub-section](#)):

- Priority 1: ≤ 4 hours
- Priority 2: 1 – 8 hours
- Priority 3: 1 – 24 hours

Response time is defined as the amount of time between when the Customer first creates a ticket (which includes submission via any methods mentioned in General Assumption 9 under the [General Assumptions for the Standard Managed Services section](#)) and when a Cayenta Technical Consultant responds.

Ticket Priorities

To assign our resources to incoming tickets as effectively as possible, we have identified three types of ticket priorities, 1, 2 and 3. A Priority 1 ticket is deemed by our CMS staff to be an Urgent/Critical Priority ticket, Priority 2 is classified as a High or Medium Priority and Priority 3 is deemed to be a Low Priority. The criteria used to establish guidelines for these tickets are as follows:

Priority 1 – Critical/Urgent

- Production System Down*
- Technical issues with data integration and updates causing the integration to fail
- Performance issues of severe nature impacting critical processes
- Data security issues
- Applying application patches for critical issues within the application, that do not have a work around

Priority 2 – High or Medium

- System errors that have workarounds
- Failure of integration components like APIs
- Printer related issues (related to interfaces with our software and not the printer itself)
- Performance issues not impacting critical processes
- Assistance with workstation connectivity issues (workstation specific)
- Assistance with application or database access issues
- Provide direct access to database for privileged or approved users
- Assistance with ODBC configuration
- Applying high/medium priority patches for issues that have a work around

Priority 3 – Low

- Recommendations for enhancements on system changes
- Issues with routine maintenance of application and database

Note: the existence of a reasonable workaround precludes a Priority 1 or Priority 2 ticket in most cases.

*System down issues are defined as issues where all users are unable to access the system. Issues isolated to a subset of the users are not considered as a system down event.

Off-Site Backups for Disaster Recovery

Cayenta’s Off-Site Backups for Disaster Recovery optional service offering includes automating the backups and transfer process of your data. Once established, the backups are then performed automatically and daily—these backups are monitored for success, failure, or inconsistencies.

Using stringent procedures, protocols, and standards, the Microsoft Azure data centers are completely secure and protected each step of the way. The Microsoft Azure Recovery Services (MARS) agent encrypts data with a passphrase before upload to Azure Backups. Within Azure Backups, data in transit between Azure storage and the vault is protected by HTTPS. When downloading from Azure Backups, the data is only decrypted after the download is complete. All our Azure Backups monitored by Cayenta using built-in monitoring and alerting capabilities.

In the event of a disaster, Cayenta will utilize the latest backups to restore the applications in the infrastructure provided by the Customer.

General Assumptions

1. The Customer accepts the installation of the Microsoft Azure Recovery Services (MARS) agent on all required servers and the required internet access to Cayenta’s Microsoft Azure data centers.
2. The Customer will provide the necessary access and infrastructure (e.g. operating systems, virtualization, servers, storage networking and hardware) in the event of a disaster to Cayenta in the event of a disaster.
3. The Customer must communication and coordinate any infrastructure changes (e.g. operating systems, virtualization, servers, storage networking and hardware) that would impact this service.
4. This service offering is not a Disaster Recovery Plan or Full Disaster Recovery Service. It can be part of the Customer’s Disaster Recovery in terms of off-site backups and application/database restoration.
5. Cayenta will use latest backups to restore the database and applications in the event of a disaster.
6. Cayenta will be responsible for services outlined in the [Off-Site Backups for Disaster Recovery Table of Services sub-section](#) in conjunction with the Cayenta Products listed in the [Standard Managed Services Overview sub-section](#).
7. These backups are intended for Disaster Recovery scenarios only and not a means of data archiving.
8. Backups include:
 - Database backup (export) of the database for the Core Product
 - Application Files for the Core Products (including attachments directory)
 - Application Files for any Add-On Products with non-Software Manager deployments
 - Virtual Machine for Software Manager and all Add-On Products deployed via Software Manager
9. Backups are run on daily basis all year round (365 days a year).
10. Backups are retained for 30 days by default. This can be increased with additional cost.
11. The Customer has selection of several Azure Regions in Canada and the United States. All backups are configured to be geo-redundant.
12. Periodic (e.g. monthly or annually) testing of the end-to-end backup and restoration is not included in the scope of this service. This can be quoted separated through your Cayenta Account Manager.

Table of Services

Standard Managed Services

The Standard Managed Services offering includes Application and Database Administration Services for Cayenta Core Products and Application Services for Cayenta Add-On Products.

Core Products

Cayenta Core products are defined under the [Cayenta Products](#) sub-section of the [Overview](#).

Application Services

Application Services – Core Products	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

AVAILABILITY AND PERFORMANCE MONITORING

In order to ensure the availability and performance of your application, CMS monitors your system components. CMS utilizes tools that test the availability of your system components and alert the Cayenta Technical Consultants in the event of a problem. Services included:

Troubleshooting and triaging of errors, warnings and alerts						Y	
Diagnose and resolve application performance problems reported						Y	
Log all application problems and report on problems and problem resolution status						Y	
Diagnose and assist in resolving application availability						Y	
Support diagnosis of application to database connectivity issues						Y	
Problem resolution for application specific patches						Y	

MAINTENANCE

CMS performs regular maintenance to ensure that the Applications are healthy. Services included:

Applicable to Any Core Product

Archive application, API, batch queue and web server logs						Y	
Purge application, API, batch queue and web server logs	Y						Default 30 Days Retention
Restart Cayenta (CU) API Service						Y	
Archive and purge job process logs			Y				

Specific to Reporting (Cognos)

Archive old reports						Y	
Purge reporting software logs						Y	

Restart services and agents

						Y	
Application Services – Core Products (Continued)	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

Specific to Cayenta FMS/HCM Products and WMS Modules

Archive and purge spool directories

Run wsysinit and work library cleanup

Restart Message Listener (SFGMSG) and kill defunct processes

Restart web server (Tomcat)

BACKUP AND RESTORATION

CMS will work with the Customer IT team to review backup and restoration policies and procedures and provide recommendations. Services included:

Review and provide recommendations for Application Files backup and restoration policies and procedures. This includes Cognos, but not report output files.

Review and provide recommendations for non-Application Files backup policies and restoration and procedures. This includes items such as Cayenta file (contact) attachments and Cognos report outputs.

FEATURE RELEASES, UPDATES, PATCHES

CMS performs regular maintenance to ensure that that your Production and Non-Production Core Product environments are at the appropriate fix levels. Services included:

Applicable to Any Core Product

Apply P1 patches to the Production environment

Apply P1 patches to dedicated Non-Production environment(s)

Apply Update Releases to the Production environment

Apply Update Releases to dedicated Non-Production environment

Apply Feature Releases/Upgrades to dedicated Non-Production environment(s)

Specific to Reporting (Cognos)

Maintain and update the Reporting software

Specific to Cayenta FMS/HCM Products and WMS Modules

Maintain and update Web Server (Tomcat) software

Application Services – Core Products (Continued)	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	
Desktop Related Assistance							
Recommend additions, configuration changes, enhancement, version requirements for desktop setup						Y	Recommendations only. Desktop environment fully owned by the Customer IT team.
Assist in troubleshooting Cayenta-specific desktop issues						Y	
APPLICATION SYNCs AND COPIES							
In order to ensure that Non-Production environments are current, CMS can sync current Production application environment to a maximum of two Non-Production environments on a quarterly basis. Services included:							
Sync current Production application environment with up to two Non-Production environments				Y			Occurs only upon request

Database Services

Database Services – Core Products	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

AVAILABILITY & PERFORMANCE MONITORING

In order to ensure the availability and performance of your system, Cayenta monitors your database. CMS' monitoring tools provide information about the database functionality, communicate the potential for imminent failures, and communicate database errors, warnings and alerts to the Cayenta Technical Consultants. Services included:

Periodic monitoring errors, warnings and alerts	Y						
Diagnose and assists in resolving database performance problems reported						Y	
Log all database problems and report on problems and problem resolution status						Y	
Diagnose and assist in resolving database availability						Y	
Support diagnosis of application to database connectivity issues						Y	
Problem resolution for the database server patches						Y	

MAINTENANCE

Cayenta performs regular maintenance to ensure that the performance of your database does not degrade over time, within the constraints imposed by licensee's hardware and/or network. CMS also performs security maintenance to ensure that your users have appropriate access to the data. Services included:

Perform individual table reorganizations to address performance issues reported						Y	
Perform individual index reorganizations to address performance issues as needed						Y	
Perform security maintenance						Y	

BACKUP AND RESTORATION

Assuming Cayenta compatible backup tools are used by the Customer, CMS works with you to ensure that database backups are performed reliably and that your data can be recovered in the event of corruption or loss of data. Services included:

Initial setup and testing						Y	
Perform daily on-line backups according to the back-up schedule	Y						
Perform database backup	Y						
Perform transaction log backup	Y						
Assist Customer to perform data recovery in the event of corruption or loss of data						Y	
Assist Customer with data recovery test to assure recoverability from exports						Y	
Assist Customer with data recovery test to assure recoverability from transaction logs						Y	

Database Services – Core Products (continued)	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

DATABASE MAINTENANCE

In order to ensure that your database environment is current with new RDBMS releases and fixes, Cayenta provides maintenance services for your database platforms. Services included:

Apply RDBMS maintenance patches as needed						Y	
---	--	--	--	--	--	---	--

DATABASE REFRESHES AND COPIES

In order to ensure that Non-Production environments are current, CMS can copy current Production data to a maximum of two Non-Production environments on a quarterly basis. Services included:

Make copy of current Production to two Non-Production environments				Y			Occurs only upon request.
--	--	--	--	---	--	--	---------------------------

Add-On Products

Cayenta Add-On products are defined under the [Cayenta Products](#) sub-section of the [Overview](#).

Application Services

Application Services – Add-On Products	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

AVAILABILITY AND PERFORMANCE MONITORING

In order to ensure the availability and performance of your application, CMS monitors your system components. CMS utilizes tools that test the availability of your system components and alert the Cayenta Technical Consultants in the event of a problem. Services included:

Periodic monitoring of errors, warnings and alerts	Y						
Diagnose and resolve application performance problems identified by monitoring tools						Y	
Log all application problems and report on problems and problem resolution status						Y	
Diagnose and assist in resolving application availability						Y	
Support diagnosis of application to database connectivity issues						Y	
Problem resolution for application specific patches						Y	

MAINTENANCE

CMS performs regular maintenance to ensure that the Applications are healthy. Services included:

Applicable to Software Manager Based Products

One-time setup – Encrypt Software Manager configuration files						Y	
Run disk space and container cleanup processes			Y				
Install new SSL Certificate(s)						Y	Customer must provide certificate
Restart Docker container(s)						Y	

Specific to Cayenta Router

Archive logs						Y	
Purge logs	Y						Default 30 Days Retention
Install new SSL Certificate(s)						Y	Customer must provide certificate
Restart Windows service(s)						Y	

Application Services – Add-On Products (Continued)	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

Specific to Customer Self-Service

Archive logs						Y	
Purge logs	Y						Default 30 Days Retention
Install new SSL Certificate(s)						Y	Customer must provide certificate
Restart web server (Tomcat)						Y	

Software Manager Virtual Appliance

Administration of the Virtual Machine's Ubuntu operating system						Y	OS Updates applied in conjunction with Support/Compatibility by Cayenta R&D
Administration of the Virtual Machine's software applications						Y	
Administration of the Virtual Machine's Docker and Nginx installation						Y	
System cleanup and maintenance script execution			Y				
Purge system logs	Y						Default 30 Days Retention
Troubleshoot issues related to the Virtual Appliance						Y	Requires Customer IT to rule out hardware, network (IT-site) issues

BACKUP AND RESTORATION

CMS will work with the Customer IT team to review backup and restoration policies and procedures and provide recommendations. Services included:

Review and provide recommendations for Application Files backup and restoration policies and procedures. This includes Cognos, but not report output files.						Y	
Review and provide recommendations for non-Application Files backup policies and restoration and procedures. This includes items such as Cayenta file (contact) attachments and Cognos report outputs.						Y	

UPDATES AND PATCHES

CMS performs regular maintenance to ensure that that your Production and Non-Production Add-On Product environments are at the appropriate versions. Any dependencies for the Core Product will also be completed by CMS in order to fully update the Add-On Products. Services included:

Applicable to Software Manager Based Products

Apply updates and Core Product patch dependencies to the Production environment						Y	
Apply updates and Core Product patch dependencies to dedicated Non-Production environment(s)						Y	Environment(s) must be specified in requests.

Specific to Customer Self-Service & Cayenta Router

Apply updates and Core Product patch dependencies to the Production environment						Y	
Apply updates and Core Product patch dependencies to dedicated Non-Production environment(s)						Y	Environment(s) must be specified in requests.
Maintain and update Web Server (Tomcat) software						Y	

Off-Site Backups for Disaster Recovery

In addition to descriptive tasks included in the [Off-Site Backups for Disaster Recovery General Assumptions](#) sub-section, this service offering includes:

Off-Site Backups for Disaster Recovery	Frequency						Comment
	Daily	Weekly	Monthly	Quarterly	Annually	As Required	

INITIAL SETUP

In order to ensure the transfer of data and application files on a nightly basis, CMS will install the required tools and scripts required for the tasks. The Cayenta Technical Consultants will:

Setup and test connection from the customers site to Cayenta's Microsoft Azure data centers						Y	
Install the tools and create the necessary scripts for the nightly tasks						Y	
Create and run scripts to verify accuracy of transferred files, and email status of resources (connection, backups, disk space and network access)						Y	
Create pre-configured empty database to accommodate Customer's data volumes						Y	
Create Windows directories to accommodate Customer's application file systems						Y	
Designate servers and storage for all data and programs transferred						Y	Requires Customer IT collaboration

NIGHTLY BACKUP AND TRANSFER PROCESS

Transfer all data and application programs required to recover Customer's data	Y						
Verify accuracy of the transferred data and files by checking size and checksums	Y						
Verify connectivity between the Customer site and Cayenta's Microsoft Azure data centers	Y						
Report on any failures of the nightly transfer						Y	

COUNCIL COMMUNICATION

CC #: 2795

File #: 0214 & 0309

Title: Flood Emergency Response Projects – Statewide Grant Round 2 Program - Funding Agreement

Contact: Joe Anderson 916-774-5440 jjanderson@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.11.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve a Funding Agreement with the State of California Department of Water Resources for the Flood Emergency Response Projects - Statewide Grant Round 2, and adopt a resolution authorizing the City Manager to execute it on behalf of the City.

BACKGROUND

In December of 2014, the Department of Water Resources (DWR) began soliciting grant proposals from eligible agencies for funding under the Flood Emergency Response Projects (FERP) Statewide Grant Round 2 program. The purpose of this grant program was to provide funding for local agencies to improve flood emergency preparedness and response.

The City of Roseville and the Placer County Flood Control and Water Conservation District (Flood Control District) prepared an application to seek funding to update the communications system for the Flood Alert System precipitation and stream gauges owned and operated by the City of Roseville and the Flood Control District. The City of Roseville was designated as the lead agency for the purposes of filing the grant application and administering the project.

On February 4, 2015, the City Council authorized the City Manager to file the grant application on behalf of the City.

In October of 2015, DWR informed the City that its application for use of FERP – Statewide Grant Round 2 funds was selected for funding.

On August 4, 2016, the City Manager executed a contract with DWR and City staff began work on the project. The period of performance for this grant agreement was three years, from August 23, 2016 to August 23, 2019.

Grant funds were expended to fully fund new Flood Alert System base station equipment and

database software for both the City's and Flood Control District's transition to the ALERT2 protocol. The grant also funded the conversion of four stream gauge transmitter sites for each agency to ALERT2, and provided funding for the installation of two new gauges within the flood-prone areas of Granite Bay, along Miners Ravine and Linda Creek.

Prior to the end of the period of performance (August 23, 2019), it became evident to staff that additional time was needed to complete the project scope, and a six-month time extension request was submitted to DWR who indicated an intent to approve. All scope items were completed in February of 2020 and closeout of the grant was initiated with DWR.

In May of 2022, DWR staff processing the grant closeout revealed that the six-month time extension was inadvertently not processed and executed by DWR. To correct this oversight and allow reimbursement of the remaining contract expense to the City, this new retroactive contract must be prepared and executed by the City and DWR.

The remaining unreimbursed balance of project costs incurred after August 23, 2019 totaled \$25,809.90.

FISCAL IMPACT

The total cost of FERP Round 2 improvements is \$97,753.94, of which \$64,865.44 were eligible for reimbursement under the original agreement performance period. This second agreement will allow for reimbursement of the last \$25,809.90 of the original grant funds expended during the extension period. The General Fund was used for the required FERP matching funds, and to fund \$1,592.94 of improvements not included in the FERP grant.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)).

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal C - Maintain a safe and healthy community

Respectfully Submitted,

Joe Anderson, Associate Engineer

Jason Shykowski, Public Works Director

Dominick Casey, City Manager

Description

Resolution 23-278

DWR Grant Agreement 4600015145

RESOLUTION NO. 23-278

APPROVING A FUNDING AGREEMENT, BY AND BETWEEN THE STATE OF CALIFORNIA DEPARTMENT OF WATER RESOURCES AND THE CITY OF ROSEVILLE, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, in 2014, the State of California Department of Water Resources (DWR) began soliciting grant proposals for funding under the Flood Emergency Response Projects (FERP) Statewide Grant Round 2 Program to provide funding to local agencies to improve flood emergency preparedness and response; and

WHEREAS, on February 4, 2015, the City Council authorized the City Manager to file a grant application on behalf of the City and in October of 2015, the City was informed that our application for use of FERP was selected for funding; and

WHEREAS, on August 4, 2016, the City entered into an agreement with DWR with the period of performance ending August 23, 2019; and

WHEREAS, prior to August 23, 2019, staff requested a six-month extension to DWR, who indicated an intent to approve; and

WHEREAS, in May 2022, DWR staff revealed that the extension was inadvertently never processed by them, and to correct this oversight and allow reimbursement of the remaining contract expense to the City, a new retroactive contract was prepared; and

WHEREAS, an agreement between DWR and the City of Roseville for Flood Emergency Response Projects Statewide Grant Round 2, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is hereby approved and that the City Manager is authorized to execute it on behalf of the City of Roseville; and

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 20__, by the following vote on roll call:

AYES COUNCILMEMBERS:

**STATE OF CALIFORNIA
CALIFORNIA NATURAL RESOURCES AGENCY
DEPARTMENT OF WATER RESOURCES**

Agreement Number: 4600015145

**FUNDING AGREEMENT BETWEEN THE STATE OF CALIFORNIA
DEPARTMENT OF WATER RESOURCES
AND
CITY OF ROSEVILLE**

STATEWIDE FLOOD EMERGENCY RESPONSE GRANT ROUND 2

UNDER

**THE SAFE DRINKING WATER, WATER QUALITY & SUPPLY, FLOOD CONTROL, RIVER & COASTAL
BOND ACT OF 2006**

THIS FUNDING AGREEMENT is entered into by and between the Department of Water Resources of the State of California, herein referred to as the "State" and City of Roseville, a public agency in the State of California, duly organized, existing, and acting pursuant to the laws thereof, herein referred to as the "Funding Recipient," which parties do hereby agree as follows:

1. **PURPOSE.** State shall provide funding from the Safe Drinking Water, Water Quality & Supply, Flood Control, River & Coastal Bond Act of 2006 (Proposition 84) to Funding Recipient to assist in financing the City of Roseville Flood Emergency Response Grant Round 2 Project (Project) pursuant to Public Resources Code, Section 75032.
2. **TERM OF FUNDING AGREEMENT.** The term of this Funding Agreement begins on August 21, 2019, and through final payment plus three (3) years unless otherwise terminated or amended as provided in this Agreement. However, all work shall be completed by August 21, 2023, and no funds may be requested after February 21, 2024.
3. **FUNDING AMOUNT.** The maximum amount payable by the State under this Agreement shall not exceed \$65,147.56.
4. **BASIC CONDITIONS.** State shall have no obligation to disburse money for a project under this Funding Agreement until Funding Recipient has satisfied Paragraph D8 of this Funding Agreement and the following conditions:
 - A. For the term of this Funding Agreement, Funding Recipient submits timely Quarterly Progress Reports as required by Paragraph 10, "Submission of Reports."
 - B. Funding Recipient submits all deliverables as specified in Paragraph 10 of this Funding Agreement and in Exhibit A.
5. **DISBURSEMENT OF FUNDS.** State will disburse to Funding Recipient the amount approved, subject to the availability of funds through normal State processes. Notwithstanding any other provision of this Funding Agreement, no disbursement shall be required at any time or in any manner which is in violation of, or in conflict with, federal or state laws, rules, or regulations, or which may require any rebates to the federal government, or any loss of tax-free status on state bonds, pursuant to any federal statute or regulation. Any and all money disbursed to Funding Recipient under this Funding Agreement shall be deposited in a non-interest bearing account and shall be used solely to pay Eligible Project Costs.

6. ELIGIBLE PROJECT COST. Funding Recipient shall apply State funds received only to eligible Project Costs in accordance with applicable provisions of the law and Exhibit B. Reimbursable administrative expenses are the necessary costs incidental but directly related to the Project included in this Agreement. Work performed on the Project after August 21, 2019, shall be eligible for reimbursement.

Costs that are not eligible for reimbursement include but are not limited to the following items:

- A. Costs, other than those noted above, incurred prior to the award date of this Grant.
 - B. Operation and maintenance costs, including post construction performance and monitoring costs.
 - C. Purchase of equipment not an integral part of a project
 - D. Establishing a reserve fund.
 - E. Purchase of water supply
 - F. Monitoring and assessment costs for efforts required after project construction is complete.
 - G. Replacement of existing funding sources for ongoing programs.
 - H. Per diem costs.
 - I. Support of existing agency requirements and mandates (e.g., punitive regulatory agency requirement).
 - J. Purchase of land in excess of the minimum required acreage necessary to operate as an integral part of a project, as set forth and detailed by engineering and feasibility studies, or land purchased prior to the effective date of agreement.
 - K. Overhead and indirect costs. "Indirect Costs" means those costs that are incurred for a common or joint purpose benefiting more than one cost objective and are not readily assignable to the funded project (i.e., costs that are not directly related to the funded project). Examples of Indirect Costs include, but are not limited to: central service costs; general administration of the Funding Recipient; non-project-specific accounting and personnel services performed within the Funding Recipient's organization; depreciation or use allowances on buildings and equipment; the costs of operating and maintaining non-project-specific facilities; tuition and conference fees; and, generic overhead or markup. This prohibition applies to the Funding Recipient and any subcontract or sub-agreement for work on the Project that will be reimbursed pursuant to this Agreement.
7. METHOD OF PAYMENT. After the disbursement requirements in Paragraph 4 "Basic Conditions" are met, State will disburse the whole or portions of State funding to Funding Recipient, following receipt from Funding Recipient via US mail or Express mail delivery of a "wet signature" invoice, or an electronic invoice certified and transmitted via DocuSign for costs incurred, including Cost Share, and timely Quarterly Progress Reports as required by Paragraph 10, "Submission of Reports." Payment will be made no more frequently than monthly, in arrears, upon receipt of an invoice bearing the Funding Agreement number. State will notify Funding Recipient, in a timely manner, whenever, upon review of an Invoice, State determines that any portion or portions of the costs claimed are not eligible costs or is not supported by documentation or receipts acceptable to State. Funding Recipient may, within thirty (30) calendar days of the date of receipt of such notice, submit additional documentation to State to cure such deficiency(ies). If Funding Recipient fails to submit adequate documentation curing the deficiency(ies), State will adjust the pending invoice by the amount of ineligible or unapproved costs.

Invoices submitted by Funding Recipient shall include the following information:

- A. Costs incurred for work performed in implementing the Project during the period identified in the particular invoice.
- B. Costs incurred for any interests in real property (land or easements) that have been necessarily acquired for a project during the period identified in the particular invoice for the implementation of a project.
- C. Invoices shall be submitted on forms provided by State and shall meet the following format requirements:
 - i. Invoices must contain the date of the invoice, the time period covered by the invoice, and the total amount due.

- ii. Invoices must be itemized based on the categories (i.e., tasks) specified in Exhibit B. The amount claimed for salaries/wages/consultant fees must include a calculation formula (i.e., hours or days worked times the hourly or daily rate = the total amount claimed).
- iii. One set of sufficient evidence (i.e., receipts, copies of checks, time sheets) must be provided for all costs included in the invoice.
- iv. Each invoice shall clearly delineate those costs claimed for reimbursement from the State's funding amount, as depicted in Paragraph 3, "Funding Amount."
- v. Original signature and date (in ink) of Funding Recipient's Project Representative. Submit the original "wet signature" copy of the invoice form to the following address:

State of California
Department of Water Resources
Flood Operations Branch
3310 El Camino Avenue, Suite 200
Sacramento, CA 95821

All invoices submitted shall be accurate and signed under penalty of law. Any and all costs submitted pursuant to this Agreement shall only be for the tasks set forth herein. The Funding Recipient shall not submit any invoice containing costs that are ineligible or have been reimbursed from other funding sources unless required and specifically noted as such (i.e., match costs). Any eligible costs for which the Funding Recipient is seeking reimbursement shall not be reimbursed from any other source. Double or multiple billing for time, services, or any other eligible cost is illegal and constitutes fraud. Any suspected occurrences of fraud, forgery, embezzlement, theft, or any other misuse of public funds may result in suspension of disbursements of grant funds and/or termination of this Agreement requiring the repayment of all funds disbursed hereunder plus interest. Additionally, the State may request an audit pursuant to Paragraph D.5 and refer the matter to the Attorney General's Office or the appropriate district attorney's office for criminal prosecution or the imposition of civil liability. (Civ. Code, §§ 1572-1573; Pen. Code, §§ 470, 489-490.)

8. WITHHOLDING OF DISBURSEMENTS BY STATE. If State determines that the Project is not being implemented in accordance with the provisions of this Funding Agreement, or that Funding Recipient has failed in any other respect to comply with the provisions of this Funding Agreement, and if Funding Recipient does not remedy any such failure to State's satisfaction, State may withhold from Funding Recipient all or any portion of the State funding and take any other action that it deems necessary to protect its interests. Where a portion of the State funding has been disbursed to the Funding Recipient and State notifies Funding Recipient of its decision not to release funds that have been withheld pursuant to Paragraph 9, the portion that has been disbursed shall thereafter be repaid immediately with interest at the California general obligation bond interest rate at the time the State notifies the Funding Recipient, as directed by State. State may consider Funding Recipient's refusal to repay the requested disbursed amount a contract breach subject to the default provisions in Paragraph 9, "Default Provisions." If State notifies Funding Recipient of its decision to withhold the entire funding amount from Funding Recipient pursuant to this paragraph, this Funding Agreement shall terminate upon receipt of such notice by Funding Recipient and the State shall no longer be required to provide funds under this Funding Agreement and the Funding Agreement shall no longer be binding on either party.
9. DEFAULT PROVISIONS. Funding Recipient will be in default under this Funding Agreement if any of the following occur:
- A. Substantial breaches of this Funding Agreement, or any supplement or amendment to it, or any other agreement between Funding Recipient and State evidencing or securing Funding Recipient's obligations;
 - B. Making any false warranty, representation, or statement with respect to this Funding Agreement or the application filed to obtain this Funding Agreement;
 - C. Failure to operate or maintain project in accordance with this Funding Agreement.
 - D. Failure to make any remittance required by this Funding Agreement.
 - E. Failure to submit timely progress reports.
 - F. Failure to routinely invoice State.

Should an event of default occur, State shall provide a notice of default to the Funding Recipient and shall give Funding Recipient at least ten (10) calendar days to cure the default from the date the notice is sent via first-class mail to the Funding Recipient. If the Funding Recipient fails to cure the default within the time prescribed by the State, State may do any of the following:

- A. Declare the funding be immediately repaid, with interest, which shall be equal to State of California general obligation bond interest rate in effect at the time of the default.
- B. Terminate any obligation to make future payments to Funding Recipient.
- C. Terminate the Funding Agreement.
- D. Take any other action that it deems necessary to protect its interests.

In the event State finds it necessary to enforce this provision of this Funding Agreement in the manner provided by law, Funding Recipient agrees to pay all costs incurred by State including, but not limited to, reasonable attorneys' fees, legal expenses, and costs.

10. SUBMISSION OF REPORTS. The submittal and approval of all reports is a requirement for the successful completion of this Funding Agreement. Reports shall meet generally accepted professional standards for technical reporting and shall be proofread for content, numerical accuracy, spelling, and grammar prior to submittal to State. If requested, Funding Recipient shall promptly provide any additional information deemed necessary by State for the approval of reports. Reports shall be presented in the formats described in the applicable portion of Exhibit F. The timely submittal of reports is a requirement for initial and continued disbursement of State funds. Submittal and subsequent approval by the State of a Project Completion Report is a requirement for the release of any funds retained for such project.
- A. Quarterly Progress Reports: Funding Recipient shall submit Quarterly Progress Reports to meet the State's requirement for disbursement of funds. Quarterly Progress Reports shall be submitted to the State's Project Manager. Quarterly Progress Reports shall, in part, provide a brief description of the work performed, Funding Recipient's activities, milestones achieved, any accomplishments, and any problems encountered in the performance of the work under this Funding Agreement during the reporting period. The first Quarterly Progress Report should be submitted to the State no later than the first full quarter after the execution of the agreement with future reports then due on successive three-month increments based on the invoicing schedule and this date.
 - B. Project Completion Report: Funding Recipient shall prepare and submit to State a Project Completion Report for the Project included in Exhibit A. Funding Recipient shall submit the Project Completion Report within ninety (90) calendar days of Project completion. The Project Completion Report shall include, in part, a description of actual work done, any changes or amendments to each project, and a final schedule showing actual progress versus planned progress, copies of any final documents or reports generated or utilized during a project.
11. OPERATION AND MAINTENANCE OF PROJECT. For the useful life of construction and implementation projects and in consideration of the funding made by State, Funding Recipient agrees to ensure or cause to be performed the commencement and continued operation of the project, and shall ensure or cause the project to be operated in an efficient and economical manner; shall ensure all repairs, renewals, and replacements necessary to the efficient operation of the same are provided; and shall ensure or cause the same to be maintained in as good and efficient condition as upon its construction, ordinary and reasonable wear and depreciation excepted. The State shall not be liable for any cost of such maintenance, management, or operation. Funding Recipient or their successors may, with the written approval of State, transfer this responsibility to use, manage, and maintain the property. For purposes of this Funding Agreement, "useful life" means period during which an asset, property, or activity is expected to be usable for the purpose it was acquired or implemented; "operation costs" include direct costs incurred for material and labor needed for operations, utilities, insurance, and similar expenses, and "maintenance costs" include ordinary repairs and replacements of a recurring nature necessary for capital assets and basic structures and the expenditure of funds necessary to replace or reconstruct capital assets or basic structures. Refusal of Funding Recipient to ensure operation and maintenance of the projects in accordance with this provision may, at the option of State, be considered a breach of this Funding Agreement and may be treated as default under Paragraph 9, "Default Provisions."

12. NOTIFICATION OF STATE. Funding Recipient shall promptly notify State, in writing, of the following items:
- A. Events or proposed changes that could affect the scope, budget, schedule, or work performed under this Funding Agreement. Funding Recipient agrees that no substantial change in the scope of a project will be undertaken until written notice of the proposed change has been provided to State and State has given written approval for such change. Substantial changes generally include changes to the scope of work, schedule or term, and budget.
 - B. Any public or media event publicizing the accomplishments and/or results of this Funding Agreement and provide the opportunity for attendance and participation by State's representatives. Funding Recipient shall make such notification at least 14 calendar days prior to the event.
 - C. Discovery of any potential archaeological or historical resource. Should a potential archaeological or historical resource be discovered during construction, the Funding Recipient agrees that all work in the area of the find will cease until a qualified archaeologist has evaluated the situation and made recommendations regarding preservation of the resource, and the State has determined what actions should be taken to protect and preserve the resource. The Funding Recipient agrees to implement appropriate actions as directed by the State.
 - D. The initiation of any litigation or the threat of litigation against the Funding Recipient regarding the Project or that may affect the Project in any way.
13. NOTICES. Any notice, demand, request, consent, or approval that either party desires or is required to give to the other party under this Funding Agreement shall be in writing. Notices may be transmitted by any of the following means:
- A. By delivery in person.
 - B. By certified U.S. mail, return receipt requested, postage prepaid.
 - C. By "overnight" delivery service; provided that next-business-day delivery is requested by the sender.
 - D. By electronic means.
 - E. Notices delivered in person will be deemed effective immediately on receipt (or refusal of delivery or receipt). Notices sent by certified mail will be deemed effective given ten (10) calendar days after the date deposited with the U. S. Postal Service. Notices sent by overnight delivery service will be deemed effective one business day after the date deposited with the delivery service. Notices sent electronically will be effective on the date of transmission, which is documented in writing. Notices shall be sent to the below addresses. Either party may, by written notice to the other, designate a different address that shall be substituted for the one below.
14. PROJECT REPRESENTATIVES. The Project Representatives during the term of this Funding Agreement are as follows:
- | | |
|--|--|
| Department of Water Resources | City of Roseville |
| Elizabeth Bryson, Manager | Brian Walker, Senior Engineer |
| Flood Operations Section | 311 Vernon Street |
| 3310 El Camino Ave, Suite 200 | Roseville, CA 95678 |
| Sacramento, CA 95821 | (916) 746-1300, WalkerBrian@roseville.ca.us |
| (916) 574-1358, Elizabeth.Bryson@water.ca.gov | |
| Direct all inquiries to the Project Manager: | |
| Department of Water Resources | City of Roseville |
| Milen Karavan, Engineer | Brian Walker, Senior Engineer |
| 3310 El Camino Ave, Suite 249 | 311 Vernon Street |
| Sacramento, CA 95821 | Roseville, CA 95678 |
| (916) 574-2793, Milen.Karavan@water.ca.gov | (916) 746-1300, WalkerBrian@roseville.ca.us |

Either party may change its Project Representative or Project Manager upon written notice to the other party.

15. STANDARD PROVISIONS AND INTEGRATION. This Funding Agreement is complete and is the final Agreement between the parties. The following Exhibits are attached and made a part of this Funding Agreement by this reference:

Exhibit A – Work Plan

Exhibit B – Budget

Exhibit C – Schedule

Exhibit D – Standard Conditions

Exhibit E – Funding Recipient Resolution

Exhibit F – Report Formats and Requirements

Exhibit G – Monitoring and Maintenance Plan Components

Exhibit H – State Audit Document Requirements for Funding Recipients

IN WITNESS WHEREOF, the parties hereto have executed this Funding Agreement.

Exhibit A – Work Plan**City of Roseville ALERT2 Flood Alert Network Update Project****Introduction**

The City of Roseville (City) and the Placer County Flood Control and Water Conservation District (Flood Control District, or “District”) are working collaboratively to update the communications system for the Flood Alert System precipitation and stream gauges within South Placer County, including Roseville.

The City of Roseville ALERT2 Flood Alert Network Update Project (Project) has the unique opportunity to complete a significant regional network of stream and precipitation data collection for the Dry Creek and Cross Canal Watersheds, which are significant tributaries to the Sacramento and American river systems. By converting the Flood Alert Systems in Placer County to the ALERT2 protocol, high-quality data for these watersheds will be consistently made available to the National Weather Service, the California Data Exchange Center, Sacramento County, and the rest of the region.

Implementation of this Project will enhance the flood warning systems maintained by the City and the Flood Control District, and allow our flood warning systems to communicate regionally with the recently updated flood warning system within Sacramento County.

Proposed Project***Task 0: Project Management***

This task includes budgeting for the coordination of project partners, interfacing with DWR staff, and preparation of quarterly reports and invoices.

Task 0 Deliverables

- a) Quarterly progress reports as described in Section 10 and Exhibit F of the Contract***
- b) Invoices as described in Section 7 of the Contract.***
- b) Final reports as described in Section 10 and Exhibit F of the Contract.***

Task 1: ALERT2 Base Station Equipment & Database

The Flood Alert Systems for the City and Flood Control District will require new base station equipment, which will consist of antennas, antenna towers, receiver/decoders, and database software, to record transmissions from the field sensors. The database software will display field sensor data within a web browser format that will be hosted by the City and/or Flood Control District. The web browser format will provide emergency services staff from the Flood Control District member agencies and the public access to the field sensor data.

Sub-task 1.1 - Procure and Install ALERT2 Base Station Equipment & Database Program, Roseville***Task 1.1 Deliverables***

a) Installation report including software screenshots and photos of installed equipment.

Sub-task 1.2 - Procure and Install ALERT2 Base Station Equipment & Database Program, Flood Control District

Task 1.2 Deliverables

a) Installation report including software screenshots and photos of installed equipment.

Task 2: ALERT2 Data Collection Network

This task includes the removal of up to eight (8) existing legacy ALERT transmitters (four transmitters operated by the City, and four transmitters operated by the Flood Control District) and replacing the equipment with new ALERT2 transmitters and GPS antennas at existing stream and/or precipitation gauge locations. The number of transmitter conversions may vary, depending upon proposals received for the work and limited by the Project budget.

Due to budget constraints, the City and the Flood Control District will prioritize the conversion of the transmitter located along Dry Creek at the Vernon Street Bridge. The data from this gauge is used regionally by the County of Sacramento, National Weather Service, and CA Department of Water Resources (DWR) to monitor conditions within the Dry Creek Watershed. Since this gauge is owned and operated by the City, this transmitter will be one of the City's four transmitter conversions.

The City and the Flood Control District will work cooperatively towards establishing the priority for converting the remaining transmitters, and obtain the advice of the Flood Control District's Technical Advisory Committee in establishing priorities. However, the final selection of the Flood Control District's transmitter conversion sites will be at the discretion of the District Manager, and the final selection of the City's transmitter conversion sites will be at the discretion of the City's Floodplain Management staff, with the exception of the Dry Creek/Vernon Street gauge transmitter.

Sub-task 2.1 - Procure and Install ALERT2 Data Collection Network, Roseville

Task 2.1 Deliverables

a) Installation report including specifications/cut sheets, and locations and photos of installed equipment.

Sub-task 2.2 - Procure and Install ALERT2 Data Collection Network, Flood Control District

Task 2.2 Deliverables

a) Installation report including specifications/cut sheets, and locations and photos of installed equipment.

Task 3: ALERT2 System Simulation & Training

This task includes two days (16 hours) of ALERT2 database training for City and Flood Control District staff, including members of the Technical Advisory Committee or their designees. This task also includes the development of a maintenance schedule for the new database software, and a list of tasks to be performed in the field.

Task 3 Deliverables

- a) List of training attendees*
- b) Copy of the training material*

Exhibit B – Budget

City of Roseville ALERT2 Flood Alert Network Update Project

Task	Task Description	Task Amount	Total Task Amount
0	Project Management	\$1,258.00	\$1,258.00
1	ALERT2 Base Station Equipment & Database		\$36,753.80
1.1	Procure and Install ALERT 2 Base Station – Roseville	\$18,376.90	
1.2	Procure and Install ALERT 2 Base Station – Flood Control District	\$18,376.90	
2	ALERT2 Data Collection Network		\$23,635.76
2.1	Replace existing ALERT transmitters with ALERT 2 - Roseville	\$11,817.88	
2.2	Replace existing ALERT transmitters with ALERT 2 – Flood Control District	\$11,817.88	
3	ALERT2 System Simulation & Training	\$3,500.00	\$3,500.00
Totals			\$65,147.56

Exhibit D
STANDARD CONDITIONS

D.1. ACCOUNTING AND DEPOSIT OF FUNDING DISBURSEMENT:

- A. **Separate Accounting of Funding Disbursements:** Funding Recipient shall account for the money disbursed pursuant to this Funding Agreement separately from all other Funding Recipient funds. Funding Recipient shall maintain audit and accounting procedures that are in accordance with generally accepted accounting principles and practices, consistently applied. Funding Recipient shall keep complete and accurate records of all receipts and disbursements on expenditures of such funds. Funding Recipient shall require its contractors or subcontractors to maintain books, records, and other documents pertinent to their work in accordance with generally accepted accounting principles and practices. Records are subject to inspection by State at any and all reasonable times.
- B. **Disposition of Money Disbursed:** All money disbursed pursuant to this Funding Agreement shall be deposited in a non-interest bearing account, administered, and accounted for pursuant to the provisions of applicable law.
- C. **Remittance of Unexpended Funds:** Funding Recipient shall remit to State any unexpended funds that were disbursed to Funding Recipient under this Funding Agreement and were not used to pay Eligible Project Costs within a period of sixty (60) calendar days from the final disbursement from State to Funding Recipient of funds or, within thirty (30) calendar days of the expiration of the Funding Agreement, whichever comes first.

D.2. ACKNOWLEDGEMENT OF CREDIT AND SIGNAGE: Funding Recipient shall include appropriate acknowledgement of credit to the State for its support when promoting the Project or using any data and/or information developed under this Funding Agreement. Signage shall be posted in a prominent location at Project site(s) (if applicable) or at the Funding Recipient's headquarters and shall include the Department of Water Resources color logo and the following disclosure statement: "Funding for this project has been provided in full or in part from the Safe Drinking Water, Water Quality & Supply, Flood Control, River & Coastal Bond Act of 2006 and through an agreement with the State Department of Water Resources." The Funding Recipient shall also include in each of its contracts for work under this Agreement a provision that incorporates the requirements stated within this Paragraph.

D.3. AMENDMENT: This Funding Agreement may be amended at any time by mutual agreement of the Parties, except insofar as any proposed amendments are in any way contrary to applicable law. Requests by the Funding Recipient for amendments must be in writing stating the amendment request and the reason for the request. Requests solely for a time extension must be submitted at least 90 days prior to the work completion date set forth in Paragraph 2. Any other request for an amendment must be submitted at least 180 days prior to the work completion date set forth in Paragraph 2. State shall have no obligation to agree to an amendment.

D.4. AMERICANS WITH DISABILITIES ACT: By signing this Funding Agreement, Funding Recipient assures State that it complies with the Americans with Disabilities Act (ADA) of 1990, (42 U.S.C. § 12101 et seq.), which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA.

D.5. AUDITS: State reserves the right to conduct an audit at any time between the execution of this Funding Agreement and the completion of the Project, with the costs of such audit borne by State. After completion of the Project, State may require Funding Recipient to conduct a final audit to State's specifications, at Funding Recipient's expense, such audit to be conducted by and a report prepared by an independent Certified Public Accountant. Failure or refusal by Funding Recipient to comply with this provision shall be considered a breach of this Funding Agreement, and State may elect to pursue any remedies provided in Paragraph 9 or take any other action it deems necessary to protect its interests.

Pursuant to Government Code section 8546.7, the Funding Recipient shall be subject to the examination and audit by the State for a period of three (3) years after final payment under this Funding Agreement

with respect of all matters connected with this Funding Agreement, including but not limited to, the cost of administering this Funding Agreement. All records of Funding Recipient or its contractor or subcontractors shall be preserved for this purpose for at least three (3) years after receipt of the final disbursement under this Agreement.

- D.6. BUDGET CONTINGENCY: If the Budget Act of the current year covered under this Funding Agreement does not appropriate sufficient funds for this program, this Funding Agreement shall be of no force and effect. This provision shall be construed as a condition precedent to the obligation of State to make any payments under this Funding Agreement. In this event, State shall have no liability to pay any funds whatsoever to Funding Recipient or to furnish any other considerations under this Funding Agreement and Funding Recipient shall not be obligated to perform any provisions of this Funding Agreement. Nothing in this Funding Agreement shall be construed to provide Funding Recipient with a right of priority for payment over any other Funding Recipient. If funding for any fiscal year after the current year covered by this Funding Agreement is reduced or deleted by the Budget Act, by Executive Order, or by order of the Department of Finance, the State shall have the option to either cancel this Funding Agreement with no liability occurring to State, or offer a Funding Agreement amendment to Funding Recipient to reflect the reduced amount.
- D.7. CALIFORNIA CONSERVATION CORPS: Funding Recipient may use the services of the California Conservation Corps or other community conservation corps as defined in Public Resources Code section 14507.5.
- D.8. CEQA: Activities funded under this Funding Agreement, regardless of funding source, must be in compliance with the California Environmental Quality Act (CEQA). (Pub. Resources Code, § 21000 et seq.) Any work that is subject to CEQA and funded under this Agreement shall not proceed until documents that satisfy the CEQA process are received by the State's Project Manager and the State has completed its CEQA compliance. Work funded under this Agreement that is subject to a CEQA document shall not proceed until and unless approved by the Department of Water Resources. Such approval is fully discretionary and shall constitute a condition precedent to any work for which it is required. If CEQA compliance by the Funding Recipient is not complete at the time the State signs this Agreement, once State has considered the environmental documents, it may decide to require changes, alterations, or other mitigation to the Project; or to not fund the Project. Should the State decide to not fund the Project, this Agreement shall be terminated in accordance with Paragraph 9.

Applicants seeking Proposition 84 funding should note that Public Resources Code section 75102 requires lead agencies to notify tribal entities prior to adoption of Negative Declarations or Environmental Impact Reports (EIRs) if traditional tribal lands are within the area of the Project.

- D.9. CHILD SUPPORT COMPLIANCE ACT: The Funding Recipient acknowledges in accordance with Public Contract Code section 7110, that:
- A. The Funding Recipient recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Family Code section 5200 et seq.; and
 - B. The Funding Recipient, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.
- D.10. CLAIMS DISPUTE: Any claim that the Funding Recipient may have regarding performance of this Agreement including, but not limited to, claims for additional compensation or extension of time, shall be submitted to the DWR Project Representative, within thirty (30) days of the Funding Recipient's knowledge of the claim. State and Funding Recipient shall then attempt to negotiate a resolution of such claim and process an amendment to this Agreement to implement the terms of any such resolution.
- D.11. COMPETITIVE BIDDING AND PROCUREMENTS: Funding Recipient's contracts with other entities for the acquisition of goods and services and construction of public works with funds provided by State under this Funding Agreement must be in writing and shall comply with all applicable laws and regulations

regarding the securing of competitive bids and undertaking competitive negotiations. If the Funding Recipient does not have a written policy to award contracts through a competitive bidding or sole source process, the Department of General Services' *State Contracting Manual* rules must be followed and are available at: <https://www.dgs.ca.gov/PD/Resources/Page-Content/Procurement-Division-Resources-List-Folder/State-Contracting-Manual>.

- D.12. COMPUTER SOFTWARE: Funding Recipient certifies that it has appropriate systems and controls in place to ensure that state funds will not be used in the performance of this Funding Agreement for the acquisition, operation, or maintenance of computer software in violation of copyright laws.
- D.13. CONFLICT OF INTEREST: All participants are subject to State and Federal conflict of interest laws. Failure to comply with these laws, including business and financial disclosure provisions, will result in the application being rejected and any subsequent contract being declared void. Other legal action may also be taken. Applicable statutes include, but are not limited to, Government Code section 1090 and Public Contract Code sections 10410 and 10411, for State conflict of interest requirements.
- A. Current State Employees: No State officer or employee shall engage in any employment, activity, or enterprise from which the officer or employee receives compensation or has a financial interest and which is sponsored or funded by any State agency, unless the employment, activity, or enterprise is required as a condition of regular State employment. No State officer or employee shall contract on his or her own behalf as an independent contractor with any State agency to provide goods or services.
 - B. Former State Employees: For the two-year period from the date he or she left State employment, no former State officer or employee may enter into a contract in which he or she engaged in any of the negotiations, transactions, planning, arrangements, or any part of the decision-making process relevant to the contract while employed in any capacity by any State agency. For the twelve-month period from the date he or she left State employment, no former State officer or employee may enter into a contract with any State agency if he or she was employed by that State agency in a policy-making position in the same general subject area as the proposed contract within the twelve-month period prior to his or her leaving State service.
 - C. Employees of the Funding Recipient: Employees of the Funding Recipient shall comply with all applicable provisions of law pertaining to conflicts of interest, including but not limited to any applicable conflict of interest provisions of the California Political Reform Act. (Gov. Code, § 87100 et seq.)
 - D. Employees and Consultants to the Funding Recipient: Individuals working on behalf of a Funding Recipient may be required by the Department to file a Statement of Economic Interests (Fair Political Practices Commission Form 700) if it is determined that an individual is a consultant for Political Reform Act purposes.
- D.14. DELIVERY OF INFORMATION, REPORTS, AND DATA: Funding Recipient agrees to expeditiously provide throughout the term of this Funding Agreement, such reports, data, information, and certifications as may be reasonably required by State.
- D.15. DISPOSITION OF EQUIPMENT: Funding Recipient shall provide to State, not less than 30 calendar days prior to submission of the final invoice, an itemized inventory of equipment purchased with funds provided by State. The inventory shall include all items with a current estimated fair market value of more than \$5,000.00 per item. Within 60 calendar days of receipt of such inventory State shall provide Funding Recipient with a list of the items on the inventory that State will take title to. All other items shall become the property of Funding Recipient. State shall arrange for delivery from Funding Recipient of items that it takes title to. Cost of transportation, if any, shall be borne by State.
- D.16. DRUG-FREE WORKPLACE CERTIFICATION: Certification of Compliance: By signing this Funding Agreement, Funding Recipient, its contractors or subcontractors hereby certify, under penalty of perjury under the laws of State of California, compliance with the requirements of the Drug-Free Workplace Act of 1990 (Gov. Code, § 8350 et seq.) and have or will provide a drug-free workplace by taking the following actions:
- A. Publish a statement notifying employees, contractors, and subcontractors that unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited and specifying

actions to be taken against employees, contractors, or subcontractors for violations, as required by Government Code section 8355.

- B. Establish a Drug-Free Awareness Program, as required by Government Code section 8355 to inform employees, contractors, or subcontractors about all of the following:
 - i. The dangers of drug abuse in the workplace,
 - ii. Funding Recipient's policy of maintaining a drug-free workplace,
 - iii. Any available counseling, rehabilitation, and employee assistance programs, and
 - iv. Penalties that may be imposed upon employees, contractors, and subcontractors for drug abuse violations.
- C. Provide, as required by Government Code section 8355, that every employee, contractor, and/or subcontractor who works under this Funding Agreement:
 - i. Will receive a copy of Funding Recipient's drug-free policy statement, and
 - ii. Will agree to abide by terms of Funding Recipient's condition of employment, contract or subcontract.

D.17. REMAINING BALANCE: In the event the Funding Recipient does not submit invoices requesting all of the funds encumbered under this Grant Agreement, any remaining funds revert to the State. The State will notify the Funding Recipient stating that the Project file is closed and any remaining balance will be disencumbered and unavailable for further use under this Grant Agreement.

D.18. FUNDING RECIPIENT'S RESPONSIBILITIES: Funding Recipient and its representatives shall:

- A. Faithfully and expeditiously perform or cause to be performed all project work as described in Exhibit A (Work Plan) and in accordance with Project Exhibit B (Budget) and Exhibit C (Schedule).
- B. Accept and agree to comply with all terms, provisions, conditions, and written commitments of this Funding Agreement, including all incorporated documents, and to fulfill all assurances, declarations, representations, and statements made by Funding Recipient in the application, documents, amendments, and communications filed in support of its request for funding.
- C. Comply with all applicable California, federal, and local laws and regulations.
- D. Implement the Project in accordance with applicable provisions of the law.
- E. Fulfill its obligations under the Funding Agreement and be responsible for the performance of the Project.
- F. Obtain any and all permits, licenses, and approvals required for performing any work under this Funding Agreement, including those necessary to perform design, construction, or operation and maintenance of the Project. Funding Recipient shall provide copies of permits and approvals to State.
- G. Be solely responsible for design, construction, and operation and maintenance of projects within the work plan. Review or approval of plans, specifications, bid documents, or other construction documents by State is solely for the purpose of proper administration of funds by State and shall not be deemed to relieve or restrict responsibilities of Funding Recipient under this Agreement.
- H. Be solely responsible for all work and for persons or entities engaged in work performed pursuant to this Agreement, including, but not limited to, contractors, subcontractors, suppliers, and providers of services. The Funding Recipient shall be responsible for any and all disputes arising out of its contracts for work on the Project, including but not limited to payment disputes with contractors and subcontractors. The State will not mediate disputes between the Funding Recipient and any other entity concerning responsibility for performance of work.

D.19. GOVERNING LAW: This Funding Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.

- D.20. **INCOME RESTRICTIONS:** The Funding Recipient agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Funding Recipient under this Agreement shall be paid by the Funding Recipient to the State, to the extent that they are properly allocable to costs for which the Funding Recipient has been reimbursed by the State under this Agreement. The Funding Recipient shall also include in each of its contracts for work under this Agreement a provision that incorporates the requirements stated within this Paragraph.
- D.21. **INDEMNIFICATION:** Funding Recipient shall indemnify and hold and save the State, its officers, agents, and employees, free and harmless from any and all liabilities for any claims and damages (including inverse condemnation) that may arise out of the Project and this Agreement, including, but not limited to any claims or damages arising from planning, design, construction, maintenance and/or operation of levee rehabilitation measures for this Project and any breach of this Agreement. Funding Recipient shall require its contractors or subcontractors to name the State, its officers, agents and employees as additional insureds on their liability insurance for activities undertaken pursuant to this Agreement.
- D.22. **INDEPENDENT CAPACITY:** Funding Recipient, and the agents and employees of Funding Recipients, in the performance of the Funding Agreement, shall act in an independent capacity and not as officers, employees, or agents of the State.
- D.23. **INSPECTION OF BOOKS, RECORDS, AND REPORTS:** During regular office hours, each of the parties hereto and their duly authorized representatives shall have the right to inspect and to make copies of any books, records, or reports of either party pertaining to this Funding Agreement or matters related hereto. Each of the parties hereto shall maintain and shall make available at all times for such inspection accurate records of all its costs, disbursements, and receipts with respect to its activities under this Funding Agreement. Failure or refusal by Funding Recipient to comply with this provision shall be considered a breach of this Funding Agreement, and State may withhold disbursements to Funding Recipient or take any other action it deems necessary to protect its interests.
- D.24. **INSPECTIONS OF PROJECT BY STATE:** State shall have the right to inspect the work being performed at any and all reasonable times during the term of the Funding Agreement. This right shall extend to any subcontracts, and Funding Recipient shall include provisions ensuring such access in all its contracts or subcontracts entered into pursuant to its Funding Agreement with State.
- D.25. **LABOR CODE COMPLIANCE:** The Funding Recipient agrees to be bound by all the provisions of the Labor Code regarding prevailing wages and shall monitor all contracts subject to reimbursement from this Agreement to assure that the prevailing wage provisions of the Labor Code are being met. Current Department of Industrial Relations (DIR) requirements may be found at: <http://www.dir.ca.gov/lcp.asp>. For more information, please refer to DIR's *Public Works Manual* at: <http://www.dir.ca.gov/dlse/PWManualCombined.pdf>. The Funding Recipient certifies that it has a Labor Compliance Program (LCP) in place or has contracted with a third party that has been approved by the Director of DIR to operate an LCP. The Funding Recipient affirms that it is aware of the provisions of section 3700 of the Labor Code, which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance, and the Funding Recipient affirms that it will comply with such provisions before commencing the performance of the work under this Agreement and will make its contractors and subcontractors aware of this provision.
- D.26. **MODIFICATION OF OVERALL WORK PLAN:** At the request of the Funding Recipient, the State may at its sole discretion approve non-material changes to the portions of Exhibit A which concern the budget and schedule without formally amending this Funding Agreement. Non-material changes with respect to the budget are changes that only result in reallocation of the budget and will not result in an increase in the amount of the State Funding Agreement. Non-material changes with respect to the Project schedule are changes that will not extend the term of this Funding Agreement. Requests for non-material changes to the budget and schedule must be submitted by the Funding Recipient to the State in writing and are not effective unless and until specifically approved by the State's Program Manager in writing.
- D.27. **NONDISCRIMINATION:** During the performance of this Funding Agreement, Funding Recipient and its contractors or subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex (gender), sexual orientation, race, color, ancestry,

religion, creed, national origin (including language use restriction), pregnancy, physical disability (including HIV and AIDS), mental disability, medical condition (cancer/genetic characteristics), age (over 40), marital status, and denial of medial and family care leave or pregnancy disability leave. Funding Recipient and its contractors or subcontractors shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Funding Recipient and its contractors or subcontractors shall comply with the provisions of the California Fair Employment and Housing Act (Gov. Code, § 12990.) and the applicable regulations promulgated there under (Cal. Code Regs., tit. 2, § 11000 et seq.). The applicable regulations of the Fair Employment and Housing are incorporated into this Agreement by reference. Funding Recipient and its contractors or subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.

Funding Recipient shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Funding Agreement.

- D.28. OPINIONS AND DETERMINATIONS: Where the terms of this Funding Agreement provide for action to be based upon, judgment, approval, review, or determination of either party hereto, such terms are not intended to be and shall never be construed as permitting such opinion, judgment, approval, review, or determination to be arbitrary, capricious, or unreasonable.
- D.29. PERFORMANCE BOND: Where contractors are used, the Funding Recipient shall not authorize construction to begin until each contractor has furnished a performance bond in favor of the Funding Recipient in the following amounts: faithful performance (100%) of contract value, and labor and materials (100%) of contract value. This requirement shall not apply to any contract for less than \$25,000.00. Any bond issued pursuant to this paragraph must be issued by a California-admitted surety. (Pub. Contract Code, § 7103; Code Civ. Proc., § 995.311.)
- D.30. PRIORITY HIRING CONSIDERATIONS: If this Funding Agreement includes services in excess of \$200,000, the Funding Recipient shall give priority consideration in filling vacancies in positions funded by the Funding Agreement to qualified recipients of aid under Welfare and Institutions Code section 11200 in accordance with Public Contract Code section 10353.
- D.31. PROHIBITION AGAINST DISPOSAL OF PROJECT WITHOUT STATE PERMISSION: The Funding Recipient shall not sell, abandon, lease, transfer, exchange, mortgage, hypothecate, or encumber in any manner whatsoever all or any portion of any real or other property necessarily connected or used in conjunction with the Project, or with Funding Recipient's service of water, without prior permission of State. Funding Recipient shall not take any action, including but not limited to actions relating to user fees, charges, and assessments that could adversely affect the ability of Funding Recipient meet its obligations under this Funding Agreement, without prior written permission of State. State may require that the proceeds from the disposition of any real or personal property be remitted to State.
- D.32. PROJECT ACCESS: The Funding Recipient shall ensure that the State, the Governor of the State, or any authorized representative of the foregoing, will have safe and suitable access to the Project site at all reasonable times during Project construction and thereafter for the term of this Agreement.
- D.33. REMEDIES NOT EXCLUSIVE: The use by either party of any remedy specified herein for the enforcement of this Funding Agreement is not exclusive and shall not deprive the party using such remedy of, or limit the application of, any other remedy provided by law.
- D.34. RETENTION: The State shall withhold ten percent (10%) of the funds requested by the Funding Recipient for reimbursement of Eligible Project Costs until the Project is completed and Final Report is approved. Any retained amounts due to the Funding Recipient will be promptly disbursed to the Funding Recipient, without interest, upon completion of the Project.
- D.35. RIGHTS IN DATA: Funding Recipient agrees that all data, plans, drawings, specifications, reports, computer programs, operating manuals, notes and other written or graphic work produced in the performance of this Funding Agreement shall be made available to the State and shall be in the public domain to the extent to which release of such materials is required under the California Public Records Act. (Gov. Code, § 6250 et seq.) Funding Recipient may disclose, disseminate and use in whole or in part,

any final form data and information received, collected and developed under this Funding Agreement, subject to appropriate acknowledgement of credit to State for financial support. Funding Recipient shall not utilize the materials for any profit-making venture or sell or grant rights to a third party who intends to do so. The State shall have the right to use any data described in this paragraph for any public purpose.

- D.36. RUSSIA SANCTIONS EXECUTIVE ORDER: On March 4, 2022, the Governor issued Executive Order N-6-22 (the EO) regarding Economic Sanctions against Russia and Russian entities and individuals. The EO may be found at: <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf>. "Economic Sanctions" refers to sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under State law. The EO directs DWR to terminate funding agreements with, and to refrain from entering any new agreements with, individuals or entities that are determined to be a target of Economic Sanctions. Accordingly, should the State determine that the Funding Recipient is a target of Economic Sanctions or is conducting prohibited transactions with sanctioned individuals or entities, that shall be grounds for termination of this Agreement. The State shall provide the Funding Recipient advance written notice of such termination, allowing the Funding Recipient at least 30 calendar days to provide a written response. Termination shall be at the sole discretion of the State.
- D.37. SEVERABILITY: Should any portion of this Funding Agreement be determined to be void or unenforceable, such shall be severed from the whole and the Funding Agreement shall continue as modified.
- D.38. SUSPENSION OF PAYMENTS: This Funding Agreement may be subject to suspension of payments or termination, or both if the State determines that:
- A. Funding Recipient, its contractors, or subcontractors have made a false certification, or
 - B. Funding Recipient, its contractors, or subcontractors violates the certification by failing to carry out the requirements noted in this Funding Agreement.
- D.39. SUCCESSORS AND ASSIGNS: This Funding Agreement and all of its provisions shall apply to and bind the successors and assigns of the parties. No assignment or transfer of this Funding Agreement or any part thereof, rights hereunder, or interest herein by the Funding Recipient shall be valid unless and until it is approved by State and made subject to such reasonable terms and conditions as State may impose.
- D.40. TERMINATION BY FUNDING RECIPIENT: Subject to State approval which may be reasonably withheld, Funding Recipient may terminate this Agreement and be relieved of contractual obligations. In doing so, Funding Recipient must provide a reason(s) for termination. Funding Recipient must submit all progress reports summarizing accomplishments up until termination date.
- D.41. TERMINATION FOR CAUSE: Subject to the right to cure under Paragraph 9, the State may terminate this Funding Agreement and be relieved of any payments should Funding Recipient fail to perform the requirements of this Funding Agreement at the time and in the manner herein, provided including but not limited to reasons of default under Paragraph 9.
- D.42. TERMINATION WITHOUT CAUSE: The State may terminate this Agreement without cause on 30 days' advance written notice. The Funding Recipient shall be reimbursed for all reasonable expenses incurred up to the date of termination.
- D.43. THIRD PARTY BENEFICIARIES: The parties to this Agreement do not intend to create rights in, or grant remedies to, any third party as a beneficiary of this Agreement, or any duty, covenant, obligation or understanding established herein.
- D.44. TIMELINESS: Time is of the essence in this Funding Agreement.
- D.45. TRAVEL: Travel includes the reasonable and necessary costs of transportation costs incurred by personnel during the term of this Funding Agreement. Any reimbursement for necessary travel shall be at rates not to exceed those set by the California Department of Human Resources. These rates may be found at: <http://www.calhr.ca.gov/employees/Pages/travel-reimbursements.aspx>. Reimbursement will be at the State travel amount that is current as of the date costs are incurred. No travel shall be reimbursed unless prior written authorization is obtained from the State.

- D.46. UNION ORGANIZING: Funding Recipient, by signing this Funding Agreement, hereby acknowledges the applicability of Government Code sections 16645 through 16649 to this Funding Agreement. Furthermore, Funding Recipient, by signing this Funding Agreement, hereby certifies that:
- A. No State funds disbursed by this Funding Agreement will be used to assist, promote, or deter union organizing.
 - B. Funding Recipient shall account for State funds disbursed for a specific expenditure by this Funding Agreement to show those funds were allocated to that expenditure.
 - C. Funding Recipient shall, where State funds are not designated as described in (b) above, allocate, on a pro rata basis, all disbursements that support the program.
 - D. If Funding Recipient makes expenditures to assist, promote, or deter union organizing, Funding Recipient will maintain records sufficient to show that no State funds were used for those expenditures and that Funding Recipient shall provide those records to the Attorney General upon request.
- D.47. VENUE: The State and the Funding Recipient hereby agree that any action arising out of this Agreement shall be filed and maintained in the Superior Court in and for the County of Sacramento, California, or in the United States District Court in and for the Eastern District of California. The Funding Recipient hereby waives any existing sovereign immunity for the purposes of this Agreement.
- D.48. WAIVER OF RIGHTS: None of the provisions of this Funding Agreement shall be deemed waived unless expressly waived in writing. It is the intention of the parties here to that from time to time either party may waive any of its rights under this Funding Agreement unless contrary to law. Any waiver by either party of rights arising in connection with the Funding Agreement shall not be deemed to be a waiver with respect to any other rights or matters, and such provisions shall continue in full force and effect.

Funding Recipient Resolution

RESOLUTION NO. 15-34

**APPROVING THE APPLICATION FOR STATE GRANT FUNDS TO THE
DEPARTMENT OF WATER RESOURCES FOR FLOOD
EMERGENCY RESPONSE PROJECTS**

WHEREAS, the Department of Water Resources (DWR) is soliciting grant proposals for projects that improve flood emergency preparedness and response; and

WHEREAS, the current communications system for the City's and the District's Flood Alert System, Automated Local Evaluation in Real Time (ALERT) was developed by the National Weather Services in the 1970's; and

WHEREAS, the City of Roseville will be working collaboratively with the Placer County Flood Control and Water Conservation District to seek funding to update ALERT;

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Roseville hereby authorizes the City Manager to sign the grant application on behalf of the City.

PASSED AND ADOPTED by the Council of the City of Roseville this 4th day of February, 2015, by the following vote on roll call:

AYES	COUNCILMEMBERS:	Gore, Rohan, Herman, Roccucci, Garcia
NOES	COUNCILMEMBERS:	None
ABSENT	COUNCILMEMBERS:	None

Exhibit F
REPORT FORMATS AND REQUIREMENTS

The following reporting formats should be utilized. Please obtain State approval prior to submitting a report in an alternative format.

1. PROGRESS REPORTS

Progress reports shall generally use the following format. This format may be modified as necessary to effectively communicate information.

PROJECT STATUS

For each project, describe the work performed during the time period covered by the report including but not limited to:

PROJECT INFORMATION

- Legal matters
- Engineering Evaluations
- Environmental matters
- Status of permits, easements, rights-of-way, rights of entry and approvals as may be required by other State, federal, and/or local agencies
- Major accomplishments during the quarter (i.e. tasks completed, milestones met, meetings held or attended, press releases, etc.)
- Issues/concerns that have, will, or could affect the schedule or budget, with a recommendation on how to correct the matter
- Describe differences between the work performed and the work outlined in the Overall Work Plan, including change orders
- Estimate the percentage completion of the overall project
- Identify key issues that need to be resolved
- Photos documenting progress

COST INFORMATION

- Provide a list showing all project costs incurred during the time period covered by the report by the Funding Recipient and each contractor working on the project and which of these costs are Eligible Project Costs
- A discussion on how the actual budget is progressing in comparison to the project budget included in the Overall Work Plan
- A list of any changes approved to the budget in accordance with Funding Agreement and a revised budget, by task, if changed from latest budget in the Overall Work Plan

SCHEDULE INFORMATION

- A schedule showing actual progress verses planned progress
- A discussion on how the actual schedule is progressing in comparison to the original or last reported schedule
- A list of any changes approved to the Schedule in accordance with Funding Agreement and a revised schedule, by task, if changed from latest reported schedule

2. PROJECT COMPLETION REPORT

Project Completion Reports shall generally use the following format.

EXECUTIVE SUMMARY – Should include a brief summary of project information and include the following items:

- Brief description of work proposed to be done in the original application
- Description of actual work completed and any deviations from the work plan identified in the Funding Agreement

REPORTS AND/OR PRODUCTS – The following items should be provided

- Final Evaluation report
- Electronic copies of any data collected, not previously submitted
- Self-Certification that the Project meets the stated goal of the funding agreement (e.g. Water Code 9650)
- Project photos (if applicable)
- Discussion of problems that occurred during the work and how those problems were resolved
- A final project schedule showing actual progress versus planned progress

COSTS AND DISPOSITION OF FUNDS – A list of showing:

- The date each invoice was submitted to State
- The amount of the invoice
- The date the check was received
- The amount of the check (If a check has not been received for the final invoice, then state this in this section.)
- A summary of final funds disbursement including:
 - Labor cost of personnel of agency/ major consultant /sub-consultants. Indicate personnel, hours, rates, type of profession and reason for consultant, i.e., design, CEQA work, etc.
 - Evaluation cost information, shown by material, equipment, labor costs, and any change orders
 - Any other incurred cost detail
 - A statement verifying separate accounting of funding disbursements
- Summary of project cost including the following items:
 - Accounting of the cost of project expenditure;
 - Include all internal and external costs not previously disclosed; and
 - A discussion of factors that positively or negatively affected the project cost and any deviation from the original project cost estimate.

ADDITIONAL INFORMATION – Any relevant additional Information should be included.

Exhibit G**MONITORING AND MAINTENANCE PLAN COMPONENTS**

The City of Roseville (City) and the Placer County Flood Control and Water Conservation District (District) currently owns, operates, and maintains separate Flood Alert Systems. While each Flood Alert System is separately funded and maintained, the City and District routinely share stream measurement data, and serve as backup systems for each other.

The City's Flood Alert System has been in continuous operation for the past thirty-four years, and funding for its current operation is included within the Public Works Department – Engineering Division Operations Budget.

The District's Flood Alert System has been in continuous operation for a similar amount of time, and funding for its current operation is included within the Placer County Flood Control and Water Conservation District Budget.

The Department of Water Resources is not responsible for the funding or execution of any scheduled maintenance or emergency repair activities related to equipment or products purchased under this grant.

1. Resources & Procedure for Maintenance Plan**a. Resources:**

The City of Roseville Public Works Department – Engineering Division has a Senior Civil Engineer and Assistant Engineer allocated as full-time staff for the purposes of Floodplain Management and Flood Alert System maintenance. Floodplain Management and Flood Alert System staff will serve as the primary staff assigned to maintain the City of Roseville Flood Alert System database and transmitters installed under this grant.

The Placer County Flood Control and Water Conservation District has a District Manager and Development Review Coordinator allocated as full-time staff for the purposes of Flood Alert System maintenance. District staff will be the primary staff assigned to maintain the Placer County Flood Control and Water Conservation District Flood Alert System database and transmitters installed under this grant.

b. Procedures:

Written maintenance procedures for the base station hardware, software, and transmitters are project deliverables and will be used by City and District staff to maintain the equipment and software procured under their respective tasks.

2. Funding

a. Funding for maintenance of the base station equipment, data collection software, new stream gauges, and ALERT 2 transmitters will be included within the City's and Flood Control District's respective budgets.

Exhibit H**STATE AUDIT DOCUMENT REQUIREMENTS FOR FUNDING RECIPIENTS**

The following provides a list of documents typically required by State Auditors and general guidelines for Funding Recipients. List of documents pertains to both State funding and Funding Recipient's Funding Match and details the documents/records that State Auditors would need to review in the event of this Funding Agreement is audited. Funding Recipients should ensure that such records are maintained for each funded project.

State Audit Document RequirementsInternal Controls

1. Organization chart (e.g., Agency's overall organization chart and organization chart for the State funded Program/Project).
2. Written internal procedures and flowcharts for the following:
 - a) Receipts and deposits
 - b) Disbursements
 - c) State reimbursement requests
 - d) Expenditure tracking of State funds
 - e) Guidelines, policy, and procedures on State funded Program/Project
3. Audit reports of the Agency internal control structure and/or financial statements within the last two years.
4. Prior audit reports on the State funded Program/Project.

State Funding:

1. Original Funding Agreement, any amendment(s) and budget modification documents.
2. A listing of all bond-funded grants, loans, or subventions received from the State.
3. A listing of all other funding sources for each Program/Project.

Contracts:

1. All subcontractor and consultant contracts and related or partners' documents, if applicable.
2. Contracts between the Agency and member agencies as related to the State funded Program/Project.

Invoices:

1. Invoices from vendors and subcontractors for expenditures submitted to the State for payments under the Funding Agreement.
2. Documentation linking subcontractor invoices to State reimbursement, requests and related Funding Agreement budget line items.
3. Reimbursement requests submitted to the State for the Funding Agreement.

Cash Documents:

1. Receipts (copies of warrants) showing payments received from the State.
2. Deposit slips (or bank statements) showing deposit of the payments received from the State.
3. Cancelled checks or disbursement documents showing payments made to vendors, subcontractors, consultants, and/or agents under the grants or loans.
4. Bank statements showing the deposit of the receipts.

Accounting Records:

1. Ledgers showing entries for funding receipts and cash disbursements.
2. Ledgers showing receipts and cash disbursement entries of other funding sources.
3. Bridging documents that tie the general ledger to requests for Funding Agreement reimbursement.

Administration Costs:

1. Supporting documents showing the calculation of administration costs.

Personnel:

1. List of all contractors and Agency staff that worked on the State funded Program/Project.
2. Payroll records including timesheets for contractor staff and the Agency personnel who provided services charged to the program

Project Files:

1. All supporting documentation maintained in the project files.
2. All Funding Agreement related correspondence.

COUNCIL COMMUNICATION

CC #: 2804

File #: 0900-04-02 & 1002

Title: Roseville Parkway Extension Project - Agreement for Sale of Real Property

Contact: Jesse Khatkar 916-774-5434 jskhatkar@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.12.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to approve an Agreement for Sale of Real Property for the purchase of real property for the Roseville Parkway Extension project with JB Company Management, LP in the amount of \$200,000, and authorize the City Manager to execute it and all related escrow documents on behalf of the City of Roseville.

BACKGROUND

Roseville Parkway is a multi-lane arterial roadway providing a connection from Northwest Roseville to East Roseville and Granite Bay. The roadway is continuous except for a 0.75-mile segment between Foothills Boulevard and Washington Boulevard. The project scope includes the construction of:

- Four vehicle travel lanes (two in each direction);
- Curb, gutter and sidewalk;
- On-street bike lanes;
- Separated multi-use path;
- Street lights;
- Street landscaping; and
- An overpass spanning the Union Pacific Railroad (UPRR) tracks and Industrial Avenue

At their December 19, 2019 meeting, City Council approved a Professional Design Service agreement with Mark Thomas to complete the design and environmental document for the project. It was determined the project needed to acquire property rights from four property owners. The City obtained the services of Interwest Consulting Group to prepare the valuations that determined the fair market value for the acquisitions, and to negotiate the acquisition agreements on the City's behalf.

The property acquisition included in this action is from JB Company Management, LP and consists of approximately 6,682 square feet of Right of Way and 12,021 square feet of Slope and Drainage easement for a purchase amount of \$200,000. This is the final property acquisition

needed for the project.

Bidding for the Roseville Parkway Extension project has already begun. Construction is anticipated to begin in late 2023 and be completed by early 2025.

Public Outreach:

Since 2019, the Roseville Parkway Extension Project has been driven by robust public participation including a virtual community open house, stakeholder representative group meetings, online surveys, and email and social media updates. Details about the project can be found at roseville.ca.us/ParkwayExtension. Staff will continue to engage with the community as the project moves forward.

FISCAL IMPACT

The project is anticipated to cost approximately \$27.4 million and be entirely funded by the Traffic Mitigation Fund (TMF). Staff will return to Council with a budget adjustment to fund construction once the bids are received and actual construction costs are determined. There are adequate funds in the project for the subject property acquisition. No General Fund resources will be used for the project.

ENVIRONMENTAL REVIEW

Project level CEQA compliance for the Roseville Parkway Extension project was accomplished with preparation of the Roseville Parkway Extension Project Final Initial Study and Mitigated Negative Declaration (Adopted: September 16, 2020). Because the Roseville Parkway Extension project is consistent with the project evaluated in the Roseville Parkway Extension Project Final Initial Study and Mitigated Negative Declaration, no new effects would be expected to occur and all applicable mitigation measures from the Roseville Parkway Extension Project Final Initial Study and Mitigated Negative Declaration will be implemented. As such, no additional CEQA action is required at this time.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal F - Invest in well-planned infrastructure and growth

RESOLUTION NO. 23-283

APPROVING AN AGREEMENT FOR SALE OF REAL PROPERTY, BY AND BETWEEN
THE CITY OF ROSEVILLE AND JB COMPANY MANAGEMENT LP, AND
AUTHORIZING THE CITY MANAGER TO EXECUTE IT AND ALL RELATED ESCROW
DOCUMENTS ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS, an Agreement for Sale of Real Property, for the purchase of a portion of property consisting of approximately 6,682 square feet of Right of Way and 12,021 square feet of Slope and Drainage easement (APN No. 017-113-023) in Roseville, CA, by and between the City of Roseville and JB Company Management LP, has been reviewed by the City Council; and

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Roseville that said agreement is hereby approved and that the City Manager is authorized to execute it and all related escrow documents on behalf of the City of Roseville; and

PASSED AND ADOPTED by the Council of the City of Roseville this ____ day of _____, 2023, by the following vote on roll call:

AGREEMENT FOR SALE OF REAL PROPERTY

THIS AGREEMENT, made and entered into this _____ day of _____, 20____, by and between the **CITY OF ROSEVILLE, a municipal corporation**, as grantee ("CITY") and **JB COMPANY MANAGEMENT LP, a California limited partnership**, as grantor ("GRANTOR"),

WITNESSETH:

WHEREAS, GRANTOR is the owner of certain real property identified as Assessor Parcel Number 017-113-023 located in the City of Roseville, County of Placer (the "Property"); and

WHEREAS, the CITY desires to acquire a portion of such property in fee simple interest as described in the attached legal description marked Exhibit "A-1", and depicted on the attached plat map marked Exhibit "B-1", which is attached hereto and incorporated herein by reference for the purpose of constructing the Roseville Parkway Extension Project ("the Project"); and

WHEREAS, the CITY desires to acquire a permanent drainage and slope easement as described in the attached legal description marked Exhibit "A-2" and depicted on the attached plat map marked Exhibit "B-2", which is attached hereto and incorporated herein by reference; and

WHEREAS, GRANTOR agrees to sell and CITY agrees to buy the fee simple interest and a permanent drainage and slope easement (collectively "the Subject Property"), pursuant to the terms and conditions set forth in this Agreement; and

WHEREAS, GRANTOR agrees to sell and CITY agrees to buy the Subject Property pursuant to the terms and conditions set forth in this Agreement.

NOW, THEREFORE, the parties agree as follows:

1. Purchase Price. GRANTOR agrees to sell, and CITY agrees to buy, the Subject Property for the sum of ***Two Hundred Thousand Dollars (\$200,000.00)*** ("Purchase Price"). In addition, CITY agrees to release GRANTOR's obligations to construct certain improvements as described in those Deferred Improvement Agreements identified as Exception Items 7 and 8 of Fidelity National Title Company Preliminary Title Report number 01004124-010-PA, dated June 29, 2020 and amended May 27, 2021 and February 24, 2023. The parties agree that the Purchase Price and release of the Deferred Improvement Agreements includes compensation for any and all improvements located within the Subject Property and any severance damages, loss of goodwill damages, relocation assistance payments, costs, or attorney fees, except as provided herein.

2. Conveyance. GRANTOR has executed, or will execute prior to the Close of Escrow, as defined herein, the Grant Deed and Drainage and Slope Easement in the format satisfactory to the City Attorney of CITY (collectively "Deeds"), conveying the Subject Property to CITY.

3. Escrow. CITY has opened an escrow account for this transaction with Fidelity National Title Company, 8525 Madison Ave #110, Fair Oaks, CA 95628, and Attention: Paul Avila ("the Title Company") under Escrow #01004124-010-PA-KD as described in the Escrow Instructions attached hereto as Exhibit "C-1". Prior to the Close of Escrow, GRANTOR shall deliver the Deeds to the Title Company. Prior to the Close of Escrow, CITY shall deposit with the Title Company the Purchase Price for the account of GRANTOR, conditioned upon the Subject Property vesting in CITY free and clear of all liens, leases, encumbrances, assessments, easements, bonds, judgments and debts secured by Deeds of Trust or mortgages except as indicated in the Escrow Instructions. If for any reason escrow fails to close as set forth herein, including termination of this Agreement, the Title Company shall return all funds and documents to the party that submitted such funds or documents.

4. Title Approval. CITY's disapproval of any exception shown in the title reports are set forth in Exhibit "C-1", the Escrow Instructions. GRANTOR shall notify City within fifteen (15) working days of the Effective Date of this Agreement if it elects not to remove or is unable to remove any disapproved exception. CITY shall have five (5) working days after notification of such action either (i) to terminate this Agreement or (ii) to waive its disapproval of such exception and agree to purchase the Subject Property subject to the disapproved exception. If CITY fails to notify GRANTOR, in writing, within five (5) working days of its election pursuant to this paragraph, CITY shall be deemed to have elected to terminate this Agreement. In the event of termination of this Agreement, the parties shall have no obligations hereunder. Any exception which CITY has approved hereunder, either by CITY's approval, CITY's failure to disapprove such exception, or by CITY's waiver of disapproval, shall be deemed a "Permitted Exception".

5. Discharge of Obligations. The Title Company may expend any and all money payable to GRANTOR under this Agreement to discharge any obligations (except those identified in the Escrow Instructions as being taken subject to) which are liens upon the Subject Property, including but not limited to, those arising from judgments, assessments, delinquent taxes (other than for the fiscal year referred to in the Escrow Instructions), or debts secured by deeds of trust or mortgages or to defray any other incidental costs other than those specified in the escrow instructions to be borne by CITY. Any money made payable pursuant to a deed of trust shall be made payable to the beneficiary entitled to the money pursuant to the deed of trust; provided, however, that the beneficiary shall first furnish GRANTOR and the Title Company with a good and sufficient receipt showing the money to be credited against the indebtedness secured by the deed of trust.

6. Allocation of Taxes and Assessments. Taxes for the fiscal year in which the escrow closes shall be cleared and paid for in the manner required by Section 5086 of the Revenue and Taxation Code. As a deduction from the amount shown in Section 1, above, the City shall be authorized to pay any delinquent taxes due in any fiscal year, except the fiscal year in which this escrow closes, together with penalties and interest thereon. If GRANTOR has prepaid any taxes which are cancelled pursuant to Section 5086 as to the Subject Property, GRANTOR may seek any refunds to which it is entitled from such taxing agencies. If the Subject Property is subject to any assessments which are not subject to cancellation under Revenue and Taxation Code section 5086, such assessments shall be prorated as of the date of apportionment. GRANTOR shall pay all taxes and assessments outstanding up to the date of apportionment, if any, as to the Subject Property.

7. Escrow Costs. CITY shall pay all escrow fees, recording fees and title insurance charges incurred in this transaction.

8. Date of Possession. The right of possession and use of the Subject Property by the CITY, including the right to remove and dispose of improvements, shall commence upon the Effective Date of this Agreement, and the amount shown in Paragraph 1 of this Agreement includes, but is not limited to, full payment for such possession and use, including damages, if any, from said date.

9. Title and Escrow Closing. Title to the Subject Property shall pass immediately upon Close of Escrow. Escrow shall close no later than sixty (60) days after the Effective Date of this Agreement (the "Close of Escrow").

10. Escrow Instructions. A copy of this Agreement shall be delivered to the Title Company by CITY and shall have Escrow Instructions attached. The issuance of any additional escrow instructions shall be the sole responsibility of CITY, but must be signed by GRANTOR to be valid and enforceable and approved by the City Attorney.

11. Time. Time is of the essence of this Agreement.

12. No Existing Tenancy. GRANTOR warrants there are no oral or written leases on all or any portion of the Subject Property, with the exception of *To Be Determined* ("Lessee"). GRANTOR agrees to defend, indemnify and hold CITY harmless for any damages, losses and/or expenses occasioned by reason of any lease of all or a portion of the Subject Property, with the exception of current Lessee. GRANTOR agrees not to assign, transfer or sell to any third party any right, title or interest GRANTOR has in the Subject Property. The parties acknowledge that, upon acquisition by CITY, any lease, tenancy or occupancy shall terminate as to that part of the lease, tenancy or occupancy being acquired by CITY pursuant to this Agreement. Further, if there exists either recorded or unrecorded leases, the parties agree that at CITY's sole discretion, escrow shall not close and this Agreement shall become all or in part null and void if the Title Company fails to receive adequate documentation (such as a quitclaim deed and/or Tenant Consent) establishing that lessee has agreed to claim no interest in the Subject Property or in any compensation for the Subject Property, and further enables CITY to obtain sufficient title insurance.

13. Project. GRANTOR understands that the acquisition of the Subject Property is in connection with the construction, operation and maintenance by CITY of the Project, and that the payment of the money provided by this Agreement constitutes the entire consideration for the sale. GRANTOR hereby waives and releases CITY from any obligation, claim or damage on account of the grant of the Subject Property to CITY or on account of the location or construction of the Project.

14. Hazardous Substances. Neither GRANTOR, nor to the best of GRANTOR's knowledge, any third party, has engaged in the generation, use, manufacture, storage, treatment, transportation, or disposal of any "hazardous substance" on the Subject Property. In addition, neither GRANTOR, nor to the best of GRANTOR's knowledge, any third party has received any form of notice of violation of any "applicable environmental law" with respect to the Subject Property, including any groundwater.

For purposes of this Agreement, the term "hazardous substance" means either any petroleum product or any substance, chemical, or waste that is listed as hazardous, toxic or dangerous under any applicable environmental law.

For purposes of this Agreement, the term "applicable environmental law" means the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), 42 USC

§9601 et seq.; the Resource Conservation and Recovery Act ("RCRA"), 42 USC 6901 et seq.; the federal Water Pollution Control Act, 33 USC §1251 et seq.; the Clean Air Act, 42 USC §7401 et seq.; the Hazardous Materials Transportation Act, 49 USC §1471 et seq.; the Toxic Substances Control Act, 15 USC §§2601-2629; and the Safe Drinking Water Act, 42 USC §300f-300j; as each has been amended from time to time; or any similar state and local laws or ordinances or regulations implementing such statutes.

15. Flood Control Act. GRANTOR discloses that the Subject Property is located in a "flood zone," as set forth on F.E.M.A. or H.U.D. "Special Flood Zone Area Maps."

16. Special Studies Zone Act. GRANTOR discloses that the Subject Property is not situated in a Special Study Zone as designated under the Alquist-Priolo Special Studies Zone Act, Sections 2621-2630, inclusive, of the California Public Resources Code, or otherwise in an area of the high geologic hazard ("Geologic Zone").

17. Testing. If applicable, CITY may at all reasonable times enter upon the Subject Property and conduct tests, take soil or water samples or soil borings to determine if hazardous substances exist. If, such testing detects the existence of a hazardous substance, CITY may, at its sole option, rescind and terminate this Agreement and cancel the escrow. Provided, however, that CITY shall exercise said option not later than sixty (60) days after the Effective Date of this Agreement or the Close of Escrow whichever occurs first.

18. Intentionally Deleted.

19. Removal of Deferred Improvement Agreements by CITY. Prior to the Close of Escrow, CITY shall remove Exception Items 7 and 8 of the Fidelity National Title Company Preliminary Title Report No.: 01004124-010-PA-KD dated June 29, 2020 and amended May 27, 2021 and February 24, 2023, so that such Deferred Improvement Agreements are no longer on title and the Property will no longer be burdened by the Deferred Improvement Agreements.

20. GRANTOR's Warranties.

GRANTOR hereby represents and warrants to CITY:

A. Contracts:

That there are no service contracts or other contractual obligations (except which GRANTOR has disclosed to CITY) upon which GRANTOR is obligated pertaining to the Subject Property, except those which can be terminated upon not more than thirty (30) days' notice.

B. Documents Delivered:

That all documents delivered to GRANTOR by CITY pursuant to the terms of this Agreement are complete.

C. Special Assessments or Condemnation:

That there are not presently pending any special assessments or condemnation actions against the Subject Property, or any part thereof, nor has GRANTOR received any notice of any special assessments or condemnation actions being contemplated except as otherwise listed on the Escrow Instructions.

D. Leasing Commissions:

That there is no outstanding leasing commission's payable for any lease as to the Subject Property and there are no obligations to pay any leasing commission for any renewal of the tenancy of any of the tenants or for any new lease negotiated prior to Close of Escrow.

E. Title:

1) Encumbrances:

Except for those specifically listed in the Preliminary Title Report No. 01004124-010-PA-KD dated June 29, 2020 and amended May 27, 2021 and February 24, 2023, and stated as Permitted Exceptions in the Escrow Instructions, to GRANTOR's best knowledge, the Subject Property is free and clear of all liens, encumbrances, claims, rights, demands, easements, leases, agreements, covenants, conditions, and restrictions of any kind.

2) Encroachments:

Except for those specifically detailed on the attached, Exhibits "B-1", "B-2" and "B-3" plats, to GRANTOR's best knowledge, there are no encroachments on the Subject Property from adjoining property, and the Subject Property does not encroach on any adjoining property, easements, or streets.

F. Litigation:

That GRANTOR is not involved in or aware of any pending or threatened litigation which does or will affect the Subject Property. There are no actions or proceedings pending or threatened against GRANTOR before any court or administrative agency in any way connected with or relating to the Subject Property, or affecting GRANTOR's ability to fulfill all of its obligations under this Agreement.

G. Indemnification:

That GRANTOR shall indemnify and hold CITY harmless from any liability, loss or claim for damages, including reasonable costs and attorneys' fees, arising from any lease as to the Subject Property accruing prior to the Close of Escrow; arising out of any theft, damage, or injury to any tenants on the Subject Property or their personal property, and occurring prior to Close of Escrow; or arising out of the breach by GRANTOR of the covenants or any warranties or the falsity of any of the representations set forth in this Agreement.

H. Survival:

That GRANTOR's representations, warranties and covenants contained in this paragraph shall survive Close of Escrow and the recordation of the Grant Deed.

I. Authority:

That GRANTOR has full power and authority to execute and deliver this Agreement and to consummate the transactions contemplated by this Agreement.

J. Lease Back Rights:

That GRANTOR waives any notice or right of first refusal pursuant to Code of Civil Procedure section 1245.245 and any lease-back rights under Code of Civil Procedure section 1263.615.

K. Brokers:

That no person or entity can properly claim a right to a commission, finder's fee, or other compensation with respect to the transaction contemplated by this Agreement. If any broker or finder makes any claim for a commission or finder's fee, GRANTOR shall indemnify, defend and hold CITY harmless from all liabilities, expenses, losses, damages or claims (including reasonable attorneys' fees) arising out of such broker's or finder's claims.

L. Advice of Professionals:

GRANTOR has had the opportunity to be advised by their own legal counsel and professionals in connection with this Agreement, and has obtained, and relies upon, such advice as GRANTOR deems appropriate.

21. Integrated Agreement. This is an integrated Agreement, and it contains all of the terms, considerations, understandings and promises of the parties. It shall be read as a whole. This Agreement may be amended, modified, changed or rescinded only by an instrument in writing, executed by the parties, except as provided herein.

22. Severability. If any provision in this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall continue in full force without being impaired so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to either party. Upon such determination that any term or provision is illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to affect the original intent of the parties as closely as possible in an acceptable manner to the end that transactions contemplated hereby are fulfilled to the greatest extent possible.

23. Attorney's Fees. In any action brought by either party to enforce the terms of this Agreement, the prevailing party shall be entitled to recover its reasonable attorney's fees.

24. Venue/Governing Law. Any action arising out of this Agreement shall be brought in Placer County, California regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

25. Binding Agreement. This Agreement shall be binding upon the heirs, successors, executors, administrators and assigns of the parties.

26. Joint Effort. This Agreement is the result of the joint efforts and negotiations of parties hereto, and no single party is the author or drafter of it. The parties agree that this Agreement shall be interpreted as though each of the parties participated equally in the composition of this Agreement and each and every part of it.

27. Notice. Any notices to parties required by this Agreement shall be delivered or mailed, U.S. first class, postage prepaid, addressed as follows:

CITY OF ROSEVILLE

Jason Shykowski
Public Works Director
311 Vernon Street
Roseville, CA 95678

GRANTOR

JB Company Management, LP
Attn: Gary Benvenuti
8125 Bell Street, Suite 100
Sacramento, CA 95825

Either party may amend its address for notice by notifying the other party in writing.

28. Intentionally Deleted.

29. Further Assurances. Each party to this Agreement agrees to execute, acknowledge and deliver such further instruments as may be necessary or desirable to accomplish the intent and purpose of this Agreement.

30. Effective Date. This Agreement shall be effective upon full execution by all parties (the "Effective Date").

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has caused this Agreement to be executed in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the _____ day of _____, 20__, and GRANTOR has caused this Agreement to be duly executed.

COUNCIL COMMUNICATION

CC #: 2799
File #: 1006-01

Title: Maya Bowhunters Archery Club - Lease Agreement
Contact: Michelle White 916-774-5774 mjwhite@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.13.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution approving the Lease Agreement with Maya Bowhunters of Roseville, Inc., and authorize the City Manager to execute it on behalf of the City of Roseville.

BACKGROUND

The Maya Bowhunter Archery Club has leased a portion of the closed City of Roseville Sanitary Landfill since 1980. The Club uses the property for archery practice and tournaments. The attached lease agreement is for a year-to-year term and is in the amount of \$2,445.55 per year with an annual inflationary adjustment of two percent for each subsequent year paid to the City by Maya Bowhunters Archery Club.

FISCAL IMPACT

The fiscal impact from this lease will be revenue of \$2,445.55 per year in the Waste Services Operations Fund, with an annual inflationary adjustment of two percent for each subsequent year, paid to the City by Maya Bowhunter's Archery Club.

ENVIRONMENTAL REVIEW

The proposed project involves the leasing of an existing facility. This activity is categorically exempt from CEQA as a Class 1 Exemption (State CEQA Guidelines Section 15301). The Exemption has been prepared and no further CEQA action is required. No additional environment review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal A - Remain fiscally responsible in a changing world

Goal B - Support community engagement and advocacy

Respectfully Submitted,

Michelle White, Environmental Utilities Compliance Administrator

Richard Plecker, Environmental Utilities Director

Dominick Casey, City Manager

LEASE AGREEMENT

(Maya Bowhunters)

This Lease Agreement (“Agreement”) is made and entered into on this ____ day of _____, 2023, by and between City of Roseville, a municipal corporation (“LESSOR”), and Maya Bowhunters of Roseville, Inc., a California non-profit corporation (“LESSEE”); and

WITNESSETH:

WHEREAS, LESSOR owns certain real property depicted in Exhibit “A”, attached hereto and incorporated herein by this reference, which is no longer required for active sanitary landfill purposes; and

WHEREAS, portions of such City-owned property are designated in Exhibit “A” as Lease Area 1A and Lease Area 1B and such lease areas may be collectively referred to herein as the “Subject Property”; and

WHEREAS, LESSEE desires to develop and maintain certain temporary public recreational uses on the Subject Property; and

WHEREAS, the parties have previously entered into leases for portions of the landfill property dated February 6, 1980, December 4, 1985, March 9, 1989, March 17, 1993, November 6, 1996, February 5, 2002, January 19, 2005, May 7, 2008, March 7, 2012 and June 21, 2017; and

NOW, THEREFORE, the parties agree as follows:

1. Subject Property. With regard to the Subject Property, Lease Area 1A presently contains the clubhouse area, practice range, and archery range. LESSEE is hereby authorized to use Lease Area 1A at all times. Lease Area 1B may only be used during identified training sessions and special events and is subject to prior approval by LESSOR as provided in Sections 15 and 16 of this Lease. LESSEE hereby acknowledges and is aware that a public bike trail runs through and nearby the Subject Property, as depicted on Exhibit "A". Use of the Subject Property is hereby deemed exclusive of any City-owned public improvements (e.g., Roseville Parkway). LESSOR shall not install any additional improvements or structures within the Subject Property, except as may be approved by City in its sole discretion.

2. Term. The term of this Agreement shall be for one (1) year commencing upon execution. Provided that LESSEE is not in default in the performance of this Agreement, this Agreement shall automatically renew on an annual basis for a one (1) year term commencing at the expiration of the prior Agreement term, unless either party provides written notice to not renew this Agreement at least sixty (60) days before the expiration of the current Agreement term. All of the terms and conditions of this Agreement shall apply during each renewal term.

3. Rent. LESSEE agrees to pay LESSOR the sum of two thousand, three hundred ninety-seven dollars and sixty-nine cents (\$2,397.69) annually (rent), with an annual inflationary adjustment/increase to the rent of 2% for each subsequent year, and with the first rental payment due and payable upon full execution of this Lease, no later than July 1, 2023.

4. Use of Subject Property. The Subject Property is leased to LESSEE for the sole purpose of developing and maintaining public recreational use of the Subject Property as an archery range. LESSEE shall not use or permit the use of the Subject Property, or any part

thereof, for any other purpose. LESSEE shall not store or permit the storage of toxic or hazardous chemicals within the Subject Property.

5. Access to Subject Property. Ingress and egress to the Subject Property shall be over the landfill access road from its intersection with Galleria Boulevard. Access to the landfill access road shall be controlled by a locked gate, for which LESSOR and LESSEE shall have identical keys. LESSEE shall exercise reasonable control over access through the gate by members of the public so as to limit safety hazards in the use of the Subject Property.

6. Location of Targets. The location of the targets shall be as set forth in Exhibit "A". LESSEE may not relocate any targets without the prior written consent of LESSOR.

7. Signage. No Trespassing signs will be posted or erected per State of California Penal Code Section 602(k). LESSEE will be responsible for maintaining the signage provided by LESSOR. At LESSOR's option, a barrier or fence in respect to Roseville Parkway may be installed to prevent pedestrian or vehicular traffic on the property at the expense of LESSEE. Placement of said barrier or fence will to be determined and coordinated by LESSOR.

LESSEE shall post and maintain at all times signage at each target informing of the existence of the nearby bike trail, as directed by the City's Public Works Director or his/her designee.

8. Hours of Operation. The Subject Property shall be closed for use as an archery range from sunset until sunrise except that LESSEE may hold one annual night shooting event each year provided that LESSEE complies with the notification requirements and bike trail closure requirements set forth in Section 15 of this Lease. This section does not prohibit LESSEE from using the clubhouse after sunset.

9. Alcohol Prohibited. No person shall consume any alcoholic beverage on the Subject Property. Notwithstanding Section 29 below, a violation of this provision by a member of LESSEE shall be grounds for immediate termination of this Lease at LESSOR's option.

10. Operation of the Range. LESSEE shall furnish all labor, equipment and expenses for the operation and maintenance of the archery range.

11. Safety Manual. During the duration of this Lease, LESSEE shall maintain in full force and effect a Safety Manual, a copy of which is set forth in Exhibit "B", which Exhibit is attached hereto and incorporated herein by reference. Any amendments to the Safety Manual require the prior written consent of LESSOR.

12. Meetings. During the duration of this Lease, LESSEE and LESSOR shall meet as necessary to discuss the status of the operation of the archery range, including any safety issues and any issues associated with the public bike trail.

13. Improvements. LESSEE shall not erect or construct paved areas or any other improvements or structures upon the Subject Property without LESSOR's prior written approval. Existing improvements and structures, described in Exhibit "A" may remain on the property during the term of the lease, provided, however that LESSOR may require LESSEE to permanently or temporarily remove any improvements or structures, at LESSEE's sole cost and expense, if such improvement or structure conflicts in any way with any City project, program or activity. LESSOR shall provide LESSEE with at least sixty (60) days prior written notice of such required removal or relocation.

14. Sanitary Facilities. LESSEE shall maintain the restroom facilities described in Exhibit "A."

15. Special Events. No less than thirty (30) days prior to LESSEE hosting the Around the World event, the Stickbow Classic, and any other special event, LESSEE shall request permission from the City's Public Works Director or his/her designee. If the LESSOR approves of the special event, LESSOR shall close the public bike trail on the Subject Property during the event, as required by the City. LESSEE shall be responsible for reimbursing LESSOR for the staff time incurred in closing the bike trail in the amount of one hundred and fifty dollars (\$150). LESSEE shall also be responsible for monitoring the bike trail during the special event. If the special event requires trail closure, at a minimum, this monitoring shall consist of posting one person at each location where the bike trail has been closed.

During the special event, LESSEE will be allowed to use Lease Area 1B of the Subject Property.

16. Training Session. LESSEE is permitted to use Lease Area 1B once a week for a consecutive twelve (12) week training session each year. Prior to conducting such training session, LESSEE shall do the following: (1) notify LESSOR of the dates and times the training session will be conducted; (2) post signage for the duration of the training session at the bike trail, per the direction of the City's Public Works Director or his/her designee; (3) provide training session participants range safety training, a copy of the Maya safety manual and notification that the bike trail shall remain open to the public during the training session; and (4) obtain training session participants' written confirmation that they attended the training session, received a copy of the Maya safety manual, and are aware that the bike trail is open to the public during the training session. During the training session, LESSEE shall be required to do the following: (1) set up and remove target course markers in Lease Area 1B on a daily basis; and

(2) the range president or range manager shall be present during each training session. During the training session, the bike trail shall not be closed to the public.

17. Use of Other Areas. If LESSEE desires to use any area other than Lease Area 1A and 1B, LESSEE shall request permission from the City's Public Works Director or his/her designee no less than thirty (30) days prior to the desired use. CITY shall act on LESSEE's request no later than fifteen (15) days prior to the desired use. Any such authorized use shall be approved by means of a "Permission to Enter City Property" agreement.

18. Oak Trees. LESSEE shall fully comply with the City's Oak Tree Preservation Ordinance, Roseville Municipal Code Chapter 19.66.

19. Compliance with Laws. No use of the Subject Property shall be made or permitted which is in any manner contrary to the statutes, ordinances, regulations, and other requirements of law in effect during the term that regulate the use of the Subject Property.

20. Nuisances Prohibited. LESSEE shall not commit or permit to be committed any waste on or of the Subject Property, and LESSEE shall not do or permit to be done any act in or about the Subject Property which shall be a nuisance or which may endanger the Subject Property or adjoining properties.

21. Removal of Property. Upon termination of this Lease, LESSEE shall remove all its buildings, property and materials from the Subject Property and return it to the condition it was in prior to LESSEE's use of the Subject Property within sixty (60) days of termination.

22. Assignment. LESSEE shall not assign this Lease or any interest therein, without the prior written consent of LESSOR. Any assignment without such consent shall be void, and shall, at the option of LESSOR, terminate this Lease.

23. Indemnification. This lease is made upon the express condition that LESSOR shall be kept free from all liability and claim for damages or other relief by reason of injury to any person or persons, including death, or property of any kind regardless of to whom it belongs, while in, upon or in any way connected with the Subject Property and/or exercise of rights and obligations under this Lease during the term of this Lease or any occupancy under it. Accordingly, LESSEE shall defend, indemnify, and save and hold harmless LESSOR, its officers, agents, employees and volunteers from any claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property, resulting from or arising out of LESSEE's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from LESSOR's sole active negligence. The parties intend that this provision shall be broadly construed.

24. Insurance. LESSEE agrees to continuously maintain, in full force and effect, at a minimum the following policies of insurance during the term of this Agreement.

<u>COVERAGE</u>	<u>LIMITS OF LIABILITY</u>
Comprehensive General Liability	\$1,000,000 each occurrence \$2,000,000 aggregate Personal Injury: \$1,000,000 each occurrence \$2,000,000 aggregate
Workers' Compensation	Statutory
Property Insurance	Coverage against all risks of loss to any tenant improvements or betterments, at full replacement cost with no coinsurance penalty provision.

LESSEE shall submit a certificate evidencing such coverage in a form satisfactory to the Roseville City Attorney, prior to occupying the Subject Property. LESSEE shall also provide a separate endorsement form or section of the policy showing LESSOR, its officers, agents and employees as additional named insureds for each coverage type. In addition, the additional insured coverage shall be at least as broad as the Insurance Services Office ("ISO") CG 2011 04 13. Such insurance shall specifically cover the contractual liability of LESSEE. The coverage shall be primary as to such additional insureds and no coverage of the LESSOR shall be called upon to contribute to a loss. In addition, the insurance policy may not contain language which prohibits additional insureds or other insurers from satisfying the self-insured retention or deductible. LESSEE shall provide thirty (30) days written notice to LESSOR prior to cancellation or modification of any insurance required by this Agreement. LESSEE shall furnish a certificate for the period covered by this Agreement. Any insurance written on a claims made basis is subject to the approval of the Roseville City Attorney. Insurance coverage in the minimum amounts set forth herein shall not be construed to relieve LESSEE of liability in excess of such coverage, nor shall it preclude LESSOR from taking such other actions as are available to it under any other provisions of this Agreement or law. Any deductibles or self-insured retentions must be declared on the certificate of insurance and approved by LESSOR in writing. Failure of LESSEE to maintain such insurance or to indemnify LESSOR as specified shall be grounds for immediate termination of this Lease at LESSOR's option.

25. Taxes. LESSEE understands that its leasehold interest in the Subject Property may be subject to a possible possessory interest tax that the City or County may impose on such interest, and that such tax payment shall not reduce any sum due the LESSOR hereunder, and that any such tax shall be the sole liability and responsibility of LESSEE.

26. No Holding Over. This Lease shall not be subject to any holding over, and shall not convert into either a month to month or year to year tenancy upon its termination.

27. Notices. Any notices required by this Agreement shall be delivered or sent by first class mail, United States postage prepaid, addressed as follows:

CITY

Michelle White
Environmental Utilities
2005 Hilltop Cir
Roseville, CA 95747

Michelle Sheidenberger, City Attorney
311 Vernon Street
Roseville, CA 95678

MAYA BOWHUNTERS

Carlos Rodriguez, Club President
7622 Bierston Street
Citrus Heights, CA 95621

Either party may amend its address for notice by giving notice to the other party. In addition, in the event a new Club President is appointed during the term of this Lease, LESSEE shall so notify LESSOR in writing.

28. Attorney's Fees; Venue; Governing Law. In the event of any action brought to enforce this Lease, or in any unlawful detainer action, the prevailing party in such action shall be entitled to recover its reasonable litigation expenses, including but not limited to, court costs, expert witness fees, discovery expenses, and attorney's fees. Any action arising out of this Agreement shall be brought in Placer County, California, regardless of where else venue may lie. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

29. Termination of Lease. LESSOR may terminate LESSEE's use of the Subject Property without cause by giving LESSEE seventy-two (72) hours advance written notice. Thereafter, this Agreement may be terminated by LESSOR within sixty (60) days upon advance written notice and LESSEE shall remove all its buildings, property and materials from the

Subject Property and return it to the condition it was in prior to LESSEE's use of the Subject Property within these sixty (60) days. Either party may also terminate this Agreement prior to the end of the current term, as outlined in section 2. LESSEE may terminate this Agreement at any time upon giving thirty (30) days advance written notice to LESSOR.

30. Modification. This Agreement and each provision contained herein may be waived, amended, supplemented or eliminated only by mutual written agreement of the parties.

31. Severability. If any of the provisions contained in this Agreement is for any reason held invalid or unenforceable, such holding shall not affect the remaining provisions or the validity and enforceability of the Agreement as a whole.

32. Recordation of Lease. This Agreement or Memorandum of Lease, subject to the discretion of the City Clerk and City Attorney, shall be recorded against the Premises. A form Memorandum of Lease is set forth in Exhibit C, attached hereto and incorporated herein.

33. Integrated Agreement. This is an integrated Agreement, and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this Agreement, in duplicate, by its City Manager and attest to by its City Clerk under the authority of Resolution No. ____, adopted by the Council of the City of Roseville on the ____ day of ____, 2023, and LESSEE has caused this Agreement to be executed.

SAFETY MANUAL

SECTION I - Safety Policy and Assignment of Responsibility

SAFETY POLICY STATEMENT

It is the policy Maya Archers that accident prevention shall be considered of primary importance in all phases of operation and administration.

It is the intention of the club's officers to provide safe and healthy archery facility conditions and to enforce safe practices by all members.

The prevention of accidents is an objective affecting all levels of the organization and its activities. It is therefore, a basic requirement that each officer make the safety of members an integral part of his or her regular management function. It is equally the duty of each member to accept and follow established safety regulations and procedures.

Every effort will be made to provide adequate training to members. However, if a member is ever in doubt how to do a use the facility safely, it is their duty to ask a qualified member for assistance.

Members are expected to assist management in accident prevention activities.

Unsafe conditions must be reported. Fellow members that need help should be assisted. Everyone is responsible to insure members' safe enjoyment of the facility.

Any injury that occurs on the facility, even a slight cut or strain, must be reported to management as soon as possible. In no circumstance, except an emergency should a member leave without reporting an injury that occurred.

Carlos Rodriguez

President

5/30/2023

Date

ASSIGNMENT OF RESPONSIBILITY

The Club President is responsible for implementing, administering, and enforcing compliance with the Safety Program. The president's office is located in the club house. In addition to maintaining certain records required by this manual, the president is the person with whom you are required to communicate concerning member safety and any facility hazards.

In addition, the Range Manager and club officers will be responsible for seeing that all club rules and policies are adhered to by all members. This may include member incentives, retraining, and disciplinary actions.

However, every member has a responsibility to immediately notify the president and/or range manager of any facility hazard they discover so that it may be examined and appropriate action taken.

Carlos Rodriguez

President

5/30/2023

Date

SECTION II -Member Compliance Policy

MEMBERS COMPLIANCE POLICY

We consider the safety of our members to be very important. Therefore, to prevent accidents, it is our policy to strictly enforce club safety rules. Infractions of safety rules will result in the following.

1st Infraction –Verbal Warning

2nd Infraction – Written Warning

3rd Infraction – Suspension

4th Infraction -Termination

Based upon the severity of the violation the club may forego the disciplinary action prescribed above and proceed with more severe action, up to and including termination of membership.

CODE OF SAFE PRACTICES

Maya Archers

All members shall comply with this minimum code.

1. All members shall comply with Club Regulations. (see pages 6 and 7 attached)
2. All safety literature shall be disseminated to the members and posted on club bulletin boards.
3. All work parties shall begin with a "Safety Meeting" and a record of same shall be made and given to the Range Manager. Range Manager shall insist on members observing and obeying every rule, regulation, and order as is necessary to the safe conduct of the work, and shall take such action as is necessary to obtain compliance.
4. The following information shall be posted on the Bulletin Board:
 - a. Club Safety Regulations.
 - b. Contact Information for Medical Treatment Facilities, Fire Station, Police Department
 - c. Range Managers Name and contact number
 - d. Code of Safe Practices
5. All accidents must be reported to the Range Manager.
6. All tools and equipment shall be maintained in proper working order and in safe condition.
7. Members of work parties should be alert to see that all equipment guards and other protective devices are in their proper places and that they are adjusted, and shall report deficiencies promptly to the Range Manager.
8. Any equipment not meeting safety standards must be set aside, red tagged and not used until repaired or replaced.
9. Inappropriate conduct and other behavior that may have an adverse effect on the safety and/or well being of other club members or the public is prohibited. Members should contact the Range Manager immediately regarding any observed safety or conduct violations.
10. Observe safety rules at all times.

MAYA ARCHERS CLUB REGULATIONS

HISTORY:

Maya Bowhunters of Roseville Inc, dba MAYA ARCHERS, has operated in the City of Roseville for over fifty years. We have been at our present location for the last thirty years. Our facility is leased from the City of Roseville and occupies a portion of the old land fill site that has been closed and is being monitored and maintained by the City. Our facility shares a portion of this City property with the Antelope Creek Bike Trail.

Over the last thirty years we have seen many changes in the rural nature of our facility as development of the "Galleria Mall" and Roseville Parkway has urbanized our neighborhood. The construction of the Roseville Parkway and the Antelope Creek Bike Trail are the most recent additions and have required us to implement many changes in our use of "MAYA".

The following Club Regulations are necessary for the safe enjoyment of our archery use of the club facilities and deviance from these regulations may result in dismissal from the club as detailed in the "MAYA SAFETY MANUAL".

General Membership Rules:

1. Entrance gate to the range is to remain locked at all times, except during club meetings, work parties, or club functions open to the public (Leagues, Invitational Shoots and Club Events). Gate combination is not to be disclosed to anyone!
2. Club use requires sign-in / sign-out on the form maintained near the club house front door. Use your club ID # and completely fill out the requested information.

3. Members are required to have their 'Membership Card' visible while using club facilities.
4. Driving off the main roads is prohibited. Park in established area only.
5. Please remember the bike trail may have riders at any time. Never point or appear to point an arrow in the direction of the bike trail or Roseville Parkway. Nock an arrow and draw your bow only while pointing AT THE TARGET.
6. No shooting at a target or target butt outside of an established target lane and sight-in range.
7. Broadheads are never to be shot into targets butts. Broadheads are only allowed in sand pits and established broadhead lanes outside of the target course lanes.
8. Continuous practice or shooting on a single target lane (target course) is prohibited. The Sight-In Range (practice butts, located next to the clubhouse) is used for sighting in your equipment or yardage practice. The target course is designed for shooting 4 arrows per target and moving on to the next target to allow other shooters to shoot the course.
9. No littering or dumping on the range. The dumpster or trashcans are for club use only.
10. Alcoholic beverages are **not allowed** on club property. This is a City of Roseville lease requirement and violations may result in termination of our lease.
11. Any member observed to be under the influence of drugs, alcohol, or other intoxicating substances is to be reported to the president and/or range manager immediately so that appropriate action can be taken to remove the member from the club facilities.
12. Smoking is strictly prohibited at any time and not allowed in any building or on the range. Please observe all fire safety precautions while in the field.
13. Profanity and inappropriate behavior is prohibited. Remember our range is adjacent to a public recreational facility (the Antelope Bike Trail).
14. To hunt, harass or discharge an arrow at any animals or birds on the range is strictly prohibited.

15. Use of pesticides and/or weed killers is prohibited as these may adversely impact the monitoring program the City is performing on the closed landfill.
16. Cutting of trees and vegetation is prohibited. Target lane cleanup consisting of mowing of grass and "weed eating" is acceptable.
17. Members are allowed to invite a guest(s) onto the range once, if the guest wishes to join the club, the guest must submit a membership application during a General Membership meeting. Members are responsible for insuring that their guests are aware of the range rules and strictly adheres to club regulations. They must accompany their guests at all times. Guests with no experience are limited to the use of the practice range only and guests that belong to other clubs or have organized archery experience may use the field range, all under the supervision of member.

SECTION IV – TRAINING

TRAINING

Another important part of this Safety Manual is the regular training of members in safe practices. All who are currently members when the program is implemented will receive such training. New members to the club will be provided with safety training at the time of induction in the club.

All training will include a general review of safety issues, health hazards, and accident prevention while using the Club facilities as detailed in the Code of Safe Practices. Refresher training will be provided on a regularly scheduled basis and Members will be required to attend.

Safety Training is mandatory and will be documented.

The Club president will maintain a separate record of safety training for each member. Records will be kept for a reasonable period of time.

SAFETY TRAINING RECORD

This report is to be completed by the Range Manager and the new member within 30 days after he/she joins the club and prior to obtaining access to the club facilities. The completed report will then be filed with the Club President.

NAME: _____ JOIN DATE: _____

The Range Manager is to go over the following safety items with the new member:

1. The importance of safety as a club member.
 - ☐ Archery Safety/Shooting Precautions (addendum).
2. MAYA SAFETY MANUAL. (attached and made a part hereof)
3. Fire extinguisher(s) located _____ in club house _____
4. First-aid kits(s) located _____ in club house _____
5. Hospital or clinic locations for emergency treatment
6. Report all injuries immediately to range manager
7. Report unsafe conditions immediately to range manager.
8. Disciplinary actions for violating club safety regulations and policies.

The above safety items have been presented to me and I understand them and I agree to comply with the MAYA SAFETY MANUAL, club rules and policies.

SECTION V - Inspection & Corrections of Hazards

INSPECTION AND CORRECTION OF HAZARDS

An important part of this manual is the scheduled periodic inspection of club house areas and the field range to identify possible hazards and potential causes of accidents or injuries. The inspections will be held on a monthly basis or more frequently if the need arises, to determine if members are in compliance with the MAYA SAFETY MANUAL. Written reports will be made of the inspections and hazards that are found will be corrected as soon as possible. The president or a designated representative will conduct the inspections of accident sites and hazards or other unusual occurrences reported to the Range Manager. Records of these inspections and action taken will be kept by the President.

Project Title: Maya Bowhunters Archery Club Lease Agreement (2023)

Project Location: At the closed Berry Street Sanitary Landfill, City of Roseville CA. Lease includes City owned landfill and open space property located east of Galleria Boulevard, north of the U.P. Railroad and southwest of Roseville Parkway.

Project Description: The Roseville Environmental Utilities Department Solid Waste Division proposes a lease agreement with the Maya Bowhunters Archery Club for a five-year term for the continued use of the closed City of Roseville Sanitary Landfill and adjacent open space for archery practice and tournaments. The Maya Bowhunters Archery Club has been leasing the space since 1980.

Public Agency Approving Project: Roseville City Council

Agency Carrying Out Project: Roseville Environmental Utilities Department

Reason why this Project is Exempt: This project qualifies for a Class 1 Exemption as described in Section 15301 of the California Environmental Quality Act (CEQA) guidelines which states:

"Class 1 consists of the... leasing... of an existing public ... facilities... involving negligible or no expansion of use beyond that previously existing.... examples include but are not limited to: (b) Existing facilities of both investor and publicly-owned utilities..."

The project involves the lease of City-owned closed landfill and open space property. The project will not result in expansion of use. Therefore the Class 1 Exemption is applicable to the proposed project.

COUNCIL COMMUNICATION

CC #: 2805
File #: 0323-02

Title: Rotation Tow Program - Service Agreements
Contact: Scott Blynn 916-746-1076 sblynn@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.14.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the Police Chief to sign the attached agreements with six tow companies to be included on the Police Department's rotation tow list for the two-year period following execution of the agreements.

BACKGROUND

The Police Department maintains a list of local towing companies to call when Police employees need a vehicle towed and stored, or they need a vehicle promptly removed from the roadway, and the driver doesn't have a preferred towing company available within an acceptable period of time. The towing companies on the Police Department's list are called in turn, so that they receive equal opportunities for business—therefore they're called "rotation tows". The Police Department maintains no more than ten companies on the rotation tow list. This year, during a publicly advertised open enrollment period, six companies submitted applications. Staff reviewed their applications, conducted inspections and determined that they all met City requirements. They include Ace in the Hole Towing, Anderson Tow Service, Classic Tow Service, Jake's Towing & Recovery Inc, LJ's Towing and Neighborhood Enterprise Tow.

FISCAL IMPACT

Vehicle owners are responsible to pay towing companies for the towing and storage of their vehicles. The agreements stipulate that the tow companies will charge vehicle owners involved in Police Department tows according to the approved rate schedules listed in their agreements. There is no cost to the City.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not

considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the tow rotation service agreements meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal E - Deliver exceptional city services

Respectfully Submitted,

Scott Blynn, Police Lieutenant

Troy Bergstrom, Police Chief

ROSEVILLE POLICE DEPARTMENT

TOW SERVICE AGREEMENT

This Tow Service Agreement (Agreement) contains rules and regulations that a company agrees to comply with in order to receive a rotation tow listing with the Roseville Police Department ("Department"). Participation in the Department Rotation Tow Program ("Program") is voluntary. Compliance with all of the terms and conditions of the Tow Service Agreement is mandatory for tow companies participating in the Department's Program. An Operator ("Operator"), by agreeing to participate in the Program, is not acting as an agent for the Department or the City of Roseville ("City") when performing services under the Agreement.

For clarification purposes, definitions are contained in Attachment A. Attachment B contains instructions for completing required application forms.

This Agreement, and the terms, conditions, and specifications contained herein, supersedes previous Agreements. The term of this Agreement is for two years from the date of execution by the City.

I. Lottery and Rotation List:

- A. The Department shall conduct a bi-annual public lottery of all tow companies that desire to be placed on the rotational call list. The Department will randomly select ten (10) companies for the following two years. The selected companies are then placed on a Rotation Tow List which establishes a rotational system to facilitate the distribution of calls, meet the needs of the Department with regards to response time and available tow services, and to ensure an equitable distribution of calls. The Department shall maintain a separate RV Rotation Tow Lists for towing recreational vehicles (RVs) including Class B and/or C RVs. Nothing in this Agreement shall prohibit a Department supervisor from requesting a specific tow company when, in the supervisor's opinion, the necessary resources to clear a hazard as expeditiously as possible are not available from the tow company currently at the top of the rotation tow list.
 - 1. In such instance, the tow company selected would be the next tow company on the list which has the qualifications (equipment, skills, timeliness, etc.) to provide the required service. After the request, the selected company would then go to the bottom of the rotation tow list and remain there until it rotates back into its original position.

Tow companies on the list that were by-passed would remain in the same order until their selection for a rotation tow for which they are qualified.

2. The Department alternates rotation tow calls after every call. Call rotation order is established by the Department. A call to an Operator shall constitute one turn on the list and the Operator shall be moved to the bottom of the list. This includes when the Operator fails to answer the telephone or the telephone is busy after two (2) attempts, is unable to respond, or is unable to perform the required service. In this event, the next rotation tow, in order, will be called. An Operator who refuses to respond or provide service, or is canceled due to excessively delayed response time, will be moved to the bottom of the list.
 - a. If it is determined that the Operator is not needed and is canceled by the Department, up to and including arrival at the scene, there shall be no monetary charges and the Operator will be placed back at the top of the list. There shall be no monetary charges for standby time which does not result in a tow.
 - b. If the Operator is canceled by the vehicle's owner or agent prior to the Operator taking possession (as defined in Attachment A) of the vehicle, there shall be no charges for towing. The Operator shall immediately contact the Department and advise of the cancellation. The Operator will then be placed back at the top of the list.
 - c. If service, other than towing and recovery, has begun and is canceled by the vehicle's owner or agent, the Operator may charge a minimum of one-half of the regular hourly service charge, for the time expended on the call. For purposes of cancellation, work begins when physical work on the vehicle has begun, not the response. No lien shall arise for the service unless the Operator has presented a written statement to the vehicle's owner or agent for the signed authorization of services to be performed.
 1. The Operator shall not attempt to take possession of the vehicle in order to establish a lien for any non-towing services performed, or begun and subsequently canceled, when not entitled to such lien by law. Refer to Civil Code Section 3068.1 for when a lien begins.
- B. The Department shall determine the maximum response time, enrollment period, reasonable rates, and other applicable requirements.
1. The enrollment period must be at least bi-annually commencing on the date the Agreement is executed by the City, and will be open for at least thirty (30) days. Department. The Agreement will be effective for the following two years.
 2. The Agreement will be based on the initial Approved Rates in Section XX of this Agreement. Though the Agreement term is two (2) years, the Department is willing to re-negotiate out-year pricing (increases and/or decreases) based on market fluctuations thirty (30) days prior to the end of the first year of this two (2) year Agreement. Any proposed rate changes will be evaluated based on what the Department deems to be fair and reasonable. Any requests made by an Operator for a price increase must be fully documented utilizing an appropriate Consumer or

Producer Price Index or other reputable relevant market data to justify a rate change. In its request for price increases Operator shall cite sources, specific conditions, and document how those market conditions affect the rate. Such rate adjustments will not be automatic. Any rate adjustment must be mutually agreed upon by both the Department and the Operator. The Department will review the proposed rate adjustment and determine if it is allowable, fair, reasonable, and in the best interest of the Department.

- C. Nothing shall prohibit a Class B, Class C, or Class D Operator from maintaining a place on a lighter class rotation tow list provided the tow truck meets the equipment specifications for that class of operation.
- D. Operators applying for a rotation tow listing shall have a minimum of three (3) years verifiable for-hire-towing experience, as an owner or principal or other position of comparable managerial experience, prior to the final filing date of the enrollment period in order to qualify for a Department rotation tow listing.
 - 1. Operators who have less than the required three-years' experience who are currently on the Department rotation tow list are exempt from this provision.
 - 2. Ownership status will be investigated and determined by the Department.

II. Tow Truck Classifications:

- A. An Operator shall equip and maintain tow trucks covered under this Agreement (Attachments B and C) in accordance with the provisions set forth in the California Vehicle Code (CVC), Title 13 of the California Code of Regulations, and the specifications contained in this Agreement, and consistent with industry standards and practices. All Operator's must maintain tow trucks capable of towing a Class B and C recreational vehicle (RV), trailer, etc.
 - 1. Notwithstanding Section 615 of the CVC, all tow trucks shall have recovery capabilities, wheel lift capabilities, and a boom meeting the specifications contained in this Agreement. For the purpose of this Agreement, "a trailer for hire that is being used to transport a vehicle" shall not qualify as a primary tow truck for a rotation tow listing.
 - 2. An Operator who has a car carrier may be exempted from the recovery, wheel lift, and boom capability requirements. However, the car carrier must be an additional unit.
- B. A violation of the Gross Vehicle Weight Rating (GVWR) and safe loading requirements of a tow truck may be cause for immediate suspension. This includes exceeding the tow truck's GVWR, front axle weight rating, rear axle weight rating, maximum tire weight ratings, or not maintaining fifty (50) percent of the tow truck's unladen front axle weight on the front axle when in tow.

- C. There will be four classes of tow trucks covered under this Agreement, as follows:

1. **Class A - Light Duty**

- a. An Operator shall maintain a minimum of two (2) tow trucks which have a manufacturer's Gross Vehicle Weight Rating (GVWR) of at least 14,000 pounds. One truck may be a car carrier.

(1) A "trailer for hire" shall not be approved for listing as a Class A tow truck.

2. **Class B - Medium Duty**

- a. An Operator shall maintain a minimum of one (1) tow truck with a GVWR of at least 19,501 pounds. The truck shall be equipped with air brakes and a tractor protection valve or device, and be capable of providing and maintaining continuous air to the towed vehicle.

(1) Class B tow trucks that are not equipped with portable tow dollies 24 hours a day, 7 days a week, will not be allowed to operate on a Class A rotation tow list.

3. **Class C - Heavy Duty**

- a. An Operator shall maintain at least one (1) three-axle tow truck with a GVWR of at least 33,000 pounds. The truck shall be equipped with air brakes and must be capable of providing and maintaining continuous air to the towed vehicle.

4. **Class D - Super Heavy Duty**

- a. An Operator shall maintain at least one (1) three-axle tow truck with a GVWR of at least 50,000 pounds. The truck shall be equipped with air brakes and must be capable of providing and maintaining continuous air to the towed vehicle.

C. To properly and safely tow and service the wide variety of vehicles being operated on the highway, a towing procedure may require the use of auxiliary equipment specifically designed for the purpose. This auxiliary equipment should be used when appropriate.

D. The Operator understands and agrees that they may be called upon to tow recreational vehicles (RVs). Operator agrees that they will maintain storage space and provide tow trucks capable of towing Class B and/or C recreational vehicles (RVs) upon Department's request.

III. Tow Truck Drivers:

- A. All rotation tow truck drivers will attend or challenge and successfully pass a certified tow truck driver training course. Acceptable courses to fulfill this requirement will be reviewed and approved by the Department.

- B. The Operator shall ensure that tow truck drivers responding to calls initiated by the Department have completed a certified tow truck driver training course and are qualified and competent employees of the Operator's company. The Operator shall ensure that the tow truck drivers are trained and proficient in the use of the tow truck and related equipment, including, but not limited to, the procedures necessary for the safe towing and recovery of the various types of vehicles serviced through Department rotation.
- C. Tow truck drivers shall be at least eighteen (18) years old and possess the following minimum class driver's license:
 - 1. Class A Tow Truck - A valid Class C license, or a valid Class A license with valid medical certificate.
 - 2. Class B Tow Truck - A valid Class C license for nonregulated vehicles, or a valid Class A license with a valid medical certificate for regulated vehicles pursuant to Section 34500 (k) of the CVC.
 - 3. Class C Tow Truck - A valid Class A license with a valid medical certificate.
 - 4. Class D Tow Truck - A valid Class A license with a valid medical certificate.
- C. The Class A (1) licenses must be endorsed to allow operation of special vehicle configurations and/or special cargoes.
- D. The Operator shall maintain a current list of drivers.
 - 1. Operators shall provide a current list of drivers to the Department upon implementation of this Agreement. The Operator shall notify the Department upon any change in driver status, including the addition of any new drivers, or the deletion of any drivers. An updated list shall be provided to the Department within seven (7) calendar days of any change in driver status.
 - 2. All drivers are required to complete and sign the Tow Operator/Driver Information Sheet (CHP 234F). If drivers refuse to complete and sign the form, they shall not be permitted to respond to rotation calls.
 - 3. Operators shall submit, with each annual application, a copy of the certified tow truck driver's training certificate for each driver.
 - 4. Operators, shall as a minimum, maintain the following information for each employee:
 - a. Full name.
 - b. Date of birth.
 - c. California driver's license number.
 - d. Copy of a valid medical certificate (if required).
 - e. Job title/description.
 - f. Current home address.
 - g. Current home telephone number.

- h. Types of trucks the driver is trained and instructed to operate.
 - i. A copy of the tow truck driver training course certificate.
- E. All tow truck drivers and owner/Operators shall be enrolled in the DMV Pull Notice Program.
 - 1. Upon the addition of new drivers, an Operator will be granted a maximum of thirty (30) days to enroll drivers in the Pull Notice Program.
 - 2. Pull Notices shall be kept on file, signed and dated by the Operator.
 - 3. The Department may require an Operator to provide copies of Pull Notice Reports.

IV. Rates:

- A. Fees charged for response to calls originating from the Department shall be reasonable and not in excess of those rates charged for similar services provided in response to requests initiated by any other public agency or private person. The reasonableness of the fees charged will be determined in the following manner:
 - 1. The Operator shall submit the retail hourly rate to the Department. The Department shall determine the validity and reasonableness of the submitted rates.
 - a. Validity will be based upon telephone quotes, posted rates, charges to retail customers, etc. Any submitted rate in excess of an Operator's retail rate (as defined in Attachment A) will be considered invalid and will not be accepted. An Operator who submits an invalid rate shall not be allowed to resubmit a new rate and will be disqualified from Department rotation tow listing until the next enrollment period.
 - b. Reasonableness shall be determined as compared to other rates. An Operator who submits a rate that is determined to be excessive shall be allowed to resubmit rates only once.
 - 2. In an effort to remain competitive in the open market, the Operator may lower retail rates at anytime by notifying the Department. When an Operator lowers the retail rate, that retail rate becomes the new approved Department rate. Operators may only raise rates for Department calls during enrollment periods. Operators may raise rates for non-Department calls at any time. Rates for Department calls shall remain at the lowest retail rate until the next enrollment period.
 - 3. Any Operator which charges rates above the Operator's retail hourly rates or submitted rates for a Department call shall be in violation of the Agreement and subject to disciplinary action.
- B. The rate for towing shall be computed from portal to portal (as defined in Attachment A). Time expended shall be charged at a rate not to exceed the hourly rate. Time

expended in excess of the minimums shall also be at the hourly rate in no more than one (1) minute increments. There shall be no additional charges for mileage, labor, etc.

1. The Operator may charge up to a thirty (30) minute minimum per call for base services (as defined in Attachment A).
 2. The Operator may charge up to a one (1) hour minimum per call on public safety response calls (as defined in Attachment A).
 3. The Operator shall base towing charges upon the class of vehicle being towed regardless of the class of truck used, except when vehicle recovery operations require a larger class truck.
- C. Rates for service calls (out of gas, lockouts, tire changes, etc.) shall be from portal to end of service, and may be at the hourly rate with up to a thirty (30) minute minimum. Charges in excess of thirty (30) minutes may be charged in no more than one (1) minute increments.
- D. The approved schedule of rates charged by the Operator shall be available in the tow truck, and shall be presented upon demand to the person(s) for whom the tow services were provided, their agent, or any Department officer.
- E. Fees for Special Operations
1. For special operations involving Class B, C, or D tow trucks, the Operator shall submit the proposed fees for vehicle recovery operations and load salvage operations (as defined in Attachment A) to the Department. Fees shall be reasonable and consistent with industry standards for similar operations. Charges in excess of thirty minutes may be charged in no more than one (1) minute increments.
 - a. Hourly rates shall be established for the following categories:
 - (1) Auxiliary Equipment, e.g., airbags, converter gear/dolly, additional trailers, etc.
 - (2) Contracted Equipment, e.g., airbags, converter gear/dolly, additional trailers, forklifts, front loaders, etc.
 - (3) Contract labor.
 - b. The Department shall determine the reasonableness of the fees for these types of operations, based upon the average of the proposed fees submitted and a comparison to industry standards for similar operations.
 - c. Operators shall submit a markup rate (percentage of the cost to the Operator) for retail equipment and specialized labor not otherwise listed on the application.

- d. If an Operator performs a service for which a required rate was not submitted to, and approved by, the Department, the Operator shall only be entitled to charge for the actual cost of that service. Example: contract labor rate not submitted, the Operator may only charge for the actual rate paid for the labor.

F. The Operator, or his/her employee, shall accept a valid bank credit card or cash, at the customer's discretion, for payment of towing and/or storage costs.

- 1. Rates for services shall be charged on the basis of a credit card transaction. The tow Operator may charge a discounted rate for a cash transaction.

G. Storage Fees

- 1. The Operator shall submit proposed storage fees for inside and outside storage to the Department. The Department shall determine the validity and reasonableness of the fees for inside and outside storage, based upon the average of the proposed fees submitted by those applying for rotation.
- 2. The Operator shall display in plain view at all cashiers' stations, a sign as described in Section 3070 of the Civil Code, disclosing all storage fees and charges in force, including the maximum storage rate.
- 3. A request for outside or inside storage by the customer or Department officer shall be honored. If no request is made, the vehicle should be stored in the least costly manner to the customer's benefit, unless documentable circumstances dictate otherwise.
- 4. Upon request, Operators shall provide after-hour vehicle releases. After-hours release fees may only be charged for vehicles released after normal business hours.
 - a. For the purpose of this Agreement, "normal business hours" shall not be less than 8 a.m. to 5 p.m., Monday through Friday, except for the following state recognized holidays:

New Year's Day, Martin Luther King Day, Lincoln Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, day after Thanksgiving Day, and Christmas Day.
 - b. Business hours shall be posted in plain view to the public.
 - c. The after-hours release contact telephone number(s) shall be posted in plain view to the public.
 - d. Employees and agents shall be properly trained to conduct business transactions related to towing, storage and release of vehicles/property.

- e. The total fees charged for release after normal business hours shall be no more than one-half the hourly rate, and shall only be allowed outside posted business hours, after 5:00 p.m. on business days, weekends and holidays.
- 5. Vehicles stored twenty-four (24) hours or less shall be charged no more than one (1) day storage. Each day thereafter shall be calculated by calendar day. (Civil Code §3068.1(a))
- 6. Lien sales are the sole responsibility of the Operator and all such sales shall be conducted in accordance with the applicable provisions of California state law.
- H. Rate requirements represent the maximums an Operator may charge on a Department call. An Operator is not precluded from charging less when deemed appropriate by the Operator. These requirements shall not be construed as requiring a charge when an Operator would not normally charge for such service.
 - 1. No Operator, agent, or employee shall refer to any rate as the minimum required or set by the Department.
- I. IMPOUND NOTIFICATION.
 - 1. In the event that ANY vehicle impounded by this Department is expected to remain in storage thirty (30) days after impound, the Operator shall notify the Department's Operations Commander on the thirtieth (30th) day.
- J. VEHICLE RELEASE.
 - 1. No vehicle impounded by the Department shall be released to any party without a signed written authorization to release (CHP Form 180) from the Department.

V. Collusion:

- A. The Operator and/or applicant shall not conspire, or attempt to conspire, or commit any act of collusion, with any other Operator or applicant for the purpose of secretly, or otherwise, establishing an unfair understanding regarding rates or conditions to the Agreement that would bring about any unfair condition which could be prejudicial to the Department, the motoring public, or other Operator(s).
 - 1. An example of "collusion" includes, but is not limited to: conspiracy by any Operator(s) to establish artificially high or low rate(s) for services performed pursuant to the Agreement.
- B. A finding by the Department that any Operator, applicant, or agent has been involved in collusion shall be cause for denial of an application or shall nullify the Agreement. Any Operator or applicant found to be involved in any act, or attempted act of collusion, shall be disqualified from participation on the Department rotation tow list for the current term, plus three (3) years.

VI. Response to Calls:

- A. The Operator shall respond to Department calls 24 hours a day, seven days a week, within the maximum response time as established by the Department, and as specified in this Agreement. The Operator shall respond with a tow truck of the class required to tow the vehicle specified by the Department.
1. The maximum response time for Class A tow trucks is established as twenty (20) minutes, 24-hours a day. The maximum response time for Class B, C and D tow trucks is thirty (30) minutes, 24-hours a day, however Department and Operator agree that in non-emergency situations where there is no immediate threat to health or safety, the maximum response time for towing recreational vehicles, including Class B and/or C recreational vehicles shall be within one week and only during normal business hours Monday through Friday.
- B. The Operator shall advise the Department's Communications Center, at the time of notification, if they are either unable to respond or unable to meet the maximum response time. If, after accepting the call, the Operator is unable to respond or will be delayed in responding, the Operator shall immediately notify the Department's Communications Center. The Operator shall not assign initial calls to other tow Operators.
1. A failure to respond and/or repeated failure to meet the maximum response time requirements shall constitute failure to comply with the terms and conditions of this Agreement.
- a. The Department may take immediate disciplinary action for any flagrant violation of the requirement to respond within the maximum response time. Disciplinary action may include written reprimands, suspension from the rotation, and/or removal from the rotation.
- b. When an Operator will be temporarily unavailable to provide services due to a preplanned/scheduled activity, e.g., vacation, maintenance, medical leave, etc., the Operator shall notify the Department Communications Center at least 24 hours prior to the date that services will be unavailable, noting the times and dates of the unavailability.
- C. The Operator, or Operator's employees responding to a Department call, shall perform the towing or service required for which they were called. This requirement may be waived by the Department Incident Commander, if the requested equipment is inadequate for the service to be performed.
1. Any refusal to respond or to perform the required towing or service will subject the Operator to suspension, if deemed appropriate by the Department.
- D. An Operator shall not respond to a Department call assigned to another Operator unless requested to do so by the Department.

1. There may be times when the Operator assigned the initial Department call, may require the assistance of an additional Operator at the scene. The Operator assigned the initial call may, with the concurrence of the Department Incident Commander, request a specific Operator for assistance. The request shall be routed to the additional Operator through the Department.
 2. There may be times when an Operator, who was not called to a scene, comes upon a collision scene where a vehicle or vehicles are blocking a roadway and a Department officer requests assistance in clearing the roadway. In such a case, the Operator may be requested to move the vehicle to a safe location, as directed by the officer, and leave it. There shall be no charge for this assistance, and the assistance provided shall not change the Operator's place in the rotation.
- E. Only the tow truck personnel and equipment requested shall respond to a Department call. Additional tow truck personnel and equipment shall be at the approval of the Incident Commander. This shall not preclude the Operator from responding to an incident to ascertain if additional assistance or equipment is required. There shall be no additional charge for any personnel or equipment that is not necessary to perform the required service and approved by the Incident Commander.
1. An Operator may dispatch more than one tow truck to a multi-vehicle collision scene in response to a rotation tow call.
- F. If two or more Operators are called to the same incident, distribution of the vehicles shall be at the discretion of the Department Incident Commander.
1. The Department Incident Commander may direct an Operator to move vehicles to help clear a roadway or for lifesaving operations. Operators shall provide the requested assistance.

VII. Business and Storage Facility:

- A. An Operator shall have a business office and storage facility located within the city limits of the City of Roseville. Prior to the execution of this Agreement, the Operator shall furnish the Department the address(es) of all facilities.
1. Operators shall maintain a City business license and comply with all City ordinances and zoning requirements.
 2. Operators shall not share or jointly use with any other towing company doing business within the City any of the following: (i) towing equipment; (ii) personnel; (iii) insurance; or (iv) business license.
 3. No employee of the City shall have any direct financial interest in this Agreement. This Agreement shall be voidable at the option of the City if this provision is violated.

- B. The Operator shall be responsible for the security of vehicles and property at the place of storage. As a minimum, a fenced or enclosed area shall be provided. The Operator is responsible for the reasonable care, custody, and control of any property contained in towed or stored vehicles.
- C. The Operator shall obtain approval from the Department prior to the removal of any property from a stored or impounded vehicle and shall provide a receipt, with a copy placed in the stored vehicle. This requirement to obtain approval from the Department prior to the removal of property may be waived by the Department if it is determined that proper safeguards and procedures are utilized by the Operator.
 - 1. This requirement may not be waived in cases where a vehicle has been impounded for evidence or investigation.
 - 2. Upon approval from the Department, the Operator shall release personal property from a stored or impounded vehicle at the request of the vehicle owner or agent.
 - a. There shall be no charge for the release of personal property during normal business hours. Operators may charge an after-hours release fee for property released after normal business hours, consistent with the after-hours vehicle release provisions.
 - b. Personal property is considered to be items which are not affixed to the vehicle.
 - (1) Personal property includes: papers, transportable cellular telephones, portable radios and/or portable stereo equipment, clothes, luggage, tools, etc.
 - (2) Personal property from a stored vehicle shall be released upon request of the vehicle owner or agent.
 - 3. Cargo shall be released upon demand of the carrier or pursuant to a court order.
- D. The primary storage facility shall normally be at the same location as the business address. If not at the same location, there shall be no charge for any additional distance traveled to and from a secondary location. The vehicle and/or personal property shall be released at the primary storage facility or place of business (when the primary storage facility and place of business are not at the same location) upon request of the owner or a person having a legal entitlement to the vehicle and/or property.
 - 1. The following three requirements constitute a business office for purposes of this Agreement:
 - a. The business office shall be equipped with a telephone with a separate telephone number/line for the towing business.

- b. At least one individual is available to answer the telephone during normal business hours.
 - c. If the business office is not staffed during normal business hours, then an Operator shall respond to the tow yard to release property or a vehicle within 30 minutes of receiving a call from a vehicle owner.
 - d. Vehicle owners shall be able to pay service charges at that location and make arrangements for reclaiming the towed vehicle (i.e., upon leaving the office, the owner can go directly to the tow yard without delay to reclaim their vehicle).
2. Prior to the utilization of new storage facilities that were not listed and approved on the application for rotation tow listing, the Operator shall furnish the address and obtain the Department's approval.
- a. Secondary storage facilities shall be located reasonably close to the main business office and within the city limits.
- E. Tow Operators shall maintain a sufficient number of outside or inside storage spaces to meet the needs of the Department and the public. This includes specifically enough storage for large vehicles such as a recreational vehicle (RV), trailer, etc.
- F. An Operator's place of business shall have a sign that clearly identifies it to the public as a towing service. The sign shall have letters that are clearly visible to the public from the street. The sign shall be visible at night.
- G. Personnel/employees shall be properly trained to conduct business transactions related to towing, storage and release of vehicles/property.
- H. The release of vehicles shall be conducted in accordance with procedures established by the Department. Operators shall comply with the instructions on form CHP 180, issued at the time of the tow.

VIII. Insurance

- A. The Operator shall maintain the following minimum levels of insurance from an insurance carrier admitted in California or admitted in the state in which the Operator's business is located and is authorized to do business in California:
- 1. Minimum Level of Financial Responsibility (as required by Section 34631.5 of the CVC) - Bodily injury and property damage with a combined single limit of not less than \$750,000 for Class A tow trucks. The combined limits for Classes B, C and D shall be not less than \$1,000,000. These minimum standards are to include non-owned and hired auto coverage.
 - 2. Uninsured Motorist - Legal minimum, combined single limit.

3. On-Hook Coverage - Insuring the vehicle in tow with limits based on the size of the tow truck:
 - a. Class A tow truck - \$ 50,000
 - b. Class B tow truck - \$ 75,000
 - c. Class C tow truck - \$ 100,000
 - d. Class D tow truck - \$ 100,000
 4. Garage Liability - Includes premises and operations. Coverage for bodily injury and property damage with a combined single limit of not less than \$500,000.
 5. Garage Keepers Liability - Shall be the same minimum as on-hook coverage for vehicles in the care, custody, and control of the Operator in the storage yard.
 6. Workman's Compensation Insurance - Legal minimum requirement.
- B. Proof of insurance shall be in the form of a certificate of insurance acceptable to the city. Policy expiration or cancellation will immediately nullify the Tow Service Agreement. The Operator's insurance policy shall provide for not less than thirty (30) days written notice to the Department in the event the insurance policy is canceled or is due to expire. Additionally, the Operator shall notify the Department in advance of the expiration or cancellation of the Operator's insurance policy.
1. The Operator may be reinstated only after proof of insurance has been presented to the Department and any subsequent disciplinary action for failure to notify the Department of insurance expiration/cancellation has been served.
- C. Those tow truck Operators removing a vehicle from a hazardous materials incident to the nearest reasonable and safe stopping location will be considered to be transporting property subject to normal minimum insurance requirements of Section 34631.5 of the CVC.
- D. Upon request of a customer, an Operator shall provide, in writing, the name, address, phone number and policy number of their insurance provider.
- E. The ultimate responsibility for any damage to the vehicle or property, or the loss of the vehicle or any property contained in the vehicle, while the vehicle and/or property are in the Operator's care and custody, rests with the Operator. The Operator shall reimburse the vehicle or property owner for any loss or damage which has been identified in a Department inventory and is not covered by the Operator's insurance, if required by court order.

IX. Inspections:

- A. The Department shall provide for not less than one (1) annual inspection of all tow trucks and business and storage facilities, at no charge to the Operator. The Department may conduct additional inspections without notice during normal business hours.

1. A tow truck, upon initial inspection or during an enrollment period, will be allowed one follow-up inspection. A tow truck which fails to pass the follow-up inspection will not be approved for use on the Department Rotation Tow List during the term of this Agreement.
 2. The Department may waive the inspection of a tow truck which has been inspected by the CHP and has a current tow truck inspection certificate. To request a waiver, the Operator must submit a copy of the completed CHP inspection form to the Roseville Police Department.
- B. The Operator shall not dispatch a tow truck to a Department call that has not been inspected (by the Department or the CHP) and approved for use by the Department.

X. Business Records:

- A. The Operator shall maintain records of all tow services furnished. The records will be maintained at the Operator's place of business.
1. Invoices shall at a minimum include a description of each vehicle, nature of service, start time, end time, location of call, and itemized costs of towing and storage.
 2. Records for each call shall indicate the tow truck driver's name and truck used.
- B. The Operator shall also maintain business records relating to personnel, insurance, personnel taxes, payroll, applicable operating authorities, local operating authorities, lien sale actions, Federal Communications Commission licensing, and non-Department tows.
- C. The Department may inspect all Operator records without notice during normal business hours.
- D. Operators shall permit the Department to make copies of business records at their place of business, or to remove business records for the purpose of reproduction.
1. The Department shall provide a receipt for any (original) records removed from the place of business.
- E. Records shall be maintained and available for inspection for a period of two (2) years plus the current term of this Agreement.
- F. Failure of the Operator to comply with the inspection requirements shall be cause for suspension, if deemed appropriate by the Department.

XI. Financial Interest:

- A. No Operator or applicant shall be directly involved in the towing related business of any other Operator or applicant within the City of Roseville. "Directly involved" shall mean anything in common between Operators or applicants with regards to any of the following: 1) business licenses; 2) insurance; 3) tow truck or equipment ownership; and 4) employees.
- B. Storage facilities owned by an Operator, and shared with another Operator, shall only be approved if the owner/Operator charges for the space exclusively on a flat monthly rate rather than a vehicle-by-vehicle basis, or combination thereof.
 - 1. Facilities shared by Operators shall be physically separated and secured from each other.
- C. The sale or transfer of the controlling interest in a company shall immediately terminate an Agreement. The new owner may apply for a rotation tow listing at any time during the remainder of the current Agreement term, regardless of the Department's enrollment period.
 - 1. Employees may work for more than one Operator, however, the specific hours of employment with each Operator shall be indicated in the list of employees.
 - a. These employees shall be approved in advance by the Department.
- D. A terminated or suspended Operator and/or the tow business owner at the time of the suspension or termination (as defined in Attachment A) shall not be eligible for a rotation listing for the duration of the suspension or termination.
 - 1. This provision applies to the Operator working in any capacity within any tow business, or operating any tow business, and to the tow business, even if operated under new ownership.
- E. Any violation of this element is cause for suspension, if deemed appropriate by the Department.

XII. Meetings:

- A. The Department shall conduct a meeting to discuss issues concerning the tow rotation. All meetings shall be mandatory for the Operator or Operator's designee wishing to remain on rotation. The Department shall give the Operator fifteen (15) days written notice (as defined in Attachment A) of these meetings.

XIII. Demeanor and Conduct:

- A. While involved in Department rotation tow operations or related business, the tow Operator and/or employees shall refrain from any acts of misconduct including, but not be limited to, any of the following:

1. Rude or discourteous behavior.
 2. Lack of service, selective service, or refusal to provide service which the Operator is/should be capable of performing.
 3. Any act of sexual harassment or sexual impropriety.
 4. Unsafe driving practices.
 5. Exhibiting any objective symptoms of alcohol and/or drug use.
 6. Appearing at the scene of a Department rotation tow call with the odor of an alcoholic beverage emitting from the driver's or employee's breath.
 - a. The Operator/tow truck driver shall submit to a preliminary alcohol screening test upon demand of the Department.
- B. All Department related tow service complaints received by the Department against a tow Operator or tow Operator's employees will be accepted and investigated in a fair and impartial manner. As a result of the investigation, the Department may initiate disciplinary action as deemed appropriate. In any event, the Operator will be notified of the results of any investigation.
- C. Should the filing of criminal charges be a possibility, the Department will conduct the investigation to conclusion or assist the lead investigating agency and, if warranted, request prosecution.
- D. Any violation of this element is cause for suspension, if deemed appropriate by the Department.

XIV. Compliance with Law:

- A. The tow Operator and employees shall, at all times, comply with federal, state and local laws and ordinances, which include, but are not limited to, those laws which are applicable to the Operator.
1. In the event of a minor traffic violation by the tow truck driver which is known by the Department, the Operator shall be advised of the violation by the Department. The Operator will be granted the opportunity to take necessary steps to ensure that the driver complies with the law. Any subsequent traffic violations may be cause for disciplinary action against the Operator and/or the involved employees.
 - a. Any flagrant traffic violation may be cause for immediate disciplinary action against the Operator and/or the involved employees.
 2. The provisions contained in this element do not preclude the Department from taking appropriate enforcement or administrative action for any violations of law.

- B. Any conviction of the Operator involving a stolen or embezzled vehicle, fraud related to the towing business, stolen or embezzled property, crimes of violence, felony driving while under the influence of alcohol and/or a drug, misdemeanor driving while under the influence of alcohol and/or a drug while involved in a Department rotation tow call, or moral turpitude shall be cause for denial of application or termination of the Agreement.
- C. Any conviction of an Operator's employee involving a stolen or embezzled vehicle, fraud related to the towing business, stolen or embezzled property, crimes of violence, felony driving while under the influence of alcohol and/or a drug, misdemeanor driving under the influence of alcohol and/or a drug while involved in a Department rotation tow call, or moral turpitude shall be cause for the removal of the employee from the list of current Department rotation tow truck drivers.
- D. An Operator, or employee, arrested/charged for a violation involving any of the above crimes may be suspended until the case is adjudicated.

XV. Compliance with Agreement:

- A. The Operator agrees, that as a condition of inclusion on the rotation tow list, to comply with the terms and conditions of this Tow Service Agreement. Furthermore, the Operator agrees that failure by the Operator or the Operator's agent to comply with these terms or conditions shall be cause for written reprimand (as defined in Attachment A), suspension, or termination from the Department's rotation tow list. Alleged violations of the Tow Service Agreement will be investigated by the Department. The Operator will be notified of the Department's findings within thirty (30) calendar days of the conclusion of the investigation.

XVI. Disciplinary Action:

- A. The Department shall take disciplinary action against Operators for violations investigated and confirmed or sustained.
 - 1. The Department shall retain discretion regarding the length of any suspension imposed pursuant to the terms and conditions of this Agreement.
- B. Records of violations shall be retained by the Department for at least thirty-six (36) months.
- C. A violation of the equipment requirements related to safety shall be cause for immediate suspension. The period of the suspension shall be determined by the Department. The suspension shall remain in effect until the period of suspension is completed and the Department has conducted an inspection and found that the Operator is in compliance.
- D. A violation of the gross vehicle weight rating ("GVWR") and safe loading requirements of a tow truck may cause for immediate suspension. This includes exceeding the tow

truck's GVWR, front axle weight rating, rear axle weight rating, maximum tire weight ratings, or not maintaining fifty percent (50%) of the tow truck's unladen front axle weight on the front axle when in tow.

- E. A violation of overcharging or a pattern of overcharging shall be cause for suspension. The period of the suspension shall be determined by the Department. The suspension will remain in effect until the period of suspension is completed and the Operator has presented proof to the Department that reimbursement has been made to the aggrieved customer.
- F. Failure of the Operator to satisfy a court order mandating reimbursement to the vehicle or property owner for the damage or loss which occurred while the vehicle was in the Operator's custody will result in a suspension. The period of suspension shall be determined by the Department. The suspension will remain in effect until the period of suspension is completed and the Operator has presented proof of the reimbursement.
- G. Failure of the Operator to comply with the inspection requirements of this Agreement will result in a suspension. The period of the suspension shall be determined by the Department. The suspension shall remain in effect until the period of suspension is completed and the Operator has complied with the inspection requirement.
- H. Operators will not send tow truck drivers on Department calls unless the drivers have completed a certified tow truck driver training course. Failure of the Operator to comply with this requirement will result in a suspension. The period of suspension will be determined by the Department.
- I. Failure of the Operator to maintain the minimum insurance requirements set forth in the Agreement will immediately nullify the Agreement and is deemed to be a major violation of the Agreement.
 - 1. The Operator shall be subject to additional suspension for failure to notify the Department in advance of the insurance policy expiration or cancellation.
- J. Failure of the Operator or employee to comply with Element XIII, Demeanor and Conduct, and/or Element XIV, Compliance with Law, may be cause for suspension if deemed appropriate by the Department.
 - 1. Minor traffic violations may be considered minor violations of the Agreement.
 - 2. A tow truck driver, not under the immediate observations of the Operator, while on-duty and driving a tow truck, who is arrested and subsequently convicted for misdemeanor driving under the influence of alcohol and/or drugs, will be subject to suspension from participating as a tow truck driver under the provisions of this Agreement. The length of suspension will be at the Department's discretion.
- K. If the Operator is serving a suspension for one year or more, the Operator shall be required to comply with all terms and conditions of the current Agreement at the time of the reinstatement. There will be no approval of equipment that is not in compliance with

the equipment specifications contained in the Agreement at the time of reinstatement. Elements of this Agreement which are commonly referred to as "grandfather clauses" shall no longer apply to the Operator who is suspended for one year or more.

- L. **Major Violations.** Violations of the terms and conditions of the Agreement that are subject to suspension for the first violation are categorized as major violations. Any subsequent or continuing major violations may be cause for termination.
1. When considering punitive action for a major violation of the TSA, the Department may take into consideration all major and minor violations that occurred within thirty-six (36) months prior to the date of the current violation.
 2. Termination shall be invoked if, in the Department's judgment, continued participation in the Rotation Tow Program by the affected tow Operator may result in a hazard to public safety and/or welfare, or the Operator has been convicted of a crime listed in Element XIV-B.
 2. In lieu of termination, the Department may impose additional suspensions for longer periods, if deemed appropriate.
- M. **Minor Violations.** Except as specifically stated in the Agreement, minor violations of the terms and conditions of the Agreement may be cause for disciplinary action in the following manner:
1. 1st violation within a 12 month period - letter of written reprimand.
 2. 2nd violation within a 12 month period - up to 30 day suspension.
 3. 3rd violation within a 12 month period - 60 to 90 day suspension.
 4. 4th violation within a 12 month period - termination of the Agreement.
 - a. In lieu of termination, the Department may impose additional suspensions for longer periods, if deemed appropriate by the Department.
- N. Nothing herein shall be deemed to prohibit the Department from immediately suspending any Operator or employee whose conduct, in the opinion of the Department, is deemed to be a danger to the motoring public or who has engaged in conduct constituting a flagrant violation of this Agreement.

XVII. HEARING/APPEAL:

- A. In the event the Department serves the Operator with a written reprimand, suspension, or termination, the Operator may request a hearing within seven (7) calendar days by submitting a request in writing to the Department's Administrative Services Commander. If a hearing is requested, it shall be held as soon as practicable. The purpose of the hearing shall be to review all facts of the case and to determine if the

facts support the allegations and/or the prescribed level of disciplinary action. The hearing shall be conducted by the Administrative Services Commander or designee and the Operator shall be entitled to present all relevant facts and circumstances in support of the Operator's position. The Operator shall be further entitled to present testimony of at least one representative (as defined in Attachment A) of a tow truck association or other qualified person. The Operator shall be notified in writing of the decision of the Administrative Services Commander, within ten (10) business days of the date of the hearing.

B. Following a hearing, if the Operator is dissatisfied with the Administrative Services Commander's decision, the Operator may request an appeal (as defined in Attachment A) by submitting a request in writing to the Chief of Police within seven (7) calendar days. If an appeal is requested, it shall be held as soon as practicable. The appeal shall be conducted by the Chief of Police or designee. The Operator shall have the same rights as those provided at the hearing level. The Operator shall be notified in writing of the decision of the Chief of Police within ten (10) business days of the date of appeal. The Chief's decision shall be final and not subject to further administrative appeal.

C. A suspension or termination shall not take effect until the hearing and appeal process has been exhausted, with the exception of Operators whose conduct is deemed to be a danger to the motoring public or whose conduct grossly violates the terms and conditions of this Agreement. If an Operator fails to request a hearing or appeal within the specified time or fails to appear at a scheduled hearing or appeal, the action taken by the Administrative Services Commander shall be final and the suspension or termination shall take effect upon written notification to the Operator by the Department.

XVIII. Advertising:

A. The Operator shall not display any sign or engage any advertisement indicating an official or unofficial connection with the Department or the Department of Motor Vehicles.

1. Examples include, "Official Police Tow," "Approved by Roseville Police Department," "Roseville P.D. Rotation Tow," etc.

2. This will not preclude the Department from implementing a system to mark and identify particular tow trucks as having passed the CHP/Department inspection.

B. Any violation of this element is cause for suspension. At a minimum, the suspension should be for the duration of the advertisement.

XIX. Cancellation:

A. This Agreement may be cancelled by either party by giving written notice to the other party.

XX. Approval Specifications:

G. OPERATOR APPROVAL:

I certify that I have read and understand this Tow Service Agreement and agree to abide by all of the provisions. I further agree to indemnify, defend and save and hold harmless the City of Roseville, its officers, agents, volunteers and employees from any and all claims, suits or actions of every name, kind and description brought forth, or on account of, injuries to or death of any person (including but not limited to workers and the public), or damage to property resulting from the Operator or its agent's willful misconduct or negligent act or omission while engaged in the performance of obligations or exercise of rights created by this Agreement, except those matters arising from City's sole or active negligence or willful misconduct Operator. The parties intend that this provision shall be broadly construed. The Operator's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Agreement for the full period of time allowed by law.

The Operator, and the agents and employees of the Operator, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the City of Roseville.

ATTACHMENT A

DEFINITIONS

AGREEMENT:

For purposes of this document, Agreement and Tow Service Agreement are synonymous.

APPEAL:

The final level of review for written reprimands, suspensions, or terminations. An informal review conducted by the Chief of Police or his/her designee at which an Operator may present evidence or witnesses to show that an action taken by the Department was improper, or to mitigate the action taken.

AWR:

Axle Weight Rating

BASE SERVICES:

Any service or tow which is performed when the vehicle Operator or agent is present and the vehicle is not stored at the direction of an officer.

CHP:

The Department of the California Highway Patrol.

CITY:

The City of Roseville, California.

COLLUSION:

An agreement between two or more persons to defraud a person(s) or to obtain an object forbidden by law; conspiracy. It implies existence of fraud of some kind; the employment of fraudulent means or lawful means for the accomplishment of an unlawful purpose.

CVC:

California Vehicle Code

DEPARTMENT:

The City of Roseville Police Department.

(Rev. 02/26/21 SB)

ENROLLMENT PERIOD:

The period of time when a tow company may submit an application for inclusion on the Department's Rotation Tow List. The enrollment period will be open at least 30 days a year and is determined by the Department.

GWR:

Gross Vehicle Weight Rating.

HEARING:

The first level of review for written reprimands, suspensions, or terminations. An informal process in which an Operator may present evidence or witnesses, which would show that an action taken by the Department was improper, or to mitigate the action taken. The review will be conducted by the Department's Administrative Services Commander, or his/her designee.

INCIDENT COMMANDER:

A representative from the Law Enforcement Agency who has scene management responsibilities.

LOAD SALVAGE OPERATIONS:

Any operation involving the recovery of a load which has been spilled, or the off-loading and reloading of a load from an overturned vehicle performed in order to upright the vehicle. This will usually be limited to operations involving Class B, C, and D tow trucks.

MAY:

"May" is permissive.

MORAL TURPITUDE:

"[G]ross violation of standards of moral conduct, vileness. An act involving moral turpitude is considered intentionally evil, making the act a crime. The existence of moral turpitude can bring a more severe criminal charge or penalty for a criminal defendant," <http://dictionary.law.com> (last visited February 26, 2015).

NORMAL BUSINESS HOURS:

For purposes of this document, "Normal Business Hours" shall be not less than 8 a.m. to 5 p.m., Monday through Friday, except for state recognized holidays.

NOTICE:

All notices relating to this Agreement shall be in writing and delivered to the other party in person, via FAX, or by U.S. mail.

OPERATOR:

(Rev. 02/26/21 SB)

A tow service which has been issued a Letter of Authorization, has signed the Tow Service Agreement, and is approved to receive Department referred calls. The term "Operator" refers to the company, its owner(s), and its manager(s), who have authority to enter into an Agreement with the Department for towing services and/or to conduct business in accordance with the terms of this Agreement, as well as its agents and employees.

PARTY OF INTEREST:

Refers to the registered owner of the vehicle, or the owner's agent. An agent is a party who may lawfully act on behalf of the registered or legal owner of the vehicle.

PORTAL TO PORTAL:

Service shall start at the time of departure from the place of business or point of dispatch, whichever is closer to the location of the call, and shall end at the estimated time of return to the place of business or the completion of the call, if another call is pending, whichever is shorter. Return to place of business includes a reasonable and verifiable amount of time required to place the tow truck back into service when unusual circumstances require additional time that is not part of the normal operating procedures.

(Examples: 1) 4 X 4 recovery in the mud: Reasonable to charge for cleaning mud from the truck and equipment; 2) burned car on a car carrier: Reasonable to charge for cleaning burn debris from carrier bed; 3) car towed from side of road on misty night and leaves mud track on bed of carrier: not reasonable to charge for cleaning of carrier bed.) For the purpose of this agreement, "Portal to Portal" shall also mean "Portal to End of Service."

POSSESSION:

Pursuant to Section 3068.1 of the Civil Code, possession is deemed to arise when the vehicle is removed and is in transit, or when vehicle recovery operations or load salvage operations have begun.

PUBLIC SAFETY RESPONSE:

A response which results in a storage of a vehicle at the direction of a Department officer. This does not include a storage at the request of the vehicle Operator, registered owner, or agent thereof.

RESPONSE TIME:

The period of time from an Operator's notification by the Department's Communications Center of a call to the arrival of the tow truck at the location requested.

RETAIL RATE:

The usual customary retail rate charged by an Operator to individual retail customers is the competitive hourly rate a company has posted in the office and quotes over the phone.

(Rev. 02/26/21 SB)

ROTATION TOW BUSINESS:

A rotation tow business shall be sufficiently staffed to allow customers to talk face-to-face with a tow company's owner or agent to conduct the customer's business transactions during the Department approved business hours. The business shall be conveniently located within the City and available to the motoring public.

SERVICE CALL RATE:

The maximum rate which may be charged to the registered owner/agent of a vehicle which requires service to put the vehicle back into operation, (i.e., out of gas, change a flat tire, etc.) and the vehicle's owner/agent is able to pay the Operator for the services upon completion of the call. This rate shall be consistent with rates charged for similar services.

SHALL:

"Shall" is mandatory.

SUSPENSION:

Removal of an Operator from the Department's rotation tow list for a specified period of time. Suspensions may be for periods longer than the current term of the Agreement.

TERMINATION:

Permanent removal of a tow Operator from the Department's rotation tow list for the remainder of the term of the Tow Service Agreement and disqualification from any further participation in the Department's Rotation Tow Program.

TOW TRUCK:

A tow truck is defined in Section 615 of the CVC. Also includes slide-back carriers and wheel lift vehicles.

TOW SERVICE AGREEMENT (TSA):

A document which sets forth the terms and conditions of an Agreement between the Operator and the Department. For purposes of this document, the Agreement also means the "TSA".

VEHICLE RECOVERY OPERATION:

An operation involving the process of up righting an overturned vehicle or returning a vehicle to a normal position on the roadway which requires the use of auxiliary equipment due to the size or location of the vehicle. This will usually be limited to operations requiring a Class B, C or D tow truck.

WAIVER OF REQUIREMENTS:

(Rev. 02/26/21 SB)

Provides for temporary relief from selected terms and conditions of the Tow Service Agreement.

WRITTEN REPRIMAND:

A written notice to an Operator which specifies any violation of the Tow Service Agreement, orders corrective action, and warns of further action to be taken if corrective action is not taken.

ATTACHMENT B

APPLICANT'S INSTRUCTIONS FOR COMPLETING THE RPD FORM 73.I. GENERAL INFORMATION:

A. The following instructions are being provided to assist you in the accurate completion of the necessary forms. ***Please be sure to sign and date the application form as indicated.***

1. You should thoroughly read and understand the Tow Service Agreement prior to submitting your application.
2. Please be sure to sign and date the application form (RPD 73) as indicated.
3. After completing the application form, submit the following with the completed application:
 - a. Completed Element XX (Pages 21 and 22) ***(return one copy of page 21 and both signed copies of page 23)***
 - b. A copy of your current, valid City of Roseville business license.
 - c. Signed and dated vehicle inspection forms for each vehicle to be used for rotation tows. (If inspected by the CHP within the past nine (9) months, a copy of the CHP inspection report should be submitted.) A second inspection will also need to be completed during the second year of the contract.
 - d. A current, dated rate schedule.
 - e. A list of drivers with information specified in Element III.
 - f. A current copy of your DMV Motor Carrier Permit.
4. Submit the application to the Roseville Police Department at the address below. All TSA applications submitted through the mail shall be sent by certified mail, with return receipt requested. The return receipt shall be presented to the Department as proof that the application was mailed to the Department. All applications and attachments must be received by **April 30, 2023**. Return the application and required attachments to:

Roseville Police Department
Attn: Traffic Division Lieutenant
1051 Junction Boulevard
Roseville, California 95678-7191

Applications received after April 30, 2023 will be rejected. No exceptions.

5. **Submit all required certificates of insurance (as specified in Element VIII), in a separate envelope, addressed to:**

(Rev. 02/26/21 SB)

City of Roseville
Risk Management Division
311 Vernon Street
Roseville, CA 95678

6. If your company receives preliminary approval, an inspection of your facilities and equipment will be scheduled, if necessary. (If you also tow for the CHP, we will accept a copy of the CHP's inspection of your truck(s) if conducted within the past nine (9) months.) A second inspection will also need to be completed during the second year of the contract.
7. Upon final approval, one copy the completed Element XX (page 22) will be signed and returned to you.

II. SPECIFIC INSTRUCTIONS FOR FORMS PREPARATION:

- A. Application for Rotation Tow Listing (RPD 73). Complete and sign. All information on the RPD 73 must be complete. ***Incomplete applications will not be accepted and shall be grounds for immediate disqualification in the TSA process.*** Any misrepresentation on the application may be grounds for criminal and/or disciplinary action. Disciplinary action may include disqualification, written reprimands, suspension from the rotation, and/or removal from the rotation.
 1. **Business Name and Mailing Address** - as it appears on your business license.
 2. **Daytime Telephone Number** - Telephone number for the dispatch of tow services.
 3. **Nighttime Telephone Number** - Telephone number for nighttime/holiday dispatch of tow services. If the daytime number is 24 hours a day, leave night phone blank.
 4. **Business address**, if different than mailing address.
 5. List any automobile club affiliations (i.e., AAA, National, etc.).
 6. Do you provide towing services 24 hours-a-day? (Yes or No)
 7. How many years have you been in the towing business?
 8. Have you or anyone with financial interest ever been convicted of a crime involving stolen or embezzled vehicles, fraud related to the towing business, stolen or embezzled property, crimes of violence, drug related offenses, DUI offenses as specified, or moral turpitude? (Yes or No)
 9. Check the class(es) and note the number of each class of truck that you operate.
 10. Are any of your Class A tow trucks a car carrier? (Yes or No)

11. List your primary storage address and whether it is owned, leased, or rented.
- 12/13. List any secondary storage addresses and whether they are owned, leased or rented.
14. Are all the storage yards fenced? (Yes or No)
15. How many outside storage spaces are available?
16. Is inside storage available? (Yes or No)
17. How many inside storage spaces are available?
18. List all legal owner(s). If the owner is a firm, company, association or corporation, list all persons having financial interest.
19. Do you or any legal owner of your tow company have any financial interest in any other tow company within the City of Roseville? (Yes or No)
20. Do you have any family members who own or have financial interest in any other tow company within the City of Roseville? (Yes or No) (Family members are any person or persons related by blood or marriage.)
21. Do you share any facilities with any other tow company? (Yes or No)
22. A "yes" answer to 19, 20, or 21 shall be explained in the remarks section by listing the name of the tow company.
23. Accurately list the maximum hourly rate to be charged on Department calls for each tow truck class for which you are applying.
24. List the outside storage rate for each tow truck class for which you are applying.
25. List the inside storage rate for each tow truck class for which you are applying.
26. List the service call rate for each tow truck class for which you are applying.
27. List the contract labor rate for each tow truck class for which you are applying.
28. List the rate(s) for auxiliary equipment for each class for which you are applying.
29. Are you capable of towing Class A recreational vehicles (RVs)? (Yes or No)
30. Are you capable of towing Class B recreational vehicles (RVs)? (Yes or No)
31. Are you capable of towing Class C recreational vehicles (RVs)? (Yes or No)

32. Do you have storage space spaces for a recreational vehicle (RV)? (Yes or No)
33. List any comments or additional information, such as an explanation of any "Yes" response to questions 19, 20 and/or 21.
34. Read the statement and sign and date the application. Include the name and title of the person signing the application.

COUNCIL COMMUNICATION

CC #: 2801

File #: 0709

Title: Prohousing Incentive Pilot Program - Funding Reservation

Contact: Trisha Isom 916-746-1239 tisom@roseville.ca.us
Sara Thornton 916-774-5295 srthornton@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.15.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution to reserve \$1,550,000 in Prohousing Incentive Pilot Program funding for the Mercy Housing Pleasant Grove Apartments project.

BACKGROUND

The California Housing and Community Development Department (HCD) released a Notice of Funding Availability (NOFA) for approximately \$25 million in funds for the Prohousing Incentive Pilot Program (PIP) on December 15, 2022. The PIP Program complements the Prohousing Designation Program and is designed to encourage cities and counties to obtain the Prohousing Designation. The new program is funded through Chapter 364, Statutes of 2017 (SB 2, Atkins), which established the Building Homes and Jobs Trust Fund. The PIP Program awards funds based on jurisdiction size and Prohousing Designation Program score. Eligible activities include predevelopment, development, acquisition, rehabilitation and preservation of multifamily rental housing for low-income households.

City Council authorized staff to complete and submit an application for PIP funds in December 2022. The Housing Division submitted an application to HCD for the maximum funding award in the amount of \$1,610,000. The Housing Division released a Notice of Funding Availability in February of 2023 which included the contingent PIP funds, specifically to address predevelopment costs for affordable housing projects. Mercy Housing was the only developer that applied for predevelopment funds and requested \$1,550,000 for their 98-unit Pleasant Grove Apartments project.

City Council approved an amended reservation of funds totaling \$6 million in Local Housing Trust Funds for the Mercy Housing project on May 17, 2023. Shortly thereafter, the City received notification of an award of PIP funds for the full \$1,610,000. The additional PIP funding will allow the Mercy Housing project to be more competitive and demonstrate a commitment of local funds that is necessary to support the project in qualifying for additional state and federal affordable

housing funds. If the new reservation is approved, staff will bring forward the necessary loan and regulatory agreement documents required for development of the projects for Council review and consideration.

FISCAL IMPACT

PIP funding is provided as a state grant to the City. These grants are used to offset potential costs to the General Fund, while serving the low-income community and supporting the development of affordable housing. The recommended action does not impact the City's General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The request for reservation of funds to develop affordable housing meets the above criteria and is not subject to CEQA. No additional environmental review is required.

COUNCIL COMMUNICATION

CC #: 2797

File #: 0709

Title: HOME Investment Partnerships Program - Application Authorization

Contact: Trisha Isom 916-746-1239 tisom@roseville.ca.us
Sara Thornton 916-774-5295 srthornton@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.16.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt a resolution authorizing the City Manager or his designee to submit a 2022 HOME Investment Partnerships Program application to the California State Department of Housing and Community Development for funding in the amount of \$1,500,000; and if awarded, the execution of a standard agreement and other related documents necessary to participate and comply with the HOME Investment Partnerships Program for rehabilitation of Sun Rose Apartments, a Project Homekey permanent supportive housing site in the City of Roseville.

BACKGROUND

The HOME Program was created under Title II (the HOME Investment Partnerships Act) of the National Affordable Housing Act of 1990. The objectives and intent of the HOME Program are to provide decent affordable housing to lower-income households; strengthen the ability of state and local governments to provide housing; expand the capacity of non-profit housing providers; and leverage private sector participation. In addition, Congress intended the HOME program to operate in a way that will help the participating jurisdiction undertake its own affordable housing strategy. HOME program regulations are available at 24 CFR §92.

HOME Program funds are federal funds allocated by the California Department of Housing and Community Development (HCD) to qualifying entities and are to be used for projects that meet the criteria listed above. The City of Roseville has approximately \$2 million in HOME Program Income (PI) funds which is generated by First-Time Home Buyer and Owner Occupied Rehabilitation loan payoffs funded using HOME program dollars.

In April 2020, Placer County Health and Human Services established the Hampton Inn on Douglas Boulevard in Roseville as a Project Roomkey site. Project Roomkey was part of the State of California's response to the COVID-19 pandemic and was created as a solution to provide emergency shelter to unhoused individuals and families and minimize the strain on the healthcare system during the pandemic. Due to the program's success, Governor Gavin Newsom implemented Project Homekey - a statewide initiative to convert underutilized hotels to permanent

housing facilities. Placer County Health and Human Services applied for Project Homekey funds and was awarded \$23.5 million in April of 2022 for rehabilitation of the Hampton Inn site and conversion to Sun Rose Apartments as a permanent housing solution.

The Sun Rose project will consist of 83 studio units, including one managers unit, for persons experiencing homelessness and youth experiencing homelessness or at-risk of homelessness. Fifty (50) units will be occupied by the chronically homeless population, twenty-seven (27) units will be occupied by persons experiencing homelessness, five (5) units will be occupied by youth experiencing homelessness or at-risk of homelessness. The project is located within a half-mile of public transit, a grocery store, health facility, pharmacy, and youth-specific services.

Although the building is in good condition due to its relatively recent construction, units will be renovated to include kitchenettes for more permanent long-term living conditions. Advocates for Mentally Ill Housing, Inc. (AMI Housing) is also providing furnished units, as necessary, that include a double bed, a dining table and chairs, and living area seating. Existing meeting rooms located on the first floor will be utilized for an urgent care facility for immediate substance abuse needs, a computer lab, as well as property management and supportive services offices. Supportive services will be provided on-site by AMI Housing and Placer County Health and Human Services, Adult System of Care Division, or off-site through collaboration with community partners.

In October 2022, the City of Roseville Housing Division released a HOME PI Notice of Funding Availability in amount of \$1.5 million to assist with affordable housing development. AMI Housing was the only applicant to apply for the funding and proposed to use the HOME PI amount of \$1.5 million as gap financing for rehabilitation of the acquired housing site which will include adding kitchenettes to the studio units. Funds will be disbursed in the form of a loan and will require a 55-year regulatory agreement which will qualify the units to be counted toward Roseville's very low-income Regional Housing Needs Allocation (RHNA).

State HOME guidelines require the Housing Division to apply to HCD to use HOME PI monies for the Homekey project. HOME funds can be difficult to disburse due to the restrictions on usage and the lengthy application and environmental process. Expending \$1.5 million in one tranche would demonstrate the City's ability to expend and meet our agreement terms with HUD while also increasing the RHNA credits required by the State. If approved, staff will bring forward the necessary loan and regulatory agreement documents required for development of the project for Council review and consideration.

FISCAL IMPACT

The City's HOME program income is generated by First-Time Home Buyer and Owner Occupied Rehabilitation loan payoffs that are funded using HOME dollars. Given the rise in housing costs and purchase prices, HOME funding has been increasingly difficult to disburse under these programs. Expending \$1.5 in one tranche would demonstrate the City's ability to expend program income and meet our agreement terms with HUD and HCD. No General Fund resources will be used.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) only applies to projects which have the potential to cause a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. (CEQA Guidelines §15061(b)(3)). The National Environmental Policy Act (NEPA) requires Federal agencies to assess the environmental effects of proposed major Federal actions prior to making decisions. This HOME PI application required a full Environmental Assessment (EA) and approval from HCD. The HOME PI EA application was approved by HCD.

Description

Resolution 23-279

Universal Application

RESOLUTION NO. 23-279

AUTHORIZING THE SUBMISSION OF THE 2022 HOME INVESTMENT PARTNERSHIPS PROGRAM APPLICATION TO THE CALIFORNIA STATE DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT, AND AUTHORIZING THE CITY MANAGER TO EXECUTE IT AND ANY RELATED DOCUMENTS NECESSARY TO PARTICIPATE AND COMPLY WITH THE PROGRAM ON BEHALF OF THE CITY OF ROSEVILLE

WHEREAS:

- A. The California Department of Housing and Community Development (the “Department”) is authorized to allocate HOME Investment Partnerships Program (“HOME”) funds made available from the U.S. Department of Housing and Urban Development (“HUD”). HOME funds are to be used for the purposes set forth in Title II of the Cranston-Gonzalez National Affordable Housing Act of 1990, in federal implementing regulations set forth in Title 24 of the Code of Federal Regulations, part 92, and in Title 25 of the California Code of Regulations commencing with section 8200.
- B. On October 28, 2022, the Department issued a Notice of Funding Availability announcing the availability of funds under the HOME program (the “NOFA”).
- C. In response to the 2022 HOME NOFA, Advocates for Mentally Ill Housing (AMI Housing a nonprofit corporation (the “Applicant”), wishes to apply to the Department for, and receive an allocation of, HOME funds.

THEREFORE, IT IS RESOLVED THAT:

- 1. In response to the 2022 HOME NOFA, the Applicant shall submit an application to the Department to participate in the HOME program and for an allocation of funds not to exceed one million, five hundred thousand dollars (\$1,500,000) for the following activities and/or programs:

Conversion and rehabilitation of 83 units of a Program Roomkey hotel into a Homekey permanent supportive housing site to be located in the City of Roseville.
- 2. If the application for funding is approved, then the Applicant hereby agrees to use the HOME funds for eligible activities in the manner presented in its application as approved by the Department in accordance with the statutes and regulations cited above. The Applicant may also execute a standard agreement, any amendments thereto, and any and all other documents or instruments necessary or required by the Department or HUD for participation in the HOME program (collectively, the required documents).
- 3. The Applicant authorizes Melissa Anguiano, Economic Development Director, to execute, in the name of the applicant, the required documents

(A) Project paid in whole or part out of public funds subject to a legal requirement for the payment of state or federal prevailing wages or financed in part by a labor-affiliated organization requiring the employment of construction workers who are paid at least state or federal prevailing wages. (20%)					Yes	\$4,621,390
Project certifies that (1) they are subject to a project labor agreement within the meaning of §2500(b)(1) of the Public Contract Code, or (2) they will use a skilled and trained workforce as defined by §25536.7 of the Health and Safety Code to perform all onsite work within an apprenticeable occupation in the building and construction trades. (5%)					Yes	\$1,155,348
New construction project required to provide parking beneath residential units (not "tuck under" parking) or through construction of an on-site parking structure of two or more levels. (10%)					No	\$0
Project where a day care center is part of the development. (2%)					No	\$0
Project where 100 percent of the Low Income units are for Special Needs populations. (2%)					Yes	\$462,139
Project where at least 95% of the project's upper floor units are serviced by an elevator. (10%)					Yes	\$2,310,695
Project wherein at least 95% of the building(s) is constructed as Type I as defined in the California Building Code, in which case, the Type III 10% increase below is not allowed. (15%)					No	\$0
Project wherein at least 95% of the building(s) is constructed as a Type III as defined in the California Building Code, or a Type III/Type I combination, in which case, the Type I 15% increase above is not allowed. (10%)					No	\$0
(B) Project applying under §10325 or §10326 of these regulations that include one or more of the features below: (up to 10%)						\$1,155,348
Proposed energy efficiency/resource conservation/indoor air quality items	(1) Project shall have onsite renewable generation estimated to produce 50% or more of annual tenant electricity use. If the combined available roof area of the Project structures, including carports, is insufficient for provision of 50% of annual electricity use, then the Project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Available solar accessible area is defined as roof area less north facing roof area for sloped roofs, equipment, solar thermal hot water and required local or state fire department set-backs and access routes. A Project not availing itself of the 90% roof area exception may also receive an increase under paragraph (2) only if the renewable generation used to calculate each basis increase does not overlap. (5%)				Yes	
	(2) Project shall have onsite renewable generation estimated to produce 75% or more of annual common area electricity use. If the combined available roof area of the Project structures, including carports, is insufficient for provision of 75% of annual electricity use, then the Project shall have onsite renewable generation based on at least 90% of the available solar accessible roof area. Available solar accessible area is defined as roof area less north facing roof area for sloped roofs, equipment, solar thermal hot water and required local or state fire department set-backs and access routes. A Project not availing itself of the 90% roof area exception may also receive an increase under paragraph (1) only if the renewable generation used to calculate each basis increase does not overlap. (2%)				No	
	(3) Newly constructed Project buildings shall be 15% or more energy efficient than the 2016 Energy Efficiency Standards (California Code of Regulations, Part 6 of Title 24), except that if the local building department has determined that building permit applications submitted on or before December 31, 2016 are complete, then newly constructed Project buildings shall be fifteen percent (15%) or more energy efficient than the 2013 Energy Efficiency Standards (California Code of Regulations, Part 6 of Title 24). (4%)				No	
	(4) Rehab Project buildings shall have 80% decrease in estimated TDV energy use (or improvement in energy efficiency) post rehab as demonstrated using the appropriate performance module of CEC software. (4%)				No	
	(5) Irrigate only with reclaimed water, greywater, or rainwater (excepting water used for Community Gardens) or irrigate with reclaimed water, grey water, or rainwater in an amount that annually equals or exceeds 20,000 gallons or 300 gallons per unit, whichever is less. (1%)				No	
	(6) Community Gardens of at least 60 square feet per unit. Permanent site improvements that provide a viable growing space within the Project including solar access, fencing, watering systems, secure storage space for tools, and pedestrian access. (1%)				No	
	(7) Install bamboo, cork, salvaged or FSC-Certified wood, natural linoleum, natural rubber, or ceramic tile in all kitchens, living rooms, and bathrooms (where no VOC adhesives or backing is also used). (1%)				No	
	(8) Install bamboo, stained concrete, cork, salvaged or FSC-Certified wood, ceramic tile, or natural linoleum in all common areas. (2%)				No	
	(9) Meet all requirements of the U.S. Environmental Protection Agency Indoor Air Plus Program. (2%)				No	
(D) Project requires seismic upgrading of existing structures, and/or requires toxic or other environmental mitigation as certified by the Project architect/ engineer. (lesser of costs or 15% basis adjustment)					No	\$0
If Yes, select type of work: Enter Certified Costs of Work: \$0						
(E) Local development impact fees required to be paid to local government entities. Certification from local entities assessing fees also required. WAIVED IMPACT FEES ARE INELIGIBLE.					Yes	\$510,298

Section 3. UMR §8312(a) for Projects without tax credits (choose only one in the 'a', 'b' or 'c' subsections)					
a. New construction and substantial rehab projects UMR §8312(a)(1)					
substantial rehab = construction cost for rehab work (excluding contractor profit and overhead) in excess of \$38,000 per unit					
a1. Number of units (include manager's unit)					
a2. First 30 units at:	\$28,000 each		\$0		
a3. Units in excess of 30 at:	\$11,500 each		\$0		
a4. Total new construction and substantial rehab (a2 + a3)					\$0
b. Acquisition and rehab projects UMR §8312(a)(2)					
with construction cost for rehab work (excluding contractor profit and overhead) between \$11,500 - \$38,000 per unit					
b1. Number of units (include manager's unit)					
b2. First 30 units at:	\$13,000 each		\$0		
b3. Units in excess of 30 at:	\$5,500 each		\$0		
b4. Total acquisition and non-substantial rehab (b2 + b3)					\$0
c. All other projects UMR §8312(a)(3)					
c1. Number of units (include manager's unit)					
c2. Total other at:	\$2,000 per unit				\$0
d. Maximum allowable Developer Fee (a4 + b4 + c2)					\$0

Supportive Services Costs - HCD 2017 UMR Limits (for projects with HCD funding) - 2.5% annual increase

HCD UMR §8301(t): "Supportive Services" - social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits.

HCD UMR §8301(u): "Supportive Services Costs" - the costs of providing tenants service coordination, case management, and direct resident and Supportive Services. It includes: (1) the cost of providing tenants with information on and referral to social, health, educational, income support and employment services and benefits, coordination of community building and educational activities, individualized needs assessment, and individualized assistance with obtaining services and benefits; (2) salaries, benefits, contracted services, telecommunication expenses, travel costs, supplies, office expenses, staff training, maintenance of on-site equipment used in services programs, such as computer labs, incidental costs related to resident events, and other similar costs approved by the Department.

A. Supportive Services Units:	Total number of units:	83	Certification Year - based on completion or update date from Universal Application ("General" worksheet cell K10):	2021	Total Units	Max PUPY Expense	Max Costs
(1) UMR §8314(e)(1): Total number of Supportive Housing (SH) units anticipated to be restricted to individuals or families experiencing chronic homelessness as defined consistent with Health and Safety Code (HSC) §50675.14.					55	\$4,504	\$247,720
(2) UMR §8314(e)(2): Total number of Supportive Housing (SH) units (other than those restricted to individuals or families experiencing chronic homelessness pursuant to HSC §50675.14), PLUS the total number of units restricted to occupancy by Special Needs Populations (SNP)* under any HCD program. (* click here for definition - §7301(s) of the MHP Regulations). Do not include units included in (1) above.					28	\$3,377	\$94,556
(3) UMR §8314(e)(3): Total number of units where the Sponsor, their affiliate, or a service provider under contract to provide Supportive Services at the Project has both: (A) qualified staff devoted exclusively to oversight and quality control of resident services in affordable housing, including the Project; and (B) a system to track and report on tenant outcomes, such as changes in employment status and income. Do not include units included in items (1) and (2) above.						\$1,160	\$0
(4) UMR §8314(e)(4): Total number of units anticipated to be offered Supportive Services provided by the Project Sponsor, a Sponsor affiliate, or contracted service provider that do not satisfy the criteria in items (1), (2) and (3) above.						\$276	\$0
(5) Maximum Supportive Services Costs					83		\$342,276

Legal Disclosure		
For purposes of the following questions, and with the exceptions noted below, the term "applicant" shall include the applicant and joint applicant, and any subsidiary of the applicant or joint applicant if the subsidiary is involved in (for example, as a guarantor) or will be benefited by the application or the Project.		
In addition to each of these entities themselves, the term "applicant" shall also include the direct and indirect holders of more than ten percent (10%) of the ownership interests in the entity, as well as the officers, directors, principals and senior executives of the entity if the entity is a corporation, the general and limited partners of the entity if the entity is a partnership, and the members or managers of the entity if the entity is a limited liability company. For projects using tax-exempt bonds, it shall also include the individual who will be executing the bond purchase agreement.		
The following questions must be responded to for each entity and person qualifying as an "applicant," or "joint applicant" as defined above.		
Exceptions:		
Public entity applicants without an ownership interest in the proposed project, including but not limited to cities, counties, and joint powers authorities with 100 or more members, are not required to respond to this questionnaire.		
Members of the boards of directors of non-profit corporations, including officers of the boards, are also not required to respond. However, chief executive officers (Executive Directors, Chief Executive Officers, Presidents or their equivalent) must respond, as must chief financial officers (Treasurers, Chief Financial Officers, or their equivalent).		
Civil Matters		
1. Has the applicant filed a bankruptcy or receivership case or had a bankruptcy or receivership action commenced against it, defaulted on a loan or been foreclosed against in <i>past ten years</i> ?		
2. Is the applicant currently a party to, or been notified that it may become a party to, any civil litigation that may materially and adversely affect (a) the financial condition of the applicant's business, or (b) the project that is the subject of the application?		
3. Have there been any administrative or civil settlements, decisions, or judgments against the applicant within the past ten years that materially and adversely affected (a) the financial condition of the applicant's business, or (b) the project that is the subject of the application?		
4. Is the applicant currently subject to, or been notified that it may become subject to, any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency?		
5. In the past ten years, has the applicant been subject to any civil or administrative proceeding, examination, or investigation by a local, state or federal licensing or accreditation agency, a local, state or federal taxing authority, or a local, state or federal regulatory or enforcement agency that resulted in a settlement, decision, or judgment?		
Criminal Matters		
6. Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, felony charges against the applicant?		
7. Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, misdemeanor charges against the applicant for matters relating to the conduct of the applicant's business?		
8. Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, involving, or that could result in, criminal charges (whether felony or misdemeanor) against the applicant for any financial or fraud related crime?		
9. Is the applicant currently a party to, or the subject of, or been notified that it may become a party to or the subject of, any criminal litigation, proceeding, charge, complaint, examination or investigation, of any kind, that could materially affect the financial condition of the applicant's business?		
10. Within the past ten years, has the applicant been convicted of any felony?		
11. Within the past ten years, has the applicant been convicted of any misdemeanor related to the conduct of the applicant's business?		
12. Within the past ten years, has the applicant been convicted of any misdemeanor for any financial or fraud related crime?		
Please provide a letter of explanation if you responded "Yes" to any of the questions above.

COUNCIL COMMUNICATION

CC #: 2788

File #: 0709-05 & 0214

Title:	COVID Homeless Prevention Assistance Program - Community Development Block Grant Agreement Amendment
Contact:	Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 6/21/2023

Item #: 7.17.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council approve the First Amendment to COVID Homeless Prevention Assistance Program - Community Development Block Grant Agreement with AMI Housing to extend the contract from June 30, 2023 to June 30, 2024, and adopt a resolution authorizing the City Manager to execute it.

BACKGROUND

As an entitlement jurisdiction, the City of Roseville receives an annual allocation of Community Development Block Grant (CDBG) funds from the U.S. Department of Housing & Urban Development (HUD). On March 27, 2020 the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted by Congress to provide emergency assistance and health care response for individuals, families, and businesses affected by the COVID-19 pandemic. CDBG-CV funds must be used for CDBG eligible activities that prevent, prepare for, or respond to the COVID-19 virus. The City received two rounds of CARES Act funding, also known as CDBG-CV, totaling \$1,213,133.

In December of 2020, staff released a Request for Proposals (RFP) in pursuit of non-profit agencies to administer a program using CDBG-CV funds. AMI Housing (AMI) proposed a program to provide housing assistance to low-income residents through the payment of rent and utilities. In February 2021, Council approved an award of \$250,000 in CDBG-CV funds toward this program in order to assist Roseville residents affected by COVID-19 who were at risk of housing instability. AMI's program would not only help prevent homelessness and potential evictions, but also provide families with stability during an uncertain time.

On May 18, 2022, City Council approved the proposed award of an additional \$200,000 in CDBG-CV funding to AMI for their rent and back rent homeless prevention assistance program. The new contract combined the remaining unspent funds from the prior fiscal year of \$200,500 with the 2022-23 program year award of \$200,000, for a total of \$400,500. HUD originally required that 80% of awarded CDBG-CV funds be spent by June 30, 2023. This was rescinded on April 18, 2023 and, under the new notice, all funds must be expended within six years of the

grant agreement date. Although AMI anticipated that they would be able to expend the entire award before the end of the fiscal year, they have approximately \$75,000 left in the contract. Upon execution of the agreement amendment, AMI will be able to continue their well utilized program and disburse these funds through June 30, 2024.

FISCAL IMPACT

The CDBG funding is provided as a federal grant to the City. These grants are used to offset potential costs to the General Fund and to serve the community. Funding for the AMI Housing COVID Homeless Prevention Assistance program was approved with the adoption of the first amendment to the CDBG 2019 Program Year Annual Action Plan Amendment on February 3, 2021, and the third amendment on May 18, 2022. This item does not impact the City's General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA §21065 and CEQA State Guidelines §15060(c)(3) and §15378. The approval of an agreement extension with AMI Housing meets the above criteria and is not subject to CEQA. No additional environmental review is required.

CITY COUNCIL STRATEGIC PLAN/OVERARCHING GOALS

Goal C - Maintain a safe and healthy community

Respectfully Submitted,

Trisha Isom, Housing Manager

**FIRST AMENDMENT TO COMMUNITY DEVELOPMENT BLOCK GRANT
AGREEMENT FOR COVID HOMELESS PREVENTION ASSISTANCE**

Grant No. B-20-MW-06-0043

CFDA: 14.218

THIS FIRST AMENDMENT TO AGREEMENT is made and entered into this ____ day of _____, 20__, by and between the City of Roseville, a municipal corporation (“CITY”), and AMI Housing, a California non-profit corporation (“SUBRECIPIENT”); and

W I T N E S S E T H:

WHEREAS, SUBRECIPIENT is a nonprofit corporation organized under the laws of the State of California and qualifying for federal tax exempt status; and

WHEREAS, CITY has allocated Community Development Block Grant (CDBG) funds for COVID Homeless Prevention Assistance; and

WHEREAS, on August 8, 2022, CITY and SUBRECIPIENT entered into that certain Community Development Block Grant Agreement for Covid-19 Homeless Prevention Assistance, approved by Resolution No. 22-293 of the Roseville City Council (the “Agreement”); and

WHEREAS, the parties desire to extend the Agreement for one (1) year.

NOW, THEREFORE, the parties agree as follows:

1. Section 3 of the Agreement is amended to read as follows:

"This Agreement shall be for a period commencing on July 1, 2022 and ending on June 30, 2024."

3. All other provisions of the Agreement shall remain unchanged and in full force and effect.

IN WITNESS WHEREOF, the City of Roseville, a municipal corporation, has authorized the execution of this First Amendment to Agreement in duplicate by its City Manager and attested to by its City Clerk under the authority of Resolution No. _____, adopted by the Council of the City of Roseville on the ____ day of _____, 2023, and SUBRECIPIENT has caused this First Amendment to Agreement to be executed.

COUNCIL COMMUNICATION

CC #: 2794
File #: 0709-05

Title:	Fiscal Year 2023-24 Homeless Prevention and Rapid Rehousing Grant Agreements
Contact:	Suzanne Acrell 916-774-5469 sacrell@roseville.ca.us Trisha Isom 916-746-1239 tisom@roseville.ca.us

Meeting Date: 6/21/2023
Item #: 7.18.

RECOMMENDATION TO COUNCIL

Staff recommends that the City Council adopt resolutions to authorize the City Manager to execute grant agreements between the City of Roseville and AMI Housing, Inc. in the amount of \$500,000, The Gathering Inn in the amount of \$250,000, and The Unity Care Group in the amount of \$123,794 for Homeless Prevention and Rapid Rehousing services.

BACKGROUND

On May 17, 2023, City Council approved the FY2023-24 Homeless Prevention and Rapid Rehousing (HPRR) Funding Allocations. The grant agreements that exceed the City Council limit must be approved by Council. These agreements include AMI Housing, Inc. in the amount of \$500,000, The Gathering Inn in the amount of \$250,000, and Unity Care Group in the amount of \$123,794.

The goals of Roseville's HPRR program are to provide temporary assistance to prevent an individual or family from losing permanent housing and to provide temporary assistance to homeless individuals and families in obtaining permanent housing. Eligible services for this grant funding include temporary rental assistance, short-term hotel vouchers, housing relocation and stabilization services, housing navigation services, mediation and outreach to property owners, credit repair, security deposits, utility payments, and case management related to these activities. Supportive case management services allow people to obtain and retain housing. These services are extremely effective in reducing the financial burden and trauma of homelessness.

Grantees are required to submit reporting every six months on specific program outcomes including total residents served and leveraging of funds to ensure efficient delivery of services. The City continues to work to improve collaboration, efficiency, and outcomes by managing grants with performance-based measurements. Staff continues to see increased collaboration that reaches beyond city grant contracts due to this local policy.

FISCAL IMPACT

The Homeless Prevention and Rapid Rehousing grant program is funded with \$250,000 of Low and Moderate Income Housing Asset Fund (Low/Mod funds) and \$766,299 in State of California Permanent Local Housing Allocation (PLHA) funding for the Cities of Roseville and Rocklin. The program significantly reduces instances and durations of homelessness in Roseville and Rocklin and has reduced costs to the Cities and to the community as a whole. The recommended actions do not result in any costs to the General Fund.

ENVIRONMENTAL REVIEW

The California Environmental Quality Act (CEQA) does not apply to activities that will not result in a direct or reasonably foreseeable indirect physical change in the environment, or is otherwise not considered a project as defined by CEQA Statute §21065 and CEQA State Guidelines §15060(c)(3) and §15378. Approval of the Homeless Prevention and Rapid Rehousing program grant agreements do not include the potential for a significant environmental effect, and therefore are not subject to CEQA.

City Clerk

**GRANT AGREEMENT FOR HOMELESS PREVENTION
AND RAPID REHOUSING SERVICES**

THIS GRANT AGREEMENT, is made and entered into this ____ day of _____, 20__, by and between the City of Roseville acting in its role as the Housing Successor, a municipal corporation ("CITY"), and AMI Housing, Inc., a California non-profit corporation ("GRANTEE").

W I T N E S S E T H:

WHEREAS, pursuant to Health and Safety Code Section 34175(b) and the California Supreme Court's decision in California Redevelopment Association, et al. v. Ana Matosantos, et al. (53 Cal. 4th 231 (2011)), on February 1, 2012, all assets, properties, contracts, leases, books and records, buildings, and equipment of the Redevelopment Agency of the City of Roseville ("RDA") transferred to the control of the Successor Agency of the RDA ("Successor Agency") by operation of law; and

WHEREAS, pursuant to Health and Safety Code Section 34179.7, the California Department of Finance ("DOF") issued a finding of completion to the Successor Agency on August 30, 2013; and

WHEREAS, funds in the Low and Moderate Income Housing Asset Fund were subsequently transferred from the Successor Agency to CITY to use in its role as Housing Successor; and

WHEREAS, Section 34176.1(a)(2) of the California Health and Safety Code authorizes Housing Successors, after meeting certain obligations, to expend up to two-hundred and fifty

thousand dollars (\$250,000) per fiscal year for homeless prevention and rapid rehousing services; and

WHEREAS, CITY has been granted additional funds for homeless prevention and rapid rehousing services through the Department of Housing and Community Development's Permanent Local Housing Allocation program; and

WHEREAS, GRANTEE has applied for a grant from these funds in response to CITY's Notice of Funding Availability; and

WHEREAS, the Grant Application is attached as Exhibit "A" to this Grant Agreement and is incorporated herein by this reference; and

WHEREAS, CITY, after meeting the required obligations and acting in its role as the Housing Successor, desires to grant GRANTEE five hundred thousand dollars (\$500,000) for homeless prevention and rapid rehousing services pursuant to the terms and conditions of this Grant Agreement.

NOW, THEREFORE, the parties agree as follows:

1. Grant. CITY hereby authorizes a grant to GRANTEE in the amount of five hundred thousand dollars (\$500,000) for homeless prevention and rapid rehousing services.
2. Terms of Agreement Prevail. GRANTEE shall comply with all the terms and conditions of the Grant Application and this Grant Agreement. In the event of any discrepancy between the terms of this Grant Agreement and those of the Grant Application, the terms of this Grant Agreement shall prevail.
3. Eligible Services. GRANTEE may only expend the grant on the homeless prevention and rapid rehousing services identified in the Grant Application. Grant funds may

only be used to serve households with incomes not exceeding thirty percent (30%) of area median income, as determined by Department of Housing and Community Development guidelines. Grant funds may not be used for health or mental health services, food, clothing, emergency shelter, or other services that do not directly assist an individual with avoiding or exiting homelessness. All services shall be performed in a manner satisfactory to CITY's Economic Development Director.

4. Funds to be Expended During Before June 30, 2024. The grant shall be payable only from the Low and Moderate Income Housing Asset Fund. The grant is made only for the time of period July 1, 2023 through June 30, 2024. All funds received by GRANTEE under this Grant Agreement shall be spent prior to June 30, 2024. All funds not spent within the current period shall be returned to CITY by July 31, 2024.

No other fund of CITY, including without limitation its general fund, shall be liable for any payment under this Grant Agreement, nor is the taxing power of CITY pledged in any manner.

5. Grantee as Independent Entity. GRANTEE and the agents or employees of GRANTEE in performance of this Grant Agreement shall act in an independent capacity and not as officers, employees or agents of CITY.

6. City's Right to Terminate. CITY may terminate this Grant Agreement at any time and be relieved of the payment of any consideration to the GRANTEE should GRANTEE fail to perform the covenants herein contained in the manner herein provided.

7. No Assignment. This Grant Agreement is not assignable by GRANTEE either in whole or part.

8. Time is of the Essence. Time is of the essence of this Grant Agreement.

9. All Terms to be in Writing. No alteration or variation of the terms of this Grant Agreement shall be valid unless made in writing and signed by the parties hereto, and no oral understanding or agreement not incorporated herein shall be binding on either of the parties hereto.

10. Generally Accepted Accounting Principles. GRANTEE agrees to establish and maintain fiscal controls and accounting procedures in accordance with generally accepted accounting principles as required by the Finance Director of CITY.

GRANTEE agrees to keep records and fully disclose the amount, date, purpose, payee and disposition of the proceeds of the grant; the total cost of the program for which the grant is awarded; and the amount and disposition of that portion of the total cost provided by other sources. The procedure developed by GRANTEE must provide for accurate and timely recordation of the receipt of funds, expenditures, and unexpended balances.

11. Allowability of Expenditures. GRANTEE shall accurately document each transaction to permit the determination, through an audit if requested by CITY, of the accuracy of the records and the allowability of expenditures charged to grant funds. If the allowability of an expenditure cannot be determined because records or documentation are inadequate, the questionable expenditure shall be disallowed. In such case, GRANTEE shall reimburse CITY the amount of any disallowed expenditure. Determination by CITY of the allowability of any expenditure shall be final except in instances of fraud, mistake, or arbitrariness.

12. Maintenance of Records. GRANTEE agrees to maintain fiscal records, including invoices and receipts for a period of three (3) years after termination or expiration of this Grant Agreement and to permit CITY to inspect those records.

13. Audit. CITY may at any time require an audit of GRANTEE's financial and program records.

14. Reports. GRANTEE shall, at such time and in such forms as CITY may require, furnish CITY statements, records, reports, data and information pertaining to matters covered by this Grant Agreement. GRANTEE shall file a Semi-Annual Report no later than February 1, 2024 and an Annual Report no later than August 1, 2024 containing information related to how the grant funds were expended, the types of services provided, an overview of collaboration efforts with local partners, and a summary of program outcomes required in Exhibit "B," which is incorporated herein by this reference, including, but not limited to, how many persons retained or obtained housing.

15. Unlawful Discrimination Prohibited. During the performance of this Grant Agreement, GRANTEE shall not deny this Grant Agreement's benefits to any person on the basis of religion, race, color, ethnic group, ancestry, national origin, sex, age, physical or mental disability, medical condition, genetic information, marital status, sexual orientation, or any other legally protected basis nor discriminate unlawfully against any employee or applicant for employment because of race, religion, color, national origin, ancestry, physical handicap, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, military status, veteran status, or any other legally protected basis. GRANTEE shall ensure that the evaluation and treatment of all employees and applicants for employment are free of such discrimination.

16. Fair Employment. GRANTEE shall comply with the provision of the Fair Employment and Housing Act (Government Code § 12900, et seq.), the regulations promulgated thereunder (2 CCR § 10000, et seq.), the provisions of Article 9.5, Chapter 1, Part 1, Division 3,

Title 2 of the Government Code (§ 11135-11139.5) and the regulations or standards adopted by the State to implement such article.

17. Indemnification. To the fullest extent allowed by law, GRANTEE shall defend, indemnify, save and hold harmless CITY and all its officers, agents, employees and volunteers from all claims, suits or actions of any means, kind or description brought forth on account of fiscal or other injuries to or death of any person including but not limited to workers or the public or damage to property or natural resources resulting from the performance of this Grant Agreement except as otherwise expressly provided by statute. The duty of GRANTEE to defend, indemnify, save and hold harmless includes the duties to defend as set forth in Civil Code § 2778.

GRANTEE waives any and all rights to any types of expressed or implied indemnity against CITY, its officers and employees. GRANTEE warrants that it is fully aware of an expressly waives the protection of Civil Code § 1542. GRANTEE's responsibility for such defense and indemnity obligations shall survive the termination or completion of this Grant Agreement for the full period of time allowed by law. The parties intend that this provision shall be broadly construed.

18. Termination by CITY. CITY may terminate this Grant Agreement in whole or part upon ten (10) days prior written notice to GRANTEE for any of the following reasons:

A. GRANTEE fails to proceed for whatever reason with the services in the manner set forth in this Grant Agreement.

B. CITY deems this Grant Agreement is not satisfactorily being performed.
